*The Issuer expects to deliver the notes against payment on or about August 22, 2017, which is the fifth U.S. business day following the date of this pricing term sheet (such settlement being referred to as “T+5”). Under Rule 15c6-1 under the Securities Exchange Act of 1934, trades in the secondary market are required to settle in three U.S. business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes prior to the third U.S. business day before the settlement date will be required, by virtue of the fact that the notes initially settle in T+5, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes prior to the third U.S. business day before the settlement date should consult their advisors.
