**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)**

## **1. General**

Reference in this Report to "Fresh Del Monte", "we", "our" and "us" and the "Company" refer to Fresh Del Monte Produce Inc. and its subsidiaries, unless the context indicates otherwise.

### ***Nature of Business***

We were incorporated under the laws of the Cayman Islands in 1996. We are one of the world's leading vertically integrated producers, marketers and distributors of high-quality fresh and fresh-cut fruit and vegetables, as well as a leading producer and marketer of prepared fruit and vegetables, juices, beverages and snacks in Europe, Africa and the Middle East. We market our products worldwide under the *Del Monte*® brand, a symbol of product innovation, quality, freshness and reliability since 1892. Our major sales markets are organized as follows: North America, Europe, the Middle East (which includes North Africa) and Asia. Our global sourcing and logistics system allows us to provide regular delivery of consistently high-quality produce and value-added services to our customers. Our major production operations are located in North, Central and South America, Asia and Africa. Our products are sourced from company-owned operations and through supply contracts with independent growers.

Our business is comprised of three reportable segments, two of which represent our primary businesses of fresh and value-added products and banana, and one that represents our other ancillary businesses.

- *Fresh and value-added products* - includes pineapples, fresh-cut fruit, fresh-cut vegetables (which includes fresh-cut salads), melons, vegetables, non-tropical fruit (including grapes, apples, citrus, blueberries, strawberries, pears, peaches, plums, nectarines, cherries and kiwis), other fruit and vegetables, avocados, and prepared foods (including prepared fruit and vegetables, juices, other beverages, and meals and snacks).
- *Banana*
- *Other products and services* - includes our third-party freight and logistic services business, our Jordanian poultry and meats business and our biomass initiatives.

### ***Basis of Presentation***

The accompanying unaudited Consolidated Financial Statements for the quarter and nine months ended September 26, 2025 have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. They do not include all information and notes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments of a normal recurring nature considered necessary for fair presentation have been included. Operating results for the quarter and nine months ended September 26, 2025 are subject to significant seasonal variations and are not necessarily indicative of the results that may be expected for the year ending December 26, 2025. For further information, refer to the Consolidated Financial Statements and notes thereto included in our annual report on Form 10-K for the fiscal year ended December 27, 2024.

We are required to evaluate events occurring after September 26, 2025 for recognition and disclosure in the unaudited Consolidated Financial Statements for the quarter and nine months ended September 26, 2025. Events are evaluated based on whether they represent information existing as of September 26, 2025, which require recognition in the unaudited Consolidated Financial Statements, or new events occurring after September 26, 2025 which do not require recognition but require disclosure if the event is significant to the unaudited Consolidated Financial Statements. We evaluated events occurring subsequent to September 26, 2025 through the date of issuance of these unaudited Consolidated Financial Statements.

### ***Reclassification of Prior Period Presentation***

Certain reclassifications of prior periods have been made to our operating cash flows within our Consolidated Statement of Cash Flows to conform to the current period presentation. These reclassifications had no effect on our balance sheet, operating and net income, or total cash flows from operating, investing, and financing activities previously presented.

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)****2. Recently Issued Accounting Pronouncements*****New Accounting Pronouncements***

In November 2024, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2024-03, *Income Statement - Reporting Comprehensive Income - Expense Disaggregation Disclosures (Subtopic 220-40)* ("ASU 2024-03") and in January 2025, the FASB issued ASU No. 2025-01, *Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40): Clarifying the Effective Date*, which clarified the effective date of ASU 2024-03. ASU 2024-03 amends Accounting Standards Codification (ASC) 220 to require additional disclosure of certain expense information on an annual and interim basis, including but not limited to the amounts of purchases of inventory, employee compensation and depreciation and intangible asset amortization included within each income statement expense caption, as applicable. ASU 2024-03 is effective for annual reporting periods beginning after December 15, 2026, and interim reporting periods beginning after December 15, 2027 with early adoption permitted. ASU 2024-03 should be applied prospectively; however, retrospective application is permitted. We are currently evaluating the impact of the adoption of this ASU on our consolidated financial statements.

In December 2023, the FASB issued ASU 2023-09, *Income Taxes (Topic 740) - Improvements to Income Tax Disclosures* ("ASU 2023-09"). This ASU amends ASC 740 to enhance the nature of disclosures for income taxes. Specifically, the ASU requires public business entities to disclose additional information in categories defined within the ASU within the reconciliation of the effective tax rate to the statutory rate for federal, state and foreign income taxes. Additionally, the ASU requires disclosure of taxes paid, net of refunds received, disaggregated by federal, state and foreign taxes. ASU 2023-09 is effective for years beginning after December 15, 2024 with early adoption permitted. We have evaluated the impact of the adoption of this ASU and concluded it has no impact on our financial condition, results of operations and cash flows, but will impact our income tax disclosures.

In September 2025, the FASB issued ASU 2025-06, *Intangibles - Goodwill and Other - Internal-Use Software (Subtopic 350-40): Targeted Improvements to the Accounting for Internal-Use Software* ("ASU 2025-06"). This ASU amends ASC 350 to now require entities to commence capitalizing eligible software costs when (i) management has authorized and committed to funding the software project, and (ii) it is probable that the project will be completed and the software will be used to perform the function intended. The new standard also supersedes the guidance related to costs incurred to develop a website. ASU 2025-06 is effective for years beginning after December 15, 2027, with early adoption permitted. The Company is currently evaluating the impact of this ASU on our consolidated financial statements.

**3. Investments in and Advances to Unconsolidated Companies**

Investments in and advances to unconsolidated companies amounted to \$61.3 million as of September 26, 2025 and \$39.9 million as of December 27, 2024. These investments are accounted for under the equity method of accounting, and primarily relate to investments in limited partnerships and joint ventures in the food, nutrition and agricultural technology sectors. Our investments in unconsolidated companies include investments in companies who qualify as investment companies pursuant to Accounting Standards Codification Topic 946, *Financial Services - Investment Companies* ("ASC 946") and, accordingly, are carried at net asset value ("NAV"), which approximates fair value. Our investments in unconsolidated companies which qualify as investment companies under ASC 946, which make up approximately \$50.7 million of the balance as of September 26, 2025 and \$32.3 million of the balance as of December 27, 2024, cannot be redeemed, but the funds will make distributions through liquidation. The estimate of the liquidation period varies from 2027 to 2037. Total unfunded commitments related to our investments in and advances to unconsolidated companies as of September 26, 2025 were \$1.4 million.

Our proportionate share of income related to these unconsolidated companies was \$3.1 million and \$3.9 million for the quarters ended September 26, 2025 and September 27, 2024, respectively, and \$10.9 million and \$7.3 million for the nine months ended September 26, 2025 and September 27, 2024, respectively. These amounts are included in "Other (income) expense, net" in the Consolidated Statements of Operations. Distributions received from these investments were \$1.1 million for the nine months ended September 26, 2025. No distributions were received from these investments for the quarter ended September 26, 2025 and for the quarter and nine months ended September 27, 2024.

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)****4. Asset Impairment and Other Charges, Net**

The following represents a summary of asset impairment and other charges, net recorded during the quarters and nine months ended September 26, 2025 and September 27, 2024 (U.S. dollars in millions):

	Quarter ended			Nine months ended

<b>Total asset impairment and other charges, net</b>	<b>\$ —</b>	<b>\$ 0.2</b>	<b>\$ 0.2</b>	<b>\$ 0.7</b>	<b>\$ 0.5</b>	<b>\$ 1.2</b>

<sup>(1)</sup> During the quarter ended September 26, 2025, we abandoned two operations in the Philippines as a result of low profitability and reduced production, including the impact of crop disease. As a result, we incurred charges of \$35.7 million related to the write-off of property, plant and equipment and right-of-use lease assets and \$1.5 million in charges related to restoration and severance costs. Refer to Note 15, "Fair Value Measurements".

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)**

(2) As a result of our planned divestiture of the Mann Packing business, including substantially all the operational assets, we recorded \$17.9 million in asset impairment and other charges during the quarter ended September 26, 2025. These charges included \$15.7 million to reduce the carrying value of the disposal group assets to fair value and \$2.2 million in charges related to software used by the operations of Mann Packing. Refer to Note 15, "Fair Value Measurements".

(3) During the nine months ended September 27, 2024, we recorded a \$0.5 million reserve relating to a regulatory matter. Refer to Note 10, "Commitments and Contingencies".

(4) Due to damages caused by severe flooding in Greece during 2023, we recorded reserves related to estimated damages to our property, plant and equipment. During the nine months ended September 27, 2024, we determined it was appropriate to reduce this reserve by \$0.5 million based on actual repair charges incurred.

(5) During the nine months ended September 27, 2024, we entered into a settlement agreement with respect to a litigation matter by a former employee regarding a legacy claim stemming from the 1970s. Accordingly, we incurred charges of \$1.8 million, net of insurance reimbursements, associated with the settlement during the nine months ended September 27, 2024. Refer to Note 10, "Commitments and Contingencies."

**5. Income Taxes**

In connection with the examination of the tax returns in three foreign jurisdictions, the taxing authorities have issued income tax deficiencies related to transfer pricing aggregating approximately \$253.8 million (including interest and penalties) for tax years 2012 through 2021. We strongly disagree with the proposed adjustments and have filed a protest with each of the taxing authorities.

In one foreign jurisdiction, we are currently contesting tax assessments related to the 2012-2015 audit years and the 2016 audit year in both the administrative court and the judicial court. During 2019 and 2020, we filed actions contesting the tax assessment in the administrative office. Our initial challenge to each of these tax assessments was rejected, and we subsequently lost our appeals at the administrative court. We have subsequently filed actions to contest each of these tax assessments in the country's judicial courts. In addition, we have filed a request for injunction to the judicial court to stay the tax authorities' collection efforts for these two tax assessments, pending final judicial decisions. The court granted our injunction with respect to the 2016 audit year, however denied our injunction with respect to the 2012-2015 audit years. We timely appealed the denial of the injunction, and on August 10, 2022 the appellate court overturned the denial and granted our injunction for the 2012-2015 audit years with a trial date set for July 4, 2025. During June 2025, we were notified of the hearing being suspended until further notice due to a pending constitutional remedy affecting a rule included in the arguments. Pursuant to local law, we registered real estate collateral with an approximate fair market value of \$7.2 million in connection with the grant of the 2016 audit year injunction. This real estate collateral has a net book value of \$3.8 million as of the quarter ended September 26, 2025. In addition, in connection with the grant of the 2012-2015 audit year injunction, we registered real estate collateral with an approximate fair market value of \$30.2 million, and a net book value of \$4.6 million as of the quarter ended September 26, 2025. The registration of this real estate collateral does not affect our operations in the country.

In the second foreign jurisdiction, the administrative court denied our appeal, and on March 4, 2020 we filed an action in the judicial court to contest the administrative court's decision. The case is still pending.

In the third foreign jurisdiction, we received tax assessments related to the 2018-2021 audit years. We have filed objections contesting these assessments and have subsequently initiated appeals.

We will continue to vigorously contest the adjustments and intend to exhaust all administrative and judicial remedies necessary in both jurisdictions to resolve the matters, which could be a lengthy process.

We regularly assess the likelihood of adverse outcomes resulting from examinations such as these to determine the adequacy of our tax reserves. Accordingly, we have not accrued any additional amounts based upon the proposed adjustments. There can be no assurance that these matters will be resolved in our favor, and an adverse outcome of either matter, or any future tax

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)**

examinations involving similar assertions, could have a material effect on our financial condition, results of operations and cash flows.

Additionally, the European Union (EU) Member States formally adopted the EU's Pillar Two Directive, which generally provides for a minimum effective tax rate of 15%, as established by the Organization for Economic Co-operation and Development (OECD) Pillar Two Framework. Pursuant to the implementation dates prescribed in the Directive, the rules became effective for the Company for the 2025 fiscal year. A significant number of other countries are expected to also implement similar legislation with varying effective dates in the future. To date, the Company has determined that there is an immaterial global minimum tax liability as a result of Pillar Two, as certain jurisdictions have satisfied the safe harbor test to mitigate any minimum tax under Pillar Two. The Company continues to monitor its jurisdictions for any changes and include any appropriate minimum tax throughout the fiscal year.

On July 4, 2025, the One Big Beautiful Bill Act ("OBBA") was enacted in the U.S. The OBBBA includes significant provisions, such as the permanent extension of certain expiring provisions of the Tax Cuts and Jobs Act, modifications to the international tax framework and the restoration of favorable tax treatment for certain business provisions. The legislation has multiple effective dates, with certain provisions effective in 2025 and others implemented through 2027. We are currently assessing its impact on our consolidated financial statements.

Income tax provision was \$4.2 million for the quarter ended September 26, 2025 compared with \$7.9 million for the quarter ended September 27, 2024 and \$25.2 million for the nine months ended September 26, 2025 compared with \$25.6 million for the nine months ended September 27, 2024. The decrease in both periods is primarily due to decreased earnings in certain higher tax jurisdictions.

**6. Allowance for Credit Losses**

We estimate expected credit losses on our trade receivables and financing receivables in accordance with Accounting Standards Codification ("ASC") 326 - *Financial Instruments - Credit Losses*.

***Trade Receivables***

Trade receivables as of September 26, 2025 were \$380.4 million, net of allowances of \$34.9 million. Our allowance for trade receivables consists of two components: a \$15.6 million allowance for credit losses and a \$19.3 million allowance for customer claims accounted for under the scope of ASC 606 - *Revenue Recognition*.

As a result of our robust credit monitoring practices, the industry in which we operate, and the nature of our customer base, the credit losses associated with our trade receivables have historically been insignificant in comparison to our annual net sales. We measure the allowance for credit losses on trade receivables on a collective (pool) basis when similar risk characteristics exist. We generally pool our trade receivables based on the geographic region or country to which the receivables relate. Receivables that do not share similar risk characteristics are evaluated for collectability on an individual basis.

Our historical credit loss experience provides the basis for our estimation of expected credit losses. We generally use a three-year average annual loss rate as a starting point for our estimation, and make adjustments to the historical loss rate to account for differences in current conditions impacting the collectability of our receivable pools. We generally monitor macroeconomic indicators to assess whether adjustments are necessary to reflect current conditions.

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)**

The table below presents a rollforward of our trade receivable allowance for credit losses for the nine months ended September 26, 2025 and September 27, 2024 (U.S. dollars in millions):

	<b>Nine months ended</b>	
	<b>September 26, 2025</b>	<b>September 27, 2024</b>
<b>Trade receivables</b>		
<b>Allowance for credit losses:</b>		
Balance, beginning of period	\$ 11.5	\$ 7.4
Provision for uncollectible amounts	4.6	3.4
Deductions to allowance related to write-offs	(0.5)	—
Recoveries of amounts previously allowed for	(0.4)	(0.1)
Foreign exchange effects	0.4	—
<b>Balance, end of period</b>	<b>\$ 15.6</b>	<b>\$ 10.7</b>

***Financing Receivables***

Financing receivables are included in other accounts receivable, net on our Consolidated Balance Sheets and are recognized at amortized cost less an allowance for estimated credit losses. Financing receivables include seasonal advances to growers and suppliers, which are usually short-term in nature, and other financing receivables.

A significant portion of the fresh produce we sell is acquired through supply contracts with independent growers. In order to ensure the consistent high quality of our products and packaging, we make advances to independent growers and suppliers. These growers and suppliers typically sell all of their production to us and make payments on their advances as a deduction to the agreed upon selling price of the fruit or packaging material. The majority of the advances to growers and suppliers are for terms less than one year and typically span a growing season. In certain cases, there may be longer term advances with terms of up to ten years.

We measure the allowance for credit losses on advances to suppliers and growers on a collective (pool) basis when similar risk characteristics exist. We generally pool our advances based on the country to which they relate, and further disaggregate them based on their current or past-due status. We generally consider an advance to a grower to be past due when the advance is not fully paid within the respective growing season. The allowance for advances to growers and suppliers that do not share similar risk characteristics are determined on a case-by-case basis, depending on the expected production for the season and other contributing factors. The advances are typically collateralized by property liens and pledges of the respective season's produce. Occasionally, we agree to a payment plan with these growers or take steps to recover the advance via established collateral. We may write-off uncollectible financing receivables after our collection efforts are exhausted.

Our historical credit loss experience provides the basis for our estimation of expected credit losses. We generally use a three-year average annual loss rate as a starting point for our estimation, and make adjustments to the historical loss rate to account for differences in current or expected future conditions. We generally monitor macroeconomic indicators as well as other factors, including unfavorable weather conditions and crop diseases, which may impact the collectability of the advances when assessing whether adjustments to the historical loss rate are necessary.

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)**

The following table details the advances to growers and suppliers based on their credit risk profile (U.S. dollars in millions):

	September 26, 2025		December 27, 2024	
	Current	Past-Due	Current	Past-Due
Gross advances to growers and suppliers	\$ 10.5	\$ 23.7	\$ 18.8	\$ 16.1

The allowance for advances to growers and suppliers for the nine months ended September 26, 2025 and September 27, 2024 were as follows (U.S. dollars in millions):

	Nine months ended	
	September 26, 2025	September 27, 2024
<b>Allowance for advances to growers and suppliers:</b>		
Balance, beginning of period	\$ 12.1	\$ 7.5
Provision for uncollectible amounts	8.2	4.5
Deductions to allowance related to write-offs	(0.1)	(0.8)
<b>Balance, end of period</b>	<b>\$ 20.2</b>	<b>\$ 11.2</b>

## 7. Share-Based Compensation

We maintain various compensation plans for officers, other employees, and non-employee members of our Board of Directors. On June 2, 2022, our shareholders approved and ratified the 2022 Omnibus Share Incentive Plan (the “2022 Plan”). The 2022 Plan allows us to grant equity-based compensation awards including restricted stock units (“RSUs”), performance stock units (“PSUs”), stock options, and restricted stock awards. The 2022 Plan replaces and supersedes the 2014 Omnibus Share Incentive Plan (the “Prior Plan”). No awards can be granted under the Prior Plan upon adoption of the 2022 Plan. Under the 2022 Plan, the Board of Directors is authorized to award up to (i) 2,800,000 ordinary shares plus (ii) any ordinary shares remaining available for future awards under the Prior Plan at the time of adoption (of which there were approximately 241,263) plus (iii) any ordinary shares with respect to awards and Prior Plan awards that are forfeited, canceled, expire unexercised, or are settled in cash following adoption of the 2022 Plan.

Share-based compensation expense related to RSUs and PSUs is included in selling, general and administrative expenses in the accompanying Consolidated Statements of Operations and was comprised in the relevant periods as follows (U.S. dollars in millions):

	Quarter ended		Nine months ended	
	September 26, 2025	September 27, 2024	September 26, 2025	September 27, 2024
RSUs/PSUs	\$ 2.5	\$ 2.0	\$ 7.3	\$ 4.8

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)*****Restricted Stock Units and Performance Stock Units***

The following table lists the RSUs and PSUs awarded under the 2022 Plan during the nine months ended September 26, 2025 and September 27, 2024:

<b>Date of Award</b>	<b>Type of award</b>	<b>Units awarded</b>	<b>Price per share</b>
<b>For the nine months ended September 26, 2025</b>			
May 5, 2025	RSU	31,423	\$ 33.41
March 3, 2025	PSU	126,495	\$ 30.27
March 3, 2025	RSU	287,426	\$ 30.27
<b>For the nine months ended September 27, 2024</b>			
September 6, 2024	PSU	2,651	\$ 29.18
May 8, 2024	PSU	5,048	\$ 24.13
May 7, 2024	RSU	43,134	\$ 24.34
April 1, 2024	PSU	7,394	\$ 25.45
March 1, 2024	PSU	285,460	\$ 24.37
February 19, 2024	RSU	1,313	\$ 23.77

Under the 2022 Plan and Prior Plan, each RSU/PSU represents a contingent right to receive one of our ordinary shares. The PSUs are subject to meeting minimum performance criteria set by the Compensation Committee of our Board of Directors. The actual number of shares the recipient receives is determined based on the results achieved versus performance goals. Those performance goals are based on exceeding a measure of our earnings. Depending on the results achieved, the actual number of shares that an award recipient receives at the end of the period may range from 0% to 100% of the award units granted, or as it relates to the 2025, 2024 and 2023 PSU awards granted to our Chairman and Chief Executive Officer, 0% to 125% of the award units granted. Provided such criteria are met, the PSUs will vest in three equal annual installments on each of the next three anniversary dates provided that the recipient remains employed with us.

Expense for RSUs is recognized on a straight-line basis over the requisite service period for the entire award. RSUs vest annually in three equal installments over a three-year service period. RSUs granted to our Board of Directors generally vest after a one-year period.

The fair market value for RSUs and PSUs is based on the closing price of our stock on the grant date. We recognize expenses related to RSUs and PSUs based on the fair market value, as determined on the grant date, ratably over the vesting period, provided the performance condition, if any, is probable. Forfeitures are recognized as they occur.

RSUs and PSUs do not have the voting rights of ordinary shares, and the shares underlying the RSUs and PSUs are not considered issued and outstanding. However, shares underlying RSUs/PSUs are included in the calculation of diluted earnings per share to the extent the performance criteria are met, if any.

Each of our outstanding RSUs and PSUs are eligible to earn Dividend Equivalent Units (“DEUs”) equal to the cash dividend paid to ordinary shareholders. DEUs are subject to the same performance and/or service conditions as the underlying RSUs and PSUs and are forfeitable.

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)****8. Inventories, net**

Inventories consisted of the following (U.S. dollars in millions):

	<b>September 26, 2025</b>	<b>December 27, 2024</b>
Finished goods	\$ 182.2	\$ 200.2
Raw materials and packaging supplies	159.4	157.6
Growing crops	227.9	237.5
<b>Total inventories, net</b>	<b>\$ 569.5</b>	<b>\$ 595.3</b>

**9. Debt and Finance Lease Obligations**

The following is a summary of long-term debt and finance lease obligations (U.S. dollars in millions):

	<b>September 26, 2025</b>	<b>December 27, 2024</b>
Senior unsecured revolving credit facility (see Credit Facility below)	\$ 173.0	\$ 244.1
Finance lease obligations	5.3	6.3
<b>Total debt and finance lease obligations</b>	<b>178.3</b>	<b>250.4</b>
Less: Current maturities	(1.6)	(1.5)
<b>Long-term debt and finance lease obligations</b>	<b>\$ 176.7</b>	<b>\$ 248.9</b>

***Credit Facility***

On October 1, 2019, we entered into a Second Amended and Restated Credit Agreement (as amended, the "Second A&R Credit Agreement") with Bank of America, N.A. as administrative agent and BofA Securities, Inc. as sole lead arranger and sole bookrunner and certain other lenders. The Second A&R Credit Agreement provided for a five-year, \$0.9 billion syndicated senior unsecured revolving credit facility maturing on October 1, 2024. The Second A&R Credit Agreement was subsequently amended on December 30, 2022, to replace the Eurocurrency Rate with the Term Secured Overnight Financing Rate ("Term SOFR" effective January 3, 2023.

On February 21, 2024, we entered into Amendment No. 2 to the Second Amended and Restated Credit Agreement (the "2024 Amended Credit Facility") with Bank of America, N.A. as administrative agent and BofA Securities, Inc. as sole lead arranger and sole bookrunner and certain other lenders. The 2024 Amended Credit Facility provides for a five-year, \$0.75 billion syndicated senior unsecured revolving credit facility maturing on February 21, 2029. Amounts borrowed under the revolving credit facility accrue interest at a rate equal to the Term SOFR rate plus a margin that ranges from 1.0% to 1.625% based on our Consolidated Leverage Ratio (as defined in the 2024 Amended Credit Facility). The 2024 Amended Credit Facility also permits, under certain conditions, \$200 million of Permitted Receivables Financing (as defined in the 2024 Amended Credit Facility). In addition, we pay a fee on unused commitments at a rate equal to 0.150% to 0.250% based on our Consolidated Leverage Ratio.

The 2024 Amended Credit Facility provides for an accordion feature that permits us, without the consent of the other lenders, to request that one or more lenders provide us with increases in revolving credit facility or term loans up to an aggregate of \$300 million ("Incremental Increases"). The aggregate amount of Incremental Increases can be further increased to the extent that after giving effect to the proposed increase in revolving credit facility commitments or term loans our Consolidated Leverage Ratio, on a pro forma basis, would not exceed 2.75 to 1.00. Our ability to request such increases or term loans is subject to our compliance with customary conditions set forth in the 2024 Amended Credit Facility including compliance, on a pro forma basis, with certain financial covenants and ratios. Upon our request, each lender may decide, in its sole discretion, whether to increase all or a portion of its revolving credit facility commitment or provide term loans.

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)**

The 2024 Amended Credit Facility contains similar financial covenants to those included within the Second A&R Credit Agreement. Specifically, it requires us to maintain 1) a Consolidated Leverage Ratio of not more than 3.75 to 1.00 at any time during any period of four consecutive fiscal quarters, subject to certain exceptions and 2) minimum Consolidated Interest Coverage Ratio of not less than 2.25 to 1.00 as of the end of any fiscal quarter. Additionally, it requires us to comply with certain other covenants, including limitations on capital investments, the amount of dividends that can be paid in the future, the amounts and types of liens and indebtedness, material asset sales, and mergers. Under the 2024 Amended Credit Facility, we are permitted to declare or pay cash dividends in any fiscal year up to an amount that does not exceed the greater of (i) an amount equal to (1) the greater of (A) 50% of the Consolidated Net Income (as defined in the 2024 Amended Credit Facility) for the immediately preceding fiscal year or (B) \$25 million (the "Base Dividend Basket") plus (2) commencing in the fiscal year ending December 26, 2025 any portion of the Base Dividend Basket not used in the immediately preceding fiscal year, or (ii) the greatest amount which would not cause the Consolidated Leverage Ratio (determined on a pro forma basis as of the date of declaration or payment) to exceed 3.50 to 1.00. It also provides an allowance for stock repurchases to be an amount not exceeding the greater of (i) (A) \$50,000,000 (the "Base Redemption Basket") plus (B) commencing in the fiscal year ending December 26, 2025, any portion of the Base Redemption Basket not used in the immediately preceding fiscal year or (ii) the greatest amount which would not cause the Consolidated Leverage Ratio (determined on a pro forma basis as of the date of such repurchase) to exceed 3.50 to 1.00. As of September 26, 2025, we were in compliance with all the covenants contained in the 2024 Amended Credit Facility.

In connection with the 2024 Amended Credit Facility, we paid lender and third-party fees of \$2.1 million associated with the amendment. We concluded that the amendment resulted in a modification of debt and as such, determined that debt issuance costs incurred in connection with the 2024 Amended Credit Facility would be deferred and amortized over the term of the new arrangement. Debt issuance costs of \$1.4 million and \$1.8 million are included in other noncurrent assets on our Consolidated Balance Sheets as of September 26, 2025 and December 27, 2024, respectively.

The following is a summary of the material terms of the 2024 Amended Credit Facility and other working capital facilities at September 26, 2025 (U.S. dollars in millions):

	<b>Term</b>	<b>Maturity date</b>	<b>Interest rate</b>	<b>Borrowing limit</b>	<b>Available borrowings, net of letters of credit and bank guarantees</b>
Bank of America credit facility	5 years	February 21, 2029	5.25%	\$ 750.0	\$ 577.0
Rabobank letter of credit facility	364 days	June 12, 2026	Varies	25.0	18.4
Other working capital facilities	Varies	Varies	Varies	20.9	10.7
				\$ 795.9	\$ 606.1

The margin for Term SOFR advances as of September 26, 2025 was 1.000%. We intend to use funds borrowed under the 2024 Amended Credit Facility from time to time for general corporate purposes, which may include working capital needs, capital expenditures, funding of possible acquisitions, share repurchases, and satisfaction of other obligations.

As of September 26, 2025, we applied \$23.6 million to letters of credit and bank guarantees issued from Rabobank Nederland, Bank of America, and other banks.

During 2018, we entered into interest rate swaps in order to hedge the risk of the fluctuation on future interest payments related to our variable rate borrowings from our revolving credit facility. During July 2024, outstanding interest rate swaps previously used to hedge the risk of fluctuation on future interest payments reached maturity or were terminated. Refer to Note 14, "Derivative Financial Instruments."

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)****10. Commitments and Contingencies*****Kunia Well Site***

In 1980, elevated levels of certain chemicals were detected in the soil and ground-water at a plantation leased by one of our U.S. subsidiaries in Honolulu, Hawaii (the "Kunia Well Site"). In 2005, our subsidiary signed a Consent Decree ("Consent Decree") with the Environmental Protection Agency ("EPA") for the performance of the clean-up work for the Kunia Well Site. Based on findings from remedial investigations, our subsidiary coordinated with the EPA to evaluate the clean-up work required in accordance with the Consent Decree. On July 25, 2022, an Explanation of Significant Differences (ESD) for the Kunia Well Site was filed by the EPA, which formally transitioned the remedy for the Kunia Well Site to a Monitored Natural Attenuation (MNA), thereby reducing our potential liability.

The revised estimate associated with the clean-up costs, and on which our accrual is based, is \$2.7 million. As of September 26, 2025, \$2.5 million was included in other noncurrent liabilities, and \$0.2 million was included in accounts payable and accrued expenses in the Consolidated Balance Sheets for the Kunia Well Site clean-up. We expect to expend approximately \$0.2 million in 2025, \$0.2 million in 2026, \$0.3 million in 2027, \$0.1 million in 2028, and \$0.1 million in 2029.

***California Air Resource Board***

On December 21, 2022, the California Air Resource Board ("CARB") issued a Notice of Violation ("NOV") to the Company regarding alleged violations of certain California anti-air pollution regulations by three non-shore capable vessels that were subject to a time charter by us from an unrelated non-U.S. third party. We cooperated with and assisted CARB in its audits for the alleged violations during 2021. During the nine months ended September 27, 2024, we incurred expenses of \$0.5 million as a contingent reserve which are included in asset impairments and other charges, net in the Consolidated Statements of Operations. We settled amounts previously accrued for this matter during the first quarter of 2025.

***Legal Settlement***

On May 28, 2024, we entered into a settlement agreement with respect to a litigation matter by a former employee regarding a legacy claim stemming from the 1970s. This matter was in the discovery phase until the first quarter of 2024, when the court set the expected trial date and the parties began to discuss settlement. Accordingly, during the first quarter of 2024, we incurred charges of \$1.8 million, net of insurance reimbursements, associated with the settlement which are included in asset impairments and other charges, net in the Consolidated Statements of Operations for the nine months ended September 27, 2024.

***Value Added Tax ("VAT") Receivables***

In connection with administrative delays in a jurisdiction in which we operate, we have incurred delays in the collection of VAT refund claims made by the Company. As a result of these delays, as of September 26, 2025 we have classified \$21.4 million of VAT receivables related to this jurisdiction as non-current assets which are included in Other noncurrent assets in our Consolidated Balance Sheets. While we believe the amounts are collectible through standard administrative processes, these amounts may ultimately need to be recovered through administrative appeals or other legal means.

***Additional Information***

In addition to the foregoing, we are involved from time to time in various claims and legal actions incident to our operations, both as plaintiff and defendant. In the opinion of management, after consulting with legal counsel, none of these other claims are currently expected to have a material adverse effect on the results of operations, financial position or our cash flows.

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)**

**11. Earnings Per Share**

Basic and diluted net (loss) income per ordinary share is calculated as follows (U.S. dollars in millions, except share and per share data):

	Quarter ended		Nine months ended	
	September 26, 2025	September 27, 2024	September 26, 2025	September 27, 2024
<b>Numerator:</b>				
Net (loss) income attributable to Fresh Del Monte Produce Inc.	\$ (29.1)	\$ 42.1	\$ 58.8	\$ 121.8
<b>Denominator:</b>				
Weighted average number of ordinary shares - Basic	47,917,663	47,936,254	47,942,661	47,855,020
Effect of dilutive securities - share-based awards	—	86,984	271,543	112,438
Weighted average number of ordinary shares - Diluted	47,917,663	48,023,238	48,214,204	47,967,458
Antidilutive awards <sup>(1)</sup>	593,035	612	—	612
<b>Net (loss) income per ordinary share attributable to Fresh Del Monte Produce Inc.:</b>				
Basic	\$ (0.61)	\$ 0.88	\$ 1.23	\$ 2.54
Diluted	\$ (0.61)	\$ 0.88	\$ 1.22	\$ 2.54

<sup>(1)</sup> Certain unvested RSUs and PSUs are not included in the calculation of net (loss) income per ordinary share because the effect would have been antidilutive.

**12. Retirement and Other Employee Benefits**

The following table sets forth the net periodic benefit costs of our defined benefit pension plans and post-retirement benefit plans (U.S. dollars in millions):

	Quarter ended		Nine months ended	
	September 26, 2025	September 27, 2024	September 26, 2025	September 27, 2024
Service cost	\$ 1.7	\$ 1.5	\$ 4.9	\$ 4.5
Interest cost	1.9	1.9	5.7	5.7
Expected return on assets	(0.8)	(0.8)	(2.4)	(2.4)
Amortization of net actuarial loss	0.2	0.1	0.4	0.3
Net periodic benefit costs	\$ 3.0	\$ 2.7	\$ 8.6	\$ 8.1

We provide certain other retirement benefits to certain employees who are not U.S.-based and are not included above. Generally, benefits under these programs are based on an employee's length of service and level of compensation. These programs are immaterial to our consolidated financial statements. The net periodic benefit costs related to other non-U.S. based plans is \$0.2 million for the quarter ended September 26, 2025 and \$0.4 million for the quarter ended September 27, 2024. The net periodic benefit costs related to other non-U.S. based plans is \$1.2 million for the nine months ended September 26, 2025 and \$2.2 million for the nine months ended September 27, 2024.

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)**

Service costs are presented in the same line item in the Consolidated Statements of Operations as other compensation costs arising from services rendered by the employees during the period. With the exception of service cost, the other components of net periodic benefit costs (which include interest costs, expected return on assets, curtailment and settlement expenses, and amortization of net actuarial losses) are recorded in the Consolidated Statements of Operations in other expense, net.

### 13. Business Segment Data

Our business is comprised of three reportable segments, two of which represent our primary businesses of fresh and value-added products and banana, and one that represents our other ancillary businesses.

- *Fresh and value-added products* - includes pineapples, fresh-cut fruit, fresh-cut vegetables (which includes fresh-cut salads), melons, vegetables, non-tropical fruit (including grapes, apples, citrus, blueberries, strawberries, pears, peaches, plums, nectarines, cherries and kiwis), other fruit and vegetables, avocados, and prepared foods (including prepared fruit and vegetables, juices, other beverages, and meals and snacks).
- *Banana*
- *Other products and services* - includes our third-party freight and logistic services business, our Jordanian poultry and meats business and our biomass initiatives.

Our Chief Operating Decision Maker ("CODM") is our Chief Executive Officer, Chief Operating Officer, and Chief Financial Officer ("the CODM Group"). The CODM Group uses segment gross profit, calculated as net sales less cost of products sold, as the primary measure in assessing segment performance and determining allocation of resources, with these determinations generally made as part of our annual budgeting process. Reviews of segment performance by the CODM Group occur regularly throughout the year, including monthly review of budget-to-actual results, which can result in allocation changes if deemed appropriate. The following table provides information by reportable segment, including net sales, cost of products sold and gross profit (U.S. dollars in millions):

Segments:	Quarter ended					
	September 26, 2025			September 27, 2024		
	Net Sales	Cost of products sold	Gross Profit	Net Sales	Cost of products sold	Gross Profit
Fresh and value-added products	\$ 610.5	\$ 542.2	\$ 68.3	\$ 623.7	\$ 560.4	\$ 63.3
Banana	358.0	353.4	4.6	345.3	324.0	21.3
Other products and services	53.4	45.5	7.9	50.5	41.3	9.2
Total	\$ 1,021.9	\$ 941.1	\$ 80.8	\$ 1,019.5	\$ 925.7	\$ 93.8

Segments:	Nine months ended					
	September 26, 2025			September 27, 2024		
	Net Sales	Cost of products sold	Gross Profit	Net Sales	Cost of products sold	Gross Profit
Fresh and value-added products	\$ 2,016.2	\$ 1,793.8	\$ 222.4	\$ 1,994.6	\$ 1,797.4	\$ 197.2
Banana	1,131.7	1,080.3	51.4	1,119.1	1,046.3	72.8
Other products and services	154.9	135.6	19.3	153.3	134.1	19.2
Totals	\$ 3,302.8	\$ 3,009.7	\$ 293.1	\$ 3,267.0	\$ 2,977.8	\$ 289.2

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)**

The following table indicates our net sales by geographic region (U.S. dollars in millions):

Net sales by geographic region:	Quarter ended		Nine months ended	
	September 26, 2025	September 27, 2024	September 26, 2025	September 27, 2024
North America	\$ 606.4	\$ 614.6	\$ 1,938.0	\$ 1,950.3
Europe	202.0	192.8	676.4	627.9

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)**

The following tables indicate our (i) property, plant, and equipment, net by location and (ii) total assets by location (U.S. dollars in millions):

<b>Property, plant and equipment, net:</b>	<b>September 26, 2025</b>	<b>December 27, 2024</b>
North America	\$ 124.8	\$ 155.3
Europe	28.9	28.8
Middle East	47.2	48.1
Africa	36.4	32.9
Asia	47.9	85.7
Central America	617.6	616.8
South America	45.2	47.3
Maritime equipment (including containers)	162.3	172.6
Corporate	4.3	4.1
Total property, plant and equipment, net	<u><u>\$ 1,114.6</u></u>	<u><u>\$ 1,191.6</u></u>

<b>Total assets:</b>	<b>September 26, 2025</b>	<b>December 27, 2024</b>
North America	\$ 619.2	\$ 670.9
Europe	351.1	345.1
Middle East	214.6	226.8
Africa	162.2	156.8
Asia	177.9	236.4
Central America	1,043.8	1,035.6
South America	97.6	110.5
Maritime equipment (including containers)	180.5	180.6
Corporate	218.7	133.5
Total assets	<u><u>\$ 3,065.6</u></u>	<u><u>\$ 3,096.2</u></u>

Management reviews assets on the basis of geographic region and not by reportable segment, which more closely aligns our capital investment with demand for our products. Costa Rica is our most significant sourcing location and represented approximately 41% of our property, plant and equipment as of September 26, 2025. Excluding the U.S., no other country other than Costa Rica accounted for greater than 10% of our property, plant and equipment as of September 26, 2025 and December 27, 2024.

Total assets by geographic area represent those assets used in the operations of each geographic area.

#### **14. Derivative Financial Instruments**

Our derivative financial instruments reduce our exposure to fluctuations in foreign exchange rates and variable interest rates. We designate our derivative financial instruments as cash flow hedges.

Counterparties expose us to credit loss in the event of non-performance of hedges. We monitor our exposure to counterparty non-performance risk both at inception of the hedge and at least quarterly thereafter.

Fluctuations in the value of the derivative instruments are generally offset by changes in the cash flows of the underlying exposures being hedged. A cash flow hedge requires that the change in the fair value of a derivative instrument be recognized in other comprehensive income, a component of shareholders' equity, and reclassified into earnings in the same period or periods during which the hedged transaction affects earnings and is presented in the same income statement line item as the earnings effect of the hedged item.

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)**

Certain of our derivative instruments contain provisions that require the current credit relationship between us and our counterparty to be maintained throughout the term of the derivative instruments. If that credit relationship changes, certain provisions could be triggered, and the counterparty could request immediate collateralization of derivative instruments in a net liability position above a certain threshold. The aggregate fair value of all derivative instruments with a credit-risk-related contingent feature that were in a liability position on September 26, 2025 was \$4.7 million. As of September 26, 2025, no triggering event has occurred and thus we are not required to post collateral.

Derivative instruments are disclosed on a gross basis. There are various rights of setoff associated with our derivative instruments that are subject to an enforceable master netting arrangement or similar agreements. Although various rights of setoff and master netting arrangements or similar agreements may exist with the individual counterparties, individually, these financial rights are not material.

Cash flows from derivative instruments that are designated as cash flow hedges are classified in the same category as the cash flows from the underlying hedged items. In the event that hedge accounting is discontinued, cash flows related to changes in fair value subsequent to the date of discontinuance are classified within investing activities.

#### **Foreign Currency Hedges**

Our results of operations and financial condition are exposed to fluctuations in currency exchange rates against the U.S. dollar, and we may mitigate that exposure by entering into foreign currency forward or collar contracts. Certain of our subsidiaries periodically enter into foreign currency forward contracts in order to hedge portions of forecasted sales or cost of sales denominated in foreign currencies, which generally mature within one year. At September 26, 2025, our foreign currency forward contracts hedge a portion of our 2025 and 2026 foreign currency exposure.

The foreign currency forward contracts qualifying as cash flow hedges were designated as single-purpose cash flow hedges of forecasted cash flows.

We had the following outstanding foreign currency contracts as of September 26, 2025 (in millions):

<b>Foreign currency contracts qualifying as cash flow hedges:</b>		<b>Notional amount</b>
Euro	EUR	55.0
British pound	GBP	1.4
Japanese yen	JPY	1,048.3
Costa Rican colon	CRC	55,812.0
Chilean peso	CLP	4,108.4
Kenyan shilling	KES	649.7
Mexican peso	MXP	139.1

#### **Interest Rate Contracts**

Our results of operations and financial condition are exposed to fluctuations in variable interest rates, and we previously mitigated that exposure by entering into interest rate swaps. During 2018, we entered into interest rate swaps in order to hedge the risk of the fluctuation on future interest payments related to our variable rate LIBOR-based borrowings through 2028. We amended our Second A&R Credit Agreement and our interest rate swaps to transition from LIBOR to SOFR as a reference rate effective January 3, 2023.

In July 2024, we agreed to terminate our outstanding interest rate swap in exchange for \$7.3 million in cash proceeds, net of fees of approximately \$0.2 million. Based on our assessment that the originally hedged cash flows associated with our variable rate borrowings remain probable, the proceeds received as a result of the termination of our outstanding interest rate swap agreement will remain in accumulated other comprehensive loss and be reclassified to earnings through interest expense over the remaining life of the hedged debt. At September 26, 2025, \$3.2 million in accumulated other comprehensive loss related to the terminated interest rate swap, of which \$1.4 million is expected to be reclassified to earnings through interest expense over the next twelve months.

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)**

The following table reflects the fair values of derivative instruments, which are designated as level 2 in the fair value hierarchy, as of September 26, 2025 and December 27, 2024 (U.S. dollars in millions):

	<b>Foreign exchange contracts <sup>(1)</sup></b>	
	<b>September 26, 2025</b>	<b>December 27, 2024</b>
<b>Balance Sheet location:</b>		
<b>Asset derivatives:</b>		
Prepaid expenses and other current assets	\$ 3.1	\$ 0.3
<b>Total asset derivatives</b>	<b>\$ 3.1</b>	<b>\$ 0.3</b>
<b>Liability derivatives:</b>		
Accounts payable and accrued expenses	\$ 4.7	\$ —
<b>Total liability derivatives</b>	<b>\$ 4.7</b>	<b>\$ —</b>

<sup>(1)</sup> See Note 15, "Fair Value Measurements," for fair value disclosures.

As of September 26, 2025, we expect that \$0.2 million of the net fair value of our cash flow hedges recognized as a net loss in accumulated other comprehensive loss, inclusive of amounts associated with our interest rate swap terminated during the quarter ended June 28, 2024, will be transferred to earnings during the next 12 months, and the remaining net gain of \$1.8 million over the following 3 years, along with the earnings effect of the related forecasted transactions.

The following table reflects the effect of derivative instruments on the Consolidated Statements of Comprehensive Income for the quarters and nine months ended September 26, 2025 and September 27, 2024 (U.S. dollars in millions):

<b>Derivative instruments</b>	<b>Net amount of gain (loss) recognized in other comprehensive income on derivatives</b>			
	<b>Quarter ended</b>		<b>Nine months ended</b>	
	<b>September 26, 2025</b>	<b>September 27, 2024</b>	<b>September 26, 2025</b>	<b>September 27, 2024</b>
Foreign exchange contracts	\$ 5.4	\$ (3.8)	\$ (1.7)	\$ 1.4
Interest rate swaps, net of tax	(0.6)	(2.5)	(2.2)	(0.9)
<b>Total</b>	<b>\$ 4.8</b>	<b>\$ (6.3)</b>	<b>\$ (3.9)</b>	<b>\$ 0.5</b>

Refer to Note 16, "Accumulated Other Comprehensive Loss" for the effect of derivative instruments on the Consolidated Statements of Operations related to amounts reclassified from accumulated other comprehensive loss for the quarters and nine months ended September 26, 2025 and September 27, 2024.

## 15. Fair Value Measurements

### *Fair Value of Derivative Instruments*

Our derivative assets or liabilities include foreign exchange that are measured at fair value using observable market inputs such as forward rates, interest rates, and our own credit risk as well as an evaluation of our counterparties' credit risks. We use an income approach to value our outstanding foreign currency and interest rate hedges, which consists of a discounted cash flow model that takes into account the present value of future cash flows under the terms of the contract using current market information as of the measurement date such as foreign currency spot rates, forward rates and interest rates. Additionally, we include an element of default risk based on observable inputs into the fair value calculation. Based on these inputs, the derivative assets or liabilities are classified within Level 2 of the valuation hierarchy.

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)**

The following table provides a summary of the fair values of our derivative financial instruments measured on a recurring basis (U.S. dollars in millions):

	<b>Foreign currency forward contracts, net (liability) asset</b>	
	<b>September 26, 2025</b>	<b>December 27, 2024</b>
Quoted prices in active markets for identical assets (Level 1)	\$ —	\$ —
Significant observable inputs (Level 2)	(1.6)	0.3
Significant unobservable inputs (Level 3)	—	—

In estimating our fair value disclosures for financial instruments, we use the following methods and assumptions:

*Cash and cash equivalents:* The carrying amount reported in the Consolidated Balance Sheets for these items approximates fair value due to their liquid nature and are classified as Level 1.

*Trade accounts receivable and other accounts receivable, net:* The carrying value reported in the Consolidated Balance Sheets for these items is net of allowances, which includes a degree of counterparty non-performance risk and are classified as Level 2.

*Accounts payable and other current liabilities:* The carrying value reported in the Consolidated Balance Sheets for these items approximates their fair value, which is the likely amount for which the liability with short settlement periods would be transferred to a market participant with a similar credit standing as ours and are classified as Level 2.

*Long-term debt:* The carrying value of our long-term debt reported in the Consolidated Balance Sheets approximates their fair value since they bear interest at variable rates which contain an element of default risk. The fair value of our long-term debt is estimated using Level 2 inputs based on quoted prices for those or similar instruments. Refer to Note 9, *“Debt and Finance Lease Obligations.”*

#### **Planned Divestiture of Mann Packing**

During the third quarter of 2025, we entered into a non-binding Letter of Intent ("LOI") pursuant to which we intended to sell the Mann Packing business, a wholly-owned subsidiary of the Company included in our fresh and value-added products segment, including substantially all of the operational assets. Subsequently, on October 15, 2025, we entered into an Asset Purchase Agreement (the "Mann Divestiture Agreement"), by and among Mann Packing and the Company (collectively, the "Sellers") and CBRT Processing, LLC and True Leaf Holdings, LLC (collectively, the "Buyer") pursuant to which the Buyer agreed to acquire the Mann Packing business and substantially all its operational assets, including, among other things, machinery and equipment, finished goods, raw materials, packaging supplies, growing crop inventory, and customer lists (collectively, the "Mann Packing Assets") for \$19.0 million plus the value of inventory at closing of the transaction. The \$19.0 million purchase price is payable as follows: (i) \$5.0 million payable in sixty (60) monthly installments commencing on the closing date of the transaction, and (ii) \$14.0 million payable in a single installment on the fifth anniversary of the closing date of the transaction. Payment for inventory is payable no later than ninety (90) days after the closing date of the transaction, with the exception of payments for growing crop inventory which are payable no later than thirty (30) days following the end of the month in which the crop is harvested and delivered to the Buyer. In addition, we agreed to lease to the Buyer the Company's Gonzales, California production facility under a five-year lease agreement ("the Gonzales Lease"). The Gonzales Lease provides the buyer an option to renew the lease for an additional five-year term as well as a purchase option which can be exercised annually as described in the lease agreement. The transaction, which is subject to customary closing conditions, is expected to close during the fourth quarter of 2025.

Given the prospective sale, we determined the Mann Packing Assets met the criteria to be classified as held for sale in our Consolidated Balance Sheets as of September 26, 2025. In accordance with ASC 805 - *Business Combinations*, the Mann Packing Assets constitute a business and, as a result, \$7.2 million of goodwill from our fresh-cut products reporting unit was allocated to the carrying value of the disposal group as determined on a relative fair value basis. As a result of the allocation, we were required to evaluate the retained fresh-cut reporting unit for impairment and determined that the fair value of the reporting unit was in excess of its carrying amount.

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)**

Assets held for sale are measured at the lower of their carrying value or estimated fair value less costs to sell. As a result of our measurement, we recognized an estimated pre-tax loss of \$15.7 million which is included in Asset impairment and other charges, net in the Consolidated Statements of Income for the quarter and nine months ended September 26, 2025. The estimated loss primarily represents asset write-downs, including the goodwill impairment of \$7.2 million, based on the excess of the disposal group's carrying value over its fair value less costs to sell.

We have determined that this disposal does not meet the criteria for classification as a discontinued operation under ASC 205-20, as it does not represent a strategic shift that has or will have a major effect on our operations and/or financial results, however, does represent the disposal of an individually significant component of the Company. (Loss) income before income taxes for this individually significant component was \$(29.5) million and \$(46.7) million for the quarter and nine months ended September 26, 2025, inclusive of \$15.7 million of charges included in Asset impairment and other charges, net in both periods as described above. For the quarter and nine months ended September 27, 2024, (loss) income before taxes for this individually significant component was \$(7.1) million and \$(23.5) million.

***Fair Value of Non-Financial Assets***

The fair value of the banana reporting unit's goodwill and the prepared food reporting unit's goodwill and remaining trade names and trademarks are sensitive to differences between estimated and actual cash flows and changes in the related discount rate used to evaluate the fair value of these assets. We disclosed the sensitivity related to the banana reporting unit's goodwill and the prepared food reporting unit's goodwill and remaining trade names and trademarks in our notes to the consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 27, 2024. Our current estimates of future cash flows depend on our ability to demonstrate successful implementation of our strategies to improve sales and profitability from these activities over the upcoming quarters. If we are unable to demonstrate successful implementation of these strategies, it could lead to impairment of some or all of these assets. To the extent that future developments result in cash flows that are less than currently estimated levels, including as a result of an inability to successfully implement our strategies to improve sales and profitability of the related activities, it could lead to impairment of these assets.

Additionally, we previously disclosed certain definite-lived assets in the Philippines related to our banana segment are sensitive to changes in estimated cash flows. During the quarter ended September 26, 2025, we abandoned two operations in the Philippines as a result of low profitability and reduced production, including the impact of crop disease where these definite-lived assets were used. As a result, we incurred charges of \$35.7 million related to the write-off of property, plant and equipment and right-of-use lease assets which are included in Asset impairment and other charges, net in the Consolidated Statements of Income.

Assets held for sale, which had a carrying amount of \$28.0 million as of September 26, 2025, primarily consisted of \$14.5 million related to the Mann Packing Assets, \$7.3 million related to idle farmland in Italy, \$4.0 million related to three carrier vessels, \$2.0 million related to facilities and farmland in Central America, and \$0.2 million related to an office and facilities in Chile. These assets are recognized at the lower of cost or fair value less cost to sell.

During the nine months ended September 26, 2025, we received proceeds of \$9.5 million from the sale of assets previously held for sale. As a result, we recorded a gain on disposal of property, plant and equipment, net of \$5.0 million for the quarter ended September 26, 2025 and \$5.9 million for the nine months ended September 26, 2025 related to assets previously held for sale.

**FRESH DEL MONTE PRODUCE INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)****16. Accumulated Other Comprehensive Loss**

The following table includes the changes in accumulated other comprehensive loss by component (U.S. dollars in millions):

**17. Shareholders' Equity**

Our shareholders have authorized 50,000,000 preferred shares at \$0.01 par value, of which none were issued or outstanding at September 26, 2025, and 200,000,000 ordinary shares at \$0.01 par value, of which 47,774,777 were issued and outstanding at September 26, 2025.

On February 21, 2025, our Board of Directors approved a stock repurchase program ("the Stock Repurchase Program") of up to \$150 million of our ordinary shares. During the nine months ended September 26, 2025, we repurchased 455,364 shares for \$14.8 million under the Stock Repurchase Program. The Stock Repurchase Program has no expiration date and will continue until otherwise modified or terminated by the Company's Board of Directors at any time in its sole discretion.

The below is a summary of the dividends paid per share during the nine months ended September 26, 2025 and September 27, 2024. These dividends were declared and paid within the same fiscal quarter.

Nine months ended			
September 26, 2025		September 27, 2024	
Dividend Payment Date	Cash Dividend per Ordinary Share	Dividend Payment Date	Cash Dividend per Ordinary Share
September 5, 2025	\$ 0.30	September 6, 2024	\$ 0.25
June 6, 2025	\$ 0.30	June 7, 2024	\$ 0.25
March 28, 2025	\$ 0.30	March 29, 2024	\$ 0.25

We paid \$43.1 million in dividends during the nine months ended September 26, 2025 and \$35.9 million in dividends during the nine months ended September 27, 2024.

On October 28, 2025, our Board of Directors declared a quarterly cash dividend of thirty cents \$(0.30) per share, payable on December 5, 2025, to shareholders of record on November 12, 2025.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

**Overview**

We are one of the world's leading vertically integrated producers, marketers and distributors of high-quality fresh and fresh-cut fruit and vegetables, as well as a leading producer and marketer of prepared fruit and vegetables, juices, beverages and snacks in Europe, Africa and the Middle East. We market our products worldwide under the *Del Monte*® brand, a symbol of product innovation, quality, freshness and reliability since 1892. Our major sales markets are organized as follows: North America, Europe, the Middle East (which includes North Africa) and Asia. Our global sourcing and logistics system allows us to provide regular delivery of consistently high-quality produce and value-added services to our customers. Our major production operations are located in North, Central and South America, Asia and Africa.

Our business is comprised of three reportable segments, two of which represent our primary businesses of fresh and value-added products and banana, and one that represents our other ancillary businesses.

- *Fresh and value-added products* - includes pineapples, fresh-cut fruit, fresh-cut vegetables (which includes fresh-cut salads), melons, vegetables, non-tropical fruit (including grapes, apples, citrus, blueberries, strawberries, pears, peaches, plums, nectarines, cherries, and kiwis), other fruit and vegetables, avocados, and prepared foods (including prepared fruit and vegetables, juices, other beverages, and meals and snacks).
- *Banana*
- *Other products and services* - includes our third-party freight and logistic services business, our Jordanian poultry and meats business and our biomass initiatives.

Our vision is to inspire healthy lifestyles through wholesome and convenient products. Our strategy is founded on six goals:

### ***Planned Divestiture of Mann Packing***

Consistent with our strategy to sharpen our portfolio and enhance long-term productivity by concentrating on higher-return businesses, we decided to sell the Mann Packing business, a part of our fresh and value-added products reporting segment. On October 15, 2025, we entered into an Asset Purchase Agreement with CBRT Processing, LLC, a wholly-owned subsidiary of True Leaf Holdings, LLC (collectively, the "Buyer") to sell the Mann Packing business, including substantially all of the operational assets of Mann Packing, in exchange for \$19 million plus a variable amount based on inventory at closing of the transaction. The \$19 million purchase price is payable as follows: (i) \$5 million payable in sixty (60) monthly installments commencing on the closing date of the transaction, and (ii) \$14 million payable in a single installment on the fifth anniversary of the closing date of the transaction. Payment for inventory is payable no later than ninety (90) days after the closing date of the transaction, with the exception of payments for growing crop inventory which are payable no later than thirty (30) days following the end of the month in which the crop is harvested and delivered to the Buyer. The transaction is subject to customary closing conditions and is expected to close during the fourth quarter of 2025. Additionally, in conjunction with the Asset Purchase Agreement, we entered into a five-year lease agreement with the Buyer to lease our Gonzales, California production facility beginning on the closing date of the transaction. The lease agreement provides the Buyer the option to extend the initial lease-term for an additional five-year period, as well as an option to purchase the Gonzales facility which can be exercised annually as described in the lease agreement.

The assets to be sold as part of the Asset Purchase Agreement are classified as held for sale on our Consolidated Balance Sheets as of September 26, 2025. As a result, in the third quarter of 2025, we recorded a pre-tax loss of approximately \$15.7 million which is included in Asset impairments and other charges, net in our Consolidated Statements of Income. The estimated loss primarily represents asset write-downs, including a goodwill impairment of \$7.2 million, based on the excess of the disposal group's carrying value over its fair value less costs to sell. Additionally, we recorded \$2.2 million in impairment charges associated with Mann Packing assets not sold to the Buyer which will be abandoned as a result of the transaction.

### ***Current Macroeconomic Environment***

We continue to actively monitor macroeconomic trends and geopolitical pressures around the world including, among others, the conflicts in the Middle East and other regional or global military conflicts. As a result of these conflicts, shipping disruptions in the Red Sea and surrounding waterways have created logistical pressures that have negatively impacted our business, including impacts to the availability of certain shipping routes resulting in increased shipping times. While we have taken actions to divert our shipping routes in order to minimize impacts on our business, we may not be able to mitigate the impact of additional write-offs, higher shipping rates, or longer shipping routes on our operations if conditions in the regions surrounding the Red Sea deteriorate.

During the first nine months of 2025, the U.S. government has signaled or announced numerous changes to its trade policy, including changes to existing trade agreements and the use of tariffs to enforce trade policy. The tariffs impact various jurisdictions we sell into and from which we purchase or source, including Costa Rica, Guatemala and Ecuador where we source the majority of our products sold into the United States. These tariffs currently exempt imports that are compliant with the United States-Mexico-Canada ("USMCA") trading agreement, which includes a wide range of fresh fruit and vegetables. However, these trade policies are subject to change with limited or no advance notice to the Company. As a result, it is uncertain what, if any, impact tariffs or other trade policy may have on products we source or partially source from Mexico, which makes up approximately 10% of our North American net sales.

The recently announced tariffs have and will continue to significantly increase our cost of products sold. During the nine months ended September 26, 2025, we incurred additional costs related to tariff charges placed on products sold into the United States which we were able to mostly mitigate through increased selling prices to our North American customers implemented during the second quarter of 2025. If we are unable to successfully sustain our increased selling prices to our customers, institute new increases for incremental tariffs, or if increased selling prices significantly impact consumer demand, we expect the impact to our gross profit for the remainder of 2025 to be material. The actual impact of the announced tariffs on our business is subject to a number of factors including the duration of such tariffs, changes to the countries included in the scope of tariffs in the future, changes to amounts, potential retaliatory tariffs imposed by other countries, and other variables.

We continue to evaluate the evolving macroeconomic environment, including region-specific matters, to take action to mitigate the impact on our business and financial condition.

### **Income Taxes**

In connection with the examination of the tax returns in three foreign jurisdictions, the taxing authorities have issued income tax deficiencies related to transfer pricing aggregating approximately \$253.8 million (including interest and penalties) for tax years 2012 through 2021. We strongly disagree with the proposed adjustments and have filed a protest with each of the taxing authorities.

In one foreign jurisdiction, we are currently contesting tax assessments related to the 2012-2015 audit years and the 2016 audit year in both the administrative court and the judicial court. During 2019 and 2020, we filed actions contesting the tax assessment in the administrative office. Our initial challenge to each of these tax assessments was rejected, and we subsequently lost our appeals at the administrative court. We have subsequently filed actions to contest each of these tax assessments in the country's judicial courts. In addition, we have filed a request for injunction to the judicial court to stay the tax authorities' collection efforts for these two tax assessments, pending final judicial decisions. The court granted our injunction with respect to the 2016 audit year, however denied our injunction with respect to the 2012-2015 audit years. We timely appealed the denial of the injunction, and on August 10, 2022 the appellate court overturned the denial and granted our injunction for the 2012-2015 audit years with a trial date set for July 4, 2025. During June 2025, we were notified of the hearing being suspended until further notice due to a pending constitutional remedy affecting a rule included in the arguments. Pursuant to local law, we registered real estate collateral with an approximate fair market value of \$7.2 million in connection with the grant of the 2016 audit year injunction. This real estate collateral has a net book value of \$3.8 million as of the quarter ended September 26, 2025. In addition, in connection with the grant of the 2012-2015 audit year injunction, we registered real estate collateral with an approximate fair market value of \$30.2 million, and a net book value of \$4.6 million as of the quarter ended September 26, 2025. The registration of this real estate collateral does not affect our operations in the country.

In the second foreign jurisdiction, the administrative court denied our appeal, and on March 4, 2020 we filed an action in the judicial court to contest the administrative court's decision. The case is still pending.

In the third foreign jurisdiction, we received tax assessments related to the 2018-2021 audit years. We have filed objections contesting these assessments and have subsequently initiated appeals.

We will continue to vigorously contest the adjustments and intend to exhaust all administrative and judicial remedies necessary in both jurisdictions to resolve the matters, which could be a lengthy process.

We regularly assess the likelihood of adverse outcomes resulting from examinations such as these to determine the adequacy of our tax reserves. Accordingly, we have not accrued any additional amounts based upon the proposed adjustments. There can be no assurance that these matters will be resolved in our favor, and an adverse outcome of either matter, or any future tax examinations involving similar assertions, could have a material effect on our financial condition, results of operations and cash flows.

Additionally, the European Union (EU) Member States formally adopted the EU's Pillar Two Directive, which generally provides for a minimum effective tax rate of 15%, as established by the Organization for Economic Co-operation and Development (OECD) Pillar Two Framework. Pursuant to the implementation dates prescribed in the Directive, the rules became effective for the Company for the 2025 fiscal year. A significant number of other countries are expected to also implement similar legislation with varying effective dates in the future. To date, the Company has determined that there is an immaterial global minimum tax liability as a result of Pillar Two, as certain jurisdictions have satisfied the safe harbor test to mitigate any minimum tax under Pillar Two. The Company continues to monitor its jurisdictions for any changes and include any appropriate minimum tax throughout the fiscal year.

On July 4, 2025, the One Big Beautiful Bill Act ("OBBBA") was enacted in the U.S. The OBBBA includes significant provisions, such as the permanent extension of certain expiring provisions of the Tax Cuts and Jobs Act, modifications to the international tax framework and the restoration of favorable tax treatment for certain business provisions. The legislation has multiple effective dates, with certain provisions effective in 2025 and others implemented through 2027. We are currently assessing its impact on our consolidated financial statements.

## RESULTS OF OPERATIONS

### Consolidated Financial Results

The following summarizes the more significant factors impacting our operating results for the 13-week periods and 39-week periods ended September 26, 2025 (also referred to as the “third quarter of 2025” and “first nine months of 2025”, respectively) and September 27, 2024 (also referred to as the “third quarter of 2024” and “first nine months of 2024”).

	Quarter ended		Nine months ended	
	September 26, 2025	September 27, 2024	September 26, 2025	September 27, 2024
Net sales	\$ 1,021.9	\$ 1,019.5	\$ 3,302.8	\$ 3,267.0
Gross profit	80.8	93.8	293.1	289.2
Selling, general and administrative expenses	52.1	47.9	151.5	148.6
Operating (loss) income	(21.8)	53.9	91.4	166.0

**Net sales** - Net sales for the third quarter of 2025 were \$1,021.9 million, compared with \$1,019.5 million in the third quarter of 2024, and \$3,302.8 million for the first nine months of 2025 compared with \$3,267.0 million for the first nine months of 2024. The increase in both periods was primarily driven by higher net sales in our banana segment driven by higher per unit selling prices, including the impact of tariff-related price adjustments in North America and the favorable impact of fluctuations in exchange rates related to the Euro, British pound, and Japanese yen. For the first nine months of 2025, the increase was also driven by higher per unit selling prices in our fresh and value-added products segment. The increase was partially offset in both periods by lower sales volume of fresh-cut vegetables due to strategic operational reductions taken during the fourth quarter of 2024, including the sale of certain assets of Fresh Leaf Farms.

**Gross profit** - Gross profit for the third quarter of 2025 was \$80.8 million, compared with \$93.8 million in the third quarter of 2024. The decrease in gross profit was primarily driven by higher per unit production and procurement costs in our banana segment and higher distribution costs.

Gross profit was \$293.1 million for the first nine months of 2025 compared with \$289.2 million for the first nine months of 2024. The increase in gross profit was primarily driven by higher net sales, partially offset by higher per unit production and procurement costs and increased distribution costs.

Gross profit for the third quarter and first nine months of 2025 included \$0.6 million and \$0.5 million of other product-related credits primarily consisting of insurance recoveries related to damages incurred as a result of Hurricane Beryl during July 2024. Gross profit for the third quarter of 2024 included \$0.6 million of other product-related charges, net, primarily as a result of \$1.0 million of additional logistic and inventory write-offs incurred as a result of Hurricane Beryl, partially offset by \$0.6 million of insurance recoveries related to shipment disruptions in the Red Sea during the second quarter of 2024. For the first nine months of 2024, other product-related charges, net of \$0.8 million also included \$1.2 million of severance charges from the outsourcing of certain functions of our fresh and value-added operations and \$0.5 million of expenses related to shipment disruptions in the Red Sea, partially offset by insurance recoveries of \$1.7 million tied to the flooding of a seasonal production facility in Greece.

**Selling, general and administrative expenses** - Selling, general and administrative expenses for the third quarter of 2025 increased by \$4.2 million when compared with the third quarter of 2024, and increased by \$2.9 million in the first nine months of 2025 when compared with the first nine months of 2024. The increase in the both periods was primarily due to an increased allowance for bad debt in Europe and higher share-based compensation expense. For the first nine months of 2025, the increase was also due to an administrative charge incurred associated with the restructuring of certain loans.

**Gain on disposal of property, plant and equipment, net** - Gain on disposal of property, plant and equipment, net for the third quarter of 2025 of \$5.0 million primarily consisted of a \$2.9 million gain from the sale of a carrier vessel and a \$2.1 million gain on the sale of idle property in Chile. For the first nine months of 2025, gain on disposal of property, plant and equipment, net of \$5.9 million also included a \$0.9 million gain on the sale of idle land in Guatemala.

Gain on disposal of property, plant and equipment, net for the third quarter of 2024 of \$8.2 million primarily consisted of a \$7.7 million gain from the sale of a warehouse in Chile and a \$0.3 million gain from the sale of an idle packing facility in Costa Rica. For the first nine months of 2024, gain on disposal of property, plant, and equipment, net of \$26.6 million also included a \$14.7 million gain on the sale of two idle facilities in South America and a \$3.4 million gain from the sale of a warehouse in Europe.

**Asset impairment and other charges, net** - Asset impairment and other charges, net of \$55.5 million for the third quarter of 2025 primarily consisted of charges incurred as a result of our decision to abandon operations at certain banana farms in the Philippines and the write-down of assets as a result of our planned divestiture of Mann Packing. For the first nine months of 2025, asset impairment and other charges also included impairment charges related to a leased farm in Chile. Asset impairment and other charges, net of \$0.2 million in the third quarter of 2024 primarily consisted of property, plant and equipment damage due to heavy wind and rainstorms in Chile during the quarter. For the first nine months of 2024, asset impairment and other charges, net of \$1.2 million also included charges related to (i) a settlement agreement with respect to a litigation matter by a former employee, net of insurance reimbursements, (ii) a reserve related to a regulatory matter arising from our third-party logistics operations, and (iii) impairment charges of banana-related fixed assets in the Philippines, partially offset by an insurance reimbursement related to fire damages at a warehouse in South America.

**Operating (loss) income** - Operating (loss) income decreased by \$75.7 million in the third quarter of 2025 and decreased by \$74.6 million in the first nine months of 2025 when compared with the prior-year periods. The decrease in operating income was primarily driven by higher asset impairment and other charges, net taken during the third quarter of 2025 and a lower gain on disposal of property, plant and equipment, net in the current year period. Additionally, lower gross profit in the third quarter of 2025 also contributed to the decrease compared to the prior-year period.

**Interest expense** - Interest expense decreased by \$1.9 million in the third quarter of 2025 and decreased by \$5.6 million in the first nine months of 2025 when compared with the prior-year period primarily due to lower average debt balances.

**Other (income) expense, net** - Other (income) expense, net for the third quarter of 2025 was a loss of \$0.3 million compared with a gain of \$0.1 million in the third quarter of 2024. The change for the third quarter of 2025 was primarily due to lower equity earnings of unconsolidated companies within the food and nutrition sector when compared to the prior-year period. Other (income) expense, net for the first nine months of 2025 was a gain of \$3.1 million compared with a loss of \$5.2 million for the first nine months of 2024. For the first nine months of 2025, the change was primarily due to higher equity earnings of unconsolidated companies within the food and nutrition sector and lower foreign currency losses as compared to the prior-year period.

**Income tax provision** - Income tax provision decreased to \$4.2 million for the third quarter of 2025 compared with \$7.9 million for the third quarter of 2024 and decreased to \$25.2 million for the first nine months of 2025 compared with \$25.6 million for the first nine months of 2024. The decrease in both periods is primarily due to decreased earnings in certain higher tax jurisdictions.

### Financial Results by Segment

The following table presents net sales and gross profit by segment (U.S. dollars in millions), and in each case, the percentage of the total represented thereby and gross margin percentage:

Segment	Quarter ended									
	September 26, 2025					September 27, 2024				
	Net Sales	Gross Profit	Gross Margin	Net Sales	Gross Profit	Gross Margin				
Fresh and value-added products	\$ 610.5	60 %	\$ 68.3	84 %	11.2 %	\$ 623.7	61 %	\$ 63.3	67 %	10.1 %
Banana	358.0	35 %	4.6	6 %	1.3 %	345.3	34 %	21.3	23 %	6.2 %
Other products and services	53.4	5 %	7.9	10 %	14.8 %	50.5	5 %	9.2	10 %	18.2 %
Total	\$ 1,021.9	100 %	\$ 80.8	100 %	7.9 %	\$ 1,019.5	100 %	\$ 93.8	100 %	9.2 %
Nine months ended										
	September 26, 2025					September 27, 2024				
	Net Sales	Gross Profit	Gross Margin	Net Sales	Gross Profit	Gross Margin				
	\$ 2,016.2	61 %	\$ 222.4	76 %	11.0 %	\$ 1,994.6	61 %	\$ 197.2	68 %	9.9 %
Banana	1,131.7	34 %	51.4	18 %	4.5 %	1,119.1	34 %	72.8	25 %	6.5 %
Other products and services	154.9	5 %	19.3	6 %	12.5 %	153.3	5 %	19.2	7 %	12.5 %
Totals	\$ 3,302.8	100 %	\$ 293.1	100 %	8.9 %	\$ 3,267.0	100 %	\$ 289.2	100 %	8.9 %

*Third Quarter of 2025 Compared with Third Quarter of 2024*

#### Fresh and value-added products

**Net sales** for the third quarter of 2025 were \$610.5 million, compared with \$623.7 million in the prior-year period. The decrease in net sales was primarily a result of lower per unit selling prices of avocados due to higher industry supply and lower net sales of fresh-cut vegetables due to strategic operational reductions during the fourth quarter of 2024, including the sale of certain assets of Fresh Leaf Farms. These decreases were partially offset by higher sales volume and per-unit selling prices of fresh-cut fruit, increased per-unit selling prices of pineapple, and tariff-related price adjustments in North America.

**Gross profit** for the third quarter of 2025 was \$68.3 million, compared with \$63.3 million in the prior-year period. The increase in gross profit was primarily driven by higher per unit selling prices of pineapple and fresh-cut fruit, partially offset by lower overall net sales.

Gross profit for the third quarter of 2025 included \$0.2 million of other product-related credits as a result of insurance recoveries related to damages incurred during Hurricane Beryl in July 2024. Gross profit for the third quarter of 2024 included \$0.2 million of other product-related charges, primarily as a result of \$0.6 million of additional logistic and inventory write-offs incurred as a result of Hurricane Beryl, partially offset by \$0.6 million of insurance recoveries related to shipment disruptions in the Red Sea during the second quarter of 2024. Gross margin increased to 11.2% from 10.1% in the prior-year period.

## Banana

**Net sales** for the third quarter of 2025 were \$358.0 million, compared with \$345.3 million in the prior-year period. The increase in net sales was primarily a result of higher per unit selling prices across all of the Company's regions, including the favorable impact of fluctuations in exchange rates, primarily related to the Euro, and tariff-related price adjustments in North America. Additionally, sales volume increased in the Middle East, reflecting a recovery from the prior-year shipment disruptions caused by the Red Sea conflict. The increase in net sales was partially offset by lower sales volume in Asia and North America due to weak market demand.

**Gross profit** for the third quarter of 2025 was \$4.6 million, compared with \$21.3 million in the prior-year period. The decrease in gross profit was primarily driven by higher per unit production and procurement costs due to adverse weather conditions in our growing regions during the first half of 2025, higher distribution costs, and an allowance recorded on a receivable from an independent grower in Asia due to low production. The decrease was partially offset by higher net sales.

Gross profit for the third quarter of 2025 included \$0.4 million of other product-related credits as a result of insurance recoveries related to damages incurred during Hurricane Beryl in July 2024. Gross profit for the third quarter of 2024 included \$0.4 million of other product-related charges as a result of additional logistic and inventory write-offs incurred as a result of Hurricane Beryl. Gross margin decreased to 1.3% from 6.2% in the prior-year period.

## Other products and services

**Net sales** for the third quarter of 2025 were \$53.4 million, compared with \$50.5 million in the prior-year period. The increase in net sales was a result of higher net sales of our third-party freight services, partially offset by lower per unit selling prices in our poultry and meats business.

**Gross profit** was \$7.9 million for the third quarter of 2025, compared with \$9.2 million in the prior-year period. The decrease in gross profit was primarily a result of lower net sales and higher production costs in our poultry and meats business. Gross margin decreased to 14.8% from 18.2% in the prior-year period.

## First Nine Months of 2025 Compared with First Nine Months of 2024

### Fresh and value-added products

**Net sales** for the first nine months of 2025 were \$2,016.2 million compared with \$1,994.6 million in the prior-year period. The increase in net sales was primarily a result of higher sales volume and per unit selling prices of fresh-cut fruit, higher per unit selling prices of pineapple due to strong market demand and tariff-related price adjustments in North America. These increases were partially offset by lower net sales of fresh-cut vegetables and vegetables due to strategic operational reductions during the fourth quarter of 2024, including the sale of certain assets of Fresh Leaf Farms.

**Gross profit** for the first nine months of 2025 was \$222.4 million, compared with \$197.2 million in the prior-year period. The increase in gross profit was primarily driven by higher net sales, partially offset by higher per unit production and procurement costs and higher distribution costs.

Gross profit for the first nine months of 2025 included \$0.2 million of other product-related credits as a result of insurance recoveries related to damages incurred during Hurricane Beryl in July 2024. Gross profit for the first nine months of 2024 included \$0.4 million of other product-related charges comprised primarily of \$1.2 million of severance charges from the outsourcing of certain functions of our fresh and value-added operations and \$0.6 million of additional logistic expenses and inventory write-offs incurred as a result of Hurricane Beryl, partially offset by \$1.6 million of insurance recoveries, net of expenses, associated with damages tied to the flooding of a seasonal production facility in Greece during 2023. Gross margin increased to 11.0% compared with 9.9% in the prior-year period.

## Banana

**Net sales** for the first nine months of 2025 were \$1,131.7 million, compared with \$1,119.1 million in the prior-year period. The increase in net sales was primarily a result of tariff-related price adjustments in North America, higher sales volume in the Middle East due to the prior-year period being impacted by shipment disruptions as a result of the Red Sea conflict and higher per unit selling prices in Europe due to increased demand. The increase was partially offset by lower sales volume in North America, primarily due to lower industry supply and adverse weather in production areas during the first half of the year, and lower sales volume in Asia due to reduced supply and lower per unit selling prices in the first half of the year driven by an excess of local seasonal fruits in the market which resulted in reduced demand.

**Gross profit** for the first nine months of 2025 was \$51.4 million, compared with \$72.8 million in the prior-year period. The decrease in gross profit was primarily a result of higher per unit production and procurement costs due to adverse weather conditions in our growing regions and higher distribution costs. The decrease was partially offset by higher net sales.

Gross profit for the first nine months of 2025 included \$0.4 million of other product-related credits, as a result of insurance recoveries related to damages incurred during Hurricane Beryl in July 2024. Gross profit for the first nine months of 2024 included \$0.4 million of other product-related charges, primarily as a result of additional logistic expenses and inventory write-offs associated with Hurricane Beryl. Gross margin decreased to 4.5% compared with 6.5% in the prior-year period.

## Other products and services

**Net sales** for the first nine months of 2025 were \$154.9 million, compared with \$153.3 million in the prior-year period. The increase in net sales was a result of higher net sales in our third-party freight services, partially offset by lower per unit selling prices in our poultry and meats business.

**Gross profit** for the first nine months of 2025 was \$19.3 million compared with \$19.2 million in the prior-year period. The slight increase in gross profit was primarily a result of higher net sales, partially offset by an increase in per unit production costs related to our poultry and meats business. Gross margin of 12.5% was in line with 12.5% in the prior-year period.

## Liquidity and Capital Resources

Fresh Del Monte Produce Inc. is a holding company whose only significant asset is the outstanding capital stock of our subsidiaries that directly or indirectly own all of our assets. We conduct all of our business operations through our subsidiaries. Accordingly, as of September 26, 2025, our principal sources of liquidity were (i) cash generated from operations of our subsidiaries, (ii) our combined \$796 million of credit facilities, including \$750 million associated with our amended senior unsecured revolving credit facility, with an available capacity of approximately \$606 million and (iii) existing cash and cash equivalents of \$97.2 million. The loan commitments under our credit facilities can be used for working capital or other general corporate purposes. On a long-term basis, we will continue to rely on our credit facilities for any long-term funding not provided by cash generated from operations of our subsidiaries.

Our principal uses of liquidity are paying the costs associated with our operations, paying dividends, and making capital expenditures to increase our productivity and expand our product offerings and geographic reach. We may also, from time to time, prepay outstanding indebtedness on our credit facility, repurchase and retire ordinary shares of our common stock, or make investments in businesses that we believe are complementary to our operations and long-term strategy.

On February 21, 2025, our Board of Directors approved a stock repurchase program ("Stock Repurchase Program") of up to \$150 million of our ordinary shares. During the first nine months of 2025, we repurchased 455,364 shares for \$14.8 million under the Stock Repurchase Program, of which 201,514 shares for \$7.2 million were purchased during the third quarter of 2025. The Stock Repurchase Program has no expiration date and will continue until otherwise modified or terminated by the Company's Board of Directors at any time in its sole discretion.

## [Table of Contents](#)

A summary of our cash flows is as follows (U.S. dollars in millions):

	<b>Nine months ended</b>	
	<b>September 26, 2025</b>	<b>September 27, 2024</b>
<b>Summary cash flow information:</b>		
Net cash provided by operating activities	\$ 234.2	\$ 187.2
Net cash (used in) provided by investing activities	(34.4)	1.0
Net cash used in financing activities	(135.3)	(172.1)
Effect of exchange rate changes on cash	0.1	0.9
Net increase in cash and cash equivalents	64.6	17.0
Cash and cash equivalents, beginning	32.6	33.8
Cash and cash equivalents, ending	\$ 97.2	\$ 50.8

### **Operating Activities**

Net cash provided by operating activities was \$234.2 million for the nine months ended September 26, 2025 compared with \$187.2 million for the nine months ended September 27, 2024, an increase of \$47.0 million. The increase was primarily attributable to working capital fluctuations, mainly due to lower levels of accounts receivables driven by the timing of collections and lower levels of finished goods inventory compared to the prior-year period. Partially offsetting these factors was a larger increase in accounts payable and accrued expenses in the prior-year period, mainly relating to the timing of period-end payments.

At September 26, 2025, we had working capital of \$609.4 million, compared with \$599.8 million at December 27, 2024, an increase of \$9.6 million. The increase in working capital was primarily due to higher levels of cash and cash equivalents. Partially offsetting the increase in working capital were lower levels of inventory due to seasonality and higher levels of accounts payable and accrued expenses due to timing of payments near period end.

### **Investing Activities**

Net cash used in investing activities for the nine months ended September 26, 2025 was \$34.4 million, compared with net cash provided by investing activities of \$1.0 million for the nine months ended September 27, 2024. Net cash used in investing activities for the nine months ended September 26, 2025 primarily consisted of capital expenditures of \$35.7 million which mainly included expenditures related to (i) improvements to our banana and pineapple operations in Central America and (ii) investments in our operations and production facilities in North America benefiting both our fresh and value-added products and banana segments, and (iii) improvements to our pineapple operations in Kenya. Net cash used in investing activities for the nine months ended September 26, 2025 also included \$11.7 million in investments in unconsolidated companies in the food and nutrition sector that align with our long-term strategy and vision. Partially offsetting the net cash used in investing activities for the nine months ended September 26, 2025 were proceeds from the sale of property, plant and equipment of \$11.8 million which primarily relate to the sale of a carrier vessel, two idle properties in Chile, and idle land in Guatemala.

Net cash provided by investing activities for the nine months ended September 27, 2024 primarily consisted of proceeds from the sale of property, plant and equipment of \$35.6 million which mainly related to the sale of three facilities in South America, insurance recoveries received for damage to property, plant and equipment of \$5.7 million primarily relating to the flooding of a seasonal production facility in Greece during 2023, and installment payments received from the sale of our plastics business subsidiary in South America during the prior year.

### **Financing Activities**

Net cash used in financing activities for the nine months ended September 26, 2025 was \$135.3 million, compared with \$172.1 million for the nine months ended September 27, 2024. Net cash used in financing activities for the nine months ended September 26, 2025 primarily consisted of net repayments on debt of \$71.1 million, dividends paid of \$43.1 million and the repurchase and retirement of ordinary shares of \$14.8 million as part of our stock repurchase program announced in February 2025.

Net cash used in financing activities for the first nine months of 2024 primarily consisted of net repayments on debt of \$130.4 million and dividends paid of \$35.9 million.

#### **Debt Instruments and Debt Service Requirements**

On February 21, 2024, we entered into Amendment No. 2 to the Second Amended and Restated Credit Agreement (the "2024 Amended Credit Facility") with Bank of America, N.A. as administrative agent and BofA Securities, Inc. as sole lead arranger and sole bookrunner and certain other lenders. The 2024 Amended Credit Facility provides for a five-year, \$0.75 billion syndicated senior unsecured revolving credit facility maturing on February 21, 2029. Amounts borrowed under the revolving credit facility accrue interest at a rate equal to the Term SOFR rate plus a margin that ranges from 1.0% to 1.625% based on our Consolidated Leverage Ratio (as defined in the 2024 Amended Credit Facility). The 2024 Amended Credit Facility also permits, under certain conditions, \$200 million of Permitted Receivables Financing (as defined in the 2024 Amended Credit Facility). In addition, we pay a fee on unused commitments at a rate equal to 0.150% to 0.250% based on our Consolidated Leverage Ratio. We intend to use funds borrowed under the Amended Revolving Credit Facility from time to time for general corporate purposes, working capital, capital expenditures and other permitted investment opportunities.

The 2024 Amended Credit Facility provides for an accordion feature that permits us, without the consent of the other lenders, to request that one or more lenders provide us with increases in revolving credit facility or term loans up to an aggregate of \$300 million ("Incremental Increases"). The aggregate amount of Incremental Increases can be further increased to the extent that after giving effect to the proposed increase in revolving credit facility commitments or term loans our Consolidated Leverage Ratio, on a pro forma basis, would not exceed 2.75 to 1.00. Our ability to request such increases or term loans is subject to our compliance with customary conditions set forth in the 2024 Amended Credit Facility including compliance, on a pro forma basis, with certain financial covenants and ratios. Upon our request, each lender may decide, in its sole discretion, whether to increase all or a portion of its revolving credit facility commitment or provide term loans.

The 2024 Amended Credit Facility contains similar financial covenants to those included within the Second A&R Credit Agreement. Specifically, it requires us to maintain 1) a Consolidated Leverage Ratio of not more than 3.75 to 1.00 at any time during any period of four consecutive fiscal quarters, subject to certain exceptions and 2) minimum Consolidated Interest Coverage Ratio of not less than 2.25 to 1.00 as of the end of any fiscal quarter. Additionally, it requires us to comply with certain other covenants, including limitations on capital investments, the amount of dividends that can be paid in the future, the amounts and types of liens and indebtedness, material asset sales, and mergers. Under the 2024 Amended Credit Facility, we are permitted to declare or pay cash dividends in any fiscal year up to an amount that does not exceed the greater of (i) an amount equal to (1) the greater of (A) 50% of the Consolidated Net Income (as defined in the 2024 Amended Credit Facility) for the immediately preceding fiscal year or (B) \$25 million (the "Base Dividend Basket") plus (2) commencing in the fiscal year ending December 26, 2025 any portion of the Base Dividend Basket not used in the immediately preceding fiscal year, or (ii) the greatest amount which would not cause the Consolidated Leverage Ratio (determined on a pro forma basis as of the date of declaration or payment) to exceed 3.50 to 1.00. It also provides an allowance for stock repurchases to be an amount not exceeding the greater of (i) (A) \$50,000,000 (the "Base Redemption Basket") plus (B) commencing in the fiscal year ending December 26, 2025, any portion of the Base Redemption Basket not used in the immediately preceding fiscal year or (ii) the greatest amount which would not cause the Consolidated Leverage Ratio (determined on a pro forma basis as of the date of such repurchase) to exceed 3.50 to 1.00. As of September 26, 2025, we were in compliance with all the covenants contained in the 2024 Amended Credit Facility.

In addition to the indebtedness under our 2024 Amended Credit Facility, our material cash requirements include contractual obligations from other working capital facilities and lease obligations. Refer to Note 8. *"Debt and Finance Lease Obligations"* of the accompanying unaudited consolidated financial statements for more information regarding these material cash requirements.

As of September 26, 2025, we had \$606.1 million unused borrowing capacity, net of letters of credit and guarantees, primarily under the 2024 Amended Credit Facility.

We believe that our cash on hand, borrowing capacity available under our 2024 Amended Credit Facility, and cash flows from operations for the next twelve months will be sufficient to meet our cash requirements and service our outstanding debt during the next twelve months. However, we cannot predict whether future developments associated with the current economic environment will materially adversely affect our long-term liquidity position. Our liquidity assumptions, the adequacy of our available funding sources, and our ability to meet our 2024 Amended Credit Facility covenants are dependent on many additional factors, including those set forth in *"Item 1A. Risk Factors"* of our Form 10-K for the year ended December 27, 2024.

### **Stock Repurchase Program**

On February 21, 2025, our Board of Directors approved a stock repurchase program ("Stock Repurchase Program") of up to \$150 million of our ordinary shares. During the nine months ended September 26, 2025, we repurchased approximately 455,000 shares for \$14.8 million under the Stock Repurchase Program. The Stock Repurchase Program has no expiration date and will continue until otherwise modified or terminated by the Company's Board of Directors at any time in its sole discretion.

### **Contractual Obligations**

As of September 26, 2025, there were no material changes in our commitments or contractual obligations as compared to those disclosed in our Annual Report on Form 10-K for the year ended December 27, 2024.

### **Critical Accounting Policies and Estimates**

A discussion of our critical accounting policies and estimates can be found in "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" included in our Form 10-K for the fiscal year ended December 27, 2024. There were no material changes to these critical accounting policies or estimates during the third quarter of 2025.

### **Fair Value Measurements**

Our results of operations and financial condition are exposed to fluctuations in currency exchange rates against the U.S. dollar, and we mitigate that exposure by entering into foreign currency forward contracts. Certain of our subsidiaries periodically enter into foreign currency forward contracts in order to hedge portions of forecasted sales or cost of sales denominated in foreign currencies which generally expire within one year. The fair value of our foreign currency cash flow hedges was a net liability position of \$1.6 million as of September 26, 2025 compared to a net asset position of \$0.3 million as of December 27, 2024 due to the relative weakening of exchange rates when compared to contracted rates and additional foreign currency cash flow hedges entered into during the nine months ended September 26, 2025.

We are exposed to fluctuations in variable interest rates on our results of operations and financial condition, and we mitigate that exposure by entering into interest rate swaps from time to time. During 2018, we entered into interest rate swaps in order to hedge the risk of the fluctuation on future interest payments related to a portion of our variable rate borrowings through 2028. On July 19, 2024, we agreed to terminate our outstanding interest rate swap agreement in exchange for \$7.3 million, net of fees of \$0.2 million. Based on our assessment that the originally hedged cash flows associated with our variable rate borrowings remain probable, the proceeds received as a result of the termination of our outstanding interest rate swap agreement will remain in accumulated other comprehensive loss and be reclassified to earnings through interest expense over the remaining life of the hedged debt. At September 26, 2025, \$3.2 million remained in accumulated other comprehensive loss related to the terminated interest rate swap, of which \$1.4 million is expected to be reclassified to earnings through interest expense over the next twelve months.

We enter into derivative instruments with counterparties that are highly rated and do not expect a deterioration of our counterparty's credit ratings; however, the deterioration of our counterparty's credit ratings would affect the Consolidated Financial Statements in the recognition of the fair value of the hedges that would be transferred to earnings as the contracts settle. We expect that \$0.2 million of the net fair value of our cash flow hedges recognized as a net loss in accumulated other comprehensive loss, inclusive of amounts associated with our interest rate swap terminated during the quarter ended June 28, 2024, will be transferred to earnings during the next 12 months, and the remaining net gain of \$1.8 million over the following 3 years, along with the earnings effect of the related forecasted transactions

The fair value of the banana reporting unit's goodwill and the prepared food reporting unit's goodwill and remaining trade names and trademarks are sensitive to differences between estimated and actual cash flows and changes in the related discount rate used to evaluate the fair value of these assets. We disclosed the sensitivity related to the banana reporting unit's goodwill and the prepared food reporting unit's goodwill and trade names and trademarks in our Annual Report on Form 10-K for the year ended December 27, 2024. During the quarter ended September 26, 2025, we did not record impairment charges associated with these reporting units or trade names and trademarks, however we continue to monitor their performance.

Potential impairment exists if the fair value of a reporting unit to which goodwill has been allocated is less than the carrying value of the reporting unit. Future changes in the estimates used to conduct our impairment review, including our financial projections and changes in the discount rates used, could cause the analysis to indicate that our goodwill or trade names and trademarks are impaired in subsequent periods and result in a write-off of a portion or all of goodwill or trade names and trademarks. In addition, certain definite-lived assets in the Philippines related to our banana segment are sensitive to changes in estimated cash flows. During the quarter ended September 26, 2025, as a result of our decision to abandon two operations in the Philippines where these assets were located, we recorded impairment charges of \$35.7 million.

In recent months, the U.S. government has signaled and implemented changes to its trade policy, including the imposition of tariffs on certain countries with which the U.S. trades. These changes have resulted in volatility in the United States equity and bond markets. We cannot predict whether future developments associated with the announced tariffs, including the resulting volatility and reciprocal or retaliatory tariffs, will result in changes to our projected cash flows or discount rates used that lead to impairment of our goodwill or prepared foods trade names and trademarks.

#### ***New Accounting Pronouncements***

Refer to Note 2. “*Recently Issued Accounting Pronouncements*” of the accompanying unaudited consolidated financial statements for a discussion of recent accounting pronouncements.

#### **Seasonality**

Interim results are subject to significant variations and may not be indicative of the results of operations that may be expected for an entire fiscal year. Due to seasonal sales price fluctuations, we have historically realized a greater portion of our net sales and gross profit during the first two quarters of the year. The sales price of any fresh produce item fluctuates throughout the year due to the supply of and demand for that particular item, as well as the pricing and availability of other fresh produce items, many of which are seasonal in nature. Information about the seasonality of our results is included under the caption “Seasonality” provided in Item 1. Business, of our Annual Report on Form 10-K for the year ended December 27, 2024.

### ***Forward-Looking Statements***

This quarterly report contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements concern expectations, beliefs, projections, plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. Specifically, this quarterly report contains forward-looking statements regarding:

- our expectations regarding future financial and operational performance;
- our expectations regarding the impact of tariffs and other governmental trade restrictions on our business;
- our expectations regarding our planned divestiture of substantially all operating assets of our Mann Packing business;
- our intentions regarding the use of borrowed funds;
- our expectations regarding share repurchases;
- our expectations regarding the impact of storms on our business and our ability to recover insurance proceeds, if any;
- our expectations regarding the impact on our business operations of any geopolitical conflicts, including shipping disruptions as a result of the Red Sea conflict;
- our expectations regarding continued inflationary pressures, our ability to mitigate such pressures through pricing, and the impacts to our operating results;
- our expectations regarding market conditions, volatility and seasonality, and their impact on our operating results;
- our beliefs related to the sufficiency of our capital resources, including that our cash on hand, capacity under our 2024 Amended Credit Facility and cash flows from operations for the next twelve months will be sufficient to service our outstanding debt during the next twelve months;
- our expectations regarding our derivative instruments, including our counterparties’ credit ratings and the anticipated impacts on our financials;
- our expectations and estimates regarding certain legal, tax and accounting matters, including our litigation strategy, plans and beliefs regarding the ultimate outcome of income tax adjustments assessed by foreign taxing authorities;
- our expectations regarding the potential impact of pending legislation and any impact that may have on our financial condition, results of operations and cash flows;
- our expectations concerning the fair value of hedges, including the timing and impact to our results;
- our expectations regarding estimated liabilities related to environmental cleanup; and
- our plans and future performance.

These forward-looking statements reflect our current views about future events and are subject to risks, uncertainties and assumptions. We wish to caution readers that certain important factors may have affected and could in the future affect our actual results and could cause actual results to differ significantly from those expressed in any forward-looking statement. These various factors include, but are not limited to, the following:

- the impact of inflationary pressures on raw materials and other costs, as well as the impact on increased costs for many of our products;
- the impact of tariffs and other governmental trade restrictions;
- our exposure to political, economic and other risks from operating a multinational business, which could have a material adverse effect on our results and financial condition;
- the impact of increased costs for many of our products, including bananas, pineapples, avocados and other fresh produce;
- the risk that we may not be able to consummate the Mann Packing transaction;
- the ability and willingness of each party to fulfill their respective closing conditions with respect to the Mann Packing transaction;
- the impact of pricing and other actions by competitors, particularly during periods of low consumer confidence and spending levels;
- the timing and cost of resolution of pending and future legal and environmental proceedings or investigation;
- the impact of severe weather conditions and natural disasters, such as flooding, hurricanes, earthquakes, on crop quality and yields and on our ability to grow, procure or export our products;
- the adequacy of our insurance coverage;
- the cost and other implications of changes in regulations applicable to our business, including potential legislative or regulatory initiatives in the United States or elsewhere directed at mitigating the effects of climate change;
- our ability to successfully compete in the markets in which we do business;
- the impact on our business of the consolidation of retailers, wholesalers and distributors in the food industry;

- the impact of foreign currency fluctuations and currency exchange risks because of our international business;
- the impact on our sales and profits if we lose one or more of our largest customers or such customers reduce their purchases from us;
- the availability of sufficient labor during peak growing and harvesting seasons;
- the continued ability of our distributors and suppliers to have access to sufficient liquidity to fund their operations;
- the impact of governmental trade restrictions, including adverse governmental regulation that may impact our ability to access certain markets;
- our ability to meet our anticipated cash needs in light of our liquidity;
- trends and other factors affecting our financial condition or results of operations from period to period, including changes in product mix, consumer preferences or consumer demand for branded products such as ours; anticipated price and expense levels;
- the impact of crop disease as well as our ability to improve our existing quarantine policies and other prevention strategies, as well as find contingency plans, to protect our and our suppliers' banana crops from vascular diseases such as vascular diseases, one of which is known as Tropical Race 4, or TR4 (also known as Panama Disease);
- our ability to improve our existing quarantine policies and other prevention strategies, as well as find contingency plans, to protect our and our suppliers' banana crops from vascular diseases;
- global or local disruptions or issues that impact our production facilities or complex logistics network;
- our inability to realize expected benefits on plans for expansion of our business (including through acquisitions);
- our ability to successfully integrate acquisitions and new product lines into our operations;
- the impact of impairment or other charges associated with exit activities, crop or facility damage or otherwise;
- the impact of changes in tax accounting or tax laws (or interpretations thereof), the impact of claims or adjustments proposed by the Internal Revenue Service or other taxing authorities, including the EU, in connection with our tax audits and our ability to successfully contest such tax claims and pursue necessary remedies;
- the success of our joint ventures;
- damage to our reputation or brand names or negative publicity about our products
- our ability to successfully manage the risks associated with international operations, including risks relating to inflation, tax laws, currency restrictions and exchange rate fluctuations, legal or judicial systems, and political or economic conditions;
- the impact of disruptions or breaches of our technology or information system security measures, or of third parties we rely upon;
- our ability to continue to comply with covenants and the terms of our credit instruments and our ability to obtain additional financing to fund our capital expenditures; and
- exposure to product liability claims and associated regulatory and legal actions, product recalls, or other legal proceedings relating to our business.

All forward-looking statements in this report are based on information available to us on the date hereof, and we assume no obligation to update any such forward-looking statements. Our plans and performance may also be affected by the factors described in our most recent Annual Report on Form 10-K along with other reports that we file with the Securities and Exchange Commission.

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

There have been no material changes in market risk from the information provided in *Item 7A. Quantitative and Qualitative Disclosures About Market Risk* of our Annual Report on Form 10-K for the year ended December 27, 2024.

**Item 4. Controls and Procedures**

We carried out an evaluation, under the supervision and with the participation of management, including the Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of September 26, 2025. Based upon this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of such date to ensure that information required to be disclosed in the reports we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms. Such officers also confirm that there were no changes to our internal control over financial reporting during the quarter ended September 26, 2025 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II. OTHER INFORMATION

### **Item 1. Legal Proceedings**

#### **Tax related matters**

In one foreign jurisdiction, we are currently contesting tax assessments related to the 2012-2015 audit years and the 2016 audit year in both the administrative court and the judicial court. During 2019 and 2020, we filed actions contesting the tax assessment in the administrative office. Our initial challenge to each of these tax assessments was rejected, and we subsequently lost our appeals at the administrative court. We have subsequently filed actions to contest each of these tax assessments in the country's judicial courts. In addition, we have filed a request for injunction to the judicial court to stay the tax authorities' collection efforts for these two tax assessments, pending final judicial decisions. The court granted our injunction with respect to the 2016 audit year, however denied our injunction with respect to the 2012-2015 audit years. We timely appealed the denial of the injunction, and on August 10, 2022 the appellate court overturned the denial and granted our injunction for the 2012-2015 audit years with a trial date set for July 4, 2025. During June 2025, we were notified of the hearing being suspended until further notice due to a pending constitutional remedy affecting a rule included in the arguments. Pursuant to local law, we registered real estate collateral with an approximate fair market value of \$7.2 million in connection with the grant of the 2016 audit year injunction. This real estate collateral has a net book value of \$3.8 million as of the quarter ended September 26, 2025. In addition, in connection with the grant of the 2012-2015 audit year injunction, we registered real estate collateral with an approximate fair market value of \$30.2 million, and a net book value of \$4.6 million as of the quarter ended September 26, 2025. The registration of this real estate collateral does not affect our operations in the country.

In a separate foreign jurisdiction where we are contesting tax assessments, the administrative court denied our appeal, and on March 4, 2020 we filed an action in the judicial court to contest the administrative court's decision. The case is still pending.

We will continue to vigorously contest the adjustments and intend to exhaust all administrative and judicial remedies necessary in both jurisdictions to resolve the matters, which could be a lengthy process.

#### **Item 1A. Risk Factors**

*"Item 1A. Risk Factors"* of our Form 10-K for the year ended December 27, 2024 includes a discussion of our risk factors. The information presented below updates, and should be read in conjunction with, the risk factors and information disclosed in our Form 10-K.

#### ***Adverse perception, events or rumors relating to our Del Monte® brand could have a material adverse effect on our business.***

We depend on the Del Monte® brand and other proprietary brands in marketing our products. Any events or rumors that cause consumers and/or institutions to no longer associate these brands with high-quality and safe food products may materially adversely affect the value of our brand names and demand for our products. Allegations involving the safety or security of our products, facilities, employees, or other members of the public, even if untrue, that we are not respecting the human rights found in our Human Rights Policy, which adheres to the United Nations Universal Declaration of Human Rights; actual or perceived failure by our suppliers or other business partners to comply with applicable labor and workplace rights laws, including child labor laws and equal pay laws, or their actual or perceived abuse or misuse of migrant workers or the like could negatively affect our Company's overall reputation and brand image, which in turn could have a negative impact on our products' acceptance by consumers or customers. For example, allegations regarding human rights violations have been made regarding our Kenya subsidiary. Any media coverage resulting therefrom, could create a negative public perception of our business, which in turn could have a negative impact on our products' acceptance by consumers or customers.

Furthermore, our Licensor has recently faced financial difficulties, and, together with 17 of its affiliates, filed for chapter 11 bankruptcy in July 2025, where the Licensor is currently pursuing a sale of substantially all of its assets, including its trademarks. At the time of the filing of such bankruptcy, there was market confusion as to our relationship with the bankrupt entity and whether our company was likewise in bankruptcy. Although the Licensor is a separate private entity and not affiliated with us, the use of the Del Monte® trademark licensed to us and the use of a similar entity name by the Licensor may tarnish our brand and reputation. Adverse information about our brand, whether or not true, may be instantly and easily posted on social media platforms at any time, especially given the rise of influencer marketing in the food industry. Negative publicity of this kind may potentially perpetuate marketplace confusion and adversely affect our relationship with customers and suppliers. The harm may be immediate without affording us an opportunity for redress or correction. We also share the Del Monte® brand with unaffiliated companies that manufacture, distribute and sell canned or processed fruits and vegetables, dried fruit, snacks, nuts and other products. Acts or omissions by these companies, including an instance of food-borne contamination

or disease, may adversely affect the value of the Del Monte® brand. As a result, our reputation and the value of the Del Monte® brand may be adversely affected by negative consumer perception which could adversely affect our sales.

***We rely on protection of our intellectual property and proprietary rights.***

Our success also depends on our ability to protect our intellectual property rights. We rely primarily on patent, copyright, trademark and trade secret laws to protect our proprietary technologies. We protect our technology by, among other things, filing patent applications to protect innovations relating to our business in the U.S., the EU and selected foreign jurisdictions. Our trademarks and brand names are registered in jurisdictions throughout the world. Our right to use the Del Monte trademarks originates through an exclusive, perpetual, royalty-free license that provides us the right to use the Del Monte trademark with respect to fresh fruit, vegetable and produce products worldwide, including in the United States and other food and beverage products in specified countries outside the United States. While we intend to use our best efforts to keep these filings current and seek protection for new trademarks to the extent consistent with business needs, our rights could be subject to actions outside of our control.

For example, Del Monte Foods Corporation II Inc., the owner of the Del Monte trademarks, together with 17 of its affiliates, recently filed for chapter 11 bankruptcy, where it is currently pursuing a sale of substantially all of its assets, including its trademarks. While we believe that our right to use the Del Monte® trademark under our licenses is and will be legally enforceable against any purchaser of the debtors' assets, the enforceability of trademark licenses under bankruptcy law has been subject to challenge in certain circumstances. In addition, a new owner of the trademark could be a third-party whose interests conflict with ours, or who is not able or willing to take the necessary steps to maintain and protect the Del Monte trademarks worldwide, which could adversely affect the costs and risks associated with sharing the Del Monte® trademark. We also rely on trade secrets and proprietary know-how and confidentiality agreements to protect our technologies and processes. If our license to use the Del Monte brand or our other intellectual property rights are not protected, it will be easier for our competitors to offer similar products, which could materially and adversely affect our business, financial conditions and results of operations.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds****Purchases of Equity Securities by the Issuer**

The following table provides information regarding our purchases of ordinary shares during the periods indicated:

Period	Total Number of Shares Purchased <sup>(1)</sup>	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Dollar Value of Shares that May Yet Be Purchased Under the Program
June 28, 2025 to July 25, 2025	—	\$ —	—	—
July 26, 2025 to August 22, 2025	98,612	\$ 36.45	98,612	
August 23, 2025 to September 26, 2025	102,902	\$ 35.09	102,902	
<b>Total</b>	<b>201,514</b>			<b>\$ 135,186,878</b>

(1) On February 21, 2025, our Board of Directors approved a share repurchase program of up to \$150 million of our ordinary shares. The program does not obligate the Company to purchase a minimum amount of shares.

**Item 5. Other Information****Rule 10b5-1 Trading Plans**

During the quarter ended September 26, 2025, no director or officer of the Company adopted or terminated a “Rule 10b5-1 trading arrangement” or “non-Rule 10b5-1 trading arrangement,” as each term is defined in Item 408(a) of Regulation S-K, except as follows:

On September 16, 2025, Mohammed Abu Ghazaleh, the Company's Chief Executive Officer, entered into a Rule 10b5-1 sales plan (the "Abu Ghazaleh 10b5-1 Sales Plan") intended to satisfy the affirmative defense conditions of Rule 10b5-1(c) of the Exchange Act for the sale of up to 50,811 of the Company's ordinary shares. The Abu Ghazaleh 10b5-1 Sales Plan will remain in effect until the earlier of (i) May 19, 2026, (ii) the date on which all trades set forth in the Abu Ghazaleh 10b5-1 Sales Plan have been executed, or (iii) such time as the Abu Ghazaleh Sales Plan is otherwise terminated according to the terms provided for under the plan.

## CERTIFICATION

I, Mohammad Abu-Ghazaleh, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Fresh Del Monte Produce Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
