Pyxis Tankers Inc. Announces Completion of Sale of Pyxis Delta

Maroussi, Greece, January 15, 2020 – Pyxis Tankers Inc. (NASDAQ Cap Mkts: PXS), (the “Company” or “Pyxis Tankers”), an emerging growth pure play product tanker company, today announced that it has completed the sale of the Pyxis Delta, a 2006-built 46,616 dwt product tanker. The sale proceeds will be used to repay outstanding indebtedness secured by the vessel and for general corporate purposes.

Valentios Valentis, our Chairman and CEO commented:

“This transaction furthers our operating strategy to focus on modern eco-MR tankers and reflects a more efficient allocation of capital resources to improve our financial condition. We are well-positioned to generate significant cash flows from an improving market primarily due our staggered time charters and our continued cost discipline. We continue to be optimistic about the prospects for the product tanker sector, and this sale enhances our financial flexibility to take advantage of potential growth opportunities.”

About Pyxis Tankers Inc.

We currently own a modern fleet of five tankers engaged in seaborne transportation of refined petroleum products and other bulk liquids. We are focused on growing our fleet of medium range product tankers, which provide operational flexibility and enhanced earnings potential due to their “eco” features and modifications. We are positioned to opportunistically expand and maximize our fleet due to competitive cost structure, strong customer relationships and an experienced management team whose interests are aligned with those of its shareholders. Forward Looking Statements

This press release includes “forward-looking statements” intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995 in order to encourage companies to provide prospective information about their business. These statements include statements about our plans, strategies, goals financial performance, prospects or future events or performance and involve known and unknown risks that are difficult to predict. As a result, our actual results, performance or achievements may differ materially from those expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements by the use of words such as “may,” “could,” “expects,” “seeks,” “predict,” “schedule,” “projects,” “intends,” “plans,” “anticipates,” “believes,” “estimates,” “potential,” “likely” and variations of these terms and similar expressions, or the negative of these terms or similar expressions. Such forward-looking statements are necessarily based upon estimates and assumptions. Although the Company believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond the Company’s control, the Company cannot assure you that it will achieve or accomplish these expectations, beliefs or projections. The Company’s actual results may differ, possibly materially, from those anticipated in these forward-looking statements as a result of certain factors, including changes in the Company’s financial resources and operational capabilities and as a result of certain other factors listed from time to time in the Company’s filings with the U.S. Securities and Exchange Commission. For more information about risks and uncertainties associated with our business, please refer to our filings with the U.S. Securities and Exchange Commission, including without limitation, under the caption “Risk Factors” in our Annual Report on Form 20-F for the fiscal year ended December 31, 2018. We caution you not to place undue reliance on any forward-looking statements, which are made as of the date of this press release. We undertake no obligation to update publicly any information in this press release, including forward-looking statements, to reflect actual results, new information or future events, changes in assumptions or changes in other factors affecting forward-looking statements, except to the extent required by applicable laws.
