ITEM 4. Purpose of Transaction.

Item 4 is hereby amended and restated as follows:

The Issuer has indicated that it is pursuing partnership discussions to co-develop and commercialize a neurovascular robotic platform with remote capabilities. The Reporting Person reviews its investment in the Issuer on an ongoing basis which may potentially result in a proposal to the Issuer to provide additional capital and/or strategic commercial collaboration. The Reporting Person and its representatives have, from time to time, engaged in discussions with the Issuer’s management and the Board of Directors of the Issuer (the “Board”) regarding, among other things, the Issuer’s business strategy, management, governance, strategic transactions, operating performance, financial matters, capital structure and corporate expenses and intend to, from time to time, continue to engage in such discussions with the Issuer’s management and the Board and engage in discussions with other current or prospective holders of shares of Common Stock and/or other equity, debt, notes, instruments or securities, or rights convertible into or exchangeable or exercisable for Common Stock or such other equity, debt, notes, instruments or securities of, the Issuer (collectively, “Securities”), industry analysts, existing or potential strategic partners or competitors, financial sponsors, investment firms, investment professionals, capital or potential capital sources and other third parties regarding such matters (in each case, including with respect to providing or potentially providing capital to the Issuer or to existing or potential strategic partners), including pursuant to confidentiality or similar agreements. These discussions have encompassed, and the Reporting Person expects will encompass, a broad range of matters relating to the Issuer, including, among other things, the Issuer’s business, operations, finances, management, organizational documents, ownership, capital and corporate structure, dividend policy, corporate governance, board and committee composition, management and director incentive programs, strategic alternatives and transactions as a means of enhancing the value of one or more Securities held by the Reporting Person, including the purchase or sale of the Issuer, its Securities or certain of its subsidiaries, businesses or assets or a business combination involving the Issuer or its subsidiaries. In addition, Nathan R. Harrington is an employee of the Reporting Person and serves as a member of the Board of Directors of the Issuer.

The Reporting Person intends to consider, explore and develop plans and make proposals with respect to, among other things, the foregoing matters and may take other steps seeking to bring about changes with respect to the Issuer to increase the value of one or more Securities held by the Reporting Person as well as pursue other plans or proposals that relate to or could result in any of the matters set forth in clauses (a)-(j) of Item 4 of Schedule 13D. The Reporting Person may also take steps to explore or prepare for various plans, proposals or actions, or propose transactions, regarding any of the foregoing matters before forming an intention to engage in any such plans, proposals or actions or proceed with any such transactions.

Depending on various factors, including, without limitation, the outcome of any discussions referenced above, the Issuer's business, financial position, results, strategic direction or prospects or any strategic alternatives or transactions, actions taken by the Issuer's management or the Board, price levels of one or more Securities, other investment opportunities available to the Reporting Person, conditions in the securities or loan markets, general economic or industry conditions or any changes in law or government regulations, the Reporting Person may in the future take such actions with respect to their investment in the Issuer as they deem appropriate, including, without limitation, the actions and matters described in the preceding paragraph, acquiring, or causing to be acquired, additional Securities, disposing of, or causing to be disposed, some or all of the Securities beneficially owned by the Reporting Person, in the public market, in privately negotiated transactions or otherwise, modifying or seeking to modify the terms of any Securities held by the Reporting Person including through refinancing of such Securities, entering into derivatives transactions and other agreements or instruments that increase or decrease the Reporting Person's economic exposure with respect to their investment in the Issuer, forming joint ventures with the Issuer or with third parties with respect to the Issuer, its assets or Securities, providing capital to the Issuer or to potential strategic partners, pledging their interest in Securities as a means of obtaining liquidity or as credit support for loans or other extensions of credit, entering in to commercial transactions with the Issuer or forming, making or undertaking other purposes, plans or proposals regarding the Issuer or any of its Securities or its subsidiaries, businesses or assets. If the Reporting Person were to acquire additional Securities, the Reporting Person's ability to influence the Issuer's management, the Board or the policies of the Issuer may increase.
