Subject to completion, dated March 1, 2017

20,000,000 Shares

Canada Goose Holdings Inc.
Subordinate Voting Shares

This is the initial public offering of our subordinate voting shares. We are offering 7,149,000 subordinate voting shares, and the selling shareholders named in this prospectus, including our principal shareholders, are offering, in the aggregate 12,851,000 subordinate voting shares. We will not receive any proceeds from the subordinate voting shares sold by the selling shareholders.

We currently expect the initial public offering price to be between C$14.00 and C$16.00 per subordinate voting share.

No public market currently exists for our subordinate voting shares. We have applied for listing of our subordinate voting shares on the New York Stock Exchange in the United States and on the Toronto Stock Exchange in Canada under the symbol “GOOS.”

Following this offering, we will have two classes of shares outstanding: multiple voting shares and subordinate voting shares. The rights of the holders of our multiple voting shares and subordinate voting shares are substantially identical, except with respect to voting and conversion. The subordinate voting shares will have one vote per share and the multiple voting shares will have 10 votes per share. The subordinate voting shares are not convertible into any other class of shares, while the multiple voting shares are convertible into subordinate voting shares on a one-for-one basis at the option of the holder and under certain other circumstances, including at the time our significant shareholders respectively cease to hold 15% of the total number of multiple voting shares and subordinate voting shares outstanding. See “Description of Share Capital.” After giving effect to the sale of the subordinate voting shares offered hereby, the subordinate voting shares will collectively represent approximately 19% of our total issued and outstanding shares and 2% of the voting power attached to all of our issued and outstanding shares (21% and 3%, respectively, if the underwriters’ over-allotment option is exercised in full) and the multiple voting shares will collectively represent approximately 81% of our total issued and outstanding shares and 96% of the voting power attached to all of our issued and outstanding shares (79% and 97%, respectively, if the underwriters’ over-allotment option is exercised in full). See “Description of Share Capital—Authorized Share Capital.”

We are eligible to be treated as an “emerging growth company” as defined in Section 2(a) of the Securities Act of 1933 and, as a result, are subject to reduced public company reporting requirements. See “Prospectus Summary—Implications of Being an Emerging Growth Company and a Foreign Private Issuer.”

Following this offering, we will be a “controlled company” within the meaning of the corporate governance rules of the New York Stock Exchange. See “Management—Director Independence.”

Investing in our subordinate voting shares involves risk. See “Risk Factors” beginning on page 17.

(1) We have agreed to reimburse the underwriters for certain expenses in connection with this offering. See “Underwriting” for additional information regarding underwriting compensation.

To the extent that the underwriters sell more than 20,000,000 subordinate voting shares, the underwriters have the option to purchase up to an aggregate of 3,000,000 additional subordinate voting shares from the selling shareholders at the initial public offering price, less the underwriting commissions, for 30 days after the date of this prospectus solely to cover over-allotments.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed on the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

The underwriters expect to deliver the subordinate voting shares to investors on or about , 2017.

Industry and Market Data

This prospectus includes market data and forecasts with respect to the apparel industry including outerwear and luxury segments of the industry. Although we are responsible for all of the disclosure contained in this prospectus, in some cases we rely on and refer to market data and certain industry forecasts that were obtained from third party surveys, market research, consultant surveys, publicly available information and industry publications and surveys that we believe to be reliable. Unless otherwise indicated, all market and industry data and other statistical information and forecasts contained in this prospectus are based on independent industry publications, reports by market research firms or other published independent sources and other externally
obtained data that we believe to be reliable. Information in this prospectus on the outerwear and luxury apparel markets is from Euromonitor Apparel and Footwear 2017 edition and Euromonitor Luxury Goods 2017 edition, which is independent market research carried out by Euromonitor International Limited. Research by Euromonitor International should not be considered as the opinion of Euromonitor International, as to the value of any security or the advisability of investing in the company. The Euromonitor data is reported in U.S. Dollars and includes sales taxes at current prices. Outerwear includes men’s and women’s clothing for outdoor/out-of-the-house wear including shorts and trousers, jeans, jackets and coats, suits, shirts and blouses, jumpers, tops, dresses, skirts and leggings. Luxury Apparel is equivalent to Designer Apparel (Ready-to-Wear) which is the aggregation of Men’s Designer Apparel, Women’s Designer Apparel, Designer Childrenswear, Designer Apparel Accessories and Designer Hosiery. However, designer haute couture is excluded from Euromonitor International’s coverage. Some market and industry data, and statistical information and forecasts, are also based on management’s estimates, which are derived from our review of customer surveys commissioned by us and conducted on our behalf as well as the independent sources referred to above. Any such market data, information or forecast may prove to be inaccurate because of the method by which we obtain it or because it cannot always be verified with complete certainty given the limits on the availability and reliability of raw data, the voluntary nature of the data gathering process and other limitations and uncertainties, including those discussed under the captions “Risk Factors.” As a result, although we believe that these sources are reliable, we have not independently verified the information.

Trademarks and Service Marks

This prospectus contains references to a number of trademarks which are our registered trademarks or trademarks for which we have pending applications or common law rights. Our major trademarks include the CANADA GOOSE word mark and the ARCTIC PROGRAM & DESIGN trademark (our disc logo consisting of the colour-inverse design of the North Pole and Arctic Ocean). In addition to the registrations in Canada and the United States, our word mark and design are registered in other jurisdictions which cover approximately 37 jurisdictions. Furthermore, in certain jurisdictions we register as trademarks certain elements of our products, such as fabric, warmth categorization and style names such as our Snow Mantra parka.

Solely for convenience, the trademarks, service marks and trade names referred to in this prospectus are listed without the ®, (sm) and (TM) symbols, but we will assert, to the fullest extent under applicable law, our rights or the rights of the applicable licensors to these trademarks, service marks and trade names.

Basis of Presentation

Unless otherwise indicated, all references in this prospectus to “Canada Goose,” “we,” “our,” “us,” “the company” or similar terms refer to Canada Goose Holdings Inc. and its consolidated subsidiaries.

We publish our consolidated financial statements in Canadian dollars. In this prospectus, unless otherwise specified, all monetary amounts are in Canadian dollars, all references to “$,” “C$, “CDN$,” “CAD$,” and “dollars” mean Canadian dollars and all references to “US$” and “USD” mean U.S. dollars.

On December 9, 2013, investment funds advised by Bain Capital L.P. and its affiliates, which we refer to as Bain Capital, acquired a majority equity interest in our business. We refer to this as the Acquisition. Accordingly, the financial statements presented elsewhere in this prospectus as of and for fiscal 2014 reflect the periods both prior and subsequent to the Acquisition. The consolidated financial statements as at and for fiscal 2014 are presented separately for (i) the predecessor period from April 1, 2013 through December 8, 2013, which we refer to as the Predecessor 2014 Period, and (ii) the successor period from December 9, 2013 through March 31, 2014, which we refer to as the Successor 2014 Period, with the periods prior to the Acquisition being labeled as predecessor and the periods subsequent to the Acquisition labeled as successor. For the purpose of performing a comparison to fiscal 2015, we have prepared Unaudited Pro Forma Combined Supplemental Financial

Information for fiscal 2014, which gives effect to the Acquisition as if it had occurred on April 1, 2013, and which we refer to as the Unaudited Pro Forma Combined 2014 Period. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Basis of Presentation.”

In connection with this offering, we expect to redesignate our Class A common shares into multiple voting shares. In addition, we expect to eliminate all of our previously outstanding series of common and preferred shares and create our subordinate voting shares which will be issued in this offering. See “Description of Share Capital.” The subordinate voting shares to be sold by the selling shareholders as part of the offering will result from the conversion of multiple voting shares into subordinate voting shares prior to the closing of the offering.

We report under International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (the “IASB”). None of the financial statements were prepared in accordance with generally accepted accounting principles in the United States. Our fiscal year ends on March 31 of each calendar year. Our most recent fiscal year, which we refer to as fiscal 2016, ended on March 31, 2016. We refer to the year ended March 31, 2015 and the Unaudited Pro Forma Combined 2014 Period as fiscal 2015 and fiscal 2014, respectively.
Canada Goose

Founded 60 years ago in a small Toronto warehouse, Canada Goose has grown into a highly coveted global outerwear brand. We are recognized for authentic heritage, uncompromised craftsmanship and quality, exceptional warmth and superior functionality. This reputation is decades in the making and is rooted in our commitment to creating premium products that deliver unrivaled functionality where and when it is needed most. Be it Canadian Arctic Rangers serving their country or an explorer trekking to the South Pole, people who live, work and play in the harshest environments on Earth have turned to Canada Goose. Throughout our history, we have found inspiration in these technical challenges and parlayed that expertise into creating exceptional products for any occasion. From research facilities in Antarctica and the Canadian High Arctic to the streets of Toronto, New York City, London, Paris, Tokyo and beyond, people have fallen in love with our brand and made it a part of their everyday lives.

We are deeply involved in every stage of our business as a designer, manufacturer, distributor and retailer of premium outerwear for men, women and children. This vertically integrated business model allows us to directly control the design and development of our products while capturing higher margins. As of December 31, 2016, our products are sold through select outdoor, luxury and online retailers and distributors in 36 countries, our e-commerce sites in Canada, the United States, the United Kingdom and France and two recently opened retail stores in Toronto and New York City.

The power of our business model and our ability to profitably scale our operations are reflected in our financial performance. In fiscal 2016, we had revenue of $290.8 million, gross profit of $145.6 million, which represented gross margin of 50.1%, net income of $26.5 million, Adjusted EBITDA of $54.3 million, Adjusted EBITDA Margin of 18.7% and Adjusted Net Income of $30.1 million. We grew our revenue at a 38.3% compound annual growth rate (“CAGR”), net income at a 196.0% CAGR and Adjusted EBITDA at an 85.0% CAGR from fiscal 2014 to fiscal 2016, while expanding our gross margin from 38.6% to 50.1% and our Adjusted EBITDA Margin from 10.4% to 18.7% over the same period. For additional information regarding Adjusted EBITDA, Adjusted EBITDA Margin and Adjusted Net Income, which are non-IFRS measures, including a reconciliation of these non-IFRS measures to net income, see “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Non-IFRS Measures.”

Our Competitive Strengths

We believe that the following strengths are central to the power of our brand and business model:

Authentic brand. For decades, we have helped explorers, scientists, athletes and film crews embrace the elements in some of the harshest environments in the world. Our stories are real and are best told through the unfiltered lens of Goose People, our brand ambassadors. The journeys, achievements and attitudes of these incredible adventurers embody our core belief that greatness is out there and inspire our customers to chart their own course.

Uncompromised craftsmanship. Leveraging decades of experience, field testing and obsessive attention to detail, we develop superior functional products. Our expertise in matching our technical fabrics with optimal blends of down enables us to create warmer, lighter and more durable products across seasons and applications. The commitment to superior quality and lasting performance that initially made us renowned for warmth now extends into breathability and protection from wind and rain.
Beloved and coveted globally. We offer outerwear with timeless style for anyone who wants to embrace the elements. Our deep connection with our customers is evidenced by their brand loyalty. Consumer surveys conducted on our behalf in 2016 show that 82% of customers say they love their Canada Goose jackets and 84% of customers indicate that, when making their next premium outerwear purchase, they would likely repurchase Canada Goose. These results are among the highest in our industry based on this survey.

Proudly made in Canada. Our Canadian heritage and commitment to local manufacturing are at the heart of our business and brand. While many companies in our industry outsource to offshore manufacturers, we are committed to aggressively investing in producing premium, high quality products in Canada, the country from which we draw our inspiration. We believe our Canadian production facilities and craftspeople have set us apart on the international stage and in the minds of our customers.

Flexible supply chain. We directly control the design, innovation, development, engineering and testing of our products, which we believe allows us to achieve greater operating efficiencies and deliver superior quality products. We manage our production through a combination of in-house manufacturing facilities and long-standing relationships with Canadian third party sub-contractors. Our flexible supply chain gives us distinct advantages including the ability to scale our operations, adapt to customer demand, shorten product development cycles and achieve higher margins.

Multi-channel distribution. Our global distribution strategy allows us to reach customers through two distinct, brand-enhancing channels. In our wholesale channel, which as of December 31, 2016 extends into 36 countries, we carefully select the best retail partners and distributors to represent our brand in a manner consistent with our heritage and growth strategy. As a result, our retail partnerships include best-in-class outdoor, luxury and online retailers. Through our fast growing direct to consumer (“DTC”) channel, which includes our e-commerce sites in four countries and two recently opened retail stores, we are able to more directly control the customer experience, driving deeper brand engagement and loyalty, while also realizing more favorable margins. We employ product supply discipline across both of our channels to manage scarcity, preserve brand strength and optimize profitable growth for us and our retail partners.

Passionate and committed management team. Through steady brand discipline and a focus on sustainable growth, our management team has transformed a small family business into a global brand. Dani Reiss, our CEO, has worked in almost every area of our company and successfully developed our international sales channels prior to assuming the role of CEO in 2001. Dani has assembled a team of seasoned executives from diverse and relevant backgrounds, who draw on an average of over 15 years’ experience working with a wide range of leading global companies including Marc Jacobs, New Balance, Nike, Patagonia, Ralph Lauren, McKinsey, UFC and Red Bull. Their leadership and passion have accelerated our evolution into a three season lifestyle brand and the rollout of our DTC channel.

Our Growth Strategies

We have built a strong foundation as Canada Goose has evolved into a highly coveted global outerwear brand. Over the past three fiscal years, we have grown our revenue at a 38.3% CAGR, net income at a 196.0% CAGR and Adjusted EBITDA at an 85.0% CAGR. We have also expanded our gross margin from 38.6% to 50.1% and our Adjusted EBITDA Margin from 10.4% to 18.7%, over the same period while concurrently making significant long-term investments in our human capital, production capacity, brand building and distribution channels. Leveraging these investments and our proven growth strategies, we will continue to aggressively pursue our substantial global market opportunity.
Execute our proven market development strategy. As we have grown our business, we have developed a successful framework for entering and developing our markets by increasing awareness and broadening customer access. We intend to continue executing on the following tactics as we further penetrate our markets globally:

**Introduce and strengthen our brand.** Building brand awareness among potential new customers and strengthening our connections with those who already know us will be a key driver of our growth. While our brand has achieved substantial traction globally and those who have experienced our products demonstrate strong loyalty, our presence is relatively nascent in many of our markets. According to an August 2016 consumer survey conducted on our behalf, the vast majority of consumers outside of Canada are not aware of Canada Goose. Through a combination of the organic word-of-mouth brand building that has driven much of our success to date and a more proactive approach to reaching new audiences through traditional channels, we will continue to introduce the Canada Goose brand to the world.

**Enhance our wholesale network.** We intend to continue broadening customer access and strengthening our global foothold in new and existing markets by strategically expanding our wholesale network and deepening current relationships. In all of our markets, we have an opportunity to increase sales by adding new wholesale doors and increasing volume with existing retail partners. Additionally, we are focused on strengthening relationships with our retail partners through broader offerings, exclusive products and shop-in-shop formats. We believe our retail partners have a strong incentive to showcase our brand as our products drive customer traffic and consistent full-price sell-through in their stores.

**Accelerate our e-commerce-led Direct to Consumer rollout.** Our DTC channel serves as an unfiltered window into our brand, which creates meaningful relationships and direct engagement with our customers. This drives opportunities to generate incremental revenue growth and capture full retail margin. We have rapidly grown our online sales to $33.0 million in fiscal 2016, which represented 11.4% of our consolidated revenue. We have subsequently launched new online storefronts in the United Kingdom and France and plan to continue introducing online stores in new markets. Our e-commerce platform is complemented by our two recently opened retail stores in Toronto and New York City. We intend to open a select number of additional retail locations in major metropolitan centres and premium outdoor destinations where we believe they can operate profitably.

**Strengthen and expand our geographic footprint.** We believe there is an opportunity to grow penetration across our existing markets and selectively enter new regions. Although the Canada Goose brand is recognized globally, our recent investments have been focused on North America and have driven exceptional growth in Canada and the United States. Outside of Canada and the United States (“Rest of World”), we have identified an opportunity to accelerate our momentum utilizing our proven growth framework. The following table presents our revenue in each of our geographic segments over the past three fiscal years:

**Canada.** While we have achieved high brand awareness in Canada, we continue to experience strong penetration and revenue growth driven primarily by expanding access and product offerings. After developing a strong wholesale footprint, we successfully launched our Canadian e-commerce platform in August 2014 and opened our first retail store in Toronto in October 2016. We expect to further develop our presence through increased strategic marketing activities, deeper relationships with our retail partners and continued focus on our DTC channel. Additionally, we intend to continue broadening our product offering to make Canada Goose a bigger part of our customers’ lives.
United States. As we continue to capture the significant market opportunity in the United States, our focus is on increasing brand awareness to a level that approaches what we have achieved in Canada. According to an August 2016 consumer survey conducted on our behalf, aided brand awareness in the United States is 16% as compared to 76% in Canada. Our market entry has been staged on a regional basis, with the bulk of our investments and wholesale penetration concentrated in the Northeast. This has been the primary driver of our historical growth and momentum in the U.S. and we continue to generate strong growth in the region. Building on this success, we launched our national e-commerce platform in September 2015 and opened our first retail store in New York City in November 2016. We believe there is a large white space opportunity in other regions such as the Mid-Atlantic, Midwest and West. As we sequentially introduce our brand to the rest of the country, we are focused on expanding our wholesale footprint, including executing our shop-in-shop strategy and continuing to deliver a broader three season product assortment to our partners.

Rest of World. We currently generate sales in every major Western European market and, while this is where the brand first achieved commercial success, we believe there are significant opportunities to accelerate these markets to their full potential. In the United Kingdom and France in particular, we have achieved strong traction through our retail partnerships, but have yet to fully extend our wholesale network and are only in the initial phase of executing on our shop-in-shop strategy. In both markets, we launched our e-commerce platforms in September 2016 and intend to establish our owned retail presence in the near future. While the United Kingdom and France are our most developed European markets, we have identified a number of markets with significant near-term development potential, such as Germany, Italy and Scandinavia.

Outside of Europe, our most established markets are Japan and Korea. Over the past decade, we have grown successfully in Japan, and in both Japan and Korea, we recently partnered with world-class distributors. These partners will help us continue to build awareness and access to the brand while ensuring its long term sustainability. Additionally, we currently have a minimal presence in China and other large markets which represent significant future opportunities.

Enhance and expand our product offering. Continuing to enhance and expand our product offering represents a meaningful growth driver for Canada Goose. Broadening our product line will allow us to strengthen brand loyalty with those customers who already love Canada Goose, drive higher penetration in our existing markets and expand our appeal across new geographies and climates. Drawing on our decades of experience and customer demand for inspiring new functional products, we intend to continue developing our offering through the following:

Elevate Winter. Recognizing that people want to bring the functionality of our jackets into their everyday lives, we have developed a wide range of exceptional winter products for any occasion. While staying true to our arctic heritage, we intend to continue refreshing and broadening our offering with new stylistic variations, refined fits and exclusive limited edition collaborations.

Expand Spring and Fall. We intend to continue building out our successful Spring and Fall collections in categories such as lightweight and ultralightweight down, rainwear, windwear and softshell jackets. While keeping our customers warm, comfortable and protected across three seasons, these extensions also increase our appeal in markets with more temperate climates.

Extend beyond outerwear. Our strategy is to selectively respond to customer demand for functional products in adjacent categories. Consumer surveys conducted on our behalf indicate that our customers are looking for additional Canada Goose products, particularly in key categories such as knitwear, fleece, footwear, travel gear and bedding. We believe offering inspiring new products that are consistent with our heritage, functionality and quality represents an opportunity to develop a closer relationship with our customers and expand our addressable market.
Continue to drive operational excellence. As we scale our business, we plan to continue leveraging our brand and powerful business model to drive operational efficiencies and higher margins in the following ways:

- **Channel mix.** We intend to expand our DTC channel in markets that can support the profitable rollout of e-commerce and select retail stores. As our distribution channel mix shifts toward our e-commerce-led DTC channel, we expect to capture incremental gross profit. A jacket sale in our DTC channel provides two-to-four times greater contribution to segment operating income per jacket as compared to a sale of the same product in our wholesale channel.

- **Price optimization.** We intend to continue optimizing our pricing to capture the full value of our products and the superior functionality they provide to our customers. Additionally, we actively balance customer demand with scarcity of supply to avoid the promotional activity that is common in the apparel industry. This allows us and our retail partners to sell our products at full price, avoid markdowns and realize full margin potential.

- **Manufacturing capabilities.** Approximately one-third of Canada Goose products are currently manufactured in our own Canadian facilities. We intend to optimize our domestic manufacturing mix by opportunistically bringing additional manufacturing capacity in-house to capture incremental gross profit.

- **Operating leverage.** We have invested ahead of our growth in all areas of the business including design and manufacturing, multi-channel distribution and corporate infrastructure. As we continue our growth trajectory, we have the opportunity to leverage these investments and realize economies of scale.

**Corporate Information**

Our company was founded in Toronto, Canada in 1957. In December 2013, we partnered with Bain Capital through a sale of a 70% equity interest in our business to accelerate our growth. In connection with such sale, Canada Goose Holdings Inc. was incorporated under the Business Corporations Act (British Columbia) on November 21, 2013.

Our principal office is located at 250 Bowie Avenue, Toronto, Ontario, Canada M6E 4Y2 and our telephone number is (416) 780-9850. Our registered office is located at Suite 1700, Park Place, 666 Burrard Street, Vancouver, British Columbia, Canada, V6C 2X8. Our website address is www.canadagoose.com. After giving effect to the sale of subordinate voting shares offered hereby, Bain Capital will control approximately 70% of our multiple voting shares, or approximately 68% of the combined voting power of our
multiple voting shares and subordinate voting shares outstanding after this offering (68% if the underwriters’ over-allotment option is exercised in full). As a result, we expect to be a “controlled company” within the meaning of the corporate governance standards of the New York Stock Exchange (the “NYSE”) on which we have applied to list our subordinate voting shares. See “Risk Factors—Risks Related to This Offering and Our Subordinate Voting Shares.”

**Risk Factors**

Investing in our subordinate voting shares involves a high degree of risk. You should carefully consider the risks described in “Risk Factors” before making a decision to invest in our subordinate voting shares. If any of these risks actually occur, our business, financial condition and results of operations would likely be materially adversely affected. In such case, the trading price of our subordinate voting shares would likely decline and you may lose part or all of your investment. Below is a summary of some of the principal risks we face:

- we may be unable to maintain the strength of our brand;
- we may not be able to manage our growth effectively;
- our brand expansion plans may be unsuccessful;
- fluctuations in raw materials costs or currency exchange rates may impact our operating results; and
- our dual-class share structure concentrates voting control with our principal shareholders and as a result our principal shareholders will have the ability to control the outcome of matters submitted for shareholder approval and may have interests that differ from those of our other shareholders.

**Implications of Being an Emerging Growth Company and a Foreign Private Issuer**

We qualify as an “emerging growth company” pursuant to the Jumpstart Our Business Startups Act of 2012, or the JOBS Act, as amended. An emerging growth company may take advantage of specified exemptions from various requirements that are otherwise applicable generally to public companies in the United States. These provisions include:

- an exemption to include in an initial public offering registration statement less than five years of selected financial data;
- reduced executive compensation disclosure; and
- an exemption from the auditor attestation requirement in the assessment of the emerging growth company’s internal control over financial reporting.

The JOBS Act also permits an emerging growth company such as us to take advantage of an extended transition period to comply with new or revised accounting standards applicable to public companies. We will not take advantage of this provision because IFRS standards make no distinction between public and private companies for purposes of compliance with new or revised accounting standards.

We will remain an emerging growth company until the earliest of:

- the last day of our fiscal year during which we have total annual gross revenue of at least US$1.0 billion;
- the last day of our fiscal year following the fifth anniversary of the completion of this offering;
- the date on which we have, during the previous three-year period, issued more than US$1.0 billion in non-convertible debt securities; or
• the date on which we are deemed to be a “large accelerated filer” under the U.S. Securities Exchange Act of 1934, as amended, or the Exchange Act, which would occur if the market value of our shares that are held by non-affiliates exceeds US$700 million as of the last business day of our most recently completed second fiscal quarter.

In addition, upon consummation of this offering, we will report under the Exchange Act, as a non-U.S. company with foreign private issuer status. As a foreign private issuer, we may take advantage of certain provisions in the NYSE Listing Rules that allow us to follow Canadian law for certain corporate governance matters. See “Management—Foreign Private Issuer Status.” Even after we no longer qualify as an emerging growth company, as long as we qualify as a foreign private issuer under the Exchange Act, we will be exempt from certain provisions of the Exchange Act that are applicable to U.S. domestic public companies, including:

• the sections of the Exchange Act regulating the solicitation of proxies, consents or authorizations in respect of a security registered under the Exchange Act;
• the sections of the Exchange Act requiring insiders to file public reports of their stock ownership and trading activities and liability for insiders who profit from trades made in a short period of time;
• the rules under the Exchange Act requiring the filing with the Securities and Exchange Commission of quarterly reports on Form 10-Q containing unaudited financial and other specified information, or current reports on Form 8-K, upon the occurrence of specified significant events; and
• Regulation Fair Disclosure, or Regulation FD, which regulates selective disclosures of material information by issuers.

### Voting Rights

Following the sale of subordinate voting shares offered hereby, we will have two classes of shares outstanding: multiple voting shares and subordinate voting shares. The rights of the holders of our multiple voting shares and subordinate voting shares are substantially identical, except with respect to voting and conversion.

The subordinate voting shares will have one vote per share and the multiple voting shares will have 10 votes per share. See “Description of Share Capital—Authorized Share Capital.”

After giving effect to this offering, the subordinate voting shares will collectively represent approximately 19% of our total issued and outstanding shares and approximately 2% of the voting power attached to all of our issued and outstanding shares (21% and 3%, respectively, if the underwriters’ over-allotment option is exercised in full) and the multiple voting shares will collectively represent approximately 81% of our total issued and outstanding shares and approximately 98% of the voting power attached to all of our issued and outstanding shares (79% and 97%, respectively, if the underwriters’ over-allotment option is exercised in full).

### Conversion Rights

The subordinate voting shares are not convertible into any other class of shares. The multiple voting shares are convertible into subordinate voting shares on a one-for-one basis at the option of the holder or upon the sale of multiple voting shares to an unaffiliated third party.

### Take-Over Bid Protection

In accordance with applicable regulatory requirements designed to ensure that, in the event of a take-over bid, the holders of subordinate voting shares will be entitled to participate on an equal footing with holders of multiple voting shares, we will enter into a coattail agreement with holders of multiple voting shares. The coattail agreement will contain provisions customary for dual-class corporations listed on the Toronto Stock Exchange, or the TSX, designed to prevent transactions that otherwise would deprive the holders of subordinate voting shares of rights under applicable take-over bid legislation in Canada to which they would have been entitled if the multiple voting shares had been subordinate voting shares. See “Description of Share Capital—Certain Important Provisions of our Articles and the BCBCA—Take-Over Bid Protection.”

### Use of Proceeds

We expect to receive net proceeds from this offering of approximately $100.0 million, after deducting underwriting commissions, based upon an assumed initial public offering price of $15.00 per subordinate voting share, which is the midpoint of the price range set forth on the cover page of this prospectus. We will not receive any proceeds from the sale of subordinate voting shares in this offering by the selling shareholders, including upon the sale of subordinate voting shares if the underwriters exercise their option to purchase additional subordinate voting shares from certain of the selling shareholders in this offering, to cover over-allotments. We intend to use the proceeds from this offering to repay a portion of our outstanding indebtedness, including $35.0 million under our Revolving Facility and $65.0 million under our Term Loan Facility incurred in connection with the Recapitalization. See “Use of Proceeds” and “Recapitalization.”

### Directed Share Program

At our request, the underwriters have reserved for sale up to five percent of the subordinate voting shares to be sold by us and the selling shareholders, at the public offering price to certain individuals through a directed share program, including employees, directors and other persons associated with us who have expressed interest in purchasing shares in this offering. The number of subordinate voting shares available for sale to the general public will be reduced by the number of reserved shares sold to these individuals. Any reserved shares not purchased by these individuals will be offered by the underwriters to the general public on the same basis as the other subordinate voting shares offered under this prospectus. See “Underwriting.”

### Dividend Policy

We do not expect to pay any dividends on our subordinate voting shares in the foreseeable future. See “Dividend Policy.”
Principal Shareholder

Upon completion of this offering, Bain Capital will continue to own a controlling interest in us. Accordingly, we currently intend to avail ourselves of the “controlled company” exemption under the NYSE Listing Rules. See “Management—Director Independence” and “Principal and Selling Shareholders.”

Risk Factors

You should read the “Risk Factors” section of this prospectus for a discussion of factors to consider carefully before deciding to invest in our subordinate voting shares.

Proposed NYSE and TSX Trading Symbol

“GOOS.”

The total number of subordinate voting shares and multiple voting shares to be outstanding after this offering is based on no subordinate voting shares and 100,000,000 multiple voting shares outstanding as of December 31, 2016 on a pro forma basis after giving effect to the transactions described below, and excludes:

- 5,899,660 subordinate voting shares issuable upon exercise of options outstanding under our equity incentive plans as of March 1, 2017 at a weighted average exercise price of $1.63 per subordinate voting share; and
- 5,100,340 additional subordinate voting shares reserved for future issuance under our equity incentive plans.

Except as otherwise indicated, the information in this prospectus reflects or assumes:

- the filing of amended articles, which will occur immediately prior to the consummation of this offering, to, among other things, amend and redesignate our Class A Common Shares as multiple voting shares, eliminate our remaining series of common and preferred shares and create our subordinate voting shares;
- no exercise by the underwriters of their option to purchase additional subordinate voting shares from the selling shareholders identified in this prospectus to cover over-allotments; and
- no exercise of stock options outstanding.
Summary Historical Consolidated Financial and Other Data

The following tables set forth our summary historical consolidated financial data. You should read the following summary historical consolidated financial data in conjunction with “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and our consolidated financial statements and related notes included elsewhere in this prospectus.

We have derived the summary historical consolidated information for the years ended March 31, 2016 and March 31, 2015 and the periods from December 9, 2013 to March 31, 2014 and April 1, 2013 to December 8, 2013 and the summary consolidated financial position information as of March 31, 2015 and 2016 from our audited consolidated financial statements included elsewhere in this prospectus. We have derived the summary consolidated statement of operations information for the nine months ended December 31, 2015 and 2016 and the summary consolidated financial position information as of December 31, 2016 from our unaudited interim consolidated financial statements included elsewhere in this prospectus. Our consolidated financial statements have been prepared in accordance with IFRS and are presented in thousands of Canadian dollars except where otherwise indicated. Our historical results are not necessarily indicative of the results that should be expected in any future period.

On December 9, 2013, Bain Capital acquired a majority equity interest in our business as part of the Acquisition. Accordingly, the financial statements presented elsewhere in this prospectus as of and for fiscal 2014 reflect the periods both prior and subsequent to the Acquisition. The consolidated financial statements for March 31, 2014 are presented separately for the predecessor period from April 1, 2013 through December 8, 2013, which we refer to as the Predecessor 2014 Period, and the successor period from December 9, 2013 through March 31, 2014, which we refer to as the Successor 2014 Period, with the periods prior to the Acquisition being labeled as predecessor and the periods subsequent to the Acquisition labeled as successor. For the purpose of performing a comparison to fiscal 2015, we have prepared Unaudited Pro Forma Combined Supplemental Financial Information for fiscal 2014, which gives effect to the Acquisition as if it had occurred on April 1, 2013, and which we refer to as the Unaudited Pro Forma Combined 2014 Period. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Basis of Presentation.”

(1) Net interest and other finance costs consist of interest expense relating to our subordinated debt, which was refinanced in connection with the Recapitalization, as well as our Revolving Facility and prior credit facility. Interest expense associated with the subordinated debt represented $3,822 in the nine months ended December 31, 2016, $5,598 in fiscal 2016, $5,398 in fiscal 2015 and $4,809 in the Unaudited Pro Forma Period ended March 31, 2014. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Basis of Presentation” for a presentation of the Unaudited Pro Forma Combined 2014 Period.

(2) The pro forma statement of comprehensive income data for the fiscal year ended March 31, 2016 and the nine months ended December 31, 2016 give effect to (a) the Recapitalization, including the incurrence of indebtedness under the Term Loan Facility and the repayment of the Bain Capital subordinated debt, (b) the issuance of 7,149,000 subordinate voting shares in the offering at an initial public offering price of $15.00 per
subordinate voting share, the midpoint of the range set forth on the cover of this prospectus and the application of the net proceeds therefrom as described in “Use of Proceeds,” and (c) the termination of our management agreement with Bain Capital in connection with the completion of this offering, as if each had occurred on the first day of the respective period presented. See “Related Party Transactions—Management Agreement” and “Recapitalization.”

(a) Reflects the termination, in connection with the offering, of the management fees paid to Bain Capital pursuant to the management agreement for the periods presented. See “Related Party Transactions—Management Agreement.”

(b) Reflects the net adjustment to interest expense resulting from the incurrence of indebtedness under the new Term Loan Facility, the repayment of the subordinated debt and the repayment, with the net proceeds of this offering, of $65 million aggregate principal amount of outstanding loans under our Term Loan Facility and the repayment of $35 million under our Revolving Facility. See “Description of Indebtedness,” and “Use of Proceeds.” Pro forma presentation does not give effect to the refinancing of our prior credit facility completed on June 3, 2016. See Notes 16 and 22 to the audited consolidated financial statements included in this prospectus.

(c) Reflects adjustments to historical income tax expense to reflect the net increases in income tax expense due to higher income before income taxes resulting from the decrease in management fees as a result of the termination of the management agreement with Bain Capital described in (a) above and a net (increase) decrease in interest expense as a result of our new Term Loan Facility and Revolving Facility as described in (b) above, assuming a tax rate of 25.5% and 25.3% for each respective period presented.

(d) Reflects 7,149,000 additional subordinate voting shares to be issued by us in this offering.

(e) Reflects the interest expense resulting from the increase in our outstanding borrowings pursuant to the Term Loan offset by the repayment of subordinated debt described in footnote (b) above as if these transactions had occurred on April 1, 2015 and were in effect during the entire periods presented. The interest expense for the Term Loan Facility is calculated by assuming the base LIBOR rate of 1% plus the applicable margin of 5.00% and is not calculated using the effective interest method and therefore excludes the impact of approximately CAD$6.5 million of original issue discount and transaction costs of CAD$3.4 million incurred in connection with the issuance of the Term Loan Facility.

(f) Reflects the application of $65.0 million of net proceeds to the repayment of indebtedness under our Term Loan Facility and $35.0 million of net proceeds to the repayment of indebtedness under our Revolving Facility, at the assumed interest rate of 2.73%. This decrease excludes the items described under note (e).

3. EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin and Adjusted Net Income are financial measures that are not defined under IFRS. We use these non-IFRS financial measures, and believe they enhance an investor’s understanding of our financial and operating performance from period to period, because they exclude certain material non-cash items and certain other adjustments we believe are not reflective of our ongoing operations and our performance. In particular, following the Acquisition, we have made changes to our legal and operating structure to better position our organization to achieve our strategic growth objectives, which have resulted in outflows of economic resources. Accordingly, we use these metrics to measure our core financial and operating performance for business planning purposes and as a component in the determination of incentive compensation for management employees. In addition, we believe EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin and Adjusted Net Income are measures commonly used by investors to evaluate companies in the apparel industry. However, they are not presentations made in accordance with IFRS and the use of the terms EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin and Adjusted Net Income vary from others in our industry. These financial measures are not intended to represent and should not be considered as alternatives to net income, operating income or any other performance measures derived in accordance with IFRS as measures of operating performance or operating cash flows or as measures of liquidity.

EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin and Adjusted Net Income have important limitations as analytical tools and you should not consider them in isolation or as substitutes for analysis of our results as reported under IFRS. For example, these financial measures:

- exclude certain tax payments that may reduce cash available to us;
- do not reflect any cash capital expenditure requirements for the assets being depreciated and amortized that may have to be replaced in the future;
- do not reflect changes in, or cash requirements for, our working capital needs;
- do not reflect the interest expense, or the cash requirements necessary to service interest or principal payments, on our debt; and
- other companies in our industry may calculate these measures differently than we do, limiting their usefulness as comparative measures.
The tables below illustrate a reconciliation of net income to EBITDA, Adjusted EBITDA and Adjusted Net Income for the periods presented:

(a) Represents the amount paid pursuant to the management agreement with Bain Capital for ongoing consulting and other services. In connection with this offering, the management agreement will be terminated, and Bain Capital will no longer receive management fees from us. See “Certain Relationships and Related Party Transactions—Management Agreement.”

(b) In connection with the Acquisition and the filing of this prospectus, we incurred expenses related to professional fees, consulting, legal, and accounting that would otherwise not have been incurred and were directly related to these two matters. These fees are not indicative of the company’s ongoing costs and we expect they will discontinue following the completion of this offering.

(c) In connection with the Acquisition, we recognized acquired inventory at fair value, which included a mark-up for profit. Recording inventory at fair value in purchase accounting had the effect of increasing inventory.

- and thereby increasing the cost of sales in subsequent periods as compared to the amounts we would have recognized if the inventory was sold through at cost. The write-up of acquired inventory sold represents the incremental cost of sales that was recognized as a result of purchase accounting. This inventory was sold in fiscal 2014 and fiscal 2015 and has impacted net income in both periods.

(d) Represents unrealized gains on foreign exchange forward contracts recorded in fiscal 2016 that relate to fiscal 2017. We manage our exposure to foreign currency risk by entering into foreign exchange forward contracts. Management forecasts its net cash flows in foreign currency using expected revenue from orders it receives for future periods. The unrealized gains and losses on these contracts are recognized in net income from the date of inception of the contract, while the cash flows to which the derivatives related are not realized until the contract settles. Management believes that reflecting these adjustments in the period in which the net cash flows will occur is more appropriate.

(e) Represents a non-cash charge for unrealized losses on the translation of the Term Loan Facility from USD to CAD$.

(f) Represents expenses incurred to establish our European headquarters in Zug, Switzerland, including closing several smaller offices across Europe, relocating personnel and incurring temporary office costs.

(g) Represents non-cash share-based compensation expense. Adjustments in fiscal 2017 reflect management’s estimates that certain tranches of outstanding option awards will vest.

(h) Represents accrued expenses in respect of termination payments to be made to our third party sales agents. As part of a strategy to transition certain sales functions in-house, we terminated the majority of our third party sales agents and certain distributors, primarily during fiscal 2015 and 2016, which resulted in indemnities and other termination payments. As sales agents have now largely been eliminated from the sales structure, management does not expect these charges to recur in future fiscal periods.

(i) Represents non-cash amortization charges during pre-opening periods for new store leases.

(j) As a result of the Acquisition, we recognized an intangible asset for customer lists in the amount of $8.7 million, which has a useful life of four years.

(k) During fiscal 2016, we entered into a series of transactions whereby our wholly-owned subsidiary, Canada Goose International AG, acquired the global distribution rights to our products. As a result, there was a one-time tax benefit of $3.5 million recorded during the year.

(l) See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Basis of Presentation” for a presentation of our Unaudited Pro Forma Combined Supplemental Financial Information for the year ended March 31, 2014.

(4) Adjusted EBITDA Margin is equal to Adjusted EBITDA for the period presented as a percentage of revenue for the same period.
Risk Factors

This offering and investing in our subordinate voting shares involves a high degree of risk. You should carefully consider the risks and uncertainties described below together with all of the other information contained in this prospectus, including our consolidated financial statements and the related notes appearing at the end of this prospectus, before deciding to invest in our subordinate voting shares. If any of the following risks actually occurs, our business, prospects, operating results and financial condition could suffer materially, the trading price of our subordinate voting shares could decline and you could lose all or part of your investment. Please also see “Cautionary Note Regarding Forward-Looking Statements.”

Risks Related to our Business

Our business depends on a strong brand, and if we are not able to maintain and enhance our brand we may be unable to sell our products, which would adversely affect our business.

The Canada Goose name and premium brand image are integral to the growth of our business, and to the implementation of our strategies for expanding our business. We believe that the brand image we have developed has significantly contributed to the success of our business and is critical to maintaining and expanding our customer base. Maintaining and enhancing our brand may require us to make substantial investments in areas such as product design, store openings and operations, marketing, e-commerce, community relations and employee training, and these investments may not be successful.

We anticipate that, as our business expands into new markets and new product categories and as the market becomes increasingly competitive, maintaining and enhancing our brand may become difficult and expensive. Conversely, as we penetrate these new markets and our brand becomes more widely available, it could potentially detract from the appeal stemming from the scarcity of our brand. Our brand may also be adversely affected if our public image or reputation is tarnished by negative publicity. In addition, ineffective marketing, product diversion to unauthorized distribution channels, product defects, counterfeit products, unfair labour practices, and failure to protect the intellectual property rights in our brand are some of the potential threats to the strength of our brand, and those and other factors could rapidly and severely diminish consumer confidence in us. Maintaining and enhancing our brand will depend largely on our ability to be a leader in the premium outerwear industry and to continue to offer a range of high quality products to our customers, which we may not execute successfully. Any of these factors could harm our sales, profitability or financial condition.

A key element of our growth strategy is expansion of our product offerings into new product categories. We may be unsuccessful in designing products that meet our customers’ expectations for our brand or that are attractive to new customers. If we are unable to anticipate customer preferences or industry changes, or if we are unable to modify our products on a timely basis or expand effectively into new product categories, we may lose customers. As of December 31, 2016, our brand is sold in 36 countries through nearly 2,500 points of distribution. As we expand into new geographic markets, consumers in these new markets may be less compelled by our brand image and may not be willing to pay a higher price to purchase our premium functional products as compared to traditional outerwear. Our operating results would also suffer if our investments and innovations do not anticipate the needs of our customers, are not appropriately timed with market opportunities or are not effectively brought to market.

Because our business is highly concentrated on a single, discretionary product category, premium outerwear, we are vulnerable to changes in consumer preferences that could harm our sales, profitability and financial condition.

Our business is not currently diversified and consists primarily of designing, manufacturing and distributing premium outerwear and accessories. In fiscal 2016, our main product category across all seasons, our jackets, was made up of over 100 styles and comprised the majority of our sales. Consumer preferences often change
rapidly. Therefore, our business is substantially dependent on our ability to attract customers who are willing to pay a premium for our products. Any future shifts in consumer preferences away from retail spending for premium outerwear and accessories would also have a material adverse effect on our results of operations.

In addition, we believe that continued increases in sales of premium outerwear will largely depend on customers continuing to demand technical superiority from their luxury products. If the number of customers demanding premium outerwear does not continue to increase, or if our customers are not convinced that our premium outerwear is more functional or stylish than other outerwear alternatives, we may not achieve the level of sales necessary to support new growth platforms and our ability to grow our business will be severely impaired.

A downturn in the economy may affect customer purchases of discretionary items, which could materially harm our sales, profitability and financial condition.

Many factors affect the level of consumer spending for discretionary items such as our premium outerwear and related products. These factors include general economic conditions, interest and tax rates, the availability of consumer credit, disposable consumer income, unemployment and consumer confidence in future economic conditions. Consumer purchases of discretionary items, such as our premium outerwear, tend to decline during recessionary periods when disposable income is lower. During our 60-year history, we have experienced recessionary periods, but we cannot predict the effect on our sales and profitability. A downturn in the economy in markets in which we sell our products may materially harm our sales, profitability and financial condition.

We operate in a highly competitive market and the size and resources of some of our competitors may allow them to compete more effectively than we can, resulting in a loss of our market share and a decrease in our revenue and profitability.

The market for outerwear is highly fragmented. We compete directly against other wholesalers and direct retailers of premium functional outerwear and luxury apparel. Because of the fragmented nature of the marketplace, we also compete with other apparel sellers, including those who do not specialize in outerwear. Many of our competitors have significant competitive advantages, including longer operating histories, larger and broader customer bases, more established relationships with a broader set of suppliers, greater brand recognition and greater financial, research and development, store development, marketing, distribution, and other resources than we do.

Our competitors may be able to achieve and maintain brand awareness and market share more quickly and effectively than we can. Many of our competitors have more established and diversified marketing programs, including with respect to promotion of their brands through traditional forms of advertising, such as print media and television commercials, and through celebrity endorsements, and have substantial resources to devote to such efforts. Our competitors may also create and maintain brand awareness using traditional forms of advertising more quickly than we can. Our competitors may also be able to increase sales in their new and existing markets faster than we can by emphasizing different distribution channels than we can, such as catalog sales or an extensive retail network, and many of our competitors have substantial resources to devote toward increasing sales in such ways.

If we fail to attract new customers, we may not be able to increase sales.

Our success depends, in part, on our ability to attract new customers. In order to expand our customer base, we must appeal to and attract consumers who identify with our products. We have made significant investments in enhancing our brand and attracting new customers. We expect to continue to make significant investments to promote our current products to new customers and new products to current and new customers, including through our DTC e-commerce platforms and retail store presence. Such campaigns can be expensive and may not result in increased sales. Further, as our brand becomes more widely known, we may not attract new customers as we have in the past. If we are unable to attract new customers, we may not be able to increase our sales.
We have grown rapidly in recent years. If we are unable to manage our operations at our current size or to manage any future growth effectively, the pace of our growth may slow.

We have expanded our operations rapidly since 2013 and have been developing a DTC channel with the launch of our four e-commerce stores in Canada and the United States as well as the United Kingdom and France in August 2014, September 2015 and September 2016, respectively, and the opening of our first two retail stores in October and November of 2016 in Toronto and New York City, respectively. Our revenue increased from $152.1 million for fiscal 2014 to $290.8 million for fiscal 2016, a CAGR of approximately 38.3%, including $33.0 million of revenue generated from our DTC channel in fiscal 2016.

If our operations continue to grow, of which there can be no assurance, we will be required to continue to expand our sales and marketing, product development, manufacturing and distribution functions, to upgrade our management information systems and other processes, and to obtain more space for our expanding administrative support and other personnel. Our continued growth could increase the strain on our resources, and we could experience operating difficulties, including difficulties in hiring, training and managing an increasing number of employees and manufacturing capacity to produce our products, and delays in production and shipments. These difficulties may result in the erosion of our brand image, divert the attention of management and key employees and impact financial and operational results. In addition, in order to continue to expand our DTC Channel, we expect to continue to add selling, general & administrative expenses to our operating profile. These costs, which include lease commitments, headcount and capital assets, could result in decreased margins if we are unable to drive commensurate growth.

Our growth strategy involves expansion of our DTC channel, including retail stores and on-line, which may present risks and challenges that we have not yet experienced.

Our business has only recently evolved from one in which we only distributed products on a wholesale basis for resale by others to one that also includes a multi-channel experience, which includes retail physical and online stores operated by us. Growing our e-commerce platforms and number of physical stores is essential to our growth strategy, as is expanding our product offerings available through these channels. However, we have limited operating experience executing this strategy, which we launched with our first e-commerce store in August 2014 and our first retail store in October 2016. This strategy has and will continue to require significant investment in cross-functional operations and management focus, along with investment in supporting technologies and retail store spaces. If we are unable to provide a convenient and consistent experience for our customers, our ability to compete and our results of operations could be adversely affected. In addition, if our e-commerce store design does not appeal to our customers, reliably function as designed, or maintain the privacy of customer data, or if we are unable to consistently meet our brand promise to our customers, we may experience a loss of customer confidence or lost sales, or be exposed to fraudulent purchases, which could adversely affect our reputation and results of operations.

We currently operate our online stores in Canada, the United States, the United Kingdom and France, and are planning to expand our e-commerce platform to other geographies. These countries may impose different and evolving laws governing the operation and marketing of e-commerce websites, as well as the collection, storage and use of information on consumers interacting with those websites. We may incur additional costs and operational challenges in complying with these laws, and differences in these laws may cause us to operate our businesses differently in different territories. If so, we may incur additional costs and may not fully realize the investment in our international expansion.

Our operating results are subject to seasonal and quarterly variations in our revenue and operating income, which could cause the price of our subordinate voting shares to decline.

Our business is seasonal and, historically, we have realized approximately three quarters of our revenue and earnings for the fiscal year in the second and third fiscal quarters, due to the impact of wholesale orders in
anticipation of the Winter and holiday selling season. Many of these orders are not subject to contracts and, if cancelled for any reason, could result in harm to our sales and financial results. Any factors that harm our second and third fiscal quarter operating results, including disruptions in our supply chain, unseasonably warm weather or unfavourable economic conditions, could have a disproportionate effect on our results of operations for the entire fiscal year. In addition, we typically experience net losses in our first and fourth fiscal quarters as we invest ahead of our most active season. Disrupted sales in our second and third fiscal quarters could upset our seasonal balance leading to an adverse effect on our financial and operating results.

In order to prepare for our peak shopping season, we must maintain higher quantities of finished goods. As a result, our working capital requirements also fluctuate during the year, increasing in the first and second fiscal quarters and declining significantly in the fourth fiscal quarter.

Our quarterly results of operations may also fluctuate significantly as a result of a variety of other factors, including the sales contributed by our DTC channel. As a result, historical period-to-period comparisons of our sales and operating results are not necessarily indicative of future period-to-period results. You should not rely on the results of a single fiscal quarter as an indication of our annual results or our future performance.

**Our indebtedness could adversely affect our financial condition.**

As of December 31, 2016, we had $59.8 million of borrowings outstanding under our Revolving Facility, and $82.1 million of unused commitments under our Revolving Facility $218.3 million of term loans under our Term Loan Facility, and total indebtedness of $278.1 million as of such date. See “Description of Indebtedness” and “Recapitalization”. Upon the completion of this offering, after giving effect to the use of proceeds described in this prospectus, we expect to have total indebtedness of $178.1 million. Our debt could have important consequences, including:

- limiting our ability to obtain additional financing to fund future working capital, capital expenditures, acquisitions or other general corporate requirements and increasing our cost of borrowing;
- requiring a portion of our cash flow to be dedicated to debt service payments instead of other purposes, thereby reducing the amount of cash flow available for working capital, capital expenditures, acquisitions and other general corporate purposes;
- requiring the net cash proceeds of certain equity offerings to be used to prepay our debt as opposed to other purposes;
- exposing us to the risk of increased interest rates as certain of our borrowings, including borrowings under our senior secured credit facilities, are at variable rates of interest; and
- limiting our flexibility in planning for and reacting to changes in the industry in which we compete.

The credit agreements governing our senior secured credit facilities contain a number of restrictive covenants that impose operating and financial restrictions on us, including restrictions on our ability to incur certain liens, make investments and acquisitions, incur or guarantee additional indebtedness, pay dividends or make other distributions in respect of, or repurchase or redeem our common or preferred shares, or enter into certain other types of contractual arrangements affecting our subsidiaries or indebtedness. In addition, the restrictive covenants in the credit agreement governing our Revolving Facility require us to maintain a minimum fixed charge coverage ratio if excess availability under our Revolving Facility falls below a specified threshold.

Although the credit agreements governing our senior secured credit facilities contain restrictions on the incurrence of additional indebtedness, those restrictions are subject to a number of qualifications and exceptions and the additional indebtedness incurred in compliance with those restrictions could be substantial. We may also seek to amend or refinance one or more of our debt instruments to permit us to finance our growth strategy or improve the terms of our indebtedness.

20
Our plans to improve and expand our product offerings may not be successful, and implementation of these plans may divert our operational, managerial and administrative resources, which could harm our competitive position and reduce our revenue and profitability.

In addition to our DTC strategy and the expansion of our geographic footprint, we plan to grow our business by expanding our product offerings. The principal risks to our ability to successfully carry out our plans to expand our product offering include:

- if our expanded product offerings fail to maintain and enhance our distinctive brand identity, our brand image may be diminished and our sales may decrease;
- implementation of these plans may divert management’s attention from other aspects of our business and place a strain on our management, operational and financial resources, as well as our information systems; and
- incorporation of novel materials or features into our products may not be accepted by our customers or may be considered inferior to similar products offered by our competitors.

In addition, our ability to successfully carry out our plans to expand our product offerings may be affected by economic and competitive conditions, changes in consumer spending patterns and changes in consumer preferences and styles. These plans could be abandoned, could cost more than anticipated and could divert resources from other areas of our business, any of which could negatively impact our competitive position and reduce our revenue and profitability.

We rely on a limited number of third-party suppliers to provide high quality raw materials.

Our products require high quality raw materials, including cotton, polyester, down and coyote fur. The price of raw materials depends on a wide variety of factors largely beyond the control of Canada Goose. A shortage, delay or interruption of supply for any reason could negatively impact our ability to fulfill orders and have an adverse impact on our financial results.

In addition, we rely on a very small number of direct suppliers for our raw materials. As a result, any disruption to these relationships could have a material adverse effect on our business. Events that adversely affect our suppliers could impair our ability to obtain inventory in the quantities and at the quality that we desire. Such events include difficulties or problems with our suppliers’ businesses, finances, labour relations, ability to import raw materials, costs, production, insurance and reputation, as well as natural disasters or other catastrophic occurrences. Furthermore, there can be no assurance that our suppliers will continue to provide fabrics and raw materials or provide products that are consistent with our standards.

More generally, if we need to replace an existing supplier, additional supplies or additional manufacturing capacity may not be available when required on terms that are acceptable to us, or at all, and any new supplier may not meet our strict quality requirements. In the event we are required to find new sources of supply, we may encounter delays in production, inconsistencies in quality and added costs as a result of the time it takes to train our suppliers and manufacturers in our methods, products and quality control standards. Any delays, interruption or increased costs in the supply of our raw materials could have an adverse effect on our ability to meet customer demand for our products and result in lower sales and profitability both in the short and long-term.

We could experience significant disruptions in supply from our current sources.

We generally do not enter into long-term formal written agreements with our suppliers, and typically transact business with our suppliers on an order-by-order basis. There can be no assurance that there will not be a disruption in the supply of fabrics or raw materials from current sources or, in the event of a disruption, that we would be able to locate alternative suppliers of materials of comparable quality at an acceptable price, or at all. Identifying a suitable supplier is an involved process that requires us to become satisfied with their quality.
control, responsiveness and service, financial stability and labour and other ethical practices. Any delays, interruption or increased costs in the supply of fabric or manufacture of our products could have an adverse effect on our ability to meet customer demand for our products and result in lower revenue and operating income both in the short and long-term.

Our business or our results of operations could be harmed if we are unable to accurately forecast demand for our products.

To ensure adequate inventory supply, we and our retail partners forecast inventory needs, which are subject to seasonal and quarterly variations. If we fail to accurately forecast retailer demand, we may experience excess inventory levels or a shortage of product to deliver to our retail partners and through our DTC channel.

If we underestimate the demand for our products, we may not be able to produce products to meet our retail partner requirements, and this could result in delays in the shipment of our products and our failure to satisfy demand, as well as damage to our reputation and retail partner relationships. If we overestimate the demand for our products, we could face inventory levels in excess of demand, which could result in inventory write-downs or write-offs and the sale of excess inventory at discounted prices, which would harm our gross margins and our brand management efforts. In addition, failures to accurately predict the level of demand for our products could cause a decline in revenue and harm our profitability and financial condition.

If we are unable to establish and protect our trademarks and other intellectual property rights, counterfeiters may produce copies of our products and such counterfeit products could damage our brand image.

Given the increased popularity of our brand, we believe there is a high likelihood that counterfeit products or other products infringing on our intellectual property rights will continue to emerge, seeking to benefit from the consumer demand for Canada Goose outerwear. These counterfeit products do not provide the functionality of our products and we believe they are of substantially lower quality, and if customers are not able to differentiate between our products and counterfeit products, this could damage our brand image. In order to protect our brand, we devote significant resources to the registration and protection of our trademarks and to anti-counterfeiting efforts worldwide. We actively pursue entities involved in the trafficking and sale of counterfeit merchandise through legal action or other appropriate measures. In spite of our efforts, counterfeiting still occurs and, if we are unsuccessful in challenging a third-party’s rights related to trademark, copyright or other intellectual property rights, this could adversely affect our future sales, financial condition and results of operations. We cannot guarantee that the actions we have taken to curb counterfeiting and protect our intellectual property will be adequate to protect the brand and prevent counterfeiting in the future or that we will be able to identify and pursue all counterfeiters who may seek to benefit from our brand.

Competitors have and will likely continue to attempt to imitate our products and technology and divert sales. If we are unable to protect or preserve our intellectual property rights, brand image and proprietary rights, our business may be harmed.

As our business has expanded, our competitors have imitated, and will likely continue to imitate, our product designs and branding, which could harm our business and results of operations. Competitors who flood the market with products seeking to imitate our products could divert sales and dilute the value of our brand. We believe our trademarks, copyrights and other intellectual property rights are extremely important to our success and our competitive position.

However, enforcing rights to our intellectual property may be difficult and costly, and we may not be successful in stopping infringement of our intellectual property rights, particularly in some foreign countries, which could make it easier for competitors to capture market share. Intellectual property rights necessary to protect our products and brand may also be unavailable or limited in certain countries. Furthermore, our efforts to enforce our trademarks, copyrights and other intellectual property rights may be met with defenses, counterclaims and
countersuits attacking the validity and enforceability of our trademark and other intellectual property rights. Continued sales of competing products by our competitors could harm our brand and adversely impact our business, financial condition and results of operations.

**Labour-related matters, including labour disputes, may adversely affect our operations.**

As of December 31, 2016, less than 25% of our employees are members of labour unions, and additional members of our workforce may become represented by unions in the future. The exposure to unionized labour in our workforce nonetheless presents an increased risk of strikes and other labour disputes, and our ability to alter labour costs will be subject to collective bargaining, which could adversely affect our results of operations. In addition, potential labour disputes at independent factories where our goods are produced, shipping ports, or transportation carriers create risks for our business, particularly if a dispute results in work slowdowns, lockouts, strikes or other disruptions during our peak manufacturing, shipping and selling seasons. Any potential labour dispute, either in our own operations or in those of third parties, on whom we rely, could materially affect our costs, decrease our sales, harm our reputation or otherwise negatively affect our sales, profitability or financial condition.

We rely significantly on information technology systems for our distribution systems and other critical business functions, and are increasing our reliance on these functions as our DTC channel expands. Any failure, inadequacy, or interruption of those systems could harm our ability to operate our business effectively.

We rely on information systems to effectively manage all aspects of our business, including merchandise planning, manufacturing, allocation, distribution and sales. Our reliance on these systems, and their importance to our business, will increase as we expand our DTC channel and global operations. We rely on a number of third parties to help us effectively manage these systems. If information systems we rely on fail to perform as expected, our business could be disrupted. The failure of us or our vendors to manage and operate our information technology systems as expected could disrupt our business, result in our not providing adequate product, losing sales or market share, and reputational harm, causing our business to suffer. Any such failure or disruption could have a material adverse effect on our business.

Our information technology systems and vendors also may be vulnerable to damage or interruption from circumstances beyond our or their control, including fire, flood, natural disasters, systems failures, network or communications failures, power outages, viruses, security breaches, cyber-attacks and terrorism. We maintain disaster recovery procedures intended to mitigate the risks associated with such events, but there is no guarantee that these procedures will be adequate in any particular circumstance. As a result, such an event could materially disrupt, and have a material adverse effect on, our business.

*We depend on our retail partners to display and present our products to customers, and our failure to maintain and further develop our relationships with our retail partners could harm our business.*

We sell our products through knowledgeable local, regional, and national retail partners. Our retail partners service customers by stocking and displaying our products, and explaining our product attributes. Our relationships with these retail partners are important to the authenticity of our brand and the marketing programs we continue to deploy. Our failure to maintain these relationships with our retail partners or financial difficulties experienced by these retail partners could harm our business.

We also have key relationships with national retail partners. For fiscal 2016, our largest Canadian wholesale customer accounted for 17% of our wholesale revenue in Canada, and our largest U.S. wholesale customer accounted for 18% of our wholesale revenue in the United States. If we lose any of our key retail partners, or if any key retail partner reduces their purchases of our existing or new products, or their number of stores or operations or promotes products of our competitors over ours, or suffers financial difficulty or insolvency, our sales would be harmed. Our sales depend, in part, on retailer partners effectively displaying our products,
including providing attractive space in their stores, including shop-in-shops, and training their sales personnel to sell our products. If our retail partners reduce or terminate those activities, we may experience reduced sales of our products, resulting in lower revenue and gross margins, which would harm our profitability and financial condition.

The majority of our sales are to retail partners.

The majority of our sales are made to retail partners who may decide to emphasize products from our competitors, to redeploy their retail floor space to other product categories, or to take other actions that reduce their purchases of our products. We do not receive long-term purchase commitments from our retail partners, and confirmed orders received from our retail partners may be difficult to enforce. Factors that could affect our ability to maintain or expand our sales to these retail partners include: (a) failure to accurately identify the needs of our customers; (b) lack of customer acceptance of new products or product expansions; (c) unwillingness of our retail partners and customers to attribute premium value to our new or existing products or product expansions relative to competing products; (d) failure to obtain shelf space from our retail partners; and (e) new, well-received product introductions by competitors.

We cannot assure you that our retail partners will continue to carry our products in accordance with current practices or carry any new products that we develop. If these risks occur, they could harm our brand as well as our results of operations and financial condition.

Our marketing programs, e-commerce initiatives and use of customer information are governed by an evolving set of laws and enforcement trends and unfavorable changes in those laws or trends, or our failure to comply with existing or future laws, could substantially harm our business and results of operations.

We collect, process, maintain and use data, including sensitive information on individuals, available to us through online activities and other customer interactions in our business. Our current and future marketing programs may depend on our ability to collect, maintain and use this information, and our ability to do so is subject to evolving international, U.S., Canadian, European and other laws and enforcement trends. We strive to comply with all applicable laws and other legal obligations relating to privacy, data protection and customer protection, including those relating to the use of data for marketing purposes. It is possible, however, that these requirements may be interpreted and applied in a manner that is inconsistent from one jurisdiction to another, may conflict with other rules, may conflict with our practices or fail to be observed by our employees or business partners. If so, we may suffer damage to our reputation and be subject to proceedings or actions against us by governmental entities or others. Any such proceeding or action could hurt our reputation, force us to spend significant amounts to defend our practices, distract our management or otherwise have an adverse effect on our business.

Certain of our marketing practices rely upon e-mail to communicate with consumers on our behalf. We may face risk if our use of e-mail is found to violate the applicable law. We post our privacy policy and practices concerning the use and disclosure of user data on our websites. Any failure by us to comply with our posted privacy policy or other privacy-related laws and regulations could result in proceedings which could potentially harm our business. In addition, as data privacy and marketing laws change, we may incur additional costs to ensure we remain in compliance. If applicable data privacy and marketing laws become more restrictive at the international, federal, provincial or state levels, our compliance costs may increase, our ability to effectively engage customers via personalized marketing may decrease, our investment in our e-commerce platform may not be fully realized, our opportunities for growth may be curtailed by our compliance burden and our potential reputational harm or liability for security breaches may increase.

Data security breaches and other cyber security events could negatively affect our reputation, credibility and business.

We collect, process, maintain and use sensitive personal information relating to our customers and employees, including their personally identifiable information, and rely on third parties for the operation of our e-commerce
site and for the various social media tools and websites we use as part of our marketing strategy. Any perceived, attempted or actual unauthorized disclosure of personally identifiable information regarding our employees, customers or website visitors could harm our reputation and credibility, reduce our e-commerce sales, impair our ability to attract website visitors, reduce our ability to attract and retain customers and could result in litigation against us or the imposition of significant fines or penalties.

Recently, data security breaches suffered by well-known companies and institutions have attracted a substantial amount of media attention, prompting new foreign, federal, provincial and state laws and legislative proposals addressing data privacy and security, as well as increased data protection obligations imposed on merchants by credit card issuers. As a result, we may become subject to more extensive requirements to protect the customer information that we process in connection with the purchase of our products, resulting in increased compliance costs.

Our on-line activities, including our e-commerce websites, also may be subject to denial of service or other forms of cyber attacks. While we have taken measures we believe reasonable to protect against those types of attacks, those measures may not adequately protect our on-line activities from such attacks. If a denial of service attack or other cyber event were to affect our e-commerce sites or other information technology systems, our business could be disrupted, we may lose sales or valuable data, and our reputation may be adversely affected.

A significant portion of our business functions operate out of our headquarters in Toronto. As a result, our business is vulnerable to disruptions due to local weather, economics and other factors.

All of our significant business functions reside at our headquarters in Toronto, Canada. Events such as extreme local weather, natural disasters, transportation strikes, acts of terrorism, significant economic disruptions or unexpected damage to the facility could result in an unexpected disruption to our business as a whole. Although we carry business interruption insurance, if a disruption of this type should occur, our ability to conduct our business could be adversely affected or interrupted entirely and adversely affect our financial and operating results.

Our success is substantially dependent on the continued service of our senior management.

Our success is substantially dependent on the continued service of our senior management, including Dani Reiss, who is our third-generation President and Chief Executive Officer. The loss of the services of our senior management could make it more difficult to successfully operate our business and achieve our business goals. We also may be unable to retain existing management, technical, sales and client support personnel that are critical to our success, which could result in harm to our customer and employee relationships, loss of key information, expertise or know-how and unanticipated recruitment and training costs.

We have not obtained key man life insurance policies on any members of our senior management team. As a result, we would not be protected against the associated financial loss if we were to lose the services of members of our senior management team.

We rely on payment cards to receive payments, and are subject to payment-related risks.

For our DTC sales, as well as for sales to certain retail partners, we accept a variety of payment methods, including credit cards, debit cards and electronic funds transfers. Accordingly, we are, and will continue to be, subject to significant and evolving regulations and compliance requirements relating to payment card processing. This includes laws governing the collection, processing and storage of sensitive consumer information, as well as industry requirements such as the Payment Card Industry Data Security Standard, or PCI-DSS. These laws and obligations may require us to implement enhanced authentication and payment processes that could result in increased costs and liability, and reduce the ease of use of certain payment methods. For certain payment methods, including credit and debit cards, we pay interchange and other fees, which may
increase over time. We rely on independent service providers for payment processing, including credit and debit cards. If these independent service providers become unwilling or unable to provide these services to us or if the cost of using these providers increases, our business could be harmed. We are also subject to payment card association operating rules and agreements, including PCI-DSS, certification requirements and rules governing electronic funds transfers, which could change or be reinterpreted to make it difficult or impossible for us to comply. If we fail to comply with these rules or requirements, or if our data security systems are breached or compromised, we may be liable for losses incurred by card issuing banks or consumers, subject to fines and higher transaction fees, lose our ability to accept credit or debit card payments from our consumers, or process electronic fund transfers or facilitate other types of payments. Any failure to comply could significantly harm our brand, reputation, business, and results of operations.

If our independent manufacturers or our suppliers fail to use ethical business practices and fail to comply with changing laws and regulations or our applicable guidelines, our brand image could be harmed due to negative publicity.

Our core values, which include developing the highest quality products while operating with integrity, are an important component of our brand image, which makes our reputation sensitive to allegations of unethical or improper business practices, whether real or perceived. We do not control our suppliers and manufacturers or their business practices. Accordingly, we cannot guarantee their compliance with our guidelines or the law. A lack of compliance could lead to reduced sales or recalls or damage to our brand or cause us to seek alternative suppliers, which could increase our costs and result in delayed delivery of our products, product shortages or other disruptions of our operations.

In addition, many of our products include materials that are heavily regulated in many jurisdictions. Certain jurisdictions in which we sell have various regulations related to manufacturing processes and the chemical content of our products, including their component parts. Monitoring compliance by our manufacturers and suppliers is complicated, and we are reliant on their compliance reporting in order to comply with regulations applicable to our products. This is further complicated by the fact that expectations of ethical business practices continually evolve and may be substantially more demanding than applicable legal requirements. Ethical business practices are also driven in part by legal developments and by diverse groups active in publicizing and organizing public responses to perceived ethical shortcomings. Accordingly, we cannot predict how such regulations or expectations might develop in the future and cannot be certain that our guidelines or current practices would satisfy all parties who are active in monitoring our products or other business practices worldwide.

Our current and future products may experience quality problems from time to time that can result in negative publicity, litigation, product recalls and warranty claims, which could result in decreased revenue and operating margin, and harm to our brand.

There can be no assurance we will be able to detect, prevent, or fix all defects that may affect our products. Failure to detect, prevent, or fix defects, or the occurrence of real or perceived quality, health or safety problems or material defects in our current and future products, could result in a variety of consequences, including a greater number of product returns than expected from customers and our retail partners, litigation, product recalls, and credit, warranty or other claims, among others, which could harm our brand, sales, profitability and financial condition. We stand behind every Canada Goose product with a full lifetime warranty against defects. Because of this comprehensive warranty, quality problems could lead to increased warranty costs, and divert the attention of our manufacturing facilities. Such problems could hurt our premium brand image, which is critical to maintaining and expanding our business. Any negative publicity or lawsuits filed against us related to the perceived quality and safety of our products could harm our brand and decrease demand for our products.
Our business could be adversely affected by protestors or activists.

We have been the target of activists in the past, and may continue to be in the future. Our products include certain animal products, including goose and duck feathers in all of our down-filled parkas and coyote fur on the hoods of some of our parkas, which has drawn the attention of animal welfare activists. In addition, protestors can disrupt sales at our stores, or use social media or other campaigns to sway public opinion against our products. If any such activists are successful at either of these our sales and results of operations may be adversely affected.

The cost of raw materials could increase our cost of goods sold and cause our results of operations and financial condition to suffer.

The fabrics used by our suppliers and manufacturers include synthetic fabrics and natural products, including cotton, polyester, down and coyote fur. Significant price fluctuations or shortages in the cost of these raw materials may increase our cost of goods sold and cause our results of operations and financial condition to suffer. In particular, in our experience, pricing for fur products tends to be unpredictable. If we are unable to secure coyote fur for our jackets at a reasonable price, we may have to alter or discontinue selling some of our designs, or attempt to pass along the cost to our customers, any of which could adversely affect our results of operations and financial condition.

Additionally, increasing costs of labour, freight and energy could increase our and our suppliers’ cost of goods. If our suppliers are affected by increases in their costs of labour, freight and energy, they may attempt to pass these cost increases on to us. If we pay such increases, we may not be able to offset them through increases in our pricing, which could adversely affect our results of operation and financial condition.

Fluctuations in foreign currency exchange rates could harm our results of operations as well as the price of our subordinate voting shares.

The presentation currency for our consolidated financial statements is the Canadian dollar. Because we recognize sales in the United States in U.S. dollars, if the U.S. dollar weakens against the Canadian dollar it would have a negative impact on our U.S. operating results upon translation of those results into Canadian dollars for the purposes of financial statement consolidation. We may face similar risks in other foreign jurisdictions where sales are recognized in foreign currencies. Although we engage in short-term hedging transactions for a large portion of our foreign currency denominated cash flows to mitigate foreign exchange risks, depending upon changes in future currency rates, such gains or losses could have a significant, and potentially adverse, effect on our results of operations. Foreign exchange variations (including the value of the Canadian dollar relative to the U.S. dollar) have been significant in the past and current foreign exchange rates may not be indicative of future exchange rates.

Our earnings per share are reported in Canadian dollars, and accordingly may be translated into U.S. dollars by analysts or our investors. As a result, the value of an investment in our subordinate voting shares to a U.S. shareholder will fluctuate as the U.S. dollar rises and falls against the Canadian dollar. Our decision to declare a dividend depends on results of operations reported in Canadian dollars. As a result, U.S. and other shareholders seeking U.S. dollar total returns, including increases in the share price and dividends paid, are subject to foreign exchange risk as the U.S. dollar rises and falls against the Canadian dollar.

Unexpected obstacles in new markets may limit our expansion opportunities and cause our business and growth to suffer.

Our future growth depends in part on our expansion efforts outside of North America. We have limited experience with regulatory environments and market practices outside of this region, and we may not be able to penetrate or successfully operate in any new market, as a result of unfamiliar regulation or other unexpected
barriers to entry. In connection with our expansion efforts we may encounter obstacles, including cultural and linguistic differences, differences in regulatory environments, economic or governmental instability, labour practices and market practices, difficulties in keeping abreast of market, business and technical developments, and foreign customers’ tastes and preferences. We may also encounter difficulty expanding into new international markets because of limited brand recognition leading to delayed acceptance of our outerwear by customers in these new international markets. Our failure to develop our business in new international markets or experiencing disappointing growth outside of existing markets could harm our business and results of operations.

We may become involved in legal or regulatory proceedings and audits.

Our business requires compliance with many laws and regulations, including labour and employment, sales and other taxes, customs, and consumer protection laws and ordinances that regulate retailers generally and/or govern the importation, promotion and sale of merchandise, and the operation of stores and warehouse facilities. Failure to comply with these laws and regulations could subject us to lawsuits and other proceedings, and could also lead to damage awards, fines and penalties. We may become involved in a number of legal proceedings and audits, including government and agency investigations, and consumer, employment, tort and other litigation. The outcome of some of these legal proceedings, audits, and other contingencies could require us to take, or refrain from taking, actions that could harm our operations or require us to pay substantial amounts of money, harming our financial condition. Additionally, defending against these lawsuits and proceedings may be necessary, which could result in substantial costs and diversion of management’s attention and resources, harming our financial condition. There can be no assurance that any pending or future legal or regulatory proceedings and audits will not harm our business, financial condition and results of operations.

We are subject to many hazards and operational risks that can disrupt our business, some of which may not be insured or fully covered by insurance.

Our operations are subject to many hazards and operational risks inherent to our business, including: general business risks, product liability, product recall and damage to third parties, our infrastructure or properties caused by fires, floods and other natural disasters, power losses, telecommunications failures, terrorist attacks, human errors and similar events.

Our insurance coverage may be inadequate to cover our liabilities related to such hazards or operational risks. In addition, we may not be able to maintain adequate insurance in the future at rates we consider reasonable and commercially justifiable, and insurance may not continue to be available on terms as favorable as our current arrangements. The occurrence of a significant uninsured claim, or a claim in excess of the insurance coverage limits maintained by us could harm our business, results of operations and financial condition.

We will incur significant expenses and devote other significant resources and management time as a result of being a public company, which may negatively impact our financial performance and could cause our results of operations and financial condition to suffer.

We will incur significant legal, accounting, insurance and other expenses as a result of being a public company. The rules implemented by the Securities and Exchange Commission, or SEC, and by the NYSE, and the securities regulators in each of the provinces and territories of Canada and by the TSX have required changes in corporate governance practices of public companies. We expect that compliance with these laws, rules and regulations will substantially increase our expenses, including our legal and accounting costs, and make some activities more time-consuming and costly, and these new obligations will require attention from our senior management and could divert their attention away from the day-to-day management of our business. We also expect these laws, rules and regulations to make it more expensive for us to obtain director and officer liability insurance, and we may be required to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. As a result, it may be more difficult for us to attract and retain qualified persons to serve on our board of directors or as officers. As a result of the foregoing, we expect a
substantial increase in legal, accounting, insurance and certain other expenses in the future, which will negatively impact our financial performance and could cause our results of operations and financial condition to suffer. Furthermore, if we are unable to satisfy our obligations as a public company, we could be subject to delisting of our subordinate voting shares, fines, sanctions and other regulatory action and potentially civil litigation.

We have identified material weaknesses in our internal control over financial reporting and if we fail to remediate these weaknesses and maintain proper and effective internal controls, our ability to produce accurate and timely financial statements could be impaired, which could harm our operating results, our ability to operate our business and investors’ views of us.

Ensuring that we have adequate internal financial and accounting controls and procedures in place so that we can produce accurate financial statements on a timely basis is a costly and time-consuming effort that needs to be evaluated frequently. As a private company, we have not historically prepared public company financial statements. In connection with the audit of our consolidated financial statements, we have identified material weaknesses in our internal control over financial reporting. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company’s annual or interim consolidated financial statements will not be prevented or detected on a timely basis.

We did not have in place an effective control environment with formal processes and procedures or an adequate number of accounting personnel with the appropriate technical training in, and experience with, IFRS to allow for a detailed review of complex accounting transactions that would identify errors in a timely manner, including inventory costing and business combinations. We did not design or maintain effective controls over the financial statement close and reporting process in order to ensure the accurate and timely preparation of financial statements in accordance with IFRS. In addition, information technology controls, including end user and privileged access rights and appropriate segregation of duties, including for certain users the ability to create and post journal entries, were not designed or operating effectively.

We have taken steps to address these material weaknesses and continue to implement our remediation plan, which we believe will address their underlying causes. We have hired personnel with requisite skills in both technical accounting and internal control over financial reporting. In addition, we have engaged external advisors to provide financial accounting assistance in the short term and to evaluate and document the design and operating effectiveness of our internal controls and assist with the remediation and implementation of our internal controls as required. We are evaluating the longer term resource needs of our various financial functions.

Implementing any appropriate changes to our internal controls and continuing to update and maintain our internal controls may distract our officers and employees, entail substantial costs to implement new processes and modify our existing processes and take significant time to complete. If we fail to enhance our internal control over financial reporting to meet the demands that will be placed upon us as a public company, including the requirements of the Sarbanes-Oxley Act of 2002 or the Sarbanes-Oxley Act, we may be unable to report our financial results accurately, which could increase operating costs and harm our business, including our investors’ perception of our business and our share price. The actions we plan to take are subject to continued management review supported by confirmation and testing, as well as audit committee oversight. While we expect to fully remediate these material weaknesses, we cannot assure you that we will be able to do so in a timely manner, which could impair our ability to report our financial position. For a more detailed discussion of our material weaknesses, see “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Internal Control Over Financial Reporting.”
Failure to maintain adequate financial and management processes and controls could lead to errors in our financial reporting, which could harm our business and cause a decline in our share price.

Reporting obligations as a public company and our anticipated growth have placed and are likely to continue to place a considerable strain on our financial and management systems, processes and controls, as well as on our personnel. In addition, following our first year as a public company we will be required to document and test our internal controls over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act so that our management can certify the effectiveness of our internal controls. As a result, we will be required to continue to improve our financial and managerial controls, reporting systems and procedures, to incur substantial expenses to test our systems and to make such improvements and to hire additional personnel. If our management is unable to certify the effectiveness of our internal controls or if additional material weaknesses in our internal controls are identified, we could be subject to regulatory scrutiny and a loss of public confidence, which could harm our business and cause a decline in our share price. In addition, if we do not maintain adequate financial and management personnel, processes and controls, we may not be able to accurately report our financial performance on a timely basis, which could cause a decline in our share price and harm our ability to raise capital. Failure to accurately report our financial performance on a timely basis could also jeopardize our continued listing on the TSX, the NYSE or any other exchange on which our subordinate voting shares may be listed. Delisting of our subordinate voting shares from any exchange would reduce the liquidity of the market for our subordinate voting shares, which would reduce the price of our subordinate voting shares and increase the volatility of our share price.

We do not expect that our disclosure controls and procedures and internal controls over financial reporting will prevent all error or fraud. A control system, no matter how well-designed and implemented, can provide only reasonable, not absolute, assurance that the control system’s objectives will be met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Due to the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues within an organization are detected. Due to the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and may not be detected in a timely manner or at all. If we cannot provide reliable financial reports or prevent fraud, our reputation and operating results could be materially adversely affected, which could also cause investors to lose confidence in our reported financial information, which in turn could result in a reduction in the trading price of the subordinate voting shares.

Risks Related to This Offering and Our Subordinate Voting Shares

The dual-class structure that will be contained in our articles has the effect of concentrating voting control and the ability to influence corporate matters with Bain Capital and DTR LLC, who held our shares prior to our initial public offering.

Our multiple voting shares have 10 votes per share and our subordinate voting shares, which are the shares we and the selling shareholders are selling in this offering, have 1 vote per share. Shareholders who hold multiple voting shares (Bain Capital and DTR LLC, an entity indirectly controlled by our President and Chief Executive Officer), will together hold approximately 98% of the voting power of our outstanding voting shares following this offering (or, if the underwriters’ over-allotment option is exercised in full, 97% of the voting power of our outstanding voting shares following this offering) and will therefore have significant influence over our management and affairs and over all matters requiring shareholder approval, including the election of directors and significant corporate transactions. In addition, in connection with this offering, the principal shareholders expect to enter into an investor rights agreement providing for certain director nomination rights and registration rights. See “Certain Relationships and Related Party Transactions—Investor Rights Agreement.”

In addition, because of the 10-to-1 voting ratio between our multiple voting shares and subordinate voting shares, the holders of our multiple voting shares will continue to control a majority of the combined voting power of our voting shares even where the multiple voting shares represent a substantially reduced percentage of our total
outstanding shares. The concentrated voting control of holders of our multiple voting shares will limit the ability of our subordinate voting shareholders to influence corporate matters for the foreseeable future, including the election of directors as well as with respect to decisions regarding amending of our share capital, creating and issuing additional classes of shares, making significant acquisitions, selling significant assets or parts of our business, merging with other companies and undertaking other significant transactions. As a result, holders of multiple voting shares will have the ability to influence or control many matters affecting us and actions may be taken that our subordinate voting shareholders may not view as beneficial. The market price of our subordinate voting shares could be adversely affected due to the significant influence and voting power of the holders of multiple voting shares. Additionally, the significant voting interest of holders of multiple voting shares may discourage transactions involving a change of control, including transactions in which an investor, as a holder of the subordinate voting shares, might otherwise receive a premium for the subordinate voting shares over the then-current market price, or discourage competing proposals if a going private transaction is proposed by one or more holders of multiple voting shares.

Future transfers by holders of multiple voting shares, other than permitted transfers to such holders’ respective affiliates or direct family members or to other permitted holders, will result in those shares automatically converting to subordinate voting shares, which will have the effect, over time, of increasing the relative voting power of those holders of multiple voting shares who retain their multiple voting shares. See “Description of Share Capital—Authorized Share Capital—Conversion.”

_Bain Capital will continue to have significant influence over us after this offering, including control over decisions that require the approval of shareholders, which could limit your ability to influence the outcome of matters submitted to shareholders for a vote._

We are currently controlled, and after this offering is completed will continue to be controlled, by Bain Capital. Upon completion of this offering, Bain Capital will beneficially own approximately 70% of our outstanding multiple voting shares, or approximately 68% of the combined voting power of our multiple voting and subordinate voting shares outstanding after this offering. If the underwriters’ over-allotment option is exercised in full, Bain Capital will beneficially own approximately 68% of the combined voting power of our multiple voting shares and subordinate voting shares outstanding after this offering. In addition, DTR LLC, an entity indirectly controlled by our President and Chief Executive Officer, will beneficially own approximately 30% of our outstanding multiple voting shares or approximately 29% of the combined voting power of our outstanding voting shares. As long as Bain Capital owns or controls at least a majority of our outstanding voting power, it will have the ability to exercise substantial control over all corporate actions requiring shareholder approval, irrespective of how our other shareholders may vote, including the election and removal of directors and the size of our board of directors, any amendment of our certificate of incorporation, notice of articles and articles, or the approval of any merger or other significant corporate transaction, including a sale of substantially all of our assets. Even if its ownership falls below 50% of the voting power of our outstanding voting shares, Bain Capital will continue to be able to strongly influence or effectively control our decisions. Bain Capital’s multiple voting shares convert automatically to subordinate voting shares at the time that Bain Capital and its affiliates no longer beneficially own at least 15% of the outstanding subordinate shares and multiple voting shares on a non-diluted basis. Even once Bain Capital’s multiple voting shares convert into subordinate voting shares we may continue to be a controlled company so long as an entity controlled by our President and Chief Executive Officer continues to hold multiple voting shares. See “Description of Share Capital.”

Additionally, Bain Capital’s interests may not align with the interests of our other shareholders. Bain Capital is in the business of making investments in companies and may acquire and hold interests in businesses that compete directly or indirectly with us. Bain Capital may also pursue acquisition opportunities that may be complementary to our business, and, as a result, those acquisition opportunities may not be available to us.

Following this offering, our audit committee will be responsible for reviewing all related party transactions for potential conflict of interest situations and approving all such transactions. See “Certain Relationships and
Related Party Transactions—Review, Approval or Ratification of Transactions with Related Parties.” Our audit committee will consist of directors who are independent as required by SEC and the NYSE Listing Rules, subject to the permitted phase-in period afforded by such rules. In addition, our code of ethics, following this offering, will contain provisions designed to address conflicts of interest. However, such provisions may not be effective in limiting Bain Capital’s significant influence over us.

Upon the listing of our subordinate voting shares, we will be a controlled company within the meaning of the rules of the NYSE and, as a result, will qualify for, and intend to rely on, exemptions from certain corporate governance requirements; you will not have the same protections afforded to shareholders of companies that are subject to such requirements.

Because Bain Capital will continue to control a majority of the combined voting power of our outstanding multiple voting shares and subordinate voting shares after completion of this offering, we will be a controlled company within the meaning of the corporate governance standards of the NYSE. Under these rules, a company of which more than 50% of the voting power for the election of directors is held by an individual, group or another company is a controlled company and may elect not to comply with certain corporate governance requirements, including the requirements that, within one year of the date of the listing of our subordinate voting shares:

- we have a board of directors that is composed of a majority of independent directors, as defined under the NYSE Listing Rules;
- we have a compensation committee that is composed entirely of independent directors; and
- we have a nominating and governance committee that is composed entirely of independent directors.

We are eligible to be treated as an emerging growth company, as defined in the Securities Act, and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make our subordinate voting shares less attractive to investors.

We are eligible to be treated as an emerging growth company, as defined in Section 2(a) of the Securities Act, as modified by the JOBS Act, and we may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies, including not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation and exemptions from the requirements of holding a non-binding shareholder advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved. As a result, our shareholders may not have access to certain information that they may deem important. We could be an emerging growth company for up to five years, although circumstances could cause us to lose that status earlier, including if our total annual gross revenues exceed US$1.0 billion, if we issue more than US$1.0 billion in non-convertible debt securities during any three-year period, or if we are a large accelerated filer and the market value of our shares held by non-affiliates exceeds US$700 million as of the end of any second quarter before that time.

We cannot predict if investors will find our subordinate voting shares less attractive because we may rely on these exemptions. If some investors find our subordinate voting shares less attractive as a result, there may be a less active trading market for our subordinate voting shares and our share price may be more volatile.

As a foreign private issuer, we are not subject to certain U.S. securities law disclosure requirements that apply to a domestic U.S. issuer, which may limit the information publicly available to our shareholders.

As a foreign private issuer we are not required to comply with all of the periodic disclosure and current reporting requirements of the Exchange Act and therefore there may be less publicly available information about us than if we were a U.S. domestic issuer. For example, we are not subject to the proxy rules in the United States and disclosure with respect to our annual meetings will be governed by Canadian requirements. In addition, our
officers, directors and principal shareholders are exempt from the reporting and short-swing profit recovery provisions of Section 16 of the Exchange Act and the rules thereunder. Therefore, our shareholders may not know on a timely basis when our officers, directors and principal shareholders purchase or sell our subordinate voting shares. Furthermore, as a foreign private issuer, we may take advantage of certain provisions in the NYSE Listing Rules that allow us to follow Canadian law for certain governance matters.

If you purchase subordinate voting shares in this offering, you will suffer immediate and substantial dilution of your investment.

The initial public offering price of our subordinate voting shares is substantially higher than the net tangible book deficit per subordinate voting share. Therefore, if you purchase our subordinate voting shares in this offering, you will pay a price per share that substantially exceeds our pro forma net tangible book deficit per share after this offering. Based on the initial public offering price of $15.00 per share, the mid-point of the price range set forth on the cover page of this prospectus, you will experience immediate dilution of $15.19 per subordinate voting share, representing the difference between our pro forma net tangible book deficit per subordinate voting share after giving effect to this offering and the initial public offering price.

We also have a number of outstanding options to purchase subordinate voting shares with exercise prices that are below the estimated initial public offering price of our subordinate voting shares. To the extent that these options are exercised, you will experience further dilution. See “Dilution” for more detail.

We cannot assure you that a market will develop for our subordinate voting shares or what the price of our subordinate voting shares will be. Investors may not be able to resell their subordinate voting shares at or above the initial public offering price.

Before this offering, there was no public trading market for our subordinate voting shares, and we cannot assure you that one will develop or be sustained after this offering. If a market does not develop or is not sustained, it may be difficult for you to sell your subordinate voting shares. This may affect the pricing of the subordinate voting shares in the secondary market, the transparency and availability of trading prices, the liquidity of the subordinate voting shares and the extent of regulation applicable to us. We cannot predict the prices at which our subordinate voting shares will trade. The initial public offering price for our subordinate voting shares will be determined through our negotiations with the underwriters and may not bear any relationship to the market price at which our subordinate voting shares will trade after this offering or to any other established criteria of the value of our business. It is possible that, in future quarters, our operating results may be below the expectations of securities analysts and investors. As a result of these and other factors, the price of our subordinate voting shares may decline, possibly materially.

Our operating results and share price may be volatile, and the market price of our subordinate voting shares after this offering may drop below the price you pay.

Our quarterly operating results are likely to fluctuate in the future in response to numerous factors, many of which are beyond our control, including each of the factors set forth above.

In addition, securities markets worldwide have experienced, and are likely to continue to experience, significant price and volume fluctuations. This market volatility, as well as general economic, market or political conditions, could subject the market price of our subordinate voting shares to wide price fluctuations regardless of our operating performance. Our operating results and the trading price of our subordinate voting shares may fluctuate in response to various factors, including the risks described above.

These and other factors, many of which are beyond our control, may cause our operating results and the market price and demand for our subordinate voting shares to fluctuate substantially. Fluctuations in our quarterly
operating results could limit or prevent investors from readily selling their subordinate voting shares and may otherwise negatively affect the market price and liquidity of subordinate voting shares. In addition, in the past, when the market price of a stock has been volatile, holders of that stock have sometimes instituted securities class action litigation against the company that issued the shares. If any of our shareholders brought a lawsuit against us, we could incur substantial costs defending the lawsuit. Such a lawsuit could also divert the time and attention of our management from our business, which could significantly harm our profitability and reputation.

* A significant portion of our total outstanding shares are restricted from immediate resale but may be sold into the market in the near future. This could cause the market price of our subordinate voting shares to drop significantly, even if our business is doing well. *

Sales of a substantial number of our subordinate voting shares in the public market could occur at any time. These sales, or the perception in the market that the holders of a large number of subordinate voting shares or securities convertible into subordinate voting shares intend to sell subordinate voting shares, could reduce the market price of our subordinate voting shares. After giving effect to this offering, we will have outstanding 20,000,000 subordinate voting shares (23,000,000 if the underwriters exercise their over-allotment option), which may be resold in the public market immediately, and assumes no exercises of outstanding options.

Following the consummation of this offering, shares that are not being sold in this offering will be subject to a 180 day lock-up period provided under lock-up agreements executed in connection with this offering described in “Underwriting” and restricted from immediate resale under U.S. federal securities laws and, in certain cases, Canadian securities laws as described in “Shares Eligible for Future Sale.” All of these shares will, however, be able to be resold after the expiration of the lock-up period, as well as pursuant to customary exceptions thereto or upon the waiver of the lock-up agreement by certain of the underwriters. We also intend to register 11,000,000 subordinate voting shares that we may issue under our equity compensation plans. Once we register these subordinate voting shares, they can be freely sold in the public market upon issuance, subject to the lock-up agreements. As restrictions on resale end, the market price of our subordinate voting shares could decline if the holders of currently restricted subordinate voting shares sell them or are perceived by the market as intending to sell them.

Because we have no current plans to pay regular cash dividends on our subordinate voting shares following this offering, you may not receive any return on investment unless you sell your subordinate voting shares for a price greater than that which you paid for it.

We do not anticipate paying any regular cash dividends on our subordinate voting shares following this offering. Any decision to declare and pay dividends in the future will be made at the discretion of our board of directors and will depend on, among other things, our results of operations, financial condition, cash requirements, contractual restrictions and other factors that our board of directors may deem relevant. In addition, our ability to pay dividends is, and may be, limited by covenants of existing and any future outstanding indebtedness we or our subsidiaries incur. Therefore, any return on investment in our subordinate voting shares is solely dependent upon the appreciation of the price of our subordinate voting shares on the open market, which may not occur. See “Dividend Policy” for more detail.

**Our articles, and certain Canadian legislation contain provisions that may have the effect of delaying or preventing a change in control.**

Certain provisions of our articles, together or separately, could discourage potential acquisition proposals, delay or prevent a change in control and limit the price that certain investors may be willing to pay for our subordinate voting shares. For instance, our articles, to be effective upon the completion of this offering, contain provisions that establish certain advance notice procedures for nomination of candidates for election as directors at shareholders’ meetings. A non-Canadian must file an application for review with the Minister responsible for the Investment Canada Act and obtain approval of the Minister prior to acquiring control of a “Canadian business”
within the meaning of the Investment Canada Act, where prescribed financial thresholds are exceeded. Furthermore, limitations on the ability to acquire and hold our subordinate voting shares and multiple voting shares may be imposed by the Competition Act (Canada). This legislation permits the Commissioner of Competition, or Commissioner, to review any acquisition or establishment, directly or indirectly, including through the acquisition of shares, of control over or of a significant interest in us. Otherwise, there are no limitations either under the laws of Canada or British Columbia, or in our articles on the rights of non-Canadians to hold or vote our subordinate voting shares and multiple voting shares. Any of these provisions may discourage a potential acquirer from proposing or completing a transaction that may have otherwise presented a premium to our shareholders. See “Description of Share Capital—Certain Important Provisions of Our Articles and the BCBCA.”

Because we are a corporation incorporated in British Columbia and some of our directors and officers are resident in Canada, it may be difficult for investors in the United States to enforce civil liabilities against us based solely upon the federal securities laws of the United States. Similarly, it may be difficult for Canadian investors to enforce civil liabilities against our directors and officers residing outside of Canada.

We are a corporation incorporated under the laws of British Columbia with our principal place of business in Toronto, Canada. Some of our directors and officers and the auditors or other experts named herein are residents of Canada and all or a substantial portion of our assets and those of such persons are located outside the United States. Consequently, it may be difficult for U.S. investors to effect service of process within the United States upon us or our directors or officers or such auditors who are not residents of the United States, or to realize in the United States upon judgments of courts of the United States predicated upon civil liabilities under the Securities Act. Investors should not assume that Canadian courts: (1) would enforce judgments of U.S. courts obtained in actions against us or such persons predicated upon the civil liability provisions of the U.S. federal securities laws or the securities or blue sky laws of any state within the United States or (2) would enforce, in original actions, liabilities against us or such persons predicated upon the U.S. federal securities laws or any such state securities or blue sky laws.

Similarly, some of our directors and officers are residents of countries other than Canada and all or a substantial portion of the assets of such persons are located outside Canada. As a result, it may be difficult for Canadian investors to initiate a lawsuit within Canada against these non-Canadian residents. In addition, it may not be possible for Canadian investors to collect from these non-Canadian residents judgments obtained in courts in Canada predicated on the civil liability provisions of securities legislation of certain of the provinces and territories of Canada. It may also be difficult for Canadian investors to succeed in a lawsuit in the United States, based solely on violations of Canadian securities laws.

Changes in U.S. tax laws and regulations or trade rules may impact our effective tax rate and may adversely affect our business, financial condition and operating results.

Changes in tax laws in any of the multiple jurisdictions in which we operate, or adverse outcomes from tax audits that we may be subject to in any of the jurisdictions in which we operate, could result in an unfavorable change in our effective tax rate, which could adversely affect our business, financial condition and operating results. Additionally, results of the November 2016 U.S. elections have introduced greater uncertainty with respect to tax and trade policies, tariffs and government regulations affecting trade between the United States and other countries. Major developments in tax policy or trade relations, such as the renegotiation of the North American Free Trade Agreement or the imposition of unilateral tariffs on imported products, could have a material adverse effect on our growth opportunities, business and results of operations.
There could be adverse tax consequence for our shareholders in the United States if we are a passive foreign investment company.

Under United States federal income tax laws, if a company is, or for any past period was, a passive foreign investment company, or PFIC, it could have adverse United States federal income tax consequences to U.S. shareholders even if the company is no longer a PFIC. The determination of whether we are a PFIC is a factual determination made annually based on all the facts and circumstances and thus is subject to change, and the principles and methodology used in determining whether a company is a PFIC are subject to interpretation. We do not believe that we currently are or have been a PFIC, and we do not expect to be a PFIC in the future, but we cannot assure you that we will not be a PFIC in the future. United States purchasers of our subordinate voting shares are urged to consult their tax advisors concerning United States federal income tax consequences of holding our subordinate voting shares if we are considered to be a PFIC. See the discussion under “Material United States Federal Income Tax Considerations for U.S. Holders.”

If we are a PFIC, U.S. holders would be subject to adverse U.S. federal income tax consequences, such as ineligibility for any preferred tax rates on capital gains or on actual or deemed dividends, interest charges on certain taxes treated as deferred, and additional reporting requirements under U.S. federal income tax laws or regulations. Whether or not U.S. holders make a timely qualified electing fund, or QEF, election or mark-to-market election may affect the U.S. federal income tax consequences to U.S. holders with respect to the acquisition, ownership and disposition of our subordinate voting shares and any distributions such U.S. holders may receive. Investors should consult their own tax advisors regarding all aspects of the application of the PFIC rules to our subordinate voting shares.

Canada Goose Holdings Inc. is a holding company with no operations of its own and, as such, it depends on its subsidiary for cash to fund its operations and expenses, including future dividend payments, if any.

As a holding company, our principal source of cash flow will be distributions from our operating subsidiary, Canada Goose, Inc. Therefore, our ability to fund and conduct our business, service our debt and pay dividends, if any, in the future will depend on the ability of our subsidiary to generate sufficient cash flow to make upstream cash distributions to us. Our subsidiary is a separate legal entity, and although it is wholly-owned and controlled by us, it has no obligation to make any funds available to us, whether in the form of loans, dividends or otherwise. The ability of our subsidiary to distribute cash to us will also be subject to, among other things, restrictions that may be contained in our subsidiary agreements (as entered into from time to time), availability of sufficient funds in such subsidiary and applicable laws and regulatory restrictions. Claims of any creditors of our subsidiary generally will have priority as to the assets of such subsidiary over our claims and claims of our creditors and shareholders. To the extent the ability of our subsidiary to distribute dividends or other payments to us is limited in any way, our ability to fund and conduct our business, service our debt and pay dividends, if any, could be harmed.

If securities or industry analysts do not publish or cease publishing research or reports about us, our business or our market, or if they change their recommendations regarding our subordinate voting shares adversely, the price and trading volume of our subordinate voting shares could decline.

The trading market for our subordinate voting shares is influenced by the research and reports that industry or securities analysts publish about us, our business, our market or our competitors. If any of the analysts who cover us or may cover us in the future change their recommendation regarding our subordinate voting shares adversely, or provide more favorable relative recommendations about our competitors, the price of our subordinate voting shares would likely decline. If any analyst who covers us or may cover us in the future were to cease coverage of our company or fail to regularly publish reports on us, we could lose visibility in the financial markets, which in turn could cause the price or trading volume of our subordinate voting shares to decline.
Our constating documents will permit us to issue an unlimited number of subordinate voting shares and multiple voting shares without additional shareholder approval.

Our articles will permit us to issue an unlimited number of subordinate voting shares and multiple voting shares. We anticipate that we will, from time to time, issue additional subordinate voting shares in the future. Subject to the requirements of the NYSE and the TSX, we will not be required to obtain the approval of shareholders for the issuance of additional subordinate voting shares. Although the rules of the TSX generally prohibit us from issuing additional multiple voting shares, there may be certain circumstances where additional multiple voting shares may be issued, including upon receiving shareholder approval. Any further issuances of subordinate voting shares or multiple voting shares will result in immediate dilution to existing shareholders and may have an adverse effect on the value of their shareholdings. Additionally, any further issuances of multiple voting shares may significantly lessen the combined voting power of our subordinate voting shares due to the 10-to-1 voting ratio between our multiple voting shares and subordinate voting shares.
Cautionary Note Regarding Forward-Looking Statements

This prospectus contains forward-looking statements. Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based on our current beliefs, expectations and assumptions regarding the future of our business, future plans and strategies, and other future conditions. Forward-looking statements can be identified by words such as “anticipate,” “believe,” “envision,” “estimate,” “expect,” “intend,” “may,” “plan,” “predict,” “project,” “target,” “potential,” “will,” “would,” “could,” “should,” “continue,” “contemplate” and other similar expressions, although not all forward-looking statements contain these identifying words. These forward-looking statements include all matters that are not historical facts. They appear in a number of places throughout this prospectus and include statements regarding our intentions, beliefs or current expectation concerning, among other things, our results of operations, financial condition, liquidity, prospects, growth, strategies and the industry in which we operate. Forward-looking statements contained in this prospectus include, among other things, statements relating to:

• expectations regarding industry trends and the size and growth rates of addressable markets;
• our business plan and our growth strategies, including plans for expansion to new markets and new products;
• expectations for seasonal trends; and
• the proposed use of proceeds from this offering.

Although we base the forward-looking statements contained in this prospectus on assumptions that we believe are reasonable, we caution you that actual results and developments (including our results of operations, financial condition and liquidity, and the development of the industry in which we operate) may differ materially from those made in or suggested by the forward-looking statements contained in this prospectus. In addition, even if results and developments are consistent with the forward-looking statements contained in this prospectus, those results and developments may not be indicative of results or developments in subsequent periods. Certain assumptions made in preparing the forward-looking statements contained in this prospectus include:

• our ability to implement our growth strategies;
• our ability to maintain good business relationships with our suppliers, wholesalers and distributors;
• our ability to keep pace with changing consumer preferences;
• our ability to protect our intellectual property; and
• the absence of material adverse changes in our industry or the global economy.

By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. We believe that these risks and uncertainties include, but are not limited to, those described in the “Risk Factors” section of this prospectus beginning on page 15, which include, but are not limited to, the following risks:

• we may be unable to maintain the strength of our brand or to expand our brand to new products and geographies;
• we may be unable to protect or preserve our brand image and proprietary rights;
• we may not be able to satisfy changing consumer preferences;
• an economic downturn may affect discretionary consumer spending;
• we may not be able to compete in our markets effectively;
• we may not be able to manage our growth effectively;
• poor performance during our peak season may affect our operating results for the full year;
our indebtedness may adversely affect our financial condition;
• our ability to maintain relationships with our select number of suppliers;
• our ability to manage our product distribution through our retail partners and international distributors;
• the success of our marketing programs;
• the risk our business is interrupted because of a disruption at our headquarters; and
• fluctuations in raw materials costs or currency exchange rates.

These factors should not be construed as exhaustive and should be read with the other cautionary statements in this prospectus. Although we have attempted to identify important risk factors, there may be other risk factors not presently known to us or that we presently believe are not material that could also cause actual results and developments to differ materially from those made in or suggested by the forward-looking statements contained in this prospectus. If any of the these risks materialize, or if any of the above assumptions underlying forward-looking statements prove incorrect, actual results and developments may differ materially from those made in or suggested by the forward-looking statements contained in this prospectus.

Given these risks and uncertainties, you are cautioned not to place substantial weight or undue reliance on these forward-looking statements when making an investment decision. Any forward-looking statement that we make in this prospectus speaks only as of the date of this prospectus, and, except as required by law, we undertake no obligation to update any forward-looking statements or to publicly announce the results of any revisions to any of those statements to reflect future events or developments. Comparisons of results for current and any prior periods are not intended to express any future trends or indications of future performance, unless specifically expressed as such, and should only be viewed as historical data.

Any references to forward-looking statements in this prospectus include forward-looking information within the meaning of applicable Canadian securities laws.
Exchange Rate Information

The following table sets forth, for each period indicated, the high and low exchange rate for U.S. dollars expressed in Canadian dollars, and the average exchange rate for the periods indicated. Averages for year-end periods are calculated by using the exchange rates on the last day of each full month during the relevant period and the last available exchange rate in March during the relevant fiscal year. These rates are based on the noon buying rate certified for custom purposes by the U.S. Federal Reserve Bank of New York set forth in the H.10 statistical release of the Federal Reserve Board. These rates are provided solely for your convenience and are not necessarily the exchange rates that we used in preparation of our consolidated financial statements or elsewhere in this prospectus or will use in the preparation of our periodic reports or any other information to be provided to you. We make no representation that any Canadian dollar or U.S. dollar amounts referred to in this prospectus could have been or could be converted into U.S. dollars or Canadian dollars, as the case may be, at any particular rate or at all.

On February 24, 2017, the noon buying rate was US$1.00 = $1.3106.

Use of Proceeds

We estimate that the net proceeds to us from our issuance and sale of 7,149,000 subordinate voting shares in this offering will be approximately $100 million, after deducting underwriting commissions. This estimate assumes an initial public offering price of $15.00 per share, the midpoint of the price range set forth on the cover page of this prospectus.

We will not receive any proceeds from the sale of subordinate voting shares by the selling shareholders. After deducting underwriting commissions, the selling shareholders will receive approximately $179.7 million of net proceeds from this offering (or approximately $221.7 million if the underwriters exercise their over-allotment option in full).

We intend to use the proceeds from this offering to repay $65.0 million of our outstanding indebtedness under our Term Loan Facility and $35.0 million of outstanding indebtedness under our Revolving Facility. The loans currently outstanding under the Revolving Facility, which matures in June 2021, are LIBOR Loans, bearing interest at 2.73%. The Revolving Facility was initially used to repay and extinguish our prior secured credit facility. We use our Revolving Facility in the normal course as a source of liquidity for short-term working capital needs and general corporate purposes. The term loans under the Term Loan Facility, which mature in December 2021, currently bear interest at the LIBOR Rate (subject to a minimum rate of 1.00% per annum) plus an Applicable Margin of 5.00%. The proceeds of the term loans borrowed under the Term Loan Facility were used to effect the steps described in this prospectus under “Recapitalization,” to pay transaction expenses in connection with the closing of the Term Loan Facility and for other general corporate purposes. See “Description of Indebtedness,” “Recapitalization” and “Certain Relationships and Related Party Transactions.”

A $1.00 increase (decrease) in the assumed initial public offering price of $15.00 per subordinate voting share, the midpoint of the price range set forth on the cover of this prospectus, would decrease (increase) the shares offered by us in this offering by approximately 500,000 shares in order to continue to receive net proceeds of approximately $100 million.
Dividend Policy

Prior to the completion of this offering, in connection with the Recapitalization, we made certain distributions on our then outstanding classes of common shares. See “Recapitalization.” Following completion of the offering, our board of directors does not currently intend to pay dividends on our subordinate voting shares or multiple voting shares. We currently intend to retain any future earnings to fund business development and growth, and we do not expect to pay any dividends in the foreseeable future. Any future determination to declare cash dividends will be made at the discretion of our board of directors, subject to applicable laws, and will depend on a number of factors, including our financial condition, results of operations, capital requirements, contractual restrictions, general business conditions and other factors that our board of directors may deem relevant. Currently, the provisions of our senior secured credit facilities place certain limitations on the amount of cash dividends that our operating subsidiary can pay. See “Description of Indebtedness.”
Recapitalization

On December 2, 2016 we completed a series of transactions, which we collectively refer to as the “Recapitalization,” including the following sequential steps in which we:

- entered into term loans under the Term Loan Facility of approximately $216.7 million, the terms of which are described under “Description of Indebtedness—Term Loan Facility”;
- repaid all amounts outstanding, including all accrued interest, under our Senior Convertible Subordinated Note and our Junior Convertible Subordinated Note, each dated December 9, 2013, totaling approximately $91.0 million;
- redeemed all of our issued and outstanding Class A Senior Preferred Shares in exchange for a payment of approximately $53.1 million;
- redeemed all of our issued and outstanding Class A Junior Preferred Shares in exchange for a payment of approximately $4.1 million;
- effected a 1-for-10,000,000 split of our Class A Common Shares, and a 1-for-10,000,000 split of our Class B Common Shares;
- effected a return of capital to the holders of our Class A Common Shares in the amount of approximately $0.7 million;
- exchanged all of the issued and outstanding Class B Senior Preferred Shares, Class B Junior Preferred Shares and Class B Common Shares into Class D Preferred Shares with a fixed redemption value of approximately $63.6 million and 30,000,000 Class A Common Shares;
- issued a secured, non-interest bearing loan of approximately $63.6 million to DTR LLC, an entity indirectly controlled by our President and Chief Executive Officer, as evidenced by the DTR Promissory Note, for which DTR LLC pledged all of the Class D Preferred Shares held by DTR LLC in favor of CGHI; and
- made adjustments in accordance with the Canada Goose Holdings Inc. Stock Option Plan, which was established in 2013, to (i) convert all outstanding options to purchase Class B Common Shares and Class A Junior Preferred Shares into options to purchase Class A Common Shares, and (ii) reduce the exercise price of certain options and/or issue new options to certain option holders.

On January 31, 2017, all of our Class D Preferred Shares were redeemed by the company for cancellation and the DTR Promissory Note was extinguished in exchange for the redemption of the Class D Preferred Shares. See “Certain Relationships and Related Party Transactions.”

In connection with this offering we will amend our articles in order to, among other things:

- amend and redesignate our Class A Common Shares as multiple voting shares;
- eliminate our Class B Common Shares, Class A Senior Preferred Shares, Class B Senior Preferred Shares, Class A Junior Preferred Shares, Class B Junior Preferred Shares, Class C Junior Preferred Shares and the Class D Preferred Shares from our share capital; and
- create our subordinate voting shares. See “Description of Share Capital.”
Capitalization

The following table sets forth our cash and capitalization at December 31, 2016:

- on an actual basis; and
- on a pro forma as adjusted basis to give effect to (1) the redesignation of our Class A Common Shares as multiple voting shares and creation of our subordinate voting shares, (2) the issuance of subordinate voting shares by us in this offering based upon an assumed initial public offering price of $15.00 per subordinate voting share, which is the midpoint of the price range set forth on the cover page of this prospectus and the application of the estimated net proceeds from the offering as described in “Use of Proceeds” and (3) the payment of approximately $9.6 million out of available cash in fees under our management agreement in connection with the offering and termination of the management agreement, as described under “Certain Relationships and Related Party Transactions—Management Agreement.”

You should read this table in conjunction with the information contained in “Use of Proceeds,” “Selected Historical Consolidated Financial Data” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” as well as our consolidated financial statements and the related notes included elsewhere in this prospectus.

(1) Gives effect to the payment of approximately $5.2 million in transaction expenses incurred since December 31, 2016 in connection with this offering.
If you invest in our subordinate voting shares in this offering, your interest will be diluted to the extent of the difference between the initial public offering price per subordinate voting share in this offering and the pro forma as adjusted net tangible book value per subordinate voting share after this offering. Dilution results from the fact that the initial public offering price per subordinate voting share is substantially in excess of the net tangible book deficit per share attributable to the existing shareholders for our presently outstanding shares. Our net tangible book deficit per share represents the amount of our total tangible assets (total assets less intangible assets) less total liabilities, divided by the number of shares issued and outstanding.

As of December 31, 2016, we had a historical net tangible book deficit of $105.2 million, or $(1.05) per share, based on 100,000,000 pro forma multiple voting shares and subordinate voting shares outstanding as of such date. Dilution is calculated by subtracting net tangible book deficit per share from the assumed initial public offering price of $15.00 per share, which is the midpoint of the price range set forth on the cover page of this prospectus.

Investors participating in this offering will incur immediate and substantial dilution. Without taking into account any other changes in such net tangible book deficit after December 31, 2016, after giving effect to the sale of subordinate voting shares in this offering assuming an initial public offering price of $15.00 per subordinate voting share (the midpoint of the price range set forth on the cover page of this prospectus), less the underwriting commissions and estimated offering expenses payable by us, our pro forma net tangible book value deficit as of December 31, 2016 would have been approximately $(20.0) million, or $(0.19) per share. This amount represents an immediate decrease in net tangible book deficit of $0.86 per share to the existing shareholders and immediate dilution of $15.19 per share to investors purchasing our subordinate voting shares in this offering. The following table illustrates this dilution on a per share basis:

(1) Translated for convenience only using the noon buying rate for Canadian dollars in New York City, as certified for customs purposes by the Federal Reserve Bank of New York, on February 24, 2017 of $1.00=US$0.76.

A $1.00 increase in the assumed initial public offering price of $15.00 per subordinate voting share, the midpoint of the price range set forth on the cover of this prospectus, would decrease the shares offered by us in this offering by approximately 500,000 shares. This would result in a decrease in the pro forma net tangible book deficit by approximately $6.0 million or a decrease of $0.87 per share. A $1.00 decrease in the assumed initial public offering price of $15.00 per subordinate voting share, the midpoint of the price range set forth on the cover of this prospectus, would increase the shares offered by us in this offering by approximately 500,000 shares. This would result in a decrease in the pro forma net tangible book deficit by approximately $5.4 million or $1.14 per share.
The following table summarizes, as of December 31, 2016, on the pro forma basis described above, the aggregate number of shares purchased from us, the total consideration paid to us, and the average price per share paid by purchasers of such shares and by new investors purchasing subordinate voting shares in this offering.

(1) Does not give effect to the sale of 12,851,000 subordinate voting shares by the selling shareholders in this offering.

After giving effect to the sale of 12,851,000 subordinate voting shares by the selling shareholders in this offering, the percentage of our shares held by existing shareholders would be 81% and the percentage of our shares held by new investors would be 19%. If the underwriters were to fully exercise their over-allotment option to purchase additional subordinate voting shares from the selling shareholders, the percentage of our shares held by existing shareholders would be 79%, and the percentage of our shares held by new investors would be 21%.

The number of shares to be outstanding after this offering is based on no subordinate voting shares and 100,000,000 multiple voting shares outstanding on a pro forma basis as of December 31, 2016 and excludes 11,000,000 subordinate voting shares reserved for future issuance under our equity incentive plans as of March 1, 2017, of which 5,899,660 subordinate voting shares were issuable upon exercise of stock options at a weighted average exercise price of $1.63 per share.
The following tables set forth our selected historical consolidated financial data. You should read the following selected historical consolidated financial data in conjunction with “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and our consolidated financial statements and related notes included elsewhere in this prospectus.

We have derived the selected historical consolidated information for the years ended March 31, 2016 and March 31, 2015 and the periods from December 9, 2013 to March 31, 2014 and April 1, 2013 to December 8, 2013 and the selected consolidated financial position information as of March 31, 2015 and 2016 from our audited consolidated financial statements included elsewhere in this prospectus. We have derived the selected consolidated statement of operations information for the nine months ended December 31, 2015 and 2016 and the selected consolidated financial position information as of December 31, 2016 from our unaudited interim consolidated financial statements included elsewhere in this prospectus. Our consolidated financial statements have been prepared in accordance with IFRS and are presented in thousands of Canadian dollars except where otherwise indicated. Our historical results are not necessarily indicative of the results that should be expected in any future period.

On December 9, 2013, Bain Capital acquired a majority equity interest in our business as part of the Acquisition. Accordingly, the financial statements presented elsewhere in this prospectus as of and for fiscal 2014 reflect the periods both prior and subsequent to the Acquisition. The consolidated financial statements for March 31, 2014 are presented separately for the predecessor period from April 1, 2013 through December 8, 2013, which we refer to as the Predecessor 2014 Period, and the successor period from December 9, 2013 through March 31, 2014, which we refer to as the Successor 2014 Period, with the periods prior to the Acquisition being labeled as predecessor and the periods subsequent to the Acquisition labeled as successor. For the purpose of performing a comparison to fiscal 2015, we have prepared Unaudited Pro Forma Combined Supplemental Financial Information for fiscal 2014, which gives effect to the Acquisition as if it had occurred on April 1, 2013, and which we refer to as the Unaudited Pro Forma Combined 2014 Period. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Basis of Presentation.”

Management’s Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition and results of operations should be read together with our consolidated financial statements and the related notes and the other financial information included elsewhere in this prospectus. This discussion contains forward-looking statements that involve risks and uncertainties. Our actual results, performance and achievements could differ materially from those implied by these forward-looking statements as a result of various factors, including those discussed below and elsewhere in this prospectus, particularly under “Risk Factors.” See “Cautionary Note Regarding Forward-Looking Statements.”

Our consolidated financial statements have been prepared in accordance with IFRS. All amounts are in Canadian dollars except where otherwise indicated. See “Basis of Presentation.” All references to “fiscal 2014” refer to our Unaudited Pro Forma Combined Supplemental Financial Information for the year ended March 31, 2014.

Overview

Founded 60 years ago in a small Toronto warehouse, Canada Goose has grown into a highly coveted global outerwear brand. We are recognized for authentic heritage, uncompromised craftsmanship and quality, exceptional warmth and superior functionality. This reputation is decades in the making and is rooted in our commitment to creating premium products that deliver unrivaled functionality where and when it is needed most. Be it Canadian Arctic Rangers serving their country or an explorer trekking to the South Pole, people who live, work and play in the harshest environments on Earth have turned to Canada Goose. Throughout our history, we have found inspiration in these technical challenges and parlayed that expertise into creating exceptional products for any occasion. From research facilities in Antarctica and the Canadian High Arctic to the streets of Toronto, New York City, London, Paris, Tokyo and beyond, people have fallen in love with our brand and made it a part of their everyday lives.

We are deeply involved in every stage of our business as a designer, manufacturer, distributor and retailer of premium outerwear for men, women and children. This vertically integrated business model allows us to directly control the design and development of our products while capturing higher margins. As of December 31, 2016, our products are sold through select outdoor, luxury and online retailers and distributors in 36 countries, our e-commerce sites in Canada, the United States, the United Kingdom and France and two recently opened retail stores in Toronto and New York City.

Factors Affecting our Performance

We believe that our performance and future success depend on a number of factors that present significant opportunities for us and may pose risks and challenges, including those discussed below and in the “Risk Factors” section of this prospectus.

• **Market Expansion.** Our market expansion strategy has been a key driver of our recent revenue growth and we have identified a number of additional high potential markets where we plan to continue to execute our expansion strategy. Across all of our markets, we plan to focus on increasing brand awareness, deepening our wholesale presence and rolling out our DTC channel as market conditions permit. We expect that marketing and selling expenses to support these initiatives will continue to grow in proportion to anticipated revenue growth.

• **Growth in our DTC Channel.** We introduced our DTC channel in fiscal 2015 with the launch of our Canadian e-commerce store and have since established e-commerce stores in the United States, the United Kingdom and France. A jacket sale in our DTC channel provides two-to-four times greater contribution to segment operating income per jacket as compared to a sale of the same product in our wholesale channel. In the fall of 2016, we opened our first two retail stores in Toronto and in New York City and anticipate opening a select number of additional retail locations where we believe
they can operate profitably. In fiscal 2018 we are targeting opening between 4 and 6 e-commerce stores, with a long-term target of 15 to 20 e-commerce stores. In addition, in fiscal 2018 we are targeting opening 3 retail stores in new geographies with a long term target of 15 to 20 retail stores. As we continue to increase the percentage of sales from our DTC channel, we expect to maintain a balanced multi-channel distribution model. Growth in our DTC channel is also expected to reduce the current seasonal concentration of our revenue by allowing us to recognize revenue when customers make purchases instead of when products are shipped to our retail partners. As a result, we expect a relatively higher percentage of our DTC sales to be recognized in our fiscal fourth quarter. Finally, as we expand our DTC channel, including opening additional retail stores, we expect our capital expenditures to continue to represent 6.0 to 8.0% of revenue.

• New Products. The evolution of our heritage line of winter products and expansion of our product assortment across Spring, Fall and new product categories has contributed meaningfully to our performance and we intend to continue investing in the development and introduction of new products. We expect to introduce a new Spring collection in stores in early calendar 2017 and we expect our new knitwear collection to be rolled out gradually over fiscal 2018 and 2019. As we introduce additional products, we expect that they will help mitigate the seasonal nature of our business and expand our addressable geographic market.

• Seasonality. We experience seasonal fluctuations in our revenue and operating results and we historically have realized a significant portion of our revenue and earnings for the fiscal year during our second and third fiscal quarters. We generated 77.4%, 78.1% and 78.3% of our revenues in the second and third fiscal quarters of fiscal 2016, fiscal 2015 and fiscal 2014, respectively. Our business model also provides meaningful visibility into expected future revenues, with a significant majority of wholesale orders secured during the third and fourth quarters of the prior fiscal year. In addition, we typically experience net losses in the first and fourth quarters as we invest ahead of our most active season. Working capital requirements typically increase throughout our first and second fiscal quarters as inventory builds to support our peak shipping and selling period which typically occurs from August to November. Cash provided by operating activities is typically highest in our third fiscal quarter due to the significant inflows associated with our peak selling season.

• Foreign Exchange. We sell a significant portion of our products to customers outside of Canada, which exposes us to fluctuations in foreign currency exchange rates. In fiscal 2016, 2015 and 2014, we generated 54.6%, 49.3% and 32.5%, respectively, of our revenue in currencies other than Canadian dollars. Our sales outside of Canada also present an opportunity to strategically price our products to improve our profitability. In addition, the majority of our raw materials are sourced outside of Canada, primarily in U.S. dollars. As the majority of our wholesale revenue is derived from retailer orders made prior to the beginning of the fiscal year, we have a high degree of visibility into our anticipated future cash flows from operations. SG&A costs are typically denominated in the currency of the country in which they are incurred. This extended visibility allows us to enter into hedging contracts with respect to our foreign currency exposure.

Segments
We report our results in two segments which are aligned with our sales channels: Wholesale and DTC. We measure each reportable operating segment’s performance based on revenue and segment operating income. Through our wholesale segment we sell to retail partners and distributors in 36 countries, as of December 31, 2016. Our DTC segment is comprised of sales through our e-commerce sites and retail stores. Through our DTC segment, we sell online to customers in Canada, the United States, the United Kingdom and France and in retail stores as of the third quarter of fiscal 2017 to customers in Toronto and New York City.

Our wholesale segment and DTC segment contributed 88.6% and 11.4% of our revenue, respectively, in fiscal 2016. For the nine months ended December 31, 2016, the wholesale segment and DTC segment contributed 77.7% and 22.3%, respectively.
Components of Our Results of Operations and Trends Affecting Our Business

Revenue

Revenue in our wholesale channel is comprised of sales to retail partners and distributors of our products. Wholesale revenue from the sale of goods, net of an estimate for sales returns, discounts and allowances, is recognized when the significant risks and rewards of ownership of the goods have passed to the retail partner or distributor which, depending on the terms of the agreement with the reseller, is either at the time of shipment from our third-party warehouse or upon arrival at the reseller’s facilities.

Revenue in our DTC channel consists of sales through our e-commerce operations and, beginning in the third quarter of fiscal 2017, in our retail stores. Revenue through e-commerce operations and retail stores are recognized upon delivery of the goods to the customer and when collection is reasonably assured, net of an estimated allowance for sales returns.

Gross Profit

Gross profit is our revenue less cost of sales. Cost of sales includes the cost of manufacturing our products, including raw materials, direct labour and overhead, plus in-bound freight, duty and non-refundable taxes incurred in delivering the goods to distribution centres managed by third parties. It also includes all costs incurred in the production, design, distribution and merchandise departments, as well as inventory provision expense. The primary drivers of our cost of sales are the costs of raw materials, which are sourced both in Canadian dollars and U.S. dollars, labour in Canada and the allocation of overhead. Gross margin measures our gross profit as a percentage of revenue.

Over the past two fiscal years, our gross margin has improved as a result of an increase in sales attributable to our DTC channel, execution on our geographic expansion strategy, an increase in the average effective price of our products and favourable foreign exchange impacts. We expect to continue to improve gross margin in future periods as a result of expanding DTC sales and strategically increasing the pricing of our products at a rate that exceeds the expected increases in production costs.

Selling, General and Administrative Expenses (“SG&A”)

SG&A expenses consist of selling costs to support our customer relationships and to deliver our product to our retail partners, e-commerce customers and retail stores. It also includes our marketing and brand investment activities and the corporate infrastructure required to support our ongoing business.

Selling costs generally correlate to revenue timing and therefore experience similar seasonal trends. As a percentage of sales, we expect these selling costs to increase as our business evolves. This increase is expected to be driven primarily by the growth of our DTC channel, including the investment required to support additional e-commerce sites and retail stores. The growth of our DTC channel is expected to be accretive to net income given the higher gross profit margin of our DTC channel which results from the opportunity to capture the full retail value of our products.

General and administrative expenses represent costs incurred in our corporate offices, primarily related to personnel costs, including salaries, variable incentive compensation, benefits, share-based compensation and other professional service costs. We have invested considerably in this area to support the growing volume and complexity of our business and anticipate continuing to do so in the future. In addition, in connection with this offering, we expect to incur transaction costs and stock compensation expenses and, following this offering, we anticipate a significant increase in accounting, legal and professional fees associated with being a public company. Foreign exchange gains and losses are recorded in SG&A and comprise translation of assets and liabilities denominated in currencies other than the functional currency of the entity, including the term loan, mark-to-market adjustments on derivatives, foreign exchange forward contracts, and realized gains on settlement of assets and liabilities.
We are subject to income taxes in the jurisdictions in which we operate and, consequently, income tax expense is a function of the allocation of taxable income by jurisdiction and the various activities that impact the timing of taxable events. The primary regions that determine the effective tax rate are Canada, the United States, Switzerland and the United Kingdom. Over the long-term, we target our annual effective income tax rate to be approximately 25%.

Basis of Presentation

On November 21, 2013, Bain Capital incorporated Canada Goose Holdings Inc. under the laws of British Columbia. Pursuant to the purchase and sale agreement dated December 9, 2013, a wholly-owned subsidiary of the Successor acquired all the operating assets of the former Canada Goose Inc. and sales and distribution companies owned by the former Canada Goose Inc. which consisted of Canada Goose Europe AB, Canada Goose US, Inc. and Canada Goose Trading Inc.

The Acquisition was accounted for as a business combination using the acquisition method of accounting and the Successor financial statements reflect a new basis of accounting that is based on the fair value of assets acquired and liabilities assumed as of the effective time of the agreement. Periods presented prior to December 9, 2013 represent the operations of the Predecessor and the period presented as of December 9, 2013 represents the operations of the Successor.

The fiscal year ended March 31, 2014 includes the 252 day Predecessor 2014 Period from April 1, 2013 through December 8, 2013 and the 113 day Successor 2014 Period from December 9, 2013 through March 31, 2014. Accordingly, the company’s accumulated deficit as of March 31, 2014, and the company’s retained earnings as at March 31, 2015 and March 31, 2016 represent only the results of operations subsequent to and including December 9, 2013, the date of the Acquisition. The Predecessor and Successor periods have been separated by a black line on the consolidated financial statements to highlight the fact that the financial information for such periods has been prepared under two different cost bases of accounting. All intercompany transactions have been eliminated.

For the purpose of performing a comparison to the fiscal year ended March 31, 2015, we have prepared Unaudited Pro Forma Combined Supplemental Financial Information for the year ended March 31, 2014, which gives effect to the Acquisition as if it had occurred on April 1, 2013, and which we refer to as the Unaudited Pro Forma Combined 2014 Period. The Unaudited Pro Forma Combined 2014 Period discussed herein has been prepared in accordance with Article 11 of Regulation S-X promulgated under the United States Securities Act of 1933, as amended, and does not purport to represent what our actual consolidated results of operations would have been had the Acquisition actually occurred on April 1, 2013, nor is it necessarily indicative of future consolidated results of operations. The Unaudited Pro Forma Combined 2014 Period is being discussed herein for informational purposes only and does not reflect any operating efficiencies or potential cost savings that may result from the consolidation of operations.
The pro forma adjustments made to give effect to the Acquisition, as if it had occurred on April 1, 2013, are summarized in the table below:

Notes to unaudited pro forma presentation:

(a) Represents fair value step-up of inventory on-hand at the time of Acquisition. The amount sold through in the period from December 9, 2013 through March 31, 2014 has been removed from cost of sales.

(b) These amounts reflect the transaction costs incurred by the company as a result of the Acquisition. These include costs that were directly attributable to the transaction, such as legal, due diligence, tax, audit, consulting, and other professional services. These amounts would not have been incurred in the year had the transaction occurred on April 1, 2013 and therefore have been removed from SG&A on a pro forma basis.

(c) At the time of the Acquisition, a customer list intangible asset in the amount of $8.7 million was recognized with a useful life of four years. Had the Acquisition occurred on April 1, 2013, a full year of amortization would have been recorded.

(d) As a result of the Acquisition, the revolving debt that existed in the Predecessor entity was replaced. Had the Acquisition occurred on April 1, 2013, this interest would not have been incurred. In connection with the Acquisition, the company extinguished the existing long-term debt and entered a credit facility for $19.5 million. A pro forma adjustment for a full year of interest on the credit facility has been recorded.

(e) Bain management fee for the full year as if the transaction would have occurred on April 1, 2013.

(f) Subordinated debt in the amount of $79.9 million was issued on the date of Acquisition. This adjustment reflects the interest cost associated with the subordinated debt had the transaction occurred on April 1, 2013.

(g) Income tax expense calculated at the annual effective tax rate of 25.3% of pro forma income before taxes.

Three Months Ended December 31, 2016 Compared to Three Months Ended December 31, 2015

Revenue

Revenue for the three months ended December 31, 2016 increased by $93.5 million, or 81.0%, compared to the three months ended December 31, 2015, which was driven by an increase in revenue in both our wholesale and DTC channels. On a constant currency basis, revenue increased by 85.8% for the three months ended December 31, 2016 compared to three months ended December 31, 2015.

Revenue in our wholesale channel was $137.0 million, an increase of $38.4 million, compared to the three months ended December 31, 2015. The increase in revenue in our wholesale channel was driven primarily by sales of new products from our Spring and Fall collections to our retail partners, strong growth outside North America and, to a lesser extent, by price increases of our products in certain geographies.

Revenue in our DTC channel was $72.0 million, an increase of $55.1 million, compared to the three months ended December 31, 2015, reflecting strong performance from our Canadian, U.S., France and U.K. e-commerce sites since launching in August of 2014, September of 2015 and September of 2016, respectively and incremental revenue generated from retail stores opened in Toronto and New York in the third quarter of fiscal 2017.

Cost of Sales and Gross Profit

Cost of sales for the three months ended December 31, 2016 increased by $37.2 million, or 72.1%, compared to the three months ended December 31, 2015. Gross profit was $120.3 million, representing a gross margin of
57.5%, compared with $63.9 million for the three months ended December 31, 2015, representing a gross margin of 55.3%. The increase in gross profit and 220 basis point increase in gross margin was attributable to higher revenue, particularly in our DTC channel.

Cost of sales in our wholesale channel for the three months ended December 31, 2016 was $71.5 million, an increase of $23.8 million, compared to the three months ended December 31, 2015. Gross profit was $65.5 million, representing a gross margin of 47.8%, compared with $50.9 million for the three months ended December 31, 2015, representing a gross margin of 51.6%. The decline in gross margin of 380 basis points was attributable primarily to the shift of sales to lower margin geographies, foreign exchange headwinds on proportionately higher European sales and, to a lesser extent, higher raw materials costs sourced in U.S. dollars. The increase in gross profit was attributable to higher sales and lower product costs in Canadian dollars.

Cost of sales in our DTC channel for the three months ended December 31, 2016 was $17.2 million, an increase of $13.4 million, compared to the three months ended December 31, 2015. Gross profit was $54.8 million, representing a gross margin of 76.1%, compared with $13.0 million of gross profit for the three months ended December 31, 2015, representing a gross margin of 77.2%. The increase in gross profit was attributable to higher revenue as a result of incremental retail store revenue generated during the three month period, growth in e-commerce business and lower product costs in Canadian dollars, partially offset by higher raw materials costs in U.S. dollars.

Selling, General and Administrative Expenses

SG&A expenses for the three months ended December 31, 2016 increased by $30.1 million, or 94.2%, compared to the three months ended December 31, 2015, which represents 29.7% of revenue for the three months ended December 31, 2016 compared to 27.6% of revenue for the three months ended December 31, 2015. The increase in costs was attributable to an increase in headcount and brand investment to support new marketing initiatives, transaction costs related to this public offering, entry into new markets, as well as investment in our DTC channel associated with establishing our e-commerce sites and opening our retail stores in the United States and Canada.

SG&A expenses in our wholesale channel for the three months ended December 31, 2016 was $10.5 million, a decrease of $0.3 million, compared to the three months ended December 31, 2015, which represents 7.7% of segment revenue for the three months ended December 31, 2016 compared to 11.0% of segment revenue for the three months ended December 31, 2015. The decrease in costs was attributable to expenses incurred in the comparable prior year period restructuring our international operations to Zug, Switzerland which encompassed closing several offices across Europe, relocating personnel and incurring temporary office costs and termination of third party sales agents. These aforementioned prior period costs more than offset an increase in headcount and operational and selling expenditures to support new marketing initiatives and entry into new markets.

SG&A expenses in our DTC channel for the three months ended December 31, 2016 was $13.1 million, an increase of $7.9 million, compared to the three months ended December 31, 2015, which represents 18.2% of segment revenue for the three months ended December 31, 2016 compared to 30.6% of segment revenue for the three months ended December 31, 2015. The increase in segment costs was attributable to establishing our new e-commerce sites in France and the United Kingdom, maintaining our existing e-commerce sites and opening our two retail stores in the United States and Canada.

Net Interest and Other Finance Costs

Finance costs for the three months ended December 31, 2016 increased by $0.9 million, or 39.4%, compared to the three months ended December 31, 2015 primarily as a result of higher average borrowings of $236.0 million compared to $169.3 million in the same period in fiscal 2016 used to finance working capital, partially offset by a lower effective interest rate.
Income Taxes

Income tax expense for the three months ended December 31, 2016 was $14.1 million compared to $7.2 million for the three months ended December 31, 2015. For the three months ended December 31, 2016, the effective tax rate was 26.6% and varied from the statutory tax rate of 25.3%. For the three months ended December 31, 2015, the effective tax rate was 25.2% and varied immaterially from the statutory tax rate of 25.3%.

Net Income

Net income for the three months ended December 31, 2016 was $39.1 million compared with $21.4 million for the three months ended December 31, 2015. The increase of $17.6 million, or 82.3%, was driven by the factors described above.

Revenue

Revenue for the nine months ended December 31, 2016 increased by $103.8 million, or 41.7%, compared to the nine months ended December 31, 2015, which was driven by an increase in revenue in both our wholesale and DTC channels. On a constant currency basis, revenue increased by 43.9% for the nine months ended December 31, 2016 compared to the nine months ended December 31, 2015.

Revenue in our wholesale channel was $273.9 million, an increase of $44.8 million, compared to the nine months ended December 31, 2015. The increase in revenue in our wholesale channel was driven primarily by sales of new products from our Spring and Fall collections to our retail partners, strong growth outside of North America and, to a lesser extent, by price increases of our products in certain geographies.

Revenue in our DTC channel was $78.8 million, an increase of $59.0 million, compared to the nine months ended December 31, 2015, reflecting strong performance from the Canadian, U.K., and France e-commerce sites since launching in August of 2014, and September of 2016, respectively, a full nine months of activity on our U.S. e-commerce site which launched in September of 2015 and incremental revenue generated from retail stores opened in Toronto and New York in the third quarter of fiscal 2017.

Cost of Sales and Gross Profit

Cost of sales for the nine months ended December 31, 2016 increased by $46.3 million, or 37.9%, compared to the nine months ended December 31, 2015. Gross profit was $184.3 million, representing a gross margin of 52.3%, compared with $126.8 million for the nine months ended December 31, 2015, representing a gross margin of 50.9%. The increase in gross margin was attributable to a significant increase in DTC channel revenues partially offset by higher inventory provisions on raw materials taken in fiscal 2017, write-offs related to damaged products and, to a lesser extent, higher raw material costs from products sourced in U.S. dollars and a shift of sales mix to lower margin geographies.

Cost of sales in our wholesale channel for the nine months ended December 31, 2016 was $148.8 million, an increase of $31.6 million, compared to the nine months ended December 31, 2015. Segment gross profit was $124.9 million, representing a segment gross margin of 45.6%, compared with $111.8 million for the nine months ended December 31, 2015, representing a segment gross margin of 48.8%. The decline in segment gross margin of 320 basis points was attributable primarily to foreign exchange impact resulting from geographical sales mix, a higher proportion of sales in lower margin geographies, the timing of inventory provisions taken in first quarter of fiscal 2017 and, to a lesser extent, higher raw materials costs from products sourced in U.S. dollars. Combined, these increases more than offset lower Canadian dollar denominated production costs.

Cost of sales in our DTC channel for the nine months ended December 31, 2016 was $19.4 million, an increase of $14.7 million, compared to the nine months ended December 31, 2015. Segment gross profit was
$59.3 million, representing a segment gross margin of 75.3%, compared with $15.0 million for the nine months ended December 31, 2015, representing a segment gross margin of 76.2%. The increase in segment gross profit was attributable to higher segment revenue driven by incremental retail store revenue, a full nine month period of e-commerce stores in the United States, the launch of e-commerce websites in France and the U.K. in September 2016, lower product costs in Canadian dollars, partially offset by higher raw materials costs sourced in U.S. dollars.

**Selling, General and Administrative Expenses**

SG&A expenses for the nine months ended December 31, 2016 increased by $37.4 million over the same period in fiscal 2015, or 51.4%, representing 31.3% of revenue for the nine months ended December 31, 2016 compared to 29.3% of revenue for the nine months ended December 31, 2015. The increase in costs was attributable to an increase in headcount and brand investment to support new marketing initiatives and entry into new markets, $8.6 million of transaction costs related to this offering, $2.5 million of share-based compensation costs, as well as investment in our DTC channel associated with establishing our e-commerce sites and opening our retail stores.

SG&A expenses in our wholesale channel for the nine months ended December 31, 2016 was $24.0 million, an increase of $1.7 million, compared to the nine months ended December 31, 2015, which represents 8.8% of segment revenue for the nine months ended December 31, 2016 compared to 9.7% of segment revenue for the nine months ended December 31, 2015. The increase in segment costs was attributable to an increase in headcount, selling and operational expenditures to support growth initiatives and entry into new markets. The increase was partially offset by $5.9 million of expenses incurred in the comparable prior year period; comprising of $2.9 million for restructuring our international operations to Zug, Switzerland which encompassed closing several offices across Europe, relocating personnel and incurring temporary office costs as well as $3.0 million incurred for termination of third party sales agents.

SG&A expenses in our DTC channel for the nine months ended December 31, 2016 was $17.8 million, an increase of $10.8 million compared to the nine months ended December 31, 2015, which represents 22.6% of segment revenue for the nine months ended December 31, 2016 compared to 35.6% of segment revenue for the nine months ended December 31, 2015. The increase in segment costs was attributable to establishing our new sites in France and the U.K., maintaining our existing e-commerce sites and opening our two retail stores in the United States and Canada.

**Net Interest and Other Finance Costs**

Finance costs for the nine months ended December 31, 2016 increased by $2.6 million, or 43.3%, compared to the nine months ended December 31, 2015, primarily as a result of higher average borrowings of $206.2 million, compared to $146.7 million in the comparable prior year period and a $0.9 million write off of deferred financing costs resulting from refinancing of the previous credit facility partially offset by a lower interest rate.

**Income Taxes**

Income tax expense for the nine months ended December 31, 2016 was $15.4 million compared to $8.7 million for the nine months ended December 31, 2015. For the nine months ended December 31, 2016, the effective tax rate was 25.5% and varied marginally from the statutory tax rate of 25.3%. For the nine months ended December 31, 2015, the effective tax rate was 19.5% versus the statutory tax rate of 25.3%.

The difference between the effective tax rate and the statutory tax rate for the nine months ended December 31, 2015 relates primarily to the benefit of a one-time reversal of a deferred tax liability of $3.5 million relating to intercompany transactions during the nine months ended December 31, 2015.
Net Income

Net income for the nine months ended December 31, 2016 was $45.1 million compared with $35.7 million for the nine months ended December 31, 2015. The increase of $9.4 million, or 26.3%, was primarily the result of the factors described above.

Fiscal Year Ended March 31, 2016 Compared to Fiscal Year Ended March 31, 2015

Revenue

Revenue for fiscal 2016 increased by $72.4 million, or 33.2%, compared to fiscal 2015, driven by an increase in revenue in our wholesale channel and by growth in our DTC channel. On a constant currency basis, revenue increased 25.2% for fiscal 2016 compared to fiscal 2015.

Revenue in our wholesale channel increased $47.4 million, or 22.5%, compared to fiscal 2015. The increase in revenue in our wholesale channel was primarily driven by additional product sales, sales of new products from our Spring and Fall collections to our retail partners and, to a lesser extent, by price increases on our products in certain geographies.

This increase in revenue was also due in part to the inclusion of a full year of performance from our Canadian e-commerce site and the launch of our U.S. e-commerce site in our DTC segment, representing a $25.0 million increase over fiscal 2015.

Cost of Sales and Gross Profit

Cost of sales for fiscal 2016 increased by $15.4 million, or 11.9%, compared to fiscal 2015, while gross profit was $145.6 million, representing a gross margin of 50.1%, compared with $88.6 million in fiscal 2015, representing a gross margin of 40.6%. The increase in gross profit was attributable to the growth in e-commerce revenue in our DTC channel as well as overall higher revenue in fiscal 2016. Additionally, gross profit was positively impacted by lower production costs, partially offset by an increase in raw materials costs sourced in U.S. dollars.

Cost of sales in our wholesale channel for fiscal 2016 increased by $8.7 million, or 6.8%, compared to fiscal 2015, while segment gross profit was $121.4 million, representing a segment gross margin of 47.1%, compared with $82.7 million in fiscal 2015, representing a segment gross margin of 39.3%. The increase in segment gross profit was attributable to the overall higher revenue in fiscal 2016. Additionally, segment gross profit was positively impacted by lower production costs, partially offset by an increase in raw materials costs sourced in U.S. dollars.

Cost of sales in our DTC channel for fiscal 2016 increased by $6.7 million, or 313.6%, compared to fiscal 2015, while segment gross profit was $24.2 million, representing a segment gross margin of 73.3%, compared with $5.9 million in fiscal 2015, representing a segment gross margin of 73.4%. The increase in segment gross profit was attributable to the growth in e-commerce revenue in our DTC channel, including the impact of having the U.S. e-commerce store open beginning in September of 2015, as well as overall higher revenue in fiscal 2016.

Selling, General and Administrative Expenses

SG&A expenses for fiscal 2016 increased by $40.8 million over fiscal 2015, or 68.8%, representing 34.4% of revenue in fiscal 2016, compared to 27.2% of revenue in fiscal 2015. The increase in expenses was attributable to an increase in headcount in both segments and our corporate office, and an increase in marketing expenses that were not allocated to a segment and were designed to support an overall investment in our brand and entry into new markets. The increase was also partially attributable to investments in our DTC channel associated with establishing our e-commerce sites and opening our retail stores. In addition, we incurred costs of $3.1 million in
our wholesale segment associated with terminating third party sales agents which resulted in indemnities and other termination payments. Also included was $6.9 million of expenses relating to restructuring our international operations to Zug, Switzerland, including closing several offices across Europe, relocating personnel and incurring temporary office costs.

SG&A expenses in our wholesale channel for fiscal 2016 decreased by $10.1 million over fiscal 2015, or 27.2%, representing 10.5% of segment revenue in fiscal 2016 compared to 17.7% of segment revenue in fiscal 2015. The decrease was attributable to the increase in centralized marketing initiatives described above, offset by indemnities and termination payments for third party sales agents.

SG&A expenses in our DTC channel for fiscal 2016 increased by $12.7 million over fiscal 2015, or 920.4%, representing 42.8% of segment revenue in fiscal 2016 compared to 17.3% of segment revenue in fiscal 2015. The increase in expenses was attributable to an increase in headcount and brand investment in our DTC channel associated with establishing our e-commerce sites and opening our retail stores.

Net Interest and Other Finance Costs
Finance costs increased by $0.5 million, or 6.1%, during fiscal 2016 primarily as a result of higher borrowings of $25.9 million used to finance working capital, partially offset by a lower interest rate.

Income Taxes
Income tax expense increased by $1.8 million during fiscal year 2016 while the net income before taxes increased as compared to fiscal 2015. This is primarily as a result of a decrease in the effective tax rate from 24.6% for fiscal year 2015 to 19.6% for fiscal year 2016, together with the benefit of a one-time reversal of a deferred tax liability of $3.5 million relating to intercompany transactions during the three months ended September 30, 2015.

Net Income
Net income for fiscal 2016 was $26.5 million compared with $14.4 million in fiscal 2015. The increase of $12.1 million, or 83.6%, was the result of the factors described above.

Comparison of the fiscal year ended March 31, 2015 to the Predecessor 2014 Period and the Successor 2014 Period, as well as a comparison of the fiscal year ended March 31, 2015 to the Unaudited Pro Forma Combined Period for the fiscal year ended March 31, 2014
The Acquisition was accounted for as a business combination in accordance with IFRS 3 Business Combinations and the resulting new basis of accounting is reflected in the Company’s consolidated financial statements for all periods beginning on or after December 9, 2013. As a result and in order to provide a more meaningful comparison, we are also supplementally presenting a comparison of fiscal 2015 with the Unaudited Pro Forma Combined Period for the fiscal year ended March 31, 2014. Except for the specific pro forma adjustments made to arrive at the Unaudited Pro Forma Combined 2014 Period, the underlying drivers for the change in fiscal 2015 as compared to fiscal 2014, both actual 2014 results and the Unaudited Pro Forma Combined 2014 Period results, are the same.

Revenue
Revenue was $218.4 million for fiscal 2015, as compared to $134.8 million for the Predecessor 2014 Period and $173.0 million for the Successor 2014 Period, or $152.1 million for the Unaudited Pro Forma Combined 2014 Period. This represents a 43.6% increase in fiscal 2015, as compared to the Unaudited Pro Forma Combined 2014 Period. The increase in revenue was driven primarily by an increase in product sales to our retail partners and to a lesser extent by price increases on our products in certain geographies. On a constant currency basis, revenue increased by 39.0% for fiscal 2015 compared to the Unaudited Pro Forma Combined 2014 Period.
Cost of Sales and Gross Profit

Cost of sales was $129.8 million for fiscal 2015, as compared to $81.6 million for the Predecessor 2014 Period and $14.7 million for the Successor 2014 Period, or $93.4 million for the Unaudited Pro Forma Combined 2014 Period. Gross profit was $88.6 million for fiscal 2015, as compared to $53.2 million for the Predecessor 2014 Period and $2.6 million for the Successor 2014 Period, or $58.7 million for the Unaudited Pro Forma Combined 2014 Period. As compared to the Unaudited Pro Forma Combined 2014 Period, gross profit increased $29.9 million, or 51.0%, to $88.6 million for fiscal 2015. The increase in gross profit was primarily attributable to higher revenue as a result of increased sales in the U.S. market during the winter season.

Selling, General and Administrative Expenses

SG&A expenses were $59.3 million for fiscal 2015, as compared to $30.1 million for the Predecessor 2014 Period and $20.5 million for the Successor 2014 Period, or $45.1 million for the Unaudited Pro Forma Combined 2014 Period. SG&A expenses increased by 31.6% in fiscal 2015, as compared to the Unaudited Pro Forma Combined 2014 Period. As a percentage of revenue, SG&A expenses were 22.3% in the Predecessor 2014 Period and 118.7% in the Successor 2014 Period, and decreased from 29.6% in the Unaudited Pro Forma Combined 2014 Period to 27.2% in fiscal 2015. The increase in costs were attributable to an increase in headcount and brand investment to support new marketing initiatives and entry into new markets, as well as investment in our DTC channel associated with establishing our e-commerce sites and opening our retail stores.

Net Interest and Other Finance Costs

Finance costs were $7.5 million for fiscal 2015, as compared to $1.8 million for the Predecessor 2014 Period, and $1.8 million for the Successor 2014 Period, or $7.1 million for the Unaudited Pro Forma Combined 2014 Period. Finance costs increased by $0.4 million in fiscal 2015 or 5.6% as compared to the Unaudited Pro Forma Combined 2014 Period primarily as a result of higher borrowings used to finance working capital to support the growth in the business between the comparable periods and on subordinated debt held by Bain Capital in accordance with the terms of interest payments.

Income Taxes

Income tax expense was $4.7 million for fiscal 2015, as compared to $5.6 million for the Predecessor 2014 Period, representing an effective tax rate of 26.6% and was a recovery of $3.1 million for Successor 2014 Period, representing an effective tax rate of 24.6%, and $1.0 million for the Unaudited Pro Forma Combined 2014 Period, representing an effective tax rate of 25.3%. Income tax expense increased by $3.7 million in fiscal 2015 compared to the Unaudited Pro Forma Combined 2014 Period as a result of higher taxable income from improved operating performance in fiscal 2015 and higher non-deductible expenses in the comparable period.

Net Income

Net income was $14.4 million for fiscal 2015, as compared to $15.3 million for the Predecessor 2014 Period, and a loss of $15.5 million for Successor 2014 Period, or $3.0 million for the Unaudited Pro Forma Combined 2014 Period. Net income in fiscal 2015 represents a 377.2% increase as compared to the Unaudited Pro Forma Combined 2014 Period. The increase in net income in fiscal 2015 was driven primarily by the underlying performance of the business, and the impact of transaction costs as well as by the impact of $2.6 million of amortization expense in fiscal 2015 relating to a step-up of intangible assets, both relating to the Acquisition on December 9, 2013.

Eight Quarter Commentary on Trends

Net revenue is highest in the second and third quarters as we fulfill customer orders in time for the fall and winter retail seasons. In addition, our net income is typically reduced or negative in the first and fourth quarters as we invest ahead of our peak selling season.

Revenue

Over the last eight quarters, revenue has been impacted by the following:

- rollout of e-commerce in Canada in the second quarter of fiscal 2015, United States in the second quarter of fiscal 2016 and in the United Kingdom and France in the third quarter of fiscal 2017;
- opening of retail stores in Toronto and New York City in the third quarter of fiscal 2017;
- successful execution of pricing strategy across all segments;
- shift in mix of revenue from wholesale to DTC;
- shift in geographic mix of sales to increase sales outside of Canada;
- fluctuation of foreign exchange rates between the USD, GBP and Euro versus CAD; and
- timing of shipments to wholesale customers.

Net Income (loss)

Net income has been affected by the following factors over the last eight quarters:

- impact of the items noted in revenue above;
- increase and timing of our investment in brand, marketing, and administrative support to support our wholesale expansion and DTC channel as well as increased investment in property, plant, and equipment and intangible assets to support growth initiatives;
- impact of foreign exchange on production costs;
- higher average borrowings to address the growing magnitude of inventory needs and higher seasonal borrowings in the first and fourth quarters of each fiscal year to address seasonal nature of revenue.
- transaction costs in relation to this offering; and
- consolidation of our international operations to Zug, Switzerland which included closing offices across Europe and terminating third party sales agents.

Non-IFRS Measures

In addition to our results determined in accordance with IFRS, we believe the following non-IFRS measures provide useful information both to management and investors in measuring the financial performance and
financial condition of the Company for the reasons outlined below. These measures do not have a standardized meaning prescribed by IFRS and therefore they may not be comparable to similarly titled measures presented by other publicly traded companies, and they should not be construed as an alternative to other financial measures determined in accordance with IFRS.

Management uses these non-IFRS financial measures (other than Constant Currency Revenue) to exclude the impact of certain expenses and income that management does not believe are reflective of the company’s underlying operating performance and make comparisons of underlying financial performance between periods difficult. From time to time, the company may exclude additional items if it believes doing so would result in a more effective analysis of underlying operating performance.

**EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin and Adjusted Net Income** are financial measures that are not defined under IFRS. We use these non-IFRS financial measures, and believe they enhance an investor’s understanding of our financial and operating performance from period to period, because they exclude certain material non-cash items and certain other adjustments we believe are not reflective of our ongoing operations and our performance. In particular, following the Acquisition, we have made changes to our legal and operating structure to better position our organization to achieve our strategic growth objectives which have resulted in outflows of economic resources. Accordingly, we use these metrics to measure our core financial and operating performance for business planning purposes and as a component in the determination of incentive compensation for salaried employees. In addition, we believe EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin and Adjusted Net Income are measures commonly used by investors to evaluate companies in the apparel industry. However, they are not presentations made in accordance with IFRS and the use of the terms EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin and Adjusted Net Income vary from others in our industry. These financial measures are not intended to represent and should not be considered as alternatives to net income, operating income or any other performance measures derived in accordance with IFRS as measures of operating performance or operating cash flows or as measures of liquidity.

EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin and Adjusted Net Income have important limitations as analytical tools and you should not consider them in isolation or as substitutes for analysis of our results as reported under IFRS. For example, these financial measures:

- exclude certain tax payments that may reduce cash available to us;
- do not reflect any cash capital expenditure requirements for the assets being depreciated and amortized that may have to be replaced in the future;
- do not reflect changes in, or cash requirements for, our working capital needs;
- do not reflect the interest expense, or the cash requirements necessary to service interest or principal payments, on our debt; and
other companies in our industry may calculate these measures differently than we do, limiting their usefulness as comparative measures.

The tables below illustrate a reconciliation of net income to EBITDA, Adjusted EBITDA and Adjusted Net Income for the periods presented:

Table of Contents

(a) Represents the amount paid pursuant to the management agreement with Bain Capital for ongoing consulting and other services. In connection with this offering, the management agreement will be terminated, and Bain Capital will no longer receive management fees from us. See “Certain Relationships and Related Party Transactions—Management Agreement.”

(b) In connection with the Acquisition and the filing of this prospectus, the company incurred expenses related to professional fees, consulting, legal, and accounting that would otherwise not have been incurred and were directly related to these two matters. These fees are not indicative of the company’s ongoing costs and we expect they will discontinue following the completion of this offering.

(c) In connection with the Acquisition, we recognized acquired inventory at fair value, which included a mark-up for profit. Recording inventory at fair value in purchase accounting had the effect of increasing inventory and thereby increasing the cost of sales in subsequent periods as compared to the amounts we would have recognized if the inventory was sold through at cost. The write-up of acquired inventory sold represents the incremental cost of sales that was recognized as a result of purchase accounting. This inventory was sold in fiscal 2014 and fiscal 2015 and has impacted net income in both periods.

(d) Represents unrealized gains on foreign exchange forward contracts recorded in fiscal 2016 that relate to fiscal 2017. We manage our exposure to foreign currency risk by entering into foreign exchange forward contracts. Management forecasts its net cash flows in foreign currency using expected revenue from orders it receives for future periods. The unrealized gains and losses on these contracts are recognized in net income from the date of inception of the contract, while the cash flows to which the derivatives related are not realized until the contract settles. Management believes that reflecting these adjustments in the period in which the net cash flows will occur is more appropriate.

(e) Represents non-cash charge for unrealized losses on the translation of the Term Loan Facility from USD to CAD$.

(f) Represents expenses incurred to establish our European headquarters in Zug, Switzerland, including closing several smaller offices across Europe, relocating personnel, and incurring temporary office costs.

(g) Represents non-cash share-based compensation expense. Adjustments in fiscal 2017 reflect management’s estimate that certain tranches of outstanding option awards will vest.

(h) Represents accrued expenses related to termination payments to be made to our third party sales agents. As part of a strategy to transition certain sales functions in-house, we terminated the majority of our third party sales agents and certain distributors, primarily during fiscal 2015 and 2016, which resulted in indemnities and other termination payments. As sales agents have now largely been eliminated from the sales structure, management does not expect these charges to recur in future fiscal periods.

(i) Represents non-cash amortization charges during pre-opening periods for new store leases.

(j) As a result of the Acquisition, the company recognized an intangible asset for customer lists in the amount of $8.7 million, which has a useful life of four years.

(k) During fiscal 2016, we entered into a series of transactions whereby our wholly-owned subsidiary, Canada Goose International AG, acquired the global distribution rights to our products. As a result, there was a one-time tax benefit of $3.5 million recorded during the year.

(l) See “—Basis of Presentation” for a presentation of our Unaudited Pro Forma Combined Supplemental Financial Information for the year ended March 31, 2014.
**Table of Contents**

**Constant Currency Revenue.** Because we are a global company, the comparability of our revenue reported in Canadian Dollars is also affected by foreign currency exchange rate fluctuations because the underlying currencies in which we transact change in value over time compared to the Canadian Dollar. These rate fluctuations can have a significant effect on our reported results. As such, in addition to financial measures prepared in accordance with IFRS, our revenue discussions often contain references to constant currency measures, which are calculated by translating the current year and prior year reported amounts into comparable amounts using a single foreign exchange rate for each currency calculated based on the average exchange rate over the period as measured by the Bank of Canada. We present constant currency financial information, which is a non-IFRS financial measure, as a supplement to our reported operating results. We use constant currency information to provide a framework to assess how our business segments performed excluding the effects of foreign currency exchange rate fluctuations. We believe this information is useful to investors to facilitate comparisons of operating results and better identify trends in our businesses.

Our primary need for liquidity is to fund working capital requirements of our business, capital expenditures, debt service and for general corporate purposes. Our primary source of liquidity is funds generated by operating activities. We also use our asset based Revolving Facility as a source of liquidity for short-term working capital needs and general corporate purposes. Our ability to fund our operations, to make planned capital expenditures,
to make scheduled debt payments and to repay or refinance indebtedness depends on our future operating performance and cash flows, which are subject to prevailing economic conditions and financial, business and other factors, some of which are beyond our control. Cash generated from operations are significantly impacted by the seasonality of our business, with a disproportionate amount of our operating cash generally coming in the second and third fiscal quarters of each year. As a result, historically, we have had higher balances under our revolving credit facilities in the first and fourth quarters and lower balances in the second and third quarters.

As of December 31, 2016, we had $30.2 million of cash and $144.5 million of working capital, which is current assets minus current liabilities, compared with $7.2 million of cash and $104.8 million of working capital as of March 31, 2016. The $39.7 million increase in our working capital was primarily due to a $23.0 million increase in cash, a $71.5 million increase in accounts receivable, primarily offset by a $22.8 million decrease in inventory, a $25.8 million increase in accounts payable and accrued liabilities and a $9.3 million increase in provisions. Working capital is significantly impacted by the seasonal trends of our business and has been further impacted in the current quarters by the opening of our retail stores.

We expect that our cash on hand and cash flows from operations, along with our Revolving Facility, will be adequate to meet our capital requirements and operational needs for the next 12 months.

**Cash Flows**

**Cash flows from operating activities**

Cash flows generated in operating activities increased from $9.9 million used in the nine months ended December 31, 2015 to $36.7 million generated from the nine months ended December 31, 2016. This period-over-period increase in cash generated from operating activities of $46.7 million was primarily due to an increase in net income of $9.4 million and a $38.0 million lower use of cash in working capital items, including differences in timing of payments on accounts payable and accrued liabilities in the comparable periods and seasonal decrease in inventory partially offset by lower payments of provisions and other current assets in the current period and higher income tax installments of $13.7 million due to higher taxable income.

Cash used in operating activities was $6.4 million in fiscal 2016 compared to cash flows provided by operating activities of $5.0 million in fiscal 2015. The year-over-year decrease of $11.4 million in cash inflows was primarily due to an increase in inventory of $49.7 million as a result of preparation for the launch of our e-commerce store in the United States, partially offset by an increase in net income of $12.1 million, as well as increases in accounts payable and accrued liabilities.

Cash provided by operating activities was $5.0 million in fiscal 2015 compared to cash flows used in operating activities of $1.6 million during the period from December 9, 2013 to March 31, 2014 and cash provided by operating activities of $15.2 million during the period from April 1, 2013 to December 8, 2013. The period-over-period increase in cash inflows was primarily due to an increase in net income, partially offset by increases in accounts receivable of $9.2 million and increases in inventory of $10.6 million due to higher sales volumes.

**Cash flows from investing activities**

The year-over-year increase in cash outflows from investing activities during the nine months ended December 31, 2016 of $1.7 million was primarily due to increased activity in the DTC channel as the company prepared for retail store openings in Toronto and New York City and opened e-commerce sites in the United Kingdom and France. Investments in the comparable period in fiscal 2016 consisted of expenditures related to operating capacity at our manufacturing facilities. We anticipate that these investments will remain consistent as a percentage of revenue as we expand our DTC channel.

The year-over-year increase in cash outflows of $14.6 million in fiscal 2016 compared to fiscal 2015 was primarily due to increased investments in property and equipment to increase production capacity and in retail store and e-commerce assets, as well as investments in intangible assets related to ERP software.
The year-over-year decrease in cash outflows of $142.2 million in fiscal 2015 compared to the Unaudited Pro Forma Combined 2014 Period was primarily due to outflows related to the Acquisition.

Cash flows from financing activities
Cash inflows from financing activities decreased by $39.6 million year-over-year in the nine months ended December 31, 2016. The higher level of cash flows from financing activities in the period ended December 31, 2015 results from the seasonal increase in the revolving credit facility, net of contractual quarterly repayments. In the nine month period ended December 31, 2016, the $212.5 million net proceeds from the Term Loan were used to repay subordinated debt and redeem shareholders’ equity, for a net increase in cash of $8.0 million.

The $24.6 million increase in fiscal 2016 compared to fiscal 2015 was primarily driven by an increase in borrowings under our credit facility used to finance working capital.

The year-over-year decrease in cash inflows of $159.3 million in fiscal 2015 compared to the period from December 9, 2013 to March 31, 2014 was primarily due to the proceeds from Bain Capital’s initial investment in the company in exchange for subordinated debt and Class A Senior Preferred Shares for the purpose of the Acquisition.

Indebtedness
Revolving Facility
On June 3, 2016, Canada Goose Holdings Inc. and its wholly-owned subsidiaries, Canada Goose Inc. and Canada Goose International AG, entered into a senior secured asset-based revolving credit facility, which we refer to as the Revolving Facility, with Canadian Imperial Bank of Commerce, as administrative agent, and certain financial institutions as lenders, which matures in 2021. The Revolving Facility has commitments of $150.0 million with a seasonal increase of up to $200.0 million during peak season (June 1 through November 30). In addition, the Revolving Facility includes a letter of credit sub-facility of $25.0 million. All obligations under the Revolving Facility are unconditionally guaranteed by Canada Goose Holdings Inc. and, subject to certain exceptions, our U.S., Swiss, U.K. and Canadian subsidiaries. The Revolving Facility provides for customary events of default.

Loans under the Revolving Facility, at our option may be maintained from time to time as (a) Prime Rate Loans, which bear interest at a rate per annum equal to the Applicable Margin for Prime Rate Loans plus the Prime Rate, (b) Banker’s Acceptances funded on a discounted proceeds basis given the published discount rate plus a rate per annum equal to the Applicable Margin for stamping fees, (c) ABR Loans, which bear interest at a rate per annum equal to the Applicable Margin for ABR Loans plus the ABR, (d) European Base Rate Loans, which bear interest at a rate per annum equal to the Applicable Margin for European Base Rate Loans plus the European Base Rate, (e) LIBOR Loans, which bear interest at a rate per annum equal to the Applicable Margin for LIBOR Loans plus the LIBO Rate or (f) EURIBOR Loans, which bear interest at a rate per annum equal to the Applicable Margin for EURIBOR Loans plus the applicable EURIBOR.

A commitment fee will be charged on the average daily unused portion of the Revolving Facility of 0.25% per annum if average utilization under the Revolving Facility is greater than 50% or 0.375% if average utilization under the Revolving Facility is less than 50%. A letter of credit fee, with respect to standby letters of credit will accrue on the aggregate face amount of outstanding letters of credit under the Revolving Facility equal to the Applicable Margin for LIBOR Loans, and, with respect to trade or commercial letters of credit, 50% of the then applicable Applicable Margin on LIBOR Loans. A fronting fee will be charged on the aggregate face amount of outstanding letters of credit equal to 0.125% per annum. In addition, we pay the administrative agent under the Revolving Facility a monitoring fee of $1,000 per month.

As of December 31, 2016 we had $59.8 million outstanding under the Revolving Facility. Amounts under the Revolving Facility may be borrowed, repaid and re-borrowed to fund our general corporate purposes and are
available in Canadian dollars, U.S. dollars, and Euros and, subject to an aggregate cap of $40.0 million, such other currencies as are approved in accordance with the credit agreement governing the Revolving Facility.

**Term Loan Facility**

*General*

On December 2, 2016, which is referred to as the Term Loan Closing Date, in connection with the Recapitalization, Canada Goose Holdings Inc. and Canada Goose Inc. (the "Borrower") entered into a senior secured term loan facility which we refer to as the Term Loan Facility, with Credit Suisse AG, Cayman Islands Branch, as administrative agent and collateral agent, and certain financial institutions as lenders, which matures in 2021. All obligations under the Term Loan Facility are unconditionally guaranteed by Canada Goose Holdings Inc. and, subject to certain exceptions, our U.S., U.K. and Canadian subsidiaries. The Term Loan Facility provides for customary events of default.

The initial interest rate on the term loans outstanding under the Term Loan Facility is the LIBOR Rate (subject to a minimum rate of 1.00% per annum) plus an Applicable Margin of 5.00%. The term loans can also be maintained as ABR Loans which bear interest at ABR plus an Applicable Margin which is 1.00% less than that for LIBOR loans. Effective on the first day immediately following the 180-day anniversary of the Term Loan Closing Date and, the last day of each three-month period thereafter, the Applicable Margin shall increase by 0.50%, if, upon the completion of this offering and after giving effect to the prepayment of term loans under the Term Loan Facility with the net cash proceeds from this offering, the Borrower’s consolidated total net leverage ratio is not equal to or less than 2.50 to 1.00; provided, however, that the Applicable Margin shall not, at any time, exceed for term loans that are LIBOR Loans, 7.00%, and for Initial Term Loans that are ABR Loans, 6.00%. If upon the completion of this offering (or any other underwritten primary public offering of common equity by the Borrower or any direct or indirect parent thereof) and after giving effect to the prepayment of term loans under the Term Loan Facility with the net cash proceeds from this offering, the Borrower has a consolidated total net leverage ratio of less than or equal to 2.50 to 1.00, the Applicable Margin then in effect shall be permanently reduced by 1.00%. We have not yet determined what the consolidated total net leverage ratio of the Borrower will be following the completion of this offering.

The proceeds of the term loans borrowed under the Term Loan Facility were used to effect the steps described in this prospectus under “The Recapitalization,” to pay transaction expenses in connection with the closing of the Term Loan Facility and for other general corporate purposes.

As of December 31, 2016 we had approximately $218.3 million aggregate principal amount of term loans outstanding under the Term Loan Facility. Amounts prepaid or repaid under the Term Loan Facility may not be re-borrowed.

As at December 31, 2016, the company had additional long term liabilities which included provisions, including warranty, agent termination fees, sales returns, and asset retirement obligation, and deferred income tax liabilities. These long term liabilities have not been included in the table above as the timing and amount of future payments are uncertain.

Quantitative and Qualitative Disclosures about Market Risk

We are exposed to certain market risks arising from transactions in the normal course of our business. Such risk is principally associated with foreign exchange.

Foreign currency exchange risk

Our consolidated financial statements are expressed in Canadian dollars, however a portion of the company’s net assets are denominated in U.S. dollars, Euro, GBP, SEK, and CHF, through its foreign operations in the U.S. and Switzerland. The net monetary assets are translated into Canadian dollars at the foreign currency exchange rate in effect at the balance sheet date. As a result, we are exposed to foreign currency translation gains and losses. Revenues and expenses of all foreign operations are translated into Canadian dollars at the foreign currency exchange rates that approximate the rates in effect at the dates when such items are recognized. Appreciating foreign currencies relative to the Canadian dollar will positively impact operating income and net earnings by increasing our revenue, while depreciating foreign currencies relative to the Canadian dollar will have the opposite impact.

We are also exposed to fluctuations in the prices of U.S. dollar denominated purchases as a result of changes in U.S. dollar exchange rates. A depreciating Canadian dollar relative to the U.S. dollar will negatively impact operating income and net earnings by increasing our costs of raw materials, while an appreciating Canadian dollar relative to the U.S. dollar will have the opposite impact. During the nine months ended December 31, 2016 and fiscal 2016, 2015, and 2014 we entered into derivative instruments in the form of forward contracts to manage the majority of our current and anticipated exposure to fluctuations in U.S. dollar, GBP, Euro, and CHF exchange rates.

Amounts borrowed under the Term Loan Facility are denominated in U.S. dollars. Based on our outstanding balance of $218.3 million under the Term Loan Facility as of December 31, 2016, a 10% depreciation in the value of the Canadian dollar compared to the U.S. dollar would result in a decrease in our net income (loss) of $21.8 million solely as a result of that exchange rate fluctuation’s effect on such debt. We intend to use the proceeds from this offering to repay a portion of the Term Loan Facility. In addition we intend to use foreign currency hedging contracts to reduce the foreign currency exchange risk due to such debt.
We may enter into foreign currency forward exchange contracts and options to reduce fluctuations in our long or short currency positions relating primarily to purchase commitments, raw materials and finished goods denominated in foreign currencies.

A summary of foreign currency forward exchange contracts and the corresponding amounts as at December 31, 2016 contracted forward rates is as follows:

### Interest rate risk

We are exposed to interest rate risk primarily related to the effect of interest rate changes on borrowings outstanding under our Revolving Facility and Term Loan. As of December 31, 2016, we had $59.8 million outstanding under our Revolving Facility with a weighted average interest rate of 2.73% and Term Loan debt of $218.3 million which was advanced on December 2, 2016, and currently bears interest at 6.00%. Based on the outstanding borrowings under the Revolving Facility during Fiscal 2016, we estimate that a 1.00% increase in the average interest rate on our borrowings would have increased interest expense by $0.9 million in the nine months ended December 31, 2016. Correspondingly, a 1.00% increase in the Term Loan rate would have increased interest expense by an additional $0.2 million. The impact on future interest expense as a result of future changes in interest rates will depend largely on the gross amount of our borrowings at that time.

### Critical Accounting Policies and Estimates

Our consolidated financial statements included elsewhere in this prospectus have been prepared in accordance with IFRS. The preparation of our financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. We base our estimates on historical experience and on various other assumptions that we believe are reasonable under the circumstances. Actual results may differ from these estimates under different assumptions or conditions. While our significant accounting policies are more fully described in the notes to our consolidated financial statements included elsewhere in this prospectus, we believe that the following accounting policies and estimates are critical to our business operations and understanding our financial results.

The following are the accounting policies subject to judgments and key sources of estimation uncertainty that the company believes could have the most significant impact on the amounts recognized in the consolidated financial statements.

**Revenue recognition.** Wholesale revenue from the sale of goods to third party resellers, net of an estimated allowance for sales returns, is recognized when the significant risks and rewards of ownership of the goods have passed to the reseller, which is as soon as the products have been shipped to the reseller and there is no continuing management involvement or obligation affecting the acceptance of the goods. Revenue through e-commerce operations and retail stores are recognized upon delivery of the goods to the customer and when collection is reasonably assured, net of an estimated allowance for sales returns. Management bases its estimates on historical results, taking into consideration the type of customer, transaction, and specifics of each arrangement.

**Inventories.** Inventories are carried at the lower of cost and net realizable value which requires the company to utilize estimates related to fluctuations in obsolescence, shrinkage, future retail prices, seasonality and costs necessary to sell the inventory.
We periodically review our inventories and make provisions as necessary to appropriately value obsolete or damaged goods. In addition, as part of inventory valuations, we accrue for inventory shrinkage for lost or stolen items based on historical trends from actual physical inventory counts.

**Impairment of non-financial assets (goodwill, intangible assets, and property and equipment).** Management is required to use judgment in determining the grouping of assets to identify their cash generating units (“CGU”) for the purposes of testing fixed assets for impairment. Judgment is further required to determine appropriate groupings of CGUs for the level at which goodwill and intangible assets are tested for impairment. For the purpose of goodwill and intangible assets impairment testing, CGUs are grouped at the lowest level at which goodwill and intangible assets are monitored for internal management purposes. In addition, judgment is used to determine whether a triggering event has occurred requiring an impairment test to be completed.

In determining the recoverable amount of a CGU or a group of CGUs, various estimates are employed. The company determines value in use by using estimates including projected future revenues, earnings and capital investment consistent with strategic plans presented to the Board. Discount rates are consistent with external industry information reflecting the risk associated with the specific cash flows.

**Income and other taxes.** Current and deferred income taxes are recognized in the consolidated statements income (loss) and comprehensive income (loss), except when it relates to a business combination, or items recognized in equity or in other comprehensive income. Application of judgment is required regarding the classification of transactions and in assessing probable outcomes of claimed deductions including expectations about future operating results, the timing and reversal of temporary differences and possible audits of income tax and other tax filings by the tax authorities in the various jurisdictions in which the company operates.

**Functional currency.** Items included in the consolidated financial statements of the company’s subsidiaries are measured using the currency of the primary economic environment in which each entity operates (the functional currency). The consolidated financial statements are presented in Canadian dollars, which is the company’s functional currency and the presentation currency.

**Financial instruments.** Financial assets and financial liabilities are recognized when the company becomes a party to the contractual provisions of the financial instrument. Financial assets and financial liabilities are initially measured at fair value. The critical assumptions and estimates used in determining the fair value of financial instruments are: equity prices; future interest rates; the relative creditworthiness of the Company to its counterparties; estimated future cash flows; discount rates; and volatility utilized in option valuations.

The company enters into financial instruments with highly-rated creditworthy institutions and instruments with liquid markets and readily-available pricing information.

**Share-based payments** are valued based on the grant date fair value of these awards and the company records compensation expense over the corresponding service period. The fair value of the share-based payments is determined using the Monte Carlo model, which incorporates the Board’s best estimate of the fair value of our common equity, which incorporate management’s discounted cash flow estimates and other market assumptions. Following the Acquisition, we adopted our Stock Option Plan, which allows stock options to be granted to selected executives with vesting contingent upon meeting the service, performance goals and exit event conditions of the Plan. There are three types of stock options: Tranche A options are time based which generally vest over 5 years of service, with 40% on the second anniversary, and 20% on each of the third, fourth, and fifth anniversary. Tranche B and Tranche C options are performance based awards that vest upon attainment of performance conditions and the occurrence of an exit event. The expense related to the Tranche B and Tranche C options is recognized rateably over the requisite service period, provided it is probable that the vesting conditions will be achieved and the occurrence of such exit event, such as our initial public offering, is probable. Following our initial public offering, we expect that the grant date fair value of these awards to be based upon the closing price of our subordinate voting shares on the grant date.
Warranty. The critical assumptions and estimates used in determining the warranty provision at the balance sheet date are: number of jackets expected to require repair or replacement; proportion to be repaired versus replaced; period in which the warranty claim is expected to occur; cost of repair; cost of jacket replacement; risk-free rate used to discount the provision to present value. We update our inputs to this estimate on a quarterly basis to ensure the provision reflects the most current information regarding our products.

Trade receivables. The company does not have any customers which account for more than 10% of sales or accounts receivable. We make ongoing estimates relating to the ability to collect our accounts receivable and maintain an allowance for estimated losses resulting from the inability of our customers to make required payments. In determining the amount of the allowance, we consider our historical level of credit losses and make judgments about the creditworthiness of significant customers based on ongoing credit evaluations. Credit risk arises from the possibility that certain parties will be unable to discharge their obligations. To mitigate this risk, management has entered into an agreement with a third party who has insured the risk of loss for up to 90% of accounts receivable from certain designated customers based on a total deductible of $50,000. Since we cannot predict future changes in the financial stability of our customers, actual future losses from uncollectible accounts may differ from our estimates. If the financial condition of our customers were to deteriorate, resulting in their inability to make payments, a larger allowance might be required. In the event we determine that a smaller or larger allowance is appropriate, we would record a credit or a charge to selling, general and administrative expense in the period in which such a determination is made.

Internal Control Over Financial Reporting

We have identified material weaknesses in our internal controls over financial reporting. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company’s annual or interim consolidated financial statements may not be prevented or detected on a timely basis.

We did not have in place an effective control environment with formal processes and procedures or an adequate number of accounting personnel with the appropriate technical training in, and experience with, IFRS to allow for a detailed review of complex accounting transactions that would identify errors in a timely manner, including inventory costing and business combinations. We did not design or maintain effective controls over the financial statement close and reporting process in order to ensure the accurate and timely preparation of financial statements in accordance with IFRS. In addition, information technology controls, including end user and privileged access rights and appropriate segregation of duties, including for certain users the ability to create and post journal entries, were not designed or operating effectively.

We have taken steps to address these material weaknesses and continue to implement our remediation plan, which we believe will address their underlying causes. We have engaged external advisors to provide assistance in the areas of information technology, internal controls over financial reporting, and financial accounting in the short term and to evaluate and document the design and operating effectiveness of our internal controls and assist with the remediation and implementation of our internal controls as required. We are evaluating the longer term resource needs of our various financial functions. These remediation measures may be time consuming, costly, and might place significant demands on our financial and operational resources. Although we have made enhancements to our control procedures in this area, the material weaknesses will not be remediated until the necessary controls have been implemented and are operating effectively. We do not know the specific time frame needed to fully remediate the material weaknesses identified. See “Risk Factors.”

Standards issued but not yet effective

Certain new standards, amendments, and interpretations to existing IFRS standards have been published but are not yet effective and have not been adopted early by the company. Management anticipates that all of the pronouncements will be adopted in the company’s accounting policy for the first period beginning after the
In 2016, the IASB issued IFRS 16, “Leases” (“IFRS 16”), replacing IAS 17, “Leases” and related interpretations. The standard introduces a single on-statement of financial position recognition and measurement model for lessees, eliminating the distinction between operating and finance leases. Lessors continue to classify leases as finance and operating leases. IFRS 16 becomes effective for annual periods beginning on or after January 1, 2019, and is to be applied retrospectively. Early adoption is permitted if IFRS 15, “Revenue from Contracts with Customers” (“IFRS 15”) has been adopted. The company is currently assessing the impact of the new standard on its consolidated financial statements.

In 2014, the IASB issued IFRS 15, replacing IAS 18, “Revenue”, IAS 11, “Construction Contracts”, and related interpretations. The new standard provides a comprehensive framework for the recognition, measurement and disclosure of revenue from contracts with customers, excluding contracts within the scope of the accounting standards on leases, insurance contracts and financial instruments. IFRS 15 becomes effective for annual periods beginning on or after January 1, 2018, and is to be applied retrospectively. Early adoption is permitted. The company is currently assessing the impact of the new standard on its consolidated financial statements.

In July 2014, the IASB issued the final version of IFRS 9, which reflects all phases of the financial instruments project and replaces IAS 39, “Financial Instruments: Recognition and Measurement,” and all previous versions of IFRS 9. The standard introduces new requirements for classification and measurement, impairment, and hedge accounting. IFRS 9 is mandatorily effective for annual periods beginning on or after January 1, 2018. Early adoption is permitted. The company is currently assessing the impact of the new standard on its consolidated financial statements.

In January 2016, the International Accounting Standards Board (IASB) issued amendments to clarify the requirements for recognizing deferred tax assets on unrealized losses. The amendments clarify the accounting for deferred tax where an asset is measured at fair value and that fair value is below the asset’s tax base. They also clarify certain other aspects of accounting for deferred tax assets. The amendments are effective for the year beginning on or after January 1, 2017. The company is currently assessing the impact of these amendments on its financial statements.

In June 2016, the IASB issued an amendment to IFRS 2, Share-based Payment, clarifying the accounting for certain types of share-based payment transactions. The amendments provide requirements on accounting for the effects of vesting and non-vesting conditions of cash-settled share-based payments, withholding tax obligations for share-based payments with a net settlement feature, and when a modification to the terms of a share-based payment changes the classification of the transaction from cash-settled to equity-settled. The amendments are effective for the year beginning on or after January 1, 2018. The company is currently assessing the impact of this amendment on its financial statements.

In January 2016, the IASB issued amendments to IAS 1, Presentation of Financial Statements (“IAS 1”) were issued by the IASB in December 2014. The amendments clarify principles for the presentation and materiality considerations for the financial statements and notes to improve understandability and comparability. The amendments to IAS 1 are effective for annual periods beginning on or after January 1, 2016. The company is evaluating the impact of this standard on its consolidated financial statements.
JOBS Act

We will not take advantage of the extended transition period provided under Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. Because IFRS standards make no distinction between public and private companies for purposes of compliance with new or revised accounting standards, the requirements for our compliance as a private company and as a public company are the same.
To our Shareholders,

When my grandfather started this company 60 years ago, I don’t know if he ever dreamed that this is where we would be today, but I am sure he would be proud. That pride has been a cornerstone throughout three generations of Canada Goose and, today, I am both humbled and excited to be writing this letter.

**I believe Canada Goose is a brand like no other.**

Since 1957, we have gone against the grain, stayed true to who we are and surpassed our expectations at almost every turn. We have turned business challenges into leadership opportunities and intuition into insight, invested heavily when others only chased margins and we have demonstrated that ‘doing good’ is good for business. In a world of fabricated stories, we have given people something real to experience.

For three generations, Canada Goose has helped people from all corners of the globe embrace the elements and make their adventures possible. We outfitted Laurie Skreslet, the first Canadian to summit Mount Everest in 1982, and helped a former two-packs-a-day smoker, Ray Zahab, break the world speed record for an unsupported expedition by a team to the South Pole. We helped a nurse who was plunged into the icy waters of Hudson Bay keep her core temperature warm enough to keep her heart beating. We helped Lance Mackey, champion dog-musher and cancer survivor, stay warm as he won the Iditarod and Yukon Quest, two years in a row. We help protect First Air crews from the elements when they’re flying north of 60-degrees and we help researchers in Antarctica and Polar Bears International scientists work outside for hours in freezing temperatures. And along the way we have found a home in urban centres too. We’ve brought the same function, quality and craftsmanship into great cities around the world including Toronto, New York, London, Paris, Tokyo and many others in between.

In doing so, we have played a leading role in the creation of a new category, premium outerwear, and established Canada Goose as an iconic brand. We have also invented new technologies, challenged traditional thinking, sold into leading retailers around the world and opened experiential stores of our own. We have made award-winning products and award-winning marketing campaigns, been embraced by world-renowned artists, athletes and adventurers, helped reinvigorate the declining apparel industry in Canada by creating thousands of jobs and played the role of ambassador for our country internationally. In the process, we’ve become a brand to watch and one that other companies try to emulate — an authentic leader on a global stage.

Authenticity is everything to us. It is woven into every aspect of our business from how we design and build our products to how we engage with our customers. That commitment does not come without its challenges, but we believe it is the only way for us to build an enduring brand that will continue for generations.

Far from this company’s humble beginnings, we now proudly sell in 36 countries. Today, Canada Goose is a brand that is known around the world. We are proud to be a champion of Made-in-Canada manufacturing and export the brand of Canada around the world. We believe that Canada Goose is good for Canada and for the world.

Fueled by strong performance, a bold vision that’s underpinned by world-class talent who have experience garnered from some of the world’s best brands, a relentless focus on execution and an inspiring culture, I believe we have an extraordinary opportunity ahead. We have all the right pieces in place to build this company to be the enduring legacy I know it can be.

But we will be careful. We are not interested in trading short term revenue opportunities for bad long term business decisions. We are focused on building an enduring brand, a legacy for our employees and our country and long-term value for our shareholders. We have been careful stewards of this brand for 60 years and we will do the same as a publicly-traded company in the years ahead.

That may mean we won’t always choose the obvious path or do what traditional thinking would dictate. We would not be where we are today if we had done what everyone else was doing or what was easy. We have taken risks that we believed in and we have succeeded in doing so. We intend to continue on our path of swimming upstream. It’s certainly more challenging, but more fun — and more rewarding.

We are on a remarkable journey, one that I feel incredibly privileged to lead and one that I hope you will be proud to be a part of. This is your invitation.

Canada Goose

Founded 60 years ago in a small Toronto warehouse, Canada Goose has grown into a highly coveted global outerwear brand. We are recognized for authentic heritage, uncompromised craftsmanship and quality, exceptional warmth and superior functionality. This reputation is decades in the making and is rooted in our commitment to creating premium products that deliver unrivaled functionality where and when it is needed most. Be it Canadian Arctic Rangers serving their country or an explorer trekking to the South Pole, people who live, work and play in the harshest environments on Earth have turned to Canada Goose. Throughout our history, we have found inspiration in these technical challenges and parlayed that expertise into creating exceptional products for any occasion. From research facilities in Antarctica and the Canadian High Arctic to the streets of Toronto, New York City, London, Paris, Tokyo and beyond, people have fallen in love with our brand and made it a part of their everyday lives.

We are deeply involved in every stage of our business as a designer, manufacturer, distributor and retailer of premium outerwear for men, women and children. This vertically integrated business model allows us to directly control the design and development of our products while capturing higher margins. As of December 31, 2016, our products are sold through select outdoor, luxury and online retailers and distributors in 36 countries, our e-commerce sites in Canada, the United States, the United Kingdom and France, and two recently opened retail stores in Toronto and New York City.

The power of our business model and our ability to profitably scale our operations are reflected in our financial performance. In fiscal 2016, we had revenue of $290.8 million, gross profit of $145.6 million, which represented gross margin of 50.1%, net income of $26.5 million, Adjusted EBITDA of $54.3 million, Adjusted EBITDA Margin of 18.7% and Adjusted Net Income of $30.1 million. We grew our revenue at a 38.3% CAGR, net income at a 196.0% CAGR and Adjusted EBITDA at an 85.0% CAGR from fiscal 2014 to fiscal 2016, while expanding our gross margin from 38.6% to 50.1% and our Adjusted EBITDA Margin from 10.4% to 18.7% over the same period. For additional information regarding Adjusted EBITDA, Adjusted EBITDA Margin and Adjusted Net Income, which are non-IFRS measures, including a reconciliation of these non-IFRS measures to net income, see “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Non-IFRS Measures.”

Our Competitive Strengths

We believe that the following strengths are central to the power of our brand and business model.

**Authentic brand.** For decades, we have helped explorers, scientists, athletes and film crews embrace the elements in some of the harshest environments in the world. Our stories are real and are best told through the unfiltered lens of Goose People, our brand ambassadors. The journeys, achievements and attitudes of these incredible adventurers embody our core belief that greatness is out there and inspire our customers to chart their own course.

**Uncompromised craftsmanship.** Leveraging decades of experience, field testing and obsessive attention to detail, we develop superior functional products. Our expertise in matching our technical fabrics with the optimal blends of down enables us to create warmer, lighter and more durable products across seasons and applications. The commitment to superior quality and lasting performance that initially made us renowned for warmth now extends into breathability and protection from wind and rain.

**Beloved and coveted globally.** We offer outerwear with timeless style for anyone who wants to embrace the elements. From the most remote regions of the world to major metropolitan centres, we have successfully broadened our reach beyond our arctic heritage to outdoor enthusiasts, urban explorers and discerning consumers globally. Our deep connection with our customers is evidenced by their brand loyalty. Consumer surveys conducted on our behalf in 2016 show that 82% of customers say they love their Canada
Goose jackets and 84% of customers indicate that, when making their next premium outerwear purchase, they would likely repurchase Canada Goose. These results are among the highest in our industry based on this survey.

Proudly made in Canada. Our Canadian heritage and commitment to local manufacturing are at the heart of our business and brand. While many companies in our industry outsource to offshore manufacturers, we are committed to aggressively investing in producing premium, high quality products in Canada, the country from which we draw our inspiration. We believe our Canadian production facilities and craftspeople have set us apart on the international stage and in the minds of our customers.

Flexible supply chain. We directly control the design, innovation, development, engineering and testing of our products, which we believe allows us to achieve greater operating efficiencies and deliver superior quality products. We manage our production through a combination of in-house manufacturing facilities and long-standing relationships with Canadian third party sub-contractors. Our flexible supply chain gives us distinct advantages including the ability to scale our operations, adapt to customer demand, shorten product development cycles and achieve higher margins.

Multi-channel distribution. Our global distribution strategy allows us to reach customers through two distinct, brand-enhancing channels. In our wholesale channel, which as of December 31, 2016 extends into 36 countries, we carefully select the best retail partners and distributors to represent our brand in a manner consistent with our heritage and growth strategy. As a result, our retail partnerships include best-in-class outdoor, luxury and online retailers. Through our fast growing DTC channel, which includes our e-commerce sites in four countries and two recently opened retail stores, we are able to more directly control the customer experience, driving deeper brand engagement and loyalty, while also realizing more favorable margins. We employ product supply discipline across both of our channels to manage scarcity, preserve brand strength and optimize profitable growth for us and our retail partners.

Passionate and committed management team. Through steady brand discipline and a focus on sustainable growth, our management team has transformed a small family business into a global brand. Dani Reiss, our CEO, has worked in almost every area of our company and successfully developed our international sales channels prior to assuming the role of CEO in 2001. Dani has assembled a team of seasoned executives from diverse and relevant backgrounds who draw on an average of over 15 years’ experience working with a wide range of leading global companies including Marc Jacobs, New Balance, Nike, Patagonia, Ralph Lauren, McKinsey, UFC and Red Bull. Their leadership and passion have accelerated our evolution into a three season lifestyle brand and the rollout of our DTC channel.

Our Growth Strategies

We have built a strong foundation as Canada Goose has evolved into a highly coveted global outerwear brand. Over the past three fiscal years, we have grown our revenue at a 38.3% CAGR, net income at a 196.0% CAGR and Adjusted EBITDA at an 85.0% CAGR. We have also expanded our gross margin from 38.6% to 50.1% and our Adjusted EBITDA Margin from 10.4% to 18.7% over the same period while concurrently making significant long-term investments in our human capital, production capacity, brand building and distribution channels. Leveraging these investments and our proven growth strategies, we will continue to aggressively pursue our substantial global market opportunity.

Execute our proven market development strategy. As we have grown our business, we have developed a successful framework for entering and developing our markets by increasing awareness and broadening customer access. We intend to continue executing on the following tactics as we further penetrate our markets globally:

Introduce and strengthen our brand. Building brand awareness among potential new customers and strengthening our connections with those who already know us will be a key driver of our growth. While our brand has achieved substantial traction globally and those who have experienced our products demonstrate strong loyalty, our presence is relatively nascent in many of our markets. According to an August 2016 consumer survey conducted on our behalf, the vast majority of consumers outside of Canada are not aware
of Canada Goose. Through a combination of the organic, word-of-mouth brand building that has driven much of our success to date and a more proactive approach to reaching new audiences through traditional channels, we will continue to introduce the Canada Goose brand to the world.

**Enhance our wholesale network.** We intend to continue broadening customer access and strengthening our global foothold in new and existing markets by strategically expanding our wholesale network and deepening current relationships. In all of our markets, we have an opportunity to increase sales by adding new wholesale doors and increasing volume in existing retailers. Additionally, we are focused on strengthening relationships with our retail partners through broader offerings, exclusive products and shop-in-shop formats. We believe our retail partners have a strong incentive to showcase our brand as our products drive customer traffic and consistent full-price sell-through in their stores.

**Accelerate our e-commerce-led Direct to Consumer rollout.** Our DTC channel serves as an unfiltered window into our brand which creates meaningful relationships and direct engagement with our customers. This drives opportunities to generate incremental revenue growth and capture full retail margin. We have rapidly grown our online sales to $33.0 million in fiscal 2016, which represented 11.4% of our consolidated revenue. We have subsequently launched new online storefronts in the United Kingdom and France and plan to continue introducing online stores in new markets. Our e-commerce platform is complemented by our two recently opened retail stores in Toronto and New York City. We intend to open a select number of additional retail locations in major metropolitan centres and premium outdoor destinations where we believe they can operate profitably.

**Strengthen and expand our geographic footprint.** We believe there is an opportunity to increase penetration across our existing markets and selectively enter new regions. Although the Canada Goose brand is recognized globally, our recent investments have been focused on North America and have driven exceptional growth in Canada and the United States. Outside of Canada and the United States (“Rest of World”), we have identified an opportunity to accelerate our momentum utilizing our proven growth framework. The following table presents our revenue in each of our geographic segments over the past three fiscal years:

**Canada.** While we have achieved high brand awareness in Canada, we continue to experience strong penetration and revenue growth driven primarily by expanding access and product offerings. After developing a strong wholesale footprint, we successfully launched our Canadian e-commerce platform in August 2014 and opened our first retail store in Toronto in October 2016. We expect to further develop our presence through increased strategic marketing activities, deeper relationships with our retail partners and continued focus on our DTC channel. Additionally, we intend to continue broadening our product offering, to make Canada Goose a bigger part of our customers’ lives.

**United States.** As we continue to capture the significant market opportunity in the United States, our focus is on increasing brand awareness to a level that approaches what we have achieved in Canada. According to an August 2016 consumer survey conducted on our behalf, aided brand awareness in the United States is 16% as compared to 76% in Canada. Our market entry has been staged on a regional basis, with the bulk of our investments and wholesale penetration concentrated in the Northeast, where our aided brand awareness is 25% and as high as 46% in Boston and New York City. This has been the primary driver of our historical growth and momentum in the U.S. and we continue to generate strong growth in the region. Building on this success, we launched our national e-commerce platform in September 2015 and opened our first retail store in New York City in November 2016. We believe there is a large white space opportunity in other regions such as the
Mid-Atlantic as well as the Midwest, where our aided brand awareness is currently 18%, and West, where our aided brand awareness is 14% and as high as 26% in metropolitan markets such as Denver and San Francisco. As we sequentially introduce our brand to the rest of the country, we are focused on expanding our wholesale footprint, including executing our shop-in-shop strategy and continuing to deliver a broader three season product assortment to our partners.

**Rest of World.** We currently generate sales in every major Western European market and, while this is where the brand first achieved commercial success, we believe there are significant opportunities to accelerate these markets to their full potential. In the United Kingdom and France in particular, we have achieved strong traction through our retail partnerships, but have yet to fully extend our wholesale network and are only in the initial phase of executing on our shop-in-shop strategy. In both markets, we launched our e-commerce platforms in September 2016 and intend to establish our owned retail presence in the near future. While the United Kingdom and France are our most developed European markets, we have identified a number of markets with significant near-term development potential, such as Germany, Italy and Scandinavia.

Outside of Europe, our most established markets are Japan and Korea. Over the past decade, we have grown successfully in Japan and, in both Japan and Korea, recently partnered with world-class distributors. These partners will help us continue to build awareness and access to the brand while ensuring its long term sustainability. Additionally, we currently have a minimal presence in China and other large markets which represent significant future opportunities.

Over the past three fiscal years, we have nearly doubled our market penetration in Canada to reach approximately 35 unit sales per 1,000 addressable customers (people living above the 37th Parallel and with annual household income of greater than $100,000). We have been similarly successful in the United States, Western Europe, Scandinavia and Asia with units sales per 1,000 addressable customers reaching between 3.5 and 10 units, but we still have room to grow in our current markets. Even without expanding our geographic footprint or our product lines, we believe we have significant opportunity to further increase penetration in the United States, Western Europe (Sweden, Denmark, Norway, Finland, France, United Kingdom, the Netherlands, Spain, Germany, Austria, Belgium and Italy), Scandinavia and Asia (Japan and South Korea); if we were to achieve 50% of current penetration in Canada in these other geographies, this would result in tripled unit demand within our Fall and Winter product categories.

*Enhance and expand our product offering.* Continuing to enhance and expand our product offering represents a meaningful growth driver for Canada Goose. Broadening our product line will allow us to strengthen brand loyalty with those customers who already love Canada Goose, drive higher penetration in our existing markets and expand our appeal across new geographies and climates. Drawing on our decades of experience and customer demand for inspiring new functional products, we intend to continue developing our offering through the following:

- **Elevate Winter.** Recognizing that people want to bring the functionality of our jackets into their everyday lives, we have developed a wide range of exceptional winter products for any occasion. While staying true to our tactical industrial heritage, we intend to continue refreshing and broadening our offering with new stylistic variations, refined fits and exclusive limited edition collaborations.

- **Expand Spring and Fall.** We intend to continue building out our successful Spring and Fall collections in categories such as lightweight and ultra-lightweight down, rainwear, windwear and softshell jackets. While keeping our customers warm, comfortable and protected across three seasons, these extensions also increase our appeal in markets with more temperate climates.

- **Extend beyond outerwear.** Our strategy is to selectively respond to customer demand for functional products in adjacent categories. Consumer surveys conducted on our behalf indicate that our customers are looking for additional Canada Goose products, particularly in key categories such as knitwear, fleece, footwear, travel gear and bedding. We believe offering inspiring new products that are consistent with our heritage, functionality and quality represents an opportunity to develop a closer relationship with our customers and expand our addressable market.
Continue to drive operational excellence. As we scale our business, we plan to continue leveraging our brand and powerful business model to drive operational efficiencies and higher margins in the following ways:

**Channel mix.** We intend to expand our DTC channel in markets that can support the profitable rollout of e-commerce and select retail stores. As our distribution channel mix shifts toward our e-commerce-led DTC channel, we expect to capture incremental gross margin. A jacket sale in our DTC channel provides two-to-four times greater contribution to segment operating income per jacket as compared to a sale of the same product in our wholesale channel.

**Price optimization.** We intend to continue optimizing our pricing to capture the full value of our products and the superior functionality they provide to our customers. Additionally, we actively balance customer demand with scarcity of supply to avoid the promotional activity that is common in the apparel industry. This allows us and our retail partners to sell our products at full price, avoid markdowns and realize full margin potential.

**Manufacturing capabilities.** Approximately one-third of Canada Goose products are currently manufactured in our own facilities in Canada. We intend to optimize our domestic manufacturing mix by opportunistically bringing additional manufacturing capacity in-house to capture incremental gross margin.

**Operating leverage.** We have invested ahead of our growth in all areas of the business including design and manufacturing, multi-channel distribution and corporate infrastructure. For example, our current manufacturing footprint is sufficient to allow us to double our current headcount. As we continue our growth trajectory, we have the opportunity to leverage these investments and realize economies of scale.
History
Over the last 60 years, we have grown from a manufacturer of private label parkas into one of the world’s most desired outerwear brands. Fueled by our core belief that greatness is out there and building on our strength of creating premium functional jackets, we have extended our brand into three seasons and new categories beyond the parka. With the same discipline, we have expanded our sales channels beyond distributors to include a select group of outdoor, luxury and online retailers as well as, more recently, our own DTC channel. At every step, we have stayed true to our heritage, which we believe has set us apart.

Our Products
Our arctic heritage. Authenticity is everything to Canada Goose. We began as an outerwear manufacturer focused primarily on providing parkas to people working in the harshest environment on Earth—the Arctic. From
the crew of a northern Canadian airline, First Air, to Canadian Arctic Rangers, we have been trusted to help keep people warm. For decades, this utilitarian, functional history has been core to our heritage. To ensure we deliver a product that performs when and where it is needed most, we strive to make the best products of their kind by using the highest quality raw materials and craftsmanship.

The precision of every cut, fold and stitch in our products is guided by decades of experience. From zipper to button and stitch to stitch, every element is carefully chosen and meticulously put into place by hand. Every Canada Goose jacket passes through the hands of multiple craftspeople, all united by our commitment to uncompromising quality. Our quality assurance team inspects every jacket to ensure no detail is overlooked. We believe our best-in-class Canadian manufacturing capabilities and partnerships afford us increased quality control and direct involvement in all stages of the process, enabling us to stand behind our outerwear with a lifetime warranty against defects in materials and workmanship.

Our evolution. As a global three-season outerwear brand, our product offering has evolved significantly since the days of solely making specialty jackets such as the Snow Mantra and Expedition parkas for the severe Arctic environment. We leveraged our tactical industrial heritage, including our long relationship with the Canadian military and law enforcement, to inspire, develop and refine functionally superior in-line collections for extreme conditions and beyond.

Recognizing our customers want to bring the functionality of our jackets into their everyday lives, we expanded our offering to include products for outdoor enthusiasts, urban explorers and discerning consumers everywhere. True to our heritage, we partnered with extraordinary Goose People as a source of inspiration and real-world testing. Whether developing novel HyBridge products for Ray Zahab to run the Sahara or custom-designing Laurie Skreslet’s coat to summit Everest, which inspired our Altitude line, Canada Goose has found inspiration in every technical challenge and parlayed that expertise into creating exceptional products for any occasion.

The uncompromised craftsmanship and quality of the Canada Goose brand is preserved in new products and high performance materials to keep our customers warm and comfortable no matter how low the temperature drops. According to our customers who responded to our consumer survey our jackets are the warmest as compared to other outerwear brands. As we evolved and expanded our winter assortment to suit new uses, climates and geographies, we also refreshed our core offerings with the introduction of our Black Label collection, enhancing our classic products with a focus on elevated style, luxurious fabrics and refined fits.

Our broad set of manufacturing capabilities and access to innovative materials ranging from ArcticTech and Tri-Durance fabrics to luxury Loro Piana wool enable us to meet customers’ needs in the Arctic, on designer runways and nearly everywhere in between. At the same time as our coats keep Canadian law enforcement warm and equip Goose People on epic adventures, our collaborations with Marc Jacobs, Levi’s, musician Drake’s October’s Very Own (OVO) fashion brand, professional baseball player José Bautista and others have been met with strong acclaim. These collaborations help extend our brand to new audiences and introduce inspiring new styles to those who already love Canada Goose.

Expansion into three seasons. As our heritage line has expanded significantly, Canada Goose has also developed a reputation for superior quality and exceptional functionality across Spring and Fall. No matter the season, people trust Canada Goose to keep them warm, comfortable and protected. Our Spring and Fall products enable consumers to embrace the elements in every season, with a wide selection of lightweight and ultra-lightweight down, rainwear, windwear and other down hybrid and softshell jackets.

Our Spring and Fall collections have demonstrated meaningful traction with consumers, achieving a 60% increase in sales between fiscal 2015 and fiscal 2016. They have also been met with great critical acclaim: HyBridge Lite won the Gear of The Year Award from Outside Magazine in 2011 and our Spring 2017 collection was named Editor’s Pick by World’s Global Style Network (WGSN), a leading trend forecaster.
Beyond outerwear. Canada Goose has launched a refined line of accessories in response to customer demand for products to complement their outerwear. Our accessories focus on handwear, headwear and neckwear, and offer unparalleled warmth, function and timeless style to our customers, consistent with the heritage of our core products. Beyond accessories, we continue to selectively respond to customer demand for new product categories. Our customers have shown meaningful interest in key new product categories including knitwear and fleece, which we are developing, as well as footwear, travel gear and bedding, which we may pursue in the future. As we expand the Canada Goose brand to serve new uses, wearing occasions, geographies and consumers, we will always stay true to who we are and what the Canada Goose brand stands for: authentic heritage, uncompromised craftsmanship and quality, exceptional warmth and superior functionality.

Sourcing and Manufacturing

Uncompromised craftsmanship begins with sourcing the right raw materials. We use premium fabrics and finishings that are built to last. Our blends of down and fabrics enable us to create warmer, lighter and more
durable products across seasons and applications. Our products are made with down because it is recognized as the world’s best natural insulator, providing approximately three times the warmth per ounce as synthetic alternatives and, when necessary, trimmed with real fur to protect the skin from frostbite in harsh conditions.

We are committed to the sustainable and ethical sourcing of our raw materials. We have introduced comprehensive traceability programs for fur and down throughout our supply chain which we expect will be fully in effect during the spring of 2017. We only use down that is a byproduct of the poultry industry and we only purchase down and fur from suppliers who adhere to our stringent standards regarding fair practices and humane treatment of animals.

As of December 31, 2016, we operate five production facilities in Toronto, Winnipeg and Montreal, manufacturing approximately one-third of our products in-house. We also work with 32 Canadian and 6 international highly qualified subcontractors who offer specialized expertise, which provides us with flexibility to scale our production of parkas and non-core products, respectively. We employ 1,187 manufacturing employees as of December 31, 2016, and have been recognized by the Government of Canada for supporting the apparel manufacturing industry in Canada. We have invested ahead of our growth and more than doubled our in-house and contract manufacturing unit production capacity, respectively, in the past five years.

Multi-Channel Distribution Network

We sell our products through our wholesale and DTC channels. In fiscal 2016, our wholesale channel accounted for 88.6% of our revenue and our DTC channel contributed 11.4% to revenue. Across both channels we are very selective with the distribution and supply of our products.

Wholesale. The wholesale channel allows us to enter and develop new markets, maintain a leading position within our geographies and make informed investments in our DTC infrastructure. As we have grown, we have evolved what was originally a generalist approach to account management through specialist capabilities that are better aligned with the needs of specific markets and retail formats. These capabilities allow us to develop strategic relationships directly with retailers and distributors. We work with a select set of partners who respect our heritage, share our values and strengthen our market presence. As of December 31, 2016, through our global network of nearly 2,500 points of distribution with retailers such as Sporting Life, Harry Rosen, Gorsuch, Saks Fifth Avenue, Nordstrom, Selfridges and Lane Crawford we reach customers across 36 countries. Our wholesale distribution includes a mix of outdoor, luxury and online retailers. We drive traffic for our retail partners and leverage our mutually beneficial relationships to receive prime placement within their stores, showcase a broader product offering and establish Canada Goose shops-in-shops. Careful planning with our wholesale network allows us to manage scarcity and maintain high levels of full-price sell-through. Over the past three years, we have been in the process of enhancing our wholesale network to bring all of our accounts in-house with enhanced management. This allows us to deepen the relationships with our retailers by strategizing on product assortment, shop-in-shop presentation and rollout, and creates opportunities to increase our three season penetration and to offer new products through our retail partners.

Direct to Consumer. We operate an e-commerce-led DTC channel, which has grown rapidly since its launch in fiscal 2015. Our online store features our full product offering and grants us the ability to build valuable intelligence through a direct conversation with our customers. We rolled out our e-commerce platforms in Canada and the United States as well as the United Kingdom and France in August 2014, September 2015 and September 2016, respectively. Our e-commerce platform is rapidly gaining penetration, with Canada and the U.S. online stores contributing 11.4% of our total revenue in fiscal 2016, approximately two years after the launch of our first online store. We intend to continue building out our e-commerce infrastructure in new markets where we have an established wholesale presence.

Our e-commerce rollout is complemented by our retail stores in premium high traffic locations. We opened our first two retail stores in Toronto and New York City in the fall of 2016. Going forward, we plan to open a limited
number of additional retail stores in other major metropolitan centres as well as premium outdoor destinations where we believe they can operate profitably. This unfiltered window into our brand will allow us to develop a closer relationship with our customers through unique experiences, feature our full product offering and drive revenue growth across both channels.

Marketing

We have never taken a traditional marketing approach to driving consumer awareness. We have told real stories in authentic ways, fueling brand awareness and affinity through creative marketing initiatives and developing strategic relationships in relevant industries. Our success has been driven organically by word-of-mouth marketing. We have found that the experience people have with Canada Goose products is something they eagerly and passionately share with others, which we believe generates exceptional demand for our products.

Powerful and creative storytelling. To us, marketing is about telling stories—interesting stories with genuine impact. As a result of the love for our products and the deep relationships we have developed, our brand has been featured extensively in a wide range of media around the world including documentaries, feature films, commercials and magazines.

We also create original content to drive awareness and understanding of Canada Goose. In celebration of our 50th anniversary, we published Goose People, a coffee table book highlighting 50 people from around the world who embody our values. This cemented one of our key marketing initiatives as Goose People continue to be an important way for us to authentically tell our stories. In 2015, we brought some of these stories to life on the big screen through our collaboration with Oscar-winning director, Paul Haggis, and our production of the film, Out There, which was awarded two Cannes Gold Lions.

Goose People. Goose People are a diverse group of global brand ambassadors—adventurers, athletes, scientists and artists—who embody our values and lifestyle, stand for something bigger than themselves and inspire others through epic adventures and accomplishments. We consider them the epitome of our core belief that greatness is out there. They have become a platform to showcase our brand’s heritage, authentic story and uncompromised craftsmanship.

Film and entertainment. For more than three decades, our jackets have been a staple on film sets around the world and are known as the unofficial jacket of film crews anywhere it is cold. Our jackets offer crew and talent
the warmth and functionality they need to survive long shoots in the most demanding environments. Due to this long-standing and organic seeding relationship, we have not paid for product placement, but our products have naturally transitioned from behind the scenes to on-camera as a way to authenticate cold weather scenes. We also support the industry as an official sponsor of a number of international film festivals, including the Sundance Film Festival and Toronto International Film Festival.

**Investing for the future.** Moving forward, our marketing focus is on continuing to tell our stories in unique, creative and authentic ways that engage and inspire customers. As our distribution model has shifted from pure wholesale to multi-channel, our business needs have evolved. We have supported this shift through digital first marketing that scales quickly and globally while maintaining a consistent and authentic brand experience for our customers. We have also taken a more proactive and sophisticated approach to understanding our customers and utilizing insights to inform how we deliver new products. This allows us to be present in their preferred digital platforms and to engage our fans and maintain their loyalty for years to come. We will continue to strategically invest in reaching new audiences in developing markets and boosting affinity around the world. Our marketing efforts, like our products, will always be subject to the brand discipline and stewardship that have guided us throughout our history.

**Our Market**

**Strongly positioned in large and growing apparel market segment.** Our focus on functionality and quality broadens our reach beyond people working in the coldest places on earth to outdoor enthusiasts, urban explorers and discerning consumers globally. Our uncompromised craftsmanship positions our products as premium technical garments and coveted luxury items in the eyes of our customer. We believe the staying power of our brand strongly positions us to compete in the growing outerwear and luxury apparel markets.

We intend to execute on our proven growth strategies to further develop all of our markets along the maturity curve. The following table summarizes Euromonitor International 2016 retail value market size data and anticipated 2016—2020 compound annual growth rates for key global geographies.

Proven growth framework to further penetrate geographic markets. While we have a global distribution network in place, we recognize the potential for significant penetration upside across all of our markets. Our tailored approach to market development is informed by prevailing awareness and distribution. We cost-effectively develop initial awareness in new markets by building strong relationships with carefully selected partners within our wholesale channel. Wholesale momentum informs our incremental brand building investments in each region. As our market presence grows, we evaluate the opportunity to roll out our DTC channel. The first step in this process is the introduction of our e-commerce platform which is followed by the evaluation of select retail store opportunities. With increased customer awareness and access, we begin to introduce a broader product offering.

For example, as we continue to capture the significant market opportunity in the United States, we are pursuing a staged regional expansion. Our initial entry into the U.S. market was concentrated in the Northeast where we grew our wholesale network to 125 doors as of December 31, 2016 and, according to a survey conducted on our behalf in August 2016 of consumers that have purchased premium outerwear, achieved aided brand awareness of 46% in Boston and New York City. Building on this, we have begun to focus on expanding customer access via our e-commerce site and retail store in New York City. Our successful execution in this region has been the primary driver of our 75.5% revenue CAGR in the United States from fiscal 2014 to fiscal 2016.

Moving beyond our success in the Northeast, we recognize a significant whitespace opportunity across the United States. We continue to focus on introducing and strengthening the Canada Goose brand given relatively low aided brand awareness levels of 26% in key metropolitan markets such as Denver and San Francisco. In these rapidly developing markets, we remain focused on expanding our wholesale footprint, including executing our shop-in-shop strategy and continuing to drive a broader product assortment to our partners. Our national e-commerce presence offers us a direct connection to our customers and informs our efforts in high potential regions such as the Mid-Atlantic, Midwest and Pacific Northwest. As we continue to expand to regions with diverse and temperate climates, our product offering will include a stronger emphasis on our expanding Spring and Fall collections.

The success we have achieved in North America has allowed us to refine and strengthen our framework for market development. We will continue to aggressively pursue our substantial global market opportunity using our proven growth strategies.
The market for outerwear is highly fragmented. We principally operate in the market for premium outerwear, which is part of the broader apparel industry. We compete directly against other manufacturers, wholesalers and direct retailers of outerwear, premium functional outerwear and luxury outerwear. We compete both with global brands and with regional brands operating only in select markets. Because of the fragmented nature of our marketplace, we also compete with other apparel sellers, including those who do not specialize in outerwear. While we operate in a highly competitive market, we believe there are many factors that differentiate us from other manufacturers, wholesalers and retailers of outerwear, including our brand, our heritage and history, our focus on functionality and craftsmanship and the fact that our core products are made in Canada.

We own the trademarks used in connection with the marketing, distribution and sale of all of our products in the United States, Canada and in the other countries in which our products are sold. Our major trademarks include the CANADA GOOSE word mark and the ARCTIC PROGRAM & DESIGN trademark (our disc logo consisting of the colour-inverse design of the North Pole and Arctic Ocean). In addition to the registrations in Canada and the United States, our word mark and design are registered in other jurisdictions which cover approximately 37 jurisdictions. Furthermore, in certain jurisdictions we register as trademarks certain elements of our products, such as fabric, warmth categorization and style names such as our Snow Mantra parka.

We enforce our trademarks and we have taken several measures to protect our customers from counterfeiting activities. Since 2011 we have sewn a unique hologram, designed exclusively for us, into every jacket and accessory as proof of authenticity. Additionally, our website has a tool for potential online customers to verify the integrity of third party retailers that purport to sell our products. We are also active in enforcing rights on a global basis to our trademarks and taking action against counterfeiters, online and in physical stores.

In Canada and in the other jurisdictions in which we operate, we are subject to labour and employment laws, laws governing advertising, privacy and data security laws, safety regulations and other laws, including consumer protection regulations that apply to retailers and/or the promotion and sale of merchandise and the operation of stores and warehouse facilities. Our products sold outside of Canada are subject to tariffs, treaties and various trade agreements as well as laws affecting the importation of consumer goods. We monitor changes in these laws, regulations, treaties and agreements, and believe that we are in material compliance with applicable laws.

As of December 31, 2016, we employed 1,588 people, including both full-time and part-time employees. Of these employees, 1,187 were employed in Canadian manufacturing positions and 127 were employed in North American selling and retail positions. The remaining employees were engaged in other aspects of our business. As of December 31, 2016, 358 of our employees are represented by unions. We believe that relations with our employees are satisfactory and we have never encountered a strike or significant work stoppage.

Our company was founded in Toronto, Canada in 1957. In December 2013, we partnered with Bain Capital through a sale of a 70% equity interest in our business, to accelerate our growth and international expansion. In connection with such sale, Canada Goose Holdings Inc. was incorporated under the Business Corporations Act (British Columbia) on November 21, 2013.
Our principal office is located at 250 Bowie Avenue, Toronto, Ontario, Canada M6E 4Y2 and our telephone number is (416) 780-9850. Our registered office is located at Suite 1700, Park Place, 666 Burrard Street, Vancouver, British Columbia, Canada, V6C 2X8.

The following chart reflects our organizational structure (including the jurisdiction of formation or incorporation of the various entities), after giving effect to the Recapitalization and the completion of this offering and assuming no exercise of the underwriters’ over-allotment option:

In connection with this offering we will amend our articles in order to, among other things, amend and redesignate our Class A Common Shares as multiple voting shares; eliminate our Class B Common Shares, Class A Senior Preferred Shares, Class B Senior Preferred Shares, Class A Junior Preferred Shares, Class B Junior Preferred Shares, Class C Junior Preferred Shares and the Class D Preferred Shares from our share capital; and create our subordinate voting shares. Upon completion of this offering, our share capital will consist of an unlimited number of multiple voting shares and subordinate voting shares and an unlimited number of preferred shares, issuable in series (none outstanding). See “Description of Share Capital.”

Seasonality

Our business is seasonal in nature. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Factors Affecting Performance—Seasonality.”

Legal Proceedings and Regulatory Matters

From time to time, we may be subject to legal or regulatory proceedings and claims in the ordinary course of business, including proceedings to protect our intellectual property rights. As part of our monitoring program for our intellectual property rights, from time to time we file lawsuits for acts of trademark counterfeiting, trademark infringement, trademark dilution, patent infringement or breach of other state or foreign laws. These actions often result in seizure of counterfeit merchandise and negotiated settlements with defendants. Defendants sometime raise the invalidity or unenforceability of our proprietary rights as affirmative defenses or counterclaims. We currently have no material legal or regulatory proceedings pending.

Mr. Cotton provides strong executive and business operations skills to our board of directors and valuable experience gained from previous and current board service.

Joshua Bekenstein, Director

Mr. Bekenstein has served as a member of our board of directors since December 2013. He is a Managing Director at Bain Capital. Prior to joining Bain Capital, in 1984, Mr. Bekenstein spent several years at Bain & Company, Inc., where he was involved with companies in a variety of industries. Mr. Bekenstein serves as a director of The Michaels Companies, Inc., BRP Inc., Dollarama Inc., Burlington Stores, Inc., Bright Horizons Family Solutions Inc., The Gymboree Corporation and Waters Corporation. Mr. Bekenstein received a Bachelor of Arts from Yale University and a Master of Business Administration from Harvard Business School. Mr. Bekenstein provides strong executive and business operations skills to our board of directors and valuable experience gained from previous and current board service.

Stephen Gunn, Director

Mr. Gunn has served as a member of our board of directors since February 2017. He serves as a Co-Chair of Sleep Country Canada Inc. (“Sleep Country”). He co-founded Sleep Country in 1994 and served as its Chair and Chief Executive Officer from 1997 to 2014. Prior to founding Sleep Country Mr. Gunn was a management consultant with McKinsey & Company from 1981 to 1987 and then co-founded and was President of Kenrick Capital, a private equity firm. Mr. Gunn also serves as the lead director of Dollarama Inc. and is the Chair of the audit committee of Cara Operations Limited, and served as a director of Golf Town Canada Inc. from 2008 to 2016. He received a Bachelor of Electrical Engineering from Queens University and a Master of Business Administration from Western Ontario. Mr. Gunn provides strong executive and business operations skills to our board of directors and valuable experience gained from previous and current board service.

Jean-Marc Huët, Director

Mr. Huët has served as a member of our board of directors since February 2017. He serves as a supervisory board member of Heineken N.V. and of SHV Holdings N.V. Mr. Huët served as a director of Formula One from 2012 to January 2017, and was an Executive Director and Chief Financial Officer of Unilever N.V. from 2010 to 2015. Bankruptcies
None of our directors or executive officers is, as at the date of this prospectus, or has been, within the 10 years prior to the date of this prospectus, a director or executive officer of any company (including Canada Goose companies), that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or comprise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets, except for Stephen Gunn who was a director of Golf Town Canada Inc. which filed for protection under the Companies’ Creditors Arrangement Act on September 14, 2016.

Foreign Private Issuer Status
The listing rules of the NYSE, which we also refer to as the NYSE Listing Rules, include certain accommodations in the corporate governance requirements that allow foreign private issuers, such as us, to follow “home country” corporate governance practices in lieu of the otherwise applicable corporate governance standards of the NYSE. The application of such exceptions requires that we disclose any significant ways that our corporate governance practices differ from the NYSE Listing Rules that we do not follow. When our subordinate voting shares are listed on the NYSE, and upon ceasing to be a “controlled company” under the NYSE Listing Rules, we intend to continue to follow Canadian corporate governance practices in lieu of the corporate governance requirements of the NYSE in respect of the following:

- the majority independent director requirement under Section 303A.01 of the NYSE Listing Rules;
- the requirement under Section 303A.05 of the NYSE Listing Rules that a compensation committee be comprised solely of independent directors; and
- the requirement under Section 303A.04 of the NYSE Listing Rules that director nominees be selected or recommended for selection by a nominations committee comprised solely of independent directors.

Corporate Governance
Section 310.00 of the NYSE Listing Rules generally requires that a listed company’s by-laws provide for a quorum for any meeting of the holders of the company’s voting shares that is sufficiently high to ensure a representative vote. Pursuant to the NYSE Listing Rules we, as a foreign private issuer, have elected to comply with practices that are permitted under Canadian law in lieu of the provisions of Section 310.00. Our articles, as they will be amended in connection with this offering, will provide that a quorum of shareholders shall be the holders who, in the aggregate hold at least 25% of the issued shares plus at least a majority of multiple voting shares entitled to be voted at the meeting, irrespective of the number of persons actually present at the meeting.

Except as stated above, we intend to comply with the rules generally applicable to U.S. domestic companies listed on the NYSE. We may in the future decide to use other foreign private issuer exemptions with respect to some of the other NYSE listing requirements. Following our home country governance practices, as opposed to the requirements that would otherwise apply to a company listed on the NYSE, may provide less protection than is accorded to investors under the NYSE listing requirements applicable to U.S. domestic issuers.

The Canadian Securities Administrators have issued corporate governance guidelines pursuant to National Policy 58-201 Corporate Governance Guidelines, or the Corporate Governance Guidelines, together with certain related disclosure requirements pursuant to National Instrument 58-101 Disclosure of Corporate Governance Practices, or NI 58-101. The Corporate Governance Guidelines are recommended as “best practices” for issuers to follow. We recognize that good corporate governance plays an important role in our overall success and in enhancing shareholder value and, accordingly, we have adopted, or will be adopting in connection with the completion of this offering, certain corporate governance policies and practices which reflect our consideration of the recommended Corporate Governance Guidelines. The disclosure set out below includes disclosure required by NI 58-101 describing our approach to corporate governance in relation to the Corporate Governance Guidelines.
Composition of our Board of Directors

Under our articles, as they will be amended and restated in connection with this offering, our board of directors will consist of a number of directors as determined from time to time by the directors. Upon completion of this offering, our board of directors will be comprised of five directors. Our articles will provide that a director may be removed with or without cause by a resolution passed by a special majority comprised of $\frac{2}{3}$ of the votes cast by shareholders present in person or by proxy at a meeting and who are entitled to vote. The directors will be elected by the shareholders at each annual general meeting of shareholders, and all directors will hold office for a term expiring at the close of the next annual shareholders meeting or until their respective successors are elected or appointed. Under the BCBCA and our articles, between annual general meetings of our shareholders, the directors may appoint one or more additional directors, but the number of additional directors may not at any time exceed one-third of the number of current directors who were elected or appointed other than as additional directors.

Certain aspects of the composition and functioning of our board of directors may be subject to the rights of our principal shareholders under agreements with the company. For example, in connection with this offering, the principal shareholders expect to enter into an investor rights agreement providing for certain director nomination rights. See “Certain Relationships and Related Party Transactions—Investor Rights Agreement.” Subject to such agreements, nominees for election as directors will be recommended to our board of directors by our nominating and governance committee in accordance with the provisions of applicable corporate law and the charter of our nominating and governance committee. See “Board Committees—Nominating and Governance Committee.”

Majority Voting Policy

In accordance with the requirements of the TSX, our board of directors will adopt a majority voting policy to the effect that a nominee for election as a director of our company who does not receive a greater number of votes “for” than votes “withheld” with respect to the election of directors by shareholders will be expected to tender his or her resignation to the chairman of our board of directors promptly following the meeting of shareholders at which the director was elected. The nominating and governance committee will consider such offer and make a recommendation to our board of directors whether to accept it or not. Our board of directors will promptly accept the resignation unless it determines, in consultation with the nominating and governance committee, that there are exceptional circumstances that should delay the acceptance of the offer to resign or justify rejecting it. Our board of directors will make its decision and announce it in a press release within 90 days following the applicable meeting of shareholders. A director who tenders a resignation pursuant to our majority voting policy will not participate in any meeting of our board of directors or the nominating and governance committee at which the resignation is considered. Our majority voting policy will apply for uncontested director elections, being elections where (a) the number of nominees for election as director is the same as the number of directors to be elected, as determined by the board of directors, and (b) no proxy materials are circulated in support of one or more nominees who are not part of the director nominees supported by the board of directors.

Director Term Limits and Other Mechanisms of Board Renewal

Our board of directors has not adopted director term limits, a retirement policy for its directors or other automatic mechanisms of board renewal. Rather than adopting formal term limits, mandatory age-related retirement policies and other mechanisms of board renewal, the nominating and governance committee of our board of directors will develop appropriate qualifications and criteria for our board as a whole and for individual directors. The nominating and governance committee will also conduct a process for the assessment of our board of directors, each committee and individual director regarding his, her or its effectiveness and contribution, and will also report evaluation results to our board of directors on a regular basis. The nominating and governance committee will develop a succession plan for the board of directors, including maintaining a list of qualified candidates for director positions.
Director Independence

Following the completion of this offering, we will be a “controlled company” under the rules of the NYSE because more than 50% of the voting power of our shares will be held by Bain Capital. See “Principal and Selling Shareholders.” We intend to rely upon the “controlled company” exception relating to the board of directors and committee independence requirements under the NYSE Listing Rules. Pursuant to this exception, we will be exempt from the rules that would otherwise require that our board of directors consist of a majority of independent directors and that our compensation committee and nominating and governance committee be composed entirely of independent directors. The “controlled company” exception does not modify the independence requirements for the audit committee, and we intend to comply with the requirements of the Exchange Act and the rules of the NYSE and the BCBCA, which require that our audit committee have a majority of independent directors upon consummation of this offering, and exclusively independent directors within one year following the effective date of the registration statement relating to this offering.

Under the NYSE Listing Rules, an independent director means a person who, in the opinion of our board of directors, has no material relationship with our company. Under NI 58-101, a director is considered to be independent if he or she is independent within the meaning of Section 1.4 of National Instrument 52-110 — Audit Committees, or NI 52-110. Pursuant to NI 52-110, an independent director is a director who is free from any direct or indirect material relationship with us which could, in the view of our board of directors, be reasonably expected to interfere with the exercise of a director’s independent judgment.

Based on information provided by each director concerning his or her background, employment and affiliations, our board of directors has determined that Mr. Gunn and Mr. Huët, representing two of the five members of our board of directors, are “independent” as that term is defined under the NYSE Listing Rules and NI 58-101. In making this determination, our board of directors considered the current and prior relationships that each such non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence. Mr. Reiss is considered not independent by reason of the fact that he is our President and Chief Executive Officer. Mr. Bekenstein and Mr. Cotton are considered not independent under NI 52-110, NI 58-101 and the BCBCA, by reason of their relationships with Bain Capital. Four of the five members of our board of directors are not members of our company’s management.

Our company will take steps to ensure that adequate structures and processes will be in place following the completion of this offering to permit our board of directors to function independently of management, including for purposes of encouraging an objective process for nominating directors and determining executive compensation. It is contemplated that the independent members of our board of directors will consider, on the occasion of each meeting, whether an in camera meeting without the non-independent directors and members of management would be appropriate and that they will hold an in camera meeting without the non-independent directors and members of management where appropriate.

Members of our board of directors are also members of the boards of other public companies. See “Management—Executive Officers and Directors.” Our board of directors has not adopted a formal director interlock policy, but is keeping informed of other directorships held by its members.

The chairman of our board directors is not considered an independent director by reason of the fact that he is our President and Chief Executive Officer. However, following completion of the offering, our board of directors will take steps for facilitating the exercise of independent judgment by the board of directors, providing leadership for independent directors and ensuring that the directors who are independent of management have opportunities to meet without management present, as appropriate.

Mandate of the Board of Directors

Our board of directors is responsible for supervising the management of our business and affairs, including providing guidance and strategic oversight to management. Our board of directors will hold regularly scheduled
meetings as well as ad hoc meetings from time to time. Our board will adopt a formal mandate for the board of directors. The responsibilities of our board of directors upon completion of this offering will include:

- adopting a strategic planning process, approving the principal business objectives for the company and approving major business decisions and strategic initiatives;
- appointing the President and Chief Executive Officer of the company and developing the corporate goals and objectives that the President and Chief Executive Officer is responsible for meeting, and reviewing the performance of the President and Chief Executive Officer against such goals and objectives;
- overseeing communications with shareholders, other stakeholders, analysts and the public, including the adoption of measures for receiving feedback from stakeholders; and
- monitoring the implementation of procedures, policies and initiatives relating to corporate governance, risk management, corporate social responsibility, health and safety, ethics and integrity.

Our board of directors has not developed at this time written position descriptions for the chairman of the board of directors or the chairperson of the board committees. Their primary roles are managing the affairs of the board of directors or of such relevant committee, including ensuring the board of directors or such committee is organized properly, functions effectively and meets its obligations and responsibilities. Each committee chairperson will conduct the affairs of the applicable committee in accordance with the charter of such committee.

Our board of directors and our Chief Executive Officer have not developed at this time a written position description for the Chief Executive Officer or for other executive officers. The role of the Chief Executive Officer is delineated on the basis of customary practice. The board of directors considers that the role and responsibilities of the Chief Executive Officer are to develop the company’s strategic plans and policies and recommending such plans and policies to the board of directors; provide executive leadership, oversee a comprehensive operational planning and budgeting process, supervise day-to-day management, report relevant matters to the board of directors, facilitate communications between the board of directors and the senior management team, and identify business risks and opportunities and manage them accordingly, and has communicated the same to the Chief Executive Officer.

Orientation and Continuing Education

Following the completion of this offering, we will implement an orientation program for new directors under which each new director will meet separately with the chairman of our board of directors, individual directors and members of the senior management team. New directors will be provided with comprehensive orientation and education as to our business, operations and corporate governance (including the role and responsibilities of the board of directors, each committee, and directors individually).

The chairman of our board of directors will be responsible for overseeing director continuing education designed to maintain or enhance the skills and abilities of our directors and to ensure that their knowledge and understanding of our business remains current. The chairperson of each committee will be responsible for coordinating orientation and continuing director development programs relating to the committee’s mandate.

Business Conduct and Ethics

Prior to the completion of this offering, we expect to adopt a Code of Business Conduct and Ethics, or Code of Conduct, applicable to all of our directors, officers and employees.

The Code of Conduct will set out our fundamental values and standards of behavior that are expected from our directors, officers and employees with respect to all aspects of our business. The objective of the Code of Conduct would be...
Conduct will be to provide guidelines for maintaining our integrity, reputation and honesty with a goal of honoring others’ trust in us at all times. The Code of Conduct will set out guidance with respect to conflicts of interest, protection and proper use of corporate assets and opportunities, confidentiality of corporate information, fair dealing with third parties, compliance with laws and reporting of any illegal or unethical behaviour.

We also expect to adopt a code of ethics for senior managers and financial officers, including our Chief Executive Officer, Chief Financial Officer, controller or principal accounting officer, or other persons performing similar functions.

Upon the completion of this offering, the full text of the Code of Conduct will be available on our website at www.canadagoose.com and our SEDAR profile at www.sedar.com. Information contained on, or that can be accessed through, our website does not constitute a part of this prospectus and is not incorporated by reference herein.

Monitoring Compliance with the Code of Business Conduct and Ethics

Our audit committee is responsible for reviewing and evaluating the Code of Conduct periodically and will recommend any necessary or appropriate changes thereto to our board of directors for consideration. The audit committee will also assist our board of directors with the monitoring of compliance with the Code of Conduct, and will be responsible for considering any waivers of the Code of Conduct (other than waivers applicable to our directors or executive officers, which shall be subject to review by our board of directors as a whole).

Interests of Directors

A director who has a material interest in a matter before our board of directors or any committee on which he or she serves is required to disclose such interest as soon as the director becomes aware of it. In situations where a director has a material interest in a matter to be considered by our board of directors or any committee on which he or she serves, such director may be required to excuse himself or herself from the meeting while discussions and voting with respect to the matter are taking place. Directors will also be required to comply with the relevant provisions of the BCBCA regarding conflicts of interest. See “Description of Share Capital—Certain Important Provisions of Our Articles and the BCBCA—Directors.”

Complaint Reporting and Whistleblower Policy

In order to foster a climate of openness and honesty in which any concern or complaint pertaining to a suspected violation of the law, our Code of Conduct or any of our policies, or any unethical or questionable act or behavior, the board of directors will adopt a whistleblower policy that requires that our employees promptly report such violation or suspected violation. In order to ensure that violations or suspected violations can be reported without fear of retaliation, harassment or an adverse employment consequence, our whistleblower policy will contain procedures that are aimed to facilitate confidential, anonymous submissions by our employees.

Diversity

We believe that having a diverse board of directors can offer a breadth and depth of perspectives that enhance our performance. The nominating and governance committee values diversity of abilities, experience, perspective, education, gender, background, race and national origin. Recommendations concerning director nominees are based on merit and past performance as well as expected contribution to the board’s performance and, accordingly, diversity is taken into consideration. At closing of this offering, none of the members of our board of directors will be women.

We similarly believe that having a diverse and inclusive organization overall is beneficial to our success, and we are committed to diversity and inclusion at all levels of our organization to ensure that we attract, retain and
promote the brightest and most talented individuals. We have recruited and selected senior management candidates that represent a diversity of business understanding, personal attributes, abilities and experience. Currently, 4 out of 13 members of our senior management team are women.

We do not currently have a formal policy for the representation of women on our board of directors or senior management. The nominating and governance committee and our senior management team already takes gender and other diversity representation into consideration as part of their overall recruitment and selection process. We have not adopted targets for gender or other diversity representation in part due to the need to consider a balance of criteria for each individual appointment.

We anticipate that the composition of the board of directors will in the future be shaped by the selection criteria to be developed by our board of directors and nominating and governance committee, ensuring that diversity considerations are taken into account in senior management, monitoring the level of women representation on the board and in senior management positions, continuing to broaden recruiting efforts to attract and interview qualified female candidates, and committing to retention and training to ensure that our most talented employees are promoted from within our organization, all as part of our overall recruitment and selection process to fill board or senior management positions as the need arises and subject to the rights of our principal shareholders under agreements with the company.

**Board Committees**

Upon the completion of this offering, our board of directors will have three standing committees: the audit committee; the compensation committee; and the nominating and governance committee. Each of the committees operates under its own written charter adopted by our board of directors, each of which will be available on our website upon closing of this offering.

**Audit Committee**

Following this offering, our audit committee will be composed of Mr. Cotton, Mr. Gunn and Mr. Huët with Mr. Gunn serving as chairperson of the committee. Our board of directors has determined that Mr. Gunn and Mr. Huët meet the independence requirements under the rules of the NYSE, the BCBCA and under Rule 10A-3 of the Exchange Act. Within one year following the effective date of the registration statement relating to this offering, our audit committee will consist exclusively of independent directors. Our board of directors has determined that Mr. Gunn is an “audit committee financial expert” within the meaning of the SEC’s regulations and applicable Listing Rules of the NYSE. We will comply with NI 52-110 and intend to rely on the exemptions for U.S. listed issuers thereunder. The audit committee’s responsibilities upon completion of this offering will include:

- appointing, compensating, retaining and overseeing the work of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services and reviewing and appraising the audit efforts of our independent accountants;
- pre-approving audit and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;
- establishing procedures for (i) the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters and (ii) confidential and anonymous submissions by our employees of concerns regarding questionable accounting or auditing matters;
- engaging independent counsel and other advisers, as necessary and determining funding of various services provided by accountants or advisers retained by the committee;
- reviewing our financial reporting processes and internal controls;
- establishing, overseeing and dealing with issues related to the company’s code of ethics for managers and financial officers;
Compensation Committee

Following this offering, our compensation committee will be composed of Mr. Bekenstein and Mr. Cotton, with Mr. Bekenstein serving as chairperson of the committee. Its primary purpose, with respect to compensation, will be to assist our board of directors in fulfilling its oversight responsibilities and to make recommendations to our board of directors with respect to the compensation of our directors and executive officers. The principal responsibilities and duties of the compensation committee include:

- evaluating our President and Chief Executive Officer’s and other executive officer’s performance in light of the goals and objectives established by our board of directors and, based on such evaluation, with appropriate input from other independent members of our board of directors, determining the President and Chief Executive Officer’s and other executive officer’s compensation;
- administering our equity-based plans and management incentive compensation plans and making recommendations to our board of directors about amendments to such plans and the adoption of any new employee incentive compensation plans; and
- engaging independent counsel and other advisers, as necessary and determining funding of various services provided by accountants or advisers retained by the committee.

Nominating and Governance Committee

Following this offering, our nominating and governance committee will be composed of Mr. Bekenstein, Mr. Cotton and Mr. Reiss, with Mr. Cotton serving as chairperson of the committee. The nominating and governance committee’s responsibilities upon completion of this offering will include:

- developing and recommending to the board of directors criteria for board and committee membership;
- recommending to the board of directors the persons to be nominated for election as directors and to each of the committees of the board of directors;
- assessing the independence of directors within the meaning of securities laws and stock exchange rules as applicable;
- considering resignations by directors submitted pursuant to our majority voting policy, and making recommendations to our board of directors as to whether or not to accept such resignations;
- reviewing and making recommendations to the board of directors in respect of our corporate governance principles;
- providing for new director orientation and continuing education for existing directors on a periodic basis;
- performing an evaluation of the performance of the committee; and
- overseeing the evaluation of the board of directors and its committees.
Executive Compensation

(1) Amount shown for Mr. Reiss includes salary paid to him as our President and Chief Executive Officer ($1,000,000) and fees paid in connection with his service on the board of Canada Goose International AG, a wholly-owned subsidiary of the Company (aggregate of $20,150). Amount shown for board fees is in Canadian dollars, but was paid to Mr. Reiss in three equal payments in Swiss Francs (CHF) and the exchange rate was calculated based on the daily noon exchange rate on each of February 25, 2016, July 25, 2016 and December 23, 2016; of C$1.00 = CHF 0.73, C$1.00 = CHF 0.75 and C$1.00 = CHF 0.76, respectively, as published by the Bank of Canada. Amount shown for Mr. Cameron includes contributions by him to the Group Retirement Savings Plan for the Employees of Canada Goose Inc. (referred to as the RSP and described below). Messrs. Reiss and Riddlestone did not contribute to the RSP in fiscal 2016.

(2) Amount shown reflects the grant date fair value of options to purchase Class B Common Shares and Class A Junior Preferred Shares, granted to Mr. Cameron in fiscal 2016. The value was determined in accordance with IFRS 2.

(3) Amounts shown in this column include Company-paid life insurance premiums of $421, $90 and $421 paid on behalf of Messrs. Reiss, Cameron and Riddlestone, respectively, and, for Mr. Cameron, Company contributions of $2,812 under our Deferred Profit Sharing Plan for the Employees of Canada Goose Inc. (referred to as the DPSP and described below).

(4) Amount shown reflects the portion of Mr. Reiss’s annual bonus earned with respect to fiscal 2016 that was based on the achievement of individual performance goals.

(5) Amount shown reflects the portion of Mr. Reiss’s annual bonus earned with respect to fiscal 2016 that was based on the achievement of EBITDA goals.

(6) Amount shown represents a cash sign-on bonus of $100,000 paid to Mr. Cameron in connection with his commencement of employment with us and Mr. Cameron’s annual bonus of $37,500 earned with respect to fiscal 2016.

(7) Mr. Riddlestone’s employment with the company terminated on January 10, 2017.

(8) Amount shown represents Mr. Riddlestone’s annual bonus earned with respect to fiscal 2016.
2016 Base Salaries

Base salaries provide our named executive officers with a fixed amount of compensation each year. Base salary levels reflect the executive’s title, experience, level of responsibility, and performance. Initial base salaries for our named executive officers were set forth in their employment agreements, as described below under “Agreements with our Named Executive Officers.” Base salaries for Messrs. Reiss and Cameron have remained the same in fiscal 2017, while Mr. Riddlestone’s base salary increased to $280,000 as of April 1, 2016.

2016 Bonuses

Each named executive officer is (or was, in Mr. Riddlestone’s case) eligible to receive an annual bonus pursuant to his employment agreement, as described below under “Agreements with our Named Executive Officers.” The annual bonus amounts earned by our named executive officers for fiscal 2016 are shown in the Summary Compensation Table above.

For fiscal 2016, Mr. Reiss was eligible to earn a target annual bonus equal to $750,000, based on the achievement of pre-established fiscal 2016 EBITDA targets, weighted at 80% of his bonus, and individual performance criteria, weighted at 20% of his bonus. Target EBITDA was approved by our board of directors at the beginning of fiscal 2016 in connection with the annual budgeting process, with target EBITDA set at $55.59 million and payout of the EBITDA component of Mr. Reiss’s bonus being earned at 100% upon achievement of EBITDA within a range of 95% to 105% of target. No portion of the EBITDA component of Mr. Reiss’s bonus would be earned if EBITDA were achieved at 80% or less below target. Achievement of EBITDA above 80% of target and less than 95% of target would result in the EBITDA component of Mr. Reiss’s bonus being earned on a straight-line basis between 0% and 100%. Achievement of EBITDA above 105% of target would result in the EBITDA component of Mr. Reiss’s bonus being earned on a straight-line basis between 100% and 200%, with 135% of target as the upper bound. The individual performance criteria for Mr. Reiss for fiscal 2016 included leadership and effectiveness goals determined by our board of directors.

Mr. Reiss earned a fiscal 2016 bonus equal to 100% of his target annual bonus, based on the determination by our board of directors that EBITDA, as adjusted, was deemed achieved at 100% of target and that Mr. Reiss also achieved his leadership and effectiveness goals at 100% of target.

Messrs. Cameron and Riddlestone were eligible to earn annual bonuses for fiscal 2016 under a broad-based annual bonus plan for salaried employees targeted at 40% of their base salaries, respectively, with Mr. Cameron’s bonus pro-rated to reflect one quarter of service. Bonuses could be earned under the plan based on the achievement of pre-established EBITDA targets and a participant’s individual performance review for fiscal 2016. Target EBITDA for purposes of our fiscal 2016 annual bonus plan was defined the same as above for Mr. Reiss, with target EBITDA also set at $55.59 million. No bonuses were payable under the plan for achievement of EBITDA at less than 80% of target or an individual performance rating of “needs immediate improvement.” Upon achievement of EBITDA of at least 80% of target, a participant could receive an annual bonus of between 0% and 160% of his or her targeted bonus, depending on an individual performance rating of “exceptional,” “tracking,” “leading,” or “inconsistent,” with ranges of bonuses as a percentage of target eligible to be earned at each performance rating. Messrs. Cameron and Riddlestone earned fiscal 2016 bonuses equal to 100% and 80% of their targeted annual bonuses, respectively. Fiscal 2016 bonuses were paid to Messrs. Reiss, Cameron and Riddlestone on June 24, 2016.

Equity-Based Compensation

Mr. Cameron was our only named executive officer granted an equity award in fiscal 2016. In connection with his commencement of employment with us in January 2016, Mr. Cameron was granted options to purchase Class B Common Shares and Class A Junior Preferred Shares. In fiscal 2015, Mr. Riddlestone was granted options to purchase Class B Common Shares and Class A Junior Preferred Shares. One-third of each of Messrs. Cameron’s
and Riddlestone's awards is (or was in Mr. Riddlestone’s case) subject to time-based vesting, and two-thirds is or was, as applicable, subject to time-based and performance-based vesting, with the performance-based component tied to the achievement by Bain Capital of certain returns on its investment in Canada Goose. In connection with this offering, we expect an aggregate of approximately 673,000 performance-based options to vest, including certain of the performance-based options held by Mr. Cameron. The time-based vesting options and the time-vesting component of the options subject to time-based and performance-based vesting held by Messrs. Cameron and Riddlestone will accelerate (or would have accelerated in Mr. Riddlestone’s case) in full upon a change of control, subject to their continued employment through such date.

Employee Benefits

Our full-time employees, including our named executive officers, are eligible to participate in our health and welfare benefit plans, which include medical, dental, vision, basic and dependent life, accidental death, dismemberment and specific loss, long-term disability, and optional critical illness insurance. Employees are also eligible to receive continuing education support and to participate in our employee purchase program, which allows employees to purchase a specified number of jackets and accessories at 50% of the manufacturer’s suggested retail price. Our named executive officers participate in these plans on a slightly better basis than other salaried employees, including in some instances with slightly lower deductibles, better cost-sharing rates and the ability to purchase Medcan health coverage. Our named executive officers are also entitled to three complimentary jackets each calendar year.

Retirement Plans

In fiscal 2016, Messrs. Cameron and Riddlestone were eligible to participate in the RSP, a broad-based registered defined contribution plan offered to all of our full-time Canada-based employees other than Mr. Reiss. Salaried employees in Toronto (including Messrs. Cameron and Riddlestone, but not Mr. Reiss) may defer up to 3% of their annual earnings into the RSP and may make additional voluntary contributions. We will match any such employee contributions by making a contribution to the DPSP, a broad-based defined contribution plan offered to all of our full-time, salaried employees. The match is equal to 100% of the required participant contributions made into the plan up to 3% of the participant’s annual base salary. We do not sponsor or maintain any qualified or non-qualified defined benefit plans or supplemental executive retirement plans.

Agreements with our Named Executive Officers

We have entered into an employment agreement with each of our named executive officers, which are currently in effect. Prior to the completion of this offering, we anticipate entering into a new employment agreement with Mr. Reiss. The terms of the agreements currently in effect are as follows.

Base Salaries and Bonus Opportunities

Under his employment agreement, effective December 9, 2013, Mr. Reiss is entitled to an annual base salary of $1,000,000, subject to annual review and increase by our board of directors. Mr. Reiss is also eligible for an annual incentive bonus targeted at $750,000, plus any amount by which his salary has increased since December 9, 2013.

Under his employment agreement, effective January 4, 2016, Mr. Cameron is entitled to an annual base salary of $375,000, subject to annual review. Mr. Cameron is also eligible to participate in our annual bonus plan, with an annual incentive bonus targeted at 40% of his annual base salary and potential payouts ranging from 0% to 160% of his targeted annual bonus. Mr. Cameron received a cash sign-on bonus of $100,000 in connection with his hire.

Under his employment agreement, effective October 21, 2010 and which terminated in connection with the termination of his employment on January 10, 2017, Mr. Riddlestone was entitled to an annual base salary of $190,000, subject to bi-annual review. Pursuant to his employment agreement, Mr. Riddlestone was also eligible to participate in our annual bonus plan, with an annual incentive bonus targeted at 15% of his annual base salary and an additional 5% of annual base salary based on achievement of our gross margin goals.
Messrs. Reiss and Cameron continue to have an annual base salary and target annual incentive bonus at the same level as specified in their employment agreements, while Mr. Riddlestone's annual base salary had since increased to $280,000 and his target annual incentive bonus had since increased to 40% of his annual base salary.

Severance

If Mr. Reiss’s employment were terminated by us without cause or he resigned for good reason, he would be entitled to (i) salary continuation for 12 months at a per annum rate equal to $750,000 plus any amount by which his salary has increased since December 9, 2013, (ii) a pro rata bonus amount for the year in which the termination occurs, based on the actual bonus amount paid in the prior year and (iii) continued participation in our benefit plans for the minimum period required by applicable employment standards legislation.

If Mr. Cameron’s employment were terminated by us without cause, he would be entitled to notice or pay in lieu of notice and benefits continuance equal to two weeks’ notice plus an additional four weeks per year of completed service, up to a maximum of 52 weeks.

Mr. Riddlestone's employment agreement provided that we may terminate his employment without cause by providing notice or pay in lieu of notice and benefits continuance in accordance with the provisions of applicable employment standards legislation. In connection with Mr. Riddlestone’s departure, we terminated his employment agreement and entered into a new settlement agreement. The Termination Letter and the Settlement Agreement are filed as exhibits 10.23 and 10.24 to the registration statement relating to this offering. In addition, the portion of his options subject to time-based vesting that were vested as of the termination date will remain outstanding and exercisable upon the earlier of (i) 15 months after the date of his termination of employment and (ii) the termination of all lock-up periods applicable to any shareholders or other beneficial owners of our securities in connection with this offering.

Restrictive Covenants

Under his employment agreement, Mr. Reiss is subject to non-competition obligations during and for one year following his termination of employment, restrictions on soliciting our customers, prospective customers, employees or consultants during and for two years following his termination of employment, as well as intellectual property assignment and confidentiality obligations.

Under their employment agreements, Messrs. Cameron and Riddlestone are subject to non-competition obligations during and for one year following their termination of employment, restrictions on soliciting our customers or employees for one year following their termination of employment, intellectual property assignment obligations during and for one year following their termination of employment, and confidentiality obligations.

In addition, as a condition to receiving their Canada Goose Holdings Inc. option awards, Messrs. Cameron and Riddlestone entered into restrictive covenant agreements binding them to non-competition obligations with respect to our business beginning on the first date on which any options granted pursuant to the award vest and continuing for 12 months following their termination of employment, restrictions on soliciting customers, prospective customers, employees and independent contractors beginning on the first date on which any options granted pursuant to the award vest and continuing for 24 months following their termination of employment, as well as confidentiality obligations during and after their employment with us.

(1) Mr. Cameron was granted 337,162 options to purchase Class B Common Shares and 505,745 options to purchase Class A Junior Preferred Shares on January 4, 2016. One third of his options are subject to time-based vesting of 40% on the second anniversary of the grant date and 20% on each anniversary of the grant date thereafter (Cameron Time-Based Options). The remaining two-thirds of his options are subject to both time-based and performance-based vesting with the performance metrics reflecting a multiple of Bain Capital’s return on its investment in us (Cameron Performance-Based Options). The Cameron Performance-Based Options are subject to the same time-based vesting schedule as the Cameron Time-Based Options. The Cameron Time-Based Options and the time-vesting component of the Cameron Performance-Based Options will accelerate in full upon a change of control.

(2) Mr. Riddlestone was granted 548,311 options to purchase Class B Common Shares and 822,467 options to purchase Class A Junior Preferred Shares on April 17, 2014. One third of his options were subject to time-based vesting of 40% on December 9, 2015 and 20% on each December 9th thereafter (Riddlestone Time-Based Options). The remaining two-thirds of his options were subject to both time-based and performance-based vesting with the performance metrics reflecting a multiple of Bain Capital’s return on its investment in us (Riddlestone Performance-Based Options). The Riddlestone Performance-Based Options were subject to the same time-based vesting schedule as the Riddlestone Time-Based Options. The Riddlestone Time-Based Options and the time-vesting component of the Riddlestone Performance-Based Options would have accelerated in full upon a change of control. Treatment of Mr. Riddlestone’s options in connection with the termination of his employment is described above under “Agreements with our Named Executive Officers—Severance.”

Director Compensation

Other than Mr. Reiss, whose compensation is included with that of our other named executive officers, none of our directors received any compensation for their services during fiscal 2016.

Equity Incentive Plans

In December 2013, we established the Canada Goose Holdings Inc. Stock Option Plan. In this prospectus, we refer to this plan as the Legacy Option Plan. Upon completion of this offering following the amendment of our Legacy Option Plan, outstanding options granted under the Legacy Option Plan will be exercisable for subordinate voting shares, and no further awards will be made under the Legacy Option Plan. Prior to the completion of this offering, we will adopt an omnibus incentive plan (referred to as the Omnibus Incentive Plan), which will be effective upon the completion of this offering, and which will allow our board of directors, to grant long-term equity-based awards to eligible participants. We refer herein to our Legacy Option Plan and our Omnibus Incentive Plan collectively as the equity incentive plans.
Omnibus Incentive Plan

The Omnibus Incentive Plan will allow for a variety of equity-based awards that provide different types of incentives to be granted to our directors, executive officers, employees and consultants, including options, share appreciation rights, unvested shares and restricted share units, collectively referred to as awards. Our board of directors will initially be responsible for administering the Omnibus Incentive Plan, and may delegate its responsibilities thereunder. The following discussion is qualified in its entirety by the full text of the Omnibus Incentive Plan.

Our board of directors, in its sole discretion, shall from time to time designate the directors, executive officers, employees or consultants to whom awards shall be granted and determine, if applicable, the number of subordinate voting shares to be covered by such awards and the terms and conditions of such awards. The number of subordinate voting shares reserved for issuance under the Omnibus Incentive Plan will be equal to 4,600,340 subordinate voting shares and the number of subordinate voting shares reserved for issuance under the Legacy Option Plan will be equal to 5,899,660 subordinate voting shares (representing in aggregate 10,500,000 subordinate voting shares or approximately 10% of the issued and outstanding subordinate voting shares and multiple voting shares as of the closing of this offering assuming no exercise of the underwriters’ over-allotment option). Subordinate voting shares underlying options terminated, surrendered or cancelled under the Legacy Option Plan will become available for issuance under the Omnibus Incentive Plan. If an outstanding award expires or is terminated, surrendered or cancelled for any reason without having been exercised or settled in full, or if subordinate voting shares acquired pursuant to an award subject to forfeiture are forfeited, the subordinate voting shares covered by such award, if any, will again be available for issuance under the Omnibus Incentive Plan. Subordinate voting shares will not be deemed to have been issued pursuant to the Omnibus Incentive Plan with respect to any portion of an award that is settled in cash.

Individual Limits. The maximum number of shares for which options may be granted and the maximum number of shares subject to share appreciation rights which may be granted to any person in any fiscal year is, in each case, 200,000 shares. The maximum number of shares subject to other awards which may be granted to any person in any fiscal year is 200,000 shares. The maximum amount that may be paid to any person in any fiscal year with respect to cash awards is $500,000 and with respect to cash awards with a performance period longer than one year is $1,000,000.

Non-Employee Director Limits. The maximum aggregate grant date fair value, as determined in accordance with IFRS 2, of awards granted to any non-employee director for service as a director pursuant to the Omnibus Incentive Plan during any fiscal year, together with any other fees or compensation paid to such director outside of the Omnibus Incentive Plan for services as a director may not exceed $500,000 (or, in the fiscal year of any director’s initial service, $750,000).

Insider Participation Limit. The aggregate number of subordinate voting shares issuable to insiders and their associates at any time under the Omnibus Incentive Plan, the Legacy Option Plan or any other proposed or established share compensation arrangement, shall not exceed 10% of the issued and outstanding subordinate voting shares and multiple voting shares, and the aggregate number of subordinate voting shares issued to insiders and their associates under the Omnibus Incentive Plan, the Legacy Option Plan or any other proposed or established share compensation arrangement within any one-year period shall not exceed 10% of the issued and outstanding subordinate voting shares and multiple voting shares.

Options. All options granted under the Omnibus Incentive Plan will have an exercise price determined and approved by our board of directors at the time of grant, which shall not be less than the market price of the subordinate voting shares on the date of the grant. For purposes of the Omnibus Incentive Plan, the market price of the subordinate voting shares as at a given date shall be the volume weighted average trading price on the TSX for the five trading days before such date.

Subject to any vesting conditions, an option shall be exercisable during a period established by our board of directors which shall not be more than ten years from the grant date of the option. The Omnibus Incentive Plan
will provide that the exercise period shall automatically be extended if the date on which it is scheduled to terminate shall fall during a blackout period. In such cases, the extended exercise period shall terminate ten business days after the last day of the blackout period.

*Share Appreciation Rights*. For share appreciation rights granted under the Omnibus Incentive Plan, the participant, upon exercise of the share appreciation right, will have the right to receive a number of subordinate voting shares equal in value to the excess of: (a) the market price of a subordinate voting share on the date of exercise over (b) the grant price of the share appreciation right as determined by the board of directors, which grant price cannot be less than the market price of a subordinate voting share on the date of grant. Subject to any vesting conditions imposed by our board of directors, a share appreciation right shall be exercisable during a period established by our board of directors which shall not be more than ten years from the date of the granting of the share appreciation right. The Omnibus Incentive Plan will provide that the exercise period shall automatically be extended if the date on which it is scheduled to terminate shall fall during a blackout period. In such cases, the extended exercise period shall terminate ten business days after the last day of the blackout period.

*Unvested Shares*. Our board of directors is authorized to grant awards of subordinate voting shares subject to vesting conditions to eligible persons under the Omnibus Incentive Plan. The subordinate voting shares awarded with vesting conditions will be subject to such restrictions and other conditions as our board of directors may impose (including, without limitation, a restriction on or prohibition against the right to receive any dividend or other right or property with respect thereto), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise as the board of directors determines (and, thereupon, the subordinate voting shares awarded would not be subject to any different restrictions or conditions from the other subordinate voting shares of the company).

*Restricted Share Units*. Our board of directors is authorized to grant restricted share units evidencing the right to receive subordinate voting shares (issued from treasury or purchased on the open market), cash based on the value of a subordinate voting share or a combination thereof at some future time to eligible persons under the Omnibus Incentive Plan. The delivery of the subordinate voting shares or cash may be subject to the satisfaction of performance conditions or other vesting conditions.

*Performance Criteria*. The Omnibus Incentive Plan provides that grants of awards under the Omnibus Incentive Plan may be made based upon, and subject to achieving, “performance criteria” over a specified performance period. Performance criteria with respect to those awards that are intended to qualify as “performance-based compensation” for purposes of Section 162(m) (“Section 162(m)”) of the Internal Revenue Code of 1986, as amended (the “Code”) are limited to an objectively determinable measure or objectively determinable measures of performance relating to any or any combination of the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): sales; net sales; sales by location or store type; revenues; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation, and/or amortization, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital, capital employed or assets; one or more operating ratios; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; cash flow; operating efficiencies; operating income; net income; share price; shareholder return; sales of particular products or services; customer acquisition or retention; buyer contribution; acquisitions and divestitures (in whole or in part); joint ventures and strategic alliances; spin-offs, split-ups and the like; reorganizations; or recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings.

To the extent consistent with the requirements for satisfying the performance-based compensation exception under Section 162(m), our board of directors (or a committee of the board that meets certain requirements of Section 162(m)) may provide in the case of any award intended to qualify for such exception that one or more of the performance objectives applicable to an award will be adjusted in an objectively determinable manner to reflect events (for example, the impact of charges for restructurings, discontinued operations, mergers,
acquisitions, extraordinary items, and other unusual or non-recurring items, and the cumulative effects of tax or accounting changes, each as defined by generally accepted accounting principles) occurring during the performance period of such award that affect the applicable performance objectives.

**Adjustments.** In the event of any subdivision, consolidation, reclassification, reorganization or any other change affecting the subordinate voting shares, or any merger or amalgamation with or into another corporation, or any distribution to all security holders of cash, evidences of indebtedness or other assets not in the ordinary course, or any transaction or change having a similar effect, our board of directors shall in its sole discretion, subject to the required approval of any stock exchange, determine the appropriate adjustments or substitutions to be made in such circumstances in order to maintain the economic rights of the participants in respect of awards under the Omnibus Incentive Plan, including, without limitation, adjustments to the exercise price, the number and kind of securities subject to unexercised awards granted prior to such change and/or permitting the immediate exercise of any outstanding awards that are not otherwise exercisable.

**Trigger Events; Change of Control.** The Omnibus Incentive Plan will provide that certain events, including termination for cause, resignation, termination other than for cause, retirement, death or disability, may trigger forfeiture or reduce the vesting period, where applicable, of the award, subject to the terms of the participant’s agreement. A participant’s grant agreement or any other written agreement between a participant and us may provide, where applicable, that unvested awards be subject to acceleration of vesting and exercisability in certain circumstances, including in the event of certain change of control transactions. Our board of directors may at its discretion accelerate the vesting, where applicable, of any outstanding awards notwithstanding the previously established vesting schedule, regardless of any adverse or potentially adverse tax consequences resulting from such acceleration or, subject to applicable regulatory provisions and shareholder approval, extend the expiration date of any award, provided that the period during which an option or a share appreciation right is exercisable does not exceed ten years from the date such option or share appreciation right is granted or that the restriction period relating to a restricted share unit does not exceed three years.

Similarly, in the event of a change of control, our board of directors will have the power, in its sole discretion, to modify the terms of the Omnibus Incentive Plan and/or the awards granted thereunder (including to cause the vesting of all unvested awards) to assist the participants to tender into a take-over bid or any other transaction leading to a change of control. In such circumstances, our board of directors shall be entitled to, in its sole discretion, provide that any or all awards shall terminate, provided that any such outstanding awards that have vested shall remain exercisable until consummation of such change of control, and/or permit participants to conditionally exercise awards.

**Amendments and Termination.** Our board of directors may suspend or terminate the Omnibus Incentive Plan at any time, or from time to time amend or revise the terms of the Omnibus Incentive Plan or of any granted award, provided that no such suspension, termination, amendment or revision will be made, (i) except in compliance with applicable law and with the prior approval, if required, of the shareholders, the NYSE, the TSX or any other regulatory body having authority over our company, and (ii) if it would adversely alter or impair the rights of any participant, without the consent of the participant except as permitted by the terms of the Omnibus Incentive Plan, provided however, subject to any applicable rules of the NYSE and the TSX, the board of directors may from time to time, in its absolute discretion and without the approval of shareholders, make, amongst others, the following amendments to the Omnibus Incentive Plan or any outstanding award:

- any amendment to the vesting provisions, if applicable, or assignability provisions of awards;
- any amendment to the expiration date of an award that does not extend the terms of the award past the original date of expiration for such award;
- any amendment regarding the effect of termination of a participant’s employment or engagement;
- any amendment which accelerates the date on which any option or share appreciation right may be exercised under the Omnibus Incentive Plan;
- any amendment to the definition of an eligible person under the Omnibus Incentive Plan;
- any amendment necessary to comply with applicable law or the requirements of the NYSE, the TSX or any other regulatory body;
any amendment of a “housekeeping” nature, including, without limitation, to clarify the meaning of an existing provision of Omnibus Incentive Plan, correct or supplement any provision of the Omnibus Incentive Plan that is inconsistent with any other provision of the Omnibus Incentive Plan, correct any grammatical or typographical errors or amend the definitions in the Omnibus Incentive Plan;

• any amendment regarding the administration of the Omnibus Incentive Plan;

• any amendment to add or amend provisions permitting for the granting of cash-settled awards, a form of financial assistance or clawback; and

• any other amendment that does not require the approval of the holders of subordinate voting shares pursuant to the amendment provisions of the Omnibus Incentive Plan.

For greater certainty, our board of directors shall be required to obtain shareholder approval to make the following amendments:

• any increase in the maximum number of subordinate voting shares that may be issuable pursuant to the Omnibus Incentive Plan;

• except for adjustments permitted by the Omnibus Incentive Plan, any reduction in the exercise price of an option or share appreciation right or any cancellation of an option or share appreciation right and replacement of such option or share appreciation right with an option or share appreciation right with a lower exercise price, to the extent such reduction or replacement benefits an insider;

• any extension of the term of an award beyond its original expiry time to the extent such amendment benefits an insider;

• any increase in the maximum number of subordinate voting shares that may be issuable to insiders pursuant to the insider participation limit; and

• any amendment to the amendment provisions of the Omnibus Incentive Plan.

Except as specifically provided in an award agreement approved by our board of directors, awards granted under the Omnibus Incentive Plan are generally not transferable other than by will or the laws of descent and distribution.

We currently do not provide any financial assistance to participants under the Omnibus Incentive Plan.

**Legacy Option Plan**

We have previously granted options to acquire Class B Common Shares and Class A Junior Preferred Shares to certain directors, officers and employees under the Legacy Option Plan. In connection with the Recapitalization, such options became options to acquire Class A Common Shares under the Legacy Option Plan. Prior to the closing of this offering, the Legacy Option Plan will be amended such that options to acquire Class A Common Shares will constitute options to purchase an equal number of subordinate voting shares at the same exercise price, once the applicable options are otherwise vested and exercisable. The following discussion is qualified in its entirety by the full text of the Legacy Option Plan. Following the closing of this offering, no additional options will be granted under the Legacy Option Plan.

The Legacy Option Plan allows for the grant of options to our directors, officers and full-time and part-time employees and those of our affiliates. Our board of directors is responsible for administering the Legacy Option Plan and has the sole and complete authority, in its sole discretion, to determine the individuals to whom options may be granted and to grant options in such amounts and, subject to the provisions of the plan, on such terms and conditions as it determines including: (i) the time or times at which options may be granted, (ii) the exercise price, (iii) the time or times when each option vests and becomes exercisable and the duration of the exercise period (provided however that the exercise period may not exceed 10 years), (iv) whether restrictions or limitations are to be imposed on the shares underlying options and the nature of such restrictions or limitations and (v) any acceleration of exercisability or waiver of termination regarding any option.
Pursuant to the Legacy Option Plan, as it will be amended in connection with this offering, the aggregate number of shares that may be issued pursuant to the exercise of options cannot represent more than 5,899,660 subordinate voting shares, which is equal to the number of subordinate voting shares underlying outstanding options under the Legacy Option Plan as of the date of this prospectus. Following completion of this offering, the subordinate voting shares issuable upon exercise of such options will represent, in the aggregate, approximately 6% of the aggregate number of subordinate voting shares and multiple voting shares issued and outstanding upon completion of this offering (assuming no exercise of the underwriters’ over-allotment option).

An option granted under the Legacy Option Plan is exercisable no later than ten years after the date of grant. In order to facilitate the payment of the exercise price of the options, the Legacy Option Plan allows for the participant to surrender options in order to “net exercise”, subject to the procedures set out in the Legacy Option Plan, including the consent of our board of directors.

**Trigger Events; Change of Control.** The Legacy Option Plan provides that certain events, including termination for cause, termination without cause, retirement, disability or death, may trigger forfeiture or reduce the vesting period, where applicable, of the option, subject to the terms of the participant’s agreement. Our board of directors may, in its discretion, at any time prior to or following such events, permit the exercise of any or all options held by the optionee in the manner and on the terms authorized by the board of directors, provided that the board of director cannot, in any case, authorize the exercise of an option beyond the expiration of the exercise period of the particular option. Otherwise, options granted may generally only be exercised during the lifetime of the optionee by such optionee personally. The Legacy Option Plan also provides that, in connection with a subdivision or consolidation of our shares or any other capital reorganization or a payment of a stock dividend (other than a stock dividend that is in lieu of a cash dividend), our board of directors may make certain adjustments to outstanding options and authorize such steps to be taken as may be equitable and appropriate to that end. In the event of an amalgamation, combination, plan of arrangement, merger or other reorganization, including by sale or lease of assets or otherwise, or of the payment of an extraordinary dividend, our board of directors may also make certain adjustments to outstanding options and authorize such steps to be taken as may be equitable and appropriate to that end. In the event of certain change of control transactions, our board of directors may (i) provide for substitute or replacement options of similar value from, or the assumption of outstanding options by, the acquiring or surviving entity or one or more of its affiliates; (ii) provide that all options shall terminate, provided that any outstanding vested options shall remain exercisable until consummation of such change of control transaction or (iii) accelerate the vesting of any or all outstanding options.

**Amendments and Termination.** Our board of directors may, without notice, at any time from time to time, amend, suspend or terminate the Legacy Option Plan or any provisions hereof in such respects as it, in its sole discretion, determines appropriate, except that it may not without the consent of the optionee (or the representatives of his or her estate) materially alter or impair any rights or obligations arising from any option previously granted to such optionee under the Legacy Option Plan that remains outstanding.

**Recapitalization.** As a result of the Recapitalization, all of the outstanding options under the Legacy Option Plan became options to acquire Class A Common Shares thereunder. As of March 1, 2017, options to acquire a total of 5,899,660 Class A Common Shares are outstanding under the Legacy Option Plan.

In connection with this offering, the Legacy Option Plan will be amended and restated to, among other things, include terms and conditions required by the TSX for a stock option plan and to mirror the terms of the Omnibus Incentive Plan summarized above under “—Omnibus Incentive Plan” to the extent applicable to a “legacy” stock option plan under similar circumstances. For additional information relating to options outstanding under the Legacy Option Plan, see “Description of Share Capital—Options to Purchase Securities.”

**Employee Share Purchase Plan**

Prior to the completion of this offering, we intend to adopt an employee share purchase plan, or ESPP, pursuant to which eligible employees will be able to acquire subordinate voting shares in a convenient and systematic
manner through payroll deductions. The following discussion is qualified in its entirety by the full text of the ESPP.

Unless otherwise determined by our board of directors, participation in the ESPP will be open to employees of Canada Goose in Canada and the United States who are customarily employed for at least 20 hours per week and more than five months in any calendar year. We currently intend to allow participation in the ESPP only by employees who are not employed in a director-level capacity or more senior capacity. Participation in the ESPP will be voluntary. Eligible employees will be able to contribute up to 10% of their gross base earnings for purchases under the ESPP and we will match up to one third of the contributions made by such employees.

At our option, subordinate voting shares purchased under the ESPP will be issued from treasury at the market price of the subordinate voting shares on such date or acquired through open market purchases, in each case in accordance with all applicable laws and the terms and conditions of the ESPP. For the purposes of the ESPP, the market price of the subordinate voting shares as at a given date shall be the closing price on TSX or the NYSE, depending on the currency in which the employee’s compensation is paid, on the trading day preceding such date. The number of subordinate voting shares reserved for issuance under the ESPP will be equal to 500,000 subordinate voting shares (representing less than 1% of the issued and outstanding subordinate voting shares and multiple voting shares as of the closing of this offering assuming no exercise of the underwriters’ over-allotment option). Under the ESPP, subordinate voting shares acquired by eligible employees will be required to be held for a period of one year.

The ESPP will be administered by our board of directors, which may delegate its authority thereunder as contemplated by the ESPP. Our board of directors will have the authority, in the case of special dividends or distributions, specified reorganizations and other transactions, to determine appropriate equitable adjustments, if any, to be made under the ESPP, including adjustments to the number of subordinate voting shares which have been authorized for issuance under the ESPP. Our board of directors will have the right to amend, suspend or terminate the ESPP, in whole or in part, at any time, subject to applicable laws and requirements of any stock exchange or governmental or regulatory body (including any requirement for shareholder approval). Subject to certain exceptions, our board of directors will be entitled to make amendments to the ESPP without shareholder approval.
Certain Relationships and Related Party Transactions

Review, Approval or Ratification of Transactions with Related Parties

Prior to the completion of this offering, we expect to implement formal policies and procedures for the review, approval or ratification of related-party transactions that may be required to be reported under the disclosure rules applicable to us. As of the date of this prospectus, such transactions, if and when they are proposed or have occurred, are reviewed by one or more of the board of directors, audit committee or the compensation committee (other than the directors or committee members involved, if any) on a case-by-case basis, depending on whether the nature of the transaction would otherwise be under the purview of the audit committee, the compensation committee or the board of directors.

Investor Rights Agreement

In connection with this offering, we expect to enter into an Investor Rights Agreement with Bain Capital and DTR LLC, an entity indirectly controlled by our President and Chief Executive Officer, which we refer to as the Investor Rights Agreement. The Investor Rights Agreement will become effective upon the termination of our existing shareholders agreement in connection with the closing of the offering.

The following is a summary of certain registration rights and nomination rights of our principal shareholders (including their permitted affiliates and transferees) under the Investor Rights Agreement, which summary is not intended to be complete. The following discussion is qualified in its entirety by the full text of the Investor Rights Agreement.

Registration Rights

Pursuant to the Investor Rights Agreement, Bain Capital will be entitled to certain demand registration rights which will enable it to require us to file a registration statement and/or a Canadian prospectus and otherwise assist with public offerings of subordinate voting shares (including subordinate voting shares issuable upon conversion of multiple voting shares) under the Securities Act and applicable Canadian securities laws, in accordance with the terms and conditions of the Investor Rights Agreement. DTR LLC will be entitled to similar demand registration rights at such time as Bain Capital no longer holds securities subject to registration rights, as well as certain incidental registration rights in connection with demand registrations initiated by Bain Capital, and Bain Capital and DTR LLC will be entitled to certain “piggy-back” registration rights in the event that we propose to register securities as part of a public offering.

We will be entitled to postpone or suspend a registration request for a period of up to 60 days during any 12-month period where such registration request would require us to make any adverse disclosure. In addition, in connection with an underwritten offering, the number of securities to be registered thereunder may be limited, for marketing reasons, based on the opinion of the managing underwriter or underwriters for such offering.

All costs and expenses associated with any demand registration or “piggy-back” registration will be borne by us other than underwriting discounts, commissions and transfer taxes, if any, attributable to the sale of the subordinate voting shares (including following the conversion of multiple voting shares) by the applicable selling shareholder. We will also be required to provide indemnification and contribution for the benefit of Bain Capital and DTR LLC and their respective affiliates and representatives in connection with any demand registration or “piggy-back” registration.

As a result of the lock-up restrictions described under “Shares Eligible for Future Sale—Lock-up Restrictions,” the demand and incidental registration rights granted pursuant to the Investor Rights Agreement will not be exercisable, unless a waiver of the applicable lock-up restrictions is obtained, during a period of 180 days after the date of this prospectus.
Nomination Rights

Pursuant to the Investor Rights Agreement, Bain Capital will initially be entitled to designate 50% of our directors (rounding up to the next whole number) and will continue to be entitled to designate such percentage of our directors for so long as it holds at least 40% of the number of subordinate voting shares and multiple voting shares outstanding, provided that this percentage will be reduced (i) to the greater of one director or 30% of our directors (rounding up to the next whole number) once Bain Capital holds less than 40% of the subordinate voting shares and multiple voting shares outstanding, (ii) to the greater of one director or 10% of our directors (rounding up to the next whole number) once Bain Capital holds less than 20% of the subordinate voting shares and multiple voting shares outstanding, and (iii) to none once Bain Capital holds less than 5% of the subordinate voting shares and multiple voting shares outstanding. DTR LLC will be entitled to designate one director for as long as it holds 5% or more of the subordinate voting share and multiple voting shares outstanding.

The nomination rights contained in the Investor Rights Agreement will provide that Bain Capital and DTR LLC, at the relevant time, will cast all votes to which they are entitled to elect directors designated in accordance with the terms and conditions of the Investor Rights Agreement.

Management Agreement

In connection with the Acquisition, on December 9, 2013 we entered into a Management Agreement with certain affiliates of Bain Capital, L.P., which we refer to as the Manager for a term of five years, pursuant to which the Manager provides us with certain business consulting services. In exchange for these services, we pay the Manager a quarterly fee equal to four-tenths of one percent (0.4%) of our total revenue generated during the calendar quarter beginning six months prior to such payment date, not to exceed $2 million per year. In addition, the Manager is entitled to a transaction fee in connection with any financing, acquisition, disposition or change of control transaction. The fees paid for these services, including transaction fees in connection with the Acquisition, were US$0.8 million, US$0.7 million and US$1.5 million, respectively for fiscal 2016, fiscal 2015 and fiscal 2014. We also reimburse the Manager for out-of-pocket expenses incurred in connection with the provision of the services. The Management Agreement includes customary exculpation and indemnification provisions in favor of the Manager and its affiliates. The Management Agreement will terminate pursuant to its terms upon the consummation of this offering, at which time we will pay the Manager a lump sum amount of $9.6 million. The indemnification and exculpation provisions in favor of the Manager will survive such termination.

Promissory Notes and Continuing Subscription Agreement

In connection with the Acquisition, on December 9, 2013, we (i) issued a Senior Convertible Subordinated Note and a Junior Convertible Subordinated Note to Bain Capital, which we refer to as the Subordinated Promissory Notes, and (ii) entered into a Continuing Subscription Agreement with Bain Capital. The Senior Convertible Subordinated Note was issued in the amount of $79.716 million, and bearing interest at a rate of 6.7% per year. Any accrued and unpaid interest on the principal amount of each Subordinated Promissory Note was payable in cash annually on the last business day of November each year. Pursuant to the Continuing Subscription Agreement, a substantial portion of the interest paid to Bain Capital on the Subordinated Promissory Notes each year was reinvested in the form of (i) a subscription for Class A Junior Preferred Shares and (ii) an additional loan under the Junior Convertible Subordinated Note. As a result, since December 9, 2013, we issued an aggregate of 3,426,892 Class A Junior Preferred Shares, for an aggregate subscription price of $3,726,904, and borrowed the aggregate amount of $5,590,354 under the Junior Convertible Subordinated Note, also bearing interest at a rate of 6.7% per year. In connection with the Recapitalization, on December 2, 2016 the entire unpaid principal and accrued interest amounts were repaid, all issued and outstanding Class A Junior Preferred Shares were redeemed and the Continuing Subscription Agreement was terminated. See “Recapitalization.”
Promissory Note from DTR LLC

As part of the Recapitalization, we received a non-interest bearing promissory note in the amount of $63.6 million from DTR LLC, an entity indirectly controlled by our President and Chief Executive Officer, which we refer to as the DTR Promissory Note. The DTR Promissory Note is secured by a pledge of 63,576,003 Class D Preferred Shares held by DTR LLC. On January 31, 2017, all of our Class D Preferred Shares were redeemed by the company in exchange for the cancellation of the DTR Promissory Note.

Interest of Management and Others in Material Transactions

Except as set out above or described elsewhere in this prospectus, there are no material interests, direct or indirect, of any of our directors or executive officers, any shareholder that beneficially owns, or controls or directs (directly or indirectly), more than 10% of any class or series of our outstanding voting securities, or any associate or affiliate of any of the foregoing persons, in any transaction within the three years before the date in this prospectus that has materially affected or is reasonably expected to materially affect us or any of our subsidiaries.

Indebtedness of Directors, Executive Officers and Employees

Except as set out above or described elsewhere in this prospectus, none of our directors, executive officers, employees, former directors, former executive officers or former employees or any of our subsidiaries, and none of their respective associates, is indebted to us or any of our subsidiaries or another entity whose indebtedness is the subject of a guarantee, support agreement, letter of credit or other similar agreement or understanding provided by us or any of our subsidiaries, except, as the case may be, for routine indebtedness as defined under applicable securities legislation.
Table of Contents

Principal and Selling Shareholders

The following table sets forth information relating to the beneficial ownership of our shares as of [date], by:

- each person, or group of affiliated persons, known by us to beneficially own more than 5% of our outstanding shares, which includes each of the selling shareholders;
- each of our directors;
- each of our named executive officers; and
- all directors and executive officers as a group.

Beneficial ownership is determined in accordance with SEC rules. The information is not necessarily indicative of beneficial ownership for any other purpose. In general, under these rules a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise has or shares voting power or investment power with respect to such security. A person is also deemed to be a beneficial owner of a security if that person has the right to acquire beneficial ownership of such security within 60 days. Except as otherwise indicated, and subject to applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares held by that person.

The percentage of voting shares beneficially owned is computed on the basis of 100,000,000 multiple voting shares and no subordinate voting shares outstanding prior to this offering. Shares that a person has the right to acquire within 60 days of this offering are deemed outstanding for purposes of computing the percentage ownership of such person’s holdings, but are not deemed outstanding for purposes of computing the percentage ownership of any other person, except with respect to the percentage ownership of all directors and executive officers as a group. Unless otherwise indicated below, the address for each beneficial owner listed is c/o Canada Goose Holdings Inc., 250 Bowie Avenue, Toronto, Ontario, Canada, M6E 4Y2.

(1) Percentage of total voting power represents voting power with respect to all of our multiple voting and subordinate voting shares, as a single class. The holders of our multiple voting shares are entitled to 10 votes per share, and holders of our subordinate voting shares are entitled to one vote per share. For more information about the voting rights of our multiple voting shares and subordinate voting shares, see “Description of Share Capital—Authorized Share Capital.”

(2) Assumes no exercise of the underwriters’ over-allotment option to purchase up to 3,000,000 additional subordinate voting shares from the selling shareholders. See “Underwriting.”

(3) Includes shares registered in the name of Brent (BC) Participation S.à r.l (the “Bain Capital Entity”), which is owned by Brent (BC) S.à r.l, which in turn is owned by Bain Capital Integral Investors 2008, L.P. Bain Capital Investors, LLC (“BCI”) is the general partner of Bain Capital Integral Investors 2008, L.P. Certain partners and other employees of the Bain Capital Entity may make a contribution of subordinate voting shares to one or more charities prior to this offering. In such case, a recipient charity, if it chooses to participate in this offering, will be the selling shareholder with respect to the donated subordinate voting shares. The governance, investment strategy and decision-making process with respect to investments held by the Bain Capital Entity is directed by the Global Private Equity Board of BCI. As a result of the relationships described above, BCI may be deemed to share beneficial ownership of the shares held by the Bain Capital Entity. The Bain Capital Entity has an address c/o Bain Capital Private Equity, LP, 200 Clarendon Street, Boston, Massachusetts 02116.

(4) On a fully-diluted basis, 61,004,000 multiple voting shares and no subordinate voting shares, representing 68% of the total voting power of our shares upon completion of this offering (58,904,000 multiple voting shares and no subordinate voting shares, representing 68% of the total voting power of our shares, assuming the exercise in full of the underwriters’ over-allotment option to purchase additional subordinate voting shares).

(5) Includes shares registered in the name of DTR LLC, an entity indirectly controlled by Dani Reiss. As at December 31, 2016, DTR LLC also held 63,573,003 Class D Preferred Shares; subsequently, on January 31, 2017, the Class D Preferred Shares were redeemed in settlement of the DTR Promissory Note.

(6) On a fully-diluted basis, 26,145,000 multiple voting shares and no subordinate voting shares, representing 29% of the total voting power of our shares upon completion of this offering (25,245,000 multiple voting shares and no subordinate voting shares, representing 29% of the total voting power of our shares, assuming the exercise in full of the underwriter’s option to purchase additional subordinate voting shares).

(7) Does not include shares held by the Bain Capital Entity. Each of Messrs. Cotton and Bekenstein is a Managing Director of BCI and as a result may be deemed to share beneficial ownership of the shares held by the Bain Capital Entity. The address for Messrs. Cotton and Bekenstein is c/o Bain Capital Private Equity, LP, 200 Clarendon Street, Boston, Massachusetts 02116.

(8) Mr. Cameron holds no vested options. Mr. Riddlestone is contractually restricted from exercising any options that otherwise would have vested until the expiration of the lockup period pursuant to the terms of his separation agreement.

(9) Mr. Riddlestone’s employment with the company terminated on January 10, 2017.

(10) Includes 656,205 vested options granted under the Legacy Option Plan which are exercisable into subordinate voting shares.
We summarize below certain terms and provisions of the agreements that govern our asset-based Revolving Facility and our Term Loan Facility. We refer you to the exhibits to the registration statement relating to this offering for a copy of the agreements governing the senior secured credit facilities described below as this summary does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all of the provisions of the applicable agreements. Unless noted otherwise, dollar amounts herein are Canadian dollars.

Revolving Facility

General

On June 3, 2016, Canada Goose Holdings Inc. and its wholly-owned subsidiaries, Canada Goose Inc. (“CGI Borrower”) and Canada Goose International AG (“Swiss Borrower”), entered into a senior secured asset-based revolving facility (the “Revolving Facility”), with Canadian Imperial Bank of Commerce, as administrative agent, and certain financial institutions as lenders. The Revolving Facility has commitments of $150.0 million with a seasonal increase of up to $200.0 million during peak season (June 1 through November 30, the “Peak Season”). In addition, the Revolving Facility includes a letter of credit sub-facility of $25.0 million. In respect of letters of credit issued in a currency other than Canadian dollars, U.S. dollars or Euros, the letter of credit sub-facility is capped at $5.0 million in such alternative currency.

The borrowing base under the Revolving Facility, subject to certain exceptions and customary reserves, equals (i) with respect to CGI Borrower, the sum of (a) 90% of eligible credit card receivables, (b) 90% of credit enhanced eligible trade receivables (or 85% of non-credit enhanced eligible trade receivables) and (c) 90% (or 92.5% during Peak Season) of the appraised net orderly liquidation value of eligible inventory (including eligible in-transit inventory and eligible letter of credit inventory), in each case, of CGI Borrower and other CGI borrowing base parties (the “CGI Borrowing Base”) and (ii) with respect to Swiss Borrower, the sum of (a) 90% of eligible credit card receivables, (b) 90% of credit enhanced eligible trade receivables (or 85% of non-credit enhanced eligible trade receivables) and (c) 90% (or 92.5% during Peak Season) of the appraised net orderly liquidation value of eligible inventory, in each case, of Swiss Borrower and any other Swiss borrowing base parties (the “Swiss Borrowing Base”).

As of December 31, 2016 we had $59.8 million outstanding under the Revolving Facility. Amounts under the Revolving Facility may be borrowed, repaid and re-borrowed to fund our general corporate purposes.

Interest Rates and Fees

Loans under the Revolving Facility, at our option may be maintained from time to time as (a) Prime Rate Loans, which bear interest at a rate per annum equal to the Applicable Margin for Prime Rate Loans plus the Prime Rate, (b) Banker’s Acceptances funded on a discounted proceeds basis given the published discount rate plus a rate per annum equal to the Applicable Margin for stamping fees, (c) ABR Loans, which bear interest at a rate per annum equal to the Applicable Margin for ABR Loans plus the ABR, (d) European Base Rate Loans, which bear interest at a rate per annum equal to the Applicable Margin for European Base Rate Loans plus the European Base Rate, (e) LIBOR Loans, which bear interest at a rate per annum equal to the Applicable Margin for LIBOR Loans plus the LIBO Rate or (f) EURIBOR Loans, which bear interest at a rate per annum equal to the Applicable Margin for EURIBOR Loans plus the applicable EURIBOR.

A commitment fee will be charged on the average daily unused portion of the Revolving Facility of 0.25% per annum if average utilization under the Revolving Facility is greater than 50% or 0.375% if average utilization under the Revolving Facility is less than 50%. A letter of credit fee, with respect to standby letters of credit will accrue on the aggregate face amount of outstanding letters of credit under the Revolving Facility equal to the
relevant Applicable Margin for LIBOR Loans, and, with respect to trade or commercial letters of credit, 50% of the then applicable Applicable Margin on LIBOR Loans. A fronting fee will be charged on the aggregate face amount of outstanding letters of credit equal to 0.125% per annum. In addition, we pay the administrative agent under the Revolving Facility a monitoring fee of $1,000 per month.

Currencies
Borrowing will be available under the Revolving Facility in U.S. dollars, Canadian dollars, Euros and, subject to an aggregate cap of $40.0 million, such other currencies as are approved in accordance with the credit agreement governing the Revolving Facility, subject to any other items and conditions required by the administrative agent and the lenders.

Collateral; Guarantees
All obligations under the Revolving Facility are unconditionally guaranteed by Canada Goose Holdings Inc. and subject to certain exceptions, our U.S., Swiss, U.K. and Canadian subsidiaries, which we refer to as the ABL Loan Parties. All obligations under the Revolving Facility, and the guarantees of those obligations, are secured, subject in each case to certain exceptions and thresholds, (i) on a first priority basis by substantially all personal property of the ABL Loan Parties consisting of accounts receivable, inventory, cash, deposit accounts, securities accounts, commodity accounts and proceeds thereof (the “Current Asset Collateral”) and (ii) on a second priority basis, (x) by a pledge of all capital stock of the CGI Borrower and all of the capital stock in material wholly-owned restricted subsidiaries directly held by the ABL Loan Parties (other than any capital stock in material wholly-owned restricted subsidiaries directly held by Swiss Borrower, which, if any, is secured under the Revolving Facility on a first priority basis) (the “Pledged Collateral”), (y) by all material fee-owned real property and equipment of the ABL Loan Parties (other than any material fee-owned real property and equipment of Swiss Borrower, which, if any, is secured under the Revolving Facility on a first priority basis) (the “PP&E Collateral”), and (z) by substantially all other personal property of the ABL Loan Parties (other than any other personal property of Swiss Borrower, which is secured under the Revolving Facility on a first priority basis).

Maturity; Prepayments
The maturity date of the Revolving Facility is June 3, 2021.

Except with respect to protective advances under the Revolving Facility, if at any time (a) the aggregate amount outstanding under the Revolving Facility exceeds the lesser of (i) the total revolving commitment amount at such time and (ii) the aggregate borrowing base at such time (such lesser amount, the “Line Cap”), (b) the aggregate amount outstanding to the Swiss Borrower exceeds the line cap under the Swiss Borrowing Base or (c) the aggregate amount outstanding to the CGI Borrower exceeds the line cap under the CGI Borrowing Base, then we are required to repay outstanding loans and/or cash collateralize letters of credit in an aggregate amount equal to such excess, with no reduction of the commitment amount.

Voluntary prepayments of the Revolving Facility and voluntary reductions of the unutilized portion of the commitment amount may be made at any time (subject to minimum repayment amounts and customary notice periods) without premium or penalty, other than customary “breakage” costs, if applicable.

Uncommitted Incremental Facility
We are able, at our option and subject to certain other conditions described in the credit agreement governing our Revolving Facility, to request that the Revolving Facility be increased in an aggregate amount not to exceed $100.0 million.

Amortization
There is no scheduled amortization under our Revolving Facility.
Covenants

The Revolving Facility contains a number of customary affirmative covenants and customary negative covenants that, among other things, limit or restrict the ability of CGI Borrower and its restricted subsidiaries, and, in the case of the passive activity covenant described below, Canada Goose Holdings Inc.’s ability to (in each case, subject to certain exceptions):

- incur additional indebtedness (including guarantee obligations);
- incur liens;
- engage in certain fundamental changes, including changes in the nature of business, mergers, amalgamations, liquidations and dissolutions;
- sell assets;
- pay dividends or make distributions, and make share repurchases and redemptions;
- make acquisitions, investments, loans and advances;
- prepay or modify the terms of certain subordinated indebtedness;
- modify organizational documents;
- engage in certain transactions with affiliates;
- in the case of Canada Goose Holdings Inc., engage in activities other than as a passive holding company;
- change our fiscal year; and
- enter into negative pledge clauses and clauses restricting subsidiary distributions.

Financial Covenant

The Revolving Facility contains a springing consolidated fixed charge coverage ratio financial covenant that requires us to maintain a fixed charge coverage ratio of at least 1.00 to 1.00 when Excess Availability falls below the greater of (i) $7.5 million and (ii) 10% of the Line Cap, which financial covenant will be tested on a trailing four quarter basis immediately upon trigger based on the most recently completed fiscal quarter for which financial statements were required to be delivered and on the last day of each subsequently completed fiscal quarter of CGI Borrower until Excess Availability exceeds the threshold specified above for 30 consecutive calendar days. Excess Availability under the Revolving Facility equals the remainder of (i) the sum of (x) the Line Cap plus (y) the amount of unrestricted cash and cash equivalents of CGI Borrower and the guarantors that are held in accounts for which the administrative agent under the Revolving Facility has account control agreements in place, plus (z) the amount, if any, by which the aggregate borrowing base under the Revolving Facility exceeds the aggregate commitments under the Revolving Facility, over (ii) the sum of (x) the aggregate principal amount of all outstanding loans (including swingline loans) under the Revolving Facility and (y) all outstanding letters of credit under the Revolving Facility (plus, without duplication, all unreimbursed disbursements with respect to any letters of credit under the Revolving Facility).

Events of Default

The Revolving Facility provides for customary events of default (in each case, subject to customary grace periods, baskets and materiality thresholds), including (i) nonpayment of any principal, interest or fees, subject to applicable grace periods, (ii) failure to perform or observe any covenants, subject to applicable grace periods, (iii) material inaccuracy of representations and warranties, (iv) cross-default to indebtedness over $20 million (subject to certain limitations in the case of defaults under the Term Loan Facility), (v) bankruptcy events, (vi) judgments with respect to which $20 million or more is not covered by insurance or indemnities if not
satisfied within 60 days of entry thereof, (vii) invalidity of any security or guarantee document, (viii) change of control, (ix) suspension of the operation of business, or liquidation of all or substantially all of the assets, in each case of CGI Borrower, Swiss Borrower and the guarantors, taken as a whole, (x) ERISA or Canadian Pension Plan liabilities which result in a material adverse effect and (xi) failure to maintain seniority of security interest.

Upon the occurrence of an event of default that is continuing and absent a waiver or an amendment from the lenders, the administrative agent at the discretion of the required lenders, can terminate the commitments and accelerate payment of all outstanding obligations under the Revolving Facility, subject to, in the case of a financial covenant default, the applicable cure period.

**Term Loan Facility**

*General*

On December 2, 2016 (the “Term Loan Closing Date”), Canada Goose Holdings Inc. and Canada Goose Inc. (the “Borrower”) entered into a senior secured term loan facility (the “Term Loan Facility”), with Credit Suisse AG, Cayman Islands Branch, as administrative agent and collateral agent, and certain financial institutions as lenders. The original aggregate principal amount of the term loans borrowed under the Term Loan Facility was approximately $216.7 million, which were advanced in U.S. dollars and need to be repaid in U.S. dollars (approximately US$162.6 million).

The proceeds of the term loans borrowed under the Term Loan Facility were used to effect the steps described in this prospectus under “Recapitalization,” to pay transaction expenses in connection with the closing of the Term Loan Facility and for other general corporate purposes.

As of December 31, 2016, we had approximately $218.3 million aggregate principal amount of term loans outstanding under the Term Loan Facility. Amounts prepaid or repaid under the Term Loan Facility may not be re-borrowed.

*Interest Rates and Fees*

The initial interest rate on the term loans outstanding under the Term Loan Facility is the LIBOR Rate (subject to a minimum rate of 1.00% per annum) plus an Applicable Margin of 5.00%. The term loans can also be maintained as ABR Loans which bear interest at ABR plus an Applicable Margin which is 1.00% less than that for LIBOR loans. Effective on the first day immediately following the 180-day anniversary of the Term Loan Closing Date and, the last day of each three-month period thereafter, the Applicable Margin shall increase by 0.50%, if, upon the completion of this offering and after giving effect to the prepayment of term loans under the Term Loan Facility with the net cash proceeds from this offering, the Borrower’s consolidated total net leverage ratio is not equal to or less than 2.50 to 1.00; provided, however, that the Applicable Margin shall not, at any time, exceed for term loans that are LIBOR Loans, 7.00%, and for Initial Term Loans that are ABR Loans, 6.00%. If upon the completion of this offering (or any other underwritten primary public offering of common equity by the Borrower or any direct or indirect parent thereof) and after giving effect to the prepayment of term loans under the Term Loan Facility with the net cash proceeds from this offering, the Borrower has a consolidated total net leverage ratio of less than or equal to 2.50 to 1.00, the Applicable Margin then in effect shall not fluctuate and be permanently reduced by 1.00%. We have not yet determined what the consolidated total net leverage ratio of the Borrower will be following the completion of this offering.

*Collateral: Guarantees*

All obligations under the Term Loan Facility are unconditionally guaranteed by Canada Goose Holdings Inc. and, subject to certain exceptions, our U.S., U.K. and Canadian subsidiaries (the “Term Loan Parties”). All obligations under the Term Loan Facility, and the guarantees of those obligations, are secured, subject, in each
case, to certain exceptions and thresholds, (i) on a first priority basis, (x) by a pledge of the Pledged Collateral directly held by the Term Loan Parties, (y) by the PP&E Collateral of the Term Loan Parties, and (z) by substantially all other personal property of the Term Loan Parties and (ii) on a second priority basis, by the Current Asset Collateral of the Term Loan Parties.

Maturity: Prepayments

The maturity date of the Term Loan Facility is December 2, 2021.

We are required to prepay outstanding term loans under the Term Loan Facility with the proceeds of non-ordinary course asset sales and casualty and condemnation events (in each case, subject to certain exceptions and customary reinvestment rights) and certain issuances of indebtedness (other than certain permitted indebtedness). A percentage (to be determined based upon the Borrower’s consolidated first lien net leverage ratio as of the test period ended on the last day of the applicable fiscal year) of our excess cash flow (as defined in the credit agreement) for each fiscal year must also be applied to prepay term loans outstanding under the Term Loan Facility commencing with and including the fiscal year ending March 31, 2018, except that such prepayment is only required in respect of any fiscal year to the extent that the excess cash flow prepayment amount for such fiscal year exceeds $5.0 million.

Within ten business days of receipt of the net cash proceeds of this offering (or any other underwritten primary public offering of common equity by the Borrower or any direct or indirect parent thereof), until such time as the Borrower has prepaid term loans under the Term Loan Facility with the proceeds of this offering (or any such other offering), such that the Borrower’s consolidated total net leverage ratio is equal to or less than 2.50 to 1.00, the Borrower must prepay (or cause to prepay), in accordance with the credit agreement governing the Term Loan Facility, term loans under the Term Loan Facility in an aggregate principal amount equal to the lesser of (i) 100.0% of the net cash proceeds from such offering and (ii) an amount of such net cash proceeds such that, after giving pro forma effect to such prepayment of term loans with such amount, the Borrower’s consolidated total net leverage ratio would be equal to 2.50 to 1.00.

Voluntary prepayments of the Term Loan Facility may be made at any time (subject to minimum repayment amounts and customary notice periods) without premium or penalty, other than customary “breakage” costs, if applicable.

Uncommitted Incremental Facility

We are able, at our option and subject to certain other conditions described in the credit agreement governing our Term Loan Facility, to request that the term loans under the Term Loan Facility be increased, or additional term loans be incurred or revolving facilities be established under the Term Loan Facility, in an aggregate principal amount up to (i) at any date of determination occurring during the period from the Term Loan Closing Date until the earlier to occur of (x) the 180-day anniversary of the Term Loan Closing Date and (y) consummation of an issuance by the Borrower or any direct or indirect parent thereof of its common equity in an underwritten primary public offering that, after giving effect to the prepayment of term loans under the Term Loan Facility with the net cash proceeds therefrom, results in a consolidated total net leverage ratio of the Borrower that is not greater than 2.50 to 1.00 and the prepayment of the term loans under the Term Loan Facility with net cash proceeds therefrom in accordance with the credit agreement governing the Term Loan Facility, $40.0 million and (ii) at any date of determination thereafter, (x) an amount equal to the greater of (I) $80.0 million and (II) 100.0% of Consolidated EBITDA (as defined in the credit agreement governing the Term Loan Facility) for the most recently ended four fiscal quarter period for which financial statements have been delivered under the Term Loan Facility, plus (y) all voluntary prepayments of the term loans under the Term Loan Facility and permanent commitment reductions under the Revolving Facility (except to the extent funded with proceeds from incurrences of long-term indebtedness), plus (z) an unlimited amount so long as, under this clause (z) only, such amount at such time could be incurred without causing, (1) in the case of debt secured on a pari passu basis with the Term Loan

123
Facility, the pro forma consolidated first lien net leverage ratio of the Borrower to exceed 3.75 to 1.00 or (2) in the case of debt that is unsecured or secured on a junior basis to the Term Loan Facility (excluding, for the avoidance of doubt, debt under the Revolving Facility), the pro forma consolidated total net leverage ratio of the Borrower to exceed 5.50 to 1.00.

**Amortization**

The term loans under the Term Loan Facility amortize in equal quarterly installments in an aggregate annual amount equal to 1% of the original principal amount thereof, payable on the last business day of each March, June, September and December, commencing with the last business day of the second full fiscal quarter ending after the closing date of the Term Loan Facility. The balance of the outstanding term loans is payable on the fifth anniversary of the Term Loan Closing Date.

**Covenants**

The Term Loan Facility contains a number of customary affirmative covenants and customary negative covenants that, among other things, limit or restrict the ability of the Borrower and its restricted subsidiaries, and, in the case of the passive activity covenant described below, Canada Goose Holdings Inc.’s ability to (in each case, subject to certain exceptions):

- incur additional indebtedness (including guarantee obligations);
- incur liens;
- engage in certain fundamental changes, including changes in the nature of business, mergers, amalgamations, liquidations and dissolutions;
- sell assets;
- pay dividends or make distributions, and make share repurchases and redemptions;
- make acquisitions, investments, loans and advances;
- prepay or modify the terms of certain subordinated indebtedness;
- modify organizational documents;
- engage in certain transactions with affiliates;
- in the case of Canada Goose Holdings Inc., engage in activities other than as a passive holding company;
- change our fiscal year; and
- enter clauses restricting subsidiary distributions.

There is no financial maintenance covenant under the Term Loan Facility.

**Events of Default**

The Term Loan Facility provides for customary events of default (in each case, subject to customary grace periods, baskets and materiality thresholds), including (i) nonpayment of any principal, interest or fees, subject to applicable grace periods, (ii) failure to perform or observe any covenants, subject to applicable grace periods, (iii) material inaccuracy of representations and warranties, (iv) cross-default to indebtedness over $20 million (subject to certain limitations in the case of defaults under the Revolving Facility), (v) bankruptcy events, (vi) judgments with respect to which $20 million or more is not covered by insurance or indemnities if not satisfied within 60 days of entry thereof, (vii) invalidity of any security or guarantee document, (viii) change of control, (ix) ERISA or Canadian Pension Plan liabilities which result in a material adverse effect, and (x) failure to maintain seniority of security interest.
Upon the occurrence of an event of default and absent a waiver or an amendment from the lenders, the administrative agent, at the direction of the required lenders, can accelerate payment of all outstanding obligations under the Term Loan Facility.
Following the Recapitalization, as of December 2, 2016, ownership of our securities was as follows:

- 100,000,000 Class A Common Shares outstanding and held by investment funds advised by Bain Capital and by DTR LLC, an entity indirectly controlled by Dani Reiss;
- 63,576,003 Class D Preferred Shares held by DTR LLC; and
- no Class B Common Shares, Class A Senior Preferred Shares, Class B Senior Preferred Shares, Class A Junior Preferred Shares, Class B Junior Preferred Shares or Class C Junior Preferred Shares were issued and outstanding.

On January 31, 2017, all of our Class D Preferred Shares were redeemed by the company for cancellation and the DTR Promissory Note was extinguished in exchange for the redemption of the Class D Preferred Shares. See “Recapitalization.”

In connection with this offering we will amend and restate our articles in order to, among other things:

- amend and redesignate our Class A Common Shares as multiple voting shares;
- eliminate our Class B Common Shares, Class A Senior Preferred Shares, Class B Senior Preferred Shares, Class A Junior Preferred Shares, Class B Junior Preferred Shares, Class C Junior Preferred Shares and the Class D Preferred Shares from our share capital; and
- create our subordinate voting shares.

Our articles will also provide for an unlimited number of preferred shares, issuable in series. The following is a summary of the terms of our subordinate voting shares, multiple voting shares and preferred shares, as set forth in our articles (as used herein, reference to our articles are to such articles as they will be amended and restated in connection with this offering), and certain related sections of the BCBCA. The following summary is subject to, and is qualified in its entirety by reference to, the provisions of our articles, the form of which is filed as an exhibit to the registration statement relating to this offering, and the applicable provisions of the BCBCA. You may obtain copies of our articles as described under “Where You Can Find More Information” in this prospectus.

**Authorized Share Capital**

Effective upon the closing of this offering, our share capital will consist of an unlimited number of subordinate voting shares, an unlimited number of multiple voting shares and an unlimited number of preferred shares, issuable in series. Immediately following the closing of this offering, we expect to have 20,000,000 subordinate voting shares issued and outstanding and 87,149,000 multiple voting shares issued and outstanding (assuming, in each case, no exercise of the over-allotment option), and no preferred shares issued and outstanding. All of the issued and outstanding multiple voting shares will, directly or indirectly, be held by Bain Capital, Dani Reiss and their respective Permitted Holders (as defined below).

The subordinate voting shares are “restricted securities” within the meaning of such term under applicable securities laws in Canada. We are exempt from the requirements of Section 12.3 of National Instrument 41-101—General Prospectus Requirements on the basis that we were a private issuer within the meaning of such term under applicable securities laws in Canada immediately before filing this prospectus.

We will file an undertaking with the Ontario Securities Commission pursuant to which we will agree to provide reasonable prior notice to the Ontario Securities Commission in the event that we intend to issue a series of preferred shares that would restrict the rights of the subordinate voting shares, regardless of any existing restrictions on the subordinate voting shares due to the existence of the multiple voting shares.

**Subordinate Voting Shares and Multiple Voting Shares**

Holders of our multiple voting shares are entitled to 10 votes per multiple voting share and holders of subordinate voting shares are entitled to one vote per subordinate voting share on all matters upon which holders of shares are
entitled to vote. After giving effect to the offering, the subordinate voting shares will collectively represent 19% of our total issued and outstanding shares and 2% of the voting power attached to all of our issued and outstanding shares (21% and 3%, respectively, if the over-allotment option is exercised in full). Subject to the prior rights of the holders of our preferred shares, the holders of our multiple voting shares and subordinate voting shares are entitled to receive dividends as and when declared by our board of directors, without preference or distinction among or between the subordinate voting shares and the multiple voting shares. See the section entitled “Dividend Policy.” Subject to the prior payment to the holders of our preferred shares, in the event of our liquidation, dissolution or winding-up or other distribution of our assets among our shareholders, the holders of our multiple voting shares and subordinate voting shares are entitled to share pro rata in the distribution of the balance of our assets, without preference or distinction among or between the subordinate voting shares and the multiple voting shares. Holders of multiple voting shares and subordinate voting shares have no pre-emptive or conversion or exchange rights or other subscription rights, except that each outstanding multiple voting share may at any time, at the option of the holder, be converted into one subordinate voting share and our multiple voting shares will automatically convert into shares of our subordinate voting shares upon certain transfers and other events, as described below under “—Conversion.” There are no redemption, retraction, purchase for cancellation or surrender provisions or sinking or purchase fund provisions applicable to our subordinate voting shares or multiple voting shares. There is no provision in our articles requiring holders of subordinate voting shares or multiple voting shares to contribute additional capital, or permitting or restricting the issuance of additional securities or any other material restrictions. The special rights or restrictions attached to the subordinate voting shares and multiple voting shares are subject to and may be adversely affected by, the rights attached to any series of preferred shares that we may designate in the future.

Conversion

The subordinate voting shares are not convertible into any other class of shares. Each outstanding multiple voting share may at any time, at the option of the holder, be converted into one subordinate voting share. Upon the first date that any multiple voting share shall be held by a person other than by a Permitted Holder (as defined below), the Permitted Holder which held such multiple voting share until such date, without any further action, shall automatically be deemed to have exercised his, her or its rights to convert such multiple voting share into a fully paid and non-assessable subordinate voting share.

In addition:

- all multiple voting shares held by the Bain Group Permitted Holders will convert automatically into subordinate voting shares at such time as the Bain Group Permitted Holders that hold multiple voting shares no longer as a group beneficially own, directly or indirectly and in the aggregate, at least 15% of the issued and outstanding subordinate voting shares and multiple voting shares; and

- all multiple voting shares held by the Reiss Group Permitted Holders will convert automatically into subordinate voting shares at such time that is the earlier to occur of the following: (i) the Reiss Group Permitted Holders that hold multiple voting shares no longer as a group beneficially own, directly or indirectly and in the aggregate, at least 15% of the issued and outstanding subordinate voting shares and multiple voting shares, and (ii) Dani Reiss is no longer serving as a director or in a senior management position at our company.

For the purposes of the foregoing:

“Affiliate” means, with respect to any specified Person, any other Person which directly or indirectly through one or more intermediaries controls, is controlled by, or is under common control with such specified Person;

“Bain Group Permitted Holders” means Brent (B.C.) Participation S.à r.l. and any of its Affiliates, and entities controlled, directly or indirectly, or managed by Bain Capital or an Affiliate of Bain Capital;

“Members of the Immediate Family” means with respect to any individual, each parent (whether by birth or adoption), spouse, or child (including any step-child) or other descendants (whether by birth or adoption) of such
individual, each spouse of any of the aforementioned Persons, each trust created solely for the benefit of such individual and/or one or more of the aforementioned Persons and each legal representative of such individual and/or one or more of the aforementioned Persons (including without limitation a tutor, curator, mandatory due to incapacity, custodian, guardian or testamentary executor), acting in such capacity under the authority of the law, an order from a competent tribunal, a will or a mandate in case of incapacity or similar instrument. For the purposes of this definition, a Person shall be considered the spouse of an individual if such Person is legally married to such individual, lives in a civil union with such individual or is the common law partner (as defined in the Income Tax Act (Canada) as amended from time to time) of such individual. A Person who was the spouse of an individual within the meaning of this paragraph immediately before the death of such individual shall continue to be considered a spouse of such individual after the death of such individual;

“Permitted Holders” means any of (i) the Bain Group Permitted Holders, and (ii) the Reiss Group Permitted Holders;

“Person” means any individual, partnership, corporation, company, association, trust, joint venture or limited liability company;

“Reiss Group Permitted Holders” means (i) Dani Reiss and any Members of the Immediate Family of Dani Reiss, and (ii) any Person controlled, directly or indirectly by one or more of the Persons referred to in clause (i) above; and

A Person is “controlled” by another Person or other Persons if: (i) in the case of a company or other body corporate wherever or however incorporated: (A) securities entitled to vote in the election of directors carrying in the aggregate at least a majority of the votes for the election of directors and representing in the aggregate at least a majority of the participating (equity) securities are held, other than by way of security only, directly or indirectly, by or solely for the benefit of the other Person or Persons; and (B) the votes carried in the aggregate by such securities are entitled, if exercised, to elect a majority of the board of directors of such company or other body corporate; or (ii) in the case of a Person that is not a company or other body corporate, at least a majority of the participating (equity) and voting interests of such Person are held, directly or indirectly, by or solely for the benefit of the other Person or Persons; and “controls”, “controlling” and “under common control with” shall be interpreted accordingly.

Preferred Shares

Under our articles, the preferred shares may be issued in one or more series. Accordingly, our board of directors is authorized, without shareholder approval but subject to the provisions of the BCBCA, to determine the maximum number of shares of each series, create an identifying name for each series and attach such special rights or restrictions, including dividend, liquidation and voting rights, as our board of directors may determine, and such special rights or restrictions, including dividend, liquidation and voting rights, may be superior to those of each of the subordinate voting shares and the multiple voting shares. The issuance of preferred shares, while providing flexibility in connection with possible acquisitions and other corporate purposes, could, among other things, have the effect of delaying, deferring or preventing a change of control of our company and might adversely affect the market price of our subordinate voting shares and multiple voting shares and the voting and other rights of the holders of subordinate voting shares and multiple voting shares. We have no current plan to issue any preferred shares.

Certain Important Provisions of our Articles and the BCBCA

The following is a summary of certain important provisions of our articles and certain related sections of the BCBCA. Please note that this is only a summary and is not intended to be exhaustive. This summary is subject to, and is qualified in its entirety by reference to, the provisions of our articles and the BCBCA.
Stated Objects or Purposes
Our articles do not contain stated objects or purposes and do not place any limitations on the business that we may carry on.

Directors
Power to vote on matters in which a director is materially interested. Under the BCBCA a director who has a material interest in a contract or transaction, whether made or proposed, that is material to us, must disclose such interest to us, subject to certain exceptions such as if the contract or transaction: (i) is an arrangement by way of security granted by us for money loaned to, or obligations undertaken by, the director for our benefit or for one of our affiliates’ benefit; (ii) relates to an indemnity or insurance permitted under the BCBCA; (iii) relates to the remuneration of the director in his or her capacity as director, officer, employee or agent of our company or of one of our affiliates; (iv) relates to a loan to our company while the director is the guarantor of some or all of the loan; or (v) is with a corporation that is affiliated to us while the director is also a director or senior officer of that corporation or an affiliate of that corporation.

A director who holds such disclosable interest in respect of any material contract or transaction into which we have entered or propose to enter may be required to absent himself or herself from the meeting while discussions and voting with respect to the matter are taking place. Directors will also be required to comply with certain other relevant provisions of the BCBCA regarding conflicts of interest.

Directors’ power to determine the remuneration of directors. The remuneration of our directors, if any, may be determined by our directors subject to our articles. The remuneration may be in addition to any salary or other remuneration paid to any of our employees (including executive officers) who are also directors.

Number of shares required to be owned by a director. Neither our articles nor the BCBCA provide that a director is required to hold any of our shares as a qualification for holding his or her office. Our board of directors has discretion to prescribe minimum share ownership requirements for directors.

Issuance of Additional Multiple Voting Shares
We may not issue multiple voting shares without the approval of at least two-thirds of the votes cast at a meeting of the holders of subordinate voting shares duly held for that purpose. However, approval is not required in connection with a subdivision or consolidation on a pro rata basis as between the subordinate voting shares and the multiple voting shares.

Subdivision or Consolidation
No subdivision or consolidation of the subordinate voting shares or the multiple voting shares may be carried out unless, at the same time, the multiple voting shares or the subordinate voting shares, as the case may be, are subdivided or consolidated in the same manner and on the same basis.

Certain Amendments and Change of Control
In addition to any other voting right or power to which the holders of subordinate voting shares shall be entitled by law or regulation or other provisions of our articles from time to time in effect, but subject to the provisions of our articles, holders of subordinate voting shares shall be entitled to vote separately as a class, in addition to any other vote of our shareholders that may be required, in respect of any alteration, repeal or amendment of our articles which would adversely affect the rights or special rights of the holders of subordinate voting shares or affect the holders of subordinate voting shares and multiple voting shares differently, on a per share basis, including an amendment to our articles that provide that any multiple voting shares sold or transferred to a Person that is not a Permitted Holder shall be automatically converted into subordinate voting shares.
Pursuant to our articles, holders of subordinate voting shares and multiple voting shares will be treated equally and identically, on a per share basis, in certain change of control transactions that require approval of our shareholders under the BCBCA, unless different treatment of the shares of each such class is approved by a majority of the votes cast by the holders of our subordinate voting shares and multiple voting shares, each voting separately as a class.

Our articles do not otherwise contain any change of control limitations with respect to a merger, acquisition or corporate restructuring that involves us.

**Shareholder Meetings**

Subject to applicable stock exchange requirements, we must hold a general meeting of our shareholders at least once every year at a time and place determined by our board of directors, provided that the meeting must not be held later than 15 months after the preceding annual general meeting. A meeting of our shareholders may be held anywhere in or outside British Columbia.

A notice to convene a meeting, specifying the date, time and location of the meeting, and, where a meeting is to consider special business, the general nature of the special business must be sent to each shareholder entitled to attend the meeting and to each director not less than 21 days and no more than 60 days prior to the meeting, although, as a result of applicable securities laws, the minimum time for notice is effectively longer in most circumstances. Under the BCBCA, shareholders entitled to notice of a meeting may waive or reduce the period of notice for that meeting, provided applicable securities laws are met. The accidental omission to send notice of any meeting of shareholders to, or the non-receipt of any notice by, any person entitled to notice does not invalidate any proceedings at that meeting.

A quorum for meetings of shareholders is present if shareholders who, in the aggregate, hold at least 25% of the issued shares plus at least a majority of multiple voting shares entitled to be voted at the meeting are present in person or represented by proxy. If a quorum is not present at the opening of any meeting of shareholders, the meeting stands adjourned to the same day in the next week at the same time and place, unless the meeting was requisitioned by shareholders, in which case the meeting is dissolves.

Holders of our subordinate voting shares and multiple voting shares are entitled to attend and vote at meetings of our shareholders except meetings at which only holders of a particular class are entitled to vote. Except as otherwise provided with respect to any particular series of preferred shares, and except as otherwise required by law, the holders of our preferred shares are not entitled as a class to receive notice of, or to attend or vote at any meetings of our shareholders. Our directors, our secretary (if any), our auditor and any other persons invited by our chairman or directors or with the consent of those at the meeting are entitled to attend any meeting of our shareholders but will not be counted in the quorum or be entitled to vote at the meeting unless he or she is a shareholder or proxyholder entitled to vote at the meeting.

**Shareholder Proposals and Advance Notice Procedures**

Under the BCBCA, qualified shareholders holding at least one percent (1%) of our issued voting shares may make proposals for matters to be considered at the annual general meeting of shareholders. Such proposals must be sent to us in advance of any proposed meeting by delivering a timely written notice in proper form to our registered office in accordance with the requirements of the BCBCA. The notice must include information on the business the shareholder intends to bring before the meeting. To be a qualified shareholder, a shareholder must currently be and have been a registered or beneficial owner of at least one share of the company for at least two years before the date of signing the proposal.

We have included certain advance notice provisions with respect to the election of our directors in our articles (the “Advance Notice Provisions”). The Advance Notice Provisions are intended to: (i) facilitate orderly and
efficient annual general meetings or, where the need arises, special meetings; and (iii) allow shareholders to register an informed vote. Only persons who are nominated in accordance with the Advance Notice Provisions will be eligible for election as directors at any annual meeting of shareholders, or at any special meeting of shareholders if one of the purposes for which the special meeting was called was the election of directors.

Under the Advance Notice Provisions, a shareholder wishing to nominate a director would be required to provide us notice, in the prescribed form, within the prescribed time periods. These time periods include, (i) in the case of an annual meeting of shareholders (including annual and special meetings), not less than 30 days prior to the date of the annual meeting of shareholders; provided, that if the first public announcement of the date of the annual meeting of shareholders (the “Notice Date”) is less than 50 days before the meeting date, not later than the close of business on the 10th day following the Notice Date; and (ii) in the case of a special meeting (which is not also an annual meeting) of shareholders called for any purpose which includes electing directors, not later than the close of business on the 15th day following the Notice Date, provided that, in either instance, if notice-and-access (as defined in National Instrument 54-101—Communication with Beneficial Owners of Securities of a Reporting Issuer) is used for delivery of proxy related materials in respect of a meeting described above, and the Notice Date in respect of the meeting is not less than 50 days prior to the date of the applicable meeting, the notice must be received not later than the close of business on the 40th day before the applicable meeting.

These provisions could have the effect of delaying until the next shareholder meeting the nomination of certain persons for director that are favored by the holders of a majority of our outstanding voting securities.

Take-Over Bid Protection

Under applicable securities laws in Canada, an offer to purchase multiple voting shares would not necessarily require that an offer be made to purchase subordinate voting shares. In accordance with the rules of the TSX designed to ensure that, in the event of a take-over bid, the holders of subordinate voting shares will be entitled to participate on an equal footing with holders of multiple voting shares, the holders of multiple voting shares upon completion of this offering will enter into a customary coattail agreement with us and a trustee (the “Coattail Agreement”). The Coattail Agreement will contain provisions customary for dual-class, TSX-listed corporations designed to prevent transactions that otherwise would deprive the holders of subordinate voting shares of rights under applicable securities laws in Canada to which they would have been entitled if the multiple voting shares had been subordinate voting shares.

The undertakings in the Coattail Agreement will not apply to prevent a sale by the holders of multiple voting shares or their Permitted Holders of multiple voting shares if concurrently an offer is made to purchase subordinate voting shares that:

(a) offers a price per subordinate voting share at least as high as the highest price per share to be paid pursuant to the take-over bid for the multiple voting shares;

(b) provides that the percentage of outstanding subordinate voting shares to be taken up (exclusive of shares owned immediately prior to the offer by the offeror or persons acting jointly or in concert with the offeror) is at least as high as the percentage of multiple voting shares to be sold (exclusive of multiple voting shares owned immediately prior to the offer by the offeror and persons acting jointly or in concert with the offeror);

(c) has no condition attached other than the right not to take up and pay for subordinate voting shares tendered if no shares are purchased pursuant to the offer for multiple voting shares; and

(d) is in all other material respects identical to the offer for multiple voting shares.

In addition, the Coattail Agreement will not prevent the transfer of multiple voting shares to Permitted Holders, provided such transfer is not or would not have been subject to the requirements to make a take-over bid (if the
vendor or transferee were in Canada) or constitutes or would be exempt from certain requirements applicable to take-over bids under applicable securities laws in Canada. The conversion of multiple voting shares into subordinate voting shares, whether or not such subordinate voting shares are subsequently sold, would not constitute a disposition of multiple voting shares for the purposes of the Coattail Agreement.

Under the Coattail Agreement, any sale of multiple voting shares by a holder of multiple voting shares party to the Coattail Agreement will be conditional upon the transferee becoming a party to the Coattail Agreement, to the extent such transferred multiple voting shares are not automatically converted into subordinate voting shares in accordance with our articles.

The Coattail Agreement will contain provisions for authorizing action by the trustee to enforce the rights under the Coattail Agreement on behalf of the holders of the subordinate voting shares. The obligation of the trustee to take such action will be conditional on us or holders of the subordinate voting shares providing such funds and indemnity as the trustee may reasonably require. No holder of subordinate voting shares will have the right, other than through the trustee, to institute any action or proceeding or to exercise any other remedy to enforce any rights arising under the Coattail Agreement unless the trustee fails to act on a request authorized by holders of not less than 10% of the outstanding subordinate voting shares and reasonable funds and indemnity have been provided to the trustee.

Other than in respect of non-material amendments and waivers that do not adversely affect the interests of holders of subordinate voting shares, the Coattail Agreement will provide that, among other things, it may not be amended, and no provision thereof may be waived, unless, prior to giving effect to such amendment or waiver, the following have been obtained: (a) the consent of the TSX and any other applicable securities regulatory authority in Canada; and (b) the approval of at least two-thirds of the votes cast by holders of subordinate voting shares represented at a meeting duly called for the purpose of considering such amendment or waiver, excluding votes attached to subordinate voting shares held by the holders of multiple voting shares or their affiliates and related parties and any persons who have an agreement to purchase multiple voting shares on terms which would constitute a sale or disposition for purposes of the Coattail Agreement, other than as permitted thereby.

No provision of the Coattail Agreement will limit the rights of any holders of subordinate voting shares under applicable law.

**Forum Selection**

We have included a forum selection provision in our articles that provides that, unless we consent in writing to the selection of an alternative forum, the Superior Court of Justice of the Province of Ontario, Canada and the appellate courts therefrom, will be the sole and exclusive forum for (i) any derivative action or proceeding brought on our behalf; (ii) any action or proceeding asserting a claim of breach of a fiduciary duty owed by any of our directors, officers, or other employees to us; (iii) any action or proceeding asserting a claim arising pursuant to any provision of the BCBCA or our articles; or (iv) any action or proceeding asserting a claim otherwise related to the relationships among us, our affiliates and their respective shareholders, directors and/or officers, but excluding claims related to our business or such affiliates. The forum selection provision also provides that our securityholders are deemed to have consented to personal jurisdiction in the Province of Ontario and to service of process on their counsel in any foreign action initiated in violation of the foregoing provisions.

**Limitation of Liability and Indemnification**

Under the BCBCA, a company may indemnify: (i) a current or former director or officer of that company; (ii) a current or former director or officer of another corporation if, at the time such individual held such office, the corporation was an affiliate of the company, or if such individual held such office at the company’s request; or (iii) an individual who, at the request of the company, held, or holds, an equivalent position in another entity (an
against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by him or her in respect of any civil, criminal, administrative or other legal proceeding or investigative action (whether current, threatened, pending or completed) in which he or she is involved because of that person’s position as an indemnifiable person, unless: (i) the individual did not act honestly and in good faith with a view to the best interests of such company or the other entity, as the case may be; or (ii) in the case of a proceeding other than a civil proceeding, the individual did not have reasonable grounds for believing that the individual’s conduct was lawful. A company cannot indemnify an indemnifiable person if it is prohibited from doing so under its articles or by applicable law. A company may pay, as they are incurred in advance of the final disposition of an eligible proceeding, the expenses actually and reasonably incurred by an indemnifiable person in respect of that proceeding only if the indemnifiable person has provided an undertaking that, if it is ultimately determined that the payment of expenses was prohibited, the indemnifiable person will repay any amounts advanced. Subject to the aforementioned prohibitions on indemnification, a company must, after the final disposition of an eligible proceeding, pay the expenses actually and reasonably incurred by an indemnifiable person in respect of such eligible proceeding if such indemnifiable person has not been reimbursed for such expenses, and was wholly successful, on the merits or otherwise, in the outcome of such eligible proceeding or was substantially successful on the merits in the outcome of such eligible proceeding. On application from an indemnifiable person, a court may make any order the court considers appropriate in respect of an eligible proceeding, including the indemnification of penalties imposed or expenses incurred in any such proceedings and the enforcement of an indemnification agreement. As permitted by the BCBCA, our articles require us to indemnify our directors, officers, former directors or officers (and such individual’s respective heirs and legal representatives) and permit us to indemnify any person to the extent permitted by the BCBCA.

Transfer Agent and Registrar
The transfer agent and registrar for our subordinate voting shares in the United States is Computershare Trust Company, N.A. at its principal office in Canton, Massachusetts, and in Canada is Computershare Investor Services Inc. at its principal office in Toronto, Ontario.

Ownership and Exchange Controls
There is no limitation imposed by Canadian law or by our articles on the right of a non-resident to hold or vote our subordinate voting shares or multiple voting shares, other than discussed below.

Competition Act
Limitations on the ability to acquire and hold our subordinate voting shares and multiple voting shares may be imposed by the Competition Act (Canada). This legislation permits the Commissioner of Competition, or Commissioner, to review any acquisition or establishment, directly or indirectly, including through the acquisition of shares, of control over or of a significant interest in us. This legislation grants the Commissioner jurisdiction, for up to one year after the acquisition has been substantially completed, to challenge this type of acquisition by seeking a remedial order, including an order to prohibit the acquisition or require divestitures, from the Canadian Competition Tribunal, which may be granted where the Competition Tribunal finds that the acquisition substantially prevents or lessens, or is likely to substantially prevent or lessen, competition.

This legislation also requires any person or persons who intend to acquire more than 20% of our voting shares or, if such person or persons already own more than 20% of our voting shares prior to the acquisition, more than 50% of our voting shares, to file a notification with the Canadian Competition Bureau if certain financial thresholds are exceeded. Where a notification is required, unless an exemption is available, the legislation prohibits completion of the acquisition until the expiration of the applicable statutory waiting period, unless the Commissioner either waives or terminates such waiting period or issues an advance ruling certificate. The Commissioner’s review of a notifiable transaction for substantive competition law considerations may take longer than the statutory waiting period.
The Investment Canada Act requires each “non Canadian” (as defined in the Investment Canada Act) who acquires “control” of an existing “Canadian business,” to file a notification in prescribed form with the responsible federal government department or departments not later than 30 days after closing, provided the acquisition of control is not a reviewable transaction under the Investment Canada Act. Subject to certain exemptions, a transaction that is reviewable under the Investment Canada Act may not be implemented until an application for review has been filed and the responsible Minister of the federal cabinet has determined that the investment is likely to be of “net benefit to Canada” taking into account certain factors set out in the Investment Canada Act. Under the Investment Canada Act, an investment in our subordinate voting shares or multiple voting shares by a non-Canadian who is a World Trade Organization member country investor, including a United States investor would be reviewable only if it were an investment to acquire control of us pursuant to the Investment Canada Act and our enterprise value (as determined pursuant to the Investment Canada Act and its regulations) was equal to or greater than $600 million for a transaction closing prior to April 24, 2017 and $800 million for a transaction closing on or after April 24, 2017. Under Bill C-30, the enterprise value threshold will increase on a date to be determined to $1.5 billion for “trade agreement investors.” The federal government announced on November 1, 2016 in the 2016 Fall Economic Statement that for other investors who are not state-owned enterprises the threshold will increase in 2017 to $1 billion.

The Investment Canada Act contains various rules to determine if there has been an acquisition of control. Generally, for purposes of determining whether an investor has acquired control of a corporation by acquiring shares, the following general rules apply, subject to certain exceptions: the acquisition of a majority of the undivided ownership interests in the voting shares of the corporation is deemed to be acquisition of control of that corporation; the acquisition of less than a majority, but one-third or more, of the voting shares of a corporation or of an equivalent undivided ownership interest in the voting shares of the corporation is presumed to be acquisition of control of that corporation unless it can be established that, on the acquisition, the corporation is not controlled in fact by the acquire through the ownership of voting shares; and the acquisition of less than one third of the voting shares of a corporation or of an equivalent undivided ownership interest in the voting shares of the corporation is deemed not to be acquisition of control of that corporation.

Under the national security review regime in the Investment Canada Act, review on a discretionary basis may also be undertaken by the federal government in respect to a much broader range of investments by a non-Canadian to “acquire, in whole or part, or to establish an entity carrying on all or any part of its operations in Canada.” No financial threshold applies to a national security review. The relevant test is whether such investment by a non-Canadian could be “injurious to national security.” The responsible ministers have broad discretion to determine whether an investor is a non-Canadian and therefore subject to national security review. Review on national security grounds is at the discretion of the responsible ministers, and may occur on a pre- or post-closing basis.

Certain transactions relating to our subordinate voting shares and multiple voting shares will generally be exempt from the Investment Canada Act, subject to the federal government’s prerogative to conduct a national security review, including:

- the acquisition of our subordinate voting shares and multiple voting shares by a person in the ordinary course of that person’s business as a trader or dealer in securities;
- the acquisition of control of us in connection with the realization of security granted for a loan or other financial assistance and not for any purpose related to the provisions of the Investment Canada Act; and
- the acquisition of control of us by reason of an amalgamation, merger, consolidation or corporate reorganization following which the ultimate direct or indirect control in fact of us, through ownership of our subordinate voting shares and multiple voting shares, remains unchanged.

Other
There is no law, governmental decree or regulation in Canada that restricts the export or import of capital, or that would affect the remittance of dividends (if any) or other payments by us to non-resident holders of our subordinate voting shares and multiple voting shares, other than withholding tax requirements.

Listing
We have applied for listing of our subordinate voting shares on the NYSE and on the TSX under the symbol “GOOS.” Our subordinate voting shares will trade in U.S. dollars on the NYSE and in Canadian dollars on the TSX.

Options to Purchase Securities
We have previously granted options under the Legacy Option Plan. The following table shows the aggregate number of options outstanding as at February 6, 2017, including after giving effect to the Recapitalization. As a result of the reorganization of our share capital completed as part of the Recapitalization, all of the outstanding options to acquire Class B Common Shares and Class A Junior Preferred Shares under the Legacy Option Plan became options to acquire Class A Common Shares under the Legacy Option Plan. See “Recapitalization.”

As described herein, in connection with this offering we will amend our articles in order to amend and redesignate our Class A Common Shares as multiple voting shares and create our subordinate voting shares. As of such time, the Legacy Option Plan will be amended such that options to acquire Class A Common Shares will constitute options to purchase an equal number of subordinate voting shares at the same exercise price. The terms and conditions of the Legacy Option Plan are described under “Executive Compensation—Equity Incentive Plans—Legacy Option Plan.”

Prior Sales
The following table summarizes the issuance by Canada Goose Holdings Inc. of the securities of the class distributed under this prospectus and of securities that are convertible or exchangeable into securities of the class distributed under this prospectus during the 12-month period preceding the date of this prospectus. As part of the Recapitalization, all of our outstanding Class A Common Shares, Class B Common Shares, Class A Senior Preferred Shares, Class B Senior Preferred Shares, Class A Junior Preferred Shares and Class B Junior Preferred Shares were subdivided, repurchased for cancellation or exchanged, as applicable, and all of the outstanding options to acquire Class B Common Shares and Class A Junior Preferred Shares under the Legacy Option Plan became options to acquire Class A Common Shares under the
Legacy Option Plan. Prior to the closing of this offering, the Legacy Option Plan will be amended such that options to acquire Class A Common Shares will constitute options to purchase an equal number of subordinate voting shares at the same exercise price. Upon completion of this offering, our share capital will consist of an unlimited number of multiple voting shares and subordinate voting shares and an unlimited number of preferred shares, issuable in series (none outstanding). Comparison of Shareholder Rights

We are a corporation governed by the BCBCA. The following discussion summarizes material differences between the rights of holders of our subordinate voting shares and multiple voting shares and the rights of holders of the common stock of a typical corporation incorporated under the laws of the state of Delaware, which result from differences in governing documents and the laws of British Columbia and Delaware. This summary is qualified in its entirety by reference to the Delaware General Corporation Law, or the DGCL, the BCBCA, and our articles (as used herein, reference to our articles are to such articles as they will be amended in connection with this offering).

<td>Under the DGCL, certain fundamental changes such as amendments to the certificate of incorporation, a merger, consolidation, sale, lease, exchange or other disposition of all or substantially all of the property of a corporation not in the usual and regular course of the corporation’s business, or a dissolution of the corporation, are generally required to be approved by the holders of a majority of the outstanding stock entitled to vote on the matter, unless the certificate of incorporation requires a higher percentage.</td>

<td>However, under the DGCL, mergers in which less than 20% of a corporation’s stock outstanding immediately prior to the effective date of the merger is issued generally do not require stockholder approval. In certain situations, the approval of a business combination may require approval by a certain number of the holders of a class or series of shares. In addition, Section 251(h) of the DGCL provides that stockholders of a constituent corporation need not vote to approve a merger if: (i) the merger agreement permits or requires the merger to be effected under Section 251(h) and provides that the merger shall be effected as soon as practicable following the tender offer or exchange offer, (ii) a corporation consummates a tender or exchange offer for any and all of the outstanding stock of such constituent corporation that would otherwise be entitled to vote to approve the merger, (iii) following the consummation of the offer, the stock</td>

| Under the BCBCA and our articles, certain extraordinary company alterations, such as changes to authorized share structure, continuances, into or out of province, certain amalgamations, sales, leases or other dispositions of all or substantially all of the undertaking of a company (other than in the ordinary course of business) liquidations, dissolutions, and certain arrangements are required to be approved by ordinary or special resolution as applicable. |
| An ordinary resolution is a resolution (i) passed at a shareholders’ meeting by a simple majority, or (ii) passed, after being submitted to all of the shareholders, by being consented to in writing by shareholders who, in the aggregate, hold shares carrying at least two-thirds of the votes entitled to be cast on the resolution. |
| A special resolution is a resolution (i) passed by not less than two-thirds of the votes cast by the shareholders who voted in respect of the resolution at a meeting duly called and held for that purpose or (ii) passed by being consented to in writing by all shareholders entitled to vote on the resolution. |

Holders of multiple voting shares and subordinate voting shares vote together at all meetings of shareholders except meetings at which only holders of a particular class are entitled to vote.
accepted for purchase or exchanges plus the stock owned by the consummating corporation equals at least the percentage of stock that would be required to adopt the agreement of merger under the DGCL, (iv) the corporation consummating the offer merges with or into such constituent corporation and (v) each outstanding share of each class or series of stock of the constituent corporation that was the subject of and not irrevocably accepted for purchase or exchange in the offer is to be converted in the merger into, or the right to receive, the same consideration to be paid for the shares of such class or series of stock of the constituent corporation irrevocably purchased or exchanged in such offer.

The DGCL does not contain a procedure comparable to a plan of arrangement under BCBCA.

Under the BCBCA, an action that prejudices or interferes with a right or special right attached to issued shares of a class or series of shares must be approved by a special separate resolution of the holders of the class or series of shares being affected. Under the BCBCA, arrangements are permitted and a company may make any proposal it considers appropriate “despite any other provision” of the BCBCA. In general, a plan of arrangement is approved by a company’s board of directors and then is submitted to a court for approval. It is customary for a company in such circumstances to apply to a court initially for an interim order governing various procedural matters prior to calling any security holder meeting to consider the proposed arrangement. Plans of arrangement involving shareholders must be approved by a special resolution of shareholders, including holders of shares not normally entitled to vote. The court may, in respect of an arrangement proposed with persons other than shareholders and creditors, require that those persons approve the arrangement in the manner and to the extent required by the court. The court determines, among other things, to whom notice shall be given and whether, and in what manner, approval of any person is to be obtained and also determines whether any shareholders may dissent from the proposed arrangement and receive payment of the fair value of their shares. Following compliance with the procedural steps contemplated in any such interim order (including as to obtaining security holder approval), the court would conduct a final hearing, which would, among other things, assess the fairness of the arrangement and approve or reject the proposed arrangement.

The BCBCA does not contain a provision comparable to Section 251(h) of the DGCL.

<td>Section 203 of the DGCL provides (in general) that a corporation may not engage in a business combination with an interested stockholder for a period of three years after the time of the transaction in which the person became an interested stockholder. The prohibition on business combinations with interested stockholders does not apply in some cases, including if: (i) the board of directors of the corporation, prior to the time of the transaction in which the person became an interested stockholder, approves (a) the business combination or (b) the transaction in which the stockholder becomes an interested stockholder; (ii) upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced; or (iii) the board of directors and the holders of at least two-thirds of the outstanding voting stock not owned by the interested stockholder approve the business combination on or after the time of the transaction in which the person became an interested stockholder. For the purpose of Section 203, the DGCL, subject to specified exceptions, generally defines an interested stockholder to include any person who, together with that person’s affiliates or associates, (i) owns 15% or more of the outstanding voting stock of the corporation (including any rights to acquire stock pursuant to an option, warrant, agreement, arrangement or understanding, or upon the exercise of conversion or exchange rights, and stock with respect to which the person has voting rights only), or (ii) is an affiliate or associate of the corporation and owned 15% or more of the outstanding voting stock of the corporation at any time within the previous three years.</td>

Appraisal Rights; Rights to Dissent

Under the DGCL, a stockholder of a corporation participating in some types of major corporate transactions may, under varying circumstances, be entitled to appraisal rights pursuant to which the stockholder may receive cash in the amount of the fair market value of his or her shares in lieu of the consideration he or she would otherwise receive in the transaction.

For example, a stockholder is entitled to appraisal rights in the case of a merger or consolidation if the shareholder is required to accept in exchange for the shares anything other than: (i) shares of stock of the corporation surviving or resulting from the merger or consolidation, or depository receipts in respect thereof; (ii) shares of any other corporation, or depository receipts in respect thereof, that on the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 shareholders; (iii) cash instead of fractional shares of the corporation or fractional depository receipts of the corporation; or (iv) any combination of the shares of stock, depository receipts and cash instead of the fractional shares or fractional depository receipts.

Compulsory Acquisition

Under the DGCL, mergers in which one corporation owns 90% or more of each class of stock of a second corporation may be completed without the vote of the second corporation’s board of directors or shareholders.

British Columbia

The BCBCA provides that shareholders of a company are entitled to exercise dissent rights in respect of certain matters and to be paid the fair value of their shares in connection therewith. The dissent right is applicable where the company resolves to (i) alter its articles to alter the restrictions on the powers of the company or on the business it is permitted to carry on; (ii) approve certain amalgamations; (iii) approve an arrangement, where the terms of the arrangement or court orders relating thereto permit dissent; (iv) sell, lease or otherwise dispose of all or substantially all of its undertaking; or (v) continue the company into another jurisdiction.

Dissent may also be permitted if authorized by resolution. A court may also make an order permitting a shareholder to dissent in certain circumstances.

The BCBCA provides that if, within 4 months after the making of an offer to acquire shares, or any class of shares, of a company, the offer is accepted by the holders of not less than 90% of the shares (other than the shares held by the offeror or an affiliate of the offeror) of any class of shares to which the offer relates, the offeror is entitled, upon giving proper notice within 5 months after the date of the offer, to acquire (on the same terms on which the offeror acquired shares from those holders of shares who accepted the offer) the shares held by those holders of shares of that class who did not accept the offer. Offerees may apply to the court, within 2 months of receiving

**Stockholder/Shareholder Consent to Action Without Meeting**

Under the DGCL, unless otherwise provided in the certificate of incorporation, any action that can be taken at a meeting of the stockholders may be taken without a meeting if written consent to the action is signed by the holders of outstanding stock having not less than the minimum number of votes necessary to authorize or take the action at a meeting of the stockholders.

**Special Meetings of Stockholders/Shareholders**

Under the DGCL, a special meeting of shareholders may be called by the board of directors or by such persons authorized in the certificate of incorporation or the bylaws.

**Distributions and Dividends; Repurchases and Redemptions**

Under the DGCL, subject to any restrictions contained in the certificate of incorporation, a corporation may pay dividends out of capital surplus or, if there is no surplus, out of net profits for the current and/or the preceding fiscal year in which the dividend is declared, as long as the amount of capital of the corporation following the

**notice, and the court may set a different price or terms of payment and may make any consequential orders or directions as it considers appropriate.**

Although it is not customary for public companies to do so, under the BCBCA, shareholder action without a meeting may be taken by a consent resolution of shareholders provided that it satisfies the thresholds for approval in a company’s articles, the BCBCA and the regulations thereunder. A consent resolution is as valid and effective as if it was a resolution passed at a meeting of shareholders.

**Under the BCBCA, the holders of not less than 5% of the issued shares of a company that carry the right to vote at a general meeting may requisition that the directors call a meeting of shareholders for the purpose of transacting any business that may be transacted at a general meeting. Upon receiving a requisition that complies with the technical requirements set out in the BCBCA, the directors must, subject to certain limited exceptions, call a meeting of shareholders to be held not more than 4 months after receiving the requisition. If the directors do not call such a meeting within 21 days after receiving the requisition, the requisitioning shareholders or any of them holding in aggregate not less than 2.5% of the issued shares of the company that carry the right to vote at general meetings may call the meeting.**

Under the BCBCA, a company may pay a dividend in money or other property unless there are reasonable grounds for believing that the company is insolvent, or the payment of the dividend would render the company insolvent.
Delaware

Declaration and payment of the dividend is not less than the aggregate amount of the capital represented by issued and outstanding shares having a preference upon the distribution of assets. Surplus is defined in the DGCL as the excess of the net assets over capital, as such capital may be adjusted by the board.

A Delaware corporation may purchase or redeem shares of any class except when its capital is impaired or would be impaired by the purchase or redemption. A corporation may, however, purchase or redeem out of capital shares that are entitled upon any distribution of its assets to a preference over another class or series of its shares if the shares are to be retired and the capital reduced.

British Columbia

The BCBCA provides that no special rights or restrictions attached to a series of any class of shares confer on the series a priority in respect of dividends or return of capital over any other series of shares of the same class.

Under the BCBCA, the purchase or other acquisition by a company of its shares is generally subject to solvency tests similar to those applicable to the payment of dividends (as set out above). Our company is permitted, under its articles, to acquire any of its shares, subject to the special rights and restrictions attached to such class or series of shares and the approval of its board of directors.

Under the BCBCA, subject to solvency tests similar to those applicable to the payment of dividends (as set out above), a company may redeem, on the terms and in the manner provided in its articles, any of its shares that has a right of redemption attached to it. Our subordinate voting shares and multiple voting shares are not subject to a right of redemption.

Vacancies on Board of Directors

Under the DGCL, a vacancy or a newly created directorship may be filled by a majority of the directors then in office, although less than a quorum, or by the sole remaining director, unless otherwise provided in the certificate of incorporation or bylaws. Any newly elected director usually holds office for the remainder of the full term expiring at the annual meeting of stockholders at which the term of the class of directors to which the newly elected director has been elected expires.

Under the BCBCA and our articles, a vacancy among the directors created by the removal of a director may be filled by the shareholders at the meeting at which the director is removed or, if not filled by the shareholders at such meeting, by the shareholders or by the remaining directors. In the case of a casual vacancy, the remaining directors may fill the vacancy. Under the BCBCA, directors may increase the size of the board of directors by one third of the number of current directors.

Under the BCBCA and our articles, if as a result of one or more vacancies, the number of directors in office falls below the number required for a quorum, the remaining directors may appoint as directors the number of individuals that, when added to the

Indemnification of Directors and Officers

Under the DGCL, subject to specified limitations in the case of derivative suits brought by a corporation’s stockholders in its name, a corporation may indemnify any person who is made a party to any action, suit or proceeding on account of being a director, officer, employee or agent of the corporation (or was serving at the request of the corporation in such capacity for another corporation, partnership, joint venture, trust or other enterprise) against expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him or her in connection with the action, suit or proceeding, provided that there is a determination that: (i) the individual acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the corporation; and (ii) in a criminal action or proceeding, the individual

Under the BCBCA, a company may indemnify: (i) a current or former director or officer of that company; (ii) a current or former director or officer of another corporation if, at the time such individual held such office, the corporation was an affiliate of the company, or if such individual held such office at the company’s request; or (iii) an indemnifiable person (as defined in the “Description of Share Capital” section above) against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by him or her in respect of any civil, criminal, administrative or other legal proceeding or investigative action (whether current, threatened, pending or completed) in which he or she is involved because of that person’s position as an indemnifiable person, unless: (i) the individual did not act honestly and in good faith with a view
had no reasonable cause to believe his or her conduct was unlawful.

Without court approval, however, no indemnification may be made in respect of any derivative action in which an individual is adjudged liable to the corporation, except to the extent the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity.

The DGCL requires indemnification of directors and officers for expenses (including attorneys’ fees) actually and reasonably relating to a successful defense on the merits or otherwise of a derivative or third-party action.

Under the DGCL, a corporation may advance expenses relating to the defense of any proceeding to directors and officers upon the receipt of an undertaking by or on behalf of the individual to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified.

to the best interests of such company or the other entity, as the case may be; or (ii) in the case of a proceeding other than a civil proceeding, the individual did not have reasonable grounds for believing that the individual’s conduct was lawful. A company cannot indemnify an indemnifiable person if it is prohibited from doing so under its articles. In addition, a company must not indemnify an indemnifiable person in proceedings brought against the indemnifiable person by or on behalf of the company or an associated company. A company may pay, as they are incurred in advance of the final disposition of an eligible proceeding, the expenses actually and reasonably incurred by an indemnifiable person in respect of that proceeding only if the indemnifiable person has provided an undertaking that, if it is ultimately determined that the payment of expenses was prohibited, the indemnifiable person will repay any amounts advanced. Subject to the aforementioned prohibitions on indemnification, a company must, after the final disposition of an eligible proceeding, pay the expenses actually and reasonably incurred by an indemnifiable person in respect of such eligible proceeding if such indemnifiable person has not been reimbursed for such expenses, and was wholly successful, on the merits or otherwise, in the outcome of such eligible proceeding or was substantially successful on the merits in the outcome of such eligible proceeding. On application from an indemnifiable person, a court may make any order the court considers appropriate in respect of an eligible proceeding, including the indemnification of penalties imposed or expenses incurred in any such proceedings and the enforcement of an indemnification agreement.
Limited Liability of Directors

The DGCL permits the adoption of a provision in a corporation’s certificate of incorporation limiting or eliminating the monetary liability of a director to a corporation or its shareholders by reason of a director’s breach of the fiduciary duty of care. The DGCL does not permit any limitation of the liability of a director for: (i) breaching the duty of loyalty to the corporation or its shareholders; (ii) acts or omissions not in good faith; (iii) engaging in intentional misconduct or a known violation of law; (iv) obtaining an improper personal benefit from the corporation; or (v) paying a dividend or approving a stock repurchase that was illegal under applicable law.

Under the BCBCA, a director or officer of a company must (i) act honestly and in good faith with a view to the best interests of the company; (ii) exercise the care, diligence and skill that a reasonably prudent individual would exercise in comparable circumstances; (iii) act in accordance with the BCBCA and the regulations thereunder; and (iv) subject to (i) to (iii), act in accordance with the articles of the company. These statutory duties are in addition to duties under common law and equity.

No provision in a contract or the articles of a company may relieve a director or officer of a company from the above duties.

Under the BCBCA, a director is not liable for certain acts if the director has otherwise complied with his or her duties and relied, in good faith, on (i) financial statements of the company represented to the director by an officer of the company or in a written report of the auditor of the company to fairly reflect the financial position of the company, (ii) a written report of a lawyer, accountant, engineer, appraiser or other person whose profession lends credibility to a statement made by that person, (iii) a statement of fact represented to the director by an officer of the company to be correct, or (iv) any record, information or representation that the court considers provides reasonable grounds for the actions of the director, whether or not that record was forged, fraudulently made or inaccurate or that information or representation was fraudulently

In addition, the special rights or restrictions attached to shares of a series of shares must be consistent with the special rights or restrictions attached to the class of shares of which the series of shares is part.

Advance Notification Requirements for Proposals of Stockholders/Shareholders

Delaware corporations typically have provisions in their bylaws that require a stockholder proposing a nominee for election to the board of directors or other proposals at an annual or special meeting of the stockholders to provide notice of any such proposals to the secretary of the corporation in advance of the meeting for any such proposal to be brought before the meeting of the stockholders. In addition, advance notice bylaws frequently require the stockholder nominating a person for election to the board of directors to provide information about the nominee, such as his or her age, address, employment and beneficial ownership of shares of the corporation’s capital stock. The stockholder may also be required to disclose, among other things, his or her name, share ownership and agreement, arrangement or understanding with respect to such nomination.

Under the BCBCA, qualified shareholders holding at least one percent (1%) of our issued voting shares or whose shares have a fair market value in excess of $2,000 in the aggregate may make proposals for matters to be considered at the annual general meeting of shareholders. Such proposals must be sent to us in advance of any proposed meeting by delivering a timely written notice in proper form to our registered office in accordance with the requirements of the BCBCA. The notice must include information on the business the shareholder intends to bring before the meeting. To be a qualified shareholder, a shareholder must currently be and have been a registered or beneficial owner of at least one share of the company for at least 2 years before the date of signing the proposal.

If the proposal and a written statement in support of the proposal (if any) are submitted at least three months before
For other proposals, the proposing stockholder is often required by the bylaws to provide a description of the proposal and any other information relating to such stockholder or beneficial owner, if any, on whose behalf that proposal is being made, required to be disclosed in a proxy statement or other filings required to be made in connection with solicitation of proxies for the proposal and pursuant to and in accordance with the Exchange Act and the rules and regulations promulgated thereunder.

In certain circumstances, the company may refuse to process a proposal.

We have included Advance Notice Provisions (as defined in the “Description of Share Capital” section above) in our articles. Under the Advance Notice Provisions, a shareholder wishing to nominate a director would be required to provide us notice, in the prescribed form, within the prescribed time periods.
Shares Eligible for Future Sale

Before this offering, there has been no public market for our subordinate voting shares. As described below, only a limited number of subordinate voting shares currently outstanding will be available for sale immediately after this offering due to contractual and legal restrictions on resale. Nevertheless, future sales of substantial amounts of our subordinate voting shares, including subordinate voting shares issuable upon the conversion of multiple voting shares or upon the exercise of outstanding options, in the public market after this offering, or the perception that those sales may occur, could cause the prevailing market price for our subordinate voting shares to fall or impair our ability to raise capital through sales of our equity securities.

Upon the closing of this offering, we will have outstanding 20,000,000 subordinate voting shares, after giving effect to the issuance of 7,149,000 subordinate voting shares in this offering and sale by the selling shareholders of 12,851,000 shares in this offering, assuming no exercise by the underwriters of the over-allotment option, and no exercise of options outstanding as of March 1, 2017. Based on the same assumptions, upon the closing of this offering, we will have outstanding 87,149,000 multiple voting shares. The subordinate voting shares issuable upon the conversion of the multiple voting shares that will be held by certain of our existing shareholders upon closing of this offering will be available for sale in the public market after the expiration or waiver of the lock-up arrangements described below, subject to limitations imposed by U.S. and Canadian securities laws on resale by our affiliates.

We expect that the all of the subordinate voting shares to be sold in this offering will be freely tradable without restriction under the Securities Act unless purchased by our “affiliates,” as that term is defined in Rule 144 under the Securities Act. Shares purchased by our affiliates may not be resold except pursuant to an effective registration statement or an exemption from registration, including the safe harbor under Rule 144 of the Securities Act described below. In addition, following this offering, subordinate voting shares issuable pursuant to awards granted under certain of our equity plans that are expected to be covered by a registration statement on Form S-8 will eventually be freely tradable in the public market, subject to certain contractual and legal restrictions described below.

The remaining multiple voting shares outstanding after this offering will be “restricted securities,” as that term is defined in Rule 144 of the Securities Act, and we expect that substantially all of these restricted securities will be subject to the lock-up agreements described below. These subordinate voting shares and subordinate voting shares issuable upon conversion of multiple voting shares may be sold in the public market only if the sale is registered or pursuant to an exemption from registration, such as the safe harbor provided by Rule 144, or in compliance with applicable Canadian Securities laws.

Lock-up Restrictions

We and each of our directors, executive officers and holders of all of our outstanding multiple voting shares, have agreed that, without the prior written consent of certain of the underwriters, we and they will not, subject to limited exceptions, directly or indirectly sell or dispose of any subordinate voting shares or multiple voting shares or any securities convertible into or exchangeable or exercisable for subordinate voting shares or multiple voting shares for a period of 180 days after the date of this prospectus, unless extended pursuant to its terms. The lock-up restrictions and specified exceptions are described in more detail under “Underwriting.”

Rule 144

In general, under Rule 144, beginning 90 days after the date of this prospectus, any person who is not our affiliate and has held their shares for at least six months, including the holding period of any prior owner other than one of our affiliates, may sell shares without restriction, subject to the availability of current public information about us. In addition, under Rule 144, any person who is not our affiliate and has not been our affiliate at any time during the preceding three months and has held their shares for at least one year, including the holding period of any prior owner other than one of our affiliates, would be entitled to sell an unlimited number of shares immediately upon the closing of this offering without regard to whether current public information about us is available.
Beginning 90 days after the date of this prospectus, a person who is our affiliate or who was our affiliate at any time during the preceding three months and who has beneficially owned restricted securities for at least six months, including the holding period of any prior owner other than one of our affiliates, is entitled to sell a number of subordinate voting shares within any three-month period that does not exceed the greater of: (i) 1% of the number of our shares outstanding, which will equal approximately 1.07 million shares immediately after this offering; and (ii) the average weekly trading volume of our subordinate voting shares on the NYSE during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales under Rule 144 by our affiliates are also subject to certain manner of sale provisions, notice requirements and to the availability of current public information about us.

**Rule 701**

In general, under Rule 701 under the Securities Act, beginning 90 days after we become subject to the public company reporting requirements of the Exchange Act, any of our employees, directors, officers, consultants or advisors who acquired subordinate voting shares from us in connection with a written compensatory stock or option plan or other written agreement in compliance with Rule 701 is entitled to sell such shares in reliance on Rule 144 but without compliance with certain of the requirements contained in Rule 144. Accordingly, subject to any applicable lock-up restrictions, beginning 90 days after we become subject to the public company reporting requirements of the Exchange Act, under Rule 701 persons who are not our affiliates may resell those shares without complying with the minimum holding period or public information requirements of Rule 144, and persons who are our affiliates may resell those shares without compliance with Rule 144’s minimum holding period requirements.

**Canadian Resale Restrictions**

Any sale of any of our shares which constitutes a “control distribution” under Canadian securities laws (generally a sale by a person or a group of persons holding more than 20% of our outstanding voting securities) will be subject to restrictions under Canadian securities laws in addition to those restrictions noted above, unless the sale is qualified under a prospectus filed with Canadian securities regulatory authorities, or if prior notice of the sale is filed with the Canadian securities regulatory authorities at least seven days before any sale and there has been compliance with certain other requirements and restrictions regarding the manner of sale, payment of commissions, reporting and availability of current public information about us and compliance with applicable Canadian securities laws.

**Equity Incentive Plans**

Following this offering, we intend to file with the SEC a registration statement on Form S-8 under the Securities Act covering the subordinate voting shares that are subject to outstanding options and other awards that may be granted pursuant to our equity incentive plans. Shares covered by such registration statement will be available for sale in the open market following its effective date, subject to certain Rule 144 limitations applicable to affiliates and the terms of lock-up restrictions applicable to those shares.
Material United States Federal Income Tax Considerations for U.S. Holders

Subject to the limitations and qualifications stated herein, this discussion sets forth certain material U.S. federal income tax considerations relating to the ownership and disposition by U.S. Holders (as defined below) of the subordinate voting shares. The discussion is based on the U.S. Internal Revenue Code of 1986, as amended (the “Code”), its legislative history, existing and proposed regulations thereunder, published rulings and court decisions, all as currently in effect and all subject to change at any time, possibly with retroactive effect. This summary applies only to U.S. Holders and does not address tax consequences to a non-U.S. Holder (as defined below) investing in our subordinate voting shares.

This discussion of a U.S. Holder’s tax consequences addresses only those persons that acquire their subordinate voting shares in this offering and that hold those subordinate voting shares as capital assets and does not address the tax consequences to any special class of holders, including without limitation, holders (directly, indirectly or constructively) of 10% or more of our equity (based on voting power), dealers in securities or currencies, banks, tax-exempt organizations, insurance companies, financial institutions, broker-dealers, regulated investment companies, real estate investment trusts, traders in securities that elect the mark-to-market method of accounting for their securities holdings, persons that hold securities that are a hedge or that are hedged against currency or interest rate risks or that are part of a straddle, conversion or “integrated” transaction, U.S. expatriates, partnerships or other pass-through entities for U.S. federal income tax purposes and U.S. Holders whose functional currency for U.S. federal income tax purposes is not the U.S. dollar. This discussion does not address the effect of the U.S. federal alternative minimum tax, U.S. federal estate and gift tax, the 3.8% Medicare contribution tax on net investment income or any state, local or non-U.S. tax laws on a holder of subordinate voting shares.

For purposes of this discussion, a “U.S. Holder” is a beneficial owner of subordinate voting shares that is for U.S. federal income tax purposes: (a) an individual who is a citizen or resident of the United States; (b) a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia; (c) an estate the income of which is subject to U.S. federal income taxation regardless of its source; or (d) a trust (i) if a court within the United States can exercise primary supervision over its administration, and one or more U.S. persons have the authority to control all of the substantial decisions of that trust, or (ii) that has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person. The term “non-U.S. Holder” means any beneficial owner of our subordinate voting shares that is not a U.S. Holder, a partnership (or an entity or arrangement that is treated as a partnership or other pass-through entity for U.S. federal income tax purposes) or a person holding our subordinate voting shares through such an entity or arrangement.

You are urged to consult your own independent tax advisor regarding the specific U.S. federal, state, local and non-U.S. income and other tax considerations relating to the ownership and disposition of our subordinate voting shares.

Cash Dividends and Other Distributions

As described in the section entitled “Dividend Policy” above, we currently intend to retain any future earnings to fund business development and growth, and we do not expect to pay any dividends in the foreseeable future. However, to the extent there are any distributions made with respect to our subordinate voting shares, subject to the passive foreign investment company, or “PFIC,” rules discussed below, a U.S. Holder generally will be required to treat distributions received with respect to its subordinate voting shares (including the amount of
Canadian taxes withheld, if any) as dividend income to the extent of our current or accumulated earnings and profits (computed using U.S. federal income tax principles), with the excess treated as a non-taxable return of capital to the extent of the holder’s adjusted tax basis in its subordinate voting shares and, thereafter, as capital gain recognized on a sale or exchange on the day actually or constructively received by you. There can be no assurance that we will maintain calculations of our earnings and profits in accordance with U.S. federal income tax accounting principles. U.S. Holders should therefore assume that any distribution with respect to our subordinate voting shares will constitute ordinary dividend income. Dividends paid on the subordinate voting shares will not be eligible for the dividends received deduction allowed to U.S. corporations.

Dividends paid to a non-corporate U.S. Holder by a “qualified foreign corporation” may be subject to reduced rates of taxation if certain holding period and other requirements are met. A qualified foreign corporation generally includes a foreign corporation (other than a PFIC) if (i) its subordinate voting shares are readily tradable on an established securities market in the United States or (ii) it is eligible for benefits under a comprehensive U.S. income tax treaty that includes an exchange of information program and which the U.S. Treasury Department has determined is satisfactory for these purposes. Our subordinate voting shares are expected to be readily tradable on an established securities market, the NYSE. U.S. Holders should consult their own tax advisors regarding the availability of the reduced tax rate on dividends in light of their particular circumstances.

Non-corporate U.S. Holders will not be eligible for reduced rates of taxation on any dividends received from us if we are a PFIC in the taxable year in which such dividends are paid or in the preceding taxable year.

Distributions paid in a currency other than U.S. dollars will be included in a U.S. Holder’s gross income in a U.S. dollar amount based on the spot exchange rate in effect on the date of actual or constructive receipt, whether or not the payment is converted into U.S. dollars at that time. The U.S. Holder will have a tax basis in such currency equal to such U.S. dollar amount, and any gain or loss recognized upon a subsequent sale or conversion of the foreign currency for a different U.S. dollar amount will be U.S. source ordinary income or loss. If the dividend is converted into U.S. dollars on the date of receipt, a U.S. Holder generally should not be required to recognize foreign currency gain or loss in respect of the dividend income.

A U.S. Holder who pays (whether directly or through withholding) Canadian taxes with respect to dividends paid on our subordinate voting shares may be entitled to receive either a deduction or a foreign tax credit for such Canadian taxes paid. Complex limitations apply to the foreign tax credit, including the general limitation that the credit cannot exceed the proportionate share of a U.S. Holder’s U.S. federal income tax liability that such U.S. Holder’s “foreign source” taxable income bears to such U.S. Holder’s worldwide taxable income. In applying this limitation, a U.S. Holder’s various items of income and deduction must be classified, under complex rules, as either “foreign source” or “U.S. source.” In addition, this limitation is calculated separately with respect to specific categories of income. Dividends paid by us generally will constitute “foreign source” income and generally will be categorized as “passive category income.” However, if 50% or more of our equity (based on voting power or value) is treated as held by U.S. persons, we will be treated as a “United States-owned foreign corporation,” in which case dividends may be treated for foreign tax credit limitation purposes as “foreign source” income to the extent attributable to our non-U.S. source earnings and profits and as “U.S. source” income to the extent attributable to our U.S. source earnings and profits. Because the foreign tax credit rules are complex, each U.S. Holder should consult its own tax advisor regarding the foreign tax credit rules.

Sale or Disposition of Subordinate Voting Shares

A U.S. Holder generally will recognize gain or loss on the taxable sale or exchange of its subordinate voting shares in an amount equal to the difference between the U.S. dollar amount realized on such sale or exchange (determined in the case of subordinate voting shares sold or exchanged for currencies other than U.S. dollars by reference to the spot exchange rate in effect on the date of the sale or exchange or, if the subordinate voting shares sold or exchanged are traded on an established securities market and the U.S. Holder is a cash basis
taxpayer or an electing accrual basis taxpayer, the spot exchange rate in effect on the settlement date) and the U.S. Holder’s adjusted tax basis in the subordinate voting shares determined in U.S. dollars. The initial tax basis of the subordinate voting shares to a U.S. Holder will be the U.S. Holder’s U.S. dollar purchase price for the subordinate voting shares (determined by reference to the spot exchange rate in effect on the date of the purchase, or if the subordinate voting shares purchased are traded on an established securities market and the U.S. Holder is a cash basis taxpayer or an electing accrual basis taxpayer, the spot exchange rate in effect on the settlement date).

Assuming we are not a PFIC and have not been treated as a PFIC during your holding period for our subordinate voting shares, such gain or loss will be capital gain or loss and will be long-term gain or loss if the subordinate voting shares have been held for more than one year. Under current law, long-term capital gains of non-corporate U.S. Holders generally are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations. Capital gain or loss, if any, recognized by a U.S. Holder generally will be treated as U.S. source income or loss for U.S. foreign tax credit purposes. U.S. Holders are encouraged to consult their own tax advisors regarding the availability of the U.S. foreign tax credit in their particular circumstances.

Passive Foreign Investment Company Considerations

Status as a PFIC

The rules governing PFICs can have adverse tax effects on U.S. Holders. We generally will be classified as a PFIC for U.S. federal income tax purposes if, for any taxable year, either: (1) 75% or more of our gross income consists of certain types of passive income, or (2) the average value (determined on a quarterly basis), of our assets that produce, or are held for the production of, passive income is 50% or more of the value of all of our assets.

Passive income generally includes dividends, interest, rents and royalties (other than certain rents and royalties derived in the active conduct of a trade or business), annuities and gains from assets that produce passive income. If a non-U.S. corporation owns at least 25% by value of the stock of another corporation, the non-U.S. corporation is treated for purposes of the PFIC tests as owning its proportionate share of the assets of the other corporation and as receiving directly its proportionate share of the other corporation’s income.

Additionally, if we are classified as a PFIC in any taxable year with respect to which a U.S. Holder owns subordinate voting shares, we generally will continue to be treated as a PFIC with respect to such U.S. Holder in all succeeding taxable years, regardless of whether we continue to meet the tests described above, unless the U.S. Holder makes the “deemed sale election” described below.

We do not believe that we are currently a PFIC, and we do not anticipate becoming a PFIC in the foreseeable future. Notwithstanding the foregoing, the determination of whether we are a PFIC is made annually and depends on the particular facts and circumstances (such as the valuation of our assets, including goodwill and other intangible assets) and also may be affected by the application of the PFIC rules, which are subject to differing interpretations. The fair market value of our assets is expected to depend, in part, upon (a) the market price of our subordinate voting shares, which is likely to fluctuate, and (b) the composition of our income and assets, which will be affected by how, and how quickly, we spend any cash that is raised in any financing transaction, including this offering. In light of the foregoing, no assurance can be provided that we are not currently a PFIC or that we will not become a PFIC in any future taxable year. Prospective investors should consult their own tax advisors regarding our potential PFIC status.

U.S. federal income tax treatment of a shareholder of a PFIC

If we are classified as a PFIC for any taxable year during which a U.S. Holder owns subordinate voting shares, the U.S. Holder, absent certain elections (including the mark-to-market and QEF elections described below),
generally will be subject to adverse rules (regardless of whether we continue to be classified as a PFIC) with respect to (i) any “excess distributions” (generally, any distributions received by the U.S. Holder on its subordinate voting shares in a taxable year that are greater than 125% of the average annual distributions received by the U.S. Holder in the three preceding taxable years or, if shorter, the U.S. Holder’s holding period for its subordinate voting shares) and (ii) any gain realized on the sale or other disposition, including a pledge, of its subordinate voting shares.

Under these adverse rules (a) the excess distribution or gain will be allocated ratably over the U.S. Holder’s holding period, (b) the amount allocated to the current taxable year and any taxable year prior to the first taxable year in which we are classified as a PFIC will be taxed as ordinary income and (c) the amount allocated to each other taxable year during the U.S. Holder’s holding period in which we were classified as a PFIC (i) will be subject to tax at the highest rate of tax in effect for the applicable category of taxpayer for that year and (ii) will be subject to an interest charge at a statutory rate with respect to the resulting tax attributable to each such other taxable year.

If we are classified as a PFIC, a U.S. Holder will generally be treated as owning a proportionate amount (by value) of stock or shares owned by us in any direct or indirect subsidiaries that are also PFICs and will be subject to similar adverse rules with respect to any distributions we receive from, and dispositions we make of, the stock or shares of such subsidiaries. You are urged to consult your tax advisors about the application of the PFIC rules to any of our subsidiaries.

If we are classified as a PFIC and then cease to be so classified, a U.S. Holder may make an election (a “deemed sale election”) to be treated for U.S. federal income tax purposes as having sold such U.S. Holder’s subordinate voting shares on the last day our taxable year during which we were a PFIC. A U.S. Holder that makes a deemed sale election would then cease to be treated as owning stock in a PFIC by reason of ownership of our subordinate voting shares. However, gain recognized as a result of making the deemed sale election would be subject to the adverse rules described above and loss would not be recognized.

**PFIC “mark-to-market” election**

In certain circumstances, a U.S. Holder can avoid certain of the adverse rules described above by making a mark-to-market election with respect to its subordinate voting shares, provided that the subordinate voting shares are “marketable.” Subordinate voting shares will be marketable if they are “regularly traded” on a “qualified exchange” or other market within the meaning of applicable U.S. Treasury Regulations. The NYSE is a “qualified exchange.” You should consult your own tax advisor with respect to such rules.

A U.S. Holder that makes a mark-to-market election must include in gross income, as ordinary income, for each taxable year that we are a PFIC an amount equal to the excess, if any, of the fair market value of the U.S. Holder’s subordinate voting shares at the close of the taxable year over the U.S. Holder’s adjusted tax basis in its subordinate voting shares. An electing U.S. Holder may also claim an ordinary loss deduction for the excess, if any, of the U.S. Holder’s adjusted tax basis in its subordinate voting shares over the fair market value of its subordinate voting shares at the close of the taxable year, but this deduction is allowable only to the extent of any net mark-to-market gains previously included in income. A U.S. Holder that makes a mark-to-market election generally will adjust such U.S. Holder’s tax basis in its subordinate voting shares to reflect the amount included in gross income or allowed as a deduction because of such mark-to-market election. Gains from an actual sale or other disposition of subordinate voting shares in a year in which we are a PFIC will be treated as ordinary income, and any losses incurred on a sale or other disposition of subordinate voting shares will be treated as ordinary losses to the extent of any net mark-to-market gains previously included in income.

If we are classified as a PFIC for any taxable year in which a U.S. Holder owns subordinate voting shares but before a mark-to-market election is made, the adverse PFIC rules described above will apply to any mark-to-
market gain recognized in the year the election is made. Otherwise, a mark-to-market election will be effective for the taxable year for which the election is made and all subsequent taxable years. The election cannot be revoked without the consent of the Internal Revenue Service (“IRS”) unless the subordinate voting shares cease to be marketable, in which case the election is automatically terminated.

A mark-to-market election is not permitted for the shares of any of our subsidiaries that are also classified as PFICs. Prospective investors should consult their own tax advisors regarding the availability of, and the procedure for making, a mark-to-market election.

**PFIC “QEF” election**

In some cases, a shareholder of a PFIC can avoid the interest charge and the other adverse PFIC consequences described above by obtaining certain information from such PFIC and by making a QEF election to be taxed currently on its share of the PFIC’s undistributed income. We do not, however, expect to provide the information regarding our income that would be necessary in order for a U.S. Holder to make a QEF election with respect to subordinate voting shares if we are classified as a PFIC.

**PFIC information reporting requirements**

If we are a PFIC in any year, a U.S. Holder of subordinate voting shares in such year will be required to file an annual information return on IRS Form 8621 regarding distributions received on such subordinate voting shares and any gain realized on disposition of such subordinate voting shares. In addition, if we are a PFIC, a U.S. Holder will generally be required to file an annual information return with the IRS (also on IRS Form 8621, which PFIC shareholders are required to file with their U.S. federal income tax or information return) relating to their ownership of subordinate voting shares. This new filing requirement is in addition to the pre-existing reporting requirements described above that apply to a U.S. Holder’s interest in a PFIC (which this requirement does not affect).

NO ASSURANCE CAN BE GIVEN THAT WE ARE NOT CURRENTLY A PFIC OR THAT WE WILL NOT BECOME A PFIC IN THE FUTURE. U.S. HOLDERS SHOULD CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE OPERATION OF THE PFIC RULES AND RELATED REPORTING REQUIREMENTS IN LIGHT OF THEIR PARTICULAR CIRCUMSTANCES, INCLUDING THE ADVISABILITY OF MAKING ANY ELECTION THAT MAY BE AVAILABLE.

**Reporting Requirements and Backup Withholding**

Information reporting to the U.S. Internal Revenue Service generally will be required with respect to payments on the subordinate voting shares and proceeds of the sale, exchange or redemption of the subordinate voting shares paid within the United States or through certain U.S.-related financial intermediaries to holders that are U.S. taxpayers, other than exempt recipients. A “backup” withholding tax may apply to those payments if such holder fails to provide a taxpayer identification number to the paying agent or fails to certify that no loss of exemption from backup withholding has occurred (or if such holder otherwise fails to establish an exemption). We or the applicable paying agent will withhold on a distribution if required by applicable law. The amounts withheld under the backup withholding rules are not an additional tax and may be refunded, or credited against the holder’s U.S. federal income tax liability, if any, provided the required information is timely furnished to the IRS.

U.S. Holders that own certain “foreign financial assets” (which may include the subordinate voting shares) are required to report information relating to such assets, subject to certain exceptions, on IRS Form 8938. In addition to these requirements, U.S. Holders may be required to annually file FinCEN Report 114, Report of Foreign Bank and Financial Accounts (“FBAR”) with the U.S. Department of Treasury. U.S. Holders should consult their own tax advisors regarding the applicability of FBAR and other reporting requirements in light of their individual circumstances.
THE ABOVE DISCUSSION DOES NOT COVER ALL TAX MATTERS THAT MAY BE OF IMPORTANCE TO A PARTICULAR INVESTOR. YOU ARE STRONGLY URGED TO CONSULT YOUR OWN TAX ADVISOR ABOUT THE TAX CONSEQUENCES TO YOU OF AN INVESTMENT IN THE SUBORDINATE VOTING SHARES.
Canadian Tax Implications For Non-Canadian Holders

The following summary describes, as of the date hereof, the principal Canadian federal income tax considerations generally applicable to a purchaser who acquires, as a beneficial owner, subordinate voting shares pursuant to this offering and who, at all relevant times, for the purposes of the application of the *Income Tax Act* (Canada) and the Income Tax Regulations (collectively, the “Canadian Tax Act”), (1) is not, and is not deemed to be, resident in Canada for purposes of the Canadian Tax Act and any applicable income tax treaty or convention; (2) deals at arm’s length with us; (3) is not affiliated with us; (4) does not use or hold, and is not deemed to use or hold, subordinate voting shares in a business carried on in Canada; (5) has not entered into, with respect to the subordinate voting shares, a “derivative forward agreement” as that term is defined in the Canadian Tax Act and (6) holds the subordinate voting shares as capital property (a “Non-Canadian Holder”). Special rules, which are not discussed in this summary, may apply to a Non-Canadian Holder that is an insurer carrying on an insurance business in Canada and elsewhere.

This summary is based on the current provisions of the Canadian Tax Act, and an understanding of the current administrative policies of the Canada Revenue Agency (“CRA”) published in writing prior to the date hereof. This summary takes into account all specific proposals to amend the Canadian Tax Act and the Canada-United States Tax Convention (1980), as amended (the “Canada-U.S. Tax Treaty”) publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the “Proposed Amendments”) and assumes that all Proposed Amendments will be enacted in the form proposed. However, no assurances can be given that the Proposed Amendments will be enacted as proposed, or at all. This summary does not otherwise take into account or anticipate any changes in law or administrative policy or assessing practice whether by legislative, regulatory, administrative or judicial action nor does it take into account tax legislation or considerations of any province, territory or foreign jurisdiction, which may differ from those discussed herein.

This summary is of a general nature only and is not, and is not intended to be, legal or tax advice to any particular shareholder. This summary is not exhaustive of all Canadian federal income tax considerations. Accordingly, you should consult your own tax advisor with respect to your particular circumstances.

Generally, for purposes of the Canadian Tax Act, all amounts relating to the acquisition, holding or disposition of the subordinate voting shares must be converted into Canadian dollars based on the exchange rates as determined in accordance with the Canadian Tax Act. The amount of any dividends required to be included in the income of, and capital gains or capital losses realized by, a Non-Canadian Holder may be affected by fluctuations in the Canadian exchange rate.

**Dividends**

Dividends paid or credited on the subordinate voting shares or deemed to be paid or credited on the subordinate voting shares to a Non-Canadian Holder will be subject to Canadian withholding tax at the rate of 25%, subject to any reduction in the rate of withholding to which the Non-Canadian Holder is entitled under any applicable income tax convention between Canada and the country in which the Non-Canadian Holder is resident. For example, under the Canada-U.S. Tax Treaty, where dividends on the subordinate voting shares are considered to be paid to or derived by a Non-Canadian Holder that is a beneficial owner of the dividends and is a U.S. resident for the purposes of, and is entitled to benefits of, the Canada-U.S. Tax Treaty, the applicable rate of Canadian withholding tax is generally reduced to 15%.

**Dispositions**

A Non-Canadian Holder will not be subject to tax under the Canadian Tax Act on any capital gain realized on a disposition or deemed disposition of a subordinate voting share, unless the subordinate voting shares are “taxable Canadian property” to the Non-Canadian Holder for purposes of the Canadian Tax Act and the Non-Canadian Holder is not entitled to relief under an applicable income tax convention between Canada and the country in which the Non-Canadian Holder is resident.

159
Generally, the subordinate voting shares will not constitute “taxable Canadian property” to a Non-Canadian Holder at a particular time provided that the subordinate voting shares are listed at that time on a “designated stock exchange” (as defined in the Canadian Tax Act), which includes the NYSE and the TSX, unless at any particular time during the 60-month period that ends at that time (i) one or any combination of (a) the Non-Canadian Holder, (b) persons with whom the Non-Canadian Holder does not deal at arm’s length, and (c) partnerships in which the Non-Canadian Holder or a person described in (b) holds a membership interest directly or indirectly through one or more partnerships, has owned 25% or more of the issued shares of any class or series of our capital stock, and (ii) more than 50% of the fair market value of the subordinate voting shares was derived, directly or indirectly, from one or any combination of: (i) real or immovable property situated in Canada, (ii) “Canadian resource properties” (as defined in the Canadian Tax Act), (iii) “timber resource properties” (as defined in the Canadian Tax Act) and (iv) options in respect of, or interests in, or for civil law rights in, property in any of the foregoing whether or not the property exists. Notwithstanding the foregoing, in certain circumstances set out in the Canadian Tax Act, subordinate voting shares could be deemed to be “taxable Canadian property.” Non-Canadian Holders whose subordinate voting shares may constitute “taxable Canadian property” should consult their own tax advisors.
Underwriting

The company, the selling shareholders and the underwriters named below have entered into an underwriting agreement dated with respect to the subordinate voting shares being offered. Subject to certain conditions, each underwriter has severally agreed to purchase the number of subordinate voting shares indicated in the following table at a price of $ per share payable in cash on the closing date of this offering. CIBC World Markets Inc., Credit Suisse Securities (USA) LLC, Goldman, Sachs & Co. and RBC Capital Markets, LLC are the representatives of the underwriters.

* Nomura Securities International, Inc., Robert W. Baird & Co. Incorporated and their affiliates are not registered to sell securities in any Canadian jurisdiction and, accordingly, will only sell subordinate voting shares outside of Canada.

The offering is being made concurrently in the United States and in each of the provinces and territories of Canada. The subordinate voting shares will be offered in the United States through those underwriters who are registered to offer the subordinate voting shares for the sale in the United States and such other registered dealers as may be designated by the underwriters. The subordinate voting shares will be offered in each of the provinces and territories of Canada through those underwriters or their Canadian affiliates who are registered to offer the subordinate voting shares for sale in such provinces and territories and such other registered dealers as may be designated by the underwriters. Subject to applicable law, the underwriters, or such other registered dealers as may be designated by the underwriters, may offer the subordinate voting shares outside of the United States and Canada.

The obligations of the underwriters under the underwriting agreement are subject to customary conditions, including the delivery of certain documents and legal opinions and the condition that there shall not have occurred any of the following: (i) a suspension or material limitation in trading in securities generally on the NYSE and the TSX; (ii) a suspension or material limitation in trading in our securities on the NYSE and the TSX; (iii) a general moratorium on commercial banking activities in the United States or Canada declared by the relevant authorities, or a material disruption in commercial banking or securities settlement or clearance services in the United States or Canada; (iv) the outbreak or escalation of hostilities involving the United States or Canada or the declaration by the United States or Canada of a national emergency or war; or (v) the occurrence of any other calamity or crisis or any change in financial, political or economic conditions in the United States or Canada or elsewhere, if the effect of any such event specified in clause (iv) or (v) in the underwriters’ judgment makes it impracticable or inadvisable to proceed with our initial public offering or the delivery of our subordinate voting shares. The underwriters, however, are obligated to take and pay for all of the subordinate voting shares being offered, if any are taken, other than the subordinate voting shares covered by the option described below unless and until this option is exercised.

161
The underwriters have an option to buy up to an additional 3,000,000 subordinate voting shares from the selling shareholders to cover sales by the underwriters of a greater number of subordinate voting shares than the total number set forth in the table above. They may exercise that option for 30 days. If any subordinate voting shares are purchased pursuant to this option, the underwriters will severally purchase subordinate voting shares in approximately the same proportion as set forth in the table above. If any additional subordinate voting shares are purchased, the underwriters will offer the additional subordinate voting shares on the same terms as those on which the subordinate voting shares are being offered under this prospectus.

The following tables show the per share and total underwriting commissions to be paid to the underwriters by the company and the selling shareholders. We have agreed to reimburse the underwriters for certain of their expenses in an amount up to $ as set forth in the underwriting agreement. Such amounts are shown assuming both no exercise and full exercise of the underwriters’ over-allotment option.

Subordinate voting shares sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus. Any shares sold by the underwriters to securities dealers may be sold at a discount of up to $ per share from the initial public offering price. After the underwriters have made a reasonable effort to sell all of the shares offered by this prospectus at the initial public offering price stated on the cover page of this prospectus, the underwriters may decrease the offering price from time to time, and the compensation realized by the underwriters will be decreased by the amount that the aggregate price paid by the purchasers for the shares is less than the gross proceeds paid by the underwriters to us and the selling shareholders. The offering of the shares by the underwriters is subject to receipt and acceptance and subject to the underwriters’ right to reject any order in whole or in part, and the right is reserved to close the subscription books at any time without notice.

The company, its officers, directors, and holders of substantially all of the company’s shares prior to the completion of this offering, including the selling shareholders, have agreed with the underwriters, subject to certain exceptions, not to dispose of or hedge any of their subordinate voting shares or multiple voting shares or securities convertible into or exchangeable for subordinate voting shares or multiple voting shares during the period from the date of this prospectus continuing through the date 180 days after the date of this prospectus, except with the prior written consent of the representatives. This agreement does not apply to any existing employee benefit plans. See “Shares Eligible for Future Sale” for a discussion of certain transfer restrictions.

At our request, the underwriters have reserved up to five percent of subordinate voting shares to be sold by us and the selling shareholders and offered by this prospectus for sale, at the public offering price, to certain individuals, through a directed share program, including employees, directors and other persons associated with us who have expressed an interest in purchasing shares in the offering. The number of subordinate voting shares available for sale to the general public will be reduced by the number of reserved shares sold to these individuals. Any reserved shares not purchased by these individuals will be offered by the underwriters to the general public on the same basis as the other subordinate voting shares offered under this prospectus.
Prior to the offering, there has been no public market for the subordinate voting shares. The initial public offering price has been negotiated among the company and the representatives. Among the factors to be considered in determining the initial public offering price of the subordinate voting shares, in addition to prevailing market conditions, will be the company’s historical performance, estimates of the business potential and earnings prospects of the company, an assessment of the company’s management and the consideration of the above factors in relation to market valuation of companies in related businesses.

We have applied for listing of our subordinate voting shares on the NYSE in the United States and on the TSX under the symbol “GOOS.”

In connection with the offering, the underwriters may purchase and sell subordinate voting shares in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering, and a short position represents the amount of such sales that have not been covered by subsequent purchases. A “covered short position” is a short position that is not greater than the amount of additional shares for which the underwriters’ option described above may be exercised. The underwriters may cover any covered short position by either exercising their option to purchase additional shares or purchasing subordinate voting shares in the open market. In determining the source of subordinate voting shares to cover the covered short position, the underwriters will consider, among other things, the price of subordinate voting shares available for purchase in the open market as compared to the price at which they may purchase additional subordinate voting shares pursuant to the option described above. “Naked” short sales are any short sales that create a short position greater than the amount of additional shares for which the option described above may be exercised. The underwriters must cover any such naked short position by purchasing subordinate voting shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the subordinate voting shares in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of subordinate voting shares made by the underwriters in the open market prior to the completion of the offering.

Any naked short position would form part of the underwriters’ over-allocation position and a purchaser who acquires subordinate voting shares forming part of the underwriters’ over-allocation position acquires such subordinate voting shares under this prospectus, regardless of whether the over-allocation position is ultimately filled through the exercise of the underwriters’ option to purchase additional subordinate voting shares or secondary market purchases.

The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting commissions received by it because the representatives have repurchased subordinate voting shares sold by or for the account of such underwriter in stabilizing or short covering transactions.

In accordance with rules and policy statements of certain Canadian securities regulatory authorities and the Universal Market Integrity Rules for Canadian Marketplaces (“UMIR”), the underwriters may not, at any time during the period of distribution, bid for or purchase subordinate voting shares. The foregoing restriction is, however, subject to exceptions as permitted by such rules and policy statements and UMIR. These exceptions include a bid or purchase permitted under such rules and policy statements and UMIR, relating to market stabilization and market balancing activities and a bid or purchase on behalf of a customer where the order was not solicited.

Purchases to cover a short position and stabilizing transactions, as well as other purchases by the underwriters for their own accounts, may have the effect of preventing or retarding a decline in the market price of the company’s subordinate voting shares, and together with the imposition of the penalty bid, may stabilize, maintain or otherwise affect the market price of the subordinate voting shares. As a result, the price of the subordinate voting shares may differ from the market price otherwise obtainable.

Purchases to cover a short position and stabilizing transactions, as well as other purchases by the underwriters for their own accounts, may have the effect of preventing or retarding a decline in the market price of the company’s subordinate voting shares, and together with the imposition of the penalty bid, may stabilize, maintain or otherwise affect the market price of the subordinate voting shares. As a result, the price of the subordinate voting shares may differ from the market price otherwise obtainable.
shares may be higher than the price that otherwise might exist in the open market. The underwriters are not required to engage in these activities and may end any of these activities at any time. These transactions may be effected on the NYSE, TSX, in the over-the-counter market or otherwise.

Certain of the underwriters are not U.S.-registered broker-dealers and, therefore, to the extent that they intend to effect any sales of the securities in the United States, they will do so through one or more U.S. registered broker-dealers, which may be affiliates of such underwriters, in accordance with the applicable U.S. securities laws and regulations.

**Selling Restrictions**

Other than in the United States and each of the Canadian provinces and territories, no action has been taken by us or the underwriters that would permit a public offering of the subordinate voting shares offered by this prospectus in any jurisdiction where action for that purpose is required. The subordinate voting shares offered by this prospectus may not be offered or sold, directly or indirectly, nor may this prospectus or any other offering material or advertisements in connection with the offer and sale of any such subordinate voting shares be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons into whose possession this prospectus comes are advised to inform themselves about and to observe any restrictions relating to the offering and the distribution of this prospectus. This prospectus does not constitute an offer to sell or a solicitation of an offer to buy any subordinate voting shares offered by this prospectus in any jurisdiction in which such an offer or a solicitation is unlawful.

**European Economic Area**

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”) an offer to the public of any of our subordinate voting shares may not be made in that Relevant Member State, except that an offer to the public in that Relevant Member State of any of our subordinate voting shares may be made at any time under the following exemptions under the Prospectus Directive, if they have been implemented in that Relevant Member State:

(a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;

(b) to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representatives for any such offer; or

(c) in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of our subordinate voting shares shall result in a requirement for the publication by us or any underwriter of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer to the public” in relation to any of our subordinate voting shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and any of our subordinate voting shares to be offered so as to enable an investor to decide to purchase any of our subordinate voting shares, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State, and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

United Kingdom

Each underwriter has represented and agreed that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (“FSMA”) received by it in connection with the issue or sale of our subordinate voting shares in circumstances in which Section 21(1) of the FSMA does not apply to us; and

(b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to our subordinate voting shares in, from or otherwise involving the United Kingdom.

Switzerland

The subordinate voting shares may not be publicly offered in Switzerland and will not be listed on the SIX Swiss Exchange (“SIX”), or on any other stock exchange or regulated trading facility in Switzerland. This document does not constitute a prospectus within the meaning of, and has been prepared without regard to the disclosure standards for issuance prospectuses under art. 652a or art. 1156 of the Swiss Code of Obligations or the disclosure standards for listing prospectuses under art. 27 ff. of the SIX Listing Rules or the listing rules of any other stock exchange or regulated trading facility in Switzerland. Neither this document nor any other offering or marketing material relating to the shares or the offering may be publicly distributed or otherwise made publicly available in Switzerland.

Neither this document nor any other offering or marketing material relating to the offering, us or the shares have been or will be filed with or approved by any Swiss regulatory authority. In particular, this document will not be filed with, and the offer of shares will not be supervised by, the Swiss Financial Market Supervisory Authority FINMA (“FINMA”), and the offer of the shares has not been and will not be authorized under the Swiss Federal Act on Collective Investment Schemes (“CISA”). The investor protection afforded to acquirers of interests in collective investment schemes under the CISA does not extend to acquirers of the shares.

Australia

No placement document, prospectus, product disclosure statement or other disclosure document has been lodged with the Australian Securities and Investments Commission (“ASIC”), in relation to the offering. This prospectus does not constitute a prospectus, product disclosure statement or other disclosure document under the Corporations Act 2001 (the “Corporations Act”), and does not purport to include the information required for a prospectus, product disclosure statement or other disclosure document under the Corporations Act.

Any offer in Australia of the shares may only be made to persons (the “Exempt Investors”) who are “sophisticated investors” (within the meaning of section 708(8) of the Corporations Act), “professional investors” (within the meaning of section 708(11) of the Corporations Act) or otherwise pursuant to one or more exemptions contained in section 708 of the Corporations Act so that it is lawful to offer the shares without disclosure to investors under Chapter 6D of the Corporations Act.

The shares applied for by Exempt Investors in Australia must not be offered for sale in Australia in the period of 12 months after the date of allotment under the offering, except in circumstances where disclosure to investors under Chapter 6D of the Corporations Act would not be required pursuant to an exemption under section 708 of the Corporations Act or otherwise or where the offer is pursuant to a disclosure document which complies with Chapter 6D of the Corporations Act. Any person acquiring shares must observe such Australian on-sale restrictions.

recommendations or financial product advice. Before making an investment decision, investors need to consider whether the information in this prospectus is appropriate to their needs, objectives and circumstances, and, if necessary, seek expert advice on those matters.

Hong Kong

The subordinate voting shares have not been offered or sold and will not be offered or sold in Hong Kong, by means of any document, other than (a) to “professional investors” as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong and any rules made under that Ordinance; or (b) in other circumstances which do not result in the document being a “prospectus” as defined in the Companies Ordinance (Cap. 32) of Hong Kong or which do not constitute an offer to the public within the meaning of that Ordinance. No advertisement, invitation or document relating to the shares has been or may be issued or has been or may be in the possession of any person for the purposes of issue, whether in Hong Kong or elsewhere, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to shares which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” as defined in the Securities and Futures Ordinance (Cap. 571) and any rules made under that Ordinance.

Japan

The subordinate voting shares have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (Law No. 25 of 1948, as amended) (the “FIEL”) and, accordingly, the subordinate voting shares have not been and will not be offered or sold, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan) or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEL and any other applicable laws, regulations and ministerial guidelines promulgated by relevant Japanese governmental or regulatory authorities in effect at the relevant time.

Singapore

This prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the shares may not be circulated or distributed, nor may the shares be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the “SFA”), (ii) to a relevant person pursuant to Section 275(1), or any person pursuant to Section 275(1A), and in accordance with the conditions specified in Section 275, of the SFA, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the subordinate voting shares are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

- a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,
securities (as defined in Section 239(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the subordinate voting shares pursuant to an offer made under Section 275 of the SFA except:

- to an institutional investor or to a relevant person defined in Section 275(2) of the SFA, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;
- where no consideration is or will be given for the transfer;
- where the transfer is by operation of law;
- as specified in Section 276(7) of the SFA; or
- as specified in Regulation 32 of the Securities and Futures (Offers of Investments) (Shares and Debentures) Regulations 2005 of Singapore.

The underwriters do not expect sales to discretionary accounts to exceed five percent of the total number of subordinate voting shares offered.

The company and the selling shareholders estimate that their share of the total expenses of the offering, excluding underwriting commissions, will be approximately $167.

The company and the selling shareholders have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933 and applicable Canadian securities laws.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Certain of the underwriters and their respective affiliates have provided, and may in the future provide, a variety of these services to the issuer and to persons and entities with relationships with the issuer, for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the underwriters and their respective affiliates, officers, directors and employees may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the issuer (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the issuer. The underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.
Legal Matters

Certain legal matters in connection with this offering will be passed upon for us by Ropes & Gray LLP, San Francisco, CA. Ropes & Gray LLP and some of its attorneys are limited partners of RGIP, LP, which is an investor in certain investment funds advised by Bain Capital Partners LLC and often a co-investor with such funds. Upon the consummation of the offering, RGIP, LP will directly or indirectly own less than 1% of the voting power of our outstanding voting shares. The validity of the issuance of our subordinate voting shares offered in this prospectus and certain other legal matters as to Canadian law will be passed upon for us by Stikeman Elliott LLP, Canada. Certain legal matters as to Canadian law will be passed upon for the underwriters by Osler, Hoskin & Harcourt LLP, Toronto, Canada. The partners, counsel and associates of each of Stikeman Elliott LLP and Osler, Hoskin & Harcourt LLP, respectively as a group, beneficially own directly and indirectly, less than 1% of our outstanding securities of any class. The underwriters are being represented by Latham & Watkins LLP, New York, NY.

Experts

Our auditors are Deloitte LLP located at 22 Adelaide Street West, Suite 200, Toronto, Ontario, M5H 0A9. Deloitte LLP is independent with respect to the company within the meaning of the Rules of Professional Conduct of the Chartered Professional Accountants of Ontario, and within the meaning of the Securities Act of 1933 and the applicable rules and regulations thereunder adopted by the Securities and Exchange Commission (SEC) and the Public Company Accounting Oversight Board (United States) (PCAOB).

The financial statements as of March 31, 2016 and 2015, and for each of the two years in the period ended March 31, 2016, and the period from December 9, 2013 to March 31, 2014 and the period from April 1, 2013 to December 8, 2013, and the related financial statement schedule included in this prospectus, have been audited by Deloitte LLP, an independent registered public accounting firm, as stated in their report appearing herein. Such financial statements and financial statement schedule have been so included in reliance upon the report of such firm given upon their authority as experts in accounting and auditing.

Other Considerations

Our independent registered public accounting firm, Deloitte LLP, informed our management and audit committee that Deloitte Touche Tomatsu Limited member firms had provided impermissible ministerial services deemed to be management functions at two portfolio companies of Bain Capital during the audited fiscal years included within this prospectus and such services were not consistent with the SEC’s auditor independence rules. The Deloitte member firms were paid less than $10,000 in aggregate for these services. None of the services were provided to, paid for by, or involved any Canada Goose entity.

In light of the circumstances noted above, Deloitte LLP advised us that their integrity, objectivity or impartiality were not impaired with respect to planning and performing the audits included in this prospectus. We also reviewed and considered the impact these matters may have had on Deloitte LLP’s independence with respect to it under the applicable SEC, PCAOB and Chartered Professional Accountants of Ontario independence rules. After considering all the facts and circumstances noted above, our audit committee determined that the matter would not impair Deloitte LLP’s ability to exercise objective and impartial judgment on all issues encompassed within their audit engagements for the periods included in this prospectus.

Enforcement of Civil Liabilities

We are incorporated under the laws of British Columbia. Some of our directors and officers, and some of the experts named in this prospectus, are residents of Canada or otherwise reside outside of the United States, and all or a substantial portion of their assets, and all or a substantial portion of our assets, are located outside of the United States. We have appointed an agent for service of process in the United States, but it may be difficult for
shareholders who reside in the United States to effect service within the United States upon those directors, officers and experts who are not residents of the United States. It may also be difficult for shareholders who reside in the United States to realize in the United States upon judgments of courts of the United States predicated upon our civil liability and the civil liability of our directors, officers and experts under the United States federal securities laws. There can be no assurance that U.S. investors will be able to enforce against us, members of our board of directors, officers or certain experts named herein who are residents of Canada or other countries outside the United States, any judgments in civil and commercial matters, including judgments under the federal securities laws.

Where You Can Find More Information

We have filed with the SEC a registration statement on Form F-1 under the Securities Act with respect to the subordinate voting shares offered hereby. This prospectus, which constitutes a part of the registration statement, does not contain all of the information set forth in the registration statement or the exhibits and schedules filed therewith. For further information with respect to us and the subordinate voting shares offered hereby, please refer to the registration statement and the exhibits and schedules filed therewith. Statements contained in this prospectus regarding the contents of any contract or any other document that is filed as an exhibit to the registration statement are not necessarily complete, and each such statement is qualified in all respects by reference to the full text of such contract or other document filed as an exhibit to the registration statement. A copy of the registration statement and the exhibits and schedules filed therewith may be inspected without charge at the public reference room maintained by the SEC, located at 100 F Street N.E., Washington, D.C. 20549, and copies of all or any part of the registration statement may be obtained from such offices upon the payment of the fees prescribed by the SEC. Please call the SEC at 1-800-SEC-0330 for further information about the public reference room. The SEC also maintains a website that contains reports, proxy and information statements and other information regarding registrants that file electronically with the SEC. The address is www.sec.gov.

Upon completion of this offering, we will be subject to periodic reporting and other informational requirements of the Exchange Act as applicable to foreign private issuers. Accordingly, we are required to file reports,
including annual reports on Form 20-F, and other information with the SEC. Although we are not required to prepare and issue quarterly reports as a foreign private issuer, we currently intend to file quarterly reports on Form 6-K with the SEC. As a foreign private issuer, we are exempt from the rules of the Exchange Act prescribing the furnishing and content of proxy statements to shareholders and Section 16 short-swing profit reporting for our officer, directors and holders of more than 10% of our voting shares.

We will also be subject to the full informational requirements of the securities commissions in all provinces and territories of Canada. You are invited to read and copy any reports, statements or other information, other than confidential filings, that we intend to file with the Canadian provincial and territorial securities commissions. These filings are also electronically available from the Canadian System for Electronic Document Analysis and Retrieval (SEDAR) (http://www.sedar.com), the Canadian equivalent of the SEC’s Electronic Document Gathering and Retrieval System. Documents filed on SEDAR are not, and should not be considered, part of this prospectus.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of
Canada Goose Holdings Inc.
Toronto, Canada

We have audited the accompanying consolidated statements of financial position of Canada Goose Holdings Inc. and subsidiaries (the “Company”), as of March 31, 2016 and 2015, and the related consolidated statements of income (loss) and comprehensive income (loss), consolidated statements of changes in equity, and consolidated statements of cash flows for each of the years then ended, and the period from December 9, 2013 to March 31, 2014 and the period from April 1, 2013 to December 8, 2013. Our audits also included the financial statement schedule of Condensed Parent Company Financial Information. These financial statements and the financial statement schedule are the responsibility of the Company’s management. Our responsibility is to express an opinion on these financial statements and the financial statement schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States) and Canadian generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion. An audit includes, examining on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of Canada Goose Holdings Inc. and subsidiaries as of March 31, 2016 and 2015, and the results of their operations and their cash flows for each of the years then ended, and the period from December 9, 2013 to March 31, 2014 and the period from April 1, 2013 to December 8, 2013, in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board. Also, in our opinion, such financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, present fairly in all material respects the information set forth therein.

Notes to the Consolidated Financial Statements
March 31, 2016
(in thousands of Canadian dollars, except per share data)

Note 1. The Company

Organization:
Canada Goose Holdings Inc. and its subsidiaries (the “Company”) design, manufacture, and sell premium outdoor apparel for men, women, youth, children, and babies. The Company’s apparel collections include various styles of parkas, jackets, shells, vests, and accessories for fall, winter, and spring seasons. The Company’s head office is located at 250 Bowie Avenue, Toronto, Canada. The use of the terms “Canada Goose” “we,” “us” and “our” throughout these notes to the consolidated financial statements refer to the Company. Our fiscal year ends on March 31.

Statement of compliance
The accompanying consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”).

These consolidated financial statements were authorized for issuance by the Company’s Board of Directors on January 13, 2017.

Basis of consolidation
Subsidiaries are entities controlled by the Company. Control exists when the Company has power over, exposure or rights to variable returns from the Company’s involvement with the entity, and the ability to use its power over the entity to affect the amount of the Company’s returns. The financial accounts and results of subsidiaries are included in the consolidated financial statements of the Company from the date that control commences until the date that control ceases.

The accompanying consolidated financial statements include the accounts and results of the Company and its wholly owned subsidiaries:

Basis of presentation:
On November 21, 2013, an investment fund advised by Bain Capital Private Equity LP (along with certain affiliates and any successor to its investment management business, “Bain Capital”), incorporated Canada Goose Holdings Inc. (a British Columbia corporation) (the “Successor”). Pursuant to the purchase and sale agreement dated December 9, 2013 (the “Agreement”), a wholly owned subsidiary of the Successor, Canada Goose Products Inc. (a British Columbia corporation, which later continued as an Ontario corporation under the name Canada Goose Inc.) acquired all the operating assets of the former Canada Goose Inc. (a corporation indirectly controlled by the President and Chief Executive Officer of the Company, “Former Canada Goose Inc.” or the “Predecessor”) and sales and distribution companies owned by Former Canada Goose Inc. which consisted of

Canada Goose Europe AB, Canada Goose US, Inc. and Canada Goose Trading Inc. (the “Acquisition”). As a result of the completion of the Acquisition, funds advised by Bain Capital own 70% of the Company and Former Canada Goose Inc. (currently named Black Feather Holdings Incorporated) indirectly owns 30% of the Company.

As further described in Note 5 to these consolidated financial statements, the Acquisition was accounted for as a business combination using the acquisition method of accounting and the Successor financial statements reflect a new basis of accounting that is based on the fair value of assets acquired and liabilities assumed as of the effective time of the Agreement. Periods presented prior to December 9, 2013 represent the operations of the Predecessor and the periods presented on and after December 9, 2013 represent the operations of the Successor.

The fiscal year ended March 31, 2014 includes the 252 day Predecessor period from April 1, 2013 through December 8, 2013 (“Predecessor Period”) and the 113 day Successor period from December 9, 2013 through March 31, 2014 (“Successor Period”). Accordingly, the Company’s accumulated deficit as of March 31, 2014 and March 31, 2015, and the Company’s retained earnings as at March 31, 2016 represent only the results of operations subsequent to December 9, 2013, the date of the Acquisition. The Predecessor and Successor periods have been separated by a black line on the consolidated financial statements to highlight the fact that the financial information for such periods has been prepared under two different cost bases of accounting. All intercompany transactions have been eliminated.

Note 2. Significant accounting policies

(a) Business combinations

Acquisitions of businesses are accounted for using the acquisition method as of the acquisition date, which is the date when control is transferred to the Company. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair values of the assets transferred, liabilities incurred by the Company and the equity interests issued by the Company in exchange for control of the acquiree. Transaction costs that the Company incurs in connection with a business combination are recognized in the statement of income as incurred.

Goodwill is measured as the excess of the sum of the fair value of consideration transferred over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

When the consideration transferred in a business combination includes contingent consideration, the contingent consideration is measured at its acquisition date fair value. Contingent consideration is remeasured at subsequent reporting dates at its fair value, and the resulting gain or loss recognized in the statement of income.

(b) Foreign currency translation

Functional and presentation currency

Items included in the consolidated financial statements of the Company’s subsidiaries are measured using the currency of the primary economic environment in which each entity operates (the functional currency). The consolidated financial statements are presented in Canadian dollars, which is the Company’s functional currency and the presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the date of the transactions or valuation when items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the changes at period-end
exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of income under the caption selling, general and administrative expenses.

Foreign operations

The Company’s foreign operations were principally conducted through Canada Goose Europe AB and Canada Goose US, Inc. Although these operations may expose the Company to certain levels of foreign currency risk, the underlying transactions are carried out as an extension of the Company, and as a result these foreign operations have a Canadian dollar functional currency.

The financial statements of these foreign operations are translated using the exchange rate at the date of the statement of financial position except for property, plant and equipment and equity, which are translated at historical rates. Transactions in currencies other than the functional currency are translated at the exchange rate in effect at the date of each transaction. Differences in exchange rates during the period between the date a transaction denominated in a foreign currency is consummated and the date on which it is either settled or translated, are recognized in selling, general and administrative expenses.

(c) Seasonality

We experience seasonal fluctuations in our revenue and operating results and historically have realized a significant portion of our revenue and income for the year during our second and third fiscal quarters. Thus, lower-than-expected second and third quarter net revenue could have an adverse impact on our annual operating results.

Working capital requirements typically increase during the first and second quarters of the fiscal year as inventory builds to support peak shipping and selling periods and, accordingly, typically decrease during the fourth quarter of the fiscal year as inventory is shipped and sold. Cash flows from operating activities is typically higher in the fourth quarter of the fiscal year due to reduced working capital requirements during that period.

(d) Revenue recognition

Revenue comprises the fair value of consideration received or receivable for the sale of goods in the ordinary course of the Company’s activities. Revenue is presented net of sales tax, estimated returns, sales allowances, and discounts. The Company recognizes revenue when the amount can be reliably measured, it is probable that future economic benefits will flow to the Company, and when specific criteria have been met for each of the Company’s activities, as described below.

i) Wholesale

Wholesale revenue comprises sales to third party resellers (which includes distributors and retailers) of the Company’s products. Wholesale revenue from the sale of goods is recognized when the significant risks and rewards of ownership of the goods have passed to the reseller, which is as soon as the products have been shipped to the reseller, there is no continuing management involvement or obligation affecting the acceptance of the goods, net of an estimated allowance for sales returns.

The Company, at its discretion, may cancel all or a portion of any firm wholesale sales order. The Company is therefore obligated to return any prepayments or deposits made by resellers for which the product is not provided. All advance payments are included in accrued liabilities in the balance sheet.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2016
(in thousands of Canadian dollars, except per share data)

   ii) Direct to Consumer

   Direct to Consumer revenue consists of sales through the Company’s e-commerce operations. Sales through e-commerce operations are recognized upon delivery of the goods to the customer and when collection is reasonably assured, net of an estimated allowance for sales returns.

   It is the Company’s policy to sell merchandise to the consumer with a right to return within a specific period. Accumulated experience is used to estimate and provide for such returns.

   The Company’s warranty obligation is to provide an exchange or repair for faulty products under the standard warranty terms and conditions. The warranty obligation is recognized as a provision.

   (e) Operating segments

   An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company’s other components. Segment operating results are reviewed regularly to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

   The Company classifies its business in two operating and reportable segments: Wholesale and Direct to Consumer. The Wholesale business comprises sales made to a mix of functional and fashionable retailers, including major luxury department stores, outdoor specialty stores, and individual shops. The Company’s products reach these retailers through a network of international distributors and direct delivery.

   The Direct to Consumer business comprises sales through the country-specific e-commerce platforms. For periods subsequent to these consolidated financial statements, this segment will also include the operating performance of Company-owned retail stores.

   (f) Earnings per share

   Basic earnings (loss) per share is calculated by dividing net income for the year attributable to ordinary equity holders of the common shares by the weighted average number of ordinary Class A and Class B common shares outstanding during the year.

   Diluted earnings (loss) per share is calculated by dividing the net income attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on the conversion of subordinated debt, the conversion of preferred shares and the exercise of stock options.

   (g) Income taxes

   Current and deferred income taxes are recognized in the consolidated statements of income and other comprehensive income, except when it relates to a business combination, or items recognized in equity or in other comprehensive income.

   Current income tax

   Current income tax is the expected income tax payable or receivable on the taxable income or loss for the period, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to income tax payable in respect of previous years.

F-10
Deferred income tax

Deferred income tax is provided using the liability method for temporary differences at the reporting date between the income tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax is measured using enacted or substantively enacted income tax rates expected to apply in the years in which those temporary differences are expected to be recovered or settled. A deferred tax asset is recognized for unused income tax losses and credits to the extent that it is probable that future taxable income will be available against which they can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable income will allow the deferred tax asset to be recovered.

Deferred income tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred tax relates to the same taxable entity and the same taxation authority.

Deferred income tax is provided on temporary differences arising on investments in subsidiaries, except where the timing of the reversal of the temporary difference is controlled by the Company and it is probable that the temporary difference will not reverse in the foreseeable future.

(b) Cash

Cash comprises cash at banks and on hand. The Company uses the indirect method of reporting cash flow from operating activities.

(i) Trade receivables

Trade receivables consist of amounts outstanding from customers as a result of product sales and are initially recognized at fair value and subsequently measured at amortized cost using the effective interest method, less expected credit losses. Provisions for uncollectible amounts are recorded against trade receivables and are based on historical experience.

(j) Inventories

Raw materials, work-in-process and finished goods are valued at the lower of cost and net realizable value. Cost is determined using the weighted average cost method. The cost of work-in-process and finished goods inventories include the cost of raw materials and an applicable share of the cost of labour and fixed and variable production overhead, including depreciation of property, plant and equipment used in the production of finished goods and design costs, and other costs incurred in bringing the inventories to their present location and condition.

The Company estimates net realizable value as the amount at which inventories are expected to be sold, taking into consideration fluctuations in selling prices due to seasonality, less estimated costs necessary to complete the sale.
Inventories are written down to net realizable value when the cost of inventories is estimated to be unrecoverable due to obsolescence, damage or declining selling prices. When circumstances that previously caused inventories to be written down below cost no longer exist or when there is clear evidence of an increase in selling prices, the amount of the write-down previously recorded is reversed.

Storage costs, indirect administrative overhead and certain selling costs related to inventories are expensed in the period that these costs are incurred.

(k) **Property, plant and equipment**

Property, plant and equipment is stated at cost, net of accumulated depreciation and any accumulated impairment losses. Cost includes expenditures that are directly attributable to the acquisition of the asset, including costs incurred to prepare the asset for its intended use and capitalized borrowing costs, when the recognition criteria are met. The commencement date for capitalization of costs occurs when the Company first incurs expenditures for the qualifying assets and undertakes the required activities to prepare the assets for their intended use.

Property, plant and equipment assets are depreciated on a straight-line basis over their estimated useful lives to their estimated residual value when the assets are available for use. When significant parts of a fixed asset have different useful lives, they are accounted for as separate components and depreciated separately. Depreciation methods, useful lives and residual values are reviewed annually and are adjusted for prospectively, if appropriate. Estimated useful lives are as follows:

<table>
<thead>
<tr>
<th>Asset</th>
<th>Estimated Useful Life</th>
</tr>
</thead>
<tbody>
<tr>
<td>Plant equipment</td>
<td>10 to 15 years</td>
</tr>
<tr>
<td>Computer equipment</td>

</tr>
<tr>
<td>Show displays</td>
<td>3 to 10 years</td>
</tr>
<tr>
<td>Furniture and fixtures</td>
<td>8 to 12 years</td>
</tr>
</tbody>
</table>

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset, calculated as the difference between the net disposal proceeds and the carrying amount of the asset, is included in the statement of income and other comprehensive income when the asset is derecognized.

The cost of repairs and maintenance of fixed assets is expensed as incurred and recognized in the statement of income.

Property, plant and equipment are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If the possibility of impairment is indicated, the entity will estimate the recoverable amount of the asset and record any impairment loss in the statement of income.

(l) **Intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is its fair value as of the date of acquisition. Following initial recognition, intangible assets with finite lives are carried at cost less any accumulated amortization and any accumulated impairment losses.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2016

The useful lives of intangible assets are assessed as either finite or indefinite.

</tbody>
</table>

Intangible assets with indefinite useful lives pertain to the Canada Goose brand name and domain name which were acquired as part of the Acquisition. The brand name and domain name are considered to have an indefinite life based on a history of strong revenue and cash flow performance and the intent and ability of the Company to support the brand with spending to maintain its value for the foreseeable future. The brand name is tested at least annually, at the cash-generating unit level for impairment. The assessment of indefinite life is reviewed annually to determine whether indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is made on a prospective basis.

Intangible assets with finite lives are amortized over the useful economic life on straight line basis and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the statement of income over its estimated useful life.

An item of intangible assets is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition (that is, on disposal or retirement from use) of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of income when the asset is derecognized.

(m) Goodwill

Goodwill represents the difference between the purchase price of an acquired business and the Company’s share of the net identifiable assets acquired and liabilities and certain contingent liabilities assumed. It is initially recorded at cost and subsequently measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to cash-generating units (“CGU”) based on the lowest level within the entity in which the goodwill is monitored for internal management purposes. The allocation is made to those CGUs that are expected to benefit from the business combination in which the goodwill arose. Any potential impairment of goodwill is identified by comparing the recoverable amount of a CGU to its carrying value. Goodwill is reduced by the amount of deficiency, if any. If the deficiency exceeds the carrying amount of goodwill, the carrying values of the remaining assets in the CGU are reduced by the excess on a pro-rata basis. The Company tests goodwill for impairment annually in the fourth quarter of the year.

The recoverable amount of a CGU is the higher of the estimated fair value less costs of disposal or value-in-use of the CGU. In assessing value-in-use, the estimated future cash flows are discounted.

F-13
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(in thousands of Canadian dollars, except per share data)

using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

The Company has evaluated that the goodwill contributes to the cash flows of three CGUs.

(n) Provisions
Provisions are recognized when the Company has a present obligation, legal or constructive, as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Where the Company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of income net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized in the statement of income.

The provision for warranty returns relates to the Company’s obligation for defective goods sold to customers that have yet to be returned. Accruals for sales and warranty returns are estimated on the basis of historical returns and are recorded so as to allocate them to the same period the corresponding revenue is recognized.

(o) Employee future benefits
The Company sponsors a defined benefit pension plan, which is limited to certain employees of Canada Goose International AG and is based on statutory requirements of Switzerland.

The measurement date for the defined benefit pension plan is March 31. The obligations associated with the Company’s defined benefit pension plan is actuarially valued using the projected unit credit method, management’s best estimate assumptions, salary escalation, inflation, life expectancy, and a current market discount rate. Assets are measured at fair value. The obligation in excess of plan assets is recorded as a liability. All actuarial gains or losses are recognized immediately through Other comprehensive income.

(p) Financial instruments

Fair values
Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The Company uses valuation techniques that it believes are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy,
described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

**Level 1:** quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

**Level 2:** inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

**Level 3:** are unobservable inputs for the asset or liability. Unobservable inputs shall be used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

The determination of the fair value of financial instruments is performed by the Company’s treasury and financial reporting departments on a quarterly basis. There was no change in the valuation techniques applied to financial instruments during all periods presented. The following table describes the valuation techniques used in the determination of the fair values of financial instruments:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>
Credit facility

The fair value is based on the present value of contractual cash flows, discounted at the Company’s current incremental borrowing rate for similar types of borrowing arrangements or, where applicable, quoted market prices.

Subordinated debt

The fair value is based on the equivalent dollar amount of common shares that are to be received upon conversion of the subordinated debt.

Financial instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the financial instrument.
Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities classified at fair value through profit or loss) are added to, or deducted from, the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities classified at fair value through profit or loss are recognized immediately in profit or loss. Financial assets and financial liabilities are measured subsequently as described below.

a. Non-derivative financial assets

Non-derivative financial assets include cash and trade receivables and are classified as loans and receivables and measured at amortized cost. The Company initially recognizes receivables and deposits on the date that they are originated. The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred.

b. Non-derivative financial liabilities

Non-derivative financial liabilities include accounts payable, accrued liabilities, credit facility and subordinated debt. The Company initially recognizes debt instruments issued on the date that they are originated. All other financial liabilities are recognized initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are recognized initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortized cost using the effective interest method. The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire.

c. Derivative financial instruments

The Company is exposed to the risk of currency fluctuations and has entered into currency derivative contracts to hedge its exposure on the basis of planned transactions. These contracts generally cover a period of less than one year. The Company’s hedging activities are not designated as hedges for accounting purposes. Derivative financial instruments are recognized initially at fair value; attributable transaction costs are recognized in the statement of income as incurred. Subsequent to initial recognition, derivative financial instruments are measured at fair value, and changes therein are recognized immediately in the statement of income.

Embedded derivatives are separated from a host contract and accounted for separately if the economic characteristics and risks of the host contract and the embedded derivative are not closely related. The Company measures all derivative financial instruments from option pricing models. The Company has reviewed all significant contractual agreements and determined that these mandatory conversion features on the Company’s subordinated debt, which are contingent upon a liquidity event or sale of shares event, qualify as an embedded derivative. Given the remote probability of occurrence, the Company has determined the fair value of these embedded derivatives to be nil.

F-16
Share-based payments
Share-based payments are valued based on the grant date fair value of these awards and the Company records compensation expense over the corresponding service period. The fair value of the share-based payments is determined using acceptable valuation techniques, which incorporate the Company’s discounted cash flow estimates and other market assumptions. On December 9, 2013, a stock option plan (“the Plan”) was put in place which allows stock options to be granted to selected executives of the Company with vesting contingent upon meeting the service, performance goals and exit event conditions of the Plan. There are three types of stock options: Tranche A options are time based which generally vest over 5 years of service, with 40% on the second anniversary, 20% on each of the third, fourth, and fifth anniversary. Tranche B and Tranche C options are performance based awards that vest upon attainment of performance conditions and the occurrence of an exit event. The expense related to the Tranche B and Tranche C options is recognized ratably over the requisite service period, provided it is probable that the vesting conditions will be achieved and the occurrence of such exit event is probable.

Leases
Operating lease payments net of any lease inducements are recognized as an expense in the statement of profit or loss on a straight line basis over the lease term.

Note 3. Significant accounting judgments, estimates, and assumptions
The preparation of the consolidated financial statements requires management to make estimates and judgments in applying the Company’s accounting policies that affect the reported amounts and disclosures made in the consolidated financial statements and accompanying notes.

Estimates and assumptions are used mainly in determining the measurement of balances recognized or disclosed in the consolidated financial statements and are based on a set of underlying data that may include management’s historical experience, knowledge of current events and conditions and other factors that are believed to be reasonable under the circumstances. Management continually evaluates the estimates and judgments it uses. These estimates and judgments have been applied in a manner consistent with prior periods and there are no known trends, commitments, events or uncertainties that we believe will materially affect the methodology or assumptions utilized in making these estimates and judgments in these financial statements.

The following are the accounting policies subject to judgements and key sources of estimation uncertainty that the Company believes could have the most significant impact on the amounts recognized in the consolidated financial statements.

Inventories
Key Sources of Estimation Inventories are carried at the lower of cost and net realizable value; in estimating net realizable value, the Company uses estimates related to fluctuations in inventory levels, customer behaviour, obsolescence, future selling prices, seasonality and costs necessary to sell the inventory.

Inventory is adjusted to reflect estimated loss (“shrinkage”) incurred since the last inventory count. Shrinkage is based on historical experience.
Impairment of non-financial assets (goodwill, intangible assets, and property, plant & equipment)

Judgments Made in Relation to Accounting Policies Applied Management is required to use judgment in determining the grouping of assets to identify their CGUs for the purposes of testing non-financial assets for impairment. Judgment is further required to determine appropriate groupings of CGUs for the level at which goodwill and intangible assets are tested for impairment. For the purpose of goodwill and intangible assets impairment testing, CGUs are grouped at the lowest level at which goodwill and intangible assets are monitored for internal management purposes. In addition, judgment is used to determine whether a triggering event has occurred requiring an impairment test to be completed. The Company has concluded that it has three CGUs and tests goodwill and these intangible assets for impairment on that basis.

Key Sources of Estimation In determining the recoverable amount of a CGU or a group of CGUs, various estimates are employed. The Company determines value in use by using estimates including projected future revenues, margins, and capital investment consistent with strategic plans presented to the Board. Fair value less costs of disposal are estimated with reference to observable market transactions. Discount rates are consistent with external industry information reflecting the risk associated with Company and cash flows.

Income and other taxes

Key Sources of Estimation In determining the recoverable amount of deferred tax assets, the Company forecasts future taxable income by legal entity and the period in which the income occurs to ensure that sufficient taxable income exists to utilize the attributes. Inputs to those projections are Board-approved financial forecasts and statutory tax rates.

Judgments Made in Relation to Accounting Policies Applied The calculation of current and deferred income taxes requires management to make certain judgments regarding the tax rules in jurisdictions where the Company performs activities. Application of judgments is required regarding the classification of transactions and in assessing probable outcomes of claimed deductions including expectations about future operating results, the timing and reversal of temporary differences and possible audits of income tax and other tax filings by the tax authorities.

Functional currency

Judgments Made in Relation to Accounting Policies Applied The Company assesses the relevant factors related to the primary economic environment in which its entities operate to determine the functional currency. Where the assessment of primary indicators is mixed, Management assesses the secondary indicators, including the relationship between the foreign operations and reporting entity.

Financial instruments

Key Sources of Estimation The critical assumptions and estimates used in determining the fair value of financial instruments are: equity prices; future interest rates; the relative creditworthiness of the Company to its counterparties; estimated future cash flows; discount rates; and volatility utilized in option valuations.

Judgments Made in Relation to Accounting Policies Applied The Company’s subordinated debt and preferred shares contain redemption features upon the occurrence of a qualifying liquidity event. These features give rise to derivatives which have been determined not to be closely related to the host. No value has been attributed to these derivatives.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2016
(in thousands of Canadian dollars, except per share data)

Trade receivables
Key Sources of Estimation: The Company has a significant number of customers which minimizes the concentration of credit risk. The Company does not have any customers which account for more than 10% of sales or accounts receivable. We make ongoing estimates relating to the ability to collect our accounts receivable and maintain an allowance for estimated losses resulting from the inability of our customers to make required payments. In determining the amount of the allowance, we consider our historical level of credit losses and make judgments about the creditworthiness of significant customers based on ongoing credit evaluations.

Share-based payments
Key Sources of Estimation The critical assumptions and estimates used in determining the fair value of share-based payments on their grant date are: fair value of the entity on the grant date; volatility of share price for a non-publicly traded entity; expected forfeiture rate; and expected term.

Judgments Made in Relation to Accounting Policies Applied The Company’s share-based payment arrangements contain both market and non-market performance conditions in relation to a liquidity event, the timing of which cannot be certain on the grant date. As a result, Management has applied judgment in relation to the timing of such an event and the impact on probability of vesting.

Warranty
Key Sources of Estimation The critical assumptions and estimates used in determining the warranty provision at the statement of financial position date are: number of jackets expected to require repair or replacement; proportion to be repaired versus replaced; period in which the warranty claim is expected to occur; cost of repair; cost of jacket replacement; risk-free rate used to discount the provision to present value.

Business combinations
Key Sources of Estimation In a business combination, the identifiable assets acquired and liabilities assumed will be recognized at their fair values. The Company makes judgements and estimates in determining the fair values. The excess of the purchase price over the fair values of identifiable assets acquired and liabilities assumed will be recognized as goodwill, if positive, and if negative, it is recognised in the statement of income.

Note 4. Standards issued but not yet effective
Certain new standards, amendments, and interpretations to existing IFRS standards have been published but are not yet effective and have not been adopted early by the Company. Management anticipates that all of the pronouncements will be adopted in the Company’s accounting policy for the first period beginning after the effective date of the pronouncement. Information on new standards, amendments, and interpretations are provided below.

In 2016, the IASB issued IFRS 16, “Leases” (“IFRS 16”), replacing IAS 17, “Leases” and related interpretations. The standard introduces a single on-statement of financial position recognition and measurement model for lessees, eliminating the distinction between operating and finance leases. Lessors continue to classify leases as finance and operating leases. IFRS 16 becomes effective for annual periods beginning on or after January 1, 2019, and is to be applied retrospectively. Early adoption is permitted if IFRS 15, “Revenue from Contracts with Customers” (“IFRS 15”) has been adopted. The Company is currently assessing the impact of the new standard on its consolidated financial statements.

F-19
In 2014, the IASB issued IFRS 15, replacing IAS 18, “Revenue”, IAS 11, “Construction Contracts”, and related interpretations. The new standard provides a comprehensive framework for the recognition, measurement and disclosure of revenue from contracts with customers, excluding contracts within the scope of the accounting standards on leases, insurance contracts and financial instruments. IFRS 15 becomes effective for annual periods beginning on or after January 1, 2018, and is to be applied retrospectively. Early adoption is permitted. The Company is currently assessing the impact of the new standard on its consolidated financial statements.

In July 2014, the IASB issued the final version of IFRS 9, which reflects all phases of the financial instruments project and replaces IAS 39, “Financial Instruments: Recognition and Measurement,” and all previous versions of IFRS 9. The standard introduces new requirements for classification and measurement, impairment, and hedge accounting. IFRS 9 is mandatorily effective for annual periods beginning on or after January 1, 2018. Early adoption is permitted. The Company is currently assessing the impact of the new standard on its consolidated financial statements.

Amendments to IAS 7, Statement of Cash Flows (“IAS 7”) were issued by the IASB in January 2016. The amendment clarifies that entities shall provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities. The amendment to IAS 7 is effective for annual periods beginning on or after January 1, 2017. The Company is currently assessing the impact of the new standard on its consolidated financial statements.

In January 2016, the International Accounting Standards Board (IASB) issued amendments to clarify the requirements for recognizing deferred tax assets on unrealized losses. The amendments clarify the accounting for deferred tax where an asset is measured at fair value and that fair value is below the asset’s tax base. They also clarify certain other aspects of accounting for deferred tax assets. The amendments are effective for the year beginning on or after January 1, 2017. The Company is currently assessing the impact of these amendments on its financial statements.

In June 2016, the IASB issued an amendment to IFRS 2, Share-based Payment, clarifying the accounting for certain types of share-based payment transactions. The amendments provide requirements on accounting for the effects of vesting and non-vesting conditions of cash-settled share-based payments, withholding tax obligations for share-based payments with a net settlement feature, and when a modification to the terms of a share-based payment changes the classification of the transaction from cash-settled to equity-settled. The amendments are effective for the year beginning on or after January 1, 2018. The Company is currently assessing the impact of this amendment on its financial statements.

Amendments to IAS 1, Presentation of Financial Statements (“IAS 1”) were issued by the IASB in December 2014. The amendments clarify principles for the presentation and materiality considerations for the financial statements and notes to improve understandability and comparability. The amendments to IAS 1 are effective for annual periods beginning on or after January 1, 2016. The Company is evaluating the impact of this standard on its consolidated financial statements.

Note 5. Business combinations

**Acquisition of the Former Canada Goose Inc.**

On December 9, 2013, the Company entered into a purchase agreement whereby it purchased and assumed all of the assets and liabilities of the former Canada Goose Inc. and its wholly-owned subsidiaries. The Acquisition was

recorded using the acquisition method of accounting in accordance with the guidance for business combinations resulting in an adjustment to the basis of all the acquired net assets to their respective fair values and the recording of intangible assets and goodwill as of the Acquisition date of December 9, 2013.

The total purchase price of $209,685 was allocated to tangible assets acquired, liabilities assumed and identifiable intangible assets based on their respective fair values as follows:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2016

(in thousands of Canadian dollars, except per share data)

Trade receivables and other current assets, accounts payable, accrued liabilities, income taxes payable and provisions were stated at their historical carrying values, which approximate their fair value given the short term nature of these assets and liabilities.

Inventories were recorded at estimated fair value, based on net realizable value. In this valuation approach, fair value is estimated based on an approximation of the selling price less the sum of cost to complete and a profit allowance for the completing and selling effort of the buyer.

The estimate of fair value of property, plant and equipment was based on management’s assessment of the acquired assets’ condition, as well as an evaluation of the current market value for such assets. In addition, the Company also considered the length of time over which the economic benefit of these assets is expected to be realized and adjusted the useful life of such assets accordingly as of the valuation date.

The Company recorded identifiable intangible assets based on their estimated fair value; the value of the intangible assets derives primarily from the Canada Goose brand. Management used the relief from royalty approach to calculate fair value. This method entails quantifying royalty payments which would be required if the asset was owned by a third party and licensed to a company. The imputed royalty payment stream is then adjusted for taxes and discounted to present value using a risk-adjusted discount rate.

The excess of the purchase price over the amounts allocated to specific assets and liabilities is included in goodwill. The premium in the purchase price paid reflects the expected future growth potential from operating the Company’s business. None of the goodwill recognized is expected to be deductible for income tax purposes.

Total acquisition costs recognized during the Successor period December 9, 2013 – March 31, 2014 and the Predecessor period April 1, 2013 – December 8, 2013 were $3,268 and $2,293, respectively. During the period ended March 31, 2014, 6 Class A common shares were issued in exchange for reimbursement of expenses in the amount of $3,350 related to the Acquisition.

If the Acquisition had occurred on April 1, 2013, pro forma revenue and net income for the 12-month period ended March 31, 2014 would have been $152,085 and $3,023, respectively.

Other Acquisitions

On January 8, 2015, the Company acquired the assets of a manufacturing business for total cash consideration of $1,800. The acquisition provides the Company with additional manufacturing capacity and capabilities and has been accounted for as a business combination. The results of operations have been consolidated with those of the Company beginning January 8, 2015.

The fair value of the tangible assets acquired is a follows, with the excess of the purchase price over the fair value of the tangible assets acquired accounted for as goodwill.

Note 6. Segment Information

The Company has two reportable operating segments: Wholesale and Direct to Consumer. The accounting policies of the reportable operating segments are the same as those described in the Company’s summary of significant accounting policies. The Company measures each reportable operating segment’s performance based on revenue and segment operating income, which is the profit metric utilized by the Company’s chief operating decision maker, who is the President and Chief Executive Officer, for assessing the performance of operating segments. Neither reportable operating segment is reliant on any single external customer.

The Company does not report total assets or total liabilities based on its operating segments.

The Company’s Direct to Consumer business commenced in the year ended March 31, 2015 with the establishment of an e-commerce platform for Canadian customers through the Company’s website. Prior to this period, no activity occurred in the Direct to consumer segment and therefore information has not been presented.

The Company does not recognize tax on unremitted earnings from foreign subsidiaries as it is management’s intent to reinvest these earnings indefinitely. Unremitted earnings from foreign subsidiaries were $9,581 as at March 31, 2016 (2015 – $3,317, 2014 – $1,325, and December 8, 2013 – $1,980).

Note 8. Earnings per share

Basic earnings per share amounts are calculated by dividing net profit for the period attributable to ordinary equity holders of the parent by the weighted average number of common shares outstanding during the period.

Diluted earnings per share amounts are calculated by dividing the net income attributable to ordinary equity holders of the parent by the weighted average number of common shares, if any, that would be issued on conversion of all the dilutive potential effects. The Company has issued preferred shares and subordinated debt and certain stock options (Tranche B and Tranche C options, note 17) that are convertible/exercisable into common shares immediately prior to the closing of qualifying liquidity event or sale of shares. Such instruments are not considered dilutive until the occurrence of the event that would result in conversion or exercise, and are not included in the determination of diluted earnings per share.

Where the number of common shares and stock options outstanding changes as a result of a share split, the calculation of basic and diluted earnings per share for all periods presented is adjusted retrospectively; accordingly, the earnings per share has been calculated below after giving effect to the subdivision of the common shares and the related adjustments to the number and exercise prices of stock options which took place on December 2, 2016 (note 22).

Included in inventory as at March 31, 2016 are provisions in the amount of $3,773 (March 31, 2015 – $2,813).

In connection with the Acquisition, acquired assets and liabilities were recorded on the Company’s consolidated statement of financial position at their fair value. This resulted in a fair value increase to inventory on the date of acquisition of $5,767 representing the difference between inventory cost and its fair value. This difference was recognized as a charge to cost of goods sold during the year ended March 31, 2015 and the period ended March 31, 2014 of $2,861 and $2,906, respectively, as the related inventory was sold.

Indefinite life intangible assets

Indefinite life intangible assets recorded by the Company as a result of the Acquisition are comprised of the brand and the domain name associated with the Company’s website. The Company expects to renew the
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(registration of the brand names, and domain names at each expiry date indefinitely, and expects these assets to generate economic benefit in perpetuity. As such, the Company assessed these intangibles to have indefinite useful lives. The Company completed its annual impairment tests in the year of acquisition and in 2016 and 2015 for indefinite life intangible assets and concluded that there was no impairment.

Key Assumptions

The key assumptions used to calculate the value-in-use (VIU) are those regarding discount rates, revenue growth rates, and changes in margins. These assumptions are consistent with the assumptions used to calculate VIU for goodwill (note 13).

Note 13. Goodwill

The components of goodwill arising from business combinations (Note 5) are as follows:

<table>
<thead>
<tr>
<th>Date acquired</th>
<th>$</th>
</tr>
</thead>
<tbody>
<tr>
<td>December 8, 2013</td>
<td>42,947</td>

</tr>
<tr>

<td>44,537</td>
</tr>
</tbody>
</table>

The Company completed its annual impairment tests in the year of acquisition and in 2016 and 2015 for goodwill and concluded that there was no impairment.

Key Assumptions

The key assumptions used to calculate the fair value less costs of disposal are those regarding discount rates, revenue growth rates, and changes in margins. These assumptions are considered to be Level 3 in the fair value hierarchy.

The weighted average cost of capital was determined to be 14.5% (2015 – 14.0%) and was based on a risk-free rate, an equity risk premium adjusted for betas of comparable publicly traded companies, an unsystematic risk premium, small country risk premium, country-specific risk premium, an after-tax cost of debt based on corporate bond yields and the capital structure of the Company. Cash flow projections were discounted using the Company’s after-tax weighted average cost of capital.

The Company included five years of cash flows in its discounted cash flow model. The cash flow forecasts were extrapolated beyond the five year period using an estimated long term growth rate of 5.0% (2015 – 5.0%). The budgeted growth is based on the strategic plans approved by the Company’s Board.

Note 15. Provisions

Provisions consist primarily of amounts recorded in respect of customer warranty obligations and terminations of sales agents and distributors.

The provision for warranty claims represents the present value of management’s best estimate of the future outflow of economic resources that will be required under the Company’s obligations for warranties under sale of goods. The estimate has been made on the basis of historical warranty trends and may vary as a result of new materials, altered manufacturing processes or other events affecting product quality and production.

The sales contract provision relates to management’s estimated cost of the termination of certain third party dealers, agents and distributors.

Note 16. Long-term debt

Credit facility

The Company has long-term borrowings comprising a revolving credit facility in the amount of up to $75,000 with an increase in commitments to $100,000 during the peak season (August 1 – November 30) and a term credit facility in the amount of $12,188 (collectively, the revolving credit facility and the term credit facility, the “Credit Facility”). The Credit Facility bears interest at the bank prime rate plus 1% per annum or bankers’ acceptance rate plus 2% per annum and is payable when due. The Credit Facility has a final termination date of December 9, 2018. The Credit Facility is secured by general assignments and security agreements including the assignment of cash, inventory, equipment and trade receivables and contain financial and non-financial covenants which could impact the Company’s ability to draw funds. The Company was in compliance with all covenants as at March 31, 2016, and March 31, 2015.

The credit agreement governing our Credit Facility contains a number of restrictive covenants that impose operating and financial restrictions on us, including restrictions on our ability to incur certain liens, make investments and acquisitions, incur or guarantee additional indebtedness, pay dividends or make other distributions in respect of, or repurchase or redeem our common or preferred shares, or enter into certain other types of contractual arrangements affecting our subsidiaries or indebtedness.

Advances under the revolving credit facility shall only be used for working capital and other general corporate purposes including permitted acquisitions.

The term credit facility is a non-revolving facility and no amounts repaid under the term credit facility may be re-borrowed except for conversions and rollovers. The limits of the term credit facility will be automatically and permanently reduced by the amount of any repayment. The principal amount of the term credit facility is repayable in 19 equal quarterly instalments of $313 each commencing on March 31, 2014 and the remaining balance repayable at the maturity date.

As at March 31, 2016, the company had letters of credit outstanding under the Credit Facility of $294 (US$ 227 (2015 – $159, US$ 125).

Future minimum principal repayments of the term credit facility as at March 31, 2016 are:

Subordinated debt

The Company’s subordinated debt comprises senior and junior notes that are due to an entity related to the majority shareholder of the Company and has a maturity date of November 30, 2023 (collectively, “Subordinated Debt”). The senior subordinated debt was issued as purchase consideration in the Acquisition and bears interest at the rate of 6.7% per annum. The junior subordinated debt is issued to settle all or some of the accrued interest on the senior subordinated debt. Any accrued and unpaid interest on the principal amount is payable in cash annually on the last business day of November each year beginning in November 2014. The entire unpaid principal and accrued interest amounts are automatically convertible to Class A common shares in connection with a qualifying and non-qualifying liquidity event or sale of shares, wind-up, change in control through a business combination, merger, or a similar transaction, a sale of substantially all of the Company’s assets, or a sale of all of the outstanding equity of the Company. The Company’s Subordinated Debt contains a redemption feature that give rise to a derivative which have been determined not to be closely related to the host. No value has been attributed to this derivative.

Subsequent to the end of the year, on December 2, 2016, the Company subdivided its Class A and Class B common shares on the basis of 10,000,000 common shares for every share as part of a capital reorganization (note 22). After the Recapitalization, the Company has 100,000,000 Class A and Class B common shares outstanding. The above table reflects the number of common shares outstanding after giving effect to the share split. The calculation of basic and diluted earnings per share (note 8) is based on the number of common shares and stock options outstanding after giving effect to the share split.

During the period ended March 31, 2014, 60,000,000 Class A common shares were issued in exchange for reimbursement of expenses in the amount of $3,350 related to the Acquisition.

17.2 Share-based payments

Under the terms of the Company’s stock option plan (the “Plan”), options may be granted on Class B common shares and Class A junior preferred shares, to a maximum of 12,231,435 options, to select executives of the Company, with vesting contingent upon meeting the service, performance goals and exit event conditions of the Plan. All options issued expire ten years after the grant date.

Service-vested options

Service-vested options, which are hereby referred to Tranche A options, are subject to the executive’s continuing employment and generally are scheduled to vest 40% on the second anniversary of the date of grant, 20% on the third anniversary, 20% on the fourth anniversary and 20% on the fifth anniversary.

Performance-vested exit event options

There are two types of performance-vested options tied to an exit event, which are hereby referred to as Tranche B and Tranche C options, are eligible to vest on a pro-rata basis upon an exit event pursuant to which the aggregate common equity value is in excess of specified rates of return on total investment, subject to the executive’s continued employment through the date of the exit event.

Compensation expense for share-based compensation granted is measured at the fair value at the grant date where there is a shared understanding, using the Monte Carlo valuation model.

During fiscal year 2015, the Company granted Tranche A options to acquire 2,214,334 shares at $1.00 per share that vest 40% on December 9, 2015, 20% on December 9, 2016, 20% on December 9, 2017 and 20% on December 9, 2018. All options granted subsequently vest 40% on the second anniversary of the date of grant, 20% on the third anniversary, 20% on the fourth anniversary and 20% on the fifth anniversary. All options become eligible to vest on a change of control transaction with certain other specified event-based criteria.

As at March 31, 2016 1,068,500 options are vested (2015 – Nil).

Subsequent to the end of the year, on December 2, 2016, the Company amended the terms of its stock option plan and adjusted the terms of its outstanding stock options to give effect to the subdivision of its common shares and related Recapitalization transactions (note 22). After the Recapitalization, there are stock options outstanding to purchase 6,359,785 common shares at exercise prices ranging from $0.02 to $8.94 per share. The tables above do not give effect to the share split and related changes to the terms of the stock options outstanding. The calculation of basic and diluted earnings per share (note 8) is based on the number of common shares and stock options outstanding after giving effect to the share split.

Accounting for share-based awards

Compensation expense is recognized for all awards over the related vesting periods based on the grant date fair value of the awards. For service-vested restricted shares, compensation expense is recognized ratably over the vesting period. For performance-vested exit event options, no compensation expense will be recognized until it is probable that an exit event meeting the vesting conditions will occur. For the year ended March 31, 2016, the Company recorded $500 (2015 – $300, 2014 – nil) as contributed surplus and compensation expense for the vesting of stock options. Stock-based compensation expense is included in selling, general and administrative expenses.

Valuation of stock-based awards

The fair value of stock-based awards is determined using acceptable valuation techniques, which primarily consist of the income approach for the estimation of the equity value of the Company and the Monte Carlo method for the valuation of the stock-based awards. These valuation techniques incorporate the Company’s discounted cash flow estimates and other key assumptions. Assumptions in estimating discounted cash flows include, among other items, revenue and operating expense growth rates, terminal value growth rate, discount rate, capital expenditures, and working capital levels. These assumptions are consistent with those used in the Company’s annual impairment testing. Other key assumptions include, among other items, probability of an exit event and distribution over time, discount for lack of marketability, an expected dividend yield of —%, risk-free discount rate based on a Government of Canada Bond for a period consistent with the expected life of the awards, and a volatility assumption based on median and historical data of similar public entities.
In determining the amount of share-based compensation, the Company used the Monte Carlo method to establish the fair value of options granted by applying the following assumptions and inputs:

Note 18. Financial Instruments and fair values

Management assessed that the fair values of cash, trade receivables, accounts payable and accrued liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Management assessed that the credit facility had a fair value of $46,179 (2015 – $49,822), determined using a discounted cash flow model over the term of the debt and a discount rate of 8.5% (2015 – 8%). The fair value of the subordinated debt is based on the equivalent dollar amount of common shares that are to be received upon conversion of the subordinated debt, and is equal to the carrying amount of the debt.

The Company’s derivative financial assets and financial liabilities are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular, the valuation technique(s) and inputs used).

Note 20. Financial risk management objectives and policies

The Company’s primary risk management objective is to protect the enterprise’s assets and cash flow, in order to increase the Company’s enterprise value.

Capital management

The Company manages its capital, which consists of cash provided from financing (common shares and preferred shares), long-term debt and subordinated debt, with the primary objective being safeguarding sufficient working capital to sustain and grow operations. The Board of Directors has not established capital benchmarks or other targets. The Company will continually assess the adequacy of its capital structure and capacity and make adjustments within the context of the Company’s strategy, economic conditions, and the risk characteristics of the business.

The Company is capitalized with a mix of debt (long-term and subordinated debt) and with equity (common shares and preferred shares). The Company is exposed to market risk, credit risk, and liquidity risk. The Company’s senior management and Board of Directors oversees the management of these risks. It is the Company’s policy that no trading in derivatives for speculative purposes shall be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise interest rate risk and foreign currency risk.

Interest rate risk

The Company is exposed to interest rate risk on its floating rate borrowings, as the required cash flows to service the debt will fluctuate as a result of changes in market rates. The Company’s subordinated debt bears interest at a fixed rate of interest of 6.7% per annum. The entire unpaid principal and accrued interest amounts are automatically convertible to Class A senior preferred shares in connection with a liquidity event or sale of shares. The holder also had a right to payment upon demand. The credit facility is held in Canadian and US currencies and bears interest at bank prime plus 1% or banker’s acceptance rate plus 2%. The rate is subject to the financial
performance of the Company. For the prime rate loan this rate may vary between 1.5% to 3.37%, while the banker’s acceptance rate may vary between 2.5% to 4.375%; both notes include a standby fee rate of 0.875%. For the year-ended March 31, 2016, a 1% increase in the interest rate would result in additional interest expense of $627.

**Foreign currency risk**

The Company’s consolidated financial statements are expressed in Canadian dollars, however a substantial portion of the Company’s sales and purchases are denominated in U.S. dollars, Euros, British Pounds Sterling, while a lower proportion of the Company’s transactions are in Swedish Krona, Danish Krone, and Swiss Franc. This results in a portion of the Company’s net assets denominated in U.S. dollars, Euro, Pound Sterling, Swedish Krona, and Danish Kroner, through subsidiaries with a functional currency that is the same as that of the Company. Net assets denominated in foreign currencies are translated into Canadian dollars at the foreign currency exchange rate in effect at the statement of financial position date. As a result, the Company is exposed to foreign currency translation gains and losses. Those gains and losses arising from the translation of the foreign currency denominated assets of foreign subsidiaries with a functional currency that is the same as that of the Company are included in operating income. The Company estimates that based on the net assets held by foreign operations that have the same functional currency as that of the Company at the end of 2016, an appreciation of the Canadian dollar of $0.01 relative to the U.S. dollar, Euro, and British Pound Sterling would result in a loss of $569 in income before taxes (2015 – $627).

At March 31, 2016, the Company had foreign exchange forward contracts to buy Canadian dollars representing notional amounts of US$30,500 to sell U.S. dollars, €4,000 to sell Euros, and £1,500 to sell Pounds Sterling (March 31, 2015 – to buy Canadian dollars: notional amounts of US$16,200 to sell U.S. dollars, €12,000 to sell Euros, and £2,000 to sell Pounds Sterling; to sell Canadian dollars €1,000 to buy Euros and £1,000 to buy Pounds Sterling).

Revenues and expenses of all foreign operations are translated into Canadian dollars at the foreign currency exchange rates that approximate the rates in effect at the dates when such items are recognized. Appreciating foreign currencies relative to the Canadian dollar will positively impact operating income and net income, while depreciating foreign currencies relative to the Canadian dollar will have the opposite impact.

The Company is also exposed to fluctuations in the prices of U.S. dollar denominated purchases as a result of changes in U.S. dollar exchange rates. A depreciating Canadian dollar relative to the U.S. dollar will negatively impact operating income and net income, while an appreciating Canadian dollar relative to the U.S. dollar will have the opposite impact.

**Credit risk**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

Credit risk arises from the possibility that certain parties will be unable to discharge their obligations. The Company has a significant number of customers which minimizes the concentration of credit risk. The Company does not have any customers which account for more than 10% of sales or accounts receivable. The Company has entered into an agreement with a third party who has insured the risk of loss for up to 90% of accounts receivable from certain designated customers based on a total deductible of $50. As at March 31, 2016, accounts
receivable totaling approximately $16,785 (March 31, 2015 – $12,497, March 31, 2014 – $3,666) was insured under this agreement. In addition, the Company routinely assesses the financial strength of its customers and, as a consequence, believes that its accounts receivable credit risk exposure is limited. Customer deposits are received in advance from certain customers for seasonal orders, and applied to reduce accounts receivable when goods are shipped. Credit terms are normally sixty days for seasonal orders, and thirty days for re-orders.

The aging trade receivables is as follows:

<table>
<thead>
<tr>
<th></th>
<th>Neither past due nor impaired</th>
<th>Past due but not impaired</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Total 30 days 60 days &gt; 60 days</td>

<tr>
<td>March 31, 2015</td>
<td>$15,295 $3,085 $3,555 $2,099 $6,556</td>
<td></td>
</tr>
</tbody>
</table>

**Liquidity risk**

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company’s approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under normal and stressed conditions. The Company manages liquidity risk by reviewing its capital and operating requirements on an ongoing basis. The Company continuously reviews both actual and forecasted cash flows to ensure that the Company has appropriate capital capacity.

The following table summarizes the amount of contractual undiscounted future cash flow requirements for financial instruments as at March 31, 2016:

<table>

Operating leases relate to leases of real estate with lease terms of between 5 and 10 years. All operating lease contracts over 5 years contain clauses for 5-yearly market rental reviews. The Company does not have an option to purchase the leased land at the expiry of the lease periods.

Forward exchange contracts

The Company entered into a number of forward exchange contracts during the year to sell U.S. dollars, Euro, and Pound Sterling. Several contracts were outstanding as at March 31, 2016 and therefore an unrealized mark-to-market gain of $5,366 (2015 – $138; 2014 – $339 loss; December 8, 2013 – $743 loss) has been recorded in selling, general and administrative expenses. As at March 31, 2016, the Company has a derivative asset of $4,422, which is included in other current assets (2015 – a derivative liability of $944 included in accounts payable and accrued liabilities).

Note 22. Subsequent events

Refinancing the Credit Facility

On June 3, 2016, the Company entered into an agreement with a syndicate of lenders for an asset-backed loan (the “Revolving Facility”) in the amount of $150,000 with an increase in commitments to $200,000 during the peak season (June 1 – November 30) and a revolving credit commitment comprising a letter of credit in the amount of $25,000, with a $5,000 sub-commitment for letters of credit issued in a currency other than Dollars, U.S. Dollars or Euros, and a swingline commitment for $25,000. The Revolving Facility has a five-year term and bears interest at prime plus an applicable margin, which is payable quarterly. The Revolving Facility is secured by inventories and trade receivables and contains financial and non-financial covenants which could impact the Company’s ability to draw funds. The Company incurred deferred financing charges in the amount of $1,497 in connection with the Revolving Facility.

The Company used the proceeds from the Revolving Facility to repay and extinguish the existing credit facility. As a result of the extinguishment of the existing credit facility, deferred financing charges in the amount of $1,081 were charged to expense.

Business combination

On April 18, 2016, subsequent to the year-end, the Company acquired the assets of a manufacturing business for cash consideration of $1,500.

The fair value of the tangible assets acquired is as follows, with the excess of the purchase price over the fair value of the tangible assets acquired accounted for as goodwill. The Company has not yet finalized its purchase accounting in respect of this acquisition pending finalization of the fair value of the tangible assets acquired.

The purchase price was paid as to $500 on the closing date of the transaction, with an amount payable of $500 on August 1, 2017 and contingent consideration with a fair value of $500, owing to the former owners upon satisfaction of additional requirements. The contingent consideration will be remeasured at its fair value at subsequent reporting dates and any resulting gain or loss included in the statement of income.

Recapitalization transactions

On December 2, 2016, the Board of Directors approved and the Company completed a series of share capital and debt transactions (collectively, the “Recapitalization”) to simplify its share capital structure and to return capital to its shareholders. The effect of these transactions is summarized as follows:

a) The company entered into a senior secured loan agreement (the “Term Loan”).

b) With the proceeds of the Term Loan, the Company repaid its subordinated debt and accrued interest.

c) The Company amended its articles to permit a share capital reorganization with the result that its classes of preferred shares were cancelled and its existing common shares were subdivided. The amendments permit the Company in future to issue preferred shares in series, of which, except for 63,576,003 Class D preferred shares, none are currently outstanding.

d) The proceeds of the Term loan were also used in connection with the share capital reorganization to redeem certain outstanding shares, to make certain return of capital distributions on outstanding common shares, and to fund a secured, non-interest bearing loan to DTR LLC, a company indirectly controlled by the President, Chief Executive Officer and shareholder of the Company.

e) The Company amended the terms of its stock option plan and changed the terms of outstanding stock options to conform with the revised share capital terms.

Term Loan

On December 2, 2016, in connection with the Recapitalization, the Company entered into a senior secured loan agreement with a syndicate of lenders, the Term Loan, that is secured on a split collateral basis alongside the Credit Facility, in an aggregate principal amount of $216,738 (US$ 162,582). The Company incurred an original issue discount of $6,376 and transaction costs of $2,052 on the issuance of the Term Loan. The Term Loan currently bears interest at a rate of LIBOR plus an applicable margin of 5%, payable quarterly or at the end of the then current interest period (whichever is earlier) in arrears.

The Term Loan is due on December 2, 2021, and is repayable in quarterly amounts of US$ 406 beginning June 30, 2017. Amounts owing under the Term Loan may be repaid at any time without premium or penalty, but once repaid may not be reborrowed.

The Term Loan is secured by inventory and trade receivables and contains financial and non-financial covenants which could impact the Company’s ability to draw funds.

Subordinated debt

On December 2, 2016, in connection with the Recapitalization, the Company repaid the outstanding amount of its subordinated debt plus accrued interest owing to an entity related to the majority shareholder of the Company as follows:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2016
(in thousands of Canadian dollars, except per share data)

Shareholders’ equity
In connection with the Recapitalization, the following share capital transactions were completed on December 2, 2016:
The 53,144,000 outstanding Class A senior preferred shares were redeemed for their capital amount of $53,144.
The 3,426,892 outstanding Class A junior preferred shares were redeemed under their terms for their liquidity value of $4,063.
The company has subdivided the existing Class A and Class B common shares on the basis of 10,000,000 common shares for every share.
A return of capital of $698 was paid on the Class A common shares.
In a series of transactions, the outstanding Class B senior preferred shares, the Class B junior preferred shares and the Class B common shares have been exchanged into 63,576,003 Class D preferred shares with a fixed value of $63,576 and 30,000,000 Class A common shares.
After the Recapitalization, the Company has 100,000,000 Class A common shares and 63,576,003 Class D preferred shares outstanding. There are stock options outstanding to purchase 6,306,602 Class A common shares at exercise prices ranging from $0.02 to $8.94 per share.
Where the number of common shares and stock options outstanding changes as a result of a share split, the calculation of basic and diluted earnings per share for all periods presented is adjusted retrospectively; accordingly, the earnings per share for all periods presented in the statement of income and in note 8 have been calculated after giving effect to the subdivision of the common shares and the related adjustments to the number and exercise prices of stock options.

Shareholder advance
In connection with the Recapitalization, the Company made a secured non-interest bearing shareholder advance of $63,576 to DTR LLC, an entity indirectly controlled by the President and Chief Executive Officer. The shareholder advance will be extinguished by its settlement against the redemption price for the redemption of the Class D preferred shares. DTR LLC has pledged all of the Class D preferred shares as collateral for the shareholder advance. Redemption of the Class D preferred shares and settlement of the shareholder advance is expected to occur prior to the time the registration statement relating to this offering is filed in the United States.

Notes to the Condensed Interim Consolidated Financial Statements (unaudited)

December 31, 2016

(in thousands of Canadian dollars, except per share amounts)

Note 1. The Company

Canada Goose Holdings Inc. and its subsidiaries (the “Company” or “CGHI”) design, manufacture, and sell premium outdoor apparel for men, women and children. The Company’s apparel collections include various styles of parkas, jackets, vests, and accessories for fall, winter, and spring seasons. The Company’s head office is located at 250 Bowie Avenue, Toronto, Canada. The use of the terms “Canada Goose” “we,” “us” and “our” throughout these notes to the condensed interim consolidated financial statements refer to the Company. Our fiscal year ends on March 31.

Operating Segments

The Company classifies its business in two operating and reportable segments: Wholesale and Direct to Consumer. The Wholesale business comprises sales made to a mix of functional and fashionable retailers, including major luxury department stores, outdoor specialty stores, and individual shops. The Company’s products reach these retailers through a network of international distributors and direct delivery.

The Direct to Consumer business comprises sales through the country-specific e-commerce platforms and its retail stores.

Financial information for the two reportable operating segments is included in note 4.

Seasonality

We experience seasonal fluctuations in our revenue and operating results and historically have realized a significant portion of our revenue and income for the year during our second and third fiscal quarters.

Working capital requirements typically increase during the first and second quarters of the fiscal year as inventory builds to support peak shipping and selling periods and, accordingly, typically decrease during the fourth quarter of the fiscal year as inventory has been shipped and sold. Cash provided by operating activities is typically higher in the fourth quarter of the fiscal year due to reduced working capital requirements during that period.

Note 2. Significant accounting policies

Statement of Compliance

The condensed interim consolidated financial statements are prepared in accordance with International Accounting Standard (“IAS”) 34, “Interim Financial Reporting”, as issued by the International Accounting Standards Board (“IASB”).

The condensed interim consolidated financial statements of the Company as at December 31, 2016 and March 31, 2016 and for the three and nine month periods ended December 31, 2016 and 2015 were authorized for issue in accordance with a resolution of the Company’s Board of Directors on February 6, 2017.

December 31, 2016

(in thousands of Canadian dollars, except per share amounts)

Basis of presentation

The significant accounting policies and critical accounting estimates and judgments as disclosed in the Company’s March 31, 2016 annual consolidated financial statements have been applied consistently in the preparation of these condensed interim consolidated financial statements. The condensed interim consolidated financial statements are presented in Canadian dollars, the Company’s functional and presentation currency.

The disclosures contained in these interim statements do not include all the requirements in IFRS. Accordingly, these condensed interim consolidated financial statements should be read in conjunction with the Company’s March 31, 2016 annual consolidated financial statements and the accompanying notes and have been prepared using the accounting policies described in Note 2 to the annual financial statements, except as noted below.

The Company adopted amendments to IAS 1, Presentation of Financial Statements which is effective for annual periods beginning on or after January 1, 2016. The amendments clarify principles for the presentation and materiality considerations for the financial statements and notes to improve understandability and comparability. Implementation of the standard has not had a material effect on the condensed interim consolidated financial statements.

Principles of consolidation

The condensed interim consolidated financial statements include the companies described in Note 1. All intercompany accounts and transactions have been eliminated.

Note 3. Recapitalization transactions

On December 2, 2016, the Company completed a series of share capital and debt transactions (collectively, the “Recapitalization”) to simplify its share capital structure and return capital to its shareholders. The effect of these transactions is summarized as follows:

a) The Company entered into a senior secured loan agreement (the “Term Loan”) (note 11).

b) With the proceeds of the Term Loan, the Company repaid its Subordinated Debt and accrued interest (note 11).

c) The Company amended its articles of incorporation to permit a share capital reorganization with the result that its classes of preferred shares have been or will be cancelled and its existing common shares were subdivided. The amendments authorize the Company to issue preferred shares in series in the future (note 12).

d) The proceeds of the Term Loan were also used in connection with the share capital reorganization to redeem certain outstanding shares, to make certain return of capital distributions on outstanding common shares (note 12), and to fund a secured, non-interest bearing loan to DTR LLC, a company indirectly controlled by the President and Chief Executive Officer and shareholder of the Company, which will be extinguished by its settlement against the redemption of preferred shares issued in the share reorganization (note 14).

e) The Company amended the terms of its stock option plan and changed the terms of outstanding stock options to conform with the revised share capital terms (note 13).

Note 4. Business combination

On April 18, 2016, the Company acquired the assets of an apparel manufacturing business for consideration of $1,500. Management determined that the assets and processes comprised a business and therefore accounted for
the transaction as a business combination. The Company paid $500 on the closing date of the transaction, with an amount payable of $500 due on May 1, 2017 and contingent consideration with a fair value of $500 owing to the former owners upon satisfaction of additional requirements. The contingent consideration will be remeasured at its fair value at subsequent reporting dates and any resulting gain or loss included in the consolidated statement of income and comprehensive income. The results of operations have been consolidated with those of the Company beginning on April 18, 2016.

The fair value of the tangible assets acquired is as follows, with the excess of the purchase price over the fair value of the tangible assets acquired accounted for as goodwill. The goodwill recognized is expected to be deductible for income tax purposes. The Company has not yet finalized its purchase accounting in respect of this acquisition pending finalization of the fair value of the tangible assets acquired.

Note 5. Segment information

The Company has two reportable operating segments: Wholesale and Direct to Consumer. The Company measures each reportable operating segment’s performance based on revenue and segment operating income, which is the profit metric utilized by the Company’s chief operating decision maker, who is the President and Chief Executive Officer, for assessing the performance of operating segments. Neither reportable operating segment is reliant on any single external customer.

The Company does not report total assets or total liabilities based on its operating segments.

Note 6. Earnings per share

Tranche A options to purchase common shares (note 13) are dilutive and are included in the determination of diluted earnings per share. Tranche B and Tranche C options to purchase common shares are contingently issuable upon attainment of performance criteria and the occurrence of an exit event, and are not included in diluted earnings per share until the criteria for issuance have been satisfied.

On December 2, 2016, in connection with the Recapitalization, the Company subdivided its outstanding Class A and Class B shares on the basis of 10,000,000 shares for each outstanding common share (note 12). The terms of the outstanding stock options were adjusted to conform to the share structure after the Recapitalization (note 13). The effect of the share subdivision and corresponding adjustment to the number and terms of the outstanding stock options has been applied retrospectively to prior accounting periods in calculating basic and diluted earnings per share.

Provisions consist primarily of amounts recorded in respect of customer warranty obligations, terminations of sales agents and distributors, asset retirement obligations, and beginning in the current fiscal year, sales returns on Direct to Consumer sales.

The provision for warranty claims represents the present value of management's best estimate of the future outflow of economic resources that will be required under the Company's obligations for warranties under sale of goods. The estimate has been made on the basis of historical warranty trends and may vary as a result of new materials, altered manufacturing processes or other events affecting product quality and production.

The sales contract provision relates to management’s estimated cost of the departure of certain third party dealers, agents and distributors.
Direct to Consumer sales have a limited right of return, typically within 30 days, which was extended during the holiday shopping period to accommodate a higher volume of activity. The balance as at December 31, 2016 relates to seasonal Direct to Consumer sales over the holiday selling season.

**Note 11. Long-term debt**

**Revolving Facility**

On June 3, 2016, the Company entered into an agreement with a syndicate of lenders for a senior secured asset-based revolving facility (the “Revolving Facility”) in the amount of $150,000 with an increase in commitments to $200,000 during the peak season (June 1 – November 30) and a revolving credit commitment comprising a letter of credit commitment in the amount of $25,000, with a $5,000 sub-commitment for letters of credit issued in a currency other than Canadian dollars, U.S. Dollars or Euros, and a swingline commitment for $25,000. The Revolving Facility has a 5-year term and can be drawn in Canadian dollars, US dollars, Euros or other currencies. Amounts owing under the Revolving Facility may be borrowed, repaid and re-borrowed for general corporate purposes.

The Revolving Facility has multiple interest rate charge options that are based on the Canadian prime rate, Banker’s Acceptance rate, the lenders’ Alternate Base Rate, European Base Rate, LIBOR rate, or EURIBOR rate plus an applicable margin, with interest payable quarterly. The Company has pledged substantially all of its assets as collateral for the Revolving Facility. The Revolving Facility contains financial and non-financial covenants which could impact the Company’s ability to draw funds. As at December 31, 2016 and during the period the Company was in compliance with all covenants.

The amount outstanding at December 31, 2016 with respect to the Revolving Facility is $59,825 ($57,816 net of deferred financing charges of $2,009).
Notes to the Condensed Interim Consolidated Financial Statements  
(unaudited)  
December 31, 2016  
(in thousands of Canadian dollars, except per share amounts)

As at December 31, 2016, the Company had letters of credit outstanding under the Revolving Facility of $554 (March 31, 2016 – $297).

The Company used the proceeds from the Revolving Facility to repay and extinguish its previous revolving credit facility and term credit facility. As a result of the extinguishment of the revolving credit facility and term credit facility, deferred financing charges in the amount of $946 were expensed in the nine months ended December 31, 2016 as net interest and other finance costs.

**Term Loan**

On December 2, 2016, in connection with the Recapitalization, the Company entered into a senior secured loan agreement with a syndicate of lenders, the Term Loan, that is secured on a split collateral basis alongside the Revolving Facility, in an aggregate principal amount of $216,738 (US$162,582). The Company incurred an original issue discount of $6,502 and transaction costs of $3,427 on the issuance of the Term Loan. The Term Loan bears interest at a rate of LIBOR plus 5% payable quarterly or at the end of the then current interest period (whichever is earlier) in arrears, provided that LIBOR may not be less than 1%. The Company recognized the fair value of the embedded derivative liability related to the interest rate floor of $1,375 at the inception of the Term Loan. The derivative will be remeasured at each reporting period.

The Term Loan is due on December 2, 2021, and is repayable in quarterly amounts of US$ 406 beginning June 30, 2017. Amounts owing under the Term Loan may be repaid at any time without premium or penalty, but once repaid may not be reborrowed.

The Company has pledged substantially all of its assets as collateral for the Term Loan. The Term Loan contains financial and non-financial covenants which could impact the Company’s ability to draw funds. As at December 31, 2016 and during the period the Company was in compliance with all covenants.

As the Term Loan is denominated in US$, the Company remeasures the outstanding balance plus accrued interest at each balance sheet date. The amount outstanding at December 31, 2016 with respect to the Term Loan is as follows:

Note 12. Shareholders’ equity

In connection with the Recapitalization, the following share capital transactions were completed on December 2, 2016:

1. The 53,144,000 outstanding Class A senior preferred shares were redeemed for their capital amount of $53,144.
Notes to the Condensed Interim Consolidated Financial Statements
(unaudited)
December 31, 2016
(in thousands of Canadian dollars, except per share amounts)

2. The 3,426,892 outstanding Class A junior preferred shares were redeemed under their terms for their liquidity value of $4,063. The excess of the redemption price paid over the stated capital amount for the shares of $336 has been charged to retained earnings.

3. The Company has subdivided the existing Class A and Class B common shares on the basis of 10,000,000 common shares for every share.

4. A return of capital of $698 was paid on the Class A common shares.

5. In a series of transactions, the outstanding Class B senior preferred shares, the Class B junior preferred shares and the Class B common shares have been exchanged into 63,576,003 Class D preferred shares with a fixed value of $63,576 and 30,000,000 Class A common shares. As a result of the exchange, $56,940 was charged as a reduction of contributed surplus, and $6,636 was charged to retained earnings.

6. The Class D preferred shares are non-voting, redeemable by the Company, retractable by the holder, and are in preference and priority to any payment or distribution of the assets of the Company to the holders of any other class of shares; accordingly, the redemption value of $63,576 is recorded as a financial liability. The Class D preferred shares are also pledged as collateral for the shareholder advance of $63,576 (note 14); when the shares are redeemed or retracted, the redemption amount will automatically be applied to settle the shareholder advance. The obligation related to the Class D preferred shares and the shareholder advance receivable have been recorded at the net liability value of nil in these condensed interim consolidated financial statements. Subsequent to the end of the period on January 31, 2017, the Class D preferred shares were redeemed and the shareholder advance was settled in full.

After the Recapitalization, the authorized and issued share capital of the Company is as follows:

**Authorized:**

The authorized share capital of the Company consists of an unlimited number of common shares without par value and an unlimited number of preferred shares without par value, issuable in series.

## Note 13. Share-based payments

Under the terms of the Company’s stock option plan (the “Plan”), options may be granted on Class A common shares, to a maximum of 11,111,111 options, to select executives of the Company, with vesting contingent upon meeting the service, performance goals and exit event conditions of the Plan. All options are issued at an exercise price that is not less than market value at the time of grant and expire ten years after the grant date.

### Service-vested options

Service-vested options, which are hereby referred to as Tranche A options, are subject to the executive’s continuing employment and generally are scheduled to vest 40% on the second anniversary of the date of grant, 20% on the third anniversary, 20% on the fourth anniversary and 20% on the fifth anniversary.

### Performance-vested exit event options

There are two types of performance-vested options tied to an exit event, which are hereby referred to as Tranche B and Tranche C options, that are eligible to vest on a pro-rata basis upon an exit event pursuant to which the aggregate common equity value is in excess of specified rates of return on total investment, subject to the executive’s continued employment through the date of the exit event.

Compensation expense for share-based compensation granted is measured at the fair value at the grant date using the Monte Carlo valuation model.

In connection with the Recapitalization, on December 2, 2016 all of the outstanding options were amended to become options to acquire Class A common shares of the Company, and the number and exercise price of the outstanding options were adjusted to conform with the revised share capital structure (note 12).

In the nine month period ended December 31, 2016 the Company granted 1,131,865 options under its stock option plan to purchase Class A common shares at exercise prices ranging from $4.62 to $8.94 per share after giving effect to the Recapitalization. Options to purchase 222,222 shares at a price of $1.79 per share were cancelled.

After the Recapitalization there are 6,359,785 options outstanding, of which 791,765 are vested. Of the outstanding stock options, 2,119,920 are Tranche A options that are service vested options; the remainder are Tranche B and Tranche C options, performance-vested exit event options that vest on a pro-rata basis upon the occurrence of an exit event.

The following table summarizes information about stock options outstanding and exercisable at December 31, 2016, after giving effect to the Recapitalization adjustments:

On each vesting date, Tranche B and Tranche C options become eligible to vest upon the occurrence of an exit event. As at December 31, 2016 there are 1,583,542 Tranche B and Tranche C options that are eligible to vest immediately upon the occurrence of an exit event.

**Accounting for share-based awards**

During the nine month period ended December 31, 2016, the Company’s regular review of equity instruments expected to vest resulted in increases to cumulative expenses recognized as share-based compensation in the period. For the three and nine months ended December 31, 2016, the Company recorded $1,035 and $2,536, respectively, as contributed surplus and compensation expense for the vesting of stock options (2015 – $125 and $375, respectively). Share-based compensation expense is included in selling, general and administrative expenses.

Note 14. Related party transactions

During the three and nine month periods ended December 31, 2016, the Company incurred management fees of $1,348 and $1,560, respectively (2015 – $477 and $647, respectively) and interest expense of $955 and $3,822, respectively (2015 – $1,407 and $4,173, respectively) on the subordinated debt due to a related entity, and travel expenses of $555 (December 31, 2015 – $371) paid to companies related to the shareholders. These transactions are in the normal course of operations and are measured at the fair value, which is the consideration established and agreed to by the parties.

As at March 31, 2016 accrued interest due to the same entity of $1,910 was included in the accounts payable and accrued liabilities. The subordinated debt and accrued interest has been repaid in full as at December 31, 2016.

In the nine month period ended December 31, 2016, expenses paid to an affiliate controlled by the majority shareholder for IT services in the amount of $110 (December 31, 2015 – $168) were recognized.

In connection with the Recapitalization, the Company made a secured, demand, non-interest bearing shareholder advance of $63,576 to an entity indirectly controlled by the President and Chief Executive Officer, to be extinguished by its settlement against the redemption price for the redemption of the Class D preferred shares. DTR LLC pledged all of the Class D preferred shares as collateral for the shareholder advance. Subsequent to the end of the period on January 31, 2017, the Class D preferred shares were redeemed and the shareholder advance was settled in full.

Note 15. Financial instruments and fair value

Management assessed that the fair values of cash, trade receivables, and accounts payable and accrued liabilities approximate their carrying amounts as at December 31 and March 31, 2016, largely due to the short-term maturities of these instruments.

Management assessed that the term loan had a fair value that approximated its amortized cost due to the short time that has elapsed since the Company entered into the arrangement (March 31, 2016 – nil). The fair value of the subordinated debt as at March 31, 2016 is based on the equivalent dollar amount of common shares that are to be received upon conversion of the subordinated debt, and is equal to the carrying amount of the debt.

Derivative Financial Instruments

During the three and nine month periods ended December 31, 2016 the Company entered into foreign exchange forward contracts to sell U.S. dollars, Euro, and Pound Sterling. An unrealized mark-to-market gain of $127 and loss of $344 was recorded in selling, general and administrative expenses in the three and nine month periods ended December 31, 2016, respectively (2015 – a gain of $2,469 and loss of $1,129 in the three and nine month periods, respectively). As at December 31, 2016, the Company has derivative liabilities of $1 related to foreign exchange forward contracts which are included in accounts payable and accrued liabilities (a derivative asset of $4,422 in other current assets as at March 31, 2016). On December 2, 2016 the Company entered into a term loan agreement (note 11) and recognized the fair value of a related derivative liability in the amount of $1,375 which is included in other long-term liabilities.

As at December 31, 2016, the Company had foreign exchange forward contracts representing notional amounts of US$11,500 to buy Canadian dollars and sell U.S. dollars, € 5,000 to buy Canadian dollars and sell Euros, £4,500 to buy Canadian dollars and sell Pounds Sterling, and CHF1,000 to buy Swiss Francs and sell Canadian dollars (as at March 31, 2016 – notional amounts of US$30,500 to buy Canadian dollars and sell U.S. dollars, € 4,000 to buy Canadian dollars and sell Euros, and £1,500 to buy Canadian dollars and sell Pounds Sterling).

During the nine months ended December 31, 2016, the Company settled foreign exchange forward contracts and realized a gain of $4,079 (2015 – nil), which has been recorded in selling, general and administrative expenses.

Information Not Required in Prospectus

Item 6. Indemnification of Directors and Officers

Sections 159 to 164 of the BCBCA authorize companies to indemnify past and present directors, officers and certain other individuals for the liabilities incurred in connection with their services as such (including costs, expenses and settlement payments) unless such individual did not act honestly and in good faith with a view to the best interests of the company and, in the case of a criminal or administrative proceeding, if such individual did not have reasonable grounds for believing his or her conduct was lawful. In the case of a suit by or on behalf of the corporation, a court must approve the indemnification.

Upon completion of this offering, our articles will provide that we shall indemnify directors and officers to the extent required or permitted by law.

Prior to the completion of this offering, we intend to enter into agreements with our directors and certain officers (each an “Indemnitee” under such agreements) to indemnify the Indemnitee, to the fullest extent permitted by law and subject to certain limitations, against all liabilities, costs, charges and expenses reasonably incurred by an Indemnitee in an action or proceeding to which the Indemnitee was made a party by reason of the Indemnitee being an officer or director of (i) our company or (ii) an organization of which our company is a shareholder or creditor if the Indemnitee serves such organization at our request.

We maintain insurance policies relating to certain liabilities that our directors and officers may incur in such capacity.

Item 7. Recent Sales of Unregistered Securities

During fiscal 2014, in connection with the Acquisition, we issued six Class A Common Shares and 53,144,000 Class A Senior Preferred Shares, to investment funds advised by Bain Capital for aggregate consideration of $136.9 million and we issued three Class B Common Shares, 22,776,000 Class B Senior Preferred Shares and 34,164,000 Class B Junior Preferred Shares to Black Feather Holdings Incorporated, an affiliate of Dani Reiss for aggregate consideration of $56.9 million.

During fiscal 2015 we issued 1,659,577 Class A Junior Preferred Shares to investment funds advised by Bain Capital for aggregate consideration of $1,750,695.

During fiscal 2016 we issued 1,767,315 Class A Junior Preferred Shares to investment funds advised by Bain Capital for aggregate consideration of $1,976,209.

Since April 1, 2016, we issued 30,000,000 Class A Common Shares and 63,576,003 Class D Preferred Shares to DTR LLC in exchange for 30,000,000 Class B Common Shares, 22,776,000 Class B Senior Preferred Shares and 34,164,000 Class B Junior Preferred Shares.

These Shares were issued without registration in reliance on the exemption afforded by Section 4(a)(2) of the Securities Act of 1933, as amended, and Rule 506 promulgated thereunder.

During fiscal 2015, we have granted to certain of our employees options to purchase an aggregate of 3,694,776 Class B Common Shares at exercise prices ranging from $1.00 to $2.06 and options to purchase an aggregate of 5,542,163 Class A Junior Preferred Shares at exercise prices ranging from $1.00 to $2.06.

During fiscal 2016, we have granted to certain of our employees options to purchase an aggregate of 1,180,720 Class B Common Shares at exercise prices ranging from $2.06 to $3.55 and options to purchase an aggregate of 1,771,079 Class A Junior Preferred Shares at exercise prices ranging from $2.06 to $3.55.

II-1
Since April 1, 2016, we have granted to certain of our employees options to purchase an aggregate of 481,775 Class B Common Shares at an exercise price of $3.55, options to purchase an aggregate of 722,662 Class A Junior Preferred Shares at an exercise price of $3.55, options to purchase an aggregate of 53,183 Class A Common Shares at an exercise price of $8.94 and to certain non-employee directors, options to purchase an aggregate of 133,332 Class A Common Shares at an exercise price of $8.94. In connection with the Recapitalization, all of the options to purchase Class B Common Shares and Class A Junior Preferred Shares that were outstanding at that time under the Legacy Option Plan were exchanged for new options to purchase Class A Common Shares, including the issuance of 116,818 new options, at a weighted average exercise price of $1.26 per Class A Common Share.

These options were issued under the Securities Act and pursuant to Rule 701 under the Securities Act as transactions pursuant to written compensatory plans or pursuant to a written contract relating to compensation.

All schedules have been omitted because the information required to be set forth therein is not applicable or is shown in the financial statements or notes thereto.

** Item 9. Undertakings **

The undersigned Registrant hereby undertakes:

(1) That for purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the Registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act of 1933 shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) That for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
(3) For the purpose of determining liability under the Securities Act of 1933 to any purchaser, if the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(4) The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(5) To provide to the underwriters at the closing specified in the underwriting agreement certificates in such denominations and registered in such names as required by the underwriters to permit prompt delivery to each purchaser.

(6) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form F-1 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the city of Toronto, Canada on this 1st day of March 2017.

Ladies and Gentlemen:

Canada Goose Holdings Inc., a British Columbia corporation (the “Company”), proposes, subject to the terms and conditions stated herein, to issue and sell to the Underwriters named in Schedule I hereto (the “Underwriters”) an aggregate of [●] subordinate voting shares (“SV Shares”) of the Company and the shareholders of the Company named in Schedule II hereto (the “Selling Shareholders”) propose, subject to the terms and conditions stated herein, to sell to the Underwriters an aggregate of [●] SV Shares and, at the election of the Underwriters, up to [●] additional SV Shares. The aggregate of [●] SV Shares to be sold by the Company and the Selling Shareholders is herein called the “Firm Shares” and the aggregate of [●] additional SV Shares to be sold by the Selling Shareholders is herein called the “Optional Shares”. The Firm Shares and the Optional Shares that the Underwriters elect to purchase pursuant to Section 2 hereof are herein collectively called the “Shares”.

[●], 2017
The Underwriters agree that up to 5% of the Firm Shares to be purchased by the Underwriters (the “Reserved Shares”) shall be reserved for sale to certain eligible directors, officers and employees of the Company and persons having business relationships with the Company (collectively, the “Directed Share Participants”), as part of the distribution of the Shares by the Underwriters (the “Directed Share Program”) subject to the terms of this Agreement, the applicable rules, regulations and interpretations of the Financial Industry Regulatory Authority, Inc. ("FINRA") and all other applicable laws, rule and regulations. The Directed Share Program shall be administered by CIBC World Markets Inc. in Canada and RBC Capital Markets, LLC in the United States. To the extent that the Directed Shares are not orally confirmed for purchase by the Participants by the end of the first business day after the date of this Agreement, such Directed Shares may be offered to the public by the Underwriters as part of the public offering contemplated hereby.

1. (a) The Company represents and warrants to, and agrees with, each of the Underwriters that:

(i) A registration statement on Form F–1 (File No. 333-216078) (the “Initial Registration Statement”) in respect of the Shares has been filed with the Securities and Exchange Commission (the “Commission”); the Initial Registration Statement and any post-effective amendment thereto, each in the form heretofore delivered to you and, excluding exhibits thereto, to you for each of the other Underwriters, have been declared effective by the Commission in such form; other than a registration statement, if any, increasing the size of the offering (a “Rule 462(b) Registration Statement”), filed pursuant to Rule 462(b) under the Securities Act of 1933, as amended (the “Act”), which became effective upon filing, no other document with respect to the Initial Registration Statement has heretofore been filed with the Commission; and no stop order suspending the effectiveness of the Initial Registration Statement, any post-effective amendment thereto or the Rule 462(b) Registration Statement, if any, has been issued and no proceeding for that purpose has been initiated or threatened by the Commission (any preliminary prospectus included in the Initial Registration Statement or filed with the Commission pursuant to Rule 424(a) under the Act is hereinafter called a “U.S. Preliminary Prospectus”; the various parts of the Initial Registration Statement and the Rule 462(b) Registration Statement, if any, including all exhibits thereto and including the information contained in the form of final prospectus filed with the Commission pursuant to Rule 424(b) under the Act in accordance with Section 5(a) hereof and deemed by virtue of Rule 430A under the Act to be part of the Initial Registration Statement at the time it was declared effective, each as amended at the time such part of the Initial Registration Statement became effective or such part of the Rule 462(b) Registration Statement, if any, became or hereafter becomes effective, are hereinafter collectively called the “Registration Statement”; the U.S. Preliminary Prospectus relating to the Shares that was included in the Registration Statement immediately prior to the Applicable Time (as defined in Section 1(a)(iv) hereof) is hereinafter called the “Pricing Prospectus”; such final prospectus, in the form first filed pursuant to Rule 424(b) under the Act, is hereinafter called the “U.S. Prospectus”; and any “issuer free writing prospectus” as defined in Rule 433 under the Act relating to the Shares is hereinafter called an “Issuer Free Writing Prospectus”);
(ii) A preliminary base PREP prospectus, an amended and restated preliminary base PREP prospectus[; a second amended and restated preliminary base PREP prospectus] and a final base PREP prospectus relating to the Shares, in each case in the English and French languages and, with respect to the final base PREP prospectus, omitting the PREP Information (as hereinafter defined) in accordance with National Instrument 41-101 – General Prospectus Requirements (“NI 41-101”) and the rules and procedures established pursuant to National Instrument 44-103 — Post Receipt Pricing (“NI 44-103”) for the pricing of securities after the final receipt for a prospectus has been obtained (the “PREP Procedures”), have been filed with the Ontario Securities Commission (the “OSC”) and with the securities commissions or other securities regulatory authorities (collectively with the OSC, the “Canadian Securities Commissions”) in each of the provinces and territories of Canada (collectively, the “Canadian Qualifying Jurisdictions”) pursuant to the procedures provided for under Multilateral Instrument 11-102 – Passport System (“MI 11-102”) and National Policy 11-202 – Process for Prospectus Reviews in Multiple Jurisdictions (collectively, the “Passport System”); the Company has obtained receipts under the Passport System (the “Preliminary Receipts”), issued by the OSC in its capacity as principal regulator, indicating the deemed receipt of each of the other Canadian Securities Commissions if the conditions of MI 11-102 have been satisfied and evidencing the receipt of the OSC, in each case, in respect of such preliminary prospectuses, and a final receipt (the “Final Receipt”) under the Passport System, issued by the OSC in its capacity as principal regulator, indicating the deemed receipt of each of the other Canadian Securities Commissions if the conditions of MI 11-102 have been satisfied and evidencing the receipt of the OSC, in each case, in respect of such final prospectus; no order having the effect of ceasing or suspending the distribution of the Shares has been issued by any Canadian Securities Commission and no proceeding for that purpose has been initiated or, to the Company’s knowledge (“Company’s knowledge” or “knowledge of the Company” means the knowledge of the Company and its subsidiaries), threatened by any Canadian Securities Commission; the preliminary base PREP prospectus, the amended and restated preliminary base PREP prospectus, in the English and French languages, are hereinafter collectively called the “Canadian Preliminary Prospectus” and the final base PREP prospectus, in the English and French languages, is hereinafter called the “Canadian Prospectus”; provided that, from and after the time the supplemented PREP prospectus (containing the PREP Information) is filed with the OSC in accordance with Section 5(a) hereof, any reference to the Canadian Prospectus herein shall be deemed to refer to the Canadian Prospectus as so supplemented; and the supplemented PREP prospectus in the English and French languages containing the PREP Information is hereinafter referred to as the “Canadian Supplemented Prospectus”; the information included in the Canadian Supplemented Prospectus that is omitted from the Canadian Prospectus and which is deemed under NI 44-103 to be incorporated by reference into the Canadian Prospectus as of the date of the Canadian Supplemented Prospectus is referred to as the “PREP Information”; the U.S. Prospectus and the Canadian Supplemented Prospectus are hereinafter collectively called the “Prospectuses”; as used herein, the terms “Registration Statement”, “U.S. Preliminary Prospectus”, “Canadian Preliminary Prospectus”, “Pricing Disclosure Package” and “Prospectuses” shall include the documents, if any, incorporated by reference therein, from time to time; for greater certainty, each of the Canadian Prospectus and the Canadian Supplemented Prospectus includes the template version (as defined in NI 41-101) of any marketing materials (as defined in NI 41-101) included or incorporated by reference therein;
(iii) No order preventing or suspending the use of any U.S. Preliminary Prospectus, Canadian Preliminary Prospectus or any Issuer Free Writing Prospectus has been issued by the Commission or any Canadian Securities Commission, and each U.S. Preliminary Prospectus and Canadian Preliminary Prospectus, at the time of filing thereof, conformed in all material respects to the requirements of the Act and the rules and regulations of the Commission thereunder, and the requirements of Canadian Securities Laws (as hereinafter defined), as applicable, and, in the case of the U.S. Preliminary Prospectus, did not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading and, in the case of the Canadian Preliminary Prospectus, contained no misrepresentation (as that term is defined under applicable Canadian Securities Laws), and constituted full, true and plain disclosure of all material facts relating to the Company and its subsidiaries (taken as a whole) and the Shares as required by Canadian Securities Laws; provided, however, that this representation and warranty shall not apply to any statements or omissions made in reliance upon and in conformity with information furnished in writing to the Company by an Underwriter through the Representatives expressly for use therein or by a Selling Shareholder expressly for use therein in connection with the disclosure required by Form F-1 or Canadian Securities Laws;

(iv) For the purposes of this Agreement, the “Applicable Time” is [●] :[●] a.m./p.m. (Eastern time) on the date of this Agreement; the Pricing Prospectus, as supplemented by the information listed on Schedule III(c) hereto, taken together (collectively, the “Pricing Disclosure Package”), as of the Applicable Time, did not include any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; and each Issuer Free Writing Prospectus listed on Schedule III(a) hereto does not conflict with the information contained in the Registration Statement, the Pricing Prospectus or the Prospectuses and each such Issuer Free Writing Prospectus, and each Section 5(d) Writing (as defined below), each as supplemented by and taken together with the Pricing Disclosure Package, as of the Applicable Time, did not include any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that this representation and warranty shall not apply to statements or omissions made in reliance upon and in conformity with information furnished in writing to the Company by an Underwriter through the Representatives expressly for use therein or by a Selling Shareholder expressly for use therein in connection with the disclosure required by Form F-1 or Canadian Securities Laws;

Any oral or written communication with potential investors undertaken in reliance on Section 5(d) of the Act is hereinafter called a “Section 5(d) Communication”; and any Section 5(d) Communication that is a written communication within the meaning of Rule 405 under the Act is hereinafter called a “Section 5(d) Writing”;

(v) No documents were filed with the Commission or any of the Canadian Securities Commissions since the close of business of the Commission or such Canadian Securities Commissions on the business day immediately prior to the date of this Agreement and prior to the execution of this Agreement, except as set forth on Schedule III(b) hereto;
(vi) The Registration Statement conforms, and the U.S. Prospectus and any further amendments or supplements to the Registration Statement and the U.S. Prospectus will conform, in all material respects to the requirements of the Act and the rules and regulations of the Commission thereunder and do not and will not, as of the applicable effective date as to each part of the Registration Statement and as of the applicable filing date as to the U.S. Prospectus and any amendment or supplement thereto, contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading; the Canadian Prospectus complies and, as amended or supplemented (including for greater certainty, by the Canadian Supplemented Prospectus) will comply in all material respects with Canadian Securities Laws and when it was filed did not contain and, as amended, if applicable, will when filed not contain a misrepresentation (as that term is defined under applicable Canadian Securities Laws), and, when it was filed contained and, as amended, if applicable, will when filed contain, full, true and plain disclosure of all material facts relating to the Company and its subsidiaries (taken as a whole) and the Shares as required by Canadian Securities Laws; the Canadian Supplemented Prospectus will when filed not contain a misrepresentation (as that term is defined under applicable Canadian Securities Laws) and will when filed contain full, true and plain disclosure of all material facts relating to the Company and its subsidiaries (taken as a whole) and the Shares as required by Canadian Securities Laws; provided, however, that the representations and warranties set forth in this paragraph shall not apply to any statements or omissions made in reliance upon and in conformity with information furnished in writing to the Company by an Underwriter through the Representatives expressly for use therein or by a Selling Shareholder expressly for use therein in connection with the disclosure required by Form F-1 or Canadian Securities Laws;

(vii) The Company has complied in all material respects with all applicable securities laws in each of the Canadian Qualifying Jurisdictions, including the respective rules and regulations made thereunder, together with applicable published national, multilateral and local instruments, policy statements, notices, blanket rulings and orders of the Canadian Securities Commissions, and all discretionary rulings and orders applicable to the Company, if any, of the Canadian Securities Commissions (collectively, “Canadian Securities Laws”) required to be complied with by the Company to qualify the Shares for distribution and sale to the public in each of the Canadian Qualifying Jurisdictions through investment dealers or brokers registered under the applicable laws of such jurisdictions who have complied with the relevant provisions of such applicable laws, except for the filing of the Canadian Supplemented Prospectus;

(viii) Neither the Company nor any of its subsidiaries has sustained since the date of the latest audited financial statements included in the Pricing Prospectus and the Canadian Prospectus any material loss or interference with its business from fire, explosion, flood or other calamity, whether or not covered by insurance, or from any labor dispute or court or governmental action, order or decree, otherwise than as set forth or contemplated in the Pricing Prospectus and the Canadian Prospectus; and, since the respective dates as of which information is given in the Registration Statement, the Pricing Prospectus and the Canadian Prospectus, there has not been any change in the share capital or long-term debt of the Company or any of its subsidiaries or any material adverse change, or any development involving a prospective material adverse change, in or affecting the general affairs, management, financial position, shareholders’ equity or results of operations of the Company and its subsidiaries, taken as a whole, otherwise than as set forth or contemplated in the Pricing Prospectus and the Canadian Prospectus;
(ix) The Company and its subsidiaries have good and marketable title in fee simple to all real property and good and marketable title to all personal property owned by them, in each case free and clear of all liens, encumbrances and defects except such as are described in the Pricing Prospectus and the Canadian Prospectus or such as are not material to the Company and do not interfere with the use made and proposed to be made of such property by the Company and its subsidiaries; and any real property and buildings held under lease by the Company and its subsidiaries are held by them under valid, subsisting and enforceable leases with such exceptions as are not material to the Company and its subsidiaries;

(x) The Company has been duly incorporated and is validly existing as a corporation in good standing under the laws of British Columbia, with power and authority (corporate and other) to own its properties and conduct its business as described in the Pricing Prospectus and the Canadian Prospectus, and has been duly qualified as a foreign corporation for the transaction of business and is in good standing under the laws of each other jurisdiction in which it owns or leases properties or conducts any business so as to require such qualification, or is subject to no material liability or disability by reason of the failure to be so qualified in any such jurisdiction; and each subsidiary of the Company has been duly incorporated and is validly existing as a corporation in good standing under the laws of its jurisdiction of incorporation;

(xi) From the time of submission of the Initial Registration Statement with the Commission (or, if earlier, the first date on which a Section 5(d) Communication was made) through the date hereof, the Company has been and is an “emerging growth company” as defined in Section 2(a)(19) of the Act (an “Emerging Growth Company”);

(xii) The Company has an authorized capitalization as set forth in the Pricing Prospectus and the Canadian Prospectus and all of the issued and outstanding SV Shares, including the Shares to be sold by the Selling Shareholders, have been duly and validly authorized and issued and are fully paid and non-assessable (or, in the case of the Shares to be sold by the Selling Shareholders, have been duly and validly authorized and, prior to the applicable Time of Delivery, will be duly and validly issued upon conversion of multiple voting shares in the capital of the Company and be fully paid and non-assessable) and conform to the description of the SV Shares contained in the Pricing Disclosure Package and the Prospectuses; and all of the issued and outstanding shares (or similar equity interests) in the capital of each subsidiary of the Company have been duly and validly authorized and issued, are fully paid and non-assessable and (except for directors’ qualifying shares) are owned directly or indirectly by the Company, free and clear of all liens, encumbrances, equities or claims;

(xiii) The Shares to be issued and sold by the Company have been duly and validly authorized and, when issued and delivered against payment therefor as provided herein, will be duly and validly issued and fully paid and non-assessable and will conform to the description of the SV Shares contained in the Pricing Disclosure Package and the Prospectuses;
(xiv) The Shares have been approved for listing on the New York Stock Exchange (the “NYSE”), subject to notice of issuance, and the Shares have been conditionally approved for listing on the Toronto Stock Exchange (the “TSX”), subject only to the conditions set forth in the conditional approval letter of the TSX dated [*] and to any other customary conditions of the TSX; the form and terms of the SV Shares have been approved and adopted by the board of directors of the Company and do not conflict with any applicable laws or the rules of the TSX;

(xv) The issue and sale of the Shares to be sold by the Company and the execution and delivery by the Company of, and the compliance by the Company with, this Agreement and the consummation of the transactions herein contemplated will not conflict with or result in a breach or violation of any of the terms or provisions of, or constitute a default under, (A) any indenture, mortgage, deed of trust, loan agreement, lease or other agreement or instrument to which the Company or any of its subsidiaries is a party or by which the Company or any of its subsidiaries is bound or to which any of the property or assets of the Company or any of its subsidiaries is subject and which is material to the Company taken as a whole, (B) the articles of the Company, as amended (the “Articles”) or similar organizational documents of the Company or any of its subsidiaries, or (C) any statute or any order, rule or regulation of any court or governmental agency or body having jurisdiction over the Company or any of its subsidiaries or any of their properties; and no consent, approval, authorization, order, registration or qualification of or with any such court or governmental agency or body is required for the issue of the Shares to be sold by the Company and the sale of the Shares or the consummation by the Company of the transactions contemplated by this Agreement, except for the registration under the Act of the Shares, the approval by [the Financial Industry Regulatory Authority (“FINRA”) of the underwriting terms and arrangements], [the filing of the Canadian Supplemented Prospectus with the Canadian Securities Commissions] and such consents, approvals, authorizations, orders, registrations or qualifications as may be required under state securities or Blue Sky laws in connection with the purchase and distribution of the Shares by the Underwriters or to list the Shares on the NYSE or TSX;

(xvi) (A) The Company is not in violation of its Articles and none of the Company’s subsidiaries is in violation of its articles, by-laws or similar organizational documents, and (B) neither the Company nor any of its subsidiaries is in default in the performance or observance of any material obligation, agreement, covenant or condition contained in any indenture, mortgage, deed of trust, loan agreement, lease or other agreement or instrument to which it is a party or by which it or any of its properties may be bound;

(xvii) The statements set forth in the Pricing Prospectus and the Prospectuses under the caption “Description of Share Capital”, insofar as they purport to constitute a summary of the terms of the SV Shares, under the caption “Material United States Federal Income Tax Considerations for U.S. Holders”, under the caption “Canadian Tax Implications For Non-Canadian Holders”, and under the caption “Underwriting”, and in the case of the Canadian Prospectus, under the captions “Certain Canadian Federal Income Tax Consequences” and “Eligibility For Investment”, insofar as they purport to describe the provisions of the laws and documents referred to therein, are accurate, complete and fair in all material respects, subject to the assumptions, qualifications, limitations and restrictions set out in such sections;
(xviii) Other than as set forth in the Pricing Prospectus and the Canadian Prospectus, there are no legal or governmental proceedings pending to which the Company or any of its subsidiaries or, to the Company’s knowledge, any officer or director of the Company is a party or of which any property or assets of the Company or any of its subsidiaries or, to the Company’s knowledge, any officer or director of the Company is the subject which, if determined adversely to the Company or any of its subsidiaries, would individually or in the aggregate have a material adverse effect on the financial position, shareholders’ equity or results of operations of the Company and its subsidiaries; and, to the best of the Company’s knowledge, no such proceedings are threatened or contemplated by governmental authorities or threatened by others;

(xix) The Company is not and, after giving effect to the offering and sale of the Shares and the application of the proceeds thereof, will not be an “investment company”, as such term is defined in the Investment Company Act of 1940, as amended (the “Investment Company Act”); 

(xx) The Company is a “foreign private issuer” within the meaning of Rule 405 under the Act;

(xxi) At the time of filing the Initial Registration Statement the Company was not and is not an “ineligible issuer,” as defined in Rule 405 under the Act;

(xxii) Deloitte LLP, who have certified certain financial statements of the Company and its subsidiaries, are independent public accountants as required by the Act and the rules and regulations of the Commission thereunder, are independent in accordance with the rules of professional conduct applicable to auditors in the Province of Ontario, and are independent in accordance with the requirements of the Public Company Accounting Oversight Board (United States) (“PCAOB”); and there has not been any reportable event (within the meaning of National Instrument 51-102 – Continuous Disclosure Obligations ) with Deloitte LLP with respect to audits of the Company or its predecessors;

(xxiii) The Company maintains a system of internal control over financial reporting (as such term is defined in Rule 13a-15(f) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”) that complies with the requirements of the Exchange Act and has been designed by the Company’s principal executive officer and principal financial officer, or under their supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. The Company’s internal control over financial reporting is effective and, other than as disclosed in the Prospectuses, the Company is not aware of any material weaknesses in its internal control over financial reporting;

(xxiv) Since the date of the latest audited financial statements included in the Pricing Prospectus and the Canadian Prospectus, except as disclosed in the Pricing Prospectus, there has been no change in the Company’s internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, the Company’s internal control over financial reporting;
(xxv) The Company maintains disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the Exchange Act) that comply with the requirements of the Exchange Act; such disclosure controls and procedures have been designed to ensure that material information relating to the Company and its subsidiaries is made known to the Company’s principal executive officer and principal financial officer by others within those entities; and such disclosure controls and procedures are effective;

(xxvi) This Agreement has been duly authorized, executed and delivered by the Company. All necessary corporate action has been taken by the Company to authorize the execution and delivery of this Agreement and the transactions and documents contemplated hereby, including the Canadian Preliminary Prospectus, any marketing materials (as defined in NI 41-101), the Canadian Prospectus and the Canadian Supplemented Prospectus, and the filing thereof under Canadian Securities Laws in each of the Canadian Qualifying Jurisdictions;

(xxvii) Each of the Company, its subsidiaries, its affiliates, its officers and, to the Company’s knowledge, any of their respective directors, supervisors, managers, agents, or employees, has not violated, its participation in the offering will not violate, and it has instituted and maintains policies and procedures designed to ensure continued compliance each of the following laws: (a) anti-bribery laws, including but not limited to, any applicable law, rule, or regulation of any locality, including but not limited to any law, rule, or regulation promulgated to implement the OECD Convention on Combating Bribery of Foreign Public Officials in International Business Transactions, signed December 17, 1997, including the U.S. Foreign Corrupt Practices Act of 1977 or any other law, rule or regulation of similar purpose and scope, (b) anti-money laundering laws, including but not limited to, applicable federal, state, international, foreign or other laws, regulations or government guidance regarding anti-money laundering, including, without limitation, Title 18 U.S. Code section 1956 and 1957, the Patriot Act, the Bank Secrecy Act, and international anti-money laundering principals or procedures by an intergovernmental group or organization, such as the Financial Action Task Force on Money Laundering, of which the United States is a member and with which designation the United States representative to the group or organization continues to concur, all as amended, and any Executive order, directive, or regulation pursuant to the authority of any of the foregoing, or any orders or licenses issued thereunder or (c) laws and regulations imposing U.S. economic sanctions measures, including, but not limited to, the International Emergency Economic Powers Act, the Trading with the Enemy Act, the United Nations Participation Act, and the Syria Accountability and Lebanese Sovereignty Act, all as amended, and any Executive Order, directive, or regulation pursuant to the authority of any of the foregoing, including the regulations of the United States Treasury Department set forth under 31 CFR, Subtitle B, Chapter V, as amended, or any orders or licenses issued thereunder;

(xxviii) The Company and its subsidiaries possess, and are in compliance with the terms of, all adequate certificates, authorizations, franchises, licenses and permits (“Licenses”) necessary or material to the conduct of the business now conducted or proposed in the Pricing Disclosure Package to be conducted by them and have not received any notice of proceedings relating to the revocation or modification of any Licenses that, if determined adversely to the Company or any of its subsidiaries, would individually or in the aggregate have a material adverse effect on the consolidated financial position, shareholders’ equity or results of operations of the Company and its subsidiaries;
The Company and its subsidiaries own or possess adequate trademarks, trade names and other rights to inventions, know-how, patents, copyrights, confidential information and other intellectual property (collectively, “intellectual property rights”) necessary to conduct the business now operated by them, or presently employed by them, and have not received any notice of infringement or conflict with asserted rights of others with respect to any intellectual property rights that, if determined adversely to the Company or any of its subsidiaries, would individually or in the aggregate have a material adverse effect on the consolidated financial position, shareholders’ equity or results of operations of the Company and its subsidiaries;

Except as disclosed in the Pricing Disclosure Package, neither the Company nor any of its subsidiaries is in violation of any statute, any rule, regulation, decision or order of any governmental agency or body or any court, domestic or foreign, relating to the use, disposal or release of hazardous or toxic substances or relating to the protection or restoration of the environment or human exposure to hazardous or toxic substances (collectively, “environmental laws”), owns or operates any real property contaminated with any substance that is subject to any environmental laws, is liable for any off-site disposal or contamination pursuant to any environmental laws, or is subject to any claim relating to any environmental laws, which violation, contamination, liability or claim would individually or in the aggregate have a material adverse effect on the consolidated financial position, shareholders’ equity or results of operations of the Company and its subsidiaries; and the Company is not aware of any pending investigation which might lead to such a claim;

Any third-party statistical and market-related data included in a Registration Statement, a Pricing Prospectus, Prospectuses or the Pricing Disclosure Package are based on or derived from sources that the Company believes to be reliable and accurate;

The Company and its subsidiaries have filed all federal, state, local and non-U.S. tax returns that are required to be filed or have requested extensions thereof (except in any case in which the failure so to file would not individually or in the aggregate have a material adverse effect on the consolidated financial position, shareholders’ equity or results of operations of the Company and its subsidiaries); and, except as set forth in the Pricing Disclosure Package, the Company and its subsidiaries have paid all taxes (including any assessments, fines or penalties) required to be paid by them, except for any such taxes, assessments, fines or penalties currently being contested in good faith or as would not individually or in the aggregate have a material adverse effect on the consolidated financial position, shareholders’ equity or results of operations of the Company and its subsidiaries;

The Company and its subsidiaries are insured by insurers with appropriately rated claims paying abilities against such losses and risks and in such amounts as are prudent and customary for the businesses in which they are engaged; all policies of insurance insuring the Company or any of its subsidiaries or their respective businesses, assets, employees, officers and directors are in full force and effect; the Company and its subsidiaries are in compliance with the terms of such policies and instruments in all material respects; and there are no claims by the Company or any of its subsidiaries under any such policy or instrument.
as to which any insurance company is denying liability or defending under a reservation of rights clause; neither the Company nor any such subsidiary has been refused any insurance coverage sought or applied for; and neither the Company nor any such subsidiary has any reason to believe that it will not be able to renew its existing insurance coverage as and when such coverage expires or to obtain similar coverage from similar insurers as may be necessary to continue its business at a cost that would not have a material adverse effect on the current or future consolidated financial position, shareholders’ equity or results of operations of the Company and its subsidiaries, except as set forth in or contemplated in the Pricing Disclosure Package and the Company will obtain directors’ and officer’s insurance in such amounts as is customary for an initial public offering;

(xxxv) The Company was not a “passive foreign investment company” (“PFIC”) as defined in Section 1297 of the United States Internal Revenue Code of 1986, as amended, for its most recently completed taxable year and is not expected to be a PFIC for any subsequent taxable year;

(xxxvi) There are no stamp or other issuance, withholding or transfer taxes or duties or other similar fees or charges required to be paid by the Company or by or on behalf of the Underwriters to any jurisdiction in which the Company is organized or otherwise resident for tax purposes or any political subdivision or taxing authority thereof or therein in connection with (A) the execution and delivery and performance of this Agreement, (B) the issuance, sale or delivery of the SV Shares by the Company to the Underwriters in the manner contemplated herein, or (C) the offer and sale of the SV Shares by the Underwriters in the manner contemplated herein; and

(xxxvii) (a) The Company has not offered, or caused the Underwriters to offer, Reserved Shares to any person pursuant to the Directed Share Program with the specific intent to unlawfully influence (i) a customer or supplier of the Company to alter the customer’s or supplier’s level or type of business with the Company or (ii) a trade journalist or publication to write or publish favorable information about the Company, its business or its products.

(b) Each of the Selling Shareholders severally represents and warrants to, and agrees with, each of the Underwriters and the Company that:

(i) All consents, approvals, authorizations and orders necessary for the execution and delivery by such Selling Shareholder of this Agreement and the Power of Attorney and the Custody Agreement hereinafter referred to, and for the sale and delivery of the Shares to be sold by such Selling Shareholder hereunder, have been obtained; and such Selling Shareholder has full right, power and authority to enter into this Agreement, the Power-of-Attorney and the Custody Agreement and to sell, assign, transfer and deliver the Shares to be sold by such Selling Shareholder hereunder;

(ii) The sale of the Shares to be sold by such Selling Shareholder hereunder and the execution and delivery by such Selling Shareholder of, and the compliance by such Selling Shareholder with this Agreement, the [Power of Attorney and the Custody Agreement], as applicable and the consummation of the transactions herein and therein contemplated will not conflict with or result in a breach or violation of any of the terms or provisions of, or constitute a default under, any statute, indenture, mortgage, deed of trust, loan agreement, lease or other
agreement or instrument to which such Selling Shareholder is a party or by which such Selling Shareholder is bound or to which any of the property or assets of such Selling Shareholder is subject, nor will such action result in any violation of the provisions of the certificate and articles of incorporation or by-laws or similar documents of such Selling Shareholder if such Selling Shareholder is a corporation, the partnership agreement of such Selling Shareholder if such Selling Shareholder is a partnership or any statute or any order, rule or regulation of any court or governmental agency or body having jurisdiction over such Selling Shareholder or any of its subsidiaries or any property or assets of such Selling Shareholder; and no consent, approval, authorization, order, registration or qualification of or with any such court or governmental body or agency is required for the performance by such Selling Shareholder of its obligations under this Agreement, the Power of Attorney and the Custody Agreement and the consummation by such Selling Shareholder of the transactions contemplated by this Agreement, the Power of Attorney and the Custody Agreement in connection with the Shares to be sold by such Selling Shareholder hereunder, except the registration under the Act of the Shares, the approval by FINRA of the underwriting terms and arrangements, [the filing of the Canadian Supplemented Prospectus with the Canadian Securities Commissions] and such consents, approvals, authorizations, orders, registrations or qualifications as may be required under state securities or Blue Sky laws in connection with the purchase and distribution of the Shares by the Underwriters or to list the Shares on the NYSE or TSX;

(iii) Such Selling Shareholder has, and immediately prior to each Time of Delivery (as defined in Section 4 hereof) such Selling Shareholder will have, good and valid title to the Shares to be sold by such Selling Shareholder hereunder at such Time of Delivery, free and clear of all liens, encumbrances, equities or claims; and, upon delivery of such Shares and payment therefor pursuant hereto, good and valid title to such Shares, free and clear of all liens, encumbrances, equities or claims, will pass to the several Underwriters;

(iv) On or prior to the date of the Pricing Prospectus and the Canadian Prospectus, such Selling Shareholder has executed and delivered to the Underwriters an agreement substantially in the form of Annex III hereto;

(v) Such Selling Shareholder has not taken and will not take, directly or indirectly, any action that is designed to or that has constituted or might reasonably be expected to cause or result in stabilization or manipulation of the price of any security of the Company to facilitate the sale or resale of the Shares;

(vi) To the extent that any statements or omissions made in the Registration Statement, any Canadian Preliminary Prospectus, the Prospectuses or any amendment or supplement thereto are made in reliance upon and in conformity with written information furnished to the Company by such Selling Shareholder expressly for use therein in connection with the disclosure required by Form F-1 or Canadian Securities Laws, the Registration Statement conforms, and the U.S. Prospectus and any further amendments or supplements to the Registration Statement and the U.S. Prospectus will conform, in all material respects to the requirements of the Act and the rules and regulations of the Commission thereunder, and do not and will not, as of the applicable effective date as to each part of the Registration Statement and as of the applicable filing date as to the U.S. Prospectus and any amendment or supplement thereto, contain an untrue statement of a material fact or omit to state a
material fact required to be stated therein or necessary to make the statements therein not misleading; the Canadian Prospectus complies and, as amended or supplemented (including for greater certainty, by the Canadian Supplemented Prospectus) will comply in all material respects with Canadian Securities Laws and when it was filed did not contain and, as amended, if applicable, will when filed not contain, a misrepresentation (as that term is defined under applicable Canadian Securities Laws) and, when it was filed contained and, as amended, if applicable, will when filed contain, full, true and plain disclosure of all material facts relating to the Company and its subsidiaries (taken as a whole) and the Shares as required by Canadian Securities Laws; and the Canadian Supplemented Prospectus will when filed contain no misrepresentation (as that term is defined under applicable Canadian Securities Laws) and will when filed contain full, true and plain disclosure of all material facts relating to the Company and its subsidiaries (taken as a whole) and the Shares as required by Canadian Securities Laws;

(vii) Each Selling Shareholder will deliver to you prior to or at the First Time of Delivery a properly completed and executed United States Treasury Department Form W-9 or W-8BEN-E, establishing a complete exemption from United States backup withholding tax;

(viii) [Certificates in negotiable form representing all of the Shares to be sold by such Selling Shareholder hereunder have been placed in custody under a Custody Agreement, in the form heretofore furnished to you (the “Custody Agreement”), duly executed and delivered by such Selling Shareholder to [●], as custodian (the “Custodian”), and such Selling Shareholder has duly executed and delivered a Power of Attorney, in the form heretofore furnished to you (the “Power of Attorney”), appointing the persons indicated in Schedule II hereto, and each of them, as such Selling Shareholder’s attorneys-in-fact (the “Attorneys-in-Fact”) with authority to execute and deliver this Agreement on behalf of such Selling Shareholder, to determine the purchase price to be paid by the Underwriters to the Selling Shareholders as provided in Section 2 hereof, to authorize the delivery of the Shares to be sold by such Selling Shareholder hereunder and otherwise to act on behalf of such Selling Shareholder in connection with the transactions contemplated by this Agreement and the Custody Agreement]; and

(ix) [The Shares represented by the certificates held in custody for such Selling Shareholder under the Custody Agreement are subject to the interests of the Underwriters hereunder; the arrangements made by such Selling Shareholder for such custody, and the appointment by such Selling Shareholder of the Attorneys-in-Fact by the Power of Attorney, are to that extent irrevocable; the obligations of the Selling Shareholders hereunder shall not be terminated by operation of law, whether by the death or incapacity of any individual Selling Shareholder or, in the case of an estate or trust, by the death or incapacity of any executor or trustee or the termination of such estate or trust, or in the case of a partnership or corporation, by the dissolution of such partnership or corporation, or by the occurrence of any other event; if any individual Selling Shareholder or any such executor or trustee should die or become incapacitated, or if any such estate or trust should be terminated, or if any such partnership or corporation should be dissolved, or if any other such event should occur, before the delivery of the Shares to be sold by such Selling Shareholder hereunder, certificates representing the Shares to be sold by such Selling Shareholder hereunder shall be delivered by or on behalf of the Selling Shareholders in accordance with the terms and conditions of this Agreement and of the Custody Agreements; and actions taken by the Attorneys-in-Fact pursuant to the Powers]
of Attorney shall be as valid as if such death, incapacity, termination, dissolution or other event had not occurred, regardless of whether or not the Custodian, the Attorneys-in-Fact, or any of them, shall have received notice of such death, incapacity, termination, dissolution or other event].

2. Subject to the terms and conditions herein set forth, (a) the Company and each of the Selling Shareholders agree, severally and not jointly, to sell to each of the Underwriters, and each of the Underwriters agrees, severally and not jointly, to purchase from the Company and each of the Selling Shareholders, at a purchase price per share of $[●], the number of Firm Shares (to be adjusted by you so as to eliminate fractional shares) determined by multiplying the aggregate number of Firm Shares to be sold by the Company and each of the Selling Shareholders as set forth opposite their respective names in Schedule II hereto by a fraction, the numerator of which is the aggregate number of Firm Shares to be purchased by each Underwriter as set forth opposite the name of such Underwriter in Schedule I hereto and the denominator of which is the aggregate number of Firm Shares to be purchased by each of the Underwriters from the Company and all of the Selling Shareholders hereunder and (b) in the event and to the extent that the Underwriters shall exercise the election to purchase Optional Shares as provided below, the Selling Shareholders, as and to the extent indicated in Schedule II hereto agree, severally and not jointly, to sell to each of the Underwriters, and each of the Underwriters agrees, severally and not jointly, to purchase from each of the Selling Shareholders, at the purchase price per share set forth in clause (a) of this Section 2, that portion of the number of Optional Shares as to which such election shall have been exercised (to be adjusted by you so as to eliminate fractional shares) determined by multiplying such number of Optional Shares by a fraction, the numerator of which is the maximum number of Optional Shares which such Underwriter is entitled to purchase as set forth opposite the name of such Underwriter in Schedule I hereto and the denominator of which is the maximum number of Optional Shares that all of the Underwriters are entitled to purchase hereunder.

The Selling Shareholders, as and to the extent indicated in Schedule II hereto, hereby grant, severally and not jointly, to the Underwriters the right to purchase at their election up to [●] Optional Shares, at the purchase price per share set forth in the paragraph above, for the sole purposes described in the Prospectuses, provided that the purchase price per Optional Share shall be reduced by an amount per share equal to any dividends or distributions declared by the Company and payable on the Firm Shares but not payable on the Optional Shares. Any such election to purchase Optional Shares shall be made in proportion to the maximum number of Optional Shares to be sold by each Selling Shareholder as set forth in Schedule II hereto. Any such election to purchase Optional Shares may be exercised only by written notice from you to the Attorneys-in-Fact, given within a period of 30 calendar days after the date of this Agreement and setting forth the aggregate number of Optional Shares to be purchased and the date on which such Optional Shares are to be delivered, as determined by you but in no event earlier than the First Time of Delivery (as defined in Section 4 hereof) or, unless you and the Attorneys-in-Fact otherwise agree in writing, earlier than two or later than ten business days after the date of such notice.

3. Upon the authorization by you of the release of the Firm Shares, the several Underwriters propose to offer the Firm Shares for sale upon the terms and conditions set forth in the Prospectuses.

4. (a) The Shares to be purchased by each Underwriter hereunder, shall be delivered by or on behalf of the Company and the Selling Shareholders to the Representatives, through the facilities of the Depository Trust Company (“DTC”), for the account of each Underwriter, against
payment by or on behalf of such Underwriter of the purchase price therefor by wire transfer of (same-day) funds to the accounts specified by the Company and the Custodian to the Representatives at least forty-eight hours in advance. The time and date of such delivery and payment shall be, with respect to the Firm Shares, 9:30 a.m., Eastern time, on [●], 2017 or such other time and date as the Representatives, the Company and the Attorneys-in-Fact may agree upon in writing, and, with respect to the Optional Shares, 9:30 a.m., Eastern time, on the date specified by the Representatives in each written notice given by the Representatives of the Underwriters’ election to purchase such Optional Shares, or such other time and date as the Representatives, the Company and the Attorneys-in-Fact may agree upon in writing. Such time and date for delivery of the Firm Shares is herein called the “First Time of Delivery”, each such time and date for delivery of the Optional Shares, if not the First Time of Delivery, is herein called the “Second Time of Delivery”, and each such time and date for delivery is herein called a “Time of Delivery”.

(b) The documents to be delivered at each Time of Delivery by or on behalf of the parties hereto pursuant to Section 8 hereof, including the cross receipt for the Shares and any additional documents requested by the Underwriters pursuant to Section 8(n) hereof will be delivered at the offices of Latham & Watkins LLP, 885 Third Avenue, New York, New York 10022 (the “Closing Location”), and the Shares will be delivered at the Designated Office, all at such Time of Delivery. A meeting will be held at the Closing Location at [●] p.m., Eastern time, on the Business Day next preceding such Time of Delivery, at which meeting the final drafts of the documents to be delivered pursuant to the preceding sentence will be available for review by the parties hereto. For the purposes of this Section 4, “Business Day” shall mean each Monday, Tuesday, Wednesday, Thursday and Friday which is not a day on which banking institutions in New York City or Toronto are generally authorized or obligated by law or executive order to close.

5. The Company agrees with each of the Underwriters:

(a) To prepare the U.S. Prospectus and Canadian Supplemented Prospectus in forms approved by you and to file such U.S. Prospectus pursuant to Rule 424(b) under the Act not later than the Commission’s close of business on the second business day following the execution and delivery of this Agreement, or, if applicable, such earlier time as may be required by Rule 430A(a)(3) under the Act, and to file the Canadian Supplemented Prospectus (containing the PREP Information) in accordance with the PREP Procedures with each of the Canadian Securities Commissions promptly after the execution and delivery of this Agreement and in any event not later than such Canadian Securities Commissions’ close of business on the second business day following the execution and delivery of this Agreement and to take all other steps and proceedings that may be necessary to qualify the Shares for distribution and sale to the public in each of the Canadian Qualifying Jurisdictions through investment dealers or brokers registered under the applicable laws of such jurisdictions who have complied with the relevant provisions of such applicable laws; to make no further amendment or any supplement to the Registration Statement, the U.S. Prospectus or the Canadian Prospectus prior to the last Time of Delivery which shall be disapproved by you promptly after reasonable notice thereof; to advise you, promptly after it receives notice thereof, of the time when any amendment to the Registration Statement has been filed or becomes effective or any amendment or supplement to the U.S. Prospectus or Canadian Prospectus or any amended U.S. Prospectus or Canadian Prospectus has been filed and to furnish you with copies thereof (including, in the case of any supplemented or amended Canadian Prospectus, in the English and French languages) and to deliver to the Underwriters all signed and certified copies of any such supplemented or amended Canadian Prospectus in the English and French languages along with all
documents similar to those referred to in sub-Sections 5(b)(i), (ii), (iii) and (iv) and such other documents as the Underwriters may reasonably request; to file promptly all material required to be filed by the Company with the Commission pursuant to Rule 433(d) under the Act; to advise you, promptly after it receives notice thereof, of the issuance by the Commission or any of the Canadian Securities Commissions of any stop order or of any order preventing or suspending the use of any preliminary prospectus or other prospectus in respect of the Shares, of the suspension of the qualification of the Shares for offering or sale in any jurisdiction, of the initiation or threatening of any proceeding for any such purpose, of any written communication received by the Company from any Canadian Securities Commission, the TSX or any governmental authority or of any request by the Commission or any Canadian Securities Commission for the amending or supplementing of the Registration Statement, the U.S. Prospectus or the Canadian Prospectus, as applicable, or for additional information; and, in the event of the issuance of any stop order or of any order preventing or suspending the use of any preliminary prospectus or other prospectus or suspending any such qualification, to promptly use its reasonable best efforts to obtain the withdrawal of such order;

(b) To deliver to the Underwriters contemporaneously, as nearly as practicable, with the execution and delivery of this Agreement, in each case to the extent not previously delivered to the Underwriters: (i) a copy of the Canadian Preliminary Prospectus and the Canadian Prospectus in each of the French and English language signed and certified as required by Canadian Securities Laws in each of the Canadian Qualifying Jurisdictions; (ii) a copy of all such documents and certificates that were filed with the Canadian Preliminary Prospectus and the Canadian Prospectus under Canadian Securities Laws; (iii) opinions of the auditors of the Company, Deloitte LLP, dated the date of the Canadian Preliminary Prospectus, the date of the Canadian Prospectus and the date of the Canadian Supplemented Prospectus, addressed to the Underwriters, the Company, the Selling Shareholders, and their respective counsel, in form and substance satisfactory to the Underwriters and their counsel, to the effect that the French language version of the financial statements and notes to such statements and the related auditors’ report on such statements, and disclosure under the headings “Summary Historical Consolidated Financial and Other Data”, “Capitalization”, “Selected Historical Consolidated Financial Data”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations”, and “Index to Consolidated Financial Statements and Financial Statement Schedules” (including the Consolidated Financial Statements and Report of Independent Registered Public Accounting Firm) (collectively, the “Financial Information”) contained in the Canadian Preliminary Prospectus, the Canadian Prospectus and the Canadian Supplemented Prospectus includes the same information and in all material respects carries the same meaning as the English language version thereof; (iv) opinions of Stikeman Elliott LLP, dated the date of the Canadian Preliminary Prospectus, the date of the Canadian Prospectus and the date of the Canadian Supplemented Prospectus addressed to the Underwriters’, the Company, the Selling Shareholders, and their respective counsel, in form and substance satisfactory to the Underwriters and their counsel, to the effect that the French Language version of each of the Canadian Preliminary Prospectus, the Canadian Prospectus and the Canadian Supplemented Prospectus, except for the Financial Information, as to which no opinion need be expressed by such counsel, is, in all material respects, a complete and proper translation of the English language version thereof; and (v) a letter from the TSX advising the Company that approval of the conditional listing of the Shares has been granted by the TSX, subject to the satisfaction of the conditions set out therein and any other customary conditions of the TSX. The deliveries set forth in clause (i) above shall also constitute the Company’s consent to the Underwriters’ use of the Canadian Preliminary Prospectus and of the Canadian Prospectus, as applicable, for the distribution of the Shares in the Canadian Qualifying Jurisdictions in compliance with the provisions of this Agreement;
(c) Promptly from time to time to take such action as you may reasonably request to qualify the Shares for offering and sale under the securities laws of such U.S. and Canadian jurisdictions as you may request and to comply with such laws so as to permit the continuance of sales and dealings therein in such jurisdictions for as long as may be necessary to complete the distribution of the Shares, provided that in connection therewith the Company shall not be required to qualify as a foreign corporation or to file a general consent to service of process in any jurisdiction;

(d) Prior to 10:00 a.m., Eastern time, on the Business Day next succeeding the date of this Agreement and from time to time, to furnish the Underwriters with written and electronic copies of the U.S. Prospectus in New York City, and, prior to [ ] p.m., Eastern time, on the Business Day next succeeding the date of this Agreement and from time to time, to furnish the Underwriters with written and electronic copies of the Canadian Prospectus in the English and French languages in Toronto, each in such quantities as you may reasonably request, and, if the delivery of a prospectus (or in lieu thereof, the notice referred to in Rule 173(a) under the Act) is required at any time prior to (with respect to the U.S. Prospectus) the later of the expiration of nine months after the time of issue of the U.S. Prospectus in connection with the offering or sale of the Shares and the completion of the distribution of such Shares or (with respect to the Canadian Prospectus) the completion of the distribution of such Shares, and if at such time (i) any event shall have occurred as a result of which the Prospectuses as then amended or supplemented would include an untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made when such Prospectuses (or in lieu thereof, the notice referred to in Rule 173(a) under the Act) are delivered, not misleading, (ii) any event shall have occurred that would constitute a material change (as such term is defined under Canadian Securities Laws), or (iii) if for any other reason it shall be necessary during such same period to amend or supplement the U.S. Prospectus or Canadian Prospectus in order to comply with the Act or Canadian Securities Laws, as applicable, to notify you and upon your request to prepare and furnish without charge to each Underwriter and to any dealer in securities as many written and electronic copies as you may from time to time reasonably request of an amended U.S. Prospectus or Canadian Prospectus (in the English and French languages), as the case may be, or a supplement to the U.S. Prospectus or Canadian Prospectus (in the case of a supplement to the Canadian Prospectus, in the English and French languages), as the case may be, which will correct such statement or omission, reflect such change or effect such compliance; and in case any Underwriter is required to deliver a prospectus (or in lieu thereof, the notice referred to in Rule 173(a) under the Act) in connection with sales of any of the Shares at any time nine months or more after the time of issue of the U.S. Prospectus, upon your request but at the expense of such Underwriter, to prepare and deliver to such Underwriter as many written and electronic copies as you may request of an amended or supplemented U.S. Prospectus complying with Section 10(a)(3) of the Act or an amended or supplemented Canadian Prospectus in the English and French languages and complying with Canadian Securities Laws;

(e) To promptly (and in any event within any applicable time limitation) comply with all legal requirements under the Act, other applicable U.S. securities laws and blue sky laws, Canadian Securities Laws, including Section 57 of the Securities Act (Ontario) and the comparable provisions of the other Canadian Securities Laws, and the rules and by-laws governing the NYSE and TSX required as a result of an event described in subsection 5(d) in order to continue to qualify the distribution of the Shares in each of the Canadian Qualifying Jurisdictions and the offering of the Shares in the United States pursuant to this Agreement, including the prospectus amendment provisions of Canadian Securities Laws, and to prepare and file to the satisfaction of the Underwriters
any amendment or supplement to the Registration Statement, the U.S. Prospectus and the Canadian Prospectus which, in the opinion of the Underwriters, may be necessary or advisable. In addition to the provisions of subsection 5(d) above, the Company will, in good faith, discuss with the Underwriters any change, event or fact contemplated in subsection 5(d) which is of such a nature that there may be reasonable doubt as to whether notice should be given to the Underwriters under subsection 5(d) and will consult with the Underwriters with respect to the form and content of any such supplement or amendment proposed to be filed by the Company, it being understood and agreed that no such supplement or amendment will be filed with the Commission or any Canadian Securities Commission prior to the review and approval by the Underwriters and their counsel. The Company shall also cooperate in all respects with the Underwriters and their counsel to allow and assist the Underwriters to participate in the preparation of any such supplement or amendment and to conduct all due diligence investigations which the Underwriters deem appropriate in order to fulfill their obligations as underwriters and to enable the Underwriters to responsibly execute any certificate related to such supplement or amendment required to be executed by them;

(f) To make generally available to its security holders as soon as practicable, but in any event not later than sixteen months after the effective date of the Registration Statement (as defined in Rule 158(c) under the Act), an earnings statement of the Company and its subsidiaries (which need not be audited) complying with Section 11(a) of the Act and the rules and regulations of the Commission thereunder (including, at the option of the Company, Rule 158);

(g) During the period beginning from the date hereof and continuing to and including the date 180 days after the date of the Prospectuses (the “Company Lock-Up Period”), not to (i) offer, sell, contract to sell, pledge, grant any option to purchase, make any short sale or otherwise transfer or dispose of, directly or indirectly, or file with the Commission a registration statement under the Act relating to, any securities of the Company that are substantially similar to the Shares, including but not limited to any options or warrants to purchase SV Shares or any securities that are convertible into or exchangeable for, or that represent the right to receive, SV Shares or any such substantially similar securities, or publicly disclose the intention to make any offer, sale, pledge, disposition or filing or (ii) enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of the SV Shares or any such other securities, whether any such transaction described in clause (i) or (ii) above is to be settled by delivery of SV Shares or such other securities, in cash or otherwise, without the prior written consent of two of the Representatives on behalf of the Underwriters, other than (A) the Shares to be sold hereunder, (B) the filing of any registration statement on Form S-8 relating to securities granted or to be granted pursuant to an equity incentive plan or share purchase plan of the Company described in the Pricing Prospectus, (C) the issuance of options or other equity awards, or the issuance of common shares upon exercise of such options or equity awards, pursuant to an equity incentive plan or share purchase plan of the Company described in the Pricing Prospectus, or (D) the issuance of common shares upon the conversion or exchange of convertible or exchangeable securities outstanding as of the date of this Agreement. If the Representatives, in their sole discretion, agree to release or waive the restrictions in lock-up letters pursuant to Section 1(b)(iv) or Section 8(l) hereof, in each case for an officer or director of the Company, and provides the Company with notice of the impending release or waiver at least three business days before the effective date of the release or waiver, the Company agrees to announce the impending release or waiver by a press release substantially in the form of Annex II hereto through a major news service at least two business days before the effective date of the release or waiver;
(h) To furnish to its shareholders as soon as practicable after the end of each fiscal year an annual report (including a statement of financial position, statement of income and comprehensive income, statement of change in equity and statement of cash flows of the Company and its consolidated subsidiaries certified by independent public accountants) and, as soon as practicable after the end of each of the first three quarters of each fiscal year (beginning with the fiscal quarter ending after the effective date of the Registration Statement), to make available to its shareholders consolidated summary financial information of the Company and its subsidiaries for such quarter in reasonable detail; provided, however, that the Company may satisfy the requirements of this subsection by making any such reports, communications or information generally available on its website or by electronically filing such information with the Commission or the Canadian Securities Commissions;

(i) During a period of five years from the effective date of the Registration Statement, to furnish to you copies of all reports or other communications (financial or other) furnished to shareholders, and to deliver to you (i) as soon as they are available, copies of any reports and financial statements furnished to or filed with the Commission or any Canadian Securities Commission or any national securities exchange on which any class of securities of the Company is listed; and (ii) such additional information concerning the business and financial condition of the Company as you may from time to time reasonably request (such financial statements to be on a consolidated basis to the extent the accounts of the Company and its subsidiaries are consolidated in reports furnished to its shareholders generally or to the Commission or any Canadian Securities Commission; provided that any report, communication or financial statement furnished or filed with the Commission that is publicly available on the Commission’s EDGAR system or the Canadian Securities Commissions’ SEDAR system shall be deemed to have been furnished to you at the time furnished or filed with the Commission or the Canadian Securities Commissions, as applicable;

(j) To use the net proceeds received by it from the sale of the Shares pursuant to this Agreement in the manner specified in the Pricing Prospectus and the Canadian Prospectus under the caption “Use of Proceeds”;

(k) To use its best efforts to list for trading, subject to official notice of issuance, the Shares on the NYSE and the TSX;

(l) To file with the Commission such information on Form 20-F as may be required by Rule 463 under the Act;

(m) If the Company elects to rely upon Rule 462(b), the Company shall file a Rule 462(b) Registration Statement with the Commission in compliance with Rule 462(b) by 10:00 p.m., Washington, D.C. time, on the date of this Agreement, and the Company shall at the time of filing either pay to the Commission the filing fee for the Rule 462(b) Registration Statement or give irrevocable instructions for the payment of such fee pursuant to Rule 3a(c) of the Commission’s Informal and Other Procedures (16 CFR 202.3a);

(n) Upon request of any Underwriter, to furnish, or cause to be furnished, to such Underwriter an electronic version of the Company’s trademarks, servicemarks and corporate logo for use on the website, if any, operated by such Underwriter for the purpose of facilitating the on-line offering of the Shares (the “License”); provided, however, that the License shall be used solely for the purpose described above, is granted without any fee and may not be assigned or transferred;
(o) To promptly notify you if the Company ceases to be an Emerging Growth Company at any time prior to the later of (i) completion of the distribution of the Shares within the meaning of the Act and (ii) completion of the 180-day restricted period referred to in Section 5(g) hereof;

(p) The Company will (without duplication) indemnify and hold harmless the Underwriters against any documentary, stamp or similar issuance tax, including any interest and penalties, on the creation, issuance and sale of the SV Shares and on the execution and delivery of this Agreement. All payments to be made by the Company hereunder shall be made without withholding or deduction for or on account of any present or future taxes, duties or governmental charges whatsoever unless the Company is compelled by law to deduct or withhold such taxes, duties or charges. In that event, the Company shall pay such additional amounts as may be necessary in order that the net amounts received after such withholding or deduction shall equal the amounts that would have been received if no withholding or deduction had been made; and

(q) The Company will comply with all applicable securities and other laws, rules and regulations in each jurisdiction in which the Reserved Shares are offered in connection with the Directed Share Program.

6. (a) The Company represents and agrees that, without the prior consent of the Representatives, it has not made and will not make any offer relating to the Shares that would constitute a “free writing prospectus” as defined in Rule 405 under the Act; each Selling Shareholder represents and agrees that, without the prior consent of the Company and the Representatives, it has not made and will not make any offer relating to the Shares that would constitute a free writing prospectus; and each Underwriter represents and agrees that, without the prior consent of the Company and the Representatives, it has not made and will not make any offer relating to the Shares that would constitute a free writing prospectus; any such free writing prospectus the use of which has been consented to by the Company and the Representatives is listed on Schedule III(a) hereto; the Company represents and agrees that, without the prior consent of the Representatives, it has not made and will not make use of any materials that would constitute marketing materials (as defined in NI 41-101) relating to the Shares, the Company or the offering; each Selling Shareholder represents and agrees that, without the prior consent of the Company and the Representatives, it has not made and will not make use of any materials that would constitute marketing materials (as defined in NI 41-101) relating to the Shares, the Company or the offering; and each Underwriter represents and agrees that, without the prior consent of the Company and the Representatives, it has not made and will not make use of any materials that would constitute marketing materials (as defined in NI 41-101) relating to the Shares, the Company or the offering; any such materials the use of which has been consented to by the Company and the Representatives are the marketing materials (as defined in NI 41-101) listed on Schedule III(d) hereto and the Underwriters agree (severally and not jointly) to comply with Canadian Securities Laws in connection with the provision any marketing materials or standard term sheet (each as defined in NI 41-101) to prospective purchasers of the Shares;

(b) The Company represents and agrees that (i) it has not engaged in, or authorized any other person to engage in, any Section 5(d) Communications, other than Section 5(d) Communications with the prior consent of the Representatives with entities that are qualified institutional buyers as defined in Rule 144A under the Act or institutions that are accredited investors as defined in Rule 501(a) under the Act; and (ii) it has not distributed, or authorized any other person to distribute, any Section 5(d) Writing, other than those distributed with the prior consent of the Representatives; and the Company reconfirms that the Underwriters have been authorized to act on its behalf in engaging in Section 5(d) Communications;
(c) The Company has complied and will comply with the requirements of Rule 433 under the Act applicable to any Issuer Free Writing Prospectus, including timely filing with the Commission or retention where required and legending; and the Company represents that it has satisfied and agrees that it will satisfy the conditions under Rule 433 under the Act to avoid a requirement to file any electronic road show; the Company has complied and will comply with the requirements of NI 41-101 and NI 44-103 applicable to any marketing materials (as defined in NI 41-101), including filing with the Canadian Securities Commissions in each of the Canadian Qualifying Jurisdictions of the template version (as defined in NI 41-101) of any marketing materials (as defined in NI 41-101) the use of which is consented to by the Company and the Representatives not later than the day on which such marketing materials were first provided (as defined in NI 41-101) to a potential investor;

(d) [Reserved.];

(e) Each Underwriter represents and agrees that any Section 5(d) Communications undertaken by it were with entities that are qualified institutional buyers as defined in Rule 144A under the Act or institutions that are accredited investors as defined in Rule 501(a) under the Act; and

The Company agrees that if at any time following issuance of an Issuer Free Writing Prospectus or Section 5(d) Writing any event occurred or occurs as a result of which such Issuer Free Writing Prospectus or Section 5(d) Writing would conflict with the information in the Registration Statement, the Pricing Prospectus or the Prospectuses or would include an untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances then prevailing, not misleading, the Company will give prompt notice thereof to the Representatives and, if requested by the Representatives, will prepare and furnish without charge to each Underwriter an Issuer Free Writing Prospectus or other document which will correct such conflict, statement or omission; provided, however, that this representation and warranty shall not apply to any statements or omissions in an Issuer Free Writing Prospectus made in reliance upon and in conformity with information furnished in writing to the Company by an Underwriter through the Representatives expressly for use therein or by a Selling Shareholder expressly for use therein in connection with the disclosure required by Form F-1 or Canadian Securities Laws.

7. The Company covenants and agrees with the several Underwriters: that the Company will pay or cause to be paid the following: (i) the fees, disbursements and expenses of the Company’s counsel and accountants in connection with the registration of the Shares under the Act, the qualification of the Shares for distribution by prospectus under Canadian Securities Laws and all other expenses in connection with the preparation, printing, reproduction and filing of the Registration Statement, any U.S. Preliminary Prospectus, Canadian Preliminary Prospectus, any Issuer Free Writing Prospectus and the Prospectuses and amendments and supplements thereto (including the Canadian Supplemented Prospectus) and the mailing and delivering of copies thereof to the Underwriters and dealers; (ii) the cost of printing or producing any Agreement among Underwriters, this Agreement, the Blue Sky Memorandum, closing documents (including any compilations thereof) and any other documents in connection with the offering, purchase, sale and delivery of the Shares; (iii) all expenses in connection with the qualification of the Shares for offering and sale under U.S. state laws and Canadian Securities Laws as provided in Section 5(b) hereof, including the fees and
disbursements of counsel for the Underwriters in connection with such qualification and in connection with the Blue Sky survey (such fee and expenses not to exceed $10,000.00); (iv) all fees and expenses in connection with listing the Shares on the NYSE and the TSX; (v) the filing fees incident to, and the fees and disbursements of counsel for the Underwriters in connection with, any required review by FINRA of the terms of the sale of the Shares (such fee and expenses not to exceed $30,000.00); [and (vi) all taxes arising as a result of the sale and delivery of the Shares by the Company to or for the account of the Underwriters, including any Canadian withholding, transfer or other tax (but excluding any Canadian income tax on the income of any Underwriter whose net income is otherwise subject to tax by Canada or any jurisdiction thereof) asserted against an Underwriter by reason of the purchase and sale of a Share pursuant to this Agreement]; (vii) the cost of preparing share certificates; if applicable (viii) the cost and charges of any transfer agent or registrar, (ix) the fees, disbursements and expenses associated with the Directed Share Program, including the reasonable fees and disbursements of counsel to the Underwriters related thereto and the costs and expenses of preparation, printing and distribution of the Directed Share Program material, and (x) all other costs and expenses incident to the performance of its obligations hereunder which are not otherwise specifically provided for in this Section. Such Selling Shareholders shall pay or cause to be paid all expenses and taxes incident to the sale and delivery of the Shares to be sold by such Selling Shareholder to the Underwriters hereunder. In connection with the preceding sentence, the Representatives agree to pay New York State stock transfer tax, and the Selling Shareholder agrees to reimburse the Representatives for associated carrying costs if such tax payment is not rebated on the day of payment and for any portion of such tax payment not rebated. It is understood, however, that the Company shall bear, and the Selling Shareholders shall not be required to pay or to reimburse the Company for, the cost of any other matters not directly relating to the sale and purchase of the Shares pursuant to this Agreement (other than, in the case of each Selling Shareholder, the underwriting commissions in respect of the Shares sold by such Selling Shareholder hereunder), and that, except as provided in this Section, and Sections 9 and 12 hereof, the Underwriters will pay all of their own costs and expenses, including the fees of their counsel, and any advertising expenses connected with any offers they may make.

8. The obligations of the Underwriters hereunder, as to the Shares to be delivered at each Time of Delivery, shall be subject, in their discretion, to the condition that all representations and warranties and other statements of the Company and the Selling Shareholders hereunder be true and correct, and the following additional conditions:

(a) The U.S. Prospectus shall have been filed with the Commission pursuant to Rule 424(b) under the Act within the applicable time period prescribed for such filing by the rules and regulations under the Act and in accordance with Section 5(a) hereof; all material required to be filed by the Company pursuant to Rule 433(d) under the Act shall have been filed with the Commission within the applicable time period prescribed for such filing by Rule 433; if the Company has elected to rely upon Rule 462(b) under the Act, the Rule 462(b) Registration Statement shall have become effective by 10:00 p.m., Washington, D.C. time, on the date of this Agreement; the Canadian Supplemented Prospectus shall have been filed with the Canadian Securities Commission in accordance with Section 5(a) hereof; no stop order suspending the effectiveness of the Registration Statement or any part thereof shall have been issued and no proceeding for that purpose shall have been initiated or threatened by the Commission; no stop order suspending or preventing the use of the U.S. Prospectus or any Issuer Free Writing Prospectus shall have been initiated or threatened by
the Commission; no order having the effect of ceasing or suspending the distribution of the Shares or the use of the Canadian Preliminary Prospectus, the Canadian Prospectus or the Canadian Supplemented Prospectus shall have been issued and no proceeding for that purpose shall have been initiated or threatened by any Canadian Securities Commission or the TSX; and all requests for additional information on the part of the Commission or any Canadian Securities Commission shall have been complied with to your reasonable satisfaction;

(b) Latham & Watkins LLP, counsel for the Underwriters, shall have furnished to you such written opinion or opinions, dated such Time of Delivery, in form and substance satisfactory to you, and such counsel shall have received such papers and information as they may reasonably request to enable them to pass upon such matters;

(c) Osler, Hoskin & Harcourt LLP, Canadian counsel for the Underwriters, shall have furnished to you such written opinion or opinions, dated such Time of Delivery, in form and substance satisfactory to you, and such counsel shall have received such papers and information as they may reasonably request to enable them to pass upon such matters;

(d) Ropes & Gray LLP, counsel for the Company, shall have furnished to you their written opinion (a form of such opinion is attached as Annex I(a) hereto), dated such Time of Delivery, in form and substance satisfactory to you;

(e) Stikeman Elliott LLP, Canadian counsel for the Company, shall have furnished to you their written opinion (a form of such opinion is attached as Annex I(b) hereto), dated such Time of Delivery, in form and substance satisfactory to you;

(f) The respective counsel for each of the Selling Shareholders, as indicated in Schedule II hereto, each shall have furnished to you their written opinion with respect to each of the Selling Shareholders for whom they are acting as counsel (a form of each such opinion is attached as Annex I(c) hereto), dated the First Time of Delivery, in form and substance satisfactory to you;

(g) On the date of the Prospectuses at a time prior to the execution of this Agreement, at 9:30 a.m., Eastern time, on the effective date of any post-effective amendment to the Registration Statement filed subsequent to the date of this Agreement and also at each Time of Delivery, Deloitte LLP shall have furnished to you a letter or letters, dated the respective dates of delivery thereof, in form and substance satisfactory to you;

(h) (i) Neither the Company nor any of its subsidiaries shall have sustained since the date of the latest audited financial statements included in the Pricing Prospectus and the Canadian Prospectus any loss or interference with its business from fire, explosion, flood or other calamity, whether or not covered by insurance, or from any labor dispute or court or governmental action, order or decree, otherwise than as set forth or contemplated in the Pricing Prospectus and the Canadian Prospectus, and (ii) since the respective dates as of which information is given in the Pricing Prospectus and the Canadian Prospectus there shall not have been any change in the share capital or long-term debt of the Company or any of its subsidiaries or any change, or any development involving a prospective change, in or affecting the general affairs, management, financial position, shareholders' equity or results of operations of the Company and its subsidiaries, otherwise than as set forth or contemplated in the Pricing Prospectus and the Canadian Prospectus, the effect of which, in any such case described in clause (i) or (ii), is in your judgment so material and adverse as to make it impracticable or inadvisable to proceed with the public offering or the delivery of the Shares being delivered at such Time of Delivery on the terms and in the manner contemplated in the Prospectuses;
(i) On or after the Applicable Time (i) no downgrading shall have occurred in the rating accorded the Company’s debt securities by any “nationally recognized statistical rating organization”, as defined in Section 3(a)(62) of the Exchange Act, and (ii) no such organization shall have publicly announced that it has under surveillance or review, with possible negative implications, its rating of any of the Company’s debt securities;

(j) On or after the Applicable Time there shall not have occurred any of the following: (i) a suspension or material limitation in trading in securities generally on the NYSE and the TSX; (ii) a suspension or material limitation in trading in the Company's securities on the NYSE and the TSX; (iii) a general moratorium on commercial banking activities in the United States or Canada declared by the relevant authorities, or a material disruption in commercial banking or securities settlement or clearance services in the United States or Canada; (iv) the outbreak or escalation of hostilities involving the United States or Canada or the declaration by the United States or Canada of a national emergency or war or (v) the occurrence of any other calamity or crisis or any change in financial, political or economic conditions in the United States or Canada or elsewhere, if the effect of any such event specified in clause (iv) or (v) in your judgment makes it impracticable or inadvisable to proceed with the public offering or the delivery of the Shares being delivered at such Time of Delivery on the terms and in the manner contemplated in the Prospectuses;

(k) The Shares to be sold at such Time of Delivery shall have been duly listed, subject to official notice of issuance, on the NYSE, and shall have been duly listed and posted for trading on the TSX as of the opening of trading on the date of the Time of Delivery, subject only to the conditions set forth in the conditional approval letter of the TSX dated [*] and to any other customary conditions of the TSX;

(l) The Company shall have obtained and delivered to the Underwriters executed copies of an agreement from each shareholder of the Company listed on Schedule IV hereto, substantially to the effect set forth in Annex III hereto in form and substance satisfactory to you;

(m) The Company shall have complied with the provisions of Section 5(d) hereof with respect to the furnishing of prospectuses on the Business Day next succeeding the date of this Agreement; and

(n) The Company and the Selling Shareholders shall have furnished or caused to be furnished to you at such Time of Delivery certificates of officers of the Company and of the Selling Shareholders, respectively, satisfactory to you as to the accuracy of the representations and warranties of the Company and the Selling Shareholders, respectively, herein at and as of such Time of Delivery, as to the performance by the Company and the Selling Shareholders of all of their respective obligations hereunder to be performed at or prior to such Time of Delivery, as to such other matters as you may reasonably request, and the Company shall have furnished or caused to be furnished certificates as to the matters set forth in subsections (a) and (h) of this Section 8.
9. (a) The Company will indemnify and hold harmless each Underwriter against any losses, claims, damages or liabilities, joint or several, to which such Underwriter may become subject, under the Act, Canadian Securities Laws or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon (i) an untrue statement or alleged untrue statement of a material fact contained in the Registration Statement, any U.S. Preliminary Prospectus, the Pricing Prospectus or the U.S. Prospectus, or any amendment or supplement thereto, any Issuer Free Writing Prospectus or any “issuer information” filed or required to be filed pursuant to Rule 433(d) under the Act, or any Section 5(d) Writing or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, or (ii) a misrepresentation or alleged misrepresentation (as that term is defined under applicable Canadian Securities Laws) contained in the Canadian Preliminary Prospectus, the Canadian Prospectus or any amendment or supplement thereto (including for greater certainty the Canadian Supplemented Prospectus); and will reimburse each Underwriter for any legal or other expenses reasonably incurred by such Underwriter in connection with investigating or defending any such action or claim as such expenses are incurred; provided, however, that the Company shall not be liable in any such case to the extent that any such loss, claim, damage or liability arises out of or is based upon an untrue statement or alleged untrue statement or omission or alleged omission or misrepresentation or alleged misrepresentation (as that term is defined under applicable Canadian Securities Laws) made in the Registration Statement, any U.S. Preliminary Prospectus, Canadian Preliminary Prospectus, the Canadian Prospectus, or any amendment or supplement thereto, or any Issuer Free Writing Prospectus, or any Section 5(d) Writing, in reliance upon and in conformity with written information furnished to the Company by any Underwriter through the Representatives expressly for use therein.

(b) Each of the Selling Shareholders, will indemnify and hold harmless each Underwriter against any losses, claims, damages or liabilities, joint or several, to which such Underwriter may become subject, under the Act, Canadian Securities Laws or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon (i) an untrue statement or alleged untrue statement of a material fact contained in the Registration Statement, any U.S. Preliminary Prospectus, the Pricing Prospectus, or any Section 5(d) Writing, or the U.S. Prospectus, or any amendment or supplement thereto, any Issuer Free Writing Prospectus or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, or (ii) a misrepresentation or alleged misrepresentation (as that term is defined under applicable Canadian Securities Laws) contained in the Canadian Preliminary Prospectus, the Canadian Prospectus or any amendment or supplement thereto (including for greater certainty the Canadian Supplemented Prospectus); in each case to the extent, but only to the extent, that such untrue statement or alleged untrue statement or omission or alleged omission or misrepresentation or alleged misrepresentation (as that term is defined under applicable Canadian Securities Laws), as the case may be, was made in the Registration Statement, any U.S. Preliminary Prospectus, Canadian Preliminary Prospectus, the Pricing Prospectus or the Prospectuses, or any amendment or supplement thereto or any Issuer Free Writing Prospectus in reliance upon and in conformity with written information furnished to the Company by such Selling Shareholder expressly for use therein; and will reimburse each Underwriter for any legal or other expenses reasonably incurred by such Underwriter in connection with investigating or defending any such action or claim as such expenses are incurred; provided, however, that such Selling Shareholder shall not be liable in any such case to the extent that any such loss, claim, damage or liability arises out of or is based upon an untrue statement or alleged untrue statement or omission or alleged omission or misrepresentation or alleged misrepresentation (as that term is defined under applicable Canadian Securities Laws) made in the Registration Statement, any U.S. Preliminary Prospectus, Canadian Preliminary Prospectus, Canadian Prospectus, the Pricing Prospectus or the Prospectuses or any
amendment or supplement thereto or any Issuer Free Writing Prospectus, or any Section 5(d) Writing, in reliance upon and in conformity with written information furnished to the Company by any Underwriter through the Representatives expressly for use therein; provided further, however, that the liability of a Selling Shareholder pursuant to this subsection (b) shall not exceed the aggregate net proceeds after underwriting commissions but before deducting expenses received by such Selling Shareholder from the Underwriters for the Shares sold by such Selling Shareholder hereunder.

(c) Each Underwriter will indemnify and hold harmless the Company and each Selling Shareholder against any losses, claims, damages or liabilities to which the Company or such Selling Shareholder may become subject, under the Act, Canadian Securities Laws or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon (i) an untrue statement or alleged untrue statement of a material fact contained in the Registration Statement, any U.S. Preliminary Prospectus, the Pricing Prospectus or the U.S. Prospectus, or any amendment or supplement thereto, or any Issuer Free Writing Prospectus, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, or (ii) a misrepresentation or alleged misrepresentation (as that term is defined under applicable Canadian Securities Laws) contained in the Canadian Preliminary Prospectus, the Canadian Prospectus or any amendment or supplement thereto (including for greater certainty the Canadian Supplemented Prospectus); in each case to the extent, but only to the extent, that such untrue statement or alleged untrue statement or omission or alleged omission or misrepresentation or alleged misrepresentation (as that term is defined under applicable Canadian Securities Laws), as the case may be, was made in the Registration Statement, any U.S. Preliminary Prospectus, Canadian Preliminary Prospectus, Canadian Prospectus, the Pricing Prospectus or the Prospectuses, or any amendment or supplement thereto, or any Issuer Free Writing Prospectus, in reliance upon and in conformity with written information furnished to the Company by such Underwriter through the Representatives expressly for use therein; and will reimburse the Company and each Selling Shareholder for any legal or other expenses reasonably incurred by the Company or such Selling Shareholder in connection with investigating or defending any such action or claim as such expenses are incurred.

(d) Promptly after receipt by an indemnified party under subsection (a), (b) or (c) of this Section 9 of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under such subsection, notify the indemnifying party in writing of the commencement thereof; but the omission so to notify the indemnifying party shall not relieve it from any liability which it may have to any indemnified party otherwise than under such subsection. In case any such action shall be brought against any indemnified party and it shall notify the indemnifying party of the commencement thereof, the indemnifying party shall be entitled to participate therein and, to the extent that it shall wish, jointly with any other indemnifying party similarly notified, to assume the defense thereof, with counsel satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party), and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party shall not be liable to such indemnified party under such subsection for any legal expenses of other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than reasonable costs of investigation. No indemnifying party shall, without the written consent of the indemnified party, effect the settlement or compromise of, or consent to the entry of any judgment with respect to, any pending or threatened action or claim in respect of which indemnification or contribution may be sought hereunder (whether or not the indemnified party is an
actual or potential party to such action or claim) unless such settlement, compromise or judgment (i) includes an unconditional release of the indemnified party from all liability arising out of such action or claim and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act, by or on behalf of any indemnified party.

(e) If the indemnification provided for in this Section 9 is unavailable to or insufficient to hold harmless an indemnified party under subsection (a), (b) or (c) above in respect of any losses, claims, damages or liabilities (or actions in respect thereof) referred to therein (other than as a result of the limitations imposed on indemnification described in such preceding subsections of this Section 9), then each indemnifying party shall contribute to the amount paid or payable by such indemnified party as a result of such losses, claims, damages or liabilities (or actions in respect thereof) in such proportion as is appropriate to reflect the relative benefits received by the Company and the Selling Shareholders on the one hand and the Underwriters on the other from the offering of the Shares. If, however, the allocation provided by the immediately preceding sentence is not permitted by applicable law or if the indemnified party failed to give the notice required under subsection (d) above, then each indemnifying party shall contribute to such amount paid or payable by such indemnified party in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the Company and the Selling Shareholders on the one hand and the Underwriters on the other in connection with the statements or omissions which resulted in such losses, claims, damages or liabilities (or actions in respect thereof), as well as any other relevant equitable considerations. The relative benefits received by the Company and the Selling Shareholders on the one hand and the Underwriters on the other shall be deemed to be in the same proportion as the total net proceeds from the offering (before deducting expenses) received by the Company and the Selling Shareholders bear to the total underwriting commissions received by the Underwriters, in each case described in the Prospectuses. The relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Company or the Selling Shareholders on the one hand or the Underwriters on the other and the parties’ relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The Company, each of the Selling Shareholders and the Underwriters agree that it would not be just and equitable if contribution pursuant to this subsection (e) were determined by pro rata allocation (even if the Underwriters were treated as one entity for such purpose) or by any other method of allocation which does not take account of the equitable considerations referred to above in this subsection (e). The amount paid or payable by an indemnified party as a result of the losses, claims, damages or liabilities (or actions in respect thereof) referred to above in this subsection (e) shall be deemed to include any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such action or claim. Notwithstanding the provisions of this subsection (e), no Underwriter shall be required to contribute any amount in excess of the amount by which the total price at which the Shares underwritten by it and distributed to the public were offered to the public exceeds the amount of any damages which such Underwriter has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. In no event shall the aggregate liability of a Selling Shareholder under Section 9(b) and this Section 9(e) exceed the limit set forth in Section 9(b). No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. The Underwriters’ obligations in this subsection (e) to contribute are several in proportion to their respective underwriting obligations and not joint.
(f) The obligations of the Company and the Selling Shareholders under this Section 9 shall be in addition to any liability which the Company and the Selling Shareholders may otherwise have and shall extend, upon the same terms and conditions, to each officer and director of each Underwriter and each person, if any, who controls any Underwriter within the meaning of the Act and each broker-dealer affiliate of any Underwriter; and the obligations of the Underwriters under this Section 9 shall be in addition to any liability which the respective Underwriters may otherwise have and shall extend, upon the same terms and conditions, to each officer and director of the Company (including any person who, with his or her consent, is named in the Registration Statement as about to become a director of the Company) and to each person, if any, who controls the Company or any Selling Shareholder within the meaning of the Act.

(g) Nomura Securities International, Inc. and Robert W. Baird & Co. Incorporated (each, a “Non-Canadian Underwriter”) will only offer and sell Shares outside of Canada and will not, directly or indirectly, solicit offers to purchase or sell Shares in Canada. Provided that it has not terminated and cancelled its obligations to the Company in accordance with this Agreement, each Non-Canadian Underwriter agrees that, if any losses, claims, damages or liabilities, joint or several (collectively, “Claims”), are suffered by an indemnified party as contemplated in this Section 9 (and such Claims did not include such Non-Canadian Underwriter on the basis that such Non-Canadian Underwriter did not sign the underwriters’ certificate to the Canadian Prospectus or the Canadian Supplemented Prospectus) under Section 130 of the Securities Act (Ontario) or the equivalent provisions of Canadian Securities Laws in other Canadian Qualifying Jurisdictions based upon a misrepresentation or alleged misrepresentation (as defined in Canadian Securities Laws) in the Canadian Prospectus or Canadian Supplemented Prospectus, and such indemnified party is determined by a court of competent jurisdiction or other governmental authority in a final judgment or decision from which no appeal can be made to be liable pursuant to such laws in respect of such Claims and such indemnified party does pay such Claims (the “Liability Amount”), then such Non-Canadian Underwriter shall indemnify on a several basis, and not a joint or joint and several basis, such indemnified party from and against the Liability Amount for such Non-Canadian Underwriter’s pro rata share of such Liability Amount, on the basis of and assuming that such Non-Canadian Underwriter had signed the underwriters’ certificate to the Prospectus or the Canadian Supplemented Prospectus, but only to the extent of its underwriting obligation under Schedule I hereto. Each Non-Canadian Underwriter shall further indemnify such indemnified party, without regard to the final outcome of any such Claims, for such Non-Canadian Underwriter’s pro rata share of any legal and other expenses reasonably incurred and paid by such indemnified party in connection with the investigation or defence of any such Claims (the “Indemnified Expenses”). For the purposes of determining the aggregate amount that a Non-Canadian Underwriter is obligated to indemnify all other indemnified parties, “pro rata” will be based on the percentage of Firm Shares set forth opposite the name of each Underwriter in Schedule I hereto as compared to the total number of Firm Shares. For the avoidance of doubt, the maximum aggregate amount which a Non-Canadian Underwriter is required to indemnify the other indemnified parties under this Section 9(g) shall be the lesser of (i) [gross spread]% of the total of the Liability Amount and Indemnified Expenses and (ii) the total public offering price of the Firm Shares and Optional Shares such Non-Canadian Underwriter is required to place or purchase under Schedule I hereto. The amount payable by each Non-Canadian Underwriter to the indemnified parties pursuant to this Section 9(g) shall be reduced to the extent that such Non-Canadian Underwriter is required to pay damages directly to plaintiffs under Canadian Securities Laws in connection with the Claim or Claims that are the subject matter of the indemnification being sought. Further, each Non-Canadian Underwriter will only be required to make payment to an indemnified party pursuant to this Section 9(g) if (i) such indemnified party has used reasonable
commercial efforts to be reimbursed for the Liability Amount and Indemnified Expenses pursuant to this Section 9 but has not been fully reimbursed and (ii) it has not been determined (either by a court of competent jurisdiction in a final judgment from which no appeal can be made or by acknowledgement of the indemnified party) that the Claim resulting in the Liability Amount and Indemnified Expenses was caused by or resulted from the fraud, fraudulent misrepresentation, gross negligence or wilful misconduct of such indemnified party and to the extent that a court of competent jurisdiction in a final judgment from which no appeal can be made determines, or the indemnified party acknowledges, that such Claim to which such indemnified party is subject was caused by or resulted from the fraud, fraudulent misrepresentation, gross negligence or wilful misconduct of such indemnified party then such indemnified party shall promptly reimburse to such Non-Canadian Underwriter any Indemnified Expenses. If any Claim is asserted against any indemnified party that is or may be subject to indemnification under this Section 9(g), the indemnified Party will notify each Non-Canadian Underwriter in writing as soon as possible of the particulars of such Claim (but the omission so to notify such Non-Canadian Underwriter of any potential Claim shall not relieve such Non-Canadian Underwriter from any liability which it may have to any indemnified party and any omission so to notify such Non-Canadian Underwriter of any actual Claim shall affect such Non-Canadian Underwriter’s liability only to the extent that the indemnifier is actually and materially prejudiced by that failure). Each Non-Canadian Underwriter agrees that to the extent such Non-Canadian Underwriter is not a party to such Claim the other Underwriters will be entitled to conduct the defence of any such action or proceeding brought to enforce such Claim, and such Non-Canadian Underwriter’s liability hereunder shall not be reduced in any way based upon the conduct of such defense unless the indemnified parties are determined to be grossly negligent (by a court of competent jurisdiction in a final judgment from which no appeal can be made) in conducting such defence. The Underwriters shall provide each Non-Canadian Underwriter with notice of any material developments in the action or proceeding.

(h) In connection with the offer and sale of the Reserved Shares, the Company agrees, promptly upon a request in writing, to indemnify and hold harmless the Underwriters from and against any and all losses, liabilities, claims, damages and expenses incurred by any of them as a result of the failure of the Directed Share Participants to pay for and accept delivery of Reserved Shares which, by the end of the first business day following the date of this Agreement, were subject to a properly confirmed agreement to purchase. The Company agrees to indemnify and hold harmless the Underwriters and their respective affiliates, directors, officers, employees and agents, and each person, if any, who controls any of the Underwriters within the meaning of the Securities Act or the Exchange Act against any loss, claim, damage, liability or expense, as incurred, to which the Underwriters or such controlling person may become subject, which is (i) caused by any untrue statement or alleged untrue statement of a material fact contained in any material prepared by or with the consent of the Company for distribution to Directed Share Participants in connection with the Directed Share Program (including any prospectus wrapper material distributed in connection with the reservation and sale of Reserved Shares) or caused by any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading; (ii) caused by the failure of any Directed Share Participant to pay for and accept delivery of Reserved Shares that such Participant agreed to purchase; or (iii) related to, arising out of, or in connection with the Directed Share Program. The indemnity agreement set forth in this paragraph shall be in addition to any liabilities that the Company may otherwise have.
10. (a) If any Underwriter shall default in its obligation to purchase the Shares that it has agreed to purchase hereunder at a Time of Delivery, you may in your discretion arrange for you or another party or other parties to purchase such Shares on the terms contained herein. If within thirty-six hours after such default by any Underwriter you do not arrange for the purchase of such Shares, then the Company and the Selling Shareholders shall be entitled to a further period of thirty-six hours within which to procure another party or other parties satisfactory to you to purchase such Shares on such terms. In the event that, within the respective prescribed periods, you notify the Company and the Selling Shareholders that you have so arranged for the purchase of such Shares, or the Company or a Selling Shareholder notifies you that it has so arranged for the purchase of such Shares, you or the Company or the Selling Shareholders shall have the right to postpone such Time of Delivery for a period of not more than seven days, in order to effect whatever changes may thereby be made necessary in the Registration Statement or the Prospectuses, or in any other documents or arrangements, and the Company agrees to file promptly any amendments or supplements to the Registration Statement or the Prospectuses which in your opinion may thereby be made necessary. The term “Underwriter” as used in this Agreement shall include any person substituted under this Section with like effect as if such person had originally been a party to this Agreement with respect to such Shares.

(b) If, after giving effect to any arrangements for the purchase of the Shares of a defaulting Underwriter or Underwriters by you, the Company and the Selling Shareholders as provided in subsection (a) above, the aggregate number of such Shares which remains unpurchased does not exceed one-eleventh of the aggregate number of all the Shares to be purchased at such Time of Delivery, then the Company and the Selling Shareholders shall have the right to require each non-defaulting Underwriter to purchase the number of Shares which such Underwriter agreed to purchase hereunder at such Time of Delivery and, in addition, to require each non-defaulting Underwriter to purchase its pro rata share (based on the number of Shares which such Underwriter agreed to purchase hereunder) of the Shares of such defaulting Underwriter or Underwriters for which such arrangements have not been made; but nothing herein shall relieve a defaulting Underwriter from liability for its default.

(c) If, after giving effect to any arrangements for the purchase of the Shares of a defaulting Underwriter or Underwriters by you, the Company and the Selling Shareholders as provided in subsection (a) above, the aggregate number of such Shares which remains unpurchased exceeds one-eleventh of the aggregate number of all of the Shares to be purchased at such Time of Delivery, or if the Company and the Selling Shareholders shall not exercise the right described in subsection (b) above to require non-defaulting Underwriters to purchase Shares of a defaulting Underwriter or Underwriters, then this Agreement (or, with respect to a Second Time of Delivery, the obligations of the Underwriters to purchase and of the Company and the Selling Shareholders to sell the Optional Shares) shall thereupon terminate, without liability on the part of any non-defaulting Underwriter, the Company or the Selling Shareholders, except for the expenses to be borne by the Company, the Selling Shareholders and the Underwriters as provided in Section 7 hereof and the indemnity and contribution agreements in Section 9 hereof; but nothing herein shall relieve a defaulting Underwriter from liability for its default.

11. The respective indemnities, agreements, representations, warranties and other statements of the Company, the Selling Shareholders and the several Underwriters, as set forth in this Agreement or made by or on behalf of them, respectively, pursuant to this Agreement, shall remain in full force and effect, regardless of any investigation (or any statement as to the results thereof) made by or on behalf of any Underwriter or any controlling person of any Underwriter, or the Company, or any of the Selling Shareholders, or any officer or director or controlling person of the Company, or any controlling person of any Selling Shareholder, and shall survive delivery of and payment for the Shares.
12. If this Agreement shall be terminated pursuant to Section 10 hereof, neither the Company nor the Selling Shareholders shall then be under any liability to any Underwriter except as provided in Sections 7 and 9 hereof; but, if for any other reason any Shares are not delivered by or on behalf of the Company and the Selling Shareholders as provided herein, the Company and each of the Selling Shareholders pro rata (based on the number of Shares to be sold by the Company and such Selling Shareholder hereunder) will reimburse the Underwriters through you for all out-of-pocket expenses approved in writing by you, including fees and disbursements of counsel, reasonably incurred by the Underwriters in making preparations for the purchase, sale and delivery of the Shares not so delivered, but the Company and the Selling Shareholders shall then be under no further liability to any Underwriter except as provided in Sections 7 and 9 hereof.

13. In all dealings hereunder, you shall act on behalf of each of the Underwriters, and the parties hereto shall be entitled to act and rely upon any statement, request, notice or agreement on behalf of any Underwriter made or given by you jointly or by the Representatives on behalf of you as the representatives; and in all dealings with any Selling Shareholder hereunder, you and the Company shall be entitled to act and rely upon any statement, request, notice or agreement on behalf of such Selling Shareholder made or given by any or all of the Attorneys-in-Fact for such Selling Shareholder.

In accordance with the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)), the Underwriters are required to obtain, verify and record information that identifies their respective clients, including the Company and the Selling Shareholders, which information may include the name and address of their respective clients, as well as other information that will allow the Underwriters to properly identify their respective clients.

All statements, requests, notices and agreements hereunder shall be in writing, and if to the Underwriters shall be delivered or sent by mail, telex or facsimile transmission to CIBC World Markets Inc., 161 Bay Street, 6th Floor, Toronto, ON M5J 2S8, Attention: [●]; Credit Suisse Securities (USA) LLC, Eleven Madison Avenue, New York, New York 10010, Attention: LCD-IBD; Goldman, Sachs & Co., 200 West Street, New York, New York 10282, Attention: Registration Department; and RBC Capital Markets, LLC, 200 Vesey Street, New York, NY 10281, Attention: Michael Goldberg, Syndicate Director, Fax: (212) 428-6260; and if to any Selling Shareholder shall be delivered or sent by mail, telex or facsimile transmission to counsel for such Selling Shareholder at its address set forth in Schedule II hereto; if to any Selling Shareholder shall be delivered or sent by mail, telex or facsimile transmission to the address of the Company set forth on the cover of the Registration Statement, Attention: [Secretary]; and if to any shareholder that has delivered a lock-up letter described in Section 8(l) hereof shall be delivered or sent by mail to his or her respective address provided in Schedule IV hereto or such other address as such shareholder provides in writing to the Company; provided, however, that any notice to an Underwriter pursuant to Section 9(d) hereof shall be delivered or sent by mail, telex or facsimile transmission to such Underwriter at its address set forth in its [Underwriters’ Questionnaire or telex constituting such Questionnaire], which address will be supplied to the Company or the Selling Shareholders by you on request. Any such statements, requests, notices or agreements shall take effect upon receipt thereof.
14. Each of CIBC World Markets Inc. and TD Securities Inc., or an affiliate thereof, owns or controls an equity interest in the TMX Group Limited (the “TMX Group”) and has a nominee director serving on the TMX Group’s board of directors. As such, each such investment dealer may be considered to have an economic interest in the listing of securities on any exchange owned or operated by TMX Group, including the TSX, the TSX Venture Exchange and the Alpha Exchange. No person or company is required to obtain products or services from TMX Group or its affiliates as a condition of any such dealer supplying or continuing to supply a product or service.

15. This Agreement shall be binding upon, and inure solely to the benefit of, the Underwriters, the Company and the Selling Shareholders and, to the extent provided in Sections 9 and 11 hereof, the officers and directors of the Company and each person who controls the Company, any Selling Shareholder or any Underwriter, and their respective heirs, executors, administrators, successors and assigns, and no other person shall acquire or have any right under or by virtue of this Agreement. No purchaser of any of the Shares from any Underwriter shall be deemed a successor or assign by reason merely of such purchase.

16. Time shall be of the essence of this Agreement. As used herein, the term “business day” shall mean any day when the Commission’s office in Washington, D.C. is open for business and chartered banks in Canada are open for business in Toronto, Ontario.

17. The Company and the Selling Shareholders acknowledge and agree that (i) the purchase and sale of the Shares pursuant to this Agreement is an arm’s-length commercial transaction between the Company and the Selling Shareholders, on the one hand, and the several Underwriters, on the other, (ii) in connection therewith and with the process leading to such transaction each Underwriter is acting solely as a principal and not the agent or fiduciary of the Company or any Selling Shareholder, (iii) no Underwriter has assumed an advisory or fiduciary responsibility in favor of the Company or any Selling Shareholder with respect to the offering contemplated hereby or the process leading thereto (irrespective of whether such Underwriter has advised or is currently advising the Company or any Selling Shareholder on other matters) or any other obligation to the Company or any Selling Shareholder except the obligations expressly set forth in this Agreement and (iv) the Company and each Selling Shareholder has consulted its own legal and financial advisors to the extent it deemed appropriate. The Company and each Selling Shareholder agrees that it will not claim that the Underwriters, or any of them, has rendered advisory services of any nature or respect, or owes a fiduciary or similar duty to the Company or any Selling Shareholder, in connection with such transaction or the process leading thereto.

18. This Agreement supersedes all prior agreements and understandings (whether written or oral) between the Company, the Selling Shareholders and the Underwriters, or any of them, with respect to the subject matter hereof.

19. This Agreement shall be governed by and construed in accordance with the laws of the State of New York.

20. The Company, each Selling Shareholder and each of the Underwriters hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Agreement or the transactions contemplated hereby.

32
21. This Agreement may be executed by any one or more of the parties hereto in any number of counterparts, each of which shall be deemed to be an original, but all such counterparts shall together constitute one and the same instrument.

22. Notwithstanding anything herein to the contrary, the Company and the Selling Shareholders are authorized to disclose to any persons the U.S. federal and state income tax treatment and tax structure of the potential transaction and all materials of any kind (including tax opinions and other tax analyses) provided to the Company and the Selling Shareholders relating to that treatment and structure, without the Underwriters imposing any limitation of any kind. However, any information relating to the tax treatment and tax structure shall remain confidential (and the foregoing sentence shall not apply) to the extent necessary to enable any person to comply with securities laws. For this purpose, “tax structure” is limited to any facts that may be relevant to that treatment.

If the foregoing is in accordance with your understanding, please sign and return to us [five] counterparts hereof, and upon the acceptance hereof by you, on behalf of each of the Underwriters, this letter and such acceptance hereof shall constitute a binding agreement among each of the Underwriters, the Company and each of the Selling Shareholders. It is understood that your acceptance of this letter on behalf of each of the Underwriters is pursuant to the authority set forth in a form of agreement among Underwriters, the form of which shall be submitted to the Company and the Selling Shareholders for examination, upon request, but without warranty on your part as to the authority of the signers thereof.
Any person executing and delivering this Agreement as Attorney-in-Fact for a Selling Shareholder represents by so doing that he has been duly appointed as Attorney-in-Fact by such Selling Shareholder pursuant to a validly existing and binding Power-of-Attorney that authorizes such Attorney-in-Fact to take such action.

Very truly yours,

Canada Goose Holdings Inc.

Re: Canada Goose Holdings Inc.—Lock-Up Agreement

Ladies and Gentlemen:

The undersigned understands that you, as representatives (the “Representatives”), propose to enter into an Underwriting Agreement on behalf of the several Underwriters named in Schedule I to such agreement (collectively, the “Underwriters”), with Canada Goose Holdings Inc., a British Columbia corporation (the “Company”), and the Selling Shareholders named in Schedule II to such agreement, providing for a public offering of the SV Shares of the Company by the Company and the Selling Shareholders (the “Shares”) pursuant to a Registration Statement on Form F-1 to be filed with the Securities and Exchange Commission (the “SEC”) and pursuant to a supplemented PREP prospectus to be filed with the Canadian securities regulatory authorities in each of the provinces and territories of Canada.
In consideration of the agreement by the Underwriters to offer and sell the Shares, and of other good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, the undersigned agrees that, during the period beginning from the date of this Lock-Up Agreement and continuing to and including the date 180 days after the date set forth on the cover of the final prospectus used to sell the Shares (the “Lock-Up Period”), the undersigned will not, without the prior written consent of two of the Representatives on behalf of the Underwriters, offer, sell, contract to sell, pledge, grant any option to purchase, make any short sale or otherwise dispose of any SV Shares of the Company, or any options or warrants to purchase any SV Shares of the Company, or any securities convertible into, exchangeable for or that represent the right to receive SV Shares of the Company, whether now owned or hereinafter acquired, owned directly by the undersigned (including holding as a custodian) or with respect to which the undersigned has beneficial ownership within the rules and regulations of the SEC (collectively the “Undersigned’s Shares”). The foregoing restriction is expressly agreed to preclude the undersigned from engaging in any hedging or other transaction which is designed to or which reasonably could be expected to lead to or result in a sale or disposition of the Undersigned’s Shares even if such Shares would be disposed of by someone other than the undersigned. Such prohibited hedging or other transactions would include without limitation any short sale or any purchase, sale or grant of any right (including without limitation any put or call option) with respect to any of the Undersigned’s Shares or with respect to any security that includes, relates to, or derives any significant part of its value from such Shares. If the undersigned is an officer or director of the issuer, the undersigned further agrees that the foregoing provisions shall be equally applicable to any issuer-directed Shares the undersigned may purchase in the offering.

If the undersigned is an officer or director of the Company, (i) the Representatives agree that, at least three business days before the effective date of any release or waiver of the foregoing restrictions in connection with a transfer of SV Shares, the Representatives will notify the Company of the impending release or waiver, and (ii) the Company has agreed in the Underwriting Agreement to announce the impending release or waiver by press release through a major news service at least two business days before the effective date of the release or waiver. Any release or waiver granted by the Representatives hereunder to any such officer or director shall only be effective two business days after the publication date of such press release. The provisions of this paragraph will not apply if (a) the release or waiver is effected solely to permit a transfer not for consideration and (b) the transferee has agreed in writing to be bound by the same terms described in this letter to the extent and for the duration that such terms remain in effect at the time of the transfer.

If the undersigned is an officer or director of the Company, the undersigned further agrees that the foregoing provisions shall be equally applicable to any Company-directed CV Shares the undersigned may purchase or otherwise receive in the Offering (including pursuant to a directed share program).

Notwithstanding the foregoing, the undersigned may transfer the Undersigned’s Shares in connection with (i) the sale of SV Shares to the Underwriters in connection with the offering contemplated by the Underwriting Agreement, (ii) if the undersigned is an individual, transfers of SV Shares or securities convertible into or exercisable or exchangeable for subordinate voting shares (A) by will, other testamentary document or intestate succession, (B) to any trust for the direct or indirect benefit of the undersigned or an immediate family member of the undersigned, or to any other entity that is wholly-owned by such persons, (C) transfers to any immediate family member or any investment fund or other entity controlled or managed by the undersigned, and (D) transfers to a nominee or custodian of a person or entity to whom a disposition or transfer would be permissible under clauses (A) through (D); (iii) if the undersigned is a corporation, partnership or
other business entity, transfers or distributions of SV Shares or any security convertible into or exercisable or exchangeable for SV Shares to members, partners, stockholders or affiliates of the undersigned (other than the Company and its controlled affiliates), including investment funds or other entities under common control or management with the undersigned; (iv) the repurchase of the SV Shares or such other securities by the Company pursuant to stock option agreements or other equity award agreements providing for the right of said repurchase, (v) transfers of SV Shares acquired in open market transactions after the completion of the offering contemplated by the Underwriting Agreement, (vi) tenders, sales or other transfers in response to a bona fide third-party takeover bid made to all holders of SV Shares or any other acquisition transaction whereby all or substantially all of the SV Shares are acquired by a third party (provided that if such transaction is not consummated, the subject SV Shares shall remain subject to the restrictions set forth herein) that, in each case, has been approved by the board of directors of the Company and will occur after the offering contemplated by the Underwriting Agreement, (vii) transfers to the Company in connection with, and to the extent necessary to fund, the payment of taxes or exercise price due with respect to the vesting of restricted stock or exercise of similar rights to purchase SV Shares or any securities convertible into or exercisable or exchangeable for SV Shares pursuant to the Company’s equity incentive plans disclosed in the Registration Statement; (viii) the establishment of a trading plan pursuant to Rule 10b5-1 under the Exchange Act for the transfer of SV Shares; provided that such plan does not provide for the transfer of SV Shares during the restricted period specified in this Lock-Up Agreement and no filing or other public announcement shall be required or shall be voluntarily made during the 180 day period referred to above (as such period may be extended pursuant to the third paragraph hereof) by the undersigned or the Company as a result of the establishment of any such plan; (ix) transfers of SV Shares by Brent (BC) Participation S. à r. l. on or prior to the effective date of the Prospectuses by bona fide gift to any charitable organizations, either directly or indirectly (including through any related distributions or dividends to the direct or indirect equity holders of by Brent (BC) Participation S. à r. l. or to managing directors of Bain Capital Investors, LLC in each case as necessary to facilitate any such bona fide gifts), (x) in the case of the Selling Shareholders, transfers to “Permitted Holders” as defined in, and in accordance with the provisions of, the articles of the Company, and (xi) with the prior written consent of two of the Representatives on behalf of the Underwriters, provided that in the case of any transfer or distribution pursuant to clause (ii) such transfer is not for value and each donee, heir, beneficiary or other transferee thereof agrees to be bound in writing by the restrictions set forth herein; and provided further that in the case of any transfer or distribution pursuant to clause (iii) through (vii), that no filing by the undersigned or, with respect to clause (ii), any recipient of the shares transferred, in each case, under Section 16(a) of the Exchange Act, or other public announcement shall be required or shall be made voluntarily in connection with such transfer or distribution during the 180-day period referred to above. For purposes of this Lock-Up Agreement, “immediate family” shall mean any relationship by blood, marriage or adoption, not more remote than first cousin. In addition, notwithstanding the foregoing, if the undersigned is a corporation, the corporation may transfer equity securities of the Company to any wholly-owned subsidiary of such corporation; provided, however, that in any such case, it shall be a condition to the transfer that the transferee execute an agreement stating that the transferee is receiving and holding such equity securities subject to the provisions of this Agreement and there shall be no further transfer of such equity securities except in accordance with this Agreement, and provided further that any such transfer shall not involve a disposition for value. The undersigned now has, and, except as contemplated by clause (i) through (vii) above, for the duration of this Lock-Up Agreement will have, good and marketable title to the Undersigned’s Shares, free and clear of all liens, encumbrances, and claims whatsoever. The undersigned also agrees and consents to the entry of stop transfer instructions with the Company’s transfer agent and registrar against the transfer of the Undersigned’s Shares except in compliance with the foregoing restrictions.
This Lock-Up Agreement and all related restrictions and obligations shall automatically terminate up on the earliest to the occur, if any, of (a) the Representatives, on behalf of the Underwriters, on the one hand, or the Company, on the other hand, advising the other in writing that they have or it has determined not to proceed with the offering contemplated by the Underwriting Agreement, (b) the termination of the Underwriting Agreement before the sale of the Firm Shares to the Underwriters, (c) Initial Registration Statement is withdrawn prior to execution of the Underwriting Agreement or (d) May 31, 2016, in the event the Underwriting Agreement has not been executed by that date. The undersigned understands that the Company and the Underwriters are relying upon this Lock-Up Agreement in proceeding toward consummation of the offering. The undersigned further understands that this Lock-Up Agreement is irrevocable and shall be binding upon the undersigned’s heirs, legal representatives, successors, and assigns.

Very truly yours,

1.2 Business Corporations Act and Interpretation Act Definitions Applicable
The definitions in the Business Corporations Act and the definitions and rules of construction in the Interpretation Act, with the necessary changes, so far as applicable, and unless the context requires otherwise, apply to these Articles as if they were an enactment. If there is a conflict between a definition in the Business Corporations Act and a definition or rule in the Interpretation Act relating to a term used in these Articles, the definition in the Business Corporations Act will prevail in relation to the use of the term in these Articles. If there is a conflict or inconsistency between these Articles and the Business Corporations Act, the Business Corporations Act will prevail.

PART 2
SHARES AND SHARE CERTIFICATES

2.1 Authorized Share Structure
The authorized share structure of the Company consists of shares of the class or classes and series, if any, described in the Notice of Articles of the Company.

2.2 Form of Share Certificate
Each share certificate issued by the Company must comply with, and be signed as required by, the Business Corporations Act.

2.3 Shareholder Entitled to Certificate or Acknowledgment
 Unless the shares of which the shareholder is the registered owner are uncertificated shares within the meaning of the Business Corporations Act, each shareholder is entitled, without charge, to (a) one share certificate representing the shares of each class or series of shares registered in the shareholder’s name or (b) a non-transferable written acknowledgment of the shareholder’s right to obtain such a share certificate, provided that in respect of a share held jointly by several persons, the Company is not bound to issue more than one share certificate or acknowledgment and delivery of a share certificate or an acknowledgment to one of several joint shareholders or to a duly authorized agent of one of the joint shareholders will be sufficient delivery to all.

- 2 -
2.4 **Delivery by Mail**
Any share certificate or non-transferable written acknowledgment of a shareholder’s right to obtain a share certificate may be sent to the shareholder by mail at the shareholder’s registered address and neither the Company nor any director, officer or agent of the Company (including the Company’s legal counsel or transfer agent) is liable for any loss to the shareholder because the share certificate or acknowledgement is lost in the mail or stolen.

2.5 **Replacement of Worn Out or Defaced Certificate or Acknowledgement**
If the Company is satisfied that a share certificate or a non-transferable written acknowledgment of the shareholder’s right to obtain a share certificate is worn out or defaced, it must, on production to it of the share certificate or acknowledgment, as the case may be, and on such other terms, if any, as it thinks fit:

1. order the share certificate or acknowledgment, as the case may be, to be cancelled; and
2. issue a replacement share certificate or acknowledgment, as the case may be.

2.6 **Replacement of Lost, Destroyed or Wrongfully Taken Certificate**
If a person entitled to a share certificate claims that the share certificate has been lost, destroyed or wrongfully taken, the Company must issue a new share certificate, if that person:

1. so requests before the Company has notice that the share certificate has been acquired by a protected purchaser;
2. provides the Company with an indemnity bond sufficient in the Company’s judgement to protect the Company from any loss that the Company may suffer by issuing a new certificate; and
3. satisfies any other reasonable requirements imposed by the Company.

A person entitled to a share certificate may not assert against the Company a claim for a new share certificate where a share certificate has been lost, apparently destroyed or wrongfully taken if that person fails to notify the Company of that fact within a reasonable time after that person has notice of it and the Company registers a transfer of the shares represented by the certificate before receiving a notice of the loss, apparent destruction or wrongful taking of the share certificate.

2.7 **Recovery of New Share Certificate**
If, after the issue of a new share certificate, a protected purchaser of the original share certificate presents the original share certificate for the registration of transfer, then in addition to any rights under any indemnity bond, the Company may recover the new share certificate from a person to whom it was issued or any person taking under that person other than a protected purchaser.

---

- 3 -
2.8 Splitting Share Certificates
If a shareholder surrenders a share certificate to the Company with a written request that the Company issue in the shareholder’s name two or more share certificates, each representing a specified number of shares and in the aggregate representing the same number of shares as represented by the share certificate so surrendered, the Company must cancel the surrendered share certificate and issue replacement share certificates in accordance with that request.

2.9 Certificate Fee
There must be paid to the Company, in relation to the issue of any share certificate under Articles 2.5, 2.6 or 2.8, the amount, if any and which must not exceed the amount prescribed under the Business Corporations Act, determined by the directors.

2.10 Recognition of Trusts
Except as required by law or statute or these Articles, no person will be recognized by the Company as holding any share upon any trust, and the Company is not bound by or compelled in any way to recognize (even when having notice thereof) any equitable, contingent, future or partial interest in any share or fraction of a share or (except as required by law or statute or these Articles or as ordered by a court of competent jurisdiction) any other rights in respect of any share except an absolute right to the entirety thereof in the shareholder.

PART 3
ISSUE OF SHARES

3.1 Directors Authorized
Subject to the Business Corporations Act and the rights, if any, of the holders of issued shares of the Company, the Company may issue, allot, sell or otherwise dispose of the unissued shares, and issued shares held by the Company, at the times, to the persons, including directors, in the manner, on the terms and conditions and for the issue prices (including any premium at which shares with par value may be issued) that the directors may determine. The issue price for a share with par value must be equal to or greater than the par value of the share.

3.2 Commissions and Discounts
The Company may at any time pay a reasonable commission or allow a reasonable discount to any person in consideration of that person purchasing or agreeing to purchase shares of the Company from the Company or any other person or procuring or agreeing to procure purchasers for shares of the Company.
3.3 Brokerage
The Company may pay such brokerage fee or other consideration as may be lawful for or in connection with the sale or placement of its securities.

3.4 Conditions of Issue
Except as provided for by the Business Corporations Act, no share may be issued until it is fully paid. A share is fully paid when:

1) consideration is provided to the Company for the issue of the share by one or more of the following:
   (a) past services performed for the Company;
   (b) property;
   (c) money; and

2) the value of the consideration received by the Company equals or exceeds the issue price set for the share under Article 3.1.

3.5 Share Purchase Warrants and Rights
Subject to the Business Corporations Act, the Company may issue share purchase warrants, options and rights upon such terms and conditions as the directors determine, which share purchase warrants, options and rights may be issued alone or in conjunction with debentures, debenture stock, bonds, shares or any other securities issued or created by the Company from time to time.

PART 4
SHARE REGISTERS

4.1 Central Securities Register
As required by and subject to the Business Corporations Act, the Company must maintain a central securities register, which may be kept in electronic form.

4.2 Appointment of Agent
The directors may, subject to the Business Corporations Act, appoint an agent to maintain the central securities register. The directors may also appoint one or more agents, including the agent which keeps the central securities register, as transfer agent for its shares or any class or series of its shares, as the case may be, and the same or another agent as registrar for its shares or such class or series of its shares, as the case may be. The directors may terminate such appointment of any agent at any time and may appoint another agent in its place.
If the Company has appointed a transfer agent, references in Articles 2.4, 2.5, 2.6, 2.7, 2.8, 2.9, and 5.7 to the Company include its transfer agent.

4.3 Closing Register
The Company must not at any time close its central securities register.

PART 5
SHARE TRANSFERS

5.1 Registering Transfers
The Company must register a transfer of a share of the Company if either:

(1) the Company or the transfer agent or registrar for the class or series of share to be transferred has received:

(a) in the case where the Company has issued a share certificate in respect of the share to be transferred, that share certificate and a written instrument of transfer (which may be on a separate document or endorsed on the share certificate) made by the shareholder or other appropriate person or by an agent who has actual authority to act on behalf of that person;

(b) in the case of a share that is not represented by a share certificate (including an uncertificated share within the meaning of the Business Corporations Act and including the case where the Company has issued a non-transferable written acknowledgement of the shareholder’s right to obtain a share certificate in respect of the share to be transferred), a written instrument of transfer, made by the shareholder or other appropriate person or by an agent who has actual authority to act on behalf of that person; and

(c) such other evidence, if any, as the Company or the transfer agent or registrar for the class or series of share to be transferred may require to prove the title of the transferor or the transferor’s right to transfer the share, that the written instrument of transfer is genuine and authorized and that the transfer is rightful or to a protected purchaser; or

(2) all the preconditions for a transfer of a share under the Securities Transfer Act have been met and the Company is required under the Securities Transfer Act to register the transfer.

5.2 Waivers of Requirements for Transfer
The Company may waive any of the requirements set out in Article 5.1(1) and any of the preconditions referred to in Article 5.1(2).
5.3 Form of Instrument of Transfer
The instrument of transfer in respect of any share of the Company must be either in the form, if any, on the back of the Company’s share certificates or in any other form that may be approved by the Company or the transfer agent for the class or series of shares to be transferred.

5.4 Transferor Remains Shareholder
Except to the extent that the Business Corporations Act otherwise provides, the transferor of shares is deemed to remain the holder of the shares until the name of the transferee is entered in a securities register of the Company in respect of the transfer.

5.5 Signing of Instrument of Transfer
If a shareholder or other appropriate person or an agent who has actual authority to act on behalf of that person, signs an instrument of transfer in respect of shares registered in the name of the shareholder, the signed instrument of transfer constitutes a complete and sufficient authority to the Company and its directors, officers and agents to register the number of shares specified in the instrument of transfer or specified in any other manner, or, if no number is specified but share certificates are deposited with the instrument of transfer, all the shares represented by such share certificates:

(1) in the name of the person named as transferee in that instrument of transfer; or
(2) if no person is named as transferee in that instrument of transfer, in the name of the person on whose behalf the instrument is deposited for the purpose of having the transfer registered.

5.6 Enquiry as to Title Not Required
Neither the Company nor any director, officer or agent of the Company is bound to inquire into the title of the person named in the instrument of transfer as transferee or, if no person is named as transferee in the instrument of transfer, of the person on whose behalf the instrument is deposited for the purpose of having the transfer registered or is liable for any claim related to registering the transfer by the shareholder or by any intermediate owner or holder of the shares, of any interest in the shares, of any share certificate representing such shares or of any written acknowledgment of a right to obtain a share certificate for such shares.

5.7 Transfer Fee
Subject to the applicable rules of any stock exchange on which the shares of the Company may be listed, there must be paid to the Company, in relation to the registration of any transfer, the amount, if any, determined by the directors.
6.1 Legal Personal Representative Recognized on Death
In the case of the death of a shareholder, the legal personal representative of the shareholder, or in the case of shares registered in the shareholder’s name and the name of another person in joint tenancy, the surviving joint holder, will be the only person recognized by the Company as having any title to the shareholder’s interest in the shares. Before recognizing a person as a legal personal representative of a shareholder, the directors may require the original grant of probate or letters of administration or a court certified copy of them or the original or a court certified or authenticated copy of the grant of representation, will, order or other instrument or other evidence of the death under which title to the shares or securities is claimed to vest.

6.2 Rights of Legal Personal Representative
The legal personal representative of a shareholder has the rights, privileges and obligations that attach to the shares held by the shareholder, including the right to transfer the shares in accordance with these Articles and applicable securities legislation, if appropriate evidence of appointment or incumbency within the meaning of the Securities Transfer Act has been deposited with the Company. This Article 6.2 does not apply in the case of the death of a shareholder with respect to shares registered in the shareholder’s name and the name of another person in joint tenancy.

7.1 Company Authorized to Purchase or Otherwise Acquire Shares
Subject to Article 7.2, the special rights or restrictions attached to the shares of any class or series of shares, the Business Corporations Act and applicable securities legislation, the Company may, if authorized by the directors, purchase or otherwise acquire any of its shares at the price and upon the terms determined by the directors.

7.2 No Purchase, Redemption or Other Acquisition When Insolvent
The Company must not make a payment or provide any other consideration to purchase, redeem or otherwise acquire any of its shares if there are reasonable grounds for believing that:

(1) the Company is insolvent; or

(2) making the payment or providing the consideration would render the Company insolvent.
7.3 Sale and Voting of Purchased, Redeemed or Otherwise Acquired Shares

If the Company retains a share redeemed, purchased or otherwise acquired by it, the Company may sell or otherwise dispose of the share, but, while such share is held by the Company, it:

(1) is not entitled to vote the share at a meeting of its shareholders;
(2) must not pay a dividend in respect of the share; and
(3) must not make any other distribution in respect of the share.

PART 8
BORROWING POWERS

8.1 Borrowing Powers

The Company, if authorized by the directors, may:

(1) borrow money in the manner and amount, on the security, from the sources and on the terms and conditions that the directors consider appropriate;
(2) issue bonds, debentures and other debt obligations either outright or as security for any liability or obligation of the Company or any other person and at such discounts or premiums and on such other terms as the directors consider appropriate;
(3) guarantee the repayment of money by any other person or the performance of any obligation of any other person; and
(4) mortgage, charge, whether by way of specific or floating charge, grant a security interest in, or give other security on, the whole or any part of the present and future assets and undertaking of the Company.

PART 9
ALTERATIONS

9.1 Alteration of Authorized Share Structure

Subject to Articles 9.2 and 9.3, the special rights or restrictions attached to the shares of any class or series of shares and the Business Corporations Act, the Company may:

(1) by ordinary resolution:
   (a) create one or more classes or series of shares or, if none of the shares of a class or series of shares are allotted or issued, eliminate that class or series of shares;

- 9 -
(b) increase, reduce or eliminate the maximum number of shares that the Company is authorized to issue out of any class or series of shares or establish a maximum number of shares that the Company is authorized to issue out of any class or series of shares for which no maximum is established;

(c) if the Company is authorized to issue shares of a class of shares with par value:
   (i) decrease the par value of those shares; or
   (ii) if none of the shares of that class of shares are allotted or issued, increase the par value of those shares;

(d) change all or any of its unissued, or fully paid issued, shares with par value into shares without par value or any of its unissued shares without par value into shares with par value;

(e) alter the identifying name of any of its shares; or

(f) otherwise alter its shares or authorized share structure when required or permitted to do so by the Business Corporations Act;

and, if applicable, alter its Notice of Articles and Articles accordingly; or

(2) by resolution of the directors, subdivide or consolidate all or any of its unissued, or fully paid issued, shares and if applicable, alter its Notice of Articles and, if applicable, its Articles accordingly.

9.2 Special Rights or Restrictions

Subject to the special rights or restrictions attached to any class or series of shares and the Business Corporations Act, the Company may by ordinary resolution:

(1) create special rights or restrictions for, and attach those special rights or restrictions to, the shares of any class or series of shares, whether or not any or all of those shares have been issued; or

(2) vary or delete any special rights or restrictions attached to the shares of any class or series of shares, whether or not any or all of those shares have been issued;

and alter its Articles and Notice of Articles accordingly.

9.3 No Interference with Class or Series Rights without Consent

A right or special right attached to issued shares must not be prejudiced or interfered with under the Business Corporations Act, the Notice of Articles or these Articles unless the holders of shares of the class or series of shares to which the right or special right is attached consent by a special separate resolution of the holders of such class or series of shares.

- 10 -
9.4 Change of Name
The Company may by directors’ resolution or ordinary resolution authorize an alteration to its Notice of Articles in order to change its name.

9.5 Other Alterations
If the Business Corporations Act does not specify the type of resolution and these Articles do not specify another type of resolution, the Company may by ordinary resolution alter these Articles.

PART 10
MEETINGS OF SHAREHOLDERS

10.1 Annual General Meetings
Unless an annual general meeting is deferred or waived in accordance with the Business Corporations Act, the Company must hold an annual general meeting at least once in each calendar year and not more than 15 months after the last annual reference date at such time and place, whether in or outside of British Columbia, as may be determined by the directors.

10.2 Resolution Instead of Annual General Meeting
If all the shareholders who are entitled to vote at an annual general meeting consent by a unanimous resolution to all of the business that is required to be transacted at that annual general meeting, the annual general meeting is deemed to have been held on the date of the unanimous resolution. The shareholders must, in any unanimous resolution passed under this Article 10.2, select as the Company’s annual reference date a date that would be appropriate for the holding of the applicable annual general meeting.

10.3 Calling of Meetings of Shareholders
The directors may, at any time, call a meeting of shareholders, to be held at such time and place, whether in or outside of British Columbia, as may be determined by the directors.

10.4 Notice for Meetings of Shareholders
The Company must send notice of the date, time and location of any meeting of shareholders (including, without limitation, any notice specifying the intention to propose a resolution as an exceptional resolution, a special resolution or a special separate resolution, and any notice to consider approving an amalgamation into a foreign jurisdiction, an arrangement or the adoption of an amalgamation agreement, and any notice of a general meeting, class meeting or series meeting), in the manner provided in these Articles, or in such other manner, if any, as may be prescribed by ordinary resolution (whether previous notice of the resolution has been given or not), to each shareholder entitled to attend the meeting, to each director and to the auditor of the Company, unless these Articles otherwise provide, at least the following number of days before the meeting:

(1) if and for so long as the Company is a public company, 21 days;
(2) otherwise, 10 days.
10.5 **Record Date for Notice and Voting**

The directors may set a date as the record date for the purpose of determining shareholders entitled to notice of, and to vote at, any meeting of shareholders.

10.6 **Failure to Give Notice and Waiver of Notice**

The accidental omission to send notice of any meeting of shareholders to, or the non-receipt of any notice by, any of the persons entitled to notice does not invalidate any proceedings at that meeting. Any person entitled to notice of a meeting of shareholders may, in writing or otherwise, waive that entitlement or agree to reduce the period of that notice. Attendance of a person at a meeting of shareholders is a waiver of entitlement to notice of the meeting unless that person attends the meeting for the express purpose of objecting to the transaction of any business on the grounds that the meeting is not lawfully called.

10.7 **Notice of Special Business at Meetings of Shareholders**

If a meeting of shareholders is to consider special business within the meaning of Article 11.1, the notice of meeting must:

1. state the general nature of the special business; and
2. if the special business includes considering, approving, ratifying, adopting or authorizing any document or the signing of or giving of effect to any document, have attached to it a copy of the document or state that a copy of the document will be available for inspection by shareholders:
   (a) at the Company’s records office, or at such other reasonably accessible location in British Columbia as is specified in the notice; and
   (b) during statutory business hours on any one or more specified days before the day set for the holding of the meeting.

10.8 **Class Meetings and Series Meetings of Shareholders**

Unless otherwise specified in these Articles, the provisions of these Articles relating to a meeting of shareholders will apply, with the necessary changes and so far as they are applicable, to a class meeting or series meeting of shareholders holding a particular class or series of shares.

10.9 **Notice of Dissent Rights**

The Company must send to each of its shareholders, whether or not their shares carry the right to vote, a notice of any meeting of shareholders at which a resolution entitling shareholders to dissent is to be considered specifying the date of the meeting and containing
a statement advising of the right to send a notice of dissent together with a copy of the proposed resolution at least the following number of days before the meeting:

(1) if and for so long as the Company is a public company, 21 days;
(2) otherwise, 10 days.

10.10 Advance Notice Provisions

(1) Nomination of Directors

Subject only to the Business Corporations Act and these Articles, only persons who are nominated in accordance with the procedures set out in this Article 10.10 shall be eligible for election as directors to the board of directors of the Company. Nominations of persons for election to the board may only be made at an annual meeting of shareholders, or at a special meeting of shareholders called for any purpose at which the election of directors is a matter specified in the notice of meeting, as follows:

(a) by or at the direction of the board or an authorized officer of the Company, including pursuant to a notice of meeting;
(b) by or at the direction or request of one or more shareholders pursuant to a valid proposal made in accordance with the provisions of the Business Corporations Act or a valid requisition of shareholders made in accordance with the provisions of the Business Corporations Act; or
(c) by any person entitled to vote at such meeting (a “Nominating Shareholder”), who:
   (i) is, at the close of business on the date of giving notice provided for in this Article 10.10 and on the record date for notice of such meeting, either entered in the securities register of the Company as a holder of one or more shares carrying the right to vote at such meeting or who beneficially owns shares that are entitled to be voted at such meeting and provides evidence of such beneficial ownership to the Company; and
   (ii) has given timely notice in proper written form as set forth in this Article 10.10.

(2) Exclusive Means

For the avoidance of doubt, this Article 10.10 shall be the exclusive means for any person to bring nominations for election to the board before any annual or special meeting of shareholders of the Company.
Timely Notice

In order for a nomination made by a Nominating Shareholder to be timely notice (a “Timely Notice”), the Nominating Shareholder’s notice must be received by the corporate secretary of the Company at the principal executive offices or registered office of the Company:

(a) in the case of an annual meeting of shareholders (including an annual and special meeting), not later than 5:00 p.m. (Toronto time) on the 30th day before the date of the meeting; provided, however, if the first public announcement made by the Company of the date of the meeting (each such date being the “Notice Date”) is less than 50 days before the meeting date, notice by the Nominating Shareholder may be given not later than the close of business on the 10th day following the Notice Date; and

(b) in the case of a special meeting (which is not also an annual meeting) of shareholders called for any purpose which includes the election of directors to the board, not later than the close of business on the 15th day following the Notice Date;

provided that, in either instance, if notice-and-access (as defined in National Instrument 54-101 - Communication with Beneficial Owners of Securities of a Reporting Issuer) is used for delivery of proxy related materials in respect of a meeting described in Article 10.10(3)(a) or 10.10(3)(b), and the Notice Date in respect of the meeting is not less than 50 days before the date of the applicable meeting, the notice must be received not later than the close of business on the 40th day before the date of the applicable meeting.

Proper Form of Notice

To be in proper written form, a Nominating Shareholder’s notice to the corporate secretary must comply with all the provisions of this Article 10.10 and disclose or include, as applicable:

(a) as to each person whom the Nominating Shareholder proposes to nominate for election as a director (a “Proposed Nominee”):
   (i) the name, age, business and residential address of the Proposed Nominee;
   (ii) the principal occupation/business or employment of the Proposed Nominee, both presently and for the past five years;
   (iii) the number of securities of each class of securities of the Company or any of its subsidiaries beneficially owned, or controlled or directed, directly or indirectly, by the Proposed Nominee, as of the record date for the meeting of shareholders (if such date shall then have been made publicly available and shall have occurred) and as of the date of such notice;
(iv) full particulars of any relationships, agreements, arrangements or understandings (including financial, compensation or indemnity related) between the Proposed Nominee and the Nominating Shareholder, or any affiliates or associates of, or any person or entity acting jointly or in concert with, the Proposed Nominee or the Nominating Shareholder;

(v) any other information that would be required to be disclosed in a dissident proxy circular or other filings required to be made in connection with the solicitation of proxies for election of directors pursuant to the Business Corporations Act or applicable securities law; and

(vi) a written consent of each Proposed Nominee to being named as nominee and certifying that such Proposed Nominee is not disqualified from acting as director under the provisions of subsection 124(2) of the Business Corporations Act; and

(b) as to each Nominating Shareholder giving the notice, and each beneficial owner, if any, on whose behalf the nomination is made:

(i) their name, business and residential address;

(ii) the number of securities of the Company or any of its subsidiaries beneficially owned, or controlled or directed, directly or indirectly, by the Nominating Shareholder or any other person with whom the Nominating Shareholder is acting jointly or in concert with respect to the Company or any of its securities, as of the record date for the meeting of shareholders (if such date shall then have been made publicly available and shall have occurred) and as of the date of such notice;

(iii) their interests in, or rights or obligations associated with, any agreement, arrangement or understanding, the purpose or effect of which is to alter, directly or indirectly, the person’s economic interest in a security of the Company or the person’s economic exposure to the Company;

(iv) any relationships, agreements or arrangements, including financial, compensation and indemnity related relationships, agreements or arrangements, between the Nominating Shareholder or any affiliates or associates of, or any person or entity acting jointly or in concert with, the Nominating Shareholder and any Proposed Nominee;

(v) full particulars of any proxy, contract, relationship arrangement, agreement or understanding pursuant to which such person, or any of its affiliates or associates, or any person acting jointly or in concert with such person, has any interests, rights or obligations relating to the voting of any securities of the Company or the nomination of directors to the board;
(vi) a representation that the Nominating Shareholder is a holder of record of securities of the Company, or a beneficial owner, entitled to vote at such meeting, and intends to appear in person or by proxy at the meeting to propose such nomination;

(vii) a representation as to whether such person intends to deliver a proxy circular and/or form of proxy to any shareholder of the Company in connection with such nomination or otherwise solicit proxies or votes from shareholders of the Company in support of such nomination; and

(viii) any other information relating to such person that would be required to be included in a dissident proxy circular or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to the *Business Corporations Act* or as required by applicable securities law.

Reference to “Nominating Shareholder” in this section 10.10(4) shall be deemed to refer to each shareholder that nominated or seeks to nominate a person for election as director in the case of a nomination proposal where more than one shareholder is involved in making the nomination proposal.

(5) **Currency of Nominee Information**

All information to be provided in a Timely Notice pursuant to this Article 10.10 shall be provided as of the date of such notice. The Nominating Shareholder shall provide the Company with an update to such information forthwith so that it is true and correct in all material respects as of the date that is 10 business days before the date of the meeting, or any adjournment or postponement thereof.

(6) **Delivery of Information**

Notwithstanding Part 23 of these Articles, any notice, or other document or information required to be given to the corporate secretary pursuant to this Article 10.10 may only be given by personal delivery or courier (but not by fax or email) to the corporate secretary at the address of the principal executive offices or registered office of the Company and shall be deemed to have been given and made on the date of delivery if it is a business day and the delivery was made prior to 5:00 p.m. (Toronto time) and otherwise on the next business day.
Defective Nomination Determination

The chair of any meeting of shareholders of the Company shall have the power to determine whether any proposed nomination is made in accordance with the provisions of this Article 10.10, and if any proposed nomination is not in compliance with such provisions, must as soon as practicable following receipt of such nomination and prior to the meeting declare that such defective nomination shall not be considered at any meeting of shareholders.

Failure to Appear

Despite any other provision of this Article 10.10, if the Nominating Shareholder (or a qualified representative of the Nominating Shareholder) does not appear at the meeting of shareholders of the Company to present the nomination, such nomination shall be disregarded, notwithstanding that proxies in respect of such nomination may have been received by the Company.

Waiver

The board may, in its sole discretion, waive any requirement in this Article 10.10.

Definitions

For the purposes of this Article 10.10, “public announcement” means disclosure in a press release disseminated by the Company through a national news service in Canada, or in a document filed by the Company for public access under its profile on the System of Electronic Document Analysis and Retrieval at www.sedar.com or the Electronic Data Gathering Analysis and Retrieval (EDGAR) system at www.sec.gov.

PART 11
PROCEEDINGS AT MEETINGS OF SHAREHOLDERS

11.1 Special Business

At a meeting of shareholders, the following business is special business:

(1) at a meeting of shareholders that is not an annual general meeting, all business is special business except business relating to the conduct of or voting at the meeting;

(2) at an annual general meeting, all business is special business except for the following:

(a) business relating to the conduct of or voting at the meeting;
(b) consideration of any financial statements of the Company presented to the meeting;
(c) consideration of any reports of the directors or auditor;

- 17 -
the election or appointment of directors;
the appointment of an auditor;
the setting of the remuneration of an auditor;
business arising out of a report of the directors not requiring the passing of a special resolution or an exceptional resolution; and
any non-binding advisory vote.

11.2 Special Majority
The majority of votes required for the Company to pass a special resolution at a general meeting of shareholders is two-thirds of the votes cast on the resolution.

11.3 Quorum
Subject to the special rights or restrictions attached to the shares of any class or series of shares and to Article 11.4, a quorum for the transaction of business at a meeting of shareholders is present if shareholders who, in the aggregate, hold at least 25% of the issued shares plus at least a majority of Multiple Voting Shares entitled to be voted at the meeting are present in person or represented by proxy, irrespective of the number of persons actually present at the meeting.

11.4 One Shareholder May Constitute Quorum
If there is only one shareholder entitled to vote at a meeting of shareholders:
(1) the quorum is one person who is, or who represents by proxy, that shareholder, and
(2) that shareholder, present in person or by proxy, may constitute the meeting.

11.5 Persons Entitled to Attend Meeting
In addition to those persons who are entitled to vote at a meeting of shareholders, the only other persons entitled to be present at the meeting are the directors, the officers, any lawyer for the Company, the auditor of the Company, any persons invited to be present at the meeting by the directors or by the chair of the meeting and any persons entitled or required under the Business Corporations Act or these Articles to be present at the meeting; but if any of those persons does attend the meeting, that person is not to be counted in the quorum and is not entitled to vote at the meeting unless that person is a shareholder or proxy holder entitled to vote at the meeting.

11.6 Requirement of Quorum
No business, other than the election of a chair of the meeting and the adjournment of the meeting, may be transacted at any meeting of shareholders unless a quorum of shareholders entitled to vote is present at the commencement of the meeting, but such quorum need not be present throughout the meeting.
11.7 Lack of Quorum
If, within one-half hour from the time set for the holding of a meeting of shareholders, a quorum is not present:
(1) in the case of a meeting requisitioned by shareholders, the meeting is dissolved, and
(2) in the case of any other meeting of shareholders, the meeting stands adjourned to the same day in the next week at the same time and place.

11.8 Lack of Quorum at Succeeding Meeting
If, at the meeting to which the meeting referred to in Article 11.7(2) was adjourned, a quorum is not present within one-half hour from the time set for the holding of the meeting, the person or persons present and being, or representing by proxy, one or more shareholders entitled to attend and vote at the meeting constitute a quorum.

11.9 Chair
The following individual is entitled to preside as chair at a meeting of shareholders:
(1) the chair of the board, if any; or
(2) if the chair of the board is absent or unwilling to act as chair of the meeting, the president, if any.

11.10 Selection of Alternate Chair
If, at any meeting of shareholders, there is no chair of the board or president present within 15 minutes after the time set for holding the meeting, or if the chair of the board and the president are unwilling to act as chair of the meeting, or if the chair of the board and the president have advised the corporate secretary, if any, or any director present at the meeting, that they will not be present at the meeting, the directors present must choose one of their number to be chair of the meeting or if all of the directors present decline to take the chair or fail to so choose or if no director is present, the shareholders entitled to vote at the meeting who are present in person or by proxy may choose any person present at the meeting to chair the meeting.

11.11 Adjournments
The chair of a meeting of shareholders may, and if so directed by the meeting must, adjourn the meeting from time to time and from place to place, but no business may be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.
11.12 Notice of Adjourned Meeting
It is not necessary to give any notice of an adjourned meeting of shareholders or of the business to be transacted at an adjourned meeting of shareholders except that, when a meeting is adjourned for 30 days or more, notice of the adjourned meeting must be given as in the case of the original meeting.

11.13 Decisions by Show of Hands or Poll
Subject to the Business Corporations Act:

(1) for so long as any Multiple Voting Shares are outstanding, every motion put to a vote at a meeting of shareholders will be decided by a poll; and

(2) if no Multiple Voting Shares are outstanding, every motion put to a vote at a meeting of shareholders will be decided on a show of hands unless a poll, before or on the declaration of the result of the vote by show of hands, is directed by the chair or demanded by any shareholder entitled to vote who is present in person or by proxy.

11.14 Declaration of Result
The chair of a meeting of shareholders must declare to the meeting the decision on every question in accordance with the result of the show of hands or the poll, as the case may be, and that decision must be entered in the minutes of the meeting. A declaration of the chair that a resolution is carried by the necessary majority or is defeated is, unless a poll is directed by the chair or demanded under Article 11.13, conclusive evidence without proof of the number or proportion of the votes recorded in favour of or against the resolution.

11.15 Motion Need Not be Seconded
No motion proposed at a meeting of shareholders need be seconded unless the chair of the meeting rules otherwise, and the chair of any meeting of shareholders is entitled to propose or second a motion.

11.16 Casting Vote
In the case of an equality of votes, the chair of a meeting of shareholders does not, either on a show of hands or on a poll, have a second or casting vote in addition to the vote or votes to which the chair may be entitled as a shareholder.

11.17 Manner of Taking Poll
Subject to Article 11.18, if a poll is duly demanded at a meeting of shareholders:

(1) the poll must be taken:

(a) at the meeting, or within seven days after the date of the meeting, as the chair of the meeting directs; and
(b) in the manner, at the time and at the place that the chair of the meeting directs;

(2) the result of the poll is deemed to be the decision of the meeting at which the poll is demanded; and

(3) the demand for the poll may be withdrawn by the person who demanded it.

11.18 Demand for Poll on Adjournment
A poll demanded at a meeting of shareholders on a question of adjournment must be taken immediately at the meeting.

11.19 Chair Must Resolve Dispute
In the case of any dispute as to the admission or rejection of a vote given on a poll, the chair of the meeting must determine the dispute, and his or her determination made in good faith is final and conclusive.

11.20 Casting of Votes
On a poll, a shareholder entitled to more than one vote need not cast all the votes in the same way.

11.21 No Demand for Poll on Election of Chair
No poll may be demanded in respect of the vote by which a chair of a meeting of shareholders is elected.

11.22 Demand for Poll Not to Prevent Continuance of Meeting
The demand for a poll at a meeting of shareholders does not, unless the chair of the meeting so rules, prevent the continuance of the meeting for the transaction of any business other than the question on which a poll has been demanded.

11.23 Retention of Ballots and Proxies
The Company or its agent must, for at least three months after a meeting of shareholders, keep each ballot cast on a poll and each proxy voted at the meeting, and, during that period, make them available for inspection during normal business hours by any shareholder or proxyholder entitled to vote at the meeting. At the end of such three month period, the Company or its agent may destroy such ballots and proxies.

- 21 -
12.1 Number of Votes by Shareholder or by Shares
Subject to Article 27.2 and any other special rights or restrictions attached to any shares and to the restrictions imposed on joint shareholders under Article 12.3:

(1) on a vote by show of hands, every person present who is a shareholder or proxy holder and entitled to vote on the matter has one vote; and

(2) on a poll, every shareholder entitled to vote on the matter is entitled, in respect of each share entitled to be voted on the matter and held by that shareholder, to that number of votes provided by the Articles or the Business Corporations Act and may exercise that vote either in person or by proxy.

12.2 Votes of Persons in Representative Capacity
A person who is not a shareholder may vote at a meeting of shareholders, whether on a show of hands or on a poll, and may appoint a proxy holder to act at the meeting, if, before doing so, the person satisfies the chair of the meeting, or the directors, that the person is a legal personal representative or a trustee in bankruptcy for a shareholder who is entitled to vote at the meeting.

12.3 Votes by Joint Holders
If there are joint shareholders registered in respect of any share:

(1) any one of the joint shareholders may vote at any meeting of shareholders, personally or by proxy, in respect of the share as if that joint shareholder were solely entitled to it; or

(2) if more than one of the joint shareholders is present at any meeting of shareholders, personally or by proxy, and more than one of them votes in respect of that share, then only the vote of the joint shareholder present whose name stands first on the central securities register in respect of the share will be counted.

12.4 Legal Personal Representatives as Joint Shareholders
Two or more legal personal representatives of a shareholder in whose sole name any share is registered are, for the purposes of Article 12.3, deemed to be joint shareholders registered in respect of that share.
12.5 Representative of a Corporate Shareholder

If a corporation that is not a subsidiary of the Company is a shareholder, that corporation may appoint a person to act as its representative at any meeting of shareholders of the Company, and:

(1) for that purpose, the instrument appointing a representative must be received:
   (a) at the registered office of the Company or at any other place specified, in the notice calling the meeting, for the receipt of proxies, at least the number of business days specified in the notice for the receipt of proxies, or if no number of days is specified, two business days before the day set for the holding of the meeting or any adjourned or postponed meeting; or
   (b) at the meeting or any adjourned or postponed meeting, by the chair of the meeting or adjourned or postponed meeting or by a person designated by the chair of the meeting or adjourned or postponed meeting;

(2) if a representative is appointed under this Article 12.5:
   (a) the representative is entitled to exercise in respect of and at that meeting the same rights on behalf of the corporation that the representative represents as that corporation could exercise if it were a shareholder who is an individual, including, without limitation, the right to appoint a proxy holder; and
   (b) the representative, if present at the meeting, is to be counted for the purpose of forming a quorum and is deemed to be a shareholder present in person at the meeting.

Evidence of the appointment of any such representative may be sent to the Company or its transfer agent by written instrument, fax or any other method of transmitting legibly recorded messages.

12.6 When Proxy Holder Need Not Be Shareholder

A person must not be appointed as a proxy holder unless the person is a shareholder, although a person who is not a shareholder may be appointed as a proxy holder if:

(1) the person appointing the proxy holder is a corporation or a representative of a corporation appointed under Article 12.5;
(2) the Company has at the time of the meeting for which the proxy holder is to be appointed only one shareholder entitled to vote at the meeting;
(3) the shareholders present in person or by proxy at and entitled to vote at the meeting for which the proxy holder is to be appointed, by a resolution on which the proxy holder is not entitled to vote but in respect of which the proxy holder is to be counted in the quorum, permit the proxy holder to attend and vote at the meeting; or
(4) the Company is a public company.

12.7 When Proxy Provisions Do Not Apply to the Company

If and for so long as the Company is a public company, Articles 12.8 to 12.16 apply only insofar as they are not inconsistent with any Canadian securities legislation applicable to the Company, any U.S. securities legislation applicable to the Company or any rules of an exchange on which securities of the Company are listed.
12.8 Appointment of Proxy Holders

Every shareholder of the Company, including a corporation that is a shareholder but not a subsidiary of the Company, entitled to vote at a meeting of shareholders may, by proxy, appoint one or more proxy holders to attend and act at the meeting in the manner, to the extent and with the powers conferred by the proxy.

12.9 Alternate Proxy Holders

A shareholder may appoint one or more alternate proxy holders to act in the place of an absent proxy holder.

12.10 Deposit of Proxy

A proxy for a meeting of shareholders must:

(1) be received at the registered office of the Company or at any other place specified, in the notice calling the meeting, for the receipt of proxies, at least the number of business days specified in the notice, or if no number of days is specified, two business days before the day set for the holding of the meeting or any adjourned meeting;

(2) unless the notice provides otherwise, be received, at the meeting or any adjourned meeting, by the chair of the meeting or adjourned meeting or by a person designated by the chair of the meeting or adjourned meeting; or

(3) be received in any other manner determined by the board or the chair of the meeting.

A proxy may be sent to the Company by written instrument, fax or any other method of transmitting legibly recorded messages or by using such available internet or telephone voting services as may be approved by the directors.

12.11 Validity of Proxy Vote

A vote given in accordance with the terms of a proxy is valid notwithstanding the death or incapacity of the shareholder giving the proxy and despite the revocation of the proxy or the revocation of the authority under which the proxy is given, unless notice in writing of that death, incapacity or revocation is received:

(1) at the registered office of the Company, at any time up to and including the last business day before the day set for the holding of the meeting or any adjourned meeting at which the proxy is to be used; or
12.12 Form of Proxy

A proxy, whether for a specified meeting or otherwise, must be either in the following form or in any other form approved by the directors or the chair of the meeting:

[name of company]

(the “ Company ”)

The undersigned, being a shareholder of the Company, hereby appoints [name] or, failing that person, [name], as proxy holder for the undersigned to attend, act and vote for and on behalf of the undersigned at the meeting of shareholders of the Company to be held on [month, day, year] and at any adjournment of that meeting.

Number of shares in respect of which this proxy is given (if no number is specified, then this proxy is given in respect of all shares registered in the name of the undersigned):

__________________________________________________________

Signed [month, day, year]

[Signature of shareholder]

[Name of shareholder - printed]

12.13 Revocation of Proxy

Subject to Article 12.14, every proxy may be revoked by an instrument in writing that is received:

(1) at the registered office of the Company at any time up to and including the last business day before the day set for the holding of the meeting or any adjourned meeting at which the proxy is to be used; or

(2) at the meeting or any adjourned meeting, by the chair of the meeting or adjourned meeting, before any vote in respect of which the proxy has been given has been taken.
12.14 Revocation of Proxy Must Be Signed

An instrument referred to in Article 12.13 must be signed as follows:

(1) if the shareholder for whom the proxy holder is appointed is an individual, the instrument must be signed by the shareholder or his or her legal personal representative or trustee in bankruptcy;

(2) if the shareholder for whom the proxy holder is appointed is a corporation, the instrument must be signed by the corporation or by a representative appointed for the corporation under Article 12.5.

12.15 Chair May Determine Validity of Proxy.

The chair of any meeting of shareholders may determine whether or not a proxy deposited for use at the meeting, which may not strictly comply with the requirements of this Part 12 as to form, execution, accompanying documentation, time of filing or otherwise, shall be valid for use at the meeting, and any such determination made in good faith shall be final, conclusive and binding upon the meeting.

12.16 Production of Evidence of Authority to Vote

The board or the chair of any meeting of shareholders may, but need not, at any time (including before, at or subsequent to the meeting) inquire into the authority of any person to vote at the meeting and may, but need not, demand from that person production of evidence for the purposes of determining a person’s share ownership as at the relevant record date and the authority to vote.

PART 13
DIRECTORS

13.1 Number of Directors

The number of directors is the number determined by the directors from time to time. If the number of directors has not been determined as provided in this section, the number of directors is the number of directors holding office immediately following the most recent election or appointment of directors, whether at an annual or special general meeting of the shareholders, or by the directors pursuant to Article 14.7.

13.2 Change in Number of Directors

If the number of directors is set under Article 13.1:

(1) the shareholders may elect the directors needed to fill any vacancies in the board of directors up to that number; or

(2) the directors, subject to Article 14.7, may appoint directors to fill those vacancies.
No decrease in the number of directors will shorten the term of an incumbent director.

13.3 Directors’ Acts Valid Despite Vacancy
An act or proceeding of the directors is not invalid merely because fewer than the number of directors set or otherwise required under these Articles is in office.

13.4 Qualifications of Directors
A director is not required to hold a share of the Company as qualification for his or her office but must be qualified as required by the Business Corporations Act to become, act or continue to act as a director.

13.5 Remuneration of Directors
The directors are entitled to the remuneration for acting as directors, if any, as the directors may from time to time determine.

13.6 Reimbursement of Expenses of Directors
The Company must reimburse each director for the reasonable expenses that he or she may incur in and about the business of the Company.

13.7 Special Remuneration for Directors
If any director performs any professional or other services for the Company that in the opinion of the directors are outside the ordinary duties of, or not in his or her capacity as, a director, or if any director is otherwise specially occupied in or about the Company’s business, he or she may be paid remuneration fixed by the directors, and such remuneration may be either in addition to, or in substitution for, any other remuneration that he or she may be entitled to receive.

13.8 Gratuity, Pension or Allowance on Retirement of Director
Unless otherwise determined by ordinary resolution, the directors on behalf of the Company may pay a gratuity or pension or allowance on retirement to any director who has held any salaried office or place of profit with the Company or to his or her spouse or dependants and may make contributions to any fund and pay premiums for the purchase or provision of any such gratuity, pension or allowance.
PART 14
ELECTION AND REMOVAL OF DIRECTORS

14.1 Election at Annual General Meeting
At every annual general meeting and in every unanimous resolution contemplated by Article 10.2:
(1) the shareholders entitled to vote at the annual general meeting for the election of directors must elect, or in the unanimous resolution appoint, a board of directors consisting of the number of directors for the time being set by the directors under these Articles; and
(2) all the directors cease to hold office immediately before the election or appointment of directors under paragraph (1), but are eligible for re-election or re-appointment, subject to being nominated in accordance with Article 10.10.

14.2 Consent to be a Director
No election, appointment or designation of an individual as a director is valid unless:
(1) that individual consents to be a director in the manner provided for in the Business Corporations Act; or
(2) that individual is elected or appointed at a meeting at which the individual is present and the individual does not refuse, at the meeting, to be a director.

14.3 Failure to Elect or Appoint Directors
If:
(1) the Company fails to hold an annual general meeting, and all the shareholders who are entitled to vote at an annual general meeting fail to pass the unanimous resolution contemplated by Article 10.2, on or before the date by which the annual general meeting is required to be held under the Business Corporations Act; or
(2) the shareholders fail, at the annual general meeting or in the unanimous resolution contemplated by Article 10.2, to elect or appoint any directors;
then each director then in office continues to hold office until the earlier of:
(3) when his or her successor is elected or appointed; and
(4) when he or she otherwise ceases to hold office under the Business Corporations Act or these Articles.

14.4 Directors May Fill Casual Vacancies
Any casual vacancy occurring in the board of directors may be filled by the directors.

14.5 Remaining Directors’ Power to Act
The directors may act notwithstanding any vacancy in the board of directors, but if the Company has fewer directors in office than the number set pursuant to these Articles as the quorum of directors, the directors may only act for the purpose of appointing directors up to that number or of calling a meeting of shareholders for the purpose of filling any vacancies on the board of directors or, subject to the Business Corporations Act, for any other purpose.
14.6 Shareholders May Fill Vacancies
If the Company has no directors or fewer directors in office than the number set pursuant to these Articles as the quorum of directors, the shareholders may elect or appoint directors to fill any vacancies on the board of directors.

14.7 Additional Directors
Notwithstanding Article 13.2, between annual general meetings or unanimous resolutions contemplated by Article 10.2, the directors may appoint one or more additional directors, but the number of additional directors appointed under this Article 14.7 must not at any time exceed one-third of the number of the current directors who were elected or appointed as directors other than under this Article 14.7.

Any director so appointed ceases to hold office immediately before the next election or appointment of directors under Article 14.1(1), but is eligible for re-election or re-appointment, subject to being nominated in accordance with Article 10.10.

14.8 Ceasing to be a Director
A director ceases to be a director when:
(1) the term of office of the director expires;
(2) the director dies;
(3) the director resigns as a director by notice in writing provided to the Company or a lawyer for the Company; or
(4) the director is removed from office pursuant to Articles 14.9 or 14.10.

14.9 Removal of Director by Shareholders
The Company may remove any director before the expiration of his or her term of office by special resolution. In that event, the shareholders may elect, or appoint by ordinary resolution, a director to fill the resulting vacancy. If the shareholders do not elect or appoint a director to fill the resulting vacancy contemporaneously with the removal, then the directors may appoint or the shareholders may elect, or appoint by ordinary resolution, a director to fill that vacancy.

14.10 Removal of Director by Directors
The directors may remove any director before the expiration of his or her term of office if the director is convicted of an indictable offence, or if the director ceases to be qualified to act as a director of a company in accordance with the Business Corporations Act and does not promptly resign, and the directors may appoint a director to fill the resulting vacancy.
PART 15
POWERS AND DUTIES OF DIRECTORS

15.1 Powers of Management
The directors must, subject to the Business Corporations Act and these Articles, manage or supervise the management of the business and affairs of the Company and have the authority to exercise all such powers of the Company as are not, by the Business Corporations Act or by these Articles, required to be exercised by the shareholders of the Company.

15.2 Appointment of Attorney of Company
The directors may from time to time, by power of attorney or other instrument, under seal if so required by law, appoint any person to be the attorney of the Company for such purposes, and with such powers, authorities and discretions (not exceeding those vested in or exercisable by the directors under these Articles and excepting the power to fill vacancies in the board of directors, to remove a director, to change the membership of, or fill vacancies in, any committee of the directors, to appoint or remove officers appointed by the directors and to declare dividends) and for such period, and with such remuneration and subject to such conditions as the directors may think fit. Any such power of attorney may contain such provisions for the protection or convenience of persons dealing with such attorney as the directors think fit. Any such attorney may be authorized by the directors to sub-delegate all or any of the powers, authorities and discretions for the time being vested in him or her.

PART 16
INTERESTS OF DIRECTORS AND OFFICERS

16.1 Obligation to Account for Profits
A director or senior officer who holds a disclosable interest (as that term is used in the Business Corporations Act) in a contract or transaction into which the Company has entered or proposes to enter is liable to account to the Company for any profit that accrues to the director or senior officer under or as a result of the contract or transaction only if and to the extent provided in the Business Corporations Act.

16.2 Restrictions on Voting by Reason of Interest
A director who holds a disclosable interest in a contract or transaction into which the Company has entered or proposes to enter is not entitled to vote on any directors’ resolution to approve that contract or transaction, unless all the directors have a disclosable interest in that contract or transaction, in which case any or all of those directors may vote on such resolution.

16.3 Interested Director Counted in Quorum
A director who holds a disclosable interest in a contract or transaction into which the Company has entered or proposes to enter and who is present at the meeting of directors at which the contract or transaction is considered for approval may be counted in the quorum at the meeting whether or not the director votes on any or all of the resolutions considered at the meeting.
16.4 Disclosure of Conflict of Interest or Property
A director or senior officer who holds any office or possesses any property, right or interest that could result, directly or indirectly, in the creation of a duty or interest that materially conflicts with that individual’s duty or interest as a director or senior officer, must disclose the nature and extent of the conflict as required by the Business Corporations Act.

16.5 Director Holding Other Office in the Company
A director may hold any office or place of profit with the Company, other than the office of auditor of the Company, in addition to his or her office of director for the period and on the terms (as to remuneration or otherwise) that the directors may determine.

16.6 No Disqualification
No director or intended director is disqualified by his or her office from contracting with the Company either with regard to the holding of any office or place of profit the director holds with the Company or as vendor, purchaser or otherwise, and no contract or transaction entered into by or on behalf of the Company in which a director is in any way interested is liable to be voided for that reason.

16.7 Professional Services by Director or Officer
Subject to the Business Corporations Act, a director or officer, or any person in which a director or officer has an interest, may act in a professional capacity for the Company, except as auditor of the Company, and the director or officer or such person is entitled to remuneration for professional services as if that director or officer were not a director or officer.

16.8 Director or Officer in Other Corporations
A director or officer may be or become a director, officer or employee of, or otherwise interested in, any person in which the Company may be interested as a shareholder or otherwise, and, subject to the Business Corporations Act, the director or officer is not accountable to the Company for any remuneration or other benefits received by him or her as director, officer or employee of, or from his or her interest in, such other person.

PART 17
PROCEEDINGS OF DIRECTORS

17.1 Meetings of Directors
The directors may meet together for the conduct of business, adjourn and otherwise regulate their meetings as they think fit, and meetings of the directors held at regular intervals may be held at the place, at the time and on the notice, if any, as the directors may from time to time determine.
17.2 Voting at Meetings

Questions arising at any meeting of directors are to be decided by a majority of votes and, in the case of an equality of votes, the chair of the meeting does not have a second or casting vote.

17.3 Chair of Meetings

The following individual is entitled to preside as chair at a meeting of directors:

1. the chair of the board, if any; or

2. in the absence of the chair of the board, the president, if any, if the president is a director; or

3. any other director chosen by the directors if:
   a. neither the chair of the board nor the president, if a director, is present at the meeting within 15 minutes after the time set for holding the meeting;
   b. neither the chair of the board nor the president, if a director, is willing to chair the meeting; or
   c. the chair of the board and the president, if a director, has advised the corporate secretary, if any, or any other director, that he or she will not be present at the meeting.

17.4 Meetings by Telephone or Other Communications Medium

A director may participate in a meeting of the directors or of any committee of the directors:

1. in person;

2. by telephone; or

3. with the consent of all directors who wish to participate in the meeting, by other communications medium;

if all directors participating in the meeting, whether in person, or by telephone or other communications medium, are able to communicate with each other. A director who participates in a meeting in a manner contemplated by this Article 17.3(2) is deemed for all purposes of the Business Corporations Act and these Articles to be present at the meeting and to have agreed to participate in that manner.
17.5 Calling of Meetings
A director may, and the corporate secretary or an assistant corporate secretary of the Company, if any, on the request of a director must, call a meeting of the directors at any time.

17.6 Notice of Meetings
Other than for meetings held at regular intervals as determined by the directors pursuant to Article 17.1 or as provided in Article 17.7, reasonable notice of each meeting of the directors, specifying the place, day and time of that meeting must be given to each of the directors by any method set out in Article 23.1 or orally or by telephone conversation with a director.

17.7 When Notice Not Required
It is not necessary to give notice of a meeting of the directors to a director if:

(1) the meeting is to be held immediately following a meeting of shareholders at which that director was elected or appointed, or is the meeting of the directors at which that director is appointed; or

(2) the director has waived notice of the meeting.

17.8 Meeting Valid Despite Failure to Give Notice
The accidental omission to give notice of any meeting of directors to, or the non-receipt of any notice by, any director, does not invalidate any proceedings at that meeting.

17.9 Waiver of Notice of Meetings
Any director may send to the Company a document signed by him or her waiving notice of any past, present or future meeting or meetings of the directors and may at any time withdraw that waiver with respect to meetings held after that withdrawal. After sending a waiver with respect to all future meetings and until that waiver is withdrawn, no notice of any meeting of the directors need be given to that director, and all meetings of the directors so held are deemed not to be improperly called or constituted by reason of notice not having been given to such director.

Attendance of a director at a meeting of the directors is a waiver of notice of the meeting, unless that director attends the meeting for the express purpose of objecting to the transaction of any business on the grounds that the meeting is not lawfully called.

17.10 Quorum
The quorum necessary for the transaction of the business of the directors is a majority of the number of directors in office or such other number as the directors may determine from time to time.
Validity of Acts Where Appointment Defective

Subject to the Business Corporations Act, an act of a director or officer is not invalid merely because of an irregularity in the election or appointment or a defect in the qualification of that director or officer.

Consent Resolutions in Writing

A resolution of the directors or of any committee of the directors may be passed without a meeting:

1. in all cases, if each of the directors entitled to vote on the resolution consents to it in writing; or
2. in the case of a resolution to approve a contract or transaction in respect of which a director has disclosed that he or she has or may have a disclosable interest, if each of the other directors who have not made such a disclosure consents in writing to the resolution.

A consent in writing under this Article 17.12 may be by any written instrument, e-mail or any other method of transmitting legibly recorded messages in which the consent of the director is evidenced, whether or not the signature of the director is included in the record. A consent in writing may be in two or more counterparts which together are deemed to constitute one consent in writing. A resolution of the directors or of any committee of the directors passed in accordance with this Article 17.12 is effective on the date stated in the consent in writing or on the latest date stated on any counterpart and is deemed to be a proceeding at a meeting of the directors or of the committee of the directors and to be as valid and effective as if it had been passed at a meeting of the directors or of the committee of the directors that satisfies all the requirements of the Business Corporations Act and all the requirements of these Articles relating to meetings of the directors or of a committee of the directors.

PART 18
BOARD COMMITTEES

18.1 Appointment and Powers of Committees

The directors may, by resolution:

1. appoint one or more committees consisting of the director or directors that they consider appropriate;
2. delegate to a committee appointed under paragraph (1) any of the directors’ powers, except:
   (a) the power to fill vacancies in the board of directors;
   (b) the power to remove a director or appoint additional directors;
(c) the power to set the number of directors;
(d) the power to create a committee of directors, create or modify the terms of reference for a committee of the directors, or change the membership of, or fill vacancies in, any committee of the directors;
(e) the power to appoint or remove officers appointed by the directors; and
(3) make any delegation permitted by paragraph (2) subject to the conditions set out in the resolution or any subsequent directors’ resolution.

18.2 Obligations of Committees
Any committee appointed under Article 18.1, in the exercise of the powers delegated to it, must:
(1) conform to any rules that may from time to time be imposed on it by the directors; and
(2) report every act or thing done in exercise of those powers at such times as the directors may require.

18.3 Powers of Board
The directors may, at any time, with respect to a committee appointed under Article 18.1:
(1) revoke or alter the authority given to the committee, or override a decision made by the committee, except as to acts done before such revocation, alteration or overriding;
(2) terminate the appointment of, or change the membership of, the committee; and
(3) fill vacancies in the committee.

18.4 Committee Meetings
Subject to Article 18.2(1) and unless the directors otherwise provide in the resolution appointing the committee or in any subsequent resolution, with respect to a committee appointed under Article 18.1:
(1) the committee may meet and adjourn as it thinks proper;
(2) the committee may elect a chair of its meetings but, if no chair of a meeting is elected, or if at a meeting the chair of the meeting is not present within 15 minutes after the time set for holding the meeting, the directors present who are members of the committee may choose one of their number to chair the meeting;
(3) a majority of the members of the committee constitutes a quorum of the committee; and
questions arising at any meeting of the committee are determined by a majority of votes of the members present, and in the case of an equality of votes, the chair of the meeting does not have a second or casting vote.

PART 19
OFFICERS

19.1 Directors May Appoint Officers
The directors may, from time to time, appoint such officers, if any, as the directors determine and the directors may, at any time, terminate any such appointment.

19.2 Functions, Duties and Powers of Officers
The directors may, for each officer:

(1) determine the functions and duties of the officer;

(2) delegate to the officer any of the powers exercisable by the directors on such terms and conditions and with such restrictions as the directors think fit; and

(3) revoke, withdraw, alter or vary all or any of the functions, duties and powers of the officer.

19.3 Qualifications
No officer may be appointed unless that officer is qualified in accordance with the Business Corporations Act. One person may hold more than one position as an officer of the Company. Any person appointed as the chair of the board or as a managing director must be a director. Any other officer need not be a director.

19.4 Remuneration and Terms of Appointment
All appointments of officers are to be made on the terms and conditions and at the remuneration (whether by way of salary, fee, commission, participation in profits or otherwise) that the directors think fit and are subject to termination at the pleasure of the directors, and an officer may in addition to such remuneration be entitled to receive, after he or she ceases to hold such office or leaves the employment of the Company, a pension or gratuity.
PART 20
INDEMNIFICATION

20.1 Definitions

In this Part 20:

(1) “eligible penalty” means a judgment, penalty or fine awarded or imposed in, or an amount paid in settlement of, an eligible proceeding;

(2) “eligible proceeding” means a legal proceeding or investigative action, whether current, threatened, pending or completed, in which a director or former director or an officer or former officer of the Company (each, an “eligible party”) or any of the heirs and legal personal representatives of the eligible party, by reason of the eligible party being or having been a director or officer of the Company:

(a) is or may be joined as a party; or

(b) is or may be liable for or in respect of a judgment, penalty or fine in, or expenses related to, the proceeding;

(3) “expenses” has the meaning set out in the Business Corporations Act;

(4) “officer” means an officer appointed by the board of directors.

20.2 Mandatory Indemnification of Directors and Officers

Subject to the Business Corporations Act, the Company must indemnify an eligible party and his or her heirs and legal personal representatives against all eligible penalties to which such person is or may be liable, and the Company must, after the final disposition of an eligible proceeding, pay the expenses actually and reasonably incurred by such person in respect of that proceeding to the fullest extent permitted by the Business Corporations Act.

20.3 Deemed Contract

Each director and officer is deemed to have contracted with the Company on the terms of the indemnity contained in Article 20.2.

20.4 Permitted Indemnification

Subject to any restrictions in the Business Corporations Act, the Company may indemnify any person, including directors, officers, employees, agents and representatives of the Company.

20.5 Non-Compliance with Business Corporations Act

The failure of a director or officer of the Company to comply with the Business Corporations Act or these Articles does not invalidate any indemnity to which he or she is entitled under this Part 20.

- 37 -
20.6 Company May Purchase Insurance
The Company may purchase and maintain insurance for the benefit of any person (or his or her heirs or legal personal representatives) who:

1. is or was a director, officer, employee or agent of the Company;
2. is or was a director, officer, employee or agent of a corporation at a time when the corporation is or was an affiliate of the Company;
3. at the request of the Company, is or was a director, officer, employee or agent of a corporation or of a partnership, trust, joint venture or other unincorporated entity;
4. at the request of the Company, holds or held a position equivalent to that of a director or officer of a partnership, trust, joint venture or other unincorporated entity;

against any liability incurred by him or her as such director, officer, employee or agent or person who holds or held such equivalent position.

PART 21
DIVIDENDS

21.1 Payment of Dividends Subject to Special Rights
The provisions of this Part 21 are subject to the rights, if any, of shareholders holding shares with special rights as to dividends.

21.2 Declaration of Dividends
Subject to the Business Corporations Act, the directors may from time to time declare and authorize payment of such dividends as they may consider appropriate.

21.3 No Notice Required
The directors need not give notice to any shareholder of any declaration under Article 21.2.

21.4 Record Date
The directors may set a date as the record date for the purpose of determining shareholders entitled to receive payment of a dividend. The record date must not precede the date on which the dividend is to be paid by more than two months. If no record date is set, the record date is 5 p.m. on the date on which the directors pass the resolution declaring the dividend.
21.5 Manner of Paying Dividend
A resolution declaring a dividend may direct payment of the dividend wholly or partly in money or by the distribution of specific assets or of fully paid shares or of bonds, debentures or other securities of the Company or any other corporation, or in any one or more of those ways.

21.6 When Dividend Payable
Any dividend may be made payable on such date as is fixed by the directors.

21.7 Dividends to be Paid in Accordance with Number of Shares
All dividends on shares of any class or series of shares must be declared and paid according to the number of such shares held.

21.8 Receipt by Joint Shareholders
If several persons are joint shareholders of any share, any one of them may give an effective receipt for any dividend, bonus or other money payable in respect of the share.

21.9 Dividend Bears No Interest
No dividend bears interest against the Company.

21.10 Fractional Dividends
If a dividend to which a shareholder is entitled includes a fraction of the smallest monetary unit of the currency of the dividend, that fraction may be disregarded in making payment of the dividend and that payment represents full payment of the dividend.

21.11 Payment of Dividends
Any dividend or other distribution payable in money in respect of shares may be paid;
(1) by cheque, made payable to the order of the person to whom it is sent, and mailed to the registered address of the shareholder, or in the case of joint shareholders, to the registered address of the joint shareholder who is first named on the central securities register, or to the person and to the address the shareholder or joint shareholders may direct in writing; or
(2) by electronic transfer, if so authorized by the shareholder.

The mailing of such cheque or the forwarding by electronic transfer will, to the extent of the sum represented by the cheque (plus the amount of the tax required by law to be deducted), discharge all liability for the dividend unless such cheque is not paid on presentation or the amount of tax so deducted is not paid to the appropriate taxing authority.
21.12 Capitalization of Retained Earnings or Surplus
Notwithstanding anything contained in these Articles, the directors may from time to time capitalize any retained earnings or surplus of the Company and may from time to time issue, as fully paid, shares or any bonds, debentures or other securities of the Company as a dividend representing the retained earnings or surplus so capitalized or any part thereof.

21.13 Unclaimed Dividends
Any dividend unclaimed after a period of three years from the date on which the same has been declared to be payable shall be forfeited and shall revert to the Company. The Company shall not be liable to any person in respect of any dividend which is forfeited to the Company or delivered to any public official pursuant to any applicable abandoned property, escheat or similar law.

PART 22
ACCOUNTING RECORDS AND AUDITOR

22.1 Recording of Financial Affairs
The directors must cause adequate accounting records to be kept to record properly the financial affairs and condition of the Company and to comply with the Business Corporations Act.

22.2 Inspection of Accounting Records
Unless the directors determine otherwise, or unless otherwise determined by ordinary resolution, no shareholder of the Company is entitled to inspect or obtain a copy of any accounting records of the Company.

22.3 Remuneration of Auditor
The directors may set the remuneration of the auditor of the Company.

PART 23
NOTICES

23.1 Method of Giving Notice
Unless the Business Corporations Act or these Articles provide otherwise, a notice, statement, report or other record required or permitted by the Business Corporations Act or these Articles to be sent by or to a person may be sent by any one of the following methods:

(1) mail addressed to the person at the applicable address for that person as follows:
   (a) for a record mailed to a shareholder, the shareholder’s registered address;
(b) for a record mailed to a director or officer, the prescribed address for mailing shown for the director or officer in the records kept by the Company or the mailing address provided by the recipient for the sending of that record or records of that class;

(c) in any other case, the mailing address of the intended recipient;

(2) delivery at the applicable address for that person as follows, addressed to the person:

(a) for a record delivered to a shareholder, the shareholder’s registered address;

(b) for a record delivered to a director or officer, the prescribed address for delivery shown for the director or officer in the records kept by the Company or the delivery address provided by the recipient for the sending of that record or records of that class;

(c) in any other case, the delivery address of the intended recipient;

(3) unless the intended recipient is the Company or the auditor of the Company, sending the record by fax to the fax number provided by the intended recipient for the sending of that record or records of that class;

(4) unless the intended recipient is the auditor of the Company, sending the record by e-mail to the e-mail address provided by the intended recipient for the sending of that record or records of that class;

(5) physical delivery to the intended recipient;

(6) creating and providing a record posted on or made available through a general accessible electronic source and providing written notice by any of the foregoing methods as to the availability of such record; or

(7) as otherwise permitted by applicable securities legislation.

23.2 Deemed Receipt

A notice, statement, report or other record that is:

(1) mailed to a person by ordinary mail to the applicable address for that person referred to in Article 23.1 is deemed to be received by the person to whom it was mailed on the day, Saturdays, Sundays and holidays excepted, following the date of mailing;

(2) faxed to a person to the fax number provided by that person referred to in Article 23.1 is deemed to be received by the person to whom it was faxed on the day it was faxed;
e-mailed to a person to the e-mail address provided by that person referred to in Article 23.1 is deemed to be received by the person to whom it was e-mailed on the day it was e-mailed; and

delivered in accordance with Section 23.1(6), is deemed to be received by the person on the day such written notice is sent.

23.3 Certificate of Sending
A certificate signed by the corporate secretary, if any, or other officer of the Company or of any other corporation acting in that capacity on behalf of the Company stating that a notice, statement, report or other record was sent in accordance with Article 23.1 is conclusive evidence of that fact.

23.4 Notice to Joint Shareholders
A notice, statement, report or other record may be provided by the Company to the joint shareholders of a share by providing such record to the joint shareholder first named in the central securities register in respect of the share.

23.5 Notice to Legal Personal Representatives and Trustees
A notice, statement, report or other record may be provided by the Company to the persons entitled to a share in consequence of the death, bankruptcy or incapacity of a shareholder by:

(1) mailing the record, addressed to them:
   (a) by name, by the title of the legal personal representative of the deceased or incapacitated shareholder, by the title of trustee of the bankrupt shareholder or by any similar description; and
   (b) at the address, if any, supplied to the Company for that purpose by the persons claiming to be so entitled; or

(2) if an address referred to in paragraph (1)(b) has not been supplied to the Company, by giving the notice in a manner in which it might have been given if the death, bankruptcy or incapacity had not occurred.

23.6 Undelivered Notices
If, on two consecutive occasions, a notice, statement, report or other record is sent to a shareholder pursuant to Article 23.1 and on each of those occasions any such record is returned because the shareholder cannot be located, the Company shall not be required to send any further records to the shareholder until the shareholder informs the Company in writing of his or her new address.

- 42 -
24.1 Who May Attest Seal
Except as provided in Articles 24.1(2) and 24.1(3), the Company’s seal, if any, must not be impressed on any record except when that impression is attested by the signatures of:

(1) any two directors;
(2) any officer, together with any director;
(3) if the Company only has one director, that director; or
(4) any one or more directors or officers or persons as may be determined by the directors.

24.2 Sealing Copies
For the purpose of certifying under seal a certificate of incumbency of the directors or officers of the Company or a true copy of any resolution or other document, despite Article 24.1, the impression of the seal may be attested by the signature of any director or officer or the signature of any other person as may be determined by the directors.

24.3 Mechanical Reproduction of Seal
The directors may authorize the seal to be impressed by third parties on share certificates or bonds, debentures or other securities of the Company as they may determine appropriate from time to time. To enable the seal to be impressed on any share certificates or bonds, debentures or other securities of the Company, whether in definitive or interim form, on which facsimiles of any of the signatures of the directors or officers of the Company are, in accordance with the Business Corporations Act or these Articles, printed or otherwise mechanically reproduced, there may be delivered to the person employed to engrave, lithograph or print such definitive or interim share certificates or bonds, debentures or other securities one or more unmounted dies reproducing the seal and such persons as are authorized under Article 24.1 to attest the Company’s seal may in writing authorize such person to cause the seal to be impressed on such definitive or interim share certificates or bonds, debentures or other securities by the use of such dies. Share certificates or bonds, debentures or other securities to which the seal has been so impressed are for all purposes deemed to be under and to bear the seal impressed on them.
PART 25
PROHIBITIONS

25.1 Definitions
In this Part 25:

(1) “security” has the meaning assigned in the Securities Act;

(2) “transfer restricted security” means
(a) a share of the Company;
(b) a security of the Company convertible into shares of the Company;
(c) any other security of the Company which must be subject to restrictions on transfer in order for the Company to satisfy the requirement for restrictions on transfer under the “private issuer” exemption of Canadian securities legislation or under any other exemption from prospectus or registration requirements of Canadian securities legislation similar in scope and purpose to the “private issuer” exemption.

25.2 Application
Article 25.3 does not apply to the Company if and for so long as it is a public company.

25.3 Consent Required for Transfer of Shares or Transfer Restricted Securities
No share or other transfer restricted security may be sold, transferred or otherwise disposed of without the consent of the directors and the directors are not required to give any reason for refusing to consent to any such sale, transfer or other disposition.

PART 26
FORUM SELECTION

26.1 Forum for Adjudication of Certain Disputes
Unless the Company consents in writing to the selection of an alternative forum, the Superior Court of Justice of the Province of Ontario, Canada and the appellate Courts therefrom, shall, to the fullest extent permitted by law, be the sole and exclusive forum for (i) any derivative action or proceeding brought on behalf of the Company; (ii) any action or proceeding asserting a claim of breach of a fiduciary duty owed by any director, officer, or other employee of the Company to the Company; (iii) any action or proceeding asserting a claim arising pursuant to any provision of the Business Corporations Act or these Articles (as either may be amended from time to time); or (iv) any action or proceeding asserting a claim otherwise related to the relationships among the Company, its affiliates and their respective shareholders, directors and/or officers, but this paragraph (iv) does not include claims related to the business carried on by the Company or such affiliates. If any action or
proceeding the subject matter of which is within the scope of the preceding sentence is filed in a Court other than a Court located within the Province of Ontario (a “Foreign Action”) in the name of any securityholder, such securityholder shall be deemed to have consented to (i) the personal jurisdiction of the provincial and federal Courts located within the Province of Ontario in connection with any action or proceeding brought in any such Court to enforce the preceding sentence and (ii) having service of process made upon such securityholder in any such action or proceeding by service upon such securityholder’s counsel in the Foreign Action as agent for such securityholder.

PART 27
SPECIAL RIGHTS OR RESTRICTIONS

27.1 Definitions
In this Part 27, the following terms shall have the following respective meanings:

“Affiliate” means, with respect to any specified Person, any other Person which directly or indirectly through one or more intermediaries controls, is controlled by, or is under common control with, such specified Person.

“Bain Group Permitted Holders” means Brent (B.C.) Participation S.à r.l. and any of its Affiliates and entities controlled, directly or indirectly, or managed by Bain Capital L.P. or an Affiliate of Bain Capital L.P.

“Change of Control Transaction” means an amalgamation, arrangement, recapitalization, business combination or similar transaction of the Company, other than an amalgamation, arrangement, recapitalization, business combination or similar transaction that would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the continuing entity or its parent) more than fifty percent (50%) of the total voting power represented by the voting securities of the Company, the continuing entity or its parent and more than fifty percent (50%) of the total number of outstanding shares of the Company, the continuing entity or its parent, in each case as outstanding immediately after such transaction, and the shareholders of the Company immediately prior to the transaction own voting securities of the Company, the continuing entity or its parent immediately following the transaction in substantially the same proportions (vis a vis each other) as such shareholders owned the voting securities of the Company immediately prior to the transaction.

“Members of the Immediate Family” means with respect to any individual, each parent (whether by birth or adoption), spouse or child (including any step-child) or other descendants (whether by birth or adoption) of such individual, each spouse of any of the aforementioned Persons, each trust created solely for the benefit of such individual and/or one or more of the aforementioned Persons, and each legal representative of such individual or of any aforementioned Persons (including without limitation a tutor, curator, mandatary due to incapacity, custodian, guardian
or testamentary executor), acting in such capacity under the authority of the law, an order from a competent tribunal, a will or a mandate in case of incapacity or similar instrument. For the purposes of this definition, a Person shall be considered the spouse of an individual if such Person is legally married to such individual, lives in a civil union with such individual or is the common law partner (as defined in the *Income Tax Act* (Canada) as amended from time to time) of such individual. A Person who was the spouse of an individual within the meaning of this paragraph immediately before the death of such individual shall continue to be considered a spouse of such individual after the death of such individual.

“Permitted Holders” means any of (i) the Bain Group Permitted Holders, and (ii) the Reiss Group Permitted Holders.

“Person” means any individual, partnership, corporation, company, association, trust, joint venture or limited liability company.

“Reiss Group Permitted Holders” means (i) Dani Reiss and any Members of the Immediate Family of Dani Reiss, and (ii) any Person controlled, directly or indirectly by one or more of the Persons referred to in clause (i) above.

“Shares” means Multiple Voting Shares and Subordinate Voting Shares.

For purposes of this Part 27, a Person is “controlled” by another Person or other Persons if: (i) in the case of a company or other body corporate wherever or however incorporated: (A) securities entitled to vote in the election of directors carrying in the aggregate at least a majority of the votes for the election of directors and representing in the aggregate at least a majority of the participating (equity) securities are held, other than by way of security only, directly or indirectly, by or solely for the benefit of the other Person or Persons; and (B) the votes carried in the aggregate by such securities are entitled, if exercised, to elect a majority of the board of directors of such company or other body corporate; or (ii) in the case of a Person that is not a company or other body corporate, at least a majority of the participating (equity) and voting interests of such Person are held, directly or indirectly, by or solely for the benefit of the other Person or Persons; and “controls”, “controlling” and “under common control with” shall be interpreted accordingly.

27.2 Subordinate Voting Shares and Multiple Voting Shares

The special rights or restrictions attached to the Subordinate Voting Shares and the Multiple Voting Shares shall be as follows:

1. Dividends; Rights on Liquidation, Dissolution, or Winding-Up.

The Subordinate Voting Shares and the Multiple Voting Shares shall be subject to and subordinate to the special rights or restrictions attached to the Preferred Shares and the shares of any other class ranking senior to the Subordinate Voting Shares and the Multiple Voting Shares and shall rank pari passu, share for share, as to the right to receive dividends and any amount payable on any distribution of assets constituting a return of capital and to receive the remaining property and assets of the Company on the liquidation, dissolution or
winding-up of the Company, whether voluntarily or involuntarily, or any other distribution of assets of the Company among its shareholders for the purposes of winding up its affairs. For the avoidance of doubt, holders of Subordinate Voting Shares and Multiple Voting Shares shall, subject always to the rights of the holders of Preferred Shares and the shares of any other class ranking senior to the Subordinate Voting Shares and the Multiple Voting Shares, be entitled to receive (i) such dividends and any amount payable on any distribution of assets constituting a return of capital as and when declared by the Board of Directors of the Company, and (ii) in the event of the liquidation, dissolution or winding-up of the Company, whether voluntarily or involuntarily, or any other distribution of assets of the Company among its shareholders for the purposes of winding up its affairs, the remaining property and assets of the Company, in the case of (i) and (ii) an identical amount per share, at the same time and in the same form (whether in cash, in specie or otherwise) as if such shares were of one class only; provided, however, that in the event of the payment of a dividend in the form of shares, holders of Subordinate Voting Shares shall receive Subordinate Voting Shares and holders of Multiple Voting Shares shall receive Multiple Voting Shares, unless otherwise determined by the Board of Directors of the Company.

(2) Meetings and Voting Rights
Each holder of Multiple Voting Shares and each holder of Subordinate Voting Shares shall be entitled to receive notice of and to attend all meetings of shareholders of the Company, except meetings at which only holders of another class or of a particular series shall have the right to vote. At each such meeting, each Multiple Voting Share shall entitle the holder thereof to ten (10) votes and each Subordinate Voting Share shall entitle the holder thereof to one (1) vote.

(3) Subdivision or Consolidation
No subdivision or consolidation of the Subordinate Voting Shares or the Multiple Voting Shares shall be carried out unless, at the same time, the Multiple Voting Shares or the Subordinate Voting Shares, as the case may be, are subdivided or consolidated in the same manner and on the same basis so as to preserve the relative economic and voting interests of the two classes.

(4) Conversion
The Subordinate Voting Shares cannot be converted into any other class of shares. Each outstanding Multiple Voting Share may at any time, at the option of the holder, be converted into one fully paid and non-assessable Subordinate Voting Share, in the following manner:

(a) The conversion right which provision is made in subsection 27.2(4) shall be exercised by notice in writing given to the transfer agent of the Company, if one exists, and if not, to the Company at its registered office, accompanied by a certificate or certificates representing the Multiple Voting Shares in respect of which the holder desires to exercise such conversion right or the equivalent in any non-certificated inventory system (such as, for example, a Direct Registration System) administered by any applicable depository or
transfer agent of the Company. Such notice shall be signed by the holder of the Multiple Voting Shares in respect of which such conversion right is being exercised, or by the duly authorized representative thereof, and shall specify the number of Multiple Voting Shares which such holder desires to have converted. On any conversion of Multiple Voting Shares, the Subordinate Voting Shares resulting therefrom shall be registered in the name of the registered holder of the Multiple Voting Shares converted or, subject to payment by the registered holder of any stock transfer or applicable taxes and compliance with any other reasonable requirements of the Company in respect of such transfer, in such name or names as such registered holder may direct in writing.

(b) Upon receipt of such notice and certificate or certificates and, as applicable, compliance with such other requirements, the Company shall, at its expense, effective as of the date of such receipt and, as applicable, compliance, remove or cause the removal of such holder from the register of holders in respect of the Multiple Voting Shares for which the conversion right is being exercised, add the holder (or any person or persons in whose name or names such converting holder shall have directed the resulting Subordinate Voting Shares to be registered) to the securities register of holders in respect of the resulting Subordinate Voting Shares, cancel or cause the cancellation of the certificate or certificates representing such Multiple Voting Shares and issue or cause to be issued a certificate or certificates, or the equivalent in any non-certificated inventory system (such as, for example, a Direct Registration System) administered by any applicable depository or transfer agent of the Company, representing the Subordinate Voting Shares issued upon the conversion of such Multiple Voting Shares. If less than all of the Multiple Voting Shares represented by any certificate are to be converted, the holder shall be entitled to receive a new certificate representing the Multiple Voting Shares represented by the original certificate which are not to be converted.

(c) A Multiple Voting Share that is converted into Subordinate Voting Shares as provided for in this subsection 27.2(4) will automatically be cancelled.

(5) Automatic Conversion

(a) Upon the first date that any Multiple Voting Share shall be held by a person other than by a Permitted Holder, the Permitted Holder which held such Multiple Voting Share until such date, without any further action, shall automatically be deemed to have exercised his, her or its rights under subsection 27.2(4) to convert such Multiple Voting Share into one fully paid and non-assessable Subordinate Voting Share.

(b) In addition:

(i) all Multiple Voting Shares held by the Bain Group Permitted Holders will convert automatically, without any further action, into Subordinate Voting Shares at such time as the Bain Group Permitted
Holders that hold Multiple Voting Shares no longer as a group beneficially own, directly or indirectly and in the aggregate, at least 15% of the issued and outstanding Shares on a non-diluted basis; and

(ii) all the Multiple Voting shares held by the Reiss Group Permitted Holders will convert automatically, without any further action, into Subordinate Voting Shares at such time that is the earlier to occur of the following:

(A) the Reiss Group Permitted Holders that hold Multiple Voting Shares no longer as a group beneficially own, directly or indirectly and in the aggregate, at least 15% of the issued and outstanding Shares on a non-diluted basis; and

(B) Dani Reiss is no longer serving as a director of the Company or in a senior management position with the Company.

(c) A Multiple Voting Share that is converted into Subordinate Voting Shares as provided for in subsection 27.2(5)(a) or 27.2(5)(b) will automatically be cancelled.

(6) **Single Class**

Except as otherwise provided in these Articles, Subordinate Voting Shares and Multiple Voting Shares are equal in all respects and shall be treated as shares of a single class for all purposes under the *Business Corporations Act*.

(7) **Certain Class Votes**

In connection with any Change of Control Transaction requiring approval of the holders of Subordinate Voting Shares and Multiple Voting Shares under the *Business Corporations Act*, holders of Subordinate Voting Shares and Multiple Voting Shares shall be treated equally and identically, on a per share basis, unless different treatment of the shares of each such class is approved by a majority of the votes cast by the holders of outstanding Subordinate Voting Shares or their proxyholders in respect of a resolution approving such Change of Control Transaction and by a majority of the votes cast by the holders of outstanding Multiple Voting Shares or their proxyholders in respect of a resolution approving such Change of Control Transaction, each voting separately as a class at a meeting of the holders of that class called and held for such purpose.

(8) **Certain Amendments**

In addition to any other voting right or power to which the holders of Subordinate Voting Shares shall be entitled by law or regulation or other provisions of these Articles, but subject to the provisions of these Articles, holders of Subordinate Voting Shares shall be entitled to vote separately as a class, in addition to any other vote of shareholders that may be required, in respect of any alteration, repeal or amendment of these Articles which would adversely affect the rights or special rights of the holders of Subordinate Voting Shares or
affect the holders of Subordinate Voting Shares and Multiple Voting Shares differently, on a per share basis, including an amendment to the terms of these Articles that provides that any Multiple Voting Shares sold or transferred to a Person that is not a Permitted Holder shall be automatically converted into Subordinate Voting Shares, and such alteration, repeal or amendment shall not be effective unless a resolution in respect thereof is approved by a majority of the votes cast by holders of outstanding shares of such class or their proxyholders.

27.3  Preferred Shares

The special rights or restrictions attached to the Preferred Shares shall be as follows:

(1)  Issuable in Series

(a)  The Preferred Shares may at any time and from time to time be issued in one or more series.

(b)  Subject to Article 9.3 and the Business Corporations Act, the Company may from time to time, by directors' resolution or ordinary resolution, if none of the Preferred Shares of any particular series are issued, alter these Articles and authorize the alteration of the Notice of Articles of the Company, as the case may be, to do one or more of the following:

(i)  determine the maximum number of shares of any of those series of Preferred Shares that the Company is authorized to issue, determine that there is no such maximum number, or alter any determination made under this paragraph (i) or otherwise in relation to a maximum number of those shares;

(ii)  create an identifying name by which the shares of any of those series of Preferred Shares may be identified, or alter any identifying name created for those shares; and

(iii)  attach special rights or restrictions to the shares of any of those series of Preferred Shares or alter any special rights or restrictions attached to those shares, including, but without limiting or restricting the generality of the foregoing, special rights or restrictions with respect to:

(A)  the rate, amount, method of calculation and payment of any dividends, whether cumulative, partly cumulative or non-cumulative, and whether such rate, amount, method of calculation or payment is subject to change or adjustment in the future;

(B)  any rights upon a dissolution, liquidation or winding-up of the Company or upon any other return of capital or distribution of the assets of the Company among its shareholders for the purpose of winding up its affairs;

- 50 -
any rights of redemption, retraction or purchase for cancellation and the prices and terms and conditions of any such rights;

(D) any rights of conversion, exchange or reclassification and the terms and conditions of any such rights;

(E) any voting rights and restrictions;

(F) the terms and conditions of any share purchase plan or sinking fund;

(G) restrictions respecting payment of dividends on, or the return of capital, repurchase or redemption of, any other shares of the Company; and

(H) any other special rights or restrictions, not inconsistent with these share provisions, attaching to such series of Preferred Shares.

(c) No special rights or restrictions attached to any series of Preferred Shares will confer upon the shares of that series a priority over the shares of any other series of Preferred Shares in respect of dividends or a return of capital in the event of the dissolution of the Company or on the occurrence of any other event that entitles the shareholders holding the shares of all series of the Preferred Shares to a return of capital. The Preferred Shares of each series will, with respect to the payment of dividends and the distribution of assets or return of capital in the event of dissolution or on the occurrence of any other event that entitles the shareholders holding the shares of all series of the Preferred Shares to a return of capital, rank on a parity with the shares of every other series.

(2) **Class Rights or Restrictions**

(a) Holders of Preferred Shares will be entitled to preference with respect to payment of dividends over the Multiple Voting Shares, the Subordinate Voting Shares and any other shares ranking junior to the Preferred Shares with respect to payment of dividends.

(b) In the event of the liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, or any other distribution of the assets of the Company among its shareholders for the purpose of winding up its affairs, the holders of the Preferred Shares will be entitled to preference over the Multiple Voting Shares, the Subordinate Voting Shares and any other shares ranking junior to the Preferred Shares with respect to the repayment of capital paid up on and the payment of unpaid dividends accrued on the Preferred Shares.
(c) The Preferred Shares may also be given such other preferences over the Multiple Voting Shares, the Subordinate Voting Shares and any other shares ranking junior to the Preferred Shares as may be fixed by directors’ resolution or ordinary resolution as to the respective series authorized to be issued.
The class of shares represented by this certificate has special rights or restrictions attached thereto, and a copy of the full text of those special rights or restrictions may be obtained, without charge, from the registered office of the Company.

Re: Canada Goose Holdings Inc.
Registration Statement on Form F-1

We have acted as Canadian counsel to Canada Goose Holdings Inc., a corporation incorporated under the Business Corporations Act (British Columbia) (the “Corporation”), in connection with the registration pursuant to a registration statement, as amended to date (the “Registration Statement”), filed by the Corporation with the Securities and Exchange Commission (the “Commission”) under the U.S. Securities Act of 1933, as amended (the “Securities Act”), relating to the initial public offering and secondary offering (together, the “Offering”) of an aggregate of 20,000,000 subordinate voting shares of the Corporation (the “Shares”) which will be issued and sold by the Corporation and sold by certain selling shareholders of the Corporation (the “Selling Shareholders”) (including up to an additional 3,000,000 Shares (the “Option Shares”) that may be sold upon exercise of an over-allotment option granted by the Selling Shareholders). Of the Shares to be registered pursuant to the Registration Statement, 7,149,000 Shares (the “Corporation Shares”) are being offered by the Corporation and 12,851,000 Shares (together with the Option Shares, the “Selling Shareholder Shares”) are being offered by the Selling Shareholders.

We understand that the Shares are to be sold to the underwriters for resale to the public as described in the Registration Statement and pursuant to an underwriting agreement, substantially in the form filed as an exhibit to the Registration Statement, to be entered into by and among the Corporation, the Selling Shareholders and the underwriters (the “Underwriting Agreement”).

This opinion is being delivered in accordance with the requirements of Item 601(b)(5) of Regulation S-K of the Securities Act.

We have examined the Registration Statement and, for the purposes of this opinion, we have also examined originals or copies, certified or otherwise identified to our satisfaction, of and relied upon the following documents (collectively, the “Corporate Documents”):

(a) the certificate of incorporation and articles of the Corporation;

(b) the form of articles of the Corporation creating the Shares to be effective prior to the closing of the Offering (the “Articles”);

(c) certain resolutions of the Corporation’s directors and shareholders; and
(d) a certificate of an officer of the Corporation (the “Officer’s Certificate”).

We also have reviewed such other documents, and have considered such questions of law, as we have deemed relevant and necessary as a basis for our opinion. With respect to the accuracy of factual matters material to this opinion, we have relied upon the Corporate Documents, without independent investigation of the matters provided for therein for the purpose of providing our opinion.

In examining all documents and in providing our opinion we have assumed that:

(a) all individuals had the requisite legal capacity, all signatures are genuine, all documents submitted to us as originals are complete and authentic and all photostatic, certified, telecopied, notarial or other copies conform to the originals;

(b) the Underwriting Agreement will have been duly executed and delivered pursuant to the authorizing resolutions of the Board of Directors of the Corporation, the pricing committee thereof and each of the Selling Shareholders;

(c) at or prior to the time of the issuance and delivery of any Shares, the Registration Statement will have been declared effective under the Securities Act, that the Shares will have been registered under the Securities Act pursuant to the Registration Statement and that such Registration Statement will not have been modified or rescinded, and that there will not have occurred any change in law affecting the validity of the issuance of the Shares; and

(d) all facts set forth in the certificates supplied by the respective officers and directors, as applicable, of the Corporation including, without limitation, the Officer’s Certificate, are complete, true and accurate.

We are qualified to carry on the practice of law in the Provinces of British Columbia and Ontario and we express no opinion as to any laws, or matters governed by any laws, other than the laws of the Provinces of British Columbia and Ontario and the federal laws of Canada applicable therein. Our opinion is expressed with respect to the laws in effect on the date of this opinion and we do not accept any responsibility to take into account or inform the addressee, or any other person authorized to rely on this opinion, of any changes in law, facts or other developments subsequent to this date that do or may affect the opinion we express, nor do we have any obligation to advise you of any other change in any matter addressed in this opinion or to consider whether it would be appropriate for any person other than the addressee to rely on our opinion.

Based upon and subject to the foregoing, and subject to the qualifications, assumptions and limitations stated herein, we are of the opinion that, upon the filing of the Articles with the Registrar of Companies for British Columbia and the issuance by the Registrar of Companies for British Columbia of the notice of articles in respect of such Articles, (a) the Corporation Shares will be duly authorized and, when such Shares are issued and paid for in accordance with the terms of the Underwriting Agreement, will be validly issued, fully paid and non-assessable, and (b) the Selling Shareholder Shares will be duly authorized and, when such Shares are issued in accordance with the Articles and delivered and paid for in accordance with the terms of the Underwriting Agreement, will be validly issued, fully paid and non-assessable.
This opinion is rendered solely in connection with the Registration Statement and is expressed as of the date hereof. Our opinion is expressly limited to the matters set forth above and we render no opinion, whether by implication or otherwise, as to any other matters relating to the Corporation, the Registration Statement or the Shares. This opinion may not be used or relied upon by you for any other purpose or used or relied upon by any other person.

We hereby consent to the filing of this opinion as an exhibit to the Registration Statement and to the use of our name under the caption “Legal Matters” in the prospectus forming a part of the Registration Statement. In giving such consent, we do not hereby admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act or the rules and regulations of the Commission. This opinion may not be quoted from or referred to in any documents other than the Registration Statement as provided for herein without our prior written consent.

Yours very truly,

Schedule A Adoption Agreement
COATTAIL AGREEMENT

THIS AGREEMENT dated the ● day of ●, 2017,

AMONG:

CANADA GOOSE HOLDINGS INC., a corporation incorporated under the Business Corporations Act (British Columbia)

(the “Company”)

- and -

BRENT (BC) PARTICIPATION S.À R.L., a Luxembourg private liability company (société à responsabilité limitée)

(“Brent”)

- and -

DTR LLC, a Delaware Limited Liability Company

(“DTR”)

- and -

COMPUTERSHARE TRUST COMPANY OF CANADA, a trust company existing under the laws of Canada, as trustee for the benefit of

the SVS Holders (as defined below)

(the “Trustee”)

- and -

any person who becomes a party to this Agreement by executing an adoption agreement in the form set forth in Schedule A hereto (together

with Brent and DTR, the “Shareholders”)

WHEREAS by articles of amendment effective on ●, 2017, the Company amended its articles (which, as amended, are referred to as the “Articles”) to,

inter alia, amend and redesignate its existing Class A common shares as multiple voting shares (the “Multiple Voting Shares”) and to create a class of

subordinate voting shares (the “Subordinate Voting Shares”);

AND WHEREAS the Shareholders, on the date hereof, hold all of the Multiple Voting Shares that are issued and outstanding as of the date of this Agreement;
AND WHEREAS it is the expectation of the Shareholders that the Subordinate Voting Shares will be listed on the Toronto Stock Exchange (the “TSX”) and on the New York Stock Exchange;

AND WHEREAS the Shareholders and the Company wish to enter into this Agreement in order to secure the listing of the Subordinate Voting Shares on the TSX, and derive the benefit of such listing, and for the purpose of ensuring that the holders, from time to time, of the Subordinate Voting Shares (collectively, the “SVS Holders”) will not be deprived of any rights under applicable take-over bid legislation to which they would have been entitled in the event of a take-over bid for the Multiple Voting Shares if the Multiple Voting Shares had been Subordinate Voting Shares;

AND WHEREAS pursuant to the Articles, Multiple Voting Shares will, inter alia, automatically convert into Subordinate Voting Shares upon any transfer that is not a transfer to a Permitted Holder (as such term is defined in the Articles);

AND WHEREAS the Shareholders and the Company hereby acknowledge that any transfer or sale of Multiple Voting Shares, whether in accordance with this Agreement or otherwise, shall in all circumstances be subject to the provisions of the Articles, including those relating to the automatic conversion of Multiple Voting Shares into Subordinate Voting Shares;

AND WHEREAS the Shareholders and the Company wish to constitute the Trustee as a trustee for the SVS Holders so that the SVS Holders, through the Trustee, will receive the benefits of this Agreement, including the covenants of the Shareholders and the Company contained herein;

AND WHEREAS these recitals and any statements of fact in this Agreement are, and shall be deemed to be, made by the Shareholders and the Company and not by the Trustee;

NOW THEREFORE in consideration of the mutual covenants and agreements contained in this Agreement and for other good and valuable consideration (the receipt and sufficiency of which are hereby acknowledged by each of the parties) the parties hereto agree as follows:
ARTICLE 1
DEFINITIONS AND INTERPRETATION

1.1 Definitions
In this Agreement, capitalized terms that are not otherwise defined shall have the meaning given to them in the Articles.

1.2 Interpretation not Affected by Headings, etc.
The division of this Agreement into articles, sections and paragraphs and the insertion of headings are for convenience of reference only and shall not affect the construction or interpretation of this Agreement.

1.3 Number, Gender, etc.
Words importing the singular number only shall include the plural and vice versa. Words importing the use of any gender shall include all genders.

1.4 Statutory References
Unless otherwise indicated, all references in this Agreement to any legislation include the regulations and rules thereunder, in each case as amended, re-enacted, consolidated or replaced from time to time and in the case of any such amendment, re-enactment, consolidation or replacement, reference herein to a particular provision shall be read as referring to such amended, re-enacted, consolidated or replaced provision.

1.5 Including
The word “including” shall mean including, without limitation.

1.6 Business Day
“Business Day” means any day (prior to 4:00 p.m.), other than a Saturday or a Sunday, when Canadian chartered banks are open for regular business in the city of Toronto, Ontario or the city of New York, New York.

ARTICLE 2
PURPOSE OF AGREEMENT

2.1 Establishment of Trust
The purpose of this Agreement is to ensure that the SVS Holders will not be deprived of any rights under applicable take-over bid provisions of securities and corporate legislation in any jurisdiction of Canada (“Securities Laws”) to which they would have been entitled in the event of a take-over bid for the Multiple Voting Shares if the Multiple Voting Shares had been Subordinate Voting Shares. In furtherance of the foregoing, the Shareholders and the Company hereby establish and create the Trust (as defined below) pursuant to the terms and conditions of this Agreement and hereby appoint the Trustee to act as trustee of the Trust.
2.2 **Restriction on Sale**

Subject to Section 2.3 and the Articles, the Shareholders shall not sell, directly or indirectly, any Multiple Voting Shares pursuant to a take-over bid (as defined under applicable Securities Laws) under circumstances in which applicable Securities Laws would have required the same offer to be made to SVS Holders if the sale by the Shareholders had been a sale of the Subordinate Voting Shares underlying such Multiple Voting Shares rather than such Multiple Voting Shares, but otherwise on the same terms.

For the purposes of this Section 2.2, it shall be assumed that the offer that would have resulted in the sale of Multiple Voting Shares (or Subordinate Voting Shares into which such Multiple Voting Shares are convertible or converted pursuant to the Articles) by the Shareholders would have constituted a take-over bid for the Subordinate Voting Shares under applicable Securities Laws, regardless of whether this actually would have been the case, and the varying of any material term of an offer shall be deemed to constitute the making of a new offer.

2.3 **Permitted Sale**

Subject to the provisions of the Articles, Section 2.2 shall not apply to prevent a sale by any Shareholder of Multiple Voting Shares if concurrently an offer is made to purchase Subordinate Voting Shares that:

(a) offers a price per Subordinate Voting Share at least as high as the highest price per share paid or required to be paid pursuant to the take-over bid for the Multiple Voting Shares;

(b) provides that the percentage of outstanding Subordinate Voting Shares to be taken up (exclusive of shares owned immediately prior to the offer by the offeror or persons acting jointly or in concert with the offeror) is at least as high as the percentage of outstanding Multiple Voting Shares to be sold (exclusive of Multiple Voting Shares owned immediately prior to the offer by the offeror and persons acting jointly or in concert with the offeror);

(c) has no condition attached other than the right not to take up and pay for Subordinate Voting Shares tendered if no shares are purchased pursuant to the offer for Multiple Voting Shares; and

(d) is in all other material respects identical to the offer for Multiple Voting Shares.

In addition, and notwithstanding the foregoing, subject to the provisions of the Articles, Section 2.2 shall not apply to prevent the transfer or sale of Multiple Voting Shares by any Shareholder to a Permitted Holder, subject to Section 2.7, provided such transfer or sale is not or would not have been subject to the requirements to make a take-over bid or constitute or would constitute an exempt take-over bid (as defined under applicable Securities Laws).
For greater certainty, the conversion of Multiple Voting Shares into Subordinate Voting Shares shall not, in of itself, constitute a sale of Multiple Voting Shares for the purposes of this Agreement.

2.4 Improper Sale

If any person or company, other than the Shareholders, carries out or purports to carry out a sale (including an indirect sale) of Multiple Voting Shares that the Shareholders are restricted from carrying out pursuant to Section 2.2, the Shareholders shall not and the Trustee shall take all reasonable steps to ensure that the Shareholders shall not and shall not be permitted to, at or after the time such sale becomes effective, do any of the following with respect to any of the Multiple Voting Shares so sold or purported to be sold:

(a) sell them without the prior written consent of the Trustee;
(b) convert them into Subordinate Voting Shares without the prior written consent of the Trustee; or
(c) exercise any voting rights attaching to them except in accordance with the written instructions of the Trustee, with which the Shareholders shall comply.

Without limiting the generality of the foregoing, the Trustee shall exercise the above rights in a manner that the Trustee, on the advice of counsel, considers to be: (i) in the best interests of the SVS Holders, other than the Shareholders and SVS Holders who, in the opinion of the Trustee, participated directly or indirectly in the transaction that triggered the operation of this Section 2.4; and (ii) consistent with the intentions of the Shareholders and the Company in entering into this Agreement as such intentions are set out in the Recitals hereto. In the event that an indirect sale of Multiple Voting Shares that is referred to in this Section 2.4 occurs and this Section 2.4 is applicable to such sale, the Shareholders shall have no liability under this Agreement in respect of such sale, provided that the Shareholders are in compliance with all other provisions of this Agreement, including the provisions of this Section 2.4.

2.5 Assumptions

For the purposes of this Article 2:

(a) any sale, transfer or other disposition that would result in a direct or indirect acquisition of Multiple Voting Shares or Subordinate Voting Shares, or in the direct or indirect acquisition of control or direction over those shares, shall be construed to be a “sale” of those Multiple Voting Shares or Subordinate Voting Shares, as the case may be, and the terms “sell” and “sold” shall have a corresponding meaning; and
2.6 Prevention of Improper Sales

The Shareholders shall use commercially reasonable efforts to prevent any person or company from carrying out a sale (including an indirect sale) in breach of this Agreement in respect of any Multiple Voting Shares, regardless of whether that person or company is a party to this Agreement.

2.7 Supplemental Agreements

Without limiting any provision of this Agreement, the Shareholders shall not sell any Multiple Voting Shares unless the sale is conditional upon the person or company (including Permitted Holders) acquiring those shares becoming a party to this Agreement by executing an adoption agreement substantially in the form attached hereto as Schedule A. Neither the conversion of Multiple Voting Shares into Subordinate Voting Shares in accordance with the provisions of the Articles nor any subsequent sale of those Subordinate Voting Shares shall constitute a sale of Multiple Voting Shares for the purposes of this Section 2.7.

2.8 Security Interest

Nothing in this Agreement shall prevent any Shareholder from time to time, directly or indirectly, from granting a bona fide security interest, by way of pledge, hypothecation or otherwise, whether directly or indirectly, in Multiple Voting Shares to any financial institution with which it deals at arm’s length (within the meaning of the Income Tax Act (Canada)) in connection with a bona fide borrowing, provided that the financial institution shall abide by the terms of this Agreement as if such financial institution were a Shareholder as defined herein until such time as the pledge, hypothecation or other security interest has been released or the Multiple Voting Shares which were subject thereto have been sold in accordance with the terms of this Agreement.

2.9 All Sales Subject to Articles

The Shareholders and the Company hereby acknowledge that any sale of Multiple Voting Shares, whether in accordance with this Agreement or otherwise, shall in all circumstances be subject to the provisions of the Articles, including those relating to the automatic conversion of Multiple Voting Shares into Subordinate Voting Shares, and that in the event of a conflict between this Agreement and any provision of the Articles, the provisions of the Articles shall prevail.
ARTICLE 3
ACCEPTANCE OF TRUST

3.1 Acceptance and Conditions of Trust

The Trustee hereby accepts the trust created by this Agreement (the “Trust”) and assumes the duties created and imposed upon it pursuant to its appointment as trustee for the SVS Holders by this Agreement, provided that:

(a) it shall not be liable for any action taken or omitted to be taken by it under or in connection with this Agreement, except for its own gross negligence, wilful misconduct or bad faith;

(b) it may employ or retain such counsel, auditors, accountants or other experts or advisers, whose qualifications give authority to any opinion or report made by them, as the Trustee may reasonably require for the purpose of determining and discharging its duties hereunder and shall not be responsible for any misconduct or gross negligence on the part of any of them. The Trustee may, if it is acting in good faith, rely on the accuracy of any such opinion or report;

(c) it may, if it is acting in good faith, rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon any instruction, advice, notice, opinion or other document believed by it to be genuine and to have been signed or presented by the proper party or parties and, subject to subsection 3.1(a), shall be under no liability with respect to any action taken or omitted to be taken in accordance with such instruction, advice, notice, opinion or other document;

(d) it shall exercise its rights under this Agreement in a manner that it considers to be in the best interests of the SVS Holders (other than the Shareholders and SVS Holders who, in the opinion of the Trustee, participated directly or indirectly in a transaction restricted by Section 2.2) and consistent with the purpose of this Agreement; and

(e) none of the provisions of this Agreement shall require the Trustee under any circumstances whatsoever to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties or the exercise of any of its rights or powers in connection with the Agreement.

In the exercise of its rights and duties hereunder, the Trustee will exercise that degree of care, diligence and skill that a reasonably prudent Trustee would exercise in comparable circumstances.

The Trustee represents that to the best of its knowledge and belief at the time of the execution and delivery hereof no material conflict of interest exists in the Trustee’s role as a fiduciary hereunder and agrees that in the event of a material conflict of interest arising hereafter it will, within three months after ascertaining that it has such material conflict of
interest, either eliminate the same or resign its trust hereunder. Subject to the foregoing, the Trustee, in its personal or any other capacity, may buy, lend upon and deal in securities of the Company and generally may contract with and enter into financial transactions with the Company, any of its affiliates or any of the Shareholders or any of their affiliates without being liable to account for any profit made thereby.

3.2 Enquiry by Trustee

Subject to Section 3.4, if and whenever the Trustee receives written notice from an interested party, other than SVS Holders, stating in sufficient detail that the Shareholders or the Company may have breached, or may intend to breach, any provision of this Agreement, the Trustee shall, acting on the advice of counsel, make reasonable enquiry to determine whether such a breach has occurred or is intended to occur. If the Trustee determines that a breach has occurred, or is intended to occur, the Trustee shall forthwith deliver to the Company a certificate stating that the Trustee has made such determination. Upon delivery of that certificate, the Trustee shall be entitled to take, and subject to Section 3.4 shall take, such action as the Trustee, acting upon the advice of counsel, considers necessary to enforce its rights under this Agreement on behalf of the SVS Holders.

3.3 Request by SVS Holders

Subject to Section 3.4, if and whenever SVS Holders representing not less than 10% of the then outstanding Subordinate Voting Shares determine that any one or more of the Shareholders or the Company has breached, or may intend to breach, any provision of this Agreement, such SVS Holders may require the Trustee to take action in connection with that breach or intended breach by delivering to the Trustee a requisition in writing signed in one or more counterparts by those SVS Holders and setting forth the action to be taken by the Trustee. Subject to Section 3.4, upon receipt by the Trustee of such a requisition, the Trustee shall forthwith take such action as is specified in the requisition and/or any other action that the Trustee considers necessary to enforce its rights under this Agreement on behalf of the SVS Holders.

3.4 Condition to Action

The obligation of the Trustee to take any action on behalf of the SVS Holders pursuant to Sections 3.2 and 3.3 shall be conditional upon the Trustee receiving from either the interested party referred to in Section 3.2, the Company or from one or more SVS Holders such funds and indemnity as the Trustee may reasonably require in respect of any costs or expenses which it may incur in connection with any such action. The Company shall provide such reasonable funds and indemnity to the Trustee if the Trustee has delivered to the Company the certificate referred to in Section 3.2.

3.5 Limitation on Action by SVS Holder

No SVS Holder shall have the right, other than through the Trustee, to institute any action or proceeding or to exercise any other remedy for the purpose of enforcing any rights arising from this Agreement unless SVS Holders shall have:

(a) requested that the Trustee act in the manner specified in Section 3.3; and
(b) provided reasonable funds and indemnity to the Trustee,

and the Trustee shall have failed to so act within 30 days after the provision of such funds and indemnity. In such case, any SVS Holder, acting on behalf of itself and all other SVS Holders, shall be entitled to take those proceedings in any court of competent jurisdiction that the Trustee might have taken.

ARTICLE 4
COMPENSATION

4.1 Fees and Expenses of the Trustee

The Company agrees to pay to the Trustee reasonable compensation for the services offered hereunder and shall reimburse the Trustee for all reasonable expenses and disbursements including those incurred pursuant to Section 3.1(b) herein. Notwithstanding the foregoing, the Company shall have no obligation to compensate the Trustee or reimburse the Trustee for any expenses or disbursements paid, incurred or suffered by the Trustee:

(a) in connection with any action taken by the Trustee pursuant to Section 3.2 if the Trustee has not delivered to the Company the certificate referred to in Section 3.2 in respect of that action; or

(b) in any suit or litigation in which the Trustee is determined to have acted in bad faith or with gross negligence or wilful misconduct.

On all invoices issued by the Trustee for its services rendered hereunder which remain unpaid for a period of 30 days or more, interest at a rate per annum equal to the then current rate of interest charged by the Trustee to its corporate customers will be incurred, from 30 days after the issuance of the invoice until the date of payment.

ARTICLE 5
INDEMNIFICATION

5.1 Indemnification of the Trustee

The Company agrees to indemnify and hold harmless the Trustee from and against all claims, losses, damages, costs, penalties, fines and reasonable expenses (including reasonable expenses of the Trustee’s legal counsel) which, without gross negligence, wilful misconduct or bad faith on the part of the Trustee, its officers, directors and employees may be paid, incurred or suffered by the Trustee by reason of or as a result of the Trustee’s acceptance or administration of the Trust, its compliance with its duties set forth in this Agreement or any written or oral instructions delivered to the Trustee by the Company pursuant hereto. In no case shall the Company be liable under this indemnity for any claim against the Trustee unless the Company shall be notified by the Trustee of the written assertion of a claim or of any action commenced against the Trustee, promptly after the
ARTICLE 6
CHANGE OF TRUSTEE

6.1 Resignation

The Trustee, or any trustee subsequently appointed, may resign at any time by giving written notice of such resignation to the Company specifying the date on which its desired resignation shall become effective, provided that such notice shall be provided at least three months in advance of such desired effective date unless the Shareholders and the Company otherwise agree. Such resignation shall take effect upon the date of the appointment of a successor trustee and the acceptance of such appointment by the successor trustee in accordance with Section 6.3. Upon receiving such notice of resignation, the Company shall promptly appoint a successor trustee (which shall be a corporation or company licensed or authorized to carry on the business of a trust company in Ontario and British Columbia) by written instrument, in duplicate, one copy of which shall be delivered to the resigning trustee and one copy to the successor trustee. If the Company does not appoint a successor trustee, the Trustee or any SVS Holder may apply to a court of competent jurisdiction in Ontario for the appointment of a successor trustee.

6.2 Removal

The Trustee, or any trustee subsequently appointed, may be removed at any time on 30 days’ prior notice by written instrument executed by the Company, in duplicate, provided that the Trustee is not at such time taking any action which it may take under Section 3.2 or 3.3 hereof. One copy of that instrument shall be delivered to the Trustee so removed and one copy to the successor trustee. The removal of the Trustee shall become effective upon the appointment of a successor trustee in accordance with Section 6.3.

6.3 Successor

Any successor trustee appointed as provided under this Agreement shall execute, acknowledge and deliver to the Shareholders and the Company and to its predecessor trustee an instrument accepting such appointment. Thereupon the resignation or removal of the predecessor trustee shall become effective and such successor trustee, without any
further act, deed or conveyance, upon payment of any amounts then due to the predecessor trustee pursuant to the provisions of this Agreement, shall become vested with all the rights, powers, duties and obligations of its predecessor under this Agreement, with like effect as if originally named as trustee in this Agreement. However, on the written request of the Shareholders and the Company or of the successor trustee, the trustee ceasing to act shall execute and deliver an instrument transferring to such successor trustee all the rights and powers of the trustee so ceasing to act. Upon the request of any such successor trustee, the Shareholders, the Company and such predecessor trustee shall execute any and all instruments in writing for more fully and certainly vesting in and confirming to such successor trustee all such rights and powers.

6.4 Notice of Successor Trustee

Upon acceptance of appointment by a successor trustee as provided herein, the Company shall cause to be mailed notice of the succession of such trustee hereunder to the SVS Holders. If the Shareholders or the Company shall fail to cause such notice to be mailed within ten days after acceptance of appointment by the successor trustee, the successor trustee shall cause such notice to be mailed at the expense of the Shareholders and the Company.

ARTICLE 7
TERMINATION

7.1 Term

The Trust created by this Agreement shall continue until no Multiple Voting Shares remain outstanding. The Company shall provide to the Trustee written confirmation of the termination of this Agreement pursuant to this Section 7.1.

7.2 Survival

This Agreement shall survive any termination of the Trust and shall continue until there are no Multiple Voting Shares outstanding; provided, however, that the provisions of Article 4 and Article 5 shall survive the resignation, removal or replacement of the Trustee and the termination of this Agreement.

ARTICLE 8
GENERAL

8.1 Obligations of the Shareholders not Joint

The obligations of the Shareholders pursuant to this Agreement are several, and not joint and several, and no Shareholder shall be liable to the Company, the SVS Holders or the Trustee or any other party for the failure of any other Shareholder to comply with its covenants and obligations under this Agreement.
8.2 Compliance with Privacy Laws

The Shareholders and the Company acknowledge that federal and/or provincial legislation that addresses the protection of individuals’ personal information (collectively, “Privacy Laws”) applies to certain obligations and activities under this Agreement. Notwithstanding any other provision of this Agreement, neither party shall take or direct any action that would contravene, or cause the other to contravene, applicable Privacy Laws. The Shareholders and the Company shall, prior to transferring or causing to be transferred personal information to the Trustee, obtain and retain required consents of the relevant individuals to the collection, use and disclosure of their personal information, or shall have determined that such consents either have previously been given upon which the parties can rely or are not required under the Privacy Laws. The Trustee shall use commercially reasonable efforts to ensure that its services hereunder comply with Privacy Laws. Specifically, the Trustee agrees: (a) to have a designated chief privacy officer; (b) to maintain policies and procedures to protect personal information and to receive and respond to any privacy complaint or inquiry; (c) to use personal information solely for the purposes of providing its services under or ancillary to this Agreement or to the individual involved; (d) not to sell or otherwise improperly disclose personal information to any third party; and (e) to employ administrative, physical and technological safeguards to reasonably secure and protect personal information against loss, theft, or unauthorized access, use or modification.

8.3 Anti-Money Laundering Regulations

The Trustee shall retain the right not to act and shall not be liable for refusing to act if, due to a lack of information or for any other reason whatsoever, the Trustee, in its sole judgment and acting reasonably, determines that such act might cause it to be in non-compliance with any applicable anti-money laundering or anti-terrorist legislation, regulation or guideline. Further, should the Trustee, in its sole judgment and acting reasonably, determine at any time that its acting under this Agreement has resulted in its being in non-compliance with any applicable anti-money laundering or anti-terrorist legislation, regulation or guideline, then it shall have the right to resign on ten days’ written notice to the Company or any shorter period of time as agreed to by the Company, provided that: (a) the Trustee’s written notice shall describe the circumstances of such non-compliance; and (b) if such circumstances are rectified to the Trustee’s satisfaction within such ten day period, then such resignation shall not be effective.

8.4 Third Party Interests

The other parties to this Agreement hereby represents to the Trustee that any account to be opened by, or interest to be held by, the Trustee in connection with this Agreement, for or to the credit of such party, either (i) is not intended to be used by or on behalf of any third party; or (ii) is intended to be used by or on behalf of a third party, in which case such party hereto agrees to complete and execute forthwith a declaration in the Trustee’s prescribed form as to the particulars of such third party.
8.5 Severability

If any provision of this Agreement is held to be invalid, illegal or unenforceable, the validity, legality or enforceability of the remainder of this Agreement shall not in any way be affected or impaired thereby and the agreement shall be carried out as nearly as possible in accordance with its original terms and conditions.

8.6 Amendments, Modifications, etc.

This Agreement shall not be amended, and no provision thereof shall be waived, unless, prior to giving effect to such amendment or waiver, the following have been obtained: (i) the consent of the TSX and any other applicable securities regulatory authorities in Canada; and (ii) the approval of at least two-thirds of the votes cast by SVS Holders present or represented at a meeting duly called for the purpose of considering such amendment or waiver, excluding votes attached to any Subordinate Voting Shares held directly or indirectly by holders of Multiple Voting Shares and their respective affiliates and any persons who have an agreement to purchase Multiple Voting Shares on terms which would constitute a sale for purposes of Section 2.2, other than as permitted herein, prior to giving effect to such amendment or waiver. The provisions of this Agreement shall only come into effect contemporaneously with the listing of the Subordinate Voting Shares on the TSX and shall terminate at such time as there remain no outstanding Multiple Voting Shares.

8.7 Ministerial Amendments

Notwithstanding the provisions of Section 8.6, the parties to this Agreement may in writing, at any time and from time to time, without the approval of the SVS Holders but subject to the approval of the TSX, amend or modify this Agreement to cure any ambiguity or to correct or supplement any provision contained in this Agreement or in any amendment to this Agreement that may be defective or inconsistent with any other provision contained in this Agreement or that amendment, or to make such other provisions in regard to matters or questions arising under this Agreement, as shall not adversely affect the interest of the SVS Holders.

8.8 Force Majeure

No party hereto shall be liable to the other parties hereto, or held in breach of this Agreement, if prevented, hindered, or delayed in the performance or observance of any provision contained herein by reason of act of God, riots, terrorism, acts of war, epidemics, governmental action or judicial order, earthquakes, or any other similar causes (including, but not limited to, general mechanical, electronic or communication interruptions, disruptions or failures). Performance times under this Agreement shall be extended for a period of time equivalent to the time lost because of any delay that is excusable under this Section 8.8.
8.9 Amendments only in Writing

No amendment to or modification or waiver of any of the provisions of this Agreement shall be effective unless made in writing and signed by all of the parties hereto.

8.10 Meeting to Consider Amendments

The Company, at the request of the Shareholders, shall call a meeting of SVS Holders for the purpose of considering any proposed amendment or modification requiring approval pursuant to Section 8.6.

8.11 Enurement

This Agreement shall be binding upon and enure to the benefit of the parties hereto and their respective heirs, administrators, legal representatives, successors and permitted assigns. Except as specifically set forth in this Agreement, nothing in this Agreement is intended to or shall be deemed to confer upon any other person any rights or remedies under or by reason of this Agreement.

8.12 Notices

All notices and other communications among the parties hereunder shall be in writing and shall be deemed given if delivered personally or sent by registered mail, or by facsimile transmission, electronic mail or other form of recorded communication to the parties at the following addresses (or at such other address for such party as shall be specified in like notice):

Amended and Restated Stock Option Plan

Effective as of ●, 2017
ARTICLE 1
PURPOSE

1.1 Purpose

The purpose of this Plan is to advance the interests of Canada Goose Holdings Inc. (the “Corporation”) and its Affiliates by enhancing their ability to attract and retain employees, managers and directors, to reward such individuals for their contributions and to encourage such individuals to take into account the long-term interests of the Corporation and its Affiliates through their participation in the Corporation’s share capital by receiving options to purchase Subordinate Voting Shares therein.

ARTICLE 2
INTERPRETATION

2.1 Definitions

When used herein the following terms have the following meanings, respectively:

“Affiliate” means, with respect to any specified Person, any other Person directly or indirectly controlling, controlled by, or under direct or indirect common control with such specified Person. For purposes of the foregoing, a Person shall be deemed to control a specified Person if such Person (a) possesses, directly or indirectly, the power to direct or cause the direction of the management and policies of such specified Person or (b) is at such time a direct or indirect beneficial holder of at least 50% of any class of the equity interests of such specified Person.

“Associate” has the meaning attributed thereto in Section 1 of the Securities Act (Ontario).

“Black-Out Period” means a period of time when pursuant to any policies of the Corporation (including the Corporation’s insider trading policy), any securities of the Corporation may not be traded by certain Persons designated by the Corporation.

“Board” means the board of directors of the Corporation.

“Business Day” means a day other than a Saturday, Sunday or statutory holiday, when banks are generally open for business in Toronto, Ontario and New York, New York, for the transaction of banking business.

“Cause”, in the case of any Optionee who is party to an employment or severance-benefit agreement that contains a definition of “Cause,” shall have the meaning set forth therein so long as such agreement remains in effect. With respect to any other Optionee, “Cause”
means, as determined by the Corporation in its reasonable judgment, (i) a substantial failure of such Optionee to perform his or her duties and responsibilities to the Corporation or its Affiliates, or substantial negligence in the performance of such duties and responsibilities; (ii) the commission by such Optionee of a felony or the commission by such Optionee of any crime involving moral turpitude; (iii) the commission by such Optionee of theft, fraud, embezzlement, any material breach of trust or any material act of dishonesty involving the Corporation or any of its Affiliates; (iv) a violation by such Optionee of the code of conduct of the Corporation or its Affiliates or of any other material policy of the Corporation or its Affiliates, or of any statutory or common law duty of loyalty to the Corporation or its Affiliates; (v) material breach of any of the terms of any agreement between the Corporation or Affiliates and such Optionee; or (vi) other conduct by such Optionee that could be expected to be harmful to the business, interests or reputation of the Corporation or any of its Affiliates.

“Change of Control Transaction” means a transaction that constitutes a Sale of Shares.

“Committee” has the meaning set forth in Section 3.2 of this Plan.

“Corporation” has the meaning set forth in Section 1.1 of this Plan.

“Date of Grant” means, for any Option, the date upon which such Option is granted by the Board.

“Director” means a member of the Board or of the board of directors of an Affiliate.

“Disabled” or “Disability” means the inability of an Optionee to perform substantially all of such Optionee’s duties and responsibilities to the Corporation and its Affiliates as a result of any illness, injury, accident or condition of either a physical or psychological nature suffered by such Optionee, with or without reasonable accommodation, for 90 days during any period of 180 consecutive calendar days, as determined by a physician selected by the Corporation to whom the Optionee has no reasonable objection.

“Effective Date” means ●, 2017.

“Exercise Notice” means a notice in writing, in the form set out in Schedule A, signed by an Optionee and stating the Optionee’s intention to exercise a particular Option.

“Exercise Period” means the period of time during which an Option granted under this Plan may be exercised (provided however that the Exercise Period may not exceed 10 years, subject to an extension pursuant to Section 4.2(b) resulting from a Black-Out Period).

“Exercise Price” means the price at which a Subordinate Voting Share may be purchased pursuant to the exercise of an Option.

“Insider” means a “reporting insider” as defined in National Instrument 55-104 – Insider Reporting Requirements and Exemptions and includes Associates and affiliates (as such term is defined in Part 1 of the TSX Company Manual) of such “reporting insider”.

- 2 -
“Market Price” means at any date when the Market Price of the Subordinate Voting Shares is to be determined, (i) if the Subordinate Voting Shares are listed on the TSX, the VWAP on the TSX for the five (5) trading days immediately preceding the date of grant of the Option; (ii) if the Subordinate Voting Shares are not listed on the TSX, then as calculated in paragraph (i) by reference to the price on any other Stock Exchange on which the Subordinate Voting Shares are listed (if more than one, then using the exchange on which a majority of Subordinate Voting Shares are listed); or (iii) if the Subordinate Voting Shares are not listed on any Stock Exchange, the value as is determined solely by the Board, acting reasonably and in good faith, and such determination shall be conclusive and binding on all Persons.

“Multiple Voting Shares” means the multiple voting shares in the capital of the Corporation.

“NYSE” means the New York Stock Exchange.

“Option” means a non-assignable, non-transferable right to purchase Subordinate Voting Shares under this Plan.

“Optionee” means a Participant who has been granted one or more Options.

“Option Agreement” means a signed, written agreement between an Optionee and the Corporation evidencing the terms and conditions on which an Option has been granted.

“Participant” means a Director or an officer of the Corporation or of an Affiliate, or a current full-time or part-time employee of the Corporation or of an Affiliate.

“Person” means any individual or any corporation, association, partnership, limited liability company, unlimited liability company, joint venture, joint stock or other company, business trust, trust, organization, governmental authority or other entity of any kind.

“Plan” means this Amended and Restated Stock Option Plan, as it may be further amended or amended and restated from time to time.

“Retirement” means retirement from active employment with the Corporation or an Affiliate at or after age 65 or at or after such earlier age and upon the completion of such years of service as the Board may specify.

“Sale of Shares” means a sale or other transaction pursuant to which a Person that did not directly or indirectly own shares or other equity in the Corporation prior to such sale or other transaction acquires all of the outstanding shares and other outstanding equity interests in the Corporation.

“Share Compensation Arrangement” means a stock option, stock option plan, employee stock purchase plan, a long-term incentive plan or any other compensation or incentive mechanism of the Corporation involving the issuance or potential issuance of Subordinate Voting Shares, including a share purchase from treasury which is financially assisted by the Corporation by way of a loan, guarantee or otherwise, including this Plan.
“Subordinate Voting Shares” means subordinate voting shares in the capital of the Corporation.

“Stock Exchange” means the TSX or the NYSE or, if the Subordinate Voting Shares are not listed or posted for trading on any of such stock exchanges at a particular date, any other stock exchange on which the majority of the trading volume and value of the Subordinate Voting Shares are listed or posted for trading.

“Termination Date” the date that is designated by the Corporation or such Affiliate, as the case may be, as the last day of the Optionee’s employment or term of office with the Corporation or such Affiliate, as the case may be, provided that in the case of termination of employment by voluntary resignation by the Optionee, such date shall not be earlier than the date notice of resignation was given, and “Termination Date” specifically does not mean the date on which any period of reasonable notice that the Corporation or such Affiliate (as the case may be) may be required at law to provide to the Optionee, would expire.

“TSX” means the Toronto Stock Exchange.

“VWAP” means the volume weighted average trading price of the Subordinate Voting Shares, calculated by dividing the total value by the total volume of Subordinate Voting Shares traded for the relevant period.

2.2 Interpretation

(a) Whenever the Board or, where applicable, the Committee is to exercise discretion in the administration of the terms and conditions of this Plan, the term “discretion” means the sole and absolute discretion of the Board or the Committee, as the case may be.

(b) As used herein, the terms “Article”, “Section”, “Subsection” and “clause” mean and refer to the specified Article, Section, Subsection and clause of this Plan, respectively.

(c) Words importing the singular include the plural and vice versa and words importing any gender include any other gender.

(d) Unless otherwise specified, all references to money amounts are to Canadian currency.
ARTICLE 3
ADMINISTRATION

3.1 Administration
Subject to Section 3.2, this Plan will be administered by the Board and the Board has sole and complete authority, in its discretion, to:

(a) [RESERVED]
(b) [RESERVED]
(c) interpret this Plan and adopt, amend and rescind administrative guidelines and other rules and regulations relating to this Plan; and
(d) make all other determinations, settle all controversies and disputes that may arise under this Plan and take all other actions necessary or advisable for the implementation and administration of this Plan.

The Board’s determinations and actions under this Plan are conclusive and binding on the Corporation and all other Persons. The day-to-day administration of this Plan may be delegated to such officers and employees of the Corporation or of an Affiliate as the Board determines.

3.2 Delegation to Committee
To the extent permitted by applicable law, the Board may, from time to time, delegate to a committee (the “Committee”) of the Board all or any of the powers conferred on the Board under this Plan. In such event, the Committee will exercise the powers delegated to it by the Board in the manner and on the terms authorized by the Board. Any decision made or action taken by the Committee arising out of or in connection with the administration or interpretation of this Plan in this context is final and conclusive.

3.3 Eligibility
All Participants are eligible to participate in this Plan, subject to the terms hereof. No additional Options shall be granted under this Plan as of the Effective Date or following the Effective Date, but Options granted prior to the Effective Date and that are outstanding on the Effective Date shall continue in accordance with their terms.

3.4 Total Shares Subject to Options
The maximum number of Subordinate Voting Shares issuable under this Plan is ● Subordinate Voting Shares, which represents the Subordinate Voting Shares issuable upon exercise of Options outstanding as of the Effective Date. At all times, the Corporation will reserve and keep available a sufficient number of Subordinate Voting Shares to satisfy the requirements of all outstanding Options granted prior to the Effective Date under the Plan.
3.5 Limits with Respect to Insiders

(a) The maximum number of Subordinate Voting Shares issuable to Insiders at any time pursuant to the exercise of Options previously granted under this Plan, including Subordinate Voting Shares issuable under any other Share Compensation Arrangement shall not exceed ten percent (10%) of the Subordinate Voting Shares and Multiple Voting Shares issued and outstanding from time to time (calculated on a non-diluted basis).

(b) The maximum number of Subordinate Voting Shares issued to Insiders within any one year period pursuant to the exercise of Options previously granted under this Plan, including Subordinate Voting Shares issued under any other Share Compensation Arrangement shall not exceed ten percent (10%) of the Subordinate Voting Shares and Multiple Voting Shares issued and outstanding from time to time (calculated on a non-diluted basis).

(c) Any Option previously granted pursuant to the Plan, or securities issued under any other Share Compensation Arrangement, prior to the Participant becoming an Insider, shall be excluded for the purposes of the limits set out in Sections 3.5(a) and 3.5(b) above.

3.6 Option Agreements

All grants of Options under this Plan will be evidenced by Option Agreements. Such Option Agreements will be subject to the applicable provisions of this Plan and will contain such provisions as are required by this Plan and any other provisions that the Board may, in its discretion, direct, provided that such provisions are not contrary to the provisions of this Plan. Any one officer of the Corporation is authorized and empowered to execute and deliver, for and on behalf of the Corporation, an Option Agreement to each Optionee.

3.7 Non-transferability

Subject to Section 4.5 and except as specifically provided in an Option Agreement approved by the Board, Options granted under this Plan may only be exercised during the lifetime of the Optionee by such Optionee personally. Subject to Section 4.5, no sale, assignment, encumbrance or other transfer of Options, whether voluntary, involuntary, by operation of law or otherwise, vests any interest or right in such Options whatsoever in any assignee or transferee (except that, if and to the extent permitted by the Board, an Optionee may transfer Options to a Registered Retirement Savings Plan or a Registered Retirement Income Fund established by or for the Optionee or under which he/she is a beneficiary) and immediately upon any assignment or transfer, or any attempt to make the same, such Options will terminate and be of no further force or effect.
ARTICLE 4
GRANT OF OPTIONS

4.1 Grant of Options
No additional Options shall be granted under this Plan as of the Effective Date and following the Effective Date.

4.2 Expiration of Options
(a) Subject to any accelerated termination as set forth in this Plan (including, without limitation, as provided in Sections 4.5 and 4.6), each Option expires on the 10th anniversary of the Date of Grant, subject to an extension pursuant to Section 4.2(b) resulting from a Black-Out Period.
(b) Notwithstanding any other provision of this Plan, should the expiration of the Exercise Period of an Option fall on, or within the nine (9) Business Days following a date upon which such Participant is prohibited from exercising such Option due to a Black-Out Period or other trading restriction imposed by the Corporation, then the expiration date for such Option shall be automatically extended to the 10th Business Day following the date the relevant Black-Out Period or other trading restriction imposed by the Corporation is lifted, terminated or removed.

4.3 Vesting, Conditions of Exercise and Exercise Period
(a) The Board may determine the time or times at and the conditions upon which an Option will vest and become exercisable. Once an Option has vested and become exercisable, it remains exercisable until expiration or termination of the Option, unless otherwise specified by the Board in the Option Agreement entered into in connection with the grant of such Option. Each Option may be exercised at any time or from time to time, in whole or in part, for up to the total number of Subordinate Voting Shares with respect to which it is then exercisable. The Board has the right to accelerate the date upon which any Option becomes exercisable notwithstanding the vesting schedule set forth in such Option, regardless of any adverse or potentially adverse tax consequences resulting from such acceleration.
(b) Subject to the provisions of this Plan and any Option Agreement, Options shall be exercised by means of a fully completed Exercise Notice delivered to the Corporation.

4.4 Payment of Exercise Price
The Exercise Notice must be accompanied by payment in full of the purchase price for the Subordinate Voting Shares to be purchased. The Exercise Price must be fully paid in cash or by certified cheque, bank draft or money order payable to the Corporation or by such other means as might be specified from time to time by the Board. No Subordinate Voting Shares will be issued
or transferred until full payment therefor has been received by the Corporation. As soon as practicable after receipt of any Exercise Notice and full payment or satisfaction, at the Board’s discretion, of the Exercise Price and any related tax withholding, the Corporation shall duly issue the applicable number of Subordinate Voting Shares to the Participant as fully paid and non-assessable.

4.5 Exercise upon Retirement, Death or Disability of Optionee

Subject to Section 4.6(e), if a Participant dies or becomes Disabled while an employee, director or officer of the Corporation or an Affiliate or if the employment or term of office of the Participant with the Corporation or an Affiliate terminates due to Retirement:

(a) in the case of an Optionee, the executor, liquidator or administrator of the Optionee’s estate or the Optionee, as the case may be, may exercise any Options then held by the Optionee to the extent that the Options were vested and exercisable at the date of such death, Disability or Retirement and the right to exercise such Options shall terminate on the earlier of: (i) in the case of the Optionee’s death, the date that is 365 days from the date of the Optionee’s death, and in the case of Optionee’s Disability or Retirement, the date that is 90 days from the date of the Optionee’s Disability or Retirement; and (ii) the date on which the Exercise Period of the particular Option expires. Any Options held by the Optionee that were not vested and exercisable at the date of death, Disability or Retirement shall immediately expire and be cancelled on such date; and

(b) [RESERVED]

4.6 Exercise upon Termination of Employment or Services

(a) Subject to Section 4.6(e), where an Optionee’s employment or term of office terminates by reason of termination by the Corporation or an Affiliate without Cause (whether such termination occurs with or without any or adequate reasonable notice, or with or without any or adequate compensation in lieu of such reasonable notice) or by reason of the Optionee’s voluntary termination in good standing, as determined by the Board in its sole discretion, but not in the event of the Optionee’s termination by reason of the Optionee’s death, Disability or Retirement, any Options then held by the Optionee that are vested and exercisable at the Termination Date will continue to be exercisable by the Optionee until the earlier of: (A) the date that is 30 days after the Termination Date; and (B) the date on which the Exercise Period of the particular Option expires. Any Options held by the Optionee that are not exercisable at the Termination Date immediately expire and are cancelled on the Termination Date.

(b) Where an Optionee’s employment or term of office terminates by reason of termination by the Corporation or an Affiliate for Cause or by reason of the Optionee’s voluntary termination not in good standing, as determined by the Board in its sole discretion, any Options then held by the Optionee, whether or not vested and/or exercisable at the Termination Date, immediately expire and are cancelled on such date or at a time as may be determined by the Board, in its sole discretion.
(c) [RESERVED]

(d) Unless the Board, in its discretion, otherwise determines, at any time and from time to time, Options are not affected by a change of employment within or among the Corporation or an Affiliate for so long as the Optionee continues to be an employee, director or officer of the Corporation or an Affiliate, as the case may be.

(c) Notwithstanding anything to the contrary herein or in any Option Agreement, where an Optionee’s employment or term of office terminates for any reason whatsoever, including by reason of termination by the Corporation or an Affiliate without Cause or by reason of the Optionee’s Disability or Retirement, if such Optionee becomes a director, officer or employee of a direct competitor of the Corporation or any of its Affiliates, then any Options held by the Optionee, whether or not vested and/or exercisable at the Termination Date, immediately expire and are cancelled on such date or at a time as may be determined by the Board, in its sole discretion.

4.7 [RESERVED]

4.8 Discretion to Permit Exercise

Notwithstanding the provisions of Sections 4.5 and 4.6, the Board may, in its discretion, at any time prior to or following the events contemplated in such sections and in any Option Agreement, permit the exercise of any or all Options held by the Optionee in the manner and on the terms authorized by the Board, provided that, subject to an extension pursuant to Section 4.2(b) resulting from a Black-Out Period, the Board will not, in any case, authorize the exercise of an Option pursuant to this section beyond the expiration of the Exercise Period of the particular Option.

4.9 Change of Control Transactions

Except as otherwise set forth in any Option Agreement, in the event of any Change of Control Transaction in which there is an acquiring or surviving entity, the Board may provide for substitute or replacement options of similar value from, or the assumption of outstanding Options by, the acquiring or surviving entity or one or more of its Affiliates, any such substitution, replacement or assumption to be on such terms as the Board in good faith determines; provided, however, that in the event of a Change of Control Transaction, the Board may take any one or more of the following actions:

(a) provide that any or all Options shall thereupon terminate; provided that any such outstanding Options that have vested shall remain exercisable until consummation of such Change of Control Transaction; and

(b) make any or all outstanding Options exercisable in full.

- 9 -
4.10 [RESERVED]

4.11 Conditions of Exercise
Each Optionee will, when requested by the Corporation, sign and deliver all such documents relating to the granting or exercise of Options which the Corporation deems necessary or desirable.

4.12 [RESERVED]

ARTICLE 5
SHARE CAPITAL ADJUSTMENTS

5.1 General
The existence of any Option does not affect in any way the right or power of the Corporation or its shareholders to make, authorize or determine any adjustment, recapitalization, reorganization or any other change in the Corporation’s capital structure or its business, or any amalgamation, combination, plan of arrangement, merger or consolidation involving the Corporation, to create or issue any bonds, debentures, shares or other securities of the Corporation or to determine the rights and conditions attaching thereto, to effect the dissolution or liquidation of the Corporation or any sale or transfer of all or any part of its assets or business, or to effect any other corporate act or proceeding, whether of a similar character or otherwise, whether or not any such action referred to in this section would have an adverse effect on this Plan or any Option granted hereunder.

5.2 Reorganization of Corporation’s Capital
Should the Corporation effect a subdivision or consolidation of Subordinate Voting Shares or any other capital reorganization or a payment of a stock dividend (other than a stock dividend that is in lieu of a cash dividend), or should any other change be made in the capitalization of the Corporation that, in the opinion of the Board, would warrant the replacement of any existing Options in order to adjust: (a) the number of Subordinate Voting Shares that may be acquired on the exercise of any outstanding Options; and/or (b) the Exercise Price of any outstanding Options in order to preserve proportionately the rights and obligations of the Optionees, the Board will authorize such steps to be taken as may be equitable and appropriate to that end.

5.3 Other Events Affecting the Corporation
In the event of (a) an amalgamation, combination, plan of arrangement, merger or other reorganization, including by a sale or lease of assets or otherwise, involving the Corporation by exchange of Subordinate Voting Shares, or (b) the payment of any extraordinary dividend, if the Board is of the opinion that such amalgamation, combination, plan of arrangement, merger, other reorganization or dividend payment warrants the replacement of any existing Options in order to adjust: (x) the number of Subordinate Voting Shares that may be acquired on the exercise of any outstanding Options; (y) the Exercise Price of any outstanding Options in order to preserve proportionately the rights and obligations of the Optionees and/or (z) the type of securities that may be acquired by the Optionees on the exercise of any outstanding Options, the Board will authorize such steps to be taken as may be equitable and appropriate to that end.
5.4 **Immediate Exercise of Awards**
Where the Board determines that the steps provided in Sections 5.2 and 5.3 would not preserve proportionately the rights and obligations of the Optionees in the circumstances or otherwise determines that it is appropriate, the Board may permit the immediate exercise of any outstanding Options that are not otherwise exercisable.

5.5 **Issue by Corporation of Additional Shares**
Except as expressly provided in this Article 5, neither the issue by the Corporation of shares of any class or securities convertible into or exchangeable for shares of any class, nor the conversion or exchange of such shares or securities, affects, and no adjustment by reason thereof is to be made with respect to: (a) the number of Subordinate Voting Shares that may be acquired on the exercise of any outstanding Options; or (b) the Exercise Price of any outstanding Options.

5.6 **Fractions**
No fractional Subordinate Voting Shares will be issued on the exercise of an Option. Accordingly, if, as a result of any adjustment under Sections 5.2 to 5.4, an Optionee would become entitled to a fractional Subordinate Voting Share, the Optionee has the right to acquire only the adjusted number of full Subordinate Voting Shares and the fractional Subordinate Voting Shares shall be disregarded, and no payment or other adjustment will be made with respect to the fractional Subordinate Voting Shares so disregarded.

5.7 **Conditions of Exercise**
This Plan and each Option are subject to the requirement that if at any time the Board determines that the listing, registration or qualification of the Subordinate Voting Shares subject to such Option upon any Stock Exchange or under any provincial, state, federal or foreign law, or the consent or approval of any governmental body, Stock Exchange or of the holders of shares in the capital of the Corporation generally, is necessary or desirable, as a condition of, or in connection with the issue or purchase of Subordinate Voting Shares thereunder, no such Option may be exercised in whole or in part unless such listing, registration, qualification, consent or approval has been effected or obtained free of any conditions not acceptable to the Board. The Optionees shall, to the extent applicable, cooperate with the Corporation in relation to such listing, registration, qualification, consent or other approval and shall have no claim or cause of action against the Corporation or any of its officers or directors as a result of any failure by the Corporation to obtain or to take any steps to obtain any such registration, qualification or approval.
6.1 Legal Requirement
The Corporation is not obligated to issue any Subordinate Voting Shares or other securities, make any payments or take any other action if, in the opinion of the Board, in its sole discretion, such action would constitute a violation by an Optionee or the Corporation of any provision of any applicable statutory or regulatory enactment of any government or government agency.

6.2 Quotation of Shares
So long as the Subordinate Voting Shares are listed on one or more Stock Exchanges, the Corporation must apply to such Stock Exchange or Stock Exchanges for the listing or quotation, as applicable, of the Subordinate Voting Shares underlying the Options granted under the Plan, however, the Corporation cannot guarantee that such Subordinate Voting Shares will be listed or quoted on any Stock Exchange.

6.3 Optionee’s Entitlement
Except as otherwise provided in this Plan or unless the Board permits otherwise, upon any Affiliate of the Corporation ceasing to be an Affiliate of the Corporation, Options previously granted under this Plan that, at the time of such change, are held by a Person who is a director, officer or employee of such Affiliate of the Corporation and not of the Corporation itself, whether or not then exercisable, shall automatically terminate on the date of such change.

6.4 Withholding Taxes
The exercise of each Option granted under this Plan is subject to the condition that if at any time the Corporation determines, in its discretion, that the satisfaction of withholding tax or other withholding liabilities is necessary or desirable in respect of such exercise, such exercise is not effective unless such withholding has been effected to the satisfaction of the Corporation. In such circumstances, the Corporation may require that an Optionee pay to the Corporation, in addition to and in the same manner as the Exercise Price for the Subordinate Voting Shares, such amount as the Corporation is obliged to remit to the relevant taxing authority in respect of the exercise of the Option. Any such additional payment is due no later than the date as of which any amount with respect to the Option must be withheld by the Corporation.

6.5 Rights of Participant/Optionee
No Participant has any claim or right to be granted an Option (including, without limitation, an Option granted in substitution for any Option that has expired pursuant to the terms of this Plan), and the granting of any Option is not to be construed as giving an Optionee a right to remain in the employ of the Corporation or an Affiliate. No Optionee has any rights as a shareholder of the Corporation in respect of Subordinate Voting Shares issuable on the exercise of rights to acquire Subordinate Voting Shares under any Option (including, without limitation, the payment of dividends or other distributions) until the fulfillment by the Optionee of the conditions set forth in Sections 4.4 and 6.4. The loss of existing or potential profit in shares underlying Options granted under this Plan shall not constitute an element of damages in the event of termination of an Optionee’s employment or service in any office or otherwise.
6.6 Termination; Amendment

(a) The Plan will terminate on the date on which all Options issued under the Plan have either been exercised, cancelled or forfeited, or in such other circumstances as contemplated by the Plan or determined by the Board.

(b) The Board may, without notice, at any time or from time to time, amend, suspend or terminate this Plan or any provisions hereof in such respects as it, in its sole discretion, determines appropriate. No such amendment, suspension or termination of this Plan, without the consent of any Optionee or the representatives of his or her estate, as applicable, materially alters or impairs any rights or obligations arising from any Option previously granted to an Optionee under this Plan that remains outstanding.

(c) Subject to Section 6.6(b) and any applicable rules of a Stock Exchange, the Board may from time to time, in its absolute discretion and without the approval of the shareholders of the Corporation, make the following amendments to this Plan:

(i) any amendment to the vesting provision, if applicable, or assignability provisions of the Options;

(ii) any amendment to the expiration date of an Option that does not extend the terms of the Option past the original date of expiration of such Option;

(iii) any amendment regarding the effect of termination of a Participant’s employment or engagement;

(iv) any amendment which accelerates the date on which any Option may be exercised under the Plan;

(v) any amendment to the definition of Participant eligible to participate in this Plan;

(vi) any amendment necessary to comply with applicable law or the requirements of the TSX, the NYSE or any other regulatory body;

(vii) any amendment of a “housekeeping” nature, including to clarify the meaning of an existing provision of the Plan, correct or supplement any provision of the Plan that is inconsistent with any other provision of the Plan, correct any grammatical or typographical errors or amend the definitions in the Plan;

(viii) any amendment regarding the administration of the Plan;
(ix) any amendment to add provisions permitting a form of financial assistance or clawback, and any amendment to a provision permitting a form of financial assistance or clawback which is adopted; and

(x) any other amendment that does not require the approval of the shareholders of the Corporation under Section 6.6(d).

(d) Shareholder approval is required for the following amendments to this Plan:

(i) Any increase in the maximum number of Subordinate Voting Shares that may be issuable from treasury pursuant to Options granted under this Plan (as set out in Section 3.4), other than an adjustment pursuant to Section 4.9 or Article 5;

(ii) except in the case of an adjustment pursuant to Section 4.9 or Article 5, any amendment which reduces the Exercise Price of an Option or any cancellation of an Option and replacement of such Option with an Option with a lower Exercise Price, to the extent such reduction or replacement benefits an Insider;

(iii) any amendment which extends the Exercise Period of any Option beyond the original Exercise Period, except in case of an extension due to a Black-Out Period and to the extent such amendment benefits an Insider;

(iv) any amendment which increases the maximum number of Subordinate Voting Shares that may be (i) issuable to Insiders and Associates of such Insiders at any time; or (ii) issued to Insiders and Associates of such Insiders under the Plan and any other proposed or established Share Compensation Arrangement in a one-year period, except in case of an adjustment pursuant to Section 4.9 or Article 5; and

(v) any amendment to the amendment provisions of the Plan;

provided that shares held directly or indirectly by Insiders benefiting from the amendments shall be excluded in accordance with the rules of the TSX when obtaining such shareholder approval.

6.7 Indemnification

Every Director or member of the Committee will at all times be indemnified and saved harmless by the Corporation from and against all costs, charges and expenses whatsoever including any income tax liability arising from any such indemnification, that such Director or member of the Committee may sustain or incur by reason of any action, suit or proceeding, taken or threatened against the Director or member of the Committee, otherwise than by the Corporation, for or in respect of any act done or omitted by the Director or member of the Committee in respect of this Plan, such costs, charges and expenses to include any amount paid to settle such action, suit or proceeding or in satisfaction of any judgement rendered therein.
6.8 Participation in the Plan
The participation of any Participant in this Plan is entirely voluntary and not obligatory and shall not be interpreted as conferring upon such Participant any rights or privileges other than those rights and privileges expressly provided in this Plan. In particular, participation in this Plan does not constitute a condition of employment nor a commitment on the part of the Corporation to ensure the continued employment of such Participant. This Plan does not provide any guarantee against any loss which may result from fluctuations in the market value of the Subordinate Voting Shares. The Corporation does not assume responsibility for the income or other tax consequences for the Participants and they are advised to consult with their own tax advisors.

6.9 Effective Date
This Plan becomes effective on the Effective Date.

6.10 Governing Law
This Plan is created under and is to be governed, construed and administered in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein.
I, ________________________________________________________________________, hereby exercise the option

(print name)

to purchase ____Subordinate Voting Shares of Canada Goose Holdings Inc. (the “Corporation”) at a purchase price of $____ per Subordinate Voting Share. This Exercise Notice is delivered in respect of the option to purchase ____Subordinate Voting Shares of the Corporation that was granted to me on ______________ pursuant to the Option Agreement entered into between the Corporation and me. In connection with the foregoing, I enclose cash, a certified cheque, bank draft or money order payable to the Corporation in the aggregate amount of $____ as full payment for the Subordinate Voting Shares to be received upon exercise of the Option.

_________________________  ______________________________
Date                        Optionee’s Signature
This option agreement (this “Option Agreement”) evidences an award of Options granted by Canada Goose Holdings Inc. (the “Corporation”) to the undersigned (the “Participant”) pursuant to and subject to the terms and conditions of the Canada Goose Holdings Inc. Omnibus Incentive Plan (the “Plan”), which is incorporated herein by reference and forms an integral part of this Option Agreement. Capitalized terms used herein and not otherwise defined shall have the meanings given to them in the Plan. Certain provisions of the Plan are reproduced or summarized herein for your convenience; however, this Option Agreement is not comprehensive.

Section 1.1 Grant of Options

(1) The Corporation confirms that the Participant has been granted Options under the Plan on the following basis, subject to the terms and conditions of the Plan:

<table>
<thead>
<tr>
<th>Date of Grant</th>
<th>Number of Options</th>
<th>Option Price (C$)</th>
<th>Vesting Schedule (including Performance Criteria)</th>
<th>Option Term</th>
<th>Type of Options (U.S. Participant)</th>
</tr>
</thead>
</table>

(2) Attached hereto and forming an integral part of this Option Agreement as Schedule A is a Form of Election to Exercise that the Participant may use to exercise any of his or her Options in accordance with the Plan at any time and from time to time prior to the expiry of the Option Term of such Options, subject to any vesting or other applicable conditions. Such notice shall be delivered at the Corporation’s registered office to the attention of the Corporate Secretary of the Corporation or any other individual that the Corporate Secretary of the Corporation may from time to time designate.

(3) If the Participant has executed and become a party to a non-competition or a non-solicitation agreement with the Corporation or any of its Subsidiaries, the Participant’s rights hereunder shall be subject to the restrictive covenants and other provisions contained in that agreement. Where the Participant is determined by the Board in its sole and absolute discretion to have breached any such restrictive covenant, all outstanding Options shall terminate and be forfeited immediately; provided, however, that the foregoing will not limit the application of the provisions contained in the Plan and in this Option Agreement.

(4) Any exercise of Options by the Participant shall be made in accordance with the Corporation’s insider trading policy. Should the expiry date of any Option Term fall
within a Black-Out Period or within nine (9) Business Days following the expiration of a Black-Out Period, such expiry date shall be automatically extended without any further act or formality to that date which is the tenth (10th) Business Day after the end of the Black-Out Period, such tenth (10th) Business Day to be considered the expiry date for such Options for all purposes under the Plan.

Section 1.2 Transferrable Option

Each Option granted under the Plan is personal to the Participant and shall not be assignable or transferable by the Participant, whether voluntarily or by operation of law, except by will or by the laws of succession of the domicile of the deceased Participant. No Option granted hereunder shall be pledged, hypothecated, charged, transferred, assigned or otherwise encumbered or disposed of on pain of nullity.

Section 1.3 Acknowledgments

By accepting this Option Agreement, the Participant represents, warrants and acknowledges that (i) he or she has read and understands the Plan and agrees to the terms and conditions thereof and of this Option Agreement; (ii) his or her participation in the trade and acceptance of the Options is voluntary; (iii) he or she has not been induced to participate in the Plan by expectation of engagement, appointment, employment, continued engagement, continued appointment or continued employment, as applicable, with the Corporation or its Affiliates; and (iv) neither the Participant nor the Participant’s personal representatives or legatees shall have any rights whatsoever as shareholder in respect of any Shares covered by the Participant’s Options by reason of the grant of such Options until such Options has been duly exercised and Shares have been issued in respect thereof. By accepting this Option Agreement, the Participant agrees that the Plan, this Option Agreement as well as any notice, document or instrument relating thereto be drawn up in English only. Par l’acceptation de ce contrat, le participant reconnaît avoir convenu que le régime incitatif de la société, ce contrat, ainsi que tout autre avis, acte ou document s’y rattachant soient rédigés en anglais seulement.

Section 1.4 Governing Law

This Option Agreement and all matters to which reference is made herein shall be governed by and interpreted in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein.

Section 1.5 Counterparts

This Option Agreement may be executed and delivered in any number of counterparts (including by facsimile, email or other electronic means), each of which is deemed to be an original, and such counterparts together constitute one and the same agreement.

Re: Canada Goose Holdings Inc.
Registration Statement on Form F-1
File No. 333-216078

Ladies and Gentlemen:

The undersigned, Canada Goose Holdings Inc. (the “Company”), is filing this Exhibit 99.1 to the Company’s Registration Statement on Form F-1 (File No. 333-216078) pursuant to Instruction 2 to Item 8.A.4 of Form 20-F in accordance with a letter received from the staff of the Securities and Exchange Commission dated February 21, 2017. The Company represents to the Commission that:

1. The Company is not currently a public reporting company in any other jurisdiction.
2. The Company is not required by any jurisdiction outside the United States, to have audited financial statements as of a date not older than 12 months from the date of filing a Registration Statement.
3. Compliance with Item 8.A.4 would be impracticable and would involve undue hardship for the Company.
4. In no event will the Company seek effectiveness of the Registration Statement if the audited financial statements contained therein are older than 15 months at the time of the offering.

Very truly yours,

CANADA GOOSE HOLDINGS INC.
