

**590,506 Shares of Common Stock**

This prospectus relates to the potential resale from time to time by the selling shareholders of 590,506 shares of common stock of SmartFinancial, Inc. The selling shareholders are identified below under the heading "Selling Shareholders."

The selling shareholders may offer the shares directly or through underwriters, broker-dealers or agents and in one or more public or private transactions and at fixed prices, at prevailing market prices, at prices related to prevailing market prices, at various prices determined at the time of sale or otherwise at negotiated prices. If the shares are sold through underwriters, broker-dealers, or agents, the selling shareholders (or the purchasers of the shares as negotiated with the selling shareholders) will be responsible for underwriting discounts or commissions or agent commissions, if any. The registration of the shares does not necessarily mean that any of the shares will be sold by the selling shareholders. The timing and amount of any sale is within the respective selling shareholders' sole discretion, subject to certain restrictions. We will not receive any of the proceeds from the sales of shares by the selling shareholders.

Shares of our common stock began trading on the Nasdaq Capital Market on December 21, 2015 under the symbol "SMBK". The closing sale price of our common stock on January 12, 2016 was \$15.50 per share.

Pursuant to General Instruction I.B.6 of Form S-3, in no event will we sell our common stock in a public primary offering with a value exceeding more than one-third of our public float in any 12-month period so long as our public float remains below \$75,000,000. We have not offered any securities pursuant to General Instruction I.B.6. of Form S-3 during the prior 12 calendar month period that ends on and includes the date of this prospectus. - changes in accounting policies and practices; and
- other risk factors relating to the banking industry as detailed from time to time in our reports filed with the SEC.

Some of the factors that could cause actual results to differ from those expressed or implied in forward-looking statements may be described in any prospectus supplement and in the “Risk Factors” and other sections of the documents that we incorporate by reference into this prospectus, including our Annual Reports on Form 10-K and our Quarterly Reports on Form 10-Q and in our other reports filed with the SEC. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual outcomes may vary materially from those anticipated. All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by reference to these risks and uncertainties. You should not place undue reliance on our forward-looking statements. Each forward-looking statement speaks only as of the date of the particular statement, and we undertake no duty to update any forward-looking statement.

Cornerstone has five branch locations serving clients throughout the Chattanooga area. In 2016 and subject to regulatory approval, SmartBank and Cornerstone Community Bank will merge, with SmartBank surviving the merger.

Our principal executive offices are located at 5401 Kingston Pike, Suite 600, Knoxville, Tennessee 37919 and our phone number is (865) 437-5700. We maintain a website at www.smartbank.com. Recent Developments

Effective August 31, 2015, SmartFinancial completed its previously announced merger with legacy SmartFinancial, Inc., a Tennessee corporation (“*Legacy SmartFinancial*”), pursuant to an Agreement and Plan of Merger, dated as of December 5, 2014, by and among the Company, Legacy SmartFinancial, SmartBank, and Cornerstone Community Bank. At the effective time, Legacy SmartFinancial merged with and into the Company, with the Company as the surviving corporation and changing its name from “Cornerstone Bancshares, Inc.” to “SmartFinancial, Inc.” and relocating its corporate headquarters to Knoxville, Tennessee.

On August 31, 2015, prior to the merger, SmartFinancial filed an amendment to its charter which effectuated a four-to-one reverse split of its common stock (“*4-to-1 Reverse Split*”). As a result, every four outstanding shares of the Company’s common stock combined automatically into one share of common stock. Each shareholder’s percentage ownership in the Company and proportional voting power was unchanged by the reverse stock split, except for minor changes and adjustments resulting from the treatment of fractional shares. The Company effectuated the reverse stock split in order to bring its common stock price in line with the listing requirements of the Nasdaq Capital Market.

Private Offering of Our Common Stock

In connection with the merger, the Company conducted a private offering of its common stock of approximately \$15,000,000. The offering closed in multiple tranches. In connection with the first tranche, which closed on August 28, 2015, prior to the 4-to-1 Reverse Split, the Company issued 2,978,810 shares at \$3.75 per share (subsequent to the 4-to-1 Reverse Split, such shares were adjusted to 744,705 shares). Following the 4-to-1 Reverse Split, between September 30, 2015 and October 31, 2015, the Company closed additional tranches of the offering, whereby the Company issued 255,298 shares at \$15.00 per share.

The selling shareholders who purchased shares of our common stock in the private offering are “accredited investors” within the meaning of Rule 501 of Regulation D promulgated under the Securities Act of 1933 (the “*Securities Act*”).

RISK FACTORS

Before making an investment decision, you should consider the specific risks described in our Annual Report on Form 10-K for the year ended December 31, 2014, and the risk factors described under the caption “Risk Factors” in our registration statement on Form S-4 (File No.: 333-203449), as initially filed with the Securities and Exchange Commission on April 16, 2015, as amended, and in the prospectus included in the registration statement filed separately by the company on May 12, 2015, and any risk factors set forth in the Company’s other filings with the SEC, pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act. Based on the information currently known to the Company, it believes that the information incorporated by reference in this prospectus identifies the most significant risk factors affecting the Company. Each of risks described in these documents could materially and adversely affect its business, financial condition, results of operations and prospects, and could result in a partial or complete loss of your investment. The risks and uncertainties are not limited to those set forth in the risk factors described in these documents. Additional risks and uncertainties not presently known to the Company or that the Company currently believes to be less significant than the risk factors incorporated by reference herein may also adversely affect its business. In addition, past financial performance may not be a reliable indicator of future performance and historical trends should not be used to anticipate results or trends in future periods.

USE OF PROCEEDS

We will not receive any proceeds from the sale by the selling shareholders of the shares.

SELLING SHAREHOLDERS

This prospectus covers the offer and sale by the selling shareholders of up to an aggregate of 590,506 shares of common stock. The following table sets forth to our knowledge, certain information about the selling shareholders as of December 1, 2015, based on information furnished to us by the selling shareholders. Each selling shareholder has indicated to us that neither it nor any of its affiliates has held any position or office or had any other material relationship with us in the past three years.

All of the shares of common stock being offered under this prospectus were acquired by the selling shareholders in a private offering transaction, as described above under the heading, “Prospectus Summary – Private Offering of Our Common Stock.”

For purposes of this prospectus, we have assumed that, after completion of the offering covered by this prospectus, none of the shares covered by this prospectus will be held by the selling shareholders. We do not know when or in what amounts the selling shareholders may offer the shares for sale. The selling shareholders might not sell any or all of the shares offered by this prospectus. Because the selling shareholders may offer all or some of the shares pursuant to this offering, and because currently no sale of any of the shares is subject to any agreements, arrangements or understandings, we cannot estimate the number of the shares that will be held by the selling shareholders after completion of the offering.

Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities. To our knowledge, except as indicated by footnote, and subject to community property laws where applicable, the persons named in the table below have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. Percentage of beneficial ownership is based on 5,806,477 shares of common stock outstanding as of December 15, 2015. Since the date each of the selling shareholders provided information regarding its ownership of the shares, it may have sold, transferred, or otherwise disposed of all or a portion of its shares of common stock in transactions exempt from the registration requirements of the Securities Act. Information concerning the selling shareholders may change from time to time and, when necessary, any changed information will be set forth in a prospectus supplement to this prospectus.

The shares of common stock being offered under this prospectus may be offered for sale from time to time during the period the registration statement of which this prospectus is a part remains effective, by or for the accounts of the selling shareholders named below.

Each selling shareholder has informed us that such selling shareholder is not a registered broker-dealer and does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the shares of common stock being offered under this prospectus.

The following table provides information regarding the beneficial ownership of our common stock held by the selling shareholders as of November 1, 2015 and the shares included in the offering.

The selling shareholders, or their partners, pledgees, donees, transferees or other successors that receive the shares and their corresponding registration in accordance with the registration rights agreement to which the selling shareholder is party (each also a selling shareholder for purposes of this prospectus), may sell up to all of the shares of our common stock shown in the table above under the heading “Number of Shares Being Registered” pursuant to this prospectus in one or more transactions from time to time as described below under “Plan of Distribution.” However, the selling shareholders are not obligated to sell any of the shares of our common stock offered by this prospectus.

PLAN OF DISTRIBUTION

We are registering the shares of common stock issued to the selling shareholders to permit the resale of these shares by the holders of the shares from time to time after the date of this prospectus. We will not receive any of the proceeds from the sale by the selling shareholders of the shares of common stock. We will bear all fees and expenses incident to our obligation to register the shares of common stock.

The selling shareholders may sell all or a portion of the shares of common stock beneficially owned by them and offered hereby from time to time directly or through one or more underwriters, broker-dealers or agents. If the shares of common stock are sold through underwriters or broker-dealers, the selling shareholders will be responsible for underwriting discounts or commissions or agent's commissions. The shares of common stock may be sold on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale or in transactions otherwise than on these exchanges or systems and in one or more transactions at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of sale, or at negotiated prices. These sales may be effected in transactions, which may involve crosses or block transactions. The selling shareholders may use any one or more of the following methods when selling shares of common stock:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- settlement of short sales entered into after the effective date of the registration statement of which this prospectus is a part;
- broker-dealers may agree with the selling shareholders to sell a specified number of such shares at a stipulated price per share;
- through the writing or settlement of options or other hedging transactions, whether such options are listed on an options exchange or otherwise;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

The selling shareholders also may resell all or a portion of the shares of common stock in open market transactions in reliance upon Rule 144 under the Securities Act, as permitted by that rule, or Section 4(1) under the Securities Act, if available, rather than under this prospectus, provided that they meet the criteria and conform to the requirements of those provisions.

Broker-dealers engaged by the selling shareholders may arrange for other broker-dealers to participate in sales. If the selling shareholders effect such transactions by selling shares of common stock to or through underwriters, broker-dealers, or agents, such underwriters, broker-dealers, or agents may receive commissions in the form of discounts, concessions or commissions from the selling shareholders, or commissions from purchasers of the shares of common stock for whom they may act as agent or to whom they may sell as principal. Such commissions will be in amounts to be negotiated, but, except as set forth in a supplement to this prospectus, in the case of an agency transaction will not be in excess of a customary brokerage commission in compliance with NASD Rule 2440, and in the case of a principal transaction, a markup or markdown in compliance with NASD IM-2440.

In connection with sales of the shares of common stock or otherwise, the selling shareholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the shares of common stock in the course of hedging in positions they assume. The selling shareholders may also sell shares of common stock short and, if such short sale shall take place after the date that the registration statement, of which this prospectus forms a part, is declared effective by the SEC, the selling shareholders may deliver shares of common stock covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling shareholders may also loan or pledge shares of common stock to broker-dealers that in turn may sell such shares, to the extent permitted by applicable law. The selling shareholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). Notwithstanding the foregoing, the selling shareholders have been advised that they may not use shares registered on the registration statement, of which this prospectus forms a part, to cover short sales of our shares of common stock made prior to the date the registration statement has been declared effective by the SEC.

The selling shareholders may, from time to time, pledge or grant a security interest in some or all of the shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock from time to time pursuant to this prospectus or any amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending, if necessary, the list of selling shareholders to include the pledgee, transferee, or other successors in interest as selling shareholders under this prospectus. The selling shareholders also may transfer and donate the shares of common stock in other circumstances in which case the transferees, donees, pledgees, or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The selling shareholders and any broker-dealer or agents participating in the distribution of the shares of common stock may be deemed to be “underwriters” within the meaning of Section 2(11) of the Securities Act in connection with such sales. In such event, any commissions paid, or any discounts or concessions allowed, to any such broker-dealer or agent and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Selling shareholders who are “underwriters” within the meaning of Section 2(11) of the Securities Act will be subject to the applicable prospectus delivery requirements of the Securities Act and may be subject to certain statutory liabilities of, including but not limited to, Sections 11, 12, and 17 of the Securities Act and Rule 10b-5 under the Securities Exchange Act of 1934, or the Exchange Act.

Each selling shareholder has informed the Company that it is not a registered broker-dealer and does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the shares of common stock. Upon the Company being notified in writing by a selling shareholder that any material arrangement has been entered into with a broker-dealer for the sale of shares of common stock through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, a supplement to this prospectus will be filed, if required, pursuant to Rule 424(b) under the Securities Act, disclosing (i) the name of each such selling shareholder and of the participating broker-dealer(s), (ii) the number of shares involved, (iii) the price at which such shares of common stock were sold, (iv) the commissions paid or discounts or concessions allowed to such broker-dealer(s), where applicable, (v) that such broker-dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus, and (vi) other facts material to the transaction. In no event shall any broker-dealer receive fees, commissions and markups, which, in the aggregate, would exceed eight percent (8%).

Under the securities laws of some states, the shares of common stock may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares of common stock may not be sold unless such shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

Each selling shareholder and any other person participating in such distribution will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including, without limitation, to the extent applicable, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of common stock by the selling shareholder and any other participating person. To the extent applicable, Regulation M may also restrict the ability of any person engaged in the distribution of the shares of common stock to engage in market-making activities with respect to the shares of common stock. All of the foregoing may affect the marketability of the shares of common stock and the ability of any person or entity to engage in market-making activities with respect to the shares of common stock.

We will pay all expenses of the registration of the shares of common stock pursuant to the registration rights agreement, including, without limitation, SEC filing fees and expenses of compliance with state securities or “blue sky” laws; provided, that each selling shareholder will pay all underwriting discounts and selling commissions, if any, incurred by it. We will indemnify the selling shareholders against certain liabilities, including some liabilities under the Securities Act, in accordance with the registration rights agreement, or the selling shareholders will be entitled to contribution.
