CACI Reports Results for Its Fiscal 2015 Second Quarter

Record second quarter contract awards of \$1.88 billion, up 162 percent

Record backlog of \$9.8 billion, up 29 percent

Reiterates FY15 annual guidance

ARLINGTON, Va.--(BUSINESS WIRE)--January 28, 2015--CACI International Inc (NYSE: CACI), a leading information solutions and services provider to the federal government, announced results today for its second fiscal quarter ended December 31, 2014.

CEO Commentary and Outlook

Ken Asbury, CACI's President and CEO, said, "Our results for the second quarter were in line with our expectations. We received record contract awards for the quarter, solid contract funding, and our backlog grew significantly as we continued to execute our strategy of winning business and delivering operational excellence. We also completed the substantial ramp-up associated with the significant growth of our background investigation work for the Office of Personnel Management (OPM). While the associated costs materially impacted our operating and net income for the quarter, we are reiterating our FY15 guidance as we will see the benefit of these investments in the second half of the year, in particular our fourth quarter.

"We are confident in our competitive position and our ability to continue to meet the needs of our customers through the delivery of our innovative, affordable solutions and services. The first half of our fiscal year has provided us with a solid foundation for a strong finish in FY15 which gives us confidence in reiterating our guidance."

Second Quarter Results

(in millions except per-share data)	Q2, FY15	Q2, FY14	% Change
Revenue	\$815.4	\$894.2	-8.8%
Operating income	\$47.5	\$66.5	-28.5%
Net income attributable to CACI	\$24.6	\$35.0	-29.5%
Diluted earnings per share	\$1.01	\$1.38	-26.7%

Revenue for the second quarter of Fiscal Year 2015 (FY15) decreased 8.8 percent compared to the second quarter of Fiscal Year 2014 (FY14). The decline in revenue was primarily due to a reduction of other direct costs resulting from in-theater reductions and federal government budget-related activities that were partially offset by increased direct labor. The decrease in operating and net income in the quarter was driven by start-up costs associated with the growth of background investigation work for the Office of Personnel Management (OPM). The lesser decrease in diluted earnings per share as compared to the decrease in net income was due to fewer diluted shares as a result of paying off our convertible notes in May 2014.

For the second quarter Six3 generated \$91 million of revenue. For calendar year 2014 the Six3 acquisition generated 5 percent accretion in GAAP earnings per share and 13 percent in diluted adjusted earnings per share, excluding transaction expenses.

Additional Financial Metrics

	Q2, FY15	Q2, FY14	% Change
Earnings before interest, taxes, depreciation and amortization (EBITDA), a non-GAAP measure (in millions)	\$64.7	\$83.2	-22.3%
Diluted adjusted earnings per share, a non-GAAP measure	\$1.54	\$2.05	-24.8%
Days sales outstanding	67	67	

Second Quarter Awards and Contract Funding Orders

Our contract awards were \$1.88 billion in the second quarter of FY15, 162 percent higher than the \$717 million of contract awards in the second quarter of FY14. Approximately 50 percent of our awards in the quarter were new business.

Contract funding orders in the second quarter were \$571 million compared with \$599 million in the year earlier quarter. Our total backlog at December 31, 2014 was \$9.8 billion. Funded backlog at December 31, 2014 was \$1.9 billion.

Diluted earnings per share	\$2.30	\$2.71	-15.0%

Revenue decreased 7.3 percent compared to revenue for the first half of FY14 due to reductions in subcontract labor and other direct costs resulting from in-theater reductions and federal government budget-related activities. The decrease in operating and net income in the first half of FY15 was due primarily to start-up costs associated with the significant growth of background investigation work for OPM. The lesser decrease in diluted earnings per share as compared to the decrease in net income was due to fewer diluted shares as a result of paying off our convertible notes in May 2014. Net cash provided by operations in the first half of FY15 was \$93.3 million.

**Reconciliation of Net Income to Earnings Before Interest, Taxes, Depreciation
and Amortization (EBITDA) and to Adjusted Net Income
(Unaudited)**

The Company views EBITDA, EBITDA margin, Adjusted Net Income and Diluted Adjusted Earnings Per Share as important indicators of performance, consistent with the manner in which management measures and forecasts the Company's performance. EBITDA is a commonly used non-GAAP measure when comparing our results with those of other companies. We believe Adjusted Net Income is a significant driver of long-term value and is used by investors to measure our performance. This measure in particular assists readers in further understanding our results and trends from period-to-period by removing certain non-cash items that do not impact the cash flow performance of our business. EBITDA is defined by us as GAAP net income attributable to CACI plus net interest expense, income taxes, and depreciation and amortization. EBITDA margin is EBITDA divided by revenue. Adjusted Net Income is defined by us as GAAP net income attributable to CACI plus stock-based compensation expense, depreciation and amortization, amortization of financing costs, and non-cash interest expense, net of related tax effects. Diluted Adjusted Earnings Per Share is Adjusted Net Income divided by diluted weighted-average shares, as reported. EBITDA and Adjusted Net Income as defined by us may not be computed in the same manner as similarly titled measures used by other companies. These non-GAAP measures should not be considered in isolation or as a substitute for performance measures prepared in accordance with GAAP.
