PROPOSAL 1: ELECTION OF DIRECTORS

Board Structure

The Board of Directors of Viad Corp (“Viad” or the “Company”) consists of nine persons divided into three classes or groups. The term of one class of directors expires at each annual meeting, and nominees are elected to that class for a term of three years. Three directors are to be elected at this year’s annual meeting.

Majority Vote Standard for Election of Directors

For uncontested elections of directors, Viad’s Bylaws provide that the vote standard is a majority of votes cast, which means that the number of shares voted “for” a director nominee must exceed the number of votes cast “against” that director nominee. The Bylaws further provide that if a nominee who already serves as a director is not elected by a majority vote, then the director will be obligated to tender his or her resignation to the Board. The Corporate Governance and Nominating Committee of the Board will make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board will be required to publicly disclose its decision and the rationale behind it within 90 days of the certification of the election results. The director who tenders his or her resignation will not participate in the Board’s decision. In contested elections where the number of nominees exceeds the number of directors to be elected, the Bylaws provide for a plurality vote standard.

If a nominee, who was not already serving as a director, is not elected at the annual meeting, the Bylaws provide that the nominee would not become a director. All director nominees listed below are currently serving on the Board.

Skills, Qualifications and Experience of Viad’s Directors

While Viad’s directors have many individual qualifications, the Board believes that certain specific qualifications are common to all of Viad’s directors, and these qualifications (as well as others) led the Board to conclude that each director listed below under the “Director Nominees” and “Directors Continuing in Office” sections should serve on the Board. These qualifications include:

- Highest ethical standards and integrity;
- Willingness to act on and be accountable for Board decisions;
- Ability to provide informed and thoughtful counsel to top management on a range of issues;
- History of achievement that reflects superior standards for himself/herself and others;
- Loyalty and commitment to driving the success of Viad;
- Willingness to ask questions and pursue answers;
- Ability to take tough positions while at the same time work as a team player;
- Willingness to devote sufficient time to carrying out his/her duties and responsibilities effectively as a Board member, and commitment to serve on the Board for an extended period of time;
- Adequate time to spend learning the businesses of Viad; and
- Individual background that provides a portfolio of experience, knowledge and personal attributes commensurate with Viad’s needs.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

Corporate Governance

In accordance with applicable laws and the Bylaws of Viad, the business and affairs of Viad are governed under the direction of our Board of Directors. The system of governance practices followed by Viad is set forth in the Corporate Governance Guidelines and the charters of each of the committees of the Board of Directors. The Corporate Governance Guidelines set forth the practices the Board will follow with respect to the duties of the Board, its operations and committee matters, director qualifications and selection process, director compensation, director independence, director orientation and continuing education, chief executive officer evaluation, management succession, and annual Board evaluation.

The Corporate Governance Guidelines and committee charters, as well as the Code of Ethics applicable to Viad's directors, officers and employees, may be viewed on the Internet at www.viad.com/investors/corp_governance.html, and are available in print upon request to the Corporate Secretary of Viad at the address listed on the first page of this proxy statement. The Corporate Governance Guidelines and committee charters are reviewed periodically to ensure the effective and efficient governance of Viad and to comply in a timely manner with all laws and the listing standards of the New York Stock Exchange ("NYSE") that are applicable to corporate governance.

Board Committees and Director Independence

The Board maintains three standing committees to assist in fulfilling its responsibilities: Audit Committee, Corporate Governance and Nominating Committee, and Human Resources Committee. Each committee meets periodically during the year, reports regularly to the full Board and annually evaluates its performance. The table below provides current membership and meeting information for each committee. In addition, the table identifies the independent directors, as determined by the Board in February 2010, within the meaning of the NYSE listing standards, applicable Securities and Exchange Commission ("SEC") regulations and Viad's Corporate Governance Guidelines. The Corporate Governance Guidelines include categorical standards for independence that meet or exceed the NYSE listing standards.

2009 Meetings	11	4	6	

The particular areas of responsibility of each Board committee and other related information are described below. Each committee may form and delegate authority to a subcommittee of one or more members of the committee.

Audit Committee. The Audit Committee appoints Viad's independent registered public accountants and assists the Board in monitoring the quality and integrity of the financial statements of Viad, the compliance by Viad with legal and regulatory requirements, and the independence and performance of Viad's internal auditors and external independent registered public accountants. The Committee conducts regularly scheduled executive sessions with individual members of Viad's management and with Viad's independent registered public accountants. The Committee has sole authority to appoint or replace Viad's independent registered public accountants. The independent registered public accountants report directly to the Committee. The Board has determined that all members of the Audit Committee are financially literate, as defined by the NYSE listing standards, and that Mr. Munzenrider qualifies as an "audit committee financial expert," as defined by SEC regulations.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is responsible for proposing a slate of directors for election by the shareholders at each annual meeting and for

proposing candidates to fill any vacancies on the Board. The Committee is also responsible for an assessment of the Board's performance to be discussed with the full Board annually, and for review of, and from time to time for proposal of changes to, Viad's Corporate Governance Guidelines and the compensation and benefits of non-employee directors. In connection with these responsibilities, the Committee has sole authority to retain and/or terminate any search firm or compensation consultant to identify director candidates or to assist in the evaluation of director compensation.

Human Resources Committee. The Human Resources Committee oversees development and implementation of a compensation strategy designed to enhance profitability and shareholder value. The Committee also reviews and approves, subject to ratification by independent members of the Board, the salary and equity and incentive compensation of the Chief Executive Officer, approves salaries and compensation of executive officers, and approves incentive compensation targets and awards under various compensation plans and programs of Viad. In addition, the Committee has sole authority to retain and/or terminate any compensation consultant to be used to assist in the evaluation of the Chief Executive Officer or senior executive compensation. The Committee also has authority to obtain advice and assistance from internal or external legal, accounting or other advisors. While the Corporate Governance and Nominating Committee has responsibility to review and make recommendations to the Board regarding non-employee director compensation and benefits, the Human Resources Committee has sole authority to approve grants of equity compensation to non-employee directors under the 2007 Viad Corp Omnibus Incentive Plan.

Hewitt Associates ("Hewitt"), a nationally-known independent consulting firm, has been retained by the Committee and Viad's Human Resources Department to provide services and advice and counsel on executive compensation and to serve as a technical resource for market data on executive and director compensation. Viad's Human Resources and Law Departments, and its Corporate Secretary, support the Committee in its work and in some cases act pursuant to delegated authority to fulfill various functions in administering Viad's compensation programs. Viad's Chief Executive Officer makes a recommendation to the Committee on the compensation of other executive officers of Viad; however, the Committee has sole authority to approve, for Viad's Chief Executive Officer and other executive officers, (a) the annual base salary level, (b) the annual incentive opportunity level and granting of incentive awards, (c) the long-term incentive opportunity level, and (d) any special or supplemental benefits, with the salary, equity and incentive compensation of the Chief Executive Officer being subject to ratification by independent members of the Board.

Board Meetings and Annual Shareholder Meeting

Under Viad's Corporate Governance Guidelines, each director is expected to attend the Annual Meeting of Shareholders, Board meetings and meetings of committees on which they serve. The Board of Directors held four regular meetings and two special meetings during 2009. Each director who held office in 2009 attended 100% of his or her Board and committee meetings in 2009. All directors who held office in 2009 were in attendance at the 2009 Annual Meeting of Shareholders.

Meetings of Non-Management Directors and Presiding Director

The Board held four executive sessions of the independent, non-management directors in 2009 and regular executive sessions of the non-management directors have been scheduled for 2010. Mr. Hay has served as Presiding Director of Viad since May 17, 2005, and was designated by the Board to continue as Presiding Director for the period beginning January 1, 2009, and ending December 31, 2010, or until such other time as his successor is chosen by action of the non-management directors of Viad.

Board Leadership Structure

The Board combines the role of chairman of the board with the role of chief executive officer ("CEO"). The Board also has a presiding director, who is an experienced and long-tenured independent director. The Board believes this governance structure provides efficient and effective leadership for Viad. Having a single person lead both the Board and management fosters effective decision-making, enabling the definition of corporate strategies to be driven by a unified vision and supported by a clear path of accountability. Furthermore, Mr. Dykstra, Viad's Chairman and CEO, is receptive to input from the Board, and fosters frequent communication with members of the Board, as appropriate.

The Board also believes that Viad has appropriate governance practices to ensure that the full Board maintains independent oversight, including:

- All directors on Viad's Board are independent, except the chief executive officer;
- Executive sessions of the independent directors are held at regular meetings of the Board, and such meetings are chaired by the presiding director;
- An annual review of the performance of the chief executive officer is conducted by the Human Resources Committee, whose members are all independent directors;
- An annual review of the Board's performance is lead by the Corporate Governance and Nominating Committee, whose members are all independent directors;
- The process for selecting new directors is lead by the Corporate Governance and Nominating Committee; and
- Regular succession planning reviews are conducted by the Board for the positions of the chief executive officer, as well as his senior management team and other significant management positions within Viad's operating companies. The Board periodically reviews interim (e.g., emergency-response) and long-term succession plans with a view toward providing for orderly transitions (in the cases of both planned and unplanned management changes) related to each of Viad's key executive positions.

Corporate Governance and Nominating and Human Resources Committees Interlocks and Insider Participation

Viad is not aware of any interlocking relationships between any member of Viad's Human Resources Committee or Corporate Governance and Nominating Committee and any of Viad's executive officers that would require disclosure under the applicable rules promulgated under the U.S. federal securities laws.

Review and Approval of Transactions with Related Persons

In February 2007, the Board adopted a policy and procedures for review, approval and monitoring of transactions involving the Company and "related persons" (directors and executive officers or their immediate family members, or shareholders and their immediate family members owning 5% or greater of the Company's outstanding stock). The policy applies to any transaction in which Viad or an operating company is a participant and any related person has a direct or indirect interest, excluding de minimus transactions of a commercial or other nature between a related person and Viad or one of its operating companies and any compensation arrangements with executive officers or directors of Viad that have been approved or authorized by the Board or the Human Resources Committee.

The Corporate Governance and Nominating Committee is responsible for reviewing, approving and/or ratifying any transaction involving a related person. Management will bring the matter to the attention of the Corporate Governance and Nominating Committee and provide it with all material information with respect to related person transactions. A related person transaction must be approved in advance whenever practicable, otherwise it must be ratified as promptly as practicable; provided that if ratification is not forthcoming, management will make all reasonable efforts to cancel or annul the transaction. A related person transaction will be submitted to the Committee for consideration at its next meeting or, in those instances in which the President and Chief Executive Officer determines that it is not practicable or desirable for Viad to wait until the next Committee meeting, to the Chairman of the Committee (who has the delegated authority to act between Committee meetings with respect to this policy). The Chairman of the Committee will report to the Committee at the next Committee meeting any approval under this policy pursuant to delegated authority. The Committee will annually review with management existing related person transactions, if any, and report annually to the Board, to ensure that such transactions are being pursued in accordance with understandings and commitments made at the time they were approved, that payments are being made appropriately, and that such transactions continue to serve the interests of Viad.

Director Nominations

As provided in its charter, the Corporate Governance and Nominating Committee has established procedures for consideration of candidates for Board membership suggested by its members and other sources, including shareholders. The Committee has authority under its charter to employ a third-party search firm to assist it in identifying candidates for director. A shareholder who wishes to recommend a prospective nominee for the Board should notify

Table of Contents

Viad's Corporate Secretary in writing at the address listed on page 1 of this proxy statement. Any such recommendation should include:

- the name and address of the candidate;
- a brief biographical description, including his or her occupation for at least the last five years, and a statement of the qualifications of the candidate, taking into account the qualification requirements set forth below; and
- the candidate's signed consent to serve as a director if elected and to be named in the proxy statement.

The Committee will review the qualifications of any person properly nominated by a shareholder in accordance with Viad's Bylaws relating to shareholder proposals as described in the "Submission of Shareholder Proposals and Director Nominations" section of this proxy statement.

When the Committee reviews a potential nominee, the Committee looks specifically at the candidate's qualifications in light of the needs of the Board and Viad at that time given the then current mix of director attributes. The Committee, in accordance with Viad's Corporate Governance Guidelines, assesses director nominees based on their qualification as independent, as well as consideration of diversity, skills, and experience in the context of the current needs of the Board. The Committee does not have a specific policy on diversity. Director nominees also must have common qualities expected of all Viad directors, including high personal and professional ethics, integrity and values and a commitment to representing the long-term interests of shareholders. The Committee also ensures that the members of the Board, as a group, maintain the requisite qualifications under the listing standards of the NYSE for populating the Audit, Human Resources, and Corporate Governance and Nominating Committees.

Viad will deliver a questionnaire to a director candidate properly nominated by a shareholder addressing the candidate's independence, qualifications and other information that would assist the Corporate Governance and Nominating Committee in evaluating the candidate, as well as certain information that must be disclosed about the candidate in Viad's proxy statement, if nominated by the Committee. While it has been Viad's standard practice to obtain responses to a director candidate questionnaire, in August 2008, the Board of Directors amended Article II of Viad's Bylaws to formalize this standard practice and require a director candidate to provide responses to Viad's director candidate questionnaire related to background, qualification, conflicts of interest and director independence. In addition, the director candidate questionnaire will include a representation and agreement to be signed by the director candidate as to his or her independence and the lack of conflicts of interest.

Communication with Board of Directors

Interested parties may communicate directly with non-management directors, including the Presiding Director, and/or with the Board by writing to the following address: Viad Corp, 1850 North Central Avenue, Suite 800, Phoenix, Arizona 85004-4545, Attention: Corporate Secretary. All communications will be delivered to the non-management directors or the Board, as the case may be, no later than the Board's next regularly scheduled meeting.

Risk Oversight

Management is responsible for assessing and managing the Company's various exposures to risk, including the adoption of risk management controls, policies and procedures. The Board oversees the management of the Company's risk exposures by the Company's management. The Board has delegated to the Audit Committee, as reflected in its charter, responsibility for discussing with Viad's management the major financial risk exposures of Viad and the steps Management has taken to monitor and control such exposures, including Viad's risk assessment and risk management policies. Annually, Viad conducts a business risk assessment to identify, evaluate and prioritize business risks that could impact Viad. Within this risk assessment, a financial statement risk assessment and materiality analysis is conducted, including evaluating potential fraud schemes and scenarios that might affect Viad. The risk assessment includes an evaluation of the significance of the risks, the likelihood of occurrence, the risk remaining after application of management controls, and actions necessary to mitigate risk exposure. Management presents a report of the results of the annual risk assessment during the meeting of the Audit Committee that occurs annually in May. Prior to the meeting, a written report of the results of the assessment is provided to all members of the Board. All members of the Board are invited to attend the Audit Committee meeting, and eight out of the nine members of the Board were present at the May 2009 meeting when the results of the 2009 assessment were discussed. Thereafter, at the meeting of the Board, the Chairman of the Audit Committee provides a summary report to the Board regarding the results of the assessment and the Audit Committee's discussions concerning the results. Management

continuously monitors the Company's risks throughout the year, and major risk factors are reviewed quarterly with the Audit Committee in connection with Viad's preparation and filing of its quarterly report on Form 10-Q.

Director Compensation Table

Each non-employee director receives compensation for service on the Board and any of its committees. Directors who are also officers or employees of Viad do not receive any special or additional remuneration for service on the Board and do not serve on any of its committees. Mr. Dykstra is the only officer-director serving on the Board.

The following table provides the compensation paid to the directors in 2009, other than Mr. Dykstra, whose compensation is disclosed in the Summary Compensation Table provided in this proxy statement. The dollar figures presented below in the Stock Awards column (c) of the Table represent the grant date fair value of awards granted to the non-employee directors, which may not reflect the actual value to be realized by the director as economic and market risks associated with stock awards can affect the actual value realized. The actual value realized by the director for the stock will not be determined until time of vesting, or in the case of option awards, until option exercise.

¹ Non-employee directors receive an annual retainer of \$30,000. Committee chairmen receive an additional annual retainer of \$5,000, except for the Audit Committee chairman who receives an additional annual retainer of \$10,000. Mr. Hay, presiding director of Viad, receives an additional annual retainer of \$25,000 for serving in that role. Non-employee directors also receive a fee of \$1,600 for each Board meeting attended and a fee of \$1,500 for each committee meeting attended. Directors are reimbursed for all expenses related to their service as directors, including travel expenses and fees associated with director education seminars.

² There can be no assurances that the amounts provided in this column will be realized. The amounts shown in this column reflect the grant date fair value of awards by Viad in 2009 to the non-employee directors.

At December 31, 2009, the following shares of restricted stock were outstanding for the non-employee directors: Mr. Allcott, 7,000; Mr. Boggan, 7,000; Dr. Cunningham, 7,000; Mr. Dozer, 5,335; Mr. Hay, 7,000; Mr. Krueger, 4,500; Mr. Munzenrider, 6,967; and Dr. Teplin, 7,000.

In 2009, each of the non-employee directors was granted 3,000 shares of restricted stock with a grant date fair value of \$46,065, which will vest three years from the date of grant, with pro rata vesting of shares upon expiration of the three-year period if a director leaves the Board prior to the end of such period for any reasons other than for "cause", provided that full vesting will occur upon lapse of such period if the director has met certain age and holding period requirements. Full vesting may also occur upon expiration of the three-year period, at the discretion of the Human Resources Committee, if a director has terminated service due to unforeseen hardship or circumstances beyond the control of the director and such termination of service is at least six months after the date of grant. If a non-employee director were to take office after the restricted stock grant in February of each year, the new director would receive a pro rata grant of restricted stock based on the date of election and the next regularly scheduled February grant of restricted stock.

³ No stock options were awarded to the non-employee directors in 2009. At December 31, 2009, the following stock options were outstanding for the named directors: Mr. Allcott, 10,140; Mr. Boggan, 5,000; Dr. Cunningham, 3,125; Mr. Dozer, none; Mr. Hay, 8,425; Mr. Krueger, 1,979; Mr. Munzenrider, 10,140; and Dr. Teplin, 6,250.

⁴ The amounts shown for the non-employee directors reflect the corporate matching of charitable contributions pursuant to the Directors' Matching Gift Program, which provides for corporate matching of charitable contributions made by non-employee directors, on a dollar-for-dollar basis, up to an aggregate maximum of \$5,000 per year to qualified non-profit organizations having tax-exempt status under Section 501(c)(3) of the Internal Revenue Code. The amounts shown also reflect the premium paid by Viad on behalf of each non-employee director for accidental death and dismemberment insurance benefits of \$300,000 and travel accident insurance benefits of \$300,000 when they are traveling on corporate business.

SECURITY OWNERSHIP OF VIAD MANAGEMENT AND CERTAIN BENEFICIAL OWNERS

Ownership Guidelines for Directors and Executive Officers

We believe it is important to align the financial interests of our directors and executive officers with those of our shareholders. Guidelines have been adopted which specify the minimum amount of Viad stock that directors and officers are expected to own on a direct basis, meaning stock which is subject to market risk, not simply held under option. The guidelines call for each officer to own stock which has a value within a range of one and one-half to five times that individual's annual salary, depending on salary level. The guidelines also call for each non-employee director to own stock which has a value equal to five times the annual retainer payable to a director, and all non-employee directors have met their goals. The executive officers named in the Summary Compensation Table of this proxy statement have met or exceeded their goals, except Mr. Hannan, who joined Viad in December 2008, and is working toward achieving his goal.

Performance-based restricted stock granted in 2008 vested in one-third increments in February 2009 and January 2010 with the balance to vest in January 2011 because specific performance targets were achieved at target levels. The specific performance targets for performance-based restricted stock granted in 2009 were not achieved at threshold levels for all companies (except Glacier Park) and no awards will be distributed other than to the Glacier Park participant. Glacier Park realized a 50% achievement and shares vested in one-third increments in February 2010 with the balance to vest in January 2011 and January 2012. A portion of the performance-based restricted stock units granted in 2009 were distributed in cash in March 2010 because the operating company portion of the award was achieved at slightly below target levels while the corporate component was not achieved. The remaining payouts will occur in one-third increments each year over the next two years on the first business day in January. Future vesting of restricted stock and units, including performance-based restricted stock and units, is subject generally to continued employment with the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires Viad's executive officers, directors, and beneficial owners of more than 10% of Viad's common stock, to file initial reports of ownership and reports of changes in ownership of Viad's common stock with the SEC and the NYSE. Such executive officers, directors and beneficial owners are required by U.S. federal securities regulations to furnish Viad with copies of all Section 16(a) forms they file. As a matter of practice, Viad's administrative staff assists its executive officers and directors in preparing initial reports of ownership and reports of changes in ownership, and files such reports on their behalf with the SEC and the NYSE. Based solely on a review of the copies of such forms furnished to Viad and written representations from its executive officers and directors, Viad believes that all executive officers, directors and beneficial owners timely complied with the Section 16(a) reporting requirements in 2009, except Mr. Jastrem, who filed a Form 4 on January 5, 2010 to report that he did not timely file a Form 4 for 2,645 shares surrendered for taxes in connection with the 2009 vesting of restricted stock granted October 23, 2006.

AUDIT COMMITTEE REPORT

The Committee

The Audit Committee of the Board is comprised solely of independent directors and was appointed by the Board to assist the Board in monitoring (1) the integrity of the financial statements of Viad, (2) the independent auditors' qualifications and independence, (3) the performance of Viad's internal audit function and independent auditors, and (4) the compliance by Viad with legal and regulatory requirements, including oversight of Viad's Always Honest SM compliance and ethics program.

Meetings and Responsibilities

The Committee met eleven times in 2009. Committee members are also available to consult with management and with the Company's independent auditors throughout the year. The Committee regularly meets in general and private sessions with management of Viad and with Viad's internal auditors and external independent auditors. The

Committee receives and discusses their reports and encourages open and detailed discussion of all matters related to responsibilities of the Committee.

Financial Statements Recommendation

The Committee recommended that the audited financial statements of Viad for 2009 be included in Viad's Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 8, 2010. A copy of that report is included with your proxy materials. In connection with its recommendation, the Committee did the following:

- Reviewed and discussed the audited financial statements of Viad with management;
- Discussed with the independent auditors of Viad matters required to be discussed by generally accepted auditing standards, including standards set forth in Statement on Auditing Standards No. 114. That statement requires that the independent auditors communicate to the Committee matters related to the conduct of the audit such as the quality of earnings; estimates, reserves and accruals; suitability of accounting principles; highly judgmental areas; and audit adjustments whether or not recorded; and
- Received written disclosures from the independent auditors regarding their independence as required by Rule 3526 of the Public Company Accounting Oversight Board, and discussed with the independent auditors the independent auditors' independence.

It is not the duty of the Committee to plan or conduct audits or to determine that Viad's financial statements are complete or accurate and in accordance with generally accepted accounting principles. Those are the responsibilities of management and Viad's independent auditors. In giving its recommendation to the Board of Directors that the audited financial statements of Viad for 2009 be included in Viad's Annual Report on Form 10-K, the Committee relied on management's representations and the report of Viad's independent auditors with respect to the financial statements. A report of Viad's management concerning management's responsibility for financial reporting, and the report and opinion of Deloitte & Touche LLP, Viad's independent auditors, are included in Viad's Annual Report on Form 10-K and should be read in conjunction with the audited financial statements of Viad.

Disclosure Controls and Internal Control Over Financial Reporting

Management is responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)) and internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)), evaluating the effectiveness of disclosure controls and procedures and internal control over financial reporting, and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. Deloitte & Touche LLP is responsible for expressing an opinion on the effectiveness of Viad's internal control over financial reporting.

During 2009 and through the filing of Viad's 2009 Annual Report on Form 10-K, management completed the documentation, testing and evaluation of Viad's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Committee was kept informed of the progress of the evaluation during the process. The Committee received periodic updates provided by management and Deloitte & Touche LLP at Committee meetings. The Committee has discussed with Deloitte & Touche LLP the matters required under Auditing Standard No. 5 ("An Audit of Internal Control Over Financial Reporting That is Integrated With An Audit of Financial Statements") of the Public Company Accounting Oversight Board. That standard requires Viad's independent auditors to report on their audit of Viad's internal control over financial reporting performed in conjunction with their audit of Viad's consolidated financial statements. At the conclusion of the process, management provided the Committee with, and the Committee reviewed, a report on the effectiveness of Viad's internal control over financial reporting. The Committee also reviewed the report of Deloitte & Touche LLP relating to its audit of the effectiveness of Viad's internal control over financial reporting.

REPORT OF THE HUMAN RESOURCES COMMITTEE ON EXECUTIVE COMPENSATION

The Human Resources Committee of the Board is comprised solely of independent directors. The Committee oversees design and implementation of an executive compensation strategy intended to enhance the fundamental value of Viad by increasing its earnings, cash flows, market position and financial condition, thereby providing a logical predicate for increases in shareholder value. The Committee has reviewed and discussed with Viad's management the Compensation Discussion and Analysis provided in this proxy statement, and based on such review and discussions, the Committee recommended to Viad's Board of Directors that such Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in Viad's 2009 Annual Report on Form 10-K, filed March 8, 2010.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Program Overview

Each year, the Human Resources Committee (the "HR Committee") of the Board reviews and approves Viad's executive compensation program and the compensation levels for its executive officers. The HR Committee, comprised solely of independent directors, has sole responsibility with respect to Viad's Chief Executive Officer ("CEO") and other executive officers, to approve (a) the annual base salary level, (b) the annual incentive opportunity level, achievement of performance measures and payment of incentive awards, (c) the long-term incentive opportunity level, grant of awards, and achievement of performance measures, and (d) any special or supplemental benefits and perquisites. The salary, equity and incentive compensation of Viad's CEO is approved by the HR Committee and is subject to ratification by independent members of the Board. The HR Committee also has sole authority to retain and terminate any compensation consultant used to assist in the evaluation of the compensation of the CEO and other executive officers.

Executive Total Compensation Philosophy

Viad's Board employs a pay-for-performance philosophy through its compensation programs by aligning the financial interests of its executive officers and key management with the long-term financial well being of Viad and its shareholders. This philosophy was adopted more than a decade ago. Viad's plans and programs are reviewed annually by the HR Committee and no changes to the philosophy are planned for the 2010 executive compensation programs, as the philosophy continues to support the strategy and vision for the Company.

Viad's compensation philosophy is designed to:

- Promote a performance-driven culture via compensation components that properly incent executive performance;
- Provide a competitive compensation package, including significant incentive-based components designed to reward individual and business performance;
- Attract, retain and engage the best available executive talent;
- Motivate executives and key employees to strive to achieve Viad's long-term and short-term operating and financial goals, thereby enhancing shareholder value;
- Encourage executives and key employees to participate in the risks and rewards of ownership through investment in Viad's common stock; and
- Foster core values of ethics and integrity and protect shareholder value through compensation forfeiture and reimbursement provisions which are triggered if an executive engages in certain conduct that is detrimental to the ethical standards or interests of Viad.

Benchmarking and Resources

Hewitt Associates (“Hewitt”), a nationally-known independent consulting firm, has been retained by the HR Committee and Viad’s Human Resources Department to provide services and advice and counsel on executive compensation and to serve as a technical resource for market data on executive compensation. As a participant in Hewitt’s executive compensation database, in addition to other market surveys described below, Viad obtains competitive market data for executive positions, including base salary, target and actual annual incentives, long-term incentives, and total compensation values to assist the HR Committee in its decisions on executive compensation.

Viad’s Human Resources and Law Departments, and its Corporate Secretary, support the HR Committee in its work and in some cases act pursuant to delegated authority to fulfill various functions in administering Viad’s compensation programs. The Human Resources Department also provides the HR Committee with competitive compensation benchmarks using general market surveys. Viad does not use a set of identified comparator or peer companies in connection with the decision-making process for executive compensation. Viad’s unique and diverse mix of businesses – from marketing and event services to travel and recreation services – makes it difficult to identify a peer group that has similar characteristics. In addition, Viad is the only publicly-held company in the United States operating with this mix of businesses. As a result, Viad’s Human Resources Department conducts an annual review of compensation using competitive market data obtained from a variety of market surveys, including Hewitt Total Compensation Measurement, Towers Perrin, Watson Wyatt and Mercer. Market data is collected for companies that have annual revenues roughly similar to Viad’s annual revenues (companies with annual revenues in the range of \$500 million to \$1 billion were used for the 2009 benchmarking), without regard to specific companies or the specific industry in which the companies compete. Benchmark valuations are derived from these general market surveys in consultation with Hewitt. Such competitive data provides reference points for the HR Committee.

Elements of compensation generally are targeted at the 50th percentile of such competitive market data (as discussed under the “Components of Compensation” subsection below). This analysis and a number of other factors, including an assessment of individual performance, Viad’s operating and financial results, and internal equity considerations, serve to guide the HR Committee in its determination of appropriate levels of compensation for each named executive officer in the Summary Compensation Table of this proxy statement. The HR Committee makes the determination on the total compensation of executive officers at the HR Committee’s regularly scheduled meeting in February of each year. The HR Committee’s decisions on CEO compensation are based on market data, individual performance and the extent to which Viad’s financial and operating goals were achieved in the prior year. The HR Committee’s decision regarding the CEO’s compensation must be ratified by the independent members of the Board.

The CEO’s performance is assessed annually through a performance review process which gathers input from superiors, peers and subordinates. These reviews are returned to the Chairman of the HR Committee for review and discussion with the Committee. At the regularly-scheduled meeting in February, the HR Committee discusses the performance of the CEO and each of the other executive officers and determines individual executive compensation levels for the year. For the other named executive officers, the CEO annually gathers input regarding their performance from superiors, peers and subordinates.

Components of Compensation

Compensation components for the named executive officers in the Summary Compensation Table include:

- annual base salary;
- short-term, annual cash incentive compensation;
- long-term incentives;
- perquisites and other personal benefits;
- retirement income and savings plans; and
- post-termination compensation and benefits.

Timing of Pay Decisions and Actions

Total compensation is reviewed by the HR Committee at its regularly scheduled meeting in February. Merit adjustments, if any, to annual base salary are effective April 1 of each year. Awards under the short-term incentive plan (for the prior year) and long-term performance plans are approved at the February meeting once achievement of

financial targets has been determined, and payment of awards is not made until the Company's books have been officially closed for the prior fiscal year and the Company's Annual Report on Form 10-K is filed with the SEC. Long-term incentive compensation awards (as discussed in more detail below) are granted at the February meeting, and targets for the incentive plans are determined at the March meeting of the HR Committee.

Mix of Pay

The HR Committee and management create what they believe is the best mix of compensation components, consistent with Viad's compensation philosophy, in delivering the executives' targeted total compensation. The table below shows the 2009 mix of compensation components for the five 2009 executive officers named in the Summary Compensation Table on page 23 of this proxy statement, who are referred to as the "named executive officers" in this proxy statement.

**Components of 2009 Compensation
As a Percentage (%) of Targeted Total Compensation**

<u>Name</u>	<u>Base Salary (%)</u>	<u>Targeted Annual Incentive Bonus (%)</u>	<u>Long-Term Incentives ¹ (%)</u>	<u>Perquisites and Personal Benefits (%)</u>
Paul B. Dykstra	25	20	45	10
Ellen M. Ingersoll	29	16	44	11
John F. Jastrem	36	20	30	14
Scott E. Sayre	34	17	35	14
Michael M. Hannan	36	20	29	15

¹ The percentage calculation for this column is based on the grant date estimated future payouts for long-term incentives.

Viad's total compensation package for executives is designed to enhance shareholder value, as well as to mitigate the potential for excessive risk-taking by executives in managing Viad's businesses. The HR Committee believes that certain design features of Viad's executive compensation program aid in discouraging excessive risk-taking. In particular, the mix of pay for executives is not overly weighted toward either annual incentives or equity compensation. The performance goals for both annual and long-term incentives are approved by the HR Committee to ensure against unreasonable performance goals and targets. The awards of long-term incentives create and maintain shareholder value over a multi-year period because the ultimate value of each executive's grant will depend upon the value of Viad's stock at the time of vesting. This ensures that executives consider the inherent risk of short-term decisions that may impact the future performance of Viad, as does the retention feature built into restricted stock and performance-based restricted stock awards. Viad's stock ownership guidelines are an additional feature of Viad's executive compensation program. These guidelines align the financial interests of our directors and officers with those of our shareholders (see "Stock Ownership Guidelines" subsection below and the "Ownership Guidelines for Directors and Executive Officers" section of this proxy statement). As an additional feature of Viad's executive compensation program designed to protect shareholder value, annual and long-term incentive compensation is subject to forfeiture and reimbursement provisions (see "Forfeiture and Reimbursement Provisions for Detrimental Conduct" subsection below).

Each element of the total compensation package for the named executive officers in the Summary Compensation Table is discussed below.

Annual Base Salary

The base salary program for Viad's executives helps achieve the objectives outlined above by attracting and retaining strong talent. Base salaries represent the fixed portion of the executive compensation package. Salary levels are determined using a combination of factors including competitive benchmark levels, the executive's experience and tenure, Viad's annual merit budget and the executive's individual performance. Merit increase guidelines for all employees, including the named executive officers, are determined using published survey sources, and have ranged from 0% to 5%, averaging approximately 3% over the past several years, although in light of economic conditions, the base salaries for all employees were frozen in 2009, except in limited circumstances.

Base salaries for Viad’s named executive officers are targeted between the 50th and 75th percentiles of the general market survey data. Base salaries generally fall between the minimum and maximum of the targeted range, depending upon time in position, individual performance and qualifications for the role. This range allows Viad to respond to changing business conditions and manage salaries more evenly over an executive’s career. For the named executive officers, actual base salaries approved by the HR Committee for 2009 were within the 50th and 75th percentile range of the survey data, except for the base salary of Mr. Dykstra, which was slightly below the minimum of the range largely due to the fact that salaries of the named executive officers were frozen for 2009.

For 2009, the base salaries of the named executive officers were frozen with no year-over-year increases in light of economic conditions. All employees at the Viad corporate level, including Messrs. Dykstra and Sayre and Ms. Ingersoll, also took a mandatory, week-long work furlough (leave without pay) as one of Viad’s expense-reduction measures for 2009.

Mid-year 2009, the base salaries of Messrs. Hannan and Jastrem were increased to reflect their increased responsibilities as President of Viad’s Travel & Recreation Group and President of Viad’s Marketing & Events Group, respectively. Mr. Hannan’s salary was increased from \$280,000 to \$300,000 (Canadian dollars). Mr. Jastrem’s salary was increased from \$435,000 to \$490,000. For 2010, the base salaries of the named executive officers have again been frozen as a cost-saving measure due to the slow economic recovery of the industries in which Viad competes.

Annual Incentives

Viad’s Management Incentive Plan (the “Plan”) is an annual, cash-based, pay-for-performance incentive program for executive officers and other key executives. The Plan is designed to motivate and reward these individuals for their contributions to Viad’s performance during the year by making a large portion of their cash compensation variable and dependent upon achievement of Viad’s annual financial targets. Incentive cash payments are further designed to emphasize results and contributions through achievement of corporate and operating company performance targets established by the HR Committee at the beginning of each year. When determining the performance targets, the HR Committee considers past financial performance of Viad and its operating companies and the internal estimates of their current-year planned financial performance. Incentive cash payments reflect the extent to which targets for performance goals are met or exceeded.

Financial targets are set such that achievement will result in enhancement to the fundamental value of Viad, which in turn is ultimately reflected in enhanced shareholder value. Established growth trends, which are based on economic and business conditions specific to Viad and each of the operating companies, are the gauge by which meaningful targets are set and executive performance is measured. For the past five years, the HR Committee has not awarded a discretionary cash bonus to any named executive officer in circumstances where performance goals under the annual incentive plan were not met.

For 2009, the performance goals and targets, the weighting of each performance goal as a percentage of the total award, and the achievement levels for each performance goal are provided in the table below.

2009 Annual Incentive Performance Goals, Weighting and Targets

Achievement at Threshold pays out at 30% of the performance goal’s weighting. Achievement at Target pays out at 100% of the performance goal’s weighting. Achievement at Maximum pays out at 175% (the maximum achievement level) of the performance goal’s weighting. Actual results are pro-rated based on where they fall along the continuum from the Threshold amount through the Maximum amount.

- ² Includes P. Dykstra, E. Ingersoll, and S. Sayre. For 2009, no bonus awards were made to Viad’s corporate executives as financial results were below threshold levels for all performance goals. No discretionary cash bonus was awarded to any executive officer.
- ³ Includes Exhibitgroup/Giltspur and other companies within the Experiential Marketing Services reportable segment. Includes J. Jastrem. For 2009, no bonus awards were made to executives of the Experiential Marketing Services reportable segment as financial results were below threshold levels for all performance goals. No discretionary cash bonus was awarded to any executive officer.
- ⁴ Includes M. Hannan. For 2009, Brewster’s financial performance yielded a bonus payment of 99.4% as the actual results for the performance goals were: \$14,119,000 (55.5%) for Operating Income; \$12,533,000 (34.3%) for Operating Cash Flow; and, \$57,315,000 (9.6%) for Revenue.
- ⁵ “IPS” is an abbreviation for Income Per Share. “OI” is an abbreviation for Operating Income. “OCF” is an abbreviation for Operating Cash Flow. The performance goals of Income Per Share, Operating Income and Operating Cash Flow exclude unusual charges (such as impairment losses and restructuring charges), changes in accounting principles and effects of enacted tax laws resulting from major corporate tax reform legislation that were not contemplated, as well as unplanned acquisition activity (including deal costs, results of acquired companies and the related impact on interest income and/or interest expense) and special, one-time cash dividends. Operating Cash Flow is adjusted to exclude the effect of excess tax benefits on share-based compensation, restructuring payments and payments on any other Income Per Share achievement adjustments (after-tax) that impact cash flow.

The 2009 performance goals of Income Per Share for corporate level executives and Operating Income for operating company level executives are stand-alone goals and awards are paid based on achievement of the goal. The performance goals of Operating Cash Flow and Revenue are also stand-alone goals and awards are paid based on achievement of the target, provided that the Income Per Share measure or the Operating Income measure is met at the threshold amount.

The formula for determining the annual bonus award is: annual base salary earnings times individual target bonus percentage times the company achievement factor. As shown in the “Target” column in the table below, the 2009 target bonus percentages for the named executive officers in 2009 ranged from 50% to 80% of the executive’s annual base earnings. The “Threshold” and “Maximum” columns in the table below reflect the executive’s target level times the company achievement factor at the threshold level of 21% for corporate level executives and 19.5% for operating company level executives and maximum level of 175%, respectively. Individual target bonus percentages are established for each executive officer based upon competitive target bonus levels for comparable positions and are targeted at the 50th percentile of the market. The HR Committee has discretion to increase or decrease the actual awards based on company and individual performance, except in the case of executive officers, whose awards may only be decreased.

2009 Target Bonus Payout Levels

<u>Name</u>	<u>Threshold (%)</u>	<u>Target (%)</u>	<u>Maximum (%)</u>

¹ Mr. Jastrem’s target level was changed to 65% mid-year 2009 to reflect his increased responsibilities as President of Viad’s Marketing & Events Group resulting in an averaged target bonus payout level of 60%.

In 2008, Mr. Jastrem was granted a special, one-time turn-around incentive award to incentivize improvements in the 2008 performance of Viad’s operating company, Exhibitgroup/Giltspur, above and beyond the performance goals established under Viad’s 2008 Management Incentive Plan. There was no equivalent award for any executive officer in 2009. Achievement was determined and approved by the HR Committee at its meeting in February 2009. The award payout is in Viad’s common stock, payable annually in thirds, with the first two payments being made in February 2009 and January 2010, respectively, and the remaining payment to be made in January 2011. This award is subject to the same forfeiture, reimbursement and non-competition provisions that are contained in all equity award agreements for executives. For Mr. Jastrem’s 2008 award, achievement of operating income above the maximum operating income target approved for Exhibitgroup/Giltspur under the 2008 Management Incentive Plan was weighted at 50% with a target of \$2 million. Achievement of the strategic goals component of the award was weighted at 50%. The strategic goals component included three performance measures: revenue growth with a target of \$189 million; client retention; and employee retention. The revenue growth was weighted at 60%; client retention at 25%; and employee retention at 15%. The aggregate weight of these three performance measures was equal to the overall weight of the strategic goal component of the award (50%). Achievement of client retention was based on the level of retention of 27 specific, key clients. Similarly, achievement of employee retention was based on the level of

retaining 11 identified, key employees. None of the employees was an executive officer of Viad. Each performance measure within the strategic goals component, as well as operating income component, was assigned a goal that corresponded to five possible performance levels. The weighted performance level rating for each component (operating income and strategic goals) was combined to determine the overall performance level, which was then used to determine the payout level. No payout for the strategic goals component could occur unless the operating income goal was met at the threshold level.

Long-Term Incentives

Long-term incentives for the named executive officers in 2009 were granted using restricted stock and performance-based restricted stock, except Mr. Hannan, who was granted restricted stock units and performance-based restricted stock units rather than shares of Viad common stock due to Canadian tax considerations. Of the total long-term award value granted to the executive officers, 58% was made up of performance-based restricted stock (or units) and 42% from restricted stock (or units), making more than half of the total long-term award subject to a potential zero payout should performance goals not be achieved. This mix places heavy emphasis on performance and attainment of financial targets that are designed to provide for long-term value to Viad's shareholders, as well as providing a retention incentive for key executives. Long-term incentive grants are targeted between the 50th and 75th percentile range of the competitive market, as reflected in general market surveys. In 2009, long-term incentive grants were made within the targeted percentile range, or slightly lower than the minimum of the range due to the decrease in the price of Viad's common stock as of the time of the grant. Each of the long-term incentive plans is described below.

Performance-Based Restricted Stock (or Units). Key executives who have a significant impact on Viad's operational and financial goals, including the named executive officers in the Summary Compensation Table, were awarded performance-based restricted stock in 2009, except performance-based restricted stock units were awarded to Mr. Hannan due to Canadian tax considerations. These awards were designed to focus management's attention on financial performance in 2009, and to retain the management team with a three-year vesting schedule of one-third of the earned shares (or units) per year starting one year after the grant date. The HR Committee believes that vesting the shares over a three-year period has served as an effective retention tool. Until achievement of targets has been determined, dividends are paid and the executive may vote the shares granted. Once achievement is determined, dividends and voting apply only to earned shares (unearned shares are forfeited). Mr. Hannan's performance-based restricted stock units have the same vesting schedule and are paid in cash, but have no voting rights. Dividend equivalents are paid to him.

In 2009, the grants of performance-based restricted stock to named executive officers were not earned because targets for the incentive performance measures established for the 2009 grant were not achieved. Mr. Hannan earned the 2009 grant of performance-based restricted stock units because targets were met at 48.125%. The 2009 performance measures and targets for performance-based restricted stock and units were the same as the measures established for the 2009 annual incentive plan and were weighted the same for achievement purposes (see "Annual Incentives" subsection above). Executives may earn from 0% to 100% of the shares (or units) granted, dependent upon the performance of the operating company or overall corporate results. For Mr. Hannan and other executives in Viad's operating companies, 50% of the award is earned based on the achievement of the operating company's performance targets and the other 50% is based on the achievement of the corporate level performance targets (see the "Annual Incentives" subsection above). For corporate level executives, 100% of the award is based on the achievement of the corporate level performance targets under the Management Incentive Plan. For 2010, performance-based restricted stock (or units) will not be awarded (as discussed under the "Changes to Executive Compensation in 2010" subsection below).

Time Vested Restricted Stock (or Units). In addition to performance-based restricted stock (or performance-based restricted stock units in the case of Mr. Hannan) awarded in 2009, restricted stock (or restricted stock units in the case of Mr. Hannan) was also awarded in 2009 to a limited number of key executives, including the named executive officers in the Summary Compensation Table. The restricted stock and restricted stock units will vest in full three years from the grant date. For the executives receiving restricted stock, the executive may vote the shares and will receive dividends during the restriction period. Mr. Hannan, who received restricted stock units, will receive dividend equivalents. Receipt of dividends (or dividend equivalents) and the executive's right to vote shares are important links in aligning management's interests with those of Viad's shareholders. The HR Committee believes that due to the three-year cliff vesting feature of the shares and units, this compensation element has been highly effective

in retaining executives and in motivating executives to make long-term decisions that will be beneficial to shareholders and Viad.

Performance Units. The Performance Unit Plan (“PUP”), which was established under the 2007 Viad Corp Omnibus Incentive Plan, is intended to focus participants on the long-term interests of our shareholders by tying the value of units to both stock price appreciation during the three-year performance period and to achievement of financial measures that are key factors in increasing shareholder value. Performance targets are set during the first quarter of the three-year performance period, typically at the March meeting of the HR Committee. Targets are set such that achievement will result in enhancement to the fundamental value of Viad, which in turn is ultimately reflected in enhanced shareholder value. Established growth trends, which are based on economic and business conditions specific to Viad and each of the operating companies, are the gauge by which meaningful targets are set and executive performance is measured.

PUP awards are paid in cash and are earned based on the degree of achievement of the targets during the performance period and are calculated using the average price of Viad’s common stock during the ten-day trading period beginning on the day following public announcement of Viad’s year-end financial results for the final year of the performance period. The formula for determining the payout of a PUP award is the number of units originally granted to the executive multiplied by the ten-day average stock price described above, multiplied by the achievement factor for the Company. The achievement factor can range from 0% to 200%.

In 2009, performance units were not granted due to the difficulties in setting three-year targets with the uncertainties in the marketplace and general economy. None of the named executives received PUP payouts for the 2007 – 2009 performance period as the performance goals were not met.

Payouts for PUP earned during the 2006 – 2008 performance period were made in 2009 to the corporate executives of Viad, including Messrs. Dykstra and Sayre and Ms. Ingersoll with the achievement level of performance targets being at the maximum (200%). Exhibitgroup/Giltspur participants in PUP, including Mr. Jastrem, did not receive a payout because targets at Exhibitgroup/Giltspur were not met for the plan period. Mr. Hannan did not receive a PUP award for this performance period as the award was granted in February 2006 and he did not join the Company until 2008. The table provided below shows the performance goals and targets, the weighting of each performance goal as a percentage of the total award, and the achievement levels for each performance goal under the 2006 – 2008 PUP award for the corporate executives who received payouts in 2009.

2006 – 2008 PUP Performance Goals, Weighting and Targets for Corporate Executives

¹ Targeted achievement levels are based on a three-year average. All dollar amounts are shown in thousands (000), except Income Per Share. Achievement at Threshold pays out at 50% of the performance goal’s weighting. Achievement at Target pays out at 100% of the performance goal’s weighting. Achievement at Maximum pays out at 200% (the maximum achievement level) of the performance goal’s weighting.

² “IPS” is an abbreviation for Income Per Share. “OCF” is an abbreviation for Operating Cash Flow.

³ Actual results are pro-rated based on where they fall along the continuum from the Threshold amount through the Maximum amount. See also Footnote 1 above.

Vesting of Long-Term Incentives. The vesting of restricted stock, restricted stock units, performance-based restricted stock and performance-based restricted stock units is subject generally to continued employment with Viad or its operating companies, except certain termination events will trigger post-termination benefits as discussed below under the “Post-Termination Compensation and Benefits” subsection below, as well as the “Potential Payment Upon Employment Termination or Change of Control” section of this proxy statement.

Perquisites and Other Personal Benefits

Perquisites and other personal benefits are part of the executive's total compensation package and are reviewed periodically to ensure external competitiveness. The perquisites currently offered by the Company to the executive officers include financial counseling and tax preparation, annual executive physical examination, accidental death and dismemberment insurance, executive medical insurance, club memberships and Company-paid parking. Mr. Dykstra is also eligible for executive life insurance, a home Internet and security system and an automobile, plus related expenses. Operating company presidents are also eligible for an automobile allowance. Expense incurred for spousal travel is reimbursed to the executive officers if spouses are invited to attend one of the regularly scheduled Board meetings. Additional information on perquisites and other personal benefits provided to the named executive officers in 2009 is discussed in the "Summary Compensation Table" of this proxy statement.

Retirement Income and Savings Plans

All eligible employees, including the named executive officers, may participate in the Viad Corp Capital Accumulation Plan (the "401(k) Plan"). In addition, the named executive officers are eligible to participate in the Supplemental 401(k) Plan, which provides for additional employee contributions over the annual limits set by the Internal Revenue Code for the 401(k) Plan, plus matching contributions by Viad based on the same percentage as the 401(k) Plan. In lieu of participation in Viad's 401(k) Plan and Supplemental 401(k) Plan, Mr. Hannan is a participant in the Retirement Plan for Management Employees of Brewster.

Annual retirement benefits will be paid under applicable schedules of the Viad Corp Supplemental Pension Plan ("SERP") and under the MoneyGram Pension Plan (formerly the Viad Corp Retirement Income Plan) to Messrs. Dykstra and Sayre and Ms. Ingersoll, although accruals under the MoneyGram Pension Plan were frozen as of December 31, 2003. In connection with the spin-off of MoneyGram International, Inc. ("MoneyGram") on June 30, 2004, the sponsorship and administration of the MoneyGram Pension Plan, as well as all liabilities of the MoneyGram Pension Plan and the SERP, were assumed by MoneyGram. In general, the compensation covered by the MoneyGram Pension Plan is annual salary and one-half of annual bonus. Actual benefits will be calculated primarily on the basis of the average of a participant's last five years of annual salary prior to retirement and on the basis of the average of one-half of a participant's highest five years of annual incentive compensation. Like all other forms of compensation, the level of retirement benefit is determined by individual performance assessments throughout a career, since individual performance determines the level of compensation, which is an integral component of savings and pension benefit formulas.

Under the Retirement Plan for Management Employees of Brewster Inc., the annual pension payable to Mr. Hannan, assuming a normal retirement date, is equal to 2% of his highest average earnings for each year of credited service. "Highest average earnings" are defined as the average of the highest annual earnings in any three calendar years of credited service. The maximum pension payable to Mr. Hannan cannot exceed the dollar limits permitted under Income Tax Act of Canada.

The change in the value of the pension plans during 2009 is included in the Summary Compensation Table. Please refer to the "Pension Benefit Table" and the "Potential Payment Upon Employment Termination or Change of Control" sections of this proxy statement for further discussion of retirement benefits.

Post-Termination Compensation and Benefits

Certain termination events will trigger post-termination payments and benefits for the named executive officers in the Summary Compensation Table, including retirement, change of control severance, termination for cause, involuntary termination not for cause, death or disability. These are discussed below and also under the "Potential Payment Upon Employment Termination or Change of Control" section of this proxy statement. Post-termination compensation provides for either short-term (termination or change in control) or long-term (retirement) security to the Company's executive officers in the event their employment with the Company ends. In the event of involuntary termination, post-termination compensation is intended to provide an interim financial resource to the executive during the transition from employment with Viad.

Retirement. Eligibility for normal retirement is age 65 and for early retirement is age 55. The retirement income received by the executives is discussed under the "Retirement Income and Savings Plans" section and in the "Pension Benefits Table" of this proxy statement. Upon normal or early retirement, executives would receive ownership of the restricted stock and restricted stock units awarded to them upon the lapse of the vesting period on a pro-rata basis (percentage of time from the grant date to the retirement date), except that executives who have reached the age of 60

at the time of retirement and retire at least 2 years from the date of the grant would receive full ownership (not pro-rated) upon lapse of the vesting period. Executives would receive ownership of earned performance-based restricted stock, earned performance-based restricted stock units, and earned performance units, on a pro-rata basis, upon lapse of the performance period, except that executives who have reached the age of 60 at the time of retirement and retire at least 18 months from the date of the grant would receive full ownership (not pro-rated) upon lapse of the performance period. Stock options not yet exercisable would fully vest upon retirement (or six months and one day thereafter in the event the termination date occurs within six months of the grant date) and the executive may exercise the option rights within a five-year period following the retirement date. Executives would receive an accrued annual incentive bonus, if earned, on a pro-rata basis. Mr. Dykstra is entitled to the same benefits upon retirement pursuant to the terms of his employment contract. In addition, he will be provided with an office and secretarial support for five years following retirement. Mr. Sayre is the only named executive officer eligible for retirement, as discussed below in the “Potential Payment Upon Employment Termination or Change of Control” section of this proxy statement.

Change of Control Severance. Viad’s Executive Severance Plan (Tier I) provides each of the named executives with severance benefits if the executive’s employment is terminated by Viad without cause or by the executive for good reason (as those terms are defined in the Executive Severance Plan) within 36 months after a change of control of Viad, or by the executive for any reason (other than for good reason, death, disability or retirement) during a 30 day window period beginning on the first anniversary of the change of control of Viad. The purpose of the Executive Severance Plan is to ensure, in the event of a possible change of control of Viad, that executives will be available (without concern for their personal financial situations) to perform their regular duties and to advise management and the Board as to whether the change of control proposal would be in the best interests of Viad and its shareholders, to assist in the change of control implementation and transition, and to perform other appropriate actions. Severance benefits also provide an economic means for executives to transition from Viad employment. Participants in the plan are designated by the CEO and approved by the HR Committee. Viad’s annual and long-term incentive plans also provide for accelerated vesting of equity awards and immediate payment of earned performance incentives upon a change of control of Viad.

For purposes of these benefits, a change of control is deemed to occur, in general, if (a) a shareholder or group of shareholders acquires 20% or more of Viad’s common stock, (b) the current directors in office cease to constitute at least a majority of the Board, (c) a reorganization, merger or consolidation, or the sale of all or substantially all of the corporate assets occurred, or (d) there is a complete liquidation and dissolution of Viad.

Involuntary Termination Not For Cause. Mr. Dykstra’s employment agreement provides that he will receive post-termination payments and benefits upon Viad’s termination of his employment without cause. The relevant material terms of Mr. Dykstra’s employment agreement with Viad are discussed in the “Potential Payment Upon Employment Termination or Change of Control” section of this proxy statement. For the other named executive officers, Viad has an arrangement providing payments and benefits to them for Viad’s termination of their employment without cause, as discussed in the “Potential Payment Upon Employment Termination or Change of Control” section of this proxy statement.

Death or Disability. Mr. Dykstra’s employment agreement does not provide for any post-termination payments upon his employment termination due to death or disability; however, he and the other named executive officers will be eligible to receive benefits or rights otherwise due in the event of their death or disability pursuant to compensation and benefit plans and related agreements, as discussed in the “Potential Payment Upon Employment Termination or Change of Control” section of this proxy statement.

Forfeiture and Reimbursement Provisions for Detrimental Conduct

In order to protect Viad and its operating companies and to help insure the long-term success of the business, annual incentive compensation and long-term incentive compensation (including awards of performance-based restricted stock, restricted stock units, performance-based restricted stock, performance-based restricted stock units, and performance units) are subject to forfeiture and reimbursement provisions (i.e., a “clawback” provision) relating to the following conduct:

- an officer or employee knowingly participated in misconduct that caused a misstatement of financial statements of Viad or any of its affiliates, or in misconduct which represented a material violation of Viad’s Code of Ethics or certain other policies;

- an officer or employee was aware of and failed to report an employee who was participating in misconduct that caused or could cause a misstatement of financial statements of Viad or any of its affiliates, or in misconduct which represented a material violation of Viad's Code of Ethics or certain other policies; and
- an officer or employee acted significantly contrary to the best interests of Viad.

The forfeiture and reimbursement provisions also relate to violations of certain restrictions on competitive activities following employment termination. In addition, the annual incentive compensation and long-term incentive compensation awards in 2009 (including awards of restricted stock, restricted stock units, performance-based restricted stock and performance-based restricted stock units) also provide Viad with the right to stop the executive, through a court-ordered injunction, from working for competitors and soliciting customers and employees following employment termination. Viad also may seek monetary damages for such activities.

Limit on Deductibility of Certain Compensation

Section 162(m) of the Internal Revenue Code disallows a corporate income tax deduction on compensation paid to an executive officer named in the Summary Compensation Table that exceeds \$1.0 million during the tax year, subject to certain permitted exceptions. To the extent compensation is based upon attaining performance measures set by the HR Committee and meets the other requirements of Section 162(m), the compensation is not included in computation of the limit. The HR Committee intends, to the extent possible and where it believes it is in the best interest of Viad and its shareholders, to qualify such compensation as tax deductible. However, it does not intend to permit the provisions of Section 162(m) to erode the effectiveness of Viad's overall system of compensation policies and practices. The Board submitted performance measures and certain other terms under the 1997 Viad Corp Omnibus Incentive Plan and the 2007 Viad Corp Omnibus Incentive Plan for approval at the 1997, 2002 and 2007 Annual Meeting of Shareholders, as required to allow certain of the compensation payable under such plans to be eligible for deduction. For purposes of meeting the requirements of Section 162(m), under the 2007 Viad Corp Omnibus Incentive Plan, the maximum aggregate amount awarded or credited with respect to cash-based awards, including annual incentive awards and performance units, to any one participant in any one plan year may not exceed \$5.0 million.

Stock Ownership Guidelines

Stock ownership guidelines were adopted in 1993 requiring executives to own a minimum amount of stock on a direct basis, meaning stock of Viad which is subject to market risk and not simply held under option. The minimum required amount is based on multiples of salary ranging from one and one-half to five times an individual's annual salary, depending on salary level.

Viad believes it is important to align the financial interests of our executives with those of our shareholders. Mr. Dykstra has ownership guidelines of five times his annual base salary. Ms. Ingersoll and Messrs. Hannan, Jastrem and Sayre have ownership guidelines of three times their base salaries. As of the end of 2009, all of the named executive officers had met or exceeded their goals, except Mr. Hannan, who was named President of Brewster Inc. in December 2008, and is working toward achieving his goal.

Changes to Executive Compensation in 2010

In 2010, the value of the overall mix of long-term incentive grants will change to 50% restricted stock (or units) and 50% stock options. This mix of restricted stock (or units) and stock options will continue to provide incentives for executives to create and maintain shareholder value over a multi-year period because the ultimate value of each executive's grant will depend upon the value of Viad's stock at the time of vesting, in the case of restricted stock (or units), and upon exercise in the case of vested stock options. This mix also continues to provide an effective retention tool for executives. The 2010 awards of restricted stock (or units) will have the same features as the 2009 awards, including a three-year vesting period, receipt of dividends, and, in the case of restricted stock, voting rights (see "Long-Term Incentives" subsection above). Stock options will have a three-year graded vesting period, one-third each year starting in the first year after the grant. The options will expire ten years from the date of grant. Awards of restricted stock and options will be subject to the forfeiture and reimbursement provisions discussed in the "Forfeiture and Reimbursement Provisions for Detrimental Conduct" subsection above.

Summary Compensation Table

The following table summarizes the compensation paid in 2007, 2008 and 2009 to the Chairman, President and Chief Executive Officer, the Chief Financial Officer and each of the three other most highly compensated executive officers of Viad.

The amounts presented below in the Stock Awards column (e) and Option Awards column (f) of the Table represent the grant date fair value of awards granted to the named executive officers and may not reflect the actual value to be realized by the executive officer. Variables that can affect the actual value realized by the named executive officer include achievement levels of performance targets, economic and market risks associated with stock and option awards, and basing performance unit values on the market price of Viad's stock. The actual value realized by the named executive officer will not be determined until the time of vesting in the case of restricted stock, restricted stock units, performance-based restricted stock and performance-based restricted stock units, or until option exercise in the case of option awards.

¹ For 2009, all employees at the Viad corporate level, including Messrs. Dykstra and Sayre and Ms. Ingersoll, took a mandatory week-long work furlough (without pay) as one of Viad's expense-reduction measures during 2009. Mr. Jastrem's base salary was increased in October 2008 from \$415,000 to \$435,000, but the increased pay was not remitted to him timely, so in February 2010, Mr. Jastrem was paid \$18,600, plus interest, representing additional base compensation and an additional amount for his earned annual cash incentive award under the 2008 Management Incentive Plan.

² The amounts shown reflect the grant date fair value of long-term incentives awarded to the named executive officers, including: restricted stock granted in years 2007 through 2009 (except for Mr. Hannan who did not receive a grant until 2009 after taking office and whose grant is in the form of restricted stock units); and performance-based restricted stock granted in years 2007 and 2008 (except for Mr. Jastrem, who did not receive a grant until 2007 after taking office and Mr. Hannan, who did not receive a grant until 2009 after taking office and whose grant is in the form of performance-based restricted stock units). In addition, the amounts shown include the grant date fair value of the performance units granted in 2007 and 2008 to the named executive officers (except for Mr. Hannan, who has not received any performance unit awards). Performance goals for the 2007 performance unit awards were not achieved at threshold and consequently no payments to the named executive officers were made, including the following grant date fair value amounts shown in column (e) of the table: Mr. Dykstra, \$453,533; Ms. Ingersoll, \$249,828; Mr. Jastrem, \$153,740; and Mr. Sayre, \$153,740. No performance units were granted in 2009. In addition, the performance goals for the 2009 performance-based restricted stock awards were not achieved at threshold and consequently no payments to the named executive officers were made, including the following grant date fair value amounts shown in column (e) of the table: Mr. Dykstra, \$644,910; Ms. Ingersoll, \$314,778; Mr. Jastrem, \$210,364; and Mr. Sayre, \$179,654. Mr. Hannan's 2009 award of performance-based restricted stock units was achieved at 48.125% and thus \$54,157 of his award, as reflected in column (e) of the table, was not earned.

Mr. Jastrem's 2008 stock awards, as reported in Viad's 2009 proxy statement, totaled \$483,483. This amount represented the grant date fair value of stock awards granted to Mr. Jastrem in 2008. In contrast, the recently released SEC rules require a disclosure of the compensation paid to the named executive officers. Per the new SEC rules, the amount of Mr. Jastrem's 2008 stock awards, as reported in this table, is \$858,483. This increased amount is due to a special performance-based award of Viad's common stock (payable annually in thirds with the first two payouts in February 2009 and January 2010, respectively) for the achievement of certain performance measures in excess of the maximum achievement levels established for Exhibitgroup/Giltspur under the 2008 Management Incentive Plan and for the achievement of certain other strategic goals, as discussed in the "Compensation Discussion and Analysis" section of this proxy statement. The value of this award was \$375,000, based on a grant date of February 23, 2009, which is when the HR Committee approved the achievement of the award.

Table of Contents

Assumptions made in the valuation of stock awards under this column are discussed in Viad's 2009 Annual Report on Form 10-K, filed March 8, 2010, in Notes 1 and 2 of Notes to Consolidated Financial Statements and are incorporated herein by reference.

- 3 No stock options were granted to the named executive officers in 2009, 2008 or 2007, except for Mr. Hannan, who received a grant of 10,000 non-qualified stock options upon taking office as President of Brewster Inc. on December 1, 2008.
- 4 The amounts shown represent incentive cash awards under the 2009 and 2008 Management Incentive Plans, pursuant to the 2007 Viad Corp Omnibus Incentive Plan, and the 2007 Management Incentive Plan, pursuant to the 1997 Viad Corp Omnibus Incentive Plan. Performance targets for 2009 were attained at 99.4% of target for Brewster and at 0% of target for Viad corporate and Exhibitgroup/Giltspur. Performance targets for 2008 were attained at 137.3% of target for Viad corporate and at 131.3% of target for Exhibitgroup/Giltspur. Performance targets were not met for Brewster in 2008 and no bonus was paid. Performance targets for 2007 were attained at the maximum performance level (175% of target) for Viad corporate and 107.4% of target for Exhibitgroup/Giltspur.
- 5 The amounts shown represent the year-over-year change in actuarial present value of the SERP and Brewster's pension plan. For 2009, the year-over-year change from 2008 to 2009 was \$590,692 for Mr. Dykstra, \$33,619 for Ms. Ingersoll, \$198,133 for Mr. Sayre, \$14,848 for Mr. Hannan and \$0 for Mr. Jastrem. For 2008, the year-over-year change from 2007 to 2008 was \$181,089 for Mr. Dykstra, \$2,761 for Ms. Ingersoll, \$722 for Mr. Hannan and \$0 for Messrs. Jastrem and Sayre. For 2007, the year-over-year change from 2006 to 2007 was \$74,725 for Mr. Dykstra and \$0 for the other named executive officers. In connection with the spin-off of MoneyGram International, Inc. on June 30, 2004, liabilities associated with these SERP obligations are the responsibility of MoneyGram. The amounts shown also reflect above-market earnings of \$258, \$222, and \$107 in 2009, 2008, and 2007, respectively, on Mr. Dykstra's benefits under the Viad Corp Deferred Compensation Plan, and above-market earnings on the Supplemental 401(k) Plan of \$442 for Mr. Dykstra, \$85 for Ms. Ingersoll, \$198 for Mr. Jastrem and \$22 for Mr. Sayre in 2009; \$365 for Mr. Dykstra, \$75 for Ms. Ingersoll, \$79 for Mr. Jastrem and \$13 for Mr. Sayre in 2008; and \$139 for Mr. Dykstra, \$26 for Ms. Ingersoll, \$20 for Mr. Jastrem and \$3 for Mr. Sayre in 2007. The term "above-market earnings" represents an earning rate that exceeds 120% of the applicable federal long-term rate (as prescribed under the Internal Revenue Code Section 1274(d)).

- 8 Mr. Hannan took office as President of Brewster Inc. on December 1, 2008. He is a Canadian citizen and resident. His 2009 base salary and all other compensation for 2009 shown in this Table were converted into U.S. dollars at the rate of 0.8791 to 1. Compensation Consultant

As discussed in the "Compensation Discussion and Analysis" section of this proxy statement, in 2009 Hewitt provided services and advice related to executive compensation. Hewitt also provided market data related to director compensation. In addition to compensation advice, in 2009 Hewitt also provided to Viad at the request of Viad management the following advice and services: actuarial services on qualified and non-qualified retirement programs; federal payroll tax calculations; and advice related to management positions in connection with Viad's

centralization of the human resources function at the corporate level for all of Viad's operations. For these 2009 services and advice, Viad paid Hewitt in the aggregate \$207,442. Viad paid Hewitt \$38,229 in the aggregate for its 2009 services and advice related to executive and director compensation.

Grants of Plan-Based Awards

The table below supplements the disclosure in the Summary Compensation Table on plan-based awards. The table provides, by grant date, the estimated future payouts for awards granted in 2009 under equity incentive and non-equity incentive plans, and the number of shares or units underlying awards granted in 2009 that have been paid out. All awards in 2009 were granted pursuant to the 2007 Viad Corp Omnibus Incentive Plan.

¹ "RS" represents awards of restricted stock. "RSU" represents awards of restricted stock units. "PBRS" represents awards of performance-based restricted stock. "PBRSU" represents awards of performance-based restricted stock units.

² Grant dates shown occurred in 2009.

³ The amounts shown in column (d) above reflect the possible payment if performance measures are achieved at target level under the 2009 Management Incentive Plan. The amounts shown in column (c) above reflect the possible minimum payment level under the 2009 Management Incentive Plan which is 21% of target for Viad corporate level and 19.5% for Viad operating companies. The amounts shown in column (e) are 175% of the target amount shown in column (d). However, none of the named executive officers received an annual cash incentive payout under the 2009 Management Incentive Plan as performance goals were not met at the minimum payout level, except Mr. Hannan who received an annual cash incentive payout in March 2010 as the 2009 performance goals of Brewster were achieved at 99.4% of target. These results are reflected in the Summary Compensation Table at column (g) ("Non-Equity Incentive Plan Compensation"). No additional payment under the 2009 Management Incentive Plan will be made for the 2009 performance period.

⁴ The three columns under "Estimated Future Payouts Under Equity Incentive Plan Awards" present the estimated threshold, target and maximum payouts as of the grant date for all 2009 equity grants of restricted stock, restricted stock units, performance-based restricted stock and performance-based restricted stock units to the named executive officers, excluding one-third of the portion of Mr. Hannan's 2009 grant of performance-based restricted stock units that was earned and which vested in February 2010 because a portion of the specific performance measures established in the year of grant were achieved at 48.125% of target. This payout to Mr. Hannan is reflected in this table under column (i). Although dollar amounts are reflected in columns (f) – (h) for the 2009 grants of performance-based restricted stock to the remaining named executive officers, no shares have been or will be distributed as the 2009 performance goals were not met.

⁵ See footnote 4 above.

⁶ The fair value of the restricted stock, restricted stock unit, performance-based restricted stock and performance-based restricted stock unit awards granted on February 23, 2009, was \$15.36 per share. The actual value realized by the named executive officer for the 2009 restricted stock and restricted stock unit awards, and for the 2009 performance-based restricted stock units in the case of Mr. Hannan, will not be determined until the time of vesting. Performance-based restricted stock was not earned and thus will not be distributed.

⁷ Mr. Jastrem received a special restricted stock award in July 2009 in connection with his increased responsibilities as President of Viad's Marketing & Events Group.

⁸ The estimated future payouts for Mr. Hannan for an award under the 2009 Management Incentive Plan have been converted from Canadian dollars to U.S. dollars at a rate of 0.9897 to 1, as shown in columns (c) – (e) of the table.

Employment Agreements

Mr. Dykstra is employed pursuant to an employment agreement dated May 15, 2007. He is the only named executive officer with an employment agreement. Mr. Dykstra's agreement provides for an initial two-year employment term and thereafter on each anniversary date of the agreement the remaining one-year term is increased by an additional one-year period, unless the Human Resources Committee of the Board provides notice of its intent not to extend the employment period. The agreement provides for an initial annual base salary of \$600,000. Mr. Dykstra's annual base salary is reviewed at least annually by the Human Resources Committee of the Board, which may in its sole discretion recommend an increase to the annual base salary, subject to approval by the Board. Effective April 1, 2008, his annual base salary was \$625,000, and he did not receive an increase in salary in 2009 as the base salaries of the named executive officers were frozen in light of economic conditions. The agreement also provides that Mr. Dykstra is entitled to participate in all bonus and long-term incentive compensation plans and programs and other fringe benefit programs offered to other senior executives of Viad in accordance with the terms of such plans and programs. Further, he is entitled to participate in all savings, retirement, medical and other welfare benefit plans to the same extent as other senior executives of Viad. His prerequisites and other personal benefits include executive medical coverage; executive life insurance; accidental death and dismemberment insurance coverage; office parking; tax planning and financial counseling services; annual executive physical examination; dues for health club, country club, airline club and social club; Company-provided vehicle and auto-related expenses, and home security system. Additional information regarding the terms of Mr. Dykstra's employment agreement is provided in the "Post-Termination Compensation and Benefits" subsection of the "Compensation Discussion and Analysis" section and in the "Potential Payment Upon Employment Termination or Change of Control" section of this proxy statement.

¹ Viad stock option awards for the named executive officers included a combination of incentive stock options and non-qualified stock options for all grants, except Mr. Hannan's sole grant was in the form of non-qualified stock options due to Canadian tax considerations, and Messrs. Dykstra and Sayre received non-qualified stock options only for the grant on 11/15/2001. All MoneyGram awards are non-qualified stock options. See Footnote 8 below for a discussion about MoneyGram.

² The stock options granted in 2002 and prior thereto have a ten-year term and vested in two equal annual installments, beginning one year from the date of grant. The stock options granted in 2003 have a ten-year term and vested in three equal annual installments beginning one year after the date of grant and ending three years after the date of grant. Stock options granted thereafter have a seven-year term and vest in five equal annual installments beginning one year from the date of grant and ending five years after the date of grant.

³ The exercise price of Viad stock options is equal to the average of the high and low selling prices of Viad's common stock on the NYSE on the grant date. See Footnote 8 below for a discussion regarding the treatment of stock options in connection with the MoneyGram spin-off.

⁴ The market value of shares or units of stock was computed by multiplying the number of shares or units by \$20.63, the closing market price of Viad's common stock at December 31, 2009, except the value shown for Mr. Jastrem's performance units and Mr. Hannan's performance-based restricted stock units were calculated by multiplying \$20.63 by the threshold level (30% of the total units in the case of Mr. Jastrem and 12.5% of the total units in the case of Mr. Hannan) as the achievement levels for Exhibitgroup/Giltspur and Brewster for the 2008 incentive compensation awards were not met.

Table of Contents

- ⁵ The amounts shown in this column are as of December 31, 2009. Certain awards reflected in column (i) were earned and did vest in February 2010 upon the approval by the Human Resources Committee of the Board of the achievement of the performance targets established for such stock awards.
- ⁶ "RS/PBRS" is an abbreviation for restricted stock and performance-based restricted stock. "Units" is an abbreviation for restricted stock units and performance-based restricted stock units.
- ⁷ "PUP" is an abbreviation for performance units.
- ⁸ Listed under the "MoneyGram" heading are non-qualified stock options of MoneyGram, granted to the executive officer prior to Viad's spin-off of MoneyGram in June 2004. Viad distributed all of the shares of MoneyGram common stock as a dividend on Viad's common stock on the date of the spin-off. Stock option awards were adjusted in connection with the spin-off. Each option to purchase shares of Viad's common stock was converted to consist of an adjusted option to purchase the same number of shares of MoneyGram common stock as before the spin-off, and an option to purchase one-fourth the number of shares of Viad's common stock as before the spin-off due to the one-for-four reverse stock split of Viad's common stock that occurred in connection with the spin-off. The conversion resulted in two options with a combined intrinsic value equal to the intrinsic value of the Viad option (with an exercise price of the high and low selling prices of Viad's common stock on the grant date) before taking into account the effect of the spin-off and reverse stock split. The terms and conditions of the options are generally the same as those of the pre-spin Viad stock options.

Option Exercises and Stock Vested Table

¹ The value realized is calculated by taking the difference between the exercise price and the fair market value of the stock times the number of options exercised. The exercise price of a stock option is the average of the high and low selling price of Viad's common stock on the date of grant. The fair market value of an exercised option is the average of the high and low selling price of Viad's common stock on the date of exercise. No options were exercised by the named executive officers during 2009.

² The value realized upon the vesting of RS/PBRS is the average of the high and low price of Viad's common stock on the date of vesting times the number of shares vesting. The value realized upon vesting of PUP is the average of the high and low price of Viad's common stock for the 10-day period following the Company's public announcement of its full year earnings for fiscal 2009.

³ "RS/PBRS" is an abbreviation for restricted stock and performance-based restricted stock.

⁴ "PUP" is an abbreviation for performance units.

Pension Benefits Table

The table below provides the present value of the accumulated benefits of the named executive officers in the Summary Compensation Table under the identified pension plans. The liability related to the payment of benefits under Viad's SERP, as disclosed in the table below, was assumed by MoneyGram in connection with the spin-off of MoneyGram by Viad in June 2004.

Name (a)	Plan Name (b)	Number of Years Credited Service (#) (c)	Present Value of Accumulated Benefit (\$) (d)	Payments During Last Fiscal Year (\$) (e)

M. Hannan ²	Retirement Plan for Management Employee of Brewster Inc.	1.0833	15,684	--

¹ Messrs. Dykstra and Sayre and Ms. Ingersoll participate in the SERP, which provides retirement benefits based on final average earnings, which is the five-year average of the last 60 months of annual base salary plus 50% of the annual incentive compensation for the five calendar years in which they were highest. Once commenced, the full benefit is payable for the life of the executive. Upon the executive's death, 50% of the benefit is payable for the life of the surviving spouse, if applicable. These three executives are entitled to a pension benefit at age 60 equal to $A + (B \times C) - D$, where:

$$A = (1.15\% \times \text{Years of service from 1/1/1998 through 6/30/2004} \times \text{Final average earnings})$$

+

$$(0.55\% \times \text{Years of service from 1/1/1998 through 6/30/2004} \times \text{Final average earnings in excess of the covered compensation breakpoint});$$

$$B = (1.834\% \times \text{Years of service prior to 1998} \times \text{Final average earnings as of 12/31/1997 using 100\% of the annual incentive compensation})$$

-

$$(1.667\% \times \text{Years of service prior to 1998} \times \text{Primary Social Security benefit});$$

$$C = (\text{Final average earnings}) / (\text{Final average earnings as of 12/31/1997 using 100\% of the annual incentive compensation}); \text{ and}$$

$$D = \text{Annual benefit from the MoneyGram Pension Plan and the Travelers Express Company, Inc. Supplemental Pension Plan, if applicable.}$$

² Under the Retirement Plan for Management Employees of Brewster Inc., the annual pension payable to Mr. Hannan, assuming a normal retirement date, is equal to 2% of his highest average earnings for each year of credited service. "Highest average earnings" are defined as the average of the highest annual earnings in any three (3) calendar years of credited service. The maximum pension payable to Mr. Hannan cannot exceed the dollar limits permitted under the Income Tax Act of Canada.

³ Mr. Sayre is eligible for early retirement benefits under the SERP and has been eligible since age 55.

M. Hannan ⁵	--	--	--	--	--

¹ These amounts are contributed by the executive out of his or her annual base salary which is reported as compensation in the Summary Compensation Table under column (c) ("Salary").

² The Company's matching contribution under the Supplemental 401(k) Plan is the same as provided under the 401(k) Plan generally available to all employees, which is a 100% match of the first 3% of annual base salary contributed by the executive officer and 50% of the next 2% of annual

base salary contributed by the executive officer. Matching contributions are reported as compensation in the Summary Compensation Table under column (i) (“All Other Compensation”).

- 3 Viad’s proxy statements prior to 2004 reported these amounts in the applicable year within the Summary Compensation Table wherein the executive officer’s annual contributions were reported under the “Salary” column and Viad’s annual matching contributions were reported under the “All Other Compensation” column.
- 4 “VCDCP” is an abbreviation for the Viad Corp Deferred Compensation Plan. In connection with the freeze of the VCDCP in 2004, all participants in the VCDCP received lump-sum distributions of their total deferred compensation accounts, except Global Experience Specialists, Inc. (“GES”) maintains deferrals as its obligation for participating employees and former employees of GES and Viad’s former operating unit, Exhibitgroup/Giltspur (whose assets and liabilities were transferred to GES on December 31, 2009) pending distribution in accordance with the terms of the VCDCP. No new deferrals have been permitted since 2004. Mr. Dykstra’s deferred amount under VCDCP reflects interest accrued in 2009 on deferrals made prior to 2004 while he was employed by GES.
- 5 Viad’s Supplemental 401(k) program is a U.S. based retirement program and Mr. Hannan is a Canadian citizen and resident, and thus not eligible.

Potential Payment Upon Employment Termination or Change of Control

Certain termination events will trigger post-termination payments and benefits for the named executive officers in the Summary Compensation Table. Each termination event and the amount that could be payable to the executive officers under each termination event is provided in the table below, assuming a qualifying termination date of December 31, 2009 with a closing price of \$20.63 per share for Viad’s common stock, except where specifically indicated below.

Retirement

Upon normal or early retirement, executives would receive ownership of the restricted stock and restricted stock units awarded to them upon the lapse of the vesting period on a pro-rata basis (percentage of time from the grant date to the retirement date), except that executives who have reached the age of 60 at the time of retirement and retire at least 2 years from the date of the grant would receive full ownership (not pro-rated) upon lapse of the vesting period. Executives would receive ownership of earned performance-based restricted stock, earned performance-based restricted stock units, and earned performance units, on a pro-rata basis, upon lapse of the performance period, except that executives who have reached the age of 60 at the time of retirement and retire at least 18 months from the date of the grant would receive full ownership (not pro-rated) upon lapse of the performance period. Stock options not yet exercisable would fully vest upon retirement (or six months and one day thereafter in the event the termination date occurs within six months of the grant date) and the executive may exercise the option rights within a five-year period following the retirement date. Executives would receive an accrued annual incentive bonus, if earned, on a pro-rata basis. Mr. Dykstra is entitled to the same benefits upon retirement pursuant to the terms of his employment contract. In addition, he will be provided with an office and secretarial support for five years following retirement.

The table below shows the cash amount and the value of the vested equity that could be received by Mr. Sayre upon retirement (the only named executive officer eligible to receive retirement benefits), assuming a qualifying termination date of December 31, 2009. Eligibility for normal retirement is age 65 and for early retirement is age 55. This amount does not include retirement income. Further disclosures regarding retirement income and benefits are provided under the “Retirement Income and Savings Plans” subsection of the “Compensation Discussion and Analysis” section and in the “Pension Benefits Table” section of this proxy statement.

- ¹ Mr. Sayre is the only named executive officer currently eligible for retirement.
- ² The 2009 Management Incentive Plan provides that the named executive officers will be entitled to receive an accrued annual cash incentive payment, if earned, pro-rated to the date of employment termination. For 2009, no bonus awards were made to Viad corporate level executives, including Mr. Sayre, as the performance goals for Viad corporate level were not met.

Change of Control and Change of Control Severance

Viad's Executive Severance Plan (Tier I) provides each of the named executive officers with severance benefits if the executive's employment is terminated by Viad without cause or by the executive for good reason (as those terms are defined in the plan) within 36 months after a change of control of Viad, or by the executive for any reason (other than for good reason, death, disability or retirement) during a 30-day window period beginning on the first anniversary of a change of control of Viad. Under those circumstances, the executive would receive from Viad a lump-sum severance compensation equal to a multiple of the following sum:

- The executive's highest annual salary; plus
- The executive's target cash bonus under the Management Incentive Plan for the fiscal year in which the change of control occurs.

The multiple, in the case of termination by Viad without cause or the executive's termination for good reason, will equal the product of three times a fraction, the numerator of which is 36 minus the number of full months the executive was employed following a change of control and the denominator of which is 36. In the case of the executive's voluntary termination during the window period, the multiple will be two.

The first table below shows the cash amount and the value of vested equity and other benefits that could be received in the case of an executive's termination without cause or the executive's voluntary termination for good reason under a change of control, assuming that the executive had a qualifying termination date of December 31, 2009. The second table below shows the amount payable and the value of vested equity and other benefits upon the executive's voluntary termination during the window period after a change of control, assuming the same termination date.

¹ Discussed in the paragraphs above this table.

² If there is a change of control, regardless of whether there is a termination of employment in connection therewith, each of the named executive officers would be entitled to receive a pro rata portion of the annual cash incentive granted under the Management Incentive Plan, calculated on the basis of achievement of performance measures through the date of the change of control. For 2009, no bonus awards were made as the performance goals were not met, except Mr. Hannan because the performance goals for Brewster were achieved (see the "Summary Compensation Table" and the "Compensation Discussion and Analysis" sections of this proxy statement).

³ Immediate full vesting of equity grants will occur, and the executive will have the ability to surrender options for cash. The vesting of the restricted stock, restricted stock units, performance-based restricted stock ("PBRs") and performance-based restricted stock units would occur, and the cash amount for the granted performance units and annual incentive cash bonus would be paid to the executive, upon a change of control whether or not the named executive officer were terminated in connection with the change of control.

⁴ If there is a change of control, regardless of whether there is a termination of employment in connection therewith, each of the named executive officers would be entitled to receive a cash payment for performance units granted pursuant to the Performance Unit Plan, calculated as if each of the pre-defined targets were met at 100%, and pro-rated from the date of the grant to the date of the change of control.

⁵ If the payouts and vesting were to occur upon the change of control, then the performance units and the annual cash incentive would not be paid out again and no additional vesting of the restricted stock, restricted stock units, performance-based restricted stock and performance-based restricted stock units would occur in the event of an employment termination in connection with a change of control.

⁶ The Executive Severance Plan also provides a special retirement benefit to executives in the form of an additional benefit accrual under the SERP determined as if the executive continued employment during the severance period with the severance compensation included in his or her final average compensation as defined by the SERP. Benefits under the MoneyGram Pension Plan were frozen as of December 31, 2003 and would not be affected by a change of control. This special retirement benefit applies to all named executives, except Mr. Jastrem and Mr. Hannan.

- 7 The executive receives continued welfare benefits coverage for the severance period of (i) three years times a fraction, the numerator of which is 36 minus the number of full months from the date of the change of control through the last day of the executive's employment, and the denominator of which is 36 months, in the case of Viad's termination without cause or the executive's termination for good reason; or (ii) two years in the case of the executive's voluntary termination during the window period; except that such benefits would terminate upon the executive's death or normal retirement date of 65, whichever occurs first.
- 8 The Executive Severance Plan also provides a payment to the executive (and tax gross-up) to make the executive whole for any excise taxes on change of control payments, and for payment of any legal fees incurred by the executive to enforce his or her rights under this Plan. Excise tax payments occur when the benefit paid to an executive is in excess of a fixed multiple of the executive's five year average total taxable compensation. Such a scenario is most likely to occur when an executive has less than five years of service with the Company.

Involuntary Termination Not For Cause

The following table shows the cash amount and values of vested equity awards and other benefits that could be received by the named executive officers in the event Viad terminates employment without cause (not for death, disability or cause), assuming that the executive had a qualifying termination date of December 31, 2009.

¹ Mr. Dykstra's employment agreement provides that he will receive post-termination payments and benefits upon Viad's termination of his employment without cause, including:

- Lump sum cash payment of the sum of (1) two times his then-current annual salary and (2) a pro-rata portion of his then-current target cash bonus under the Management Incentive Plan;
- Vesting of his unvested options and restricted stock awards upon expiration of the vesting period, each on a pro-rata basis;
- Vesting of earned performance-based restricted stock and earned performance units upon expiration of the performance period, each on a pro-rata basis;
- Outplacement services; and
- Continued participation in employee health and welfare benefit plans for two years.

Such payments and benefits would be in lieu of all other severance that might be payable to Mr. Dykstra under any Viad severance policies or under the terms of the stock option agreement or other incentive stock award agreements.

² The other named executive officers will receive outplacement services and full ownership of restricted stock, restricted stock units, earned performance-based restricted stock, earned performance-based restricted stock units, and earned performance units upon lapse of the vesting or performance period. In February 2007, the Board adopted, upon recommendation of the Human Resources Committee of the Board, a severance arrangement for executive officers of Viad, which codified Viad’s historical, discretionary practice to provide severance cash payments for Viad’s termination of an executive officer without cause (not for death, disability or cause). Under the Executive Officer Continuation of Pay Policy, executives with less than seven years of service with Viad would receive six months of salary, while executive officers with seven or more years of service with Viad may receive up to one year’s salary. Executive officers all would receive continued health and welfare benefits during the severance period and a pro rata annual cash incentive award under the Management Incentive Plan for the calendar year in which they were last employed, if earned. For 2009, no bonus awards were made as the performance goals were not met, except Mr. Hannan because the performance goals for Brewster were achieved (see the “Summary Compensation Table” and the “Compensation Discussion and Analysis” sections of this proxy statement).

No payment, however, would be made under the Executive Officer Continuation of Pay Policy unless the executive officer executes a general release containing a release of all claims against Viad, a covenant not to sue, a non-competition covenant and a non-disparagement agreement, in form and substance satisfactory to Viad. The terms of any written agreement relating to severance payment upon termination of an executive officer without cause that is approved by the Board will supersede the policy, and exceptions to the policy may be made if recommended by the Chief Executive Officer of Viad and approved by the Human Resources Committee of the Board.

Voluntary Termination for Good Reason

Mr. Dykstra’s employment agreement provides for post-termination payments upon his voluntary termination of employment for “Good Reason”. Upon employment termination, Mr. Dykstra will receive the same payments and benefits described above under the “Involuntary Termination Not For Cause” subsection, and such payment would be in lieu of all other severance that might be payable to Mr. Dykstra under any Viad severance policies or under the terms of the stock option agreement or other incentive stock award agreement. “Good Reason” conditions to voluntarily terminate his employment, include the following, provided they occur without Mr. Dykstra’s consent:

- Material reduction or change in Mr. Dykstra’s authority, duties, or responsibilities;
- Material reduction in his annual base salary, unless made as part of an across-the-board reduction of annual base salary for other executive officers of Viad under the direction of the Board;
- Office relocation requiring an increased commute of more than fifty miles;
- Material breach of employment agreement by Viad; and
- Successor to Viad fails to assume Viad’s obligations under the employment agreement.

Mr. Dykstra’s employment agreement requires notice to be provided to Viad within ninety days of the Good Reason condition and provides Viad with an opportunity to remedy the situation. If the situation is remedied within thirty days of the notice, then the post-termination payments described in this section would not be made to Mr. Dykstra.

Death or Disability

The following table shows the cash amount and the value of vested equity that could be received by the named executive officers in the event of employment termination due to death or disability, assuming that the executive had a qualifying termination date of December 31, 2009.

For 2009, no bonus awards were made as the performance goals were not met, except Mr. Hannan because the performance goals for Brewster were achieved (see the “Summary Compensation Table” and the “Compensation Discussion and Analysis” sections of this proxy statement).

- ² Stock options, if not exercisable, will fully vest upon the date of death or disability (or six months and one day thereafter in the event the termination date occurs within six months of the grant date) and the executive (or personal representative) may exercise the option rights within three years following the date of disability or 12 months following the date of death.
- ³ The named executive officers will receive full ownership of restricted stock, restricted stock units, earned performance-based restricted stock, earned performance-based restricted stock units, and earned performance units upon lapse of the vesting or performance period.

Forfeiture and Reimbursement Provisions – Non-Compete, Non-Solicitation, Non-Disparagement

If an executive competes with Viad within two years of employment termination in the case of awards made prior to 2009, and 18 months of employment termination in the case of awards made in or after 2009, the following compensation will be subject to forfeiture and reimbursement (i.e., “clawback” provisions):

- awards of restricted stock, restricted stock units, performance-based restricted stock, performance-based restricted stock units and performance units granted in the last two years of employment;
- all cash bonuses paid during the last 12 months of employment for awards made prior to 2009, and 18 months for awards made in or after 2009;
- outstanding, vested but not exercised, stock options; and
- any gain (without regard to tax effects) realized from the exercise of an option subject to the forfeiture and reimbursement provisions.

The forfeiture and reimbursement provisions also relate to violations of certain restrictions on competitive activities following employment termination. The annual incentive compensation and long-term incentive compensation awards in 2009 (including awards of restricted stock, restricted stock units, performance-based restricted stock, performance-based restricted stock units) also provide Viad with the right to stop the executive, through a court-ordered injunction, from working for competitors and soliciting customers and employees following employment termination. Viad also may seek monetary damages for such activities.

The “Compensation Discussion and Analysis” section of this proxy statement describes additional forfeiture and reimbursement provisions under the annual incentive and long-term compensation plans and programs for an executive’s misconduct or disparagement of Viad.

PROPOSAL 2: RATIFICATION OF VIAD’S INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee of the Board has appointed Deloitte & Touche LLP as our independent registered public accountants (independent auditors) for 2010, and the Board of Directors ratified the appointment. The following resolution concerning the appointment of Deloitte & Touche LLP as Viad’s independent auditors will be offered at the meeting:

RESOLVED, that the appointment of Deloitte & Touche LLP by the Audit Committee of the Board of Directors of Viad Corp to audit the accounts of the Corporation and its subsidiaries for the fiscal year 2010 is hereby ratified.

Deloitte & Touche LLP has audited our accounts and those of our subsidiaries for many years. Although the listing standards of the NYSE and the charter of the Audit Committee require Viad’s independent registered public accountants to be engaged, retained and supervised by the Audit Committee, the Board considers the selection of the independent registered public accountants to be an important matter of shareholder concern and is submitting appointment of Deloitte & Touche LLP for ratification by shareholders as a matter of good corporate practice. No determination has been made as to what action the Audit Committee and Board would take if shareholders do not approve the appointment.

Viad anticipates that a representative of Deloitte & Touche LLP will attend the meeting, respond to appropriate questions, and be afforded the opportunity to make a statement.

Recommendation of the Board

The Board of Directors recommends that you vote “ **FOR** ” the ratification of the appointment of Deloitte & Touche LLP as Viad’s independent registered public accountants for 2010.

None of the above-described professional services were approved by the Audit Committee in reliance on the de minimus exception to the pre-approval requirements under federal securities laws and regulations.

Pre-Approval of Services of Independent Registered Public Accountants

The Audit Committee's written policy is to pre-approve all audit and permissible non-audit services provided by Viad's independent registered public accountants, which is Deloitte & Touche LLP. These services may include audit services, audit-related services, tax services and other permissible non-audit services. Any service incorporated within the engagement letter of the independent registered public accountants, which is approved by the Audit Committee, is deemed pre-approved. Any service identified as to type and estimated fee in the written annual service plan of the independent registered public accountants, which is approved by the Audit Committee, is deemed pre-approved up to the dollar amount provided in such annual service plan.

During the year, the independent registered public accountants also provide additional accounting research and consultation services required by, and incident to, the audit of Viad's financial statements and related reporting compliance. These additional audit-related services are pre-approved up to the amount provided in the annual service plan which is approved by the Audit Committee. The Audit Committee may also pre-approve services on a case-by-case basis during the year, or the Chairman of the Audit Committee may give such pre-approval in writing on behalf of the Audit Committee. The Chairman reviews his pre-approvals with the full Audit Committee not later than at the committee's next meeting.

The Audit Committee's approval of proposed services and fees are noted in the meeting minutes of the Audit Committee and/or by signature on behalf of the Audit Committee on the engagement letter. The independent registered public accountants are periodically requested to summarize the services and fees paid to date, and management is required to report whether the services and fees have been pre-approved in accordance with the required pre-approval process of the Audit Committee.

Non-Audit Services of Independent Registered Public Accountants

The Audit Committee has considered whether the provision of non-audit services by Deloitte & Touche LLP is compatible with maintaining auditor independence.

VOTING PROCEDURES AND REVOKING YOUR PROXY

Voting Procedures

In order to be elected as a director in an uncontested election, the number of shares voted "for" a director nominee from the shares present and voting in person or by proxy must exceed the number of votes cast "against" the director nominee. In contested elections where the number of nominees exceeds the number of directors to be elected, director nominees must receive a plurality of the shares present and voting in person or by proxy in order to be elected. A plurality means receiving the largest number of votes, regardless of whether that is a majority. All matters submitted to you at the meeting will be decided by a majority of the votes cast on the matter, except as otherwise provided by law or our Certificate of Incorporation or Bylaws. You may not cumulate votes.

Shareholders who fail to return a proxy or attend the meeting will not count towards determining any required plurality, majority or quorum. Shareholders and brokers returning proxies or attending the meeting who are entitled to vote on the subject matter and who abstain from voting on a proposition will count towards determining a quorum, plurality or majority for that proposition. Banks and brokers that have not received voting instructions from their clients may vote their clients' shares on the election of directors and ratifying the appointment of our independent registered public accounting firm.

Your proxy will be voted in accordance with the instructions you place on the proxy card. Unless you vote otherwise, all shares represented by your returned signed proxy will be voted as noted on page 1 of this proxy statement. If you are a participant in a 401(k) plan of Viad or one of its subsidiaries, your proxy will serve as a voting instruction to the respective Trustee. In a 401(k) plan, if no voting instructions are received from a participant, the Trustees will vote those shares in accordance with the majority of shares voted in such Plans for which instructions were received or in the discretion of such Trustees as their fiduciary duty may require.

Viad has adopted a procedure approved by the SEC called "householding" in order to reduce printing and mailing costs. Shareholders of record who have the same address and last name will receive only one copy of this proxy statement and Viad's 2009 Annual Report, unless one or more of these shareholders notifies Viad that they wish to continue receiving individual copies. Shareholders who participate in householding will continue to receive separate

proxy cards. If you do not wish to participate in householding and prefer to receive a separate copy of this proxy statement and Viad's 2009 Annual Report, or if you prefer to receive separate copies of these documents in the future, please contact Viad's transfer agent, Wells Fargo Shareowner Services, P.O. Box 64874, St. Paul, MN 55164-0874 (telephone number: 1-800-453-2235). Beneficial owners can request information about householding from their banks, brokers or other holders of record.

Revoking Your Proxy

Proxies may be revoked if you:

- Deliver a signed, written revocation letter, dated later than the proxy, to Scott E. Sayre, Vice President-General Counsel and Secretary, at our Phoenix address listed on page 1 above.
- Deliver a signed proxy, dated later than the first one, to Viad Corp; c/o Shareowner Services; P.O. Box 64873; St. Paul, Minnesota 55164-0873.

Solicitation of Proxies

The cost of solicitation will be borne by Viad. Solicitation of proxies will be made primarily through the use of the mails, but regular employees of Viad may solicit proxies personally, by telephone or otherwise. Viad will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to beneficial owners of shares.

SUBMISSION OF SHAREHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

From time to time shareholders submit proposals and director nominations which may be proper subjects for inclusion in the proxy statement and form of proxy for consideration at the Annual Meeting of Shareholders. To be considered in the proxy statement or at an annual or special meeting, proposals and director nominations must be submitted on a timely basis, in addition to meeting other legal requirements. Viad must receive proposals and nominations for the 2010 Annual Meeting of Shareholders no later than December 7, 2010, for possible inclusion in the proxy statement, or on or between January 18, 2011 and February 17, 2011, for possible consideration at the meeting, which is expected to be held on Tuesday, May 17, 2011. Proposals, director nominations, or related questions should be directed in writing to the undersigned at the address listed on page 1 above.

The Board of Directors knows of no other matters to be brought before the meeting. If any other business should properly come before the meeting, the persons appointed in the enclosed proxy have discretionary authority to vote in accordance with their best judgment.
