However, this conversion rate is subject to adjustment as described under “Description of notes — Conversion rights.” As a result, the number of shares of common stock issuable upon conversion of the notes may increase or decrease in the future.

In calculating this amount for each holder, the number of shares of common stock issuable upon conversion of all of that holder's notes, but not any other holder's notes, are treated as outstanding.
- (3) The information presented assumes that all of the selling securityholders will fully convert the notes for shares of our common stock and that the selling securityholders will sell all shares of our common stock that they received pursuant to such conversion.
- (4) The beneficial owner of the securities being offered is a limited partnership and Matthew Li is the general partner of that limited partnership.
