**Additional Notes:**

## **Reporting Principles**

### **1. Basis of Accounting**

The Schedule of Payments by Payee and the Schedule of Payments by Project (collectively, the “Schedules”) prepared by Eldorado Gold Corporation (the “Company”) for the year ended December 31, 2017 has been prepared in accordance with the financial reporting provisions in Section 9 of the Extractive Sector Transparency Measures Act, Section 2.3 of the Extractive Sector Transparency Measures Act – Technical Reporting Specifications and Section 3 of the Extractive Sector Transparency Measures Act – Guidance Version 2 (collectively the “financial reporting framework”).

The Schedules are prepared to provide information to the Board of Directors of Eldorado Gold Corporation and the Minister of Natural Resources Canada to assist in meeting the requirements of the Extractive Sector Transparency Measures Act. As a result, the Schedules may not be suitable for another purpose.

### **2. Basis of Presentation**

The Schedules have been prepared using the cash basis of accounting, as required by the financial reporting framework, and therefore exclude any accruals related to payments due to governments.

The Schedules include all cash payments made, without inclusion of cash inflows from a government. Where the Company makes a payment to a government that is net of credits from that government, the net payment amount has been presented.

### **3. Reporting Currency**

All payments are reported in U.S. dollars which is the reporting currency of the Company. When the Company has made payments in currencies other than its reporting currency, it translates the payments using the exchange rate on the date of the individual payment.

### **4. Rounding**

All figures have been rounded to the nearest \$10,000 U.S. dollars.

### **5. Control**

As required by the financial reporting framework, the Company has reported payments made by entities controlled by the Company. The Company has determined whether it controls an entity in accordance with International Financial Reporting Standards.

### *Management's Responsibility for the Schedules*

Management is responsible for the preparation of the schedules in accordance with the financial reporting framework referred to above, and for such internal control as management determines is necessary to enable the preparation of the schedules that is free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these schedules based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the annual report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedules. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement in the schedules, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation of the schedules in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the Schedule of Payments by Payee amounting to \$39,680,000 and the Schedule of Payments by Project amounting to \$39,680,000 of the Company for the year ended December 31, 2017 are prepared, in all material respects, in accordance with the financial reporting framework referred to above.

The Schedules are prepared to provide information to the Directors of Eldorado Gold Corporation and the Minister of Natural Resources of Canada to assist the Company in meeting the requirements of the ESTMA. As a result, the Schedules may not be suitable for another purpose.
