Forward Looking Statements

Certain non-historical statements made in this release and future oral or written statements or press releases by us or our management are intended to be forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are based on current expectations only, and are subject to a number of risks, uncertainties and assumptions, many of which are beyond our control. Actual events and results may differ materially from those anticipated, estimated or projected if one or more of these risks or uncertainties materialize, or if underlying assumptions prove incorrect. Factors that could affect actual results include but are not limited to: the timing, success and overall effects of competition from a wide variety of competitive providers; the risks inherent in rapid technological change; the effects of ongoing changes in the regulation of the communications industry (including those arising out of proposed rules of the Federal Communications Commission (the "FCC") regarding intercarrier compensation and the Universal Service Fund and the FCC's related Notice of Proposed Rulemaking released on February 8, 2011); our ability to effectively adjust to changes in the communications industry and changes in the composition of our markets and product mix caused by our recent acquisitions of Qwest and Embarq; our ability to successfully integrate the operations of Qwest and Embarq into our operations, including the possibility that the anticipated benefits from these acquisitions cannot be fully realized in a timely manner or at all, or that integrating the acquired operations will be more difficult, disruptive or costly than anticipated; our ability to use the net operating loss carryovers of Qwest in projected amounts; the effects of changes in our allocation of the Qwest purchase price after the date hereof; our ability to effectively manage our expansion opportunities, including retaining and hiring key personnel; possible changes in the demand for, or pricing of, our products and services; our ability to successfully introduce new product or service offerings on a timely and cost-effective basis; our continued access to credit markets on favorable terms; our ability to collect our receivables from financially troubled communications companies; any adverse developments in legal proceedings involving us; our ability to pay a \$2.90 per common share dividend annually, which may be affected by changes in our cash requirements, capital spending plans, cash flows or financial position; unanticipated increases or other changes in our capital expenditures; our ability to successfully negotiate collective bargaining agreements on reasonable terms without work stoppages; the effects of adverse weather; other risks referenced from time to time in this report or other of our filings with the Securities and Exchange Commission (the "SEC"); and the effects of more general factors such as changes in interest rates, in tax rates, in accounting policies or practices, in operating, medical, pension or administrative costs, in general market, labor or economic conditions, or in legislation, regulation or public policy. These and other uncertainties related to our business, our April 2011 acquisition of Qwest and our July 2009 acquisition of Embarq are described in greater detail in Item 1A to our Form 10-K for the year ended December 31, 2010, as updated and supplemented by our subsequent SEC reports. In addition, actual results could be affected by factors relating to our pending acquisition of Savvis, including but not limited to: the ability of the parties to timely and successfully receive the required approvals of regulatory agencies and Savvis' stockholders; the possibility that the anticipated benefits from the acquisition cannot be fully realized or may take longer to realize than expected; the possibility that costs or difficulties related to the integration of Savvis' operations into our operations will be greater than expected; the ability of the combined company to retain and hire key personnel; and other risk factors and cautionary statements as detailed from time to time in each of our and Savvis' reports filed with the SEC. There can be no assurance that the proposed acquisition of Savvis will in fact be consummated. You should be aware that new factors may emerge from time to time and it is not possible for us to identify all such factors nor can we predict the impact of each such factor on the business or the extent to which any one or more factors may cause actual results to differ from those reflected in any forward-looking statements. You are further cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this release. We undertake no obligation to update any of our forward-looking statements for any reason.
