Stabilization

In connection with the issue of the Notes, Merrill Lynch International (in this capacity, the “Stabilizing Manager”) (or any person acting on behalf of the Stabilizing Manager) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilization action may not necessarily occur. RISK FACTORS

You should carefully consider the following risk factors and the information discussed in “Risk Factors” in Chubb’s Annual Report on Form 10-K for the year ended December 31, 2017, which is incorporated by reference into this prospectus supplement and the accompanying prospectus, as well as the other information included or incorporated by reference into this prospectus supplement, the accompanying prospectus and any related free writing prospectus, before making an investment decision. The risk factors included, incorporated by reference or otherwise referred to herein are not intended as, and should not be construed as, an exhaustive list of relevant risk factors. There may be other risks that a prospective investor should consider that are relevant to its own particular circumstances or generally.

The Notes are effectively subordinated to the indebtedness of our subsidiaries.

Both Chubb Limited and Chubb INA conduct their operations through subsidiaries, which generate a substantial portion of their respective operating income and cash flow. As a result, distributions or advances from subsidiaries of Chubb INA and Chubb Limited are a major source of funds necessary for Chubb INA and Chubb Limited to meet their respective debt service and other obligations. Contractual provisions, laws or regulations, as well as the subsidiaries’ financial condition and operating requirements, may limit the ability of Chubb INA or Chubb Limited to obtain cash required to pay Chubb INA’s debt service obligations, including payments on the Notes, or Chubb Limited’s payment obligations under the guarantee. The Notes will be structurally subordinated to all obligations of Chubb INA’s subsidiaries, including claims with respect to trade payables. Chubb Limited’s guarantee of the Notes will be structurally subordinated to all obligations of Chubb Limited’s subsidiaries, including claims with respect to trade payables. This means that holders of the Notes will have a junior position to the claims of creditors of Chubb INA’s subsidiaries on their assets and earnings, and holders of the guarantee will have a junior position to the claims of creditors of Chubb Limited’s subsidiaries on their assets and earnings. At December 31, 2017, Chubb INA and its subsidiaries had a total of approximately \$13 billion of indebtedness outstanding (other than trade payables and repurchase agreements). At December 31, 2017, Chubb Limited had approximately \$13 billion of indebtedness (other than trade payables and repurchase agreements) outstanding on a consolidated basis, all of which is subsidiary indebtedness (at Chubb INA) and thus would be structurally senior to Chubb Limited’s guarantee of the Notes.

The Notes are not secured by any of our assets and any secured creditors would have a prior claim on our assets.

The Notes are not secured by any of our assets. The terms of the indenture permit us to issue secured indebtedness, subject to certain limitations, without equally and ratably securing the Notes. See “Description of ACE INA Debt Securities and ACE Guarantee—Covenants Applicable to ACE INA Senior Debt Securities” in the accompanying prospectus. If we become insolvent or are liquidated, or if payment under any of the agreements governing any secured debt is accelerated, the lenders under our secured debt agreements will be entitled to exercise the remedies available to a secured lender. Accordingly, the secured lenders will have a prior claim on our assets to the extent of their liens, and it is possible that there will be insufficient assets remaining from which claims of the holders of these Notes can be satisfied. As of the date of this prospectus supplement, we do not have significant amounts of secured indebtedness.

We may choose to redeem the Notes of either or both series prior to maturity.

We may redeem some or all of the Notes of either or both series at any time and from time to time as described under the caption “Description of the Notes and Guarantee—Optional Redemption.” Although the Notes contain make-whole provisions during certain periods designed to compensate you for the lost value of your Notes if Chubb INA redeems your Notes prior to maturity, the make-whole provisions are only an approximation of this lost value and may not adequately compensate you. Furthermore, depending on prevailing interest rates at the time of any such redemption, you may not be able to reinvest the redemption proceeds in a

comparable security at an interest rate as high as the interest rate of the Notes being redeemed or at an interest rate that would otherwise compensate you for any lost value as a result of any redemption of Notes.

Negative covenants in the indenture offer only limited protection to holders of the Notes.

The indenture governing the Notes contains negative covenants that apply to us and our subsidiaries. However, the indenture does not:

- require us to maintain any financial ratios or specific levels of net worth, revenues, income, cash flows or liquidity and, accordingly, does not protect holders of the Notes in the event that we experience significant adverse changes in our financial condition or results of operations;
- limit our ability to incur indebtedness that is equal in right of payment to the Notes;
- restrict our ability to repurchase or redeem our securities;
- restrict our ability to pay dividends or make other payments in respect of our common stock or other securities ranking junior to the Notes; or
- restrict our ability to make investments.

Our credit ratings may not reflect all risks of your investment in the Notes and these ratings could be lowered at any time.

The credit ratings assigned to the Notes are limited in scope, and do not address all material risks relating to an investment in the Notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of its rating may be obtained from each rating agency. There can be no assurance that the credit ratings will remain in effect for any given period of time or that a rating will not be lowered, suspended or withdrawn entirely by a rating agency, if, in the rating agency's judgment, circumstances so warrant. For example, any ratings in effect on the date of this prospectus supplement could be lowered prior to the original issue date for the Notes or shortly thereafter. Agency credit ratings are not a recommendation to buy, sell or hold any security. Each agency's rating should be evaluated independently of any other agency's rating. Actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, could affect the market value of the Notes and increase our corporate borrowing costs.

There may not be an active trading market for the Notes and future trading prices of the Notes will depend upon many factors.

The Notes are new issues of securities for which there is currently no trading market. Although we intend to apply for listing of the Notes of each series for trading on the New York Stock Exchange, no assurance can be given that the Notes of either or both series will become or will remain listed or that an active trading market for the Notes will develop or, if developed, that it will continue. The listing application will be subject to approval by the New York Stock Exchange. If such a listing is obtained, we have no obligation to maintain such listing, and we may delist the Notes of either or both series at any time. In addition, although the underwriters have informed us that they currently intend to make a market in the Notes of each series after we complete the offering, they have no obligation to do so and may discontinue their market-making with respect to the Notes of either or both series at any time without notice. Any market-making activity will be subject to the limits imposed by U.S. federal securities laws and may be limited during the offering of the Notes.

If an active trading market does not develop or is not maintained with respect to the Notes of a series, the market prices and liquidity of the Notes of such series may be adversely affected. In that case, you may not be able to sell your Notes of that series at a particular time or you may not be able to sell your Notes of that series at

a favorable price. The liquidity of any market for the Notes of a series will depend on a number of factors, including:

- time remaining to the maturity of the Notes of that series;
- the number of holders of the Notes of that series;
- our ratings published by major credit rating agencies;
- our financial performance;
- the market for similar securities;
- the interest of securities dealers in making a market in the Notes of that series; and
- prevailing interest rates.

An investment in the Notes by a holder whose home currency is not euro entails significant risks.

Subject to the limited exceptions described herein, all payments of interest on, principal, premium, if any, and additional amounts, if any, in respect of the Notes and any redemption price for the Notes will be made in euro. An investment in the Notes by a holder whose home currency is not euro entails significant risks. These risks include the possibility of significant changes in rates of exchange between the holder's home currency and euro and the possibility of the imposition or subsequent modification of foreign exchange controls. These risks generally depend on factors over which we have no control, such as economic, financial and political events and the supply of and demand for the relevant currencies. In the past, rates of exchange between euro and certain currencies have been highly volatile, and each holder should be aware that volatility may continue in the future. Fluctuations in any particular exchange rate that have occurred in the past, however, are not necessarily indicative of fluctuations in the rate that may occur during the term of the Notes. Depreciation of euro against the holder's home currency would result in a decrease in the effective yield of the Notes below its coupon rate and, in certain circumstances, could result in a loss to the holder.

If you are a holder subject to United States income tax, see "Certain Tax Consequences—U.S. Federal Income Taxation of U.S. Holders" for the material United States federal income tax consequences of the acquisition, ownership and disposition of the Notes related to the Notes being denominated in euro.

The Notes permit us to make payments in dollars if we are unable to obtain euro.

If the euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if the euro is no longer being used by the then member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the Notes will be made in dollars until the euro is again available to us or so used. The amount payable on any date in euro will be converted into dollars on the basis of the "market exchange rate" for euro most recently available on, or prior to, the second business day before the relevant payment date. See "Description of the Notes and Guarantee—Issuance in Euro." Any payment in respect of the Notes so made in dollars will not constitute an event of default under the Notes or the indenture governing the Notes.

In a lawsuit for payment on the Notes, an investor may bear currency exchange risk.

The indenture is, and the Notes will be, governed by the laws of the State of New York. Under New York law, a New York state court rendering a judgment on the Notes would be required to render the judgment in euro. However, the judgment would be converted into dollars at the exchange rate prevailing on the date of entry of the judgment. Consequently, in a lawsuit for payment on the Notes, investors would bear currency exchange risk until a New York state court judgment is entered, which could be a significant amount of time. A federal court sitting in New York with diversity jurisdiction over a dispute arising in connection with the Notes would apply New York law.

In courts outside of New York, investors may not be able to obtain a judgment in a currency other than dollars. For example, a judgment for money in an action based on the Notes in many other United States federal or state courts ordinarily would be enforced in the United States only in dollars. The date used to determine the rate of conversion of euro into dollars would depend upon various factors, including which court renders the judgment and when the judgment is rendered.

Investors are exposed to the consequences of a minimum specified denomination plus a higher integral multiple of a smaller amount.

The Notes of each series will be issued in minimum denominations of €100,000 and integral multiples of €1,000 in excess thereof. As is the case with any issue of debt securities that have a minimum specified denomination plus a higher integral multiple of a smaller amount, it is possible that the Notes may be traded in amounts in excess of €100,000 (or its equivalent) that are not integral multiples of €100,000 (or its equivalent). In such a case, a holder who, as a result of trading such amounts, holds a principal amount of less than the minimum specified denomination in its account with the participant to whose account the holder's interest in the Notes is credited at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to at least the minimum specified denomination.

As global notes are held by or on behalf of Clearstream and Euroclear, investors will have to rely on their procedures for transfer, payment and communication with Chubb INA.

The Notes of each series will be represented by one or more global notes except in certain limited circumstances described in the global notes. The Notes of each series will be deposited with a common depository for Clearstream and Euroclear. Except in certain limited circumstances described in the global notes, investors will not be entitled to receive definitive Notes. Clearstream and Euroclear will maintain records of the beneficial interests in the global notes and, while the Notes are in global form, investors will be able to trade their beneficial interests only through Clearstream and Euroclear.

While the Notes are represented by global notes, we will discharge our payment obligations under the Notes by making payments to or to the order of a nominee for a common depository for Clearstream and Euroclear for distribution to their accountholders. A holder of a beneficial interest in a global note must rely on the procedures of Clearstream and Euroclear to receive payments under the Notes of the applicable series. We have no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in a global note.

USE OF PROCEEDS

We expect the net proceeds from the sale of the Notes to be approximately €1,786 million (or \$2,196 million using the noon buying rate in New York City on February 23, 2018 for cable transfers of €1.00=\$1.2298 as announced by the United States Federal Reserve Board for euro), after deducting our offering expenses and the underwriting discount. All of these net proceeds will be received and used exclusively outside Switzerland. Chubb INA intends to use the net proceeds from this offering plus available cash to redeem at maturity the \$600 million principal amount of its 5.75% Senior Notes due May 15, 2018, the \$100 million principal amount of its 6.6% Debentures due August 15, 2018 and the \$500 million principal amount of its 5.9% Senior Notes due June 15, 2019 and to redeem the \$1.0 billion aggregate principal amount of its 6.375% Directly-Issued Subordinated Capital Securities with scheduled maturity in 2037 at 100% of their principal amount plus accrued and unpaid interest to the redemption date. Pending application of the net proceeds to repay the aforementioned indebtedness, we may make such net proceeds available to our subsidiaries or invest them in marketable securities.

CURRENCY CONVERSION

Principal, premium, if any, interest and additional amounts, if any, in respect of the Notes will be payable in euro. If the euro is unavailable to Chubb INA or, in the case of the guarantee, Chubb Limited due to the imposition of exchange controls or other circumstances beyond Chubb INA's or Chubb Limited's control or if the euro is no longer being used by the then member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the Notes will be made in dollars until the euro is again available to Chubb INA or, in the case of the guarantee, Chubb Limited or so used. The amount payable on any date in euro will be converted into dollars on the basis of the market exchange rate for euro on the second business day prior to the relevant payment date or, if such market exchange rate is not available, on the basis of the market exchange rate most recently available prior to the second business day. See "Description of the Notes and Guarantee—Issuance in Euro." Any payment in respect of the Notes of a series so made in dollars will not constitute an event of default under the Notes of such series or the indenture governing the Notes.

Investors will be subject to foreign exchange risks as to all such payments that may have important economic and tax consequences to them. See "Risk Factors" above. You should consult your own financial and legal advisors as to the risks involved in an investment in the Notes.

On February 23, 2018, the noon buying rate in New York City for cable transfers as announced by the United States Federal Reserve Board was €1.00=\$1.2298.

All information provided in this prospectus supplement concerning exchange rates is provided as a matter of information only and you should not regard it as indicative of the range of or trends in fluctuations in currency exchange rates that may occur in the future.

DESCRIPTION OF THE NOTES AND GUARANTEE

We have summarized the provisions of the Notes below. The Notes constitute “ACE INA senior debt securities” described in the accompanying prospectus. This summary supplements and, to the extent inconsistent with, replaces the description of the general terms and provisions of the ACE INA senior debt securities under the caption “Description of ACE INA Debt Securities and ACE Guarantee” in the accompanying prospectus. In this section, Chubb INA refers to Chubb INA Holdings Inc. (formerly known as ACE INA Holdings Inc.), the issuer of the Notes, and “Chubb” refers to Chubb Limited (formerly known as ACE Limited), the guarantor of the Notes and, in each case, not to any of their respective subsidiaries.

General

The Notes will be issued as two separate series of debt securities under the indenture dated as of August 1, 1999 among Chubb INA, as issuer, Chubb, as guarantor, and The Bank of New York Mellon Trust Company, N.A. (formerly known as The Bank of New York Trust Company, N.A., successor to J.P. Morgan Trust Company, National Association and The First National Bank of Chicago), as trustee, as amended by the first supplemental indenture dated as of March 13, 2013 between Chubb, Chubb INA and the trustee. This indenture constitutes the “ACE INA senior indenture” described in the accompanying prospectus.

The indenture does not limit the amount of notes, debentures or other evidences of indebtedness that Chubb INA may issue thereunder and provides that notes, debentures or other evidences of indebtedness may be issued from time to time in one or more series. Chubb INA may from time to time, without giving notice to or seeking the consent of the holders of the Notes of a series, issue debt securities with the same terms as the Notes of such series (except for the issue date and, in some cases, the public offering price and the amount and date of the first interest payment) and ranking equally and ratably with the Notes of the applicable series offered hereby. Any additional debt securities having such similar terms, together with the Notes of the applicable series offered hereby, will constitute a single series of securities under the indenture, including for purposes of voting and redemptions; provided that such additional debt securities are fungible with Notes of the applicable series for U.S. federal income tax purposes. No such additional debt securities may be issued if an “event of default” (as such term is defined in the accompanying prospectus) has occurred and is continuing with respect to the Notes of such series.

The 2028 Notes will initially be limited to €900,000,000 in aggregate principal amount and will mature on March 15, 2028. The 2038 Notes will initially be limited to €900,000,000 in aggregate principal amount and will mature on March 15, 2038. The 2028 Notes will bear interest at the rate of 1.550% per year and the 2038 Notes will bear interest at the rate of 2.500% per year, in each case from the original issue date (March 7, 2018), or from the most recent interest payment date to which interest has been paid or provided for.

Chubb INA will make interest payments on the Notes annually in arrears on March 15 of each year, beginning on March 15, 2019, to the holders in whose names the Notes were registered (i) in the case of Notes represented by a global security, at the close of business on the business day (for this purpose, a day on which Clearstream and Euroclear are open for business) immediately preceding the relevant interest payment date and (ii) in all other cases, 15 calendar days prior to the relevant interest payment date.

Interest on the Notes will be computed on the basis of an ACTUAL/ACTUAL (ICMA) (as defined in the rulebook of the International Capital Market Association) day count convention.

If any interest payment date or maturity or redemption date falls on a day that is not a business day, the required payment shall be made on the next business day as if it were made on the date such payment was due and no interest shall accrue on the amount so payable from and after such interest payment date or maturity or redemption date, as the case may be, to such next business day. The term “business day” means, unless otherwise stated, any day that is (1) a day on which commercial banks and foreign exchange markets settle payments and

[Table of Contents](#)

are open for general business (including dealing in foreign exchange and foreign currency deposits) in New York City and the City of London and, in the case of definitive Notes only, the relevant place of presentation and (2) a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer system (the TARGET2 System), or any successor thereto is open for the settlement of payment in euros.

Chubb INA will issue the Notes of each series only in fully registered form, without coupons, in denominations of €100,000 and integral multiples of €1,000 in excess thereof.

Chubb INA will initially appoint the trustee at its corporate trust office as transfer agent and registrar for the Notes. The Bank of New York Mellon, London Branch will initially act as paying agent for the Notes and payments of interest, principal, premium, if any, and additional amounts, if any, in respect of the Notes will initially be payable at the principal office of the paying agent in London. Chubb INA may vary or terminate the appointment of any paying agent or transfer agent, or appoint additional or other such agents or approve any change in the office through which any such agent acts. Chubb INA will provide you with notice of any resignation, termination or appointment of the trustee or any paying agent or transfer agent, and of any change in the office through which any such agent will act. Chubb INA will cause each transfer agent to act as a co-registrar and will cause to be kept at the principal office of the registrar outside of the United Kingdom a register in which, subject to such reasonable regulations as Chubb INA may prescribe, Chubb INA will provide for the registration of the Notes and registration of transfers of the Notes.

Notices to holders of the Notes will be transmitted to the registered holders, as described herein. Any notice shall be deemed to have been given on the date of delivery. Notwithstanding the foregoing, so long as the Notes are represented by a global note deposited with a common depository for Clearstream or Euroclear, notices to holders may be given by delivery to Clearstream and Euroclear, and such notices shall be deemed to be given on the date of delivery to Clearstream and Euroclear. The trustee will transmit notices as directed by Chubb INA in writing, to each registered holder's last known address as it appears in the security register that the trustee maintains. You will not receive notices regarding the Notes directly from Chubb INA unless Chubb INA reissues the Notes to you in fully certificated form.

Issuance in Euro

Initial holders will be required to pay for the Notes in euro, and all payments of interest, principal, premium, if any, and additional amounts, if any, in respect of the Notes, will be payable in euro. If, on or after the date of this prospectus supplement, the euro is unavailable to Chubb INA or, in the case of the guarantee, to Chubb due to the imposition of exchange controls or other circumstances beyond Chubb INA's or Chubb's control or if the euro is no longer being used by the then member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions or within the international banking community, then all payments in respect of the Notes will be made in dollars until the euro is again available to Chubb INA or, in the case of the guarantee, to Chubb or so used. The amount payable on any date in euro will be converted into dollars on the basis of the "market exchange rate" for euro most recently available on, or prior to, the second business day before the relevant payment date. "Market exchange rate" means the noon buying rate in The City of New York for cable transfers of euro as certified for customs purposes (or, if not so certified, as otherwise determined) by the Federal Reserve Bank of New York.

Any payment in respect of the Notes so made in dollars will not constitute an event of default under the Notes or the indenture governing the Notes. Neither the trustee nor the paying agent shall have any responsibility for any calculation or conversion in connection with the foregoing. Investors will be subject to foreign exchange risks as to payments in respect of the Notes that may have important economic and tax consequences to them. See "Risk Factors" above.

Guarantee

Chubb will fully and unconditionally guarantee all payments of interest, principal, premium, if any, and additional amounts, if any, in respect of the Notes as described in the accompanying prospectus under “Description of Chubb INA Debt Securities and Chubb Guarantee—Chubb Guarantee.”

Ranking

The Notes of each series will be senior unsecured obligations of Chubb INA and will rank equally in right of payment with all of Chubb INA’s other unsecured and unsubordinated indebtedness from time to time outstanding. The guarantee will be a senior unsecured obligation of Chubb and will rank equally in right of payment with all of Chubb’s other unsecured and unsubordinated indebtedness from time to time outstanding.

The Notes will be effectively subordinated to any secured indebtedness of Chubb INA or Chubb, as the case may be, to the extent of the value of the assets securing such indebtedness. The indenture does not limit the amount of debt that Chubb INA, Chubb or their respective subsidiaries can incur. However, the indenture does restrict the ability of Chubb INA, Chubb and their respective subsidiaries to incur secured debt. See “Description of ACE INA Debt Securities and ACE Guarantee—Covenants Applicable to ACE INA Senior Debt Securities” in the accompanying prospectus.

In addition, both Chubb and Chubb INA conduct their operations through subsidiaries, which generate a substantial portion of their respective operating income and cash flow. As a result, distributions or advances from subsidiaries of Chubb INA and Chubb are a major source of funds necessary for Chubb INA and Chubb to meet their respective debt service and other obligations. Contractual provisions, laws or regulations, as well as the subsidiaries’ financial condition and operating requirements, may limit the ability of Chubb INA or Chubb to obtain cash required to pay Chubb INA’s debt service obligations, including payments on the Notes, or Chubb’s payment obligations under the guarantee. The Notes will be structurally subordinated to all obligations of Chubb INA’s subsidiaries, including claims with respect to trade payables. The guarantee will be structurally subordinated to all obligations of Chubb’s subsidiaries, including claims with respect to trade payables. This means that holders of the Notes will have a junior position to the claims of creditors of Chubb INA’s subsidiaries on their assets and earnings, and holders of the guarantee will have a junior position to the claims of creditors of Chubb’s subsidiaries on their assets and earnings. At December 31, 2017, Chubb INA and its subsidiaries had a total of approximately \$13 billion of indebtedness outstanding (other than trade payables and repurchase agreements). At December 31, 2017, Chubb had approximately \$13 billion of indebtedness (other than trade payables and repurchase agreements) outstanding on a consolidated basis, all of which is subsidiary indebtedness (at Chubb INA) and thus would be structurally senior to Chubb’s guarantee of the Notes.

Payments of Additional Amounts

Chubb INA or, in the event that payments are required to be made by Chubb pursuant to its obligations under the guarantee, Chubb will, subject to the exceptions and limitations set forth below, pay such additional amounts as are necessary in order that the net payment by Chubb INA, Chubb or a paying agent of the principal of, and premium, if any, and interest on the Notes to a holder, after withholding or deduction for any future tax, assessment or other governmental charge imposed by the United States, Switzerland or any other jurisdiction in which Chubb INA or Chubb or, in each case, any successor person substituted in accordance with the Indenture may be organized or resident for tax purposes, as applicable, or any political subdivision thereof or therein having the power to tax (a “Taxing Jurisdiction”), will not be less than the amount provided in the Notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

- (1) to any tax, assessment or other governmental charge that would not have been imposed but for the holder (or the beneficial owner for whose benefit such holder holds such Note), or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or

corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:

(a) being or having been engaged in a trade or business in the Taxing Jurisdiction or having or having had a permanent establishment in the Taxing Jurisdiction;

(b) having a current or former connection with the Taxing Jurisdiction (other than a connection arising solely as a result of the ownership of the Notes or the receipt of any payment or the enforcement of any rights thereunder), including being or having been a citizen or resident of the Taxing Jurisdiction;

(c) being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation for United States income tax purposes or a corporation that has accumulated earnings to avoid United States federal income tax;

(d) being or having been a “10-percent shareholder” of Chubb INA or Chubb as defined in section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended (the “Code”), or any successor provision; or

(e) being a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business;

- (2) to any holder that is not the sole beneficial owner of the Notes, or a portion of the Notes, or that is a fiduciary, partnership or limited liability company, but only to the extent that a beneficial owner with respect to the holder, a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership or limited liability company would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;
- (3) to any tax, assessment or other governmental charge that would not have been imposed but for the failure of the holder or any other person to comply with certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with the Taxing Jurisdiction of the holder or beneficial owner of the Notes, if compliance is required by statute, by regulation of the Taxing Jurisdiction or any taxing authority therein or by an applicable income tax treaty to which the Taxing Jurisdiction is a party as a precondition to exemption from such tax, assessment or other governmental charge;
- (4) to any tax, assessment or other governmental charge that is payable otherwise than by withholding by Chubb INA, Chubb or a paying agent from the payment;
- (5) to any tax, assessment or other governmental charge that would not have been imposed but for a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later;
- (6) to any estate, inheritance, gift, sales, excise, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge;
- (7) to any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of or interest on any Note, if such payment can be made without such withholding by at least one other paying agent;
- (8) to any tax, assessment or other governmental charge that would not have been imposed but for the presentation by the holder of any Note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;
- (9) to any tax, assessment or other governmental charge imposed under Sections 1471 through 1474 of the Code (or any amended or successor provisions), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, any intergovernmental agreement entered into in connection with the implementation of the foregoing and

any fiscal or regulatory legislation, rules or practices adopted pursuant to any such intergovernmental agreement; or
(10) in the case of any combination of items (1), (2), (3), (4), (5), (6), (7), (8) and (9).

The Notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable to the Notes. Except as specifically provided under this heading “—Payment of Additional Amounts,” neither Chubb INA nor Chubb will be required to make any payment for any tax, assessment or other governmental charge imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

As used under this heading “—Payment of Additional Amounts” and under the heading “—Redemption for Tax Reasons”, the term “United States” means the United States of America, the states of the United States, and the District of Columbia, and the term “U.S. person” means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership or other entity created or organized in or under the laws of the United States, any state of the United States or the District of Columbia, or any estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

Redemption for Tax Reasons

Chubb INA will be entitled to redeem the Notes of either or both series, at its option, at any time in whole but not in part, upon not less than 30 nor more than 60 days’ notice, at 100% of the principal amount thereof, plus accrued and unpaid interest (if any) to, but excluding, the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), in the event that Chubb INA or Chubb has become or would become obligated to pay, on the next date on which any amount would be payable with respect to the Notes of such series, any additional amounts as a result of:

- a change in or an amendment to the laws (including any regulations promulgated thereunder) of a Taxing Jurisdiction, which change or amendment is announced after the date of this prospectus supplement; or
- any change in or amendment to any official position regarding the application or interpretation of the laws or regulations of a Taxing Jurisdiction, which change or amendment is announced after the date of this prospectus supplement,

and, in each case, Chubb INA or Chubb, as applicable, cannot avoid such obligation by taking reasonable measures available to it.

Before Chubb INA publishes or mails any notice of redemption of the Notes of such series, as described above, it will deliver to the trustee an officers’ certificate to the effect that it cannot avoid its obligation to pay additional amounts by taking reasonable measures available to it and an opinion of independent legal counsel of recognized standing stating that Chubb INA or Chubb, as applicable, would be obligated to pay additional amounts as a result of a change in tax laws or regulations or the application or interpretation of such laws or regulations.

Optional Redemption

Chubb INA may redeem (i) the 2028 Notes in whole at any time or in part from time to time prior to the 2028 Notes Par Call Date, and (ii) the 2038 Notes in whole at any time or in part from time to time prior to the 2038 Notes Par Call Date, in each case at its option, at a redemption price equal to the greater of:

- 100% of the principal amount of the Notes being redeemed; and
- the sum of the present value of the remaining scheduled payments of principal and interest on the Notes being redeemed that would be due if the Notes to be redeemed matured on the applicable Par Call Date

(not including any portion of such payments of interest accrued as of the redemption date) discounted to the redemption date on an annual basis (ACTUAL/ACTUAL (ICMA)) at the applicable Comparable Government Bond Rate (as defined herein), plus 15 basis points, in the case of the 2028 Notes, and 25 basis points, in the case of the 2038 Notes,

plus, in each case, accrued and unpaid interest on the Notes being redeemed to but excluding the redemption date.

In addition, at any time on and after the applicable Par Call Date, Chubb INA may redeem some or all of the Notes of the applicable series, at its option, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed plus accrued and unpaid interest on the Notes being redeemed to but excluding the redemption date.

Notwithstanding the foregoing, installments of interest on the Notes that are due and payable on interest payment dates falling on or prior to a redemption date will be payable on the interest payment date to the registered holders as of the close of business on the relevant record date according to the Notes and the indenture.

“*Comparable Government Bond*” means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an Independent Investment Banker, a German government bond whose maturity is closest to the maturity of the Notes (assuming, for this purpose, that the Notes matured on the applicable Par Call Date), or if such Independent Investment Banker in its discretion determines that such similar bond is not in issue, such other German government bond as such Independent Investment Banker may, with the advice of the Reference Bond Dealers, determine to be appropriate for determining the Comparable Government Bond Rate.

“*Comparable Government Bond Rate*” means the price, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards), at which the gross redemption yield on the Notes, if they were to be purchased at such price on the third business day prior to the date fixed for redemption, would be equal to the gross redemption yield on such business day of the Comparable Government Bond (as defined above) on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by the Independent Investment Banker.

“*Independent Investment Banker*” means one of the Reference Bond Dealers that Chubb appoints as the Independent Investment Banker from time to time.

“*Reference Bond Dealer*” means each of Merrill Lynch International, Barclays Bank PLC and Deutsche Bank AG, London Branch, and their respective successors, except that if any of the foregoing ceases to be a broker of, and/or market maker in, German government bonds (a “Primary Bond Dealer”), Chubb INA shall designate as a substitute another nationally recognized investment banking firm that is a Primary Bond Dealer.

Chubb INA will mail or otherwise provide notice of any redemption at least 30 days but not more than 60 days before the redemption date to each registered holder of the Notes to be redeemed. Once notice of redemption is mailed or provided, the Notes called for redemption will become due and payable on the redemption date and at the applicable redemption price, plus accrued and unpaid interest to, but excluding, the redemption date.

On and after the redemption date, interest will cease to accrue on the Notes or any portion of the Notes called for redemption (unless Chubb INA defaults in the payment of the redemption price and accrued interest). On or before the redemption date, Chubb INA will deposit with a paying agent or the trustee money sufficient to pay the redemption price of and accrued interest on the Notes to be redeemed on that date. If less than all of the Notes are to be redeemed, the Notes to be redeemed shall be selected pro rata or otherwise in accordance with industry standards or in case the Notes are represented by one or more global notes, beneficial interests therein shall be selected for redemption by Clearstream and Euroclear in accordance with their respective applicable procedures therefor.

In addition, Chubb INA may at any time purchase any of the Notes by tender, in the open market or by private agreement, subject to applicable law.

Other Provisions of the Notes

Defeasance and covenant defeasance will apply to the Notes under the terms of the indenture. However, for purposes of the Notes, “Government Obligations” means securities which are (i) direct obligations of the German government or (ii) obligations of a person controlled or supervised by and acting as an agency or instrumentality of the German government, in each case where the timely payment or payments thereunder are unconditionally guaranteed as a full faith and credit obligation by the German government, and which, in the case of (i) or (ii), are not callable or redeemable at the option of the issuer or issuers thereof, and shall also include a depository receipt which evidences a direct ownership interest in obligations described in clauses (i) or (ii) above or in any specific payment of interest on or principal of or other amount with respect thereof.

Sinking Fund

The Notes will not have the benefit of any sinking fund.

Governing Law

The indenture is, and the Notes will be, governed by, and construed in accordance with, the laws of the State of New York.

Trustee and Paying Agent

The Bank of New York Mellon Trust Company, N.A. (formerly known as The Bank of New York Trust Company, N.A., as successor to J.P. Morgan Trust Company, National Association and The First National Bank of Chicago), is the trustee under the indenture. The Bank of New York Mellon, London Branch, is the paying agent. The trustee and its affiliates also perform commercial banking services for us for which they receive customary fees.

Book-Entry Delivery and Form; Global Note

We have obtained the information in this section concerning Clearstream and Euroclear and their book-entry systems and procedures from sources that we believe to be reliable. We take no responsibility for an accurate portrayal of this information. In addition, the description of the clearing systems in this section reflects our understanding of the rules and procedures of Clearstream and Euroclear as they are currently in effect. Those clearing systems could change their rules and procedures at any time.

The Notes of each series will be issued in the form of one or more global notes in registered form, without coupons, and will be deposited with, or on behalf of, a common depository for, and in respect of interest held through, Clearstream and Euroclear. Except as set forth below, the global notes may be transferred, in whole and not in part, only to Clearstream or Euroclear or their respective nominees. You may hold your interests in the global notes through Clearstream or Euroclear, either as an accountholder in such systems or indirectly through organizations that are accountholders in such systems. Clearstream and Euroclear will hold interests in the global notes on behalf of their respective participating organizations or customers through customers’ securities accounts in Clearstream’s or Euroclear’s names on the books of their respective depositories. Book-entry interests in the Notes and all transfers relating to the Notes will be reflected in the book-entry records of Clearstream and Euroclear.

The distribution of the Notes will be cleared through Clearstream and Euroclear. Any secondary market trading of book-entry interests in the Notes will take place through Clearstream and Euroclear accountholders and will settle in same-day funds. Owners of book-entry interests in the Notes will receive payments relating to their Notes in euro, except as described under the heading “—Issuance in Euro.”

[Table of Contents](#)

Clearstream and Euroclear have established electronic securities and payment transfer, processing, depository and custodial links among themselves and others, either directly or through custodians and depositories. These links allow the Notes to be issued, held and transferred among the clearing systems without the physical transfer of certificates. Special procedures to facilitate clearance and settlement have been established among these clearing systems to trade securities across borders in the secondary market.

The policies of Clearstream and Euroclear will govern payments, transfers, exchanges and other matters relating to the investor's interest in the Notes held by them. We have no responsibility for any aspect of the records kept by Clearstream or Euroclear or any of their accountholders. We also do not supervise these systems in any way.

Clearstream and Euroclear and their accountholders perform these clearance and settlement functions under agreements they have made with one another or with their customers. You should be aware that they are not obligated to perform or continue to perform these procedures and may modify them or discontinue them at any time.

So long as the nominee of the common depository is the registered owner of the global note, such nominee of the common depository will be considered the sole owner or holder of the debt securities represented by that global note for all purposes under the indenture and under the Notes. Payments of principal of, premium, if any, and interest on, and additional amounts, if any, with respect to the global notes will be made to such nominee of the common depository as holder thereof and any such payment will, to the extent thereof, discharge our obligations under the Notes. Except as provided below, owners of beneficial interests in the Notes will not be entitled to have the Notes registered in their names, will not receive or be entitled to receive physical delivery of the Notes in definitive form and will not be considered the owners or holders of the Notes under the indenture, including for purposes of receiving any reports delivered by us or the trustee pursuant to the indenture. Accordingly, each person owning a beneficial interest in a Note must rely on the procedures of the clearing system and, if such person is not an accountholder, on the procedures of the accountholders through which such person owns its interest, in order to exercise any rights of a holder of Notes. Because Clearstream and Euroclear can only act on behalf of accountholders, the ability of a person having an interest in the global notes to pledge such interest to persons or entities which do not participate in the relevant clearing system, or otherwise take actions in respect of such interest, may be affected by the lack of a physical certificate in respect of such interest. Notwithstanding the foregoing, while interests in the notes of a series are represented by global notes held on behalf of Euroclear or, as the case may be, Clearstream, the trustee may take into account any information provided to it by such clearing systems or their respective operators as to the identity (either individually or by category) of its accountholders with beneficial interests in such global notes and may consider such interests as if such accountholders were the holders of the relevant notes.

Under existing industry practices, if we request any action of holders or a beneficial owner desires to give or take any action which a holder is entitled to give or take under the indenture, the clearing systems would authorize their accountholders to give or take action and the accountholders would authorize beneficial owners holding book-interest holdings in Notes through them to give or take such action or would otherwise act upon the instructions of beneficial owners. Conveyance of notices and other communications by the clearing systems to their accountholders, and by the accountholders to beneficial owners, will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in certificated form. These limits and laws may impair the ability to transfer beneficial interests in global notes.

We have been advised by Clearstream and Euroclear, respectively, as follows:

Clearstream

Clearstream advises that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations ("Clearstream Participants") and facilitates the

clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant, either directly or indirectly.

Distributions with respect to interests in the Notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures.

Euroclear

Euroclear advises that it was created in 1968 to hold securities for participants of Euroclear (“Euroclear Participants”) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank SA/NV (the “Euroclear Operator”). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, or the Euroclear Terms and Conditions, and applicable Belgian law govern securities clearance accounts and cash accounts with the Euroclear Operator. Specifically, these terms and conditions govern:

- transfers of securities and cash within Euroclear;
- withdrawal of securities and cash from Euroclear; and
- receipt of payments with respect to securities in Euroclear.

All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants and has no record of or relationship with persons holding securities through Euroclear Participants.

Distributions with respect to interests in the Notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Euroclear Terms and Conditions.

Global Clearance and Settlement Procedures

We understand that investors that hold their Notes through Clearstream or Euroclear accounts will follow the settlement procedures that are applicable to conventional eurobonds in registered form. Notes will be credited to the securities custody accounts of Clearstream and Euroclear accountholders on the business day following the settlement date, for value on the settlement date.

[Table of Contents](#)

We understand that secondary market trading between Clearstream and/or Euroclear accountholders will occur in the ordinary way following the applicable rules and operating procedures of Clearstream and Euroclear. Secondary market trading will be settled using procedures applicable to conventional eurobonds in registered form.

You should be aware that investors will only be able to make and receive deliveries, payments and other communications involving the Notes through Clearstream and Euroclear on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, there may be problems with completing transactions involving Clearstream and Euroclear on the same business day as in the United States. United States investors who wish to transfer their interests in the Notes, or to make or receive a payment or delivery of the Notes, on a particular day, may find that the transactions will not be performed until the next business day in Luxembourg or Brussels, depending on whether Clearstream or Euroclear is used.

Clearstream or Euroclear will credit payments to the cash accounts of Clearstream or Euroclear accountholders, as applicable, in accordance with the relevant system's rules and procedures, to the extent received by its depository. Clearstream or the Euroclear Operator, as the case may be, will take any other action permitted to be taken by a holder under the indenture on behalf of a Clearstream or Euroclear accountholder only in accordance with its relevant rules and procedures.

Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the Notes among accountholders of Clearstream and Euroclear. However, they are under no obligation to perform or continue to perform those procedures, and they may discontinue those procedures at any time.

Definitive Notes

With respect to each series of Notes, we will issue Notes in definitive form upon surrender of the global notes in accordance with their terms only if:

- (a) an event of default has occurred and is continuing with respect to the Notes of such series; or
- (b) either Clearstream or Euroclear is closed for business for a continuous period of 14 days or more (other than by reason of holiday, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so and no alternative clearing system satisfactory to the trustee is available; or
- (c) Chubb INA would suffer a disadvantage as a result of a change in laws or regulations (taxation or otherwise) or as a result of a change in the practice of Clearstream and/or Euroclear which would not be suffered were the Notes of such series in definitive form and a certificate to such effect signed by an authorized signatory of Chubb INA is given to the trustee.

Thereupon (in the case of (a) or (b) above) the holder of a global note or the trustee may give notice to Chubb INA and (in the case of (c) above) Chubb INA may give notice to the trustee and the noteholders, of its intention to exchange a global note for Notes in definitive form on or after the Exchange Date (as defined below).

On or after the Exchange Date, the holder of the global note may or, in the case of (c) above, shall surrender it to or to the order of the paying agent. In exchange for the global note, Chubb INA shall deliver, or procure the delivery of, an equal aggregate principal amount of definitive Notes, printed in accordance with any applicable legal and stock exchange requirements. On exchange of the global note, Chubb INA will procure the cancellation of the global note.

[Table of Contents](#)

For these purposes, “Exchange Date” means a day specified in the notice requiring exchange falling not less than 60 days after that on which the notice requiring exchange is given and being a day on which banks are open for general business in London, in the place in which the specified office of the London paying agent is located and, except in case of exchange pursuant to (b) above, in the place in which Clearstream or Euroclear, as applicable, is located.

In all cases, definitive Notes delivered in exchange for any global note or beneficial interests in global notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the holder of the relevant global notes.

Neither we nor the trustee will be liable for any delay by the holder of the relevant global notes identifying the holders of beneficial interests in the global notes, and each such person may conclusively rely on, and will be protected in relying on, instructions from Clearstream or Euroclear for all purposes (including with respect to the registration and delivery, and the respective principal amounts, of the definitive Notes to be issued).

In considering the interests of holders of the Notes while any relevant global notes are held on behalf of Clearstream and Euroclear, the trustee may have regard to any information provided to it by such clearing systems as to the identity (either individually or by category) of their accountholders and may consider such interests as if such accountholders were holders of the relevant global notes and interests therein.

Original Issue Discount Legend

Each global note/definitive note will contain a legend substantially to the following effect:

THIS NOTE HAS BEEN ISSUED WITH “ORIGINAL ISSUE DISCOUNT” (WITHIN THE MEANING OF SECTION 1273 OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED). UPON WRITTEN REQUEST, THE COMPANY WILL PROMPTLY MAKE AVAILABLE TO ANY HOLDER OF THIS NOTE THE FOLLOWING INFORMATION: (1) THE ISSUE PRICE OF THE NOTE, (2) THE ISSUE DATE OF THE NOTE, (3) THE AMOUNT OF ORIGINAL ISSUE DISCOUNT ON THE NOTE AND (4) THE YIELD TO MATURITY OF THE NOTE. HOLDERS SHOULD CONTACT THE CHIEF FINANCIAL OFFICER AT CHUBB INA HOLDINGS INC., 436 WALNUT STREET, PHILADELPHIA, PA 19106.

CERTAIN TAX CONSEQUENCES

United States

The following is a general discussion of certain United States federal tax consequences of the acquisition, ownership and disposition of the Notes by initial holders of Notes, but does not purport to be a complete analysis of all the potential tax considerations. This discussion is based upon the Internal Revenue Code of 1986, as amended (the “Code”), the Treasury Regulations thereunder and administrative rulings and court decisions, all as of the date hereof, and all of which are subject to change, possibly retroactively. Unless otherwise stated, this discussion is limited to the tax consequences to those persons who are original beneficial owners of the Notes (“Holders”) who purchase Notes at their original issue price (generally the first price at which a substantial amount of the Notes are sold for money to the public, not including purchases by bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) for cash and who hold such Notes as capital assets, within the meaning of Section 1221 of the Code, and assumes that such issue price is the price stated on the cover of this offering memorandum. This discussion assumes that the Notes are not issued with original issue discount as that term is defined in the Code and Treasury Regulations. This discussion does not consider any specific facts or circumstances or special tax rules that may apply to a particular Holder based on its status (including, for example, a bank, a financial institution, an insurance company, a passive foreign investment company, a controlled foreign corporation, an individual retirement or other tax-deferred account, an S corporation, a broker-dealer or dealer or trader in securities or currencies, a

tax-exempt organization, a partnership or other pass-through entity, an expatriate, a real estate investment trust, a regulated investment company, a person that holds securities as part of a straddle, hedge, conversion transaction, or other integrated investment, a person who owns directly, indirectly or constructively, five percent (5%) or more of Chubb Limited's stock, persons who are members of an "expanded group" with Chubb INA within the meaning of the Treasury regulations under Section 385 of the Code, or a government or its controlled entities). This discussion also does not address the tax consequences to U.S. Holders (as defined below) that have a functional currency other than the U.S. dollar. In addition, this discussion does not address U.S. federal alternative minimum tax, Medicare tax on unearned income or estate and gift tax consequences or any aspect of state, local or foreign taxation. We have not sought any ruling from the Internal Revenue Service (the "IRS") with respect to the statements made and the conclusions reached in this discussion, and we cannot assure you that the IRS will agree with such statements and conclusions.

For purposes of this discussion, a "U.S. Holder" means a Holder that is, for U.S. federal income tax purposes, (1) a citizen or resident of the United States, (2) a corporation or other entity taxable as a corporation created or organized in the United States or under the laws of the United States, any state thereof, or the District of Columbia, (3) an estate whose income is includible in gross income for United States federal income tax purposes regardless of its source, or (4) a trust whose administration is subject to the primary supervision of a United States court and which has one or more United States persons (as defined under the Code) who have the authority to control all substantial decisions of the trust or if a valid election to be treated as a U.S. person is in effect with respect to such trust. A Non-U.S. Holder is a Holder that is neither a U.S. Holder nor a partnership or other entity or arrangement treated as a partnership for U.S. federal income tax purposes.

If a partnership or other entity or arrangement treated as a partnership for United States federal income tax purposes holds the Notes, the tax treatment of a partner thereof will generally depend upon the status of the partner and the activities of the partnership. Partners in a partnership holding the Notes should consult their tax advisors as to the tax consequences to them of the purchase, ownership and disposition of the Notes by the partnership.

Certain Contingent Payments

Although the matter is not free from doubt, we believe, and we intend to take the position, that the Notes should not be characterized as contingent payment debt instruments under United States federal income tax law even though the Notes provide for certain contingent payments. See "Description of the Notes and Guarantee—Payment of Additional Amounts," "Description of the Notes and Guarantee—Redemption for Tax Reasons," and "Description of the Notes and Guarantee—Optional Redemption." Our determination is binding on a Holder unless such Holder discloses its contrary position in the manner required by applicable Treasury Regulations. Our determination is not, however, binding on the IRS, and if the IRS were to successfully challenge this determination, a Holder might be required to accrue interest income at a higher rate than the stated interest rate on the Notes, and to treat as ordinary income any gain realized on the taxable disposition of a Note. The remainder of this discussion assumes that the Notes will not be treated as contingent payment debt instruments. Holders are urged to consult their own tax advisors regarding the potential application to the Notes of the contingent payment debt instrument rules and the consequences thereof.

U.S. Federal Income Taxation of U.S. Holders

Payments of interest—Payments of "qualified stated interest" on a debt instrument generally will be taxable to a U.S. Holder as ordinary income at the time it is accrued or is received in accordance with the U.S. Holder's method of accounting for tax purposes. Under the Code and applicable Treasury Regulations, "qualified stated interest" generally means stated interest that is unconditionally payable in cash or property (other than debt instruments of the issuer) at least annually at a single fixed rate. The terms of the Notes provide that the first payment of interest will be greater than one year after the issue date of the Notes. As such, the Notes will not be treated as providing for interest that is unconditionally payable at least annually at a single fixed rate. Accordingly, none of the interest paid on the Notes will be treated as qualified stated interest and the Notes will

be treated as having been issued with “original issue discount” (“OID”). The amount of such OID is equal to the Notes’ “stated redemption price at maturity” less their “issue price.” The “issue price” of a Note, as described above, is the first price at which a substantial amount of the Notes included in the particular issuance is sold to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The “stated redemption price at maturity” of a Note is the sum of all payments provided by the terms of the Note, other than qualified stated interest payments.

Each U.S. Holder of a Note, whether such U.S. Holder uses the cash or the accrual method of accounting for tax purposes, will be required to include in ordinary gross income the sum of the “daily portions” of OID on that Note for all days during the taxable year that the U.S. Holder owns the Note. The daily portions of OID on a Note are determined by allocating to each day in any accrual period (generally any period of one year or less that is elected by a U.S. Holder, typically a period that ends or begins on a scheduled interest or principal payment date) a ratable portion of the OID allocable to the accrual period. In the case of an initial holder, the amount of OID on a Note allocable to each accrual period generally is determined by (i) multiplying the “adjusted issue price” (as defined below) of the Note at the beginning of the accrual period by the yield to maturity of the Note (adjusting the yield to take into account the length of the particular accrual period) and (ii) subtracting from that product the amount (if any) payable as “qualified stated interest” during that accrual period. The “adjusted issue price” of a Note at the beginning of any accrual period will be the sum of its issue price and the amount of OID allocable to all prior accrual periods (without regard to any acquisition premium), reduced by the amount of all payments other than qualified stated interest payments (if any) made with respect to such Notes in all prior accrual periods.

While each U.S. Holder of a Note will be required to accrue OID income under a constant yield method, as described above, a taxpayer may also elect to include in gross income all interest that accrues on a debt instrument (including qualified stated interest, original issue discount, de minimis original issue discount, market discount (as defined below), de minimis market discount and unstated interest, as adjusted by any amortizable bond premium or acquisition premium) under a constant yield method (such election, a “constant yield election”). As a result of this “constant yield” method of including original issue discount income, the amounts so includible in income by a U.S. Holder in respect of a Note are generally lesser in the early years and greater in the later years than the amounts that would be includible on a straight-line basis.

A U.S. Holder should determine the U.S. dollar amount includible in income as OID for each accrual period by (i) calculating the amount of OID allocable to each accrual period in euro using the constant yield method described above, and (ii) translating the euro amount so derived at the average exchange rate in effect during that accrual period (or, with respect to an accrual period that spans two taxable years, at the average rate of exchange for the partial period within the taxable year) or, at the U.S. Holder’s election, at the spot rate of exchange on the last day of the accrual period (or, with respect to an accrual period that spans two taxable years, at the spot rate on the last day of the taxable year), or on the day of receipt, if that date is within five business days of the last day of the accrual period. Because exchange rates may fluctuate, a U.S. Holder of a Note may recognize a different amount of OID income in each accrual period than would the holder of a similar Note denominated in U.S. dollars. Upon receipt of an amount attributable to OID (whether in connection with a payment of interest or the sale or retirement of a Note), a U.S. Holder may recognize foreign currency gain or loss (treated as ordinary income or loss) in an amount equal to the difference between the amount of income received attributable to the OID (translated into U.S. dollars at the spot rate on the date of receipt) and the amount of OID previously accrued (as discussed above). For these purposes, all receipts on a Note will be viewed first, as receipts of previously accrued OID (to the extent thereof), with payments considered made for the earliest accrual periods first; and second, as the receipt of principal.

In addition to interest payments on the Notes, U.S. Holders will be required to include in income any additional amounts described above in “Description of the Notes and Guarantee—Payments of Additional Amounts” and any interest payments from Chubb Limited pursuant to the guarantee. Interest income on a Note (including OID and including interest payments from Chubb Limited under the guarantee) generally will be considered United States source income.

See the discussion below under “Information Reporting and Backup Withholding” regarding certain information we may be required to provide to the IRS with respect to payments to U.S. Holders and circumstances under which we may be required to withhold U.S. federal income tax on payments to U.S. Holders.

Any payments of principal on the Notes will be made in euro. With respect to payments of principal on a Note, a U.S. Holder will recognize foreign exchange gain or loss measured by the difference between the U.S. dollar equivalent of the principal payment received (translated at the spot rate on the date such payment is received) and the U.S. dollar equivalent of such amount translated at the spot rate in effect on the date such U.S. Holder acquired the Note.

Disposition —In general, a U.S. Holder will recognize gain or loss upon the sale, exchange, redemption or other taxable disposition of the Notes measured by the difference between (1) the amount realized (except to the extent attributable to accrued but unpaid interest, which is treated as interest as described above) and (2) the U.S. Holder’s adjusted tax basis in the Notes. A U.S. Holder’s adjusted tax basis in the Notes generally will equal the cost of the Notes to the U.S. Holder increased by any amounts included in income by the U.S. Holder as original issue discount and reduced by any payments other than qualified stated interest made on such Note. If a U.S. Holder purchases a Note with euro, then the U.S. dollar cost of such investment generally will be the U.S. dollar value of the purchase price on the date of purchase calculated at the spot rate of exchange on that date.

The amount realized upon the sale, exchange, redemption or other taxable disposition of the Notes generally will be the U.S. dollar value of the amount received on the date of the disposition calculated at the spot rate of exchange on that date; *however*, if the Note is traded on an established securities market, a cash basis U.S. Holder (and, if it so elects, an accrual basis U.S. Holder) should determine the U.S. dollar value of the cost of or amount received on the Note, as applicable, by translating the amount paid or received at the spot rate of exchange on the settlement date of the purchase or disposition, as applicable. The election available to accrual basis U.S. Holders in respect of the purchase and disposition of Notes traded on an established securities market must be applied consistently to all debt instruments from year-to-year and cannot be changed without the consent of the IRS. Subject to the foreign currency rules discussed below, any gain or loss recognized by a U.S. Holder will generally be capital gain or loss and will be long-term capital gain or loss, provided the Notes had been held by such U.S. Holder for more than one year at the time of disposition. In the case of individual U.S. Holders, long-term capital gain is currently subject to a maximum U.S. federal income tax rate of 20%. The deductibility of capital losses by U.S. Holders is subject to limitations.

Gain or loss recognized by a U.S. Holder on the sale, exchange, retirement or other disposition of a Note will generally be treated as ordinary income or loss to the extent that the gain or loss is attributable to changes in foreign currency exchange rates during the period in which the U.S. Holder held such Note. Such foreign currency gain or loss will equal the difference between: (a) the U.S. dollar value of the U.S. Holder’s euro purchase price for the Note calculated at the spot rate of exchange on the date of the sale, exchange, retirement or other disposition and (b) the U.S. dollar value of the U.S. Holder’s euro purchase price for the Note calculated at the spot rate of exchange on the date of purchase of the Note. If the Note is traded on an established securities market, with respect to a cash basis U.S. Holder (and, if it so elects, an accrual basis U.S. Holder), such foreign currency gain or loss will equal the difference between: (i) the U.S. dollar value of the U.S. Holder’s euro purchase price for the Note calculated at the spot rate of exchange on the settlement date of the disposition and (ii) the U.S. dollar value of the U.S. Holder’s euro purchase price for the Note calculated at the spot rate of exchange on the settlement date of the purchase of the Note. The realization of any foreign currency gain or loss, including foreign currency gain or loss with respect to amounts attributable to accrued and unpaid stated interest, will be limited to the amount of overall gain or loss realized on the disposition of the Notes.

Exchange of Foreign Currencies —If a U.S. Holder of a Note receives euro or another non-U.S. dollar currency as interest on a Note or on the sale, exchange, retirement or other disposition of a Note, then such U.S. Holder’s tax basis in such euro or other non-U.S. dollar currency will equal the U.S. dollar value of such euro or

other non-U.S. dollar currency on the date received. Any gain or loss recognized by a U.S. Holder on a sale, exchange or other taxable disposition of the euro or other non-U.S. dollar currency will be ordinary income or loss. If a U.S. Holder of a Note purchased such Note with previously owned euro or other non-U.S. currency, then gain or loss will be recognized on such purchase in an amount equal to the difference, if any, between the U.S. Holder's tax basis in such currency and the spot rate of the currency on the date of purchase. Any such gain or loss generally will be treated as ordinary income or loss.

U.S. Federal Income Taxation of Non-U.S. Holders

Payments of Interest—Subject to the discussions of FATCA (as defined below) and backup withholding below, payments of interest (including OID) on the Notes to a Non-U.S. Holder will not be subject to withholding of U.S. federal income tax or U.S. withholding tax, unless such payments are effectively connected with the conduct of a U.S. trade or business, and in the case of a treaty resident, attributable to a U.S. permanent establishment (or, in the case of an individual, a fixed base) maintained in the United States by the Non-U.S. Holder, provided that:

- the Non-U.S. Holder does not actually or constructively own 10% or more of the total combined voting power of all classes of our or Chubb Limited's stock entitled to vote;
- the Non-U.S. Holder is not a bank receiving interest pursuant to a loan agreement entered into in the ordinary course of its trade or business;
- the Non-U.S. Holder is not a controlled foreign corporation that is actually or constructively related to us through stock ownership; and
- either (a) the beneficial owner of the Notes certifies to us or our agent on IRS Form W-8BEN or IRS Form W-8BEN-E (or applicable successor form), depending on the Non-U.S. Holder's circumstances, under penalties of perjury, that it is not a "U.S. person" (as defined in the Code) and provides its name and address, or (b) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business (a "Financial Institution") holds the Notes on behalf of the beneficial owner and certifies to us or our agent, under penalties of perjury, that a properly executed IRS Form W-8BEN or IRS Form W-8BEN-E (or applicable successor form), depending on the Non-U.S. Holder's circumstances, has been received by it from the Non-U.S. Holder or a qualifying intermediary and furnishes a copy to our agent; provided that a non-United States Financial Institution may fulfill the certification requirement by providing a Form W-8IMY to us certifying that it has entered into an agreement with the IRS to be treated as a qualifying intermediary.

The requirements set forth in the bulleted clauses above are known as the "Portfolio Interest Exception."

If a Non-U.S. Holder cannot satisfy the requirements of the Portfolio Interest Exception, payments of interest made to such Non-U.S. Holder will be subject to U.S. federal withholding tax at a 30% rate unless the beneficial owner of the Note provides us or our agent, as the case may be, with a properly executed:

- IRS Form W-8BEN or IRS Form W-8BEN-E (or applicable successor form), depending on the Non-U.S. Holder's circumstances, claiming, under penalties of perjury, an exemption from, or reduction in, the U.S. federal withholding tax rate under a tax treaty (a "Treaty Rate"), or
- IRS Form W-8ECI (or successor form) stating that interest paid on the Note is not subject to the U.S. federal withholding tax because it is effectively connected with a U.S. trade or business of the beneficial owner (in which case such interest will be subject to U.S. federal income tax rates on a net income basis as described below).

The certification requirement described above also may require a Non-U.S. Holder that provides an IRS Form or that claims a Treaty Rate to provide its U.S. taxpayer identification number.

Each Non-U.S. Holder is urged to consult its own independent tax advisor about the specific methods for satisfying these requirements. A claim for exemption will not serve to avoid withholding if we have actual knowledge or reason to know that statements on the form are false.

If interest on the Notes is “effectively connected,” as that term is defined in the Code and the Treasury Regulations, with a U.S. trade or business of the Non-U.S. Holder (and if required by an applicable treaty, attributable to a U.S. permanent establishment of the Non-U.S. Holder), the Non-U.S. Holder, although exempt from the U.S. federal withholding tax described above (provided that the certification requirements described above are satisfied), will be subject to U.S. federal income tax on such interest on a net income basis in the same manner as if it were a U.S. Holder. In addition, if such Non-U.S. Holder is a foreign corporation and interest on the Note is effectively connected with its U.S. trade or business (and if required by applicable treaty, attributable to a U.S. permanent establishment maintained by the Non-U.S. Holder), such Non-U.S. Holder may be subject to an additional branch profits tax at a rate of 30% (unless reduced by treaty) in respect of such interest. A Non-U.S. Holder that is engaged in the conduct of a trade or business in the United States is urged to consult its tax advisors regarding the U.S. tax consequences of the ownership and disposition of the Notes.

Disposition—Subject to the discussions of FATCA and backup withholding below, except with respect to accrued and unpaid interest (which is subject to the rules discussed above under “U.S. Federal Income Taxation of Non-U.S. Holders—Payment of Interest”), a Non-U.S. Holder will not be subject to United States federal income tax or withholding tax on gain realized on the sale, exchange or other disposition of the Notes, unless (a) that Non-U.S. Holder is an individual who is present in the United States for 183 days or more during the taxable year and certain other requirements are met or (b) the gain is effectively connected with the conduct of a United States trade or business of the Non-U.S. Holder (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment or fixed base maintained in the United States by the Non-U.S. Holder). If the exception under (a) applies, the Non-U.S. Holder will be subject to tax equal to 30% on the gain realized except as provided under an applicable treaty. If the exception under (b) applies, the Non-U.S. Holder will be subject to U.S. federal income tax as described under “—U.S. Federal Income Taxation of U.S. Holders—Disposition” unless an applicable treaty provides otherwise, and if such holder is a corporation, it may be subject to an additional 30% branch profits tax (unless reduced by treaty). Accrued and unpaid interest realized on a sale, exchange or other disposition of a Note will be subject to U.S. federal income tax to the extent interest would have been subject to U.S. federal income tax as described under “—U.S. Federal Income Taxation of Non-U.S. Holders—Payments of Interest.”

Potential Acceleration of Income . An accrual method taxpayer that prepares an “applicable financial statement” (as defined in Section 451 of the Code, which includes any GAAP financial statement, Form 10-K annual statement, audited financial statement or a financial statement filed with any federal agency for non-tax purposes) generally would be required to include certain items of income, such as OID and possibly de minimis OID and market discount, in gross income no later than the time such amounts are reflected on such a financial statement. (The application of this rule to income of a debt instrument with OID, such as the Notes, is effective for taxable years beginning after December 31, 2018.) This could result in an acceleration of income recognition for income items differing from the above description, although the precise application of this rule is unclear at this time.

Information Reporting and Backup Withholding

We will, where required, report to Holders and the IRS the amount of any interest paid on the Notes in each calendar year and the amounts of federal tax withheld, if any, with respect to payments. A U.S. Holder may be subject to information reporting and to backup withholding with respect to payments of interest (including OID) made on the Notes, or on proceeds of the disposition of the Notes before maturity, unless that U.S. Holder provides a correct taxpayer identification number or proof of an applicable exemption, and otherwise complies with applicable requirements of the information reporting and backup withholding rules.

Under the Treasury Regulations, backup withholding and information reporting will not apply to payments made by us or any agent thereof (in its capacity as such) to a Non-U.S. Holder if such Non-U.S. Holder has provided the required certification that it is not a U.S. person on the IRS Form W-8BEN or IRS Form W-8BEN-E (or applicable successor form), depending on the Non-U.S. Holder's circumstances, or has otherwise established an exemption (provided that neither Chubb INA nor its agent has actual knowledge that such Holder is a U.S. person or that the conditions of any exemption are not in fact satisfied).

Payments of the proceeds from the sale of the Notes to or through a foreign office of a broker (as defined in applicable Treasury Regulations) will not be subject to information reporting or backup withholding, unless the broker is (1) a U.S. person, (2) a "controlled foreign corporation," (3) a foreign person 50% or more of whose gross income for certain periods is effectively connected with a United States trade or business or (4) a foreign partnership, if, at any time during its taxable year, one or more of its partners are United States persons who in the aggregate hold more than 50% of the income or capital interest in the partnership or if, at any time during its taxable year, the foreign partnership is engaged in a United States trade or business, and the Non-U.S. Holder does not establish an exception as specified in the Treasury Regulations regarding backup withholding and information reporting, as applicable.

Backup withholding is not an additional tax. Any amount withheld under the backup withholding rules may be refunded or credited against the Holder's United States federal income tax liability, provided that the required information is timely furnished to the IRS. In addition, these rules may be modified pursuant to FATCA (defined below). Holders should consult their own tax advisors regarding its effect, if any, of any of these rules with respect to their particular situation.

Foreign Account Tax Compliance Act

Sections 1471 through to 1474 of the Code (including any regulations or official interpretations issued with respect thereof or agreements thereunder and any amended or successor provisions, "FATCA") generally impose a withholding tax of 30% on payments of U.S. source interest and, beginning January 1, 2019, payments of gross proceeds from the disposition of a debt instrument producing such interest made to (i) a "foreign financial institution" (as defined in the Code) (as the beneficial owner or as an intermediary for the beneficial owner), unless such institution is "deemed compliant," complies with an applicable intergovernmental agreement and/or enters into an agreement with the United States government to collect and provide to the United States tax authorities substantial information regarding certain United States account holders of such institution (which would include certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with United States owners) or (ii) a foreign entity that is not a financial institution in certain cases (as the beneficial owner or as an intermediary for the beneficial owner), unless such entity provides the withholding agent with a certification identifying the substantial United States owners of the entity, which generally includes any United States person who directly or indirectly owns more than 10% of the entity, or certifies that it does not have any substantial United States owners. Certain countries have entered into, and other countries are expected to enter into, agreements with the U.S. to facilitate the type of information reporting required under FATCA. While the existence of such agreements will not eliminate the risk the Notes will be subject to the withholding described above, these agreements are expected to reduce the risk of such withholding for investors in (or indirectly holding Notes through financial institutions in) those countries. In the event any withholding under FATCA is imposed with respect to any payments on the Notes, there generally will be no additional amounts payable to compensate for the withheld amount. Prospective purchasers of the Notes should consult their own tax advisors regarding the implications of FATCA on their investment in the Notes.

Swiss Taxation

Swiss Withholding Tax (Verrechnungssteuer)

Under current Swiss law and practice of the Swiss federal tax administration, there is no Swiss withholding tax (*Verrechnungssteuer*) levied by Switzerland under the Swiss withholding tax act (*Verrechnungssteuergesetz*,

SR 642.21) on interest paid under the Notes or Chubb Limited's guarantee of the Notes, if the proceeds from the Notes are neither directly nor indirectly used in Switzerland (it is not contemplated to use the proceeds in Switzerland, see "Use of Proceeds"), and if Chubb INA is domiciled and has its effective place of management outside Switzerland, in each case as interpreted by the Swiss federal tax administration and/or Swiss courts, at any time while the Notes are outstanding.

Automatic Exchange of Information

In the context of the repeal of the EU Savings Directive by the European Commission by Council Directive (EU) 2015/2060 of November 10, 2015 with effect from January 1, 2017 in the case of Austria and from January 1, 2016 in the case of all other Member States (subject to on-going requirements to fulfill administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates), Switzerland and the European Community signed on May 27, 2015 an amendment protocol to the Agreement, which introduced an extended automatic exchange of information regime in lieu of the withholding system, and expands the range of payments covered.

The Swiss Federal Act on the International Automatic Exchange of Information (AEIOI) in Tax Matters entered into force on January 1, 2017.

The AEIOI is being introduced in Switzerland through bilateral agreements or multilateral agreements. On this basis, Switzerland will begin to collect data in respect of financial assets, including, as the case may be, bonds, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of individuals resident in a EU member state or in a treaty state from, depending on the effective date of the respective agreement, in 2017 or 2018, as the case may be, and begin to exchange such data in 2018 or 2019, as the case may be.

Issue or Transfer Stamp Taxes

The issuance of Notes is not subject to issue or transfer stamp taxes provided under the Swiss stamp tax act (*Stempelabgabengesetz, SR 641.10*). Secondary market transactions in Notes may be subject to transfer stamp tax of up to 0.3% under the Swiss stamp tax act of the consideration paid, if a Swiss or Liechtenstein securities dealer (as defined in the Swiss stamp tax act) is involved in the transaction as party or as intermediary. Redemption of Notes is not subject to issue or transfer stamp taxes.

The Notes are new issues of securities with no established trading market. We intend to apply to list the Notes of each series on the New York Stock Exchange. The listing application will be subject to approval by the New York Stock Exchange. If such listing is obtained, we would expect trading in the Notes of each series on the New York Stock Exchange to begin within 30 days after the original issue date of the Notes of such series. If such a listing is obtained, we have no obligation to maintain such listing, and we may delist the Notes of any series at any time.

The underwriters may make a market in the Notes of each series after completion of the offering, but will not be obligated to do so and may discontinue any market-making activities at any time without notice. No assurance can be given as to the liquidity of the trading market for the Notes of either series or that an active public market for the Notes of a series will develop. If an active public market for the Notes of a series does not develop, the market price and liquidity of the Notes of such series may be adversely affected.

In connection with the issue of the Notes, Merrill Lynch International (in this capacity, the “Stabilizing Manager”) (or any person acting on behalf of the Stabilizing Manager) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilization action may not necessarily occur. Any stabilization action may begin on or after the date on which adequate public disclosure of the terms of the offer of the Notes is made, and, if begun, may cease at any time, but it must end no later than the earlier of (i) 30 days after the issue of such Notes and (ii) 60 days after the date of the allotment of such Notes. Any stabilization action or overallotment must be conducted by the Stabilizing Manager (or persons acting on behalf of the Stabilizing Manager) in accordance with applicable laws and regulations.

The representatives also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased Notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

Certain of the underwriters and certain of their affiliates have provided from time to time, and may provide in the future, investment and commercial banking and financial advisory services to us and our affiliates in the ordinary course of business, for which they have received and may continue to receive customary fees and commissions. For example, certain of the underwriters or their affiliates are lenders under certain of our credit facilities, including our syndicated letter of credit facility expiring in 2022.

In addition, in the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes offered hereby. The underwriters and their respective affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or financial instruments and may at any time hold, or recommend to clients that they acquire, long or short positions in such securities and instruments.

It is expected that delivery of the Notes will be made against payment therefor on or about March 7, 2018, which is the fourth business day following the date hereof (such settlement cycle being referred to as “T+4”). Pursuant to Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in two business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers of

[Table of Contents](#)

the Notes who wish to trade the Notes on any date prior to the second business day before delivery thereof will be required, by virtue of the fact that the Notes initially will settle in T+4, to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement. Purchasers of the Notes who wish to trade the Notes on any date prior to the second business day before delivery thereof should consult their own advisors.

ACE LIMITED

ACE Limited is the Swiss-incorporated holding company of the ACE Group of Companies. ACE Limited, which is headquartered in Zurich, Switzerland, and its direct and indirect subsidiaries make up one of the world’s largest multiline property and casualty insurance organizations. ACE and its direct and indirect subsidiaries operate in 54 countries and territories. The affiliated insurance companies of the ACE Group of Companies provide distinct insurance and reinsurance products and services to a diverse group of clients ranging from multinational corporations to consumers. ACE serves multinational corporations and local businesses with property and casualty insurance and services; companies and affinity groups providing or offering accident and health insurance programs and life insurance to their employees or members; insurers managing exposures with reinsurance coverage; and individuals purchasing life, personal accident, supplemental health, homeowners, automobile, valuables, umbrella liability and other specialty insurance coverage. We have grown our business through increased premium volume, expansion of product offerings and geographic reach, and acquisition of other companies. At June 30, 2015, we had total assets of approximately \$100 billion and shareholders’ equity of approximately \$30 billion. ACE opened its first business office in Bermuda in 1985 and continues to maintain operations in Bermuda.

On July 1, 2015, we announced that we entered into a definitive merger agreement (the “Chubb Merger Agreement”), dated as of June 30, 2015, with The Chubb Corporation (“Chubb”) pursuant to which we will acquire Chubb (the “Chubb Merger”). We currently expect that the closing of the Chubb Merger will occur in the first quarter of 2016, subject to certain closing conditions, including (i) receipt of required governmental approvals, including insurance regulatory approvals, (ii) the ACE common shares to be issued in connection with the Chubb Merger being approved for listing on the New York Stock Exchange and (iii) other customary closing conditions.

We operate through five business segments: Insurance — North American P&C, Insurance — North American Agriculture, Insurance — Overseas General, Global Reinsurance, and Life.

The Insurance — North American P&C segment includes our retail divisions: ACE USA (including ACE Canada), ACE Commercial Risk Services and ACE Private Risk Services; our wholesale and specialty divisions, ACE Westchester and ACE Bermuda; and various run-off operations, including Brandywine Holdings Corporation. Our retail products and services include property, general liability, umbrella and excess liability, workers’ compensation, commercial marine, automobile liability, professional lines D&O and E&O, surety, medical liability, environmental, inland marine, aerospace, accident and health (“A&H”) coverages, as well as claims and risk management products and services. The run-off operations do not actively sell insurance products, but are responsible for the management of certain existing policies and settlement of related claims.

The Insurance — North American Agriculture segment comprises Rain and Hail Insurance Service, Inc. (“Rain and Hail”), which provides comprehensive Multiple Peril Crop Insurance (“MPCI”) and crop-hail insurance, and ACE Agribusiness, which offers farm and ranch coverages as well as specialty P&C coverages for companies that manufacture, process and distribute agriculture products. [Table of Contents](#)

The Insurance — Overseas General segment comprises ACE International, ACE Global Markets (“AGM”) and the international supplemental A&H business of Combined Insurance. ACE International comprises our retail commercial P&C, A&H, and personal lines businesses serving territories outside the U.S., Bermuda, and Canada. AGM, our London-based international specialty and excess and surplus lines business, includes Lloyd’s of London (“Lloyd’s”) Syndicate 2488 (“Syndicate 2488”), a wholly-owned ACE syndicate. ACE provides funds at Lloyd’s to support underwriting by Syndicate 2488, which is managed by ACE. The reinsurance operation of AGM is included in the Global Reinsurance segment.

The Global Reinsurance segment represents ACE’s reinsurance operations comprising ACE Tempest Re Bermuda, ACE Tempest Re USA, ACE Tempest Re International, and ACE Tempest Re Canada. The Global Reinsurance segment also includes AGM’s reinsurance operations. Global Reinsurance markets reinsurance products worldwide under the ACE Tempest Re brand name and provides solutions for small to mid-sized clients and multinational ceding companies including licensed reinsurance capabilities, property and workers’ compensation catastrophe, loss-warranty, stop-loss cover, marine and aviation programs.

The Life segment comprises ACE’s international life operations, ACE Tempest Life Re, and the North American supplemental A&H and life business of Combined Insurance.

Our product and geographic diversification differentiates us from the vast majority of our competitors and has been a source of stability during periods of industry volatility. Our long-term business strategy focuses on sustained growth in book value achieved through a combination of underwriting and investment income. By doing so, we provide value to our clients and shareholders through the use of our substantial capital base in the insurance and reinsurance markets.

We are organized along a profit center structure by line of business and territory that does not necessarily correspond to corporate legal entities. Profit centers can access various legal entities, subject to licensing and other regulatory rules. Profit centers are expected to generate underwriting income and appropriate risk-adjusted returns. Our corporate structure has facilitated the development of management talent by giving each profit center’s senior management team the necessary autonomy within underwriting authorities to make operating decisions and create products and coverages needed by its target customer base. We are focused on delivering underwriting profit and strive to achieve underwriting income by only writing policies which we believe adequately compensate us for the risk we accept.

Our insurance and reinsurance operations generate gross revenues from two principal sources: premiums and investment income. Cash flow is generated from premiums collected and investment income received less paid losses and loss expenses, policy acquisition costs, and administrative expenses. Invested assets are substantially held in liquid, investment grade fixed income securities of relatively short duration. Claims payments in any short-term period are highly unpredictable due to the random nature of loss events and the timing of claims awards or settlements. The value of investments held to pay future claims is subject to market forces such as the level of interest rates, stock market volatility, and credit events such as corporate defaults. The actual cost of claims is also volatile based on loss trends, inflation rates, court awards, and catastrophes. We believe that our cash balance, our highly liquid investments, credit facilities, and reinsurance protection provide sufficient liquidity to meet unforeseen claim demands that might occur under most loss scenarios for the near term.

THE ACE TRUSTS

ACE Capital Trust III is a statutory trust created under Delaware law pursuant to (1) a trust agreement executed by ACE, as original depositor of ACE Capital Trust III, and the ACE trustees for the ACE Capital Trust III and (2) the filing of a certificate of trust with the Delaware Secretary of State on May 19, 1999. On August 5, 1999, ACE assigned its rights and obligations as depositor of ACE Capital Trust III to ACE INA. ACE Capital Trust IV is a statutory trust created under Delaware law pursuant to (1) a trust agreement executed by ACE INA, as depositor of ACE Capital Trust IV, and the ACE trustees for ACE Capital Trust IV and (2) the filing of a certificate of trust with the Delaware Secretary of State on May 14, 2002. Each trust agreement will be amended and restated in its entirety substantially in the form filed as an exhibit to the registration statement of which this prospectus forms a part. ACE INA will directly or indirectly own all of the common securities of each ACE Trust. However, if an event of default under the restated trust agreement resulting from an event of default under the ACE INA subordinated debt securities held by the ACE Trust has occurred and is continuing, the rights of the holder of the common securities to payment in respect of distributions and payments upon liquidation, redemption and otherwise will be subordinated to the rights of the holders of the preferred securities. Unless otherwise disclosed in the applicable prospectus supplement, ACE INA will, directly or indirectly, acquire common securities in an aggregate liquidation amount equal to at least 3 percent of the total capital of each ACE Trust. Each of the ACE Trusts is a legally separate entity, and the assets of one are not available to satisfy the obligations of the other.

The following is true for each ACE Trust unless otherwise disclosed in the related prospectus supplement:

- one ACE trustee of each ACE Trust, which may be the property trustee if it otherwise meets the requirements of applicable law, will have its principal place of business or reside in the State of Delaware and is referred to as the Delaware trustee; and
- we will pay all fees and expenses related to each ACE Trust and the offering of the preferred securities and common securities.

The office of the Delaware trustee for each ACE Trust in the State of Delaware is located at BNY Mellon Trust of Delaware, 301 Bellevue Parkway, 3rd Floor, Wilmington, Delaware 19809. USE OF PROCEEDS

Unless otherwise disclosed in the applicable prospectus supplement, ACE and ACE INA intend to use the net proceeds from the sale of the offered securities for general corporate purposes, which may include repayment of indebtedness, expansion of our net underwriting capacity and acquisitions. Each ACE Trust will invest all proceeds received from the sale of its preferred securities and common securities in a particular series of subordinated debt securities of ACE INA. ACE INA will use these funds for general corporate purposes, which may include repayment of indebtedness, expansion of our net underwriting capacity and acquisitions.

DESCRIPTION OF ACE CAPITAL STOCK

The following is a summary of the material provisions of ACE's Articles of Association and selected legal provisions that are related thereto. You should refer to ACE's Articles of Association for complete information regarding its provisions, a copy of which is incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part.

ACE's Capital Structure

ACE's common shares are registered shares with a par value of currently CHF 24.15 each. The common shares rank *pari passu* in entitlement to dividends, liquidation proceeds in case of a liquidation of ACE and pre-emptive rights. ACE does not have any shares carrying preferential rights. As of September 10, 2015, ACE had 323,927,846 common shares outstanding.

ACE's common shares are listed on the New York Stock Exchange under the symbol "ACE." Its common shares currently issued and outstanding are fully paid and non-assessable, which means that its common shares are paid for in full at the time they are issued, and, once its common shares are paid for in full, there is no further liability for further assessment or taxation. Any of ACE's common shares offered by a prospectus supplement will also be fully paid and non-assessable once they are issued to the purchaser in exchange for the full purchase price.

Authorized Share Capital. At the extraordinary general meeting of shareholders of ACE held on October 22, 2015, ACE shareholders approved an amendment to ACE's Articles of Association authorizing the Board of Directors to increase the share capital from time to time until October 22, 2017 by an amount not exceeding CHF 3,984,750,000 through the issuance of up to 165,000,000 fully paid up registered shares with a nominal par value of CHF 24.15. The amendment is expected to become effective on or shortly after the date of this prospectus. In addition, at such meeting, ACE shareholders approved the issuance of ACE common shares pursuant to the Chubb Merger Agreement with no opportunity for the exercise of preemptive rights or specific shareholder approval for such issuance.

Conditional Share Capital. ACE's Articles of Association provide for increases of the share capital as follows:

- a share capital increase not exceeding CHF 796,950,000 through the issue of a maximum of 33,000,000 registered shares, payable in full, through the exercise of conversion and/or option or warrant rights granted in connection with bonds, notes or similar instruments, issued or to be issued by ACE or by subsidiaries of ACE, including convertible debt instruments; and
- a share capital increase not exceeding CHF 613,673,935.35 through the issue from time to time of a maximum of 25,410,929 registered shares, payable in full, in connection with the exercise of option rights granted to any employee of ACE or a subsidiary, and any consultant, director, or other person providing services to ACE or a subsidiary.

There are no provisions of Swiss law or ACE's Articles of Association which impose any limitation on the rights of its shareholders to hold or vote common shares by reason of their not being residents of Switzerland.

Dividend Rights

Under Swiss law, shareholders must approve in advance dividend distributions, though the determination of the record and payment dates may be delegated to the Board of Directors. In order to maintain the practice of quarterly dividends that ACE established many years ago prior to becoming a Swiss company, ACE asks its shareholders annually to approve an annual dividend distribution to be paid in four quarterly installments on dates determined by its Board of Directors. In recent years, ACE has paid dividend distributions made as a share capital decrease in the form of a par value reduction or out of capital contribution reserves (additional paid in capital), in either case in four quarterly installments. ACE currently intends, subject to the discretion of its Board of Directors and the needs of its business, to propose at each annual general meeting a dividend distribution using

[Table of Contents](#)

one of these methods. At its 2015 annual general meeting, ACE's shareholders approved an annual dividend of up to U.S.\$2.68 per share, to be paid in installments as determined by the Board of Directors (currently expected to be paid in U.S. \$0.67 per share quarterly dividend installments), and two quarterly installments each in the amount of U.S. \$0.67 per share have been paid as of the date of this prospectus.

Although dividend distributions are approved by shareholders as denominated in Swiss francs, payments of such dividend distributions to shareholders are made in U.S. dollars, consistent with ACE's practices before it redomesticated to Switzerland. To limit shareholder exposure to fluctuations in the U.S. dollar/Swiss franc exchange rate, the per share amount of each quarterly installment is either defined in U.S. dollars or paid pursuant to a formula which ensures that the U.S. dollar amount of such installment remains constant through appropriate adjustment of the Swiss francs amount, in each case subject to a cap expressed in Swiss francs.

Under Swiss law, dividends (other than through reductions in par value) may be paid out only if the corporation has sufficient distributable profits from previous business years, or if the reserves of the corporation are sufficient to allow distribution of a dividend. The board of directors of a Swiss corporation may propose that a dividend be paid, but cannot itself authorize the dividend independently from a shareholders' authorization of a maximum amount. The company auditors must confirm that the dividend proposal of the Board of Directors conforms with statutory law and the articles of association. Prior to the distribution of dividends, five percent of the annual profits must be allocated to the general reserve until the amount of general reserves has reached twenty percent of the paid-in nominal share capital. ACE's Articles of Association can provide for a higher general reserve or for the creation of further reserves setting forth their purpose and use. Once this level has been reached and maintained, the shareholders meeting may approve a distribution of each year's profit within the framework of applicable legal requirements. Unless otherwise resolved, dividends are usually due and payable immediately after the shareholders' resolution relating to the allocation of profits has been passed. Under Swiss law, the statute of limitations in respect of claims for dividend payments is five years. Distributions in the form of a par value reduction must also be approved by shareholders, require confirmation by an audit expert that the creditors' claims are fully covered and are subject to a special procedure in which creditors may ask to be satisfied or secured before payment of the distribution. To the extent ACE pays distributions in the form of par value reductions or dividends from its qualifying capital contribution reserves, they will not be subject to Swiss withholding tax under current law.

Voting Rights

Each share is entitled to one vote subject to certain limitations mentioned below. A shareholder of record has the right to grant his voting proxy directly to the independent proxy or to grant a written proxy to any person, who does not need to be a shareholder, or to vote in person at the shareholders' meeting. The independent proxy is obliged to exercise the voting rights granted by shareholders in accordance with shareholder instructions; absent of such instructions, it must abstain from voting.

Under ACE's Articles of Association, resolutions generally require the approval of an absolute majority of the votes present at the shareholders' meeting, each share granting the right to one vote. Shareholders resolutions requiring a vote by absolute majority include amendments to ACE's Articles of Association, elections of directors and statutory auditors, approval of the annual report and the consolidated financial statements, setting the annual dividend, decisions to discharge directors and management from liability for matters disclosed to the shareholders' meeting and the ordering of an independent investigation into the specific matters proposed to the shareholders' meeting (*Sonderprüfung*).

The approval of at least two-thirds of the votes represented at a shareholders' meeting will be, however, required for resolutions with respect to:

- a modification of the purpose of ACE;
- creation of privileged voting shares;
- restrictions on the transfer of registered shares and the removal of such restrictions;
- restrictions on the exercise of the right to vote and the removal of such restrictions;

[Table of Contents](#)

- an authorized or conditional increase in share capital;
- an increase in share capital through the conversions of capital surplus, through a contribution in kind or in exchange for an acquisition of assets, or a grant of special benefits upon a capital increase;
- restriction or denial of pre-emptive rights;
- a change of the place of incorporation of ACE;
- conversion of registered shares into bearer shares and *vice versa* ;
- dissolution of ACE followed liquidation;
- the dismissal of the members of the Board of Directors according to art. 705 para. 1 of the Swiss Code of Obligations;
- the amendment or elimination of the provisions of article 8 (shareholder's register, transfer restrictions), article 14 (voting rights and shareholder proxies) and article 15 (resolutions of general meeting) of the Articles of Association; and
- any changes to the two-thirds voting requirement to the extent permitted by mandatory law.

Pursuant to the Swiss Federal Merger Act, special quorum rules apply by law to a merger (*Fusion*) (including a possible squeeze-out merger), de-merger (*Spaltung*) or conversion (*Umwandlung*) of a company.

Except as noted below, ACE's Articles of Association confer on the holders of shares equal rights, including equal voting and equal financial rights, with each share carrying one vote at ACE's shareholders' meetings.

To be able to exercise voting rights, holders of the shares must apply to ACE for enrollment in its share register (*Aktienregister*) as shareholders with voting rights. Registered holders of shares may obtain the form of declaration from ACE's transfer agent. Cede & Co., as nominee of The Depository Trust Company, or DTC, will make such declaration with respect to shares held in "street name." Purchasers of shares will be required to disclose their name and address and that they have acquired their shares in their name and for their account in order to be recorded in ACE's share register as shareholders with voting rights. As discussed under "Transfer of Shares," registration with voting rights has some restrictions.

Persons not expressly declaring themselves to be holding shares for their own account in the application for entry in the share register will not be registered as shareholders with voting rights. Certain exceptions exist with regard to nominees.

Legal entities or partnerships or other associations or joint ownership arrangements which are linked through capital ownership or voting rights, through common management or in like manner, as well as individuals, legal entities or partnerships (especially syndicates) which act in concert with intent to evade the entry restrictions are considered as one shareholder or nominee.

Failing registration as shareholders with voting rights, registered shareholders may not participate in or vote at ACE's shareholders' meetings, but will be entitled to dividends, preemptive rights and liquidation proceeds. Only shareholders that are registered as shareholders with voting rights on the relevant record date are permitted to participate in and vote at a general shareholders' meeting.

Notwithstanding the above, if and so long as the Controlled Shares (as defined below) of any individual or legal entity constitute ten percent or more of the registered share capital recorded in the commercial register, such individual or legal entity shall be entitled to cast votes at any ordinary or extraordinary shareholders' meeting in the aggregate equal to the number (rounded down to the nearest whole number) obtained from following formula: $(T \div 10) - 1$, where "T" is the aggregate number of votes conferred by all the registered share capital recorded in the commercial register. "Controlled Shares" are all shares of ACE directly, indirectly or constructively owned or beneficially by such individual or entity.

ACE's common shares have noncumulative voting rights, which means that the holders of a majority of its common shares may elect all of its directors, and, in this event, the holders of the remaining shares will not be

able to elect any directors. ACE's directors are elected for one-year terms. Directors may be removed without cause at any time and with immediate effect by resolution of the shareholders at an ordinary or extraordinary shareholders' meeting.

Shareholders' Meeting

The shareholders' meeting is ACE's supreme body. Ordinary and extraordinary shareholders' meetings may be held. Currently, the following powers will be vested exclusively in the shareholders' meeting:

- adoption and amendment of the Articles of Association;
- election of directors (individually), the Chairman of the Board of Directors, the members of the compensation committee of the Board of Directors (individually), the independent proxy to whom shareholders may grant proxies or voting instructions to exercise voting rights on their behalf, the auditors, the group auditors and the special auditors;
- approval of the management report and the consolidated financial statements;
- approval of the annual financial statements and decision on the allocation of profits shown on the balance sheet, in particular with regard to dividends;
- granting discharge to the members of the Board of Directors; and
- passing resolutions as to all matters reserved to the authority of the shareholders' meeting by law or under the Articles of Association or that are submitted to the shareholders' meeting by the Board of Directors and are not exclusively vested with ACE's Board of Directors or auditors.

In conjunction with recent changes to Swiss law, beginning with ACE's 2015 annual general meeting, the annual binding approval of the maximum aggregate compensation of the Board of Directors and ACE's executive management is vested exclusively in the shareholder meeting.

ACE's annual shareholders' meeting must be held within six months after the end of a financial year.

ACE's extraordinary shareholders' meetings may be convened by the Board of Directors or, under certain circumstances, by the statutory auditors or the liquidators. The Board of Directors is further required to convene an extraordinary shareholders' meeting if so resolved by a shareholders' meeting or if so requested by shareholders with voting powers who represent at least 10 percent of ACE's nominal share capital. Shareholders with voting powers whose combined holdings represent shares with a nominal value of at least CHF 1 million have the right to request that a specific proposal be put on the agenda and voted upon at the next shareholders' meeting. Such request must be made at least 45 days prior to the relevant shareholders' meeting.

ACE's shareholders' meetings will be held at ACE's place of incorporation, unless the Board of Directors decides otherwise. Notice of an ordinary or extraordinary shareholders' meeting must be given by the Board of Directors or, if necessary, by the auditors, no later than 20 days prior to the meeting date. Such notice is given by way of an announcement appearing once in the Swiss Official Gazette of Commerce (*Schweizerisches Handelsamtsblatt*). The notice period is deemed to have been observed if notice of the meeting is published in the Swiss Official Gazette of Commerce whereby the date of publication is not calculated when computing the period. Shareholders may in addition be informed by ordinary mail. The notice of a meeting must state the items on the agenda and the proposals of the Board of Directors and of the shareholders who demanded that a shareholders' meeting be held or that an item be included on the agenda and, in case of elections, the names of the nominated candidates. No resolutions may be passed at a shareholders' meeting concerning agenda items for which proper notice was not given. This does not apply, however, to proposals made during a shareholders' meeting to convene an extraordinary shareholders' meeting or to initiate a special audit. No previous notification will be required for proposals concerning items included on the agenda, and for debates as to which no vote is taken.

ACE's annual report and auditor's report must be made available for inspection by the shareholders at its place of incorporation no later than twenty days prior to the meeting. Each shareholder is entitled to request immediate delivery of a copy of these documents free of charge. Shareholders of record will be notified of this in writing.

There is no quorum requirement for ordinary or extraordinary shareholders' meetings.

Shareholder Proposals

Shareholders with voting powers whose combined holdings represent shares with a nominal value of at least CHF 1 million may, according to ACE's Articles of Association up to 45 days before the date of the meeting, demand that matters be included in the agenda. Such demands shall be in writing addressed to the Chairman and shall specify the items and the proposals to be submitted.

Action without a Meeting

Under Swiss law, resolutions in lieu of a shareholders' meeting by written consent are not permitted.

Preemptive Rights

Under Swiss law, any increase of ACE's share capital, whether for cash or non-cash consideration, requires prior shareholder approval. Shareholders of a Swiss corporation have preemptive rights to subscribe for new issues of shares, warrants, convertible bonds, or similar debt instruments with option rights in proportion to the nominal amount of shares held (*Bezugsrechte* , *Vorwegzeichnungsrechte*). A resolution adopted at a shareholders' meeting by a two-thirds majority vote may, however, limit or withdraw such preemptive rights, but only for important and valid reasons (*wichtiger Grund*) (such as a merger, an acquisition, or participation of employees).

At the extraordinary general meeting of shareholders of ACE held on October 22, 2015, ACE shareholders authorized an increase in share capital and the issuance of shares in connection with the Chubb Merger without opportunity for the exercise of preemptive rights, as further described in "Description of ACE Capital Stock — ACE's Capital Structure — Authorized Share Capital."

ACE's Articles of Association provide for the following conditional share capital, which will permit its Board of Directors to increase its share capital and to issue new shares without further shareholder approval within certain parameters:

- First, for bonds and similar debt instruments issued by ACE or one of its subsidiaries convertible into registered shares, as of October 23, 2015 not exceeding CHF 796,950,000 through the issue from time to time of a maximum of 33,000,000 registered shares, payable in full, each with a current par value of CHF 24.15, and
- Second, for *employee benefit plans* , as of October 23, 2015, not exceeding CHF 613,673,935.35 through the issue from time to time of a maximum of 25,410,929 registered shares, payable in full, each with a current par value of CHF 24.15.

Conditional share capital for convertible bonds and similar debt instruments issued by ACE or one of its subsidiaries allows that registered shares may be issued upon the exercise of conversion and/or option or warrant rights granted in connection with bonds, notes or similar instruments, issued or to be issued by ACE or by subsidiaries of ACE, including convertible debt instruments.

Shareholders' advance subscription rights with regard to the new bonds, notes or similar instruments may be restricted or excluded by decision of the Board of Directors in order to finance or refinance the acquisition of companies, parts of companies or holdings, or new investments planned by ACE, or in order to issue convertible bonds and warrants on the international capital markets.

If advance subscription rights are excluded, then:

- the instruments are to be placed at market conditions,
- the exercise period is not to exceed ten years from the date of issue for warrants and twenty years for conversion rights, and
- the conversion or exercise price for the new shares is to be set at least in line with the market conditions prevailing at the date on which the instruments are issued.

[Table of Contents](#)

Where such increase of share capital is used for *employee benefit plans*, shareholders' pre-emptive rights shall be excluded with regard to these shares. These new registered shares may be issued at a price below the current market price. The Board of Directors shall specify the precise conditions of issue.

The acquisition of registered shares through the exercise of conversion rights or warrants and any further transfers of registered shares shall be subject to the restrictions on registration specified under "Transfers of Shares."

Transfer Agent

ACE's registrar and transfer agent for its common shares is Computershare Shareowner Services LLC.

Transfer of Shares

The registered shares are evidenced by way of share certificates or in book-entry form only. Subject to the requirements of any stock exchange on which ACE's shares are listed, ACE may renounce on the printing and delivery of share certificates. However, any shareholder may demand the issuance of a share certificate evidencing ownership of his shares free of charge. Registered shares evidenced in a share certificate are transferred by delivery to the acquirer combined with an endorsement or a written assignment attached to it. Registered shares not represented by a share certificate may only be transferred by way of written assignment. To be valid, ACE must be notified of the assignment. The right to vote and other rights associated with the common shares (other than financial rights) may only be exercised by a shareholder who is registered in the share register as shareholder with voting rights.

Entry of acquirers of registered shares as shareholders with voting rights in the share register may be refused based on the following grounds:

- No individual or legal entity may, directly or indirectly, formally, constructively or beneficially own (as defined in Article 14 of ACE's Articles of Association) or otherwise control voting rights with respect to 10 percent or more of the registered share capital recorded in the commercial register. Those associated through capital, voting power, joint management or in any other way, or joining for the acquisition of shares, shall be regarded as one person. Persons holding registered shares exceeding the limit of 10 percent shall be entered in the share register, with respect to such excess shares only, as shareholders without voting rights;
- The limit of 10 percent of the registered share capital also applies to the subscription for, or acquisition of, registered shares by exercising option or convertible rights arising from registered or bearer securities or any other securities issued by ACE or third parties, as well as by means of exercising purchased pre-emptive rights arising from either registered or bearer shares. Persons holding registered shares exceeding the limit of 10 percent shall be entered in the share register with respect to such excess shares only as shareholders without voting rights;
- The Board of Directors shall reject entry of holders of registered shares as shareholders with voting rights in the share register or shall decide on their deregistration as shareholders with voting rights when the acquirer or shareholder upon request does not expressly state that she/he has acquired or holds the shares in her/his own name and for her/his own account.

The Board of Directors may record nominees in ACE's share register as shareholders with the right to vote without limitation when the nominee undertakes the obligation to disclose at any time to ACE at its written request the names, addresses and share holdings of each person for whom such nominee is holding shares. Beneficial owners of shares who hold their shares through nominees exercise their rights through the intermediation of such nominees.

Conflicts of Interest

Swiss law does not contain any general provision in relation to the handling of conflicts of interest within a company's organization. However, the Swiss Code of Obligations requires directors and members of senior

[Table of Contents](#)

management to apply due care and generally to safeguard the interests of the company in the performance of their respective duties (duty of care and of loyalty). This rule is generally understood as disqualifying directors and members of senior management from participating in decisions that directly affect them. ACE has set out certain principles on how to handle conflicts of interests in its organizational regulations, a copy of which is incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part. Further, holders of ACE's signatory powers may in certain circumstances be unable to validly exercise such powers by reason of a conflict of interest. The breach of these provisions entails personal liability of the directors and officers, to ACE in particular. In addition, Swiss law contains provisions under which the members of the Board of Directors and all persons engaged in the management may become liable to the company, to each shareholder and to the company's creditors for damages caused by an intentional or negligent violation of their duties. Furthermore, Swiss company law contains a provision under which payments made and other benefits granted to a shareholder or a director or any persons associated with them, other than at arm's length, must be repaid to the company if the recipient thereof was acting in bad faith.

Change of Control

Registration and Voting Rights Restrictions . ACE's Articles of Association limit the right of an acquirer to be registered as shareholder with voting rights and the right of its shareholders to exercise their voting rights. See "Transfer of Shares" and "Voting Rights."

Disclosure of Shareholders' Identity . Swiss company law requires that ACE disclose the identity of all of its shareholders who hold more than 5 percent of ACE's voting rights to the extent that such shareholders are known or should be known to ACE. Such disclosure must be made once a year in the notes to the financial statements published in ACE's annual report. See also "Limitations Affecting Shareholders — Insurance Regulatory Provisions Concerning Change or Acquisition of Control" and "UK Prudential Regulatory Authority and Lloyd's Related Requirements."

Repurchase of Shares

Swiss law limits a Swiss corporation's ability to hold or purchase its own shares. ACE may only purchase shares if there are sufficient free distributable reserves according to the statutory financial statements of ACE (Switzerland) to pay the purchase price, and if the aggregate nominal value of the purchased shares (and those already held in treasury) does not exceed 10 percent of its nominal share capital. These requirements also apply for shares of ACE (Switzerland) acquired by its subsidiaries. Shares held by ACE are not entitled to vote at shareholders' meetings, but are entitled to the economic benefits applicable to the shares generally. Furthermore, ACE must create a special reserve on its balance sheet in the amount of the purchase price of the acquired shares. In addition, selective share repurchases are permitted only under certain circumstances.

Certain types of repurchases of shares (buy back for capital reduction purposes, more than 10 percent of share capital, shares held for more than six years unless an exemption rule applies) are subject to Swiss Federal Withholding Tax, currently at a rate of 35 percent. According to an applicable double tax treaty between Switzerland and the tax resident country of the shareholder or if the shareholder is domiciled in Switzerland, a partial or full refund of the Swiss withholding tax may be possible under certain conditions.

Borrowing — Issuance of Debt Securities

Neither Swiss law nor ACE's Articles of Association restricts in any way its power to borrow and raise funds. The decision to borrow funds, including the issuance of debt securities, is made by or under the direction of the Board of Directors. A shareholders' resolution will not be required.

Notices

Notices to shareholders are validly made by publication in the Swiss Official Commercial Gazette (*Schweizerisches Handelsamtsblatt*). ACE will also provide notices to shareholders in English.

Duration, Liquidation and Merger

ACE's Articles of Association do not limit its duration as a legal entity.

ACE may be dissolved by way of liquidation at any time by a shareholders' resolution passed by at least two-thirds of the votes represented at a shareholders meeting. By a shareholders' resolution passed by the same majority, ACE may also be dissolved without liquidation in certain cases (for example in a merger where ACE is not the surviving entity). Dissolution by court order is possible if ACE becomes bankrupt, or for cause if shareholders holding at least 10 percent of the share capital so request.

Under Swiss law, any surplus arising out of a liquidation (after the settlement of all claims of all creditors) is distributed to shareholders in proportion to the paid-up nominal value of shares held. The amount of this surplus, to the extent it is not a repayment of the nominal value of the shares, is subject to Swiss Federal Withholding Tax, currently at a rate of 35 percent. According to an applicable double tax treaty between Switzerland and the tax resident country of the shareholder or if the shareholder is domiciled in Switzerland, a partial or full refund of the Swiss withholding tax may be possible under certain conditions.

Statutory Auditors

PricewaterhouseCoopers AG, Birchstrasse 160, CH-8050 Zurich, has been appointed as ACE's statutory auditors. ACE's shareholders must elect its auditors at the ordinary shareholders' meeting on an annual basis.

Limitations Affecting Shareholders

Squeeze-Out Merger — The Swiss Federal Merger Act allows a squeeze-out of minority shareholders by way of a squeeze-out merger. To the extent that the shareholders holding at least 90 percent of the shares outstanding of the target company consent, the target company can be merged into the surviving company and the minority shareholders or the target company can be cashed out instead of receiving shares in the surviving company.

Ownership of Shares by Non-Swiss Persons — Except for the limitation on voting rights described above applicable to shareholders generally, there is no limitation under Swiss law or ACE's Articles of Association on the right of non-Swiss residents or nationals to own or vote its shares. Shareholders intending to acquire or hold a qualifying participation in ACE's shares may be subject to applicable local insurance regulations.

Exchange Control — Under current Swiss exchange control regulations, there are no limitations on the amount of payments that may be remitted by a Swiss company to non-residents, other than under government sanctions imposed on certain countries and on persons or organizations with links to such countries or terrorist links.

Insurance Regulatory Provisions Concerning Change or Acquisition of Control — Insurance regulatory authorities with jurisdiction over ACE's reinsurance and insurance subsidiaries may require prior approval of the acquisition or a change of control of the reinsurance or insurance subsidiary. In many cases, accumulating significantly less than a majority of ACE's shares may be deemed to be an acquisition or a change of control of one or more of ACE's regulated reinsurance or insurance subsidiaries. The discussion below describes significant insurance regulatory provisions that may affect the accumulation of ACE's shares.

For example, some of ACE's subsidiaries are reinsurance and insurance companies domiciled or commercially domiciled under the respective insurance codes of the states of Connecticut, Florida, Georgia, Illinois, Indiana, Iowa, New Jersey, New York and Pennsylvania in the United States. The insurance codes in these states contain generally similar provisions to the effect that the acquisition or change of "control" of a domestic insurer or of any person that controls a domestic insurer cannot be consummated without the prior approval of the relevant insurance regulator. In general, a presumption of "control" arises from the ownership, control, possession with the power to vote or possession of proxies regarding 10 percent or more of the voting securities of a domestic insurer or of a person that controls a domestic insurer. A person seeking to acquire control, directly or indirectly, of a domestic insurance company or of any person controlling a domestic insurance

company must generally file with the relevant insurance regulatory authority a statement relating to the acquisition of control containing certain information required by statute and published regulations and provide a copy of such statement to the domestic insurer.

In addition, many states' insurance laws contain provisions that require pre-acquisition notification to state agencies of a change in control of a non-domestic insurance company admitted in that state. While these pre-acquisition notification statutes do not authorize the state agency to disapprove the change of control, these statutes do authorize remedies, including the issuance of a cease and desist order with respect to the non-domestic admitted insurer, if, for example, undue market concentration exists.

Any future transactions involving the acquisition of 10 percent or more of ACE's outstanding shares would generally require, and any future transactions involving disposition of 10 percent or more of ACE's outstanding shares may generally require, prior approval by the state insurance departments of the states mentioned above or by certain regulators of other relevant jurisdictions. Similarly, they would generally require the pre-acquisition notification in those jurisdictions that have adopted pre-acquisition notification provisions and may generally require the pre-disposition notification in those jurisdictions that adopt pre-disposition notification provisions. These requirements may deter, delay or prevent transactions affecting the ownership of ACE's shares by persons seeking to own more than 10 percent of its outstanding shares, or exceeding other relevant thresholds under applicable insurance regulations. UK Prudential Regulatory Authority and Lloyd's Related Requirements

A person is prohibited from being a controller of a United Kingdom Prudential Regulation Authority ("PRA") authorized and, if also applicable, Lloyd's registered entity unless that person first obtains the permission of the PRA and, if applicable, Lloyd's. A person would be a controller of a PRA authorized and, if applicable, Lloyd's registered ACE entity if that person, whether acting alone or in concert, holds 10 percent or more of the shares or voting power in that entity or in its parent undertaking or it holds shares or voting power in that entity or its parent undertaking as a result of which it is able to exercise significant influence over the management of the entity. Accordingly, any person who, whether acting alone or in concert, is a controller of ACE may well also be a controller of a PRA authorized and, if applicable, Lloyd's registered ACE entity, which means any person considering owning 10 percent of ACE's shares or voting power must determine if PRA and, if applicable, Lloyd's advance approval is necessary.

Approval is also required from the PRA and, if applicable, Lloyd's if a person increases the percentage of shares or voting power which that person holds in the relevant entity or its parent undertaking from less than 20 percent to 20 percent or more, from less than 30 percent to 30 percent or more, or from less than 50 percent to 50 percent or more, or becomes the parent undertaking of that entity.

A person who decides to reduce or cease to have control over a PRA authorized and, if applicable, Lloyd's registered entity must give the PRA and, if applicable, Lloyd's notice in writing before making the disposition. This applies where the percentage of shares or voting power which that person holds in the relevant entity reduces from 50 percent or more to less than 50 percent, from 30 percent or more to less than 30 percent, or from 20 percent or more to less than 20 percent, or where the person ceases to be a parent undertaking of that entity.

A prospective controller should notify the PRA and, if applicable, Lloyd's of its intention to acquire control of that entity. Likewise, an existing controller should notify the PRA and, if applicable, Lloyd's if it increases its percentage of shares or voting power in the relevant entity from less than 20 percent to 20 percent or more, from less than 30 percent to 30 percent or more or from less than 50 percent to 50 percent or more, if it reduces its percentage of shares or voting power in the relevant entity from 50 percent or more to less than 50 percent, from 30 percent or more to less than 30 percent, or from 20 percent or more to less than 20 percent, or if it ceases to have control of that entity (i.e., it ceases to have 10 percent or more of the shares or voting power in that entity or in its parent undertaking or to have shares or voting power in that entity or its parents undertaking as a result of which it has been able to exercise significant influence over the management of the entity).

The PRA has 60 working days to consider a person's application to acquire 'control'. The PRA and, if applicable, Lloyd's, may object to a proposed acquisition or increase in control unless it is effectively satisfied that the applicant is a fit and proper person to have, or increase their, control, and the interests of consumers would not be threatened by that person having, or increasing their, control. A person who becomes a controller, or increases their control, of a PRA authorized and, if applicable, Lloyd's registered entity without first obtaining the prior approval of the PRA and, if applicable, Lloyd's, may be liable to imprisonment and/or a fine.

DESCRIPTION OF ACE INA DEBT SECURITIES AND ACE GUARANTEE

The following description of the ACE INA debt securities and the ACE guarantee sets forth the material terms and provisions of the ACE INA debt securities and the ACE guarantee to which any prospectus supplement may relate. The ACE INA senior debt securities are to be issued under an indenture, referred to in this prospectus as the ACE INA senior indenture, among ACE INA, ACE and The Bank of New York Mellon Trust Company, N.A. (as successor), as trustee, dated as of August 1, 1999, a copy of which is incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part. The ACE INA subordinated debt securities are to be issued under an indenture, referred to in this prospectus as the ACE INA subordinated indenture, among ACE INA, ACE and The Bank of New York Mellon Trust Company, N.A. (as successor), as trustee, dated December 1, 1999, a copy of which is incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part. The ACE INA senior indenture and the ACE INA subordinated indenture are sometimes referred to herein collectively as the ACE INA indentures and each individually as an ACE INA indenture. The specific terms applicable to a particular issuance of ACE INA debt securities and any variations from the terms set forth below will be set forth in the applicable prospectus supplement.

The following is a summary of the material terms and provisions of the ACE INA indentures, the ACE INA debt securities and the ACE guarantee. You should refer to the ACE INA indentures and the ACE INA debt securities for complete information regarding the terms and provisions of the ACE INA indentures, the ACE INA debt securities and the ACE guarantee. The ACE INA indentures are substantially identical, except for the covenants of ACE INA and ACE and provisions relating to subordination.

General

The ACE INA indentures do not limit the aggregate principal amount of ACE INA debt securities which ACE INA may issue. ACE INA may issue ACE INA debt securities under the ACE INA indenture from time to time in one or more series. The ACE INA indentures do not limit the amount of other indebtedness or ACE INA debt securities, other than secured indebtedness which ACE, ACE INA or their respective subsidiaries may issue.

Unless otherwise set forth in the applicable prospectus supplement, the ACE INA senior debt securities will be unsecured obligations of ACE INA and will rank equally with all of its other unsecured and unsubordinated indebtedness, subordinated in right of payment to the prior payment in full of all of ACE INA's senior indebtedness, which term includes ACE INA senior debt securities, as described below under "Subordination of ACE INA Subordinated Debt Securities." The ACE INA subordinated debt securities of any series issued to an ACE Trust will rank equally with each other series of ACE INA subordinated debt securities issued to other ACE Trusts.

Because ACE INA is a holding company, its rights and the rights of its creditors, including you as a holder of ACE INA debt securities, to participate in any distribution of assets of any subsidiary upon that subsidiary's liquidation or reorganization or otherwise would be subject to the prior claims of the subsidiary's creditors, except to the extent that ACE INA is a creditor of the subsidiary. The rights of creditors of ACE INA, including you as a holder of ACE INA debt securities, to participate in the distribution of stock owned by ACE INA in its subsidiaries, including ACE INA's insurance subsidiaries, may also be subject to the approval of insurance regulatory authorities having jurisdiction over the subsidiaries.

If ACE INA subordinated debt securities are issued to an ACE Trust in connection with the issuance of securities by that ACE Trust, those ACE INA subordinated debt securities may subsequently be distributed *pro*

[Table of Contents](#)

rata to the holders of the securities of the ACE Trust under the dissolution of that ACE Trust. This type of distribution would only occur upon the occurrence of specified events, which will be described in the applicable prospectus supplement. Only one series of ACE INA subordinated debt securities will be issued to an ACE Trust in connection with the issuance of securities by that ACE Trust.

The applicable prospectus supplement will describe the following terms of the offered ACE INA debt securities:

- the title of the series;
- any limit on the aggregate principal amount;
- the principal payment dates;
- the interest rates, if any, or the method by which the interest rates will be determined, including, if applicable, any remarketing option or similar option. This interest rate may be zero in the case of ACE INA debt securities issued at an issue price representing a discount from the principal amount payable at maturity;
- the date or dates from which interest, if any, will accrue or the method by which the date or dates will be determined;
- the interest payment dates and regular record dates;
- whether and under what circumstances ACE INA will pay additional amounts because of taxes or governmental charges that might be imposed on holders of the ACE INA debt securities and, if so, whether and on what terms ACE will have the option to redeem the ACE INA debt securities in lieu of paying these additional amounts;
- the place or places where the principal of, any premium or interest on or any additional amounts with respect to the ACE INA debt securities will be payable, where any of the ACE INA debt securities that are issued in registered form may be surrendered for registration of transfer or exchange, and where any of the ACE INA debt securities may be surrendered for conversion or exchange;
- whether any of the ACE INA debt securities are to be redeemable at the option of ACE INA and, if so, the date or dates on which, the period or periods within which, the price or prices at which and the other terms and conditions upon which they may be redeemed, in whole or in part, at the option of ACE INA;
- whether ACE INA will be obligated to redeem or purchase any of the ACE INA debt securities pursuant to any sinking fund or analogous provision or at your option and, if so, the date or dates and other terms and conditions on which the ACE INA debt securities will be redeemed or purchased pursuant to this obligation, and any provisions for the remarketing of the ACE INA debt securities redeemed or purchased;
- if other than denominations of \$1,000 and any integral multiple of \$1,000, the denominations in which any ACE INA debt securities to be issued in registered form will be issuable and, if other than a denomination of \$5,000, the denominations in which any ACE INA debt securities to be issued in bearer form will be issuable;
- whether the ACE INA debt securities will be convertible into other securities of ACE INA and/or exchangeable for securities of ACE or other issuers and, if so, the terms and conditions upon which the ACE INA debt securities will be convertible or exchangeable;
- if other than the principal amount, the portion of the principal amount, or the method by which this portion will be determined, of the ACE INA debt securities that will be payable upon declaration of acceleration of the maturity of the ACE INA debt securities;
- if other than United States dollars, the currency of payment in which the principal of, any premium or interest on or any additional amounts on the ACE INA debt securities will be payable;
- whether the principal of, any premium or interest on or any additional amounts on the ACE INA debt securities will be payable, at the election of ACE INA or you, in a currency other than that in which the ACE INA debt securities are stated to be payable and the dates and other terms upon which this election may be made;

[Table of Contents](#)

- any index, formula or other method used to determine the amount of payments of principal of, any premium or interest on or any additional amounts on the ACE INA debt securities;
- whether the ACE INA debt securities are to be issued in the form of one or more global securities and, if so, the identity of the depositary for the global security or securities;
- whether the ACE INA debt securities are senior or subordinated and, if subordinated, the applicable subordination provisions;
- in the case of ACE INA subordinated debt securities issued to an ACE Trust, the terms and conditions of any obligation or right of ACE INA or you to convert or exchange the ACE INA subordinated debt securities into preferred securities of that ACE Trust;
- in the case of ACE INA subordinated debt securities issued to an ACE Trust, the specifics of the restated trust agreement and, if applicable, the agreement relating to ACE's guarantee of the preferred securities of that ACE Trust;
- in the case of ACE INA subordinated debt securities, the relative degree, if any, to which the ACE INA subordinated debt securities of the series and the related ACE guarantee will be senior to or be subordinated to other series of ACE INA subordinated debt securities and the related ACE guarantee(s) or other indebtedness of ACE INA or ACE, as the case may be, in right of payment, whether the other series of ACE INA subordinated debt securities or other indebtedness is outstanding or not;
- any deletions from, modifications of or additions to the events of default or covenants of ACE INA or ACE with respect to the ACE INA debt securities;
- whether the provisions described below under "Discharge, Defeasance and Covenant Defeasance" will be applicable to the ACE INA debt securities;
- whether any of the ACE INA debt securities are to be issued upon the exercise of warrants, and the time, manner and place for the ACE INA debt securities to be authenticated and delivered; and
- any other terms of the ACE INA debt securities and any other deletions from or modifications or additions to the applicable ACE INA indenture in respect of the ACE INA debt securities. (Section 3.1)

ACE INA will have the ability under the ACE INA indentures to reopen a previously issued series of ACE INA debt securities and issue additional ACE INA debt securities of that series or establish additional terms of that series. ACE INA is also permitted to issue ACE INA debt securities with the same terms as previously issued ACE INA debt securities. (Section 3.1)

Unless otherwise set forth in the applicable prospectus supplement, principal of, premium and interest on and additional amounts, if any, on the ACE INA debt securities will initially be payable at the corporate trust office of the trustee, or any other office or agency designated by ACE INA for this purpose. Interest on ACE INA debt securities issued in registered form:

- may be paid by check mailed to the persons entitled to the payments at their addresses appearing on the security register or by transfer to an account maintained by the payee with a bank located in the United States; and
- will be payable on any interest payment date to the persons in whose names the ACE INA debt securities are registered at the close of business on the regular record date with respect to the interest payment date.

ACE INA will designate the initial paying agents, which will be named in the applicable prospectus supplement, and may, at any time, designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts. However, ACE INA is required to maintain a paying agent in each place where the principal of, any premium or interest on or any additional amounts with respect to the ACE INA debt securities are payable.

Unless otherwise set forth in the applicable prospectus supplement, you may present the ACE INA debt securities for transfer, duly endorsed or accompanied by a written instrument of transfer if so required by ACE

[Table of Contents](#)

INA or the security registrar, or exchange for other ACE INA debt securities of the same series containing identical terms and provisions, in any authorized denominations, and of a like aggregate principal amount, in each case at the office or agency maintained by ACE INA for these purposes. This office will initially be the corporate trust office of the trustee. Any transfer or exchange will be made without service charge, although ACE INA may require payment of a sum sufficient to cover any tax or other governmental charge and any other expenses then payable. ACE INA is not required to:

- issue, register the transfer of, or exchange, ACE INA debt securities during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any ACE INA debt securities and ending at the close of business on the day of mailing; or
- register the transfer of or exchange any ACE INA debt security selected for redemption, in whole or in part, except the unredeemed portion of any ACE INA debt security being redeemed in part. (Section 3.5)

ACE INA has appointed the trustee as security registrar. The security registrar and any transfer agent initially designated by ACE INA will be named in the applicable prospectus supplement. At any time, ACE INA may designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts. However, ACE INA is required to maintain a transfer agent in each place where the principal of, any premium or interest on or any additional amounts with respect to the ACE INA debt securities are payable. (Section 10.2)

Unless otherwise set forth in the applicable prospectus supplement, ACE INA will only issue the ACE INA debt securities in fully registered form without coupons in minimum denominations of \$1,000 and any integral multiple of \$1,000. (Section 3.2) If the ACE INA debt securities are issued in bearer form, any restrictions and considerations, including offering restrictions and U.S. Federal income tax considerations applicable to, and to payment on and transfer and exchange of, these securities, will be described in the applicable prospectus supplement.

The ACE INA debt securities may be issued as original issue discount securities, which means that they will bear no interest or bear interest at a rate which, at the time of issuance, is below market rates. ACE INA debt securities issued as original issue discount securities will be sold at a substantial discount below their principal amount. U.S. Federal income tax and other considerations applicable to original issue discount securities will be described in the applicable prospectus supplement.

If the purchase price, or the principal of, any premium or interest on or any additional amounts with respect to, any ACE INA debt securities is payable, or if any ACE INA debt securities are denominated, in one or more foreign currencies or currency units, the restrictions, elections, U.S. Federal income tax considerations, specific terms and other information will be set forth in the applicable prospectus supplement.

Unless otherwise set forth in the applicable prospectus supplement, other than as described below under “— Covenants Applicable to ACE INA Senior Debt Securities — Limitation on Liens on Stock of Designated Subsidiaries,” the ACE INA indentures do not contain any provisions that would limit the ability of ACE INA to incur indebtedness or that would afford holders of ACE INA debt securities protection in the event of a sudden and significant decline in the credit quality of ACE INA or ACE or a takeover, recapitalization or highly leveraged or similar transaction involving ACE INA or ACE. Accordingly, ACE INA or ACE could in the future enter into transactions that could increase the amount of its outstanding indebtedness that could affect its respective capital structure or credit rating.

ACE Guarantee

ACE will fully and unconditionally guarantee all payments on the ACE INA debt securities. Unless otherwise set forth in the applicable prospectus supplement, ACE’s guarantee of the ACE INA senior debt securities will be an unsecured obligation of ACE and will rank equally with all of its other unsecured and unsubordinated indebtedness. ACE’s guarantee of the ACE INA subordinated debt securities will be an unsecured obligation of ACE, subordinated in right of payment to the prior payment in full of all ACE senior indebtedness. ACE’s guarantee of the ACE INA subordinated debt securities issued to an ACE Trust will rank equally with ACE’s guarantee of each other series of ACE subordinated debt securities issued to other ACE Trusts.

[Table of Contents](#)

Since ACE is a holding company, its rights and the rights of its creditors, including you as a holder of the ACE INA debt securities who would be a creditor of it by virtue of its guarantee, and shareholders to participate in any distribution of the assets of any subsidiary upon the subsidiary's liquidation or reorganization or otherwise would be subject to prior claims of the subsidiary's creditors, except to the extent that ACE may be a creditor of the subsidiary. The right of ACE's creditors, including you, to participate in the distribution of the stock owned by ACE in some of its subsidiaries, including ACE's insurance subsidiaries, may also be subject to approval by insurance regulatory authorities having jurisdiction over the subsidiaries.

Conversion and Exchange

The terms, if any, on which ACE INA debt securities are convertible into or exchangeable for, either mandatorily, at your option or at ACE INA's option, for common shares of ACE or other securities, whether or not issued by ACE, property or cash, or a combination of any of these, will be set forth in the applicable prospectus supplement.

Payments of Additional Amounts

ACE will make all payments on ACE INA debt securities without withholding of any present or future taxes or governmental charges of Switzerland, the Cayman Islands or Bermuda, each referred to in this prospectus as a taxing jurisdiction, unless ACE is required to do so by applicable law or regulation.

If ACE is required to withhold amounts, it will, subject to the limitations described below, pay to you additional amounts so that every net payment made to you, after the withholding will not be the same amount provided for in the ACE INA debt security and the applicable ACE INA indenture.

ACE will not be required to pay any additional amounts for

- any tax or governmental charge which would not have been imposed but for the fact that you:
 - were a resident of, or engaged in business or maintained a permanent establishment or were physically present in, the relevant taxing jurisdiction or otherwise had some connection with the relevant taxing jurisdiction other than the mere ownership of, or receipt of payment on, the ACE INA debt security;
 - presented the ACE INA debt security for payment in the relevant taxing jurisdiction, unless the ACE debt security could not have been presented for payment elsewhere; or
 - presented the ACE INA debt security for payment more than 30 days after the date on which the payment became due unless you would have been entitled to these additional amounts if you had presented the ACE debt security for payment within the 30-day period;
- any estate, inheritance, gift, sale, transfer, personal property or similar tax or other governmental charge;
- any tax or other governmental charge that is imposed or withheld because of your failure to comply with any reasonable request by ACE:
 - to provide information concerning your nationality, residence or identity or that of the beneficial owner; or
 - to make any claim or satisfy any information or reporting requirement, which in either case is required by the relevant taxing jurisdiction as a precondition to exemption from all or part of the tax or other governmental charge; or
- any combination of the above items.

In addition, ACE will not pay additional amounts if you are a fiduciary or partnership or other than the sole beneficial owner of the ACE debt security if the beneficiary or partner or settlor would not have been entitled to the additional amounts had it been the holder of the ACE debt security. (Section 10.4)

Global Securities

The ACE INA debt securities may be issued, in whole or in part, in the form of one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement and registered in the name of the depository or its nominee. Interests in any global ACE INA debt security will be shown on, and transfers of the ACE INA debt securities will be effected only through, records maintained by the depository and its participants as described below.

The specific terms of the depository arrangement will be described in the applicable prospectus supplement.

Option to Extend Interest Payment Date

If and as set forth in the applicable prospectus supplement, ACE INA will have the right, at any time and from time to time during the term of any series of ACE INA subordinated debt securities issued to an ACE Trust, to defer payment of interest for a number of consecutive interest payment periods, which we refer to in this prospectus as an extension period. However, no extension period may extend beyond the stated maturity of the ACE INA subordinated debt securities. U.S. Federal income tax consequences and other considerations applicable to the ACE INA subordinated debt securities will be described in the applicable prospectus supplement. (Section 3.11 of the ACE INA subordinated indenture)

Covenants Applicable to ACE INA Senior Debt Securities

Limitation on Liens on Stock of Designated Subsidiaries

Under the ACE INA senior indenture, each of ACE INA and ACE will covenant that, so long as any ACE INA senior debt securities are outstanding, it will not, nor will it permit any subsidiary to create, incur, assume, guarantee or otherwise permit to exist any indebtedness secured by any security interest on any shares of capital stock of any designated subsidiary, unless ACE INA and ACE concurrently provide that the ACE INA senior debt securities and, if ACE INA and ACE elect, any other indebtedness of ACE INA that is not subordinate to the ACE INA senior debt securities and with respect to which the governing instruments require, or pursuant to which the ACE INA is otherwise obligated, to provide such security, will be secured equally with the indebtedness for at least the time period the other indebtedness is so secured. (Section 10.5 of the ACE INA senior indenture)

The term “designated subsidiary” means any present or future consolidated subsidiary of ACE, the consolidated net worth of which constitutes at least 5 percent of ACE’s consolidated net worth. (Section 1.1 of the ACE INA senior indenture)

For purposes of the ACE INA indentures, the term “indebtedness” means, with respect to any person:

- the principal of and any premium and interest on:
 - indebtedness for money borrowed and
 - indebtedness evidenced by notes, debentures, bonds or other similar instruments for the payment of which the person is responsible or liable;
- all capitalized lease obligations;
- all obligations issued or assumed as the deferred purchase price of property, all conditional sale obligations and all obligations under any title retention agreement, but excluding trade accounts payable arising in the ordinary course of business;
- all obligations for the reimbursement of any obligor on any letter of credit, banker’s acceptance or similar credit transaction, generally other than obligations with respect to letters of credit securing obligations, other than obligations of the type referred to above, entered into in the ordinary course of business to the extent these letters of credit are not drawn upon or, if and to the extent drawn upon, such drawing is reimbursed no later than the third business day following receipt by such person of a demand for reimbursement following payment on the letter of credit;

[Table of Contents](#)

- all obligations of the type referred to above of other persons and all dividends of other persons for the payment of which, in either case, the person is responsible or liable as obligor, guarantor or otherwise;
- all obligations of the type referred to above of other persons secured by any mortgage, pledge, lien, security interest or other encumbrance on any property or asset of the person, whether or not the obligation is assumed by the person; and
- any amendments, modifications, refundings, renewals or extensions of any indebtedness or obligation described above. (Section 1.1)

Limitations on Disposition of Stock of Designated Subsidiaries

The ACE INA senior indenture also provides that, so long as any ACE INA senior debt securities are outstanding and except in a transaction otherwise governed by the ACE INA indentures, neither ACE INA nor ACE will issue, sell, assign, transfer or otherwise dispose of any shares of, securities convertible into, or warrants, rights or options to subscribe for or purchase shares of, capital stock, other than preferred stock having no voting rights, of any designated subsidiary. Similarly, ACE INA will not permit any designated subsidiary to issue, other than to ACE INA or ACE, these types of securities, warrants, rights or options, other than director's qualifying shares and preferred stock having no voting rights, of any designated subsidiary, if, after giving effect to the transaction and the issuance of the maximum number of shares issuable upon the conversion or exercise of all the convertible securities, warrants, rights or options, ACE would own, directly or indirectly, less than 80 percent of the shares of capital stock of the designated subsidiary, other than preferred stock having no voting rights.

However, ACE INA may issue, sell, assign, transfer or otherwise dispose of securities if the consideration is at least a fair market value as determined by ACE INA's board or if required by law or regulation. ACE INA or ACE, as the case may be, may also merge or consolidate any designated subsidiary into or with another direct or indirect subsidiary of ACE, the shares of capital stock of which ACE owns at least 80 percent or, subject to the provisions described under "— Consolidation, Amalgamation, Merger and Sale of Assets" below, sell, transfer or otherwise dispose of the entire capital stock of any designated subsidiary at one time if the consideration is at least fair market value as determined by ACE INA's or ACE's board. (Section 10.6 of the ACE INA senior indenture)

Covenants Applicable to ACE INA Subordinated Debt Securities Issued to an ACE Trust

Each of ACE INA and ACE will also covenant, as to each series of ACE INA subordinated debt securities issued to an ACE Trust in connection with the issuance of preferred securities and common securities by that ACE Trust, that it will not, and will not permit any of its subsidiaries to:

- declare or pay any dividends or distributions on, or redeem, purchase, acquire or make a liquidation payment with respect to, any of the outstanding capital stock of ACE INA or ACE, as the case may be, or
- make any payment on or repay, repurchase or redeem any debt security of ACE INA or ACE that ranks junior in interest to the ACE INA subordinated debt securities or the related ACE guarantee, as the case may be, or make any payments with respect to any guarantee by ACE INA or ACE, as the case may be, of the debt securities of any subsidiary of ACE INA or ACE, as the case may be, if the guarantee ranks junior in interest to the ACE INA subordinated debt securities or the related ACE guarantee, as the case may be, other than:
 - dividends or distributions on the capital stock of ACE INA paid or made to ACE and dividends or distributions in common stock of ACE INA or common shares of ACE, as the case may be;
 - redemptions or purchases of any rights outstanding under a shareholder rights plan of ACE INA or ACE, as the case may be, or the declaration of a dividend of these rights or the issuance of stock under the plans in the future;
 - payments under any preferred securities guarantee; and

[Table of Contents](#)

- purchases of common stock or common shares related to the issuance of common stock or common shares under any of ACE INA's or ACE's benefit plans for its directors, officers or employees if at that time;
- any event of which ACE INA or ACE has actual knowledge that, with the giving of notice or lapse of time or both, would constitute an event of default and in respect of which ACE INA or ACE, as the case may be, shall not have taken reasonable steps to cure shall have occurred,
- ACE shall be in default with respect to its payment of any obligations under the preferred securities guarantee relating to the related preferred securities or
- ACE INA shall have given notice of its election to begin an extension period and shall not have rescinded the notice, or the extension period, or any extension of the extension period, shall be continuing. (Section 10.9 of the ACE INA subordinated indenture)

If ACE INA subordinated debt securities are issued to an ACE Trust in connection with the issuance of preferred securities and common securities of the ACE Trust, for so long as the ACE INA subordinated debt securities remain outstanding, ACE INA will also covenant:

- to maintain, directly or indirectly, 100 percent ownership of the common securities of the ACE Trust;
- not to voluntarily dissolve, wind-up or liquidate the ACE Trust, except in connection with the distribution of ACE INA subordinated debt securities to the holders of preferred securities and common securities in liquidation of the ACE Trust, the redemption of all of the preferred securities and common securities of the ACE Trust or specified mergers, consolidations or amalgamations, each as permitted by the restated trust agreement of the ACE Trust; and
- to use its reasonable efforts, to cause the ACE Trust to remain classified as a grantor trust for U.S. Federal income tax purposes. (Section 10.9 of the ACE INA subordinated indenture)

Consolidation, Amalgamation, Merger and Sale of Assets

Each ACE INA indenture provides that ACE INA and ACE may not:

- consolidate or amalgamate with or merge into any person or convey, transfer or lease its properties and assets as an entirety or substantially as an entirety to any person, or
- permit any person to consolidate or amalgamate with or merge into ACE INA or ACE, respectively, or convey, transfer or lease its properties and assets as an entirety or substantially as an entirety to ACE INA or ACE, respectively, unless:
- in the case of ACE INA, the person is a corporation organized and existing under the laws of the United States of America, any state of the United States or the District of Columbia;
- in the case of ACE, the person is a corporation organized and existing under the laws of the United States of America, any state of the U.S., the District of Columbia, Bermuda, the Cayman Islands or any other country that, on August 1, 1999, was a member of the Organization for Economic Cooperation and Development;
- the surviving entity expressly assumes, the payment of all amounts on all of the ACE INA or ACE debt securities and the performance of ACE INA's or ACE's obligations under the ACE INA indenture and the ACE INA debt securities or ACE indenture and ACE debt securities; and
- the surviving entity provides for conversion or exchange rights in accordance with the provisions of the ACE debt securities of any series that are convertible or exchangeable into common shares or other securities; and
- immediately after giving effect to the transaction and treating any indebtedness which becomes an obligation of ACE INA or ACE or a subsidiary as a result of the transaction as having been incurred by

ACE INA or ACE or the subsidiary at the time of the transaction, no event of default, and no event which after notice or lapse of time or both would become an event of default, will have happened and be continuing. (Sections 8.1 and 8.3)

Events of Default

Each of the following events will constitute an event of default under each ACE INA indenture, whether it be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body:

- default in the payment of any interest on, or any additional amounts payable with respect to, any ACE INA debt security when the interest or additional amounts become due and payable, and continuance of this default for a period of 30 days;
- default in the payment of the principal of or any premium on, or any additional amounts payable with respect to, any ACE INA debt security when the principal, premium or additional amounts become due and payable either at maturity, upon any redemption, by declaration of acceleration or otherwise;
- default in the deposit of any sinking fund payment, when due;
- default in the performance, or breach, of any covenant or warranty of ACE INA or ACE for the benefit of the holders of the ACE INA debt securities, and the continuance of this default or breach for a period of 60 days after ACE INA has received written notice from the holders;
- if any event of default under a mortgage, indenture or instrument under which ACE or ACE INA may issue, or by which ACE or ACE INA may secure or evidence, any indebtedness, including an event of default under any other series of ACE INA debt securities, whether the indebtedness now exists or is later created or incurred, happens and consists of default in the payment of more than \$50,000,000 in principal amount of indebtedness at the maturity of the indebtedness, after giving effect to any applicable grace period, or results in the indebtedness in principal amount in excess of \$50,000,000 becoming or being declared due and payable prior to the date on which it would otherwise become due and payable, and this default is not cured or the acceleration is not rescinded or annulled within a period of 30 days after ACE INA has received written notice;
- ACE INA or ACE shall fail within 60 days to pay, bond or otherwise discharge any uninsured judgment or court order for the payment of money in excess of \$50,000,000, which is not stayed on appeal or is not otherwise being appropriately contested in good faith;
- events in bankruptcy, insolvency or reorganization of ACE INA or ACE; and
- any other event of default, which will be described in the applicable prospectus supplement. (Section 5.1)

If an event of default with respect to the ACE INA debt securities of any series, other than events of bankruptcy, insolvency or reorganization, occurs and is continuing, either the trustee or the holders of not less than 25 percent in principal amount of the outstanding ACE INA debt securities of the series may declare the principal amount, or a lesser amount as may be provided for in the ACE INA debt securities, of all outstanding ACE INA debt securities of the series to be immediately due and payable by written notice. In the case of an event of default with respect to a series of ACE INA subordinated debt securities issued to an ACE Trust, if the trustee or the holders fail to declare the principal amount, or lesser amount, to be due and payable immediately, the holders of at least 25 percent in liquidation amount of the outstanding preferred securities of the ACE Trust may do so by written notice. At any time after a declaration of acceleration has been made, but before a judgment or decree for payment of money has been obtained by the trustee, generally, the holders of not less than a majority in principal amount of the ACE INA debt securities of the series may rescind and annul the declaration of acceleration. In the case of a series of ACE INA subordinated debt securities issued to an ACE Trust, if the holders fail to rescind and annul the declaration, the holders of a majority in liquidation amount of the outstanding preferred securities of the ACE Trust may, subject to satisfaction of specified conditions, rescind and annul the declaration by written notice. Any event of bankruptcy, insolvency or reorganization will cause the

[Table of Contents](#)

principal amount and accrued interest, or the lesser amount as provided for in the ACE INA debt securities, to become immediately due and payable without any declaration or other act by the trustee or any holder. (Section 5.2)

Each ACE INA indenture provides that, within 90 days after the occurrence of any event which is, or after notice or lapse of time or both would become, an event of default the trustee must transmit, notice of the default to each holder of the ACE INA debt securities unless the default has been cured or waived. However, except in the case of a default in the payment of principal of, or premium or interest, if any, on or additional amounts or any sinking fund or purchase fund installment with respect to any ACE INA debt security, the trustee may withhold this notice if and so long as the Board of Directors, executive committee or trust committee of directors and/or responsible officers of the trustee determine in good faith that the withholding of the notice is in the best interest of the holders. (Section 6.2)

If an event of default occurs and is continuing with respect to the ACE INA debt securities of any series, the trustee may, in its discretion, proceed to protect and enforce its rights and the rights of the holders of ACE INA debt securities by all appropriate judicial proceedings. (Section 5.3) Each ACE INA indenture provides that, subject to the duty of the trustee during any default to act with the required standard of care, the trustee will be under no obligation to exercise any of its rights or powers under the ACE INA indenture at the request or direction of any of the holders, unless the holders have offered the trustee reasonable indemnity. (Section 6.1) Subject to these indemnification provisions, the holders of a majority in principal amount of the outstanding ACE INA debt securities of any series will generally have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the ACE INA debt securities of the series. (Section 5.12)

If an event of default with respect to a series of ACE INA subordinated debt securities issued to an ACE Trust has occurred and is continuing and this event is attributable to a default in the payment of principal of, any premium or interest on or additional amounts with respect to the related ACE INA subordinated debt securities on the date the principal, premium, interest or additional amounts are otherwise payable, a holder of preferred securities of the ACE Trust may institute directly a legal proceeding against ACE INA or ACE, pursuant to the ACE guarantee, for enforcement of payment to the holder of the principal of, any premium and interest on and additional amounts with respect to the related ACE INA subordinated debt securities having a principal amount equal to the liquidation amount of the holder's related preferred securities, referred to in this prospectus as a direct action. (Section 5.8 of the ACE INA subordinated indenture) ACE INA and ACE may not amend the ACE INA subordinated indenture to remove this right to bring a direct action without the prior consent of the holders of all of the outstanding preferred securities of the ACE Trust. (Section 9.2 of the ACE INA subordinated indenture) If the right to bring a direct action is removed, the applicable ACE Trust may become subject to the reporting obligations under the Exchange Act. Each of ACE INA and ACE will have the right under the ACE INA subordinated indenture to set-off any payment made to a holder of preferred securities by ACE INA or ACE, as the case may be, in connection with a direct action. (Section 3.12 of the ACE INA subordinated indenture)

The holders of the preferred securities will not be able to exercise directly any remedies other than those set forth in the preceding paragraph available to the holders of the related ACE INA subordinated debt securities.

Modification and Waiver

ACE INA, ACE and the trustee may modify or amend either ACE INA indenture with the consent of the holders of not less than a majority in principal amount of the outstanding ACE INA debt securities of each series affected by the modification or amendment, so long as the modification or amendment does not, without the consent of each affected holder:

- change the stated maturity of the principal of, or any premium or installment of interest on or any additional amounts with respect to any ACE INA debt security;
- reduce the principal amount of, or the rate, or modify the calculation of the rate, of interest on, or any additional amounts with respect to, or any premium payable upon the redemption of, any ACE INA debt security;

[Table of Contents](#)

- change the obligation of ACE INA or ACE to pay additional amounts with respect to any ACE INA debt security;
- reduce the amount of the principal of an original issue discount security that would be due and payable upon a declaration of acceleration of the maturity of the original issue discount security or the amount provable in bankruptcy;
- change the redemption provisions of any ACE INA debt security or adversely affect the right of repayment at the option of any holder of any ACE INA debt security;
- change the place of payment or the coin or currency in which the principal of, any premium or interest on or any additional amounts with respect to any ACE INA debt security is payable;
- impair the right to institute suit for the enforcement of any payment on or after the stated maturity of any ACE INA debt security, or, in the case of redemption, on or after the redemption date or, in the case of repayment at the option of any holder, on or after the repayment date;
- reduce the percentage in principal amount of the outstanding ACE INA debt securities, the consent of whose holders is required in order to take specific actions;
- reduce the requirements for quorum or voting by holders of ACE INA debt securities;
- modify any of the provisions relating to the subordination of the ACE INA debt securities or the ACE guarantee in a manner adverse to the holders of ACE INA subordinated debt securities;
- modify or effect in any manner adverse to the holders of ACE INA debt securities the terms and conditions of the obligations of ACE in respect of the due and punctual payment of principal of, or any premium or interest on, or any sinking fund requirements or additional amounts with respect to, the ACE INA debt securities;
- modify any of the provisions regarding the waiver of past defaults and the waiver of specified covenants by the holders of ACE INA debt securities, except to increase any percentage vote required or to provide that other provisions of the ACE INA indenture cannot be modified or waived without the consent of the holder of each ACE INA debt security affected by the modification or waiver;
- make any change that adversely affects the right to convert or exchange any ACE INA debt security into or for other securities of ACE INA, ACE or other securities, cash or property in accordance with its terms; or
- modify any of the above provisions. (Section 9.2)

In addition, no supplemental indenture may, directly or indirectly, modify or eliminate the subordination provisions of the ACE INA subordinated indenture in any manner which might terminate or impair the subordination of the ACE INA subordinated debt securities to senior indebtedness or the subordination of the related ACE guarantee to ACE senior indebtedness, without the prior written consent of the holders of the senior indebtedness or the ACE senior indebtedness, respectively. (Section 9.7 of the ACE INA subordinated indenture)

ACE INA, ACE and the trustee may modify or amend either ACE INA indenture and the ACE INA debt securities of any series without the consent of any holder in order to, among other things:

- provide for a successor to ACE INA or ACE pursuant to a consolidation, amalgamation, merger or sale of assets;
- add to the covenants of ACE INA or ACE for the benefit of the holders of all or any series of ACE INA debt securities or to surrender any right or power conferred upon ACE INA or ACE by the applicable ACE INA indenture;
- provide for a successor trustee with respect to the ACE INA debt securities of all or any series;
- cure any ambiguity or correct or supplement any provision in either ACE INA indenture which may be defective or inconsistent with any other provision, or to make any other provisions with respect to matters or questions arising under either ACE INA indenture which will not adversely affect the interests of the holders of ACE INA debt securities of any series;

[Table of Contents](#)

- change the conditions, limitations and restrictions on the authorized amount, terms or purposes of issue, authentication and delivery of ACE INA debt securities under either ACE INA indenture;
- add any additional events of default with respect to all or any series of ACE INA debt securities;
- secure the ACE INA debt securities;
- provide for conversion or exchange rights of the holders of any series of ACE INA debt securities; or
- make any other change that does not materially adversely affect the interests of the holders of any ACE INA debt securities then outstanding under the applicable ACE INA indenture. (Section 9.1)

The holders of at least a majority in principal amount of the outstanding ACE INA debt securities of any series may, on behalf of the holders of all ACE INA debt securities of that series, waive compliance by ACE INA and ACE with specified covenants of the applicable ACE INA indenture. (Section 10.8 of the ACE INA senior indenture; Section 10.6 of the ACE INA subordinated indenture) The holders of not less than a majority in principal amount of the outstanding ACE INA debt securities on behalf of the holders of all ACE INA debt securities of that series and, in the case of any ACE INA subordinated debt securities issued to an ACE Trust, the holders of not less than a majority in liquidation amount of the outstanding preferred securities of the ACE Trust, may waive any past default and its consequences with respect to the ACE INA debt securities of that series, except a default:

- in the payment of principal, any premium or interest on or any additional amounts with respect to ACE INA debt securities of the series; or
- in respect of a covenant or provision of the applicable ACE INA indenture that cannot be modified or amended without the consent of the holder of each outstanding ACE INA debt security of any series affected. (Section 5.13)

Under each ACE INA indenture, each of ACE INA and ACE must annually furnish the trustee a statement regarding its performance of specified obligations and any default in its performance under the applicable ACE INA indenture. Each of ACE INA and ACE is also required to deliver to the trustee, within five days after its occurrence, written notice of any event of default, or any event which after notice or lapse of time or both would constitute an event of default, resulting from the failure to perform or breach of any covenant or warranty contained in the applicable ACE INA indenture or the ACE INA debt securities of any series. (Sections 10.9 and 10.10 of the ACE INA senior indenture; Sections 10.7 and 10.8 of the ACE INA subordinated indenture)

Discharge, Defeasance and Covenant Defeasance

ACE INA or ACE may discharge their payment obligations on the ACE INA debt securities, which we refer to as defeasance, or elect to be discharged from complying with the covenants in the ACE INA indentures, except for certain ministerial obligations, like registering transfers or exchanges of the ACE INA debt securities, which we refer to as covenant defeasance.

ACE INA or ACE may only do this if, among other things,

- the defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under, the applicable ACE INA indenture or any other material agreement or instrument to which ACE INA or ACE is a party or by which either or them is bound,
- no event of default or event which with notice or lapse of time or both would become an event of default with respect to the ACE INA debt securities to be defeased will have occurred and be continuing on the date of establishment of the trust and, with respect to defeasance only, at any time during the period ending on the 123rd day after that date and
- ACE INA or ACE has delivered to the trustee an opinion of counsel to the effect that the you will not recognize income, gain or loss for U.S. Federal income tax purposes as a result of the defeasance or covenant defeasance and will be subject to U.S. Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance or covenant defeasance had

[Table of Contents](#)

not occurred. The opinion of counsel, in the case of defeasance, must refer to and be based upon a letter ruling of the I.R.S. received by ACE, a Revenue Ruling published by the I.R.S. or a change in applicable U.S. Federal income tax law occurring after the date of the applicable ACE indenture. (Section 4.2)

Subordination of ACE INA Subordinated Debt Securities

The ACE INA subordinated debt securities will generally be subordinate in right of payment to the prior payment in full of all senior indebtedness. (Section 16.1 of the ACE INA subordinated indenture) Upon any payment or distribution of assets of ACE INA of any kind or character, whether in cash, property or securities, to creditors upon any dissolution, winding-up, liquidation or reorganization of ACE INA, whether voluntary or involuntary, or in bankruptcy, insolvency, receivership or other proceedings, all amounts due upon all senior indebtedness will first be paid in full, or payment provided for in money in accordance with its terms, before the holders of ACE INA subordinated debt securities of that series are entitled to receive or retain any payment on account of principal of, or any premium or interest on, or any additional amounts with respect to, the ACE INA subordinated debt securities. This means that the holders of the senior indebtedness will be entitled to receive any payment or distribution, which may be payable or deliverable by reason of the payment of any other indebtedness of ACE INA being subordinated to the payment of ACE INA subordinated debt securities, which may be payable or deliverable in respect of the ACE INA subordinated debt securities upon any dissolution, winding-up, liquidation or reorganization or in any bankruptcy, insolvency, receivership or other proceeding. (Section 16.3 of the ACE INA subordinated indenture)

By reason of this subordination, in the event of liquidation or insolvency of ACE INA, holders of senior indebtedness and holders of other obligations of ACE INA that are not subordinated to the senior indebtedness may recover more, ratably, than the holders of the ACE INA subordinated debt securities.

Subject to the payment in full of all senior indebtedness, the rights of the holders of the ACE INA subordinated debt securities will be subrogated to the rights of the holders of the senior indebtedness to receive payments or distributions of cash, property or securities of ACE INA applicable to the senior indebtedness until the principal of, any premium and interest on, and any additional amounts with respect to, the ACE INA subordinated debt securities have been paid in full. (Section 16.4 of the ACE INA subordinated indenture)

No payment of principal of, including redemption and sinking fund payments, or any premium or interest on or any additional amounts with respect to the ACE INA subordinated debt securities may be made by ACE INA if:

- any senior indebtedness is not paid when due, any applicable grace period with respect to the default has ended and the default has not been cured or waived or ceased to exist, or
- the maturity of any senior indebtedness has been accelerated because of a default. (Section 16.2 of the ACE INA subordinated indenture)

The ACE INA subordinated indenture does not limit or prohibit ACE INA from incurring additional senior indebtedness, which may include indebtedness that is senior to the ACE INA subordinated debt securities, but subordinate to other obligations of ACE INA. The ACE INA senior debt securities will constitute senior indebtedness with respect to the ACE INA subordinated debt securities.

The term “senior indebtedness” means, with respect to the ACE INA subordinated debt securities of any particular series, all indebtedness of ACE INA outstanding at any time, except:

- the ACE INA subordinated debt securities of that series;
- indebtedness as to which, by the terms of the instrument creating or evidencing the same, it is provided that the indebtedness is subordinated to or ranks equally with the ACE INA subordinated debt securities;
- indebtedness of ACE INA to an affiliate of ACE INA;
- interest accruing after the filing of a petition initiating any bankruptcy, insolvency or other similar proceeding unless the interest is an allowed claim enforceable against ACE INA in a proceeding under federal or state bankruptcy laws;
- trade accounts payable; and

[Table of Contents](#)

- any indebtedness, including all other debt securities and guarantees in respect of those debt securities, initially issued to:
 - any ACE Trust or
 - any trust, partnership or other entity affiliated with ACE which is a financing vehicle of ACE or any affiliate of ACE in connection with an issuance by the entity of preferred securities or other securities which are similar to the preferred securities described under “Description of Preferred Securities” below that are guaranteed by ACE pursuant to an instrument that ranks equally with or junior in right of payment to the preferred securities guarantees described under “Description of the Preferred Securities Guarantees” below.

Senior indebtedness with respect to the ACE INA subordinated debt securities shall continue to be entitled to the benefits of the subordination provisions irrespective of any amendment, modification or waiver of any term of the senior indebtedness. (Sections 1.1 and 16.8 of the ACE INA subordinated indenture)

The ACE INA subordinated indenture provides that the subordination provisions, insofar as they relate to any particular series of ACE INA subordinated debt securities, may be changed prior to issuance of the applicable ACE INA subordinated debt securities, which change would be described in the applicable prospectus supplement.

Subordination of ACE Guarantee of ACE INA Subordinated Debt Securities

The ACE guarantee of ACE INA subordinated debt securities will generally be subordinate in right of payment to the prior payment in full of all ACE senior indebtedness. (Section 18.1 of the ACE INA subordinated indenture) Upon any payment or distribution of assets of ACE of any kind or character, whether in cash, property or securities, to creditors upon any dissolution, winding-up, liquidation or reorganization of ACE, whether voluntary or involuntary, or in bankruptcy, insolvency, receivership or other proceedings, all amounts due upon all ACE senior indebtedness will first be paid in full, or payment of the ACE senior indebtedness provided for in money in accordance with its terms, before the holders of ACE INA subordinated debt securities are entitled to receive or retain any payment from ACE on account of principal of, or any premium or interest on, or any additional amounts with respect to, the ACE INA subordinated debt securities. This means that the holders of ACE senior indebtedness shall be entitled to receive any payment or distribution by ACE of any kind or character, including any payment or distribution which may be payable or deliverable by ACE by reason of the payment of any other indebtedness of ACE being subordinated to the payment of ACE INA subordinated debt securities, which may be payable or deliverable by ACE in respect of the ACE INA subordinated debt securities upon any dissolution, winding-up, liquidation or reorganization or in any bankruptcy, insolvency, receivership or other proceeding. (Section 18.3 of the ACE INA subordinated indenture)

By reason of this subordination, in the event of liquidation or insolvency of ACE, holders of ACE senior indebtedness and holders of other obligations of ACE that are not subordinated to the ACE senior indebtedness may recover more, ratably, than the holders of the ACE INA subordinated debt securities.

Subject to the payment in full of all ACE senior indebtedness, the rights of the holders of the ACE INA subordinated debt securities under the ACE guarantee will be subrogated to the rights of the holders of the ACE senior indebtedness to receive payments or distributions of cash, property or securities of ACE applicable to the ACE senior indebtedness until the principal of, any premium and interest on, and any additional amounts with respect to, the ACE INA senior debt securities have been paid in full. (Section 18.4 of the ACE INA subordinated indenture)

No payment of principal of, including redemption and sinking fund payments, or any premium or interest on or any additional amounts with respect to the ACE INA subordinated debt securities of any series may be made by ACE if:

- any ACE senior indebtedness is not paid when due, any applicable grace period with respect to the default has ended and the default has not been cured or waived or ceased to exist, or

[Table of Contents](#)

- the maturity of any ACE senior indebtedness has been accelerated because of a default. (Section 18.2 of the ACE INA subordinated indenture)

The ACE INA subordinated indenture does not limit or prohibit ACE from incurring additional ACE senior indebtedness, which may include indebtedness that is senior to the ACE guarantee of the ACE INA subordinated debt securities, but subordinate to other obligations of ACE. The ACE senior debt securities will constitute ACE senior indebtedness with respect to the ACE INA subordinated debt securities.

The term “ACE senior indebtedness” means, with respect to the ACE INA subordinated debt securities of any particular series, all indebtedness of ACE outstanding at any time, except:

- ACE’s obligations under the ACE guarantee in respect of the ACE INA subordinated debt securities of that series;
- indebtedness as to which, by the terms of the instrument creating or evidencing the same, it is provided that the indebtedness is subordinated to or ranks equally with ACE’s obligations under the ACE guarantee in respect of the ACE subordinated debt securities;
- indebtedness of ACE to an affiliate of ACE;
- interest accruing after the filing of a petition initiating any bankruptcy, insolvency or other similar proceeding unless the interest is an allowed claim enforceable against ACE in a proceeding under federal or state bankruptcy laws;
- trade accounts payable;
- ACE’s obligations under the ACE guarantee in respect of the ACE INA subordinated debt securities initially issued to:
 - any ACE Trust or
 - any trust, partnership or other entity affiliated with ACE which is a financing vehicle of ACE or any affiliate of ACE in connection with an issuance by the entity of preferred securities or other securities which are similar to the preferred securities described under “Description of Preferred Securities” below that are guaranteed by ACE pursuant to an instrument that ranks equally with a junior in right of payment to the preferred securities guarantees described under “Description of Preferred Securities Guarantees” below; and
 - all preferred securities guarantees and all similar guarantees issued by ACE on behalf of holders of preferred securities of an ACE Trust or other similar preferred securities issued by any trust, partnership or other entity affiliated with ACE which is a financing vehicle for ACE or any affiliate of ACE.

The ACE INA subordinated indenture provides that the subordination provisions, insofar as they relate to any particular series of ACE INA subordinated debt securities, may be changed prior to the issuance of that series of ACE INA subordinated debt securities, which change would be described in the applicable prospectus supplement.

New York Law to Govern

The ACE INA indentures, the ACE INA debt securities and the ACE guarantee will be governed by, and construed in accordance with, the laws of the state of New York. (Section 1.13)

DESCRIPTION OF THE WARRANTS TO PURCHASE COMMON SHARES

The following summary sets forth the material terms and provisions of the common share warrants which would be issued pursuant to a stock warrant agreement between ACE and a stock warrant agent to be selected at the time of issue. The stock warrant agreement may include or incorporate by reference standard warrant provisions substantially in the form of the standard stock warrant provisions, which is filed as an exhibit to the registration statement of which this prospectus forms a part.

General

The stock warrants may be issued under the stock warrant agreement independently or together with any other securities offered by a prospectus supplement. If stock warrants are offered, the applicable prospectus supplement will describe the designation and terms of the stock warrants, including, without limitation, the following:

- the offering price, if any;
- the designation and terms of the common shares purchasable upon exercise of the stock warrants;
- if applicable, the date on and after which the stock warrants and the related offered securities will be separately transferable;
- the number of common shares purchasable upon exercise of one stock warrant and the initial price at which shares may be purchased upon exercise of the stock warrant;
- the date on which the right to exercise the stock warrants shall commence and the date on which these rights shall expire;
- a discussion of the material U.S. Federal income tax considerations;
- any call provisions;
- the currency in which the offering price, if any, and exercise price are payable;
- the antidilution provisions of the stock warrants; and
- any other terms of the stock warrants.

The common shares issuable upon exercise of the stock warrants will, when issued in accordance with the stock warrant agreement, be fully paid and nonassessable. This means that the shares will be paid for in full at the time they are issued, and, once they are paid for in full, there will be no further liability for further assessments or taxation.

Exercise of Stock Warrants

The procedures for exercising stock warrants will be set forth in the applicable prospectus supplement.

Antidilution and Other Provisions

The exercise price payable, the number of common shares purchasable upon the exercise of each stock warrant, and the number of stock warrants outstanding are subject to adjustment if specified events occur. These events include:

- the issuance of a stock dividend to holders of common shares; and
- a combination, subdivision or reclassification of common shares.

In lieu of adjusting the number of common shares purchasable upon exercise of each stock warrant, ACE may elect to adjust the number of stock warrants. No adjustment in the number of shares purchasable upon exercise of the stock warrants will be required until cumulative adjustments require an adjustment of at least 1 percent in the number of shares purchasable. ACE may also, at its option, reduce the exercise price at any time. No fractional shares will be issued upon exercise of stock warrants, but ACE will pay the cash value of any fractional shares otherwise issuable. Notwithstanding the preceding sentences, in case of any consolidation, merger, or sale or conveyance of ACE's property as an entirety or substantially as an entirety, you, as a stock warrant holder, shall have the right to the kind and amount of shares of stock and other securities and property, including cash, receivable by a holder of the number of common shares into which your stock warrants were exercisable immediately prior to this event.

No Rights as Shareholders

You will not be entitled, by virtue of being a stock warrant holder, to vote, to consent, to receive dividends, to receive notice as shareholders with respect to any meeting of shareholders for the election of ACE's directors or any other matter, or to exercise any rights whatsoever as a shareholder.

DESCRIPTION OF PREFERRED SECURITIES

Each ACE Trust will be governed by an amended and restated trust agreement, referred to in this prospectus as a trust agreement, a form of which is an exhibit to the registration statement of which this prospectus forms a part. Under each trust agreement, the ACE Trust may issue, from time to time, only one series of preferred securities with the terms set forth in the trust agreement or made a part of the trust agreement by the Trust Indenture Act, which terms will be set forth in the applicable prospectus supplement. The terms of the ACE Trust preferred securities will generally mirror the terms of the ACE INA subordinated debt securities, which the ACE Trust will purchase with the proceeds from the sale of its preferred securities and its common securities. The ACE INA subordinated debt securities issued to an ACE Trust will be guaranteed by ACE on a subordinated basis and are referred to in this prospectus as the corresponding ACE INA subordinated debt securities relating to that ACE Trust.

The following is a summary of the material terms and provisions of each trust agreement and the preferred securities. You should refer to the form of amended and restated trust agreement and to the Trust Indenture Act for complete information regarding the terms and provisions of the trust agreement and of the preferred securities.

Issuance, Status and Guarantee of Preferred Securities

The preferred securities will represent preferred beneficial interests in an ACE Trust and you, as holders of the preferred securities, will be entitled to a preference in specified circumstances, including as regards distributions and amounts payable on redemption or liquidation over the common securities of the applicable ACE Trust. The preferred securities of each ACE Trust will rank equally, and payments will be made on the preferred securities *pro rata*, with the common securities of that ACE Trust, except as described under “—Subordination of Common Securities” below. The property trustee will hold legal title to the corresponding ACE INA subordinated debt securities in trust for your benefit and for the benefit of the holder of the ACE Trust's common securities. In this prospectus, we refer to the common securities and the preferred securities of an ACE Trust collectively as the “trust securities” of that ACE Trust.

ACE will guarantee, which we refer to in this prospectus as the preferred securities guarantee, the preferred securities. Under each preferred securities guarantee, ACE will guarantee, on a subordinated basis, payment of distributions on the related preferred securities and amounts payable on redemption or liquidation of the related preferred securities, but only to the extent that the related ACE Trust has funds to make these payments. See “Description of Preferred Securities Guarantees.”

Distributions

Distributions on the preferred securities will accumulate from the original issue date and will be payable on the dates specified in the applicable prospectus supplement. If any date on which these distributions are payable is not a business day, payment of the distribution payable on that date will be made on the next succeeding business day without any additional distributions or other payment in respect of the delay. However, if the next succeeding business day is in the next succeeding calendar year, payment of the distribution will be made on the immediately preceding business day, in each case as if made on the date the payment was originally payable. We refer to each date on which distributions are payable in this prospectus as a distribution date. (Section 4.1) A “business day” is any day other than a Saturday or a Sunday, or a day on which banking institutions in The City of New York are authorized or required by law or executive order to remain closed or a day on which the corporate trust office of the property trustee or the trustee for the corresponding ACE INA subordinated debt securities is closed for business. (Section 1.1)

[Table of Contents](#)

Distributions on each preferred security will be payable at the rate specified in the applicable prospectus supplement and the amount of distributions payable for any period will be computed on the basis of a 360-day year of twelve 30-day months unless otherwise specified in the applicable prospectus supplement. Distributions to which you are entitled will accumulate additional distributions at the rate per annum if and as specified in the applicable prospectus supplement. References to “distributions” include any accumulated or additional distributions unless otherwise stated. (Section 4.1)

If set forth in the applicable prospectus supplement, ACE INA will have the right under the ACE INA subordinated indenture to defer the payment of interest on any series of corresponding ACE INA subordinated debt securities for the period specified in the applicable prospectus supplement. However, no extension period may extend beyond the stated maturity of the corresponding ACE INA subordinated debt securities. See “Description of ACE INA Debt Securities and ACE Guarantee — Option to Extend Interest Payment Date.” As a consequence of any extension, distributions on the corresponding preferred securities would be deferred but would continue to accumulate additional distributions at the rate set forth in the applicable prospectus supplement, which rate will match the interest rate payable on the corresponding ACE INA subordinated debt securities during the extension period, by the ACE Trust which issued the preferred securities during any extension period. (Section 4.1)

The funds of each ACE Trust available for distribution to you will be limited to payments under the corresponding ACE INA subordinated debt securities in which the ACE Trust will invest the proceeds from the issuance and sale of its trust securities. If ACE INA or ACE, as the case may be, does not make interest payments on those corresponding ACE INA subordinated debt securities, the property trustee will not have funds available to pay distributions on the related preferred securities. The payment of distributions, if and to the extent the ACE Trust has funds legally available for the payment of the distributions and cash sufficient to make the payments, is guaranteed by ACE as set forth under “Description of Preferred Securities Guarantees.”

Distributions on the preferred securities will be payable to the holders of the preferred securities as they appear on the register of the applicable ACE Trust on the relevant record dates. As long as the preferred securities remain in book-entry form, the record dates will be one business day prior to the relevant distribution dates. Generally, each distribution payment will be made as described under “Global Preferred Securities.” If any preferred securities are not in book-entry form, the relevant record date will be the date 15 days prior to the relevant distribution date, as specified in the applicable prospectus supplement. (Section 4.1)

Redemption or Exchange

Mandatory Redemption . Upon any repayment or redemption, in whole or in part, of any corresponding ACE INA subordinated debt securities held by an ACE Trust, the property trustee will simultaneously apply the proceeds from the repayment or redemption, upon not less than 30 nor more than 60 days notice to holders of trust securities, to redeem, on a *pro rata* basis, trust securities having an aggregate stated liquidation amount equal to the aggregate principal amount of the corresponding ACE INA subordinated debt securities repaid or redeemed. The redemption price per trust security will be equal to its stated liquidation amount, plus any accumulated and unpaid distributions on the trust security to the redemption date, plus the related amount of premium, if any, and any additional amounts paid by ACE INA or ACE upon the concurrent repayment or redemption of the corresponding ACE INA subordinated debt securities. The amount described in the preceding sentence is referred to in this prospectus as the redemption price. (Section 4.2) If less than all of the corresponding ACE INA subordinated debt securities are to be repaid or redeemed on a redemption date, then the property trustee shall allocate the proceeds from the repayment or redemption to the redemption *pro rata* of the related trust securities. (Section 4.2)

Generally, ACE INA will have the right to redeem any series of corresponding ACE INA subordinated debt securities at any time, in whole but not in part, upon the occurrence of a special event and subject to the conditions described under “Description of ACE INA Debt Securities and ACE Guarantee — Redemption.”

Special Event Redemption or Distribution of Corresponding ACE INA Subordinated Debt Securities . If a special event relating to the trust securities of an ACE Trust occurs and is continuing, within 90 days following

the occurrence of the special event, ACE INA has the right to redeem the corresponding ACE INA subordinated debt securities, in whole but not in part, and, in doing so, cause a mandatory redemption of the related trust securities, in whole but not in part, at the redemption price. At any time, ACE INA has the right to dissolve the ACE Trust and, after satisfaction of the liabilities of creditors of the ACE Trust, cause the corresponding ACE INA subordinated debt securities to be distributed to the holders of the trust securities in liquidation of the ACE Trust. If ACE INA does not elect to redeem the corresponding ACE INA subordinated debt securities upon the occurrence of a special event, the applicable trust securities will remain outstanding. If a tax event has occurred and is continuing, additional sums may be payable on the corresponding ACE INA subordinated debt securities. For purposes of this section, “additional sums” means the additional amounts as may be necessary in order that the amount of distributions then due and payable by an ACE Trust on its outstanding trust securities shall not be reduced as a result of any additional taxes, duties and other governmental charges to which it has become subject as a result of a tax event. (Section 1.1)

On and from the date fixed for any distribution of corresponding ACE INA subordinated debt securities upon dissolution of an ACE Trust:

- the trust securities will no longer be deemed to be outstanding;
- the depository or its nominee, as the record holder of the related preferred securities, will receive a registered global certificate or certificates representing the corresponding ACE INA subordinated debt securities to be delivered upon the distribution, upon surrender of the related preferred securities certificates for exchange; and
- any certificates representing the preferred securities, which is not surrendered for exchange will be deemed to represent beneficial interests in the corresponding ACE INA subordinated debt securities having an aggregate principal amount equal to the aggregate stated liquidation amount of the preferred securities and accruing interest at the rate provided for in the debt securities, which rate will equal the distribution rate on the preferred securities, until the certificates are presented to the administrative trustees or their agent for exchange. (Section 9.4)

There can be no assurance as to the market prices for the preferred securities or the corresponding ACE INA subordinated debt securities that may be distributed in exchange for preferred securities if a dissolution and liquidation of an ACE Trust were to occur. Accordingly, the preferred securities that you may purchase, and the corresponding ACE INA subordinated debt securities that you may receive on dissolution and liquidation of an ACE Trust, may trade at a discount to the price that you paid to purchase the preferred securities.

Redemption Procedures

The property trustee shall redeem the preferred securities on each redemption date at the redemption price with the applicable proceeds from the contemporaneous redemption of the corresponding ACE INA subordinated debt securities. The property trustee will redeem the preferred securities, and shall pay the redemption price, on each redemption date only to the extent that the applicable ACE Trust has funds on hand available for the payment of the redemption price. See also “— Subordination of Common Securities.”

If an ACE Trust gives a notice of redemption, which notice will be irrevocable, in respect of its preferred securities, then, by 12:00 noon, New York City time, on the redemption date, to the extent funds are available, the property trustee will, so long as the preferred securities are in book-entry-only form, deposit irrevocably with the depository for the preferred securities funds sufficient to pay the applicable redemption price. The property trustee will also give the depository irrevocable instructions and authority to pay the redemption price to you, as a holder of the preferred securities. If the preferred securities are no longer in book-entry form, the property trustee, to the extent funds are available, will irrevocably deposit with the paying agent for the preferred securities funds sufficient to pay the applicable redemption price and will give the paying agent irrevocable instructions and authority to pay the redemption price to you upon surrender of your certificates evidencing the preferred securities. Notwithstanding the preceding sentences, distributions payable on or prior to the redemption date for any preferred securities called for redemption shall be payable to you on the relevant record date for the

[Table of Contents](#)

related distribution dates. If notice of redemption shall have been given and funds deposited as required, then, immediately prior to the close of business on the date of the deposit, all of your rights, as a holder of preferred securities so called for redemption, will cease, except your right to receive the redemption price, but without interest, and your preferred securities will cease to be outstanding. If any date on which any redemption price is payable is not a business day, then payment of the redemption price payable on that date will be made on the next succeeding business day without any interest or other payment in respect of the delay. However, if the next succeeding business day falls in the next calendar year, the payment will be made on the immediately preceding business day, in each case with the same force and effect as if made on the proper payment date. If that payment of the redemption price is improperly withheld or refused and not paid either by the ACE Trust or by ACE pursuant to the preferred securities guarantee as described under “Description of Preferred Securities Guarantees,” distributions on the preferred securities will continue to accumulate interest at the then applicable rate, from the redemption date originally established by the ACE Trust for the preferred securities to the date the redemption price is actually paid, in which case the actual payment date will be the date fixed for redemption for purposes of calculating the redemption price.

Generally, ACE or its subsidiaries, including ACE INA, may purchase outstanding preferred securities.

Payment of the redemption price on the preferred securities will be made to the record holders as they appear on the register for the preferred securities on the relevant record date, which will be one business day prior to the relevant redemption date. If any preferred securities are not in book-entry form, the relevant record date for the preferred securities will be a date 15 days prior to the redemption date, as specified in the applicable prospectus supplement.

The property trustee will allocate the aggregate liquidation amount *pro rata* to the trust securities based upon the relative liquidation amounts of the classes if less than all of the trust securities issued by an ACE Trust are to be redeemed on a redemption date. The property trustee will select on a *pro rata* basis not more than 60 days prior to the redemption date from the outstanding preferred securities not previously called for redemption the particular preferred securities to be redeemed by any method, including without limitation by lot, as it shall deem fair and appropriate. The property trustee will promptly notify the trust registrar in writing of the preferred securities selected for redemption and, in the case of any preferred securities selected for partial redemption, the liquidation amount of the preferred securities to be redeemed. Generally, for purposes of each trust agreement, all provisions relating to the redemption of preferred securities will relate, in the case of any preferred securities redeemed or to be redeemed only in part, to the portion of the liquidation amount of preferred securities which has been or is to be redeemed.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of trust securities to be redeemed at its registered address. Unless each of ACE INA and ACE defaults in payment of the redemption price on the corresponding ACE INA subordinated debt securities, on and after the redemption date interest will cease to accrue on the ACE INA subordinated debt securities or portions of the ACE INA subordinated debt securities, and distributions will cease to accrue on the related preferred securities or portions of the related preferred securities, called for redemption. (Section 4.2)

Subordination of Common Securities

Payment on each ACE Trust’s trust securities will be made *pro rata* based on the liquidation amount of the trust securities. However, if an event of default under the corresponding ACE INA subordinated debt securities occurs and is continuing on any distribution date or redemption date, no payment of any distribution on, or redemption price of, any of the ACE Trust’s common securities, and no other payment on account of the redemption, liquidation or other acquisition of the common securities, will be made unless payment in full in cash of all accumulated and unpaid distributions on all of the ACE Trust’s outstanding preferred securities for all distribution periods terminating on or prior to that date, or in the case of payment of the redemption price the full amount of the redemption price on all of the ACE Trust’s outstanding preferred securities then called for redemption, have been made or provided for, and all funds available to the property trustee will first be applied to the payment in full in cash of all distributions on, or redemption price of, the ACE Trust’s preferred securities then due and payable.

If any event of default under the trust agreement resulting from a event of default under the corresponding ACE INA subordinated debt securities occurs, the holder of the ACE Trust's common securities will be deemed to have waived any right to act with respect to that event of default until the effect of all of the events of default with respect to the preferred securities have been cured, waived or otherwise eliminated. Until these events of default have been so cured, waived or otherwise eliminated, the property trustee shall act solely on behalf of the holders of the preferred securities and not on behalf of the holder of the ACE Trust's common securities, and only the holders of the preferred securities will have the right to direct the property trustee to act on their behalf. (Section 4.3)

Liquidation Distribution Upon Dissolution of ACE Trust

Pursuant to each trust agreement, each ACE Trust will automatically dissolve upon expiration of its term and will dissolve on the first to occur of:

- bankruptcy, dissolution or liquidation of ACE INA or ACE;
- the written direction to the property trustee from ACE INA, as depositor, at any time, which direction is optional and wholly within the discretion of ACE INA, to dissolve the ACE Trust and distribute corresponding ACE INA subordinated debt securities having an aggregate principal amount equal to the aggregate stated liquidation amount of the trust securities to the holders of the trust securities in exchange for the trust securities;
- the redemption of all of the ACE Trust's trust securities following a special event;
- the redemption of all of the ACE Trust's preferred securities as described under "Description of Preferred Securities — Redemption or Exchange — Mandatory Redemption"; and
- the entry of an order for the dissolution of the ACE Trust by a court of competent jurisdiction. (Section 9.2)

If an early dissolution occurs as described in the first, second and fifth bullets above or upon the date designated for automatic dissolution of the ACE Trust, the ACE Trust will be liquidated by the ACE trustees as expeditiously as the ACE trustees determine to be possible by distributing to the holders of the trust securities, after satisfaction of liabilities to the ACE Trust's creditors, corresponding ACE INA subordinated debt securities having an aggregate principal amount equal to the aggregate stated liquidation amount of the trust securities. However, if the property trustee determines that this distribution is not practical, the holders will be entitled to receive out of the ACE Trust's assets available for distribution, after satisfaction of liabilities to the ACE Trust's creditors, an amount equal to, in the case of holders of preferred securities, the aggregate of the liquidation amount plus accumulated and unpaid distributions on the trust securities to the date of payment, this amount being referred to in this prospectus as the liquidation distribution. If the liquidation distribution can be paid only in part because the ACE Trust has insufficient assets available to pay in full the aggregate liquidation distribution, then the amounts payable directly by the ACE Trust on its preferred securities will be paid on a *pro rata* basis. The holder of the ACE Trust's common securities will be entitled to receive distributions upon any liquidation *pro rata* with the holders of its preferred securities, except that if an event of default under the corresponding ACE INA subordinated debt securities has occurred and is continuing, the preferred securities shall have a priority over the common securities. (Section 9.4)

Events of Default; Notice

The following constitute an event of default under each trust agreement with respect to the applicable preferred securities:

- the occurrence of an event of default on the corresponding ACE INA subordinated debt securities (see "Description of ACE INA Debt Securities and ACE Guarantee — Events of Default");
- default by the property trustee in the payment of any distribution when it becomes due and payable, and continuation of this default for a period of 30 days;

[Table of Contents](#)

- default by the property trustee in the payment of any redemption price of any trust security when it becomes due and payable;
- default in the performance, or breach, in any material respect, of any covenant or warranty of the ACE trustees in the trust agreement, other than a covenant or warranty a default in the performance or breach those covenants in the preceding two bullets, and continuation of the default or breach for a period of 60 days after the holders of at least 25 percent in aggregate liquidation preference of the outstanding preferred securities of the applicable ACE Trust have given written notice specifying the default or breach, requiring it to be remedied and stating that the notice is a “Notice of Default” under the trust agreement, by registered or certified mail to the defaulting ACE trustee(s); and
- the occurrence of specified events of bankruptcy or insolvency with respect to the property trustee and the failure by ACE INA, as depositor, to appoint a successor property trustee within 60 days of the occurrence. (Section 1.1)

Within five business days after the occurrence of any event of default actually known to the property trustee, the property trustee will transmit notice of the event of default to the holders of the applicable preferred securities, the administrative trustees and ACE INA, as depositor, unless the event of default has been cured or waived. (Section 8.2) ACE INA, as depositor, and the administrative trustees are required to file annually with the property trustee a certificate as to whether or not they are in compliance with all the conditions and covenants applicable to them under each trust agreement. (Sections 8.15 and 8.16)

If an event of default under the corresponding ACE INA subordinated debt securities has occurred and is continuing, the preferred securities shall have a preference over the common securities upon dissolution of each ACE Trust as described above. See “— Liquidation Distribution Upon Dissolution of ACE Trust.” The existence of an event of default under the trust agreement does not entitle the holders of preferred securities to accelerate the maturity of the preferred securities.

Removal of ACE Trustees

Unless an event of default under the corresponding ACE INA subordinated debt securities has occurred and is continuing, any ACE trustee may be removed at any time by the holder of the ACE Trust’s common securities. If an event of default under the corresponding ACE INA subordinated debt securities has occurred and is continuing, the property trustee and the Delaware trustee may be removed by the holders of a majority in liquidation amount of the outstanding preferred securities. In no event will the holders of the preferred securities have the right to vote to appoint, remove or replace the administrative trustees, which voting rights are vested exclusively in the holder of the ACE Trust’s common securities. No resignation or removal of an ACE trustee and no appointment of a successor trustee shall be effective until the acceptance of appointment by the successor trustee in accordance with the provisions of the applicable trust agreement. (Section 8.10)

Co-Trustees and Separate Property Trustee

Unless an event of default shall have occurred and be continuing, for the purpose of meeting the legal requirements of the Trust Indenture Act or of any jurisdiction in which any part of the property of any ACE Trust may at the time be located, ACE INA, as depositor, and the administrative trustees, by agreed action of the majority of such trustees, shall have power, at any time or times, to appoint one or more persons either to act as a co-trustee jointly with the property trustee of all or any part of the property of the ACE Trust or to act as separate trustee of any property, in either case with the powers as may be provided in the instrument of appointment. ACE INA, as depositor, and the administrative trustees shall generally also have the power to vest in that person or persons in that capacity any property, title, right or power deemed necessary or desirable. If an event of default under the corresponding ACE INA subordinated debt securities has occurred and is continuing, the property trustee alone shall have power to make this appointment. (Section 8.9)

Merger or Consolidation of ACE Trustees

Any corporation into which the property trustee, the Delaware trustee or any administrative trustee that is not a natural person may be merged or converted or with which it may be consolidated, or any corporation

resulting from any merger, conversion or consolidation to which the ACE trustee shall be a party, shall be the successor of the ACE trustee under each trust agreement, so long as the corporation is otherwise qualified and eligible. (Section 8.12)

Mergers, Consolidations, Amalgamations or Replacements of the ACE Trusts

An ACE Trust may not merge with or into, convert into, consolidate, amalgamate, or be replaced by, or convey, transfer or lease its properties and assets substantially as an entirety to any corporation or other entity, except as described below or as described in “— Liquidation Distribution Upon Dissolution of ACE Trust.” An ACE Trust may, at the request of ACE INA, with the consent of only the administrative trustees and without the consent of the holders of the preferred securities, merge with or into, convert into, consolidate, amalgamate, or be replaced by or convey, transfer or lease its properties and assets substantially as an entirety to a trust organized as such under the laws of any state so long as the following conditions are met:

- The successor entity either:
 - expressly assumes all of the obligations of the ACE Trust with respect to the preferred securities or
 - substitutes for the preferred securities other securities having substantially the same terms as the preferred securities, referred to in this prospectus as the successor securities, so long as the successor securities rank the same as the preferred securities rank in priority with respect to distributions and payments upon liquidation, redemption and otherwise;
- ACE INA expressly appoints a trustee of the successor entity possessing the same powers and duties as the property trustee as the holder of the corresponding ACE INA subordinated debt securities;
- The successor securities are listed or traded, or any successor securities will be listed upon notification of issuance, on any national securities exchange or other organization on which the preferred securities are then listed or traded, if any;
- The merger, conversion, consolidation, amalgamation, replacement, conveyance, transfer or lease does not cause the preferred securities, including any successor securities, to be downgraded by any nationally recognized statistical rating organization;
- The merger, conversion, consolidation, amalgamation, replacement, conveyance, transfer or lease does not adversely affect the rights, preferences and privileges of the holders of the preferred securities, including any successor securities, in any material respect;
- The successor entity has a purpose substantially identical to that of the ACE Trust;
- Prior to the merger, conversion, consolidation, amalgamation, replacement, conveyance, transfer or lease, ACE INA has received an opinion from independent counsel to the ACE Trust to the effect that:
 - the merger, conversion, consolidation, amalgamation, replacement, conveyance, transfer or lease does not adversely affect the rights, preferences and privileges of the holders of the preferred securities, including any successor securities, in any material respect; and
 - following the merger, conversion, consolidation, amalgamation, replacement, conveyance, transfer or lease, neither the ACE Trust nor any successor entity will be required to register as an “investment company” under the Investment Company Act; and
- ACE INA or any permitted successor or assignee owns all of the common securities of the successor entity and guarantees the obligations of the successor entity under the successor securities at least to the extent provided by the preferred securities guarantee.

Notwithstanding the preceding description, an ACE Trust shall not, except with the consent of holders of 100 percent in liquidation amount of the preferred securities, consolidate, amalgamate, merge with or into, convert into, or be replaced by or convey, transfer or lease its properties and assets substantially as an entirety to

[Table of Contents](#)

any other entity or permit any other entity to consolidate, amalgamate, merge with or into, convert into, or replace it if the consolidation, amalgamation, merger, replacement, conveyance, transfer or lease would cause the ACE Trust or the successor entity to be classified as other than a grantor trust for U.S. Federal income tax purposes. (Section 9.5)

Voting and Preemptive Rights

Except as provided below and under “— Removal of ACE Trustees,” “Description of ACE INA Debt Securities and ACE Guarantee — Events of Default,” “Description of Preferred Securities Guarantees — Amendments and Assignment”, the holders of the preferred securities will generally not have any voting rights. Holders of the preferred securities have no preemptive or similar rights. (Sections 5.14 and 6.1)

Amendment of Restated Trust Agreements

Each trust agreement may be amended by ACE INA and the ACE trustees, without the consent of the holders of the trust securities:

- to cure any ambiguity, correct or supplement any provisions in the trust agreement that may be inconsistent with any other provision, or to make any other provisions with respect to matters or questions arising under the trust agreement, which shall not be inconsistent with the other provisions of the trust agreement, or
- to modify, eliminate or add to any provisions of the trust agreement to the extent as shall be necessary to ensure that the ACE Trust will be classified for U.S. Federal income tax purposes as a grantor trust at all times that any trust securities are outstanding or to ensure that the ACE Trust will not be required to register as an “investment company” under the Investment Company Act.

However, in the case of the first bullet above, that action will not adversely affect in any material respect the interests of any holder of trust securities. Any amendments of a trust agreement adopted in accordance with the two bullet points above will become effective when notice of the amendment is given to the holders of trust securities of the applicable ACE Trust.

Each trust agreement may be amended by the ACE Trustees and ACE INA with the consent of holders representing not less than a majority, based upon liquidation amounts, of the outstanding trust securities and receipt by the ACE trustees of an opinion of counsel to the effect that the amendment or the exercise of any power granted to the ACE trustees in accordance with the amendment will not affect the ACE Trust’s status as a grantor trust for U.S. Federal income tax purposes or the ACE Trust’s exemption from status as an “investment company” under the Investment Company Act. However, without the consent of each holder of trust securities, the trust agreement may not be amended to:

- change the amount or timing of any distribution on the trust securities or otherwise adversely affect the amount of any distribution required to be made in respect of the trust securities as of a specified date; or
- restrict the right of a holder of trust securities to institute suit for the enforcement of any payment on or after the date. (Section 10.2)

So long as any corresponding ACE INA subordinated debt securities are held by the property trustee, the ACE trustees shall not:

- direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the ACE INA subordinated indenture, or executing any trust or power conferred on that trustee with respect to the corresponding ACE INA subordinated debt securities;
- waive any past default that is waivable under the ACE INA subordinated indenture, as described in “Description of the ACE INA Debt Securities and ACE Guarantee — Modification and Waiver”;
- exercise any right to rescind or annul a declaration that the principal of all the ACE INA subordinated debt securities shall be due and payable; or

[Table of Contents](#)

- consent to any amendment, modification or termination of the ACE INA subordinated indenture or the corresponding ACE INA subordinated debt securities, where the consent shall be required, without, in each case, obtaining the prior approval of the holders of a majority in aggregate liquidation amount of all outstanding preferred securities.

However, where a consent under the ACE INA subordinated indenture would require the consent of each holder of the affected corresponding ACE INA subordinated debt securities, no consent shall be given by the property trustee without the prior consent of each holder of the corresponding preferred securities. The ACE trustees shall not revoke any action previously authorized or approved by a vote of the holders of the preferred securities except by subsequent vote of the holders of the preferred securities. The property trustee shall notify each holder of preferred securities of any notice of default with respect to the corresponding ACE INA subordinated debt securities. In addition to obtaining these approvals of the holders of the preferred securities, prior to taking any of these actions, the ACE trustees shall obtain an opinion of counsel to the effect that the ACE Trust will not be classified as an association taxable as a corporation for U.S. Federal income tax purposes on account of that action. (Section 6.1)

Any required approval or action of holders of preferred securities may be given or taken at a meeting of holders of preferred securities convened for that purpose or pursuant to written consent. The property trustee will cause a notice of any meeting at which holders of preferred securities are entitled to vote to be given to each holder of record of preferred securities. (Sections 6.2, 6.3 and 6.6)

No vote or consent of the holders of preferred securities will be required for an ACE Trust to redeem and cancel its preferred securities in accordance with the applicable trust agreement.

Even though the holders of preferred securities are entitled to vote or consent under any of the circumstances described above, any of the preferred securities that are owned by ACE INA, the ACE trustees or any affiliate of ACE INA or any ACE trustees shall, for purposes of the vote or consent, be treated as if they were not outstanding.

Global Preferred Securities

The preferred securities of an ACE Trust may be issued, in whole or in part, in the form of one or more global preferred securities that will be deposited with, or on behalf of, the depository. The depository and the specific terms of the depository arrangement with respect to the preferred securities of an ACE Trust will be described in the applicable prospectus supplement.

Payment and Paying Agency

Payments of distributions in respect of the preferred securities shall be made to the depository, which shall credit the relevant accounts at the depository on the applicable distribution dates. However, if any ACE Trust's preferred securities are not held by the depository, these payments shall be made by check mailed to the address of the holder entitled to the payments as it shall appear on the register of the ACE Trust. (Section 4.4)

Unless otherwise set forth in the applicable prospectus supplement, the paying agent shall initially be The Bank of New York Mellon Trust Company, N.A. (as successor) and any co-paying agent chosen by The Bank of New York Mellon Trust Company, N.A. and acceptable to the administrative trustees and ACE INA. The paying agent shall be permitted to resign as paying agent upon 30 days' written notice to the administrative trustees, the property trustee and ACE INA. If The Bank of New York Mellon Trust Company, N.A. shall no longer be the paying agent, the administrative trustees shall appoint a successor, which shall be a bank or trust company acceptable to the administrative trustees and ACE INA, to act as paying agent. (Section 5.9)

Registrar and Transfer Agent

Unless otherwise set forth in the applicable prospectus supplement, The Bank of New York Mellon Trust Company, N.A. will act as registrar and transfer agent for the preferred securities.

Registration of transfers and exchanges of preferred securities will be effected without charge by or on behalf of each ACE Trust. However, the holders must pay any tax or other governmental charges that may be

imposed in connection with any transfer or exchange. The ACE Trusts will not be required to register or cause to be registered the transfer of their preferred securities after the preferred securities have been called for redemption. (Section 5.4)

Information Concerning the Property Trustee

The property trustee undertakes to perform only those duties specifically set forth in each trust agreement. However, the property trustee must exercise the same degree of care as a prudent person would exercise in the conduct of his or her own affairs. Subject to the preceding sentence, the property trustee is under no obligation to exercise any of the powers vested in it by the applicable trust agreement at the request of any holder of preferred securities unless it is offered reasonable indemnity against the costs, expenses and liabilities that it might incur. If, in performing its duties under the trust agreement, the property trustee is required to decide between alternative causes of action, construe ambiguous provisions in the applicable trust agreement or is unsure of the application of any provision of the applicable trust agreement, and the matter is not one on which holders of preferred securities are entitled under the trust agreement to vote, then the property trustee shall take the action as is directed by ACE INA. Otherwise, the property trustee shall take the action as it deems advisable and in the best interests of the holders of the trust securities and will have no liability except for its own bad faith, negligence or willful misconduct. (Sections 8.1 and 8.3)

Administrative Trustees

The administrative trustees are authorized and directed to conduct the affairs of and to operate the ACE Trusts in such a way that:

- no ACE Trust will be deemed to be an “investment company” required to be registered under the Investment Company Act or classified as an association taxable as a corporation for U.S. Federal income tax purposes; and
- the corresponding ACE INA subordinated debt securities will be treated as indebtedness of ACE INA for U.S. Federal income tax purposes.

In this regard, ACE INA and the administrative trustees are authorized to take any action not inconsistent with applicable law, the certificate of trust of each ACE Trust or each trust agreement, that ACE INA and the administrative trustees determine, in their discretion, to be necessary or desirable for these purposes, as long as the action does not materially adversely affect the interests of the holders of the related preferred securities.

DESCRIPTION OF PREFERRED SECURITIES GUARANTEES

Concurrently with the issuance by each ACE Trust of its preferred securities, ACE will execute and deliver a preferred securities guarantee for the benefit of the holders of the preferred securities. The Bank of New York Mellon Trust Company, N.A. will act as the guarantee trustee under each preferred securities guarantee for the purposes of compliance with the Trust Indenture Act, and each preferred securities guarantee will be qualified as an indenture under the Trust Indenture Act.

The following is a summary of the material provisions of the preferred securities guarantees. You should refer to the form of preferred securities guarantee and the Trust Indenture Act for more complete information regarding the provisions of each preferred securities guarantee. The form of the preferred securities guarantee has been filed as an exhibit to the registration statement of which this prospectus is a part. Reference in this summary to preferred securities means the ACE Trust’s preferred securities to which the preferred securities guarantee relates. The guarantee trustee will hold each preferred securities guarantee for the benefit of the holders of the related ACE Trust’s preferred securities.

General

ACE will irrevocably agree to pay in full on a subordinated basis, to the extent described below, the guarantee payments, without duplication of amounts previously paid by or on behalf of the ACE Trust, to the

[Table of Contents](#)

holders of the preferred securities as and when due, regardless of any defense, right of setoff or counterclaim that the ACE Trust may have or assert other than the defense of payment. The following payments with respect to the preferred securities, to the extent not paid by or on behalf of the related ACE Trust, are referred to in this prospectus as the guarantee payments:

- any accrued and unpaid distributions required to be paid on the preferred securities, to the extent that the ACE Trust has funds available for payment at that time;
- the redemption price, including all accrued and unpaid distributions to the redemption date, with respect to any preferred securities called for redemption, to the extent that the ACE Trust has funds available for payment at that time; and
- upon a voluntary or involuntary dissolution, winding up or liquidation of the ACE Trust, unless the corresponding ACE INA subordinated debt securities are distributed to holders of the preferred securities, the lesser of:
 - the liquidation distribution, to the extent the ACE Trust has funds available for payment at that time; and
 - the amount of assets of the ACE Trust remaining available for distribution to holders of preferred securities.

ACE's obligation to make a guarantee payment may be satisfied by direct payment of the required amounts by it to the holders of the preferred securities or by causing the ACE Trust to pay these amounts to the holders. (Section 5.1)

Each preferred securities guarantee will be an irrevocable guarantee on a subordinated basis of the related ACE Trust's payment obligations under the preferred securities, but will apply only to the extent that the applicable ACE Trust has funds sufficient to make the payments. Each preferred securities guarantee is, to that extent, a guarantee of payment and not a guarantee of collection. See "— Status of the Preferred Securities Guarantees."

If either ACE INA or ACE does not make interest payments on the corresponding ACE INA subordinated debt securities held by an ACE Trust, the ACE Trust will not be able to pay distributions on the preferred securities and will not have funds legally available for payment. Each preferred securities guarantee will rank subordinate and junior in right of payment to ACE's senior indebtedness, including all its debt securities and obligations as guarantor under the ACE INA subordinated indenture, as described below under "— Status of the Preferred Securities Guarantees."

Because ACE is a holding company, its rights and the rights of its creditors, including the holders of preferred securities who are its creditors by virtue of a preferred securities guarantee, and shareholders to participate in any distribution of assets of any subsidiary upon the subsidiary's liquidation, reorganization or otherwise would be subject to the prior claims of the subsidiary's creditors, except to the extent that ACE may itself be a creditor with recognized claims against the subsidiary. The right of ACE's creditors, including the holders of preferred securities who are its creditors by virtue of a preferred securities guarantee, to participate in the distribution of stock owned by ACE in its subsidiaries, including its insurance subsidiaries, may also be subject to approval by insurance regulatory authorities having jurisdiction over the subsidiaries. Generally, the preferred securities guarantees do not limit ACE's ability to incur or issue other secured or unsecured debt, whether under an indenture or otherwise.

ACE's obligations under preferred securities guarantee, the ACE INA subordinated indenture, including its guarantee of the ACE INA subordinated debt securities, and the expense agreement described below, taken together, constitute a full, irrevocable and unconditional guarantee by it of payments due on the preferred securities. No single document standing alone or operating in conjunction with fewer than all of the other documents constitute this guarantee. It is only the combined operation of these documents that has the effect of providing a full, irrevocable and unconditional guarantee of the ACE Trust's obligations under the preferred securities. See "The ACE Trusts," "Description of Preferred Securities," and "Description of ACE INA Debt Securities and ACE Guarantee."

[Table of Contents](#)

ACE will also agree to guarantee the obligations of each ACE Trust with respect to the common securities issued by the ACE Trust to the same extent as under the preferred securities guarantee. However, if an event of default under the ACE INA subordinated indenture has occurred and is continuing, the holders of preferred securities under the preferred securities guarantee will have priority over the holders of the common securities under the common securities guarantee with respect to distributions and payments on liquidation, redemption or otherwise.

Status of the Preferred Securities Guarantees

Each preferred securities guarantee will constitute ACE's unsecured obligation and will rank subordinate and junior in right of payment to its senior indebtedness, including its debt securities and obligations as guarantor under the ACE INA subordinate indenture. (Section 6.2) For purposes of any preferred securities guarantee, "senior indebtedness" means ACE's indebtedness, including its obligations as guarantor under the ACE INA subordinated indenture, outstanding at any time, except:

- the indebtedness under the preferred securities guarantee;
- indebtedness as to which, by the terms of the instrument creating or evidencing the same, it is provided that the indebtedness is subordinated to or ranks equally with the preferred securities guarantee or to other indebtedness which is subordinated to or ranks equally with the preferred securities guarantee;
- indebtedness to an affiliate;
- interest accruing after the filing of a petition initiating any bankruptcy, insolvency or other similar proceeding unless the interest is an allowed claim enforceable against ACE in a proceeding under federal or state bankruptcy laws;
- trade accounts payable; and
- similar preferred securities guarantees issued by ACE on behalf of holders of preferred securities of any other ACE Trust or any trust, partnership or other entity affiliated with ACE which is a financing vehicle of ACE's or any of its affiliates in connection with the issuance by the entity of preferred securities or other similar securities that are guaranteed by it pursuant to an instrument that ranks equally with or junior in right of payment to the preferred securities guarantee. "Indebtedness" has the same meaning given to that term under the ACE indentures. (Section 1.1)

Each preferred securities guarantee will rank equally with all other similar preferred securities guarantees issued by ACE on behalf of holders of preferred securities of any other ACE Trust or any trust, partnership or other entity affiliated with ACE which is a financing vehicle of it or any affiliate of it in connection with the issuance by the entity of preferred securities or other similar securities that are guaranteed by ACE pursuant to an instrument that ranks equally with or junior in right of payment to the preferred securities guarantee. (Section 6.3). Each preferred securities guarantee will constitute a guarantee of payment and not of collection, which means that the guaranteed party may generally institute a legal proceeding directly against ACE to enforce its rights under the preferred securities guarantee without first instituting a legal proceeding against any other person or entity, including the applicable ACE Trust. (Section 5.4)

No preferred securities guarantee will be discharged except by payment of the guarantee payments in full to the extent not paid by the ACE Trust or upon distribution to the holders of the preferred securities of the corresponding ACE INA subordinated debt securities. None of the preferred securities guarantees places a limitation on the amount of additional indebtedness that may be incurred by ACE. ACE expects from time to time to incur additional indebtedness that will rank senior to the preferred securities guarantees.

Payments of Additional Amounts

ACE will make all guarantee payments without withholding or deduction at source for, or on account of, any present or future taxes, fees, duties, assessments or governmental charges of whatever nature imposed or

levied by or on behalf of Switzerland, the Cayman Islands or Bermuda, each referred to in this prospectus as a taxing jurisdiction, or any political subdivision or taxing authority of the taxing jurisdiction, unless the taxes, fees, duties, assessments or governmental charges are required to be withheld or deducted by:

- the laws or any regulations or rulings promulgated under the laws of a taxing jurisdiction or any political subdivision or taxing authority of the taxing jurisdiction; or
- an official position regarding the application, administration, interpretation or enforcement of any laws, regulations or rulings, including, without limitation, a holding by a court of competent jurisdiction or by a taxing authority in a taxing jurisdiction or any political subdivision of the taxing jurisdiction.

If a withholding or deduction at source is required, ACE will, subject to limitations and exceptions described below, pay to the holder of any related preferred securities the additional amounts as may be necessary so that every guarantee payment made to the holder, after this withholding or deduction, will not be less than the amount provided for in the preferred securities guarantee to be then due and payable.

ACE will not be required to pay any additional amounts for or on account of:

- any tax, fee, duty, assessment or governmental charge of whatever nature which would not have been imposed but for the fact that you:
 - were a resident, domiciliary or national of, or engaged in business or maintained a permanent establishment or were physically present in, the relevant taxing jurisdiction or any political subdivision of the taxing jurisdiction or otherwise had some connection with the relevant taxing jurisdiction other than by reason of the mere ownership of preferred securities, or receipt of payment under the preferred securities;
 - presented the preferred security for payment in the relevant taxing jurisdiction or any political subdivision of the taxing jurisdiction, unless the preferred security could not have been presented for payment elsewhere; or
 - presented the preferred security for payment more than 30 days after the date on which the payment in respect of the preferred security first became due and payable or provided for, whichever is later, except to the extent that you would have been entitled to the additional amounts if you had presented the preferred security for payment on any day within that 30-day period;
- any estate, inheritance, gift, sale, transfer, personal property or similar tax, assessment or other governmental charge;
- any tax, assessment or other governmental charge that is imposed or withheld by reason of the failure by you or the beneficial owner of the preferred security to comply with any reasonable request by ACE or the applicable ACE Trust addressed to you within 90 days of the request to:
 - provide information concerning your nationality, residence or identity or of the beneficial owner; or
 - make any declaration or other similar claim or satisfy any information or reporting requirement, which in either case is required or imposed by statute, treaty, regulation or administrative practice of the relevant taxing jurisdiction or any political subdivision of the taxing jurisdiction as a precondition to exemption from all or part of the tax, assessment or other governmental charge; or
- any combination of the above items.

In addition, ACE will not pay you any additional amounts with respect to any guarantee payment if you are a fiduciary or partnership or other than the sole beneficial owner of the related preferred security, to the extent the payment would be required by the laws of the relevant taxing jurisdiction, or any political subdivision or relevant taxing authority of or in the taxing jurisdiction, to be included in the income for tax purposes of a beneficiary or partner or settlor with respect to the fiduciary or a member of the partnership or a beneficial owner who would not have been entitled to the additional amounts had it been the holder of the preferred security. (Section 5.8)

Amendments and Assignment

No preferred securities guarantee may be amended without the prior approval of the holders of not less than a majority of the aggregate liquidation amount of the outstanding preferred securities, except with respect to any changes which do not materially adversely affect the rights of holders of the related preferred securities, in which case no consent will be required. (Section 8.2) All guarantees and agreements contained in each preferred securities guarantee will bind ACE's successors and assigns and will inure to the benefit of the holders of the related preferred securities. (Section 8.1) ACE may not assign its obligations under the preferred securities guarantee except in connection with a consolidation, amalgamation or merger or conveyance, transfer or lease that is permitted under the ACE INA subordinated indenture and under which the person formed by the consolidation or amalgamation or into which ACE is merged or which acquires or leases ACE's properties and assets agrees in writing to perform ACE's obligations under the preferred securities guarantee.

Events of Default

An event of default under each preferred securities guarantee will occur upon ACE's failure to perform any of its payment or other obligations under the preferred securities guarantee. The holders of not less than a majority in aggregate liquidation amount of the related preferred securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the guarantee trustee or to direct the exercise of any trust or power conferred upon the guarantee trustee. (Section 5.4)

Any holder of the preferred securities may institute a legal proceeding directly against ACE to enforce its rights under the preferred securities guarantee without first instituting a legal proceeding against the ACE Trust, the guarantee trustee or any other person or entity. (Section 5.4)

ACE, as guarantor, is required to file annually with the guarantee trustee a certificate as to whether or not it is in compliance with all the conditions and covenants applicable to it under the preferred securities guarantee. (Section 2.4)

Information Concerning the Guarantee Trustee

The guarantee trustee, other than during the occurrence and continuance of a default by ACE in performance of any preferred securities guarantee, undertakes to perform only the duties specifically set forth in each preferred securities guarantee. After default with respect to any preferred securities guarantee, the guarantee trustee must exercise the same degree of care and skill as a prudent person would exercise or use in the conduct of his or her own affairs. (Section 3.1) Subject to the preceding sentence, the guarantee trustee is under no obligation to exercise any of the powers vested in it by any preferred securities guarantee at the request of any holder of any preferred securities unless it is offered reasonable indemnity against the costs, expenses, and liabilities that it might incur. (Section 3.2)

Termination of the Preferred Securities Guarantees

Each preferred securities guarantee will terminate upon:

- full payment of the redemption price of the related preferred securities;
- the distribution of the corresponding ACE INA subordinated debt securities to the holders of the related preferred securities; or
- upon full payment of the amounts payable upon liquidation of the related ACE Trust.

Each preferred securities guarantee will continue to be effective or will be reinstated if, at any time, any holder of the related preferred securities must restore payment of any sums paid with respect to the preferred securities or the preferred securities guarantee. (Section 7.1)

New York Law to Govern

Each preferred securities guarantee will be governed by and construed in accordance with the laws of the State of New York. (Section 8.5)

The Expense Agreement

Pursuant to the expense agreement entered into by ACE under each trust agreement, ACE will irrevocably and unconditionally guarantee to each person or entity to whom an ACE Trust becomes indebted or liable, the full payment of any costs, expenses or liabilities of the ACE Trust, other than obligations of the ACE Trust to pay to the holders of the preferred securities or other similar interests in the ACE Trust of the amounts due them pursuant to the terms of the preferred securities or other similar interests, as the case may be.

PLAN OF DISTRIBUTION

ACE, ACE INA and/or any ACE Trust may sell offered securities in any one or more of the following ways from time to time:

- through agents;
- to or through underwriters;
- through dealers; or
- directly to purchasers.

The applicable prospectus supplement will set forth the specific terms of the offering of the offered securities, including:

- the name or names of any underwriters, dealers or agents;
- the purchase price of the offered securities and the proceeds to ACE, ACE INA and/or an ACE Trust from the sale;
- any underwriting discounts and commissions or agency fees and other items constituting underwriters' or agents' compensation; and
- any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers and any securities exchange on which the offered securities may be listed, any of which initial public offering price, discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

- in one or more transactions at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to the prevailing market prices; or
- at negotiated prices.

Offers to purchase offered securities may be solicited by agents designated by ACE from time to time. Any agent involved in the offer or sale of the offered securities in respect of which this prospectus is delivered will be named, and any commissions payable by ACE, ACE INA and/or the applicable ACE Trust to the agent will be set forth, in the applicable prospectus supplement. Unless otherwise set forth in the applicable prospectus supplement, any agent will be acting on a reasonable best efforts basis for the period of its appointment. Any agent may be deemed to be an underwriter, as that term is defined in the Securities Act, of the offered securities so offered and sold.

If offered securities are sold to the public by means of an underwritten offering, either through underwriting syndicates represented by managing underwriters or directly by the managing underwriters ACE, ACE INA and/or the applicable ACE Trust will execute an underwriting agreement with an underwriter or underwriters, and the names of the specific managing underwriter or underwriters, as well as any other underwriters, which will be set forth in the applicable prospectus supplement. In addition, the terms of the transaction, including commissions, discounts and any other compensation of the underwriters and dealers, if any, will be set forth in the applicable prospectus supplement, which prospectus supplement will be used by the underwriters to make resales of the offered securities. If underwriters are utilized in the sale of the offered securities, the offered securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including:

- negotiated transactions;
- at fixed public offering prices; or
- at varying prices determined by the underwriters at the time of sale.

[Table of Contents](#)

In addition, unless otherwise indicated in the prospectus supplement, the underwriting agreement will provide that the obligations of the underwriters are subject to specified conditions precedent and that the underwriters with respect to a sale of offered securities will be obligated to purchase all of the offered securities of a series if any are purchased.

ACE, ACE INA and/or the applicable ACE Trust may grant to the underwriters options to purchase additional offered securities, to cover over-allotments, if any, at the public offering price with additional underwriting discounts or commissions, as may be set forth in the applicable prospectus supplement. If ACE, ACE INA and/or the applicable ACE Trust grants any over-allotment option, the terms of the over-allotment option will be set forth in the applicable prospectus supplement.

If a dealer is utilized in the sales of offered securities, ACE, ACE INA and/or the applicable ACE Trust will sell the offered securities to the dealer as principal. The dealer may then resell the offered securities to the public at varying prices to be determined by the dealer at the time of resale. Any dealer may be deemed to be an underwriter of the offered securities so offered and sold. The name of the dealer and the terms of the transaction will be set forth in the applicable prospectus supplement.

Offers to purchase offered securities may be solicited directly by ACE, ACE INA and/or the applicable ACE Trust and the sale of the offered securities may be made by ACE, ACE INA and/or the applicable ACE Trust directly to institutional investors or others with respect to any resale of the offered securities. The terms of any of these sales will be described in the applicable prospectus supplement.

Offered securities may also be offered and sold in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise by one or more remarketing firms acting as principals for their own accounts or as agents for ACE, ACE INA and/or the applicable ACE Trust. Any remarketing firm will be identified and the terms of its agreements, if any, with ACE, ACE INA and/or an ACE Trust and its compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters in connection with the offered securities remarketed by them.

Agents, underwriters, dealers and remarketing firms may be entitled, under agreements entered into with ACE, ACE INA and/or the applicable ACE Trust, to indemnification by ACE, ACE INA and/or the applicable ACE Trust against some civil liabilities, including liabilities under the Securities Act that may arise from any untrue statement or alleged untrue statement of a material fact or any omission or alleged omission to state a material fact in this prospectus, any supplement or amendment hereto, or in the registration statement of which this prospectus forms a part, or to contribution with respect to payments which the agents, underwriters or dealers may be required to make.

ACE, ACE INA and/or the applicable ACE Trust may authorize underwriters or other persons acting as ACE's, ACE INA's and/or the applicable ACE Trust's agents to solicit offers by specified institutions to purchase offered securities from ACE, ACE INA and/or the applicable ACE Trust, pursuant to contracts providing for payments and delivery on a future date, which will be set forth in the applicable prospectus supplement. Institutions with which these contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others. However, in all cases, these institutions must be approved by ACE, ACE INA and/or the applicable ACE Trust. The obligations of any purchaser under any contract will be subject to the condition that the purchase of the offered securities shall not, at the time of delivery, be prohibited under the laws of the jurisdiction to which the purchaser is subject. The underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

Each series of offered securities will be a new issue and, other than the common shares, which are listed on the NYSE, will have no established trading market. ACE, ACE INA and/or the applicable ACE Trust may elect to list any series of offered securities on an exchange and, in the case of the common shares, on any additional exchange. However, unless otherwise specified in the applicable prospectus supplement, none of ACE, ACE INA or any ACE Trust shall be obligated to do so. No assurance can be given as to the liquidity of the trading market for any of the offered securities.

Underwriters, dealers, agents and remarketing firms may be customers of, engage in transactions with, or perform services for, ACE and its subsidiaries in the ordinary course of business.

EXPERTS

The financial statements, financial statement schedules and management's assessment of the effectiveness of internal control over financial reporting (which is included in Management's Report on Internal Control over Financial Reporting) incorporated in this prospectus by reference to ACE's Annual Report on Form 10-K for the year ended December 31, 2014 have been so incorporated in reliance on the report (which contains an explanatory paragraph on the effectiveness of internal control over financial reporting due to the exclusion of certain elements of the internal control over financial reporting of the large corporate account P&C business of Itaú Seguros, S.A. the registrant acquired during 2014) of PricewaterhouseCoopers LLP, an independent registered public accounting firm, given on the authority of said firm as experts in auditing and accounting.

Ernst & Young LLP, independent registered public accounting firm, has audited The Chubb Corporation's ("Chubb") consolidated financial statements and schedules included in Chubb's Annual Report on Form 10-K for the year ended December 31, 2014, as set forth in their report, which is incorporated by reference in this registration statement and related prospectus. Chubb's financial statements and schedules are incorporated by reference in reliance on Ernst & Young LLP's report, given on their authority as experts in accounting and auditing.

ENFORCEMENT OF CIVIL LIABILITIES UNDER UNITED STATES FEDERAL SECURITIES LAWS

ACE is a Swiss company. In addition, some of its officers and directors, as well as some of the experts named in this prospectus, reside outside the United States, and all or much of ACE's assets and some of the officers' and directors' assets are or may be located in jurisdictions outside the United States. Therefore, investors may have difficulty effecting service of process within the United States upon those persons or recovering against ACE or them on judgments of U.S. courts, including judgments based upon the civil liability provisions of the U.S. Federal securities laws. However, investors may serve ACE with process in the United States with respect to actions against it arising out of or in connection with violations of U.S. Federal securities laws relating to offers and sales of the securities covered by this prospectus by serving ACE INA Holdings, its United States agent irrevocably appointed for that purpose.

ACE has been advised by Bär & Karrer AG, its Swiss counsel, that there is doubt as to whether the courts in Switzerland would:

- enforce judgments of U.S. courts based upon the civil liability provisions of the U.S. Federal securities laws obtained in actions against it or its directors and officers, as well as experts named in this prospectus, who reside outside the United States; or
- admit original actions brought in Switzerland against these persons or ACE predicated solely upon U.S. Federal securities laws.

ACE has also been advised by Bär & Karrer AG that there is no treaty in effect between the United States and Switzerland providing for such enforcement, and there are certain grounds upon which Swiss courts may not

enforce judgments of United States courts. Some remedies available under the laws of United States jurisdictions, including some remedies available under the U.S. Federal securities laws, might not be allowed in Swiss courts as contrary to that nation's public policy.

- neither of the ACE Trusts has any independent operations or proposes to engage in any activity other than issuing securities representing undivided beneficial interests in the assets of the ACE Trust and investing the proceeds in subordinated debt securities issued by ACE INA and fully and unconditionally guaranteed by ACE; and
- the obligations of each ACE Trust under the preferred securities will be fully and unconditionally guaranteed by ACE. See “Description of ACE INA Debt Securities and ACE Guarantee” and “Description of Preferred Securities Guarantees.”

Neither of the ACE Trusts is currently subject to the information reporting requirements of the Exchange Act. Each ACE Trust will be exempt from these requirements following the effectiveness of the registration statement that contains this prospectus.
