LEVI STRAUSS & CO. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE QUARTERLY PERIOD ENDED AUGUST 30, 2026

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Levi Strauss & Co. (the “Company”) is one of the world’s largest brand-name apparel companies. The Company designs, markets and sells – directly or through third parties and licensees – products that include jeans, casual and dress pants, activewear, tops, shorts, skirts, dresses, jackets, and related accessories, for men, women and children around the world under the Levi’s®, Levi Strauss Signature™ and Beyond Yoga® brands.

In the fourth quarter of 2024 we announced we were undertaking an evaluation of strategic alternatives to the global Dockers® business, including a sale or other strategic transactions. During the second quarter of 2025, the Company entered into a definitive agreement to sell its Dockers® business. On July 31, 2025 the Company sold the Dockers® intellectual property and operations in the U.S. and Canada. The Company sold the remaining Dockers® operations in multiple closings during the first quarter of 2026, with the final closing on February 27, 2026. Dockers® net assets were classified as held for sale in the consolidated balance sheets for all periods presented. Additionally, the Company classified the Dockers® business as discontinued operations in its consolidated statements of income for all periods presented. See Note 2 “Discontinued Operations”. The Dockers® business was a separate operating segment historically presented in our financial statements under the caption of Other Brands.

The Company operates its business according to three reportable segments: Americas, Europe, and Asia, collectively comprising the Company's Levi's Brands business, which includes the Levi's® and Levi Strauss Signature™ brands. The Beyond Yoga® business, which is managed separately, does not meet the quantitative thresholds for reportable segments but is presented separately to increase transparency of performance.

Basis of Presentation and Principles of Consolidation

The interim consolidated financial statements of the Company and its wholly-owned and majority-owned foreign and domestic subsidiaries, including the notes, have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission (the “SEC”) applicable to interim period financial statements and do not include all of the information and disclosures required by generally accepted accounting principles in the United States (“U.S. GAAP”) for complete financial statements. In the opinion of management, all adjustments necessary for a fair statement of the financial position and the results of operations for the periods presented have been included. The unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements of the Company for the year ended November 30, 2025, included in the Company’s Annual Report on Form 10-K for the year ended November 30, 2025 (“2025 Annual Report on Form 10-K”).

The unaudited consolidated financial statements include the accounts of the Company and its subsidiaries. All significant intercompany balances and transactions have been eliminated. The results of operations for the three and nine months ended August 30, 2026 may not be indicative of the results to be expected for any other interim period or the year ending November 29, 2026.

The Company’s fiscal year ends on the Sunday that is closest to November 30 of that year. Each quarter of both fiscal years 2026 and 2025 consists of 13 weeks. All references to years and quarters relate to fiscal years and quarters rather than calendar years and quarters.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and the related notes to the consolidated financial statements. Estimates are based upon historical factors, current circumstances and the experience and judgment of the Company’s management. Management evaluates its estimates and assumptions on an ongoing basis and may employ outside experts to assist in its evaluations. Changes in such estimates, based on more accurate future information, or different assumptions or conditions, may affect amounts reported in future periods.

LEVI STRAUSS & CO. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (continued)
FOR THE QUARTERLY PERIOD ENDED AUGUST 30, 2026

Long-Lived Assets

The Company reviews its long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may be impaired. Impairment losses are measured and recorded for the excess of carrying value over its fair value, estimated based on expected future cash flows and other quantitative and qualitative factors. Property, plant and equipment, net includes accumulated depreciation of \$1.4 billion as of both August 30, 2026 and November 30, 2025.

Prepaid Expenses

Prepaid expenses included in “Other current assets” were \$140.2 million and \$138.0 million as of August 30, 2026 and November 30, 2025, respectively.

Share Repurchases

On January 30, 2026, the Company entered into an accelerated share repurchase transaction with a third-party financial institution (the “2026 ASR Agreement”) to repurchase an aggregate of \$200.0 million of the Company’s Class A common stock as part of its share repurchase program. At inception, the Company made an initial payment of \$200.0 million and received and immediately retired 7.8 million shares of its Class A common stock, representing 80% of the dollar amount of the transaction, which had an aggregate cost of \$160.0 million based on the January 29, 2026 closing share price. The Company settled the 2026 ASR Agreement in the third quarter of 2026 and received and immediately retired an additional 1.6 million shares. The average price paid per share over the transaction’s term was \$21.32. The transaction was recorded as a reduction of retained earnings of \$194.0 million and a reduction of additional paid-in-capital of \$6.0 million.

During the first quarter of 2025, the Company repurchased 1.6 million shares for \$30.0 million, plus broker's commissions, in the open market. During the third quarter of 2025, the Company entered into an accelerated share repurchase transaction with a third-party financial institution (the “2025 ASR Agreement”) to repurchase an aggregate of \$120.0 million of the Company’s Class A common stock as part of its share repurchase program. At inception, the Company made an initial payment of \$120.0 million and received and immediately retired 5.0 million shares of its Class A common stock, representing 80% of the dollar amount of the transaction based on the August 1, 2025 closing share price. The Company settled the 2025 ASR Agreement in the fourth quarter of 2025 and received and immediately retired an additional 0.6 million shares. The average price paid per share over the transaction’s term was \$21.48. The transaction was recorded as a reduction of retained earnings of \$109.4 million and a reduction of additional paid-in capital of \$11.6 million.

The Company accounts for share repurchases by charging the excess of the repurchase price over the repurchased Class A common stock’s par value entirely to retained earnings. All repurchased shares are retired and become authorized but unissued shares. The Company accrues for the shares purchased under the share repurchase plan based on the trade date. The Company may terminate or limit the share repurchase program at any time.

Assets Held for Sale and Discontinued Operations

Assets and liabilities of a business that meet the accounting requirements to be classified as held for sale are separated in a disposal group. Disposal group net assets are recorded at the lower of their carrying amount or estimated fair value less expected costs to sell. After being classified as held for sale, assets are not depreciated or amortized.

Assets and liabilities of a disposal group that meet the accounting requirements to be classified as discontinued operations are presented separately for all current and prior periods in the consolidated balance sheets. The results of discontinued operations are reported in “Net income (loss) from discontinued operations, net of taxes” in the consolidated statements of income for the current and prior periods beginning in the period in which the business met the held for sale criteria. Net income (loss) from discontinued operations includes direct costs attributable to the business held for sale, and an estimate of costs from corporate functions dedicated to the business, but excludes corporate expenses composed of selling, general and administrative expenses not attributable to any of the operating segments. See Note 2 “Discontinued Operations”.

Unless otherwise indicated, the information in the notes to the consolidated financial statements refers only to the Company’s continuing operations.

Revenue Recognition

Effective in the first quarter of 2026, the Company revised its operating policies and procedures for e-commerce transactions. This change results in revenue being recognized upon shipment rather than upon delivery to the customer, in line with the timing of the transfer of control. The impact of the change was not material to the current period consolidated financial statements.

Reclassification

Certain amounts on the statements of cash flows have been conformed to the August 30, 2026 presentation.

Recently Issued Accounting Standards

There have been no developments to recently issued accounting standards, including the expected dates of adoption and estimated effects on the Company's consolidated financial statements and footnote disclosures, from those disclosed in the 2025 Annual Report on Form 10-K. The Company will adopt ASU 2023-09, *Improvements to Income Tax Disclosures*, in the Annual Report on Form 10-K for the fiscal year ending November 29, 2026. This new guidance is designed to enhance the transparency and decision usefulness of income tax disclosures, primarily through enhanced disclosures related to the rate reconciliation and income taxes paid. The Company is currently assessing the impact that adopting this new accounting standard will have on its consolidated financial statements and related disclosures.

NOTE 2: DISCONTINUED OPERATIONS

In the fourth quarter of 2024 the Company announced it had initiated a formal review of strategic alternatives to the global Dockers® brand, which could include a sale or other strategic transactions. During the first quarter of 2025, the Company commenced a sale process of its Dockers® business and the Company determined that the Dockers® business met held for sale and discontinued operations accounting criteria. During the second quarter of 2025, the Company entered into a definitive agreement to sell its Dockers® business for an initial transaction value of \$311 million, subject to customary adjustments and closing conditions, with the potential to reach up to \$391 million through an \$80 million earnout opportunity in future years based on the performance of the Dockers® business. On July 31, 2025 the Company sold the Dockers® intellectual property and operations in the U.S. and Canada for gross proceeds of \$194.7 million, resulting in a gain on sale of \$139.0 million, net of direct costs to sell. The Company sold the remaining Dockers® operations in multiple closings during the first quarter of 2026, with the final closing on February 27, 2026, for gross proceeds of \$96.3 million, resulting in a gain on sale of \$17.3 million, net of direct costs to sell.

Under the terms of a transition services agreement, the Company provided certain post-closing accounting, tax, digital technology and supply chain services for Dockers® operations in the U.S. and Canada for a transitional period ending in the first quarter of 2026. Fees earned under the transition services agreement were included in "Selling, general and administrative expenses" in the consolidated statements of income.

During the third quarters of 2026 and 2025, as part of the Company's annual review of the Beyond Yoga® reporting unit, the Company elected to perform a single step quantitative impairment test on the goodwill and indefinite lived trademark intangible assigned to the Beyond Yoga® reporting unit. The Company engaged third-party valuation specialists and used industry accepted valuation models and criteria that were reviewed and approved by various levels of management. The Company assessed the fair value of the Beyond Yoga® reporting unit using the discounted cash flow method under the income approach, utilizing estimated cash flows and a terminal value, discounted at a rate of return that reflects the relative risk of the cash flows. The trademark fair value was determined using the relief-from-royalty method to utilize the discounted projected future cash flows. Although the fair values of the Beyond Yoga® reporting unit and the indefinite lived trademark intangible exceeded their carrying values in both 2026 and 2025, the fair values of the Beyond Yoga® reporting unit were less than 10% over their carrying values in both 2026 and 2025 and the fair value of the indefinite lived trademark intangible was less than 10% over its carrying value in 2025.

LEVI STRAUSS & CO. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (continued)
FOR THE QUARTERLY PERIOD ENDED AUGUST 30, 2026

The significant assumptions used in the assessment of the fair value of the reporting unit in both 2026 and 2025 included revenue growth rates, profit margins, operating expenses, capital expenditures, terminal value and a discount rate. The significant assumptions used in the assessment of the fair value of the trademark intangible asset in both 2026 and 2025 included revenue growth rates, a discount rate and a royalty rate. As our long-term strategies change, planned business performance expectations are not met over time, or specific valuation factors outside of our control, such as discount rates, change significantly, then the estimated fair values of the Beyond Yoga® reporting unit, the Beyond Yoga® indefinite-lived trademark intangible asset, or both might decline and lead to impairment charges in the future. Several factors could impact the Beyond Yoga® brand's ability to achieve expected future cash flows, including the success of retail store and international expansion, store and e-commerce productivity, the impact of promotional activity, continued economic volatility and potential operational challenges related to macroeconomic factors and other strategic initiatives to drive increased profitability.

NOTE 7: SUPPLIER FINANCE PROGRAM

The Company offers a supplier finance program which enables the Company's suppliers, at their sole discretion, to sell their receivables (i.e., the Company's payment obligations to suppliers) to a financial institution on a non-recourse basis in order to be paid earlier than current payment terms provide.

The Company's obligations to its suppliers, including amounts due and scheduled payment dates, are not impacted by the supplier's participation in these arrangements. The Company's payment terms to the financial institutions, including the timing and amount of payments, are based on the original supplier invoices. The Company's current payment terms with a majority of its suppliers are typically 90 days. The Company has not pledged any assets and does not provide guarantees under the supplier finance program. As such, the outstanding payment obligations under the Company's supplier finance program are included within "Accounts Payable" in the Consolidated Balance Sheets. The Company's outstanding payment obligations under this program were \$175.4 million as of August 30, 2026 and \$136.5 million as of November 30, 2025.

Senior Revolving Credit Facility

As of August 30, 2026, the Company had no borrowings under the Credit Facility. The Company's unused availability under the Credit Facility was \$696.7 million at August 30, 2026, as the total availability of \$715.8 million was reduced by \$19.1 million of letters of credit and other credit usage allocated under the Credit Facility.

Interest Rates on Borrowings

The Company's weighted-average interest rates on average borrowings outstanding during the three and nine months ended August 30, 2026 were 4.69% and 4.66%, respectively, as compared to 4.43% and 4.32%, respectively, during the same periods of 2025.

NOTE 9: RESTRUCTURING ACTIVITIES

For the three and nine months ended August 30, 2026, the Company recognized restructuring charges of \$7.6 million and \$29.0 million, respectively, primarily in connection with the Company's focus on cost reduction initiatives, expansion of our global shared services model including building global talent hubs around the world, and distribution strategy to evaluate the mix of owned and third party operated distribution centers. Restructuring charges consist primarily of severance and other post-employment benefits, based on separation benefits provided by Company policy or statutory benefit plans. These charges were recorded in "Restructuring charges, net" in the consolidated statements of income. As of August 30, 2026, the restructuring liability was \$52.3 million, with \$40.2 million and \$12.1 million classified as "Other accrued liabilities" and "Other long-term liabilities", respectively, within the Company's consolidated balance sheet.

The Company also recognized \$16.0 million and \$19.6 million of restructuring related charges during the three and nine months ended August 30, 2026, respectively, consisting primarily of consulting costs and distribution center transition costs, which were recorded in "Selling, general and administrative expenses" in the consolidated statements of income.

For the three and nine months ended August 31, 2025, the Company recognized restructuring charges of \$8.6 million and \$22.1 million, respectively, in connection with Project Fuel, a multi-year global productivity initiative that was substantially complete as of November 30, 2025, consisting primarily of severance and other post-employment benefits, based on separation benefits provided by Company policy or statutory benefit plans, as well as contract termination costs and asset impairments partially offset by a gain on the sale of a previously closed distribution center. These charges were recorded in "Restructuring charges, net" in the consolidated statements of income.

The Company also recognized \$4.3 million and \$11.8 million of restructuring related charges during the three and nine months ended August 31, 2025, respectively, consisting primarily of consulting costs, distribution center transition costs, and employee one-time incentives, which were recorded in "Selling, general and administrative expenses" in the consolidated statements of income.

The following tables summarize the activities associated with restructuring liabilities for the periods presented. "Net Charges (Reversals)" represents the initial charge related to the restructuring activity as well as revisions of estimates related to severance and employee-related benefits and contract termination costs and other, "Payments" consists of cash payments for severance and employee-related benefits and contract termination costs and other, and "Foreign Currency Fluctuations" includes foreign currency fluctuations.

NOTE 10: COMMITMENTS AND CONTINGENCIES

Forward Foreign Exchange Contracts

The Company uses over-the-counter derivative instruments to manage its exposure to foreign currencies. The Company is exposed to credit loss in the event of nonperformance by the counterparties to the forward foreign exchange contracts. However, the Company believes that its exposures are appropriately diversified across counterparties and that these counterparties are creditworthy financial institutions. See Note 5 for additional information.

Other Contingencies

Litigation. In the ordinary course of business, the Company has various claims, complaints and pending cases, including contractual matters, facility and employee-related matters, distribution matters, product liability matters, intellectual property matters, bankruptcy preference matters, and tax and administrative matters. The Company establishes loss provisions for these ordinary course claims as well as other matters in which losses are probable and can be reasonably estimated. The Company does not believe any of these pending claims, complaints and legal proceedings will have a material impact on its financial condition, results of operations or cash flows.

Customs Duty Audits. The Company imports both raw materials and finished garments into all of its geographic regions and, as such, is subject to numerous countries' complex customs laws and regulations with respect to its import and export activity. The Company has various pending audit assessments in connection with these activities. As of August 30, 2026, the Company has recorded certain estimated liabilities for these matters which are not material. The Company does not believe any of the claims for customs duty and related charges will have a material impact on its financial condition, results of operations or cash flows.

FOR THE QUARTERLY PERIOD ENDED AUGUST 30, 2026

Other Matters. On February 20, 2026, a U.S. Supreme Court ruling invalidated tariffs imposed under the International Emergency Economic Powers Act (“IEEPA”). In April 2026, the U.S. Customs and Border Protection (“CBP”) released the Consolidated Administration and Processing Entries (“CAPE”) functionality to facilitate a phased approach to process IEEPA tariff refunds. During the third quarter of 2026 the Company recorded approximately \$78.6 million of refunds of previously paid IEEPA tariffs as a reduction of cost of goods sold. Approximately \$57.1 million of those refunds were received by August 30, 2026 and the remaining amount is recorded as a receivable in the consolidated balance sheet. The Company continues to assess loss recovery on tariff refunds under future phases. During the third quarter of 2026, the Company also recorded \$4.7 million of interest income associated with the IEEPA tariff refunds which was included in “Other income (expense), net” in the consolidated statements of income.

NOTE 11: DIVIDENDS

Dividends are declared at the discretion of the Board. In January, April and July 2026, the Company declared cash dividends of \$0.14, \$0.14 and \$0.16 per share, respectively, to holders of record of its Class A and Class B common stock. In January, April and July 2025, the Company declared cash dividends of \$0.13, \$0.13 and \$0.14 per share, respectively, to holders of record of its Class A and Class B common stock. During the three and nine months ended August 30, 2026, dividends were paid in the amount of \$61.6 million and \$169.3 million, respectively, compared to \$55.4 million and \$158.2 million, respectively, for the same prior-year periods.

The Company does not have an established dividend policy. The Board reviews the Company’s ability to pay dividends on an ongoing basis and establishes the dividend amount based on the Company’s financial condition, results of operations, capital requirements, current and projected cash flows and other factors, and any restrictions related to the terms of the Company’s debt agreements.

Subsequent to the Company’s quarter end, the Board declared a cash dividend of \$0.16 per share to holders of record of its Class A and Class B common stock at the close of business on October 21, 2026, for a total quarterly dividend of approximately \$61 million.

- (1) Gains and losses on forward foreign exchange contracts primarily result from currency fluctuations relative to negotiated contract rates. For the three and nine months ended August 30, 2026, gains were primarily due to currency fluctuations relative to negotiated contract rates on positions to buy the Mexican peso and Australian dollar. For the three and nine months ended August 31, 2025, gains were primarily due to currency fluctuations relative to negotiated contract rates on positions to buy the Euro.
- (2) Foreign currency transaction gains and losses reflect the impact of currency fluctuations on the Company's foreign currency denominated balances. For the three and nine months ended August 30, 2026, losses were primarily due to the impact of U.S. dollar weakening against the Mexican peso and Euro. For the three and nine months ended August 31, 2025, losses were primarily due to the impact of U.S. dollar weakening against the Euro.
- (3) During the nine months ended August 30, 2026 the Company recognized a gain related to a trademark infringement legal settlement.
- (4) Other, net for the three and nine months ended August 30, 2026 includes interest income received from IEEPA tariff refunds of \$4.7 million.

NOTE 15: INCOME TAXES

The Company's effective income tax rate was 23.4% for the three months ended August 30, 2026, compared to 21.9% for the same prior-year period. The Company's effective income tax rate was 22.8% for the nine months ended August 30, 2026, compared to 21.5% for the same prior-year period. The increases in the effective income tax rates for the three-month and nine-month periods ended August 30, 2026 were primarily due to a lower foreign-derived intangible income benefit compared with the prior-year periods.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (continued)
FOR THE QUARTERLY PERIOD ENDED AUGUST 30, 2026

NOTE 18: BUSINESS SEGMENT INFORMATION

The Company manages its business according to three reportable segments: Americas, Europe, and Asia, collectively comprising the Company's Levi's Brands business, which includes Levi's® and Levi Strauss Signature™ brands. The Beyond Yoga® business is managed separately and does not meet the quantitative threshold for reportable segments. Corporate expenses are comprised of selling, general and administrative expenses that management does not attribute to any of our operating segments and these expenses primarily relate to corporate administration, information resources, finance and human resources functional and organizational costs. At the end of the first quarter of 2025, the Company determined that the Dockers® business met held for sale and discontinued operations accounting criteria. During the second quarter of 2025, the Company entered into a definitive agreement to sell its Dockers® business and on July 31, 2025 the Company sold the Dockers® intellectual property and operations in the U.S. and Canada. The Company sold the remaining Dockers® operations in multiple closings during the first quarter of 2026, with the final closing on February 27, 2026. Accordingly, the Company classified the Dockers® business as discontinued operations in its consolidated statements of income for all periods presented and excluded the business from segment results for all periods presented. See Note 2 "Discontinued Operations".

The Company considers its chief executive officer to be its chief operating decision maker. The Company's chief operating decision maker manages business operations, evaluates performance and allocates resources based on the segments' net revenues and operating income. The Company reports inventories by segment as that information is used by the chief operating decision maker in assessing segment performance. The Company does not report its other assets by segment as that information is not regularly provided to the chief operating decision maker in assessing segment performance.

Business segment information for the Company is as follows:

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion and analysis of our financial condition and results of operations together with our unaudited consolidated financial statements and related notes thereto included in Part I, Item 1 of this Quarterly Report and with our audited financial statements and related notes in our Annual Report on Form 10-K for the year ended November 30, 2025, filed with the Securities and Exchange Commission on January 28, 2026. Some of the information contained in this discussion and analysis or set forth elsewhere in this Quarterly Report, including information with respect to our plans and strategy for our business, includes forward-looking statements that involve risks and uncertainties. See "Special Note Regarding Forward-Looking Statements" and "Risk Factors" for a discussion of forward-looking statements and important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements. We use a 52- or 53-week fiscal year, with each fiscal year ending on the Sunday that is closest to November 30 of that year. References to 2026 and 2025 below in this section are references to our fiscal years ending in November 2026 and November 2025, respectively, unless otherwise indicated. See "Financial Information Presentation - Fiscal Year."

This Management's Discussion and Analysis of Financial Condition and Results of Operations is designed to provide a reader of our financial statements with a narrative from the perspective of our management on our financial condition, results of operations, liquidity and certain other factors that may affect our future results.

To supplement our consolidated financial statements prepared and presented in accordance with generally accepted accounting principles in the United States ("GAAP"), we use certain non-GAAP financial measures throughout this Quarterly Report, as described further below, to provide investors with additional useful information about our financial performance, to enhance the overall understanding of our past performance and future prospects and to allow for greater transparency with respect to important metrics used by our management for financial and operational decision-making. We are presenting these non-GAAP financial measures to assist investors in seeing our financial performance from management's point of view and because we believe they provide an additional tool for investors to use in comparing our core financial performance over multiple periods with other companies in our industry.

However, non-GAAP financial measures have limitations in their usefulness to investors because they have no standardized meaning prescribed by GAAP and are not prepared under any comprehensive set of accounting rules or principles. In addition, non-GAAP financial measures may be calculated differently from, and therefore may not be directly comparable to, similarly titled measures used by other companies. As a result, non-GAAP financial measures should be viewed as supplementing, and not as an alternative or substitute for, our consolidated financial statements prepared and presented in accordance with GAAP. For more information on our calculation of non-GAAP measures and reconciliations of these non-GAAP financial measures to the most directly comparable financial measures calculated in accordance with GAAP, see "Non-GAAP Financial Measures."

Overview

We are an iconic American company with a rich history of profitable growth, quality, innovation and corporate citizenship. Our story began in San Francisco, California, in 1853 as a wholesale dry goods business. We created the first riveted blue jean 20 years later. Today we design, market and sell products that include jeans, casual and dress pants, activewear, tops, shorts, skirts, dresses, jackets and related accessories for men, women and children around the world under our Levi's®, Levi Strauss Signature™ and Beyond Yoga® brands. We service our consumers through our global infrastructure which develops, sources and markets our products around the world.

We recognize wholesale revenue from sales of our products through third-party retailers such as department stores, specialty retailers, third-party e-commerce sites and franchise locations dedicated to our brands. We also sell our products directly to consumers ("DTC") through a variety of formats, including our own company-operated mainline and outlet stores, company-operated e-commerce sites and select shop-in-shops that we operate within department stores and other third-party retail locations. As of August 30, 2026, our products were sold in approximately 50,000 retail locations in approximately 120 countries, including approximately 3,300 brand-dedicated stores and shop-in-shops. As of August 30, 2026, we had 1,261 company-operated stores located in 38 countries and approximately 525 company-operated shop-in-shops. The remainder of our brand-dedicated stores and shop-in-shops were operated by franchisees and other partners.

Across all of our brands, pants – including jeans, casual pants, dress pants, shorts, skirts and activewear – represented 66% and 67% of our total units sold in the first nine months of 2026 and 2025, respectively. Tops – including shirts, sweaters, jackets, dresses and jumpsuits – represented 30% and 29% of our total units sold in the first nine months of 2026 and 2025, respectively. The remainder of our products are accessories. Men’s products generated 58% and 60% of our net revenues in the first nine months of 2026 and 2025, respectively. Women’s products generated 40% and 39% of our net revenues in the first nine months of 2026 and 2025, respectively. The remainder of our products are non-gendered. Products other than denim bottoms – which include tops, accessories and pants excluding jeans – represented 38% of our net revenues in the first nine months of both 2026 and 2025.

Our Europe and Asia businesses, collectively, contributed 46% of our net revenues in the first nine months of both 2026 and 2025. Net revenues from our international business, which includes our Europe and Asia segments, as well as Canada and Latin America from our Americas segment, represented 60% and 58% of our net revenues in the first nine months of 2026 and 2025, respectively. Sales of Levi’s® brand products represented approximately 94% of our net revenues in the first nine months of both 2026 and 2025.

Our wholesale channel generated 51% of our net revenues in the first nine months of both 2026 and 2025. Sales to franchise partners, included as a component of our wholesale channel, generated 6% and 7% of our net revenues in the first nine months of 2026 and 2025, respectively. Our DTC channel generated 49% of our net revenues in the first nine months of both 2026 and 2025, with our company operated e-commerce business representing 23% and 22% of DTC channel net revenues in the first nine months of 2026 and 2025, respectively, and 11% of total net revenues in the first nine months of both 2026 and 2025.

Sale of Dockers®

In the fourth quarter of 2024, the Company announced it had initiated a formal review of strategic alternatives for the Dockers® brand, which could include a potential sale or other strategic transaction. During the second quarter of 2025 the Company entered into a definitive agreement to sell its Dockers® business, subject to customary closing conditions. On July 31, 2025 the Company sold the Dockers® intellectual property and operations in the U.S. and Canada. The Company sold the remaining Dockers® operations in multiple closings during the first quarter of 2026, with the final closing on February 27, 2026. The Dockers® business was reported as discontinued operations in the consolidated statements of income for all periods presented. The current year and prior year metrics included in this Management’s Discussion and Analysis exclude the impact of Dockers®.

Other Factors Affecting Our Business

We believe the other key business and marketplace factors that are impacting our business include the following:

- Reciprocal tariffs previously imposed on products imported into the U.S. from most jurisdictions, along with retaliatory actions by other countries, have created an uncertain environment for global trade. On February 20, 2026 a U.S. Supreme Court ruling invalidated the tariffs imposed by the U.S. government under the International Emergency Economic Powers Act (“IEEPA”) on products imported into the U.S. During the third quarter of 2026 the Company recorded \$78.6 million of refunds of previously paid IEEPA tariffs as a reduction of cost of goods sold, \$57.1 million of which were received by August 30, 2026. The Company continues to assess loss recovery on tariff refunds under future phases. During the third quarter of 2026, the Company also recorded \$4.7 million of interest income associated with the IEEPA refunds which was included in “Other income (expense), net” in the consolidated statements of income. Following the U.S. Supreme Court ruling, the U.S. government announced on July 23, 2026, new tariffs under Section 301 of the Trade Act of 1974 on most imports from certain countries, effective upon the expiration of the previous temporary Section 122 tariffs. Uncertainty continues to exist regarding current and future tariffs. Many of our products are produced in countries, such as Bangladesh, Cambodia, Pakistan, and Vietnam, that were subject to the invalidated U.S. IEEPA tariffs, and are subject to the new prospective tariffs. There may be additional tariff actions or increases to existing tariffs in the future. As a result of these tariff actions, retaliatory actions taken by other countries in response, and ongoing uncertainty regarding U.S. trade policy, the cost of our inventory in the U.S. has generally increased and may increase further in the future. These increased costs could lead to a significant increase in cost of sales and a significant reduction in gross margin and income from operations. We are monitoring the changing tariffs and trade restrictions, assessing the impact on our business and taking steps to mitigate their impact. However, the duration, magnitude and scope of any additional tariffs, trade restrictions, and retaliatory or other measures are difficult to predict, including related unfavorable impacts to consumer demand, along with the extent (if any) to which we will be able to offset the impacts of such actions through our mitigation efforts. These tariff actions, retaliatory measures, or other trade restrictions could materially and adversely affect our business.

- The current domestic and international political environment, including volatile trade relations and military and civil conflicts, and most recently heightened military action in the Middle East, have resulted in uncertainty surrounding the future state of the global economy. There is greater uncertainty with respect to potential changes in trade regulations, tariffs, sanctions and export controls which also increase volatility in the global economy. This environment has affected and may continue to affect consumer sentiment and demand and production and distribution lead times and sourcing locations, increasing our costs and potentially affecting our ability to meet customer demand. If these disruptions persist, they may require us to modify our current sourcing and logistics practices, which may impact our product costs, and, if not mitigated, could have a material adverse effect on our business and results of operations.
- As part of our effort to optimize our logistics network, we are in the process of transitioning and stabilizing the operation of certain of our global distribution and fulfillment centers to third-party logistics providers. This transition from owner-operated facilities to third-party logistics providers has and may continue to cause disruptions and service level impacts to these centers as we transition or restructure systems, technology and employees. We have and may continue to experience shipping delays, order cancellations and increased costs as a result of this transition and stabilization which has and may continue to impact our relationships with wholesale customers. Additionally, during the quarter there was a fire at one of our distribution centers, which had an impact on our operations. The damage to our inventory is insured and the impact on our financial results was not significant. We are subject to concentration risks and any disruptions, delays or other events impacting the business of the third-party logistics providers may have a significant impact on our business, including our ability to timely fulfill orders. If we continue to encounter problems with our distribution system, our ability to meet customer and consumer expectations, manage inventory, complete sales and achieve operating efficiencies may be adversely affected.
- Macroeconomic pressures in the U.S. and the global economy such as changes in tariff regimes, inflation, interest rates, energy prices and recession fears are creating a complex and challenging retail environment for us and our customers. These pressures are weighing on consumer sentiment and may cause consumers to reduce or reallocate discretionary spending. These trends historically have impacted and may impact our future financial results, affecting demand for our products, revenue, margins and net income.
- As we continue to execute on our strategic framework to be DTC First, we expect to see greater impact on our margins, as the diversification of our business model across channels, geographies, brands, and categories affects our gross margin. For example, if our sales in higher gross margin channels, geographies, brands and categories grow at a faster rate than in our lower gross margin channels, geographies, brands and categories, we would expect a favorable impact to aggregate gross margin over time. Gross margin in our Europe segment is generally higher than in our Americas and Asia segments. DTC sales generally have higher gross margins than sales through third parties, although DTC sales also typically have higher selling expenses and could have lower profitability. Gross margin on tops is generally lower than our bottoms category. Enhancements to our existing product offerings, or our expansion into new product categories, may also impact our future gross margin.
- Foreign currencies continue to be volatile, with the volatility increasing due to the imposition of tariffs and evolving trade policies. Significant fluctuations of the U.S. Dollar against various foreign currencies, including the Mexican peso and Australian dollar, have in the past and may in the future adversely impact our financial results, revenue, operating margins and net income.
- Tax legislation continues to evolve globally with new laws and regulations that create uncertainty, including an agreement reached by the Organization for Economic Cooperation and Development among over 140 countries to implement a minimum 15% tax rate on certain multinational enterprises, commonly referred to as Pillar Two, and the One Big Beautiful Bill Act (“OBBBA”) enacted by U.S. Congress. Pillar Two could adversely impact our effective tax rates, tax liability and cash taxes in 2026 and future years. We do not expect the OBBBA to have a material impact to our financial results.
- There has been increased focus from our stakeholders, including consumers, employees, investors, regulatory organizations and legislatures on corporate environmental, social, and governance practices, including corporate practices related to the causes and impacts of climate change and corporate statements, practices or products related to a variety of social issues. We expect that stakeholder expectations and actions with respect to these practices and issues and regulatory requirements will continue to evolve rapidly, which may impact our reputation and financial results.

These factors contribute to a global market environment of intense competition, constant product innovation and continuing cost pressure, and combine with the continuing global economic conditions to create a challenging commercial and economic environment. We evaluate these factors as we develop and execute our strategies.

For additional information regarding these risks, as well as other risks we face, see the risk factors discussed in Part I, Item 1A. “Risk Factors” in our Annual Report on Form 10-K for the year ended November 30, 2025 (“2025 Annual Report on Form 10-K”).

Seasonality of Sales

We typically achieve our largest quarterly revenues in the fourth quarter. In fiscal year 2025, our net revenues in the first, second, third and fourth quarters represented 24%, 23%, 25%, and 28%, respectively, of our total net revenues for the year.

Our Third Quarter 2026 Results

- *Net revenues.* Consolidated net revenues increased 4.3% on a reported basis and 4.5% on an organic net revenues basis compared to the third quarter of 2025 reflecting net revenue growth driven by our wholesale channel and our DTC channel in Asia.
- *Net income from continuing operations.* Compared to the third quarter of 2025, consolidated net income from continuing operations increased to \$168.6 million from \$122.0 million. The increase was primarily driven by higher gross profit, which included a benefit of \$78.6 million related to IEEPA tariff refunds. This was partially offset by higher selling, general and administrative expenses (“SG&A”). Net income margin from continuing operations was 10.5%, up from 7.9% in the third quarter of 2025. Operating margin was 13.8%, up from 10.8% in the third quarter of 2025. Net tariff refunds contributed 490 basis points of operating margin expansion.
- *Adjusted EBIT.* Compared to the third quarter of 2025, Adjusted EBIT increased 36.4% to \$248.7 million from \$182.3 million primarily driven by higher gross profit, partially offset by higher SG&A. Adjusted EBIT margin was 15.5%, 370 basis points higher than the third quarter of 2025 on a reported basis, and 380 basis points higher on a constant-currency basis. Net tariff refunds contributed 490 basis points of Adjusted EBIT margin expansion.
- *Adjusted net income.* Compared to the third quarter of 2025, Adjusted net income increased to \$188.9 million from \$135.7 million due to higher Adjusted EBIT described above.
- *Diluted earnings per share from continuing operations.* Compared to the third quarter of 2025, diluted earnings per share from continuing operations increased to \$0.43 from \$0.31, mainly due to the higher Net income from continuing operations described above.
- *Adjusted diluted earnings per share.* Compared to the third quarter of 2025, Adjusted diluted earnings per share increased to \$0.48 from \$0.34, mainly due to the higher Adjusted net income described above. Currency translation unfavorably affected Adjusted diluted earnings per share by \$0.01.

Our Year-to-Date 2026 Results

- *Net revenues.* Consolidated net revenues increased 8.8% on a reported basis and 6.5% on an organic net revenues basis compared to the first nine months of 2025. Net revenues grew across all regions and in both our DTC and wholesale channels.
- *Net income from continuing operations.* Compared to the first nine months of 2025, consolidated net income from continuing operations increased to \$440.5 million from \$341.8 million, primarily due to higher gross profit, which included a benefit of \$80.7 million related to IEEPA tariff refunds, and a legal settlement gain, partially offset by higher SG&A and higher income taxes. Operating margin was 11.1% compared to 10.3% in the first nine months of 2025. Net tariff refunds contributed 170 basis points of operating margin expansion.
- *Adjusted EBIT.* Compared to the first nine months of 2025, Adjusted EBIT increased 20.2% to \$607.7 million from \$505.6 million, primarily due to higher gross profit, partially offset by higher SG&A. Adjusted EBIT margin was 12.4%, up from 11.2% from the first nine months of 2025 on a reported basis and 100 basis points higher on a constant-currency basis. Net tariff refunds contributed 170 basis points of Adjusted EBIT margin expansion.
- *Adjusted net income.* Compared to the first nine months of 2025, Adjusted net income increased 24.4% to \$465.4 million from \$374.2 million, primarily due to higher Adjusted EBIT described above, partially offset by higher income taxes in the current year.
- *Diluted earnings per share from continuing operations.* Compared to the first nine months of 2025, diluted earnings per share increased to \$1.12 from \$0.86, mainly due to higher net income from continuing operations described above.
- *Adjusted diluted earnings per share.* Compared to the first nine months of 2025, Adjusted diluted earnings per share increased to \$1.19 from \$0.94, due to higher Adjusted net income described above. Currency translation favorably affected Adjusted diluted earnings per share by \$0.01.

For more information on Organic net revenues, Adjusted EBIT, Adjusted EBIT margin, Adjusted net income and Adjusted diluted earnings per share, measures not prepared in accordance with GAAP, and reconciliations of such measures to net revenues, net income from continuing operations, net income margin from continuing operations and diluted earnings per share from continuing operations, see “Non-GAAP Financial Measures.”

Financial Information Presentation

Fiscal year. We use a 52- or 53- week fiscal year, with each fiscal year ending on the Sunday that is closest to November 30 of that year. Each fiscal year generally consists of four 13-week quarters, with each quarter ending on the Sunday that is closest to the last day of the last month of that quarter. Fiscal year 2026 is a 52-week year, ending on November 29, 2026 and fiscal year 2025 was a 52-week year, ending on November 30, 2025. Each quarter of fiscal years 2026 and 2025 consists of 13 weeks.

Segments. Our Levi’s Brands business, which includes Levi’s® and Levi Strauss Signature™ brands, is defined by geographical regions into three segments: Americas, Europe and Asia. Our Beyond Yoga® business, which is managed separately, does not meet the quantitative thresholds for reportable segments but is presented separately to increase transparency of our performance.

Classification. Our classification of certain significant revenues and expenses reflects the following:

- Net revenues comprise net sales and licensing revenues. Net sales include sales of products to wholesale customers, including franchised stores, and direct sales to consumers at our company-operated stores and shop-in-shops located within department stores and other third-party locations, as well as company-operated e-commerce sites. Net revenues are recorded net of discounts, allowances for estimated returns and retailer promotions and other incentives. Licensing revenues, which include revenues from the use of our trademarks in connection with the manufacturing, advertising and distribution of trademarked products by third-party licensees, are earned and recognized as products are sold by licensees based on royalty rates as set forth in the applicable licensing agreements.
- Cost of goods sold primarily comprises product costs, labor and related overhead, sourcing costs, inbound freight, internal transfers and the cost of operating our manufacturing facilities, including the related depreciation expense. On both a reported and constant-currency basis, cost of goods sold reflects the transactional currency impact resulting from the purchase of products in a currency other than the functional currency.
- Selling expenses reflected in SG&A include, among other things, all occupancy costs and depreciation associated with our company-operated stores and commissions associated with our company-operated shop-in-shops, as well as costs associated with our e-commerce operations.
- We reflect substantially all distribution costs in SG&A, for both our DTC and wholesale channels, including costs related to receiving and inspection at distribution centers, warehousing, shipping to our customers, handling, and certain other activities associated with our distribution network.

Discontinued operations. At the end of the first quarter of 2025 the Dockers® business was held for sale and reported as discontinued operations in the consolidated statements of income for all periods presented.

Total net revenues increased on both a reported and organic net revenues basis for the three-month and nine-month periods ended August 30, 2026, as compared to the same periods in 2025. Currency translation had an unfavorable impact on total net revenues of approximately \$3 million and a favorable impact of approximately \$100 million for the three-month and nine-month periods ended August 30, 2026, respectively.

Americas. Currency translation had a favorable impact on net revenues of approximately \$12 million and approximately \$46 million for the three-month and nine-month periods ended August 30, 2026, respectively. Net revenues in the Americas increased for the three-month and nine-month periods ended August 30, 2026 on both a reported and organic net revenues basis compared to the prior-year periods.

For the three-month period ended August 30, 2026, DTC revenues increased slightly due to store expansion and growth in e-commerce which were largely offset by slower traffic in our company-operated stores. Wholesale revenues increased due to price increases partially offset by a slight decrease in volume. For the nine-month period ended August 30, 2026, DTC revenues increased from store expansion and performance and growth in e-commerce due to higher demand. We benefited from 42 more company-operated stores in operation in Americas as of August 30, 2026 as compared to August 31, 2025. Wholesale revenues increased primarily from higher volumes and price increases.

Europe. Currency translation had an unfavorable impact on net revenues of approximately \$4 million and a favorable impact of approximately \$67 million for the three-month and nine-month periods ended August 30, 2026, respectively. Net revenues in Europe increased on a reported basis and organic basis compared to the prior-year periods.

For the three-month period ended August 30, 2026, DTC revenues decreased primarily due to lower store performance driven by softer traffic, and wholesale revenues increased due to higher volumes. For the nine-month period ended August 30,

2026, DTC revenues increased primarily due to higher e-commerce revenues and higher store performance, and wholesale revenues increased primarily due to higher volumes compared to the prior year period.

Asia. Currency translation had an unfavorable impact on net revenues of approximately \$11 million and approximately \$14 million for the three-month and nine-month periods ended August 30, 2026, respectively. Net revenues in Asia increased for the three-month and nine-month periods ended August 30, 2026 compared to the relevant prior year period on both a reported and organic net revenues basis and in both our DTC and wholesale channels.

For the three-month period ended August 30, 2026 the increase in DTC revenues was primarily due to store performance and expansion in our company-operated stores, and higher e-commerce revenues primarily due to higher demand. The increase in wholesale revenues was primarily due to price increases. For the nine-month period ended August 30, 2026, the increase in DTC revenues was primarily due to store performance and store expansion. We benefited from 16 more company-operated stores in operation in Asia as of August 30, 2026 as compared to August 31, 2025. The increase in wholesale revenues was primarily due to an increase in units sold.

Beyond Yoga®. Net revenues in Beyond Yoga® increased on a reported and organic net revenues basis for the three-month period ended August 30, 2026 due primarily to store expansion and for the nine-month period ended August 30, 2026 primarily due to growth in e-commerce net revenues, reflecting higher demand, and store expansion. Beyond Yoga benefited from six more company-operated stores in operation as of August 30, 2026 as compared to August 31, 2025. Currency translation did not have an impact on net revenues.

Net revenues by channel

Wholesale. Currency translation had an unfavorable impact on net revenues of approximately \$2 million and a favorable impact of approximately \$43 million for the three-month and nine-month periods ended August 30, 2026, respectively. Net revenues in our wholesale channel increased for the three-month period ended August 30, 2026 compared with the prior-year period on a reported and organic net revenues basis primarily due to price increases and higher volumes and increased for the nine-month period ended August 30, 2026 primarily due to higher volumes.

DTC (Direct to Consumer). Currency translation did not have a significant impact and had a favorable impact on net revenues of approximately \$57 million for the three-month and nine-month periods ended August 30, 2026, respectively. Net revenues in our DTC channel increased on both a reported and organic net revenues basis for the three-month and nine-month periods ended August 30, 2026. For the three-month period ended August 30, 2026 DTC revenue increased primarily due to higher e-commerce revenues and store expansion, partially offset by lower store performance driven by softer traffic. For the nine-month period ended August 30, 2026 DTC revenue increased primarily due to higher e-commerce revenues, store expansion and store performance. For the three-month and nine-month periods ended August 30, 2026 net revenues from e-commerce on a reported basis grew 10% and 17%, respectively. As a percentage of net revenues on a reported basis for the three-month and nine-month periods ended August 30, 2026 DTC comprised 45% and 49% of total net revenues, respectively.

Levi's Brands net revenues

Levi's®. Currency translation had an unfavorable impact on net revenues of approximately \$3 million and a favorable impact of approximately \$99 million for the three-month and nine-month periods ended August 30, 2026, respectively. Net revenues for the Levi's® brand increased on both a reported and organic net revenues basis for the three-month and nine-month periods ended August 30, 2026. For the three-month period ended August 30, 2026 Levi's Brands revenues increased due to higher revenues in our wholesale channel, primarily due to price increases, and higher revenues in our DTC channel, primarily due to higher e-commerce revenues and store expansion. For the nine-month period ended August 30, 2026 Levi's Brands revenues increased due to higher revenue in our DTC channel, primarily due to higher e-commerce revenues, store expansion, and store performance, and higher revenues in our wholesale channel primarily due to higher volumes and price increases.

Levi Strauss Signature™. Currency translation did not have a significant impact on net revenues for the three-month and nine-month periods ended August 30, 2026. Net revenues for the Levi Strauss Signature™ brand increased on both a reported and organic net revenues basis due primarily to price increases for the three-month period ended August 30, 2026 and due to price increases and more units sold for the nine-month period ended August 30, 2026.

Gross profit

The following table shows consolidated gross profit and gross margin for the periods indicated and the changes in these items from period to period:

	Three Months Ended			Nine Months Ended

Gross margin	66.2 %	61.7 %		63.6 %	62.1 %	

Currency translation had an unfavorable impact on gross profit of approximately \$2 million and a favorable impact of approximately \$64 million for the three-month and nine-month periods ended August 30, 2026, respectively. For the three-month period ended August 30, 2026, the increase in gross margin includes the IEEPA tariff refund benefit of \$78.6 million, which drove 490 basis points of gross margin expansion, as well as the favorable impact of lower product costs. This was partially offset by approximately 70 basis points of unfavorable currency exchange fluctuations, including transaction impacts.

For the nine-month period ended August 30, 2026, the increase in gross margin includes the IEEPA tariff refund benefit of \$80.7 million, which drove 170 basis points of gross margin expansion, as well as the favorable impacts of pricing actions and lower product costs. This was partially offset by the unfavorable impact of tariffs and approximately 20 basis points of unfavorable currency exchange fluctuations, including transaction impacts.

Currency translation did not have a significant impact and had an unfavorable impact on SG&A of approximately \$43 million for the three-month and nine-month periods ended August 30, 2026, respectively.

Selling. Currency translation did not have a significant impact and had an unfavorable impact on selling expenses of approximately \$25 million for the three-month and nine-month periods ended August 30, 2026, respectively. Excluding the effects of currency, selling expenses increased for the three-month and nine-month periods ended August 30, 2026 primarily due to higher DTC store expenses in the current year as compared to the prior-year periods, including from store expansion. For the three-month period ended August 30, 2026 selling expenses as a percent of revenue increased compared to the prior-year period in part due to lower revenues in our company-operated stores due to slower traffic.

Advertising and promotion. Currency translation did not have a significant impact and had an unfavorable impact on advertising and promotion expenses of approximately \$5 million for the three-month and nine-month periods ended August 30, 2026, respectively. Excluding the effects of currency, the increases in advertising and promotion expenses for the three-month and nine-month periods ended August 30, 2026 were primarily due to increased media spending. Advertising and promotion

expenses for the nine-month period ended August 30, 2026 included increased spending related to the launch of the Behind Every Original campaign, including a commercial during Super Bowl LX which was held at Levi's® Stadium.

Distribution. Currency translation did not have a significant impact and had an unfavorable impact on distribution expenses of approximately \$7 million for the three-month and nine-month periods ended August 30, 2026, respectively. Excluding the effects of currency, the increase in distribution expenses was primarily due to increased volume and higher rates, partially offset during the nine-month period ended August 30, 2026 by the impact of owned and operated distribution center closures in the prior year.

Other. Other expenses include functional administrative and organization costs, information resources, and marketing organization costs. Currency translation did not have a significant impact and had an unfavorable impact on other expenses of approximately \$6 million for the three-month and nine-month periods ended August 30, 2026, respectively. The increase in other SG&A for the three-month period ended August 30, 2026 included higher restructuring-related consulting fees and higher technology costs. The increase in other SG&A for the nine-month period ended August 30, 2026 included the impact of higher technology costs, higher restructuring-related consulting fees and attorney fees of \$10.0 million related to a gain on legal settlement, partially offset by a decrease in incentive compensation.

Restructuring charges, net

During the three-month and nine-month periods ended August 30, 2026 we recognized restructuring charges of \$7.6 million and \$29.0 million, respectively, consisting primarily of severance and other post-employment benefit charges, asset impairments related to certain discontinued technology projects and contract terminations. During the three-month and nine-month periods ended August 31, 2025 we recognized restructuring charges of \$8.6 million and \$22.1 million, respectively, in connection with Project Fuel, a multi-year global productivity initiative that was substantially complete as of November 30, 2025, consisting primarily of severance and other post-employment benefit charges, asset impairments and contract terminations in connection with closures of distribution centers which were largely offset by a gain on sale of a previously closed distribution center.

Levi's Brands operating income.

- *Americas.* Currency translation had a favorable impact on operating income in the segment of approximately \$3 million and approximately \$7 million for the three-month and nine-month periods ended August 30, 2026, respectively. Excluding the effects of currency, the increase in operating income for the three-month period ended August 30, 2026 was due primarily to higher gross margins, which included IEEPA tariff refunds, and higher revenues, which were partially offset by higher SG&A, which increased as a percent of revenues. The increase in operating income for the nine-month period ended August 30, 2026 was due primarily to higher revenues and higher gross margins, which included IEEPA tariff refunds, partially offset by higher SG&A, which increased as a percent of revenues.
- *Europe.* Currency translation did not have a significant impact and had a favorable impact on operating income in the segment of approximately \$20 million for the three-month and nine-month periods ended August 30, 2026, respectively. Excluding the effects of currency, the increases in operating income for the three-month and nine-month periods ended August 30, 2026 compared with the prior-year periods were due primarily to higher revenues and higher gross margins partially offset by higher SG&A, which increased as a percent of revenues.
- *Asia.* Currency translation had an unfavorable impact on operating income in the segment of approximately \$3 million and approximately \$4 million for the three-month and nine-month periods ended August 30, 2026, respectively. Excluding the effects of currency, operating income increased for the three-month and nine-month periods ended August 30, 2026 due to increases in revenues and gross margins, partially offset by higher SG&A, which decreased as a percent of revenues.

Beyond Yoga® operating loss. Currency translation did not have a significant impact on operating income in the segment for the three-month and nine-month periods ended August 30, 2026. The increase in operating losses for the three-month period ended August 30, 2026 was due to higher SG&A, partially offset by higher revenues. The decrease in operating losses for the nine-month period ended August 30, 2026 as compared to the prior year period was due to higher revenues partially offset by higher SG&A, which decreased as a percent of revenues. Operating losses during the three-month and nine-month periods ended August 30, 2026 benefited from \$1.6 million and \$3.1 million of IEEPA tariff refunds, respectively.

Restructuring charges, net. Restructuring charges, net currency translation did not have a significant impact on operating income for the three-month and nine-month periods ended August 30, 2026. During the three-month and nine-month periods ended August 30, 2026 we recognized restructuring charges of \$7.6 million and \$29.0 million, respectively, consisting primarily of severance and other post-employment benefit charges, asset impairments related to certain discontinued technology projects and contract terminations. During the three-month and nine-month periods ended August 31, 2025 we recognized restructuring charges of \$8.6 million and \$22.1 million, respectively, in connection with Project Fuel, a multi-year global productivity initiative that was substantially complete as of November 30, 2025, consisting primarily of severance and other post-employment benefit charges and asset impairments and contract terminations in connection with closures of distribution centers which were largely offset by a gain on sale of a previously closed distribution center.

Corporate expenses. Corporate expenses represent costs that management does not attribute to any of our operating segments. Included in corporate expenses are other corporate staff costs and costs associated with our global inventory sourcing organization, which are reported as a component of consolidated gross margin. Corporate expenses currency translation did not have a significant impact on operating income for the three-month and nine-month periods ended August 30, 2026.

The increase in corporate expenses for the three-month period ended August 30, 2026 compared to the prior year period included higher restructuring-related consulting fees, higher technology costs and higher global sourcing costs. The increase in corporate expenses for the nine-month period ended August 30, 2026 compared to the prior-year period included higher global sourcing costs, higher technology costs, higher restructuring-related consulting fees and the impact of attorney fees related to a gain on legal settlement of \$10.0 million, partially offset by a decrease in incentive compensation.

Interest expense

Interest expense was \$12.9 million and \$38.9 million for the three-month and nine-month periods ended August 30, 2026, respectively, as compared to \$12.5 million and \$35.2 million in the prior-year periods. Our weighted-average interest rates on average borrowings outstanding during the three-month and nine-month periods ended August 30, 2026 were 4.69% and 4.66%, respectively, as compared to 4.43% and 4.32% during the comparable periods in 2025.

Other income (expense), net

For the three-month and nine-month periods ended August 30, 2026, we recorded other income of \$10.7 million and \$66.2 million, respectively, as compared to other income of \$1.3 million and \$3.5 million in the prior-year periods. Other

income for the three-month period ended August 30, 2026 included the recognition of foreign exchange management gains of \$2.3 million and foreign currency transaction losses of \$0.6 million, compared to foreign exchange management gains of \$11.0 million and foreign currency transaction losses of \$11.1 million in the prior-year period. The increase in other income for the nine-month period ended August 30, 2026 was primarily due to the recognition of a legal settlement gain of \$33.0 million, foreign exchange management gains of \$16.5 million and foreign currency transaction losses of \$7.2 million, compared to foreign exchange management gains of \$41.0 million and foreign currency transaction losses of \$48.6 million in the prior year period. Interest income received from IEEPA tariff refunds of \$4.7 million is included in Other income (expense), net for the three-month and nine-month periods ended August 30, 2026.

Income tax expense (benefit)

Our effective income tax rate was 23.4% for the three-month period ended August 30, 2026, compared to 21.9% for the same prior-year period. Our effective income tax rate was 22.8% for the nine-month period ended August 30, 2026, compared to 21.5% for the same prior-year period. The increases in the effective income tax rate for the three-month and nine-month periods ended August 30, 2026 were primarily due to a lower foreign-derived intangible income benefit compared with the prior-year periods.

Discontinued operations

Discontinued operations consists of the operations of our Dockers® business. See Note 2 to our unaudited consolidated financial statements included in this Quarterly Report for additional information.

Liquidity and Capital Resources

Liquidity outlook

We believe we will have adequate liquidity over the next 12 months and in the longer term to operate our business and to meet our cash requirements. Over the long term, we plan to deploy capital across all four of our capital allocation priorities: (1) to reinvest 3.5-4% of our revenue in capital, including high growth investment opportunities and initiatives, to grow our business organically, (2) to return capital to our stockholders in the form of cash dividends, with a dividend payout ratio target of 25-35% of net income, (3) to pursue high return on investment acquisitions, both organic and inorganic, that support our current strategies, and (4) to repurchase shares with the goal of offsetting dilution or opportunistic buybacks or both, while maintaining an adequate public float of our shares. Our aim is to return 55-65% of our Adjusted free cash flow to stockholders in the form of dividends and share repurchases. We continue to concentrate our capital investments in new stores, distribution capacity and technology to accelerate the profitable growth of our business. For more information on our calculation of Adjusted free cash flow, a non-GAAP financial measure, see “Non-GAAP Financial Measures.”

Future determinations regarding the declaration and payment of dividends, if any, will be at the discretion of our Board and will depend on then-existing conditions, including our results of operations, payout ratio, capital requirements, financial condition, prospects, contractual arrangements, any limitations on payment of dividends present in our current and future debt agreements and other factors that our Board may deem relevant.

Cash sources

We have historically relied primarily on cash flows from operations, borrowings under credit facilities, issuances of notes and other forms of debt financing. We regularly explore financing and debt reduction alternatives, including new credit agreements, unsecured and secured note issuances, equity financing, equipment and real estate financing, securitizations and asset sales.

Our Credit Agreement provides for an asset-based, senior secured revolving credit facility (“Credit Facility”), in which the borrowing availability is primarily based on the value of our U.S. Levi’s® trademarks and the levels of accounts receivable and inventory in the U.S. and Canada. The maximum availability under the facility is \$1.0 billion, of which \$950.0 million is available to us for revolving loans in U.S. Dollars and \$50.0 million is available to us for revolving loans either in U.S. Dollars or Canadian Dollars. The facility has an accordion feature which, if exercised, can expand the maximum availability to \$1.15 billion.

As of August 30, 2026, we did not have any borrowings under the Credit Facility. Unused availability under the facility was \$696.7 million, and our total availability of \$715.8 million (based on collateral levels as defined by the agreement less outstanding borrowings under the Credit Facility) was reduced by \$19.1 million from other credit-related instruments. We also had cash and cash equivalents totaling approximately \$641.4 million and short-term investments of \$137.9 million resulting in a

total liquidity position (unused availability and cash and cash equivalents and short-term investments) of approximately \$1.5 billion. Of our \$641.4 million in cash and cash equivalents, approximately \$382.0 million was held by foreign subsidiaries.

Cash uses

Our principal cash requirements include working capital, capital expenditures, payments of principal and interest on our debt, payments of taxes, contributions to our pension plans and payments for postretirement health benefit plans, payment of taxes resulting from net settlement of shares issued under our equity incentive plans and, if market conditions warrant, occasional investments in, or acquisitions of, business ventures. In addition, we regularly evaluate our ability to pay dividends or repurchase stock, all consistent with the terms of our debt agreements.

On January 30, 2026, we entered into an accelerated share repurchase transaction with a third-party financial institution (the “2026 ASR Agreement”) to repurchase an aggregate of \$200.0 million of our Class A common stock as part of our share repurchase program. At inception, we made an initial payment of \$200.0 million and received and immediately retired 7.8 million shares of our Class A common stock, representing 80% of the dollar amount of the transaction, which had an aggregate cost of \$160.0 million based on the January 29, 2026 closing share price. The Company settled the 2026 ASR Agreement in the third quarter of 2026 and received and immediately retired an additional 1.6 million shares. The average price paid per share over the transaction’s term was \$21.32. The transaction was recorded as a reduction of retained earnings of \$194.0 million and a reduction of additional paid-in-capital of \$6.0 million. We used a portion of the net proceeds from the sale of Dockers® remaining operations to fund the upfront payment due under the 2026 ASR Agreement. See Note 2 to our unaudited consolidated financial statements included in this Quarterly Report for additional information.

In October 2026, a cash dividend of \$0.16 per share was declared to holders of record of our Class A and Class B common stock at the close of business on October 21, 2026. The cash dividend will be payable on November 4, 2026, for a total quarterly dividend of approximately \$61 million.

Cash flows

The following table summarizes, for the periods indicated, selected items in our consolidated statements of cash flows:

	Nine Months Ended	
	August 30, 2026	August 31, 2025
	(Dollars in millions)	
Cash provided by operating activities	\$ 585.2	\$ 262.8
Cash used for investing activities	(294.6)	(9.7)
Cash used for financing activities	(405.6)	(337.1)
Cash and cash equivalents at period end	641.4	612.8

Cash flows from operating activities

Cash provided by operating activities was \$585.2 million for the nine-month period ended August 30, 2026, as compared to \$262.8 million for the comparable period in 2025. The increase in cash provided by operating activities was primarily driven by higher collections of receivables and lower spending on inventory, partially offset by higher spending in SG&A and higher taxes paid. Cash flows from operating activities for the nine-month period ended August 30, 2026 also included IEEPA tariff refunds received of \$57.1 million.

Cash flows from investing activities

Cash used for investing activities was \$294.6 million for the nine-month period ended August 30, 2026, as compared to \$9.7 million for the comparable period in 2025. The increase in net cash used for investing activities was primarily due to higher foreign exchange contract settlements in 2026, and lower proceeds of \$96.3 million from the divestiture of Dockers® international business in 2026 compared with proceeds of \$194.7 million from the divestiture of Dockers® U.S and Canada business in 2025, partially offset by higher proceeds from sale of short-term investments in 2026.

Cash flows from financing activities

Cash used for financing activities was \$405.6 million for the nine-month period ended August 30, 2026, as compared to \$337.1 million for the comparable period in 2025. Cash used in 2026 primarily reflects an accelerated share repurchase of \$200.0 million, dividend payments of \$169.3 million, and tax withholdings on equity awards of \$34.5 million. Cash used in 2025 primarily reflects dividend payments of \$158.2 million, accelerated share repurchase of \$120.0 million, common stock repurchases of \$30.5 million, and tax withholdings on equity awards of \$20.9 million.

Indebtedness

The borrower of substantially all of our debt is Levi Strauss & Co., the parent and U.S. operating company. Of our total debt of \$1.0 billion as of August 30, 2026, 100% was fixed-rate debt. As of August 30, 2026, our required aggregate debt principal payments on our unsecured long-term debt were \$1.1 billion, with payments starting in 2030. There were no short-term borrowings as of August 30, 2026.

Our long-term debt agreements contain customary covenants restricting our activities as well as those of our subsidiaries. We were in compliance with all of these covenants as of August 30, 2026.

Non-GAAP Financial Measures

Adjusted SG&A, Adjusted SG&A Margin, Adjusted EBIT, Adjusted EBIT Margin, Adjusted EBITDA, Adjusted Net Income, Adjusted Net Income Margin, and Adjusted Diluted Earnings per Share

In the table below, we define the following non-GAAP measures. Because the results of our Dockers® business are classified as discontinued operations, those results are not reflected in our non-GAAP measures.

Most comparable GAAP measure	Non-GAAP measure	Non-GAAP measure definition
Selling, general and administrative expenses (“SG&A”)	Adjusted SG&A	SG&A excluding goodwill impairment charges and restructuring related charges and other, net
SG&A margin	Adjusted SG&A margin	Adjusted SG&A as a percentage of net revenues
Net income from continuing operations	Adjusted EBIT	Net income from continuing operations excluding income tax expense, interest expense, other income (expense), net, goodwill impairment charges, restructuring charges, net, and restructuring related charges and other, net
Net income margin from continuing operations	Adjusted EBIT margin	Adjusted EBIT as a percentage of net revenues
Net income from continuing operations	Adjusted EBITDA	Adjusted EBIT excluding depreciation and amortization expense
Net income from continuing operations	Adjusted net income	Net income from continuing operations excluding goodwill impairment charges, restructuring charges, net, restructuring related charges and other, net, loss on early extinguishment of debt, and gain on legal settlement, adjusted to give effect to the income tax impact of such adjustments
Net income margin from continuing operations	Adjusted net income margin	Adjusted net income as a percentage of net revenues
Diluted earnings per share from continuing operations	Adjusted diluted earnings per share	Adjusted net income per weighted-average number of diluted common shares outstanding

We believe Adjusted SG&A, Adjusted SG&A margin, Adjusted EBIT, Adjusted EBIT margin, Adjusted EBITDA, Adjusted net income, Adjusted net income margin, and Adjusted diluted earnings per share are useful to investors because they help identify underlying trends in our business that could otherwise be masked by certain expenses that we include in calculating net income from continuing operations but that can vary from company to company depending on its financing, capital structure and the method by which its assets were acquired, and can also vary significantly from period to period. Our management also uses Adjusted EBIT in conjunction with other GAAP financial measures for planning purposes, including as a measure of our core operating results and the effectiveness of our business strategy, and in evaluating our financial performance.

Adjusted SG&A, Adjusted SG&A margin, Adjusted EBIT, Adjusted EBIT margin, Adjusted EBITDA, Adjusted net income, Adjusted net income margin and Adjusted diluted earnings per share have limitations as analytical tools and should not be considered in isolation or as a substitute for an analysis of our results prepared and presented in accordance with GAAP. Some of these limitations include:

- Adjusted EBIT, Adjusted EBIT margin and Adjusted EBITDA do not reflect income tax payments that reduce cash available to us;
- Adjusted EBIT, Adjusted EBIT margin and Adjusted EBITDA do not reflect interest expense, or the cash requirements necessary to service interest or principal payments on our indebtedness, which reduces cash available to us;
- Adjusted EBIT, Adjusted EBIT margin and Adjusted EBITDA exclude other income (expense), net, which includes realized and unrealized gains and losses on our forward foreign exchange contracts and transaction gains and losses on our foreign exchange balances, although these items affect the amount and timing of cash available to us when these gains and losses are realized;
- all of these non-GAAP financial measures exclude acquisition and integration charges, impairment charges and early terminations and restructuring charges, net and restructuring related charges, severance and other, net which can affect our current and future cash requirements;

- all of these non-GAAP financial measures exclude certain other SG&A items, which include severance, transaction and deal related costs, including acquisition and integration costs which can affect our current and future cash requirements;
- the expenses and other items that we exclude in our calculations of all of these non-GAAP financial measures may differ from the expenses and other items, if any, that other companies may exclude from all of these non-GAAP financial measures or similarly titled measures;
- Adjusted EBITDA excludes the recurring, non-cash expenses of depreciation of property and equipment and, although these are non-cash expenses, the assets being depreciated may need to be replaced in the future; and
- Adjusted net income, Adjusted net income margin and Adjusted diluted earnings per share do not include all of the effects of income taxes and changes in income taxes reflected in net income from continuing operations.

Because of these limitations, all of these non-GAAP financial measures should be considered along with net income from continuing operations and other operating and financial performance measures prepared and presented in accordance with GAAP. The following tables present reconciliations of historic non-GAAP financial measures to their most comparable GAAP financial measure. A reconciliation of forward-looking non-GAAP information to the corresponding GAAP measures cannot be provided without unreasonable efforts due to the challenge in quantifying various items including, but not limited to, the effects of foreign currency fluctuations, taxes and any future restructuring, restructuring-related severance and other charges.

Adjusted Free Cash Flow:

Adjusted free cash flow, a non-GAAP financial measure, includes net cash flow from operating activities less purchases of property, plant and equipment from continuing and discontinued operations. This measure therefore includes the results of our Dockers® business, which is classified as discontinued operations. We believe Adjusted free cash flow is an important liquidity measure of the cash that is available after capital expenditures for operational expenses and investment in our business. We believe Adjusted free cash flow is useful to investors because it measures our ability to generate or use cash. Once our business needs and obligations are met, cash can be used to maintain a strong balance sheet, invest in future growth and return capital to stockholders.

Our use of Adjusted free cash flow has limitations as an analytical tool and should not be considered in isolation or as a substitute for an analysis of our results under GAAP. First, Adjusted free cash flow is not a substitute for net cash flow from operating activities. Second, other companies may calculate Adjusted free cash flow or similarly titled non-GAAP financial measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of Adjusted free cash flow as a tool for comparison. Additionally, the utility of Adjusted free cash flow is further limited as it does not reflect our future contractual commitments and does not represent the total increase or decrease in our cash balance for a given period. Because of these and other limitations, Adjusted free cash flow should be considered along with net cash flow from operating activities and other comparable financial measures prepared and presented in accordance with GAAP.

The following table presents a reconciliation of net cash flow from operating activities, the most directly comparable financial measure calculated in accordance with GAAP, to Adjusted free cash flow for each of the periods presented.

Organic Net Revenues and Constant-Currency:

We report our net revenues in accordance with GAAP, as well as on an organic net revenues basis in order to facilitate period-to-period comparisons of our revenues which excludes the impact of fluctuating foreign currency exchange rates from the change in reported net revenues, net revenues derived from business acquisitions or divestitures or wind downs impacting the previous comparable reporting period and the estimated impact of any 53rd week. We report our operating results in accordance with GAAP, as well as on a constant-currency basis in order to facilitate period-to-period comparisons of our results without regard to the impact of fluctuating foreign currency exchange rates. These measures exclude the results of our Dockers® business, which is classified as discontinued operations.

The term foreign currency exchange rates refers to the exchange rates we use to translate our operating results for all countries where the functional currency is not the U.S. Dollar into U.S. Dollars. Because we are a global company, foreign currency exchange rates used for translation may have a significant effect on our reported results. In general, our reported financial results are affected positively by a weaker U.S. Dollar and are affected negatively by a stronger U.S. Dollar as compared to the foreign currencies in which we conduct our business. References to our operating results on a constant-currency basis mean our operating results without the impact of foreign currency translation fluctuations.

We calculate constant-currency amounts by translating local currency amounts in the prior-year period at actual foreign currency exchange rates for the current period. Our constant-currency results do not eliminate the transaction currency impact, which primarily includes the realized and unrealized gains and losses recognized from the measurement and remeasurement of purchases and sales of products in a currency other than the functional currency and of forward foreign exchange contracts.

We believe disclosure of organic net revenues and Adjusted EBIT constant-currency, Adjusted EBIT Margin constant-currency and Adjusted Net Income constant-currency results is helpful to investors because it facilitates period-to-period comparisons of our results by increasing the transparency of our underlying performance by excluding the impact of fluctuating foreign currency exchange rates. However, organic net revenues and constant-currency results are non-GAAP financial measures and are not meant to be considered in isolation or as a substitute for comparable measures prepared in accordance with GAAP. Organic net revenues and constant-currency results have no standardized meaning prescribed by GAAP, are not prepared under any comprehensive set of accounting rules or principles and should be read in conjunction with our consolidated financial statements prepared in accordance with GAAP. Organic net revenues and constant-currency results have limitations in their usefulness to investors and may be calculated differently from, and therefore may not be directly comparable to, similarly titled measures used by other companies.

Off-Balance Sheet Arrangements, Guarantees and Other Contingent Obligations

As of August 30, 2026, there had been no significant changes to our off-balance sheet arrangements or contractual commitments from those disclosed in our 2025 Annual Report on Form 10-K.

Critical Accounting Policies and Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and the related notes. There have been no significant changes to our critical accounting policies from those disclosed in our 2025 Annual Report on Form 10-K, other than described below.

During the third quarters of both 2026 and 2025, as part of the Company's annual review of the Beyond Yoga® reporting unit, the Company elected to perform a single step quantitative impairment test on the goodwill and indefinite lived trademark intangible assigned to the Beyond Yoga® reporting unit. The Company engaged third-party valuation specialists and used industry accepted valuation models and criteria that were reviewed and approved by various levels of management. Although the fair values of the Beyond Yoga® reporting unit and the indefinite lived trademark intangible exceeded their carrying values, the fair values of the Beyond Yoga® reporting unit were less than 10% over their carrying values in both 2026 and 2025 and the fair value of the indefinite lived trademark intangible was less than 10% over its carrying value in 2025. Determination of fair values is judgmental in nature and often involves the use of significant estimates and assumptions, which may include revenue growth rates, profit margins, operating expenses, capital expenditures, terminal value, a royalty rate and a discount rate. As our long-term strategies change, planned business performance expectations are not met over time, or specific valuation factors outside of our control, such as discount rates, change significantly, then the estimated fair values of the Beyond Yoga® reporting unit or the Beyond Yoga® indefinite-lived trademark intangible asset, or both might decline and lead to impairment charges in the future. Several factors could impact the Beyond Yoga® brand's ability to achieve expected future cash flows, including the success of retail store and international expansion, store and e-commerce productivity, the impact of promotional activity, continued economic volatility and potential operational challenges related to macroeconomic factors and other strategic initiatives to drive increased profitability.

Recently Issued Accounting Standards

See Note 1 to our unaudited consolidated financial statements included in this Quarterly Report for recently issued accounting standards, including the expected dates of adoption and expected impact to our consolidated financial statements upon adoption.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain matters discussed in this Quarterly Report, including (without limitation) statements under "Management's Discussion and Analysis of Financial Condition and Results of Operations" contain forward-looking statements. Although we believe that, in making any such statements, our expectations are based on reasonable assumptions, any such statement may be influenced by factors that could cause actual outcomes and results to be materially different from those projected.

These forward-looking statements include statements relating to our anticipated financial performance and business prospects, including debt reduction, currency values and financial impact and foreign exchange counterparty exposures, statements regarding our business strategy and other plans and objectives for our future operations, statements concerning the impacts of macroeconomic conditions and tariffs, statements relating to the impact of pending legal proceedings, adequate liquidity levels, dividends, share repurchases or other capital deployment initiatives and/or statements preceded by, followed by or that include the words "believe", "will", "will be", "will continue", "will likely result", "may", "predicts", "so we can", "when", "anticipate", "intend", "estimate", "expect", "project", "aim", "could", "plans", "seeks" and similar expressions. These forward-looking statements speak only as of the date stated, and we do not undertake any obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise, even if experience or future events make it clear that any expected results expressed or implied by these forward-looking statements will not be realized. Although we believe that the expectations reflected in these forward-looking statements are reasonable, these expectations may not prove to be correct or we may not achieve the financial results, savings or other benefits anticipated in the forward-looking statements. These forward-looking statements are necessarily estimates reflecting the best judgment of our senior management and involve a number of risks and uncertainties, some of which may be beyond our control. These risks and uncertainties, including those disclosed in Part I, Item 1A – Risk Factors of our Annual Report on Form 10-K for the fiscal year ended November 30, 2025, and in our other filings with the Securities and Exchange Commission, could cause actual results to differ materially from those suggested by the forward-looking statements and include, without limitation:

- changes in general economic and financial conditions, inflationary pressures, tariff regimes, including ongoing uncertainty around U.S. tariffs and potential refunds, and any additional responsive non-U.S. tariffs or additional U.S. tariffs, and the resulting impact on the level of discretionary consumer spending for apparel and pricing trend fluctuations, and our ability to plan for and respond to the impact of those changes;
- potential increases in import tariffs or taxes, impacts from already implemented or announced tariffs, including newly imposed U.S. tariffs and any additional responsive non-U.S. tariffs or additional U.S. tariffs, and the implementation of trade restrictions or sanctions;
- the Russia-Ukraine war, escalating conflicts in the Middle East, and the potential impacts of these and other conflicts on global economic and geopolitical conditions, in particular energy prices;
- the risk of future non-cash asset impairment charges, including to goodwill, operating right-of-use assets and/or other store assets;
- our ability to execute on our business strategies, including our focus on elevating and strengthening our brand, the portion of our net revenues we aim to have represented by our direct-to-consumer business, our digital presence and growth into under-penetrated parts of our business, our expectations regarding gross and Adjusted EBIT margins, and our plans and expectations for the benefits of investments in operational excellence including steps to improve our speed-to-market;
- our ability to effectively manage any global productivity and outsourcing actions as planned, which are intended to increase productivity and efficiency in our global operations, take advantage of lower-cost service-delivery models in our distribution network and streamline our procurement practices to maximize efficiency in our global operations, without business disruption or mitigation to such disruptions;
- our ability to effectively manage our inventory and supply chain, the ability of business partners, including global third party logistics providers, to meet their obligations to us, and operational challenges faced by our warehouses and distribution centers;
- consequences of impacts to the businesses of our wholesale customers, including significant store closures or a significant decline in a wholesale customer's financial condition leading to restructuring actions, bankruptcies, liquidations or other unfavorable events for our wholesale customers, caused by factors such as, among other things, inability to secure financing, decreased discretionary consumer spending, inconsistent foot and online traffic patterns and an increase in promotional activity as a result of decreased foot and online traffic, pricing fluctuations, general economic and financial conditions and changing consumer preferences;

- our ability to execute on our commitment to increasing total shareholder returns through our capital allocation priorities and strategies;
- our ability to achieve anticipated operating model optimization, simplified processes and cost savings from our global productivity initiative;
- our and our wholesale customers' decisions to modify strategies and adjust product mix and pricing, and our ability to manage any resulting product transition costs, including liquidating inventory or increasing promotional activity;
- our ability to purchase products through our independent contract manufacturers that are made with quality raw materials and our ability to mitigate the variability of costs related to manufacturing, sourcing, and raw materials supply and to manage consumer response to such mitigating actions;
- our ability to gauge and adapt to changing U.S. and international retail environments and fashion trends and changing consumer preferences in product, price-points, as well as in-store and digital shopping experiences;
- our ability to respond to price, innovation and other competitive pressures in the global apparel industry, on and from our key customers and in our key markets and to increasing consumer expectations;
- our ability to increase the number of dedicated stores for our products, including through opening and profitably operating company-operated stores;
- our future business expectations, products, strategies, and goals, including our future financial, strategic, and operating performance and our long-term goals and targets;
- the extent to which wholesale customer forward demand signals result in actual sales;
- consequences of inflation, foreign currency exchange and interest rate fluctuations;
- the impact of foreign currency and exchange counterparty exposures;
- the impact of the effects of global supply chain disruptions on our business;
- increases in the price or availability of raw materials;
- the impact on our consumer traffic and demand, our business operations and the operations of our suppliers and manufacturers as climate change evolves and the frequency and severity of weather events increase;
- the impact of seasonality of our sales and our business;
- our ability to successfully prevent or mitigate the impacts of data security breaches;
- our ability to attract and retain key executives and other key employees;
- our ability to achieve our diversity, equity and inclusion, ESG and sustainability and climate change goals;
- our ability to protect our trademarks and other intellectual property;
- the impact of the variables that affect the net periodic benefit cost and future funding requirements of our postretirement benefits and pension plans;
- our dependence on key distribution channels, customers and suppliers;
- our ability to utilize our tax credits and net operating loss carryforwards;
- potential future paydowns of existing debt;
- future acquisitions of or investments in new businesses;
- planned dispositions and their expected impact;
- the adequacy of our liquidity position;
- the process and risks relating to the implementation of a new ERP system;
- the impact of pending, ongoing or future legal proceedings, litigation matters and disputes and regulatory developments;
- the impact of future shareholder returns, including share repurchases and dividends;
- changes in or application of trade and tax laws and policies; and
- political, social and economic instability, or natural disasters, in countries where we or our customers do business.

We have based the forward-looking statements contained in this Quarterly Report primarily on our current expectations and projections about future events and trends that we believe may affect our business, financial condition, results of operations, prospects, business strategy and financial needs. The outcome of the events described in these forward-looking statements is subject to risks, uncertainties, assumptions and other factors described under Part I, Item 1A – Risk Factors of our Annual Report on Form 10-K for the fiscal year ended November 30, 2025, in our other filings with the SEC and in this Quarterly Report. These risks are not exhaustive. Other sections of this Quarterly Report include additional factors that could adversely affect our business and financial performance. Moreover, we operate in a very competitive and rapidly changing environment. New risks and uncertainties emerge from time to time, and it is not possible for us to predict all risks and uncertainties that could have an impact on the forward-looking statements contained in this Quarterly Report. We cannot assure you that the results, events and circumstances reflected in the forward-looking statements will be achieved or occur, and actual results, events or circumstances could differ materially from those described in the forward-looking statements.

In addition, statements that "we believe" and similar statements reflect our beliefs and opinions on the relevant subject. These statements are based upon information available to us as of the date of this Quarterly Report, and while we believe such information forms a reasonable basis for such statements, such information may be limited or incomplete, and our statements should not be read to indicate that we have conducted an exhaustive inquiry into, or review of, all potentially available relevant information. These statements are inherently uncertain and investors are cautioned not to unduly rely upon these statements.

The forward-looking statements made in this Quarterly Report relate only to events as of the date on which such statements are made. We undertake no obligation to update any forward-looking statements after the date of this Quarterly Report or to conform such statements to actual results or revised expectations, except as required by law.

Additional information regarding factors that could cause results to differ can be found in our Annual Report on Form 10-K for the fiscal year ended November 30, 2025, in this Quarterly Report and our other filings with the U.S. Securities and Exchange Commission. We suggest that this document be read in conjunction with our other filings with the U.S. Securities and Exchange Commission.

As used herein, "Levi Strauss", "Levi", "Levi's", "the company", "the Company", "we", "us", "our" and similar terms include Levi Strauss & Co. and its subsidiaries, unless the context indicates otherwise.

Item 3. *QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK*

There have been no material changes in our primary market risk exposures or how those exposures are managed from the information disclosed in our Annual Report on Form 10-K for the fiscal year ended November 30, 2025.

Item 4. *CONTROLS AND PROCEDURES*

Evaluation of Disclosure Controls and Procedures

We have evaluated, under the supervision and with the participation of management, including our chief executive officer and our chief financial officer, the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act as of August 30, 2026. Based on that evaluation, our chief executive officer and our chief financial officer concluded that as of August 30, 2026, our disclosure controls and procedures were effective at a reasonable assurance level.

Changes in Internal Control over Financial Reporting

We maintain a system of internal control over financial reporting that is designed to provide reasonable assurance that our books and records accurately reflect our transactions and that our established policies and procedures are followed. There were no changes to our internal control over financial reporting for the quarterly period ended August 30, 2026 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

(1) We maintain a share repurchase program authorized by the Board. Under this program, we may repurchase shares from time to time. The timing and actual number of shares repurchased will depend on a variety of factors, including price, general business and market conditions and alternate uses of capital. The share repurchase program may be effected through Rule 10b5-1 plans, open market purchases or privately negotiated transactions, each in compliance with Rule 10b-18 under the Exchange Act. The program may be suspended or discontinued at any time and does not have an expiration date. Share repurchase authority was \$240.4 million as of September 30, 2026.

(2) During the first quarter of 2026, the Company entered into an accelerated share repurchase transaction with a third-party financial institution (the “2026 ASR Agreement”) to repurchase an aggregate of \$200.0 million of the Company’s Class A common stock as part of its share repurchase program. At inception, the Company made an initial payment of \$200.0 million and received and immediately retired 7,789,679 shares of Class A common stock, representing 80% of the dollar amount of the transaction based on the January 29, 2026 closing share price. The Company settled the 2026 ASR Agreement in the third quarter of 2026 and received and immediately retired an additional 1,591,566 shares. The average price paid per share over the transaction’s term was \$21.32.

Shares withheld related to the vesting or exercise of stock-based compensation awards are excluded from the disclosure.

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER
PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, Michelle Gass, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Levi Strauss & Co.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION OF CHIEF FINANCIAL OFFICER
PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, Harmit Singh, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Levi Strauss & Co.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
