# IntelGenx Announces Definitive Agreement with Chemo Group for a Generic CNS Tablet

**Saint-Laurent, Canada – January 4, 2017** – IntelGenx Corp., (TSXV: IGX) (OTCQX: IGXT), today announced the signing of a definitive agreement with Chemo Group (“Chemo”) for the co-development and commercialization of a generic tablet in the area of CNS (central nervous system) on a worldwide basis. According to Global Data, worldwide sales in 2015 of the CNS related product exceeded \$4 billion. This definitive agreement signed December 30, 2016 follows the binding term sheet announced on December 1, 2016.

Under the agreement, IntelGenx is entitled to an upfront payment, development costs of the product and future milestone payments. Chemo and IntelGenx will also share the profits of commercialization.

“We are very pleased by the relentless execution of strategy in 2016 to successfully conclude seven transactions of our innovative products towards future commercialization,” said Dr. Horst Zerbe, President and CEO of IntelGenx. “Four of those innovative products have been concluded with our strategic partner, Chemo, which clearly validates IntelGenx’ advanced oral delivery platforms.
