## Item 2.01 Completion of Acquisition or Disposition of Assets

On March 28, 2018, WPX Energy, Inc. (the “**Company**”) completed the sale of certain of its oil and gas assets in the State of New Mexico (the “**Assets**”), under its previously disclosed Purchase and Sale Agreement (the “**Agreement**”) with Enduring Resources IV, LLC, a Delaware limited liability company (the “**Buyer**”), for proceeds of \$700 million, before closing adjustments. The material terms of the Agreement and a description of the Assets were disclosed in Item 1.01 of the Company’s Current Report on Form 8-K filed with the Securities and Exchange Commission (“**SEC**”) on February 5, 2018, and a copy of the Agreement was filed as Exhibit 2.1 thereto, and all of the foregoing are incorporated herein by reference. The transactions contemplated by the Agreement are referred to herein as the “**Transaction**.” The closing of the Transaction completes the Company’s exit from operations in the San Juan Basin, though the Company has left in place a performance guarantee with respect to certain midstream obligations related to the Assets that were assumed by the Buyer. The Company believes that any future performance under its guarantee obligation is highly unlikely, given the strength of the Buyer’s credit position, the indemnity arrangements between the Company and the Buyer, and the declining size of the midstream obligations subject to the guarantee over time. As a result, the Company believes that the guaranteed midstream obligations will not be material to its financial condition or cash flows in future periods.
