2023 Proxy Statement

March 15, 2023

Dear Fellow Shareholder:

On behalf of the Board of Directors, we are pleased to cordially invite you to attend the 2023 Annual Meeting of Shareholders of Synovus Financial Corp. at 10:00 a.m. on Wednesday, April 26, 2023. You are receiving this invitation and this Proxy Statement as a shareholder of record as of February 16, 2023.

This meeting will be completely virtual, conducted via live webcast. You will be able to attend the annual meeting online, vote your shares electronically, and submit questions during the meeting by visiting www.virtualshareholdermeeting.com/SNV2023. Details regarding how to attend the meeting online and the business to be conducted are more fully described in the accompanying Notice of the 2023 Annual Meeting of Shareholders.

We entered 2022 stronger and better, and our team delivered impressive results despite the ever-changing economic conditions. Our top-quartile performance demonstrates the resiliency of our model and our efforts to deliver on the strategic growth plan we outlined during Investor Day earlier in the year. We detailed our path forward to become a more innovative, high-performing bank for shareholders, clients, team members, and communities, and our team delivered on key investments, initiatives, and financial metrics included in our plan.

Throughout the year, we also advanced our environmental, social, and governance, or ESG, initiatives by broadening our reporting frameworks to include the Task Force on Climate-Related Financial Disclosures, by reporting under the Carbon Disclosure Project for the first time, and by completing and disclosing a three-year baseline assessment of our greenhouse gas emissions. To read more about our ESG efforts, including ongoing updates, please visit www.synovus.com/ESG.

Our Board welcomed two new directors – John Irby and Alexandra Villoch – in 2022 and has nominated an additional candidate – Stacy Apter – for 2023. In addition, we will bid farewell to four directors – Dixon Brooke, Steve Butler, Betsy Camp, and Joe Prochaska. They will retire at the 2023 Annual Meeting. We are deeply grateful to them and to all Board members for their expertise, support, and guidance in creating long-term value and sustainability for all stakeholders. Finally, we would like to recognize and thank Kessel Stelling for his years of service on the Board. Kessel retired as our Executive Chairman in December 2022. His legacy of leadership, passion for our people, and vision for the company remains engrained in our culture.

As we continue progress during 2023, we remain committed to enabling people to reach their full potential and advancing our reputation and competitive advantage in the industry.

Once again, we are providing proxy materials to our shareholders primarily through the Internet. We believe this process contributes to our efficiency and sustainability efforts while offering our shareholders a convenient way to access important information about the matters on which we will vote at our annual meeting.

Your vote is important to us. Even if you plan to attend the meeting virtually, we encourage you to vote your shares in advance by following the voting instructions provided.

Thank you for your continued support of Synovus.

Sincerely,

A handwritten signature in black ink that reads "Kevin Blair".

PROXY STATEMENT SUMMARY

This summary highlights information contained elsewhere in this Proxy Statement and in our Annual Report on Form 10-K for the year ended December 31, 2022 (the “2022 Annual Report”) which accompanies this Proxy Statement. You should read the entire Proxy Statement and our 2022 Annual Report carefully before voting. We are first furnishing the proxy materials to our shareholders on or about March 15, 2023. In this Proxy Statement, the words “Synovus,” “the Company,” “we,” “us,” and “our” refer to Synovus Financial Corp., together with Synovus Bank and Synovus’ other wholly-owned subsidiaries, except where the context requires otherwise.

Annual Meeting of Shareholders

- Time and Date: 10:00 a.m. on Wednesday, April 26, 2023
- Location: Virtual format only via www.virtualshareholdermeeting.com/SNV2023
- Record Date: February 16, 2023
- Voting: Shareholders as of the record date are entitled to vote

How to Cast Your Vote

You can vote by any of the following methods:

- Call 1-800-690-6903 and follow the recorded instructions. You will need to enter the 16-digit control number that appears on your proxy card;
- Visit www.proxyvote.com and enter the 16-digit control number that appears on your proxy card;

How to Participate in the Virtual Annual Meeting

- If you were a shareholder of record as of February 16, 2023, or if you hold a legal proxy or broker’s proxy card for the Annual Meeting provided by your bank, broker, or nominee, you can attend virtually, vote, and submit questions at the Annual Meeting. To attend virtually and participate in the Annual Meeting as a shareholder, go to www.virtualshareholdermeeting.com/SNV2023 and, when prompted, enter the 16-digit control number that appears on your proxy card, your Notice of Internet Availability, or the instructions included with your proxy materials. Once you are admitted to the meeting as a shareholder, you may vote during the Annual Meeting and also submit questions by following the instructions available on the virtual meeting website during the meeting. We encourage you to log into this website and access the virtual meeting at least 15 minutes before the start of the meeting.
- Those without a 16-digit control number may attend virtually the 2023 Annual Meeting as guests, but they will not have the option to vote shares or submit questions during the virtual meeting. Go to www.virtualshareholdermeeting.com/SNV2023 and, when prompted, register as a guest in order to listen to the meeting.

Meeting Agenda

- Election of 11 directors;
- Advisory vote on the compensation of our named executive officers as determined by the Compensation and Human Capital Committee;
- Ratification of KPMG LLP, or KPMG, as our independent auditor for the year 2023; and
- Transaction of such other business as may properly come before the meeting.

2022 Financial Performance

2022 exhibited strong overall financial performance due to robust growth in key areas such as loans and net interest income. The net interest income increase was partially driven by the interest rate environment as the asset sensitive balance sheet coupled with disciplined deposit pricing drove an increase in net interest margin and net interest income.

Non-interest revenue declined on a year-over-year basis primarily driven by an industry-wide reduction in mortgage fee income; however strong growth continued in core areas such as wealth revenue and core banking fees.

As a result of expense discipline as well as benefits from Synovus Forward efficiency initiatives, we were able to effectively manage expense growth year-over-year while investing in new business initiatives, resulting in overall strong positive operating leverage. At the end of the year, we exceeded our \$175 million commitment on Synovus Forward which included a combination of expense and revenue initiatives.

Despite higher revenue from net interest income growth, adjusted earnings per share, or adjusted EPS,* declined slightly from 2021 to 2022 and was predominantly driven by the increase in the provision for credit losses. The increase in provision was driven by the decline in the allowance for loan losses in 2021. Credit metrics improved in 2022 and remain near cycle lows, demonstrating a continuation of prudent risk management amongst an uncertain economic outlook. Our allowance for credit losses, or ACL, ended the year at 1.15%, reflecting continued health and the strong performance of our core loan portfolio offset by a declining economic outlook.

We ended the year with a common equity tier 1 capital, or CET1, ratio of 9.63% which is in the upper half of our target operating range of 9.25% - 9.75%. We effectively deployed capital in support of our organic growth and strategic growth initiatives over the course of the year. Overall, our capital position along with our strong earnings potential positions us well to execute on our strategic growth initiatives.

The following metrics are used in the short- and long-term incentives detailed further in the Proxy Statement.

* For a reconciliation of the foregoing non-GAAP financial measures to the most comparable GAAP measures, please refer to [Appendix B](#) of this Proxy Statement.

For additional information relating to our business and our subsidiaries, including a detailed description of our operating results and financial condition for 2022 and 2021, please refer to the summary on page 33 of this Proxy Statement and our 2022 Annual Report that accompanies this Proxy Statement.

2022 Compensation

During 2022, our performance across key profitability metrics, including earnings, improved from 2021. We also made significant progress toward accomplishing our key strategic priorities for the year. Our 2022 compensation reflects our improved financial performance and progress toward achieving our strategic objectives, including payouts under our short-term incentive plan that were above target.

Base Salaries

Kevin S. Blair, our Chairman of the Board, Chief Executive Officer, and President, received a 3% base salary increase to \$975,000, effective March 6, 2022, based upon the Compensation and Human Capital Committee's review of market comparisons of compensation levels among CEOs at peer companies. The Compensation and Human Capital Committee also reviewed market comparisons for other executives and recognized that some base salaries for other named executive officers were below the market median. As a result, Andrew J. Gregory, Jr. and D. Zachary Bishop received base salary increases of 26% and 18% respectively, effective March 6, 2022. Shellie R. Creson's base salary was established in connection with her hiring effective July 25, 2022.

Short-Term Incentives

- Consistent with prior years, our annual incentive plan included a combination of financial and corporate and personal objectives. For 2022, the Compensation and Human Capital Committee established financial goals for adjusted EPS and adjusted return on average assets, or adjusted ROAA, as well as a component based on corporate and personal objectives.
- The following chart summarizes the provisions of our short-term award incentive plan for 2022:

Form of Award	Measures and Weightings	Payout Features
Cash	Adjusted EPS (50%) Adjusted ROAA (25%) Corporate and Personal Objectives (25%)	Payouts from 0% to 150% of target based upon adjusted EPS, adjusted ROAA, and performance on corporate and personal objectives

- Our strong financial performance in 2022 resulted in both adjusted EPS and adjusted ROAA results above the maximum performance goal. The Compensation and Human Capital Committee also assessed performance on the corporate and personal objectives as being above target. Based on these results and the Compensation and Human Capital Committee's review of corporate and individual performance, the Compensation and Human Capital Committee approved payouts of 150% of target for the named executive officers. For more information regarding the Compensation and Human Capital Committee's annual incentive determination, including details on the Compensation and Human Capital Committee's review of the corporate and personal objectives component, please see "Payout Determination" on page 40 of this Proxy Statement.

Long-Term Incentives

- Our long-term incentive program for executive officers is comprised of two equity vehicles which link our executives' compensation to performance results: performance stock units, or PSUs, and restricted stock units, or RSUs. The following chart summarizes the key provisions of our long-term grants made in 2022:

Form of Award	Vesting	Payout Features
PSUs (60% of ongoing annual award value)	100% after 3 years	Payouts from 0% to 150% of target based upon weighted return on average tangible common equity (as adjusted) and relative total shareholder return
RSUs (40% of ongoing annual award value)	1/3 per year over 3 years (33 1/3% per year)	Time-based vesting based upon continued employment with Synovus

The PSU awards are subject to possible downward discretionary adjustment based upon risk considerations—see page 41 of this Proxy Statement. The PSUs and RSUs are also subject to the Company's clawback policy.

Because of our stock ownership guidelines, executive officers hold a meaningful amount of Synovus common stock, further aligning their interests with shareholders' interests.

We believe that the compensation delivered to each named executive officer in 2022 was fair, reasonable, and aligned with our performance and our corporate and personal objectives.

VOTING INFORMATION

Purpose

You received this Proxy Statement and the accompanying proxy card because the Board of Directors of Synovus is soliciting proxies to be used at the Annual Meeting, which will be held virtually on April 26, 2023 at 10:00 a.m. at www.virtualshareholdermeeting.com/SNV2023. Proxies are solicited to give all shareholders of record an opportunity to vote on matters to be presented at the Annual Meeting. In the following pages of this Proxy Statement, you will find information on matters to be voted upon at the Annual Meeting or any adjournment of that meeting.

Internet Availability of Proxy Materials

As permitted by the federal securities laws, Synovus is making this Proxy Statement and its 2022 Annual Report available to its shareholders via the Internet instead of mailing printed copies of these materials to each shareholder. On March 15, 2023, we mailed to our shareholders (other than those who previously requested electronic or paper delivery and other than those holding a certain number of shares) a Notice of Internet Availability, or Notice, containing instructions on how to access our proxy materials, including this Proxy Statement and the accompanying 2022 Annual Report. These proxy materials are being made available to our shareholders on or about March 15, 2023. The Notice also provides instructions regarding how to access your proxy card to vote through the Internet or by telephone. The Proxy Statement and 2022 Annual Report are also available on our website at investor.synovus.com/2023annualmeeting.

If you received a Notice by mail, you will not receive a printed copy of the proxy materials by mail unless you request printed materials. If you wish to receive printed proxy materials, you should follow the instructions for requesting such materials contained on the Notice.

If you receive more than one Notice, it means that your shares are registered differently and are held in more than one account. To ensure that all shares are voted, please either vote each account over the Internet or by telephone or sign and return by mail all proxy cards.

Who Can Vote

You are entitled to one vote per share if you were a shareholder of record of Synovus common stock as of the close of business on February 16, 2023. Your shares can be voted at the meeting only if you are present or represented by a valid proxy.

If your shares are held in the name of a bank, broker, or other holder of record, you will receive voting instructions from such holder of record. You must follow the voting instructions of the holder of record in order for your shares to be voted. Telephone and Internet voting will also be offered to shareholders owning shares through certain banks, brokers, and other holders of record. If your shares are not registered in your own name and you plan to vote your shares at the Annual Meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card in order to vote at the Annual Meeting.

Quorum and Shares Outstanding

A majority of the votes entitled to be cast by the holders of the outstanding shares of Synovus common stock must be present, either in person virtually or represented by proxy, in order to conduct the Annual Meeting. This is referred to as a quorum. On February 16, 2023, 145,863,122 shares of Synovus common stock were issued and outstanding and entitled to vote.

Proxies

The Board has designated two individuals to serve as proxies to vote the shares represented by proxies at the Annual Meeting. If you properly submit a proxy but do not specify how you want your shares to be voted, your shares will be voted by the designated proxies in accordance with the Board's recommendations as follows:

- (1) **FOR** the election of each of the 11 director nominees named in this Proxy Statement;
- (2) **FOR** the approval of the advisory vote on the compensation of Synovus' named executive officers as determined by the Compensation and Human Capital Committee; and
- (3) **FOR** the ratification of the appointment of KPMG as Synovus' independent auditor for the year 2023.

The designated proxies will vote in their discretion on any other matter that may properly come before the Annual Meeting. At this time, we are unaware of any matters, other than as set forth above, that may properly come before the Annual Meeting.

Required Votes

The number of affirmative votes required to approve each of the proposals to be considered at the Annual Meeting is described below:

Proposal 1 – Election of 11 Directors

To be elected, each of the 11 director nominees named in this Proxy Statement must receive more votes cast “for” such nominee’s election than votes cast “against” such nominee’s election. If a nominee who currently is serving as a director does not receive the required vote for re-election, Georgia law provides that such director will continue to serve on the Board of Directors as a “holdover” director. However, pursuant to Synovus’ Corporate Governance Guidelines, each holdover director has tendered an irrevocable resignation that would be effective upon the Board’s acceptance of such resignation. In that situation, our Corporate Governance and Nominating Committee would consider the resignation and make a recommendation to the Board of Directors about whether to accept or reject such resignation and publicly disclose its decision within 90 days following certification of the shareholder vote.

All Other Proposals

For all of the other proposals described in this Proxy Statement, the affirmative vote of a majority of the votes cast is required to approve each such proposal.

Abstentions and Broker Non-Votes

Under certain circumstances, including the election of directors, matters involving executive compensation, and other matters considered non-routine, banks and brokers are prohibited from exercising discretionary authority for beneficial owners who have not provided voting instructions to the bank or broker. This is generally referred to as a “broker non-vote.” In these cases, as long as a routine matter is also being voted on, and in cases where the shareholder does not vote on such routine matter, those shares will be counted for the purpose of determining if a quorum is present, but will not be included as votes cast with respect to those matters. Whether a bank or broker has authority to vote its shares on uninstructed matters is determined by stock exchange rules. We expect that brokers will be allowed to exercise discretionary authority for beneficial owners who have not provided voting instructions only with respect to Proposal 3 but not with respect to any of the other proposals to be voted on at the Annual Meeting.

For all proposals, abstentions and broker non-votes will have no effect on the proposal to be considered at the Annual Meeting.

How You Can Vote

If you hold shares in your own name, you may vote by proxy or virtually at the Annual Meeting at www.virtualshareholdermeeting.com/SNV2023. To vote by proxy, you may select one of the following options:

Vote by Telephone

You can vote your shares by telephone by calling 1-800-690-6903. Telephone voting is available 24 hours a day, seven days a week, until 11:59 P.M., Eastern Time, on April 25, 2023. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. Our telephone voting procedures are designed to authenticate the shareholder by using individual control numbers. If you vote by telephone, you do NOT need to return your proxy card.

Vote by Internet

You can also choose to vote by visiting www.proxyvote.com. Internet voting is available 24 hours a day, seven days a week, until 11:59 P.M., Eastern Time, on April 25, 2023. You will be given the opportunity to confirm that your instructions have been properly recorded, and you can consent to view future proxy statements and annual reports on the Internet instead of receiving them in the mail. If you vote on the Internet, you do NOT need to return your proxy card.

Vote by Mail

If you choose to vote by mail, simply mark your proxy card, date, and sign it, and return it in the postage-paid envelope provided.

Vote at the Annual Meeting

You can vote your shares at the Annual Meeting by visiting www.virtualshareholdermeeting.com/SNV2023 and following the instructions described below.

If your shares are held in the name of a bank, broker, or other holder of record, you will receive instructions from such holder of record that you must follow for your shares to be voted. Please follow their instructions carefully. Also, please note that if the holder of record of your shares is a broker, bank, or other nominee and you wish to vote at the Annual Meeting, you must request a legal proxy or broker’s proxy from your bank, broker, or other nominee that holds your shares and present that proxy at the Annual Meeting.

Synovus Stock Plans

If you participate in the Synovus Dividend Reinvestment and Direct Stock Purchase Plan, the Synovus Employee Stock Purchase Plan, and/or the Synovus Director Stock Purchase Plan, your proxy card represents shares held in the respective plan, as well as shares you hold

directly in certificate form registered in the same name. If you hold shares of Synovus common stock through a 401(k) plan, you will receive a separate proxy card representing those shares of Synovus common stock.

Revocation of Proxy

If you are a shareholder of record and vote by proxy, you may revoke that proxy at any time before it is voted at the Annual Meeting. You may do this by (1) signing another proxy card with a later date and returning it to us prior to the Annual Meeting, (2) voting again by telephone or on the Internet prior to 11:59 P.M., Eastern Time, on April 25, 2023, or (3) attending the Annual Meeting virtually and casting a ballot.

If your Synovus shares are held by a bank, broker, or other nominee, you must follow the instructions provided by the bank, broker, or other nominee if you wish to change or revoke your vote.

Attending the Annual Meeting

The Annual Meeting will be held on Wednesday, April 26, 2023 via a virtual format by live webcast.

To attend the Annual Meeting virtually and participate as a shareholder, you will need to go to www.virtualshareholdermeeting.com/SNV2023 and, when prompted, enter the 16-digit control number included in your proxy card, your Notice, or the instructions included with your proxy materials.

If your shares are registered in your name and you received proxy materials by mail, your control number is attached to your proxy card. If you hold shares through an account with a bank or broker, you will need to contact your bank or broker and request a legal proxy. A legal proxy is an authorization from your bank or broker for you to vote the shares it holds in its name on your behalf. It also serves as your control number.

Once you are admitted to the meeting as a shareholder, you may vote during the meeting and also submit questions by following the instructions available on the virtual meeting website during the meeting. Those without a 16-digit control number may attend the 2023 Annual Meeting as guests, but they will not have the option to vote shares or submit questions during the virtual meeting.

If you are unable to attend the meeting, you can listen to it later and view the slide presentation over the Internet at investor.synovus.com/2023annualmeeting. We will maintain copies of the slides and audio of the presentation for the Annual Meeting on our website for reference after the meeting. Information included on Synovus' website, other than the Proxy Statement and form of proxy, is not a part of the proxy soliciting material.

Voting Results

You can find the voting results of the Annual Meeting in Synovus' Current Report on Form 8-K, which Synovus will file with the SEC no later than May 2, 2023.

If you have questions about the matters described in this Proxy Statement, how to submit your proxy, or if you need additional copies of this Proxy Statement, the enclosed proxy card, or voting instructions, you should contact Innisfree M&A Incorporated, the Company's proxy solicitor, toll-free at (888) 750-5834. Banks and brokers may call collect at (212) 750-5833.

CORPORATE GOVERNANCE AND BOARD MATTERS

Corporate Governance Philosophy

The business affairs of Synovus are managed under the direction of the Board of Directors in accordance with the Georgia Business Corporation Code, as implemented by Synovus' Articles and bylaws. The role of the Board of Directors, or the Board, is to effectively govern the affairs of Synovus for the benefit of its shareholders. The Board strives to ensure the success and continuity of Synovus' business through the appointment of qualified executive management. It is also responsible for ensuring that Synovus' activities are conducted in a responsible and ethical manner. Synovus and its Board of Directors are committed to following sound corporate governance.

Corporate Governance Highlights

Synovus' Board and management believe that good corporate governance practices promote the long-term interests of all shareholders and strengthen Board and management accountability. Highlights of such practices include:

- On-going focus on Board refreshment, with more than half of our nominees first elected or nominated to our Board within the last 5 years;
- Continuous attention to the importance of Board diversity, with 36% of our directors being women, 36% of our directors being persons of color, and all of our directors representing diverse and varied backgrounds, geographies, qualifications, and perspectives;
- One vote per share voting structure;
- An independent Lead Director;
- Audit, Compensation and Human Capital, Risk, and Corporate Governance and Nominating Committees comprised entirely of independent directors;
- Robust ESG and enterprise risk oversight by the Board and its committees;
- Board focus on strategic planning and direction, with oversight and guidance of Synovus' long-term strategy within approved risk appetite parameters;
- Annual elections of all directors;
- Majority voting for director elections;
- Periodic and regular rotation of Board committee leadership and composition;
- Open and transparent shareholder engagement, with involvement from Synovus' Lead Director and other independent directors as appropriate;
- Frequent and comprehensive education programs to keep directors apprised of such evolving issues as business and banking trends; risks and compliance issues; laws, regulations, and requirements applicable to Synovus and to the banking industry generally; and corporate governance best practices;
- Policies prohibiting the hedging, pledging, and short sale of shares of Synovus stock by directors and executive officers;
- Regular and robust Board and committee self-evaluations, facilitated from time to time by an independent third party;
- Mandatory retirement of our directors upon attaining the later of age 72 or 7 years of Board service (but in no event later than age 75);
- Executive compensation driven by a pay-for-performance policy;
- Meaningful stock ownership guidelines for Board members and executive officers; and
- Implementation of a clawback policy for incentive compensation paid to Synovus' executive officers.

In addition, the Board, under the leadership of the Corporate Governance and Nominating Committee, continues to actively monitor and consider additional and evolving changes to our corporate governance practices for the future.

Independence

The NYSE listing standards provide that a director does not qualify as independent unless the Board of Directors affirmatively determines that the director has no material relationship with Synovus. The Board has established categorical standards of independence to assist it in determining director independence which conform to the independence requirements in the NYSE listing standards. The categorical standards of independence are incorporated within our Corporate Governance Guidelines, are attached to this Proxy Statement as [Appendix A](#), and are also available in the Corporate Governance section of our website at investor.synovus.com.

The Board has affirmatively determined that a majority of its members are independent as defined by the listing standards of the NYSE and the categorical standards of independence set by the Board. Synovus' Board has determined that, as of January 1, 2023, the following thirteen directors are independent: Tim E. Bentsen; F. Dixon Brooke, Jr.; Stephen T. Butler; Elizabeth W. Camp; Pedro Cherry; John H. Irby; Diana M. Murphy; Harris Pastides; Joseph J. Prochaska, Jr.; John L. Stallworth; Barry L. Storey; Alexandra Villoch; and Teresa White. In addition, the Board has affirmatively determined that Stacy Apter will be independent if elected to the Board at the Annual Meeting. Please see "Certain Relationships and Related Transactions" on page 55 of this Proxy Statement for a discussion of certain relationships between Synovus and its independent directors. These relationships have been considered by the Board in determining a director's independence from Synovus under Synovus' Corporate Governance Guidelines and the NYSE listing standards and were determined to be immaterial.

Board Meetings and Attendance

The Board of Directors held ten meetings in 2022. All directors attended at least 75% of Board and committee meetings held during their tenure during 2022. The average attendance by incumbent directors at the aggregate number of Board and committee meetings they were scheduled to attend was 98%. Although Synovus has no formal policy with respect to Board members' attendance at its annual meetings, it is customary for all Board members to attend the annual meeting. All of Synovus' then-current directors attended Synovus' 2022 annual meeting of shareholders.

Board meetings regularly include educational presentations and training to enable our directors to keep abreast of business and banking trends and market, regulatory, and industry issues. These sessions are often conducted by outside experts in such subject areas as cybersecurity, evolving regulatory standards, risk management, emerging products and trends, economic conditions, digital, technology, and effective corporate governance. In addition, the Board is provided business-specific training on products and services and special risks and opportunities to Synovus. Moreover, our directors periodically attend industry conferences, meetings with regulatory agencies, and educational sessions pertaining to their service on the Board and its committees.

Committees of the Board

Synovus' Board of Directors has five principal standing committees—an Audit Committee, a Corporate Governance and Nominating Committee, a Compensation and Human Capital Committee, a Risk Committee, and an Executive Committee. Each committee has a written charter adopted by the Board of Directors that complies with the applicable listing standards of the NYSE pertaining to corporate governance. Copies of the committee charters are available in the Corporate Governance section of our website at investor.synovus.com. The Board has determined that each member of the Audit, Corporate Governance and Nominating, Compensation and Human Capital, and Risk Committees is an independent director as defined by the listing standards of the NYSE and our Corporate Governance Guidelines. The following table shows the membership and leadership of the various committees as of the date of this Proxy Statement.

Following the election of directors at the Annual Meeting, composition and leadership of the foregoing committees will be reconstituted after giving effect to any changes to the current composition of the Board.

Audit Committee

Synovus' Audit Committee held twelve meetings in 2022 and two joint meetings with the Risk Committee in 2022. The Audit Committee's report is on page 31 of this Proxy Statement. The Board has determined that all six members of the Committee are independent and financially literate under the rules of the NYSE and that each of the six members of the Audit Committee is an "audit committee financial expert" as defined by the rules of the SEC. The primary functions of the Audit Committee include:

- Monitoring the integrity of Synovus' financial statements, Synovus' systems of internal controls, and Synovus' compliance with regulatory and legal requirements;
- Overseeing the risks relating to financial reporting, litigation, credit, and related matters;
- Reviewing and discussing with Synovus' management and the independent auditor Synovus' financial statements and related information, including non-GAAP financial information, critical audit matters, and other disclosures included in Synovus' earnings releases and quarterly and annual reports on Form 10-Q and Form 10-K prior to filing with the SEC;
- Monitoring the independence, qualifications, and performance of Synovus' independent auditor and internal audit function; and
- Providing an avenue of communication among the independent auditor, management, internal audit, and the Board of Directors.

Corporate Governance and Nominating Committee

Synovus' Corporate Governance and Nominating Committee held nine meetings in 2022. The primary functions of Synovus' Corporate Governance and Nominating Committee include:

- Identifying qualified individuals to become Board members;
- Recommending to the Board the director nominees for each annual meeting of shareholders and director nominees to be elected by the Board to fill interim director vacancies;
- Recommending to the Board the leadership structure of the Board and the composition and leadership of Board committees;
- Overseeing the annual review and evaluation of the performance of the Board and its committees;
- Developing and recommending to the Board updates to our corporate governance documents;
- Reviewing and assessing shareholders' feedback related to our governance practices and shareholder engagement process; and
- Overseeing the Company's ESG strategy, initiatives, and policies.

Compensation and Human Capital Committee

Synovus' Compensation and Human Capital Committee held six meetings in 2022. Its report is on page 46 of this Proxy Statement. The primary functions of the Compensation and Human Capital Committee include:

- Approving and overseeing Synovus' executive compensation program;
- Reviewing and approving annual corporate goals and objectives for the Chief Executive Officer's compensation, evaluating the CEO's performance in light of those goals and objectives, and determining the CEO's compensation level based on such evaluation;
- Approving non-CEO executive compensation, including base salary and short-term and long-term compensation;
- Overseeing all compensation and benefit programs in which broad-based employees of Synovus are eligible to participate;
- Reviewing Synovus' incentive compensation arrangements to confirm that incentive pay does not encourage unnecessary risk taking and reviewing and discussing, at least annually, the relationship between risk management and incentive compensation;
- Developing and recommending to the Board compensation for non-employee directors;
- Monitoring and reviewing the talent management and succession planning processes for the CEO and Synovus' other key executives;
- Providing oversight of Synovus' broader talent management and diversity, equity, and inclusion processes and initiatives;
- Assisting the Board in its oversight of all other human capital management strategies, practices, and risks; and
- Coordinating as necessary with the Corporate Governance and Nominating Committee in its oversight role of ESG.

Information regarding the Compensation and Human Capital Committee's processes and procedures for considering and determining executive officer compensation is provided in the "Executive Compensation—Compensation Discussion and Analysis" section of this Proxy Statement. Except to the extent prohibited by law or regulation, the Compensation and Human Capital Committee may delegate matters within its power and responsibility to individuals or subcommittees when it deems appropriate.

In addition, the Compensation and Human Capital Committee has the authority under its charter to retain outside advisors to assist the Committee in the performance of its duties. During 2022, the Committee retained the services of Meridian Compensation Partners, LLC, or Meridian, to:

- Provide ongoing recommendations regarding executive and director compensation consistent with Synovus' business needs, pay philosophy, market trends, and the latest legal and regulatory considerations;

TABLE OF CONTENTS

- Provide market data for base salary, short-term incentive, and long-term incentive decisions; and
- Advise the Compensation and Human Capital Committee as to best practices and market developments.

The Compensation and Human Capital Committee evaluated whether the work provided by Meridian raised any conflict of interest. The Compensation and Human Capital Committee considered various factors, including the six factors mandated by SEC rules, and determined that no conflict of interest was raised by the work of Meridian described in this Proxy Statement. Meridian was engaged directly by the Compensation and Human Capital Committee, although the Compensation and Human Capital Committee also directed that Meridian work with Synovus' management to facilitate the Compensation and Human Capital Committee's review of compensation practices and management's recommendations. Synovus' Chief Human Resources Officer developed executive compensation recommendations for the Compensation and Human Capital Committee's consideration in conjunction with Synovus' CEO and with the advice of Meridian. Meridian did not provide any other services to Synovus during 2022.

In 2022, Synovus' Chief Human Resources Officer worked with the Chairman of the Compensation and Human Capital Committee to establish the agenda for committee meetings. Management also prepared background information for each committee meeting. Synovus' Chief Human Resources Officer and CEO generally attend committee meetings by invitation of the Compensation and Human Capital Committee. However, the Compensation and Human Capital Committee regularly meets in executive session without members of management in attendance, and the CEO and other members of management do not have authority to vote on committee matters. Meridian attended all of the committee meetings held during 2022 at the request of the Compensation and Human Capital Committee.

Risk Committee

Synovus' Risk Committee held seven meetings in 2022 and two joint meetings with the Audit Committee in 2022. The primary functions of Synovus' Risk Committee include:

- Monitoring and reviewing the enterprise risk management and compliance framework policies and processes;
- Monitoring and reviewing emerging risks and the adequacy of risk management and compliance functions;
- Overseeing ESG risk management initiatives and activities including management of risks pertaining to climate change and sustainability in coordination with the Corporate Governance and Nominating Committee;
- Monitoring the independence and authority of the enterprise risk management function and reviewing the qualifications and background of the Chief Risk Officer and other senior risk officers; and
- Providing recommendations to the Board in order to effectively manage risks.

Executive Committee

The Executive Committee held one meeting in 2022 and is comprised of the chairpersons of the principal standing committees of the Board and Board of Directors of Synovus Bank, the Chief Executive Officer, the Chairman of the Board (if different from the Chief Executive Officer), and the Lead Director. During the intervals between meetings of the Board, the Executive Committee possesses and may exercise any and all of the powers of the Board in the management and direction of the business and affairs of Synovus with respect to which specific direction has not been previously given by the Board, unless Board action is required by Synovus' governing documents, law, or rule.

Compensation and Human Capital Committee Interlocks and Insider Participation

Messrs. Bentsen, Brooke, Butler, Prochaska, and Storey, Ms. Murphy, and Ms. White served on the Compensation and Human Capital Committee during 2022. None of these individuals is or has been an officer or employee of Synovus. In 2021, none of our executive officers served on the board of directors or compensation committee of any entity that had one or more of its executive officers serving on Synovus' Board or Compensation and Human Capital Committee.

Strategic Direction

One of our Board's most important functions is to provide oversight and direction as to Synovus' strategy, including business and organizational initiatives, potential growth opportunities, risks, and challenges. As such, the Board incorporates strategic topics into each meeting agenda and monitors strategic progress and emerging risks quarterly through the Risk Committee. Management provides the Board with a detailed review of the strategic plan, including the short-term and long-term initiatives and targets. As a part of this process, the Board and its committees carefully consider whether the strategic plan aligns with Synovus' risk appetite and risk profile. Moreover, the Board has at least one extended session annually focused on a deeper dive into emerging industry trends and the correlation to Synovus' strategic direction.

In 2022, Synovus' strategic plan continued to focus on building upon our proven strong reputation, commitment to our communities, and relationship-centered approach while reflecting the unique considerations for us as a regional bank moving more aggressively toward innovation. 2022 presented unique strategic planning challenges as interest rates increased aggressively throughout the year and economic growth began to taper. In response to this unprecedented environment, we made deliberate adjustments to our businesses and business model to drive sustained franchise value while retaining our legacy focus on our people and our clients. Embracing the acceleration of

technology and adopting digital and data capabilities are critical to position us as a top quartile performing bank of the future. During 2022, we focused on growth and performance through four core pillars:

Four strategic pillars of transformation

Each of these pillars is supported by various strategic initiatives designed to drive growth and improve performance, with a prioritization on such matters as investing in commercial client growth, fortifying and refocusing consumer banking, refreshing the brand, re-imagining the client journey, automating systems and processes, using advanced analytics, delivering new products through a modern core platform, developing diverse leaders, and establishing a growth based culture. We believe that disciplined and continued execution of these core pillars will position us for long-term top quartile performance.

In addition, in 2022, the Company completed Synovus Forward, our cost savings and revenue-generating initiative announced in 2020 and focused on such matters as our third party spend program, branch optimization, back-office staff optimization, market-based repricing of certain product offerings, optimized deposit pricing, commercial analytics, digital enhancements, balance sheet management, and new business lines. As of December 31, 2022, Synovus had achieved a cumulative pre-tax run rate benefit of approximately \$180 million through the Synovus Forward initiative.

Lastly, the Board successfully navigated through an executive leadership transition beginning in April 2021 with Mr. Blair's succession into the role of President and Chief Executive Officer and culminating in December 2022 with Mr. Blair's succession into the role of Chairman of the Board. Throughout this process, the Board remained focused on execution of the Company's key strategic priorities.

The Board monitors the execution of the strategic plan throughout the year at its regularly scheduled meetings and continually assesses and guides management on the strategic direction and initiatives.

Risk Oversight

Under Synovus' Corporate Governance Guidelines, the Board is charged with providing oversight of Synovus' risk management processes. The Board does not view risk in isolation and considers risk in virtually every business decision and as part of the Company's overall business strategy. While the Board oversees risk management, the Company's management is charged with managing risk. The Board's role in risk oversight is an integral part of Synovus' overall enterprise risk management framework.

The Risk Committee fulfills the overarching oversight role for the enterprise risk management and compliance processes, including approving the risk appetite of the Company, risk tolerance levels, and risk policies and limits, monitoring key and emerging risks, and reviewing risk assessments. In carrying out its responsibilities, the Risk Committee works closely with Synovus' Chief Risk Officer and other members of Synovus' enterprise risk management team. The Risk Committee meets periodically with the Chief Risk Officer and other members of management and receives a comprehensive report on enterprise risk management matters, including management's assessment of risk exposures (including risks related to strategy, reputation, credit, market/interest rates, liquidity, legal, compliance, and operations, among others) and the processes in place to monitor and control such exposures. The Risk Committee is also responsible for overseeing the investment policy and strategy and contingency funding plan of the Company. Between meetings, as needed or appropriate, the Chairman of the Risk Committee receives updates relating to risk oversight matters from the Chief Risk Officer, the CEO, and the Chief Information Security Officer. The Risk Committee provides a report on risk management to the full Board on at least a quarterly basis.

In addition, oversight of risk is allocated to all other committees of the Board, who meet regularly and report back to the Board. The Audit Committee oversees risks related to financial reporting, internal controls over financial reporting, valuation of investment securities and private equity investments, internal and independent audit functions, capital adequacy, legal matters, tax matters, credit matters, and reputational risks relating to these areas. The Compensation and Human Capital Committee oversees risks related to incentive compensation, executive and director compensation, executive succession planning, talent retention, human capital, and reputational risks.

relating to these areas. As a part of the risk governance process, the Chief Risk Officer provides an annual risk profile of our compensation plans to the Compensation and Human Capital Committee. For a discussion of the Compensation and Human Capital Committee's review of Synovus' senior executive officer compensation plans and employee incentive compensation plans and the risks associated with these plans, see "Compensation Framework: Compensation Policies, Compensation Process, and Risk Considerations—Risk Considerations" on page 45 of this Proxy Statement. In coordination with the Risk Committee, the Corporate Governance and Nominating Committee oversees ESG-related risks and corporate governance-related risks, such as board composition and effectiveness, board succession planning, corporate governance policies, related party transactions, ethics, and reputational risks relating to these areas.

The Company believes that its enterprise risk framework, including the active engagement of management with the Board in the risk oversight function, supports the risk oversight function of the Board. For more information on the risks facing the Company, see the risk factors in "Part I—Item 1A. Risk Factors" in the 2022 Annual Report.

Cybersecurity

Information security is a significant operational risk for financial institutions which may lead not only to financial losses, but may also negatively affect the reputation of and confidence in the Company. Synovus continues to enhance our information security program and capabilities to identify and mitigate threats to the confidentiality, availability, and integrity of our information systems. Below are some highlights of the elements of our information security program:

- Our Board is actively engaged in the oversight of Synovus' information security risk management and cybersecurity programs. The Risk Committee receives quarterly updates from the Company's Chief Information Security Officer on our information security and cyber risk strategy, cyber defense initiatives, cyber event preparedness, and cybersecurity risk assessments. The Risk Committee annually approves the Company's information security program. In addition to an annual report on these issues with the full Board, the Board consults, from time to time and on a regular basis, with outside parties with an expertise in cybersecurity.
- Synovus follows widely accepted cybersecurity policies and best practices to define and measure our security program. We are externally audited on an annual basis and certified on information security standards, including System and Organizational Controls (SOC) and Payment Card Industry Data Security Standard (PCI DSS). Our program is reviewed on a periodic basis against the *Federal Financial Institutions Examination Council's (FFIEC) Cybersecurity Assessment Tool* and the National Institute of Standards and Technology Cybersecurity Framework in order to measure our cybersecurity preparedness, evaluate whether cybersecurity preparedness is aligned with risks, determine risk management practices and controls that are needed or need enhancement, and to inform our risk management strategies.
- We engage and retain independent third-parties to review and assess our information security program, and these updates are reviewed with the Risk Committee and executive leadership. We keep computer forensics, legal, and security firms on retainer in case of a cyber breach event. We engage independent third-parties to perform annual penetration tests against our network.
- We employ a risk management framework to identify, assess, monitor, and test cyber risk and controls. This formal process of risk assessment, risk treatment, risk acceptance, communication, consultation, monitoring, and review is designed in accordance with the ISO 27005 Standard.
- We perform comprehensive due diligence and ongoing oversight of third-party relationships, including vendors.
- We are members of financial sector organizations, including the Financial Services Information Sharing and Analysis Center (FS-ISAC), which facilitates the sharing of cyber and physical threat, vulnerability, and incident information for the good of the membership.
- Our information security program employs a wide variety of technologies that are intended to secure our operations and proprietary information. This in-depth defense strategy focuses on protecting our networks, systems, data, and facilities from attacks or unauthorized access. We have a dedicated Cybersecurity Fusion Center for monitoring and responding to cyber events.
- We make ongoing investments in developing and enhancing our security processes and controls and in maintaining our technology infrastructure.
- Synovus has a Business Continuity/Disaster Recovery program in place which is tested on a regular basis. Our Incident Response program is tested regularly, including independent third-party review and assessments.
- We provide annual education and training to our Board on cybersecurity risks and awareness, including participation in tabletop exercises related to cybersecurity. We have a robust program of education for our employees on cybersecurity and social engineering to mitigate risk including required annual training, quarterly training on critical topics, and bimonthly security awareness communications. We conduct exercises to test their effectiveness on a monthly basis throughout the year.
- We maintain a risk management insurance policy related to our cybersecurity and information security risks which is intended to defray the costs and losses of any related loss.

Leadership Structure of the Board

Our current Board leadership structure consists of:

- A non-independent Chairman of the Board;
- An independent Lead Director;
- Committees chaired by independent directors; and
- Active engagement by all directors.

Our Corporate Governance Guidelines and governance framework provide the Board with flexibility to select the appropriate leadership structure for Synovus. In making leadership structure determinations, the Board considers many factors, including the specific needs of the

business and what is in the best interests of Synovus' shareholders. In accordance with Synovus' bylaws, our Board of Directors elects our Chairman and CEO, and both of these positions may be held by the same person or may be held by two persons. Under our Corporate Governance Guidelines, the Board does not have a policy, one way or the other, on whether the roles of the Chairman and CEO should be separate and, if it is to be separate, whether the Chairman should be selected from the non-employee directors or be an employee. However, our Corporate Governance Guidelines require that, if the Chairman of the Board is not an independent director, the Corporate Governance and Nominating Committee shall nominate, and a majority of the independent directors shall elect, a Lead Director. Under its charter, the Corporate Governance and Nominating Committee periodically reviews and recommends to the Board the leadership structure of the Board and, if necessary, nominates the Lead Director candidate from the independent directors. Currently, one individual serves as both our Chairman and CEO, and, as a result, Synovus also has a Lead Director. The Board currently believes that the combination of these two roles provide consistent communication and coordination throughout the organization, which results in a more effective and efficient implementation of corporate strategy and is important in unifying Synovus' strategy behind a single vision.

The Chairman of the Board is responsible for chairing Board meetings and meetings of shareholders, setting the agendas for Board meetings in consultation with the Lead Director, and providing information to Board members in advance of meetings and between meetings.

Pursuant to Synovus' Corporate Governance Guidelines, the duties of the Lead Director include the following:

- Working with the Chairman of the Board, Board, and Corporate Secretary to set the agenda for Board meetings;
- Calling meetings of the independent and non-management directors, as needed;
- Ensuring Board leadership in times of crisis;
- Developing the agenda for and chairing executive sessions of the independent directors and executive sessions of the non-management directors;
- Acting as liaison between the independent directors and the Chairman of the Board on matters raised in such executive sessions;
- Chairing Board meetings when the Chairman of the Board is not in attendance;
- Attending meetings of the committees of the Board, as necessary or at his/her discretion, and communicating regularly with the chairs of the principal standing committees of the Board;
- Working with the Chairman of the Board to ensure the conduct of Board meetings provides adequate time for serious discussion of appropriate issues and that appropriate information is made available to Board members on a timely basis;
- Performing such other duties as may be requested from time-to-time by the Board, the independent directors, or the Chairman of the Board; and
- Being available, upon request, for consultation and direct communication with major shareholders.

After careful consideration, the Corporate Governance and Nominating Committee has determined that Synovus' current Board structure is the most appropriate leadership structure for Synovus and its shareholders at this time. Moreover, as part of the Board's annual self-evaluation, the performance of the Chairman of the Board and Lead Director are evaluated, and the Board continues to believe that the current Board structure is appropriate and effective.

Meetings of Non-Management and Independent Directors

The non-management and independent directors of Synovus meet separately after each regularly scheduled meeting of the Board of Directors and at such other times as may be requested by the Lead Director or any director. During 2022, Mr. Bentsen, as Lead Director, presided at the meetings of non-management and independent directors.

Board and Committee Self-Evaluations

The Board's annual self-evaluation is a key component of its director nomination process and succession planning. In fact, the Corporate Governance and Nominating Committee uses the input from these self-evaluations to recommend changes to Synovus' corporate governance practices and areas of focus for the following year and to plan for an orderly succession of the Board and its committees. The Board values the contributions of directors who have developed extensive experience and insight into Synovus during the course of their service on the Board and as such, the Board does not believe arbitrary term limits on directors' service are appropriate. At the same time, the Board recognizes the importance of Board refreshment to help ensure an appropriate balance of experience and perspectives on the Board.

Consideration of Director Candidates

Director Qualifications

Synovus' Corporate Governance Guidelines contain Board membership criteria considered by the Corporate Governance and Nominating Committee in recommending nominees for a position on Synovus' Board. The Committee believes that, at a minimum, a director candidate must possess personal and professional integrity, sound judgment, and forthrightness. A director candidate must also have sufficient time and energy to devote to the affairs of Synovus, must be free from conflicts of interest with Synovus, must not have reached the retirement age for Synovus directors, and must be willing to make, and be financially capable of making, the required investment in Synovus' stock pursuant to Synovus' Director Stock Ownership Guidelines. The Committee also considers the following criteria when reviewing director candidates and existing directors:

- The extent of the director's/potential director's educational, business, non-profit, or professional acumen and experience;
- Whether the director/potential director assists in achieving a mix of Board members that represents a diversity of background, perspective, and experience, including with respect to age, gender, race, place of residence, and specialized experience;
- Whether the director/potential director meets the independence requirements of the listing standards of the NYSE and the Board's director independence standards;
- Whether the director/potential director has the financial acumen or other professional, educational, or business experience relevant to an understanding of Synovus' business;
- Whether the director/potential director would be considered a "financial expert" or "financially literate" as defined in the listing standards of the NYSE or applicable law;
- Whether the director/potential director, by virtue of particular technical expertise, experience, or specialized skill relevant to Synovus' current or future business, will add specific value as a Board member; and
- Whether the director/potential director possesses a willingness to challenge and stimulate management and the ability to work as part of a team in an environment of trust.

The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. In addition to the criteria set forth above, the Committee considers how the skills and attributes of each individual candidate or incumbent director work together to create a board that is collegial, engaged, and effective in performing its duties. Although the Board does not have a formal policy on diversity, the Board and the Committee believe that the background and qualifications of the directors, considered as a group, should provide a significant mix of experience, knowledge, and abilities that will contribute to Board diversity and allow the Board to effectively fulfill its responsibilities. For a discussion of the specific backgrounds and qualifications of our director nominees, see "Proposals to be Voted on: Proposal 1—Election of 11 Directors—Nominees for Election as Director" beginning on page 20 of this Proxy Statement.

Identifying and Evaluating Nominees

The Corporate Governance and Nominating Committee has two primary methods for identifying director candidates (other than those proposed by Synovus' shareholders, as discussed below). First, on a periodic basis, the Committee solicits ideas for possible candidates from a number of sources, including members of the Board, Synovus' executives, and individuals personally known to the members of the Board. Second, the Committee, as authorized under its charter, retains at Synovus' expense one or more search firms to identify candidates.

The Committee will consider all director candidates identified through the processes described above, as well as any candidates identified by shareholders through the process described below, and will evaluate each of them, including incumbents, based on the same criteria. The director candidates are evaluated at regular or special meetings of the Committee and may be considered at any point during the year. If based on the Committee's initial evaluation a director candidate continues to be of interest to the Committee, the Chair of the Committee will interview the candidate and communicate his or her evaluation to the other Committee members and executive management. Additional interviews are conducted, if necessary, and ultimately the Committee will meet to finalize its list of recommended candidates for the Board's consideration.

Shareholder Candidates

The Corporate Governance and Nominating Committee will consider candidates for nomination as a director submitted by shareholders. Although the Committee does not have a separate policy that addresses the consideration of director candidates recommended by shareholders, the Board does not believe that such a separate policy is necessary, as Synovus' bylaws permit shareholders to nominate candidates and as one of the duties set forth in the Corporate Governance and Nominating Committee charter is to review and consider director candidates submitted by shareholders. The Committee evaluates individuals recommended by shareholders for nomination as directors according to the criteria discussed above and in accordance with Synovus' bylaws and the procedures described under "Shareholder Proposals and Nominations" on page 56 of this Proxy Statement.

Communicating with the Board

Synovus' Board provides a process for shareholders and other interested parties to communicate with one or more members of the Board, including the Lead Director or the non-management or independent directors as a group. Shareholders and other interested parties may communicate with the Board as follows:

- by writing the Board of Directors, Synovus Financial Corp., c/o General Counsel's Office, 1111 Bay Avenue, Suite 500, Columbus, Georgia 31901;
- by email to synovusboardofdirectors@synovus.com; and
- by phone: (706) 644-2748.

Relevant communications are distributed to the Board, or to any individual director or directors, as appropriate, depending upon the facts and circumstances outlined in the communication. In that regard, the Board has requested that certain items that are unrelated to its duties and responsibilities be excluded, such as: business solicitations or advertisements; junk mail and mass mailings; resumes and other forms of job inquiries; spam; and surveys. In addition, material that is unduly hostile, threatening, illegal, or similarly unsuitable will be excluded. Any communication that is filtered out is made available to any director upon request.

These procedures are also available in the Corporate Governance section of our website at investor.synovus.com. Synovus' process for handling shareholder and other communications to the Board has been approved by Synovus' independent directors.

Shareholder Engagement

Synovus and our Board believe that accountability to our shareholders is key to sound corporate governance principles, and as such, regular and transparent communication with our shareholders is essential to our long-term success. Throughout the year, members of our management team meet regularly with a significant number of our shareholders to discuss our corporate strategy, financial performance, long-term objectives, credit risks, capital management, enterprise risk management, corporate governance, ESG related matters, and executive compensation. In regularly engaging with our shareholders, we provide perspective on our governance policies and executive compensation practices and seek input from these shareholders to ensure that we are addressing their questions and concerns.

Our on-going shareholder engagement program encompasses a number of initiatives, including:

- In-person and virtual meetings with our larger institutional shareholders;
- In-person and virtual meetings with certain large institutional shareholders, with participation by our Lead Director and Chair of the Compensation and Human Capital Committee and certain other members of our Board as appropriate;
- Responses to institutional and retail shareholder correspondence and inquiries;
- Engagement with proxy advisory services such as Glass Lewis and ISS;
- Attendance and participation at approximately seven industry conferences each year;
- In-person and telephonic meetings with rating agencies including Standard & Poor's, Fitch, and Moody's;
- Regular engagement with sell-side analysts who cover Synovus to reinforce key themes related to our business strategy and financial performance. This communication helps to ensure that written reports about Synovus, including earnings projections, are reasonable and consistent with our stated objectives; and
- Approximately eight non-deal road shows in various geographies each year.

In addition, in February 2022, we held our first Investor Day event in 15 years, outlining our short and long-term strategy and engaging with over 67% of our investors in person and virtually. Throughout the year, we also contacted, virtually and telephonically, many of Synovus' largest shareholders. This allowed us to better understand and address shareholder questions and concerns related to such issues as our financial performance, the interest rate environment, our strategic objectives, Synovus Forward, and our long-term growth strategy. Feedback and perspectives shared during these engagement meetings were discussed by executive management and the Board and influenced several changes and disclosure enhancements. In addition, we updated our website disclosure with respect to certain ESG-related matters in an effort to improve investor access to key information about our evolving ESG practices and oversight.

We look forward to continued enhancement of our shareholder engagement program in 2023. We are committed to an open dialogue where investor views and priorities may be gathered and discussed, thereby informing and guiding a deliberative decision-making process with a diverse shareholder base in mind.

Additional Information about Corporate Governance

Synovus has adopted Corporate Governance Guidelines which are regularly reviewed by the Corporate Governance and Nominating Committee. We have also adopted a Code of Business Conduct and Ethics which is applicable to all directors, officers, and employees. In addition, we maintain procedures for the confidential, anonymous submission of any complaints or concerns about Synovus, including complaints regarding accounting, internal accounting controls, or auditing matters. Shareholders may access Synovus' Corporate Governance Guidelines, Code of Business Conduct and Ethics, each committee's current charter, procedures for shareholders and other interested parties to communicate with the Lead Director or with the non-management or independent directors individually or as a group, and procedures for reporting complaints and concerns about Synovus, including complaints concerning accounting, internal accounting controls, and auditing matters, in the Corporate Governance section of our website at investor.synovus.com.

ENVIRONMENTAL, SOCIAL, AND GOVERNANCE

Our Purpose

Our purpose is to enable people to reach their full potential - our shareholders, clients, employees, and communities.

To ensure progress in key areas of corporate responsibility and sustainability, the Board is fully engaged in the Company's ESG-related strategies, initiatives, and policies. At the committee level, the Compensation and Human Capital Committee assists the Board with oversight of diversity, equity, and inclusion, or DEI, strategies and initiatives and human capital management at all levels, as outlined above, and the Risk Committee provides guidance and oversight on ESG-related risk management, including risks related to climate change and sustainability. The Corporate Governance and Nominating Committee is charged with overall oversight responsibility for these ESG-related strategies and initiatives, supported by a management-level committee, known as the ESG Oversight Council, which reports to the Corporate Governance and Nominating Committee. The ESG Oversight Council is comprised of key internal ESG stakeholders, including representatives from legal, investor relations, credit, facilities, vendor procurement, human resources, compliance, risk management, and the lines of business, as well as the Chair of our Corporate Governance and Nominating Committee who serves as an advisory member.

In 2022, we continued to enhance our ESG reporting and disclosures, including continued alignment with the Sustainable Accounting Standards Board's Accounting Standards for Commercial Banks and adoption of the Task Force on Climate-Related Financial Disclosures framework. We expanded a number of our ESG-related disclosures and have structured our ESG program to monitor, manage, and oversee all ESG-related risks and opportunities within the Company.

For more information on our ESG framework, strategies, and initiatives, please see our ESG website at www.synovus.com/ESG.

Our Sustainability Commitments

Environmental

In 2022, we worked to better understand our enterprise-wide environmental impact, including, among other useful data points, our Scope 1 and Scope 2 greenhouse gas emissions. We completed a three-year baseline assessment of our carbon footprint and disclosed those results on our ESG website. In addition, in 2022, we adopted the standards underlying the Task Force on Climate-Related Financial Disclosure and reported under the Carbon Disclosure Project for the first time. We are committed to being good environmental stewards and, as such, have made strides in reducing our carbon footprint. Efforts include reductions in our branch footprint, closing branches in 2022, representing a real estate square footage reduction of approximately 20% over the last two years. We also laid solid groundwork for our focused sustainable lending program under our commercial banking line.

Social Capital

Community relations and philanthropy: Employees and leaders serve on charitable organizations and support community endeavors throughout our footprint. During 2022, we contributed nearly \$3 million to hundreds of organizations doing impactful work across our footprint. We also made an additional and first-time financial contribution from our newly established Here Matters Community donor-advised fund, forging a meaningful partnership with Junior Achievement in mid-2022 that contributed to 2,465 hours in financial education and life skills development in just the second half of the year. Through our broader volunteer efforts, our employees contributed 28,800 community service hours to more than 4,600 causes.

Access, affordability, and financial inclusion: Since its inception in 2014, our mortgage division has committed \$450 million to an Affordable Mortgage Program, with approximately \$488 million funded through the end of 2022 - including 233 affordable products totaling \$50.1 million during the past year. We also offer FHA and USDA loans to further serve low and moderate income borrowers. The FHA loan program helps low-to-moderate income families attain homeownership with flexible underwriting standards to give borrowers a greater chance for approval. USDA loans are similar in focus but are specific to borrowers living in rural areas. Synovus made 86 community development loans in 2022 totaling approximately \$282 million, and our affordable housing team originated more than \$194 million in project loans and invested more than \$118 million in tax credit equity. We also have affordable housing specialists throughout our footprint focused solely on affordable housing and first-time homebuyer financial education and mortgage loan origination, as well as community development managers focused on community development loans, investments, and services. Our most recent Community Reinvestment Act rating, from January 2021, was "Satisfactory." We also launched a BankOn-certified budget checking product to better serve the underbanked. We again partnered with Operation Hope to provide financial literacy and credit counseling to those in need, and our consumer products include no-fee retail checking options and a range of other products with flexible fee structures. As a buyer of goods and services, it is the policy of Synovus to engage a diverse network of vendors, including qualified minority vendors.

Human Capital

Culture and workplace: Synovus strives to provide competitive compensation and benefits that meet the varying needs of our employees, including market competitive pay, healthcare benefits, short and long-term incentive packages, a 401(k) plan with a dollar for dollar company match on employee contributions up to 5% of pay, an employee stock purchase plan, tuition assistance, and wellness and employee assistance programs. Effective January 1, 2023, we enhanced our parental leave policy, providing up to 12 weeks of pay each year per employee, and increased our minimum wage to \$20 per hour. Our short and long-term incentive programs are aligned with our strategy and key business objectives and are intended to motivate strong performance. In 2022, we achieved Great Place to Work designation by the

TABLE OF CONTENTS

Great Place to Work Institute and were recognized again among Atlanta's Top Workplaces by the Atlanta Journal Constitution and as a Forbes 2022 Best Bank in America. We regularly conduct employee engagement surveys and touchpoints, and in 2022, our "Voice of the Team Member" action teams identified 10 engagement initiatives, implementing improvements such as the rollout of "My Time" which encourages employees to set aside one hour per week for personal development and a new "Chairman's Synergy Award" to celebrate team success.

Synovus is committed to attracting and retaining the brightest and best talent. Of the approximately 1,711 open positions filled in 2022, 34% were filled by internal hires. Approximately 18% of our work force received a promotion in 2022, consisting of 70% women and 38% people of color. Our commitment to our employees has resulted in a long-term work force, with an average tenure of eight years of service. We attribute our ability to attract and retain talent to several factors, including impactful work that affects the communities in which our employees live, strong leadership, availability of career advancement opportunities, and competitive and equitable total rewards.

Synovus has created internal programs to support the development and retention of our employees, including internal development programs designed to train our leaders. In 2022, more than 1,100 courses were offered to employees on such topics as leadership, compliance, technical, and professional development. An average of approximately 20 hours of training per employee was completed. Development of our senior leaders likewise continues to be a priority, and we fully implemented two senior leadership development programs in 2022. We launched the first 13-member, high potential leader cohort of the Connect Leadership Program - focused on executive readiness, and Catalyst On-Demand, with 176 senior leaders focused on nine transformational capabilities. We continue to deliver our Ignite First Line Leadership development, with 104 employees completing the program in 2022 and 609 employees completing the program since its inception in 2020. Synovus also supports our employees' involvement in external development programs, such as specialty banking schools and other technical training. In support of learning and development for our workforce, Synovus offers a tuition assistance program for those seeking undergraduate and graduate degrees and other continuing educational programs.

We have a strong policy against sexual harassment that extends to all inappropriate and unlawful conduct, regardless of its form and where or when it occurs, including conduct that occurs away from work and all forms of electronic communications, such as social media posts, text messages, or email. Any conduct believed to be in violation of the policy may be reported anonymously to our Ethics Hotline. We formally implemented a dedicated Ethics Office as an added measure for promoting honest and ethical conduct, compliance with applicable laws, rules, and regulations, and increased accountability for adherence to as well as prompt internal reporting of violations of the Code of Business Conduct and Ethics.

Diversity, Equity, and Inclusion (DEI): The Board is committed and focused on creating and maintaining a diverse, equitable, and inclusive work force as part of its sustainable, long-term growth strategy. Since 2018 with the launch of a CEO-sponsored initiative, we have continued to make progress toward our DEI objectives. As of December 31, 2022, 66% of our employees were women and 30% people of color. On an executive level, at December 31, 2022, 50% of our executive leadership team were women and 13% people of color. We continue to work on improving representation of women and people of color in senior leadership roles, and as a result of our continuous effort and focus, as outlined below, representation of women and people of color in senior leadership roles has steadily improved, as seen in the graphs below.

Moreover, we expect to continue these improvements by establishing targets of 40% female and 18% people of color representation in senior leadership by the end of 2024.

To build and attract a diverse work force, in 2022, Synovus continued to identify key organizations and partnerships to strengthen our recruiting efforts. We continued to expand our campus recruiting and scholarship programs, executing a comprehensive campus recruitment strategy with a focus on diversity, deepening our relationships with historically black colleges and universities in our markets, hosting a Diversity Symposium as a part of our recruitment efforts, and increasing our focus on military recruitment. To expand our pipeline of candidates, we continued to partner with diverse external professional organizations such as the Latin American Association Unidos in Finance program and leveraged our numerous and varied employee resource groups for internal referrals. We continued our efforts to increase the diversity of our candidate pool and revitalize our internship and accelerated banker recruiting and selection process in 2022, having an intern class that was 45% people of color and 35% women and an accelerated banker class that was 27% people of color and 45% women.

As to the existing work force, in 2022, Synovus continued to focus on foundational progress toward increasing DEI, engaging employee resource groups to assist with talent acquisition, development and community outreach, increasing our internal dialogue through forums, fireside chats, and listen and learn events, enhancing unconscious bias training across the organization, and developing robust DEI strategies across each business unit.

In 2022, Synovus conducted a gender pay analysis which resulted in nominal pay adjustments for 1.5% of the employee base. Results of the analyses were shared with the Compensation and Human Capital Committee.

In recognition of our commitment to and focus on DEI, Synovus won a DEI leadership award from the Mortgage Bankers Association in 2022 and was recognized as a 2022 finalist for the DEI Awards by the National Association of Corporate Directors.

DIRECTOR COMPENSATION

Director Compensation Program

The Compensation and Human Capital Committee is responsible for the oversight and administration of the Synovus director compensation program. The Compensation and Human Capital Committee reviews the director compensation program annually with the assistance of its independent compensation consultant, who provides a report evaluating the program relative to peer and broader market practices. The following is a description of the director compensation program for 2022.

Cash Compensation of Directors

As reflected in the “Fees Earned or Paid in Cash” column of the Director Compensation Table, during 2022, non-management directors of Synovus received an annual cash retainer of \$70,000, with

- Audit Committee and Risk Committee members receiving an additional cash retainer of \$15,000 (with the Chairpersons of these committees also receiving an additional cash retainer of \$20,000);
- Compensation and Human Capital Committee members receiving an additional cash retainer of \$12,500 (with the Chairperson of this committee also receiving an additional cash retainer of \$17,500);
- Corporate Governance and Nominating Committee members receiving an additional cash retainer of \$10,000 (with the Chairperson of this committee also receiving an additional cash retainer of \$15,000); and
- the Lead Director receiving an additional cash retainer of \$40,000.

Members of the Executive Committee did not receive any additional compensation for their service on that committee. In addition, directors who are employees of Synovus do not receive any additional compensation for their service on the Board.

By paying directors an annual retainer, Synovus compensates each director for his or her role and judgment as an advisor to Synovus, rather than for his or her attendance or effort at individual meetings. In so doing, directors with added responsibility are recognized with higher cash compensation. For example, members of the Audit Committee and Risk Committee receive a higher cash retainer based upon the enhanced duties, time commitment, and responsibilities of service on those committees. The Board believes that this additional cash compensation is appropriate. In addition, directors may from time to time receive compensation for serving on advisory committees of the Synovus Board.

The members of the Board are compensated each April for their service on the Board from the date of the annual meeting to the following year’s annual meeting. As such, the Board was compensated in 2022 for the full year of service for the period from April 27, 2022 through April 26, 2023.

Directors may elect to defer all or a portion of their cash compensation under the Synovus Directors’ Deferred Compensation Plan. The Directors’ Deferred Compensation Plan does not provide directors with an “above market” rate of return. Instead, the deferred amounts mirror the return of one or more investment funds selected by the director. In so doing, the plan is designed to allow directors to defer the income taxation of a portion of their compensation and to receive an investment return on those deferred amounts. All deferred fees are payable only in cash. Dr. Pastides and Mr. Storey each elected to defer his 2022 cash compensation under this plan.

Equity Compensation of Directors

During 2022, non-management directors also received awards of restricted stock units under the Synovus 2021 Omnibus Plan. On April 26, 2022, the Board approved grants of 2,478 restricted stock units (\$105,000 grant date fair market value) to each of the non-management members of the Board elected on April 27, 2022 to serve as directors for a term ending on April 26, 2023. The director restricted stock units become fully vested and transferable upon the earlier to occur of the completion of three years of service following the grant date and the date the holder reaches mandatory retirement, as set forth in the Corporate Governance Guidelines. These restricted stock unit awards are designed to create equity ownership and to focus directors on the long-term performance of Synovus.

Effective November 2021, directors may elect to defer all of their equity compensation under the Synovus Directors’ Deferred Compensation Plan. All deferred equity awards are payable in the form of shares of Synovus stock. Messrs. Bentsen, Prochaska, and Storey each elected to defer his 2022 equity compensation under the plan.

Synovus’ Director Stock Purchase Plan is a non-qualified, contributory stock purchase plan pursuant to which qualifying Synovus directors may purchase, with the assistance of contributions from Synovus, presently issued and outstanding shares of Synovus stock. Under the terms of the Director Stock Purchase Plan, qualifying directors may elect to contribute up to \$5,000 per calendar quarter to make purchases of Synovus stock, and Synovus contributes an additional amount (equal to 15% of the directors’ cash contributions in 2022). Participants in the Director Stock Purchase Plan are fully vested in all shares of Synovus stock purchased for their benefit under the Plan and may request that the shares purchased under the Plan be released to them at any time. Synovus’ contributions under this Plan are included in the “All

TABLE OF CONTENTS

Other Compensation” column of the Director Compensation Table below. Synovus’ contributions under the Director Stock Purchase Plan provide directors the opportunity to buy and maintain an equity interest in Synovus and to share in the capital appreciation of Synovus.

Director Stock Ownership Guidelines

Synovus’ Corporate Governance Guidelines require all directors over time to accumulate shares of Synovus stock equal in value to at least five times the value of their annual retainer. Directors have five years to attain this level of total stock ownership, but must attain a share ownership threshold of one times the amount of the director’s annual retainer within three years. These stock ownership guidelines are designed to align the interests of Synovus’ directors to that of Synovus’ shareholders and the long-term performance of Synovus. The restricted stock unit awards to directors and Synovus’ contributions under the Director Stock Purchase Plan assist and facilitate directors’ fulfillment of their stock ownership requirements. All of Synovus’ directors were in compliance with the guidelines as of December 31, 2022.

Director Compensation Table

The following table summarizes the compensation paid by Synovus to non-management directors for the year ended December 31, 2022.

**Mr. Blair did not receive additional compensation for serving as a director. His 2022 compensation is described under the Summary Compensation Table found on page 47 of this Proxy Statement.

- (1) For each director, other than Mr. Irby and Ms. Villoch, reflects fees paid in 2022 for service on the Board from April 27, 2022 to April 25, 2023. Mr. Irby and Ms. Villoch joined the Board effective July 1, 2022.
- (2) The grant date fair value of the shares of restricted stock units awarded to each director in 2022 was approximately \$105,000 as determined in accordance with FASB ASC Topic 718. For a discussion of the restricted stock units reported in this column, see Note 15 of the Notes to the Audited Consolidated Financial Statements in the 2022 Annual Report. As of December 31, 2022, each of the directors, other than Mr. Cherry, Mr. Irby, and Ms. Villoch, held 10,317 restricted stock units. Mr. Cherry held 4,759 restricted stock units, and Mr. Irby and Ms. Villoch each held 2,873 restricted stock units as of December 31, 2022.
- (3) Includes contributions made by Synovus under Synovus’ Director Stock Purchase Plan of the following amounts for the following directors: \$750 for Mr. Bentsen, \$1,500 for Ms. Camp and Mr. Irby, and \$3,000 for Ms. Murphy and each of Messrs. Brooke, Butler, Cherry, Pastides, Stallworth, and Storey. As described more fully above, qualifying directors may elect to contribute up to \$5,000 per calendar quarter to make purchases of Synovus stock, and in 2022, Synovus contributed an additional amount equal to 15% of the directors’ cash contributions under the plan.
- (4) Includes compensation of \$5,000 for Mr. Brooke, \$3,600 for Mr. Butler, \$8,000 for Mr. Cherry, \$5,250 for Dr. Pastides, \$800 for Mr. Stallworth, and \$6,250 for Mr. Storey for service as an advisory director of certain of Synovus’ market advisory boards.

PROPOSALS TO BE VOTED ON

Proposal 1 Election of 11 Directors

Number

Pursuant to Synovus' bylaws, the Board shall consist of not less than 8 nor more than 25 directors, with such number to be set either by the Board or shareholders representing at least a majority of the votes entitled to be cast by the holders of all of Synovus' issued and outstanding shares. Currently, the size of the Board is set at 14 members but the Board has set the size at 11 members effective at the date of the Annual Meeting. Proxies cannot be voted at the Annual Meeting for a greater number of persons than the 11 nominees named in this Proxy Statement.

Nominees for Election as Director

The 11 nominees for director named in this Proxy Statement were selected by the Corporate Governance and Nominating Committee based upon a review of the nominees and consideration of the director qualifications described under "Corporate Governance and Board Matters—Consideration of Director Candidates—Director Qualifications" on page 14 of this Proxy Statement and described below. With respect to the nomination of continuing directors for re-election, the Corporate Governance and Nominating Committee also considers the individual's contributions to the Board and its committees. Ten of the 11 nominees currently serve as directors. The nominees have extensive experience in banking and financial services as well as insurance, investment management, operations, commercial real estate, risk management, and accounting. In addition, each of the nominees has:

- ✓ Demonstrated business acumen and financial literacy;
- ✓ A high degree of engagement and commitment;
- ✓ A reputation for high integrity, judgment, professionalism, and adherence to high ethical standards;
- ✓ Extensive experience in the public, private, or not-for-profit sectors;
- ✓ Leadership and expertise in their respective fields;
- ✓ Strategic thinking; and
- ✓ Involvement in educational, charitable, and community organizations.

TABLE OF CONTENTS

Our nominees also have a wide range of other qualifications, skills, and experiences that align with our long-term corporate strategy. The following matrix provides information regarding these qualifications and attributes which our Board believes are relevant to our business and industry. The matrix does not encompass all of the qualifications, skills, and experiences of our nominees, and the fact that a particular attribute is not listed does not mean that a nominee does not possess it. In addition, the absence of a particular attribute with respect to any of our directors does not mean that the nominee in question is unable to contribute to the decision-making process in that area. The type and degree of knowledge, skill, and experience listed below may vary among the members of the Board. In addition, directors gain substantial experience through Synovus Board service, which involves significant exposure to the complex regulations and changing landscape of the banking industry.

A: Audit Committee

CGN: Corporate Governance and Nominating Committee

CHC: Compensation and Human Capital Committee

E: Executive Committee

R: Risk Committee

The business experience and other specific skills, attributes, and qualifications of each of the nominees is as follows:

Stacy Apter is the Vice President, Treasurer and Corporate Finance of The Coca-Cola Company, a publicly held total beverage company with products sold in more than 200 countries and territories. She was recently promoted to that position after serving as Vice President, Corporate Treasurer for the last two years. Prior to that time and for two years, Ms. Apter served as the Chief of Staff for Coca Cola's Chairman of the Board and Chief Executive Officer, assisting with the company's reorganization efforts and broader cultural transformation. She has held a number of roles within treasury and global benefits since joining Coca Cola in 2005, including as assistant treasurer, where she led capital management, currency hedging, risk and insurance, and benefits and investments functions. Ms. Apter began her career as a pension actuary and consultant at Pricewaterhouse Coopers for 12 years. She holds a bachelor's degree in mathematics and economics from Sweet Briar College. Ms. Apter's extensive experience in corporate finance and capital markets and her background in strategic and cultural transformation will provide our Board with an invaluable resource on public company best practices and transformation as we continue to grow and transform Synovus.

Tim E. Bentsen is a former audit partner and practice leader of KPMG, a U.S. based global audit, tax, and advisory services firm, a position he retired from in 2012. Over his 37 years with KPMG, he served as an audit partner for numerous banks and other financial services companies and served in a variety of leadership roles, including Southeast Area Managing Partner and Atlanta office Managing Partner. Mr. Bentsen also served on national leadership teams for the financial services and audit practice as well as on the firm's national Operations Committee. Mr. Bentsen has been a frequent speaker on corporate governance matters across the country and served in a leadership role for KPMG's Audit Committee Institute. Previously, Mr. Bentsen served as a member of the board of directors, chair of the audit committee, and member of the finance committee of CatchMark Timber Trust, Inc., a public timberland real estate investment company. He is a member of the board of directors of the Atlanta chapter of the National Association of Corporate Directors, or NACD, and holds a bachelor's degree in business administration from Texas Tech University. Mr. Bentsen practiced as a certified public accountant for 40 years. He is our Lead Director and the Chairman of our Composition and Human Capital Committee. Mr. Bentsen's extensive audit and accounting experience in the financial services industry coupled with his corporate governance, risk management, and financial acumen enhances the Board's knowledge in these areas.

TABLE OF CONTENTS

Kevin S. Blair is the Chairman of the Board, Chief Executive Officer, and President of Synovus. He was appointed Chairman of the Board effective January 1, 2023 and became President and Chief Executive Officer in April 2021. Prior to that time and since December 2019, Mr. Blair served as President and Chief Operating Officer and as Senior Executive Vice President and Chief Operating Officer from December 2018 until December 2019. Mr. Blair joined Synovus in August 2016 and served as Executive Vice President and Chief Financial Officer until he became Chief Operating Officer in 2018. Prior to that time, Mr. Blair served as Corporate Treasurer of SunTrust Bank and served in various leadership roles in such areas as credit risk management, corporate strategy, finance, and line management during his nearly 20-year career with SunTrust. He began his banking career at Signet Bank in Richmond, Virginia in 1995, having received a bachelor's degree in economics and management from James Madison University and a master's degree in business from George Washington University. Mr. Blair serves on the boards of such non-profit organizations as the United Way of the Chattahoochee Valley, the Georgia Research Alliance, and the Columbus Chamber of Commerce. Mr. Blair's financial acumen, extensive banking experience in the Southeast, and his first-hand knowledge of our lines of business and corporate strategy provide our Board a valuable resource for understanding the day-to-day operations and strategic direction of the Company and the industry.

Pedro Cherry is the President and Chief Executive Officer of Atlanta Gas Light and Chattanooga Gas, overseeing all aspects of operations for the two regional natural gas utilities and subsidiaries of Southern Company, a public company and one of the nation's largest generators of electricity. He has held that position since August 2020. From February 2017 to August 2020, Mr. Cherry served as Executive Vice President of Customer Service and Operations of Georgia Power, the largest subsidiary of Southern Company. From April 2015 to February 2017, he served as Senior Vice President of the Metro Atlanta Region of Georgia Power. From 2006 to 2015, Mr. Cherry served in various other leadership positions within the Southern Company family of companies, including Metro West Region manager and Vice President of Community and Economic Development of Georgia Power. Prior to 2006, he spent nine years in finance-related leadership positions, including Chief Financial Officer - International Division, with Southern Energy Inc., a Southern Company subsidiary that later became Mirant Corp. He began his career as an engineering and business analyst for Carolina Power and Light Corp. In addition to his current role at Atlanta Gas Light and Chattanooga Gas, Mr. Cherry serves on the advisory board of Synovus' banking division in North Georgia. He also serves on the boards of The Carter Center, Boys and Girls Club – Southeast Region, Grady Memorial Hospital Corporation, Metro Atlanta Chamber of Commerce, Georgia Higher Education Savings Plan, and the Georgia Chamber. He is also NACD Directorship Certified, a CFA charterholder and a member of the CFA Institute, 100 Black Men of America, Auburn's Alumni Engineering Advisory Council, and the Rotary Club of Atlanta. Mr. Cherry's extensive leadership experience within finance operations and customer service divisions of a complex public organization provides our Board with a valuable resource and perspective.

John H. Irby is a commercial real estate investor and attorney with Atlanta-based Wilson Brock & Irby, LLC, specializing in commercial estate transactions, corporate transactions, commercial litigation, and general business matters. He has practiced law for over thirty years and is also the managing partner of Tall Pines Properties, LLC and Equity Resource Partners, LLC, entities which are engaged in the acquisition, management, and redevelopment of commercial real property and timberland in the Southeast. Mr. Irby currently serves as a director of a number of boards, including the Georgia Lottery Corporation, the Georgia Historical Society Endowment Trust, and W.C. Bradley Company. His past board service includes service on the boards of the Georgia Department of Corrections, Darlington School, Atlanta Steeple Chase, and the Bradley-Turner Foundation Board, among others. Mr. Irby's legal background, commercial real estate expertise, and deeply rooted community engagement provides our Board with meaningful expertise in such matters as well as valuable leadership skills.

Diana M. Murphy is the Managing Director of Rocksolid Holdings, LLC, a private equity firm focused on small businesses and real estate in the Southeast. She is a past President of the United States Golf Association, serving for seven years on its Executive Committee and as the Vice President and Treasurer for the organization. From 2012 to 2015, Ms. Murphy was Managing Director of the Georgia Research Alliance Venture Fund, a private equity firm invested in early-stage technology and life science companies created out of the state's research universities. She also served for eleven years as the Managing Director of Chartwell Capital Management Company, a private equity firm located in Jacksonville, Florida, and fifteen years as the Senior Vice President and Chief Revenue Officer of The Baltimore Sun Company. Ms. Murphy holds a bachelor's degree from West Virginia University. Effective March 16, 2023, she will serve on the board of American International Group, Inc., or AIG, a public company and leading global insurance organization. In addition, Ms. Murphy currently serves as the non-executive Chairman of the Board of Landstar System, Inc., or Landstar, a public company that provides integrated transportation management solutions worldwide, chairs its nominating and corporate governance committee, and serves on its audit committee, compensation committee, safety and risk committee, and strategic planning committee. Ms. Murphy served as the Lead Independent Director of Landstar from 2012 to 2015. She served as a public company director of CTS Corporation for 10 years, retiring in mid-2020. Ms. Murphy serves on a number of other boards, both private and charitable, including the board of the Boys and Girls Club of Southeast Georgia and the College of Coastal Georgia Foundation and the advisory board of Synovus' Sea Island market. Ms. Murphy's extensive experience and leadership of the

boards of publicly-traded companies, along with her business acumen, management experience, and risk management expertise in private equity, well qualify her to serve on our Board.

TABLE OF CONTENTS

Harris Pastides is Distinguished President Emeritus of the University of South Carolina, having retired as President in July 2022. Prior to his 2022 retirement, he served as President for 12 years, with a brief retirement from mid-2019 to 2021. From 2003 to 2008, Dr. Pastides served as vice president for research and health sciences and dean of the Arnold School of Public Health and as executive director of the South Carolina Research Foundation. He joined the University of South Carolina in 1998 as Dean of the School of Public Health and as a professor of epidemiology. Dr. Pastides played a key role in the establishment of Health Sciences South Carolina, a consortium of the state's research universities and leading hospital systems, and an integral part in the development of Innovista, the university's 500-acre innovation and research district. Prior to joining the University of South Carolina, Dr. Pastides held various positions at the University of Massachusetts at Amherst for over 13 years, including professor of epidemiology and chairman of the department of biostatistics and epidemiology. He serves on the board of trustees of the American Medical Association and as a member of our local advisory board in South Carolina. In addition, Dr. Pastides has served on a number of professional organizations and civic boards, including the South Carolina Governors School for the Arts and Humanities, S.C. River Alliance, the Council on Research Policy and Graduate Education, and EngenuitySC. He received a master's in public health, a master's of philosophy degree in epidemiology, a doctorate degree from Yale University, and a bachelor's degree from the University of Albany, State University of New York. Dr. Pastides is a former Fulbright senior research fellow and has received numerous other professional awards and recognitions for his research work and leadership, including recognition as the South Carolina Chamber of Commerce Public Servant of the Year, the Ellis Island Medal of Honor, the Chief Executive Leadership Award from the Council for Advancement and Support of Education, and the Richard Allen award from Allen University. His experience in management and complex organizations and his background in research, innovation, and education provide our Board with leadership and consensus-building skills on a variety of matters, including corporate governance and risk management.

John L. Stallworth is a partner of Genesis II, a family investment and philanthropic partnership, and the Chairman of the John Stallworth Foundation, a private foundation created in 1980 to provide college scholarships to students attending college in the state of Alabama. From 1986 to 2006, Mr. Stallworth was the President and Chief Executive Officer of Madison Research Corporation, or MRC, a private company engaged in engineering services and technology support for the defense industry. Prior to its sale in 2006, MRC employed 650 employees, had annual sales of \$75 million and operated in seven states, including Alabama, Florida, Georgia, South Carolina, and Tennessee. Mr. Stallworth is also retired from professional football, having played for the Pittsburgh Steelers for fourteen seasons. In 2002, he was inducted into the Pro Football Hall of Fame. Since 2009, Mr. Stallworth has been a partial owner of the Pittsburgh Steelers. In addition to his work with the John Stallworth Foundation, Mr. Stallworth serves on a number of charitable and private boards, including the advisory board of Synovus' Huntsville market. He has also been an instrumental leader in the development and revitalization efforts of Huntsville's downtown. Mr. Stallworth's background and considerable business experience, along with his leadership, economic development, civic, and educational involvement enhances our Board's knowledge in these areas.

Barry L. Storey is the Principal of BLS Holdings Group, LLC, an Augusta, Georgia-based company with the primary focus of managing a portfolio of retail real estate properties and various alternative assets. Prior to January 2015, he was the Founding Partner of Hull Storey Gibson Companies, LLC, a retail acquisition and development real estate company founded in 1992. The company owned and operated over 13 million square feet of retail strip centers and enclosed mall properties in the Southeast. Prior to 1992, Mr. Storey worked as a project manager in the Mall Development Division for CBL & Associates Properties, Inc. Mr. Storey holds a bachelor's degree from the University of Georgia. He has extensive experience with and commitment to philanthropic and community service. In 2010, Mr. Storey received the "Outstanding Philanthropist Award" from the Young Professionals of Augusta and in 2014, was inducted into the Business Hall of Fame of the Central Savannah River Area, or CSRA. He is past president of the Exchange Club of Augusta, past president of the Family Y Board of Directors, past chairman of the Community Foundation for the CSRA, and past chair of the UGA Terry College of Business Dean's Advisory Council. Currently, he serves as a trustee of the University of Georgia Foundation and as a director of Aruna Bio, a privately-owned biomedical company. He also serves on the advisory boards of our Athens and Augusta markets. His extensive experience and expertise in real estate acquisition, development, and management and his background in the markets in which we serve provides our Board with significant insight, particularly as we continue to refine and execute our growth strategies for the future.

Alexandra Villoch is the Chief Executive Officer of the Baptist Health Foundation, a part of Baptist Health South Florida, one of the largest regional healthcare systems in the Southeast. In her role as CEO, she leads the Foundation's philanthropic efforts in support of Baptist Health's investment in clinical research, technology, and patient support services. In addition, Ms. Villoch leads Baptist Health's government and community relations division and hospitality and international patient divisions. She has served in this role since June 2019. Prior to that time and for five years since 2014, Ms. Villoch served as East Region Publisher for the McClatchy Company, a national news media company, overseeing all print and digital operations for newspapers throughout the eastern United States, including newspapers within Synovus' footprint, and leading the custom publishing and commercial printing operations in the region. As a part of her role, Ms.

Villich also led certain of the media company's strategic objectives, including the strategic transition to digital and the strategy related to the Spanish language in the company's service of its diverse South Florida community. Prior to that time and for nine years, she served in a number of other leadership positions at McClatchy. She began her career in the airlines and banking businesses. Ms. Villich's considerable experience in accounting, finance, and strategic matters, as well as her knowledge and expertise in the economies and businesses of South Florida, one of our largest and highest growth markets, provides the Board with a meaningful perspective and valuable insight.

Teresa White is President Emeritus of Aflac U.S., which constitutes the operating U.S. insurance businesses for Aflac Incorporated, a publicly held company. Prior to moving into that role in January 2023 and since October 2014, she served as President of Aflac U.S. As President, Ms. White's responsibilities included marketing, sales and distribution, information technology, corporate communications, operations, US financial management, and shared services. She oversaw the company's extensive distribution network of individual agents and brokers across the country, as well as nearly 5,000 employees. Prior to becoming President, Ms. White served in various leadership positions with Aflac, including Chief Operating Officer from July 2013 to September 2014, Executive Vice President and Chief Services Officer from October 2012 to July 2013, and Executive Vice President and Chief Administrative Officer from March 2008 to October 2012, among others. Ms. White serves on the Board of Landstar and serves on its nominating and corporate governance committee, audit committee, compensation committee, safety and risk committee, and strategic planning committee. She is active in her community, having served on the boards of various non-profit and professional organizations, including the Georgia Chamber Board of Governors, Neighborworks Columbus, and Americas Health Insurance Plans. Ms. White has been recognized for her leadership with a number of awards, including three consecutive years as Black Enterprise's Most Powerful Women in Business, Bizwomen's 2016 Women to Watch, Atlanta Business Chronicle's Women Who Mean Business, and numerous recognitions by American Business Awards. She holds a bachelor's degree in business administration from the University of Texas at Arlington and a master's degree in management from Troy State University. Ms. White's extensive operational and strategic background, coupled with her marketing, sales, talent, and risk management experience at the executive level in the financial services industry, guides the Company in its long-term strategic and operational planning and adds a valuable resource to the Board.

The Board of Directors unanimously recommends that you vote "FOR" each of the 11 nominees.

Proposal 2 Approval of Advisory Vote on the Compensation of our Named Executive Officers as Determined by the Compensation and Human Capital Committee

Synovus believes that our compensation policies and procedures for our named executive officers are competitive, are focused on pay for performance principles, and are strongly aligned with the long-term interests of our shareholders. Synovus also believes that both we and our shareholders benefit from responsive corporate governance policies and constructive and consistent dialogue. Each year, as required by Section 14A of the Securities Exchange Act, we give you, as a shareholder, the opportunity to endorse the compensation for our named executive officers. The proposal described below, commonly known as a “Say on Pay” proposal, gives you the opportunity to approve, on an advisory basis, such compensation as described in this Proxy Statement.

In deciding how to vote on this proposal, the Board encourages you to read the “Executive Compensation—Compensation Discussion and Analysis” section of this Proxy Statement and the tabular and narrative disclosure which follows it. In those sections, we discuss each element of compensation, including base salaries, short-term incentives, long-term incentives, and retirement benefits. We also discuss our policies and other factors which affect the decisions of our Compensation and Human Capital Committee.

In many cases, we are required to disclose in the executive compensation tables accounting or other non-cash estimates of future compensation. Because of this, we encourage you to read the footnotes and narratives which accompany each table in order to understand any non-cash items.

We believe our executive compensation is aligned with shareholders because:

- We tie compensation to performance. A majority of executive compensation is at risk based on performance. Awards under our short-term and long-term incentive plans vary based on Synovus’ financial results and shareholder return.
- We generally use objective criteria and performance metrics which relate to our strategic goals and results delivered for shareholders. In 2022, our incentive plans included adjusted EPS, adjusted ROAA, weighted return on average tangible common equity (as adjusted), or adjusted ROATCE, and relative total shareholder return, or TSR.
- Our program emphasizes alignment with long-term shareholders by granting more than half of incentives through equity awards and requiring executives to maintain equity holdings through stock ownership guidelines and our CEO “hold until retirement” policy.
- We include specific methods for evaluating risk performance in our annual and long-term incentive plans, and adjusting payouts if necessary, to ensure that executives are not incentivized to take unnecessary or excessive risks.

We believe that the compensation delivered to each named executive officer in 2022 was fair, reasonable, and aligned with our performance and strategic objectives.

Unless the Board modifies its policy on the frequency of future “Say on Pay” advisory votes, the next “Say on Pay” vote will be held at the 2024 annual meeting of shareholders.

The Board of Directors unanimously recommends that you vote “FOR” the advisory vote on the compensation of the named executive officers as determined by the Compensation and Human Capital Committee.

Proposal 3 Ratification of Appointment of the Independent Auditor

The Audit Committee has appointed the firm of KPMG as the independent auditor to audit the consolidated financial statements of Synovus and its subsidiaries for the fiscal year ending December 31, 2023 and Synovus' internal control over financial reporting as of December 31, 2023. KPMG has been appointed continuously since 1975 as our independent auditor. Although shareholder ratification of the appointment of Synovus' independent auditor is not required by our bylaws or otherwise, we are submitting the selection of KPMG to our shareholders for ratification to permit shareholders to participate in this important corporate decision. If not ratified, the Audit Committee will reconsider the selection, although the Audit Committee will not be required to select a different independent auditor for Synovus.

The Audit Committee annually reviews KPMG's independence and performance in connection with the determination to retain KPMG. In conducting its review this year, the Audit Committee considered, among other things:

- KPMG's historical and recent performance on Synovus' audit, including the extent and quality of KPMG's communications with the Audit Committee;
- feedback from Synovus' senior management on the quality of service provided, and the independence, objectivity, and professional skepticism demonstrated throughout the current engagement by KPMG's audit team;
- data relating to audit quality and performance, including recent PCAOB reports on KPMG;
- KPMG's tenure as Synovus' independent auditors and its depth of understanding of Synovus' business, accounting policies and practices, and internal control over financial reporting;
- KPMG's exhibited professional skepticism;
- the expertise and capability of KPMG's lead audit partner;
- the advisability and potential impact of selecting a different independent public accounting firm; and
- KPMG's independence (see "Audit Committee Report" on page 31 of this Proxy Statement).

Based on the results of its review this year, the Audit Committee concluded that KPMG is independent and that it is in the best interests of Synovus and its shareholders to appoint KPMG to serve as Synovus' independent auditor for 2023.

Synovus' Audit Committee oversees the process for, and ultimately approves, the selection of the independent auditor's lead engagement partner at the five-year mandatory rotation period. At the Audit Committee's instruction, KPMG selects candidates to be considered for the lead engagement partner role, who are then interviewed by members of Synovus' senior management. After discussing the results of senior management's interviews, the members of the Audit Committee, as a group, interview the candidates. The Audit Committee then considers the appointment and votes on the selection.

Representatives of KPMG will be present virtually at the Annual Meeting with the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders present at the meeting.

The Board of Directors unanimously recommends that you vote "FOR" ratification of the appointment of KPMG as the independent auditor for the year 2023.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is comprised of six directors, each of whom the Board has determined to be an independent director as defined by the listing standards of the NYSE and the categorical standards of independence set by the Board. The duties of the Audit Committee are summarized in this Proxy Statement under “Corporate Governance and Board Matters—Committees of the Board” beginning on page 8 and are more fully described in the Audit Committee charter adopted by the Board of Directors. A copy of the Audit Committee charter is available in the Corporate Governance section of our website at investor.synovus.com.

One of the Audit Committee’s primary responsibilities is to assist the Board in its oversight responsibility regarding the integrity of Synovus’ financial statements and systems of internal controls. Management is responsible for Synovus’ accounting and financial reporting processes, the establishment and effectiveness of internal controls, and the preparation and integrity of Synovus’ consolidated financial statements. KPMG, Synovus’ independent auditor, is responsible for performing an independent audit of Synovus’ consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing opinions on whether those financial statements are presented fairly in conformity with accounting principles generally accepted in the United States and on the effectiveness of Synovus’ internal control over financial reporting. The Audit Committee is directly responsible for the compensation, appointment, and oversight of KPMG. The function of the Audit Committee is not to duplicate the activities of management or the independent auditor, but to monitor and oversee Synovus’ financial reporting process.

In discharging its responsibilities regarding the financial reporting process, the Audit Committee:

- Reviewed and discussed with management and KPMG Synovus’ audited consolidated financial statements as of and for the year ended December 31, 2022 and related information, including non-GAAP financial measures, and other disclosures included in Synovus’ earnings releases and quarterly and annual reports on Form 10-Q and Form 10-K prior to filing with the Securities and Exchange Commission, or the SEC;
- Reviewed and discussed with management and KPMG management’s assessment of the effectiveness of Synovus’ internal control over financial reporting and KPMG’s evaluation of Synovus’ internal control over financial reporting;
- Discussed with KPMG the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC;
- Discussed with KPMG its identification and communication of Synovus’ critical audit matter in the auditor’s report included in the 2022 Annual Report;
- Received from KPMG the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding KPMG’s communications with the Audit Committee concerning independence and discussed with KPMG their independence; and
- Considered whether KPMG’s provision of non-audit services to the Company is compatible with KPMG’s independence and concluded that KPMG is independent from Synovus and its management.

The Audit Committee has discussed with Synovus’ internal auditors and KPMG the overall scope and plans for their respective audits. The Audit Committee regularly meets with Synovus’ internal auditors and KPMG, with and without management present, to discuss the results of their examinations and their observations and recommendations regarding Synovus’ internal controls.

Based upon the review and discussions referred to in the preceding paragraph, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements referred to above be included in Synovus’ Annual Report on Form 10-K for the year ended December 31, 2022 filed with the SEC.

KPMG Fees and Services

The following table presents fees for professional audit services rendered by KPMG for the audit of Synovus' annual consolidated financial statements for the years ended December 31, 2022 and December 31, 2021 and fees billed for other services rendered by KPMG during those periods.

	2022	2021
Audit Fees ⁽¹⁾	\$2,383,303	\$2,424,029
Audit Related Fees ⁽²⁾	115,000	149,000
Tax Fees ⁽³⁾	359,341	289,410
All Other Fees ⁽⁴⁾	1,780	1,780
	\$2,859,424	\$2,864,219

- (1) Audit fees consisted of fees for professional services provided in connection with the audits of Synovus' consolidated financial statements and internal control over financial reporting, reviews of quarterly financial statements, issuance of comfort letters and other SEC filing matters, and audit or attestation services provided in connection with other statutory or regulatory filings.
- (2) Audit related fees consisted principally of fees for assurance, attestation, and related services that are reasonably related to the performance of the audit or review of Synovus' financial statements and are not reported above under the caption "Audit Fees."
- (3) Tax fees consisted of fees for tax consulting and compliance, tax advice, and tax planning services.
- (4) All other fees consisted of subscription-based services including software licenses.

Policy on Audit Committee Pre-Approval

The Audit Committee has the responsibility for appointing, setting the compensation for, and overseeing the work of Synovus' independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor in order to assure that the provision of these services does not impair the independent auditor's independence. Synovus' Audit Committee Pre-Approval Policy addresses services included within the four categories of audit and permissible non-audit services, which include Audit Services, Audit Related Services, Tax Services, and All Other Services.

The Audit Committee uses a combination of two approaches to pre-approve audit and permitted non-audit services performed by the independent auditor: class pre-approval and specific pre-approval. Class pre-approval is reserved for certain limited audit, audit-related, and tax services, as approved by the Audit Committee each year. All other services performed by the independent auditor must be specifically pre-approved by the Audit Committee. For instance, the annual audit services engagement terms and fees are subject to the specific pre-approval of the Audit Committee. In addition, the Audit Committee must specifically approve permissible non-audit services classified as All Other Services.

Prior to engagement, management submits to the Audit Committee for approval a detailed list of the Audit Services, Audit Related Services, and Tax Services that it recommends the Committee engage the independent auditor to provide for the fiscal year. Each service is allocated to the appropriate category and, where specific pre-approval is required, the specific service is accompanied by a budget estimating the cost of that service. The Committee will, if appropriate, approve both the list of Audit Services, Audit Related Services, and Tax Services, the classification of the service and where specific pre-approval is required, the budget for such services.

The Committee is informed at each Committee meeting as to the services actually provided by the independent auditor pursuant to the Pre-Approval Policy. Any proposed service that is not separately listed in the Pre-Approval Policy or any service exceeding the pre-approved fee levels must be specifically pre-approved by the Committee. The Audit Committee has delegated pre-approval authority (on engagements not exceeding \$100,000) to the Chairman of the Audit Committee. The Chairman must report any pre-approval decisions made by him to the Committee at its next scheduled meeting.

All of the services described in the table above under the captions "Audit Fees," "Audit Related Fees," "Tax Fees," and "All Other Fees" were approved by the Committee pursuant to legal requirements and the Committee's charter and Pre-Approval Policy.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

CD&A Overview

The following Compensation Discussion and Analysis, or CD&A, describes our compensation program for our named executive officers as of December 31, 2022, who are listed in the table below:

Name	Title
Kevin S. Blair	Chairman of the Board, Chief Executive Officer, and President
Andrew J. Gregory, Jr.	Executive Vice President and Chief Financial Officer
Kessel D. Stelling	Executive Chairman of the Board, Retired
Shellie R. Creson	Executive Vice President and Chief Risk Officer
D. Zachary Bishop	Executive Vice President, Technology, Operations, and Security

Specifically, the CD&A addresses:

- how our 2022 compensation aligns with our 2022 performance (set forth in the section entitled “Executive Summary”);
- each element of compensation and our “mix” of compensation for 2022 (set forth in the section entitled “Elements and Mix of Compensation for Past Fiscal Year”);
- the objectives of our compensation program (set forth in the section entitled “Compensation Philosophy and Key Considerations”);
- what our compensation program is designed to reward (described in the section entitled “Compensation Philosophy and Key Considerations”);
- how each compensation element and our decisions regarding that element fit into Synovus’ overall compensation objectives and affect decisions regarding other elements (described with each element of compensation, as well as in the section entitled “Competitive Market Data”);
- why each element was chosen (described with each element of compensation, including base pay, short-term incentives, and long-term incentives);
- how amounts for pay are determined (described with each element of compensation, including base pay, short-term incentives, and long-term incentives);
- information regarding post-termination compensation (our executives generally do not have employment agreements—see the section entitled “Employment and Termination Agreements”); and
- our compensation framework, including our compensation policies, compensation process, and risk considerations (described in the section entitled “Compensation Framework: Compensation Policies, Compensation Process, and Risk Considerations”).

For additional information about the Compensation and Human Capital Committee and its charter, its processes, and procedures for administering executive compensation, the role of compensation consultants, and other governance information, please see “Corporate Governance and Board Matters—Committees of the Board—Compensation and Human Capital Committee” on page 9 of this Proxy Statement.

Executive Summary

Despite economic headwinds and an increasingly volatile operating environment, 2022 was in many regards a banner year for Synovus.

2022 Economic Environment

The 2022 U.S. economy was substantially impacted by high inflation that began in the middle of 2021. As a result, the Federal Reserve aggressively tightened monetary policy with the Federal Open Market Committee, or FOMC, raising market interest rates 425 basis points during 2022, primarily due to persistent inflation that remains the largest headwind to the U.S. economy. The extent of interest rate increases and the period of time that higher rates will remain in effect depends greatly on the level of inflation and strength of the labor market.

Economic uncertainty and market disruptions outside of inflation remain, including geopolitical tensions primarily from Russia’s prolonged war in Ukraine, the relationship between the U.S. and China, and to a lesser extent, the lingering impact of the COVID-19 pandemic on global supply chains, tourism, business travel, immigration, and labor participation. However, these geopolitical uncertainties have served to strengthen the value of the U.S. dollar as global investors flock to higher quality U.S. assets.

U.S. fiscal policy has been expansionary since 2020 due to the COVID-19 pandemic, but government support is declining, while leaving a significant federal deficit and a looming Congressional debt ceiling debate in 2023. The Inflation Reduction Act of 2022, or IRA, was signed into law in August 2022, which raises federal revenue by imposing an alternative corporate minimum tax if certain thresholds are met and a non-deductible excise tax on corporate share repurchases, while increasing federal spending to address climate change and reduce

prescription drug and healthcare costs for lower-income households and seniors. While the IRA does not have a significant immediate impact on Synovus, it represents a shift from expansionary towards contractionary federal fiscal policy.

Despite certain economic headwinds discussed above, with an asset sensitive balance sheet and our position in Southeast U.S. markets, Synovus delivered the financial results outlined below by focusing on productivity gains within our core businesses, continuing to benefit from contributions resulting from our new growth initiatives and key talent additions while maintaining a cautious and resilient risk profile through capital management, deposit generation across all business lines, and overall credit vigilance.

2022 Financial Performance Highlights

- **Earnings growth** — Net income available to common shareholders for 2022 was \$724.7 million, or \$4.95 per diluted common share, compared to \$727.3 million, or \$4.90 per diluted common share, in 2021. The year-over-year comparison was impacted by the rising rate environment, as the target Fed Funds rate increased 425 basis points in 2022. Strong loan growth in 2022 contributed to a provision for credit losses of \$84.6 million compared to provision reversals of \$106.3 million in 2021, as the effects of the COVID-19 pandemic began to subside and increased economic uncertainty related to inflationary concerns and geopolitical tensions increased.
- **Net interest income** — Net interest income for 2022 was \$1.80 billion, up \$264.0 million, or 17%, from \$1.53 billion in 2021, despite a decline in Payment Protection Program, or PPP, fees to \$12.6 million in 2022 compared to \$79.2 million in 2021. The net interest margin was 3.34% for 2022, an increase of 33 basis points from 3.01% in 2021, aided by higher loan yields from increased market interest rates in addition to disciplined deposit pricing.
- **Non-interest revenue** — Non-interest revenue for the year ended December 31, 2022 was \$409.3 million, down \$40.7 million, or 9%, compared to the year ended December 31, 2021 due primarily to industry-wide lower mortgage banking income and a decline in other non-interest revenue resulting from valuation adjustments on equity method investments partially offset by strong growth in core banking fees and higher wealth revenue.
- **Efficiency** — Non-interest expense for the year ended December 31, 2022 was \$1.16 billion, an increase of \$57.6 million, or 5%, compared to the year ended December 31, 2021. The increase in non-interest expense during 2022 primarily resulted from elevated performance incentives, merit and inflationary wage increases, headcount additions, resumption of normal business activities post COVID-19, investments in new business initiatives and technology, and operations infrastructure spend. Despite the increased expense, we achieved positive operating leverage in 2022, lowering our efficiency ratio-taxable equivalent to 52% on a full-year basis.
- **Loans and Deposits** — At December 31, 2022, total loans, net of deferred fees and costs of \$43.72 billion, increased \$4.40 billion, or 11%, from December 31, 2021. Growth was primarily in commercial and industrial and commercial real estate loans, driven by strong commercial production and increased line utilization as well as lower levels of pay-off activity. Total period-end deposits were \$48.87 billion at December 31, 2022, down \$555.7 million, compared to year-end 2021, impacted by rate-driven outflows and normal client liquidity deployment. Overall deposit costs for 2022 were 38 basis points, up 22 basis points, compared to 16 basis points for 2021, and were impacted by the FOMC's interest rate hikes in 2022, but also benefited from prudent pricing strategy and an extended lag on deposit pricing.
- **Credit quality** — At December 31, 2022, credit quality metrics remained stable and at or near historical lows with non-performing asset, or NPA, and non-performing loan, or NPL, ratios of 0.33% and 0.29%, respectively, and total past dues of 0.15%, as a percentage of total loans. Net charge-offs for 2022 remained low at 0.13% of average loans, compared to 0.20% in 2021. The ACL at December 31, 2022 totaled \$500.9 million, an increase of \$31.4 million compared to December 31, 2021, resulting primarily from loan growth and an increase in unfunded commitments, mostly offset by decreased specific reserves and continued positive trends in our credit performance. The ACL to loans coverage ratio was 1.15% at December 31, 2022, a decline of 4 basis points from December 31, 2021.
- **Capital management** — Our CET1 ratio of 9.63% at December 31, 2022 is well in excess of regulatory requirements and improved 13 basis points compared to December 31, 2021, as over 70% of organic earnings for 2022 were retained to support core client growth while also returning approximately 30% to our shareholders through our common dividend. The Board recently approved a \$0.04 increase in the quarterly common stock dividend to \$0.38 per share, effective with the quarterly dividend payable in April 2023, and authorized share repurchases of up to \$300 million in 2023. Our capital priorities are focused on supporting core client growth and managing the CET1 ratio around our target operating range of 9.25% to 9.75%.

For additional information related to our business and subsidiaries, including a detailed description of our operating results and financial condition for 2022, please refer to our 2022 Annual Report that accompanies this Proxy Statement.

Executive Transitions

In December 2020, we announced an executive transition plan and Mr. Blair was named to Synovus' Board of Directors, effective immediately. In April 2021, Mr. Blair was named Chief Executive Officer and President and Mr. Stelling transitioned into the role of Executive Chairman of the Board. Mr. Stelling retired as Executive Chairman of the Board effective December 31, 2022 and Mr. Blair was named Chairman of the Board effective January 1, 2023.

On July 25, 2022, Ms. Creson joined Synovus and was named Executive Vice President and Chief Risk Officer.

2022 Compensation

2022 compensation outcomes reflected our performance as described below:

Total Direct Compensation Pay Mix

CEO TARGET TOTAL DIRECT COMPENSATION

OTHER NEOs TARGET TOTAL DIRECT COMPENSATION

Base Salaries

Mr. Blair received a 3% increase in his base salary to \$975,000, effective March 6, 2022, based upon the Compensation and Human Capital Committee's review of market comparisons of compensation levels among CEOs at peer companies. The Committee also reviewed market comparisons for other executives and recognized that some base salaries for other named executive officers were below the market median. As a result, Messrs. Gregory and Bishop received base salary increases of 26% and 18% respectively, effective March 6, 2022. Ms. Creson's base salary was established in connection with her hiring effective July 25, 2022.

Short-Term Incentives

- Consistent with prior years, our annual incentive plan included a combination of financial and corporate and personal objectives. For 2022, the Compensation and Human Capital Committee established financial goals for adjusted EPS and adjusted ROAA, as well as a component based on corporate and personal objectives.
- The following chart summarizes the provisions of our short-term award incentive plan for 2022:

Form of Award	Measures and Weightings	Payout Features
Cash	Adjusted EPS (50%)	Payouts from 0% to 150% of target based upon adjusted EPS, adjusted ROAA, and performance on corporate and personal objectives
	Adjusted ROAA (25%)	
	Corporate and Personal Objectives (25%)	

- Our strong financial performance in 2022 resulted in both adjusted EPS and adjusted ROAA results above the maximum performance goal. The Compensation and Human Capital Committee also assessed performance on the corporate and personal objectives as being above target. Based on these results and the Committee's review of corporate and individual performance, the Committee approved payouts of 150% of target for the named executive officers. For more information regarding the Committee's annual incentive determination, including details on the Committee's review of the corporate and personal objectives component, please see "Payout Determination" on page 40 of this Proxy Statement.

Long-Term Incentives

- Our long-term incentive program for executive officers is comprised of two equity vehicles which link our executives' compensation to performance results: PSUs and RSUs. The following chart summarizes the key provisions of our long-term grants made in 2022:

Form of Award	Vesting	Payout Features
PSUs (60% of ongoing annual award value)	100% after 3 years	Payouts from 0% to 150% of target based upon weighted adjusted ROATCE and relative TSR
RSUs (40% of ongoing annual award value)	1/3 per year over 3 years (33 1/3% per year)	Time-based vesting based upon continued employment with Synovus

The PSU awards are subject to possible downward discretionary adjustment based upon risk considerations—see page 41 of this Proxy Statement. The PSUs and RSUs are also subject to the Company's clawback policy.

Because of our stock ownership guidelines, executive officers hold a meaningful amount of Synovus common stock, further aligning their interests with shareholders' interests.

We believe that the compensation delivered to each named executive officer in 2022 was fair, reasonable, and aligned with our performance and our corporate and personal objectives.

Executive Compensation Governance

We continue to maintain strong governance features in connection with our executive compensation program, as outlined in the table below and further discussed in this CD&A.

Results of 2022 Advisory Vote to Approve Executive Compensation

At the 2022 annual meeting of shareholders, we held an advisory vote on executive compensation for 2021. Over 98% of the votes cast were in favor of this advisory proposal. The Compensation and Human Capital Committee considered this favorable outcome and believed the results conveyed our shareholders' support of our executive compensation programs and did not make any specific changes to our executive compensation programs as a result of this vote. At the Annual Meeting, we will again hold an annual advisory vote to approve executive compensation paid in 2022. The Committee will continue to consider the results from this year's and future advisory votes on executive compensation.

Compensation Philosophy and Key Considerations

Synovus has established a compensation program for our executives that is performance-oriented and designed to support our strategic goals. Our compensation philosophy, as well as how our program aligns with the philosophy, is described in the table below.

Compensation Philosophy and Key Considerations	How Our Program Aligns with Our Philosophy
Competitive Program: <ul style="list-style-type: none"> • Compensation plans are designed to allow us to compete in the markets in which we seek executive talent. • Competitive pay opportunities facilitate recruitment, retention and motivation of top-level executive talent. 	<ul style="list-style-type: none"> • Target pay opportunities are assessed relative to the median of market pay practices.
Emphasis on Performance: <ul style="list-style-type: none"> • A significant portion of total compensation should be at risk based on short and long-term performance. • Pay outcomes vary based on performance: average pay for average performance, above average pay for above average performance, and below average pay for lower performance. • Compensation generally should be earned by executive while actively employed. 	<ul style="list-style-type: none"> • A majority of compensation is at risk based on performance. • Payouts from the annual incentive plan vary based on results versus our annual financial and corporate and personal objectives. • Long-term incentives are provided entirely through equity awards, and the ultimate value delivered will vary based on financial results and shareholder return.
Support Strategic Goals: Compensation plans are designed to support corporate strategic goals and drive the creation of shareholder value.	<ul style="list-style-type: none"> • Annual incentive plan aligns with strategic goals of earnings performance and increasing our return on assets, while performance shares are based on increasing ROATCE performance and relative TSR. • The qualitative component of the annual incentive plan includes an assessment of progress on key corporate and personal objectives outlined at the beginning of the year. • Long-term incentives also reward shareholder value creation by providing all awards in equity-based vehicles and varying payouts of PSUs based on performance.
Alignment with Long-Term Shareholders: Executives should have meaningful equity stakes that focus them on creating long-term shareholder value.	<ul style="list-style-type: none"> • Over half of incentives are awarded through equity awards vesting over multiple years. • Stock ownership guidelines as well as CEO requirement to retain 50% of net shares until retirement ensure strong and increasing alignment with shareholders. • Our Corporate Governance Guidelines prohibit hedges and pledges of our stock by directors and executive officers.
Discourage Excessive Risk-Taking: Plans should ensure executives are not incentivized to take unnecessary or excessive risks that threaten the value of Synovus.	<ul style="list-style-type: none"> • The Compensation and Human Capital Committee meets annually with the Chief Risk Officer to discuss a risk assessment of our plans. • Both the annual and long-term incentive plans have specific methods for evaluating risk performance and adjusting payouts if necessary.

Elements and Mix of Compensation for Past Fiscal Year

Synovus has a performance-oriented executive compensation program that is designed to support our corporate strategic goals, including growth in earnings and growth in shareholder value. The elements of our regular total compensation program and the objectives of each element are identified in the following table and discussed in more detail below:

Compensation Element	Objective	Key Features
Base Pay	Compensate an executive for performing his or her job on a daily basis.	Fixed cash salary generally targeted within a range of the median (50 th percentile) of identified list of peer companies (companies with similar size and scope of banking operations) for similar positions. In establishing salaries, the Compensation and Human Capital Committee also considers each executive's performance, experience, and responsibilities as well as internal equity considerations.
Short-Term Incentives	<ul style="list-style-type: none"> Provide an incentive for executives to meet critical annual goals that support our long-term strategy. Promote pay for performance. Ensure a competitive program given the marketplace prevalence of short-term incentive compensation. 	The formulaic performance goals under our cash-based annual incentive plan for 2022 were based 50% on adjusted EPS, 25% on adjusted return on average assets, and 25% on corporate and personal objectives. The award payout may range from 0% to 150% of the target for each executive based upon performance. For 2022, executives had target annual incentive opportunities ranging from 70% to 125% of base salary.
Long-Term Incentives	<ul style="list-style-type: none"> Provide an incentive for our executives to provide exceptional shareholder return to Synovus' shareholders by tying a significant portion of their compensation opportunity to growth in shareholder value. Align the interests of executives with shareholders by awarding executives equity in Synovus. Ensure a competitive compensation program given the market prevalence of long-term incentive compensation. Include a vesting schedule designed to retain our executives. 	We granted PSUs and RSUs in 2022 so that all of our long-term incentive awards are linked to performance. The "mix" of ongoing annual long-term incentive awards is 60% PSUs and 40% RSUs. The PSUs have a three-year performance period and also require three years of service. Under the performance formula, the payment of the PSUs may range from 0% to 150% of the target award based on Synovus' weighted average ROATCE (as adjusted) and relative TSR during the performance period. The RSUs have a three-year service requirement (one-third vest each year) based on continued employment with Synovus.
Perquisites	<ul style="list-style-type: none"> Small component of pay intended to provide an economic benefit to executives to promote their recruitment and retention. Align our compensation plan with competitive practices. 	Perquisites in 2022 were limited to financial planning, executive physicals, housing allowances, reimbursements for relocation expenses, and security alarm monitoring for certain officers. Perquisites did not include auto allowances or club dues.
Retirement Plans	Defined contribution plans designed to provide income following an executive's retirement, combined with a deferred compensation plan to replace benefits lost under Synovus' qualified plans.	Plans offered include a 401(k) savings plan and a deferred compensation plan.
Change of Control Agreements	Provide orderly transition and continuity of management following a change of control of Synovus.	Upon "double trigger" (change of control followed by qualifying termination within two years), agreements provide for two to three times the executive's base salary and bonus. Beginning in June 2012, the Compensation and Human Capital Committee has prohibited any new change of control agreements from including excise tax gross-ups.

Base Pay Decisions in 2022

As previously described, Messrs. Blair, Gregory, and Bishop received base pay increases of 3%, 26%, and 18%, respectively, effective March 6, 2022. The increases were based upon the Compensation and Human Capital Committee's review of market comparisons of compensation levels for similar positions at peer companies. Ms. Creson's base salary was established in connection with her hiring effective July 25, 2022.

Short-Term Incentive Decisions in 2022

We target our short-term incentive plan opportunities to approximate the median of peer practices. Each year, the Compensation and Human Capital Committee determines the appropriate performance measures that best support our business strategy and establishes target goals based upon management's confidential business plan and corresponding annual budget for that year.

TABLE OF CONTENTS

Actual payouts under the plan may vary from 0% to 150% of the target based upon Synovus and each executive's performance compared to the performance goals. Target awards for 2022, expressed as a percentage of base salary, were 125% for Messrs. Stelling and Blair, 85% for Mr. Gregory, 75% for Mr. Bishop, and 70% for Ms. Creson. In connection with her hiring, we committed to providing Ms. Creson with a minimum short-term incentive for 2022 equal to her annual target bonus.

For 2022, the Compensation and Human Capital Committee established that short-term incentives would be based on adjusted EPS, adjusted ROAA, and performance on corporate and personal objectives. The Committee selected adjusted EPS and adjusted ROAA as aligning with our focus on earnings growth and profitability, incorporating revenue growth, expense management, and generating sufficient returns on our balance sheet. For the corporate and personal objectives component, the Committee determined the primary focus would be on quality of earnings as well as results achieved relative to our four strategic pillars as noted below.

The following chart summarizes the threshold, target, and maximum goals established for the financial performance metrics, as well as the actual performance results and resulting payout as a percent of target determined by the Compensation and Human Capital Committee.

	Weight	Threshold	Target	Maximum	Actual	Percent of Target
Adjusted EPS ⁽¹⁾	50%	\$3.17	\$3.96	\$4.36	\$4.93	150 %
Adjusted ROAA ⁽¹⁾	25%	0.94 %	1.10 %	1.30 %	1.31 %	150 %
Corporate and Personal Objectives	25%	See discussion below				150 %
Total Payout						150 %

(1) The amounts exclude non-recurring items and certain items that are not indicative of ongoing operations. For a reconciliation of adjusted EPS and adjusted ROAA to GAAP measures, please refer to [Appendix B](#) of this Proxy Statement.

Corporate and Personal Objectives

The strategic factors are designed to provide the Compensation and Human Capital Committee with the opportunity to impact incentive payouts based on a holistic review of the Company's performance for the year, including the quality of our financial results and our performance on key priorities. The strategic factors are established at the beginning of the year and are designed to provide the Committee with an overview of items deemed critical to the Company's success. The Committee's assessment of the qualitative factors impacts 25% of the individual short-term payouts for the year.

The factors chosen by the Compensation and Human Capital Committee at the beginning of 2022 based upon the Company's strategic plan, and the key results for each factor, are summarized below:

- Quality of Earnings** — Our quality of earnings remains strong, as revenue and earnings benefited from continued loan growth momentum, a rising interest rate environment, and non-interest revenue growth in key client fee income categories. While interest rates have exceeded expectations and supported earnings growth, loan growth also far exceeded expectations and we were able to manage deposit costs exceedingly well in the year. Prudent expense management efforts also provided further opportunities to invest in talent, technology, and strategic growth initiatives that promote success achieving longer-term objectives. On the credit side, credit metric performance exceeded expectations within the year as charge-offs came in well below planned levels and key ratios (e.g., NPAs/NPLs) improved from 2021 levels. While the provision for credit losses was above planned levels, the variance as compared to plan was driven by a higher than budgeted ACL ratio, a result of a deterioration in forecasted economic conditions.
- Reposition for Advantage** — Our new business growth initiatives are on track and progressing as anticipated. Key talent hires have taken place within commercial and investment banking, or CIB, and Maast, in addition to eight additional middle market bankers/leaders within our broader expansion plans. CIB funded \$127 million in loans and recorded their first deposit balances in the fourth quarter of 2022, finishing the year at \$20 million. Core business initiative performance was ahead of plan overall, with year-to-date loan growth favorable by +10% and year-to-date core deposit balances short by (5%) to our budget, respectively. Our enterprise project portfolio has 58 initiatives through various project phases, with 39 active projects and 20 delivered projects in 2022.
- Simplify and Streamline** — During 2022, our client journey team completed 15 client journeys and identified 109 total transformation opportunities, with 70% comprising of client self-serve and process improvements. Opportunities uncovered by this team also substantiated three new approved business cases which will be implemented in 2023. Strategic problem resolution is ongoing to enhance both the client and the employee experience. We also launched a client advocacy pilot in 2022 designed to remove the research and follow-up of client complaints from front line team members. The objective of this pilot was to free up resources in consumer banking, allowing them to focus instead on relationships and sales while streamlining the problem resolution process. The

TABLE OF CONTENTS

program has now expanded to eight regions, with remaining regions to consolidate in 2023. Our intelligent process automation team delivered five new solutions in 2022, generating an annualized savings of approximately \$600 thousand and contributing to the automation of approximately 49,000 tasks. We also continued our modernization journey by upgrading our email platform to cloud technologies and decommissioning legacy databases, resulting in a reduction of physical hardware in the data center which also helped us with our commitment in adopting environmentally responsible business practices.

- **Adopt High Tech/High Touch** — Our technology improvement initiatives continued in 2022. For our consumer clients, 100% of our ATMs are now equipped with tap and go functionality. We also introduced a number of new features in the My Synovus application. Our branch modernization efforts continued in 2022, with 62 branches fully migrated with Synovus Workspace and 226 branches migrated to software-defined wide area networks. Improvements such as client level authentication, virtual hold via callback queuing, bi-lingual speech recognition, and analytics capabilities were implemented in 2022 which lay the foundation for future capabilities and functionality. We also implemented technology infrastructure improvements in a number of other areas, including wholesale banking, collateralized mortgage loans, training and corporate, and our production support team.
- **Enhance Talent and Culture** — We made significant progress toward the maturity of our ESG program in 2022. See the discussion at “Environmental, Social, and Governance” on page 16 of this Proxy Statement. In addition, we also continued to make gains in our DEI initiatives in 2022. As of December 31, 2022, women represented 39% of senior leadership roles and persons of color represented 16%, both an increase of 1% from 2021. Employee resource groups have continued to grow, with participation increasing 20% from 2021. Executive leadership also continues to become more diverse and is currently 50% female and 13% persons of color. In 2022, our “Voice of the Team Member” action teams developed and implemented ten new initiatives.
- **External Factors** — The most significant external factor in 2022 was the Federal Reserve interest rate hikes, which exceeded our budgeted rate hikes and benefited net interest income and total revenue. While the rate environment benefited net interest income, mortgage production and gains on sales were negatively impacted.
- **Risk Management/Regulatory Compliance** — The Compensation and Human Capital Committee viewed the Company’s risk management and regulatory compliance as satisfactory based on reviews of our regulatory compliance and our risk management reports.
- **Total Shareholder Return** — Our TSR for 2022 was -19% (30th percentile of peers), while our 3-year and 5-year TSR were 9% and -6%, respectively.

Payout Determination

In determining 2022 annual incentive payouts, the Compensation and Human Capital Committee considered the results of the formulaic payout goals as well as the significant progress towards accomplishing the Company’s strategic plan demonstrated during its review of the qualitative payout factors. The Committee also considered the strength of financial results even when excluding the positive impact of higher interest rates. Additionally, the Committee recognized the achievement of exceeding a pre-tax run rate benefit of \$175 million from our Synovus Forward initiatives, accomplishing the goal of our campaign that was announced in 2020. After careful deliberation, including consideration of individual performance, the Committee approved annual incentive award payouts of 150% of target for Mr. Blair and for the other named executive officers. Ms. Creson received a payout of 122% of target, which reflected a proration of the 150% payout for her time served in her role during 2022. The Committee considered the recommendation of the CEO when determining payouts for named executive officers other than the CEO and the Executive Chairman. The annual short-term incentive award payout amount for each named executive officer is set forth in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table set forth on page 47 of this Proxy Statement.

Long-Term Incentive Decisions in 2022

The Company grants all long-term incentive awards in equity to link the value of the awards to Company performance. In 2022, our ongoing annual long-term incentive awards were made 60% in PSUs to support the performance-based nature of our program. The remaining ongoing annual awards were granted as RSUs. Individual annual long-term incentive award amounts were determined after the Compensation and Human Capital Committee reviewed market comparisons for similarly-situated positions.

The Committee granted PSUs and RSUs to Mr. Blair and the Company’s other named executive officers, excluding Ms. Creson, in 2022 based upon market comparisons as set forth in the Grants of Plan-Based Awards Table on page 48 of this Proxy Statement. As described below, PSUs are subject to downward discretionary adjustment if the Committee determines risks were not properly considered in achieving the performance results. In addition, the PSUs and RSUs are subject to the Company’s clawback policy. For information on equity awards received by Ms. Creson in 2022, see “New Hire Awards” below.

Performance Stock Units (PSUs)

The PSUs granted in 2022 have both a performance vesting component and a service vesting component. Under the performance vesting component for 2022, Synovus’ weighted average ROATCE (as adjusted) and relative TSR is measured over a three-year performance period (2022-2024). The Compensation and Human Capital Committee uses ROATCE as a performance measure given its increasing focus in our communications with shareholders and due to its incorporation of both earnings and capital management. ROATCE is calculated based on our adjusted earnings divided by our average tangible shareholder’s equity less preferred stock, goodwill, and other intangibles. The performance formula for ROATCE places a higher weighting on the third year of the performance period. The Committee uses relative TSR as a performance measure because it is a direct measure of the Company’s return to shareholders relative to the Company’s competitors. The comparator TSR is based on the beginning and ending TSR of the banks in the KBW Nasdaq Regional Banking Index at the beginning and end of the applicable performance period. The actual payout of the PSUs may range from 0% to 150% of the target amount based upon Synovus’ weighted average ROATCE (as adjusted) and relative TSR during the performance period compared to the performance formula approved by the Committee. The service vesting component specifies that shares earned based on performance results will vest after three years of service.

TABLE OF CONTENTS

The ROATCE performance targets set by the Compensation and Human Capital Committee are based upon assumptions that are contained in our confidential business plan for the three-year performance period. Because these performance targets are based on our non-public business plan, the Company does not publicly disclose the actual performance targets until the completion of the performance period. The portion of PSUs based on our relative TSR will pay 50% of target for performance at the 25th percentile, 100% of target for performance at the 50th percentile, and 150% of target for performance at the 75th percentile.

Payout for 2020-2022 PSUs. The following table outlines our results relative to the established goals for the 2020-2022 performance period:

Performance Goals and Payout Calculation

	Threshold	Target	Maximum	Actual	Payout
Relative TSR compared to KBW 50	25th Percentile	50th Percentile	75th Percentile	46.7th Percentile	93 %
Weighted Average 3-Year ROATCE (as adjusted) ⁽¹⁾	8.31 %	13.31 %	16.31 %	16.63 %	150 %
Payout (as a Percentage of Target)	50%	100 %	150 %		122 %

(1) *Return on Average Tangible Common Equity (as adjusted) excludes non-recurring items and certain other items that are not indicative of ongoing operations. For a reconciliation of adjusted ROATCE to the most comparable GAAP measure, please refer to [Appendix B](#) of this Proxy Statement. The result of 16.63% represents a weighted average of 9.12% for 2020 and 17.76% for 2021, each weighted 25%, and 19.81% for 2022, weighted 50%.*

Restricted Stock Units (RSUs)

The RSUs have a service-based vesting schedule, with the RSUs vesting one-third each year over a three-year period subject to each executive's continued employment with Synovus. The RSUs are granted as stock-settled RSUs for executives who had not yet achieved their required ownership under our stock ownership guideline, and as cash-settled RSUs for executives who have met or exceeded their required stock ownership at the time of grant. For 2022, the RSUs granted to Messrs. Blair, Gregory, and Stelling will be settled in cash.

Prior to 2020, executives were granted market restricted stock units, or MRSUs, which had a service-based vesting component as well as a TSR multiplier. Under the service-based vesting component, the MRSUs vest one-third each year over a three-year period subject to each executive's continued employment with Synovus. Under the TSR multiplier, the "target" amount of MRSUs which vest each year are adjusted upward or downward up to 25% in direct relationship to the annual total return experienced by our shareholders. In 2022, one-third of the MRSUs that were granted on February 7, 2019 vested with a payout percentage of 125%. Mr. Blair also received a grant of MRSUs on December 12, 2019 that had one-third vest in 2022 with a payout percentage of 89.6%.

New Hire Awards

In connection with her hiring effective July 25, 2022, Ms. Creson received a cash award of \$150,000 and an equity award of 27,161 RSUs to partially compensate her for incentives and equity forfeited from her prior employer. The RSUs vest one-third each year over a three-year period.

Potential Reductions to Equity Awards Due to Risk Concerns

Both the PSUs and MRSUs are subject to downward adjustment if future results suggest risk was not properly considered in achieving the results on which the number of units awarded were based. The Compensation and Human Capital Committee will consider if reductions are warranted if any of the following occur during the vesting period: (1) Synovus or a line of business experiences a material loss, (2) Synovus or an individual executive fails to comply with risk policies or properly address risk concerns, or (3) regulatory capital falls below regulatory capital requirements. The Committee did not exercise downward discretion with respect to the PSUs or MRSUs that vested during 2022. The PSUs, MRSUs, and RSUs are also subject to the Company's clawback policy, which provides for both potential forfeitures of unvested awards and recoupments of vested awards, as discussed on page 44 of this Proxy Statement.

Perquisites

Perquisites are a small part of our executive compensation program. Perquisites are offered to increase the productivity of our executives and align our compensation program with competitive practices because similar positions at Synovus' competitors offer similar perquisites. The perquisites offered by Synovus in 2022 were limited to executive physicals, financial planning, housing allowances, reimbursements for relocation expenses, and security alarm monitoring for certain officers. The Company's incremental cost of providing these benefits is included as "All Other Compensation" in the Summary Compensation Table and is described in more detail in footnote 2 of the Summary Compensation Table on page 47 of this Proxy Statement. Considered both individually and in the aggregate, we believe that the perquisites we offer to our named executive officers are reasonable and appropriate. The Company did not provide auto allowances or reimbursements for club dues to executives in 2022.

Retirement and Deferred Compensation Plans

Our compensation program also includes retirement plans designed to provide income following an executive's retirement. Synovus' compensation program is designed to reflect Synovus' philosophy that compensation generally should be earned while actively employed. Although retirement benefits are paid following an executive's retirement, the benefits are earned while employed. We have chosen to use defined contribution retirement plans because we believe that defined benefit plans are difficult to understand and communicate, and contributions to defined benefit plans often depend upon factors that are beyond Synovus' control, such as the earnings performance of the

assets in such plans compared to actuarial assumptions inherent in such plans. Synovus offered a 401(k) savings plan to its employees in 2022. The 401(k) savings plan offers an employer matching contribution of up to 5% of compensation.

In addition to the 401(k) savings plan, the Deferred Compensation Plan, or the Deferred Plan, replaces benefits foregone under the 401(k) savings plan due to legal limits imposed by the Internal Revenue Service, or IRS. The Deferred Plan does not provide "above market" interest. Instead, participants in the Deferred Plan can choose to invest their accounts among mutual funds that are the same as the mutual funds that are offered in the 401(k) savings plan. The executives' Deferred Plan accounts are held in a rabbi trust, which is subject to claims by Synovus' creditors. The employer matching contribution to the Deferred Plan for 2022 for named executive officers is set forth in the "All Other Compensation" column in the Summary Compensation Table, and the earnings on the Deferred Plan accounts during 2022 for named executive officers is set forth in the "Aggregate Earnings in Last FY" column in the Nonqualified Deferred Compensation Table. Mr. Stelling also participates in a deferred compensation plan entered into with Riverside Bank, or the Riverside Plan, prior to Riverside Bank's acquisition by Synovus. The obligations under the Riverside Plan, which was initially effective January 1, 2003, were assumed by Synovus Bank when Synovus consolidated its banking charters in 2010. Under the Riverside Plan, the beginning benefit amount specified in the plan is increased by 3% for each year of service attained by Mr. Stelling. The total benefit amount under the Riverside Plan is payable to Mr. Stelling in monthly payments over a period of 15 years following his attainment of age 65 or in a single lump sum payment in the event of his death or disability. The total benefit amount under the Riverside Plan as of December 31, 2022 is included in Mr. Stelling's balance in the Nonqualified Deferred Compensation Table and Synovus' contribution to the Riverside Plan for 2022 is included in the "All Other Compensation" column in the Summary Compensation Table.

Employment and Termination Agreements

Synovus does not generally enter into employment agreements with its executives, except in unusual circumstances such as acquisitions and for succession and transition planning. As discussed in last year's CD&A, the Company entered into a letter agreement with Mr. Stelling (the "succession letter") on December 17, 2020, in connection with the previously-announced succession and transition plan. The letter set forth the terms applicable to his ongoing service as Executive Chairman from April 21, 2021 through December 31, 2022 and thereafter, as an advisor through December 31, 2024. The Compensation and Human Capital Committee and the Board believed it was advisable to enter into the succession letter with Mr. Stelling to ensure continuity through the CEO transition, retain the benefit of his experience and expertise, and secure a noncompetition restriction and employee and client non-solicitation covenants while he is providing services to the Company and for two years thereafter.

The succession letter provides that, with respect to his service to the Company in the 2021 and 2022 performance years, Mr. Stelling would continue to receive his current annual base salary and be eligible for short and long-term incentive compensation as determined by the Compensation and Human Capital Committee on a basis no less favorable than previously applied to him, although for the 2022 performance year his target annual incentive opportunity was reduced to 100% of his base salary and his target long-term incentive opportunity was reduced to 200% of his base salary. For each year of service as an advisor, Mr. Stelling will receive an annual fee equal to his base salary, office and administrative support, financial planning assistance, and security alarm monitoring service. In addition, in connection with the leadership transition of the Company and in recognition of the shareholder value created and maintained through the development of the Company's executive team, Mr. Stelling's continued commitment to serve the Company during the implementation of the Company's succession plan and ensure the orderly transition of his responsibilities as CEO to his successor and his agreeing to be bound by the noncompetition and other restrictive covenants, effective January 1, 2021, Mr. Stelling was granted a cash transition award in the amount equal to the average of the amount of his "Total" compensation less the amounts reported as "All Other Compensation" as reflected in the Company's Summary Compensation Table for each of the three completed calendar years prior to the date of the succession letter. As such, the value of the transition award is \$5,284,810. The transition award will vest in two equal installments on the second and third anniversaries of the succession date (April 21, 2023 and April 21, 2024), subject to Mr. Stelling's continued provision of services outlined in the succession letter. For more information, including the terms applicable upon certain terminations of Mr. Stelling's employment, see "Potential Payouts Upon Termination or Change of Control" on page 50 of this Proxy Statement.

In considering the terms of the succession letter, the Compensation and Human Capital Committee and the Board took into account the benefits to the Company of the continued commitment and dedication of Mr. Stelling and the critical importance of ensuring a seamless and stable leadership transition during a tumultuous economic and historical period. The Committee developed Mr. Stelling's duties and responsibilities with his input and a focus on prioritizing initiatives that would uniquely benefit from his stature and experience, both during his service as Executive Chairman and as an advisor. During his service as Executive Chairman, these responsibilities included chairing Board and shareholder meetings; providing advice, guidance, and assistance to the CEO; contributing to the Company's strategic and operational plans and the business initiatives of the Company; leading special projects identified by the Board; assisting with the maintenance and development of community, client, and business relations; and carrying out such other duties as requested by the Board, which may include leveraging his relationships, stature, and experience to develop, strengthen and grow business relationships and opportunities; overseeing the Company's Leadership Development Curriculum; developing and advancing the Company's ESG activities and initiatives; and continuing to be involved with regulatory relations and industry programs and events. During his service as an advisor, Mr. Stelling's duties and responsibilities will in many respects be a continuation of those he had prior to his retirement, as they relate to being available to advise the CEO, assisting with special projects identified by the Board, maintaining and developing community, client, and business relations, and continuing to lead the initiatives advanced by him while serving as the Executive Chairman.

Synovus uses change of control arrangements with its executives to ensure: (1) the retention of executives and an orderly transition during a change of control, (2) that executives would be financially protected in the event of a change of control so they continue to act in the best interests of Synovus while continuing to manage Synovus during a change of control, and (3) a competitive compensation package because such arrangements are common in the market and it was determined that such agreements were important in recruiting executive talent. The change of control agreements in place for the named executive officers provide for a lump sum payment equal to two to three years of base salary and the affected executive's average bonus for the past three years, as well as two to three years of health and welfare benefits. These payments and benefits are paid only in the event of a "double trigger," requiring a change of control followed by termination of an executive's employment by Synovus for any reason other than "cause," death or disability, or by the executive for "good reason," within two years of the change of control. For more information, see "Potential Payouts upon Termination or Change of Control" on page 50 of this Proxy Statement. In June 2012, the Committee adopted a policy prohibiting tax gross-ups from any new change of control agreements.

Competitive Market Data

The Compensation and Human Capital Committee historically has evaluated comparative data relating to total direct compensation (salary, short-term incentive opportunities, and long-term incentive opportunities) to assess the executive compensation practices of competitor companies. The Committee continued this practice in 2022, with the assistance of Meridian. Findings from this comparative evaluation were used to assist the Committee in establishing the compensation opportunities for executives in 2022.

In 2022, the Compensation and Human Capital Committee used a peer group of 16 banks⁽¹⁾ as part of its evaluation. When originally approved by the Committee, the peer group included eight banks with higher assets and eight banks with lower assets than Synovus and none of the peer banks had more than three times Synovus' assets. As part of its evaluation of market practices, the Committee reviewed the most recent proxy data available for the banks listed below, as well as data appropriate to our industry and company size from external market surveys. When reviewing this data, the Committee focused on total direct compensation opportunities, not necessarily the amount of compensation actually paid, which varies depending upon each companies' performance results.

BOK Financial Corp.	New York Community Bancorp, Inc.
Bank United, Inc.	Pinnacle Financial Partners, Inc.
Cadence Bank	Popular, Inc.
Comerica Inc.	Regions Financial Corp.
Cullen/Frost Bankers, Inc.	SouthState Corporation
First Horizon Corporation	Webster Financial Corporation
FNB Corp.	Western Alliance Bancorporation
Hancock Whitney Corp.	Zions Bancorporation

(1) Cadence Bank, Pinnacle Financial Partners, Inc., SouthState Corporation, Webster Financial Corporation, and Western Alliance Bancorporation were added to the peer group in 2022 to replace Associated Bank-Corp., Huntington Bancshares Incorporated, M&T BankCorp., Peoples United Financial, Inc. and TCF Financial Corp.

Compensation Framework: Compensation Policies, Compensation Process, and Risk Considerations

Compensation Policies

Stock Ownership/Retention Guidelines

To align the interests of its executives with shareholders, Synovus implemented stock ownership guidelines for its executives. Under the guidelines, executives are required to maintain ownership of Synovus common stock equal to at least a specified multiple of base salary, as set forth in the table below:

Named Executive Officer	Ownership Level (as multiple of base salary)
Chief Executive Officer	6x
Executive Chairman of the Board	5x
All Other Named Executive Officers	3x

The guidelines were amended effective January 1, 2022 to increase the multiple for the Chief Executive Officer to 6x and to exclude future stock options and performance-based stock awards from the calculation. Until the guideline is achieved, executives are required to retain 75% of all net shares received upon the exercise of stock options or vesting of other stock-based awards, excluding shares used to pay an option's exercise price and any taxes due upon exercise or vesting of an award. In the event of a severe financial hardship, the guidelines permit the development of an alternative ownership plan by the Chief Executive Officer and Chairman of the Compensation and Human Capital Committee.

All named executive officers were in compliance with the requirements of the guidelines as of January 1, 2023, either through ownership of the specified number of shares or retention of 75% of all net shares.

Hold Until Retirement Provision

Synovus has also adopted a "hold until retirement" policy that applies to all unexercised stock options and unvested restricted stock and restricted stock units awarded to our Chief Executive Officer. Under this policy, after the Chief Executive Officer has attained the stock ownership guidelines described above, he is also required to retain ownership of 50% of all common stock acquired through Synovus' equity compensation plans (after taxes and transaction costs and excluding awards settled in cash) until his retirement or other termination of employment. The "hold until retirement" requirement further aligns the interests of our Chief Executive Officer with shareholders.

Clawback Policy

Our 2021 Omnibus Plan and award agreements contain language that makes all awards to executives subject to a recoupment or clawback policy approved by the Compensation and Human Capital Committee. The Committee initially approved a clawback policy in 2014 and the Committee updated and strengthened the policy in 2018. Under the updated policy, any incentive compensation paid to Synovus' executive officers that is based upon materially inaccurate performance metrics or financial statements, or material failures in the management of Company financial, operational, or reputational risks that result in or are reasonably expected to result in a material adverse impact to Synovus or a business unit, are subject to clawback.

Anti-Hedging Policy

Synovus does not allow directors or executive officers to hedge the value of Synovus equity securities held directly or indirectly by the director or executive officer. Synovus' policy prohibits the purchase or sale of puts, calls, options, or other derivative securities based on Synovus' securities, as well as hedging or monetization transactions, such as zero-cost collars and forward sale contracts or other derivative securities based on Synovus securities. The anti-hedging policy does not extend to all employees of Synovus but is limited to our directors, executive officers, and certain other designated insiders.

Anti-Pledging Policy

Synovus' Corporate Governance Guidelines and Insider Trading Policy prohibit pledges of our stock by directors and executive officers.

Accounting Considerations

We account for all compensation paid in accordance with generally accepted accounting principles. The accounting treatment is considered by the Compensation and Human Capital Committee but has not generally been the primary driver in determining the form of compensation paid to named executive officers.

No Option Repricing

Our 2021 Omnibus Plan prohibits the repricing of stock options and stock appreciation rights without shareholder approval.

Timing of Equity Awards

If the Compensation and Human Capital Committee is taking action to approve equity awards on or near the date that Synovus' annual earnings are released, the Committee has established the grant date for equity awards to executives as: (a) the last business day of the month in which earnings are released or, if later, (b) one complete business day following the date of the earnings release. This policy ensures that the annual earnings release has time to be absorbed by the market before equity awards are granted.

Compensation Process

Role of Compensation and Human Capital Committee and Compensation Consultant in Compensation Process

The roles of the Compensation and Human Capital Committee and its compensation consultant in the compensation process are described in detail on page 9 of this Proxy Statement under "Corporate Governance and Board Matters—Committees of the Board—Compensation and Human Capital Committee."

Role of the Executive Officers in the Compensation Process

Synovus' Chief Executive Officer generally attends Compensation and Human Capital Committee meetings by invitation of the Committee, and other executives may also attend at the invitation of the Committee. The Chief Executive Officer and other executives provide management perspective on issues under consideration by the Committee, and the Chief Executive Officer makes proposals regarding the compensation of the named executive officers other than himself. No members of management have authority to vote on Committee matters. The Committee regularly meets in executive session without any executive officers present. For more information regarding Committee meetings, please refer to page 9 of this Proxy Statement under "Corporate Governance and Board Matters—Committees of the Board—Compensation and Human Capital Committee."

Tally Sheets

The Compensation and Human Capital Committee historically has used annual tally sheets to add up all components of compensation for the Chief Executive Officer and the other named executive officers, including base salary, bonus, long-term incentives, accumulative realized and unrealized stock options and restricted stock gains, the dollar value of perquisites, and the total cost to the Company, and earnings and accumulated payment obligations under Synovus' nonqualified deferred compensation program. Tally sheets also provide estimates of the amounts payable to each executive upon the occurrence of potential future events, such as a change of control, retirement, voluntary or involuntary termination, death, and disability. Tally sheets are used to provide the Committee with total compensation amounts for each executive so that the Committee can determine whether the amounts are in line with our compensation strategy. The Committee reviewed tally sheets for the Chief Executive Officer and for Synovus' other named executive officers in October 2022 and concluded that their total compensation is fair and reasonable.

Risk Considerations

Our compensation program is reviewed by several different groups to ensure that the risks involved with the program are appropriately assessed and managed. The compensation risks are first reviewed by the management team that designs, implements, and administers the program. Incentive compensation programs are also reviewed by the Executive Risk Committee, a management committee chaired by our Chief Risk Officer. As a part of this process, management completes a thorough risk assessment for each plan, assessing the administrative, strategic, and financial risk of each compensation plan, ensuring consistency in the review and administration of each plan and producing an overall risk assessment rating for each plan. Moreover, management reviews each plan for alignment with Synovus' corporate and personal objectives and assesses whether the payouts are equitable for value generated to Synovus and whether the plans encourage unnecessary risk-taking by Synovus' participants. The Compensation and Human Capital Committee met with the Chief Risk Officer to review a comprehensive risk assessment of our 2022 compensation plans.

Synovus' employee incentive plans are broadly classified by business unit: incentive plans for Synovus' banking divisions and incentive plans for Synovus' Financial Management Services division. All of the plans were assessed for risk factors in different categories, including financial risks, strategic risks, and administrative risks. Each plan was assigned a level of risk ranking from "1" (lowest risk) to "5" (highest risk) for each risk category. Any plan that received a "4" or "5" in any category was modified through the implementation of additional controls to ensure appropriate mitigation of risks. After the implementation of such controls, no plans were ranked higher than a "3." After reviewing the incentive plans and the Company's risk assessment process, the Compensation and Human Capital Committee concluded that there were no unnecessary risks under the plans and there were no risks arising from the Company's compensation policies and practices that were likely to have a material adverse effect on the Company.

COMPENSATION AND HUMAN CAPITAL COMMITTEE REPORT

CD&A

Synovus' Compensation and Human Capital Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, has recommended to the Board that the Compensation Discussion and Analysis be included in Synovus' 2022 Annual Report and in this Proxy Statement.

*Pursuant to the term of his succession letter described on page 47 of this Proxy Statement, Mr. Stelling retired as Executive Chairman of the Board effective December 31, 2022. Mr. Blair was named Chairman of the Board (in addition to CEO and President) effective January 1, 2023.

**Ms. Creson joined Synovus and was named Executive Vice President and Chief Risk Officer effective July 25, 2022.

- (1) Amounts reflect the grant date fair value of stock awards for each of the last three fiscal years computed in accordance with FASB ASC Topic 718. The assumptions made in the valuation of the PSU and RSU awards are set forth in Note 15 of the Notes to the Audited Consolidated Financial Statements in the 2022 Annual Report. If the highest level of performance were assumed in the valuation of the PSU awards for 2022, the grant date fair market value of the PSU awards granted in 2022 would have been \$2,443,994 for Mr. Blair, \$752,074 for Mr. Gregory, \$2,115,019 for Mr. Stelling, and \$517,067 for Mr. Bishop. If the highest level of performance were assumed in the valuation of the PSU awards for 2021, the grant date fair market value of the PSU awards granted in 2021 would have been \$3,642,085 for Mr. Blair, \$470,966 for Mr. Gregory and \$2,354,787 for Mr. Stelling. If the highest level of performance were assumed in the valuation of the PSU awards for 2020, the grant date fair market value of the PSU awards granted in 2020 would have been \$1,298,118 for Mr. Blair, \$432,718 for Mr. Gregory, and \$2,163,159 for Mr. Stelling.
- (2) Amount includes executive physicals for Messrs. Blair and Bishop of \$3,071 and \$3,546, respectively; a housing allowance of \$37,202, \$16,182, and \$34,474 for Messrs. Blair, Gregory, and Bishop, respectively; financial planning assistance of \$17,500 and \$7,500 for Messrs. Stelling and Bishop, respectively; and reimbursements of \$21,186 for relocation expenses for Ms. Creson. Messrs. Blair, Gregory, and Stelling also receive security alarm monitoring for which there is no incremental cost to the Company.
- (3) Amount includes Company contributions by Synovus to nonqualified deferred compensation plans of \$40,267, \$139,438, and \$28,006 for each of Messrs. Gregory, Stelling, and Bishop, respectively.
- (4) Ms. Creson received an initial equity award as shown above and a one-time cash bonus of \$150,000 in connection with her hire to partially compensate her for equity and incentives forfeited from her prior employer. Ms. Creson's bonus amount also includes the guaranteed portion of her short-term incentive (\$315,000).

Grants of Plan-Based Awards for Fiscal Year 2022

The table below sets forth the short-term and long-term incentive compensation (granted in the form of cash-based awards, PSUs, and RSUs) awarded to the named executive officers for 2022. There were no stock options granted to the named executive officers for 2022.

(1) Reflects threshold, target, and maximum payout opportunities under the annual incentive plan as approved by the Compensation and Human Capital Committee and based on 2022 performance. The actual amount of annual incentive earned by the named executive officer as approved by the Compensation and Human Capital Committee is based upon actual earnings and is reported under the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table. For more information regarding the annual incentive plan, see the discussion under "Short Term Incentives" in the "Executive Compensation—Compensation Discussion and Analysis" section of this Proxy Statement.

(2) Reflects threshold, target, and maximum number of shares that may be earned under awards of PSUs. The PSUs have a three-year service requirement (100% vest after three years of service) and a three-year performance period. Based upon Synovus' weighted average ROATCE (as adjusted) and relative TSR during the performance period, the actual payout of the performance stock units can range from 0% to 150% of the target amount.

(3) Amounts reflect the grant date fair value of long-term incentive awards computed in accordance with FASB ASC Topic 718. The assumptions made in the valuation of the long-term incentive awards are set forth in Note 15 of the Notes to the Audited Consolidated Financial Statements in the 2022 Annual Report.

(4) The RSUs granted to Messrs. Blair, Gregory, and Stelling will be settled in cash; RSUs for other named executive officers will be settled in common stock.

(5) Ms. Creson's minimum bonus amount was established at target for 2022 under her initial hire agreement.

(1) Includes additional stock awards credited by reason of such awards earning dividend equivalents. RSUs and PSUs also vest in the event of death, disability, or retirement after age 65 with 10 or more years of service.

(2) Market value is calculated based on the closing price of Synovus' common stock on December 30, 2022 (\$37.55) as reported on the NYSE.

(3) RSUs have a three-year service requirement and vest 33.3% each year over three years.

(4) PSUs have a three-year service requirement (100% vest after three years of service) and a three-year performance period. Based upon Synovus' weighted average ROATCE (as adjusted) and relative TSR during the performance period, the payout of the PSUs may range from 0% to 150% of the target amount. In accordance with SEC rules, the number of unearned PSUs reflected in the table is based on an assumed achievement at the target performance level.

Option Exercises and Stock Vested for Fiscal Year 2022

The following table sets forth the number and corresponding value realized during 2022 with respect to RSUs that vested for each named executive officer. No named executive officer exercised stock options during 2022.

(1) The amounts included in this column are included in the Summary Compensation Table for 2022 as "Salary."

(2) The amounts included in this column are included in the Summary Compensation Table for 2022 as "All Other Compensation."

(3) Of the balances reported in this column, the amounts of \$44,190, \$93,311, and \$2,193,968, with respect to Messrs. Blair, Gregory, and Stelling, respectively, were reported as compensation in the Summary Compensation Table in previous years.

(4) The year-end balance for Mr. Stelling includes \$2,407,471 in the Deferred Plan, which had contributions of \$139,438 in 2022, and \$2,249,715 in the Riverside Plan, which had no contributions in 2022.

The Deferred Plan replaces benefits lost by executives under the qualified retirement plans due to IRS limits. Executives are also permitted to defer all or a portion of their base salary or short-term incentive award. Amounts deferred under the Deferred Plan are deposited into a rabbi trust, and executives are permitted to invest their accounts in mutual funds that are generally the same as the mutual funds available in the qualified 401(k) plan. Deferred Plan participants may elect to withdraw their accounts as of a specified date or upon their termination of employment. Distributions can be made in a single lump sum or in annual installments over a two to ten-year period, as elected by the executive. Each named executive officer is 100% vested and will therefore receive his account balance in Synovus' nonqualified deferred compensation plan upon his termination of employment for any reason.

The material terms and provisions of the Riverside Plan are described on page 41 of this Proxy Statement.

Potential Payouts upon Termination or Change of Control

As described above under "Employment and Termination Agreements," Synovus entered into a succession letter with Mr. Stelling effective December 17, 2020 in connection with the succession and transition plan announced on the same date. Under the succession letter, Mr. Stelling served as Executive Chairman from April 21, 2021 through December 31, 2022 and will continue to serve as an advisor through December 31, 2024. Pursuant to the succession letter, Mr. Stelling agreed to be bound by a noncompetition restriction and employee and client non-solicitation covenants while he is providing services to the Company and for two years thereafter. The succession letter provides that, with respect to his service to the Company in the 2021 and 2022 performance years, Mr. Stelling continued to receive his current annual base salary and was eligible for short and long-term incentive compensation as determined by the Compensation and Human Capital Committee on a basis no less favorable than previously applied to him, although for the 2022 performance year his target annual incentive opportunity was reduced to 100% of his base salary and his target long-term incentive opportunity was reduced to 200% of his base salary. For each year of service as an advisor, Mr. Stelling will receive an annual fee equal to his base salary, office and administrative support, financial planning assistance, and security alarm monitoring service. In addition, in connection with the leadership transition of the Company and in recognition of the shareholder value created and maintained through the development of the Company's executive team, Mr. Stelling's continued commitment to serve the Company during the implementation of the Company's succession plan and ensure the orderly transition of his responsibilities as CEO to his successor and his agreeing to be bound by the noncompetition and other restrictive covenants, effective January 1, 2021, Mr. Stelling was granted a cash transition award in the amount equal to the average of the amount of his "Total" compensation less the amounts reported as "All Other Compensation" for each of the three completed calendar

TABLE OF CONTENTS

years prior to the date of the succession letter. As such, the value of the transition award is \$5,284,810. The transition award will vest in two equal installments on each of the second and third anniversaries of the succession date, subject to Mr. Stelling's continued provision of services to the Company and compliance with the obligations under the succession letter through the applicable vesting dates. Upon certain qualifying terminations of Mr. Stelling's employment or advisory services or a change of control of the Company, Mr. Stelling would also be entitled to receive the transition award and the unpaid advisor fee for the remainder of the advisor period. Upon Mr. Stelling's retirement, he also vested in his outstanding PSU and RSU equity awards, as provided and in accordance with the terms of the applicable award agreements. Mr. Stelling began receiving his vested account balances shown above in the Nonqualified Deferred Compensation table upon his retirement, payable as described above.

Synovus has entered into change of control agreements with its named executive officers. Under these agreements, benefits are payable upon the occurrence of two events (also known as a "double trigger"). The first event is a change of control and the second event is the termination of an executive's employment by Synovus for any reason other than "cause," death, or disability, or by the executive for "good reason," within two years following the date of the change of control. "Change of control" is defined, in general, as the acquisition of 20% of Synovus' stock by any "person" as defined under the Securities Exchange Act of 1934, turnover of more than one-third of the Board of Directors of Synovus, or a merger of Synovus with another company if the former shareholders of Synovus own less than 60% of the surviving company. For purposes of these agreements, "good reason" means a material adverse reduction in an executive's position, duties or responsibilities, relocation of the executive more than 35 miles from where the executive is employed, or a material reduction in the executive's base salary, bonus, or other employee benefit plans. In the event payments are triggered under the agreements, each named executive will receive a specified multiple of his base salary in effect prior to the termination plus a percentage of his base salary equal to the average short-term incentive award percentage earned over the previous three calendar years prior to the termination, as well as a pro rata short-term incentive award calculated at target for the year of termination. The severance multiple is 2x for Ms. Creson and Mr. Bishop and 3x for other named executive officers. These amounts are paid to the named executive in a single lump-sum cash payment. Each named executive will also receive health and welfare benefits for a number of years equal to the severance multiple. The award agreements governing the PSU and RSU equity awards include "double trigger" vesting provisions similar to those described above for the change of control agreements, and as such, on a qualifying termination during the two years following a change of control, outstanding PSU and RSU awards held by our named executive officers would vest. The following table quantifies the estimated amounts that would be payable under the change of control agreements and equity award agreements, assuming the triggering events occurred on December 31, 2022. In addition to the amounts set forth in the table below, executives would also receive a distribution of their deferred compensation vested account balance shown above in the Nonqualified Deferred Compensation Table upon their separation of employment on December 31, 2022.

Although Mr. Stelling's change of control agreement ended upon his retirement as Executive Chairman of the Board on December 31, 2022, his estimated amounts are shown in the below table pursuant to SEC rules. Because Mr. Stelling's agreement was entered into prior to the prohibition on tax gross-ups adopted by the Compensation and Human Capital Committee (see page 42), he would have received an amount that is designed to provide a "gross-up" for any excise taxes that would have been payable as a result of the payments under the agreement if the total change of control payments to the executive exceed 110% of the applicable IRS cap. Because his total change of control payments would not have exceeded the applicable cap, however, Mr. Stelling would not have received a tax "gross-up."

	Base Salary	Average 3-Yrs Short-Term Incentive Award	Pro-Rata Target Short-Term Incentive Award	Health and Welfare Benefits	Stock Award Vesting ⁽¹⁾	Excise Tax Gross-up ⁽²⁾	Total

(1) Estimated by multiplying number of stock awards that vest upon change of control by fair market value on December 31, 2022. Awards vest in full at target upon involuntary or constructive termination of employment within two years following a change of control. Stock awards also vest upon death, disability, or retirement after age 65 with 10 or more years of service.

(2) Excise taxes on vesting of PSU awards estimated by including full value of awards. Excise taxes on vesting RSU and MRSU awards estimated by multiplying amount of awards that vest upon change of control by 1% for each month of accelerated vesting. Total estimated excise tax amount divided by 43.55%, which percentage is designed to calculate the amount of gross-up payment necessary so that executive is placed in the same position as though excise tax did not apply. No gross-up payment is made if change of control payment does not exceed IRS cap by 110%, which was the case for Mr. Stelling. The agreements for Messrs. Blair, Gregory, and Bishop and Ms. Creson do not contain gross-up provisions.

Executives who receive these benefits are subject to a confidentiality obligation with respect to non-public and confidential information about Synovus they possess. There are no provisions regarding a waiver of this confidentiality obligation. No perquisites or other personal benefits are payable under the change of control agreements.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of our CEO. The CEO to median employee pay ratio included in this information is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K. Given the different methodologies that various public companies use to determine an estimate of their pay ratio, the estimated ratio reported below should not be used as a basis for comparison between companies.

We identified the median employee from a list of all employees (full-time and part-time) employed as of December 31, 2022. We determined the median employee based on each employee's annual earnings (consisting of salaries, bonuses, and commissions), annualizing earnings for employees who were not employed for a full year in 2022. After identifying the median employee, we added compensation under our Company sponsored broad-based employee benefit plans to the earnings of the median employee for 2022 and to the CEO's total compensation as reflected in the Summary Compensation Table for 2022 (adding \$23,877 to the CEO's compensation amount). Based on the foregoing, the CEO's 2022 annual total compensation was \$5,191,918 and the median annual total compensation of all employees (except for the CEO) was \$70,999, resulting in a CEO pay ratio of approximately 73 to 1.

Pay for Performance

As required by Section 953(a) of the Dodd Frank Act and Item 402(v) of Regulation S-K, we are providing the following information about the relationship between executive compensation actually paid and certain Company financial performance metrics. For further information concerning our pay-for-performance philosophy and how we align executive compensation with Company financial performance, refer to the CD&A above.

TABLE OF CONTENTS

The following table lists the most important financial performance measures used to link the compensation actually paid to our CEO and other named executive officers to Company performance:

Performance Measures	Applicable Plan
Adjusted EPS ⁽¹⁾	Short-Term Incentive (50%)
Adjusted ROAA ⁽¹⁾	Short-Term Incentive (25%)
Adjusted ROATCE ⁽¹⁾	Long-Term Incentive (50%)
Relative TSR	Long-Term Incentive (50%)

(1) For a reconciliation of the foregoing non-GAAP financial measures to the most comparable GAAP measures, please refer to [Appendix B](#) of this Proxy Statement.

While we utilize several performance measures to align executive compensation with performance, all of those measures are not presented in the Pay for Performance table. Moreover, Synovus generally seeks to incentivize long-term performance, and therefore does not specifically align the Company's performance measures with compensation that is actually paid (as defined by SEC rules) for a particular year. In accordance with Item 402(v) of Regulation S-K, we are providing the following descriptions of the relationships between information presented in the Pay for Performance table.

Our TSR directly impacts the compensation actually paid to our CEO and other named executive officers, and is the primary driver of the difference between the Summary Compensation Table amounts and Compensation Actually Paid amounts in the above table. This results from the high percentage of compensation delivered through equity awards which are tied directly to share price. Additionally, many of our equity awards included in the Compensation Actually Paid calculation have vesting tied to our absolute TSR (for MRSU grants made through 2019) or relative TSR (for PRSU grants made beginning in 2020). As reflected in the table, our TSR exceeded that of our peers in 2021, but trailed in 2020 and 2022.

Adjusted ROATCE also impacts the compensation actually paid to our CEO and other named executive officers because 50% of the payout under our long-term incentive plan is based upon our adjusted ROATCE during the three-year measurement period.

While we do not use net income as a direct performance measure in our incentive plan, it impacts the compensation actually paid to our CEO and other named executive officers as it is an input in performance measures in both our annual and long-term incentive plans (adjusted EPS, adjusted ROAA, and adjusted ROATCE).

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transaction Policy

Synovus' Board of Directors has adopted a written policy for the review, approval, or ratification of certain transactions with related parties of Synovus, which policy is administered by the Corporate Governance and Nominating Committee. Transactions that are covered under the policy include any transaction, arrangement, or relationship, or series of similar transactions, arrangements, or relationships, in which: (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year; (2) Synovus is a participant; and (3) any related party of Synovus (such as an executive officer, director, nominee for election as a director, or greater than 5% beneficial owner of Synovus stock, or their immediate family members) has or will have a direct or indirect interest.

Among other factors considered by the Committee when reviewing the material facts of related party transactions, the Committee must take into account whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction. Certain categories of transactions have standing pre-approval under the policy, including the following:

- the employment of non-executive officers who are immediate family members of a related party of Synovus so long as the annual compensation received by this person does not exceed \$250,000, which employment is reviewed by the Committee at its next regularly scheduled meeting; and
- certain limited charitable contributions by Synovus, which transactions are reviewed by the Committee at its next regularly scheduled meeting.

The policy does not apply to certain categories of transactions, including the following:

- certain lending transactions between related parties and Synovus and any of its banking and brokerage subsidiaries;
- certain other financial services provided by Synovus or any of its subsidiaries to related parties, including retail brokerage, deposit relationships, investment banking, and other financial advisory services; and
- transactions that occurred, or in the case of ongoing transactions, transactions that began, prior to the date of the adoption of the policy by the Synovus Board.

Related Party Transactions in the Ordinary Course

During 2022, Synovus' executive officers and directors (including their immediate family members and organizations with which they are affiliated) were also banking clients of Synovus and/or its subsidiaries. The lending relationships with these directors and officers (including their immediate family members and organizations with which they are affiliated) were made in the ordinary course of business and on substantially the same terms, including interest rates, collateral, and repayment terms, as those prevailing at the time for comparable transactions with persons not related to the lender and do not involve more than normal collection risk or present other unfavorable features. In addition to these lending relationships, some directors and their affiliated organizations provide services or otherwise do business with Synovus and its subsidiaries, and we in turn provide services, including retail brokerage and other financial services, or otherwise do business with the directors and their organizations, in each case in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable transactions with other nonaffiliated persons.

For purposes of determining director independence, the Board considered the lending and/or other financial services relationships provided to each of our directors and nominees, their immediate family members, and/or their affiliated organizations during 2022 and determined that none of the relationships constitute a material relationship with Synovus. The services provided to these directors and nominees were in the ordinary course of business and on substantially the same terms as those available to unrelated parties. These relationships meet the Board's categorical standards for independence. See "Corporate Governance and Board Matters—Independence."

Other Related Party Transactions

In 2022, Synovus and its wholly owned subsidiaries paid to Communicorp, Inc., a wholly-owned subsidiary of Aflac Incorporated, \$295,769 for printing, marketing, and promotional services, which payments are comparable to payments between similarly situated unrelated third parties for similar services. Teresa White, a director, is President Emeritus of Aflac US and serves as an executive of Aflac until March 31, 2023. The payments to Communicorp by Synovus and its subsidiaries represent less than 0.002% of Aflac's 2022 gross revenues. The Board considered these transactions and determined that Ms. White is independent pursuant to Synovus' categorical standards of independence.

DELINQUENT SECTION 16(a) REPORTS

Section 16(a) of the Securities Exchange Act of 1934 requires Synovus' officers and directors, and persons who own more than ten percent of Synovus stock, to file reports of ownership and changes in ownership on Forms 3, 4, and 5 with the SEC and the NYSE. Officers, directors, and greater than ten percent shareholders are required by SEC regulations to furnish Synovus with copies of all Section 16(a) forms they file.

To Synovus' knowledge, based solely on its review of the copies of such forms received by it, and written representations from certain reporting persons, Synovus believes that during the fiscal year ended December 31, 2022, its officers, directors, and greater than ten percent beneficial shareholders timely complied with all applicable Section 16(a) filing requirements.

SHAREHOLDER PROPOSALS AND NOMINATIONS

In order for a shareholder proposal to be considered for inclusion in Synovus' Proxy Statement for the 2024 annual meeting of shareholders, the written proposal must be received by the Corporate Secretary of Synovus at the address below. The Corporate Secretary must receive the proposal no later than November 16, 2023. The proposal will also need to comply with the SEC's regulations under Rule 14a-8 regarding the inclusion of shareholder proposals in company sponsored proxy materials. Proposals should be addressed to:

Corporate Secretary
Synovus Financial Corp.
1111 Bay Avenue, Suite 500
Columbus, Georgia 31901

For a shareholder proposal that is not intended to be included in Synovus' Proxy Statement for the 2024 annual meeting of shareholders, or if you want to nominate a person for election as a director, you must provide written notice to the Corporate Secretary at the address above. The Secretary must receive this notice not earlier than December 28, 2023 and not later than January 27, 2024. The notice of a proposed item of business must provide information as required in the bylaws of Synovus which, in general, require that the notice include, for each matter, a brief description of the matter to be brought before the meeting; the reason for bringing the matter before the meeting; your name, address; the number of shares you own beneficially or of record; and any material interest you have in the proposal.

The notice of a proposed director nomination must provide information as required in the bylaws of Synovus which, in general, require that the notice of a director nomination include your name, address, and the number of shares you own beneficially or of record; the name, age, business address, residence address, and principal occupation of the nominee; and the number of shares owned beneficially or of record by the nominee, as well as information on any hedging activities or derivative positions held by the nominee with respect to Synovus shares. It must also include the information that would be required to be disclosed in the solicitation of proxies for the election of a director under federal securities laws. You must submit the nominee's consent to be elected and to serve, as well as a statement as to whether each nominee, if elected, intends to tender promptly following such person's failure to receive the required vote for election or re-election, an irrevocable resignation effective upon acceptance by the Board of Directors, in accordance with Synovus' Corporate Governance Guidelines. A copy of the bylaw requirements will be provided upon request to the Corporate Secretary at the address above.

GENERAL INFORMATION

Financial Information

A copy of Synovus' 2022 Annual Report accompanies this Proxy Statement or, in the case of shareholders who receive Notice and Access, is available on the website with the Proxy Statement. Additional copies of the 2022 Annual Report, without exhibits, will be furnished, without charge, by writing to the Corporate Secretary, Synovus Financial Corp., 1111 Bay Avenue, Suite 500, Columbus, Georgia 31901. The 2022 Annual Report is also available at investor.synovus.com under the "Financial Information" tab.

Caution Concerning Forward-Looking Statements

This Proxy Statement contains "forward-looking statements" - that is, statements related to future events that by their nature address matters that are, to different degrees, uncertain. For details on the uncertainties that may cause our actual future results to be materially different than those expressed in our forward-looking statements, see the risks and other factors set forth in our filings with the SEC, including those set forth in our 2022 Annual Report. We do not assume any obligation to update any forward-looking statements as a result of new information, future developments, or otherwise, except as otherwise may be required by law. Actual results could differ materially.

Solicitation of Proxies

Synovus will pay the cost of soliciting proxies. Proxies may be solicited on behalf of Synovus by directors, officers, or employees by mail, in person or by telephone, facsimile, or other electronic means, for which they will receive no additional compensation. Synovus will reimburse brokerage firms, nominees, custodians, and fiduciaries for their out-of-pocket expenses for forwarding proxy materials to beneficial owners. In addition, we have retained Innisfree M&A Incorporated to assist in the solicitation of proxies with respect to shares of our common stock held of record by brokers, nominees, and institutions and, in certain cases, by other holders. Such solicitation may be made through the use of mail, by telephone, or by personal calls. The anticipated cost of the services of Innisfree is \$15,000 plus expenses.

Householding

The Securities and Exchange Commission's proxy rules permit companies and intermediaries, such as brokers and banks, to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement to those shareholders. This method of delivery, often referred to as householding, should reduce the amount of duplicate information that shareholders receive and lower printing and mailing costs for companies. Synovus and certain intermediaries are householding proxy materials for shareholders of record in connection with the Annual Meeting. This means that:

- Only one Notice or Proxy Statement and 2022 Annual Report will be delivered to multiple shareholders sharing an address unless you notify your broker or bank to the contrary;
- You can contact Synovus by calling (706) 641-6500 or by writing Director of Investor Relations, Synovus Financial Corp., 1111 Bay Avenue, Suite 200, Columbus, Georgia 31901 to request a separate copy of the Notice or 2022 Annual Report and Proxy Statement for the Annual Meeting and for future meetings or, if you are currently receiving multiple copies, to receive only a single copy in the future or you can contact your bank or broker to make a similar request; and
- You can request delivery of a single copy of the Notice, 2022 Annual Report, or Proxy Statement from your bank or broker if you share the same address as another Synovus shareholder and your bank or broker has determined to household proxy materials.

Appendix A: Synovus Financial Corp. Director Independence Standards

The following independence standards have been approved by the Board of Directors and are included within Synovus' Corporate Governance Guidelines.

A majority of the Board of Directors will be directors that the Board of Directors has affirmatively determined meet the criteria for independence required by the NYSE and the Corporate Governance Guidelines.

A. Categorical Standards for Director Independence

The Corporate Governance and Nominating Committee will make recommendations to the Board annually as to the independence of directors as defined by the NYSE. To be considered independent under the NYSE Listing Standards, the Board must determine that a director does not have any direct or indirect material relationship with the Company. The Board has established the following standards to assist it in determining director independence. A director is not independent if:

- The director is, or has been within the last three years, an employee of the Company or an immediate family member is, or has been within the last three years, an executive officer of the Company.
- The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service). (Compensation received by an immediate family member for service as an employee of the Company (other than an executive officer) is not taken into consideration under this independence standard).
- (A) The director is a current partner or employee of a firm that is the Company's internal or external auditor; (B) the director has an immediate family member who is a current partner of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and personally works on the Company's audit; or (D) the director or an immediate family member was within the last three years a partner or employee of such a firm and personally worked on the Company's audit within that time.
- The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee.
- The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues. (The principal amount of loans made by the Company to any director or immediate family member shall not be taken into consideration under this independence standard; however, interest payments or other fees paid in association with such loans would be considered payments.)

The following relationships will not be considered to be material relationships that would impair a director's independence:

- The director is a current employee, or an immediate family member of the director is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services (including financial services) in an amount which, in the prior fiscal year, is less than the greater of \$1 million, or 2% of such other company's consolidated gross revenues. (In the event this threshold is exceeded, and where applicable in the standards set forth below, the three year "look back" period referenced above will apply to future independence determinations).
- The director or an immediate family member of the director is a partner of a law firm that provides legal services to the Company and the fees paid to such law firm by the Company in the prior fiscal year were less than the greater of \$1 million, or 2% of the law firm's total revenues.
- The director or an immediate family member of the director is an executive officer of a tax exempt organization and the Company's contributions to the organization in the prior fiscal year were less than the greater of \$1 million, or 2% of the organization's consolidated gross revenues.
- The director received less than \$120,000 in direct compensation from the Company during the prior twelve month period, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
- The director's immediate family member received in his or her capacity as an employee of the Company (other than as an executive officer of the Company), less than \$250,000 in direct compensation from the Company in the prior fiscal year, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
- The director or an immediate family member of the director has, directly, in his or her individual capacities, or, indirectly, in his or her capacity as the owner of an equity interest in a company of which he or she is not an employee, lending relationships, deposit relationships or other banking relationships (such as depository, trusts and estates, private banking, investment banking, investment management, custodial, securities brokerage, insurance, cash management and similar services) with the Company provided that:
 1. Such relationships are in the ordinary course of business of the Company and are on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons; and

2. With respect to extensions of credit by the Company's subsidiaries:

- (a) such extensions of credit have been made in compliance with applicable law, including Regulation O of the Board of Governors of the Federal Reserve, Sections 23A and 23B of the Federal Reserve Act and Section 13(k) of the Securities Exchange Act of 1934; and
- (b) no event of default has occurred under the extension of credit.

For relationships not described above or otherwise not covered in the above examples, a majority of the Company's independent directors, after considering all of the relevant circumstances, may make a determination whether or not such relationship is material and whether the director may therefore be considered independent under the NYSE Listing Standards. The Company will explain the basis of any such determinations of independence in the next proxy statement.

For purposes of these independence standards an "immediate family member" includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home.

For purposes of these independence standards "Company" includes any parent or subsidiary in a consolidated group with the Company.

B. Additional Criteria for Independent Audit Committee and Compensation and Human Capital Committee Members

In addition to being independent as determined under the Categorical Standards for Independence set forth in "A" above,

- members of the Audit Committee shall not (a) accept directly or indirectly any consulting, advisory, or other compensatory fee from the Company or any of its subsidiaries other than directors' fees or (b) be an "affiliated person" of the Company or any of its subsidiaries, all as set forth in Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"); and
- members of the Compensation and Human Capital Committee (a) shall not have any relationship to the Company that is material to such director's ability to be independent from the Company's management in connection with the duties of a Compensation and Human Capital Committee member, after taking into consideration all factors specifically relevant to the relationship pursuant to NYSE Listing Standard 303A.02(a)(ii) and the criteria set forth in Rule 10C-1(b)(1) promulgated under the Exchange Act and (b) must qualify as "outside directors" as such term is defined under Section 162(m) of the Internal Revenue.

Appendix B: Reconciliation of Non-GAAP Financial Measures

Non-GAAP Financial Measures - Synovus 2022 Financial Performance

The measure entitled adjusted net income per common share, diluted is a measure not recognized under GAAP and therefore is considered a non-GAAP financial measure. The most comparable GAAP measure to this measure is net income per common share, diluted.

Management believes that non-GAAP financial measures provide meaningful additional information about Synovus to assist management and investors in evaluating Synovus' operating results, financial strength, the performance of its business, and the strength of its capital position. However, non-GAAP financial measures have inherent limitations as analytical tools and should not be considered in isolation or as a substitute for analyses of operating results or capital position as reported under GAAP. Non-GAAP financial measures should be considered as additional views of the way our financial measures are affected by significant items and other factors, and since they are not required to be uniformly applied, they may not be comparable to other similarly titled measures at other companies. Adjusted net income per common share, diluted is a measurement used by management to evaluate operating results exclusive of items that management believes are not indicative of ongoing operations and impact period-to-period comparisons. The computation of this measure is set forth in the table below.

Non-GAAP Financial Measures - Incentive Plans

The measures entitled return on average assets, as adjusted, return on average tangible common equity, as adjusted, and adjusted net income per common share, diluted are not measures recognized under GAAP and therefore are considered non-GAAP financial measures. We use non-GAAP financial measures in our incentive plans, specifically weighted average return on average tangible common equity, as adjusted, for our long-term incentive plan and adjusted net income per common share, diluted and return on average assets, as adjusted, for our short-term incentive plan. The most comparable GAAP measures to these measures are return on average assets, return on average common equity, and net income per common share, diluted, respectively. We believe that these non-GAAP financial measures more accurately reflect our core performance so that participants are neither rewarded nor penalized for items that are non-recurring, unusual, or not indicative of ongoing operations.

Return on average assets, as adjusted, return on average tangible common equity, as adjusted, and adjusted net income per common share, diluted, are measurements used by management to evaluate operating results exclusive of items that management believes are not indicative of ongoing operations and impact period-to-period comparisons, and items that impact comparisons to other financial institutions. These non-GAAP financial measures should not be considered as substitutes for return on average assets, return on average common equity, and net income per common share, diluted determined in accordance with GAAP and may not be comparable to other similarly titled measures at other companies.

Non-GAAP financial measures used to determine the PSUs granted under our long-term incentive plan:

**SYNOVUS FINANCIAL CORP.
2023 ANNUAL MEETING OF SHAREHOLDERS TO BE HELD APRIL 26, 2023
THIS PROXY IS SOLICITED ON BEHALF OF THE BOARD OF DIRECTORS**

By signing on the reverse side, I hereby appoint Andrew J. Gregory, Jr. and Allan E. Kamensky as Proxies, each of them singly and each with power of substitution, and hereby authorize them to represent and to vote as designated on the reverse side all the shares of common stock of Synovus Financial Corp. held on record by me or with respect to which I am entitled to vote on February 15, 2023 at the 2023 Annual Meeting of Shareholders to be held on April 26, 2023 or any adjournment or postponement thereof.

THIS PROXY, WHEN PROPERLY EXECUTED, WILL BE VOTED AS DIRECTED BY THE UNDERSIGNED. IF THIS PROXY IS SIGNED AND RETURNED AND DOES NOT SPECIFY A VOTE ON ANY PROPOSAL, THE PROXY WILL BE VOTED IN ACCORDANCE WITH THE RECOMMENDATIONS OF THE BOARD OF DIRECTORS.

The Board of Directors is not aware of any matters likely to be presented for action at the 2023 Annual Meeting of Shareholders other than the matters listed herein. However, if any other matters are properly brought before the Annual Meeting, the persons named in this Proxy or their substitutes will vote upon such other matters in accordance with their best judgment. This Proxy is revocable at any time prior to its use.

By signing on the reverse side, I acknowledge receipt of NOTICE of the ANNUAL MEETING and the PROXY STATEMENT and hereby revoke all Proxies previously given by me for the ANNUAL MEETING.
