Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Item 7.01

Regulation FD Disclosure

On June 29, 2018, ONE Gas, Inc. (NYSE: OGS) announced that its Kansas Gas Service division filed a request with the Kansas Corporation Commission (KCC) for an increase in its net base rates by \$42.7 million. Since its last adjustment to base rates in January 2017, Kansas Gas Service has invested approximately \$179 million in its natural gas distribution system. A copy of the news release is attached as Exhibit 99.1 and is incorporated herein by reference.

The information disclosed in Item 7.01, including Exhibit 99.1 hereto, is being furnished and shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities under that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act except as expressly set forth by specific reference in such filing.

Item 8.01

Other Events

ONE Gas, Inc. announced today that its Kansas Gas Service division filed a request with the KCC for an increase in its net base rates by \$42.7 million. Since its last adjustment to base rates in January 2017, Kansas Gas Service has invested approximately \$179 million in its natural gas distribution system.

Kansas Gas Service’s request, if approved, represents a net base rate increase of \$42.7 million. Kansas Gas Service is already recovering \$2.9 million from customers through the Gas System Reliability Surcharge (GSRs), resulting in a total base rate increase of \$45.6 million.

This request would increase the average residential customer’s natural gas bill by \$5.67 per month.

The benefits of the corporate income tax cuts associated with the new federal legislation that went into effect earlier this year are also reflected in the company’s filing.

The filing is based on a 10.0 percent return on equity and a 62.2 percent common equity ratio.

The filing represents a rate base of \$1 billion, compared with \$947 million included in existing base rates plus previously approved GSRs-eligible investments. Since the last general rate case, Kansas Gas Service has invested \$179 million in its systems and facilities.

The portion of the bill associated with the cost of gas, which represented 42 percent of the average residential bill in 2017, is not impacted by this filing. The cost of gas continues to be passed through directly to the customer with no markup. Kansas Gas Service’s filing also includes a Revenue Normalization Adjustment that is designed to ensure that the company collects the amount of revenue set by the KCC from residential, general sales and small transport customers, regardless of customer usage.

In accordance with Kansas law, the KCC has 240 days to consider Kansas Gas Service’s filing.

Kansas Gas Service Requests Recovery of Investments and Costs for Providing Natural Gas Service

OVERLAND PARK, Kan. - June 29, 2018 - ONE Gas, Inc. (NYSE: OGS) announced today that its Kansas Gas Service division filed a request with the Kansas Corporation Commission (KCC) to increase its net base rates by \$42.7 million. Since its last adjustment to base rates in January 2017, Kansas Gas Service has invested approximately \$179 million in its natural gas distribution system. This system, which stretches approximately 13,000 miles throughout Kansas, serves more than 636,000 customers in 360 communities.

“Delivering safe and reliable natural gas service to the homes and businesses of the customers we serve is our highest priority,” said Pierce H. Norton II, ONE Gas president and chief executive officer. “This filing reflects the investments in our infrastructure to upgrade our system and maintain the quality of service our customers have come to expect and deserve.”

If approved, this request would increase the typical residential customer’s monthly natural gas bill by approximately \$5.67 or 10 percent. Kansas Gas Service is already recovering \$2.9 million from customers through the Gas System Reliability Surcharge, resulting in a total base rate increase of \$45.6 million. Benefits of the corporate income tax cuts associated with the new federal legislation that went into effect earlier this year are also reflected in the company’s filing.

The portion of the bill associated with the cost of gas, which represented 42 percent of the average residential bill in 2017, is not impacted by this filing. The cost of gas continues to be passed through directly to the customer with no markup. Kansas Gas Service’s filing also includes a Revenue Normalization Adjustment that is designed to ensure that the company collects the amount of revenue set by the KCC from residential, general sales and small transport customers, regardless of customer usage.

“Our employees work hard to manage our expenses to help keep energy costs at reasonable rates,” continued Norton. “We also offer programs that help customers manage their monthly bills and provide helpful energy-saving tools.”
