In recent conversations with stakeholders and long term shareholders, members of the Board of Directors (the “Board”) of Argo International Holdings, Ltd. (the “Company”) have discussed the ongoing refreshment process of the Board. These conversations have included the strategic rationale behind the recruitment of each of the five new Board members added in recent periods, and expectations that the existing size of the Board (13) will decrease back to 10 members over the next three years as a function of retirement of some directors and ongoing recruitment of new directors. The Board believes that the orderly refreshment process currently underway, with periods of overlapping service among veteran and new directors, provides stability and transfer of institutional knowledge beneficial to overseeing the Company’s business. Detailed information regarding the Company’s individual Board members is incorporated in its recently filed proxy statement.
