Item 1.01. Entry into a Material Definitive Agreement.

On June 19, 2020, Cleveland-Cliffs Inc., an Ohio corporation (the “Company”), issued an additional \$120,000,000 aggregate principal amount of 6.75% Senior Secured Notes due 2026 (the “Additional Notes”) in a private transaction exempt from the registration requirements of the Securities Act of 1933 (the “Securities Act”). The Additional Notes have not been, and will not be, registered under the Securities Act and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act.

The Additional Notes are an issuance of the Company’s existing 6.75% Senior Secured Notes due 2026 and were issued pursuant to the indenture, dated as of March 13, 2020 (as supplemented, the “Indenture”), among the Company, the guarantors party thereto (the “Guarantors”) and U.S. Bank National Association, as trustee and first lien notes collateral agent (the “Trustee”), pursuant to which the Company previously issued \$725,000,000 aggregate principal amount of 6.75% Senior Secured Notes due 2026 (the “Initial Notes” and, together with the Additional Notes, the “Notes”). The Additional Notes will be treated as the same class and series as, and otherwise identical to, the Initial Notes other than with respect to the date of issuance and issue price.

The Notes bear interest at a rate of 6.75% per annum. Interest on the Notes is payable semi-annually in arrears on March 15 and September 15 of each year, commencing on September 15, 2020. The Notes mature on March 15, 2026 and are secured senior obligations of the Company.

The Notes are jointly and severally and fully and unconditionally guaranteed on a senior secured basis by substantially all of the Company’s material domestic subsidiaries and will be secured (subject in each case to certain exceptions and permitted liens) by (i) a first-priority lien (pari passu with the Company’s existing secured notes) on substantially all of the Company’s assets and the assets of the Guarantors (other than accounts receivable and other rights to payment, inventory, as-extracted collateral, certain investment property, certain general intangibles and commercial tort claims, certain mobile equipment, commodities accounts, deposit accounts, securities accounts and other related assets and proceeds and products of each of the foregoing (collectively, the “ABL Collateral”), and (ii) a second-priority lien on the ABL Collateral, which is junior to a first-priority lien for the benefit of the lenders under the Company’s senior secured asset-based credit facility (the “ABL Facility”).

The terms of the Notes are governed by the Indenture. The Indenture contains customary covenants that, among other things, limit the Company’s and its subsidiaries’ ability to create certain liens on property that secure indebtedness, use proceeds of dispositions of collateral, enter into sale and leaseback transactions, merge or consolidate with another company, and transfer or sell all or substantially all of the Company’s assets. Upon the occurrence of a “change of control triggering event,” as defined in the Indenture, the Company is required to offer to repurchase the Notes at 101% of the aggregate principal amount thereof, plus any accrued and unpaid interest, if any, to, but excluding, the repurchase date.

The Company may redeem any of the Notes beginning on March 15, 2022. The initial redemption price is 105.063% of their principal amount, plus accrued and unpaid interest, if any, to, but excluding, the redemption date. The redemption price will decline each year after March 15, 2022, and will be 100% of their principal amount, plus accrued and unpaid interest, beginning on March 15, 2025. The Company may also redeem some or all of the Notes at any time and from time to time prior to March 15, 2022 at a price equal to 100% of the principal amount thereof plus a “make-whole” premium, plus accrued and unpaid interest, if any, to, but excluding, the redemption date.

In addition, at any time and from time to time prior to March 15, 2022, the Company may redeem in the aggregate up to 35% of the original aggregate principal amount of the Notes (calculated after giving effect to any issuance of additional notes) with the net cash proceeds from one or more equity offerings, at a redemption price of 106.750%, plus accrued and unpaid interest, if any, to, but excluding, the redemption date, so long as at least 65% of the original aggregate principal amount of the Notes (calculated after giving effect to any issuance of additional notes) issued under the Indenture remain outstanding after each such redemption.

The Indenture contains customary events of default, including failure to make required payments, failure to comply with certain agreements or covenants, failure to pay or acceleration of certain other indebtedness, certain events of bankruptcy and insolvency, and failure to pay certain judgments. An event of default under the Indenture will allow either the Trustee or the holders of at least 25% in aggregate principal amount of the then-outstanding Notes to accelerate, or in certain cases, will automatically cause the acceleration of, the amounts due under the Notes.

The Company intends to use the net proceeds from the Additional Notes to finance the construction of its hot briquetted iron production plant. Pending such use, the Company intends to use the net proceeds from the Additional Notes to temporarily reduce borrowings under its ABL Facility.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The terms of the Indenture and the Notes are summarized in Item 1.01 of this Current Report on Form 8-K and are incorporated into this Item 2.03 by reference.

Item 9.01. Financial Statements and Exhibits.
