Special note regarding forward-looking statements

This prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein and therein contain forward-looking statements that are subject to risks and uncertainties. All statements other than statements of historical or current fact included in this annual report are forward-looking statements. Forward-looking statements refer to our current expectations and projections relating to, by way of example and without limitation, our financial condition, liquidity, profitability, results of operations, margins, plans, objectives, strategies, future performance, business and industry. You can identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. These statements may include words such as "anticipate", "estimate", "expect", "project", "plan",

[Table of Contents](#)

"intend", "believe", "may", "might", "will", "could", "should", "can have", "likely" and other words and terms of similar meaning in connection with any discussion of the timing or nature of future operating or financial performance or other events, but not all forward-looking statements contain these identifying words. For example, all statements we make relating to our estimated and projected earnings, revenues, costs, expenditures, cash flows, growth rates and financial results, our plans and objectives for future operations, growth or initiatives, strategies or the expected outcome or impact of pending or threatened litigation are forward-looking statements. We believe the risks attending any forward-looking statements include, but are not limited to, those described under "Risk factors" and include, among other things:

- risks related to levels of consumer spending and economic conditions;
- risks related to our ability to maintain and enhance a strong brand image and compete effectively;
- risks related to conditions in the foreign countries in which our products are manufactured and other risks of international trade;
- risks related to our growth, including opening new stores in new and existing geographic markets;
- risks related to our distribution model;
- risks related to our dependence on third-party suppliers;
- risks related to our exclusive product offerings;
- risks related to retention of our key executive management and other talent required for our business, as well as costs related to wage and benefits;
- risks related to our indebtedness;
- risks related to our management information systems;
- risks relating to our e-commerce business;
- risks relating to the seasonality of our business;
- risks relating to celebrity endorsements of our products;
- risks related to intellectual property; and
- litigation costs and the outcomes of litigation.

We derive many of our forward-looking statements from our current operating budgets and forecasts, which are based upon detailed assumptions. While we believe that our assumptions are reasonable, we caution that it is very difficult to predict the impact of known factors, and it is impossible for us to anticipate all factors that could affect our actual results. For these reasons, we caution readers not to place undue reliance on these forward-looking statements.

See the sections entitled "Risk factors" beginning on page S-12 of this prospectus supplement, page 14 of our Annual Report on Form 10-K for the fiscal year ended April 1, 2017, filed with the SEC on June 7, 2017 (our "Form 10-K") and page 33 of our Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2017, filed with the SEC on November 6, 2017 (our "Second Quarter Form 10-Q") for a more complete discussion of the risks and uncertainties mentioned above and for a discussion of other risks and uncertainties. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual

results to differ materially from those contained in any forward-looking statements we may make. All forward-looking statements attributable to us are expressly qualified in their entirety by these cautionary statements as well as others made in this prospectus supplement, the accompanying prospectus and in our other SEC filings and public communications. You should evaluate all forward-looking statements made by us in the context of these risks and uncertainties.

We caution you that the risks and uncertainties identified by us may not be all of the factors that are important to you. Furthermore, the forward-looking statements included in this prospectus supplement are made only as of the date hereof. Our forward-looking statements do not reflect the potential impact of any future acquisitions, mergers, dispositions, joint ventures or investments that we may make. We undertake no obligation to publicly update or revise any forward-looking statement as a result of new information, future events or otherwise, except as otherwise required by law.

Basis of presentation

We operate on a fiscal calendar that results in a 52- or 53-week fiscal year ending on the last Saturday of March, unless April 1 is a Saturday, in which case the fiscal year ends April 1. For ease of reference, we identify our fiscal year in this prospectus supplement by reference to the calendar year in which the fiscal year ends. This prospectus supplement contains references to fiscal 2015, fiscal 2016 and fiscal 2017, which represent our fiscal years ended March 28, 2015, March 26, 2016 and April 1, 2017, respectively. Fiscal 2015 and fiscal 2016 were 52-week periods; fiscal 2017 was a 53-week period. In a 52-week fiscal year, each quarter includes thirteen weeks of operations; in a 53-week fiscal year, the first, second and third quarters each include thirteen weeks of operations and the fourth quarter includes fourteen weeks of operations. Each quarter ends on the last Saturday of the 13-week period (or the 14-week period in a 53-week fiscal year).

As used in this prospectus supplement "GAAP" means U.S. generally accepted accounting principles.

Amounts presented in this prospectus supplement in millions are approximations of the actual amounts in that they have been rounded to the nearest one decimal place.

Unless the context requires otherwise, references in this prospectus supplement to "Boot Barn", the "Company", "we", "us" and "our" refer to Boot Barn Holdings, Inc. and its consolidated subsidiaries.

Trademarks and trade names

This prospectus supplement and the accompanying prospectus include our trademarks and trade names, such as "Boot Barn" and the names of our private brands, which are protected under applicable intellectual property laws and are our property. This prospectus supplement also contains trademarks, trade names and service marks of other companies, which are the property of their respective owners. Solely for convenience, trademarks, trade names and service marks referred to in this prospectus supplement and the accompanying prospectus may appear without the ®, TM or SM symbols, but such references are not intended to indicate, in any way, that we will not assert, to the fullest extent under applicable law, our rights or the right of any applicable licensor to these trademarks, trade names and service marks. We do not intend our use or display of other parties' trademarks, trade names or service marks to imply, and such use or display should not be construed to imply, a relationship with, or endorsement or sponsorship of us by, these other parties.

Industry and market data

Unless otherwise indicated, statements contained or incorporated by reference in this prospectus supplement concerning our industry and the markets in which we operate, including our general expectations and competitive position, business opportunity and market size, growth and share, are based on information from independent industry organizations and other third-party sources (including industry publications, surveys and forecasts), data from our internal research and management estimates. Management estimates are derived from publicly available information and the information and data referred to above, and are based on assumptions and calculations made by us based upon our interpretation of such information and data, and on our knowledge of our industry and the categories in which we operate, which we believe to be reasonable.

Furthermore, the information and data referred to above are imprecise and may prove to be inaccurate because the information cannot always be verified with complete certainty due to the limitations on the availability and reliability of raw data, the voluntary nature of the data gathering process and other limitations and uncertainties. However, we are responsible for all of the disclosure in this prospectus supplement and believe it to be reasonable. Projections, assumptions, expectations, beliefs and estimates regarding our industry and the categories in which we operate and our future performance are also necessarily subject to risk and change based on various factors, including those discussed in the sections entitled "Risk factors" of this prospectus supplement, our Form 10-K and our Second Quarter Form 10-Q.

Statements contained or incorporated by reference in this prospectus supplement regarding our competitive position, business opportunity and market size, growth and share in the U.S. are based on data that may not account for certain retailers. However, we believe that this data is a reasonable approximation of all relevant retailers, and we have no reason to believe that the inclusion of additional retailers in the data collection process would materially change the conclusions that we have drawn from this data. In addition, statements contained or incorporated by reference in this prospectus supplement regarding the characteristics and preferences of our customers are based on internal analyses of our customers that have not been independently verified. A broader sampling of our customers and different methodologies, among other variables, could lead to different results; however, we know of no better methodology for estimation, nor do we have any reason to believe that our consideration of additional or different survey data would materially change the conclusions that we have drawn from these surveys.

Same store sales

The term "same store sales" refers to net sales from stores that have been open at least 13 full fiscal months as of the end of the current reporting period, although we include or exclude stores from our calculation of same store sales in accordance with the following additional criteria:

- stores that are closed for five or fewer days in any fiscal month are included in same store sales;
- stores that are closed temporarily, but for more than five days in any fiscal month, are excluded from same store sales beginning in the fiscal month in which the temporary closure begins until the first full month of operation once the store re-opens;
- stores that are closed temporarily and relocated within their respective trade areas are included in same store sales;
- stores that are permanently closed are excluded from same store sales beginning in the month preceding closure; and

[Table of Contents](#)

- acquired stores are added to same store sales beginning on the later of (a) the applicable acquisition date and (b) the first day of the first fiscal month after the store has been open for at least 13 full fiscal months regardless of whether the store has been operated under our management or predecessor management.

If the criteria described above are met, then all net sales of an acquired store, excluding those net sales before our acquisition of that store, are included for the period presented. However, when an acquired store is included for the period presented, the net sales of such acquired store for periods before its acquisition are included (to the extent relevant) for purposes of calculating "same store sales growth" and illustrating the comparison between the applicable periods. Pre-acquisition net sales numbers are derived from the books and records of the acquired company, as prepared prior to the acquisition, and have not been independently verified by us.

In addition to retail store sales, same store sales also includes e-commerce sales, e-commerce shipping and handling revenue and actual retail store or e-commerce sales returns. We exclude gift card escheatment, provision for sales returns and estimated future loyalty award redemptions from sales in our calculation of net sales per store. Beginning on September 11, 2017, the date of acquisition, sales from the four acquired Wood's Boots stores have been included in same store sales. Sales as a result of an e-commerce asset acquisition, such as Country Outfitter, are excluded from same store sales until the 13th full fiscal month subsequent to the Company's acquisition of such assets.

Measuring the change in year-over-year same store sales allows us to evaluate how our store base is performing. Numerous factors affect our same store sales, including:

- national and regional economic trends;
- our ability to identify and respond effectively to regional consumer preferences;
- changes in our product mix;
- changes in pricing;
- competition;
- changes in the timing of promotional and advertising efforts;
- holidays or seasonal periods; and
- weather.

We use the term "same store sales growth" to refer to the percentage change in our same store sales as compared to the prior comparable period. We believe that same store sales and same store sales growth provide investors with helpful information about our operating performance.

Opening new stores is an important part of our growth strategy, and we anticipate that a percentage of our net sales in the near future will come from stores not included in our same store sales calculation. Accordingly, same store sales are only one measure we use to assess the success of our business and growth strategy. Some of our competitors and other retailers may calculate "same" or "comparable" store sales differently than we do. As a result, data contained in or incorporated by reference in this prospectus supplement regarding our same store sales may not be comparable to similar data made available by other retailers.

Non-GAAP financial measures

EBITDA, Adjusted EBITDA and Adjusted EBIT are financial measures that are not calculated in accordance with GAAP. We define EBITDA as net income (loss) adjusted to exclude income tax expense (benefit), net

[Table of Contents](#)

interest expense and depreciation and intangible asset amortization. We define Adjusted EBITDA as EBITDA adjusted to exclude certain non-cash expenses, such as stock-based compensation and the non-cash accrual for future award redemptions, and other costs and expenses that are not directly related to our operations, including acquisition-related expenses, acquisition-related integration costs, amortization of inventory fair value adjustment, loss on disposal of assets and contract termination costs from store closures, store impairment charges, secondary offering costs and other due diligence expenses. Similar to Adjusted EBITDA, Adjusted EBIT excludes the aforementioned adjustments while maintaining the impact of depreciation and amortization on our financial results. In this prospectus supplement, including information incorporated by reference, we present these non-GAAP measures together with a reconciliation of EBITDA, Adjusted EBITDA and Adjusted EBIT to our net income, the most directly comparable financial measure calculated and presented in accordance with GAAP. See "Prospectus supplement summary—Summary consolidated financial and other data."

We include EBITDA, Adjusted EBITDA and Adjusted EBIT in this prospectus supplement because they are important financial measures that our management, board of directors and lenders use to assess our operating performance. We use EBITDA, Adjusted EBITDA and Adjusted EBIT as key performance measures because we believe that they facilitate operating performance comparisons from period to period by excluding potential differences primarily caused by the impact of variations from period to period in tax positions, interest expense and depreciation and amortization, as well as, in the case of Adjusted EBITDA and Adjusted EBIT, excluding non-cash expenses, such as non-cash stock-based compensation and the non-cash accrual for future award redemptions, and unusual or non-recurring costs and expenses that are not directly related to our operations, including acquisition expenses, acquisition-related integration and reorganization costs, amortization of inventory fair value adjustment, loss on disposal of assets and contract termination costs from store closures, secondary offering costs and other unusual or non-recurring expenses. Because EBITDA, Adjusted EBITDA and Adjusted EBIT facilitate internal comparisons of our historical operating performance on a more consistent basis, we also use EBITDA, Adjusted EBITDA and Adjusted EBIT (or some variations thereof) for business planning purposes, in calculating covenant compliance for our credit facilities, in determining incentive compensation for members of our management and in evaluating acquisition opportunities. In addition, we believe that EBITDA, Adjusted EBITDA and Adjusted EBIT and similar measures are widely used by investors, securities analysts, ratings agencies and other parties in evaluating companies in our industry as a measure of financial performance and debt-service capabilities.

Our use of EBITDA, Adjusted EBITDA and Adjusted EBIT has limitations as an analytical tool. Some of these limitations are:

- none of EBITDA, Adjusted EBITDA and Adjusted EBIT reflects income tax expense or the cash requirements to pay our taxes;
- none of EBITDA, Adjusted EBITDA and Adjusted EBIT reflects our cash expenditures for capital equipment, leasehold improvements or other contractual commitments;
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future, and neither EBITDA nor Adjusted EBITDA reflects capital expenditure requirements for such replacements;
- none of EBITDA, Adjusted EBITDA and Adjusted EBIT reflects the interest expense or the cash requirements necessary to service interest or principal payments under our credit facilities; and

[Table of Contents](#)

- none of EBITDA, Adjusted EBITDA and Adjusted EBIT reflects changes in, or cash requirements for, our working capital needs.

EBITDA, Adjusted EBITDA and Adjusted EBIT should not be considered in isolation or as alternatives to net income or any other measure of financial performance calculated and presented in accordance with GAAP. Given that EBITDA, Adjusted EBITDA and Adjusted EBIT are measures not deemed to be in accordance with GAAP and are susceptible to varying calculations, our EBITDA, Adjusted EBITDA and Adjusted EBIT may not be comparable to similarly titled measures of other companies, including companies in our industry, because other companies may calculate EBITDA, Adjusted EBITDA and Adjusted EBIT in a different manner than we calculate these measures.

In evaluating EBITDA, Adjusted EBITDA and Adjusted EBIT, you should be aware that in the future we may or may not incur expenses similar to some of the adjustments in this presentation. Our presentation of EBITDA, Adjusted EBITDA and Adjusted EBIT does not imply that our future results will be unaffected by these expenses or any unusual or non-recurring items. When evaluating our performance, you should consider EBITDA, Adjusted EBITDA and Adjusted EBIT alongside other financial performance measures, including our net income and other GAAP results, and not rely on any single financial measure.

Prospectus supplement summary

This summary highlights information contained elsewhere in this prospectus supplement or incorporated by reference into this prospectus supplement and does not contain all of the information that you should consider in making your investment decision. Before investing in our common stock, you should carefully read this prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein and therein, including the sections entitled "Risk factors" of this prospectus supplement, our Form 10-K, our Second Quarter Form 10-Q and our consolidated financial statements and related notes included in our Form 10-K and our Second Quarter Form 10-Q, and incorporated by reference herein.

Our company

We are the largest and fastest-growing lifestyle retail chain devoted to western and work-related footwear, apparel and accessories in the U.S. With 226 stores in 31 states as of January 16, 2018, we have approximately three times as many stores as our nearest direct competitor that sells primarily western and work wear, and believe we have the potential to double our store base. As of January 16, 2018, our stores, which are typically freestanding or located in strip centers, average 11,407 square feet and feature a comprehensive assortment of brands and styles, coupled with attentive, knowledgeable store associates.

Our product offering is anchored by an extensive selection of western and work boots and is complemented by a wide assortment of coordinating apparel and accessories. Many of the items that we offer are basics or necessities for our customers' daily lives and typically represent enduring styles that are not meaningfully impacted by changing fashion trends. Accordingly, approximately 70% of our store inventory is kept in stock through automated replenishment programs. The vast majority of our merchandise both in stores and on bootbarn.com is sold at full price and is not subject to typical inventory markdowns. Sheplers E-commerce is more promotional and offers a greater assortment of products at discounted prices. Our boot selection, which comprises approximately one-third of each store's selling square footage space, is merchandised on self-service fixtures with western boots arranged by size and work boots arranged by brand. This allows us to display the full breadth of our inventory and deliver a convenient shopping experience. We also carry market-leading assortments of denim, western shirts, cowboy hats, belts and belt buckles, western-style jewelry and accessories. Our western assortment includes many of the industry's most sought-after brands, such as Ariat, Dan Post, Justin, Lucchese, Miss Me, Montana Silversmiths, Stetson, Resistol and Wrangler. Our work assortment includes rugged footwear, outerwear, overalls, denim and shirts for the most physically demanding jobs where durability, performance and protection matter, including safety-toe boots and flame-resistant and high-visibility clothing. Among the top work brands sold in our stores are Carhartt, Georgia Boot, Timberland Pro and Wolverine. Our merchandise is also available on our e-commerce websites, www.bootbarn.com, www.sheplers.com and www.countryoutfitter.com.

Boot Barn was founded in 1978 and, over the past 40 years, has grown both organically and through successful strategic acquisitions of competing chains. We have rebranded and remerchandised the acquired chains under the Boot Barn banner, resulting in sales and profit increases over their original concepts. We believe that our business model and scale provide us with competitive advantages that have contributed to our consistent and strong financial performance, generating sufficient cash flow to support national growth, as evidenced by:

- 30 out of 33 consecutive quarters of positive same store sales growth, through December 30, 2017 (see diagram below);

- Store base consisting of 226 stores as of January 12, 2018, with 70 new stores resulting from organic growth and 77 new stores resulting from strategic acquisitions since March 31, 2012;
- Net sales of \$629.8 million in fiscal 2017, an increase of \$396.6 million since fiscal 2013, representing a compound annual growth rate, or CAGR, of 28.2%; and
- Net income of \$14.2 million and Adjusted EBITDA of \$59.2 million for fiscal 2017 (see "—Summary consolidated financial and other data" for a discussion and reconciliation of Adjusted EBITDA to net income).

Quarterly same store sales growth

See "—Recent Developments."

For a description of the manner in which we calculate same store sales, see "Same store sales" at the beginning of this prospectus supplement.

Our competitive strengths

We believe the following strengths differentiate us from our competitors and provide a solid foundation for future growth:

Powerful lifestyle brand. The Boot Barn brand is built on western lifestyle values that are core to American culture. Our deep understanding of this lifestyle enables us to create long-lasting relationships with our customers who embody these ideals. Our brand is highly visible through our sponsorship of rodeos, stock shows, concerts and country music artists. We sponsor local community rodeos, national rodeos and other country and western events. We sell our products through pop-up shops at several of the largest events that we sponsor. We believe these grassroots marketing efforts make our brand synonymous with the western lifestyle, validate our brand's authenticity and establish Boot Barn as the trusted specialty retailer for all of our customers' everyday needs.

Strong e-commerce positioning. We offer a compelling shopping experience to our customers, including 226 brick-and-mortar stores combined with multiple websites including bootbarn.com, sheplers.com and countryoutfitter.com. Bootbarn.com offers a compelling every-day low price shopping experience catered

towards a lifestyle customer with western roots and a strong work influence. Sheplers.com offers a broad value proposition assortment targeted to a more promotional customer. Countryoutfitter.com has a curated assortment appealing to a more fashion-based country lifestyle customer. Each of our e-commerce platforms has distinct brand positioning and provides a differentiated shopping experience to our customers.

Fast growing specialty retailer of western and work wear in the U.S. Our broad geographic footprint, which currently spans 31 states, provides us with significant economies of scale, enhanced supplier relationships, the ability to recruit and retain high quality store associates and the ability to reinvest in our business at levels that we believe exceed those of our competition.

Attractive, loyal customer base. Our customers come to us for many aspects of their everyday footwear and clothing needs because of the breadth and availability of our product offering. In fiscal 2011 we implemented our customer loyalty program, B Rewarded, to enhance our connection and relationship with our customers. Our loyalty program has grown rapidly since inception and as of December 30, 2017 includes approximately 3.6 million members who have purchased merchandise from us since March 29, 2015, the first day of fiscal 2016. A vast majority of our sales are made to these customers. We leverage this database, which provides useful information about our customers, to enhance our marketing activities across our channels, refine our merchandising and planning efforts and assist in our selection of sites for new stores.

Differentiated shopping experience. We deliver a one-stop shopping experience that engages our customers and, we believe, fulfills their lifestyle needs. Our stores are designed to create an inviting and engaging experience and include prominent storefront signage, a simple and easy-to-shop layout and a large and conveniently arranged self-service selection of boots. We offer significant inventory breadth and depth across a range of boots, apparel and accessories. Additionally, all of our stores are equipped with touch screen devices that allow our customers to access millions of additional boots, apparel and other items from our e-commerce warehouse inventory as well as the inventory at most of our larger third-party vendors. We believe that our strong, long-lasting supplier relationships enhance our ability to provide a compelling merchandise assortment with a strong in-stock position both in-store and online. Our knowledgeable store associates are passionate about our merchandise and deliver a high level of service to our customers. These elements help promote customer loyalty and drive repeat visits.

Compelling merchandise assortment and strategy. We believe we offer a diverse merchandise assortment that features the most sought-after western and work wear brands, well-regarded niche brands and exclusive private brands across a range of merchandise categories including boots, apparel and accessories, which accounted for 52%, 32% and 16% of our product mix, respectively, in fiscal 2017. We have a core assortment of styles that serves as a foundation for our merchandising strategy and we augment and tailor that assortment by region to cater to local preferences. In fiscal 2017 and the first two quarters of fiscal 2018, the vast majority of our merchandise sales in stores and on bootbarn.com were at full price, which we believe demonstrates the strength of our brand and the less discretionary nature of our product offering. Sheplers E-commerce is more promotional and offers a greater assortment of products at discounted prices.

Portfolio of exclusive private brands. We have leveraged our scale, merchandising experience and customer knowledge to launch a portfolio of private brands exclusive to us, including *Shyanne*, *Cody James*, *Moonshine Spirit by Brad Paisley*, *Idyllwind Fueled by Miranda Lambert*, *American Worker*, *El Dorado* and *BB Ranch*. Our private brands are currently available in stores, on bootbarn.com, sheplers.com and countryoutfitter.com and offer high-quality western and work boots as well as apparel and accessories for

men, ladies and kids. Each of our private brands, which address product and price segments that we believe are underserved by third-party brands, offers exclusive products to our customers and achieves better merchandise margins than the third-party brands that we carry. Customer receptivity and demand for our private brands has been strong, demonstrated by the private brands' increasing penetration and sales momentum across our store base and e-commerce channels.

Versatile store model with compelling unit economics. We have successfully opened and currently operate stores that generate strong cash flow, consistent store-level financial results and an attractive return on investment across a variety of geographies, markets, store sizes and location types. We operate stores in markets characterized as agribusiness centers and ranch regions, and in other various geographies throughout the U.S. Our stores are also successful in small, rural towns and major metropolitan areas.

Our new store model requires an average net cash investment of approximately \$0.8 million and targets an average payback period of three years. We use the term "net cash investment" to refer to the cost of a store's initial inventory (net of accounts payable), pre-opening costs and capital investment (net of tenant improvement allowances). Our lean operating structure, coupled with our strong supplier relationships, has allowed us to grow with minimal supply chain investments as most of our products ship directly from our suppliers to our stores. We believe that our proven retail model and attractive unit economics support our ability to grow our store footprint in both new and existing markets across the U.S.

Highly experienced management team and passionate organization. Our senior management team has extensive experience across all key retail disciplines and has been instrumental in developing a robust and scalable infrastructure to support our growth. In addition to playing an important role in developing our long-term growth initiatives, our senior management team embraces the genuine and enduring qualities of the western and work lifestyle and has created a positive culture of enthusiasm and entrepreneurial spirit which is shared by team members throughout our entire organization.

Our growth strategies

We are pursuing several strategies to continue our profitable growth, including:

Continuing omni-channel leadership. Our growing national footprint, social media following and broader marketing efforts drive traffic to our stores and e-commerce websites. We operate sheplers.com and countryoutfitter.com along with bootbarn.com as an alternative to shopping in-store, which allows us to reach customers outside our geographic footprint. We continue to make investments in both online and in-store advertising, aimed at increasing traffic to our e-commerce websites, which reached over 26 million visits in total in fiscal 2017, and increasing the amount of merchandise purchased by customers who visit our websites, while improving the shopping experience for our customers. Additionally, all of our stores are equipped with touch screen devices that allow our customers to access millions of additional boots, apparel and other items from our e-commerce warehouse inventory as well as the inventory at most of our larger third-party vendors, purchase these items in store, and, in most cases, receive free shipping. We further continue to make investments in our e-commerce infrastructure, including adding automation to our warehouses to support expanding e-commerce growth. Our e-commerce sales as a portion of total consolidated net sales increased from 14.6% in fiscal 2016 to 18.4% in fiscal 2017.

Driving same store sales growth. We believe that we can continue to grow our same store sales by increasing our brand awareness, driving additional traffic to our stores and increasing the amount of merchandise purchased by customers while visiting our stores. Our management team has launched several

initiatives to accelerate growth, enhance our store associates' selling skills, drive store-level productivity and increase customer engagement through our loyalty program.

Building our private brand portfolio. We believe we can achieve gross margin enhancement by increasing the penetration of our private brand sales. As of December 30, 2017, our private brands include *Shyanne*, *Cody James*, *Moonshine Spirit by Brad Paisley*, *American Worker*, *El Dorado* and *BB Ranch*, and are sold in our stores and on all three of our e-commerce websites. We expect a full product launch of *Idyllwind Fueled by Miranda Lambert* in the fall of calendar year 2018. Each of our private brands, which address product and price segments that we believe are underserved by third-party brands, offers exclusive products to our customers and achieves better merchandise margins than the third-party brands that we carry.

Expanding our store base. Driven by our compelling store economics, we believe that there is a significant opportunity to expand our store base in the U.S. During fiscal 2017, we opened 12 stores and during fiscal 2018, through January 16, 2018, we opened five stores and acquired four. Based on an extensive internal analysis, we believe that we have the potential to double our domestic store base of 226 stores as of January 16, 2018. We currently plan to target store openings in new and existing markets and in adjacent and underserved markets that we believe will be receptive to our concept. Over the past several years, we have made investments in personnel, information technology, warehouse infrastructure and e-commerce platforms to support the expansion of our operations.

Leveraging our economies of scale. We believe that we have a variety of opportunities to increase the profitability of our business over time. Our ability to leverage our infrastructure and drive store-level productivity due to economies of scale is expected to be a primary driver in improving our profitability. We intend to continually refine our merchandise mix and increase the penetration of our private brands to help differentiate us from our competitors and achieve higher merchandise margins. We also expect to capitalize on additional economies of scale in purchasing and sourcing as we grow our geographic footprint and online presence.

Enhancing brand awareness. We intend to enhance our brand awareness and customer loyalty in a number of ways, such as continuing to grow our store base and our online and social media initiatives. We use broadcast media such as radio, television and outdoor advertisements to reach customers in new and existing markets. We also maintain our strong market position through our grassroots marketing efforts, including sponsorship of rodeos, stock shows and other western industry events, as well as our association with country music, including partnerships with Brad Paisley and Miranda Lambert and up-and-coming country musicians. We have an effective social media strategy with high customer engagement, as evidenced by our growing fan base on Facebook, Instagram, Snapchat and Twitter.

Our market opportunity

We participate in the large, growing and highly fragmented western and work wear markets of the broader apparel and footwear industry, which we estimate represents an approximately \$20 billion market. We offer a variety of boots, apparel and accessories that are basics or necessities for our customers' daily lives. Many of our customers are employed in the agriculture, oil and gas, manufacturing and construction industries, and are often country and western enthusiasts. We believe that growth in the western wear market has been and will continue to be driven by the growth of western events, such as rodeos, the popularity of country music and the continued strength and endurance of the western lifestyle. We believe that growth in the work wear market has been and will continue to be driven by increasing activity in the construction sector and the return of domestic manufacturing. Additionally, government regulations for

workplace safety have driven and, we believe, will continue to drive, sales in specific categories, such as safety-toe boots and flame-resistant and high-visibility clothing for various industrial and outdoor occupations.

Recent developments

Preliminary third quarter 2018 financial results

We expect to release our financial results for the third fiscal quarter ended December 30, 2017 on January 31, 2018. We expect such financial results to include the following:

- Net sales increased 13% to \$225 million.
- Same store sales increased 5.2%, with stores outperforming e-commerce sales.
- Net income per diluted share of \$0.73 based on 27.6 million weighted average diluted shares outstanding. Excluding the impact of the change in federal tax law, net income per diluted share was \$0.46. Net income per diluted share includes approximately \$0.02 arising from a \$1.0 million pre-tax net gain from insurance and other settlements, primarily related to losses suffered in the second quarter from Hurricane Harvey.
- We opened four new stores during the quarter.

Note regarding preliminary results. We have not yet finalized our financial results for the third quarter of fiscal 2018. The preliminary financial results set forth above are subject to revision pending the completion of the accounting and financial reporting processes necessary to complete our financial statements for the third quarter of fiscal 2018. The foregoing preliminary financial results have been prepared by management, which believes that they have been prepared on a reasonable basis, and represent, to the best of management's knowledge, our expected reported results. These preliminary financial results should not be viewed as a substitute for full financial statements prepared in accordance with GAAP, and these preliminary financial results are not necessarily indicative of the results to be achieved for the third quarter ended December 30, 2017 or any other period. Our unaudited financial statements for the third quarter ended December 30, 2017 will not be available until after this offering is completed, and consequently will not be available to you prior to investing in this offering.

The preliminary financial results were not prepared with the view to complying with published guidelines of the SEC or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of preliminary results of operations.

Tax reform

Recent changes in tax law lowered the federal corporate tax rate from 35% to 21%, which we estimate will result in an effective tax rate of 25% during the year ending March 30, 2019, our first full fiscal year under the new law. During the quarter ended December 30, 2017, we were required to re-measure deferred taxes under the new effective tax rate of 25%. The deferred tax impact resulted in a non-cash tax benefit of \$6.8 million, or approximately \$0.24 per share, to our third quarter earnings. Due to the timing of our fiscal year, the fiscal year 2018 effective tax rate is expected to be 36.2%, excluding the impact from the \$6.8 million re-measurement of deferred taxes. The 36.2% rate is calculated by blending nine months at our historical rate and three months at our new rate and applying the blended rate to the entire fiscal year.

Our corporate information

Our principal executive offices are located at 15345 Barranca Parkway, Irvine, California, 92618 and our telephone number is (949) 453-4400. Our website address is www.bootbarn.com. Except as expressly stated herein, the information contained on our website is not incorporated by reference into this prospectus supplement or the accompanying prospectus, and you should not consider any information contained on, or that can be accessed through, our website as part of this prospectus supplement or the accompanying prospectus, or in deciding whether to purchase our common stock. See "Incorporation of documents by reference."

Implications of being an emerging growth company

We are an "emerging growth company" as defined in the Jumpstart Our Business Startups Act of 2012, which we refer to as the "JOBS Act." We will remain an emerging growth company until the earlier of (1) the last day of our fiscal year (a) following October 29, 2019 (the fifth anniversary of the completion of our initial public offering), (b) in which we have total annual gross revenue of at least \$1.0 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700.0 million as of the last business day of our most recently completed second fiscal quarter, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt securities during the prior three-year period.

An emerging growth company may take advantage of specified reduced reporting and other burdens that are otherwise applicable generally to public companies. These provisions include:

- exemption from the provisions of Section 404(b) of the Sarbanes-Oxley Act of 2002, which we refer to as the "Sarbanes-Oxley Act", requiring that an independent registered public accounting firm provide an attestation report on the effectiveness of our internal controls over financial reporting;
- exemption from the "say on pay" and "say on golden parachute" advisory vote requirements of the Dodd-Frank Wall Street Reform and Customer Protection Act, which we refer to as the "Dodd-Frank Act";
- exemption from certain disclosure requirements of the Dodd-Frank Act relating to compensation of our executive officers and permission to omit the detailed compensation discussion and analysis from proxy statements and reports filed under the Securities Exchange Act of 1934, as amended, which we refer to as the "Exchange Act"; and
- permission to provide a reduced level of disclosure concerning executive compensation and exemption from any rules that may be adopted by the Public Company Accounting Oversight Board requiring mandatory audit firm rotations or a supplement to the auditor's report on the financial statements.

We cannot predict if investors will find our common stock less attractive, or if taking advantage of these exemptions would result in less active trading or more volatility in the price of our common stock.

In addition, Section 107 of the JOBS Act also provides that an emerging growth company can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act of 1933, as amended, which we refer to as the "Securities Act", for complying with new or revised accounting standards. However, we have chosen to "opt out" of such extended transition period, and as a result, we will comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. Our decision to opt out of the extended transition period for complying with new or revised accounting standards is irrevocable.

(1) We operate on a fiscal calendar that results in a 52- or 53-week fiscal year ending on the last Saturday of March unless April 1 is a Saturday, in which case the fiscal year ends on April 1. In a 52-week fiscal year, each quarter includes 13 weeks of operations; in a 53-week fiscal year, the first, second and third quarters each include 13 weeks of operations and the fourth quarter includes 14 weeks of operations. The data presented contains references to fiscal 2017, fiscal 2016 and fiscal 2015, which represent our fiscal years ended April 1, 2017, March 26, 2016 and March 28, 2015, respectively. Fiscal 2017 was a 53-week period and fiscal 2016 and 2015 were each 52-week periods. The data includes the activities of Sheplers from June 2015, its date of acquisition.

(2) Represents costs incurred in connection with the acquisition of Sheplers.

(3) The indicated data gives effect to the 25-for-1 stock split of our common stock effected October 27, 2014.

(4) EBITDA, Adjusted EBITDA and Adjusted EBIT are financial measures that are not calculated in accordance with GAAP. We define EBITDA as net income adjusted to exclude income tax expense, net interest expense and depreciation and intangible asset amortization. We define Adjusted EBITDA as EBITDA adjusted to exclude certain non-cash expenses, such as stock-based compensation and the non-cash accrual for future award redemptions, and other costs and expenses that are not directly related to our operations, including acquisition-related expenses, acquisition-related integration costs, amortization of inventory fair value adjustment, loss on disposal of assets and contract termination costs from store closures, store impairment charges, secondary offering costs and other due diligence expenses. Similar to Adjusted EBITDA, Adjusted EBIT excludes the aforementioned adjustments while maintaining the impact of depreciation and amortization on our financial results. We include EBITDA, Adjusted EBITDA and Adjusted EBIT in this prospectus supplement because they are important financial measures used by our management, board of directors and lenders to assess our operating performance. See "Non-GAAP financial measures" for more information about management's use of these measures and why we consider them to be important. EBITDA, Adjusted EBITDA and Adjusted EBIT should not be considered in isolation or as alternatives to net income or any other measure of financial performance calculated and presented in accordance with GAAP. Given that EBITDA, Adjusted EBITDA and Adjusted EBIT are measures not deemed to be in accordance with GAAP and are susceptible to varying calculations, our EBITDA, Adjusted EBITDA and Adjusted EBIT may not be comparable to similarly titled

measures of other companies, including companies in our industry, because other companies may calculate EBITDA, Adjusted EBITDA and Adjusted EBIT in a different manner than we calculate these measures. Our use of EBITDA, Adjusted EBITDA and Adjusted EBIT has limitations as an analytical tool. See "Non-GAAP financial measures" at the beginning of this prospectus supplement for examples of such limitations. The following table presents a reconciliation of EBITDA, Adjusted EBITDA and Adjusted EBIT to our net income, the most directly comparable financial measure calculated and presented in accordance with GAAP, for each of the periods indicated:

The adjustment assumes such inventory was sold at Sheplers' normalized margin rate.

(i) Represents professional fees and expenses incurred in connection with a prior due diligence process of Sheplers.

(5) Average net sales per store are calculated by dividing net sales for the applicable period by the number of stores operating at the end of the period. For the purpose of calculating net sales per store, e-commerce sales and certain other revenues are excluded from net sales.

(6) Working capital is calculated as current assets, excluding cash and cash equivalents, minus current liabilities, excluding the current portion of debt under our credit facilities.

Risk factors

Investing in our common stock involves a high degree of risk. You should carefully consider the risks and uncertainties described below and as described in the sections entitled "Risk factors" in our Form 10-K and our Second Quarter Form 10-Q, each of which is incorporated by reference herein, together with all of the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus, including our consolidated financial statements and related notes, before deciding whether to purchase shares of our common stock. Any of these risks could materially and adversely affect our business, operating results, financial condition, or prospects and cause the value of our common stock to decline, which could cause you to lose all or part of your investment.

Risks related to this offering and ownership of our common stock

The market price and trading volume of our common stock has been and may continue to be volatile, which could result in rapid and substantial losses for our stockholders, and you may lose all or part of your investment.

The market for specialty retail stocks can be highly volatile. Since our IPO in October 2014 through January 12, 2018, our common stock has traded as high as \$34.43 and as low as \$5.20. An active, liquid and orderly market for our common stock may not be sustained, which could depress the trading price of our common stock or cause it to be highly volatile or subject to wide fluctuations. The market price of our common stock has and may continue to fluctuate or may decline significantly in the future and you could lose all or part of your investment. Some of the factors that could negatively affect our share price or result in fluctuations in the price or trading volume of our common stock include:

- variations in our quarterly or annual financial results and operating performance and the performance of our competitors;
- publication of research reports or recommendations by securities or industry analysts about us, our competitors or our industry, or a lack of such securities analyst coverage;
- our failure or our competitors' failure to meet analysts' projections or guidance;
- ratings downgrades by any securities analysts who follow our common stock;
- our levels of same store sales;
- sales or anticipated sales of large blocks of our common stock;
- changes to our management team;
- regulatory developments negatively affecting our industry;
- changes in stock market valuations of our competitors;
- the development and sustainability of an active trading market for our common stock;
- the public's response to press releases or other public announcements by us or third parties, including our filings with the SEC;
- the performance and successful integration of any new stores that we open or acquire;
- actions by competitors;

[Table of Contents](#)

- announcements by us or our competitors of new product offerings or significant acquisitions;
- short selling of our common stock by investors;
- limited "public float" in the hands of a small number of persons whose sales or lack of sales of our common stock could result in positive or negative pricing pressure on the market price for our common stock;
- fluctuations in the stock markets generally and in the market for shares in the retail sector particularly; and
- changes in general market and economic conditions.

Further, securities class action litigation has often been initiated against companies following periods of volatility in their stock price. This type of litigation, should it materialize, could result in substantial costs and divert our management's attention and resources, and could also require us to make substantial payments to satisfy judgments or to settle litigation. The threat or filing of class action litigation could cause the price of our common stock to decline.

Freeman Spogli & Co. holds a significant amount of our common stock, which may prevent other stockholders from influencing corporate decisions and may result in conflicts of interest that cause the price of our common stock to decline.

Freeman Spogli & Co. controls approximately 50.2% of the total voting power of our outstanding common stock. As a result, Freeman Spogli & Co. is in a position to dictate, or significantly influence, the outcome of any corporate actions requiring stockholder approval, including the election of directors and mergers, acquisitions and other significant corporate transactions. Freeman Spogli & Co., acting alone or in conjunction with other stockholders, may be able to delay or prevent a change of control from occurring, even if the change of control would benefit our stockholders. It is also possible that the interests of Freeman Spogli & Co. may in some circumstances conflict with our interests and the interests of our stockholders. This ownership concentration may adversely impact the trading of our common stock because of a perceived conflict of interest that may exist, thereby depressing the value of our common stock.

Our amended and restated certificate of incorporation contains provisions renouncing our interest and expectancy in certain corporate opportunities identified by or presented to Freeman Spogli & Co.

Freeman Spogli & Co. and its affiliates are in the business of providing capital to growing companies, and they may acquire interests in businesses that directly or indirectly compete with certain portions of our business. Our amended and restated certificate of incorporation provides that Freeman Spogli & Co. and its affiliates will not have any duty to refrain from (1) engaging, directly or indirectly, in our line of business or (2) doing business with any of our customers or suppliers. In the event that Freeman Spogli & Co. or its affiliates (other than in the capacity as one of our officers or directors) acquires knowledge of a potential business opportunity which may be a corporate opportunity for us, then Freeman Spogli & Co. does not have any duty to communicate or offer such business opportunity to us and may take any such opportunity for itself or offer it to another person. Our amended and restated certificate of incorporation also provides that Freeman Spogli & Co. and its officers, directors and employees will not be liable to us or to any of our stockholders for breach of any fiduciary or other duty by engaging in any such activity and we will waive and renounce any claim based on such activity. This provision applies even if the business opportunity is one that we might reasonably be deemed to have pursued or had the ability or desire to pursue if granted the opportunity to do so. These potential conflicts of interest could have a material adverse effect on our business, financial condition, results of operations or prospects if attractive business opportunities are

allocated by Freeman Spogli & Co. to itself or its other affiliates instead of to us. The terms of our amended and restated certificate of incorporation are more fully described in "Description of capital stock—Corporate opportunity" in the accompanying prospectus.

Future sales of our common stock by existing stockholders could cause the price of our common stock to decline.

The market price for our common stock may decline as a result of sales of a substantial number of shares of our common stock in the public market after this offering, or the perception that such sales might occur. As of January 12, 2018, we had 26,781,789 shares of common stock outstanding. Each of our executive officers and directors and the selling stockholders have agreed, subject to certain exceptions, to be bound by a lock-up agreement that prevents us and them from selling or transferring shares of our common stock during the 60-day period following this offering. However, these shares will be freely tradable, subject to the limitations of Rule 144, in the public markets after the expiration of the lock-up period, which could depress the value of our common stock. Moreover, J.P. Morgan Securities LLC, Piper Jaffray & Co. and Jefferies LLC may, in their sole discretion, release any of the shares held by our current stockholders from the restrictions of the lock-up agreement at any time without notice, which would allow the immediate sale of these shares in the market, subject to the limitations of Rule 144. See "Underwriting."

Anti-takeover provisions in our corporate organizational documents and current credit facility and under Delaware law may delay, deter or prevent a takeover of us and the replacement or removal of our management, even if such a change of control would benefit our stockholders.

The anti-takeover provisions under Delaware law, as well as the provisions contained in our corporate organizational documents, may make an acquisition of us more difficult. For example:

- our amended and restated certificate of incorporation includes a provision authorizing our board of directors to issue blank check preferred stock without stockholder approval, which, if issued, would increase the number of outstanding shares of our capital stock and make it more difficult for a stockholder to acquire us;
- our amended and restated bylaws provide that director vacancies and newly created directorships can only be filled by an affirmative vote of a majority of directors then in office;
- our amended and restated bylaws require advance notice of stockholder proposals and director nominations;
- our amended and restated certificate of incorporation provides that our board of directors may adopt, amend, add to, modify or repeal our amended and restated bylaws without stockholder approval;
- our amended and restated bylaws do not permit our stockholders to act by written consent without a meeting unless that action is taken with regard to a matter that has been approved by our board of directors or requires the approval only of certain classes or series of our stock;
- our amended and restated certificate of incorporation contains a requirement that, to the fullest extent permitted by law, certain proceedings against or involving us or our directors, officers or employees must be brought exclusively in the Court of Chancery of the State of Delaware unless we consent in writing to an alternative forum;
- our amended and restated bylaws do not permit our stockholders to call special meetings; and

[Table of Contents](#)

- the General Corporation Law of the State of Delaware, or the DGCL, may prevent any stockholder or group of stockholders owning at least 15% of our common stock from completing a merger or acquisition of us.

Our debt instruments also contain provisions that could have the effect of making it more difficult or less attractive for a third party to acquire control of us. Our current credit facility provides that a change of control constitutes an event of default under such credit facility and would permit the lenders to declare the indebtedness incurred thereunder to be immediately due and payable. Our future credit facilities may contain similar provisions. The need to repay all such indebtedness may deter potential third parties from acquiring us.

Under these various provisions in our amended and restated certificate of incorporation, amended and restated bylaws and current credit facility, a takeover attempt or third-party acquisition of us, including a takeover attempt that may result in a premium over the market price for shares of our common stock, could be delayed, deterred or prevented. In addition, these provisions may prevent the market price of our common stock from increasing in response to actual or rumored takeover attempts and may also prevent changes in our management. As a result, these anti-takeover and change of control provisions may limit the price that investors are willing to pay in the future for shares of our common stock.

If securities or industry analysts do not publish research and reports or publish inaccurate or unfavorable research and reports about our business, the price and trading volume of our common stock could decline.

The trading market for our common stock is influenced by the research and reports that securities or industry analysts publish about us or our business. If securities or industry analyst coverage of one or more of the analysts who covers us downgrades our common stock or publishes inaccurate or unfavorable research about our business, the price of our common stock would likely decline. If one or more of these analysts ceases coverage of us or fails to publish reports on us regularly, demand for our common stock could decrease, which could cause the price of our common stock and trading volume to decline.

We do not currently intend to pay cash dividends on our common stock, which may make our common stock less desirable to investors and decrease its value.

We intend to retain all of our available funds for use in the operation and expansion of our business and do not anticipate paying any cash dividends on our common stock for the foreseeable future. Any future determination to pay cash dividends on our common stock will be at the discretion of our board of directors and will depend upon many factors, including our financial condition, results of operations and liquidity, legal requirements and restrictions that may be imposed by the terms of our current credit facility and in any future financing instruments. Therefore, you may only receive a return on your investment in our common stock if the market price increases above the price at which you purchased it, which may never occur.

We take advantage and will continue to take advantage of the reduced disclosure requirements applicable to "emerging growth companies", which may make our common stock less attractive to investors.

The JOBS Act provides that, so long as a company qualifies as an "emerging growth company", it will, among other things:

- be exempt from the provisions of Section 404(b) of the Sarbanes-Oxley Act requiring that its independent registered public accounting firm provide an attestation report on the effectiveness of its internal controls over financial reporting;
- be exempt from the "say on pay" and "say on golden parachute" advisory vote requirements of the Dodd-Frank Act;
- be exempt from certain disclosure requirements of the Dodd-Frank Act relating to compensation of its executive officers and be permitted to omit the detailed compensation discussion and analysis from proxy statements and reports filed under the Exchange Act; and
- be permitted to provide a reduced level of disclosure concerning executive compensation and be exempt from any rules that may be adopted by the Public Company Accounting Oversight Board requiring mandatory audit firm rotations or a supplement to the auditor's report on the financial statements.

If we remain an emerging growth company, we may take advantage of these exemptions. We cannot predict if investors will find our common stock less attractive if we elect to rely on these exemptions, or if taking advantage of these exemptions would result in less active trading or more volatility in the price of our common stock. Also, as a result of our taking advantage of some or all of the reduced regulatory and reporting requirements that are available to us as long as we qualify as an emerging growth company, our financial statements may not be comparable to companies that fully comply with regulatory and reporting requirements upon the public company effective dates.

Use of proceeds

The selling stockholders named in this prospectus supplement, some of whom are certain of our directors, officers and other affiliates, are offering all of the shares of common stock offered hereby. See "Selling stockholders." We will not receive any proceeds from the sale of shares of our common stock by the selling stockholders, including the sale of any shares by the selling stockholders if the underwriters exercise their option to purchase additional shares. Certain of the selling stockholders will exercise stock options to purchase all or a portion of the shares they are offering hereby. The proceeds we receive from these stock option exercises will be used by us for general corporate purposes. We have agreed to pay the expenses of the selling stockholders related to this offering other than underwriting discounts and commissions.

Selling stockholders

The following table sets forth information known to us with respect to the beneficial ownership of our common stock as of January 16, 2018 by each selling stockholder.

Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to securities. Shares of our common stock subject to options currently exercisable or exercisable within 60 days of January 16, 2018, including options to acquire 278,368 shares that will be exercised by certain of the selling stockholders in connection with this offering, are deemed outstanding for calculating the percentage of outstanding shares of the person holding these options, but are not deemed outstanding for calculating the percentage of any other person. Percentage of beneficial ownership is based upon the 26,781,789 shares of our common stock outstanding as of January 12, 2018. To our knowledge, except as set forth in the footnotes to this table and subject to community property laws where applicable, each person named in the table has sole voting and investment power with respect to the shares set forth opposite such person's name. Except as otherwise indicated, the address of each of the persons in this table is: c/o Boot Barn Holdings, Inc., 15345 Barranca Parkway, Irvine, California, 92618.

Underwriting

The selling stockholders are offering the shares of common stock described in this prospectus supplement through a number of underwriters. J.P. Morgan Securities LLC, Piper Jaffray & Co. and Jefferies LLC are acting as joint book-running managers of the offering and as representatives of the underwriters. We and the selling stockholders have entered into an underwriting agreement with the underwriters. Subject to the terms and conditions of the underwriting agreement, the selling stockholders have agreed to sell to the underwriters, and each underwriter has severally agreed to purchase from the selling stockholders, the number of shares of common stock listed next to its name in the following table:

Name	Number of shares
J.P. Morgan Securities LLC	2,100,000
Piper Jaffray & Co.	1,350,000
Jefferies LLC	1,350,000
Wells Fargo Securities, LLC	450,000
Robert W. Baird & Co. Incorporated	450,000
Cowen and Company, LLC	300,000
Total	6,000,000

The underwriters are committed to purchase all the common shares offered by the selling stockholders if they purchase any shares. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may also be increased or the offering may be terminated.

The underwriters propose to offer the common shares directly to the public at the initial public offering price set forth on the cover page of this prospectus supplement and to certain dealers at that price less a concession not in excess of \$0.465750 per share. After the offering of the shares, the offering price and other selling terms may be changed by the underwriters. Sales of shares made outside of the U.S. may be made by affiliates of the underwriters. The offering of the shares by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The underwriters have an option to buy up to 900,000 additional shares of common stock from the selling stockholders to cover sales of such shares by the underwriters which exceed the number of shares specified in the table above. The underwriters have 30 days from the date of this prospectus supplement to exercise this option to purchase additional shares of common stock. If any shares are purchased with this option to purchase additional shares of common stock, the underwriters will purchase such shares in approximately the same proportion as shown in the table above. If any additional shares of common stock are purchased, the underwriters will offer the additional shares on the same terms as those on which the shares are being offered.

The underwriting fee is equal to the public offering price per share of common stock less the amount paid by the underwriters to the selling stockholders per share of common stock. The underwriting fee is \$0.819375 per share. The following table shows the per share and total underwriting discounts and

[Table of Contents](#)

commissions to be paid to the underwriters by the selling stockholders assuming both no exercise and full exercise of the underwriters' option to purchase additional shares.

	Paid by the selling stockholders	
	Without exercise of option to purchase additional shares	With full exercise of option to purchase additional shares
Per share	\$ 0.819375	\$ 0.819375
Total	\$ 4,916,250	\$ 5,653,688

We estimate that the total expenses of this offering, including registration, filing and listing fees, printing fees, legal and accounting expenses and transfer agent and registrar expenses, but excluding the underwriting discounts and commissions, will be approximately \$300,000. We have agreed to pay for all of these expenses on behalf of the selling stockholders.

A prospectus in electronic format may be made available on the web sites maintained by one or more underwriters, or selling group members, if any, participating in the offering. The underwriters may agree to allocate a number of shares to underwriters and selling group members for sale to their online brokerage account holders. Internet distributions will be allocated by the representatives of the underwriters and selling group members that may make Internet distributions on the same basis as other allocations.

We have agreed that we will not (a) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, or file with the SEC a registration statement under the Securities Act relating to, any shares of our common stock or any securities convertible into or exercisable or exchangeable for our common stock, or publicly disclose the intention to make any offer, sale, pledge, disposition or filing, or (b) enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of our common stock or any such other securities (regardless of whether any of these transactions are to be settled by the delivery of shares of common stock or such other securities, in cash or otherwise), in each case without the prior written consent of J.P. Morgan Securities LLC, Piper Jaffray & Co. and Jefferies LLC for a period of 60 days after the date of this prospectus supplement, other than the shares of our common stock to be sold hereunder and any shares of our common stock issued upon the exercise of options granted under our existing management incentive plans.

Our executive officers and directors and the selling stockholders have entered into lock-up agreements with the underwriters prior to the commencement of this offering pursuant to which each of these persons or entities, with limited exceptions, for a period of 60 days after the date of this prospectus supplement, may not, without the prior written consent of J.P. Morgan Securities LLC, Piper Jaffray & Co. and Jefferies LLC, (1) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, any shares of our common stock or any securities convertible into or exercisable or exchangeable for our common stock (including without limitation, common stock or such other securities which may be deemed to be beneficially owned by such executive officers, directors and selling stockholders in accordance with the rules and regulations of the SEC and securities which may be issued upon exercise of a stock option or warrant), or publicly disclose the intention to make any offer, sale, pledge or disposition, (2) enter into any swap or other agreement that transfers, in whole or in part, any

[Table of Contents](#)

of the economic consequences of ownership of our common stock or such other securities, whether any such transaction described in clause (1) or (2) above is to be settled by delivery of common stock or such other securities, in cash or otherwise, or (3) make any demand for or exercise any right with respect to the registration of any shares of our common stock or any security convertible into or exercisable or exchangeable for our common stock.

We and the selling stockholders have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act.

Our common stock is listed on the NYSE under the symbol "BOOT."

In connection with this offering, the underwriters may engage in stabilizing transactions, which involves making bids for, purchasing and selling shares of common stock in the open market for the purpose of preventing or retarding a decline in the market price of the common stock while this offering is in progress. These stabilizing transactions may include making short sales of the common stock, which involves the sale by the underwriters of a greater number of shares of common stock than they are required to purchase in this offering, and purchasing shares of common stock on the open market to cover positions created by short sales. Short sales may be "covered" shorts, which are short positions in an amount not greater than the underwriters' option to purchase additional shares of our common stock referred to above, or may be "naked" shorts, which are short positions in excess of that amount. The underwriters may close out any covered short position either by exercising their option to purchase additional shares of our common stock, in whole or in part, or by purchasing shares in the open market. In making this determination, the underwriters will consider, among other things, the price of shares available for purchase in the open market compared to the price at which the underwriters may purchase shares through their option to purchase additional shares of our common stock. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the common stock in the open market that could adversely affect investors who purchase in this offering. To the extent that the underwriters create a naked short position, they will purchase shares in the open market to cover the position.

The underwriters have advised us that, pursuant to Regulation M of the Securities Act, they may also engage in other activities that stabilize, maintain or otherwise affect the price of the common stock, including the imposition of penalty bids. This means that if the representatives of the underwriters purchase common stock in the open market in stabilizing transactions or to cover short sales, the representatives of the underwriters can require the underwriters that sold those shares as part of this offering to repay the underwriting discount received by them.

These activities may have the effect of raising or maintaining the market price of the common stock or preventing or retarding a decline in the market price of the common stock, and, as a result, the price of the common stock may be higher than the price that otherwise might exist in the open market. If the underwriters commence these activities, they may discontinue them at any time. The underwriters may carry out these transactions on the NYSE, in the over-the-counter market or otherwise.

Special Note Regarding Forward-Looking Statements

This prospectus and the documents incorporated by reference contain forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act

of 1939; as amended (the "Exchange Act"). All statements other than statements of historical or current fact included in this annual report are forward-looking statements. Forward-looking statements refer to our current expectations and projections relating to, by way of example and without limitation, our financial condition, liquidity, profitability, results of operations, margins, plans, objectives, strategies, future performance, business and industry. You can identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. These statements may include words such as "anticipate", "estimate", "expect", "project", "plan", "intend", "believe", "may", "might", "will", "could", "should", "can have", "likely" and other words and terms of similar meaning in connection with any discussion of the timing or nature of future operating or financial performance or other events, but not all forward-looking statements contain these identifying words. For example, all statements we make relating to our estimated and projected earnings, revenues, costs, expenditures, cash flows, growth rates and financial results, our plans and objectives for future operations, growth or initiatives, strategies or the expected outcome or impact of pending or threatened litigation are forward-looking statements. Forward-looking statements are subject to risks and uncertainties. We believe the risks attending any forward-looking statements include, but are not limited to, those described under "Risk Factors" and include, among other things:

- risks related to levels of consumer spending and economic conditions;
- risks related to our ability to maintain and enhance a strong brand image and compete effectively;
- risks related to conditions in the foreign countries in which our products are manufactured and other risks of international trade;
- risks related to our growth, including opening new stores in new and existing geographic markets;
- risks related to our distribution model;
- risks related to our dependence on third party suppliers;
- risks related to our exclusive product offerings;
- risks related to retention of our key executive management and other talent required for our business, as well as costs related to wage and benefits;
- risks related to our indebtedness;
- risks related to our management information systems;
- risks relating to our e-commerce business;
- risks relating to the seasonality of our business;
- risks relating to celebrity endorsements of our products;
- risks related to intellectual property; and
- litigation costs and the outcomes of litigation.

We derive many of our forward-looking statements from our current operating budgets and forecasts, which are based upon detailed assumptions. While we believe that our assumptions are reasonable, we caution that it is very difficult to predict the impact of known factors, and it is impossible for us to anticipate all factors that could affect our actual results. For these reasons, we caution readers not to place undue reliance on these forward-looking statements.

Our Company

We believe that Boot Barn is the largest lifestyle retail chain devoted to western and work-related footwear, apparel and accessories in the United States. As of December 12, 2017, we operated 226 stores in 31 states, as well as an e-commerce channel, consisting of www.bootbarn.com, www.sheplers.com and www.countryoutfitter.com. Our product offering is anchored by an extensive selection of western and work boots and is complemented by a wide assortment of coordinating apparel and accessories. Our stores feature a comprehensive assortment of brands and styles, coupled with attentive, knowledgeable store associates. Many of the items that we offer are basics or necessities for our customers' daily lives and typically represent enduring styles that are not meaningfully impacted by changing fashion trends.

We strive to offer an authentic, one-stop shopping experience that fulfills the everyday lifestyle needs of our customers, and as a result, many of our customers make purchases in both the western and work wear sections of our stores. We target a broad and growing demographic, ranging from passionate western and country enthusiasts, to workers seeking dependable, high-quality footwear and apparel. Our broad geographic footprint, which comprises approximately three times as many stores as our nearest direct competitor that sells primarily western and work wear, provides us with significant economies of scale, enhanced supplier relationships, the ability to recruit and retain high-quality store associates and the ability to reinvest in our business at levels that we believe exceed those of our competition.

Boot Barn was founded in 1978 and, over the past 39 years, has grown both organically and through successful strategic acquisitions of competing chains. We have rebranded and remerchandised the acquired chains under the Boot Barn banner. We believe that our business model and scale provide us with competitive advantages that have contributed to our consistent and strong financial performance, generating sufficient cash flow to support national growth.

Any of these risks could materially and adversely affect our business, operating results, financial condition, or prospects and cause the value of our common stock to decline, which could cause you to lose all or part of your investment.

Ratio of Earnings to Fixed Charges

If we offer debt securities and/or preferred stock securities under this prospectus, then we will, at that time, provide a ratio of earnings to fixed charges and/or ratio of combined fixed charges and preferred dividends to earnings, respectively, in the applicable prospectus supplement for such offering.

Use of Proceeds

We intend to use the net proceeds from any sale of securities by us for working capital, store growth and other general corporate purposes. In the case of a sale of common stock by any selling stockholders, we will not receive any of the proceeds from such sale.

Description of Capital Stock

The following description of our capital stock is not complete and is subject to and qualified in its entirety by our amended and restated certificate of incorporation and bylaws, which are included as exhibits to the registration statement of which this prospectus forms a part, and by the provisions of applicable Delaware law.

[Table of Contents](#)

Authorized and Outstanding Shares

Our authorized capital stock consists of 100,000,000 shares of common stock, par value \$0.0001 per share, and 10,000,000 shares of preferred stock, par value \$0.0001 per share.

As of December 12, 2017, there were 26,703,289 shares of our common stock outstanding, which were held by 24 stockholders of record and no shares of preferred stock outstanding.

Common Stock

Holders of shares of our common stock are entitled to one vote for each share held of record on all matters submitted to a vote of stockholders. Our amended and restated certificate of incorporation does not provide for cumulative voting rights, which means that the holders of a majority of our shares of common stock can elect all of the directors then standing for election.

Holders of shares of our common stock are entitled to receive pro rata dividends when and if declared by our board of directors out of funds legally available therefor, subject to any statutory or contractual restrictions on the payment of dividends and to any restrictions on the payment of dividends imposed by the terms of any series of preferred stock that we may designate in the future.

Upon our dissolution or liquidation or the sale of all or substantially all of our assets, after payment in full of all amounts required to be paid to creditors and to the holders of preferred stock having liquidation preferences, if any, the holders of shares of our common stock will be entitled to receive pro rata our remaining assets available for distribution.

Holders of shares of our common stock do not have preemptive, subscription, redemption or conversion rights. The rights, preferences and privileges of the holders of shares of our common stock are subject to, and may be adversely affected by, the rights of the holders of any shares of any series of preferred stock that we may designate in the future.

Preferred Stock

Our amended and restated certificate of incorporation authorizes our board of directors to issue up to 10,000,000 shares of preferred stock in one or more series (including convertible preferred stock). Unless required by law or by any stock exchange, the authorized shares of preferred stock will be available for issuance without further action by our stockholders. We will describe the particular terms of any series of preferred stock offered pursuant hereto in the applicable prospectus supplement.

Our board of directors is able to determine, with respect to any series of preferred stock, the terms and rights of that series, including:

- the designation of the series;
- the number of shares of the series, which our board may, except where otherwise provided in the preferred stock designation, increase or decrease, but not below the number of shares of that series then outstanding;

- the redemption rights and price or prices, if any, for shares of the series;
- the terms of any purchase, retirement or sinking fund, if any, provided for shares of the series;

- the terms, if any, upon which the shares of the series will be convertible into or exchangeable for shares of any other class, classes or series, or other securities, whether issued by our company or by any other entity;
- restrictions, if any, upon issuance of indebtedness of our company so long as any shares of the series are outstanding; and
- restrictions, if any, on the issuance of shares of the same series or of any other class or series.

The issuance of preferred stock may adversely affect the rights of holders of our common stock by, among other things:

- restricting dividends on the common stock;
- diluting the voting power of the common stock;
- impairing the liquidation rights of the common stock; or
- discouraging, delaying or preventing a change in control of our company without further action by the stockholders.

As a result of these or other factors, the issuance of preferred stock could have an adverse impact on the market price of our common stock. We have no present plans to issue any shares of preferred stock.

Authorized but unissued capital stock

The Delaware General Corporation Law ("DGCL") does not require stockholder approval for any issuance of authorized shares. However, the listing requirements of the NYSE, which will apply so long as the Common stock remains listed on the NYSE, require stockholder approval of certain issuances equal to or exceeding 20% of the then outstanding voting power or then outstanding number of shares of common stock. These additional shares may be used for a variety of corporate purposes, including future public offerings, to raise additional capital or to facilitate acquisitions.

Anti-takeover effects of our amended and restated certificate of incorporation and amended and restated bylaws and provisions of Delaware law

Undesignated preferred stock

As discussed above, the ability to authorize undesignated preferred stock makes it possible for our board of directors to issue preferred stock with super voting, special approval, dividend or other rights or preferences on a discriminatory basis that could impede the success of any attempt to acquire us or otherwise effect a change in control of us. These and other provisions may have the effect of deferring, delaying or discouraging hostile takeovers, or changes in control or management of our company. Such provisions may also impede or discourage transactions that some, or a majority, of our stockholders might believe to be in their best interests, or in which our stockholders might receive a premium for their shares of common stock over the market price for such shares.

Requirements for advance notification of stockholder meetings, nominations and proposals; board vacancies

Our amended and restated bylaws establish advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors. In order for any matter to be "properly brought" before a meeting, a stockholder will have to comply with advance notice requirements and provide us with certain information. Additionally, vacancies and newly created directorships may be filled only by a vote of a majority of the directors then in office, even though less than a quorum, and not by the stockholders. These provisions may also defer, delay or discourage a potential acquirer from

[Table of Contents](#)

conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of our company.

Amendments to our amended and restated certificate of incorporation and amended and restated bylaws

The DGCL provides that, unless a corporation's certificate of incorporation provides otherwise, the affirmative vote of holders of shares constituting a majority of the votes of all shares entitled to vote may approve amendments to the certificate of incorporation. Our amended and restated certificate of incorporation does not provide for any different approval requirement.

Our amended and restated certificate of incorporation authorizes our board of directors to adopt, amend, add to, modify or repeal our amended and restated bylaws without stockholder approval.

Limitations on stockholder action by written consent

Our amended and restated bylaws prohibits the taking of any action of our stockholders by written consent without a meeting, unless that action is taken with regard to a matter that has been approved by our board of directors or requires the approval only of certain classes or series of our stock. This may lengthen the amount of time required to take stockholder action.

Exclusive venue

Our amended and restated certificate of incorporation requires, to the fullest extent permitted by law, that (1) any derivative action or proceeding brought on our behalf, (2) any action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers, employees or agents to us or our stockholders, (3) any action asserting a claim against us arising pursuant to any provision of the DGCL or our amended and restated certificate of incorporation or amended and restated bylaws and (4) any action asserting a claim against us governed by the internal affairs doctrine will have to be brought in the Court of Chancery of the State of Delaware unless we consent in writing to an alternative forum. Although we believe this provision benefits us by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, the provision may have the effect of discouraging lawsuits against our directors and officers.

Stockholder meetings

Our amended and restated certificate of incorporation provides that special meetings of the stockholders may be called only by or at the direction of our board of directors. Our amended and restated bylaws allows the presiding officer at a meeting of the stockholders to adopt rules and regulations for the conduct of meetings which may have the effect of precluding the conduct of certain business at a meeting if the rules and regulations are not followed. These provisions may have the effect of deferring, delaying or discouraging hostile takeovers, or changes in control or management of our company.

No cumulative voting

The DGCL provides that stockholders are not entitled to the right to cumulate votes in the election of directors unless our amended and restated certificate of incorporation provides otherwise. Our amended and restated certificate of incorporation does not provide for cumulative voting. The absence of cumulative voting makes it more difficult for a minority stockholder to elect a director to our board.

Delaware anti-takeover statute

We have not opted out of, and therefore are subject to, Section 203 of the DGCL. In general, Section 203 prohibits a publicly held Delaware corporation from engaging, under certain circumstances, in

[Table of Contents](#)

a business combination with an interested stockholder for a period of three years following the date the person became an interested stockholder unless:

- prior to the date of the transaction, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;
- upon completion of the transaction that resulted in the stockholder becoming an interested stockholder, the stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares outstanding (1) shares owned by persons who are directors and also officers and (2) shares owned by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- on or subsequent to the date of the transaction, the business combination is approved by the board and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66-2/3% of the outstanding voting stock which is not owned by the interested stockholder.

These provisions generally prohibit or delay the accomplishment of mergers, assets or stock sales or other takeover or change-in-control attempts that are not approved by a company's board of directors. Generally, a business combination includes a merger, an asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. An interested stockholder is a person who, together with affiliates and associates, owns or, within three years prior to the determination of interested stockholder status, did own 15% or more of a corporation's outstanding voting stock. We expect that Section 203 would have an anti-takeover effect with respect to transactions our board of directors does not approve in advance. In such event, we would also anticipate that Section 203 could defer, delay or discourage offers or takeover attempts that might result in a premium over the market price for the shares of common stock held by our stockholders.

The provisions of Section 203 may encourage companies interested in acquiring our company to negotiate in advance with our board of directors because the supermajority stockholder approval requirement would be avoided if our board of directors approves either the business combination or the transaction that results in the stockholder becoming an interested stockholder. These provisions also may make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests.

Corporate opportunity

Our amended and restated certificate of incorporation provides that neither Freeman Spogli & Co. nor its affiliates have any duty to refrain from engaging directly or indirectly in a corporate opportunity in the same or similar lines of business in which we now engage or propose to engage. In addition, in the event that Freeman Spogli & Co. acquires knowledge of a potential transaction or other business or employee thereof, it shall not be liable to us nor to any of our stockholders (or any affiliates thereof) for breach of any fiduciary or other duty by engaging in any such activity and we waive and renounce any claim based on such activity. This provision applies even if the business opportunity is one that we might reasonably be deemed to have pursued or had the ability or desire to pursue if granted the opportunity to do so.

[Table of Contents](#)**Indemnification**

We have agreed to indemnify each of our stockholders who have registration rights against certain liabilities in connection with a demand or piggyback registration of shares of our common stock, including under the Securities Act.

Market listing

Our common stock trades on the NYSE under the symbol "BOOT."

Transfer agent and registrar

The transfer agent and registrar for our common stock is ComputerShare Trust Company, N.A.

Registration Rights

In addition to rights of sale under Rule 144, several of our existing stockholders will have registration rights in the event of an offering pursuant hereto which enable them to include their shares in a registration statement we file to allow for the resale of their shares to the public. In addition, in the event of an offering of common stock pursuant hereto, Freeman Spogli & Co. will be able to exercise one remaining demand registration right, which would require us to register for resale under the Securities Act its shares of common stock. If any registration rights are exercised, we will generally be responsible for all registration and offering expenses other than underwriter fees, discounts and commissions.

Description of Warrants

The following description, together with the additional information we include in any applicable prospectus supplement, summarizes the material terms and provisions of the warrants that we may offer and sell under this prospectus and any related warrant agreements and warrant certificates. While the terms we have summarized below will apply generally to any warrants offered, we will describe the particular terms of any series of warrants in more detail in the applicable prospectus supplement, which may differ from the terms we describe below.

General

We may issue, and we may offer and sell, together with other securities or separately, warrants to purchase our preferred stock, debt, common stock or other securities. Warrants may be issued directly to the purchasers of the warrants or under warrant agreements to be entered into between us and a bank or trust company, as warrant agent, all as set forth in the applicable prospectus supplement. A warrant agent will act solely as our agent in connection with the warrants of the series being offered and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

The prospectus supplement will describe, among other things, the following terms, where applicable, of warrants that we may offer:

- the title of the warrants;
- the designation, amount and terms of the securities for which the warrants are exercisable and the procedures and conditions relating to the exercise of such warrants;
- the designation and terms of the other securities, if any, with which the warrants are to be issued and the number of warrants issued with each such security;
- the price or prices at which the warrants will be issued and any terms for the adjustment of the price or prices;
- the aggregate number of warrants;

[Table of Contents](#)

- any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants;
- the price or prices at which the securities purchasable upon exercise of the warrants may be purchased, including provisions for adjustment of the exercise price of the warrant;
- if applicable, the date on and after which the warrants and the securities purchasable upon exercise of the warrants will be separately transferable;
- if applicable, a discussion of the material U.S. federal income tax considerations applicable to the exercise of the warrants;
- any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants;
- the date on which the right to exercise the warrants shall commence, and the date on which the right shall expire; and
- the maximum or minimum number of warrants which may be exercised at any time.

Before exercising their warrants, holders of warrants will not have any of the rights of holders of the securities purchasable upon such exercise, including the right to receive dividends, if any, or payments upon our liquidation, dissolution or winding up or to exercise voting rights, if any.

Exercise of Warrants

Each warrant will entitle the holder thereof to purchase for cash the amount of debt securities or number of shares of preferred stock or common stock at the exercise price as will in each case be set forth in, or be determinable as set forth in, the applicable prospectus supplement. Warrants may be exercised at any time up to the close of business on the expiration date set forth in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

Warrants may be exercised as set forth in the applicable prospectus supplement relating to the warrants offered thereby. Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement, we will, as soon as practicable, forward the purchased securities. If less than all of the warrants represented by the warrant certificate are exercised, a new warrant certificate will be issued for the remaining warrants.

Enforceability of Rights of Holders of Warrants

Each warrant agent will act solely as our agent under the applicable warrant agreement and will not assume any obligation or relationship of agency or trust with any holder of any warrant. A single bank or trust company may act as warrant agent for more than one issue of warrants. A warrant agent will have no duty or responsibility to initiate any proceedings at law or otherwise, or to make any demand upon us. Any holder of a warrant may, without the consent of the related warrant agent or the holder of any other warrant, enforce by appropriate legal action its right to exercise, and receive the securities purchasable upon exercise of, that holder's warrants.

Description of Debt Securities and Guarantees

We may issue debt securities in one or more distinct series. This section summarizes the terms of the debt securities that are common to all series. Most of the financial terms and other specific terms of any series of debt securities that we offer will be described in a prospectus supplement to be attached to the front of this prospectus. Since the terms of specific debt securities may differ from the general information

[Table of Contents](#)

we have provided below, if any information contained in a prospectus supplement contradicts the information below, you should rely on information in the prospectus supplement.

The debt securities will be governed by an "indenture" to be entered into by us, any guarantor and Wells Fargo Bank, National Association as trustee (the "trustee"). An indenture is a contract between us and a financial institution acting as trustee. The trustee has two main roles. First, the trustee can enforce the rights of holders of the debt securities under the indenture against us if we default. There are some limitations on the extent to which the trustee acts on behalf of holders of the debt securities, described below under "—Events of Default." Second, the trustee performs certain administrative duties for us.

The debt securities will be either senior debt securities or subordinated debt securities. We will issue the senior debt securities under a senior indenture between us, any guarantor and the trustee. We will issue the subordinated debt securities under a subordinated indenture between us, any guarantor and the trustee. The senior indenture and the subordinated indenture are collectively referred to in this prospectus as the indenture. Any debt securities issued by us may be guaranteed by one or more of our subsidiaries, each of which we refer to in this section as a guarantor. Unless otherwise specified in a prospectus supplement the debt securities will be direct unsecured obligations of Boot Barn.

Because this section is a summary, it does not describe every aspect of the debt securities, the indenture, and any guarantee of any debt securities. We urge you to read the indenture because it, and not this description, defines your rights as a holder of debt securities. For example, in this section, we use capitalized words to signify terms that are specifically defined in the indenture. Some of the definitions are repeated in this prospectus, but for the rest you will need to read the indenture. We have filed the form of the indenture as an exhibit to the registration statement that we have filed with the SEC. See "Where You Can Find More Information," below, for information on how to obtain a copy of the indenture. In addition, most of the financial terms and other specific terms of any series of debt securities that we offer will be described in the applicable prospectus supplement.

General

Each series of debt securities, unless specified otherwise in the prospectus supplement, will be unsecured obligations of Boot Barn. Any senior unsecured debt securities that we issue will rank equally with all other unsecured and unsubordinated indebtedness of us. Any subordinated debt securities that we issue will be expressly subordinated in right of payment to the prior payment in full of our senior indebtedness. In addition, unless otherwise specified in the applicable prospectus supplement, the debt securities will be structurally subordinated to all existing and future liabilities, including trade payables, of our subsidiaries that do not guarantee the debt securities, and the claims of creditors of those subsidiaries, including trade creditors, will have priority as to the assets and cash flows of those subsidiaries.

Any debt securities proposed to be sold under this prospectus and the attached prospectus supplement ("offered debt securities") and any debt securities issuable upon conversion or exchange of other offered securities ("underlying debt securities"), may be issued under the indenture in one or more series.

You should read the prospectus supplement for the terms of the offered debt securities, including the following:

- the title of the debt securities and whether the debt securities will be senior debt securities or subordinated debt securities of Boot Barn;
- the total principal amount of the debt securities and any limit on the total principal amount of debt securities of the series;
- the price or prices at which Boot Barn will offer the debt securities;

[Table of Contents](#)

- if not the entire principal amount of the debt securities, the portion of the principal amount payable upon acceleration of the maturity of the debt securities or how this portion will be determined;
- the date or dates, or how the date or dates will be determined or extended, when the principal of the debt securities will be payable;
- the interest rate or rates, which may be fixed or variable, that the debt securities will bear, if any, or how the rate or rates will be determined, the date or dates from which any interest will accrue or how the date or dates will be determined, the interest payment dates, any record dates for these payments and the basis upon which interest will be calculated, if other than that of a 360-day year of twelve 30-day months;
- any optional redemption provisions;
- any sinking fund or other provisions that would obligate us to repurchase or otherwise redeem the debt securities;
- if other than U.S. dollars, the currency or currencies of the debt securities;
- whether the amount of payments of principal, premium or interest, if any, on the debt securities will be determined with reference to an index, formula or other method, which could be based on one or more currencies, commodities, equity indices or other indices, and how these amounts will be determined;
- the place or places, if any, other than or in addition to the corporate trust office of the trustee, of payment, transfer, conversion and/or exchange of the debt securities;
- if the denominations in which the offered debt securities will be issued are other than denominations of \$2,000 or any integral multiple of \$1,000 in excess thereof;
- the applicability of defeasance provisions of the indenture and any provisions in modification of, in addition to, or in lieu of, any of these provisions;
- any provisions granting special rights to the holders of the debt securities upon the occurrence of specified events;
- any changes or additions to the events of default or covenants contained in the indenture;
- whether the debt securities will be convertible into or exchangeable for any other securities and the applicable terms and conditions;
- the terms of any guarantees by any of our subsidiaries;
- subordination provisions, if any, that will apply, to the extent different from those set forth below;
- the form of note or other instrument representing the debt if not issued in book entry form; and
- any other terms of the debt securities.

Covenants

The supplemental indenture with respect to any particular series of debt securities may contain covenants including, without limitation, covenants restricting or limiting:

- the incurrence of additional debt, including guarantees, by us and our subsidiaries;
- the making of various payments, including dividends, by us and our subsidiaries;
- our business activities and those of our subsidiaries;
- the issuance of other securities by our subsidiaries;

[Table of Contents](#)

- asset dispositions;
- sale-leaseback transactions;
- transactions with affiliates;
- a change of control;
- the incurrence of liens; and
- mergers and consolidations involving us and our subsidiaries.

For purposes of this prospectus, any reference to the payment of principal of or premium or interest, if any, on debt securities will include additional amounts if required by the terms of the debt securities, subject to the maximum offering amount under this prospectus.

The indenture does not limit the amount of debt securities that may be issued thereunder from time to time. The indenture also provides that there may be more than one trustee thereunder, with respect to one or more different series of indenture securities. See "—Resignation of Trustee," below. At a time when two or more trustees are acting under the indenture, each with respect to only certain series, the term "indenture securities" means the one or more series of debt securities with respect to which each respective trustee is acting. In the event that there is more than one trustee under the indenture, the powers and trust obligations of each trustee described in this prospectus will extend only to the one or more series of indenture securities for which it is trustee. If two or more trustees are acting under the indenture, then the indenture securities for which each trustee is acting would be treated as if issued under separate indentures.

We have the ability to issue indenture securities with terms different from those of indenture securities previously issued and, without the consent of the holders thereof, to reopen a previous issue of a series of indenture securities and issue additional indenture securities of that series unless the reopening was restricted when that series was created.

Methods of Calculating and Paying Interest on our Debt Securities

Each series of our debt securities will bear interest at a fixed or variable rate per annum shown on the front cover of the prospectus supplement under which that series is issued.

Provisions Relating Only to the Senior Debt Securities

The senior debt securities will rank equally in right of payment with all of our other senior and unsubordinated debt and senior in right of payment to any of our subordinated debt, including the subordinated debt securities. The senior debt securities will be effectively subordinated to all of our secured debt and to all debt, including trade debt, of our subsidiaries, except as to subsidiaries that guarantee the debt. We will disclose the amount of our secured debt in the prospectus supplement.

Provisions Relating Only to the Subordinated Debt Securities

The subordinated debt securities will rank junior in right of payment to all of our senior indebtedness. Senior indebtedness will be defined to include all notes or other evidences of debt not expressed to be subordinate or junior in right of payment to any of our other debt. The debt will be structurally subordinated to all debt, including trade debt, of our subsidiaries, except as to subsidiaries that guarantee the debt.

If the offered securities are subordinated debt securities, the supplemental indenture may provide that no cash payment of principal, interest and any premium on the subordinated debt securities may be made:

- if we fail to pay when due any amounts on any senior indebtedness;

[Table of Contents](#)

- if our property is, or we are, involved in any voluntary or involuntary liquidation or bankruptcy; and
- in other instances specified in the supplemental indenture.

Conversion or Exchange Rights

If any series of our debt securities are convertible or exchangeable, the applicable prospectus supplement will specify:

- the type of securities into which it may be converted or exchanged;
- the conversion price or exchange ratio, or its method of calculation; and
- how the conversion price or exchange ratio may be adjusted if our debt securities are redeemed.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, the following will be events of default with respect to any series of debt securities or guarantees:

- default for 30 days in the payment when due of interest on the debt securities;
- default in payment when due of the principal of or any premium on the debt securities;
- default in the performance or breach of various covenants after applicable notice and/or grace period; and
- various events of bankruptcy or insolvency with respect to us.

The applicable prospectus supplement will describe any additional events of default.

If an event of default occurs with respect to debt securities of a series then outstanding and is continuing, then the trustee or the holders of not less than 25% in principal amount of the debt securities of that series then outstanding, by a notice in writing to Boot Barn (and to the trustee if given by the holders), may declare the principal amount (or, if the debt securities of that series are original issue discount securities, such portion of the principal amount as may be specified in the terms of that series) of, premium, if any, and accrued interest on all of the debt securities of that series to be due and payable immediately, and the same (or specified portion thereof) shall become immediately due and payable. A declaration of default under the indenture or under other payment obligations could give rise to cross-defaults and acceleration with respect to the debt securities or such other payment obligations.

At any time after a declaration of acceleration with respect to debt securities of any series (or of all series, as the case may be) has been made and before a judgment or decree for payment of the money due has been obtained by the trustee as provided in the indenture, the holders of a majority in principal amount of the debt securities of that series (or of all series, as the case may be) then outstanding, by written notice to Boot Barn and the trustee, may rescind such declaration and its consequences under the circumstances specified in the indenture.

The indenture will provide that no such rescission shall affect any subsequent default or impair any right consequent thereon.

With respect to the debt securities of any series, the holders of not less than a majority in principal amount of the debt securities of such series then outstanding shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, provided that:

- such direction shall not be in conflict with any rule of law or with the indenture;

[Table of Contents](#)

- the trustee may take any other action deemed proper by the trustee which is not inconsistent with such direction; and
- the trustee need not take any action which might involve it in personal liability or be unjustly prejudicial to the holders of debt securities of such series (it being understood that the trustee does not have an affirmative duty to ascertain whether or not any such directions are unduly prejudicial to such holders) not directing.

No holder of any debt security of any series or any related coupons shall have any right to institute any proceeding, judicial or otherwise, with respect to the indenture, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless:

- the holder has previously given written notice to the trustee of a continuing event of default with respect to the debt securities of that series;
- the holders of not less than 25% in principal amount of the debt securities of that series then outstanding shall have made written request to the trustee to institute proceedings in respect of the event of default in its own name as trustee under the indenture;
- such holder or holders have offered to the trustee security or indemnity satisfactory to the trustee against the costs, expenses and liabilities to be incurred in compliance with such request;
- the trustee for 60 days after its receipt of such notice, request and offer of security or indemnity, has failed to institute any such proceeding; and
- no direction inconsistent with such written request has been given to the trustee during such 60-day period by the holders of a majority or more in principal amount of the debt securities of that series then outstanding.

However, no holder of a debt security has the right under the indenture to affect, disturb or prejudice the rights of any other holders of debt securities of the same series, or to obtain or to seek to obtain priority or preference over any other of such holders or to enforce any right under the indenture, except in the manner provided in the indenture and for the equal and ratable benefit of all holders of debt securities of the same series.

Every year we will be required to deliver to the trustee a certificate as to our performance of our obligations under the indenture and as to any defaults.

Mergers, Consolidations and Certain Sale of Assets

Unless otherwise specified in the applicable prospectus supplement, the indenture will provide that we may not:

- consolidate with or merge into any other person or entity or permit any other person or entity to consolidate with or merge into us in a transaction in which we are not the surviving entity, or
- transfer, lease or dispose of all or substantially all of our assets to any other person or entity unless:
 - the resulting, surviving or transferee entity shall be a corporation organized and existing under the laws of the United States or any state thereof and such resulting, surviving or transferee entity shall expressly assume, by supplemental indenture, executed and delivered in form satisfactory to the trustee, all of our obligations under the debt securities and the indenture;
 - immediately after giving effect to such transaction (and treating any indebtedness which becomes an obligation of the resulting, surviving or transferee entity as a result of such transaction as having been incurred by such entity at the time of such transaction), no default or event of default would occur or be continuing; and

[Table of Contents](#)

- we shall have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that such consolidation, merger or transfer and such supplemental indenture (if any) comply with the indenture.

Modification and Waiver

Unless otherwise specified in the applicable prospectus supplement, the indenture will provide that Boot Barn and the trustee may amend or supplement the indenture or the debt securities without notice to or the consent of any holder for clarification, corrections, and legal compliance purposes, including as follows:

- to cure any ambiguity, defect or inconsistency;
- to provide for uncertificated debt securities in addition to or in place of certificated debt securities;
- to make any change that does not adversely affect the interests thereunder of any holder;
- to qualify the indenture under the Trust Indenture Act of 1939, as amended, or the Trust Indenture Act, or to comply with the requirements of the SEC in order to maintain the qualification of the indenture under the Trust Indenture Act;
- to evidence the succession of another person to Boot Barn and that person's assumption of Boot Barn's covenants and obligations under the indenture;
- to add to Boot Barn's covenants;
- to add a guarantor; provided any such supplemental indenture may be signed by Boot Barn, the guarantor providing the guarantee, and the trustee;
- to add any additional events of default;
- to secure the debt securities;
- to establish the form or terms of debt securities;
- to evidence the appointment of a successor trustee under the indenture;
- to close the indenture with respect to authentication and delivery of additional series of debt securities; or
- to supplement the indenture in order to permit the defeasance and discharge of any series of debt securities.

The indenture will provide that Boot Barn and the trustee may make modifications and amendments to the indenture, and waive past defaults, with the consent of the holders of not less than a majority in aggregate principal amount at maturity of the outstanding debt securities in a series; provided, however, that no such modification or amendment may, without the consent of each holder affected thereby:

- change the stated maturity of the principal of, or any installment of interest on, any debt security;
- reduce the principal amount of, or premium, if any, or interest on, any debt security;
- reduce the amount of a debt security's principal that would be due and payable upon a declaration of acceleration, following a default;
- change the place of payment of, the currency of payment of principal of, or premium, if any, or interest on, any debt security;
- adversely affect any right to convert or exchange any debt security that is convertible or exchangeable; or

[Table of Contents](#)

- reduce or postpone any sinking fund or similar provision; or
- reduce the stated percentage of outstanding debt securities the consent of whose holders is necessary to modify, or amend the indenture or waive a past default.

Governing Law; Jury Trial Waiver

Any issued debt securities and the indenture will be governed by the laws of the state of New York. The indenture provides that Boot Barn, the guarantors and the trustee, and each holder of a debt security by its acceptance thereof, irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to the indenture or the debt securities.

Concerning the Trustee

The indenture will provide that Wells Fargo Bank, National Association will be the trustee under the indenture for any debt securities issued pursuant hereto, unless another trustee is appointed with respect to a particular series.

The indenture will provide that, except during the continuance of an event of default or default, the trustee will not be liable, except for the performance of such duties as are specifically set forth in such indenture. If an event of default has occurred and is continuing, the trustee will use the same degree of care and skill in its exercise of the rights and powers vested in it by the indenture as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The indenture and provisions of the Trust Indenture Act incorporated by reference in the indenture contain limitations on the rights of the trustee, should it become our creditor, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The trustee is permitted to engage in other transactions; provided, however, that if it acquires any conflicting interest as defined in the Trust Indenture Act, it must eliminate such conflict, apply to the Commission for permission to continue, or resign. The trustee assumes no responsibility for the accuracy or completeness of the information concerning us or our affiliates or any other party contained in this document or the related documents or for any failure by us or any other party to disclose events that may have occurred and may affect the significance or accuracy of such information.

Defeasance

The following provisions will be applicable to each series of debt securities unless we state in the applicable prospectus supplement that the provisions of covenant defeasance and full defeasance will not be applicable to that series.

The indenture will provide that we will be deemed to have paid and will be discharged from any and all obligations in respect of any issued series of debt securities and the provisions of the indenture or will be released from our obligations to comply with covenants relating to those debt securities as described above or in the applicable prospectus supplement, (which may include obligations concerning subordination of our subordinated debt securities) if, among other things:

- we have irrevocably deposited with the trustee, in trust, money and/or U.S. Government Obligations (as defined in the indenture) that through the payment of interest and principal in respect of those monies and/or U.S. Government Obligations in accordance with their terms, will provide money in an amount sufficient (in the opinion of a nationally recognized firm of independent public accountants delivered in writing to the trustee if U.S. Government Obligations are deposited) to pay the principal of, premium, if any, and interest, if any, on the series of debt securities on the stated maturity of such payments and any applicable sinking fund or analogous payments in accordance with the terms of the indenture and the debt securities;

[Table of Contents](#)

- such defeasance shall not result in a breach, or constitute a default, under the indenture or any other material agreement of Boot Barn;
- we have delivered to the trustee either (i) an opinion of counsel to the effect that holders will not recognize additional income, gain or loss for U.S. federal income tax purposes as a result of Boot Barn's exercise of the defeasance or covenant defeasance, or (ii) a ruling directed to the trustee received from the Internal Revenue Service to the same effect as the aforementioned opinion of counsel; and
- Boot Barn has delivered to the trustee an officers' certificate and an opinion of counsel, each stating that all the conditions precedent to full defeasance have been complied with.

In the event we exercise our option to omit compliance with certain covenants and provisions of the indenture with respect to a series of debt securities and the debt securities are declared due and payable because of the occurrence of an event of default that remains applicable, the amount of money and/or U.S. Government Obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities at the time of the acceleration resulting from such event of default, however, we will remain liable for such payments.

We cannot defease our obligations to register the transfer or exchange of our debt securities; to replace our debt securities that have been stolen, lost or mutilated; to maintain paying agencies; or to hold funds for payment in trust. We may not defease our obligations if there is a continuing event of default on securities issued under the applicable indenture, or if depositing amounts into trust would cause the trustee to have conflicting interests with respect to other of our securities.

Resignation of Trustee

The trustee may resign or be removed with respect to one or more series of indenture securities provided that a successor trustee is appointed to act with respect to these series. In the event that two or more persons are acting as trustee with respect to different series of indenture securities under one of the indentures, each of the trustees will be a trustee of a trust separate and apart from the trust administered by any other trustee.

Guarantees

The debt securities of any series that we issue may be guaranteed by one or more of our direct or indirect subsidiaries. However, the indentures governing our guaranteed debt securities will not require that any of our subsidiaries be a guarantor of any series of guaranteed debt securities. As a result, the guarantors of any series of our guaranteed debt securities may differ from the guarantors of any other series of guaranteed debt securities. In the event we issue a series of guaranteed debt securities, the specific guarantors of the debt securities of that series will be identified in the applicable prospectus supplement.

If we issue a series of guaranteed debt securities, a description of some of the terms of the guarantees of those debt securities will be set forth in the applicable prospectus supplement, including any limitations that may be applicable to the guarantee due to other debt arrangements or otherwise. Unless otherwise provided in the prospectus supplement relating to a series of guaranteed debt securities, each guarantor of the debt securities of such series will unconditionally guarantee the due and punctual payment of the principal of, and premium, if any, and interest, if any, on and any other amounts payable with respect to, each debt security of such series and the due and punctual performance of all of our other obligations under the applicable indenture with respect to the debt securities of such series, all in accordance with the terms of such debt securities and the applicable indenture.

[Table of Contents](#)

Notwithstanding the foregoing, unless otherwise provided in the prospectus supplement relating to a series of guaranteed debt securities, the applicable indenture will contain provisions to the effect that the obligations of each guarantor under its guarantees and such indenture shall be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such guarantor, result in the obligations of such guarantor under such guarantees and such indenture not constituting a fraudulent conveyance or fraudulent transfer under applicable law. However, there can be no assurance that, notwithstanding such limitation, a court would not determine that a guarantee constituted a fraudulent conveyance or fraudulent transfer under applicable law. If that were to occur, the court could void the applicable guarantor's obligations under that guarantee, subordinate that guarantee to other debt and other liabilities of that guarantor or take other action detrimental to holders of the debt securities of the applicable series, including directing the holders to return any payments received from the applicable guarantor.

The applicable prospectus supplement relating to any series of guaranteed debt securities will specify other terms of the applicable guarantees, which may include provisions that allow a guarantor to be released from its obligations under its guarantee under specified circumstances or that provide for one or more guarantees to be secured by specified collateral.

Unless otherwise expressly stated in the applicable prospectus supplement, each guarantee will be the unsubordinated and unsecured obligation of the applicable guarantor and will rank on a parity in right of payment with all other unsecured and unsubordinated indebtedness and guarantees of such guarantor. Each guarantee (other than a secured guarantee) will be effectively subordinated to all existing and future secured indebtedness and secured guarantees of the applicable guarantor to the extent of the value of the collateral securing that indebtedness and those guarantees. Consequently, in the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding with respect to any guarantor that has provided an unsecured guarantee of any debt securities, the holders of that guarantor's secured indebtedness and secured guarantees will be entitled to proceed directly against the collateral that secures that secured indebtedness or those secured guarantees, as the case may be, and such collateral will not be available for satisfaction of any amount owed by such guarantor under its unsecured indebtedness and unsecured guarantees, including its unsecured guarantees of any debt securities, until that secured debt and those secured guarantees are satisfied in full. Unless otherwise provided in the applicable prospectus supplement, the indentures will not limit the ability of any guarantor to incur secured indebtedness or issue secured guarantees.

Unless otherwise expressly stated in the applicable prospectus supplement, each secured guarantee will be an unsubordinated obligation of the applicable guarantor and will rank on a parity in right of payment with all other unsecured and unsubordinated indebtedness and guarantees of such guarantor, except that such secured guarantee will effectively rank senior to such guarantor's unsecured and unsubordinated indebtedness and guarantees in respect of claims against the collateral securing that secured guarantee.

Global Securities

We may issue debt securities as registered securities in book-entry form only. A global security represents one or any other number of individual debt securities. All debt securities represented by the same global security have the same terms.

Each debt security issued in book-entry form will be represented by a global security that we deposit with and register in the name of a financial institution or its nominee that we select. The financial institution that we select for this purpose is called the depository. Unless we specify otherwise in the applicable prospectus supplement, The Depository Trust Company, New York, New York, known as DTC, will be the depository for all debt securities issued in book-entry form. So long as DTC or its nominee is

[Table of Contents](#)

the registered owner of a global security, DTC or its nominee, as the case may be, will be considered the sole owner or holder of the global security for all purposes under the indenture.

A global security may not be transferred to or registered in the name of anyone other than the depository or its nominee, unless special termination situations arise. As a result of these arrangements, the depository, or its nominee, will be the sole registered owner and holder of all debt securities represented by a global security, and investors will be permitted to own only beneficial interests in a global security. Beneficial interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depository or with another institution that has an account with the depository. Thus, an investor whose security is represented by a global security will not be a holder of the debt security, but only an indirect holder of a beneficial interest in the global security.

As an indirect holder, an investor's rights relating to a global security will be governed by the account rules of the investor's financial institution and of the depository, as well as general laws relating to securities transfers. The depository that holds the global security will be considered the holder of the debt securities represented by the global security.

If debt securities are issued only in the form of a global security, an investor should be aware of the following:

- an investor cannot cause the debt securities to be registered in his or her name, and cannot obtain certificates for his or her interest in the debt securities, except in the special situations we describe below;
- an investor will be an indirect holder and must look to his or her own bank or broker for payments on the debt securities and protection of his or her legal rights relating to the debt securities;
- an investor may not be able to pledge his or her interest in a global security in circumstances where certificates representing the debt securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective;
- the depository's policies, which may change from time to time, will govern payments, transfers, exchanges and other matters relating to an investor's interest in a global security. We and the trustee have no responsibility for any aspect of the depository's actions or for its records of ownership interests in a global security. We and the trustee also do not supervise the depository in any way;
- DTC requires that those who purchase and sell interests in a global security deposited in its book-entry system use immediately available funds. Your broker or bank may also require you to use immediately available funds when purchasing or selling interests in a global security; and
- financial institutions that participate in the depository's book-entry system, and through which an investor holds its interest in a global security, may also have their own policies affecting payments, notices and other matters relating to the debt security. There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the actions of any of those intermediaries.

Generally, a global security will be terminated and interests in it will be exchanged for certificates in non-global form, referred to as certificated securities only in the following instances:

- if the depository notifies us and the trustee that it is unwilling or unable to continue as depository for that global security;
- if the depository ceases to be a clearing agency and we do not appoint another institution to act as depository within 90 days;
- if we determine that we wish to terminate that global security; or

[Table of Contents](#)

- if an event of default has occurred with regard to the debt securities represented by that global security and has not been cured or waived, and the owner of beneficial interests in the global security requests that certificated securities be delivered; we discuss defaults above under "Events of Default."

The prospectus supplement may list situations for terminating a global security that would apply only to the particular series of debt securities covered by the prospectus supplement. If a global security is terminated, only the depository, and not we or the applicable trustee, is responsible for deciding the names of the institutions in whose names the debt securities represented by the global security will be registered and, therefore, who will be the holders of those debt securities. In connection with any proposed exchange of a certificated security for a global security, Boot Barn or DTC shall be required to provide or cause to be provided to the trustee all information necessary to allow the trustee to comply with any applicable tax reporting obligations, including without limitation any cost basis reporting obligations under Internal Revenue Code Section 6045. The trustee may rely on information provided to it and shall have no responsibility to verify or ensure the accuracy of such information.

Payment and Paying Agent

Unless specified otherwise in a prospectus supplement, in the event certificated registered debt securities are issued, the holders of certificated registered debt securities will be able to receive payments of principal and of interest on their debt securities at the office of the paying agent. All payments of interest may be received at the offices of such paying agent upon presentation of certificated debt securities and all payments of principal may be received at such offices upon surrender of the debt securities. We also have the option of mailing checks or making wire transfers to the registered holders of the debt securities. Unless specified otherwise in a prospectus supplement, we will maintain a paying agent for the debt securities in the continental United States at all times that payments are to be made in respect of the debt securities and, if and so long as the debt securities remain outstanding. The transferor of any security shall provide or cause to be provided to the trustee all information necessary to allow the trustee to comply with any applicable tax reporting obligations, including without limitation any cost basis reporting obligations under Internal Revenue Code Section 6045. The trustee may rely on information provided to it and shall have no responsibility to verify or ensure the accuracy of such information.

Description of Depository Shares

We may issue fractional shares of preferred stock, rather than full shares of preferred stock. If we do so, we may issue receipts for depository shares that each represent a fraction of a share of a particular series of preferred stock. A related prospectus supplement will indicate that fraction. The shares of preferred stock represented by depository shares will be deposited under a depository agreement between us and a bank or trust company that is selected by us, which we refer to as the "bank depository." Each owner of a depository share will be entitled to all the rights, preferences and privileges of the preferred stock represented by the depository share. The depository share will be evidenced by depository receipts issued pursuant to the depository agreement. Depository receipts will be distributed to those persons purchasing the fractional shares of preferred stock in accordance with the terms of the offering.

The forms of the depository agreement and the depository receipts relating to any particular issue of depository shares will be filed with the SEC each time we issue depository shares, and any prospectus supplement relating to any particular depository shares will describe, among other things, the following:

- the material terms of the depository shares and of the underlying preferred stock;
- the identity of the bank depository and the material terms of the depository agreement;
- any material provisions relating to the issuance, payment, settlement, transfer or exchange of the depository shares; and

[Table of Contents](#)

- any applicable material United States federal income tax considerations.

Selling Stockholders

Information about selling stockholders, if any, including their identities and the common stock to be registered on their behalf, will be set forth in a prospectus supplement, in a post-effective amendment or in filings we make with the SEC under the Exchange Act that are incorporated by reference into this prospectus.

All of the common stock currently held by the selling stockholders was issued and outstanding as of the date of the filing of the registration statement of which this prospectus is a part. Selling stockholders shall not sell any of our common stock pursuant to this prospectus until we have identified such selling stockholders, any relationship any selling stockholder has had with us in the three years prior to any such sale, the total number of shares held by each selling stockholder before and after the sale and the number of shares of common stock being offered for resale by such selling stockholders in a subsequent prospectus supplement. However, the selling stockholders may sell or transfer all or a portion of their common stock pursuant to any available exemption from the registration requirements of the Securities Act.

Plan of Distribution

We and/or selling stockholders may sell the securities in and outside the United States through underwriters or dealers, directly to purchasers, including our affiliates, through agents, or through a combination of any of these methods. The prospectus supplement will include the following information:

- the terms of the offering;
- the names of any underwriters, dealers or agents;
- the name or names of any managing underwriter or underwriters;
- the purchase price of the securities;
- the net proceeds from the sale of the securities;
- any delayed delivery arrangements;
- any underwriting discounts, commissions and other items constituting underwriters' compensation;
- any public offering price;
- any discounts or concessions allowed or reallocated or paid to dealers;
- any commissions paid to agents;
- the terms of any arrangement entered into with any dealer or agent; and
- any information about selling stockholders, if applicable.

Sale Through Underwriters or Dealers

If underwriters are used in the sale of any of these securities, the underwriters will acquire the securities for their own account. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in any prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions, and the underwriters will be obligated to purchase all the offered securities if they purchase any of them. The underwriters may change

[Table of Contents](#)

from time to time any public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

During and after an offering through underwriters, the underwriters may purchase and sell the securities in the open market. These transactions may include overalllotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. The underwriters may also impose a penalty bid, which means that selling concessions allowed to syndicate members or other broker-dealers for the offered securities sold for their account may be reclaimed by the syndicate if the offered securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the offered securities, which may be higher than the price that might otherwise prevail in the open market. If commenced, the underwriters may discontinue these activities at any time.

Some or all of the securities that we offer though this prospectus may be new issues of securities with no established trading market. Any underwriters to whom we sell these securities for public offering and sale may make a market in those securities, but they will not be obligated to and they may discontinue any market making at any time without notice. Accordingly, we cannot assure you of the liquidity of, or continued trading markets for, any securities that we offer.

If dealers are used in the sale of securities, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

Direct Sales and Sales Through Agents

We and/or selling stockholders may sell the securities directly, and not through underwriters or agents. Securities may also be sold through agents designated from time to time. In the prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable to the agent. Unless we inform you otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We and/or selling stockholders may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act, as amended, or the Securities Act, with respect to any sale of those securities. We will describe the terms of any such sales in the prospectus supplement.

Delayed Delivery Contracts

If we so indicate in the prospectus supplement, we and/or selling stockholders may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase securities from us or selling stockholders, if applicable, at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The prospectus supplement will describe the commission payable for solicitation of those contracts.

Hedging Transactions

In connection with distributions of the securities pursuant hereto, selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions. In connection with such transactions, broker-dealers or other financial institutions may engage in short sales of the common stock in the course of hedging the positions they assume with selling stockholders. Selling stockholders may also sell common stock short and redeliver the shares to close out such short positions. Selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus,

[Table of Contents](#)

which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). Selling stockholders may also pledge shares to a broker-dealer or other financial institution, and, upon a default, such broker-dealer or other financial institution, may effect sales of the pledged shares pursuant to this prospectus (as supplemented or amended to reflect such transaction).

General Information

We and/or selling stockholders may have agreements with the agents, dealers and underwriters to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments that the agents, dealers or underwriters may be required to make. Agents, dealers and underwriters may be customers of, engage in transactions with or perform services for, us or selling stockholders in the ordinary course of their businesses.
