SJW Group Board of Directors Unanimously Rejects California Water Service Group's Unsolicited Cash Tender Offer

Reaffirms Unanimous Recommendation in Support of Signed, Definitive and Value-Accretive Merger Agreement with Connecticut Water Service

Urges Stockholders Not to Tender Their Shares to Cal Water's Inferior, Stale and Highly Conditional Tender Offer

San Jose, CA – June 15, 2018 – SJW Group (NYSE: SJW) (the “Company”) today announced that its Board of Directors, following a careful and thorough review in consultation with SJW Group’s management as well as legal and financial advisors consistent with its fiduciary duties, unanimously rejected the highly-conditional unsolicited tender offer made by California Water Service Group (NYSE: CWT) (“Cal Water”) to acquire all outstanding shares of SJW Group at a price of \$68.25 per share in cash. The Board recommends that SJW Group shareholders NOT tender their shares into Cal Water’s offer (the “Offer”) and reaffirms its recommendation that SJW Group stockholders vote FOR the signed, definitive merger agreement with Connecticut Water Service, Inc. (NASDAQ: CTWS) (“Connecticut Water”).

“My fellow directors and I carefully reviewed all aspects of Cal Water’s tender offer and unanimously concluded that its terms are effectively no different than those in Cal Water’s recent unsolicited non-binding indication of interest that we also carefully reviewed and rejected,” said Robert A. Van Valer, the lead independent director of SJW Group’s Board of Directors and trustee of the Roscoe Moss Jr. Revocable Trust, which is the largest stockholder of the Company. “Simply put, there’s nothing new here – it’s the same, highly conditional approach, just with a new moniker on the front cover.”

“What Cal Water calls a ‘common sense combination’ is in reality the same inferior, uncertain, and non-binding indication of interest, dressed up as a tender offer, but every bit as conditional, with a lengthy and uncertain timeline to close and the risk of significant tax consequences for our stockholders. We note particularly that the tender offer is explicitly conditioned on the SJW Board’s approval under the Delaware anti-takeover statute or Cal Water otherwise being satisfied that the Delaware anti-takeover statute is inapplicable, which means that Cal Water cannot realistically succeed with its illusory tender offer and merger without the approval of our Board. What’s more, it cannot possibly be described as ‘binding’ since it can be withdrawn by Cal Water at any time.”

In its careful review of Cal Water's tender offer, SJW Group's Board also took into consideration the impact the offer would have on SJW Group's and its subsidiaries' credit ratings and related cost of capital. In a report issued on June 12, 2018, S&P Global Ratings lowered its rating outlook on Cal Water from stable to negative to reflect "increased downside event risk associated with a potential transaction with [SJW Group]." This event risk includes, according to S&P Global Ratings, "the potential for [Cal Water's] financial measures to weaken further in light of the announced cash tender offer." These new ratings, which result directly from Cal Water's decision to launch its unsolicited tender offer, are in direct contrast with S&P Global Ratings' favorable perspective this past March about the positive impact SJW Group's proposed merger of equals with Connecticut Water would have on San Jose Water Company's credit rating. In the March report, S&P Global Ratings stated that it expects "the additional regulatory diversity and scale for the newly combined entity to improve the consolidated group credit profile if the merger is completed."

SJW Group's Board also believes that Cal Water's tender offer, in addition to being inadequate in its own right, would deny SJW Group's stockholders the opportunity to share in the value creation and numerous benefits expected to arise from the merger with Connecticut Water. The Board believes that SJW Group's merger with Connecticut Water will deliver significant immediate and long-term value to SJW Group's stockholders in the form of continued, robust dividends and potential share price appreciation and benefits to customers, all employees and the combined company's communities in the form of lower cost infrastructure investments, sharing of best-practices and environmental stewardship, and increased career advancement opportunities.

The reasons for the SJW Group Board's recommendation to reject Cal Water's tender offer are set forth in more detail in a solicitation/recommendation statement on Schedule 14D-9, which is being filed with the Securities and Exchange Commission ("SEC") and disseminated to stockholders. In reaching the conclusions and in making the recommendation described above, the Board considered numerous factors, including, but not limited to, the following from SJW Group's Schedule 14D-9:

- The Offer neither constitutes nor is reasonably likely to lead to a SJW Superior Proposal under the Company's existing Merger Agreement with Connecticut Water.
- The Offer significantly undervalues SJW Group's long-term prospects, particularly in light of the Merger of Equals.
- The Offer involves high execution risk:
 - Because Cal Water does not have cash on hand sufficient to consummate the Offer nor does it have committed financing for this purpose; and
 - Due to the need for regulatory approval in California and significant debt financing.
 - Incurrence of a substantial amount of additional indebtedness would likely result in downgrades to Cal Water's credit ratings, which would increase its borrowing costs and reduce the funds available to invest in needed infrastructure expenditures.
- The Offer values the Company below the price that Cal Water proposed to pay in the fall of 2017.
- The Board believes that the Offer price is below the price that prospective acquirors would be willing to pay in an acquisition of SJW Group, whether now or in the future.
- The Offer's conditions create significant uncertainty and risk, raising significant doubts about whether it will ever be completed.
- Cal Water has discretion to extend the Offer indefinitely, and stockholders have no assurance they will receive payment in a timely fashion for shares tendered.
