**Business Highlights**

Tractor Supply believes we can grow our business by being an integral part of our customers' lives as the dependable supplier of "Out Here" lifestyle solutions, creating customer loyalty through personalized experiences, our Neighbor's Club loyalty program, and providing convenience that our customers expect anytime, anywhere, and in any way they choose.

In 2024, we maintained our momentum across the business and delivered strong returns to our stockholders. We achieved record sales of \$14.9 billion – making more than 30 consecutive years of revenue growth – and generated over \$1 billion in earnings for the third consecutive year. We also executed a 5-for-1 stock split to make our stock more accessible for all of our team members. This success is fueled by our consistent focus on executing strategic initiatives such as our Fusion and Garden Center transformation, opening 80 new Tractor Supply stores, growing our Neighbor's Club Loyalty program and investments in our OneTractor omnichannel capabilities. This year, we introduced our Life Out Here 2030 Strategy, which continues the momentum of our current initiatives and adds new strategic priorities across Store Localization, Direct Sales, Pet and Animal Rx, Final Mile Delivery, Retail Media, and Exclusive Brands. We acquired Allivet, a leading online pet pharmacy, to continue to offer our Neighbor's Club members best-in-class offerings for all of their needs. These investments for long-term growth led to our Total Addressable Market expanding by \$30 billion to \$225 billion.

To foster continued success, we invested in our approximately 26,000 full-time and 26,000 part-time team members, across our Tractor Supply Company and Petsense by Tractor Supply brands, who fulfill our promise to be the most dependable supplier of Out Here Lifestyle solutions – earning recognition for the 5<sup>th</sup> year in a row as a Great Place to Work. Likewise, we gave back to the communities we call home – across our stores, distribution centers, and Store Support Center – donating more than \$16 million to community organizations through direct and facilitated giving, product donations, and contributions through the Tractor Supply Foundation.

In 2024, we strengthened our foundation with key investments for long-term growth. We look forward to continuing to provide our customers with the same legendary service and great products at everyday low prices they expect from Tractor Supply Company.

### Sustainability

Tractor Supply believes that a healthy environment, properly managed resources and vibrant communities contribute to a secure and prosperous future. Our commitment to stewardship is evidenced by the following highlights:

Carefully exploring setting a science-based target through the Science-Based Target initiative (SBTi). We have until the fall of 2025 to submit our proposed targets for validation, and we are using the time to define our targets, develop decarbonization roadmaps and create financial models to assess the effort needed to achieve these SBTs.

In partnership with Ducks Unlimited and Trout Unlimited, we made progress against our water goal to conserve 25 million gallons by 2025. Over the past two and a half years, we have planted approximately 84,000 trees, restored nearly 60,000 acres of wetlands and surrounding habitat, and conserved more than 12 million gallons of water through these partnerships. This happened with the engagement of over 4,000 volunteers from local communities and the Tractor Supply team.

For the 6<sup>th</sup> year in a row, we were named 2024 SmartWay High Performer by the U.S. Environmental Protection Agency (EPA)—recognizing our commitment to reducing the impact on the environment of our supply chain while increasing its efficiency.

5<sup>th</sup> consecutive year Great Place to Work Certified.

Released 5<sup>th</sup> consecutive Task Force on Climate-Related Financial Disclosures (TCFD) Report.

Constructed three major facilities that were awarded LEED® Silver Certification and built distribution centers in Navarre, Ohio and Maumelle, Arkansas to LEED® Gold-level standards. We are proud to say the Navarre, Ohio Distribution Center has received its LEED® Gold-level certification from the U.S. Green Building Council, and the Maumelle Arkansas LEED® Gold-level certification is expected in 2025.

### Compensation

Our executive compensation program is designed to support our business strategy and attract, retain, and motivate the performance and continuity of the leadership team, with the ultimate goal of generating strong operating results and delivering solid, sustainable returns to our stockholders. The Compensation and Human Capital Committee seeks to foster these objectives through a compensation program that focuses heavily on variable, performance-based incentives designed to create a balanced focus on our short-term and long-term strategic and financial goals. As shown in the chart, in 2024, approximately 89% of the targeted compensation of our Chief Executive Officer was variable and is realized only if the applicable financial performance goals are met and/or our stock price increases.

**Key Features of Our Executive Compensation**

We currently maintain the following executive compensation practices that we believe enhance our *pay-for-performance* philosophy and further align our executives' interests with those of our stockholders:

We DO Have This Practice	We DO NOT Have This Practice
✓ Incentive award metrics that are objective and tied to Company performance	× Repricing of options without stockholder approval
✓ PSUs with vesting subject to the achievement of key performance metrics and a relative TSR modifier	× Hedging transactions or short sales by executive officers or directors
✓ Robust stock ownership guidelines and minimum holding requirements	× Tax gross-ups for Named Executive Officers
✓ Compensation recoupment "claw-back" policy	× Excessive perquisites
✓ Limited perquisites	× Excise tax gross-ups upon change in control
✓ Robust anti-hedging and anti-pledging policy	× Payout of dividends or dividend equivalents on unearned or unvested equity
✓ Minimum vesting requirements in equity plan for equity awards to promote retention and long-term stockholder alignment	× Pension or defined benefit supplemental executive retirement plan (SERP)
✓ A significant portion of executive compensation is tied to stockholder return in the form of at-risk compensation	× High percentage of fixed compensation
✓ Annual "say-on-pay" advisory votes	× Single trigger change in control provision for severance and acceleration of equity awards
✓ Annual executive compensation risk assessment by third party	× Liberal change in control definition in equity award or change in control agreements
✓ Market comparison of executive compensation against a relevant peer group

If you are submitting a proxy card by mail with regard to these shares, your proxy card must be received before May 12, 2025.

If you hold your shares in street name through a broker, rather than directly in your own name, please follow the voting instructions provided to you by such broker.

We encourage you to vote promptly. You may also vote electronically at the virtual Annual Meeting via the live webcast. If you attend the Annual Meeting and have voted previously, you do not need to vote again unless you would like to change your vote.

**How do I vote at the Annual Meeting?**

If you are a registered stockholder as of the record date, you may vote your shares at the virtual Annual Meeting using electronic voting options included as part of the live webcast. Registered stockholders may vote online during the Annual Meeting by visiting [meetnow.global/MUSZYW](https://meetnow.global/MUSZYW), entering the 15-digit control number found in your Notice and following the on-screen instructions. To vote virtually at the Annual Meeting, beneficial owners (holding their shares in street name) will need to contact the broker that holds their shares to obtain a "legal proxy" and register in advance to attend the meeting as described above under "How can I attend the Annual Meeting?"

**What vote is required to pass an item of business?**

The holders of the majority of the issued and outstanding shares of Common Stock must be present in attendance, virtually, at the Annual Meeting or represented by proxy for a quorum to be present at the Annual Meeting.

A nominee will be elected to the Board at the Annual Meeting (Proposal 1) if he or she receives the affirmative vote of a majority of the votes cast by the shares present at the Annual Meeting and represented by proxy at the Annual Meeting and entitled to vote. Pursuant to the Company's Director Resignation Policy, each director nominee has submitted a conditional resignation to the Company which will be effective upon the director's failure to receive the required majority vote at the Annual Meeting. The Board will then consider the resignation and make a decision whether to accept or reject such resignation within 60 days of its receipt. See additional information regarding this policy and related process as further described under the heading "Director Resignation Policy" within "Item 1—Election of Directors".

Each of the proposals with respect to the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm (Proposal 2) and the approval, on a non-binding advisory basis, of the executive compensation of our named executive officers (Proposal 3) will be approved if such proposal receives the affirmative vote of a majority of the shares present, either in attendance virtually or by proxy, at the Annual Meeting and entitled to vote. The approval of the amendment to the Company's Restated Certificate of Incorporation to provide for the exculpation of officers as permitted by Delaware law and to make certain conforming changes (Proposal 4) will be approved if such proposal receives the affirmative vote of a majority of the outstanding Common Stock entitled to vote.

**How will my shares be voted?**

Your shares will be voted in accordance with the selections submitted with your proxy. If you submit a valid proxy but do not indicate voting selections, the persons named as your proxies will vote your shares (i) FOR all nominees for director, (ii) FOR the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm, (iii) FOR the approval, on a non-binding advisory basis, of the executive compensation of our named executive officers, and (iv) FOR the approval of the amendment to the Company's Restated Certificate of Incorporation to provide for the exculpation of officers as permitted by Delaware law and to make certain conforming changes. If any other matters are properly submitted for consideration at the Annual Meeting, the persons named as proxies will vote the shares represented thereby in their discretion.

**How are abstentions and broker non-votes treated?**

If you submit your proxy or attend the Annual Meeting virtually, but choose to abstain from voting on any proposal, you will be considered present at the Annual Meeting and not voting in favor of any proposal. The proposal to be voted on with respect to the election of directors (Proposal 1) requires the favorable vote from a majority of the votes cast by the shares present and entitled to vote at the Annual Meeting; accordingly, abstentions will have no impact on the outcome of the election of directors because they are not considered votes cast. Proposals 2 and 3 will pass only if it receives a favorable vote from a majority of shares present and entitled to vote at the Annual Meeting; accordingly, abstaining on these proposals will have the same effect as if you had voted against the proposals. Proposal 4 will pass only if it receives a favorable vote from a majority of the outstanding Common Stock entitled to vote thereon; accordingly, abstaining on this proposal will have the same effect as if you had voted against the proposal.

Brokers may exercise their voting discretion without receiving instructions from the beneficial owner of shares on proposals that are deemed to be "routine" matters. The only routine matter to be presented at the Annual Meeting is Proposal 2, the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm. If a proposal is not a routine matter, the broker may not vote the shares with respect to the proposal without receiving instructions from the beneficial owner of the shares. If a broker turns in a proxy card expressly stating that the broker is not voting on a non-routine matter, such action is referred to as a "broker non-vote." Broker non-votes will not impact the voting outcome of Proposals 1 or 3. Broker non-votes will have the same effect as a vote against Proposal 4.

***Who counts the votes?***

The Company has asked Computershare to serve as the inspector of elections. Computershare will be responsible for determining whether or not a quorum is present and tabulating votes cast by proxy or present virtually at the Annual Meeting.

***Can I revoke my proxy?***

Yes. You can revoke your proxy by:

- Submitting written notice of revocation to our Corporate Secretary which is received prior to the Annual Meeting;
- Submitting a proxy (by phone, Internet or mail) bearing a later date; or
- Voting at the Annual Meeting using the electronic voting options during the live webcast.

***Where can I find voting results of the Annual Meeting?***

We will publish final detailed voting results in a Form 8-K filed with the SEC at [www.sec.gov](http://www.sec.gov) within four business days following the Annual Meeting.

***Who will bear the cost for soliciting votes at the Annual Meeting?***

We will bear all expenses in conjunction with the Company's solicitation of proxies, including the charges of brokerage houses, and other custodians, nominees or fiduciaries for forwarding documents to security owners.

The Company has retained Innisfree M&A, Inc. ("Innisfree") to assist in the solicitation of proxies from brokerage firms, fiduciaries, custodians, and other similar organizations representing beneficial owners of shares for the Annual Meeting. We have agreed to pay Innisfree a fee of approximately \$25,000 plus out-of-pocket expenses. In addition to solicitations by mail, the proxy solicitor and the Company's directors, officers, and team members, without additional compensation, may solicit proxies on the Company's behalf in person, by phone, or by electronic communication.

***Whom should I call with other questions?***

If you have additional questions about this proxy statement or the Annual Meeting, please contact: Tractor Supply Company, 5401 Virginia Way, Brentwood, Tennessee 37027, Attention: Investor Relations Dept., Telephone: (615) 440-4000.

#### Item 1 – Election of Directors

Our directors are elected at each annual meeting for a term to hold office until the next annual meeting. Our Board currently includes nine directors.

Our Board nominees bring a variety of unique skills, qualifications, backgrounds, and experiences that contribute to a well-balanced Board that we believe is uniquely positioned to effectively guide our strategy and oversee our operations in the rapidly changing retail industry.

At Tractor Supply, we believe that an effective Board should be made up of individuals who collectively provide an appropriate balance of leadership and strategic skills, diverse perspectives, and professional experiences that are relevant to our business and strategic goals. The Board, upon recommendation of its Corporate Governance and Nominating Committee ("Corporate Governance Committee"), selects potential candidates on the basis of their broad experience, outstanding achievement in their professional careers, wisdom, integrity, alignment with our values, understanding of the business environment, and thorough appreciation for strong ethics and appropriate corporate governance. In addition, the Board takes into account their willingness to devote adequate time to Board duties and such other experience, attributes, and skills that the Board deems essential for directors. From time to time, the Corporate Governance Committee engages executive search firms to assist in identifying individuals qualified to be Board members.

The Board believes that it is important that directors represent diverse viewpoints and individual perspectives. In considering candidates, the Board considers the entirety of each candidate's credentials in the context of these standards.

The Board also considers whether a potential candidate satisfies the independence and other requirements for service on the Board and its committees, as required by the listing standards of the Nasdaq Global Select Market ("Nasdaq") and the SEC.

Stockholders may submit director candidates for consideration by writing to the Corporate Secretary of the Company. The Corporate Governance Committee will consider director candidates recommended by stockholders pursuant to the same process it applies to candidates recommended from other sources. Stockholders must provide the recommended candidate's name, biographical data, qualifications, and other information required by our Amended and Restated Bylaws (the "Bylaws") with respect to director nominations by stockholders. In addition to recommending director candidates, stockholders may also, pursuant to procedures established in the Bylaws, directly nominate one or more director candidates to stand for election at an annual or special meeting of stockholders. For more information, please refer to the section entitled "Stockholder Proposals and Nominations."

## Compensation of Directors

The Compensation and Human Capital Committee has the responsibility to review compensation for the Company's directors periodically and recommend changes, as appropriate, to the full Board. For the 2024-2025 term, the Board approved the following retainer fees for non-employee directors. The Compensation and Human Capital Committee determined to increase the annual cash retainer for non-employee directors from \$85,000 to \$95,000 and the annual cash retainer for the independent chair from \$175,000 to \$195,000. The Compensation and Human Capital Committee also increased the grant date fair value of the annual equity retainer for non-employee directors, as described below. The Compensation and Human Capital Committee approved these changes in order to more closely align with the median non-employee director compensation at our compensation peer group, as described in the Compensation Discussion and Analysis.

Independent Chair <sup>(1)</sup>	\$ 195,000
Board Retainer	95,000
Audit Committee Chair <sup>(2)</sup>	20,000
Audit Committee Member	17,000
Compensation and Human Capital Committee Chair <sup>(2)</sup>	15,000
Compensation and Human Capital Committee Member	10,000
Corporate Governance and Nominating Committee Chair <sup>(2)</sup>	10,000
Corporate Governance and Nominating Committee Member	10,000

<sup>(1)</sup> The Independent Chair is entitled to a flat retainer and does not receive additional Board or Committee Member retainer fees.

<sup>(2)</sup> Committee Chair positions are entitled to both the Committee Chair retainer fee and the Committee Member retainer fee.

The annual retainers are due and paid quarterly in cash. The Company maintains the Tractor Supply Company Directors Stock Election Plan, which allows non-employee directors of the Company to elect to have fifty percent or all of the cash compensation otherwise payable by the Company to such non-employee directors to be paid in the form of shares of the Company's Common Stock in lieu of cash, in accordance with the 2018 Omnibus Incentive Plan (the "2018 Plan"). Additionally, the Tractor Supply Company Directors Stock Election Plan allows for non-employee directors who elect to receive Common Stock in lieu of cash to irrevocably elect to defer the payment of the Common Stock to either (i) the date of the non-employee director's termination of service from the Board; or (ii) a date specified by the non-employee director.

Each of the non-employee directors also receives a grant of restricted stock units ("RSUs") pursuant to the 2018 Plan annually upon election or re-election. Directors who are also employees of the Company, like Mr. Lawton, receive no additional compensation for serving on the Board or any committee thereof. In 2024, grants of RSUs valued on the date of grant at approximately \$165,000 (increased from \$155,000 in 2023) were made to non-employee directors other than the independent chair, and the independent chair was granted RSUs valued on the grant date at approximately \$265,000 (increased from \$225,000 in 2023). All RSU awards granted to non-employee directors are made at the commencement of the new director term and vest on the one-year anniversary of the grant date. Settlement of RSUs may be irrevocably deferred until the end of such director's service on the Board or such other date as the director elects. In addition, our non-employee directors are subject to stock ownership guidelines, as further described in "Corporate Governance—Director Stock Ownership Guidelines."

The Company also reimburses all directors for out-of-pocket expenses incurred in connection with their attendance at Board and committee meetings.

The following table provides compensation information for the fiscal year ended December 28, 2024, for each individual who served as a member of our Board during such period, other than Mr. Lawton, whose compensation is reflected in the "2024 Summary Compensation Table."

Name	Fees Earned or Paid in Cash	Stock Awards (1)(2)	All Other Compensation	Total
Joy Brown	\$ 117,000	\$ 164,742	\$ —	\$281,742
Rick Cardenas	\$ 137,000	\$ 164,742	\$ —	\$301,742
Meg Ham (3)	\$ 95,000	\$ 164,742	\$ —	\$259,742
André Hawaux	\$ 117,000	\$ 164,742	\$ —	\$281,742
Denise L. Jackson	\$ 120,000	\$ 164,742	\$ —	\$284,742
Ramkumar Krishnan (2)	\$ 100,000	\$ 164,742	\$ —	\$264,742
Edna K. Morris	\$ 185,000	\$ 264,916	\$ —	\$449,916
Mark J. Weikel	\$ 132,000	\$ 164,742	\$ —	\$296,742

(1) Each of our non-employee directors received an annual award of RSUs. This column reflects the aggregate grant date fair value of those RSU awards. For each non-employee director, the number of RSUs granted was determined by dividing the fair market value of the award by \$54.03, the closing price of the Company's Common Stock on May 7, 2024, the date preceding the grant date, discounted for the expected dividend yield and adjusted to reflect the stock split of the Company's Common Stock that occurred on December 20, 2024. Such awards vest on the one-year anniversary of the grant date, with the related expense recognized ratably over the vesting period.

(2) The aggregate number of underlying shares for stock awards outstanding at fiscal year-end for each non-employee director is set forth in the table below. Directors receive fractional shares upon settlement; however, for purposes of this table, share numbers have been rounded down to the nearest whole share and reflect the stock split of the Company's Common Stock that occurred on December 20, 2024.

Name	Number of Vested Deferred RSU Awards	Number of Unvested RSU Awards
Joy Brown	7,245	3,100
Rick Cardenas	11,507	3,100
Meg Ham	1,837	3,100
André Hawaux	—	3,100

Ramkumar Krishnan	31,798	3,100
Edna K. Morris	24,990	4,985
Mark J. Weikel	—	3,100

(3) Ms. Ham and Mr. Krishnan elected to receive shares of the Company's Common Stock with a value of \$95,000 and \$100,000, respectively, in lieu of an equivalent amount of their annual cash retainers.

## Corporate Governance

### General

We believe that good corporate governance is important to ensure that the Company is managed for the long-term benefit of its stockholders. During the past year, we have continued to review our corporate governance policies and practices and compared them to those suggested by various authorities in corporate governance and the practices of other public companies. We also consider the rules of the SEC and the listing standards of Nasdaq.

Our Board has adopted Corporate Governance Guidelines, which outline the composition, operations, and responsibilities of the Board. Our Board also conducts an annual review of its charters for the Company's Audit Committee, Compensation and Human Capital Committee, and Corporate Governance Committee. You may access our Corporate Governance Guidelines and current committee charters under the "Governance" tab of the Investor Relations section of our website at <https://www.TractorSupply.com>.

### Corporate Governance Practices

Our corporate governance practices are highlighted below.

- We believe in Board refreshment:
  - Annual election of directors
  - Majority voting standard for uncontested director elections with resignation policy.
  - Mandatory retirement of directors at age 75.
- We believe in Board independence:
  - The Board has an Independent Chair.
  - 8 of 9 director nominees are independent.
- We proactively engage with significant stockholders.
- We conduct oversight of stewardship and human capital activities:
  - Robust Board oversight of risk and strategy, including risks related to corporate social responsibility.
- We value Board composition that includes a broad spectrum of experience, viewpoints, and skillsets.
  - Broad skills and experience
  - Direct industry experience and skills relevant to the Company's strategy
- We conduct a robust annual performance review process for the Board and its committees, as well as individual directors.
- Our stockholders may call special meetings.
- Our stockholders have proxy access rights.
- We make comprehensive disclosures regarding our corporate governance and Board practices.

### Director Independence and Board Operations

Our Corporate Governance Guidelines require that a majority of our Board consists of independent directors within the meaning of the listing standards of Nasdaq. The Board has determined that each of the following directors (each of our directors other than our CEO) is an "independent director" within the meaning of the listing standards of Nasdaq:

Joy Brown	André Hawaux	Edna K. Morris
Rick Cardenas	Denise L. Jackson	Mark J. Weikel
Meg Ham	Ramkumar Krishnan	

### **Board Leadership**

Edna K. Morris has served as the Chair of the Board since 2023. The Board determined it was in the best interest of the Company to appoint Ms. Morris, an independent director, as Chair due to her C-suite leadership experience, governance experience, and expertise in human capital and executive compensation.

The Board continues the Company's practice of separating the CEO and Chair roles and believes that this structure serves the Company well by allowing the CEO to focus more intensely on the operations and strategy of the Company with increased independent oversight from the Board.

Our Chair, in consultation with the Chief Executive Officer and each of the committee chairs, proposes the agenda for the Board meetings. Directors receive the agenda and supporting information in advance of the meetings. Directors may raise other matters to be included in the agenda or at the meetings. Our Chief Executive Officer and other members of executive management make presentations on a variety of operational and strategic topics to the Board at the meetings, and a substantial portion of the meeting time is devoted to the Board's discussion of these presentations. Executive sessions for independent directors are scheduled at each regularly scheduled Board meeting.

Directors have regular access to executive management. They may also seek independent, outside advice and shall have authority to appropriate funds to retain such advisors as the Board and any of its committees may deem appropriate. The Board also provides an orientation program for new directors and education opportunities for continuing directors.

### **Board Meetings and Committees**

The Board held four regular quarterly meetings and three additional meetings during 2024. A majority of the total number of directors constitutes a quorum for the transaction of business at a meeting. During fiscal 2024, each incumbent director attended at least 91% of the aggregate of (i) the total number of Board meetings (held during the period for which he or she has been a director) and (ii) the total number of meetings held by all Board committees on which he or she served (during the period that he or she served).

<sup>(C)</sup> Committee chair

The Board has determined that each member of the Company's Audit Committee, Compensation and Human Capital Committee and Corporate Governance Committee is an independent director within the meaning of the listing standards of Nasdaq. In addition, the Board has determined that Mr. Cardenas, the Chair of the Audit Committee, Mr. Hawaux, and Mr. Weikel are qualified as audit committee financial experts within the meaning of SEC regulations and the listing standards of Nasdaq.

### **Board, Committee and Individual Director Assessment Process**

The Corporate Governance Committee has the responsibility for administering an annual performance review process for the Board. The Corporate Governance Committee has established a rigorous and thorough annual assessment process that includes the completion of written assessments and one-on-one interviews of all directors by the Chair of the Board. In addition, each committee conducts a self-assessment on an annual basis by having committee members complete a written assessment of the committee's performance.

### **Director Candidates**

The Corporate Governance Committee, which is comprised solely of independent directors, considers candidates for Board membership suggested by its members and other Board members, as well as management and stockholders. The Corporate Governance Committee may also utilize director search firms to identify potential director candidates. A stockholder who wishes to recommend a prospective nominee for the Board should notify our Corporate Secretary in writing with the supporting materials required pursuant to the provisions of our Bylaws relating to stockholder proposals as described in "Stockholder Nominations of Candidates for Board Membership," below.

Once the Corporate Governance Committee has identified a prospective nominee, an initial determination is made as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Corporate Governance Committee with the recommendation of the prospective candidate, as well as the Corporate Governance Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. The Corporate Governance Committee then evaluates the prospective nominee against the standards and qualifications set out in our Corporate Governance Guidelines, including:

- Personal characteristics:
  - highest personal and professional ethics, integrity, and values that align with our company;
  - an inquiring and independent mind; and
  - practical wisdom and mature judgment.
- Expertise that is useful to the Company and complementary to the background and experience of other Board members, so that an optimum balance of members on the Board can be achieved and maintained.
- Broad training and experience at the policy-making level in business, government, education, or technology.
- Willingness to devote the required amount of time to carrying out the duties and responsibilities of Board membership.
- Commitment to serve on the Board over a period of several years to develop knowledge about our principal operations.
- Willingness to represent the best interests of all stockholders and objectively appraise management performance.
- Involvement only in activities or interests that do not create a conflict with the director's responsibilities to the Company and its stockholders.

The Board and the Corporate Governance Committee believe that it is important that the Board members represent diverse viewpoints, perspectives, and skill sets. In considering candidates for the Board, the Corporate Governance Committee considers the entirety of each candidate's credentials in the context of these standards. The Corporate Governance Committee implements these criteria by considering the information about the nominee provided by the proponent, the nominee, third parties, and other sources. With respect to the nomination of continuing directors for re-election, the individual's contributions to the Board are also considered. In addition, as part of an annual performance evaluation of its members and nominees, the Board considers the current composition of the Board, the balance of management and independent directors, the need for specialized expertise, board leadership experience, and the evaluations of other prospective nominees. In connection with this evaluation, the Corporate Governance Committee determines whether to interview the prospective nominee, and if warranted, prospective nominees are interviewed by members of the Corporate Governance Committee and other members of the Board. All members of the Board are given the opportunity to interview prospective nominees. After completing this evaluation and interview, the Corporate Governance Committee makes a recommendation to the full Board regarding the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Corporate Governance Committee.

#### **Director Resignation Policy**

The Company has adopted a director resignation policy which provides that each director shall submit a conditional offer of resignation effective if, in an uncontested election, a director fails to receive a majority of shares voting in the election of directors. Should that occur, the Corporate Governance Committee, or in certain circumstances the Board or a special committee thereof, will consider the resignation and will recommend to the Board whether to accept or reject the tendered resignation, considering factors deemed relevant by the Corporate Governance Committee including the reasons why stockholders withheld votes for election of the director, the qualifications of the director, and his or her contributions to the Company. The Board will then consider the Corporate Governance Committee's recommendation and all factors it deems relevant and make a decision whether to accept or reject such resignation effective within 60 days following receipt of the Corporate Governance Committee's recommendation. The Company will disclose the Board's decision in a Current Report on Form 8-K filed with the SEC within 90 days following certification of the stockholder vote.

#### **Changed Circumstances**

In 2024, the Company revised its Corporate Governance Guidelines to require directors to notify the Corporate Governance Committee in the event that they (a) resign or materially change their position with their employer, (b) experience a material change in their professional responsibilities, or (c) become aware of circumstances that may adversely reflect upon them or the Company. After considering such changed circumstances, the Corporate Governance Committee may request that the director submit a resignation from the Board.

#### **Service on Other Boards**

The Board and the Corporate Governance Committee regularly consider and evaluate how best to ensure the Board and its directors are well-positioned and equipped to devote the appropriate time and focus in fulfilling their duties to the Company. In this regard, the Board and Corporate Governance Committee have adopted voluntary mechanisms to ensure review and evaluation of directors' time commitments associated with service on other boards.

One such mechanism is a provision in our Corporate Governance Guidelines regarding service on other public company boards. In this regard, subject to such exceptions as the Corporate Governance Committee may determine on a case-by-case basis, our Corporate Governance Guidelines generally limit directors who are executive officers of the Company or of another public company to serving on no more than two total public company boards, including the Company's Board, and outside directors to serving on no more than four total public company boards, including the Company's Board. In addition, an outside director who is a member of the Company's Audit Committee may not serve on more than three total public company audit committees.

Absent an exception being granted, if a director serves on a number of boards that falls outside these limitations, such director has 60 calendar days to comply with the limitations and, if not in compliance within such time, must immediately tender his or her offer of resignation to the Board for consideration. The Corporate Governance Committee will make a recommendation to the Board on whether to accept or reject such director's tendered offer of resignation, taking into consideration the time commitments related to the director's other boards, the expected time commitment to the Company, and other relevant factors.

#### **Risk Oversight and Management**

The Board is actively engaged in overseeing the Company's risk management process, which is designed to identify and assess strategic, financial, and operational risks with the potential to have sustained impact on the Company. The Board exercises its

oversight, both as a whole Board and through its standing committees. The Board, Board committees, and management coordinate the risk oversight role in a manner that serves the long-term strategic interests of our Company and stockholders through periodic reporting and open lines of communication. Additionally, the Board reviews the Company's long-term strategic initiatives and operating risks as a part of its regular discussion of the Company's strategy and operating results.

The standing committees of the Board perform separate functions to support the overall risk oversight and assessment process of the Company. The Audit Committee focuses on financial and enterprise risk exposures, including internal controls and cybersecurity, and discusses with management, the internal auditors and the independent registered public accounting firm, the Company's policies with respect to risk assessment and risk management, including the risk of fraud. The Audit Committee also assists the Board in fulfilling its duties and oversight responsibilities relating to the Company's Code of Ethics, which applies to our executive officers and directors, as applicable. The Corporate Governance Committee oversees risks and mitigation activities related to its area of responsibility, including director elections and corporate governance practices, corporate social responsibility, including sustainability, stewardship, and social issues, and compliance and ethics programs, including compliance with legal and regulatory requirements. The Compensation and Human Capital Committee oversees executive compensation programs and policies, including the design, performance metrics and ranges in incentive plans, and performs an annual risk assessment of existing compensation policies and programs. The Compensation and Human Capital Committee is also responsible for talent development, succession planning, and oversight of initiatives related to human capital management and the Company's Respectful Workplace Initiatives.

Company management is charged with adequately identifying material risks that the Company faces in a timely manner; implementing management strategies that are responsive to the Company's risk profile and specific material risk exposures; evaluating risk and risk management with respect to business decision-making throughout the Company; and efficiently and promptly transmitting relevant risk-related information to the Board or appropriate committee, so as to enable them to conduct appropriate risk management oversight.

#### **Compensation Risk Assessment**

In November 2024, the Company completed an assessment of its compensation policies, programs, and practices and the Compensation and Human Capital Committee's independent consultant completed an assessment of the executive compensation program to determine whether there were any risks related to the design or operation of these plans and programs that were reasonably likely to have a material adverse effect on the Company. The Compensation and Human Capital Committee reviewed and discussed these assessments and concluded that the Company's compensation practices and programs do not encourage excessive risk taking, and are not reasonably likely to have a material adverse effect on the Company. In reaching this conclusion, the following mitigating factors were also identified and considered:

- Oversight by an independent and active compensation committee operating under a clearly defined charter with a detailed annual calendar and meeting schedule;
- Robust analytics to support compensation decisions (including market pay data, relative performance comparisons, executive compensation tally sheets, etc.);
- Target pay mix consistent with industry peers and that appropriately balances fixed vs. variable, short-term vs. long-term, and cash vs. equity-based compensation;
- Appropriate caps on long-term and short-term cash incentives;
- Balanced equity grants that include stock options, RSUs, and PSUs;
- Multi-year vesting on stock-based compensation awards;
- Minimum stock ownership requirements and mandatory holding periods for executives; and
- Executive compensation recoupment clawback policy.

#### **Cybersecurity and Data Privacy**

Cybersecurity is among the most critical risks to the Company. For many activities important to its business, the Company depends on the confidentiality, integrity, and availability of information systems and data, some of which are provided or managed by third parties.

The Company's Information Security and Privacy teams reduce first and third-party risk by maintaining a proactive security posture aligned with current threats, detecting cybersecurity events and responding quickly, and building procedures to rapidly recover. These

teams are managed by the Vice President, Information Security and Privacy, who reports to the Executive Vice President, Chief Technology, Digital Commerce, and Strategy Officer. The Company's cybersecurity leaders have more than 30 years of relevant experience and multiple professional certifications. The Company is not aware of any material information security breaches of customer personally identifiable information in the past three years.

On behalf of the Board, the Audit Committee provides oversight of the Company's management of cybersecurity risk. The Audit Committee regularly reviews the Company's cybersecurity risks, incidents, audits, assessments, crisis readiness, awareness activities, and compliance with cybersecurity and privacy laws and regulations. The Company's Vice President, Information Security and Privacy briefs the Audit Committee quarterly, and more often, if necessary, on active and emerging cybersecurity threats and efforts to strengthen the Company's defenses against these threats.

For more information regarding the Company's cybersecurity and data privacy programs, please refer to the disclosure under the heading "Cybersecurity" in Part I, Item 1C of the Company's Annual Report on Form 10-K for the fiscal year ended December 28, 2024 and filed with the SEC on February 20, 2025. Such information is incorporated herein by reference.

#### Corporate Responsibility, Stewardship, and Sustainability

Tractor Supply shares the common belief with our customers that we must be good stewards of the land and our natural resources so that future generations can enjoy the same benefits from these resources that we enjoy today. Since launching our Stewardship Program in 2008, we have been focused on becoming more energy efficient, creating less waste, and reducing our overall environmental footprint. Over time, we have broadened our Stewardship Program to focus more holistically on sustainability and the opportunity it presents to build a more resilient future in support of *Life Out Here*. In April 2022, we published our first-ever comprehensive Sustainability Report "Stewards of Life Out Here" highlighting milestones and commitments to lessen our environmental footprint and support our communities. To view this report and more details about our Sustainability Program, please visit <https://corporate.tractorsupply.com/Stewardship-Home/>. The information provided on our website is not part of this proxy statement and is not intended to be incorporated by reference herein. Key highlights from the report include:

#### **Environmental**

In the fall of 2021, we announced greenhouse gas (GHG) emissions reduction targets for our operational footprint. In the fourth quarter of 2023, we submitted our letter of commitment to the Science Based Targets initiative (SBTi), outlining our intent to set a science-based target (SBT) for climate goals. While we made the decision to retire our 2021 GHG emissions reduction goals and focus on land and water conservation efforts in mid-2024, we continue to carefully explore setting a science-based target through the SBTi. We have until the fall of 2025 to submit our proposed targets for validation. We will use the time to define our targets, develop decarbonization roadmaps, and create financial models to assess the effort needed to achieve these SBTs. These factors will guide our next steps.

Understanding we have a responsibility to be respectful of the resources we consume, we are focused on making our operations as efficient as possible. We continually look for opportunities to drive efficiency by systematically replacing aging HVAC units, updating old fluorescent lighting with LED lighting, investing renewable energy sources like solar and wind, and strategically purchasing renewable energy credits. To reduce energy consumption from non-renewable sources, we invested capital in 2024 in projects that improve energy-efficiency across our buildings, such as installing renewable energy technologies and purchasing renewable energy. We have installed 5MW solar arrays at our two newest Distribution Centers in Navarre, Ohio and Maumelle, Arkansas. These arrays generate enough power to meet the building's energy needs with surplus energy sent back to the grid. The solar arrays at both distribution centers were commissioned in 2024.

Knowing water is a valuable resource, we announced in April 2022 our commitment to conserve 25 million gallons of water by 2025. This goal will be achieved by implementing water efficiency measures within our operations and through projects with an exciting partnership through the Tractor Supply Company Foundation with Trout Unlimited and Ducks Unlimited. Through that partnership, we made progress against our water goal. Over the past two and a half years, we have planted approximately 84,000 trees, restored nearly

60,000 acres of wetlands and surrounding habitat, and conserved more than 12 million gallons of water through these partnerships. This happened with the engagement of over 4,000 volunteers from local communities and the Tractor Supply team.

We continue to focus on creating less waste and reducing our overall environmental footprint through recycling programs. We are committed to helping our customers live a more sustainable lifestyle, and we have made substantial investments in sustainable products and sourcing and expanded the number of energy efficient and environmentally friendly products that we carry. We have also expanded our recycling programs and provide our customers with the ability to recycle used oil and vehicle batteries.

#### **Social**

We are committed to the Company's Respectful Workplace Initiatives. We have built a dynamic and productive team by purposefully seeking highly qualified candidates with different backgrounds, experience, perspectives, ideas, and skill sets. We promote inclusiveness and a sense of belonging, and offer a welcoming environment to our team members, customers, and communities. We are stronger together, and we believe in the authenticity our team members bring to work every day. By focusing on our team members, we know our customers, communities, and suppliers will be well served.

#### **Governance**

Board-level oversight of the Company's corporate social responsibility programs, including as to material governance, sustainability, stewardship, and social issues, as well as the Company's broader stakeholder engagement programs or initiatives, sits with members of the Corporate Governance Committee of the Board of Directors. The Corporate Governance Committee reviews stockholder feedback and makes recommendations for follow-up by the Company. For example, we adopted an Environmental, Safety & Sustainability Policy that provides a blueprint for our path to a sustainable future, and we adopted a Human Rights Policy to ensure fair labor practices within our supply chain.

#### **Human Capital**

We believe that our team members are the foundation of our business and their hard work, passion, commitment, and experience drive our success. As a result of our commitment to our team members, we have been "Great Place to Work-Certified" for five consecutive years and earned a spot on Computerworld's 2025 Best Places to Work in IT. Below are further descriptions of our Company and our focus on the development and support of our team members.

#### **Management and Team Members**

As of December 28, 2024, we employed approximately 26,000 full-time and 26,000 part-time Tractor Supply and Petsense by Tractor Supply team members and use contractors on an as-needed basis. We typically employ additional part-time team members throughout the year during high sales volume periods. We are not party to any collective bargaining agreements.

Eligible team members participate in one of our various bonus incentive programs, which provide the opportunity to receive additional compensation based upon individual, team, and/or Company performance. In addition to bonus incentive programs, we provide our eligible team members the opportunity to participate in a 401(k) retirement savings plan and an employee stock purchase plan. We offer health insurance for which we share a significant portion of the cost of premiums. We additionally provide our eligible team members with a tuition reimbursement program, paid time off, and a six-week parental leave policy for new parents. Our team members also receive a 15% discount on merchandise purchased from the Company.

We encourage a promote-from-within environment when internal resources permit. We also provide internal leadership development programs designed to prepare our high-potential team members for greater responsibility. Our current team of district managers and store managers has an average tenure of approximately ten and seven years, respectively. We believe internal promotions, coupled with the hiring of individuals with previous retail experience, provide the management structure necessary to support our long-term strategic growth initiatives.

#### **Store Team Member Learning & Development**

We seek to hire store team members who live and appreciate the "Out Here" lifestyle, including recreational farmers, ranchers, homesteaders, animal, and pet owners and all those who enjoy living the rural lifestyle. We endeavor to staff our stores with courteous, highly motivated team members and devote considerable resources to training store team members, often in cooperation with our vendors. Our learning and development programs include:

- A thorough on-boarding process to prepare new team members for their new role;

### **Board Member Attendance at Annual Meeting**

We strongly encourage each member of the Board to attend our Annual Meeting of Stockholders. All of our then-current directors attended the 2024 Annual Meeting.

### **Director Stock Ownership Guidelines**

Each non-employee member of the Board is expected to acquire, within five years of joining the Board, and continue to hold, shares of the Company's Common Stock having an aggregate market value which equals or exceeds a factor of 5x the director's annual cash retainer. Once the target beneficial ownership level is achieved by a director, that director will not be required to acquire any additional shares in the event the stock price decreases, provided the underlying number of shares remain held by the director.

The Compensation and Human Capital Committee evaluates compliance with this policy annually. The Compensation and Human Capital Committee and the Board, in their sole discretion, may waive or extend the time for compliance with this policy. Factors which may be considered include, but are not limited to, non-compliance due to limitations on ability to purchase resulting from blackout periods and the personal financial resources of the director. There is a five-year transition period to allow individuals to become compliant with the policy. All of the Company's directors currently meet this standard or are within the period for initial compliance.

### **Director Retirement Policy**

The Corporate Governance Committee reviews each director's continuation on the Board as his or her term approaches expiration in making its recommendation to the Board concerning his or her nomination for re-election as a director. Pursuant to the Company's director retirement policy, a director may not stand for re-election after his or her 75<sup>th</sup> birthday.

**Item 2 – Ratification of Reappointment of  
Independent Registered Public Accounting Firm**

**General Information**

The Audit Committee has re-appointed Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 27, 2025. Ernst & Young LLP has served as the Company's independent registered public accounting firm since 2001. At the Annual Meeting, the stockholders are being asked to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2025.

Stockholder ratification of the Audit Committee's appointment of Ernst & Young LLP as the Company's independent registered public accounting firm is not required; however, the Board is submitting the appointment of Ernst & Young LLP to the stockholders for ratification. If the stockholders fail to ratify the Audit Committee's re-appointment, the Audit Committee will reconsider whether to retain Ernst & Young LLP as the Company's independent registered public accounting firm. In addition, even if the stockholders ratify the appointment of Ernst & Young LLP, the Audit Committee may, in its discretion, appoint a different independent registered public accounting firm at any time during the year if the Audit Committee determines that a change is in the best interests of the Company.

Representatives of Ernst & Young LLP are expected to attend the Annual Meeting, will have the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from stockholders.

**Fees Paid to Independent Registered Public Accounting Firm**

Fees billed by the Company's independent registered public accounting firm for the last two fiscal years were as follows:

All other fees (2)	2,000	2,000

(1) Amounts reflect fees incurred for research, filing and other permissible tax services.

(2) Amounts reflect license fees for online research tools.

All services were pre-approved by the Audit Committee, which concluded that the provision of such services by Ernst & Young LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

**Pre-Approval Policies and Procedures**

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by the Company's independent registered public accounting firm. These policies provide that we will not engage the Company's independent registered public accounting firm to render any services unless the service is specifically approved in advance by the Audit Committee.

From time to time, the Audit Committee may pre-approve specific types of services that are expected to be provided by the Company's independent registered public accounting firm during the next 12 months. Any such pre-approval is detailed as to the particular services to be provided and is also generally subject to a maximum dollar amount.

The Audit Committee's practice is to consider for approval, at its regularly scheduled quarterly meetings, all audit and non-audit services proposed to be provided by the Company's independent registered public accounting firm. In certain limited situations, the chair of the Audit Committee has been delegated authority to consider and, if appropriate, approve audit and non-audit services or, if in the chair's judgment it is considered appropriate, to call a special meeting of the Audit Committee for that purpose.

**Board Recommendation**

**FOR** The Board unanimously recommends that the stockholders of the Company vote "FOR" the proposal to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2025.

## Report of the Audit Committee

The Company's Audit Committee consists of four directors. The Board has adopted a charter that governs the Audit Committee. The Audit Committee charter can be found in the Investor Relations section of the Company's website at <https://www.TractorSupply.com>. The members of the Audit Committee are Rick Cardenas (Chair), Joy Brown, André Hawaux, and Mark J. Weikel, and each is "independent" as defined by the listing standards of Nasdaq and applicable SEC regulations. In addition, the Board has determined that Messrs. Cardenas, Hawaux, and Weikel are qualified as audit committee financial experts within the meaning of SEC regulations and the listing standards of Nasdaq.

Company management is primarily responsible for the Company's financial statements and financial reporting process, including assessing the effectiveness of the Company's internal control over financial reporting. Ernst & Young LLP, the Company's independent registered public accounting firm, is responsible for planning and carrying out annual audits and quarterly reviews of the Company's financial statements in accordance with standards established by the Public Company Accounting Oversight Board (United States), expressing an opinion on the conformity of the Company's audited financial statements with United States generally accepted accounting principles, and auditing and reporting on the effectiveness of the Company's internal control over financial reporting. The Audit Committee monitors and oversees these processes and is responsible for the appointment, compensation, and oversight of the Company's independent registered public accounting firm. The Company also has an internal audit department that is actively involved in examining and evaluating internal controls and the effectiveness of the Company's budgeting, financial, operational, and information systems activities, and reports functionally to the Chair of the Audit Committee and administratively to the Chief Financial Officer.

To fulfill our responsibilities, we did the following:

- We reviewed and discussed with Company management and the independent registered public accounting firm the Company's consolidated financial statements for the fiscal year ended December 28, 2024 and all interim quarters in fiscal 2024.
- We discussed with our in-house counsel legal matters having an impact on financial statements.
- We reviewed management's representations to us that those consolidated financial statements were prepared in accordance with United States generally accepted accounting principles.
- We met periodically with the Company's Vice President of Internal Audit, with and without management present, to discuss the results of Internal Audit's examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.
- We reviewed and discussed with Company management the Company's risk assessment process, policies, and procedures.
- We discussed with the independent registered public accounting firm the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (United States) and the SEC.
- We received written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board (United States) regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and we have discussed with the Company's independent registered public accounting firm its independence from the Company and its management.
- We considered whether Ernst & Young LLP's provision of non-audit services to the Company is compatible with maintaining its independence from the Company and its management.
- We reviewed and discussed with Company management the annual operating plan, capital budget, and the multi-year strategic plan.
- We monitored and discussed with Company management the Company's cash position, capital structure and strategies, and credit facilities.

The Audit Committee meets with the Company's independent registered public accounting firm, with and without management present, to discuss the results of the audit of the financial statements, the audit of the effectiveness of the Company's internal control over financial reporting, management's progress in assessing the effectiveness of the Company's internal control over financial reporting as required by Section 404 of the Sarbanes-Oxley Act of 2002 and the overall quality of the Company's financial reporting.

Based on the discussions we had with management and the independent registered public accounting firm, the independent registered public accounting firm's disclosures and letter to us, the representations of management to us, the report of the independent registered public accounting firm and our review of the Company's audited consolidated financial statements for fiscal 2024, we recommended to the Board that such audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 28, 2024 for filing with the SEC.

**Item 3 – Non-Binding, Advisory Vote on Approval of Executive Compensation**

**Background of the Proposal**

As required by Section 14A of the Exchange Act, the Company is holding a separate non-binding, advisory stockholder vote to approve the compensation of executive officers as described in the "Compensation Discussion and Analysis," the executive compensation tables, and any related information in the Company's proxy statement (commonly known as a "Say on Pay" proposal).

**Executive Compensation**

As discussed in the "Compensation Discussion and Analysis" section of this proxy statement, the Board believes that our current executive compensation programs directly link executive compensation to our financial performance and strategic initiatives and align the interests of our executive officers with those of our stockholders. Our Board also believes that our executive compensation programs provide our executive officers with a balanced compensation package that includes a reasonable base salary along with annual and long-term incentive compensation programs that are based on the Company's financial performance and the performance of the Company's stock price. These incentive programs are designed to reward our executive officers on both an annual and long-term basis if they attain specified target goals, without unreasonable risk taking.

The "Compensation Discussion and Analysis" section includes additional details about our executive compensation programs. In light of this discussion, the Company believes that its compensation of the Named Executive Officers for fiscal 2024 was appropriate and reasonable and that its compensation programs and practices are sound and in the best interests of the Company and its stockholders. The Say on Pay proposal is set forth in the following resolution:

RESOLVED, that the stockholders of Tractor Supply Company approve, on an advisory basis, the compensation of its Named Executive Officers, as disclosed in the Company's proxy statement for the 2024 Annual Meeting of Stockholders, pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and any related information found in the proxy statement of Tractor Supply Company.

Because your vote on this proposal is advisory, it will not be binding on the Board or the Company. However, the Compensation and Human Capital Committee and the Board will take into account the outcome of the vote when considering future executive compensation arrangements.

**Board Recommendation**

---

**FOR** The Board unanimously recommends that the stockholders of the Company vote "FOR" the approval of executive compensation of our Named Executive Officers, as disclosed in this proxy statement, pursuant to the compensation disclosure rules of the SEC.

## Executive Compensation

### Message From the Compensation and Human Capital Committee

To Our Fellow Stockholders:

We seek to establish a compensation program that supports the Company's business strategy and that aligns with and promotes the growth of long-term stockholder value by attracting, retaining, and motivating executive leadership. We strongly believe in linking pay to performance. All principal components of the executive compensation program other than base salary are at-risk and based upon the achievement of performance goals or the performance of the Company's stock. Performance share units ("PSUs") serve as an important component of the Company's long-term incentive program and are subject to net sales growth and earnings per share growth performance goals and a relative total stockholder return ("TSR") modifier in order to create a direct link between pay and performance. Additionally, in order to further enhance the linkage between pay and performance, we also include performance metrics in our cash incentive plan related to the achievement of net income goals and strategic initiatives.

We conduct a rigorous annual review of the executive compensation program. We generally seek to position the total target compensation of the Company's executives within a competitive range of the market 50th percentile. We engage an independent third-party compensation consultant to review and update the compensation peer group and other market data to evaluate whether it consists of comparable organizations, to compare each of the executive positions to relevant positions in the peer group, and to gather and analyze compensation data from the peer group to provide an analysis of pay trends for the Company's executive officers.

We believe our committee deliberations over the years have been thorough, robust and at times intense, as we consider the business the Company is building for tomorrow, making changes only when we believe it is clear how it will better align with the Company's long-term strategy and meet the objectives outlined above. Our metrics are relatively simple and are embedded and understood in the Company's culture. Most importantly, we believe the compensation program is effective in incentivizing, retaining, and rewarding the people whose job it is to continuously and sustainably create stockholder value.

Sincerely,

Mark J. Weikel, Chairperson

Rick Cardenas  
Denise L. Jackson  
Ramkumar Krishnan

#### Strategy Overview

We believe we can grow our business by being an integral part of our customers' lives as the dependable supplier of "Out Here" lifestyle solutions, creating customer loyalty through personalized experiences, our Neighbor's Club loyalty program, and providing convenience that our customers expect anytime, anywhere, and in any way they choose. Our team members are empowered to do the right thing for each other, our customers, and communities that we serve. We also believe our deep-rooted culture is not just unique; it is the bedrock of our success. Our ability to successfully grow our company to more than 2,500 stores (Tractor Supply and Pelsense by Tractor Supply combined) is a testament to the durability and resiliency of our business model. More than anything, it's about succeeding by doing things and treating people the right way – including the neighbors we serve, the communities we call home, and of course, our invaluable team members.

Our long-term growth strategy is to:

- Expand and deepen our customer base by providing personal, localized, and memorable customer engagements by leveraging content, social media and digital shopping experiences, attracting new customers, and driving loyalty;
- Evolve customer experiences by digitizing our business processes and furthering our omnichannel capabilities;
- Offer relevant assortments and services across all channels through exclusive and national brands and continue to grow our total addressable market by introducing new products and services through our test and learn strategy;
- Drive operational excellence and productivity through continuous improvement, increasing space utilization, and implementing advanced supply chain capabilities to support growth, scale, and agility; and

- Expand through selective acquisitions, as such opportunities arise, to add complementary businesses and to enhance penetration into new and existing markets to supplement organic growth.

Achieving this strategy will require a foundational focus on: (1) connecting, empowering and growing our team to enhance their lives and the communities we call home, enabling them to provide legendary service to our customers; and (2) allocating resources in a disciplined and efficient manner to drive profitable growth and build stockholder value, including leveraging emerging technologies and automation, to align our cost structure to support new business capabilities for margin improvement and cost reductions.

The Company has developed an executive compensation program designed to encourage our executives to execute our growth strategy in line with our Mission and Values and without taking unreasonable risks. We believe our executive compensation program supports and enables the achievement of the goals in our strategic operating plan by holding our leaders accountable for building and maintaining a strong, performance-based culture.

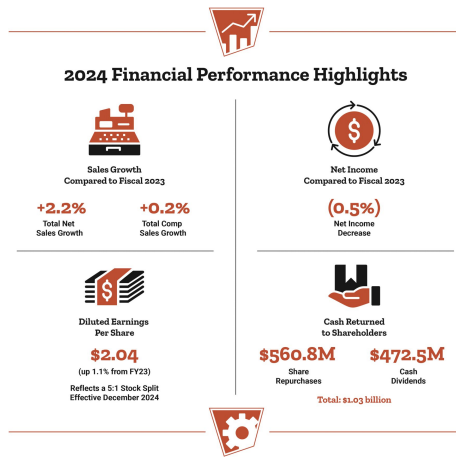

#### Our Executive Compensation Practices

We currently maintain the following executive compensation practices that we believe enhance our *pay-for-performance* philosophy and further align our executives' interests with those of our stockholders:

We DO Have This Practice		We DO NOT Have This Practice
✓ Incentive award metrics that are objective and tied to Company performance	x	Repricing of options without stockholder approval
✓ PSUs with vesting subject to the achievement of key performance metrics and a relative TSR modifier	x	Hedging transactions or short sales by executive officers or directors
✓ Robust stock ownership guidelines and minimum holding requirements	x	Tax gross-ups for Named Executive Officers
✓ Compensation recoupment "claw-back" policy	x	Excise tax gross-ups upon change in control
✓ Limited perquisites	x	Payout of dividends or dividend equivalents on unearned or unvested equity
✓ Robust anti-hedging and anti-pledging policy	x	Pension or defined benefit supplemental executive retirement plan (SERP)
✓ Minimum vesting requirements in equity plan for equity awards to promote retention and long-term stockholder alignment	x	High percentage of fixed compensation
✓ A significant portion of executive compensation is tied to stockholder return in the form of at-risk compensation	x	Single trigger change in control provision for severance and acceleration of equity awards
✓ Annual "say-on-pay" advisory votes	x	Liberal change in control definition in equity award or change in control agreements
✓ Annual executive compensation risk assessment by third party		
✓ Market comparison of executive compensation against a relevant peer group		

**Financial Performance**

We delivered strong financial results again in fiscal 2024, as evidenced by the following highlights:

**Stockholder Engagement and Advisory Vote on Executive Compensation**

At our 2024 Annual Meeting of Stockholders, 93.0% of the shares represented at the meeting voted to approve, on an advisory basis, the compensation of our Named Executive Officers as described in our 2024 proxy statement. The Compensation and Human Capital Committee considered the results of the 2024 say-on-pay vote and concluded that the stockholders support the Company's executive compensation policies and program, which the Compensation and Human Capital Committee believes continue to provide a competitive pay-for-performance package that effectively incentivizes our Named Executive Officers, encourages long-term retention and aligns the interests of our executives with our stockholders. The Compensation and Human Capital Committee also believed that the Company's financial performance in fiscal 2024 reinforces the Compensation and Human Capital Committee's view that our executive compensation program is achieving its objectives. Accordingly, the Compensation and Human Capital Committee did not make any changes to the Company's executive compensation program in response to the fiscal 2024 say-on-pay vote. The Compensation and Human Capital Committee, however, welcomes, and will continue to consider, stockholder views about our compensation principles when determining executive compensation policies and program.

### Total Compensation Program Elements and Targets Overview

Our executive compensation program is built upon our performance-driven culture and long-standing executive compensation philosophies and objectives, as described below under “Our Executive Compensation Philosophy and Framework,” which we believe have been key contributors to our long-term success. Accordingly, our financial results and stock performance are reflected in the compensation earned by our Named Executive Officers in fiscal 2024, which we believe is indicative of the linkage between the Company’s business strategy and pay philosophy – to be a best-in-class performer driven by best-in-class talent that has a vested interest in our collective, sustainable success. We use a mix of base salary, short-term incentives and long-term incentives that are designed to reward outstanding Company and individual performance and the creation of stockholder value.

The following chart highlights the target pay mix for our Chief Executive Officer and the other Named Executive Officers as a group during fiscal 2024:

Form of Compensation	CEO	Other NEOs (Aggregate)	Description
<b>Base Salary</b>	11%	31.2%	Fixed cash compensation that serves as the platform for our pay-for-performance program. Base salary amounts are reviewed annually and adjusted when deemed appropriate, including to reflect material changes to an executive’s role and to maintain market competitiveness.
<b>Cash Incentive Plan (“CIP”)</b>	16%	23.4%	Our CIP is designed to motivate and reward our executives for successfully executing our short-term business plans and thereby achieving superior financial results. CIP compensation consists of a cash bonus tied to the Company’s achievement of target net income and certain strategic initiatives.
<b>Long-Term Incentives</b>	73%	45.4%	Our long-term incentive (“LTI”) compensation program is the largest component of our target pay mix and is designed to motivate and reward executives for successfully executing our long-term business plan and to further align executive and stockholder interests. Grants are awarded in the form of stock options, RSUs, and PSUs. Stock options and RSUs are subject to minimum service-based vesting periods and the vesting of PSUs is subject to the achievement of targets for growth in net sales and earnings per diluted share, subject to adjustment based on our relative TSR performance. The value of all three forms of LTI compensation is based on the market value of our stock and, therefore, links our executive pay to our stock price performance.

We believe the relatively large proportion of LTI compensation opportunities in our target pay mix serves to align our executive compensation program with our focus on long-term stockholder value creation.

### Total Compensation Program Elements

Each of the Company’s fiscal 2024 executive compensation program principal elements is described in further detail below. Please see the section below entitled “Fiscal 2024 Individual Compensation Decisions” for a summary of the compensation awarded and paid to each of the Named Executive Officers.

**Base Salary**

Our base salaries are structured to provide a base-line level of fixed compensation deemed necessary to recruit and retain top talent. Base salaries for fiscal 2024 for our Named Executive Officers were set by our Compensation and Human Capital Committee after reviewing and considering (i) the experience, skills, and performance levels of individual executives, (ii) whether there were any material changes to the individual's role and responsibilities during the year, (iii) each executive's relative pay level against the market, (iv) internal equity among the team and with the entire Company (in terms of salary increase budgets for the Company), and (v) the Chief Executive Officer's recommendations (for positions other than his own). The Named Executive Officers received base salary adjustments for fiscal 2024, ranging from 2.9% to 5.6%, as further described in the "Fiscal 2024 Individual Compensation Decisions" section. In the case of Mr. Lawton, consistent with the Company's compensation philosophy of aligning executive officers' interests with stockholders and to further support the execution of the Company's long-term strategy, the Compensation and Human Capital Committee allocated the majority of Mr. Lawton's total target direct compensation increase to his target equity grant level.

**Cash Incentive Plan (CIP)**

The CIP is our cash-based, annual incentive plan for executive officers and is designed to motivate and reward our executives for successfully executing our short-term business plans and thereby achieving superior financial results. The Compensation and Human Capital Committee will continue to refine the CIP as it deems appropriate to continue to align the incentives of our Named Executive Officers with the Company's strategic priorities and the interests of our stockholders.

**2024 CIP Target Award Opportunities**

In February 2024, the Compensation and Human Capital Committee approved target CIP opportunities for the Named Executive Officers under the 2024 CIP. Each Named Executive Officer's target CIP opportunity is determined after reviewing and considering the individual's role and responsibilities, internal pay equity, and the executive's relative pay level compared to the competitive market. Consistent with the 2023 CIP, the 2024 target CIP opportunities for our Named Executive Officers were 150% of base salary for Mr. Lawton and 75% of base salary for each of the other Named Executive Officers. Named Executive Officers receive 25% of the target opportunity for achieving threshold performance and 200% of the target opportunity for achieving maximum performance or above.

**2024 CIP Performance Goals and Results**

In February 2024, the Compensation and Human Capital Committee approved the Company's 2024 CIP, under which participants were eligible to receive a cash bonus dependent upon the Company's net income for the year in comparison to a net income target set by the Board (75% weighting) and the achievement of certain strategic initiatives described below (25% weighting).

The following table sets forth the target achievement levels and our actual 2024 results with respect to the net income metric. For 2024, to recognize the market volatility and economic uncertainty at the time the CIP targets were set, the Compensation and Human Capital Committee approved a target payout range instead of its prior practice of having one performance goal equating to target payout, and updated the payout range to decrease the performance required to receive the threshold payout under the CIP from 90% of target to 85% of target and to increase the performance required to receive a maximum payout under the CIP from 110% of target to 115% of target. For attainment of a net income amount within the range of each percentage referenced below, the Company interpolates the actual CIP amount payable. The Company's net income target for fiscal 2024 under the CIP ranged from \$1.129 billion to \$1.152 billion, which represented an increase of 2.0% to 4.0% over our fiscal 2023 net income.

Performance Metric	Threshold (25% payout)	Performance Level			Actual Results
		Target Range (100% payout)	Overachieve (150% payout)	Maximum (200% payout)	
Net income (weighted 75% of target) (in thousands)	\$969,000	\$ 1,129,000-\$1,152,000	\$ 1,254,000	\$ 1,311,000	\$ 1,101,240

The Compensation and Human Capital Committee selected net income as the most heavily weighted metric under the 2024 CIP in order to incentivize our Named Executive Officers to continue to focus on our profitability. Under the terms of the CIP, target net income is defined as budgeted net income, which is intended to be a challenging but attainable target if the Company successfully executes on its operating plan for the year. In determining budgeted net income for fiscal 2024, the Board considered a number of factors, including general economic conditions, performance trends in our business, growth rates of comparable retailers and investor expectations.

For fiscal 2024, net income was \$1.1 billion, or \$2.04 per diluted share, compared to \$1.11 billion, or \$2.02 per diluted share, in fiscal 2023 (in each case, adjusted to reflect the stock split of the Company's Common Stock that occurred on December 20, 2024). As a result, the actual net income was 96% of the midpoint of the target net income range of \$1.14 billion. Under the terms of the CIP, the

Compensation and Human Capital Committee may exclude any extraordinary or unusual items when determining whether the net income target is met. However, the Compensation and Human Capital Committee did not make any such adjustments in determining the percentage of the net income target achieved in fiscal 2024. Based on the achievement with respect to the net income performance metric, the Compensation and Human Capital Committee certified a payout equal to 86.4% of each Named Executive Officer's CIP target allocated to net income.

The four strategic initiatives for the fiscal 2024 CIP, which are focused on driving overall business growth, are described in the table below.

Strategic Initiative	Weight	Description	Actual Results (% of Target)	Weighted Payout
Lead with Legendary Service	6.25%	Generate more sales per shopper by improving the frequency and quality of customer interactions, empowering team members through technology and integrating customer service metrics	96.0%	6.0%
Drive Value from Neighbor's Club	6.25%	Increase customer lifetime value through increased transactions with new and existing members	134.7%	8.4%
Accelerate Growth Through Digital Experience	6.25%	Increase omnichannel sales by improving customer experience throughout digital journey	119.2%	7.4%
Scale the Garden Center	6.25%	Grow sales in live goods and related categories to drive higher return on invested capital of Fusion and Garden Center stores	0.0%	0.0%
<b>Total Weighted Strategic Initiatives Payout:</b>				<b>21.8%</b>

The Compensation and Human Capital Committee selected the strategic initiatives described above in order to further enhance the linkage between pay and performance. The strategic initiatives arise from initiatives that the Company has prioritized to help advance its long-term strategy and achieve business objectives in its long-range plan, but that may not be adequately rewarded by the portion of the CIP calculated based on financial performance. Each strategic initiative is informed through a combination of bottom-up analysis of past performance (when available), top-down assessments of the annual progress required to meet the long-range plan objectives for such initiative and competitive research to benchmark the achievability of the initiative. Performance levels of the strategic objectives were designed to be challenging but achievable with strong management performance.

**2024 CIP Payouts**

Under the terms of the CIP, the Compensation and Human Capital Committee has the discretion to withhold all or a portion of the bonuses based upon subjective factors such as individual executive performance, unusual and non-recurring factors, and strategic long-term decisions affecting Company performance during the year. The Compensation and Human Capital Committee did not make any such adjustments to the bonuses for fiscal 2024. The graphic below illustrates the payout calculations under the 2024 CIP for our President and CEO, Mr. Lawton, and the table below sets forth the target and actual payout amounts for each other Named Executive Officer under the 2024 CIP, in each case, based on the results described above:

Executive	Base Salary (\$)	CIP Target (% of Base Salary)	CIP Target (\$)	CIP Payout (\$)(1)
Harry A. Lawton III	1,300,000	150%	1,950,000	1,689,691
Kurt D. Barton	700,000	75%	525,000	454,917
Robert D. Mills	675,000	75%	506,250	438,670
J. Seth Estep	650,000	75%	487,500	422,423
John P. Ordus	650,000	75%	487,500	422,423

The range of possible fiscal year 2024 CIP payments for each Named Executive Officer is shown in the 2024 Grants of Plan-Based Awards Table in the columns titled "Threshold," "Target" and "Maximum" under the heading titled "Estimated Possible Payouts Under Non-Equity Incentive Plan Awards" and the actual amount of CIP payments for each Named Executive Officer is shown in the 2024 Summary Compensation Table in the column titled "Non-Equity Incentive Plan Compensation."

(1) Amounts paid under the CIP are based on the Named Executive Officers' annual base salary in effect on the last day of the Company's fiscal year and the final achievement percentage attained for the applicable performance metrics.

**Long-Term Incentive (LTI) Compensation**

LTI awards are issued under the 2018 Plan. The awards granted under our LTI program serve to balance our short-term incentives by encouraging executives to work toward the creation of stockholder value over the longer term. The program is designed to directly align executive and stockholder interests, promote executive stock ownership, and attract and retain top performers. In determining the size of LTI awards, the Compensation and Human Capital Committee considers, among other things, the impact on the burn rate under the 2018 Plan and the dilution to our stockholders of such awards. The 2018 Plan requires that all awards granted under the plan have a minimum vesting period of at least one year from the grant date, except in limited circumstances. In addition, our executives are required to comply with the Company's stock ownership requirements. See "Stock Ownership Guidelines."

**Fiscal 2024**

For fiscal 2024, the Compensation and Human Capital Committee retained the same overall structure of the fiscal 2023 LTI program, as set forth in the chart below. The balanced structure of the target LTI compensation opportunity ("Target LTI Opportunity"), with half of the LTI Target Opportunity tied to the achievement of pre-established performance goals, is focused on retaining our senior executives and motivating them to create sustainable stockholder value by driving both superior financial results and stock price performance.

**2024 Target LTI Opportunity**

As noted above, consistent with the Company's compensation philosophy of aligning executive officers' interests with stockholders and to further support the execution of the Company's long-term strategy, the Compensation and Human Capital Committee allocated the majority of Mr. Lawton's total target direct compensation increase to his fiscal 2024 Target LTI Opportunity. Accordingly, the grant date fair value of the fiscal 2024 Target LTI Opportunity provided to Mr. Lawton increased by \$250,000 as compared to his fiscal 2023 Target LTI Opportunity. In addition, after reviewing market data, the Compensation and Human Capital Committee approved increases to the fiscal 2024 Target LTI Opportunities for the other Named Executive Officers, ranging from \$100,000 to \$200,000, to more closely align their compensation with that of similarly situated executives at the members of our compensation peer group.

**Stock Options.** As noted above, 25% of our Target LTI Opportunity in fiscal 2024 consisted of stock options. Because stock options only have value to the executive if the price of the Company's Common Stock increases after the grant date, we believe these awards closely align executives' interests with those of other stockholders by encouraging growth in financial results and other key performance metrics that can positively impact the Company's stock price.

All of the stock options granted in fiscal 2024 have minimum vesting periods, with the stock options vesting ratably each year over a three-year period that begins on the grant date.

**Restricted Stock Units (RSUs).** As noted above, 25% of the target LTI Opportunity in fiscal 2024 consisted of RSUs. We believe RSUs align stockholder and executive interest and serve as an effective retention tool. Like stock options, grants of RSUs are designed to reward our executive officers for creating long-term stockholder value. Unlike stock options, however, RSUs represent the full value of a share of the Company's Common Stock and have value whether or not the price of the Company's stock increases following the grant date. However, the value of RSUs fluctuates based on the Company's stock price.

All RSUs granted to the Named Executive Officers in fiscal 2024 vest ratably, subject to continued employment, each year over a three-year period that begins on the grant date.

**Performance Share Units (PSUs).** The remaining 50% of our Target LTI Opportunity in fiscal 2024 consisted of PSUs. The number of PSUs that vest, if any, is based upon the achievement of the targeted performance metrics. The performance metrics for the PSUs are growth in net sales and growth in earnings per diluted share, with each of the metrics weighted 50%. Like stock options, grants of PSUs are designed to reward our executive officers for creating long-term stockholder value. Unlike stock options, however, if the performance thresholds are not met, the PSUs do not vest and the executive does not receive compensation. If the performance thresholds and the service conditions are met, PSUs vest and a vested PSU represents the full value of a share of the Company's Common Stock. The value of PSUs also fluctuates based on the Company's stock price.

The achievement of the performance metrics for PSUs granted in fiscal 2024 is dependent upon the Company's annual net sales and earnings per diluted share for fiscal 2026 as compared to the target level of achievement set by the Board. The target level of achievement for PSUs is set by the Board in consideration of a number of factors, including general economic conditions, performance trends in our business, growth rates of comparable retailers, and investor expectations. The earnings per diluted share target also includes an assumption of share repurchase activity over the performance period. The performance goals were designed to be challenging but attainable if the Company successfully executes on its long-term operating plan and achieves strong, sustained performance over the three-year performance period. In 2024, performance metrics for the annual PSU grants also include a relative TSR modifier. The relative TSR modifier was included in order to continue to enhance the linkage between pay and performance.

For grants in 2024, the application of the TSR modifier may result in the number of shares earned from PSU awards being reduced or increased by up to 25% if TSR over the three-year performance period relative to the S&P 500 on the first day of the performance period ("comparator group") falls outside of a defined range. Specifically, after the performance results are certified, the vesting level of the award will be modified up or down as follows, if applicable:

If TSR over the three-year performance period is:	Then:
At or above the 75th percentile of the comparator group	The award will be increased 25%
At or above the 25th and below the 75th percentile of the comparator group	No change to the award
Below the 25th percentile of the comparator group	The award will be decreased 25%

The value of the PSU grants reflects the grant date fair value of the awards assuming target level of achievement. The actual achievement may be higher or lower than the target and the actual number of shares awarded may be more or less. The actual number of shares awarded with respect to the fiscal 2024 grants may also be more or less as a result of the relative TSR modifier. Once the performance period ends, the Compensation and Human Capital Committee will consider all relevant factors, including the impact of

share repurchases, in order to determine whether the targets were met and, if so, the corresponding level of achievement. If the performance targets are met, all PSUs granted to the Named Executive Officers in fiscal 2024 will vest 100% on the third anniversary of the grant date, subject to continued employment through the vesting date.

In addition, in connection with the grant of the 2024 PSUs, each of the Named Executive Officers entered into a protective agreement which provides that, during the course of such Named Executive Officer's employment and for 24 months for the CEO or for 18 months for each of the other Named Executive Officers following the termination of his employment for any reason, the Named Executive Officer will not perform the same or similar responsibilities that he performed for the Company for any competitor of the Company in connection with a competing product or service, will not solicit or employ current or former team members of the Company, and will not directly or indirectly interfere with the Company's relationships with its vendors or suppliers. The protective agreement further provides that the Named Executive Officer will not disclose or use confidential or proprietary information or trade secrets of the Company so long as such information remains confidential and will not disparage the Company or its affiliates at any time. In the event of a breach of the protective agreement by the Named Executive Officer, the 2024 PSUs will be automatically forfeited.

**Achievement for 2022-2024 PSU Grants**

Each of our Named Executive Officers was an executive officer of the Company when PSUs were granted in 2022 under the 2018 Plan. The performance metrics for the fiscal 2022 PSUs were net sales and earnings per diluted share, each measured based on fiscal 2024 performance, as compared to the target level of achievement set by the Board at the time of grant in 2022, with each of the metrics weighted at 50%. The earnings per diluted share target also included an assumption of share repurchase activity over the performance period. The potential range of achievement and actual achievement for the PSUs granted in fiscal 2022 are indicated in the following table:

PSU Performance Metrics	Fiscal 2024 Threshold (50% Achievement)	Potential Achievement		Actual Achievement
		Target (100% Achievement)	Maximum (200% Achievement)	
Net Sales (in thousands)	50% Weight \$14,700,000	\$15,650,000	\$16,600,000	\$14,883,231
Earnings per Diluted Share <sup>(1)</sup>	50% Weight \$ 2.10	\$ 2.23	\$ 2.36	\$ 2.04

<sup>(1)</sup> The earnings per diluted share amounts reflected in this table have been adjusted to reflect the stock split of the Company's Common Stock that occurred on December 20, 2024.

The 2022 PSU awards also included a relative TSR modifier, the application of which could result in the number of shares earned from the 2022 PSU awards being reduced or increased by up to 25% if TSR over the three-year performance period relative to the S&P 500 on the first day of the performance period fell outside of a defined range, as reflected in the table below.

If TSR over the three-year performance period is:	Then:
At or above the 75th percentile of the comparator group	The award will be increased 25%
At or above the 25th and below the 75th percentile of the comparator group	No change to the award
Below the 25th percentile of the comparator group	The award will be decreased 25%

The Company's relative TSR over the three-year performance period applicable to the fiscal 2022 PSU awards was 68.41%, resulting in no change to the number of shares earned for the fiscal 2022 PSU awards as a result of the relative TSR modifier.

Based on the level of achievement for each performance metric as set forth above, the Compensation and Human Capital Committee approved the vesting and settlement of the PSUs granted in fiscal 2022 at 30% of target, resulting in each of the Named Executive Officers receiving the following number of shares underlying these PSUs:

Executive	PSUs at Vesting (# of Shares)
Harry A. Lewton III	23,317
Kurt D. Barton	6,661
Robert D. Mills	3,663
J. Seth Estep	2,664
John P. Ordus	2,664

**Target Compensation** | **Compensation Components and Considerations**

**Annual CIP:**

Mr. Lawton's target award under the CIP was 150% of his base salary. However, the award can range from 0% of his base salary, if the Company achieves less than 85% of target net income and below threshold for each of the four strategic initiatives, to 300% of his base salary, if the Company's net income meets or exceeds 115% of the target and each strategic initiative meets or exceeds maximum. As a result of the Company attaining 86.4% of target net income, two of the four strategic initiatives attaining above target achievement, and one of the four strategic initiatives attaining above threshold achievement, Mr. Lawton was awarded approximately 130% of his base salary under the CIP.

**Long-Term Incentive:**

This increase was approved in order to more closely align Mr. Lawton's compensation with our peers after considering market data. As noted above, consistent with the Company's compensation philosophy of aligning executive officers' interests with stockholders and to further support the execution of the Company's long-term strategy, the Compensation and Human Capital Committee allocated the majority of Mr. Lawton's fiscal 2024 total target direct compensation increase to his fiscal 2024 Target LTI Opportunity.

## How the Company Makes Compensation Decisions

### Our Executive Compensation Philosophy and Framework

Our executive compensation program is designed to support our business strategy and attract, retain, and motivate the performance and continuity of the leadership team, with the ultimate goal of generating strong operating results and delivering solid, sustainable returns to our stockholders. On behalf of the Board, the Compensation and Human Capital Committee reviews our compensation philosophy and objectives on a regular basis to evaluate whether they are aligned with the Company's strategic, organizational, and cultural goals, and that the Company maintains a competitive position within the marketplace. At present, our compensation decisions are guided by the following principles and philosophies:

- **Pay-for-Performance.** We design our executive compensation program to link pay to performance. We accomplish this through the use of short-term and long-term incentives that are designed to align executive pay to our net sales, net income, earnings per diluted share, and stock price performance. By setting short-term and long-term financial targets that we believe will drive stock price performance, our annual and long-term incentive plans work together to align pay and performance.
- **Stockholder Alignment.** Our executive compensation program includes both short-term and long-term incentives tied to performance factors that we believe support stockholder value creation. All principal components of our executive compensation program, other than base salary, are at-risk and contingent upon the achievement of performance goals or our stock price performance. We also maintain robust stock ownership guidelines for all executives.
- **Strategic Business Plan Alignment.** The Company has developed a strategic business plan with both short-term and long-term goals designed to encourage our executives to execute our growth strategy in line with our Mission and Values, and without taking unreasonable risks. The Company's executive compensation program is designed to support and enable the achievement of the goals in our strategic operating plan by holding our leaders accountable for building and maintaining a strong, performance-based culture.
- **Cultural Alignment.** We believe our Company's culture is unique and drives sustainable business results and that our Mission and Values are the foundation of our success. We implement compensation practices we believe support the Company's culture and values. Our goal is to develop and benefit from long-term loyal relationships with our team members, customers, vendors, stockholders, and other stakeholders.
- **Competitive Compensation Based on Market Analysis.** We believe it is important to be market competitive in order to attract talent and enable our people to build successful careers with our Company. To assess the market competitiveness of compensation levels for the Company's senior executives, the Compensation and Human Capital Committee reviews and considers a variety of information with the assistance of an independent compensation consultant, including an annual review of target pay levels for each executive using market data for a carefully chosen peer group and other comparable companies. While the Compensation and Human Capital Committee generally seeks to position target pay opportunities within a competitive range of the market 50th percentile, it does not believe it is appropriate to establish compensation levels based only on market practices. The Compensation and Human Capital Committee believes that compensation decisions are complex and require a deliberate review of Company and individual performance, experience, tenure, and other relevant factors.

### Roles of the Compensation and Human Capital Committee, Executive Officers, and Independent Consultant

The Compensation and Human Capital Committee works closely with key members of management and its independent compensation consultant to set the compensation for the Company's executives. The roles played by each of these groups are as follows:

**Compensation and Human Capital Committee** – The Compensation and Human Capital Committee, in order to assist the Board in the discharge of its fiduciary responsibilities relating to the fair and competitive compensation of the executives of the Company:

- Reviews and approves the Company's compensation philosophy;
- Reviews and approves the executive compensation program, plans, and awards;
- Reviews and approves the compensation of the Chief Executive Officer and all other executive management members;
- Sets performance goals and objectives for the Chief Executive Officer and the other executive officers;
- Administers the Company's short- and long-term incentive plans and other stock or stock-based plans;

- Annually reviews market data to assess the Company's competitive position with respect to the elements of the Company's compensation;
- Reviews and assesses senior level positions and evaluates performance; and
- Works with the Board and provides oversight of talent development and succession planning and other matters related to the Company's Respectful Workplace Initiatives.

**Chief Executive Officer** – The Chief Executive Officer regularly attends Compensation and Human Capital Committee meetings except as otherwise directed by the Compensation and Human Capital Committee. The Chief Executive Officer provides the Compensation and Human Capital Committee with his assessment of the performance of the executive management members. The Compensation and Human Capital Committee, with the Chief Executive Officer present, discusses this input, along with the market data provided by the Compensation and Human Capital Committee's independent consultant. The Compensation and Human Capital Committee then approves or modifies the recommendations of the Chief Executive Officer with respect to compensation for the other executive management members. The Chief Executive Officer does not participate in the decision-making regarding his own compensation and is not present when his or her compensation is discussed or being acted upon.

**Other Management** – The Company's Human Resources leader assists the Chief Executive Officer and acts as a liaison to the Compensation and Human Capital Committee and its independent consultant. The Company's Chief Financial Officer and General Counsel also attend meetings, as requested. No other members of management are regularly involved in the executive compensation process or in executive compensation decisions.

**Independent Consultant** – Pearl Meyer & Partners, LLC ("Pearl Meyer") was engaged by the Compensation and Human Capital Committee to provide consulting services relating to executive compensation for fiscal 2024. Pearl Meyer reports directly to the Compensation and Human Capital Committee and provides no other services to the Company. Pearl Meyer also works with management on a limited basis under the Compensation and Human Capital Committee's direction. An annual assessment of Pearl Meyer's services is conducted and shared with them. In connection with its engagement of Pearl Meyer and in furtherance of maintaining the independence of the Compensation and Human Capital Committee's compensation consultant, the Compensation and Human Capital Committee conducted an independence assessment and determined that Pearl Meyer is independent. In making such determination, the Compensation and Human Capital Committee considered several factors including, but not limited to, the amount of fees received by Pearl Meyer from the Company as a percentage of Pearl Meyer's total revenue, Pearl Meyer's policies and procedures designed to prevent conflicts of interest, and the existence of any business or personal relationship that could impact Pearl Meyer's independence. The Compensation and Human Capital Committee is not aware of any, and has not had to address, any potential conflicts of interest that Pearl Meyer may have with Board members or Company management.

Each year, the Compensation and Human Capital Committee requests that its consultant provide an updated competitive market study. The market study focuses on a peer group that is reviewed and approved by the Compensation and Human Capital Committee and that is designed to (i) position Tractor Supply close to the median on key criteria such as revenue, growth, market value, enterprise value, price-to-earnings ratio, and total stockholder return, (ii) reduce the overall size dispersion (high to low) within the group, and (iii) focus on companies operating in similar retail categories and/or markets. Market data is also sourced from a variety of reputable compensation surveys that contain pay data for comparable executive positions at comparable companies. This data serves as a useful reference point and is used in conjunction with discussions regarding potential differences in the position at Tractor Supply, the performance and potential of the incumbent executive, and any internal equity considerations.

**Peer Group**

Pay data from the following peer group was used to make informed executive compensation decisions in fiscal 2024, which was the same peer group used to make executive compensation decisions in fiscal 2023:

Advance Auto Parts, Inc.	Burlington Stores, Inc.	O'Reilly Automotive, Inc.
AutoZone, Inc.	Casey's General Stores, Inc.	Ross Stores, Inc.
Bath & Body Works, Inc. (f/k/a L Brands, Inc.)	Dick's Sporting Goods, Inc.	ULTA Beauty, Inc.
Best Buy, Inc.	Dollar General Corporation	
BJ's Wholesale Club Holdings, Inc.	Dollar Tree, Inc.	

**Stock Ownership Guidelines**

Executives of the Company are expected to acquire and continue to hold shares of the Company's Common Stock having an aggregate market value from time to time which equals or exceeds a multiple of base compensation as outlined below within five years of initial appointment.

Title	Ownership Guideline
Chief Executive Officer	6x base compensation
President	4x base compensation
Executive Vice President	3x base compensation
Senior Vice President	2x base compensation

If an executive holds multiple positions with different ownership requirements, the executive must comply with the highest applicable requirement. Once the target ownership level is achieved by an executive, that executive will not be required to acquire any additional shares in the event the stock price decreases, provided the underlying number of shares are held by the executive. Shares subject to stock options, whether vested or unvested, and unvested performance-based awards will not count towards satisfaction of the guidelines. Shares subject to unvested time-based RSU awards will count towards satisfaction of the guidelines.

The Compensation and Human Capital Committee evaluates executive officer compliance with this policy annually. As of the record date, all of the Company's executive officers currently meet this standard or are within the period for initial compliance.

**Additional Compensation Information**

**CEO Employment Agreement and Severance Benefits**

The Company does not typically enter into employment agreements with team members, and no executive is party to an employment agreement with the Company with the exception of the Company's Chief Executive Officer, Mr. Lawton. Mr. Lawton's employment agreement sets forth the obligations of the Company to Mr. Lawton and certain rights, responsibilities, and duties of Mr. Lawton. The current term of the employment agreement is scheduled to end on February 9, 2026, at which time it will automatically extend for additional one-year periods unless the Company provides prior notice of non-extension. The employment agreement sets forth Mr. Lawton's initial base salary and eligibility to participate in such equity incentive plans as the Company's Compensation and Human Capital Committee may determine appropriate for executive officers and such bonus plans as the Board may determine appropriate for executive officers of the Company.

Mr. Lawton's agreement also contains certain severance benefits, as described below under the heading "Potential Payments Upon Termination or Change in Control." The employment agreement with Mr. Lawton contains covenants regarding the confidentiality of the Company's trade secrets, non-solicitation of Company team members, and non-competition with the Company for a period of 24 months following any termination of employment. The severance pay that would be provided to Mr. Lawton by the agreement has been deemed by the Compensation and Human Capital Committee to be commensurate with the value to the Company of the restrictive covenants under which Mr. Lawton would operate after a separation of employment.

In addition, the award agreements governing the PSU grants made to Mr. Lawton provide that if Mr. Lawton's employment is terminated without cause or good reason prior to a change in control, he would be eligible for prorated vesting based on the portion of the vesting period elapsed as of the date of termination. Consistent with the prior award agreements, if Mr. Lawton's employment is terminated due to his death or disability, he would be eligible for full vesting of the awards. In each case, the satisfaction of applicable performance goals would be determined based on actual performance at the end of the performance period, provided that, if there is a change in control following Mr. Lawton's termination of employment, any applicable performance goals would be fixed at the target level.

Please see "Potential Payments Upon Termination or Change in Control" for a summary of the compensation Mr. Lawton would receive upon a termination of employment pursuant to the terms of his employment agreement and outstanding equity award agreements.

Instead of entering into an employment agreement with its executive officers, the Company generally executes an offer of employment before an executive joins the Company. This offer describes the basic terms of the executive's employment, including his or her initial base salary, CIP target, and Target LTI Opportunity. The terms of the executive's employment are based thereafter on sustained good performance and the change in control agreements described below. The terms of the offer letter are determined after considering the compensation levels paid to similarly situated executive officers at the Company, the competitive median of the market data to provide a perspective on external practices, input from the Compensation and Human Capital Committee's independent compensation consultant, and the compensation deemed necessary to induce the executive to join the Company.

#### **Change in Control Benefits**

It is our belief that reasonable change in control protections are necessary for select positions in order to recruit and retain effective executive management. Furthermore, providing change in control benefits should increase the cooperation of executive management with respect to potential change in control transactions that would be in the best interests of stockholders.

For those reasons, each of the Named Executive Officers is party to an agreement with the Company whereby, in the event the employment of such executive officer is terminated during the term of the agreement following a change of control of the Company other than (i) by the Company for cause, (ii) by reason of death or disability, or (iii) by the executive officer without good reason (as such terms are defined in the agreement), certain severance benefits will be paid to such executive officer. Each Named Executive Officer party to a change in control agreement must execute and not revoke a general waiver and release of claims. Each Named Executive Officer party to a change in control agreement has agreed not to compete with the Company during their employment and for an 18-month period (24-month period for Mr. Lawton) after termination of employment following a change in control. The term of each Named Executive Officer's change in control agreement runs through February 28, 2027, with the term automatically extending for an additional one-year period commencing on each March 1, unless the Company gives prior notice of non-extension.

Our agreements with Mr. Lawton and our executive officers do not allow for the gross-up of change in control payments and include double trigger change in control provisions for severance benefits and for acceleration of equity awards. The change in control benefits are described in more detail under the heading "Potential Payments Upon Termination or Change in Control."

#### **Deferred Compensation**

The Company's officers may elect to participate in the Executive Deferred Compensation Plan. The Executive Deferred Compensation Plan is designed to enhance the Company's ability to attract and retain the services of qualified persons by providing highly compensated team members a vehicle to contribute additional amounts to tax-deferred savings above the amounts they can contribute to the Company's 401(k) Plan, which are limited by the United States Internal Revenue Service ("IRS"). For additional information about the Executive Deferred Compensation Plan, please see the discussion under the heading "2024 Non-Qualified Deferred Compensation."

#### **Other Benefits**

Executive management participates in the Company's other benefit plans on the same terms as other team members. These plans include medical, dental and vision benefits, extended sick pay, long-term disability, the Company's Employee Stock Purchase Plan, 401(k) Plan, and a 15% team member discount on merchandise purchased in the Company's stores or website. Additionally, officers participate in the Executive Life Insurance Plan which provides for basic term life insurance coverage up to a maximum of \$1,000,000, and the Company sponsored Executive Supplemental Individual Disability Insurance program, which provides for additional disability insurance coverage above the limits of the group long-term disability plan not to exceed 60% of monthly income. No other significant benefits are provided.

#### **Executive Compensation Recoupment Clawback Policy**

The Company's executive compensation recovery policy requires the Company to seek the return, repayment, or forfeiture of any cash or equity-based incentive compensation payment or award made or granted to any current or former executive officer of the Company during the three completed fiscal years immediately preceding the date on which the Company is required to prepare a restatement of its financial statements due to material noncompliance of the Company with any financial reporting requirement under the federal securities laws (a "Restatement"), if: (i) the payment or award was granted, earned or vested based wholly or in part upon the attainment of a restated Company financial reporting measure (including, without limitation, (a) any measure that is determined and presented in accordance with the accounting principles used in preparing the Company's financial statements, (b) any measure that is derived wholly or in part from such measure, and/or (c) any measure of stock price or total stockholder return); and (ii) a lower payment or award would have been made or granted to the executive officer based upon the restated financial results had there not been a Restatement. In each such instance, the amount required to be returned, repaid, or forfeited will be the amount by which the executive officer's payment or award for the relevant period exceeded the lower payment or award that would have been made or granted based on the restated results.

#### **No Hedging/No Pledging Policy**

The Company has an Insider Trading, Anti-Hedging and Pledging Policy governing the purchase, sale, and disposition of the Company's securities by directors and team members, including officers, that is reasonably designed to promote compliance with U.S. insider trading laws, rules and regulations, and applicable listing standards.

In addition to insider trading restrictions, the Company's policy prohibits all team members and Board members from engaging in any of the following transactions in the Company's securities:

- Short sales;
- Buying or selling put or call options or other derivative securities;
- Hedging or monetization transactions such as zero-cost collars and forward sale contracts; and
- Holding securities in a margin account or otherwise pledging securities as collateral for a loan.

Amounts reflect due to the timing of annual salary adjustments as well as the number of weeks during the applicable fiscal year.

(2) The amounts in the columns captioned "Stock Awards" and "Option Awards" reflect the aggregate grant date fair value of stock awards and option awards, calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation-Stock Compensation ("ASC 718"). The award value included in the table above with respect to PSU awards is based on the grant date fair value of the awards assuming target level achievement, which we have determined, in accordance with share-based compensation accounting rules, to be the probable level of achievement of the performance metrics underlying those awards as of the grant date. The table below shows the grant date fair value of the PSUs granted to each Named Executive Officer during fiscal 2024, assuming that: (i) our performance with respect to those performance metrics will be at target levels (i.e., probable performance) and (ii) our performance with respect to those performance metrics will be at levels that would result in a maximum payout.

- (1) The CIP provides for various potential threshold, target and maximum payouts, as discussed in "Compensation Discussion and Analysis - Annual Cash Incentive Compensation."
- (2) The amounts in these columns represent the threshold, target and maximum number of shares that may vest with respect to PSUs granted under the 2018 Plan during fiscal 2024. The PSUs granted to our executives in fiscal 2024 will vest, subject to continued employment, at the end of a three-year period that begins on the date of grant, if the performance objectives are achieved. As further discussed in "Compensation Discussion and Analysis - Long-Term Incentive Compensation: Performance Share Units," the performance metrics for the PSUs are growth in net sales and growth in earnings per diluted share through fiscal 2026 (i.e., a three-year performance period), each of which is weighted 50% in determining achievement, and the performance metrics for the PSUs include a TSR modifier that may result in the number of shares earned from PSU awards being reduced or increased.
- (3) Reflects awards of RSUs granted under the 2018 Plan which vest ratably, subject to continued employment, each year over a three-year period from the date of the grant.
- (4) Options are awarded pursuant to the 2018 Plan by the Compensation and Human Capital Committee and the exercise price is equal to the closing price of the Company's Common Stock on the day preceding the day of the corresponding Committee meeting at which such awards are granted. Options awarded to the Named Executive Officers vest ratably each year over a three-year period and have a 10-year life.
- (5) The grant date fair value of equity awards is computed in accordance with the share-based compensation accounting rules as further described in Note 2 to our Annual Report on Form 10-K for the fiscal year ended December 31, 2024 that was filed with the SEC on February 20, 2025, excluding the effect of any estimated forfeitures. The grant date fair value of PSU awards as included in this column reflects target achievement (i.e., probable performance on the grant date).

## Outstanding Equity Awards at Fiscal 2024 Year-End

The following table reflects all outstanding equity awards held by the Named Executive Officers at the end of fiscal 2024, and reflects the stock split of the Company's Common Stock that occurred on December 20, 2024:

(1) Reflects awards of options. Option awards vest one-third annually over the first three years following the grant date.

(2) Options are awarded by the Compensation and Human Capital Committee and the exercise price is equal to the closing price of the Company's Common Stock on the day preceding the corresponding Compensation and Human Capital Committee meeting at which such awards are granted.

(3) The amounts in this column represent RSUs granted in 2022, 2023 and 2024 and PSUs granted in 2022, in each case, which were outstanding as of December 28, 2024 and, with respect to the PSUs, for which the performance conditions have been satisfied. RSU awards vest one-third annually over the first three years following the grant date. The 2022 PSU awards included in this column cliff vested on the third anniversary of the grant date.

(4) Market value of unvested stock awards was determined based on the closing price of a share of our Common Stock on December 27, 2024 (the last trading day of fiscal 2024), which was \$54.56 per share.

(5) The amounts in this column represent PSUs outstanding as of December 28, 2024 for which the performance conditions have not yet been satisfied. The PSU amounts included assume a target level of achievement. However, the actual number of shares issued, if any, may be higher than target level based on actual achievement levels relative to the performance objectives and for PSUs granted in 2023 and 2024, are subject to further adjustment based on a relative TSR modifier. If the performance and service conditions are met, the PSU awards will cliff vest on the third anniversary of the grant date.

### 2024 Option Exercises and Stock Vested

The following table reflects certain information with respect to options exercised by the Named Executive Officers during the 2024 fiscal year as well as stock awards that vested during fiscal 2024, and reflects the stock split of the Company's Common Stock that occurred on December 20, 2024:

Name	Option Awards		Stock Awards	
	Number of Shares Acquired On Exercise (1)	Value Realized on Exercise (\$) (1)	Number of Shares Acquired on Vesting (2)	Value Realized on Vesting (\$) (2)
Henry A. Lawton III	—	—	250,735	\$ 12,042,798
Kurt D. Barton	117,660	\$ 5,334,084	58,080	\$ 2,682,286
Robert D. Mills	241,670	\$ 7,036,530	60,445	\$ 2,781,168
J. Seth Estep	119,695	\$ 4,033,574	44,165	\$ 2,038,439
John P. Ortus	113,080	\$ 3,383,230	44,165	\$ 2,038,439

- (1) The value realized equals the difference between the exercise price of the stock options and the market price of our Common Stock at the time of exercise, multiplied by the number of shares to which the exercise relates.
- (2) Represents the gross number of shares acquired upon vesting of stock awards, without deduction for shares that may have been withheld to satisfy applicable tax withholding obligations.
- (3) The value realized equals the average of the high and low per share sales price of our Common Stock on the business day immediately preceding the vesting date, multiplied by the number of shares vested.

## 2024 Non-Qualified Deferred Compensation

The Executive Deferred Compensation Plan provides that designated participants may elect to defer up to 40% of their annual base salary (including vacation pay, sick pay and holiday pay, overtime, shift differentials and commissions) and up to 92% of their annual incentive compensation under the CIP. Under the Executive Deferred Compensation Plan, the participants' salary deferral is matched by the Company, 100% on the first \$3,000 of base salary contributed and 50% on the next \$3,000 of base salary contributed limited to a maximum annual matching contribution of \$4,500. Effective January 1, 2013, each participant has a choice of deemed investments for their plan account. Each participant is deemed to be invested in these investment options for the purposes of determining the amount of earnings or losses to be credited to their account. Contributions made to the plan before January 1, 2013 earn simple annual interest at the prime rate in effect on January 1st of each year which is credited quarterly; however, those assets are not available for transfer into the new investment options. Each participant is fully vested in all amounts credited to their deferred compensation account. Payments under the Executive Deferred Compensation Plan are made in cash in a single lump sum payment or, if permitted by the Compensation Committee, in installments. A participant may elect to have his or her balance distributed to him or her on the date of such participant's separation from service, death or total and permanent disability (each, a "Distribution Event"), the anniversary of a Distribution Event, or a date designated by the participant.

The following table sets forth certain information about each Named Executive Officer's participation in the Executive Deferred Compensation Plan in fiscal 2024:

Name	Executive Contributions in Last Fiscal Year (\$) (1)	Company Contributions in Last Fiscal Year (\$) (2)	Aggregate Earnings in Last Fiscal Year (\$) (3)	Aggregate Withdrawals/ Distributions (\$) (4)	Aggregate Balance at Last Fiscal Year End (\$) (5)

(2) The amounts reported in this column are included in the "2024 Summary Compensation Table" under the heading "All Other Compensation."

(3) The Company does not provide above-market or preferential earnings on Executive Deferred Compensation Plan contributions and, accordingly, these amounts were not reported in the "2024 Summary Compensation Table."

(4) Of these balances, the following amounts were reported in Summary Compensation Tables in prior years' proxy statements: Mr. Lawton – \$34,327; Mr. Barton – \$49,777; Mr. Mills – \$79,307; Mr. Estep – \$21,660; and Mr. Orduz – \$21,742.

## Potential Payments Upon Termination or Change in Control

### Payments Made Upon Death or Disability

If the employment of any of the Named Executive Officers (other than Mr. Lawton, whose rights are described below under "Payments to Mr. Lawton") is terminated by death or disability, the Named Executive Officer will be fully vested in all then-outstanding stock options and all then-outstanding RSUs of the Company and all such options will remain exercisable until the earlier of (i) one year after the date of termination and (ii) the otherwise applicable normal expiration date of the option.

Pursuant to the award agreements under which the Named Executive Officers were granted PSUs, in the event that a Named Executive Officer's employment is terminated as a result of his or her death or disability, the Named Executive Officer will be fully vested in all PSUs, provided that if termination occurs prior to the end of the performance period, any PSUs will not be settled until the Compensation and Human Capital Committee determines the number of PSUs that should vest based on the achievement of the underlying performance targets.

Under the terms of the Company's disability plan, the Named Executive Officers are eligible for a disability benefit that is equal to a maximum of \$10,000 per month. The definition of disability is the same as that used for the disability plan covering all team members except that a Named Executive Officer's disability must preclude the officer's ability to carry out only his or her executive function. The disability benefit would be reduced by any benefits payable under Social Security or worker's compensation. The payments continue based on age and various Social Security qualifications. Additionally, the Named Executive Officers are eligible for a supplemental disability benefit under the Company-sponsored Executive Supplemental Individual Disability Insurance program, which provides for additional coverage above the \$10,000 per month limit of the group long-term disability plan not to exceed 60% of monthly income.

### Payments Upon Certain Termination Events

#### Payments to Mr. Lawton

In the event that Mr. Lawton's employment is terminated by the Company without cause or by Mr. Lawton for good reason (each as defined in his employment agreement), and if Mr. Lawton signs a customary release of all claims in favor of the Company, Mr. Lawton would be entitled to (a) 2.0 times his annual base salary, in a lump sum, (b) 2.0 times his target cash bonus for such year multiplied by the average of the bonus percentage applied to other executive officers' target cash bonuses for the prior three fiscal years pursuant to any cash bonus plan maintained by the Company in respect of the fiscal years preceding the date of termination, in a lump sum, and (c) a lump sum payment equal to the estimated cost of life, disability, accident, and health insurance benefits for Mr. Lawton and his dependents for two years. In the event of termination due to death or disability, Mr. Lawton would be entitled to base salary and benefits earned through the date of termination and an amount equal to the pro rata portion of the actual cash bonus earned for the year in which the date of termination occurs. In the event of a termination by the Company for cause or by Mr. Lawton without good reason, Mr. Lawton would receive only base salary and benefits earned through the date of termination.

Mr. Lawton's employment agreement also provides that upon termination due to death or disability, Mr. Lawton will be fully vested in all then-outstanding stock options and all then-outstanding RSUs of the Company and all such options will remain exercisable until the earlier of (i) the second anniversary of the date of termination and (ii) the otherwise applicable normal expiration date of such option. In the event of termination of Mr. Lawton's employment by the Company without cause or by Mr. Lawton for good reason, the vesting of all of the outstanding stock options and RSUs held by Mr. Lawton scheduled to vest in the 12-month period following the date of termination will be accelerated and any such options will remain exercisable until the earlier of (i) the second anniversary of the date of termination and (ii) the otherwise applicable normal expiration date of such option. The vesting of any PSUs will vest according to the terms of the applicable award agreement in the case of Mr. Lawton's termination due to death or disability, termination by the Company without cause or by Mr. Lawton for good reason (each as described above) or following a change in control (as described below). Pursuant to the award agreements under which Mr. Lawton has been granted PSUs, such PSUs will vest pro-rata based on actual performance upon his termination by the Company without cause or Mr. Lawton for good reason.

#### Payments to Certain Other Named Executive Officers

If the employment of any of the Named Executive Officers (other than Mr. Lawton, whose rights and obligations are described above) is voluntarily or involuntarily terminated, no additional payments or benefits will accrue or be paid other than what has accrued and is vested under the benefit plans discussed above in this Proxy Statement included under the headings "Compensation Discussion and Analysis" and "2024 Non-Qualified Deferred Compensation" or the benefits payable pursuant to the Named Executive Officers' change in control agreements, as described below.

### Payments to Be Made Upon a Change in Control

The Company has entered into Change in Control Agreements with each of the Named Executive Officers (the "Change in Control Agreements"). Other than as described below, the terms of the Change in Control Agreements with all the Named Executive Officers are

substantially similar. The term of the Change in Control Agreements continues through February 28, 2028 and is automatically extended for successive one-year terms on March 1 of each calendar year unless the Company provides at least 60 days' written notice of non-extension to the Named Executive Officer. If a Change in Control occurs during the term, the term of such agreements will expire no earlier than the second anniversary of the occurrence of such Change in Control. Pursuant to these Change in Control Agreements, if an executive's employment is terminated within two years following a change in control by the Company without cause (and other than due to the executive's death or disability) or by the executive for good reason the executive will receive:

- the equivalent of 1.5x (2.0x with respect to Mr. Lawton) the sum of the Named Executive Officer's base salary as in effect immediately prior to the date of termination and the Named Executive Officer's target annual bonus opportunity for the fiscal year in which the date of termination occurs or the fiscal year in which the Change in Control occurs, whichever is higher, payable in a lump sum;
- a lump sum payment, in cash, equal to the estimated cost of existing life, disability and medical benefits for the executive and his or her dependents for a period of two years beyond the date of termination;
- outplacement services not to exceed \$40,000; and
- a pro-rata portion of the executive's annual bonus for the year in which the termination occurs, based on the greater of target and projected performance as of the date of termination, in cash.

The Change in Control Agreements also provide that (except to the extent that more favorable treatment is provided under the applicable award agreement or transaction documents executed in connection with the Change in Control):

- the stock options outstanding at the date of termination will become fully vested and continue to be exercisable until the earlier of (i) the second anniversary of the date of termination and (ii) the otherwise applicable expiration date of the term of such option;
- the RSUs and other equity-based awards outstanding at the date of termination will become fully vested; and
- any awards subject to performance-vesting conditions will be settled assuming a "target" level of performance shall have been achieved.

In the Change in Control Agreements, the Named Executive Officers (other than Mr. Lawton) have agreed, during their employment with the Company and for a period of 18 months following termination of employment by the Company after a change in control, not to compete with the Company's business, solicit or hire any of the Company's team members, disparage the Company, or disclose any confidential information or trade secrets of the Company. Pursuant to the terms of his Change in Control Agreement, Mr. Lawton has agreed, for a period of 24 months following termination of employment by the Company after a change in control, not to compete with the Company's business, solicit or hire any of the Company's team members, disparage the Company, or disclose any confidential information or trade secrets of the Company.

Any amounts paid to the Named Executive Officers (including Mr. Lawton) under the Change in Control Agreements will be reduced to the maximum amount that could be paid without being subject to the excise tax imposed under Sections 280G and 4999 of the Internal Revenue Code, but only if the after-tax benefit of the reduced amount is higher than the after-tax benefit of the unreduced amount.

Pursuant to the Change in Control Agreements, a change in control is generally deemed to occur upon (i) any person acquiring ownership of the securities of the Company representing more than 35% of the combined voting power of the Company; (ii) any change in the majority of the Board of Directors during any 24-month period during the term; (iii) consummation of a reorganization, merger or consolidation of the Company whereby 50% or more of the combined voting power of the then outstanding shares of the Company changes; or (iv) a sale or disposition of all or substantially all of the assets of the Company (unless such sales do not result in a change in the proportional ownership existing immediately prior to such sale or disposition), or the approval by our stockholders of a complete liquidation or dissolution of the Company.

Pursuant to the award agreements under which the Named Executive Officers have been granted PSUs, if the entity surviving a change in control of the Company assumes the PSUs, the PSUs will be eligible to vest at the target amount on the applicable vesting date(s) if the change in control occurs prior to the end of the performance period or the remaining number of PSUs will continue to vest on the applicable vesting date(s) if the change in control occurs after the end of the performance period, provided that if the Named Executive Officer's employment is terminated without cause by the successor, by the Named Executive Officer for good reason or as a result of the Named Executive Officer's death, disability, retirement or early retirement (each as defined in the award agreement) within one year following the change in control, all such PSUs will vest and be released to the Named Executive Officer. In the event that the successor does not assume the award, a number of PSUs equal to the target award in the event the performance period has not ended, or the actual number of PSUs that would have vested on each vesting date following the performance period if the change in control occurs after the performance period has ended, will vest as of the effective date of the change in control.

### Chief Executive Officer Compensation Pay Ratio

Pursuant to Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are required to disclose the ratio of the median team member's annual compensation to the annual compensation of our CEO (Mr. Lawton).

The median team member was identified from all full-time, part-time, seasonal and temporary team members, excluding the CEO, who were employed by the Company as of the first payroll date in October (i.e., October 4, 2024), consistent with past practice. A total of 50,293 team members were employed on that date. Compensation was measured over the 12-month period beginning on January 1, 2024 and ending on December 31, 2024. The Company's workforce is comprised of approximately 50% full-time and 50% part-time team members with the use of seasonal team members during the spring and fall selling seasons. In identifying the median employee, we annualized compensation for full-time and part-time permanent team members who were employed on October 4, 2024, but did not work for us the entire fiscal year. No full-time equivalent adjustments were made for part-time temporary or seasonal team members.

To identify the team member paid at median annual total compensation out of all of our team members (other than our CEO) in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, we included total gross earnings and employer paid life insurance premiums, which were calculated using internal payroll records. Compensation was measured over the 12-month period beginning on January 1, 2024 and ending on December 31, 2024.

Mr. Lawton had fiscal 2024 annual total compensation of \$11,772,963, as reflected in the 2024 Summary Compensation Table included in this Proxy Statement. The median team member's annual total compensation for fiscal 2024 that would be reportable in the Summary Compensation Table was \$36,352. As a result, the fiscal 2024 CEO pay ratio is 324:1.

  - Fiscal 2023: Harry A. Lawton III served as the PEO for the entirety of fiscal 2023 and the Company's other Named Executive Officers were: Kurt D. Barton, Robert D. Mills, J. Seth Estep and John P. Orsini.
  - Fiscal 2022: Harry A. Lawton III served as the PEO for the entirety of fiscal 2022 and the Company's other Named Executive Officers were: Kurt D. Barton, Robert D. Mills, J. Seth Estep and John P. Orsini.
  - Fiscal 2021: Harry A. Lawton III served as the PEO for the entirety of fiscal 2021 and the Company's other Named Executive Officers were: Kurt D. Barton, Robert D. Mills, J. Seth Estep and John P. Orsini.
  - Fiscal 2020: Harry A. Lawton III assumed the role of the PEO on January 13, 2020 and Gregory A. Sandfort served as PEO during fiscal 2020 up to January 12, 2020. The Company's other Named Executive Officers for fiscal 2020 were: Kurt D. Barton, Benjamin F. Parrish, Jr., Robert D. Mills and Melissa D. Kersey.
- (2) Amounts reported in this column represent (i) the total compensation reported in the Summary Compensation Table for the applicable year in the case of Messrs. Lawton and Sandfort and (ii) the average of the total compensation reported in the Summary Compensation Table for the applicable year for our other Named Executive Officers reported for the applicable year other than the PEO for such years.
- (3) To calculate compensation actually paid ("CAP"), adjustments were made to the amounts reported in the Summary Compensation Table for the applicable year. A reconciliation of the adjustments for Messrs. Lawton and Sandfort and for the average of the other Named Executive Officers is set forth following the footnotes to this table. For purposes of valuing equity awards to calculate the CAP adjustments, equity awards were calculated based on their fair value as of the applicable date, calculated in accordance with the methodology used for financial reporting purposes. For awards subject to performance-based vesting conditions as of the end of the applicable fiscal year, the value is based on an estimate of the probable outcome of such performance-based vesting conditions as of the last day of the applicable fiscal year, which is consistent with the methodology used to determine the grant date fair value of the awards. The values for 2023 have been updated from those presented in last year's proxy statement to subtract the grant date fair values of stock option awards granted in 2023, as required by SEC rules.
- (4) Pursuant to rules of the SEC, the comparison assumes \$100 was invested on December 31, 2019 in our common stock. Historic stock price performance is not necessarily indicative of future stock price performance.
- (5) The TSR Peer Group consists of the S&P Retail Index, an independently prepared index that includes companies in the retail industry.
- (6) As noted in the CD&A, for 2024, the Compensation and Human Capital Committee determined that earnings per diluted share continues to be viewed as a core driver of the Company's performance and stockholder value creation and, accordingly, was utilized as a performance metric for the PSU's granted in fiscal 2024. The amounts reflected in the table above have been adjusted to reflect the stock split of the Company's Common Stock that occurred on December 20, 2024.

Relationship Between Pay and Performance

We believe the CAP in each of the years reported above and over the five-year cumulative period are reflective of the Compensation and Human Capital Committee's emphasis on "pay-for-performance" as the CAP fluctuated year-over-year, primarily due to the result of our stock performance and our varying levels of achievement against pre-established performance goals under our 2024 CIP and our 2024 LTI program, including our earnings per diluted share performance. The cD&A describes in greater detail the Compensation and Human Capital Committee's emphasis on "pay-for-performance" and how our executive compensation program is designed to link executive compensation with the achievement of our financial objectives as well as stockholder value creation. Because of the leverage of our executive compensation program toward long-term incentives through grants of PSUs, RSUs and stock options, the CAP is most significantly impacted by changes in our stock price over the vesting period of the awards.

### Policies and Practices Regarding Long-Term Incentive Awards

It is the Compensation and Human Capital Committee's practice to generally approve ordinary course annual equity grants at approximately the same time each year following our release of full-year financial results. As in prior years, the Compensation and Human Capital Committee granted annual equity awards to our Named Executive Officers in February 2024 after we announced our financial results for fiscal 2023 and the Compensation and Human Capital Committee had the opportunity to consider our expectations and projections for fiscal 2024. If Named Executive Officers are hired or promoted during the year, they generally receive a grant at the first scheduled Compensation and Human Capital Committee meeting following their hire date or promotion date for an aggregate number of stock options, RSUs, and PSUs based on position. In addition, while we generally make broad-based long-term incentive grants at approximately the same time each year following our release of full-year financial results, we may choose to make long-term incentive grants outside of the annual broad-based grant (e.g., as a retention grant). Stock options may be granted only with an exercise price at or above the closing market price of the Company's Common Stock on the date of grant.

Because the Compensation and Human Capital Committee's fiscal 2024 regular meeting schedule was determined in the prior fiscal year, the proximity of any awards to other significant corporate events is coincidental. The Company does not schedule its equity grants in anticipation of the release of material non-public information ("MNPI") nor does the Company time the release of MNPI based on equity grant dates.

The following table presents information regarding stock options issued to our Named Executive Officers in 2024 during any period beginning four business days before the filing or furnishing of a periodic report or current report disclosing MNPI and ending one business day after the filing or furnishing of such report with the SEC, and reflects the stock split of the Common Stock that occurred on December 20, 2024.

**Item 4 – Amendment of the Company’s Restated Certificate of Incorporation to Provide for the Exculpation of Officers as Permitted by Delaware Law and to Make Certain Conforming Changes**

**Background of the Proposal**

The Delaware General Corporation Law (the “DGCL”) was amended in 2022 to permit Delaware corporations to exculpate their officers, in addition to their directors, for personal liability in certain actions. After careful consideration, on November 7, 2024, the Board unanimously approved an amendment and restatement of our Restated Certificate of Incorporation (the “Charter”), subject to the approval of our stockholders, to include the exculpation of officers pursuant to these recent amendments to the DGCL.

As amended, the DGCL only permits, and our proposed amendment to the Charter would only permit, exculpation of officers for certain claims brought by stockholders, including class actions. Like the provision currently in place that limits the personal liability of directors, the proposed amendment to the Charter does not permit the elimination of liability of officers for:

- Any breach of the duty of loyalty to the Company or its stockholders;
- Any acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law; or
- Any transaction from which the officer derived an improper personal benefit.

In addition, the exculpation of officers would not apply to claims brought by or in the right of the Company, such as derivative claims.

Like directors, officers frequently must make decisions in response to time-sensitive opportunities and challenges, which can create substantial risk of investigations, claims, actions, suits, or proceedings seeking to impose liability based on hindsight regardless of merit, especially in the current litigious environment. The proposed amendment to the Charter would align the protections for our officers with those protections currently afforded to our directors. Adopting the proposed amendment would better position the Company to attract top officer candidates and retain our current officers, by enabling the Company to assure those persons that exculpation to the extent permitted under Delaware law is available under applicable circumstances. In the absence of such protection, such individuals might be deterred from serving as officers due to exposure to personal liability and the risk of incurring substantial expense in defending lawsuits, regardless of merit.

Taking into account the limits on the type of claims for which officers’ liability would be exculpated, and the benefits the Board believes would accrue to the Company and its stockholders in the form of an enhanced ability to attract and retain talented officers and the potential to discourage frivolous lawsuits, the Board determined that it is in the best interests of the Company and our stockholders to amend the Charter as described herein.

The proposed amendments to Article 7 of the Charter are as follows, with added text underlined and deleted text struck through.

**Exculpation of Officers**

SEVENTH: LIMITATION OF PERSONAL LIABILITY OF DIRECTORS. No director or officer of the Corporation shall be personally liable to the Corporation or its stockholders for monetary damages for breach of his fiduciary duty as a director or officer, except to the extent such exemption from liability or limitation thereof is not permitted under the General Corporation Law of the State of Delaware, as it presently exists or may hereafter be amended from time to time except for liability (i) for any breach of the director’s duty of loyalty to the Corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the General Corporation Law of the State of Delaware or (iv) for any transaction from which the director derived an improper personal benefit. If the General Corporation Law of the State of Delaware is amended after the date hereof to authorize corporate action further eliminating or limiting the liability of directors or officers, then the liability of each director or officer of the Corporation shall automatically be eliminated or limited to the fullest extent permitted by the General Corporation Law of the State of Delaware, as so amended. For purposes of this Article SEVENTH, “officer” shall have the meaning provided in Section 102(b)(7) of the General Corporation Law of the State of Delaware, as it presently exists or may hereafter be amended from time to time. Any repeal or modification of the provisions of this Article SEVENTH shall not adversely affect any right or protection of a director or officer of the Corporation existing pursuant to this Article SEVENTH at the time of such repeal or modification.

**Vote Required**

The proposal to amend the Charter will be approved if it receives the affirmative vote of a majority of the outstanding Common Stock entitled to vote. If you abstain from voting on this proposal, your abstention will have the same effect as a vote against the proposal. Broker non-votes will have the same effect as a vote against the proposal.

**Board Recommendation**

---

**FOR** The Board unanimously recommends that the stockholders of the Company vote "FOR" the approval of executive compensation of our Named Executive Officers, as disclosed in this proxy statement, pursuant to the compensation disclosure rules of the SEC.

## Other Matters

### Availability of Annual Report to Stockholders

A copy of the Company's Annual Report on Form 10-K for fiscal 2024 has been posted online, along with this proxy statement, each of which is accessible by following the instructions in the Notice. The Annual Report is not incorporated into this proxy statement and is not considered proxy-soliciting materials.

The Company filed its Annual Report on Form 10-K with the SEC on February 20, 2025. We will mail, without charge, upon written request, a copy of our Annual Report on Form 10-K for fiscal 2024, without exhibits. Please send a written request to Investor Relations, Tractor Supply Company, 5401 Virginia Way, Brentwood, Tennessee 37027, or complete the request form on the investor relations page of our website at <https://www.TractorSupply.com>.

### Other Business

The Board does not intend to present any business at the Annual Meeting other than the items stated in the "Notice of Annual Meeting of Stockholders" and knows of no other business to be presented for action at the meeting. If, however, any other business should properly come before the meeting or any continuations or adjournments thereof, it is intended that the proxy will be voted with respect thereto in accordance with the best judgment and discretion of the persons named in the proxy.

As noted elsewhere in our proxy statement, stockholders may, pursuant to applicable law and the procedures and requirements of the Bylaws, directly nominate candidates to stand for election to the Board by stockholders, and the Company respects such stockholder rights. The Corporate Governance Guidelines of the Company also note that the Corporate Governance Committee will also consider stockholder recommendations of qualified nominees when such nominees are submitted in accordance with the Bylaws.

In response to a recent stockholder proposal received by the Company that the proponent confirmed was not prompted by any specific concerns regarding the Company or the Board, the Company has confirmed, in connection with such proposal being withdrawn following constructive engagement, that it will not, without stockholder consent, adopt new amendments to such Bylaw provisions that would expressly:

- (1) require nominating investment fund stockholders to disclose the confidential identities of their less than five percent "passive" third-party limited partners (if any) who are not otherwise involved in the nomination, campaign, or the Company solely on account of such member's economic interests in the nominating fund; or
- (2) require nominating stockholders to disclose unrelated information regarding their confidential future plans for nominating other candidates to other public company boards or prior nominations of other candidates and proposals previously privately submitted to other public companies in the past;

provided that if the Board, in its exercise of its fiduciary responsibilities, deems it to be in the best interests of the Company and its stockholders to adopt such a provision without the delay that could come from the time reasonably anticipated to seek a stockholder vote, the Board will publicly disclose such Bylaw amendment in accordance with applicable law and either subsequently submit such Bylaw provision to stockholders for ratification or cause such new Bylaw requirement to expire within one year.

### Costs of Solicitation

In addition to solicitation by mail, certain of the Company's directors, officers, and regular team members, without additional compensation, may also solicit proxies personally or by telephone. The costs of such solicitation will be borne by the Company. The Company will also make arrangements with brokerage houses, custodians, and other nominees to send proxy materials to the beneficial owners of shares of the Company's Common Stock held in their names, and the Company will reimburse them for their related postage and clerical expenses.

### Householding

If you are a beneficial owner of shares of Common Stock, your bank, broker, or other nominee may deliver a single set of proxy materials to any household at which two or more stockholders reside unless contrary instructions have been received from you. This procedure, referred to as householding, reduces the volume of duplicate materials stockholders receive and reduces mailing expenses.

Stockholders may revoke their consent to future householding mailings or enroll in householding by contacting their bank, broker, or other nominee. Alternatively, if you wish to receive a separate set of proxy materials for the 2024 Annual Meeting of Stockholders or future stockholder meetings, please contact: Tractor Supply Company, 5401 Virginia Way, Brentwood, Tennessee 37027, Attention: Investor Relations Dept., Telephone: (615) 440-4000. We will deliver the requested documents to you promptly upon receipt of your request.
