Item 9. Regulation FD Disclosure

This morning, a private research firm issued a report suggesting that CenturyTel might be involved in an investigation by the Securities and Exchange Commission (the "SEC").

Last year, the SEC staff initiated a routine inquiry of trading in our securities preceding Alltel Corporation's August 2001 public announcement of its unsolicited proposal to acquire us. This investigation has been terminated and no enforcement action has been recommended to the Commission. Other than this terminated investigation, we have not been contacted by the SEC regarding any investigation, are unaware of any pending SEC investigation, and do not believe that there is a basis for any such investigation.

The private research firm that issued this morning's report made no attempt to contact us prior to issuing its report. This is the same firm that has issued similar unsubstantiated reports regarding other companies in the past.

You should be aware that we generally do not respond to market rumors, but decided that it was appropriate to make an exception in this case.
