## **ITEM 2.05 Costs Associated with Exit or Disposal Activities.**

This Amendment on Form 8-K/A (the “Amendment”) amends the Current Report on Form 8-K filed on December 4, 2019 (the “Prior Report”) by Trinseo, S.A. (the “Company”) with respect to the corporate restructuring plan associated with the Company’s shift to a global functional structure and business excellence initiatives to drive greater focus on business process optimization and efficiency. At the time of the filing of the Prior Report, the Company was unable to estimate pension related costs resulting from such restructuring. The Company made a determination of such information on January 29, 2020, and this Amendment is being filed to report such information.

On November 21, 2019, the Board of Directors of Trinseo S.A. (the “Company”) adopted a corporate restructuring plan associated with the Company’s shift to a global functional structure and business excellence initiatives to drive greater focus on business process optimization and efficiency, which plan was first disclosed to employees on November 29, 2019. The corporate restructuring plan is expected to be substantially completed by the end of the first half of 2020. The Company expects to incur restructuring charges in connection with this corporate restructuring plan ranging in total from approximately \$25 million to \$30 million. The total charges will primarily consist of expenditures in the form of severance benefits to the affected employees ranging from approximately \$20 million to \$25 million; and lease cancellation, asset impairments and other costs ranging from approximately \$5 million to \$7 million. Pension related costs resulting from this restructuring are estimated to be less than \$1 million. The majority of these charges were incurred in the fourth quarter of 2019, with the remaining amount to be incurred in 2020. The Company expects the vast majority of the cash expenditures, related primarily to severance benefits to the affected employees and the lease cancellation, to be paid by the end of 2020. However, the actual timing and costs of the corporate restructuring plan may differ from the Company’s current expectations and estimates, and such differences may be material.

*As a result of these or other factors, the Company’s actual results may differ materially from those contemplated by the forward-looking statements. They are neither statements of historical fact nor guarantees or assurances of future performance. Therefore, the Company cautions you against relying on these forward-looking statements.
