

**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, DC 20549**

FORM 8-K

**CURRENT REPORT
Pursuant to Section 13 or 15(d) of the
Securities Exchange Act of 1934**

Date of report (Date of earliest event reported):

February 28, 2020

Commission File Number	Exact Name of Each Registrant as specified in its charter; State of Incorporation; Address; and Telephone Number	IRS Employer Identification No.
1-8962	PINNACLE WEST CAPITAL CORPORATION (an Arizona corporation) 400 North Fifth Street, P.O. Box 53999 Phoenix Arizona 85072-3999 (602) 250-1000	86-0512431
1-4473	ARIZONA PUBLIC SERVICE COMPANY (an Arizona corporation) 400 North Fifth Street, P.O. Box 53999 Phoenix Arizona 85072-3999 (602) 250-1000	86-0011170

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions:

- ☐ Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
- ☐ Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- ☐ Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- ☐ Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock	PNW	The New York Stock Exchange

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (17 CFR §230.405) or Rule 12b-2 of the Securities Exchange Act of 1934 (17 CFR §240.12b-2).

Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

This combined Form 8-K is separately filed or furnished by Pinnacle West Capital Corporation and Arizona Public Service Company. Each registrant is filing or furnishing on its own behalf all of the information contained in this Form 8-K that relates to such registrant and, where required, its subsidiaries. Except as stated in the preceding sentence, neither registrant is filing or furnishing any information that does not relate to such registrant, and therefore makes no representation as to any such information.

Item 7.01 Regulation FD Disclosure.

Investor and Analyst Meetings

Pinnacle West Capital Corporation (“Pinnacle West”) will be participating in various meetings with securities analysts and investors on March 2, 2020 through March 3, 2020 and will be utilizing handouts during those meetings. Copies of the handouts are attached hereto as Exhibit 99.1.

Item 9.01 Financial Statements and Exhibits.

(d) Exhibits

Exhibit No.	Registrant(s)	Description
99.1	Pinnacle West Arizona Public Service Company	Pinnacle West handouts for use at meetings on March 2-3, 2020
104	Pinnacle West Arizona Public Service Company	104 Cover Page Interactive Data File (embedded within the Inline XBRL document)

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, each registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

FORWARD LOOKING STATEMENTS

This presentation contains forward-looking statements based on current expectations, including statements regarding our earnings guidance and financial outlook and goals. These forward-looking statements are often identified by words such as “estimate,” “predict,” “may,” “believe,” “plan,” “expect,” “require,” “intend,” “assume,” “project” and similar words. Because actual results may differ materially from expectations, we caution you not to place undue reliance on these statements. A number of factors could cause future results to differ materially from historical results, or from outcomes currently expected or sought by Pinnacle West or APS. These factors include, but are not limited to: our ability to manage capital expenditures and operations and maintenance costs while maintaining high reliability and customer service levels; variations in demand for electricity, including those due to weather, seasonality, the general economy, customer and sales growth (or decline), the effects of energy conservation measures and distributed generation, and technological advancements; power plant and transmission system performance and outages; competition in retail and wholesale power markets; regulatory and judicial decisions, developments and proceedings; new legislation, ballot initiatives and regulation, including those relating to environmental requirements, regulatory policy, nuclear plant operations and potential deregulation of retail electric markets; fuel and water supply availability; our ability to achieve timely and adequate rate recovery of our costs, including returns on and of debt and equity capital investments; our ability to meet renewable energy and energy efficiency mandates and recover related costs; risks inherent in the operation of nuclear facilities, including spent fuel disposal uncertainty; current and future economic conditions in Arizona, including in real estate markets; the direct or indirect effect on our facilities or business from cybersecurity threats or intrusions, data security breaches, terrorist attack, physical attack, severe storms, droughts, or other catastrophic events, such as fires, explosions, pandemic health events or similar occurrences; the development of new technologies which may affect electric sales or delivery; the cost of debt and equity capital and the ability to access capital markets when required; environmental, economic and other concerns surrounding coal-fired generation, including regulation of greenhouse gas emissions; volatile fuel and purchased power costs; the investment performance of the assets of our nuclear decommissioning trust, pension, and other postretirement benefit plans and the resulting impact on future funding requirements; the liquidity of wholesale power markets and the use of derivative contracts in our business; potential shortfalls in insurance coverage; new accounting requirements or new interpretations of existing requirements; generation, transmission and distribution facility and system conditions and operating costs; the ability to meet the anticipated future need for additional generation and associated transmission facilities in our region; the willingness or ability of our counterparties, power plant participants and power plant land owners to meet contractual or other obligations or continue or discontinue power plant operations consistent with our corporate interests; and restrictions on dividends or other provisions in our credit agreements and ACC orders. These and other factors are discussed in Risk Factors described in Part I, Item 1A of the Pinnacle West/APS Annual Report on Form 10-K for the fiscal year ended December 31, 2019, which you should review carefully before placing any reliance on our financial statements, disclosures or earnings outlook. Neither Pinnacle West nor APS assumes any obligation to update these statements, even if our internal estimates change, except as required by law.

PINNACLE WEST: WHO WE ARE

We are a vertically integrated, regulated electric utility in the growing Southwest United States

Our Business

Pinnacle West operates Arizona Public Service Company ("APS"), our principal subsidiary

\$18B

Consolidated Assets

Arizona's largest and longest -serving electric company, providing affordable and reliable electricity for approximately 1.3M customers

Palo Verde

We operate the Palo Verde Generating Station, the nation's largest producer of carbon-free energy

Our Energy Resources

SENIOR MANAGEMENT TEAM

We maintain a robust pipeline of talent to serve our complex operations and facilitate effective succession planning in a highly competitive talent environment

Jeff Guldner

Chairman of the Board, President and Chief Executive Officer, Pinnacle West and Chairman and Chief Executive Officer, APS

- Joined APS in 2004 from Snell & Wilmer
- Promoted to President in 2018
- Elected to Pinnacle West Board and named Chairman, CEO in 2019
- Significant experience in public utility and energy law and regulation

Jim Hatfield

Executive Vice President, Chief Administrative Officer and Treasurer, Pinnacle West & APS

- Joined as SVP and CFO in 2008 from OGE Energy Corp.
- Promoted to EVP and CAO in January 2020
- Responsible for corporate functions including tax, audit and strategy
- 38+ years of financial experience in the utility and energy business

Ted Geisler

Senior Vice President and Chief Financial Officer, Pinnacle West & APS

- Joined APS in 2001
- Promoted to SVP and CFO, January 2020
- Responsible for financial and technology functions, including finance and treasury, investor relations, enterprise-wide technology applications and infrastructure

Daniel Froetscher

President and Chief Operating Officer, APS

- Joined APS in 1980
- Promoted to President and COO, January 2020
- Responsible for customer service, T&D, non-nuclear generation, resource management, environmental, supply chain, external communications and corporate development

"We have strategically selected successors for our management team who we believe will lead our company successfully into the future with continued strong and sustainable performance." Kathy Munro, Lead Director

Maria Lecal

Executive Vice President and Chief Nuclear Officer, APS

- Joined APS as VP Operations Support in 2007 from Florida Power and Light Company
- Responsible for all-nuclear related activities associated with Palo Verde Generating Station including nuclear assurance division, employee concerns and safety culture programs

PINNACLE WEST
CAPITAL CORPORATION

A STRATEGY TO DRIVE VALUE

The **Core** is the foundation for our strategic and business initiatives

The **APS Strategic Business Plan** is anchored by four themes that align with industry trends shaping our future and the way we do business

Clean

- ✓ 100% clean, carbon-free electricity by 2050
- ✓ 65% clean energy by 2030 with 45% renewable energy
- ✓ End APS's use of coal-fired generation by the end of 2031

Affordable

- ✓ Deliver affordable energy for the benefit of the customers and communities we serve

Reliable

- ✓ Safely and efficiently deliver reliable energy to meet the needs of our customers now and in the future

Customer Focused

- ✓ Develop innovative and new solutions to meet the changing needs of our customers

FUTURE FOCUS: CLEAN ENERGY PLAN

APS Clean Energy Commitment

Clean energy commitments

- 100% clean, carbon-free electricity by 2050
- 65% clean energy by 2030 with 45% renewable energy
- End APS's use of coal-fired generation by the end of 2031

A clean economic future

- Meet our responsibility to power Arizona and move toward a low-carbon economy
- Guided by sound science to advance a healthy environment
- Market-driven energy innovation and a strong Arizona economy are critical
- Starting from an energy mix that is 50% clean which includes: renewables, energy efficiency and carbon-free, clean energy from Palo Verde Generating Station

FUTURE FOCUS: CLEAN ENERGY PLAN

Pathways to 100% Clean

 Policy decisions	Support policy decisions that leverage market-based technology and innovation to attract investment in Arizona
 Existing power sources	Near-term use of natural gas until technological advances are available to maintain reliable service at reasonable prices
 Evolving market-based solutions	Participation in the Energy Imbalance Market provides access to clean energy resources while saving customers money
 Electrification	Electrification will drive a cleaner environment and more energy-efficient operations throughout the economy
 Modernization of the electric grid	Continue to advance infrastructure that is responsive and resilient while providing customers more choice and control
 Energy storage solutions	Storage creates opportunity to take advantage of midday solar generation and better respond to peak demand

Renewable additions of 300-500 MW/year to meet a 45% target by 2030

Next Steps: Collaboration, alignment and innovation

- Reliability and affordability are foundational
- Collaborate with customers, stakeholders and regulators
- Promote economy-wide electrification of industry, transportation and buildings
- Support innovation, research and development of new technology

ENERGY STORAGE CONTRIBUTION TO RELIABILITY

- System reliability can be maintained by installing longer duration energy storage
- Energy storage helps minimize the need for additional gas resources and allows for higher renewable utilization
- Plan includes over 300 MW/year of energy storage from 2022 through 2030

COAL EXIT STRATEGY

RENEWABLE RESOURCES

APS currently has 1,828 MW*
of renewable resources:

- Solar 1,512 MW
- Wind 289 MW
- Biomass 14 MW
- Geothermal 10 MW
- Biogas 3 MW

APS Solar Portfolio*

Owned solar includes 170 MW AZ Sun Program, 26 MW of APS owned Distributed Generation (DG), 4 MW of other APS owned utility scale solar and 40 MW Red Rock Solar Plant; PPA is primarily 250 MW Solana Concentrated Solar Facility

Yuma Foothills
Solar
35 MW

Aragonne Mesa
Wind
90 MW

Snowflake
Biomass
14 MW

Salton Sea
Geothermal
10 MW

Glendale Landfill
Biogas
3 MW

PINNACLE WEST
CAPITAL CORPORATION

* As of 12/31/19 as reported in the 2019 Form 10-K – with additional 95 MW under development

Powering Growth, Delivering Value | 10

Bright Canyon Energy

First acquisition of and ownership position in wind

Clear Creek and Nobles 2 Wind Investments

Opportunity

- 9.9% stake in 242MW Clear Creek wind farm in Missouri
 - PPA to Associated Electric Cooperative
- 5.1% stake in 250MW Nobles 2 wind farm in Minnesota
 - PPA to Allete subsidiary, Minnesota Power
- Both projects currently under construction and expected online in Q1 and Q4 2020, respectively

Benefits

- Gain experience in the construction, ownership and operation of wind
- Invest in fully contracted assets
- Form strategic relationship with Tenaska, a proven developer and operator, via a minority equity position

ECONOMIC DEVELOPMENT

Arizona's focus on economic development continues to support growth in the state

2019 – New companies moving into APS's service territory include:

- Microsoft – constructing three world-class data centers
- Nike – multimillion-dollar manufacturing facility employing at least 500 people
- Red Bull – 700,000 square-foot facility
- Fairlife – 300,000 square-foot facility; scheduled to begin operation in 2020
- Stream Data Centers – 2 million square-feet of data center facilities
- Compass Datacenters – eight buildings on 225 acre campus

What Others are Saying:

- [Arizona's Booming Job Growth Ranks Second in the Nation](#); January 28, 2020
- [Arizona a top state for population growth, new Census data shows](#); Phoenix Business Journal, January 3, 2020
- [New study ranks Arizona economy among best in US](#); Phoenix Business Journal, June 9, 2019
- [Phoenix leads US in population growth, new Census data shows](#); Phoenix Business Journal, May 23, 2019
- [Arizona climbs on ranking of best states for business](#); Phoenix Business Journal, May 11, 2019

PINNACLE WEST
CAPITAL CORPORATION

APPENDIX

APS CAPITAL EXPENDITURES

Capital expenditures will support our growing customer base and utilization of advanced technology

• 2020 – 2022 as disclosed in the 2019 Form 10-K.

¹ Ocotillo Modernization Project: Units in service second quarter 2019.

OPERATIONS & MAINTENANCE

Goal is to keep O&M per kwh flat, adjusted for planned outages

\$ in millions

¹ Excludes RES/DSM of \$91 million in 2017, \$104 million in 2018, \$86 million in 2019, and \$65 million in 2020E.

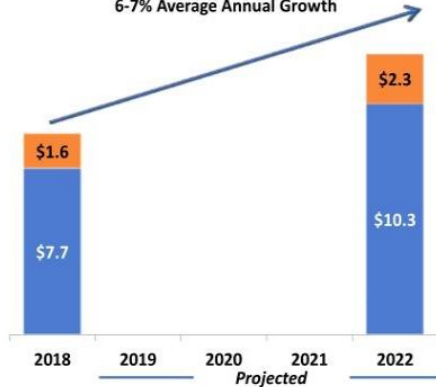

RATE BASE

APS's revenues come from a regulated retail rate base and meaningful transmission business

APS Rate Base Growth
Year-End

■ ACC ■ FERC

Long-term Rate Base Guidance:
6-7% Average Annual Growth

Rate base \$ in billions, rounded

Total Approved Rate Base

■ Generation & Distribution ■ Transmission

	ACC	FERC
Rate Effective Date	8/19/2017	6/1/2019
Test Year Ended	12/31/2015 ^{1, 2}	12/31/2018
Rate Base	\$6.8B	\$1.6B
Equity Layer	55.8%	54.6%
Allowed ROE	10.0%	10.75%

¹ Adjusted to include post test-year plant in service through 12/31/2016

² On 10/31/19 APS filed an ACC general rate case with a proposed \$8.9B rate base for an adjusted test year ended 6/30/19.

BALANCE SHEET STRENGTH

Near-Term Long-Term Debt Maturities

2019 Major Financing Activities

- \$200 million 18-month APS unsecured term loan entered into in February 2019
- \$300 million 30-year 4.25% APS senior unsecured notes issued February 2019
- \$300 million 10-year 2.6% APS senior unsecured notes issued August 2019
- \$300 million 30-year 3.5% APS senior unsecured notes issued November 2019

2020 Major Financing Activities

- Expect *up to* \$1.0 billion of term debt issuance at APS and \$450 million at PNW in 2020

¹ 2020 maturities include \$150 million of APS 2.2% notes repaid in January 2020.

² No long-term debt maturities in 2021 and 2022.

2019 APS RATE CASE APPLICATION

Filed October 31, 2019

Docket Number: E-01345A-19-0236

Additional details, including filing, can be found at <http://www.pinnaclewest.com/investors>

Adjustor Changes and New Mechanisms Overview	
Formula Rate	- Proposed as an alternative to existing adjustor mechanisms
Deferral of Costs for Limited Income Program	- Allows for growth of program without requiring estimation of future enrollment
Property Tax Deferral	- Deferral of any increase or decrease in Arizona property taxes attributable to tax rate changes
Rate Design Overview	
Residential Rate Design	- Extend super off peak to residential demand rates - Subscription rate pilot
Commercial and Industrial Rate Design	- Propose AG-Y (access to market index pricing) program for medium and large general service customers
Customer Support Programs	- More ways to enroll in the program - Propose increasing funding of Crisis Bill from \$1.25M to \$2.5M

2019 RATE CASE KEY FINANCIALS

APS has requested a rate increase to become effective December 1, 2020

Test year ended June 30, 2019

Total Rate Base - Adjusted	\$11.12 Billion
ACC Rate Base - Adjusted	\$8.87 Billion
Allowed Return on Equity	10.15%
Capital Structure	
Long-term debt	45.3%
Common equity	54.7%
Base Fuel Rate (¢/kWh)	3.0168
Post-test year plant period	12 months

Overview of Rate Increase (\$ in Millions)

Total stated base rate increase (inclusive of existing adjustor transfers)	\$ 68.59	2.1%
Plus: Transfer to base rates of various adjustors already in effect	\$ 115.04	3.5%
Net Customer Bill Impact	\$ 183.63	5.6%

Hearing Commences (April 20, 2020)

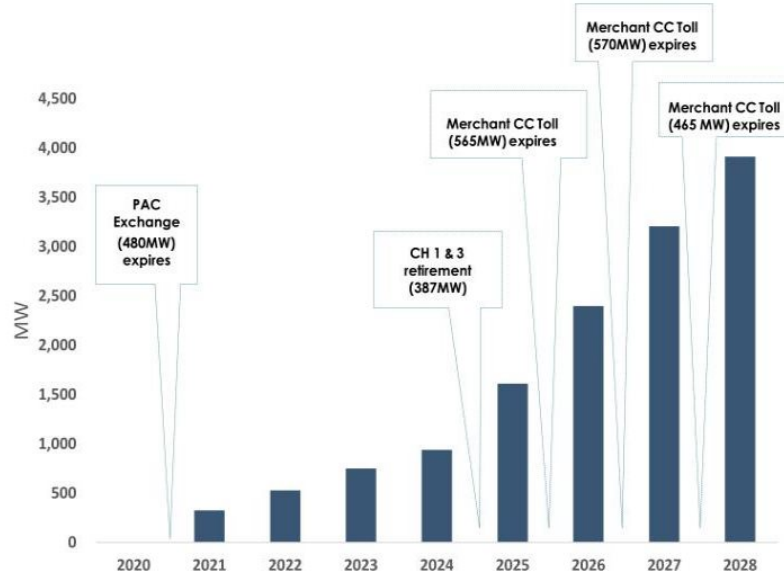

RESIDENTIAL PV APPLICATIONS¹

¹ Monthly data equals applications received minus cancelled applications. As of January 31, 2020, approximately 105,000 residential grid-tied solar photovoltaic (PV) systems have been installed in APS's service territory, totaling approximately 844 MWdc of installed capacity. Excludes APS Solar Partner Program residential PV systems.

Note: www.arizonagoessolar.org logs total residential application volume, including cancellations. Solar water heaters can also be found on the site, but are not included in the chart above.

CUMULATIVE PEAK CAPACITY NEEDS THROUGH 2028

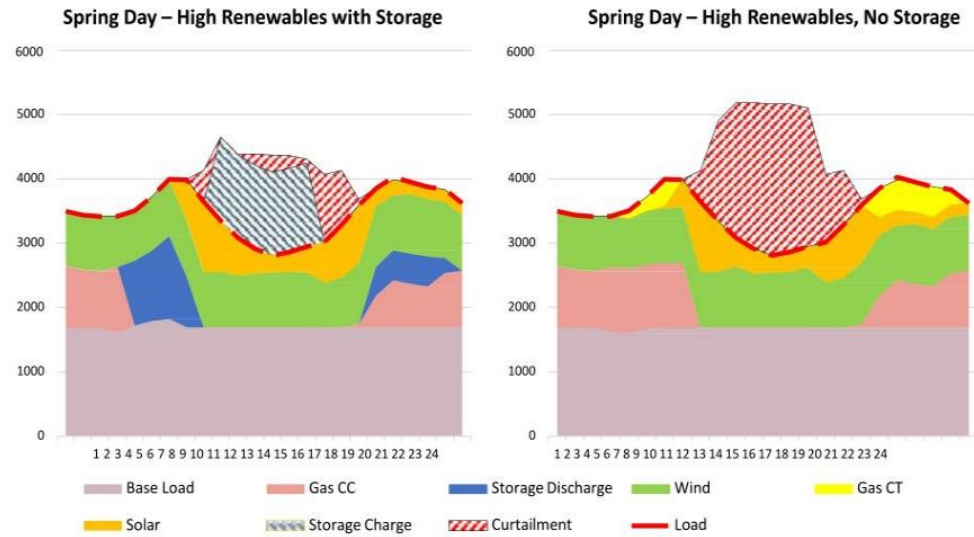

Large resource needs resulting from load growth, data centers and contract roll-offs

SYSTEM OPERATING CHANGE

Spring 2025

- Energy storage helps reduce the need for winter gas peaking resources and can be charged with zero or negatively priced energy

SYSTEM OPERATING CHANGE

Summer 2025

- Energy storage reduces the need for gas peaking resources and pipeline capacity

Summer Peak Day – High Renewables with Storage

Summer Peak Day – High Renewables, No Storage

TAX REFORM

ACC – TAX EXPENSE ADJUSTOR MECHANISM:

- **PHASE I:** The ACC approved \$119 million annual rate reduction reflecting the lower federal tax rate. Effective for the March 2018 billing cycle.
- **PHASE II:** The ACC approved an additional \$86.5 million rate reduction to return the unprotected “excess” deferred taxes to ACC customers over a 12-month period. Effective for the April 2019 billing cycle.
- **PHASE III:** The ACC approved the rate reduction effective for the December 2019 billing cycle – (i) a one-time bill credit to customers to return \$64 million related to amortization of protected “excess” deferred taxes from January 1, 2018 through October 31, 2019; and (ii) a monthly bill credit to return an additional \$39.5 million to customers from December 2019 through December 2020 billing cycle.

CASH TAXES

- New bonus depreciation regulations issued in September 2019 resulted in additional accelerated cash tax benefits of \$100M through December 31, 2019.
- Minimal cash tax payments in 2020 as the Company utilizes existing tax credit carryforwards.
- Future investment tax credits from renewable efforts will likely reduce cash tax payments in the year the assets are placed in service.

EFFECTIVE TAX RATE

- Amortization of TEAM Phase II excess deferred taxes will benefit the Company’s 2019 and 2020 ETR.
- Amortization of TEAM Phase III excess deferred taxes are anticipated to benefit the ETR over a 28.5 year period.

Net Regulatory Liability for Excess Deferred Taxes (\$ in millions)	At Dec. 31, 2019
Total Net Regulatory Liability for Regulated Excess Deferred Taxes	\$1,358
Net Regulatory Liability for Depreciation Related Excess Deferred Taxes (to be returned over the life of property)	\$1,308
Net Regulatory Liability for Non-Depreciation Related Excess Deferred Taxes	\$50
