PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 1, 2012

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The attached proxy is solicited on behalf of the Board of Directors (the “Board”) of Netflix, Inc., a Delaware corporation (the “Company”), for use at the Annual Meeting of Stockholders to be held on June 1, 2012, at 3:00 p.m. local time (the “Annual Meeting”), or at any adjournment or postponement of this meeting, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Company’s corporate headquarters at 100 Winchester Circle, Los Gatos, California 95032.

Pursuant to rules promulgated by the Securities and Exchange Commission (“SEC”), we have elected to provide access to our proxy materials over the Internet. Accordingly, the Company will mail, on or about April 20, 2012, a Notice of Internet Availability of Proxy Materials to stockholders of record and beneficial owners as of the close of business on April 2, 2012, referred to as the Record Date. On the date of mailing of the Notice of Internet Availability of Proxy Materials, all stockholders will have the ability to access all of the proxy materials at <http://ir.netflix.com/annuals.cfm>. Should you request it, we will make paper copies of these proxy materials available free of charge. To request a copy, please send your request to the Company’s Secretary at the address listed above.

Our principal executive offices are located at 100 Winchester Circle, Los Gatos, California 95032, and our telephone number is (408) 540-3700. Our Internet Web site address is www.netflix.com. You may find our SEC filings, including our annual reports on Form 10-K, on our Investor Relations Web site at <http://ir.netflix.com/sec.cfm>.

Revocability of Proxies

You may change your vote at any time prior to the vote at the Annual Meeting. If you are a stockholder of record as of the Record Date, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to the Company’s Secretary at the address above prior to your shares being voted, or by attending the Annual Meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically make that request. For shares you hold beneficially in the name of a broker, trustee or other nominee, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Voting and Solicitation

Only stockholders of record at the close of business on the Record Date will be entitled to notice of and to vote at the Annual Meeting. At the close of business on the Record Date, there were 55,515,631 shares of common stock outstanding and entitled to vote. Each holder of record of shares of common stock on that date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

Properly delivered proxies will be voted at the Annual Meeting in accordance with the specifications made. Where no specifications are given, such proxies will be voted “FOR” all nominees, “FOR” proposals 2 and 3, and “AGAINST” proposals 4 and 5. It is not expected that any matters other than those referred to in this Proxy Statement will be brought before the Annual Meeting. If, however, any matter not described in this Proxy Statement is properly presented for action at the Annual Meeting, the persons named as proxies in the enclosed form of proxy will have authority to vote according to their own discretion.

The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of common stock issued and outstanding on the Record Date. Shares that are voted “FOR,” “AGAINST,” “WITHHELD” or “ABSTAIN,” referred to as the Votes Cast, are treated as being present at the Annual Meeting for purposes of establishing a quorum. An abstention will have the same effect as a vote against a proposal. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but such non-votes will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which a broker has expressly not voted. Thus, a broker non-vote will not affect the outcome of the voting on a particular proposal. A “broker non-vote” occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner.

If you hold your shares in street name it is critical that you cast your vote if you want it to count in the election of directors (Proposal One of this Proxy Statement). Changes in regulations have been made to take away the ability of your bank or broker to vote your uninstructed shares in the election of directors on a discretionary basis. Thus, if you hold your shares in street name and you do not instruct your bank or broker how to vote in the election of directors, no vote will be cast on your behalf.

The cost of soliciting proxies will be borne by the Company. The Company may reimburse banks and brokers and other persons representing beneficial owners for their reasonable out-of-pocket costs. The Company may use the services of its officers, directors and others to solicit proxies, personally or by telephone, facsimile or electronic mail, without additional compensation.

Stockholder Proposals

Proposals of stockholders that are intended to be presented at our 2013 Annual Meeting of Stockholders in the proxy materials for such meeting must comply with the requirements of SEC Rule 14a-8 and must be received by our Secretary no later than December 21, 2012 in order to be included in the Proxy Statement and proxy materials relating to our 2013 Annual Meeting of Stockholders. A stockholder proposal or a nomination for director that will not be included in our Proxy Statement and proxy materials, but that a stockholder intends to present in person at the meeting, must generally be submitted to our Secretary no earlier than February 5, 2013, and no later than March 6, 2013.

Mr. Barton has agreed to serve as a director of the Company if elected. Haley or Battle had a relationship with the Company that required disclosure under Item 404 of Regulation S-K. Mr. Hoag had a relationship with the Company that required disclosure under Item 404 of Regulation S-K. Director Independence

The Board has determined that each of Messrs. Barton, Battle, Giancarlo, Haley and Hoag and Ms. Mather is independent under the rules of the SEC and the listing standards of the NASDAQ Stock Market; therefore, every member of the Audit Committee, Compensation Committee and Nominating and Governance Committee is an independent director in accordance with those standards. See "Procedures for Approval of Related Party Transactions" in this Proxy Statement for more information.

Consideration of Director Nominees

Stockholder Nominees

The Nominating and Governance Committee considers properly submitted stockholder nominations for candidates for membership on the Board as described below under "Identifying and Evaluating Nominees for Directors." Any stockholder nominations proposed for consideration by the Nominating and Governance Committee should include the nominee's name and qualifications for Board membership. In addition, they should be submitted within the time frame as specified under "Stockholder Proposals" above and addressed to: Netflix, Inc., 100 Winchester Circle, Los Gatos, California 95032, Attention: Secretary.

Director Qualifications

In discharging its responsibilities to nominate candidates for election to the Board, the Nominating and Governance Committee has not specified any minimum qualifications for serving on the Board. However, the Nominating and Governance Committee endeavors to evaluate, propose and approve candidates with business experience, diversity as well as personal skills and knowledge with respect to technology, finance, marketing, financial reporting and any other areas that may be expected to contribute to an effective Board. With respect to diversity, the committee may consider such factors as differences in viewpoint, professional experience, education, skills and other individual qualifications and attributes that contribute to board heterogeneity, including characteristics such as gender, race and national origin.

Identifying and Evaluating Nominees for Directors

The Nominating and Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. Candidates may come to the attention of the Nominating and Governance Committee through management, current Board members, stockholders or other persons. These candidates are evaluated at periodic meetings of the Nominating and Governance Committee as necessary and discussed by the members of the Nominating and Governance Committee from time to time. Candidates may be considered at any point during the year. As described above, the Nominating and Governance Committee considers properly submitted stockholder nominations for candidates for the Board. Following verification of the stockholder status of persons proposing candidates, recommendations are aggregated and considered by the Nominating and Governance Committee. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials are forwarded to the Nominating and Governance Committee. The Nominating and Governance Committee also reviews materials provided by professional search firms or other parties in connection with a nominee who is not proposed by a stockholder.

The Role of the Board in Risk Oversight

The Board as a whole primarily deals with matters related to strategic and operational risk. The Audit Committee deals with matters of financial and legal risk. The Compensation Committee addresses risks related to compensation and other talent-related matters. The Nominating and Governance Committee manages risks associated with Board independence and corporate governance. Committees report to the full Board regarding their respective considerations and actions.

The Board's Leadership Structure

The Board currently combines the role of Chairman and Chief Executive. The Board believes that the Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry and is therefore best able to identify the strategic priorities to be discussed by the Board. The Board believes that combining the role of Chairman and Chief Executive Officer facilitates information flow between management and the Board and fosters strategic development and execution. The Board has not appointed a lead independent director; however, the Board maintains effective independent oversight through a number of governance practices, including, open and direct communication with management, input on meeting agendas, annual performance evaluations and regular executive sessions.

PROPOSAL TWO
**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has selected Ernst & Young LLP (“Ernst & Young”), an independent registered public accounting firm, to audit the financial statements of Netflix, Inc. for the year ending December 31, 2012. The Company is submitting its selection of Ernst & Young for ratification by the stockholders at the Annual Meeting. A representative of Ernst & Young is expected to be present at the Annual Meeting, will have the opportunity to make a statement and is expected to be available to respond to appropriate questions. Ernst & Young has served as our independent registered public accounting firm since March 21, 2012. Prior to such time, KPMG LLP (“KPMG”) served as our independent registered public accounting firm. See “—*Changes in Independent Registered Public Accounting Firm*” below. The Company does not expect that a representative of KPMG will be present at the Annual Meeting.

The Company’s Bylaws do not require that stockholders ratify the selection of Ernst & Young as the Company’s independent registered public accounting firm. However, the Company is submitting the selection of Ernst & Young to stockholders for ratification as a matter of good corporate practice. If stockholders do not ratify the selection, the Audit Committee will reconsider whether to retain Ernst & Young. Even if the selection is ratified, the Board and the Audit Committee at their discretion may change the appointment at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

Principal Accountant Fees and Services

During 2011 and 2010, fees for services provided by KPMG were as follows (in thousands):

	2011	2010
Audit Fees	\$2,300	\$1,983
Audit Related Fees	270	30
Tax Fees	94	89
Total	<u><u>\$2,664</u></u>	<u><u>\$2,102</u></u>

Audit Fees include amounts related to the audit of the Company’s annual financial statements and quarterly review of the financial statements included in the Company’s Quarterly Reports on Form 10-Q.

Audit Related Fees include amounts related to accounting consultations, and for 2011, services rendered in connection with the Company’s issuance of zero coupon senior convertible notes and public offering of common stock.

Tax Fees include fees billed for tax compliance, tax advice and tax planning services.

There were no other fees billed by KPMG for services rendered to the Company, other than the services described above, in 2011 and 2010.

The Audit Committee has determined that the rendering of non-audit services by KPMG was compatible with maintaining their independence.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee pre-approves all audit and permissible non-audit services provided by the Company’s independent registered public accounting firm. These services may include audit services, audit-related services,

tax and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. During 2011 and 2010, all services provided by KPMG were pre-approved by the Audit Committee in accordance with this policy.

Change in Independent Registered Public Accounting Firm

The Audit Committee has completed a competitive process to review the appointment of the Company's independent registered public accounting firm for the year ending December 31, 2012. As a result of this process on March 21, 2012, the Audit Committee engaged Ernst & Young as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012, and dismissed KPMG from that role.

KPMG's reports on the Company's consolidated financial statements as of and for the fiscal years ended December 31, 2011 and December 31, 2010 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. The audit reports of KPMG on the effectiveness of internal control over financial reporting as of December 31, 2011 and 2010 did not contain any adverse opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

During the fiscal years ended December 31, 2011 and December 31, 2010, and the subsequent interim period through March 21, 2012, there were (i) no "disagreements" as that term is defined in Item 304(a)(1)(iv) of Regulation S-K, between the Company and KPMG on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of KPMG, would have caused KPMG to make reference to the subject matter of the disagreement in their reports on the financial statements for such years, and (ii) no "reportable events" as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

The Company provided KPMG with a copy of the disclosures made in a Current Report on Form 8-K (the "Report") prior to the time the Report was filed with the SEC. The Company requested that KPMG furnish a letter addressed to the SEC stating whether or not it agrees with the statements made therein. A copy of KPMG's letter dated March 23, 2012 was attached as Exhibit 16.1 to the Report.

During the fiscal years ended December 31, 2011 and December 31, 2010, and the subsequent interim period through March 21, 2012, neither the Company nor anyone acting on its behalf has consulted with Ernst & Young with respect to (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report nor oral advice was provided to the Company that Ernst & Young concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing, or financial reporting issue or (ii) any matter that was either the subject of a "disagreement" or "reportable event" as those terms are defined in Item 304(a)(1) of Regulation S-K.

Vote Required; Recommendation of the Board

The affirmative vote of the majority of the Votes Cast is required for ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2012.

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2012.

PROPOSAL THREE

ADVISORY APPROVAL OF EXECUTIVE OFFICER COMPENSATION

Our Board of Directors proposes that stockholders provide advisory (non-binding) approval of the compensation of our named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the 2011 Summary Compensation Table and related tables and disclosure. Stockholders may abstain by checking the box labeled, “abstain.”

As required by section 14A of the Securities Exchange Act, as amended by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), we are providing our stockholders with the opportunity to cast a non-binding advisory vote on the compensation of our named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC (also referred to as “say-on-pay”).

As described in our Compensation Discussion and Analysis, we have adopted an executive compensation philosophy designed to attract and retain outstanding performers. The Company’s compensation practices are guided by market rates and tailored to account for the specific needs and responsibilities of the particular position as well as the performance and unique qualifications of the individual employee, rather than by seniority or overall Company performance.

Vote Required

The affirmative vote of the holders of a majority of the Votes Cast is required to approve the compensation of our named executive officers disclosed in this proxy statement. The vote is an advisory vote, and therefore not binding.

Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” ADVISORY APPROVAL OF OUR EXECUTIVE OFFICER COMPENSATION DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL FOUR

STOCKHOLDER PROPOSAL TO REPEAL CLASSIFIED BOARD

In accordance with SEC rules, we have set forth below a stockholder proposal, along with the supporting statement of the stockholder proponent, for which we and our Board accept no responsibility. The stockholder proposal is required to be voted upon at our Annual Meeting only if properly presented at our Annual Meeting. As explained below, our Board unanimously recommends that you vote “AGAINST” the stockholder proposal. Dale Johnson, Los Angeles County Employees Retirement Association, 300 N. Lake Ave., Pasadena, CA 91101, the beneficial owner of no less than 8,500 shares of the company’s common stock, has notified the Company of its intent to present the following proposal at the annual meeting.

RESOLVED, that shareholders of Netflix, Inc. urge the Board of Directors to take all necessary steps (other than any steps that must be taken by shareholders) to eliminate the classification of the Board of Directors and to require that all directors elected at or after the annual meeting held in 2013 be elected on an annual basis. Implementation of this proposal should not prevent any director elected prior to the annual meeting held in 2013 from completing the term for which such director was elected.

SUPPORTING STATEMENT

This resolution was submitted by the Los Angeles County Employees Retirement Association. The Harvard Law School Shareholder Rights Project represented and advised the Los Angeles County Employees Retirement Association in connection with this resolution.

The resolution urges the board of directors to facilitate a declassification of the board. Such a change would enable shareholders to register their views on the performance of all directors at each annual meeting. Having directors stand for elections annually makes directors more accountable to shareholders, and could thereby contribute to improving performance and increasing firm value.

Over the past decade, many S&P 500 companies have declassified their board of directors. According to data from FactSet Research Systems, the number of S&P 500 companies with classified boards declined by more than 50%; and the average percentage of votes cast in favor of shareholder proposals to declassify the boards of S&P 500 companies during the period January 1, 2010 – June 30, 2011 exceeded 75%.

The significant shareholder support for proposals to declassify boards is consistent with empirical studies reporting that classified boards could be associated with lower firm valuation and/or worse corporate decision-making. Studies report that:

- Classified boards are associated with lower firm valuation (Bebchuk and Cohen, 2005; confirmed by Faleye (2007) and Frakes (2007));
- Takeover targets with classified boards are associated with lower gains to shareholders (Bebchuck, Coates, and Subramanian, 2002);
- Firms with classified boards are more likely to be associated with value-decreasing acquisition decisions (Masulis, Wang, and Xie, 2007); and
- Classified boards are associated with lower sensitivity of compensation to performance and lower sensitivity of CEO turnover to firm performance (Faleye, 2007).

Please vote for this proposal to make directors more accountable to shareholders.

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE “AGAINST” THE STOCKHOLDER PROPOSAL TO REPEAL THE CLASSIFIED BOARD.

The Board has considered the proposal requesting to de-classify the Board and require the annual election of all of the Company’s directors. After consideration, the Board has determined that this proposal is not in the best interests of the Company or its stockholders and recommends that the stockholders vote AGAINST this proposal.

The Board believes that maintaining the Company’s classified board is in the best interest of its shareholders. In particular, the Board believes that a classified board encourages directors to look to the long-term best interest of the Company and its shareholders by strengthening the independence of non-employee directors against the often short-term focus of special interests. In addition, a classified board allows for a stable and continuous board, providing institutional perspective both to management and other directors. The Board also believes that a classified board reduces the Company’s vulnerability to hostile and potentially abusive takeover tactics, by encouraging persons seeking control of the Company to negotiate with the Board and thereby better positioning the Board to negotiate effectively on behalf of all of the Company’s stockholders. These benefits are particularly important for shareholders of the Company as it operates in a highly competitive and extremely dynamic marketplace.

The proponents of the foregoing proposal list empirical studies for support, however, other empirical studies provide support for maintaining a classified board. For instance, Becher, Bates and Lemmon concluded that companies with classified boards are acquired at an equivalent rate as targets with a single class of directors, yet target shareholders of companies with classified boards receive a larger proportional share of total value gains from a merger as compared to target shareholders of companies with a single class of directors. This suggests, as the Board believes, that classification improves bargaining power of target companies. Thomas W. Bates, David A. Becher, and Michael L. Lemmon, *Board Classification and Managerial Entrenchment; Evidence from the Market for Corporate Control* (September 2007), HKUST Business School Research Paper No. 07-05.

For the reasons described above, the Board believes the proposal is not in the best interests of the Company or its stockholders.

PROPOSAL FIVE

STOCKHOLDER PROPOSAL FOR SPECIAL SHAREOWNERS MEETINGS

In accordance with SEC rules, we have set forth below a stockholder proposal, along with the supporting statement of the stockholder proponent, for which we and our Board accept no responsibility. The stockholder proposal is required to be voted upon at our Annual Meeting only if properly presented at our Annual Meeting. As explained below, our Board unanimously recommends that you vote “AGAINST” the stockholder proposal. John Chevedden, 2215 Nelson Avenue, No. 205, Redondo Beach, CA. 90278, the beneficial owner of no less than 70 shares of the company’s common stock, has notified the Company of its intent to present the following proposal at the annual meeting.

5 – Special Shareowner Meetings

RESOLVED, Shareowners ask our board to take the steps necessary unilaterally (to the fullest extent permitted by law) to amend our bylaws and each appropriate governing document to enable one or more shareholders, holding not less than one-tenth* of the voting power of the Corporation, to call a special meeting. *Or the lowest percentage of our outstanding common stock permitted by state law.

This includes that such bylaw and/or charter text will not have any exclusionary or prohibitive language in regard to calling a special meeting that apply only to shareowners but not to management and/or the board (to the fullest extent permitted by law).

Adoption of this proposal can probably best be accomplished in a simple and straight-forward manner with clear and concise text of less than 100-words.

This proposal topic won more than 60% support at CVS, Sprint and Safeway. This proposal does not impact our board’s current power to call a special meeting.

This proposal topic frequently wins strong shareholder support. It is similar in this respect to the overwhelming 72%-support that we gave to the proposal for simple majority voting at our 2011 annual meeting.

The merit of this Special Shareowner Meeting proposal should also be considered in the context of the opportunity for additional improvement in our company’s 2011 reported corporate governance in order to make our company more competitive:

The Corporate Library, an independent investment research firm, rated our company “High Concern” in Takeover Defenses and “Moderate Concern” in Executive Pay. The only equity pay given to our named executive officers in 2010 consisted of options – nearly \$5 million for CEO Reed Hastings.

Our CEO also realized \$18 million on the exercise of 184,500 options in 2010. In fact, all Named Executive Officers (including our CEO) realized an aggregate total of \$91 million on the exercise of nearly one million options. Equity pay should have performance-vesting features in order to assure full alignment with shareholder interests. Market-priced stock options can provide our executives with lucrative financial rewards due to a rising market alone, regardless of an executive’s performance. In fact, no short- or long-term pay elements were tied to performance-based pay in 2010.

Three of our 7 directors owned no stock or only 256 shares. Timothy Haley attracted our highest negative votes (a whopping 39%) and was still allowed on our Audit and Executive Pay Committees. With our archaic plurality voting he need not worry about his 39% in negative votes because he needs only one-vote from our 50 million shares to be reelected. Plus each of our directors was not accountable to shareholders on an annual basis.

George Battle and Jay Hoag were the remaining members of our executive pay committee and received the next highest in negative votes.

Please encourage our board to respond positively to this proposal to initiate improved corporate governance and make our company more competitive:

Special Shareowner Meetings – Yes on 5

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE “AGAINST” THE STOCKHOLDER PROPOSAL TO ALLOW STOCKHOLDERS HOLDING NOT LESS THAN ONE-TENTH OF THE COMPANY’S VOTING POWER TO CALL A SPECIAL MEETING OF THE STOCKHOLDERS.

The Board has considered the proposal seeking to allow stockholders holding one-tenth of the Company’s voting power to call a special meeting of the stockholders. After consideration, the Board believes this proposal is not in the best interests of the Company or its stockholders and recommends that the stockholders vote AGAINST this proposal.

The Board believes that maintaining the Company’s current requirements for calling special meetings is in the best interest of its shareholders. Each of the Company’s directors has a fiduciary duty to represent all stockholders when determining whether a matter is so pressing that it must be addressed at a special meeting. In contrast, stockholders do not have any fiduciary obligations to the Company or other stockholders. The foregoing proposal would permit a small group of stockholders who have a special interest to use the right to call a special meeting to serve their narrow self-interests that are not shared by the Company’s stockholders generally. With the Company’s current special meeting requirements, stockholders nonetheless have significant protections under state law, other regulations and the Company’s Amended and Restated Bylaws as stockholder approval is already required for a variety of fundamental corporate decisions, such as a merger or sale of substantially all of the Company’s assets or for issuing shares above a prescribed threshold. Lastly, it should be noted that for a company with as many stockholders as the Company, a special meeting of stockholders is a very expensive and time-consuming affair because of the legal costs in preparing required disclosure documents, printing and mailing costs, and the time commitment required of the Board and members of senior management to prepare for and conduct the meeting.

For the reasons described above, the Board believes the proposal is not in the best interests of the Company or its stockholders.

**SECURITY OWNERSHIP OF
CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information known to the Company with respect to beneficial ownership of our common stock as of April 2, 2012 by (i) each stockholder that the Company knows is the beneficial owner of more than 5% of our common stock, (ii) each director and nominee for director, (iii) each of the executive officers named in the “Summary Executive Compensation” table, which we refer to as the Named Executive Officers, and (iv) all executive officers and directors as a group. The Company has relied upon information provided to the Company by its directors and Named Executive Officers and copies of documents sent to the Company that have been filed with the SEC by others for purposes of determining the number of shares each person beneficially owns. Beneficial ownership is determined in accordance with the rules and regulations of the SEC and generally includes those persons who have voting or investment power with respect to the securities. Except as otherwise indicated, and subject to applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares of the Company’s common stock beneficially owned by them. Shares of the Company’s common stock subject to options that are currently exercisable or exercisable within 60 days of April 2, 2012 are also deemed outstanding for purposes of calculating the percentage ownership of that person, and if applicable, the percentage ownership of the executive officers and directors as a group, but are not treated as outstanding for the purpose of calculating the percentage ownership of any other person. COMPENSATION DISCUSSION AND ANALYSIS

Philosophy

The Company's compensation philosophy, which is the same for its Named Executive Officers and all other salaried employees, is premised on the Company's desire to attract and retain outstanding performers. As such, the Company aims to provide highly competitive compensation packages for all its key positions, including its Named Executive Officers. The Company's compensation practices are guided by market rates and tailored to account for the specific needs and responsibilities of the particular position as well as the performance and unique qualifications of the individual employee, rather than by seniority or overall Company performance. Individual compensation is nonetheless linked to Company performance by virtue of the stock options granted by the Company.

In addition, the Company believes that to attract and retain outstanding performers, it must provide a challenging work environment. To this end, the Company strives to maintain a high-performance culture; that is, an environment in which employees excel in articulated performance values. Below is a list of the Company's articulated performance values (including the explanations of those values provided to employees). The Company evaluates employee performance, including that of the Named Executive Officers, in light of these performance values.

1. Judgment

- You make wise decisions (people, technical, business, and creative) despite ambiguity
- You identify root causes, and get beyond treating symptoms
- You think strategically, and can articulate what you are, and are not, trying to do
- You smartly separate what must be done well now, and what can be improved later

2. Innovation

- You demonstrate consistently strong performance so colleagues can rely upon you
- You focus on great results rather than on process
- You exhibit bias-to-action, and avoid analysis-paralysis

4. Curiosity

- You learn rapidly and eagerly
- You seek to understand our strategy, market, subscribers and suppliers
- You are broadly knowledgeable about business, technology and entertainment
- You contribute effectively outside of your specialty

5. Communication

- You listen well, instead of reacting fast, so you can better understand
- You are concise and articulate in speech and writing

- You treat people with respect independent of their status or disagreement with you
- You maintain calm poise in stressful situations

6. Courage

- You say what you think even if it is controversial
- You make tough decisions without excessive agonizing
- You take smart risks
- You question actions inconsistent with our values

7. Honesty

- You are known for candor and directness
- You are non-political when you disagree with others
- You only say things about fellow employees you will say to their face

Determining Total Compensation

In determining the appropriate level of total compensation for its Named Executive Officers, the Compensation Committee reviews and considers the performance of each Named Executive Officer in light of the Compensation philosophy outlined above. The Committee also evaluates comparative compensation data, which includes salary, equity and other compensation components from similarly situated companies. The Compensation Committee discusses, for each Named Executive Officer, the estimated amount of compensation:

- (i) the Company would be willing to pay to retain that person;
- (ii) the Company would have to pay to replace the person; and
- (iii) the individual could otherwise command in the employment marketplace.

By evaluating the comparative compensation data in light of the foregoing factors, the Company believes it is better able to tailor its compensation determinations with the specific needs and responsibilities of the particular position as well as the performance and unique qualifications of the individual Named Executive Officer.

The Chief Executive Officer and the Chief Talent Officer review comparative data derived from market research and publicly available information and discuss the factors listed above for each Named Executive Officer. The Chief Executive Officer then makes recommendations to the Compensation Committee regarding total compensation for each Named Executive Officer. The Compensation Committee reviews and discusses the information and determines the total compensation for each Named Executive Officer as it deems appropriate.

The Compensation Committee is also mindful of the results of the shareholder's Advisory Vote on Executive Compensation during the prior year. Total compensation is expressed in a dollar-denominated amount, but as described below, may be allocated between the two primary elements of the Company's compensation program, salary and stock options.

In 2011, 2010 and 2009, comparative compensation data for helping estimate the three factors listed above for determining total compensation was derived from Compensia, a management consulting firm providing executive compensation advisory services. The Compensation Committee retained Compensia to review the competitiveness of the Company's executive compensation program and to help the Committee in determining the total compensation for each Named Executive Officer. For 2012 compensation, Compensia examined a single group of peer group companies based on market capitalization similarities and included such companies as Autodesk, Electronic Arts, Nvidia, JDS Uniphase and Equinix. In general, the total compensation for the Company's Named Executive Officers is at or above the 75th percentile of the group of peer companies. As further discussed below, compensation for Mr. Hastings was reduced in light of the Company's performance in 2011. Total fees paid to Compensia were less than \$120 thousand in each year.

The Company does not specifically benchmark compensation for its Named Executive Officers in terms of picking a particular percentile relative to other people with similar titles at peer group companies. The Company believes that many subjective factors unique to each Named Executive Officer's responsibilities and performance are not adequately reflected or otherwise accounted for in a percentile-based compensation determination. Nonetheless, this comparative compensation data is valuable in that it provides the Company with insight into ranges and components of total compensation as well as confirms the reasonableness of the Company's own compensation decisions.

The Chief Executive Officer's total compensation is determined by the Compensation Committee without the presence of the Chief Executive Officer. The Committee's decision regarding total compensation for the Chief Executive Officer is based on the philosophy outlined above as well as the review and data provided by Compensia. The accomplishments of the Chief Executive Officer in developing the business strategy for the Company, the performance of the Company relative to this strategy and his ability to attract and retain senior management are also considered. For 2012, the Compensation Committee took into account the Company's performance during 2011 and reduced the Chief Executive Officer's total compensation by \$1.5 million.

The Company's compensation practices, including its performance values, are evaluated on an ongoing basis to determine whether they are appropriate to attract, retain and reward outstanding performers. Such evaluations may result in a refinement of the Company's articulation of its performance values or a determination that it is appropriate to adjust total compensation or otherwise modify the methods of granting equity incentives. Individual employee performance, including that of our Named Executive Officers, is also evaluated on an ongoing basis. To the extent such performance exceeds or falls short of the Company's performance values, the Company may take action that includes, in the case of star performers, promotions or increases in total compensation or, in the case of under performers, demotion, a reduction in total compensation or termination.

Elements of Total Compensation

After determining the total compensation amount for each Named Executive Officer by the method described above, the total compensation amount for each individual is divided into the two key elements of salary and stock options. This allocation is made pursuant to the compensation preferences of each Named Executive Officer who, within the parameters of the total compensation, can request a customized combination of salary and stock options. The Compensation Committee retains the authority to adjust these requests. With respect to compensation for 2012 and the previous two years, the Compensation Committee made no adjustments to the requested monthly stock option amounts. The amount of total compensation allocated to salary is considered cash compensation and paid through payroll during the year on a semi-monthly basis. The amount of total compensation allocated to stock options is referred to as the stock option allowance and while it is expressed in a

dollar denomination, it is merely used by the Company to calculate the number of stock options to be granted in the manner described below. The stock option allowance amount is not available to the employees as cash compensation, except in instances where severance payments are made and as otherwise set forth in the Executive Severance and Retention Incentive Plan described below.

The Company does not currently provide a program of performance bonuses for its Named Executive Officers. The Company expects all individuals to perform at a level deserving of a bonus and therefore such bonus amounts are taken into consideration in determining total compensation for the Company's employees.

All employees who are eligible to receive stock options as part of their compensation package may request any combination of salary and stock options. The Company (or in the case of the Named Executive Officers, the Compensation Committee) retains the right to adjust the requests or otherwise modify or eliminate the monthly stock option awards. In previous years, the percentage of total compensation that could be requested in stock options was capped. In 2010, the cap was eliminated. By this method, each Named Executive Officer has the ability prior to the beginning of each calendar year to request his or her preferred mix of compensation elements within the parameters of total compensation. Once the allocation is requested, the Named Executive Officer generally may not make any adjustments or modifications during the calendar year.

After determining the amount of total compensation to be allocated to stock options, the Named Executive Officers receive monthly option grants pursuant to the Company's monthly option grant program. Under this program, the Named Executive Officers receive, on the first trading day of the month, fully vested options granted at fair market value as reflected by the closing price on the date of the option grant. The number of stock options to be granted monthly will fluctuate based on the fair market value on the date of the option grant. The actual number of options to be granted is determined by the following formula: the monthly dollar amount of the stock option allowance / ([fair market value on the date of option grant] * 0.20). For stock option accounting purposes, the dollar value of stock options granted by the Company are appreciably higher than the dollar value of the Stock Option Allowance (please compare "Summary Executive Compensation" table provided in this Proxy Statement with the table listed below). While any valuation of options is inherently subjective, the Company believes that its formula for granting options helps encourage stock ownership and therefore serves as an effective vehicle for helping align stockholder interests with the compensation of employees. Furthermore, because the stock options are granted at fair market value on the date of the option grant and are not generally transferable, they are only of value to the recipient through an increase in the market value of the Company's common stock, thereby linking that element of compensation to Company performance.

As shown in the table below, the Company's Named Executive Officers receive a significant portion of their total compensation in the form of stock options. The Company believes that equity ownership, including stock and stock options, helps align the interest of the Named Executive Officers with those of the Company's stockholders and is a good mechanism to link executive compensation to long-term company performance.

In 2010 and 2011, the salary and stock option components for the Named Executive Officers were allocated as follows (please see the “Summary Executive Compensation” table provided in this Proxy Statement for a complete description of the compensation of the Named Executive Officers in 2010 and 2011):

Reed Hastings Chief Executive Officer and Chairman of the Board	\$ 500,000	\$ 1,500,000	\$ 125,000

Vested stock options granted before June 30, 2004 can be exercised up to three (3) months following termination of employment. Vested stock options granted after June 30, 2004 and before January 1, 2007 can be exercised up to one (1) year following termination of employment. Vested stock options granted on or after January 1, 2007 can be exercised up to ten (10) years following grant regardless of employment status. The Company believes that this increase in the life of the options enhances the value of such options for each employee and thereby encourages equity ownership in the Company which is helpful in aligning the interests of employees with that of the Company. The Company does not believe that staggered vesting of stock options or early expiration of options following termination has a material impact on retention. The Company believes that creating a high-performance culture and providing highly competitive compensation packages are the critical components for retaining employees, including its Named Executive Officers.

The Company utilizes salary and stock options as its key compensation components in order to be competitive within the marketplace. Similarly situated companies typically offer executive officers an equity component as part of their overall compensation and as such, the Company believes it is important to provide this opportunity to its employees, including the Named Executive Officers. By permitting employees to request a customized combination of salary and stock options, the Company believes it is better able to take into consideration personal compensation preferences and thereby offer a more compelling total compensation package. In addition, offering grants monthly provides employees with a “dollar-cost averaging” approach to the price of their option grants. Option grants made on an infrequent basis are more susceptible to the whims of market timing and fluctuations. By granting options each month, the Company believes it alleviates to a great extent the arbitrariness of option timing and the potential negative employee issues associated with “underwater” options.

In addition to salary and stock options, Named Executive Officers also have the opportunity to participate in the Company’s 401(k) matching program which enables them to receive a dollar-for-dollar Company match of up to 3% of his or her compensation to the 401(k) fund. Each of the Named Executive Officers except for the Chief Executive Officer participated in this program in 2011 and therefore the Company matched the 401(k) contributions as shown in the tables of this Proxy Statement.

The Company also maintains a group term life insurance policy for all full-time employees, and a portion of the taxable amounts attributable to each Named Executive Officer is shown in the tables in this Proxy Statement.

Termination-Based Compensation and Change in Control Retention Incentives

The Named Executive Officers are beneficiaries of the Company’s Amended and Restated Executive Severance and Retention Incentive Plan. Under this plan, each employee of the Company at the level of Vice President or higher is entitled to a severance benefit upon termination of employment (other than for cause, death or permanent disability) so long as he or she signs a waiver and release of claims and an agreement not to disparage the Company, its directors or its officers in a form reasonably satisfactory to the Company. The severance benefit consists of a lump sum cash payment equal to nine (9) months of base pay and nine (9) months of the cash equivalent to the stock option allowance then being used in calculating the number of options granted monthly to such employee. The right to receive a severance benefit terminates upon a change in control transaction, so that the beneficiaries of the plan are not entitled to both a change in control benefit as well as a severance benefit.

In lieu of the severance benefit, employees covered by the plan who are employed by the Company on the date of a change in control transaction are entitled to receive a lump sum cash payment equal to twelve (12) months of base pay and twelve (12) months of the cash equivalent to the stock option allowance then being used in calculating the number of options granted monthly to such employee.

The Company also has a plan for its director level employees that provides those employees who are employed by the Company on the date of a change in control transaction with a lump sum cash payment equal to six (6) months of base pay and six (6) months of the cash equivalent to the stock option allowance then being

used in calculating the number of options granted monthly to such employee. While director level employees are not guaranteed any severance, to the extent any severance is provided, payment associated with the change in control will be in lieu of or otherwise offset against any such severance payment.

The Company believes that it was appropriate to make such payment upon the single-trigger event of a change in control in order to reduce distractions associated with the uncertainty surrounding change in control transactions and to reduce potential conflicts that might otherwise arise when a Company executive must rely on the decisions of the acquiring company for either continued employment or severance.

The benefits owing under the plans are to be paid to the beneficiary by the Company as soon as administratively practicable following the completion of all conditions to the payment, but in no event more than two and one half months following the date of the triggering event. The Company believes that benefits under the Company's Amended and Restated Executive Severance and Retention Incentive Plan are consistent with similar benefits offered to executive officers of similarly situated companies and moreover, the Plan is an important element in advancing the Company's overall compensation philosophy of attracting and retaining outstanding performers. Each of the terms "base pay," "cause" and "change in control" are defined in the plan, a copy of which is attached as Exhibit 10.10 to the Company's Form 10-Q filed on May 8, 2009.

Tax Considerations

The Compensation Committee considered the potential impact of Section 162(m) of the Internal Revenue Code on executive officer compensation. Section 162(m) generally disallows a tax deduction for compensation that we pay to our Chief Executive Officer or any of the next three most highly compensated executive officers to the extent that the compensation for any such individual exceeds \$1 million in any taxable year. However, this deduction limitation does not apply to compensation that is "performance-based" under 162(m). The Company believes that stock options granted to its executive officers will meet the requirement of being performance-based under Section 162(m). Accordingly, the Committee concluded that Section 162(m) should not materially reduce the tax deductions available to the Company. However, the Committee may from time to time approve compensation that is not deductible under Section 162(m) if it determines that it is in the Company's best interest to do so.

The Committee's Consideration of the 2011 Nonbinding Advisory Vote to Approve the Compensation of our Named Executive Officers

In 2011, 97% of the shares voted approved the compensation of our named executive officers. At the time of the 2011 vote, the Committee had already approved the design and goals of our executive compensation program for 2011. The Committee reviewed these voting results and concluded that the 2011 vote affirmed shareholder support of the Company's approach to executive compensation and did not change its compensation policies and decisions with respect to 2012.

The following table sets forth information concerning each exercise of stock options during 2011 for each of the Named Executive Officers on an aggregated basis.

Name	Option Awards		
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)	(1)
Reed Hastings	190,000	\$42,967,600	
Neil Hunt	43,839	7,302,831	
Leslie Kilgore	31,039	5,283,718	
Ted Sarandos	25,360	4,860,850	
David Wells	6,158	1,112,784	

(1) Dollar value realized on exercise equals the difference between the closing price on the date of exercise date less the exercise price of the option and does not necessarily reflect the sales price of the shares or if a sale was made.

Potential Payments upon Termination or Change-in-Control

The Named Executive Officers are beneficiaries of the Company's Amended and Restated Executive Severance and Retention Incentive Plan, as described in more detail above in "Compensation Discussion and Analysis." The information below reflects the estimated value of the compensation to be paid by the Company to each of the Named Executive Officers in the event of termination or a change in control under the terms of the Amended and Restated Executive Severance and Retention Incentive Plan. The amounts shown below assume that termination or change in control was effective as of December 31, 2011. The actual amounts that would be paid can only be determined at the time of the actual triggering event. The right to receive a severance benefit terminates upon a change in control transaction, so that the beneficiaries of the plan are not entitled to both a change in control benefit as well as a severance benefit.

Name	Severance Benefit	Change in Control Benefit
Reed Hastings	\$1,500,000	\$2,000,000
Neil Hunt	1,875,000	2,500,000
Leslie Kilgore	1,425,000	1,900,000
David Wells	750,000	1,000,000
Ted Sarandos	2,100,000	2,800,000

Compensation of Directors

Ms. Mather receives an annual retainer of \$100,000, payable monthly. The remainder of the Company's directors do not currently receive cash for services they provide as directors or members of Board committees but may be reimbursed for their reasonable expenses for attending Board and Board committee meetings. Each non-employee Director receives stock options pursuant to the Director Equity Compensation Plan. The Director Equity Compensation Plan provides for a monthly grant of stock options to each non-employee Director of the Company in consideration for services provided to the Company and subject to the terms and conditions of the Company's 2002 Stock Plan for options granted prior to February 2012 and the Company's 2011 Stock Plan for options granted subsequent to February 2012. For Ms. Mather, the actual number of options to be granted is determined by the following formula: \$7,000 / ([fair market value on the date of grant] x 0.20). The actual number of options to be granted to all other of the Company's directors is determined by the following formula: \$10,000 / ([fair market value on the date of grant] x 0.20). Each monthly grant is made on the first trading day of the month, is fully vested upon grant and is exercisable at a strike price equal to the fair market value on the date of grant.

Mr. Barton received options to purchase 100,000 shares of the Company's common stock upon joining the Board in May 2002, but no other current director was granted options upon joining the Board other than the regular monthly grants.

The following table sets forth information concerning the compensation of the Company's non-employee directors during 2011.

Equity compensation plans or arrangements not approved by security holders	76,500	\$ 1.50	— (4)
Total	2,957,754	\$ 66.59	9,799,229

(1) Excludes securities reflected in column entitled "Number of securities to be issued upon exercise of outstanding options, warrants and rights."

(2) Weighted average life is 6.44 years.

(3) Includes 2,785,721 shares of the Company's common stock reserved under its 2002 Employee Stock Purchase Plan, as amended, for future issuance. Under the ESPP, certain employees of the Company may elect to purchase shares of Company stock through payroll deductions. The price per share paid by each employee currently is 85% of the fair market value of the Company's shares at the beginning of a six-month offering period or at the end of the period, whichever is lower. Each employee generally may purchase no more than \$25,000 worth of shares in any year. The ESPP is intended to qualify under section 423 of the Internal Revenue Code. The Plan permits employees to purchase shares of Company stock through payroll deductions. In 2010, the Company suspended payroll contributions to the ESPP and ended purchases of shares by employees. The Company currently does not expect to resume contributions or purchases for the foreseeable future.

Includes 1,313,508 shares of the Company's common stock reserved under its 2002 Stock Plan, as amended, that may be issued as stock options under the 2002 Stock Plan to employees, non-employee directors and consultants. The 2002 Stock Plan is administered by the Compensation Committee of the Board of Directors. Only stock options may be granted under the 2002 Stock Plan. All options have an exercise price at least equal to 100% of the fair market value of shares on the grant date and have a term of 10 years or less. Options that are forfeited may be returned to the Plan but any shares that actually are issued under the Plan may not be returned to the Plan and the share reserve is reduced by the gross number of shares as to which the options are exercised. No right to vote shares or receive dividends is created until shares actually are issued following the exercise of an option. The 2002 Stock Plan expired in February 2012 and no new options will be granted under the Plan after its expiration.

Includes 5,700,000 shares of the Company's common stock reserved under its 2011 Stock Plan that may be issued as stock options under the 2011 Stock Plan to employees, non-employee directors and consultants. The 2011 Stock Plan is administered by the Compensation Committee of the Board of Directors. Stock options, stock appreciation rights, restricted stock and restricted stock units may be granted under the 2011

Stock Plan. All options have an exercise price at least equal to 100% of the fair market value of shares on the grant date and have a term of 10 years or less. Options that are forfeited may be returned to the Plan but any shares that actually are issued under the Plan may not be returned to the Plan and the share reserve is reduced by the gross number of shares as to which the options are exercised. No right to vote shares or receive dividends is created until shares actually are issued following the exercise of an option.

(4) Reflects the grant of stock options made on February 27, 2002 to Reed Hastings, the Company's Chief Executive Officer, President and Chairman of the Board, exercisable for shares of the Company's common stock pursuant to the Stand-Alone Stock Option Agreement. Options are currently fully vested and are exercisable at a price of \$1.50 (adjusted for stock splits), until the earlier of three months following termination of service or ten years from the grant date. The Stand-Alone Stock Option Agreement is filed as Exhibit 10.7 to the Company's Registration Statement on Form S-8 filed with the Securities and Exchange Commission on May 24, 2002.

Non-executive Compensation Policies

The Company's compensation policies for non-executive salaried employees are the same as those outlined for its Named Executive Officers. Given the design of our compensation structure, as detailed in the foregoing Compensation Discussion and Analysis, we do not believe that our compensation policies and practices are reasonably likely to have a material adverse effect on the Company.

Code of Ethics

The Company has adopted a Code of Ethics for its directors, officers and other employees. A copy of the Code of Ethics is available on the Company's Investor Relations Web site at <http://ir.netflix.com/documentdisplay.cfm>. Any waivers of the Code of Ethics will be posted at that Web site.

Section 16(a) Beneficial Ownership Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of the Company's common stock and other equity securities of the Company. Officers, directors and greater than 10% stockholders are required by the SEC rules to furnish the Company with copies of all Forms 3, 4 and 5 they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during fiscal year 2011 all of the Section 16(a) filing requirements applicable to the Company's officers, directors and greater than 10% stockholders were followed in a timely manner, with the exception that a report on Form 4 relating to the acquisition and disposition of shares by Reed Hastings on May 19, 2011 was filed one day late.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee engages and supervises the Company's independent registered public accounting firm and oversees the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the preparation of financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in the Company's annual report on Form 10-K for the year ended December 31, 2011 with management, including a discussion of the quality of the accounting principles, the reasonableness of significant judgments made by management and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with KPMG LLP, the Company's independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of the Company's audited financial statements with accounting principles generally accepted in the United States of America, its judgments as to the quality of the Company's accounting principles and the other matters required to be discussed with the Audit Committee under the auditing standards generally accepted in the United States of America, including the matters required by the Codification of Statements on Auditing Standards No. 61. In addition, the Audit Committee has discussed with KPMG LLP its independence from management and the Company, including the written disclosures and the letter regarding its independence as required by Independence Standards Board Standard No. 1, *Independence Discussions with the Audit Committees*.

The Audit Committee also reviewed the fees paid to KPMG LLP during the year ended December 31, 2011 for audit and non-audit services, which fees are described under the heading "Principal Accountant Fees and Services." The Audit Committee has determined that the rendering of all non-audit services by KPMG LLP were compatible with maintaining its independence.

The Audit Committee discussed with KPMG LLP the overall scope and plans for its audit. The Audit Committee met with KPMG LLP, with and without management present, to discuss the results of its examinations, its evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the annual report on Form 10-K for the year ended December 31, 2011, for filing with the Securities and Exchange Commission

The Company has a written policy concerning the review and approval of related party transactions. Potential related party transactions are identified through an internal review process that includes a review of payments made in connection with transactions in which related persons may have had a direct or indirect material interest. Those transactions that are determined to be related party transactions under Item 404 of Regulation S-K issued by the SEC are submitted for review by the Audit Committee for approval and to conduct a conflicts-of-interest analysis. The individual identified as the “related party” may not participate in any review or analysis of the related party transaction.

Transactions with TCV

In November 2011, the Company issued \$200.0 million aggregate principal amount of zero coupon senior convertible notes due on December 1, 2018 (the “Convertible Notes”) in a private placement offering to TCV VII, L.P., TCV VII(A), L.P., and TCV Member Fund, L.P. Jay Hoag, general partner of these funds also serves on the Company’s board of directors, and as such, the issuance of the notes is considered a related party transaction. The Convertible Notes are the Company’s general, unsecured obligations and are effectively subordinated to all of the Company’s existing and future secured debt, to the extent of the assets securing such debt, and are structurally subordinated to all liabilities of the Company’s subsidiaries, including trade payables. The Convertible Notes do not bear interest, except in specified circumstances. The initial conversion rate for the Convertible Notes is 11.6553 shares of the Company’s common stock, par value \$0.001 per share, per \$1,000 principal amount of notes. This is equivalent to an initial conversion price of approximately \$85.80 per share of common stock. Holders may surrender their notes for conversion at any time prior to the close of business on the day immediately preceding the maturity date of the notes. The Convertible Notes are repayable in whole or in part upon the occurrence of a change of control, at the option of the holders, at a purchase price in cash equal to 120% of the principal amount. At any time following May 28, 2012, the Company may elect to cause the conversion of the Convertible Notes into shares of the Company’s common stock when specified conditions are satisfied, including that the daily volume weighted average price of the Company’s common stock is equal or greater than \$111.54 for at least 50 trading days during a 65 trading day period prior to the conversion date.

In connection with the issuance and sale of the Notes, the Company entered into a registration rights agreement with TCV (the “Registration Rights Agreement”), dated November 28, 2011. Under the Registration Rights Agreement, TCV has certain registration rights with respect to the shares of Common Stock issuable upon conversion of the Notes (“Registrable Securities”). The Company was obligated to file a shelf registration statement covering the resale of the Registrable Securities, which was filed on March 23, 2012, and will have the ability to suspend the distribution of Registrable Securities by TCV in certain circumstances, including during a black-out period under the Company’s insider trading policy.
