PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 28, 2009

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The attached proxy is solicited on behalf of the Board of Directors of Netflix, Inc., a Delaware corporation (the “Company”), for use at the Annual Meeting of Stockholders to be held on May 28, 2009, at 2:00 p.m. local time (the “Annual Meeting”), or at any adjournment or postponement of this meeting, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Company’s corporate headquarters at 100 Winchester Circle, Los Gatos, California 95032.

We intend to mail this Proxy Statement and accompanying proxy card to stockholders on or about April 22, 2009.

Our principal executive offices are located at 100 Winchester Circle, Los Gatos, California 95032, and our telephone number is (408) 540-3700. Our Internet Web site address is www.netflix.com.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Company’s Secretary, at the address of the Company’s executive offices noted above, written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy. Please note, however, that if your shares of record are held by a broker, bank or other nominee and you wish to attend and vote in person at the Annual Meeting, you must obtain from the record holder a proxy issued in your name.

Voting and Solicitation

Only stockholders of record at the close of business on March 31, 2009, referred to as the Record Date, will be entitled to notice of and to vote at the Annual Meeting. At the close of business on the Record Date, there were 58,495,014 shares of common stock outstanding and entitled to vote. Each holder of record of shares of common stock on that date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

Proxies properly executed, duly returned to the Company and not revoked will be voted at the Annual Meeting in accordance with the specifications made. Where no specifications are given, such proxies will be voted “FOR” all nominees and “FOR” all other proposals described in this Proxy Statement. It is not expected that any matters other than those referred to in this Proxy Statement will be brought before the Annual Meeting. If, however, any matter not described in this Proxy Statement is properly presented for action at the Annual Meeting, the persons named as proxies in the enclosed form of proxy will have authority to vote according to their own discretion.

The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of common stock issued and outstanding on the Record Date. Shares that are voted "FOR," "AGAINST," "WITHHELD" or "ABSTAIN," referred to as the Votes Cast, are treated as being present at the Annual Meeting for purposes of establishing a quorum. An abstention will have the same effect as a vote against a proposal. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but such non-votes will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which a broker has expressly not voted. Thus, a broker non-vote will not affect the outcome of the voting on a particular proposal.

The cost of soliciting proxies will be borne by the Company. In addition to soliciting stockholders by mail and dissemination to its employees, the Company will request that banks and brokers and other persons representing beneficial owners of the shares forward the proxy solicitation material to such beneficial owners, and the Company may reimburse these parties for their reasonable out-of-pocket costs. The Company may use the services of its officers, directors and others to solicit proxies, personally or by telephone, facsimile or electronic mail, without additional compensation.

Stockholder Proposals

Proposals of stockholders that are intended to be presented at our 2010 Annual Meeting of Stockholders in the proxy materials for such meeting must comply with the requirements of SEC Rule 14a-8 and must be received by our Secretary no later than December 7, 2009 in order to be included in the Proxy Statement and proxy materials relating to our 2010 Annual Meeting of Stockholders. A stockholder proposal or a nomination for director that will not be included in our Proxy Statement and proxy materials, but that a stockholder intends to present in person at the meeting, must generally be submitted to our Secretary no earlier than February 6, 2010, and no later than March 8, 2010.

PROPOSAL TWO
RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM

The Board has selected KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2009. The Company is submitting its selection of KPMG LLP for ratification by the stockholders at the Annual Meeting. KPMG LLP has audited the Company's financial statements since 1998. The Company expects that representatives of KPMG LLP will be present at the Annual Meeting, will have an opportunity to make a statement if they wish and will be available to respond to appropriate questions.

The Company's Bylaws do not require that stockholders ratify the selection of KPMG LLP as the Company's independent registered public accounting firm. However, the Company is submitting the selection of KPMG LLP to stockholders for ratification as a matter of good corporate practice. If stockholders do not ratify the selection, the Audit Committee will reconsider whether to retain KPMG LLP. Even if the selection is ratified, the Board and the Audit Committee at their discretion may change the appointment at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

Principal Accountant Fees and Services

During 2008 and 2007, fees for services provided by KPMG LLP were as follows:

	2008	2007
Audit Fees	\$1,791,726	\$1,506,074
Tax Fees	216,471	111,910
Total	\$2,008,197	\$1,617,984

Audit Fees include amounts related to the audit of the Company's annual financial statements and quarterly review of the financial statements included in the Company's Quarterly Reports on Form 10-Q.

Tax Fees include fees billed for tax compliance, tax advice and tax planning services.

There were no audit related or other fees billed by KPMG LLP for services rendered to the Company, other than the services described above, in 2008 and 2007.

The Audit Committee has determined that the rendering of non-audit services by KPMG LLP was compatible with maintaining their independence.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee pre-approves all audit and permissible non-audit services provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. During 2008 and 2007, all services provided by KPMG LLP were pre-approved by the Audit Committee in accordance with this policy.

Vote Required; Recommendation of the Board

The affirmative vote of the majority of the Votes Cast is required for ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2009.

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2009.

COMPENSATION DISCUSSION AND ANALYSIS

Philosophy

The Company's compensation philosophy, which is the same for its Named Executive Officers and all other salaried employees, is premised on the Company's desire to attract and retain outstanding performers. As such, the Company aims to provide highly competitive compensation packages for all its key positions, including its Named Executive Officers. The Company's compensation practices are guided by market rates and tailored to account for the specific needs and responsibilities of the particular position as well as the performance and unique qualifications of the individual employee, rather than by seniority or overall Company performance. Individual compensation is nonetheless linked to Company performance by virtue of the stock options granted by the Company.

In addition, the Company believes that to attract and retain outstanding performers, it must provide a challenging work environment. To this end, the Company strives to maintain a high-performance culture; that is, an environment in which employees excel in articulated performance values. Below is a list of the Company's articulated performance values (including the explanations of those values provided to employees). The Company evaluates employee performance, including that of the Named Executive Officers, in light of these performance values.

1. Judgment

- You make wise decisions (people, technical, business, and creative) despite ambiguity
- You identify root causes, and get beyond treating symptoms
- You think strategically, and can articulate what you are, and are not, trying to do
- You smartly separate what must be done well now, and what can be improved later

2. Innovation

- You re-conceptualize issues to discover practical solutions to hard problems
- You challenge prevailing assumptions when warranted, and suggest better approaches
- You create new ideas that prove useful
- You keep us nimble by minimizing complexity and finding time to simplify

3. Impact

- You accomplish amazing amounts of important work
- You demonstrate consistently strong performance so colleagues can rely upon you
- You focus on great results rather than on process
- You exhibit bias-to-action, and avoid analysis-paralysis

4. Curiosity

- You learn rapidly and eagerly
- You seek to understand our strategy, market, subscribers, and suppliers
- You are broadly knowledgeable about business, technology and entertainment
- You contribute effectively outside of your specialty

5. Communication

- You listen well, instead of reacting fast, so you can better understand
- You are concise and articulate in speech and writing
- You treat people with respect independent of their status or disagreement with you
- You maintain calm poise in stressful situations

6. Courage

- You say what you think even if it is controversial
- You make tough decisions without excessive agonizing
- You take smart risks
- You question actions inconsistent with our values

7. Honesty

- You are known for candor and directness
- You are non-political when you disagree with others
- You only say things about fellow employees you will say to their face
- You are quick to admit mistakes

8. Selflessness

- You are ego-less when searching for the best ideas
- You make time to help colleagues
- You share information openly and proactively

9. Passion

- You inspire others with your thirst for excellence
- You care intensely about Netflix' success
- You celebrate wins
- You are tenacious

Determining Total Compensation

In determining the appropriate level of total compensation for its Named Executive Officers, the Compensation Committee reviews and considers the performance of each Named Executive Officer in light of the Compensation philosophy outlined above. The Committee also evaluates comparative compensation data, which includes salary, equity and other compensation components from similarly situated companies. The Compensation Committee discusses, for each Named Executive Officer, the estimated amount of compensation:

- (i) the Company would be willing pay to retain that person;
- (ii) the Company would have to pay to replace the person; and,
- (iii) the individual could otherwise command in the employment marketplace.

By evaluating the comparative compensation data in light of the foregoing factors, the Company believes it is better able to tailor its compensation determinations with the specific needs and responsibilities of the particular position as well as the performance and unique qualifications of the individual Named Executive Officer.

The Chief Executive Officer and the Chief Talent Officer review the comparative data and discuss the factors listed above for each Named Executive Officer. The Chief Executive Officer then makes recommendations to the Compensation Committee regarding total compensation for each Named Executive Officer. The Compensation Committee reviews and discusses the information and determines the total compensation for each Named Executive Officer as it deems appropriate. Total compensation is expressed in a dollar-denominated amount, but as described below, may be allocated between the two primary elements of the Company's compensation program, salary and stock options.

In 2008 and 2007, comparative compensation data for helping estimate the three factors listed above for determining total compensation was primarily derived from Compensia, a management consulting firm providing executive compensation advisory services. The Compensation Committee retained Compensia to review the competitiveness of the Company's executive compensation program and to help the Committee in determining the total compensation for each Named Executive Officer. Examples of this first group include, Monster Worldwide, Netgear and WebMD. The second group consisted of technology companies located in the San Francisco-Bay Area with annual revenues of generally between \$700 million to \$1.5 billion. Examples of this second group include, JDS Uniphase, Polycom and Sybase.

The Company does not specifically benchmark compensation for its Named Executive Officers in terms of picking a particular percentile relative to other people with similar titles at peer group companies. The Company believes that many subjective factors unique to each Named Executive Officer's responsibilities and performance are not adequately reflected or otherwise accounted for in a percentile-based compensation determination. Nonetheless, this comparative compensation data is valuable in that it provides the Company with insight into ranges and components of total compensation as well as confirms the reasonableness of the Company's own compensation decisions.

In previous years, comparative compensation data was collected primarily from the Radford Executive Survey produced by Radford Survey and Consulting as well as from a review by the Company of salary and other compensation information of named executive officers at similarly-situated technology, e-commerce, retail and entertainment companies.

The Chief Executive Officer's total compensation is determined by the Compensation Committee in executive session without the presence of the Chief Executive Officer. The Committee's decision regarding total compensation for the Chief Executive Officer is based on the philosophy outlined above as well as the review and data provided by Compensia. The accomplishments of the Chief Executive Officer in developing the business strategy for the Company, the performance of the Company relative to this strategy and his ability to attract and retain senior management are also considered.

The Company's compensation practices, including its performance values, are evaluated on an ongoing basis to determine whether they are appropriate to attract, retain and reward outstanding performers. Such evaluations may result in a refinement of the Company's articulation of its performance values or a determination that it is appropriate to adjust total compensation or otherwise modify the methods of granting equity incentives. Individual employee performance, including that of our Named Executive Officers, is also evaluated on an ongoing basis. To the extent such performance exceeds or falls short of the Company's performance values, the Company may take action that includes, in the case of star performers, promotions or increases in total compensation or, in the case of under performers, demotion, a reduction in total compensation or termination.

Elements of Total Compensation

After determining the total compensation amount for each Named Executive Officer by the method described above, the total compensation amount for each individual is divided into the two key elements of salary and stock options. This allocation is made pursuant to the compensation preferences of each Named Executive Officer who, within the parameters of the total compensation, can request a customized combination of salary and stock options. The Compensation Committee retains the authority to adjust these requests. With respect to compensation for 2009 and the previous two years, the Compensation Committee made no adjustments to the requested monthly stock option amounts. The amount of total compensation allocated to salary is considered cash compensation and paid through payroll during the year on a semi-monthly basis. The amount of total compensation allocated to stock options is referred to as the stock option allowance and while it is expressed in a dollar denomination, it is merely used by the Company to calculate the number of stock options to be granted in the manner described below. The stock option allowance amount is not available to the employees as cash compensation, except in instances where severance payments are made and as otherwise set forth in the Executive Severance and Retention Incentive Plan described below.

The Company does not currently provide a program of performance bonuses for its Named Executive Officers. The Company expects all individuals to perform at a level deserving of a bonus and therefore such bonus amounts are taken into consideration in determining total compensation for the Company's employees.

In 2006, each employee, including the Named Executive Officers, who received stock options as part of his or her compensation package was required to allocate at least 5% of total compensation to stock options. Starting in 2007, all such employees could request any combination of salary and stock options, provided they were not able to receive more than 50% of their total compensation in stock options and the Company (or in the case of the Named Executive Officers, the Compensation Committee) retained the right to adjust the requests or otherwise modify or eliminate the monthly stock option awards. For 2009, the percentage of total compensation that could be requested in stock options increased to 60%. By this method, each Named Executive Officer has the ability prior to the beginning of each calendar year to request his or her preferred mix of compensation elements within the parameters of total compensation. Once the allocation is requested, the Named Executive Officer generally may not make any adjustments or modifications during the calendar year.

After determining the amount of total compensation to be allocated to stock options, the Named Executive Officers receive monthly option grants pursuant to the Company's monthly option grant program. Under this program, the Named Executive Officers receive, on the first trading day of the month, fully vested options granted at fair market value as reflected by the closing price on the date of the option grant. The number of stock options to be granted monthly will fluctuate based on the fair market value on the date of the option grant. The actual number of options to be granted is determined by the following formula: the monthly dollar amount of the stock option allowance / ([fair market value on the date of option grant] * 0.25). This option granting practice is the same for Named Executive Officers and all other salaried employees. The Company established the foregoing formula in an effort to encourage stock ownership by employees. Under accounting valuation, the dollar value of stock options granted by the Company are appreciably higher than the dollar value of the Stock Option Allowance (please compare "Summary Executive Compensation" table provided in this Proxy Statement with the table listed below). While any valuation of options is inherently subjective, the Company believes that its formula for granting options when compared to the accounting valuation helps encourage stock ownership and therefore serves as an effective vehicle for helping align stockholder interests with the compensation of employees. Furthermore, because the stock options are granted at fair market value on the date of the option grant and are not generally transferable, they are only of value to the recipient through an increase in the market value of the Company's common stock, thereby linking that element of compensation to Company performance.

As shown in the table below, the Company's Named Executive Officers receive a significant portion of their total compensation in the form of stock options. The Company believes that equity ownership, including stock and stock options, helps align the interest of the Named Executive Officers with those of the Company's stockholders and is a good mechanism to link executive compensation to long-term company performance.

In 2008, the salary and stock option components for the Named Executive Officers were allocated as follows (please see the “Summary Executive Compensation” table provided in this Proxy Statement for a complete description of the compensation of the Named Executive Officers in 2008):

Name and Position	2008 Annual Salary	2008 Annual Stock Option Allowance	2008 Monthly Stock Option Allowance
Reed Hastings Chief Executive Officer and Chairman of the Board	\$ 1,000,000	\$ 1,000,000	\$ 83,333
Neil Hunt Chief Product Officer	800,000	400,000	33,333
Leslie Kilgore Chief Marketing Officer	750,000	750,000	62,500
Barry McCarthy Chief Financial Officer	800,000	600,000	50,000
Ted Sarandos Chief Content Officer	900,000	100,000	8,333

In 2009, the salary and stock option components for the Named Executive Officers are being allocated as follows:

Name and Position	2009 Annual Salary	2009 Annual Stock Option Allowance	2009 Monthly Stock Option Allowance
Reed Hastings Chief Executive Officer and Chairman of the Board	\$ 1,000,000	\$ 1,000,000	\$ 83,333
Neil Hunt Chief Product Officer	800,000	400,000	33,333
Leslie Kilgore Chief Marketing Officer	750,000	750,000	62,500
Barry McCarthy Chief Financial Officer	600,000	800,000	66,667
Ted Sarandos Chief Content Officer	900,000	100,000	8,333

In light of the current economic conditions, the Compensation Committee, at the suggestion of the Company’s Executive Officers, determined that Total Compensation for the Executive Officers for 2009 was to be the same as 2008. In fact, for 2009, the Company has maintained salaries for most of its employees at 2008 levels.

Vested stock options granted before June 30, 2004 can be exercised up to three (3) months following termination of employment. Vested stock options granted after June 30, 2004 and before January 1, 2007 can be exercised up to one (1) year following termination of employment. Vested stock options granted on or after January 1, 2007 can be exercised up to ten (10) years following grant regardless of employment status. The Company believes that this increase in the life of the options enhances the value of such options for each employee and thereby encourages equity ownership in the Company which is helpful in aligning the interests of employees with that of the Company. The Company does not believe that staggered vesting of stock options or early expiration of options following termination has a material impact on retention. The Company believes that creating a high-performance culture and providing highly competitive compensation packages are the critical components for retaining employees, including its Named Executive Officers.

The Company utilizes salary and stock options as its key compensation components in order to be competitive within the marketplace. Similarly situated companies typically offer executive officers an equity component as part of their overall compensation and as such, the Company believes it is important to provide this opportunity to its employees, including the Named Executive Officers. By permitting employees to request a customized combination of salary and stock options, the Company believes it is better able to take into consideration personal compensation preferences and thereby offer a more compelling total compensation package. In addition, offering grants monthly provides employees with a “dollar-cost averaging” approach to the price of their option grants. Option grants made on an infrequent basis are more susceptible to the whims of market timing and fluctuations. By granting options each month, the Company believes it alleviates to a great extent the arbitrariness of option timing and the potential negative employee issues associated with “underwater” options.

In addition to salary and stock options, Named Executive Officers also have the opportunity to participate in the Company’s 401(k) matching program which enables them to receive a dollar-for-dollar Company match of up to 3% of his or her compensation to the 401(k) fund. Each of the Named Executive Officers except for the Chief Executive Officer participated in this program in 2008 and therefore the Company matched the 401(k) contributions as shown in the tables of this Proxy Statement.

The Company also offers employees, including Named Executive Officers, the opportunity to participate in the Company’s Employee Stock Purchase Program (“ESPP”). Each of the Named Executive Officers, except for the Chief Executive Officer, participated in this program in 2008. Under the Company’s ESPP, employees may purchase common stock of the Company through accumulated payroll deductions. The purchase price of the common stock acquired by employees participating in the ESPP is 85% of the closing price on either the first day of the offering period or the last day of the purchase period, whichever is lower. Through May 1, 2006, offering periods were twenty-four months, and the purchase periods were six months. Therefore, each offering period included four six-month purchase periods, and the purchase price for each six-month period was determined by comparing the closing prices on the first day of the offering period and the last day of the applicable purchase period. In this manner, the look-back for determining the purchase price was up to twenty-four months. However, effective May 1, 2006, the ESPP was amended so that the offering and purchase periods take place concurrently in consecutive six month increments. Under the amended ESPP, therefore, the look-back for determining the purchase price is six months.

The Company also maintains a group term life insurance policy for all full-time employees, and a portion of the taxable amounts attributable to each Named Executive Officer is shown in the tables in this Proxy Statement.

Termination-Based Compensation and Change in Control Retention Incentives

The Named Executive Officers are beneficiaries of the Company’s Executive Severance and Retention Incentive Plan. Under this plan, each employee of the Company at the level of Vice President or higher is entitled to a severance benefit upon termination of employment (other than for cause, death or permanent disability) so long as he or she signs a waiver and release of claims and an agreement not to disparage the Company, its directors or its officers in a form reasonably satisfactory to the Company. The severance benefit consists of a lump sum cash payment equal to nine (9) months of base pay and nine (9) months of the cash equivalent to the stock option allowance then being used in calculating the number of options granted monthly to such employee. The right to receive a severance benefit terminates upon a change in control transaction, so that the beneficiaries of the plan are not entitled to both a change in control benefit as well as a severance benefit.

In lieu of the severance benefit, employees covered by the plan who are employed by the Company on the date of a change in control transaction are entitled to receive a lump sum cash payment equal to twelve (12) months of base pay and twelve (12) months of the cash equivalent to the stock option allowance then being used in calculating the number of options granted monthly to such employee.

The Company also has a plan for its director level employees that provides those employees who are employed by the Company on the date of a change in control transaction with a lump sum cash payment equal to six (6) months of base pay and six (6) months of the cash equivalent to the stock option allowance then being used in calculating the number of options granted monthly to such employee. While director level employees are not guaranteed any severance, to the extent any severance is provided, payment associated with the change in control will be in lieu of or otherwise offset against any such severance payment.

The Company believes that it was appropriate to make such payment upon the single-trigger event of a change in control in order to reduce distractions associated with the uncertainty surrounding change in control transactions and to lessen potential conflicts that might otherwise arise when a Company executive must rely on the decisions of the acquiring company for either continued employment or severance.

The benefits owing under the plans are to be paid to the beneficiary by the Company as soon as administratively practicable following the completion of all conditions to the payment, but in no event more than two and one half months following the date of the triggering event. The Company believes that benefits under the Company's Executive Severance and Retention Incentive Plan are consistent with similar benefits offered to executive officers of similarly situated companies and moreover, the Plan is an important element in advancing the Company's overall compensation philosophy of attracting and retaining outstanding performers. Each of the terms "base pay," "cause" and "change in control" are defined in the plan, a copy of which is attached as Exhibit 10.2 to the Company's Form 8-K filed on July 5, 2005.

Tax Considerations

The Compensation Committee considered the potential impact of Section 162(m) of the Internal Revenue Code on executive officer compensation. Section 162(m) generally disallows a tax deduction for compensation that we pay to our Chief Executive Officer or any of the next three most highly compensated executive officers to the extent that the compensation for any such individual exceeds \$1 million in any taxable year. However, this deduction limitation does not apply to compensation that is "performance-based" under 162(m). The Company believes that stock options granted to its executive officers will meet the requirement of being performance-based under Section 162(m). Accordingly, the Committee concluded that Section 162(m) should not materially reduce the tax deductions available to the Company. However, the Committee may from time to time approve compensation that is not deductible under Section 162(m) if it determines that it is in the Company's best interest to do so.

- (1) Dollar amounts in the Option Awards column reflect the compensation expense recognized by the Company for financial statement reporting purposes with respect to stock options during the 2008 fiscal year in accordance with SFAS 123R. The dollar amounts set forth in the Option Awards column are different than the stock option allowance amounts described in the section above entitled "Compensation Discussion and Analysis" because the stock option allowance amounts are reflective of the total compensation amount attributable to stock option grants, not the accounting valuation under SFAS 123R. Option Exercises and Stock Vested

The following table sets forth information concerning each exercise of stock options during 2008 for each of the Named Executive Officers on an aggregated basis.

Name	Option Awards	
	Number of Shares Acquired on	Value Realized on
	Exercise (#)	Exercise (\$) (1)
Reed Hastings	168,000	\$4,429,220
Barry McCarthy	62,200	1,838,230
Leslie Kilgore	128,372	1,594,258
Neil Hunt	38,526	497,332
Ted Sarandos	0	0

- (1) Dollar value realized on exercise equals the difference between the closing price on the date of exercise date less the exercise price of the option and does not necessarily reflect the sales price of the shares or if a sale was made.

Potential Payments upon Termination or Change-in-Control

The Named Executive Officers are beneficiaries of the Company's Executive Severance and Retention Incentive Plan, as described in more detail above in "Compensation Discussion and Analysis." The information below reflects the estimated value of the compensation to be paid by the Company to each of the Named Executive Officers in the event of termination or a change in control under the terms of the Executive Severance and Retention Incentive Plan. The amounts shown below assume that termination or change in control was effective as of December 31, 2008. The actual amounts that would be paid can only be determined at the time of the actual triggering event. The right to receive a severance benefit terminates upon a change in control transaction, so that the beneficiaries of the plan are not entitled to both a change in control benefit as well as a severance benefit.

Name	Severance Benefit	Change in Control Benefit
Reed Hastings	\$1,500,000	\$2,000,000
Barry McCarthy	1,050,000	1,400,000
Leslie Kilgore	1,125,000	1,500,000
Neil Hunt	900,000	1,200,000
Ted Sarandos	750,000	1,000,000

Compensation of Directors

The Company's directors do not currently receive cash for services they provide as directors or members of Board committees but may be reimbursed for their reasonable expenses for attending Board and Board committee meetings. Each non-employee Director receives stock options pursuant to the Director Equity Compensation Plan. The Director Equity Compensation Plan provides for a monthly grant of stock options to each non-employee Director of the Company in consideration for services provided to the Company and subject to the terms and conditions of the Company's 2002 Stock Plan. The actual number of options to be granted is determined by the following formula: $\$10,000 / ([\text{fair market value on the date of grant}] \times 0.25)$. Each monthly grant is made on the first trading day of the month, is fully vested upon grant and is exercisable at a strike price equal to the fair market value on the date of grant. Mr. Barton received options to purchase 100,000 shares of the Company's common stock upon joining the Board in May 2002, but no other current director was granted options upon joining the Board other than the regular monthly grants.

The following table sets forth information concerning the compensation of the Company's non-employee directors during 2008.

Section 16(a) Beneficial Ownership Compliance

Officers, directors and greater than 10% stockholders are required by the Securities and Exchange Commission regulation to furnish the Company with copies of all Forms 3, 4 and 5 they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during fiscal year 2008 all of the Section 16(a) filing requirements applicable to the Company's officers, directors and greater than 10% stockholders were followed in a timely manner, except a report on Form 4 relating to the acquisition of shares by Mr. Schuh on July 31, 2008 was filed late.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee engages and supervises the Company's independent registered public accounting firm and oversees the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the preparation of financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in the Company's annual report on Form 10-K for the year ended December 31, 2008 with management, including a discussion of the quality of the accounting principles, the reasonableness of significant judgments made by management and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with KPMG LLP, the Company's independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of the Company's audited financial statements with accounting principles generally accepted in the United States of America, its judgments as to the quality of the Company's accounting principles and the other matters required to be discussed with the Audit Committee under the auditing standards generally accepted in the United States of America, including the matters required by the Codification of Statements on Auditing Standards No. 61, as amended, (AICPA Professional Standard, Vol. 1 AU Section 380), as adopted by the Public Accounting Oversight Board in Rule 3200T. In addition, the Audit Committee has discussed with KPMG LLP its independence from management and the Company, including the written disclosures and the letter regarding its independence as required by Independence Standards Board Standard No. 1, *Independence Discussions with the Audit Committees*.

The Audit Committee also reviewed the fees paid to KPMG LLP during the year ended December 31, 2008 for audit and non-audit services, which fees are described under the heading "Principal Accountant Fees and Services." The Audit Committee has determined that the rendering of all non-audit services by KPMG LLP were compatible with maintaining its independence.

The Audit Committee discussed with KPMG LLP the overall scope and plans for its audit. The Audit Committee met with KPMG LLP, with and without management present, to discuss the results of its examinations, its evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the annual report on Form 10-K for the year ended December 31, 2008, for filing with the Securities and Exchange Commission. The Audit Committee and the Board have also recommended, subject to stockholder ratification, the selection of KPMG LLP to audit the Company's financial statements for the year ending December 31, 2009.
