- Reaffirming expected annual 6%-8% 2025-2029 non-GAAP adjusted EPS growth

**MERRILLVILLE, Ind.** - NiSource Inc. (NYSE: NI) today announced, on a GAAP basis, net income available to common shareholders for the three months ended June 30, 2025, of \$102.2 million, or \$0.22 of earnings per diluted share, compared to net income available to common shareholders of \$85.8 million, or \$0.19 of earnings per diluted share, for the same period of 2024. NiSource also reported second quarter 2025 non-GAAP adjusted net income available to common shareholders of \$101.9 million, or \$0.22 of adjusted earnings per share ("EPS") compared to non-GAAP adjusted net income available to common shareholders of \$94.7 million, or \$0.21 of adjusted EPS, for the same period of 2024. For the six months ended June 30, 2025, NiSource's non-GAAP adjusted net income available to common shareholders of \$564.2 million, or \$1.19 adjusted EPS, compared to non-GAAP adjusted net income available to common shareholders of \$477.5 million, or \$1.06 adjusted EPS, for the same period of 2024. NiSource is narrowing 2025 non-GAAP adjusted EPS guidance to the upper half of \$1.85-\$1.89. Annual rate base growth of 8%-10% and non-GAAP adjusted EPS growth of 6%-8% annually is driven by \$19.4 billion of capital expenditures for the 2025-2029 period.

"Our dedicated team of employees and contractors work hard to serve our customers and communities every day. As we look ahead, we remain focused on strong execution of our strategy and operations," said NiSource President and CEO, Lloyd Yates. "Our base capital plan includes critical investments to ensure reliability for our customers and the increased 2025 earnings expectations is driven by our dedication and ability to deliver on our financial commitments while supporting the growth and reliability of our systems."

## **\*\*Non-GAAP Disclosure Statement**

This press release includes financial results and guidance for NiSource with respect to adjusted net income available to common shareholders and adjusted EPS, which are non-GAAP financial measures as defined by the SEC. The company includes these measures because management believes they permit investors to view the company's performance using the same tools that management uses and to better evaluate the company's ongoing business performance. With respect to guidance on adjusted EPS, NiSource reminds investors that it does not provide a GAAP equivalent of its guidance on adjusted EPS due to the impact of unpredictable factors such as fluctuations in weather, impact of asset sales and impairments and other unusual or infrequent items included in the comparable GAAP measures, which may be material. The company is not able to estimate the impact of such factors on the comparable GAAP measures and, as such, the company is not able to provide a reconciliation of its non-GAAP adjusted EPS guidance to the comparable GAAP equivalents without unreasonable efforts.
