Item 8.01. Other Events

On December 19, 2016, Devon Energy Corporation (the “Company”) announced the early tender results, upsizing and pricing of its tender offers to purchase for cash up to an aggregate principal amount of the 8.250% notes due 2018 (the “8.250% 2018 Notes”), the 2.250% notes due 2018 (the “2.250% 2018 Notes”), the 6.300% notes due 2019 (the “2019 Notes”), the 7.500% notes due 2027 (the “2027 Notes”), the 7.875% debentures due 2031 (the “2031 Notes”), the 7.950% debentures due 2032 (the “2032 Notes”), the 5.850% notes due 2025 (the “2025 Notes”), the 4.000% notes due 2021, the 5.600% notes due 2041 and the 3.250% notes due 2022 (collectively, the “Notes”) issued by the Company or its subsidiaries, that would not result in the aggregate purchase price for the Notes, excluding accrued and unpaid interest, exceeding the aggregate maximum repurchase amount. The Company amended its tender offers to increase the previously announced aggregate maximum repurchase amount from \$1 billion to such aggregate amount necessary to pay the total consideration for all of the 8.250% 2018 Notes, the 2.250% 2018 Notes, the 2019 Notes, the 2027 Notes, the 2031 Notes, the 2032 Notes and the 2025 Notes (collectively, the “Eligible Notes”) validly tendered and not validly withdrawn in the tender offers as of the Early Tender Date (as defined below), which total consideration is equal to approximately \$1.1 billion. The tender offers were made pursuant to an offer to purchase dated December 5, 2016, which sets forth the terms and conditions of the tender offers.

In order to receive additional consideration for tendering early, holders of the Eligible Notes must have validly tendered and not validly withdrawn their Eligible Notes at or prior to 5:00 p.m., New York City time, on December 16, 2016 (the “Early Tender Date”). Since the total consideration payable with respect to all of the Eligible Notes will equal the aggregate maximum repurchase amount, none of the tendered Notes from any other series will be accepted for purchase pursuant to the tender offers.

At the Early Tender Date, holders had validly tendered and not validly withdrawn approximately \$903.9 million of the Eligible Notes. The Company will accept for purchase all of such Eligible Notes that have been validly tendered and not validly withdrawn. Holders will also receive accrued and unpaid interest on Eligible Notes validly tendered and accepted for purchase from the applicable last interest payment date up to, but not including, the date the Company makes payment for such Eligible Notes, which date is anticipated to be December 20, 2016.

The tender offers will expire at 11:59 p.m., New York City time, on January 3, 2017, unless extended or earlier terminated. Because the tender offers have been fully subscribed as of the Early Tender Date, holders who tender Notes after the Early Tender Date will not have any of their Notes accepted for purchase. Any Notes tendered after the Early Tender Date, together with all of the Notes (other than the Eligible Notes) tendered at or prior to the Early Tender Date, will be returned to the holders thereof as described in the tender offer documents.

Furnished as Exhibits 99.1 and 99.2 and incorporated herein by reference are copies of the press releases announcing the early tender results and upsizing and pricing, respectively, of the tender offers.

Devon Energy Announces Early Tender Results and Upsizing of Tender Offers

12/19/2016

OKLAHOMA CITY—(BUSINESS WIRE)—Devon Energy Corporation (NYSE: DVN) (the “Company” or “Devon Energy”) today announced the early tender results for its previously announced tender offers (the “Tender Offers”) to purchase for cash up to an aggregate principal amount of the securities listed in the table below (collectively, the “Notes”) that would not result in the aggregate amount that all holders of the Notes are entitled to receive, excluding accrued and unpaid interest, for their Notes that are validly tendered and accepted for purchase in the Tender Offers, exceeding the Aggregate Maximum Repurchase Amount (as defined below). In addition, the Company has amended the Tender Offers to increase the previously announced Aggregate Maximum Repurchase Amount from \$1 billion to such aggregate amount necessary to pay the Total Consideration (as defined below) for all of the Eligible Notes (as defined below) validly tendered and not validly withdrawn in the Tender Offers as of the Early Tender Date (as defined below) (as amended, the “Aggregate Maximum Repurchase Amount”). All other terms of the Tender Offers, as previously announced, remain unchanged. The Tender Offers were made pursuant to the terms and conditions set forth in the offer to purchase, dated December 5, 2016 (the “Offer to Purchase”).

As of the previously announced early tender date and time of 5:00 p.m., New York City time, on December 16, 2016 (the “Early Tender Date”), according to information provided by D.F. King & Co., Inc., the tender and information agent for the Tender Offers, a total of \$899,996,000 aggregate principal amount of Notes with the seven highest acceptance priority levels (the “Eligible Notes”) had been validly tendered and not validly withdrawn in the Tender Offers. Since the Total Consideration payable with respect to all of the Eligible Notes will equal the Aggregate Maximum Repurchase Amount, none of the tendered Notes from any other series will be accepted for purchase pursuant to the Tender Offers. Withdrawal rights for the Notes expired at 5:00 p.m., New York City time, on December 16, 2016. The table below sets forth the aggregate principal amount and percentage of the Eligible Notes validly tendered and not validly withdrawn by the Early Tender Date that will be accepted for purchase by the Company.

- (a) The Total Consideration (as defined below) for Notes validly tendered prior to or at the Early Tender Date and accepted for purchase will be calculated on the basis of pricing for the U.S. Treasury Reference Security as of 2:00 p.m., New York City time, on December 19, 2016, and includes the applicable Fixed Spread and Early Tender Payment set forth in the table above.

- (f) Notes from such series will not be accepted for purchase by the Company.

The “Total Consideration” for the Eligible Notes validly tendered and accepted for purchase pursuant to the Tender Offers will be determined in the manner described in the Offer to Purchase at 2:00 p.m., New York City time, on December 19, 2016. Holders of the Eligible Notes validly tendered and not validly withdrawn at or prior to the Early Tender Date are eligible to receive the Total Consideration for any such Eligible Notes accepted for purchase. Holders will also receive accrued and unpaid interest on the Eligible Notes validly tendered and accepted for purchase from the applicable last interest payment date up to, but not including, the date the Company makes payment for such Eligible Notes, which date is anticipated to be December 20, 2016.

The Tender Offers will expire at 11:59 p.m., New York City time, on January 3, 2017, unless extended or earlier terminated. Any Notes tendered after the Early Tender Date, together with all Notes (other than the Eligible Notes) tendered at or prior to the Early Tender Date, will be returned to the holders thereof as described in the Offer to Purchase.

Devon Energy will fund the Tender Offers with the net proceeds from previously completed asset sales and financing transactions. The Tender Offers are being made to reduce the Company’s outstanding debt, including the debt of its subsidiaries.
