May 2021 U.S. Sales. Our news release dated June 3, 2021 concerning U.S. sales in May 2021 is filed as Exhibit 99 to this Report and incorporated by reference herein.

Transit Connect Customs Pre-Penalty Notice. As reported in our Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2020, U.S. Customs and Border Protection ("CBP") ruled in 2013 that Transit Connects imported as passenger wagons and later converted into cargo vans are subject to the 25% duty applicable to cargo vehicles, rather than the 2.5% duty applicable to passenger vehicles. We filed a challenge in the U.S. Court of International Trade ("CIT"), and CIT ruled in our favor in 2017. CBP subsequently filed a notice of appeal to the U.S. Court of Appeals for the Federal Circuit, which ruled in favor of CBP. Following the U.S. Supreme Court's denial of our petition for a writ of certiorari in 2020, we paid the increased duties for certain prior imports, plus interest, and disclosed that CBP might assert a claim for penalties. CBP has now issued to us a pre-penalty notice, which includes a demand for additional duties of \$181 million and indicates that CBP is contemplating the issuance of a claim for a monetary penalty. If such a claim is brought, CBP indicated that the penalty it may seek could be as much as \$652 million to \$1.3 billion. In the event a penalty is ultimately imposed against us, the amount would be based on our level of culpability as determined by the courts. We intend to vigorously defend our actions and contest payment of any amounts set forth in the pre-penalty notice.
