Dear Stockholder:

On behalf of the Board of Directors (the “Board”) of **CERUS CORPORATION**, a Delaware corporation (the “Company”), you are cordially invited to attend the Company’s 2019 Annual Meeting of Stockholders (the “Annual Meeting”), to be held on Wednesday, June 5, 2019 at 9:00 a.m. local time at the Company’s offices located at 1220 Concord Avenue, Suite 600, Concord, CA 94520. This year, stockholders are being asked to consider and act upon the following items, each of which is more fully discussed in the accompanying Proxy Statement:

1. the election of the two nominees for director named in the Proxy Statement, to hold office until the 2022 Annual Meeting of Stockholders;
2. the approval of an amendment and restatement of the Company’s Amended and Restated 2008 Equity Incentive Plan to increase the aggregate number of shares of common stock available for issuance thereunder by 11,800,000 shares and to make certain other changes thereto as described further in the accompanying Proxy Statement;
3. the approval, on an advisory basis, of the compensation of the Company’s named executive officers as disclosed in the accompanying Proxy Statement;
4. the ratification of the selection by the Audit Committee of the Board of Directors of Ernst & Young LLP as the independent registered public accounting firm of the Company for its fiscal year ending December 31, 2019; and
5. such other business as may be properly brought before the Annual Meeting.

We are mailing most of our stockholders a Notice of Internet Availability of Proxy Materials (the “Notice”), rather than a paper copy of the Proxy Statement and the Company’s 2018 Annual Report. If you would like to receive a paper or electronic copy of these materials, please refer to the instructions as set forth in the Notice. The Notice also contains instructions on how to access the proxy materials online, as well as how to vote over the telephone, the internet or in person.

We hope you will read the Proxy Statement and submit your proxy, or use telephone or Internet voting, prior to the meeting. Even if you plan to attend the meeting, please vote or submit your proxy as soon as possible to ensure that your shares are voted at the meeting in accordance with your instructions. If you vote over the telephone or the Internet, your vote must be received no later than 11:59 p.m. Eastern Time on June 4, 2019 in order to be counted. If you hold your shares through a broker, bank, or other nominee, please follow the instructions you receive from your broker, bank, or other nominee, as applicable, to vote your shares.

On behalf of the Board and our management team, we thank you for your continued support.

The record date for the Annual Meeting is April 12, 2019. Only stockholders of record at the close of business on that date may vote at the Annual Meeting or any adjournment thereof.

I personally look forward to seeing you at the Annual Meeting.

By Order of the Board of Directors

Lori L. Roll
Secretary

Concord, California
April 26, 2019

You can vote over the telephone or the internet, or, if you received a printed copy of the proxy materials via mail, by completing, signing and returning the proxy card as instructed in the materials. Even if you have voted by proxy, you may still vote in person if you attend the Annual Meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote in person at the Annual Meeting, you must bring with you a proxy issued in your name from that record holder that confirms that you are the beneficial owner of those shares or follow the instructions for internet or telephone voting procedures provided by your broker, bank or other nominee.

PROXY STATEMENT
FOR THE 2019 ANNUAL MEETING OF STOCKHOLDERS
JUNE 5, 2019

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why did I receive a notice regarding the availability of proxy materials on the internet or a full set of proxy materials?

We have sent or made available to you these proxy materials because our Board of Directors, or the Board, is soliciting your proxy to vote at the 2019 Annual Meeting of Stockholders, or the Annual Meeting, including any adjournments or postponements of the Annual Meeting. Pursuant to rules adopted by the Securities and Exchange Commission, or the SEC, we have elected to provide access to our proxy materials to our stockholders over the internet. Accordingly, we are sending by mail only a Notice of Internet Availability of Proxy Materials, or the Notice, to certain of our stockholders of record and posting our proxy materials online at www.proxyvote.com. In addition, certain of our stockholders who previously requested to receive paper copies of our proxy materials instead of a Notice will be furnished a full set of proxy materials in the mail instead of the Notice. We intend to mail the full sets of proxy materials to the stockholders described in the previous sentence on or about April 26, 2019. A stockholder's election to receive proxy materials by mail or email will remain in effect until the stockholder terminates it.

The Notice contains only an overview of the complete proxy materials available. Stockholders are encouraged to access and review all the proxy materials on the website referred to in the Notice or request a paper or electronic copy of the full set of the proxy materials for review prior to voting. Instructions on how to access the proxy materials over the internet or to request a paper or electronic copy of the full set of the proxy materials may be found in the Notice. We intend to mail the Notice on or about April 26, 2019 to all stockholders of record as of April 12, 2019.

If I received a Notice, will I receive any proxy materials by mail other than the Notice?

No. If you received a Notice, you will not receive any other proxy materials by mail unless you request a paper or electronic copy of the proxy materials. To request that a full set of the proxy materials be sent to your specified postal or email address, please go to www.proxyvote.com or call 1-800-579-1639. Please have your proxy card in hand when you access the website or call and follow the instructions provided. You may also request a full set of the proxy materials by sending an email, referencing the control number set forth in the Notice, to sendmaterial@proxyvote.com.

We may send you a proxy card, along with a second Notice, on or after May 6, 2019.

How do I attend the Annual Meeting?

The Annual Meeting will be held on Wednesday, June 5, 2019 at 9:00 a.m. local time at our offices located at 1220 Concord Avenue, Concord, CA 94520. Directions to the Annual Meeting may be found at <http://www.cerus.com/About-Cerus/map-and-directions-usa/default.aspx>. Information on how to vote in person at the Annual Meeting is discussed below.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on April 12, 2019 are entitled to vote at the Annual Meeting. On this record date, there were 137,835,844 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on April 12, 2019, your shares were registered directly in your name with our transfer agent, Wells Fargo Shareowner Services, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy over the telephone or on the internet as instructed below, or if you request a printed copy of the proxy materials, we urge you to vote by returning your proxy card to ensure your vote is counted. If you submit your proxy telephonically or over the internet, you must vote no later than 11:59 p.m. Eastern Time on June 4, 2019.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 12, 2019 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in “street name” and the Notice or the full set of proxy materials, as applicable, will be forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are four matters scheduled for a vote:

- Proposal No. 1: Election of two directors;
- Proposal No. 2: Approval of an amendment and restatement of the Company’s Amended and Restated 2008 Equity Incentive Plan (the “2008 Plan”) to increase the aggregate number of shares of common stock available for issuance thereunder by 11,800,000 shares and to make certain other changes thereto as further described in this proxy statement;
- Proposal No. 3: Advisory approval of the compensation of our named executive officers, as disclosed in this proxy statement in accordance with SEC rules; and
- Proposal No. 4: Ratification of the selection by the Audit Committee of the Board of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

What if another matter is properly brought before the Annual Meeting?

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

You may either vote “For” all of the nominees to the Board or you may “Withhold” your vote for all nominees or for any individual nominee you specify. For each of the other matters to be voted on, you may vote “For” or “Against” or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, vote by proxy over the telephone, vote by proxy through the internet or vote by proxy using a proxy card that you may request or that

[Table of Contents](#)

was delivered to you. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote in person even if you have already voted by proxy.

- To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.
- To vote using the proxy card, simply complete, sign and date the proxy card that you may request or that was delivered to you, and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.
- To vote over the telephone, dial toll-free 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the Notice or the full set of proxy materials. Your vote must be received by 11:59 p.m., Eastern Time on June 4, 2019 to be counted.
- To vote through the internet, go to <http://www.proxyvote.com> to complete an electronic proxy card. You will be asked to provide the company number and control number from the Notice or the full set of proxy materials. Your vote must be received by 11:59 p.m. Eastern Time on June 4, 2019 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a Notice or the full set of proxy materials containing voting instructions from that organization rather than from us. Simply follow the voting instructions in the Notice or the full set of proxy materials to ensure that your vote is counted. Alternatively, you may vote by telephone or over the internet as instructed by your broker or bank. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

We provide internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you owned as of April 12, 2019.

What happens if I do not vote?

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record and do not vote by completing a proxy card or you do not vote by telephone, through the internet or in person at the Annual Meeting, your shares will not be voted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner and do not instruct your broker, bank, or other agent how to vote your shares, your broker, bank or other agent may still be able to vote your shares in its discretion. In this regard, under the rules of the New York Stock Exchange (NYSE), brokers, banks and other securities intermediaries that are subject to NYSE rules may use their discretion to vote your “uninstructed” shares with respect to matters considered to be “routine” under NYSE rules, but not with respect to “non-routine” matters. In this regard, the

election of directors (Proposal No. 1), the amendment and restatement of the 2008 Plan (Proposal No. 2), and the advisory approval of the compensation of our named executive officers (Proposal No. 3) are matters considered to be “non-routine” under NYSE rules meaning that your broker may not vote your shares on those proposals in the absence of your voting instructions. However, the ratification of the selection by the Audit Committee of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2019 (Proposal No. 4) is considered to be a “routine” matter under NYSE rules meaning that if you do not return voting instructions to your broker by its deadline, your shares may be voted by your broker in its discretion on Proposal No. 4. Uninstructed shares that cannot be voted on “non-routine” matters result in what are commonly referred to as “broker non-votes.”

If you are a beneficial owner of shares held in street name, in order to ensure your shares are voted in the way you would prefer, you must provide voting instructions to your broker, bank or other agent by the deadline provided in the materials you receive from your broker, bank or other agent.

If I am a stockholder of record and I return a proxy card or otherwise vote but do not make specific choices, what happens?

If you return a signed and dated proxy card or otherwise vote without marking voting selections or if you indicate when voting on the internet or by telephone that you wish to vote as recommended by the Board, then your shares will be voted, as applicable, “For” the election of each of the two nominees for director named herein to the Board to hold office until the 2022 Annual Meeting of Stockholders; “For” the approval of the amendment and restatement of the 2008 Plan; “For” advisory approval of the compensation of our named executive officers, as disclosed in this proxy statement; and “For” the ratification of the selection by the Audit Committee of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2019 (each as further described in this Proxy Statement). If any other matter is properly presented at the Annual Meeting, your proxyholder (one of the individuals identified on the proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. We estimate that we will pay Alliance Advisors, LLC, our proxy solicitor, a fee of approximately \$8,500, plus reimbursement of out-of-pocket expenses, which we estimate to be no more than \$2,500, to solicit proxies. The actual costs of this proxy solicitation process could be higher or lower than our estimate. In addition to these written proxy materials, our proxy solicitor, directors and employees may also solicit proxies in person, by telephone or by other means of communication; however, our directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice or more than one set of proxy materials?

If you receive more than one Notice or more than one set of proxy materials, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions for each Notice or set of proxy materials that you receive to ensure that all of your shares are voted.

Can I change or revoke my vote after submitting my proxy?

Stockholder of Record: Shares Registered in Your Name

Yes. You can revoke your proxy and change your vote at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy and change your vote in any one of the following ways, regardless of how you previously voted:

- You may submit another properly completed proxy card with a later date.

[Table of Contents](#)

- You may grant a subsequent proxy by telephone or through the internet.
- You may send a timely written notice that you are revoking your proxy to our Corporate Secretary at 1220 Concord Avenue, Suite 600, Concord, CA 94520.
- You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

Your most current proxy card or telephone or internet proxy is the one that is counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions to change or revoke your vote provided by your broker or bank.

When are stockholder proposals due for next year's annual meeting?

Our stockholders may submit proposals on matters appropriate for stockholder action at annual stockholder meetings in accordance with Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended, or the 1934 Act. For such proposals to be included in our proxy materials relating to our 2020 Annual Meeting of Stockholders, all applicable requirements of Rule 14a-8 must be satisfied and your proposal must be submitted in writing by December 28, 2019 to our Corporate Secretary at 1220 Concord Avenue, Suite 600, Concord, CA 94520. However, if our 2020 Annual Meeting of Stockholders is not held between May 6, 2020 and July 5, 2020, then the deadline will be a reasonable time prior to the time that we begin to print and mail our proxy materials.

Pursuant to our bylaws, if you wish to submit a proposal or nominate a director at our 2020 Annual Meeting of Stockholders, but you are not requesting that your proposal or nomination be included in next year's proxy materials, you must submit your proposal in writing to our Corporate Secretary at 1220 Concord Avenue, Suite 600, Concord, CA 94520 by no earlier than the close of business on March 7, 2020 and no later than the close of business on April 6, 2020. However, if our 2020 Annual Meeting of Stockholders is not held between May 6, 2020 and July 5, 2020, then you must notify our Corporate Secretary, in writing, no earlier than the close of business on the 90th day prior to the date of the 2020 Annual Meeting of Stockholders and no later than the close of business on the later of (i) the 60th day prior to the date of the 2020 Annual Meeting of Stockholders, or (ii) if we publicly announce the date of the 2020 Annual Meeting of Stockholders fewer than 70 days prior to the date of the 2020 Annual Meeting of Stockholders, the 10th day following the day that we first make a public announcement of the date of the 2020 Annual Meeting of Stockholders. We also advise you to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations. The chair of the 2020 Annual Meeting of Stockholders may determine, if the facts warrant, that a matter has not been properly brought before the 2020 Annual Meeting of Stockholders and, therefore, may not be considered at the 2020 Annual Meeting of Stockholders. In addition, if you do not also comply with the requirements of the 1934 Act, our management will have discretionary authority to vote all shares for which we have proxies in opposition to any such stockholder proposal or director nomination.

How are votes counted?

Votes will be counted by the inspector of election appointed for the Annual Meeting, who will separately count, for the proposal to elect directors, votes "For" and "Withhold" and broker non-votes. With respect to the other proposals, the Inspector of Elections will count the votes "For" and "Against," abstentions and, as applicable, broker non-votes. Abstentions and broker non-votes will be treated as shares present for the purpose of determining the presence of a quorum for the transaction of business at the Annual Meeting. However, abstentions and broker non-votes are not counted for the purpose of determining the number of votes cast and will therefore not have any effect with respect to any of the proposals.

How many votes are needed to approve each proposal?

- For Proposal No. 1, the election of directors, the two nominees receiving the highest number of “For” votes (from the holders of shares present in person or represented by proxy and entitled to vote) will be elected as directors. Only votes “For” will affect the outcome of the vote. While “Withhold” votes and broker non-votes will have no effect on the outcome of the vote, we have adopted a Director Resignation Policy pursuant to which any nominee for director at the Annual Meeting would be required to submit an offer of resignation for consideration by the Nominating and Corporate Governance Committee if such nominee for director receives a greater number of “Withhold” votes from her election than votes “For” such election. For more information on this policy see the section titled “Information Regarding the Board of Directors and Corporate Governance—Director Resignation Policy.”
- Proposal No. 2, an amendment and restatement of the 2008 Plan to increase the number of shares of common stock available for issuance thereunder by 11,800,000 shares and to make certain other changes thereto as further described in this proxy statement, will be considered approved if it receives “For” votes from the holders of a majority of the votes cast in person or by proxy at the Annual Meeting. Abstentions and broker non-votes are not counted for the purpose of determining the number of votes cast and will therefore not have any effect on the outcome of the vote on Proposal No. 2.
- Proposal No. 3, advisory approval of the compensation of our named executive officers as disclosed in this proxy statement, will be considered to be approved (on a non-binding advisory basis) if it receives “For” votes from the holders of a majority of the votes cast in person or by proxy at the Annual Meeting. Abstentions and broker non-votes are not counted for the purpose of determining the number of votes cast and will therefore not have any effect on the outcome of the vote on Proposal No. 3.
- To be approved, Proposal No. 4, the ratification of the selection by the Audit Committee of the Board of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019, must receive “For” votes from the holders of a majority of the votes cast in person or by proxy at the Annual Meeting. Abstentions are not counted for the purpose of determining the number of votes cast and will therefore not have any effect on the outcome of the vote on Proposal No. 4. Since Proposal No. 4 is considered to be “routine” under NYSE rules, we do not expect any broker non-votes on Proposal No. 4.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the Annual Meeting in person or represented by proxy. On the record date, there were 137,835,844 shares outstanding and entitled to vote. Thus, the holders of 68,917,923 shares must be present in person or represented by proxy at the Annual Meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or vote over the telephone or on the internet, or if you vote in person at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the chair of the Annual Meeting or the holders of a majority of shares present at the Annual Meeting in person or represented by proxy may adjourn the Annual Meeting to another date.

What proxy materials are available on the internet?

Our proxy statement and annual report to stockholders are available at www.proxyvote.com.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

PROPOSAL NO. 1
ELECTION OF DIRECTORS

This Proposal No. 1 is to elect the two nominees for director named herein to the Board. The Board is divided into three classes and each class has a three-year term. Vacancies on the Board may be filled by a majority of the remaining directors, unless the Board determines by resolution that a vacancy be filled by our stockholders. A director elected by the Board to fill a vacancy in a class, including a vacancy created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is elected and qualified.

The total number of directors constituting the whole Board is presently set at nine members. In March 2019, Dr. Corash announced his intention to not stand for reelection at, and he will retire from the Board effective as of, the Annual Meeting. Thus, there are two directors in the class whose term of office expires at the Annual Meeting. Proxies will not be voted for a greater number of persons than the two nominees named below. Of the two nominees listed below, only Ms. Schulze was previously elected as a director of Cerus by our stockholders. The Board elected Ms. Nachtsheim to the Board in March 2019 upon the recommendation of the Nominating and Corporate Governance Committee based on its review of her qualifications and experience. Ms. Nachtsheim was initially recommended by Dr. Witney based on his previous experience serving with her on the board of directors at Affymetrix, Inc. If elected at the Annual Meeting, each of these nominees would serve until the 2022 Annual Meeting of Stockholders and until her successor has been duly elected and qualified, or, if sooner, until the director's death, resignation or removal. It is our policy to invite directors and nominees for director to attend our annual meetings of stockholders. In 2018, Dr. Witney, Ms. Schulze and Mr. Greenman attended our 2018 Annual Meeting of Stockholders.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. The two nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of each of the nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, the proxies will be voted for the election of a substitute nominee or nominees proposed by our Nominating and Corporate Governance Committee. Each nominee for election has consented to being named as a nominee in this proxy statement and has agreed to serve if elected. Our management has no reason to believe that any of these nominees will be unable to serve.

Although the election of directors at the Annual Meeting is uncontested and directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors, and we therefore expect that each of the named nominees for director will be elected at the Annual Meeting, we have adopted a Director Resignation Policy pursuant to which any nominee for director at the Annual Meeting would be required to submit an offer of resignation for consideration by the Nominating and Corporate Governance Committee if such nominee for director receives a greater number of "Withhold" votes from her election than votes "For" such election. For more information on this policy see the section titled "Information Regarding the Board of Directors and Corporate Governance—Director Resignation Policy."

The Nominating and Corporate Governance Committee seeks to assemble a board that, as a whole, possesses the appropriate balance of professional and industry knowledge, financial expertise and high-level management experience necessary to oversee and direct our business. The Nominating and Corporate Governance Committee also takes into consideration the tenure and the other commitments of the individual board members. To that end, the Nominating and Corporate Governance Committee identified, and the Board approved, three new members to the Board since the 2018 Annual Meeting, Messrs. Moore and Bjerkholt and Ms. Nachtsheim. Among other skills and expertise, Mr. Moore brings manufacturing and operations expertise, Mr. Bjerkholt brings financial and business development expertise and Ms. Nachtsheim brings commercialization and marketing expertise to the Board. In connection with evaluating these new Board

members, the Nominating and Corporate Governance Committee evaluated each in the broader context of the Board's overall composition, with the goal of having members who complement and strengthen the skills of other members and who also exhibit integrity, collegiality, sound business judgment and other qualities that the Nominating and Corporate Governance Committee views as critical to the effective functioning of the Board. The brief biographies below include information, as of the date of this proxy statement, regarding the specific and particular experience, qualifications, attributes or skills of each director, including the two nominees, that led the Nominating and Corporate Governance Committee and the Board to believe that such director nominee should continue to serve on the Board. However, each member of the Nominating and Corporate Governance Committee and the Board may have a variety of reasons why he or she believes a particular person would be an appropriate contributor to the Board, and these views may differ from the views of the other members.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

INDEPENDENCE OF THE BOARD OF DIRECTORS

The Nasdaq Stock Market, or Nasdaq, listing standards require that a majority of the members of a listed company's board of directors qualify as "independent," as affirmatively determined by the Board. The Board consults with our counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in applicable Nasdaq listing standards, as in effect from time to time.

Consistent with these considerations, after its review to determine if there were any relevant transactions or relationships between each director, or any of his or her family members, and us, our senior management and our independent registered public accounting firm, the Board affirmatively determined that the following seven directors are independent directors within the meaning of the applicable Nasdaq listing standards: Mss. Schulze and Nachtsheim, Dr. Witney and Messrs. Anderson, Bjerkholt, Moore, and Swisher. In making this determination, the Board found that none of these directors had a material or other disqualifying relationship with us. Mr. Greenman, our President and Chief Executive Officer, and Dr. Corash, our Chief Scientific Officer, are not independent directors by virtue of their employment with us. In March 2019, Dr. Corash announced his intention to not stand for reelection at, and he will retire from the Board effective as of, the Annual Meeting.

BOARD LEADERSHIP STRUCTURE

The Board has an independent chair, Mr. Swisher, who has authority, among other things, to call and preside over Board meetings, including meetings of the independent directors, to set meeting agendas and to determine materials to be distributed to the Board. Accordingly, the Board Chair has substantial ability to shape the work of the Board.

We believe that separation of the positions of Board Chair and Chief Executive Officer reinforces the independence of the Board in its oversight of our business and affairs. In addition, we believe that having an independent Board Chair creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board to monitor whether management's actions are in our best interests and the best interests of our stockholders. As a result, we believe that having an independent Board Chair can enhance the effectiveness of the Board as a whole.

ROLE OF THE BOARD IN RISK OVERSIGHT

Our management team is responsible for identifying and reviewing risks facing us, including, without limitation, strategic, operational, financial and regulatory risks and generally meets on a weekly basis as part of such responsibility to review and discuss our risk exposure on a day-to-day basis. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure, our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors compliance with securities and financial regulations, in addition to oversight of the performance of our internal control procedures. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines, which were adopted by the Board in December 2017. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. To the extent any risks identified by each standing committee of the Board are material to our strategic, operational, financial or regulatory matters or otherwise merit discussion by the whole Board, the respective committee chair will raise those risks at the next scheduled meeting of the Board.

[Table of Contents](#)

Typically, the Audit Committee meets at least quarterly to review our major financial risk exposures in connection with various matters, including the filing of our annual and quarterly reports with the SEC. The other committees of the Board meet at least annually to review and discuss each committee’s respective areas of oversight and related risk exposures in such areas. The Board and its committees periodically receive risk management updates through monthly business reports provided by management, in addition to the topics discussed at meetings of the Board or its committees throughout the year. Following consideration of the information provided by management, the Board provides feedback and makes recommendations, as needed, to help minimize our risk exposure.

MEETINGS OF THE BOARD OF DIRECTORS

The Board of Directors met five times during 2018. Each Board member, with the exception of Dr. Corash, attended 75% or more of the aggregate number of the meetings held by the Board and of the committees on which he or she served that were held in 2018. Dr. Corash attended 60% of the aggregate number of meetings held by the Board during 2018.

As required under applicable Nasdaq listing standards, in 2018, our independent directors met five times in regularly scheduled executive sessions at which only independent directors were present.

Below is a description of each standing committee of the Board. Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities. The Board has determined that each member of each committee meets the applicable Nasdaq and SEC rules and regulations regarding “independence” and that each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to us.

Audit Committee

The Audit Committee was established by the Board in accordance with Section 3(a)(58)(A) of the 1934 Act to oversee our corporate accounting and financial reporting processes and audits of our financial statements. The Audit Committee: evaluates the performance of and assesses the qualifications of the independent registered public accounting firm; reviews the relationships between us and any prospective independent registered public accounting firm that may bear on independence and discusses those relationships with the prospective independent registered public accounting firm; determines and approves the engagement of the independent registered public accounting firm; determines whether to retain or terminate the existing independent registered public accounting firm or to appoint and engage a new independent registered public accounting firm; reviews and approves the retention of the independent registered public accounting firm to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent registered public accounting firm on our audit engagement team as required by law; confers with management and the independent registered public accounting firm regarding the effectiveness of internal controls over financial reporting; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints we receive regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; reviews the financial statements to be included in our annual report on Form 10-K; discusses with management and the independent registered public accounting firm the results of the annual audit and the results of our quarterly financial statements; annually discusses with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board, or PCAOB; reviews the results of management's efforts to monitor compliance with our programs and policies designed to ensure adherence to applicable laws and rules, as well as to our Code of Business Conduct and Ethics, including review and approval of related-party transactions, and reviews and discusses with management and the independent registered public accounting firm our disclosures under the caption "Management's Discussion and Analysis of Financial Condition and Results of Operations" in periodic reports filed with the SEC. The Audit Committee also performs those specific functions as set forth above under the heading "Role of the Board in Risk Oversight."

The Audit Committee is currently composed of three directors: Messrs. Anderson and Bjerkholt and Dr. Witney. Mr. Anderson and Dr. Witney were on the Audit Committee, and Dr. Witney served as Chair, for all of 2018. Mr. Swisher served on the Audit Committee until October 2018, at which time he stepped down from the committee concurrent with Mr. Bjerkholt appointment to the Audit Committee upon his joining the Board in October 2018. In March 2019, Dr. Witney stepped down as the Chair of the Audit Committee and Mr. Bjerkholt was appointed as Chair in his stead. Dr. Witney continues to serve as a member of the Audit Committee. The Audit Committee met four times during the fiscal year. The Audit Committee has adopted a written charter that is available to stockholders on our website at www.cerus.com under the section entitled "Investors" at "Corporate Governance."

The Board reviews the Nasdaq listing standards and applicable definitions of independence for Audit Committee members on an annual basis and determined that Mr. Swisher and all current members of our Audit Committee are independent (as independence is currently defined in Rule 5605(c)(2)(A) (i) and (ii) of the Nasdaq listing standards).

The Board has also determined that each member of the Audit Committee qualifies as an "audit committee financial expert," as defined in applicable rules and regulations promulgated by the SEC and satisfied the financial sophistication requirements of the Nasdaq listing standards. The Board made a qualitative assessment of Mr. Anderson's level of knowledge and experience based on a number of factors, including his formal education and his service in executive capacities having financial oversight responsibilities. These positions include various management positions at Baxter International, Inc., pursuant to which Mr. Anderson has experience actively supervising the preparation of financial reports. The Board made a qualitative assessment of Mr. Bjerkholt's level of knowledge and experience based on a number of factors, including his formal education and his service

as Chief Financial Officer for several public companies, including currently at Aimune Therapeutics, Inc., with direct responsibility over the preparation of financial reports. The Board made a qualitative assessment of Dr. Witney’s level of knowledge and experience based on a number of factors, including his service in executive capacities having financial oversight responsibilities. These positions include his role as Chief Executive Officer of Affymetrix, Inc. and Dionex Corporation, both public companies at which Dr. Witney had substantial experience supervising the preparation of financial reports. Our management has primary responsibility for preparing our financial statements and establishing the financial reporting process. Our independent registered public accounting firm is responsible for performing an audit of our financial statements and expressing an opinion as to the conformity of such financial statements with United States generally accepted accounting principles.

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2018 with our management. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the PCAOB. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountants’ communications with the audit committee concerning independence, and has discussed with the independent registered public accounting firm, the accounting firm’s independence. Compensation Committee

The Compensation Committee is currently composed of four directors: Ms. Schulze (Chair), Dr. Witney, and Messrs. Swisher and Moore. Ms. Schulze and Dr. Witney were on the Compensation Committee for all of 2018. Mr. Moore was appointed to the Compensation Committee upon his joining the Board in September 2018 and Mr. Swisher was appointed in October 2018, when he stepped down from serving on the Audit Committee. All members of our Compensation Committee are independent (as independence is currently defined in Rule 5605(a)(2) of the Nasdaq listing standards). In addition, in determining whether Ms. Schulze, Dr. Witney and Messrs. Moore and Swisher are independent within the meaning of the Nasdaq listing standards pertaining to

[Table of Contents](#)

membership of the Compensation Committee, our Board determined, based on its consideration of factors specifically relevant to determining whether any such director has a relationship to us that is material to that director's ability to be independent from management in connection with the duties of a compensation committee member, that no member of the Compensation Committee has a relationship that would impair that member's ability to make independent judgments about our executive compensation. The Compensation Committee met two times during the 2018 fiscal year. The Compensation Committee has adopted a written charter that is available to stockholders on our website at www.cerus.com under the section entitled "Investors" at "Corporate Governance."

The Compensation Committee acts on behalf of the Board to review, adopt and oversee our compensation strategy, policies, plans and programs including: establishment of corporate objectives relevant to the compensation of our executive officers and other senior management and evaluation of performance in light of these stated objectives; review and approval of the compensation and other terms of employment or service, including severance and change-in-control arrangements of our chief executive officer and the other executive officers; administration of our equity compensation plans, pension and profit-sharing plans, deferred compensation plans and other similar plan and programs, and review of the compensation paid to our non-employee directors. The Compensation Committee also performs those specific functions as set forth above under the heading "Role of The Board in Risk Oversight." Under its charter, the Compensation Committee may form and delegate authority to subcommittees as appropriate.

Under its charter, the Compensation Committee has the authority, in its sole discretion, to retain (or obtain the advice of) any compensation consultant, legal counsel or other adviser to assist it in the performance of its duties, and has the sole authority to approve the reasonable fees and the other terms and conditions of the engagement of any such adviser. We must provide for appropriate funding, as determined by the Compensation Committee, for the payment of compensation to any such adviser. In this regard, the Compensation Committee has engaged Radford, an AON Hewitt Consulting Company, or Radford Consulting, as a compensation consultant since August 2011, as described in greater detail under the "Compensation Discussion and Analysis" section of this Proxy Statement. In February 2019, the Compensation Committee analyzed whether the work of Radford Consulting as a compensation consultant raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to our company by Radford Consulting; (ii) the amount of fees from our company paid to Radford Consulting as a percentage of the firm's total revenue; (iii) Radford Consulting's policies and procedures that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Radford Consulting or the individual compensation advisors employed by the firm with an executive officer of our company; (v) any stock of our company owned by the individual compensation advisors employed by the firm; and (vi) any business or personal relationship of the individual compensation advisors with any member of the Compensation Committee. Annual fees paid to Radford Consulting for their services as advisor to the Compensation Committee in 2018 were approximately \$48,855, which was less than 1% of their total revenues. The Compensation Committee determined, based on its analysis of the above factors, that the work of Radford Consulting and the individual compensation advisors employed by Radford as compensation consultants to our company has not created any conflict of interest. The Compensation Committee intends to continue to assess the independence of any of our compensation advisers by reference to the foregoing factors, consistent with applicable Nasdaq listing standards.

For additional information on the specific processes, procedures and determinations of the Compensation Committee with respect to executive compensation for 2018, including the roles of executive officers and Radford Consulting in determining the amount and form of executive compensation, please refer to the "Compensation Discussion and Analysis" section of this Proxy Statement.

With respect to director compensation matters, the Compensation Committee determines and sets non-employee director compensation in the manner more fully described under the section of this Proxy Statement entitled "Director Compensation."

The Nominating and Corporate Governance Committee currently consists of three directors: Messrs. Anderson (Chair) and Swisher and Ms. Schulze, all of whom were on the Nominating and Corporate Governance Committee for all of 2018. All members of the Nominating and Corporate Governance Committee are independent (as “independence” is currently defined in Rule 5605(a)(2) of the Nasdaq listing standards). The Nominating and Corporate Governance Committee met three times during 2018. The Nominating and Corporate Governance Committee has adopted a written charter that is available to stockholders on our website at www.cerus.com under the section entitled “Investors” at “Corporate Governance.”

The Nominating and Corporate Governance Committee has not determined specific minimum criteria that a Board member must possess, but generally a qualified candidate must possess the highest personal and professional integrity, have demonstrated exceptional ability and judgment and have the ability to work

effectively with other members of the Board. While we do not have a formal policy on Board diversity, the Nominating and Corporate Governance Committee takes into account a broad range of diversity considerations when assessing director candidates, including individual backgrounds and skill sets, professional experience and other factors that contribute to our Board having an appropriate range of expertise, talents, experiences and viewpoints, and considers those diversity considerations, in view of the needs of the Board as a whole, when making decisions on director nominations. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee evaluates these directors' overall service to us during their terms, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair the directors' independence. In identifying potential new members to our Board, the Nominating and Corporate Governance Committee uses an informal network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. In March 2018, the Nominating and Corporate Governance Committee engaged SpencerStuart, an executive search firm, to conduct a search on our behalf for experienced executives to join our Board. Pursuant to that search, SpencerStuart identified Mr. Moore, who joined the Board in September 2018. Mr. Bjerkholt was introduced to the Board by Mr. Swisher, who had previously worked with Mr. Bjerkholt at Sunesis Pharmaceuticals, Inc. Ms. Nachtsheim was introduced to the Board by Dr. Witney, who had served with her on the board of directors of Affymetrix, Inc.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. When considering candidates for membership on the Board that are recommended by stockholders, the Nominating and Corporate Governance Committee employs the same policy that it uses to evaluate candidates recommended by members of the Board. Any stockholder wishing to recommend a director candidate should submit in writing the candidate's name, biographical information, business qualifications, including a description of the proposed nominee's business experience for at least the previous five years, and a representation that the nominating stockholder is a beneficial or record owner of our stock, to Mr. Anderson, Chair of the Nominating and Corporate Governance Committee, Cerus Corporation at 1220 Concord Avenue, Suite 600, Concord, CA 94520. Any such submission also must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. All qualified submissions will be reviewed by the Nominating and Corporate Governance Committee at the next appropriate meeting. If a stockholder wishes the Nominating and Corporate Governance Committee to recommend a director candidate for nomination at our next annual meeting of stockholders, then recommendations must be received by us no sooner than 90 and no later than 60 days prior to the first anniversary of the preceding year's annual meeting of stockholders.

To date, the Nominating and Corporate Governance Committee has not rejected a timely director nominee from a stockholder or group of stockholders that beneficially owned more than 5% of our voting stock.

S TOCKHOLDER C OMMUNICATIONS WITH THE B OARD OF D IRECTORS

To date, we have not adopted a formal process for stockholder communications with the Board. However, every effort has been made to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. We believe our responsiveness to stockholder communications to the Board has been excellent and therefore, a formal process is not necessary. Our stockholders may communicate directly with any member of our senior management, the independent members of the Board or any Chair of a Board Committee, including the Chair of the Board, by writing directly to those individuals at Cerus Corporation at 1220 Concord Avenue, Suite 600, Concord, California 94520. Stockholder communications related to director candidate recommendations should be directed to the Chair of the Nominating and Corporate Governance Committee, Mr. Anderson. In addition, if our stockholders or employees have any concerns related to our financial or accounting practices, we encourage communicating those concerns directly to the Chair of the Audit Committee, Eric Bjerkholt.

C O D E O F E T H I C S

We have adopted the Cerus Corporation Code of Business Conduct and Ethics, or the Ethics Code, that applies to all of our officers, directors and employees. The Ethics Code is available on our website at www.cerus.com on the “Corporate Governance” page of the section entitled “Investors.” If we make any substantive amendments to the Ethics Code or grant any waiver from a provision of the Ethics Code to any executive officer or director, we intend to promptly disclose the nature of the amendment or waiver as required by applicable laws. To satisfy our disclosure requirements, we may post any waivers of or amendments to the Ethics Code on our website in lieu of filing such waivers or amendments on a Form 8-K.

Our employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Ethics Code. The Audit Committee has established procedures to receive, retain and address complaints regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of related concerns.

D I R E C T O R R E S I G N A T I O N P O L I C Y

We have adopted a Director Resignation Policy pursuant to which any nominee for director is required to submit an offer of resignation for consideration by the Nominating and Corporate Governance Committee if such nominee for director (in an uncontested election) receives a greater number of “Withhold” votes from his or her election than votes “For” such election. In such case, the Nominating and Corporate Governance Committee will then consider all of the relevant facts and circumstances and recommend to the Board the action to be taken with respect to such offer of resignation. The Board will then act on the Nominating and Corporate Governance Committee’s recommendation. Promptly following the Board’s decision, we would disclose that decision and an explanation of such decision in a filing with the SEC or a press release.

In December 2017, the Board adopted Corporate Governance Guidelines, which provide a framework for the effective governance of the Company. The guidelines address matters such as the respective roles and responsibilities of the Board and management; board composition and selection; director orientation, education and compensation; board and committee administrative matters; board access to management and use of outside advisors; succession planning; and other matters promoting the effective governance of Cerus. The Nominating and Corporate Governance Committee is responsible for overseeing and periodically reviewing the Corporate Governance Guidelines, and recommending any proposed changes to the Board for approval. The Corporate Governance Guidelines are available on our website at www.cerus.com on the “Corporate Governance” page of the section entitled “Investors.”

A priority for Cerus is soliciting and listening to the views of our stockholders on a variety of topics, including our business and growth strategy, corporate governance practices and executive compensation matters. In this regard, we regularly engage with our institutional investors, and since our 2018 Annual Meeting, we have met with investors representing over 35% of our outstanding shares. In turn, we regularly report to our Board regarding the topics and issues raised at such meetings. Our discussions with our investors have been productive and informative, and have provided valuable feedback to the Board to help ensure that the Board’s decisions are aligned with stockholder objectives.

The Board is also committed to being responsive to the concerns of our stockholders, and certain of our investors had expressed concern regarding our prior stockholder rights agreement (commonly referred to as a poison pill). We also believe that certain of our investors voted to withhold their support for our director

nominees at our 2018 Annual Meeting due the existence of our prior stockholder rights agreement. To address those concerns, the Board determined earlier in 2019 to affirmatively terminate the stockholder rights agreement early, prior to its stated expiration date.

STOCK OWNERSHIP GUIDELINES FOR DIRECTORS AND OUR CEO

We maintain stock ownership guidelines for our non-employee directors and our Chief Executive Officer. More information about our stock ownership guidelines can be found under the sections of this proxy statement entitled “Executive Compensation—Compensation Discussion and Analysis—Executive Compensation Components and Decisions—CEO Stock Ownership Guidelines” and “Director Compensation—Stock Ownership Guidelines.”

PROPOSAL NO. 2

A MENDMENT AND R ESTATEMENT OF THE C OMPANY ' S A MENDED AND R ESTATED 2008 E QUITY I NCENTIVE P LAN

In April 2019, our Board approved an amendment and restatement of the 2008 Plan, subject to stockholder approval. We refer to the 2008 Plan, as amended and restated by the Board in April 2019, as the Restated 2008 Plan throughout this proxy statement.

The Restated 2008 Plan contains the following material changes from the 2008 Plan:

- Subject to adjustment for certain changes in our capitalization, the aggregate number of shares of our common stock that may be issued under the Restated 2008 Plan will not exceed 43,297,190 shares, which is an increase of 11,800,000 shares over the aggregate number of shares of our common stock that may be issued under the 2008 Plan. Such increase also constitutes a corresponding increase in the number of shares available for issuance under the Restated 2008 Plan pursuant to the exercise of incentive stock options.
- The 2008 Plan contains a “fungible share counting” structure, whereby the number of shares of our common stock available for issuance under the 2008 Plan will be reduced by: (i) one share for each share issued pursuant to a stock option or stock appreciation right with an exercise price that is at least 100% of the fair market value of our common stock on the date of grant (an “Appreciation Award”) granted under the 2008 Plan; and (ii) 1.61 shares for each share issued pursuant to a stock award that is not an Appreciation Award (a “Full Value Award”) granted under the 2008 Plan. The Restated 2008 Plan retains such fungible share counting structure, except that the number of shares of our common stock available for issuance under the Restated 2008 Plan will be reduced by 1.55 shares for each share issued pursuant to a stock award that is a Full Value Award granted under the Restated 2008 Plan on or after June 5, 2019. As part of such fungible share counting structure, the number of shares of our common stock available for issuance under the Restated 2008 Plan will be increased by: (i) one share for each share that becomes available again for issuance under the terms of the Restated 2008 Plan subject to an Appreciation Award and (ii) 1.55 shares for each share that becomes available again for issuance under the terms of the Restated 2008 Plan subject to a Full Value Award on or after June 5, 2019.
- No award granted on or after June 5, 2019 under the Restated 2008 Plan may vest until at least 12 months following the date of grant of the award, except that shares of our common stock up to 5% of the share reserve of the Restated 2008 Plan may be issued pursuant to awards granted on or after June 5, 2019 under the Restated 2008 Plan that do not meet such vesting requirements. The 2008 Plan does not contain any such vesting requirements.
- The 2008 Plan provides that in the event of certain corporate transactions involving the Company, if the surviving or acquiring corporation (or its parent company) does not assume or continue outstanding stock awards under the 2008 Plan, or substitute similar stock awards for such outstanding stock awards, then with respect to any such stock awards that have not been assumed, continued or substituted and that are held by participants whose continuous service has not terminated prior to the corporate transaction, the vesting of such stock awards will be accelerated in full to a date prior to the corporate transaction (contingent upon the closing or completion of the corporate transaction). The Restated 2008 Plan retains such provision, but specifies that (i) such provision will also apply in the event of a change in control of the Company, and (ii) for purposes of such acceleration, with respect to performance stock awards, vesting will be deemed to be satisfied at the greater of (a) the target level of performance or (b) the actual level of performance measured in accordance with the applicable performance goals as of the date of the corporate transaction or change in control.

Why You Should Vote for the Restated 2008 Plan

Equity Awards Are an Important Part of Our Compensation Philosophy

The Board believes that it is very important that our eligible employees, consultants and directors receive part of their compensation in the form of equity awards to foster their investment in us, reinforce the link between their financial interests and those of our other stockholders and maintain a competitive compensation program. Equity compensation fosters an employee ownership culture, motivates employees to create stockholder value and, because the awards are typically subject to vesting and other conditions, promotes a focus on long-term value creation. The equity incentive programs we have in place have worked to build stockholder value by attracting and retaining extraordinarily talented employees, consultants and directors. The Board believes we must continue to offer competitive equity compensation packages in order to attract and motivate the talent necessary for our continued growth and success. See “Compensation Discussion and Analysis” contained in this proxy statement for more information regarding our executive compensation strategy.

We Expect to Continue to Experience Substantial Growth in Our Business

Our Board approved the Restated 2008 Plan to help ensure that we have sufficient shares available to attract and retain qualified employees to support our operations, including pursuant to our five-year contract with the Biomedical Advanced Research and Development Authority (“BARDA”), part of the U.S. Department of Health and Human Services’ Office of the Assistant Secretary for Preparedness and Response, that provides potential funding of up to \$201 million to support the development of the INTERCEPT red blood cell system in the U.S., including funding studies necessary to support a U.S. Food and Drug Administration (“FDA”) submission and accelerate commercial scale up to facilitate potential adoption by U.S. blood centers. Our five-year contract with BARDA includes a base period with committed funding and subsequent option periods. If exercised by BARDA, the subsequent options would fund activities related to broader implementation in areas of Zika virus risk, clinical and regulatory development programs in support of licensure, and development, manufacturing and scale-up activities. Related to manufacturing, we and our partners will be responsible for co-investment in the amount of \$14.5 million. Further, FDA is now recognizing the role of pathogen reduction in safeguarding the U.S. blood supply. Over the past several years, the FDA has been working to create guidelines to reduce the risk of sepsis in patients receiving platelet transfusions. While each new draft of the guidance to address bacterial contamination in platelets has featured a changing set of testing options, pathogen reduction has been consistently featured as an option to reduce the risk of transfusion related sepsis that removes the need for bacterial testing. The FDA is planning to issue the final guidance document in 2019, which could accelerate the rate of adoption of pathogen-reduced platelets in the U.S. market.

The Restated 2008 Plan Combines Compensation and Governance Best Practices Designed to Protect our Stockholders’ Interests

We recognize that equity compensation awards dilute stockholder equity and must be used judiciously. Our equity compensation practices are designed to be in line with industry norms, and we believe our historical share usage has been responsible and mindful of stockholder interests. Certain provisions in the Restated 2008 Plan are designed to protect our stockholders’ interests and to reflect corporate governance best practices including:

- *Flexibility in designing equity compensation scheme* . The Restated 2008 Plan allows us to provide a broad array of equity incentives, including traditional stock option grants, stock appreciation rights, restricted stock awards, restricted stock unit (“RSU”) awards, performance stock awards and performance cash awards. By providing this flexibility we can quickly and effectively react to trends in compensation practices and continue to offer competitive compensation arrangements to attract and retain the talent necessary for the success of our business.
- *Repricing is not allowed without prior stockholder approval* . The Restated 2008 Plan prohibits the repricing of outstanding stock options and stock appreciation rights and the cancellation of any outstanding stock options or stock appreciation rights that have an exercise price or strike price greater

than the then-current fair market value of our common stock in exchange for cash or other stock awards under the Restated 2008 Plan with an exercise price that is less than the original exercise price of the stock option or stock appreciation right unless our stockholders previously approve such action.

- *Fungible share counting provisions* . The share reserve under the Restated 2008 Plan is reduced by one share for each share of common stock issued pursuant to an Appreciation Award granted under the Restated 2008 Plan and 1.55 shares for each share of common stock issued pursuant to a Full Value Award granted under the Restated 2008 Plan on or after June 5, 2019. This helps to ensure that we are using the share reserve effectively and with regard to the value of each type of equity award.
- *No discounted stock options or stock appreciation rights* . All stock options and stock appreciation rights granted under the Restated 2008 Plan must have an exercise price or strike price equal to or greater than the fair market value of our common stock on the date the stock option or stock appreciation right is granted.
- *Minimum vesting requirements* . The Restated 2008 Plan provides that no award granted on or after June 5, 2019 may vest until at least 12 months following the date of grant of the award, except that shares up to 5% of the share reserve of the Restated 2008 Plan may be issued pursuant to awards granted on or after June 5, 2019 that do not meet such vesting requirements.
- *Specific disclosure of award vesting upon corporate transaction or change in control* . The Restated 2008 Plan specifically provides that in the event of certain corporate transactions involving the Company or a change in control of the Company, if the surviving or acquiring corporation (or its parent company) does not assume or continue outstanding stock awards under the Restated 2008 Plan, or substitute similar stock awards for such outstanding stock awards, then with respect to any such stock awards that have not been assumed, continued or substituted and that are held by participants whose continuous service has not terminated prior to the corporate transaction or change in control, the vesting of such stock awards will be accelerated in full (and with respect to performance stock awards, vesting will be deemed to be satisfied at the greater of (i) the target level of performance or (ii) the actual level of performance measured in accordance with the applicable performance goals as of the date of the corporate transaction or change in control).

If Proposal No. 2 Is Not Approved, We Will Not Have Enough Shares Available under the 2008 Plan to Make Grants to Help Us Attract and Retain Top Employees

If our stockholders approve this Proposal No. 2, the Restated 2008 Plan will become effective on the date of the Annual Meeting. If our stockholders fail to approve this Proposal No. 2, the 2008 Plan will remain as is without any changes thereto. If this Proposal No. 2 is not approved, we will not have sufficient shares available under the 2008 Plan to make grants to help us retain top employees and, unless we adopt a new inducement plan without the approval of our stockholders (pursuant to Rule 5635(c)(4) of the Nasdaq Listing Rules), we will not be able to use equity compensation awards to attract new employees.

Stockholders are requested in this Proposal No. 2 to approve the Restated 2008 Plan. The affirmative vote of the holders of a majority of the votes cast in person or by proxy at the Annual Meeting will be required to approve the Restated 2008 Plan. Abstentions and broker non-votes are not counted for the purpose of determining the number of votes cast and will therefore not have any effect on the outcome of the vote on this Proposal No. 2.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF PROPOSAL NO. 2

Description of the Restated 2008 Plan

The material features of the Restated 2008 Plan are outlined below. This summary is qualified in its entirety by reference to the complete text of the Restated 2008 Plan. Stockholders are urged to read the actual text of the Restated 2008 Plan in its entirety, which is appended to this proxy statement as Appendix A.

Background and Purpose

The terms of the Restated 2008 Plan provide for the grant of stock options, restricted stock, RSUs, stock appreciation rights, other stock-related awards, and performance awards that may be settled in cash, stock, or other property.

The purpose of the Restated 2008 Plan is to provide a means by which employees, directors, and consultants may be given an opportunity to purchase our common stock to assist us in securing and retaining the services of such persons, to secure and retain the services of persons capable of filling such positions, and to provide incentives for such persons to exert maximum efforts for our success.

Shares Available for Awards

If this Proposal No. 2 is approved, the aggregate number of shares of our common stock that may be issued under the Restated 2008 Plan will not exceed the following, subject to adjustment for certain changes in our capitalization:

- 31,497,190 shares previously authorized for issuance under the 2008 Plan (which includes shares subject to outstanding awards granted under our 1999 Equity Incentive Plan, as amended, and our 1998 Non-Officer Stock Option Plan (the “Prior Plan”), and shares subject to outstanding awards granted under our Inducement Plan as of April 13, 2017, in each case that may become available for issuance under the Restated 2008 Plan pursuant to the terms of the Restated 2008 Plan (collectively, the “Returning Shares”)); plus
- an additional 11,800,000 new shares.

We call this aggregate number the “Share Reserve.”

The number of shares of our common stock available for issuance under the Restated 2008 Plan will be reduced by: (i) one share for each share issued pursuant to an Appreciation Award granted under the Restated 2008 Plan; (ii) 1.61 shares for each share issued pursuant to a Full Value Award granted under the Restated 2008 Plan prior to June 5, 2019; and (iii) 1.55 shares for each share issued pursuant to a Full Value Award granted under the Restated 2008 Plan on or after June 5, 2019.

The number of shares of our common stock available for issuance under the Restated 2008 Plan will be increased by: (i) one share for each Returning Share or Restated 2008 Plan Returning Share (as defined below) subject to an Appreciation Award; (ii) 1.61 shares for each Returning Share or Restated 2008 Plan Returning Share subject to a Full Value Award that returns to the Restated 2008 Plan prior to June 5, 2019; and (iii) 1.55 shares for each Returning Share or Restated 2008 Plan Returning Share subject to a Full Value Award that returns to the Restated 2008 Plan on or after June 5, 2019.

If a stock award expires or otherwise terminates without all of the shares covered by such stock award having been issued or is settled in cash, such expiration, termination or settlement shall not reduce (or otherwise offset) the number of shares of common stock that may be issued pursuant to the Restated 2008 Plan. If any shares of common stock issued pursuant to a stock award are forfeited back to us because of the failure to meet a contingency or condition required to vest such shares in the participant, then the shares which are forfeited shall revert to and again become available for issuance under the Restated 2008 Plan (and for purposes of this Proposal No. 2, we refer to such shares as the “Restated 2008 Plan Returning Shares”).

The following shares of our common stock will not become available again for issuance under the Restated 2008 Plan: (i) any shares that are reacquired or withheld (or not issued) by us to satisfy the exercise, strike or purchase price of a stock award granted under the Restated 2008 Plan, a Prior Plan or our Inducement Plan (including any shares subject to such award that are not delivered because such award is exercised through a reduction of shares subject to such award); (ii) any shares that are reacquired or withheld (or not issued) by us to satisfy a tax withholding obligation in connection with a stock award granted under the Restated 2008 Plan, a Prior Plan or our Inducement Plan; (iii) any shares repurchased by us on the open market with the proceeds of the exercise, strike or purchase price of a stock award granted under the Restated 2008 Plan, a Prior Plan or our Inducement Plan; and (iv) in the event that a stock appreciation right granted under the Restated 2008 Plan, a Prior Plan or our Inducement Plan is settled in shares, the gross number of shares subject to such award.

Eligibility

Incentive stock options may be granted under the Restated 2008 Plan only to our (including our affiliates’) employees. Our (including our affiliates’) employees, consultants and non-employee directors are eligible to receive all other types of awards under the Restated 2008 Plan. As of April 12, 2019, we (including our affiliates) had approximately 262 employees, seven consultants and seven non-employee directors.

Administration

The Restated 2008 Plan is administered by our Board, which may in turn delegate authority to administer the plan to a committee. Our Board has delegated administration of the Restated 2008 Plan to our Compensation Committee. Subject to the terms of the Restated 2008 Plan, our Compensation Committee determines recipients, the numbers and types of stock awards to be granted and the terms and conditions of the stock awards, including the period of their exercisability and vesting. Subject to the limitations set forth below, our Compensation Committee also determines the exercise price of options granted under the Restated 2008 Plan. The Compensation Committee has also delegated authority to a Non-Officer Stock Option Committee, or NOSOC, whose sole member is our Chief Executive Officer, to grant, within certain guidelines and without any further action required by the Compensation Committee, equity awards to our non-officer employees. The purpose of this delegation of authority is to enhance the flexibility of equity administration and to facilitate the timely grant of equity awards to non-officer employees, including newly hired employees, within specified limits previously approved by the Compensation Committee. The size of grants made by the NOSOC must be within limits pre-approved by the Compensation Committee.

Repricing

The Restated 2008 Plan expressly provides that, without the approval of the stockholders within 12 months prior to such event, the Compensation Committee shall not have the authority to reprice any outstanding stock option or stock appreciation right under the Restated 2008 Plan by reducing the exercise price of the stock option or stock appreciation right or to cancel any outstanding stock option or stock appreciation right under the Restated 2008 Plan with an exercise price that is greater than the fair market value of our common stock on the date of cancellation in exchange for cash or new stock awards under the Restated 2008 Plan with an exercise price that is less than the original exercise price of the stock option or stock appreciation right.

Minimum Vesting Requirements

Under the Restated 2008 Plan, no award granted on or after June 5, 2019 may vest until at least 12 months following the date of grant of the award, except that shares up to 5% of the Share Reserve may be issued pursuant to awards granted on or after June 5, 2019 that do not meet such vesting requirements.

Section 162(m) Transition Relief for Performance-Based Compensation

Under Section 162(m) of the Code, or Section 162(m), compensation paid to any publicly held corporation's "covered employees" (as defined under Section 162(m)) that exceeds \$1 million per taxable year for any covered employee is generally non-deductible. Certain provisions in the Restated 2008 Plan refer to the "performance-based compensation" exception to the \$1 million deduction limit under Section 162(m). Pursuant to the Tax Cuts and Jobs Act, this exception was repealed with respect to taxable years beginning after December 31, 2017. However, an award may still be eligible for this exception if, among other requirements, it is intended to qualify, and is eligible to qualify, as "performance-based compensation" under Section 162(m) pursuant to the transition relief provided by the Tax Cuts and Jobs Act for remuneration provided pursuant to a written binding contract which was in effect on November 2, 2017 and which is not modified in any material respect on or after such date. For purposes of this Proposal No. 2, the term "Section 162(m) Transition Relief" refers to such transition relief. Accordingly, the provisions in the Restated 2008 Plan which refer to the "performance-based compensation" exception under Section 162(m) will only apply to any award that is intended to qualify, and is eligible to qualify, as "performance-based compensation" under Section 162(m) pursuant to the Section 162(m) Transition Relief and, therefore, such provisions are not applicable to any other awards granted under the Restated 2008 Plan. Because of certain ambiguities and uncertainties as to the application and interpretation of Section 162(m), as well as other factors beyond the control of the Compensation Committee, no assurance can be given that any award granted under the Restated 2008 Plan will be eligible for such transition relief and be deductible by the Company in the future.

Stock Options

Stock options will be granted pursuant to stock option agreements. Generally, the exercise price for an option cannot be less than 100% of the fair market value of the common stock subject to the option on the date of grant. Options granted under the Restated 2008 Plan will vest at the rate specified in the option agreement (subject to the limitations described in “Minimum Vesting Requirements” above).

In general, the term of stock options granted under the Restated 2008 Plan may not exceed ten years from the date of grant. Unless the terms of an optionholder’s stock option agreement provide for earlier or later termination, if an optionholder’s service relationship with us, or any affiliate of ours, ceases due to disability or death, the optionholder, or his or her beneficiary, may exercise any vested options for up to 12 months in the event of disability or 18 months in the event of death, after the date the service relationship ends. If an optionholder’s service relationship with us, or any affiliate of ours, ceases for any reason other than disability or death, the optionholder may exercise any vested options for up to three months after the date the service relationship ends, unless the terms of the stock option agreement provide for a longer or shorter period to exercise the option. In no event may an option be exercised after its expiration date.

Acceptable forms of consideration for the purchase of our common stock issued under the Restated 2008 Plan will be determined by our Compensation Committee and may include cash, common stock previously owned by the optionholder, payment through a broker assisted exercise or a net exercise feature, or other legal consideration approved by our Compensation Committee.

Generally, an optionholder may not transfer a stock option other than by will or the laws of descent and distribution or a domestic relations order. However, to the extent permitted under the terms of the applicable stock option agreement, an optionholder may designate a beneficiary who may exercise the option following the optionholder’s death.

Incentive Stock Option Limitations

The aggregate maximum number of shares of common stock that may be issued pursuant to the exercise of incentive stock options, or ISOs granted under the Restated 2008 Plan is equal to the Share Reserve. The aggregate fair market value, determined at the time of grant, of shares of our common stock with respect to ISOs that are exercisable for the first time by an optionholder during any calendar year under all of our stock plans may not exceed \$100,000. The options or portions of options that exceed this limit are treated as nonstatutory stock options, or NSOs. No ISO may be granted to any person who, at the time of the grant, owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any affiliate unless the following conditions are satisfied:

- the option exercise price must be at least 110% of the fair market value of the stock subject to the option on the date of grant; and
- the term of the ISO award must not exceed five years from the date of grant.

Restricted Stock Awards

Restricted stock awards will be granted pursuant to restricted stock award agreements. A restricted stock award may be granted in consideration for the recipient’s past or future services performed for us or an affiliate of ours. Shares of our common stock acquired under a restricted stock award may be subject to forfeiture to us in accordance with a vesting schedule to be determined by our Compensation Committee (subject to the limitations described in “Minimum Vesting Requirements” above). Rights to acquire shares of our common stock under a restricted stock award may be transferred only upon such terms and conditions as are set forth in the restricted stock award agreement.

RSU Awards

RSU awards will be granted pursuant to RSU award agreements. Payment of any purchase price may be made in any legal form acceptable to the Compensation Committee. We will settle a payment due to a recipient of an RSU award by delivery of shares of our common stock, by cash, by a combination of cash and stock as deemed appropriate by our Compensation Committee, or in any other form of consideration determined by our Compensation Committee and set forth in the RSU award agreement. Dividend equivalents may be credited in respect of shares of our common stock covered by an RSU award. RSU awards may be subject to vesting in accordance with a vesting schedule to be determined by our Compensation Committee (subject to the limitations described in “Minimum Vesting Requirements” above). Except as otherwise provided in the applicable RSU award agreement, RSU awards that have not vested will be forfeited upon the participant’s termination of continuous service for any reason.

Stock Appreciation Rights

Stock appreciation rights will be granted pursuant to stock appreciation rights agreements. Each stock appreciation right is denominated in common stock share equivalents. The strike price of each stock appreciation right will be determined by our Compensation Committee or its authorized committee, but shall in no event be less than 100% of the fair market value of the stock subject to the stock appreciation right at the time of grant. Our Compensation Committee may also impose restrictions or conditions upon the vesting of stock appreciation rights that it deems appropriate (subject to the limitations described in “Minimum Vesting Requirements” above). Stock appreciation rights may be paid in our common stock or in cash or any combination of the two, or any other form of legal consideration approved by our Compensation Committee. The term of stock appreciation rights granted under the Restated 2008 Plan may not exceed ten years from the date of grant. If a stock appreciation right recipient’s relationship with us, or any affiliate of ours, ceases for any reason, the recipient may exercise any vested stock appreciation right up to three months from cessation of service, unless the terms of the stock appreciation right agreement provide that the right may be exercised for a longer or shorter period.

Performance Awards

The Restated 2008 Plan provides for the grant of two types of performance awards: performance stock awards and performance cash awards. Performance awards may be granted, vest or be exercised based upon the attainment during a certain period of time of certain performance goals. The length of any performance period, the performance goals to be achieved during the performance period, and the measure of whether and to what degree such performance goals have been attained shall be determined by our Compensation Committee (subject to the limitations described in “Minimum Vesting Requirements” above). The maximum amount to be granted to any participant in a calendar year attributable to such performance awards may not exceed 500,000 shares of our common stock in the case of performance stock awards, or \$1,000,000 in the case of performance cash awards.

Performance goals under the Restated 2008 Plan shall be determined by the our Compensation Committee, based on one or more of the following performance criteria: (i) earnings per share; (ii) earnings before interest, taxes and depreciation; (iii) earnings before interest, taxes, depreciation and amortization; (iv) total stockholder return; (v) return on equity; (vi) return on assets, investment, or capital employed; (vii) operating margin; (viii) gross margin; (ix) operating income; (x) net income (before or after taxes); (xi) net operating income; (xii) net operating income after tax; (xiii) pre-tax profit; (xiv) operating cash flow; (xv) sales or revenue targets; (xvi) increases in revenue or product revenue; (xvii) expenses and cost reduction goals; (xviii) improvement in or attainment of working capital levels; (xix) economic value added (or an equivalent metric); (xx) market share; (xxi) cash flow; (xxii) cash flow per share; (xxiii) share price performance; (xxiv) debt reduction; (xxv) implementation or completion of projects or processes; (xxvi) customer satisfaction; (xxvii) stockholders’ equity; and (xxviii) to the extent that an award is not intended to comply with Section 162(m), other measures of performance selected by the Compensation Committee.

[Table of Contents](#)

The Compensation Committee is authorized to determine whether, when calculating the attainment of performance goals for a performance period: (i) to exclude restructuring and/or other nonrecurring charges; (ii) to exclude exchange rate effects, as applicable, for non-U.S. dollar denominated net sales and operating earnings; (iii) to exclude the effects of changes to generally accepted accounting standards required by the Financial Accounting Standards Board; (iv) to exclude the effects of any statutory adjustments to corporate tax rates; and (v) to exclude the effects of any “extraordinary items” as determined under generally accepted accounting principles. In addition, the Compensation Committee retains the discretion to reduce or eliminate the compensation or economic benefit due upon attainment of performance goals.

In order for any performance award to qualify as “performance-based compensation” under Section 162(m), among other requirements, such award must be eligible to qualify for the Section 162(m) Transition Relief (as described in “Section 162(m) Transition Relief for Performance-Based Compensation” above).

Other Stock Awards

Other forms of stock awards valued in whole or in part with reference to our common stock may be granted either alone or in addition to other stock awards under the Restated 2008 Plan. Our Compensation Committee will have sole and complete authority to determine the persons to whom and the time or times at which such other stock awards will be granted, the number of shares of our common stock to be granted and all other conditions of such other stock awards. Other forms of stock awards may be subject to vesting in accordance with a vesting schedule to be determined by our Compensation Committee (subject to the limitations described in “Minimum Vesting Requirements” above).

Changes to Capital Structure

In the event that there is a specified type of change in our capital structure not involving the receipt of consideration by us, such as a stock split or stock dividend, the class and number of shares reserved under the Restated 2008 Plan (including share limits) and the class and number of shares and exercise price or strike price, if applicable, of all outstanding stock awards will be appropriately adjusted.

Dissolution or Liquidation

The Restated 2008 Plan provides that, except as otherwise provided in the stock award agreement, in the event of a dissolution or liquidation of the Company, all outstanding stock awards (other than stock awards consisting of vested and outstanding shares of our common stock not subject to our right of repurchase) shall terminate immediately prior to such dissolution or liquidation, and the shares of our common stock subject to our repurchase option may be repurchased by us notwithstanding the fact that the holder of such stock award is providing service to us.

Corporate Transaction and Change in Control

The following provisions will apply to outstanding stock awards under the Restated 2008 Plan in the event of a corporate transaction (as defined in the Restated 2008 Plan and described below) or a change in control (as defined in the Restated 2008 Plan and described below) unless otherwise provided in the instrument evidencing the stock award, in any other written agreement between us or one of our affiliates and the participant, or in our director compensation policy. For purposes of this Proposal No. 2, the term “Transaction” will mean such corporate transaction or change in control.

In the event of a Transaction, any surviving or acquiring corporation (or its parent company) may assume or continue any or all outstanding stock awards under the Restated 2008 Plan, or may substitute similar stock awards for such outstanding stock awards (including, but not limited to, awards to acquire the same consideration paid to the stockholders of the Company pursuant to the Transaction), and any reacquisition or repurchase rights

[Table of Contents](#)

held by the Company in respect of shares issued pursuant to any outstanding stock awards under the Restated 2008 Plan may be assigned by the Company to the surviving or acquiring corporation (or its parent company). The terms of any such assumption, continuation or substitution will be set by the Board or Compensation Committee.

In the event of a Transaction in which the surviving or acquiring corporation (or its parent company) does not assume or continue outstanding stock awards under the Restated 2008 Plan, or substitute similar stock awards for such outstanding stock awards, then with respect to any such stock awards that have not been assumed, continued or substituted and that are held by participants whose continuous service has not terminated prior to the effective time of the Transaction (the “Current Participants”), the vesting (and exercisability, if applicable) of such stock awards will be accelerated in full (and with respect to performance stock awards, vesting will be deemed to be satisfied at the greater of (i) the target level of performance or (ii) the actual level of performance measured in accordance with the applicable performance goals as of the date of the Transaction) to a date prior to the effective time of the Transaction (contingent upon the closing or completion of the Transaction) as the Board or Compensation Committee will determine (or, if the Board or Compensation Committee does not determine such a date, to the date that is five days prior to the effective time of the Transaction), and such stock awards will terminate if not exercised (if applicable) prior to the effective time of the Transaction in accordance with the exercise procedures determined by the Board or Compensation Committee, and any reacquisition or repurchase rights held by the Company with respect to such stock awards will lapse (contingent upon the closing or completion of the Transaction).

In the event of a Transaction in which the surviving or acquiring corporation (or its parent company) does not assume or continue outstanding stock awards under the Restated 2008 Plan, or substitute similar stock awards for such outstanding stock awards, then with respect to any such stock awards that have not been assumed, continued or substituted and that are held by participants other than the Current Participants, such stock awards will terminate if not exercised (if applicable) prior to the effective time of the Transaction in accordance with the exercise procedures determined by the Board or Compensation Committee; *provided, however*, that any reacquisition or repurchase rights held by the Company with respect to such stock awards will not terminate and may continue to be exercised notwithstanding the Transaction.

Notwithstanding the foregoing, in the event any outstanding stock award under the Restated 2008 Plan held by a participant will terminate if not exercised prior to the effective time of a Transaction, the Board or Compensation Committee may provide that the participant may not exercise such stock award but instead will receive a payment, in such form as may be determined by the Board or Compensation Committee, equal in value to the excess, if any, of (i) the value of the property the participant would have received upon the exercise of such stock award immediately prior to the effective time of the Transaction, over (ii) any exercise price payable by the participant in connection with such exercise.

Unless provided otherwise in the participant’s stock award agreement, in any other written agreement or plan with us or one of our affiliates, or in our director compensation policy, outstanding stock awards under the Restated 2008 Plan will not be subject to additional acceleration of vesting and exercisability upon or after a change in control.

For purposes of the Restated 2008 Plan, a corporate transaction generally will be deemed to occur in the event of: (i) a sale or other disposition of all or substantially all of our consolidated assets; (ii) a sale or other disposition of at least 90% of our outstanding securities; (iii) a merger, consolidation or similar transaction following which we are not the surviving corporation; or (iv) a merger, consolidation or similar transaction following which we are the surviving corporation but the shares of our common stock outstanding immediately prior to the transaction are converted or exchanged into other property by virtue of the transaction.

For purposes of the Restated 2008 Plan, a change in control generally will be deemed to occur in the event: (i) a person, entity or group acquires, directly or indirectly, our securities representing more than 50% of the

[Table of Contents](#)

combined voting power of our then outstanding securities, other than by virtue of a merger, consolidation, or similar transaction; (ii) there is consummated a merger, consolidation, or similar transaction and, immediately after the consummation of such transaction, our stockholders immediately prior thereto do not own, directly or indirectly, more than 50% of the combined outstanding voting power of the surviving entity or the parent of the surviving entity in substantially the same proportions as their ownership of our outstanding voting securities immediately prior to such transaction; (iii) there is consummated a sale or other disposition of all or substantially all of our consolidated assets, other than a sale or other disposition to an entity in which more than 50% of the entity's combined voting power is owned by our stockholders in substantially the same proportions as their ownership of our outstanding voting securities immediately prior to such sale or other disposition; or (iv) a majority of our Board becomes comprised of individuals whose nomination, appointment, or election was not approved by a majority of the Board members or their approved successors.

Plan Amendments

Our Compensation Committee will have the authority to amend or terminate the Restated 2008 Plan. However, no amendment or termination of the plan will adversely affect any rights under awards already granted to a participant unless agreed to by the affected participant. We will obtain stockholder approval of any amendment to the Restated 2008 Plan as required by applicable law.

Plan Termination

Unless sooner terminated by the Board, the Restated 2008 Plan shall automatically terminate on April 21, 2023.

U.S. Federal Income Tax Consequences

The information set forth below is a summary of the principal United States federal income taxation consequences to us and our employees only and does not purport to be complete. This summary does not discuss the income tax laws of any city, state or foreign jurisdiction in which a participant may reside. The information is based upon current federal income tax rules and therefore is subject to change when those rules change. Because the tax consequences to any recipient may depend on his or her particular situation, each recipient should consult the recipient's tax adviser regarding the federal, state, local, and other tax consequences of the grant or exercise of an award or the disposition of stock acquired as a result of an award. The Restated 2008 Plan is not qualified under the provisions of Section 401(a) of the Code, and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974. Our ability to realize the benefit of any tax deductions described below depends on our generation of taxable income.

Nonstatutory Stock Options

Generally, there is no taxation upon the grant of an NSO where the option is granted with an exercise price equal to the fair market value of the underlying stock on the grant date. On exercise, an optionee will recognize ordinary income equal to the excess, if any, of the fair market value on the date of exercise of the stock over the exercise price. If the optionee is employed by us or one of our affiliates, that income will be subject to withholding tax. The optionee's tax basis in those shares will be equal to their fair market value on the date of exercise of the option, and the optionee's capital gain holding period for those shares will begin on that date.

Subject to the requirement of reasonableness, the provisions of Section 162(m) and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the optionee.

Incentive Stock Options

The Restated 2008 Plan provides for the grant of stock options that qualify as “incentive stock options,” as defined in Section 422 of the Code. Under the Code, an optionee generally is not subject to ordinary income tax upon the grant or exercise of an ISO. If the optionee holds a share received on exercise of an ISO for more than two years from the date the option was granted and more than one year from the date the option was exercised, which is referred to as the required holding period, the difference, if any, between the amount realized on a sale or other taxable disposition of that share and the holder’s tax basis in that share will be long-term capital gain or loss.

If, however, an optionee disposes of a share acquired on exercise of an ISO before the end of the required holding period, which is referred to as a disqualifying disposition, the optionee generally will recognize ordinary income in the year of the disqualifying disposition equal to the excess, if any, of the fair market value of the share on the date the ISO was exercised over the exercise price. However, if the sales proceeds are less than the fair market value of the share on the date of exercise of the option, the amount of ordinary income recognized by the optionee will not exceed the gain, if any, realized on the sale. If the amount realized on a disqualifying disposition exceeds the fair market value of the share on the date of exercise of the option, that excess will be short-term or long-term capital gain, depending on whether the holding period for the share exceeds one year.

For purposes of the alternative minimum tax, the amount by which the fair market value of a share of stock acquired on exercise of an ISO exceeds the exercise price of that option generally will be an adjustment included in the optionee’s alternative minimum taxable income for the year in which the option is exercised. In computing alternative minimum taxable income, the tax basis of a share acquired on exercise of an ISO is increased by the amount of the adjustment taken into account with respect to that share for alternative minimum tax purposes in the year the option is exercised.

We are not allowed an income tax deduction with respect to the grant or exercise of an ISO or the disposition of a share acquired on exercise of an ISO after the required holding period. If there is a disqualifying disposition of a share, however, we are allowed a deduction in an amount equal to the ordinary income includible in income by the optionee, subject to Section 162(m) and provided that amount constitutes an ordinary and necessary business expense for us and is reasonable in amount, and either the employee includes that amount in income or we timely satisfy our reporting requirements with respect to that amount.

Restricted Stock Awards

Generally, the recipient of a restricted stock award will recognize ordinary compensation income at the time the stock is received equal to the excess, if any, of the fair market value of the stock received over any amount paid by the recipient in exchange for the stock. If, however, the stock is not vested when it is received (for example, if the employee is required to work for a period of time in order to have the right to sell the stock), the recipient generally will not recognize income until the stock becomes vested, at which time the recipient will recognize ordinary compensation income equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the recipient in exchange for the stock. A recipient may, however, file an election with the Internal Revenue Service, within 30 days of his or her receipt of the stock award, to recognize ordinary compensation income, as of the date the recipient receives the award, equal to the excess, if any, of the fair market value of the stock on the date the award is granted over any amount paid by the recipient in exchange for the stock.

The recipient’s basis for the determination of gain or loss upon the subsequent disposition of shares acquired from stock awards will be the amount paid for such shares plus any ordinary income recognized either when the stock is received or when the stock becomes vested. Upon disposition of the stock acquired upon the receipt of a restricted stock award, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon issuance (or vesting) of the stock. Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year.

[Table of Contents](#)

Subject to the requirement of reasonableness, the provisions of Section 162(m) and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock award.

Stock Appreciation Rights

We may grant under the Restated 2008 Plan stock appreciation rights separate from any other award or in tandem with other awards under the Restated 2008 Plan.

Where the rights are granted with a strike price equal to the fair market value of the underlying stock on the grant date and where the recipient may only receive the appreciation inherent in the stock appreciation rights in shares of our common stock, the recipient will recognize ordinary compensation income equal to the fair market value of the stock received upon such exercise. If the recipient may receive the appreciation inherent in the stock appreciation rights in cash or other property and the stock appreciation right has been structured to conform to the requirements of Section 409A of the Code, or Section 409A, then the cash will be taxable as ordinary compensation income to the recipient at the time that the cash is received.

Subject to the requirement of reasonableness, the provisions of Section 162(m), and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock appreciation right.

Restricted Stock Unit Awards

Generally, RSU awards granted under the Plan will be structured to conform to the requirements of Section 409A or qualify for an exception from application of Section 409A. Recipients of RSU awards will recognize ordinary compensation income at the time the stock is delivered equal to the excess, if any, of the fair market value of the shares of our common stock received over any amount paid by the recipient in exchange for the shares of our common stock.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from RSU awards will be the amount paid for such shares plus any ordinary income recognized when the stock is delivered.

Subject to the requirement of reasonableness, the provisions of Section 162(m) and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock award.

Potential Limitation on Company Deductions Under Section 162(m)

Under Section 162(m), compensation paid to any publicly held corporation's "covered employees" (as defined under Section 162(m)) that exceeds \$1 million per taxable year for any covered employee is generally non-deductible. Prior to the enactment of the Tax Cuts and Jobs Act, Section 162(m) provided a performance-based compensation exception, pursuant to which the \$1 million deduction limit under Section 162(m) did not apply to any compensation that qualified as "performance-based compensation" under Section 162(m). Pursuant to the Tax Cuts and Jobs Act, the performance-based compensation exception under Section 162(m) was repealed with respect to taxable years beginning after December 31, 2017, except that certain transition relief is provided for compensation paid pursuant to a written binding contract which was in effect on November 2, 2017 and which is not modified in any material respect on or after such date. Compensation paid to each of the Company's "covered employees" in excess of \$1 million per taxable year generally will not be deductible unless it qualifies for the performance-based compensation exception under Section 162(m) pursuant to the transition relief described above. Because of certain ambiguities and uncertainties as to the application and interpretation of Section 162(m), as well as other factors beyond the control of the Compensation Committee, no assurance can be

[Table of Contents](#)

given that any compensation paid by the Company (including any award granted under the Restated 2008 Plan) will be eligible for such transition relief and be deductible by the Company in the future.

- (1) Awards granted under the Restated 2008 Plan to our executive officers and other employees are discretionary and are not subject to set benefits or amounts under the terms of the Restated 2008 Plan. However, in April 2019, our Compensation Committee approved for grant on the date of the Annual Meeting a number of RSU awards to certain employees (including our executive officers) under the Restated 2008 Plan subject to stockholder approval of this Proposal No. 2, and the number of shares subject to each such award is indicated in this table.
- (2) Awards granted under the Restated 2008 Plan to our non-employee directors are discretionary and are not subject to set benefits or amounts under the terms of the Restated 2008 Plan. However, pursuant to our current director compensation program, each of our current non-employee directors automatically will be granted annual awards in the form of stock options and RSU awards on the date of each of our annual meetings of stockholders, provided that such individual will be continuing as a non-employee director following such date, except that Messrs. Bjerkholt and Moore and Ms. Nachtsheim will not be granted any such awards on the date of the Annual Meeting because in order to be eligible for an automatic annual grant of awards, the non-employee director must have been a member of the Board for at least 12 months prior to the date of the applicable annual meeting (and Mr. Moore became a member of the Board in September 2018, Mr. Bjerkholt in October 2018 and Ms. Nachtsheim in March 2019). The total dollar value of such annual awards (which will be divided equally between stock options and RSU awards) will be \$125,000 for each of our continuing non-employee directors other than the Chair of the Board and \$156,000 for the Chair of the Board. The number of shares of our common stock subject to each such award is not determinable at this time, as (i) the number of shares subject to each such stock option will be determined by dividing the target dollar value by the Black-Scholes value of a stock option share, determined using our average closing stock price for the 30 trading days preceding the grant date, and (ii) the number of shares subject to each such RSU award will be determined by dividing the target dollar value by our average closing stock price for the 30 trading days preceding the grant date. On and after the date of the Annual Meeting, any such

awards will be granted under the Restated 2008 Plan if this Proposal No. 2 is approved by our stockholders. For additional information regarding our current director compensation program, see the “*Director Compensation*” section below.

- (1) The calculation of the weighted-average exercise price does not take into account the shares subject to outstanding RSUs, which have no exercise price.
- (2) Includes 1,963,666 shares to be issued pursuant to outstanding RSUs.
- (3) Includes 776,698 shares authorized for future issuance under the 1996 Employee Stock Purchase Plan as of December 31, 2018, including shares subject to purchase during the current purchase period thereunder.
- (4) In 2016, we adopted the Cerus Corporation Inducement Plan without the approval of our security holders, pursuant to which we reserved a total of 1,250,000 shares of our common stock for issuance thereunder. The Inducement Plan provided for the issuance of non-statutory stock options, restricted stock awards, RSUs, stock appreciation rights and other stock awards exclusively to individuals who were not previously employees or directors of Cerus, or who had experienced a bona fide period of non-employment, as an inducement material to the individual's entry into employment with Cerus within the meaning of Rule 5635(c)(4) of the Nasdaq Listing Rules. As of December 31, 2018, options to purchase 712,751 shares and RSUs covering 37,500 shares were outstanding under the Inducement Plan. All options granted under the Inducement Plan have a maximum term of ten years. The Inducement Plan, and awards thereunder, may be amended by the Board at any time or from time to time in accordance with the terms of the Inducement Plan and applicable law. As a result of the amendment and restatement of the 2008 Plan at our 2017 Annual Meeting of Stockholders, no additional stock awards may be granted under our Inducement Plan. Accordingly, for purposes of the table above, no shares remained available for issuance under the Inducement Plan as of December 31, 2018.
- (5) Includes 2,001,166 shares to be issued pursuant to outstanding RSUs.

PROPOSAL NO. 3

A D V I S O R Y V O T E O N E X E C U T I V E C O M P E N S A T I O N

At the 2016 Annual Meeting of Stockholders, our stockholders reconfirmed their preference that we solicit a non-binding advisory vote on the compensation of our named executive officers, commonly referred to as a “say-on-pay vote,” every year. The Board previously adopted a policy consistent with that preference. In accordance with that policy, this year, we are again asking our stockholders to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. The compensation of our named executive officers is disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative disclosure contained in this proxy statement. As discussed in those disclosures, we believe that our compensation policies and decisions are designed to enhance stockholder value by attracting and retaining qualified individuals and motivating those individuals to perform at the highest of professional levels and to contribute to our growth and success.

Accordingly, the Board is asking our stockholders to indicate their support for the compensation of our named executive officers as described in this proxy statement by casting a non-binding advisory vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the compensation paid to Cerus Corporation’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.”

Because the vote is advisory, it is not binding on the Board or us. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to management and the Board and, accordingly, the Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Advisory approval of this Proposal No. 3 requires a “For” vote from the holders of a majority of the votes cast in person or by proxy at the Annual Meeting. Abstentions and broker non-votes are not counted for the purpose of determining the number of votes cast and will therefore not have any effect on the outcome of the vote on this Proposal No. 3.

Unless the Board decides to modify its policy regarding the frequency of soliciting advisory votes on the compensation of our named executives, the next scheduled say-on-pay vote will be at the 2020 Annual Meeting of Stockholders. Our stockholders will be able to indicate by advisory vote at the 2022 Annual Meeting of Stockholders any change in their preference as to the frequency of future advisory votes.

PROPOSAL NO. 4**RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019 and the Board further directed that management submit the selection of independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has audited our financial statements since our inception in 1991. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our bylaws nor our other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm. However, we are submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of us and our stockholders.

Approval of this Proposal No. 4 requires a “For” vote from the holders of a majority of the votes cast in person or by proxy at the Annual Meeting. Abstentions are not counted for the purpose of determining the number of votes cast and will therefore not have any effect on the outcome of the vote on this Proposal No. 4. Since this Proposal No. 4 is considered to be “routine” under NYSE rules, we do not expect any broker non-votes on this Proposal No. 4.

**ON BEHALF OF THE AUDIT COMMITTEE, THE BOARD OF DIRECTORS RECOMMENDS
A VOTE IN FAVOR OF PROPOSAL NO. 4****PRINCIPAL ACCOUNTANT FEES AND SERVICES**

In connection with the audit of the 2018 financial statements, we entered into an engagement agreement with Ernst & Young LLP that sets forth the terms by which Ernst & Young LLP will perform audit and interim review services for us. That agreement is subject to alternative dispute resolution procedures.

The following table represents aggregate fees billed to us for the fiscal years ended December 31, 2018 and December 31, 2017, by Ernst & Young LLP, our independent registered public accounting firm.

	Fiscal Year Ended

	(in thousands)	
Audit Fees	\$ 1,356	\$ 1,455
Audit-Related Fees	—	—
Tax Fees	6	6
All Other Fees	5	2
Total Fees	<u>\$ 1,367</u>	<u>\$ 1,463</u>

Audit Fees. Audit fees consist of fees for services rendered in connection with the annual audit of our financial statements and review of the interim financial statements in quarterly reports. This category also includes fees for audits provided in connection with statutory and regulatory filings and engagements or services that generally only the independent registered public accounting firm reasonably can provide to a client.

Tax Fees. Tax fees include fees for tax compliance, tax planning and tax advice. Specifically, the amounts reflect fees paid to Ernst & Young LLP tax compliance work in Europe.

All Other Fees. Consists of fees for products and services other than the services described above. Specifically, the amounts reflect fees paid to Ernst & Young LLP in connection with the use of Ernst & Young LLP’s online accounting research tool.

P RE - APPROVAL P OLICIES AND P ROCEDURES

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and non-audit services provided by the independent registered public accounting firm. On an on-going basis, management communicates specific projects and categories of service for which the advance approval of the Audit Committee is requested. The Audit Committee reviews these requests and advises management if the Audit Committee approves the engagement of the independent registered public accounting firm. On a periodic basis, management reports to the Audit Committee regarding the actual spending for such projects and services compared to the approved amounts. The Audit Committee also may delegate the ability to pre-approve audit and permitted non-audit services to one or more of its members, provided that any such pre-approvals are reported at the next scheduled Audit Committee meeting. All fees described in the Principal Accountant Fees and Services table above were pre-approved by the Audit Committee.

Applicable percentages are based on 137,835,844 shares outstanding on April 12, 2019, adjusted as required by rules promulgated by the SEC.

Business Overview

We are a biomedical products company focused on developing and commercializing the INTERCEPT Blood System to enhance blood safety by inactivating a broad range of pathogens such as viruses, bacteria, and parasites that may be present in donated blood. The INTERCEPT Blood System, which is based on our proprietary technology for controlling biological replication, is designed to reduce blood-borne pathogens in donated blood components intended for transfusion. Our INTERCEPT Blood System is for use with three blood components: plasma, platelets, and red blood cells. The INTERCEPT Blood System for platelets, or platelet system, and the INTERCEPT Blood System for plasma, or plasma system, have received a broad range of regulatory approvals and are being marketed and sold in the United States, Europe, the Commonwealth of Independent States, the Middle East, Latin America, and selected countries in other regions around the world. The INTERCEPT Blood System for red blood cells, or the red blood cell system, is currently in late stage development.

2018 Highlights

We attained a number of notable performance and other achievements in 2018, including the following:

- Reported full-year 2018 product revenue of \$60.9 million, an increase of 40% compared to 2017 product revenue.
- Reported positive top-line results from SPARC, our European Phase 3 transfusion study of chronic anemia designed to evaluate the safety and efficacy of INTERCEPT Blood Systems for red blood cells (RBCs) compared to conventional RBCs in thalassemia patients. The study successfully met primary efficacy and safety endpoints.
- Completed an underwritten public offering of common stock raising proceeds of \$57.5 million, before deducting offering expenses. The proceeds from the offering strengthened our balance sheet and funded our growth initiatives.

[Table of Contents](#)

- Expanded RedeS, our U.S. clinical study into the continental United States. RedeS is a Phase 3 study designed to evaluate the safety and efficacy of INTERCEPT Blood Systems for RBCs compared to conventional RBCs in regions impacted by the Zika virus. Prior to the expansion, study sites were located only in Puerto Rico.
- Received approval by Health Canada for the commercialization of INTERCEPT Blood Systems for platelets. Approximately 150,000 units of platelets are shipped annually in Canada.
- Expanded our contract with BARDA for an additional \$15 million. The expansion of our BARDA contract provides funding for supplementary support of both the ReCePI acute anemia clinical trial and the planned SCient chronic anemia clinical trial. The total potential value of the amended contract with BARDA is \$201 million.
- The FDA granted a Breakthrough Device designation for our pathogen-reduced cryoprecipitate product candidate. The basis of the designation is improved treatment of massive hemorrhage, a life-threatening medical condition. Cryoprecipitate is used to control bleeding associated with acquired fibrinogen deficiency in maternal hemorrhage, trauma and surgery.
- The American Red Cross received FDA approval for their first biologics license application (BLA) for interstate distribution of platelets that have been pathogen-reduced with INTERCEPT Blood Systems. Given the American Red Cross' extensive customer base across the United States, the ability to ship products interstate is critical to reaching hospitals interested in adopting INTERCEPT-treated platelets and ensuring patients have access to safer blood components. Since the initial BLA approval, more than half of the 15 American Red Cross manufacturing sites currently producing INTERCEPT-treated platelets have received BLA approvals.
- Filed for CE Mark registration for INTERCEPT Blood System for red blood cells. The submission will be reviewed by TÜV SÜD, our notified body, and Irish Health Products Regulatory Authority, the competent authority. The CE Mark submission included a clinical dossier developed from our two European Phase 3 clinical studies, STARS and SPARC.
- Initiated enrollment in ReCePI, our U.S. Phase 3 study designed to evaluate the efficacy and safety of the INTERCEPT Blood System for red blood cells in patients undergoing complex cardiac surgery procedures. The first patient was enrolled at Houston Methodist Hospital in Houston, Texas.
- Expanded the executive management team with the appointment of William Moore as Senior Vice President of Manufacturing Operations and Supply Chain. Mr. Moore's extensive experience in manufacturing operations and knowledge of blood center operations will be invaluable as we continue to expand our global footprint and supply chain.
- Undertook to refresh the Board, resulting in the appointment of Timothy Moore, Eric Bjerkholt, and Jami Nachtsheim (Ms. Nachtsheim was appointed in 2019) to the Board of Directors. The new board members provide fresh perspectives and insights into key, strategic factors.

Executive Compensation Governance Highlights

Our Compensation Committee believes that our executive compensation program is appropriately designed and reasonable in that it both encourages our NEOs to work for our long-term prosperity and reflects a pay-for-performance philosophy, without encouraging our employees to assume excessive risks, and also reflects a reasonable and responsible cost structure.

Below are key elements of our compensation program, as well as problematic pay practices that we avoid:

What We Do

- ✓ Design executive compensation to align pay with performance
- ✓ Structure our executive compensation program to minimize inappropriate risk-taking
- ✓ Select peer companies with which we compete with for executive talent, and that have a similar business and are of similar size as us, and review their pay practices
- ✓ Solicit advice from our Compensation Committee’s independent compensation consultant that reports directly to the Compensation Committee
- ✓ Rely on long-standing, consistently-applied practices on the timing of equity grants
- ✓ Enforce “no-hedging” and “no-pledging” policies
- ✓ Maintain stock ownership guidelines for our Chief Executive Officer
- ✓ Have 100% independent directors serve on our Compensation Committee

What We Don’t Do

- x No excessive change in control or severance payments
- x No employment contracts or severance agreements with NEOs providing for “single trigger” acceleration upon a change in control
- x No NEO perquisites that are not available to all Cerus employees
- x No tax gross-ups on severance or change in control benefits
- x No repricing of stock options without stockholder approval
- x No NEO post-termination retirement or pension benefits that are not available to employees generally

Response to 2018 Say-on-Pay Votes

We value the input of our stockholders on our compensation programs. We hold an advisory vote on executive compensation on an annual basis. At our 2018 Annual Meeting, the stockholders approved, on an advisory basis, the compensation of the NEOs, as disclosed in the proxy statement for that meeting pursuant to the compensation disclosure rules of the SEC. The Compensation Committee reviewed the final vote results for the proposal, and, given the significant level of stockholder support (approximately 95.82% of the votes cast with respect to the advisory proposal), concluded that our compensation program continues to provide a competitive pay-for-performance package that effectively encourages our NEOs to work for our long-term prosperity and reflects a reasonable and responsible cost structure. Accordingly, the Compensation Committee determined not to make any significant changes to our executive compensation policies or decisions as a result of the vote, although the Compensation Committee continues to look critically at our short-term performance-based incentive targets and long-term incentive awards. The Compensation Committee will continue to consider the outcome of our advisory votes on executive compensation and our stockholders’ views when making future executive compensation decisions for our executives.

EXECUTIVE COMPENSATION PHILOSOPHY AND OBJECTIVES

We believe that the performance of our executive officers has the potential to significantly impact our ability to achieve our corporate performance and strategic goals. We therefore give considerable thought to the design and administration of our executive officer compensation program. The Compensation Committee believes that the most effective compensation program is one that provides competitive base salary, rewards the achievement of established corporate performance goals and objectives and provides an incentive for retention. At the same time, our Compensation Committee believes that an effective compensation program must maintain a reasonable and responsible cost structure.

Our executive compensation program is designed around the following objectives:

- develop compensation policies and practices that are consistent with our strategic business objectives and executive compensation philosophy;
- attract and retain qualified individuals and motivate those individuals to perform at the highest of professional levels that will contribute to our growth and success;
- provide competitive compensation opportunities consistent with industry practices where we compete for talent;
- design programs to retain key employees, reward past performance and incentivize future contributions, balancing both short and long-term financial and business objectives to build a sustainable and prosperous company; and
- provide long-term incentive opportunities that continue to correlate employee contributions and rewards with stockholder value creation.

C O M P E N S A T I O N S E T T I N G P R O C E S S

Overview

When creating an executive's overall compensation package, the Compensation Committee considers the different components of our compensation packages in light of the role the executive will play in achieving our near-term and longer-term goals, in addition to the objectives described above. The Compensation Committee also considers the compensation packages provided to similarly situated executives at the companies we consider to be our peers. Performance-based cash compensation awards under our Bonus Plan for Senior Management of Cerus Corporation, or our Bonus Plan, are made based on the achievement of corporate performance goals designed to create incentives that we believe drive executive performance that increase stockholder value, and each executive officer's contribution toward achieving our corporate performance goals. The corporate performance goals vary year-to-year, but generally include value-adding achievements such as meeting revenue targets and timely completion of clinical, development, regulatory, commercial, manufacturing, or other operational or strategic undertakings.

Components of Pay/Target Pay Positions/Mix of Pay

The components used to support our compensation objectives stated above are base salary, cash incentive awards under our Bonus Plan, equity awards and certain other benefits (discussed in greater detail below under "*Executive Compensation Components and Decisions*"). We use a combination of these pay elements to provide a competitive total compensation package to our executives. We do not specify a target percentage of the overall compensation to be represented by the various compensation elements. However, the Compensation Committee's intention is that a significant percentage of each NEO's total compensation package should be "at risk" in the form of performance-based cash incentive compensation and long-term equity compensation. Our Compensation Committee believes that having a significant portion of our executives' compensation package be "at risk" has contributed to cultivating a culture in which our NEOs aggressively pursue our corporate performance goals as they know that their take home pay, to a large extent, depends upon our corporate performance and, to some extent, their contribution to that performance. At the same time, a significant portion of the "at risk" compensation is in the form of long-term equity incentives, which is designed to mitigate any risk that our executives will pursue short-term outcomes at the expense of long-term stockholder value. Employees in more senior roles have an increasing proportion of their potential compensation "at risk" and tied to performance because they are in a position to have greater influence on achieving our performance results. For example, 37.6% of our Chief Executive Officer's total potential 2018 cash compensation was "at risk," and 78.8% of his total potential 2018 compensation was "at risk." For purposes of calculating the potential cash and total 2018 compensation "at risk," we included the target Bonus Plan compensation as reported in the Grants of Plan-Based Awards Table and, with respect to total compensation, the grant date fair value of each stock option and RSU award, calculated in accordance with ASC 718 as reported in the Grants of Plan-Based Awards Table.

Role of the Chief Executive Officer

The Chief Executive Officer does not participate in setting his own compensation and is specifically excluded from any discussions or deliberations related to his compensation package. However, the Chief Executive Officer recommends to the Compensation Committee for its consideration and ultimate approval, proposed corporate performance goals and their relative weighting for the upcoming fiscal year, as well as provides input on the level of attainment of the prior year's corporate performance goals, for purposes of determining the level of achievement of the corporate performance goals. The Chief Executive Officer also regularly provides input to the Compensation Committee during the course of the year regarding the performance of our other NEOs. The Chief Executive Officer is also delegated authority by the Compensation Committee to approve annual cash incentive bonuses to our non-executive officers in his discretion out of an aggregate annual cash bonus pool within limits previously approved by the Compensation Committee.

With respect to long-term equity compensation, the Compensation Committee has also delegated authority to the Chief Executive Officer, as the sole member of the NOSOC, to grant equity awards to our non-officer employees within certain guidelines previously approved, without any further action required by the Compensation Committee. The purpose of this delegation of authority is to enhance the flexibility of equity administration and to facilitate the timely grant of equity awards to non-officer employees, including newly hired employees, within specified limits previously approved by the Compensation Committee. As part of its oversight function, the Compensation Committee reviews, on at least an annual basis, the equity grants made by the NOSOC.

Compensation Committee Decision-Making Process

Typically, the Compensation Committee meets at least twice per year to make compensation decisions for our NEOs, with greater frequency if necessary. The Compensation Committee also meets and confers regularly in executive session without the presence of our executive team. The Compensation Committee met twice during 2018.

From time to time, various members of our management and other employees, as well as outside advisors or consultants, may be invited by the Compensation Committee to make presentations, provide financial or other background information or advice, or otherwise participate in Compensation Committee meetings. The charter of the Compensation Committee grants the Compensation Committee full access to all of our books, records, facilities and personnel, as well as the authority, in its sole discretion, to retain (or obtain the advice of) any compensation consultant, legal counsel or other adviser to assist it in the performance of its duties, all at our expense. As part of its deliberations, the Compensation Committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, and tax and accounting information.

Prior to each meeting where compensation decisions are to be made with respect to our executives, our Vice President, Administration provides the Compensation Committee with tally sheets that set forth our executives' historical base salary and bonus information covering the past ten years, or period of actual employment if shorter, as well as each executive's: (1) equity grant history; (2) vested and unvested potential gain on equity awards using projected stock prices at various points in time in the future; and (3) stock option exercise history, in each case during such ten year period, or any shorter period of actual employment. In 2018, the tally sheets were reviewed for the purposes of a subjective evaluation as to whether 2018 compensation levels were appropriate in light of the compensation levels in effect for prior years and whether each executive's compensation was generally reflective of his or her level of experience and responsibilities.

In determining 2018 compensation for our executive officers, the Compensation Committee considered the recommendations of our Chief Executive Officer with respect to the compensation of our other NEOs as stated above under the heading "*Role of the Chief Executive Officer*," as well as each executive's individual performance during the preceding year and the reports and benchmarking analysis described below under the heading "*Use of Peer Group and Survey Data*."

The Compensation Committee approves the compensation packages for all executives, including the allocation of base salary, short-term performance-based cash incentive compensation and long-term equity incentive compensation, and the applicable target award levels as a percentage of base salary related to the short-term performance-based cash incentive compensation. Historically, the Compensation Committee has made its most significant adjustments to annual base compensation, determined cash and equity awards and established new performance objectives at one or more meetings held during the first and fourth quarters of the year. Generally, adjustments to the base salary of our executives are determined by the Compensation Committee in February of each year, with the adjustments becoming effective March 1st. As discussed more fully below, annual short-term performance-based cash awards are generally made in the first quarter of the year following the year in which performance is achieved.

The Compensation Committee generally awards annual option grants and RSU awards in the first quarter of each year concurrent with the determination of cash compensation. The timing of our annual equity awards was selected so the Compensation Committee could review concurrently all components of executive compensation (base salary, Bonus Plan targets and corporate performance goal attainment levels, and long-term equity incentive awards) and make compensation determinations based upon the totality of the annual compensation package for each executive. Our general policy is to grant stock options and other equity awards on fixed dates determined in advance, although there are occasions when grants are made on other dates. We do not purposely accelerate or delay the public release of material information in consideration of any pending equity award grant to allow the award recipient to benefit from a more favorable stockholder return. Other than equity award grants to new hires, equity award grants to executive officers are generally approved once a year (typically in the first quarter of the year) unless an executive officer is promoted, in which case a grant will normally be made at the time of such promotion, or, in rare circumstances, for recognition of outstanding performance or for retention purposes. All required approvals are obtained in advance of or on the actual grant date.

Generally, the Compensation Committee's process for determining Bonus Plan award opportunities involves two related elements: the determination of target award levels and the establishment of corporate performance goals for the current year. Per the terms of his employment agreement, Mr. Greenman's target level for his short-term performance-based cash incentive compensation is set at 60% of his base salary. For the remaining NEOs, the applicable target level of base salary for the short-term incentive cash compensation award is recommended by the Chief Executive Officer, taking into consideration feedback from Radford Consulting. The Chief Executive Officer's recommendations are reviewed by the Compensation Committee, and the Compensation Committee either approves the bonus target levels as recommended or may modify the target levels of Bonus Plan awards after considering the peer group data provided by Radford Consulting. Bonus Plan compensation, combined with annual equity compensation, has historically resulted in more than 50% of our NEOs' total potential compensation being "at risk."

At or prior to the beginning of each year, corporate performance goals are reviewed and approved by the Compensation Committee and the full Board. Each of our NEO's short-term incentive cash compensation package is tied to our corporate performance in that corporate performance determines the amount by which the bonus pool is funded, with the Compensation Committee considering each executive's individual contribution towards the achievement of our corporate performance goals for the performance year before approving actual individual bonus payouts.

Shortly after the end of each year, the Compensation Committee meets with our Chief Executive Officer to discuss and evaluate each of the corporate performance goals for the preceding year, whether such goals were attained and, if so, at what level. The Compensation Committee also reviews with our Chief Executive Officer the individual performance of each of our NEOs, other than our Chief Executive Officer, and each individual's contribution towards the achievement of our corporate performance goals. The Compensation Committee then meets in executive session without the presence of our Chief Executive Officer to review and evaluate our Chief Executive Officer's performance for the preceding year.

Although compensation packages are reviewed on an annual basis, generally in the first quarter, the Chief Executive Officer and Compensation Committee regularly discuss the performance of our executive officers throughout the year. The Compensation Committee considers this ongoing feedback along with its annual review of all the NEOs' individual performance when determining the appropriate levels of base salary and long-term equity incentive compensation awards for the following year. Throughout the year, the Compensation Committee also considers matters related to individual compensation, such as compensation for new executive hires, as well as high-level strategic issues, such as the efficacy of our compensation strategy, potential modifications to that strategy and new trends, plans or approaches to compensation.

Role of Compensation Consultant

The Compensation Committee has engaged Radford Consulting as its compensation consultant since August 2011. Radford Consulting is an independent consulting firm that specializes in executive compensation consulting. The Compensation Committee initially selected Radford Consulting after considering a number of other national compensation consulting firms. The Compensation Committee continues to use Radford Consulting due to their expertise with life sciences companies. Radford Consulting generally provides analysis and recommendations to the Compensation Committee regarding:

- trends and emerging topics with respect to executive compensation;
- peer group selection;
- compensation practices of our peer group;
- compensation programs for executives and broad-based employees; and
- stock utilization and other metrics.

In October 2017, the Compensation Committee engaged Radford Consulting specifically to update its analysis in connection with the 2018 executive compensation determinations.

In addition to engaging their consulting services, we subscribe to both Radford Consulting's annual Global Life Science and Global Sales compensation survey data on an ongoing basis. As previously discussed, the Compensation Committee regularly meets in executive session to discuss executive compensation issues. Radford Consulting may be asked to participate in, and has in the past attended, meetings of the Compensation Committee. Radford Consulting reports directly to the Compensation Committee rather than to management, although it has in the past met with management for purposes of gathering information for its analyses and recommendations and may continue to do so in the future.

Use of Peer Group and Survey Data

The Compensation Committee regularly considers the appropriate pay scales for our NEOs and, as part of that process, considers compensation levels provided by comparable, or peer, companies to persons performing duties of similar scope and complexity as a reference point when making compensation-related decisions in order to ensure that total compensation is competitive with compensation paid within the industry and is appropriate given the executive's level of responsibilities. The Compensation Committee uses this assessment to assist it in making decisions regarding appropriate compensation levels for our executive positions, but the Compensation Committee recognizes that consideration of such comparative data alone is an imperfect tool for establishing competitive compensation packages as the job responsibilities of persons with similar titles may vary significantly from company to company, and a person's title is not necessarily descriptive of a person's duties.

As part of the October 2017 engagement, the Compensation Committee requested that Radford Consulting assist with updating the peer group we used for purposes of assisting the Compensation Committee in setting

[Table of Contents](#)

executive compensation levels for 2018. As a result, the Compensation Committee, working closely with Radford Consulting, ultimately selected a peer group consisting of 21 companies based on the following selection criteria:

- late development stage biopharmaceutical companies (Phase III or pre-NDA to marketed products);
- companies with less than \$125 million in annual revenue;
- companies with 50 to 500 employees, as compared to our 215 employees as of the time of this peer group update; and
- companies with market capitalizations of between \$100 million and \$1.2 billion, as compared to our approximate market capitalization of \$385 million as of the time of this peer group update.

In applying these revised peer group selection criteria, the Compensation Committee approved removing SciClone Pharmaceutical, Inc. as they were acquired in 2017. The Compensation Committee also approved removing the following five companies from the revised peer group list:

<u>Former Peer Company</u>	<u>Rationale for Removal</u>
Concept Therapeutics Incorporated	Market cap and revenues were above the criteria range
Immunomedics, Inc. Merrimack Pharmaceuticals, Inc.	Market cap was above the criteria range Sold its commercial product and is now in Phase II
Repligen Corporation	Market cap and revenues were above the criteria range
Supernus Pharmaceuticals, Inc.	Market cap and revenues were above the criteria range

To replace these six companies, the Compensation Committee decided to add the following seven companies to the revised peer group: Achaogen, Inc., Adamas Pharmaceuticals, Inc., BioDelivery Sciences International, Inc., ChemoCentryx, Inc., Collegium Pharmaceutical, Inc., MannKind Corporation and Rigel Pharmaceuticals, Inc. Thus, the following 21 peer group companies were selected by the Compensation Committee for use in setting executive compensation levels for 2017:

Achaogen, Inc.	MannKind Corporation
Adamas Pharmaceuticals, Inc.	Momenta Pharmaceuticals, Inc.
Anika Therapeutics, Inc.	OraSure Technologies, Inc.
Antares Pharmaceuticals, Inc.	Retrophin, Inc.
BioDelivery Sciences International, Inc.	Rigel Pharmaceuticals, Inc.
ChemoCentryx, Inc.	Sangamo Therapeutics, Inc.
Collegium Pharmaceutical, Inc.	STAAR Surgical Company
Cytokinetics, Inc.	Sucampo Pharmaceuticals, Inc.
Dynavax Technologies Corporation	Vanda Pharmaceuticals, Inc.
Five Prime Therapeutics, Inc.	Zogenix, Inc.
Heron Therapeutics, Inc.	

Radford Consulting analyzed the most recent compensation practices of the revised peer group in order to assist the Compensation Committee in determining appropriate 2018 NEO compensation levels. Radford Consulting prepared an extensive analysis of the compensation practices of the 21 peer companies as reported in their proxy statements for the prior fiscal year, and offered additional analysis based on the compensation practices of a broader group of life science companies, a subset of what is included in the Radford Life Science Survey for biotechnology and life science companies with 50 to 500 employees. The Compensation Committee used this survey data to determine market trends, to verify that the peer group data for NEO compensation is

consistent with overall compensation trends, and to set compensation levels for our non-executive employees. Radford Consulting delivered its report to the Compensation Committee in February 2018, and also included anticipated 2018 compensation trends in its analysis.

The Compensation Committee referenced the cash and equity compensation components analyzed in Radford Consulting's report, combined with its review of each executive officer's past individual performance, level of responsibility and anticipated future contributions to Cerus, in setting executive base salary and long-term equity compensation awards for 2018.

After considering the results of Radford Consulting's report, the Compensation Committee felt it was appropriate to continue to generally reference approximately the 50th percentile of the peer group for base salary and the 50th percentile of the peer group for the annual incentive bonus target, as it has historically targeted, but decided to target the 50th percentile of the peer group, rather than the 60th percentile it has historically targeted, for equity compensation in making its 2018 annual compensation decisions in light of the shares remaining available for issuance under the 2008 Plan. To further maximize the shares remaining available for issuance under the 2008 Plan, the Compensation Committee reduced the grants again by an additional 5%. The 50th percentiles of the peer group for the base salary levels and the annual incentive bonus target levels were selected as reference points by the Compensation Committee in determining whether the total target cash compensation opportunity is likely to provide sufficient motivation and retention. The Compensation Committee's decision to generally reference the 50th percentile of our peer group in determining equity compensation levels for our NEOs, and to further reduce the grants by an additional 5%, was done solely to conserve the number of shares available for future issuance under the 2008 Plan. The Compensation Committee also focused on pay equity considerations, which, consistent with prior years, resulted in equivalent grants to our NEOs other than our CEO.

2018 Base Salary

The purpose of base salary is to provide a level of fixed compensation to our NEOs in order to attract and retain executives with the qualifications desired for the particular position. For 2018, the Compensation Committee's aim, in line with our general philosophy to set target compensation levels that are competitive while maintaining a reasonable cost structure, was to initially determine base salaries by referencing the 50th percentile of the compensation paid to similarly situated executives employed by the peer group companies for target level

[Table of Contents](#)

performance, but making adjustments from the 50th percentile to reflect the executive's level of experience and actual responsibilities. Each year, we generally tend to make modest increases in base salary for executive officers, except where an individual's base salary is found to be significantly below market when compared to the selected peer group, in which case a larger increase may be warranted, or significantly above market when compared to the selected peer group, in which case a smaller increase may be warranted. The Compensation Committee reviews base salary annually and considers adjusting base salaries to reflect market trends provided by Radford Consulting. These guidelines are used throughout our company in determining appropriate base salary increases for all of our employees. In February 2018, our Compensation Committee approved 2018 base salaries at the same time it approved 2018 bonus targets and equity awards for our executive officers. Salary increases were effective as of March 1, 2018, and took into account trends in base salary increases provided by Radford Consulting (which for 2018 was approximately 4.5%).

<u>Named Executive Officer</u>	<u>2017 Base Salary (\$)</u>	<u>Percentage Increase for 2018</u>	<u>2018 Base Salary (\$)</u>	<u>Pay Relative to Peer Group After Increase (approx.)</u>
William M. Greenman	\$600,000	3.33%	\$620,000	50th—75th percentile
Kevin D. Green	\$371,280	5.00%	\$389,844	50th percentile
Richard Benjamin	\$401,128	3.50%	\$415,167	50th percentile
Laurence M. Corash	\$422,382	1.00%	\$426,606	>75th percentile
Vivek Jayaraman	\$404,000	2.50%	\$414,100	75th percentile

For 2018, the Compensation Committee approved increases to base salary to bring base compensation generally in line with the 50th percentile of comparable positions at our peer companies based upon the data provided by Radford Consulting. The base salary for Dr. Corash and Mr. Jayaraman was already above the 50th percentile and therefore they received smaller increases to base salary.

Bonus Plan for 2018

We provide short-term performance-based incentive compensation to our NEOs under the Bonus Plan. Each NEO's cash incentive compensation is contingent upon our performance and his or her individual contribution towards our corporate performance.

The Bonus Plan is funded based upon the achievement of corporate performance objectives that are specified at the beginning of the performance period. However, when determining payouts under the Bonus Plan, the Compensation Committee may take into account significant corporate events and other significant accomplishments that were not contemplated at the beginning of the performance period in determining the extent to which the goals were satisfied. Likewise, the Compensation Committee may modify or otherwise change the corporate performance objectives during the applicable calendar year to take into account circumstances then existing; however, no modifications were made for our Bonus Plan for 2018. In determining the actual individual Bonus Plan payouts, the Compensation Committee may also exercise its discretion to increase or reduce the bonuses actually paid under the Bonus Plan above or below the level of attainment of our corporate performance objectives used to determine the funding of the Bonus Plan. However, in no event can aggregate payments under the Bonus Plan exceed the amount by which the Bonus Plan is funded. Per the Bonus Plan, the bonus pool is funded based upon the product of (a) the participants' bonus target percentage multiplied by their bonus year base pay and (b) the final payout rate calculated based upon achievement of the pre-specified goals.

At the beginning of 2018, the Compensation Committee, with input from the Chief Executive Officer (except with respect to his own target bonus percentage), determined not to make any change in the target bonus percentages that were in effect for 2018. The target bonus percentage for Mr. Greenman was 60% of base salary and for the rest of the NEOs, the target bonus percentage was 40% of base salary. The factors the Compensation Committee evaluated in determining the level of achievement of the corporate performance goals and the payouts

[Table of Contents](#)

under the Bonus Plan are described below. The Compensation Committee believed these factors were the best indicators of the achievement of the execution of our operating plan and were the factors that were the most critical to increasing the value of our common stock. These factors, therefore, were believed to best align the financial interests of our NEOs with those of our stockholders.

The performance goals were split between quantitative, qualitative and strategic goals and accounted for 50%, 35% and 15%, respectively, of total performance goals under the Bonus Plan for 2018. The Compensation Committee assigned a final payout rate of 117.5% with respect to these performance goals for 2018 based on the level of achievement of the following objectives which were established in the first quarter of 2018.

2018 Quantitative Goals

<u>Goal</u>	<u>Goal Weighting</u>	<u>Threshold (50%)</u>	<u>Target (100%)</u>	<u>Stretch (150%)</u>	<u>Achievement</u>	
2018 product revenue	40%	\$ 52M	\$56M	\$60M	\$ 61M	60%
2018 average quarterly cash used in operations	10%	\$ 12M	\$11M	\$10M	\$ 7.9M	15%
Total						75%

2018 Qualitative Goals

The qualitative corporate performance goals for 2018 were eligible to result in a 0.5x payout for minimum performance, up to 1.5x payout in the event of exceptional achievement, in each case as determined by the Compensation Committee. For 2018, the Compensation Committee approved the following qualitative corporate performance goals and determined their relative levels of achievement as noted next to each goal below:

<u>Goal</u>	<u>Goal Weighting</u>	<u>Achievement</u>
Regulatory efforts with respect to a plasma alternate plastics submission and a cryoprecipitate submission	5%	2%
Progress on the extended shelf life platelet study	2.5%	0%
Execute on red blood cell clinical study program	7.5%	3%
Submit CE mark application for the red blood cell system in Europe	10%	10%
Maintain an effective supply chain	10%	7.5%
Total		22.5%

With respect to regulatory submissions related to alternate plastics for plasma and the cryoprecipitate submission, the Compensation Committee took into account our reaching agreement with the FDA regarding a streamlined proposal for all plasma inputs. With respect to executing on our red blood cell clinical study program, our Compensation Committee took into account the number of red cell production sites producing to support our red cell clinical sites, as well as the number of clinical sites activated. Finally, with respect to our supply chain goals, our Compensation Committee looked at our extraordinary efforts to manage regulatory approvals, manufacturing and overall kit supply in view of the transition of our platelet kits to an alternate plastic, while simultaneously managing growing customer demand, including France adopting INTERCEPT 100% for its platelet components and U.S. platelet kit sales doubled in 2018 as compared to 2017. Although we made some progress on our extended shelf life platelet study protocol with the FDA, due to other priorities for the year, the Compensation Committee did not feel our progress was sufficient to attribute any achievement to that goal. Our red blood cell CE Mark submission was completed in December 2018 and therefore the Compensation Committee attributed full achievement to the goal.

2018 Strategic Goals

Other corporate strategic goals accounted for 15% of our potential Bonus Plan payout for 2018. The Compensation Committee looked at our progress with respect to hiring talent, including the identification of our new senior vice president of manufacturing operations and supply chain and our new vice president of research, the expansion in the number of manufacturing sites for our cryoprecipitate program, the granting of Breakthrough Device designation for our pathogen-reduced cryoprecipitate product candidate by the FDA, capacity expansion efforts with our finished goods manufacturer, Fresenius Kabi AG, as well as our activities with respect to next generation product development and partnerships. As a result of these significant achievements, the Compensation Committee determined that we met 133% of our other corporate strategic goals and we received credit for 20%.

Calculation of 2018 Bonus Plan Payouts

Based on the above results, the Compensation Committee fully allocated the bonus pool after considering each individual's strong contributions toward achievement of our corporate performance score. Mr. Greenman received 120% of his target bonus based on his exceptional leadership and focus during a year with significant developments with respect to our commercial, manufacturing and supply, regulatory and development activities. Mr. Green received 135% of his target bonus based upon his financial stewardship and close management of our operating cash, as well as his efforts with respect to the January 2018 public offering. Drs. Benjamin and Corash received 105% of their target bonus based upon the progress of our clinical studies, including those with respect to our red cell program. Mr. Jayaraman received 155% of his bonus payout to reflect his extraordinary efforts in achieving 2018 product revenue in excess of guidance and the stretch target for 2018.

2018 Long-Term Incentive Compensation

In addition to salary and short-term incentive compensation, we provide our executive officers with long-term performance incentives, which historically has typically been in the form of stock options. Stock options are intended to foster the long-term perspective we believe is necessary for our continued success by creating a strong, direct link between our NEOs' compensation and our stock price appreciation. Because the executive must pay a cash exercise price equal to the value of the stock on the date the option is granted, the executive will only receive value from the award if the value of our stock increases following the option grant date. The Compensation Committee also awards stock options because it believes that if our officers own shares of our common stock with value that is significant to them, but which value cannot be immediately realized, they will have an incentive to act to maximize longer-term stockholder value instead of short-term gain. Our stock option awards are granted subject to vesting restrictions, so they are earned over a period of years during the executive's continued service with us following the option grant date. The Compensation Committee also believes that equity compensation is an integral component of our efforts to attract and retain exceptional executives, senior management and other employees. In 2016, the Compensation Committee determined to add RSU awards to our annual grants for executives, in part because the Compensation Committee believes that long-term equity awards composed of a mix of stock options and RSU awards may better align our executive officers' interests with those of our stockholders by minimizing the incentive for inappropriate short-term risk taking at the expense of realizing long-term value. RSU awards generally cover fewer shares than the stock options that we would otherwise grant to deliver a similar value to an executive officer, but have a larger impact on reducing the number of shares available for issuance under the 2008 Plan as the plan is reduced by 1.61 shares for each share of common stock issued pursuant to an RSU award (or 1.55 shares under the Restated 2008 Plan if Proposal No. 2 is approved by our stockholders). As a result, although RSU awards enable the Company to minimize dilution to stockholders, they accelerate the depletion of shares available for issuance under the 2008 Plan. Both stock options and RSU awards vest over time, thereby increasing retention value.

In February 2018, the Compensation Committee approved annual equity award grants to our NEOs. The Compensation Committee determined to grant 2018 equity awards to our NEOs at levels sufficiently large

[Table of Contents](#)

enough to approximate the 50th percentile for referenced average equity compensation levels provided by our peers. This was done to conserve the number of shares available for future issuance under the 2008 Plan. In order to determine the size of each NEO's grant for our NEOs other than our CEO, the Compensation Committee reviewed 50th percentile of the peer group for each NEO and then averaged those amounts to determine the value of the aggregate grant each of our NEOs, other than our CEO, would receive. The aggregate amount was then split equally between options and RSU awards. For our CEO, the Compensation Committee determined the aggregate value of his grant should approximate the 50th percentile of the equity compensation provided to CEOs of our peers. The Compensation Committee largely took into pay equity concerns into consideration when establishing awards and for that reason it referenced a weighted average peer group percentile that analyzed such NEOs as a group, which resulted in roughly equal awards to our NEOs other than our CEO, who received larger grants consistent with his role and responsibilities. All grants to NEOs were made under the 2008 Plan.

Equity grants to our NEOs in 2018 were as follows:

<u>Named Executive Officer</u>	<u>Option Shares</u>	<u>RSU Shares</u>
William M. Greenman	430,000	215,000
Kevin D. Green	95,000	47,500
Richard Benjamin	95,000	47,500
Laurence M. Corash	95,000	47,500
Vivek Jayaraman	95,000	47,500

Our stock options generally have a ten-year term. Stock options typically have six-month cliff vesting and thereafter vest monthly over the following 42 months and are therefore fully exercisable four years after the grant date. The exercise price of our options is the closing price per share on the date of grant. The RSU awards vest in three equal installments on March 12th of each year, with the exception of our 2016 RSU awards, which vest in three equal installments on March 10th of each year. March 12th was selected as the vesting date because it would generally fall in an open trading window, allowing our employees the ability to sell enough shares of the vesting RSU awards to cover their statutory withholding obligation.

2019 Long-Term Incentive Compensation

In April 2019, the Compensation Committee approved annual equity award grants to our NEOs. Because we did not have enough shares remaining available under the 2008 Plan at the time these grants were approved, they were approved for grant on the date of the Annual Meeting subject to stockholder approval of Proposal No. 2. In line with its historical philosophy, the Compensation Committee determined to target the 60th percentile of the peer group for these equity awards to provide sufficient motivation and retention and to continue to ensure a significant portion of our NEOs' compensation is "at risk" and aligned with the interests of our shareholders. The Compensation Committee determined that the 2019 equity awards would be entirely in the form of RSU awards, primarily to minimize dilution to stockholders because RSU awards cover fewer shares than the stock options that we would otherwise grant to deliver a similar value. However, RSU awards will continue to have a larger impact on reducing the number of shares available for issuance under the Restated 2008 Plan if Proposal No. 2 is approved by our stockholders, as the share reserve of the Restated 2008 Plan will be reduced by 1.55 shares for each share of common stock issued pursuant to an RSU award. As a result, although RSU awards enable the Company to minimize dilution to stockholders, they will continue to accelerate the depletion of shares available for issuance under the Restated 2008 Plan. Although the Compensation Committee made the determination to grant only RSU awards in 2019, the Compensation Committee does not intend to rely solely on RSU awards in the future.

[Table of Contents](#)

RSU awards to our NEOs in 2019 were proposed as follows:

<u>Named Executive Officer</u>	<u>RSU Shares</u>
William M. Greenman	455,000
Kevin D. Green	135,000
Richard Benjamin	135,000
Laurence M. Corash	135,000
Vivek Jayaraman	135,000

Change of Control and Severance Benefits

Mr. Green, Dr. Corash, Dr. Benjamin and Ms. Menard are each participants in our change of control severance plan, referred to elsewhere as the Severance Plan, and we have an employment agreement with Mr. Greenman, in each case providing for certain change of control related severance benefits. For more information regarding our change of control related severance benefits, please see the section below entitled “Employment, Severance and Change of Control Agreements.” The Compensation Committee believes that these change of control related severance benefits are an important element of our executive compensation and retention program, which has particular importance in the context of a change of control. Change of control benefits under Mr. Greenman’s employment agreement and the Severance Plan, including stock award vesting acceleration, are structured on a “double-trigger” basis, meaning that the executive officer must experience a constructive termination or a termination without cause in connection with the change of control in order for the change of control benefits to become due. The Compensation Committee believes that the events triggering payment, comprising both a change of control and an involuntary termination, and then only when there is no misconduct by the officer, are appropriate hurdles for the ensuing rewards. It is the Compensation Committee’s belief that providing change of control benefits should eliminate, or at least reduce, the reluctance of our executive officers to diligently consider and pursue potential change of control transactions that may be in the best interests of our stockholders.

The severance benefits for Messrs. Greenman and Green contained in their employment agreements also provides for certain severance benefits in the event of an involuntary termination without cause not dependent on a change of control, including continued payment of salary and healthcare benefits and full equity award acceleration, in exchange for a general release of claims. Our Board and Compensation Committee believe that the non-change of control related severance benefits provided to our NEOs are an important element of their retention and motivation and are consistent with compensation arrangements provided in a competitive market for executive talent. It is further believed that the benefits of such severance arrangements, including generally requiring a release of claims against us as a condition to receiving the severance benefits, are in the best interests of the company.

In April 2018, the Compensation Committee approved amendments to the letter agreements for Messrs. Greenman and Green and to the Severance Plan simply to clarify that the vesting acceleration benefits provided for therein extend to all equity awards granted to the applicable executive by Cerus, consistent with the Compensation Committee’s philosophy as described above.

Other Benefits

We provide our executive officers with other benefits that we believe are reasonable and consistent with, or less than, what our peer group offers its executive officers and that help us to attract and retain high quality executives. The Compensation Committee periodically reviews the levels of benefits provided to our executive officers to ensure they remain reasonable and consistent with our compensation philosophy.

Our NEOs are eligible to participate in all of our employee benefit plans, such as the 401(k) Plan, medical, dental, vision coverage, short-term disability, long-term disability, group life insurance, cafeteria plan, and the

1996 Employee Stock Purchase Plan, in each case on the same basis as our other employees. We do not currently offer pension or other retirement benefits for our NEOs other than the 401(k) Plan.

CEO Stock Ownership Guidelines

The Board believes that our Chief Executive Officer and each director should develop a meaningful ownership interest in Cerus. Therefore, in March 2018, the Board adopted stock ownership guidelines for our Chief Executive Officer and our non-employee directors. Pursuant to these guidelines, our Chief Executive Officer is expected to own shares of our common stock having a value equal to at least three times his annual base salary. For purposes of these stock ownership guidelines, shares deemed to be owned include shares owned directly by our Chief Executive Officer or by members of our Chief Executive Officer's immediate family residing in the same household, shares held in trust for the benefit of our Chief Executive Officer or a member of our Chief Executive Officer's immediate family residing in the same household, up to fifty percent of the vested, "in-the-money" stock options held by our Chief Executive Officer and vested shares subject to any other outstanding equity awards or issued under any deferred compensation plan. Subject to certain extensions, our Chief Executive Officer is required to be in compliance with the stock ownership requirement by December 31st of the fifth year following the year during which he first became subject to these ownership guidelines. Our Chief Executive Officer first became subject to these guidelines during 2018, and he will be required to be in compliance by December 31, 2023. The Board has discretion to waive the guidelines or to develop an alternative individual guideline for our Chief Executive Officer if compliance would place a severe hardship on our Chief Executive Officer.

Risk Analysis

The Compensation Committee has reviewed our compensation policies as generally applicable to our employees and believes that our policies do not encourage excessive and unnecessary risk-taking, and that the level of risk that they do encourage is not reasonably likely to have a material adverse effect on the company. The design of our compensation policies and programs encourage our employees to remain focused on both the short- and long-term goals of the company. For example, while our Bonus Plan measures performance on an annual basis, our equity awards typically vest over a number of years, which we believe encourages our employees to consider sustained stock price appreciation, thus limiting the potential value of excessive risk-taking.

Compensation Recovery Policy

We do not have a policy to attempt to recover cash bonus payments paid to our executive officers if the performance objectives that led to the determination of such payments were to be restated, or found not to have been met to the extent the Compensation Committee originally believed. However, as a public company subject to the provisions of Section 304 of the Sarbanes-Oxley Act of 2002, if we are required as a result of misconduct to restate our financial results due to our material noncompliance with any financial reporting requirements under the federal securities laws, our Chief Executive Officer and Chief Financial Officer may be legally required to reimburse us for any bonus or other incentive-based or equity-based compensation they receive. In addition, we will comply with the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act and will adopt a compensation recovery policy once the SEC adopts final regulations on the subject. Notwithstanding the fact that we do not have a policy to recover cash bonuses, our Compensation Committee carefully monitors the Company's financial results and retains the discretion to reduce the cash bonuses that would otherwise have been paid under the Bonus Plan based on our level of attainment of our corporate and strategic goals to reflect subsequent developments.

Accounting and Tax Considerations

We account for stock-based awards exchanged for employee services in accordance with the Compensation—Stock Compensation topic of the Financial Accounting Standards Board Accounting Standards Codification. In accordance with the topic, we are required to estimate and record an expense for each award of equity compensation over the vesting period of the award. Accounting rules also require us to record cash compensation as an expense over the period during which it is earned.

Under Section 162(m), compensation paid to any publicly held corporation’s “covered employees” that exceeds \$1 million per taxable year for any covered employee is generally non-deductible.

Prior to the enactment of the Tax Cuts and Jobs Act, Section 162(m) provided a performance-based compensation exception, pursuant to which the deduction limit under Section 162(m) did not apply to any compensation that qualified as “performance-based compensation” under Section 162(m). Pursuant to the Tax Cuts and Jobs Act, the performance-based compensation exception under Section 162(m) was repealed with respect to taxable years beginning after December 31, 2017, except that certain transition relief is provided for compensation paid pursuant to a written binding contract which was in effect on November 2, 2017 and which is not modified in any material respect on or after such date.

Compensation paid to each of the Company’s “covered employees” in excess of \$1 million per taxable year generally will not be deductible unless it qualifies for the performance-based compensation exception under Section 162(m) pursuant to the transition relief described above. Because of certain ambiguities and uncertainties as to the application and interpretation of Section 162(m), as well as other factors beyond the control of the Compensation Committee, no assurance can be given that any compensation paid by the Company will be eligible for such transition relief and be deductible by the Company in the future. Although the Compensation Committee will continue to consider tax implications as one factor in determining executive compensation, the Compensation Committee also looks at other factors in making its decisions and retains the flexibility to provide compensation for the Company’s NEOs in a manner consistent with the goals of the Company’s executive compensation program and the best interests of the Company and its stockholders, which may include providing for compensation that is not deductible by the Company due to the deduction limit under Section 162(m). The Compensation Committee also retains the flexibility to modify compensation that was initially intended to be exempt from the deduction limit under Section 162(m) if it determines that such modifications are consistent with the Company’s business needs.

Forward-Looking Statements

Except for the historical statements contained in this Compensation Discussion and Analysis, this Compensation Discussion and Analysis contains forward-looking statements concerning our products and prospects, including statements concerning our anticipated clinical studies anticipated to be conducted as part of our planned clinical and regulatory process in the United States; potential future BARDA funding commitments and the amount and intended uses thereof; potential approval of the INTERCEPT Blood System for red blood cells in the United States; the anticipated review of our recently submitted CE Mark for the INTERCEPT Blood System for red blood cells; the potential issuance of a final guidance document in 2019; and other statements that are not historical facts. Actual results could differ materially from these forward-looking statements as a result of certain factors, including, without limitation: risks related to our ability to demonstrate to the transfusion medicine community and other health care constituencies that pathogen reduction and the INTERCEPT Blood System is safe, effective and economical; the uncertain and time-consuming development and regulatory process, including the risks (a) that we may be unable to comply with the FDA’s post-approval requirements for the INTERCEPT platelet and plasma systems, including by successfully completing required post-approval studies, which could result in a loss of United States marketing approval for the INTERCEPT platelet and/or plasma systems, (b) that we may be unable to obtain CE Mark approval, or any other regulatory approvals, of the red blood cell system in a timely manner or at all, (c) related to our ability to expand the label claims and product

configurations for the INTERCEPT platelet and plasma systems in the United States, including for INTERCEPT-treated extended storage cryoprecipitate from plasma, which will require additional regulatory approvals, and (d) that applicable regulatory authorities may disagree with our interpretations of the data from our clinical studies and/or may otherwise determine not to approve our regulatory submissions, including our CE Mark submission, in a timely manner or at all; risks associated with the uncertain nature of BARDA's funding over which we have no control as well as actions of Congress and governmental agencies which may adversely affect the availability of funding under our BARDA agreement and/or BARDA's exercise of any potential subsequent option periods, such that the anticipated activities that we expect to conduct with the funds available from BARDA may be delayed or halted and that we may not otherwise realize the total potential value under our agreement with BARDA; risk related to product safety, including the risk that the septic platelet transfusions may not be avoidable with the INTERCEPT Blood System; risks related to adverse market and economic conditions, including continued or more severe adverse fluctuations in foreign exchange rates and/or weakening economic conditions in the markets where we currently sell and are anticipated to sell our products; our reliance on third parties to market, sell, distribute and maintain our products; our ability to maintain an effective manufacturing supply chain, including the ability of our manufacturers to comply with extensive FDA and foreign regulatory agency requirements, and our ability to maintain our primary kit manufacturing agreement and our other supply agreements with our third party suppliers; the impact of legislative or regulatory healthcare reforms that may make it more difficult and costly for us to produce, market and distribute our products; risks associated with the timing and content of the final guidance document proposed to be issued the FDA over which we have no control; risks related to future opportunities and plans, including the uncertainty of our future capital requirements, as well as other risks detailed in our filings with the Securities and Exchange Commission, including our Annual Report on Form 10-K for the year ended December 31, 2018, filed with the SEC on February 27, 2019. We disclaim any obligation or undertaking to update or revise any forward-looking statements contained in this Compensation Discussion and Analysis.

These amounts do not reflect whether the NEO has actually realized or will realize a financial benefit from the awards upon the vesting of the stock options, the exercise of stock options, or the sale of the shares underlying such stock options.

- (1) The amounts shown reflect the target bonus awards for the fiscal year ended December 31, 2018 under the Bonus Plan based on our performance. The actual cash bonus award payments made pursuant to our Bonus Plan are reflected in the “Summary Compensation Table” above; accordingly, the amounts set forth in this column do not represent additional compensation earned by the NEOs for the year ended December 31, 2018. “Target” represents 40% of the base salary in effect at the time payment is made for Kevin Green, Laurence Corash, Richard Benjamin and Vivek Jayaraman. “Target” for our Chief Executive Officer represents 60% of his base salary in effect at the time payment is made. For a description of our Bonus Plan, please see “Compensation Discussion and Analysis—Executive Compensation Components and Decisions—Bonus Plan for 2018.”
- (2) RSUs and Options were granted under the 2008 Plan. Options were with an exercise price equal to 100% of the fair market value on the date of grant. For a description of the terms of the options and RSUs granted in 2018, please see “Employment Agreements and Arrangements—RSU and Option Awards” below.
- (3) Represents the grant date fair value of each RSU and stock option award, calculated in accordance with FASB ASC Topic 718. The grant date fair value of each stock option is calculated using the Black-Scholes option-pricing model and excludes the effect of estimated forfeitures. Assumptions used in the calculation of the grant date fair value for the stock option awards are set forth Note 12 “Stock-Based Compensation” in our 2018 Annual Report on Form 10-K. The grant date fair value of each RSU award is measured based on the closing price of our ordinary shares on the date of grant.

EMPLOYMENT AGREEMENTS AND ARRANGEMENTS

Employment Agreements . We do not have employment agreements currently in effect with any of our NEOs. However, from time to time, we have provided an offer letter in connection with an executive officer's commencement of employment, which describes such executive officer's initial terms of employment, and we have in other situations provided similar letter agreements to our executive officers based on changed circumstances, including promotions. For a description of these letter agreements, please see the section under the heading "Employment, Severance and Change of Control Agreements" below. As described in that section, the letter agreements for Messrs. Greenman and Green also provide for change of control and/or severance benefits.

Annual Bonus Plan . Our Bonus Plan provides for annual bonus award opportunities to reward executive officers for performance in the prior fiscal year. For a description of our Bonus Plan, please see "Compensation Discussion and Analysis—Executive Compensation Components and Decisions—Bonus Plan for 2018."

RSU and Option Awards . In addition to salary and short-term incentive compensation under our Bonus Plan, we provide our executive officers with long-term incentives, in the form of RSUs and stock options. RSUs granted in 2018 were granted under the 2008 Plan. These RSUs vest, subject to continued service with us, in three equal installments on each anniversary of the vesting commencement date. Stock options in 2018 were also granted under the 2008 Plan and generally have a ten-year term. These stock options vest, subject to continued service with us, as to 12.5% of the shares subject to the award on the six month anniversary of the vesting commencement date and then in 42 equal monthly installments thereafter, and are therefore fully exercisable within four years of the grant date. All options granted in 2018 were granted with an exercise price equal to 100% of the fair market value of our common stock on the date of grant.

Change of Control Severance Benefit Plan . Effective September 2005, and amended and restated as of December 11, 2008, we adopted a change of control severance benefit plan, or the Severance Plan, that provides for severance benefits as a result of termination of employment in particular circumstances in connection with a change of control and is described in more detail under the heading "Employment, Severance and Change of Control Agreements" below. Each of Drs. Corash and Benjamin, Mr. Green and Ms. Menard are participants in the Severance Plan. In April 2018, the Compensation Committee approved amendments to the Severance Plan to clarify that the vesting acceleration benefits provided for therein extend to all equity awards granted to the applicable executive by Cerus.

401(k) Plan . Our 401(k) Profit Sharing Plan, or the 401(k) Plan, enables eligible employees to save for retirement. As well as retirement benefits, the 401(k) Plan provides certain benefits in the event of death, disability, or other termination of employment. The 401(k) Plan is for the exclusive benefit of eligible employees and their beneficiaries. The 401(k) Plan allows employees to shelter a percentage of their income from taxes and choose from a number of investment funds while saving for retirement. All employees who are not residents of Puerto Rico, covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations, a leased employee or a nonresident alien with no income from a U.S. source are eligible to participate in the 401(k) Plan on the first day of the month following their date of hire. Enrollments are effective and contributions can begin on the first day of the month after hire. The 401(k) Plan has a rollover feature and also allows for borrowing against the balance in the account. Employees can make pre-tax dollar contributions of up to 60% of their eligible pay up to a maximum cap established by the IRS unless their participation level is limited by IRS non-discrimination testing requirements. Beginning in 2019, we began matching contributions made to the plan by our eligible employees, including executive officers. We match 50% of employee contributions up to 6%, with a maximum matching employer contribution of \$5,000 per calendar year per person. All matching employer contributions are fully vested when made.

A variety of investment funds are available and money can be allocated among them as employees wish, in any percentage increments. Deferral amount elections may be made and/or changed on a monthly basis. With some limitations, employees may change their investment choices daily.

Other Compensatory Arrangements . For a description of the other elements of our executive compensation program, see “Compensation Discussion and Analysis—Executive Compensation Components and Decisions—Other Benefits” above.

Pension Benefits . Other than with respect to the 401(k) Plan, the NEOs do not participate in any plan that provides for retirement payments and benefits, or payments and benefits that will be provided primarily following retirement.

Nonqualified Deferred Compensation . During the year ended December 31, 2018, the NEOs did not contribute to, or earn any amounts with respect to, any defined contribution or other plan sponsored by us that provides for the deferral of compensation on a basis that is not tax-qualified.

- (1) The value realized on exercise is calculated based on the difference between the exercise price of each option exercised and the closing price of our common stock on the date of exercise multiplied by the number of shares underlying each option exercised, and does not represent actual amounts received by the NEOs as a result of the option exercises.
- (2) The value realized on vesting is calculated based on the number of shares acquired on vesting multiplied by the closing price of our common stock on the date of vesting, and does not represent actual amounts received by the NEOs as a result of the RSU vesting.

EMPLOYMENT, SEVERANCE AND CHANGE OF CONTROL AGREEMENTS

We do not have employment agreements currently in effect with any of our NEOs. However, from time to time, we have provided an offer letter in connection with an executive officer's commencement of employment, which describes such executive officer's initial terms of employment, and we have in other situations provided similar letter agreements to our executive officers based on changed circumstances, including promotions. As described below, the letter agreements for Messrs. Greenman and Green also provide for change of control and/or severance benefits.

William M. Greenman, our President and Chief Executive Officer, is a party to a letter agreement with us, dated as of May 12, 2011, which provides for an initial annual base salary of \$415,000 and participation in our Bonus Plan, with a target bonus of 60% of Mr. Greenman's base salary. In connection with his appointment as our President and Chief Executive Officer, Mr. Greenman was granted an option, pursuant to the 2008 Plan, to purchase 550,000 shares of our common stock with an exercise price equal to the fair market value of our common stock on the date of grant. The stock option vested over a four year period, with 12.5% of the shares subject to the option vesting six months after the vesting commencement date and the remainder vesting in equal monthly installments thereafter. The agreement also provides that, in the event Mr. Greenman's employment is terminated by us without cause, subject to his execution of a release of claims, and in each case other than within 12 months following a change of control, he will be entitled to receive severance pay equal to 12 months of his base salary in effect as of the termination date (less required deductions and withholdings) to be paid in the form of salary continuation on our standard payroll dates following such termination, and if he timely elects continued group health insurance coverage through COBRA, we will be obligated to pay his COBRA premiums necessary to continue his group health insurance coverage at the same level as in effect as of the termination date for 12 months after his termination or until he becomes eligible for group health insurance coverage through a new employer, whichever occurs first. In addition, in connection with such termination of employment, the vesting of Mr. Greenman's equity awards will accelerate in full as of the date of termination.

In the event Mr. Greenman's employment is terminated by us without cause or by him as a good reason resignation within 12 months following a change in control, subject to his execution of a release of claims, he will be entitled to receive severance pay equal to 18 months of his base salary in effect as of the termination date (less required deductions and withholdings) to be paid in the form of a lump sum on the first regular payroll date following the effective date of the release, and if he timely elects continued group health insurance coverage through COBRA, we will be obligated to pay his COBRA premiums necessary to continue his group health insurance coverage at the same level as in effect as of the termination date for 18 months after his termination or until he becomes eligible for group health insurance coverage through a new employer, whichever occurs first. In addition, in connection with such termination of employment, the vesting of Mr. Greenman's equity awards will accelerate in full as of the date of termination.

Kevin D. Green, our Vice President, Finance and Chief Financial Officer, is a party to a letter agreement with us, dated as of May 1, 2009, which provides for an initial annual base salary of \$220,000, participation in our Bonus Plan and the grant of an option, pursuant to the 2008 Plan, to purchase 50,000 shares of our common stock. The option has an exercise price equal to the fair market value of our common stock on the date of grant and vested over a four year period, with 12.5% of the shares subject to the option vesting six months after the vesting commencement date and the remainder vesting in equal monthly installments thereafter. The agreement also provides that, in the event Mr. Green's employment is terminated by us without cause, subject to his execution of a release of claims, and in each case other than within 12 months following a change of control, he will be entitled to receive severance pay equal to six months of his base salary in effect as of the termination date (less required deductions and withholdings) to be paid in the form of salary continuation on our standard payroll dates following such termination, and if he timely elects continued group health insurance coverage through COBRA, we will be obligated to pay his COBRA premiums necessary to continue his group health insurance coverage at the same level as in effect as of the termination date for six months after his termination or until he becomes eligible for group health insurance coverage through a new employer, whichever occurs first. In

addition, in connection with such termination of employment, the vesting of Mr. Green's equity awards will accelerate in full as of the date of termination. Mr. Green is also a participant in the Severance Plan, which provides for compensation payable to him in the event his employment is terminated following a change of control.

Laurence M. Corash, our Chief Scientific Officer, is a party to a letter agreement with us, dated as of March 2, 2010, which provides for an initial annual base salary of \$375,000 and participation in our Bonus Plan. Dr. Corash is also a participant in our Severance Plan, which provides for compensation payable to him in the event his employment is terminated following a change of control.

Vivek Jayaraman, our Chief Commercial Officer, is a party to an agreement with us, dated as of May 31, 2016, which provides for an initial annual base salary of \$400,000, participation in our Bonus Plan (with a target bonus of 40% of Mr. Jayaraman's base salary) and the grant of an option to purchase 250,000 shares of our common stock with an exercise price equal to the fair market value of our common stock on the date of grant and vested over a four year period, with 12.5% of the shares subject to the option vesting six months after the vesting commencement date and the remainder vesting in equal monthly installments thereafter. The agreement also provided for the grant of 75,000 RSUs, vesting annually over four years from the vesting commencement date. The agreement also provided that we will reimburse Mr. Jayaraman up to \$100,000 for certain relocation expenses if he relocates his residence to within a 30 mile commute from our corporate offices, within a three year period following his commencement of employment in August 2016. No such relocation expense payments were made to Mr. Jayaraman. All or a portion of the relocation benefits are subject to repayment by Mr. Jayaraman in the event of his termination of employment due to resignation or a termination for cause within a three-year period following his commencement of employment in August 2016. Mr. Jayaraman is also a participant in our Severance Plan, which provides for compensation payable to him in the event his employment is terminated following a change of control.

Richard J. Benjamin, our Chief Medical Officer, is a party to a letter agreement with us, dated as of May 12, 2015, which provides for an initial annual base salary of \$380,000, participation in our Bonus Plan (with a target bonus of 40% of Dr. Benjamin's base salary) and the grant of an option to purchase 350,000 shares of our common stock with an exercise price equal to the fair market value of our common stock on the date of grant and vested over a four year period, with 12.5% of the shares subject to the option vesting six months after the vesting commencement date and the remainder vesting in equal monthly installments thereafter. The agreement also provides that we will reimburse Dr. Benjamin up to \$150,000 for certain moving expenses within a one-year period following his commencement of employment in July 2015. All or a portion of the relocation benefits were subject to repayment by Dr. Benjamin in the event his employment had terminated due to a resignation or a termination for cause within the one-year period following his commencement of employment in July 2015. Dr. Benjamin is also a participant in our Severance Plan, which provides for compensation payable to him in the event his employment is terminated following a change of control.

Severance Plan. Effective September 2005 and amended and restated as of December 11, 2008, we adopted the Severance Plan, that provides for severance benefits as a result of termination of employment in particular circumstances in connection with a change of control. At the time the Severance Plan was put in place, each of our executive officers with an individually negotiated agreement providing for severance benefits was given the option of participating in the Severance Plan or continuing to receive the severance benefits provided for in his agreement. Mr. Greenman and Dr. Corash each opted to participate in the Severance Plan. In connection with Mr. Greenman's appointment as our President and Chief Executive Officer, however, he entered into the employment letter described above and is no longer a participant in the Severance Plan. Dr. Benjamin, Mr. Green and Mr. Jayaraman are also participants in the Severance Plan. The Severance Plan provides for the payment of certain benefits to certain eligible employees in exchange for an effective release of claims in the event the employee is terminated by us without cause or by him or her as a good reason resignation on or within 12 months following a change of control (as such terms are defined in the Severance Plan). The severance compensation consists of a lump sum cash severance payment equal to 12 months of the participant's annual base salary

(excluding incentive pay, premium pay, commissions, overtime, bonuses and other forms of variable compensation) as in effect during the last regularly scheduled payroll period immediately preceding the termination event. Additionally, the Severance Plan provides for paid COBRA premiums for continuation coverage (including coverage for his eligible dependents) for 12 months and full accelerated vesting and exercisability of all of the participant's then-outstanding equity awards.

In April 2018, the Compensation Committee approved amendments to the letter agreements for Messrs. Greenman and Green and to the Severance Plan to clarify that the vesting acceleration benefits provided for therein extend to all equity awards granted to the applicable executive by Cerus.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following table provides information on severance benefits that would become payable under the existing employment, severance and change in control agreements, as currently in effect, if the employment of our NEOs had terminated on December 31, 2018. In addition, the table sets forth the amounts to which the NEOs would be entitled under the 2008 Plan if, upon a change in control, the surviving or acquiring corporation refuses to assume or continue the outstanding stock options held by the NEOs, or to substitute for similar options.

- (4) Represents the aggregate amount of our share of the cost of 12 months of COBRA premiums.

- (8) Represents 12 months of the executive's base salary as of December 31, 2018, payable in a lump sum amount following an involuntary termination of employment or voluntary termination for good reason on or within 12 months following a change of control.
- (9) These benefits would be payable pursuant to the terms of the applicable equity agreement for equity granted pursuant to the 2008 Plan, which were outstanding as of December 31, 2018, if, upon a change in control, the surviving or acquiring corporation refuses to assume or continue the outstanding equity awards held by the NEOs, or to substitute for similar equity awards. The value of stock option and RSU vesting acceleration is based on the closing price of \$5.07 of our common stock on December 31, 2018, the last trading day of fiscal 2018, minus, in the case of stock options, the exercise price of the unvested stock option shares subject to acceleration.

In addition to the benefits described and quantified above, the 2008 Plan provides for an extended period of time during which an optionholder may exercise options following the optionholder's termination of service, which time period we refer to as the post-termination exercise period. Generally, under the 2008 Plan, if an optionholder's service relationship with us ends, the optionholder may exercise any vested options for up to three months after the date that the service relationship ends. However, if the optionholder's service relationship with us ceases due to disability or death, the optionholder, or his or her beneficiary, may exercise any vested options for up to 12 months in the event of disability or 18 months in the event of death, after the date the service relationship ends. Accordingly, each of the NEOs would be entitled to an extended post-termination exercise period in the event of a termination due to death or disability.

CEO PAY RATIO

Under SEC rules, we are required to disclose the ratio of our CEO's annual total compensation to the annual total compensation of our Company's median employee ("CEO Pay Ratio"). Mr. Greenman's total compensation for 2018 was \$2,983,442 as disclosed in the Summary Compensation Table. Our median employee's annual total compensation was \$147,883. As a result, the ratio of these amounts was 20 to 1.

The Company believes that there have been no material changes in our employee population or employee compensation arrangements that would significantly impact the calculation of our CEO Pay Ratio. As a result, the median employee for 2018 is the same as 2017. The median of the annual total compensation for all our employees (excluding the CEO) was determined through the following process:

- We identified the global employee population active as of September 30, 2017. This included all full-time, part-time, temporary and seasonal workers.
- To identify the median employee, we used the following consistently applied compensation measure for 2017: salary, target annual cash incentive, commission, and grant date fair value of long-term incentive awards. For regular full-time and part-time employees (other than temporary, seasonal or other non-permanent employees) who were not employed for the full year 2017, compensation was annualized.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The SEC rules for identifying the median compensated employee allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to our pay ratio reported above, as other companies may have different employment and compensation practices and may use different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

DIRECTOR COMPENSATION

The Compensation Committee reviews director compensation on a periodic basis. In late 2015, the Compensation Committee engaged Radford Consulting to provide an assessment of the compensation of our Board. Based on that assessment, the Board made no changes to the then-current cash compensation arrangements for our directors. However, the equity component of our director compensation program, which provides for the automatic grant of equity awards on the date of each of our annual meetings, was modified in 2016 to provide each continuing director with an annual grant with a total value of \$115,000, divided equally between stock options and RSUs, with the exception of our Chair, who would receive a grant with a total value of \$140,000, divided equally between stock options and RSUs. For 2017, based on data provided by Radford Consulting in connection with their 2017 engagement, our Board reduced the aggregate value of the annual grants for continuing directors from \$115,000 to \$100,000 and from \$140,000 to \$125,000 for the Chair of our Board, still divided equally between stock options and RSUs. The new values generally approximated the 50th percentile of our then peer group. For 2018, again based on data provided by Radford Consulting, the Board increased the aggregate value of the annual grants for continuing directors from \$100,000 to \$125,000 and from \$125,000 to \$156,000 for the Chair of our Board, still divided equally between stock options and RSUs. As with the modification of the value of the annual grants in 2017, the new values generally approximated the 50th percentile of our current peer group. The number of shares subject to each award is determined by dividing the target dollar value by (a) in the case of stock options, the Black-Scholes value of a stock option share, determined using our average closing stock price for the 30 trading days preceding the grant date, and (b) in the case of RSUs, our average closing stock price for the 30 trading days preceding the grant date. As a result, each of our non-employee directors serving as such on the date of our 2018 Annual Meeting received a non-qualified stock option grant covering 19,242 shares of our common stock, or 24,014 shares in the case of the Chair of the Board, and an RSU grant covering 10,223 shares, or 12,758 shares in the case of the Chair of the Board, on the date of the 2018 Annual Meeting.

All equity grants to our non-employee directors are made pursuant to the terms of the 2008 Plan. Stock options granted to our directors have an exercise price equal to the fair market value of our common stock on the date of grant and a term of ten years. Under our director compensation program, the automatic annual stock option grants vest in twelve equal monthly installments following the date of grant, provided that the final vesting date will be the earlier of the first anniversary of the date of grant or the day prior to the next annual meeting, subject to the director's continuous service with us through the applicable vesting date. 100% of the shares subject to automatic annual RSU grants vest on the earlier of the first anniversary of the date of grant or the day prior to the next annual meeting, subject to the director's continuous service with us through the vest date. In the event of a change in control, the directors' awards will become fully vested. In order to be eligible for an automatic annual grant of equity awards, each non-employee director must have been a member of the Board for at least 12 months prior to the date of the applicable annual meeting grant date and must also be continuing on as a non-employee director following such date.

For the year ended December 31, 2018, each director, who is not also one of our officers or employees, other than the Chair of the Board, was compensated for his or her services as a director at the rate of \$40,000 per year. The Chair of the Board received an annual retainer of \$62,500 per year. The annual retainer was paid to our non-employee directors in equal quarterly installments. In addition to the annual retainer, the chairs of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committees received an additional annual retainer of \$26,000, \$15,000 and \$10,000, respectively. Each other member of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee received an annual retainer of \$13,000, \$8,000 and \$6,000, respectively. All directors, including those who are our officers or employees, were reimbursed for expenses incurred in connection with attending Board or committee meetings. For 2018, our Board did not make any changes to the then-current cash compensation arrangements for our directors.

If any new non-employee director joins the Board, under our director compensation program, the new director would be entitled to the cash compensation described above, as pro-rated based on the number of days served in the applicable calendar year the new director joins the Board, and the new director would be entitled to an initial grant of equity awards, generally on the date the new director joins the Board. Under our director compensation program, the initial grant would have a total value of \$187,500, divided equally between stock options and RSUs, with the actual number of shares subject to the initial equity awards determined as described above for the annual grants to continuing non-employee directors. As a result, Mr. Moore received a non-qualified stock option grant covering 24,324 shares of our common stock and an RSU grant covering 12,889 shares on the date of his election to the Board in 2018. Mr. Bjerkholt received a non-qualified stock option grant covering 24,013 shares of our common stock and an RSU grant covering 12,844 shares on the date of his election to the Board in 2018. Likewise, Ms. Nachtsheim received a non-qualified stock option grant covering 29,197 shares of our common stock and an RSU grant covering 15,382 shares on the date of her election to the Board in 2019. The automatic initial stock option grants vest in 36 equal monthly installments following the date of grant and the automatic initial RSU grants vest in three equal annual installments following the date of grant, in each case subject to the director’s continuous service with us through the applicable vesting date. As with the annual awards, in the event of a change in control, the initial awards will become fully vested.

DIRECTOR COMPENSATION —FISCAL 2018

The following table shows for the fiscal year ended December 31, 2018 certain information with respect to the compensation of all non-employee directors of Cerus who served in such capacity during 2018. Mr. Greenman and Dr. Corash received no compensation for their services as directors, and are not included in the table below. In addition, Ms. Nachtsheim is not included in the table below because she was appointed as a director in 2019 and did not receive any compensation from the Company in any capacity during 2018.

- (1) The amounts reported in this column represent the grant-date fair value of all options granted during 2018, calculated in accordance with FASB ASC Topic 718, and do not take into account any estimated forfeitures. For additional information on the valuation assumptions with respect to these option grants, refer to Note 12 “Stock-Based Compensation” in our 2018 Annual Report on Form 10-K. These amounts do not reflect whether the director has actually realized or will realize a financial benefit from the awards upon the vesting of the stock options, the exercise of stock options, or the sale of the shares underlying such stock options.
- (2) The aggregate number of shares subject to outstanding stock options held by each director listed in the table above as of December 31, 2018 was as follows: 151,790 shares for Mr. Anderson; 0 shares for Mr. Cozadd; 231,790 shares for Ms. Schulze; 251,900 shares for Mr. Swisher; 182,990 shares for Dr. Witney; 24,324 shares for Mr. Moore and 24,013 shares for Mr. Bjerkholt. - (3) The amounts reported in this column represent the aggregate grant date fair value of RSU awards granted during 2018 calculated in accordance with FASB ASC Topic 718. The grant date fair value of each RSU award is measured based on the closing price of our common stock on the date of grant. These amounts do

not reflect whether the director has actually realized or will realize a financial benefit from the awards upon the vesting of the granted RSUs, or the sale of the shares underlying such RSUs.

- (4) Mr. Cozadd retired from the Board and its committees effective January 3, 2018.

STOCK OWNERSHIP GUIDELINES

The Board believes that the CEO and each director should develop a meaningful ownership interest in Cerus. Therefore, in March 2018, the Board adopted stock ownership guidelines for our CEO and our non-employee directors. Pursuant to these guidelines, each non-employee director is expected to own shares of our common stock having a value equal to at least three times their annual Board cash retainer. For purposes of these stock ownership guidelines, shares deemed to be owned include shares owned directly by a non-employee director or by members of the non-employee director's immediate family residing in the same household, shares held in trust for the benefit of a non-employee director or a member of the non-employee director's immediate family residing in the same household, up to fifty percent of the vested, "in-the-money" stock options held by the non-employee director and vested shares subject to any other outstanding equity awards or issued under any deferred compensation plan. Subject to certain extensions, our non-employee directors are required to be in compliance with the stock ownership requirement by December 31st of the fifth year following the year during which such individual became subject to these ownership guidelines. All of our currently serving non-employee directors, with the exception of Ms. Nachtsheim, first became subject to these guidelines during 2018, and will be required to be in compliance by December 31, 2023. Ms. Nachtsheim first became subject to these guidelines in 2019 and will be required to be in compliance by December 31, 2024. Any future non-employee director will first become subject to these guidelines on the date such non-employee director joins the Board. The Board has discretion to waive the guidelines or to develop an alternative individual guideline for a non-employee director if compliance would place a severe hardship on such non-employee director.

TRANSACTIONS WITH RELATED PERSONS

RELATED - PERSON TRANSACTIONS POLICY AND PROCEDURES

We have a written related-person transaction policy that sets forth our procedures for the identification, review, consideration and approval or ratification of “related-person transactions.” In addition, applicable Nasdaq rules require that our Audit Committee (or another independent body of the Board) conduct an appropriate review and oversight of all related-person transactions for potential conflict of interest situations on an ongoing basis. For purposes of our policy, a “related-person transaction” is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we and any “related person” are, were or will be participants and in which the amount involved exceeds \$10,000. Transactions involving compensation for services provided to us as an employee, director or consultant are not covered by our policy. A “related person” is any executive officer, director or beneficial owner of more than 5% of any class of our voting securities, including any of their immediate family members and any entity owned or controlled by such persons.

Under the policy, if a transaction has been identified as a related-person transaction (including any transaction that was not a related-person transaction when originally consummated or any transaction that was not initially identified as a related-person transaction prior to consummation), our management must present information regarding the related-person transaction to our Audit Committee (or, if Audit Committee approval would be inappropriate, to another independent body of our Board) for review, consideration and approval or ratification. The presentation must include a description of, among other things, the material facts, the interests, direct and indirect, of the related person(s), the benefits to us of the transaction and whether the transaction is on terms that are comparable to the terms available to or from, as the case may be, an unrelated third party or to or from employees generally. In considering related-person transactions, our Audit Committee (or other independent body of our Board) will take into account the relevant available facts and circumstances including, but not limited to, the risks, costs and benefits to us, the terms of the transaction, the availability of other sources for comparable services or products and, if applicable, the impact on a director’s independence in the event that the related person is a director, immediate family member of a director or an entity with which a director is affiliated.

The policy requires that, in determining whether to approve a related-person transaction, our Audit Committee (or other independent body of our Board) must consider, in light of known circumstances, whether the transaction is in, or is not inconsistent with, our best interests and those of our stockholders, as our Audit Committee (or other independent body of our Board) determines in the good faith exercise of its discretion.

CERTAIN RELATED - PERSON TRANSACTIONS AND INDEMNIFICATION

Since January 1, 2018, there has not been, nor is there currently proposed, any transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we and any “related person” are, were or will be participants in which the amount involves exceeds \$120,000 other than compensation arrangements described under the captions “Executive Compensation” and “Director Compensation,” except as described below. A “related person” is any executive officer, director or beneficial owner of more than 5% of any class of our voting securities, including any of their immediate family members and any entity owned or controlled by such persons.

Participation in Public Offering

In January 2018, we issued and sold 14,030,000 shares of our common stock, at \$4.10 per share in an underwritten public offering. The total proceeds to us from this offering were \$57.5 million before deducting estimated offering expenses payable by us. Based on information provided to us by the underwriter of the public offering, PRIMECAP Management Company (“PRIMECAP”) purchased 2,500,000 shares of our common stock in the public offering and an affiliate of Baker Bros. Advisors LP (“Baker Bros.”) purchased 1,004,728 shares of

our common stock in the public offering. For additional information regarding PRIMECAP and Baker Bros. and their respective equity holdings, please see “Security Ownership of Certain Beneficial Owners and Management.” Since this offering was public, with the reoffer price and the allocations to investors determined solely by the underwriter, the offering was not specifically reviewed or approved in advance as a related-person transaction. However, the offering was approved by our Board and a pricing committee of our Board. Consistent with our related-person transaction policy and applicable Nasdaq rules, the Audit Committee subsequently reviewed the offering.

Indemnification and Limitation of Director and Officer Liability

In July 1996, the Board authorized us to enter into indemnity agreements with each of our directors, executive officers and controller. The form of indemnity agreement provides that we will indemnify against any and all expenses of the indemnified person who incurred such expenses because of his or her status as a director, executive officer or controller, to the fullest extent permitted by our bylaws and Delaware law. In addition, our bylaws provide that we shall indemnify our directors and executive officers to the fullest extent not prohibited by Delaware law, subject to certain limitations, and may also secure insurance, to the fullest extent permitted by Delaware law, on behalf of any director, officer, employee or agent against any expense, liability or loss arising out of his or her actions in such capacity. On April 24, 2009, the Board approved a new standard form of indemnity agreement and authorized us to enter into the new indemnity agreement with each of our directors, officers, employees and other agents. The new form of indemnity agreement continues to provide that we will indemnify against any and all expenses of the indemnified person who incurred such expenses because of his or her status as a director, officer, employee or other agent, to the fullest extent permitted by our bylaws and Delaware law.

Our amended and restated certificate of incorporation contains certain provisions relating to the limitation of liability of directors. Our amended and restated certificate of incorporation provides that a director shall not be personally liable to our stockholders or us for monetary damages for any breach of fiduciary duty as a director, except for liability (i) for any breach of the director’s duty of loyalty to our stockholders or us, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for unlawful payment of dividends or unlawful stock repurchases or redemptions or (iv) for any transaction from which the director derived an improper benefit. If the Delaware General Corporation Law is amended to authorize corporate action further eliminating or limiting the personal liability of a director, then the liability of a director shall be eliminated or limited to the fullest extent permitted by the Delaware General Corporation Law, as so amended. The provision in the amended and restated certificate of incorporation does not eliminate the duty of care and, in appropriate circumstances, equitable remedies such as injunctive or other forms of non-monetary relief will remain available under Delaware law. The provision also does not affect a director’s responsibilities under any other law, such as the federal securities laws or state or federal environmental laws.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or the full set of proxy materials or other annual meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials or the full set of proxy materials, as applicable, or other annual meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Cerus Corporation stockholders will be “householding” our proxy materials. A single Notice of Internet Availability of Proxy Materials or the full set of proxy materials, as applicable, will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice of Internet Availability of Proxy Materials or the full set of proxy materials, as applicable, in the future you may: (1) notify your broker, (2) direct your written request to Corporate Secretary, Cerus Corporation, 1220 Concord Avenue, Suite 600, Concord, CA 94520 or (3) contact our Corporate Secretary, Cerus Corporation at (925) 288-6000. Stockholders who currently receive multiple copies of the Notice of Internet Availability of Proxy Materials or the full set of proxy materials, as applicable, at their addresses and would like to request “householding” of their communications should contact their brokers. In addition, Cerus will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the Notice of Internet Availability of Proxy Materials or the full set of proxy materials, as applicable, to a stockholder at a shared address to which a single copy of the documents was delivered.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

1. G ENERAL .

(a) **Successor and Continuation of Prior Plans** . The Plan is intended as the successor to and continuation of the Cerus Corporation 1999 Equity Incentive Plan, as amended, and the Cerus Corporation 1998 Non-Officer Stock Option Plan (the “ **Prior Plans** ”). Following the Effective Date, no additional stock awards shall be granted under the Prior Plans. Any shares remaining available for future awards under the Prior Plans as of the Effective Date (the “ **Prior Plans Available Reserve** ”) shall become available for issuance pursuant to Awards granted hereunder. From and after the Effective Date, all outstanding stock awards granted under either of the Prior Plans (each, a “ **Prior Plan Award** ”) shall remain subject to the terms of the applicable Prior Plan, and from and after June 7, 2017, all outstanding stock awards granted under the Cerus Corporation Inducement Plan (the “ **Inducement Plan** ”) (each, an “ **Inducement Plan Award** ”) shall remain subject to the terms of the Inducement Plan; *provided, however* , that (i) any shares subject to any outstanding Prior Plan Award that, on or after the Effective Date, expires or terminates for any reason prior to exercise or settlement and (ii) any shares subject to any outstanding Inducement Plan Award as of April 13, 2017 that, on or after June 7, 2017, expires or terminates for any reason prior to exercise or settlement (collectively, the “ **Returning Shares** ”) shall become available for issuance pursuant to Awards granted hereunder. All Awards granted on or after the Effective Date of this Plan shall be subject to the terms of this Plan.

(b) **Eligible Award Recipients** . The persons eligible to receive Awards are Employees, Directors and Consultants.

(c) **Available Awards** . The Plan provides for the grant of the following Awards: (i) Incentive Stock Options, (ii) Nonstatutory Stock Options, (iii) Restricted Stock Awards, (iv) Restricted Stock Unit Awards, (v) Stock Appreciation Rights, (vi) Performance Stock Awards, (vii) Performance Cash Awards, and (viii) Other Stock Awards.

(d) **General Purpose** . The Company, by means of the Plan, seeks to secure and retain the services of the group of persons eligible to receive Awards as set forth in Section 1(b), to provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and to provide a means by which such eligible recipients may be given an opportunity to benefit from increases in value of the Common Stock through the granting of Stock Awards.

(e) **Section 162(m) Transition Relief** . Notwithstanding anything in the Plan to the contrary, any provision in the Plan that refers to “performance-based compensation” under Section 162(m) of the Code will only apply to any Award that is intended to qualify, and is eligible to qualify, as “performance-based compensation” under Section 162(m) of the Code pursuant to the transition relief provided by the Tax Cuts and Jobs Act (the “ **TCJA** ”) for remuneration provided pursuant to a written binding contract which was in effect on November 2, 2017 and which is not modified in any material respect on or after such date, as determined by the Board, in its sole discretion, in accordance with the TCJA and any applicable guidance, rulings or regulations issued by the U.S. Department of the Treasury, the Internal Revenue Service or any other governmental authority.

2. ADMINISTRATION .

(a) Administration by Board . The Board shall administer the Plan unless and until the Board delegates administration of the Plan to a Committee or Committees, as provided in Section 2(c).

(b) Powers of Board . The Board shall have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine from time to time (A) which of the persons eligible under the Plan shall be granted Awards; (B) when and how each Award shall be granted; (C) what type or combination of types of Award shall be granted; (D) the provisions of each Award granted (which need not be identical), including the time or times when a person shall be permitted to receive cash or Common Stock pursuant to a Stock Award; and (E) the number of shares of Common Stock with respect to which a Stock Award shall be granted to each such person.

(ii) To construe and interpret the Plan and Awards, and to establish, amend and revoke rules and regulations for the Plan's administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan or in any Stock Award Agreement or in the written terms of a Performance Cash Award, in a manner and to the extent it shall deem necessary or expedient to make the Plan or Award fully effective.

(iii) To settle all controversies regarding the Plan and Awards.

(iv) To accelerate the time at which a Stock Award may first be exercised or the time during which an Award or any part thereof will vest in accordance with the Plan, notwithstanding the provisions in the Award stating the time at which it may first be exercised or the time during which it will vest.

(v) To suspend or terminate the Plan at any time. Suspension or termination of the Plan shall not impair rights and obligations under any Stock Award granted while the Plan is in effect except with the written consent of the affected Participant.

(vi) To amend the Plan in any respect the Board deems necessary or advisable, including, without limitation, relating to Incentive Stock Options and certain nonqualified deferred compensation under Section 409A of the Code and to bring the Plan and/or Stock Awards into compliance therewith, subject to the limitations, if any, of applicable law. However, except as provided in Section 9(a) relating to Capitalization Adjustments, stockholder approval shall be required for any amendment of the Plan that either (A) materially increases the number of shares of Common Stock available for issuance under the Plan, (B) materially expands the class of individuals eligible to receive Awards under the Plan, (C) materially increases the benefits accruing to Participants under the Plan or materially reduces the price at which shares of Common Stock may be issued or purchased under the Plan, (D) materially extends the term of the Plan, or (E) expands the types of Awards available for issuance under the Plan, but only to the extent required by applicable law or listing requirements. Except as provided above, rights under any Award granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless (1) the Company requests the consent of the affected Participant, and (2) such Participant consents in writing.

(vii) To submit any amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of (A) Section 162(m) of the Code and the regulations thereunder regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to Covered Employees, (B) Section 422 of the Code regarding "incentive stock options" or (C) Rule 16b-3.

(viii) To approve forms of Award Agreements for use under the Plan and to amend the terms of any one or more Awards, including, but not limited to, amendments to provide terms more favorable to the Participant than previously provided in the Award Agreement, subject to any specified limits in the Plan that are not subject to Board discretion; *provided however*, that the Participant's rights under any Award shall not be

impaired by any such amendment unless (A) the Company requests the consent of the affected Participant, and (B) such Participant consents in writing. Notwithstanding the foregoing, subject to the limitations of applicable law, if any, and without the affected Participant's consent, the Board may amend the terms of any one or more Awards if necessary to maintain the qualified status of the Award as an Incentive Stock Option or to bring the Award into compliance with Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued or amended after the Effective Date.

(ix) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan or Awards.

(x) To adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by Employees, Directors or Consultants who are foreign nationals or employed outside the United States.

(c) Delegation to Committee .

(i) **General** . The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration of the Plan is delegated to a Committee, the Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to a subcommittee of the Committee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board shall thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may retain the authority to concurrently administer the Plan with the Committee and may, at any time, revert in the Board some or all of the powers previously delegated to the Committee, Committees, subcommittee or subcommittees.

(ii) **Section 162(m) and Rule 16b-3 Compliance** . In the sole discretion of the Board, the Committee may consist solely of two (2) or more Outside Directors, in accordance with Section 162(m) of the Code, or solely of two (2) or more Non-Employee Directors, in accordance with Rule 16b-3. In addition, the Board or the Committee, in its sole discretion, may (A) delegate to a Committee which need not consist of Outside Directors the authority to grant Awards to eligible persons who are either (1) not then Covered Employees and are not expected to be Covered Employees at the time of recognition of income resulting from such Stock Award, or (2) not persons with respect to whom the Company wishes to comply with Section 162(m) of the Code, or (B) delegate to a Committee which need not consist of Non-Employee Directors the authority to grant Stock Awards to eligible persons who are not then subject to Section 16 of the Exchange Act.

(d) **Delegation to an Officer** . The Board may delegate to one (1) or more Officers the authority to do one or both of the following (i) designate Employees who are not Officers to be recipients of Options (and, to the extent permitted by applicable law, other Stock Awards) and the terms thereof, and (ii) determine the number of shares of Common Stock to be subject to such Stock Awards granted to such Employees; *provided, however* , that the Board resolutions regarding such delegation shall specify the total number of shares of Common Stock that may be subject to the Stock Awards granted by such Officer and that such Officer may not grant a Stock Award to himself or herself. Notwithstanding anything to the contrary in this Section 2(d), the Board may not delegate to an Officer authority to determine the Fair Market Value pursuant to Section 13(w)(ii) below.

(e) **Effect of Board's Decision** . All determinations, interpretations and constructions made by the Board in good faith shall not be subject to review by any person and shall be final, binding and conclusive on all persons.

(f) **Cancellation and Re-Grant of Stock Awards** . Neither the Board nor any Committee shall have the authority to: (i) effect the reduction of the exercise price of any outstanding Option or Stock Appreciation Rights

under the Plan (other than pursuant to Section 9 relating to adjustments upon changes in stock), or (ii) cancel any outstanding Options or Stock Appreciation Rights with an exercise price that is greater than the Fair Market Value on the date of cancellation in exchange for the grant in substitution thereof of cash or new Stock Awards under the Plan with an exercise price that is less than the original exercise price of the Options or Stock Appreciation Rights, unless the stockholders of the Company have approved such an action within twelve (12) months prior to such an event.

(g) Minimum Vesting Requirements . No Award granted on or after June 5, 2019 may vest (or, if applicable, be exercisable) until at least 12 months following the date of grant of the Award; *provided, however* , that shares of Common Stock up to 5% of the Share Reserve (as defined in Section 3(a)) may be issued pursuant to Awards granted on or after June 5, 2019 that do not meet such vesting (and, if applicable, exercisability) requirements.

3. SHARES SUBJECT TO THE PLAN .

(a) Share Reserve . Subject to the provisions of Section 9(a) relating to Capitalization Adjustments, the aggregate number of shares of Common Stock that may be issued pursuant to Stock Awards from and after the Effective Date shall not exceed 43,297,190 shares (the “*Share Reserve* ”), which number includes the Prior Plans Available Reserve and the Returning Shares, if any, as such shares become available from time to time. For clarity, the Share Reserve is a limitation in the number of shares of the Common Stock that may be issued pursuant to the Plan and does not limit the granting of Stock Awards except as provided in Section 7(a). Shares may be issued in connection with a merger or acquisition as permitted by NASD Rule 4350(i)(1)(A)(iii) or, if applicable, NYSE Listed Company Manual Section 303A.08, or AMEX Company Guide Section 711 and such issuance shall not reduce the number of shares available for issuance under the Plan. Furthermore, if a Stock Award (i) expires or otherwise terminates without all of the shares covered by such Stock Award having been issued or (ii) is settled in cash (*i.e.* , the holder of the Stock Award receives cash rather than stock), such expiration, termination or settlement shall not reduce (or otherwise offset) the number of shares of Common Stock that may be issued pursuant to the Plan.

(b) Fungible Share Counting.

(i) Subject to Section 3(c), the number of shares of Common Stock available for issuance under the Plan shall be reduced by: (A) one (1) share for each share of Common Stock issued pursuant to an Appreciation Award granted under the Plan; (B) one and sixty-one hundredths (1.61) shares for each share of Common Stock issued pursuant to a Full Value Award granted under the Plan prior to June 5, 2019; and (C) one and fifty-five hundredths (1.55) shares for each share of Common Stock issued pursuant to a Full Value Award granted under the Plan on or after June 5, 2019.

(ii) Subject to Section 3(c), the number of shares of Common Stock available for issuance under the Plan shall be increased by: (A) one (1) share for each Returning Share or share of Common Stock that again becomes available for issuance under the Plan pursuant to Section 3(c)(i), in each case that is subject to an Appreciation Award; (B) one and sixty-one hundredths (1.61) shares for each Returning Share or share of Common Stock that again becomes available for issuance under the Plan pursuant to Section 3(c)(i), in each case that is subject to a Full Value Award that returns to the Plan prior to June 5, 2019; and (C) one and fifty-five hundredths (1.55) shares for each Returning Share or share of Common Stock that again becomes available for issuance under the Plan pursuant to Section 3(c)(i), in each case that is subject to a Full Value Award that returns to the Plan on or after June 5, 2019.

(c) Reversion of Shares to the Share Reserve .

(i) Shares Available For Subsequent Issuance . If any shares of Common Stock issued pursuant to a Stock Award are forfeited back to the Company because of the failure to meet a contingency or condition required to vest such shares in the Participant, then the shares which are forfeited shall revert to and again

become available for issuance under the Plan. Notwithstanding the provisions of this Section 3(c)(i), any such shares shall not be subsequently issued pursuant to the exercise of Incentive Stock Options.

(ii) Shares Not Available For Subsequent Issuance. The following shares of Common Stock shall not become available again for issuance under the Plan: (A) any shares that are reacquired or withheld (or not issued) by the Company to satisfy the exercise, strike or purchase price of a Stock Award, a Prior Plan Award or an Inducement Plan Award (including any shares subject to such award that are not delivered because such award is exercised through a reduction of shares subject to such award (i.e., “net exercised”)); (B) any shares that are reacquired or withheld (or not issued) by the Company to satisfy a tax withholding obligation in connection with a Stock Award, a Prior Plan Award or an Inducement Plan Award; (C) any shares repurchased by the Company on the open market with the proceeds of the exercise, strike or purchase price of a Stock Award, a Prior Plan Award or an Inducement Plan Award; and (D) in the event that a Stock Appreciation Right granted under the Plan or a stock appreciation right granted under either of the Prior Plans or the Inducement Plan is settled in shares of Common Stock, the gross number of shares of Common Stock subject to such award.

(d) Incentive Stock Option Limit. Notwithstanding anything to the contrary in this Section 3(d), subject to the provisions of Section 9(a) relating to Capitalization Adjustments, the aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options shall be the Share Reserve.

(e) Section 162(m) Limitation on Annual Grants. Subject to the provisions of Section 9(a) relating to Capitalization Adjustments, at such time as the Company may be subject to the applicable provisions of Section 162(m) of the Code, no Employee shall be eligible to be granted during any calendar year Stock Awards whose value is determined by reference to an increase over an exercise or strike price of at least one hundred percent (100%) of the Fair Market Value on the date the Stock Award is granted (that is, Options or Stock Appreciation Rights) covering more than eight hundred thousand (800,000) shares of Common Stock.

(f) Source of Shares. The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the market or otherwise.

4. ELIGIBILITY.

(a) Eligibility for Specific Stock Awards. Incentive Stock Options may be granted only to employees of the Company or a parent corporation or subsidiary corporation (as such terms are defined in Sections 424(e) and (f) of the Code). Stock Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants.

(b) Ten Percent Stockholders. A Ten Percent Stockholder shall not be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Fair Market Value on the date of grant and the Option is not exercisable after the expiration of five (5) years from the date of grant.

(c) Consultants. A Consultant shall be eligible for the grant of a Stock Award only if, at the time of grant, a Form S-8 Registration Statement under the Securities Act (“*Form S-8*”) is available to register either the offer or the sale of the Company’s securities to such Consultant because of the nature of the services that the Consultant is providing to the Company, because the Consultant is a natural person, or because of any other rule governing the use of Form S-8.

5. OPTION PROVISIONS.

Each Option shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. All Options shall be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates shall be issued for shares of

[Table of Contents](#)

Common Stock purchased on exercise of each type of Option. If an Option is not specifically designated as an Incentive Stock Option, then the Option shall be a Nonstatutory Stock Option. The provisions of separate Options need not be identical; *provided, however*, that each Option Agreement shall include (through incorporation of provisions hereof by reference in the Option Agreement or otherwise) the substance of each of the following provisions:

(a) **Term**. Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, no Option shall be exercisable after the expiration of ten (10) years from the date of its grant or such shorter period specified in the Option Agreement.

(b) **Exercise Price**. Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, the exercise price of each Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, an Option may be granted with an exercise price lower than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option if such Option is granted pursuant to an assumption of or substitution for another option in a manner consistent with the provisions of Section 424(a) of the Code (whether or not such options are Incentive Stock Options).

(c) **Consideration**. The purchase price of Common Stock acquired pursuant to the exercise of an Option shall be paid, to the extent permitted by applicable law and as determined by the Board in its sole discretion, by any combination of the methods of payment set forth below. The Board shall have the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to utilize a particular method of payment. The methods of payment permitted by this Section 5(c) are:

(i) by cash, check, bank draft or money order payable to the Company;

(ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of the stock subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Stock;

(iv) by a “net exercise” arrangement pursuant to which the Company will reduce the number of shares of Common Stock issued upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; *provided, however*, that the Company shall accept a cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such reduction in the number of whole shares to be issued; *provided, further*, that shares of Common Stock will no longer be outstanding under an Option and will not be exercisable thereafter to the extent that (A) shares are used to pay the exercise price pursuant to the “net exercise,” (B) shares are delivered to the Participant as a result of such exercise, and (C) shares are withheld to satisfy tax withholding obligations; or

(v) in any other form of legal consideration that may be acceptable to the Board.

(d) **Transferability of Options**. The Board may, in its sole discretion, impose such limitations on the transferability of Options as the Board shall determine. In the absence of such a determination by the Board to the contrary, the following restrictions on the transferability of Options shall apply:

(i) **Restrictions on Transfer**. An Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder; *provided, however*, that the Board may, in its sole discretion, permit transfer of the Option in a manner consistent with applicable tax and securities laws upon the Optionholder’s request.

(ii) **Domestic Relations Orders** . Notwithstanding the foregoing, an Option may be transferred pursuant to a domestic relations order, *provided, however* , that an Incentive Stock Option may be deemed to be a Nonqualified Stock Option as a result of such transfer.

(iii) **Beneficiary Designation** . Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form provided by or otherwise satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be the beneficiary of an Option with the right to exercise the Option and receive the Common Stock or other consideration resulting from an Option exercise.

(e) **Vesting Generally** . The total number of shares of Common Stock subject to an Option may vest and therefore become exercisable in periodic installments that may or may not be equal. The Option may be subject to such other terms and conditions on the time or times when it may or may not be exercised (which may be based on the satisfaction of Performance Goals or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options may vary. The provisions of this Section 5(e) are subject to Section 2(g) and any Option provisions governing the minimum number of shares of Common Stock as to which an Option may be exercised.

(f) **Termination of Continuous Service** . Except as otherwise provided in the applicable Option Agreement or other agreement between the Optionholder and the Company, in the event that an Optionholder's Continuous Service terminates (other than upon the Optionholder's death or Disability), the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination of Continuous Service) but only within such period of time ending on the earlier of (i) the date three (3) months following the termination of the Optionholder's Continuous Service (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination of Continuous Service, the Optionholder does not exercise his or her Option within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate.

(g) **Extension of Termination Date** . Unless otherwise provided in an Optionholder's Option Agreement, if the exercise of the Option following the termination of the Optionholder's Continuous Service would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option shall terminate on the earlier of (i) the expiration of a period equal to the original post-termination exercise period applicable to such Award during which the exercise of the Option would not be in violation of such registration requirements, or (ii) the expiration of the term of the Option as set forth in the Option Agreement. In addition, unless otherwise provided in an Optionholder's Option Agreement, if the sale of the Common Stock received upon exercise of an Option following the termination of the Optionholder's Continuous Service would violate the Company's insider trading policy, then the Option shall terminate on the earlier of (i) the expiration of a period equal to the original post-termination exercise period applicable to such Award during which the exercise of the Option would not be in violation of the Company's insider trading policy, (ii) the 15th day of the third month after the date on which the Option would cease to be exercisable but for this Section 5(g), or such longer period as would not cause the Option to become subject to Section 409A(a)(1) of the Code; or (iii) the expiration of the term of the Option as set forth in the Option Agreement.

(h) **Disability of Optionholder** . In the event that an Optionholder's Continuous Service terminates as a result of the Optionholder's Disability, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date twelve (12) months following such termination of Continuous Service (or such longer or shorter period specified in the Option Agreement), or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination of Continuous Service, the Optionholder does not exercise his or her Option within the time specified herein or in the Option Agreement (as applicable), the Option shall terminate.

(i) **Death of Optionholder** . In the event that (i) an Optionholder's Continuous Service terminates as a result of the Optionholder's death, or (ii) the Optionholder dies within the period (if any) specified in the Option Agreement after the termination of the Optionholder's Continuous Service for a reason other than death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated as the beneficiary of the Option upon the Optionholder's death, but only within the period ending on the earlier of (A) the date eighteen (18) months following the date of death (or such longer or shorter period specified in the Option Agreement), or (B) the expiration of the term of such Option as set forth in the Option Agreement. Any additional shares covered by the Restricted Stock Unit Award credited by reason of such dividend equivalents will be subject to all the terms and conditions of the underlying Restricted Stock Unit Award Agreement to which they relate.

(vi) **Termination of Participant's Continuous Service**. Except as otherwise provided in the applicable Restricted Stock Unit Award Agreement, such portion of the Restricted Stock Unit Award that has not vested will be forfeited upon the Participant's termination of Continuous Service.

(i) **Term**. No Stock Appreciation Right shall be exercisable after the expiration of ten (10) years from the date of its grant or such shorter period specified in the Stock Appreciation Right Agreement.

(iii) Calculation of Appreciation . The appreciation distribution payable on the exercise of a Stock Appreciation Right will be not greater than an amount equal to the excess of (A) the aggregate Fair Market Value (on the date of the exercise of the Stock Appreciation Right) of a number of shares of Common Stock equal to the number of Common Stock equivalents in which the Participant is vested under such Stock Appreciation Right, and with respect to which the Participant is exercising the Stock Appreciation Right on such date, over (B) the strike price that will be determined by the Board at the time of grant of the Stock Appreciation Right.

(iv) Vesting . Subject to Section 2(g), at the time of the grant of a Stock Appreciation Right, the Board may impose such restrictions or conditions to the vesting of such Stock Appreciation Right as it, in its sole discretion, deems appropriate.

In the event that a Participant's Continuous Service terminates, the Participant may exercise his or her Stock Appreciation Right (to the extent that the Participant was entitled to exercise such Stock Appreciation Right as of the date of termination) but only within such period of time ending on the earlier of (A) the date three (3) months following the termination of the Participant's Continuous Service (or such longer or shorter period specified in the Stock Appreciation Right Agreement), or (B) the expiration of the term of the Stock Appreciation Right as set forth in the Stock Appreciation Right Agreement. If, after termination, the Participant does not exercise his or her Stock Appreciation Right within the time specified herein or in the Stock Appreciation Right Agreement (as applicable), the Stock Appreciation Right shall terminate.

(viii) Compliance with Section 409A of the Code . Notwithstanding anything to the contrary set forth herein, any Stock Appreciation Rights granted under the Plan that are not exempt from the requirements of Section 409A of the Code shall contain such provisions so that such Stock Appreciation Rights will comply with the requirements of Section 409A of the Code. Such restrictions, if any, shall be determined by the Board and contained in the Stock Appreciation Right Agreement evidencing such Stock Appreciation Right.

(d) Performance Awards .

(i) Performance Stock Awards . A Performance Stock Award is a Stock Award that may be granted, may vest, or may be exercised based upon the attainment during a Performance Period of certain Performance Goals. A Performance Stock Award may, but need not, require the completion of a specified period of Continuous Service. Subject to Section 2(g), the length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained shall be conclusively determined by the Committee in its sole discretion. The maximum number of shares that may be granted to any Participant in a calendar year attributable to Stock Awards described in this Section 6(d)(i) shall not exceed five hundred thousand (500,000) shares of Common Stock. In addition, to the extent permitted by applicable law and the applicable Award Agreement, the Board may determine that cash may be used in payment of Performance Stock Awards.

A Performance Cash Award may also require the completion of a specified period of Continuous Service. The maximum value that may be granted to any Participant in a calendar year attributable to Performance Cash Awards described in this Section 6(d)(ii) shall not exceed one million dollars (\$1,000,000). The Board may provide for or, subject to such terms and conditions as the Board may specify, may permit a Participant to elect for, the payment of any Performance Cash Award to be deferred to a specified date or event. The Committee may specify the form of payment of Performance Cash Awards, which may be cash or other property, or may provide for a Participant to have the option for his or her Performance Cash Award, or such portion thereof as the Board may specify, to be paid in whole or in part in cash or other property. In addition, to the extent permitted by applicable law and the applicable Award Agreement, the Board may determine that Common Stock authorized under this Plan may be used in payment of Performance Cash Awards, including additional shares in excess of the Performance Cash Award as an inducement to hold shares of Common Stock.

(e) **Other Stock Awards** . Other forms of Stock Awards valued in whole or in part by reference to, or otherwise based on, Common Stock may be granted either alone or in addition to Stock Awards provided for under Section 5 and the preceding provisions of this Section 6. Subject to the provisions of the Plan (including, but not limited to, Section 2(g)), the Board shall have sole and complete authority to determine the persons to whom and the time or times at which such Other Stock Awards will be granted, the number of shares of Common Stock (or the cash equivalent thereof) to be granted pursuant to such Other Stock Awards and all other terms and conditions of such Other Stock Awards.

7. COVENANTS OF THE COMPANY .

(a) **Availability of Shares** . During the terms of the Stock Awards, the Company shall keep available at all times the number of shares of Common Stock reasonably required to satisfy such Stock Awards.

(b) **Securities Law Compliance** . The Company shall seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise of the Stock Awards; *provided, however* , that this undertaking shall not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Stock Awards unless and until such authority is obtained.

(c) **No Obligation to Notify** . The Company shall have no duty or obligation to any holder of a Stock Award to advise such holder as to the time or manner of exercising such Stock Award. Furthermore, the Company shall have no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of a Stock Award or a possible period in which the Stock Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of a Stock Award to the holder of such Stock Award.

(b) **Corporate Action Constituting Grant of Stock Awards** . Corporate action constituting a grant by the Company of a Stock Award to any Participant shall be deemed completed as of the date of such corporate action,

unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Stock Award is communicated to, or actually received or accepted by, the Participant.

(c) Stockholder Rights . No Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Stock Award unless and until such Participant has exercised the Stock Award pursuant to its terms and the Participant shall not be deemed to be a stockholder of record until the issuance of the Common Stock pursuant to such exercise has been entered into the books and records of the Company.

(d) No Employment or Other Service Rights . Nothing in the Plan, any Stock Award Agreement or other instrument executed thereunder or in connection with any Award granted pursuant to the Plan shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Stock Award was granted or shall affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate, or (iii) the service of a Director pursuant to the Bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

(f) Investment Assurances . The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Stock Award, (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Stock Award; and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Stock Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, shall be inoperative if (A) the issuance of the shares upon the exercise or acquisition of Common Stock under the Stock Award has been registered under a then currently effective registration statement under the Securities Act, or (B) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

(g) Withholding Obligations . Unless prohibited by the terms of a Stock Award Agreement, the Company may, in its sole discretion, satisfy any federal, state or local tax withholding obligation relating to an Award by any of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) causing the Participant to tender a cash payment; (ii) withholding shares of Common Stock from the shares of Common Stock issued or otherwise issuable to the Participant in connection with the Award; (iii) withholding cash from an Award settled in cash; or (iv) by such other method as may be set forth in the Award Agreement.

(i) **Deferrals** . To the extent permitted by applicable law, the Board, in its sole discretion, may determine that the delivery of Common Stock or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Award may be deferred and may establish programs and procedures for deferral elections to be made by Participants. Deferrals by Participants will be made in accordance with Section 409A of the Code. Consistent with Section 409A of the Code, the Board may provide for distributions while a Participant is still an employee. The Board is authorized to make deferrals of Stock Awards and determine when, and in what annual percentages, Participants may receive payments, including lump sum payments, following the Participant's termination of employment or retirement, and implement such other terms and conditions consistent with the provisions of the Plan and in accordance with applicable law.

(j) **Compliance with Section 409A of the Code** . To the extent that the Board determines that any Award granted under the Plan is subject to Section 409A of the Code, the Award Agreement evidencing such Award shall incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code. To the extent applicable, the Plan and Award Agreements shall be interpreted in accordance with Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued or amended after the Effective Date. Notwithstanding any provision of the Plan to the contrary, in the event that following the Effective Date the Board determines that any Award may be subject to Section 409A of the Code and related Department of Treasury guidance (including such Department of Treasury guidance as may be issued after the Effective Date), the Board may adopt such amendments to the Plan and the applicable Award Agreement or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, that the Board determines are necessary or appropriate to (i) exempt the Award from Section 409A of the Code and/or preserve the intended tax treatment of the benefits provided with respect to the Award, or (ii) comply with the requirements of Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued or amended after the Effective Date.

The Board shall make such adjustments, and its determination shall be final, binding and conclusive.

(b) **Dissolution or Liquidation** . Except as otherwise provided in the Stock Award Agreement, in the event of a dissolution or liquidation of the Company, all outstanding Stock Awards (other than Stock Awards consisting of vested and outstanding shares of Common Stock not subject to the Company's right of repurchase) shall terminate immediately prior to the completion of such dissolution or liquidation, and the shares of Common Stock subject to the Company's repurchase option may be repurchased by the Company notwithstanding the fact that the holder of such Stock Award is providing Continuous Service.

(c) **Transactions** . The provisions of this Section 9(c) shall apply to each outstanding Stock Award in the event of a Transaction unless otherwise provided in the instrument evidencing the Stock Award, in any other written agreement between the Company or any Affiliate and the Participant, or in any director compensation policy of the Company.

(i) **Stock Awards May Be Assumed** . In the event of a Transaction, any surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) may assume or continue any or all outstanding Stock Awards or may substitute similar stock awards for any or all outstanding Stock Awards

(including, but not limited to, awards to acquire the same consideration paid to the stockholders of the Company pursuant to the Transaction), and any reacquisition or repurchase rights held by the Company in respect of Common Stock issued pursuant to any outstanding Stock Awards may be assigned by the Company to the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company). For clarity, in the event of a Transaction, any surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) may choose to assume or continue only a portion of an outstanding Stock Award, to substitute a similar stock award for only a portion of an outstanding Stock Award, or to assume or continue, or substitute similar stock awards for, the outstanding Stock Awards held by some, but not all, Participants. The terms of any such assumption, continuation or substitution shall be set by the Board.

(ii) Stock Awards Held by Current Participants . In the event of a Transaction in which the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) does not assume or continue outstanding Stock Awards, or substitute similar stock awards for outstanding Stock Awards, then with respect to any such Stock Awards that have not been assumed, continued or substituted and that are held by Participants whose Continuous Service has not terminated prior to the effective time of the Transaction (referred to as the “ *Current Participants* ”), the vesting (and exercisability, if applicable) of such Stock Awards shall be accelerated in full (and with respect to Performance Stock Awards, vesting shall be deemed to be satisfied at the greater of (x) the target level of performance or (y) the actual level of performance measured in accordance with the applicable Performance Goals as of the date of the Transaction) to a date prior to the effective time of the Transaction (contingent upon the closing or completion of the Transaction) as the Board shall determine (or, if the Board does not determine such a date, to the date that is five (5) days prior to the effective time of the Transaction), and such Stock Awards shall terminate if not exercised (if applicable) prior to the effective time of the Transaction in accordance with the exercise procedures determined by the Board, and any reacquisition or repurchase rights held by the Company with respect to such Stock Awards shall lapse (contingent upon the closing or completion of the Transaction).

(iii) Stock Awards Held by Participants other than Current Participants . In the event of a Transaction in which the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) does not assume or continue outstanding Stock Awards, or substitute similar stock awards for outstanding Stock Awards, then with respect to any such Stock Awards that have not been assumed, continued or substituted and that are held by Participants other than Current Participants, such Stock Awards shall terminate if not exercised (if applicable) prior to the effective time of the Transaction in accordance with the exercise procedures determined by the Board; *provided, however* , that any reacquisition or repurchase rights held by the Company with respect to such Stock Awards shall not terminate and may continue to be exercised notwithstanding the Transaction.

(iv) Payment for Stock Awards in Lieu of Exercise . Notwithstanding the foregoing, in the event any outstanding Stock Award held by a Participant will terminate if not exercised prior to the effective time of a Transaction, the Board may provide that the Participant may not exercise such Stock Award but instead will receive a payment, in such form as may be determined by the Board, equal in value to the excess, if any, of (A) the value of the property the Participant would have received upon the exercise of such Stock Award immediately prior to the effective time of the Transaction, over (B) any exercise price payable by the Participant in connection with such exercise. For clarity, such payment may be zero if the value of such property is equal to or less than the exercise price. Payments under this provision may be delayed to the same extent that payment of consideration to the holders of the Common Stock in connection with the Transaction is delayed as a result of escrows, earn outs, holdbacks or any other contingencies.

(d) Change in Control . Unless provided otherwise in the Stock Award Agreement for a Stock Award, in any other written agreement or plan between the Company or any Affiliate and the Participant, or in any director compensation policy of the Company, a Stock Award will not be subject to additional acceleration of vesting and exercisability upon or after a Change in Control.
