SIGNET JEWELERS LIMITED
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1 . Organization and principal accounting policies

Signet Jewelers Limited (“Signet” or the “Company”), a holding company incorporated in Bermuda, is the world’s largest retailer of diamond jewelry. The Company operates through its 100% owned subsidiaries with sales primarily in the United States (“US”), United Kingdom (“UK”) and Canada. Signet manages its business as five reportable segments: the Sterling Jewelers division, the Zale division, which consists of the Zale Jewelry and Piercing Pagoda segments, the UK Jewelry division and Other. The “Other” reportable segment consists of all non-reportable segments, including subsidiaries involved in the purchasing and conversion of rough diamonds to polished stones and unallocated corporate administrative functions. See Note 5 for additional discussion of the Company’s segments.

On September 12, 2017, the Company completed the acquisition of R2Net Inc., a Delaware corporation (“R2Net”). See Note 4 for additional information regarding the acquisition.

In October 2017, the Company, through its subsidiary Sterling Jewelers Inc. (“Sterling”), completed the sale of the prime-only quality portion of Sterling’s in-house finance receivable portfolio to Comenity Bank (“Comenity”). See Note 3 for additional information regarding the transaction.

Signet’s sales are seasonal, with the first quarter slightly exceeding 20% of annual sales, the second and third quarters each approximating 20% and the fourth quarter accounting for almost 40% of annual sales, with December being by far the most important month of the year. The “Holiday Season” consists of results for the months of November and December. As a result, approximately 45% to 55% of Signet’s annual operating income normally occurs in the fourth quarter, comprised of nearly all of the UK Jewelry and Zale divisions’ annual operating income and approximately 40% to 45% of the Sterling Jewelers division’s annual operating income.

Basis of preparation

The condensed consolidated financial statements of Signet are prepared, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). Certain information and footnote disclosures normally included in financial statements prepared in accordance with US generally accepted accounting principles (“US GAAP”) have been condensed or omitted from this report, as is permitted by such rules and regulations. In the opinion of management, the accompanying condensed consolidated financial statements reflect all adjustments, which are of a normal recurring nature, necessary for a fair presentation of the results for the interim periods. It is suggested that these condensed consolidated financial statements be read in conjunction with the consolidated financial statements and notes included in Signet’s Annual Report on Form 10-K for the fiscal year ended January 28, 2017 filed with the SEC on March 16, 2017 .

Use of estimates

The preparation of these condensed consolidated financial statements, in conformity with US GAAP and SEC regulations for interim reporting, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are primarily made in relation to the valuation of accounts receivable, inventories, deferred revenue, derivatives, employee benefits, income taxes, contingencies, asset impairments, indefinite-lived intangible assets, depreciation and amortization of long-lived assets, as well as accounting for business combinations.

Fiscal year

The Company’s fiscal year ends on the Saturday nearest to January 31st. Fiscal 2018 and Fiscal 2017 refer to the 53 week period ending February 3, 2018 and the 52 week period ending January 28, 2017 , respectively. Within these condensed consolidated financial statements, the third quarter of the relevant fiscal years 2018 and 2017 refer to the 13 and 39 weeks ended October 28, 2017 and October 29, 2016 , respectively.

Foreign currency translation

The financial position and operating results of certain foreign operations, including the UK Jewelry division and the Canadian operations of the Zale Jewelry segment, are consolidated using the local currency as the functional currency. Assets and liabilities are translated at the rates of exchange on the balance sheet date, and revenues and expenses are translated at the monthly average rates of exchange during the period. Resulting translation gains or losses are included in the accompanying condensed consolidated statements of equity as a component of accumulated other comprehensive income (loss) (“AOCI”). Gains or losses resulting from foreign currency transactions are included within the condensed consolidated income statements.

See Note 9 for additional information regarding the Company’s foreign currency translation.

2 . New accounting pronouncements

New accounting pronouncements adopted during the period

Inventory

In July 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2015-11, “Inventory (Topic 330): Simplifying the Measurement of Inventory.” The new guidance states that inventory will be measured at the lower of cost and net realizable value. The ASU defines net realizable value as the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal and transportation. The adoption of this guidance in the first quarter of Fiscal 2018 did not have a material impact on the Company’s financial position or results of operations.

Share-based compensation

In March 2016, the FASB issued ASU No. 2016-09, “Compensation - Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting.” The new guidance simplifies several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. The Company adopted all aspects of this guidance prospectively in the first quarter of Fiscal 2018 with a policy election to continue to estimate expected forfeitures in determining the amount of share-based compensation expense to be recognized. The adoption of this guidance did not have a material impact on the Company’s financial position or results of operations. See Note 10 for additional information regarding the impact on the Company’s results of operations in the first quarter of Fiscal 2018.

New accounting pronouncements to be adopted in future periods

Derivatives and Hedging

In August 2017, the FASB issued ASU No. 2017-12, “Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities.” The new guidance expands the types of risk management strategies eligible for hedge accounting, refines the documentation and effectiveness assessment requirements and modifies the presentation and disclosure requirements for hedge accounting activities. ASU No. 2017-12 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2018, with early adoption permitted. Signet is currently assessing the timing of adoption and the impact this guidance will have on the Company’s financial position or results of operations.

Credit Losses

In June 2016, the FASB issued ASU No. 2016-13, “Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments.” The new guidance requires entities to measure and recognize expected credit losses for financial assets measured at amortized cost basis. The estimate of expected credit losses should consider historical information, current information, and reasonable and supportable forecasts of expected losses over the remaining contractual life that affect collectibility. ASU No. 2016-13 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2019, with early adoption permitted. Signet currently expects to adopt this guidance when effective, and continues to assess the impact the adoption of this guidance will have on the Company’s financial position or results of operations.

Revenue recognition

In May 2014, the FASB issued ASU No. 2014-09, “Revenue from Contracts with Customers (Topic 606).” The new guidance affects any entity that either enters into contracts with customers to transfer goods or services or enters into contracts for the transfer of nonfinancial assets, unless those contracts are within the scope of other standards (for example, insurance contracts or lease contracts). The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASU No. 2014-09 provides alternative methods of retrospective adoption. In August 2015, the FASB issued an update (ASU No. 2015-14) that defers the effective date by one year. As a result, ASU No. 2014-09 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2017, with early adoption permitted for annual periods beginning after December 15, 2016, including interim periods within that annual period.

The FASB has recently issued updates to certain aspects of the guidance to address implementation issues. In March 2016, the FASB issued additional guidance concerning “Principal versus Agent” considerations (reporting revenue gross versus net); in April 2016, the FASB issued additional guidance on identifying performance obligations and licensing; and in May 2016, the FASB issued additional guidance on collectibility, noncash consideration, presentation of sales tax, and transition. These updates are intended to improve the operability and understandability of the implementation guidance and have the same effective date and transition requirements as ASU No. 2014-09 guidance discussed above. Management continues to evaluate the impact this ASU, the related amendments and the interpretive guidance will have on the Company’s consolidated financial statements.

Signet is in the process of evaluating contracts with customers under the new guidance and cannot currently estimate the financial statement impact of adoption. The Company expects to progress through its assessment during Fiscal 2018 and will adopt this guidance in the first quarter of our fiscal year ending February 2, 2019. The Company is evaluating the impact of the standard through a cross-functional approach to analyze the impacts of the guidance across all of its revenue streams. This includes the review of current accounting policies and practices to identify potential differences that would result from applying the guidance. The majority of the Company's revenue is generated from sales of finished products, which will continue to be recognized when control is transferred to the customer. The Company intends to adopt the standard using the modified retrospective method.

Financial instruments

In January 2016, the FASB issued ASU No. 2016-01, "Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities." The new guidance primarily impacts accounting for equity investments and financial liabilities under the fair value option, as well as, the presentation and disclosure requirements for financial instruments. Under the new guidance, equity investments will generally be measured at fair value, with subsequent changes in fair value recognized in net income. ASU No. 2016-01 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2017. Signet plans to adopt this guidance in the first quarter of our fiscal year ending February 2, 2019. Signet does not expect the adoption of this guidance to have a material impact on the Company's financial position or results of operations.

Leases

In February 2016, the FASB issued ASU No. 2016-02, "Leases (Topic 842)." The new guidance primarily impacts lessee accounting by requiring the recognition of a right-of-use asset and a corresponding lease liability on the balance sheet for long-term lease agreements. The lease liability will be equal to the present value of all reasonably certain lease payments. The right-of-use asset will be based on the liability, subject to adjustment for initial direct costs. Lease agreements that are 12 months or less are permitted to be excluded from the balance sheet. In general, leases will be amortized on a straight-line basis with the exception of finance lease agreements. ASU No. 2016-02 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2018, with early adoption permitted. Signet is currently assessing the timing of adoption which is effective for the first quarter of our fiscal year ending February 1, 2020 and the impact that adopting this guidance will have on the Company's financial position or results of operations.

Liabilities

In March 2016, the FASB issued ASU No. 2016-04, "Liabilities - Extinguishments of Liabilities (Subtopic 405-20)." The new guidance addresses diversity in practice related to the derecognition of a prepaid stored-value product liability. Liabilities related to the sale of prepaid stored-value products within the scope of this update are financial liabilities. ASU No. 2016-04 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2017, with early adoption permitted. Signet plans to adopt this guidance in the first quarter of our fiscal year ending February 2, 2019. Signet does not expect the adoption of this guidance to have a material impact on the Company's financial position or results of operations.

Intangibles

In January 2017, the FASB issued ASU No. 2017-04, "Intangibles - Goodwill and Other: Simplifying the Test for Goodwill Impairment." The new guidance requires a single-step quantitative test to identify and measure goodwill impairment based on the excess of a reporting unit's carrying amount over its fair value. A qualitative assessment may still be completed first for an entity to determine if a quantitative impairment test is necessary. ASU No. 2017-04 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2019, with early adoption permitted. Signet is currently assessing the timing of adoption and the impact this guidance will have on the Company's financial position or results of operations.

Retirement Benefits

In March 2017, the FASB issued ASU No. 2017-07, "Compensation - Retirement Benefits: Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost." The new guidance requires entities to present the service cost component of the net periodic pension cost in the same income statement line item as other employee compensation costs arising from services rendered during the period. Entities will present the other components of net benefit cost separately from the service cost component and outside of operating profit within the income statement. In addition, only the service cost component will be eligible for capitalization in assets. ASU No. 2017-07 is effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2017, with early adoption permitted. Signet is currently assessing the timing of adoption and the impact this guidance will have on the Company's financial position or results of operations.

3 . Credit transaction, net

In October 2017, Signet, through its subsidiary Sterling, completed the sale of the prime-only credit quality portion of Sterling's in-house finance receivable portfolio to Comenity. The following events summarize the credit transaction:

Receivables reclassification: In the second quarter of Fiscal 2018, certain in-house finance receivables that met the criteria for sale to Comenity were reclassified from "held for investment" to "held for sale." Accordingly, the receivables were recorded at the lower of cost (par) or fair value, resulting in the reversal of the related allowance for credit losses of \$20.7 million . This reversal was recorded in credit transaction, net in the condensed consolidated income statements for the 39 weeks ended October 28, 2017 .

Proceeds received: In October 2017, the Company received \$960.2 million in cash consideration reflecting the par value of the receivables sold. In addition, the Company recognized a beneficial interest asset of \$10.2 million representing the present value of the cash flows the Company expects to receive under the economic profit sharing agreement related to the receivables sold. The gain upon recognition of the beneficial interest asset was recorded in credit transaction, net in the condensed consolidated income statements for the 13 and 39 weeks ended October 28, 2017 .

Expenses: During the 39 weeks ended October 28, 2017 , the Company incurred \$28.3 million of transaction-related costs. These costs were recorded in credit transaction, net in the condensed consolidated income statements.

Asset-backed securitization facility termination: In October 2017, the Company terminated the asset-backed securitization facility in order to transfer the receivables free and clear. The asset-backed securitization facility had a principal balance outstanding of \$ 600.0 million at the time of termination. The payoff was funded through the proceeds received from the par value of receivables sold. See Note 17 for additional information regarding the asset-backed securitization facility.

Program agreement: Comenity provides credit to prime-only credit quality customers with an initial term of seven years and, unless terminated by either party, additional renewal terms of two years. Under the Program Agreement, Comenity established a program to issue Sterling credit cards to be serviced, marketed and promoted in accordance with the terms of the agreement. Subject to limited exceptions, Comenity is the exclusive issuer of private label credit cards or an installment or other closed end loan product in the United States bearing specified Company trademarks, including "Kay", "Jared" and specified regional brands, but excluding "Zale", during the term of the agreement. The pre-existing arrangement with Comenity for the issuing of Zale credit cards will be unaffected by the execution of the Program Agreement. Upon expiration or termination by either party of the Program Agreement, Sterling retains the option to purchase, or arrange the purchase by a third party of, the program assets from Comenity on terms that are no more onerous to Sterling than those applicable to Comenity under the Purchase Agreement, or in the case of a purchase by a third party, on customary terms. Additionally, the Company received a signing bonus, which may be repayable under certain conditions if the Program Agreement is terminated, and a right to receive future payments related to the performance of the credit program under an economic profit sharing agreement. The Program Agreement contains customary representations, warranties and covenants.

Additionally, Signet and Genesis Financial Solutions ("Genesis") entered into a five -year servicing agreement in October 2017, under which Genesis will provide credit servicing functions for Signet's existing non-prime accounts receivable, as well as future non-prime account originations. Signet will retain the existing non-prime accounts receivable on its balance sheet and continue to originate the majority of new accounts until the expected completion of the second phase of credit outsourcing.

4 . Acquisition

On September 12, 2017 , the Company acquired the outstanding shares of R2Net, the owner of online jewelry retailer JamesAllen.com and Segoma Imaging Technologies. The acquisition rapidly enhanced the Company's digital capabilities and accelerated its OmniChannel strategy, while adding a millennial-focused online retail brand to the Company's portfolio. The Company paid \$332.4 million , net of acquired cash of \$47.3 million , for R2Net. The merger agreement provides for a post-closing working capital adjustment which is anticipated to be finalized during the fourth quarter of Fiscal 2018. The total consideration paid was funded with a \$350 million bridge loan. See Note 17 for additional information regarding the bridge loan.

The transaction was accounted for as a business combination during the third quarter of Fiscal 2018 with R2Net becoming a wholly-owned consolidated subsidiary of Signet. Prior to closing the acquisition, the Company incurred approximately \$9.4 million of acquisition-related costs for professional services during the 39 weeks ended October 28, 2017 . Acquisition-related costs were recorded as selling, general and administrative expenses in the condensed consolidated income statements. The results of R2Net subsequent to the acquisition date are reported as a component of the results of the Sterling Jewelers division. See Note 5 for segment information. Pro forma results of operations have not been presented, as the impact on the Company's consolidated financial results was not material.

Under the acquisition method of accounting, the identifiable assets acquired and liabilities assumed are recorded at their estimated fair values on the acquisition date, with the remaining unallocated net purchase price recorded as goodwill. Goodwill generated from the acquisition is primarily attributable to expected synergies and will not be deductible for tax purposes. As of October 28, 2017, the Company is in the process of finalizing the net assets acquired in the acquisition, most notably, the identification and valuation of intangible assets, including tradenames and technology-related assets. The following table summarizes the preliminary fair values identified for the assets acquired and liabilities assumed in the R2Net acquisition as of September 12, 2017:

<i>(in millions)</i>	Initial amounts
Cash and cash equivalents	\$ 47.3
Inventories	12.1
Other current assets	9.7
Property, plant and equipment	3.5
Current liabilities	(41.4)
Fair value of net assets acquired	31.2
Goodwill ⁽¹⁾	348.5
Total consideration transferred	\$ 379.7

⁽¹⁾ The amount of goodwill generated will be adjusted for any additional assets or liabilities identified by the Company or for any adjustments to the preliminary fair values identified for the assets acquired and liabilities assumed in the R2Net acquisition reflected above.

5. Segment information

Financial information for each of Signet's reportable segments is presented in the tables below. Signet's chief operating decision maker utilizes sales and operating income, after the elimination of any inter-segment transactions, to determine resource allocations and performance assessment measures. Signet's sales are derived from the retailing of jewelry, watches, other products and services as generated through the management of its five reportable segments: the Sterling Jewelers division, the Zale division, which consists of the Zale Jewelry and Piercing Pagoda segments, the UK Jewelry division and Other.

The Sterling Jewelers division operates in all 50 US states. Its stores operate nationally in malls and off-mall locations principally as Kay (Kay Jewelers and Kay Jewelers Outlet) and Jared (Jared The Galleria Of Jewelry and Jared Vault). The division also operates a variety of mall-based regional brands and the JamesAllen.com website, which was acquired in the R2Net acquisition. The results for the Sterling Jewelers division include R2Net results for the 47 day period since September 12, 2017, the date of acquisition. See Note 4 for additional information.

The Zale division operates jewelry stores (Zale Jewelry) and kiosks (Piercing Pagoda), located primarily in shopping malls throughout the US, Canada and Puerto Rico. Zale Jewelry includes the US store brand Zales (Zales Jewelers and Zales Outlet), which operates in all 50 US states, and the Canadian store brand Peoples Jewellers, which operates in nine provinces. The division also operates the Gordon's Jewelers and Mappins regional brands. Piercing Pagoda operates through mall-based kiosks.

The UK Jewelry division operates stores in the UK, Republic of Ireland and Channel Islands. Its stores operate in shopping malls and off-mall locations (i.e. high street) principally as H.Samuel and Ernest Jones.

The Other reportable segment consists of all non-reportable segments, including subsidiaries involved in the purchasing and conversion of rough diamonds to polished stones, that are below the quantifiable threshold for separate disclosure as a reportable segment and unallocated corporate administrative functions. Acquisition-related costs incurred prior to closing the R2Net transaction are reported within the Other reportable segment.

8 . Earnings (loss) per common share (“ EPS ”)

During Fiscal 2018 , basic EPS is computed by dividing net (loss) income attributable to common shareholders by the weighted average number of common shares outstanding for the period. The computation of basic EPS is outlined in the table below:

	13 weeks ended		39 weeks ended

EPS – basic	\$ (0.20)	\$ 0.20	\$ 2.24	\$ 3.19

The dilutive effect of share awards represents the potential impact of outstanding awards issued under the Company’s share-based compensation plans, including restricted shares and restricted stock units issued under the Omnibus Plan and stock options issued under the Share Saving Plans and Executive Plans. The dilutive effect of preferred shares represents the potential impact for common shares that would be issued upon conversion. Potential common share dilution related to share awards and preferred shares is determined using the treasury stock and if-converted methods, respectively. Under the if-converted method, the preferred shares are assumed to be converted at the beginning of the period, and the resulting common shares are included in the denominator of the diluted EPS calculation for the entire period being presented, only in the periods in which such effect is dilutive. Additionally, in periods in which preferred shares are dilutive, cumulative dividends and accretion for issuance costs associated with the preferred shares are added back to net (loss) income attributable to common shareholders. See Note 6 for additional discussion of the Company’s preferred shares. The computation of diluted EPS is outlined in the table below:

10 . Income taxes

Forecasted annual effective tax rate	21.2%	25.0%
Discrete items recognized	0.2%	—%
Effective tax rate recognized in income statement	21.4%	25.0%

As disclosed in Note 2, the Company adopted ASU 2016-09 during the first quarter of Fiscal 2018 . The Company anticipates the adoption of this accounting guidance related to share-based compensation to increase the periodic volatility in future effective tax rates as it will result in additional discrete items being recognized in future periods when the deduction for tax purposes for share awards does not equal the cumulative compensation costs of the share awards for financial reporting purposes. To the extent there are discrete items that are not included in the forecasted annual effective tax rate, the actual effective tax rate will differ from the forecasted annual effective tax rate. During Fiscal 2018 , the Company recognized incremental tax expense for a discrete item related to the tax shortfall associated with share awards vesting subsequent to the adoption of the new share-based compensation accounting guidance in ASC No. 2016-09.

During the 39 weeks ended October 28, 2017 , the Company's forecasted annual effective tax rate was lower than the US federal income tax rate primarily due to the favorable impact of foreign tax rate differences and benefits from global reinsurance and financing arrangements. The forecasted annual effective tax rate excludes the effects of any discrete items that may be recognized in future periods.

There has been no material change in the amounts of unrecognized tax benefits, or the related accrued interest and penalties (where appropriate), in respect of uncertain tax positions identified as of January 28, 2017 .

11 . Accounts receivable, net

In October 2017, the Company completed the sale of a portion of the Sterling Jewelers customer in-house finance receivables. The receivables sold, which were classified as "held for sale" as of the second quarter of Fiscal 2018, are no longer reported within the condensed consolidated balance sheets. See Note 3 for additional information regarding the sale of the prime portion of the customer in-house finance receivable portfolio.

Signet's accounts receivable primarily consist of US customer in-house financing receivables. The accounts receivable portfolio consists of a population that is of similar characteristics and is evaluated collectively for impairment.

Signet grants credit to customers based on a variety of credit quality indicators, including consumer financial information and prior payment experience. On an ongoing basis, management monitors the credit exposure based on past due status and collection experience, as it has found a meaningful correlation between the past due status of customers and the risk of loss.

During the third quarter of Fiscal 2016, Signet implemented a program to provide in-house credit to customers in the Zale division's US locations. The allowance for credit losses associated with Zale customer in-house finance receivables was immaterial as of October 28, 2017 , January 28, 2017 and October 29, 2016 . Effective October 20, 2017, the Zale customer in-house financing programs are being underwritten and serviced by a third party for newly originated balances after the effective date.

Other accounts receivable is comprised primarily of accounts receivable relating to the insurance loss replacement business in the UK Jewelry division of \$6.7 million (January 28, 2017 and October 29, 2016 : \$11.0 million and \$7.7 million , respectively).

The allowance for credit losses associated with the portion of Sterling Jewelers customer in-house finance receivables previously classified as “held for sale” was reversed during the second quarter of Fiscal 2018. The activity in the allowance for credit losses on Sterling Jewelers customer in-house finance receivables is shown below:

Securitized credit card receivables

The Sterling Jewelers division previously securitized its credit card receivables through its Sterling Jewelers Receivables Master Note Trust. As a condition of closing the credit transaction, the Company terminated the asset-backed securitization facility to transfer the receivables free and clear. See Note 17 for additional information regarding the asset-backed securitization facility.

During the second quarter of Fiscal 2018, the Company performed its annual evaluation of its indefinite-lived intangible assets, including goodwill and trade names identified in the Zale acquisition, for impairment indicators. Impairment indicators identified included weakness in the overall retail environment, declines in same store sales, as well a general decline in the market valuation of the Company's common shares. At this time, the estimated fair value of the reporting units and indefinite-lived trade names continues to exceed the carrying values. However, the Company will continue to monitor sales trends, interest rates, and other key inputs to the estimates of fair value. A further decline in the key inputs, especially sales trends used in the valuation of trade names, may result in an impairment charge.

15 . Derivatives

Derivative transactions are used by Signet for risk management purposes to address risks inherent in Signet’s business operations and sources of financing. The main risks arising from Signet’s operations are market risk including foreign currency risk, commodity risk, liquidity risk and interest rate risk. Signet uses derivative financial instruments to manage and mitigate certain of these risks under policies reviewed and approved by the Board of Directors. Signet does not enter into derivative transactions for speculative purposes.

Market risk

Signet generates revenues and incurs expenses in US dollars, Canadian dollars and British pounds. As a portion of UK Jewelry purchases and purchases made by the Canadian operations of the Zale division are denominated in US dollars, Signet enters into forward foreign currency exchange contracts and foreign currency swaps to manage this exposure to the US dollar.

Signet holds a fluctuating amount of British pounds and Canadian dollars reflecting the cash generative characteristics of operations. Signet’s objective is to minimize net foreign exchange exposure to the income statement on non-US dollar denominated items through managing cash levels, non-US dollar denominated intra-entity balances and foreign currency swaps. In order to manage the foreign exchange exposure and minimize the level of funds denominated in British pounds and Canadian dollars, dividends are paid regularly by subsidiaries to their immediate holding companies and excess British pounds and Canadian dollars are sold in exchange for US dollars.

Signet’s policy is to minimize the impact of precious metal commodity price volatility on operating results through the use of outright forward purchases of, or by entering into options to purchase, precious metals within treasury guidelines approved by the Board of Directors. In particular, Signet undertakes some hedging of its requirements for gold through the use of options, net zero-cost collar arrangements (a combination of call and put option contracts), forward contracts and commodity purchasing, while fluctuations in the cost of diamonds are not hedged.

Liquidity risk

Signet’s objective is to ensure that it has access to, or the ability to generate, sufficient cash from either internal or external sources in a timely and cost-effective manner to meet its commitments as they become due and payable. Signet manages liquidity risks as part of its overall risk management policy. Management produces forecasting and budgeting information that is reviewed and monitored by the Board of Directors. Cash generated from operations and external financing are the main sources of funding, which supplement Signet’s resources in meeting liquidity requirements.

The main external sources of funding are a senior unsecured credit facility and senior unsecured notes as described in Note 17 .

Interest rate risk

Signet has exposure to movements in interest rates associated with cash and borrowings. Signet may enter into various interest rate protection agreements in order to limit the impact of movements in interest rates.

Interest rate swap (designated)— The Company entered into an interest rate swap in March 2015 with an aggregate notional amount of \$300.0 million that is scheduled to mature through April 2019 . Under this contract, the Company agrees to exchange, at specified intervals, the difference between fixed contract rates and floating rate interest amounts calculated by reference to the agreed notional amounts. This contract was entered into to reduce the consolidated interest rate risk associated with variable rate, long-term debt. The Company designated this derivative as a cash flow hedge of the variability in expected cash outflows for interest payments. The Company has effectively converted a portion of its variable-rate senior unsecured term loan into fixed-rate debt.

The fair value of the swap is presented within the condensed consolidated balance sheets, and the Company recognizes any changes in the fair value as an adjustment of AOCI within equity to the extent the swap is effective. The ineffective portion, if any, is recognized in current period earnings. As interest expense is accrued on the debt obligation, amounts in AOCI related to the interest rate swap are reclassified into income resulting in a net interest expense on the hedged amount of the underlying debt obligation equal to the effective yield of the fixed rate of the swap. In the event that the interest rate swap is dedesignated prior to maturity, gains or losses in AOCI remain deferred and are reclassified into earnings in the periods in which the hedged forecasted transaction affects earnings.

Credit risk and concentrations of credit risk

Credit risk represents the loss that would be recognized at the reporting date if counterparties failed to perform as contracted. Signet does not anticipate non-performance by counterparties of its financial instruments, except for customer in-house financing receivables as disclosed in Note 11 of which no single customer represents a significant portion of the Company's receivable balance. Signet does not require collateral or other security to support cash investments or financial instruments with credit risk; however, it is Signet's policy to only hold cash and cash equivalent investments and to transact financial instruments with financial institutions with a certain minimum credit rating. Management does not believe Signet is exposed to any significant concentrations of credit risk that arise from cash and cash equivalent investments, derivatives or accounts receivable.

Commodity and foreign currency risks

The following types of derivative financial instruments are utilized by Signet to mitigate certain risk exposures related to changes in commodity prices and foreign exchange rates:

Forward foreign currency exchange contracts (designated)— These contracts, which are principally in US dollars, are entered into to limit the impact of movements in foreign exchange rates on forecasted foreign currency purchases. The total notional amount of these foreign currency contracts outstanding as of October 28, 2017 was \$38.4 million (January 28, 2017 and October 29, 2016 : \$37.8 million and \$27.8 million , respectively). These contracts have been designated as cash flow hedges and will be settled over the next 11 months (January 28, 2017 and October 29, 2016 : 12 months and 15 months , respectively).

Forward foreign currency exchange contracts (undesignated) — Foreign currency contracts not designated as cash flow hedges are used to limit the impact of movements in foreign exchange rates on recognized foreign currency payables and to hedge currency flows through Signet's bank accounts to mitigate Signet's exposure to foreign currency exchange risk in its cash and borrowings. The total notional amount of these foreign currency contracts outstanding as of October 28, 2017 was \$48.1 million (January 28, 2017 and October 29, 2016 : \$117.8 million and \$53.2 million , respectively).

Commodity forward purchase contracts and net zero-cost collar arrangements (designated)— These contracts are entered into to reduce Signet's exposure to significant movements in the price of the underlying precious metal raw material. The total notional amount of these commodity derivative contracts outstanding as of October 28, 2017 was 19,000 ounces of gold (January 28, 2017 and October 29, 2016 : 94,000 ounces and 57,000 ounces , respectively). These contracts have been designated as cash flow hedges and will be settled over the next 9 months (January 28, 2017 and October 29, 2016 : 12 months and 15 months , respectively).

The bank counterparties to the derivative instruments expose Signet to credit-related losses in the event of their non-performance. However, to mitigate that risk, Signet only contracts with counterparties that meet certain minimum requirements under its counterparty risk assessment process. As of October 28, 2017 , Signet believes that this credit risk did not materially change the fair value of the foreign currency or commodity contracts.

The following table summarizes the fair value and presentation of derivative instruments in the condensed consolidated balance sheets:

16. Fair value measurement

The estimated fair value of Signet's financial instruments held or issued to finance Signet's operations is summarized below. Certain estimates and judgments were required to develop the fair value amounts. The fair value amounts shown below are not necessarily indicative of the amounts that Signet would realize upon disposition nor do they indicate Signet's intent or ability to dispose of the financial instrument. Assets and liabilities that are carried at fair value are required to be classified and disclosed in one of the following three categories:

Level 1—quoted market prices in active markets for identical assets and liabilities

Level 2—observable market based inputs or unobservable inputs that are corroborated by market data

Level 3—unobservable inputs that are not corroborated by market data

Signet determines fair value based upon quoted prices when available or through the use of alternative approaches, such as discounting the expected cash flows using market interest rates commensurate with the credit quality and duration of the investment. The methods Signet uses to determine fair value on an instrument-specific basis are detailed below:

(in millions)	October 28, 2017			January 28, 2017			October 29, 2016

Investments in US Treasury securities and corporate equity securities are based on quoted market prices for identical instruments in active markets, and therefore were classified as Level 1 measurements in the fair value hierarchy. Investments in US government agency securities and corporate bonds and notes are based on quoted prices for similar instruments in active markets, and therefore were classified as Level 2 measurements in the fair value hierarchy. The fair value of derivative financial instruments has been determined based on market value equivalents at the balance sheet date, taking into account the current interest rate environment, foreign currency forward rates or commodity forward rates, and therefore were classified as Level 2 measurements in the fair value hierarchy. See Note 15 for additional information related to the Company's derivatives.

The carrying amounts of cash and cash equivalents, accounts receivable, other receivables, accounts payable, accrued expenses, other liabilities, income taxes and the revolving credit facility approximate fair value because of the short-term maturity of these amounts.

The fair values of long-term debt instruments were determined using quoted market prices in inactive markets or discounted cash flows based upon current observable market interest rates and therefore were classified as Level 2 measurements in the fair value hierarchy. See Note 17 for classification between current and long-term debt. The carrying amount and fair value of outstanding debt at October 28, 2017, January 28, 2017 and October 29, 2016 were as follows:

Legal proceedings

Employment practices

As previously reported, in March 2008, a group of private plaintiffs (the "Claimants") filed a class action lawsuit for an unspecified amount against SJI, a subsidiary of Signet, in the US District Court for the Southern District of New York alleging that US store-level employment practices are discriminatory as to compensation and promotional activities with respect to gender. In June 2008, the District Court referred the matter to private arbitration where the Claimants sought to proceed on a class-wide basis. The Claimants filed a motion for class certification and SJI opposed the motion. A hearing on the class certification motion was held in late February 2014. On February 2, 2015, the arbitrator issued a Class Determination Award in which she certified for a class-wide hearing Claimants' disparate impact declaratory and injunctive relief class claim under Title VII, with a class period of July 22, 2004 through date of trial for the Claimants' compensation claims and December 7, 2004 through date of trial for Claimants' promotion claims. The arbitrator otherwise denied Claimants' motion to certify a disparate treatment class alleged under Title VII, denied a disparate impact monetary damages class alleged under Title VII, and denied an opt-out monetary damages class under the Equal Pay Act. On February 9, 2015, Claimants filed an Emergency Motion To Restrict Communications With The Certified Class And For Corrective Notice. SJI filed its opposition to Claimants' emergency motion on February 17, 2015, and a hearing was held on February 18, 2015. Claimants' motion was granted in part and denied in part in an order issued on March 16, 2015. Claimants filed a Motion for Reconsideration Regarding Title VII Claims for Disparate Treatment in Compensation on February 11, 2015. SJI filed its opposition to Claimants' Motion for Reconsideration on March 4, 2015. Claimants' reply was filed on March 16, 2015. Claimants' Motion was denied in an order issued April 27, 2015. SJI filed with the US District Court for the Southern District of New York a Motion to Vacate the Arbitrator's Class Certification Award on March 3, 2015. Claimants' opposition was filed on March 23, 2015 and SJI's reply was filed on April 3, 2015. SJI's motion was heard on May 4, 2015. On November 16, 2015, the US District Court for the Southern District of New York granted SJI's Motion to Vacate the Arbitrator's Class Certification Award in part and denied it in part. On November 25, 2015, SJI filed a Motion to Stay the AAA Proceedings while SJI appeals the decision of the US District Court for the Southern District of New York to the United States Court of Appeals for the Second Circuit. Claimants filed their opposition on December 2, 2015. On December 3, 2015, SJI filed with the United States Court of Appeals for the Second Circuit SJI's Notice of Appeal of the Southern District's November 16, 2015 Opinion and Order. The arbitrator issued an order denying SJI's Motion to Stay on February 22, 2016. SJI filed its Brief and Special Appendix with the Second Circuit on March 16, 2016. The matter was fully briefed and oral argument was heard by the U.S. Court of Appeals for the Second Circuit on November 2, 2016. On April 6, 2015, Claimants filed in the AAA Claimants' Motion for Clarification

or in the Alternative Motion for Stay of the Effect of the Class Certification Award as to the Individual Intentional Discrimination Claims. SJI filed its opposition on May 12, 2015. Claimants' reply was filed on May 22, 2015. Claimants' motion was granted on June 15, 2015. Claimants filed Claimants' Motion for Conditional Certification of Claimants' Equal Pay Act Claims and Authorization of Notice on March 6, 2015. SJI's opposition was filed on May 1, 2015. Claimants filed their reply on June 5, 2015. The arbitrator heard oral argument on Claimants' Motion on December 18, 2015 and, on February 29, 2016, issued an Equal Pay Act Collective Action Conditional Certification Award and Order Re Claimants' Motion For Tolling Of EPA Limitations Period, conditionally certifying Claimants' Equal Pay Act claims as a collective action, and tolling the statute of limitations on EPA claims to October 16, 2003 to ninety days after notice issues to the putative members of the collective action. SJI filed in the AAA a Motion To Stay Arbitration Pending The District Court's Consideration Of Respondent's Motion To Vacate Arbitrator's Equal Pay Act Collective Action Conditional Certification Award And Order Re Claimants' Motion For Tolling Of EPA Limitations Period on March 10, 2016. SJI filed in the AAA a Renewed Motion To Stay Arbitration Pending The District Court's Resolution Of Sterling's Motion To Vacate Arbitrator's Equal Pay Act Collective Action Conditional Certification Award And Order Re Claimants' Motion For Tolling Of EPA Limitations Period on March 31, 2016. Claimants filed their opposition on April 4, 2016. The arbitrator denied SJI's Motion on April 5, 2016. On March 23, 2016 SJI filed with the US District Court for the Southern District of New York a Motion To Vacate The Arbitrator's Equal Pay Act Collective Action Conditional Certification Award And Order Re Claimants' Motion For Tolling Of EPA Limitations Period. Claimants filed their opposition brief on April 11, 2016, SJI filed its reply on April 20, 2016, and oral argument was heard on SJI's Motion on May 11, 2016. SJI's Motion was denied on May 22, 2016. On May 31, 2016, SJI filed a Notice Of Appeal of Judge Rakoff's opinion and order to the Second Circuit Court of Appeals. SJI's brief was filed September 13, 2016, and Claimants' brief was filed on December 13, 2016, SJI filed its reply brief on January 10, 2017, and oral argument was heard on May 9, 2017. On June 1, 2017 the Second Circuit Court of Appeals dismissed SJI's appeal for lack of appellate jurisdiction. Claimants filed a Motion For Amended Class Determination Award on November 18, 2015, and on March 31, 2016 the arbitrator entered an order amending the Title VII class certification award to preclude class members from requesting exclusion from the injunctive and declaratory relief class certified in the arbitration. The arbitrator issued a Bifurcated Case Management Plan on April 5, 2016, and ordered into effect the parties' Stipulation Regarding Notice Of Equal Pay Act Collective Action And Related Notice Administrative Procedures on April 7, 2016. SJI filed in the AAA a Motion For Protective Order on May 2, 2016. Claimants' opposition was filed on June 3, 2016. The matter was fully briefed and oral argument was heard on July 22, 2016. The motion was granted in part on January 27, 2017. Notice to EPA collective action members was issued on May 3, 2016, and the opt-in period for these notice recipients closed on August 1, 2016. Approximately 10,314 current and former employees submitted consent forms to opt in to the collective action; however, some have withdrawn their consents. The number of valid consents is disputed and yet to be determined. SJI believes the number of valid consents to be approximately 9,124. On July 24, 2017, the United States Court of Appeals for the Second Circuit issued its unanimous Summary Order that held that the absent class members "never consented" to the Arbitrator determining the permissibility of class arbitration under the agreements, and remanded the matter to the District Court to determine whether the Arbitrator exceeded her authority by certifying the Title VII class that contained absent class members who had not opted in the litigation. On August 7, 2017, SJI filed its Renewed Motion to Vacate the Class Determination Award relative to absent class members with the District Court. The matter was fully briefed and an oral argument was heard on October 16, 2017. The parties await a ruling. On November 9, 2017, Claimants filed in the arbitration disclosures identifying witnesses, exhibits and deposition designations to be used at trial. SJI's disclosures are due December 7, 2017. On November 10, 2017 SJI filed in the arbitration motions for summary judgment, and for decertification, of Claimants' Equal Pay Act and Title VII promotions claims. Claimants' opposition briefs to these motions are due for filing on December 8, 2017. We anticipate trial in the arbitration to begin the week of April 16, 2018, or as soon thereafter as the Arbitrator's schedule permits.

SJI denies the allegations of the Claimants and has been defending the case vigorously. At this point, no outcome or possible loss or range of losses, if any, arising from the litigation is able to be estimated.

Also, as previously reported, on September 23, 2008, the US Equal Employment Opportunity Commission ("EEOC") filed a lawsuit against SJI in the US District Court for the Western District of New York. This suit was settled on May 5, 2017, as further described below. The EEOC's lawsuit alleged that SJI engaged in intentional and disparate impact gender discrimination with respect to pay and promotions of female retail store employees from January 1, 2003 to the present. The EEOC asserted claims for unspecified monetary relief and non-monetary relief against the Company on behalf of a class of female employees subjected to these alleged practices. Non-expert fact discovery closed in mid-May 2013. In September 2013, SJI made a motion for partial summary judgment on procedural grounds, which was referred to a Magistrate Judge. The Magistrate Judge heard oral arguments on the summary judgment motion in December 2013. On January 2, 2014, the Magistrate Judge issued his Report, Recommendation and Order, recommending that the Court grant SJI's motion for partial summary judgment and dismiss the EEOC's claims in their entirety. The EEOC filed its objections to the Magistrate Judge's ruling and SJI filed its response thereto. The District Court Judge heard oral arguments on the EEOC's objections to the Magistrate Judge's ruling on March 7, 2014 and on March 11, 2014 entered an order dismissing the action with prejudice. On May 12, 2014, the EEOC filed its Notice of Appeal of the District Court Judge's dismissal of the action to United States Court of Appeals for the Second Circuit. The parties fully briefed the appeal and oral argument occurred on May 5, 2015. On September 9, 2015, the United States Court of Appeals for the Second Circuit issued a decision vacating the District Court's order and remanding the case back to the District Court for further proceedings. SJI filed a Petition for Panel Rehearing and En Banc Review with the United States Court of Appeals for the Second Circuit, which was denied on December 1, 2015. On December 4, 2015, SJI filed in the United States Court of Appeals for the Second Circuit a Motion Of Appellee Sterling Jewelers Inc. For Stay Of Mandate Pending Petition For Writ Of Certiorari. The Motion was granted by the Second Circuit on December 10, 2015. SJI filed a Petition For Writ Of Certiorari in the Supreme Court of the United States on April 29, 2016, which was denied. The case was remanded to the Western District of New York and on November 2, 2016, the Court issued a case scheduling order. On January 25, 2017, the parties filed a joint motion to extend case scheduling order deadlines. The motion was granted on January 27,

2017. On May 5, 2017 the U.S. District Court for the Western District of New York approved and entered the Consent Decree jointly proposed by the EEOC and SJI, resolving all of the EEOC's claims against SJI in this litigation for various injunctive relief including but not limited to the appointment of an employment practices expert to review specific policies and practices, a compliance officer to be employed by SJI, as well as obligations relative to training, notices, reporting and record-keeping. The Consent Decree does not require an outside third party monitor or require any monetary payment. The duration of the Consent Decree is three years and three months, expiring on August 4, 2020.

Prior to the Acquisition, Zale Corporation was a defendant in three class action lawsuits: Tessa Hodge v. Zale Delaware, Inc., d/b/a Piercing Pagoda which was filed on April 23, 2013 in the Superior Court of the State of California, County of San Bernardino; Naomi Tapia v. Zale Corporation which was filed on July 3, 2013 in the US District Court, Southern District of California; and Melissa Roberts v. Zale Delaware, Inc. which was filed on October 7, 2013 in the Superior Court of the State of California, County of Los Angeles. All three cases include allegations that Zale Corporation violated various wage and hour labor laws. Relief was sought on behalf of current and former Piercing Pagoda and Zale Corporation's employees. The lawsuits sought to recover damages, penalties and attorneys' fees as a result of the alleged violations. Without admitting or conceding any liability, the Company reached an agreement to settle the Hodge and Roberts matters for an immaterial amount. Final approval of the settlement was granted on March 9, 2015 and the settlement was implemented. On December 28, 2016, the Company participated in a mediation of the Tapia class action. The mediation resulted in a settlement agreement. The settlement resolved various California wage and hour claims involving all current and former employees of Zale Delaware Inc. d/b/a Zale Corporation who were designated as nonexempt and worked in California at any time from July 3, 2010 to present. The Court granted final approval of the settlement on July 14, 2017. In August 2017, the settlement was funded and the settlement funds were disbursed.

On May 13, 2017, the Company received notice that a Class Action Complaint against Sterling Jewelers Inc. and Signet Jewelers Ltd. was filed by Veronica Masten in the Superior Court of California, County of Los Angeles, alleging violations of various wage and hour labor laws. In Masten, Plaintiff seeks to certify two separate classes comprising all current and former hourly-paid employees employed by in jewelry stores in California, and all current and former California employees that received a wage statement "during the applicable liability period." The Company was served with the Class Action Complaint on May 16, 2017. The Company filed its Answer to the Complaint on June 13, 2017. On June 14, 2017, the Company removed this matter to the United States District Court for the Central District of California. A joint scheduling conference was held on September 18, 2017, during which the Court scheduled pretrial dates and trial for May 2019. The parties are currently engaged in discovery.

SJI denies the allegations of the Plaintiff and will defend the case vigorously. At this point, no outcome or possible loss or range of losses, if any, arising from the litigation can be estimated.

Shareholder Action

In August 2016, two alleged Company shareholders each filed a putative class action complaint in the United States District Court for the Southern District of New York against the Company and its then-current Chief Executive Officer and current Chief Financial Officer (Nos. 16-cv-6728 and 16-cv-6861, the "S.D.N.Y. cases"). On September 16, 2016, the Court consolidated the S.D.N.Y. cases under case number 16-cv-6728. On April 3, 2017, the plaintiffs filed a second amended complaint, purportedly on behalf of persons that acquired the Company's securities on or between August 29, 2013, and February 27, 2017, naming as defendants the Company, its then-current and former Chief Executive Officers, and its current and former Chief Financial Officers. The second amended complaint alleges that the defendants violated Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 by, among other things, misrepresenting the Company's business and earnings by (i) failing to disclose that the Company was allegedly having issues ensuring the safety of customers' jewelry while in the Company's custody for repairs, which allegedly damaged customer confidence; (ii) making misleading statements about the Company's credit portfolio; and (iii) failing to disclose reports of sexual harassment allegations that were raised by claimants in an ongoing pay and promotion gender discrimination class arbitration (the "Arbitration"). The second amended complaint alleged that the Company's share price was artificially inflated as a result of the alleged misrepresentations and sought unspecified compensatory damages and costs and expenses, including attorneys' and experts' fees.

In March 2017, two other alleged Company shareholders each filed a putative class action complaint in the United States District Court for the Northern District of Texas against the Company and its then-current and former Chief Executive Officers (Nos. 17-cv-875 and 17-cv-923, the "N.D. Tex. cases"). Those complaints were nearly identical to each other and alleged that the defendants' statements concerning the Arbitration violated Sections 10(b) and 20(a) of the Securities Exchange Act of 1934. The N.D. Tex. cases were subsequently transferred to the Southern District of New York and consolidated with the S.D.N.Y. cases. On July 27, 2017, the Court appointed a lead plaintiff and lead plaintiff's counsel in the consolidated action. On August 3, 2017, the Court ordered the lead plaintiff to file a third amended complaint by September 29, 2017. The defendants must answer or otherwise respond to the third amended complaint by December 1, 2017.

On September 1, 2017, Josanne Aungst filed a putative shareholder derivative action entitled Aungst v. Light, et al., No. CV-2017-3665, in the Court of Common Pleas for Summit County Ohio. The complaint in this action, which purports to have been brought by Ms. Aungst on behalf of the Company, names certain current and former directors and officers of the Company as defendants and alleges claims for breach of fiduciary duty, abuse of control, and gross mismanagement. The complaint challenges certain public disclosures and conduct relating to the allegations that were raised by the claimants in the Arbitration. The complaint also alleges that the Company's share price was artificially inflated as a result of alleged misrepresentations and omissions. The complaint seeks money damages on behalf of the Company, changes to the Company's corporate governance, and other equitable relief, as well as plaintiff's legal fees and costs. The Company and Defendants moved to dismiss the complaint on October 30, 2017.

The Company believes that the claims brought in these shareholder actions are without merit and cannot estimate a range of potential liability, if any, at this time.

Regulatory Matters

On September 6, 2017, the Consumer Financial Protection Bureau (“CFPB”) notified Signet that, in accordance with the CFPB’s discretionary Notice and Opportunity to Respond and Advise (“NORA”) process, the CFPB’s Office of Enforcement is considering recommending that the CFPB take legal action against Signet, alleging that Signet violated §§ 1031 and 1036 of the Consumer Financial Protection Act of 2010, 12 U.S.C. §§ 5531, 5536, and the Truth in Lending Act, 15 U.S.C. § 1601 et seq., and its implementing regulation, relating to in-store: credit practices, promotions, and payment protection products. The purpose of a NORA letter is to provide a party being investigated an opportunity to present its position to the CFPB before an enforcement action is recommended or commenced. This notice stems from an inquiry that commenced in late 2016 when Signet received and responded to an initial Civil Investigative Demand. Signet has cooperated and continues to fully cooperate with the CFPB. On September 27, 2017, Signet submitted a response to the NORA letter to the CFPB, which stated its belief that the potential claims lack merit.

The Attorney General for the State of New York (“NYAG”) is investigating similar issues under its jurisdiction. Signet has been cooperating with the NYAG’s investigation which remains ongoing.

Signet continues to believe that its acts and practices relating to the matters under investigation are lawful. Signet is currently unable to predict the timing or outcome of the NORA process or NYAG investigation and no possible loss or range of losses, if any, arising from the investigations is able to be estimated.

In the ordinary course of business, Signet may be subject, from time to time, to various other proceedings, lawsuits, disputes or claims incidental to its business, which the Company believes are not significant to Signet’s consolidated financial position, results of operations or cash flows.

22. Pension plans

Signet operates a defined benefit pension plan in the UK (the “UK Plan”) for participating eligible employees. The UK Plan, which ceased to admit new employees from April 2004, is a funded plan with assets held in a separate trustee administered fund, which is independently managed.

In September 2017, the Company approved an amendment to freeze benefit accruals under the UK Plan in an effort to reduce anticipated future pension expense. As a result of this amendment, the Company will freeze the pension plan for all participants with an effective date of either December 2017 or October 2019 as elected by the plan participants. All future benefit accruals under the plan shall cease. The use of the words "expects," "intends," "anticipates," "estimates," "predicts," "believes," "should," "potential," "may," "forecast," "objective," "plan," or "target," and other similar expressions are intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance and are subject to a number of risks and uncertainties, including but not limited to the benefits and outsourcing of the credit portfolio including I/T disruptions, future financial results and future operating results, the timing and expected completion of the second phase of the credit outsourcing, the impact of weather-related incidents on Signet's business, the benefits and integration of R2Net, general economic conditions, regulatory changes following the United Kingdom's announcement to exit from the European Union, a decline in consumer spending, the merchandising, pricing and inventory policies followed by Signet, the reputation of Signet and its brands, the level of competition in the jewelry sector, the cost and availability of diamonds, gold and other precious metals, regulations relating to customer credit, seasonality of Signet's business, financial market risks, deterioration in customers' financial condition, exchange rate fluctuations, changes in Signet's credit rating, changes in consumer attitudes regarding jewelry, management of social, ethical and environmental risks, the development and maintenance of Signet's omni-channel retailing, security breaches and other disruptions to Signet's information technology infrastructure and databases, inadequacy in and disruptions to internal controls and systems, changes in assumptions used in making accounting estimates relating to items such as extended service plans and pensions, risks related to Signet being a Bermuda corporation, the impact of the acquisition of Zale Corporation on relationships, including with employees, suppliers, customers and competitors, and our ability to successfully integrate Zale Corporation's operations and to realize synergies from the transaction.

For a discussion of these risks and other risks and uncertainties which could cause actual results to differ materially from those expressed in any forward looking statement, see the "Risk Factors" section of Signet's Fiscal 2017 Annual Report on Form 10-K filed with the SEC on March 16, 2017 and Part II, Item 1A of this Form 10-Q. Signet undertakes no obligation to update or revise any forward-looking statements to reflect subsequent events or circumstances, except as required by law.

OVERVIEW

Signet Jewelers Limited ("Signet" or the "Company") is the world's largest retailer of diamond jewelry. Signet is incorporated in Bermuda and its address and telephone number are shown on the cover of this document. Its corporate website is www.signetjewelers.com, from where documents that the Company is required to file or furnish with the US Securities and Exchange Commission ("SEC") may be viewed or downloaded free of charge.

The Company, with 3,639 stores and kiosks at October 28, 2017, manages its business by store brand grouping, a description of which follows:

- The Sterling Jewelers division is one reportable segment. It operated 1,613 stores in all 50 states at October 28, 2017. Its stores operate nationally in malls and off-mall locations principally as Kay Jewelers ("Kay"), including Kay Jewelers Outlet and Jared The Galleria Of Jewelry ("Jared"), including Jared Vault. The division also operates a variety of mall-based regional brands and the JamesAllen.com website, which was acquired in the R2Net acquisition. See Note 4 of Item 1 for additional information regarding the Company's acquisition of R2Net during the third quarter of Fiscal 2018.
- The Zale division consists of two reportable segments:
 - Zale Jewelry, which operated 910 jewelry stores at October 28, 2017, is located primarily in shopping malls in North America. Zale Jewelry includes the US store brand Zales (Zales Jewelers and Zales Outlet), which operates in all 50 states, and the Canada store brand Peoples Jewellers, which operates in nine provinces. The division also operates the Gordon's Jewelers and Mappins Jewellers regional brands.
 - Piercing Pagoda, which operated 608 mall-based kiosks at October 28, 2017, is located in shopping malls in the US and Puerto Rico.
- The UK Jewelry division is one reportable segment. It operated 508 stores at October 28, 2017. Its stores operate in shopping malls and off-mall locations (i.e. high street) principally as H.Samuel and Ernest Jones.

Certain company activities (e.g. diamond sourcing) are managed as a separate operating segment and are aggregated with unallocated corporate administrative functions in the segment "Other" for financial reporting purposes. The Company's diamond sourcing function includes its diamond polishing factory in Botswana. See Note 5 of Item 1 for additional information regarding the Company's reportable segments.

Non-GAAP measures

Signet provides certain non-GAAP information in reporting its financial results to give investors additional data to evaluate its operations. Management does not, nor does it suggest investors should, consider such non-GAAP measures in isolation from, or in substitute for, financial information prepared in accordance with US GAAP. Such measures are described and reconciled to the most comparable US GAAP measure below. The following discussion of results of operations highlights, as necessary, the significant changes in operating results arising from these items and transactions. However, unusual items or transactions may occur in any period. Accordingly, investors and other financial statement users individually should consider the types of events and transactions that have affected operating trends.

1. Income Statement at Constant Exchange Rates

Movements in the British pound and Canadian dollar to US dollar exchange rates have an impact on Signet's results. The UK Jewelry division is managed in British pounds and the Canadian reporting unit of the Zale Jewelry segment in Canadian dollars as sales and a majority of operating expenses are incurred in those foreign currencies. The results for each are then translated into US dollars for external reporting purposes. Management believes it assists in understanding the performance of Signet and its segments if constant currency figures are given. This is particularly so in periods when exchange rates are volatile. The constant currency amounts are calculated by retranslating the prior year figures using the current year's exchange rate. Management considers it useful to exclude the impact of movements in the British pound and Canadian dollar to US dollar exchange rates to analyze and explain changes and trends in Signet's underlying business, which is consistent with the manner in which management evaluates performance of its businesses which do not operate using the US dollar as their functional currency. Additionally, in connection with management's evaluation of its attainment of performance goals, currency effects are excluded.

2. Net cash (debt)

Net cash (debt) is the total of cash and cash equivalents less loans, overdrafts and long-term debt. Management considers this metric to be helpful in understanding the total indebtedness of the Company after consideration of liquidity available from cash balances on-hand.

<i>(in millions)</i>	October 28, 2017	January 28, 2017	October 29, 2016

Net debt	\$ (875.2)	\$ (1,310.3)	\$ (1,530.3)

3. Free cash flow

Free cash flow is a non-GAAP measure defined as the net cash provided by operating activities less purchases of property, plant and equipment. Management considers this helpful in understanding how the business is generating cash from its operating and investing activities that can be used to meet the financing needs of the business. Free cash flow is an indicator used by management frequently in evaluating its overall liquidity and determining appropriate capital allocation strategies. Free cash flow does not represent the residual cash flow available for discretionary expenditure. In the third quarter, net cash provided by operating activities included \$960.2 million in proceeds received in connection with the sale of the Company's prime receivable portfolio, as discussed in Note 3 of Item 1.

4. Earnings before interest, income taxes, depreciation and amortization ("EBITDA")

EBITDA is a non-GAAP measure defined as earnings before interest and income taxes (operating income), depreciation and amortization. EBITDA is an important indicator of operating performance as it excludes the effects of financing and investing activities by eliminating the effects of interest, depreciation and amortization costs. Management believes this financial measure is helpful to enhance investors' ability to analyze trends in the business and evaluate performance relative to other companies. Management also utilizes these metrics to evaluate its current credit profile, which is a view consistent with rating agency methodologies.

Third quarter sales

In the third quarter, Signet's same store sales decreased 5.0% , including a positive 40 basis point contribution from R2Net, compared to a decrease of 2.0% in the prior year, and total sales decreased 2.5% to \$1,156.9 million compared to \$1,186.2 million in the prior year. Total sales at constant exchange rates decreased 2.8%

Sales decreases were primarily driven by soft bridal sales and a lower number of customer transactions, and to a lesser extent by weather-related incidents and disruptions related to the credit outsourcing transition. Signet expects some credit process disruptions to continue and negatively impact fourth quarter and full-year performance. eCommerce sales in the third quarter were \$80.7 million , up \$29.1 million or 56.4% , compared to \$51.6 million in the prior year third quarter, driven primarily by the acquisition of R2Net. The breakdown of the sales performance is set out in the table below.

Sterling Jewelers sales

In the third quarter, the Sterling Jewelers division's total sales were \$698.7 million compared to \$712.5 million in the prior year, down 1.9% . Same store sales decreased 6.2% , including 60 basis points of favorable impact from R2Net, compared to a decrease of 3.8% in the prior year. Average transaction value ("ATV") increased 1.6% , and the number of transactions declined 7.6% . Third quarter sales were driven by a decrease in bridal, which was disproportionately affected by systems and process disruptions associated with the outsourcing of credit services. This was partially offset by higher sales of select fashion jewelry collections at Kay and Jared.

Zale Jewelry's same store sales decreased 3.4% compared to a decrease of 1.4% in the prior year. ATV increased 2.5% , and the number of transactions decreased 6.9% . The same store sales declines were generally across categories, while bridal and new fashion collections ended the quarter on a strong trajectory. eCommerce sales were negatively impacted by the planned conversion of Zale eCommerce platforms to hybrid technology, which is beginning to drive improvements in website functionality and performance.

Piercing Pagoda's same store sales increased 2.1% . ATV increased 9.1% , while the number of transactions decreased 6.6% . This same store sales increase was driven primarily by higher sales of fashion gold jewelry.

Sterling Jewelers sales

In the year to date period, the Sterling Jewelers division's total sales were \$2,437.8 million compared to \$2,532.3 million in the prior year, down 3.7%. Same store sales decreased 6.1% compared to a decrease of 1.3% in the prior year. Year to date sales were driven by broad-based declines across categories offset in part by the incremental sales of R2Net and select fashion collections. Chosen, Brilliant Moments, and Ever Us performed well as well as non-branded bracelets, rings, necklaces, and earrings. eCommerce sales increased materially faster than in-store sales. Sterling Jewelers' ATV increased 3.8%, while the number of transactions decreased 9.6%. These results were driven by relatively stronger sales of higher-priced diamond jewelry collections as well as sales declines in relatively lower-priced, higher transaction collections including Charmed Memories.

Zale sales

In the year to date period, the Zale division's total sales decreased 4.5% to \$1,121.1 million compared to \$1,174.2 million in the prior year and decreased 4.6% at constant exchange rates. Same store sales decreased 4.2% in the current year compared to an increase of 0.5% in the prior year.

Zale Jewelry's same store sales decreased 5.4% compared to a decrease of 0.7% in the prior year primarily driven by a broad-based decline across categories. Select higher-priced diamond jewelry collections sold well such as Disney, Ever Us, and Vera Wang Love fashion jewelry which helped drive an ATV increase of 1.8%. Sales declines in relatively lower-priced, higher transaction merchandise including beads also contributed to the ATV increase, while driving the 8.4% decrease in transactions as well.

Piercing Pagoda's same store sales increased 2.3% compared to an increase of 7.0% in the prior year. Piercing Pagoda ATV increased 8.9% and the number of transactions decreased 6.1%. The ATV increase was due principally to higher sales of gold chains.

Same store sales decreased 4.0% compared to an increase of 2.5% in the prior year. The decreases in same store sales and total sales at constant exchange rates were due primarily to lower sales of jewelry offset by higher sales of watches. In the UK Jewelry division, the ATV increased 11.9% due to strong sales of prestige watches in Ernest Jones and lower sales of beads. The number of transactions decreased 14.3% primarily due to the lower beads sales.

Cost of sales and gross margin

In the third quarter, gross margin was \$321.1 million or 27.8% of sales compared to \$350.0 million or 29.5% of sales in the prior year comparable period. The 170 basis point decline in gross margin rate included de-leverage of 30 basis points related to R2Net which carries a lower gross margin rate. The remaining decline in rate was driven by lower sales on fixed costs (e.g. store occupancy) and a lower gross merchandise margin rate, impacted by the inclusion of R2Net. Excluding the mix effect of R2Net, gross merchandise margin increased driven by streamlined marketing initiatives and effective customer targeting, despite more promotional activity.

- The Sterling Jewelers division gross margin dollars decreased \$20.2 million. The gross margin rate decreased 230 basis points, of which 60 basis points is attributed to inclusion of R2Net. The remainder of the rate decline is primarily due to de-leverage of fixed costs, higher disposition of inventory in part due to distribution center consolidation, offset in part by gross merchandise margin improvement and less bad debt expense.
- The Zale division gross margin dollars decreased \$5.6 million. The gross margin rate decreased 60 basis points due primarily to de-leverage of fixed costs, higher disposition of inventory in part due to distribution center consolidation, and promotions, partially offset by an improvement in gross merchandise margin.
- Gross margin dollars in the UK Jewelry division decreased \$3.2 million. The gross margin rate decreased 210 basis points driven principally by greater promotional activity and de-leverage of fixed costs.

In the year to date period, gross margin was \$1,270.2 million or 32.1% of sales compared to \$1,415.3 million or 34.2% of sales in the prior year comparable period. The declines in gross margin dollars and rate were driven principally by lower sales leading to de-leverage on fixed costs, including store occupancy.

- The Sterling Jewelers division gross margin dollars decreased \$101.5 million. The gross margin rate declined 280 basis points due primarily to lower sales, which de-leveraged fixed costs such as store occupancy, as well as higher bad debt expense and a lower gross merchandise margin rate due to greater promotional activity.
- The Zale division gross margin dollars decreased \$26.7 million. The gross margin rate declined 80 basis points due primarily to lower sales, which de-leveraged fixed costs such as store occupancy, offset in part by a higher gross merchandise margin rate.
- Gross margin dollars in the UK Jewelry division decreased \$16.4 million. The gross margin rate declined 180 basis points driven principally by lower sales, which de-leveraged fixed costs such as store occupancy, and a lower gross merchandise margin rate.

Selling, general and administrative expenses (“SGA”)

In the third quarter, SGA was \$375.9 million or 32.5% of sales compared to \$386.5 million or 32.6% of sales in prior year comparable period. Total SGA decreased by \$10.6 million or 2.7% over prior year and leveraged 10 basis points in rate. SGA includes \$8.1 million of transaction-related costs associated with R2Net acquisition, which unfavorably impacted the SGA rate by 70 basis points. Excluding these costs, the SGA rate would have been 31.8%, which includes 30 basis points of leverage related to R2Net which operates with a lower SGA rate. The Company remained focused on streamlining the organization and optimizing its cost structure. In the quarter, the Company realized cost savings from payroll and payroll-related benefits in both stores and corporate, including a \$4 million non-cash gain related to the curtailment of the UK pension plan, as well as select other corporate expenses. Additionally, the Company enhanced its marketing efforts with higher-return investments through an increased mix of digital advertisements and more prudent spending through traditional channels. This mix in marketing efforts has resulted in efficient spend and savings.

In the year to date period, SGA was \$1,237.7 million or 31.3% of sales compared to \$1,264.9 million or 30.6% of sales in prior year comparable period. The decrease in dollars was primarily attributable to lower variable compensation due to lower sales, cost reductions in store and corporate payroll and related benefits, and lower advertising expense, offset in part by higher I/T expense associated with Signet’s I/T modernization roadmap, \$9.4 million of transaction costs related to R2Net and \$3.4 million of cost related to CEO transition. The SGA rate increased 70 basis points, or 30 basis points excluding costs associated with R2Net transaction and CEO transition. The residual rate increase of 40 basis points is primarily due to de-leverage on fixed costs such as store and support center expenses and higher I/T expense.

Credit transaction, net

In the third quarter, the Company recognized net credit transaction expense of \$12.2 million related to the sale of the prime portion of the in-house finance receivables portfolio. This included \$22.4 million of legal, advisory, implementation, and retention expenses, partially offset by the gain associated with recognizing the beneficial interest asset of \$10.2 million, which represents the present value of the cash flows the Company expects to receive under the economic profit sharing agreement related to the receivables sold.

In the year to date period, the Company recognized a net \$2.6 million gain as a result of the sale of the prime portion of the in-house finance receivables portfolio. This included the recognition of a \$20.7 million gain from the reversal of the allowance for credit losses associated with the receivables sold, the gain associated with recognizing the beneficial interest asset of \$10.2 million, partially offset by the \$28.3 million of legal, advisory, implementation, and retention expenses

Other operating income, net

Other operating income, net in the third quarter was \$72.5 million or 6.3% of sales compared to \$68.6 million or 5.8% of sales in the prior year third quarter. In the year to date period, other operating income, net was \$221.3 million or 5.6% of sales compared to \$213.6 million or 5.2% of sales in the prior year period. The year-over-year increase in both the quarter to date and year to date periods was primarily due to higher interest income earned from higher outstanding receivable balances.

Operating income

In the third quarter, operating income was \$5.5 million or 0.5% of sales, including \$20.3 million of net transaction cost related to the outsourcing of credit portfolio and the acquisition of R2Net, compared to \$32.1 million or 2.7% of sales in the prior year third quarter. Operating margin decline of 220 basis points was primarily driven by 170 basis points related to transaction costs. Signet’s operating income consisted of the following components:

(in millions)	Third Quarter

In the year to date period, net interest expense was \$42.7 million compared to \$36.4 million in the prior year. The weighted average interest rate for the Company’s debt outstanding in the current year was 3.1% compared to 2.8% in the prior year comparable period.

Income before income taxes

For the third quarter, income before income taxes decreased \$30.5 million to a loss of \$11.1 million or 1.0% of sales compared to income of \$19.4 million or 1.6% of sales in the prior year.

For the year to date period, income before income taxes decreased \$113.9 million to \$213.7 million or 5.4% of sales compared to income of \$327.6 million or 7.9% of sales in the prior year.

Income taxes

In the third quarter, the income tax benefit was \$7.2 million , an effective tax rate (“ETR”) of 64.9% , compared to income tax expense of \$2.4 million , an ETR of 12.4% in the prior year third quarter.

In the year to date period, income tax expense was \$45.7 million , an ETR of 21.4% , compared to income tax expense of \$81.9 million , an ETR of 25.0% in the prior year comparable period.

The ETR is driven by the anticipated annual mix of pre-tax income by jurisdiction. During Fiscal 2018 , the Company recognized incremental tax expense for discrete items related to the tax shortfall associated with share awards vesting subsequent to the adoption of the new share-based compensation accounting guidance in ASC 2016-09. The Company expects the full year ETR for Fiscal 2018 to be approximately 22% compared to 23.9% for Fiscal 2017 . The estimated effective tax rate continues to benefit from global reinsurance and financing arrangements, including certain intra-entity debt agreements which mature on various dates between fiscal year 2022 and 2027.

Net income

For the third quarter, the Company had a net loss of \$3.9 million or 0.3% of sales compared to net income of \$17.0 million or 1.4% of sales in the prior year third quarter.

For the year to date period, net income was \$168.0 million or 4.2% of sales compared to \$245.7 million or 5.9% of sales in the prior year.

Earnings (loss) per share (“EPS”)

As discussed in Notes 6 and 8 of Item 1, the Company issued preferred shares on October 5, 2016 which include a cumulative dividend right and may be converted into common shares. The Company’s computation of diluted EPS includes the effect of potential common shares for outstanding awards issued under the Company’s share-based compensation plans and preferred shares upon conversion, if dilutive. In computing diluted EPS, the Company also adjusts the numerator used in the basic EPS computation, subject to anti-dilution requirements, to add back the dividends (declared or cumulative undeclared) applicable to the preferred shares.

For the third quarter, diluted loss per share was \$0.20 compared to earnings of \$0.20 in the prior year third quarter. EPS was impacted by approximately \$0.25 per share in net transaction costs related to the first phase of strategic credit outsourcing and the R2Net acquisition, and \$0.10 per share due to weather-related incidents and systems and process disruptions associated with the outsourcing of the credit portfolio. The weighted average diluted number of common shares outstanding was 60.1 million compared to 73.6 million in the prior year third quarter. For the third quarter of Fiscal 2018, the dilutive effect related to preferred shares was excluded from the earnings per share computation as the preferred shares were anti-dilutive. The reduction in weighted average diluted number of common shares outstanding was driven by the Company’s share repurchases since October 29, 2016.

For the year to date period, diluted EPS were \$2.24 compared to \$3.18 in the prior year. The weighted average diluted number of common shares outstanding was 64.1 million compared to 76.5 million in the prior year. For the year to date period of Fiscal 2018, the dilutive effect related to preferred shares was excluded from the earnings per share computation as the preferred shares were anti-dilutive.

Dividends per share

In the third quarter, dividends of \$0.31 per common share were declared by the Board of Directors compared to \$0.26 in the prior year third quarter.

In the year to date period, dividends of \$0.93 per common share were declared by the Board of Directors compared to \$0.78 in the prior year comparable period.

In the Fiscal 2018 third quarter and year to date periods, dividends of \$12.50 and \$37.50 per preferred share, respectively, were declared by the Board of Directors. No dividends on preferred shares were declared in the prior year comparable periods.

Operating activities

Net cash provided by operating activities was \$1,482.3 million compared to \$360.9 million in the prior year comparable period.

- Net income decreased by \$77.7 million to \$168.0 million from \$245.7 million .
- Depreciation and amortization increased \$8.3 million to \$147.1 million from \$138.8 million in the prior year comparable period, principally due to investments in IT.
- Cash provided by accounts receivable totaled \$1,246.3 million , including \$960.2 million from the sale of the prime portion of the in-house receivable portfolio. In addition to the proceeds from the credit transaction, cash provided by accounts receivable was \$286.1 million as compared to \$174.0 million in the prior year comparable period. In the Sterling Jewelers division, credit participation was 60.8% and the average monthly collection rate was 10.6% compared to 63.6% and 11.2% , respectively, in the prior year comparable period. The decline in penetration rate was driven by a combination of a continued trend in lower credit applications and therefore resulting in a lower number of approved credit applicants as well as disruption related to the credit transaction. The decline in the collection rate is due principally to credit plan mix, including recent programs with extended payment terms and reduced interest rates.

Below is a summary of key customer financing statistics related to the Sterling Jewelers customer in-house finance receivables. These metrics reflect the performance of the portfolio in total. Additionally, in October 2017, the Company sold the prime portion of the in-house receivable portfolio which thereby affected the comparability of the metrics in the following table. See Note 3 of Item 1 for additional information regarding the sale of the prime portion of the in-house finance receivables.

- Cash provided by inventory and inventory-related items was \$4.6 million compared to cash used of \$217.0 million in the prior year comparable period. Total inventory as of October 28, 2017 was \$2,466.1 million compared to the prior year comparable quarter balance of \$2,649.4 million. The decrease in inventory balances from prior year is attributed to a continued focus on inventory management, offset in part by the effect of foreign exchange.
- Cash used for accounts payable was \$39.7 million compared to \$114.1 million in the prior year comparable period primarily driven by timing of payments made in connection with inventory purchases.
- Cash used for accrued expenses and other liabilities was \$5.4 million compared to \$82.2 million in the prior year comparable period primarily driven by the timing of payments associated with payroll-related items including incentive compensation and other taxes, as well as the cash flows received in accordance with the Program Agreement entered into with Comenity Bank in May 2017 as discussed in Note 3 of Item 1.

Investing activities

Net cash used in investing activities in the 39 weeks ended October 28, 2017 was \$499.3 million, including \$332.4 million for the acquisition of R2Net as discussed in Note 4 of Item 1, compared to \$196.0 million in the prior year comparable period. Offsetting the cash used for the repayment of the asset-backed securitization facility, the share repurchases and dividend payments was \$200.0 million of net proceeds drawn on the revolving credit facility. Additionally, in connection with the acquisition of R2Net during the third quarter of Fiscal 2018, the Company entered into a \$350 million term loan as disclosed in Note 17 of Item 1. This facility was repaid in full during the third quarter with the proceeds received from the sale of the prime portion of the in-house receivables.

Net cash used in financing activities in the 39 weeks ended October 29, 2016 was \$218.2 million, comprised primarily of \$1,000.0 million for the repurchase of Signet's common shares and \$57.5 million for dividend payments on common shares. CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. On an ongoing basis, management evaluates its accounting policies, estimates and judgments, including those related to the valuation of accounts receivables, inventories, deferred revenue, derivatives, employee benefits, income taxes, contingencies, asset impairments, indefinite-lived intangible assets, depreciation and amortization of long-lived assets, as well as accounting for business combinations. Management bases the estimates and judgments on historical experience and various other factors believed to be reasonable under the circumstances. Actual results may differ from these estimates. There have been no material changes to the critical accounting policies and estimates disclosed in Signet’s Annual Report on Form 10-K for the fiscal year ended January 28, 2017 filed with the SEC on March 16, 2017 .

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Signet is exposed to market risk from fluctuations in foreign currency exchange rates, interest rates and precious metal prices, which could affect its consolidated financial position, earnings and cash flows. Signet manages its exposure to market risk through its regular operating and financing activities and, when deemed appropriate, through the use of derivative financial instruments. Signet uses derivative financial instruments as risk management tools and not for trading purposes.

As certain of the UK Jewelry division's purchases are denominated in US dollars and its net cash flows are in British pounds, Signet's policy is to enter into forward foreign currency exchange contracts and foreign currency swaps to manage the exposure to the US dollar. Signet also hedges a significant portion of forecasted merchandise purchases using commodity forward contracts. Additionally, the Zale division occasionally enters into forward foreign currency exchange contracts to manage the currency fluctuations associated with purchases for our Canadian operations. These contracts are entered into with large, reputable financial institutions, thereby minimizing the credit exposure from our counterparties.

Signet has significant amounts of cash and cash equivalents invested at several financial institutions. The amount invested at each financial institution takes into account the long-term credit rating and size of the financial institution. The interest rates earned on cash and cash equivalents will fluctuate in line with short-term interest rates.

Signet's market risk profile as of October 28, 2017 has not materially changed since January 28, 2017. The market risk profile as of January 28, 2017 is disclosed in Signet's Annual Report on Form 10-K, filed with the SEC on March 16, 2017.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Management, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended. Based on this review, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of October 28, 2017.

Changes in internal control over financial reporting

During the third quarter of Fiscal 2018, the Company outsourced the credit servicing function of its non-prime accounts receivable, which includes customer servicing and administrative activities, to Genesis Financial Solutions in connection with the previously announced first phase of its credit portfolio outsourcing. There were no other changes in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION**ITEM 1. LEGAL PROCEEDINGS**

Information regarding legal proceedings is incorporated by reference from Note 21 of the Financial Statements set forth in Part I of this Quarterly Report on Form 10-Q.

ITEM 1A. RISK FACTORS

The risk factor titled “Any difficulty executing or integrating an acquisition, a business combination or a major business initiative may result in expected returns and other projected benefits from such an exercise not being realized,” which was included in Part I, Item 1A, of Signet’s Fiscal 2017 Annual Report on Form 10-K, filed with the SEC on March 16, 2017, has been amended and restated as follows:

Any difficulty executing or integrating an acquisition, a business combination or a major business initiative may result in expected returns and other projected benefits from such an exercise not being realized.

Any difficulty in executing or integrating an acquisition, a business combination or a major business initiative, including our direct diamond sourcing capabilities, may result in expected returns and other projected benefits from such an exercise not being realized. The acquisition of companies with operating margins lower than that of Signet may cause an overall lower operating margin for Signet. Signet’s current borrowing agreements place certain limited constraints on our ability to make an acquisition or enter into a business combination, and future borrowing agreements could place tighter constraints on such actions.

A significant transaction could also disrupt the operation of our current activities and divert significant management time and resources. For example, Signet experienced disruptions in its I/T systems and processes during its credit outsourcing transition (and could experience similar issues in connection with its second phase of outsourcing), including server interruptions and downtime, which resulted in calls to customer service centers leading to long wait times. Any such difficulty in executing an acquisition, business combination or a major business initiative could have a direct material adverse effect on Signet’s results of operations.

There have been no material changes to the remaining risk factors from those disclosed in Part I, Item 1A, of Signet’s Fiscal 2017 Annual Report on Form 10-K, filed with the SEC on March 16, 2017 .

(ii) a lump sum amount equal to the Annual Bonus the Executive would otherwise have received for the fiscal year in which the Executive's termination of employment occurred, based on actual performance, multiplied by the quotient obtained from dividing the number of calendar days employed during the fiscal year in which the Executive's termination of employment occurred by the number of calendar days in such fiscal year, payable in a lump sum during the period commencing on the 15th of April and ending on the 31st of May following the end of the applicable fiscal year of Signet; and

(iii) in respect of each then-ongoing performance cycle under the Long Term Incentive Plan as of the date of termination, (1) with respect to awards that vest in whole or in part based on performance, at the end of each completed performance cycle for each such award, vesting shall be calculated by multiplying (A) the total number of awards that would have vested based on actual performance during the full performance cycle and (B) the quotient obtained from dividing the number of calendar days employed during the applicable performance cycle through the date of termination by the number of calendar days in such performance cycle, payable upon the conclusion of the applicable performance cycle in accordance with the Long Term Incentive Plan (but no later than the "short-term deferral" period under Section 409A (defined below)), and (2) with respect to awards that vest solely based on the provision of services (other than the One-Time Grant, as defined in Schedule 1), vesting, as of the date of termination of employment, shall be calculated by multiplying (A) the total number of awards that would have vested if the Executive had remained employed during the full performance cycle and (B) the quotient obtained from dividing the number of calendar days employed during the applicable performance cycle through the date of termination by the number of calendar days in such performance cycle, payable in accordance with the Long Term Incentive Plan; and

For the avoidance of doubt, all payments under this Section 2(b) shall cease upon the Executive's breach of the provisions of Sections 3 or 4 of this Agreement.

(c) Termination By the Company Without Cause, Resignation by the Executive for Good Reason or Non-Renewal of the Agreement by the Company, each within One Year Following a Change of Control. If the Executive's employment hereunder is terminated by the Company without Cause, if the Executive resigns for Good Reason or if the Executive's employment terminates at the expiration of the Initial Term or any Renewal Term as a result of the Company's non-renewal of the Agreement, in each case within one (1) year following a Change of Control, the Executive shall be entitled to receive solely the following, in addition to the Accrued Rights, subject to Section 2(h) and the Executive's continued compliance with the provisions of Sections 3 and 4:

(i) a lump sum amount equal to one and one-half (1.5) times the sum of (i) the Executive's Base Salary in effect on the date of termination of the Executive's employment (provided that a material reduction to Base Salary resulting in Good Reason, shall be disregarded for purposes of this calculation) and (ii) the Executive's target Annual Bonus in effect on the date of termination of the Executive's employment (provided that a material reduction to target Annual Bonus resulting in Good Reason, shall be disregarded for purposes of this calculation), payable on the first payroll date following the sixtieth day after Executive's termination of employment; provided, that, to the extent such payment constitutes "nonqualified deferred compensation," and the Change of Control is not a "change in control event," in each case as such terms are defined under Section 409A of the Code, then such amount shall be paid in equal monthly installments over the twelve (12) months immediately following the Executive's last day of employment;

(ii) a lump sum amount equal to the Annual Bonus the Executive would otherwise have received for the fiscal year in which the Executive's termination of employment occurred, based on actual performance, multiplied by the quotient obtained from dividing the number of calendar days employed during the fiscal year in which the Executive's termination of employment occurred by the number of calendar days in such fiscal year, payable in a lump sum during the period commencing on the 15th of April and ending on the 31st of May following the end of the applicable fiscal year of Signet; and

(iii) other than the One-Time Grant, Long Term Incentive Plan awards shall be paid in accordance with the Long Term Incentive Plan and applicable award agreements; and

(iv) if Executive timely elects coverage under COBRA, a cash payment equal to the employer contribution to the premium payment for actively employed senior executives with the same level of coverage, payable monthly in accordance with the Company's standard payroll practices for eighteen (18) months or until such earlier termination of COBRA coverage, with the first payment within seventy-two (72) days of the date of Executive's termination of employment as determined solely by the Company;

For the avoidance of doubt, all payments under this Section 2(c) shall cease upon the Executive's breach of the provisions of Sections 3 or 4 of this Agreement.

(d) Automatic Termination Upon the Executive's Death. In the event of the Executive's death during the term of the Executive's employment, the Executive's employment and this Agreement shall automatically terminate and, in addition to the Accrued Rights and subject to Section 2(h), the Company shall pay to Executive's estate Executive's Base Salary in effect on the last date of the Executive's employment for six (6) months following such last date of employment, in accordance with the Company's standard payroll practices for executive officers and a lump sum amount equal to the pro-rata portion of the Annual Bonus (if any) for which the Executive would have been eligible had the Executive remained employed with the Company through the end of the fiscal year in which employment terminated, based on actual performance and calculated by multiplying such amount by the quotient obtained by dividing the number of calendar days employed during the applicable fiscal year in which termination occurred by the number of calendar days in such fiscal year (which amount shall be paid during

the period commencing on the 15th of April and ending on the 31st of May following the end of the applicable fiscal year of Signet). In addition, in respect of each then-ongoing performance cycle under the Long Term Incentive Plan as of the date of termination, (1) with respect to awards that vest in whole or in part based on performance, vesting, as of the date of death, shall be calculated by multiplying (A) the number of awards that would have vested upon achievement of target performance by (B) the quotient obtained from dividing the number of calendar days employed during the applicable performance cycle through the date of Executive's death by the number of calendar days in such performance cycle, payable in accordance with the Long Term Incentive Plan (but no later than the "short-term deferral" period under Section 409A (defined below)) and (2) with respect to awards that vest solely based on the provision of services, vesting, as of the date of death, shall be calculated by multiplying (A) the total number of awards that would have vested if the Executive remained employed during the full performance cycle and (B) the quotient obtained from dividing the number of calendar days employed during the applicable performance cycle through the date of Executive's death by the number of calendar days in such performance cycle, payable in accordance with the Long Term Incentive Plan.

(e) Termination due to Disability. In the event of the Executive's Disability during the term of the Executive's employment, the Company shall have the right, upon written notice to the Executive, to terminate the Executive's employment hereunder, effective upon the giving of such notice (or such later date as shall be specified in such notice). Upon such termination, in addition to the Accrued Rights, subject to Section 2(h) and the Executive's continued compliance with the provisions of Sections 3 and 4, the Company shall have no further obligations hereunder beyond payment to the Executive of the pro-rata portion of the Annual Bonus (if any) for which the Executive would have been eligible had the Executive remained employed with the Company through the end of the fiscal year in which employment terminated, based on actual performance and calculated by multiplying such Annual Bonus by the quotient obtained by dividing the number of calendar days employed during the applicable fiscal year in which termination occurred by the number of calendar days in such fiscal year (which amount shall be paid during the period commencing on the 15th of April and ending on the 31st of May following the end of the applicable fiscal year of Signet). Executive's Long Term Incentive Plan awards shall be paid in accordance with the Long Term Incentive Plan and applicable award agreements. For the avoidance of doubt, all payments under this Section 2(e) shall cease upon the Executive's breach of the provisions of Sections 3 or 4 of this Agreement.

(f) Notice of Termination. Any purported termination of employment by the Company or by the Executive (other than due to the Executive's death) shall be communicated by written Notice of Termination to the other Party hereto in accordance with Section 9(f).

(g) Board/Committee Resignation. Upon termination of the Executive's employment for any reason, the Executive agrees to resign at the direction of the Board or shall be deemed to have resigned, as of the date of such termination and to the extent applicable, from the Board (and any committees thereof) and the Board of Directors (and any committees thereof) of any of the Company's subsidiaries or affiliates.

(h) Waiver and Release; Timing of Payments. Notwithstanding anything herein to the contrary, as a condition precedent to receiving any payments under this Section 2 (other than those amounts already accrued prior to the date of termination, including the Accrued

Rights), Executive (or the Executive's estate, as applicable) shall have executed, within twenty-one days, or if required for an effective release, forty-five days, following the Executive's termination of employment, a waiver and release in substantially the form attached hereto as Exhibit A (the "Release"), which Release may be updated by the Company from time to time to reflect changes in law, and the seven-day revocation period of such Release shall have expired. Subject to Section 6(b) and the execution of the Release pursuant to this Section 2(h), all payments under this Section 2 shall be payable as described above; provided, that, any payments due prior to the sixtieth day after Executive's termination of employment shall be made on such sixtieth day.

3. Confidentiality; Ownership of Developments.

(a) During the term of the Executive's employment with the Company or any of its subsidiaries or affiliates and for all time thereafter, the Executive shall keep secret and retain in strictest confidence and not divulge, disclose, discuss, copy or otherwise use or suffer to be used in any manner, except in connection with the Business of the Company and of any of the subsidiaries or affiliates of the Company, any trade secrets, confidential or proprietary information and documents or materials owned, developed or possessed by or for the Company or any of the subsidiaries or affiliates of the Company pertaining to the Business of the Company or any of the subsidiaries or affiliates of the Company; provided that such information referred to in this Section 3(a) shall not include information that is or has become generally known to the public or the jewelry trade without violation of this Section 3.

(b) The Executive acknowledges that all developments, including, without limitation, inventions (patentable or otherwise), discoveries, improvements, patents, trade secrets, designs, reports, computer software, flow charts and diagrams, data, documentation, writings and applications thereof (collectively, "Works") relating to the Business or planned business of the Company or any of the subsidiaries or affiliates of the Company that, alone or jointly with others, the Executive may create, make, develop or acquire during the term of Executive's employment with the Company or any of its subsidiaries or affiliates (collectively, the "Developments") are works made for hire and shall remain the sole and exclusive property of the Company and its subsidiaries and affiliates and the Executive hereby assigns to the Company all of Executive's right, title and interest in and to all such Developments and Executive shall take any action reasonably necessary to achieve the foregoing result. Notwithstanding any provision of this Agreement to the contrary, "Developments" shall not include any Works that do not relate to the Business or planned business of the Company or any of the subsidiaries or affiliates of the Company.

(c) The Executive is hereby notified, in accordance with the Defend Trade Secrets Act of 2016, 18 U.S.C. § 1833(b), that: (i) an individual shall not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that is made in confidence to a federal, state, or local government official, or to an attorney, solely for the purpose of reporting or investigating a suspected violation of law; (ii) an individual shall not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal; and (iii) an individual who files a lawsuit for retaliation by an employer for reporting a suspected violation of law may disclose the trade

secret to the attorney of the individual and use the trade secret information in the court proceeding, if the individual files any document containing the trade secret under seal and does not disclose the trade secret except pursuant to court order.

Notwithstanding anything herein to the contrary, nothing in this Agreement shall: (i) prohibit the Executive from making reports of possible violations of federal law or regulation to any governmental agency or entity in accordance with the provisions of and rules promulgated under Section 21F of the Securities Exchange Act of 1934 or Section 806 of the Sarbanes-Oxley Act of 2002, or of any other whistleblower protection provisions of state or federal law or regulation; or (ii) require notification or prior approval by the Company of any reporting described in clause (i).

(d) The Executive further understands that this Agreement does not limit the Executive's ability to communicate with the Equal Employment Opportunity Commission, the National Labor Relations Board, the Occupational Safety and Health Administration, the Securities and Exchange Commission or any other federal, state or local governmental agency or commission ("Government Agencies") or otherwise participate in any investigation or proceeding that may be conducted by any Government Agency, including providing documents or other information, without notice to the Company. This Agreement also does not limit the Executive's right to receive an award for information provided to any Government Agency.

4. Covenants Not to Solicit and Not to Compete. The Executive agrees that Executive shall not, directly or indirectly, without the prior written consent of the Company:

(a) during Executive's employment with the Company or any of its subsidiaries or affiliates and for a period of two years commencing upon termination of the Executive's employment, solicit, entice, persuade or induce any employee, consultant, agent or independent contractor of the Company or of any of the subsidiaries or affiliates of the Company to terminate his or her employment or engagement with the Company or such subsidiary or affiliate, to become employed by any person, firm or corporation other than the Company or such subsidiary or affiliate or approach any such employee, consultant, agent or independent contractor for any of the foregoing purposes; or

(b) during Executive's employment with the Company or any of its subsidiaries or affiliates and for a period of one year commencing upon termination of the Executive's employment, directly or indirectly own, manage, control, invest or participate in any way in, consult with or render services to or for any person or entity (other than for the Company or any of the subsidiaries or affiliates of the Company) which is materially engaged in the Business ("materially" meaning deriving more than 25% of its revenue from the sale of jewelry and watches per year as of the applicable date); provided that the Executive shall be entitled to own up to 1% of any class of outstanding securities of any company whose common stock is listed on a national securities exchange or included for trading on the NASDAQ Stock Market.

5. Specific Performance. The Executive acknowledges that the services to be rendered by the Executive are of a special, unique and extraordinary character and, in connection with such services, the Executive will have access to confidential information vital to the Business of the Company and the subsidiaries and affiliates of the Company. By reason of this, the Executive consents and agrees that if the Executive violates any of the provisions of Sections 3 or 4 hereof, the Company and the subsidiaries and affiliates of the Company would

sustain irreparable injury and that monetary damages will not provide adequate remedy to the Company and that the Company shall be entitled to have Sections 3 or 4 specifically enforced by any court having equity jurisdiction. Nothing contained herein shall be construed as prohibiting the Company or any of the subsidiaries or affiliates of the Company from pursuing any other remedies available to it for such breach or threatened breach, including, without limitation, the recovery of damages from the Executive or cessation of payments hereunder without requirement for posting a bond.

6. Section 409A.

(a) The intent of the parties is that payments and benefit under this Agreement comply with or be exempt from Internal Revenue Code of 1986, as amended (the “Code”) Section 409A and the regulations and guidance promulgated thereunder (collectively, “Section 409A”) and, accordingly, to the maximum extent permitted, this Agreement shall be interpreted to be in compliance therewith or exempt therefrom, as applicable. If any other payments of money or other benefits due to the Executive hereunder could cause the application of an accelerated or additional tax under Section 409A of the Code, the Company may (i) adopt such amendments to the Agreement, including amendments with retroactive effect, that the Company determines necessary or appropriate to preserve the intended tax treatment of the benefits provided by the Agreement and/or (ii) take such other actions as the Company determines necessary or appropriate to comply with the requirements of Section 409A.

(b) A termination of employment shall not be deemed to have occurred for purposes of this Agreement providing for the payment of any amounts or benefits that are considered nonqualified deferred compensation under Section 409A upon or following a termination of employment, unless such termination is also a “separation from service” within the meaning of Section 409A and the payment thereof prior to a “separation from service” would violate Section 409A. For purposes of any such provision of this Agreement relating to any such payments or benefits, references to a “termination,” “termination of employment” or like terms shall mean “separation from service.” If the Executive is deemed on the date of termination to be a “specified employee” within the meaning of that term under Section 409A(a)(2)(B), then, notwithstanding any other provision herein, with regard to any payment or the provision of any benefit that is considered nonqualified deferred compensation under Section 409A payable on account of a “separation from service,” such payment or benefit shall not be made or provided prior to the date which is the earlier of (A) the expiration of the six-month period measured from the date of such “separation from service” of the Executive, and (B) the date of the Executive’s death (the “Delay Period”). Upon the expiration of the Delay Period, all payments and benefits delayed pursuant to this Section 6(b) (whether they would have otherwise been payable in a single lump sum or in installments in the absence of such delay) shall be paid or reimbursed to the Executive in a lump sum on the first business day following the Delay Period, and any remaining payments and benefits due under this Agreement shall be paid or provided in accordance with the normal payment dates specified for them herein.

(c) (i) All expenses or other reimbursements as provided herein shall be payable in accordance with the Company’s policies in effect from time to time, but in any event any reimbursements that are non-qualified deferred compensation subject to Section 409A of the Code shall be made on or prior to the last day of the taxable year following the taxable year in

which such expenses were incurred by the Executive; (ii) no such reimbursement or expenses eligible for reimbursement in any taxable year shall in any way affect the expenses eligible for reimbursement in any other taxable year; and (iii) the right to reimbursement or in-kind benefits shall not be subject to liquidation or exchanged for another benefit.

(d) For purposes of Section 409A, the Executive's right to receive any installment payments pursuant to this Agreement shall be treated as a right to receive a series of separate and distinct payments. Whenever a payment under this Agreement specifies a payment period with reference to a number of days (e.g., "payment shall be made within thirty days following the date of termination"), the actual date of payment within the specified period shall be within the sole discretion of the Company.

(e) Nothing contained in this Agreement shall constitute any representation or warranty by the Company regarding compliance with Section 409A. The Company has no obligation to take any action to prevent the assessment of any additional income tax, interest or penalties under Section 409A on any person and the Company, its subsidiaries and affiliates, and each of their employees and representatives shall not have any liability to the Executive with respect thereto.

7. Compliance with Board Policies.

(a) The Executive shall be required to build a holding of shares of Signet common stock ("Shares") equal to a specified level as set by the Board from time to time (the "Share Ownership Requirement") pursuant to the terms of any stock ownership policy or guidelines approved by the Board or a committee of the Board and provided to the Executive. The Share Ownership Requirement shall be required for so long as the Executive is an executive officer of the Signet Group.

(b) The Executive shall be subject to the written policies of the Board applicable to executives, including without limitation any Board policy relating to claw back of compensation, as they exist from time to time during the Executive's employment with the Company or any of its affiliates.

8. Governing Law; Jurisdiction.

(a) This Agreement shall be subject to, and governed by, the laws of the State of Ohio applicable to contracts made and to be performed therein, without regard to conflict of laws principles thereof.

(b) Any action to enforce any of the provisions of this Agreement shall be brought in a court of the State of Ohio located in Summit County or in a Federal court located in Cleveland, Ohio. The parties consent to the jurisdiction of such courts and to the service of process in any manner provided by Ohio law. Each Party irrevocably waives any objection which it may now or hereafter have to the laying of the venue of any such suit, action, or proceeding brought in such court and any claim that such suit, action, or proceeding brought in such court has been brought in an inconvenient forum and agrees that service of process in accordance with the foregoing sentences shall be deemed in every respect effective and valid personal service of process upon such Party.

EXECUTIVE ACKNOWLEDGES THAT, BY SIGNING THIS AGREEMENT, SHE IS WAIVING ANY RIGHT THAT SHE MAY HAVE TO A JURY TRIAL RELATED TO THIS AGREEMENT.

9. Miscellaneous.

(a) Entire Agreement/Amendments. This Agreement, including the employment terms, duties and entitlements set forth on Schedule 1, contains the entire understanding of the parties with respect to the subject matter hereto and supersedes any and all prior agreements (whether written or oral) between the Parties with respect thereto, including, without limitation, any prior written term sheet and to the extent modified by the terms herein, any Long Term Incentive Plan award granted after the date of this Agreement, unless the Long Term Incentive Plan award expressly overrides this Agreement. There are no restrictions, agreements, promises, warranties, covenants or undertakings between the parties with respect to the subject matter herein other than those expressly set forth herein. This Agreement may not be altered, modified, or amended except by written instrument signed by the parties hereto. For the avoidance of doubt, the employment terms, duties and entitlements set forth on Schedule 1 are an integral part of this Agreement.

(b) No Waiver. The failure of a Party to insist upon strict adherence to any term of this Agreement on any occasion shall not be considered a waiver of such Party's rights or deprive such Party of the right thereafter to insist upon strict adherence to that term or any other term of this Agreement.

(c) Severability. The provisions of this Agreement are severable and the invalidity, illegality or unenforceability of any one or more provisions shall not affect the validity, legality or enforceability of any other provision. In the event that a court of competent jurisdiction shall determine that any provision of this Agreement or the application thereof is unenforceable in whole or in part because of the duration or scope thereof, the parties hereto agree that said court in making such determination shall have the power to reduce the duration and scope of such provision to the extent necessary to make it enforceable, and that the Agreement in its reduced form shall be valid and enforceable to the full extent permitted by law.

(d) Assignment. This Agreement and all of the Executive's rights and duties hereunder shall not be assignable or delegable by the Executive. Any purported assignment or delegation by the Executive in violation of the foregoing shall be null and void *ab initio* and of no force and effect. This Agreement may be assigned by the Company to, or assumed by, a person or entity which is an affiliate of the Company or a successor in interest to substantially all of the business operations of the Company. Upon such assignment, the rights and obligations of the Company hereunder shall become the rights and obligations of such affiliate or successor person or entity.

(e) Successors; Binding Agreement. This Agreement shall inure to the benefit of and be binding upon personal or legal representatives, executors, administrators, successors, heirs, distributees, devisees and legatees. In the event of the Executive's death, all amounts payable hereunder to the Executive that are then unpaid, shall be paid to the Executive's

beneficiary designated by Executive in writing to the Company or, in the absence of such designation, to Executive's estate.

(f) Notice. For the purpose of this Agreement, notices and all other communications provided for in the Agreement shall be in writing and shall be deemed to have been duly given when delivered by hand or overnight courier or three days after it has been mailed by United States registered mail, return receipt requested, postage prepaid, addressed to the respective addresses set forth below in this Agreement, or to such other address as either Party may have furnished to the other in writing in accordance herewith, except that notice of change of address shall be effective only upon receipt.

EXHIBIT A**RELEASE**

This RELEASE (“Release”) dated as of _____, 20__ between Sterling Jewelers Inc., a Delaware corporation (the “Company”), and Virginia Drosos (the “Executive”).

WHEREAS, the Company and the Executive previously entered into that certain Termination Protection Agreement dated September 26, 2017 (the “Agreement”); and

WHEREAS, the Executive's employment with the Company has terminated effective _____, 20__ (“Termination Date”);

NOW, THEREFORE, in consideration of the premises and mutual agreements contained herein and in the Agreement, the Company and the Executive agree as follows:

1. Capitalized terms not defined herein shall have the meaning as defined under the Agreement.
2. In consideration of the Executive’s release under Paragraph 3 hereof, the Company shall pay to the Executive or provide benefits to the Executive as set forth in Section 2, as applicable, of the Agreement, which is attached hereto and made a part hereof.
3. The Executive, on Executive’s own behalf and on behalf of Executive’s heirs, estate and beneficiaries, does hereby release the Company, and in such capacities, any of its subsidiaries or affiliates, and each past or present officer, director, agent, employee, shareholder, and insurer of any such entities, from any and all claims made, to be made, or which might have been made of whatever nature, whether known or unknown, from the beginning of time, including those that arose as a consequence of Executive’s employment with the Company, or arising out of the severance of such employment relationship, or arising out of any act committed or omitted during or after the existence of such employment relationship, all up through and including the date on which this Release is executed, including, without limitation, any tort and/or contract claims, common law or statutory claims, claims under any local, state or federal wage and hour law, wage collection law or labor relations law, claims under any common law or other statute, claims of age, race, sex, sexual orientation, religious, disability, national origin, ancestry, citizenship, retaliation or any other claim of employment discrimination, including under Title VII of the Civil Rights Acts of 1964 and 1991, as amended (42 U.S.C. §§ 2000e *et seq.*), Age Discrimination in Employment Act, as amended (29 U.S.C. §§ 621, *et seq.*); the Americans with Disabilities Act (42 U.S.C. §§ 12101 *et seq.*), the Rehabilitation Act of 1973 (29 U.S.C. 701 *et seq.*), the Family and Medical Leave Act (29 U.S.C. §§ 2601 *et seq.*), the Fair Labor Standards Act (29 U.S.C. §§ 201 *et seq.*), the Employee Retirement Income Security Act of 1974, as amended (29 U.S.C. §§ 1001 *et seq.*) and any other law (including any state or local law or ordinance) prohibiting employment discrimination or relating to employment, retaliation in employment, termination of employment, wages, benefits or otherwise. In connection with this release provision, the Executive does not waive the Executive’s right to file a charge with the EEOC or participate in an investigation conducted by the EEOC; however, the Executive expressly waives the Executive’s right to monetary or other relief should any administrative agency, including but not limited to the EEOC, pursue any claim on the Executive’s behalf, except that the Executive is not prohibited from receiving any monetary award from the Securities and Exchange Commission pursuant to Section 21F of the Securities Exchange Act of 1934. The

Executive relinquishes any right to future employment with the Company and the Company shall have the right to refuse to re-employ the Executive, in each case without liability of the Executive or the Company. The Executive acknowledges and agrees that even though claims and facts in addition to those now known or believed by her to exist may subsequently be discovered, it is Executive's intention to fully settle and release all claims she may have against the Company and the persons and entities described above, whether known, unknown or suspected.

4. The Company and the Executive acknowledge and agree that the release contained in Paragraph 3 does not, and shall not be construed to, release or limit the scope of any existing obligation of the Company and/or any of its subsidiaries or affiliates (i) to indemnify the Executive for Executive's acts as an officer or director of Company in accordance with the Certificate of Incorporation and all agreements thereunder, (ii) to pay any amounts or benefits pursuant to Paragraph 2 of this Release or any Accrued Rights (as defined in the Agreement) to which the Executive is entitled under the Agreement, or (iii) with respect to the Executive's rights as a shareholder of the Company, Signet or any of their subsidiaries.

5. Executive acknowledges that pursuant to the Release set forth in Paragraph 3 above, Executive is waiving and releasing any rights she may have under the Age Discrimination in Employment Act of 1967 ("ADEA") and that Executive's waiver and release of such rights is knowing and voluntary. Executive acknowledges that the consideration given for the ADEA waiver and release under this Release is in addition to anything of value to which Executive was already entitled.

(a) Executive further acknowledges that she has been advised by this writing that:

(i) Executive should consult with an attorney prior to executing this Release and has had an opportunity to do so;

(ii) Executive has up to twenty-one (21) days within which to consider this ADEA waiver and release;

(iii) Executive has seven (7) days following Executive's execution of this Release to revoke this ADEA waiver and release, but only by providing written notice of such revocation to the Company in accordance with the "Notice" provision in Section 15(f) of the Agreement;

(iv) the ADEA waiver and release shall not be effective until the seven (7) day revocation period has expired; and

(v) the twenty-one (21) day period set forth above shall run from the date Executive receives this Release. The Parties agree that any modifications made to this Release prior to its execution shall not restart, or otherwise affect, this twenty-one day (21) period.

(b) It is the intention of the parties in executing this Release that this Release shall be effective as a full and final accord and satisfaction and release of and from all liabilities, disputes, claims and matters covered under this Release, known or unknown, suspected or unsuspected.

6. This Release shall become effective on the first (1st) day following the day that this Release becomes irrevocable under Paragraph 5. All payments due to the Executive shall be payable in accordance with the terms of the Agreement.
