March 12, 2020

Dear Fellow Shareholder,

On behalf of the Board of Directors (the "**Board**") and management of Golden Star Resources Ltd. ("**Golden Star**" or the "**Company**"), it is my pleasure to invite you to attend Golden Star's Annual and Special Meeting of Shareholders to be held on Thursday, May 7, 2020 at 11 a.m. (Eastern Time) in the Huron/Escarpment Boardrooms at the offices of Fasken Martineau DuMoulin LLP, 333 Bay St., Suite 2400, Toronto, Ontario, M5H 2T6.

This year, out of an abundance of caution, to proactively deal with the unprecedented public health impact of coronavirus disease 2019, also known as COVID-19, and to mitigate risks to the health and safety of our communities, shareholders, employees and other stakeholders, we would ask that shareholders participate via live audio webcast by calling 1-844-426-4405, meeting number (access code): 804 849 843. Shareholders who wish to attend the meeting in-person will have equal opportunity to do so.

Golden Star's Board and management team look forward to discussing the initiatives that are underway at Golden Star and outline our plans for the future.

During 2019, Golden Star witnessed many significant changes to its Board and senior management team. Andrew Wray was appointed Golden Star's President and Chief Executive Officer effective May 1, 2019 and, over the subsequent months, the following additional changes were made:

- Naguib Sawiris was appointed to the Board effective May 2, 2019 upon nomination by La Mancha Holding S.à.r.l. ("**La Mancha**").
- Graham Crew stepped off the Board upon being appointed Golden Star's Executive Vice President and Chief Operating Officer effective July 8, 2019.
- Daniel Owiredu, the Company's Chief Operating Officer to July 7, 2019, served as the Company's President from July 8 to December 31, 2019 and, effective January 1, 2020, became Chairman of the Boards of Directors for each of Golden Star (Wassa) Limited and Golden Star (Bogoso/Prestea) Limited.
- Ani Markova was appointed to the Board effective September 5, 2019, replacing Mr. Crew as one of La Mancha's nominees.
- Nathalie Lion Haddad, Executive Vice President, Head of People, joined Golden Star on September 16, 2019.
- Martin Raffield, formerly the Company's Executive Vice President, Chief Technical Officer, left the Company effective September 30, 2019.
- Peter Spora was appointed Executive Vice President, Growth & Exploration effective November 1, 2019.
- Philipa Varris, who had previously served as the Company's Vice President, Corporate Responsibility in Ghana, was appointed Executive Vice President, Head of Sustainability of Golden Star effective January 1, 2020.
- Karim Nasr was appointed to the Board on February 3, 2020, following his nomination by La Mancha to replace Mr. Sawiris who resigned from the Board on the same date.
- Paul Thomson joined Golden Star on January 27, 2020 and was appointed Executive Vice President and Chief Financial Officer on February 22, 2020.

The new management team recently reviewed Golden Star's long-term strategy. Our goal is to safely and sustainably grow gold production from long-life, low cost assets. We aim to be leading practitioners in safety and environment, social and corporate governance within the mining industry. The successful implementation of our strategy will be supported by five fundamental pillars: Financial Excellence, Operational Excellence, Growth, People Culture and Leadership, and Social Licence.

Your participation as a shareholder is very valuable to us. We hope that you will review the enclosed Management Information Circular in advance of the meeting as it contains important information about the business to be conducted at the meeting and instructions on how you can exercise your vote. The presentation delivered at the meeting will be available on Golden Star's website until the next annual meeting of shareholders.

On behalf of the Board and management, we thank you for your continued loyalty to Golden Star, and we hope you can join us on May 7, 2020.

NOTICE OF ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS

NOTICE is hereby given that the Annual and Special Meeting (the "**Meeting**") of shareholders of Golden Star Resources Ltd. ("**Golden Star**" or the "**Company**") will be held at 11 a.m. (Eastern Time) on Thursday, May 7, 2020, in the Huron/Escarpment Boardrooms at the offices of Fasken Martineau DuMoulin LLP, 333 Bay Street, Suite 2400, Bay Adelaide Centre, Toronto, Ontario, Canada, M5H 2T6, for the following purposes:

1. to receive the audited financial statements of the Company, together with the auditors' report thereon, for the year ended December 31, 2019;
2. to elect the directors of Golden Star until the next annual general meeting of the shareholders of Golden Star;
3. to appoint PricewaterhouseCoopers LLP as auditors of the Company for the ensuing year and to authorize the directors to fix the auditors' remuneration;
4. to consider and, if deemed advisable, pass, with or without variation, a resolution (i) approving the Company's U.K. Performance Share Unit Plan (the "**U.K. PSU Plan**"), (ii) approving 4,714,484 common shares that will be set-aside, allotted and reserved for issuance upon the exercise of performance share units granted under the U.K. PSU Plan and (iii) ratifying the prior grant by the Company of 1,409,236 performance share units under the UK PSU Plan;
5. to consider and, if deemed advisable, pass, with or without variation, a non-binding advisory resolution on Golden Star's approach to executive compensation; and
6. to transact such other business as may properly come before the Meeting or any postponement or adjournment thereof.

This year, out of an abundance of caution, to proactively deal with the unprecedented public health impact of coronavirus disease 2019, also known as COVID-19, and to mitigate risks to the health and safety of our communities, shareholders, employees and other stakeholders, we would ask that shareholders participate via live audio webcast by calling 1-844-426-4405, meeting number (access code): 804 849 843. Shareholders who wish to attend the meeting in-person will have equal opportunity to do so.

Golden Star's Board of Directors has fixed March 11, 2020 as the record date (the "**Record Date**") for determining shareholders entitled to receive notice of and to vote at the Meeting and at any postponement or adjournment thereof. Only holders of Golden Star common shares ("**Common Shares**") as at the close of business on the Record Date will be entitled to have their votes counted at the Meeting.

Shareholders may attend the Meeting in person. However, whether or not you plan to personally attend the Meeting, please complete, sign, date and return the enclosed proxy. Sending your proxy will not prevent you from voting in person at the Meeting. All proxies completed by registered shareholders must be returned:

- (i) in the case of Common Shares which are registered on the books of the Company for trading on the Toronto Stock Exchange or on the NYSE American (a shareholder whose Common Shares are so registered will receive an envelope that accompanies this Circular bearing the following address), to Attention: AST Trust Company (Canada), P.O. Box 721, Agincourt, Ontario, Canada, M1S 0A1; or

- (ii) in the case of Common Shares which are registered on the books of the Company for trading on the Ghana Stock Exchange (a shareholder whose Common Shares are so registered will receive an envelope that accompanies this Circular bearing the following address), to Attention: The Registrar, GCB Bank Limited, Share Registry, Head Office, P.O. Box 134, Accra, Ghana.

To be effective, proxies must be received prior to 5:00 p.m. (Eastern Time) on Tuesday, May 5, 2020 or, if the Meeting is postponed or adjourned, by no later than 48 hours (excluding Saturdays, Sundays and holidays in the Province of Ontario) prior to the reconvening of such postponed or adjourned meeting.

The Company has elected to use the notice-and-access rules ("**Notice and Access**") under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* and National Instrument 51-102 – *Continuous Disclosure Obligations* for distribution of the Meeting materials to shareholders of the Company. Notice and Access is a set of rules that allows issuers to post electronic versions of its proxy-related materials on SEDAR and on one additional website, rather than mailing paper copies to shareholders.

The Circular, this Notice of Meeting (the "**Notice of Meeting**"), the form of proxy, the voting instruction form and the Company's annual audited consolidated financial statements for the year ended December 31, 2019 and the related management's discussion and analysis of financial condition and results of operations (collectively, the "**Meeting Materials**") are available at <http://www.gsr.com/noticeandaccess> and under the Company's profile on SEDAR at www.sedar.com. Shareholders are reminded to review the Meeting Materials before voting.

Shareholders may obtain paper copies of the Meeting Materials, or obtain further information about Notice and Access, by contacting the Company's transfer agent, AST Trust Company (Canada) ("**AST**"), toll free at 1-888-433-6443 or by email at fulfilment@astfinancial.com. A request for paper copies should be received by AST by April 24, 2020 in order to allow sufficient time for the shareholder to receive the paper copy and return the proxy by its due date.

If you are a *registered shareholder* of the Company, accompanying this Notice of Meeting is a form of proxy. If you do not expect to attend the Meeting in person, please complete and sign the enclosed form of proxy and return for receipt by no later than 5:00 p.m. (Eastern Time) on Tuesday, May 5, 2020. If you receive more than one proxy form because you own Common Shares registered in different names or addresses, each proxy form should be completed and returned.

If you are a *non-registered shareholder*, accompanying this Notice of Meeting are a voting instruction form and a supplemental mailing list return card for use by non-registered shareholders who wish to receive the Company's financial statements. If you receive these materials through your broker or another intermediary, please complete and sign the materials in accordance with the instructions provided to you by such broker or other intermediary.

Dated at Toronto, Ontario, this 12th day of March 2020.

MANAGEMENT INFORMATION CIRCULAR

The information contained in this Management Information Circular (the “**Circular**”) is furnished in connection with the solicitation of proxies from holders of common shares (“**Common Shares**”) of Golden Star Resources Ltd. (the “**Company**” or “**Golden Star**”) for use at the Annual and Special Meeting of Shareholders (or any postponement or adjournment thereof) of Golden Star (the “**Meeting**”) to be held at 11 a.m. (Eastern Time) on Thursday, May 7, 2020 for the purposes set forth in the accompanying Notice of Meeting (the “**Notice of Meeting**”).

This year, out of an abundance of caution, to proactively deal with the unprecedented public health impact of coronavirus disease 2019, also known as COVID-19, and to mitigate risks to the health and safety of our communities, shareholders, employees and other stakeholders, we would ask that shareholders participate via live audio webcast by calling 1-844-426-4405, meeting number (access code): 804 849 843. Shareholders who wish to attend the meeting in-person will have equal opportunity to do so.

Unless otherwise stated, the information contained in this Circular is given as of March 12, 2020 and references to dollar amounts are to United States dollars. Certain figures reported in this Circular have been converted from Canadian dollar values to United States dollar values using a currency exchange rate of CAD\$1.00 per U.S.\$0.75, based on the Bank of Canada’s average rate of exchange for 2019.

PART I – VOTING INFORMATION

Who May Vote

You are entitled to vote at the Meeting if you were a holder of Common Shares at the close of business on March 11, 2020, the record date for the Meeting (the “**Record Date**”). Each Common Share is entitled to one vote.

Proxies

Solicitation of Proxies

The Company is sending proxy-related materials to shareholders using the notice-and-access rules (“**Notice and Access**”) under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* and National Instrument 51-102 – *Continuous Disclosure Obligations* for distribution of the Meeting materials to shareholders of the Company. Notice-and-Access is a set of rules that allows issuers to post electronic versions of its proxy-related materials on SEDAR and on one additional website, rather than mailing paper copies to shareholders. Shareholders will still receive a hard copy of the Notice of Meeting and form of proxy or voting instruction form, as the case may be, and may choose to receive a hard copy of the other Meeting materials. The Meeting materials are available online at www.gsr.com/noticeandaccess and under the Company’s profile on the System for Electronic Document Analysis and Retrieval (“**SEDAR**”) at www.sedar.com. Shareholders are reminded to review the Meeting materials before voting.

Although it is expected that the solicitation of proxies will be primarily by mail, proxies and voting instructions may also be solicited personally or by telephone, facsimile, email or other contact by directors, officers and employees of the Company. The solicitation of proxies by this Circular is being made by or on behalf of the management of the Company and the Company will bear all costs of this solicitation.

Shareholders may also obtain proxies online at www.gsr.com/noticeandaccess. In accordance with applicable laws, arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the Common Shares held of record by such persons and the Company may reimburse such persons for reasonable fees and disbursements incurred by them in doing so.

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy, Timothy Baker, Chairman of the Board of Directors of the Company (the “**Board**”) or, failing him, Andrew Wray, President and Chief Executive Officer of the Company (the “**CEO**”), have been designated by the Board and have indicated their willingness to represent as proxy each shareholder who appoints them. **A SHAREHOLDER HAS THE RIGHT TO DESIGNATE A PERSON (WHO NEED NOT BE A SHAREHOLDER), OTHER THAN TIMOTHY BAKER or ANDREW WRAY, TO REPRESENT HIM OR HER AT THE MEETING.** Such right may be exercised by inserting in the space provided for that purpose on the proxy the name of the person to be designated and deleting or striking therefrom the names of the management designees, or by completing another proper form of proxy. Such shareholder should notify the nominee of his or her appointment, obtain a consent to act as proxy and provide instructions on how the shareholder’s Common Shares are to be voted.

In any case, the form of proxy should be dated and executed by the shareholder or a person authorized in writing, with proof of such authorization attached where a person executed the proxy form. A form of proxy will not be valid for the Meeting or any adjournment or postponement thereof unless it is completed and delivered by no later than 5:00 p.m. (Eastern Time) on Tuesday, May 5, 2020 or, if the Meeting is adjourned or postponed, no later than 5:00 p.m. (Eastern Time) on the business day immediately prior to the day of the reconvening of the adjourned or postponed Meeting, to either:

- (i) in the case of Common Shares which are registered on the books of the Company for trading on the Toronto Stock Exchange (“**TSX**”) or on the NYSE American (a shareholder whose Common Shares are so registered will receive an envelope that accompanies this Circular bearing the following address), to Attention: AST Trust Company (Canada), P.O. Box 721, Agincourt, Ontario, Canada, M1S 0A1; or
- (ii) in the case of Common Shares which are registered on the books of the Company for trading on the Ghana Stock Exchange (a shareholder whose Common Shares are so registered will receive an envelope that accompanies this Circular bearing the following address), to Attention: The Registrar, GCB Bank Limited, Share Registry, Head Office, P.O. Box 134, Accra, Ghana.

Late proxies may be accepted or rejected at any time prior to the commencement time of the Meeting by the Chairman of the Meeting in his discretion and the Chairman is under no obligation to accept or reject a late proxy.

In addition to revocation in any other manner permitted by law, a shareholder who has given a proxy may revoke it at any time before it is exercised by instrument in writing executed by the shareholder or by a person authorized in writing and deposited either:

- (i) at the registered office of the Company, being 333 Bay Street, Suite 2400, Toronto, Ontario, M5H 2T6, Attention: Golden Star Resources Ltd., Chief Executive Officer, at any time up to and including the last business day preceding the day of the Meeting or any adjournment or postponement thereof, at which the proxy is to be used; or
- (ii) with the Chairman of the Meeting on the day of the Meeting or any adjournment or postponement thereof, before any votes in respect of which the proxy is to be used shall have been taken.

A proxy may also be revoked by the shareholder personally attending at the Meeting and registering with the scrutineers and voting his, her or its Common Shares.

Advice to Beneficial Shareholders

The information set forth in this section is of significant importance to many shareholders of Golden Star as a substantial number of shareholders do not hold their Common Shares in their own names. Shareholders of the Company who do not hold their Common Shares in their own names (referred to herein as “Beneficial Shareholders”) should note that only proxies deposited by shareholders whose names appear on the records of the Company as the registered holders of Common Shares can be recognized and acted upon at the Meeting.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then, in almost all cases, those Common Shares will not be registered in the shareholder’s name on the records of the Company. Such Common Shares will more likely be registered under the name of an intermediary, typically a shareholder’s broker or an agent or nominee of that broker, such as a clearing agency in which the broker participates. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc.), and in the United States, the vast majority of such shares are registered in the name of Cede & Co. (the registration name of The Depository Trust Company), which entities act as nominees for many brokerage firms. Common Shares held by brokers or their agents or nominees may be voted for or against resolutions or withheld from voting upon the instructions of the Beneficial Shareholder.

The Meeting materials have been distributed to intermediaries who are required to deliver them to, and seek voting instructions from, our Beneficial Shareholders. **However, without specific instructions, an intermediary is prohibited from voting shares for Beneficial Shareholders (commonly referred to as a “broker non-vote”). Broker non-votes will not affect the outcome of the matters to be acted upon at the Meeting. Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person and carefully follow the instructions provided by the intermediary in order to ensure that their Common Shares are voted at the Meeting.**

Every intermediary has its own mailing procedures and provides its own return instructions to Beneficial Shareholder clients. Often, the form of proxy supplied to a Beneficial Shareholder by its intermediary is identical to the proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder (the intermediary) how to vote on behalf of the Beneficial Shareholder. The majority of intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“Broadridge”). Broadridge typically applies a special sticker to the proxy forms, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a proxy with a Broadridge sticker on it cannot use that proxy to vote Common Shares directly at the Meeting – the proxy must be returned to Broadridge well in advance of 5:00 p.m. (Eastern Time) on Tuesday, May 5, 2020, in order to have the Common Shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her intermediary, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote such Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder should, well in advance of the meeting, provide written instructions to the intermediary requesting that the Beneficial Shareholder be appointed a proxyholder in respect of the Common Shares held by the registered shareholder. A Beneficial Shareholder who has been appointed as proxyholder for the registered shareholder must be given authority to attend, vote and otherwise act for and on behalf of the registered shareholder in respect of all matters that may come before the Meeting.

All references to “shareholders” in this Circular and the accompanying Notice of Meeting and proxy are to shareholders of record of the Company (and not to Beneficial Shareholders) unless specifically stated otherwise. Where documents are stated to be available for review or inspection, such items will be shown upon request to registered shareholders who produce proof of their identity at 333 Bay Street, Suite 2400, Toronto, Ontario, Canada, M5H 2T6.

Voting of Proxies

The persons named in the enclosed proxy are directors and/or employees of the Company who have indicated their willingness to represent as proxy the shareholders who appoint them. Each shareholder may instruct the shareholder’s proxy how to vote the shareholder’s Common Shares by completing the blanks on the proxy.

All Common Shares represented at the Meeting by properly executed proxies will be voted (including the voting on any ballot) and, where a choice with respect to any matter to be acted upon has been specified in the proxy, the Common Shares represented by the proxy will be voted or withheld from voting in accordance with such specification. **IN THE ABSENCE OF ANY SUCH SPECIFICATION, THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY, WILL VOTE FOR THE MATTERS SET OUT THEREIN.**

The enclosed proxy confers discretionary authority upon the management designees, or other persons named as proxy, with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the date hereof, the Company is not aware of any amendments to, variations of or other matters which may come before the Meeting. In the event that other matters come before the Meeting, then the management designees intend to vote in accordance with the judgment of the management of the Company.

Interest of Certain Persons in Matters to be Acted Upon

None of the directors or executive officers of the Company, nor any person who has held such a position since January 1, 2019, nor any Director nominee, nor any associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors.

Record Date, Voting Securities and Principal Holders of Voting Securities

The Board has fixed March 11, 2020 as the Record Date for the determination of persons entitled to receive notice of the Meeting. Only shareholders of record at the close of business on the Record Date, who either attend the Meeting personally or submit a proxy in the manner and subject to the provisions described above, will be entitled to vote or to have their Common Shares voted at the Meeting.

The authorized capital of the Company consists of an unlimited number of Common Shares and an unlimited number of first preferred shares (the “**First Preferred Shares**”). As of the Record Date, there were a total of 109,602,561 Common Shares issued and outstanding, each carrying the right to one (1) vote and no issued and outstanding First Preferred Shares. There are no cumulative or similar voting rights attached to the Common Shares.

To the knowledge of the directors and officers of Golden Star, other than in respect of the shares held by La Mancha Star Investments S.à.r.l. (“**LMSI**”), no person or company beneficially owns, or controls or directs, directly or indirectly, voting securities carrying 10 per cent or more of the voting rights attached to any class of voting securities of the Company. LMSI is a privately-held gold investment company that is a wholly-owned subsidiary of La Mancha Holding S.à.r.l. (“**La Mancha**”) and is controlled by the Sawiris family. As of the date of this Circular, LMSI directly or indirectly exercised control or direction over **35,752,218** Common Shares, representing approximately 33% of the voting rights attached to all the issued and outstanding Common Shares.

Pursuant to the terms of the Investor Rights Agreement between Golden Star and La Mancha dated August 1, 2018 as amended in September 2019 (collectively, the “**Investor Rights Agreement**”), La Mancha has the right (but not the obligation) to designate individuals to be nominated for election to serve as directors as long as it owns 10% or more of more of the Company’s issued and outstanding Common Shares. La Mancha’s entitlement to representation on the Board is based on its percentage ownership level in the Company as follows:

- if La Mancha owns 25% or more of the Company’s issued and outstanding Common Shares, it is entitled to appoint three (3) nominees;
- if La Mancha owns 17.5% or more but less than 25% of the Company’s issued and outstanding Common Shares, it is entitled to appoint two (2) nominees; and
- if La Mancha owns 10% or more but less than 17.5% of the Company’s issued and outstanding Common Shares, it is entitled to appoint one (1) nominee.

La Mancha currently owns approximately 33% of the issued and outstanding Common Shares and is therefore entitled to nominate three (3) directors. La Mancha nominated Andrew Wray and Graham Crew to the Board in October 2018 and Naguib Sawiris in May 2019. In September 2019, La Mancha nominated Ani Markova to replace Mr. Crew who stepped down from the Board following his appointment as Executive Vice President and Chief Operating Officer and, in February 2020, La Mancha nominated Karim Nasr to replace Mr. Sawiris who stepped down from the Board at the same time.

The Investor Rights Agreement also gives La Mancha the right, as long as it owns 20% or more of the Company's issued and outstanding Common Shares to have one (1) La Mancha nominee on each committee of the Board (other than the Audit Committee). As at the date of this Circular, Ms. Markova is a member of the Corporate Responsibility and Audit Committees and Mr. Nasr is a member of the Corporate Responsibility Committee. Mr. Wray, being the Company's CEO, is not a member of any Board committee.

Although the Investor Rights Agreement prevents La Mancha from acquiring any additional Common Shares beyond 35% until October 2020 without the prior consent of Golden Star, it does have the right (but not the obligation) to maintain its ownership interest if Golden Star issues additional Common Shares or other voting shares or equity shares of the Company by subscribing for such voting shares or equity shares to the extent required in order to maintain its then current ownership interest.

A complete list of the shareholders entitled to vote at the Meeting will be open to examination by any shareholder for any purpose germane to the Meeting, during ordinary business hours at the office of AST Trust Company (Canada) at Suite 1200, 1 Toronto St., Toronto, Ontario M5C 2V6. Under the Company's by-laws, the quorum for the transaction of business at the Meeting consists of two persons present in person, each being a shareholder entitled to vote thereat or a duly appointed proxyholder or representative for a shareholder so entitled.

Votes Necessary to Pass Resolutions

A simple majority of affirmative votes cast in person or by proxy at the Meeting is required to pass the resolutions described herein, other than the appointment of the auditor and the fixing of remuneration which will be done in accordance with plurality voting.

PART II – BUSINESS OF THE MEETING

2. Election of Directors

Majority Voting Policy

Golden Star has a majority voting policy pursuant to which any nominee proposed for election as a director in an uncontested election who receives, from the shares voted at the meeting in person or by proxy, a greater number of shares withheld than shares voted in favour of his or her election, must immediately tender his or her resignation. The Board shall determine whether or not to accept the resignation within 90 days after the date of the relevant security holders' meeting. The Board must accept the resignation unless there are exceptional circumstances which warrant not accepting the resignation. The Company will promptly issue a news release with respect to the Board's decision on the resignation and, if the Board decides not to accept the resignation, the reasons for that decision will be set out in the news release. The director who has tendered his or her resignation will not participate in any Board deliberations on the resignation offer.

Advance Notice Provisions

On February 21, 2014, the Board adopted By-Law Number Four (the "**Advance Notice By-Law**"), being a by-law relating to advance notice of nominations of directors of the Company which was confirmed and ratified at the annual general and special meeting of the shareholders on May 8, 2014. The Advance Notice By-Law introduced an advance notice requirement in connection with shareholders intending to nominate directors.

The Advance Notice By-Law sets forth a procedure requiring advance notice to the Company by any shareholder who intends to nominate any person for election as a director of the Company other than pursuant to (i) a requisition of a meeting made pursuant to the provisions of the Canada Business Corporations Act (the "Act"), or (ii) a shareholder proposal made pursuant to the provisions of the Act. Among other things, the Advance Notice By-Law sets a deadline by which such shareholders must notify the Company in writing of an intention to nominate directors prior to any meeting of shareholders at which directors are to be elected and sets forth the information that the shareholder must include in the notice for it to be valid.

The purposes of the Advance Notice By-law are to (i) facilitate an orderly and efficient annual general or, where the need arises, special meeting, process, (ii) ensure that all shareholders receive adequate notice of the director nominations and sufficient information regarding all director nominees, and (iii) allow shareholders to register an informed vote after having been afforded reasonable time for appropriate deliberation. The Board believes that the Advance Notice By-Law provides a reasonable time frame for shareholders to notify the Company of their intention to nominate directors and require shareholders to disclose information concerning the proposed nominees that is mandated by applicable securities laws. The Advance Notice By-Law also provides the Board with time to be able to evaluate the proposed nominee(s) qualifications and suitability as a director(s) and respond as appropriate in the best interests of the Company.

In the case of an annual meeting of shareholders, notice to the Company must be made not less than 30 and not more than 65 days prior to the date of the annual meeting; provided, however, that in the event that the annual meeting is to be held on a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made, notice may be made not later than the close of business on the tenth (10th) day following such public announcement.

In the case of a special meeting of shareholders (which is not also an annual meeting), notice to the Company must be made not later than the close of business on the fifteenth (15th) day following the day on which the first public announcement of the date of the special meeting was made.

As no director nominations were received pursuant to the Advance Notice By-Law as of the date of this Circular, the only nominees for election at the meeting are the nominees listed below.

Nominees for Election as Directors

The Board is currently comprised of nine (9) directors. The articles of the Company provide for a minimum of three (3) directors and a maximum of fifteen (15) directors. Pursuant to a resolution of the Board passed on March 16, 2020, nine (9) directors are to be elected at the Meeting. The term of office for each of the Company's present directors expires at the conclusion of the Meeting.

The Board approved the nomination of the individuals named below (the "Nominees") for election as directors. All of the Nominees are currently directors of the Company and have been since the dates indicated. Each director elected will hold office until the conclusion of the next annual meeting of the Company, or until the director's successor is duly elected or appointed, unless the director's office is earlier vacated in accordance with the Company's by-laws or the director becomes disqualified to act as a director. Management does not contemplate that any of the Nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, the persons named in the enclosed Proxy Form reserve the right to vote for other nominees at their discretion.

The Board recommends that shareholders vote FOR the election of the Nominees. In the absence of a contrary instruction, the persons named in the enclosed Proxy Form intend to vote FOR the election of each of the Nominees.

4. Approval of U.K. Performance Share Unit Plan

At the Meeting, the shareholders of the Company will be asked to approve the Company’s U.K. Performance Share Unit Plan (the “U.K. PSU Plan”), as well as the allotment and reservation of 4,714,484 Common Shares for issuance pursuant to awards granted under the U.K. PSU Plan and the ratification of the prior grant of 1,409,236 PSUs under the U.K. PSU Plan which have only been granted to members of the Company’s senior management.

Description of U.K. PSU Plan

The full text of the U.K. PSU Plan is attached to this Circular as Appendix “A”. The description of the U.K. PSU Plan set forth below is subject to and qualified in its entirety by the provisions of the U.K. PSU Plan. Reference should be made to the provisions of the U.K. PSU Plan with respect to any particular provision described below.

The U.K. PSU Plan was approved by the Board on February 22, 2020, subject to approval by the shareholders of the Company. The U.K. PSU Plan was adopted in order for the Board to grant Performance Share Units (“U.K. PSUs”) to employees resident in the United Kingdom, in compliance with applicable UK securities and employment laws. Any U.K. PSUs granted prior to the date of approval of the U.K. PSU Plan were made conditional on receipt of such approval.

U.K. PSUs may be redeemed for: (i) Common Shares issued from treasury; (ii) Common Shares purchased on the secondary market; (iii) a cash payment; or (iv) a combination of (i), (ii) and (iii) as elected by the Participant and subject to the consent of the Company.

Eligibility: Any person resident in the United Kingdom of Great Britain and Northern Ireland who is an employee of the Company or its designated affiliates (excluding any non-employee of the Company or its designated affiliates).

Limitations: The maximum number of Common Shares that may be reserved for issuance under the U.K. PSU Plan is 4,714,484 Common Shares.

Common Shares reserved for issuance pursuant to U.K. PSUs that are surrendered, terminated or cancelled without having been redeemed will again be available for issuance, as will Common Shares underlying U.K. PSUs that are redeemed for cash or through the purchase of Common Shares on the secondary market.

The aggregate number of Common Shares reserved for issuance to any one person (together with all other security-based compensation arrangements of the Company) may not exceed 5% of the then issued and outstanding Common Shares.

The aggregate number of Common Shares issued to insiders within any 12-month period (together with all other security-based compensation arrangements of the Company) may not exceed 5% of the then issued and outstanding Common Shares.

The aggregate number of Common Shares issuable under the U.K. PSU Plan (together with all other security-based compensation arrangements of the Company) may not exceed 10% of the then issued and outstanding Common Shares.

Fair Market Value: The volume weighted average trading price of a Common Share on the TSX for the five (5) trading days immediately prior to such date.

Vesting: Each U.K. PSU will vest on the vesting date set out in the applicable grant agreement or such earlier date as is provided for in the U.K. PSU Plan or determined by the Compensation Committee, conditional on the satisfaction of any additional vesting conditions established by the Compensation Committee from time to time.

The number of U.K. PSUs that will vest on a vesting date will be the number of U.K. PSUs scheduled to vest on such vesting date multiplied by the Adjustment Factor as defined in the relevant grant agreement.

Expiry: As determined by the Board at the time of grant.

Termination: Subject to the terms of any agreement between a Participant and the Company, or unless otherwise determined by the Board, if the employment of a Participant is terminated:

- *by the Company for just cause or if the Participant resigns*, the Participant will forfeit all rights, title and interest with respect to unvested U.K. PSUs;
- *by the Company without just cause*, a pro rata portion of the Participant's unvested U.K. PSUs will vest based on the number of complete months from the first day of the performance period to the applicable termination date divided by the number of months in the performance period, and using the Adjustment Factor as at the termination date;
- *by the death or disability of the Participant*, all of the Participant's Share Units shall vest immediately prior to the date of the Participant's death or disability using an Adjustment Factor of 100%;

- *by the retirement of the Participant*, all of the Participant's U.K. PSUs will continue to vest in the ordinary course; and
- *by the Company without just cause or if the Participant resigns in circumstances constituting constructive dismissal or good reason (as defined in the U.K. PSU Plan), in each case within twelve (12) months following a Change of Control*, all of the Participant's U.K. PSUs will vest immediately prior to the Participant's termination date using an Adjustment Factor of 100%.

Assignment: U.K. PSUs are not assignable or transferable and payments with respect to vested U.K. PSUs may only be made to the Participant, other than in the case of the death of the Participant.

Amendments: The Company's shareholders must approve any amendment which:

- increases the maximum number of Common Shares issuable under the U.K. PSU Plan or changes the U.K. PSU Plan from a fixed maximum number of Common Shares issuable to a fixed maximum percentage of Common Shares issuable;
- expands the categories of Eligible Person which would have the potential of broadening or increasing insider participation;
- extends the term of a U.K. PSU beyond its original expiry date;
- adds any other provision which results in Participants receiving Common Shares while no cash consideration is received by the Company;
- amends the amending provision within the U.K. PSU Plan; or
- is required to be approved by shareholders under applicable law.

Amendments which can be made without shareholder approval include amendments which:

- amend the vesting provisions of the U.K. PSU Plan or any grant agreement;
- are necessary to comply with applicable law;
- permit the conditional redemption of a U.K. PSU;
- involve the administration of the U.K. PSU Plan; or
- do not require shareholder approval under applicable law.

Outstanding PSUs

As at the date of this Circular, there were 1,409,236 PSUs outstanding under the U.K. PSU Plan that could, subject to receipt of the shareholder approval being sought at the Meeting, be satisfied through the issuance of Common Shares, representing approximately 0.13% of the 109,602,561 issued and outstanding Common Shares. As at the date of this Circular, no PSUs under the U.K. PSU Plan have been satisfied through the issuance of Common Shares.

The Resolution

The shareholders of the Company will be asked to pass the following as an ordinary resolution:

“Be it resolved that:

1. the U.K. Performance Share Unit Plan, effective February 22, 2020 (as may be amended, varied or supplemented from time to time) (the “**U.K. PSU Plan**”), a copy of which is attached as Appendix “A” to the Company’s Management Information Circular dated March 12, 2020, be and is hereby ratified, confirmed and approved;
2. the Company is authorized to set-aside, allot and reserve for issuance upon the exercise of performance share units granted under the U.K. PSU Plan an aggregate of 4,714,484 common shares;
3. the prior grant by the Company of 1,409,236 performance share units under the UK PSU Plan be and is hereby ratified, confirmed and approved;
4. the Company is hereby authorized to take all such actions as may be necessary and within its power to ensure that all common shares delivered upon exercise of performance share units shall, at the time of delivery of the certificates for such securities (subject to payment of the exercise price, if any), be issued and delivered as fully paid and non-assessable; and
5. any one director or officer of the Company is hereby authorized, for and on behalf of the Company, to execute and deliver all such documents and instruments and to do all other things as in the opinion of such director or officer may be necessary or desirable to implement these resolutions and the matters authorized hereby, such determination to be conclusively evidenced by the execution and delivery of any such document or instrument, or the taking of any such action.”

Approval Required

The resolutions respecting the approval of the U.K. PSU Plan will require the affirmative vote of a majority of the votes cast in person or by proxy thereon at the Meeting.

The Board and management of the Company recommend that shareholders vote in favour of the foregoing resolutions, and the persons named in the enclosed Proxy Form intend to vote FOR the approval of the foregoing resolutions at the Meeting unless otherwise directed by the shareholders appointing them.

5. Advisory Vote on Golden Star’s Approach to Executive Compensation

The Board has adopted a policy that provides for an annual advisory shareholder vote on the Company’s approach to executive compensation, known as “Say on Pay”. The Say on Pay policy is designed to enhance accountability for the compensation decisions made by the Board by giving shareholders a formal opportunity to provide their views on the Board’s approach to executive compensation through an annual non-binding advisory vote.

The Company will disclose the results of the vote as part of its report on voting results for each annual meeting. The results will not be binding; the Board will remain fully responsible for its compensation decisions and will not be relieved of these responsibilities by the advisory vote. However, the Board will take the results into account, as appropriate, when considering future compensation policies, procedures and decisions and in determining whether there is a need to modify the level and nature of their engagement with shareholders.

If the advisory resolution is not approved by a majority of the votes cast at an annual meeting, the Board will consult with shareholders (particularly those who are known to have voted against the resolution) in order to understand their concerns, and will review Golden Star’s approach to compensation in the context of those concerns. Results from the Board’s review will be discussed in Golden Star’s management information circular for the following year.

The results of the advisory shareholder vote on the Company's approach to executive compensation in 2019 were 65,539,187 votes "for" the Company's approach to executive compensation (representing 98.84% of the votes cast) and 768,699 votes "against" (representing 1.16% of the votes cast).

Shareholders are encouraged to review and consider the detailed information regarding the Company's approach to compensation under "*Part V — Report on Executive Compensation*".

The Resolution

Shareholders will be asked to pass the following non-binding advisory resolution on Golden Star's approach to executive compensation. Shareholders may vote for or against the following resolution.

"Be it resolved that, on an advisory basis and not to diminish the role and responsibilities of the Board, the shareholders accept the Board's approach to executive compensation as disclosed under Part V – Report on Executive Compensation" in the Management Information Circular of the Company dated March 12, 2020 delivered in advance of the Meeting."

The Board and management of the Company recommend that shareholders vote FOR the adoption of the foregoing resolution. The persons named in the enclosed Proxy Form intend to vote FOR the approval of the foregoing resolution at the Meeting unless otherwise directed by the shareholders appointing them.

Shareholders who vote against the resolution are encouraged to contact the Board by writing to the Board Chairman, Golden Star Resources Ltd., at 333 Bay Street, Suite 2400, Toronto, Ontario, M5H 2T6.

PART III – REPORT ON CORPORATE GOVERNANCE PRACTICES

The Board and management believe that sound and effective corporate governance is essential to Golden Star’s performance. The fundamental responsibility of the Board is the stewardship of the business and affairs of Golden Star with a view to enhancing and preserving long-term shareholder value while ensuring that the Company conducts its business and affairs ethically and in accordance with corporate governance practices determined by the Board to be appropriate for Golden Star. The Company’s Board Mandate sets out, among other things, the corporate governance practices adopted by the Board to ensure effective corporate governance and that the Board functions independently of management. A copy of the Board Mandate is attached as Appendix “B” to this Circular.

The following report describes Golden Star’s corporate governance practices as approved by the Board and in accordance with the applicable policies of Canadian security authorities.

Independence

The Board Mandate requires that the Board consist of a majority of directors who are independent, as determined by the Board in accordance with applicable securities laws and stock exchange rules. Generally, an independent director means a director who has no direct or indirect material relationship with the Company. For these purposes, “material relationship” means a relationship which could, in the view of the Board, reasonably interfere with the exercise of a director’s independent judgment. The Board reviews the independence of all directors on an annual basis and directors have an ongoing obligation to inform the Board of any material changes in their circumstances or relationships which may affect the Board’s determination as to their independence.

The Board has determined that all Nominees for election to the Board at the Meeting, with the exception of Mr. Wray, who is not independent as he is the CEO of the Company, are independent of management and free from any interest or any business that could materially interfere with their ability to act as a director with a view to the best interests of the Company. All Nominees, with the exception of Mr. Wray, also meet the definition of “independence” set out in National Instrument 52-110 — Audit Committees. In reaching this determination, the Board considered the circumstances of each Nominee and their relationship with the Company including, in particular, the fact that none of the Nominees, other than Mr. Wray, is an officer or employee of the Company or party to any material contract with, the Company and that none receives remuneration from the Company other than compensation for service on the Board.

Separate Board Chair and Chief Executive Officer

Golden Star has a separate Board Chair and CEO. Having an independent Board Chair enables non-management directors to raise issues and concerns for Board consideration without immediately involving management. The Board Chair also serves as a liaison between the Board and senior management.

Diversity Policy

The Company believes a diversity of viewpoints, backgrounds, skills, and experience enhances both the quality and effectiveness of the Company's performance and is an important aspect to effective corporate governance. The Company also recognizes that gender diversity is a significant component of diversity and acknowledges the important role that women, with appropriate and relevant skills and experience, play in contributing to the Company's stewardship and management. The Company has therefore adopted a policy regarding diversity on the Board and in executive officer positions (the "**Diversity Policy**") which addresses the identification and nomination of female directors and officers. However, the Company has not adopted targets for female representation on the Board and in senior management positions due to the relatively small size of the Company and the fact that director and executive officer position searches are infrequent. Progress towards, and objectives for, achieving diversity on the Board as well as the effectiveness of the Diversity Policy will be reviewed periodically.

Three female directors have been nominated for election to the Board at the Meeting, representing 33% of the Board nominated for election at the Meeting. The Company has two female executive officers, representing 33% of the current executive officers.

While not targeted specifically at Board or executive management representation, the Company established a Policy on Inclusion and Diversity in early March 2020 which includes strategic endeavours to promote inclusion and diversity. The Company has set a target of 20% for female representation across the Company by the end of 2025, a significant step forward from the current 4% female representation.

Term Limit and Retirement Policy

No director will be nominated to serve on the Board once the director: (i) has served 12 years on the Board; or (ii) has reached the age of 72 years old on or before the date of the meeting of the shareholders called in respect of the election of directors. On a case-by-case basis, the Nominating and Corporate Governance Committee may recommend that a director who has reached the 12-year term limit or the retirement age of 72 be nominated to serve on the Board if it concludes this is in the best interests of the Company. Subject to such recommendation being approved by the Board, such director may be nominated to serve on the Board.

As at March 12, 2020, the Nominees' average tenure of Board membership was 4.6 years, with 3 Nominees having served less than 2 years, 4 Nominees having served between 3 and 8 years and 2 Nominees having served more than 8 years.

Succession Planning

The Nominating and Corporate Governance Committee, comprised entirely of independent directors, is responsible for maintaining a Board succession plan that is responsive to the needs of Golden Star and the interests of its shareholders.

The Company seeks to maintain a Board comprised of talented and dedicated directors with a diverse mix of expertise, experience, skills and backgrounds. From time to time, and on at least an annual basis, the Nominating and Corporate Governance Committee assesses the composition of the Board as a whole, including its diversity of membership, in order to identify any gaps between the desired set of competencies required to undertake the overall strategy of Golden Star and that which is represented on the Board, taking pending retirements into account.

The Nominating and Corporate Governance Committee considers candidates for Board membership who are suggested by members of the Nominating and Corporate Governance Committee, other Board members, members of management and shareholders of the Company. If appropriate, the Nominating and Corporate Governance Committee may retain the assistance of an external search firm to assist with succession planning objectives. Potential new directors are initially assessed by the Nominating and Corporate Governance Committee and the views of other Board members are sought. The Nominating and Corporate Governance Committee ultimately provides its recommendation to the full Board. A variety of additional criteria are also taken into consideration prior to proposing a new member to the Board, including whether the candidate will be able to devote substantial time and resources to his or her duties as a Board member and the nominee's character, integrity, judgment, independence, financial and business acumen and record of achievement.

Shareholders wishing to recommend a director candidate to serve on the Board may do so by providing written notice to the Chair of the Nominating and Corporate Governance Committee, Golden Star Resources Ltd., 333 Bay Street, Suite 2400, Toronto, Ontario, M5H 2T6. The notice should identify the candidate, provide appropriate biographical and background materials, state the nominating shareholder's Common Share ownership, and include a written signed statement of the candidate. Assuming that the appropriate information and materials are received in a timely manner, candidates recommended by shareholders will be evaluated against the criteria outlined above.

Service on Other Boards

During 2019, certain members of the Board also served as directors on other public company boards as identified in the biographies under "*Part II — Business of the Meeting — Election of Directors*" above.

Golden Star values the experience directors bring from other boards on which they serve, but also recognizes that those boards and activities may present demands on a director's time and availability and may present conflicts or legal issues, including independence issues. Each director is expected, when considering membership on another board, to make every effort to ensure that such membership will not impair the director's time and availability for his or her commitment to Golden Star.

Directors of Golden Star are permitted to sit on the boards of directors of no more than three (3) other reporting issuers and, in the case of the CEO, one (1) other reporting issuer. Directors must advise the Chair of the Board, the Chair of the Nominating and Corporate Governance Committee and the CEO before accepting membership on the board of another reporting issuer. This provides the Board with the opportunity to discuss any possible issues there may be for the Company with the director assuming such a role.

Interlocking Directorships

An "interlock" occurs when two or more Board members are also board members of another reporting issuer. While the Company has not adopted a formal policy limiting the number of interlocking directorships, there are currently no interlocking board memberships among the Company's directors.

Board Responsibilities

Pursuant to the Board Mandate, the fundamental responsibility of the Board is the stewardship of the business and affairs of Golden Star with a view to enhancing and preserving long-term shareholder value while ensuring that the Company conducts its business and affairs ethically and in accordance with corporate governance practices determined by the Board to be appropriate for Golden Star. These responsibilities are reflected in the Board Mandate and require, among other things, that the Board:

- adopt, on at least an annual basis, a strategic plan which takes into account, among other things, the opportunities and risks of Golden Star's business and affairs and, during the course of the year, monitor the Company's performance against such strategic plan;
- establish an appropriate risk appetite for Golden Star and ensure that the principal risks of the Company's business, including, but not limited to, environmental, operating, political, financial, geological, legal and regulatory risks, are identified and understood by the Board and senior management and that there are appropriate systems in place which effectively monitor and manage those risks with a view to the long-term viability of Golden Star;

- develop Golden Star's approach to corporate governance, including developing a set of corporate governance principles and guidelines and monitoring the Company's compliance with policies and procedures designed to ensure that Golden Star operates in compliance with applicable laws and regulations and in accordance with high standards of ethics and corporate governance;
- select, appoint, evaluate and, if necessary, terminate, the CEO and other senior officers of the Company and, with the advice of the Compensation Committee, determine the compensation of the CEO and other senior officers; and
- oversee the Company's continuous disclosure program with a view to satisfying itself that procedures are in place to ensure material information is disclosed accurately and in a timely fashion.

Director Responsibilities

The primary responsibility of individual directors is to act honestly and in good faith with a view to the best interests of Golden Star and to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. The Board Mandate includes specific expectations of directors to promote the discharge by the directors of their responsibilities and to promote the proper conduct of the Board. Among other things, directors are expected to:

- develop and maintain a thorough understanding of Golden Star's business, its strategy, business operations, financial position and performance, the risks it faces and the social and political environments in which it operates;
- put the best interests of Golden Star ahead of any other commercial interest he or she may have and disclose any conflict of interest on any issue brought before the Board;
- diligently prepare for each meeting and arrive prepared to discuss the issues presented;
- maintain a high attendance record at meetings of the Board;
- be active and effective participants in the deliberations of the Board by participating fully and frankly in Board discussions and encouraging free and open discussion of the affairs of the Company;
- pursue continuing education opportunities to maintain and enhance their abilities as directors and ensure that their knowledge of the business of the Company remains current;
- make every effort to ensure that other board memberships do not impair the director's time and availability for his or her commitment to Golden Star;
- maintain the confidentiality of information received in connection with his or her services as a director of the Company; and
- have an equity interest in Golden Star with a value equal to at least three times the amount of the annual retainer for a Board member within five years of their appointment to the Board.

Role and Composition of Board Committees

The Board currently has five standing committees: Audit, Compensation, Nominating and Corporate Governance, Corporate Responsibility, and Technical. The Chair of each committee is responsible for ensuring that the committee over which he or she presides properly discharges the obligations imposed by its Charter, interfacing with management and making required recommendations to the Board. The Committee Chair Mandate and committee Charters are available on the Company's website at www.gsr.com.

In addition to the Company's standing committees, special committees of the Board may be formed from time to time to provide oversight on particular issues.

The Investor Rights Agreement gives La Mancha the right, as long as it owns 20% or more of the Company's issued and outstanding Common Shares to have one (1) La Mancha nominee on each committee of the Board (other than the Audit Committee). As at the date of this Circular, Ms. Markova is a member of the Corporate Responsibility and Audit Committees and Mr. Nasr is a member of the Corporate Responsibility Committee.

To promote the exercise of independent judgment by directors in considering transactions and agreements, any director who has a material interest in a matter being considered may not be present for discussions relating to the matter and any such director may not participate in any vote on the matter.

All Board committees are comprised entirely of independent directors and may meet as often as they deem necessary.

Business Conduct and Ethics Policy

The Business and Ethics Policy (the "**Business Conduct Policy**") sets out Golden Star's standards of behavior and guidelines that must be followed by all directors, officers, employees, consultants and other agents of the Company while making judgments or evaluating the judgments or actions of others as to what constitutes ethical business conduct in any particular situation. Among other matters, the Business Conduct Policy sets out Golden Star's guidelines on prohibited payments, political contributions, conflicts of interest and the use of confidential information. The Company's Executive Vice President and CFO (the "**Compliance Officer**") is responsible for monitoring compliance with the Business Conduct Policy and for communicating the Business Conduct Policy to employees. Employees have a duty to report any known or suspected violation of the Business Conduct Policy to their supervisor, the Compliance Officer, or by following the procedures set out in the Company's Whistleblower Policy (as set out below). The Board, through its Audit Committee, reviews the Business Conduct Policy annually to ensure that it complies with legal requirements and best practices. The Board has not granted any waiver of the Business Conduct Policy and, accordingly, no material change report or other notice has been required or filed.

Code of Ethics for Directors, Senior Executive and Financial Officers and Other Executive Officers

Amendments of, and waivers granted under, the Ethics Code will be disseminated on the Company's website (www.gsr.com). The blackout period surrounding the first, second and third financial quarters commences on April 15, July 15, October 15, respectively, and the year-end blackout period commences on January 15. Each regularly scheduled blackout period ends on the second business day following the public release of the financial statements. In addition, directors and officers of the Company are prohibited from hedging their Common Shares or equity-based awards.

Whistleblower Policy

The Whistleblower Policy requires that directors, officers and employees report violations of legal or regulatory requirements or internal policies relating to accounting standards and disclosures, internal accounting controls, matters related to the internal or external audit of Golden Star’s financial statements, or any other fraudulent activities, either through a confidential hotline, the Audit Committee or any supervisor or member of management whom he or she is comfortable approaching. If the Audit Committee concludes that an investigation is warranted, it shall take appropriate measures to implement a thorough investigation of the allegations. The Audit Committee is ultimately responsible for fashioning, with the input of its advisors and management, if requested, the appropriate corrective action.

Performance Assessment

Each year, the Nominating and Corporate Governance Committee, together with the Board Chair, oversees an annual assessment of the performance of the Board, each Board committee and each director. Typically, the performance assessment has involved each director completing a lengthy questionnaire aimed at soliciting comments from directors which assist the Board in making changes and in determining nominations for re-election and appointment.

This year, on the recommendation of the Nominating and Corporate Governance Committee, the Board decided that feedback would be solicited by way of one-on-one sessions held between each director and the Board Chair to discuss the performance of the Board, each Board committee, the Board’s relationship with senior management and each director. One-on-one sessions between each director and the Chair of the Nominating and Corporate Governance Committee were also held to solicit feedback on the performance of the Board Chair. In order to ensure directors were candid during these discussions, they were assured that the discussions with each would remain confidential and be generalized in the feedback provided to other directors and the Board as a whole.

The discussion was structured around a handful of key topics, including:

- the skills and experience represented on the Board;
- the performance of the Board and each Board committee generally and what, if anything, they would like to see changed;
- the quality of Board discussions and those of each Board committee and whether they believed other issues should be given additional time and attention;
- the performance and contribution made by each of the other directors; and
- the adequacy and effectiveness of the information provided to the Board by management and, more generally, the performance of senior management.

The feedback received from the meetings was synthesized to provide the Board and each director with meaningful comments.

A second in-person meeting was then held by Mr. Baker, as Board Chair, with each director in order to provide that director with the feedback received from the other directors on his or her performance. Mr. Clausen, as Chair of the Nominating and Corporate Governance Committee, provided the Board Chair with the feedback received from the other directors on his performance. Feedback on the Board's performance, overall, was discussed by the full Board.

The consensus of Board members was that this process was effective. Among the themes that received the most attention during the one-on-one interviews and, subsequently, during discussions with the Board, were:

- **Board Composition** – The consensus was that the Board was the right size and currently has an appropriate mix of skills. However, the Board should consider retirements anticipated in the short- to mid-term and should initiate steps now to ensure appropriate potential replacements are identified.
- **Performance** – Board members generally feel that the Board and each committee functions well. Board members are comfortable in expressing their opinions and the Board reaches agreement through healthy debate of the issues. All Board members recognized the importance that the Board focus at a strategic level and that it holds management to account for commitments made.
- **Opportunities** – The suggestions made to continually improve the Board's performance included:
 - ensuring that all Board members visit the operations at least every two years and that, during such visits, they devote some time interacting with employees on the ground;
 - embracing Board renewal on an ongoing basis;
 - taking additional opportunities to provide additional educational opportunities for Board members;
 - increasing discussion of strategic issues, risk, talent management and corporate culture; and
 - having the CEO deliver an abbreviated monthly summary report highlighting key metrics and issues.
- **Meetings** – Board members believe the Board Chair is effective at conducting and managing the agenda at the meetings and facilitating discussion. In order to use time as efficiently as possible, the consensus was for committee meetings be held between Board meetings and that concise reports from each committee be delivered to the Board. Recognizing the significance to the Company of achieving the 2020 budget, the Board will be focusing on monitoring performance during the year, including trends that may emerge, and will be overseeing the management and tracking of deliverables.

Shareholder Communications

The Company believes that it is important to maintain good shareholder relations. The Board will give appropriate attention to all proper written communications that are submitted by shareholders. Any shareholder wishing to send communications to the Board, or a specific committee of the Board, should send such communication to the Executive Vice President and Chief Financial Officer ("CFO") of the Company by email to investor@gsr.com or by mail to Board, c/o Executive Vice President and Chief Financial Officer, Golden Star Resources Ltd., 333 Bay Street, Suite 2400, Toronto, Ontario, M5H 2T6. All communications should state the type and amount of the Company's securities held by the shareholder and that the communication is intended to be shared with the Board, or if applicable, with a specific committee of the Board. The Executive Vice President and CFO will forward all such communications to the Board or the specific committee, as appropriate.

PART IV – REPORT ON DIRECTOR COMPENSATION & EQUITY OWNERSHIP

Directors receive an initial equity award upon being appointed to the Board and are thereafter compensated for their services through a combination of annual cash retainers and annual long-term equity awards.

Initial Equity Award

Upon being appointed to the Board, directors historically received a one-time award of 20,000 stock options (“Options”). In late 2019, the Board determined that, going forward, the initial equity award to be granted to new directors would instead comprise of deferred share units (“DSUs” and each a “DSU”) valued at \$100,000.

DSUs are a bookkeeping entry, with each DSU having the same value as a Common Share. The number of DSUs awarded is determined by dividing the value of the total DSU award to be granted by the volume weighted average trading price of the Common Shares on the NYSE American for the twenty (20) trading days prior to the date of grant. DSUs vest immediately upon grant but must be retained until the director leaves the Board, at which time the director will receive a cash payment equal to the then fair market value of the DSUs, Common Shares or a combination of both. DSUs granted after March 14, 2016 cannot be redeemed for Common Shares issued from treasury. The fair market value of each DSU on the payment date is equal to the volume weighted average trading price of the Common Shares on the NYSE American for the twenty (20) trading days prior to the payment date.

For additional information on the Company’s Stock Option Plan (the “Option Plan”) and Deferred Share Unit Plan (the “DSU Plan”), see “Part VI – Other Information – Equity Compensation Plan Information”.

Annual Cash Retainers

In 2019, directors received the following annual cash retainers which they can elect to receive (all or in part) in the form of DSUs:

Function	Annual Retainer (\$)
Board Chair	136,000

Committee Chairs:	
Audit Committee	17,500
Compensation Committee	15,000
Corporate Responsibility Committee	12,500
Nominating and Corporate Governance Committee	10,000
Committee Member	5,000

The only change that has been made to the foregoing fee schedule is that, effective January 1, 2020, each member of the Technical Committee will receive a Committee Member fee of \$7,500 to reflect the fact that the Chair of the Technical Committee is designated on a rotating basis from amongst its members.

Directors are also reimbursed for transportation and other out-of-pocket expenses reasonably incurred in connection with attending meetings and in connection with the performance of their duties as directors. Directors who are required to spend more than eight hours, round trip, travelling to and from a meeting, receive a travel fee of \$1,500.

Annual Equity Awards

Members of the Board receive an annual award of DSUs valued at \$50,000 (payable \$12,500 quarterly) and the Chairman of the Board receives an annual award of DSUs valued at \$100,000 (payable \$25,000 quarterly).

- 2 The amounts in this column represent the amounts attributable to DSUs, both the annual DSU award (granted quarterly) and the annual cash retainers that a director elected to receive in the form of DSUs. The grant date fair value is equal to the volume weighted average trading price of the Common Shares on the NYSE American for the twenty (20) trading days immediately preceding the date of the grant.
- 3 Ms. Markova and Mr. Sawiris were each granted 20,000 Options upon joining the Board. The Company has estimated the “grant date fair value” (\$2.35 in the case of the Options granted to Ms. Markova and \$3.12 in the case of the Options granted to Mr. Sawiris) using the Black-Scholes option pricing model, a mathematical valuation model that ascribes a value to a share option based on a number of factors, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security, the expected life of the option, forfeitures, dividend yield and the risk-free rate of return. The assumptions used in the pricing model are highly subjective and can materially affect the estimated fair value. The assumptions used were as follows:

Assumptions	Ani Markova September 15, 2019	Naguib Sawiris May 6, 2019
Volatility of the Price of the Underlying Security	71.43%	71.72%
Expected Life of the Option	10 years	10 years
Dividend Yield	0	0
Risk-Free Rate of Return	1.50%	1.75%

PART V – REPORT ON EXECUTIVE COMPENSATION

Compensation Committee Report

The Compensation Committee believes it is important for our shareholders to understand the Company's compensation policies and structure, how they are aligned with Golden Star's strategic goals and the rationale for compensation decisions made for our senior executives.

The following provides details of the Company's executive compensation program, including decisions made on compensation for 2019 performance and changes made to our executive compensation framework effective for the 2020 compensation cycle.

We hope you will attend the Meeting and encourage you to ask any questions you have with respect to the Company's programs.

Composition of Compensation Committee

The members of the Compensation Committee are Craig J. Nelsen (Chair), Robert E. Doyle and Mona Quartey. All members are considered by the Board to be independent of the Company under applicable Canadian securities laws.

Appointment of Andrew Wray as President and Chief Executive Officer

Mr. Andrew Wray was appointed CEO on May 1, 2019. The Company entered into an employment agreement with Mr. Wray which provides a compensation package that is aligned with Golden Star's Compensation Peer Group (as defined below).

The key components of Mr. Wray's compensation package comprise:

- an annual base salary of \$550,000;
- an annual cash incentive award with a target of 100% of base salary;
- annual mid- to long-term equity-based incentive awards, with a target of 200% of base salary; and
- pension contributions and other benefits.

The terms of Mr. Wray's employment agreement require that 100% of the after-tax proceeds from the exercise of any equity-based incentive awards be invested to acquire common shares of the Company until the minimum shareholding requirement has been met. In addition, the accelerated vesting of any equity-based incentive awards in certain circumstances depends upon the share price performance of the Company being at or above the 50th percentile of the TSR Comparator Group (defined below).

Executive Management Changes

The composition of Golden Star's management team has significantly changed over the past year. In addition to the appointment of Mr. Wray as CEO in May 2019, several other appointments have been made, most notably:

- Graham Crew as Executive Vice President and Chief Operating Officer effective July 8, 2019;
- Nathalie Lion Haddad as Executive Vice President, Head of People effective September 16, 2019;
- Peter Spora as Executive Vice President, Growth & Exploration effective November 1, 2019;
- Hardus Engelbrecht as Vice President, Finance effective December 2, 2019;
- Philipa Varris as Executive Vice President & Head of Sustainability effective January 1, 2020;
- Matt Varvari as Vice President, Technical Services effective February 3, 2020; and
- Paul Thomson as Executive Vice President and Chief Financial Officer effective February 22, 2020.

2019 Compensation Decisions

Executive compensation for 2019 reflected the Company's commitment to paying executive for performance as most executive compensation is at risk and depends on the achievement of short- and long-term performance against key metrics and the Company's share price.

- 75% of the CEO's target direct compensation is at risk and 66% of other Named Executive Officers ("NEOs") target direct compensation is at risk.
- The actual at-risk direct compensation paid to Andrew Wray in 2019 was 75% and, on average, 66% for all other NEOs.
- The NEOs received 50% of their equity compensation in the form of Options and 50% in performance-based restricted share units ("PRSUs") which PRSUs vest at the end of three years based on Golden Star's total shareholder return relative to the total shareholder return comparator group (the "TSR Comparator Group").
- The weighting of the corporate component of the 2019 annual incentive plan was 80% for all NEOs and resulted in a payout of only 28% based on the Company's performance as assessed against the metrics established at the beginning of 2019.
- Based on the Company's performance over the period January 2017 to December 2019, 76% of the PRSUs granted in 2017 vested on December 31, 2019.

Executive Compensation Changes for 2020

Two significant changes have been made to Golden Star's executive compensation program for 2020.

First, the annual equity award will generally no longer include any Option grants but, instead, will comprise 100% PRSUs.

Second, the performance criteria to be used to determine the number of, if any, PRSUs that will vest has been adjusted to require better performance, relative to the TSR Comparator Group, for vesting to occur. The PRSUs will continue to cliff vest at the end of a three-year performance period but, for PRSUs granted in or after 2020, the adjustment factor (the "Adjustment Factor") will be changed as follows:

Relative Performance	Previous Adjustment Factor	New Adjustment Factor
Less than the 35 th percentile	0	0
35 th percentile	50%	0
Below the 50 th percentile	100%	0
50 th percentile	-	100%
75 th percentile	150%	150%
90 th percentile or greater	200%	-
100 th percentile	-	200%

The new management team recently reviewed Golden Star's long-term strategy. Our goal is to safely and sustainably grow gold production from long-life, low cost assets. We aim to be leading practitioners in safety and environment, social and corporate governance within the mining industry. The successful implementation of our strategy will be supported by five fundamental pillars: Financial Excellence, Operational Excellence, Growth, People Culture and Leadership, and Social Licence.

Compensation Governance

Role of the Compensation Committee

The Compensation Committee has adopted a charter that sets out its responsibilities. The Compensation Committee Charter, as approved by the Board, is available on the Company's website at www.goldenstarresources.com. The Compensation Committee Charter sets out the Compensation Committee's primary responsibilities which include:

- reviewing and making recommendations to the Board on the Company's compensation strategy, policies and programs for directors, officers and employees on at least an annual basis and ensuring that they:
 - properly reflect the respective risks, duties and responsibilities of positions;
 - are competitive in attracting, retaining and motivating people of the highest quality;
 - are considered against market compensation data for similar roles and levels of responsibility with the Company's peer group;
 - align the interests of the CEO and the other NEOs with shareholders; and
 - are based on established corporate and individual performance objectives.
- establishing a compensation peer group and a target competitive positioning or range for the Company's executive compensation program and individual elements;
- reviewing, in consultation with the CEO, and making recommendations to the Board with respect to the corporate and individual goals and objectives relevant to the compensation of the CEO and the other NEOs, evaluating the performance of the CEO and the other NEOs in light of those goals and objectives, and recommending to the Board the amount and composition of the compensation of the CEO and the other NEOs based on this evaluation;
- reviewing and, if appropriate, approving employment agreements, severance arrangements, retirement arrangements, change in control agreements and provisions, and any special or supplemental benefits for each NEO, subject to Board approval;
- reviewing and making recommendations to the Board with respect to the compensation to be paid to directors for service on the Board and on committees;
- administering any equity-based compensation plan of the Company, including reviewing management's recommendations in accordance with its terms;
- managing the Board's relations with shareholders on executive compensation matters including the requirement to submit the Company's executive compensation program for an advisory vote by shareholders;

- assisting the Board in fulfilling its risk oversight responsibilities with respect to significant compensation related risks; and
- reviewing and recommending to the Board for approval the Compensation Discussion and Analysis for inclusion in Golden Star's management information circular as required by applicable rules and regulations and such other public disclosures containing information with respect to matters over which the Compensation Committee has responsibility.

2019 Key Activities of Compensation Committee

Areas of focus for 2019 included the following:

- appointing Andrew Wray as CEO and overseeing the appointment of several new members to the executive team;
- setting corporate and individual objectives against which to evaluate the performance of the Company's executive management team and monitoring performance throughout the year;
- reviewing the performance of the CEO and making recommendations with respect to his annual performance incentive award for 2019 to the Board;
- administering the Company's equity compensation plans;
- reviewing and approving the Report on Director Compensation and the Report on Executive Compensation included in this Circular;
- reviewing market trends in executive and director compensation;
- reviewing the competitiveness of current executive compensation arrangements for the CEO, senior management team and directors; and
- reviewing the Compensation Committee Charter.

Compensation Decision-Making Process

The Compensation Committee makes its recommendations with respect to executive compensation with the overall objectives to be served by the executive compensation program in mind. In doing so, the Compensation Committee seeks advice from independent executive compensation experts, including with respect to competitive compensation practices generally, as well as soliciting input from other Board members and the CEO.

With respect to overall compensation levels as well as the weighting to be given to fixed and variable compensation and short- and long-term compensation, the Compensation Committee is guided by the compensation programs in place at the Company's compensation peer group as well as other generally available market data. The recommendations of the Compensation Committee, ultimately, however, are driven by the particular circumstances of Golden Star and what the Compensation Committee concludes is appropriate for Golden Star's executive group in light of the applicable risks and competitive employment environment.

In terms of setting annual performance incentives, the CEO makes recommendations to the Compensation Committee based on the Company's priorities for the upcoming year and the budget and recommends the parameters considered appropriate. The Compensation Committee reviews the objectives recommended by the CEO and requires that such objectives, and their corresponding parameters, be stress-tested to ensure payouts will be reasonable within the context of performance outcomes.

The Compensation Committee's recommendations with respect to the payouts on annual performance incentives are based upon the degree to which corporate and individual objectives are met. The CEO provides the Compensation Committee with individual performance assessments for each of the executives who report directly to him, including the other NEOs, and provides compensation recommendations. The Compensation Committee reviews the CEO's recommendations and will, in addition to reviewing the degree to which each executive achieved their individual objectives, also take into account considerations the CEO believes are relevant to the Compensation Committee in making its recommendations to the Board.

All shareholders have the opportunity to express their views on Golden Star’s compensation through the advisory shareholder vote on executive compensation. This policy is designed to enhance accountability for the compensation decisions made by the Board by giving shareholders a formal opportunity to provide their views on the Board’s approach to executive compensation through an annual non-binding advisory vote. The Company discloses the results of the vote as part of its report on voting results for each annual meeting. While the results are not binding, the Board will take the results into account, as appropriate, when considering future compensation policies, procedures and decisions and in determining whether there is a need to modify the level and nature of their engagement with shareholders.

Independent Compensation Consultants

The Compensation Committee has the authority to retain, approve the fees of and terminate any compensation consultant (or other external advisor, including legal or financial advisors) to be used to assist it in the evaluation of executive officer compensation. The Compensation Committee determines the scope of services to be performed and provides directions regarding the performance of such services.

In 2019, the Compensation Committee retained Meridian Compensation Partners (“**Meridian**”) to provide independent advice in connection with matters pertaining to executive compensation and related corporate governance matters. Meridian did not provide any services directly to management.

In concluding that Meridian was independent of the Company, the Compensation Committee considered whether Meridian has implemented policies and procedures to prevent conflicts of interest, whether Meridian owns any shares of the Company, and whether Meridian had a business or personal relationship with any member of management or the Compensation Committee.

The fees paid to Meridian for services in 2018 and 2019 were as follows:

Services	2018		2019	
	Compensation Committee	Management	Compensation Committee	Management
Executive Compensation and Related Corporate Governance Matters	\$61,300	Nil	\$85,618	Nil

Compensation Risk Assessment

The Board, with the assistance of the Compensation Committee, is responsible for evaluating whether the executive compensation program encourages excessive risk-taking and whether there are sufficient safeguards in place to appropriately manage risks.

In 2019, Meridian updated the review it conducted of Golden Star’s approach to risk management and executive compensation governance in 2018. Based on its review, Meridian concluded that the Compensation Committee has a reasonable basis to disclose that Golden Star’s pay programs and policies reflected in the review are not reasonably likely to have a material adverse effect on Golden Star, its business or its value.

Meridian noted the following practices that mitigate compensation risk:

- ✓ Golden Star has a market aligned clawback policy pursuant to which incentive compensation may be clawed back if there is misconduct of an executive resulting in a restatement of the Company’s financial statements and an overpayment of compensation.
- ✓ There is a good mix of fixed and variable compensation and an appropriate weighting of share-based compensation.
- ✓ Golden Star’s annual incentive plan is a “balanced scorecard” which provides a good balance between financial (free cash flow and all in sustaining cost), growth (reserves and resources increases), production (ounces to mine plan) and sustainability (safety, health, environment, community) measures.
- ✓ Golden Star awards 100% of long-term incentives in performance share units. This is a very strongly performance focused long-term incentive and significantly exceeds proxy advisor expectations that at least 50% of the long-term incentive be contingent on performance criteria.

- ✓ There is a mix of relative and absolute performance in the long-term incentive plan (share price and relative total shareholder return for the PRSUs).
- ✓ Golden Star makes regular annual awards of share-based compensation which provide overlapping vesting periods and maintains executives' exposure to the risks of their decision-making through their unvested share-based awards which addresses longer "tail" risks. The PRSU Plan allows executives to continue to hold PRSUs, after vesting, increasing their exposure to long-term risks of the business.
- ✓ Under Golden Star's share ownership policies:
 - Directors are required to own Golden Star shares with a value equal to 3 times the cash retainer;
 - The CEO is required to own Golden Star shares with a value equal to 3 times base salary;
 - The other NEOs are required to own Golden Star shares with a value equal to 1 times base salary;
 - Other executives, as determined by the CEO, are required to own Golden Star shares with a value equal to 50% times base salary; and
 - Golden Star has a "hold until met" policy which requires that executives retain their Common Shares and invest 0.5 times (100% for the CEO) of the after-tax proceeds from the exercise of option-based awards or redemption of share-based awards in Common Shares until the share ownership requirement is met entirely in Common Shares and/or DSUs.
- ✓ Share ownership requirements are a form of risk mitigation and support sustained long-term value creation and meaningful shareholder alignment.
- ✓ Financial performance is verified by Golden Star's auditors before annual incentive and performance-based long-term incentive amounts are paid out.
- ✓ Golden Star's insider trading policy prohibits hedging of Golden Star's shares and share based incentives.
- ✓ Golden Star has a pledging policy designed to ensure that directors and officers do not pledge a significant portion of their shares and share-based incentives.
- ✓ Golden Star has a well drafted proxy circular that provides clear disclosure of Golden Star's performance, pay practices and link between pay and performance.
- ✓ Golden Star has a robust Code of Conduct and a Whistleblower Policy.
- ✓ Golden Star has processes and practices respecting management of key business risks and their oversight by the Board.
- ✓ The Compensation Committee is comprised entirely of independent directors, it engaged Meridian to review the risks associated with its compensation programs, it exercises discretion in determining equity-based awards and it reviews and has discretion to adjust the payouts under the annual incentive program.
- ✓ Craig Nelsen, the Chair of the Compensation Committee, is also a member of the Nominating and Corporate Governance Committee and Robert Doyle, a member of the Compensation Committee is the Chair of the Audit Committee. These cross-overs ensure that the Compensation Committee has a thorough understanding of Golden Star's enterprise risks when making its decisions respecting compensation and that compensation governance and compensation related risks are considered from a broader corporate governance and financial perspective.
- ✓ The Compensation Committee is actively engaged in setting performance metrics and reviewing performance against targets; there is a good balance between CEO and management involvement in designing compensation programs and Compensation Committee review of compensation programs.
- ✓ Awards under Golden Star's annual incentive plan at the executive level are based on corporate metrics and individual performance. Corporate performance is weighted 80% and individual performance is weighted 20%.

Meridian concluded in recommending that Golden Star continue its current good compensation risk mitigation practices, including:

- ✓ Continue to regularly benchmark executive compensation to provide the Compensation Committee with an outside perspective of Golden Star’s compensation program to ensure compensation opportunities, structure and mix of pay are aligned with prevailing market practices.
- ✓ Continue to regularly monitor compensation and performance peer groups for continued appropriateness.
- ✓ Continue to “stress test” performance goals and related payouts for each incentive plan.
- ✓ Continue to actively monitor changes in governance practices, proxy advisor policies and regulations to ensure that Golden Star is prepared to deal proactively and appropriately with these changes.
- ✓ Continue to monitor the level of Golden Star’s executive share ownership requirements to ensure that they do not fall below market norms.
- ✓ Continue the practice of regular annual equity grants.
- ✓ Continue to set targets on the basis of achievability with reasonable “shoulders” set to moderate risk.
- ✓ Continue to monitor the prevalence of post-retirement hold periods for the CEO and other NEOs.
- ✓ Continue to review the Circular for alignment with good disclosure practices, particularly disclosure related to incentive plan design, targets and payouts.

Compensation Clawback

Golden Star’s Business Conduct Policy allows the Compensation Committee to require the reimbursement of any short or long-term incentive award if: (a) the amount was calculated based upon the achievement of certain financial results that were subsequently the subject of a restatement or the correction of a material error, (b) the employee, officer or director engaged in intentional misconduct that caused or partially caused the need for the restatement or caused or partially caused the material error, and (c) the amount that would have been awarded to the employee, officer or director, had the financial results been properly reported would have been lower than the amount actually awarded.

Hedging Prohibition and Pledging Restriction

Directors and officers are prohibited from engaging in hedging, speculative, short selling and similar transactions of any kind with respect to Common Shares or shared based compensation. Our directors and officers are also prohibited from holding Golden Star securities in a margin account or pledging them as security for a loan.

Share Ownership Requirement

The share ownership requirements for our executive officers is as follows:

Participant	Target Ownership Level
CEO	3 times base salary
Other NEOs upon recommendation by the CEO and as approved by the Compensation Committee	1 times base salary
Other Executives as determined by the CEO	0.5 times base salary

Each of the NEOs was made subject to the foregoing shareholding requirements.

Common Shares, DSUs and 50% of PRSUs are counted towards share ownership requirements and are valued at the higher of (a) the value at the time of award or the acquisition and (b) the current market value.

We also have a “hold until met” policy which requires that executives retain their Common Shares and invest 50% (100% for the CEO) of the after-tax proceeds from the exercise of option-based awards or redemption of share-based awards in Common Shares until the share ownership requirement is met entirely in Common Shares and/or DSUs.

Our executives are expected to fulfill their ownership requirements within five years of becoming subject to the share ownership policy.

As at March 12, 2020, the shareholdings of each of the current NEOs (who were also NEOs as at December 31, 2019) was as follows:

Talent Management, Succession Planning & Diversity

The Board has overall responsibility for ensuring that adequate provisions has been made to train and develop management and that management succession plans are in place. Senior leadership succession, including for the CEO role, is reviewed annually and, based on the outcomes of that review, development plans and assignments are adjusted accordingly.

In developing succession plans for executive officers or otherwise making executive officer appointments, the CEO and Board strive to identify qualified candidates while seeking to maintain an executive group comprised of talented and dedicated professionals with a diverse mix of expertise, experience, skills and backgrounds. Although the Company has not adopted targets for female executive officers because it does not believe it is appropriate to set targets or quotas for gender or other diversity representation within the executive management group, especially given its size and the need to consider a balance of criteria in each individual appointment, the Company believes in the value of diversity in its executive group as it ensures the inclusion of different perspectives and ideas, mitigates against groupthink and ensures that the Company has the opportunity to benefit from all available talent.

The Company currently has six executive officers, two (33%) of whom are women.

Compensation Philosophy

The Company's executive compensation philosophy reflects the following principles.

- **Compensation should be related to performance** – A significant portion of our NEOs' compensation should be based on performance. During periods when performance meets or exceeds the established objectives, NEOs should be paid at or above target levels. When performance does not meet established objectives, incentive award payments, if any, should be lower.
- **Compensation at risk should represent a significant percentage of an NEO's total compensation** – NEOs' short-term incentives are based on operating and financial performance against budget, and their long-term incentives are measured against total shareholder return relative to the TSR Comparator Group.

- **Compensation levels should be competitive** – A competitive compensation program is vital to the Company’s ability to attract and retain qualified senior executives. The Company regularly assesses peer group compensation to ensure that the compensation program is competitive and targets compensation to the median of the peer group.

Benchmarking

Golden Star’s compensation peer group (the “**Compensation Peer Group**”) was initially developed, and is periodically updated, with advice from Meridian. The Compensation Peer Group is comprised of publicly listed Canadian companies that compete with Golden Star for talent, especially for industry specific roles, and range in size (based primarily on asset size) of roughly between one-third to three times Golden Star’s assets, with revenue used as a secondary screen. Golden Star is positioned slightly below the median of the Compensation Peer Group in terms of assets and at the median of the group in terms of revenue.

Meridian reviewed the Compensation Peer Group in 2019 to determine whether the peers continued to be relevant and size-appropriate for Golden Star. As a result of this review, Endeavour Mining Corp. (outside the range), Nevsun Resources Ltd. (acquired) and Primero Mining Group (acquired) were removed, and Alacer Gold Corp., Gran Colombia Gold Corp., Guyana Goldfields Inc., SEMAFO Inc., and TMAC Resources Inc. were added.

The companies now comprising the Compensation Peer Group are as follows:

Alio Gold Inc.	Gran Colombia Gold Corp.	SSR Mining Inc.	Americas Gold and Silver Corp.

The information for the Compensation Peer Group was calculated from S&P Capital IQ at the time of reviewing the Compensation Peer Group in December 2019, reflecting the most recent disclosures.

In addition to the Compensation Peer Group, the Compensation Committee also reviewed compensation survey data as a secondary, broader-industry reference for benchmark roles.

Pay Positioning

Golden Star generally positions pay competitive to the median of the Compensation Peer Group.

Components of the 2019 Executive Compensation Program

The Company’s executive compensation program is comprised of four key components:

- an annual base salary;
- an annual cash incentive award with a target expressed as a percentage of base salary;
- annual mid- to long-term equity-based incentive awards with a target expressed as a percentage of base salary; and
- pension contributions and other benefits.

Component	Form	Performance Period	
Base Salary	Cash	1 year	NEO base salaries are determined by evaluating the scope of the NEO's role, the NEO's performance, general economic conditions and marketplace compensation trends.
Annual Incentive	Cash	1 year	The annual incentive provides each NEO with the opportunity to earn a bonus based on the achievement of specific measurable company-wide and individual performance goals.
Mid- to Long-Term Incentives	Share based	3–10 years	The LTIP provides NEOs with mid- to long-term incentive award opportunities that are aligned with longer term share price performance.
Benefits	N/A	1 year	The Company offers health and welfare programs and pension benefits to all employees. The NEOs are generally eligible for the same benefit programs on the same basis as the rest of the managerial workforce.

Target Total Direct Compensation

For the NEOs during 2019, the target direct compensation mix and levels of pay at risk in 2019 were as follows:

Named Executive Officer	Fixed	Variable Targets				Target Total Direct Compensation	Mix of Pay Elements

Base Salary

Base salary is a fixed component of compensation. For senior executives, base salaries are reviewed annually, but tend to stay relatively constant, increasing only when the executive assumes a larger role or when there is a significant change in the executive officer’s responsibilities due to, among other things, a significant change in the Company’s business, a shift in the market, or an incremental proficiency in the role.

Annual Performance Incentive Awards

The annual performance incentive award is a short-term variable element of compensation intended to link pay to the achievement of key objectives important to the Company’s overall performance. The Compensation Committee approves a market competitive target incentive level as a percentage of the base salary earned during the incentive period for each NEO. Actual awards may be above or below target based on performance outcomes.

For 2019, the annual performance incentive awards were determined based on 80% corporate objectives and 20% individual objectives.

- **Corporate Component**

Operational targets (production and costs) are based on realistic performance expectations. All annual targets are reviewed and set by the Board during the December and February Board meetings. Free cash flow targets are based on gold price assumptions set in the prior year and free cash flow actual results are based on gold price achieved on ounces sold.

Corporate targets are set by the Board during the review of the strategic business plan and are based on the budget which is a part of the strategic business plan. This ensures that performance metrics and targets align with the strategic direction of the Company. Targets take into account accepted engineering principles based on the mine plan generated from the reserve statement and require continuous improvements through anticipated productivity gains and capital spent in prior years.

The following shows the 2019 performance objectives for the corporate component and actual results:

2019 Performance Objectives	Weighting	Target	Results	Score	
Free Cash Flow ¹	25%	9,250	Nil	-	0
Reserves & Resources	7.5%	Reserves – increase of 1.5 million ounces at Wassa	755,000 increase	50%	3.8
	7.5%	Resources – end year with 10 million ounces	8.5 million ounces (slightly below beginning of year)	-	0
All-in Sustaining Cost ²	10%	933	1,159	23%	2.3
Gold Production	10%	232,335	203,769	36%	3.6
Safety & Sustainability ³	20%		An overall score of 93% based on a variety of factors ³	93%	18.6
Total:	80%				28.3

- 1 “Free Cash Flow” means cash flow from operations before working capital changes and income taxes minus capital (excluding non-sustaining capital) which is neutralized for commodity prices, neutralized from upward adjustments in capital investment and excludes changes in working capital.
- 2 “All-in sustaining cost” (“AISC”) commences with cash operating costs and then adds the cash component of metals inventory net realizable value adjustments, royalties, sustaining capital expenditures, corporate general and administrative costs (excluding share-based compensation expenses) and accretion of rehabilitation provision. AISC per ounce is that amount divided by the number of ounces of gold sold (excluding pre-commercial production ounces sold) during the period.
- 3 The Safety and Sustainability Objective was a combination of a variety of factors, including leading safety indicators (including culture and tactical safety metrics suitable to the current maturity of the Company’s safety culture); lagging safety indicators (comprising the all incident frequency rate and attributing a rating of zero in the event of a fatality); managing malaria case rates lower than community rates; targets for mine-related occupational illness cases, environmental incidents, mine-related environmental exceedances; the resolution of community complaints within target timeframes; and compliance with corporate social responsibility agreements.

• **Individual Component**

Individual objectives for the NEOs typically reflect the Company’s priorities and the specific role of the NEO. Given the significant changes made to senior management during 2019, the commencement of relocating the executive team to London, England and the focus on conducting an overall evaluation of the Company’s operations under the new CEO, many of the objectives initially envisioned at the outset of 2019 continually evolved over the year. The CEO ultimately provided recommendations to the Board based on his assessment of the NEO’s overall performance which recommendations were accepted by the Board.

Long-Term Incentive Awards

Long-term incentive awards are equity-based grants intended to align management’s interests with those of shareholders by tying compensation to share price performance and to aid in retention through vesting schedules.

- **PRSU**s

PRSUs are simply RSUs with a performance-based vesting feature based on the Company's total shareholder return relative to the Company's TSR Comparator Group. Each PRSU has a value equal to one Common Share and the number of PRSUs awarded is determined by dividing the value of the portion of the annual long-term incentive award allocated to PRSUs by the volume weighted average trading price of the Common Shares on the TSX for the five (5) days prior to the date of the grant.

PRSUs cliff vest at the end of a three-year performance period, with the number of PRSUs to vest determined by reference to total shareholder return relative to the TSR Comparator Group which, prior to the PRSUs granted in 2020, was as follows:

Relative Performance	Adjustment Factor
Less than the 35 th percentile	0
35 th percentile	50%
50 th percentile	100%
75 th percentile	150%
90 th percentile or greater	200%

The TSR Comparator Group is different than the Compensation Peer Group used for compensation benchmarking. In developing the Compensation Peer Group, asset size of the peer companies is critical in selecting the companies in the group, while the particular mineral extracted is less critical. For the TSR Comparator Group, in order for PRSUs to vest based on relative out-performance, it is critical that the total shareholder return of the companies in the TSR Comparator Group are subject to the same commodity price influences as Golden Star and be correlated with gold price. Accordingly, all the companies in the TSR Comparator Group are gold mining companies.

The TSR Comparator Group initially established for the 2019 PRSU awards was comprised of the following companies:

Agnico Eagle Mines Ltd. Alamos Gold Inc. Alio Gold Inc. B2Gold Corp. Barrick Gold Corporation	Detour Gold Corporation ¹ Eldorado Gold Corp. Endeavour Mining Corp. Goldcorp Inc. ¹	IAMGOLD Corp. Kinross Gold Corporation McEwen Mining Inc. New Gold Inc. Novagold Resources Ltd.	Premier Gold Mines Ltd. Roxgold Inc. Semafo Inc. Teranga Gold Corp. Yamana Gold Inc.
---	--	---	--

As Detour Gold Corporation and Goldcorp Inc. were subsequently acquired and delisted, they have been removed from the TSR Comparator Group.

- **Options**

Options provide a participant with the opportunity to purchase a newly issued Common Share at a stated exercise price at a future point in time. The actual value realized from the grant of an Option is contingent upon the appreciation of a Common Share between the grant date and the date upon which an Option is exercised and the Common Share subsequently sold. On the date of grant, the number of Options issued is determined by dividing the intended dollar amount by the "grant date fair value" which is estimated using the Black-Scholes option pricing model, a mathematical valuation model that ascribes a value to a share option based on a number of factors, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security, the expected life of the option, forfeitures, dividend yield and the risk-free rate of return. The assumptions used in the pricing model are highly subjective and can materially affect the estimated fair value.

Options vest 25% on the date of grant and 25% on each anniversary thereafter and have no value unless the price of the Common Shares increases above the exercise price as at the date of the grant.

- **Initial Equity Awards**

Upon joining the Company, an initial equity grant has historically been made to ensure the near-term commitment of the executive.

Two of the NEOs, namely Mr. Wray and Mr. Crew, were appointed as executive officers in 2019. In connection with their appointments, the following initial equity awards were granted:

Named Executive Officer	Options		PRSUs		Total Value
	(#)	(CAD\$) ¹	(#)	(CAD\$) ²	(CAD\$)
Andrew Wray	117,423	492,002	89,848	492,367	984,369
Graham Crew	42,277	170,376	32,113	170,841	341,217

- 1 The “grant date fair value” of the Option awards was CAD\$4.19 (for the Options granted to Mr. Wray) and CAD\$4.03 (for the Options granted to Mr. Crew). The Company has estimated the “grant date fair value” amount using the Black-Scholes option pricing model, a mathematical valuation model that ascribes a value to a share option based on a number of factors, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security, the expected life of the option, forfeitures, dividend yield and the risk-free rate of return. The assumptions used in the pricing model are highly subjective and can materially affect the estimated fair value. The assumptions used were as follows:

Assumptions	Mr. Wray – May 6, 2019	Mr. Crew – July 8, 2019
Volatility of the Price of the Underlying Security	71.72%	71.30%
Expected Life of the Option	10 years	10 Years
Dividend Yield	0	Nil
Risk-Free Rate of Return	1.75%	1.46%

- 2 Based on the TSX 5-day VWAP of CAD\$5.48 as at May 6, 2019 (in the case of Mr. Wray) and CAD\$5.32 as at July 8, 2019 (in the case of Mr. Crew).

• **Annual Equity Awards**

Each year, the Company grants long-term incentives to executives, including the NEOs, with target grant values set as a percentage of base salary. In recent years, the relative mix of the annual equity award has been 50% in PRSUs and 50% in Options.

The following annual equity awards were granted to the NEOs in 2019:

Named Executive Officer	Target Eligibility (\$)	Target Eligibility (CAD\$) ¹	Actual LTI Award				Total LTI Awarded

- 1 Converted into CAD using the exchange rate of U.S.\$0.7591 per CAD\$1.00.
- 2 The number of Options granted was determined based on the volume weighted average trading price of a Common Share on the TSX for the five (5) trading days immediately preceding the date of grant.
- 3 The number of PRSUs granted was determined based on the volume weighted average trading price of a Common Share on the TSX for the five (5) trading days immediately preceding the date of grant.
- 4 Mr. Coetzer could not receive the full 50% of his target in Options as that would have resulted in 165,081 Options being issued, contrary to the limit of 160,000 under the Option Plan. As a result, the value of the 5,081 Options was instead allocated to the issuance of additional PRSUs.
- 5 Converted into \$ using an exchange rate based on the Bank of Canada’s average rate for 2019 of \$0.75 per CAD\$1.00.

Pension Contributions and Other Benefits

The Company’s health and welfare programs include medical, wellness, pharmacy, dental, vision, life insurance, and accidental death and disability. Coverage under the life and accidental death and disability programs offer benefit amounts specific to each NEO. Premiums for supplemental life insurance are paid by the Company on behalf of all NEOs.

The Company maintains a group registered retirement savings plan (“RRSP”) program for its Canadian employees, including its Canadian NEOs. Golden Star matches up to 3% of employee contributions to the RRSP and provides a contribution gift of 3% directly to the RRSP. In 2019, Golden Star topped up the RRSP for each employee by contributing 6% of the amount of the employee’s annual incentive award subject to the annual maximum allowed by the *Income Tax Act* (Canada).

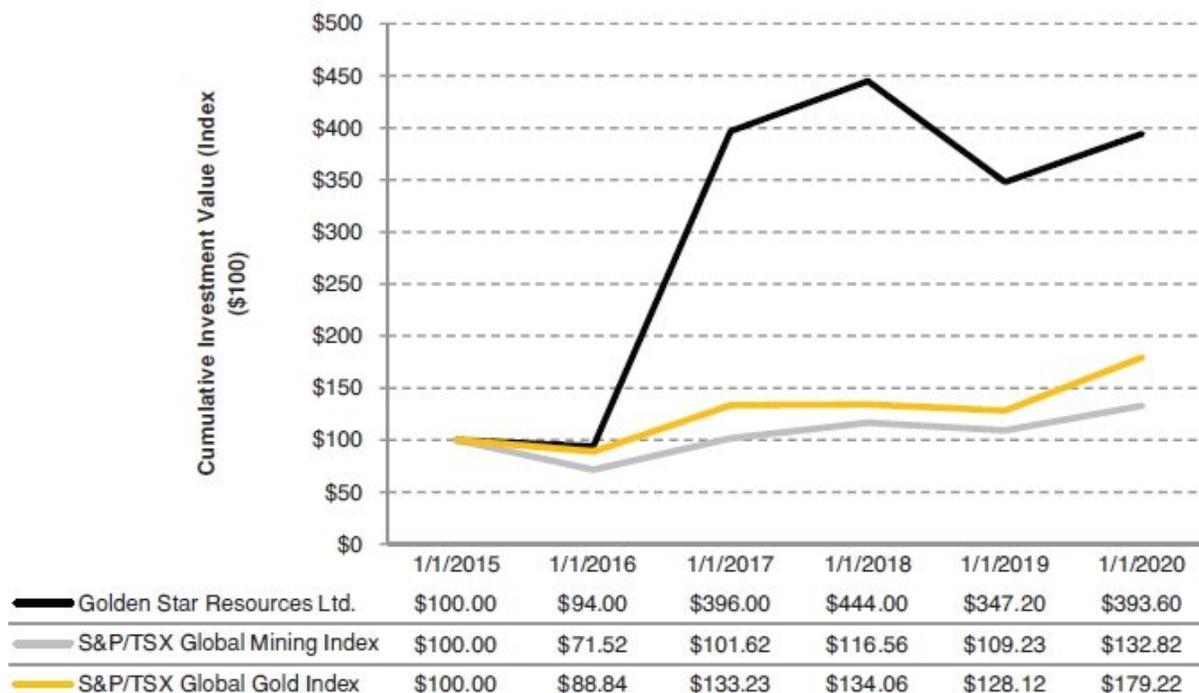

The Company has also historically maintained a 401(k) savings plan intended to supplement an employee’s personal savings and social security. The Company adopted the 401(k) savings plan to enable employees to save for retirement through a tax-advantaged combination of employee and Company contributions and to provide employees the opportunity to directly manage their retirement plan assets through a variety of investment options. All U.S. based employees are eligible to participate in the 401(k) savings plan. The Company provided a matching contribution to the 401(k) savings plan for each eligible employee equal to the first 6%.

Employees in the U.K., including U.K. based NEOs, are entitled to receive a pension contribution from the Company representing 10% of their base salary. Certain executives, including Mr. Wray and Mr. Crew, have, instead, elected to receive a percentage of their base salary (15% in the case of Mr. Wray and 10% in the case of Mr. Crew) in the form of a cash payment in order to provide for their own pension arrangements.

The Compensation Committee annually reviews the benefits provided to NEOs to determine if changes are appropriate.

Performance Graph and CEO/NEO Compensation

The following line graph shows the cumulative total shareholder return of the Common Shares over the five most recently completed financial years against the S&P/TSX Global Mining Index and the S&P/TSX Global Gold Index. The graph assumes that \$CAD100 was invested on the first day of the five-year period.

As a significant portion of Golden Star’s executive compensation is at risk and in the form of share-based awards, compensation for the NEOs aligns with Golden Star’s total shareholder return.

CEO Realized Compensation

As Mr. Coetzer is no longer employed by the Company as of the date of this Circular and as Mr. Wray has been CEO for less than one year (since May 1, 2019), a lookback on CEO compensation has not been included this year.

Summary Compensation Table of Named Executive Officers

The following table sets forth the compensation earned by the NEOs for services rendered to the Company and its subsidiaries for the fiscal years ended December 31, 2019, 2018 and 2017. Amounts paid in CAD\$ have been converted into \$ using an exchange rate based on the Bank of Canada's average rate for 2019 of \$0.75 per CAD\$1.00; amounts paid in Australian dollars have been converted into \$ using an exchange rate based on the Reserve Bank of Australia's average rate for 2019 of \$0.70 per AUD\$1.00; and amounts paid in Ghanaian cedis have been converted into \$ using an exchange rate based on Bloomberg's average rate for 2019 of \$0.19 per GH\$1.00.

¹ Each of the NEOs received a grant of Options in 2019. The Company has estimated the "grant date fair value" (CAD\$4.19 in the case of the Options granted to Mr. Wray, CAD\$4.03 in the case of the Options granted to Mr. Crew and CAD\$3.99 in the case of the Options granted to all of the other NEOs) using the Black-Scholes option pricing model, a mathematical valuation model that ascribes a value to a share option based on a number of factors, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security, the expected life of the option, forfeitures, dividend yield and the risk-free rate of return. The assumptions used in the pricing model are highly subjective and can materially affect the estimated fair value. The assumptions used were as follows:

Assumptions	Andrew Wray May 6, 2019	Graham Crew July 8, 2019	All Other NEOs February 22, 2019
Volatility of the Price of the Underlying Security	71.72%	71.30%	72.46

Dividend Yield	Nil	Nil	Nil
Risk-Free Rate of Return	1.75%	1.46%	1.88

² Amounts in this column represent the fair value of the awards as of the date of grant being, in the case of PRSUs, the volume weighted average trading price of a Common Share on the TSX for the five (5) trading days immediately preceding the date of grant, and then converted into \$ using an exchange rate based on the Bank of Canada's average rate for 2019 of U.S. \$0.75 per CAD\$1.00 and, in the case of DSUs, the volume weighted average trading price of a Common Share on the NYSE American for the 20 trading days immediately preceding the date of grant. For Mr. Wray and Mr. Crew, this amount includes DSU awards received in their capacity as directors, prior to being appointed the CEO and COO on May 1 and July 8, respectively.

- 2 Unvested PRSUs as at December 31, 2019. On December 31, 2019, 61,765 PRSUs held by the Company's NEOs vested. The value of these vested PRSUs are not included above but appear in the table under the heading "Incentive Plan Awards — Value Vested or Earned During the Year".
- 3 The value of PRSUs based on the volume weighted average trading price of a Common Share on the TSX for the 5 trading days immediately preceding December 31, 2019 being CAD\$4.70.
- 4 DSUs are redeemable subsequent to an NEO's separation with the Company. DSUs are valued based on the volume weighted average trading price of a Common Share on the NYSE American for the 20 trading days immediately preceding December 31, 2019 being \$3.47.

Incentive Plan Awards – Value Vested or Earned During the Year

The following table sets out the aggregate dollar value that would have been realized if all Options which vested during the financial year ended December 31, 2019 had been exercised on their respective vesting dates, all PRSUs that vested during the financial year ended December 31, 2019 had been redeemed on their respective vesting dates and the aggregate dollar value of non-equity incentive plan compensation earned during 2019.

- 1 This amount represents the aggregate dollar value that would have been realized if the Options had been exercised on the vesting date, based on the difference between the closing price of the Common Shares as traded on the TSX on the vesting date and the exercise price of the Options.
- 2 The amounts in this column reflect:
 - (a) in the case of Mr. Wray and Mr. Crew, the value of DSUs granted in 2019 based on the volume weighted average trading price of a Common Share on the NYSE American for the twenty (20) trading days immediately preceding the date of the grant;
 - (b) in the case of Mr. Wasel and Mr. van Niekerk, the value of PRSUs granted in 2017 (76% of which vested on December 31, 2019) based on the volume weighted average trading price of a Common Share on the TSX for the five (5) trading days immediately preceding December 31, 2019 being CAD\$4.70;
 - (c) in the case of Mr. Coetzer, the value of the 141,680 PRSUs, being the pro rata portion of the PRSUs granted in 2017, 2018 and 2019 that vested on April 30, 2019 based on the volume weighted average trading price of a Common Share on the TSX for the five (5) trading days immediately preceding April 30, 2019 being CAD\$5.57;
 - (d) in the case of Mr. Owiredu, the value of PRSUs granted in 2017 that vested on July 8, 2019 based on the volume weighted average trading price of a Common Share on the TSX for the five (5) trading days immediately preceding July 8, 2019 being CAD\$5.33; and

- 3 This represents the annual performance incentive award paid in cash in respect of the Company's 2019 fiscal year.

Option Exercises During the Year

None of the NEOs exercised any Options during 2019 prior to, in the case of former NEOs, their departure from Golden Star. None of the NEOs who continue to be employed by Golden Star at the time of this Circular have exercised any Options since December 31, 2019.

Termination and Change of Control Benefits

The employment agreement with each NEO (who remains a NEO in 2020) in the event such NEO's employment is terminated (the "Employment Agreements") include termination and Change of Control (as defined below) provisions.

Termination by the Company for Cause

Severance Payments – The Company may terminate the employment of a NEO at any time for cause, in which case the NEO will be entitled to (a) accrued and unpaid base salary; and (b) accrued and unused vacation.

Treatment of Equity Awards – The Employment Agreements do not address the treatment of prior equity awards in the case of the NEO’s termination of employment by the Company for cause. As a result, the treatment of such prior equity awards is governed by the terms of the applicable equity plan. Pursuant to the terms of the Option Plan, Options that have vested as at the date of termination, can be exercised by the NEO until the earlier of (a) the date which is thirty (30) days after termination; and (b) the expiry date of the Option. Pursuant to the terms of the PRSU Plan, all rights, title and interest with respect to PRSUs which have not vested at the time of termination are forfeited.

Termination by the Company Without Cause

Severance Payments – The Company may terminate the employment of a NEO at any time without cause, in which case the NEO will be entitled to:

- (i) accrued and unpaid base salary;
- (ii) accrued and unused vacation;
- (iii) an amount equal to base salary of twenty-four (24) months (in the case of Mr. Wray); eighteen (18) months (in the case of Mr. van Niekerk); and twelve (12) months (in the case of Mr. Crew and Mr. Wasel);
- (iv) an amount equal to a multiple of the average of (a) the target annual incentive award in respect of the then current fiscal year and (b) the annual incentive award paid in respect of the prior fiscal year of two times (in the case of Mr. Wray); one and one-half times (in the case of Mr. van Niekerk); and one times (in the case of Mr. Crew and Mr. Wasel);
- (v) an amount equal to a multiple of the benefits paid by the Company on behalf of the NEO in the most recent year of two times (in the case of Mr. Wray); one and one-half times (in the case of Mr. van Niekerk); and one times (in the case of Mr. Crew and Mr. Wasel); and
- (vi) an amount equal to a multiple of the RRSP or other pension contributions made by the Company in the past year of two times (in the case of Mr. Wray); one and one-half times (in the case of Mr. van Niekerk); and one times (in the case of Mr. Crew and Mr. Wasel).

Treatment of Equity Awards

- Options:
 - o in the case of Mr. Wray, if his employment is terminated without cause after the first anniversary of employment, then all stock options become immediately exercisable and vested and shall remain exercisable for a period of twelve (12) months from the date of termination;
 - o in the case of Mr. Wasel, if the employment of the NEO is terminated without cause after the first anniversary of employment, then all stock options become immediately exercisable and vested and shall remain exercisable for a period of twelve (12) months from the date of termination; and
 - o in the case of Mr. Crew and Mr. van Niekerk, who are governed by the terms of the Option Plan as their Employment Agreements do not expressly provide for the treatment of Options in the event of termination by the Company without cause, pursuant to the terms of the Option Plan, Options that have vested as at the date of termination, can be exercised by the NEO until the earlier of (a) the date which is thirty (30) days after termination and (b) the expiry date of the Option.
- PRSUs: The Employment Agreements do not address the treatment of previously granted PRSU awards in the event of termination by the Company without cause. As a result, the terms of the PRSU Plan, which provide that a pro-rata portion of the unvested PRSUs shall vest as at the termination date and that the NEO shall forfeit all rights, title and interest with respect to the remaining PRSUs which have not vested as at the date of termination, govern.

Termination by the Employee for Material Breach

Severance Payments – All of the Employment Agreements allow the NEO to terminate for material breach, in which case the NEO will be entitled to:

- (i) accrued and unpaid base salary;
- (ii) accrued and unused vacation;
- (iii) an amount equal to base salary of eighteen (18) months (in the case of Mr. van Niekerk); and twelve (12) months (in the case of Mr. Wray, Mr. Crew and Mr. Wasel);
- (iv) an amount equal to a multiple of the average of (a) the target annual incentive award in respect of the then current fiscal year and (b) the annual incentive award paid in respect of the prior fiscal year of one and one-half times (in the case of Mr. van Niekerk); and one times (in the case of Mr. Wray, Mr. Crew and Mr. Wasel);
- (v) an amount equal to a multiple of the benefits paid by the Company on behalf of the NEO in the most recent year of one and one-half times (in the case of Mr. van Niekerk); and one times (in the case of Mr. Wray, Mr. Crew and Mr. Wasel); and
- (vi) an amount equal to a multiple of the RRSP or other pension contributions made by the Company in the past year of one and one-half times (in the case of Mr. van Niekerk); and one times (in the case of Mr. Wray, Mr. Crew and Mr. Wasel).

Treatment of Equity Awards – The Employment Agreements do not address the treatment of prior equity awards made to a NEO in the event the NEO's termination of employment results from material breach. As a result, the treatment of such prior equity awards is governed by the terms of the applicable equity plan.

Termination of Employment Following a Change of Control

Severance Payments – If, within twelve (12) months following a Change of Control, the NEO's employment is terminated either (i) by the Company without cause or (ii) by the NEO for "Good Reason", the NEO is entitled to payment of:

- (i) accrued and unpaid base salary;
- (ii) accrued and unused vacation;
- (iii) an amount equal to base salary of twenty-four (24) months (in the case of Mr. Wray and Mr. Wasel); eighteen (18) months (in the case of Mr. van Niekerk); and twelve (12) months (in the case of Mr. Crew);
- (iv) an amount equal to a multiple of the average of (a) the target annual incentive award in respect of the then current fiscal year and (b) the annual incentive award paid in respect of the prior fiscal year of two times (in the case of Mr. Wray and Mr. Wasel); one and one-half times (in the case of Mr. van Niekerk); and one times (in the case of Mr. Crew);
- (v) an amount equal to a multiple of the benefits paid by the Company on behalf of the NEO in the most recent year of two times (in the case of Mr. Wray and Mr. Wasel); one and one-half times (in the case of Mr. van Niekerk); and one times (in the case of Mr. Crew);
- (vi) an amount equal to the target annual incentive award for the current year pro rata to the Change of Control termination date;
- (vii) an amount equal to a multiple of the RRSP contributions made by the Company on behalf of the NEO during the last year of one and one-half times (in the case of Mr. van Niekerk); and

- (viii) outplacement services, the cost of which will not exceed the lesser of \$25,000 and 10% of base salary (in the case of Mr. Wray, Mr. van Niekerk and Mr. Crew) and 10% of base salary (in the case of Mr. Wasel).

Treatment of Equity Awards – If the employment of the NEO is terminated without cause following a Change of Control, then:

- in the case of Mr. Wray, all stock options become immediately exercisable and vested and shall remain exercisable for a period of twelve (12) months from the date of termination provided that the Company's share price performance is at or above the 50th percentile of the TSR Comparator Group; and
- in the case of all other NEOs, all stock options become immediately exercisable and vested and shall remain exercisable for a period of twelve (12) months from the date of termination.

A Change of Control will be deemed to have occurred upon the happening of any of the following events:

- (a) the acquisition of more than 50% (or, in the case of Mr. Wasel, 30%) of the Company's voting stock by a person or group;
- (b) persons who are Incumbent Directors cease to constitute a majority of the Board;
- (c) shareholders approve a merger, consolidation or amalgamation of the Company with any other corporation, other than a merger, consolidation or amalgamation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least 50% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger, consolidation or amalgamation; or
- (d) the shareholders approve a plan of complete liquidation of the Company or the sale or disposition by the Company of all or substantially all of the Company's assets.

"Incumbent Director" means any person who serves on the Board at the date of the employment agreement and any person who is added to the Board thereafter with the approval of a majority of the persons who are then Incumbent Directors.

The potential payments to each NEO (who remains a NEO in 2020) in the event such NEO's employment is terminated (all of which are in addition to benefits generally available to employees upon termination of employment), are set out in the following tables. The amounts in the following table assume that the effective date of termination was December 31, 2019. The closing price of the Common Shares on the TSX on December 31, 2019 was CAD\$4.92 (converted into \$3.69 using an exchange rate based on the Bank of Canada's average rate for 2019 of \$0.75 per CAD\$1.00).

Eligibility: Any director or employee of, or independent consultant to, the Company or any of its subsidiaries.

Payment on Exercise: Upon exercise of a SAR, the participant will be entitled to receive an amount in respect of each SAR equal to the amount by which the fair market value of one Common Share as of the date of such exercise exceeds the fair market value of one Common Share as of the grant date of grant of such SAR.

Outstanding:

Outstanding as at January 1, 2019	67,400
Granted in 2019	285,000
Exercised in 2019	203,000
Expired in 2019	3,000
Forfeited in 2019	160,000

In the event of a grantee's termination by reason of death, disability or retirement, all outstanding SARs held by the grantee prior to the termination date may, in the sole discretion of the Compensation Committee, become fully vested.

Termination of Employment:

If a grantee's termination is a result of resignation or termination without cause, all outstanding SARs held by the grantee that were vested and entitled to be exercised may be exercised for 30 days following such termination. If the grantee's termination of employment or service is a result of termination for cause, all outstanding SARs held by the grantee are deemed to expire and the grantee will not be entitled to exercise any SARs that may have otherwise vested. The SARs Plan provides that it will terminate on February 13, 2022, unless it is terminated on an earlier date in accordance with the terms of the SARs Plan.

Employees' Stock Bonus Plan / Executive Management Performance Bonus Plan

As neither of these plans had been utilized by the Company for several years, the Board recently determined to terminate them.

Burn Rates

The annual burn rates over the last three financial years for awards under the Company's share-based compensation arrangements are set out in the table below. In accordance with TSX rules, the burn rate is calculated by dividing the number of share-based awards granted under share-based compensation arrangements during the applicable fiscal year by the weighted average number of securities outstanding for the applicable fiscal year, expressed as percentage.

During the year ended December 31, 2018, the Company consolidated the common shares of the Company on the basis of one post-consolidation common share for every five pre-consolidation common shares. The common shares of the Company began trading on a consolidation-adjusted basis on the TSX and the NYSE American when the markets opened on October 30, 2018. All share data and equity-based compensation plans have been retroactively adjusted to give effect to the consolidation.

Fiscal Year	Common Shares Outstanding at December 31	Stock Option Plan		PRSU Plan		Total	
		# Granted	% of Common Shares Outstanding	# Granted	% of Common Shares Outstanding	# Granted	% of Common Shares Outstanding

3.2 Crediting of Performance Share Units and Dividend Performance Share Units

Performance Share Units granted to a Participant shall be credited to the Participant's Performance Share Unit Account on the Grant Date. Each grant of Performance Share Units must be confirmed by a Grant Agreement that may be acknowledged electronically by the Participant. - (a) the amount of the dividend declared and paid per Common Share multiplied by the number of Performance Share Units, recorded in the Participant's Share Unit Account on the date for the payment of such dividend, divided by
- (b) the Fair Market Value of a Common Share as at the dividend payment date.

3.3 Redemption Date Notice

 - (i) issuing from treasury the number of Common Shares equal to one Common Share for each whole Vested Performance Share Unit to be redeemed and delivering to the Participant (A) such number of Common Shares; less (B) the number of Common Shares with a Fair Market Value equal to the Applicable Withholdings;
 - (ii) the Corporation purchasing on a stock exchange or marketplace the number of Common Shares equal to one Common Share for each whole Vested Share Unit to be redeemed and delivering to the Participant (A) such number of Common Shares; less (B) the number of Common Shares with a Fair Market Value equal to the Applicable Withholdings;
 - (iii) the Corporation paying to the Participant an amount (the "**Performance Share Unit Amount**") equal to: (A) the number of Vested Performance Share Units to be redeemed multiplied by (B) the Fair Market Value minus (C) Applicable Withholdings; or
 - (iv) a combination of (i), (ii) and (iii).

In the case of a redemption under Section 3.4(a)(i) or (ii), the number of Common Shares with a Fair Market Value equal to the Applicable Withholdings shall be sold by the Corporation on behalf of the Participant and the net proceeds of such sale remitted by the Corporation to the appropriate taxation authorities. The Common Shares shall be issued and/or the Performance Share Unit Amount shall be paid as a lump-sum by the Corporation within ten business days of the Applicable Date.

- (b) If the Corporation redeems the Vested Performance Share Units by delivering Common Shares purchased by the Corporation on a stock exchange or marketplace then, prior to 11:00 a.m. on the Applicable Date or, where the Applicable Date is not a trading day for Common Shares on the applicable stock exchange or marketplace, on the next such trading day, the Corporation shall notify a broker or other person designated by the Participant who shall be independent from the Corporation and who has the proper permits, licenses and authorizations to purchase Common Shares through a stock exchange or marketplace (the "**Broker**"), as to:

- (i) the number of whole Common Shares to be purchased by the Broker in satisfaction of the Performance Share Units to be issued to the Participant pursuant to Section 3.4(a)(ii), on the applicable stock exchange or marketplace, as of the Applicable Date, which number shall be equal to one Common Share for each whole Vested Performance Share Unit to be redeemed less the number of Common Shares with a Fair Market Value equal to the Applicable Withholdings; or
- (ii) the amount available to purchase Common Shares to be issued to the Participant pursuant to Section 3.4(a)(ii), which amount shall be equal to (A) the number of Vested Performance Share Units to be redeemed multiplied by (B) the Fair Market Value minus (C) Applicable Withholdings.

As soon as practicable thereafter, the Broker shall purchase on the applicable stock exchange or marketplace the number of whole Common Shares required to be purchased by the Broker. The Corporation shall for this purpose (i) reimburse the Broker for its costs of purchasing such Common Shares, or (ii) provide to the Broker the amount necessary to purchase such Common Shares.

- (c) If the Corporation redeems the Vested Performance Share Units by delivering Common Shares as provided for herein and an amount remains payable to the Participant such amount shall be paid in cash to the Participant. For certainty, if the Corporation would otherwise be required to deliver a fractional number of Common Shares to a Participant, such number of Common Shares to be delivered by the Corporation shall be rounded down to the nearest whole Common Share.

3.5 Effect of Redemption of Performance Share Units.

A Participant shall have no further rights respecting any Vested Performance Share Unit which has been redeemed in accordance with the Sub-Plan.

Dividend Performance Share Units shall vest at the same time and in the same proportion as the associated Performance Share Units.

4.2 Performance Vesting

The number of Performance Share Units which vest on a Vesting Date (each, a “**Vested Performance Share Unit**”) is the number of Performance Share Units and Dividend Performance Share Units scheduled to vest on such Vesting Date multiplied by the Adjustment Factor.

4.3 Resignation and Termination for Just Cause

If the employment of a Participant is terminated due to resignation by the Participant or by the Corporation for Just Cause, the Participant shall forfeit all rights, title and interest with respect to Performance Share Units and the related Dividend Performance Share Units which are not Vested Performance Share Units at the Participant’s Termination Date. All Vested Performance Share Units and related Dividend Performance Share Units will be redeemed as of the Participant’s Termination Date.

4.4 Termination Without Just Cause

If the employment of a Participant is terminated by the Corporation without Just Cause, a pro-rata portion of the Participant's unvested Performance Share Units and related Dividend Performance Share Units shall vest based on the number of complete months from the first day of the Performance Period to the Termination Date divided by the number of months in the Performance Period and using the Adjustment Factor calculated as at the Termination Date. The Participant shall forfeit all rights, title and interest with respect to Performance Share Units and Dividend Performance Share Units which are not Vested Performance Share Units. All Vested Performance Share Units and related Dividend Performance Share Units will be redeemed as of the Participant's Termination Date.

4.5 Death or Disability of Participant

If the employment of a Participant is terminated due to the death or Disability of the Participant, all of the Participant's Performance Share Units and related Dividend Performance Share Units shall vest immediately prior to the date of the Participant's death or termination due to Disability using an Adjustment Factor of 100%. The Participant's Vested Performance Share Units shall be redeemed as of the date of death or termination due to Disability.

4.6 Retirement of a Participant

If the employment of a Participant is terminated by the Retirement of the Participant, all of the Participant's Performance Share Units and related Dividend Performance Share Units shall continue to vest in the ordinary course. The Vested Performance Share Units shall be redeemed as at the Vesting Date.

The Vested Performance Share Units shall be redeemed as at the Termination.

Section 5. General

In the event of any stock dividend, stock split, combination or exchange of shares, merger, consolidation, spin-off or other distribution (other than normal cash dividends) of the Corporation's assets to shareholders, or any other change in the capital of the Corporation affecting Common Shares, the Committee will make such proportionate adjustments, if any, as the Committee in its discretion may deem appropriate to reflect such change (for the purpose of preserving the value of the Performance Share Units), with respect to (i) the number or kind of shares or other securities on which the Performance Share Units and Dividend Performance Share Units are based; and (ii) the number of Performance Share Units and Dividend Performance Share Units; provided, however, that no substitution or adjustment will obligate the Corporation to issue or sell fractional shares.

5.2 Amendment, Suspension, or Termination of Sub-Plan

- (a) No new awards may be made under the Sub-Plan after the 10th anniversary of the Effective Date. The Committee may amend, suspend or terminate the Sub-Plan, or any portion thereof, at any time, subject to those provisions of applicable law (including, without limitation, the rules, regulations and policies of the Toronto Stock Exchange and the NYSE American), if any, that require the approval of shareholders or any governmental or regulatory body.

- (b) The Board may from time to time, in its absolute discretion and without the approval of the shareholders of the Corporation, make the following amendments to the Sub-Plan or any Performance Share Unit:
- (i) any amendment to the vesting provisions of the Sub-Plan and any Grant Agreement, including to accelerate, conditionally or otherwise, on such terms as it sees fit, the vesting date of a Performance Share Unit;

 - (iii) any amendment to the Sub-Plan and any Grant Agreement to permit the conditional redemption of any Performance Share Unit;
 - (iv) any amendment of a “housekeeping” nature, including, without limitation, to clarify the meaning of an existing provision of the Sub-Plan, correct or supplement any provision of the Sub-Plan that is inconsistent with any other provision of the Sub-Plan, correct any grammatical or typographical errors or amend the definitions in the Sub-Plan regarding administration of the Sub-Plan;
 - (v) any amendment respecting the administration of the Sub-Plan; and
 - (vi) any other amendment that does not require the approval of the shareholders of the Corporation including, for greater certainty, an amendment in connection with a Change of Control to assist the Participants to tender the underlying Common Shares to, or participate in, the actual or potential event or to obtain the advantage of holding the underlying Common Shares during such event; and to terminate, following the successful completion of such event, on such terms as it sees fit, the Performance Share Units not redeemed prior to the successful completion of such event.
- (c) Shareholder approval will be required for the following amendments:
- (i) any amendment to increase the number of Common Shares issuable under the Sub-Plan or change the Sub-Plan from a fixed maximum number of Common Shares issuable to a fixed maximum percentage of Common Shares issuable;
 - (ii) any amendment expanding the categories of Eligible Person which would have the potential of broadening or increasing Insider participation;
 - (iii) any amendment extending the term of a Share Unit or any rights pursuant thereto held by an Insider beyond its original expiry date;
 - (iv) the addition of any other provision which results in participants receiving Common Shares, while no cash consideration is received by the Corporation;
 - (v) amendments to this Section 5.2; and

- (vi) amendments required to be approved by shareholders under applicable law (including, without limitation, the rules, regulations and policies of the Toronto Stock Exchange and the NYSE American).
- (d) If the Sub-Plan is terminated, the provisions of the Sub-Plan and any administrative guidelines, and other rules adopted by the Board and in force at the time of the Sub-Plan, will continue in effect as long as a Performance Share Unit or any rights pursuant thereto remain outstanding. However, notwithstanding the termination of the Sub-Plan, the Board may make any amendments to the Sub-Plan or the Performance Share Units it would be entitled to make if the Sub-Plan were still in effect.
- (e) The Board may amend or modify any outstanding Performance Share Unit in any manner to the extent that the Board would have had the authority to initially grant the award as so modified or amended; provided that, where such amendment or modification is materially adverse to the holder, the consent of the holder is required to effect such amendment or modification.

5.3 Non-Exclusivity

Nothing contained herein will prevent the Board from adopting other or additional compensation arrangements for the benefit of any Participant, subject to any required regulatory or shareholder approval.

5.4 Unfunded Sub-Plan

To the extent any individual holds any rights under the Sub-Plan, such rights (unless otherwise determined by the Committee) shall be no greater than the rights of an unsecured general creditor of the Corporation.

5.5 Successors and Assigns

The Sub-Plan shall be binding on all successors and assigns of the Participating Companies and each Participant, including without limitation, the legal representative of a Participant, or any receiver or trustee in bankruptcy or representative of the creditors of a Participating Company or a Participant.

5.6 Transferability of Awards

Rights respecting Performance Share Units and Dividend Performance Share Units shall not be transferable or assignable other than by will or the laws of descent and distribution.

5.7 Effect of Change of Control

Notwithstanding any other provision of the Sub-Plan, in the event of a Change of Control, any surviving, successor or acquiring entity shall assume any outstanding Performance Share Units and Dividend Performance Share Units or shall substitute similar share units for the outstanding Performance Share Units and Dividend Performance Share Units. If the surviving, successor or acquiring entity does not assume the outstanding Performance Share Units and Dividend Performance Share Units or substitute similar share units for the outstanding Performance Share Units and Dividend Performance Share Units, or if the Committee otherwise determines in its sole discretion, the Corporation shall give written notice to all Participants advising that the Sub-Plan shall be terminated effective immediately prior to the Change of Control and a specified number of outstanding Performance Share Units and Dividend Performance Share Units shall be deemed to be Vested Performance Share Units and shall be redeemed as of the termination date of the Sub-Plan. The number of Performance Share Units and Dividend Performance Share Units which are deemed to be Vested Performance Share Units shall be determined in the Committee's discretion using an Adjustment Factor of not less than 100% and not more than 200%.

5.8 No Special Rights

Nothing contained in the Sub-Plan or in any Performance Share Unit or Dividend Performance Share Unit will confer upon any Participant any right to the continuation of the Participant's employment by a Participating Company or interfere in any way with the right of any Participating Company at any time to terminate that employment or to increase or decrease the compensation of the Participant. Share Units and Dividend Performance Share Units shall not be considered Common Shares nor shall they entitle any Participant to exercise voting rights or any other rights attaching to the ownership of Common Shares, nor shall any Participant be considered the owner of Common Shares by virtue of his/her ownership of Performance Share Units or Dividend Performance Share Units.

5.9 Other Employee Benefits; Relationship with Employment

**GOLDEN STAR RESOURCES LTD.
MANDATE OF THE BOARD OF DIRECTORS
(February 21, 2019)**

GOLDEN STAR RESOURCES LTD.

MANDATE OF THE BOARD OF DIRECTORS

The responsibility of the board of directors (the “**Board**”) of Golden Star Resources Ltd. (“**Golden Star**” or the “**Company**”) is to oversee the management of the business and affairs of the Company as required under applicable legislation and stock exchange rules. The Board delegates the responsibility for day to day operations to the Chief Executive Officer (“**CEO**”) and the management team.

BOARD COMPOSITION

Membership Criteria and Board Succession

The Nominating and Corporate Governance Committee is responsible for maintaining a Board succession plan that is responsive to the needs of Golden Star and the interests of its shareholders.

Candidates are initially considered and recommended by the Nominating and Corporate Governance Committee then approved by the entire Board and elected annually by the Company’s shareholders.

Candidates will be identified based on the current composition of the Board, including the diversity of its membership and the competencies and skills that it possesses as a whole and the competencies and skills the candidate would bring to the Board. The nominee’s integrity, reputation and accomplishments and the ability of the candidate to contribute to effective oversight of the management of the Company will also be considered.

Majority Voting Policy

Each director should be individually elected by the vote of a majority of the shares represented in person or by proxy at any meeting for the election of directors. Forms of proxy for the election of directors will permit a shareholder to vote in favour of, or to withhold from voting, separately for each director nominee. The Chair of the Board will ensure that the number of shares voted in favour or withheld from voting for each director nominee is recorded and promptly made public after the meeting. If any nominee for director receives, from the shares voted at the meeting in person or by proxy, a greater number of shares withheld than shares voted in favour of his or her election, that director must promptly tender his or her resignation to the Chair of the Board following the meeting. The Board shall determine whether or not to accept the resignation within 90 days after the date of the relevant security holders’ meeting. The Board must accept the resignation unless there are exceptional circumstances which warrant not accepting the resignation. The resignation will be effective when accepted by the Board. The Company will promptly issue a news release with respect to the Board’s decision on the resignation and, if the Board decides not to accept the resignation, the reasons for that decision will be set out in the news release.

Any director who tenders his or her resignation will not participate in any Board deliberations as to whether his or her resignation should be accepted. In the event any director fails to tender his or her resignation in accordance with this policy, the Board will not re-nominate the director. Subject to any corporate law restrictions, the Board is not limited in any action it may take if a director’s resignation is accepted, including (i) leaving a vacancy in the Board unfilled until the next annual general meeting; (ii) filling the vacancy by appointing a new director whom the Board considers to merit the confidence of the shareholders; or (iii) calling a special meeting of shareholders to consider a new Board nominee to fill the vacant position.

This majority voting policy does not apply to a contested election of directors, that is, where the number of nominees exceeds the number of directors to be elected.

Director Independence

The Board shall be constituted of a majority of directors who are “independent”, as determined by the Board in accordance with applicable securities laws and stock exchange rules. Generally, an independent director means a director who has no direct or indirect material relationship with the Company. For these purposes, “material relationship” means a relationship which could, in the view of the Board, reasonably interfere with the exercise of a director’s independent judgment.

Directors have an ongoing obligation to inform the Board of any material changes in their circumstances or relationships which may affect the Board’s determination as to their independence.

The Board will review the independence of all directors on an annual basis and will disclose its determinations in the Company’s management information circular.

Size

The Board shall be comprised of at least 3 and not more than 15 directors, as specified in the Company’s by-laws.

Retirement

Directors may serve on the Board until the annual meeting of shareholders following their 72nd birthday and may not be re-elected after reaching age 72.

Term

In order to balance the interests of the Company in retaining directors who have been able to develop, over a period of time, significant insight into the Company and its operations and an institutional memory that benefits the Board as well as management while, at the same time, ensuring for sufficient renewal, directors are subject to a term limit of 12 years.

Chair

Each year, the Board will elect a Chair from among its members. The Board has developed a Mandate for the Chair of the Board which shall be reviewed at least annually by the Nominating and Corporate Governance Committee and the Board.

MEETINGS

Scheduling

Board meetings are scheduled in advance at appropriate intervals throughout the year. In addition to regularly scheduled Board meetings, additional meetings may be called upon the giving of proper notice at any time to address specific needs of the Company. The Board may also take action from time to time by unanimous written consent. A Board meeting may be called by the Chair of the Board, the CEO or any director.

Notice

Notice of the time and place of each meeting of the Board must be given to each director either by personal delivery, electronic mail, facsimile or other electronic means not less than 48 hours before the time of the meeting. Board meetings may be held at any time without notice if all of the directors have waived or are deemed to have waived notice of the meeting. A director participating in a Board or committee meeting is deemed to have waived notice of the meeting.

Agenda

The Chair of the Board shall establish the agenda for each Board meeting in consultation with the CEO. The agenda will be distributed to directors in advance of each Board meeting to allow the Board members sufficient time to review and consider the matters to be discussed. Each Board member is free to request the inclusion of other agenda items, request the presence of, or a report by, any member of senior management and/or request the consideration of matters that are not on the agenda for that meeting, although voting on matters so raised may be deferred to another meeting to permit proper preparation for a vote on an unscheduled matter.

Location

All Board meetings shall take place in Canada, whenever possible.

In instances where a Board meeting takes place by telephone or teleconference: (i) a majority of the Board members, the Chairman and the Corporate Secretary must attend in person at a location in Canada; (ii) the dial-in details should show that the main 'trunk-line' was a Canadian telephonic exchange; (iii) no Board member should dial into the Board meeting from the UK; and (iv) the dial-in details shall show that the main 'trunk-line' was a Canadian telephonic exchange.

In-Camera Sessions

Independent directors will meet without management present at every Board meeting and at such other times as they may determine appropriate. The Chair of the Board will inform the CEO of the substance of these meetings to the extent that action is required by management.

Distribution of Information

Information and data that are important to the Board's understanding of the business to be conducted at a Board meeting will normally be distributed to the directors reasonably in advance of the meeting or as soon as possible.

Attendance

A director who is unable to attend a Board meeting in person may participate by telephone or teleconference provided that a majority of the Board members, the Chairman and the Corporate Secretary attend in person at a location in Canada.

Quorum

The quorum for any Board meeting is a majority of directors.

Minutes

The Corporate Secretary shall ensure that minutes of Board meetings are recorded with clear indication of where the Board meeting took place, the directors who were present in person and each of their various locations. Board minutes shall be retained at the Company's registered office in Canada.

DELEGATION OF POWERS TO COMMITTEES AND SENIOR MANAGEMENT

Subject to the limitations imposed by statute and the Board's oversight function and ultimate responsibility for the stewardship of the Company, responsibility for the day-to-day management of the Company's business and affairs has been delegated to Golden Star's senior officers, who may be employed by Golden Star Resources (UK) Ltd. or another Golden Star subsidiary. RESPONSIBILITIES OF DIRECTORS

The primary responsibility of individual directors is to act honestly and in good faith and to exercise their business judgment in what they reasonably believe to be the best interests of Golden Star and its shareholders.

The Board has developed the following specific expectations of directors to promote the discharge by the directors of their responsibilities and to promote the proper conduct of the Board:

- *Understand the Company and its Business.* Each director is expected to develop and maintain a thorough understanding of Golden Star's business, its strategy, business operations, financial position and performance, the risks it faces and the social and political environments in which it operates.
- *Loyalty and Ethics.* All directors owe a duty of loyalty to Golden Star which requires each director to put the best interests of Golden Star ahead of any other commercial interest he or she may have. Directors are expected to conduct themselves in accordance with Golden Star's Code of Ethics for Directors and Officers and its Business Conduct and Ethics Policy. Directors must disclose any conflict of interest on any issue, including any interest in a material contract or transaction, brought before the Board and refrain from participating in the Board discussion and voting on the matter unless asked by the Board to do so.
- *Prepare for Meetings.* Directors are expected to diligently prepare for each meeting, including by reviewing all materials circulated in advance of each meeting and should arrive prepared to discuss the issues presented. Directors are encouraged to contact the Chair of the Board, committee Chairs, the CEO and any other appropriate senior officer to ask questions and discuss agenda items prior to meetings.

The Board may determine that the costs of particular continuing education opportunities be assumed by Golden Star.
- *Other Directorships and Significant Activities.* Golden Star values the experience directors bring from other boards on which they serve and other activities in which they participate but recognizes that those boards and activities may also present demands on a director's time and availability and may present conflicts or legal issues, including independence issues. Each director should, when considering membership on another board, make every effort to ensure that such membership will not impair the director's time and availability for his or her commitment to Golden Star. The Board believes that this objective is served by limiting the number of other public company boards a director may serve on to three. Directors must advise the Chair of the Board, the Chair of the Nominating and Corporate Governance Committee and the CEO before accepting membership on the board of another public company or establishing other significant relationships, particularly those that may result in significant time commitments.
- *Confidentiality.* Each director must maintain the confidentiality of information received in connection with his or her services as a director of the Company.
