On November 13, 2007, the Registrant issued a release announcing restated earnings for the first three quarters of fiscal 2007. A copy of the press release is attached as Exhibit 99.1 to this report. On November 16, 2007, the Registrant issued a revised release announcing restated earnings for the first three quarters of fiscal 2007. A copy of the press release is attached as Exhibit 99.2 to this report. The information in this Item 2.02 of this Form 8-K, including the exhibits, relating to this Item 2.02 shall not be deemed to be “filed” for purposes of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liabilities thereof, nor shall it be deemed to be incorporated by reference in any filing under the Exchange Act or under the Securities Act of 1933, as amended, except to the extent specifically provided in any such filing.

Section 4 — Matters Related to Accountants and Financial Statements

Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

(a) As disclosed in the Company’s release dated November 13, 2007, during the first three quarters of the fiscal year ending September 30, 2007, maintenance fees were charged to and collected from holders of prepaid gift cards, which were issued through the Company’s network of agent financial institutions. Due to human error, these fees were not recognized as income in the appropriate periods. The error was discovered and corrected in September 2007. Furthermore, procedures have been implemented to prevent such error from reoccurring.

(b) In addition, during the quarter ended December 31, 2006, the Company determined that a material impairment of its assets related to a certain loan had occurred and recorded an additional provision for loan losses. This action was reflected in a Form 8-K that the Company filed on December 6, 2006. After further review of the matter by the Company’s independent accountants and such independent accountants’ consultation with their regulatory authorities with respect to the nature of the subsequent event that served as the basis for the filing of the aforementioned Form 8-K, the Company was informed on November 14, 2007 by its independent accountants that the additional provision should have been taken in the quarter ended September 30, 2006 instead of the quarter ended December 31, 2006, and that therefore the previously reported first quarter of Fiscal 2007 ended December 31, 2006 should no longer be relied upon. The Company’s Audit Committee discussed with the independent accountants the matters disclosed in this filing pursuant to this Item 4.02(b).

The Company furnished its independent accountants a copy of this Form 8-K, and the Company has requested the independent accountants to furnish it as promptly as possible a letter addressed to the Securities and Exchange Commission stating whether the independent accountants agree with the statements made by it in response to this Item 4.02 and, if not, stating the respects in which it does not agree, and to further amend this Form 8-K upon receipt of such letter.

The Audit Committee of the Board of Directors met on November 13 and November 15, 2007, and, in consultation with the Company's independent accountants, made a determination that the previously issued financial statements for the first three quarters for fiscal year 2007 could no longer be relied upon. The Audit Committee approved the issuance of restated financial statements for the periods in question. The fourth paragraph of the Company's press release in Exhibit 99.1 and the fifth paragraph of the Company's press release in Exhibit 99.2 with respect to this matter are incorporated by reference herein.

STORM LAKE, IOWA — (November 16, 2007) Meta Financial Group, Inc. (NASDAQ-Global Market: “CASH”) (the “Company”) reported today that the Audit Committee of its Board of Directors has determined to restate its earnings results for the first three quarters of Fiscal Year 2007. First, earnings increased for each of the three quarters for fee income which was not properly recognized on a portfolio of prepaid gift cards. In addition, on November 14, 2007, the Company was informed by its independent accountants that, as a result of their consultation with their regulatory authorities, an additional loan loss provision recorded in the quarter ending December 31, 2006 should be recorded in the previous quarter ending September 30, 2006. (1) Of the \$550 net income change in the quarter ended December 31, 2006, \$437, or \$0.17 diluted EPS, was related to the provision restatement to the quarter ended September 30, 2006

(2) Quarterly EPS changes do not sum to nine month total due to the inclusion of the dilutive effect of common stock equivalents in the restated nine month EPS calculation.

During the first three quarters of Fiscal Year 2007, maintenance fees were charged to and collected from holders of prepaid gift cards, which were issued through the Company's network of agent financial institutions. Due to human error, these fees were not recognized as income in the appropriate periods. The error was discovered and corrected in September 2007. In addition, during the quarter ended December 31, 2006, the Company determined that a material impairment of its assets related to a certain loan had occurred and recorded an additional provision for loan losses. This action was reflected in a Form 8-K that the Company filed on December 6, 2006. After further review of the matter by the Company's independent accountants and such independent accountants' consultation with their regulatory authorities regarding the nature of the subsequent event that served as the basis for the filing of the aforementioned Form 8-K, the Company was informed on November 14, 2007 by its independent accountants that the additional provision should have been recorded in the quarter ended September 30, 2006 instead of the quarter ended December 31, 2006, and that, therefore, the previously reported first quarter of Fiscal 2007 ended December 31, 2006 should no longer be relied upon. Accordingly, the Company intends to restate its 2006 annual financial statements as part of its issuance of its 2007 financial statements.

The Audit Committee of the Board of Directors met on November 13 and November 15, 2007, and, in consultation with the Company's independent accountants, made a determination that the previously issued financial statements for the first three quarters of Fiscal Year 2007 could no longer be relied upon. The Audit Committee approved the issuance of restated financial statements for the periods in question. The restatements will be reflected in the Company's amended quarterly reports on Form 10-Q for the quarterly periods ended December 31, 2006, March 31, 2007, and June 30, 2007, which the Company expects to file promptly. The Audit Committee also concluded that there was no material impact on the Company's previous financial statements.
