UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D. C. 20549

FORM 8-K

CURRENT REPORT

PURSUANT TO SECTION 13 OR 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934

Date of Report (Date of earliest event reported): April 23, 2025

Commission File Number	Registrant; State of Incorporation; Address; and Telephone Number	I.R.S. Employer Identification No.
333-21011	FIRSTENERGY CORP (An Ohio Corporation) 341 White Pond Drive Akron OH 44320 Telephone (800) 736-3402	34-1843785

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions:

☐ Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
☐ Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
☐ Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
☐ Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, $0.10 par value per share	FE	New York Stock Exchange

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).
Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Item 2.02 Results of Operations and Financial Condition

On April 23, 2025, FirstEnergy Corp. ("FirstEnergy" or the "Company") issued a press release (the "Release") announcing its financial results for the three months ended March 31, 2025, affirming the Company's Core Earnings (non-GAAP) guidance for the full year 2025, and affirming the Company's five year compound annual Core Earnings growth rate target. A copy of the Release is included as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The Company has presented certain financial information in accordance with U.S. generally accepted accounting principles ("GAAP") and also on a non-GAAP basis. Management uses these non-GAAP financial measures to evaluate the Company's and its segments' performance and manage its operations and frequently references these non-GAAP financial measures in its decision-making, using them to facilitate historical and ongoing performance comparisons. Management believes that the non-GAAP financial measures included in Exhibit 99.1 and Exhibit 99.2, referenced below, provide consistent and comparable measures of performance of its businesses on an ongoing basis. Management also believes that such measures are useful to other interested parties to understand performance trends and evaluate the Company against its peer group by presenting period-over-period operating results without the effect of certain adjustments that may not be consistent or comparable across periods or across the Company's peer group. The Company has provided, where possible without unreasonable effort, quantitative reconciliations of the non-GAAP financial measures to the most directly comparable GAAP financial measures in the tables on page 3 of the Release.

The information set forth in and incorporated into this Item 2.02 of this Current Report on Form 8-K is being furnished pursuant to Item 2.02 of Form 8-K and shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act") or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference into any of the Company's filings under the Securities Act of 1933, as amended (the "Securities Act") or the Exchange Act, whether made before or after the date hereof and regardless of any general incorporation language in such filings, except to the extent expressly set forth by specific reference in such a filing.

Item 7.01 Regulation FD Disclosure

In connection with the Release, the Company also made available FirstEnergy's 1Q 2025 Strategic and Financial Highlights (the "Highlights"), which is attached as Exhibit 99.2 to this Current Report on Form 8-K and incorporated herein by reference. The Highlights are available under the "Investor Relations" section of the Company's website, located at investors.firstenergycorp.com. Website addresses are included as inactive textual references only. Information on the Company's website is not, and will not be deemed to be, a part of this Current Report on Form 8-K or incorporated into any other filings the Company may make with the Securities and Exchange Commission. Important information may be disseminated initially or exclusively via the Company's Investor Relations website; investors should consult the site to access this information.

The information set forth in and incorporated into this Item 7.01 of this Current Report on Form 8-K is being furnished pursuant to Item 7.01 of Form 8-K and shall not be deemed "filed" for purposes of Section 18 of the Exchange Act, or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference into any of the Company's filings under the Securities Act or the Exchange Act, whether made before or after the date hereof and regardless of any general incorporation language in such filings, except to the extent expressly set forth by specific reference in such a filing. The furnishing of this Item 7.01 of this Current Report on Form 8-K shall not be deemed an admission as to the materiality of any information herein that is required to be disclosed solely by reason of Regulation FD.

This Form 8-K includes forward-looking statements based on information currently available to management and unless the context requires otherwise, references to “we,” “us,” “our” and “FirstEnergy” refers to FirstEnergy Corp. and its subsidiaries. Such statements are subject to certain risks and uncertainties and readers are cautioned not to place undue reliance on these forward-looking statements. These statements include declarations regarding management's intents, beliefs and current expectations. These statements typically contain, but are not limited to, the terms “anticipate,” “potential,” “expect,” "forecast," "target," "will," "intend," “believe,” "project," “estimate," "plan" and similar words. Forward-looking statements involve estimates, assumptions, known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements, which may include the following: the potential liabilities, increased costs and unanticipated developments resulting from government investigations and agreements, including those associated with compliance with or failure to comply with the Deferred Prosecution Agreement entered into July 21, 2021 and settlements with the U.S. Attorney’s Office for the Southern District of Ohio and the Securities and Exchange Commission (“SEC”); the risks and uncertainties associated with government investigations and audits regarding Ohio House Bill 6, as passed by Ohio’s 133rd General Assembly (“HB 6”) and related matters, including potential adverse impacts on federal or state regulatory matters, including, but not limited to, matters relating to rates; the risks and uncertainties associated with litigation, arbitration, mediation and similar proceedings, particularly regarding HB 6 related matters; changes in national and regional economic conditions, including recession, volatile interest rates, inflationary pressure, supply chain disruptions, higher fuel costs, and workforce impacts, affecting us and/or our customers and those vendors with which we do business; variations in weather, such as mild seasonal weather variations and severe weather conditions (including events caused, or exacerbated, by climate change, such as wildfires, hurricanes, flooding, droughts, high wind events and extreme heat events) and other natural disasters, which may result in increased storm restoration expenses or material liability and negatively affect future operating results; the potential liabilities and increased costs arising from regulatory actions or outcomes in response to severe weather conditions and other natural disasters; legislative and regulatory developments, and executive orders, including, but not limited to, matters related to rates, energy regulatory policies, compliance and enforcement activity, cyber security, climate change, and diversity, equity and inclusion; the ability to access the public securities and other capital and credit markets in accordance with our financial plans, the cost of such capital and overall condition of the capital and credit markets affecting us, including the increasing number of financial institutions evaluating the impact of climate change on their investment decisions, and the loss of FirstEnergy Corp.’s status as a well-known seasoned issuer; the risks associated with physical attacks, such as acts of war, terrorism, sabotage or other acts of violence, and cyber-attacks and other disruptions to our, or our vendors’, information technology system, which may compromise our operations, and data security breaches of sensitive data, intellectual property and proprietary or personally identifiable information; the ability to accomplish or realize anticipated benefits through establishing a culture of continuous improvement and our other strategic and financial goals, including, but not limited to, executing Energize365, our transmission and distribution investment plan, executing on our rate filing strategy, controlling costs, improving credit metrics, maintaining investment grade ratings, strengthening our balance sheet and growing earnings; changing market conditions affecting the measurement of certain liabilities and the value of assets held in our pension trusts may negatively impact our forecasted growth rate, results of operations and may also cause it to make contributions to its pension sooner or in amounts that are larger than currently anticipated; changes in assumptions regarding factors such as economic conditions within our territories, the reliability of our transmission and distribution system, our generation resource planning in West Virginia, or the availability of capital or other resources supporting identified transmission and distribution investment opportunities; human capital management challenges, including among other things, attracting and retaining appropriately trained and qualified employees and labor disruptions by our unionized workforce; mitigating exposure for remedial activities associated with retired and formerly owned electric generation assets, including those sites impacted by the legacy coal combustion residual rules that were finalized during 2024, and the Environmental Protection Agency’s reconsideration of such rule; changes to environmental laws and regulations, including, but not limited to, federal and state rules related to climate change, and potential changes to such laws and regulations as a result of the U.S. presidential administration; changes in customers’ demand for power, including, but not limited to, economic conditions, the impact of climate change, emerging technology, particularly with respect to electrification, energy storage and distributed sources of generation; future actions taken by credit rating agencies that could negatively affect either our access to or terms of financing or our financial condition and liquidity; the potential of non-compliance with debt covenants in our credit facilities; the ability to comply with applicable reliability standards and energy efficiency and peak demand reduction mandates; changes to significant accounting policies; any changes in tax laws or regulations, including, but not limited to, the Inflation Reduction Act of 2022, or adverse tax audit results or rulings and potential changes to such laws and regulations as a result of the new U.S. presidential administration; the ability to meet our publicly-disclosed goals relating to climate-related matters, opportunities, improvements, and efficiencies, including FirstEnergy’s Greenhouse gas reduction goals’ and the risks and other factors discussed from time to time in FirstEnergy Corp.’s SEC filings. Dividends declared from time to time on FirstEnergy Corp.’s common stock during any period may in the aggregate vary from prior periods due to circumstances considered by the FirstEnergy Corp. Board at the time of the actual declarations. A security rating is not a recommendation to buy or hold securities and is subject to revision or withdrawal at any time by the assigning rating agency. Each rating should be evaluated independently of any other rating. These forward-looking statements are also qualified by, and should be read together with, the risk factors included in FirstEnergy Corp.’s Form 10-K, Form 10-Q and in other filings with the SEC. The foregoing review of factors also should not be construed as exhaustive. New factors emerge from time to time, and it is not possible for management to predict all such factors, nor assess the impact of any such factor on FirstEnergy Corp.’s business or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statements. FirstEnergy Corp. expressly disclaims any obligation to update or revise, except as required by law, any forward-looking statements contained herein or in the information incorporated by reference as a result of new information, future events or otherwise.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

For Release: April 23, 2025

FirstEnergy Announces First Quarter 2025 Financial Results

Reports significant improvement in first quarter 2025 GAAP earnings of $0.62 per share and Core Earnings (non-GAAP) of $0.67 per share, versus 2024 GAAP earnings of $0.44 per share and Core Earnings of $0.49 per share

On track with 2025 $5 billion investment plan with more than $1 billion in customer-focused capital investments in the first quarter, supporting five-year Energize365 program of $28 billion through 2029

Affirms full-year 2025 Core Earnings guidance of $2.40 to $2.60 per share *and*
6-8% compounded annual Core Earnings growth rate target from 2025 through 2029

AKRON, Ohio – FirstEnergy Corp. (NYSE: FE) today reported first quarter 2025 GAAP earnings of $360 million, or $0.62 per basic and diluted share, on revenue of $3.8 billion. This compares to first quarter 2024 GAAP earnings of $253 million, or $0.44 per basic and diluted share, on revenue of $3.3 billion. GAAP results include the impact of special items listed below.

Core Earnings (non-GAAP) for the first quarter of 2025 were $0.67 per share, a significant improvement from first quarter 2024 Core Earnings of $0.49 per share.

“We are off to a great start in 2025,” said Brian X. Tierney, FirstEnergy Board Chair, President and Chief Executive Officer. “First quarter Core Earnings were in line with our plan and reflect solid execution of our regulated strategies and strong financial discipline. In fact, all of our key financial metrics significantly improved year over year and are consistent with, or better than, our internal plan. As we look to the balance of the year, we are on track to meet the 2025 Core Earnings guidance.”

FirstEnergy affirmed its 2025 Core Earnings guidance range of $2.40 to $2.60 per share, based on 578 million shares outstanding, and its 6-8% targeted compound Core Earnings growth rate from 2025 through 2029. This growth is supported by the company's five-year, $28 billion capital investment plan, Energize365, which includes $5 billion in targeted investments in 2025.

Compared to the first quarter of 2024, Core Earnings benefited from the impact of new base rates in Pennsylvania, West Virginia and New Jersey, growth in rate base under formula rate programs, lower financing costs and normal weather-related demand. These were partially offset by higher operating expense due to increased maintenance requirements and deferred cost recovery from approved rate cases, and dilution related to the equity interest sale in FirstEnergy Transmission (FET) that closed in March 2024.

Total distribution deliveries increased more than 4% compared to the mild first quarter of 2024, when heating degree days were 15% below normal. Sales increased 10% to residential customers and more than 5% in the commercial sector, while industrial sales decreased nearly 3%.

First quarter Core Earnings in the Distribution segment increased $0.10 per share compared to the first quarter of 2024 as a result of new base rates in Pennsylvania, which were effective Jan. 1, 2025, and stronger customer demand.

In the Integrated segment, Core Earnings increased $0.10 per share compared to the first quarter of 2024, as a result of the new base rates in New Jersey and West Virginia, which were effective during the latter part of the first quarter of 2024, strong rate base growth in formula rate programs, including transmission rate base growth of 19%, and higher customer demand.

In the Stand-Alone Transmission segment, Core Earnings decreased $0.04 per share compared to the first quarter of 2024. Rate base growth of more than 10%, resulting from capital investments that increased 16% versus the first quarter of 2024, was offset by dilution from the FET equity interest investment, which closed in March 2024.

In Corporate/Other, results improved $0.02 per share compared to the first quarter of 2024 due to lower financing costs associated with lower long-term holding company debt of $560 million and lower average revolver borrowings of $450 million.

Consolidated GAAP Earnings Per Share (EPS) to Core EPS (non-GAAP) Reconciliation

	Three Months Ended March 31,	
	2025	**2024**
Earnings Attributable to FirstEnergy Corp. (GAAP) - $M	$360	$253
Basic – EPS (GAAP)	$0.62	$0.44
Excluding Special Items:		
FE Forward cost to achieve	—	0.01
Investigation and other related costs	0.03	0.03
Net Pension/OPEB credits	(0.01)	(0.03)
Regulatory credits	—	(0.01)
Reorganization costs	0.03	—
Signal Peak earnings impact	—	(0.03)
Strategic transaction charges	—	0.08
Total Special Items	0.05	0.05
Core EPS (Non-GAAP)	$0.67	$0.49

Per share amounts for the special items above are based on the after-tax effect of each item divided by the number of shares outstanding for the period. The current and deferred income tax effect was calculated by applying the subsidiaries' statutory tax rate to the pre-tax amount if deductible/taxable. The income tax rate ranges from 21% to 29%. Basic EPS (GAAP), and Core EPS (non-GAAP) are based on 577 million shares for the first quarter of 2025 and 574 million shares for the first quarter 2024.

Non-GAAP Financial Measures

We refer to certain financial measures, including Core Earnings (non-GAAP) per share ("Core EPS"), as "non-GAAP financial measures," which are not calculated in accordance with U.S. Generally Accepted Accounting Principles ("GAAP") and exclude the impact of "special items" from earnings attributable to FirstEnergy Corp., as reflected in the table above. Core EPS is calculated based on the weighted average number of common shares outstanding in the respective period.

Management uses these non-GAAP financial measures to evaluate the company's and its segments' performance and manage its operations and frequently references these non-GAAP financial measures in its decision-making, using them to facilitate historical and ongoing performance comparisons. Management believes that the non-GAAP financial measures of Core Earnings and Core EPS, including by segment, provide consistent and comparable measures of performance of its businesses on an ongoing basis. Management also believes that such measures are useful to shareholders and other interested parties to understand performance trends and evaluate the company against its peer group by presenting period-over-period operating results without the effect of certain special items that may not be consistent or comparable across periods or across the company's peer group. These non-GAAP financial measures are intended to complement, and are not considered as alternatives to, the most directly comparable GAAP financial measures, which for Core EPS is EPS attributable to FirstEnergy Corp. (GAAP), as reconciled in the above table. Also, such non-GAAP financial measures may not be comparable to similarly titled measures used by other entities.

Special items represent charges incurred or benefits realized that management believes are not indicative of, or may obscure trends useful in evaluating the company's ongoing core activities and results of operations or otherwise warrant separate classification. Special Items for the period can be found in more detail in the Company's Strategic and Financial Highlights, available at www.firstenergycorp.com/ir.

Forward-Looking Non-GAAP Measures
A quantitative reconciliation of forward-looking non-GAAP measures, including 2025 Core EPS and compound annual Core EPS growth rate projections, to the most directly comparable GAAP measures is not provided because comparable GAAP measures for such measures are not available without unreasonable efforts due to the inherent difficulty in forecasting and quantifying measures that would be necessary for such reconciliation. Specifically, management cannot, without unreasonable effort, predict the impact of these special items in the context of Core EPS guidance and compound annual Core EPS growth rate projections because these items, which could be significant, are difficult to predict and may be highly variable. In addition, the company believes such a reconciliation would imply a degree of precision and certainty that could be confusing to investors. Forward-looking statements, including these special items, are based upon current expectations and are subject to factors that could cause actual results to differ materially from those suggested here, including those factors set forth under "Forward-Looking Statements," below.

Investor Materials and Teleconference

FirstEnergy's *Strategic and Financial Highlights* presentation is posted on the company's Investor Information website – www.firstenergycorp.com/ir. It can be accessed through the *First Quarter 2025 Financial Results* link. Important information may be disseminated initially or exclusively via the company's Investor Information website; investors should consult the site to access this information.

The company invites investors, customers and other interested parties to listen to a live webcast of its teleconference for financial analysts and view presentation slides at 9:00 a.m. EDT tomorrow. FirstEnergy management will present an overview of the company's financial results followed by a question-and-answer session. The teleconference and presentation can be accessed on the Investor Information website by selecting the *First Quarter 2025 Earnings Webcast* link. The webcast and presentation will be archived on the website.

FirstEnergy is dedicated to integrity, safety, reliability and operational excellence. Its electric distribution companies form one of the nation's largest investor-owned electric systems, serving more than 6 million customers in Ohio, Pennsylvania, New Jersey, West Virginia, Maryland and New York. The company's transmission subsidiaries operate more than 24,000 miles of transmission lines that connect the Midwest and Mid-Atlantic regions. Follow FirstEnergy online at www.firstenergycorp.com and on X @FirstEnergyCorp.

Forward-Looking Statements: This news release includes forward-looking statements based on information currently available to management and unless the context requires otherwise, references to "we," "us," "our" and "FirstEnergy" refers to FirstEnergy Corp. and its subsidiaries. Such statements are subject to certain risks and uncertainties and readers are cautioned not to place undue reliance on these forward-looking statements. These statements include declarations regarding management's intents, beliefs and current expectations. These statements typically contain, but are not limited to, the terms "anticipate," "potential," "expect," "forecast," "target," "will," "intend," "believe," "project," "estimate," "plan" and similar words. Forward-looking statements involve estimates, assumptions, known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements, which may include the following: the potential liabilities, increased costs and unanticipated developments resulting from government investigations and agreements, including those associated with compliance with or failure to comply with the Deferred Prosecution Agreement entered into July 21, 2021 and settlements with the U.S. Attorney's Office for the Southern District of Ohio and the Securities and Exchange Commission ("SEC"); the risks and uncertainties associated with government investigations and audits regarding Ohio House Bill 6, as passed by Ohio's 133rd General Assembly ("HB 6") and related matters, including potential adverse impacts on federal or state regulatory matters, including, but not limited to, matters relating to rates; the risks and uncertainties associated with litigation, arbitration, mediation and similar proceedings, particularly regarding HB 6 related matters; changes in national and regional economic conditions, including recession, volatile interest rates, inflationary pressure, supply chain disruptions, higher fuel costs, and workforce impacts, affecting us and/or our customers and those vendors with which we do business; variations in weather, such as mild seasonal weather variations and severe weather conditions (including events caused, or exacerbated, by climate change, such as wildfires, hurricanes, flooding, droughts, high wind events and extreme heat events) and other natural disasters, which may result in increased storm restoration expenses or material liability and negatively affect future operating results; the potential liabilities and increased costs arising from regulatory actions or outcomes in response to severe weather conditions and other natural disasters; legislative and regulatory developments, and executive orders, including, but not limited to, matters related to rates, energy regulatory policies, compliance and enforcement activity, cyber security, climate change, and diversity, equity and inclusion; the ability to access the public securities and other capital and credit markets in accordance with our financial plans, the cost of such capital and overall condition of the capital and credit markets affecting us, including the increasing number of financial institutions evaluating the impact of climate change on their investment decisions, and the loss of FirstEnergy Corp.'s status as a well-known seasoned issuer; the risks associated with physical attacks, such as acts of war, terrorism, sabotage or other acts of violence, and cyber-attacks and other disruptions to our, or our vendors', information technology system, which may compromise our operations, and data security breaches of sensitive data, intellectual property and proprietary or personally identifiable information; the ability to accomplish or realize anticipated benefits through establishing a culture of continuous improvement and our other strategic and financial goals, including, but not limited to, executing Energize365**,** our transmission and distribution investment plan, executing on our rate filing strategy, controlling costs, improving credit metrics, maintaining investment grade ratings, strengthening our balance sheet and growing earnings; changing market conditions affecting the measurement of certain liabilities and the value of assets held in our pension trusts may negatively impact our forecasted growth rate, results of operations and may also cause it to make contributions to its pension sooner or in amounts that are larger than currently anticipated; changes in assumptions regarding factors such as economic conditions within our territories, the reliability of our transmission and distribution system, our generation resource planning in West Virginia, or the availability of capital or other resources supporting identified transmission and distribution investment opportunities; human capital management challenges, including among other things, attracting and retaining appropriately trained and qualified employees and labor disruptions by our unionized workforce; mitigating exposure for remedial activities associated with retired and formerly owned electric generation assets, including those sites impacted by the legacy coal combustion residual rules that were finalized during 2024, and the Environmental Protection Agency's reconsideration of such rule; changes to environmental laws and regulations, including, but not limited to, federal and state rules related to climate change, and potential changes to such laws and regulations as a result of the U.S. presidential administration; changes in customers' demand for power, including, but not limited to, economic conditions, the impact of climate change, emerging technology, particularly with respect to electrification, energy storage and distributed sources of generation; future actions taken by credit rating agencies that could negatively affect either our access to or terms of financing or our financial condition and liquidity; the potential of non-compliance with debt covenants in our credit facilities; the ability to comply with applicable reliability standards and energy efficiency and peak demand reduction mandates; changes to significant accounting policies; any changes in tax laws or regulations, including, but not limited to, the Inflation Reduction Act of 2022, or adverse tax audit results or rulings and potential changes to such laws and regulations as a result of the new U.S. presidential administration; the ability to meet our publicly-disclosed goals relating to climate-related matters, opportunities, improvements, and efficiencies, including FirstEnergy's Greenhouse gas reduction goals' and the risks and other factors discussed from time to time in FirstEnergy Corp.'s SEC filings. Dividends declared from time to time on FirstEnergy Corp.'s common stock during any period may in the aggregate vary from prior periods due to circumstances considered by the FirstEnergy Corp. Board at the time of the actual declarations. A security rating is not a recommendation to buy or hold securities and is subject to revision or withdrawal at any time by the assigning rating agency. Each rating should be evaluated independently of any other rating. These forward-looking statements are also qualified by, and should be read together with, the risk factors included in FirstEnergy Corp.'s Form 10-K, Form 10-Q and in other filings with the SEC. The foregoing review of factors also should not be construed as exhaustive. New factors emerge from time to time, and it is not possible for management to predict all such factors, nor assess the impact of any such factor on FirstEnergy Corp.'s business or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking

statements. FirstEnergy Corp. expressly disclaims any obligation to update or revise, except as required by law, any forward-looking statements contained herein or in the information incorporated by reference as a result of new information, future events or otherwise.

changes in assumptions regarding factors such as economic conditions within our territories, the reliability of our transmission and distribution system, our generation resource planning in West Virginia, or the availability of capital or other resources supporting identified transmission and distribution investment opportunities; human capital management challenges, including among other things, attracting and retaining appropriately trained and qualified employees and labor disruptions by our unionized workforce; mitigating exposure for remedial activities associated with retired and formerly owned electric generation assets, including those sites impacted by the legacy coal combustion residual rules that were finalized during 2024, and the Environmental Protection Agency's reconsideration of such rule; changes to environmental laws and regulations, including, but not limited to, federal and state rules related to climate change, and potential changes to such laws and regulations as a result of the U.S. presidential administration; changes in customers' demand for power, including, but not limited to, economic conditions, the impact of climate change, emerging technology, particularly with respect to electrification, energy storage and distributed sources of generation; future actions taken by credit rating agencies that could negatively affect either our access to or terms of financing or our financial condition and liquidity; the potential of non-compliance with debt covenants in our credit facilities; the ability to comply with applicable reliability standards and energy efficiency and peak demand reduction mandates; changes to significant accounting policies; any changes in tax laws or regulations, including, but not limited to, the Inflation Reduction Act of 2022, or adverse tax audit results or rulings and potential changes to such laws and regulations as a result of the new U.S. presidential administration; the ability to meet our publicly-disclosed goals relating to climate-related matters, opportunities, improvements, and efficiencies, including FirstEnergy's Greenhouse gas reduction goals' and the risks and other factors discussed from time to time in FirstEnergy Corp.'s SEC filings. Dividends declared from time to time on FirstEnergy Corp.'s common stock during any period may in the aggregate vary from prior periods due to circumstances considered by the FirstEnergy Corp. Board at the time of the actual declarations. A security rating is not a recommendation to buy or hold securities and is subject to revision or withdrawal at any time by the assigning rating agency. Each rating should be evaluated independently of any other rating. These forward-looking statements are also qualified by, and should be read together with, the risk factors included in FirstEnergy Corp.'s Form 10-K, Form 10-Q and in other filings with the SEC. The foregoing review of factors also should not be construed as exhaustive. New factors emerge from time to time, and it is not possible for management to predict all such factors, nor assess the impact of any such factor on FirstEnergy Corp.'s business or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statements. FirstEnergy Corp. expressly disclaims any obligation to update or revise, except as required by law, any forward-looking statements contained herein or in the information incorporated by reference as a result of new information, future events or otherwise.

Non-GAAP Financial Matters

This presentation contains references to certain financial measures including Baseline O&M and Core Earnings per share ("Core EPS") as "non-GAAP financial measures," which are not calculated in accordance with U.S. Generally Accepted Accounting Principles ("GAAP") and exclude the impact of "special items," from earnings attributable to FirstEnergy Corp. for Core EPS.

Management uses these non-GAAP financial measures to evaluate the company's and its segments' performance, and manage its operations and references these non-GAAP financial measures in its decision-making, using them to facilitate historical and ongoing performance comparisons. Management believes that the non-GAAP financial measures of Baseline O&M and Core EPS, including by segment, provide consistent and comparable measures of performance of its businesses on an ongoing basis. Management also believes that such measures are useful to shareholders and other interested parties to understand performance trends and evaluate the company against its peer group by presenting period-over-period operating results, excluding the impacts described above, that may not be consistent or comparable across periods or across the company's peer group. These non-GAAP financial measures are intended to complement, and are not considered as alternatives to, the most directly comparable GAAP financial measures, which for Baseline O&M is Other Operating Expenses and for Core EPS is EPS attributable to FirstEnergy Corp. Also, such non-GAAP financial measures may not be comparable to similarly titled measures used by other entities.

Special items represent charges incurred or benefits realized that management believes are not indicative of, or may obscure, trends useful in evaluating the company's ongoing core activities and results of operations, or otherwise warrant separate classification. Core EPS is calculated based on the weighted average number of common shares outstanding in the respective period.

A reconciliation of forward-looking non-GAAP measures, including 2025 Baseline O&M, 2025 Core EPS, and Core EPS compound annual growth rate projections, to the most directly comparable GAAP measures is not provided because comparable GAAP measures are not available without unreasonable efforts due to the inherent difficulty in forecasting and quantifying measures that would be necessary for such reconciliation. Specifically, management cannot, without unreasonable effort, predict the impact of these special items in the context of Core EPS guidance, or Core EPS growth rate projections because these items, which could be significant, are difficult to predict and may be highly variable. In addition, the Company believes such a reconciliation would imply a degree of precision and certainty that could be confusing to investors. These special items are uncertain, depend on various factors and may have a material impact on our future GAAP results.

Focus of Today's Call

Brian X. Tierney – President, Chief Executive Officer, and Board Chair

- Overview of 1Q25 financial results and key highlights
- Review of recent regulatory and legislative activity
- Growth opportunities in our footprint
- FirstEnergy's strong outlook for regulated growth

K. Jon Taylor – Senior Vice President, Chief Financial Officer

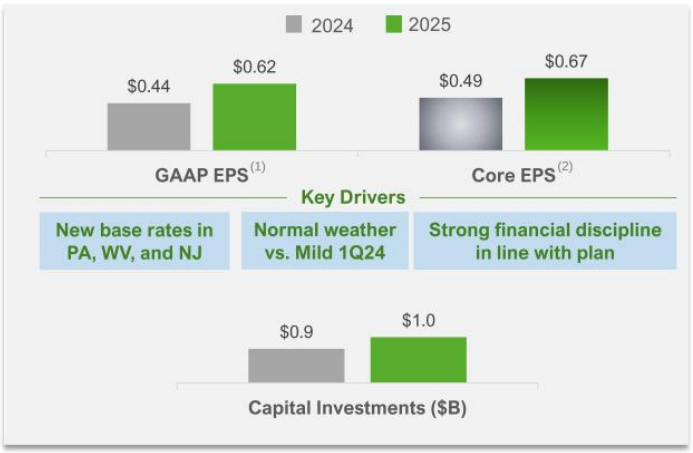

- Review of 1Q25 Core EPS drivers
- Executing on our 2025 financial plans
- Delivering strong 2025 financial performance on key metrics

FirstEnergy

Executive Overview

1Q24 vs. 1Q25 Results

1st Quarter 2025 Highlights

- **Delivered 1Q25 Core EPS of $0.67**, in line with plan and significantly higher than 1Q24
- **Executed $1.0B+ of 2025 Investment Plan ($5B),** in line with plan and 15% higher than 1Q24
- **1Q25 Baseline O&M(2) of $340M,** in line with plan and slightly below 1Q24; focused on continuous improvement and additional cost reductions
- **Declared increased dividend of $0.445/sh** (payable June 1), consistent with guidance and represents ~5% growth vs. 2024

We are off to a strong start and on track to execute on our financial and strategic goals

(1) Basic Earnings Per Share Attributable to FE Corp.
(2) See slides 20-24 for reconciliations between GAAP and Core EPS (Non-GAAP) and Baseline O&M. Please see slide 3 for more information.

FirstEnergy

Regulatory and Legislative Updates

Ohio Base Rate Case

- In March, our Ohio companies and various intervenors filed responses to the Staff Report and Audit Report filed in late February as well as supplemental testimony
- Settlement discussions began in April
- Hearings to begin May 5

Ohio Legislation: HB15 & SB2

- Expect the Legislature to send a bill to the Governor in May/June timeframe with a regulatory framework that will provide transparency and predictability
- Expect key provisions to include elimination of ESPs and creation of multi-year rate plans with forward test years
- Our focus is on ensuring a reasonable transition to the new regulatory framework

EnergizeNJ

- On April 23, received approval of settlement; $335M[1] investments over 3.5 year period (2H25-2028)
- Settlement is in line with our investment plan over the period and supports continued focus on reliability enhancements

[1] Includes $202.5M of investments recovered through formula rider mechanism and $132M of investments recovered through base rates.

Growth Opportunities in Our Footprint

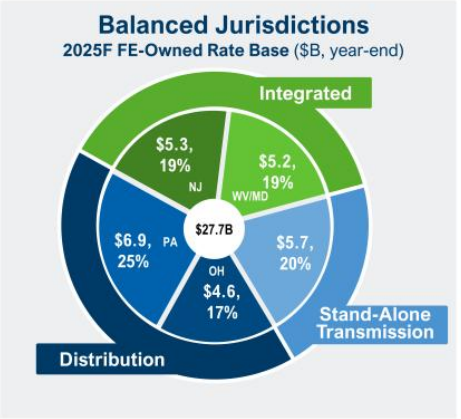

- **In WV, we are preparing our Integrated Resource Plan (IRP), which is due by the end of 2025**
  - Filing will address the obligation to supply our customers with reliable and cost-effective capacity and energy
  - Filing will address a 10-yr outlook and will consider options around future of Ft. Martin (estimated end of life of 2035), load forecasts, environmental regulations, and resource adequacy
  - WV's fully integrated regulatory format provides it with competitive advantage for economic development and a path for investment in dispatchable generation in the state
    - Under the existing regulatory framework, we would be prepared to add incremental dispatchable generation to meet WV's economic development aspirations
- **We remain excited about data center development across our footprint**
  - 2025-2029 plan includes 2.6GW of active or contracted demand, with more in the pipeline that would be incremental to our base investment plan
    - In April, Meta announced a new Bowling Green data center in our Toledo Edison territory (included in our base investment plan)
  - Over 100 large load studies since January 2024; representing 80+ GW at 3/31/25 vs. 70+ GW at 12/31/24
- **We continue to expect opportunities for transmission investment**
  - In 1Q25, PJM Board approved ~$3B of investments for the Valley Link joint venture[1] and ~$300M of investments for FE subsidiaries
  - FE share of Valley Link will be owned by FirstEnergy Transmission[2]
    - Requested 10.9% base ROE with a 50 bps incentive and capital structure targeting 60% equity

[1] Valley Link is a joint venture between FirstEnergy (~1/3 ownership interest), Dominion and AEP and will be accounted for as an equity method investment. Investments will be funded by Valley Link.

[2] FirstEnergy Transmission is owned by FirstEnergy (50.1%) and Brookfield (49.9%)

Strong Outlook for Regulated Growth

- Reaffirming 2025 Core EPS guidance range of $2.40-$2.60
  - Targeting upper half of the range
- Reaffirming 6-8% Core EPS CAGR (2025-2029)
  - Combined with current dividend yield represents a total shareholder return proposition of 10-12%, with potential for upside through P/E expansion
  - Reaffirming 2025-2029 base investment plan of $28B
  - Minimal exposure to tariffs representing less than 0.2% on our base investment plan
- Remain focused on meeting or exceeding our commitments to shareholders

Our team is laser focused on executing our strategy, delivering value and driving results

1Q 2025 Earnings Summary

Earnings Drivers Summary

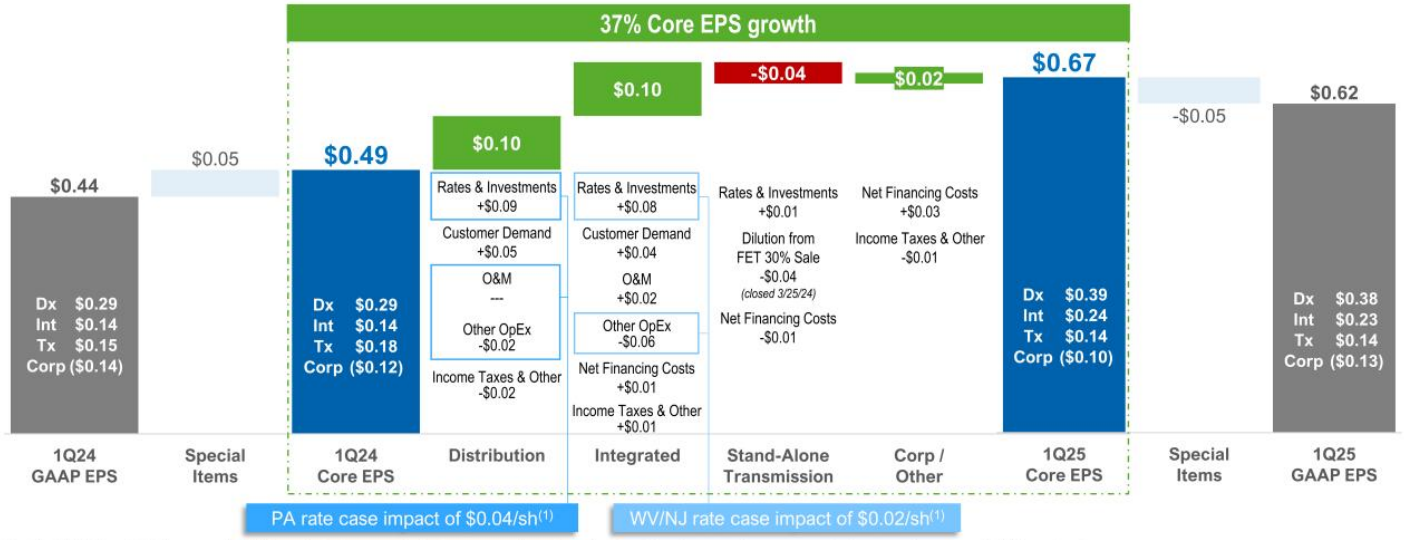

Distribution: New rates in PA and normal weather vs. 1Q24

Integrated: New rates in WV & NJ, transmission rate base growth, and normal weather vs. 1Q24

Stand-Alone Transmission: ~10% rate base growth more than offset by FET dilution

Corporate: Lower interest expense

Strong 1st Quarter performance, in line with plan

(1) Certain O&M/Other OpEx increases in 2025 are due to increased maintenance requirements and deferred cost recovery from approved rate case and recovered in higher rates/revenues

See slides 20-24 for GAAP to Non-GAAP reconciliations and a description of special items

FirstEnergy

Executing on Our 2025 Financial Plan

Core EPS Guidance

- Reaffirming 2025 Core EPS Guidance of $2.40-$2.60; targeting upper half of the range

Investment Plan

- 2025 plan of $5B remains on track with capital deployment of $1.0B+ in 1Q25, +15% vs. 1Q24
- Majority of increase related to formula rate programs

Financing Plan

- Our 2025 Financing Plan supports the $5B investment plan, investment-grade credit metrics, and continued dividend growth with no equity (beyond Employee Benefit programs of up to ~$100M annually)
  - During 2025, we expect to refinance / issue $3.6B of long-term debt, for a net increase of $2B
  - In April, TrAIL refinanced maturing long-term debt with 5.0% $600M senior notes due January 2031
- We continue to see strong investor demand for our debt offerings, reflecting the attractive profile of our fully regulated diversified business combined with our strong balance sheet

O&M Discipline

- 2025 Baseline O&M target of $1,365M includes an increase in O&M due to increased maintenance requirements and reliability spend in PA, which is fully recovered in new rates
- We are executing well and working to be below this target while supporting the long-term objectives at our operating companies

FirstEnergy

Delivering Strong 2025 Financial Performance on Key Metrics

Key Metric	1Q25	vs. Plan	vs. 2024
Core EPS	$0.67/sh	✓	+
Investment Plan	$1.03B	✓	+
Baseline O&M	$340M	✓	+
Cash from Operations	$637M	+	+

✓ In line
+ Favorable

We're off to a very good start and are focused on delivering on or exceeding our commitments

FirstEnergy

Shareholder Value Proposition

2025-2029 Base Financial Plan

- **6-8% Core EPS[1] CAGR**
- **$28B Base Investment Plan**
- **9% Rate Base CAGR** (FE-Owned)
- **Load forecast** assumes ~2%+ CAGR; only includes active and contracted data centers

- **No incremental equity needs** in the base plan (beyond Employee Benefit programs of up to ~$100M annually)
- **Constructive regulatory frameworks** with ~75% of planned investment in formula rate programs
- **Diversified and low-risk T&D assets** with strong affordability position
- **Supportive WV regulatory construct** for generation

- **Targeting ~14%+ FFO/Debt**
- **Committed to achieving and maintaining BBB credit profile**
- Focus on **Continuous Improvement** and managing O&M expenses

- **Attractive total return opportunity of 10-12% with potential for upside through P/E expansion**
  (6-8% Core EPS growth and 4% dividend yield)
- **Improved earnings quality,** with focus on Core EPS
- **Committed to dividend growth,** in line with 60%-70% payout ratio of Core EPS

Our diversified service territory, coupled with an improved balance sheet and a strong affordability position, provides the opportunity to significantly enhance the customer experience and provide solid risk-adjusted returns to our investors

FirstEnergy

Regulatory Calendar

Select Proceedings

Jurisdiction	Regulatory Matter	Key Dates
Ohio	▪ Base Rate Case	▪ Filed base rate request for approximately $94M on 5/31/24; Staff and Audit reports filed 2/21/25; Updated request to $183M on 3/24/25 which included withdrawal of ESP V-related proposals; Settlement discussions began in April; Hearings to begin 5/5/25
	▪ HB6 Related Investigations	▪ Review of Political and Charitable Spending (audit report filed 9/30/24); Corporate Separation Audit (non-HB 6 issues, hearings held 10/9/24-10/10/24); Rider DCR/DMR Audit/Corporate Separation (hearings to begin 6/10/25)
Pennsylvania	▪ Energy Efficiency Plan – Phase V	▪ Expect to file in 4Q25
	▪ Default Service Plan VII	▪ Expect to file in 4Q25
New Jersey	▪ Infrastructure Investment Program (EnergizeNJ)	▪ Settlement filed on 4/11/25; Received approval on 4/23/25
West Virginia	▪ WV Integrated Resource Plan (IRP)	▪ Expect to file no later than December 2025 to address the 10-year outlook to supply our WV customers with reliable and cost-effective generation capacity and energy
	▪ Annual Expanded Net Energy cost (ENEC) Rate (2025)	▪ Expect to file no later than 9/1/25 for rates effective 1/1/26
Maryland	▪ Electric School Bus Pilot	▪ Approved 3/21/25 subject to modifications; implementation plan and budget revisions to be filed by 6/19/25
	▪ EV Phase II	▪ Re-filed 12/20/24, $10.3M for 5-yr program; hearing occurred 4/9/25
FERC	▪ FERC Rulemaking and Proceedings Re: Tx Planning	▪ FERC Orders 1920, 1920-A, 1920-B: FirstEnergy's focus will be on FERC's unwarranted dilution of transmission owner rights to plan the transmission system and set transmission rates, and on prosecuting the appeal in the 4th Circuit, and on PJM's compliance filing
	▪ Transmission Planning Complaint Cases	▪ PJM case pending at FERC. National Complaint case at FERC; Responses due 4/24/25

TTM Earned ROEs Summary

TTM 3/31/25

FE Consolidated ROEs

	2023A	2024A	TTM 1Q25
Equity Layer	52%	53%	53%
Period-End Rate Base	$26.3B	$25.6B	$26.0B

50.1% FE ownership of FET beginning 12/31/24 and 80.1% at 12/31/23.
2023A and 2024A Rate Base reflect ~$0.2B adjustment effective with new PA rates on 1/1/25.

TTM Consolidated ROE in line with targeted ROE of 9.5%-10%

~40 bps ROE improvement in 1Q25 reflects execution of regulated strategies, financial discipline, and normal weather in 1Q25

TTM Earned ROE Details[1]

Segment Legend
Stand-Alone Tx
Integrated
Distribution

[1] See Slides 26-44 of the Investor FactBook (published 2/26/25) for details on Rate Base, Allowed ROEs, and Capital Structure

[2] FET ROE is a weighted average allowed ROE of ATSI, MAIT, and TrAILCo. KATCo allowed ROE of 10.45%.

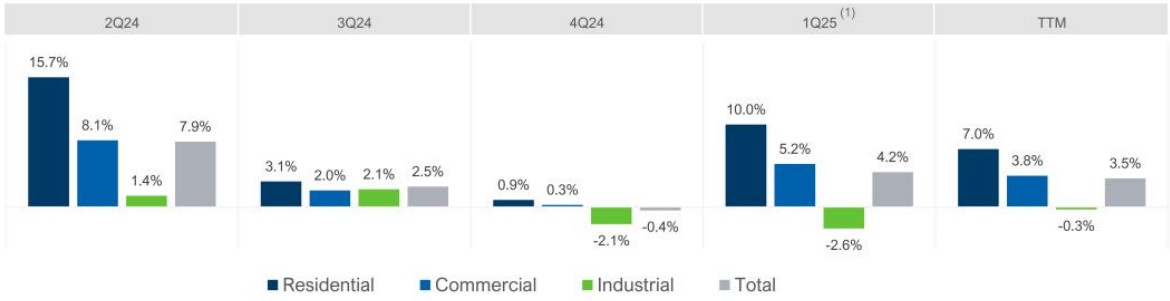

Expect base rates continue to support fair recovery and return on investments through regular cadence of base rate case filings

Note: ROEs calculated based on period-end Rate Base as noted above. Certain jurisdictions, including Transmission and WV/MD, use a 13-month average rate base for regulatory purposes.

Total Special Items	$0.01	$0.01	-	$0.03	$0.05	-	-	$0.03	$0.02	$0.05
Core Earnings (Loss) Per Share – Non-GAAP	$0.39	$0.24	$0.14	($0.10)	$0.67	$0.29	$0.14	$0.18	($0.12)	$0.49

Per share amounts for the special items above are based on the after-tax effect of each item divided by the number of shares outstanding for the period. The current and deferred income tax effect was calculated by applying the subsidiaries' statutory tax rate to the pre-tax amount if deductible/taxable. The income tax rate ranges from 21% to 29%. Basic EPS and Core EPS (Non-GAAP) are based on 577 million shares for the First Quarter of 2025 and 574 million shares for the First Quarter of 2024.

Please see slide 3 for more information.

FirstEnergy

Special Items Descriptions

1Q 2025 and 1Q 2024

- **Net Pension/OPEB credits:** Reflects net periodic pension and OPEB benefit costs, excluding amounts recovered through formula rates.
- **Signal Peak earnings impact:** Reflects the after-tax equity earnings related to FirstEnergy's 33% interest in Signal Peak.
- **FE Forward cost to achieve:** Primarily reflects certain advisory and other costs incurred to transform the Company for the future.
- **Investigation and other related costs:** Primarily reflects legal and advisory expenses related to the government investigations.
- **Regulatory credits:** Primarily reflects the impact of regulatory agreements, proceedings, audits, concessions or orders requiring certain commitments, refunds, and/or disallowing the recoverability of costs, net of related credits.
- **Reorganization costs:** Primarily reflects transition and benefit costs associated with the Company's reorganization and transformation.
- **Strategic transaction charges:** Primarily reflects the net tax charges and related updates associated with the FET interest sales and consolidation of the Pennsylvania Companies and other charges related to the exit of a legacy purchase power contract.

Note: Special items represent charges incurred or benefits realized that management believes are not indicative of, or may obscure trends useful in evaluating, the Company's ongoing core activities and results of operations or otherwise warrant separate classification. Special items are not necessarily non-recurring.

GAAP to Non-GAAP Baseline O&M Reconciliations

1Q 2025 and 1Q 2024

(In $M)	FirstEnergy Consolidated 1Q 2025	FirstEnergy Consolidated 1Q 2024
Other Operating Expenses (GAAP) [1]	**$1,034**	**$1,006**
Excluding Special Items (pre-tax):		
Net Pension/OPEB credits	($14)	($16)
Investigation and other related costs	($17)	($22)
FE Forward cost to achieve	-	($5)
Regulatory charges	-	($53)
Reorganization costs	($24)	-
Total Special Items [2]	**($55)**	**($96)**
PJM Pass-Through Transmission Costs [3]	**($364)**	**($312)**
Rider/Program Recoverable [4]	**($275)**	**($246)**
Baseline O&M (Non-GAAP)	**$340**	**$352**

[1] As reported in the Consolidated Statement of Income

[2] See slides 20-21 for additional information on special items

[3] Primarily represents PJM Network Transmission Expense and ancillary charges such as Transmission Enhancement

[4] Primarily represents the rider/program recoverable and deferred O&M within the Distribution, Integrated, and Stand-Alone Transmission segments
