Shares Held by Brokers or Nominees

If the shares you own are held in “street name” by a brokerage firm, your brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your brokerage firm provides you. Many brokers also offer the option of providing voting instructions to them over the Internet or by telephone, directions for which would be provided by your brokerage firm on your vote instruction form.

Under stock exchange rules applicable to most brokerage firms, if you do not give instructions to your broker, your broker will be permitted to vote any shares it holds for your account in its discretion with respect to “routine” proposals, but will not be allowed to vote your shares with respect to “non-routine” proposals. **Proposal 1, regarding the election of Directors, and Proposal 2, regarding the approval, on an advisory, non-binding basis, of the Company’s executive compensation, are “non-routine” proposals. If you do not instruct your broker how to vote with respect to these proposals, your broker will not vote your shares on them and your shares will be recorded as “broker non-votes” and will not affect the outcome of the vote on those proposals.** “Broker non-votes” are shares that are held in “street name” by a bank or brokerage firm that indicates on its proxy that, while voting in its discretion on one matter, it does not have or did not exercise discretionary authority to vote on another matter.

Proposal 3, regarding the ratification of the appointment of Wolf & Company, P.C. as the Company’s independent registered public accounting firm for the fiscal year ending January 31, 2022, is considered to be a routine item under the applicable rules and your broker will be able to vote on this item even if it does not receive instructions from you, so long as your broker holds your shares in its name.

If a broker or nominee holds shares of common stock in “street name” for your account, then this proxy statement may have been forwarded to you with a voting instruction card, which allows you to instruct the broker or nominee how to vote your shares on the proposals described herein. To vote by proxy or instruct your broker how to vote, you should follow the directions provided with the voting instruction card. **In order to have your vote counted on Proposal 1 and Proposal 2, you must either provide timely voting instructions to your broker or obtain a properly executed proxy from the broker or other record holder of the shares that authorizes you to act on behalf of the record holder with respect to the shares held for your account.**

Votes Required to Transact Business at the Meeting

The holders of a majority of the shares entitled to vote, present in person or represented by proxy, will constitute a quorum for the transaction of business at the meeting. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum.

If You Receive More Than One Proxy Card or Voting Instruction Form

If you hold your shares in multiple accounts or registrations, or in both registered and street name, you will receive a proxy card or voting instruction form for each account. Please sign, date and return all proxy cards you receive from the Company. If you choose to vote by proxy via the telephone or the Internet, please vote once for each proxy card you receive. Only your latest dated proxy for each account will be voted.

Multiple Shareholders Sharing the Same Address

If you and other residents at your mailing address own shares of the Company’s common stock through a broker or other nominee, you may have elected to receive only one copy of this proxy statement and the

Company's Annual Report for its fiscal year ended January 31, 2021 ("fiscal year 2021"). If you and other residents at your mailing address own shares of common stock in your own names, you may have received only one copy of this proxy statement and the fiscal year 2021 Annual Report, unless you provided the Company's transfer agent with contrary instructions. The Board has determined that all of the directors of the Company, including each of the nominees standing for election at the 2021 annual shareholders meeting, other than Gregory A. Woods, are independent of the Company in that such nominees have no material relationship with the Company either directly or as a partner, shareholder or affiliate of an organization that has a relationship with the Company. The Board has made this determination in accordance with applicable Securities and Exchange Commission (“SEC”) rules and NASDAQ listing standards.

The directors will be elected by a plurality of the votes of the shares entitled to vote on the election of directors and present in person or represented by proxy at the annual meeting. This means that the six nominees receiving the highest number of FOR votes will be elected as directors. Votes may be cast FOR or WITHHELD FROM each nominee. Broker non-votes and votes that are WITHHELD FROM the nominees will be excluded entirely from the vote and will have no effect.

The Board recommends a vote FOR the election of each the nominees listed above.

The Board of Directors — Meetings and Committees

Audit Committee. The Audit Committee's primary duties and responsibilities include: overseeing the integrity of the Company's financial reports, appointing, setting the compensation of and overseeing the Company's independent accountants, and assessing the qualifications, independence and performance of the Company's independent accountants and the adequacy of internal controls. The Audit Committee meets with the Company's independent accountants to review quarterly financial results, the results of the audit, and other relevant matters. The Audit Committee held eight meetings during the fiscal year ended January 31, 2021. The Board has determined that all members of the Audit Committee during fiscal year 2021 satisfy the financial literacy requirements of the NASDAQ listing standards and are independent as defined under the NASDAQ listing requirements and applicable SEC rules. Additionally, the Board has determined that each of Ms. Bua and Mr. Quain qualifies as an "audit committee financial expert" as defined by the SEC rules and possesses "financial sophistication" as described in the NASDAQ listing standards.

The Nominating and Governance Committee's responsibilities include: (i) advising the Board concerning appropriate composition of the Board and its committees, including identifying individuals qualified to serve on the Board and its committees, recommending to the Board individuals to be nominated by the Board for election to the Board by the shareholders or, in appropriate circumstances, elected by the Board to fill vacancies on the Board, (ii) advising the Board regarding appropriate governance practices and assisting the Board in achieving them, and (iii) overseeing and reporting to the Board concerning the periodic evaluation of the Board, each committee of

the Board and members of the Board. The Nominating and Governance Committee is also charged with advising the board regarding applicable standards to be used in determining the independence of the directors serving on the Board, reviewing and making recommendations to the Board regarding the Company's corporate governance policies, overseeing the Company's director education and onboarding programs, and reviewing and monitoring the Company's executive officer succession plans. The Nominating and Governance Committee held four meetings in the fiscal year ended January 31, 2021.

Director Share Ownership Requirements. The Company has a stock ownership policy that requires each director to hold shares of Company common stock with a value equal to at least \$200,000. Any director who does not meet this requirement will have five years from the date of his or her initial election to the Board to achieve this ownership level. Directors are expected to retain at least 50% of the shares acquired upon exercise of any stock option (net of any shares withheld for payment of taxes) or vesting of a restricted stock or restricted unit award until they achieve the specified ownership level and thereafter maintain such ownership level. Currently, all of our directors meet the ownership requirement.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended January 31, 2021, Messrs. Quain, Schofield, and Warzala served on the Company's Compensation Committee. No member of the Company's Compensation Committee who currently serves or who served during fiscal year 2021 has ever been an officer or employee of the Company or any of its subsidiaries. None of the Company's executive officers serves as a director or member of the compensation committee of another entity in a case where an executive officer of such other entity serves as a director of the Company or a member of the Company's Compensation Committee.

Nomination of Directors

The Nominating and Governance Committee considers suggestions from many sources, including shareholders, regarding possible candidates for director. As part of its ongoing succession planning, the Nominating and Governance Committee makes periodic recommendations to the Board regarding the desired characteristics for potential directors, including with respect to competencies, special knowledge or expertise, experience of members, diversity and age. In all cases, the Nominating and Governance Committee seeks individuals who possess the highest ethical standards and integrity, have a history of achievement that reflects superior standards for themselves and others, have the ability to provide wise, informed and thoughtful counsel to management on a range of issues, exercise independence of thought, and possess skills and expertise appropriate to meet the Company's needs and advance the long-term interests of the shareholders. The Nominating and Governance Committee considers diversity with respect to viewpoints, accomplishments, skills and experiences, among other factors such as gender, race, national origin and age, in its evaluation of candidates for Board membership. In considering candidates for the Board, the Nominating and Governance Committee considers the entirety of each candidate's credentials in determining whether the candidate would bring a valuable perspective to the Board.

The Nominating and Governance Committee also monitors the Board's compliance with the requisite qualifications under the NASDAQ listing standards for populating the Audit, Compensation, and Nominating and Governance Committees. The Nominating and Governance Committee will consider shareholder nominees for director in the same manner as nominees for director from other sources.

Shareholders may send recommendations for director nominees to the Nominating and Governance Committee at the Company's offices at 600 East Greenwich Avenue, West Warwick, Rhode Island 02893. Submissions should include information regarding a candidate's background, qualifications, experience, and willingness to serve as a director. In addition, Section 10 of Article III of the Company's By-Laws sets forth specific procedures that, if followed, enable any shareholder entitled to vote in the election of directors to make nominations directly at an annual meeting of shareholders. These procedures include a requirement for written

notice to the Company not more than 150 days nor less than 60 days prior to the scheduled annual meeting, which must contain the name and certain information concerning the nominee and the shareholders who support the nominee's election. For the annual meeting to be held in 2022, the notice must be received no earlier than December 18, 2021 and no later than March 18, 2022. Communications with the Board of Directors

The Company's Board provides a process for shareholders to communicate directly with the members of the Board or the individual chairman of each standing committee. Any shareholder with a concern, question or complaint regarding our compliance with any policy or law, or who would otherwise like to contact the Board, may communicate directly with the directors by writing directly to those individuals c/o AstroNova, Inc., 600 East Greenwich Avenue, West Warwick, Rhode Island 02893. The Company's general policy is to forward, and not to intentionally screen, any mail received at the Company's corporate offices that is sent directly to an individual unless the Company believes the communication may pose a security risk.

Board Leadership Structure

All members of the Board, other than Mr. Woods, are independent and all our key committees – Audit, Compensation, and Nominating and Governance – are, and during the fiscal year ended January 31, 2021 were, comprised solely of independent directors. The non-management directors meet in executive session at least quarterly in order to promote discussion among the independent directors and assure independent oversight of management.

A key component of our leadership structure is the active role played by our independent directors in overseeing the Company's business, both at the Board and Committee level. All of our directors are free to suggest the inclusion of items on the agenda for meetings of the Board or to raise subjects that are not on the agenda for that meeting. In addition, our Board and each committee have complete and open access to any member of management and the authority to retain independent legal, financial, and other advisors as they deem appropriate without consulting or obtaining the approval of any member of management. Moreover, our Audit Committee, Compensation Committee and the Nominating and Governance Committee, all of which are comprised entirely of independent directors, also perform oversight functions independent of management.

Lead Independent Director. Our Board has not elected a Chairman at the present time. However, in August 2019, the Board elected Mr. Warzala as its lead independent director. In that capacity, among other things, Mr. Warzala serves as a liaison between the independent directors and the Company's management and as the chair of executive sessions of the independent directors. The Board believes that in light of the relatively small size of the Board and the active involvement by all of our independent directors in both the oversight of the Company and the conduct of the Board's meetings and deliberations, including the establishment of the Board's agenda for its meetings, the Board's current leadership structure is appropriate for the Company at this time. The Board intends to continue to review its leadership structure, including the role of the lead independent director.

Risk Oversight

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks through a program of sound policies, systems, processes, and reports. The Audit Committee of the Board has oversight responsibility over financial reporting and disclosure processes, compliance and legal matters, and information security and fraud risk. The Audit Committee also monitors controls to prevent material weaknesses in the financial reporting function. The Audit Committee meets regularly with our Chief Financial Officer in carrying out these responsibilities, and with the Company's independent auditors in executive session.

The Compensation Committee of the Board oversees risks as they relate to the Company’s compensation policies and practices as described under “Compensation Discussion and Analysis.” The Board’s Nominating and Governance Committee assists the Board in fulfilling the Board’s oversight responsibilities with respect to confirming the independence of board members, developing desired characteristics of the Board and identifying individuals qualified to be members of the Board, reviewing and monitoring executive officer succession plans, and assessing the effectiveness of the Board and its committees.

While each committee is responsible for evaluating the risks within their areas of responsibility and overseeing the management of such risks, all committees report regularly to the full Board, which also considers the Company’s entire risk profile.

Compensation of Directors

The Compensation Committee is responsible for reviewing and establishing the compensation of the directors of the Company. On January 31, 2019, the Compensation Committee adopted an Amended and Restated Non-Employee Director Annual Compensation Program (the “Director Compensation Program”).

Pursuant to the Director Compensation Program, each non-employee director automatically receives a grant of restricted stock on the date of his or her re-election to the Board. The number of whole shares granted is equal to the number calculated by dividing the stock component of the director compensation amount determined by the Compensation Committee for that year by the fair market value of our stock on that day. The value of the restricted stock award for fiscal year 2021 was, and for fiscal year 2022 is, \$60,000. Shares of restricted stock granted under the Director Compensation Program become vested on the first anniversary of the date of grant, conditioned upon the recipient’s continued service on the Board through that date. In the event of the death or disability of a non-employee director, or a Change in Control (as that term is defined in our 2018 Equity Incentive Plan) of the Company, the shares of restricted stock will immediately vest and no longer be subject to restrictions on transfer. Other than as part of a Change in Control of the Company and except in the case of economic hardship of a particular non-employee director, as determined by the Compensation Committee, while a non-employee director is serving on our Board he or she may not sell or otherwise dispose of any of our stock received in connection with his or her service on our Board (whether that stock was granted under the Director Compensation Program, any predecessor program or otherwise) if that non-employee director has not satisfied the requirements of any stock ownership guidelines established for directors by the Board or if the transfer would cause him or her to be out of compliance with any such guidelines.

Pursuant to the Director Compensation Program, each non-employee director receives cash payments for their service on the Board and its committees. The amounts of those payments for the fiscal year ended January 31, 2021 were:

Position Covered	Fiscal Year 2021 Annual Payment
Service on the Board	\$ 45,000
Lead Independent Director	\$ 10,000
Audit Committee Chairman	\$ 10,000
Compensation Committee Chairman	\$ 8,000
Nominating and Governance Committee Chairman	\$ 6,000
Committee Member (other than Chairman)	\$ 3,000

Cash payments are made to non-employee directors in four equal tranches on the dates of the Board’s regular quarterly meetings. No changes were made to the cash component of the Director Compensation Program for the fiscal year ended January 31, 2022.

If a person becomes a non-employee director on a date other than the date of our annual meeting of shareholders in any fiscal year, that person will receive an award of restricted stock as described above, but appropriately prorated to reflect the number of days remaining from the date he or she commences his or her service in that capacity until the scheduled date for our next annual meeting of shareholders. In addition, if a person becomes a non-employee director, Chairman of the Board, lead independent director, chairman of a committee or a member of a committee other than on the first business day of a fiscal quarter of the Company, he or she will receive cash fees on (i) the date of the regular full meeting of the Board held in that quarter or (ii) if later, the date he or she commences his or her service in that capacity, as described above, but appropriately prorated to reflect the number of days remaining in that fiscal quarter.

The following Director Compensation table provides information regarding the compensation paid or accrued by each person other than Mr. Woods who served as a director during the fiscal year ended January 31, 2021. Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act, requires the directors and executive officers of the Company and any persons who beneficially own more than ten percent of the Company's common stock to file with the SEC various reports of beneficial ownership and changes in beneficial ownership. Based solely on a review of the copies of such reports received by the Company and certain written representations that no other reports were required, the Company believes that for the fiscal year ended January 31, 2021, all of its officers, directors and 10% beneficial owners complied with the requirements of Section 16(a), except that the following forms were filed late:

- One Form 4 by each of Mr. Natalizia, Mr. Petrarca, Mr. Smith, Mr. Woods relating to the grant of a restricted stock unit award;

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee of the Company's Board of Directors (the "Committee") is charged with the responsibility for establishing, implementing and monitoring adherence to the Company's compensation philosophy and setting the compensation for our executives and key management personnel in a manner which is internally equitable. The Committee also is responsible for reviewing and establishing the compensation of directors.

Compensation Philosophy and Objectives. The Committee's overall philosophy in terms of executive compensation is to link management incentives with the actual financial performance of the Company. Similarly, the compensation should attract, retain, and motivate highly qualified individuals to achieve the Company's business goals and link their interests with shareholder interests. In setting compensation for the Company's executive officers, the Committee considers the executive's performance, awards, if any, made during prior years and other relevant factors. The Committee seeks to have the long-term performance of the Company's common stock reflected in executive compensation through our equity incentive programs.

Elements of Compensation. The total compensation program for the Company's executive officers consists of the following:

- salary;
- cash incentive and bonus awards tied to the Company's and executive's annual performance;
- equity-based incentive compensation, in the form of time-based restricted stock units and performance-based restricted stock units; and
- retirement and other benefits.

The Committee seeks to structure each element of compensation to attract and retain the necessary executive talent, reward annual performance and provide incentives for achieving both long-term strategic goals and short-term performance goals. The Committee's policy for allocating between currently paid and long-term compensation is to ensure adequate base compensation to attract and retain personnel, while providing incentives to maximize long-term value for our shareholders.

Say on Pay Consideration. In accordance with SEC rules, the Company conducted a non-binding, advisory vote on the Company's executive compensation at its 2020 annual meeting. The Company's shareholders voted to approve the Company's executive compensation practices at the 2020 annual meeting by a favorable vote of approximately 76% of the votes cast.

Setting Executive Compensation. The Committee is responsible for establishing and periodically reviewing the compensation of the Company's executive officers and approving all equity awards. The Committee annually reviews the performance of the executive officers and, based on these reviews, the Committee determines salary adjustments and annual awards. Mr. Woods does not participate during deliberations regarding his compensation.

Fiscal Year 2021 Compensation Overview. The total compensation paid to Mr. Woods and the Company's two other most highly compensated executive officers, Mr. Smith and Mr. Natalizia (collectively with Mr. Woods, the "Named Executive Officers"), in the fiscal year ended January 31, 2021 decreased from the total compensation paid in the prior fiscal year. As is described in the Executive Compensation table below, this decrease was primarily due to the fact the Named Executive Officers took a voluntary salary reduction due to the impact of the COVID-19 pandemic on the Company's financial performance, and lower valued stock awards.

Salary. Base salaries for executive officers are evaluated each year. Historically, base salaries have been increased at annual rates which approximate the general rates of increase of compensation for all employees of

the Company. Annual salary adjustments are made effective April 1 of each year. Effective as of April 1, 2020, the Committee set the fiscal year 2021 annual salaries of the Named Executive Officers as follows:

<u>Name</u>	<u>Salary</u>
Gregory A. Woods	\$ 435,000
David S. Smith	\$ 296,500
Michael J. Natalizia	\$ 235,000

Cash Incentive and Bonus Awards. Annual cash incentive awards are an important component of total executive cash compensation because they reward the Company’s executives for achieving targeted, annual results and emphasize variable or “at risk” compensation. From time-to-time the Committee awards discretionary cash bonuses to the Company’s executives to reward their efforts in extraordinary circumstances.

Senior Executive Short-Term Incentive Plan

Participants in the STIP (which may include any executive officer, vice president or director-level manager) are determined annually by the Committee. Awards under the STIP are earned based on achieving or exceeding annual financial objectives, which the Committee has full discretion to establish for each plan year. Annually, the Committee establishes a Target Award for each STIP participant, which may vary as to each participant and from year to year. In March 2020, the Committee established the following Target Awards for our Named Executive Officers for fiscal year 2021:

<u>Name</u>	<u>Target Award</u>	<u>Target Award as Percentage of Base Salary</u>
Gregory A. Woods	\$ 348,000	80%
David S. Smith	\$ 133,425	45%
Michael J. Natalizia	\$ 82,250	35%

Concurrently with the establishment of the Target Awards for fiscal year 2021, the Committee established fiscal year 2021 performance criteria under the STIP (the “2021 Performance Goals”) of consolidated revenue (the “Revenue Performance Goal”) and consolidated operating income (the “Operating Income Performance Goal”). For each of the 2021 Performance Goals, the Committee established a threshold and a target.

The Committee allocated the Target Awards to the 2021 Performance Goals as follows:

- 50% of the Target Awards were tied to achievement of the Revenue Performance Goal; and
- 50% of the Target Awards were tied to the achievement of the Operating Income Performance Goal.

Performance with respect to each specific 2021 Performance Goal was calculated independently to determine the amount of the award for each 2021 Performance Goal (each, an “Award Component”). The total STIP award earned by a Named Executive Officer for fiscal year 2021 is equal to the sum of the separate Award Components determined for each 2021 Performance Goal, calculated as follows:

- No bonus was to be paid with respect to the fiscal year Revenue Performance Goal unless our fiscal year 2021 revenue exceeded the fiscal year 2021 revenue threshold. If our fiscal year 2021 revenue had equaled or exceeded the fiscal year 2021 revenue target, 100% of the target bonus allocated to that Award Component would be paid. For fiscal year 2021 revenue falling between the fiscal year 2021 revenue threshold and the target, the bonus amount was determined through linear interpolation.
- No bonus was to be paid with respect to the fiscal year Operating Income Performance Goal unless our fiscal year 2021 operating income exceeded the fiscal year 2021 operating income threshold. If our

fiscal year 2021 operating income had equaled the operating income target established by the Compensation Committee, 100% of the target bonus allocated to that Award Component would have been paid. If our fiscal year 2021 operating income had fallen between the threshold and the target, the bonus amount would have been determined through linear interpolation. An incremental bonus of up to 100% of each Named Executive Officer's total STIP target bonus, would have been paid if our fiscal year 2021 operating income had fallen between the fiscal year 2021 operating income target and an amount equal to 132.5% of the fiscal year 2021 operating income target. If our fiscal year 2021 operating income had fallen between the fiscal year 2021 operating income target and 132.5% of the fiscal year 2021 target, the bonus amount would have been determined through linear interpolation. No further bonus would have been earned on account of fiscal year 2021 operating income that exceeded 132.5% of the operating income target.

Each of our Named Executive Officers' STIP award is subject to the following limitations:

- Aggregate awards under the STIP in any year may not exceed 15% of the Company's consolidated operating income for that year determined without deduction for the STIP awards.
- Adequate reserves for awards must be accrued when determining whether a Performance Goal based upon operating income has been achieved.

The threshold and target for each of the Performance Goals and the corresponding Award Components based on the Company's results for fiscal year 2021 were as follows:

Performance Goal	Threshold (\$)	Target (\$)	Actual Performance (\$)	Percentage of Target Bonus Earned (%)
Revenue	133,000,000	147,000,000	116,033,000	0
Operating Income	4,000,000	8,000,000	2,433,000	0

As a result, none of our Named Executive Officers received a STIP award for fiscal year 2021.

Equity-based Incentive Compensation. Total compensation at the executive level also includes equity incentive awards granted under the Company's 2018 Equity Incentive Plan. The objectives of the equity incentive awards are to align executive and shareholder long-term interests by creating a strong and direct link between executive pay and the Company's performance in key financial metrics, and to enable executives to develop and maintain a long-term stock ownership position in the Company's common stock.

In fiscal year 2021, the Committee granted to the Named Executive Officers the following number of time-based and performance-based restricted stock units.

Name	Time-based Restricted Stock Units	Performance-based Restricted Stock Units
Gregory A. Woods	26,019	52,038
David S. Smith	8,868	17,736
Michael J. Natalizia	4,686	9,372

The time-based restricted stock units vest in three equal annual installments commencing on the first anniversary of the date of grant, based on the executive's continued employment with us. The performance-based restricted stock units may be earned based upon the achievement by the Company of performance goals based on

a fiscal year 2021 revenue threshold and target (the “Revenue Goal”) and operating income threshold and target (the “Operating Income Goal”) as follows:

<u>Performance Goal</u>	<u>Threshold</u>	<u>Target</u>
Revenue Goal	\$ 133,000,000	\$ 147,000,000
Operating Income Goal	\$ 4,000,000	\$ 8,000,000

One half of the performance-based restricted stock units issued to the Named Executive Officers were subject to the Revenue Goal (“Revenue RSUs”) and the other half were subject to the Operating Income Goal (“Operating Income RSUs”). The number of Revenue RSUs and Operating Income RSUs that were earned was calculated as follows:

- The number of Revenue RSUs earned by a Named Executive Officer was equal to the total number of Revenue RSUs held by that Named Executive Officer multiplied by the quotient of
 - the Company’s fiscal year 2021 revenue minus the Revenue Goal Threshold, *divided by*
 - the Revenue Goal Target minus the Revenue Goal Threshold; and
- The number of Operating Income RSUs earned by a Named Executive Officer was equal to the total number of Operating Income RSUs held by that Named Executive Officer multiplied by the quotient of
 - the Company’s fiscal year 2021 operating income minus the Operating Income Goal Threshold, *divided by*
 - the Operating Income Goal Target minus the Operating Income Goal Threshold,

in each case rounded down to the nearest whole number. In no event could more than 100% of the Revenue RSUs or 100% of the Operating Income RSUs have become earned. Because the Company’s fiscal year 2021 revenue was less than the Revenue Goal Threshold and the Company’s fiscal year 2021 operating income was less than the Operating Income Goal Threshold, none of the Revenue RSUs or Operating Income RSUs were earned.

Share Ownership and Retention Guidelines. The Committee believes that, as a rule, senior management should have a meaningful equity interest in the Company. In order to promote equity ownership and further align the interests of management with our shareholders, the Committee has adopted share ownership and retention guidelines for our executives. These guidelines are based upon the market value of our common stock as a multiple of such officer’s base pay. The multiple is three times base salary for the CEO, two times base salary for the Chief Financial Officer and 1.25 times base salary for the other executive officers. Under these guidelines, an executive was expected to achieve the ownership level by April 1, 2020 or, if later, within five years of his or her initial appointment as an executive officer. Executives are expected to retain at least 50% of all shares acquired on vesting of restricted stock or restricted stock units and 50% of all shares acquired on exercise of any stock option (net of any shares tendered or withheld for payment of taxes) until they achieve the specified ownership level and thereafter maintain such ownership level.

Retirement and Other Benefits. In order to attract and retain key executives, the Company offers retirement benefits through a Profit-Sharing Plan for employees, including its executive officers.

Profit Sharing Plan. The Company maintains a Profit Sharing Plan that is a qualified plan under Section 401(k) of the Internal Revenue Code, which provides retirement benefits to substantially all the Company’s employees.

Each eligible employee shares in contributions on the basis of relative compensation. In addition, participants are permitted to defer up to 50% of their cash compensation and make contributions of such deferral

to this plan through payroll deductions (limited to \$19,500 in calendar years 2020 and 2021). The Company makes matching contributions equal to 50% of the first seven percent of compensation contributed. The deferrals are made within the limits prescribed by Section 401(k). The Profit Sharing Plan provides for the vesting of 100% of matching contributions made by the Company to the account of the employee after three years of service. Contributions by an employee are 100% vested immediately.

Perquisites. In addition to the benefits described above, the Company provides automobile allowances to certain of its executive officers and a housing allowance to one of its Named Executive Officers. The amount of any automobile or housing allowance granted to our Named Executive Officers is reflected in the “All Other Compensation” column of the Summary Compensation Table below.

Change in Control Agreements with Mr. Woods and Mr. Smith. In November 2014 and November 2020, the Company entered into change in control agreements (the “CIC Agreements”) with Mr. Woods and Mr. Smith, respectively. The CIC Agreements provides for the payment of severance benefits upon a change in control of the Company if Mr. Woods’ or Mr. Smith’s employment is terminated by the Company without cause or by Mr. Woods or Mr. Smith, as applicable, for good reason within the period (the “CIC Period”) beginning on the earlier of (i) 180 days prior to the occurrence of the change in control and (ii) the announcement of a transaction expected to result in a change in control, and ending on the second anniversary of the occurrence of a change in control.

Severance payments to Mr. Woods include (i) payment of one and one-half times the sum of (A) his annual salary and (B) the greater of the amount of his target bonus for the fiscal year in progress or the highest annual bonus paid to him in the prior three years (collectively, “Mr. Woods’ base compensation”), (ii) a portion of Mr. Woods’ bonus for the fiscal year in progress, prorated based upon the number of days elapsed since the commencement of the fiscal year and calculated assuming that 100% of the target under the bonus plan is achieved, (iii) immediate vesting of all unvested stock options and restricted stock awards, (iv) continued health coverage for 18 months or until he receives benefits from another employer, if earlier, and (v) reimbursement for outplacement services in an amount not to exceed 17% of Mr. Woods’ base compensation. Severance payments to Mr. Smith include (i) payment of the sum of (A) his annual salary and (B) 75% of the amount of his target bonus for the fiscal year in progress (collectively, “Mr. Smith’s base compensation”), (ii) a portion of Mr. Smith’s bonus for the fiscal year in progress, prorated based upon the number of days elapsed since the commencement of the fiscal year and calculated assuming that 100% of the target under the bonus plan is achieved, (iii) immediate vesting of all unvested stock options, restricted stock, time-based restricted stock units and earned performance-based restricted stock units (provided that performance-based restricted stock units shall be deemed to have been earned only to the extent that they are earned in accordance with their terms as of the Change in Control Date and only the time-based vesting of such earned units shall be accelerated under Mr. Smith’s CIC Agreement, (iv) continued health coverage for 12 months or until he receives benefits from another employer, if earlier, and (v) reimbursement for outplacement services in an amount not to exceed 17% of Mr. Smith’s base compensation.

If any payment or benefit under the CIC Agreement or under any other plan or agreement would constitute an “excess parachute payment” within the meaning of Section 280G of the Internal Revenue Code, and if Mr. Woods or Mr. Smith would be in a better after-tax position by reducing the such payments or benefits, the amounts payable under the applicable CIC Agreement will be reduced to the extent necessary to avoid the excise tax payable under Section 280G.

Employment Agreements and Severance Benefits. Except for the CIC Agreements with Mr. Woods and Mr. Smith, we generally do not provide any severance benefits to our Named Executive Officers other than those provided to all employees. Severance benefits vary based upon salary levels and length of service.

Risk Related to Compensation Policies

The Company's compensation policies and practices for its employees, including its executive compensation program described in Compensation Discussion and Analysis, aim to provide a risk-balanced compensation package which is competitive in our market sectors and relevant to the individual executive. The Company expects to continue to award to certain executives and employees, upon satisfaction of applicable performance conditions and subject to future approval and grant by the Compensation Committee, equity and cash-based awards. Because the Company's equity incentive programs include substantial vesting features, the Company believes that the structure of its compensation plans discourages short-term risk taking and aligns the interest of its executives and managers with those of its shareholders. The Company does not believe that risks arising from these practices, or its compensation policies and practices considered as a whole, are reasonably likely to have a material adverse effect on the Company.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The Audit Committee is composed of four directors, each of whom is independent as defined by the NASDAQ listing standards and SEC rules. The Audit Committee operates under a written charter approved by the Board.

Management is responsible for the Company's internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee's responsibilities focus on two primary areas: (1) the adequacy of the Company's internal controls and financial reporting process and the reliability of the Company's financial statements; and (2) the independence and performance of the Company's independent accountants. The Audit Committee has sole authority to select, evaluate and when appropriate, to replace the Company's independent auditors.

The Audit Committee has met with management and the Company's independent accountants, Wolf & Company, P.C., to review and discuss the January 31, 2021 financial statements. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Audit Committee also discussed with Wolf & Company, P.C. the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board. The Audit Committee also received from Wolf & Company, P.C. the written disclosures and the letter from Wolf & Company, P.C. pursuant to applicable requirements of the Public Company Accounting Oversight Board regarding Wolf & Company, P.C.'s communications with the Audit Committee concerning independence, and has discussed with Wolf & Company, P.C. its independence from the Company.

The Audit Committee received the information concerning the fees of Wolf & Company, P.C. for the year ended January 31, 2021 set forth below under "Independent Accountant Fees and Services." When applicable, the Audit Committee considers whether the provision of non-audit services is compatible with maintaining the independence of the independent accountants. Wolf & Company, P.C. did not provide any non-audit services during the fiscal year ended January 31, 2021.

Based upon the review and discussions referred to above, the Audit Committee recommended that the Board include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended January 31, 2021, to be filed with the SEC.

PROPOSAL NO. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by the Section 14A(a)(1) of the Exchange Act, the Board is providing shareholders with the opportunity to cast an advisory vote on the Company's executive compensation at the annual meeting through the following resolution:

“RESOLVED, that the shareholders approve the Company's executive compensation, as described in the Compensation Discussion and Analysis and the tabular disclosure regarding Named Executive Officer compensation (together with the accompanying narrative disclosure) in the Company's Proxy Statement.”

The Board believes that the Company's compensation policies and procedures, which are described more fully in the “Compensation Discussion and Analysis” section of this Proxy Statement and in the tables and narrative in the “Executive Compensation” section, are strongly aligned with the long-term interests of shareholders. These policies and procedures balance short-term and longer-term compensation opportunities to assure that the Company meets short-term objectives while continuing to produce value for our shareholders over the long term.

Approval of this proposal requires the affirmative vote of a majority of the shares of common stock entitled to vote and present in person or represented by proxy at the annual meeting. Abstentions will have the same effect as a vote against the proposal, and broker non-votes will have no effect on the outcome of the vote. This vote will not be binding on or overrule any decisions by the Board or any committee thereof, will not create or imply any additional fiduciary duty on the part of the Board, and will not restrict or limit the ability of the Company's shareholders to make proposals for inclusion in proxy materials related to executive compensation. However, the Compensation Committee and the Board will take into account the outcome of the vote when considering future executive compensation arrangements.

The Board recommends a vote “FOR” approval of the Company's executive compensation, as described in the Compensation Discussion and Analysis, and the tabular disclosure regarding Named Executive Officer compensation (together with accompanying narrative disclosure) in this Proxy Statement.

PROPOSAL NO. 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has sole authority to select, evaluate and when appropriate, to replace the Company's independent auditors. The Audit Committee has appointed Wolf & Company, P.C. as the Company's independent registered public accounting firm for the fiscal year ending January 31, 2022. Although action by the Company's shareholders on this matter is not required, the Audit Committee believes it is appropriate to seek shareholder ratification in light of the critical role played by the independent auditors in evaluating the integrity of Company financial controls and reporting and requests that shareholders ratify such appointment.

Approval of this proposal requires the affirmative vote of a majority of the shares of common stock entitled to vote and present in person or represented by proxy at the annual meeting. Abstentions will have the same effect as a vote against the proposal, and broker non-votes will have no effect on the outcome of the vote.

The Board of Directors recommends a vote “FOR” the ratification of the appointment of Wolf & Company, P.C. as the Company's independent registered public accounting firm for the fiscal year ending January 31, 2022.

Independent Accountants' Fees, Services and Other Matters

The Company expects a representative of Wolf & Company, P.C. will participate in the annual meeting via remote communication with the opportunity to make a statement, if he or she so desires, and that such representative will be available to respond to appropriate questions.

Aggregate fees for professional services rendered for the Company by Wolf & Company, P.C. for the fiscal years ended January 31, 2021 and 2020 are set forth below.

	<u>2021</u>	<u>2020</u>

Audit fees for the fiscal year ended January 31, 2020 included fees for professional services relating to the review of the Company's registration statements on Form S-8.

Policy on Audit Committee Pre-Approval. The Audit Committee pre-approves all audit and non-audit services provided by the independent accountants prior to the engagement of the independent accountants with respect to such services. None of the services described above were approved by the Audit Committee under the *de minimis* exception provided by Rule 2-01(C)(7)(i)(c) under Regulation S-X.
