- (1) Early Participation Amount is \$50 per \$1,000 principal amount of Securities validly tendered at or prior to the Early Participation Date and accepted for purchase by Walmart.
- (2) For such series of Securities, the calculation of the applicable Total Consideration will be performed taking into account the par call date. An overview of the calculation of the Total Consideration (including the par call detail) is set forth as Schedule A to the Offer to Purchase.
- * Refers to the par call date for such series of Securities.

Rationale for the Tender Offer

We are making the Tender Offer to purchase certain outstanding debt securities issued by Walmart to reduce our interest expense. Securities that are accepted in the Tender Offer will be purchased, retired and canceled by Walmart and will no longer remain outstanding obligations of Walmart.

Details of the Tender Offer

The Tender Offer will expire at 11:59 p.m., New York City time, on October 5, 2021, unless such deadline is extended or, subject to applicable law, the Tender Offer is earlier terminated by the Company (such date and time, as the same may be extended, the “Expiration Date”). Securities tendered at or prior to the applicable Early Participation Date (as defined below) may be withdrawn at any time at or prior to 5:00 p.m., New York City time, on September 21, 2021, unless that deadline for withdrawal is extended by the Company in its sole and absolute discretion (such date and time, as the same may be extended, the “Withdrawal Date”), but not thereafter unless otherwise required by applicable law.

The Company will accept for payment, and thereby purchase, all Securities validly tendered (and not subsequently validly withdrawn) pursuant to the Tender Offer at or prior to the Expiration Date, subject to the Maximum Principal Amount and based on the acceptance priority levels set forth in Table I above (the “Acceptance Priority Levels”), and subject to proration (if applicable), *provided* that Securities tendered at or prior to the Early Participation Date will be accepted for purchase in priority to Securities tendered after the Early Participation Date, but at or prior to the Expiration Date, regardless of the priority of the series of such later tendered Securities.

Holders of Securities that are validly tendered at or prior to 5:00 p.m., New York City time, on September 21, 2021, unless extended by the Company in its sole and absolute discretion (such date and time, as the same may be extended, the “Early Participation Date”), and not subsequently validly withdrawn, and accepted for purchase by the Company will receive the applicable Total Consideration (as defined below) for their Securities, together with any Accrued Interest. The Total Consideration payable for each series of Securities includes the early participation amount applicable to such series of Securities, as set forth in Table I above (the “Early Participation Amount”). Holders validly tendering their Securities after the Early Participation Date, but at or prior to the Expiration Date, will only be eligible to receive the applicable “Tender Offer Consideration,” which is an amount equal to the applicable Total Consideration less the Early Participation Amount. Holders will also be paid any Accrued Interest in respect of their Securities purchased in the Tender Offer.

The Tender Offer is subject to certain conditions, including the condition that the Company have on the Early Payment Date funds, from one or more sources reasonably satisfactory to the Company, in an amount up to the Maximum Principal Amount, plus premium, Early Participation Amount and Accrued Interest payable in the Tender Offer. Subject to the Company's right to terminate the Tender Offer, as described below, and subject to the Maximum Principal Amount and based on the Acceptance Priority Levels and proration, the Company will purchase in the Tender Offer (i) the Securities that have been validly tendered (and not subsequently validly withdrawn) in the Tender Offer at or prior to the Early Participation Date, subject to all conditions to the Tender Offer having been satisfied or waived by the Company, promptly following such Early Participation Date (the date of such purchase, which is expected to be September 23, 2021, the second business day following the Early Participation Date, the "Early Payment Date"), and (ii) to the extent that Securities with an aggregate principal amount that is less than the Maximum Principal Amount are purchased in the Tender Offer on the Early Payment Date, the Securities that have been validly tendered after the Early Participation Date, but at or prior to the Expiration Date, subject to all conditions to the Tender Offer having been satisfied or waived by the Company, promptly following the Expiration Date (the date of such purchase, which is expected to be October 7, 2021, the first business day following the Expiration Date, the "Final Payment Date" and, together with the Early Payment Date, each a "Payment Date"). If, on the Early Payment Date, Securities are purchased in the Tender Offer with an aggregate principal amount that is equal to the Maximum Principal Amount for the Tender Offer, no additional Securities will be purchased in the Tender Offer, and there will be no Final Payment Date.

The "Total Consideration" payable for each series of Securities will be a price per \$1,000 principal amount of such series of Securities validly tendered at or prior to the Early Participation Date, and accepted for purchase by the Company (subject to the Maximum Principal Amount, the Acceptance Priority Levels and proration, if any) equal to an amount, calculated in accordance with Schedule A to the Offer to Purchase that would reflect, as of the Early Payment Date, a yield to the applicable maturity date or par call date (as applicable) of such series of Securities equal to the sum of (i) the Reference Yield (as defined below) of the applicable Reference Security (as defined below) for such series of Securities, determined at 10:00 a.m. (New York City time) on September 22, 2021 (as such date may be extended by us, the "Reference Yield Determination Date"), by the Lead Dealer-Managers (as defined below), plus (ii) the fixed spread applicable to such series of Securities, as set forth in Table I above (the "Fixed Spread"), in each case, excluding Accrued Interest. The applicable Total Consideration includes the Early Participation Amount. The "Reference Yield" means, with respect to each series of Securities, the yield of the applicable reference security listed in Table I above (the "Reference Security") based on the bid side price of the applicable Reference Security for such series as displayed on the applicable reference page set forth in Table I above as of the Reference Yield Determination Date.

For further details about the procedures for tendering the Securities, please refer to the information set forth under the heading "The Tender Offer—Procedures for Tendering Securities" in the Offer to Purchase.
