Independent Auditors' Report

The Board of Directors
Century Telephone Enterprises, Inc.:

We have audited the accompanying statements of assets available for benefits with fund information of Century Telephone Enterprises, Inc. Dollars and Sense Plan as of December 31, 1995 and 1994, and the related statement of changes in assets available for benefits with fund information for the year ended December 31, 1995. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of Century Telephone Enterprises, Inc. Dollars and Sense Plan as of December 31, 1995 and 1994, and the changes in assets available for benefits for the year ended December 31, 1995, in conformity with generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The fund information in the statements of assets available for benefits and the statement of changes in assets available for benefits is presented for purposes of additional analysis rather than to present the assets available for plan benefits and changes in assets available for plan benefits of each fund. The supplemental schedules and fund information have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DOLLARS AND SENSE PLAN

Notes to Financial Statements
December 31, 1995

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PROVISIONS OF THE PLAN

Basis of Presentation

The Century Telephone Enterprises, Inc. Dollars and Sense Plan (the Plan) was established on May 1, 1986. The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the assets available for benefits and changes in assets available for benefits.

The assets of the Plan are invested by the Trustee in various investment programs (funds) which are described in Note 2.

The following description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Participation

Participation in the Plan is available to each employee of Century Telephone Enterprises, Inc. and its participating subsidiaries (the Company), other than those who are classified as associate employees, temporary employees, or employees who are covered under a collective bargaining agreement.

In order to participate in the Plan, an employee must execute a Salary Deferral Agreement with the Company. In the Salary Deferral Agreement, an employee agrees to a deferral of between one percent and ten percent of compensation, excluding bonuses, overtime pay and certain other non-salary compensation. The amount of compensation deferred by each participant is credited to an account (Participant Contribution Account) maintained for each participant by the Trustee. The Participant Contribution Account is self-directed.

As of the end of each payroll period, the Company contributes to the account (Employer Contribution Account) of each participant a contribution equal to 50% (45% prior to April 1994) of each such participant's contribution during such payroll period, however, this matching contribution applies only to the first 6% of such participant's compensation contributed to the Plan. The Board of Directors of the Company may, at its discretion, elect at the end of each year to contribute an additional amount to the Plan. Company contributions may be made in cash or Century Telephone Enterprises, Inc. Common Stock (Century Common Stock). If made in cash, such cash is applied by the Trustee to the purchase of Century Common Stock.

An employee is permitted to transfer to the Plan as a contribution his interest in another plan qualified under Section 401(k) of the Internal Revenue Code, as amended (the Code). Such contribution must qualify as a "rollover" amount described in Section 402(a)(5) of the Code, or a "rollover" contribution described in Section 408(d)(3) of the Code. Such a rollover will be credited to a rollover account on behalf of the participant (the Participant Rollover Account).

The interest of a participant in his Participant Contribution Account, his Participant Rollover Account and his Employer Contribution Account is fully vested and non-forfeitable at all times.

Reports to Participants

All participants are furnished with quarterly statements which set forth the status of their accounts in the Plan.

Distributions

If the employment of a participant with the employer ceases because of death, retirement, disability, termination of employment or for any other reason, the participant's entire interest in the Plan will be distributed to him or to his beneficiary in a lump sum. If the participant dies without designating a beneficiary, his interest in the Plan will be paid to his spouse, if any.

Withdrawals

No withdrawals will be permitted from an Employer Contribution Account. A withdrawal may be made from a Participant Contribution Account or a Rollover Account only as a result of financial hardship related to unreimbursable educational expenses, medical expenses which are not reimbursable by insurance, the need to pay for the funeral expenses of a family member, or the prevention of eviction or foreclosure from the Participant's principal residence. The determination of the existence of a financial hardship and the amount required to be distributed to meet the need created by the hardship shall be made uniformly and without discrimination at the sole discretion of the Plan Administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974.

Loans to Participants

The Plan has a provision whereby a participant can borrow from his Participant Contribution Account or Participant Rollover Account. The maximum loan is 50% of the account balance, up to \$50,000. The loans are repaid through payroll deductions and the interest rate is the Wells Fargo Bank, N.A. (Wells Fargo) prime rate plus 3%. The loan repayment period may not exceed five years except for loans for the purchase of the Participant's principal residence which may be for any period not to exceed ten years.

Trustee

The Trustee of the Plan, as of December 31, 1995, was Wells Fargo. The Board of Directors of the Company may remove the Trustee and appoint a successor trustee. The Company and the Trustee have entered into a Trust Agreement which provides for the establishment of a Trust for the purpose of holding and investing the contributions to the Trust pursuant to the provisions of the Plan.

Administration

The Company has appointed a committee to administer the Plan. The individuals who administer the Plan serve at the discretion of the Board of Directors of the Company and may be removed by the Board of Directors at any time. The cost of plan administration is paid by the Company.

Market Value Determination

Investments in Century Common Stock are valued at the closing market quote on December 31, 1995 and 1994, respectively. Other investments in the funds, which consist of units of mutual funds, are valued by the Trustee based on the market value at year-end of the underlying assets of each fund. Loans to participants are valued at principal amount outstanding which approximates market value.

Reclassification

Certain amounts previously reported for prior years have been reclassified to conform with the 1995 presentation.

(2) DESCRIPTION OF THE FUNDS

The following is a description of each of the funds available to Plan participants as of December 31, 1995:

A participant may instruct that his contribution be allocated among the various funds. A participant may change his investment allocation instructions at any time, however, a participant can only change his contribution percentage on a quarterly basis.

All amounts allocated to a participant's Employer Contribution Account are invested in Century Common Stock. Participants who have not attained age 55 have no power to transfer amounts from an Employer Contribution Account to an investment fund other than the Century Common Stock Fund. Participants who have attained age 55 may redirect the investment of the balance in their Employer Contribution Account.

(3) INCOME TAXES

The Plan and related trust meet the necessary requirements of Internal Revenue Code Section 401(a) and, accordingly, the trust underlying the Plan is exempt from income taxation pursuant to Internal Revenue Code Section 501(a). A favorable determination letter was obtained in March 1988 prior to required amendments to the Plan due to the Tax Reform Act of 1986 and restatement due to the change in the Trustee. The Plan is in the process of obtaining a determination letter for the restated Plan.

(4) RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Wells Fargo. Wells Fargo is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-

interest transactions. Fees paid by the Company to Wells Fargo for trustee, investment management, record keeping and other services amounted to \$153,099 for the year ended December 31, 1995.

(5) CONCENTRATION OF INVESTMENTS

As of December 31, 1995, 47.1% of the assets available for benefits were invested in Century Common Stock. Substantially all of the remaining assets available for benefits were invested in mutual funds managed by Wells Fargo.

(6) COMPANY/PARTICIPANT DIRECTED FUNDS

The Century Common Stock Fund includes contributions from the Company and participants. Participant contributions are directed solely by the participants. Contributions from the Company are directed by the Company, except for contributions made on behalf of participants who are age 55 or older. Such contributions can be redirected by these participants to the funds of their choice. All other funds are participant directed.

The Trustee does not maintain separate records for the Company directed and the participant directed portions of the Century Common Stock Fund, therefore, the Statement of Assets Available for Benefits and the Statement of Changes in Assets Available for Benefits include the combined balances and activity for the Century Common Stock Fund.

(7) SUBSEQUENT EVENTS

Effective January 1, 1996, BZW Barclays Global Investors N.A. replaced Wells Fargo as Trustee of the Plan due to a change in control of the outstanding voting securities of certain Wells Fargo subsidiaries.

Effective in July 1996, the percentage of compensation a participant elects to defer will apply to the participant's base pay plus certain incentive compensation received, including cash bonuses, commissions, and lump sums granted in lieu of pay increases.
