SECURITIES AND EXCHANGE COMMISSION  
Washington, D.C. 20549  
FORM 10-Q**

(Mark One)

**QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

**For the quarterly period ended September 30, 2023**

or

**TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

**For the transition period from \_\_\_\_\_ to \_\_\_\_\_**

**Commission File Number:** 0-27078

**HENRY SCHEIN, INC.**

(Exact name of registrant as specified in its charter)

**Delaware**  
(State or other jurisdiction of  
incorporation or organization)

**11-3136595**  
(I.R.S. Employer Identification No.)

**135 Duryea Road**  
**Melville, New York**  
(Address of principal executive offices)  
**11747**  
(Zip Code)

**(631) 843-5500**  
(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, par value \$.01 per share	HSIC	The Nasdaq Global Select Market

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes

No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files).

Yes

No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes

No

As of November 13, 2023, there were 129,938,341 shares of the registrant's common stock outstanding.

HENRY SCHEIN, INC.

**HENRY SCHEIN, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(in millions, except share and per share data)**  
**(unaudited)**

**Note 1 – Basis of Presentation**

Our condensed consolidated financial statements include the accounts of Henry Schein, Inc. and all of our controlled subsidiaries (“we”, “us” or “our”). All intercompany accounts and transactions are eliminated in consolidation. Investments in unconsolidated affiliates in which we have the ability to influence the operating or financial decisions are accounted for under the equity method. Certain prior period amounts have been reclassified to conform to the current period presentation. These reclassifications, individually and in the aggregate, did not have a material impact on our condensed consolidated financial condition, results of operations or cash flows.

Our accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“U.S. GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnote disclosures required by U.S. GAAP for complete financial statements.

The unaudited interim condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes to the consolidated financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2022 and with the information contained in our other publicly-available filings with the Securities and Exchange Commission. The condensed consolidated financial statements reflect all adjustments considered necessary for a fair presentation of the consolidated results of operations and financial position for the interim periods presented. All such adjustments are of a normal recurring nature.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The results of operations for the three and nine months ended September 30, 2023 are not necessarily indicative of the results to be expected for any other interim period or for the year ending December 30, 2023.

Our condensed consolidated financial statements reflect estimates and assumptions made by us that affect, among other things, our goodwill, long-lived asset and definite-lived intangible asset valuation; inventory valuation; equity investment valuation; assessment of the annual effective tax rate; valuation of deferred income taxes and income tax contingencies; the allowance for doubtful accounts; hedging activity; supplier rebates; measurement of compensation cost for certain share-based performance awards and cash bonus plans; and pension plan assumptions.

We consolidate the results of operations and financial position of a trade accounts receivable securitization which we consider a Variable Interest Entity (“VIE”) because we are the primary beneficiary, and we have the power to direct activities that most significantly affect the economic performance and have the obligation to absorb the majority of the losses or benefits. For this VIE, the trade accounts receivable transferred to the VIE are pledged as collateral to the related debt. The creditors have recourse to us for losses on these trade accounts receivable. At September 30, 2023 and December 31, 2022, certain trade accounts receivable that can only be used to settle obligations of this VIE were \$0 million and \$327 million, respectively, and the liabilities of this VIE where the creditors have recourse to us were \$0 million and \$255 million, respectively.

**HENRY SCHEIN, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(in millions, except share and per share data)**  
**(unaudited)**

**Note 2 – Critical Accounting Policies, Accounting Standard Adopted, and Recently Issued Accounting Standards**

**Critical Accounting Policies**

There have been no material changes in our critical accounting policies during the nine months ended September 30, 2023, as compared to the critical accounting policies described in Item 7 of our Annual Report on Form 10-K for the year ended December 31, 2022.

**Accounting Standard Adopted**

During the quarter ended September 30, 2023, we adopted Accounting Standards Codification (“ASC”) Topic 848, Reference Rate Reform (Topic 848). The adoption of Topic 848 did not have a material impact on our condensed consolidated financial statements.

**Recently Issued Accounting Standards**

In September 2022, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2022-04, “Liabilities – Supplier Finance Programs (Subtopic 405-50): Disclosure of Supplier Finance Program Obligations,” which will increase transparency of supplier finance programs by requiring entities that use such programs in connection with the purchase of goods and services to disclose certain qualitative and quantitative information about such programs. ASU 2022-04 is effective for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years, except for amended roll forward information, which is effective for fiscal years beginning after December 15, 2023. We do not expect that the requirements of this guidance will have a material impact on our condensed consolidated financial statements.

*Deferred Revenue*

At September 30, 2023, the current and non-current portion of contract liabilities were \$86 million and \$9 million, respectively. During the nine months ended September 30, 2023, we recognized, in net sales, \$70 million of the amount that was previously deferred at December 31, 2022. At December 31, 2022, the current portion of contract liabilities of \$86 million was reported in accrued expenses: other, and \$8 million related to non-current contract liabilities was reported in other liabilities.

**Note 4 – Segment Data**

We conduct our business through two reportable segments: (i) health care distribution and (ii) technology and value-added services. These segments offer different products and services to the same customer base. Our global dental businesses serve office-based dental practitioners, dental laboratories, schools, government and other institutions. Our medical businesses serve physician offices, urgent care centers, ambulatory care sites, emergency medical technicians, dialysis centers, home health, federal and state governments and large enterprises, such as group practices and integrated delivery networks, among other providers across a wide range of specialties. Our dental and medical groups serve practitioners in 33 countries worldwide.

The health care distribution reportable segment aggregates our global dental and medical operating segments. This segment distributes consumable products, dental specialty products, small equipment, laboratory products, large equipment, equipment repair services, branded and generic pharmaceuticals, vaccines, surgical products, diagnostic tests, infection-control products, personal protective equipment (“PPE”) and vitamins.

Our global technology and value-added services reportable segment provides software, technology and other value-added services to health care practitioners. Our technology offerings include practice management software systems for dental and medical practitioners. Our value-added practice solutions include practice consultancy, education, revenue cycle management and financial services on a non-recourse basis, e-services, practice technology, network and hardware services, as well as continuing education services for practitioners.

The following tables present information about our reportable and operating segments:

	Three Months Ended		Nine Months Ended	
	September 30, 2023	September 24, 2022	September 30, 2023	September 24, 2022

**Note 5 – Business Acquisitions**

Our acquisition strategy is focused on investments in companies that add new customers and sales teams, increase our geographic footprint (whether entering a new country, such as emerging markets, or building scale where we have already invested in businesses), and finally, those that enable us to access new products and technologies. In connection with our business acquisitions, the major classes of assets and liabilities to which we generally allocate acquisition consideration to, excluding goodwill, include identifiable intangible assets (i.e., customer relationships and lists, trademarks and trade names, product development and non-compete agreements), inventory and accounts receivable. The estimated fair value of identifiable intangible assets is based on critical judgments and assumptions derived from analysis of market conditions, including discount rates, projected revenue growth rates (which are based on historical trends and assessment of financial projections), estimated customer attrition and projected cash flows. These assumptions are forward-looking and could be affected by future economic and market conditions.

While we use our best estimates and assumptions to accurately value assets acquired and liabilities assumed at the acquisition date as well as contingent consideration, where applicable, our estimates are inherently uncertain and subject to refinement. As a result, within 12 months following the date of acquisition, or the measurement period, we may record adjustments to the assets acquired and liabilities assumed with the corresponding offset to goodwill within our condensed consolidated balance sheets. At the end of the measurement period or final determination of the values of such assets acquired or liabilities assumed, whichever comes first, any subsequent adjustments are recognized in our condensed consolidated statements of operations.

During the nine months ended September 30, 2023 we completed accounting for certain acquisitions that occurred in the year ended December 31, 2022. In relation to these acquisitions, we did not record material adjustments in our condensed consolidated financial statements relating to changes in estimated values of assets acquired, liabilities assumed and contingent consideration assets and liabilities.

*Acquisition of S.I.N. Implant System*

On July 5, 2023 we acquired a 100% voting equity interest in S.I.N. Implant System (“S.I.N.”), one of Brazil’s leading manufacturers of dental implants. Based in São Paulo and founded in 2003, S.I.N. manufactures an extensive line of products to perform dental implant procedures and is focused on advancing the development of value-priced dental implants. S.I.N. recently expanded the distribution of its products into the United States and other international markets.

The following table aggregates the preliminary estimated fair value, as of the date of acquisition, of consideration paid and net assets acquired in the S.I.N.:

	<u>2023</u>
Acquisition consideration:	
Cash	\$ 326
Total consideration	<u>\$ 326</u>
Identifiable assets acquired and liabilities assumed:	
Current assets	\$ 75
Intangible assets	155
Other noncurrent assets	33
Current liabilities	(33)
Long-term debt	(22)
Deferred income taxes	(55)
Other noncurrent liabilities	(27)
Total identifiable net assets	<u>126</u>
Goodwill	<u>200</u>
Total net assets acquired	<u>\$ 326</u>

Goodwill is a result of expected synergies that are expected to originate from the acquisition as well as the expected growth potential of S.I.N. The acquired goodwill is not deductible for tax purposes.

The following table summarizes the preliminary identifiable intangible assets acquired as part of the acquisition of S.I.N.:

	<u>2023</u>	Estimated Useful Lives (in years)
Customer relationships and lists	\$ 78	10
Trademarks/ Tradenames	9	5
Non-compete agreements	1	5
Product development	38	7
Other	29	5
Total	<u>\$ 155</u>	

The accounting for the acquisition of S.I.N. has not been completed in several areas, including but not limited to pending assessments of accounts receivable, inventory, intangible assets, right-of-use lease assets, accrued liabilities and income and non-income based taxes. To assist management in the allocation of consideration, we engaged valuation specialists to determine the fair value of intangible and tangible assets acquired and liabilities assumed. We will finalize the amounts recognized as the information necessary to complete the analysis is obtained. We expect to finalize these amounts as soon as possible but no later than one year from the acquisition date. The pro forma financial information has not been presented because the impact of the S.I.N. acquisition

**(in millions, except share and per share data)**  
**(unaudited)**

during the three and nine months ended September 30, 2023 was immaterial to our condensed consolidated financial statements.

*Acquisition of Biotech Dental*

On April 5, 2023, we acquired a 57% voting equity interest in Biotech Dental (“Biotech Dental”), which is a provider of dental implants, clear aligners, individualized prosthetics, and innovative digital dental software based in France. Biotech Dental has several important solutions for dental practices and dental labs, including Nemetec, a comprehensive, integrated suite of planning and diagnostic software using open architecture that connects disparate medical devices to create a digital view of the patient, offering greater diagnostic accuracy and an improved patient experience. The integration of Biotech Dental’s software with Henry Schein One’s industry-leading practice management software solutions will help customers streamline their clinical as well as administrative workflow for the ultimate benefit of patients.

The following table aggregates the preliminary estimated fair value, as of the date of acquisition, of consideration paid and net assets acquired in the Biotech Dental acquisition:

	<u>2023</u>
Acquisition consideration:	
Cash	\$ 216
Fair value of contributed equity share in a controlled subsidiary	25
Redeemable noncontrolling interests	182
Total consideration	<u>\$ 423</u>
Identifiable assets acquired and liabilities assumed:	
Current assets	\$ 80
Intangible assets	119
Other noncurrent assets	76
Current liabilities	(51)
Long-term debt	(84)
Deferred income taxes	(38)
Other noncurrent liabilities	(22)
Total identifiable net assets	80
Goodwill	343
Total net assets acquired	<u>\$ 423</u>

Goodwill is a result of expected synergies that are expected to originate from the acquisition as well as the expected growth potential of Biotech Dental. The acquired goodwill is deductible for tax purposes.

The following table summarizes the preliminary identifiable intangible assets acquired as part of the acquisition of Biotech Dental:

	<u>2023</u>	Estimated Useful Lives (in years)
Customer relationships and lists	\$ 60	10
Trademarks/ Tradenames	14	5
Non-compete agreements	1	5
Other	44	5
Total	<u>\$ 119</u>	

**HENRY SCHEIN, INC.**

The accounting for the acquisition of Biotech Dental has not been completed in several areas, including but not limited to pending assessments of accounts receivable, inventory, intangible assets, right-of-use lease assets, accrued liabilities and income and non-income based taxes. To assist management in the allocation of consideration, we engaged valuation specialists to determine the fair value of intangible and tangible assets acquired and liabilities assumed. We will finalize the amounts recognized as the information necessary to complete the analysis is obtained. We expect to finalize these amounts as soon as possible but no later than one year from the acquisition date. The pro forma financial information has not been presented because the impact of the Biotech Dental acquisition during the three and nine months ended September 30, 2023 was immaterial to our condensed consolidated financial statements.

*Other 2023 Acquisitions*

During the nine months ended September 30, 2023, we acquired companies within the health care distribution and technology and value-added services segments. Our acquired ownership interest ranged between 51% to 100%.

The following table aggregates the preliminary estimated fair value, as of the date of acquisition, of consideration paid and net assets acquired for these acquisitions during the nine months ended September 30, 2023.

	<u>2023</u>
Acquisition consideration:	
Cash	\$ 167
Deferred consideration	4
Estimated fair value of contingent consideration payable	6
Fair value of previously held equity method investment	29
Redeemable noncontrolling interests	77
Total consideration	<u>\$ 283</u>
Identifiable assets acquired and liabilities assumed:	
Current assets	\$ 32
Intangible assets	117
Other noncurrent assets	18
Current liabilities	(23)
Deferred income taxes	(13)
Long-term debt	(8)
Other noncurrent liabilities	(10)
Total identifiable net assets	113
Goodwill	170
Total net assets acquired	<u>\$ 283</u>

**HENRY SCHEIN, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(in millions, except share and per share data)**  
**(unaudited)**

Goodwill is a result of the expected synergies and cross-selling opportunities that these acquisitions are expected to provide for us, as well as the expected growth potential. Approximately half of the acquired goodwill is deductible for tax purposes.

In connection with an acquisition of a controlling interest of an affiliate, we recognized a gain of approximately \$18 million related to the remeasurement to fair value of our previously held equity investment, using a discounted cash flow model based on Level 3 inputs, as defined in [Note 6 – Fair Value Measurements](#).

The following table summarizes the preliminary identifiable intangible assets acquired during the nine months ended September 30, 2023 and their estimated useful lives as of the date of the acquisition:

	<b>2023</b>	Estimated Useful Lives (in years)
Customer relationships and lists	\$ 76	2-12
Trademarks/ Tradenames	9	5-10
Non-compete agreements	2	5
Product development	7	7
Patents	1	10
Other	22	5
<b>Total</b>	<b>\$ 117</b>	

The pro forma financial information has not been presented because the impact of the acquisitions during the three and nine months ended September 30, 2023 was immaterial to our condensed consolidated financial statements.

*Acquisition Costs*

During the nine months ended September 30, 2023 and September 24, 2022 we incurred \$18 million and \$6 million, respectively, in acquisition costs, which are included in “selling, general and administrative” within our condensed consolidated statements of income.

**HENRY SCHEIN, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(in millions, except share and per share data)**  
**(unaudited)**

**Note 6 – Fair Value Measurements**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs).

The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1— Unadjusted quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.
- Level 2— Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3— Inputs that are unobservable for the asset or liability.

The following section describes the fair values of our financial instruments and the methodologies that we used to measure their fair values.

*Investments and notes receivable*

There are no quoted market prices available for investments in unconsolidated affiliates and notes receivable. Certain of our notes receivable contain variable interest rates. We believe the carrying amounts are a reasonable estimate of fair value based on the interest rates in the applicable markets.

*Debt*

The fair value of our debt (including bank credit lines, current maturities of long-term debt and long-term debt) is classified as Level 3 within the fair value hierarchy, and as of September 30, 2023 and December 31, 2022 was estimated at \$1,899 million and \$1,149 million, respectively. Factors that we considered when estimating the fair value of our debt include market conditions, such as interest rates and credit spreads.

*Derivative contracts*

Derivative contracts are valued using quoted market prices and significant other observable inputs. We use derivative instruments to minimize our exposure to fluctuations in foreign currency exchange rates. Our derivative instruments primarily include foreign currency forward agreements related to certain intercompany loans, certain forecasted inventory purchase commitments with foreign suppliers, foreign currency forward contracts to hedge a portion of our euro-denominated foreign operations which are designated as net investment hedges, hedging of the floating interest rate to a fixed interest rate on our \$750 million term loan (see [Note 8 – Debt](#) for additional information), and a total return swap for the purpose of economically hedging our unfunded non-qualified supplemental executive retirement plan (the “SERP”) and our deferred compensation plan (the “DCP”). See [Note 7 – Derivatives and Hedging Activities](#) for additional information.

**HENRY SCHEIN, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(in millions, except share and per share data)  
(unaudited)

The fair values for the majority of our foreign currency derivative contracts are obtained by comparing our contract rate to a published forward price of the underlying market rates, which is based on market rates for comparable transactions and are classified within Level 2 of the fair value hierarchy.

*Total Return Swaps*

The fair value for the total return swap is measured by valuing the underlying exchange traded funds of the swap using market-on-close pricing by industry providers as of the valuation date and are classified within Level 2 of the fair value hierarchy.

*Redeemable noncontrolling interests*

The values for redeemable noncontrolling interests are classified within Level 3 of the fair value hierarchy and are based on recent transactions and/or implied multiples of earnings. See [Note 13 – Redeemable Noncontrolling Interests](#) for additional information.

The following table presents our assets and liabilities that are measured and recognized at fair value on a recurring basis classified under the appropriate level of the fair value hierarchy as of September 30, 2023 and December 31, 2022:

	<b>September 30, 2023</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>

**(in millions, except share and per share data)**  
**(unaudited)**

**Note 7 – Derivatives and Hedging Activities**

We are exposed to market risks as well as changes in foreign currency exchange rates as measured against the U.S. dollar and changes to the credit risk of the derivative counterparties. We attempt to minimize these risks by primarily using interest rate swaps, foreign currency forward contracts and by maintaining counter-party credit limits. These hedging activities provide only limited protection against interest rate, currency exchange and credit risks. Factors that could influence the effectiveness of our hedging programs include market interest rates, currency markets and availability of hedging instruments and liquidity of the credit markets. All interest rate swaps and foreign currency forward contracts that we enter into are components of hedging programs and are entered into for the sole purpose of hedging an existing or anticipated interest rate or currency exposure. We do not enter into such contracts for speculative purposes and we manage our credit risks by diversifying our counterparties, maintaining a strong balance sheet and having multiple sources of capital.

During 2019 we entered into foreign currency forward contracts to hedge a portion of our euro-denominated foreign operations which are designated as net investment hedges. These net investment hedges offset the change in the U.S. dollar value of our investment in certain euro-functional currency subsidiaries due to fluctuating foreign exchange rates. Gains and losses related to these net investment hedges are recorded in accumulated other comprehensive loss within our condensed consolidated balance sheets. Amounts excluded from the assessment of hedge effectiveness are included in interest expense within our condensed consolidated statements of income. The aggregate notional value of this net investment hedge, which matured on November 16, 2023, is approximately €200 million. During the three months ended September 30, 2023 and September 24, 2022, we recorded an increase of \$4 million and \$15 million, respectively, within other comprehensive income related to these foreign currency forward contracts. During the nine months ended September 30, 2023 and September 24, 2022, we recorded an increase of \$1 million and \$26 million, respectively, within other comprehensive income related to these foreign currency forward contracts. See [Note 6 – Fair Value Measurements](#) for additional information.

On March 20, 2020, we entered into a total return swap for the purpose of economically hedging our unfunded non-qualified SERP and our DCP. This swap will offset changes in our SERP and DCP liabilities. At the inception, the notional value of the investments in these plans was \$43 million. At September 30, 2023, the notional value of the investments in these plans was \$86 million. At September 30, 2023, the financing blended rate for this swap was based on the Secured Overnight Financing Rate (“SOFR”) of 5.31% plus 0.52%, for a combined rate of 5.83%. For the three months ended September 30, 2023 and September 24, 2022, we have recorded a loss, within selling, general and administrative in our condensed consolidated statement of income, of approximately \$7 million and \$2 million, respectively, net of transaction costs, related to this undesignated swap. For the nine months ended September 30, 2023 and September 24, 2022, we have recorded a loss, within selling, general and administrative in our condensed consolidated statement of income, of approximately \$1 million and \$8 million, respectively, net of transaction costs, related to this undesignated swap.

On July 11, 2023, we entered into interest rate swap agreements to hedge the cash flow of our variable rate \$750 million floating debt term loan facility, with three years maturity, effectively changing the floating rate portion of our obligation to a fixed rate. Under the terms of the interest rate swap agreements, we receive variable interest payments based on the one-month Term SOFR rate and pay interest at a fixed rate. As of September 30, 2023, the notional value of the interest rate swap agreements was \$745 million. For the three and nine months ended September 30, 2023, we recorded, within accumulated other comprehensive loss within our condensed consolidated balance sheets, a gain of \$4 million related to the change in the fair value of these interest rate swap agreements, since we have designated these swaps agreements as cash flow hedges.

Fluctuations in the value of certain foreign currencies as compared to the U.S. dollar may positively or negatively affect our revenues, gross margins, operating expenses and retained earnings, all of which are expressed in U.S. dollars. Where we deem it prudent, we engage in hedging programs using primarily foreign currency forward contracts aimed at limiting the impact of foreign currency exchange rate fluctuations on earnings. We purchase

**HENRY SCHEIN, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(in millions, except share and per share data)**  
**(unaudited)**

short-term (i.e., generally 18 months or less) foreign currency forward contracts to protect against currency exchange risks associated with intercompany loans due from our international subsidiaries and the payment of merchandise purchases to our foreign suppliers. We do not hedge the translation of foreign currency profits into U.S. dollars, as we regard this as an accounting exposure, not an economic exposure. Amounts related to our hedging activities are recorded in prepaid expenses and other and/or accrued expenses: other within our condensed consolidated balance sheets. Our hedging activities have historically not had a material impact on our condensed consolidated financial statements. Accordingly, additional disclosures related to derivatives and hedging activities required by ASC 815 have been omitted.

**Note 8 – Debt***Bank Credit Lines*

Bank credit lines consisted of the following:

	September 30, 2023	December 31, 2022
Revolving credit agreement	\$ -	\$ -
Other short-term bank credit lines	12	103
Total	<u>\$ 12</u>	<u>\$ 103</u>

*Revolving Credit Agreement*

On August 20, 2021, we entered into a \$1.0 billion revolving credit agreement (the “Revolving Credit Agreement”) which was scheduled to mature on August 20, 2026. On July 11, 2023, we amended and restated the Revolving Credit Agreement to, among other things, extend the maturity date to July 11, 2028 and update the interest rate provisions to reflect the current market approach for a multicurrency facility. The interest rate on this revolving credit facility is based on Term Secured Overnight Financing Rate (“Term SOFR”) plus a spread based on our leverage ratio at the end of each financial reporting quarter. The Revolving Credit Agreement requires, among other things, that we maintain certain maximum leverage ratios. Additionally, the Revolving Credit Agreement contains customary representations, warranties and affirmative covenants as well as customary negative covenants, subject to negotiated exceptions, on liens, indebtedness, significant corporate changes (including mergers), dispositions and certain restrictive agreements. As of September 30, 2023 and December 31, 2022, we had \$0 million and \$0 million in borrowings, respectively under this revolving credit facility. As of September 30, 2023 and December 31, 2022, there were \$9 million and \$9 million of letters of credit, respectively, provided to third parties under this credit facility.

*Other Short-Term Bank Credit Lines*

As of September 30, 2023 and December 31, 2022, we had various other short-term bank credit lines available, in various currencies, with a maximum borrowing capacity of \$366 million and \$402 million, respectively. As of September 30, 2023 and December 31, 2022, \$12 million and \$103 million, respectively, were outstanding. At September 30, 2023 and December 31, 2022, borrowings under all of these credit lines had a weighted average interest rate of 4.34% and 10.11%, respectively.

[Table of Contents](#)

**HENRY SCHEIN, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(in millions, except share and per share data)  
(unaudited)

*Long-term debt*

Long-term debt consisted of the following:

	September 30, 2023	December 31, 2022
Private placement facilities	\$ 1,074	\$ 699
U.S. trade accounts receivable securitization	-	330
Term loan	745	-
Various collateralized and uncollateralized loans payable with interest, in varying installments through 2023 at interest rates ranging from 0.00% to 9.42% at September 30, 2023 and ranging from 0.00% to 3.50% at December 31, 2022	58	7
Finance lease obligations	10	10
Total	1,887	1,046
Less current maturities	(72)	(6)
Total long-term debt	<u>\$ 1,815</u>	<u>\$ 1,040</u>

*Private Placement Facilities*

Our private placement facilities include four insurance companies, have a total facility amount of \$1.5 billion, and are available on an uncommitted basis at fixed rate economic terms to be agreed upon at the time of issuance, from time to time through October 20, 2026. The facilities allow us to issue senior promissory notes to the lenders at a fixed rate based on an agreed upon spread over applicable treasury notes at the time of issuance. The term of each possible issuance will be selected by us and can range from five to 15 years (with an average life no longer than 12 years). The proceeds of any issuances under the facilities will be used for general corporate purposes, including working capital and capital expenditures, to refinance existing indebtedness, and/or to fund potential acquisitions. The agreements provide, among other things, that we maintain certain maximum leverage ratios, and contain restrictions relating to subsidiary indebtedness, liens, affiliate transactions, disposal of assets and certain changes in ownership. These facilities contain make-whole provisions in the event that we pay off the facilities prior to the applicable due dates.

The components of our private placement facility borrowings, which have a weighted average interest rate of 3.65%, as of September 30, 2023 are presented in the following table:

Date of Borrowing	Amount of Borrowing Outstanding	Borrowing Rate	Due Date
January 20, 2012	\$ 50	3.45%	January 20, 2024

*U.S. Trade Accounts Receivable Securitization*

We have a facility agreement based on the securitization of our U.S. trade accounts receivable that is structured as an asset-backed securitization program with pricing committed for up to three years. This facility agreement has a purchase limit of \$450 million with two banks as agents, and expires on December 15, 2025.

As of September 30, 2023 and December 31, 2022, the borrowings outstanding under this securitization facility were \$0 million and \$330 million, respectively. At September 30, 2023, the interest rate on borrowings under this facility was based on the asset-backed commercial paper rate of 5.59% plus 0.75%, for a combined rate of 6.34%. At December 31, 2022, the interest rate on borrowings under this facility was based on the asset-backed commercial paper rate of 4.58% plus 0.75%, for a combined rate of 5.33%.

If our accounts receivable collection pattern changes due to customers either paying late or not making payments, our ability to borrow under this facility may be reduced.

We are required to pay a commitment fee of 30 to 35 basis points depending upon program utilization.

*Term Loan*

On July 11, 2023, we entered into a three-year \$750 million term loan credit agreement (the “Term Credit Agreement”). The interest rate on this term loan is based on the Term SOFR plus a spread based on our leverage ratio at the end of each financial reporting quarter. This term loan matures on July 11, 2026. As of September 30, 2023, the borrowings outstanding under this term loan were \$745 million. At September 30, 2023, the interest on this Term Credit Agreement was 5.33% plus 1.35% for a combined rate of 6.68%. However, we have a hedge in place (see [Note 7 – Derivatives and Hedging Activities](#) for additional information) that ultimately creates an effective fixed rate of 5.79%. The Term Credit Agreement requires, among other things, that we maintain certain maximum leverage ratios. Additionally, the Term Credit Agreement contains customary representations, warranties and affirmative covenants as well as customary negative covenants, subject to negotiated exceptions, on liens, indebtedness, significant corporate changes (including mergers), dispositions and certain restrictive agreements.

**HENRY SCHEIN, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(in millions, except share and per share data)**  
**(unaudited)**

**Note 9 – Income Taxes**

For the nine months ended September 30, 2023 our effective tax rate was 22.5%, compared to 23.5% for the prior year period. The difference between our effective tax rate and the federal statutory tax rate primarily relates to state and foreign income taxes and interest expense.

The total amount of unrecognized tax benefits, which are included in “other liabilities” within our condensed consolidated balance sheets, as of September 30, 2023 and December 31, 2022 was \$110 million and \$94 million, respectively, of which \$102 million and \$80 million, respectively, would affect the effective tax rate if recognized. It is possible that the amount of unrecognized tax benefits will change in the next 12 months, which may result in a material impact on our condensed consolidated statements of income.

All tax returns audited by the IRS are officially closed through 2019. The tax years subject to examination by the IRS include years 2020 and forward. In addition, limited positions reported in the 2017 tax year are subject to IRS examination.

The total amounts of interest and penalties are classified as a component of the provision for income taxes. The amount of tax interest expense was \$3 million for the nine months ended September 30, 2023 and \$1 million for the nine months ended September 24, 2022. The total amount of accrued interest is included in “other liabilities,” and was \$15 million as of September 30, 2023 and \$12 million as of December 31, 2022. The amount of penalties accrued for during the periods presented were not material to our condensed consolidated financial statements.

**Note 10 – Plan of Restructuring and Integration Costs**

On August 1, 2022, we committed to a restructuring plan focused on funding the priorities of the strategic plan and streamlining operations and other initiatives to increase efficiency. We revised our previous expectations of completion and now expect this initiative to extend through 2024. We are currently unable in good faith to make a determination of an estimate of the amount or range of amounts expected to be incurred in connection with these activities, both with respect to each major type of cost associated therewith and with respect to the total cost, or an estimate of the amount or range of amounts that will result in future cash expenditures.

During the three months ended September 30, 2023 and September 24, 2022, we recorded restructuring costs of \$11 million and \$9 million, respectively. During the nine months ended September 30, 2023 and September 24, 2022, we recorded restructuring costs of \$59 million and \$9 million, respectively. The restructuring costs for these periods primarily related to severance and employee-related costs, accelerated amortization of right-of-use lease assets and fixed assets, and other lease exit costs. Included in restructuring costs for the nine months ended September 30, 2023 were immaterial amounts related to the disposal of an unprofitable U.S. business initiated during 2022 and completed during the first quarter of 2023.

On August 26, 2022, we acquired Midway Dental Supply. In connection with this acquisition, during the three months ended September 24, 2022, we recorded integration costs of \$1 million related to one-time employee and other costs, as well as restructuring charges of \$2 million, which are included in the \$9 million of restructuring charges discussed above.

**HENRY SCHEIN, INC.**

**(in millions, except share and per share data)**  
**(unaudited)**

**Note 11 – Legal Proceedings**

Henry Schein, Inc. has been named as a defendant in multiple opioid related lawsuits (currently less than one-hundred and seventy-five (175); one or more of Henry Schein, Inc.'s subsidiaries is also named as a defendant in a number of those cases). Generally, the lawsuits allege that the manufacturers of prescription opioid drugs engaged in a false advertising campaign to expand the market for such drugs and their own market share and that the entities in the supply chain (including Henry Schein, Inc. and its subsidiaries) reaped financial rewards by refusing or otherwise failing to monitor appropriately and restrict the improper distribution of those drugs. These actions consist of some that have been consolidated within the MultiDistrict Litigation ("MDL") proceeding In Re National Prescription Opiate Litigation (MDL No. 2804; Case No. 17-md-2804) and are currently stayed, and others which remain pending in state courts and are proceeding independently and outside of the MDL. At this time, the following cases are set for trial: the action filed by Mobile County Board of Health, et al. in Alabama state court, which has been set for a jury trial on August 12, 2024; and the action filed by Florida Health Sciences Center, Inc. (and 26 other hospitals located throughout the State of Florida) in Florida state court, which is currently scheduled for a jury trial in September 2025. Of Henry Schein's 2022 net sales of approximately \$12.6 billion from continuing operations, sales of opioids represented less than two-tenths of 1 percent. Opioids represent a negligible part of our business. We intend to defend ourselves vigorously against these actions.

In August 2022, Henry Schein received a Grand Jury Subpoena from the United States Attorney's Office for the Western District of Virginia, seeking documents in connection with an investigation of possible violations of the Federal Food, Drug & Cosmetic Act by Butler Animal Health Supply, LLC ("Butler"), a former subsidiary of Henry Schein. The investigation relates to the sale of veterinary prescription drugs to certain customers. In October 2022, Henry Schein received a second Grand Jury Subpoena from the United States Attorney's Office for the Western District of Virginia. The October Subpoena seeks documents relating to payments Henry Schein received from Butler or Covetrus, Inc. ("Covetrus"). Butler was spun off into a separate company and became a subsidiary of Covetrus in 2019 and is no longer owned by Henry Schein. We are cooperating with the investigation.

From time to time, we may become a party to other legal proceedings, including, without limitation, product liability claims, employment matters, commercial disputes, governmental inquiries and investigations (which may in some cases involve our entering into settlement arrangements or consent decrees), and other matters arising out of the ordinary course of our business. While the results of any legal proceeding cannot be predicted with certainty, in our opinion none of these other pending matters are currently anticipated to have a material adverse effect on our consolidated financial position, liquidity or results of operations.

As of September 30, 2023, we had accrued our best estimate of potential losses relating to claims that were probable to result in liability and for which we were able to reasonably estimate a loss. This accrued amount, as well as related expenses, was not material to our financial position, results of operations or cash flows. Our method for determining estimated losses considers currently available facts, presently enacted laws and regulations and other factors, including probable recoveries from third parties.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(in millions, except share and per share data)**  
**(unaudited)**

**Note 12 – Stock-Based Compensation**

Stock-based awards are provided to certain employees under the terms of our 2020 Stock Incentive Plan and to non-employee directors under the terms of our 2023 Non-Employee Director Stock Incentive Plan (formerly known as the 2015 Non-Employee Director Stock Incentive Plan) (together, the “Plans”). The Plans are administered by the Compensation Committee of the Board of Directors (the “Compensation Committee”). Historically, equity-based awards to our employees have been granted solely in the form of time-based and performance-based restricted stock units (“RSUs”) with the exception of our 2021 plan year in which non-qualified stock options were issued in place of performance-based RSUs. In 2022, we granted time-based and performance-based RSUs, as well as non-qualified stock options. For our 2023 plan year, we returned to granting our employees equity-based awards solely in the form of time-based and performance-based RSUs. Our non-employee directors receive equity-based awards solely in the form of time-based RSUs.

RSUs are stock-based awards granted to recipients with specified vesting provisions. In the case of RSUs, common stock is delivered on or following satisfaction of vesting conditions. We issue RSUs to employees that primarily vest (i) solely based on the recipient’s continued service over time, primarily with four-year cliff vesting and/or (ii) based on achieving specified performance measurements and the recipient’s continued service over time, primarily with three-year cliff vesting. RSUs granted to our non-employee directors primarily are granted with 12-month cliff vesting. For these RSUs, we recognize the cost as compensation expense on a straight-line basis.

With respect to time-based RSUs, we estimate the fair value based on our closing stock price on the date of grant. With respect to performance-based RSUs, the number of shares that ultimately vest and are received by the recipient is based upon our performance as measured against specified targets over a specified period, as determined by the Compensation Committee. Although there is no guarantee that performance targets will be achieved, we estimate the fair value of performance-based RSUs based on our closing stock price at time of grant.

Each of the Plans provide for certain adjustments to the performance measurement in connection with awards under the Plans. With respect to the performance-based RSUs granted under our 2020 Stock Incentive Plan, such performance measurement adjustments relate to significant events, including, without limitation, acquisitions, divestitures, new business ventures, certain capital transactions (including share repurchases), differences in budgeted average outstanding shares (other than those resulting from capital transactions referred to above), restructuring costs, if any, certain litigation settlements or payments, if any, changes in accounting principles or in applicable laws or regulations, changes in income tax rates in certain markets, foreign exchange fluctuations, the financial impact either positive or negative, of the difference in projected earnings generated by COVID-19 test kits (solely with respect to performance-based RSUs granted in the 2022 and 2023 plan years) and impairment charges (solely with respect to performance-based RSUs granted in the 2023 plan year), and unforeseen events or circumstances affecting us.

Over the performance period, the number of shares of common stock that will ultimately vest and be issued and the related compensation expense is adjusted upward or downward based upon our estimation of achieving such performance targets. The ultimate number of shares delivered to recipients and the related compensation cost recognized as an expense will be based on our actual performance metrics as defined under the Plans.

Stock options are awards that allow the recipient to purchase shares of our common stock at a fixed price following vesting of the stock options. Stock options were granted at an exercise price equal to our closing stock price on the date of grant. Stock options issued in 2021 and 2022 vest one-third per year based on the recipient’s continued service, subject to the terms and conditions of the 2020 Stock Incentive Plan, are fully vested three years from the grant date and have a contractual term of ten years from the grant date, subject to earlier termination of the term upon certain events. Compensation expense for these stock options is recognized using a graded vesting method. We estimated the fair value of stock options using the Black-Scholes valuation model. During the nine months ended September 30, 2023 we did not grant any stock options.

**HENRY SCHEIN, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(in millions, except share and per share data)  
(unaudited)

Our accompanying condensed consolidated statements of income reflect pre-tax share-based compensation expense of \$14 million (\$11 million after-tax) and \$38 million (\$30 million after-tax) for the three and nine months ended September 30, 2023, respectively. For the three and nine months ended September 24, 2022, we recorded pre-tax share-based compensation expense of \$17 million (\$13 million after-tax) and \$44 million (\$34 million after-tax), respectively.

Total unrecognized compensation cost related to unvested awards as of September 30, 2023 was \$83 million, which is expected to be recognized over a weighted-average period of approximately 2.5 years.

Our accompanying condensed consolidated statements of cash flows present our stock-based compensation expense as an adjustment to reconcile net income to net cash provided by operating activities for all periods presented. In the accompanying condensed consolidated statements of cash flows, there were no benefits associated with tax deductions in excess of recognized compensation as a cash inflow from financing activities for the nine months ended September 30, 2023 and September 24, 2022, respectively.

We have not declared cash dividends on our stock in the past and we do not anticipate declaring cash dividends in the foreseeable future. The expected stock price volatility is based on implied volatilities from traded options on our stock, historical volatility of our stock, and other factors. The risk-free interest rate is based on the U.S. Treasury yield curve in effect at the time of grant in conjunction with considering the expected life of options. The six-year expected life of the options was determined using the simplified method for estimating the expected term as permitted under SAB Topic 14. Estimates of fair value are not intended to predict actual future events or the value ultimately realized by recipients of stock options, and subsequent events are not indicative of the reasonableness of the original estimates of fair value made by us.

The following table summarizes the stock option activity during the nine months ended September 30, 2023:

	<b>Stock Options</b>			
	<b>Shares</b>	<b>Weighted Average Exercise Price</b>	<b>Weighted Average Remaining Contractual Life (in years)</b>	<b>Aggregate Intrinsic Value</b>
Outstanding at beginning of period	1,117,574	\$ 71.38

**Note 13 – Redeemable Noncontrolling Interests**

Some minority stockholders in certain of our subsidiaries have the right, at certain times, to require us to acquire their ownership interest in those entities at fair value. ASC 480-10 is applicable for noncontrolling interests where we are or may be required to purchase all or a portion of the outstanding interest in a consolidated subsidiary from the noncontrolling interest holder under the terms of a put option contained in contractual agreements. The components of the change in the redeemable noncontrolling interests for the nine months ended September 30, 2023 and the year ended December 31, 2022 are presented in the following table:

	September 30, 2023	December 31, 2022
Balance, beginning of period	\$ 576	\$ 613
Decrease in redeemable noncontrolling interests due to acquisitions of noncontrolling interests in subsidiaries	(19)	(31)
Increase in redeemable noncontrolling interests due to business acquisitions	281	4
Net income attributable to redeemable noncontrolling interests	11	21
Dividends declared	(13)	(21)
Effect of foreign currency translation loss attributable to redeemable noncontrolling interests	(1)	(6)
Change in fair value of redeemable securities	(14)	(4)
Balance, end of period	<u>\$ 821</u>	<u>\$ 576</u>

(in millions, except share and per share data)  
(unaudited)

**Note 14 – Comprehensive Income**

Comprehensive income includes certain gains and losses that, under U.S. GAAP, are excluded from net income as such amounts are recorded directly as an adjustment to stockholders' equity.

The following table summarizes our Accumulated other comprehensive loss, net of applicable taxes as of:

	September 30, 2023	December 31, 2022
<b>Attributable to redeemable noncontrolling interests:</b>		
Foreign currency translation adjustment	\$ (38)	\$ (37)
<b>Attributable to noncontrolling interests:</b>		
Foreign currency translation adjustment	\$ (1)	\$ (1)
<b>Attributable to Henry Schein, Inc.:</b>		
Foreign currency translation adjustment	\$ (252)	\$ (236)
Unrealized gain from foreign currency hedging activities	7	5
Pension adjustment loss	(2)	(2)
Accumulated other comprehensive loss	<u>\$ (247)</u>	<u>\$ (233)</u>
<b>Total Accumulated other comprehensive loss</b>	<u><b>\$ (286)</b></u>	<u><b>\$ (271)</b></u>

The following table summarizes the components of comprehensive income, net of applicable taxes as follows:

	Three Months Ended		Nine Months Ended	
	September 30, 2023	September 24, 2022	September 30, 2023	September 24, 2022
Net income	\$ 143	\$ 162	\$ 419	\$ 515
Foreign currency translation loss	(45)	(89)	(17)	(176)
Tax effect	-	-	-	-
Foreign currency translation loss	<u>(45)</u>	<u>(89)</u>	<u>(17)</u>	<u>(176)</u>
<b>Unrealized gain from foreign currency hedging activities</b>				
	9	15	3	27
Tax effect	(3)	(4)	(1)	(7)
Unrealized gain from foreign currency hedging activities	<u>6</u>	<u>11</u>	<u>2</u>	<u>20</u>
Pension adjustment gain	-	2	-	2
Tax effect	-	(1)	-	(1)
Pension adjustment gain	<u>-</u>	<u>1</u>	<u>-</u>	<u>1</u>
Comprehensive income	<u><b>\$ 104</b></u>	<u><b>\$ 85</b></u>	<u><b>\$ 404</b></u>	<u><b>\$ 360</b></u>

Our financial statements are denominated in the U.S. Dollar currency. Fluctuations in the value of foreign currencies as compared to the U.S. Dollar may have a significant impact on our comprehensive income. The foreign currency translation loss during the nine months ended September 30, 2023 and nine months ended September 24, 2022 was primarily due to changes in foreign currency exchange rates of the Australian Dollar, Brazilian Real, British Pound, Canadian Dollar, Chinese Yuan, and Euro.

**HENRY SCHEIN, INC.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(in millions, except share and per share data)  
(unaudited)

The following table summarizes our total comprehensive income, net of applicable taxes as follows:

	Three Months Ended		Nine Months Ended	
	September 30, 2023	September 24, 2022	September 30, 2023	September 24, 2022
Comprehensive income attributable to Henry Schein, Inc.	\$ 100	\$ 79	\$ 384	\$ 350
Comprehensive income attributable to noncontrolling interests	4	2	10	4
Comprehensive income attributable to redeemable noncontrolling interests	-	4	10	6
<b>Comprehensive income</b>	<b>\$ 104</b>	<b>\$ 85</b>	<b>\$ 404</b>	<b>\$ 360</b>

**Note 15 – Earnings Per Share**

Basic earnings per share is computed by dividing net income attributable to Henry Schein, Inc. by the weighted-average number of common shares outstanding for the period. Our diluted earnings per share is computed similarly to basic earnings per share, except that it reflects the effect of common shares issuable for presently unvested RSUs and upon exercise of stock options using the treasury stock method in periods in which they have a dilutive effect.

A reconciliation of shares used in calculating earnings per basic and diluted share follows:

	Three Months Ended		Nine Months Ended	
	September 30, 2023	September 24, 2022	September 30, 2023	September 24, 2022
Basic	130,388,353	135,608,678	130,888,717	136,731,413
Effect of dilutive securities:				
Stock options and restricted stock units	1,053,782	1,475,371	1,260,455	1,756,841
Diluted	<u>131,442,135</u>	<u>137,084,049</u>	<u>132,149,172</u>	<u>138,488,254</u>

The number of antidilutive securities that were excluded from the calculation of diluted weighted average common shares outstanding are as follows:

	Three Months Ended		Nine Months Ended	
	September 30, 2023	September 24, 2022	September 30, 2023	September 24, 2022
Stock options	424,005	482,497	426,237	310,565
Restricted stock units	7,362	445,994	15,072	261,718
<b>Total anti-dilutive securities excluded from earnings per share computation</b>	<b><u>431,367</u></b>	<b><u>928,491</u></b>	<b><u>441,309</u></b>	<b><u>572,283</u></b>

**Note 16 – Supplemental Cash Flow Information**

Cash paid for interest and income taxes was:

	<u>Nine Months Ended</u>	
	<u>September 30,</u> <u>2023</u>	<u>September 24,</u> <u>2022</u>
Interest	\$ 52	\$ 29
Income taxes	178	235

During the nine months ended September 30, 2023 and September 24, 2022, we had \$3 million and \$27 million of non-cash net unrealized gains related to foreign currency hedging activities, respectively. See [Note 7 – Derivatives and Hedging Activities](#) for additional information related to our total return swap and our interest rate swap agreements.

**Note 17 – Related Party Transactions**

In connection with the formation of Henry Schein One, LLC, our joint venture with Internet Brands, which was formed on July 1, 2018, we entered into a ten-year royalty agreement with Internet Brands whereby we will pay Internet Brands approximately \$31 million annually for the use of their intellectual property. During the three and nine months ended September 30, 2023, we recorded \$8 million and \$23 million, respectively, in connection with costs related to this royalty agreement. During the three and nine months ended September 24, 2022, we recorded \$8 million and \$23 million, respectively, in connection with costs related to this royalty agreement. As of September 30, 2023 and December 31, 2022, Henry Schein One, LLC had a net payable balance due to Internet Brands of \$10 million and \$9 million, respectively, comprised of amounts related to results of operations and the royalty agreement. The components of this payable are recorded within accrued expenses: other, within our condensed consolidated balance sheets.

During our normal course of business, we have interests in entities that we account for under the equity accounting method. During the three and nine months ended September 30, 2023, we recorded net sales of \$10 million and \$33 million, respectively, to such entities. During the three and nine months ended September 24, 2022, we recorded net sales of \$13 million and \$35 million, respectively, to such entities. During the three and nine months ended September 30, 2023, we purchased \$1 million and \$7 million, respectively, from such entities. During the three and nine months ended September 24, 2022, we purchased \$1 million and \$9 million, respectively, from such entities. At September 30, 2023 and December 31, 2022, we had an aggregate of \$33 million and \$36 million, respectively, due from our equity affiliates, and \$5 million and \$6 million, respectively, due to our equity affiliates.

Certain of our facilities related to our acquisitions are leased from employees and minority shareholders. These leases are classified as operating leases and have a remaining lease term ranging from less than one year to 14 years. As of September 30, 2023, current and non-current liabilities associated with related party operating leases were \$5 million and \$24 million, respectively. Related party leases represented 6.9% and 7.6% of the total current and non-current operating lease liabilities.

**(in millions, except share and per share data)**  
**(unaudited)**

**Note 18 – Subsequent Event**

On October 14, 2023, we became aware of a cybersecurity incident that primarily affected the operations of our North American and European dental and medical distribution businesses. Henry Schein One, our practice management software, revenue cycle management and patient relationship management solutions business was not affected, and our manufacturing businesses and our equipment sales and service operations were mostly unaffected.

Once we became aware of the issue, we took steps to assess, contain and remediate this incident. Our distribution operations resumed and we reactivated our ecommerce platform. We also notified law enforcement and our customers and suppliers informing them of both the incident and management's efforts to mitigate its impact on our daily operations. As previously disclosed, while our forensic investigation is still ongoing, we have determined that a data breach occurred. We are notifying potentially affected parties as appropriate.

On November 22, 2023, we experienced a disruption to our ecommerce platform and related applications. The Company has restored its ecommerce platform and certain other applications in the United States, Canada and certain European countries. Our ecommerce platform in the remaining European countries and other applications are expected to follow shortly.

We continue to review the impact of the incident on our business. As previously disclosed, we believe the incident will adversely impact our financial results for the fourth quarter and full year 2023.

We maintain cyber insurance, subject to certain retentions and policy limitations. There can be no assurance that the insurance coverage we maintain is sufficient to cover costs and expenses related to this cybersecurity incident.

## **ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

### **Cautionary Note Regarding Forward-Looking Statements**

In accordance with the "Safe Harbor" provisions of the Private Securities Litigation Reform Act of 1995, we provide the following cautionary remarks regarding important factors that, among others, could cause future results to differ materially from the forward-looking statements, expectations and assumptions expressed or implied herein. All forward-looking statements made by us are subject to risks and uncertainties and are not guarantees of future performance. These forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance and achievements or industry results to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These statements are generally identified by the use of such terms as "may," "could," "expect," "intend," "believe," "plan," "estimate," "forecast," "project," "anticipate," "to be," "to make" or other comparable terms. Factors that could cause or contribute to such differences include, but are not limited to, those discussed in the documents we file with the Securities and Exchange Commission (SEC), including our Annual Report on Form 10-K. Forward looking statements include the overall impact of the Coronavirus Disease 2019 (COVID-19) on us, our results of operations, liquidity and financial condition (including any estimates of the impact on these items), the rate and consistency with which dental and other practices resume or maintain normal operations in the United States and internationally, expectations regarding PPE products and COVID-19 related product sales and inventory levels, whether additional resurgences or variants of the virus will adversely impact the resumption of normal operations, whether supply chain disruptions will adversely impact our business, the impact of the cybersecurity incident disclosed in the Company's Current Report on Form 8-K filed on October 15, 2023 on our business and results of operations, including the accuracy of our estimates of the impact, the timing and extent of any recovery on insurance claims, the impact of integration and restructuring programs as well as of any future acquisitions, general economic conditions including exchange rates, inflation and recession, and more generally current expectations regarding performance in current and future periods. Forward looking statements also include (i) our ability to have continued access to a variety of COVID-19 test types, and COVID-19 vaccines and ancillary supplies, and (ii) expectations regarding COVID-19 test sales, demand and inventory levels.

Risk factors and uncertainties that could cause actual results to differ materially from current and historical results include, but are not limited to: risks associated with COVID-19 and any variants thereof, as well as other disease outbreaks, epidemics, pandemics, or similar wide-spread public health concerns and other natural disasters; our dependence on third parties for the manufacture and supply of our products; our ability to develop or acquire and maintain and protect new products (particularly technology products) and technologies that achieve market acceptance with acceptable margins; transitional challenges associated with acquisitions, dispositions and joint ventures, including the failure to achieve anticipated synergies/benefits; legal, regulatory, compliance, cybersecurity, financial and tax risks associated with acquisitions, dispositions and joint ventures; certain provisions in our governing documents that may discourage third-party acquisitions of us; adverse changes in supplier rebates or other purchasing incentives; risks related to the sale of corporate brand products; effects of a highly competitive (including, without limitation, competition from third-party online commerce sites) and consolidating market; the repeal or judicial prohibition on implementation of the Affordable Care Act; changes in the health care industry; risks from expansion of customer purchasing power and multi-tiered costing structures; increases in shipping costs for our products or other service issues with our third-party shippers; general global and domestic macro-economic and political conditions, including inflation, deflation, recession, fluctuations in energy pricing and the value of the U.S. dollar as compared to foreign currencies, and changes to other economic indicators, international trade agreements, potential trade barriers and terrorism; geopolitical wars; failure to comply with existing and future regulatory requirements; risks associated with the EU Medical Device Regulation; failure to comply with laws and regulations relating to health care fraud or other laws and regulations; failure to comply with laws and regulations relating to the collection, storage and processing of sensitive personal information or standards in electronic health records or transmissions; changes in tax legislation; risks related to product liability, intellectual property and other claims; litigation risks; new or unanticipated litigation developments and the status of litigation matters; risks associated with customs policies or legislative import restrictions; cyberattacks or other privacy or data security breaches (including the recent October 2023 incident); risks associated with our global operations; our dependence on our senior management, employee hiring and retention, and our relationships with customers, suppliers and

## [Table of Contents](#)

manufacturers; and disruptions in financial markets. The order in which these factors appear should not be construed to indicate their relative importance or priority.

We caution that these factors may not be exhaustive and that many of these factors are beyond our ability to control or predict. Accordingly, any forward-looking statements contained herein should not be relied upon as a prediction of actual results. We undertake no duty and have no obligation to update forward-looking statements except as required by law.

### **Where You Can Find Important Information**

We may disclose important information through one or more of the following channels: SEC filings, public conference calls and webcasts, press releases, the investor relations page of our website ([www.henryschein.com](http://www.henryschein.com)) and the social media channels identified on the Newsroom page of our website.

### **Recent Developments**

During the year ended December 31, 2022 we experienced a decrease in the sales of PPE and COVID-19 test kits as compared to the comparable prior-year period. During the three and nine months ended September 30, 2023, we continued to experience a decrease in the sales of PPE and COVID-19 test kits, primarily due to ongoing decreases in market prices for PPE (principally gloves) and lower market demand for COVID-19 test kits compared with the same periods in the prior year, and we expect further decreases in sales in 2023 compared to the prior year.

While the U.S. economy has recently experienced inflationary pressures and strengthening of the U.S. dollar, their impacts have not been material to our results of operations. The impact from inflation, including manufacturer price increases excluding PPE products, was slightly more pronounced in Europe. Though inflation impacts both our revenues and costs, the depth and breadth of our product portfolio often allows us to offer lower-cost national brand solutions or corporate brand alternatives to our more price-sensitive customers who are unable to absorb price increases, thus positioning us to protect our gross profit.

Our condensed consolidated financial statements reflect estimates and assumptions made by us that affect, among other things, our goodwill, long-lived asset and definite-lived intangible asset valuation; inventory valuation; equity investment valuation; assessment of the annual effective tax rate; valuation of deferred income taxes and income tax contingencies; the allowance for doubtful accounts; hedging activity; supplier rebates; measurement of compensation cost for certain share-based performance awards and cash bonus plans; and pension plan assumptions.

#### *Cybersecurity Incident*

On October 14, 2023, we became aware of a cybersecurity incident that primarily affected the operations of our North American and European dental and medical distribution businesses. Henry Schein One, our practice management software, revenue cycle management and patient relationship management solutions business was not affected, and our manufacturing businesses and our equipment sales and service operations were mostly unaffected.

Once we became aware of the issue, we took steps to assess, contain and remediate this incident. Our distribution operations resumed and we reactivated our ecommerce platform. We also notified law enforcement and our customers and suppliers informing them of both the incident and management's efforts to mitigate its impact on our daily operations. As previously disclosed, while our forensic investigation is still ongoing, we have determined that a data breach occurred. We are notifying potentially affected parties as appropriate.

On November 22, 2023, we experienced a disruption to our ecommerce platform and related applications. The Company has restored its ecommerce platform and certain other applications in the United States, Canada and certain European countries. Our ecommerce platform in the remaining European countries and other applications are expected to follow shortly.

## [Table of Contents](#)

We continue to review the impact of the incident on our business. As previously disclosed, we believe the incident will adversely impact our financial results for the fourth quarter and full year 2023.

We maintain cyber insurance, subject to certain retentions and policy limitations. There can be no assurance that the insurance coverage we maintain is sufficient to cover costs and expenses related to this cybersecurity incident.

### **Executive-Level Overview**

Henry Schein, Inc. is a solutions company for health care professionals powered by a network of people and technology. We believe we are the world's largest provider of health care products and services primarily to office-based dental and medical practitioners, as well as alternate sites of care. We serve more than one million customers worldwide including dental practitioners, laboratories, physician practices, and ambulatory surgery centers, as well as government, institutional health care clinics and other alternate care clinics. We believe that we have a strong brand identity due to our more than 91 years of experience distributing health care products.

We are headquartered in Melville, New York, employ approximately 24,000 people (of which approximately 11,500 are based outside of the United States) and have operations or affiliates in 33 countries and territories. Our broad global footprint has evolved over time through our organic success as well as through contribution from strategic acquisitions.

We have established strategically located distribution centers around the world to enable us to better serve our customers and increase our operating efficiency. This infrastructure, together with broad product and service offerings at competitive prices, and a strong commitment to customer service, enables us to be a single source of supply for our customers' needs.

While our primary go-to-market strategy is in our capacity as a distributor, we also market and sell our own corporate brand portfolio of cost-effective, high-quality consumable merchandise products, manufacture certain dental specialty products in the areas of implants, orthodontics and endodontics, and repackage/relabel prescription drugs and/or devices. We have achieved scale in these global businesses primarily through acquisitions, as manufacturers of these products typically do not utilize a distribution channel to serve customers.

We conduct our business through two reportable segments: (i) health care distribution and (ii) technology and value-added services. These segments offer different products and services to the same customer base. Our global dental businesses serve office-based dental practitioners, dental laboratories, schools, government and other institutions. Our medical businesses serve physician offices, urgent care centers, ambulatory care sites, emergency medical technicians, dialysis centers, home health, federal and state governments and large enterprises, such as group practices and integrated delivery networks, among other providers across a wide range of specialties.

The health care distribution reportable segment, combining our global dental and medical operating segments, distributes consumable products, small equipment, laboratory products, large equipment, equipment repair services, branded and generic pharmaceuticals, vaccines, surgical products, dental specialty products (including implant, orthodontic and endodontic products), diagnostic tests, infection-control products, PPE products and vitamins.

Our global technology and value-added services business provides software, technology and other value-added services to health care practitioners. Our technology business offerings include practice management software systems for dental and medical practitioners. Our value-added practice solutions include practice consultancy, education, revenue cycle management and financial services on a non-recourse basis, e-services, practice technology, network and hardware services, as well as consulting, and continuing education services for practitioners.

A key element to grow closer to our customers is our One Schein initiative, which is a unified go-to-market approach that enables practitioners to work synergistically with our supply chain, equipment sales and service and other value-added services, allowing our customers to leverage the combined value that we offer through a single program. Specifically, One Schein provides customers with streamlined access to our comprehensive offering of

## [Table of Contents](#)

national brand products, our corporate brand products and proprietary specialty products and solutions (including implant, orthodontic and endodontic products). In addition, customers have access to a wide range of services, including software and other value-added services.

### *Industry Overview*

In recent years, the health care industry has increasingly focused on cost containment. This trend has benefited distributors capable of providing a broad array of products and services at low prices. It also has accelerated the growth of HMOs, group practices, other managed care accounts and collective buying groups, which, in addition to their emphasis on obtaining products at competitive prices, tend to favor distributors capable of providing specialized management information support. We believe that the trend towards cost containment has the potential to favorably affect demand for technology solutions, including software, which can enhance the efficiency and facilitation of practice management.

Our operating results in recent years have been significantly affected by strategies and transactions that we undertook to expand our business, domestically and internationally, in part to address significant changes in the health care industry, including consolidation of health care distribution companies, health care reform, trends toward managed care, cuts in Medicare and collective purchasing arrangements.

### *Industry Consolidation*

The health care products distribution industry, as it relates to office-based health care practitioners, is fragmented and diverse. The industry ranges from sole practitioners working out of relatively small offices to group practices or service organizations ranging in size from a few practitioners to a large number of practitioners who have combined or otherwise associated their practices.

Due in part to the inability of office-based health care practitioners to store and manage large quantities of supplies in their offices, the distribution of health care supplies and small equipment to office-based health care practitioners has been characterized by frequent, small quantity orders, and a need for rapid, reliable and substantially complete order fulfillment. The purchasing decisions within an office-based health care practice are typically made by the practitioner or an administrative assistant. Supplies and small equipment are generally purchased from more than one distributor, with one generally serving as the primary supplier.

The trend of consolidation extends to our customer base. Health care practitioners are increasingly seeking to partner, affiliate or combine with larger entities such as hospitals, health systems, group practices or physician hospital organizations. In many cases, purchasing decisions for consolidated groups are made at a centralized or professional staff level; however, orders are delivered to the practitioners' offices.

We believe that consolidation within the industry will continue to result in a number of distributors, particularly those with limited financial, operating and marketing resources, seeking to combine with larger companies that can provide growth opportunities. This consolidation also may continue to result in distributors seeking to acquire companies that can enhance their current product and service offerings or provide opportunities to serve a broader customer base.

Our approach to acquisitions and joint ventures has been to expand our role as a provider of products and services to the health care industry. This trend has resulted in our expansion into service areas that complement our existing operations and provide opportunities for us to develop synergies with, and thus strengthen, the acquired businesses.

As industry consolidation continues, we believe that we are positioned to capitalize on this trend, as we believe we have the ability to support increased sales through our existing infrastructure, although there can be no assurances that we will be able to successfully accomplish this. We also have invested in expanding our sales/marketing infrastructure to include a focus on building relationships with decision makers who do not reside in the office-based practitioner setting.

## [Table of Contents](#)

As the health care industry continues to change, we continually evaluate possible candidates for joint venture or acquisition and intend to continue to seek opportunities to expand our role as a provider of products and services to the health care industry. There can be no assurance that we will be able to successfully pursue any such opportunity or consummate any such transaction, if pursued. If additional transactions are entered into or consummated, we would incur merger and/or acquisition-related costs, and there can be no assurance that the integration efforts associated with any such transaction would be successful.

### *Aging Population and Other Market Influences*

The health care products distribution industry continues to experience growth due to the aging population, increased health care awareness, the proliferation of medical technology and testing, new pharmacological treatments, and expanded third-party insurance coverage, partially offset by the effects of unemployment on insurance coverage. In addition, the physician market continues to benefit from the shift of procedures and diagnostic testing from acute care settings to alternate-care sites, particularly physicians' offices.

According to the U.S. Census Bureau's International Database, between 2023 and 2033, the 45 and older population is expected to grow by approximately 11%. Between 2023 and 2043, this age group is expected to grow by approximately 21%. This compares with expected total U.S. population growth rates of approximately 6% between 2023 and 2033 and approximately 11% between 2023 and 2043.

According to the U.S. Census Bureau's International Database, in 2023 there are approximately seven million Americans aged 85 years or older, the segment of the population most in need of long-term care and elder-care services. By the year 2050, that number is projected to nearly triple to approximately 19 million. The population aged 65 to 84 years is projected to increase by approximately 23% during the same period.

As a result of these market dynamics, annual expenditures for health care services continue to increase in the United States. We believe that demand for our products and services will grow while continuing to be impacted by current and future operating, economic, and industry conditions. The Centers for Medicare and Medicaid Services, or CMS, published "National Health Expenditure Data" indicating that total national health care spending reached approximately \$4.3 trillion in 2021, or 18.3% of the nation's gross domestic product, the benchmark measure for annual production of goods and services in the United States. Health care spending is projected to reach approximately \$7.2 trillion by 2031, or 19.6% of the nation's projected gross domestic product.

### *Government*

Certain of our businesses involve the distribution, manufacturing, importation, exportation, marketing and sale of, and/or third party payment for, pharmaceuticals and/or medical devices, and in this regard, we are subject to extensive local, state, federal and foreign governmental laws and regulations, including as applicable to our wholesale distribution of pharmaceuticals and medical devices, manufacturing activities, and as part of our specialty home medical supply business that distributes and sells medical equipment and supplies directly to patients. Federal, state and certain foreign governments have also increased enforcement activity in the health care sector, particularly in areas of fraud and abuse, anti-bribery and corruption, controlled substances handling, medical device regulations and data privacy and security standards.

Certain of our businesses are subject to various additional federal, state, local and foreign laws and regulations, including with respect to the sale, transportation, importation, storage, handling and disposal of hazardous or potentially hazardous substances; "forever chemicals" such as per- and polyfluoroalkyl substances (PFAS); and safe working conditions. In addition, certain of our businesses must operate in compliance with a variety of burdensome and complex coding, billing and record-keeping requirements in order to substantiate claims for payment under federal, state and commercial healthcare reimbursement programs. One of these businesses was suspended in October 2021 by CMS from receiving payments from Medicare, although it was permitted to continue to perform and bill for Medicare services. Such suspension was terminated on September 30, 2022.

Government and private insurance programs fund a large portion of the total cost of medical care, and there have been efforts to limit such private and government insurance programs, including efforts, thus far unsuccessful, to

[Table of Contents](#)

seek repeal of the entire United States Patient Protection and Affordable Care Act, as amended by the Health Care and Education Reconciliation Act, each enacted in March 2010. In addition, activities to control medical costs, including laws and regulations lowering reimbursement rates for pharmaceuticals, medical devices, medical supplies, and/or medical treatments or services, are ongoing. Many of these laws and regulations are subject to change and their evolving implementation may impact our operations and our financial performance.

Our businesses are generally subject to numerous laws and regulations that could impact our financial performance, and failure to comply with such laws or regulations could have a material adverse effect on our business.

A more detailed discussion of governmental laws and regulations is included in Management’s Discussion & Analysis of Financial Condition and Results of Operations, contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2022, filed with the SEC on February 21, 2023.

**Results of Operations**

The following tables summarize the significant components of our operating results for the three and nine months ended September 30, 2023 and September 24, 2022 and cash flows for the nine months ended September 30, 2023 and September 24, 2022:

	<b>Three Months Ended</b>		<b>Nine Months Ended</b>	
	<b>September 30, 2023</b>	<b>September 24, 2022</b>	<b>September 30, 2023</b>	<b>September 24, 2022</b>
<b>Operating results:</b>				
Net sales	\$ 3,162	\$ 3,067	\$ 9,322	\$ 9,276
Cost of sales	2,167	2,153	6,386	6,444
Gross profit	995	914	2,936	2,832
<b>Operating expenses:</b>				
Selling, general and administrative	725	648	2,149	2,010
Depreciation and amortization	59	45	152	137
Restructuring and integration costs	11	10	59	10
Operating income	\$ 200	\$ 211	\$ 576	\$ 675
Other expense, net	\$ (21)	\$ (6)	\$ (48)	\$ (17)
Net income	143	162	419	515
Net income attributable to Henry Schein, Inc.	137	150	398	491

	<b>Nine Months Ended</b>	
	<b>September 30, 2023</b>	<b>September 24, 2022</b>
<b>Cash flows:</b>		
Net cash provided by operating activities	\$ 532	\$ 348
Net cash used in investing activities	(808)	(211)
Net cash provided by (used in) financing activities	307	(121)

[Table of Contents](#)

**Plan of Restructuring and Integration Costs**

On August 1, 2022, we committed to a restructuring plan focused on funding the priorities of the strategic plan and streamlining operations and other initiatives to increase efficiency. We revised our previous expectations of completion and now expect this initiative to extend through 2024. We are currently unable in good faith to make a determination of an estimate of the amount or range of amounts expected to be incurred in connection with these activities, both with respect to each major type of cost associated therewith and with respect to the total cost, or an estimate of the amount or range of amounts that will result in future cash expenditures.

During the three months ended September 30, 2023 and September 24, 2022, we recorded restructuring costs of \$11 million and \$9 million, respectively. During the nine months ended September 30, 2023 and September 24, 2022, we recorded restructuring costs of \$59 million and \$9 million, respectively. The restructuring costs for these periods primarily related to severance and employee-related costs, accelerated amortization of right-of-use lease assets and fixed assets, and other lease exit costs. Included in restructuring costs for the nine months ended September 30, 2023 were immaterial amounts related to the disposal of an unprofitable U.S. business initiated during 2022 and completed during the first quarter of 2023.

On August 26, 2022, we acquired Midway Dental Supply. In connection with this acquisition, during the three months ended September 24, 2022, we recorded integration costs of \$1 million related to one-time employee and other costs, as well as restructuring charges of \$2 million, which are included in the \$9 million of restructuring charges discussed above.

[Table of Contents](#)

**Three Months Ended September 30, 2023 Compared to Three Months Ended September 24, 2022**

**Net Sales**

Net sales were as follows:

	September 30, 2023	% of Total	September 24, 2022	% of Total	Increase / (Decrease)	
					\$	%
Health care distribution <sup>(1)</sup>						
Dental	\$ 1,882	59.5%	\$ 1,785	58.2%	\$ 97	5.4%
Medical	1,070	33.9	1,106	36.0	(36)	(3.1)
Total health care distribution	2,952	93.4	2,891	94.2	61	2.1
Technology and value-added services <sup>(2)</sup>	210	6.6	176	5.8	34	18.8
Total	\$ 3,162	100.0%	\$ 3,067	100.0%	\$ 95	3.1%

The components of our sales growth were as follows:

	Local Currency Growth		Total Local Currency Growth	Foreign Exchange Impact	Total Sales Growth
	Local Internal Growth	Acquisition Growth			
Health care distribution <sup>(1)</sup>					
Dental Merchandise	0.3 %	4.8 %	5.1 %	1.8 %	6.9 %
Dental Equipment	(2.0)	0.9	(1.1)	1.7	0.6
Total Dental	(0.2)	3.8	3.6	1.8	5.4
Medical	(4.6)	1.4	(3.2)	0.1	(3.1)
Total Health Care Distribution	(1.9)	2.9	1.0	1.1	2.1
Technology and value-added services <sup>(2)</sup>	9.6	8.6	18.2	0.6	18.8
Total	(1.2)%	3.2 %	2.0 %	1.1 %	3.1 %

Note: Percentages for Net Sales; Gross Profit; Selling, General and Administrative; Other Expense, Net; and Income Taxes are based on actual values and may not recalculate due to rounding.

- (1) Consists of consumable products, small equipment, laboratory products, large equipment, equipment repair services, branded and generic pharmaceuticals, vaccines, surgical products, dental specialty products (including implant, orthodontic and endodontic products), diagnostic tests, infection-control products, PPE products and vitamins.
- (2) Consists of practice management software and other value-added products, which are distributed primarily to health care providers, practice consultancy, education, revenue cycle management and financial services on a non-recourse basis, e-services, continuing education services for practitioners, consulting and other services.

**Global Sales**

Global net sales for the three months ended September 30, 2023 increased 3.1% and was primarily attributable to acquisitions. The components of our sales growth are presented in the table above.

The estimated increase in internally generated local currency sales, excluding PPE products and COVID-19 test kits, was 1.1%. We estimate that sales of PPE products and COVID-19 test kits were approximately \$175 million and \$244 million for the three months ended September 30, 2023 and September 24, 2022, respectively, representing an estimated decrease of \$69 million or 28.2% versus the prior year, with the \$69 million net decrease year-over-year representing 2.2% of global net sales for the three months ended September 30, 2023.

**Dental**

Dental net sales for the three months ended September 30, 2023 increased 5.4%. The components of our sales growth are presented in the table above. Our sales growth in local currency for dental merchandise was 5.1% and was primarily attributable to acquisitions. Our decrease in sales in local currency for dental equipment was primarily attributable to a slowdown in digital equipment sales, partially offset by growth in North America for traditional dental equipment.

## [Table of Contents](#)

The estimated increase in internally generated local currency sales, excluding PPE products, was 0.3%. We estimate that sales of PPE products were approximately \$83 million and \$94 million for the three months ended September 30, 2023 and September 24, 2022, respectively, representing an estimated decrease of \$10 million or 11.0% versus the prior year, with the \$10 million net decrease year-over-year representing 0.5% of dental net sales for the three months ended September 30, 2023.

### *Medical*

Medical net sales for the three months ended September 30, 2023 decreased 3.1%. The components of this decrease are presented in the table above. The local currency decrease in medical sales is primarily attributable to lower sales of PPE products and COVID-19 test kits.

The estimated increase in internally generated local currency sales, excluding PPE products and COVID-19 test kits, was 0.8% and was adversely impacted by a replacement of branded pharmaceutical sales with lower priced generic products and an increase in lower priced corporate brand sales. We estimate that sales of PPE products and COVID-19 test kits were approximately \$92 million and \$150 million for the three months ended September 30, 2023 and September 24, 2022, respectively, representing an estimated decrease of \$59 million or 39.0% versus the prior year, with the \$59 million net decrease year-over-year representing 5.4% of medical net sales for the three months ended September 30, 2023.

### *Technology and value-added services*

Technology and value-added services net sales for the three months ended September 30, 2023 increased 18.8% driven by acquisitions and revenue of practice management solutions. The components of our sales growth are presented in the table above. During the three months ended September 30, 2023, the trend for sales of practice management software growth remains strong as we continued to increase the number of cloud-based users.

### **Gross Profit**

Gross profit and gross margin percentages by segment and in total were as follows:

	September 30, 2023	Gross Margin %	September 24, 2022	Gross Margin %	Increase	
					\$	%
Health care distribution	\$ 851	28.8%	\$ 799	27.7%	\$ 52	6.5%
Technology and value-added services	144	68.7	115	65.0	29	25.5
Total	<u>\$ 995</u>	<u>31.5</u>	<u>\$ 914</u>	<u>29.8</u>	<u>\$ 81</u>	<u>8.8</u>

As a result of different practices of categorizing costs associated with distribution networks throughout our industry, our gross margins may not necessarily be comparable to other distribution companies. Additionally, we realize substantially higher gross margin percentages in our technology and value-added services segment than in our health care distribution segment. These higher gross margins result from being both the developer and seller of software products and services, as well as certain financial services. The software industry typically realizes higher gross margins to recover investments in research and development.

Within our health care distribution segment, gross profit margins may vary from one period to the next. Changes in the mix of products sold as well as changes in our customer mix have been the most significant drivers affecting our gross profit margin. For example, sales of our corporate brand products achieve gross profit margins that are higher than average total gross profit margins of all products. With respect to customer mix, sales to our large-group customers are typically completed at lower gross margins due to the higher volumes sold as opposed to the gross margin on sales to office-based practitioners, who normally purchase lower volumes.

Health care distribution gross profit increased primarily due to the increase in net sales discussed above, including \$35 million of gross profit from acquisitions and gross margin expansion, mainly as a result of a favorable impact of sales mix of higher-margin products.

[Table of Contents](#)

Technology and value-added services gross profit increased as a result of a higher gross profit from internally generated sales and gross profit of \$13 million from acquisitions, as well as an increase in gross margin rates, primarily due to product mix.

**Operating Expenses**

Operating expenses (consisting of selling, general and administrative expenses; depreciation and amortization; and restructuring and integration costs) by segment and in total were as follows:

	September 30, 2023	% of Respective Net Sales	September 24, 2022	% of Respective Net Sales	Increase	
					\$	%
Health care distribution	\$ 691	23.4%	\$ 620	21.5%	\$ 71	11.3%
Technology and value-added services	104	49.7	83	47.2	21	25.1
Total	\$ 795	25.1	\$ 703	22.9	\$ 92	12.9

The net increase in operating expenses is attributable to the following:

	Restructuring and Integration Costs		Operating Costs	Acquisitions	Total
	\$				
Health care distribution	\$ -	\$ 65	\$ 6	\$ 71	
Technology and value-added services	1	(8)	28	21	
Total	\$ 1	\$ 57	\$ 34	\$ 92	

The restructuring and integration costs are primarily related to severance and employee-related costs, and other lease exit costs. The increase in operating costs includes increases in payroll and payroll related costs, facility related costs and consulting expenses in both of our reportable segments, and increased acquisition expenses in our healthcare distribution segment.

**Other Expense, Net**

Other expense, net was as follows:

	September 30, 2023	September 24, 2022	Variance	
			\$	%
Interest income	\$ 6	\$ 1	\$ 5	300.2%
Interest expense	(25)	(8)	(17)	(202.6)
Other, net	(2)	1	(3)	(292.4)
Other expense, net	\$ (21)	\$ (6)	\$ (15)	(252.2)

Interest income increased primarily due to increased interest rates. Interest expense increased primarily due to increased borrowings and increased interest rates.

**Income Taxes**

For the three months ended September 30, 2023 our effective tax rate was 21.9% compared to 22.7% for the prior year period. The difference between our effective tax rate and the federal statutory tax rate primarily relates to state and foreign income taxes and interest expense.

[Table of Contents](#)

**Nine Months Ended September 30, 2023 Compared to Nine Months Ended September 24, 2022**

**Net Sales**

Net sales were as follows:

	September 30, 2023	% of Total	September 24, 2022	% of Total	Increase / (Decrease)	
					\$	%
Health care distribution <sup>(1)</sup>						
Dental	\$ 5,737	61.5%	\$ 5,466	58.9%	\$ 271	5.0%
Medical	2,991	32.1	3,274	35.3	(283)	(8.6)
Total health care distribution	8,728	93.6	8,740	94.2	(12)	(0.1)
Technology and value-added services <sup>(2)</sup>	594	6.4	536	5.8	58	10.7
Total	<u>\$ 9,322</u>	<u>100.0%</u>	<u>\$ 9,276</u>	<u>100.0%</u>	<u>\$ 46</u>	<u>0.5%</u>

The components of our sales growth were as follows:

	Local Currency Growth		Total Local Currency Growth	Foreign Exchange Impact	Total Sales Growth
	Local Internal Growth	Acquisition Growth			
Health care distribution <sup>(1)</sup>					
Dental Merchandise	1.7 %	4.0 %	5.7 %	(0.4)%	5.3 %
Dental Equipment	2.7	1.5	4.2	(0.4)	3.8
Total Dental	1.9	3.5	5.4	(0.4)	5.0
Medical	(9.3)	0.7	(8.6)	-	(8.6)
Total Health Care Distribution	(2.3)	2.4	0.1	(0.2)	(0.1)
Technology and value-added services <sup>(2)</sup>	7.2	3.8	11.0	(0.3)	10.7
Total	(1.7)%	2.5 %	0.8 %	(0.3)%	0.5 %

Note: Percentages for Net Sales; Gross Profit; Selling, General and Administrative; Other Expense, Net; and Income Taxes are based on actual values and may not recalculate due to rounding.

- (1) Consists of consumable products, small equipment, laboratory products, large equipment, equipment repair services, branded and generic pharmaceuticals, vaccines, surgical products, dental specialty products (including implant, orthodontic and endodontic products), diagnostic tests, infection-control products, PPE products and vitamins.
- (2) Consists of practice management software and other value-added products, which are distributed primarily to health care providers, practice consultancy, education, revenue cycle management and financial services on a non-recourse basis, e-services, continuing education services for practitioners, consulting and other services.

**Global Sales**

Global net sales for the nine months ended September 30, 2023 increased 0.5%. The components of our sales growth are presented in the table above.

The estimated increase in internally generated local currency sales, excluding PPE products and COVID-19 test kits, was 3.5%. We estimate that sales of PPE products and COVID-19 test kits were approximately \$540 million and \$990 million for the nine months ended September 30, 2023 and September 24, 2022, respectively, representing an estimated decrease of \$450 million or 45.5% versus the prior year, with the \$450 million net decrease year-over-year representing 4.8% of global net sales for the nine months ended September 30, 2023.

**Dental**

Dental net sales for the nine months ended September 30, 2023 increased 5.0%. The components of our sales growth are presented in the table above. Our sales growth in local currency for dental merchandise was primarily attributable to acquisitions. Our sales growth in local currency for dental equipment was primarily attributable to growth in traditional equipment sales in North America.

## [Table of Contents](#)

The estimated increase in internally generated local currency sales, excluding PPE products and COVID-19 test kits, was 3.8%. We estimate that sales of PPE products were approximately \$264 million and \$351 million for the nine months ended September 30, 2023 and September 24, 2022, respectively, representing an estimated decrease of \$87 million or 25.0% versus the prior year, with the \$87 million net decrease year-over-year representing 1.5% of dental net sales for the nine months ended September 30, 2023.

### *Medical*

Medical net sales for the nine months ended September 30, 2023 decreased 8.6%. The components of this decrease are presented in the table above. The local currency decrease in medical sales is primarily attributable to lower sales of PPE products and COVID-19 test kits and other point-of-care diagnostic products.

The estimated increase in internally generated local currency sales, excluding PPE products and COVID-19 test kits, was 2.3%. We estimate that sales of PPE products and COVID-19 test kits were approximately \$276 million and \$639 million for the nine months ended September 30, 2023 and September 24, 2022, respectively, representing an estimated decrease of \$363 million or 56.8% versus the prior year, with the \$363 million net decrease year-over-year representing 12.1% of medical net sales for the nine months ended September 30, 2023.

### *Technology and value-added services*

Technology and value-added services net sales for the nine months ended September 30, 2023 increased 10.7%. The components of our sales growth are presented in the table above. During the nine months ended September 30, 2023, the trend for sales of practice management software growth remains strong as we continued to increase the number of cloud-based users. We also experienced increased demand for our revenue cycle management solutions. The increase in sales during the quarter ended September 30, 2023 was partially offset by the expiration, during the third quarter of 2022, of a modestly profitable government contract in one of our value-added services businesses.

### **Gross Profit**

Gross profit and gross margin percentages by segment and in total were as follows:

	September 30, 2023	Gross Margin %	September 24, 2022	Gross Margin %	Increase	
					\$	%
Health care distribution	\$ 2,534	29.0%	\$ 2,482	28.4%	\$ 52	2.1 %
Technology and value-added services	402	67.6	350	65.3	52	14.8
Total	\$ 2,936	31.5	\$ 2,832	30.5	\$ 104	3.7

As a result of different practices of categorizing costs associated with distribution networks throughout our industry, our gross margins may not necessarily be comparable to other distribution companies. Additionally, we realize substantially higher gross margin percentages in our technology and value-added services segment than in our health care distribution segment. These higher gross margins result from being both the developer and seller of software products and services, as well as certain financial services. The software industry typically realizes higher gross margins to recover investments in research and development.

Within our health care distribution segment, gross profit margins may vary from one period to the next. Changes in the mix of products sold as well as changes in our customer mix have been the most significant drivers affecting our gross profit margin. For example, sales of our corporate brand products achieve gross profit margins that are higher than average total gross profit margins of all products. With respect to customer mix, sales to our large-group customers are typically completed at lower gross margins due to the higher volumes sold as opposed to the gross margin on sales to office-based practitioners, who normally purchase lower volumes.

Health care distribution gross profit for the nine months ended September 30, 2023 increased compared to the prior-year period due to the increase in sales, mainly due to a reduction in sales of PPE products and COVID-19

## [Table of Contents](#)

test kits offset by \$74 million of gross profit from acquisitions and gross margin expansion as a result of a favorable impact of sales mix of higher-margin products.

Technology and value-added services gross profit increased as a result of a higher gross profit from internally generated sales and gross profit of \$18 million from acquisitions, as well as an increase in gross margin rates primarily due to product mix and increases in productivity.

### **Operating Expenses**

Operating expenses (consisting of selling, general and administrative expenses; depreciation and amortization; and restructuring and integration costs) by segment and in total were as follows:

	September 30, 2023	% of Respective Net Sales	September 24, 2022	% of Respective Net Sales	Increase	
					\$	%
Health care distribution	\$ 2,063	23.6%	\$ 1,903	21.8%	\$ 160	8.4%
Technology and value-added services	297	50.1	254	47.4	43	17.0
Total	<u>\$ 2,360</u>	<u>25.3</u>	<u>\$ 2,157</u>	<u>23.3</u>	<u>\$ 203</u>	<u>9.4</u>

The net increase in operating expenses is attributable to the following:

	Restructuring and Integration Costs		Operating Costs		Acquisitions		Total	
	\$		\$		\$		\$	
Health care distribution	\$ 42	\$ 81	\$ 37	\$ 160				
Technology and value-added services	7	4	32	43				
Total	<u>\$ 49</u>	<u>\$ 85</u>	<u>\$ 69</u>	<u>\$ 203</u>				

The restructuring and integration costs are primarily related to severance and employee-related costs, accelerated amortization of right-of-use lease assets and fixed assets, and other lease exit costs. During the nine months ended September 30, 2023, our operating expenses were favorably impacted by the recognition of a remeasurement gain of \$18 million following an acquisition of a controlling interest of a previously held equity investment. The increase in operating costs includes increases in payroll and payroll related costs, travel, convention, consulting, and occupancy expenses in both of our reportable segments and increased acquisition expenses in our healthcare distribution segment.

### **Other Expense, Net**

Other expense, net was as follows:

	September 30, 2023		September 24, 2022		Variance	
	\$		\$		\$	%
Interest income	\$ 12	\$ 5	\$ 7	132.2%		
Interest expense	(58)	(23)	(35)	(153.4)		
Other, net	(2)	1	(3)	(331.4)		
Other expense, net	<u>\$ (48)</u>	<u>\$ (17)</u>	<u>\$ (31)</u>	<u>(184.5)</u>		

Interest income increased primarily due to increased interest rates. Interest expense increased primarily due to increased borrowings and increased interest rates.

### **Income Taxes**

For the nine months ended September 30, 2023 our effective tax rate was 22.5% compared to 23.5% for the prior year period. The difference between our effective tax rate and the federal statutory tax rate primarily relates to state and foreign income taxes and interest expense.

## [Table of Contents](#)

### **Liquidity and Capital Resources**

Our principal capital requirements have included funding of acquisitions, purchases of additional noncontrolling interests, repayments of debt principal, the funding of working capital needs, purchases of fixed assets and repurchases of common stock. Working capital requirements generally result from increased sales, special inventory forward buy-in opportunities and payment terms for receivables and payables. Historically, sales have tended to be stronger during the second half of the year and special inventory forward buy-in opportunities have been most prevalent just before the end of the year, and have caused our working capital requirements to be higher from the end of the third quarter to the end of the first quarter of the following year.

We finance our business primarily through cash generated from our operations, revolving credit facilities and debt placements. Please see [Note 8 – Debt](#) for further information. Our ability to generate sufficient cash flows from operations is dependent on the continued demand of our customers for our products and services, and access to products and services from our suppliers.

Our business requires a substantial investment in working capital, which is susceptible to fluctuations during the year as a result of inventory purchase patterns and seasonal demands. Inventory purchase activity is a function of sales activity, special inventory forward buy-in opportunities and our desired level of inventory. We anticipate future increases in our working capital requirements.

We finance our business to provide adequate funding for at least 12 months. Funding requirements are based on forecasted profitability and working capital needs, which, on occasion, may change. Consequently, we may change our funding structure to reflect any new requirements.

We believe that our cash and cash equivalents, our ability to access private debt markets and public equity markets, and our available funds under existing credit facilities provide us with sufficient liquidity to meet our currently foreseeable short-term and long-term capital needs.

Our acquisition strategy is focused on investments in companies that add new customers and sales teams, increase our geographic footprint (whether entering a new country, such as emerging markets, or building scale where we have already invested in businesses), and finally, those that enable us to access new products and technologies. As part of our BOLD+1 Strategic Plan, including pursuing focused mergers and acquisitions, subsequent to September 30, 2023 we have announced acquisitions of companies specializing in clear aligners, homecare medical products delivered directly to patients, and dental practice transition services.

Net cash provided by operating activities was \$532 million for the nine months ended September 30, 2023, compared to net cash provided by operating activities of \$348 million for the prior year. The net change of \$184 million was primarily due to a favorable change in working capital (primarily inventories), net of acquisitions, partially offset by a decrease in operating income.

Net cash used in investing activities was \$808 million for the nine months ended September 30, 2023, compared to net cash used in investing activities of \$211 million for the prior year. The net change of \$597 million was primarily attributable to increased business combinations and investment activity.

Net cash provided by financing activities was \$307 million for the nine months ended September 30, 2023, compared to net cash used in financing activities of \$121 million for the prior year. The net change of \$428 million was primarily due to increased net borrowings from debt.

## [Table of Contents](#)

The following table summarizes selected measures of liquidity and capital resources:

	September 30, 2023	December 31, 2022
Cash and cash equivalents	\$ 166	\$ 117
Working capital <sup>(1)</sup>	2,020	1,764
Debt:		
Bank credit lines	\$ 12	\$ 103
Current maturities of long-term debt	72	6
Long-term debt	1,815	1,040
Total debt	\$ 1,899	\$ 1,149
Leases:		
Current operating lease liabilities	\$ 74	\$ 73
Non-current operating lease liabilities	314	275

(1) Includes \$0 million and \$327 million of certain accounts receivable which serve as security for U.S. trade accounts receivable securitization at September 30, 2023 and December 31, 2022, respectively.

Our cash and cash equivalents consist of bank balances and investments in money market funds representing overnight investments with a high degree of liquidity.

### *Accounts receivable days sales outstanding and inventory turns*

Our accounts receivable days sales outstanding from operations increased to 43.7 days as of September 30, 2023 from 42.9 days as of September 24, 2022. During the nine months ended September 30, 2023, we wrote off approximately \$13 million of fully reserved accounts receivable against our trade receivable reserve. Our inventory turns from operations decreased to 4.5 as of September 30, 2023 from 4.7 as of September 24, 2022. Our working capital accounts may be impacted by current and future economic conditions.

### *Leases*

We have operating and finance leases for corporate offices, office space, distribution and other facilities, vehicles, and certain equipment. Our leases have remaining terms of one year to approximately 18 years, some of which may include options to extend the leases for up to 15 years. As of September 30, 2023, our right-of-use assets related to operating leases were \$323 million and our current and non-current operating lease liabilities were \$74 million and \$314 million, respectively.

### *Stock Repurchases*

On February 8, 2023, our Board of Directors authorized the repurchase of up to an additional \$400 million in shares of our common stock.

From March 3, 2023 through September 30, 2023, we repurchased \$4.7 billion, or 89,702,364 shares, under our common stock repurchase programs, with \$315 million available as of September 30, 2023 for future common stock share repurchases.

[Table of Contents](#)

## **Critical Accounting Policies and Estimates**

There have been no material changes in our critical accounting policies and estimates from those disclosed in Item 7 of our Annual Report on Form 10-K for the year ended December 31, 2022, except accounting policies adopted as of January 1, 2023, which are discussed in [Note 2 - Critical Accounting Policies and Recently Issued Accounting Standards](#) of the Notes to the Condensed Consolidated Financial Statements included under Item 1.

### **Accounting Standards Update**

For a discussion of accounting standards updates that have been adopted or will be adopted, see [Note 2 - Critical Accounting Policies and Recently Issued Accounting Standards](#) of the Notes to the Condensed Consolidated Financial Statements included under Item 1.

## **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

There have been no material changes in our exposure to market risk from that disclosed in Item 7A of our Annual Report on Form 10-K for the year ended December 31, 2022.

## **ITEM 4. CONTROLS AND PROCEDURES**

### *Evaluation of Disclosure Controls and Procedures*

Under the supervision and with the participation of management, including our principal executive officer and principal financial officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this quarterly report as such term is defined in Rules 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Based on this evaluation, our management, including our principal executive officer and principal financial officer, concluded that our disclosure controls and procedures were effective as of September 30, 2023, to ensure that all material information required to be disclosed by us in reports that we file or submit under the Exchange Act is accumulated and communicated to them as appropriate to allow timely decisions regarding required disclosure and that all such information is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms.

### *Changes in Internal Control over Financial Reporting*

During the quarter ended September 30, 2023, we acquired a 100% voting equity interest in S.I.N Implant System, an implant manufacturer headquartered in Brazil. The full integration of this acquisition, as well as our previously reported acquisition of Biotech Dental, will extend beyond year-end and, therefore, we anticipate excluding Biotech Dental, and S.I.N. from our annual assessment of internal control over financial reporting as of December 30, 2023, as permitted by SEC staff interpretive guidance for newly acquired businesses.

Post-acquisition integration related activities for other dental and medical businesses acquired during prior quarters across the U.S., Europe, Australia, China, and Brazil will continue, and will be included in our annual assessment of internal control over financial reporting as of December 30, 2023. These acquisitions, the majority of which utilize separate information and financial accounting systems, have been included in our condensed consolidated financial statements since their respective dates of acquisition.

Finally, we continued systems implementation activities in the U.S. for two of our dental businesses.

The combination of acquisitions (including S.I.N., and Biotech Dental), continued acquisition integrations and systems implementation activities undertaken during the quarter and carried over from prior quarters when considered in the aggregate, represents a material change in our internal control over financial reporting.

## [Table of Contents](#)

During the quarter, all acquisitions, continued acquisition integrations and systems implementation activities involve necessary and appropriate change-management controls that are considered in our quarterly assessment of changes in our internal control over financial reporting.

Subsequent to the September 30, 2023 quarter end, on October 14, 2023, we experienced a cybersecurity incident that primarily affected the operations of our North American and European dental and medical distribution businesses. As part of the Company's incident response plan, precautionary actions were taken to contain the incident including shutting down connectivity to networks and key business, operating and financial accounting systems globally. In addition to notifying customers and all relevant law enforcement authorities, we engaged external cyber-security experts to support our assessment of the cyber-incident's impact as well as sanitize, rebuild and restore our information systems.

On November 22, 2023, we experienced a disruption to our ecommerce platform and related applications. The Company has restored its ecommerce platform and certain other applications in the United States, Canada and certain European countries. Our ecommerce platform in the remaining European countries and other applications are expected to follow shortly.

In order to mitigate the impact of this disruption on our systems and on our ability to service customers, alternative procedures and controls were temporarily implemented. An investigation is ongoing to assess the impact on our businesses and internal controls over financial reporting.

### *Limitations of the Effectiveness of Internal Control*

A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the internal control system are met. Because of the inherent limitations of any internal control system, no evaluation of controls can provide absolute assurance that all control issues, if any, within a company have been detected.

[Table of Contents](#)

**PART II. OTHER INFORMATION**

**ITEM 1. LEGAL PROCEEDINGS**

For a discussion of Legal Proceedings, see [Note 11–Legal Proceedings](#) of the Notes to the Condensed Consolidated Financial Statements included under Item 1.

**ITEM 1A. RISK FACTORS**

Referring to risk factors disclosed in Part 1, Item 1A, of our Annual Report on Form 10-K for the year ended December 31, 2022, and in particular the first risk factor under General Risks addressing security risks associated with our information systems, the third paragraph is amended and restated as follows:

While we have implemented measures to protect our IS systems, such measures may not prevent these events. Any such security incidents could disrupt our operations, harm our reputation, or otherwise have a material adverse effect on our business. In addition to immaterial prior incidents, in October 2023, Henry Schein experienced a cybersecurity incident that primarily affected the operations of our North American and European dental and medical distribution businesses. Henry Schein One, our practice management software, revenue cycle management and patient relationship management solutions business was not affected, and our manufacturing businesses and our equipment sales and service operations were mostly unaffected. Once we became aware of the issue, we took steps to assess, contain and remediate this incident. We restored affected systems and applications, our distribution operations resumed and we reactivated our ecommerce platform. We also notified law enforcement and our customers and suppliers, informing them of both the incident and management’s efforts to mitigate its impact on our daily operations. As previously disclosed, while our forensic investigation is still ongoing, we have determined that a data breach occurred. We are notifying potentially affected parties as appropriate. On November 22, 2023, we experienced a disruption to our ecommerce platform and related applications. The Company has restored its ecommerce platform and certain other applications in the United States, Canada and certain European countries. Our ecommerce platform in the remaining European countries and other applications are expected to follow shortly. We continue to review the impact of the incident on the Company’s business. As previously disclosed, we believe the incident will adversely impact our financial results for the fourth quarter and full year 2023. We maintain cyber insurance, subject to certain retentions and policy limitations. There can be no assurance that the insurance coverage we maintain is sufficient or will be available in adequate amounts or at a reasonable cost to cover costs and expenses related to security incidents.

[Table of Contents](#)

## ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

### *Purchases of equity securities by the issuer*

Our share repurchase program, announced on March 3, 2003, originally allowed us to repurchase up to two million shares pre-stock splits (eight million shares post-stock splits) of our common stock, which represented approximately 2.3% of the shares outstanding at the commencement of the program. Subsequent additional increases totaling \$4.9 billion, authorized by our Board of Directors, to the repurchase program provide for a total of \$5.0 billion (including \$400 million authorized on February 8, 2023) of shares of our common stock to be repurchased under this program.

As of September 30, 2023, we had repurchased approximately \$4.7 billion of common stock (89,702,364 shares) under these initiatives, with \$315 million available for future common stock share repurchases.

The following table summarizes repurchases of our common stock under our stock repurchase program during the fiscal quarter ended September 30, 2023:

<b>Fiscal Month</b>	<b>Total Number of Shares Purchased (1)</b>	<b>Average Price Paid Per Share</b>	<b>Total Number of Shares Purchased as Part of Our Publicly Announced Program</b>	<b>Maximum Number of Shares that May Yet Be Purchased Under Our Program (2)</b>
7/2/2023 through 8/5/2023	-	\$ -	-	4,674,091
8/6/2023 through 9/2/2023	330,000	76.86	330,000	4,448,396
9/3/2023 through 9/30/2023	329,681	74.72	329,681	4,242,422
	<u>659,681</u>		<u>659,681</u>	

(1) All repurchases were executed in the open market under our existing publicly announced authorized program.

(2) The maximum number of shares that may yet be purchased under this program is determined at the end of each month based on the closing price of our common stock at that time. This table excludes shares withheld from employees to satisfy minimum tax withholding requirements for equity-based transactions.

[Table of Contents](#)

**ITEM 5. OTHER INFORMATION**

*Rule 10b5-1 Trading Arrangements*

During the three months ended September 30, 2023, (i) Stanley M. Bergman, the Company's Chairman of the Board and Chief Executive Officer, on behalf of himself and a family trust for which his wife serves as co-trustee, and (ii) James P. Breslawski, the Company's Vice Chairman and President, each adopted a Rule 10b5-1 trading arrangement which is a trading plan for the future sale of securities that is intended to satisfy the affirmative defense of Exchange Act Rule 10b5-1(c), as well as the requirements of the Company's insider trading policy. Each plan is subject to an initial "cooling off" period during which there may be no transactions between the adoption date and a date that is the later of 90 days or two business days following the Company's filing of its next quarterly report on Form 10-Q or Annual Report on form 10-K. On September 8, 2023, Mr. Bergman and the Bergman Family 2010 Trust #2 adopted the trading plan to sell a total of 56,886 shares (40,152 shares to be sold by Mr. Bergman and 16,734 shares to be sold by the Bergman Family 2010 Trust #2) based on limit orders at specified prices, with a term of eight months (*i.e.*, through May 7, 2024). On September 19, 2023, Mr. Breslawski adopted the trading plan to sell 9,085 shares based on limit orders at specified prices, with a term through December 31, 2024.

**SIGNATURE**

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this Report to be signed on its behalf by the undersigned thereunto duly authorized.

Henry Schein, Inc.  
(Registrant)

By: /s/ Ronald N. South

Ronald N. South  
Senior Vice President and  
Chief Financial Officer  
(Authorized Signatory and Principal Financial  
and Accounting Officer)

Dated: November 28, 2023

**CERTIFICATION PURSUANT TO RULE 13a-14(a) OR 15d-14(a) OF THE SECURITIES  
EXCHANGE ACT OF 1934, AS ADOPTED PURSUANT TO SECTION 302 OF THE  
SARBANES-OXLEY ACT OF 2002**

I, Stanley M. Bergman, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Henry Schein, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION PURSUANT TO 18 U.S.C. SECTION 1350,  
AS ADOPTED PURSUANT TO SECTION 906 OF THE  
SARBANES-OXLEY ACT OF 2002**

In connection with the quarterly report on Form 10-Q of Henry Schein, Inc. (the "Company") for the period ending September 30, 2023, as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, Stanley M. Bergman, the Chairman and Chief Executive Officer of the Company, and I, Ronald N. South, Senior Vice President and Chief Financial Officer of the Company, do hereby certify pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, to the best of my knowledge and belief that:

- (1) the Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended; and
- (2) the information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

Dated: November 28, 2023

/s/ Stanley M. Bergman  
Stanley M. Bergman  
Chairman and Chief Executive Officer

Dated: November 28, 2023

/s/ Ronald N. South  
Ronald N. South  
Senior Vice President and  
Chief Financial Officer

This certification accompanies each Report pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 and shall not, except to the extent required by the Sarbanes-Oxley Act of 2002, be deemed filed by the Company for purposes of Section 18 of the Securities Exchange Act of 1934, as amended.

A signed original of this written statement required by Section 906 of the Sarbanes-Oxley Act of 2002 has been provided to the Company and will be retained by the Company and furnished to the Securities and Exchange Commission or its staff upon request.
