

Cliffs Corporate Announcement

**Message from Lourenco Goncalves
Chairman, President and Chief Executive Officer
Cleveland-Cliffs to Acquire AK Steel**

Dear Colleagues,

I am pleased to share some exciting news. We announced today a definitive agreement to acquire AK Steel, a steel producer headquartered in West Chester, Ohio, in an all-stock transaction. The completed acquisition is expected to enhance our Company's profile as a unique vertically integrated producer of value-added iron ore and steel products in North America.

AK Steel is a leader in high-grade, value-added steel products and an important customer to us. AK Steel is known as an innovative steel solutions provider with a portfolio of carbon, electrical and stainless steels, as well as providing specialized tubular products, and advanced capabilities in tooling and complex hot and cold stamped components. Together, Cleveland-Cliffs and AK Steel will be a significantly stronger and larger scale company with diversified revenues after combining the complementary businesses across mining, pelletizing and innovative manufacturing. We are creating a premier North American company that is self-sufficient in iron ore pellets and geared toward high value-added steel products. This will position us to drive value across both blast furnace and EAF segments.

This is another exciting new chapter for Cleveland-Cliffs. Our employees have been a part of building the great history and value of Cliffs over the years. I do not anticipate changes to our existing organization, so it is business as usual for our employees. It is important to remain focused on our day-to-day responsibilities and putting safety, quality, and the environment at the forefront as we always do.

As with any transaction of this nature, there are many steps and milestones to reach. Until the transaction is completed, which we expect to occur in the first half of 2020 (subject to approval by the shareholders of both companies, regulatory approvals and the satisfaction or waiver of customary closing conditions), Cleveland-Cliffs and AK Steel will continue to operate independently. An integration team with individuals from both Cleveland-Cliffs and AK Steel will lead and plan the integration of our businesses, subject to limitations that apply to us under applicable law.

Cleveland-Cliffs and AK Steel will conduct a live conference call and webcast this morning, December 3, 2019, at 8:30 a.m. Eastern Time. If you would like to listen to the live webcast, you can find the link to register on our corporate website at www.clevelandcliffs.com. An archived version of the webcast will also be available after the broadcast. To learn more about this transaction, information is publicly available on our website or visit the employee intranet for more information.

The first half of 2020 will be extraordinary times for Cleveland-Cliffs, as we integrate the AK business into our organization and also begin production at our first HBI Toledo plant. On behalf of the Executive Leadership Team, thank you for your continued dedication to Cleveland-Cliffs.
