Overview

Hyatt Hotels Corporation is a global hospitality company with widely recognized, industry leading brands and a tradition of innovation developed over our more than sixty-year history. We develop, own, operate, manage, franchise, license, or provide services to a portfolio of properties, consisting of full service hotels, select service hotels, resorts, and other properties, including branded spas and fitness studios, timeshare, fractional, and other forms of residential, vacation, and condominium ownership units. At December 31, 2019, our worldwide hotel portfolio consisted of 913 hotels (223,111 rooms). See Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations—Overview" for a categorized breakdown of our portfolio.

Our twelve full service brands are: Park Hyatt, Grand Hyatt, Andaz, The Unbound Collection by Hyatt, Destination, Hyatt Regency, Hyatt, Thompson Hotels, Hyatt Centric, Joie de Vivre, and tommie. Our select service brands are Caption by Hyatt, Hyatt House, and Hyatt Place. In addition, we participate in an unconsolidated hospitality venture with a Chinese hospitality company that owns and is developing the UrCove select service brand intended to serve the upper-midscale market in Greater China. The Miraval and Exhale brands form a distinct wellness category within our portfolio of brands. Our all-inclusive resort brands are Hyatt Ziva and Hyatt Zilara. We also manage, provide services to, or license our trademarks with respect to residential ownership units that are often adjacent to a Hyatt-branded full service hotel. We consult with third parties in the design and development of such mixed-use projects. We license certain of our trademarks with respect to vacation ownership units, which are part of Hyatt Residence Club. Additionally, we provide services and/or manage the rental programs or homeowner associations associated with condominium ownership units.

Substantially all of our hotel general managers are trained professionals in the hospitality industry with extensive knowledge, experience, and understanding of our brands. Our colleagues and hotel general managers are supported by our regional management teams located in cities around the world and our executive management team, headquartered in Chicago.

We primarily derive our revenues from owned and leased hotel operations, management of hotels, and licensing of our portfolio of brands to franchisees. For each of the years ended December 31, 2019 and December 31, 2018, revenues totaled $5.0 billion and $4.5 billion, respectively, net income attributable to Hyatt Hotels Corporation totaled $766 million and $769 million, respectively, and Adjusted EBITDA totaled $754 million and $777 million, respectively. See Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations—Overview" for our definition of Adjusted EBITDA and for a reconciliation of our net income attributable to Hyatt Hotels Corporation to Adjusted EBITDA for the periods presented.

Our Purpose, Vision, Mission, and Values

Our Purpose

We care for people so they can be their best.

Our Vision

A world of understanding and care.

Our Mission

We deliver distinctive experiences for our guests.
Our Values
Respect, integrity, humility, empathy, creativity, and fun.

Our purpose, vision, mission, and values are brought to life by our colleagues, whom we refer to as the Hyatt family. We believe our colleagues around the world embody our purpose of caring for people, including one another, our guests and customers, property owners, and ultimately, the communities in which our hotels operate. We are strongly committed to advancing care for all of our stakeholders and creating personal connections that increase loyalty and drive results. The management teams at each of our managed properties lead by example, and we provide them with the appropriate autonomy to make operational decisions in the best interests of the hotel and brand. We believe the managers of our franchised properties are experienced operators with high standards who have demonstrated commitment to our values and our approach to caring for guests to enhance guest satisfaction. High levels of guest satisfaction lead to increased guest preference for our brands, which we believe results in a strengthened revenue base over the long term. We also believe engaged colleagues will enhance efficient operation of our properties, resulting in improved financial results for our owners. Sustained adherence to these principles is a basis for our brand reputation and one of the principal factors behind the decisions of our diverse group of owners and developers to invest in the Hyatt portfolio of properties around the world. We work with existing and prospective owners and developers to increase our presence around the world, which we expect will lead to guest satisfaction, brand preference, and new channels of professional growth for our colleagues.

Our Competitive Strengths
We have significant competitive strengths that support our mission to deliver distinctive experiences for our guests and drive growth and create value for our customers, colleagues, and shareholders.

World Class Brands. Inspired by a deep understanding of guest needs, we have developed a global suite of distinct brands. We believe our widely recognized, industry-leading brands provide us with a competitive advantage in attracting and driving preference. We have consistently received top rankings, awards, and accolades for service and guest experience from independent publications and surveys, including Condé Nast Traveler, Travel and Leisure, Forbes, AAA, and J.D. Power. The diversity and distinctiveness of our brand portfolio and the recognition and strength of our individual brands are key to our ability to drive preference.

Global Platform with Compelling Growth Potential. Our existing global presence is widely distributed, and our hotels operate in some of the most populous urban centers around the globe. We believe our existing hotels, located in key markets around the globe, provide us with a strong platform from which to selectively pursue new growth opportunities in markets where our brands are less prevalent. Our dedicated development executives in offices around the world apply their experience, market expertise, and knowledge to ensure the Hyatt portfolio of properties enhances preference for our brands. An important aspect of our compelling growth potential is our strong brand presence in higher growth markets such as Greater China and India. The combination of our existing locations and brands, experienced development team, World of Hyatt loyalty program, established third-party relationships, and significant access to capital provides us with a strong foundation for future growth and long-term value creation.

Deep Culture and Experienced Management Teams. Hyatt has a strong culture rooted in values that have supported our past success and form the foundation for our future. The members of the Hyatt family are united by shared values, a single purpose, and a deep commitment to listening, understanding, and personalizing experiences for our guests and customers – all of which we believe increases loyalty, differentiates us from the competition, and drives business results. Our colleagues at Hyatt properties are guided by experienced and dedicated teams including general managers and regional leadership teams that provide resources, mentorship and coaching, owner support, and other assistance. The general managers at our full service managed hotels have an average tenure of approximately 20 years, and senior operating management has an average of approximately 30 years of experience in the industry. Our seasoned executive management team sets overall policies for our Company, supports our regional teams and our colleagues around the world, provides strategic direction, and leads our global growth initiatives.

Strong Capital Base and Disciplined Financial Approach. Our approach is to maintain appropriate levels of financial leverage through industry cycles and downturns. At December 31, 2019, we had cash and cash equivalents and available borrowing capacity of $1.5 billion. We believe that as a result of our balance sheet strength, we are uniquely positioned to take advantage of strategic opportunities to expand our presence and grow our business. We may deploy capital through acquisitions of management contracts, hospitality companies, real estate assets or investment in new lines of business. We adhere to a formal investment process to evaluate such opportunities with input from various groups within our global organization.
Diverse Exposure to Hotel Management, Franchising, Ownership, and Development. We believe our experience as a global multi-brand manager, franchisor, owner, and developer of hotels makes us one of the best positioned hospitality companies in the world. Our mix of managed, franchised, and owned properties provides a broad and diverse base of revenues, profits, and cash flows and gives us flexibility to evaluate growth opportunities across our lines of business.

High-Quality Owned Hotels are Located in Desirable Markets and are a Source of Capital for New Growth Investments. At December 31, 2019, our owned and leased portfolio totaled 38 owned or leased properties (31 of which are owned) and 26 managed or franchised properties that are owned or leased (25 of which are owned) by unconsolidated hospitality ventures. Our owned full service hotels are located primarily in key markets, including major business centers and leisure destinations with strong growth potential, such as Chicago, London, New York, Paris, Miami, and Zurich. Our unconsolidated hospitality ventures include 50% ownership interests in properties in Mumbai and São Paulo. A number of our owned hotels and unconsolidated hospitality venture properties are unique assets with high brand recognition and a strong position in their local markets. We believe our owned assets provide us the opportunity to unlock additional shareholder value through targeted dispositions that provide cash proceeds to fund additional strategic investments to expand our presence or provide incremental return of capital to shareholders.

Our Business Strategy

Our strategy to drive long-term sustainable growth and create value for customers, colleagues, owners, and shareholders is focused on the following three areas:

• Maximize Our Core Business: We continue to grow and operate our core business with excellence in order to be best-in-class while generating profits to fuel our growth.
• Integrate New Growth Platforms: We seek to identify and integrate new opportunities to advance care for our guests and provide additional paths for growth.
• Optimize Capital Deployment: We take a comprehensive and disciplined approach to our deployment of capital to expand our management and franchising business, invest in new growth platforms, and return capital to our shareholders.

We implement our strategy through a focus on four strategic priorities:

Cultivate the Best People and Evolve the Culture

We focus on cultivating the best people and fostering an inclusive work environment by attracting, developing, rewarding, and retaining individuals who live our values, distinguish Hyatt from our competitors, and provide a unique experience to our guests. We recognize our people and our culture are our greatest assets and the core of our strategy. Our goal is to sustain a strong pipeline of colleagues who are purpose driven, bring diverse perspectives, and have an agile, entrepreneurial mindset and to provide them with opportunities to fulfill their personal potential and development while helping to make Hyatt successful. We are focused on increasing the diverse representation amongst our colleagues and further integrating inclusion into our talent management practices.

Our brands are defined, in large part, by the commitment to genuine service and care that our colleagues deliver to our guests. We believe that while a great product is necessary for success, a service model that promotes genuine care for our guests and focuses on their particular needs is the key to a sustainable long-term advantage. Therefore, we strive to involve our colleagues in deciding how we care for our guests and identifying what we can do to improve guest satisfaction. We rely on our hotel general managers to lead by example and foster colleague engagement. In addition, we are focused on providing colleagues with the tools and technology needed to perform their jobs more effectively and efficiently to allow for further engagement with guests. We believe colleague engagement results in higher levels of customer satisfaction and improves the performance of our properties. To assist in this process, we aim to ensure talented management teams are in place worldwide and to reward those teams that achieve higher levels of colleague engagement, guest satisfaction, and hotel financial performance.

Through our global corporate responsibility program initiatives, we strive to advance our commitment to care by volunteering in our communities, supporting organizations that work in our communities, providing career opportunities for young people through our RiseHY program, and working to reduce our waste and carbon footprint to make the communities in which our hotels operate places where we want to live, where guests want to visit, and where our owners want to invest.
Drive Guest and Customer Personalization

We aim to foster direct relationships with our guests by engaging with them in more direct ways, such as direct booking, communication, digital engagement, and on-property interactions. We continuously strive to uncover new opportunities to personalize the guest experience by listening to and truly understanding our guests – from the way we design our properties, to the way we cultivate and deliver our food and beverage offerings, to our holistic approach aimed at positively impacting our guests’ and customers’ wellbeing.

We develop loyalty by fostering personal relationships and creating emotional connections that inspire brand preference. We believe true loyalty is built through deep interpersonal connections, authenticity, care, and trust. The World of Hyatt loyalty program is designed to attract new guests, demonstrate loyalty to our existing guests, and build long lasting and meaningful relationships with guests. In addition, Hyatt’s co-branded Visa credit cards with JP Morgan Chase Bank, N.A. increase the frequency and relevancy of member engagement with World of Hyatt.

Operate with Excellence

A key component of our strategy is to maximize revenues and manage costs at our managed hotel properties. We strive to optimize revenues by focusing on revenue management and establishing and increasing guest loyalty to our brands. We work to expand Hyatt’s share of room revenues by continuously striving to provide genuine guest service and delivering value to our guests. Our existing customer base is diverse with different needs and preferences. We aim to provide differentiated service and product offerings targeted at each customer segment within each of our brands, including meeting planners and group business, leisure guests, and business travelers, in order to satisfy our customers’ specific needs.

We manage costs by setting performance goals for our hotel management teams, optimizing distribution channels, and granting our general managers operational autonomy. We support these cost management efforts by providing our general managers with tools and analytics from our regional and corporate offices and by compensating our hotel management teams based on property performance. In addition to managing hotel level costs, we strive to keep corporate costs aligned with growth through efficient resource allocation, which we expect will generate savings supporting our ability to fund additional growth and further invest in our brands.

Grow with Intent

We are focused on creating long-term shareholder value and expanding our presence in targeted locations. The recognition of our brands and our reputation for service is larger than the scale of our presence around the world, and therefore, we have a unique opportunity to grow.

- **Increase Market Presence.** We target our expansion efforts on under-penetrated markets where we already have an established presence and on locations where our guests are traveling, but where we do not have a presence. We intend to expand our presence by increasing the number of hotels in the Hyatt portfolio, primarily by entering into new management and franchise agreements. We believe our intense focus on each customer group that we serve and our understanding of how we can serve them in new locations will result in quality growth. Over the past few years, we have made significant progress in expanding our presence through development of new hotels, conversion of existing hotels, the integration of new brands such as those that were acquired in our acquisition of Two Roads Hospitality LLC (“Two Roads”), and through an alliance with Small Luxury Hotels of the World (“SLH”). Additionally, we are focused on continued growth of our development pipeline. We have expanded our pipeline by an average of over 14% per year since the time of our IPO in 2009. Since 2009, we have also entered 281 new markets and 24 new countries. Expansion in dynamic markets like Greater China and India is central to our growth strategy as representation in key cities and resort destinations provides us with the opportunity to drive preference for our brands as we serve a broader base of guests in these high growth and under-penetrated markets. At December 31, 2019, there were over 200 hotels open or under development in Greater China in markets such as Beijing, Hong Kong, Shanghai, and Shenzhen. In India, there were over 70 hotels open or under development. In addition to Greater China and India, we have also announced further expansion plans into diverse international markets including the Czech Republic, Turkey, Iceland, Finland, Spain, and Malaysia.

- **Expand Select Service Presence.** We continue to expand the Hyatt House and Hyatt Place brands. In September 2019, we announced Caption by Hyatt, a new lifestyle brand within the select service category. The Caption by Hyatt brand will offer the efficiency and flexibility of select service, while creating a compelling lifestyle experience that is designed to foster organic connections between guests that enrich
their wellbeing and result in optimal revenue opportunities. In June 2019, we announced the UrCove brand, which is positioned specifically to meet Chinese travelers' preferences and growing expectations for a seamless, comfortable, and premium travel experience. We believe that these brands will support our overall growth and enhance the performance of all of our brands. We intend to grow our select service presence through third-party construction of new franchised properties, conversion and renovation of existing non-Hyatt properties, and in limited cases, support of the development of new managed and franchised properties. We believe the opportunity for properties providing a select offering of services at a lower price point than full-service hotels is particularly compelling in certain markets, including Greater China, India, and the Middle East, where there is a large and growing middle class along with a meaningful number of local business travelers. At December 31, 2019, we had 11 Hyatt House hotels and 57 Hyatt Place hotels operating outside of the United States in 7 and 22 countries, respectively, throughout Asia, Europe, Africa, and Latin America. In addition to these hotels, we have announced new management and franchise agreements for select service properties currently under development in Thailand, Vietnam, France, Germany, and the Dominican Republic.

0 Increase Focus on Franchising. We continue to increase our franchised hotel presence, primarily in the United States. By increasing our focus on franchising, we believe we will gain access to capital from developers and property owners who are specifically targeting franchise business opportunities. We have an internal team dedicated to supporting our franchise owners and driving the expansion of our franchised hotel presence. We plan to expand existing relationships and develop new relationships with franchisees who demonstrate an ability to provide excellent customer service and maintain our brand standards.

0 Utilize Our Capital and Asset Base for Targeted Growth. The combination of our significant liquidity and strong capital position coupled with our high quality asset base provides a unique platform to support our growth strategy. We take a comprehensive approach to our efforts to dispose of or recycle certain hotel real estate assets and to manage capital deployment in furtherance of our expansion plans. In late 2017, we committed to a reduction of our owned real estate portfolio, and through 2018, we realized approximately $1.5 billion of proceeds from the disposition of owned assets. In March 2019, we committed to an additional $1.5 billion reduction of our owned real estate portfolio over a three year period, and as of December 31, 2019, we have realized proceeds of almost $1 billion from the disposition of owned assets. Our intent is to use the proceeds to unlock shareholder value, provide funds for growth investments, return capital to shareholders, and accelerate the evolution of our earnings profile to be less capital intensive. Capital deployment will continue with an objective to maximize long-term shareholder value, and we will assess and balance liquidity, value, and strategic importance in each instance. We will continue to commit capital to fund the renovation of certain assets and expect to maintain some level of hotel ownership over time in our owned portfolio.

0 Pursue Strategic Acquisitions and Alliances. We evaluate potential acquisitions of other brands or hospitality management or franchising companies as a part of our efforts to expand our global presence. We focus on acquisitions that complement our ability to serve our existing customer base and enhance customer preference by providing a greater selection of locations, properties, and services. Furthermore, we may pursue these opportunities in alliance with existing or prospective owners of managed or franchised properties to strengthen our brand presence. In May 2019, we launched a loyalty collaboration with American Airlines in which elite members in both the American Airlines AAdvantage and World of Hyatt loyalty programs can be rewarded with more access to earning both points and miles on qualifying American flights and Hyatt hotel stays. In September 2019, we launched a loyalty collaboration with Lindblad Expeditions, a global provider of expedition cruises and adventure travel experiences, that provides World of Hyatt members with more unique ways to be rewarded for their loyalty beyond the traditional hotel stay by earning and redeeming World of Hyatt points. In November 2018, we completed the acquisition of Two Roads, a hotel management company with a unique collection of distinctive brands, properties, and a robust development pipeline around the globe. In the third quarter of 2018, we announced a strategic alliance with SLH. More than 300 participating SLH hotels around the globe have been added to the World of Hyatt loyalty program, and we will continue to add more hotels in many new markets to the World of Hyatt platform in 2020. This strategic alliance significantly enriches the benefits provided to members of the World of Hyatt loyalty program by providing additional stay opportunities at luxury quality hotels in many key markets which currently do not have a significant Hyatt presence (predominantly in Europe).

0 Extend Wellness Offerings. We continue our commitment to a holistic wellness strategy as an extension of our purpose and an important part of our growth strategy. We pilot and launch products, services, and
platforms designed to positively and holistically impact our guests’ and colleagues’ wellbeing. Miraval and Exhale build a greater depth of expertise in wellness and mindfulness that extends to our hotel business and increases guest loyalty. Our collaboration with Headspace will bring mindfulness exercises, guided meditations, and sleep content to guests and colleagues around the world.

- Americas management and franchising (“Americas”), which consists of our management and franchising of properties located in the United States, Latin America, Canada, and the Caribbean, as well as our residential management operations;
- ASPAC management and franchising (“ASPAC”), which consists of our management and franchising of properties located in Southeast Asia, Greater China, Australia, South Korea, Japan, and Micronesia; and
- EAME/SW Asia management and franchising (“EAME/SW Asia”), which consists of our management and franchising of properties located in Europe, Africa, the Middle East, India, Central Asia, and Nepal.

Within corporate and other, we include the results of Miraval and Exhale, Hyatt Residence Club license fees, results related to our co-branded credit cards, and unallocated corporate expenses. The results of our owned Miraval resorts are reported in owned and leased hotels revenues and owned and leased hotels expenses on our consolidated statements of income. For information regarding our four reportable business segments, revenues, and geographical information, see Part IV, Item 15, “Exhibits and Financial Statement Schedule—Note 19 to our Consolidated Financial Statements.”

Management Agreements

We manage hotels and branded spas and fitness studios worldwide pursuant to management agreements.
Hotel Management Agreements Fees

Our hotel management agreements typically provide for a two-tiered fee structure that compensates us both for the volume of business we generate for the property as well as for the profitability of hotel operations. In these two-tier fee structures, our base compensation is a base fee that is usually an agreed-upon percentage of gross revenues from hotel operations. In addition, we are incentivized to improve hotel profitability through an incentive fee that is typically calculated as a percentage of a hotel profitability measure, such as gross operating profit, adjusted profit, or the amount by which gross operating profit or adjusted profit exceeds a specified threshold. Outside of the United States, some management agreements have fees more dependent on hotel profitability measures either through a single management fee structure where the entire fee is based on a profitability measure or because our two-tier fee structure is more heavily weighted toward the incentive fee than the base fee.

Hotel Management Agreements Terms and Renewals

Some of our hotel management agreements grant early termination rights to hotel owners upon the occurrence of a stated event, such as the sale of the hotel or our failure to meet a specified performance test (any such event a "termination event"). In the case of a termination event, some of our management agreements grant hotel owners the right to terminate the hotel management agreement and convert the hotel to a Hyatt franchise. Generally, termination rights under performance tests are based upon the property's individual performance or its performance when compared to a specified set of competitive hotels branded by other hotel operators or both. These termination rights are usually triggered if we do not meet the performance tests over multiple years. We generally have the option to cure performance failures by paying an amount equal to the shortfall, but in some cases our cure rights may be limited, and our failure to meet a performance test may result in the termination of our hotel management agreement. Certain of our management agreements allow for a termination right after a multi-year lock-out period and are subject to a termination fee generally based upon a formula related to the lost fees.

Many of our hotel management agreements, particularly in the United States, are subordinated to mortgages or other secured indebtedness of the owners. In most cases, our subordination agreements with lenders recognize our right to continue to manage the hotels under the terms set forth in the hotel management agreements if the lenders take possession of the hotel property through foreclosure or similar means.

Spa and Fitness Studio Management Agreements Fees

We manage spa and fitness centers under the Exhale brand primarily pursuant to management agreements and leases and, in limited cases, we license the Exhale brand pursuant to a license agreement. The management agreements generally provide for a base fee, which is typically either a fixed amount or an amount tied to a percentage of revenue at the property. Some of Exhale's management agreements also provide for a two-tiered fee structure, featuring both a base fee as well as an incentive fee, which is typically tied to a percentage of a specified revenue or profitability measure. The leases may provide for fixed payments and/or a percentage of gross sales of services or products in the leased premises and, in certain cases, for items such as common area maintenance fees. When we license the Exhale brand pursuant to a licensing agreement, a third party manages the spa and fitness center.
Spa and Fitness Studio Management Agreements Terms and Renewals

The approximate average remaining term of our management agreements with third-party owners for our spa and fitness center facilities is three years (assuming no renewal options are exercised by either party) or six years (including the exercise of extension options that are in Hyatt's sole discretion).

Franchise Agreements

Our franchise agreements grant our franchisees the limited right to use our name, marks, and system in the operation of franchised Grand Hyatt, Hyatt Regency, Hyatt Ziva, Hyatt Zilara, Thompson Hotels, Hyatt Centric, Caption by Hyatt, Hyatt House, and Hyatt Place properties, and franchised properties operated under distinct tradenames and affiliated with The Unbound Collection by Hyatt, Destination Hotel, and Joie de Vivre. We do not participate in the management of our franchised hotels; however, franchisees are required to operate franchised hotels consistent with our brand standards. We approve the plans for, and the location of, franchised hotels and review the operation of these hotels to ensure our standards are maintained.

Fees

In general, our franchisees pay us an initial application fee and/or technical services fees and ongoing royalty fees, the amount of which depends on the brand under which the franchised property is licensed. We franchise full service hotels under the Grand Hyatt, Hyatt Regency, Hyatt, Thompson Hotels, and Hyatt Centric brands, all-inclusive resorts under the Hyatt Ziva and Hyatt Zilara brands, and full-service hotels under distinct tradenames and affiliated with The Unbound Collection by Hyatt, Destination Hotel, and Joie de Vivre brands. We franchise select service hotels under the Caption by Hyatt, Hyatt House, and Hyatt Place brands. Our franchise agreements typically pay us franchise fees calculated as 6% of gross room revenues and 3% of gross food and beverage revenues. Our Hyatt Centric franchises typically pay us franchise fees calculated as 5% of gross room revenues. The Unbound Collection by Hyatt, Destination Hotel, and Joie de Vivre franchises typically pay us franchise fees calculated as 7% of gross room revenues generated through Hyatt reservation and booking channels. In some cases, our full service franchise fees escalate in the initial few years of the term. Our all-inclusive franchises typically pay us franchise fees calculated as either 2.75% or 3.25% of gross revenues. Application fees are typically $75,000 plus $500 per guest room in excess of 150 for our Hyatt House and Hyatt Place hotels, $95,000 plus $510 per guest room in excess of 200 for our Caption by Hyatt hotels, and the greater of $100,000 or $400 per guest room for our full service hotels and all-inclusive resorts. Select service franchises pay continuing franchise fees calculated as a percentage of gross room revenues, which typically are 3% in the first year of operations, 4% in the second year, and 5% through the remainder of the term. In some circumstances, we have negotiated other fee arrangements, and in some regions outside of the United States, we typically negotiate alternative application fee arrangements.

In addition to our franchise fees, we charge full service and select service hotels and all-inclusive resorts franchisees for certain services arranged and, in most cases, provided by us. These activities may include centralized reservation functions, certain sales functions, technology, national advertising, certain marketing and promotional services, as well as various revenue management services.

Terms and Renewals

The standard term of our franchise agreements is typically 20 years, with one 10 year renewal option exercisable by the franchisee, assuming the franchisee has complied with franchise agreement requirements and standards. Certain of our franchise agreements have renewal options at Hyatt's option, generally triggered if the franchisee has failed to exercise its renewal option. Certain of our franchise agreements have renewal options upon the mutual agreement of the parties. We have the right to terminate franchise agreements upon specified events of default, including non-payment of fees and non-compliance with brand standards. In the event of early termination for any reason, our franchise agreements set forth liquidated damages our franchisees must pay to us upon termination. The bankruptcy of a franchisee or lender foreclosure could result in the termination of the franchise agreement. The average remaining base term of our franchise agreements for our select service and full service hotels in all regions (other than those currently under development) is approximately 16 years, assuming no renewal options are exercised by either party. Including exercise of extension options in Hyatt's sole discretion, the average remaining term of our franchise agreements for our select service hotels and full service hotels in all regions (other than those currently under development) is approximately 18 years.
Other Service Agreements

We provide services under the Destination Residential Management business pursuant to rental management agreements with individual property owners or homeowners' associations whereby the property owners and/or homeowners' association participate in our rental program. The agreements typically provide for our receipt of a percentage split of the total gross revenue generated from a property under the rental program, and expenses of the property are paid from such split. The agreement terms are typically one or two years. Additionally, we provide association management services to the various homeowner's associations where we manage the properties for a fee.

Sales, Marketing, and Reservations and Global Contact Centers

Sales

We deploy a global sales team as well as regional sales teams in our Americas, ASPAC, and EAME/SW Asia regions. The global team is responsible for our largest and most significant accounts doing business in all three regions. The regional teams are responsible for large accounts that typically do business within one region, but at multiple hotels within the region. The global and regional sales teams coordinate efforts with the hotel sales teams. The in-house sales colleagues are focused on local and regional business opportunities, as well as securing business generated from our key global and regional accounts.

Our corporate sales organizations are focused on growing market share with key accounts, identifying new business opportunities, and maximizing our local customer base. Our key accounts consist of major corporations; national, state, and regional associations; specialty market accounts (social, government, military, educational, religious, and fraternal); travel agency and luxury organizations; and a broad and diverse group of individual consumers. Our global and regional sales teams target multiple brands to key customer accounts within these groups. No single customer is material to our business. Our global and regional teams consist of over 200 colleagues at global and regional sales offices around the world, who are focused on group business, corporate and leisure traveler accounts, and travel agencies.

Sales colleagues at our regional offices and at many of our full service hotels use our proprietary sales tool to manage the group rooms forecast, maintain an inventory of definite and tentative group rooms booked each day, streamline the process of checking guest room availability and rate quotes, and determine meeting room availability.

We seek to maximize revenues in each hotel we operate through a team of revenue management professionals and also provide revenue management services to franchisees upon request. Our revenue management leaders use a proprietary technology tool to help set appropriate pricing in each hotel. The goal of revenue management is to secure the right customers, on the right date, at the right price. Business opportunities are reviewed and agreed upon by the hotel's management team.

Marketing

We are focused on the high-end traveler, positioning our brands at the top of each segment in which we operate. Our marketing strategy is designed to drive loyalty and community, while meeting the specific business needs of hotel operations. Building and differentiating each of our brands is critical to increasing Hyatt's brand preference. We are focused on targeting the distinct guest segments that each of our brands serves and supporting the needs of the hotels by thorough analysis and application of data and analytics. The World of Hyatt loyalty program and our digital platforms are also key components of building loyalty and driving revenue. The loyalty program focuses on deepening relationships with members, driving repeat stays, guest satisfaction, recognition, and differential services and experiences for our most loyal guests. Our digital platforms are our primary distribution channels providing guests, customers, and members with an efficient source of information about our hotels, distinct brand experiences, and a seamless booking experience. With a combined focus on increasing brand awareness, building a community of loyalists, and enhancing digital engagement, our marketing is aimed at Hyatt becoming the most preferred hospitality brand.

Reservations and Global Contact Centers

We have a proprietary central reservation system that provides a comprehensive view of inventory, while allowing for local management of rates based on demand. Through this system, we are able to allow bookings and subsequent maintenance of bookings by hotels directly, via telephone through our contact centers, by travel agents, by corporate clients, and through digital platforms.

We have nine global contact centers that service our global guest base 24 hours per day, seven days per week and provide reservation and other services in over 18 languages. While we continue to provide full reservation services via telephone through these global contact centers, we have made significant investments in internet booking capabilities on Hyatt.com and
mobile platforms. Additionally, we continue to enhance the services and capabilities of our global contact centers to better align with evolving technology and guest preference.

In addition, some of the rooms at hotels and resorts we manage or franchise are booked through internet travel intermediaries, partners, or online travel service providers. We also engage third-party intermediaries who collect fees by charging our hotels and resorts a commission on room revenues, including travel agencies and meeting and event management companies.

World of Hyatt Loyalty Program

We operate the World of Hyatt loyalty program for the benefit of the Hyatt portfolio of properties. The program generates substantial repeat guest business by rewarding frequent stays with points that can be used towards redeeming for hotel nights and other rewards. Inspired by our purpose, World of Hyatt is also about building community and engagement with high-end travelers. Loyalty program members enjoy additional rewards as they reach milestone rewards and advance through the three elite tiers based on qualifying nights or base points in a calendar year.

Members earn points based on their spend at our properties, by transacting with our strategic loyalty alliances (e.g., American Airlines, Lindblad Expeditions, MGM Resorts International, and SLH), or in connection with spend on the Hyatt co-branded credit cards. Loyalty program points can be redeemed at properties across the majority of our brands, converted into airline miles with numerous participating airlines, and redeemed with other third parties.

The loyalty program is primarily funded through contributions from eligible revenues generated from loyalty program members. These funds are applied to reimburse hotels for room nights when members redeem loyalty program points and pay for administrative expenses and marketing initiatives to support the loyalty program.

At December 31, 2019, the loyalty program had over 22 million members, and during 2019, represented approximately 41% of total room nights system wide, which includes the integration of the Alila, Destination, Thompson Hotels, and Joie de Vivre brands into the loyalty program over the course of 2019.

Competition

There is intense competition in all areas of the hospitality industry. Competition exists for hotel, resort, spa, fitness studio, and condominium ownership guests, management and franchise agreements, and sales of vacation and branded residential properties. Our principal competitors are other operators of full service, select service, including extended stay, all-inclusive, and wellness properties, including other major hospitality chains with well-established and recognized brands. We also compete against small chains and independent and local owners and operators. Increasingly, we also face competition from new channels of distribution in the travel industry. Additional sources of competition include large companies that offer online travel services as part of their business model, such as Alibaba, search engines such as Google, and peer-to-peer inventory sources that allow travelers to book stays on websites that facilitate the short-term rental of homes and apartments from owners, thereby providing an alternative to hotel rooms, such as Airbnb and HomeAway.

We compete for guests based primarily on brand name recognition and reputation, location, customer satisfaction, room rates, quality of service, amenities, quality of accommodations, security, and the ability to earn and redeem loyalty program points.

We compete for management agreements based primarily on the value and quality of our management services, our brand name recognition and reputation, the level of our management fees, the costs of payroll at managed properties where we are the employer, cost associated with sales, reservations, technology, and marketing services (collectively, “system-wide services”), and the economic advantages to the property owner of retaining our management services and using our brand name. We compete for franchise agreements based primarily on brand name recognition and reputation, the room rate that can be realized, total revenues we can deliver to the properties, and cost associated with our system-wide services. Other competitive factors for management and franchise agreements include relationships with property owners and investors, including institutional owners of multiple properties, marketing support, reservation and e-commerce system capacity and efficiency, and the ability to provide capital that may be necessary to obtain management and franchise agreements.

The number of branded lodging operators with a global reach and depth of product and offerings similar to us is limited. We believe our strong customer base, prominent brand recognition, strategic property locations, and global development team enable us to compete effectively. For additional information, see Part I, Item 1A, “Risk Factors—Risks Related to Our Business—Because we operate in a highly competitive industry, our revenues, profits, or market share could be harmed if we are unable to compete effectively, and new distribution channels, alternatives to traditional hotels, and industry consolidation among our competitors may negatively impact our business.”
Seasonality

The hospitality industry is seasonal in nature. The periods during which our properties experience higher revenues vary from property to property, depending principally upon location, the customer base served, and potential impacts due to the timing of certain holidays.

Cyclicality

The hospitality industry is cyclical and generally follows, on a lagged basis, the overall economy. There is a history of increases and decreases in demand for hotel rooms, in occupancy levels, and in rates realized by owners of hotels through economic cycles. Variability of results through some of the cycles in the past has been more severe due to changes in the supply of hotel rooms in given markets or in given categories of hotels. The combination of changes in economic conditions and in the supply of hotel rooms can result in significant volatility in results for owners, managers, and franchisors of hotel properties. The costs of running a hotel tend to be more fixed than variable. Because of this, in an environment of declining revenues, the rate of decline in earnings will be higher than the rate of decline in revenues. Conversely, in an environment of increasing demand and room rates, the rate of increase in earnings is typically higher than the rate of increase in revenues.

Intellectual Property

In the highly competitive hospitality industry in which we operate, trademarks, service marks, trade names, and logos are very important in the sales and marketing of our hotels, residential, vacation, and condominium ownership properties and services. We have a significant number of trademarks, service marks, trade names, logos, and pending registrations and significant resources are expended each year on surveillance, registration, and protection of our trademarks, service marks, trade names, and logos, which we believe have become synonymous in the hospitality industry with a reputation for excellence in service and care. For additional information, see Part I, Item 1A, "Risk Factors—Risks Related to Our Business—Any failure to protect our trademarks and intellectual property could reduce the value of our brand names and harm our business.”

Government Regulation

We are subject to numerous foreign, federal, state, and local government laws and regulations, including those relating to the preparation and sale of food and beverages, building and zoning requirements, data privacy, and general business license and permit requirements, in the various jurisdictions in which we develop, own, operate, manage, franchise, license, or provide services to properties. Our ability to develop new hotel properties and to remodel, refurbish, or add to existing properties is also dependent on obtaining permits from local authorities. We are also subject to laws governing our relationships with employees, including minimum wage requirements, overtime, working conditions, hiring and firing, non-discrimination for disabilities and other individual characteristics, work permits, and benefit offerings. Federal, state, and provincial laws and regulations require certain registration, disclosure statements, compliance with specific standards of conduct, and other practices with respect to the franchising of hotels. Compliance with these various laws and regulations can affect the revenues and profits of properties managed, franchised, licensed, or owned, and of the residential, vacation, and condominium ownership business and could adversely affect our operations. We believe our businesses are conducted in substantial compliance with applicable laws and regulations.

We manage and own hotels with casino gaming operations as part of or adjacent to the hotels. However, with the exception of Hyatt Regency Aruba Resort & Casino, third parties manage and operate the casinos. We hold and maintain the casino gaming license and manage the casino located at Hyatt Regency Aruba Resort & Casino and employ third-party compliance consultants and service providers. As a result, our business operations at Hyatt Regency Aruba Resort & Casino are subject to the licensing and regulatory control of the Departamento pa Asuntos di Casino (D.A.C.), the regulatory agency responsible for gaming licenses and operations in Aruba.

Employees

At December 31, 2019, approximately 21% of our approximately 55,000 employees (approximately 23% of our U.S.-based employees) were either represented by a labor union or had terms of employment that were determined under a labor agreement. We believe relations with our employees and colleagues are good.
Environmental Matters

In connection with our ownership, management, and development of properties, we are subject to various foreign, federal, state, and local laws, ordinances, and regulations relating to environmental protection. Under some of these laws, a current or former owner or operator of real property may be held liable for the costs of investigating or remediating hazardous or toxic substances or wastes on, under or in such real property, as well as third-party sites where the owner or operator sent wastes for disposal. Such laws may impose liability without regard to whether the owner or operator knew, or was at fault in connection with, the presence or release of such hazardous substances or wastes. Although we are not aware of any current material obligations for investigating or remediating hazardous substances or wastes at our owned properties, the future discovery of substances or wastes at any of our owned properties, or the failure to remediate such contaminated property properly, could adversely affect our ability to develop or sell such real estate, or to borrow using such real estate as collateral. In addition, the costs of investigating or remediating contamination at our properties or at properties where we sent substances or wastes for disposal, may be substantial.

We also subject to various requirements, including those contained in environmental permits required for our operations, governing air emissions, effluent discharges, the use, management, and disposal of hazardous substances and wastes, and health and safety. From time to time, we may be required to manage, abate, or remove mold, lead, or asbestos-containing materials at our properties. We believe our properties and operations are in compliance, in all material respects, with all foreign, federal, state, and local environmental laws and ordinances. However, additional operating costs and capital expenditures could be incurred if additional or more stringent requirements are enacted in the future.

Insurance

Properties that the Company manages, franchises, licenses, and owns outright or through hospitality ventures are insured under different insurance programs depending on whether the property participates in our insurance programs or in the insurance programs of the property owner (including hospitality ventures), franchisee, or licensee. We maintain insurance coverage for hotels owned by the Company under our insurance programs for liability, property, workers compensation, and other risks with respect to our business. Our liability insurance provides coverage for most claims, including terrorism, resulting from our operations, goods and services, and automobiles. Our property insurance provides coverage for all risks to our properties including fire, windstorms, flood, earthquake, and terrorism. Property insurance also includes business interruption coverage. Our workers compensation insurance provides coverage for employee injuries in the course and scope of employment. Hotels owned by hospitality ventures, hotels managed by the Company, and certain franchisees are permitted to participate in our insurance programs by mutual agreement with our hospitality venture partners or third-party hotel owners. The majority of hotels owned by hospitality ventures and managed hotels owned by third parties participate in our insurance programs. Our hospitality venture agreements and management agreements require hotels owned by hospitality ventures and managed hotels owned by third parties that do not participate in our insurance programs to be insured at coverage levels generally consistent with the coverage levels under our insurance programs, including liability, property, business interruption, workers compensation, and other insurance. Our franchise and license agreements require our franchisees and licensees to maintain liability, property, business interruption, workers compensation, and other insurance at our franchised or licensed properties. We are typically covered under insurance policies held by third-party property owners, franchisees, or licensees to the extent necessary and reasonable. We also maintain cyber-risk insurance for systems and data controlled by the Company. Cyber-risk insurance generally covers all Company-controlled systems and Company-controlled data in properties that the Company manages, franchises, licenses, and owns, outright or through hospitality ventures. We believe the Company's insurance policies, as well as those maintained by third-party owners, including hospitality ventures, are adequate for foreseeable losses and on terms and conditions that are reasonable and customary with solvent insurance carriers. We also self-insure some of our risks generally through the use of deductibles and retentions. We believe these deductibles and retentions are reasonable and customary for our industry and our size. We use U.S.-based and licensed captive insurance companies that are wholly owned subsidiaries of the Company to generally insure our deductibles and retentions, but excludes most property insurance deductibles and retentions.

Stockholder Agreements

The following is a summary of the provisions of the Amended and Restated Global Hyatt Agreement, the Amended and Restated Foreign Global Hyatt Agreement, and the Global Hyatt Corporation 2007 Stockholders' Agreement (the "2007 Stockholders' Agreement"). The following descriptions of these agreements do not purport to be complete and are subject to, and qualified in their entirety by, the Amended and Restated Global Hyatt Agreement, Amended and Restated Foreign Global Hyatt Agreement, and 2007 Stockholders' Agreement, copies of which have been filed with the Securities and Exchange Commission ("SEC") and are incorporated by reference herein. For additional information regarding these agreements, please also refer to Part I, Item 1A, "Risk Factors—Risks Related to Share Ownership and Other Stockholder Matters."
Amended and Restated Global Hyatt Agreement

The trustees of the U.S. situs trusts for the benefit of certain lineal descendants of Nicholas J. Pritzker, deceased, that own, directly or indirectly, shares of our common stock, and the adult beneficiaries of such trusts, including Mr. Thomas J. Pritzker, our executive chairman, and Mr. Jason Pritzker, one of our directors, and any of their successors that own, directly or indirectly, shares of our common stock, have entered into the Amended and Restated Global Hyatt Agreement pursuant to which they have agreed to, among other things, certain voting agreements and limitations on the sale of shares of our common stock. At January 31, 2020, Pritzker family business interests own, directly or indirectly, 63,461,878 shares, or 62.6%, of our total outstanding common stock and control approximately 91.6% of our total voting power. Specifically, such parties have agreed that until the date upon which more than 75% of the Company's fully diluted shares of common stock is owned by persons other than Pritzker family members and spouses (including any U.S. or non-U.S. situs trusts for the current or future, direct or indirect, vested or contingent, benefit of Pritzker family members and spouses), all Pritzkers (and their successors in interest, if applicable), but not the transferees by sale (other than Pritzkers who purchase directly from other Pritzkers), will vote all of their voting securities consistent with the recommendations of our board of directors with respect to all matters assuming agreement as to any such matter by a majority of a minimum of three independent directors (excluding for such purposes any Pritzker) or, in the case of transactions involving us and an affiliate, assuming agreement of all of such minimum of three independent directors (excluding for such purposes any Pritzker).

All Pritzkers have agreed to cast and submit by proxy to us their votes in a manner consistent with the foregoing voting agreement at least five business days prior to the scheduled date of any annual or special meeting of stockholders.

In addition, such parties have agreed that until the date upon which more than 75% of the Company's fully diluted shares of common stock is owned by persons other than Pritzker family members and spouses (including any U.S. or non-U.S. situs trusts for the current or future, direct or indirect, vested or contingent, benefit of any Pritzker family members and spouses), all Pritzker family members and spouses (including U.S. and non-U.S. situs trusts for the current or future, direct or indirect, vested or contingent, benefit of any Pritzker family members and spouses or affiliates of any thereof) in a "beneficiary group" (including trusts only to the extent of the then current beneficial interest of members of such beneficiary group) may sell up to 25% of their aggregate holdings of our common stock, measured as of November 4, 2009, the date of effectiveness of the registration statement on Form S-1 (File No. 333-161068) relating to our initial public offering of our Class A common stock, in each 12-month period following the date of effectiveness of such registration statement (without carry-overs), and shall not sell more than such amount during any such period. Upon the unanimous affirmative vote of our independent directors (excluding for such purposes any Pritzker), such 25% limitation may, with respect to each such 12 month period, be increased to a higher percentage or waived entirely. Sales of our common stock, including Class A common stock and Class B common stock, between and among Pritzkers is permitted without regard to the sale restrictions described above and such sales are not counted against the 25% sale limitation.

All shares of our common stock owned by each beneficiary group (including trusts only to the extent of the then current beneficial interest of members of such beneficiary group) are freely pledgeable to an institutional lender and such institutional lender will not be subject to the sale restrictions described above upon default and foreclosure.

The Amended and Restated Global Hyatt Agreement may be amended, modified, supplemented, or restated by the written agreement of the successors to Mr. Thomas J. Pritzker, Mr. Marshall E. Eisenberg, and Mr. Karl J. Breyer, solely in their capacity as co-trustees of the Pritzker family U.S. situs trusts, 75% of the adult beneficiaries named below and a majority of the other adult beneficiaries party to the agreement. Each of Thomas J. Pritzker, Nicholas J. Pritzker, Jennifer N. Pritzker, John A. Pritzker, Linda Pritzker, Karen L. Pritzker, Penny Pritzker, Daniel F. Pritzker, Anthony N. Pritzker, Gigi Pritzker Pucker, and Jay Robert Pritzker, and their respective lineal descendants and current spouse, if relevant, make up a "beneficiary group." Disputes that relate to the subject matter of the Amended and Restated Global Hyatt Agreement are subject to arbitration pursuant to the terms of the agreement. The exclusive requirement to arbitrate under the Amended and Restated Global Hyatt Agreement shall not apply with respect to the manner in which Hyatt's operations are conducted to the extent the parties (in their capacities as stockholders) and non-Pritzker public stockholders are affected comparably; provided, however, that a party may participate in and benefit from any shareholder litigation initiated by a non-party to the agreement. A party to the agreement may not solicit others to initiate or be a named plaintiff in such litigation (i) unless two thirds of the independent directors (excluding for such purposes any Pritzker) of a board of directors having at least three independent directors (excluding for such purposes any Pritzker) do not vote in favor of the matter that is the subject of the litigation or (ii) in the case of affiliated transactions reviewed by our board of directors, unless at least one independent director (excluding for such purposes any Pritzker) did not approve the transaction.

2007 Stockholders' Agreement

In connection with the issuance and sale of 100,000 shares of our Series A Convertible Preferred Stock to GS Sunray Holdings, L.L.C. ("GSSH") and GS Sunray Holdings Parallel, L.L.C. ("GSSHP" and collectively with GSSH, the "Goldman Sachs Funds"), affiliates of Goldman, Sachs & Co., and the execution of a Subscription Agreement in August 2007, we entered into the 2007 Stockholders' Agreement with Madrone GHC, LLC and affiliates (collectively, "Madrone"), the Goldman Sachs Funds, and an additional investor that provides for certain rights and obligations of these stockholders, as described below.

In May 2009, the shares of our Series A Convertible Preferred Stock held by the Goldman Sachs Funds were converted into shares of common stock. Such shares of common stock, along with shares of common stock purchased by the Goldman Sachs Funds and Madrone in May 2009 pursuant to the Subscription Agreement and in the May 2009 private placement transaction, and any other shares of common stock held by the parties to the 2007 Stockholders' Agreement prior to our initial public offering, were reclassified into shares of our Class B common stock upon the filing of our Amended and Restated Certificate of Incorporation on November 4, 2009, the date of our initial public offering. At January 31, 2020, the Goldman Sachs Funds and Madrone no longer held any shares of common stock subject to the 2007 Stockholders' Agreement as a result of sales into the public market subject to applicable securities laws.

Transfer Restrictions

No stockholder party to the 2007 Stockholders' Agreement may transfer (1) the legal or beneficial ownership of any common stock held by such stockholder unless such acquiring person's ownership of common stock is not reasonably likely to jeopardize any licensing from a governmental authority, as determined by our board of directors in its reasonable discretion, (2) any common stock to an aggregator (meaning a person who is required to file a Schedule 13D under the Exchange Act disclosing an interest other than for investment), (3) any common stock to a competitor of ours engaged in one or more of the hospitality, lodging, and/or gaming industries or (4) any common stock that would cause a stockholder to violate any provision of the agreement. Such restrictions are qualified by the "actual knowledge" of the transferring stockholder in the case of transfers pursuant to an underwritten public offering or a broad distribution sale.

Right of First Refusal

In the event that the number of shares of common stock proposed to be transferred by a stockholder party to the 2007 Stockholders' Agreement and its affiliates together with any shares of common stock then proposed to be transferred by the other stockholders party to the 2007 Stockholders' Agreement and their affiliates exceeds 2% of the then outstanding shares of common stock, then prior to consummating the sale of common stock to a third-party purchaser, such stockholder or stockholders shall offer to transfer the common stock to us at the applicable market value (as defined in the 2007 Stockholders' Agreement). If we do not accept the offer within a specified period of time, such stockholder or stockholders may transfer the shares of common stock to the third-party purchaser as long as such transfer occurs within the time periods specified in the 2007 Stockholders' Agreement and on terms and conditions no more favorable in the aggregate than those offered to us. We waived all rights of first refusal with respect to shares held by the Goldman Sachs Funds and Madrone in connection with the sales into the public market by such entities.

"Drag-Along" Right

In connection with a "change of control" (as defined in the 2007 Stockholders' Agreement) transaction, we have the right to require each stockholder party to the 2007 Stockholders' Agreement to participate in such change of control transaction on the same terms, conditions, and price per share of common stock as those applicable to the other holders of our common stock. In addition, upon our request, the stockholders party to the 2007 Stockholders' Agreement have agreed to vote in favor of such change of control transaction or similar transaction, and we have the right to require each stockholder party to the 2007 Stockholders' Agreement to vote for, consent to, and raise no objection to any such transaction.

"Tag-Along" Right

Subject to the fiduciary duties of our board of directors, we have agreed that we will not agree to consummate a change of control transaction with respect to which the stockholders party to the 2007 Stockholders' Agreement are not given the right to participate on the same terms, conditions, and price per share of common stock as those applicable to the other holders of our common stock.
Preemptive Rights

Each stockholder party to the 2007 Stockholders’ Agreement has the right to purchase such stockholder's pro rata share of any new shares of common stock, or any other equity securities, that we may propose to sell and issue on comparable terms by making an election within the time periods specified in the 2007 Stockholders’ Agreement, subject to certain excluded securities issuances described in the 2007 Stockholders’ Agreement, including shares issued pursuant to equity compensation plans adopted by our board of directors and the issuance of shares of our common stock in a public offering. If not all stockholders elect to purchase their full preemptive allocation of new securities, then we will notify the fully-participating stockholders and offer them the right to purchase the unsubscribed new securities.

Voting Agreement

Until the date that Mr. Thomas J. Pritzker is no longer our chairman, each stockholder party to the 2007 Stockholders’ Agreement has agreed to vote all of their shares of common stock consistent with the recommendations of a majority of our board of directors with respect to all matters. At January 31, 2020, the stockholders party to the 2007 Stockholders’ Agreement own in the aggregate 2,270,395 shares of Class B common stock or approximately 3.5% of our Class B common stock, approximately 2.2% of the total outstanding shares of our common stock and approximately 3.3% of the total voting power of our outstanding common stock.

Standstill

Under the 2007 Stockholders’ Agreement, each stockholder party to the 2007 Stockholders’ Agreement agreed that, subject to certain limited exceptions, so long as such stockholder owns shares of common stock, neither such stockholder nor any of its related persons will in any manner, directly or indirectly:

- effect or seek, offer or propose (whether publicly or otherwise) to effect, or announce any intention to effect or cause or participate in or in any way assist, facilitate, or encourage any other person to effect or seek, offer or propose (whether publicly or otherwise) to effect or participate in, (a) any acquisition of any of our or our subsidiaries' securities (or beneficial ownership thereof), except through the proper exercise of preemptive rights granted under the 2007 Stockholders’ Agreement, or rights or options to acquire any of our or our subsidiaries' securities (or beneficial ownership thereof), or any of our or our subsidiaries' or affiliates' assets, indebtedness, or businesses, (b) any tender or exchange offer, merger, or other business combination involving us or any of our subsidiaries or affiliates or any assets constituting a significant portion of our consolidated assets, (c) any recapitalization, restructuring, liquidation, dissolution, or other extraordinary transaction with respect to us or any of our subsidiaries or affiliates, or (d) any "solicitation" of "proxies" (as such terms are used in the proxy rules under the Exchange Act) or written consents with respect to any of our or our affiliates' voting securities. For this purpose, the term "affiliates" means our affiliates primarily engaged in the hospitality, lodging, and/or gaming industries;
- form, join, or in any way participate in a "group" (within the meaning of Section 13(d) of the Exchange Act) with respect to us where such group seeks to acquire any of our equity securities;
- otherwise act, alone or in concert with others, to seek representation on or to control or influence our or our subsidiaries' management, board of directors, or policies;
- take any action which would or would reasonably be expected to force us to make a public announcement regarding any of the types of matters set forth in the first bullet point above;
- own more than 12% of the issued and outstanding common stock, unless such ownership arises as a result of any action not taken by or on behalf of such stockholder or a related person of such stockholder; or
- request that we or any of our representatives, directly or indirectly, amend or waive any of the foregoing provisions.

Each stockholder party to the 2007 Stockholders’ Agreement has also agreed that, if at any time during the period such stockholder is subject to the foregoing provisions, such stockholder is approached by any third party concerning its participation in any transaction or proposed transaction involving the acquisition of all or any portion of the assets, indebtedness, or securities of, or any business of, ours or any of our subsidiaries, such stockholder will promptly inform us of the nature of such transaction and the parties involved.

Termination

The 2007 Stockholders’ Agreement terminates (1) with respect to any individual stockholder, on the first date when such stockholder no longer holds any shares of common stock and (2) in its entirety, upon the first to occur of all of our equity

Item 1A. Risk Factors.

In addition to the other information set forth in this annual report, you should consider carefully the risks and uncertainties described below, which could materially adversely affect our business, financial condition, results of operations, and cash flows.

Risks Related to the Hospitality Industry

We are subject to macroeconomic and other factors beyond our control as well as the business, financial, operating, and other risks of the hospitality industry, all of which may adversely affect our financial results and growth.

Macroeconomic and other factors beyond our control as well as the business, financial, operating, and other risks of the hospitality industry can adversely affect demand for hospitality products and services. This includes demand for rooms and services at the portfolio of properties that we develop, own, operate, manage, franchise, provide services to, and license. These factors include:

- changes and volatility in general economic conditions, including the severity and duration of any downturn in the U.S., Europe, Asia Pacific, or global economy and financial markets;
- war, civil unrest, terrorist activities or threats, and heightened travel security measures instituted in response to these events;
- global outbreaks of pandemics or contagious diseases or fear of such outbreaks, such as the recent coronavirus (COVID-19) outbreak;
- climate change and resource scarcity, such as water and energy scarcity;
- natural or man-made disasters, such as earthquakes, tsunamis, tornadoes, hurricanes, floods, wildfires, oil spills, and nuclear incidents;
- changes in the desirability of particular locations or travel patterns of customers;
- decreased corporate budgets and spending and cancellations, deferrals, or renegotiations of group business;
- low consumer confidence, high levels of unemployment, and depressed housing prices;
- the financial condition of the airline, automotive, and other transportation-related industries and its impact on travel;
- decreased airline capacities and routes;
- travel-related accidents;
- oil prices and travel costs;
- statements, actions, or interventions by governmental officials related to travel and corporate travel-related activities and the resulting negative public perception of such travel and activities;
- domestic and international political and geo-political conditions, including changes in trade policy;
- changes in taxes and governmental regulations that influence or set wages, prices, interest rates, or construction and maintenance procedures and costs;
- the costs and administrative burdens associated with compliance with applicable laws and regulations;
- changes in operating costs, including, but not limited to, labor (including minimum wage increases), energy, food, workers' compensation, benefits, insurance, and unanticipated costs resulting from force majeure events;
- significant increases in cost for healthcare coverage for employees and potential government regulation with respect to health coverage;
- the lack of availability, or increase in the cost, of capital for us or our existing and potential property owners;

26
• the attractiveness of our properties and services to consumers and potential owners and competition from other hotels and alternative lodging marketplaces, including online accommodation search and/or reservation services, and wellness-related businesses;
• cyclical over-building in the hotel, all-inclusive, and vacation ownership industries; and
• organized labor activities, which could cause a diversion of business from hotels involved in labor negotiations and loss of group business for our hotels generally as a result of certain labor tactics.

These factors, and the reputational repercussions of these factors, can adversely affect, and from time to time have adversely affected, individual properties, particular regions, or our business as a whole. How we manage any one or more of these factors, or any crisis, could limit or reduce demand for the services we provide or the rates our portfolio of properties are able to charge for rooms or services, which could adversely affect our financial results and growth. These factors can also increase our costs or affect our ability to develop new properties or maintain and operate our existing portfolio of properties.

The hospitality industry is cyclical and adverse global economic conditions or low levels of economic growth could adversely affect our revenues and profitability as well as cause a decline in or limitation of our future growth.

Consumer demand for our products and services is closely linked to the performance of the general economy and sensitive to business and personal discretionary spending levels. Declines in consumer demand due to adverse general economic conditions, risks affecting or reducing travel patterns, lower consumer confidence, high unemployment, or adverse political conditions can lower the revenues and profitability of our owned properties and the amount of management and franchise fee revenues we are able to generate from our managed and franchised properties. In addition, expenses associated with managing, franchising, licensing, or owning hotels, branded spas and fitness studios, and residential, vacation, and condominium ownership units are relatively fixed. These costs include personnel costs, interest, rent, property taxes, insurance, and utilities, all of which may increase at a greater rate than our revenues and/or may not be able to be reduced at the same rate as declining revenues. Where cost-cutting efforts are insufficient to offset declines in revenues, we could experience a material decline in margins and reduced or negative cash flows. If we are unable to decrease costs significantly or rapidly when demand for our hotels and other properties decreases, the decline in our revenues could have a particularly adverse impact on our net cash flows and profits. This effect can be especially pronounced during periods of economic contraction or slow economic growth. Economic downturns generally affect the results derived from owned properties more significantly than those derived from managed and franchised properties given the greater exposure owners have to the properties' performance. Our proportion of owned and leased properties, compared to the number of properties we manage or franchise for third-party owners, is larger than that of many of our competitors and, as a result, an economic downturn could have a greater adverse effect on our results of operations. As a result, changes in consumer demand and general business cycles can subject, and have subjected, our revenues, earnings, and results of operations to significant volatility.

Uncertainty regarding the future rate and pace of economic growth in different regions of the world makes it difficult to predict future profitability levels. Additionally, if economic weakness were to affect any particular regions of the world, it could have an adverse impact on our revenues and negatively affect our profitability.

Because we derive a portion of our revenues from operations outside the United States, the risks of doing business internationally, or in a particular country or region, could lower our revenues, increase our costs, reduce our profits, or disrupt our business.

We currently manage, franchise, or own hotels and resorts in 65 countries around the world. Our operations outside the United States represented approximately 17% of our revenues for the year ended December 31, 2019. The hotels and resorts we manage, franchise, or own outside of the United States represent approximately 39% of the rooms in our system-wide inventory at December 31, 2019. We expect our international operations may account for an increasing portion of our total revenues and rooms in the future.

As a result, we are subject to the risks of doing business outside the United States, including:
• the costs of complying with laws, regulations, and policies (including taxation policies) of foreign governments relating to investments and operations, the costs or desirability of complying with local practices and customs, and the impact of various anti-corruption and other laws affecting the activities of U.S. companies abroad;
• currency exchange rate fluctuations or currency restructurings;
• U.S. taxation of income earned abroad;
• limitations on the redeployment of non-U.S. earnings;
• import and export licensing requirements and regulations, as well as unforeseen changes in regulatory requirements, including imposition of tariffs or embargoes, export regulations, controls, and other trade restrictions;
• political and economic instability;
• the complexity of managing an organization doing business in many jurisdictions;
• uncertainties as to local laws and enforcement of contract and intellectual property rights and occasional requirements for onerous contract clauses; and
• rapid changes in government, economic and political policies, political or civil unrest, acts of terrorism, or the threat of international boycotts or U.S. anti-boycott legislation.

While these factors and the impact of these factors are difficult to predict, any one or more of them could lower our revenues, increase our costs, reduce our profits, or disrupt our business. For example, in 2019, our financial results were adversely affected by political unrest in Hong Kong.

In addition, conducting business in currencies other than U.S. dollars subjects us to fluctuations in currency exchange rates, currency devaluations, or restructurings that could have a negative impact on our financial results. Our exposure to foreign currency exchange rate fluctuations or currency restructurings is expected to continue to grow if the relative contribution of our operations outside the United States increases.

We occasionally enter into foreign exchange hedging agreements with financial institutions to reduce certain of our exposures to fluctuations in currency exchange rates. However, these hedging agreements may not eliminate foreign currency risk entirely and involve costs and risks of their own, such as ongoing management time and expertise and external costs related to executing hedging agreements.

Risks relating to natural or man-made disasters, contagious diseases, such as the recent coronavirus (COVID-19) outbreak, terrorist activity, and war could reduce the demand for lodging, which may adversely affect our financial condition and results of operations.

Hurricanes, earthquakes, tsunamis, wildfires, and other man-made or natural disasters, as well as the spread or fear of spread of contagious diseases in locations where we own, manage, or franchise significant properties and areas of the world from which we draw a large number of guests, could cause a decline in the level of business and leisure travel in certain regions or as a whole and reduce the demand for lodging, which may adversely affect our financial and operating performance. Actual or threatened war, terrorist activity, political unrest, civil strife, and other geopolitical uncertainty could have a similar effect on our financial condition or our growth strategy. Any one or more of these events may reduce the overall demand for hotel rooms or limit the prices we can obtain for them, both of which could adversely affect our profits and financial results.

The current outbreak of a novel strain of coronavirus (COVID-19) first identified in Wuhan, China is resulting in closures of certain of our Greater China properties and significant declines in occupancy at many of our other Greater China properties all of which are included in the ASPAC management and franchising segment. On January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern,” and major airlines have canceled flights to and from China for an extended period of time, which we anticipate will further impact travel and tourism in China and across the globe. While the duration of business interruption from this outbreak and related financial impact cannot be reasonably estimated at this time, we expect that the results of both the ASPAC management and franchising segment and our consolidated financial results will be adversely affected in 2020. In addition, we expect that the outbreak will affect construction progress in Greater China, which will negatively impact our net rooms growth in 2020. At the time of this filing, the outbreak has been largely concentrated in Greater China, although cases have been confirmed in other countries. The extent to which the coronavirus impacts our results will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and actions taken to contain the coronavirus or its impact, among others.
Risks Related to Our Business

Because we operate in a highly competitive industry, our revenues, profits, or market share could be harmed if we are unable to compete effectively, and new distribution channels, alternatives to traditional hotels, and industry consolidation among our competitors may negatively impact our business.

The segments of the hospitality industry in which we operate are subject to intense competition. Our principal competitors are other operators of full service, select service, including extended stay, all-inclusive, and wellness properties, including other major hospitality chains with well-established and recognized brands. Some of these major hospitality chains are larger than we are based on the number of properties or rooms they manage, franchise, or own or based on the number of geographic locations in which they operate. Some of our competitors also have significantly more members participating in their loyalty programs which may enable them to attract more customers and more effectively retain such guests. Our competitors may also have greater financial and marketing resources than we do, which could allow them to improve their properties and expand and improve their marketing efforts in ways that could adversely affect our ability to compete for guests effectively. In addition to these competitors, we also compete against smaller hotel chains and independent and local hotel owners and operators.

Increasingly, we also face competition from new channels of distribution in the travel industry. Additional sources of competition include large companies that offer online travel services as part of their business model, such as Alibaba, search engines such as Google, and peer-to-peer inventory sources that allow travelers to book stays on websites that facilitate the short-term rental of homes and apartments from their owners, thereby providing an alternative to hotel rooms, such as Airbnb and HomeAway.

The hospitality industry has experienced significant consolidation, and we expect this trend may continue as companies attempt to strengthen or hold their market positions in a highly competitive and evolving industry. Consolidation by our competitors will give them increased scale and may enhance their capacity, abilities, and resources and lower their cost structure, causing us to be at a competitive disadvantage. If we lose market share or are not able to successfully attract third-party hotel owners to our brands as a result of this consolidation, our results of operations, cash flow, business, and overall financial condition could be materially adversely affected.

Significant increases in the volume of sales made through third-party internet travel intermediaries could have an adverse impact on consumer loyalty to our brand and could negatively affect our revenues and profits.

We expect to continue to derive most of our business from traditional channels of distribution and our digital platforms. However, consumers worldwide routinely use internet travel intermediaries to book travel. Some of these intermediaries are attempting to increase the importance of generic quality indicators (such as "four-star downtown hotel") at the expense of brand identification. These intermediaries hope that consumers will eventually develop brand loyalties to their reservation systems rather than to our brands. Some of these intermediaries have launched their own loyalty programs to further develop loyalties to their reservation systems. In addition, these intermediaries typically obtain higher commissions or other potentially significant contract concessions, increasing the overall cost of these third-party distribution channels. If the volume of sales made through internet travel intermediaries continues to increase, consumers may develop stronger loyalties to these intermediaries rather than to our brands, our distribution costs could increase significantly, and our business revenues and profits could be harmed.

If we are unable to establish and maintain key distribution arrangements for our properties, the demand for our rooms and our revenues could fall.

Increasingly, the rooms at hotels and resorts that we manage, franchise, or own are booked through third-party internet travel intermediaries and online travel service providers. We also engage third-party intermediaries, including travel agencies and meeting and event management companies, who collect fees by charging our hotels and resorts a commission on room revenues. A failure by our distributors to attract or retain their customer bases could lower demand for hotel rooms and, in turn, reduce our revenues. In addition, some of our distribution agreements are not exclusive, are short term, are terminable at will, or are subject to early termination provisions. The loss of distributors, increased distribution costs, or the renewal of distribution agreements on less favorable terms could adversely impact our business.

Cyber risk and the failure to maintain the integrity of customer, colleague, or company data could adversely affect our business, harm our reputation, and/or subject us to costs, fines, penalties, investigations, enforcement actions, or lawsuits.

We collect, use, and retain large volumes of customer data, including payment card numbers and other personal information for business, marketing, and other purposes, and our various information technology systems capture, process, summarize, and report such data. We also maintain personal information and other data about our colleagues. We store and process such customer, colleague, and company data both at onsite facilities and at third-party owned facilities including, for
example, in third-party hosted cloud environments. We also rely on the availability of information technology systems to operate our business, including communications, reservations, digital platforms, including the loyalty program, guest services, payments, and other general operations. The integrity and protection of customer, colleague, and company data, as well as the continuous operation of our systems, are critical to our business. Our customers and colleagues expect we will adequately protect their personal information and that our services will be continuously available.

The regulations and contractual obligations applicable to security and privacy are increasingly demanding, both in the United States and in other jurisdictions where we operate, and cyber threat actors regularly target the hospitality industry. In addition, the scope and complexity of the cyber-threat landscape could affect our ability to adapt to and comply with changing regulatory obligations and expectations. Because of the scope and complexity of our information technology structure, our reliance on third parties to support and protect our structure and data, and the constantly evolving cyber-threat landscape, our systems may be vulnerable to disruptions, failures, unauthorized access, cyber-terrorism, human error, negligence, fraud, or other misuse. Moreover, our systems, colleagues, and customers may be targeted by social engineering attacks or account takeover tactics that may, among other things, aim to obtain funds or information fraudulently. These or similar occurrences, whether accidental or intentional, could result in an interruption in the operation of our systems or theft, unauthorized access, disclosure, loss, and fraudulent or unlawful use of customer, colleague, or company data, all of which could impact our business, result in operational inefficiencies or loss of business, create negative publicity, cause harm to our reputation, or subject us to remedial and other costs, fines, penalties, investigations, enforcement actions, or lawsuits. Additionally, we increasingly rely on franchisees and licensees who operate their own networks and engage with their own service providers, and a security incident involving such networks could affect our reputation and result in operational inefficiencies or loss of business.

We have disclosed prior incidents involving cyber threat actors who have attacked our systems, as well as those operated by third-parties, to gain access to devices that process payment card or other data. We expect ongoing attempts to gain access to our systems and those operated by our third-party owners, franchisees, licensees, and vendors. We continue to use an evolving privacy and security risk management framework utilizing risk assessments to identify priorities for enhancements, including enhancement efforts that involve implementing technologies such as payment card tokenization and point-to-point encryption, advanced endpoint detection, network segmentation, and secure web and email gateways. While we implement security measures designed to safeguard our systems and data, and intend to continue implementing additional measures in the future, our implementation efforts may be incomplete or our measures may not be sufficient to maintain the confidentiality, security, or availability of the data we collect, store, and use to operate our business. We work to continuously evaluate our security posture throughout our business and make appropriate changes to our operating processes and improve our defenses. We maintain insurance designed to provide coverage for cyber risks related to the theft, loss, and fraudulent, or unlawful use of customer, colleague, or company data in our systems, but future occurrences could result in costs and business impacts that may not be covered or may be in excess of any available insurance that we may have arranged. As a result, future incidents could have a material impact on our business and adversely affect our financial condition and results of operations.

Information technology system failures, delays in the operation of our information technology systems, or system enhancement failures could reduce our revenues and profits and harm the reputation of our brands and our business.

Our success depends on the efficient and uninterrupted operation of our information technology systems. For example, we depend on our central reservation system, which allows bookings by hotels directly, via telephone through our global contact centers, by travel agencies, through our digital platforms, and through our online reservations partners. In addition, we depend on information technology to run our day-to-day operations, including, among others, hotel services and amenities such as guest check-in and check-out, housekeeping and room service, and systems for tracking and reporting our financial results and the financial results of our hotels.

Our information technology systems are vulnerable to damage or interruption from fire, floods, hurricanes, power loss, telecommunications failures, computer viruses, break-ins, and similar events. The occurrence of any of these natural disasters or unanticipated problems at any of our information technology facilities could cause interruptions or delays in our business, loss of data, or render us unable to process reservations.

In addition, if our information technology systems are unable to provide the information communications capacity that we need or if our information technology systems suffer problems caused by installing system enhancements, we could experience similar failures or interruptions. If our information technology systems fail and our redundant systems or disaster recovery plans are not adequate to address such failures or if our property and business interruption insurance does not sufficiently compensate us for any losses that we may incur, our revenues and profits could be reduced and the reputation of our brands and our business could be harmed.
If we fail to stay current with developments in technology necessary for our business, our operations could be harmed and our ability to compete effectively could be diminished.

Sophisticated information technology and other systems are instrumental for the hospitality industry, including systems used for our central reservations, revenue management, property management, and global loyalty program, as well as technology systems that we make available to our guests. These information technology and other systems must be refined, updated, or replaced with more advanced systems on a regular basis. Developing and maintaining these systems may require significant capital. If we are unable to replace or introduce information technology and other systems as quickly as our competitors or within budgeted costs or schedules when these systems become outdated or require replacement, or if we are unable to achieve the intended benefits of any new information technology or other systems, our operations could be harmed and our ability to compete effectively could be diminished.

Competition for Guests

We compete for guests at our hotels and our resorts and for customers of our services, based primarily on brand name recognition and reputation, location, customer satisfaction, room rates, quality of service, amenities, quality of accommodations, security, our cancellation policy, and the ability to earn and redeem loyalty program points.

Competition for Management and Franchise Agreements

We compete for management agreements based primarily on the value and quality of our management services, our brand name recognition and reputation, the level of our management fees, the cost of our system-wide services, the terms of our management agreements (including compared to the terms our competitors offer), and the economic advantages to the property owner of retaining our management services and using our brand name. We compete for franchise agreements based primarily on brand name recognition and reputation, the room rate that can be realized, the cost of our system-wide services, and royalty fees charged. Other competitive factors for management and franchise agreements are relationships with property owners and investors, availability and affordability of financing, marketing support, loyalty programs, reservation and e-commerce system capacity and efficiency, distribution channels, limitations on the expansion of one or more of our brands in certain geographic areas due to restrictions previously agreed to in order to secure management and franchise opportunities, and the ability to provide capital that may be necessary to obtain management and franchise agreements.

Competition for Residential, Vacation, and Condominium Ownership Properties

The residential, vacation, and condominium ownership properties which we manage, own, or to which we provide services or license our trademarks compete with other hotel and resort properties principally on the basis of location, quality of accommodations, price, financing terms, quality of service, terms of property use, opportunity to exchange for time at other vacation properties, as applicable, and brand name recognition and reputation. In addition, our residential and condominium ownership properties compete with peer-to-peer inventory sources that allow travelers to book stays on websites that facilitate the short-term rental of homes and apartments from owners, such as Airbnb, Vrbo, and Vacasa, and residential projects affiliated with branded hospitality companies. Our vacation ownership business also competes with national and independent vacation ownership club operators and owners reselling their interests in these properties, which could reduce demand or prices for new vacation ownership properties.
Adverse incidents at, or adverse publicity concerning, our properties or our corporate responsibilities could harm our brands and reputation, as well as adversely affect our market share, business, financial condition, or results of operations.

Our brands and our reputation are among our most important assets. Our ability to attract and retain guests and colleagues depends, in part, upon the external perceptions of Hyatt, the quality of our hotels and services, and our corporate and management integrity. An incident involving the potential safety or security of our guests or colleagues, or adverse publicity regarding safety or security at our competitors’ properties, or in respect of our third-party vendors or owners and the industry, and any media coverage resulting therefrom, may harm our brands and reputation, cause a loss of consumer confidence in Hyatt and the industry, and negatively impact our results of operations. Additionally, our reputation could be harmed if we fail to, or are perceived to, not comply with various regulatory requirements or if we fail to act responsibly or are perceived as not acting responsibly in a number of areas such as safety and security, data security, diversity and inclusion, sustainability, responsible tourism, environmental stewardship, supply chain management, climate change, human rights, and philanthropy and support for local communities. The continued expansion in the use and influence of social media has compounded the potential scope of the negative publicity that could be generated and could increase our costs, lead to litigation or governmental investigations, or result in negative publicity that could damage our reputation. Adverse incidents have occurred in the past and may occur in the future. Negative incidents could lead to tangible adverse effects on our business, including lost sales, boycotts, reduced enrollment and/or participation in the loyalty program, disruption of access to our digital platforms, loss of development opportunities, or colleague retention and recruiting difficulties. Any decline in the reputation or perceived quality of our brands or corporate image could adversely affect our market share, business, financial condition, or results of operations.

We cannot predict the outcome of any such arbitration or litigation, the effect of any adverse judgment of a court or arbitrator against us, or the amount of any settlement we may enter into with any third party.

We earn fees for managing and franchising hotels and other properties and expect franchise ownership to continue to increase over time. The viability of our management and franchising business depends on our ability to establish and maintain good relationships with third-party property owners and franchisees. Third-party developers, property owners, and franchisees are focused on maximizing the value of their investment and working with a management company or franchisor that can help them be successful. The effectiveness of our management, the value of our brands, and the rapport we maintain with our third-party property owners and franchisees impact renewals of existing agreements and are also important factors for acquiring new third-party property owners or franchisees considering doing business with us. Our relationships with these third parties generate additional property development opportunities that support our growth. In addition, if third-party property owners or franchisees breach the terms of our agreements with them, we may elect to exercise our termination rights, which would eliminate our revenues from these properties and cause us to incur expenses related to terminating these relationships. These risks become more pronounced during economic downturns.

Contractual and other disagreements with third-party property owners or franchisees could make us liable to them or result in litigation costs or other expenses, which could lower our profits.

Our management and franchise agreements require us and third-party property owners or franchisees to comply with operational and performance conditions that are subject to interpretation and could result in disagreements. Additionally, some courts have applied principles of agency law and related fiduciary standards to managers of third-party hotel properties like us, which means, among other things, that property owners may assert the right to terminate management agreements even where the agreements do not expressly provide for termination. In the event of any such termination, we may need to enforce our right to damages or negotiate damages that may not equal expected profitability over the term of the agreement.

We generally seek to resolve any disagreements with our third-party property owners or franchisees amicably. Formal dispute resolution occurs through arbitration, if provided under the applicable management or franchise agreement, or through litigation. We cannot predict the outcome of any such arbitration or litigation, the effect of any adverse judgment of a court or arbitrator against us, or the amount of any settlement we may enter into with any third party.

If our management or franchise agreements terminate prematurely or if we elect to make cure payments due to failures to meet performance tests or upon the occurrence of other stated events, our revenues could decrease and our costs could increase.

Our management and franchise agreements may terminate prematurely in certain cases. Some of our management agreements provide early termination rights to owners of the hotels we manage upon the occurrence of a stated event, such as the sale of the hotel or our failure to meet a specified performance test.

Generally, termination rights under performance tests are based upon the property's individual performance, its performance when compared to a specified set of competitive hotels branded by other hotel operators, or both. Some
agreements require a failure of one test, and other agreements require a failure of more than one test, before termination rights are triggered. These termination rights are usually triggered if we do not meet the performance tests over multiple years. Generally, we have the option to cure performance failures by making an agreed-upon cure payment. However, our cure rights may be limited in some cases, and the failure to meet the performance tests may result in the termination of our management agreement. In the past we have (1) failed performance tests, received notices of termination, and elected to make cure payments, (2) failed performance tests and negotiated an alternative resolution, and (3) failed performance tests and elected not to make a cure payment. When any termination notice is received, we evaluate all relevant facts and circumstances at the time in deciding whether to cure. See Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 15 to our Consolidated Financial Statements" for more information related to performance test payments. In addition, some of our management agreements give third-party property owners the right to terminate upon payment of a termination fee to us after a certain period of time, upon sale of the property, or another stated event. Our franchise agreements typically require franchisees to pay a fee to us before terminating. In addition, if an owner files for bankruptcy, our management and franchise agreements may be terminable under applicable law. If a management or franchise agreement terminates, we would lose the revenues we derive from that agreement and could incur costs related to ending our relationship with the third party and exiting the property.

Certain of our contractual arrangements with third-party owners require us to guarantee payments to the owners if specified levels of operating profit are not achieved by their hotels.

The terms of certain guarantees to hotel owners may require us to fund shortfalls if the hotels do not attain specified levels of operating profit. This guaranteed funding to hotel owners may not be recoverable to us and could lower our profits and reduce our cash flows. As an example, in 2013, we entered into management agreements for four managed hotels in France (“the four managed hotels in France”) and a related performance guarantee for the first seven years of the management agreements, pursuant to which we have had to make payments to the owner and expect to make payments through the term of the guarantee which expires on April 30, 2020. The performance guarantee stipulated a maximum performance guarantee commitment of €377 million, which is reduced by annual payments made under the guarantee. While neither the cumulative payments to date nor expected payments under this or other guarantees have been or are expected to be significant to our liquidity, future payments under these performance guarantees may adversely affect our financial performance and results of operations. See Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 15 to our Consolidated Financial Statements" for more information related to our guarantees.

We are exposed to the risks resulting from significant investments in owned and leased real estate, which could increase our costs, reduce our profits, limit our ability to respond to market conditions, or restrict our growth strategy.

Our proportion of owned and leased properties, compared to the number of properties that we manage or franchise for third-party owners, is larger than that of many of our competitors. Real estate ownership and leasing is subject to risks not applicable to managed or franchised properties which could adversely affect our results of operations, cash flow, business, and overall financial condition, including:

- governmental regulations relating to real estate ownership;
- real estate, insurance, zoning, tax, environmental, and eminent domain laws;
- the ongoing need for owner funded capital improvements and expenditures to maintain or upgrade properties;
- risks associated with mortgage debt, including the possibility of default, fluctuating interest rate levels, and the availability of replacement financing;
- risks associated with the possibility that cost increases will outpace revenue increases and that in the event of an economic slowdown, the high proportion of fixed costs will make it difficult to reduce costs to the extent required to offset declining revenues;
- fluctuations in real estate values or potential impairments in the value of our assets; and
- the relative illiquidity of real estate compared to some other assets.
Economic and other conditions may adversely impact the valuation of our assets resulting in impairment charges that could have a material adverse impact on our results from operations.

We hold significant amounts of goodwill, intangible assets, property and equipment, and investments. On a regular basis, we evaluate our assets for impairment based on various triggers, including actual operating losses and trends of projected revenues and profitability and potential or actual terminations of underlying management and franchise agreements. During times of economic distress, declining demand and declining earnings often result in declining asset values. As a result, we have incurred and may incur future impairment charges, which could be material and may adversely affect our earnings.

We plan to sell selected properties; however, we may be unable to sell our selected properties at acceptable terms and conditions, if at all.

As part of our capital strategy, including our announced plan to sell $1.5 billion in owned assets by March 31, 2022, we plan, from time to time, to sell certain properties, subject to a management or franchise agreement, with the primary purpose of reinvesting the proceeds to support the growth of our business. As we actively market and look to sell selected properties, general economic conditions along with property-specific issues may negatively affect the value of our properties or prevent us from selling the property on acceptable terms or prevent us from selling properties within our previously announced timeframe. We cannot guarantee that we will be able to consummate any such sales on commercially reasonable terms or at all, or that we will realize any anticipated benefits from such sales. Real estate investments often cannot be sold quickly. Dispositions of real estate assets can be particularly difficult in a challenging economic environment, as financing alternatives are often limited for potential buyers. As a result, economic conditions may prevent potential purchasers from obtaining financing on acceptable terms, if at all, thereby delaying or preventing our ability to sell the properties selected for disposition. Our inability to sell assets, or to sell such assets at attractive prices, could have an adverse impact on our ability to realize proceeds for reinvestment or the return of capital to shareholders, and ultimately to execute on our long-term strategy. In addition, even if we are successful in consummating sales of selected properties, such dispositions may result in losses.

We may seek to expand our business through acquisitions of and investments in other businesses and properties, or through alliances and these activities may be unsuccessful or divert our management's attention.

We consider strategic and complementary acquisitions of and investments in other businesses, properties, brands, or other assets as part of our growth strategy. For example, in 2018, we acquired Two Roads and in 2017, we acquired Miraval and Exhale. We may also pursue opportunities in alliance with existing or prospective owners of managed or franchised properties. In many cases, we will be competing for these opportunities with third parties that may have substantially greater financial resources than we do. Acquisitions of or investments in hospitality companies, businesses, properties, brands, or assets, as well as these alliances, are subject to risks that could affect our business, including risks related to:

• spending cash and incurring debt;
• assuming contingent liabilities;
• contributing properties or related assets to hospitality ventures that could result in recognition of losses;
• creating additional transactional and operating expenses; or
• issuing shares of stock that could dilute the interests of our existing shareholders.

We cannot assure you that we will be able to identify opportunities or complete transactions on commercially reasonable terms or at all, or that we will realize any anticipated benefits from such acquisitions, investments, or alliances. There may be high barriers to entry in many key markets and scarcity of available development and investment opportunities in desirable locations. Similarly, we cannot assure you that we will be able to obtain financing for acquisitions or investments on attractive terms or at all, or that the ability to obtain financing will not be restricted by the terms of our revolving credit facility or other indebtedness we may incur.

The success of any such acquisitions or investments will also depend, in part, on our ability to integrate the acquisition or investment with our existing operations. Inability to integrate acquired businesses or to obtain financing in an efficient and timely manner could result in reputational harm or have an adverse impact on our results of operations. Integration efforts may also take longer than we anticipate and involve unexpected costs. If we are unable to successfully integrate an acquired business, we may not realize the benefits that were expected at the time of acquisition. We may experience difficulty with integrating acquired businesses, properties, or other assets, including difficulties relating to:

• coordinating sales, distribution, loyalty, and marketing functions;
effectively and efficiently integrating information technology and other systems;

• issues not discovered as part of the transactional due diligence process and/or unanticipated liabilities or contingencies of acquired businesses, including with respect to commercial disputes or cyber incidents and information technology failures or other matters; and

• preserving the important licensing, distribution, marketing, owner, customer, labor, and other relationships of the acquired assets.

In addition, as a result of any acquisition activity, we may assume management and franchise agreements with terms that are not as favorable as other agreements within our portfolio and may result in loss of business over time. Any such acquisitions, investments, or alliances could also demand significant attention from our management team that would otherwise be available for our regular business operations, which could harm our business.

We have a limited ability to manage third-party risks associated with our hospitality venture investments, which could reduce our revenues, increase our costs, lower our profits, and increase our liabilities.

We participate in numerous hospitality ventures with third parties. We may also buy and develop properties in hospitality ventures with the sellers of the properties, affiliates of the sellers, developers, or other third parties. Our hospitality venture partners may have shared or majority control over the operations of our hospitality ventures. As a result, our investments in hospitality ventures involve risks that are different from the risks involved in investing in real estate independently. These risks include the possibility that our hospitality ventures or our partners:

• go bankrupt or otherwise are unable to meet their capital contribution obligations;
• have economic or business interests or goals that are or become inconsistent with our business interests or goals;
• are in a position to take action contrary to our instructions, our requests, our policies, our objectives, or applicable laws;
• subject the property to liabilities exceeding those contemplated;
• take actions that reduce our return on investment; or
• take actions that harm our reputation or restrict our ability to run our business.

For these and other reasons, it could be more difficult for us to sell our interest in any hospitality venture or to pursue the venture's activities, which could reduce our ability to address any problems we may have with those properties or respond to market conditions in the future and could lead to impromptus of such investments. As a result, our investments in hospitality ventures could lead to impasses with our partners or situations that could harm the hospitality venture, which could reduce our revenues, increase our costs, and lower our profits.

In addition, in conjunction with financing obtained for our hospitality ventures, we may provide completion guarantees, debt repayment guarantees, or standard indemnifications to lenders for loss, liability, or damage occurring as a result of our actions or actions of the other hospitality venture owners.

If our hospitality ventures fail to provide accurate and/or timely information that is required to be included in our financial statements, we may be unable to accurately report our financial results.

Preparing our financial statements requires us to have access to information regarding the results of operations, financial position, and cash flows of our hospitality ventures. Any deficiencies in our hospitality ventures' internal controls over financial reporting may affect our ability to report our financial results accurately or prevent fraud. Such deficiencies could also result in restatements of, or other adjustments to, our previously reported or announced financial results, which could diminish investor confidence and reduce the market price for our shares. Additionally, if our hospitality ventures are unable to provide this information for any meaningful period or fail to meet expected deadlines, we may be unable to satisfy our financial reporting obligations or file our periodic reports in a timely manner.
Cash distributions from our hospitality ventures could be limited by factors outside our control that could reduce our return on investment and our ability to generate liquidity from these hospitality ventures. Although our hospitality ventures may generate positive cash flow, in some cases, these hospitality ventures may be unable to distribute that cash to the hospitality venture partners. Additionally, in some cases, our hospitality venture partners control distributions and may choose to leave capital in the hospitality venture rather than distribute it. Because our ability to generate liquidity from our hospitality ventures depends on the hospitality ventures’ ability to distribute capital to us, tax considerations or decisions of our hospitality venture partners could reduce our return on these investments. We include our pro rata share of Adjusted EBITDA attributable to our unconsolidated owned and leased hospitality ventures Adjusted EBITDA and our consolidated Adjusted EBITDA regardless of whether the cash flow of those ventures is, or can be, distributed to us.

Timing, budgeting, and other risks could result in delays or cancellations of our efforts to develop, redevelop, or renovate the properties that we own, or make these activities more expensive, which could reduce our profits or impair our ability to compete effectively. We must maintain and renovate the properties that we own in order to remain competitive, maintain the value and brand standards of our properties, and comply with applicable laws and regulations. We also selectively undertake ground-up construction of properties together with hospitality venture partners in an effort to expand our brand presence. These efforts are subject to a number of risks, including:

- construction delays or cost overruns (including labor and materials) that may increase project costs;
- obtaining zoning, occupancy, and other required permits or authorizations;
- changes in economic conditions that may result in weakened or lack of demand or negative project returns;
- governmental restrictions on the size or kind of development;
- multi-year urban redevelopment projects, including temporary hotel closures, that may significantly disrupt hotel profits;
- force majeure events, including earthquakes, tornadoes, hurricanes, floods, wildfires, or tsunamis; and
- design defects that could increase costs.

Additionally, developing new properties typically involves lengthy development periods during which significant amounts of capital must be funded before the properties begin to operate and generate revenue. If the cost of funding new development exceeds budgeted amounts, and/or the time period for development is longer than initially anticipated, our profits could be reduced. Further, due to the lengthy development cycle, intervening adverse economic conditions may alter or impede our development plans, thereby resulting in incremental costs to us or potential impairment charges. Moreover, during the early stages of operations, charges related to interest expense and depreciation may substantially detract from, or even outweigh, the profitability of certain new property investments.

Similarly, the cost of funding renovations and capital improvements may exceed budgeted amounts. Additionally, the timing of renovations and capital improvements can affect, and historically has affected, property performance, including occupancy and ADR, particularly if we need to close a significant number of rooms or other facilities, such as ballrooms, meeting spaces, or restaurants. Moreover, the investments that we make may fail to improve the performance of the properties in the manner that we expect.

Some of our existing development pipeline may not be developed into new hotels or may not open on the anticipated timeline, which could materially adversely affect our growth prospects.

At December 31, 2019, our executed contract base consisted of approximately 500 hotels, or approximately 101,000 rooms. The commitments of owners and developers with whom we have agreements are subject to numerous conditions, and the eventual development and construction of our pipeline not currently under construction is subject to numerous risks, including, in certain cases, obtaining governmental and regulatory approvals and adequate financing. As a result, we cannot assure you that our entire development pipeline will be completed and developed into new hotels or that those hotels will open when anticipated, which may impact our net rooms growth.
If our third-party property owners, including our hospitality venture partners, are unable to repay or refinance loans secured by the mortgaged properties, our revenues, profits, and capital resources could be reduced and our business could be harmed.

Many of the properties owned by third-parties or our hospitality ventures are pledged as collateral for mortgage loans entered into when such properties were purchased or refinanced. If our third-party property owners or our hospitality venture partners are unable to repay or refinance maturing indebtedness on favorable terms or at all, the lenders could declare a default, accelerate the related debt, and repossess the property. Any sales or repossessions could, in certain cases, result in the termination of our management agreements and eliminate anticipated income and cash flows, which could negatively affect our results of operations.

If we or our third-party owners, franchisees, or development partners are unable to access the capital necessary to fund current operations or implement our plans for growth, our profits could be reduced and our ability to compete effectively could be diminished.

The hospitality industry is a capital-intensive business requiring significant capital expenditures to develop, operate, maintain, and renovate properties. Access to the capital that we or our third-party owners, franchisees, or development partners need to finance the construction of new properties or to maintain and renovate existing properties is critical to the continued growth of our business and our revenues.

The availability of capital or the conditions under which we or our third-party owners, franchisees, or development partners can obtain capital can have a significant impact on the overall level, cost, and pace of future development and therefore the ability to grow our revenues. The most recent economic downturn caused credit markets to experience significant disruption severely reducing liquidity and credit availability. Such disruptions may diminish the ability and desire of existing and potential development partners to access capital necessary to develop properties. Our ability to access additional capital could also be limited by the terms of our revolving credit facility, which restricts our ability to incur debt under certain circumstances. Additionally, if one or more of the financial institutions that support our revolving credit facility fail, we may not be able to find a replacement, which would reduce the availability of funds that we can borrow under the facility.

If we are forced to spend larger amounts of cash from operating activities than anticipated to operate, maintain, or renovate existing properties, then our ability to use cash for other purposes, including acquisition or development of other businesses, properties, brands, or other assets could be limited and our profits could be reduced. Similarly, if we cannot access the capital we need to fund our operations or implement our growth strategy, we may need to postpone or cancel planned renovations or developments, which could impair our ability to compete effectively and harm our business.

If we become liable for losses related to loans we have provided or guaranteed to third parties, our profits could be reduced.

At times, we make loans to our third-party hotel owners or franchisees for hotel development expenditures when we enter into management or franchise agreements with third parties, including hospitality ventures. In other circumstances, we may also provide senior secured financing or subordinated forms of financing (also referred to as mezzanine financing) to third-party owners or franchisees. We could suffer losses if third-party property owners or franchisees default on loans that we provide. Additionally, we may provide financial guarantees to third-party lenders related to the timely repayment of all or a portion of the associated debt of certain of our properties. The guarantees may be for the full amount of the debt or may be limited to a portion of the debt. We typically obtain reimbursement agreements from our partner(s) or other third parties with the intent to limit our exposure to our share of the debt. See Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 6 to our Consolidated Financial Statements" for more information related to our loans and other financing arrangements and "Exhibits and Financial Statement Schedule—Note 15 to our Consolidated Financial Statements" for more information related to our guarantees.

Our debt service obligations may adversely affect our cash flow and reduce our operational flexibility.

The terms of the indenture governing our Senior Notes (as defined in Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 11 to our Consolidated Financial Statements") and those of our revolving credit facility subject us to the following:

- a risk that cash flow from operations will be insufficient to meet required payments of principal and interest;
- restrictive covenants, including covenants related to certain financial ratios. See Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources" for further information related to restrictions under our financial covenants; and
the risk that any increase in the interest rate applicable to any borrowings under our revolving credit facility could reduce our cash flows available for other corporate purposes, including investments in our portfolio, could limit our ability to refinance existing debt when it matures, or could increase interest costs on any debt that is refinanced.

Although we anticipate we will be able to repay or refinance our existing indebtedness when it matures, there can be no assurance we will be able to do so, or that the terms of such refinancing will be favorable.

A substantial decrease in operating cash flow, consolidated EBITDA (as defined in our revolving credit facility), or a substantial increase in our expenses may make it difficult for us to meet our existing debt service requirements and restrictive covenants. As a result, we could be forced to sell assets and/or modify our operations. Our existing leverage may also impair our ability to obtain additional financing for acquisitions, working capital, capital expenditures, or other purposes, if necessary, or require us to accept terms otherwise unfavorable to us.

Additionally, a portion of our indebtedness, as well as certain derivative instruments and the terms of our revolving credit facility bear interest at fluctuating interest rates, some of which are tied to the London interbank offered rate for deposits of U.S. dollars ("LIBOR."). The discontinuation of LIBOR and replacement with an alternative reference rate may adversely impact interest rates.

**Rating agency downgrades may increase our cost of capital.**

The interest rate on borrowings and the facility fee under our revolving credit facility are determined by a pricing grid, which is dependent in part on our credit ratings by Standard & Poor's Financial Services, LLC, a subsidiary of McGraw Hill Financial, Inc. ("S&P"); and Moody's Investors Service, Inc. ("Moody's"). Lower ratings result in a higher cost of funds. Therefore, if these independent rating agencies were to downgrade our credit ratings or if we no longer have a credit rating from either agency, the cost of our borrowing and the amount of the facility fee under our revolving credit facility will increase as specified in the pricing grid. Additionally, any future downgrade of our credit ratings by the rating agencies could reduce or limit our access to capital and increase our cost of capital.

If we or our third-party owners or franchisees are not able to maintain our current brand standards or we are not able to develop new initiatives, including new brands, successfully, our business and profitability could be harmed.

We manage and franchise properties owned by third parties under the terms of management and franchise agreements and expect franchise ownership to continue to increase significantly over time. These agreements require third-party property owners or franchisees to comply with standards that are essential to maintaining our brand integrity and reputation. We depend on third-party property owners or franchisees to comply with those requirements by maintaining and improving properties through investments, including investments in furniture, fixtures, amenities, and personnel. If our third-party property owners or franchisees fail to make investments necessary to maintain or improve the properties we manage or franchise, our brand preference and reputation could suffer. Moreover, third-party owners or franchisees may be unwilling or unable to incur the cost of complying with brand standards for new and existing brands as such brands may evolve from time to time. This could result in poor hotel performance or force us to absorb costs to ensure that brand standards come to market in a timely fashion or exert resources to terminate agreements with such third-party owners or franchisees. Moreover, as we continue to increase our franchised hotel presence, our ability to maintain brand standards may become increasingly challenging.

In addition, we are continually evaluating and executing new initiatives, including new brands or marketing programs. We have invested capital and resources in owned real estate, property development, brand development, and brand promotion. If such initiatives are not well received by our colleagues, guests, and owners, they may not have the intended effect. We may not be able to recover the costs incurred in developing and launching new brands or other initiatives or to realize their intended or projected benefits, which could lower our profits.
The World of Hyatt loyalty program and our digital platforms build loyalty for our brands and drive hotel revenue which could be negatively impacted if we are unable to successfully operate the World of Hyatt loyalty program or further evolve the development and implementation of our digital platforms.

The World of Hyatt loyalty program is a platform for engagement with our most loyal guests, providing increased benefits and recognition as they continue to engage with Hyatt. We believe World of Hyatt will continue to develop loyalty by fostering personal relationships and creating emotional connections that inspire brand preference. The success of our business depends in part on attracting new consumers, enhancing digital platforms that are preferred by loyalty members, and on the continued participation of loyalty members in the loyalty program. If guests do not accept the loyalty program or if we are unable to operate the loyalty program successfully, our business could be adversely impacted. Further, our digital platforms are focused on driving outstanding guest experiences that differentiate Hyatt and drive revenue through direct bookings, but may not deliver all or part of the expected benefits. If our digital platforms do not evolve in a way that is able to adapt to future technology or keep pace with changes in consumer preferences, our hotel performance could become increasingly challenged.

Labor shortages could restrict our ability to operate our properties or grow our business or result in increased labor costs that could reduce our profits.

Our success depends in large part on the ability to attract, retain, train, manage, and engage our colleagues. Our properties are staffed 24 hours a day, seven days a week by thousands of colleagues around the world. If we and our franchisors are unable to attract, retain, train, and engage skilled colleagues, our and our franchisors’ ability to manage and staff properties adequately could be impaired, which could reduce customer satisfaction. Staffing shortages could also hinder our ability to grow and expand our business. Because payroll costs are a major component of the operating expenses at our properties, a shortage of skilled labor could also require higher wages that would increase labor costs, which could reduce our profits and the profits of our third-party owners or franchisees.

Negotiations of collective bargaining agreements, attempts by labor organizations to organize additional groups of our colleagues, or changes in labor laws could disrupt our operations, increase our labor costs, or interfere with the ability of our management to focus on executing our business strategies.

Certain of our properties are subject to collective bargaining agreements, similar agreements, or regulations enforced by governmental authorities. If relationships with our colleagues, other field personnel, or the unions that represent them become adverse, the properties we manage or own could experience labor disruptions such as strikes, lockouts, and public demonstrations. Labor disruptions, which are generally more likely when collective bargaining agreements are being renegotiated, could harm our relationship with our colleagues or cause us to lose guests. Further, adverse publicity in the marketplace related to union messaging could further harm our reputation and reduce customer demand for our services. Labor regulation, including minimum wage legislation, could lead to higher wage and benefit costs, changes in work rules that raise operating expenses, legal costs, and limitations on our ability or the ability of our third-party property owners to take cost saving measures during economic downturns.

We and our third-party property owners may also become subject to additional collective bargaining agreements in the future. Potential changes in the federal regulatory scheme could make it easier for unions to organize groups of our colleagues. If such changes take effect, more of our colleagues or other field personnel could be subject to increased organizational efforts, which could potentially lead to disruptions or require more of our management's time to address unionization issues. These or similar agreements, legislation, or changes in regulations could disrupt our operations, hinder our ability to cross-train and cross-promote our colleagues due to prescribed work rules and job classifications, reduce our profitability, or interfere with the ability of our management to focus on executing our business strategies.

Our franchisees and their hotel operators also currently may be or may become subject to collective bargaining agreements. Labor disruptions, labor regulation, and negotiation of labor agreements may be disruptive to a franchisee’s operations which could impact our franchised fee income or harm our reputation. We do not have the ability to control the negotiations of collective bargaining agreements covering unionized labor employed by third-party property owners and franchisees.
The loss of our senior executives or key field personnel, such as our general managers, could significantly harm our business. Our ability to maintain our competitive position is dependent to a large degree on the efforts and skills of our senior executives. We have entered into employment letter agreements with certain of our senior executives. However, we cannot guarantee that these individuals will remain with us. Finding suitable replacements for our senior executives could be difficult. We currently do not have a life insurance policy or key person insurance policy with respect to any of our senior executives. Losing the services of one or more of these senior executives could adversely affect our strategic relationships, including relationships with our third-party property owners, franchisees, hospitality venture partners, and vendors, and limit our ability to execute our business strategies. We also rely on the general managers at each of our managed properties to run daily operations and oversee our colleagues. These general managers are trained professionals in the hospitality industry and have extensive experience in many markets worldwide. The failure to retain, train, or successfully manage our general managers for our properties could negatively affect our operations.

Our failure to comply with applicable laws and regulations may increase our costs, reduce our profits, or limit our growth. Our business, properties, and colleagues are subject to a variety of laws and regulations around the globe. Generally, these laws and regulations address our sales and marketing and advertising efforts, our handling of privacy issues and customer data, our anti-corruption efforts, our ability to obtain licenses for business operations such as sales of food and liquor, and matters relating to immigration, the environment, health and safety, health care, gaming, competition, and trade, among other things. Our collection and use of personal data are governed by privacy laws and regulations, and privacy law is an area that changes often and varies significantly by jurisdiction. Increasingly, there is potential for increased exposure for fines, penalties, and civil judgments as a result of new privacy regulations. Compliance with applicable privacy regulations may increase our operating costs and/or adversely impact our ability to market our properties and services to our guests.

Our franchising and licensing businesses and our international operations are also subject to laws and regulations affecting those businesses.

Franchising
Our franchising business is subject to various state laws, as well as to regulations enacted by the Federal Trade Commission ("FTC"). A number of states require franchisors to register with the state and/or to make extensive disclosures to potential franchisees in connection with offers and sales of franchises in those states. The FTC also regulates the manner and substance of our disclosures to prospective franchisees. In addition, a number of states have "franchise relationship laws" or "business opportunity laws" that, among other restrictions, limit the ability of franchisors to terminate franchise agreements or to withhold consent to the renewal or transfer of agreements. Failure to comply with those laws can limit a franchisor's ability to enter into new franchise agreements or enforce the terms of existing franchise agreements and may create liability for fines, penalties, and civil judgments.

Vacation Ownership
Our licensed vacation ownership properties are subject to extensive state regulation in both the state in which the property is located and the states in which the property is marketed and sold. Marketing for these properties is also subject to federal regulation of certain marketing practices, including federal telemarketing regulations.

International Operations
Our business operations in countries outside the United States are subject to a number of U.S. federal laws and regulations, including restrictions imposed by the Foreign Corrupt Practices Act ("FCPA") as well as trade sanctions administered by the Office of Foreign Assets Control ("OFAC") and the Commerce Department. The FCPA is intended to prohibit bribery of foreign officials or parties and requires public companies in the United States to keep books and records that accurately and fairly reflect those companies' transactions. OFAC and the Commerce Department administer and enforce economic and trade sanctions based on U.S. foreign policy and national security goals against targeted foreign states, organizations, and individuals. Some of our business operations are also subject to the laws and regulations of non-U.S. jurisdictions, including the U.K. Bribery Act and anti-corruption legislation in the countries in which we conduct operations.
If we, or our hospitality ventures, fail to comply with these laws and regulations, we could be exposed to claims for damages, financial penalties, reputational harm, incarceration of our colleagues, or restrictions on our operation or ownership of hotels and other properties, including the termination of our management, franchise, and ownership rights. These restrictions could increase our costs of operations, reduce our profits, or cause us to forgo development opportunities that would otherwise support our growth.

The Iran Threat Reduction and Syria Human Rights Act of 2012 could result in investigations by the U.S. Government against our Company and could harm our reputation and brands.

The Iran Threat Reduction and Syria Human Rights Act of 2012 ("ITRSHR Act") expanded sanctions against Iran and Syria. In addition, the ITRSHR Act instituted disclosure requirements in annual and quarterly reports for public companies engaged in, or affiliated with an entity engaged in certain activities involving the Government of Iran, or involving other entities and persons targeted under certain OFAC sanctions, or otherwise involving specified activities under the ITRSHR Act. A company subject to Section 219 of the ITRSHR Act must make detailed disclosures about certain activities knowingly conducted by it or any of its affiliates. We did not identify any 2019 activities required to be disclosed. In the event Hyatt were to engage in certain activities that are subject to disclosure pursuant to Section 219 of the ITRSHR Act and Section 13(r) of the Exchange Act, we would be required to separately file, concurrently with any ITRSHR Act disclosure, a notice to the SEC that such activities were disclosed in our quarterly or annual report filings, which notice must also contain the information required by Section 13(r) of the Exchange Act. The SEC is required to post this notice of disclosure on its website and send the report to the President and certain Congressional committees. The President thereafter is required to initiate an investigation and, within 180 days of initiating such an investigation, to determine whether sanctions should be imposed on the Company. Disclosure of such activities, even if they are not subject to sanctions under applicable law, and any sanction actually imposed on us or our affiliates as a result of these activities, could harm our reputation and brands and have a negative impact on our results of operations.

Adverse judgments or settlements resulting from legal proceedings in which we may be involved in the normal course of our business could reduce our profits or limit our ability to operate our business.

In the normal course of our business, we are often involved in various legal proceedings. The outcome of these proceedings cannot be predicted. If any of these proceedings were to be determined adversely to us or a settlement involving a payment of a material sum of money were to occur, there could be a material adverse effect on our financial condition and results of operations. Additionally, we could become the subject of future claims by third parties, including current or former third-party property owners or franchisees, guests who use our properties, our employees, our investors, or regulators. Any significant adverse judgments or settlements would reduce our profits and could limit our ability to operate our business. Further, we may incur costs related to claims for which we have appropriate third-party indemnity if such third parties fail to fulfill their contractual obligations.
The extensive environmental requirements to which we are subject could increase our environmental costs and liabilities, reduce our profits, or limit our ability to run our business.

Our operations and the properties we develop, own, and manage are subject to extensive environmental laws and regulations of various federal, state, local, and foreign governments, including requirements addressing:

- health and safety;
- the use, management, storage, and disposal of hazardous substances and wastes;
- discharges of waste materials into the environment, such as refuse or sewage;
- water discharge and supply; and
- air emissions.

We could be subject to liability under some of these laws for the costs of investigating or remediating hazardous substances or wastes on, under, or in real property we currently or formerly manage, own, or develop, or third-party sites where we sent hazardous substances or wastes for disposal. We could be held liable under these laws regardless of whether we knew of, or were at fault in connection with, the presence or release of any such hazardous or toxic substances or wastes. Some of these laws make each covered person responsible for all of the costs involved, even if more than one person may have been responsible for the contamination. Furthermore, a person who arranges for hazardous substances or wastes to be transported, disposed of, or treated offsite, such as at disposal or treatment facilities, may be liable for the costs of removal or remediation if those substances are released into the environment by third parties at such disposal or treatment facilities. The presence or release of hazardous or toxic substances or wastes, or the failure to properly clean up such materials, could cause us to incur significant costs, or jeopardize our ability to develop, use, sell, or rent real property we own or operate or to borrow using such property as collateral.

Other laws and regulations require us to manage, abate, or remove materials containing hazardous substances such as mold, lead, or asbestos during demolitions, renovations, or remodeling at properties that we develop, own, or manage or to obtain permits for certain of our equipment or operations. The costs of such management, abatement, removal, or permitting could be substantial. Further, we may be subject to common law claims by third parties based on damages and costs resulting from violations of environmental regulations or from contamination associated with one or more of our properties. Complying with these laws and regulations, or addressing violations arising under them, could increase our environmental costs and liabilities, reduce our profits, or limit our ability to run our business. Existing environmental laws and regulations may be revised or new more stringent laws and regulations related to global climate change, air quality, or other environmental and health concerns may be adopted or become applicable to us. The identification of new areas of contamination, a change in the extent or known scope of contamination or changes in cleanup requirements, or the adoption of new requirements governing our operations could have a material adverse effect on our results or operations, financial condition, and business.

If the insurance that we, our owners, hospitality ventures, franchisees, or licensees carry does not sufficiently cover damage or other potential losses or liabilities involving properties that we own, manage, or franchise, our profits could be reduced.

We, our owners, hospitality ventures, and our franchisees and licensees carry insurance from solvent insurance carriers that we believe is adequate for foreseeable losses and with terms and conditions that are reasonable and customary. Nevertheless, market forces beyond our control could limit the scope of the insurance coverage that we carry, our owners, hospitality ventures, franchisees, or licensees can obtain or restrict our ability, our owners', our hospitality ventures', our franchisees', or licensees' ability to buy insurance coverage at reasonable rates. In the event of a substantial loss, the insurance coverage that we carry, our owners, hospitality ventures, franchisees, or licensees carry may not be sufficient to pay the full value of our financial obligations, our liabilities, or the replacement cost of any lost investment or property loss. In addition, there are other risks that may fall outside of the general coverage limits of our policies, may be uninsurable, or with respect to which the cost of insurance is too expensive to justify. In some cases, these factors could result in certain losses being completely uninsured. As a result, we could lose some or all of the capital we have invested in a property, as well as the anticipated future revenues, profits, management fees, franchise fees, or license fees from the property, we could remain obligated for performance guarantees in favor of third-party property owners or for their debt or other financial obligations, suffer an uninsured or underinsured property loss, or we may not have sufficient insurance to cover awards or damages resulting from our liabilities. If the insurance that we carry, our owners, hospitality ventures, franchisees, or licensees carry does not sufficiently cover damages or other losses or liabilities, our profits could be adversely affected.
Any failure to protect our trademarks and intellectual property could reduce the value of our brand names and harm our business.

The reputation and perception of our brands are critical to our success in the hospitality industry. We regularly apply to register our trademarks in the United States and other countries. However, we cannot assure you that those trademark registrations will be granted or that the steps we take to protect our trademarks or intellectual property in the United States and other countries will be adequate to prevent others, including third parties or former colleagues, from copying or using our trademarks or intellectual property without authorization. Our intellectual property is also vulnerable to unauthorized use in some countries outside the United States, where we may not be adequately protected by local law. If our trademarks or intellectual property are copied or used without authorization, the value of our brands, their reputation, our competitive advantages, and our goodwill could be harmed.

Monitoring the unauthorized use of our intellectual property is difficult. We may need to resort to litigation to enforce our intellectual property rights. Litigation of this type could be costly, force us to divert our resources, lead to counterclaims or other claims against us, or otherwise harm our business.

Third-party claims that we infringe their intellectual property rights could subject us to damages and other costs and expenses.

Third parties may make claims against us for infringing their intellectual property rights. Any such claims, even those without merit, could:

- be expensive and time consuming to defend;
- force us to stop providing products or services that use the intellectual property that is being challenged;
- force us to redesign or rebrand our products or services;
- divert our management's attention and resources;
- force us to enter into royalty or licensing agreements to obtain the right to use a third-party's intellectual property; or
- force us to pay significant damages.

In addition, we may be required to indemnify third-party owners of the hotels we manage or franchise for any losses they incur as a result of any such third-party infringement claims. Any necessary royalty or licensing agreements may not be available to us on acceptable terms. Any costs, lost revenues, changes to our business, or management attention related to intellectual property claims against us, whether successful or not, could impact our business.

Changes in federal, state, local, or foreign tax law, interpretations of existing tax law, or agreements or disputes with tax authorities could affect our profitability and financial condition by increasing our tax costs.

Our global operations subject us to income and non-income-based taxes such as sales, use, value-added, goods and services, payroll, property, and franchise taxes in numerous jurisdictions. Our future tax expenses and liabilities could be affected by changes in tax laws or the interpretation of the tax laws, as well as changes in our business operations. Our future tax expense could be affected by changes in the composition of earnings in jurisdictions with differing tax rates, changes in the valuation of our deferred tax assets and liabilities, or changes in determinations regarding the jurisdictions in which we are subject to tax. From time to time, the U.S. federal, state, local, and foreign governments make substantive changes to tax rules and the application thereof, such as the Tax Cuts and Jobs Act of 2017 ("2017 Tax Act") and the Base Erosion and Profit Shifting project ("BEPS") being undertaken by the Organization for Economic Cooperation and Development. Legislative and tax treaty changes and the interpretation thereof could result in materially higher corporate taxes than would be incurred under existing tax law or interpretation and could adversely impact profitability. For example, the 2017 Tax Act and related interpretive guidance, including Treasury regulations in both proposed and final form, have significantly changed the U.S. federal income taxation of U.S. corporations. The interpretation of this legislation remains unclear in some respects and continues to be subject to technical corrections and interpretive guidance. State and local tax authorities have also increased their efforts to increase revenues through changes in tax law and audits. Such changes and proposals, if enacted, could increase our future effective income tax rates.

We are subject to ongoing and periodic audits by the Internal Revenue Service ("IRS") and various state, local, and foreign tax authorities and currently are engaged in disputes with certain of such tax authorities. We are a party to certain agreements with tax authorities that reduce or defer the amount of tax we pay. The ultimate results of these agreements, or the
expiration of such agreements, or changes in circumstances or in the interpretation of such agreements, could increase our tax costs. We believe we have established adequate reserves for potential tax liabilities, but the final amount of taxes, including interest and penalties, assessed and paid could exceed the amount of such reserves, which could reduce our profits and cash position.

We are exposed to counterparty and credit risk and fluctuations in the market values of our investment portfolio.

Cash balances not required to fund our daily operating activities are invested in interest-bearing investments with a greater focus placed on capital preservation than on investment return. The majority of our cash and cash equivalent balances are held on deposit with high quality financial institutions that hold long-term ratings of at least BBB or Baa from S&P or Moody’s, respectively, and in AAA-rated money market funds. As such, we are exposed to counterparty risk on our cash and cash equivalent balances. We also have established investment accounts for purposes of investing portions of cash resources for the World of Hyatt loyalty program, certain benefit programs, and our captive insurance companies. Although we have not recognized any significant losses to date on these investments, any significant declines in their market values could materially adversely affect our financial condition and results. Credit ratings and pricing of these investments can be negatively affected by liquidity, credit deterioration, financial results, economic risk, political risk, sovereign risk, or other factors. As a result, the value and liquidity of our investments could decline and result in impairments, which could materially adversely affect our financial condition and results.

Risks Related to Share Ownership and Other Stockholder Matters

Our stock price has been and is likely to continue to be volatile, and holders of Class A common stock may not be able to resell shares at or above the price paid.

The stock market in general, and hospitality companies in particular, including us, have experienced price and volume fluctuations that have often been unrelated or disproportionate to the operating performance of the underlying businesses. This market volatility, as well as general economic, market, or political conditions, could reduce the market price of shares of our Class A common stock in spite of our operating performance. In addition, companies that own or lease a greater proportion of properties have at times experienced disproportionate volatility and price and volume fluctuations, and we expect this dynamic to continue. These broad market and industry factors may seriously harm the market price of our Class A common stock, regardless of our actual operating performance.

In addition to the risks described in this section, several factors that could cause the price of our Class A common stock in the public market to fluctuate significantly include, among others, the following:

- quarterly variations in our operating results compared to market expectations;
- annual variations in our operating results compared to our guidance;
- announcements of acquisitions of or investments in other businesses and properties or dispositions;
- announcements of new services or products or significant price reductions by us or our competitors;
- size of our public float;

Volatility in the market price of our Class A common stock may prevent investors from being able to sell their Class A common stock at or above the price at which they purchased the stock. As a result, investors may suffer a loss on their investment.

Securities class action litigation has often been instituted against companies following periods of volatility in the overall market and in the market price of a company's securities. This litigation, if instituted against us, could result in substantial costs, reduce our profits, divert our management's attention and resources, and harm our business.

There can be no assurance that we will continue to declare or pay dividends in the future or that we will continue to repurchase shares pursuant to our share repurchase program consistent with historical amounts or at all.

While we currently pay a quarterly cash dividend to our stockholders, we may change our dividend policy at any time, and we may not continue to declare cash dividends. Further, pursuant to our share repurchase program, we are authorized to purchase shares of our common stock in the open market, in privately negotiated transactions, or otherwise, including pursuant to a Rule 10b5-1 plan or an accelerated share repurchase ("ASR") transaction. Our dividend payments or share repurchase program may change from time to time, and we may not continue to declare dividends or repurchase shares in any particular amounts, in amounts consistent with historical practice, or at all. Our repurchase program does not obligate the Company to repurchase any specific dollar amount or to acquire any specific number of shares and the timing and amount of repurchases, if any, will depend upon several factors, including market and business conditions, the timing and amount of cash proceeds from asset dispositions, the timing and amount of any like-kind exchange transactions and other tax-planning matters, the trading price of our common stock, the nature of other investment opportunities, and other factors as our board of directors may deem relevant from time to time. A reduction in or elimination of our dividend payments or repurchase activity could have a negative effect on our stock price, increase volatility, or fail to enhance shareholder value.

Reports published by securities or industry analysts, including projections in those reports that exceed our actual results, could adversely affect our stock price and trading volume.

A reduction in or elimination of our dividend payments or repurchase activity could have a negative effect on our stock price, increase volatility, or fail to enhance shareholder value.

Securities research analysts have established and publish their own quarterly projections for our business. These projections may vary widely from one another and may not accurately predict the results we actually achieve. Our stock price may decline if our actual results do not match securities research analysts' projections. Similarly, if one or more of the analysts who writes reports on us downgrades our stock or publishes inaccurate or unfavorable research about our business, the hospitality industry in general, our stock price could decline. If one or more of these analysts cease coverage of our company or fail to publish reports on us regularly, our stock price or trading volume could decline.

Anti-takeover provisions in our organizational documents and Delaware law, as well as agreements with our major stockholders, may discourage or prevent a change of control, even if a sale of Hyatt would be beneficial to our stockholders, which could cause our stock price to decline and prevent attempts by our stockholders to replace or remove our current board of directors or management.

Our amended and restated certificate of incorporation and bylaws, as well as agreements with our major stockholders, contain provisions that may make it difficult to remove our board of directors and management and may discourage or delay "change of control" transactions that certain stockholders may view as beneficial or could involve the payment of a premium over prevailing market prices for our Class A common stock. These provisions include, among others:
• Our amended and restated certificate of incorporation provides for a dual class ownership structure, in which our Class B common stock is entitled to ten votes per share and our Class A common stock is entitled to one vote per share. As a result of this structure, our major stockholders have significant influence or actual control over matters requiring stockholder approval.

• Voting agreements entered into with or among our major stockholders require these stockholders to vote their shares consistent with the recommendation of our board of directors, assuming in certain instances that a majority of a minimum of three independent directors (excluding for such purposes any Pritzker) or, in the case of transactions involving us and an affiliate, all of such minimum of three independent directors (excluding for such purposes any Pritzker) agree with the recommendation. While the voting agreements are in effect, they may provide our board of directors with effective control over matters requiring stockholder approval.

• Lock-up agreements entered into with stockholders party to our 2007 Stockholders' Agreement limit the ability of these stockholders to sell their shares to any person who would be required to file a Schedule 13D with the SEC disclosing an intent to acquire the shares other than for investment purposes and, in certain instances, to competitors of ours in the hospitality, lodging, or gaming industries.

• Stockholders party to our 2007 Stockholders' Agreement have agreed, subject to certain limited exceptions, to "standstill" provisions that prevent the stockholders from acquiring additional shares of our common stock, making or participating in acquisition proposals for us, or soliciting proxies in connection with meetings of our stockholders, unless the stockholders are invited to do so by our board of directors.

• Our board of directors is divided into three classes, with each class serving for a staggered three-year term, which prevents stockholders from electing an entirely new board of directors at an annual meeting.

• Our directors may be removed only for cause, which prevents stockholders from being able to remove directors without cause other than those directors who are being elected at an annual meeting.

• Our amended and restated certificate of incorporation does not provide for cumulative voting in the election of directors. As a result, holders of our Class B common stock will control the election of directors and the ability of holders of our Class A common stock to elect director candidates will be limited.

• Vacancies on our board of directors, and any newly created director positions created by the expansion of the board of directors, may be filled only by a majority of remaining directors then in office.

• Actions to be taken by our stockholders may only be effected at an annual or special meeting of our stockholders and not by written consent.

• Special meetings of our stockholders can be called only by the Chairman of the Board or by our corporate secretary at the direction of our board of directors.

• Advance notice procedures that stockholders must comply with in order to nominate candidates to our board of directors and propose matters to be brought before an annual meeting of our stockholders may discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of our company.

• Our board of directors may, without stockholder approval, issue series of preferred stock, or rights to acquire preferred stock, that could dilute the interest of, or impair the voting power of, holders of our common stock or could also be used as a method of discouraging, delaying, or preventing a change of control.

• An affirmative vote of the holders of at least 80% of the voting power of our outstanding capital stock entitled to vote is required to amend any provision of our certificate of incorporation or bylaws.
Pritzker family business interests have substantial control over us and have the ability to control the election of directors and other matters submitted to stockholders for approval, which will limit your ability to influence corporate matters or result in actions that you do not believe to be in your interests or your interests.

Our Class B common stock is entitled to ten votes per share and our Class A common stock is entitled to one vote per share. At January 31, 2020, Pritzker family business interests beneficially own, in the aggregate, 63,192,879 shares, or approximately 96.5%, of our Class B common stock, and 268,999 shares, or 0.8%, of Class A common stock, representing approximately 62.6% of the outstanding shares of our common stock and approximately 91.8% of the total voting power of our outstanding common stock. As a result, consistent with the voting agreements contained in the Amended and Restated Global Hyatt Agreement and the Amended and Restated Foreign Global Hyatt Agreement, Pritzker family business interests will be able to exert a significant degree of influence or actual control over our management and affairs and over matters requiring stockholder approval, including the election of directors, a merger, consolidation, or sale of all or substantially all of our assets and any other significant transaction. While the voting agreements are in effect, they may provide our board of directors with the effective control over matters requiring stockholder approval. Because of our dual class ownership structure, Pritzker family business interests will continue to exert a significant degree of influence or actual control over matters requiring stockholder approval, even if they own less than 50% of the outstanding shares of our common stock. This concentrated control will limit your ability to influence corporate matters, and the interests of Pritzker family business interests may not coincide with our interests or your interests. As a result, we may take actions that you do not believe to be in our interests or your interests and that could depress our stock price. See also "—Voting agreements entered into with or among our major stockholders, including Pritzker family business interests, will result in a substantial number of our shares being voted consistent with the recommendation of our board of directors, and may limit your ability to influence the election of directors and other matters submitted to stockholders for approval."

In addition, the difference in the voting rights between our Class A common stock and Class B common stock could diminish the value of the Class A common stock to the extent that investors or any potential future purchasers of our common stock ascribe value to the superior voting rights of the Class B common stock.

Disputes among Pritzker family members and among Pritzker family members and the trustees of the Pritzker family trusts may result in significant distractions to our management, disrupt our business, have a negative effect on the trading price of our Class A common stock, and/or generate negative publicity about Hyatt and the Pritzker family.

In the past, disputes have arisen between and among certain Pritzker family members, and between and among beneficiaries of the Pritzker family trusts and the trustees of such trusts, with respect to, among other things, the ownership, operation, governance, and management of certain Pritzker family business interests. In connection with certain of these disputes, claims were alleged, and in certain cases, proceedings were initiated, against certain Pritzker family members, including Thomas J. Pritzker, our executive chairman, and other Pritzker family members, some of whom have been or are our directors, and against the trustees, including Thomas J. Pritzker in his former capacity as a co-trustee of the Pritzker family U.S. situs trusts. Such past allegations related to, among others, trust management and administration and violations of certain trustee duties, including fiduciary duties. Some of these disputes led to significant negative publicity for the Pritzker family. These disputes were resolved with no admissions or finding of any misconduct.

Disputes among Pritzker family members, and between and among beneficiaries of the Pritzker family trusts and the trustees of such trusts, including with respect to Hyatt, may arise or continue in the future. If such disputes occur, they may result in significant distractions to our management, disrupt our business, have a negative effect on the trading price of our Class A common stock, and/or generate negative publicity about Hyatt and Pritzker family members, including Pritzker family members involved with Hyatt.
Voting agreements entered into with or among our major stockholders, including Pritzker family business interests, will result in a substantial number of our shares being voted consistent with the recommendation of our board of directors, and may limit your ability to influence the election of directors and other matters submitted to stockholders for approval.

Pritzker family business interests, which beneficially own at January 31, 2020, directly or indirectly, 65,463,878 shares, or 62.6% of our total outstanding common stock and control approximately 91.5% of our total voting power, have entered into a voting agreement with respect to all shares of common stock beneficially owned by Pritzker family business interests. During the term of the voting agreement, which expires on the date upon which more than 75% of the Company's fully diluted shares of common stock is owned by non-Pritzker family business interests, Pritzker family business interests have agreed to vote their shares of common stock consistent with the recommendation of our board of directors with respect to all matters (assuming agreement as to any such matter by a majority of a minimum of three independent directors (excluding for such purposes any Pritzker)) or, in the case of transactions involving us and an affiliate, assuming agreement of all of such minimum of three independent directors (excluding for such purposes any Pritzker). In addition, at January 31, 2020, the stockholders party to the 2007 Stockholder's Agreement beneficially own, in the aggregate, approximately 3.5% of our outstanding Class B common stock, representing approximately 3.3% of the total voting power of our outstanding common stock. Pursuant to the 2007 Stockholder's Agreement, the stockholders party thereto have entered into a voting agreement with us, with respect to the shares of common stock that they beneficially own, and have agreed to vote their shares of common stock consistent with the recommendation of our board of directors, without any separate requirement that our independent directors agree with the recommendation. These voting agreements expire on the date that Thomas J. Pritzker is no longer chairman of our board of directors. See Part I, Item 1, "Business—Stockholder Agreements."

While the voting agreements are in effect, they may provide our board of directors with effective control over matters requiring stockholder approval, including the election of directors, a merger, consolidation, or sale of all or substantially all of our assets and any other significant transaction. This is because the number of our shares that are required by the voting agreements to be voted consistent with the recommendation of our board of directors will be sufficient to determine the outcome of the election of directors and other matters submitted to stockholders for approval. This will limit your ability to influence the election of directors and other matters submitted to stockholders for approval, even if you do not believe those actions to be in our interests or your interests. For instance, the voting agreements may have the effect of delaying or preventing a transaction that would result in a change of control, if our board of directors does not recommend that our stockholders vote in favor of the transaction, even if you or some or all of our major stockholders believe that the transaction is in our interests or your interests. On the other hand, the voting agreements may result in our stockholders approving a transaction that would result in a change of control, if our board of directors recommends that our stockholders vote in favor of the transaction, even if you or some or all of our major stockholders believe that the transaction is not in our interests or your interests.

A significant number of shares of Class A common stock issuable upon conversion of Class B common stock could be sold into the market, which could depress our stock price even if our business is doing well.

Future sales in the public market of Class A common stock issuable upon conversion of Class B common stock, or the perception in the market that the holders of a large number of shares of Class B common stock intend to sell shares, could reduce the market price of our Class A common stock. At January 31, 2020, we had 35,841,277 shares of Class A common stock outstanding and 65,463,274 shares of Class B common stock outstanding.

At January 31, 2020, 34,094,794 shares of Class A common stock are freely tradable in the public market without restriction or further registration under the Securities Act of 1933, as amended (the "Securities Act") unless these shares are held by any of our "affiliates," as that term is defined in Rule 144 under the Securities Act ("Rule 144"). The remaining 1,746,483 outstanding shares of Class A common stock and 65,463,274 outstanding shares of Class B common stock are deemed "restricted securities," as that term is defined in Rule 144. Restricted securities may be sold in the public market only if they are registered under the Securities Act or they qualify for an exemption from registration under Rule 144 or Rule 701 under the Securities Act ("Rule 701"). Of these restricted securities, 2,270,395 shares of Class B common stock are held by shareholders party to the 2007 Stockholders' Agreement and are otherwise eligible to be sold at any time, subject to the applicable rights of first refusal, "drag along" rights and other restrictions contained in the 2007 Stockholders' Agreement. See Part I, Item 1, "Business—Stockholder Agreements—2007 Stockholders' Agreement." Another 1,494,722 shares of Class A common stock that are deemed restricted securities are otherwise eligible to be sold at any time.

The rest of the restricted securities, consisting of 63,192,879 shares of Class B common stock and 251,761 shares of Class A common stock, together with 17,238 shares of Class A common stock previously registered, are subject to contractual lock-up and certain other restrictions contained in the Amended and Restated Global Hyatt Agreement and the Amended and Restated Foreign Global Hyatt Agreement as described in Part I, Item 1, "Business—Stockholder Agreements." These contractual restrictions may be amended, waived, or terminated by the parties to those agreements in accordance with the terms.
of such agreements without our consent and without notice; the 25% limitation on sales of our common stock may, with respect to each 12 month period, be increased to a higher percentage or waived entirely by the unanimous affirmative vote of our independent directors (excluding for such purposes any Pritzker). All such shares of Class A common stock, including shares of Class A common stock issuable upon conversion of shares of Class B common stock, will be eligible for resale in compliance with Rule 144 or Rule 701 to the extent the lock-up restrictions contained in the Amended and Restated Global Hyatt Agreement or the Amended and Restated Foreign Global Hyatt Agreement, as applicable, are waived or terminated with respect to such shares.

Assuming the lock-up restrictions contained in the Amended and Restated Global Hyatt Agreement and the Amended and Restated Foreign Global Hyatt Agreement are not amended, waived, or terminated and that there are no transfers of shares amongst Pritzker family stockholders, and further assuming the parties to these agreements sell the maximum amount permitted to be sold during the first time period that such shares are eligible to be sold as set forth below, and subject to any applicable restrictions contained in such agreements and the provisions of Rule 144 and/or Rule 701, the securities eligible to be sold by Pritzker family stockholders under the Amended and Restated Global Hyatt Agreement and the Amended and Restated Foreign Global Hyatt Agreement will be available for sale in the public market as follows:

*The foregoing numbers are based on information at January 31, 2020 and assume that the maximum number of shares permitted to be sold during each period set forth above are, in fact, sold during each such period. To the extent any shares are not sold during the first time period that such shares are eligible to be sold as described above, the number of shares that may be sold in subsequent time periods may change.

In addition, at December 31, 2019, 2,651,111 shares of our Class A common stock were reserved for issuance under the Third Amended and Restated Hyatt Hotels Corporation Long-Term Incentive Plan ("LTIP"). These shares of Class A common stock will become eligible for sale in the public market once those shares are issued or awarded under our LTIP, subject to provisions of various award agreements and Rule 144, as applicable. In addition, 339,498 shares of our Class A common stock were reserved for issuance under the Hyatt Hotels Corporation Employee Stock Purchase Plan ("ESPP"). 1,169,195 shares of our Class A common stock remained available for issuance pursuant to the Amended and Restated Hyatt Corporation Deferred Compensation Plan ("DCP"), and 300,000 shares of Class A common stock remained available for issuance pursuant to the Hyatt International Hotels Retirement Plan (commonly known as the Field Retirement Plan) ("FRP").

If any of these holders causes a large number of securities to be sold in the public market, the sales could reduce the trading price of our Class A common stock. These sales also could impede our ability to raise future capital. See also "—If holders of shares of our Class B common stock convert their shares of Class B common stock into shares of Class A common stock and exercise their registration rights, a significant number of shares of our Class A common stock could be sold into the market, which could reduce the trading price of our Class A common stock and impede our ability to raise future capital."

We also may issue shares of our Class A common stock from time to time as consideration for future acquisitions and investments. If any such acquisition or investment is significant, the number of shares that we may issue may in turn be significant.

We may also issue shares of our Class A common stock to current or former officers and directors of Hyatt and to employees of Hyatt in exchange for services provided to us in the future. We also may issue shares of our Class A common stock from time to time as consideration for future acquisitions and investments. If any such acquisition or investment is significant, the number of shares that we may issue may in turn be significant.
If holders of shares of our Class B common stock convert their shares of Class B common stock into shares of Class A common stock and exercise their registration rights, a significant number of shares of our Class A common stock could be sold into the market, which could reduce the trading price of our Class A common stock and impede our ability to raise future capital.

Holders of 65,463,274 shares of our Class B common stock (or 64.6% of our total outstanding shares of common stock at January 31, 2020), including Pritzker family business interests, have rights, subject to certain conditions, to require us to file registration statements registering sales of shares of Class A common stock acquired upon conversion of such Class B common stock or to include sales of such shares of Class A common stock in registration statements that we may file for ours or for other stockholders. In order to exercise such registration rights, the holder must be permitted to sell shares of its common stock under applicable lock-up restrictions. See “—A significant number of shares of Class A common stock issuable upon conversion of Class B common stock could be sold into the market, which could depress our stock price even if our business is doing well” and Part I, Item 1, “Business—Stockholder Agreements” for additional information with respect to these lock-up provisions. Subject to compliance with applicable lock-up agreements, shares of Class A common stock sold under the registration statements can be freely sold in the public market. In the event such registration rights are exercised and a large number of shares of Class A common stock issuable upon conversion of shares of Class B common stock are sold in the public market, such sales could reduce the trading price of our Class A common stock. These sales also could impede our ability to raise future capital. Additionally, we will bear all expenses in connection with any such registrations (other than underwriting discounts).

Following our decision in May 2017 to file a shelf registration statement on Form S-3 pursuant to Rule 415 of the Securities Act, certain stockholders party to the Registration Rights Agreement, dated as of August 28, 2007, as amended, among us and the stockholders party to the 2007 Stockholders’ Agreement, elected to exercise their “piggyback” registration rights with respect to 12,654,050 shares of Class A common stock issuable upon conversion of shares of Class B common stock, and certain stockholders party to the Registration Rights Agreement, dated as of October 12, 2009, among Hyatt and the Pritzker family business interests party thereto, elected to exercise their piggyback registration rights with respect to 8,470 shares of Class A common stock and 13,067,761 shares of Class A common stock issuable upon conversion of shares of Class B common stock. On May 22, 2017, the Company filed an automatic effective shelf registration statement with the SEC to register the resale of such aggregate 28,270,281 shares. In connection with such registration, all other holders of registration rights, including trustees of trusts for the benefit of Thomas J. Pritzker and his lineal descendants, elected not to exercise their piggyback registration rights. Subsequent to November 2019, a limited partnership for the benefit of Daniel F. Pritzker and/or certain of his lineal descendants engaged in sales and similar transactions representing an aggregate of 762,854 shares of Class A common stock and/or Class A common stock issuable upon conversion of shares of Class B common stock. After giving effect to these transactions, as well as sales prior to November 2019 by (i) entities affiliated with Goldman Sachs & Co. LLC, non-U.S. situs trusts for the benefit of Jay Robert Pritzker and Anthony N. Pritzker, of which CIBC Trust Company (Bahamas) Limited served as trustee, and the Pritzker Family Foundation that resulted in such entities no longer holding any shares registered for resale on the May 2017 shelf registration statement, and (ii) the Anthony N. Pritzker Family Foundation that resulted in such entity holding fewer shares than are registered for resale on the 2017 shelf registration statement, as of the date of this filing, 11,920,151 shares of the 28,270,281 shares originally registered for resale on the May 2017 shelf registration statement continue to be eligible to be sold pursuant to the May 2017 shelf registration statement during the 12 month period commencing November 5, 2019 through November 4, 2020 under the lock-up restrictions contained in the Amended and Restated Global Hyatt Agreement and the Amended and Restated Foreign Global Hyatt Agreement. Subsequent to November 4, 2020, and assuming no further sales, 13,778,829 shares of the 28,270,281 shares originally registered for resale on the May 2017 shelf registration statement will continue to be eligible to be sold pursuant to the May 2017 shelf registration statement. Additional shares may be registered on the shelf registration statement in the future as such shares are eligible to be sold in accordance with the registration rights agreements and lock-up restrictions. See “—A significant number of shares of Class A common stock issuable upon conversion of Class B common stock could be sold into the market, which could depress our stock price even if our business is doing well” for additional information with respect to the lock-up provisions.

The sale of shares registered under the registration statement in the public market, or the perception that such sales may occur could reduce the trading price of our Class A common stock or impede our ability to raise future capital.

50
Non-U.S. holders who own more than 5% of our Class A common stock or substantial amounts of our Class B common stock may be subject to U.S. federal income tax on gain realized on the disposition of such stock.

Because we have significant U.S. real estate holdings, we may be a "United States real property holding corporation" ("USRPHC") for U.S. federal income tax purposes, but we have made no determination to that effect. There can be no assurance that we do not currently constitute or will not become a USRPHC. As a result, a "non-U.S. holder" may be subject to U.S. federal income tax on gain realized on a disposition of our Class A common stock if such non-U.S. holder has owned, actually or constructively (through certain family members, related entities and options), more than 5% of our Class A common stock at any time during the shorter of (a) the five-year period ending on the date of disposition and (b) the non-U.S. holder's holding period in such stock.

If we were or were to become a USRPHC, a non-U.S. holder may be subject to U.S. federal income tax on gain realized on the disposition of our Class B common stock. Such tax would apply if on the date such non-U.S. holder actually or constructively acquired Class B common stock, and on any date on which such non-U.S. holder acquires additional Class B common stock, the aggregate fair market of the Class B common stock it actually and constructively owns is greater than 5% of the fair market value of our Class A common stock on such date. Certain dispositions of substantial amounts of Class B common stock by non-U.S. holders may be subject to withholding under section 1445 of the Internal Revenue Code.

Corporate Headquarters and Regional Offices

Our corporate headquarters are located at 150 North Riverside Plaza, Chicago, Illinois, pursuant to an operating lease. At December 31, 2019, we lease approximately 262,000 square feet.

In addition to our corporate headquarters, we lease space for our regional offices, service centers, data centers, and sales offices in multiple locations, including Amsterdam, The Netherlands; Atlanta, Georgia; Austin, Texas; Bejing, Hong Kong; Shanghai, and Shenzhen, People’s Republic of China; Bensenville, Illinois; Chandler, Arizona; Coral Gables, Florida; Denver, Colorado; Dubai, United Arab Emirates; Franklin Park, Illinois; Gurgaon and Mumbai, India; Jakarta, Indonesia; Johannesburg, South Africa; London, United Kingdom; Los Angeles, California; Mainz, Germany; Marion, Illinois; Maui, Hawaii; Melbourne, Australia; Mexico City, Mexico; Moscow, Russia; Moore, Oklahoma; New York, New York; Paris, France; Plano, Texas; Opfikon, Switzerland; San Francisco, California; São Paulo, Brazil; Scottsdale, Arizona; Seoul, South Korea; Singapore; Tokyo, Japan; and Toronto, Canada.

We believe our existing office properties are in good condition and are sufficient and suitable for the conduct of our business. In the event we need to expand our operations, we believe suitable space will be available on commercially reasonable terms.

Item 3. Legal Proceedings.

We are involved in various claims and lawsuits arising in the normal course of business, including proceedings involving tort and other general liability claims, workers’ compensation and other employee claims, intellectual property claims, and claims related to our management of certain hotel properties. Most occurrences involving liability, claims of negligence, and employees are covered by insurance, in each case, with solvent insurance carriers. We recognize a liability when we believe the loss is probable and reasonably estimable. We currently believe that the ultimate outcome of such lawsuits and proceedings will not, individually or in the aggregate, have a material effect on our consolidated financial position, results of operations, or liquidity.

In March 2018, a putative class action was filed against the Company and several other hotel companies in federal district court in Illinois seeking an unspecified amount of damages and equitable relief for an alleged violation of the federal antitrust laws. In December 2018, a second lawsuit was filed against the Company by TravelPass Group, LLC, Partner Fusion, Inc., and Reservation Counter, LLC in federal district court in Texas for an alleged violation of federal antitrust laws arising from similar conduct alleged in the Illinois case and seeking an unspecified amount of monetary damages. The Company disputes the allegations in these lawsuits and will defend its interests vigorously. We currently do not believe the ultimate outcome of this litigation will have a material effect on our consolidated financial position, results of operation, or liquidity.
Item 4.  Mine Safety Disclosures.

Not Applicable.

Overview

At December 31, 2019, our worldwide hotel portfolio consisted of 913 full and select service hotels (223,111 rooms), including:

- 411 managed properties (126,085 rooms), all of which we operate under management and hotel services agreements with third-party property owners;
- 441 franchised properties (75,840 rooms), all of which are owned by third parties that have franchise agreements with us and are operated by third parties;
- 28 owned properties (13,123 rooms) (including 1 consolidated hospitality venture), 1 finance leased property (171 rooms), and 6 operating leased properties (2,086 rooms), all of which we manage; and
- 24 managed properties and 2 franchised properties owned or leased by unconsolidated hospitality ventures (7,826 rooms).

Our worldwide property portfolio also included:

- 3 wellness resorts (410 rooms), all of which we own and operate;
- 8 all-inclusive resorts (1,153 rooms), all of which are owned by a third party in which we hold common shares and which operates the resorts under franchise agreements with us;
- 16 vacation ownership properties under the Hyatt Residence Club brand and operated by third parties;
- 36 residential properties, which consist of branded residences and serviced apartments. We manage all of the serviced apartments and those branded residential units that participate in a rental program with an adjacent Hyatt-branded hotel; and
- 38 condominium ownership properties for which we provide services for the rental programs or homeowners associations (including 1 unconsolidated hospitality venture).

Our worldwide property portfolio also included branded spas and fitness studios, comprised of managed and leased locations. Additionally, through strategic relationships, we provide certain reservation and/or loyalty program services to hotels that are unaffiliated with our hotel portfolio and which operate under other tradenames or marks owned by such hotel or licensed by third parties.

We believe our business model allows us to pursue more diversified revenue and income streams balancing both the advantages and risks associated with these lines of business. Our expertise and experience in each of these areas gives us the flexibility to evaluate growth opportunities across these lines of business. Growth in the number of management and franchise agreements and earnings therefrom typically results in higher overall returns on invested capital because the capital investment under a typical management or franchise agreement is not significant. The capital required to build and maintain hotels we manage or franchise for third-party owners and franchisees is typically provided by the owner of the respective property with minimal capital required by us as the manager or franchisor. In certain instances, Hyatt has provided funding to owners for the acquisition and development of hotels that Hyatt will manage or franchise in the form of cash, debt repayment or performance guarantees, preferred equity, or mezzanine debt. During periods of increasing demand, we do not share fully in the incremental profits of hotel operations for hotels we manage for third-party owners as our fee arrangements generally include a base amount that is, typically, a percentage of revenue from the subject hotel and an incentive fee that is, typically, a percentage of hotel
profits after satisfying certain financial return thresholds to be earned by the owner, depending on the structure and terms of the management agreement. We do not share in the benefits of increases in profits from franchised properties because franchisees pay us an initial application fee and ongoing royalty fees that are calculated as a percentage of gross room revenues, and also at times as a percentage of food and beverage revenues, with no fees based on profits. Disputes or disruptions may arise with third-party owners and franchisees of hotels we manage, franchise, or license to and these disputes can result in termination of the relevant agreement.

With respect to property ownership, we believe ownership of selected hotels in key markets enhances our ability to control our brand presence in these markets. Ownership of hotels allows us to capture the full benefit of increases in operating profits during periods of increasing demand and room rates. The cost structure of a typical hotel is more fixed than variable, so as demand and room rates increase over time, the rate of growth in operating profits typically is higher than the rate of growth of revenues. Hotel ownership is, however, more capital intensive than managing or franchising hotels for third-party owners, as we are responsible for the costs and all capital expenditures for our owned hotels. The profits realized from our owned and leased hotels are generally more significantly affected by economic downturns and declines in revenues than the management and franchise fees earned from our managed and franchised properties. This is because we absorb the full impact of declining profits for our owned and leased hotels whereas our management and franchise fees do not have the same level of downside exposure to declining hotel profitability. See also “—Principal Factors Affecting Our Results of Operations—Expenses—Factors Affecting Our Costs and Expenses—Fixed nature of expenses” and Part I, Item 1A, “Risk Factors—Risks Related to Our Business—We are exposed to the risks resulting from significant investments in owned and leased real estate, which could increase our costs, reduce our profits, limit our ability to respond to market conditions, or restrict our growth strategy.”

For the years ended December 31, 2019 and December 31, 2018, 82.5% and 80.5% of our revenues were derived from operations in the United States, respectively. At December 31, 2019 and December 31, 2018, 80.6% and 81.1% of our long-lived assets were located in the United States, respectively.

We report our consolidated operations in U.S. dollars. Amounts are reported in millions, unless otherwise noted. Percentages may not recompute due to rounding, and percentage changes that are not meaningful are presented as “NM”. Constant currency disclosures throughout Management's Discussion and Analysis of Financial Condition and Results of Operations are non-GAAP measures. See “—Key Business Metrics Evaluated by Management—Constant Dollar Currency” below for further discussion of constant currency disclosures. We manage our business within four reportable segments, see Part IV, Item 15, “Exhibits and Financial Statement Schedule—Note 19 to our Consolidated Financial Statements.”

Key Business Metrics Evaluated by Management

**Revenues**

We primarily derive our revenues from owned and leased hotel operations, management of hotels, and licensing of our portfolio of brands to franchisees. Management uses revenues to assess the overall performance of our business and analyze trends such as consumer demand, brand preference, and competition. For a detailed discussion of the factors that affect our revenues, see “—Principal Factors Affecting Our Results of Operations—Revenues.”

**Net Income Attributable to Hyatt Hotels Corporation**

Net income attributable to Hyatt Hotels Corporation represents the total earnings or profits generated by our business. Management uses net income to analyze the performance of our business on a consolidated basis.

**Adjusted Earnings Before Interest Expense, Taxes, Depreciation, and Amortization (“Adjusted EBITDA”) and EBITDA**

We use the terms Adjusted EBITDA and EBITDA throughout this annual report. Adjusted EBITDA and EBITDA, as we define them, are non-GAAP measures. We define consolidated Adjusted EBITDA as net income attributable to Hyatt Hotels Corporation plus our pro rata share of unconsolidated owned and leased hospitality ventures Adjusted EBITDA based on our ownership percentage of each owned and leased venture, adjusted to exclude the following items:

- interest expense;
- provision for income taxes;
- depreciation and amortization;
- amortization of management and franchise agreement assets constituting payments to customers (“Contra revenue”);
- revenues for the reimbursement of costs incurred on behalf of managed and franchised properties;
• costs incurred on behalf of managed and franchised properties;
• equity earnings (losses) from unconsolidated hospitality ventures;
• stock-based compensation expense;
• gains (losses) on sales of real estate;
• asset impairments; and
• other income (loss), net

We calculate consolidated Adjusted EBITDA by adding the Adjusted EBITDA of each of our reportable segments and eliminations to corporate and other Adjusted EBITDA. See "—Segment Results."

Our board of directors and executive management team focus on Adjusted EBITDA as a key performance and compensation measure both on a segment and on a consolidated basis. Adjusted EBITDA assists us in comparing our performance over various reporting periods on a consistent basis because it removes from our operating results the impact of items that do not reflect our core operations both on a segment and on a consolidated basis. Our President and Chief Executive Officer, who is our chief operating decision maker ("CODM"), also evaluates the performance of each of our reportable segments and determines how to allocate resources to those segments, in significant part, by assessing the Adjusted EBITDA of each segment. In addition, the compensation committee of our board of directors determines the annual variable compensation for certain members of our management based in part on consolidated Adjusted EBITDA, segment Adjusted EBITDA, or some combination of both.

We believe Adjusted EBITDA is useful to investors because it provides investors the same information that we use internally for purposes of assessing our operating performance and making compensation decisions and facilitates our comparison of results before these items with results from other companies within our industry.

Adjusted EBITDA excludes certain items that can vary widely across different industries and among companies within the same industry. For instance, interest expense and provision for income taxes are dependent upon company specifics, including capital structure, credit ratings, tax policies, and jurisdictions in which they operate, and therefore, can vary significantly across companies. Depreciation and amortization, as well as Contra revenue, are dependent on company policies including how the assets are utilized as well as the lives assigned to the assets. We exclude revenues for the reimbursement of costs and costs incurred on behalf of managed and franchised properties which relate to the reimbursement of payroll costs and for system-wide services and programs that we operate for the benefit of our hotel owners as contractually we do not provide services or operate the related programs to generate a profit over the terms of the respective contracts. Over the long term, these programs and services are not designed to impact our economics, either positively or negatively. Therefore, we exclude the net impact when evaluating period-over-period changes in our operating results. We exclude stock-based compensation expense to remove the variability amongst companies resulting from different compensation plans companies have adopted. Finally, we exclude other items that are not core to our operations, such as asset impairments and unrealized and realized gains and losses on marketable securities.

Adjusted EBITDA and EBITDA are not substitutes for net income attributable to Hyatt Hotels Corporation, net income, or any other measure prescribed by GAAP. There are limitations to using non-GAAP measures such as Adjusted EBITDA and EBITDA. Although we believe that Adjusted EBITDA can make an evaluation of our operating performance more consistent because it removes items that do not reflect our core operations, other companies in our industry may define Adjusted EBITDA differently than we do. As a result, it may be difficult to use Adjusted EBITDA or similarly named non-GAAP measures that other companies use to compare the performance of those companies to our performance. Because of these limitations, Adjusted EBITDA should not be considered as a measure of the income generated by our business. Our management compensates for these limitations by reference to our GAAP results and using Adjusted EBITDA supplementally. See our consolidated statements of income in our consolidated financial statements included elsewhere in this annual report.

See below for a reconciliation of net income attributable to Hyatt Hotels Corporation to EBITDA and a reconciliation of EBITDA to consolidated Adjusted EBITDA.

Adjusted Selling, General, and Administrative Expenses

Adjusted selling, general, and administrative expenses, as we define it, is a non-GAAP measure. Adjusted selling, general, and administrative expenses exclude the impact of deferred compensation plans funded through rabbi trusts and stock-based compensation expense. Adjusted selling, general, and administrative expenses assist us in comparing our performance over various reporting periods on a consistent basis because it removes from our operating results the impact of items that do
not reflect our core operations, both on a segment and consolidated basis. See "—Results of Operations" for a reconciliation of selling, general, and administrative expenses to Adjusted selling, general, and administrative expenses.

Comparable Hotels

"Comparable system-wide hotels" represents all properties we manage or franchise (including owned and leased properties) and that are operated for the entirety of the periods being compared and that have not sustained substantial damage, business interruption, or undergone large scale renovations during the periods being compared or for which comparable results are not available. We may use variations of comparable system-wide hotels to specifically refer to comparable system-wide Americas full service or select service hotels for those properties that we manage or franchise within the Americas management and franchising segment, comparable system-wide ASPAC full service or select service hotels for those properties we manage or franchise within the ASPAC management and franchising segment, or comparable system-wide EAME/SW Asia full service or select service hotels for those properties that we manage or franchise within the EAME/SW Asia management and franchising segment. "Comparable owned and leased hotels" represents all properties we own or lease and that are operated and consolidated for the entirety of the periods being compared and have not sustained substantial damage, business interruption, or undergone large scale renovations during the periods being compared or for which comparable results are not available. Comparable system-wide hotels and comparable owned and leased hotels are commonly used as a basis of measurement in our industry. "Non-comparable system-wide hotels" or "non-comparable owned and leased hotels" represent all hotels that do not meet the respective definition of "comparable" as defined above.

Constant Dollar Currency

We report the results of our operations both on an as-reported basis, as well as on a constant dollar basis. Constant dollar currency, which is a non-GAAP measure, excludes the effects of movements in foreign currency exchange rates between comparative periods. We believe constant dollar analysis provides valuable information regarding our results as it removes currency fluctuations from our operating results. We calculate constant dollar currency by restating prior-period local currency financial results at the current period's exchange rates. These restated amounts are then compared to our current period reported amounts to provide operationally driven variances in our results.

Revenue per Available Room ("RevPAR")

RevPAR is the product of the ADR and the average daily occupancy percentage. RevPAR does not include non-room revenues, which consist of ancillary revenues generated by a hotel property, such as food and beverage, parking, and other guest service revenues. Our management uses RevPAR to identify trend information with respect to room revenues from comparable properties and to evaluate hotel performance on a regional and segment basis. RevPAR is a commonly used performance measure in our industry.

RevPAR changes that are driven predominantly by changes in occupancy have different implications for overall revenue levels and incremental profitability than do changes that are driven predominantly by changes in average room rates. For example, increases in occupancy at a hotel would lead to increases in room revenues and additional variable operating costs (including housekeeping services, utilities, and room amenity costs), and could also result in increased ancillary revenues (including food and beverage). In contrast, changes in average room rates typically have a greater impact on margins and profitability as average room rate changes result in minimal impacts to variable operating costs.

Average Daily Rate

ADR represents hotel room revenues, divided by the total number of rooms sold in a given period. ADR measures average room price attained by a hotel, and ADR trends provide useful information concerning the pricing environment and the nature of the customer base of a hotel or group of hotels. ADR is a commonly used performance measure in our industry, and we use ADR to assess the pricing levels that we are able to generate by customer group, as changes in rates have a different effect on overall revenues and incremental profitability than changes in occupancy, as described above.

Occupancy

Occupancy represents the total number of rooms sold divided by the total number of rooms available at a hotel or group of hotels. Occupancy measures the utilization of a hotel's available capacity. We use occupancy to gauge demand at a specific hotel or group of hotels in a given period. Occupancy levels also help us determine achievable ADR levels as demand for hotel rooms increases or decreases.
Principal Factors Affecting Our Results of Operations

Revenues

**Principal Components**

We primarily derive our revenues from the following sources:

- **Revenues from hotel operations.** Represents revenues derived from hotel operations, including room rentals and food and beverage sales and other ancillary revenues at our owned and leased properties. Revenues from the majority of our hotel operations depend heavily on demand from group and transient travelers, as discussed below. Revenues from our owned and leased hotels are primarily derived from hotel operations.

- **Revenues from room rentals and ancillary revenues.** Primarily derived from three categories of customers: transient, group, and contract. Transient guests are individual travelers who are traveling for business or leisure. Our group guests are traveling for group events that reserve a minimum of 10 rooms for meetings or social functions sponsored by associations, corporate, social, military, educational, religious, or other organizations. Group business usually includes a block of room accommodations as well as other ancillary services, such as catering and banquet services. Our contract guests are traveling under a contract negotiated for a block of rooms for more than 30 days in duration at agreed-upon rates. Airline crews are typical generators of contract demand for our hotels.

- **Management, franchise, and other fees.** Represents revenues derived from fees earned from hotels and residential ownership units managed worldwide (usually under long-term management agreements), franchise fees received in connection with the franchising of our brands (usually under long-term franchise agreements), termination fees, and license fees received in connection with the licensing of the Hyatt brand names through our co-branded credit card program and vacation ownership properties. For a detailed discussion of our management and franchise fees, see Part I, Item 1, "Business—Management Agreements—Hotel Management Agreements Fees" and Part I, Item 1, "Business—Franchise Agreements—Fees."

- **Other revenues.** Represents revenues primarily related to our residential management operations for our condominium ownership units, co-branded credit cards, and Exhale.

- **Revenues for the reimbursement of costs incurred on behalf of managed and franchised properties.** Represents revenues for the reimbursement of costs incurred on behalf of the owners of properties. These reimbursed costs relate primarily to payroll at managed properties where we are the employer, as well as system-wide services and the loyalty program operated on behalf of owners. We record these revenues in "Revenues for the reimbursement of costs incurred on behalf of managed and franchised properties" and the corresponding costs in "Costs incurred on behalf of managed and franchised properties" in our consolidated statements of income.

- **Intersegment eliminations.** Represents management fee revenues and expenses related to our owned and leased hotels and promotional award redemption revenues and expenses related to our co-branded credit cards at our owned and leased hotels, which are eliminated in consolidation.

**Factors Affecting Our Revenues**

For other factors affecting our revenues, see Part I, Item 1A, "Risk Factors—Risks Related to Our Business."

**Consumer demand and global economic conditions.** Consumer demand for our products and services is closely linked to the performance of the general economy and sensitive to business and personal discretionary spending levels. Declines in consumer demand due to adverse general economic conditions, risks affecting or reducing travel patterns, lower consumer confidence, high unemployment, or adverse political conditions can lower the revenues and profitability of our owned and leased properties and the amount of management and franchising fee revenues we are able to generate from our managed and franchised properties. Also, declines in hotel profitability during an economic downturn directly impact the incentive portion of our management fees, since it is based on hotel profit measures. As a result, changes in consumer demand and general business cycles can subject, and have subjected, our revenues to significant volatility. See Part I, Item 1A, "Risk Factors—Risks Related to the Hospitality Industry."

(1) The number of comparable hotels presented above includes owned and leased hotels.

System-wide RevPAR increased 0.7% in constant currency during 2019 compared to 2018 driven by increases in transient demand at full service properties in the Americas and EAME/SW Asia, partially offset by weakened performance at Americas select service properties and ASPAC full service properties. See “— Segment Results” for discussion of RevPAR by segment.

### Competition

The hospitality industry is highly competitive. While demand has continued to grow over the last several years, we have also seen an increase in supply, particularly in certain key markets. This increased supply can put significant pressure on ADR at our properties as well as those of our competitors. Despite this increased supply, our system-wide RevPAR has increased each year since 2009. Increasingly, we also face competition from new channels of distribution in the travel industry, including large companies that offer travel services as part of their business model and peer-to-peer inventory sources, as well as industry consolidation. We believe our brand strength and ability to manage our operations in an efficient manner will help us to continue competing successfully within the hospitality industry.

### Agreements with third-party owners and franchisees and relationships with developers

We depend on our long-term management and franchise agreements with third-party owners and franchisees for a significant portion of our management and franchising fee revenues. The viability of our management and franchising business depends on our ability to maintain good relationships with third-party property owners and franchisees. Our relationships with these third parties also generate new relationships with developers and opportunities for property development that can support our growth. We believe we have good relationships with our third-party owners, franchisees, and developers in all of our segments and are committed to the continued growth and development of these relationships. These relationships exist with a diverse group of owners, franchisees, and developers and are not heavily concentrated with any particular third party.

### Access to capital

The hospitality industry is a capital-intensive business that requires significant amounts of capital expenditures to develop, maintain, and renovate properties. Third-party owners and franchisees are required to fund these capital expenditures for the properties they own in accordance with the terms of the applicable management or franchise agreement. Access to the capital that we or our third-party owners, franchisees, or development partners need to finance the construction of new properties or to maintain and renovate existing properties is critical to the continued growth of our business and our revenues. The availability of capital or the conditions under which we or our third-party owners, franchisees, or development partners can obtain capital can have a significant impact on the overall level, cost, and pace of future development and therefore the ability to grow our revenues.

### Expenses

#### Principal Components

- **Owned and leased hotels expenses.** Reflects the expenses of our consolidated owned and leased hotels. Expenses to operate our hotels include rooms expenses, food and beverage costs, other support costs, and property expenses. Rooms expenses generally includes compensation costs for housekeeping, laundry, and front desk staff and supply costs for guest room amenities and laundry. Food and beverage costs include costs for wait and kitchen staff and food and beverage products. Other support expenses consist of costs associated with property-level management (including deferred compensation plans for certain employees that are funded through contributions to rabbi trusts), utilities, sales and marketing, hotel spa operations,
parking and other guest recreation, entertainment, and services. Property expenses include property taxes, repairs and maintenance, rent, and insurance.

Depreciation and amortization expenses. These are non-cash expenses that primarily consist of depreciation of fixed assets such as buildings, furniture, fixtures, and equipment at our consolidated owned and leased hotels. Amortization expense primarily consists of amortization of management and franchise agreement intangibles.

Other direct costs. Represents expenses primarily related to our residential management operations for our condominium ownership units, co-branded credit cards, and Exhale.

Selling, general, and administrative expenses. Consists primarily of compensation expense, including deferred compensation plans for certain employees that are funded through contributions to rabbi trusts, for our corporate staff and personnel supporting our business segments (including regional offices that support our management and franchise segments), professional fees (including consulting, audit, and legal fees), travel and entertainment expenses, sales and marketing expenses, bad debt expenses, and office administrative and related expenses, including rent expenses.

Costs incurred on behalf of managed and franchised properties. Represents costs incurred on behalf of the owners of properties. These reimbursed costs relate primarily to payroll at managed properties where we are the employer, as well as system-wide services and the loyalty program operated on behalf of owners.

Factors Affecting Our Costs and Expenses

For other factors affecting our costs and expenses, see Part I, Item 1A, "Risk Factors—Risks Related to Our Business."

Fixed nature of expenses. Expenses associated with managing, franchising, licensing, owning, leasing, or providing services to hotels, branded spas and fitness studios, and residential, vacation, and condominium ownership units, are relatively fixed. These costs include personnel costs, interest, rent, property taxes, insurance, and utilities, all of which may increase at a greater rate than our revenues and/or may not be able to be reduced at the same rate as declining revenues. If we are unable to decrease these costs significantly or rapidly if demand for our hotels and other properties decreases, the decline in our revenues can have a particularly adverse effect on our net cash flows and profits. This effect can be especially pronounced during periods of economic contraction or slow economic growth. Economic downturns generally affect the results derived from our owned and leased hotels more significantly than the results of our management and franchising segments due to the high fixed costs associated with operating an owned or leased property. The effectiveness of any cost-cutting efforts is limited by the fixed-cost nature of our business. As a result, we may not always be able to offset reductions in revenue through cost cutting. Employees at some of our owned and leased hotels are parties to collective bargaining agreements that may also limit our ability to make timely staffing or labor changes in response to declining revenues. In addition, efforts to reduce costs, or to defer or cancel capital improvements, could adversely affect the economic value of our properties and brands. We intend to manage our cost structure at levels appropriate for the degree of demand and revenue generated at our hotels.

Changes in depreciation and amortization expenses. Changes in depreciation and amortization expenses may be driven by renovations of existing properties, acquisition or development of new properties and/or businesses, or the disposition of existing properties through sale or closure. If we execute such transactions, we may add depreciable and/or amortizable assets, which would result in an increase in depreciation and/or amortization expenses.

Other Items

Asset impairments

We hold significant amounts of goodwill, intangible assets, property and equipment, and investments. We evaluate these assets on a quarterly basis for impairment as further discussed in "—Critical Accounting Policies and Estimates." These evaluations have, in the past, resulted in impairment charges for certain of these assets based on the specific facts and circumstances surrounding those assets. We may be required to take additional impairment charges to reflect further declines in our asset and/or investment values.

Acquisitions, divestitures, and significant renovations

We routinely acquire, divest, or undertake large scale renovations of hotel properties. The results of operations derived from these properties do not, therefore, meet the definition of "comparable hotels" as defined in "—Key Business Metrics Evaluated by Management." The results of operations from these properties, however, may have a material effect on our results from period to period and are, therefore, addressed separately in our discussion on results of operations when material.
In 2019, we entered into the following key transactions:

- sold the shares of the entity which owns Grand Hyatt Seoul and adjacent land for approximately $481 million and entered into a long-term management agreement for the property upon sale;
- sold Hyatt Regency Atlanta for approximately $355 million and entered into a long-term management agreement for the property upon sale; and
- sold the property adjacent to Grand Hyatt San Francisco and assigned the related Apple store lease for approximately $120 million.

In 2018, we entered into the following key transactions:

- sold Grand Hyatt San Francisco, Andaz Maui at Wailea Resort together with adjacent land, and Hyatt Regency Coconut Point Resort and Spa as a portfolio for approximately $1 billion and entered into long-term management agreements for the properties upon sale;
- sold the shares of the entity which owns Hyatt Regency Mexico City, an investment in an unconsolidated hospitality venture, and adjacent land, a portion of which will be developed as Park Hyatt Mexico City ("HRMC transaction") for approximately $405 million and entered into long-term management agreements for the properties upon sale;
- acquired Two Roads, including long-term management and license agreements, for a purchase price of $405 million plus potential additional consideration of up to $96 million if the sellers complete certain actions with respect to certain of the acquired management agreements and up to $8 million in the event of the execution of certain potential new management agreements related to the development of certain potential new deals previously identified and generated by the sellers or affiliates of the sellers;
- acquired Hyatt Regency Phoenix for a purchase price of approximately $140 million; and
- acquired Hyatt Regency Indian Wells Resort & Spa for a purchase price of approximately $120 million.

See Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 7 to our Consolidated Financial Statements" for further discussion on these key transactions.

**Effect of foreign currency exchange rate fluctuations**

A significant portion of our operations are conducted in functional currencies other than our reporting currency which is the U.S. dollar. As a result, we are required to translate those results from the functional currency into U.S. dollars at market based average exchange rates during the period reported. When comparing our results of operations between periods, there may be material portions of the changes in our revenues or expenses that are derived from fluctuations in exchange rates experienced between those periods. See Part I, Item 1A, "Risk Factors—Risks Related to the Hospitality Industry—Because we derive a portion of our revenues from operations outside the United States, the risks of doing business internationally, or in a particular country or region, could lower our revenues, increase our costs, reduce our profits, or disrupt our business."

Discussion on Consolidated Results

For additional information regarding our consolidated results, please also refer to our consolidated statements of income included in Part IV, Item 15, "Exhibits and Financial Statement Schedule—Consolidated Financial Statements." The impact from our investments in marketable securities held to fund our deferred compensation plans through rabbi trusts was recorded on the various financial statement line items discussed below and had no impact on net income. See "Net gains (losses) and interest income from marketable securities held to fund rabbi trusts" for the allocation of the impact to the various financial statement line items.

The increase in management, franchise, and other fees, which included a $7 million net unfavorable currency impact for the year ended December 31, 2019, compared to the same period in 2018, was driven by increases in base fees, most notably in the Americas management and franchising segment primarily due to the acquisition of Two Roads, as well as increases in franchise fees driven by the Americas management and franchising segment. See "—Segment Results" for further discussion.

Other revenues.

Other revenues increased $77 million during the year ended December 31, 2019, compared to the year ended December 31, 2018, primarily due to revenues from the residential management operations acquired as part of Two Roads.

The decrease in owned and leased hotels expenses, which included a $14 million net favorable currency impact, during the year ended December 31, 2019, compared to the year ended December 31, 2018, was driven primarily by non-comparable owned and leased hotel dispositions, partially offset by acquisitions. See “— Segment Results” for a discussion of the non-comparable owned and leased hotels transaction activity in 2019 and 2018. Additionally, the impact recognized with respect to our employee benefit programs funded through rabbi trusts was driven by the performance of the underlying invested assets during the year ended December 31, 2019 compared to the year ended December 31, 2018.

Other direct costs. Other direct costs increased $85 million during the year ended December 31, 2019, compared to the year ended December 31, 2018, primarily due to expenses incurred from the residential management operations acquired as part of Two Roads and the growth of our co-branded credit card program.

Gains on sales of real estate. During the year ended December 31, 2019, we recognized a $349 million pre-tax gain related to the sale of our shares of the entity which owns Grand Hyatt Seoul and adjacent land, a $272 million pre-tax gain related to the sale of Hyatt Regency Atlanta, and a $101 million pre-tax gain related to the sale of the property adjacent to Grand Hyatt San Francisco and assignment of the Apple store lease.
During the year ended December 31, 2018, we recognized a $531 million pre-tax gain related to the sales of Grand Hyatt San Francisco, Andaz Maui at Wailea Resort, and Hyatt Regency Coconut Point Resort and Spa and a $238 million pre-tax gain associated with the HRMC transaction.

See Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 7 to the Consolidated Financial Statements" for additional information.

Asset impairments. During the year ended December 31, 2019, we recognized $18 million of asset impairment charges related to Two Roads intangible assets primarily as a result of contract terminations. During the year ended December 31, 2018, we recognized $25 million of asset impairment charges related to goodwill primarily in relation to the HRMC transaction. See Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 9 to the Consolidated Financial Statements" for additional information.

The increased effective tax rate and provision for income taxes during the year ended December 31, 2019, compared to the year ended December 31, 2018, are primarily due to a low effective tax rate on the HRMC transaction in 2018, which was based on the local country tax laws unique to the transaction.

The increase in comparable owned and leased hotels revenues during the year ended December 31, 2019, compared to the year ended December 31, 2018, was primarily driven by improved transient revenue in certain international markets, partially offset by decreased group revenues within certain markets in the United States and net unfavorable currency impacts.

Excluding net unfavorable currency impacts, the decrease in non-comparable owned and leased hotels revenues was driven by:

- the dispositions of Hyatt Regency Mexico City, Andaz Maui at Wailea Resort, Grand Hyatt San Francisco, and Hyatt Regency Coconut Point Resort and Spa in 2018, and
- the dispositions of Hyatt Regency Atlanta and Grand Hyatt Seou in 2019,
• partially offset by the acquisitions of Hyatt Regency Indian Wells Resort & Spa and Hyatt Regency Phoenix in 2018.

The increase in comparable RevPAR at our owned and leased hotels during the year ended December 31, 2019, compared to the same period in 2018, was driven primarily by improved transient business at certain international hotels as well as strong group business within key European markets, partially offset by decreased group demand in certain United States markets.

During the year ended December 31, 2019, we removed two properties from the comparable owned and leased hotels results as the hotels were sold.

Owned and leased hotels Adjusted EBITDA. The decrease in Adjusted EBITDA at our owned and leased hotels during the year ended December 31, 2019, compared to the same period in 2018, which included a $2 million net unfavorable currency impact, was primarily driven by a $34 million decrease related to non-comparable owned and leased hotels due to the aforementioned transaction activity.

Pro rata share of unconsolidated hospitality ventures Adjusted EBITDA. Our pro rata share of Adjusted EBITDA from our unconsolidated hospitality ventures decreased during the year ended December 31, 2019, compared to the year ended December 31, 2018, primarily driven by the sale of our ownership interest in an unconsolidated hospitality venture in 2018.

Inflation

We do not believe inflation had a material effect on our business in 2019 or 2018.

Liquidity and Capital Resources

Overview

We finance our business primarily with existing cash, short-term investments, and cash generated from our operations. As part of our business strategy, we use net proceeds from dispositions to support our acquisitions and new investment opportunities as well as return capital to our shareholders. When appropriate, we borrow cash under our revolving credit facility or from other third-party sources and may also raise funds by issuing debt or equity securities as necessary. We maintain a cash investment policy that emphasizes preservation of capital. We believe our cash position, short-term investments, and cash from operations, together with borrowing capacity under our revolving credit facility and our access to the capital markets, will be adequate to meet all of our funding requirements and capital deployment objectives for the foreseeable future.

We may, from time to time, seek to retire or purchase additional amounts of our outstanding equity and/or debt securities through cash purchases and/or exchanges for other securities, in open market purchases, privately negotiated transactions, or otherwise, including pursuant to a Rule 10b5-1 plan or an accelerated share repurchase transaction. Such repurchases or exchanges, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions, and other factors. The amounts involved may be material.

Recent Transactions Affecting Our Liquidity and Capital Resources

During the years ended December 31, 2019 and December 31, 2018, various transactions impacted our liquidity. See “—Sources and Uses of Cash.”

### Cash Flows from Operating Activities

Cash provided by operating activities increased $55 million in the year ended December 31, 2019 compared to the year ended December 31, 2018. The increase was primarily due to higher tax payments in 2018 driven by transactions and changes in our working capital.

### Cash Flows from Investing Activities

#### 2019 Activity:
- We sold the shares of the entity which owns Grand Hyatt Seoul and adjacent land to an unrelated third party for approximately $467 million, net of closing costs and proration adjustments.
- We sold Hyatt Regency Atlanta to an unrelated third party for approximately $346 million, net of closing costs and proration adjustments.
- We sold the property adjacent to Grand Hyatt San Francisco and assigned the related Apple store lease to an unrelated third party for approximately $115 million, net of closing costs and proration adjustments. Proceeds from the sale were held as restricted for use in a potential like-kind exchange.
- We collected $46 million of unsecured financing receivables related to the HRMC transaction.
- We received $25 million of proceeds from sales activity related to certain equity method investments.
- We sold our contractual right to purchase Hyatt Regency Portland at the Oregon Convention Center to an unrelated third party for approximately $21 million, net of closing costs.
- We invested $369 million in capital expenditures (see “—Capital Expenditures”).

#### 2018 Activity:
- We sold Grand Hyatt San Francisco, Andaz Maui at Wailea Resort, and Hyatt Regency Coconut Point Resort and Spa to an unrelated third party as a portfolio for approximately $992 million, net of closing costs and proration adjustments. Proceeds from the sale of Hyatt Regency Coconut Point Resort and Spa of $221 million were held as restricted for use in a potential like-kind exchange, of which approximately $198 million were subsequently used for acquisitions and the remaining $23 million were released.
- We received $360 million of proceeds from the HRMC transaction.
- We sold a Hyatt House hotel for approximately $48 million, net of closing costs and proration adjustments.
- We received $43 million of proceeds from sales activity related to certain equity method investments.
- We acquired Two Roads for cash of $415 million, net of $37 million cash acquired, which was inclusive of a $36 million payment of additional consideration and $4 million of other purchase price adjustments.
- We invested $297 million in capital expenditures (see “—Capital Expenditures”).
- We acquired Hyatt Regency Phoenix for a purchase price of approximately $139 million, net of proration adjustments.
- We acquired Hyatt Regency Indian Wells Resort & Spa for a purchase price of approximately $120 million, net of proration adjustments.
We had $41 million of net purchases of marketable securities and short-term investments.

Periodically, we enter into like-kind exchange agreements upon the disposition or acquisition of certain properties. Pursuant to the terms of these agreements, the proceeds from the sales are placed into an escrow account administered by a qualified intermediary and are unavailable for our use until released. The proceeds are recorded as restricted cash on our consolidated balance sheets and released (i) if they are utilized as part of a like-kind exchange agreement, (ii) if we do not identify a suitable replacement property within 45 days after the agreement date, or (iii) when a like-kind exchange agreement is not completed within the remaining allowable time period.

• We issued $400 million of 4.375% senior notes due 2028, at an issue price of 99.866% (the "2028 Notes") and received $396 million of net proceeds, after deducting approximately $4 million of underwriting discounts and offering expenses.

We define net debt as total debt less the total of cash and cash equivalents and short-term investments. We consider net debt and its components to be an important indicator of liquidity and a guiding measure of capital structure strategy. Net debt is a non-GAAP measure and may not be computed the same as similarly titled measures used by other companies. The following table provides a summary of our debt to capital ratios:

Capital Expenditures

We routinely make capital expenditures to enhance our business. We classify our capital expenditures into maintenance and technology, enhancements to existing properties, and investment in new properties under development or recently opened. We have been and will continue to be prudent with respect to our capital spending, taking into account our cash flow from operations.

Senior Notes

The table below sets forth the outstanding principal balance of our various series of senior unsecured notes (the "Senior Notes") at December 31, 2019, as described in Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 11 to our Consolidated Financial Statements.” Interest on the Senior Notes is payable semi-annually.

In the indenture that governs the Senior Notes, we agreed not to:

- create any liens on our principal properties, or on the capital stock or debt of our subsidiaries that own or lease principal properties, to secure debt without also effectively providing that the Senior Notes are secured equally and ratably with such debt for so long as such debt is so secured; or
- enter into any sale and leaseback transactions with respect to our principal properties.

These limitations are subject to significant exceptions.

The indenture also limits our ability to enter into mergers or consolidations or transfer all or substantially all of our assets unless certain conditions are satisfied.

If a change of control triggering event occurs, as defined in the indenture governing the Senior Notes, we will be required to offer to purchase the Senior Notes at a price equal to 101% of their principal amount, together with accrued and unpaid interest, if any, to the date of purchase. We may also redeem some or all of the Senior Notes at any time prior to their maturity at a redemption price equal to 100% of the principal amount of the Senior Notes redeemed plus accrued and unpaid interest, if any, to the date of redemption plus a make-whole amount.

We are in compliance with all applicable covenants under the indenture governing our Senior Notes at December 31, 2019.

Revolving Credit Facility

The revolving credit facility is intended to provide financing for working capital and general corporate purposes, including commercial paper backup and permitted investments and acquisitions. At December 31, 2019 and December 31, 2018, we had no balance outstanding. We had $1 million and no outstanding undrawn letters of credit issued under our revolving credit facility (and reduced availability thereunder) at December 31, 2019 and December 31, 2018, respectively. At December 31, 2019, we had available borrowing capacity of $1.5 billion under our revolving credit facility, net of outstanding
undrawn letters of credit. See Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 11 to our Consolidated Financial Statements."

All of our borrowings under our revolving credit facility are guaranteed by substantially all of our material domestic subsidiaries, as defined in the revolving credit facility. All guarantees are guarantees of payment and performance and not of collection. Hotel Investors I, Inc., a wholly owned subsidiary, is an additional borrower under our revolving credit facility.

Interest rates on outstanding borrowings are either LIBOR-based or based on an alternate base rate, with margins in each case based on our credit rating or, in certain circumstances, our credit rating and leverage ratio. At December 31, 2019, the interest rate for a one month LIBOR borrowing under our revolving credit facility would have been 2.813%, or LIBOR of 1.763% plus 1.050%.

Borrowings under our revolving credit facility bear interest, at our option, at either one, two, three, or six month LIBOR plus a margin ranging from 0.900% to 1.500% per annum (plus any mandatory costs, if applicable) or the alternative base rate plus a margin ranging from 0.000% to 0.500% per annum, in each case depending on our credit rating by either S&P or Moody's or, in certain circumstances, our credit rating and leverage ratio. Borrowings under our swingline subfacility will bear interest at a per annum rate equal to the alternate base rate plus the applicable percentage for revolving loans that are alternate base rate loans. We are also required to pay letter of credit fees with respect to each letter of credit equal to the applicable margin for LIBOR on the face amount of each letter of credit. In addition, we must pay a fronting fee to the issuer of each letter of credit of 0.10% per annum on the face amount of each letter of credit.

The revolving credit facility also provides for a facility fee ranging from 0.100% to 0.250% of the total commitment of the lenders under the revolving credit facility (depending on our credit rating by either S&P or Moody's). The facility fee is charged regardless of the level of borrowings.

In the event we no longer have a credit rating from either S&P or Moody's or our rating falls at or below BBB-/Baa3, with respect to borrowings under our revolving credit facility (a) such borrowings will bear interest at either LIBOR plus 1.300% or 1.500% per annum or the alternative base rate referenced above plus 0.300% or 0.500% per annum, in each case, depending on our leverage ratio and (b) the facility fee will be 0.200% or 0.250%.

Our revolving credit facility contains a number of affirmative and restrictive covenants including limitations on the ability to place liens on our or our direct or indirect subsidiaries' assets; to merge, consolidate, and dissolve; to sell assets; to engage in transactions with affiliates; to change our or our direct or indirect subsidiaries' fiscal year or organizational documents; and to make restricted payments.

Our revolving credit facility also requires us to meet Leverage Ratio and Secured Funded Debt Ratio financial covenants in each case as defined in our revolving credit facility.

The revolving credit facility provides for a facility fee ranging from 0.100% to 0.250% of the commitments of the lenders under the revolving credit facility to not exceed 0.250%.

Our revolving credit facility also requires us to meet Leverage Ratio and Secured Funded Debt Ratio financial covenants in each case as defined in our revolving credit facility.

Letters of Credit

We issue letters of credit either under the revolving credit facility as discussed above or directly with financial institutions. We had $263 million and $277 million in letters of credit issued directly with financial institutions outstanding at December 31, 2019 and December 31, 2018, respectively. These letters of credit had weighted-average fees of approximately 99 basis points and a range of maturity of up to approximately three years at December 31, 2019.

Other Indebtedness and Future Debt Maturities

Excluding the $1,400 million of Senior Notes, all other third-party indebtedness was $223 million, net of $15 million of unamortized discounts and deferred financing fees, at December 31, 2019.

At December 31, 2019, $11 million of our outstanding debt will mature in the following 12 months. We believe we will have adequate liquidity, including our capacity to borrow under our revolving credit facility, and/or the ability to execute on refinancing or new issuances of debt to meet requirements for scheduled maturities.

(2) Consists of various debt repayment and other guarantees related to our unconsolidated hospitality ventures, managed and franchised hotels, and other properties. Certain of these underlying debt agreements have extension periods which are not reflected in the table above. With respect to certain of these guarantees, we have agreements with our unconsolidated hospitality venture partners, the respective hotel owners, or other third parties which reduce our maximum guarantee and are not reflected in the table above.

Off-Balance Sheet Arrangements

At December 31, 2019, our off-balance sheet arrangements included $80 million of purchase obligations, $264 million of letters of credit, and $48 million of surety bonds. These amounts are discussed in "—Sources and Uses of Cash—Revolving Credit Facility and —Letters of Credit,” "—Contractual Obligations,” and Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 15 to our Consolidated Financial Statements."

Critical Accounting Policies and Estimates

Preparing financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements, the reported amounts of revenues and expenses during the reporting periods, and the related disclosures in our consolidated financial statements and accompanying notes.
A number of our accounting policies, which are described in Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 2 to our Consolidated Financial Statements," are critical due to the fact they involve a higher degree of judgment and estimates. Those accounting policies and other critical estimates are included below. As a result, these accounting policies could materially affect our financial position and results of operations. While we have used our best estimates based on the facts and circumstances available to us at the time, different estimates reasonably could have been used in the current period. In addition, changes in the accounting estimates that we use are reasonably likely to occur from period to period, which may have a material impact on the presentation of our financial condition and results of operations. Although we believe our estimates, assumptions, and judgments are reasonable, they are based upon information presently available. Actual results may differ significantly from these estimates under different assumptions, judgments, or conditions. Management has discussed the development and selection of these critical accounting policies and estimates with the audit committee of the board of directors.

Guarantees

We enter into performance guarantees related to certain hotels we manage. We also enter into debt repayment and other guarantees with respect to unconsolidated hospitality ventures, certain managed or franchised hotels, and other properties. We record a liability for the fair value of these guarantees at their inception date. In order to estimate the fair value, we use a Monte Carlo simulation to model the probability of possible outcomes. The valuation methodology requires that we make certain assumptions and judgments in our determination of the fair value, which are based on our knowledge of the hospitality industry, market conditions, location of the property, and specific information available at the time of the valuation.

Goodwill and Indefinite-Lived Intangible Assets

We evaluate goodwill and indefinite-lived intangible assets for impairment annually during the fourth quarter of each year using balances at October 1 and at an interim date if indications of impairment exist. The Company has seven reporting units which have goodwill at December 31, 2019.

We are required to apply judgment when determining whether or not indications of impairment exist. The determination of the occurrence of a triggering event is based on our knowledge of the hospitality industry, historical experience, location of the property or properties, market conditions, and specific information available at the time of the assessment. We realize, however, that the results of our analysis could vary from period to period depending on how our judgment is applied and the facts and circumstances available at the time of the analysis. Judgment is also required in determining the assumptions and estimates used when calculating the fair value of the reporting unit or the indefinite-lived intangible asset.

Historically, changes in estimates used in the goodwill and indefinite-lived intangible assets impairment valuations have not resulted in material impairment charges in subsequent periods as a result of changes in those estimates. However, changes in the economic and operating conditions impacting the assumptions and estimates could result in an impairment charge which could be material to our earnings. At December 31, 2019, excluding assets recently impaired or acquired, a change in our assumptions and estimates that could reduce the fair value of each of our reporting units or indefinite-lived intangible assets by 10% would not result in an impairment charge. See Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 9 to our Consolidated Financial Statements."

Acquisitions

Assets acquired and liabilities assumed in acquisitions are recorded at fair value as of the acquisition date. We use judgment to determine the fair value of the assets or businesses acquired and to allocate the fair value to identifiable tangible and intangible assets. Generally, tangible assets acquired include property and equipment, and intangible assets acquired may include management agreement intangibles, brand intangibles, advanced bookings, or goodwill in a business combination. Changes to the significant assumptions or factors used to determine fair value, in particular assumptions related to cash flow projections, inclusive of revenue projections, and the selection of discount rates, could affect the measurement and allocation of fair value. See Part IV, Item 15 "Exhibits and Financial Statement Schedule—Notes 7 and 9 to the Consolidated Financial Statements."

Property and Equipment and Definite-Lived Intangible Assets

We evaluate property and equipment and definite-lived intangible assets for impairment quarterly. We use judgment to determine whether indications of impairment exist. The determination of the occurrence of a triggering event is based on our knowledge of the hospitality industry, historical experience, location of the property, market conditions, termination of an underlying management agreement, and property-specific information available at the time of the assessment. We realize, however, that the results of our analysis could vary from period to period depending on how our judgment is applied and the facts and circumstances available at the time of the analysis. When a triggering event occurs, judgment is also required in
determining the assumptions and estimates to use within the recoverability analysis and when calculating the fair value of the asset or asset group, if applicable.

Changes in economic and operating conditions impacting the judgments used could result in impairments to our long-lived assets in future periods, which could be material to our earnings. Historically, changes in estimates used in the property and equipment and definite-lived intangible assets impairment assessment process have not resulted in material impairment charges in subsequent periods as a result of changes made to those estimates.

As a result of the Two Roads acquisition, we recorded management agreement intangibles for both operating and prospective hotels. During the year ended December 31, 2019, we recognized $13 million of impairment charges related to management agreement intangibles for contracts that terminated. We may incur impairment charges in a future period if agreements terminate, the timing of which is unpredictable. See Part IV, Item 15 "Exhibits and Financial Statement Schedule—Notes 7 and 9 to the Consolidated Financial Statements."

**Equity Method Investments**

We assess investments in unconsolidated hospitality ventures accounted for under the equity method for impairment quarterly. We use judgment to determine whether or not there is an indication that a loss in value has occurred and whether a decline is deemed to be other than temporary. The determination of whether a loss in value has occurred and whether such a decline is deemed to be other than temporary is based on our knowledge of the hospitality industry, historical experience, location of the underlying venture property, market conditions, and venture-specific information available at the time of the assessment. When there is an indication that a loss in value has occurred, judgment is also required in determining the assumptions and estimates to use when calculating the fair value.

Changes in economic and operating conditions impacting these estimates and judgments could result in impairments to our equity method investments in future periods. Historically, changes in estimates used in the impairment assessment process have not resulted in material impairment charges in subsequent periods as a result of changes made to those estimates. See Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 4 to our Consolidated Financial Statements."

**Income Taxes**

Judgment is required in addressing the future tax consequences of events that have been recognized in our consolidated financial statements or tax returns (e.g., realization of deferred tax assets, changes in tax laws, or interpretations thereof). In addition, we are subject to examination of our income tax returns by the IRS and other tax authorities. A change in the assessment of the outcomes of such matters could materially impact our consolidated financial statements.

We evaluate tax positions taken or expected to be taken on a tax return to determine whether they are "more likely than not" of being sustained assuming that the tax reporting positions will be examined by taxing authorities with full knowledge of all relevant information prior to recording the related tax benefit in our consolidated financial statements. If a position drops below the "more likely than not" standard, the benefit can no longer be recognized. Assumptions, judgment, and the use of estimates are required in determining if the "more likely than not" standard has been met when developing the provision for income taxes. A change in the assessment of the "more likely than not" standard with respect to a position could materially impact our consolidated financial statements. See Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 14 to our Consolidated Financial Statements."

**Loyalty Program Future Redemption Obligation and Revenue Recognition**

We utilize an actuary to assist with the valuation of the deferred revenue liability related to the loyalty program. Changes in the estimates, including the anticipated timing and value of future point redemptions and an estimate of the breakage for points that will not be redeemed, could result in a material change to our liability and the amount of revenue we recognize when redemptions occur. See Part IV, Item 15 "Exhibits and Financial Statement Schedule—Notes 2 and 3 to the Consolidated Financial Statements."

At December 31, 2019, our total deferred revenue liability related to the loyalty program was $671 million. A 10% decrease in the breakage assumption would result in an increase in the liability of approximately $35 million at December 31, 2019.

**Incremental Borrowing Rate and Accounting for Leases**

In determining the present value of our ROU assets and lease liabilities, we estimate an Incremental Borrowing Rate ("IBR") by applying a portfolio approach based on lease terms. Certain of our leases have terms that exceed 30 years. Given the lack of publicly available data for longer-term borrowing rates, determining the IBR for certain of our longer term leases
At December 31, 2019, our operating lease liabilities are $425 million. A 1% decrease in our estimated IBR would increase our operating lease liabilities by approximately $40 million.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk.

We are exposed to market risk primarily from changes in interest rates and foreign currency exchange rates. In certain situations, we seek to reduce earnings and cash flow volatility associated with changes in interest rates and foreign currency exchange rates by entering into financial arrangements to provide a hedge against a portion of the risks associated with such volatility. We continue to have exposure to such risks to the extent they are not hedged. We enter into derivative financial arrangements to the extent they meet the objectives described above, and we do not use derivatives for trading or speculative purposes. At December 31, 2019, we were a party to hedging transactions, including the use of derivative financial instruments, as discussed below.

Interest Rate Risk

In the normal course of business, we are exposed to the impact of interest rate changes due to our borrowing activities. Our objective is to manage the risk of interest rate changes on the results of operations, cash flows, and the market value of our debt by creating an appropriate balance between our fixed and floating-rate debt. We enter into interest rate derivative transactions from time to time, including interest rate swaps and interest rate locks, in order to maintain a level of exposure to interest rate variability that we deem acceptable.

At December 31, 2019, we had outstanding interest rate locks that hedge a portion of the risk of changes in the benchmark interest rate associated with long-term debt we anticipate issuing in the future. See Part IV, Item 15, "Exhibits and Financial Statement Schedule—Note 11 to the Consolidated Financial Statements." At December 31, 2019 and December 31, 2018, we did not hold any interest rate swap contracts.

The following table sets forth the contractual maturities and the total fair values at December 31, 2019 for our financial instruments materially affected by interest rate risk:

Foreign Currency Exposures and Exchange Rate Instruments

We transact business in various foreign currencies and utilize foreign currency forward contracts to offset our exposure associated with the fluctuations of certain foreign currencies. The U.S. dollar equivalents of the notional amount of the outstanding forward contracts, the majority of which relate to intercompany transactions, with terms of less than one year, were $198 million and $210 million at December 31, 2019 and December 31, 2018, respectively.

We intend to offset the gains and losses related to our third-party debt and intercompany transactions with gains or losses on our foreign currency forward contracts such that there is a negligible effect on net income. At December 31, 2019, a hypothetical 10% change in foreign currency exchange rates would result in an immaterial change in the fair value of the hedging instruments.

For the years ended December 31, 2019, December 31, 2018, and December 31, 2017, the effects of these derivative instruments resulted in $3 million of net gains, $15 million of net gains, and $19 million of net losses, respectively, recognized in other income (loss), net on our consolidated statements of income. We offset the gains and losses on our foreign currency forward contracts with gains and losses related to our intercompany loans and transactions, such that there is a negligible effect to net income.
Item 8. Financial Statements and Supplementary Data.

The Company also implemented various internal controls related to our accounting for leases under the new accounting standard upon adoption on January 1, 2019. There has been no change in the Company's internal control over financial reporting during the Company's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

(2) The calculation of weighted-average exercise price only includes outstanding SARs.

(3) Includes (a) 2,651,111 shares of Class A common stock that remain available for issuance under the LTIP and (b) 339,498 shares of Class A common stock that remain available for issuance pursuant to the ESPP.

(4) Includes (a) 1,169,195 shares of Class A common stock that remain available for issuance pursuant to the DCP and (b) 300,000 shares of Class A common stock that remain available for issuance pursuant to the FRP.

The DCP provides eligible participants employed in the United States with the opportunity to defer a portion of their compensation and receive employer contributions. Compensation deferred under the DCP as well as employer contributions, if any, are credited to a participant's account under the DCP and are held in a rabbi trust on behalf of the participants. A participant may direct the investment of funds in such participant's account in certain investment funds. In 2010, certain participants were offered a one-time election to have up to 15% of certain fully vested and nonforfeitable accounts invested in Class A common stock (with the account balances calculated as of June 1, 2010). In connection with such elections, 30,805 shares of Class A common stock were issued to the trustee of the DCP. The number of shares of Class A common stock to be allocated to each electing participant's account was determined by dividing the dollar amount of such participant's elected percentage of such participant's account balance by the closing price of Class A common stock on June 2, 2010. The shares of Class A common stock held in such accounts are held in the trust on behalf of the participant until distributed upon termination of employment. Participants' accounts under the DCP generally are distributed in cash. However, the portion of the participant's account invested in Class A common stock will be distributed in shares of Class A common stock. The material terms of the FRP are the same as the material terms of the DCP. Participants in the FRP are employees located outside of the United States. Participants in the FRP have not been given an election to invest their accounts in Class A common stock due to international securities law considerations. However, the board of directors has reserved 300,000 shares of Class A common stock for issuance under the FRP in the event that participants in the FRP are given such an election in the future.

MANAGEMENT'S REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING

The management of Hyatt Hotels Corporation is responsible for establishing and maintaining adequate internal control over financial reporting as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934, as amended. Hyatt Hotels Corporation's internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles in the United States of America. Our internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of Hyatt Hotels Corporation; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of Hyatt Hotels Corporation are being made only in accordance with authorizations of Hyatt Hotels Corporation's management and directors; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of assets of Hyatt Hotels Corporation that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of Hyatt Hotels Corporation's internal control over financial reporting as of December 31, 2019. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control—Integrated Framework (2013). Based on this assessment, management determined that Hyatt Hotels Corporation maintained effective internal control over financial reporting as of December 31, 2019.

Deloitte & Touche LLP, the independent registered public accounting firm that has audited the consolidated financial statements included in this Annual Report on Form 10-K, has issued an attestation report on Hyatt Hotels Corporation's internal control over financial reporting as of December 31, 2019. That report is included in Item 15 of this Annual Report on Form 10-K.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and the Board of Directors of Hyatt Hotels Corporation

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Hyatt Hotels Corporation and subsidiaries (the "Company") as of December 31, 2019 and 2018, the related consolidated statements of income, comprehensive income, stockholders' equity, and cash flows, for each of the three years in the period ended December 31, 2019, and the related notes and the financial statement schedule listed in the Index at Item 15 (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2019 and 2018, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2019, in conformity with accounting principles generally accepted in the United States of America.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company's internal control over financial reporting as of December 31, 2019, based on criteria established in Internal Control - Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated February 20, 2020, expressed an unqualified opinion on the Company's internal control over financial reporting.

Change in Accounting Principle

As discussed in Note 2 to the financial statements, the Company has changed its method of accounting for leases on January 1, 2019 due to the adoption of FASB Accounting Standards Update (ASU) 2016-02, Leases (Topic 842) and related ASUs.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform our audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matters

The critical audit matters communicated below are matters arising from the current-period audit of the financial statements that were communicated or required to be communicated to the audit committee and that (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.

Summary of Significant Accounting Policies - Management and Franchise Agreements - Loyalty program administration - Refer to Note 2 to the financial statements

Revenue from Contracts with Customers - Contract Balances - Refer to Note 3 to the financial statements

Critical Audit Matter Description

The Company operates its loyalty program for the benefit of the Hyatt portfolio of properties. The Company's estimate of the value of the deferred revenue liability related to the loyalty program ("the liability") is $671 million as of December 31, 2019 and is actuarially determined based on the anticipated timing and value of future point redemptions, including an estimate of the breakage for points that will never be redeemed. Changes in the estimates used in the determination of the liability could result in a material change to the amount of liability reported.
Given the subjectivity of the Company's breakage assumption, performing audit procedures to evaluate the reasonableness of this estimate involved a higher degree of auditor judgment and an increased extent of effort, including the need to involve our actuarial specialists in performing audit procedures over the liability.

How the Critical Audit Matter Was Addressed in the Audit

Our audit procedures related to the liability included the following, among others:

- We tested the effectiveness of the Company's controls related to the liability, including those over the estimation of the breakage assumption.
- We evaluated the methods and assumptions used by management to estimate the liability by:
  - Testing the underlying data that served as the basis for the actuarial analysis, including earnings and redemptions, to test that the inputs to the actuarial estimate were reasonable.
  - Comparing management's prior year assumptions of expected redemptions to actuals incurred during the current year to identify inconsistencies in the determination of the breakage assumptions.
- With the assistance of our actuarial specialists, we developed independent estimates of the liability and compared our estimates to management's estimates.

Acquisitions and Dispositions - Acquisitions - Two Roads Hospitality, LLC - Refer to Note 7 to the financial statements

Intangibles, Net - Management and Franchise Agreement Intangibles, Brand and Other Indefinite-Lived Intangibles - Refer to Note 9 to the financial statements

Critical Audit Matter Description

On November 30, 2018, the Company acquired all of the outstanding equity interests of Two Roads Hospitality, LLC ("Two Roads") in a business combination for a purchase price of $405 million, plus contingent consideration. Accordingly, the total purchase price was allocated to the assets acquired and liabilities assumed based on their respective fair values, including brand and management agreement intangible assets of $96 million and $205 million, respectively. Management estimated the fair value of these intangible assets using the relief from royalty method and discounted future cash flow models, which included revenue projections and allocations based on the expected contract terms. The fair value determination of these intangible assets required management to make significant estimates and assumptions related to revenue projections and the selection of the discount rates. During 2019, the estimated fair values were revised as management refined its analysis of contract terms and renewal assumptions, which affected the underlying revenue projections in the valuation during the one-year measurement period.

Given that the fair value determination of these intangible assets required management to make significant estimates and assumptions related to revenue projections and the selection of the discount rates, performing audit procedures to evaluate the reasonableness of these estimates and assumptions required a high degree of auditor judgment and an increased extent of effort, including the need to involve our fair value specialists.

How the Critical Audit Matter Was Addressed in the Audit

Our audit procedures related to the revenue projections and the selection of discount rates for these intangible assets included the following, among others:

- We tested the effectiveness of controls over the valuation of these intangible assets, including management's controls over revenue projections from the management agreements and the selection of the discount rates.
- We evaluated the reasonableness of management's revenue projections from the management agreements by comparing the projections to historical results, existing contract terms and renewal periods and certain third-party industry data. We also evaluated whether the revenue projections from the management agreements were consistent with evidence obtained in other areas of the audit.
- With the assistance of our fair value specialists, we evaluated the reasonableness of the discount rates by:
  - Assessing the appropriateness of the valuation methodology used to determine the discount rates.
Testing the source information underlying the determination of the discount rates and testing the mathematical accuracy of the calculations.

Developing a range of independent estimates of the discount rates and comparing the discount rates selected by management to the range of independent estimates.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and the Board of Directors of Hyatt Hotels Corporation

Opinion on Internal Control over Financial Reporting

We have audited the internal control over financial reporting of Hyatt Hotels Corporation and subsidiaries (the "Company") as of December 31, 2019, based on criteria established in Internal Control - Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2019, based on criteria established in Internal Control - Integrated Framework (2013) issued by COSO.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated financial statements and financial statement schedule as of and for the year ended December 31, 2019, of the Company and our report dated February 20, 2020, expressed an unqualified opinion on those consolidated financial statements and financial statement schedule and included an explanatory paragraph related to the Company's change in method of accounting for leases on January 1, 2019 due to the adoption of FASB Accounting Standards Update ("ASU") 2016-02, Leases (Topic 842) and related ASUs.

Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Additionally, through strategic relationships, we provide certain reservation and/or loyalty program services to hotels that are unaffiliated with our hotel portfolio and which operate under other trademarks or marks owned by such hotel or licensed by third parties.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation—Our consolidated financial statements present the results of operations, financial position, and cash flows of Hyatt Hotels Corporation and its majority owned and controlled subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates—We are required to make estimates and assumptions that affect the amounts reported in our consolidated financial statements and accompanying Notes. Actual results could differ materially from such estimated amounts.

Revenue Recognition—Our revenues are primarily derived from the products and services provided to our customers and generally recognized when control of the product or service has transferred to the customer. Our customers include third-party hotel owners, guests at owned and leased hotels and spa and fitness centers, a third-party partner through our co-branded credit card program, and owners and guests of the condominium ownership units. A summary of our revenue streams is as follows:

- **Owned and leased hotels revenues**— Owned and leased hotels revenues are derived from room rentals and services provided at our owned and leased hotels. We present revenues net of sales, occupancy, and other taxes. Taxes collected on behalf of and remitted to governmental taxing authorities are excluded from the transaction price of the underlying products and services.
- **Management, franchise, and other fees**— Management fees primarily consist of a base fee, which is generally calculated as a percentage of gross revenues, and an incentive fee, which is generally computed based on a hotel profitability measure. Included within the aforementioned management fees are royalty fees that we earn in exchange for providing access to Hyatt's intellectual property ("IP"). Franchise fees consist of an initial fee and ongoing royalty fees computed as a percentage of gross room revenues and, as applicable, food and beverage revenues. Other fees include license fee revenues associated with the licensing of the Hyatt brand names through our co-branded credit card program and sales of our branded residential ownership units as well as termination fees.
- **Net management, franchise, and other fees**— Management, franchise, and other fees are reduced by the amortization of management and franchise agreement assets constituting payments to customers. Consideration provided to customers is recognized in other assets and amortized over the expected customer life, which is typically the initial term of the management or franchise agreement.
- **Other revenues**—Other revenues include revenues from our residential management operations for our condominium ownership units, the sale of promotional awards through our co-branded credit cards, and spa and fitness revenues from Exhale.
- **Revenues for the reimbursement of costs incurred on behalf of managed and franchised properties**—Revenues for the reimbursement of costs incurred on behalf of managed and franchised properties represent the reimbursement of costs incurred on behalf of the owners of properties. These reimbursed costs relate primarily to payroll at managed properties, as well as system-wide services and the loyalty program operated on behalf of owners.
The products and services we offer to our customers are comprised of the following performance obligations:

Management and franchise agreements

- **License to Hyatt's IP, including the Hyatt brand names**—We receive variable consideration from third-party hotel owners in exchange for providing access to our IP, including the Hyatt brand names. The license represents a license of symbolic IP and in exchange for providing the license, Hyatt receives sales-based royalty fees. Fees are generally payable on a monthly basis as the third-party hotel owners derive value from access to our IP. Royalty fees are recognized over time as services are rendered. Under our franchise agreements, we also receive initial fees from third-party hotel owners. The initial fees do not represent a distinct performance obligation and, therefore, are combined with the royalty fees and deferred and recognized through management, franchise, and other fees over the expected customer life, which is typically the initial term of the franchise agreement.

- **System-wide services**—We provide system-wide services on behalf of owners of managed and franchised properties. The promise to provide system-wide services is not a distinct performance obligation because it is attendant to the license of our IP. Therefore, this promise is combined with the license of our IP to form a single performance obligation. We have two accounting models depending on the terms of the agreements:
  - **Cost reimbursement model**—Third-party hotel owners are required to reimburse us for all costs incurred to operate the system-wide programs with no added margin. The reimbursements are recognized over time within revenues for the reimbursement of costs incurred on behalf of managed and franchised properties. We have discretion over how we spend program revenues and, therefore, we are the principal. Expenses incurred related to the system-wide programs are recognized within costs incurred on behalf of managed and franchised properties. The reimbursement of system-wide services is billed monthly based upon an annual estimate of costs to be incurred and recognized as revenue commensurate with incurring the cost. Any amounts collected and not yet recognized as revenues are deferred and classified as contract liabilities. Any costs incurred in excess of revenues collected are classified as receivables.
  - **Fund model**—Third-party hotel owners are invoiced a system-wide assessment fee primarily based on a percentage of hotel revenues on a monthly basis. We recognize the revenues over time as services are provided through revenues for the reimbursement of costs incurred on behalf of managed and franchised properties. We have discretion over how we spend program revenues and, therefore, we are the principal. Expenses related to the system-wide programs are recognized as incurred through costs incurred on behalf of managed and franchised properties. Over time, we manage the system-wide programs to break-even, but the timing of the revenue received from the owners may not align with the timing of the expenses to operate the programs. Therefore, the difference between the revenues and expenses will impact our net income.

- **Hotel management agreement services**—Under the terms of our management agreements, we provide hotel management agreement services, which form a single performance obligation that qualifies as a series. In exchange, we receive variable consideration in the form of management fees, which are comprised of base and/or incentive fees. Incentive fees are typically subject to the achievement of certain profitability targets, and therefore, we apply judgment in determining the amount of incentive fees recognized each period. Incentive fees revenue is recognized to the extent it is probable that we will not reverse a significant portion of the fees in a subsequent period. We rely on internal financial forecasts and historical trends to estimate the amount of incentive fees revenue recognized and the probability that incentive fees will reverse in the future. Generally, base management fees are due and payable on a monthly basis as services are provided, and incentive fees are due and payable based on the terms of the agreement, but at a minimum, incentive fees are billed and collected annually. Revenue is recognized over time as services are rendered.

  Under the terms of certain management agreements, primarily within the United States, we are the employer of hotel employees. When we are the employer, we are reimbursed for costs incurred related to the employee management services with no added margin, and the reimbursements are recognized over time as services are rendered within revenues for the reimbursement of costs incurred on behalf of managed and franchised properties. In jurisdictions in which we are the employer, we have discretion over how employee management services are provided and, therefore, we are the principal.

- **Loyalty program administration**—We administer the loyalty program for the benefit of Hyatt's portfolio of properties during the period of their participation in the loyalty program. Under the program, members earn points based on their spend at our properties, by transacting with our strategic loyalty alliances, or in connection with spend on the Hyatt co-branded credit cards, which may be redeemed for the right to stay at participating properties.
properties, as well as for other goods and services from third parties. Points earned by loyalty program members represent a material right to free or discounted goods or services in the future.

The loyalty program has one performance obligation that consists of marketing and managing the program and arranging for award redemptions by members. These two promises are not distinct because the promise to market and manage the program does not benefit the customer without the related arrangement for award redemptions. The costs of administering the loyalty program are charged to the properties through an assessment fee based on members' qualified expenditures. The assessment fee is billed and collected monthly, and the revenue received by the program is deferred until a member redeems points. Upon redemption of points at managed and franchised properties, we recognize the previously deferred revenue through revenues for the reimbursement of costs incurred on behalf of managed and franchised properties, net of redemption expense paid to managed and franchised hotels. We are responsible for arranging for the redemption of promotional awards, but we do not directly fulfill the award night obligation except at owned and leased hotels. Therefore, we are the agent with respect to this performance obligation for managed and franchised hotels, and we are the principal with respect to owned and leased hotels. A portion of our owned and leased hotels revenues is deferred upon initial stay as points are earned by program members at owned or leased hotels, and revenues are recognized upon redemption at owned or leased hotels.

We actuarially determine the amount to recognize as revenue based on statistical formulas that estimate the timing of future point redemptions based on historical experience. The revenue recognized each period includes an estimate of the loyalty points that will eventually be redeemed and includes an estimate of breakage for the loyalty points that will not be redeemed. Determining breakage involves significant judgment, and we engage third-party actuaries to estimate the ultimate redemption ratios used in the breakage calculations and the amount of revenue recognized upon redemption. Changes to the expected ultimate redemption assumptions are reflected in the current period. Any revenues in excess of the anticipated future redemptions are used to fund the other operational expenses of the program.

Room rentals and other services provided at owned and leased hotels

We provide room rentals and other services to our guests, including but not limited to spa, laundry, and parking. These products and services each represent individual performance obligations and, in exchange for these services, we receive fixed amounts based on published rates or negotiated contracts. Payment is due in full at the time the services are rendered or the goods are provided. If a guest enters into a package including multiple goods or services, the fixed price is allocated to each distinct good or service based on the stand-alone selling price for each item. Revenue is recognized over time when we transfer control of the good or service to the customer. Revenue related to other products and services is recognized when the product or service is provided to the guest.

Hotels commonly enter into arrangements with online travel agencies, trade associations, and other entities. As part of these arrangements, Hyatt may pay the other party a commission or rebate based on the revenue generated through that channel. The determination of whether to recognize revenues gross or net of rebates and commissions is made based on the terms of each contract.

Residential management operations

We provide services related to the residential management business pursuant to rental management agreements with individual property owners or homeowners' associations whereby the property owners and/or homeowners' association participate in our rental program. The services provided include reservations, housekeeping, security, and concierge assistance to guests in exchange for a variable fee based on a revenue sharing agreement with the owner of the condominium ownership unit. The services represent an individual performance obligation. Revenue is recognized over time as services are rendered or upon completion of the guest's stay at the condominium ownership unit. We are responsible for establishing pricing as well as fulfilling the services during the guest's stay and, as a result, we are deemed to be the principal in the transaction.

Spa and fitness services

Exhale spa and fitness studios provide guests with spa and fitness services as well as retail products in exchange for fixed consideration. Each spa and fitness service represents an individual performance obligation. Payment is due in full, and revenue is recognized at the point in time the services are rendered or the products are provided to the customer. If a guest purchases a spa or fitness package, the fixed price is allocated to each distinct product or service based on the stand-alone selling price for each item.

F-15
Co-branded credit cards

We have a co-branded credit card agreement with a third party and under the terms of the agreement, we have various performance obligations: granting a license to the Hyatt name, arranging for the fulfillment of points issued to cardholders through the loyalty program, and awarding cardholders with free room nights upon achievement of certain program milestones. The loyalty points and free room nights represent material rights that can be redeemed for free or discounted services in the future.

In exchange for the products and services provided, we receive fixed and variable consideration which is allocated between the performance obligations based upon the relative stand-alone selling prices. Significant judgment is involved in determining the relative stand-alone selling prices, and therefore, we engaged a third-party valuation specialist to assist us. We utilize a relief from royalty method to determine the revenue allocated to the license, which is recognized over time as the licensee derives value from access to Hyatt's brand name. We utilize observable transaction prices and adjusted market assumptions to determine the stand-alone selling price of a loyalty point, and we utilize a cost plus margin approach to determine the stand-alone selling price of the free room nights. The revenues allocated to loyalty program points and free night awards are deferred and recognized upon redemption or expiration of a card member's promotional awards, which is recognized net of redemption expense when we are the agent. We are responsible for arranging for the redemption of promotional awards, but we do not directly fulfill the award night obligation except at owned and leased hotels. Therefore, we are the agent for managed and franchised hotels, and we are the principal with respect to owned and leased hotels.

We satisfy the following performance obligations over time: the license of Hyatt's symbolic IP, hotel management agreement services, administration of the loyalty program, and the license to our brand name through our co-branded credit card agreement. Each of these performance obligations is considered a sales-based royalty or a series of distinct services, and although the activities to fulfill each of these promises may vary from day to day, the nature of each promise is the same and the customer benefits from the services every day.

For each performance obligation satisfied over time, we recognize revenue using an output method based on the value transferred to the customer. Revenue is recognized based on the transaction price and the observable outputs related to each performance obligation. We deem the following to represent our progress in satisfying these performance obligations:

- revenues and operating profits earned by the hotels during the reporting period for access to Hyatt's IP, as it is indicative of the value third-party owners derive;
- revenues and operating profits of the hotels for the promise to provide management agreement services to the hotels;
- award night redemptions or point redemptions with third-party partners for the administration of the loyalty program performance obligation; and
- cardholder spend for the license to the Hyatt name through our co-branded credit cards, as it is indicative of the value our partner derives from the use of our name.

Within our management agreements, we have two performance obligations: providing a license to Hyatt's IP and providing management agreement services. Although these constitute two separate performance obligations, both obligations represent services that are satisfied over time, and Hyatt recognizes revenue using an output method based on the performance of the hotel. Therefore, we have not allocated the transaction price between these two performance obligations as the allocation would result in the same pattern of revenue recognition.

Revenue is adjusted for the effects of a significant financing component when the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year.

We have applied the practical expedient that permits the omission of prior-period information about revenue allocated to future performance obligations.

Contract Balances—Our payments from customers are based on the billing terms established in our contracts. Customer billings are classified as accounts receivable when our right to consideration is unconditional. If our right to consideration is conditional on future performance under the contract, the balance is classified as a contract asset. Due to certain profitability hurdles in our management agreements, incentive fees are considered contract assets until the risk related to the achievement of the profitability metric no longer exists. Once the profitability hurdle has been met, the incentive fee receivable balance will be recorded in accounts receivable. Contract assets are included in receivables, net on our consolidated balance sheets. Payments received in advance of performance under the contract are classified as current or long-term contract liabilities on our consolidated balance sheets and recognized as revenue as we perform under the contract.
Cash Equivalents—We consider all highly liquid investments purchased with an original maturity of three months or less at the date of purchase to be cash equivalents.

Restricted Cash—We had restricted cash of $170 million and $52 million at December 31, 2019 and December 31, 2018, of which $20 million and $19 million, respectively, are recorded in other assets on our consolidated balance sheets, which includes:

- $115 million at December 31, 2019 related to sale proceeds from the disposition of the property adjacent to Grand Hyatt San Francisco pursuant to a potential like-kind exchange (see Note 7);
- $30 million and $28 million, respectively, related to debt service on bonds related to our ownership in Grand Hyatt San Antonio (see Note 11);
- $9 million related to our captive insurance subsidiary for minimum capital and surplus requirements in accordance with local insurance regulations (see Note 15); and
- $16 million and $15 million, respectively, related to escrow deposits and other arrangements.

Equity Method Investments—We have investments in unconsolidated hospitality ventures accounted for under the equity method. These investments are an integral part of our business and strategically and operationally important to our overall results. When we receive a distribution from an investment, we determine whether it is a return on our investment or a return of our investment based on the underlying nature of the distribution. We assess investments in unconsolidated hospitality ventures for impairment quarterly. When there is indication a loss in value has occurred, we evaluate the carrying value in comparison to the estimated fair value of the investment. Fair value is based upon internally developed discounted cash flow models, third-party appraisals, and, if appropriate, current estimated net sales proceeds from pending offers. The principal inputs used in the discounted cash flow analysis requiring judgment are the projected future cash flows, the discount rate, and the capitalization rate assumptions. Our estimates of projected future cash flows are based on historical data, various internal estimates, and a variety of external sources, and are developed as part of our routine, long-term planning process. If the estimated fair value is less than carrying value, we use our judgment to determine if the decline in value is other than temporary. In determining this, we consider factors including, but not limited to, the length of time and extent of the decline, loss of value as a percentage of the cost, financial condition and near-term financial projections, our intent and ability to recover the lost value, and current economic conditions. Impairments deemed other than temporary are charged to equity earnings (losses) from unconsolidated hospitality ventures on our consolidated statements of income. For additional information about equity method investments, see Note 4.

Debt and Equity Securities—Excluding the aforementioned equity method investments, debt and equity securities consist of various investments:

- Equity securities consist of interest-bearing money market funds, mutual funds, common shares, and preferred shares. Equity securities with a readily determinable fair value are recorded at fair value on our consolidated balance sheets based on listed market prices or dealer quotations where available. Equity securities without a readily determinable fair value are recognized at cost less any impairment, plus or minus changes resulting from observable price changes in orderly transactions for the identical or similar investment of the same issuer. Net gains and losses, both realized and unrealized, and impairment charges on equity securities are recognized in other income (loss), net on our consolidated statements of income.
- Debt securities include preferred shares, time deposits, and fixed income securities, including U.S. government obligations, obligations of other government agencies, corporate debt, mortgage-backed and asset-backed securities, and municipal and provincial notes and bonds. Debt securities are classified as either trading, available-for-sale ("AFS"), or held-to-maturity ("HTM"). Trading securities—recognized at fair value based on listed market prices or dealer price quotations, where available. Net gains and losses, both realized and unrealized, on trading securities are recognized in net gains (losses) and interest income from marketable securities held to fund rabbi trusts or other income (loss), net, depending on the nature of the investment, on our consolidated statements of income.
- AFS securities—recognized at fair value based on listed market prices or dealer price quotations, where available. Unrealized gains and losses on AFS debt securities are recognized in accumulated other comprehensive loss on our consolidated balance sheets. Realized gains and losses on debt securities are recognized in other income (loss), net on our consolidated statements of income.
• HTM securities—investments which we have the intent and ability to hold until maturity and are recorded at amortized cost.

Our preferred shares earn a return that is recognized as interest income in other income (loss), net as earned unless we determine collection is at risk.

AFS and HTM securities are assessed for impairment quarterly. To determine if an impairment is other than temporary for debt securities, we consider the duration and severity of the loss position, the strength of the underlying collateral, the term to maturity, credit rating, and our intent to sell. For debt securities that are deemed other than temporarily impaired and there is no intent to sell, impairments are separated into the amount related to the credit loss, which is typically recognized in other income (loss), net on our consolidated statements of income and the amount related to all other factors, which is recorded in accumulated other comprehensive loss on our consolidated balance sheets. For debt securities that are deemed other than temporarily impaired and there is intent to sell, impairments in their entirety are recognized in other income (loss), net on our consolidated statements of income. For additional information about debt and equity securities, see Note 4.

Foreign Currency—The functional currency of our consolidated entities located outside the United States of America is generally the local currency. The assets and liabilities of these entities are translated into U.S. dollars at year-end exchange rates, and the related gains and losses, net of applicable deferred income taxes, are reflected in accumulated other comprehensive loss on our consolidated balance sheets. Gains and losses from foreign currency transactions are included in earnings. Gains and losses from foreign exchange rate changes related to intercompany receivables and payables of a long-term nature are generally included in accumulated other comprehensive loss. Gains and losses from foreign exchange rate movement related to intercompany receivables and payables that are not long-term are included in earnings.

Financing Receivables—Financing receivables represent contractual rights to receive money either on demand or on fixed or determinable dates and are recognized on our consolidated balance sheets at amortized cost. We recognize interest income as earned and provide an allowance for cancellations and defaults. Our financing receivables are composed of individual unsecured loans and other types of unsecured financing arrangements provided to hotel owners. These financing receivables generally have stated maturities and interest rates, however, the repayment terms vary and may be dependent upon future cash flows of the hotel.

On an ongoing basis, we monitor the credit quality of our financing receivables based on payment activity. We determine our financing to hotel owners to be non-performing if interest or principal is greater than 90 days past due based on the contractual terms of the individual financing receivables, if an impairment charge is recognized for a loan, or if a provision is established for our other financing arrangements. If we consider a financing receivable to be non-performing, we place the financing receivable on non-accrual status.

We individually assess all loans within financing receivables for impairment quarterly. This assessment is based on an analysis of several factors including current economic conditions and industry trends, as well as the specific risk characteristics of these loans including capital structure, loan performance, market factors, and the underlying hotel performance. When it is probable that we will be unable to collect all amounts due in accordance with the contractual terms of the individual loan agreement or if projected future cash flows available for repayment of unsecured receivables indicate there is a collection risk, we measure the impairment based on the present value of projected future cash flows discounted at the loan's effective interest rate. For impaired loans, we establish a specific loan loss reserve for the difference between the recorded investment in the loan and the estimated fair value.

In addition to loans, we include other types of financing arrangements in unsecured financing to hotel owners which we do not assess individually for impairment. We regularly evaluate our reserves for these other financing arrangements.

We write off financing to hotel owners when we determine the receivables are uncollectible and when all commercially reasonable means of recovering the receivable balances have been exhausted. We recognize interest income when received for impaired loans and financing receivables on non-accrual status which is recognized in other income (loss), net in our consolidated statements of income. Accrual of interest income is resumed when the receivable becomes contractually current and collection doubts are removed. For additional information about financing receivables, see Note 6.

Accounts Receivable—Our accounts receivable primarily consists of trade receivables due from guests for services rendered at our owned and leased properties and from hotel owners with whom we have management and franchise agreements for services rendered and for reimbursements of costs incurred on behalf of managed and franchised properties. We record an accounts receivable reserve when losses are probable, based on an assessment of past collection activity and current business conditions.
Inventories—Inventories are comprised of operating supplies and equipment that have a period of consumption of two years or less and food and beverage items at our owned and leased hotels which are generally valued at the lower of cost (first-in, first-out) or net realizable value.

Property and Equipment and Definite-Lived Intangible Assets—Property and equipment is stated at cost, including interest incurred during development and construction periods, less accumulated depreciation. Definite-lived intangible assets are recorded at the acquisition-date fair value, less accumulated amortization. Depreciation and amortization are recognized over the estimated useful lives of the assets, primarily on the straight-line method.

Property and equipment are depreciated over the following:

<table>
<thead>
<tr>
<th>Component</th>
<th>Life</th>
</tr>
</thead>
<tbody>
<tr>
<td>Buildings and improvements</td>
<td>10-50 years</td>
</tr>
<tr>
<td>Leasehold improvements</td>
<td>The shorter of the lease term or useful life of asset</td>
</tr>
<tr>
<td>Furniture and equipment</td>
<td>3-20 years</td>
</tr>
<tr>
<td>Computers</td>
<td>3-7 years</td>
</tr>
</tbody>
</table>

Definite-lived intangible assets are amortized over the following:

<table>
<thead>
<tr>
<th>Component</th>
<th>Life</th>
</tr>
</thead>
<tbody>
<tr>
<td>Management and franchise agreement intangibles</td>
<td>4 - 30 years</td>
</tr>
<tr>
<td>Advanced booking intangibles</td>
<td>1 - 7 years</td>
</tr>
</tbody>
</table>

We assess property and equipment and definite-lived intangible assets for impairment quarterly. When events or circumstances indicate the carrying amount may not be recoverable, we evaluate the net book value of the assets for impairment by comparison to the projected undiscounted future cash flows of the assets. The principal factor used in the undiscounted cash flow analysis requiring judgment is the estimated future operating cash flows, which are based on historical data, various internal estimates, and a variety of external resources, and are developed as part of our routine, long-term planning process.

If the projected undiscounted future cash flows are less than the net book value of the assets, the fair value is determined based upon internally developed discounted cash flows of the assets, third-party appraisals or broker valuations, and if appropriate, current estimated net sales proceeds from pending offers. The principal inputs used in the discounted cash flow analysis requiring judgment are the projected future operating cash flows, the discount rates, and the capitalization rate assumptions. The excess of the net book value over the estimated fair value is recognized in asset impairments on our consolidated statements of income.

We evaluate the carrying value of our property and equipment and definite-lived intangible assets based on our plans, at the time, for such assets and consider qualitative factors such as future development in the surrounding area, status of local competition, and any significant adverse changes in the business climate. Changes to our plans, including a decision to dispose of or change the intended use of an asset, may have a material impact on the carrying value of the asset.

For additional information about property and equipment and definite-lived intangible assets, see Notes 5 and 9, respectively.

Leases—We primarily lease land, buildings, office space, spas and fitness centers, and equipment. We determine if an arrangement is an operating or finance lease at inception. For our hotel management agreements, we apply judgment in order to determine whether the contract is accounted for as a lease or management agreement based on the specific facts and circumstances of each agreement. In evaluating whether an agreement constitutes a lease, we review the contractual terms to determine which party obtains both the economic benefits and control of the assets. In arrangements where we control the assets and obtain the economic benefits, we account for the contract as a lease.

Certain of our leases include options to extend the lease term by 1 to 99 years. We include lease extension options in our operating ROU assets and lease liabilities when it is reasonably certain that we will exercise the options. The range of extension options included in our operating ROU assets and lease liabilities is approximately 1 to 20 years. Our lease agreements do not contain any significant residual value guarantees or restrictive covenants.

We assess ROU assets for impairment quarterly. When events or circumstances indicate the carrying value may not be recoverable, we evaluate the net book value of the asset for impairment by comparison to the projected undiscounted future cash flows. If the carrying value of the asset is determined to not be recoverable and is in excess of the estimated fair value, we recognize an impairment charge in asset impairments on our consolidated statements of income.

F- 19
As our leases do not provide an implicit borrowing rate, we use our estimated IBR to determine the present value of our lease payments and apply a portfolio approach. We apply judgment in estimating our IBR including factors related to currency risk and our credit risk. We also give consideration to our recent debt issuances as well as publicly available data for instruments with similar characteristics when determining our IBR.

Our operating leases may include the following terms: (i) fixed minimum lease payments, (ii) variable lease payments based on a percentage of the hotel's profitability measure, as defined in the lease, (iii) lease payments equal to the greater of a minimum or variable lease payments based on a percentage of the hotel's profitability measure, as defined in the lease, (iv) lease payments adjusted for changes in an index or market value, or (v) variable lease payments based on a percentage split of the total gross revenue, as defined in the leases, related to our residential management operations. Future lease payments that are contingent are not included in the measurement of the operating lease liability or in the future maturities table, see Note 8.

For office space, land, and hotel leases, we do not separate the lease and nonlease components, which primarily relate to common area maintenance and utilities. We combine lease and nonlease components for those leases where we are the lessor, and we exclude all leases that are twelve months or less from the ROU assets and lease liabilities.

**Acquisitions**—We evaluate the facts and circumstances of each acquisition to determine whether the transaction should be accounted for as an asset acquisition or a business combination.

Under the supervision of management, independent third-party valuation specialists estimate the fair value of the assets or businesses acquired using various recognized valuation methods including the income approach, cost approach, relief from royalty approach, and sales comparison approach, which are primarily based on Level Three assumptions. Assumptions utilized in determining the fair value under these approaches include, but are not limited to, historical financial results when applicable, projected cash flows, discount rates, capitalization rates, royalty rates, current market conditions, likelihood of contract renewals, and comparable transactions. In a business combination, the fair value is allocated to tangible assets and liabilities and identifiable intangible assets, with any remaining value assigned to goodwill, if applicable. In an asset acquisition, any difference between the consideration paid and the fair value of the assets acquired is allocated across the identified assets based on the relative fair value. When we acquire the remaining ownership interest in or the property from an unconsolidated hospitality venture in a step acquisition, we estimate the fair value of our equity interest using the assumed cash proceeds we would receive from sale to a third party at a market sales price, which is determined using the aforementioned fair value methodologies and assumptions.

The results of operations of properties or businesses have been included in our consolidated statements of income since their respective dates of acquisition. Assets acquired and liabilities assumed in acquisitions are recorded on our consolidated balance sheets at the respective acquisition dates based upon their estimated fair values (see Note 7). In business combinations, the purchase price allocations may be based upon preliminary estimates and assumptions. Accordingly, the allocations are subject to revision when we receive final information, including appraisals and other analyses.

Acquisition-related costs incurred in conjunction with a business combination are recognized in other income (loss), net on our consolidated statements of income. In an asset acquisition, these costs are included in the total consideration paid and allocated to the acquired assets.

**Goodwill**—Goodwill represents the future economic benefits arising from other assets acquired in a business combination that are not individually identified and separately recognized. As required, we evaluate goodwill for impairment annually during the fourth quarter of each year using balances at October 1 and at an interim date if indications of impairment exist. Goodwill impairment is determined by comparing the fair value of a reporting unit to its carrying amount.

We evaluate the fair value of the reporting unit either by performing a qualitative or quantitative assessment. In any given year, we can elect to perform a quantitative assessment to determine whether it is more likely than not that the fair value of a reporting unit is in excess of its carrying value. If it is not more likely than not that the fair value is in excess of the carrying value, or we elect to bypass the qualitative assessment, we proceed to the quantitative assessment.

When determining fair value, we utilize internally developed discounted future cash flow models, third-party valuation specialists, third-party appraisals or broker valuations and, if appropriate, current estimated net sales proceeds from pending offers. Under the discounted cash flow approach, we utilize various assumptions requiring judgment, including projected future cash flows, discount rates, and capitalization rates. Our estimates of projected future cash flows are based on historical data, various internal estimates, and a variety of external sources, and are developed as part of our routine, long-term planning process. We then compare the estimated fair value to our carrying value. If the carrying value is in excess of the fair value, we recognize an impairment charge in asset impairments on our consolidated statements of income based on the amount by which the reporting unit's carrying value exceeded its fair value, limited to the carrying amount of goodwill. For additional information about goodwill, see Note 9.

F-20
Indefinite-Lived Intangible Assets—We have certain brand and other indefinite-lived intangibles that were acquired through various business combinations. At the time of each respective acquisition, fair value was estimated using a relief from royalty methodology.

As required, we evaluate indefinite-lived intangible assets for impairment annually during the fourth quarter of each year using balances at October 1 and at an interim date if indications of impairment exist. We use the relief from royalty method to estimate the fair value. When determining fair value, we utilize internally developed discounted future cash-flow models and third-party valuation specialist models, which include various assumptions requiring judgment, including projected future cash flows, discount rates, and market royalty rates. Our estimates of projected cash flows are based on historical data, various internal estimates, and a variety of external sources, and are developed as part of our routine, long-term planning process. We then compute the estimated fair value to our carrying value. If the carrying value is in excess of the fair value, we recognize an impairment charge in asset impairments on our consolidated statements of income. For additional information about indefinite-lived intangible assets, see Note 9.

Guarantees—We enter into performance guarantees related to certain hotels we manage. We also enter into debt repayment and other guarantees with respect to unconsolidated hospitality ventures, certain managed or franchised hotels, and other properties. We record a liability for the fair value of these guarantees at their inception date. In order to estimate the fair value, we use a Monte Carlo simulation to model the probability of possible outcomes. The valuation methodology requires that we make certain assumptions and judgments regarding discount rates, volatility, hotel operating results, and hotel property sales prices. The fair value is not re-valued due to future changes in assumptions. The corresponding offset is based upon performance during the period, we record a separate contingent liability in other income (loss), net or equity earnings (losses) from unconsolidated hospitality ventures in our consolidated statements of income. On a quarterly basis, we evaluate the likelihood of funding under a guarantee. To the extent we determine an obligation to fund is both probable and estimable based upon performance during the period, we record a separate contingent liability in other income (loss), net or equity earnings (losses) from unconsolidated hospitality ventures. For additional information about guarantees, see Note 15.

Income Taxes—We account for income taxes to recognize the amount of taxes payable or refundable for the current year and the amount of deferred tax assets and liabilities resulting from the future tax consequences of differences between the financial statements and tax basis of the respective assets and liabilities. We recognize the financial statement effect of a tax position when, based on the technical merits of the uncertain tax position, it is more likely than not to be sustained on a review by taxing authorities. We review these estimates and make changes to recorded amounts of uncertain tax positions as facts and circumstances warrant. For additional information about income taxes, see Note 14.

Fair Value—We apply the provisions of fair value measurement to various financial instruments, which we measure at fair value on a recurring basis, and to various financial and nonfinancial assets and liabilities, which we measure at fair value on a nonrecurring basis. We disclose the fair value of our financial assets and liabilities based on observable market information where available or on market participant assumptions. These assumptions are subjective in nature, involve matters of judgment, and, therefore, fair values cannot always be determined with precision. When determining fair value, we maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are as follows:

- **Level One**—Fair values based on unadjusted quoted prices in active markets for identical assets and liabilities;
- **Level Two**—Fair values based on quoted market prices for similar assets and liabilities in active markets, quoted prices in inactive markets for identical assets and liabilities, and inputs other than quoted market prices that are observable for the asset or liability; and
- **Level Three**—Fair values based on inputs that cannot be corroborated by observable market data and reflect the use of significant management judgment. Valuation techniques could include the use of discounted cash flow models and similar techniques.

We typically utilize the market approach and income approach for valuing our financial instruments. The market approach utilizes prices and information generated by market transactions involving identical or similar assets and liabilities and the income approach uses valuation techniques to convert future amounts (for example, cash flows or earnings) to a single present amount (discounted). For instances in which the inputs used to measure fair value fall into different levels of the fair value hierarchy, the classification within the fair value hierarchy has been determined based on the lowest level input that is significant to the fair value measurement in its entirety. Our assessment of the significance of a particular input to the fair value
measurement requires judgment and may affect the classification of fair value assets and liabilities within the fair value hierarchy. The fair value of debt and equity securities is discussed in Note 4; the fair value of financing receivables is discussed in Note 6; the fair value of long-term debt is discussed in Note 11; and the fair value of our guarantee liabilities is discussed in Note 15. Excluding the aforementioned assets and liabilities, the carrying values of our current financial assets and current financial liabilities approximate fair values. We recognize transfers in and transfers out of the levels of the fair value hierarchy as of the end of each quarterly reporting period.

Stock-Based Compensation—As part of our LTIP, we award SARs, RSUs, and PSUs to certain employees and directors:

- **SARs**—Each vested SAR gives the holder the right to the difference between the value of one share of our Class A common stock at the exercise date and the value of one share of our Class A common stock at the grant date. Vested SARs can be exercised over their life as determined in accordance with the LTIP. All SARs have a 10-year contractual term, are settled in shares of our Class A common stock, and are accounted for as equity instruments. We recognize the compensation expense for SARs on a straight-line basis from the date of grant through the requisite service period. The exercise price of these SARs is the fair value of our common stock at the grant date, based on a valuation of the Company prior to the IPO or the closing share price on the date of grant (as applicable). We recognize the effect of forfeitures for SARs as they occur.

- **RSUs**—Each vested RSU will generally be settled by delivery of a single share of our Class A common stock and therefore is accounted for as an equity instrument. In certain situations, we also grant a limited number of cash-settled RSUs, which are recorded as a liability instrument. The cash-settled RSUs represent an insignificant portion of certain previous grants. The value of the RSUs is based upon the fair value of our common stock at the grant date, based upon a valuation of the Company prior to IPO or the closing stock price of our Class A common stock for the December 2009 award and all subsequent awards. Awards issued prior to our November 2009 IPO are deferred in nature and will be settled once all tranches of the award have fully vested or otherwise as provided in the relevant agreements, while all awards issued in December 2009 and later will be settled as each individual tranche vests under the relevant agreements. We recognize compensation expense over the requisite service period of the individual grant, which is generally between one and four years unless the employee meets retirement eligibility criteria resulting in immediate recognition. We recognize the effect of forfeitures as they occur.

Under certain circumstances, we may issue performance-based RSUs which vest in tranches according to performance targets that are established annually. The value of the RSUs is determined using the fair value of our common stock at the grant date based upon the closing stock price of our Class A common stock. Due to the fact the performance tests, and therefore the vesting criteria, are established annually, each award tranche may have its own grant date. We issued 140,000 of such RSUs during the year ended December 31, 2019, for which, 126,000 RSUs have not met the grant date criteria and are therefore, not deemed granted as of December 31, 2019.

**PSUs**—The Company has granted PSUs to certain executive officers. PSUs vest and are settled in Class A common stock based upon the performance of the Company through the end of the applicable three-year performance period relative to the applicable performance target and are generally subject to continued employment through the applicable performance period. The PSUs will vest at the end of the performance period only if the performance threshold is met and continued service requirements are satisfied; there is no interim performance metric except in the case of certain change in control transactions. We issued 140,000 of such PSUs during the year ended December 31, 2019.

For additional information about stock-based compensation, see Note 17.

Loyalty Program—The loyalty program is funded through contributions from participating properties and third-party loyalty alliances based on eligible revenues from loyalty program members and returns on marketable securities. The funds are used for the redemption of member awards and payment of operating expenses. The program invests amounts received from the properties in marketable securities which are included in other current and noncurrent assets (see Note 4). Deferred revenues related to the loyalty program are classified as current and long-term contract liabilities on our consolidated balance sheets (see Note 3). The costs of administering the loyalty program, including

F- 22
the estimated cost of award redemption, are charged to the participating properties and third-party loyalty alliances based on members’ qualified expenditures.

**Adopted Accounting Standards**

**Leases**—In February 2016, the Financial Accounting Standards Board ("FASB") released ASU 2016-02. ASU 2016-02 requires lessees to record lease contracts on the balance sheet by recognizing a ROU asset and lease liability with certain practical expedients available. ROU assets represent our right to use an underlying asset for the lease term, and lease liabilities represent our obligation to make fixed minimum lease payments arising from the lease. ROU assets and lease liabilities are recognized at the commencement date based on the present value of fixed minimum lease payments over the lease term, including optional periods for which it is reasonably certain the renewal option will be exercised.

In July 2018, the FASB released Accounting Standards Update No. 2018-11 ("ASU 2018-11"), Leases (Topic 842): Targeted Improvements, providing entities with an additional optional transition method. The provisions of ASU 2016-02, and all related ASUs, were effective for interim periods and fiscal years beginning after December 15, 2018, with early adoption permitted.

We adopted ASU 2016-02 utilizing the optional transition approach under ASU 2018-11 and applied the package of practical expedients beginning January 1, 2019. As a result of utilizing the optional transition method, our reporting for periods prior to January 1, 2019 continue to be reported in accordance with Leases (Topic 840).

For leases in place upon adoption, we used the remaining lease term as of January 1, 2019 in determining the IBR. For the initial measurement of the lease liabilities for leases commencing on or after January 1, 2019, the IBR at the lease commencement date was applied.

For operating leases, the adoption of ASU 2016-02 resulted in the initial recognition of ROU assets of $512 million and related lease liabilities of $452 million on our consolidated balance sheet at January 1, 2019. Upon adoption, we reclassified $103 million of intangibles, net related to below market leases and $49 million of deferred rent and other lease liabilities to the operating ROU assets. The net tax impact upon adoption was insignificant. The adoption of ASU 2016-02 did not significantly impact our accounting for finance leases or for those leases where we are the lessor. Additionally, the adoption of ASU 2016-02 did not materially affect our consolidated statements of income or our consolidated statements of cash flows.

The impact on our consolidated balance sheet upon adoption of ASU 2016-02 was as follows:

ASU 2018-15 aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software. The provisions of ASU 2018-15 are to be applied using a prospective or retrospective approach and are effective for interim periods and fiscal years beginning after December 15, 2019, with early adoption permitted. We early adopted ASU 2018-15 on January 1, 2019 on a prospective basis which did not materially impact our consolidated financial statements.

Future Adoption of Accounting Standards

Financial Instruments - Credit Losses—In June 2016, the FASB released Accounting Standards Update No. 2016-13 ("ASU 2016-13"); Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments. ASU 2016-13 replaces the existing impairment model for most financial assets from an incurred loss impairment model to a current expected credit loss model, which requires an entity to recognize allowances for credit losses equal to its current estimate of all contractual cash flows the entity does not expect to collect. ASU 2016-13 also requires credit losses relating to AFS debt securities to be recognized through an allowance for credit losses. The provisions of ASU 2016-13 are to be applied using a modified retrospective approach and are effective for interim periods and fiscal years beginning after December 15, 2019, with early adoption permitted. While we continue to evaluate the impact of adopting ASU 2016-13 and its disclosure requirements, we do not expect a material impact upon adoption.

Revenue recognized during the years ended December 31, 2019 and December 31, 2018 included in the contract liabilities balance at the beginning of each year was $375 million and $356 million, respectively. This revenue primarily relates to the loyalty program, which is recognized net of redemption reimbursements paid to third parties, and advanced deposits.

Revenue Allocated to Remaining Performance Obligations

Revenue allocated to remaining performance obligations represents contracted revenue that has not yet been recognized, which includes deferred revenue and amounts that will be invoiced and recognized as revenue in future periods. Contracted revenue expected to be recognized in future periods was approximately $130 million at December 31, 2019, of which we expect to recognize approximately 20% of the revenue over the next 12 months and the remainder thereafter.

We did not estimate revenues expected to be recognized related to our unsatisfied performance obligations for the following:

- Deferred revenue related to the loyalty program and revenue from base and incentive management fees as the revenue is allocated to a wholly unperformed performance obligation in a series;
- Revenues related to royalty fees as they are considered sales-based royalty fees;
- Revenues received for free nights granted through our co-branded credit cards as the awards are required to be redeemed within 12 months; and
- Revenues related to advanced bookings at owned and leased hotels as each stay has a duration of 12 months or less.

4. DEBT AND EQUITY SECURITIES

We make investments in debt and equity securities that we believe are strategically and operationally important to our business. These investments take the form of (i) equity method investments where we have the ability to significantly influence the operations of the entity, (ii) marketable securities held to fund operating programs and for investment purposes, and (iii) other types of investments.

Equity Method Investments

Equity method investments were $232 million and $233 million at December 31, 2019 and December 31, 2018, respectively, and are primarily recorded on our owned and leased hotels segment.

The carrying values and ownership interests of our investments in unconsolidated hospitality ventures accounted for under the equity method are as follows:

We recognized $16 million of impairment charges related to these investments in equity earnings (losses) from unconsolidated hospitality ventures in our owned and leased hotels segment on our consolidated statements of income as the carrying value was in excess of fair value.

During the year ended December 31, 2017, we had the following activity:

- In conjunction with the sale of Avendra, an equity method investment within our Americas management and franchising segment, to Aramark, we received approximately $217 million of net proceeds and recognized a $217 million gain in equity earnings (losses) from unconsolidated hospitality ventures on our consolidated statements of income.

The fair values were determined to be Level Three fair value measures, and the impairments were deemed other-than-temporary.

Our captive insurance companies hold marketable securities which include AFS debt securities that are invested in U.S. government agencies, time deposits, and corporate debt securities. We classify these investments as current or long-term, based on their contractual maturity dates, which range from 2020 through 2024.

We hold common shares of Playa Hotels & Resorts N.V. ("Playa N.V.") which are accounted for as an equity security with a readily determinable fair value as we do not have the ability to significantly influence the operations of the entity. The fair value of the common shares is classified as Level One in the fair value hierarchy as we are able to obtain market available pricing information. The remeasurement of our investment at fair value resulted in $15 million of unrealized gains and

F- 29
$44 million of unrealized losses for the years ended December 31, 2019 and December 31, 2018, respectively, recognized in other income (loss), net on our consolidated statements of income (see Note 21). We did not sell any shares of common stock during the year ended December 31, 2019.

Other Investments

**HTM Debt Securities**—At December 31, 2019 and December 31, 2018, we held $58 million and $49 million, respectively, of investments in HTM debt securities, which are investments in third-party entities that own certain of our hotels and are recorded within other assets in our consolidated balance sheets. The securities are mandatorily redeemable between 2020 and 2025. The amortized cost of our investments approximate fair value. We estimated the fair value of our investments using internally developed discounted cash flow models based on current market inputs for similar types of arrangements. Based upon the lack of available market data, our investments are classified as Level Three within the fair value hierarchy. The primary sensitivity in these models is based on the selection of appropriate discount rates. Fluctuations in these assumptions could result in different estimates of fair value.

**Equity Securities Without a Readily Determinable Fair Value**—At December 31, 2019 and December 31, 2018, we had $7 million and $9 million, respectively, of investments in equity securities without a readily determinable fair value, which represent investments in entities where we do not have the ability to significantly influence the operations of the entity. Due to ongoing operating cash flow shortfalls in the business underlying an equity security during the year ended December 31, 2018, we recognized a $22 million impairment charge for our full investment balance in other income (loss), net on our consolidated statements of income (see Note 21) as the carrying value was in excess of the fair value. The fair value was determined to be a Level Three fair value measure. During the year ended December 31, 2018, the entity in which we held our investment disposed of its assets.

During the years ended December 31, 2019 and December 31, 2018, there were no transfers between levels of the fair value hierarchy. We do not have non-financial assets or non-financial liabilities required to be measured at fair value on a recurring basis. We invest a portion of our cash into short-term interest-bearing money market funds that have a maturity of less than 90 days. Consequently, the balances are recorded in cash and cash equivalents. The funds are held with open-ended registered investment companies, and the fair value of the funds is classified as Level One as we are able to obtain market available pricing information on an ongoing basis. The fair value of our mutual funds is classified as Level One as they trade with sufficient frequency and volume to enable us to obtain pricing information on an ongoing basis. Time deposits are recorded at par value, which approximates fair value, and are classified as Level Two. The remaining securities are classified as Level Two due to the use and weighting of multiple market inputs being considered in the final price of the security. Market inputs include quoted market prices from active markets for identical securities, quoted market prices for identical securities in inactive markets, and quoted market prices in active and inactive markets for similar securities.

(2) The unpaid principal balance was $36 million and the average recorded loan balance was $54 million at December 31, 2018.

Fair Value—We estimated the fair value of financing receivables to be approximately $36 million and $59 million at December 31, 2019 and December 31, 2018, respectively. The fair values, which are classified as Level Three in the fair value hierarchy, are estimated using discounted future cash flow models. The principal inputs used are projected future cash flows and the discount rate, which is generally the effective interest rate of the loan.

7. ACQUISITIONS AND DISPOSITIONS

Acquisitions

Two Roads Hospitality, LLC—During the year ended December 31, 2018, we acquired all of the outstanding equity interests of Two Roads in a business combination for a purchase price of $405 million. The transaction also included potential additional consideration including (i) up to $96 million if the sellers completed specific actions with respect to certain of the acquired management agreements within 120 days from the date of acquisition and (ii) up to $8 million in the event of the
execution of certain potential new management agreements related to the development of certain potential new deals previously identified and generated by the sellers or affiliates of the sellers within one year of the closing of the transaction. One of the sellers is indirectly owned by a limited partnership affiliated with the brother of our Executive Chairman.

We closed on the transaction on November 30, 2018 and paid cash of $415 million, net of $37 million cash acquired. Cash paid at closing was inclusive of a $36 million payment of the aforementioned additional consideration and $4 million of other purchase price adjustments. Related to the $68 million of potential additional consideration, we recorded a $57 million contingent liability in accrued expenses and other current liabilities on our consolidated balance sheet at December 31, 2018, which represented our estimate of remaining expected consideration to be paid.

Net assets acquired were determined as follows:

</tbody>
</table>

As it relates to the $57 million contingent consideration liability recorded at December 31, 2018, of which $3 million remains at December 31, 2019, the following occurred during the year ended December 31, 2019:

- The sellers completed the aforementioned specific actions with respect to certain management agreements, and we paid $24 million of additional consideration to the sellers.
- For those management agreements where the specific actions were not completed or payment is no longer probable, we released $30 million of the contingent liability to other income (loss), net on our consolidated statements of income during the year ended December 31, 2019 (see Note 21).

The acquisition includes management and license agreements for operating and pipeline hotels primarily across North America and Asia under five hospitality brands.

During the year ended December 31, 2019, the fair values of the assets acquired and liabilities assumed were revised as we refined our analysis of contract terms and renewal assumptions which affected the underlying cash flows in the valuation. This resulted in a $38 million reduction in intangibles, net with an offsetting increase in goodwill on our consolidated balance sheet at December 31, 2019. We finalized the fair values of the assets acquired and liabilities assumed, which are classified as Level Three in the fair value hierarchy, during 2019. The fair values are based on information that was available as of the date of acquisition and estimated using discounted future cash flow models and relief from royalty method, including revenue projections based on the expected contract terms, renewal assumptions, and long-term growth rates, as well as the selection of discount rates.
The following table summarizes the fair value of the identifiable net assets acquired:

In conjunction with the acquisition of Miraval, a consolidated hospitality venture for which we are the managing partner (the "Miraval Venture") issued $9 million of redeemable preferred shares to unrelated third-party investors. The preferred shares were non-voting, except as required by applicable law and certain contractual approval rights, and had liquidation preference over all other classes of securities within the Miraval Venture. The redeemable preferred shares earned a return of 12%. During the year ended December 31, 2018, the preferred shares were redeemed for $10 million.

The sale resulted in a $4 million pre-tax gain which was recognized in gains on sales of real estate on our consolidated statements of income during the year ended December 31, 2018. The operating results and financial position of this hotel prior to the sale remain within our owned and leased hotels segment.

Hyatt Regency Mexico City—During the year ended December 31, 2018, we sold the shares of the entity which owns Hyatt Regency Mexico City, an investment in an unconsolidated hospitality venture, and adjacent land, a portion of which will be developed as Park Hyatt Mexico City, to an unrelated third party for approximately $405 million and accounted for the transaction as an asset disposition. We entered into long-term management agreements for the properties upon sale. We received $360 million of proceeds and issued $46 million of unsecured financing receivables which were repaid in full during the year ended December 31, 2019 (see Note 6). The sale resulted in a pre-tax gain of approximately $238 million, which was recognized in gains on sales of real estate on our consolidated statements of income during the year ended December 31, 2018. In connection with the disposition, we recognized a $21 million goodwill impairment charge in asset impairments on our consolidated statements of income during the year ended December 31, 2018. The assets disposed represented the entirety of the related reporting unit and therefore, no business operations remained to support the related goodwill, which was therefore impaired (see Note 9). The operating results and financial position prior to the sale remain within our owned and leased hotels segment.

Grand Hyatt San Francisco, Andaz Maui at Wailea Resort, and Hyatt Regency Coconut Point Resort and Spa—During the year ended December 31, 2018, we sold Grand Hyatt San Francisco, Andaz Maui at Wailea Resort together with adjacent land, and Hyatt Regency Coconut Point Resort and Spa to an unrelated third party as a portfolio for approximately $992 million, net of closing costs and proration adjustments, and accounted for the transaction as an asset disposition. We entered into long-term management agreements for the properties upon sale. The sale resulted in a $531 million pre-tax gain which was recognized in gains on sales of real estate on our consolidated statements of income during the year ended December 31, 2018. The operating results and financial position of these hotels prior to the sale remain within our owned and leased hotels segment. Although we concluded the disposal of these properties does not qualify as discontinued operations, the disposal is considered to be material. Pre-tax net income attributable to the three properties was $15 million and $23 million during the years ended December 31, 2018 and December 31, 2017, respectively.

Land Held for Development—A wholly owned subsidiary held undeveloped land in Los Cabos, Mexico. During the year ended December 31, 2018, an unrelated third party invested in the subsidiary in exchange for a 50% ownership interest resulting in derecognition of the subsidiary and the recognition of an investment in an unconsolidated hospitality venture at fair value of $45 million.

Hyatt Regency Monterey Hotel & Spa on Del Monte Golf Course—During the year ended December 31, 2017, we sold Hyatt Regency Monterey Hotel & Spa on Del Monte Golf Course to an unrelated third party for $58 million, net of closing costs and proration adjustments, and entered into a long-term franchise agreement for the property upon sale. The sale resulted in a $17 million pre-tax gain which was recognized in gains on sales of real estate on our consolidated statements of income during the year ended December 31, 2017. The operating results and financial position of this hotel prior to the sale remain within our owned and leased hotels segment.

Hyatt Regency Scottsdale Resort & Spa at Gainey Ranch and Royal Palms Resort and Spa—During the year ended December 31, 2017, we sold Hyatt Regency Scottsdale Resort & Spa at Gainey Ranch and Royal Palms Resort and Spa to an unrelated third party as a portfolio for $296 million, net of closing costs and proration adjustments, and entered into long-term management agreements for the properties upon sale. The sale resulted in a $159 million pre-tax gain which was recognized in gains on sales of real estate on our consolidated statements of income during the year ended December 31, 2017. The operating results and financial position of these hotels prior to the sale remain within our owned and leased hotels segment.

Hyatt Regency Grand Cypress—During the year ended December 31, 2017, we sold Hyatt Regency Grand Cypress to an unrelated third party for $202 million, net of closing costs and proration adjustments, and entered into a long-term management
agreement for the property upon sale. The sale resulted in a $26 million pre-tax gain which was recognized in gains on sales of real estate on our consolidated statements of income during the year ended December 31, 2017. The operating results and financial position of this hotel prior to the sale remain within our owned and leased hotels segment.

**Hyatt Regency Louisville**—During the year ended December 31, 2017, we sold Hyatt Regency Louisville to an unrelated third party for $65 million, net of closing costs and proration adjustments, and entered into a long-term franchise agreement for the property upon sale. The sale resulted in a $35 million pre-tax gain which was recognized in gains on sales of real estate on our consolidated statements of income during the year ended December 31, 2017. The operating results and financial position of this hotel prior to the sale remain within our owned and leased hotels segment.

**Land Held for Development**—During the year ended December 31, 2017, we sold land and construction in progress for $29 million to an unconsolidated hospitality venture in which we have a 50% ownership interest, with the intent to complete development of a hotel in Glendale, California.

**Like-Kind Exchange Agreements**

Periodically, we enter into like-kind exchange agreements upon the disposition or acquisition of certain properties. Pursuant to the terms of these agreements, the proceeds from the sales are placed into an escrow account administered by a qualified intermediary and are unavailable for our use until released. The proceeds are recorded as restricted cash on our consolidated balance sheets and released (i) if they are utilized as part of a like-kind exchange agreement, (ii) if we do not identify a suitable replacement property within 45 days after the agreement date, or (iii) when a like-kind exchange agreement is not completed within the remaining allowable time period.

In conjunction with the sale of the property adjacent to Grand Hyatt San Francisco during the year ended December 31, 2019, $115 million of proceeds were held as restricted for use in a potential like-kind exchange.

In conjunction with the sale of Hyatt Regency Coconut Point Resort and Spa during the year ended December 31, 2018, $221 million of proceeds were held as restricted for use in a potential like-kind exchange. During the year ended December 31, 2018, $198 million of these proceeds were utilized to acquire Hyatt Regency Phoenix and Hyatt Regency Indian Wells Resort & Spa and the remaining $23 million were released.

In conjunction with the sale of Hyatt Regency Scottsdale Resort & Spa at Gainey Ranch during the year ended December 31, 2017, $207 million of proceeds were held as restricted for use in a potential like-kind exchange. However, we did not acquire an identified replacement property within the specified 180 day period, and the proceeds were released during the year ended December 31, 2018.

During the year ended December 31, 2019, we recognized $18 million of impairment charges related to management and franchise agreement intangibles and brand and other indefinite-lived intangibles primarily as a result of contract terminations. The impairment charges were recognized in asset impairments on our consolidated statements of income, primarily within our Americas management and franchising segment, and are classified as Level Three in the fair value hierarchy. During the year ended December 31, 2018, we recognized $25 million of goodwill impairment charges primarily related to the HRMC transaction in asset impairments on our consolidated statements of income (see Note 7). During the year ended December 31, 2017, we did not recognize any impairment charges.

### Senior Notes
- At December 31, 2019 and December 31, 2018, we had unsecured Senior Notes as further described below. Interest on the Senior Notes is payable semi-annually. We may redeem all or a portion of the Senior Notes at any time at 100% of the principal amount of the Senior Notes redeemed together with the accrued and unpaid interest, plus a make-whole amount, if any. The amount of any make-whole payment depends, in part, on the yield of U.S. Treasury securities with a comparable maturity to the Senior Notes at the date of redemption. A summary of the terms of our outstanding Senior Notes, by year of issuance, is as follows:
  - In 2011, we issued $250 million of 5.375% senior notes due 2021, at an issue price of 99.846%.
  - In 2013, we issued $350 million of 3.375% senior notes due 2023, at an issue price of 99.498%.
  - In 2016, we issued $400 million of 4.850% senior notes due 2026, at an issue price of 99.920%.
  - In 2018, we issued the 2028 Notes. We received $396 million of net proceeds from the sale of the 2028 Notes, after deducting $4 million of underwriting discounts and other offering expenses. We used a portion of the proceeds from the issuance of the 2028 Notes to redeem the 2019 Notes, and the remainder was used for general corporate purposes.

### Debt Redemption
- During the year ended December 31, 2018, we redeemed all of our outstanding 2019 Notes, of which there was $196 million of aggregate principal outstanding, at a redemption price of approximately $203 million, which was calculated in accordance with the terms of the 2019 Notes and included principal and accrued interest plus a make-whole premium. The $7 million loss on extinguishment of debt was recognized in other income (loss), net on our consolidated statements of income (see Note 21).

- During the year ended December 31, 2013, we acquired our partner's interest in the entity that owned Grand Hyatt San Antonio, and as a result, we consolidated $198 million of bonds, net of the $9 million bond discount, which is being amortized over the life of the bonds. The construction was financed in part by The City of San Antonio, Texas Convention Center Hotel Finance Corporation (“Texas Corporation”), a non-profit local government corporation created by the
Floating Average Rate Construction Loan—During the year ended December 31, 2012, we obtained a secured construction loan with Banco Nacional de Desenvolvimento Econômico e Social - BNDES (“BNDES”) in order to develop Grand Hyatt Rio de Janeiro. The loan is split into four separate sub-loans, each with different interest rates. Sub-loans (a) and (b) mature in 2031 and sub-loans (c) and (d) mature in 2023. Borrowings under the four sub-loans bear interest at the following rates, depending on the applicable sub-loan: (a) and (b) the Brazilian Long Term Interest Rate - TILP plus 2.93%; (c) and (d) the Brazilian Long Term Interest Rate - TILP. On sub-loans (a), (b), and (d), when the TILP rate exceeds 6%, the amount corresponding to the TILP portion above 6% is required to be capitalized daily. At December 31, 2019, the weighted-average interest rates for the sub-loans we have drawn upon is 7.54%. The outstanding balance of the sub-loan subject to the interest rate described in (a) above is subject to adjustment on a daily basis based on BNDES’s calculation of the weighted-average of exchange rate variations related to foreign currency funds raised by BNDES in foreign currency. At December 31, 2019 and December 31, 2018, we had Brazilian Real (“BRL”) 197 million, or $49 million, and BRL 214 million, or $55 million, outstanding, respectively.

Revolving Credit Facility—During the year ended December 31, 2018, we refinanced our $1.3 billion senior unsecured revolving credit facility with a syndicate of lenders, extending the maturity of the facility to January 2023. Interest rates on outstanding borrowings are either LIBOR-based or based on an alternate base rate, with margins in each case based on our credit rating or, in certain circumstances, our credit rating and leverage ratio. During the year ended December 31, 2019, we had $400 million of borrowings and repayments on our revolving credit facility. The weighted-average interest rate on these borrowings was 3.47% at December 31, 2019. At December 31, 2019 and December 31, 2018, we had no balance outstanding.

The Company had $263 million and $277 million of letters of credit issued through additional banks at December 31, 2019 and December 31, 2018, respectively.

Fair Value—We estimated the fair value of debt, excluding finance leases, which consists of our Senior Notes, bonds, and other long-term debt. Our Senior Notes and bonds are classified as Level Two due to the use and weighting of multiple market inputs in the final price of the security. We estimated the fair value of other debt instruments using discounted cash flow analysis based on current market inputs for similar types of arrangements. Based upon the lack of available market data, we have classified our revolving credit facility and other debt instruments as Level Three. The primary sensitivity in these models is based on the selection of appropriate discount rates. Fluctuations in these assumptions will result in different estimates of fair value.

(2) Excludes $12 million of capital lease obligations and $16 million of unamortized discounts and deferred financing fees.
Interest Rate Locks——At December 31, 2019 and December 31, 2018, we had outstanding interest rate locks with $275 million and $200 million of notional value, respectively, and mandatory settlement dates of 2021. The interest rate locks hedge a portion of the risk of changes in the benchmark interest rate associated with long-term debt we anticipate issuing in the future. These outstanding derivative instruments are designated as cash flow hedges and deemed highly effective both at inception and at December 31, 2019.

During the years ended December 31, 2019 and December 31, 2018, we recognized $20 million and $4 million of pre-tax losses, respectively, in unrealized gains (losses) on derivative activity on our consolidated statements of comprehensive income. At December 31, 2019 and December 31, 2018, we had $24 million and $4 million of liabilities related to these derivative instruments, respectively, recorded in other long-term liabilities on our consolidated balance sheets. We estimated the fair values of interest rate locks, which are classified as Level Two in the fair value hierarchy, using discounted cash flow models. The primary sensitivity in these models is based on forward and discount curves.

During the year ended December 31, 2018, we settled interest rate locks with $225 million of notional value upon issuance of the 2028 Notes.

12. EMPLOYEE BENEFIT PLANS

Defined Benefit Plans——We sponsor supplemental executive retirement plans consisting of funded and unfunded defined benefit plans for certain former executives. Retirement benefits are based primarily on the former employees' salary, as defined, and are payable upon satisfaction of certain service and age requirements as defined by the plans. The accumulated benefit obligation related to the unfunded U.S. plan was $21 million and $19 million, of which $20 million and $18 million was classified as a long-term liability, at December 31, 2019 and December 31, 2018, respectively. At December 31, 2019, we expect benefits of $1 million to be paid annually over the next 10 years.

Defined Contribution Plans——We provide retirement benefits to certain eligible employees under the Retirement Savings Plan (a qualified plan under Internal Revenue Code Section 401(k)), the FRP, and other similar plans. For the years ended December 31, 2019, December 31, 2018, and December 31, 2017, we recorded expenses of $48 million, $41 million, and $39 million, respectively, related to the Retirement Savings Plan based on a percentage of eligible employee contributions on stipulated amounts. The majority of these contributions relate to hotel property level employees, which are reimbursable to us, and are included in revenues for the reimbursement of costs incurred on behalf of managed and franchised properties and costs incurred on behalf of managed and franchised properties on our consolidated statements of income.

Deferred Compensation Plans——We provide nonqualified deferred compensation for certain employees through the DCP. Contributions and investment elections are determined by the employees, and we provide contributions to certain eligible employees according to pre-established formulas. The DCP is fully funded through a rabbi trust, therefore changes in the underlying securities impact the deferred compensation liability, which is recorded in other long-term liabilities (see Note 13) and the corresponding marketable securities assets (see Note 4).

Employee Stock Purchase Program——We provide the Hyatt Hotels Corporation ESPP, which qualifies under Section 423 of the Internal Revenue Code. The ESPP provides eligible employees the opportunity to purchase shares of the Company's common stock on a quarterly basis through payroll deductions at a price equal to 95% of the fair value on the last trading day of each quarter. We issued 79,700 shares and 61,900 shares under the ESPP during 2019 and 2018, respectively.

Significant items affecting the 2019 effective tax rate include the state impact of U.S. operations and certain foreign net operating losses generated in the current year that are not expected to be utilized within the carryforward period. These expenses are offset by the benefits related to the rate differential on foreign operations, including a non-recurring benefit related to prior years recognized as a result of an agreement reached by the United States and Swiss tax authorities on Advanced Pricing Agreement terms covering tax years 2012 through 2021.

Significant items affecting the 2018 effective tax rate include the decrease in the U.S. corporate income tax rate from 35% to 21% as part of the 2017 Tax Act, the low effective tax rate on the HRMC transaction, and a $15 million release of a valuation
allowance on foreign tax credits expected to be utilized within the allowed carryforward period. These benefits are partially offset by the impact of certain foreign net operating losses generated that are not expected to be utilized in the future.

Significant items affecting the 2017 effective tax rate include a $45 million expense related to reducing our net deferred tax assets to the lower U.S. corporate income tax rate. Additional items that impacted the 2017 effective tax rate include an expense related to certain foreign net operating losses generated that are not expected to be utilized in the future, a $15 million valuation allowance on foreign tax credits not expected to be utilized in the future, and a $13 million of expenses related to deemed repatriation tax as a result of the Tax Act. These expenses were partially offset by the benefit related to the rate differential of foreign operations and the recognition of $10 million of foreign tax credits generated by distributions from certain foreign subsidiaries.

As a result of the adoption of ASU 2016-02, we recognized a deferred tax asset and an offsetting deferred tax liability for operating lease liabilities and operating ROU assets, respectively. Additionally, we reclassified existing deferred tax balances primarily from other deferred tax asset and property and equipment deferred tax liability balances. On a net basis, there was no change to our total net deferred tax assets as a result of the adoption.

During the year ended December 31, 2019, significant changes to our deferred tax balances include a $21 million increase in the property and equipment deferred tax liability as a result of book depreciation in excess of tax depreciation and a $10 million increase in the intangibles deferred tax liability due to tax amortization in excess of book, primarily driven by the Two Roads acquisition (see Note 7).

At December 31, 2019, we have $451 million of accumulated undistributed earnings generated by our foreign subsidiaries, the majority of which have been subject to U.S. tax. Any additional taxes due with respect to such earnings or the excess of book basis over tax basis of our foreign investments would generally be limited to foreign withholding and U.S. state
income taxes. We continue to assert that undistributed net earnings with respect to certain foreign subsidiaries that have not previously been taxed in the U.S. are indefinitely reinvested.

At December 31, 2019, we have $46 million of deferred tax assets for future tax benefits related to foreign and state net operating losses and $4 million of benefits related to federal and state credits. Of these deferred tax assets, $23 million relates to net operating losses and federal and state credits that expire in 2020 through 2039. However, $27 million primarily relates to foreign net operating losses that have no expiration date and may be carried forward indefinitely. A valuation allowance of $41 million is recorded for certain deferred tax assets related to net operating losses and credits that we do not believe are more likely than not to be realized.

At December 31, 2019 and December 31, 2018, total unrecognized tax benefits were $125 million and $116 million, respectively, of which $36 million and $15 million, respectively, would impact the effective tax rate if recognized. It is reasonably possible that a reduction of up to $6 million of unrecognized tax benefits could occur within 12 months resulting from the expiration of certain tax statutes of limitations and tax settlements.

A reconciliation of the beginning and ending amount of unrecognized tax benefits is as follows:

In 2019, the $9 million net increase in uncertain tax positions is primarily related to an accrual for the U.S. treatment of the loyalty program. The decrease in prior period tax positions primarily relates to the effective settlement of certain federal and state tax matters.

In 2018, the $22 million net increase in uncertain tax positions is primarily related to an accrual for the U.S. treatment of the loyalty program. The increase in prior period tax positions relates to local tax filing positions identified as a result of the Two Roads acquisition (see Note 7) and a state tax accrual related to filing positions taken on the 2017 state tax returns.

We recognize accrued interest and penalties related to unrecognized tax benefits as a component of income tax expense. Total gross accrued interest and penalties were $22 million and $18 million at December 31, 2019 and December 31, 2018, respectively.

The amount of interest and penalties recognized as a component of income tax expense in 2019 was an expense of $5 million, primarily related to federal, state, and foreign tax matters. The amount of interest and penalties recognized as a component of income tax expense in 2018 was insignificant.

We are subject to audits by federal, state, and foreign tax authorities. We are currently under field exam by the IRS for tax years 2015 through 2017. U.S. tax years 2009 through 2011 are before the U.S. Tax Court concerning the tax treatment of the loyalty program. Additionally, U.S. tax years 2012 through 2014 are pending the outcome of the issue currently in U.S. Tax Court. If the IRS’ position to include loyalty program contributions as taxable income to the Company is upheld, it would result in an income tax payment of $191 million (including $47 million of estimated interest, net of federal tax benefits) for all assessed years that would be partially offset by a deferred tax asset. As future tax benefits will be recognized at the reduced U.S. corporate income tax rate, $69 million of the payment and related interest would have an impact on the effective tax rate, if recognized. We believe we have an adequate uncertain tax liability recorded in connection with this matter.

We have several state audits pending, specifically in Illinois and Florida. State income tax returns are generally subject to examination for a period of three to five years after filing of the return. However, the state impact of any federal changes remains subject to examination by various states for a period generally up to one year after formal notification to the states of the federal changes. We also have several foreign audits pending. The statutes of limitations for the foreign jurisdictions ranges from three to ten years after filing the applicable tax return.

F-46
In the ordinary course of business, we enter into various commitments, guarantees, surety bonds, and letter of credit agreements, which are discussed below:

Commitments—At December 31, 2019, we are committed, under certain conditions, to lend or provide certain consideration to, or invest in, various business ventures up to $296 million, net of any related letters of credit.

Performance Guarantees—Certain of our contractual agreements with third-party hotel owners require us to guarantee payments to the owners if specified levels of operating profit are not achieved by their hotels (see Note 2).

Our most significant performance guarantee relates to the four managed hotels in France, which has a term of seven years and expires on April 30, 2020. This guarantee has a maximum cap, but does not have an annual cap. The remaining maximum exposure related to our performance guarantees at December 31, 2019 was $238 million, of which €147 million ($165 million using exchange rates at December 31, 2019) was related to the four managed hotels in France.

We had $33 million and $47 million of total net performance guarantee liabilities at December 31, 2019 and December 31, 2018, respectively, which included $14 million and $25 million recorded in accrued expenses and current liabilities on our consolidated balance sheets, respectively.

Additionally, we enter into certain management contracts where we have the right, but not an obligation, to make payments to certain hotel owners if their hotels do not achieve specified levels of operating profit. If we choose not to fund the shortfall, the hotel owner has the option to terminate the management contract. At December 31, 2019 and December 31, 2018, there were no amounts recognized on our consolidated balance sheets related to these performance test clauses.
Debt Repayment and Other Guarantees—We enter into various debt repayment and other guarantees in order to assist property owners and unconsolidated hospitality ventures in obtaining third-party financing or to obtain more favorable borrowing terms. (1) Debt repayment guarantee is denominated in Indian rupees and translated using exchange rates at December 31, 2019. We have the contractual right to recover amounts funded from an unconsolidated hospitality venture, which is a related party. We expect our maximum exposure to be $85 million, taking into account our partner’s 50% ownership interest in the unconsolidated hospitality venture. Under certain events or conditions, we have the right to force the sale of the properties in order to recover amounts funded.

(2) We have agreements with our unconsolidated hospitality venture partners, the respective hotel owners, or other third parties to recover certain amounts funded under the debt repayment guarantee; the recoverability mechanism may be in the form of cash, financing receivable, or HTM debt security.

(3) If certain funding thresholds are met or if certain events occur, we have the ability to assume control of the property. With respect to properties in Brazil, this right only exists for the residential property.

(4) In conjunction with the debt repayment guarantees, we are subject to completion guarantees whereby the parties agree to substantially complete the construction of the project by a specified date. In the event of default, we are obligated to complete construction using the funds available from the outstanding loan. Any additional funds paid by us are subject to partial recovery in the form of cash. At December 31, 2019, the maximum potential future payments are $3 million, and the maximum exposure net of recoverability from third parties is insignificant.

(5) At December 31, 2018, other long-term liabilities included a debt repayment guarantee for a hotel property in Washington State. During the year ended December 31, 2019, the debt was refinanced, and we are no longer a guarantor. As a result, we recognized a $15 million release of our debt repayment guarantee liability in other income (loss), net on our consolidated statements of income for the year ended December 31, 2019 (see Note 21).

At December 31, 2019, we are not aware of, nor have we received notification that hotel owners are not current on their debt service obligations where we have provided a debt repayment guarantee.

Guarantee Liabilities Fair Value—We estimated the fair value of our guarantees to be $62 million and $128 million at December 31, 2019 and December 31, 2018, respectively. Based upon the lack of available market data, we have classified our guarantees as Level Three in the fair value hierarchy (see Note 2).

Insurance—We obtain commercial insurance for potential losses for general liability, workers’ compensation, automobile liability, employment practices, crime, property, cyber risk, and other miscellaneous coverages. A portion of the risk is retained on a self-insurance basis primarily through U.S.-based and licensed captive insurance companies that are wholly owned subsidiaries of Ryi and generally insure our deductibles and retentions. Reserve requirements are established based on actuarial projections of ultimate losses. Reserves for losses in our captive insurance companies to be paid within 12 months are $41 million and $38 million at December 31, 2019 and December 31, 2018, respectively, and are recorded in accrued expenses and other current liabilities on our consolidated balance sheets, while reserves for losses in our captive insurance companies to be paid in future periods are $80 million and $78 million at December 31, 2019 and December 31, 2018, respectively, and are recorded in other long-term liabilities on our consolidated balance sheets.
Collective Bargaining Agreements—At December 31, 2019, approximately 23% of our U.S.-based employees were covered by various collective bargaining agreements, generally providing for basic pay rates, working hours, other conditions of employment, and orderly settlement of labor disputes. Certain employees are covered by union-sponsored, multi-employer pension and health plans pursuant to agreements between us and various unions. Generally, labor relations have been maintained in a normal and satisfactory manner, and we believe our employee relations are good.

Surety Bonds—Surety bonds issued on our behalf were $48 million at December 31, 2019 and primarily relate to workers' compensation, taxes, licenses, construction liens, and utilities related to our lodging operations.

Letters of Credit—Letters of credit outstanding on our behalf at December 31, 2019 were $264 million, which relate to our ongoing operations, hotel properties under development in the U.S., collateral for estimated insurance claims, and securitization of our performance under our debt repayment guarantees associated with the hotel properties in India and the residential property in Brazil, which are only called upon if we default on our guarantees. Of the letters of credit outstanding, $1 million reduces the available capacity under our revolving credit facility (see Note 11).

Capital Expenditures—As part of our ongoing business operations, significant expenditures are required to complete renovation projects that have been approved.

Other—We act as general partner of various partnerships owning hotel properties that are subject to mortgage indebtedness. These mortgage agreements generally limit the lender's recourse to security interests in assets financed and/or other assets of the partnerships(s) and/or the general partner(s) thereof.

In conjunction with financing obtained for our unconsolidated hospitality ventures, certain managed hotels, and other properties, we may provide standard indemnifications to the lender for loss, liability, or damage occurring as a result of our actions or actions of the other unconsolidated hospitality venture partners, respective hotel owners, or other third parties.

As a result of certain dispositions, we have agreed to provide customary indemnifications to third-party purchasers for certain liabilities incurred prior to sale and for breach of certain representations and warranties made during the sales process, such as representations of valid title, authority, and environmental issues that may not be limited by a contractual monetary amount. These indemnification agreements survive until the applicable statutes of limitation expire or until the agreed upon contract terms expire.

We are subject, from time to time, to various claims and contingencies related to lawsuits, taxes, and environmental matters, as well as commitments under contractual obligations. Many of these claims are covered under our current insurance programs, subject to deductibles. Although the ultimate liability for these matters cannot be determined at this point, based on information currently available, we do not expect the ultimate resolution of such claims and litigation to have a material effect on our consolidated financial statements.

During the year ended December 31, 2018, we received a notice from the Indian tax authorities assessing additional service tax on our operations in India. We appealed this decision and do not believe a loss is probable, and therefore, we have not recognized a liability in connection with this matter. As of December 31, 2019, our maximum exposure is not expected to exceed $18 million.

16. STOCKHOLDERS’ EQUITY AND COMPREHENSIVE LOSS

Common Stock—At December 31, 2019, Pritzker family business interests beneficially owned, in the aggregate, approximately 96.5% of our Class B common stock and approximately 2.9% of our Class A common stock, representing approximately 63.2% of the total voting power of our outstanding common stock. As a result, consistent with the voting agreements contained in the Amended and Restated Global Hyatt Agreement and Amended and Restated Foreign Global Hyatt Agreement, Pritzker family business interests are able to exert a significant degree of influence or actual control over our management and affairs and over matters requiring stockholder approval, including the election of directors and other significant corporate transactions. While the voting agreements are in effect, they may provide our board of directors with effective control over matters requiring stockholder approval. Because of our dual class ownership structure, Pritzker family business interests will continue to exert a significant degree of influence or actual control over matters requiring stockholder approval, even if they own less than 50% of the outstanding shares of our common stock. Pursuant to the Amended and Restated Global Hyatt Agreement and Amended and Restated Foreign Global Hyatt Agreement, the Pritzker family business interests have agreed to certain voting agreements and to certain limitations with respect to the sale of shares of our common stock. In addition, other stockholders beneficially own, in the aggregate, approximately 3.5% of our outstanding Class B common stock representing approximately 2.2% of the outstanding shares of our common stock and approximately 3.3% of the total voting power of our outstanding common stock. Pursuant to the 2007
Stockholders' Agreement, these entities have also agreed to certain voting agreements and to certain limitations with respect to the sale of shares of our common stock.

**Share Repurchase.** During 2019, 2018, and 2017, our board of directors authorized the repurchase of up to $750 million, $750 million, and $1,250 million, respectively, of our common stock. These repurchases may be made from time to time in the open market, in privately negotiated transactions, or otherwise, including pursuant to a Rule 10b5-1 plan or an accelerated share repurchase transaction, at prices we deem appropriate and subject to market conditions, applicable law, and other factors deemed relevant in our sole discretion. The common stock repurchase program applies to our Class A and Class B common stock. The common stock repurchase program does not obligate us to repurchase any dollar amount or number of shares of common stock, and the program may be suspended or discontinued at any time.

During the year ended December 31, 2019, we repurchased 5,621,281 shares of common stock. The shares of common stock were repurchased at a weighted-average price of $74.85 per share for an aggregate purchase price of $421 million, excluding related insignificant expenses. The shares repurchased during 2019 represented approximately 5% of our total shares of common stock outstanding at December 31, 2018.

During the year ended December 31, 2018, we entered into the following ASR programs with third-party financial institutions to repurchase Class A shares:

<table>
<thead>
<tr>
<th>Month</th>
<th>Total number of shares repurchased (1)</th>
<th>Weighted-average price per share</th>

</tr>
<tr>
<td>November 2018 (2)</td>
<td>2,575,095</td>
<td>69.90</td>
<td>180</td>
</tr>
</tbody>
</table>

(1) The delivery of shares resulted in a reduction in weighted-average common shares outstanding for basic and diluted earnings per share (see Note 20).
(2) The May 2018 ASR and the November 2018 ASR are collectively referred to as the “2018 ASR Agreements.”

During the year ended December 31, 2018, we repurchased 12,723,895 shares of common stock, including settlement of the 2018 ASR Agreements and 244,260 shares representing the settlement of the November 2017 ASR. The shares of common stock were repurchased at a weighted-average price of $75.68 per share for an aggregate purchase price of $966 million, excluding related insignificant expenses. The aggregate purchase price includes $20 million of shares delivered in the settlement of the November 2017 ASR in 2018, for which payment was made during 2017. The shares repurchased during 2018 represented approximately 11% of our total shares of common stock outstanding at December 31, 2017.

The shares of Class A common stock repurchased on the open market were retired and returned to the status of authorized and unissued shares, while the shares of Class B common stock repurchased were retired and the total number of authorized Class B shares was reduced by the number of shares retired during the year ended December 31, 2019 (see Note 18). At December 31, 2019, we had $997 million remaining under the share repurchase authorization.

17. STOCK-BASED COMPENSATION

As part of our LTIP, we award SARs, RSUs, and PSUs to certain employees and non-employee directors (see Note 2). In addition, non-employee directors may elect to receive their annual fees and/or annual equity retainers in the form of shares of our Class A common stock. Under the LTIP, we are authorized to issue up to 14,375,000 shares. Compensation expense and unearned compensation presented below exclude amounts related to employees of our managed hotels and other employees whose payroll is reimbursed, as this expense has been and will continue to be reimbursed by our third-party hotel owners and is recognized within revenues for the reimbursement of costs incurred on behalf of managed and franchised properties and costs incurred on behalf of managed and franchised properties on our consolidated statements of income. Stock-based compensation expense included in selling, general, and administration expense on our consolidated statements of income related to these awards was as follows:

The expected income tax benefit to be realized at the time of vest related to these awards for the years ended December 31, 2019, December 31, 2018, and December 31, 2017 was as follows:

</table>

The weighted-average grant date fair value for the awards granted in 2019, 2018, and 2017 was $17.11, $21.18, and $16.42, respectively.

The fair value of each SAR was estimated based on the date of grant using the Black-Scholes-Merton option-pricing model with the following weighted-average assumptions:

<table>
<thead>
<tr>
<th></th>
<th>2019</th>
<th>2018</th>
<th>2017</th>

<td>26.56%</td>
</tr>
<tr>
<td>Annual dividend yield</td>
<td>1.06%</td>
<td>0.75%</td>
<td>—</td>
</tr>
</tbody>
</table>

Due to a lack of historical exercise activity, the expected life was estimated based on the midpoint between the vesting period and the contractual life of each SAR. The risk-free interest rate was based on U.S. Treasury instruments with similar expected life. We calculate volatility using our trading history over a time period consistent with our expected term assumption. The dividend yield assumption is based on the expected annualized dividend payment at the date of grant.

18. RELATED-PARTY TRANSACTIONS

In addition to those included elsewhere in the Notes to our consolidated financial statements, related-party transactions entered into by us are summarized as follows:

Legal Services—A partner in a law firm that provided services to us throughout 2019, 2018, and 2017 is the brother-in-law of our Executive Chairman. We incurred $6 million, $6 million, and $3 million of legal fees with this firm for the years ended December 31, 2019, December 31, 2018, and December 31, 2017, respectively. At both December 31, 2019 and December 31, 2018, we had insignificant amounts due to the law firm.

Equity Method Investments—We have equity method investments in entities that own properties for which we receive management or franchise fees. We recognized $22 million, $20 million, and $24 million of fees for the years ended December 31, 2019, December 31, 2018, and December 31, 2017, respectively. In addition, in some cases we provide loans (see Note 6) or guarantees (see Note 15) to these entities. During the years ended December 31, 2019, December 31, 2018, and December 31, 2017, we recognized $4 million, $7 million, and $5 million, respectively, of income related to these guarantees. At both December 31, 2019 and December 31, 2018, we had $17 million of receivables due from these properties. Our ownership interest in these unconsolidated hospitality ventures varies from 24% to 50%. See Note 4 for further details regarding these investments.

Other Services—The brother of our Executive Chairman is affiliated with a limited partnership which has ownership interests in hotels from which we recognized $7 million of management and franchise fees during the year ended December 31, 2019. At both December 31, 2019 and December 31, 2018, this entity had insignificant receivables due to these properties.

Class B Share Conversion—During the years ended December 31, 2019 and December 31, 2018, 975,170 shares and 1,207,355 shares, respectively, of Class B common stock were converted on a share-for-share basis into shares of our Class A common stock, $0.01 par value per share. The shares of Class B common stock that were converted into shares of Class A common stock have been retired, thereby reducing the shares of Class B common stock authorized and outstanding.
Class B Share Repurchase—During 2019, we repurchased 677,384 shares of Class B common stock for a weighted-average price of $74.21 per share, for an aggregate purchase price of approximately $50 million. The shares repurchased represented approximately 1% of our total shares of common stock outstanding at December 31, 2018. During 2018, we repurchased 2,450,654 shares of Class B common stock at a weighted-average price of $78.10 per share, for an aggregate purchase price of approximately $190 million. The shares repurchased represented approximately 2% of our total shares of common stock outstanding at December 31, 2017. The shares of Class B common stock were repurchased in privately negotiated transactions from trusts or limited partnerships owned indirectly by trusts for the benefit of certain Pritzker family members or private charitable organizations affiliated with certain Pritzker family members and were retired, thereby reducing the shares of Class B common stock authorized and outstanding by the repurchased share amount.

19. SEGMENT AND GEOGRAPHIC INFORMATION

Our reportable segments are components of the business which are managed discretely and for which discrete financial information is reviewed regularly by the CODM to assess performance and make decisions regarding the allocation of resources. We define our reportable segments as follows:

- **Owned and leased hotels**—This segment derives its earnings from owned and leased hotel properties located predominantly in the United States but also in certain international locations and for purposes of segment Adjusted EBITDA, includes our pro rata share of the Adjusted EBITDA of our unconsolidated hospitality ventures, based on our ownership percentage of each venture. Adjusted EBITDA includes intercompany expenses related to management fees paid to the Company's management and franchising segments, which are eliminated in consolidation. Intergroup revenues relate to promotional award redemptions earned by our owned and leased hotels related to our co-branded credit cards and are eliminated in consolidation.

- **Americas management and franchising**—This segment derives its earnings primarily from a combination of hotel management and licensing of our portfolio of brands to franchisees located in the United States, Latin America, Canada, and the Caribbean. This segment's revenues also include the reimbursement of costs incurred on behalf of managed and franchised properties as well revenues from residential management operations. These reimbursed costs relate primarily to payroll at managed properties where the Company is the employer, as well as system-wide services and the loyalty program operated on behalf of owners of managed and franchised properties. The intersegment revenues relate to management fees earned from the Company's owned and leased hotels and are eliminated in consolidation.

- **ASPIAC management and franchising**—This segment derives its earnings primarily from a combination of hotel management and licensing of our portfolio of brands to franchisees located in Southeast Asia, Greater China, Australia, South Korea, Japan, and Micronesia. This segment's revenues also include the reimbursement of costs incurred on behalf of managed and franchised properties. These reimbursed costs relate primarily to system-wide services and the loyalty program operated on behalf of owners of managed and franchised properties. The intersegment revenues relate to management fees earned from the Company's owned hotel, which was sold during the year ended December 31, 2019, and are eliminated in consolidation.

- **EAME/SW Asia management and franchising**—This segment derives its earnings primarily from a combination of hotel management and licensing of our portfolio of brands to franchisees located in Europe, Africa, the Middle East, India, Central Asia, and Nepal. This segment's revenues also include the reimbursement of costs incurred on behalf of managed and franchised properties. These reimbursed costs relate primarily to system-wide services and the loyalty program operated on behalf of owners of managed and franchised properties. The intersegment revenues relate to management fees earned from the Company's owned and leased hotels and are eliminated in consolidation.

Our CODM evaluates performance based on owned and leased hotels revenues, management, franchise, and other fees revenues, and Adjusted EBITDA. Adjusted EBITDA, as we define it, is a non-GAAP measure. We define Adjusted EBITDA as net income attributable to Hyatt Hotels Corporation plus our pro rata share of unconsolidated owned and leased hospitality ventures Adjusted EBITDA based on our ownership percentage of each owned and leased venture, adjusted to exclude interest expense, provision for income taxes, depreciation and amortization; Contra revenue; revenues for the reimbursement of costs incurred on behalf of managed and franchised properties; costs incurred on behalf of managed and franchised properties; equity earnings (losses) from unconsolidated hospitality ventures; stock-based compensation expense; gains (losses) on sales of real estate; asset impairments; and other income (loss), net.
The table below shows summarized consolidated financial information by segment. Included within corporate and other are the results of Miraval and Exhale, Hyatt Residence Club license fees, results related to our co-branded credit cards, and unallocated corporate expenses.

22. QUARTERLY FINANCIAL INFORMATION (UNAUDITED)

The following table sets forth the historical unaudited quarterly financial data. The information for each of these periods has been prepared on the same basis as the audited consolidated financial statements and, in our opinion, reflects all adjustments necessary to present fairly our financial results. Operating results for previous periods do not necessarily indicate results that may be achieved in any future period.

ARTICLE III

PURPOSE

The purpose of the Corporation is to engage in any lawful activity for which corporations may be organized under the General Corporation Law of the State of Delaware, as amended (the "DGCL").

CAPITAL STOCK

Section 1. Authorized Shares. The total number of shares of stock which the Corporation is authorized to issue is 1,510,000,000 shares, of which 1,000,000,000 shares shall be shares of Class A Common Stock, par value $0.01 per share (the "Class A Common Stock"), 500,000,000 shares shall be shares of Class B Common Stock, par value $0.01 per share (the "Class B Common Stock"), and together with the Class A Common Stock, the "Common Stock"), and 10,000,000 shares shall be shares of Preferred Stock, par value $0.01 per share ("Preferred Stock").

Upon this Amended and Restated Certificate of Incorporation becoming effective pursuant to the DGCL (the "Effective Time"), each share of the Corporation's Common Stock, par value $0.01 per share, issued and outstanding immediately prior to the Effective Time (the "Old Common Stock") (a) that is then held of record by any holder specified in the resolutions duly adopted by the Board of Directors on October 9, 2009 (the "Specified Holders") will automatically be reclassified into one share of Class A Common Stock and (b) that is then held of record by any holder other than a Specified Holder will automatically be reclassified into one share of Class B Common Stock. Each certificate that theretofore represented shares of Old Common Stock shall thereafter represent such number of shares of Class A Common Stock or Class B Common Stock, as applicable, into which the shares of Old Common Stock represented by such certificate have been reclassified.

Section 2. Voting Rights. The Class A Common Stock and the Class B Common Stock shall have the following powers, designations, preferences and rights and qualifications, limitations and restrictions:

(a) Voting Rights.

(i) Except as otherwise provided herein or by applicable law, the holders of Class A Common Stock and Class B Common Stock shall at all times vote together as a single class on all matters (including election of directors) submitted to a vote of the stockholders of the Corporation.
(ii) Each holder of Class A Common Stock shall be entitled to one vote for each share of Class A Common Stock held of record by such holder as of the applicable record date on any matter that is submitted to a vote of the stockholders of the Corporation.

(iii) Each holder of Class B Common Stock shall be entitled to ten votes for each share of Class B Common Stock held of record by such holder as of the applicable record date on any matter that is submitted to a vote of the stockholders of the Corporation.

Notwithstanding the foregoing, except as otherwise required by applicable law, holders of Common Stock, as such, shall not be entitled to vote on any amendment to this Amended and Restated Certificate of Incorporation (including any certificate filed with the Secretary of State establishing the terms of a series of Preferred Stock in accordance with Section 3 of this Article IV) that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series of Preferred Stock are entitled, either separately or together with the holders of one or more other such series, to vote thereon pursuant to applicable law or this Amended and Restated Certificate of Incorporation (including any certificate filed with the Secretary of State establishing the terms of a series of Preferred Stock in accordance with Section 3 of this Article IV).

(b) Dividends and Distributions. Except as may be provided in a resolution or resolutions of the Board of Directors providing for any series of Preferred Stock outstanding at any time, the holders of Class A Common Stock and the holders of Class B Common Stock shall be entitled to share equally, on a per share basis, in such dividends and other distributions of cash, property or shares of stock of the Corporation as may be declared by the Board of Directors; provided, however, that in the event that such dividend is paid in the form of Common Stock or rights to acquire Common Stock, the holders of Class A Common Stock shall receive shares of Class A Common Stock or rights to acquire shares of Class A Common Stock, as the case may be, and the holders of Class B Common Stock shall receive shares of Class B Common Stock or rights to acquire shares of Class B Common Stock, as the case may be.

(c) Liquidation, etc. Except as may be provided in a resolution or resolutions of the Board of Directors providing for any series of Preferred Stock outstanding at any time, in the event of a voluntary or involuntary liquidation, dissolution, distribution of assets or winding up of the Corporation, the holders of Class A Common Stock and the holders of Class B Common Stock shall be entitled to share equally, on a per share basis, in all assets of the Corporation of whatever kind available for distribution to the holders of Common Stock.

(d) Subdivision or Combination. If the Corporation in any manner subdivides or combines the outstanding shares of one class of Common Stock, the outstanding shares of the other class of Common Stock will be subdivided or combined in the same manner.

(e) Equal Status. Except as expressly provided in this Article IV, shares of Class A Common Stock and Class B Common Stock shall have the same rights and privileges and rank equally, share ratably and be identical in all respects as to all matters. In any merger, consolidation, reorganization or other business combination, the consideration received per share by the holders of the Class A Common Stock and the holders of the Class B Common Stock in such merger, consolidation, reorganization or other business combination shall be identical; provided, however, that if such consideration consists, in whole or in part, of shares of capital stock of, or other equity interests in, the Corporation or any other corporation, partnership, limited liability company or other entity, then the powers, designations, preferences and relative, common, participating, optional or other special rights and qualifications, limitations and restrictions of such shares of capital stock or other equity interests may differ to the extent that the powers, designations, preferences and relative, common, participating, optional or other special rights and qualifications, limitations and restrictions of the Class A Common Stock and Class B Common Stock differ as provided herein (including, without limitation, with respect to the voting rights and conversion provisions hereof); and provided further, that, if the holders of the Class A Common Stock or the holders of the Class B Common Stock are granted the right to elect to receive one of two or more alternative forms of consideration, the foregoing provision shall be deemed satisfied if holders of the other class are granted identical election rights. Any consideration to be paid to or received by holders of Class A Common Stock or holders of Class B Common Stock pursuant to any employment, consulting, severance, non-competition or other similar arrangement approved by the Board of Directors, or any duly authorized committee thereof, shall not be considered to be "consideration received per share" for purposes of the foregoing provision, regardless of whether such consideration is paid in connection with, or conditioned upon the completion of, such merger, consolidation, reorganization or other business combination.

(c) with respect to any trust:

(i) one or more current beneficiaries of such trust who are Pritzkers, any Permitted Transferee of any such current beneficiary and/or any appointee of a power of appointment exercised with respect to such trust, if such appointee is a Pritzker; provided however, that any Person holding a remainder interest in such trust shall not be a "Permitted Transferee" of such trust unless such Person is a Pritzker or a Permitted Transferee of any current beneficiary who is a Pritzker;

(ii) any other trust so long as the current beneficiaries of such other trust are Pritzkers, and/or any other trust for the benefit of an appointee of a power of appointment exercised with respect to such trust, if such appointee is a Pritzker; provided however, that such other trust shall qualify as a "Permitted Transferee" notwithstanding that a remainder interest in such other trust is for the benefit of any Person other than a Pritzker until such time as such other trust is for the current benefit of such Person;

(iii) any current trustee or trustees of such trust in the capacity as trustee of such trust, and any successor trustee or trustees in the capacity as trustee of such trust; and

(iv) one or more corporations, partnerships, limited liability companies or other entities so long as all of the equity interests in such entities are owned, directly or indirectly, by such trust and/or one or more Permitted Transferees of such trust, and such trust and/or one or more Permitted Transferees of such trust have sole dispositive power and exclusive Voting Control with respect to the shares of Class B Common Stock held by such corporation, partnership, limited liability company or other entity;

(d) with respect to any corporation, partnership, limited liability company or other entity (a "Corporate Person"), other than the 2007 Investors:

(i) the shareholders, partners, members or other equity holders of such Corporate Person, as applicable, who are Pritzkers, in accordance with their respective rights and interests therein, and/or any Permitted Transferee of any such shareholders, partners, members or other equity holders;

(ii) any other corporation, partnership, limited liability company or other entity so long as all of the equity interests in such other corporation, partnership, limited liability company or other entity are owned, directly or indirectly, by such Corporate Person and/or one or more Permitted Transferees of such Corporate Person, and such Corporate Person and/or one or more Permitted Transferees of such Corporate Person has sole dispositive power and exclusive Voting Control with respect to the shares of Class B Common Stock held by such other corporation, partnership, limited liability company or other entity; and

(iii) any other corporation, partnership, limited liability company or other entity so long as such other corporation, partnership, limited liability company or other entity owns, directly or indirectly, all of the equity interests of such Corporate Person, and such other corporation, partnership, limited liability company or other entity has sole dispositive power and exclusive Voting Control with respect to the equity interests of such Corporate Person;

(e) with respect to any bankrupt or insolvent Person, the trustee or receiver of the estate of such bankrupt or insolvent Person, in such trustee's or receiver's capacity as such; and

(f) with respect to any Person that holds Class B Common Stock as the guardian or conservator of any Person who has been adjudged disabled, incapacitated, incompetent or otherwise unable to manage his or her own affairs, or as the executor, administrator or personal representative of the estate of any deceased Person, or as the trustee or receiver of the estate of a bankrupt or insolvent Person, (i) any Permitted Transferee of such disabled, incapacitated, incompetent, deceased, bankrupt or insolvent Person or (ii) in the event that such disabled, incapacitated, incompetent, deceased, bankrupt or insolvent Person is a 2007 Investor, an Affiliate of such 2007 Investor.

For the avoidance of doubt, the "Permitted Transferees" of any Person within the meaning of this Section 2(f)(i)(7) may be determined under any one or more than one of the clauses of this Section 2(f)(i)(7), if such clauses are applicable to such Person. For the further avoidance of doubt, references to a "trust" shall mean the trust or the trustee or trustees of such trust acting in such capacity, as the context may require.
With respect to a share or shares of Class B Common Stock held by a 2007 Investor, following the "Restriction Expiration Date" (as defined in the 2007 Stockholders' Agreement), the "Permitted Transferee" of any 2007 Investor shall be determined for purposes of Sections 2(f)(i)(7)(b) and 2(f)(i)(7)(c) of this Article IV without regard to any references to Pritzkers contained therein.

(8) "Person" shall mean any natural person, trust, corporation, partnership, limited liability company or other entity.

(9) "Pritzker" shall mean the Pritzker family members, who are the lineal descendants of Nicholas J. Pritzker, deceased, and spouses or surviving spouses of such descendants, any trust that is a Permitted Transferee of any of the foregoing, and any other Person that is a Permitted Transferee of any of the foregoing.

(10) "Registered Holder" shall mean (a) the registered holder of any share or shares of Class B Common Stock immediately prior to the consummation of the initial public offering of shares of Class A Common Stock (the "IPO"); (b) the initial registered holder of any share or shares of Class B Common Stock that are originally issued by the Corporation after the consummation of the IPO, and (c) any Person that becomes the registered holder of any share or shares of Class B Common Stock as a result of a Permitted Transfer in accordance with this Section 2(f).

(11) "Transfer" of a share or shares of Class B Common Stock shall mean any direct or indirect sale, exchange, assignment, transfer, conveyance, gift, hypothecation or other transfer or disposition (including, without limitation, the granting or exercise of a power of appointment or a proxy, attorney in fact, power of attorney or otherwise) of such share or shares or any legal or beneficial interest in such share or shares, whether or not for value and whether voluntary or involuntary or by operation of law. A "Transfer" shall include, without limitation, a transfer of a share or shares of Class B Common Stock to a broker or other nominee (regardless of whether or not there is a corresponding change in beneficial ownership), and the transfer of, or entering into any agreement, arrangement or understanding with respect to, Voting Control over a share or shares of Class B Common Stock. Any sale, exchange, assignment, transfer, conveyance, gift, hypothecation or other transfer or disposition by any Person that is not a Pritzker (other than a 2007 Investor) of less than 5% of the equity interests of any other Person that holds shares of Class B Common Stock, shall not be deemed to result in a "Transfer" of such shares of Class B Common Stock within the meaning of this Section 2(f)(i)(11). In addition, the existence of, the joinder of any Person to and agreement to become subject to the provisions of, or the voting of shares of Class B Common Stock in accordance with, the 2007 Stockholders' Agreement, the Global Hyatt Agreement, the Foreign Global Hyatt Agreement or the Agreement Relating to Stock, shall not be deemed to result in a "Transfer" of shares of Class B Common Stock within the meaning of this Section 2(f)(i)(11).

(12) "Voting Control" shall mean, with respect to a share or shares of Class B Common Stock, the power, whether exclusive or shared, revocable or irrevocable, to vote or direct the voting of such share or shares of Class B Common Stock, by proxy, voting agreement or otherwise.

(ii) Each share of Class B Common Stock shall be convertible into one fully paid and non-assessable share of Class A Common Stock at the option of the holder thereof at any time, and from time to time, upon written notice to the transfer agent of the Corporation.

(iii) Subject to Section 2(f)(vii) of this Article IV, a share of Class B Common Stock shall automatically, without any further action on the part of the Corporation, any holder of Class B Common Stock or any other party, convert into one fully paid and non-assessable share of Class A Common Stock upon a Transfer of such share, other than a Permitted Transfer; provided, however, that each share of Class B Common Stock transferred to a Permitted Transferee or an Affiliate of a 2007 Investor pursuant to a Permitted Transfer shall automatically convert into one fully paid and non-assessable share of Class A Common Stock if any event occurs, or any state of facts arises or exists, that causes such Person to no longer qualify, as applicable, as a "Permitted Transferee" within the meaning of Section 2(f)(i)(7) of this Article IV or as an "Affiliate" of such 2007 Investor as defined in Section 2(f)(i)(1) of this Article IV.

(iv) For so long as the 2007 Stockholders' Agreement, the Global Hyatt Agreement, the Foreign Global Hyatt Agreement or the Agreement Relating to Stock, as applicable, remains in effect, each share of Class B Common Stock held by (a) any trust that is party to, or any other Person directly or indirectly controlled by any one or more trusts that are party to, or otherwise bound by (including any trust who executes, or whose Trustees execute, a joinder to, and thereby become subject to the provisions of) the 2007 Stockholders' Agreement, the Global Hyatt Agreement, the Foreign Global Hyatt Agreement or the Agreement Relating to Stock, as applicable, or
(b) with respect to the Foreign Global Hyatt Agreement, any Person directly or indirectly controlled by any one or more non-United States situs trusts which are for the benefit of one or more Pritzkers (even though such Person is not party to the Foreign Global Hyatt Agreement), shall automatically, without any further action on the part of the Corporation, any holder of Class B Common Stock or any other party, convert into one fully paid and non-assessable share of Class A Common Stock upon any change in the trustees of any such trust that is a Pritzker (in the case of clause (a)) or any such non-United States situs trusts that are Pritzkers (in the case of clause (b)) unless, in connection therewith, the requisite number of trustees necessary to bind such trust (to the extent not already party thereto) execute a joinder to, and thereby become subject to the provisions of, as applicable, the 2007 Stockholders' Agreement, the Global Hyatt Agreement, the Foreign Global Hyatt Agreement or the Agreement Relating to Stock.

(v) Each share of Class B Common Stock shall automatically, without any further action on the part of the Corporation, any holder of Class B Common Stock or any other party, convert into one fully paid and non-assessable share of Class A Common Stock if, as of the record date for determining the stockholders entitled to vote at any annual or special meeting of the stockholders of the Corporation, the aggregate number of shares of Common Stock owned, directly or indirectly, by the Registered Holders is less than fifteen percent of the aggregate number of outstanding shares of Common Stock.

(vi) The Board of Directors, or any duly authorized committee thereof, may, from time to time, establish such policies and procedures relating to the conversion of a share or shares of Class B Common Stock into a share or shares of Class A Common Stock and the general administration of this dual class common stock structure, including the issuance of stock certificates with respect thereto, as it may deem necessary or advisable, and may request or require that holders of a share or shares of Class B Common Stock furnish affidavits or other proof to the Corporation as it may deem necessary or advisable to verify the ownership of such share or shares of Class B Common Stock and to confirm that an automatic conversion into a share or shares of Class A Common Stock has not occurred. If the Board of Directors, or a duly authorized committee thereof, determines that a share or shares of Class B Common Stock have been inadvertently Transferred in a Transfer that is not a Permitted Transfer, or any other event shall have occurred, or any state of facts arisen or come into existence, that would inadvertently cause the automatic conversion of such shares into Class A Common Stock pursuant to Section 2(f)(iii) of this Article IV, and the Registered Holder shall have cured or shall promptly cure such inadvertent Transfer or the event or state of facts that would inadvertently cause such automatic conversion, then the Board of Directors, or a duly authorized committee thereof, may determine that such share or shares of Class B Common Stock shall not have been automatically converted into Class A Common Stock pursuant to Section 2(f)(iii) of this Article IV.

(vii) In the event of a conversion of a share or shares of Class B Common Stock into a share or shares of Class A Common Stock pursuant to this Section 2, such conversion shall be deemed to have been made (a) in the event of a voluntary conversion pursuant to Section 2(f)(ii) of this Article IV, at the close of business on the business day on which written notice of such voluntary conversion is received by the transfer agent of the Corporation, (b) in the event of an automatic conversion upon a Transfer or if any other event occurs, or any state of facts arises or exists, that would cause an automatic conversion pursuant to Section 2(f)(iii) of this Article IV, at the time that the Transfer of such share or shares occurred or at the time that such other event occurred, or state of facts arose, as applicable; (c) in the event of an automatic conversion of shares upon the failure of the new trustee or trustees to assume the obligations under, as applicable, the 2007 Stockholders' Agreement, the Global Hyatt Agreement, the Foreign Global Hyatt Agreement or the Agreement Relating to Stock, at the time such new trustee or trustees become such, and (d) in the event of an automatic conversion of all shares of Class B Common Stock pursuant to Section 2(f)(v) of this Article IV, at the close of business on the record date on which the Registered Holders own less than the requisite percentage of outstanding shares of Common Stock. Upon any conversion of a share or shares of Class B Common Stock to a share or shares of Class A Common Stock, subject only to rights to receive any dividends or other distributions payable in respect of such share or shares of Class B Common Stock with a record date prior to the date of such conversion, all rights of the holder of a share or shares of Class B Common Stock shall cease and such Person shall be treated for all purposes as having become the registered holder of such share or shares of Class A Common Stock. Shares of Class B Common Stock that are converted into shares of Class A Common Stock as provided in this Section 2 shall be retired and may not be reissued.

(g) Reservation of Stock. The Corporation shall at all times reserve and keep available out of its authorized but unissued shares of Class A Common Stock, solely for the purpose of effecting the conversion of the shares of Class B Common Stock, such number of its shares of Class A Common Stock as shall from time to time be sufficient to effect the conversion of all outstanding shares of Class B Common Stock into shares of Class A Common Stock.
Limitation on Future Issuance. Except as otherwise provided in or contemplated by Sections 2(b), 2(d) or 2(e) of this Article IV, the Corporation shall not issue additional shares of Class B Common Stock after the Effective Time.

Section 3. Preferred Stock. The Board of Directors is authorized, subject to limitations prescribed by law, to provide by resolution or resolutions for the issuance of a share or shares of Preferred Stock in one or more series and, by filing a certificate of designation pursuant to the DGCL setting forth a copy of such resolution or resolutions, to establish from time to time the number of shares to be included in each such series, and to fix the designation, powers, preferences, and rights of the shares of each such series and the qualifications, limitations, and restrictions thereof. The authority of the Board of Directors with respect to the Preferred Stock and any series shall include, but not be limited to, determination of the following:

(a) the number of shares constituting any series and the distinctive designation of that series;
(b) the dividend rate on the shares of any series, whether dividends shall be cumulative and, if so, from which date or dates, and the relative rights of priority, if any, of payment of dividends on shares of that series;
(c) whether any series shall have voting rights, in addition to the voting rights provided by applicable law, and, if so, the number of votes per share and the terms and conditions of such voting rights;
(d) whether any series shall have conversion privileges and, if so, the terms and conditions of conversion, including provision for adjustment of the conversion rate upon such events as the Board of Directors shall determine;
(e) whether the shares of any series shall be redeemable and, if so, the terms and conditions of such redemption, including the date or dates upon or after which they shall be redeemable and the amount per share payable in case of redemption, which amount may vary under different conditions and at different redemption dates;
(f) whether any series shall have a sinking fund for the redemption or purchase of shares of that series, and, if so, the terms and amount of such sinking fund;
(g) the rights of the shares of any series in the event of voluntary or involuntary dissolution or winding up of the Corporation, and the relative rights of priority, if any, of payment of shares of that series; and
(h) any other powers, preferences, rights, qualifications, limitations, and restrictions of any series.

Notwithstanding the provisions of Section 242(b)(2) of the DGCL, the number of authorized shares of Preferred Stock and Common Stock may, without a class or series vote, be increased or decreased (but not below the number of shares thereof then outstanding) from time to time by the affirmative vote of the holders of at least a majority of the voting power of the Corporation's then outstanding capital stock, voting together as a single class.

ARTICLE V

BOARD OF DIRECTORS

Section 1. Powers of the Board. The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors. In addition to the powers and authority expressly conferred upon them by applicable law or by this Amended and Restated Certificate of Incorporation or the Bylaws of the Corporation, the directors are hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation.
Section 2. Classification of the Board. Except as may be provided in a resolution or resolutions of the Board of Directors providing for any series of Preferred Stock with respect to any directors elected (or to be elected) by the holders of such series, effective upon the Effective Time, the directors of the Corporation shall be divided into three classes as nearly equal in size as is practicable, hereby designated Class I, Class II and Class III. The Board of Directors may assign members of the Board of Directors already in office to such classes as of the Effective Time. The term of office of the initial Class I directors shall expire at the first regularly-scheduled annual meeting of the stockholders following the Effective Time; the term of office of the initial Class II directors shall expire at the second annual meeting of the stockholders following the Effective Time; and the term of office of the initial Class III directors shall expire at the third annual meeting of the stockholders following the Effective Time. Except as may be provided in a resolution or resolutions of the Board of Directors providing for any series of Preferred Stock with respect to any directors elected (or to be elected) by the holders of such series, at each annual meeting of stockholders, commencing with the first regularly-scheduled annual meeting of stockholders following the Effective Time, each of the successors elected to replace the directors of a class whose term shall have expired at such annual meeting shall be elected to hold office until the third annual meeting next succeeding his or her election and until his or her respective successor shall have been duly elected and qualified.

Section 3. Number of Directors. Except as may be provided in a resolution or resolutions of the Board of Directors providing for any series of Preferred Stock with respect to any directors elected (or to be elected) by the holders of such series, (a) the total number of directors constituting the entire Board of Directors shall consist of not less than five nor more than fifteen members, with the precise number of directors to be determined from time to time exclusively by a vote of a majority of the entire Board of Directors, and (b) if the number of directors is changed, any increase or decrease shall be apportioned among such classes of directors in such manner as the Board of Directors shall determine so as to maintain the number of directors in each class as nearly equal as possible, but in no case will a decrease in the number of directors shorten the term of any incumbent director.

Section 4. Removal of Directors. Except as may be provided in a resolution or resolutions of the Board of Directors providing for any series of Preferred Stock with respect to any directors elected by the holders of such series and except as otherwise required by applicable law, any or all of the directors of the Corporation may be removed from office only for cause and only by the affirmative vote of the holders of at least a majority of the voting power of the Corporation's then outstanding capital stock entitled to vote generally in the election of directors, voting together as a single class.

Section 5. Vacancies. Except as may be provided in a resolution or resolutions providing for any series of Preferred Stock with respect to any directors elected (or to be elected) by the holders of such series, any vacancies in the Board of Directors for any reason and any newly created directorships resulting by reason of any increase in the number of directors may be filled only by the Board of Directors (and not by the stockholders), acting by majority of the remaining directors then in office, although less than a quorum, or by a sole remaining director, and any directors so appointed shall hold office until the next election of the class of directors to which such directors have been appointed and until their successors are elected and qualified.

Section 6. Bylaws. The Board of Directors shall have the power to adopt, amend, alter, change or repeal any and all Bylaws of the Corporation. In addition, the stockholders of the Corporation may adopt, amend, alter, change or repeal any and all Bylaws of the Corporation by the affirmative vote of the holders of at least eighty percent of the voting power of the Corporation's then outstanding capital stock entitled to vote, voting together as a single class (notwithstanding the fact that a lesser percentage may be specified by applicable law).

Section 7. Elections of Directors. Elections of directors need not be by ballot unless the Bylaws of the Corporation shall so provide.
ARTICLE VI

STOCKHOLDERS

Section 1. Actions by Consent. Except as may be provided in a resolution or resolutions of the Board of Directors providing for any series of Preferred Stock, any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of such stockholders and may not be effected by any written consent in lieu of a meeting by such stockholders.

Section 2. Special Meetings of Stockholders. Except as may be provided in a resolution or resolutions of the Board of Directors providing for any series of Preferred Stock, special meetings of stockholders of the Corporation may be called only by the Chairman of the Board of Directors or by the Secretary upon direction of the Board of Directors pursuant to a resolution adopted by a majority of the entire Board of Directors.

ARTICLE VII

DIRECTOR LIABILITY

A director of the Corporation shall not be liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL as it presently exists or may hereafter be amended. Any amendment, modification or repeal of the foregoing sentence shall not adversely affect any right arising prior to the time of such amendment, modification or repeal.

ARTICLE VIII

INDEMNIFICATION

Section 1. Right of Indemnification. The Corporation shall indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any person (a "Covered Person") who was or is made or is threatened to be made a party or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (a "Proceeding"), by reason of the fact that he or she, or a person for whom he or she is the legal representative, is or was a director or officer of the Corporation or, while a director or officer of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust, enterprise or nonprofit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorneys' fees) reasonably incurred by such Covered Person. Notwithstanding the preceding sentence, except as otherwise provided in Section 3 of this Article VIII, the Corporation shall be required to indemnify a Covered Person in connection with a Proceeding (or part thereof) commenced by such Covered Person only if the commencement of such Proceeding (or part thereof) by the Covered Person was authorized in the specific case by the Board of Directors.
Section 2. Prepayment of Expenses. The Corporation shall to the fullest extent not prohibited by applicable law pay the expenses (including attorneys’ fees) incurred by a Covered Person in defending any Proceeding in advance of its final disposition, provided, however, that, to the extent required by law, such payment of expenses in advance of the final disposition of the Proceeding shall be made only upon receipt of an undertaking by the Covered Person to repay all amounts advanced if it should be ultimately determined that the Covered Person is not entitled to be indemnified under this Article VIII or otherwise.

Section 3. Claims. If a claim for indemnification (following the final disposition of the Proceeding with respect to which indemnification is sought, including any settlement of such Proceeding) or advancement of expenses under this Article VIII is not paid in full within thirty days after a written claim therefor by the Covered Person has been received by the Corporation, the Covered Person may file suit to recover the unpaid amount of such claim and, if successful in whole or in part, shall be entitled to be paid the expense of prosecuting such claim to the fullest extent permitted by applicable law. In any such action the Corporation shall have the burden of proving that the Covered Person is not entitled to the requested indemnification or advancement of expenses under this Article VIII and applicable law.

Section 4. Non-exclusivity of Rights. The rights conferred on any Covered Person by this Article VIII shall not be exclusive of any other rights which such Covered Person may have or hereafter acquire under any statute, any other provision of this Amended and Restated Certificate of Incorporation, the Bylaws of the Corporation, or any agreement, vote of stockholders or disinterested directors or otherwise.

Section 5. Amendment or Repeal. Any right to indemnification or to advancement of expenses of any Covered Person arising hereunder shall not be eliminated or impaired by an amendment to or repeal of this Article VIII after the occurrence of the act or omission that is the subject of the civil, criminal, administrative or investigative action, suit or proceeding for which indemnification or advancement of expenses is sought.

Section 6. Other Indemnification and Advancement of Expenses. This Article VIII shall not limit the right of the Corporation, to the extent and in the manner permitted by law, to indemnify and to advance expenses to persons other than Covered Persons when and as authorized by appropriate corporate action.

ARTICLE IX

SECTION 203

The Corporation elects not to be governed by Section 203 of the DGCL.
ARTICLE X

AMENDMENT

The Corporation hereby reserves the right to amend, alter, change or repeal any provision contained in this Amended and Restated Certificate of Incorporation in any manner permitted by the DGCL and all rights and powers conferred upon stockholders and/or directors herein are granted subject to this reservation. Except as may be provided in a resolution or resolutions of the Board of Directors providing for any series of Preferred Stock, any such amendment, alteration, change or repeal shall require the affirmative vote of both (a) sixty-six and 2/3rds percent of the entire Board of Directors and (b) eighty percent of the voting power of the Corporation’s then outstanding capital stock entitled to vote, voting together as a single class (notwithstanding the fact that a lesser percentage may be specified by applicable law). Any vote of stockholders required by this Article X shall be in addition to any other vote that may be required by applicable law, the Bylaws of the Corporation or any agreement with a national securities exchange or otherwise.

HYATT HOTELS CORPORATION

By: /s/ Margaret C. Egan
Name: Margaret C. Egan
Title: Executive Vice President, General Counsel and Secretary
Hyatt Hotels Corporation has one class of securities registered pursuant to Section 12 of the Securities Act of 1934, as amended (the “Exchange Act”), its Class A common stock, $0.01 par value per share. References herein to “we,” “us,” “our,” “Hyatt,” or the “Company” refer to Hyatt Hotels Corporation and its consolidated subsidiaries. The following is a summary of the material rights of our capital stock and related provisions of the Company’s amended and restated certificate of incorporation and amended and restated bylaws. The following description of the Company’s capital stock does not purport to be complete and is subject to, and qualified in its entirety by, our amended and restated certificate of incorporation, amended and restated bylaws and registration rights agreements, each of which are filed as exhibits to our Annual Report on Form 10-K, of which this Exhibit is a part. We encourage you to read our amended and restated certificate of incorporation, amended and restated bylaws, registration rights agreements and the applicable provisions of the Delaware General Corporation Law for more information.

DESCRIPTION OF CAPITAL STOCK

General

The Company’s amended and restated certificate of incorporation provides for two classes of common stock: Class A common stock, which has one vote per share, and Class B common stock, which has ten votes per share. Any holder of Class B common stock may convert his or her shares at any time into shares of Class A common stock on a share-for-share basis and, under certain circumstances, including upon any transfer (except for certain permitted transfers described in our amended and restated certificate of incorporation), the shares of Class B common stock will be automatically converted into shares of Class A common stock on a share-for-share basis. Otherwise, the rights of the two classes of our common stock are identical. The rights of these classes of our common stock are discussed in greater detail below.

As of February 20, 2020, our authorized capital stock consists of 1,407,457,686 shares, each with a par value of $0.01 per share, of which:

- 1,000,000,000 shares are designated as Class A common stock;
- 397,457,686 shares are designated as Class B common stock; and
- 10,000,000 shares are designated as preferred stock.

Common Stock

Voting Rights

The holders of our Class A common stock are entitled to one vote per share and the holders of our Class B common stock are entitled to ten votes per share on any matter to be voted upon by stockholders. Holders of Class A common stock and Class B common stock vote together as a single class on all matters (including the election of directors) submitted to a vote of stockholders, unless otherwise required by law.

The holders of common stock are not entitled to cumulative voting rights with respect to the election of directors, which means that the holders of a majority of the shares voted can elect all of the directors then standing for election.

Dividends

The holders of our Class A common stock and Class B common stock are entitled to share equally in any dividends that our board of directors may declare from time to time from legally available funds, subject to limitations under Delaware law and the preferential rights of holders of any outstanding shares of preferred stock. In addition, we must be in compliance with the covenants in our revolving credit facility in order to pay dividends. If a dividend is paid in the form of shares of common stock or rights to acquire shares of common stock, the holders of our Class B common stock are entitled to receive Class B common stock, as the case may be: See Part II, Item 5, “Market for Registrant’s Common Equity, Related Stockholder Matters and Issuer Purchasers of Equity Securities - Dividends” of our most recent Annual Report on Form 10-K.

Liquidation

Upon any voluntary or involuntary liquidation, dissolution, distribution of assets or winding up of our corporation, the holders of our Class A common stock and Class B common stock are entitled to share equally, on a per share basis, in all our
assets available for distribution, after payment to creditors and subject to any prior distribution rights granted to holders of any outstanding shares of preferred stock.

Conversion

Our Class A common stock is not convertible into any other shares of our capital stock:

- between Pritzker family business interests or to the Pritzker Foundation and related Pritzker charitable foundations;
- to lineal descendants of the transferor who are Pritzker family business interests, which we refer to as “related persons”;
- to trusts for the current benefit of the transferor and related persons;
- to corporations, partnerships, limited liability companies or other entities that are owned and controlled by the transferor and related persons;
- to guardians of stockholders who are adjudged to be unable to manage their own affairs and executors of estates of deceased stockholders;
- for trusts, corporations, partnerships, limited liability companies or other entities, to their current beneficiaries, shareholders, partners, members or other equity holders who are Pritzker family business interests;
- transfers to other holders of shares of Class B common stock and their permitted transferees;
- granting a revocable proxy to any officer or director at the request of our board of directors;
- pledging shares of Class B common stock pursuant to a bona fide loan or indebtedness transaction to which the holder of Class B common stock continues to exercise voting control, provided that the foreclosure on those shares by the lender does not qualify as a permitted transfer and, unless the lender otherwise qualifies as a permitted transferee, will result in the automatic conversion of those shares into shares of Class A common stock;
- transfers by parties to the 2007 Stockholders’ Agreement, dated as of August 2007, as amended, by and among Hyatt and the parties thereto, or the 2007 Stockholders’ Agreement, to their respective affiliates, subject to, and in accordance with, the 2007 Stockholders’ Agreement; and
- transfers approved in advance by our board of directors or a majority of the independent directors on our board of directors after making a determination that the transfer is consistent with the purposes of the other types of transfers that are permitted.

Any transfer by a holder that is a party to, by a holder controlled by a person that is party to, or by a holder controlled by trusts whose beneficiaries are party to the 2007 Stockholders’ Agreement, the Amended and Restated Global Hyatt Agreement or the Amended and Restated Foreign Global Hyatt Agreement will not qualify as a “permitted transfer” unless the transferee executes a joinder to those agreements. If a successor trustee or trustees for a holder of shares of Class B common stock that is a trust and party to such agreements does not execute a joinder to such agreements, each share of Class B common stock will convert automatically into one share of Class A common stock.

All shares of Class B common stock will convert automatically into shares of Class A common stock if, on any record date for determining the stockholders entitled to vote at an annual or special meeting of stockholders, the aggregate number of shares of our Class A common stock and Class B common stock owned, directly or indirectly, by the holders of our Class B common stock is less than 15% of the aggregate number of shares of our Class A common stock and Class B common stock then outstanding.

Once converted into Class A common stock, the Class B common stock cannot be reissued. No class of common stock may be subdivided or combined unless the other class of common stock concurrently is subdivided or combined in the same proportion and in the same manner.

Other than in connection with dividends and distributions, subdivisions or combinations, or mergers, consolidations, reorganizations or other business combinations involving stock consideration as provided for in our amended and restated certificate of incorporation, we are not authorized to issue additional shares of Class B common stock.

Mergers or Business Combinations
In any merger, consolidation, reorganization or other business combination, our amended and restated certificate of incorporation requires that the consideration to be received per share by the holders of Class A common stock and the holders of Class B common stock will be identical. If the consideration paid in the merger, consolidation, reorganization or other business combination is paid in the form of shares or other equity interests of us or another person, then the rights of the shares or other equity interests may differ to the extent that the rights of Class A common stock and the Class B common stock differ. These differences would be limited to the voting rights and conversion features of the Class A common stock and the Class B common stock.

**Preemptive or Similar Rights**

Pursuant to the 2007 Stockholders’ Agreement, if we propose to sell any new shares of common stock, or any other equity securities (subject to certain excluded securities issuances described in the agreement, including shares issued pursuant to equity compensation plans adopted by the board of directors and the issuance of shares of our common stock in a public offering), then each stockholder party to the agreement is entitled to receive notice of the terms of the proposed sale and may elect to purchase up to such stockholder’s pro rata share in the proposed sale on comparable terms. If not all stockholders party to the 2007 Stockholders’ Agreement elect to purchase their full preemptive allocation of new securities, then we will notify the fully-participating stockholders of such and offer them the right to purchase the unsubscribed new securities. Other than as described above, our common stock is not entitled to preemptive rights, conversion or other rights to subscribe for additional securities and there are no redemption or sinking fund provisions applicable to our common stock.

**Fully Paid and Non-assessable**

All of the outstanding shares of our Class A common stock and Class B common stock are fully paid and non-assessable.

**Preferred Stock**

Our board of directors is authorized, without any further action by our stockholders, but subject to the limitations imposed by Delaware law, to issue up to 10,000,000 shares of preferred stock in one or more series. Our board of directors may fix the designations, powers, preferences and rights of the preferred stock, along with any qualifications, limitations or restrictions, including voting rights, dividend rights, conversion rights, redemption privileges and liquidation preferences of each series of preferred stock. The preferred stock could have voting or conversion rights that could adversely affect the voting power or other rights of holders of our common stock. The issuance of preferred stock, or rights to acquire preferred stock, could also have the effect, under certain circumstances, of delaying, deferring or preventing a change of control of our company.

**Registration Rights**

We have granted registration rights with respect to shares of Class A common stock, including shares of Class A common stock issuable upon conversion of shares of Class B common stock as described below to holders, as of January 31, 2020, of (a) 2,270,395 shares of our common stock pursuant to the terms of a Registration Rights Agreement, dated as of August 28, 2007, as amended, among us and the stockholders party to the 2007 Stockholders’ Agreement, or the 2007 Registration Rights Agreement, and (b) 63,461,878 shares of our common stock pursuant to the terms of the Registration Rights Agreement, dated as of October 12, 2009, or the 2009 Registration Rights Agreement. Only shares of Class A common stock may be registered pursuant to the terms of the 2007 Registration Rights Agreement and the 2009 Registration Rights Agreement. The following description of the terms of these registration rights agreements is intended as a summary only and is qualified in its entirety by reference to the 2007 Registration Rights Agreement and the 2009 Registration Rights Agreement, copies of which have been filed with the SEC.

**Demand Registration Rights**

As of January 31, 2020, the holders of approximately 65,732,273 shares of our common stock are entitled to certain demand registration rights.

**Long-Form Demand Registration Rights**

Each stockholder party to the 2007 Registration Rights Agreement may, on not more than two occasions, request that we register all or a portion of such stockholder’s shares of Class A common stock issuable upon conversion of shares of Class B common stock under the Securities Act on Form S-1 if the anticipated aggregate offering price of such shares of Class A common stock exceeds $750,000,000, the stockholder making the request is (or will be at the anticipated time of effectiveness of the applicable registration statement) permitted to sell shares of its common stock under the lock-up provisions contained in the 2007 Stockholders’ Agreement and we are not otherwise eligible at the time of the request to file a registration statement on Form S-3 for the resale of such stockholder’s shares. For additional information with respect to these lock-up provisions, see the information under the caption “Stockholder Agreements - 2007 Stockholders’ Agreement” in Part I, Item 1, “Business” and
“Risks Related to Share Ownership and Other Stockholder Matters - A significant number of shares of Class A common stock issuable upon conversion of Class B common stock could be sold into the market, which could depress our stock price even if our business is doing well” in Part I, Item 1A, “Risk Factors” of our most recent Annual Report on Form 10-K.

The stockholders party to the 2009 Registration Rights Agreement may, on not more than one occasion, request that we register all or a portion of the shares of Class A common stock issuable upon conversion of such stockholders’ shares of Class B common stock under the Securities Act on Form S-1 if the anticipated aggregate offering price of such shares of Class A common stock exceeds $750,000,000 (net of underwriting discounts and commissions), the stockholders making the request are, at the anticipated time of effectiveness of the applicable registration statement, permitted to sell shares of their common stock under the applicable lock-up provisions contained in the Amended and Restated Global Hyatt Agreement and Amended and Restated Foreign Global Hyatt Agreement, we are not otherwise prohibited from filing such registration statement under the 2007 Registration Rights Agreement, and we are not otherwise eligible at the time of the request to file a registration statement on Form S-3 for the re-sale of such stockholder’s shares. For additional information with respect to these lock-up provisions, see the information under the captions “Stockholder Agreements” in Part I, Item 1 “Business” and “Risks Related to Share Ownership and Other Stockholder Matters - A significant number of shares of Class A common stock issuable upon conversion of Class B common stock could be sold into the market, which could depress our stock price even if our business is doing well” in Part I, Item 1A, “Risk Factors” of our most recent Annual Report on Form 10-K.

Short-Form Demand Registration Rights

As of January 31, 2020, the holders of approximately 65,712,273 shares of our common stock are entitled to certain Form S-3 demand registration rights.

Each stockholder party to the 2007 Registration Rights Agreement may, on not more than two occasions during each calendar year, request registration of their shares of Class A common stock issuable upon conversion of shares of Class B common stock under the Securities Act on Form S-3 if the anticipated aggregate offering amount of such shares of Class A common stock exceeds $100,000,000 and the stockholder making the request is (or will be at the anticipated time of effectiveness of the applicable registration statement) permitted to sell shares of its common stock under the lock-up provisions contained in the 2007 Stockholders’ Agreement.

Stockholders party to the 2009 Registration Rights Agreement holding at least 20% of the then-issued and outstanding common stock may, on not more than one occasion during each calendar year, request registration of their shares of Class A common stock issuable upon conversion of shares of Class B common stock under the Securities Act on Form S-3 if the anticipated aggregate offering amount of such shares of Class A common stock exceeds $100,000,000 (net of underwriting discounts and commissions) and the stockholders making the request are, at the anticipated time of effectiveness of the applicable registration statement, permitted to sell shares of their common stock under the applicable lock-up provisions contained in the Amended and Restated Global Hyatt Agreement and Amended and Restated Foreign Global Hyatt Agreement, and we are not otherwise prohibited from filing such registration statement under the 2007 Registration Rights Agreement.

Under each of the 2007 Registration Rights Agreement and the 2009 Registration Rights Agreement, we will not be required to effect a demand registration or a Form S-3 demand registration within 180 days after the effective date of a registration statement related to a previous demand registration or Form S-3 demand registration. In addition, once every 12 months, we may postpone for up to 120 days the filing or the effectiveness of a registration statement for a demand registration or a Form S-3 demand registration if our board of directors determines in good faith that such a filing (1) would be materially detrimental to us, (2) would require a disclosure of a material fact that might reasonably be expected to have a material adverse effect on us or any plan or proposal by us to engage in any acquisition or disposition of assets or equity securities or any merger, consolidation, tender offer, material financing or other significant transactions, or (3) is inadvisable because we are planning to prepare and file a registration statement for a primary offering of our securities.

Shelf Registration Rights

As of January 31, 2020, holders of approximately 63,461,878 shares of our common stock are entitled under the 2009 Registration Rights Agreement to certain “shelf” registration rights with respect to shares of Class A common stock issuable upon conversion of such shares of Class B common stock.

Stockholders party to the 2009 Registration Rights Agreement may, in addition to the demand registration rights described above, request that we register all or a portion of shares of Class A common stock issuable upon conversion of such stockholders’ shares of Class B common stock on a shelf registration statement on Form S-3 pursuant to Rule 415 of the Securities Act, provided that the stockholders making the request are, at the anticipated time of effectiveness of the applicable registration statement, permitted to sell such shares of their common stock under the applicable lock-up provisions contained in the Amended and Restated Global Hyatt Agreement and Amended and Restated Foreign Global Hyatt Agreement. We have agreed to use our reasonable best efforts to keep any such shelf registration statement effective and updated for a period of three years (or, if earlier, such time as all the shares covered thereby have been sold). We have also agreed that, at the end of such
three year period, we will refile a new shelf registration upon the request of stockholders party to the 2009 Registration Rights Agreement holding at least 1% of our outstanding common stock at such time.

**Piggyback Registration Rights**

As of January 31, 2020, holders of 65,732,273 shares of our common stock are entitled to certain “piggyback” registration rights with respect to shares of Class A common stock issuable upon conversion of such shares of Class B common stock.

In the event that we propose to register shares of Class A common stock under the Securities Act, either for our own account or for the account of other security holders, we will notify each stockholder party to the 2007 Registration Rights Agreement and the 2009 Registration Rights Agreement that is, or will be at the anticipated time of effectiveness of the applicable registration statement, permitted to sell shares of our common stock under the applicable lock-up provisions contained in the 2007 Stockholders’ Agreement, the Amended and Restated Global Hyatt Agreement and the Amended and Restated Foreign Global Hyatt Agreement of our intention to effect such a registration and will use our reasonable best efforts to include in such registration all shares requested to be included in the registration by such stockholder, subject to certain marketing and other limitations.

**Expenses of Registration, Restrictions and Indemnification**

We will pay all registration expenses, including the legal fees of one counsel for all holders under the 2007 Registration Rights Agreement and one counsel for all holders under the 2009 Registration Rights Agreement, other than underwriting discounts, commissions and transfer taxes, in connection with the registration of any shares of Class A common stock pursuant to any demand registration, Form S-3 demand or piggyback registration described above. Under the 2007 Registration Rights Agreement and the 2009 Registration Rights Agreement, if a request for a demand registration or Form S-3 demand registration is withdrawn at the request of the majority of the holders of registrable securities requested to be registered, the holders of registrable securities who have withdrawn such request shall forfeit such demand registration or Form S-3 demand registration unless those holders pay or reimburse us for all of the related registration expenses. In accordance with the 2009 Registration Rights Agreement, we have agreed to pay all registration expenses, including the legal fees of one counsel for the selling stockholders, other than any applicable underwriting discounts, commissions and transfer taxes, in connection with registering the shares of Class A common stock held by the selling stockholders.

The demand, Form S-3 demand and piggyback registration rights are subject to customary restrictions such as blackout periods and any limitations on the number of shares to be included in the underwritten offering imposed by the managing underwriter. The 2007 Registration Rights Agreement and the 2009 Registration Rights Agreement also contain customary indemnification and contribution provisions.

**Board Rights**

Pursuant to our employment letter with Mr. Thomas J. Pritzker, we have agreed that so long as he is a member of our board of directors, we will use our commercially reasonable efforts to appoint him as our executive chairman as long as he is willing and able to serve in that office. If he is not appointed as executive chairman, he will be entitled to terminate his employment with the rights and entitlements available to him under our severance policies as if his employment was terminated by us without cause.

Pursuant to our employment letter with Mr. Mark S. Hoplamazian, we have agreed that so long as he is the president and chief executive officer of Hyatt, we will use our commercially reasonable efforts to nominate him for re-election as a director prior to the end of his term. If he is not re-elected to the board of directors, he will be entitled to terminate his employment with the rights and entitlements available to him under our severance policies as if his employment was terminated by us without cause.

**Anti-Takeover Effects of Delaware Law and Provisions of Our Certificate of Incorporation and Bylaws**

Certain provisions of Delaware law and our amended and restated certificate of incorporation and our amended and restated bylaws could have the effect of delaying, deferring or discouraging another party from acquiring control of us. In particular, our dual class common stock structure concentrates ownership of our voting stock in the hands of the Pritzker family business interests. These provisions, which are summarized below, are expected to discourage certain types of coercive takeover practices and inadequate takeover bids. These provisions are also designed in part to allow management to continue making decisions in the long-term best interest of Hyatt and all of our stockholders and encourage anyone seeking to acquire control of us to first negotiate with our board of directors. We believe that the advantages gained by protecting our ability to negotiate with any unsolicited and potentially unfriendly acquirer outweigh the disadvantages of discouraging such proposals, including those priced above the then-current market value of our common stock, because, among other reasons, the negotiation of such proposals could improve their terms.
**Dual Class Structure**

As discussed above, our Class B common stock is entitled to ten votes per share, while our Class A common stock is entitled to one vote per share. Our Class A common stock is the only class of stock that is publicly traded. At January 31, 2020, Pritzker family business interests beneficially owned, in the aggregate, approximately 96.5% of our Class B common stock and approximately 0.8% of our Class A common stock, representing approximately 62.6% of the outstanding shares of our common stock and approximately 91.6% of the total voting power of our outstanding common stock. Pursuant to the voting agreements contained in the Amended and Restated Global Hyatt Agreement and Amended and Restated Foreign Global Hyatt Agreement, during the term of the voting agreement, which expires on the date upon which more than 75% of the company’s fully diluted shares of common stock is owned by non-Pritzker family business interests, Pritzker family business interests have agreed to vote their shares of our common stock consistent with the recommendation of our board of directors with respect to all matters (assuming agreement as to any such matter by a majority of three independent directors (excluding for such purposes any Pritzker) or, in the case of transactions involving us and an affiliate, assuming agreement of all of such minimum of three independent directors (excluding for such purposes any Pritzker)). In addition, other existing stockholders beneficially own as of January 31, 2020, in the aggregate, approximately 3.5% of our outstanding Class B common stock representing approximately 2.2% of the outstanding shares of our common stock and approximately 3.3% of the total voting power of our outstanding common stock. Pursuant to the voting agreement contained in the 2007 Stockholders’ Agreement, these stockholders have agreed to vote their shares of our common stock consistent with the recommendation of our board of directors, without any separate requirement that our independent directors agree with the recommendation. These voting agreements expire on the date that Thomas J. Pritzker is no longer chairman of our board of directors. For additional information with respect to these voting agreements, see the information under the caption “Stockholder Agreements” in Part I, Item 1, “Business” of our most recent Annual Report on Form 10-K. While these voting agreements are in effect, they may provide our board of directors with effective control over matters requiring stockholder approval, including the election of directors, a merger, consolidation or sale of all or substantially all of our assets and any other significant transaction. This is because the number of our shares that are required by the voting agreements to be voted consistent with the recommendation of our board of directors will be sufficient to determine the outcome of the election of directors and other matters submitted to stockholders for approval. Because of our dual class ownership structure and the voting agreements currently in effect, our board of directors may have effective control over matters requiring stockholder approval even if Pritzker family business interests and other holders of our Class B common stock own less than 50% of the outstanding shares of our common stock. If the majority of a minimum of three independent directors (excluding for such purposes any Pritzker) do not agree with the recommendation of our board of directors on a particular matter and, as a result, the voting agreements contained in the Amended and Restated Global Hyatt Agreement and Amended and Restated Foreign Global Hyatt Agreement do not apply, Pritzker family business interests will be able to exert a significant degree of influence or actual control over matters requiring stockholder approval. This concentrated control will limit your ability to influence corporate matters. As a result, we may take actions that you do not believe to be in your interests or your interests that could depress our stock price.

**Certificate of Incorporation and Bylaws**

In addition to our dual class structure, our amended and restated certificate of incorporation and our amended and restated bylaws include the following provisions, among others:

- our board of directors is divided into three classes, with each class serving for a staggered three-year term;
- our directors may be removed only for cause;
- holders of our Class A common stock vote together with the holders of our Class B common stock on all matters, including the election of directors, and our amended and restated certificate of incorporation prohibits cumulative voting in the election of directors;
- vacancies on our board of directors, and any newly created director positions created by the expansion of the board of directors, may be filled only by a majority of remaining directors then in office;
- actions to be taken by our stockholders may only be effected at an annual or special meeting of our stockholders and not by written consent;
- special meetings of our stockholders can be called only by the chairman of the board or by our corporate secretary at the direction of our board of directors;
- our bylaws establish an advance notice procedure for stockholders to submit proposed nominations of persons for election to our board of directors and other proposals for business to be brought before an annual meeting of our stockholders;
• our board of directors may issue up to 10,000,000 shares of preferred stock, with designations, rights and preferences as may be determined from time to time by our board of directors; and

• an affirmative vote of the holders of at least 80% of the voting power of our outstanding capital stock entitled to vote is required to amend all provisions of our amended and restated certificate of incorporation and bylaws.

Delaware Anti-Takeover Statute

We have elected not to be governed by Section 203 of the Delaware General Corporation Law, which otherwise would prohibit a Delaware corporation, subject to certain exceptions, from engaging in any business combination with any interested stockholder for a period of three years after the date that such stockholder became an interested stockholder.

Lock-Up Agreements

Holders of 63,461,878 shares, or approximately 62.6%, of our outstanding common stock have agreed to certain lock-up restrictions with respect to all or a portion of their common stock. Such lock-up provisions may delay, defer or prevent a merger or other takeover or a change of control of our company. For additional information with respect to these lock-up provisions, see the information under the caption “Stockholder Agreements” in Part I, Item 1, “Business” of our most recent Annual Report on Form 10-K.

The 2007 Stockholders’ Agreement further restricts the ability of stockholders party to the agreement to transfer their shares of common stock such that they may not transfer any shares of common stock to any known aggregators. For additional information with respect to these lock-up provisions, see the information under the caption “Stockholder Agreements - 2007 Stockholders’ Agreement” in Part I, Item 1, “Business” of our most recent Annual Report on Form 10-K.

Voting Agreements

Voting agreements entered into with and among our major stockholders, including Pritzker family business interests, will result in a substantial number of our shares being voted consistent with the recommendations of our board of directors, which may limit your ability to influence the election of directors and other matters submitted to stockholders for approval. For additional information, see the information under the caption “Stockholder Agreements” in Part I, Item 1, “Business” and “Risks Related to Share Ownership and Other Stockholder Matters - A significant number of shares of Class A common stock issuable upon conversion of Class B common stock could be sold into the market, which could depress our stock price even if our business is doing well” in Part I, Item 1A, “Risk Factors” of our most recent Annual Report on Form 10-K.

Standstill Agreements

Each stockholder party to the 2007 Stockholders’ Agreement has agreed, subject to certain limited exceptions, not to participate in any acquisition of any of our or our subsidiaries’ securities, any tender or exchange offer, merger or other business combination involving us or any of our subsidiaries, any recapitalization, restructuring, liquidation, dissolution or any other extraordinary transaction with respect to us or any of our subsidiaries or affiliates, or any “solicitation” of “proxies” with respect to voting of our common stock. These standstill provisions may prevent a merger or other takeover or a change of control of us.

Listing

Our Class A common stock is listed on the New York Stock Exchange under the symbol “H.”

“Adjusted ROGA Performance” means the straight average of Adjusted ROGA for each year of the Performance Period.

“Adjusted ROGA” means, for each year of the Performance Period, Adjusted EBITDA divided by Average Gross Assets.

“Adjusted EBITDA” means, for each year in the Performance Period, net income attributable to Hyatt Hotels Corporation plus our pro rata share of unconsolidated hospitality ventures Adjusted EBITDA based on our ownership percentage of each venture, adjusted to exclude the following items:

- Interest expense
- Provision for income taxes
- Depreciation and amortization
- Equity earnings (losses) from unconsolidated hospitality ventures
- Gains (losses) on sales of real estate
- Asset impairments
- Other income (loss), net
- Amortization of management and franchise agreement intangibles constituting payments to customers
- Other revenues and expenses from managed and franchised properties, including revenues and expenses related to reservations, marketing, and technology costs.

Adjusted EBITDA is calculated by adding the Adjusted EBITDA of each of Hyatt’s reportable segments to corporate and other Adjusted EBITDA. For the purposes of this Agreement, net income (loss) attributable to Hyatt Hotels Corporation will be calculated in accordance with accounting principles generally accepted in the United States (US GAAP) as in effect on the Date of Grant.

“Average Gross Assets” means the average of the year-end prior year and year-end current year:

- Total assets; plus
- Accumulated Depreciation of Property & Equipment.

“Managed & Franchised Adjusted EBITDA” means, with respect to each fiscal year in the Performance Period, the sum of Adjusted EBITDA for the three management and franchising segments (Americas + ASPAC + EAME/SWAsia).

“Performance Goals” means (1) Adjusted ROGA Performance, (2) Managed and Franchised EBITDA Performance, and (3) Relative TSR Rank.

“Relative TSR Rank” means the rank order (including Hyatt) of the 20-trading day average stock price prior to the beginning of the Performance Period, compared with last 20-trading day average, with dividends re-invested of each Peer Group Company over the Performance Period.
The number of PSUs earned, if any, for the Performance Period shall be determined as follows:

\[
\text{Earned PSUs} = \\
(((\text{Adjusted ROGA Payout Percentage} \times 60\% \text{ of Target Number of PSUs}) \\
+ \\
(3\text{-Year Average Managed & Franchised Adjusted EBITDA Payout Percentage} \times 40\% \text{ of Target Number of PSUs})) \\
\times \\
\text{Relative TSR Modifier}
\]

The “Adjusted ROGA Payout Percentage” is based on Adjusted ROGA Performance over the Performance Period, determined by the Committee following the end of the Performance Period, in accordance with the following table:

<table>
<thead>
<tr>
<th>Adjusted ROGA Performance</th>
<th>Below Threshold</th>
<th>Threshold</th>
<th>Target</th>
<th>Maximum</th>
</tr>
</thead>
<tbody>
<tr>
<td>Adjusted ROGA Payout Percentage</td>
<td>0%</td>
<td>37.5%</td>
<td>100%</td>
<td>166.7%</td>
</tr>
</tbody>
</table>

Achievement between threshold and target and between target and maximum will be interpolated linearly.

The “Managed & Franchised Adjusted EBITDA Payout Percentage” is based on achievement, expressed as a percentage, of Managed & Franchised Adjusted EBITDA over each fiscal year of the Performance Period against the Managed & Franchised Adjusted EBITDA target applicable to such fiscal year (expressed in United States dollars and established by the Committee in its sole discretion within 90 days following the beginning of each fiscal year), averaged at the end of the Performance Period, as determined by the Committee in its sole discretion following the end of the Performance Period, in accordance with the following table:

<table>
<thead>
<tr>
<th>Managed &amp; Franchised Adjusted EBITDA Performance</th>
<th>Below Threshold</th>
<th>Threshold</th>
<th>Target</th>
<th>Maximum</th>
</tr>
</thead>
<tbody>
<tr>
<td>Managed &amp; Franchised Adjusted EBITDA Payout Percentage</td>
<td>0%</td>
<td>37.5%</td>
<td>100%</td>
<td>166.7%</td>
</tr>
</tbody>
</table>

Achievement between threshold and target and between target and maximum will be interpolated linearly.

The “Relative TSR Modifier” means the Company’s Relative TSR Rank compared to the Peer Group Companies, as determined by the Committee in its sole discretion:

<table>
<thead>
<tr>
<th>Relative TSR Rank</th>
<th>Relative TSR Modifier</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st</td>

</tr>
</tbody>
</table>
Notwithstanding anything in the foregoing to the contrary, if, during the Performance Period, any Peer Group Company undergoes a material change in corporate capitalization or a corporate transaction, or is otherwise no longer publicly traded on an applicable exchange, as determined by the Committee, then the Committee shall make such adjustments to the Peer Group Companies and/or the Relative TSR Modifier as the Committee deems, in its sole discretion, to be appropriate.

The Committee shall determine the number (if any) of PSUs that has been earned hereunder following the end of the Performance Period (such date of determination, the “Determination Date”). Subject to Participant’s continued Service through the last day of the Performance Period (except as otherwise provided herein), as of the Determination Date, Participant shall earn a number of PSUs based on the Committee’s determination of performance with respect to the Performance Goals. In no event shall Participant earn a number of PSUs in excess of the Maximum PSUs indicated above. All PSUs that are not earned as of the Determination Date shall be forfeited.

The attainment of Performance Goals under this agreement shall be determined by the Committee in accordance with GAAP (Generally Accepted Accounting Principles), as applicable, as in effect on the Grant Date and without regard to any changes in GAAP accounting that may occur subsequent thereto, unless otherwise determined by the Committee.

Adjustments: Notwithstanding anything herein to the contrary, the Committee shall have the sole authority and discretion to adjust the achievement of the Performance Goals (including any individual component of any of the Performance Goals) by the Company to reflect any items that it deems appropriate, including (but not limited to), items relating to any unusual or nonrecurring events or changes in applicable laws, accounting principles or business conditions.

Settlement and Payment of PSUs:

Except as otherwise provided upon a Change in Control, or the Participant’s death or Disability, any earned PSUs shall be settled and shares of Common Stock delivered to the Participant within thirty (30) days following the Determination Date (but in no event later than [INSERT DATE]) (the “Payment Date”).

Except as otherwise provided below in the event of a Change in Control, settlement will be accomplished through the issuance of shares of Common Stock to the Participant equal to the number of PSUs earned and to be settled and paid. The issuance of shares of Common Stock will be subject to tax withholding, as provided below.
Termination of Service: Subject to the exceptions below, the earned PSUs will be payable only if the Participant remains in continuous Service (as defined below) with the Company from the Grant Date through the last day of the Performance Period. “Service” for purposes of this Award shall mean employment as an Employee, or service to the Company as a Director or Consultant. Except as provided below, all unearned PSUs will be forfeited and cancelled for no consideration upon Termination of Service. Notwithstanding the foregoing, PSUs will not be forfeited or cancelled in the following circumstances:

• In the event of the Participant’s death or Disability (as defined below) prior to the end of the Performance Period, the date of the most recent fiscal quarter end prior to the Participant’s death or Disability shall be the last day of the Performance Period, and the Participant shall be eligible to earn PSUs on a pro rata basis in an amount equal to the number of full months elapsed in the Performance Period through the Participant’s death or Disability and the denumerator of which is 36; provided, that if such death or Disability occurs within the first calendar year of the Performance Period, the number of earned PSUs shall be determined without regard to the Relative TSR Modifier. Any earned PSUs (and the Dividend Equivalents thereon) shall be settled within thirty (30) days following such death or Disability (which shall be deemed to be the Payment Date). For this purpose “Disability” shall mean either (i) the Participant is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or can be expected to last for a continuous period of not less than 12 months, (ii) the Participant is, by reason of any medically determinable physical or mental impairment that can be expected to result in death or can be expected to last for a continuous period of not less than 12 months, receiving income replacement benefits for a period of not less than three months under the Company’s long-term disability plan, or (iii) the Participant is determined to be totally disabled by the Social Security Administration.

• Notwithstanding the Amended and Restated Retirement Policy Regarding Equity Vesting adopted by Hyatt Hotels Corporation (the “Retirement Policy”), in the event of Participant’s Retirement (as defined in the Retirement Policy) prior to the end of the Performance Period, the Participant shall be eligible to earn PSUs on a pro rata basis in an amount equal to the number PSUs that would have been earned as of the Determination Date based on actual performance, multiplied by a fraction the numerator of which is the number of full months elapsed in the Performance Period through the Participant’s date of Retirement and the denominator of which is 36. Notwithstanding the foregoing, if the Participant gives one year notice prior to such Retirement, the Participant shall be eligible to earn the full amount of PSUs that would have been earned as of the Determination Date based on actual performance (without proration). As described below, PSUs are subject to cancellation and forfeiture for no consideration in the event the Participant engages in certain “detrimental conduct” (as defined below).
Change in Control:

In the event of a Change in Control during the Performance Period, subject to Participant’s continued Service through the date of such Change in Control (or earlier termination due to Retirement), the date of the most recent fiscal quarter end shall be the last day of the Performance Period, and the number of PSUs earned hereunder will be determined as of immediately prior to the Change in Control based on actual performance of the Company against the Performance Goals through the most recent fiscal quarter end (projected through the remainder of the performance period based on actual performance), as determined and certified by the Committee; provided, that if such Change in Control occurs within the first calendar year of the Performance Period, the number of earned PSUs shall be determined without regard to the Relative TSR Modifier. Settlement of PSUs will be accomplished through the issuance of shares of Common Stock or cash, as the Committee may determine, and any earned PSUs (and the Dividend Equivalents thereon) shall be settled immediately upon the Change in Control (which shall be deemed to be the Payment Date). Any PSUs not earned upon a Change in Control shall be forfeited and cancelled for no consideration.

Rights of Ownership:

The Participant shall not have any rights or privileges of a stockholder with respect to the PSUs subject to this Award unless and until shares of Common Stock are delivered in respect hereof.

Dividend Equivalent Rights:

Each PSU granted hereunder is hereby granted in tandem with a corresponding Dividend Equivalent right that shall, while it remains outstanding, and to the extent that dividends are paid on Common Stock and subject to the terms set forth below, entitle the Participant to a cash payment in the amount of any such dividend(s) paid by the Company in respect of a share of Common Stock. The Dividend Equivalent right shall remain outstanding from the Grant Date through the earlier to occur of (a) the termination or forfeiture for any reason of the PSU to which such Dividend Equivalent right corresponds, or (b) the delivery to the Participant of the share of Common Stock (or other payment) in respect of the PSU to which such Dividend Equivalent right corresponds (in any case, the “PSU Termination Date”). Each Dividend Equivalent right will entitle the Participant to a cash payment in the amount of any dividend(s) paid by the Company in respect of a share of Common Stock to the extent that such dividend(s) are declared and have ex dividend date(s), in each case, that occur on or after the applicable Grant Date and on or prior to the applicable PSU Termination Date, payable upon the Payment Date in respect of the PSU to which such Dividend Equivalent right corresponds; provided, that with respect to any dividends meeting such criteria that are paid after the PSU Termination Date, the applicable Dividend Equivalent payment will be made if and when the Company pays the underlying dividend or, if later, on the Payment Date (but in no event later than March 15th of the year following the year in which the applicable ex dividend date occurs). For the avoidance of doubt, (i) if a PSU is not ultimately earned hereunder, no Dividend Equivalent payments shall be made with respect to such unearned PSU, and (ii) in no event shall a Dividend Equivalent payment be made that would result in the Participant receiving both the Dividend Equivalent payment (in respect of a dividend) and the actual dividend with respect to the same PSU and corresponding share of Common Stock. Dividend Equivalent rights and any amounts that may become distributable in respect thereof shall be treated separately from the PSUs and the rights arising in connection therewith for purposes of the designation of time and form of payments required by Section 409A of the Code (together with any Department of Treasury regulations and other interpretive guidance issued thereunder, “Section 409A”).
Tax Withholding: Unless paid in cash by the Participant at the time of settlement, the Company will deduct or withhold from shares issuable upon settlement of the PSU a number of shares of Common Stock having a Share Value equal to the amount sufficient to satisfy the statutory federal, state, foreign and local taxes and any employment, disability, social welfare or other legally required withholdings (subject to any applicable limitation(s) in the Plan). Notwithstanding anything to the contrary herein, if the tax obligation arises during period in which the Participant is prohibited from trading under any policy of the Company or by reason of the Securities Exchange Act of 1934, then the tax withholding obligation shall automatically be satisfied by the Company withholding shares of Common Stock.

The Participant is encouraged to consult with a tax advisor regarding the tax consequences of participation in the Plan and acceptance of this Award.

Transferability of PSUs: PSUs may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated; provided that in the event of the Participant’s death, shares deliverable or amounts payable with respect to the PSUs shall be delivered or paid, as applicable, to the Participant’s designated beneficiary. The Administrator will advise Participants with respect to the procedures for naming and changing designated beneficiaries.

Data Privacy: By acceptance of this Award, the Participant acknowledges and consents to the collection, use, processing and transfer of personal data as described below and in accordance with the Hyatt Privacy Policy for Employees. The Company, its affiliates and the Participant’s employer hold certain personal information, including the Participant’s name, home address and telephone number, date of birth, social security number or other employee tax identification number, salary, nationality, job title, and any equity compensation grants or Common Stock awarded, cancelled, purchased, vested, unvested or outstanding in the Participant’s favor, for the purpose of managing and administering the Plan (“Data”). The Company and its affiliates will transfer Data to any third parties assisting the Company in the implementation, administration and management of the Plan. These recipients may be located in the United States, the European Economic Area, or elsewhere. The Participant hereby authorizes them to receive, possess, use, retain and transfer the Data, in electronic or other form, for the purposes of implementing, administering and managing participation in the Plan, including any requisite transfer of such Data as may be required for the administration of the Plan on behalf of the Participant to a third party with whom the Participant may have elected to have payment made pursuant to the Plan. The Participant may, at any time, review Data, require any necessary amendments to it or withdraw the consent herein in writing by contacting the Company; however, withdrawing the consent may affect the Participant’s ability to participate in the Plan and receive the benefits intended by this Award.

No Impact on Other Rights: Participation in the Plan is voluntary. The value of the PSUs is an extraordinary item of compensation outside the scope of Participant’s normal employment and compensation rights, if any. As such, the PSUs are not part of normal or expected compensation for purposes of calculating any severance, resignation, redundancy, end of service payments, bonuses, long-service awards, pensions or retirement benefits or similar payments unless specifically and otherwise provided in the plans or agreements governing such compensation. The Plan is discretionary in nature and may be amended, cancelled, or terminated by the Company, in its sole discretion, at any time. The grant of PSUs under the Plan is a one-time benefit and does not create any contractual or other right to receive any other grant of PSUs or other awards under the Plan in the future. Future grants, if any, will be at the sole discretion of the Company, including, but not limited to, the timing of the grant, the form of award, number of shares of Common Stock subject to an award, vesting, and exercise provisions, as relevant.

Restrictive Covenants: As a condition of this RSU Award, to the extent Participant has not done so already, Participant agrees to execute and deliver the (i) Non-Competition Agreement, the (ii) Non-Solicitation & Non-Disparagement Agreement (iii) Confidentiality Agreement, and (iv) Invention Assignment Agreement in form and substance acceptable to the Company, and Participant agrees to be bound by the terms of those agreements.
In the event the Participant engages in “detrimental conduct” (as defined below), the Participant shall forfeit all unvested shares of PSUs and all such awards shall be null and void as of the date such detrimental conduct first occurs and the Participant shall not receive any consideration therefor.

**Definition of Detrimental Conduct.** The Participant will be deemed to have engaged in detrimental conduct if in the reasonable, good faith determination of the Administrator, the Participant has engaged in conduct constituting (1) a felony; (2) gross negligence or willful misconduct in the performance of Participant’s duties and responsibilities to the Company; (3) willful violation of a material Company policy, including, without limitation, any policy related to confidentiality, honesty, integrity and/or workplace behavior, which violation has resulted or may reasonably be expected to result in harm to the Company, its stockholders, directors, officers, employees or customers; (4) improper internal or external disclosure or use of confidential information or material concerning the Company or any of its stockholders, directors, officers, or employees which use or disclosure has resulted or may reasonably be expected to result in harm to the Company; (5) publicly disparaging the Company or any of its stockholders, directors, officers or employees; and/or (6) willful violation of any material agreements with the Company entered into by the Participant in connection with or pursuant to the Plan.

**Determination of Detrimental Conduct.** Upon a reasonable, good faith determination that detrimental conduct has occurred, the Administrator shall give the Participant written notice, which shall specify the conduct and the date of the conduct. Any dispute concerning the matters set forth in the notice shall be decided under the procedures in the Plan.

**409A:**

This Award is intended to comply with Section 409A or an available exemption therefrom. However, notwithstanding any other provision of the Plan or this Award, if at any time the Administrator determines that the RSUs and/or Dividend Equivalents (or any portion thereof) may not be compliant with or exempt from Section 409A, the Administrator shall have the right in its sole discretion (without any obligation to do so or to indemnify or to be responsible for damages to the Participant or any other person for failure to do so) to adopt such amendments to the Plan or this Award, or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, as the Administrator determines are necessary or appropriate to provide for the PSUs and/or Dividend Equivalents to either be exempt from the application of Section 409A or comply with the requirements of Section 409A; provided, however, that nothing herein shall create any obligation on the part of the Company to adopt any such amendment or take any other action.

Notwithstanding anything herein to the contrary, no payment hereunder shall be made to the Participant during the six (6)-month period following the Participant’s “separation from service” (within the meaning of Section 409A) to the extent that the Company determines that paying such amounts at the time set forth herein would be a prohibited distribution under Section 409A(a)(2)(B)(i). If the payment of any such amounts is delayed as a result of the previous sentence, then within thirty (30) days following the end of such six (6)-month period (or, if earlier, the Participant’s death), the Company shall pay the Participant the cumulative amounts that would have otherwise been payable to the Participant during such period, without interest. For the avoidance of doubt, to the extent that any PSUs are “nonqualified deferred compensation” within the meaning of Section 409A, the settlement of PSUs hereunder upon a Change in Control shall only occur to the extent that such Change in Control is also a “change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation” within the meaning of Section 409A(a)(2)(A)(v).
PARTICIPANT ACKNOWLEDGES AND AGREES THAT THE PERFORMANCE SHARE UNITS AWARDED PURSUANT TO THIS AGREEMENT MAY BE EARNED ONLY BY CONTINUING EMPLOYMENT AT THE WILL OF THE COMPANY (NOT THROUGH THE ACT OF BEING HIRED OR BEING GRANTED THIS AWARD) AND BY ACHIEVEMENT OF THE PERFORMANCE GOALS (AS DETERMINED AND CERTIFIED BY THE COMMITTEE) AND BY COMPLIANCE WITH PARTICIPANT’S VARIOUS OBLIGATIONS UNDER THIS AGREEMENT. PARTICIPANT FURTHER ACKNOWLEDGES AND AGREES THAT NOTHING IN THIS AGREEMENT, NOR IN THE PLAN SHALL CONFER UPON PARTICIPANT ANY RIGHT WITH RESPECT TO CONTINUATION OF EMPLOYMENT BY THE COMPANY, NOR SHALL IT INTERFERE IN ANY WAY WITH PARTICIPANT’S RIGHT OR THE COMPANY’S RIGHT TO TERMINATE PARTICIPANT’S EMPLOYMENT AT ANY TIME, FOR ANY REASON OR NO REASON, WITH OR WITHOUT CAUSE, AND WITH OR WITHOUT ADVANCE NOTICE EXCEPT AS MAY BE REQUIRED BY APPLICABLE LAW.
As a Company, our natural propensity to care for others is what differentiates us as the Hyatt family. Hyatt’s purpose – we care for people so they can be their best – is a palpable feeling that’s been in our DNA for more than 60 years.

That commitment to care for all our stakeholders – colleagues, guests, owners, shareholders and communities – drives all we do and how we work. It guides how we treat one another, how we protect our information and assets, how we demonstrate integrity in our business dealings, how we communicate honestly and transparently, and how we act as responsible professionals.

Our Code of Conduct reflects these commitments and provides a framework for making ethical business decisions. While it will not tell you everything you need to know about the laws that apply to our business, it will give you an overview of our expectations in key areas.

Thank you for taking time to connect with and care for those around you and for your continued commitment to do what’s right. I am proud of our Company and proud to work beside all of you.

Sincerely,

Mark

Introduction:
Doing What’s Right

At Hyatt, we are in the business of caring for people so they can be their best.

To be at our best, both as individuals and as an organization, we act ethically and follow the laws and requirements that apply where we do business. It is our expectation that all of us at Hyatt act in this way — no matter who we are and no matter what we do for the organization.
Support for Best Choices

This Code is intended to help us make the best choices at work. In it, you will find a framework for conducting business the right way.

We will also point to other Company resources and compliance policies you can consult for more guidance.

Read the Code to know what is expected of you. Then refer back to it for guidance any time you face a situation where you have questions.

Everyone, Everywhere

Our Code applies to everyone in the Hyatt family – including colleagues, supervisors, managers, leaders, senior management, and the board of directors.

We also strive to work with third party agents, suppliers, vendors, and business partners who share our values.

Because we operate globally, we might have to comply with different policies and rules depending on where we work. Although this Code should be your roadmap, remember that your decision making should be guided by local laws as well.

Contact your supervisor or another compliance resource if you are not sure where to find specific information that you need.

Waivers

The waiver of any provision of this Code for any Director of the Hyatt Board, executive officer, senior financial offices, or anyone else may only be authorized by the Hyatt Board of Directors or our Audit Committee.
We Care Enough to Speak Up

We ask questions when we need guidance. We speak up if we think something is wrong.

Caring for one another and for our Company means having the courage to speak up if you have a concern about ethical misconduct. It also means fostering an environment where colleagues can freely speak up when they're uncomfortable without fear.

We hope you will feel comfortable turning to one of the following resources to discuss your concern:

Your Supervisor/Department Head
- Another Supervisor/Manager You Trust/Leader You Trust
- Human Resources
- General Manager/Area Director

This allows our Company to support each of our colleagues and to correct the situation when needed.

If You Need Additional Guidance
If, after discussing your concern with one of the resources listed above, you still have questions you need answered or if you don't feel you can reach out to any of the above resources — please reach out to any of the following contacts:
- Corporate Compliance Office (ethics@hyatt.com)
- General Counsel
- Internal Audit
- Ethics Hotline (supports anonymous reporting)

What to Expect If You Make a Report

Expect that you will be treated fairly. In accordance with the Hyatt Whistleblower Policy, Hyatt prohibits retaliation against anyone who raises concerns in good faith. We take this very seriously.

Expect Hyatt to take action. The appropriate individuals within Hyatt will review the situation and determine if an investigation is required. If so, the investigation will be conducted fairly and objectively based on the information provided in your report.

Expect that we are counting on you to co-operate. In the event that the Company needs to investigate concerns of misconduct, cooperation is critical to a thorough and efficient investigation. We are counting on you to be patient, thoughtful and honest.

Expect to be treated with respect. We appreciate any and all good faith reports, as they help to keep us at our best. Hyatt will keep your report as confidential as possible, and follow up with you to the extent we are able.

See Hyatt Whistleblower Policy

Hyatt has a way for you to report anonymously, if you prefer.

Keep in mind that if you make an anonymous report, it may be difficult for the Company to ask follow-up questions, so try to provide enough detail so that someone can investigate.

How We Treat One Another

- Mutual Respect
- Diversity & Inclusion
- Safe Workplace
- Human Rights

Mutual Respect

In our work together, we can each contribute to a culture that is built on foundations of mutual respect and dignity. Respect is one of our Company values, and that means welcoming and appreciating everyone around us — from our colleagues to our business partners to our guests — as well as creating an environment where colleagues have the freedom to express him or herself, without fear of harassment or intimidation.

- Treat everyone around you the way you would hope to be treated.
- Recognize disrespectful behavior if you see it, and help to stop it.
- Never insult, bully, or harass others.
- Never engage in any unwanted physical contact or sexual advances.
- Avoid conversations that involve sexual jokes or innuendo or making fun of people’s race or religious beliefs.

See Our Commitment to Inclusion

Use Your Judgment: Practice Empathy

Exhibit empathy for those around you. Note that things that seem funny to you may seem hurtful or offensive to someone else. Pause and consider how others might receive what you are about to say.

Caring for Colleagues By Speaking Up

Caring means speaking up if someone is being disrespectful. Speak to the person themselves, if you're comfortable doing so, or talk to your manager or supervisor.
Diversity & Inclusion

We celebrate a world that is as diverse as our people and our guests. Our approach to embracing diversity and supporting inclusion has led Hyatt to attract a remarkable workforce of very talented people who, because of their differences, help us connect with each other as human beings in a powerful way. Treating people equally and appreciating differences is part of what gives us a competitive edge and makes us our best.

- Treat everyone with kindness and professionalism, no matter how they look, where they come from, or how their ideas differ from your own.
- Never make an employment decision (such as whether or not to hire or promote someone) based on a characteristic protected by the laws.
- Recognize that, as a global Company, we benefit when colleagues contribute different perspectives, experiences, and backgrounds. This diversity is essential for our continued success.

Safe Workplace

Creating a safe and healthy work environment is part of caring for one another at Hyatt. Our Company works hard to ensure that our workplace is free of unsafe conditions or violence.

- Report any concerns of violence or threats of violence immediately.
- Never bring weapons to work.
- Wear your ID badge in accordance with Company policies.
- Do not allow the use of drugs and alcohol to impair your work performance, your safety, or the safety of those around you.

Read Between the Lines: Who Do the Laws Protect?

Respect for diversity is part of who we are. But laws also protect individuals from discrimination based on certain characteristics, such as:

- Age
- Ancestry
- Citizenship
- Color
- Disability
- Gender identity
- Military status
- Marital status
- Nationality
- Race
- Religion
- Sexual orientation

Caring for Our Guests

Watch for unsafe conditions that could harm a colleague or guest.

If you see something wrong, see if you can correct it. If not, or if it's not safe to do so, report it.
Human Rights

Hyatt has a long-standing commitment to the fundamental protection of human rights for all people. We support and respect the rights of our colleagues, guests, and members of our communities. We also respect the rights of business partners and expect them to uphold the same principles.

- Draw on your training to watch for potential signs of sex or labor trafficking. If you see suspicious activity, report it to hotel management.
- If you are a manager, ensure employees receive proper compensation, breaks, and paid holidays or vacations.
- Respect the rights of others to choose whether or not they want to be represented by a labor organization, subject to local laws.

See Hyatt Human Rights Statement

Caring for Our Guests:
Human trafficking is a crime that can intersect with the hotel industry. To help stop it, Hyatt takes aggressive measures to help identify and attempt to prevent trafficking activity.

The policies, training, and practices we have implemented globally underscore our commitment to this important issue, and in 2014 we took further preventive action by identifying and blocking access to websites known for trafficking at U.S. hotels.
How We Protect Information and Assets

- Confidential Information
- Protection and Proper Use of Assets
Confidential Information

Working at Hyatt often gives us access to information about the Company, colleagues, guests, or business partners that should not be made available to the public. When we ensure that only the appropriate people have access to confidential information, and when we use this information the right way in accordance with our policies and the laws, we help protect our Company and those around us, from harm.

- Protect the confidential information of our Company, our colleagues, our guests, and our business partners.
- Never discuss business information in public that might include Hyatt’s trade secrets or confidential plans.
- Recognize what information may be considered intellectual property and understand how to safeguard it.
- Never take or share photographs of colleagues or guests unless you have the appropriate approval.
- Do not leave confidential information visible and unattended whether on your desk, a copy machine, or an unlocked computer screen.
- Follow all IT safeguards and policies. Use strong passwords on Company systems and devices, be cautious with emails from an unknown source, and do not open attachments or follow links unless you know they are safe.
- Consult our public communications guidelines before committing to an external interview or speaking engagement.

See Hyatt Public Communications Guidelines

Use Your Judgment: Understand When Information is Confidential

If you ever wonder if information is confidential, err on the side of caution. Confidential information includes any information that is not available to the public that could harm our Company or our guests or business partners if disclosed or put into the hands of our competitors. Some examples include:
- Brand standards
- Operating manuals
- Data processing systems
- Programs
- Procedures
- Databases or other data
- Information about guests, such as their room numbers or whereabouts
- Sales and marketing information or strategies
- Financial information, including Company performance and terms of business agreements

Caring for Personal Information

In order to run our business, Hyatt must collect and store information about individuals. Part of caring for one another and our guests means always being respectful of the personal information we come across. We not only must comply with the laws that protect personal information, but we also must be sure to access personal information only if we have permission to do so and only if it is required as part of our job.

Read Between the Lines: Protect Our Information

Protecting the Company’s information also includes a responsibility to preserve the intellectual property that makes Hyatt the Company we are today. For example, we must be sure to use our Company’s trademarks, logos, brand names, and computer systems carefully and in accordance with our policies.
Protection and Proper Use of Assets

As members of the Hyatt team, we need to be conscientious and responsible with Company assets – which include everything from physical property, like phones, food, or office supplies, to Company funds and even your time at work. Being responsible means we demonstrate good judgment whenever we are using the Company’s assets.

- Use Company property and assets responsibly and only for business activities.
- Distribute complimentary items, amenities and discounts appropriately, in line with our policies and procedures, and never for personal benefit.
- Exercise care when using our computers and networks. Never use someone else’s username, password, or other access information.
- Be accurate and timely when you submit business expense reports.

See Hyatt Global Privacy Program

Caring About Our Company

Protecting our assets means protecting against fraud and misuse. Fraud against our Company can be an attack on our brand, our reputation, and even our morale. Some examples of fraud:

- Making personal purchases on Company credit cards or other Company accounts.
- Seeking expense reimbursement for activities that were personal in nature and not business-related.
- Issuing unapproved discounts for personal benefit.

Read Between the Lines: On Company Time

We say that you need to use Company property only for business purposes, and we really mean it. There are only a few exceptions.

For instance, it may be appropriate to make a brief personal phone call on a Company phone, or use a computer to quickly confirm the train schedule or check the weather.

Even when personal use is permitted, keep it to a minimum and make sure it does not interfere with your job responsibilities.
How We Demonstrate Integrity in Our Business Dealings

- Gifts and Entertainment
- Bribes and Kickbacks
- Competition and Fair Dealing
Gifts and Entertainment

At Hyatt, we understand that appropriate gifts and entertainment can help build business relationships. When we exchange gifts and entertainment, we use good judgment. We also ensure we never allow gifts or entertainment to compromise our ability to make objective and fair decisions – or even make it look like we might have been compromised.

- Give and receive gifts only if they are reasonable in cost and given infrequently.
- Do not give or receive gifts or entertainment that might improperly influence a business decision.
- Record all gifts on expense reports, in accordance with Company policy.

See Hyatt Gift Policy

Bribes and Kickbacks

We comply with all laws that prohibit bribery, and we do not make promises or grant favors in exchange for a business advantage. Because Hyatt can be viewed as responsible for any unlawful actions by third parties who work on our behalf, we demonstrate diligence when employing and overseeing all third parties.

- Never use or offer funds, assets, services, or Hyatt facilities in order to improperly influence a business decision.
- Do not offer to work above and beyond a current scope of work in the hopes of gaining additional business.
- If you manage third parties, make sure they are familiar with Hyatt’s rules against bribery and oversee their actions closely.
- Record all payments and transactions truthfully and correctly, and do not try to hide the actual purpose of an expense.

Use Your Judgment: Red Flag Gifts

There are certain forms of gifts and entertainment that are never okay, like:

- Lavish gifts, such as a really expensive bottle of wine.
- Lavish entertainment, like tickets to the Super Bowl, the Olympics, or the World Cup.
- Forms of entertainment that are inappropriate and would reflect poorly on the Company.

Read Between the Lines: When a Tip is Okay

We are in a business where cash tips and gratuities are acceptable in certain roles.

For example, it is perfectly acceptable for a bellhop to accept a cash tip from a guest for a job well done. It would not be acceptable for an event planner to accept a tip from a vendor who might be looking for Hyatt to continue to use their business in the future.

Use Your Judgment: Do Not Bribe

At Hyatt, we simply do not bribe. Bribery is bribery, whether we are dealing with a government official, agent, employee, supplier, guest, or anyone else.

Read Between the Lines: Commissions or Referral Fees

Our policy prohibits us from accepting anything of value for referring third parties to any person, organization or group doing business with Hyatt or seeking to do business with Hyatt.
**Competition and Fair Dealing**

We compete fairly – by providing the best experience for our guests. There are competition laws around the world designed to protect consumers and ensure a free marketplace. We comply with these laws and never attempt to restrict or restrain competition.

- Never make agreements (in person or in writing, formally or informally) with competitors that could restrict competition.
- Deal fairly with all suppliers of Hyatt.
- Do not misrepresent facts when negotiating on behalf of Hyatt.

---

**Read Between the Lines: Watch Out for These Types of Agreements**

Making agreements with competitors to restrict competition is a serious violation of the laws.

For instance, if companies agree to:
- Divide markets
- Set prices
- Restrict production
- Boycott individuals or entities
Responsible Communication

How We Communicate

Honest and straightforward communications enable our colleagues, guests, owners, and partners to work collaboratively and productively. Remember that your comments should never make someone feel uncomfortable, intimidated, or threatened.
Accurate and Transparent Records and Financial Reports

At Hyatt, we maintain correct and complete financial accounts and have internal controls in place to provide accurate and reliable financial reporting. We create records responsibly, ensuring that they correctly represent our intentions, actions, and decisions, and we retain them in accordance with Company policies and the laws.

- Be accurate and honest when recording assets, liabilities, revenues, and expenses, following all corporate policies and internal control procedures.
- Be responsible when creating or approving expense reports. Don’t claim personal expenses as business expenses, and don’t approve something you haven’t checked carefully.
- Maintain records in accordance with the Company’s record-keeping policy.
- Carefully follow instructions from the Legal Department if you are asked to keep certain records in connection with an investigation or legal proceeding.

See Hyatt Records Management and Legal Hold Policies

Preventing Fraud

Fraud can seriously harm a Company. At Hyatt, we need to work together to protect our Company from fraud. Never allow anyone to convince you to misrepresent facts or record something that does not feel right, and be alert if this happens around you.

Read Between the Lines: Creating Records

Our records are the basis of our earnings statements, financial reports, public filings, and other disclosures to third parties, and they guide our decision making and strategic planning.

So be thoughtful and accurate when recording items that contribute to Company records, like:
- Booking information
- Customers’ personal data
- Payroll
- Timecards
- Travel and expense reports
- Emails
- Accounting and financial data
- Measurement and performance records
- Electronic data files
How We Act as Responsible Professionals

- Conflicts of Interest and Corporate Opportunities
- Insider Trading
- Political Involvement
Conflicts of Interest and Corporate Opportunities

At Hyatt, we seek to avoid conflicts of interest and even the appearance of a conflict. This means we don’t pursue private interests that interfere or appear to interfere with the interests of Hyatt or that restrict our ability to perform our jobs. Most importantly, if you are concerned about a conflict or potential conflict of interest, disclose it to a compliance resource as soon as you become aware of it.

- Recognize the situations and relationships that create conflicts and avoid them.
- Never request or accept personal benefits (or enable your family members or close personal friends to receive personal benefits) as a result of your position at Hyatt except as permitted in approved benefit, perquisite, or Human Resources policies.
- Never take a business opportunity for yourself that you learn about as a result of your position at Hyatt.
- Disclose all conflicts of interest or potential conflicts of interest as soon as possible.

Insider Trading

We comply with all laws related to insider trading and the Hyatt Insider Trading Policy. We don’t trade in the stocks or securities of Hyatt or provide tips to trade based on material, non-public information. Violations of insider trading laws can result in serious fines and charges for individuals as well as for the Company.

- Do not use material, non-public information for your own personal gain.
- Never “tip” someone to make a trade based on material, non-public information.
- If you have any questions about whether it would be appropriate to make a trade, contact the Legal Department.

See Hyatt Insider Trading Policy

Use Your Judgment: Conflicts of Interest

There are certain types of interests that almost always create an issue.

For example, you should never:
- Work for a competitor of Hyatt while you are employed by Hyatt.
- Have a significant financial interest in a competitor or supplier of the Company.
- Use family members for work or give them opportunities not available to others.

At some levels of authority, even just the appearance of a conflict of interest can be a serious concern.

Read Between the Lines: Disclosing Conflicts

Situations involving a conflict of interest may not always be obvious or easy to resolve. That’s why we have compliance resources in place. Our compliance resources will help you determine whether a situation creates a conflict or a potential conflict and will help mitigate the situation—often allowing you to continue to pursue a private interest without putting the Company at risk.

Care for Our Company

We don’t take personal advantage of opportunities that arise out of our work with Hyatt, because we are all on the same team. This means we don’t use Hyatt property or information for personal gain or in any way to compete with Hyatt. Part of caring for our Company is being respectful of this.

Read Between the Lines: What is Material Non-Public Information?

Material, non-public information refers to any information that could impact the price of securities that has not been made available to the public. For example, the Company’s confidential strategic planning information, plans for the building of a new hotel, a big change in leadership, or news of a merger or an acquisition would all be material, non-public information.
**Political Involvement**

Hyatt respects individual political participation, but political participation needs to remain separate from Company business. The Company follows all laws that govern corporate participation in the political process.

- Do not use Company funds, facilities, or any other assets to support political candidates, parties, organizations, or other political causes without express authorization from an appropriate person.
- Never solicit political support or contributions while at work.
- If you participate in the political process in your personal time, always be clear that your political views are your own views, and not the views of the Company.
Caring for people includes a commitment to corporate social responsibility and sustainable business practices. Our corporate responsibility strategy and platform is built on the understanding that our actions can create long-term value for the people we engage with and the communities where we work, while also helping to protect the planet for future generations.

How We Care for Our Communities and Our Planet
Conclusion

Being your best takes hard work and commitment, and for that all of us at Hyatt are grateful.

- We are grateful for your unwavering commitment to conducting business the right way, always.
- We are grateful for your care for others and for the care you show the Company when you ask questions about what’s right and speak up when something is wrong.
- We are grateful for your integrity.

Thank you for taking the time to connect and care for those around you, and for doing what’s right.

WHEREAS, the Trustees are the current trustees of each of the United States situs trusts for the benefit of descendants of Nicholas J. Pritzker, deceased, identified on Exhibit A hereto (collectively, the “Hyatt Owning Trusts”);

WHEREAS, the Adult Beneficiaries are current and/or contingent beneficiaries of the Hyatt Owning Trusts who have reached the age of eighteen years;

WHEREAS, the Hyatt Owning Trusts are the direct and/or indirect owners of a majority of the common equity interests in Hyatt Hotels Corporation, a Delaware corporation (“Hyatt”);

WHEREAS, in the context of the creation of liquidity, the Trustees and the Adult Beneficiaries have determined it to be in their collective best interests to effect a restructuring of the Hyatt Owning Trusts’ interests in Hyatt and, accordingly, the Trustees will seek to create a liquid market for the common equity securities in Hyatt through an initial public offering of the common stock (“Hyatt Common Stock”) of Hyatt registered under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and anticipated to be listed on the New York Stock Exchange (the “IPO”);

WHEREAS, the Board of Directors and stockholders of Hyatt have approved an Amended and Restated Certificate of Incorporation (the “A/R COI”), which will become effective prior to the consummation of the IPO and provides, among other things for the authorization of, and the reclassification of issued and outstanding shares of common stock of Hyatt into Class A common stock entitled to one vote per share (“Class A Common Stock”) and Class B common stock entitled to ten votes per share (“Class B Common Stock”) as specified in the A/R COI;

WHEREAS, it is anticipated that in connection with the IPO, the Class A Common Stock will be registered under the Exchange Act and listed on the New York Stock Exchange and shall constitute Hyatt Common Stock for all purposes hereunder, and WHEREAS, in order to facilitate the consummation of the IPO, the Trustees and the Adult Beneficiaries find it to be in the best interests of all of the parties hereto to enter into this Agreement.

[Exhibit A]

[Exhibit B]

ARTICLE I
Term of Agreement

Section 1.1 Effective Time. This Agreement and the obligations of the parties hereto shall become effective for all purposes and respects as of the time the registration statement with respect to the IPO is declared effective by the Securities and Exchange Commission (the "Effective Time"), provided that if the IPO is not consummated within ten business days of the Effective Time, this Agreement shall automatically terminate and be deemed never to have had any force or effect.

ARTICLE II

(c) The execution, delivery and performance of this Agreement by such party in compliance with the terms and provisions hereof will not, to the best of such party’s knowledge, conflict with, result in a breach of, or constitute a violation or default of or give any third party the right to terminate, accelerate or modify any obligation under, (i) any material agreement or other document or instrument to which such party is bound or affected or (ii) any law, statute, rule, regulation, ordinance, writ, order or judgment to which such party is bound or affected.

(c) Until the later to occur of (i) January 1, 2015 and (ii) that date upon which more than 75% of the FD Stock is owned by Persons other than Pritzkers and Foreign Pritzkers, all Pritzkers (and their successors in interest, if applicable), but not the transferees by sale (other than Pritzkers or Foreign Pritzkers who purchase directly from other Pritzkers or Foreign Pritzkers) or by, or following, foreclosures as aforesaid, will vote all of their voting securities of Hyatt (and successor Companies) consistent with the recommendations of the board of directors of Hyatt with respect to all matters (assuming agreement as to any such matter by a majority of a minimum of three Independent directors or, in the case of transactions involving Hyatt and an Affiliate thereof, assuming agreement of all of such minimum of three Independent directors). All Pritzkers will cast and submit by proxy to Hyatt their votes in a manner consistent with this Section 3.1(c) at least five business days prior to the scheduled date of the Annual or Special Meeting of stockholders of Hyatt, as applicable.

(d) After the Trustees have notified the Current Adult Beneficiaries of their intention to distribute Hyatt Common Stock and have commenced consultation with them as to the structure of such distribution, no Current Adult Beneficiary shall, until the earlier of (i) six months from the date of such notification and (ii) the date of distribution of such Hyatt Common Stock, acquire either directly, or indirectly for his exclusive benefit, any “derivative securities” (as defined in Rule 16a-1(c) of the Exchange Act) with respect to such Hyatt Common Stock. The Trustees hereby acknowledge and agree that it is in the best interests of the Adult Beneficiaries to distribute Hyatt stock from the Ancestor Trusts as soon as practicable following the Effective Time subject to the underwriter’s 180-day “lock-up” agreement related to the IPO to which such stock is subject.
ARTICLE IV

Section 4.1 Scope of Arbitration.
(a) Except as otherwise expressly provided in this Agreement, disputes between or among any of the parties hereto, and/or disputes between or among any of the parties hereto and any Person who has executed a joinder (to the extent any such disputes among the parties and/or among the parties and Persons who executed joinders relate directly to the subject matter of this Agreement), shall be determined solely and exclusively by arbitration in accordance with this Article IV, which shall be broadly construed in favor of arbitrability of all such disputes, including, without limitation, any dispute, controversy, claim or other issue arising out of or relating to:

(e) Once an Arbitrator is identified as provided above, all parties to this Agreement and their counsel, Joined Agents and other representatives will refrain from all ex parte contacts with the Arbitrator.

Section 4.4 Demand for and Action to Compel Arbitration

Upon receipt of such notice, the Arbitrator shall commence, conduct and conclude all proceedings within a reasonable time. Notwithstanding anything to the contrary contained in this Agreement, no party may demand arbitration subsequent to the date that is ninety (90) days following the date upon which the voting agreement set forth in Article III hereof expires by its terms.

(b) Nothing herein shall be deemed to impair the right of any party to seek an order of any court of competent jurisdiction compelling arbitration or in aid of the jurisdiction of the Arbitrator.

Section 4.5 Confidentiality

Section 4.6 Discovery and Conduct of Hearing

(a) The parties to any arbitration hereunder shall be entitled to such pre-hearing discovery, if any, as may be determined by the Arbitrator.

(b) The Arbitrator shall be authorized to award any form of relief as may be appropriate, consistent with the Commercial Arbitration Rules of the American Arbitration Association, including immediate, interim and/or final equitable relief, compensatory damages, fees, costs and expenses of the arbitration proceeding (including the payment thereof from one or more Hyatt Owning Trusts, as appropriate), and non-monetary sanctions (but not Consequential Damages, punitive damages, exemplary damages or multiple damages).

(c) Notwithstanding any other provision of this Agreement, the Arbitrator shall not render any monetary award against a Trustee personally in the absence of a finding that such Trustee has willfully, materially and in bad faith breached his fiduciary duty. A party may not solicit others to initiate or be a named plaintiff in such litigation, (i) unless two thirds of the Independent directors of a board of directors having at least three Independent directors do not vote in favor of the matter that is the subject of the litigation or (ii), in the case of affiliated transactions reviewed by Hyatt’s board of directors, unless at least one independent director did not approve the transaction.

(a) Except as otherwise expressly provided in this Agreement, disputes between or among any of the parties hereto, and/or disputes between or among any of the parties hereto and any Person who has executed a Joinder (to the extent any such disputes involve the parties and/or among the parties and Persons who executed Joinders relate directly to the subject matter of this Agreement), shall be determined solely and exclusively by arbitration in accordance with this Article IV, which shall be broadly construed in favor of arbitrability of all such disputes.

(b) In any arbitration, this Agreement and all other documentation determined by the Arbitrator to be relevant shall be admissible in evidence. In deciding any issue submitted to arbitration, the Arbitrator (as defined below) shall consider the rights, powers and obligations of the Trustee (or its predecessor) in light of this Agreement, the relevant trust instruments, the laws specified in Section 6.5 and the laws of the place of arbitration to the extent necessary to render the arbitral award valid and enforceable.

Section 4.2 Rules; Location

(a) Except as otherwise provided herein, the Commercial Arbitration Rules of the American Arbitration Association in effect as of the Effective Time shall govern any arbitration hereunder, but such arbitration shall not be conducted under the auspices of the American Arbitration Association.

(b) All arbitrations shall be held in such place outside the United States as the Arbitrator selects after giving due regard to (i) the parties’ desire to maintain, to the maximum extent possible, the confidentiality of all arbitration proceedings commenced hereunder, all demands, pleadings, briefs or other documents relating to such proceedings and any decisions or awards of the Arbitrator and (ii) the ability of a court with jurisdiction over the parties to compel arbitration in such place and enforce any award resulting therefrom.

Section 4.3 Arbitrator

(a) All arbitrations will be before a single arbitrator (the “Arbitrator”), who shall be the arbitrator selected pursuant to Section 4.3 of the Domestic Global Hyatt Agreement.

(b) All parties to this Agreement and their counsel, Joined Agents and other representatives will refrain from all ex parte contacts with the Arbitrator.

Section 4.4 Demand for and Action to Compel Arbitration
(a) To demand arbitration hereunder, the party seeking arbitration shall be required to deliver written notice to the Arbitrator (when and if available) and all parties in respect of whom arbitration is sought, specifying in reasonable detail the issue or issues to be arbitrated. Upon receipt of such notice, the Arbitrator shall commence, conduct and conclude all proceedings within a reasonable time. Notwithstanding anything to the contrary contained in this Agreement, no party may demand arbitration subsequent to the date that is sixty (60) days following the date upon which the voting agreement set forth in Article III hereof expires by its terms.

(b) Nothing herein shall be deemed to impair the right of any party to seek an order of any court of competent jurisdiction compelling arbitration or in aid of the jurisdiction of the Arbitrator.

Section 4.5 Confidentiality

(a) Except as may be required by applicable law and for communications among the parties to this Agreement and their respective counsel (and Persons retained by counsel for the purpose of assisting in any proceeding, who shall agree to be bound by a reasonable confidentiality agreement), all arbitration proceedings commenced hereunder, and all demands, pleadings, briefs or other documents relating to such proceedings, as well as any decisions or awards of the Arbitrator (except insofar as may be necessary to obtain judicial confirmation and/or enforcement of such decision or award), shall be completely and permanently confidential and shall not be communicated to third parties, and the Arbitrator will so order.

(b) Any party initiating judicial proceedings to compel arbitration or to confirm an award of the Arbitrator shall in good faith seek an order providing for the filing of all pleadings and arbitration documents under seal and all of the parties shall agree thereto.

(c) No tape or electronic recording or transcripts of arbitration proceedings shall be retained by any party after the completion of the arbitration proceedings, provided, however, that the Arbitrator (and any successor Arbitrators) may retain such records as he deems useful to the discharge of his duties hereunder and the Arbitrator may make any recordings or transcripts available upon request of a party to a subsequent arbitration pursuant to this Article (and solely for use in such subsequent arbitration) at his discretion and upon terms and conditions the Arbitrator deems appropriate.

Section 4.6 Discovery and Conduct of Hearing

(a) The parties to any arbitration hereunder shall be entitled to such pre-hearing discovery, if any, as may be determined by the Arbitrator.

(b) In conducting the arbitration, the Arbitrator may act in summary fashion, upon submission of papers, or in plenary fashion, in his discretion.

Section 4.7 Form of Award; Remedies; Confirmation
(a) An award of the Arbitrator shall be in writing and signed by him, shall not include findings of fact, conclusions of law, or other matters of opinion, shall state as briefly as possible the determination of the issue or issues submitted, provided, however, that the Arbitrator may make findings of fact and/or conclusions of law if and to the extent necessary to render the award valid and enforceable. The Arbitrator’s award shall be final and binding on the parties to this Agreement in all respects and for all purposes (without any right of appeal).

(b) Except as may otherwise be provided herein, the Arbitrator shall be authorized to award any form of relief as may be appropriate, consistent with the Commercial Arbitration Rules of the American Arbitration Association, including immediate, interim and/or final equitable relief, compensatory damages, fees, costs and expenses of the arbitration proceeding and non-monetary sanctions (but not Consequential Damages, punitive damages, exemplary damages or multiple damages).

(c) A party to an arbitration shall have the right to petition a court of competent jurisdiction for an order confirming the Arbitrator’s award.

Section 4.8 Certain Arbitrations. The exclusive requirement to arbitrate hereunder shall not apply with respect to the manner in which Hyatt’s operations are conducted to the extent the parties (in their capacities as shareholders) and non-Pritzker public shareholders are affected comparably; provided, however, that a party may participate in and benefit from any shareholder litigation initiated by a non-party. A party may not solicit others to initiate or be a named plaintiff in such litigation, (i) unless two thirds of the Independent directors of a board of directors having at least three Independent directors do not vote in favor of the matter that is the subject of the litigation or (ii), in the case of affiliated transactions reviewed by Hyatt’s board of directors, unless at least one Independent director did not approve the transaction.
