Item 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On June 11, 2018 (the “Closing Date”), Vivint Solar, Inc.’s (“Vivint Solar”) wholly-owned subsidiaries, Vivint Solar Financing IV, LLC (“Vivint Solar Financing IV”) and Vivint Solar Financing V, LLC (“Vivint Solar Financing V”) each completed an issuance of Solar Asset Backed Notes (collectively, the “Transactions”).

Vivint Solar Financing V issued an aggregate principal amount of \$400,000,000 of Solar Asset Backed Notes, Series 2018-1, Class A (the “2018-1 Class A Notes”) and an aggregate principal amount of \$66,000,000 of Solar Asset Backed Notes, Series 2018-1, Class B (the “2018-1 Class B Notes” and together with the 2018-1 Class A Notes, the “2018-1 Notes”). The 2018-1 Class A Notes bear interest at a rate of 4.73% and have an anticipated repayment date of October 30, 2028. The 2018-1 Class B Notes bear interest at a rate of 7.37% and have an anticipated repayment date of October 30, 2028.

Vivint Solar Financing IV issued an aggregate principal amount of \$296,000,000 of Solar Asset Backed Notes, Series 2018-2, Class A (the “2018-2 Class A Notes”) and an aggregate principal amount of \$49,000,000 of Solar Asset Backed Notes, Series 2018-2, Class B (the “2018-2 Class B Notes” and together with the 2018-2 Class A Notes, the “2018-2 Notes”). The 2018-2 Class A Notes bear interest at a variable spread over LIBOR that is intended to result in a weighted average spread for all 2018-2 Notes of 2.95%. The 2018-2 Class B Notes bear interest at a spread over LIBOR of 4.75% or, if no 2018-2 Class A Notes are outstanding, 2.95%. The 2018-2 Notes have a stated maturity of August 29, 2023.

The 2018-1 Notes and the 2018-2 Notes may only be acquired by persons who are either (i) qualified institutional buyers as defined in Rule 144A under the Securities Act of 1933, as amended (the “Securities Act”), or (ii) not U.S. Persons (as defined in Regulation S under the Securities Act (“Regulation S”)) in offshore transactions in reliance on Regulation S. The 2018-1 Class A Notes have been rated A- (sf) and the 2018-1 Class B Notes have been rated BB- (sf), in each case by Kroll Bond Rating Agency, Inc. The 2018-2 Notes are not rated.

The Collateral

The 2018-1 Notes were issued by Vivint Solar Financing V pursuant to an Indenture (the “2018-1 Indenture”), dated as of the Closing Date, between Vivint Solar Financing V and Wells Fargo Bank, National Association (“Wells Fargo”), as indenture trustee, and the 2018-2 Notes were issued by Vivint Solar Financing IV pursuant to a separate Indenture (the “2018-2 Indenture”), dated as of the Closing Date, between Vivint Solar Financing IV and Wells Fargo as indenture trustee.

The 2018-1 Notes and the 2018-2 Notes are secured by, and payable solely from the cash flow generated by, the membership interests that will be owned by Vivint Solar Financing V and Vivint Solar Financing IV, as applicable, in certain indirectly owned subsidiaries of Vivint Solar, each of which subsidiaries is the managing member of a project company that is jointly owned with a third-party investor and each of which project companies owns a pool of photovoltaic systems and related leases and power purchase agreements and ancillary rights and agreements that were originated by a wholly owned subsidiary of Vivint Solar.

Vivint Solar Provider, LLC (“Vivint Solar Provider”) will act as manager pursuant to the terms of a Management Agreement with each of Vivint Solar Financing IV and Vivint Solar Financing V. Vivint Solar Provider will be required to provide all administrative, collection and other management services for each of Vivint Solar Financing IV and Vivint Solar Financing V, as applicable, in respect of the managing membership interests that each owns in an applicable project company, and the interests, rights and obligations thereof.

Events of Default and Amortization Events

The 2018-1 Indenture and the 2018-2 Indenture each contain events of default that generally are customary in nature for solar securitizations of this type, including (a) the non-payment of interest or principal, (b) material violations of covenants, (c) material breaches of representations and warranties and (d) certain bankruptcy events. An event of default will also occur with respect to the 2018-2 Notes if they are not paid in full at their stated maturity. The 2018-1 Notes and the 2018-2 Notes are also each subject to amortization events that generally are customary in nature for solar securitizations of this type, including (i) asset coverage ratios falling below certain levels, (ii) a debt service coverage ratio falling below certain levels, (iii) the failure to maintain insurance, and (iv) the failure to repay the notes in full prior to the anticipated repayment date for such class of notes. In addition, the 2018-2 Notes are subject to amortization events relating to certain change of control events and certain liquidity requirements. The occurrence of an amortization event or an event of default could result in the more rapid amortization of the 2018-1 Notes and 2018-2 Notes, as applicable, and the occurrence of an event of default could, in certain instances, result in the liquidation of the collateral securing the 2018-1 Notes and the 2018-2 Notes.

Use of Proceeds

Vivint Solar intends to use the proceeds from the sale of the notes for repayment of borrowings under existing credit facilities, for the payment of fees and expenses related to the Transactions and for general corporate purposes.

ITEM 1.02 TERMINATION OF A MATERIAL DEFINITIVE AGREEMENT

Concurrently with the execution of the Transactions, the Credit Agreement, dated as of August 4, 2016, by and among Vivint Solar Financing II, LLC, as borrower, the financial institutions as lenders from time to time party thereto, and Investec Bank plc, as administrative agent (the "Term Loan A Facility") and the Financing Agreement, dated as of March 14, 2016, by and among Vivint Solar Financing Holdings Parent, LLC, Vivint Solar Financing Holdings, LLC, as borrower, the lenders party thereto from time to time, and Highbridge Principal Strategies, LLC, as collateral agent and administrative agent (the "Highbridge Facility") have been terminated. Proceeds from the Transactions were used to pay off the outstanding debt under the Term Loan A Facility, in an aggregate amount equal to \$200,775,306.51, and the outstanding debt under the Highbridge Facility, in an aggregate amount equal to \$206,413,090.11.

ITEM 2.03 CREATION OF A DIRECT FINANCIAL OBLIGATION OR AN OBLIGATION UNDER AN OFF-BALANCE SHEET ARRANGEMENT OF A REGISTRANT.

The information related to the Transactions described under Item 1.01 above is hereby incorporated by reference under this Item 2.03.

ITEM 7.01 REGULATION FD

On June 11, 2018, Vivint Solar issued a press release announcing the closing of the Transactions. A copy of that press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference. This information, including the information contained in the press release, shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, and is not incorporated by reference into any of Vivint Solar's filings, whether made before or after the date hereof, regardless of any general incorporation language in any such filing.

FOR IMMEDIATE RELEASE**Vivint Solar Closes \$811 Million of New Financing**

Leading full-service residential solar provider announces closing and funding of its first securitization

LEHI, Utah, June 11, 2018 —Vivint Solar, Inc. (NYSE: VSLR) today announced the closing and funding of \$811 million aggregate principal amount of debt financing comprised of two separate transactions. The first is a capital markets issuance by its wholly-owned subsidiary, Vivint Solar Financing V, LLC, of \$466 million aggregate principal amount of Solar Asset Backed Notes, Series 2018-1 (issued in two classes – \$400 million Series 2018-1 Class A Notes and \$66 million Series 2018-1 Class B Notes). The offering was upsized from the original offering size of \$355 million to become the largest securitization of residential solar power purchase agreements and leases to date. Credit Suisse Securities (USA) LLC and Citigroup Global Markets, Inc. acted as joint bookrunners and co-structuring agents and Merrill Lynch, Pierce, Fenner & Smith Incorporated, Deutsche Bank Securities Inc. and SunTrust Robinson Humphrey, Inc. acted as co-managers for the issuance of the Series 2018-1 Notes.

In addition, Vivint Solar Financing IV, LLC issued, in a private placement, \$345 million aggregate principal amount of Solar Asset Backed Notes, Series 2018-2. Credit Suisse was the sole arranger of the private placement of the Series 2018-2 Notes.

The proceeds from these two financings will be used to repay in full, or reduce the outstanding balance of, certain existing debt facilities of Vivint Solar, Inc. and its subsidiaries and for general corporate purposes. Overall these transactions lower Vivint Solar, Inc.'s blended total credit spreads by approximately 160 basis points.

The Series 2018-1 Class A Notes will have an interest rate of 4.73 percent and an anticipated repayment date of October 30, 2028. The Series 2018-1 Class B Notes will have an interest rate of 7.37 percent and an anticipated repayment date of October 30, 2028. Vivint Solar Financing IV, LLC entered into an interest rate swap concurrent with issuance of the Series 2018-2 Notes that results in an implied all-in interest rate of approximately 5.95 percent. The term of each of the separate financings was structured to exceed the expected "flip" date of the underlying project tax equity funds.

"We are pleased to announce this new milestone in the evolution of our financing strategy, which optimizes and simplifies our term debt structure while allowing us to repay more expensive outstanding loans, increase advance rates, lock in attractive fixed borrowing rates and create incremental liquidity for the business," said Chief Commercial Officer and Head of Capital Markets Thomas Plagemann. "We appreciate our investors' continued support and commitment to accelerating solar power adoption."

On a combined basis the financings provide back-leverage financing for a portfolio of 16 tax equity funds and one wholly owned subsidiary that own 575 megawatts and over 86,000 residential solar energy systems.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy these securities, and there shall not be any offer or sale of these securities in any state in which such offer, solicitation or sale would be unlawful. These securities will not be registered under the Securities Act of 1933, as amended (the "Securities Act") or any state securities laws, and unless so registered, may not be offered or sold in the United States except pursuant to an exemption from the registration requirements of the Securities Act and applicable state laws.
