Company committed to continued healthy cash flow in Fiscal Year 2025, driven by revenue growth, strong margins, and efficient capital management

RESTON, Va.--(BUSINESS WIRE)--CACI International Inc (NYSE: CACI), a leading provider of expertise and technology to government customers, announced results today for its fiscal fourth quarter and full year ended June 30, 2024, and issued guidance for fiscal year 2025.

“CACI’s exceptional fiscal year 2024 financial performance is the result of the relentless execution of our strategy. Our results were strong across the board, including achieving organic growth in the mid-teens, and delivering on our margin and cash flow expectations,” said John Mengucci, CACI President and Chief Executive Officer. “With more than \$14 billion of awards, we continue to demonstrate our ability to win in the marketplace with differentiated capabilities that address our customers’ most critical national security needs. Our industry-leading business development efforts drove a 22% increase in our backlog, boosting it to \$32 billion. Overall, our FY24 performance expands our ability to deliver value for our customers and shareholders throughout fiscal year 2025 and beyond.”

(1) This non-GAAP measure should not be considered in isolation or as a substitute for measures prepared in accordance with GAAP. For additional information regarding this non-GAAP measure, see the related explanation and reconciliation to the GAAP measure included below in this release.

(2) The DSO calculations for three months ended June 30, 2024 and 2023 exclude the impact of the Company’s Master Accounts Receivable Purchase Agreement (MARPA), which was a reduction of 6 days and 7 days, respectively.

Revenues in the fourth quarter of fiscal year 2024 increased 19.7 percent year-over-year, driven by 18.5 percent organic growth. The increase in income from operations was driven by higher revenues and gross profit. Growth in diluted earnings per share and adjusted diluted earnings per share was driven by higher income from operations and share repurchases earlier in the year, partially offset by a higher tax provision. The increase in cash from operations, excluding MARPA, was driven primarily by higher net income and strong working capital management.

Fourth Quarter Contract Awards

Contract awards in the fourth quarter totaled \$5.4 billion, with nearly 70 percent for new business to CACI. Awards exclude ceiling values of multi-award, indefinite delivery, indefinite quantity (IDIQ) contracts. Some notable awards during the quarter were:

- CACI was awarded an eight-year contract worth up to \$2 billion to provide digital solutions technology to standardize and centralize 11 of NASA's IT services under the NASA Consolidated Applications and Platform Services (NCAPS) award. NCAPS expands CACI's current relationship with NASA and will bring enterprise-wide automation across more than 200 systems from various NASA locations into a single program, enhancing efficiency and boosting productivity.
- CACI was awarded a ten-year expertise contract valued at up to \$450 million to support the Joint Navigation Warfare Center (JNWC), an operational center of U.S. Space Forces – Space and the Department of Defense's center of excellence for navigation warfare (NAVWAR). CACI will provide 24/7 operations support, joint and operational planning, adversary positioning, navigation, and timing (PNT) capability and order of battle assessment, and other tasks that inform and enhance joint force, DoD combatant commander, interagency, and allied NAVWAR requirements.
- CACI was awarded a five-year technology task order valued at up to \$416 million to design, produce, and deliver complex, customized radio frequency (RF) systems for the U.S. Army's signals intelligence (SIGINT) missions. As part of the Exploit, Enhance, Enable and Influence-TENCAP (E3I-T) work, CACI will begin deploying new, upgraded hardware systems this year.
- CACI was awarded a five-year task order valued at up to \$414 million to provide expertise and unmanned systems support to the U.S. Army Combat Capabilities Development Command (DEVCOM) – Command, Control, Communications, Computers, Cyber, Intelligence, Surveillance, and Reconnaissance (C5ISR) Center to enable warfighter rapid response to current and emerging threats.
- CACI was awarded a five-year task order valued at up to \$319 million to provide intelligence systems expertise to the U.S. Army, Communications-Electronics Command (CECOM), Software Engineering Center (SEC), Electronic Warfare & Sensors Directorate (IEWSD), Army Reprogramming Analysis Team-Program Office (ARAT-PO). Through the ARAT task order, CACI will help the Army, other services, and foreign military partners establish a state-of-the-art, on-demand environment that provides the most current threat data possible to support multi-domain operations.
- CACI was awarded a six-year expertise task order valued at up to \$239 million to provide intelligence analysis and operations to the U.S. Army commands in Europe and Africa. Under the Theater Military Intelligence Support Services (TMISS) task order, CACI will deliver comprehensive all-source and single-discipline intelligence expertise tailored to the U.S. European Command (EUCOM) and U.S. Africa Command (AFRICOM) AORs during peacetime activity as well as crisis and contingency.
- CACI was awarded a firm-fixed-price contract worth approximately \$100 million for the Terrestrial Layer System Brigade Combat Team Manpack (TLS BCT Manpack) by the U.S. Army. CACI will deliver a tailorable, modular, low size, weight, and power (SWaP) solution that integrates and delivers significantly improved signals intelligence and electronic warfare capabilities to soldiers at the tactical edge.

Total backlog as of June 30, 2024 was \$31.6 billion compared with \$25.8 billion a year ago, an increase of 22 percent. Funded backlog as of June 30, 2024 was \$3.8 billion compared with \$3.7 billion a year ago, an increase of 3 percent.

Additional Highlights

- CACI's optical communications technology was used by NASA to successfully send data from its Psyche spacecraft to the Jet Propulsion Laboratory in Southern California, a distance of more than 200 million kilometers, as part of the Deep Space Optical Communications (DSOC) experiment. Additionally, NASA will continue to leverage CACI's optical technology for DSOC as the range is extended.
- CACI hired Retired Lieutenant General Bob Marion as a Senior Vice President in the new role of corporate strategic advisor. In this new position, Marion will provide insight on critical industry and acquisition issues as an active member of the team charged with leading efforts to augment CACI's growing national security business.
- CACI Chairman of the Board of Directors, Michael "Mike" A. Daniels, received the Virginia Chamber of Commerce Lifetime Achievement Award honoring his career as a technology leader and for promoting a thriving economy within the Commonwealth, supported by a world-class workforce.

- (1) This non-GAAP measure should not be considered in isolation or as a substitute for measures prepared in accordance with GAAP. For additional information regarding this non-GAAP measure, see the related explanation and reconciliation to the GAAP measure included below in this release.

Revenues in fiscal year 2024 increased 14.3 percent year-over-year, driven by 13.7 percent organic growth. The increase in income from operations was driven by higher revenues and gross profit. Growth in diluted earnings per share and adjusted diluted earnings per share was driven by higher income from operations and share repurchases, partially offset by higher interest expense and a higher tax provision. The increase in cash from operations, excluding MARPA, was driven by higher net income, lower tax payments including those related to our method change enacted in fiscal year 2021 and Section 174 of the Tax Cuts and Jobs Act of 2017, and strong working capital management.

Fiscal Year 2025 Guidance

The table below summarizes our fiscal year 2025 guidance and represents our views as of August 7, 2024.

(in millions, except earnings per share)	Fiscal Year 2025 Guidance
Revenues	\$7,900 - \$8,100
Adjusted net income, a non-GAAP measure ¹	\$505 - \$525
Adjusted diluted earnings per share, a non-GAAP measure ¹	\$22.44 - \$23.33
Diluted weighted average shares	22.5
Free cash flow, a non-GAAP measure ²	at least \$425

- (1) Adjusted net income and adjusted diluted earnings per share are defined as GAAP net income and GAAP diluted EPS, respectively, excluding intangible amortization expense and the related tax impact. This non-GAAP measure should not be considered in isolation or as a substitute for measures prepared in accordance with GAAP. For additional information regarding this non-GAAP measure, see the related explanation and reconciliation to the GAAP measure included below in this release.
- (2) Free cash flow is defined as net cash provided by operating activities excluding MARPA, less payments for capital expenditures (capex). This non-GAAP measure should not be considered in isolation or as a substitute for measures prepared in accordance with GAAP. Fiscal year 2025 free cash flow guidance assumes approximately \$55 million in tax payments related to Section 174 of the Tax Cuts and Jobs Act of 2017 and an approximately \$40 million cash tax refund related to our method change enacted in fiscal year 2021. For additional information regarding this non-GAAP measure, see the related explanation and reconciliation to the GAAP measure included below in this release.

Reconciliation of Net Income to Adjusted Net Income and Diluted EPS to Adjusted Diluted EPS (Unaudited)

Adjusted net income and Adjusted diluted EPS are non-GAAP performance measures. We define Adjusted net income and Adjusted diluted EPS as GAAP net income and GAAP diluted EPS, respectively, excluding intangible amortization expense and the related tax impact as we do not consider intangible amortization expense to be indicative of our operating performance. We believe that these performance measures provide management and investors with useful information in assessing trends in our ongoing operating performance, provide greater visibility in understanding the long-term financial performance of the Company, and allow investors to more easily compare our results to results of our peers. These non-GAAP measures should not be considered in isolation or as a substitute for performance measures prepared in accordance with GAAP.

Reconciliation of Net Income to Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) (Unaudited)

The Company views EBITDA and EBITDA margin, both of which are defined as non-GAAP measures, as important indicators of performance, consistent with the manner in which management measures and forecasts the Company's performance. EBITDA is a commonly used non-GAAP measure when comparing our results with those of other companies. We define EBITDA as GAAP net income plus net interest expense, income taxes, and depreciation and amortization expense (including depreciation within direct costs). We consider EBITDA to be a useful metric for management and investors to evaluate and compare the ongoing operating performance of our business on a consistent basis across reporting periods, as it eliminates the effect of non-cash items such as depreciation of tangible assets, amortization of intangible assets primarily recognized in business combinations, which we do not believe are indicative of our operating performance. EBITDA margin is divided by revenue. These non-GAAP measures should not be considered in isolation or as a substitute for performance measures prepared in accordance with GAAP.

**Reconciliation of Net Cash Provided by Operating Activities to Net Cash Provided by Operating Activities Excluding MARPA and to Free Cash Flow
(Unaudited)**

The Company defines Net cash provided by operating activities excluding MARPA, a non-GAAP measure, as net cash provided by operating activities calculated in accordance with GAAP, adjusted to exclude cash flows from CACI's Master Accounts Receivable Purchase Agreement (MARPA) for the sale of certain designated eligible U.S. government receivables up to a maximum amount of \$250.0 million. Free cash flow is a non-GAAP liquidity measure and may not be comparable to similarly titled measures used by other companies. The Company defines Free cash flow as Net cash provided by operating activities excluding MARPA, less payments for capital expenditures. The Company uses these non-GAAP measures to assess our ability to generate cash from our business operations and plan for future operating and capital actions. We believe these measures allow investors to more easily compare current period results to prior period results and to results of our peers. Free cash flow does not represent residual cash flows available for discretionary purposes and should not be used as a substitute for cash flow measures prepared in accordance with GAAP.
