# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

#### 1. Basis of Presentation and Accounting Policies

In the opinion of management of Rockwell Automation, Inc. ("Rockwell Automation" or "the Company"), the unaudited Consolidated Financial Statements contain all adjustments necessary to present fairly the financial position, results of operations, and cash flows for the periods presented and, except as otherwise indicated, such adjustments consist only of those of a normal, recurring nature. These statements should be read in conjunction with our Annual Report on Form 10-K for the fiscal year ended September 30, 2022. The results of operations for the three and nine months ended June 30, 2023, are not necessarily indicative of the results for the full year. All date references to years and quarters herein refer to our fiscal year and fiscal quarter, unless otherwise stated.

#### Receivables

We record an allowance for doubtful accounts based on customer-specific analysis and general matters such as current assessments of past due balances and economic conditions. Receivables are recorded net of an allowance for doubtful accounts of \$17.4 million at June 30, 2023, and \$13.1 million at September 30, 2022. In addition, receivables are recorded net of an allowance for certain customer returns, rebates, and incentives of \$14.6 million at June 30, 2023, and \$13.9 million at September 30, 2022. The changes to our allowance for doubtful accounts during the three and nine months ended June 30, 2023 and 2022, were not material and primarily consisted of current-period provisions, write-offs charged against the allowance, recoveries collected, and foreign currency translation.

#### Earnings Per Share

The following table reconciles basic and diluted earnings per share (EPS) amounts (in millions, except per share amounts):

	Three Moi Jun	nths E e 30,	Nine Mon Jun	ths En e 30,	ded	
	2023		2022	2023		2022
Net income attributable to Rockwell Automation, Inc.	\$ 400.2	\$	297.9	\$ 1,084.5	\$	593.3
Less: Allocation to participating securities	(1.7)		(1.0)	(4.6)		(1.9)
Net income available to common shareowners	\$ 398.5	\$	296.9	\$ 1,079.9	\$	591.4
Basic weighted average outstanding shares	114.8		116.0	114.8		116.1
Effect of dilutive securities						
Stock options	0.7		0.5	0.7		0.8
Performance shares	0.1		_	0.1		_
Diluted weighted average outstanding shares	115.6		116.5	115.6		116.9
Earnings per share:						
Basic	\$ 3.47	\$	2.56	\$ 9.41	\$	5.10
Diluted	\$ 3.45	\$	2.55	\$ 9.34	\$	5.06

For the three and nine months ended June 30, 2023, there were 0.4 million and 0.5 million shares, respectively, related to share-based compensation awards that were excluded from the diluted EPS calculation because they were antidilutive. For the three and nine months ended June 30, 2022, there were 0.6 million and 0.4 million shares, respectively, related to share-based compensation awards that were excluded from the diluted EPS calculation because they were antidilutive.

#### Non-Cash Investing and Financing Activities

Capital expenditures of \$42.5 million and \$15.5 million were accrued within Accounts payable and Other current liabilities at June 30, 2023 and 2022, respectively. At June 30, 2023 and 2022, respectively, there were \$0.8 million and \$8.8 million of outstanding common stock share repurchases recorded in Accounts payable that did not settle until the next quarter. These non-cash investing and financing activities have been excluded from cash used for capital expenditures and treasury stock purchases in the Consolidated Statement of Cash Flows.

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)

#### Recently Adopted Accounting Pronouncements

In October 2021, the Financial Accounting Standards Board (FASB) issued a new standard that requires companies to apply Accounting Standards Codification (ASC) 606 to recognize and measure contract assets and contract liabilities in a business combination. We retroactively adopted the new standard as of October 1, 2021. The adoption of this standard did not have a material impact on our Consolidated Financial Statements.

### Recently Issued Accounting Pronouncements

In September 2022, the FASB issued a new standard, which requires the buyer in a supplier finance program to disclose information about the key terms of the program, outstanding confirmed amounts as of the end of the period, a rollforward of such amounts during each annual period, and a description of where in the financial statements outstanding amounts are presented. We will expand our disclosures when we adopt this standard in the first quarter of 2024.

We do not expect any other recently issued accounting pronouncements to have a material impact on our Consolidated Financial Statements and related disclosures.

#### 2. Revenue Recognition

#### Nature of Products and Services

Substantially all of our revenue is from contracts with customers. We recognize revenue as promised products are transferred to, or services are performed for, customers in an amount that reflects the consideration to which we expect to be entitled in exchange for those products and services. Our offerings consist of industrial automation and information products, solutions, and services.

Our products include hardware, software, and configured-to-order products. Our solutions include custom-engineered systems and software. Our services include customer technical support and repair, asset management and optimization consulting, and training. Also included in our services is a portion of revenue related to spare parts that are managed within our services offering.

Our operations are comprised of the Intelligent Devices segment, the Software & Control segment, and the Lifecycle Services segment. Revenue from the Intelligent Devices and Software & Control segments is predominantly comprised of product sales, which are recognized at a point in time. The Software & Control segment also contains revenue from software products, which may be recognized over time if certain criteria are met. Revenue from the Lifecycle Services segment is predominantly comprised of solutions and services, which are primarily recognized over time. See Note 15 for more information.

#### Unfulfilled Performance Obligations

As of June 30, 2023, we expect to recognize approximately \$1,126 million of revenue in future periods from unfulfilled performance obligations from existing contracts with customers. We expect to recognize revenue of approximately \$716 million from our remaining performance obligations over the next 12 months with the remaining balance recognized thereafter.

We have applied the practical expedient to exclude the value of remaining performance obligations for (i) contracts with an original term of one year or less and (ii) contracts for which we recognize revenue in proportion to the amount we have the right to invoice for services performed. The amounts above also do not include the impact of contract renewal options that are unexercised as of June 30, 2023.

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)

#### Disaggregation of Revenue

The following tables present our revenue disaggregation by geographic region for our three operating segments (in millions). We attribute sales to the geographic regions based on the country of destination.

#### Contract Liabilities

Contract liabilities primarily relate to consideration received in advance of performance under the contract.

Below is a summary of our Contract liabilities balance, the portion not expected to be recognized within twelve months is included within Other liabilities in the Consolidated Balance Sheet (in millions):

	June 30	, 2023	June	30, 2022
Balance as of beginning of year	\$	541.3	\$	462.5
Balance as of end of period		672.5		549.5

The most significant changes in our Contract liabilities balance during both the nine months ended June 30, 2023 and 2022, were due to amounts billed, partially offset by revenue recognized on amounts billed during the period and revenue recognized that was included in the Contract liabilities balance at the beginning of the period.

In the nine months ended June 30, 2023, we recognized revenue of approximately \$362.7 million that was included in the Contract liabilities balance at September 30, 2022. In the nine months ended June 30, 2022, we recognized revenue of approximately \$296.8 million that was included in the Contract liabilities balance at September 30, 2021. We did not have a material amount of revenue recognized in the nine months ended June 30, 2023 and 2022, from performance obligations satisfied or partially satisfied in previous periods.

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)

#### 3. Share-Based Compensation

We recognized \$23.4 million and \$65.0 million of pre-tax share-based compensation expense during the three and nine months ended June 30, 2023, respectively. We recognized \$17.6 million and \$48.8 million of pre-tax share-based compensation expense during the three and nine months ended June 30, 2022, respectively. Our annual grant of share-based compensation takes place during first quarter of each year. The number of shares granted to employees and non-employee directors and the weighted average fair value per share during the periods presented were (in thousands, except per share amounts):

		Nine Months 1	Ended June 30,		
	20	)23	20	)22	
	Grants	Wtd. Avg. Share Fair Value	Grants		Wtd. Avg. Share Fair Value
Stock options	233	\$ 77.62	164	\$	87.68
Performance shares	66	340.77	37		481.28
Restricted stock and restricted stock units	236	262.24	214		307.31
Unrestricted stock	7	261.72	3		345.00

#### 4. Inventories

Inventories consist of (in millions):

	 June 30, 2023	Sep	tember 30, 2022
Finished goods	\$ 507.5	\$	325.0
Work in process	373.8		317.3
Raw materials	 553.9		411.9
Inventories	\$ 1,435.2	\$	1,054.2

#### 5. Acquisitions

#### 2023 Acquisitions

In October 2022, we acquired CUBIC, a company that specializes in modular systems for the construction of electrical panels, headquartered in Bronderslev, Denmark. We recorded assets acquired and liabilities assumed in connection with this acquisition based on their estimated fair values as of the acquisition date of October 31, 2022. The preliminary aggregate purchase price allocation is as follows (in millions):

	Purc	Purchase Price Allocation			
Receivables	\$	20.2			
Inventories		17.7			
Property		27.5			
Goodwill		66.3			
Other intangible assets		36.4			
All other assets		9.2			
Total assets acquired		177.3			
Less: Total liabilities assumed		(43.5)			
Net assets acquired, excluding cash	\$	133.8			
	Pur	chase Consideration			
Total purchase consideration, net of cash acquired	\$	133.8			

We assigned the full amount of goodwill and all other net assets acquired related to this acquisition to our Intelligent Devices segment. The goodwill recorded represents intangible assets that do not qualify for separate recognition. We do not expect the goodwill to be deductible for tax purposes.

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)

In February 2023, we acquired Knowledge Lens, a services and solutions provider headquartered in Bengaluru, India. We recorded assets acquired and liabilities assumed in connection with this acquisition based on their estimated fair values as of the acquisition date of February 28, 2023. The preliminary aggregate purchase price allocation is as follows (in millions):

	Purchase Price Allocation
Receivables	\$ 3.6
Goodwill	35.2
Other intangible assets	17.7
All other assets	 3.5
Total assets acquired	60.0
Less: Total liabilities assumed	 (8.0)
Net assets acquired, excluding cash	\$ 52.0
	 Purchase Consideration
Total purchase consideration, net of cash acquired	\$ 52.0

We assigned the full amount of goodwill and all other net assets acquired related to this acquisition to our Lifecycle Services segment. The goodwill recorded represents intangible assets that do not qualify for separate recognition. We do not expect the goodwill to be deductible for tax purposes.

The allocation of the purchase price to identifiable assets above is based on the preliminary valuations performed to determine the fair value of the net assets as of the acquisition date. The measurement period for the valuation of net assets acquired ends as soon as information on the facts and circumstances that existed as of the acquisition date becomes available, but not to exceed 12 months following the acquisition date. Adjustments in purchase price allocations may require a change in the amounts allocated to net assets acquired during the periods in which the adjustments are determined.

#### 2022 Acquisitions

In November 2021, we acquired AVATA, a services provider for supply chain management, enterprise resource planning, and enterprise performance management solutions. We assigned the full amount of goodwill related to this acquisition to our Lifecycle Services segment.

In March 2022, we, through our Sensia affiliate, acquired Swinton Technology, a provider of metering supervisory systems and measurement expertise in the Oil & Gas industry. We assigned the full amount of goodwill related to this acquisition to our Lifecycle Services segment.

Pro forma consolidated sales for the three and nine months ended June 30, 2023, were \$2.2 billion and \$6.5 billion, respectively, and the impact on earnings was not material. Pro forma consolidated sales for the three and nine months ended June 30, 2022, were \$2.0 billion and \$5.7 billion, respectively, and the impact on earnings was not material. The preceding pro forma consolidated financial results of operations are as if the preceding 2023 and 2022 acquisitions occurred on October 1, 2021. The pro forma information is presented for informational purposes only and is not indicative of the results of operations that would have been achieved had the transaction occurred as of that time.

Total sales from all of the above 2023 acquisitions in the three and nine months ended June 30, 2023, were \$23.8 million and \$59.4 million, respectively. Total sales from all of the above 2022 acquisitions in the three and nine months ended June 30, 2022, were not material. Total acquisition-related costs from all of the above 2023 and 2022 acquisitions in the three and nine months ended June 30, 2023 and 2022, were not material.

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)

### 6. Goodwill and Other Intangible Assets

Changes in the carrying amount of Goodwill for the nine months ended June 30, 2023, were (in millions):

	Intelligent Devices		Software & Control		Lifecycle Services		Total	
Balance as of September 30, 2022	\$	503.0	\$	2,398.7	\$	622.3	\$	3,524.0
Acquisition of businesses		66.3		_		35.2		101.5
Translation and other		26.9		31.6		16.9		75.4
Balance as of June 30, 2023	\$	596.2	\$	2,430.3	\$	674.4	\$	3,700.9

We performed our annual evaluation of goodwill and indefinite life intangible assets for impairment during the second quarter of fiscal 2023 and concluded that these assets are not impaired. For our annual evaluation, we performed qualitative tests for our Intelligent Devices, Software & Control, and Lifecycle Services (excluding Sensia) reporting units and a quantitative test for our Sensia reporting unit. We also assessed the changes in events and circumstances subsequent to our annual test and concluded that no triggering events, which would require interim quantitative testing, occurred.

Other intangible assets consist of (in millions):

	June 30, 2023					
	Carrying Amount			Accumulated Amortization		Net

Total amortized intangible assets		1,167.9		309.6		858.3
Allen-Bradley® trademark not subject to amortization		43.7		_		43.7
Other intangible assets	\$	1,211.6	\$	309.6	\$	902.0

Estimated total amortization expense for all amortized intangible assets is \$115.4 million in 2023, \$113.7 million in 2024, \$110.5 million in 2025, \$109.3 million in 2026, and \$102.3 million in 2027.

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)

#### 7. Short-Term and Long-Term Debt

Our Short-term debt as of June 30, 2023, and September 30, 2022, includes commercial paper borrowings of \$183.0 million and \$317.0 million, respectively, with weighted average interest rates of 5.10 percent and 3.03 percent, respectively, and weighted average maturity periods of 9 days and 22 days, respectively. In December 2022, Sensia entered into an unsecured \$75.0 million line of credit. As of June 30, 2023, included in Short-term debt was \$65.0 million borrowed against the line of credit with an interest rate of 6.14 percent. Also included in Short-term debt as of June 30, 2023, and September 30, 2022, is \$23.5 million and \$42.3 million, respectively, of interest-bearing loans from Schlumberger (SLB) to Sensia due December 29, 2023.

The following table presents the carrying amounts and estimated fair values of Long-term debt in the Consolidated Balance Sheet (in millions):

		June 30, 2023				, 2022		
	Carr	Carrying Value		Fair Value		Carrying Value		Fair Value
Current portion of long-term debt	\$	608.3	\$	605.0	\$	609.1	\$	589.1
Long-term debt		2,866.9		2,585.8		2,867.8		2,485.4

We base the fair value of Long-term debt upon quoted market prices for the same or similar issues and therefore consider this a level 2 fair value measurement. The fair value of Long-term debt considers the terms of the debt excluding the impact of derivative and hedging activity. Refer to Note 9 for further information regarding levels in the fair value hierarchy. The carrying value of our Short-term debt approximates fair value.

#### 8. Other Current Liabilities

Other current liabilities consist of (in millions):

	June 30, 2023	Sep	tember 30, 2022
Unrealized losses on foreign exchange contracts	\$ 22.0	\$	31.2
Product warranty obligations	17.0		16.5

Less: Short-term investments (1)		(0.6)		(12.6)
Long-term investments	\$	1,002.0	\$	1,056.0

<sup>(1)</sup> Short-term investments are included in Other current assets in the Consolidated Balance Sheet.

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)

#### Equity Securities

Level 3:

Equity securities (level 1) consist of 6,070,905 and 8,879,717 shares of PTC Inc. ("PTC") common stock (the "PTC Shares") at June 30, 2023, and September 30, 2022, respectively. The PTC Shares are classified as level 1 in the fair value hierarchy, as described below, and are recognized at fair value in the Consolidated Balance Sheet using the most recent closing price of PTC common stock quoted on Nasdaq.

Equity securities (other) consist of various securities that do not have a readily determinable fair value, which we account for using the measurement alternative under U.S. GAAP. These securities are recorded at the investment cost, less impairment, plus or minus observable price changes (in orderly transactions) of an identical or similar investment of the same issuer in the Consolidated Balance Sheet. Observable price changes are classified as level 2 in the fair value hierarchy, as described below. The carrying values at June 30, 2023, and September 30, 2022, include cumulative upward adjustments from observed price changes of \$17.2 million.

We record gains and losses on investments within the Change in fair value of investments line in the Consolidated Statement of Operations. The gains and losses on investments we recorded for the following periods were (in millions):

	Three Months Ended June 30,			Nine Months Ended June 30,			
	20	)23	2022	2023		2022	
Net gain (loss) on equity securities (level 1)	\$	86.4	\$ (8.4)	\$ 290.4	\$	(136.0)	
Net gain on equity securities (other)		_	3.2	_	-	11.9	
Equity method loss on Other investments		(0.7)	_	(1.1	)	(14.2)	
Change in fair value of investments		85.7	(5.2)	289.3	,	(138.3)	
Total net realized gain on equity securities		36.9	12.7	89.8	3	12.9	
Total net unrealized gain (loss) on equity securities	\$	49.5	\$ (17.9)	\$ 200.6	\$	(137.0)	

U.S. GAAP defines fair value as the price that would be received for an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants in the principal or most advantageous market for the asset or liability. U.S. GAAP also classifies the inputs used to measure fair value into the following hierarchy:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

Unobservable inputs for the asset or liability.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while we believe our valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. We did not have any transfers between levels of fair value measurements during the period presented.

	Other Postretirement Benefits							
	Three Months Ended June 30,					Nine Months Ended June 30,		
		2023		2022		2023		2022
Service cost	\$	0.2	\$	0.2	\$	0.4	\$	0.6
Interest cost		0.6		0.3		1.7		0.9
Amortization of prior service credit		_		(0.2)		_		(0.6)
Amortization of net actuarial loss		0.1		0.2		0.4		0.5
Net periodic postretirement benefit cost	\$	0.9	\$	0.5	\$	2.5	\$	1.4

The service cost component is included in Cost of sales and Selling, general and administrative expenses in the Consolidated Statement of Operations. All other components are included in Other income (expense) in the Consolidated Statement of Operations.

In March and June 2023, we remeasured our U.S. pension plan assets and liabilities in accordance with U.S. GAAP settlement accounting rules. For the three and nine months ended June 30, 2023, we recognized settlement expense of \$2.2 million and \$120.1 million, respectively. Settlement accounting was required due to the amount of lump-sum payments made by the U.S. pension plan to retirees, current employees electing an in-service distribution, and other separated employees. Remeasurement of our U.S. pension plan assets and liabilities increased our net benefit obligation by \$25.3 million in 2023. The discount rate used for the remeasurement as of June 30, 2023, was 5.45 percent compared to 5.65 percent at our September 30, 2022, annual measurement date.

#### 11. Other Income (Expense)

#### 13. Commitments and Contingent Liabilities

Various lawsuits, claims, and proceedings have been or may be instituted or asserted against us relating to the conduct of our business, including those pertaining to product liability, environmental, safety and health, intellectual property, employment, and contract matters. Although the outcome of litigation cannot be predicted with certainty and some lawsuits, claims, or proceedings may be disposed of unfavorably to us, we believe the disposition of matters that are pending or have been asserted will not have a material effect on our business, financial condition, or results of operations. The following outlines additional background for obligations associated with asbestos, divested businesses, and intellectual property.

We (including our subsidiaries) have been named as a defendant in lawsuits alleging personal injury as a result of exposure to asbestos that was used in certain components of our products many years ago, including products from divested businesses for which we have agreed to defend and indemnify claims. Currently there are lawsuits that name us as defendants, together with hundreds of other companies. But in all cases, for those claimants who do show that they worked with our products or products of divested businesses for which we are responsible, we nevertheless believe we have meritorious defenses, in substantial part due to the integrity of the products, the encapsulated nature of any asbestos-containing components, and the lack of any impairing medical condition caused by our products. We defend those cases vigorously. Historically, we have been dismissed from the vast majority of these claims with no payment to claimants.

Additionally, we have maintained insurance coverage that includes indemnity and defense costs, over and above self-insured retentions, for many of these claims. We believe these arrangements will provide substantial coverage for future defense and indemnity costs for these asbestos claims for many years into the future. The uncertainties of asbestos claim litigation make it difficult to predict accurately the ultimate outcome of asbestos claims. That uncertainty is increased by the possibility of adverse rulings or new legislation affecting asbestos claim litigation or the settlement process. Subject to these uncertainties and based on our experience defending asbestos claims, we do not believe these lawsuits will have a material effect on our business, financial condition, or results of operations.

We have, from time to time, divested certain of our businesses. In connection with these divestitures, certain lawsuits, claims, and proceedings may be instituted or asserted against us related to the period that we owned the businesses, either because we agreed to retain certain liabilities related to these periods or because such liabilities fall upon us by operation of law. In some instances, the divested business has assumed the liabilities; however, it is possible that we might be responsible to satisfy those liabilities if the divested business is unable to do so. We do not believe these liabilities will have a material effect on our business, financial condition, or results of operations.

In many countries we provide a limited intellectual property indemnity as part of our terms and conditions of sale and at times in other contracts with third parties. As of June 30, 2023, we were not aware of any material indemnification claims that were probable or reasonably possible of an unfavorable outcome. Historically, claims that have been made under the indemnification agreements have not had a material impact on our business, financial condition, or results of operations; however, to the extent that valid indemnification claims arise in the future, future payments by us could be significant and could have a material adverse effect on our business, financial condition, or results of operations in a particular period.

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)

#### 14. Income Taxes

At the end of each interim period, we estimate a base effective tax rate that we expect for the full year based on our most recent forecast of pre-tax income, permanent book and tax differences, and global tax planning strategies. We use this base rate to provide for income taxes on a year-to-date basis, excluding the effect of significant unusual items and items that are reported net of their related tax effects in the period in which they occur.

The effective tax rate was 15.5 percent and 16.9 percent in the three and nine months ended June 30, 2023, respectively, compared to 14.4 percent and 12.7 percent in the three and nine months ended June 30, 2022, respectively. The effective tax rate was lower than the U.S. statutory rate of 21 percent in the three and nine months ended June 30, 2023, primarily due to non-U.S. tax rates and other discrete benefits. The effective tax rate was lower than the U.S. statutory rate of 21 percent in the three and nine months ended June 30, 2022, primarily due to non-U.S. tax rates and other discrete benefits.

An income tax liability of \$175.3 million and \$233.7 million related to the U.S. transition tax under the Tax Cuts and Jobs Act of 2017 (the "Tax Act") that is payable greater than 12 months after June 30, 2023, and September 30, 2022, is recorded in Other liabilities in the Consolidated Balance Sheet.

#### Unrecognized Tax Benefits

The amount of gross unrecognized tax benefits was \$7.9 million and \$3.9 million at June 30, 2023, and September 30, 2022, respectively, of which the entire amount would reduce our effective tax rate if recognized.

Accrued interest and penalties related to unrecognized tax benefits were \$0.9 million and \$1.4 million at June 30, 2023, and September 30, 2022, respectively. We recognize interest and penalties related to unrecognized tax benefits in the income tax provision.

We believe it is reasonably possible that the amount of gross unrecognized tax benefits could be reduced by up to \$2.4 million in the next 12 months as a result of the resolution of tax matters in various global jurisdictions and the lapses of statutes of limitations. If all of the unrecognized tax benefits were recognized, the net reduction to our income tax provision, including the recognition of interest and penalties and offsetting tax assets, could be up to \$3.1 million.

We conduct business globally and are routinely audited by the various tax jurisdictions in which we operate. We are no longer subject to U.S. federal income tax examinations for years before 2014 and foreign income tax examinations for years before 2008.

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)

#### 15. Business Segment Information

Sales and operating results of our reportable segments were (in millions):

	Three Months Ended June 30,			Nine Months Ended June 30,				
		2023		2022		2023		2022
Sales								
Intelligent Devices	\$	968.1	\$	878.3	\$	2,927.5	\$	2,587.2
Software & Control		750.6		606.9		2,065.0		1,655.7
Lifecycle Services		520.0		483.5		1,502.6		1,391.2
Total	\$	2,238.7	\$	1,968.7	\$	6,495.1	\$	5,634.1
Segment operating earnings	-							
Intelligent Devices	\$	163.1	\$	173.2	\$	579.4	\$	504.4
Software & Control		261.5		190.6		678.1		439.7
Lifecycle Services		48.4		45.4		100.6		103.6
Total		473.0		409.2		1,358.1		1,047.7
Purchase accounting depreciation and amortization		(27.2)		(25.9)		(79.8)		(78.1)
Corporate and other		(32.3)		(15.6)		(88.8)		(69.6)
Non-operating pension and postretirement credit (cost)		5.5		11.9		(87.5)		(5.0)
Change in fair value of investments		85.7		(5.2)		289.3		(138.3)
Interest expense, net		(32.9)		(30.2)		(100.2)		(88.9)
Income before income taxes	\$	471.8	\$	344.2	\$	1,291.1	\$	667.8

Among other considerations, we evaluate performance and allocate resources based upon segment operating earnings before purchase accounting depreciation and amortization, corporate and other, non-operating pension and postretirement benefit credit (cost), change in fair value of investments, interest expense, net, and income tax provision. Depending on the product, intersegment sales within a single legal entity are either at cost or cost plus a mark-up, which does not necessarily represent a market price. Sales between legal entities are at an appropriate transfer price. We allocate costs related to shared segment operating activities to the segments consistent with the methodology used by management to assess segment performance.

#### REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareowners of Rockwell Automation, Inc. Milwaukee, Wisconsin

#### **Results of Review of Interim Financial Information**

We have reviewed the accompanying consolidated balance sheet of Rockwell Automation, Inc. and subsidiaries (the "Company") as of June 30, 2023, the related consolidated statements of operations, comprehensive income, and shareowners' equity for the three-month and nine-month periods ended June 30, 2023 and 2022, and of cash flows for the nine-month periods ended June 30, 2023 and 2022, and the related notes (collectively referred to as the "interim financial information"). Based on our reviews, we are not aware of any material modifications that should be made to the accompanying interim financial information for it to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheet of the Company as of September 30, 2022, and the related consolidated statements of operations, comprehensive income, cash flows, and shareowners' equity for the year then ended (not presented herein); and in our report dated November 8, 2022, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of September 30, 2022, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

#### **Basis for Review Results**

This interim financial information is the responsibility of the Company's management. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our reviews in accordance with standards of the PCAOB. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the PCAOB, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

/s/ DELOITTE & TOUCHE LLP

Milwaukee, Wisconsin August 1, 2023

#### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

#### **Results of Operations**

#### Forward-Looking Statements

This Quarterly Report on Form 10-Q contains statements (including certain projections and business trends) that are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Words such as "believe", "estimate", "project", "plan", "expect", "anticipate", "will", "intend", and other similar expressions may identify forward-looking statements. Actual results may differ materially from those projected as a result of certain risks and uncertainties, many of which are beyond our control, including but not limited to:

- the availability and price of components and materials;
- macroeconomic factors, including inflation, global and regional business conditions (including adverse impacts in certain markets, such as Oil & Gas), commodity prices, currency exchange rates, the cyclical nature of our customers' capital spending, and sovereign debt concerns;
- the severity and duration of disruptions to our business due to pandemics (including the COVID-19 pandemic), natural disasters (including those as a result of climate change), acts of war (including the Russia and Ukraine conflict), strikes, terrorism, social unrest or other causes, including the impacts of the COVID-19 pandemic and efforts to manage it on the global economy, liquidity and financial markets, demand for our hardware and software products, solutions, and services, our supply chain, our work force, our liquidity, and the value of the assets we own;
- our ability to attract, develop, and retain qualified personnel;
- the availability, effectiveness, and security of our information technology systems;
- our ability to manage and mitigate the risk related to security vulnerabilities and breaches of our hardware and software products, solutions, and services;
- the successful integration and management of strategic transactions and achievement of the expected benefits of these transactions;
- laws, regulations, and governmental policies affecting our activities in the countries where we do business, including those related to tariffs, taxation, trade controls (including sanctions placed on Russia), cybersecurity, and climate change;
- · the successful development of advanced technologies and demand for and market acceptance of new and existing hardware and software products;
- our ability to manage and mitigate the risks associated with our solutions and services businesses;
- the successful execution of our cost productivity initiatives;
- competitive hardware and software products, solutions, and services, pricing pressures, and our ability to provide high quality products, solutions, and services;
- the availability and cost of capital;
- disruptions to our distribution channels or the failure of distributors to develop and maintain capabilities to sell our products;
- intellectual property infringement claims by others and the ability to protect our intellectual property;
- the uncertainty of claims by taxing authorities in the various jurisdictions where we do business;
- the uncertainties of litigation, including liabilities related to the safety and security of the hardware and software products, solutions, and services we sell;
- risks associated with our investment in common stock of PTC Inc., including the potential for volatility in our reported quarterly earnings associated with changes in the market value of such stock;
- our ability to manage costs related to employee retirement and health care benefits; and
- other risks and uncertainties, including but not limited to those detailed from time to time in our Securities and Exchange Commission (SEC) filings.

These forward-looking statements reflect our beliefs as of the date of filing this report. We undertake no obligation to update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise. See Item 1A. *Risk Factors*, of our Annual Report on Form 10-K for the year ended September 30, 2022, for more information.

#### Non-GAAP Measures

The following discussion includes organic sales, total segment operating earnings and margin, adjusted income, adjusted EPS, adjusted effective tax rate, and free cash flow, which are non-GAAP measures. See **Supplemental Sales Information** for a reconciliation of reported sales to organic sales and a discussion of why we believe this non-GAAP measure is useful to investors. See **Summary of Results of Operations** for a reconciliation of Income before income taxes to total segment operating earnings and margin and a discussion of why we believe these non-GAAP measures are useful to investors. See **Adjusted Income**, **Adjusted EPS**, and **Adjusted Effective Tax Rate Reconciliation** for a reconciliation of Net income attributable to Rockwell Automation, diluted EPS, and effective tax rate to adjusted income, adjusted EPS, and adjusted effective tax rate, respectively, and a discussion of why we believe these non-GAAP measures are useful to investors. See **Financial Condition** for a reconciliation of Cash provided by operating activities to free cash flow and a discussion of why we believe this non-GAAP measure is useful to investors.

#### **Overview**

Rockwell Automation, Inc. is a global leader in industrial automation and digital transformation. We connect the imaginations of people with the potential of technology to expand what is humanly possible, making the world more productive and more sustainable. Overall demand for our hardware and software products, solutions, and services is driven by:

- investments in manufacturing, including upgrades, modifications and expansions of existing facilities or production lines; and new facilities or production lines:
- investments in basic materials production capacity, which may be related to commodity pricing levels;
- · our customers' needs for faster time to market, operational productivity, asset management and reliability, and enterprise risk management;
- our customers' needs to continuously improve quality, safety, and sustainability;
- industry factors that include our customers' new product introductions, demand for our customers' products or services, and the regulatory and competitive environments in which our customers operate;
- levels of global industrial production and capacity utilization;
- regional factors that include local political, social, regulatory, and economic circumstances; and
- the spending patterns of our customers due to their annual budgeting processes and their working schedules.

#### Long-term Strategy

Our strategy is to bring The Connected Enterprise<sup>(R)</sup> to life by integrating control and information across the enterprise. We deliver customer outcomes by combining advanced industrial automation with the latest information technology. Our growth and performance strategy seeks to:

- achieve organic sales growth in excess of the automation market by expanding our served market and strengthening our competitive differentiation;
- grow market share of our core platforms;
- drive double digit growth in information solutions and connected services;
- drive double digit growth in annual recurring revenue (ARR);
- acquire companies that serve as catalysts to organic growth by increasing our information solutions and connected services offerings and capabilities, advanced material handling, and expanding our global presence;
- enhance our market access by building our channel capability and partner network;
- deploy human and financial resources to strengthen our technology leadership and our intellectual capital business model;
- · continuously improve quality and customer experience; and
- drive annual cost productivity.

By implementing the above strategy, we seek to achieve our long-term financial goals, including above-market organic sales growth, increasing the portion of our total revenue that is recurring in nature, EPS growth above sales growth, return on invested capital in excess of 20 percent, and free cash flow equal to about 100 percent of adjusted income. We expect acquisitions to add a percentage point or more per year to long-term sales growth.

Our customers face the challenge of remaining globally cost competitive and automation can help them achieve their productivity and sustainability objectives. Our value proposition is to help our customers reduce time to market, lower total cost of ownership, improve asset utilization, and manage enterprise risks.

#### U.S. Economic Trends

In the third quarter of 2023, sales in the U.S. accounted for over half of our total sales. The various indicators we use to gauge the direction and momentum of our served U.S. markets include:

- The Industrial Production (IP) Index, published by the Federal Reserve, which measures the real output of manufacturing, mining, and electric and gas utilities. The IP Index is expressed as a percentage of real output in a base year, currently 2017. Historically, there has been a meaningful correlation between the changes in the IP Index and the level of automation investment made by our U.S. customers in their manufacturing base.
- The Manufacturing Purchasing Managers' Index (PMI), published by the Institute for Supply Management (ISM), which indicates the current and near-term state of manufacturing activity in the U.S. According to the ISM, a PMI measure above 50 indicates that the U.S. manufacturing economy is generally expanding while a measure below 50 indicates that it is generally contracting.

The table below depicts trends in these indicators since the quarter ended September 2021. These figures are as of August 1, 2023, and are subject to revision by the issuing organizations. The IP Index decreased in two of the three months of the third quarter of 2023 but the quarter as a whole was up slightly versus the second quarter of 2023. Manufacturing PMI results continued to be soft in the third quarter of 2023. The Manufacturing PMI reading in the month of June was the lowest of the quarter and was the eighth consecutive month below 50.

	IP Index	PMI
2023 quarter ended:		
June 2023	99.9	46.0
March 2023	99.5	46.3
December 2022	99.6	48.4
2022 quarter ended:		
September 2022	100.4	50.9
June 2022	100.4	53.0
March 2022	99.7	57.0
December 2021	99.0	58.8
2021 quarter ended:		
September 2021	97.8	60.5

Inflation in the U.S. has also had an impact on our input costs and pricing. We used the Producer Price Index (PPI), published by the Bureau of Labor Statistics, which measures the average change over time in the selling prices received by domestic producers for their output. PPI for June 30, 2023, March 31, 2023, December 31, 2022, September 30, 2022, June 30, 2022, March 31, 2022, and December 31, 2021, increased 0.1 percent, 2.7 percent, 6.4 percent, 11.2 percent, 11.7 percent, and 10.0 percent, respectively, compared to the same period of the prior year. These figures are as of August 1, 2023, and are subject to revision by the issuing organization. Producer prices remain elevated, however, year over year increases continued to decelerate following last years' surge in prices.

#### Non-U.S. Economic Trends

In the third quarter of 2023, sales to customers outside the U.S. accounted for less than half of our total sales. These customers include both indigenous companies and multinational companies with a global presence. In addition to the global factors previously mentioned in the *Overview* section, international demand, particularly in emerging markets, has historically been driven by the strength of the industrial economy in each region, investments in infrastructure, and expanding consumer markets. We use changes in key countries' gross domestic product (GDP), IP, and PMI as indicators of the growth opportunities in each region where we do business.

Industrial output outside the U.S. was mixed in the third quarter of 2023 after broad growth in the second quarter of 2023. PMI readings were mostly lower in the third quarter of 2023 and readings for many countries ended the quarter below 50.

#### Supply Chain

We have a global supply chain, including a network of suppliers and distribution and manufacturing facilities. The supply chain has been stressed by increased demand, along with pandemic-related and other global events that have put additional pressures on manufacturing output. Although there has been a continued gradual improvement in the supply chain environment, this has resulted in and could continue to result in:

- challenges in our supply chain;
- difficulty in procuring or inability to procure components and materials necessary for our hardware and software products, solutions, and services;
- increased costs for commodities and components; and
- · delays in delivering, or an inability to deliver, our hardware and software products, solutions, and services.

We are closely managing our end-to-end supply chain, from sourcing to production to customer delivery, with a particular focus on all critical and at-risk suppliers and supplier locations globally. We have made large-scale investments to increase capacity across our network in support of our orders growth. Additional actions we are taking include:

- extending order visibility to our supply base to ensure we are appropriately planning for extended component lead times;
- securing longer-term supply agreements with critical partners;
- re-engineering of existing products to increase component supply resiliency;
- · capacity investments, including redundant manufacturing lines and additional electronic assembly equipment; and
- qualification of additional suppliers to diversify our supplier base.

We believe these and other actions we are taking will enable us to normalize our product lead times and reduce our backlog.

During the third quarter of 2023, we made a change in our U.S. distribution center that added capacity to support higher revenue. This transition impacted the timing of shipments within the second half of 2023, however, will provide flexibility and scale to support future growth.

#### Outlook

The table below provides guidance for sales growth and earnings per share for 2023 as of August 1, 2023. Our updated guidance reflects our performance to date and assumes continued supply chain improvement.

Sales Growth G	Guidance	EPS	S Guidance
Reported sales growth	14.0% - 16.0%	Diluted EPS	\$12.46 - \$12.86
Organic sales growth (1)	14.0% - 16.0%	Adjusted EPS (1)	\$11.70 - \$12.10
Inorganic sales growth	~1.0%		
Currency translation	~(1.0)%		

<sup>(1)</sup> Organic sales growth and adjusted EPS are non-GAAP measures. See Supplemental Sales Information and Adjusted Income, Adjusted EPS, and Adjusted Effective Tax Rate Reconciliation for more information on these non-GAAP measures.

#### Summary of Results of Operations

The following table reflects our sales and operating results (in millions, except per share amounts and percentages):

	Three Months Ended June 30,					Nine Months Ended June 30,			
		2023		2022	 2023		2022		
Sales									
Intelligent Devices (a)	\$	968.1	\$	878.3	\$ 2,927.5	\$	2,587.2		
Software & Control (b)		750.6		606.9	2,065.0		1,655.7		
Lifecycle Services (c)		520.0		483.5	1,502.6		1,391.2		
Total sales (d)	\$	2,238.7	\$	1,968.7	\$ 6,495.1	\$	5,634.1

Income before income taxes (i)		471.8		344.2	1,291.1		667.8		
Income tax provision		(73.1)		(49.4)	(218.8)		(84.7)		
Net income	'	398.7		294.8	1,072.3		583.1		
Net loss attributable to noncontrolling interests		(1.5)		(3.1)	(12.2)		(10.2)		
Net income attributable to Rockwell Automation	\$	400.2	\$	297.9	\$ 1,084.5	\$	593.3		
Diluted EPS	\$	3.45	\$	2.55	\$ 9.34	\$	5.06		
Adjusted EPS (3)	\$	3.01	\$	2.66	\$ 8.48	\$	6.45		
Diluted weighted average outstanding shares		115.6		116.5	 115.6		116.9		
Pre-tax margin (i/d)		21.1 %	,	17.5 %	19.9 %		11.9 %		
Intelligent Devices segment operating margin (e/a)		16.8 %		19.7 %	19.8 %		19.5 %		
Software & Control segment operating margin (f/b)		34.8 %		31.4 %	32.8 %		26.6 %		
Lifecycle Services segment operating margin (g/c)		9.3 %	,	9.4 %	6.7 %		7.4 %		
Total segment operating margin (2) (h/d)		21.1 %	)	20.8 %	20.9 %		18.6 %		

<sup>(1)</sup> See Note 15 in the Consolidated Financial Statements for the definition of segment operating earnings.

<sup>(2)</sup> Total segment operating earnings and total segment operating margin are non-GAAP financial measures. We exclude purchase accounting depreciation and amortization, corporate and other, non-operating pension and postretirement benefit credit (cost), change in fair value of investments, interest expense, net, and income tax provision because we do not consider these items to be directly related to the operating performance of our segments. We believe total segment operating earnings and total segment operating margin are useful to investors as measures of operating performance. We use these measures to monitor and evaluate the profitability of our operating segments. Our measures of total segment operating earnings and total segment operating margin may be different from measures used by other companies.

<sup>(3)</sup> Adjusted EPS is a non-GAAP earnings measure. See Adjusted Income, Adjusted EPS, and Adjusted Effective Tax Rate Reconciliation for more information on this non-GAAP measure.

#### Three and Nine Months Ended June 30, 2023, Compared to Three and Nine Months Ended June 30, 2022

#### Sales

Sales increased 13.7 percent and 15.3 percent year over year in the three and nine months ended June 30, 2023, respectively. Organic sales increased 13.2 percent and 16.6 percent year over year in the three and nine months ended June 30, 2023, respectively. Currency translation decreased sales by 0.7 percentage points and 2.4 percentage points year over year in the three and nine months ended June 30, 2023, respectively. Acquisitions increased sales by 1.2 percentage points and 1.1 percentage points year over year in the three and nine months ended June 30, 2023, respectively. Pricing increased total company sales by approximately 3.0 percentage points and 5.5 percentage points in the three and nine months ended June 30, 2023, respectively, realized in the Intelligent Devices and Software & Control segments.

The tables below present our sales, attributed to the geographic regions based upon country of destination, and the percentage change from the same period a year ago (in millions, except percentages). The results by region and segment were primarily impacted by the composition of backlog versus underlying demand.

		Change vs.	Change in Organic Sales <sup>(1)</sup> vs.		
Three Months Ended June 30, 2023				Three Months Ended June 30, 2022	Three Months Ended June 30, 2022
\$	1,260.9	1.7 %	1.7 %		
	494.4	40.2 %	33.9 %		
	343.5	39.2 %	44.4 %		
	139.9	8.1 %	6.7 %		
\$	2,238.7	13.7 %	13.2 %		
		\$ 1,260.9 494.4 343.5 139.9	Three Months Ended June 30, 2023         Three Months Ended June 30, 2022           \$ 1,260.9         1.7 %           494.4         40.2 %           343.5         39.2 %           139.9         8.1 %		

			Change vs.	Change in Organic Sales <sup>(1)</sup> vs.
	Nine Months Ended June 30, 2023		Nine Months Ended June 30, 2022	Nine Months Ended June 30, 2022
North America	\$	3,750.4	9.9 %	10.3 %
Europe, Middle East and Africa		1,353.7	28.2 %	29.6 %
Asia Pacific		974.2	23.0 %	30.2 %
Latin America		416.8	11.5 %	9.7 %
Total Company Sales	\$	6,495.1	15.3 %	16.6 %

<sup>(1)</sup> Organic sales and organic sales growth exclude the effect of acquisitions, changes in currency exchange rates, and divestitures. See **Supplemental Sales Information** for information on these non-GAAP measures.

#### Corporate and Other

Corporate and other expenses were \$32.3 million and \$88.8 million in the three and nine months ended June 30, 2023, respectively, compared to \$15.6 million and \$69.6 million in the three and nine months ended June 30, 2022, respectively. The increase was led by the year over year impact of mark-to-market adjustments related to our deferred and non-qualified compensation plans.

#### Income before Income Taxes

Income before income taxes was \$471.8 million and \$1,291.1 million in the three and nine months ended June 30, 2023, respectively, compared to \$344.2 million and \$667.8 million in the three and nine months ended June 30, 2022, respectively. The increase was primarily due to higher sales and fair value adjustments recognized in 2023 compared to 2022 in connection with our investment in PTC (the "PTC adjustments"). Higher non-operating pension expense partially offset the higher income before income taxes in the nine months ended June 30, 2023.

Total segment operating earnings increased 15.6 percent in the three months ended June 30, 2023, primarily due to higher sales volume, including pricing increases, partially offset by higher investment spend and incentive compensation. Total segment operating earnings increased 29.6 percent in the nine months ended June 30, 2023, primarily due to higher sales volume, including pricing increases, partially offset by higher investment spend, higher incentive compensation, higher input costs, and unfavorable currency impact.

#### Income Taxes

The effective tax rate for the three months ended June 30, 2023, was 15.5 percent compared to 14.4 percent for the three months ended June 30, 2022. The increase in the effective tax rate was primarily due to lower discrete benefits in the current year. Our adjusted effective tax rate for the three months ended June 30, 2023, was 14.1 percent compared to 14.5 percent for the three months ended June 30, 2022. The decrease in the adjusted effective tax rate was primarily due to non-U.S. tax rates.

The effective tax rate for the nine months ended June 30, 2023, was 16.9 percent compared to 12.7 percent for the nine months ended June 30, 2022. The increase in the effective tax rate was primarily due to the PTC adjustments, non-U.S. tax rates, and lower discrete benefits in the current year. Our adjusted effective tax rate for the nine months ended June 30, 2023, was 16.2 percent compared to 15.2 percent for the nine months ended June 30, 2022. The increase in the adjusted effective tax rate was primarily due to lower discrete benefits in the current year.

#### Diluted EPS and Adjusted EPS

2023 third quarter Net income attributable to Rockwell Automation was \$400.2 million or \$3.45 per share, compared to \$297.9 million or \$2.55 per share in the third quarter of 2022. The increases in Net income attributable to Rockwell Automation and diluted EPS were primarily due to higher sales and pre-tax margin. Pre-tax margin was 21.1 percent in the third quarter of 2023 compared to 17.5 percent in the same period last year. The increase in pre-tax margin was primarily due to higher sales and the PTC adjustments. 2023 third quarter adjusted EPS was \$3.01, up 13.2 percent compared to \$2.66 in the third quarter of 2022, primarily due to higher sales. Total segment operating margin in the third quarter of 2023 was 21.1 percent compared to 20.8 percent a year ago.

Net income attributable to Rockwell Automation was \$1,084.5 million or \$9.34 per share in the nine months ended June 30, 2023, compared to \$593.3 million or \$5.06 per share in the nine months ended June 30, 2022. The increases in Net income attributable to Rockwell Automation and diluted EPS were primarily due to higher sales and pre-tax margin. Pre-tax margin was 19.9 percent in the nine months ended June 30, 2023, compared to 11.9 percent in the same period last year. The increase in pre-tax margin was primarily due to higher sales and the PTC adjustments, partially offset by higher non-operating pension expense. Adjusted EPS was \$8.48 in the nine months ended June 30, 2023, up 31.5 percent compared to \$6.45 in the nine months ended June 30, 2022. The increase in adjusted EPS was primarily due to higher sales and segment operating margin. Total segment operating margin in the nine months ended June 30, 2023, was 20.9 percent compared to 18.6 percent in the same period a year ago primarily due to higher sales volume, including pricing increases, partially offset by higher investment spend, higher incentive compensation, higher input costs, and unfavorable currency impact.

#### **Intelligent Devices**

Sales

Intelligent Devices sales increased 10.2 percent and 13.2 percent year over year in the three and nine months ended June 30, 2023, respectively. Intelligent Devices organic sales increased 8.2 percent and 13.5 percent year over year in the three and nine months ended June 30, 2023, respectively. Currency translation decreased sales by 0.4 percentage points and 2.4 percentage points year over year, in the three and nine months ended June 30, 2023, respectively. The acquisition of CUBIC increased sales by 2.4 percentage points and 2.1 percentage points year over year in the three and nine months ended June 30, 2023, respectively. For the three months ended June 30, 2023, reported and organic sales increased in all regions except for North America. For the nine months ended June 30, 2023, reported and organic sales increased in all regions.

#### Segment Operating Margin

Intelligent Devices segment operating earnings decreased 5.8 percent year over year in the three months ended June 30, 2023. Segment operating margin decreased to 16.8 percent in the three months ended June 30, 2023, from 19.7 percent in the same period a year ago. The benefit of higher sales, including the impact from price, was more than offset by higher investment spend, unfavorable mix, and higher incentive compensation.

Intelligent Devices segment operating earnings increased 14.9 percent year over year in the nine months ended June 30, 2023. Segment operating margin increased to 19.8 percent in the nine months ended June 30, 2023, from 19.5 percent in the same period a year ago. The increase from the prior year includes higher sales volume, including the impact from price, partially offset by higher investment spend, unfavorable mix, higher incentive compensation, and unfavorable currency impact.

#### Software & Control

Sales

Software & Control sales increased 23.7 percent and 24.7 percent year over year in the three and nine months ended June 30, 2023, respectively. Software & Control organic sales increased 24.4 percent and 27.2 percent year over year in the three and nine months ended June 30, 2023, respectively. Currency translation decreased sales by 0.7 percentage points and 2.5 percentage points year over year in the three and nine months ended June 30, 2023, respectively. For the three and nine months ended June 30, 2023, respectively.

#### Segment Operating Margin

Software & Control segment operating earnings increased 37.2 percent and 54.2 percent year over year in the three and nine months ended June 30, 2023, respectively. Segment operating margin increased to 34.8 percent and 32.8 percent in the three and nine months ended June 30, 2023, respectively, from 31.4 percent and 26.6 percent in the same period a year ago, primarily driven by higher sales volume, including the impact from price, partially offset by higher investment spend.

#### Lifecycle Services

Sales

Lifecycle Services sales increased 7.5 percent and 8.0 percent year over year in the three and nine months ended June 30, 2023, respectively. Lifecycle Services organic sales increased 8.0 percent and 10.0 percent year over year in the three and nine months ended June 30, 2023, respectively. Currency translation decreased sales by 1.0 percentage points and 2.6 percentage points year over year in the three and nine months ended June 30, 2023, respectively. Acquisitions increased sales by 0.5 percentage points and 0.6 percentage points year over year in the three and nine months ended June 30, 2023, respectively. For the three months ended June 30, 2023, reported and organic sales increased in all regions except for North America. For the nine months ended June 30, 2023, reported and organic sales increased in all regions except for Latin America.

### Segment Operating Margin

Lifecycle Services segment operating earnings increased 6.6 percent and decreased 2.9 percent year over year in the three and nine months ended June 30, 2023, respectively. Segment operating margin decreased to 9.3 percent in the three months ended June 30, 2023, from 9.4 percent in the same period a year ago. Segment operating margin decreased to 6.7 percent in the nine months ended June 30, 2023, from 7.4 percent in the same period a year ago, as the benefit of higher sales was more than offset by higher incentive compensation costs and one-time items to expand future profitability.

### Supplemental Segment Information

Purchase accounting depreciation and amortization and non-operating pension and postretirement benefit (credit) cost are not allocated to our operating segments because these costs are excluded from our measurement of each segment's operating performance for internal purposes. If we were to allocate these costs, we would attribute them to each of our segments as follows (in millions):

		Three Mon June		Nine Months Ended June 30,		
		2023	2022	2023	2022	
Purchase accounting depreciation and amortization						
Intelligent Devices	\$	1.3	\$ 0.5	\$ 3.5	\$ 1.9	
Software & Control		17.1	17.3	51.2	51.8	
Lifecycle Services		8.5	7.9	24.3	23.7	
Non-operating pension and postretirement benefit (credit) cost						
Intelligent Devices	\$	(1.9)	\$ (4.7)	\$ 23.0	\$ (1.9)	
Software & Control		(1.9)	(4.7)	23.0	(1.9)	
Lifecycle Services		(2.7)	(6.3)	30.6	(2.6)	
	33					

#### Adjusted Income, Adjusted EPS, and Adjusted Effective Tax Rate Reconciliation

Adjusted income, adjusted EPS, and adjusted effective tax rate are non-GAAP earnings measures that exclude non-operating pension and postretirement benefit (credit) cost, purchase accounting depreciation and amortization attributable to Rockwell Automation, change in fair value of investments, and Net loss attributable to noncontrolling interests, including their respective tax effects. Non-operating pension and postretirement benefit (credit) cost is defined as all components of our net periodic pension and postretirement benefit cost except for service cost. See Note 10 in the Consolidated Financial Statements for more information on our net periodic pension and postretirement benefit cost.

We believe that adjusted income, adjusted EPS, and adjusted effective tax rate provide useful information to our investors about our operating performance and allow management and investors to compare our operating performance period over period. Adjusted EPS is also used as a financial measure of performance for our annual incentive compensation. Our measures of adjusted income, adjusted EPS, and adjusted effective tax rate may be different from measures used by other companies. These non-GAAP measures should not be considered a substitute for Net income attributable to Rockwell Automation, diluted EPS, and effective tax rate.

The following are reconciliations of Net income attributable to Rockwell Automation, diluted EPS, and effective tax rate to adjusted income, adjusted EPS, and adjusted effective tax rate, respectively (in millions, except per share amounts and percentages):

	Three Months Ended June 30,				Nine Months Ended June 30,			
		2023		2022		2023		2022
Net income attributable to Rockwell Automation	\$	400.2	\$	297.9	\$	1,084.5	\$	593.3
Non-operating pension and postretirement benefit (credit) cost (1)		(5.5)		(11.9)		87.5		5.0
Tax effect of non-operating pension and postretirement benefit (credit) cost <sup>(1)</sup>		1.2		3.8		(21.6)		(0.9)

Effective tax rate	~ 17.5%
Tax effect of non-operating pension and postretirement benefit cost (2)	~ 0.5%
Tax effect of purchase accounting depreciation and amortization attributable to Rockwell Automation	$\sim 0.5\%$
Tax effect of change in fair value of investments (3)	~ (1.0)%
Adjusted effective tax rate	~ 17.5%

<sup>(1)</sup> Fiscal 2023 guidance based on adjusted income attributable to Rockwell, which includes an adjustment for SLB's non-controlling interest in Sensia.

<sup>(2)</sup> Year-to-date pension settlement charges are used for guidance, as estimates of these adjustments on a forward-looking basis are not available due to variability, complexity, and limited visibility of these items.

<sup>(3)</sup> The actual year-to-date adjustments, which are based on PTC's share price at June 30, 2023, and year-to-date sales of PTC Shares, are used for guidance, as estimates of these adjustments on a forward-looking basis are not available due to variability, complexity, and limited visibility of these items.

<sup>(4)</sup> Guidance as of August 1, 2023.

#### **Financial Condition**

The following is a summary of our cash flows from operating, investing, and financing activities, as reflected in the Consolidated Statement of Cash Flows (in millions):

	Nine Months Ended June 30,			
	 2023	2022		
Cash provided by (used for)				
Operating activities	\$ 535.1 \$	423.7		
Investing activities	88.6	(99.2)		
Financing activities	(709.2)	(478.5)		
Effect of exchange rate changes on cash	 29.7	(25.3)		
Decrease in cash, cash equivalents, and restricted cash	\$ (55.8) \$	(179.3)		

The following table summarizes free cash flow, which is a non-GAAP financial measure (in millions):

	Nine Months Ended June 30,			
	 2023		2022	
Cash provided by operating activities	\$ 535.1	\$	423.7	
Capital expenditures	(97.3)		(100.3)	
Free cash flow	\$ 437.8	\$	323.4	

Our definition of free cash flow takes into consideration capital investments required to maintain the operations of our businesses and execute our strategy. Cash provided by operating activities adds back non-cash depreciation expense to earnings but does not reflect a charge for necessary capital expenditures. Our definition of free cash flow excludes the operating cash flows and capital expenditures related to our discontinued operations, if any. Operating, investing, and financing cash flows of our discontinued operations, if any, are presented separately in our Consolidated Statement of Cash Flows. In our opinion, free cash flow provides useful information to investors regarding our ability to generate cash from business operations that is available for acquisitions and other investments, service of debt principal, dividends, and share repurchases. We use free cash flow, as defined, as one measure to monitor and evaluate our performance, including as a financial measure for our annual incentive compensation. Our definition of free cash flow may be different from definitions used by other companies.

Cash provided by operating activities was \$535.1 million for the nine months ended June 30, 2023, compared to \$423.7 million for the nine months ended June 30, 2022. Free cash flow was \$437.8 million for the nine months ended June 30, 2023, compared to \$323.4 million for the nine months ended June 30, 2022. The year over year increases in cash provided by operating activities and free cash flow were primarily due to higher pre-tax income in the first nine months of 2023 compared to the first nine months of 2022, partially offset by increases in working capital. Free cash flow for the nine months ended June 30, 2023 and 2022, includes \$16.6 million and \$0.1 million, respectively, of taxes paid on the realized gain from sales of the PTC Shares.

In December 2021, the Company entered a 10b5-1 plan related to our PTC Shares, pursuant to which a broker makes periodic sales of some of our PTC Shares on behalf of the Company, subject to the terms of the plan. Starting in June 2022, the Company made periodic sales of our PTC Shares in the open market, outside of the parameters of the existing 10b5-1 plan. In December 2022, the original 10b5-1 plan was completed and a new 10b5-1 plan related to our PTC Shares was entered into by the Company. All of our sales of PTC Shares are consistent with the transfer restrictions in the securities purchase agreement, as amended, with PTC. As of June 30, 2023 and 2022, the fiscal year-to-date sales of our PTC shares under our 10b5-1 plan and open market sales resulted in a gross inflow of \$355.2 million and \$66.0 million, respectively. This excludes any tax liability related to the realized gain on investment. These proceeds, and any proceeds from future sales, will support our future uses of cash.

Our Short-term debt as of June 30, 2023, and September 30, 2022, includes commercial paper borrowings of \$183.0 million and \$317.0 million, respectively, with weighted average interest rates of 5.10 percent and 3.03 percent, respectively, and weighted average maturity periods of 9 days and 22 days, respectively. In December 2022, Sensia entered into an unsecured \$75.0 million line of credit. As of June 30, 2023, included in Short-term debt was \$65.0 million borrowed against the line of credit with an interest rate of 6.14 percent. Also included in Short-term debt as of June 30, 2023, and September 30, 2022, is \$23.5 million and \$42.3 million, respectively, of interest-bearing loans from SLB to Sensia, due December 29, 2023.

We repurchased approximately 1.0 million shares of our common stock under our share repurchase program in the first nine months of 2023. The total cost of these shares was \$256.2 million, of which \$0.8 million was recorded in Accounts payable at June 30, 2023, related to shares that did not settle until July 2023. At September 30, 2022, there were \$1.6 million of outstanding common stock share repurchases recorded in Accounts payable. We repurchased approximately 1.0 million shares of our common stock under our share repurchase program in the first nine months of 2022. The total cost of these shares was \$225.5 million, of which \$8.8 million was recorded in Accounts payable at June 30, 2022, related to shares that did not settle until July 2022. Our decision to repurchase shares in the remainder of 2023 will depend on business conditions, free cash flow generation, other cash requirements, and stock price. On May 2, 2022, the Board of Directors authorized us to expend an additional \$1.0 billion to repurchase shares of our common stock. At June 30, 2023, we had approximately \$995.1 million remaining for share repurchases under our existing board authorization. See Part II, Item 2. *Unregistered Sales of Equity Securities and Use of Proceeds*, for additional information regarding share repurchases.

We expect future uses of cash to include working capital requirements, capital expenditures, additional contributions to our retirement plans, acquisitions of businesses and other inorganic investments, dividends to shareowners, repurchases of common stock, and repayments of debt. We expect to fund future uses of cash with a combination of existing cash balances, cash generated by operating activities, commercial paper borrowings, or new issuances of debt or other securities. In addition, we have access to unsecured credit facilities with various banks.

At June 30, 2023, the majority of our Cash and cash equivalents were held by non-U.S. subsidiaries. As a result of the broad changes to the U.S. international tax system under the Tax Act, the Company accounts for taxes on earnings of substantially all of its non-U.S. subsidiaries including both non-U.S. and U.S. taxes. The Company has concluded that earnings of a limited number of its non-U.S. subsidiaries are indefinitely reinvested.

In June 2022, we replaced our former \$1.25 billion unsecured revolving credit facility with a new five-year \$1.5 billion unsecured revolving credit facility, expiring in June 2027. We can increase the aggregate amount of this credit facility by up to \$750.0 million, subject to the consent of the banks in the credit facility. We did not borrow against this credit facility or the former credit facility during the periods ended June 30, 2023, or September 30, 2022. Borrowings under this credit facility bear interest based on short-term money market rates in effect during the period the borrowings are outstanding. The terms of this credit facility contain covenants under which we agree to maintain an EBITDA-to-interest ratio of at least 3.0 to 1.0. The EBITDA-to-interest ratio is defined in the credit facility as the ratio of consolidated EBITDA (as defined in the facility) for the preceding four quarters to consolidated interest expense for the same period.

LIBOR was the primary basis for determining interest payments on borrowings under our former \$1.25 billion credit facility. Our new \$1.5 billion credit facility uses the secured overnight funding rate (SOFR) as the primary basis for determining interest payments.

Among other uses, we can draw on our credit facility as a standby liquidity facility to repay our outstanding commercial paper as it matures. This access to funds to repay maturing commercial paper is an important factor in maintaining the short-term credit ratings set forth in the table below. Under our current policy with respect to these ratings, we expect to limit our other borrowings under our credit facility, if any, to amounts that would leave enough credit available under the facility so that we could borrow, if needed, to repay all of our then outstanding commercial paper as it matures.

Separate short-term unsecured credit facilities of approximately \$219.4 million at June 30, 2023, were available to non-U.S. subsidiaries, of which, approximately \$32.2 million was committed under letters of credit. Borrowings under our non-U.S. credit facilities at June 30, 2023, and September 30, 2022, were not significant. We were in compliance with all covenants under our credit facilities at June 30, 2023, and September 30, 2022. There are no significant commitment fees or compensating balance requirements under our credit facilities.

The following is a summary of our credit ratings as of June 30, 2023:

Credit Rating Agency	Short-Term Rating	Long-Term Rating	Outlook
Standard & Poor's	A-1	A	Negative
Moody's	P-2	A3	Stable
Fitch Ratings	F1	A	Stable

Our ability to access the commercial paper market, and the related costs of these borrowings, is affected by the strength of our credit ratings and market conditions. We have not experienced any difficulty in accessing the commercial paper market. If our access to the commercial paper market is adversely affected due to a change in market conditions or otherwise, we would expect to rely on a combination of available cash and our unsecured committed credit facility to provide short-term funding. In such event, the cost of borrowings under our unsecured committed credit facility could be higher than the cost of commercial paper borrowings.

We regularly monitor the third-party depository institutions that hold our cash and cash equivalents and short-term investments. We diversify our cash and cash equivalents among counterparties to minimize exposure to any one of these entities.

We use foreign currency forward exchange contracts to manage certain foreign currency risks. We enter into these contracts to hedge our exposure to foreign currency exchange rate variability in the expected future cash flows associated with certain third-party and intercompany transactions denominated in foreign currencies forecasted to occur within the next two years. We also use these contracts to hedge portions of our net investments in certain non-U.S. subsidiaries against the effect of exchange rate fluctuations on the translation of foreign currency balances to the U.S. dollar. In addition, we use foreign currency forward exchange contracts that are not designated as hedges to offset transaction gains or losses associated with some of our assets and liabilities resulting from intercompany loans or other transactions with third parties that are denominated in currencies other than our entities' functional currencies. Our foreign currency forward exchange contracts are usually denominated in currencies of major industrial countries. We diversify our foreign currency forward exchange contracts among counterparties to minimize exposure to any one of these entities.

Net gains and losses related to derivative forward exchange contracts designated as cash flow hedges offset the related gains and losses on the hedged items during the periods in which the hedged items are recognized in earnings. During the three and nine months ended June 30, 2023, we reclassified \$7.3 million and \$27.7 million, respectively, in pre-tax net gains related to cash flow hedges from Accumulated other comprehensive loss into the Consolidated Statement of Operations. During the three and nine months ended June 30, 2022, we reclassified \$7.2 million and \$6.6 million, respectively, in pre-tax net gains related to cash flow hedges from Accumulated other comprehensive loss into the Consolidated Statement of Operations. As of June 30, 2023, we expect that approximately \$4.5 million of pre-tax net unrealized gains on cash flow hedges will be reclassified into earnings during the next 12 months.

Information with respect to our contractual cash obligations is contained in Item 7. *Management's Discussion and Analysis of Financial Condition and Results of Operations*, of our Annual Report on Form 10-K for the year ended September 30, 2022. We believe that at June 30, 2023, there has been no material change to this information.

# **Supplemental Sales Information**

We translate sales of subsidiaries operating outside of the United States using exchange rates effective during the respective period. Therefore, changes in currency exchange rates affect our reported sales. Sales by acquired businesses also affect our reported sales. We believe that organic sales, defined as sales excluding the effects of acquisitions and changes in currency exchange rates, which is a non-GAAP financial measure, provides useful information to investors because it reflects regional and operating segment performance from the activities of our businesses without the effect of acquisitions and changes in currency exchange rates. We use organic sales as one measure to monitor and evaluate our regional and operating segment performance. When we acquire businesses, we exclude sales in the current period for which there are no comparable sales in the prior period. We determine the effect of changes in currency exchange rates by translating the respective period's sales using the same currency exchange rates that were in effect during the prior year. When we divest a business, we exclude sales in the prior period for which there are no comparable sales in the current period. Organic sales growth is calculated by comparing organic sales to reported sales in the prior year, excluding divestitures. We attribute sales to the geographic regions based on the country of destination.

The following is a reconciliation of reported sales to organic sales by geographic region (in millions):

		Three Months Ended June 30, 2023					Three Months Ended June 30, 2022

# **Critical Accounting Estimates**

We have prepared the Consolidated Financial Statements in accordance with accounting principles generally accepted in the United States, which require us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the Consolidated Financial Statements and revenues and expenses during the periods reported. These estimates are based on our best judgment about current and future conditions, but actual results could differ from those estimates. Information with respect to accounting estimates that are the most critical to the understanding of our financial statements as they could have the most significant effect on our reported results and require subjective or complex judgments by management is contained in Item 7. *Management's Discussion and Analysis of Financial Condition and Results of Operations*, of our Annual Report on Form 10-K for the year ended September 30, 2022. We believe that at June 30, 2023, there has been no material change to this information, except as noted below.

### Goodwill - Sensia Reporting Unit

The quantitative test of Goodwill for impairment requires us to estimate the fair value of our reporting units. During the second quarter of fiscal 2023, we performed a quantitative impairment test for our Sensia reporting unit. We determined the fair value of the reporting unit under a combination of an income approach derived from discounted cash flows and a market multiples approach using selected comparable public companies.

Critical assumptions used in this approach included management's estimated future revenue growth rates and margins, a discount rate, and a market multiple. Estimated future revenue growth and margins are based on management's best estimate about current and future conditions. The revenue growth rate assumption reflects significant growth over the next five years before moderating back to a growth rate approximating longer term average inflationary rates. The forecasted near-term growth rate assumes that revenue will return to pre-pandemic levels due to the abatement of pandemic and supply chain related disruptions. Margin assumptions reflect that recent cost pressure related to inflation and supply chain challenges will be compensated through pricing achieved on future orders. We believe the assumptions and estimates made were reasonable and appropriate, which are based on a number of factors, including historical experience, reference to external product available market and industry growth publications, analysis of peer group projections, and information obtained from reporting unit management, including backlog. Actual results and forecasts of revenue growth and margins for our Sensia reporting unit may be impacted by its concentration within the Oil & Gas industry and with its customer base. Demand for Sensia hardware and software products, solutions, and services is sensitive to industry volatility and risks, including those related to commodity prices, supply and demand dynamics, production costs, geological activity, and political activities. If such factors impact our ability to achieve forecasted revenue growth rates and margins, the fair value of the reporting unit could decrease, which may result in an impairment. We determined the discount rate using our weighted average cost of capital adjusted for risk factors including risk associated with our above market revenue growth assumptions, historical performance, and industry-specific and economic factors. Additionally, industry-specific and economic f

Based on these assumptions and estimates, the fair value of the Sensia reporting unit exceeded its carrying value by approximately 10 percent. We also assessed the changes in events and circumstances subsequent to our annual test and concluded that no triggering events, which would require interim quantitative testing, occurred. Therefore, as of June 30, 2023, we deemed that no impairment existed on \$318.2 million of Goodwill allocated to the Sensia reporting unit.

#### Retirement Benefits - Pension

In June 2023, we remeasured our U.S. pension plan assets and liabilities in accordance with U.S GAAP settlement accounting rules. The discount rate used in the remeasurement was 5.45 percent compared to 5.65 percent at our September 30, 2022, annual measurement date. The 5.45 percent discount rate was set as of a June 30, 2023, measurement date and was determined by modeling a portfolio of bonds that match the expected cash flow of our benefit plans. See Note 10 in the Consolidated Financial Statements for additional information regarding the settlement accounting.

#### **Environmental Matters**

Information with respect to the effect of compliance with environmental protection requirements and resolution of environmental claims on us and our manufacturing operations is contained in Note 17 in the Consolidated Financial Statements in Item 8. *Financial Statements and Supplementary Data*, of our Annual Report on Form 10-K for the year ended September 30, 2022. We believe that at June 30, 2023, there has been no material change to this information.

## **Recent Accounting Pronouncements**

See Note 1 in the Consolidated Financial Statements regarding recent accounting pronouncements.

#### Item 3. Quantitative and Qualitative Disclosures About Market Risk

Information with respect to our exposure to foreign currency risk and interest rate risk is contained in Item 7A. *Quantitative and Qualitative Disclosures About Market Risk*, of our Annual Report on Form 10-K for the year ended September 30, 2022. We believe that at June 30, 2023, there has been no material change to this information.

#### **Item 4.** Controls and Procedures

Disclosure Controls and Procedures: We, with the participation of our Chief Executive Officer and Chief Financial Officer, have evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (Exchange Act)) as of the end of the quarter covered by this report. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of the quarter covered by this report, our disclosure controls and procedures were effective.

Internal Control Over Financial Reporting: There has not been any change in our internal control over financial reporting (as such term is defined in Exchange Act Rule 13a-15(f)) during the quarter to which this report relates that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

#### PART II. OTHER INFORMATION

## Item 1. Legal Proceedings

Information with respect to our legal proceedings is contained in Item 3. *Legal Proceedings*, of our Annual Report on Form 10-K for the year ended September 30, 2022. We believe that at June 30, 2023, there has been no material change to this information.

## Item 1A. Risk Factors

Information about our most significant risk factors is contained in Item 1A. *Risk Factors*, of our Annual Report on Form 10-K for the year ended September 30, 2022. We believe that at June 30, 2023, there has been no material change to this information.

# Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Share Repurchases

The table below sets forth information with respect to purchases made by or on behalf of us of shares of our common stock during the three months ended June 30, 2023:

Period	Total Number of Shares Purchased <sup>(1)</sup>	Average Price <sub>(2)</sub> Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Approx. Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs <sup>(3)</sup>
April 1 - 30, 2023	82,169	\$ 277.42	82,169	\$ 1,034,106,108
May 1 - 31, 2023	112,790	272.69	112,432	1,003,447,871
June 1 - 30, 2023	27,168	309.06	27,168	995,051,408
Total	222,127	\$ 278.88	221,769	

<sup>(1)</sup> All of the shares purchased during the quarter ended June 30, 2023, were acquired pursuant to the repurchase program described in (3) below, except for 358 shares that were acquired in May 2023 in connection with stock swap exercises of employee stock options.

<sup>(2)</sup> Average price paid per share includes brokerage commissions.

<sup>(3)</sup> On May 2, 2022, the Board of Directors authorized us to expend an additional \$1.0 billion to repurchase shares of our common stock. Our repurchase program allows us to repurchase shares at management's discretion or at our broker's discretion pursuant to a share repurchase plan subject to price and volume parameters.

#### Item 5. Other Information

During the quarter ended June 30, 2023, the following officers of the Company adopted Rule 10b5-1 trading arrangements that are each intended to satisfy the affirmative defense of Rule 10b5-1(c) promulgated under the Exchange Act, with such details of the arrangements as further follows:

- Matthew Fordenwalt, Senior Vice President Lifecycle Services, adopted a Rule 10b5-1 trading arrangement on May 25, 2023, that will terminate on the earlier of December 31, 2023, or the execution of all trades in the trading arrangement. Mr. Fordenwalt's trading arrangement covers the sale of the number of shares of the Company's common stock required to be sold to cover taxes on upcoming restricted stock unit and performance share vests.
- Nicholas Gangestad, Senior Vice President and Chief Financial Officer, adopted a Rule 10b5-1 trading arrangement on May 30, 2023, that will terminate on the earlier of March 8, 2024, or the execution of all trades in the trading arrangement. Mr. Gangestad's trading arrangement covers the sale of (i) the number of shares of the Company's common stock required to be sold to cover taxes on upcoming restricted stock unit vests and (ii) 50% of the shares of the Company's common stock that remain following the sale to cover taxes on the vesting of 5,309 restricted stock units on March 1, 2024.
- Veena Lakkundi, Senior Vice President Corporate Development and Strategy, adopted a Rule 10b5-1 trading arrangement on May 31, 2023, that will terminate on the earlier of December 31, 2023, or the execution of all trades in the trading arrangement. Ms. Lakkundi's trading arrangement covers the sale of the number of shares of the Company's common stock required to be sold to cover taxes on upcoming restricted stock unit vests.
- John Miller, Vice President and Chief Intellectual Property Counsel, adopted a Rule 10b5-1 trading arrangement on May 24, 2023, that will terminate on the earlier of December 31, 2023, or the execution of all trades in the trading arrangement. Mr. Miller's trading arrangement covers the sale of the number of shares of the Company's common stock required to be sold to cover taxes on upcoming restricted stock unit and performance share vests.
- Brian Shepherd, Senior Vice President Software and Control, adopted a Rule 10b5-1 trading arrangement on May 24, 2023, that will terminate on the earlier of February 29, 2024, or the execution of all trades in the trading arrangement. Mr. Shepherd's trading arrangement covers the sale of the number of shares of the Company's common stock required to be sold to cover taxes on upcoming restricted stock unit vests.

The aggregate number of shares to be sold pursuant to each trading arrangement described above is dependent on the taxes on the applicable restricted stock unit and performance share vests, and, therefore, is indeterminable at this time.

During the quarter ended June 30, 2023, no director or officer of the Company adopted or terminated a "non-Rule 10b5-1 trading arrangement," as defined in Item 408 of Regulation S-K, no director of the Company adopted or terminated a Rule 10b5-1 trading arrangement, and no officer of the Company terminated a Rule 10b5-1 trading arrangement.

#### **CERTIFICATION**

- I, Blake D. Moret, certify that:
- 1. I have reviewed this quarterly report on Form 10-Q of Rockwell Automation, Inc.;
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- 4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Date: August 1, 2023

  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
