EXPLANATORY NOTE

This Amendment No. 1 (this “Amendment”) on Form 10-K/A is being filed with respect to Genworth Financial, Inc.’s Annual Report on Form 10-K for the fiscal year ended December 31, 2018 filed with the Securities and Exchange Commission (the “SEC”) on February 27, 2019 (the “Form 10-K”). This Amendment updates Part III to contain certain additional information required therein.

Except for the changes to Part III and the filing of related certifications added to the list of Exhibits in Part IV, this Amendment makes no changes to the Form 10-K. This Amendment does not reflect events occurring after the filing of the Form 10-K or modify disclosures affected by subsequent events.

Genworth stated in its 2018 Proxy Statement, filed with the SEC on November 1, 2018, that it expects to hold its 2019 Annual Meeting of Stockholders (the “2019 Annual Meeting”) on or about July 18, 2019. Due to the fact that Genworth and China Oceanwide Holdings Group Co., Ltd. are still working to satisfy the closing conditions under the Agreement and Plan of Merger, dated October 21, 2016, the Board of Directors has decided to defer the 2019 Annual Meeting to a later date. In the event Genworth holds a 2019 Annual Meeting, a press release will be issued, with sufficient notice to stockholders, announcing: (i) the date, time and location of the 2019 Annual Meeting; (ii) the new deadline for receipt of stockholder proposals submitted under Rule 14a-8 of the Securities Exchange Act of 1934 (the “Exchange Act”) for inclusion in Genworth’s proxy materials for the 2019 Annual Meeting; and (iii) the new deadline for written notice of director nominations and other business proposals that stockholders intend to be presented at the 2019 Annual meeting outside of Rule 14a-8 of the Exchange Act.

As used in this Amendment, the terms “Genworth,” the “company,” “we,” “our” and “us” refer to Genworth Financial, Inc.

CORPORATE GOVERNANCE

Governance Principles

Our Governance Principles are published on our website, as are our other corporate governance materials, including the charters adopted by the Board for each of our standing committees and any key practices adopted by the committees. To view these materials, go to www.genworth.com, select "Investors" and then select "Corporate Governance." The Board regularly reviews corporate governance developments and may modify these principles, charters and key practices as warranted. Any modifications will be reflected in the documents on our website.

Code of Business Conduct and Ethics

All of our directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer, must act ethically at all times and in accordance with the policies comprising our code of business conduct and ethics set forth in Genworth's Code of Ethics ("Code of Ethics"). If an actual or potential conflict of interest arises for a director, the director shall promptly inform the chief executive officer. To view our Code of Ethics, go to www.genworth.com, select "Investors," then select "Corporate Governance," then select "Code of Business Conduct & Ethics" and finally select "Genworth Code of Ethics." Section 11 of our Governance Principles, which are available on our website, more fully addresses our Code of Ethics. Under our Governance Principles, the Board will not permit any waiver of any ethics policy for any director or executive officer. Within the time period required by the SEC and the NYSE, we will post on our website any amendment to our Code of Ethics.

Communication with Genworth's Board of Directors

The Board of Directors has established a process for stockholders and other interested persons to communicate directly with Genworth and its non-management directors. Information regarding this process, including how to email or write our non-management directors, may be found on our website. To view this process, go to www.genworth.com, select "Investors," then select "Corporate Governance" and finally select "Contact the Board." Concerns relating to accounting, internal accounting controls and auditing matters may also be submitted confidentially and anonymously through the methods specified on our website. You may direct your communications to our non-management directors as a group or individually, or to any committee of the Board of Directors. The Corporate Secretary or Genworth's ombudsperson monitors, reviews and sorts all written communications to the non-management directors. Communications related to matters that are within the scope of the responsibilities of the Board of Directors are forwarded to the Board of Directors, the relevant committee of the Board or an individual director, as appropriate.

The Corporate Secretary or Genworth's ombudsperson forwards correspondence related to routine business and customer service matters to the appropriate management personnel. The Corporate Secretary or Genworth's

[Table of Contents](#)

ombudsperson will immediately consult with the Audit Committee Chairman, who will determine whether to communicate further with the Audit Committee and/or the full Board of Directors with respect to the correspondence received relating to accounting, internal accounting controls, auditing matters or officer conduct.

Letters may be sent to the non-management directors as a group or individually, c/o the Corporate Secretary, Genworth Financial, Inc., 6620 West Broad Street, Building #1, Richmond, Virginia 23230.

BOARD OF DIRECTORS AND COMMITTEES

Board Composition

Our Board of Directors is composed of individuals with diverse experience at policy-making levels in business and government in areas that are relevant to the company. Each director was nominated on the basis of the unique set of qualifications and skills he or she brings to the Board, as well as how those qualifications and skills blend with those of the others on the Board as a whole. The blend of our directors' diverse backgrounds ensures that issues facing the company are examined and addressed with the benefit of a broad array of perspectives and expertise.

We believe that our directors have demonstrated leadership in a variety of positions across various professions and industries. Their experiences, qualifications, attributes and skills include:

DIRECTOR EXPERIENCES, QUALIFICATIONS, ATTRIBUTES AND SKILLS

See the *Our Board of Directors* section above for a description of each director's complete biographical information, qualifications and skills.

Subject to the rights of the holders of any outstanding series of our preferred stock, our certificate of incorporation provides that the number of authorized directors of our company will be fixed from time to time by a resolution adopted by our Board of Directors, but will not be less than one nor more than fifteen. Our Governance Principles further state that the size of the Board should be in the range of seven to 15 directors. Our Board of Directors has set the size of the Board of Directors at nine members, but continues to evaluate the optimal size for the Board and may consider the addition of one or more independent directors to the Board in the future.

Our Governance Principles provide that directors who serve as chief executive officers or in equivalent positions for other public companies should not serve on more than two other boards of public companies in addition to the Genworth Board and other directors should not serve on more than four other boards of public companies in addition to the Genworth Board.

Board Committees

The four standing committees of the Board are the Audit Committee, Management Development and Compensation Committee, Nominating and Corporate Governance Committee and Risk Committee. These committees are described below. The Board has established written charters for each of its four standing committees. Our Board of Directors may also establish various other committees from time-to-time to assist it in carrying out its responsibilities.

Audit Committee

The Board has established the Audit Committee in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Audit Committee consists solely of “independent” directors as defined by the applicable rules of the NYSE and the SEC and by our Governance Principles. In addition, the Board has determined that all four of the Audit Committee’s current members, Messrs. Moloney, Restrepo and Riepe and Ms. Perry, are “audit committee financial experts,” as defined by SEC rules.

As more fully set forth in its charter, which can be found in the corporate governance section of our website (to view, go to www.genworth.com, select “Investors,” then select “Corporate Governance,” then select “Audit Committee” and finally select “Charter”), the purpose of the Audit Committee is to assist the Board in its oversight of the integrity of the company’s financial statements, the company’s compliance with legal and regulatory requirements, the independence and qualifications of the company’s independent registered public accounting firm and the performance of the company’s internal audit function and independent auditors. The Audit Committee’s duties include:

- discussing with management and our independent registered public accounting firm our annual and quarterly financial statements, earnings releases and financial information and earnings guidance provided to analysts and rating agencies;
- selecting our independent registered public accounting firm and approving the terms of its engagement;
- discussing with management and our independent registered accounting firm any audit problems or difficulties and management’s response;
- independently and/or in coordination with the Risk Committee, overseeing risks associated with financial accounting and reporting, including the system of internal control, which includes reviewing and discussing with management and our independent registered public accounting firm the company’s risk assessment process and management policies with respect to the company’s major financial risk exposure and the procedures utilized by management to identify and mitigate the exposure to such risks;
- reviewing our financial reporting and accounting standards and principles;
- reviewing our internal system of financial controls and the results of internal audits;
- obtaining and reviewing formal written reports from the independent registered public accounting firm regarding its internal quality-control procedures;
- reviewing and investigating any matters pertaining to the integrity of management, including conflicts of interest, or adherence to standards of business conduct;
- preparing and publishing a committee report;
- establishing procedures for the hiring of employees or former employees of our independent registered public accounting firm;
- establishing procedures for the receipt, retention and treatment of complaints on accounting, internal accounting controls or auditing matters; and
- establishing policies and procedures for the review and approval of all proposed transactions with “Related Persons,” as that term is defined in Section 11(b) of our Governance Principles.

The Audit Committee has determined that in view of the increased demands and responsibilities of the committee, its members generally should not serve on more than two additional audit committees of other public companies.

Management Development and Compensation Committee

The Management Development and Compensation Committee (the “Compensation Committee”) consists solely of “independent” directors as defined by the applicable rules of the NYSE and by our Governance Principles. As more fully set forth in its charter, which can be found in the corporate governance section of our website (to view, go to www.genworth.com, select “Investors,” then select “Corporate Governance,” then select “Management Development and Compensation Committee” and finally select “Charter”), the Compensation Committee’s responsibilities include:

- reviewing and approving on an annual basis the corporate goals and objectives with respect to the compensation of our CEO, evaluating our CEO’s performance in light of these goals and objectives and setting our CEO’s compensation based on such evaluation;
- reviewing and approving on an annual basis the evaluation process and compensation structure for our other officers, including evaluating and setting the compensation for our senior executive officers;
- reviewing and approving our variable incentive compensation and other stock-based compensation plans;
- assisting the Board in developing and evaluating potential candidates for executive positions and overseeing the development of succession plans;
- assessing the structure and composition of the leadership of the company;
- reviewing and discussing our Compensation Discussion and Analysis, recommending its inclusion to the Board in our annual reports and proxy statements and publishing a committee report;
- overseeing risks relating to our compensation programs; and
- determining whether the work of any compensation consultant who had a role in determining or recommending the amount or form of executive or director compensation raised any conflict of interest.

Under its charter, the Compensation Committee has authority to delegate any of its responsibilities to subcommittees as the Compensation Committee may deem appropriate in its sole discretion. The Compensation Committee’s report appears in Item 11 of this Amendment. Additional information regarding the Compensation Committee’s processes and procedures for consideration of executive compensation is also provided in Item 11—*Compensation Discussion and Analysis* section below.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee (the “Nominating Committee”) consists solely of “independent” directors as defined by the applicable rules of the NYSE and by our Governance Principles. As more fully set forth in its charter, which can be found in the corporate governance section of our website (to view, go to www.genworth.com, select “Investors,” then select “Corporate Governance,” then select “Nominating and Corporate Governance Committee” and finally select “Charter”), the Nominating Committee’s responsibilities include:

- leading the search for individuals qualified to become members of our Board;
- reviewing the Board’s committee structure and recommending committee members;
- developing and annually reviewing the governance principles;

[Table of Contents](#)

- overseeing the annual self-evaluations of the Board and its committees;
- overseeing risks related to corporate governance;
- reviewing annually director compensation and benefits; and
- periodically reviewing the environmental, social and governance practices of the company.

The Nominating Committee makes recommendations to the Board of Directors of candidates for election to our Board, and our Board of Directors nominates director candidates and makes recommendations to our stockholders. This committee will consider all stockholder recommendations for candidates for the Board, which should be sent to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, Genworth Financial, Inc., 6620 West Broad Street, Building #1, Richmond, Virginia 23230.

The Nominating Committee believes all director nominees should meet certain qualifications and possess certain qualities or skills that, when considered in light of the qualities and skills of the other director nominees, assist the Board in overseeing our operations and developing and pursuing its strategic objectives. The Nominating Committee believes each director nominee should at a minimum:

- possess the highest personal and professional ethics, integrity and values;
- be committed to representing the long-term interests of our stockholders;
- have an inquisitive and objective perspective, practical wisdom and mature judgment;
- bring a distinct skill set of value to the Board and the company when viewed alone and in combination with other directors;
- be willing and able to devote sufficient time to carrying out his or her duties and responsibilities effectively; and
- be committed to serve on the Board for an extended period of time.

The Nominating Committee, as a matter of practice, takes diversity factors into account when considering potential director nominees. The company does not have a formal policy on Board diversity. The qualifications, qualities and skills required for directors are further set forth in Section 3 of Genworth's Governance Principles, which are available on our website.

In addition to considering candidates suggested by stockholders, the Nominating Committee considers potential candidates recommended by current directors, company officers, employees and others. The Nominating Committee has also engaged an outside search firm to assist in identifying and evaluating potential director candidates. The Nominating Committee considers all potential candidates regardless of the source of the recommendation and determines whether potential candidates meet our qualifications, qualities and skills for directors. Where there is an interest in a particular candidate, the Nominating Committee's review is multi-faceted and typically includes a review of written materials regarding the candidate, due diligence performed internally and externally, a review of a completed candidate questionnaire and one or more interviews with members of the Nominating Committee.

The Nominating Committee is also responsible for reviewing periodically the nature and amount of our political contributions, the operations of our Political Action Committee and our public disclosure regarding such activities. In addition, the Nominating Committee periodically reviews our policies and practices on matters of corporate citizenship, including philanthropic programs and financial and other support of charitable, education and cultural organizations.

Risk Committee

The purpose of the Risk Committee is to assist the Board in its oversight of all areas relating to Genworth's enterprise risk management policies and the related risk profiles, including, but not limited to, the following major risk exposures: credit risks; market risks; insurance risks; housing risks; operational risks; model risks; information technology risks; and any other risk that poses a material threat to the viability of the company.

As more fully set forth in its charter, which can be found in the corporate governance section of our website (to view, go to www.genworth.com, select "Investors," then select "Corporate Governance," then select "Risk Committee" and finally select "Charter"), the Risk Committee's responsibilities include:

- reviewing and recommending annually for Board approval (i) the company's enterprise risk management policies and (ii) the risk appetite of the company, and to oversee the implementation and maintenance of such policies and appetite;
- receiving regular reports on the efforts to implement and comply with regulatory requirements related to risk management;
- reviewing and overseeing the control, management and mitigation processes relating to Genworth's enterprise risk management policies and risk appetite;
- reviewing Genworth's ability to assess and manage significant and emerging risks;
- reviewing and analyzing Genworth's major risk exposures, strategies, processes, and policies, with accompanying stress tests;
- reviewing and overseeing Genworth's internal risk function;
- periodically reviewing and overseeing Genworth's compliance processes and policies;
- periodically reviewing and overseeing Genworth's information technology and information security systems, processes and policies, with a presentation on this topic to the full Board at least annually;
- receiving reports regarding risks associated with litigation and investigations/regulatory matters involving the company; and
- discussing with management the company's overall investment portfolio and investment strategies.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and holders of more than 10% of our common stock to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms filed by such person with respect to our securities.

To our knowledge, all filings required to be made by reporting persons during 2018 were timely made in accordance with the requirements of Section 16(a) of the Exchange Act.

Item 11. Executive Compensation

REPORT OF THE MANAGEMENT DEVELOPMENT AND COMPENSATION COMMITTEE

The Management Development and Compensation Committee of the Board of Directors oversees the compensation programs of Genworth Financial, Inc. on behalf of the Board. In fulfilling its oversight responsibilities, the committee reviewed and discussed with management the Compensation Discussion and Analysis included in this document.

In reliance on the review and discussion referred to above, the Management Development and Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in Genworth's Form 10-K for the fiscal year ended December 31, 2018, which has been or will be filed with the U.S. Securities and Exchange Commission.

This report shall not be deemed to be incorporated by reference by any general statement incorporating by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under such acts. This report is provided by the following independent directors, who constitute the committee:

David M. Moffett, Chair
Melina E. Higgins
Robert P. Restrepo Jr.
James S. Riepe

COMPENSATION DISCUSSION AND ANALYSIS

This section provides an overview and analysis of our compensation programs and policies, including the material compensation decisions made under the programs with respect to the following executive officers, whom we refer to as our “named executive officers” or “NEOs:”

- Thomas J. McInerney, President and Chief Executive Officer (“CEO”);
- Kelly L. Groh, Executive Vice President and Chief Financial Officer (“CFO”);
- Kevin D. Schneider, Executive Vice President and Chief Operating Officer (“COO”);
- Ward E. Bobitz, Executive Vice President and General Counsel (“General Counsel”);
- Daniel J. Sheehan IV, Executive Vice President and Chief Investment Officer (“CIO”); and
- Scott McKay, Former Executive Vice President and Chief Strategy Officer, who resigned as an executive officer on February 14, 2018 and resigned from the company on March 31, 2018.

This section includes information regarding 2018 compensation and a discussion of our annual compensation program for our named executive officers, excluding Mr. McKay. We refer to this subset of our named executive officers as our “continuing named executive officers,” or “continuing NEOs.” Information regarding Mr. McKay’s separation payments in 2018 is provided separately under the *Executive Compensation—Separation Payments and Benefits to our Former Chief Strategy Officer* section below.

Executive Summary

We aligned named executive officer incentives in 2018 with the execution of financial and other strategic initiatives that would improve our operating performance, enable strategic flexibility of our life and long-term care (“LTC”) insurance businesses, and increase returns in our mortgage insurance businesses. We met or exceeded key operational, strategic and financial objectives for 2018 across many businesses.

On October 21, 2016, Genworth Financial, Inc. (“Genworth”) entered into an agreement and plan of merger (the “Merger Agreement”) with Asia Pacific Global Capital Co., Ltd. (“Parent”), a limited liability company incorporated in the People’s Republic of China and a subsidiary of China Oceanwide Holdings Group Co., Ltd., a limited liability company incorporated in the People’s Republic of China (together with its affiliates, “Oceanwide”), and Asia Pacific Global Capital USA Corporation (“Merger Sub”), a Delaware corporation and an indirect, wholly-owned subsidiary of Asia Pacific Insurance USA Holdings LLC (“Asia Pacific Insurance”), which is a Delaware limited liability company and owned by Oceanwide, pursuant to which, subject to the terms and conditions set forth therein, Merger Sub would merge with and into Genworth with Genworth surviving the merger as an indirect, wholly-owned subsidiary of Asia Pacific Insurance (the “Merger” or “Oceanwide Transaction”). Oceanwide has agreed to acquire all of our outstanding common stock for a total transaction value of approximately \$2.7 billion, or \$5.43 per share in cash. The transaction has been approved by Genworth’s stockholders, and is subject to other closing conditions, including the receipt of regulatory approvals. ⁽¹⁾

- (1) This Compensation Discussion and Analysis, as well as the compensation disclosure that follows under Item 12, are presented without regard to the terms of the Oceanwide Transaction. For further information regarding the terms, conditions and interests of certain persons under the Oceanwide Transaction, see our proxy statement for the special meeting of stockholders held on March 7, 2017, which was filed on January 25, 2017.

2018 Company Performance

Below is a summary of our key performance results for 2018:

Mortgage Insurance

- Our U.S. and Canada mortgage insurance businesses significantly exceeded their goals with respect to adjusted operating income (1) and operating ROE (2), while our Australia mortgage insurance business met its strategic objectives but underachieved financial objectives with respect to both its adjusted operating income and operating ROE targets.
- We exceeded our internal goals for our Private Mortgage Insurer Eligibility Requirements (“PMIERS”) capital requirements in our U.S. mortgage insurance business and exceeded internal goals for its new business pricing returns and other strategic metrics; and
- We maintained prudent top-line growth in our Canada mortgage insurance business within risk tolerances, and maintained strong portfolio quality and strong capital ratios while delivering substantial capital returns through dividends and share buybacks.

U.S. Life Insurance

- We exceeded our internal targets for premium rate increases on our unprofitable legacy blocks of LTC insurance, and continued execution of our multi-year rate action filing plan;
- We exceeded our internal goals with respect to our U.S. generally accepted accounting principles (“GAAP”) operating income metric as described in the *Annual Incentive* section below, although we underachieved financial objectives with respect to our U.S. statutory income target; and
- We met or exceeded targets for operational goals, including claims management process improvements and in-force capital management actions (including reinsurance restructuring transactions), in 2018.

Corporate and Other

- We had strong investment portfolio performance, exceeding our goals for net investment income, purchase yield, and impairments and trading losses for the year.

Impact of 2018 Performance on Executive Compensation

Our operating performance in 2018, as well as our trailing three-year performance, have directly impacted our continuing named executive officer compensation, as follows:

- The company met or exceeded key operational, strategic and financial objectives for 2018 across all businesses, with the exception of our Australia mortgage insurance business, which met operational and strategic objectives but did not achieve its financial objectives;
- Annual incentive awards for our continuing named executive officers were based on achievement of certain above target financial and strategic performance measures. The Compensation Committee decided not to exercise any discretion to award higher annual incentive payouts based on individual performance; and

(1) “Adjusted operating income (loss)” equals income (loss) from continuing operations excluding the after-tax effects of income (loss) attributable to non-controlling interests, net investment gains (losses), goodwill impairments, gains (losses) on the sale of businesses, gains (losses) on the early extinguishment of debt, gains (losses) on insurance block transactions, restructuring costs, and infrequent or unusual non-operating items.

(2) “Operating ROE” for each of our mortgage insurance businesses is defined in the table outlining key financial metrics on page 21.

- Our 2016-2018 performance stock unit (“PSU”) awards paid out above target, driven by strong mortgage insurance performance and LTC rate action achievements.

Consideration of Last Year’s Advisory Stockholder Vote on Executive Compensation

Annual advisory votes to approve named executive officer compensation serve as a tool to help guide the Compensation Committee in evaluating the alignment of the company’s executive compensation programs with the interests of the company and our stockholders. In preparation for the 2018 advisory vote, we contacted many of our institutional stockholders in the Fall of 2018 for input on the company’s compensation and governance practices, and to address their questions. At the 2018 Annual Meeting, over 55% of the shares voted were cast in favor of the compensation paid to the named executive officers in 2017, as discussed and disclosed in the 2018 proxy statement.

In considering the results of the 2018 advisory vote to approve named executive officer compensation for 2017, the Compensation Committee concluded that the company’s overall pay practices and the compensation paid to our named executive officers relative to the company’s performance warrant further review. Due to the fact that the 2018 Annual Meeting did not occur until December, the Compensation Committee had already finalized the design and structure for the Corporation’s 2018 executive compensation program. In light of the vote, the Compensation Committee elected to defer key decisions around future pay design features until later in 2019 to allow for additional review of the matter.

Governance and Principles Underlying Our Compensation Programs

Our objective in compensating executive officers is to attract, retain and motivate employees of superior ability who are dedicated to the long-term interests of our stockholders. This has proven to be a significant issue for the company as challenges from legacy LTC insurance blocks of business have materially impaired the financial performance and stockholder value of the company. The following principles guide our compensation program design and individual compensation decisions. Additionally, we have highlighted below key elements of our compensation programs or policies for named executive officers that illustrate how we support these principles in practice:

Our Guiding Principles

Compensation should be primarily performance-based and align executive officer incentives with stockholder interests across multiple timeframes.

At-risk pay and compensation design should reflect an executive officer’s impact on company performance over time.

Examples of Programs or Policies That Support Our Principles

- Annual incentives (short-term performance-based awards)
- Annual grants of long-term incentives to continuing NEOs include equity-based PSUs (vest based on company performance after three years), restricted stock units (long-term stock appreciation with an emphasis on retention), and performance-based cash (vest based on company performance after three years)
- A majority of annual compensation of our continuing NEOs is completely at risk
- Our CEO has 88% of total target pay linked to company performance, through restricted stock units, PSUs and annual incentives for 2018
- Our other continuing NEOs have an average of 79% of total target pay linked to company performance through cash-based performance awards and annual incentives for 2018
- Annual long-term incentive grants constitute the largest component of target compensation for continuing NEOs

Our Guiding Principles

Examples of Programs or Policies That Support Our Principles

Total compensation opportunities should be competitive within the relevant marketplace.

- Our compensation benchmarking approach, as described below, and annual review of the composition of our peer group

Our incentive compensation should reward financial and operational performance, and allow for qualitative assessment.

- In determining annual incentive awards, the Compensation Committee measures performance against specific financial objectives for the person's area of responsibility, together with a qualitative assessment of operational performance and other results
- As noted above, this qualitative assessment is particularly important because of the significant impact on the performance of the company caused by the legacy LTC insurance blocks of business
- Our long-term equity- and cash-based performance awards reward achievement of specific longer-term company objectives

Plan designs and incentives should support appropriate risk management practices.

- Executive officer stock ownership guidelines for our CEO (7x salary), our COO, CFO and CIO (3x), and for our other Executive Vice Presidents or Senior Vice Presidents (2x)
- 50% retention ratio for net after-tax shares received from the vesting or exercise of all equity incentive awards until executive officers' stock ownership guidelines are met, ensuring significant personal assets are aligned with long-term stockholder interests
- Exercises of previously awarded stock options and SARs are settled in stock and are subject to a nine-month net hold requirement
- Clawback, anti-hedging and anti-pledging policies

Our Decision-Making Process

Role of the Compensation Committee

The Compensation Committee seeks a collaborative relationship with management, and currently uses an independent third-party compensation consultant to provide for a more informed decision-making process and objective perspective in this important governance matter. The Compensation Committee facilitates the annual review process of CEO performance and compensation decisions, with input from the Board and support of the compensation consultant. The Compensation Committee regularly meets in executive session without management present, and retains the final authority to approve all compensation policies, programs and amounts paid to our named executive officers.

Role of Management and Compensation Consultants

Our CEO and Executive Vice President—Human Resources regularly attend meetings of the Compensation Committee to provide analysis, details and recommendations regarding the company's executive compensation programs and plan design. Our COO also periodically attends Compensation Committee meetings to provide additional analysis of business performance and strategy, context for understanding incentive goals and results, and his perspectives on leadership and talent within our operating businesses. Our CEO provides the Compensation Committee with performance assessments and compensation recommendations in his role as a

manager for individual named executive officers (other than himself). The Compensation Committee, typically in the first quarter of each year, then determines and approves annual incentive award payouts for the prior year, any adjustments to base salary, target annual incentives for the upcoming year, and awards of long-term incentives to executive officers. For more information on the compensation decisions made in 2018, see the *Our Annual Compensation Program* section below.

The Compensation Committee has retained Steven Hall & Partners, LLC, an independent compensation consultant, to assist in reviewing and analyzing compensation data for our CEO and other named executive officers. The compensation consultant regularly attends Compensation Committee meetings and meets with the Compensation Committee in executive session without management present. The Compensation Committee occasionally requests special studies, assessments of market trends and education regarding changing laws and regulations from the compensation consultant to assist the Compensation Committee in its decision-making processes for the CEO and other executive officers. For example, in 2018, the compensation consultant supported the Compensation Committee's evaluation of the peer group to be used for benchmarking purposes and recommended no changes to the group. The compensation consultant provides the Compensation Committee with advice, but does not determine the amount or form of compensation for our named executive officers. In 2018, the Compensation Committee assessed the independence of the compensation consultant and other advisors pursuant to SEC rules and concluded that no conflict of interest exists that would prevent the compensation consultant or other advisors from independently advising the Compensation Committee.

Evaluating Market Competitiveness

We generally evaluate market competitiveness of our programs as an input into the process of designing plans and setting target compensation levels for named executive officers. We review each component of compensation for our named executive officers separately and in the aggregate, and also consider the internal relationships among the named executive officers to help determine appropriate pay levels. With respect to individual named executive officers, we compare the total target compensation opportunities for our named executive officers to target opportunities for similar positions at comparable companies. These benchmarks are a gauge for evaluating market competitiveness, but are not given greater weight than other key factors when making compensation decisions. For example, individual named executive officers may have higher or lower target compensation levels compared to market medians based on level of responsibility, individual experience and skills, performance trends, competitive dynamics, retention needs and internal equity considerations.

The Compensation Committee typically utilizes a combination of publicly available information related to a specific list of peer companies (the "Peer Group"), as well as information available through market compensation surveys to provide a broad perspective of market practice. While no individual company matches our lines of business precisely, the Peer Group is intended to represent, in the aggregate, companies with revenue sources and talent demands similar to the company. With respect to size, we generally look at revenue or total assets as indicators of comparability rather than market capitalization due to our legacy LTC insurance business and the potential for volatility year over year as stock prices change. The companies included in market surveys used by the company are not individually identifiable for a particular executive position (and therefore we are not benchmarking against any particular company within the survey), and also may change from year-to-year based on voluntary participation in the market surveys we use, mergers and divestitures, or changes in corporate structure.

[Table of Contents](#)

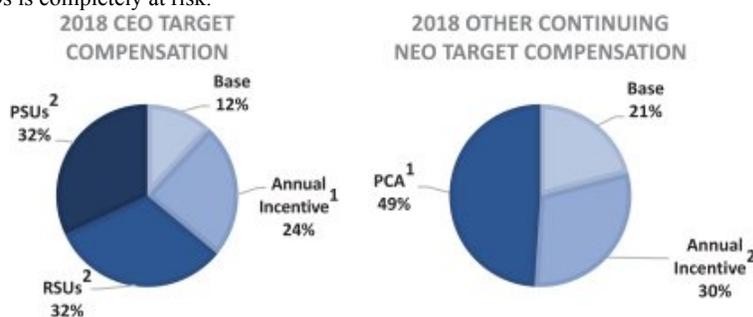

To the extent we make changes to our business portfolio, or as peer companies adjust their own business lines or distribution channels, we will consider adding peers, or removing peers which no longer have revenue sources and talent demands similar to ours. The Compensation Committee will consider advice and recommendations developed by its compensation consultant to support our benchmarking principles. The Peer Group used when considering 2018 compensation actions was composed of the following companies:

| | | |
|--------------------------------|--------------------------------------|------------------------------------|
| Aflac, Inc. | Fidelity National Financial | Principal Financial Group, Inc. |
| American Financial Group, Inc. | First American Financial Corporation | Radian Group |
| Assurant, Inc. | Hanover Insurance Group | Reinsurance Group of America, Inc. |
| CNA Financial Corporation, | Lincoln National Corporation | Unum Group |
| CNO Financial Group, Inc. | MGIC Investment Corporation | |

In 2018, and following determination of 2018 compensation for our named executive officers, our Compensation Committee reviewed our Peer Group and determined that no changes were needed as it is appropriate based on company size, sources of revenue and sources of talent.

Our Annual Compensation Program

Our 2018 annual compensation program for named executive officers consists of the following key elements: base salary, annual incentive, and annual long-term incentive grants (including PSUs, restricted stock units (“RSUs”) and performance-based cash (“PCA”)). A significant portion of annual compensation of our continuing NEOs is completely at risk.

(1) Represents 2018 annual incentive at target.

(2) Represents grant date fair value of long-term incentive awards made in 2018.

Below is a summary and assessment of actions taken with respect to our annual compensation program for our executive officers.

Base Salary

Base salaries are generally intended to reflect the scope of an executive officer’s responsibilities and level of experience, reward sustained performance over time and be market competitive. In February 2018, the Compensation Committee undertook its annual review of executive officer base salaries. The Compensation Committee approved a 10% salary increase for each of Ms. Groh and Mr. Bobitz as a continuation of base salary progressions to market competitive levels following their promotions in 2015. Mr. Schneider also received a base salary increase of 3%, which also aligns to market competitive levels. The Compensation Committee determined to not make any base salary adjustments for the other continuing named executive officers at that time as the existing base salaries were considered competitive within the marketplace for their roles.

Annual Incentive

In our annual incentive program, we review performance against clear financial objectives, together with a qualitative assessment of operational objectives and other accomplishments toward strategic priorities not necessarily reflected in annual financial results. Each named executive officer has an annual incentive target, expressed as a percentage of base salary. The 2018 target annual incentive opportunities for our continuing named executive officers ranged from 100% to 200% of base salary, and payout opportunities for 2018 ranged from zero to 200% of their individual target amount. Individual annual incentive targets are reported in the 2018 Grants of Plan-Based Awards Table below. The Compensation Committee approved annual incentive target increases in 2018 from 100% to 125% of base salary for Ms. Groh and from 175% to 200% of base salary for Mr. Sheehan to better align with the market and further link pay with company performance.

The key financial objectives used to measure 2018 performance and the related results are summarized below. Adjusted operating income (loss) and operating Return on Equity (ROE) represented key top-level measures of financial performance for our mortgage insurance businesses. In our U.S. life insurance companies, we measured incremental premiums approved for LTC insurance in-force rate actions and operating income metrics.

| Performance Unit | Key Financial Metrics (\$ in millions) | 2018 Target | 2018 Measured Result | Variance |
|--------------------------------|--|-------------|----------------------|----------|
| U.S. Mortgage Insurance | Adjusted operating income | \$ 390 | \$ 490 | \$ 100 |
| | Operating ROE (unlevered 5 pt average) (1) | 15.7% | 19.2% | 350 bps |
| U.S. Life Insurance | Gross incremental premiums approved for LTC in-force rate actions (2) | \$ 304 | \$ 394 | \$ 90 |
| | U.S. Life Insurance and Runoff adjusted operating income metric (3) | \$ 70 | \$ 85 | \$ 15 |
| | Core Statutory pre-tax income metric (4) | \$ (5) | \$ (51) | \$ (46) |

| Performance Unit | Key Financial Metrics (Canadian and Australian \$ respectively in millions) | 2018 Target | 2018 Measured Result | Variance |
|-------------------------------------|---|-------------|----------------------|----------|
| Canada Mortgage Insurance | Adjusted operating income | \$ 462 | \$ 475 | \$ 13 |
| | Operating ROE (2 pt average) (8) | 12.0% | 12.0% | 0 bps |
| Australia Mortgage Insurance | Adjusted operating income (9) | \$ 101 | \$ 82 | \$ (19) |
| | Operating ROE (4 pt average) (10) | 5.5% | 4.6% | (90) bps |

(1) Operating ROE for our U.S. mortgage insurance business equals adjusted operating income divided by average ending Genworth's stockholders' equity attributable to our U.S. mortgage insurance business, excluding accumulated other comprehensive income (loss), for the most recent five quarters.

(2) This metric measured the weighted-average increase on annualized LTC in-force premiums resulting from rate actions approved in 2018.

(3) The U.S. Life Insurance and Runoff adjusted operating income metric includes the results of our Runoff segment and the benefits of LTC rate action approvals received whose income benefits are delayed until

future periods. It excludes certain in-force reserve adjustments related to assumptions, methodology and modeling refinements, and was calculated as follows:

| (amounts in millions) | |
|---|--------------|
| U.S. Life Insurance and Runoff adjusted operating income (loss) | \$ (341) |
| Excludes: | |
| Assumption updates and modeling refinements | 395 |
| Income impact of certain approved LTC rate action benefits delayed until future periods | 31 |
| U.S. Life Insurance and Runoff adjusted operating income metric | <u>\$ 85</u> |

- (4) The U.S. Life Insurance core statutory pre-tax income metric includes the results for Genworth Life Insurance Company (“GLIC”), Genworth Life and Annuity Insurance Company (“GLAIC”) and Genworth Life Insurance Company of New York (“GLICNY”), and excludes certain in-force reserve adjustments related to assumptions, methodology and modeling refinements; excludes expenses incurred in GLIC for planned sales in our new legal entity that have been delayed versus the original operating plan; and includes the benefits of LTC rate action approvals received whose income benefits are delayed until future periods. It was calculated as follows:

| (amounts in millions) | |
|---|----------------|
| Reported GLIC, GLAIC and GLICNY pre-tax statutory income (loss) | \$ (855) |
| Excludes: | |
| Assumption updates, modeling refinements, reinsurance transaction impacts, and market related impacts | 571 |
| Stand-alone testing (Actuarial Guideline 38) of universal life insurance products with secondary guarantees | 120 |
| Income impact of certain approved LTC rate action benefits delayed until future periods | 85 |
| Expenses incurred in GLIC as sales in new legal entity have been delayed versus planning assumptions | 28 |
| U.S. Life Insurance core statutory pre-tax income metric | <u>\$ (51)</u> |

- (5) 2018 measured result for net investment income was adjusted to be translated at planned foreign exchange rates, which increased net investment income by \$7 million.
- (6) Total company adjusted U.S. GAAP impairments and trading losses were calculated as follows:

| (amounts in millions) | |
|---|---------------|
| Net investment gains (losses) | \$ (146) |
| Excludes: | |
| Losses on derivatives | 95 |
| Foreign exchange impact | (2) |
| Gains on sales of Treasury strips | (36) |
| Other mark to market adjustments | 87 |
| Total company adjusted U.S. GAAP impairments and trading losses | <u>\$ (2)</u> |

- (7) Investment impairments and trading losses are calculated in accordance with statutory accounting rules and the capital/credit migration impact represents statutory risk-based capital impact to U.S. Life Insurance companies from changes in National Association of Insurance Commissioners or “NAIC” rating of invested assets shown at a 300% multiple.

- (8) Operating ROE for our Canada mortgage insurance business equals net operating income (reported under Canadian GAAP), divided by the average of the beginning and ending Genworth's stockholders' equity attributable to our Canadian mortgage insurance business, excluding accumulated other comprehensive income (loss).
- (9) Adjusted operating income for our Australia mortgage insurance business equals net profit after tax (\$94 million) less after-tax realized investment security gains (\$12 million) all reported under Australian GAAP.
- (10) Operating ROE equals adjusted operating income, divided by average ending Genworth's stockholders' equity attributable to our Australian mortgage insurance business, excluding after-tax fair value and realized gains and losses, for the most recent four quarters.

For 2018, the Compensation Committee also established the key strategic priorities designed to have an impact on company financial performance and stockholder value over time. The Compensation Committee took these strategic priorities into account when evaluating the performance of our continuing named executive officers and consideration was given for the accomplishments in their areas of responsibility. The key strategic priorities, and related accomplishments in 2018, included:

| <u>Key Strategic Priority</u> | <u>2018 Key Accomplishments/Results</u> |
|--|--|
| Close Oceanwide Transaction & Transition Execution | <ul style="list-style-type: none">• The Committee on Foreign Investments in the United States (“CFIUS”) completed its review in June 2018 with no unresolved national security concerns• Obtained key regulatory approvals from Delaware, North Carolina, Vermont, Australia, New Zealand, and Fannie Mae and Freddie Mac (“GSEs”)• The National Development and Reform Commission (“NDRC”) in China accepted Oceanwide’s filing with respect to the proposed transaction, concluding its review• Significant progress made toward operational and security readiness in preparation for closing of the Oceanwide Transaction |
| Meaningful Progress in Addressing NAIC LTC Regulatory Framework (for CEO only) | <ul style="list-style-type: none">• Contributed to NAIC efforts to institute uniform approach to LTC premium re-rating• Developed an annual re-rating approach within specified parameters for new LTC policies; favorable response received from regulatory community |

The Compensation Committee reviewed overall performance results against the applicable objectives in the pre-determined scorecard in determining the actual payouts of annual incentives and also considered the performance of each continuing named executive officer in their respective area of responsibility. After discussion it was determined that each continuing named executive officer would only receive annual incentives based on the achievement of the financial and strategic measures in their respective area of responsibility and no discretion would be employed in making the awards based on their individual performance. Amounts paid for 2018 are reported under the Non-Equity Incentive Plan Compensation—Annual Incentive column of the 2018 Summary Compensation Table.

Mr. McNerney

Mr. McNerney’s approved annual incentive award for 2018 was \$2,500,000, or approximately 125% of his targeted amount for 2018, based on the achievement of the financial and strategic measures for the company.

[Table of Contents](#)

In 2018, Mr. McInerney provided extraordinary contributions in support of gaining regulatory approvals for the Oceanwide Transaction, while still achieving above target financial results in the majority of our operating businesses for the year, including:

- above target results for adjusted operating income and operating ROE in our U.S. and Canada mortgage insurance businesses;
- above target results for GAAP operating income metric for our U.S. Life Insurance segment; and
- above target results for key financial goals listed above for our investments organization.

Additionally, Mr. McInerney had accomplishments against key strategic and operational objectives set out at the beginning of the year, including:

- continued meaningful progress toward developing a new LTC insurance business model and regulatory framework with the NAIC; and
- making significant progress toward closing the Oceanwide Transaction and transition execution, including key regulatory approvals and completion of CFIUS review with no unresolved national security concerns.

Ms. Groh

Ms. Groh's approved annual incentive award for 2018 was \$1,000,000, or approximately 121% of her targeted amount based on the achievement of the financial and strategic measures for her areas of responsibility.

As CFO, Ms. Groh contributed towards achieving a majority of our financial and non-financial objectives noted above. Other key accomplishments in 2018 were:

- active leadership and significant contributions to support the planning for and regulatory approval of the execution of the closing of the Oceanwide Transaction in both the U.S. and China;
- continued active leadership in managing rating agencies and other key capital markets relationships, including refinancing our debt in 2018 at reasonable levels and executing a bond consent which protects the holding company from a technical event of default from GLAIC; and
- active leadership to drive the improved governance of our finance and actuarial capabilities.

Mr. Sheehan

Mr. Sheehan's approved annual incentive award for 2018 was \$1,650,000, or approximately 138% of his targeted amount for 2018 based on the achievement of the financial and strategic measures for the investment function.

Key accomplishments for Mr. Sheehan in managing our investment portfolio results included:

- achieving above target results for net investment income;
- achieving above target results for purchase yield versus the external benchmark;
- achieving outstanding impairment results and significant trading gains in our investment portfolios;
- exceeding targeted allocations across private asset classes, including commercial mortgage loans, private placements and alternative asset commitments; and
- successfully re-negotiating current derivative counterparty agreements, and negotiating new counter party agreements.

Mr. Schneider

Mr. Schneider's approved annual incentive award for 2018 was \$1,360,000, or approximately 121% of his targeted amount for 2018 based on the achievement of the financial and strategic measures for his respective area of responsibility.

Mr. Schneider is primarily responsible for the financial and operating performance of our businesses. Our U.S. and Canada mortgage insurance businesses significantly exceeded their goals with respect to adjusted operating income and operating ROE, while our Australia mortgage insurance business met its strategic objectives but did not achieve its adjusted operating income or operating ROE targets. Our U.S. Life Insurance businesses exceeded its financial performance goals.

Other key accomplishments were:

- providing significant support for the company's efforts to achieve regulatory approvals for the Oceanwide Transaction; and
- managing numerous projects to improve the operating performance and customer service capabilities of our businesses.

Mr. Bobitz

Mr. Bobitz's approved annual incentive award for 2018 was \$665,000, or approximately 121% of his targeted amount for 2018 based on the achievement of the financial and strategic measures for his respective area of responsibility.

As General Counsel, Mr. Bobitz contributed towards the achievement of our key strategic and non-financial objectives noted above. Other key accomplishments were:

- leadership in managing Genworth's regulatory relationships and outcomes, especially in coordinating the various regulatory filings for approval of the Oceanwide Transaction;
- management of key compliance and litigation matters affecting the company; and
- significantly improving Genworth's security readiness in compliance with the National Security Agreement, dated June 8, 2018 by and among Genworth, Oceanwide, and the United States Government, represented by United States Departments of Treasury and Justice and other regulatory requirements in advance of the completion of the Oceanwide Transaction.

Annual Long-Term Equity Grants

We believe that the largest component of our annual compensation opportunities for named executive officers should be in the form of longer-term incentives, including annual long-term equity and cash grants. The Compensation Committee determines an approximate compensation value for annual long-term incentive grants for the CEO after receiving inputs from the Board and the Compensation Committee's compensation consultant, and for each other named executive officer after considering the recommendations of our CEO. Additional considerations for award values include competitive pay levels, alignment of total pay at risk with the individual's ability to impact long-term company performance, the individual's sustained performance over time, and long-term succession and retention needs.

The compensation consultant works with the Compensation Committee to determine annual long-term equity grant awards to the CEO, and the Compensation Committee approves awards to the CEO after reviewing the proposal with the Board in executive session. The company uses a 20-day historical average closing price in February and/or March to create an estimate of the grant-date fair value of a share for planning purposes. The

[Table of Contents](#)

compensation value is converted to a number of shares, typically rounded, for Compensation Committee approval. This approach mitigates the impact of short-term fluctuations in stock price on award levels, allows for clear understanding of both share levels and approximate compensation values at the time of Compensation Committee approval, and facilitates delivering rounded award amounts. The Compensation Committee approves a number of shares at the end of this process.

The CEO prepared a recommendation for the annual long-term incentive compensation value for each of the named executive officers (other than himself), and the Compensation Committee approved the final award values. With not enough shares available for the 2018 long-term incentive awards granted in May 2018, the Compensation Committee altered the traditional pay structure for our continuing named executive officers other than the CEO to have 100% of their long-term incentives be PCAs to ensure continued alignment with stockholder interests was maintained. At the 2018 Annual Meeting, stockholders approved a new omnibus plan which will allow future long-term incentives to all continuing named executive officers to again be equity-based.

Our long-term incentive awards to executive officers have included, over time, different combinations of SARs, PSUs, RSUs and PCAs. Taken together, we believe our annual long-term incentive grants provide our continuing named executive officers with effective retention value and appropriate incentives to achieve long-term company performance objectives, while aligning our executive officer compensation program with the long-term interests of our stockholders. For 2018, our continuing named executive officers' long-term equity grants were awarded 50% in PSUs and 50% in RSUs for our CEO, and 100% in PCAs for our other eligible named executive officers. Our Compensation Committee reviewed the proposed compensation values for all executive officers, determined aggregate award sizes based on the approach described above using an estimated share value at that time, and subsequently approved the performance goals and terms and conditions of the 2018-2020 PSUs and PCAs as well as grants of RSUs at its meeting in May 2018.

Annual equity grants made in 2016 through 2018 to the CEO have been awarded in the following amounts:

| <u>Named Executive Officer</u> | <u>Reported Year</u> | <u>Approximate Compensation Value Intended to be Delivered (1)</u> | <u># of RSUs Awarded</u> | <u>“Target” # of PSUs Awarded</u> |
|--------------------------------|----------------------|--|----------------------------------|---|
| Mr. McInerney | 2018 | \$ 4,125,000 | 739,000 | 739,000 |
| | 2017 | \$ 4,125,000 | 554,000 | 554,000 |
| | 2016 | \$ 4,125,000 | — | 1,500,000 |

(1) Due to differences in how the grant-date fair value of awards is determined for accounting purposes, these amounts will differ from the amounts reflected as the grant date fair value of the awards in the 2018 Summary Compensation Table.

The 2018 target annual long-term incentive opportunities for our continuing named executive officers average 51% of target compensation. Individual long-term incentive targets are listed in the 2018 Grants of Plan-Based Awards Table below but due to the awards being PCAs, they are not reflected in the 2018 Summary Compensation Table. The Compensation Committee approved annual long-term incentive target increases in 2018 for Ms. Groh and Mr. Bobitz of 50% and 42%, respectively, of their base salary to better align with the market and further link pay with company performance.

(1) Due to differences in how the grant-date fair value of awards is determined for accounting purposes, these amounts will differ from the amounts reflected as the grant date fair value of the awards in the 2016 and 2017 Summary Compensation Tables. 2018 Amounts noted for PCAs reflect performance-based cash long-term incentives that are not reflected in the 2018 Summary Compensation Table.

Additional Information Regarding Awards of Restricted Stock Units

Awards of RSUs were included in our annual equity grants to named executive officers beginning in 2015 and first included in our annual CEO equity grants in 2017. RSUs granted in 2015, 2016, 2017 and 2018 vest 33% per year, beginning on the first anniversary of the grant date. Net after-tax shares acquired by named executive officers through the grant or exercise of all company equity incentive awards are subject to a 50% retention ratio until stock ownership guidelines are met. Awards of RSUs are generally forfeited upon termination of employment with the company prior to vesting, except for limited instances described in the *Executive Compensation—Potential Payments upon Termination or Change of Control* section below.

Additional Information Regarding 2018-2020 Performance Stock Unit and Performance-Based Cash Grants

Our Compensation Committee, with input from its independent compensation consultant and management, approves performance measures for our PSU and PCA grants that would be a meaningful indication of improved company financial performance.

Awards of 2018-2020 PSUs and PCAs vest based on the company’s achievement of performance goals relating to consolidated Genworth U.S. GAAP Adjusted Operating Income, measured over three discrete performance measurement periods as noted below. The target number of PSUs and the PCA target value noted above was fixed for each participant at the time of grant and following the performance period any unvested PSUs and PCAs will be forfeited. Following the final performance measurement period, performance under each measurement period is independently weighted, with the results for each performance measurement period multiplied by the applicable weightings, then added together. As the first performance measurement period was complete as of December 31, 2018, the estimated result is noted below. No payout is earned for performance below threshold level for a given performance measurement period, while performance at threshold would result in a 50% payout, and performance at the maximum payout would result in 200% of target.

In 2018, the Compensation Committee approved a change to the maximum payout to 200% of target, which better aligns with the market practice. The maximum performance threshold was also increased as a percentage of target to reflect the higher payout potential.

2018-2020 Performance Stock Unit Metrics and Goals

- (1) Consolidated Genworth U.S. GAAP Adjusted Operating Income will be measured excluding impacts from in-force reserve changes from future period assumption changes (e.g., mortality, interest rate, expense, laps, morbidity), methodology changes (e.g., changes that would arise from a system conversion), changes in foreign exchange rates, tax changes based on updated regulations, guidance, assessments, or refinements related to technical areas of the Tax Cuts and Jobs Act, and litigation related to the proposed merger with Oceanwide (legal fees and settlement costs), and any strategic deal-related expenses (e.g., third-party legal, actuarial or reinsurance support for negotiating or implementing a transaction). It is expected that all threshold, target and maximum performance goals for each Performance Measurement Period will be adjusted (up or down, as appropriate) at the time the company closes its proposed merger with Oceanwide in order to account for the impact of Purchase-GAAP accounting adjustments on the performance goals.

Additional Information Regarding 2017-2019 Performance Stock Unit Grants

Awards of 2017-2019 PSUs vest based on the company's achievement of performance goals relating to consolidated Genworth U.S. GAAP Adjusted Operating Income, measured over three discrete performance measurement periods as noted below. The target number of PSUs noted above was fixed for each participant at the time of grant, and following the performance period any unvested PSUs will be forfeited. Following the final performance measurement period, performance under each measurement period is independently weighted, with the results for each performance measurement period multiplied by the applicable weightings, then added together. As the performance measurement periods for 2017 and 2018 were complete as of December 31, 2018, the estimated results for these periods are noted below. No payout is earned for performance below threshold level for a given performance measurement period, while performance at threshold would result in a 50% payout, and performance at the maximum payout would result in 150% of target.

2017-2019 Performance Stock Unit Metrics and Goals

- (1) Consolidated Genworth U.S. GAAP Adjusted Operating Income will be measured excluding impacts from in-force reserve changes from future period assumption changes (e.g., mortality, interest rate, expense, lapse, morbidity), methodology changes (e.g., changes that would arise from a system conversion), changes in foreign exchange rates, expense associated with the Australia IPO Class Action lawsuit and litigation

related to the proposed merger with Oceanwide (legal fees and settlement costs), and any strategic deal-related expenses (e.g., third party legal, actuarial or reinsurance support for negotiating or implementing a transaction). It is expected that all threshold, target and maximum performance goals for each Performance Measurement Period will be adjusted (up or down, as appropriate) at the time the company closes its proposed merger with Oceanwide in order to account for the impact of Purchase-GAAP accounting adjustments on the performance goals.

Additional Information Regarding 2016-2018 Performance Stock Unit Grants

Awards of 2016-2018 PSUs were earned over a three-year period and vested based on company performance against two performance goals measured for our global mortgage insurance businesses and two performance goals measured for our U.S. life insurance business, as noted in the table below. The target number of PSUs was fixed for each participant at the time of grant, and following the performance period any unvested PSUs would have been forfeited. The metrics are independently weighted (25% each), such that performance at threshold for all performance measures would result in a 50% payout, and performance for all four performance measures at maximum would result in a 125% payout. The maximum was set at 125% of the target.

With the pending acquisition with Oceanwide, Genworth did not achieve the U.S. Life Insurance expense threshold due to the Board’s desire to align with Oceanwide’s preference to maintain new business capabilities that would be more fully utilized after the closing of the Oceanwide Transaction. Based on these facts the Compensation Committee chose to approve a payout at target level for the U.S. Life Insurance Expense measure, resulting in an overall payout of 119% of target instead of 94%.

- (1) Sum of U.S., Canada and Australia mortgage insurance businesses’ U.S. GAAP annual income (loss) from continuing operations excluding the after-tax effects of income attributable to non-controlling interests, net investment gains (losses), goodwill impairments, gains (losses) on the sale of businesses, gains (losses) on the early extinguishment of debt, gains (losses) on insurance block transactions and infrequent or unusual non-operating income. Adjusted operating income is translated at 0.74 foreign exchange rates for Australia and 0.77 for Canada and based on assumed ownership levels of 52.0% for Australia mortgage insurance business and 57.2% for our Canada mortgage insurance business.
- (2) Annual adjusted operating income excluding our portion of interest expense related to debt using our ownership percentage of 57.2% for Canada and 52.0% for Australia, divided by average ending Genworth’s stockholders’ equity for our U.S., Canada, and Australia mortgage insurance businesses, excluding accumulated other comprehensive income (loss) and our portion of debt.
- (3) Target 2018 expenses are the gross Selling, General and Administrative expenses, including claim administration costs and software amortization, excluding certain costs for retention, actuarial staff augmentation, and costs or settlements associated with pending litigation. Expenses for an immediate annuities product offering and costs associated with strategic transactions were also excluded from this measure.

- (4) Gross incremental premium approvals, which are considered as premium or reserve releases that are premium equivalent based on the state approval assumptions utilized in the 2015 Loss Recognition Testing projections.

Additional Information Regarding Prior Awards of SARs

Awards of SARs were included in our annual equity grants prior to 2016. SARs granted in February 2014 vest 25% per year, while SARs granted in 2015 vest 33% per year, each beginning on the first anniversary of the grant date. Beginning with our 2011 annual equity grant, all grants of SARs have been in the form of Capped SARs, which include a limit on the maximum value per share upon exercise, in order to reduce accounting expense through a reduced grant date fair value. The Capped SAR awards made in 2011 through 2015 have a maximum share value of \$75.00, which allowed us to realize significant expense savings without materially diminishing the incentive and reward for long-term stock price appreciation.

Awards of SARs are generally forfeited upon termination of employment with the company prior to vesting, except for limited instances described in the *Executive Compensation—Potential Payments upon Termination or Change of Control* section below. Net after-tax shares acquired by executive officers through the grant or exercise of all company equity incentive awards are subject to a 50% retention ratio until stock ownership guidelines are met. Additionally, shares acquired through the exercise of stock options (if outstanding from prior grant practices) or SARs are further subject to the company's nine-month net hold policy (see the *Other Key Compensation and Governance Policies—Executive Officer Stock Ownership Guidelines, Retention Ratio and Net Hold Policy* section below).

Our Other Compensation and Benefits Programs

Retention Incentive Award For Mr. Bobitz

On September 15, 2016, the Compensation Committee awarded an additional cash-based retention incentive of \$425,000 to Mr. Bobitz, which became payable 100% on June 1, 2018, provided he was still employed by the company (or its successor) on such date, or earlier under certain limited circumstances, including a termination of employment without "cause," death or disability. This retention incentive was paid on June 1, 2018 and is reflected in the 2018 bonus column.

Severance Benefits—Involuntary Termination without a Change of Control

The Compensation Committee annually reviews the provisions and participants of executive-level severance benefits in order to monitor competitiveness and appropriate levels of benefits to meet the plan objectives. After such a review, we adopted the 2015 Key Employee Severance Plan (the "2015 Severance Plan"), effective as of January 1, 2015, in order to offer competitive termination benefits, promote retention of a selected group of key employees, including our continuing named executive officers, and to provide key protections to the company in the form of restrictive covenants.

The specific terms of the 2015 Severance Plan, and the potential payments and benefits upon a termination of employment without "cause" or by the executive for "good reason" for each of our continuing named executive officers are described more fully in the *Executive Compensation—Potential Payments upon Termination or Change of Control* section below.

Severance Benefits—Involuntary Termination Following a Change of Control

The Compensation Committee annually reviews the provisions and participants of our change in control plans to monitor competitiveness and appropriate levels of benefits to meet plan objectives. After such a review,

we adopted the 2014 Change of Control Plan (the “2014 Change of Control Plan”) in order to provide change of control severance benefits for a select group of key executives, including our continuing named executive officers, in the event that the executive’s employment is terminated without “cause” or by the executive for “good reason” within two years following a change of control of the company (each a “Qualified Termination”).

The change of control severance benefits are intended to keep participating key leaders “neutral” to the possibility of corporate transactions in the best interests of stockholders by removing the fear of job loss and other distractions that may result from potential, rumored or actual changes of control of the company. All benefits under our change of control plan are “double-trigger” benefits, meaning that no compensation will be paid to participants solely upon the occurrence of a change of control so as to not create an unintended incentive. We believe that this structure is appropriate for employees whose jobs are in fact terminated in such a transaction, without providing a windfall to those who continue employment following the transaction.

The specific terms of the 2014 Change of Control Plan, and the potential payments and benefits upon a Qualified Termination for each of our continuing named executive officers are described more fully in the *Executive Compensation—Potential Payments upon Termination or Change of Control* section below.

Retirement Benefits

Retirement benefits also fulfill an important role within our overall executive compensation program because they provide a competitive financial security component that supports attraction and retention of talent. We maintain the Genworth Financial, Inc. Retirement and Savings Plan (the “Retirement and Savings Plan”), a tax-qualified, defined contribution plan in which our U.S. employees, including our continuing named executive officers, are eligible to participate. The Retirement and Savings Plan has two features: the “401(k) Savings Feature,” in which participants can defer savings on a pre-tax basis and receive company matching contributions, subject to certain Internal Revenue Service limits, and a “Retirement Account Feature,” which includes only company contributions made annually based on a schedule of completed years of service and age. In addition, we offered the following non-qualified retirement and deferred compensation plans in 2018 that were available to certain of our named executive officers:

- Genworth Financial, Inc. Supplemental Executive Retirement Plan (the “SERP”), which is a defined benefit plan that was closed to new participants after December 31, 2009;
- Genworth Financial, Inc. Retirement and Savings Restoration Plan (the “Restoration Plan”), which is a defined contribution plan; and
- Genworth Financial, Inc. Deferred Compensation Plan (the “Deferred Compensation Plan”), which was closed to new contributions after December 31, 2015.

We continually assess our benefit offerings and seek to align benefit offerings with competitive market levels. It is important to us to keep our benefit design and costs competitive with our peers so that we can continue to attract and retain talent while managing our expenses. Each of the above non-qualified retirement plans is described in more detail in the *Executive Compensation—Pension Benefits and Non-Qualified Deferred Compensation* sections below.

Other Benefits and Perquisites

We regularly review the benefits and perquisites provided to our named executive officers to ensure that our programs align with our overall principles of providing competitive compensation and benefits that maximize the interests of our stockholders. We provide executive officers with an individually-owned universal life insurance policy (the “Leadership Life Program”) available to all of our U.S.-based executives, an enhanced company-owned life insurance program (the “Executive Life Program”) and a limited number of perquisites intended to

[Table of Contents](#)

keep executive officers healthy and focused on company business with minimal distraction. The perquisites provided to named executive officers are the opportunity to receive financial planning services and annual physical examinations.

We also provide certain benefits in the event of death, total disability or sale of a business unit to a successor employer. Amounts payable to continuing named executive officers in those limited circumstances are described in more detail in the *Executive Compensation—Potential Payments upon Termination or Change of Control* section below.

Other Key Compensation and Governance Policies

In addition to our compensation programs described above, the company maintains the following policies and practices intended to strengthen the overall long-term stockholder alignment and governance of our compensation programs.

Executive Officer Stock Ownership Guidelines, Retention Ratio and Net Hold Policy

The company maintains stock ownership guidelines for the amount of common stock that must be held by the company's executive officers. The stock ownership guidelines specify the value of company stock, as a multiple of the executive officer's base salary, which must be held by each executive officer.

| <u>Position</u> | <u>Multiple</u> |
|--|-----------------|
| CEO | 7x Salary |
| CFO, CIO and COO | 3x Salary |
| Other Executive Vice Presidents and Senior Vice Presidents | 2x Salary |

The ownership multiple is used to calculate a target number of shares for each designated executive officer as of January 1 of each year (or, in the case of a newly-designated executive officer, as of the date such executive officer first becomes subject to the ownership guidelines). The target number of shares is individually determined by multiplying the executive officer's then-current annual base salary by the applicable multiple, and dividing the result by the average closing price of the company's common stock during the 60 trading days immediately preceding the measurement date.

Compliance with the stock ownership requirements is also measured as of January 1 of each year. In the event that an executive officer has not reached the required level of stock ownership as of any measurement date, the executive officer will be subject to a 50% retention ratio that requires the executive officer to retain (and not sell or transfer) at least 50% of the after-tax "profit" shares resulting from the grant or exercise of all company equity incentive awards until the next measurement date.

In order to meet this stock ownership requirement, an executive officer may count (i) all shares of common stock owned by the executive officer, including common stock held in the company's Retirement and Savings Plan, (ii) any outstanding RSUs, but excluding any unvested RSUs that vest based on achievement of performance goals (such as PSUs), and (iii) a number of shares representing the aggregate "spread value" of vested and in-the-money stock options and SARs (with such number being calculated as of January 1 of each year on a pre-tax basis, based on the 60 trading day average closing price of the company's common stock on such date). None of our continuing named executive officers sold shares in 2016, 2017 or 2018.

[Table of Contents](#)

The following table shows the number of shares of common stock considered to be held, and the applicable stock ownership requirements, for each of our continuing named executive officers, as of January 1, 2019:

| Named Executive Officer | Stock Requirement as of January 1, 2019, based on \$4.32 stock price average (#) | Number of Shares Deemed Held as of January 1, 2019, based on \$4.32 stock price average (#) | Stock Held as a % of Guidelines as of January 1, 2019 | Subject to 50% Net Share Retention Ratio For Duration of 2018 |
|--------------------------------|---|--|--|--|
| Mr. McInerney | 1,618,684 | 1,374,317 | 85% | Yes |
| Ms. Groh | 457,856 | 299,967 | 66% | Yes |
| Mr. Sheehan | 416,233 | 502,184 | >100% | No |
| Mr. Schneider | 520,291 | 601,278 | >100% | No |
| Mr. Bobitz | 231,241 | 198,044 | 86% | Yes |

Additionally, in order to minimize any possible appearance of an incentive for executive officers to seek to cause short-term increases in the price of Genworth shares in order to exercise stock options or SARs and sell the stock for unwarranted personal gains, the Compensation Committee requires executive officers to hold for at least nine months the shares of Genworth stock that they receive by exercising stock options or SARs (net of any shares applied for a cashless exercise or to pay applicable taxes). This requirement applies to all of our continuing named executive officers.

Anti-Hedging and Anti-Pledging Policies for Directors and Executive Officers

The company maintains an anti-hedging policy, which prohibits executive officers and directors from buying or selling options (puts or calls) on Genworth securities on an exchange or in any other organized market, and also prohibits certain forms of hedging or monetization transactions with respect to Genworth securities, such as prepaid variable forward contracts, equity swaps, collars, forward sale contracts and exchange funds. The company maintains this policy because hedging transactions, which might be considered short-term bets on the movement of the company's securities, could create the appearance that the person is trading based on inside information. In addition, transactions in options may also focus the person's attention on short-term performance at the expense of our long-term objectives.

The company also maintains an anti-pledging policy, which prohibits its executive officers and directors from holding Genworth securities in a margin account or otherwise pledging Genworth securities as collateral for a loan. Securities held in a margin account as collateral for a margin loan may be sold by the broker without the customer's consent if the customer fails to meet a margin call. Similarly, securities pledged as collateral for a loan may be sold in foreclosure if the borrower defaults on the loan. The company maintains this policy because a margin sale or foreclosure sale may occur at a time when the pledger is aware of material nonpublic information or otherwise is not permitted to trade in Genworth securities and the margin sale or foreclosure sale of Genworth securities during such time could also create the appearance that the person is trading based on inside information.

Clawback Policy

The company maintains a clawback policy under which the company will seek to recover, at the discretion and direction of the Compensation Committee, and after it has considered the costs and benefits of doing so, incentive compensation earned by, awarded or paid to a covered officer for performance periods beginning after January 1, 2011, if the result of a performance measure upon which the award was based or paid is subsequently restated or otherwise adjusted in a manner that would reduce the size of the award or payment (other than a restatement or adjustment due to a change in applicable accounting principles, rules or interpretations). In addition, if a covered officer engaged in fraud or intentional misconduct that contributed to an award or payment

of incentive compensation to him or her that is greater than would have been paid or awarded in the absence of the misconduct, the company may take other remedial and recovery actions, as determined by the Compensation Committee.

Tax and Accounting Considerations

We consider accounting and tax implications when designing our executive compensation and incentive programs. For example, it has been our intent to maximize the deductibility of executive compensation while retaining flexibility to compensate executive officers in a manner commensurate with performance and the competitive landscape for executive talent. The exemption from Section 162(m)'s deduction limit for performance-based compensation, however, has been repealed by the Tax Cuts and Jobs Act enacted in December 2017, such that compensation paid to our covered executive officers in excess of \$1,000,000 will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

Evaluation of Compensation Program Risks

The Compensation Committee annually reviews a report prepared by management regarding the design and operation of our compensation arrangements for employees, including executive officers, for the purpose of determining whether such programs might encourage inappropriate risk-taking that could have a material adverse effect on the company. Following that review for 2018 compensation, the Compensation Committee agreed with management's conclusion that the company's compensation plans, programs and policies do not encourage employees to take risks that are reasonably likely to have a material adverse effect on the company.

(1) Reflects a cash retention incentive originally awarded to Mr. Bobitz in 2016.

(2) Reflects the aggregate grant date fair value of RSUs and PSUs awarded during the period, determined in accordance with FASB ASC Topic 718. Grant date fair value for the RSUs is based on the grant date fair value of the underlying shares. The 2018 value for Mr. McInerney includes the grant date fair value of PSUs granted, and also includes the grant date fair value of RSUs awarded. Assuming achievement of the PSU performance conditions at the highest level (rather than at target level), the aggregate grant date fair value of awards reflected in this column for Mr. McInerney would be higher by \$2,645,620. The other continuing NEOs received long-term PCAs in lieu of stock based long-term incentives as described in the *Compensation Discussion and Analysis* section above. The PCA grant date fair value amounts awarded in 2018 for the other continuing NEOs are: \$1,500,000 for Ms. Groh; \$1,500,000 for Mr. Sheehan; \$2,000,000 for Mr. Schneider; and \$900,000 for Mr. Bobitz. The PCAs awarded in 2018 are cash-based and therefore not reflected in the 2018 Summary Compensation Table above.

(3) Reflects the value of cash incentives paid pursuant to our annual incentive program as described in the *Compensation Discussion and Analysis* section above.

- (4) Reflects the annual change in actuarial present values of the eligible named executive officer's accumulated benefits under the SERP. The SERP was closed to new participants effective January 1, 2010. A description of the SERP precedes the 2018 Pension Benefits Table below.
- (5) See the 2018 All Other Compensation—Details table below:

- (a) Reflects contributions made on behalf of the named executive officers for each of the following programs: (i) company matching contributions made in 2018 to the 401(k) Savings Feature of the Retirement and Savings Plan; (ii) company contributions made in 2019 to the Retirement Account Feature of the Retirement and Savings Plan, which are based on 2018 earnings; and (iii) company contributions made in 2019 to the Restoration Plan, which are based on 2018 earnings.
- (b) Represents premium payments made in 2018 for the following programs: (i) Leadership Life Program, an individually owned universal life insurance policy provided to all of our executives; and (ii) Executive Life Program, a \$1 million company-owned life insurance policy for which the participating named executive officers may identify a beneficiary for payment by us in the event of his or her death. Premiums for the Leadership Life Program are graded through age 59, with escalation in particular between age 50 and 59, and level thereafter.
- (c) Reflects payments made related to Mr. McKay's separation from the Company including a cash severance payment of two times his base salary plus target bonus (\$1,600,000), a lump sum payment for 18 months of health and life insurance continuation plus the cost of nine months of life insurance coverage that the company would have paid for 2019 (\$48,576), a pro-rated portion of his variable incentive compensation (\$100,000), and a payment equal to the value of the cancellation of unvested equity (\$289,899).

CEO Pay Ratio

The CEO pay ratio figures below are a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K under the Exchange Act.

We determined that as of December 31, 2017, our total number of U.S. employees was 3,529 and our total number of non-U.S. employees was 566. We excluded from this employee population a total of 54 employees from: Mexico (44), India (6), Hong Kong (1), and Korea (3), as the total number of employees from these non-U.S. jurisdictions was less than 5% of our total employee population.

To determine our median employee pay, we chose the sum of base salary and target annual incentive as our consistently applied compensation measure. We then annualized base salary for those employees who commenced work during 2017 and any employees who were on leave for a portion of 2017. For hourly employees, we used a reasonable estimate of hours worked to determine annual base pay.

Using this methodology, we identified the median employee for 2017, and used this person again as our median employee for 2018, as there was no change in our employee population or employee compensation

arrangements that we believe would significantly impact the pay ratio disclosure. This person's annual total compensation for 2018 was \$89,313, which includes \$74,438 in salary, \$7,500 in annual incentive and \$7,375 in company contributions to our Retirement and Savings Plan. The annual total compensation of our CEO for 2018 was \$9,311,944. Accordingly, the ratio of CEO pay to median employee pay was 104:1.

Grants of Plan-Based Awards

The table below provides information on the following plan-based awards that were made in 2018:

- *Annual Incentive.* Annual incentive opportunities awarded to our named executive officers are earned based on company performance measured against one-year financial and operating objectives, together with a qualitative assessment of performance, including individual performance objectives. Additional information regarding the design of the annual incentive program and 2018 awards are included in the *Compensation Discussion and Analysis* section above. Annual incentives are identified as "AI" in the Award Type column of the following table.
- *Restricted Stock Units.* Each RSU represents a contingent right to receive one share of our common stock in the future. If the company pays dividends on its common stock, dividend equivalents accrue with respect to the RSUs and are paid in cash at the time that the corresponding RSUs vest. Additional information regarding RSUs is included in the *Compensation Discussion and Analysis* section above.
- *Performance Stock Units.* PSUs were awarded to the CEO in 2018. PSUs consist of performance-vesting stock units that may convert to shares following the end of the performance period based on achievement of certain pre-established performance goals. PSUs are granted with respect to a target number of shares, will be forfeited if performance falls below a designated threshold level of performance, and may be earned up to 200% of the target number of shares for exceeding a designated maximum level of performance. Additional information regarding PSUs is included in the *Compensation Discussion and Analysis* section above.
- *Performance-Based Cash Long-Term Incentive.* PCAs were awarded to continuing named executive officers, other than the CEO, in 2018. This award will be forfeited if performance falls below a designated threshold level of performance and may be earned up to 200% of the target award for exceeding a designated maximum level of performance.

- (1) The 2018-2020 PSUs may be earned and become vested based on our level of achievement of certain pre-established performance goals over the performance period ending on December 31, 2020.
- (2) The RSUs granted are scheduled to vest one-third per year beginning on the first anniversary of the grant date.
- (3) Reflects the aggregate grant date fair value of the award determined in accordance with FASB ASC Topic 718. Grant date fair value for the RSUs is based on the grant date fair value of the underlying shares. Grant date fair value for PSUs is based on the grant date fair value of the underlying shares at target performance and the probable outcome of performance-based conditions at the time of grant, excluding the effect of estimated forfeitures.

(1) RSUs vest 50% on March 15, 2019 and March 15, 2020.

(2) RSUs vest one-third on May 22, 2019, May 22, 2020 and May 22, 2021.

(3) Remaining RSUs vested 100% on March 20, 2019.

(4) Remaining RSUs vested 100% on February 25, 2019.

(5) Market value is calculated based on the closing price of our common stock on December 31, 2018 of \$4.66 per share.

(6) 2016-2018 PSUs were earned and became vested based on our level of achievement of certain pre-established performance goals over the performance period ending on December 31, 2018. Amounts

reported here reflect actual amounts awarded following the end of the performance period. For more information regarding the payout of these PSUs, see the *Compensation Discussion and Analysis* section above.

- (7) 2017-2019 PSUs may be earned and become vested based on our level of achievement of certain pre-established performance goals over the performance period ending on December 31, 2019. Amounts reported here reflect maximum levels of achievement of the performance goals pursuant to applicable reporting requirements. For more information regarding the 2017-2019 PSUs, see the *Compensation Discussion and Analysis* section above.
- (8) 2018-2020 PSUs may be earned and become vested based on our level of achievement of certain pre-established performance goals over the performance period ending on December 31, 2020. Amounts reported here reflect maximum levels of achievement of the performance goals pursuant to applicable reporting requirements. For more information regarding the 2018-2020 PSUs, see the 2018 Grants of Plan Based Awards Table and the *Compensation Discussion and Analysis* section above.

2018 Options Exercised and Stock Vested Table

The table below provides information regarding SARs that were exercised and RSUs that vested during 2018. Net shares received by each named executive officer upon exercise or vesting of equity awards, after shares are withheld for taxes, are subject to the stock ownership guidelines and a 50% retention ratio, as well as the nine-month holding period policy with respect to exercises of stock options and SARs, each as described in the *Compensation Discussion and Analysis* section above. No continuing named executive officer exercised options or SARs in 2018. Mr. McKay exercised SARs following his resignation from the company.

| Name | Option Awards | | Stock Awards | |
|---------------|--|--|---|---|
| | Number of Shares Underlying Options/SARs Exercised (#) | Value Realized on Exercise (\$) ⁽¹⁾ | Number of Shares Acquired on Vesting (#) ⁽²⁾ | Value Realized on Vesting (\$) ⁽³⁾ |
| Mr. McInerney | — | — | 184,667 | \$542,921 |
| Ms. Groh | — | — | 116,004 | \$339,987 |
| Mr. Sheehan | — | — | 210,667 | \$614,894 |
| Mr. Schneider | — | — | 238,000 | \$692,953 |
| Mr. Bobitz | — | — | 68,017 | \$198,364 |
| Mr. McKay | 54,000 | \$127,440 | 40,000 | \$116,000 |

- (1) Reflects the excess of the fair market value of the underlying shares at the time of exercise over the base price of the SARs.
- (2) Reflects the gross number of shares received upon the vesting of RSUs. Based on the tax withholding payment election, a portion of the shares reflected above may have been withheld to cover taxes due.
- (3) Reflects the fair market value of the underlying shares as of the vesting date.

Pension Benefits

The SERP is a non-qualified, defined benefit plan maintained to provide eligible executives with additional retirement benefits. The SERP was closed to new participants after December 31, 2009; therefore, Mr. McInerney was not eligible for the SERP when he joined the company in 2013. The annual SERP benefit is a life annuity equal to a fixed percentage multiplied by the participant's years of benefit service, and the participant's average annual compensation (based on the highest consecutive 36-month period within the last 120-month period prior to separation from service) with the result not to exceed 40% of the participant's average annual compensation. Benefit service is defined as service since the plan's inception date (September 27, 2005) or date of SERP participation, whichever is later. The SERP benefit is then reduced by the value of the

participant's account balance under the Retirement Account Feature of our Retirement and Savings Plan as converted to an annual annuity. Compensation for SERP purposes generally includes only base salary and annual cash incentive (each whether or not deferred).

The annual SERP benefit is calculated as described below:

$$\text{SERP Benefit} = \left(\begin{array}{c} 1.45\% \times \text{Average} \\ \text{Annual} \\ \text{Compensation} \\ \times \\ \text{Service as Eligible} \\ \text{Participant (through} \\ 12/31/2010) \end{array} \right) + \left(\begin{array}{c} 1.1\% \times \text{Average} \\ \text{Annual} \\ \text{Compensation} \\ \times \\ \text{Service as Eligible} \\ \text{Participant (after} \\ 1/1/2011) \end{array} \right) - \text{Annuitized value of the} \\ \text{company's qualified} \\ \text{plan: Retirement} \\ \text{Account Feature}$$

Each participant in the SERP will partially vest with regard to their benefit when they reach age 55 and have earned five years of "future service" (i.e. service occurring after December 31, 2015). Once a SERP participant has earned five years of "future service" and has reached at least age 55, the participant will become partially vested based on a scale ranging from 50% at age 55 and increasing by 10% each year until the participant reaches full vesting at age 60. This change could result in the potential for earlier partial vesting for participants if they complete the required years of "future service." If a participant resigns before vesting, then his or her SERP benefit will be forfeited. Only in certain circumstances will the SERP become fully vested upon termination prior to age 60, as described in the *Potential Payments upon Termination or Change of Control* section below. Benefit payments under the SERP will begin following a participant's qualifying separation from service, but not earlier than age 60. The SERP has no provisions for acceleration of payout before age 60. There are also no provisions for the granting of extra years of service.

Material assumptions used to calculate the present value of the accumulated benefit are as follows:

- The accumulated benefit represents the current accrued benefit first available at age 60 utilizing actual service and compensation as of December 31, 2018;
- Interest rate of 4.23%;
- Mortality prescribed in Section 417(e) of the Internal Revenue Code (the "Code") for lump sum payments from qualified plans;
- Form of payment actuarially equivalent to a five-year certain and life benefit; and
- Payments are guaranteed for the life of the participant.

All SERP benefit accruals will freeze as of December 31, 2020. In addition, existing SERP participants were offered an opportunity to make an irrevocable, one-time election before the end of 2015 to freeze their SERP benefit accruals early, effective December 31, 2015, and begin receiving restoration benefits under the Restoration Plan as of January 1, 2016 (Ms. Groh made this election; Messrs. Sheehan, Schneider, Bobitz, and McKay did not).

The table below reflects the present value of the accrued benefit as of December 31, 2018.

2018 Pension Benefits Table

| Name | Plan Name | Number of Years Credited Service (#) | Present Value of Accumulated Benefit (\$) | Payments During Last Fiscal Year (\$) |
|-------------------|-----------|--------------------------------------|---|---------------------------------------|
| Mr. McInerney (1) | * | — | — | — |
| Ms. Groh (2) | SERP | 11.33 | 733,794 | — |
| Mr. Sheehan | SERP | 13.33 | 4,075,689 | — |
| Mr. Schneider | SERP | 13.33 | 4,383,630 | — |
| Mr. Bobitz | SERP | 13.33 | 2,015,468 | — |
| Mr. McKay | SERP | 13.33 | 1,682,960 | — |

- (1) The SERP was closed to new participants after December 31, 2009; therefore, Mr. McInerney was not eligible for the SERP when he joined the company in 2013.
- (2) Ms. Groh elected to freeze her SERP benefit as of December 31, 2015 in order to begin receiving restoration benefits under our Restoration Plan as described in the *Pension Benefits* section above.

Non-Qualified Deferred Compensation

The company maintains the Restoration Plan, a non-qualified defined contribution plan, which provides eligible executives, including our named executive officers, with benefits generally equal to any matching contributions that they are precluded from receiving under the 401(k) Savings Feature of our Retirement and Savings Plan as a result of restrictions under the Code (the “Restoration 401(k) Savings Feature”). For 2018, we provided a contribution credit equal to 5% of the participant’s eligible pay (base salary and annual cash incentive paid) in excess of the annual compensation limit in Section 401(a) (17) of the Code (\$275,000 in 2018).

Since January 1, 2010, newly hired or promoted executive officers who were not already participants in the SERP have been eligible for up to two additional types of contributions within the Restoration Plan. For those eligible executive officers, the Restoration Plan provides supplemental benefits equal to the amount of contributions that executives are precluded from receiving under the Retirement Account Feature of our qualified Retirement and Savings Plan (the “Restoration Retirement Account Feature”). Current participants in the SERP will become eligible to receive Restoration Retirement Account Feature contributions effective as of the day their respective benefit accruals under the SERP become frozen, which was either on January 1, 2016 if they elected to freeze benefit accruals early (as Ms. Groh did), or on January 1, 2021 (applicable to Messrs. Sheehan, Schneider and Bobitz).

Participants become vested with respect to the Restoration 401(k) Savings Feature and Restoration Retirement Account Feature account balances as of the earlier of reaching age 60 or attaining three years of “future service” (i.e., service occurring after December 31, 2015).

In addition, certain executive officers are eligible for an additional 3% contribution credit on all eligible pay (the “Supplemental Contribution”). The Supplemental Contribution was closed to new participants after December 31, 2015, and is being eliminated entirely effective December 31, 2020. In 2018, Mr. McInerney was the only named executive officer eligible for this Supplemental Contribution provided under the Restoration Plan. The portion of the Restoration Plan balance attributable to the Supplemental Contribution vested upon his attainment of age 60 with at least five years of service.

Eligible executives, including our named executive officers, have had the opportunity to request that their Restoration Plan contribution credits (balances) be invested in or track a diverse array of generally available mutual fund investment options.

The company previously offered a voluntary Deferred Compensation Plan that provided participants with the ability to annually defer receipt of a portion of their base salary and/or annual incentive award in order to save and accumulate additional retirement funds on a before-tax basis. Earnings (and losses) were credited to executive accounts based on participant choices between 10 generally available mutual fund investment options. A participant could defer between 10% and 75% of his or her salary and between 25% and 85% of his or her annual incentive award and could elect to have such deferred amount, plus any earnings (or losses) thereon, paid upon the participant’s termination of employment (in a lump sum or over up to 10 annual installments), or elect to receive an in-service lump sum payment upon a specific date. Participants were always 100% vested in their Deferred Compensation Plan accounts. As of December 31, 2018, Ms. Groh and Mr. Bobitz were the only named executive officers who had a balance in the Deferred Compensation Plan. Effective for plan years beginning January 1, 2016, the company suspended future contributions to the plan.

- (1) Reflects company contributions to the Restoration Plan made in 2019, which are based on 2018 earnings. The contributions are reported as compensation for 2018 in the All Other Compensation column of the 2018 Summary Compensation Table.
- (2) Mr. Bobitz elected to receive an in-service distribution in 2018 from his Deferred Compensation Plan balance at the time of his election to defer compensation.
- (3) Aggregate balances reported as of December 31, 2018 for the named executive officers include amounts that were reported in the Summary Compensation Tables for 2018 and years prior. For the Restoration Plan, the amount of compensation reported in the Summary Compensation Tables for 2018 and years prior is \$1,872,015 for Mr. McInerney, \$343,096 for Ms. Groh, \$634,270 for Mr. Schneider, \$517,543 for Mr. Sheehan, \$129,403 for Mr. Bobitz, and \$0 for Mr. McKay.

Potential Payments upon Termination or Change of Control

The following tables and narrative disclosure summarize the (i) compensation and benefits payable to each of the continuing named executive officers in the event of a termination of employment under various circumstances, assuming that such termination was effective as of December 31, 2018, and (ii) the compensation and benefits payment to Scott J. McKay pursuant to the separation agreement entered into in connection with his resignation as Chief Strategy Officer of the company (the “Separation Agreement”). The compensation and benefits described and quantified below are in addition to the compensation and benefits that would already be earned or vested upon such continuing named executive officer’s termination, including accrued but unpaid salary, accrued and unused vacation pay, and payments and benefits accrued under our broad-based benefit programs, including any vested contributions we made under the 401(k) Savings and Retirement Account Features of our Retirement and Savings Plan.

Involuntary Termination of Employment (Without a Change of Control)

In December 2014, the Compensation Committee approved the 2015 Severance Plan, which became effective as of January 1, 2015, in order to promote the retention of a select group of key employees, including our continuing named executive officers, by providing severance benefits in the event their employment is terminated under certain circumstances and to align with severance benefits commonly provided in our market for competing executive talent. The 2015 Severance Plan replaced the company's prior severance plan, which expired by its terms on December 31, 2014.

In the event the employment of a continuing named executive officer is terminated without "cause" or by the executive for "good reason" (as such terms are defined in the 2015 Severance Plan), such continuing named executive officer would be entitled to receive the following severance benefits under the 2015 Severance Plan:

- *Severance payment* . The continuing named executive officer would receive a lump sum cash severance payment, payable within 60 days of the date of termination in an amount equal to two times the sum of base salary and target annual incentive, in the case of Mr. McInerney, and one times base salary plus one times target annual incentive for the other continuing named executive officers.
- *Pro rata annual incentive award* . The continuing named executive officer would receive a lump sum cash payment based on the annual incentive award that would have been payable with respect to the fiscal year in which the qualified termination occurs (determined at the end of such year based on actual performance results), prorated to the nearest half month to reflect the portion of the fiscal year that had elapsed prior to the date of termination.
- *Benefits payment* . The continuing named executive officer would receive a lump sum cash payment, payable within 60 days of the date of termination, equal to the monthly cost of the employer portion to provide the group medical, dental, vision, and/or prescription drug plan benefits the employee had been receiving before the termination, multiplied by 12.
- *Partial vesting of time-based equity awards* . Stock options, SARs, RSUs and other equity awards with time-based vesting restrictions held by the continuing named executive officer would become immediately vested as of the participant's termination, but only with respect to a number of awards that otherwise would have become vested on the award's next regularly scheduled vesting date based on continued employment (the remainder of such awards would be forfeited), and stock options and SARs would remain exercisable until the earlier of the first anniversary of the date of the qualified termination or the award's regular expiration date. The continuing named executive officers did not have any unvested stock options or SARs as of December 31, 2018.
- *Vesting of performance-based long-term incentive awards* . Performance-based equity and cash awards held by the continuing named executive officer for at least 12 months would remain outstanding and would be earned, if at all, based on actual performance through the end of the performance period, prorated to the nearest half-month to reflect the portion of the performance period year that had elapsed prior to the date of termination.
- *Retirement plan provisions* . The continuing named executive officer would become fully vested in any funded or unfunded nonqualified pension, retirement or deferred compensation plans in which he or she participates, provided he or she has been employed by the company for at least five years. All continuing named executive officers are already fully vested in the Restoration Plan balances as noted above in the 2018 Non-Qualified Deferred Compensation Plans Table.

To receive severance benefits under the 2015 Severance Plan, the executive would have to execute and deliver to us a general release of claims and agree to certain restrictive covenants, including a 12-month non-compete provision, 24-month restrictions on the solicitation of customers and employees, and restrictions on the use of confidential information.

[Table of Contents](#)

The following table summarizes the payments and benefits that would have been payable to the continuing named executive officers under the 2015 Severance Plan and other retention incentives in the event of a termination without “cause” or by the executive for “good reason” on December 31, 2018.

| | <u>Mr. McInerney</u> | <u>Ms. Groh</u> | <u>Mr. Sheehan</u> | <u>Mr. Schneider</u> | <u>Mr. Bobitz</u> |

| SERP Vesting (6) | — | 733,794 | 4,075,689 | 4,383,630 | 2,015,468 |
| Total | <u>\$ 21,415,070</u> | <u>\$ 5,377,488</u> | <u>\$ 10,757,777</u> | <u>\$ 11,905,680</u> | <u>\$ 4,969,868</u> |

- (1) Reflects a cash severance in the amount of two times the sum of base salary and target annual incentive in the case of Mr. McInerney, and one times base salary plus one times target annual incentive in the case of the other continuing named executive officers.
- (2) Reflects an annual incentive award based on actual performance results through the end of 2018. Annual incentive awards under the 2015 Severance Plan are determined based on actual pro rata performance.
- (3) Represents a lump sum cash payment equal to the company cost of 12 months of continued health coverage.
- (4) Reflects the aggregate value of RSUs (based on the closing price of Genworth common stock on December 31, 2018 of \$4.66) that would immediately vest as of the executive’s termination (the awards for which vesting would accelerate are those awards that would have become vested on the award’s next regularly scheduled vesting date based on continued employment).
- (5) Reflects the aggregate value of 2016-2018 and 2017-2019 PSUs that would remain outstanding following the executive’s termination, and could be earned, if at all, at the end of the performance period based on actual results, prorated to the nearest half-month to reflect the portion of the performance period year that had elapsed prior to the date of termination. Reflects a payout of 2016-2018 PSUs based on actual amounts awarded and a pro rata payout of 2017-2019 PSUs based on a maximum level of performance (in each case based on the closing price of Genworth common stock on December 31, 2018 of \$4.66). Performance-based awards that have been held for less than one year at the time of termination are forfeited, and therefore the Chief Executive Officer would have forfeited the 2018-2020 PSUs and the other continuing named executive officers would have forfeited the PCAs, both granted on May 22, 2018.
- (6) Reflects the present value of each participating continuing named executive officer’s accumulated benefits under the SERP, as noted in the 2018 Pension Benefits Table, which would become fully vested.

Involuntary Termination Following a Change of Control

In December 2014, the Compensation Committee adopted the 2014 Change of Control Plan in order to continue to provide severance benefits to a select group of key executives, including our continuing named executive officers, in the event that the executive’s employment is terminated without “cause” or by the executive for “good reason” following a change of control of the company. If an executive becomes eligible to receive benefits under the 2014 Change of Control Plan, he or she will not be eligible to receive benefits under the 2015 Severance Plan. The 2014 Change of Control Plan replaced and consolidated the company’s two prior change of control plans.

Pursuant to the 2014 Change of Control Plan, a continuing named executive officer would receive payments and benefits in the event of a termination of employment without “cause” or by the executive with “good reason” within two years following a change of control of the company (each a “Qualified Termination” as defined in the Change of Control Plan). In the event of a Qualified Termination, such continuing named executive officer would be eligible to receive the following severance benefits under the 2014 Change of Control Plan:

- *Severance payment*. The continuing named executive officer would receive a lump sum cash severance payment in an amount equal to two and one-half times the sum of his base salary and target annual

incentive in the case of Mr. McNerney, and two times the sum of his or her base salary and target annual incentive in the case of the other continuing named executive officers, payable within 60 days following termination.

- *Pro rata annual incentive award* . The continuing named executive officer would receive a lump sum cash payment based on the annual incentive award that would have been payable with respect to the fiscal year in which the Qualified Termination occurs (determined based on actual pro rata performance, to the extent such performance can be reasonably established, or otherwise based on an assumed achievement of all relevant performance goals at “target”), prorated to the nearest half-month to reflect the portion of the fiscal year that had elapsed prior to the Qualified Termination, and payable within 60 days following termination.
- *Vesting of time-based equity awards* . Stock options, SARs, RSUs and other stock awards with time-based vesting restrictions held by the continuing named executive officer would become immediately vested as of a Qualified Termination and would remain exercisable until the award’s regular expiration date. The continuing named executive officers did not have any unvested stock options or SARs as of December 31, 2018.
- *Vesting of performance-based long-term incentive awards* . Performance-based equity and cash awards held by the continuing named executive officer would become vested and be deemed earned based on actual pro rata performance as of the date of a Qualified Termination, to the extent such performance can be reasonably established, or otherwise based on an assumed achievement of all relevant performance goals at “target,” prorated to the nearest half-month to reflect the portion of the performance period that had elapsed prior to the Qualified Termination, and payable within 60 days following termination.
- *Payment related to health and life insurance benefits* . The continuing named executive officer would receive a lump sum cash payment, payable within 60 days of the date of termination, equal to the monthly cost of the employer portion to provide the group medical, dental, vision, and/or prescription drug plan benefits the employee had been receiving before the qualified termination, multiplied by 18, and he or she would continue to receive life insurance coverage for 18 months.
- *Retirement plan provisions* . The continuing named executive officer would become fully vested in any funded or unfunded nonqualified pension, retirement or deferred compensation plans in which he or she participates. All continuing named executive officers are already fully vested in the Restoration Plan balances as noted above in the 2018 Non-Qualified Deferred Compensation Plans Table above as of December 31, 2018.

The 2014 Change of Control Plan provides that in the event the participant would be subject to a 20% excise tax under Section 4999 of the Code (imposed on individuals who receive compensation in connection with a change of control that exceeds certain specified limits), the payments and benefits would be reduced to the maximum amount that does not trigger the excise tax, unless the executive would retain greater value (on an after-tax basis) by receiving all payments and benefits and paying all excise and income taxes.

- (1) Reflects a lump sum cash severance payment, payable within 60 days of the date of termination in an amount equal to two and one-half times base salary plus two and one-half times target annual incentive in the case of Mr. McInerney, or two times base salary plus two times target annual incentive in the case of the other continuing named executive officers.
- (2) Reflects lump sum cash payment of the current-year annual incentive award based on actual performance results through the end of 2018. Annual incentive awards under the 2014 Change of Control Plan are determined based on actual pro rata performance, to the extent such performance can be reasonably established, or otherwise based on an assumed achievement of all relevant performance goals at “target.”
- (3) Reflects a lump sum cash payment equal to the company cost of 18 months of continued health coverage.
- (4) Reflects the aggregate value of RSUs (based on the closing price of Genworth common stock on December 31, 2018 of \$4.66) which would immediately vest as of the executive’s termination.
- (5) Pursuant to the 2014 Change of Control Plan, 2016-2018, 2017-2019 and 2018-2020 PSUs and 2018-2020 PCAs would become vested and be deemed earned based on actual pro rata performance as of the date of a participant’s Qualified Termination, to the extent such performance can be reasonably established in the sole discretion of the Compensation Committee, or otherwise based on an assumed achievement of all relevant performance goals at “target.” Amounts in the table above reflect the aggregate value of 2016-2018 PSUs which would become vested based on actual amounts awarded through the end of the performance period, and the 2017-2019 and 2018-2020 PSUs and 2018-2020 PCAs which would become vested based on assumed achievement of performance goals at “target levels” with each award paid pro rata based on the portion of the performance period elapsed as of the Qualified Termination (in the case of PSUs based on the closing price of Genworth common stock on December 31, 2018 of \$4.66).
- (6) Reflects the present value of each participating continuing named executive officer’s accumulated benefits under the SERP, as noted in the 2018 Pension Benefits Table, which would become fully vested.
- (7) Reflects the estimated value of premium payments for 18 months of continued coverage under the Leadership Life and Executive Life Programs.
- (8) If an executive’s total parachute payments exceed the 280G threshold amount by less than 10%, then the compensation payable to the executive will be reduced such that the total parachute payments to the executive do not exceed the 280G threshold amount (the amount of any such reduction is referred to as a “280G Cut-Back”).

Death or Disability

In the event of death or total disability, continuing named executive officers (or their designated beneficiary) would generally be eligible to receive the following:

- *Long-Term Incentive Awards.* In the event of death, all unvested stock options and SARs would become vested and exercisable, all unvested RSUs would become vested, and unvested PSUs and PCAs held for at least one year would become vested on a pro rata basis as of the date of termination based on the number of full months elapsed from the inception of the performance period until the date of termination, and would pay out at the end of the regular performance period based on actual performance. In the event of termination due to total disability, the treatment of outstanding stock options, SARs, RSUs, PCAs and PSUs is the same as in the event of death, except that with respect to outstanding stock options, SARs and RSUs, any such equity awards not held for more than one year as of the date of termination would be forfeited. The continuing named executive officers did not have any unvested stock options or SARs as of December 31, 2018.
- *Annual Incentive.* Continuing named executive officers (or their designated beneficiary) would receive a pro-rated portion of any annual incentive award, based on actual performance results.
- *Retirement Programs.* Executive officers (or their designated beneficiary) would become vested in the SERP benefits shown in the 2018 Pension Benefits Table. Continuing named executive officers are vested in the balance of the Restoration Plan reported in the 2018 Non-Qualified Deferred Compensation Table (which includes the 2018 contribution to the Restoration Plan, based on 2018 compensation) as of December 31, 2018.
- *Life Insurance Programs.* In the event of death, the beneficiary of the continuing named executive officer would receive payments pursuant to the Leadership Life and Executive Life Programs in the form of death benefits. In the event of disability, the continuing named executive officer would receive one year of continued Leadership Life Program premiums.

The following table summarizes the payments and benefits payable to the continuing named executive officers (or their designated beneficiary) in the event of death or total disability as of December 31, 2018:

- (1) Reflects the aggregate value of RSUs (based on the closing price of Genworth common stock on December 31, 2018 of \$4.66) which would immediately vest as of the executive's death or total disability.
- (2) Reflects a payout of 2016-2018 PSUs based on actual amounts awarded and a pro rata payout of 2017-2019 PSUs based on a maximum level of performance (in each case based on the closing price of Genworth common stock on December 31, 2018 of \$4.66). Performance-based equity and cash awards that have been

held for less than one year at the time of termination are forfeited, and therefore the Chief Executive Officer would have forfeited the 2018-2020 PSUs and the continuing named executive officers would have forfeited the 2018-2020 PCAs both granted on May 22, 2018.

- (3) Reflects a pro rata portion of any annual incentive award, based on actual performance results.
- (4) Reflects the present value of each participating continuing named executive officer's accumulated benefits under the SERP, as noted in the 2018 Pension Benefits Table, which would become fully vested.
- (5) Represents death benefits payable to the continuing named executive officer's beneficiary in the event of death, or the value of one year of continued premium payments in the event of total disability.
- (6) Pursuant to the terms of the Executive Life Program, we will use the proceeds from a company-owned life insurance policy to pay the continuing named executive officer's beneficiary a \$1 million payment, plus a gross-up on federal and state income taxes related to that payment.

Retirement

Each of our executive benefit and compensation programs has varying retirement definitions. Upon a voluntary termination, a retirement-eligible executive would be eligible to receive the following:

- *Retirement Programs.* The current definition of retirement for purposes of the SERP is attainment of age 60 with five years of service. As amended and described above, participants in the SERP may partially vest sooner after they reach age 55 and have earned five years of "future service" (i.e., service occurring after December 31, 2015) based on a scale ranging from 50% at age 55 and increasing by 10% each year until the participant reaches full vesting at age 60. The SERP was closed to new participants effective January 1, 2010; therefore, Mr. McInerney is not eligible for our SERP. The Restoration Plan currently vests upon termination if the participant is at least age 60 with respect to the Restoration 401(k) Savings and Restoration Retirement Account Feature account balances, and after age 60 with five years of service with respect to any Supplemental Contribution account balance.

As amended and described above, the Restoration Plan may also become vested after attaining three years of "future service" (i.e., service occurring after December 31, 2015) with respect to the Restoration 401(k) Savings Feature and Restoration Retirement Account Feature (there is no change to the vesting requirements for Supplemental Contributions). Benefits will be paid from the Restoration Plan in 10 annual installments if the account balance is \$50,000 or more at retirement or paid in a lump sum if the account balance is less than \$50,000 at retirement.

- *Life Insurance Programs.* The definition of retirement under the Leadership Life Program is age 60 with 10 years of service. If this eligibility is met, we will continue to pay Leadership Life Program premiums until the later of age 65 or until a total of 10 annual premium payments have been made. For participants under the Executive Life Program prior to January 1, 2007, we will continue to pay the premium if the executive retires at age 60 with 10 years of service. For participants who joined the Executive Life Program after January 1, 2007, coverage will cease at termination.
- *Long-Term Incentive Awards.* All unvested stock option, SAR and RSU awards that have been held for one year at the time of retirement would immediately vest and become exercisable if the participant is at least age 60 with five years of service at retirement. PSUs and PCAs would become vested on a pro rata basis, based on actual performance for the entire performance period.

Mr. McInerney was the only continuing named executive officer eligible for retirement under definitions of retirement for many of the plans in 2018. He became fully vested in January 2019 in the Restoration Plan balance noted in the Non-Qualified Deferred Compensation Table above upon meeting the required age and service requirements. Assuming retirement on December 31, 2018, Mr. McInerney would have been eligible to receive the following payments and benefits:

| | <u>Mr. McInerney</u> |
|--------------------------------------|----------------------|
| RSU Vesting (1) | \$ 1,721,092 |
| PSU Vesting (2) | 10,899,740 |
| Pro-Rated Annual Incentive Award (3) | 2,500,000 |
| Total | <u>\$ 15,120,832</u> |

- (1) Reflects the aggregate value of RSUs (based on the closing price of Genworth common stock on December 31, 2018 of \$4.66) which would immediately vest as of the executive's retirement.
- (2) Based on current progress toward goals, reflects a payout of 2016-2018 based on actual amounts awarded and pro-rata payout 2017-2019 PSUs based on a maximum level of performance is reflected in the table (in each case based on the closing price of Genworth common stock on December 31, 2018 of \$4.66). Performance-based equity awards that have been held for less than one year at the time of termination are forfeited, and therefore Mr. McInerney would have forfeited his 2018-2020 PSUs granted on May 22, 2018.
- (3) Reflects a pro rata portion of any annual incentive award, based on actual performance results.

Separation Payments and Benefits to our Former Chief Strategy Officer

On February 14, 2018, Scott J. McKay resigned as Chief Strategy Officer of the company, and subsequently left the company on March 31, 2018 ("Separation Date"). Following his resignation, we entered into a Separation Agreement with Mr. McKay. The Separation Agreement includes a general release by Mr. McKay of any claims against us and certain related parties as well as certain restrictive covenants binding on Mr. McKay, including, without limitation, a covenant to not compete with Genworth for a one-year period following the Separation Date, a covenant not to solicit our employees for a one-year period following the Separation Date, a covenant not to disparage the company and a covenant protecting our confidential information.

In consideration of the foregoing release and covenants, and in recognition of Mr. McKay's many years of service with the company and its predecessor businesses, we agreed to provide Mr. McKay with a one-time lump sum separation payment equal to two times his base salary plus two times his target bonus (\$1,600,000 total) and a pro-rated portion of his annual incentive (\$100,000), payable within 30 days of his separation. We also provided Mr. McKay with early vesting for previously-credited retirement benefits under the SERP. The present value as of December 31, 2018 of accumulated benefits under the SERP which became fully vested was \$1,682,960, as noted in the 2018 Pension Benefits Table above. Mr. McKay will be eligible to commence receiving payments under the SERP when he reaches age 60 in accordance with the terms of the SERP. Additionally, we provided Mr. McKay with early vesting of his Restoration Plan, which would have otherwise become vested on December 31, 2018. The value of his Restoration Plan amount which became vested is \$409,206, as noted in the 2018 Non-Qualified Deferred Compensation Table above. Mr. McKay also received a lump sum payment in the amount of \$48,576, which was equal to the approximate company cost of 18 months of continued health insurance coverage, plus the cost of 9 months of life insurance coverage that the company would have paid for 2019.

Finally, Mr. McKay received a payment of \$289,898, which was the then current value of his unvested outstanding long-term incentives at the time of his separation. The value of his outstanding PSUs was pro-rated for the portion of the performance period worked to determine this payout amount. After his separation, the following outstanding long-term incentives were cancelled: 90,000 PSUs, 61,956 RSUs and 510,000 SARs.

Compensation of Directors

The Nominating Committee has the responsibility for annually reviewing and recommending to the Board compensation and benefits for “non-management directors.” Non-management directors are those directors who are not executive officers of Genworth or its affiliates. Accordingly, all directors, other than Mr. McNerney, are regarded as non-management directors. Mr. McNerney does not receive any compensation for serving as a director.

Pursuant to its charter, the Nominating Committee conducts an annual review of non-management director compensation and benefits and recommends any changes to the Board of Directors for the Board’s consideration. As part of its 2018 review, the Nominating Committee engaged Steven Hall & Partners, LLC to provide competitive market data and advice regarding non-management director compensation. The competitive market data provided showed that our non-management director compensation was below the compensation level generally paid by our Peer Group.

Based on its review in 2018, the Nominating Committee recommended to the Board, and the Board adopted, an increase in the annual retainer paid to our non-management directors to \$242,000. In addition, the Nominating Committee recommended to the Board, and the Board adopted, increases in the annual retainers paid to the Audit Committee, Compensation Committee, and each other committee chairpersons to \$23,000, \$16,000 and \$12,000, respectively. These changes were made effective as of January 1, 2018. All other features and amounts remain unchanged. The increase in the annual retainer for all non-management directors, the Audit Committee chairperson and the Compensation Committee chairperson represents the first increase to the annual retainer for each in four years, and the increase in the annual retainer for the other committee chairpersons represents the first increase in over 10 years. The increases bring our non-management director compensation closer to the director compensation levels generally paid by our peer group so the company is better positioned to attract and retain qualified and able directors.

The company’s compensation and benefits for non-management directors are as follows:

- *Annual Retainer.* Each non-management director is paid an annual retainer of \$242,000 in quarterly installments, following the end of each quarter of service. Of this amount, \$100,000 of the annual retainer is paid in cash and \$142,000 is paid in deferred stock units (“DSUs”). Instead of receiving a cash payment, non-management directors may elect to have 100% of their annual retainer paid in DSUs; provided, however, that no more than 30,000 DSUs may be granted to any non-management director in any one calendar year. To the extent this limit would be exceeded, the remainder of a director’s annual retainer will be paid in cash.
- *Deferred Stock Units.* The number of DSUs granted is determined by dividing the DSU value to be delivered by the fair market value of our common stock on the date of grant. Each DSU represents the right to receive one share of our common stock in the future, following termination of service as a director, as set forth below. DSUs accumulate regular quarterly dividends, if any, which are reinvested in additional DSUs. The DSUs will be settled in shares of common stock on a one-for-one basis beginning one year after the director leaves the Board in a single installment or installments over ten years, at the election of the director. Additionally, grants of DSUs made after January 1, 2010, regardless of whether a non-management director elects to convert his DSUs on a single date or in a series of annual installments, will convert and settle in shares of common stock earlier upon the death of the non-management director.
- *Annual Retainer for Non-Executive Chairperson.* As additional compensation for service as Non-Executive Chairperson, the Non-Executive Chairperson receives a \$200,000 annual retainer in addition to the regular annual retainer. Such amount is paid in quarterly installments, following the end of each quarter of service. Of this amount, \$80,000 is paid in cash and \$120,000 is paid in DSUs. Instead of receiving a cash payment, the Non-Executive Chairperson may elect to have 100% of the additional annual retainer paid in DSUs; provided, however, that no more than 25,000 DSUs may be granted to the Non-Executive Chairperson in any one calendar year with respect to the additional annual retainer. To the extent this limit would be exceeded, the remainder of the additional annual retainer will be paid in cash.

[Table of Contents](#)

- *Fee for Lead Director.* If a Lead Director is appointed in the absence of an independent Non-Executive Chairperson, the Lead Director would receive an annual cash retainer of \$20,000 in quarterly installments, as additional compensation for service as Lead Director.
- *Fees for Committee Chairs.* As additional compensation for service as chairperson of a committee, each chairperson will receive an additional annual cash retainer payable in quarterly installments, as follows: Audit Committee chair, \$23,000; Management Development and Compensation Committee chair, \$16,000; and each other standing committee chair, \$12,000.
- *Matching Gift Program.* The company offers a matching gift program that provides for the matching of employee and director charitable contributions pursuant to the contribution guidelines established by the Genworth Foundation. Each non-management director is eligible for such charitable contributions to be matched on a 50% basis, up to a maximum matching contribution of \$10,000 during any calendar year.
- *Reimbursement of Certain Expenses.* Non-management directors are reimbursed for reasonable travel and other Board-related expenses, including expenses to attend Board and committee meetings, other business-related events and director education seminars, in accordance with policies approved from time to time.

The following table sets forth information concerning compensation paid or accrued by us in 2018 to our non-management directors:

2018 Director Compensation Table

| Name | Fees Earned or Paid in Cash (\$) ⁽²⁾ | Stock Awards (\$) ⁽³⁾⁽⁴⁾ | All Other Compensation (\$) ⁽⁵⁾ | Total (\$) |
|-------------------------------|---|---|--|---------------|
| William H. Bolinder | 140,019 | 76,708 | 10,000 | 226,727 |

| James S. Riepe | 233,266 | 140,412 | 10,000 | 383,678 |

(1) Mr. Parke passed away on February 21, 2018.

(2) Amounts include the portion of the annual retainer (described above) that was paid in cash. Messrs. Bolinder, Conrad, Moffett, Moloney, Restrepo and Riepe and Meses. Higgins and Perry reached the maximum deferral of 30,000 DSUs with their fourth quarter retainer payment and Mr. Riepe reached the maximum deferral of 25,000 DSUs as Non-Executive Chairman of the Board with his fourth quarter retainer payment; therefore, a larger portion of their fourth quarter payment was made in cash. Amounts also include applicable committee chair fees and the cash portion of the retainer for the Non-Executive Chairman of the Board of Directors.

(3) Reflects the aggregate grant date fair value of DSUs, determined in accordance with FASB ASC Topic 718. The fair value of stock unit awards for purposes of Topic 718 typically equals the price of the underlying stock on the date of grant; however, amounts in the table are lower because the DSUs do not convert to transferable shares until one year after the director leaves the Board of Directors, and Topic 718 provides that the impact of transferability restrictions that remain in place after an award of stock based compensation vests may be considered when determining the fair value of the award for accounting purposes. The Finnerty option pricing model was, therefore, used to factor in these post-vest holding requirements with the following assumptions: (i) expected post vesting restriction period of 7.9 years; (ii) expected volatility of 82.0%; (iii) risk-free interest rate of 1.60%; (iv) expected dividend yield of 0.00%; and (v) calculated discount for post vest restriction period of 31.8%.

Director Stock Ownership Policy

To help promote the alignment of the personal interests of the company's non-management directors with the interests of our stockholders, we have established a robust stock ownership policy for all non-management directors. Under the policy, each non-management director is expected to hold common stock and/or DSUs while serving as a director of Genworth having a value equal to five times the value of the cash portion of the annual retainer payable to non-management directors, which as of December 31, 2018 was \$100,000. Therefore, the ownership guideline at this time was \$500,000. Non-management directors are expected to satisfy this ownership guideline over time after their initial appointment to the Board, and are not permitted to sell any shares of Genworth common stock received from us until the ownership guideline has been met. The DSUs held by the non-management directors settle in shares of common stock beginning one year after the director leaves the Board of Directors in a single payment or in payments over 10 years, at the election of the director, or earlier upon the death of the director. The following table shows the stock ownership as of December 31, 2018 of our current non-management directors, the percentage of the ownership guideline that they have reached, and the number of years that have elapsed since the director was initially made subject to the policy. The value of each non-management director's stock ownership is based on the closing price of our common stock on December 31, 2018 (\$4.66).

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

INFORMATION RELATING TO DIRECTORS, EXECUTIVE OFFICERS AND SIGNIFICANT STOCKHOLDERS

Ownership of Genworth Common Stock

The following table sets forth information as of March 1, 2019, except as indicated in the footnotes to the table, regarding the beneficial ownership of our common stock by:

- all persons (including any “group” as that term is used in Section 13(d)(3) of the Exchange Act) known by us to own beneficially more than 5% of any class of our common stock (based on the most recently available information filed with the SEC);
- the named executive officers included in the 2018 Summary Compensation Table as set forth in Item 11;
- each of our current directors; and
- all current directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. Except as indicated in the footnotes to the table, each of the directors and executive officers possesses sole voting and investment power with respect to all shares set forth opposite his or her name. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock issuable upon the exercise of stock options or SARs or upon the conversion of RSUs held by that person that are currently exercisable or convertible, or are exercisable or convertible within 60 days of March 1, 2019, are deemed to be issued and outstanding. These shares, however, are not deemed outstanding for purposes of computing percentage ownership of any other stockholder. The number of shares issuable upon exercise of SARs is calculated based on the excess of the closing price of our common stock on March 1, 2019 over the base price of the SARs. As of March 1, 2019, there were 501,138,247 shares of common stock outstanding and no shares of any other class of voting securities outstanding.

EQUITY COMPENSATION PLANS

The following table gives information as of December 31, 2018 about common stock that may be issued under all of our existing equity compensation plans:

| <u>Plan Category</u> | <u>(a) Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights (2)</u> | <u>(b) Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights (3)</u> | <u>(c) Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column(a)) (4)</u> |
|---|--|--|---|
| Equity Compensation Plans Approved by Stockholders (1) | 11,521,143 | \$ 11.52 | 25,047,572 |
| Equity Compensation Plans Not Approved by Stockholders | — | — | — |
| Total | 11,521,143 | \$ 11.52 | 25,047,572 |

- (1) 2004 Genworth Financial, Inc. Omnibus Incentive Plan, 2012 Genworth Financial, Inc. Omnibus Incentive Plan and 2018 Genworth Financial, Inc. Omnibus Incentive Plan.
- (2) Includes shares issuable pursuant to the exercise or conversion of stock options, SARs, RSUs, PSUs and DSUs. The number of shares issuable upon exercise of SARs is calculated based on the excess, if any, of the closing price of our common stock on December 31, 2018 of \$4.66 over the base price of the SARs. The number of shares issuable upon conversion of PSUs is calculated based on maximum payout levels until the performance period closes and the award settles.
- (3) Calculation of weighted-average exercise price of outstanding awards includes SARs (which are exercisable for shares of common stock for no consideration) and stock options, but does not include RSUs, PSUs and DSUs that convert to shares of common stock for no consideration. The weighted-average exercise price of outstanding stock options was \$11.77. The weighted-average base price of outstanding SARs was \$10.03.
- (4) Reflects shares reserved and available for future issuance under the 2018 Genworth Financial, Inc. Omnibus Incentive Plan. Under the plan, each stock option and SAR counts as one share against the share reserve, and each full-value award counts as 1.25 shares against the share reserve. Accordingly, a total of approximately 20,038,057 shares are available for issuance pursuant to grants of full-value stock awards.

CHANGES IN CONTROL

On October 21, 2016, Genworth entered into the Merger Agreement with Parent and Merger Sub, pursuant to which Merger Sub will merge with and into Genworth, subject to the terms and conditions of the Merger Agreement, with Genworth surviving the Merger as an indirect, wholly owned subsidiary of Asia Pacific Insurance, which is owned by Oceanwide. The transaction has received all required U.S. insurance regulatory approvals. The closing of the Merger remains subject to other conditions, including the required regulatory approval in Canada. In addition, Oceanwide will need to receive clearance in China for currency conversion and the transfer of funds. Genworth and Oceanwide continue to be actively engaged with the relevant regulators regarding the pending applications.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board of Directors has established a policy, which is set forth in our Governance Principles, that Genworth will not enter into a transaction with a “related person” except in circumstances where there is a verifiable Genworth business interest supporting the transaction and the transaction otherwise meets Genworth’s standards that apply to similar transactions with unaffiliated entities or persons. For purposes of our policy, “related person” means any of our executive officers, directors, nominees for director, any persons known by us to beneficially own in excess of 5% of any class of our voting securities, any person who is an immediate family member of the foregoing and any firm, corporation or other entity in which any of the foregoing persons is an executive officer, general partner, principal or in a similar position or in which such person is deemed to have a 10% or greater beneficial ownership interest. Our policy applies to all transactions with “related persons,” including modifications of previously approved transactions, other than: (1) transactions available to all employees generally; and (2) transactions involving the payment of compensation or the entry into compensatory agreements or arrangements that are approved by the Compensation Committee or paid pursuant to an agreement, plan or arrangement approved by the Compensation Committee. The Board has delegated to the Audit Committee the responsibility of establishing policies and procedures for the review and approval of transactions with related persons, and the Audit Committee has established certain key practices related thereto. Our Governance Principles are in writing and can be found in the corporate governance section of our website. To view, go to www.genworth.com, select “Investors,” then select “Corporate Governance” and then select “Governance Principles.” Our Audit Committee’s key practices are in writing and can be found in the corporate governance section of our website. To view, go to www.genworth.com, select “Investors,” then select “Corporate Governance,” then select “Audit Committee” and finally select “Key Practices.”

DIRECTOR INDEPENDENCE

Our Board currently consists of nine directors, eight of whom are independent (as defined by our Governance Principles and NYSE listing standards) and one of whom is our CEO, Mr. McInerney. For a director to be independent, the Board must determine that the director does not have any direct or indirect material relationship with Genworth. The Board has established guidelines to assist it in determining director independence, which conform to, or are more exacting than, the independence requirements of the NYSE. The independence guidelines are set forth in Section 4 of our Governance Principles, which are available on our website (to view, go to www.genworth.com, select “Investors,” then select “Corporate Governance” and then select “Governance Principles”). In addition to applying these guidelines, the Board will consider all relevant facts and circumstances in making an independence determination. Our Board has determined that the purchase of Genworth products and services on the same terms available to unaffiliated entities or persons does not impair a director’s independence and therefore such purchases are not considered by our Board when making independence determinations. The Board has determined that Mr. Bolinder, Sen. Conrad, Ms. Higgins, Mr. Moffett, Mr. Moloney, Ms. Perry, Mr. Restrepo and Mr. Riepe satisfy the NYSE’s independence requirements and Genworth’s independence guidelines. The Board also previously determined that James A. Parke, who served on the Board until February 2018, satisfied the NYSE’s independence requirements and Genworth’s independence guidelines.

In addition to the independence guidelines discussed above, members of the Audit Committee also must satisfy additional independence requirements established by the SEC and the NYSE. Specifically, they may not accept, directly or indirectly, any consulting, advisory or other compensatory fee from Genworth or any of its subsidiaries other than their directors’ compensation and they may not be affiliated with Genworth or any of its subsidiaries. The Board has determined that all the members of the Audit Committee satisfy the relevant SEC and NYSE independence requirements.

Further, in affirmatively determining the independence of any director who will serve on the Compensation Committee, the Board has also considered all factors specifically relevant to determining whether a director has a

relationship to Genworth that is material to that director's ability to be independent from management in connection with the duties of a member of the Compensation Committee, including: (1) the source of compensation of the director, including any consulting, advisory or other compensatory fee paid by Genworth to such director; and (2) whether the director is affiliated with Genworth, its subsidiaries or its affiliates.

MEETINGS OF NON-MANAGEMENT AND INDEPENDENT DIRECTORS

All of our current non-management directors are independent (as determined in accordance with the NYSE listing standards and our Governance Principles) and our non-management directors met without management present at regularly scheduled Board meetings during 2018. Our Governance Principles provide that the non-management directors will meet regularly without management present. Mr. McInerney, our CEO, is currently the only employee of the company who serves on our Board. In addition, our Governance Principles provide that if the non-management directors include individuals who are not independent, as determined in accordance with the NYSE listing standards and our Governance Principles, then the independent directors on our Board will separately meet at least one time each year. Our Governance Principles provide that the Non-Executive Chairman of the Board, currently Mr. Riepe, will preside at the meetings of the non-management directors and the independent directors; in the absence of Mr. Riepe, the non-management directors present will select an independent committee chair to preside at such session. The independent Non-Executive Chairman of the Board may periodically call meetings of the non-management and independent directors, including at the request of the non-management or independent directors.

Item 14. Principal Accounting Fees and Services

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Upon the approval of the Audit Committee, Genworth retained KPMG LLP ("KPMG") to audit our consolidated financial statements for 2018 and to attest to the effectiveness of the company's internal control over financial reporting. In addition, Genworth retained KPMG, as well as other accounting firms, to provide other accounting and advisory services in 2018.

We understand the need for KPMG to maintain objectivity and independence in its audit of our consolidated financial statements. As required by the Audit Committee's charter and applicable SEC and Public Company Accounting Oversight Board ("PCAOB") rules and regulations, the Audit Committee pre-approves all audit, audit-related, tax and other permitted non-audit services performed by KPMG, including the amount of fees payable for such services, to ensure that the provision of such services does not impair KPMG's independence. The Audit Committee may not delegate this responsibility to management. Certain audit and audit-related services and fees are pre-approved by the Audit Committee on an annual basis in connection with the engagement of KPMG as the company's independent registered public accounting firm for the fiscal year. Other audit, audit-related and permitted non-audit services have been pre-approved by the Audit Committee pursuant to our Audit Committee's Key Practices and are subject to fee caps. Any other audit, audit-related and permitted non-audit services and all tax services must be specifically pre-approved by the Audit Committee.

The aggregate fees billed by KPMG in 2018 and 2017 for professional services rendered were:

| <u>Type of Fees</u> | <u>2018</u> | <u>2017</u> |
|------------------------|----------------------|---------------|
| | <u>(in millions)</u> | |
| Audit Fees (1) | \$ 9.0 | \$ 8.8 |
| Audit-Related Fees (2) | 1.1 | 1.8 |
| Tax Fees (3) | — | — |
| All Other Fees (4) | 0.1 | 0.1 |
| Total | <u>\$10.2</u> | <u>\$10.7</u> |

[Table of Contents](#)

- (1) Fees for services to perform an audit or review in accordance with either the standards of the PCAOB or similar bodies in other countries, or generally accepted auditing standards and services that generally only Genworth's independent registered public accounting firm can reasonably provide, such as the audit of Genworth's consolidated financial statements included in public offerings or filings, the review of the financial statements included in our Quarterly Reports on Form 10-Q, and for services that are normally provided by accountants in connection with statutory and regulatory filings or engagements.
- (2) Fees for assurance and related services that are traditionally performed by Genworth's independent registered public accounting firm, such as audit and related services for employee benefit plan audits, internal control reviews, document production requests, attest services not required by statute or regulation, and consultation concerning financial accounting and reporting standards, including in connection with the pending Oceanwide Transaction.
- (3) Fees for tax compliance, consultation and planning services. Tax compliance generally involves preparation of original and amended tax returns, claims for refunds, tax payment planning services and assistance with tax audits and filing appeals and totaled \$44,540 for 2018 and \$49,774 for 2017. Tax consultation and tax planning encompass a diverse range of services, including assistance in connection with tax advice related to mergers and acquisitions, employee benefit plans and requests for rulings or technical advice from taxing authorities and totaled \$0 for 2018 and 2017.
- (4) Fees not considered audit or audit-related, such as the actuarial services, workpaper access for strategic due diligence, and advice and assistance for the dissolution of entities.
