Letter from our CEO and Board Chair

Looking over the past year, I am inspired by how our teams continue to create and deliver more innovative content and deeper experiences than ever. We delivered award-winning games and services to our players that entertained and connected hundreds of millions of players around the globe. Amidst a changing industry environment, we continue to execute against our core strategies of entertaining and engaging massive online communities, telling blockbuster stories and harnessing the power of community in and around our games to capture our biggest opportunities and deliver long-term value. We believe that we are well-positioned for continued growth and impact in the years ahead.

FISCAL 2024 HIGHLIGHTS
As we've demonstrated several times in the past by building some of the world's largest franchises, when EA rallies behind a shared goal, we deliver more creativity and cutting-edge experiences for players. The most recent example of this is the incredible launch of EA SPORTS FC, a multi-platform experience and profound moment for our players, teams and partners. Across our portfolio, we continued to deliver for our players, launching eleven new releases, including eight EA SPORTS titles, while providing over 600 content updates.

Fiscal year 2024 proved to be a highly dynamic market, where consumer attention and spend increasingly consolidated in top franchises. For a company that has some of the biggest IP in the world, this trend presents an incredible opportunity to evolve as an industry leader. Against that backdrop, we refocused our long-term strategy while delivering earnings growth and record operating cash flow.

FOCUS ON IMPACT
We are inspired to pay forward our passion and creativity in service of one another and the communities in which we live, work, and play. Through conversation, connection, and learning, we work to create an inclusive and healthy culture. We have made great strides in creating experiences where all people are welcomed, safe and included. Our social impact programs continue to invest in local communities, including through our FC Futures program which delivered over 12,000 footballs to grassroots clubs, coaches and children. And, we have advanced our environmental sustainability programs and practices. This year, we announced commitments to be carbon neutral for operations by 2027 and to become a net zero enterprise in alignment with the historic Paris Agreement. We've already made strides towards these goals, achieving carbon neutrality for our North America operational emissions.

OUR BOARD OF DIRECTORS
The composition of our Board reflects a diversity of expertise, industry experience and backgrounds across competencies that are critical to the oversight of our long-term strategy, including digital commerce, sports & entertainment, the application of emerging technology and risk management. We maintain a thoughtful director selection process to build a Board with the right mix of skills and perspectives to guide and oversee our strategic plan. Our director identification process is ongoing as we continually seek highly qualified candidates, focusing on areas where additional breadth and depth can support our Board's current skill-set as we build for the future of interactive entertainment.

OUR NEXT STEPS
This is an exciting time for Electronic Arts. We are leading the future of entertainment in a dynamic industry. There are billions of players around the world and this number is expected to increase as younger generations are choosing gaming as their number one form of entertainment – generating incredible opportunities for us to engage and deliver new experiences. With cultural and generational trends continuing to expand the definition of entertainment, players and fans are increasingly looking to us to deliver the entertainment they want today and tomorrow: bigger, bolder, more connected experiences where they can play, watch, create, and connect like never before.

Our teams are the best in the business, delivering awesome gameplay, innovation, and unmatched authenticity. We’re proud of our performance in service of our stockholders, employees, players, and communities. Our business remains strong, and I could not be more excited about our future as we bring more amazing games and experiences to more people around the world. We thank you for your investment in Electronic Arts, as we write the next great chapter of our story together.

Sincerely,

ANDREW WILSON

Board Diversity and Refreshment

The Board of Directors routinely assesses its composition and believes that complementary and diverse perspectives, through business experience, tenure, diversity of gender, ethnicity, culture and other factors, contribute to the Board of Directors’ effectiveness as a whole and drive stockholder value. When assessing potential new directors, the Nominating and Governance Committee considers the skills, background and experience of each candidate to evaluate the candidate’s ability to contribute diverse perspectives to the Board of Directors and oversee EA’s long-term strategy. The primary consideration is to identify candidates who will best fulfill the Board of Directors’ and the Company’s needs at the time of the search. Therefore, the Nominating and Governance Committee does not believe it is appropriate to either nominate or exclude from nomination an individual solely based on gender, ethnicity, race, age, or similar factors. The Nominating and Governance Committee and the Board of Directors are committed to actively seeking highly qualified women and individuals from underrepresented communities to include in the pool of potential new directors.

Engagement with Stockholders

EA maintains a robust, year-round stockholder engagement program that allows us to solicit feedback from our stockholders on a variety of topics to help inform the Board’s decision-making process. During fiscal year 2024 in advance of our Annual Meeting, we offered meetings with a total of 28 stockholders, which collectively hold approximately 61% of our outstanding stock. We held engagement meetings with every stockholder who accepted, totaling 17 meetings, with stockholders representing approximately 50% of our outstanding stock. The Chair of our Compensation Committee participated in select discussions. During these meetings, we previewed and discussed various topics, including our executive compensation program, governance and ESG issues. These discussions provide the Board and management with invaluable perspectives, insights and feedback. We look forward to our continued dialogues with our stockholders.

Mr. Wilson has extensive experience and knowledge of the Company and the industry, and the Board believes it is crucial to have the perspective of the Company’s Chief Executive Officer represented on the Board of Directors to provide direct insight into the Company’s day-to-day operations and strategic vision.
Consideration of Director Nominees

In evaluating director nominees to recommend to the Board of Directors, the Nominating and Governance Committee considers the characteristics and the needs of the Board of Directors as a whole at that time and complementary skills that enhance the oversight of EA's long-term strategy, including the traits discussion on page 5 of this Proxy Statement under the heading “Board Diversity and Refreshment”. While the specific needs of the Board of Directors may change from time to time, all nominees for director are considered on the basis of the following minimum qualifications:

- The highest level of personal and professional ethics and integrity, including a commitment to EA's purpose and beliefs;
- Practical wisdom and mature judgment;
- Broad training and significant leadership experience in business, entertainment, technology, finance, corporate governance, public interest, sustainability, digital commerce or other disciplines relevant to EA's long-term success;
- The ability to gain an in-depth understanding of EA's business; and
- A willingness to represent the best interests of all EA stockholders and objectively appraise management performance.

The Nominating and Governance Committee will evaluate candidates proposed by our stockholders under similar criteria, except that it also may consider as one of the factors in its evaluation, the amount of EA voting stock held by the stockholder and the length of time the stockholder has held such stock. A stockholder who wishes to suggest a candidate for the committee's consideration should send the candidate's name and qualifications to our Corporate Secretary.

The Nominating and Governance Committee evaluates each director's various time commitments annually, including their primary occupation, service on other public company boards and board committees, leadership positions on other boards, as well as service with private company boards and non-profit organizations. Following its review, the Nominating and Governance Committee has determined that, in its view, no director currently has time commitments that has prevented them or would prevent them from properly discharging their duties as directors on EA's Board of Directors.

Director Independence

Our Board of Directors has determined that each of our non-employee directors qualifies as an “independent director” as that term is used in the Nasdaq Stock Market Rules and that each member of our standing committees is independent in accordance with those standards. Mr. Wilson, our CEO, does not qualify as independent. The Nasdaq Stock Market Rules have both objective tests and a subjective test for determining independence. The Board of Directors has not established categorical standards or guidelines to make these subjective determinations but considers all relevant facts and circumstances.

In addition to the Board-level standards for director independence, the directors who serve on the Nominating and Governance, Audit and Compensation Committees each satisfy requirements established by the Securities and Exchange Commission (“SEC”) and the Nasdaq Stock Market to qualify as “independent” for the purposes of membership on those committees.

Board Structure and Operations

Board Meetings

In fiscal year 2024, the Board of Directors met five times. At regularly scheduled meetings, the independent members of the Board of Directors meet in executive session separately without management present.

DIRECTOR ATTENDANCE AT ANNUAL MEETING

Our directors are expected to make every effort to attend the Annual Meeting. All of the eight directors who were elected at the 2023 annual meeting attended the 2023 annual meeting.
Board of Directors Leadership Structure

The Board of Directors regularly evaluates its leadership structure and discusses Board leadership with stockholders. The Board of Directors believes that Mr. Wilson serving as Chair and Mr. Ubiñas serving as Lead Independent Director is the appropriate leadership structure for the Company. A strong and empowered Lead Independent Director provides an essential mechanism for independent viewpoints and accountability.

Andrew Wilson
Chief Executive Officer and Board Chair

The Board of Directors believes that Mr. Wilson has invaluable knowledge regarding the Company and the interactive entertainment industry and is uniquely positioned to lead the Board of Directors in its review of management’s strategic plans. In addition, the Board of Directors believes that Mr. Wilson’s combined role enables decisive leadership, promotes clear accountability and enhances the Company’s ability to communicate its strategy and message clearly and consistently to stockholders, employees and other stakeholders.

With Mr. Wilson as Chief Executive Officer and Chair, the Board of Directors is focused on practices and programs that promote and facilitate independent viewpoints and strengthen effective independent oversight of management. These considerations include a strong and empowered Lead Independent Director, the current membership of the Board of Directors, which has a balanced mix of shorter tenured and longer tenured directors and representation of diverse perspectives based on background, including business experience, gender, race, ethnicity, professional skills and experiences, and other factors. The Board of Directors also believes that its Lead Independent Director position effectively balances any potential risk of concentration of authority that may exist with a combined Chair/CEO position. The Board of Directors also maintains strong standing committees, which are entirely composed of independent directors, and have empowered Chairs.

Luis A. Ubiñas
Lead Independent Director

The Board of Directors understands and values the role of independent leadership. Mr. Ubiñas has served as our Lead Independent Director since 2015, and his current two-year term ends with our 2025 annual meeting, subject to Mr. Ubiñas’ re-election to the Board of Directors. Mr. Ubiñas, the Chair of our Nominating and Governance Committee, has extensive experience as a public company director and deep knowledge and understanding of governance practices and board functions from his work with companies across sectors; he also has spoken directly with several of the Company’s largest investors. Mr. Ubiñas plays an important role in providing institutional knowledge and brings the history of having experienced multiple lifecycles of our businesses. Given Mr. Ubiñas’ strong qualifications and corporate governance expertise including his experience as our Lead Independent Director, the Board believes that Mr. Ubiñas’ contributions continue to be of great value to the Board of Directors and to stockholders.

The Company maintains Lead Independent Director responsibilities that provide best-in-class mechanisms for independent viewpoints and accountability. Mr. Ubiñas’ key roles and responsibilities are contained in our Corporate Governance Guidelines which are available on our Investor Relations website at http://ir.ea.com and include:

- Calling special meetings of the independent directors, as needed;
- Presiding at meetings of the Board of Directors at which the Chair is not present, including executive sessions of the Board of Directors;
- Approving the agenda for Board of Directors meetings;
- Consulting with respect to materials provided to directors in advance and providing feedback to the Chair about the quality of those materials;
- Serving as a liaison between the Chair and the other independent directors;
- Along with the Chair, jointly determining the timing and length of meetings of the Board of Directors;
- Facilitating discussion among independent directors and committee chairs and providing feedback and perspective to the Chair about discussions among the independent directors;
- Overseeing the process for the Board of Directors’ annual self-evaluation along with the Nominating and Governance Committee;
- Leading the Board of Directors’ evaluation of the CEO along with the Nominating and Governance Committee; and
- Overseeing the Board of Directors’ stockholder communication policies.
Board Committees

The Board of Directors currently has a standing Audit Committee, Compensation Committee and Nominating and Governance Committee. Each of these standing committees operates under a written charter adopted by the Board of Directors. These charters are available in the Investor Relations section of our website at http://ir.ea.com.

All members of these committees are independent directors. During fiscal year 2024, all eight directors attended in 92% or more of the aggregate of (1) the number of applicable meetings of the Board of Directors and (2) the number of applicable meetings held by each committee on which such director was a member. The members of our standing committees are set forth below:

- Establishes and maintains complaint procedures with respect to internal and external concerns regarding accounting or auditing matters.
- Oversees tax and treasury policies and practices as well as the Company’s internal audit function.
- Although the Board of Directors retains ultimate risk management oversight of matters related to privacy and cybersecurity, the Audit Committee receives quarterly updates from EA’s information security team and reviews the steps taken by management to monitor and control risks with respect to privacy and cybersecurity issues.

As determined by the Board of Directors, each of the three current Audit Committee members meets the independence requirements and the financial literacy standards of the Nasdaq Stock Market Rules, as well as the independence requirements of the SEC. The Board of Directors has determined that each of Mr. Bruce and Mr. Simonson meets the criteria for an “audit committee financial expert” as set forth in applicable SEC rules. The Audit Committee has the authority to obtain advice and assistance from outside advisors without seeking approval from the Board of Directors and the Company will provide appropriate funding for payment of compensation to advisors engaged by the Audit Committee.

- Reviews from time to time the appropriate skills, characteristics and experience required of the Board of Directors as a whole, as well as its individual members.
- Reviews developments in corporate governance and recommends formal governance standards to the Board of Directors.
- Oversees the CEO’s annual performance review.
- Manages the process for emergency succession planning in the event the CEO is unable to fulfill the responsibilities of the role, and also periodically evaluates internal and external CEO candidates for succession planning purposes.
- Oversees, periodically reviews, and reports to the Board of Directors with respect to ESG performance, disclosures, and engagement with investors and other key stakeholders.

The Nominating and Governance Committee currently is comprised of two directors, each of whom the Board of Directors determined meets the independence requirements of the Nasdaq Stock Market Rules.
Responsibilities of the Compensation Committee

- Sets the overall compensation strategy for the Company.
- Recommends the compensation of the CEO to the Board of Directors and determines the compensation of our other executive officers.
- Oversees the Company’s bonus and equity incentive plans and other benefit plans.
- Reviews and recommends to the Board of Directors compensation for non-employee directors and reviews and approves compensation for employees who qualify as a “Related Person” under our Related Person Transaction Policy.

As determined by the Board of Directors, each of the members of the Compensation Committee meets the independence requirements of the Nasdaq Stock Market Rules and the SEC rules. The Compensation Committee has the authority to engage the services of outside advisors after first conducting an independence assessment in accordance with applicable laws, regulations and exchange listing standards. During fiscal year 2024, the Compensation Committee continued to directly engage Semler Brossy Consulting Group, a national compensation consulting firm, to advise on executive compensation matters. Please refer to the section titled “The Process for Determining Our NEOs’ Compensation” in the “Compensation Discussion and Analysis” section of this Proxy Statement, for additional information regarding the role of Semler Brossy in advising the Compensation Committee on our executive compensation program. The Compensation Committee has reviewed the independence of Semler Brossy and has determined that its engagement does not raise any conflicts of interest. The Compensation Committee may also delegate any of its authority and duties to subcommittees, individual committee members or management, as it deems appropriate in accordance with applicable laws, rules and regulations.

For further information about the role of our Compensation Committee and executive officers in recommending the amount or form of executive compensation, please see “The Process for Determining our NEOs’ Compensation” in the “Compensation Discussion and Analysis” section of this Proxy Statement.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2024, no member of the Compensation Committee was an employee or current or former officer of EA, nor did any member of the Compensation Committee have a relationship requiring disclosure by EA under Item 404 of Regulation S-K. No EA officer serves or has served since the beginning of fiscal year 2024 as a member of the board of directors or the compensation committee of a company at which a member of EA’s Board of Directors or Compensation Committee is an employee or officer.

Annual Board and Committee Self-Evaluations

Our Board of Directors and each of our committees conducts an annual evaluation, which includes a qualitative assessment by each director of the performance of the Board of Directors, as a whole, and the committee or committees on which each director serves. The evaluation is intended to determine whether the Board of Directors and each committee are functioning effectively, and to provide them with an opportunity to reflect upon and improve processes and effectiveness. Our Lead Independent Director, Mr. Ubiñas, oversees the process for the Board of Directors’ annual self-evaluation along with the Nominating and Governance Committee. A summary of the results is presented to the Nominating and Governance Committee and the Board of Directors on an aggregated basis, noting any themes or common issues.
Board’s Role and Responsibilities

Oversight of Business Strategy

The Board’s industry and management expertise is critical in overseeing our business strategy. In a rapidly evolving industry, our Board is an important resource for thoughtful and candid insights into strategic planning conversations, including product and service development, operational considerations, emerging industry trends, acquisitions, financial planning and organizational design.

■ The Board oversees our stockholders’ interest in the long-term health and the overall success of our business and financial strength. This focus is reflected in the agenda for each Board meeting. The Board reviews our long-term strategy at a dedicated meeting at least annually.
■ At the beginning of each fiscal year, the Board formally reviews and approves our annual financial plan. The Board monitors performance throughout the year, including financial progress, the integrity of our financials results and strategic objectives.
■ The Board critically reviews how we allocate our capital resources, including acquisition activity, significant capital investments and return of capital programs. These strategic actions and investments are reviewed and approved by the Board, or a committee, following open and engaged discussions.
■ At each Board meeting, the Board reviews and discusses with management a set of detailed operating reports, including current financial performance versus plan. Focused discussions of key business issues, strategic developments and financial considerations are held at each Board meeting.
■ At each Board meeting, the independent directors meet in executive session. These meetings are led by our Lead Independent Director.

Oversight of ESG Matters

The Board of Directors oversees ESG matters directly and through its committees.

Human Capital Management

The Board reviews material human capital management programs, practices and strategies, including organizational health and key indicators, at least annually.

DEI, Talent and Culture

The Nominating and Governance Committee reviews our initiatives related to diversity, equity and inclusion (DEI) and efforts to maintain a safe and healthy culture, at least annually.

Pay Equity

At least annually, the Compensation Committee reviews our commitments to pay equity.

Environmental Sustainability

The Nominating and Governance Committee oversees our commitments to environmental sustainability at least annually.

Overall ESG Performance

The Nominating and Governance Committee reviews topics such as our overall ESG performance, disclosures and investor engagement at least twice annually and surfaces our progress to the Board. These updates include a review of market developments, frameworks, and stakeholder expectations.
Oversight of Risk Issues

**Board of Directors**

Our Board of Directors oversees our risk management processes and procedures as well as material risks to our business. The Board of Directors exercises this oversight responsibility directly and through its committees. The oversight responsibility of the Board of Directors and its committees is informed by reports from our management team that provide visibility into our key areas of material risk. These include broad strategic, operational and financial discussions, as well as more focused discussions on specific topics. Material business risks, including succession planning for our CEO and executive officers, are reviewed by the full Board of Directors. While the Board of Directors has ultimate risk oversight with respect to risks related to privacy and cybersecurity and receives periodic updates on these risks and mitigation strategies, the Audit Committee also receives quarterly updates from EA's information security team that review the steps taken by management to monitor and mitigate these risks.

**Audit Committee**

- Risks related to financial reporting, internal controls and procedures, investments, tax and treasury matters and legal compliance.
- Oversees our enterprise risk management program, which identifies and prioritizes material risks for the Company.
- Areas of material financial risk, as appropriate.
- Receives quarterly cybersecurity updates from EA's information security team.

**Nominating and Governance Committee**

- Risks related to director and emergency CEO succession planning.
- Risks related to our corporate governance policies and practices.
- Risks related to human capital management and culture.

Each of the committees regularly reports to the full Board of Directors on matters relating to the specific areas of risk that each committee oversees.

**Compensation Committee**

- Reviews compensation-related risks.
- Risks related to pay equity.

Compensation Risk Assessment

As part of their risk oversight efforts, the Compensation Committee evaluates our compensation programs to determine whether the design and operation of our policies and practices could encourage executives or employees to take excessive or inappropriate risks that would be reasonably likely to have a material adverse effect on the Company and has concluded that they do not. In making that determination, the Compensation Committee considered the design, size and scope of our cash and equity incentive programs and program features that mitigate against potential risks, such as payout caps, clawbacks, the quality and mix of performance-based and “at risk” compensation, and, with regard to our equity incentive programs, the stock ownership requirements for our executives. The Compensation Committee has concluded that our compensation policies and practices strike an appropriate balance of risk and reward in relation to our overall business strategy, and do not create risks that are reasonably likely to have a material adverse effect on the Company. The “Compensation Discussion and Analysis” section below generally describes the compensation policies and practices applicable to our named executive officers.
Board Policies

Related Persons Transactions Policy
Our Board of Directors has adopted a written Related Person Transactions Policy that describes the procedures used to process, evaluate, and, if necessary, disclose transactions between the Company and its directors, officers, director nominees, greater than 5% beneficial owners, or an immediate family member of any of the foregoing. We review any transaction or series of transactions which exceeds $120,000 in a single fiscal year and in which any related person has a direct or indirect interest, as well as any transaction for which EA's Global Code of Conduct or Conflict of Interest Policy would require approval of the Board of Directors.

Once a transaction has been identified, the Audit Committee (if the transaction involves an executive officer) or the Nominating and Governance Committee (if the transaction involves a director) will review the transaction at the next scheduled meeting of such committee. Transactions involving our CEO will also be reviewed by our Lead Independent Director. Transactions involving employee compensation will also be submitted to the Compensation Committee for approval. If it is not practicable or desirable to wait until the next scheduled meeting, the chair of the applicable committee considers the matter and reports back to the relevant committee at the next scheduled meeting. In determining whether to approve or ratify a transaction, our committees (or the relevant chair of such committee) consider all of the relevant facts and circumstances available and transactions are approved only if they are in, or not inconsistent with, the best interests of EA and its stockholders. No member of a committee reviewing a potential related person transaction may participate in any review, consideration or approval of any transaction if the member or their immediate family member is the related person.

Related Persons Transactions
Since March 31, 2023, we have not entered into any transactions, nor are there any currently proposed transactions, between us and a related party where the amount involved exceeds, or would exceed, $120,000, and in which any related person had or will have a direct or indirect material interest.

Global Code of Conduct and Corporate Governance Guidelines
We have adopted a Global Code of Conduct that applies to our directors, and all employees, including our principal executive officer, principal financial officer, principal accounting officer, and other senior financial officers, as well as Corporate Governance Guidelines. These documents, along with our organizational documents and committee charters, form the framework of our corporate governance. Our Global Code of Conduct, Corporate Governance Guidelines and committee charters are available in the Investor Relations section of our website at http://ir.ea.com. We post amendments to, or waivers from our Global Code of Conduct in the Investor Relations section of our website.

Stockholder Communications with the Board of Directors
EA stockholders may communicate with the Board of Directors as a whole, with a committee of the Board of Directors, or with an individual director by sending a letter to EA's Corporate Secretary at Electronic Arts Inc., 209 Redwood Shores Parkway, Redwood City, CA 94065, or by sending an email to StockholderCommunications@ea.com. Our Corporate Secretary will forward to the Board of Directors all communications that are appropriate for the Board of Directors' consideration. For further information regarding the submission of stockholder communications, please visit the Investor Relations section of our website at http://ir.ea.com.
**Director Compensation**

Our Compensation Committee is responsible for reviewing and recommending to our Board of Directors the compensation paid to our non-employee directors. Their review occurs every two years, with the last review occurring in February 2024, in consultation with our independent compensation consultant Semler Brossy. Non-employee directors are paid a mix of cash and equity compensation consisting of (1) an annual board retainer, (2) committee, committee chair, and lead director fees, as applicable, and (3) an annual equity award, as described below.

**Fees Earned in Cash**

The table below reflects the annualized components of fees earned in cash for non-employee directors for fiscal year 2024. For more information regarding the specific compensation received by each non-employee director during fiscal year 2024, see the “Fiscal Year 2024 Director Compensation Table” table below.

Under the terms of our equity incentive plan, non-employee directors may elect to receive all or part of their fees in the form of EA common stock. As an incentive for our non-employee directors to increase their stock ownership in EA, non-employee directors making such an election receive vested shares of common stock valued at 110% of the cash compensation they otherwise would have received. These shares are awarded via the grant and immediate exercise of a stock option having an exercise price equal to the fair market value of our common stock on the grant date, which is the first trading day of each quarter of the Board year. Ms. Gonzalez, Mr. Huber, Ms. Roche, Mr. Simonson, and Ms. Ueberroth received all or part of their fees in the form of our common stock during fiscal year 2024.

**Equity Compensation**

In fiscal year 2024, non-employee directors also received an annual equity award of restricted stock units (“RSUs”) with a grant date fair value of approximately $260,000. These RSUs were granted upon election or re-election to the Board of Directors at our 2023 annual meeting. RSUs vest in full on the first anniversary of the grant date (or, if earlier, the date of the next annual meeting of stockholders following the grant date), subject to the non-employee director’s continuous service as a member of the Board of Directors through such date. For any director who may have previously elected to defer settlement of RSUs, the receipt of shares underlying vested RSUs may be deferred until the fifth or tenth anniversary of the original vesting date or the date the director terminates service with the Company.

**Other Benefits**

Non-employee directors who are not employed with any other company may purchase certain EA health, dental, and vision insurance while serving as a director. Participating directors pay 100% of their own insurance premiums. In addition, we offer non-employee directors the opportunity to receive cybersecurity services to protect their privacy, home networks, and devices, where they may conduct EA business. The Company is charged an annual fee per participating director, which is currently less than $4,000 per person.

(1) As discussed above, non-employee directors may elect to receive all or part of their fees in the form of EA common stock. See footnote 3 for additional information regarding the number of shares received in lieu of cash compensation by those non-employee directors who made such an election. Mr. Bruce was compensated as Chair of the Audit Committee for the quarter in which he was appointed.

(2) Represents the aggregate grant date fair value of the annual RSU award granted to the non-employee directors and is calculated based on a closing price of $122.27 per share for our common stock on the August 10, 2023 grant date. Grant date fair value is determined for financial statement reporting purposes in accordance with FASB ASC Topic 718. For additional information regarding the valuation methodology for RSUs, see Note15 “Stock-Based Compensation and Employee Benefit Plans,” to the Consolidated Financial Statements in our Annual Report. As of March 30, 2024 (the last day of fiscal year 2024), each of our current non-employee directors held 2,126 unvested RSUs.

(3) Non-employee directors may elect to receive all or part of their fees in the form of EA common stock, and directors making such an election receive common stock valued at 110% of the cash compensation they would have otherwise received. These shares are awarded via the grant and immediate exercise of a stock option having an exercise price equal to the fair market value of our common stock on the grant date. The values in this column represent the premium received for shares in lieu of compensation. These grants are made on a quarterly basis on a predetermined date aligned with the month in which the Board generally holds regular quarterly meetings.
The table below sets forth information on the shares received upon immediate exercise of the option(s) granted to directors who elected to receive all or part of their fees in the form of EA common stock during fiscal year 2024.

Compensation Discussion & Analysis

Executive Summary

Fiscal Year 2024 Financial & Strategic Highlights

During fiscal year 2024, we continued to deliver award-winning games and services to our players and generated strong financial and operating results. Hundreds of millions of players around the world came together and connected through our games, live services and content. We continued our efforts to value diverse teams and to create a healthy, inclusive culture that helps our people do their best work. We again engaged with our top institutional stockholders to understand their views on topics such as executive compensation, governance and ESG issues.

Fiscal year 2024 also saw further consolidation in our industry and dynamic consumer trends. Against that backdrop, we focused on our long-term strategy to drive durable growth, strong cash flow and stockholder returns. Among other things, we reorganized into EA Entertainment, EA SPORTS and EA Experiences. The alignment of our studios into two organizations—EA Entertainment and EA SPORTS—is intended to empower our studio leaders with more creative ownership and accountability around development and go to market strategies. We also focused on aligning our portfolio, investments and resources to support our strategic priorities and growth initiatives. In addition, we reassessed our executive compensation program resulting in changes for fiscal year 2025, previewed further below, that the Compensation Committee believes will incentivize our leadership team to execute on our multi-year priorities and drive long-term stockholder value.
Our executive compensation program is designed to reward our NEOs for the achievement of Company-wide financial, operating and strategic objectives and the creation of long-term stockholder value. These measures formed the basis of executive compensation decisions made by the Compensation Committee and Board of Directors in fiscal year 2024. Performance highlights for the year included:

- Set our ambition to be carbon neutral by 2027 and committed to becoming a net zero enterprise in line with the Paris Agreement.

**Compensation Philosophy and Objectives**

As a global leader in digital interactive entertainment, we believe that the skills, expertise and experience of our employees, including our NEOs, are the critical factors that contribute to our overall performance and enhance stockholder value. To drive continued successful operational and financial performance, we must attract, motivate, reward and retain top executive talent. The Board of Directors and the Compensation Committee strive to make executive compensation decisions that follow a competitive pay-for-performance compensation philosophy that is in the long-term best interests of our stockholders. Accordingly, our executive compensation program is designed to:

- Provide highly competitive compensation to attract and retain top executive talent;
- Create direct alignment with our stockholders by providing equity ownership in the Company;
- Align pay and performance by creating incentives tied to our business results;
- Reward and motivate strong individual performance and leadership; and
- Avoid undue compensation-related risk.
Executive Compensation Decision-Making Approach

The Board of Directors and the Compensation Committee believe that executive compensation should be evaluated holistically. They consider a variety of factors to guide their compensation decision-making process for our NEOs. These include an evaluation of market trends and the competitive landscape for executive talent, which includes a review of the market practices of our peer group and other companies with which we compete for talent. Use of such comparative market data from the peer group and broader survey data for technology companies allows us to assess the appropriateness and reasonableness of compensation levels and mix to determine if our compensation program aligns pay with performance, fairly rewards our executives and provides adequate retention and incentive value. In addition, in determining executive compensation, the Board of Directors and Compensation Committee also consider corporate performance, internal compensation alignment and factors unique to each NEO, such as individual performance, scope and complexity of the role, experience and tenure.

Compensation and Governance Practices

The Compensation Committee regularly reviews our executive compensation program to ensure that we maintain strong governance standards in our executive compensation program. Below is a summary of our key compensation and governance practices.

2023 Say-on-Pay Vote

At our 2023 Annual Meeting, our advisory say-on-pay proposal received the support of 92% of the votes cast. The Board of Directors and Compensation Committee believe that this favorable result affirms stockholder support for our executive compensation program and philosophy, which are described in detail below. The Compensation Committee did not make any significant changes to our fiscal year 2024 executive compensation program.

Stockholder Engagement

We have a robust year-round stockholder outreach program, with formal engagement efforts occurring in both the summer and winter.

**JUNE - AUGUST**
Ahead of our annual meeting, we seek to engage with investors to answer questions and understand their views on matters relating to our annual proxy statement

**SEPTEMBER - FEBRUARY**
Review stockholder votes at our most recent annual meeting, identify potential follow-up areas and evaluate our governance and executive compensation practices

**APRIL - MAY**
Review feedback from off-season engagement and consider any enhancements to our executive compensation program, governance structure and ESG programs

**MARCH - MAY**
Conduct meetings with stockholders and proxy advisors to consider any issues raised and to solicit feedback on governance, executive compensation and other topics of interest
Stockholder Engagement in Fiscal Year 2024

In advance of our 2024 Annual Meeting, we offered meetings with a total of 28 stockholders, which collectively hold approximately 61% of our outstanding stock. We held engagement meetings with every stockholder who accepted, totaling 17 meetings, with stockholders representing approximately 50% of our outstanding stock. The Chair of our Compensation Committee participated in select discussions.

During these meetings, we previewed and discussed proposed compensation program changes under consideration for fiscal year 2025, which related to our efforts to effectively incentivize and retain our executive leadership as we transform our business. Feedback from our stockholders was provided to the Compensation Committee and taken into consideration in finalizing our programs for fiscal year 2025, which are previewed in the disclosures below. Based on each stockholder’s priorities, we also discussed topics such as human capital management, governance and environmental sustainability in the meetings.

Process for Determining Our NEOs’ Compensation

Our Compensation Committee, which consists solely of independent directors, is responsible for establishing and reviewing the overall compensation program for our NEOs. As previously noted, they are advised by their independent compensation consultant, Semler Brossy. The Compensation Committee may also request input from our CEO or our Chief People Officer (CPO). The roles of the parties involved in deciding NEO compensation are set forth below.

### Participant | Role in the Executive Compensation Determination Process
---|---
**Board of Directors**<br>Each May, the Board of Directors approves the target total direct compensation for our CEO, in consultation with the Compensation Committee and Semler Brossy.

### Compensation Committee
- Each May, the Compensation Committee:
  - establishes the performance metrics, targets and other terms under our Annual Bonus Program
  - establishes the performance metrics, targets and other terms under our PRSU Program
  - approves the target total direct compensation for our NEOs (other than our CEO) after receiving input, at the Compensation Committee’s request, from our CEO, our CPO and Semler Brossy
  - reviews, approves and recommends to the Board of Directors, the CEO’s pay
- Once the fiscal year closes, the Compensation Committee (typically in May) will also approve final funding of the bonus pool under our Annual Bonus Program and will certify performance of applicable metrics for outstanding awards under our PRSU Program.
- The Compensation Committee meets regularly throughout the year, with management and in closed session, in order to consider our executive compensation program and ensure its design and components remain competitive, to review the Company’s performance to date against performance goals under our incentive programs and to take actions on any compensation plans or policies in its remit. Semler Brossy generally attends all meetings and attended all of the meetings held in fiscal year 2024.

### Independent Compensation Consultant
- Semler Brossy advises on our executive compensation program and advises on changes to our compensation program and other executive compensation-related developments and trends, including by conducting a comprehensive analysis of our executive compensation program using publicly available information on peer companies to compare each element of our executive compensation program.
- The Compensation Committee has reviewed the independence of Semler Brossy, which provides no services to the Company other than described above, and determined that Semler Brossy’s engagement did not raise any conflicts of interest.

### Management
- At the beginning of each fiscal year, our CEO and CPO review the performance of our other NEOs for the prior fiscal year and make recommendations to the Compensation Committee regarding the annual base salary, bonus targets and annual equity awards for our NEOs (other than with respect to themselves).
- Our CEO and CPO assist the Compensation Committee by providing information on corporate and individual performance, market compensation data and practices and other executive compensation matters.

Compensation Peer Group

Each year, the Compensation Committee, with the independent compensation consultant’s advice and input, reviews and selects a group of peer companies to use as a reference to better understand the competitive market for executive talent in our industry. As part of this process, the Compensation Committee engages in a quantitative and qualitative assessment to identify companies that are similar to us, based on a combination of factors including: size; revenue and market capitalization; business fit; whether they are in relevant industry pillars or are companies with which we compete for executive talent; and other relevant factors, including the number of current peer companies that identify EA as a peer. Where some companies may not be similar in size to us based on quantitative factors, they still may be included in our peer group based on the qualitative factors described above.

2024 PROXY STATEMENT 27
For fiscal year 2024, the Compensation Committee approved a peer group of 17 companies based on the factors listed above, which remained unchanged from fiscal year 2023, except that Zynga Inc. and Activision Blizzard, Inc. were removed in connection with the closing of their respective acquisitions, though their compensation data was referenced to the extent available and relevant during fiscal year 2024.

Looking ahead to fiscal year 2025:

For fiscal year 2025, the Compensation Committee, in consultation with its independent compensation consultant, reviewed the factors detailed above to validate current peer companies and identify the appropriate peer group for that year.

In connection with such review, the Compensation Committee approved a peer group for fiscal year 2025 consisting of the same companies as the fiscal year 2024 peer group, except VMware, Inc. will be removed in connection with the closing of its acquisition by Broadcom Inc. (which occurred on November 22, 2023), though its compensation data, along with that of Activision Blizzard, Inc., will be referenced to the extent available and relevant during fiscal year 2025.

Comparative Market Data

As part of its decision-making process, the Board of Directors and the Compensation Committee review peer group data when assessing the appropriateness and reasonableness of compensation levels and mix. Accordingly, in considering whether to make any changes to our executive compensation program, peer group data is used to determine if our compensation program aligns pay with performance, fairly rewards our executives for individual performance and contributions to our corporate performance and provides adequate retention and incentive value. The independent compensation consultant conducts a comprehensive analysis of our executive compensation program using publicly available compensation information on our peer group. The analysis includes a comparison of the base salary, target total cash compensation, target long-term incentives and target total direct compensation of each of our NEOs against executives holding similar positions in our peer group. The Compensation Committee and the Board of Directors use the peer group data provided by the independent compensation consultant as a reference rather than as a strict guide for compensation decisions and retain flexibility in determining NEO compensation.

Fiscal Year 2024 Compensation for Our New CFO

In connection with Mr. Canfield’s appointment as Chief Financial Officer as of June 20, 2023, we entered into an offer letter with him setting forth the terms of his compensation in this role.

Under the terms of the offer letter, Mr. Canfield’s annual base salary was set at $625,000, and included his eligibility for an annual cash bonus with a target bonus opportunity equal to 100% of his base salary. Funding for Mr. Canfield’s annual cash bonus is to be based 60% on company financial performance and 40% on company business performance, in each case, based on pre-established goals approved by the Compensation Committee. Any actual bonus award that is earned is also to be based on achievement against individual performance objectives.

For fiscal year 2024, the Compensation Committee approved the grant of an equity award consisting of RSUs with a grant date value of $2,400,000 (representing 40% of the equity award), and PRSUs with a target grant date value of $3,600,000 (representing 60% of the equity award). The RSUS and PRSUs are subject to the same vesting terms as the respective forms of awards granted to the NEOs and described below under “Long-Term Equity Incentives—Fiscal year 2024 Awards.”

The offer letter also affirmed Mr. Canfield’s eligibility to participate in the Company’s Amended and Restated Change in Control Severance Plan.
Our NEOs’ Fiscal Year 2024 Compensation

Target Total Direct Compensation for Fiscal Year 2024

Our executive compensation program is designed to motivate and reward performance against our financial and strategic priorities. More specifically, this approach rewards the achievement of Company-wide financial and business objectives, individual performance and the creation of long-term value for stockholders, while also recognizing the dynamic and highly competitive nature of our business and the market for top executive talent.

For fiscal year 2024, 94.7% of our CEO’s target total direct compensation opportunity and 91.6% of the average of our other NEOs’ target total direct compensation opportunity was at-risk in the form of an annual performance cash bonus opportunity and long-term equity awards, comprised of PRSUs and RSUs, as set forth below.

Our Elements of Pay

The Compensation Committee believes that the target total direct compensation for each NEO should be consistent with market practices for executive talent, allow us to attract and retain the highest caliber of executive talent in our industry and reflect each NEO’s individual experience, responsibilities and performance. As indicated above, there are three main elements of NEO compensation: (1) annual base salary, (2) annual performance cash bonuses and (3) long-term equity incentive awards.

Base Salary

Key features

- The following factors are considered when determining NEO salaries: individual performance; the market for similar positions, including the pay practices for comparable positions at the companies in our peer group; level of responsibilities; complexity of role; experience; and internal compensation alignment.

In May 2023, as part of its annual compensation review, the Compensation Committee—or the Board of Directors, in the case of Mr. Wilson—considered the above factors and approved the fiscal year 2024 base salaries below. The Board of Directors determined there would be no base salary increase for Mr. Wilson, and the Compensation Committee approved increases for other NEOs after consideration of their respective contributions, competitive market positioning, internal equity and alignment with company-wide base salary merit increases.

## Annual Performance Cash Bonus Awards

### Key features
- Payouts based on:
  - Company performance, which is based on both financial and business performance to balance our annual financial performance with our execution against strategic and operating objectives; and
  - Individual performance.
- Financial performance component of Company bonus pool funding is weighted as follows:
  - 70% for Mr. Wilson;
  - 60% for each of Mr. Canfield and Ms. Miele; and
  - 50% for our other NEOs,
  
  with the Company business performance component weighted at 30%, 40% and 50%, respectively.

Our NEOs participate in the Executive Bonus Plan for our Section 16 officers, which operates in conjunction with the EA Bonus Plan, our Company-wide bonus plan. The formula for calculating each payout under the annual bonus program for our NEOs is as follows:

\[
\text{NEO Bonus} = \text{BASE SALARY} \times \text{TARGET BONUS PERCENTAGE} \times \text{COMPANY PERFORMANCE} \times \text{INDIVIDUAL PERFORMANCE MODIFIER}.
\]

### Process to Determine Performance Cash Bonus Awards

In May of each fiscal year, the Compensation Committee determines the Executive Bonus Plan participants, performance period and performance measures. All NEOs at the time were selected to participate in the Executive Bonus Plan for fiscal year 2024.

1. Approve target bonus percentages and maximum award amounts
2. Set performance goals
3. Determine Company bonus pool funding
4. Conduct individual performance assessments and determine individual performance modifiers
Approve Target Bonus Percentages and Maximum Award Amounts

APPROVE TARGET BONUS PERCENTAGES
Each fiscal year, the Compensation Committee—or the Board of Directors, in the case of Mr. Wilson—sets the amount of the target annual performance cash bonus as a percentage of each NEO’s base salary (“target bonus”) and approved fiscal year 2024 target bonus opportunities as set forth below. The Board of Directors determined there would be no target bonus opportunity increase for Mr. Wilson, and the Compensation Committee approved increases for other NEOs based on factors such as individual performance, the market for similar positions, level of responsibilities, complexity of role, pay practices at our peer group for comparable positions and internal compensation alignment.

(1) The target bonus opportunity shown for Mr. Canfield was approved by the Compensation Committee in June 2023, in connection with his appointment as Chief Financial Officer effective June 20, 2023.
(2) Mr. Suh was ineligible for an annual performance cash bonus award because he departed EA in June 2023.
(3) Mr. Schatz was not an NEO for fiscal year 2023.

MAXIMUM AWARD AMOUNTS
Our Compensation Committee believes that annual bonus awards should be capped to ensure that we maintain strong governance standards in our executive compensation program and to mitigate incentives for undue risk taking. Under our Executive Bonus Plan, bonuses for our NEOs are capped at two times the target bonus opportunity for each NEO.

Our CEO receives no bonus payout if our net income is less than 80% of our fiscal year 2024 financial plan.

Looking ahead to fiscal year 2025:
During our discussions with stockholders in fiscal year 2024, we previewed our proposed compensation program changes for fiscal year 2025, including as it relates to the CEO bonus opportunity. Following a comprehensive review and analysis of Mr. Wilson’s compensation package by the Compensation Committee in consultation with its independent compensation consultant, our Board of Directors approved an increase to Mr. Wilson’s target bonus opportunity for fiscal year 2025, from 200% to 250% of base salary. Mr. Wilson’s target bonus opportunity was last increased in fiscal year 2019.

This change is intended to drive greater company performance and address competitive market dynamics, in the form of variable at-risk pay to ensure alignment with stockholders.

Set Performance Goals
Each NEO’s annual performance cash bonus award is tied to Company financial performance, as described immediately below. These goals are set forth in our financial and strategic plan for fiscal year 2024 that our Board of Directors and Compensation Committee reviewed with management in April 2023 and approved in May 2023. The financial performance weighting of the Company bonus pool funding formula for Mr. Wilson, Mr. Canfield and Ms. Miele are 70%, 60% and 60%, respectively. The Compensation Committee believes that this mixed funding formula is appropriate because it balances our annual financial performance with our execution against strategic and operating objectives, which are critical drivers of our long-term success.

COMPANY FINANCIAL PERFORMANCE
For the financial performance component of our fiscal year 2024 Company bonus pool funding, the Compensation Committee approved the following two equally weighted Company financial performance goals: management reporting non-GAAP net revenue and non-GAAP diluted earnings per share. The Compensation Committee considered a number of factors in approving these metrics and
related targets, and believed that these objective financial measures serve as clear goals for management to drive top-line growth and profitability with responsible cost management. A threshold level of performance must be met for each of the relevant metrics in order to fund that component of the bonus pool.

**Fiscal Year 2024 Targets**

The fiscal year 2024 management reporting non-GAAP net revenue and non-GAAP diluted earnings per share bonus funding targets were each set higher than our fiscal year 2023 actual performance, as follows: non-GAAP net revenue of $7.5 billion and non-GAAP diluted earnings per share of $7.48, weighted equally. Bonus pool funding under our Executive Bonus Plan is tied to our achievement of threshold, target and maximum levels of performance for the relevant metric, with no funding if the threshold levels of performance are not achieved.

When making compensation decisions for our NEOs, we use non-GAAP financial measures to evaluate the Company’s financial performance and the performance of our management team against non-GAAP targets. These measures adjust for certain items that may not be indicative of the Company’s core business, operating results, or future outlook.

For more information regarding our use of non-GAAP financial measures for our compensation programs, please refer to “About Non-GAAP Financial Measures” in Appendix A below.

**COMPANY BUSINESS PERFORMANCE**

For the Company business performance component of our bonus pool funding, the Compensation Committee assesses performance against the Company’s business and strategic priorities and objectives that were previously established for the fiscal year and approved by our Board of Directors. We implemented an enterprise-level scorecard for the business and strategic performance objectives that drive funding of the Company bonus pool. For fiscal year 2024, the scorecard measures our performance against specific goals for seven weighted key strategic objectives established for the fiscal year. The Compensation Committee reviews Company attainment against these goals and objectives periodically during the fiscal year. See “Step 3: Determine Company Bonus Pool Funding—Company Business Performance” below, for more information on these goals and objectives.

### Determine Company Bonus Pool Funding

In May 2024, the Compensation Committee reviewed the Company’s financial performance and approved funding that component of the bonus pool at 106.1%, as detailed below under “Company Financial Performance.” Additionally, after reviewing and considering the Company’s business performance for fiscal year 2024, as highlighted below under “Company Business Performance,” the Compensation Committee determined to fund the business performance component of the Company bonus pool at the same percentage as the financial performance component. Accordingly, the overall Company bonus pool was funded at 106.1%.

**COMPANY FINANCIAL PERFORMANCE**

For purposes of measuring attainment against our fiscal year 2024 financial targets for bonus funding under the Executive Bonus Plan, our management reporting non-GAAP net revenue was $7.430 billion and our non-GAAP diluted earnings per share was $7.76. Based on our attainment against these targets, the Compensation Committee approved a combined funding percentage of 106.1% of target for the Company financial performance component with respect to our NEOs.

Conduct Individual Performance Assessments and Determine IPMs

Individual performance is a key factor in determining the amount of each NEO’s annual bonus. Each year, the Board of Directors for Mr. Wilson—and the Compensation Committee, in consultation with Mr. Wilson and Ms. Singh (our CPO), for all NEOs except Mr. Wilson—review and approve the individual performance objectives for the NEOs. Mr. Wilson’s individual performance objectives for fiscal year 2024 are based on non-GAAP financial objectives and strategic and operating objectives. For all other NEOs, the individual objectives are based on strategic and operating objectives tailored to the functions led by each NEO and aligned to the achievement of our overall fiscal year 2024 plan approved by the Board of Directors, as well as qualitative factors including leadership and talent development.

At the end of each fiscal year, the Board of Directors for Mr. Wilson—and the Compensation Committee, in consultation with Mr. Wilson and Ms. Singh—assess the individual performance of our NEOs and determine each NEO’s individual performance modifier, or IPM, at a percentage between 0% and 200% (subject to the overall cap of 2x target bonus for the annual cash bonus award). Consistent with our pay-for-performance philosophy, a higher individual performance assessment would result in a higher IPM and vice-versa, so that an executive with a lower assessment could receive less than his or her target bonus. If an executive meets a high level of performance expectations, he or she would receive an IPM of 100% or greater. To receive an IPM of 200%, the NEO must demonstrate sustained, truly extraordinary performance, and the Board of Directors and Compensation Committee expect that assigning an IPM at this level would occur in rare circumstances only.

In determining the actual performance cash bonus awards for our NEOs (other than our CEO), Mr. Wilson and Ms. Singh reviewed each NEO’s achievements against the individual performance objectives for fiscal year 2024 and provided their recommendations to the Compensation Committee for review and approval. These assessments were based on each executive’s performance, considering his or her overall performance for the year; impact on our business and culture; demonstrated results; the executive’s strong leadership; and execution of key objectives. No single factor was determinative. For our CEO, the Board of Directors considers achievement of the financial and strategic objectives that were established for Mr. Wilson for the fiscal year, and takes a holistic approach to evaluating his performance without assigning a specific weighting to any one factor within each of these two categories.

Long-Term Equity Incentives—Fiscal Year 2024 Awards

**Key features**
- PRSUs are subject to a three-year performance period, with metrics that incentivize our NEOs to drive top-line and bottom-line growth:
  - Net bookings performance and operating income performance each measured annually over the three-year period
  - Three-year relative TSR performance
- The PRSU composition of each long-term equity incentive award is as follows:
  - 60% PRSUs for each of Mr. Wilson, Mr. Canfield and Ms. Miele
  - 50% PRSUs for our other NEOs (with RSUs comprising the balance)
- RSUs vest over a 35-month time-based vesting schedule, subject to continued service with the Company

In May 2023, the Compensation Committee—and the Board of Directors for Mr. Wilson—approved fiscal year 2024 annual equity awards for our NEOs at the time based on their evaluation of Company performance; each NEO’s role and responsibilities; individual performance; retention considerations; competitive market practices, including comparative market data; and internal compensation alignment among our executive officers.

The following table shows the target value of the annual equity awards granted to our NEOs on June 16, 2023, as approved by the Compensation Committee on May 15, 2023, and the Board of Directors on May 16, 2023, for Mr. Wilson. The values set forth below were converted into a number of PRSUs or RSUs, as applicable, based on the June 16, 2023 closing price of our common stock of $128.66, rounded down to the nearest whole unit. The award mix serves to align the interests of our NEOs and our stockholders and to promote long-term retention of a strong leadership team in an industry and geographic area that is highly competitive for executive talent.

Performance-Based Restricted Stock Units

Each tranche of the fiscal year 2024 PRSU award is eligible to vest based on the achievement of the following equally-weighted measures during the three-year performance period covering fiscal years 2024 through 2026:

1. Net Bookings PRSUs (1/3): annual net bookings performance for each fiscal year during the three-year performance period, with targets established each fiscal year;
2. Operating Income PRSUs (1/3): annual operating income performance for each fiscal year during the three-year performance period, with targets established each fiscal year; and
3. Relative TSR PRSUs (1/3): relative TSR performance compared to the Nasdaq-100 Index over the three-year performance period.

Any PRSUs that are earned in accordance with the above are subject to three-year cliff vesting on May 20, 2026.

Looking ahead to fiscal year 2025:

During our discussions with stockholders in fiscal year 2024, we previewed our proposed compensation program changes for fiscal year 2025, including as it relates to our PRSU award structure. The Compensation Committee retained the core components of our PRSU award structure and added an absolute TSR component for fiscal year 2025, as described below:

- Absolute TSR will be measured over a full three-year performance period, with performance goals requiring meaningful stock price growth over such period.
- Any payout under this component will be subject to the achievement of pre-established goals requiring increased absolute TSR performance, with the maximum number of units capped at 75% of the original target PRSU award. No awards under this component will be earned if threshold absolute TSR performance is not achieved.
- Together with the existing relative TSR component in our PRSU award structure, we believe this adds a meaningful incentive focused on driving stockholder return, aligned with the multi-year objectives of our long-term growth strategy.

Net Bookings PRSUs and Operating Income PRSUs:

We use net bookings and operating income metrics in our PRSU program as they are key indicators of our top-line and bottom-line performance and balance growth and investment spending to deliver long-term results and generate stockholder return. These measures provide our NEOs and management team with increased control over performance as compared to relative TSR, and align our long-term incentive program with our broader business strategy, while maintaining strong alignment to results for our stockholders.

The number of Net Bookings PRSUs and Operating Income PRSUs that are earned and eligible to vest will range from 0% to 200% of the target number of PRSUs for the applicable sub-tranche, in accordance with the payout scale below.

Performance of Fiscal Year 2024 Net Bookings PRSUs and Operating Income PRSUs

Based on achievement of the fiscal year 2024 net bookings and operating income performance goals relative to target, the payout percentage for these PRSUs will be 95.3% and 98.9%, respectively. For the number of PRSUs earned based on fiscal year 2024 performance, see “Executive Compensation Tables—Outstanding Equity Awards at Fiscal Year 2024 Year-End Table.” These earned PRSUs will vest on May 20, 2026, subject to the NEO’s continued employment on this date, and upon vesting, will be further reflected in the applicable compensation tables included in our fiscal year 2027 proxy statement.

PRIOR PSU AWARDS. Each of the net bookings performance goal, the operating income performance goal and the actual results indicated above for fiscal year 2024 also apply to the second tranche of PSU awards granted in fiscal year 2023 ("2023 awards") and the third tranche of PSU awards granted in fiscal year 2022 ("2022 awards"). The number of earned PSUs under those awards are reflected in the applicable compensation tables included in this proxy statement. The 2022 awards vested in May 2024, and the related values of those vested PSUs will be reflected in the applicable compensation tables included in our fiscal year 2025 proxy statement.

Relative TSR PSUs

The number of Relative TSR PSUs that are earned and eligible to vest on May 20, 2026, will range from 0% to 200% of target. Target vesting of Relative TSR PSUs is tied to above-median performance compared to the Nasdaq-100 Index. No Relative TSR PSUs will be earned if our Relative TSR percentile is below the 25th percentile and Relative TSR PSU payouts are capped at 200% of target, subject to the negative TSR cap described below.

(1) The payout percentage for performance between the 25th and 90th percentiles will be interpolated on a straight-line basis.

If our TSR is negative on an absolute basis at the end of the three-year performance period, the number of Relative TSR PSUs that can be earned is capped at 100% of target, regardless of whether the Company’s Relative TSR percentile is ranked at or above the 55th percentile at the end of the three-year performance period.

Looking ahead to fiscal year 2025:

During our discussions with stockholders in fiscal year 2024, we previewed our proposed compensation program changes for fiscal year 2025, including as it relates to the Relative TSR PSUs. For fiscal year 2025, the Relative TSR peer group under our PRSU program will transition from the Nasdaq-100 to the S&P 500. In light of recent industry consolidation (including Activision’s acquisition by Microsoft and Zynga’s acquisition by Take-Two), there are limited public gaming companies of our size. Accordingly, our Compensation Committee believes that the S&P 500 is a better index to reference for interactive entertainment.

PRIOR PSU AWARDS. The TSR component of the 2023 awards will be measured at the end of the three-year performance period covering fiscal years 2023 through 2025. The TSR component of the 2022 awards was measured following the end of the three-year performance period covering fiscal years 2022 through 2024. The graphic below illustrates the Relative TSR PSUs that were earned under the 2022 awards and reflected in the applicable compensation tables in this proxy statement. The 2022 awards vested in May 2024, and the related values of those vested PSUs will be reflected in the applicable compensation tables included in our fiscal year 2025 proxy statement.

As described in last year’s proxy statement, the third tranche of our fiscal year 2021 PRSU awards vested in May 2023, and their related values are reflected in the applicable compensation tables included in this proxy statement.

Time-Based Restricted Stock Units

RSUs reward absolute long-term stock price appreciation, promote retention, facilitate stock ownership and align our NEOs’ interests with those of our stockholders.

- RSU awards granted to our NEOs as part of their fiscal year 2024 annual equity awards cliff vest as to one-third of the award eleven months following the grant date, with two-thirds of the award vesting in equal installments every six months thereafter until the award is fully vested.
- 40% of the total target value of the annual equity award for each of Mr. Wilson, Mr. Canfield and Ms. Miele was made in the form of RSUs, and 50% of the total target value of each of our other NEOs’ annual equity awards was made in the form of RSUs.
Benefits and Retirement Plans

We provide a wide array of employee benefit programs to our regular employees, including our NEOs, based upon their country of employment. In the United States, our employee benefit programs for eligible employees include medical, dental, prescription drug, vision care, disability insurance, life insurance, accidental death and dismemberment (“AD&D”) insurance, flexible spending accounts, business travel accident insurance, an educational reimbursement program, an adoption assistance program, an employee assistance program, an employee stock purchase plan, paid time off and relocation assistance.

We offer retirement plans to our employees based upon their country of employment. In the United States, our employees, including our NEOs, are eligible to participate in a tax-qualified 401(k) plan, with a Company discretionary matching contribution of up to 6% of eligible compensation. The amount of the total matching contribution is determined based on the Company’s fiscal year performance. We also maintain a nonqualified deferred compensation plan in which executive-level employees, including our NEOs and our directors, are eligible to participate. None of our NEOs participated in the deferred compensation plan during fiscal year 2024.

Perquisites and Other Personal Benefits

While our NEOs generally receive the same benefits that are available to our other regular employees, they also receive certain additional benefits, including access to a Company-paid physical examination program and greater maximum benefit levels for life insurance, AD&D and long-term disability coverage. We consider these benefits to be standard components of a competitive executive compensation package. Our executives with a ranking of vice president and above and certain worldwide studio organization employees are also eligible to participate in the EA Executive and Studio Leadership Digital Game Benefit program. Executives with a ranking of vice president and above also receive unlimited paid-time off days. Company reimbursed/provided air and ground transportation generally is limited to business travel. We also offer our NEOs the opportunity to receive cybersecurity services to protect their privacy, home networks and devices, where they may conduct EA business. Mr. Wilson receives certain security services intended to promote the ability to perform his job duties by ensuring his personal safety and that of his family. Because these arrangements may be viewed as distinct from business expenses, the aggregate incremental cost of these services is reflected in the totals in the “All Other Compensation” column of the Fiscal Year 2024 Summary Compensation Table below. The Compensation Committee will periodically review the nature and cost of this program in relation to Mr. Wilson’s security risk profile.

Other Compensation Practices and Policies

Cash Severance Policy

We maintain the Executive Officer Cash Severance Policy, which restricts the Company from entering into any new employment agreement, severance agreement, or separation agreement with any executive officer—or establish any new severance plan or policy covering any executive officer—that provides for cash severance benefits exceeding 2.99 times the sum of the executive officer’s base salary plus target annual bonus opportunity, without stockholder ratification of such arrangement.

Change in Control Arrangements and Severance

Our executives with a ranking of senior vice president and above are eligible to participate in the Electronic Arts Inc. Amended and Restated Change in Control Severance Plan (the “CIC Plan”). The CIC Plan provides “double-trigger” severance benefits if participants incur a qualifying termination of employment in connection with a change in control. As part of the plan review, the Compensation Committee’s independent consultant undertook a market check of the severance benefits and noted that they were in line with the practices of our peer group. For more information on the CIC Plan, please refer to “Executive Compensation Tables—Potential Payments Upon Termination or Change in Control” below.

We also maintain a severance plan (the “Severance Plan”) that applies generally to our regular full-time U.S.-based employees. Under the Severance Plan, eligible employees (including our executive officers) whose employment is involuntarily terminated in connection with a reduction in force may receive a cash severance payment and premiums for continued health benefits, if such benefits are continued pursuant to COBRA. Any severance arrangements with our NEOs, whether paid pursuant to the Severance Plan or otherwise, require the prior approval of the Compensation Committee. In the event of a change in control of the Company, any cash severance payable under the Severance Plan may be reduced, in whole or in part, by any amount paid under the CIC Plan.

We do not maintain any other severance arrangements with our NEOs. We did not enter into any severance arrangements with Mr. Suh in connection with his departure from the Company.

Stock Ownership Holding Requirements for Section 16 Officers

Section 16 officers must maintain stock ownership equal to the minimum ownership requirements in our stock ownership guidelines. Please see “Stock Ownership Information—Stock Ownership Requirements—Section 16 Officers” below for additional information on these requirements.
Compensation Recovery (Clawbacks)

Our Board of Directors adopted an updated Clawback Policy in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act and related rules issued by the SEC and the Nasdaq Stock Market. The policy mandates the recovery of erroneously awarded incentive-based compensation if the Company is required to prepare an accounting restatement due to material noncompliance with financial reporting requirements. The policy applies to incentive compensation paid during the three completed fiscal years before the restatement and requires that the full amount of any erroneously awarded incentive compensation be recovered.

In addition, both of our time-based and performance-based equity award agreements provide that if an employee engages in fraud or other misconduct that contributes to an obligation to restate the Company’s financial statements, the Compensation Committee may terminate the equity award and recapture any equity award proceeds received by the employee within the 12-month period following the public issuance or filing of the financial statements required to be restated.

Risk Considerations

The Compensation Committee considers on an annual basis, in establishing and reviewing our compensation programs, whether the programs encourage unnecessary or excessive risk taking. The Compensation Committee has concluded that they do not and that any related risks are not reasonably likely to have a material adverse effect on the Company. See the section of this Proxy Statement entitled “Board’s Role and Responsibilities—Oversight of Risk Issues—Compensation Risk Assessment” above for an additional discussion of risk considerations.

Impact of Tax Treatment

Section 162(m) of the Internal Revenue Code limits our ability to take tax deductions for compensation above $1 million paid to certain executive officers. However, the Compensation Committee retains discretion to structure our executive compensation program to be competitive and effective in order to promote the Company’s business goals and stockholder interests, despite such tax considerations.

Section 409A of the Internal Revenue Code imposes additional significant taxes and penalties on the individual if an executive officer, director, or other service provider is entitled to “deferred compensation” that does not comply with the requirements of Section 409A of the Internal Revenue Code. We have structured deferred compensation in a manner intended to comply with or be exempt from Section 409A of the Code and the regulations and other guidance promulgated thereunder. We do not provide any executive officer, including any NEO, with any excise tax “gross-up” or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G or 4999 of the Internal Revenue Code.

Compensation Committee Report on Executive Compensation

The following Compensation Committee Report on Executive Compensation shall not be deemed to be “soliciting material” or to be “filed” with the SEC nor shall this information be incorporated by reference into any future filing under the Securities Act of 1933, as amended (the “Securities Act”), or the Securities Exchange Act of 1934, as amended (the “Exchange Act”) except to the extent that EA specifically incorporates it by reference into a filing.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion & Analysis. Based on its review and discussions with management, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion & Analysis be included in this Proxy Statement.

(1) Represents the aggregate grant date fair value of RSUs and PRSUs calculated according to the assumptions set forth in the Fiscal Year 2024 Grants of Plan-Based Awards Table. Grant date fair value is determined for financial statement reporting purposes in accordance with FASB ASC Topic 718 and the amounts shown may not reflect the actual value realized by the recipient. PRSUs/PSUs grant date values are included in this column to the extent that the PRSUs/PSUs have a grant date under FASB ASC Topic 718 in the fiscal year. For purposes of the PRSUs/PSUs, the grant date occurs when the applicable performance targets are set. For additional information on the PRSUs/PSUs values presented in this column, see footnote 3 to the “Fiscal Year 2024 Grants of Plan-Based Award Table.”

For RSUs, grant date fair value is calculated using the closing price of our common stock on the grant date. For the portion of fiscal year 2024 RSUs that vest based on the achievement of operating metrics, the grant date fair value reported is based upon the closing price of our common stock and the assessed probability of achievement of the operating metrics, on the grant date. For the 3-year relative TSR portion of fiscal year 2024 PRSUs, the grant date fair value reported is based upon the probable outcome of such conditions using a Monte-Carlo simulation model. For additional information regarding the valuation methodology for RSUs and PRSUs, see Note 15, “Stock-Based Compensation and Employee Benefit Plans,” to the Consolidated Financial Statements in our Annual Report. The PRSUs granted to our NEOs in fiscal year 2024 that vest based on our 3-year relative TSR performance are referred to as “Market-Based Restricted Stock Units” in Note 15, “Stock-Based Compensation and Employee Benefit Plans,” to the Consolidated Financial Statements in our Annual Report.

The actual vesting of the PRSUs will be between 0% and 200% of the target number of PRSUs granted. The grant date fair value of the PRSUs granted in fiscal year 2024, assuming the highest level of performance conditions will be achieved, is $24,382,791 for Mr. Wilson, $5,637,681 for Mr. Canfield, $12,113,338 for Ms. Miele, $5,523,614 for Ms. Singh, $5,523,614 for Mr. Schatz, and $3,530,430 for Mr. Suh. For additional information regarding the specific terms of the PRSUs granted to our NEOs in fiscal year 2024, see the “Fiscal Year 2024 Grants of Plan-Based Awards Table” below.

All unvested equity awards held by Mr. Suh were forfeited upon his departure on June 30, 2023. Mr. Suh’s fiscal year 2023 PRSUs continue to be reflected in this table only because the performance metrics applicable to those tranches were established in fiscal year 2024, though all such PRSUs were forfeited on June 30, 2023. Due to his pending departure, Mr. Suh did not receive any equity awards for fiscal year 2024.

(2) Represents amounts awarded to each NEO under the Executive Bonus Plan. For additional information about the annual performance cash bonuses paid to our NEOs in fiscal year 2024 see “Our NEOs’ Fiscal Year 2024 Compensation—Annual Performance Cash Bonus Awards” in the “Compensation Discussion and Analysis” above.
Details about the amounts in the “All Other Compensation” column for fiscal year 2024 are set forth below. For additional information, see “Benefits and Retirement Plans” and “Perquisites and Other Personal Benefits” in the “Compensation Discussion and Analysis” above.

In accordance with FASB ASC Topic 718, represents the date on which the grant date fair value was established. Each grant was approved by our Compensation Committee, or the Board of Directors for our CEO, on the corresponding Approval Date next to each Grant Date.

The amounts shown represent the target and maximum amount of cash bonus awards provided for under the Executive Bonus Plan for the NEOs. Mr. Suh was ineligible to receive an annual performance cash bonus award because he departed EA in June 2023. The target amounts are pre-established as a percentage of salary and the maximum amounts represent 2x the target amounts, the maximum amount that could be paid to the NEO under the Executive Bonus Plan. For more information regarding our NEOs' bonus targets and the actual cash bonus earned by each NEO for fiscal year 2024, see the section titled “Our NEOs' Fiscal Year 2024 Compensation” in the “Compensation Discussion and Analysis” above.

Represents the threshold, target, and maximum units for PRSUs/PSUs with a grant date established under FASB ASC Topic 718 in fiscal year 2024. Because the grant date under FASB ASC Topic 718 occurs when the performance targets are approved, the target number of PRSUs/PSUs is calculated based on that portion of an award for which performance targets were set in fiscal 2024 as follows:

For the PRSUs/PSUs that vest based on annual net bookings and operating income performance, the threshold is calculated assuming threshold performance was achieved for one of the metrics only. For all PRSUs/PSUs, the maximum is calculated assuming maximum performance was met for all metrics.

For purposes of this table, PRSUs-rTSR represent PRSUs that vest based on EA's Relative TSR Percentile measured over a three-year performance period. PRSUs-OM represent PRSUs that vest based on the attainment of annual operating metric targets during each year of a three-year performance period. If any PRSUs become eligible to vest, they will vest in the applicable performance period.

PSUs were granted to Mr. Canfield in his role before he was appointed to the Chief Financial Officer position. PSUs represent performance-based units that vest based on the attainment of operating metrics during each year of a three-year performance period. If any PSUs become eligible to vest, they will vest at the end of the applicable one-year performance period.

Vesting of all performance awards is subject to the NEO's continuous employment on the applicable vesting date.

All unvested PRSUs held by Mr. Suh were forfeited upon his departure on June 30, 2023. Mr. Suh's fiscal year 2023 PRSUs continue to be reflected in this table only because the performance metrics applicable to those tranches were established in fiscal year 2022, though all such PRSUs were forfeited on June 30, 2023. Due to his pending departure, Mr. Suh did not receive any equity awards for fiscal year 2024.

For additional information regarding the specific terms of the PRSUs granted in fiscal year 2024, see the sections titled “Our NEOs' Fiscal Year 2024 Compensation—Long-Term Equity Incentives” in the “Compensation Discussion and Analysis” above.

Represents awards of RSUs. The RSUs granted to our NEOs (except Mr. Canfield) vested as to 33% of the units on May 16, 2024, and the remainder of the award will vest in approximately equal increments every six months thereafter until the award is fully vested on May 16, 2026, subject to the NEO's continued employment through each applicable vesting date. The RSUs granted to Mr. Canfield vest as to 33% of the units on June 22, 2024, and the remainder of the units will vest in approximately equal increments every six months thereafter until the award is fully vested on June 22, 2026, subject to the Mr. Canfield's continued employment through each applicable vesting date.

All unvested RSUs held by Mr. Suh were forfeited upon his departure on June 30, 2023. Due to his pending departure, Mr. Suh did not receive any equity awards for fiscal year 2024.

For additional information regarding the specific terms of the RSUs granted to our NEOs in fiscal year 2024, see the section titled “Our NEOs' Fiscal Year 2024 Compensation—Long-Term Equity Incentives” in the “Compensation Discussion and Analysis” above.

Amounts determined pursuant to FASB ASC Topic 718. For grants of RSUs, represents the aggregate grant date fair value of RSUs calculated using the closing price of our common stock on the grant date. For grants of PRSUs/PSUs that vest based on the achievement of operating metrics, the grant date fair value reported is based upon the closing price of our common stock and the assessed probability of achievement of the operating metrics, on the grant date. For grants of PRSUs/PSUs that are subject to market conditions related to total stockholder return, the grant date fair value reported is based upon the probable outcome of such conditions using a Monte-Carlo simulation method. For a more detailed discussion of the valuation methodology and assumptions used to calculate grant date fair value, see Note 15 “Stock-Based Compensation and Employee Benefit Plans,” to the Consolidated Financial Statements in our Annual Report. The Relative TSR PRSUs granted to our NEOs in fiscal year 2024 are referred to as “Market-Based Restricted Stock Units” in Note 15 to the Consolidated Financial Statements in our Annual Report.
## Outstanding Equity Awards at Fiscal Year 2024 Year-End Table

The following tables show information regarding outstanding stock options, RSUs, and PRSUs held by our NEOs as of the end of fiscal year 2024.

All outstanding equity awards were granted pursuant to our 2019 Equity Incentive Plan (the “2019 EIP”). The market value of the unvested RSUs and PRSUs is determined by multiplying the number of unvested units by $132.67, the per share closing price of the Company’s common stock on March 28, 2024, the last trading day of fiscal year 2024.

Potential Payments Upon Termination or Change in Control

Termination of Employment

Our NEOs have not entered into employment agreements with the Company. In connection with a termination of employment, all outstanding equity awards held by our NEOs will be forfeited unless the applicable NEO’s employment is terminated for reasons due to death, disability, or in connection with a change in control of the Company.

Treatment of Equity Awards Upon Death or Disability

**TIME-BASED RSUs.** Our equity award agreements for all award recipients, including our NEOs, provide that any unvested RSUs will vest in full on the date of a participant’s death, as long as the participant has been employed by us for at least 12 months prior to the date of death. In addition, our award agreements provide that if a participant’s employment terminates due to disability, a pro-rata portion of the RSUs will vest, which calculation will be based on the number of RSUs scheduled to vest on the next anniversary of the grant date multiplied by the number of months worked during the 12 months preceding such anniversary date, divided by 12.

**PERFORMANCE-BASED RSUs.** The equity award agreements for our PRSUs provide that in the event of an NEO’s death, any unvested PRSUs as of the date of death will remain eligible to vest on the regularly scheduled vest dates for the applicable award, based on actual performance, as long as the NEO has been employed by us for at least 12 months prior to the date of death. The same treatment applies if an NEO terminates employment due to disability, except that the number of unvested PRSUs that remain eligible to vest on the regularly scheduled vest dates for the applicable award is determined on a pro-rata basis, based on the number of months worked by the NEO from the beginning of the performance period through the date of termination, divided by the number of months in the applicable measurement period.

Termination of Employment in Connection with a Change in Control

**Electronic Arts Change in Control Severance Plan**

Our NEOs participate in the Electronic Arts Inc. Amended and Restated Change in Control Severance Plan (the “CIC Plan”). The CIC Plan is a “double-trigger” plan, which provides Senior Vice Presidents and above with payments and benefits if their employment is terminated without “cause” or if they resign for “good reason” (each, as defined in the CIC Plan) during the three-month period preceding or 18-month period following a change in control of the Company (and the Compensation Committee determines the termination of employment was made in connection with the change in control) (a “Qualifying Termination”). The CIC Plan payments and benefits include a lump sum cash severance payment, consisting of 1.5 times (or 2 times for the CEO) the sum of the NEO’s annual base salary, as in effect immediately prior to the date of termination, and the NEO’s target annual cash bonus opportunity for the year of termination, a payment equal to the applicable monthly COBRA premium for continued health benefits for 18 months (or 24 months for our CEO), and full vesting of all outstanding and unvested equity awards, other than performance-based equity awards, the vesting of which is governed by the terms of the applicable equity award agreements, as described below. As a condition to our NEOs’ right to receive the payments and benefits provided under the CIC Plan, the NEO is required to execute a release of claims against the Company (unless the requirement is waived) that includes a non-defamation provision.

The CIC Plan does not provide for any additional payments or benefits (for example, tax gross-ups or reimbursements) in the event that the payments under the CIC Plan and other arrangements offered by the Company or its affiliates cause an executive officer to owe an excise tax under Sections 280G and 4999 of the Code (“Section 280G”). However, the CIC Plan provides that if an executive officer would receive a greater net after-tax benefit by having his or her CIC Plan payments reduced to an amount that would avoid the imposition of the Section 280G excise tax, then his or her payment will be reduced accordingly.
Performance-Based RSUs

Pursuant to the terms of PRSU awards, if a change in control of the Company occurs prior to the expiration of the performance period and the 
NEO remains employed by the Company or the Company’s successor entity, the PRSUs may vest on their scheduled vesting date(s) following 
the change in control of the Company. The number of outstanding and unvested PRSUs that remain eligible to vest on the applicable vest 
dates (or vesting opportunities), which we refer to as “Eligible Units,” will be determined based on actual or target performance, as follows.

<table>
<thead>
<tr>
<th>Relative TSR PRSUs</th>
<th>If the change in control occurs during the first measurement period of the performance period, the number of Eligible Units will be based on target performance.</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>If the change in control occurs on or after completion of the first measurement period of the performance period, the number of Eligible Units will be based on actual performance through the last business day preceding the change in control.</td>
</tr>
<tr>
<td>Net Bookings and Operating Income PRSUs</td>
<td>If the change in control occurs during the first measurement period of the performance period, the number of Eligible Units will be based on target performance.</td>
</tr>
<tr>
<td></td>
<td>If the change in control occurs on or after completion of the first measurement period of the performance period, the number of Eligible Units will be equal to (a) actual performance for each completed measurement period and (b) the greater of the target and actual level of performance for each remaining measurement period (or in the case of the FY22 grants, at target for each remaining measurement period).</td>
</tr>
</tbody>
</table>

If the employment of the NEO is terminated due to a Qualifying Termination (i.e., a termination without “cause” or a resignation for 
“good reason” during the three-month period preceding or 18-month period following a change in control of the Company, and the 
Compensation Committee determines the termination of employment was made in connection with the change in control), the Eligible 
Units will vest in full upon the date of such Qualifying Termination, subject to the timely execution of a severance agreement and release 
of claims against the Company. Any reduction of the recipient’s awards in respect of Section 280G would be applied in the same manner 
with respect to the PRSUs as under the CIC Plan.
Estimated Potential Payments Upon Termination

The following table sets forth an estimate of the potential payments and benefits under the terms of our equity award agreements and the CIC Plan that would be payable to our NEOs assuming they incurred a qualifying termination of employment due to death, disability or in connection with a change in control, in each case, on March 30, 2024, the last day of fiscal year 2024, other than for Mr. Suh who departed EA in June 2023 without any severance benefits. For purposes of the estimates below, we used the closing price of our common stock on March 28, 2024 (the last trading day of fiscal year 2024) of $132.67 per share.

(1) Represents the sum of each NEO’s annual base salary as of March 30, 2024, and target cash bonus opportunity for fiscal year 2024, respectively, multiplied by 2 for Mr. Wilson and by 1.5 for our other NEOs.

(2) Termination due to Death: Represents the value of unvested RSUs that would accelerate and vest in full assuming a termination date of March 30, 2024. Accelerated vesting in the event of death is consistent with the treatment applicable to all employees with RSUs.

Termination due to Disability: Represents the value of unvested RSUs that would accelerate on a pro-rata basis assuming a termination date March 30, 2024, based on the number of RSUs scheduled to vest on the next anniversary of the grant date multiplied by the number of months worked during the 12 months preceding such anniversary date, divided by 12.

Qualifying Termination: Represents the value of unvested RSUs that would become vested assuming a Qualifying Termination occurred on March 30, 2024:

(3) Termination due to Death: Upon a termination due to death, PRSUs remain eligible to vest on their regularly scheduled vest dates, based on actual performance for the applicable metric at the end of the applicable measurement periods. For purposes of this table, no value is attributed to outstanding PRSUs which would have remained eligible to vest based on actual performance at the end of the applicable measurement periods because neither the level of performance that will be achieved nor the market price of our common stock at the time of vesting could be determined as of March 30, 2024.

Termination due to Disability: Upon a termination due to disability, PRSUs remain eligible to vest on their regularly scheduled vest dates on a pro-rata basis, based on actual performance at the end of the applicable measurement periods. For purposes of this table, no value is attributed to outstanding PRSUs which would have remained eligible to vest based on actual performance at the end of the applicable measurement periods because neither the level of performance that will be achieved nor the market price of our common stock at the time of vesting could be determined as of March 30, 2024.

Qualifying Termination: Represents the estimated value of unvested PRSUs that would accelerate and vest assuming a Qualifying Termination occurred on March 30, 2024, calculated based on the following:

(4) Represents a payment equal to the estimated monthly COBRA premiums for 18 months (or 24 months for our CEO).
Fiscal Year 2024 Pay Ratio

For fiscal year 2024, the annual total compensation of our median employee was $148,704, and the annual total compensation of Mr. Wilson, was $25,643,093. The ratio of these amounts is 172 to 1. This ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K under the Exchange Act.

To identify our median employee, we used a consistently applied compensation measure ("CACM") for all employees on our worldwide payroll as of March 15, 2024, including full time, part-time, regular, and temporary employees.

Our CACM consisted of the following elements of compensation, as obtained from our internal payroll systems:

- base salary as of March 15, 2024 (annualized for permanent employees on leave of absence or not employed for the full year);
- discretionary bonuses (performance or other one-time payments) paid to employees in fiscal year 2024;
- the grant date fair market value of equity awards granted to employees in fiscal year 2024; and
- exchange rates were applied as of the determination date to convert all non-U.S. currencies into U.S. dollars.

Other than annualizing base salary for permanent employees, we did not make any compensation adjustments whether for cost of living or otherwise in the identification process.

The median employee’s annual total compensation for fiscal year 2024 was calculated in USD and determined using the same methodology used to determine Mr. Wilson's annual total compensation set forth in the “Fiscal Year 2024 Summary Compensation Table.”

As permitted under SEC rules, we are using the same median employee identified for purposes of calculating the CEO pay ratio in fiscal year 2023. We believe there has been no change in fiscal year 2024 to our employee population, employee compensation arrangements, or the circumstances of that median employee since he or she was first identified that would result in a significant change to our pay ratio.

SEC regulations permit companies to adopt a variety of methodologies, apply certain exclusions and to make reasonable estimates and assumptions that reflect their compensation practices and other factors unique to their workforce and business operations when calculating their pay ratio. Therefore, the pay ratio reported by other companies may not be comparable to the pay ratio reported above.
## Pay Versus Performance Table

The following table provides information regarding the compensation paid to our principal executive officer (or PEO) and non-PEO NEOs for the fiscal years ended March 31, 2024, 2023, 2022, and 2021, and certain measures of Company performance for such periods. We are using management reporting non-GAAP net revenue as the Company Selected Measure.

(2) There were no outstanding options, warrants, or rights subject to exercise under the 2000 EIP or 2019 EIP as of March 30, 2024.

(3) Each full value award granted under the 2019 EIP reduced the number of shares available for issuance under our 2019 EIP by 1.43 shares and each stock option granted reduced the number of shares available for issuance by 1 share. Thus, if future awards under the 2019 EIP consisted exclusively of full value awards (such as time-based and performance-based restricted stock units), awards covering a maximum of 15,940,347 shares (or 11,147,096 shares based on the 1.43 reduction for full-value awards) are available for issuance under the 2019 EIP. Please see Proposal 4 of this Proxy Statement for information on eliminating this fungible share counting ratio under the 2019 EIP. There are 2,784,803 shares available for purchase by our employees under the ESPP.

(4) The table does not include information with respect to shares subject to outstanding awards assumed by us in connection with the acquisition of Glu Mobile Inc. As of March 30, 2024, 41,699 shares of our common stock were issuable upon exercise of outstanding options and the release of restricted stock units assumed in connection with this acquisition. The weighted average exercise price of such outstanding options was $64.00 per share. Other than the awards we assumed in connection with this acquisition, no additional equity awards may be granted under any assumed arrangement related to the acquisition.
Audit Matters

Selection and Engagement of Independent Registered Public Accounting Firm

KPMG LLP has audited the financial statements of the Company and its consolidated subsidiaries since fiscal year 1987. The Audit Committee and the Board of Directors believe that KPMG LLP’s long-term knowledge of EA and its subsidiaries is valuable to the Company as set forth in more detail below. Representatives from KPMG LLP have direct access to the members of the Audit Committee and Board of Directors. We expect one or more representatives of KPMG LLP to attend the Annual Meeting in order to respond to appropriate questions from stockholders and make a statement if they desire to do so.

Services Provided by the Independent Auditor

KPMG LLP audits our consolidated operations and provides statutory audits for legal entities within our international corporate structure. Having one audit firm with a strong global presence responsible for these audits supports a coordinated approach to address issues that may impact our businesses across multiple geographies and legal entities. Few audit firms have the knowledge of our sector and the capability of servicing our global audit requirements. KPMG LLP has the geographical scope that our operations require and the accounting expertise in the matters relevant to our sector. In addition, KPMG LLP’s experience working with the Company gives them the institutional knowledge to understand our operations and processes, which we believe helps them address the relevant issues and improves the quality of the audit.

In appointing KPMG LLP as our independent auditors for fiscal year 2025, the Audit Committee and the Board of Directors have considered the performance of KPMG LLP in fiscal year 2024, as well as in prior years, and have taken into account the alternative options available to the Company. The Audit Committee and the Board of Directors have determined that it is in the best interests of the Company and its stockholders to continue KPMG LLP’s engagement.

We believe the experience and expertise held by the members of the Audit Committee give them the necessary skills to evaluate the relationship between the Company and its independent auditors and to oversee auditor independence. The Audit Committee periodically considers whether there should be rotation of our independent external audit firm. The Audit Committee is empowered under its charter to obtain advice and assistance from outside legal, accounting and other advisors as it deems appropriate.

At each meeting of the Audit Committee, Company management is provided the opportunity to meet in private session with the Audit Committee to discuss any issues relating to KPMG LLP’s engagement. Similarly, KPMG LLP regularly meets in private session with the Audit Committee with no members of Company management present.

Audit Partner Rotation

The Company’s KPMG LLP lead audit partner has been working on the Company’s audit since the first quarter of fiscal year 2021, and the Company’s KPMG LLP concurring audit partner has been working on the Company’s audit since the first quarter of fiscal 2024. Each audit partner may serve a maximum of five years on the Company’s audit. Candidates are proposed by KPMG LLP based on their expertise and experience and are vetted by Company management and a recommendation is made to the Audit Committee. The Audit Committee has final determination and oversight of the lead audit partner and the concurring audit partner.

(1) Audit Fees: This category includes the annual audit of the Company’s financial statements and internal controls over financial reporting (including quarterly reviews of financial statements included in the Company’s quarterly reports on Form 10-Q), and services normally provided by the independent auditors in connection with regulatory filings. This category also includes consultation on matters that arose during, or as a result of the audit or review of financial statements, statutory audits required for our non-US subsidiaries, and other documents filed with the SEC, as well as Sarbanes-Oxley Section 404 compliance consultation.

(2) Audit-Related Fees: This category consists of fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company’s financial statements and are not reported under “Audit Fees.” In fiscal 2024, these fees were for accounting consultations and services in connection with regulatory filings in our international jurisdictions.

(3) Tax Fees: This category includes compliance services rendered for U.S. and foreign tax compliance and returns.

Pre-approval Procedures

The Audit Committee is required to pre-approve the engagement of, and fees incurred by, KPMG LLP to perform audit and other services for the Company and its subsidiaries. The Company’s procedures for the pre-approval by the Audit Committee of all services provided by KPMG LLP and the related fees comply with SEC regulations regarding pre-approval of services. Services subject to these SEC requirements include audit services, audit-related services, tax services and other services. In some cases, pre-approval for a particular category or group of services and the related fees are provided by the Audit Committee for up to a year, subject to a specific budget and to regular management reporting. In other cases, the Chair of the Audit Committee has the delegated authority from the Audit Committee to pre-approve additional services and the related fees up to a specified dollar limit, and such pre-approvals are then communicated to the full Audit Committee. The Audit Committee reviews quarterly the status of all pre-approved services and the related fees to date and approves any new services and the related fees to be provided.

In determining whether to grant a pre-approval, the Audit Committee considers the level of non-audit fees incurred to date as a percentage of the total annual fees paid to KPMG LLP. In addition, the Audit Committee considers additional factors to assess the potential impact on auditor independence of KPMG LLP performing such services, including whether the services are permitted under the rules and recommendations of the Public Company Accounting Oversight Board, the American Institute of Certified Public Accountants, the Nasdaq Stock Market, whether the proposed services are permitted under EAs policies, and whether the proposed services are consistent with the principles of the SEC’s auditor independence rules. The Company also annually confirms with each of its directors and executive officers whether there are any relationships that they are aware of with KPMG LLP that may impact the auditor independence evaluation. The Audit Committee considered and determined that fees for services other than audit and audit-related services paid to KPMG LLP during fiscal year 2024 are compatible with maintaining KPMG LLP’s independence.
Report of the Audit Committee of the Board of Directors

The following Report of the Audit Committee shall not be deemed to be “soliciting material” or to be “filed” with the SEC nor shall this information be incorporated by reference into any future filing under the Securities Act or the Exchange Act, except to the extent that EA specifically incorporates it by reference into a filing.

The Audit Committee of the Board of Directors operates under a written charter, which was most recently amended in May 2018. The Audit Committee is currently comprised of three non-employee directors, each of whom in the opinion of the Board of Directors meets the current independence requirements and financial literacy standards of the Nasdaq Stock Market Rules, as well as the independence requirements of the SEC. During fiscal year 2024, the Audit Committee consisted of Kofi A. Bruce, Jeffrey T. Huber, and Richard A. Simonson. The Board of Directors has determined that each of Mr. Bruce and Mr. Simonson meets the criteria for an “audit committee financial expert” as set forth in applicable SEC rules.

The Company's management is primarily responsible for the preparation, presentation and integrity of the Company's financial statements. EA’s independent registered public accounting firm, KPMG LLP (the “independent auditors”), is responsible for performing an independent audit of the Company's (1) financial statements and expressing an opinion as to the conformity of the financial statements with U.S. generally accepted accounting principles, and (2) internal control over financial reporting in accordance with the auditing standards of the Public Company Accounting Oversight Board (the “PCAOB”) and issuing an opinion thereon.

The Audit Committee assists the Board of Directors in its oversight responsibility with respect to the integrity of EA's accounting policies, internal control function and financial reporting processes. The Audit Committee reviews EA's quarterly and annual financial statements prior to public earnings releases and submission to the SEC; oversees EA's internal audit function; consults with the independent auditors and EA's internal audit function regarding internal controls and the integrity of the Company's financial statements; oversees tax and treasury matters; oversees EA's enterprise risk management program; assesses the independence of the independent auditors; and is directly responsible for the appointment, retention, compensation and oversight of the independent auditors. In this context, the Audit Committee has met and held discussions with members of management, EA's internal audit function and the independent auditors. Company management has represented to the Audit Committee that the Company's consolidated financial statements for the most recently completed fiscal year were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee has reviewed and discussed the consolidated financial statements with Company management and the independent auditors. Company management has represented to the Audit Committee that the Company's internal control over financial reporting was effective as of the end of the Company's most recently completed fiscal year, and the Audit Committee has reviewed and discussed the Company's internal control over financial reporting with management and the independent auditors. The Audit Committee discussed with the independent auditors matters required to be discussed by the applicable requirements of the PCAOB and SEC, including the quality and acceptability of the Company's financial reporting and internal control processes. The Audit Committee also has discussed with the Company's independent auditors the scope and plans for their annual audit and reviewed the results of that audit with management and the independent auditors.

In addition, the Audit Committee received and reviewed the written disclosures and the letter from the independent auditors required by the applicable requirements of the PCAOB regarding their communications with the Audit Committee concerning independence and has discussed with the independent auditors the auditors' independence from the Company and its management. The Audit Committee also has considered whether the provision of any non-audit services (as described above under the heading "Audit Matters" – “Fees of Independent Auditors”) and the employment of former KPMG LLP employees by the Company are compatible with maintaining the independence of KPMG LLP.

The members of the Audit Committee are not engaged in the practice of auditing or accounting, in performing its functions, the Audit Committee necessarily relies on the work and assurances of the Company's management and the independent auditors.

In reliance on the reviews and discussions referred to in this report, and in light of its role and responsibilities, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements for fiscal year 2024 be included for filing with the SEC in the Company's Annual Report. The Audit Committee also has approved the selection of KPMG LLP as the Company's independent auditors for fiscal year 2025.

**Stock Ownership Requirements**

**Directors**

Each non-employee director is required, within five years of becoming a director, to own a number of shares of EA common stock having a value of at least five years’ annual retainer for service on our Board of Directors. Mr. Huber is eligible to satisfy his ownership requirements through holdings of EA common stock through certain trusts over which Mr. Huber maintains investment control and pecuniary interest.

Non-employee directors are permitted to include the value of vested, but deferred, RSUs toward their ownership requirement. As of the end of fiscal year 2024, each of our directors had fulfilled his or her ownership requirements.

**Section 16 Officers**

In accordance with our stock ownership guidelines, Section 16 officers must maintain stock ownership equal to the minimum ownership requirements listed in the table below. Our CEO is required to own stock with a value equal to ten times his base salary. Each of our NEOs (other than the CEO) is an Executive Vice President and therefore is required to own stock with a value equal to three times his or her base salary.

We test the stock ownership holding requirement on an annual basis, and any Section 16 officer not in compliance with these guidelines must hold 50% of any net after-tax shares vesting from equity awards until the applicable requirement is met. The Compensation Committee last reviewed the stock ownership requirements in May 2024. As of that date, each of our executive officers had either met his or her then-applicable stock ownership holding requirement or had not yet reached the date on which he or she is required to meet his or her ownership requirements, which is generally 50 months from the date of hire, appointment, or promotion. For promotions, executives must maintain their prior-level minimum holding requirements during any applicable transition period.

**Delinquent Section 16(a) Reports**

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who beneficially own more than ten percent of our ordinary shares to file reports of their beneficial ownership and changes in ownership (Forms 3, 4 and 5, and any amendment thereto) with the SEC. Based solely on a review of forms filed in the SEC's EDGAR database and written representations from executive officers and directors, we believe that during the fiscal year ended March 31, 2024, all required reports were filed on a timely basis.

**Insider Trading, Anti-Hedging and Anti-Pledging Policies**

We maintain an insider trading policy governing the purchase, sale, and other dispositions of our securities by directors, officers, employees, the Company, and other covered persons. The insider trading policy is designed to promote compliance by our employees and directors with both federal and state insider trading laws, rules and regulations. In addition, our insider trading policy prohibits our directors, executive officers, employees, those living in their respective households, and family members whose transactions are influenced or controlled by such director, executive officer or employee from engaging in any hedging transaction with the Company’s securities, buying the Company's securities on margin, or otherwise trading in any derivative of the Company’s securities (including put and/or call options, swaps, forwards or futures contracts, short sales or collars). Our directors and Section 16 officers also are prohibited from pledging our stock as collateral for any loan.
PROPOSAL 1
Election of Directors

At the Annual Meeting, stockholders will elect eight directors to hold office for a one-year term until the next annual meeting (or until their respective successors are appointed). All nominees have consented to serve a one-year term, if elected. For additional information regarding the nominees and our corporate governance practices, including our director resignation policies and refreshment practices, please see the sections of this Proxy Statement entitled “Proxy Highlights,” and “Board of Directors and Corporate Governance.”

The 2024 election of directors will be uncontested. Accordingly, EA’s Amended and Restated Bylaws provide that in an uncontested election of directors each nominee must receive more votes cast “for” than “against” his or her re-election in order to be elected or re-elected to the Board of Directors.

The Board of Directors has nominated the following directors to stand for re-election. Each of our director nominees currently serves on the Board of Directors and was elected to a one-year term at the 2023 annual meeting.

- Kofi A. Bruce
- Rachel A. Gonzalez
- Jeffrey T. Huber
- Talbott Roche
- Richard A. Simonson
- Luis A. Ubiñas
- Heidi J. Ueberroth
- Andrew Wilson

The Board of Directors recommends a vote FOR each of the nominees.
PROPOSAL 2

Advisory Vote to Approve Named Executive Officer Compensation

In accordance with the SEC’s proxy rules, we seek an advisory, non-binding stockholder vote with respect to the compensation of our named executive officers for fiscal year 2024. This vote, which is undertaken by us annually, is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the compensation philosophy, policies, and practices, as disclosed in this Proxy Statement. Approval of this proposal, commonly known as a “say-on-pay” proposal, requires the affirmative vote of a majority of the voting shares present at the Annual Meeting in person or by proxy and voting for or against the proposal. We are asking our stockholders to vote on the following resolution at the Annual Meeting:

“RESOLVED, that the Company’s stockholders approve, on a non-binding, advisory basis, the compensation of the named executive officers for fiscal year 2024, as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative disclosures in this Proxy Statement.”

Our Board of Directors recommends a vote “FOR” this resolution. Our Board of Directors, Compensation Committee and EA management are committed to maintaining pay-for-performance alignment in our executive compensation program. Our pay-for-performance approach is designed to reward the achievement of Company-wide financial and business objectives, individual performance, and the creation of long-term value for stockholders, while also recognizing the dynamic and highly competitive nature of our business and the market for top executive talent.

At last year’s Annual Meeting, our say-on-pay proposal received the support of 92% of the votes cast. We encourage you to review carefully the “Compensation Discussion and Analysis” and accompanying compensation tables and narrative discussion for a more detailed description of our executive compensation program and decisions.

Although the vote is advisory and non-binding, our Board of Directors and Compensation Committee value the opinions of our stockholders and will consider the outcome of the vote, along with other relevant factors, in evaluating the future compensation of our named executive officers. We currently intend to hold the next non-binding advisory vote to approve the compensation of our named executive officers at our 2025 annual meeting.

The Board of Directors recommends a vote FOR the approval of the foregoing resolution.
PROPOSAL 3

Ratification of the Appointment of KPMG LLP, Independent Public Registered Accounting Firm

The Audit Committee has appointed KPMG LLP as the Company’s independent auditors for the fiscal year ending March 31, 2025. Ratification of the appointment of KPMG LLP as our independent auditors is not required by our Amended and Restated Bylaws or otherwise. The Board of Directors has determined to submit this proposal to the stockholders as a matter of good corporate practice. Approval of this proposal requires the affirmative vote of a majority of the voting shares present at the meeting in person or by proxy and voting for or against the proposal. If the stockholders do not ratify the appointment, the Audit Committee will review its future selection of auditors. Even if the appointment is ratified, the Audit Committee may, in its discretion, direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and the stockholders.

The Board of Directors recommends a vote FOR the ratification of KPMG LLP as our independent auditors for the fiscal year ending March 31, 2025.
PROPOSAL 4

Approval of Our Amended and Restated 2019 Equity Incentive Plan

We are asking our stockholders to approve an amendment and restatement of the Electronic Arts Inc. 2019 Equity Incentive Plan, as amended (the “2019 EIP”). This amended and restated version of our 2019 EIP (the “Amended 2019 EIP”) was adopted, subject to stockholder approval, by our Board of Directors on May 15, 2024. The purpose of this amendment and restatement is to:

- increase the number of shares of common stock, par value $0.01 per share, available for issuance under the 2019 EIP by 2,100,000 shares; and
- eliminate the fungible share counting ratio for new awards.

These changes, together with the shares currently available for future grants, are intended to cover grants for approximately three years based on our current grant practices and certain other assumptions and outcomes.

We believe that equity compensation is a critical tool for employee motivation and retention and are proposing the share increase to enable us to continue offering equity incentive awards to a broad base of our employees without interruption.

If approved by our stockholders, the Amended 2019 EIP will become effective on the date it is approved by our stockholders at the 2024 Annual Meeting (the “Effective Date”). If the Amended 2019 EIP is not approved by our stockholders, then it will not become effective, and the current version of the 2019 EIP will continue in full force and effect, without giving effect to the proposed amendments, including to increase the number of shares available for grant under the plan.

Why Stockholders Should Approve the Amended 2019 EIP

We are asking stockholders to approve an increase in the shares available for issuance under the Amended 2019 EIP in order to maintain an adequate reserve of common stock to attract, motivate, and retain talent in a highly competitive market and industry. In addition, given that our equity awards in recent years have been granted primarily as restricted stock units and performance-based restricted stock units (i.e., full value awards) rather than stock options and stock appreciation rights, we do not believe that continuing to include a fungible share counting ratio is warranted. Furthermore, we are mindful in managing share usage and maintain prudent equity compensation practices.

Our Broad-Based Equity Program Is Critical to Attract and Retain Talent

- The digital interactive entertainment industry continues to undergo dynamic change and transformation, creating an intensely competitive market for workers from an active and mobile talent pool. Attracting, motivating, and retaining skilled talent in this landscape and evolving market is key to achieving our long-term business goals.
- For our broad-based employee population, equity awards remain an integral component of compensation in our industry and the Company. Approximately 93% of equity incentive awards over the last three fiscal years were granted to employees below the NEO level.
- Equity awards, and particularly performance-based awards, are key to incentivizing our executive officers to drive stockholder value. In fiscal year 2024, all NEOs received at least 50% of the target value of their respective annual equity awards in the form of performance-based restricted stock units, with our CEO, CFO, and President of EA Entertainment, Technology & Central Development receiving 60% of the target value of each of their annual equity awards in the form of performance-based restricted stock units.

We Thoughtfully Manage Share Usage

While equity is a strategic tool for recruitment and retention, we also carefully manage the number of equity incentives we grant and strive to keep the dilutive impact of the equity incentives we offer within a competitive range.

- Our Compensation Committee monitors share usage to manage the dilutive impact of awards granted under the plan.
- Our stock repurchase program has offset the dilutive effect of our equity award practices, which has been one goal, among others, of this program.
- Our three-year average gross burn rate was 2.0% for fiscal years 2022 through 2024. Please refer to the chart below for detailed calculations of our burn rates.
- We are mindful of and analyze our stock-based compensation expense.

The fungible share counting ratio in the 2019 EIP required that each share granted under a full value award (such as restricted stock units and performance-based restricted stock units) reduce the share reserve by 1.43 shares and each share granted under a stock option or stock appreciation right reduce the share reserve by 1 share. In recent years, we have primarily issued restricted stock units and performance-based restricted stock units and intend to continue doing so. At this time, stock options are only issued to non-employee directors who elect to receive their cash fees in the form of common stock, as these options are immediately exercised upon grant. Accordingly, the fungible share counting ratio has become unnecessary, and eliminating it would allow us to request a smaller increase to the shares available for issuance under the Amended 2019 EIP.
Our Equity Compensation Program Includes Relevant Best-Practice Safeguards

The Amended 2019 EIP includes provisions designed to protect our stockholders’ interests and reflect corporate governance best practices, as highlighted below. The summary below is qualified in its entirety by the full text of the Amended 2019 EIP, which is included as Appendix B to this Proxy Statement.

- **No Liberal Share Recycling:** Prohibits the following shares from being added back to the share pool: (1) shares not issued as a result of the net settlement of an option or SAR; (2) shares tendered or withheld by the Company in payment of the exercise price of an option or SAR; (3) shares tendered or withheld to satisfy any tax or similar withholding obligation with respect to an award; and (4) shares repurchased by the Company on the open market with the proceeds of the exercise price from an option.

- **Plan Administration:** Administered by the Compensation Committee, which is comprised entirely of “nonemployee directors” under the SEC rules and “independent directors” within the meaning of the Nasdaq independence requirements.

- **Director Award Limits:** Limits the aggregate amount of equity compensation a non-employee director may receive in a fiscal year.

- **No Repricing or Cash Buyout of Stock Options or SARs:** Does not permit repricing of stock options and SARs without stockholder approval, other than an equitable adjustment in connection with a capitalization event or change in control.

- **No Single-Trigger Vesting:** Does not provide for automatic vesting of awards upon a change in control.

- **Dividends and Dividend Equivalents Not Payable on Awards until Vesting:** Does not permit dividend or dividend equivalent payments on unvested awards.

- **No Evergreen Share Replenishment Feature:** Does not have an evergreen share pool provision.

- **No 280G Excise Tax Gross-Ups:** Does not provide for 280G tax gross-ups to officers, non-employee directors or other plan participants.

- **No In-the-Money Stock Options or SARs:** Does not permit option or SAR exercise prices to be less than 100% of the fair market value on the date of grant.

- **Clawback:** Awards under the Amended 2019 EIP are subject to recovery in accordance with our clawback policy, as well as subject to termination in certain cases of employee misconduct under the terms of the equity incentive award agreements.

Amendment to Our 2019 Equity Incentive Plan

The only material changes contemplated by the Amended 2019 EIP is to authorize an increase in the overall limit on the number of shares of common stock that may be issued under the plan by an additional 2,100,000 shares and to eliminate the fungible share counting ratio for new awards. In addition, we made certain clarifying and other housekeeping changes to the plan that do not require stockholder approval.

Under the 2019 EIP, each full value award granted reduced the number of shares available for issuance under the plan by 1.43 shares and each stock option and SAR granted reduced the number of shares available for issuance by 1 share. However, the Amended 2019 EIP does not include this fungible share counting ratio so that all awards granted after August 1, 2024, will reduce the number of shares available for issuance by 1 share for every 1 share issued. This change, along with the additional 2,100,000 shares we are requesting and the shares currently available under the 2019 EIP for future grants, is intended to meet our equity grant needs for approximately three years based on our current grant practices and certain other assumptions and outcomes. The shares reserved may, however, last for a greater or fewer number of years depending on currently unknown factors, such as the number of grant recipients, future grant practices, M&A activity, and our stock price.

If approved, these shares will be added to the 159,403,479 shares (or 11,147,096 shares based on the 1.43 reduction for full value awards) remaining available for issuance under the current 2019 EIP as of March 30, 2024, meaning that a total of 18,040,347 shares would be available for issuance under the Amended 2019 EIP, plus any shares subject to outstanding awards under the 2000 Equity Incentive Plan (the “2000 EIP”), which terminated in August 2019 upon stockholder approval of the current 2019 EIP, that are not issued or delivered for any reason. Our request for an additional 2,100,000 shares is based on an analysis of various factors, including historical burn rate, potential dilution, industry plan cost standards, and anticipated equity compensation needs.

Historical Award Information

As of May 24, 2024, 15,907,604 shares remained available for future grant under the current 2019 EIP, which based on the 1.43 reduction would permit us to grant 11,147,899 full value awards and enable us to meet our equity grant needs for less than one year. The closing price of our common stock on the Nasdaq Stock Market was $136.06 per share on such date.

The following table provides detailed information regarding historical awards granted and earned performance-based awards under the current 2019 EIP and gross burn rate for each fiscal year.

(3) Reflects performance-based restricted stock units (PRSUs) granted at the maximum number of shares that could potentially vest for each fiscal year.

(4) Reflects PRSUs earned and vested for each fiscal year.

(5) As reported in our Annual Report on Form 10-K for the respective fiscal year.

(6) Burn rate is calculated as the total number of shares granted as appreciation awards, time-based RSUs and PRSUs throughout the year divided by the basic weighted-average common shares outstanding at fiscal year-end. The burn rate is not adjusted for forfeitures and expirations of awards, which would reduce the burn rate if taken into account. The burn rates in the table do not take into account the 1.43 fungible ratio applicable to those full-value awards. Burn rates after applying the fungible ratio to full-value awards is 2.6% for fiscal year 2024, 2.9% for fiscal year 2023 and 2.6% for fiscal year 2022. We are seeking to eliminate the fungible ratio in this proposal.

The potential dilution (or “overhang”) from the Amended 2019 EIP would be 99.5% (or 9.05% on a diluted basis) and assumes that the 2,100,000 new shares were available to grant as of March 30, 2024, and is calculated as follows:

(1) Overhang is calculated as counting all awards on a 1-to-1 basis. Each full value award granted under the 2019 EIP reduced the number of shares available for issuance under the 2019 EIP by 1.43 shares and each stock option granted reduced the number of shares available for issuance by 1 share. We are seeking to eliminate the fungible ratio in this proposal.

For more information regarding our equity compensation plans, please refer to the full text of the Amended 2019 EIP, which is included as Appendix B to this Proxy Statement and the “Equity Compensation Plan Information” table above.

**Eligibility**

Awards under the Amended 2019 EIP may be granted to employees, consultants, and directors of the Company or any of its subsidiaries (“eligible individuals”). Incentive stock options may be granted only to eligible individuals who are employees of EA or any of our subsidiaries. As of March 30, 2024, we had approximately 13,700 employees (including five NEOs), seven non-employee directors, and approximately 242 consultants, each of whom would be eligible to be granted awards under the Amended 2019 EIP. In principle, any consultant to the Company or any of its subsidiaries would be eligible to participate in the Amended 2019 EIP, subject to certain SEC limitations. However, historically we have not granted equity awards to consultants and that remains our current practice.

**Prior Grants under the 2019 EIP**

Pursuant to the terms of the Amended 2019 EIP, the amount and timing of awards under the Amended 2019 EIP will generally be determined by the Compensation Committee, as administrator, and cannot be determined in advance. However, the Board of Directors will make determinations with respect to awards granted to our CEO. Accordingly, future awards under the Amended 2019 EIP are not determinable at this time.

**Registration of Shares Under the Amended 2019 EIP**

If the Amended 2019 EIP is approved by our stockholders, the Board of Directors intends to cause the shares of common stock that will become available for issuance under the Amended 2019 EIP to be registered on a Form S-8 Registration Statement to be filed with the SEC at the Company’s expense prior to the issuance of any such shares.

Approval of this Proposal 4 requires the affirmative vote of a majority of the voting shares present at the 2024 Annual Meeting in person or by proxy and voting for or against the proposal.

The Board of Directors recommends a vote FOR the approval of our Amended 2019 EIP.
### General Description of the Amended and Restated 2019 Equity Incentive Plan

**As Proposed to be Approved by Our Stockholders on August 1, 2024**

#### General

The current 2019 EIP was originally adopted by our Board of Directors on May 16, 2019, and approved by our stockholders on August 8, 2019. It was first amended and restated and approved by our Board of Directors on May 19, 2022, and by our stockholders on August 11, 2022. It was most recently amended and restated and approved by our Board of Directors on May 15, 2024. The principal terms of the 2019 EIP, as proposed to be amended and restated, are summarized below.

As described in this Proposal 4, stockholders will vote to increase the number of shares of common stock available for issuance under the plan by an additional 2,100,000 shares and to remove the fungible share counting ratio. The Amended 2019 EIP is otherwise substantially the same as our current 2019 EIP. The following summary is qualified in its entirety by reference to the text of the Amended 2019 EIP, which is included as Appendix B to this Proxy Statement.

#### Material Terms of the Amended 2019 EIP

| **Purpose** | The purpose of the Amended 2019 EIP is to provide incentives to attract, retain and motivate eligible individuals whose present and potential contributions are important to the success of the Company and its subsidiaries by offering them an opportunity to participate in the Company’s future performance through the grant of equity-based awards. |
| **Duration/Term** | Unless earlier terminated in accordance with its terms, the Amended 2019 EIP will continue in effect until August 3, 2039. |
| **Governing Law** | The Amended 2019 EIP and all award agreements under the plan are governed by the laws of the State of Delaware. |
| **Administration** | The Amended 2019 EIP is administered by the Compensation Committee (or if no such committee is appointed, by the Board of Directors). All the members of the Compensation Committee are “non-employee directors” and “independent directors” under applicable federal securities laws and NASDAQ listing requirements, and “outside directors” as defined under applicable federal tax laws. The Compensation Committee’s authority includes, but is not limited to, the authority to: construe and interpret the Amended 2019 EIP; any award agreement or any other document related to the Amended 2019 EIP; prescribe, amend and rescind rules and regulations related to the Amended 2019 EIP; select eligible individuals to receive awards; determine the terms and conditions of any award; determine the number of shares or other consideration subject to awards; establish, adopt or revise any rules and regulations, including adopting sub-plans, for the Amended 2019 EIP; correct any defect, supply any omission or reconcile any inconsistency in the Amended 2019 EIP; any award or any award agreement; and make all other determinations necessary or advisable for the administration of the Amended 2019 EIP. The Compensation Committee may delegate to a committee of one or more members of the Board of Directors, or to one or more officers of the Company, the authority to construe and interpret the Amended 2019 EIP, any award agreement and any other agreement or document executed pursuant to the 2019 EIP, and grant an award under the 2019 EIP to eligible individuals other than to employees who are subject to Section 16 of the Exchange Act and to certain other officers of the Company. |
| **Eligibility** | Incentive stock options may only be granted to employees of the Company or its subsidiaries. All other awards may be granted to employees, consultants, and directors of the Company or any of its subsidiaries (“eligible individuals”). As of March 30, 2024, there were approximately 13,700 employees (including five NEOs), seven non-employee directors, and approximately 242 consultants, each of whom would be eligible to be granted awards under the Amended 2019 EIP. In principle, any consultant to EA or any of its subsidiaries would be eligible to participate in the Amended 2019 EIP, and approximately 242 consultants, each of whom would be eligible to be granted awards under the Amended 2019 EIP. |
| **Awards** | Awards granted under the Amended 2019 EIP may be options, restricted stock, restricted stock units, stock appreciation rights (“SARs”) or other share-based awards. Awards may be granted singly or in combination with other awards. |
| **Shares** | Shares of Company common stock issuable under the Amended 2019 EIP may come from authorized but unissued shares, treasury shares, shares purchased on the open market or any combination of the foregoing. |
| **Share Limits** | The maximum number of shares available to be granted under the Amended 2019 EIP will be 18,040,347, which includes the 2,100,000 additional shares being requested under this Proposal 4, plus any shares authorized for grants or subject to awards under the 2000 EIP that are not issued or delivered for any reason. To the extent that an award terminates, expires, or lapses for any reason, or is settled in cash, any shares subject to the award will again be available for the grant of an award. The following shares will not be added back into the share pool: (i) shares not issued as a result of the net settlement of an option or SAR; (ii) shares tendered or withheld by the Company in payment of the exercise price of an option or a SAR; (iii) shares tendered or withheld to satisfy any tax or similar withholding obligation with respect to an award; and (iv) shares repurchased by the Company on the open market with the proceeds of the exercise price from an option. |
**Adjustment**

In the event of any increase, decrease, or change in the number or characteristic of outstanding shares of the Company effected without receipt of consideration by the Company or by reason of a share split, reverse share split, spin-off, share or extraordinary cash dividend or other distribution, share combination or reclassification, recapitalization or merger, change in control, or similar event, the Compensation Committee may substitute or adjust proportionately, as the Compensation Committee in its sole discretion deems equitable (a) the aggregate number and kind of shares that may be issued under the Amended 2019 EIP; (b) the number and kind of securities subject to outstanding awards; (c) the terms and conditions of any outstanding awards (including, without limitation, any applicable performance goals or criteria with respect thereto); and (d) the exercise price or purchase price per share for any outstanding awards under the Amended 2019 EIP; provided, however, that in the case of any "equity restructuring" (within the meaning of the Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor pronouncement thereto)), the Compensation Committee shall make an equitable or proportionate adjustment to outstanding awards to reflect such equity restructuring.

**Award Types:**

<table>
<thead>
<tr>
<th>Options</th>
<th>Options granted under the Amended 2019 EIP may be either incentive stock options, which are tax qualified under the U.S. Internal Revenue Code of 1986, as amended (the “Code”), or nonqualified options, which are not tax-qualified for purposes of the Code. The exercise period of an option is determined by the Compensation Committee but, in no event, may an option be exercisable more than ten years from the date it is granted. The Compensation Committee determines the exercise price of each option granted under the Amended 2019 EIP. The exercise price for each incentive stock option and nonqualified stock option must not be less than 100% of the fair market value of a share at the time the option is granted.</th>

<tr>

<td>Restricted stock units are unfunded, unsecured rights to receive Company shares upon the satisfaction of time-based or performance-based vesting criteria. Each restricted stock unit represents one share of common stock. Participants in the Amended 2019 EIP (“participants”) have no rights to the shares underlying the restricted stock units unless and until the restrictions on the restricted stock units have lapsed and the shares have been released.</td>

<tr>
<td>SARs</td>
<td>The Compensation Committee determines the terms and conditions of a SAR, including whether the SAR will be settled in shares or cash. <td>The Compensation Committee may authorize the Company, with the consent of the affected participants, to issue new awards in exchange for the surrender and cancellation of any or all outstanding awards; provided that no such exchange program may, without the approval of the Company’s stockholders, allow for the cancellation of an outstanding option or SAR in exchange for a new option or SAR having a lower exercise price. The Compensation Committee may also, subject to approval by the Company’s stockholders, buy a previously granted award with payment in cash, shares (including restricted stock) or other consideration, based on such terms and conditions as the Compensation Committee and the participant may agree.</td>
</tr>
<tr>
<td>Grants to Non-Employee Directors</td>
<td>Non-employee directors are eligible to receive any award granted under the Amended 2019 EIP except for incentive stock options, in the sole discretion of the Board of Directors. The terms and conditions of these awards, including vesting, exercisability and settlement will be determined by the Board of Directors. In the event of the Company’s dissolution or liquidation, or a “change of control” transaction, awards granted to the Company’s non-employee directors will become 100% vested and exercisable in full immediately prior to the consummation of the applicable transaction. In addition, the Company’s non-employee directors may elect to receive all or a portion of their cash compensation from the Company in shares. Directors making this election are eligible to receive shares having a value equal to 110% of the amount of the cash compensation foregone. Under the Amended 2019 EIP, in any fiscal year of the Company, no non-employee director may be granted awards with a grant date value of more than $1,200,000 in total whereby (1) shares-in-lieu of cash compensation may not have a grant date fair value of more than $600,000; and (2) an annual equity award may not have a grant date fair value of more than $600,000.</td>

<tr>
<td>Performance-Based Awards</td>
<td>Awards may be performance-based awards with vesting or exercisability conditioned on one or more performance factors and may be granted individually or in tandem with other awards. The awards will be subject to a specific performance period that may be as short as a quarter or as long as five (5) years.</td>
</tr>
<tr>
<td><strong>Performance Factors</strong></td>
<td>Performance factors are any of the factors selected by the Compensation Committee in its sole discretion and specified in the award agreement, and may include the following measures, or any other measures the Compensation Committee may deem appropriate, either individually, alternatively or in any combination, applied to the Company as a whole or any business unit or subsidiary, either individually, alternatively or in any combination on a GAAP or non-GAAP basis to be measured to the extent applicable on an absolute basis or relative to a pre-established target to determine whether the performance goals established by the Compensation Committee have been satisfied: (a) profit before tax; (b) revenue (on an absolute basis or adjusted for currency effects); (c) net revenue; (d) earnings (which may include earnings before interest and taxes, earnings before taxes, and net earnings); (e) operating income; (f) operating margin; (g) operating profit; (h) controllable operating profit, net operating profit; (i) net profit; (j) gross margin; (k) operating expenses or operating expenses as a percentage of revenue; (l) net income; (m) earnings per share; (n) total stockholder return; (o) market share; (p) return on assets or net assets; (q) the Company's stock price; (r) growth in stockholder value relative to a pre-determined index; (s) return on equity; (t) return on invested capital; (u) cash flow (including free cash flow or operating cash flows); (v) cash conversion cycle; (w) economic value added; (x) individual confidential business objectives; (y) contract awards or backlog; (z) overhead or other expense reduction; (aa) credit rating; (bb) strategic plan development and implementation; (cc) succession plan development and implementation; (dd) improvement in workforce diversity; (ee) customer indicators; (ff) new product invention or innovation; (gg) attainment of research and development milestones; (hh) improvements in productivity; (ii) attainment of objective operating goals and employee metrics; or (jj) criteria relating to human capital management. In addition, the Compensation Committee may, in its sole discretion and in recognition of unusual or non-recurring items such as acquisition-related activities or changes in applicable accounting rules, provide for one or more adjustments to the performance factors to preserve the Compensation Committee's original intent regarding the performance factors at the time of the initial grant.</td>
</tr>
<tr>
<td><strong>Dividend Equivalents; Dividends</strong></td>
<td>The Compensation Committee may grant a participant dividend equivalent rights based on any dividends, if any, declared during the period between the date the award is granted and the date the award is vests or is settled. The Amended 2019 EIP prohibits the current payment of dividend equivalent rights or dividends on unvested awards, and also prohibits the payment of dividend equivalent rights or dividends on options and SARs generally.</td>
</tr>
<tr>
<td><strong>Forfeiture or Clawback of Awards</strong></td>
<td>Subject to applicable law or the company's clawback policy, an award agreement may provide that the award will be forfeited or canceled if a participant engages in activity that is in conflict with or adverse to the interest of the Company or its subsidiaries (including conduct contributing to financial restatements, material noncompliance in the financial reports requirements or similar financial or accounting irregularities), as determined by the Compensation Committee. The Compensation Committee may provide in an award agreement that, if within the time period specified in the award agreement, a participant engages in an activity referred to in the preceding sentence, a participant will forfeit any gain realized with respect to the award and must repay such gain to the Company.</td>
</tr>
<tr>
<td><strong>Transferability</strong></td>
<td>Awards granted under the Amended 2019 EIP are generally not transferable other than by will or the laws of descent or distribution.</td>
</tr>
<tr>
<td><strong>Change in Control</strong></td>
<td>In the event of a merger, consolidation, dissolution or liquidation of the Company, the sale of substantially all of its assets or any other similar corporate transaction, the successor corporation may assume, replace, or substitute equivalent awards in exchange for those granted under the Amended 2019 EIP or provide substantially similar consideration, shares, or other property as was provided to our stockholders (after taking into account the provisions of the awards). In the event that the successor corporation does not assume, replace, or substitute awards and provided the applicable award agreement does not preclude the following, awards based solely on continued service will become fully vested and/or exercisable in full prior to the consummation of the transaction at the time and upon the conditions as the Compensation Committee determines. Any awards not exercised or vested prior to the consummation of the transaction will terminate. Performance-based awards will be subject to the provisions of the award agreement governing the impact of a change in control.</td>
</tr>
<tr>
<td><strong>Amendment/Termination of the Amended 2019 EIP</strong></td>
<td>The Board of Directors or the Compensation Committee may at any time terminate or amend the Amended 2019 EIP in any respect, including any form of award agreement, provided the Board of Directors may not, without stockholder approval, amend the Amended 2019 EIP in any manner which would require such approval.</td>

**Certain U.S. Federal Income Tax Consequences**

The following discussion is a brief summary of the principal United States federal income tax consequences of awards granted under the Amended 2019 EIP pursuant to the provisions of the Code as currently in effect. The Code and its regulations are subject to change. This summary is not intended to be exhaustive and does not describe, among other things, state, local, or foreign income and other tax consequences. The specific tax consequences to a participant will depend upon that participant's individual circumstances.

**Options and Stock Appreciation Rights**

Under existing law and regulations, the grant of nonqualified stock options and SARs will not result in income taxable to a participant in the Amended 2019 EIP. However, at the time of the exercise of a nonqualified stock option, the participant will be taxed at ordinary income tax rates on the excess of the fair market value of the shares purchased over the option's exercise price. At the time of the exercise of a SAR, the participant will be taxed at ordinary income tax rates on the amount of the cash, or the fair market value of the shares, received by the employee upon exercise. Upon disposition of the shares received upon exercise of the non-qualified stock option, the participant will recognize long-term or short-term capital gain or loss, depending upon the length of time he or she held such shares.
The grant of an incentive stock option will not result in income taxable to the participant. The participant will not recognize income when the incentive stock option is exercised but the participant must treat the excess of the fair market value of the underlying shares on the date of exercise over the exercise price as an item of adjustment for purposes of the alternative minimum tax. If the participant disposes of the underlying shares after he or she has held the shares for at least two years after the incentive stock option was granted and one year after the incentive stock option was exercised, the amount the participant receives upon the disposition over the exercise price is treated as long-term capital gain for the participant. If the participant makes a “disqualifying disposition” of the underlying shares by disposing of the shares before they have been held for at least two years after the date the incentive stock option was granted and one year after the date the incentive stock option was exercised, the participant will recognize compensation income equal to the excess of (i) the fair market value of the underlying shares on the date the incentive stock option was exercised or, if less, the amount received on the disposition over (ii) the exercise price. The gain (if any) in excess of the amount recognized as ordinary income on a disqualifying disposition will be long-term or short-term capital gain, depending upon the length of time the participant held the shares.

**Restricted Stock Awards**

A participant in the Amended 2019 EIP who is granted a restricted stock award will not be taxed upon the acquisition of such shares so long as the interest in such shares is subject to a “substantial risk of forfeiture” within the meaning of Section 83 of the Code and provided the participant does not make an election with the Internal Revenue Service pursuant to Section 83(b) of the Code as discussed below. Upon lapse or release of the restrictions, the participant will generally be taxed at ordinary income tax rates on an amount equal to the then-current fair market value of the shares. Any such awards that are not subject to a substantial risk of forfeiture will be taxed at the time of grant.

Pursuant to Section 83(b) of the Code, a participant may elect within 30 days of receipt of an award of restricted shares to be taxed at ordinary income tax rates on the fair market value of the shares comprising such award at the time of award (determined without regard to any restrictions which may lapse) less any amount paid for the shares. In that case, a deduction corresponding to the amount of income recognized will be allowable to the Company (subject to Section 162(m) of the Code). In addition, the participant will acquire a tax basis in the shares equal to the ordinary income that the participant recognizes at the time of grant. No tax will be payable upon the lapse or release of the restrictions or at the time the shares first become transferable, and any gain or loss upon subsequent disposition will be a capital gain or loss. In the event of a forfeiture of shares of common stock with respect to which a participant previously made a Section 83(b) election, the participant will not be entitled to a loss deduction.

**Restricted Stock Units**

A participant in the Amended 2019 EIP who is granted restricted stock units will not be taxed upon the grant of the award. Upon receipt of payment of cash or common stock pursuant to restricted stock units, the participant will realize ordinary income in an amount equal to any cash received and the fair market value of any shares received. The participant’s tax basis in the shares will equal the amount recognized as ordinary income, and on subsequent disposition the participant will realize long-term or short-term capital gain or loss, depending on how long the participant holds the shares before disposing of them.

**Dividend Equivalents**

A participant in the Amended 2019 EIP who is granted dividend equivalents generally will realize ordinary income at the time the underlying shares relating to the dividend equivalent vest.

**Deductibility**

The Company is generally entitled to a deduction equal to the compensation realized by the holders of the nonqualified stock options, incentive stock options with a disqualifying disposition, stock appreciation rights, restricted stock, restricted stock units, performance awards/incentive awards and dividend equivalents. However, the Company’s deduction will be limited by Section 162(m) of the Code for certain covered executive officers to the extent that their total compensation in any one year exceeds $1 million.

**Section 409A**

Section 409A of the Code (“Section 409A”) imposes certain requirements on nonqualified deferred compensation arrangements. These include requirements on an individual’s election to defer compensation and the individual’s selection of the timing and form of distribution of the deferred compensation. For certain individuals who are officers, Section 409A requires that such individual’s distribution commence no earlier than six months after such officer’s separation from service. Certain awards under the Amended 2019 EIP may be designed to be subject to the requirements of Section 409A in form and in operation. For example, restricted stock units that provide for a settlement date following the vesting date may be subject to Section 409A. If an award under the Amended 2019 EIP is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A fails to comply with the requirements of Section 409A, Section 409A imposes an additional 20% federal penalty tax on compensation recognized as ordinary income, as well as interest on that compensation.

**ERISA**

The Amended 2019 EIP is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended, and is not qualified under Section 401(a) of the Code.

Commonly Asked Questions and Answers

1. **Why am I receiving these materials and how do I attend the virtual meeting?**
   
   You are receiving these materials in connection with the Company’s solicitation of proxies for use at our Annual Meeting, which will take place virtually at [www.virtualshareholdermeeting.com/EA2024](http://www.virtualshareholdermeeting.com/EA2024) on Thursday, August 1, 2024 at 2:00 p.m. local time. In structuring the virtual meeting, our goal is to provide stockholders the same opportunity to participate as they would have at an in-person meeting.

   This Proxy Statement describes proposals on which you, as a stockholder, are being asked to vote. It also gives you information on the proposals that will be considered at the Annual Meeting, as well as other information so that you can make an informed decision. As a stockholder, you are invited to attend the Annual Meeting online and are requested to vote on the items of business described in this Proxy Statement.

2. **How do I attend the virtual meeting?**
   
   This year’s Annual Meeting will be accessible only through the Internet. You can participate in the Annual Meeting if you were a stockholder as of the close of business on the record date, June 6, 2024. To participate in the Annual Meeting, including to vote and ask questions, go to [www.virtualshareholdermeeting.com/EA2024](http://www.virtualshareholdermeeting.com/EA2024) and log-in using the 16-digit control number on your Notice or proxy card next to the label “Control Number” for postal mail recipients or within the email for electronic delivery recipients, and follow the instructions on the website. If your shares are held in street name and your voting instruction form or Notice indicates that you may attend and vote those shares through the [http://www.proxyvote.com](http://www.proxyvote.com) website, then you may vote at the Annual Meeting with the 16-digit access code indicated on that voting instruction form or Notice. Otherwise, stockholders who hold their shares in street name should contact their bank, broker or other nominee and obtain a “legal proxy” in order to attend and vote at the Annual Meeting.

   We encourage you to join 15 minutes before the start time. Stockholders may submit questions online during the Annual Meeting at [www.virtualshareholdermeeting.com/EA2024](http://www.virtualshareholdermeeting.com/EA2024). A copy of the Annual Meeting rules of conduct will be available online at the Annual Meeting. The list of registered stockholders as of June 6, 2024 will be available for inspection by stockholders during the meeting at [www.virtualshareholdermeeting.com/EA2024](http://www.virtualshareholdermeeting.com/EA2024). There will not be a physical location for the Annual Meeting, and you will not be able to attend the Annual Meeting in person. If you have difficulty accessing or participating in the virtual Annual Meeting, please call the technical support number that will be posted on the Annual Meeting website log-in page. We will have technicians available to assist you.

3. **Why did I receive a Notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?**
   
   In accordance with rules adopted by the SEC, we may furnish proxy materials, including this Proxy Statement and our Annual Report, to our stockholders by providing access on the Internet instead of mailing printed copies. Stockholders will receive printed copies of the proxy materials only if they request them. Instead, the Notice, which was mailed to our stockholders, provides instructions on how to access and review all the proxy materials on the Internet. The Notice also describes how you may submit your proxy on the Internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting those materials in the Notice or you may contact the Company directly. **The Company will provide you without charge, upon request, a paper or email copy of our proxy materials, including the Company’s Annual Report on Form 10-K (paper copies will be sent by first class mail).** Any such request should be directed as follows: Corporate Secretary, Electronic Arts Inc., 209 Redwood Shores Parkway, Redwood City, CA 94065 or call (650) 628-1500.

4. **How can I get electronic access to the proxy materials?**
   
   The Notice or proxy card provides instructions on how to inform us to send future proxy materials to you electronically by email. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to our proxy website. Your election to receive proxy materials by email will remain in effect until you terminate it. **We encourage you to receive future proxy materials by email. Doing so will allow us to provide you with the information you need in a timelier manner, will save us the cost of printing and mailing documents to you, and will help reduce paper use.**

5. **Can I vote my shares by filling out and returning the Notice?**
   
   No. However, the Notice provides instructions on how to vote on the Internet or by attending the Annual Meeting virtually at [www.virtualshareholdermeeting.com/EA2024](http://www.virtualshareholdermeeting.com/EA2024) and following the instructions on the website.
6. Who can vote at the Annual Meeting?
Stockholders who owned common stock as of the close of business on June 6, 2024 may attend and vote at the Annual Meeting. If your shares are registered directly in your name with our transfer agent, Computershare, you are considered, with respect to those shares, the stockholder of record. As the stockholder of record, you have the right to vote at the Annual Meeting. If your shares are held in a brokerage account or by another nominee or trustee, you are considered the beneficial owner of shares held in “street name.” As the beneficial owner, you are also invited to attend the Annual Meeting. As a beneficial owner, you are not the stockholder of record and, as described in Question 2, may not in certain cases be able to vote these shares at the Annual Meeting unless you obtain a “legal proxy” from your broker, nominee, or trustee that holds your shares, giving you the right to vote the shares at the meeting. Each share of common stock is entitled to one vote. There were 265,735,423 shares of common stock outstanding on the record date, June 6, 2024.

A quorum is required to conduct business at the Annual Meeting. A quorum exists if a majority of EA’s outstanding voting shares, or at least 132,867,712 shares, as of June 6, 2024 is present or represented by proxies at the Annual Meeting. On June 6, 2024, a total of 265,735,423 shares of common stock were outstanding and entitled to vote.

Shares are counted as present or represented at the Annual Meeting if:
■ They are entitled to vote at the Annual Meeting and are present at the Annual Meeting, or
■ The stockholder has voted on the Internet, by telephone or a properly submitted proxy card prior to 11:59 p.m. Eastern Time on July 31, 2024.

If a quorum is not present, we may propose to adjourn the Annual Meeting to solicit additional proxies and reconvene the Annual Meeting at a later date.

7. What am I voting on?
We are asking you to:
■ Elect Kofi A. Bruce, Rachel A. Gonzalez, Jeffrey T. Huber, Talbott Roche, Richard A. Simonson, Luis A. Ubiñas, Heidi J. Ueberroth and Andrew Wilson to the Board of Directors to hold office for a one-year term (Proposal 1);
■ Cast an advisory vote to approve named executive officer compensation (Proposal 2);
■ Ratify the appointment of KPMG LLP as the Company’s independent public registered accounting firm for the fiscal year ending March 31, 2025 (Proposal 3); and
■ Approve our Amended and Restated 2019 Equity Incentive Plan (Proposal 4).

8. How do I vote my shares if I won’t be able to attend the Annual Meeting?
You do not need to attend the Annual Meeting in order to vote. You may, instead, vote on the Internet or by telephone or mail (if you have received printed proxy materials) prior to 11:59 p.m. Eastern Time on July 31, 2024. By doing so, you are giving a proxy appointing Andrew Wilson (the Company’s Chief Executive Officer), Stuart Canfield (the Company’s Chief Financial Officer), and Jacob Schatz (the Company’s EVP of Global Affairs, Chief Legal Officer and Corporate Secretary) or any of them, each with power of substitution, to vote your shares at the Annual Meeting, or any adjournment thereof, as you have instructed. If a proposal comes up for a vote at the Annual Meeting for which you have not indicated an instruction, Mr. Wilson, Mr. Canfield and Mr. Schatz, or any one of them, will vote your shares in the manner recommended by the Board of Directors and according to their best judgment. Even if you currently plan to attend the Annual Meeting, it is a good idea to vote on the Internet or, if you received printed proxy materials, by telephone or by completing and returning your proxy card before the meeting date, in case your plans change.

On the Internet or by Telephone
If you have Internet access, you may submit your proxy online by following the instructions provided in the Notice or, if you receive printed proxy materials, the proxy card. You may also vote by telephone by following the instructions provided on your proxy card or voting instruction card.

By Mail
If you receive printed proxy materials, you may submit your proxy by mail by signing your proxy card or, for shares held in street name, by following the voting instructions included by your broker, trustee or nominee, and mailing it in the enclosed, postage-paid envelope. If you provide specific voting instructions, your shares will be voted as you have instructed.

9. What does it mean if I receive more than one Notice or proxy card?
It means that you have multiple accounts at the transfer agent or with brokers. Please complete and return all proxy cards or follow the instructions on each proxy card to vote on the Internet or by telephone, to ensure that all your shares are voted.
10. I share an address with another stockholder, and we received only one paper copy of the proxy materials. How can I obtain an additional copy of the proxy materials?

The Company has adopted an SEC-approved procedure called “householding.” Under this procedure, the Company may deliver a single copy of the Notice or the Annual Report and this Proxy Statement to multiple stockholders who share the same last name and address and who have consented to householding, unless the Company has received contrary instructions from one or more of those stockholders. This procedure reduces the environmental impact of the Company’s annual meetings and reduces the Company’s printing and mailing costs. Stockholders who participate in householding will continue to receive separate proxy cards. Upon written or oral request, the Company will deliver promptly a separate copy of the Notice, Annual Report and this Proxy Statement to any stockholder at a shared address to which the Company delivered a single copy of any of these documents.

To receive free of charge a separate copy of the Notice or Annual Report and this Proxy Statement, or separate copies of these documents in the future, stockholders may write to our Corporate Secretary at 209 Redwood Shores Parkway, Redwood City, CA 94065 or call (650) 628-1500.

If you are receiving more than one copy of the proxy materials at a single address and would like to participate in householding, please contact the Company using the mailing address or phone number above. Stockholders who hold shares in street name may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

11. What if I change my mind after I give my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting. You may do this by:

- Sending a signed statement to the Company that the proxy is revoked (you may send such a statement to the Corporate Secretary at our corporate headquarters address listed above);
- Signing and returning another proxy with a later date;
- Voting on the Internet or by telephone at any time prior to 11:59 p.m. Eastern Time on July 31, 2024 (your latest vote is counted); or
- Voting at the Annual Meeting.

If your shares are held by a broker, bank or other nominee or trustee, you may contact the record holder of your shares directly.

Your proxy will not be revoked if you attend the Annual Meeting but do not vote.

12. Who will count the votes?

A representative of Broadridge Financial Solutions will tabulate the votes and act as the inspector of elections for our Annual Meeting.

13. How are votes counted?

You may vote “for,” “against” or “abstain” with respect to each of the nominees to the Board of Directors and on each of the proposals. A share voted “abstain” with respect to any proposal is considered present at the Annual Meeting for purposes of establishing a quorum and entitled to vote with respect to that proposal but is not considered a vote cast with respect to that proposal. Thus, abstentions will not affect the outcome of Proposals 1, 2, 3, or 4. If you are a registered stockholder and you sign and return your proxy without voting instructions, your shares will be voted as recommended by the Board of Directors and according to the best judgment of Mr. Wilson, Mr. Canfield and Mr. Schatz, or any one of them.

14. What is the effect of a “broker non-vote” on the proposals to be voted on at the Annual Meeting?

If your shares are held by a broker, bank or other nominee or trustee and you do not provide your broker, bank or other nominee or trustee with voting instructions, your shares may constitute “broker non-votes.” Broker non-votes occur on a matter when a broker is not permitted to vote on that matter (or even when a broker is permitted to vote on that matter but chooses not to do so) without instructions from the beneficial owners and instructions are not given. Shares that constitute broker non-votes are considered present for purposes of establishing a quorum and entitled to vote with respect to that proposal but are not considered votes cast on that proposal. Broker non-votes, if any, will not affect the outcome of Proposals 1, 2, 3, or 4. Even with respect to routine matters, some brokers are choosing not to exercise discretionary voting authority. As a result, if your shares are held of record by a bank, broker, or other nominee, we urge you to give instructions to your bank, broker or other nominee as to how you wish your shares to be voted.

15. How many votes must the nominees receive to be elected as directors?

In an uncontested election, our Amended and Restated Bylaws require each nominee to receive more votes cast “for” than “against” his or her re-election in order to be re-elected to the Board of Directors. Since we are not aware of any intention by any stockholder to nominate one or more candidates to compete with the Board of Directors’ nominees for re-election at the Annual Meeting, the 2024 election will be uncontested.
In accordance with our Corporate Governance Guidelines, the Board of Directors expects an incumbent director to tender his or her resignation if he or she fails to receive the required number of votes for re-election in an uncontested election. In such an event, the Nominating and Governance Committee will act on an expedited basis to determine whether to accept the director’s resignation and will submit such recommendation for prompt consideration by the Board of Directors. The director whose resignation is under consideration will abstain from participating in any decision regarding his or her resignation. The Nominating and Governance Committee and the Board of Directors may consider any factors they deem relevant in deciding whether to recommend and accept, as applicable, a director’s resignation. The Board of Directors will act on the Nominating and Governance Committee’s recommendation within 90 days from the date of the certification of election results and will publicly disclose its decision promptly thereafter.

Shares represented by your proxy will be voted by EA’s management “for” the election or re-election of the eight nominees recommended by EA’s Board of Directors unless you vote against any or all of such nominees or you mark your proxy to “abstain” from so voting.

16. What happens if one or more of the nominees is unable to serve or for good cause will not serve?
If, prior to the Annual Meeting, one or more of the nominees notifies us that he or she is unable to serve, or for good cause will not serve, as a member of the Board of Directors, the Board of Directors may reduce the number of directors or select a substitute nominee or substitute nominees, as the case may be. In the latter case, if you have completed and returned your proxy card, Mr. Wilson, Mr. Canfield and Mr. Schatz, or any of them, may vote for any nominee designated by the incumbent Board of Directors to fill the vacancy. They cannot vote for more than eight nominees.

17. How many votes are required to approve each of the other proposals?
The advisory vote to approve named executive officer compensation (Proposal 2), the ratification of KPMG LLP as our independent auditor (Proposal 3), and the approval of our Amended and Restated 2019 Equity Incentive Plan (Proposal 4) must receive a “for” vote from a majority of the voting shares present at the Annual Meeting in person or by proxy and voting for or against these proposals. As an advisory vote, the results of voting on Proposal 2 are non-binding. Although non-binding, the Board of Directors and the Compensation Committee value the opinions of our stockholders and will consider the outcome of this vote, along with other relevant factors, in evaluating the compensation program for our named executive officers.

Shares represented by your proxy will be voted by EA’s management in accordance with the Board of Directors’ recommendation unless you vote otherwise on your proxy or you mark your proxy to “abstain” from voting. Abstentions and broker non-votes will have no effect on the outcome of Proposals 2, 3, or 4.

18. What is the deadline to propose matters for consideration at the 2025 annual meeting of stockholders?

Proposals to be considered for inclusion in our proxy materials: No later than the close of business (6:00 p.m. Pacific Time) on February 14, 2025. All proposals must comply with Rule 14a-8 under the Exchange Act.

Other proposals to be brought at our 2025 annual meeting: No earlier than April 3, 2025 and no later than the close of business (6:00 p.m. Pacific Time) on May 5, 2025. The submission must include certain information concerning the stockholder and the proposal, as specified in the Company’s Amended and Restated Bylaws.

19. What is the deadline to nominate individuals for election as directors at the 2025 annual meeting of stockholders?

Director nominations for inclusion in our proxy materials (proxy access nominees): No earlier than March 4, 2025 and no later than the close of business (6:00 p.m. Pacific Time) on April 3, 2025. The nomination must include certain information concerning the stockholder or stockholder group and the nominee, as specified in Section 1.6 of the Company’s Amended and Restated Bylaws.

Director brought pursuant to our advance notice bylaws: No earlier than April 3, 2025 and no later than the close of business (6:00 p.m.) on May 5, 2025. The nomination must include certain information concerning the stockholder and the nominee, as specified in Section 1.5 of the Company’s Amended and Restated Bylaws. In addition, shareholders who intend to solicit proxies in support of director nominees other than the Company’s nominees must comply with the additional requirements of Rule 14a-19(b).

20. Where should I send proposals and director nominations for the 2025 annual meeting of stockholders?

Stockholder proposals and director nominations should be sent in writing to Jacob Schatz, Corporate Secretary at Electronic Arts Inc., 209 Redwood Shores Parkway, Redwood City, CA 94065.

21. How can I obtain a copy of the Company’s Amended and Restated Bylaws?

### About Non-GAAP Financial Measures

As a supplement to the Company's financial measures presented in accordance with U.S. Generally Accepted Accounting Principles ("GAAP"), the Company presents certain non-GAAP measures of financial performance. These non-GAAP financial measures should not be considered as a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. In addition, these non-GAAP measures have limitations in that they do not reflect all of the items associated with the Company's results of operations as determined in accordance with GAAP. These non-GAAP financial measures do not reflect a comprehensive system of accounting and differ from GAAP measures with the same names and may differ from non-GAAP financial measures with the same or similar names that are used by other companies. The Company's target and actual non-GAAP financial measures are calculated with reference to adjustments to GAAP financial measures, which currently include change in deferred net revenue (online-enabled games) acquisition-related expenses, stock-based compensation, restructuring and related charges, income tax rate adjustments, and Bonus expense as applicable in any given reporting period. The Company may consider whether other significant items that arise in the future should be excluded from our non-GAAP financial measures. Management believes that these non-GAAP financial measures provide investors with additional useful information to better understand and evaluate the Company's operating results and future prospects because they exclude certain items that may not be indicative of the Company's core business, operating results, or future outlook. These non-GAAP financial measures are used by management to understand ongoing financial and business performance. When making compensation decisions for our executives, we utilize non-GAAP financial measures to evaluate the Company's financial performance and the performance of our management team.
We believe it is appropriate to exclude these items for the following reasons:

**Change in Deferred Net Revenue (Online-enabled Games)**
The majority of our games, and related extra-content and services have online connectivity whereby a consumer may be able to download updates on a when-and-if-available basis (“future update rights”) for use with the offline core game content (“software license”). In addition, we may also offer a hosted connection for online playability (“online hosting”), that permits consumers to play against each other without a separate fee. Because the majority of our sales of our online-enabled games include future update rights and/or online hosting performance obligations, GAAP requires us to allocate a portion or all of the transaction price to these performance obligations which are recognized ratably over an estimated offering period. Our deferred net revenue balance is increased by the revenue being deferred for current sales and is reduced by the recognition of revenue from prior sales (this is referred to as the “change in the deferred revenue” balance). Our management excludes the impact of the net change in deferred net revenue related to online-enabled games in its non-GAAP financial measures for the reasons stated above and also to facilitate an understanding of our operations because all related costs of revenue are expensed as incurred.

**Acquisition-Related Expenses**
GAAP requires expenses to be recognized for various types of events associated with a business acquisition. These events include amortization of acquired intangible assets, post-closing adjustments associated with changes in the estimated amount of contingent consideration to be paid in an acquisition, and the impairment of accounting goodwill created as a result of an acquisition and/or acquired intangible assets when future events indicate there has been a decline in its value. Offsetting these expenses are certain cost exclusions related to impacts from current year acquisitions activity. When analyzing the operating performance of an acquired entity, our management focuses on the total return provided by the investment (i.e., operating profit generated from the acquired entity as compared to the purchase price paid including the final amounts paid for contingent consideration, if any) without taking into consideration any allocations made for accounting purposes. When analyzing the operating performance of an acquisition in subsequent periods, our management excludes the GAAP impact of any adjustments to the fair value of these acquisition-related balances to its financial results.

**Stock-Based Compensation**
When evaluating the performance of its individual business units, the Company does not consider stock-based compensation charges. Likewise, the Company’s management teams exclude stock-based compensation expense from their short and long-term operating plans. In contrast, the Company’s management teams are held accountable for cash-based compensation and such amounts are included in their operating plans. Further, when considering the impact of equity award grants, we place a greater emphasis on overall stockholder dilution rather than the accounting charges associated with such grants.

**Income Tax Rate Adjustments**
The Company uses a fixed, long-term projected tax rate internally to evaluate its operating performance, to forecast, plan and analyze future periods, and to assess the performance of its management team. Accordingly, the Company applies the same tax rate to its non-GAAP financial results and generally does not include one-time tax benefits. During fiscal year 2024, the Company applied a tax rate of 19% to determine the non-GAAP income tax expense.

**Bonus Expense**
The Company determines the funding for its bonus pool under the EA Bonus Plan based in part on financial performance, which includes a non-GAAP diluted earnings per share component. The Company excludes bonus expense under the EA Bonus Plan when establishing the non-GAAP diluted earnings per share target, and measuring performance against that target because its effect on non-GAAP earnings per share is not indicative of the Company’s financial performance.

**Restructuring and Related Charges**
Restructuring and related charges are primarily incurred as the Company aligns its structure with growth opportunities. These costs may include employee-related costs such as severance, asset impairment charges, office space reduction and exit costs including additional depreciation and amortization when the expected useful life of certain assets have been shortened due to changes in anticipated usage, and other charges, including contract cancellations. The company excludes these costs as management believes they do not have a direct correlation to our ongoing or future business operations.
Appendix B

ELECTRONIC ARTS INC.

2019 EQUITY INCENTIVE PLAN

As Amended on May 15, 2024
As Approved by Stockholders on August [1], 2024

1. **PURPOSE.** The purpose of this Plan is to provide incentives to attract, retain and motivate Eligible Individuals whose present and potential contributions are important to the success of the Company and its Subsidiaries by offering them an opportunity to participate in the Company’s future performance through Awards. Capitalized terms not defined in the text are defined in Section 25.

2. **SHARES SUBJECT TO THIS PLAN.**

2.1 **Number of Shares Available for Awards.** Subject to Sections 2.2, 2.3, 2.4 and 19, the aggregate number of Shares that have been reserved pursuant to this Plan is 31,600,000 Shares (including for Incentive Stock Options) plus any Shares authorized for grants or subject to Awards under the Electronic Arts Inc. 2000 Equity Incentive Plan, as amended and restated on July 28, 2016 (the “Prior Plan”) that are not issued or delivered to a Participant for any reason, including, without limitation, Shares subject to an Award that terminates, expires, or lapses for any reason, or that is settled in cash. Any Shares distributed pursuant to an Award may consist in whole or in part, of authorized and unissued Shares, treasury Shares or Shares purchased in the open market.

2.2 **Share Usage.** Shares that are subject to Awards granted on or after August 1, 2024 shall be counted against this limit as one (1) Share for every one (1) Share granted or subject to grant for any such Award. Each Award granted prior to August 1, 2024, shall be counted against this limit as 1.43 Shares for every one (1) Share granted or subject to grant for any such Award; provided that Shares subject to an Option, SAR or Other Share-Based Award with an Exercise Price shall be counted against this limit as one (1) Share for every one (1) granted or subject to grant for any such Award without regard to date of grant. To the extent that an Award terminates, expires, or lapses for any reason, or that is settled in cash, any Shares subject to the Award shall again be available for the grant of an Award. Any Shares that become available for the grant of Awards pursuant to this Section 2.2 shall be added back as one (1) Share if such Shares were granted under this Plan on or after August 1, 2024, and as 1.43 Shares if such Shares were granted under this Plan prior to August 1, 2024; provided that any Shares subject to an Option, SAR or Other Share-Based Award with an Exercise Price shall be added back as one (1) Share without regard to date of grant. Notwithstanding anything to the contrary contained herein, the following Shares shall not be added to the Shares authorized for grant under this Section 2.2: (i) Shares not issued or delivered as a result of the net settlement of an outstanding Option or SAR; (ii) Shares tendered by a Participant or withheld by the Company in payment of the Exercise Price of an Option or a SAR; (iii) Shares tendered by a Participant or withheld by the Company to satisfy any Tax-Related Items withholding obligation with respect to an Award; and (iv) Shares repurchased by the Company on the open market with the proceeds of the Exercise Price from Options. The payment of Dividend Equivalent Rights, if any, in cash in conjunction with any outstanding Awards shall not be counted against the Shares available for issuance under this Plan. Notwithstanding the provisions of this Section 2.2, no Shares may again be optioned, granted or awarded if such action would cause an Incentive Stock Option to fail to qualify as an incentive stock option under Section 422 of the Code.

2.3 **Substitute Awards.** To the extent permitted by applicable securities law or any rule of the securities exchange on which the Shares are then listed or traded, Substitute Awards issued in assumption of, or in substitution for, any outstanding awards of any entity acquired in any form of combination by the Company or any Subsidiary shall not be counted against Shares available for grant pursuant to this Plan. Additionally, to the extent permitted by applicable securities law or any rule of the securities exchange on which the Shares are then listed or traded, in the event that an entity acquired by (or combined with) the Company or any Subsidiary has shares available under a pre-existing plan approved by stockholders and not adopted in contemplation of such acquisition or combination, the Shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of ordinary shares of the entities party to such acquisition or combination) may, at the discretion of the Committee, be used for Substitute Awards under this Plan in lieu of awards under the applicable pre-existing plan of the other company and shall not reduce the Shares authorized for grant under this Plan; provided that Substitute Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not Employees or Non-Employee Directors of the Company or any Subsidiary prior to such acquisition or combination.

2.4 **Adjustment of Shares.** In the event of any increase, decrease or change in the number or characteristic of outstanding Shares of the Company effected without receipt of consideration by the Company or by reason of a share split, reverse share split, spin-off, share or extraordinary cash dividend or other distribution, share combination or reclassification, recapitalization or merger, Change in Control, or similar event, the Committee may substitute or adjust proportionately, as the Committee in its sole discretion deems equitable, (a) the aggregate number and kind of Shares that may be issued under this Plan (including, but not limited to, adjustments of the limitations in Section 2.1); (b) the number and kind of securities subject to outstanding Awards; (c) the terms and conditions of any outstanding Awards (including, without limitation, any applicable Performance Goals or criteria with respect thereto); and (d) the Exercise Price or purchase price per Share for any outstanding Awards under this Plan, subject to any required action by the Board or the stockholders of the Company and compliance with Applicable Laws; provided, however, that in the case of any “equity restructuring”...
(within the meaning of the Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor pronouncement thereto)), the Committee shall make an equitable or proportionate adjustment to outstanding Awards to reflect such equity restructuring; and provided, further, that fractions of a Share will not be issued but will either be replaced by a cash payment equal to the Fair Market Value of such fraction of a Share or will be rounded up to the nearest whole Share, as determined by the Committee in its sole discretion. Any adjustment affecting an Award that is subject to Section 409A of the Code shall be made consistent with the requirements of Section 409A.

3. **ELIGIBILITY AND PARTICIPATION.**

3.1 **Eligibility.** Unless otherwise set forth in Section 5.5, each Eligible Individual shall be eligible to be granted one or more Awards.

3.2 **Participation.** Subject to the provisions of this Plan, the Committee, from time to time, may select from among all Eligible Individuals those to whom Awards shall be granted, and shall determine the nature and amount of each Award. No Eligible Individual shall have any right to be granted an Award pursuant to this Plan and the grant of an Award to an Eligible Individual shall not imply any entitlement to receive future Awards.

4. **ADMINISTRATION.**

4.1 **Committee Authority.** This Plan will be administered by the Committee. The Committee will have the authority to:

(a) construe and interpret this Plan, any Award Agreement and any other agreement or document executed pursuant to this Plan;

(b) prescribe, amend and rescind rules and regulations relating to this Plan or any Award;

(c) select Eligible Individuals to receive Awards;

(d) determine the terms and conditions of any Award, including, without limitation, the vesting, exercisability and payment of Awards, whether the Awards are subject to any Performance Goals or Performance Factors; the effect of a Participant's leave of absence or Termination of Service on any Award, and accelerations or waivers thereof, any provisions related to recoupment of an Award or a gain on an Award, based in each case on such considerations as the Committee in its sole discretion determines;

(e) determine whether, to what extent, and pursuant to what circumstances an Award may be settled in, or the exercise price of an Award may be paid in, cash, Shares, other Awards, or other property, or an Award may be cancelled, forfeited, or surrendered;

(f) determine the number of Shares or other consideration subject to Awards;

(g) determine whether Awards will be granted singly, in combination with, in tandem with, in replacement of, or as alternatives to, other Awards under this Plan or any other incentive or compensation plan of the Company or any Subsidiary;

(h) establish, adopt or revise any rules and regulations, including adopting sub-plans to this Plan, for the purposes of facilitating compliance with foreign laws, easing the administration of this Plan and/or taking advantage of tax-favorable treatment for Awards granted to Participants outside the U.S., in each case as it may deem necessary or advisable;

(i) correct any defect, supply any omission or reconcile any inconsistency in this Plan, any Award or any Award Agreement;

(j) determine whether a Performance-Based Award has been earned; and

(k) prescribe the form of each Award Agreement, which need not be identical for each Participant and may vary for Participants within and outside of the U.S.; and

(l) make all other determinations necessary or advisable for the administration of this Plan.

4.2 **Committee Discretion.** Any determination made by the Committee with respect to any Award will be made in its sole discretion at the time of grant of the Award or, unless in contravention of any express term of this Plan or Award, at any later time, and such determination will be final and binding on the Company and on all persons having an interest in any Award under this Plan.

4.3 **Action by the Committee.** Each member of the Committee is entitled to, in good faith, rely or act upon any report or other information furnished to that member by any officer or employee of the Company or any Subsidiary, the Company’s independent certified public accountants, or any executive compensation consultant or other professional retained by the Company to assist in the administration of this Plan.

4.4 **Delegation of Authority.** To the extent permitted by Applicable Laws, the Committee, from time to time, may delegate to a committee of one or more members of the Board or to one or more officers of the Company the authority to (i) construe and interpret this Plan, any Award Agreement and any other agreement or document executed pursuant to this Plan, and (ii) grant an Award under this Plan to Participants other than (a) Employees who are subject to Section 16 of the Exchange Act, or (b) officers of the Company (or Non-Employee Directors) to whom authority have been delegated pursuant to the foregoing clauses (i) and (ii). Furthermore, if the authority to grant or amend Awards has been delegated to a committee pursuant and subject to the preceding sentence, such authority
may be further delegated by such committee to one or more officers of the Company. For the avoidance of doubt, provided it meets the limitations of this Section 4.4, any delegation hereunder shall include the right to modify Awards as necessary to accommodate changes in Applicable Laws or regulations, including, without limitation, in jurisdictions outside the U.S. Furthermore, any delegation hereunder shall be subject to the restrictions and limitations that the Committee specifies at the time of such delegation, and the Committee may rescind at any time the authority so delegated and/or appoint a new delegatee. At all times, the delegatee appointed under this Section 4.4 shall serve in such capacity at the pleasure of the Committee.

5. **OPTIONS.** The Committee is authorized to grant Options to Eligible Individuals on the following terms and conditions, and the Committee may specify such additional terms and conditions as:

5.1 **Exercise Price.** The exercise price per Share subject to an Option shall be determined by the Committee and set forth in the Award Agreement; provided that, subject to Section 2.4 and except with respect to Substitute Awards, the per-Share exercise price for any Option shall not be less than 100% of the Fair Market Value of a Share on the date of grant.

5.2 **Time and Conditions of Exercise.** The Committee shall determine the time or times at which an Option may be exercised in whole or in part; provided that the term of any Option granted under this Plan shall not exceed ten (10) years. The Committee also shall specify the vesting conditions, if any, as it deems appropriate that must be satisfied before all or part of an Option may be exercised. The vesting conditions, if any, may be based on, among other conditions, a Participant’s continued Service, the attainment of Performance Goals, or a combination of both.

5.3 **Payment.** The Committee shall determine the methods by which the exercise price of an Option and any applicable withholding of Tax-Related Items may be paid, including the following methods: (i) cash or check; (ii) surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Committee may require (including withholding of Shares otherwise deliverable upon exercise of the Option) which have a Fair Market Value on the date or surrender of attestation equal to the aggregate exercise price of the Shares as to which the Option is to be exercised; (iii) promissory note from a Participant to the Company or a third-party loan guaranteed by the Company (in either case, with such loan bearing interest at no less than such rate as shall then preclude the imputation of interest under the Code or similar local tax law); (iv) through the delivery of a notice that a Participant has placed a market sell order with a broker with respect to Shares then issuable upon exercise of the Option, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the Option exercise price, provided that payment of such proceeds is then made to the Company upon settlement of such sale; (v) by a “net exercise” arrangement pursuant to which the number of Shares issuable upon exercise of the Option shall be reduced by the largest whole number of Shares having a Fair Market Value that does not exceed the aggregate exercise price (plus Tax-Related Items, if applicable) and any remaining balance of the aggregate exercise price (and/or applicable withholding taxes) not satisfied by such reduction in the number of whole Shares to be issued shall be paid by Participant in cash or other form of payment approved by the Committee; (vi) other property acceptable to the Committee; or (vii) any combination of the foregoing methods of payment. The Award Agreement will specify the methods of paying the exercise price available to each Participant. The Committee also shall determine the methods by which Shares shall be delivered or deemed to be delivered to Participants. Notwithstanding any other provision of this Plan to the contrary, no Participant who is a Non-Employee Director or an “executive officer” of the Company within the meaning of Item 401(b) of Regulation S-K of the Securities Act or Sections 16a-1(f) and 3b-7 of the Exchange Act shall be permitted to pay the exercise price of an Option, or continue any extension of credit with respect to the exercise price of an Option, with a loan from the Company or a loan arranged by the Company in violation of Section 13(k) of the Exchange Act.

5.4 **Exercise of Option.**

(a) **Procedure for Exercise.** An Option may not be exercised for a fraction of a Share. An Option shall be deemed exercised when the Company receives: (A) a notice of exercise (in such form as the Committee may specify from time to time) from the person entitled to exercise the Option, and (B) full payment for the Shares with respect to which the Option is exercised (together with applicable Tax-Related Items). Full payment may consist of any consideration and method of payment authorized by the Committee and permitted by the Award Agreement and this Plan. Shares issued upon exercise of an Option shall be issued in the name of a Participant.

(b) **Termination of Service.** If a Participant’s Service is Terminated, including as a result of a Participant’s death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the Termination Date (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). Unless otherwise provided by the Committee, if on the date of Termination of Service, a Participant is not vested as to his or her entire Option, the unvested portion of the Option shall be forfeited, and the Shares covered by the unvested portion of the Option shall revert to this Plan. If, after Termination of Service, a Participant does not exercise his or her Option within the time specified by the Committee, the Option shall terminate, and the Shares covered by such Option shall revert to this Plan.

5.5 **Incentive Stock Options.** Incentive Stock Options shall be granted only to Employees of the Company or any “subsidiary corporation,” as defined in Section 424(f) of the Code and any applicable U.S. Department of Treasury regulations promulgated thereunder; of the Company, and the terms of any Incentive Stock Options, in addition to the requirements of Sections 5.1 through 5.4 must comply with the provisions of this Section 5.5.

(a) **Expiration.** Subject to Section 5.5(c) an Incentive Stock Option shall expire and may not be exercised to any extent by anyone after the first to occur of the following events:

(i) Ten (10) years from the date of grant, unless an earlier time is set in the Award Agreement;
(b) Dollar Limitation. The aggregate Fair Market Value of all Shares underlying an Incentive Stock Option may not exceed US$100,000 or such other limitation as imposed by Section 422(d) of the Code, or any successor provision at the time the Incentive Stock Option is first exercisable by a Participant in any given calendar year. The US$100,000 limit is determined based on the aggregate Fair Market Value of the Option on the date the Incentive Stock Option is granted, not at the time the Option is exercisable by a Participant. If the Incentive Stock Option is first exercisable by a Participant in excess of such limitation, the excess shall be considered a Non-Qualified Stock Option.

(c) Ten Percent Owners. An Incentive Stock Option may be granted to any individual who, at the date of grant, owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of Shares of the Company only if such Incentive Stock Option is granted with an Exercise Price that is not less than 110% of Fair Market Value on the date of grant and the Incentive Stock Option is exercisable for no more than five (5) years from the date of grant.

(d) Notice of Disposition. A Participant shall give the Company prompt notice of any disposition of Shares acquired by exercise of an Incentive Stock Option within (i) two (2) years from the date of grant of such Incentive Stock Option or (ii) one (1) year after the transfer of such Shares to the Participant.

(e) Right to Exercise. During a Participant’s lifetime, only the Participant may exercise an Incentive Stock Option.

(f) Failure to Meet Requirements. Any Option (or portion thereof) purported to be an Incentive Stock Option, which, for any reason, fails to meet the requirements of Section 422 of the Code shall be considered a Non-Qualified Stock Option.

5.6 Substitution of SARs. The Committee may provide in the Award Agreement evidencing the grant of an Option that the Committee, in its sole discretion, shall have the right to substitute a SAR for such Option at any time prior to or upon exercise of such Option; provided, that such substitution complies with Section 2 of this Plan and that the SAR shall be exercisable with respect to the same number of Shares for which such substituted Option would have been exercisable.

6. RESTRICTED STOCK. The Committee is authorized to grant Restricted Stock to any Eligible Individual selected by the Committee in such amounts and subject to such terms and conditions as determined by the Committee. Unless otherwise provided in the Award Agreement, beginning on the date of grant of the Restricted Stock and subject to execution of the Award Agreement, a Participant shall become a stockholder of the Company with respect to all Shares subject to the Restricted Stock and shall have all of the rights of a stockholder, including the right to vote such Shares and the right to receive dividends and other distributions made with respect to such Shares.

6.1 Purchase Price. At the time of the grant of Restricted Stock, the Committee shall determine the price, if any, to be paid by a Participant for each Share subject to the Restricted Stock.

6.2 Issuance, Vesting and Restrictions. The Committee shall determine the vesting or other conditions, if any, and such other restrictions on transferability and other restrictions to which Restricted Stock may or may not be subject (including, without limitation, limitations on the right to vote Restricted Stock or the right to receive dividends and other distributions on the Restricted Stock), subject to the provisions of Section 18.3. The vesting conditions may be based on, among other vesting conditions, a Participant’s continued Service, the attainment of Performance Goals, or a combination of both.

6.3 Forfeiture. Except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, upon Termination of Service during the applicable restriction period, Restricted Stock that is at that time subject to restrictions shall be forfeited; provided, however, that the Committee may (a) provide in any Award Agreement that restrictions or forfeiture conditions relating to Restricted Stock will be waived in whole or in part in the event of Termination of Service resulting from specified causes, and (b) in other cases waive in whole or in part restrictions or forfeiture conditions relating to Restricted Stock.

6.4 Legend. Restricted Stock granted pursuant to this Plan may be evidenced in such manner as the Committee shall determine. If certificates representing shares of Restricted Stock are issued in the name of a Participant, certificates must bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock, and the Company may, at its discretion, retain physical possession of the certificate until such time as all applicable restrictions lapse.

7. RESTRICTED STOCK UNITS. The Committee is authorized to grant Restricted Stock Units to any Eligible Individual selected by the Committee in such amounts and subject to such terms and conditions as determined by the Committee.

7.1 Vesting Conditions. A Participant receiving a Restricted Stock Unit Award shall not possess the rights of a stockholder of the Company with respect to the Shares subject to such grant until the Award is settled and the Shares have been issued to a Participant. The Committee shall specify the date or dates on which the Restricted Stock Units shall become fully vested and nonforfeitable, and may specify such conditions to vesting as it deems appropriate. The vesting conditions may be based on, among other vesting conditions, a Participant’s continued Service, the attainment of Performance Goals, or a combination of both.

7.2 Purchase Price. At the time of the grant of Restricted Stock Units, the Committee shall determine the price, if any, to be paid by a Participant for each Share subject to the Restricted Stock Units.
APPENDIX B

73. Form and Time of Settlement. The Committee shall specify the settlement date applicable to each grant of Restricted Stock Units which shall be no earlier than the vesting date, or it may be deferred to any later date, subject to compliance with Section 409A of the Code in the case of Restricted Stock Units granted to a U.S. taxpayer, as applicable. On the settlement date, subject to satisfaction of applicable Tax-Related Items withholding (as further set forth in Section 13), the Company shall issue or transfer to a Participant one Share for each Restricted Stock Unit scheduled to be paid out on such date and not previously forfeited. Alternatively, settlement of a Restricted Stock Unit may be made in cash (in an amount reflecting the Fair Market Value of Shares that would have been issued) or any combination of cash and Shares, as determined by the Committee, in its sole discretion, in either case less applicable withholding of Tax-Related Items (as further set forth in Section 13). Until a Restricted Stock Unit is settled, the number of Restricted Stock Units shall be subject to adjustment pursuant to Section 2.4.

74. General Creditors. A Participant who has been granted Restricted Stock Units shall have no rights other than those of a general unsecured creditor of the Company. Restricted Stock Units represent an unfunded and unsecured obligation of the Company, subject to the terms and conditions of the applicable Award Agreement evidencing the grant of the Restricted Stock Units.

8. STOCK APPRECIATION RIGHTS. The Committee is authorized to grant Stock Appreciation Rights, or SARs, to Eligible Individuals on the following terms and conditions and such additional terms and conditions as may be specified by the Committee:

8.1 Exercise Price. The Exercise Price per Share subject to a SAR shall be determined by the Committee and set forth in the Award Agreement but shall be no less than 100% of the Fair Market Value per Share as of the date of grant.

8.2 Time and Conditions of Exercise. The Committee shall determine the time or times at which a SAR may be exercised in whole or in part; provided that the term of any SAR granted under this Plan shall not exceed ten years. The Committee shall also determine the Performance Goals or other conditions, if any, that must be satisfied before all or part of a SAR may be exercised. The vesting conditions may be based on, among other vesting conditions, a Participant’s continued Service, the attainment of Performance Goals, or a combination of both.

8.3 Payment and Limitations on Exercise. A SAR shall entitle a Participant (or other person entitled to exercise the SAR pursuant to this Plan) to exercise all or a specified portion of the SAR (to the extent then exercisable pursuant to its terms) and to receive from the Company an amount equal to the product of (i) the excess of (A) the Fair Market Value of the Shares on the date the SAR is exercised over (B) the Exercise Price of the SAR and (ii) the number of Shares with respect to which the SAR is exercised, less applicable withholding of Tax-Related Items (as further set forth in Section 13), subject to any limitations the Committee may impose. Payment of the amounts determined under this Section shall be in cash, in Shares (based on the Fair Market Value of the Shares as of the date the SAR is exercised) or a combination of both, as determined by the Committee and set forth in the Award Agreement.

9. OTHER SHARE-BASED AWARDS. Subject to limitations under Applicable Laws, the Committee is authorized under this Plan to grant Awards (other than Options, Restricted Stock, Restricted Stock Units and SARs) to Eligible Individuals subject to the terms and conditions set forth in this Section 9 and such other terms and conditions as may be specified by the Committee that are not inconsistent with the provisions of this Plan and that, by their terms, involve or might involve the issuance of, consist of, or are denominated in, payable in, valued in whole or in part by reference to, or otherwise relate to, Shares. The Committee may also grant Shares as a bonus, or may grant other Awards in lieu of obligations of the Company or a Subsidiary to pay cash or other property under this Plan or other plans or compensatory arrangements. The terms and conditions applicable to such other Awards shall be determined from time to time by the Committee and set forth in an applicable Award Agreement. The Committee may establish one or more separate programs under this Plan for the purpose of issuing particular forms of Awards to one or more classes of Participants on such terms and conditions as determined by the Committee from time to time.

9.1 Exercise Price. The Committee may establish the exercise price, if any, of any Other Share-Based Award granted pursuant to this Section 9; provided that such exercise price shall not be less than the Fair Market Value of a Share on the date of grant for an Award that is intended to be exempt from Section 409A of the Code.

9.2 Form of Payment. Payments with respect to any Awards granted under Section 9 shall be made in cash or cash equivalent, in Shares or any combination of the foregoing, as determined by the Committee.

9.3 Vesting Conditions. The Committee shall specify the date or dates on which the Awards granted pursuant to this Section shall become fully vested and nonforfeitable, and may specify such conditions to vesting as it deems appropriate. The vesting conditions may be based on, among other vesting conditions, a Participant’s continued Service, the attainment of Performance Goals, or a combination of both.

9.4 Term. Except as otherwise provided herein, the Committee shall set, in its discretion, the term of any Award granted pursuant to this Section; provided that the term of any Award granted pursuant to this Section shall not exceed ten (10) years.

10. GRANTS TO NON-EMPLOYEE DIRECTORS.

10.1 Types of Awards and Shares. Non-Employee Directors are eligible to receive any type of Award offered under this Plan except Incentive Stock Options. Awards pursuant to this Section 10 may be automatically made pursuant to policy adopted by the Board or the Committee, or made from time to time as determined in the discretion of the Board or the Committee.

10.2 Eligibility. Awards pursuant to this Section 10 shall be granted only to Non-Employee Directors. A Non-Employee Director who is appointed, elected or re-elected as a member of the Board will be eligible to receive an Award under this Section 10.
10.3 **Vesting, Exercisability and Settlement.**

(a) Except as set forth in Section 10.3(b), Awards shall vest, become exercisable and be settled as determined by the Board. With respect to Options and SARs, the exercise price granted to Non-Employee Directors shall not be less than the Fair Market Value of the Shares at the time that such Option or SAR is granted.

(b) Notwithstanding any provision to the contrary, in the event of a corporate transaction described in Section 19.1, the vesting of all Awards granted to Non-Employee Directors pursuant to this Section 10 will accelerate and such Awards will become exercisable (to the extent applicable) in full prior to the consummation of such event at such times and on such conditions as the Committee determines, and must be exercised, if at all, within three months of the consummation of said event, or such earlier date as may be set forth in the agreement governing the transaction to the extent the Awards are not assumed by the successor corporation. Any Awards not exercised within such three-month period (or, if applicable, such other period specified in the agreement governing the transaction) shall expire.

10.4 **Shares in Lieu of Cash Compensation.** Each Non-Employee Director may elect to reduce all or part of the cash compensation otherwise payable for services to be rendered by him or her as a director (including the annual retainer and any fees payable for serving on the Board or a Committee of the Board) and to receive in lieu thereof Shares, provided such election complies with Section 409A of the Code. On such election, the cash compensation otherwise payable will be increased by 10% for purposes of determining the number of Shares to be credited to such Non-Employee Director. If a Non-Employee Director so elects to receive Shares in lieu of cash, there shall be credited to such Non-Employee Director a number of Shares equal to the amount of the cash compensation so reduced (increased by 10% as described in the preceding sentence) divided by the Fair Market Value on the day in which the compensation would have been paid in the absence of such election, rounded down to the next whole Share.

10.5 **Maximum Awards.** No Non-Employee Director may be granted, in any fiscal year of the Company, Awards with a grant date fair value of more than US$1,200,000 in aggregate whereby (1) Shares in lieu of cash compensation may not have a grant date fair value in excess of US$600,000; and (2) a service Award may not have a grant date fair value in excess of US$600,000. Grant date fair value is determined by the Committee in its sole discretion. Subject to Applicable Laws, the Committee may provide in an Award Agreement that if within the time period specified in the Award Agreement a Participant engages in an activity referred to in the preceding sentence, a Participant will forfeit any gain realized with respect to the Award and must repay such gain to the Company. Notwithstanding this Section 11, any Award Agreement evidencing Awards to an Eligible Individual shall provide for repayment on forfeiture as may be required to comply with the requirement of any applicable securities law, including any securities exchange on which the Shares are listed or traded, as may be in effect from time to time.

11. **FORFEITURE OR CLAWBACK OF AWARDS.** Notwithstanding anything to the contrary contained herein, and in accordance with Applicable Laws, an Award Agreement may provide that the Award shall be forfeited or canceled if a Participant engages in activity that is in conflict with or adverse to the interest of the Company or its Subsidiaries (including conduct contributing to financial restatements, material noncompliance in the financial reporting requirements or similar financial or accounting irregularities), as determined by the Committee in its sole discretion. Subject to Applicable Laws, the Committee may provide in an Award Agreement that if within the time period specified in the Award Agreement a Participant engages in an activity referred to in the preceding sentence, a Participant will forfeit any gain realized with respect to the Award and must repay such gain to the Company. Notwithstanding this Section 11, any Award Agreement evidencing Awards to an Eligible Individual shall provide for repayment on forfeiture as may be required to comply with the requirement of any applicable securities law, including any securities exchange on which the Shares are listed or traded, as may be in effect from time to time.

12. **FOREIGN AWARDS AND RIGHTS.** Notwithstanding any provision of this Plan to the contrary, in order to comply with the laws in countries and other jurisdictions in which the Company and its Subsidiaries have Eligible Individuals, the Committee, in its sole discretion, shall have the power and authority to (i) modify the terms and conditions of any Award granted to Eligible Individuals to comply with Applicable Laws of jurisdictions where Eligible Individuals reside without seeking the consent of the affected Eligible Individuals; (ii) establish sub-plans and determine the Exercise Price, exercise procedures and other terms and procedures and rules, to the extent such actions may be necessary or advisable, including adoption of rules, procedures or sub-plans applicable to particular Subsidiaries or Participants residing in particular locations; provided, however, that no such sub-plans and/or modifications shall increase the share limits contained in Section 2 or otherwise require stockholder approval; and (iii) take any action, before or after an Award is made, that it deems advisable to obtain approval or comply with any necessary local governmental regulatory exemptions or approvals. Without limiting the generality of the foregoing, the Committee is specifically authorized to adopt rules, procedures and sub-plans with provisions that limit or modify rights on eligibility to receive an Award under this Plan or on Termination of Service, available methods of exercise or settlement of an Award, payment of Tax-Related Items, the shifting of employer tax liability to a Participant, the withholding procedures and handling of any Share certificates or other indicia of ownership which may vary with local requirements. The Committee may also adopt sub-plans to this Plan intended to allow the Company to grant tax-qualified Awards in a particular jurisdiction and, as part of such sub-plan, may restrict the sale of Shares and/or modify the Change in Control and adjustments provisions of this Plan to the extent necessary to comply with the tax requirements of the jurisdiction. Notwithstanding the foregoing, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate the Securities Act, Exchange Act, the Code, or any securities law.

13. **WITHHOLDING TAXES.** The Company and its Subsidiaries each shall have the authority and right to deduct or withhold or require a Participant to remit to the Company or any Subsidiary, an amount sufficient to satisfy Tax-Related Items with respect to any taxable event concerning a Participant arising as a result of this Plan or to take such other action as may be necessary in the opinion of the Company or a Subsidiary, as appropriate, to satisfy withholding obligations for the payment of Tax-Related Items, including but not limited to (i) withholding from a Participant’s wages or other cash compensation; (ii) withholding from the proceeds for the sale of Shares underlying the Award either through a voluntary sale or a mandatory sale arranged by the Company on a Participant’s behalf; or (iii) in the Committee’s sole discretion and in satisfaction of the foregoing requirement, by withholding Shares otherwise issuable under an Award (or allow the return of Shares). No Shares shall be delivered hereunder to any Participant or other person until a Participant or such other person has made arrangements acceptable to the Company for the satisfaction of the Tax-Related Items withholdings obligations with respect to any taxable event concerning a Participant or such other person arising as a result of this Plan.
14. **PRIVILEGES OF STOCK OWNERSHIP.** No Participant will have any of the rights of a stockholder with respect to any Shares until the Shares are issued to a Participant. After Shares are issued to a Participant, a Participant will be a stockholder and have all the rights of a stockholder with respect to such Shares, including the right to vote and receive any dividends or other distributions made or paid with respect to such Shares; provided, however, that if such Shares are Restricted Stock, then any new, additional or different securities a Participant may become entitled to receive with respect to such Shares by virtue of a stock dividend, stock split or any other change in the corporate or capital structure of the Company will be subject to the same restrictions as the Restricted Stock.

15. **EXCHANGE AND BUYOUT OF AWARDS.** The Committee may, at any time or from time to time, authorize the Company, with the consent of the respective Participants, to issue new Awards in exchange for the surrender and cancellation of any or all outstanding Awards; provided, however, that no such exchange program may, without the approval of the Company's stockholders, allow for the cancellation of an outstanding Option or SAR followed by its replacement with a new Option or SAR having a lower Exercise Price. The Committee may, subject to approval by the Company's stockholders, at any time buy from a Participant an Award previously granted with payment in cash, Shares (including Restricted Stock) or other consideration, based on such terms and conditions as the Committee and a Participant may agree.

16. **SECURITIES LAW AND OTHER REGULATORY COMPLIANCE.** The obligation of the Company to make payment of Awards in Shares or otherwise shall be subject to all Applicable Laws, and to such approvals by government agencies, including government agencies in jurisdictions outside of the U.S., in each case as may be required or as the Company deems necessary or advisable. Without limiting the foregoing, the Company shall have no obligation to issue or deliver evidence of title for Shares subject to Awards granted hereunder prior to: (i) obtaining any approvals from governmental agencies that the Company determines are necessary or advisable, and (ii) completion of any registration or other qualification with respect to the Shares under any Applicable Laws in the U.S. or in a jurisdiction outside of the U.S. or ruling of any governmental body that the Company determines to be necessary or advisable or at a time when any such registration or qualification is not current, has been suspended or otherwise has ceased to be effective. The inability or impracticability of the Company to obtain or maintain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained and shall constitute circumstances in which the Committee may determine to amend or cancel Awards pertaining to such Shares, with or without consideration to the affected Participant. The Company shall be under no obligation to register, pursuant to the Securities Act or otherwise, any offering of Shares issuable under this Plan. If, in certain circumstances, the Shares paid pursuant to this Plan may be exempt from registration pursuant to the Securities Act, the Company may restrict the transfer of such Shares in such manner as it deems advisable to ensure the availability of any such exemption.

17. **TRANSFERABILITY.** No right or interest of a Participant in any Award, including Incentive Stock Options, may be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of by a Participant other than by will or by the laws of descent and distribution, and any such purported sale, assignment, transfer, pledge, hypothecation or other disposition shall be void and unenforceable against the Company. Further, during a Participant's lifetime, Incentive Stock Options, Non-Qualified Stock Options and/or SARs granted to a Participant shall be exercisable only by the applicable Participant, except, with respect to Non-Qualified Stock Options and SARs, as otherwise determined by the Committee. Notwithstanding the foregoing, a Participant may, in the manner established by the Committee, designate a beneficiary or beneficiaries to exercise the affected Participant's rights and receive any property distributable with respect to an Award upon a Participant's death.

18. **PROVISIONS APPLICABLE TO AWARDS.**

18.1 **Stand-Alone and Tandem Awards.** Awards granted pursuant to this Plan may, in the discretion of the Committee, be granted either alone, in addition to, or in tandem with, any other Award granted pursuant to this Plan. Awards granted in addition to or in tandem with other Awards may be granted either at the same time as or at a different time from the grant of such other Awards.

18.2 **Award Agreement.** Awards under this Plan shall be evidenced by Award Agreements that set forth the terms, conditions and limitations for each Award, not inconsistent with this Plan, which may include, without limitation, the term of an Award, the provisions applicable in the event a Participant's Service terminates, and the Company's authority to unilaterally or bilaterally amend, modify, suspend, cancel or rescind an Award.

18.3 **Dividend Equivalent Rights; Dividends.** Any Participant selected by the Committee may be granted Dividend Equivalent Rights based on the dividends, if any, declared on the Shares that are subject to any Award (other than an Option, SAR or Other Share-Based Award with an Exercise Price) to be credited as of dividend payment dates, during the period between the date the Award is granted and the date the Award is vested or is settled, as determined by the Committee and set forth in the applicable Award Agreement. Such Dividend Equivalent Rights shall be converted to cash or additional Shares by such formula and at such time and subject to such limitations as may be determined by the Committee. To the extent Shares subject to an Award (other than Restricted Stock) are subject to vesting conditions, any Dividend Equivalent Rights relating to such Shares shall either (i) not be paid or credited or (ii) be accumulated and subject to restrictions and risk of forfeiture to the same extent as the underlying Award with respect to which such cash, stock or other property has been distributed. For Shares of Restricted Stock that are subject to vesting, dividends shall be accumulated and subject to any restrictions and risk of forfeiture to which the underlying Restricted Stock is subject.

18.4 **Stock Certificates; Book Entry Procedures.** Any certificates evidencing Shares delivered pursuant to this Plan are subject to any restrictions as the Committee deems necessary or advisable to comply with Applicable Laws, including the rules of any securities exchange or automated quotation system on which the Shares are listed, quoted, or traded. The Committee may place legends on any certificate evidencing Shares to reference restrictions applicable to the Shares. Notwithstanding any other provision of this Plan, unless
the Plan is terminated by the Board or the Committee, except that no Incentive Stock Options may be granted under this Plan.

20.2 Expiration Date. This Plan will continue in effect until the earlier of the twentieth anniversary of the Effective Date or the date this Plan is terminated by the Board or the Committee, except that no Incentive Stock Options may be granted under this Plan after the tenth (10th) anniversary of the last date on which the Board approved the Plan and such approval was subject to stockholder approval. Any Awards that are outstanding on the date this Plan terminates shall remain in force according to the terms of this Plan and the applicable Award Agreement.

21. GOVERNING LAW. This Plan and all agreements thereunder shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to its conflict of laws.
APPENDIX B

22. **AMENDMENT OR TERMINATION OF PLAN.** The Committee shall have the authority to amend or modify the terms and conditions of, or suspend or cancel any outstanding Award consistent with this Plan. The Board or Committee may amend, suspend or terminate this Plan at any time; provided, however, that the Board or the Committee shall not, without the approval of the stockholders of the Company, amend this Plan in any manner that requires such stockholder approval under the NASDAQ National Market or other securities exchange listing requirements then applicable to the Company including, other than pursuant to Section 16, (i) increasing the benefits accruing to Participants, (ii) increasing the number of Shares which may be issued under this Plan, (iii) modifying the requirements for participation in this Plan to allow additional individuals to participate, or (iv) except in connection with an adjustment or Change in Control as set forth in Sections 2 or 19, amending an Option or SAR to reduce the Exercise Price to below the Fair Market Value of the Shares on the original date of grant or canceling, substituting, exchanging, replacing, buying out or surrendering Options or SARs at a time when the Fair Market Value of the Shares is less than the Exercise Price of such Option or SARs in exchange for cash, or the grant of other Awards or for Options or SARs with an Exercise Price below the Fair Market Value of the Shares on the original date of grant.

23. **COMPLIANCE WITH SECTION 409A OF THE CODE FOR U.S. TAXPAYERS.** This Plan and all Awards made hereunder shall be interpreted, construed and operated to reflect the intent of the Company that all aspects of this Plan and the Awards shall be interpreted either to be exempt from the provisions of Section 409A of the Code or, to the extent subject to Section 409A of the Code, comply with Section 409A of the Code and any regulations and other guidance thereunder. This Plan may be amended at any time, without the consent of any party, to avoid the application of Section 409A of the Code in a particular circumstance or that is necessary or desirable to satisfy any of the requirements under Section 409A of the Code, but the Company shall not be under any obligation to make any such amendment. Anything in this Plan to the contrary notwithstanding, if an Award constitutes an item of deferred compensation under Section 409A of the Code and becomes payable by reason of a Participant’s Termination of Service, it shall not be made to a Participant unless a Participant’s Termination of Service constitutes a “separation from service” (within the meaning of Section 409A of the Code and any the regulations or other guidance thereunder). In addition, no such payment or distribution shall be made to a Participant prior to the earlier of (a) the expiration of the six-month period measured from the date of a Participant’s separation from service or (b) the date of a Participant’s death, if a Participant is deemed at the time of such separation from service to be a “specified employee” (within the meaning of Section 409A of the Code and any the regulations or other guidance thereunder) and to the extent such delayed commencement is otherwise required in order to avoid a prohibited distribution under Section 409A of the Code and any the regulations or other guidance thereunder. Except as provided in an Award Agreement, all payments which had been delayed pursuant to the immediately preceding sentence shall be paid to a Participant in a lump sum upon expiration of such six-month period (or, if earlier, upon a Participant’s death).

24. **SEVERABILITY.** If any provision of this Plan or the application of any provision hereof to any person or circumstance is held to be invalid or unenforceable, the remainder of this Plan and the application of such provision to any other person or circumstance shall not be affected, and the provisions so held to be unenforceable shall be reformed to the extent (and only to the extent) necessary to make it enforceable and valid.

  (ii) The stockholders of the Company approve a plan of complete liquidation or dissolution of the Company or the consummation of the sale or disposition by the Company of all or substantially all of the Company’s assets, other than a sale or disposition by the Company of all or substantially all of the Company’s assets to an entity, which would result in the common stock or voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or its parent) at least fifty percent (50%) of the outstanding shares or common stock or total voting power represented by the voting securities of the Company or such surviving entity or its parent outstanding immediately after such sale or disposition; or

For the avoidance of doubt, a transaction shall not constitute a Change in Control (i) if effected for the purpose of changing the place of incorporation or form of organization of the ultimate parent entity of the Company (including where the Company is succeeded by an issuer incorporated under the laws of another state, country or foreign government for such purpose and whether or not the Company remains in existence following such transaction) and (ii) where all or substantially all of the person(s) who are the beneficial owners of the outstanding voting securities of the Company immediately prior to such transaction will beneficially own, directly or indirectly, all or substantially all of the combined voting power of the outstanding voting securities entitled to vote generally in the beneficial owners of the outstanding voting securities of the Company immediately prior to such transaction will beneficially own, directly or indirectly, all or substantially all of the combined voting power of the outstanding voting securities entitled to vote generally in the election of directors of the ultimate parent entity resulting from such transaction in substantially the same proportions as their ownership, immediately prior to such transaction, of such outstanding securities of the Company.

“Committee” means the Compensation Committee of the Board or such other committee comprised of Directors (or if no such committee is appointed, the Board, provided that a majority of the Board members are “independent directors” for the purpose of the rules and regulations of the Nasdaq Stock Market or such other principal securities exchange or market on which the Shares are then listed or traded).

If the Company or the Subsidiary to which a Participant provides Service does not have a long-term disability policy, “Disability” means that a Participant is unable to carry out the responsibilities and functions of the position held by a Participant by reason of any medically determined physical or mental impairment for a period of not less than ninety (90) consecutive days. A Participant shall not be considered to have incurred a Disability unless he or she furnishes proof of such impairment sufficient to satisfy the Committee in its discretion. Notwithstanding the foregoing, (a) for purposes of Incentive Stock Options granted under this Plan, “Disability” means that a Participant is disabled within the meaning of Section 22(e)(3) of the Code, and (b) with respect to an Award that is subject to Section 409A of the Code where the payment or settlement of the Award will accelerate as a result of a Participant’s Disability, solely for purposes of determining the timing of payment, no such event will constitute a Disability for purposes of this Plan or any Award Agreement unless such event also constitutes a “disability” as defined under Section 409A of the Code.
