(1.) BASIS OF PRESENTATION

Integer Holdings Corporation (together with its consolidated subsidiaries, "Integer" or the "Company") is a publicly-traded corporation listed on the New York Stock Exchange under the symbol "ITGR." Integer is a medical device outsource manufacturer serving the cardiac rhythm management, neuromodulation, orthopedics, vascular, advanced surgical and portable medical markets. The Company provides innovative, high-quality medical technologies that enhance the lives of patients worldwide. In addition to medical technologies, the Company develops batteries for high-end niche applications in the energy, military, and environmental markets. The Company's customers include large multi-national original equipment manufacturers ("OEMs") and their affiliated subsidiaries.

The accompanying condensed consolidated financial statements are presented in accordance with the rules and regulations of the United States ("U.S.") Securities and Exchange Commission ("SEC") and do not include all of the disclosures normally required by U.S. generally accepted accounting principles ("U.S. GAAP") as contained in the Company's Annual Report on Form 10-K. Accordingly, these condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's most recent Annual Report on Form 10-K for the fiscal year ended December 31, 2022.

In the opinion of management, the condensed consolidated financial statements reflect all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation of the results of the Company for the periods presented. The results for interim periods are not necessarily indicative of results or trends that may be expected for the fiscal year as a whole. The condensed consolidated financial statements were prepared using U.S. GAAP, which require management to make estimates and assumptions that affect the reported amounts of assets, liabilities, certain components of equity, sales, expenses, and related disclosures at the date of the financial statements and during the reporting period. Actual results could differ materially from these estimates.

The first quarters of 2023 and 2022 ended on March 31 and April 1, respectively, and consisted of 90 days and 91 days, respectively.

Recent Accounting Pronouncements

The Company considers the applicability and impact of all Accounting Standard Updates ("ASU") issued by the Financial Accounting Standards Board ("FASB"). The Company evaluated all recent accounting pronouncements issued, including those that are currently effective, and determined that the adoption of these pronouncements would not have a material effect on the financial position, results of operations or cash flows of the Company. There have been no new or material changes to the significant accounting policies discussed in the Company's Annual Report on Form 10-K for the year ended December 31, 2022, that are of significance, or potential significance, to the Company.

(2.) BUSINESS ACQUISITIONS

On April 6, 2022, the Company acquired 100% of the equity interests of Connemara Biomedical Holdings Teoranta, including its operating subsidiaries Aran Biomedical and Proxy Biomedical (collectively "Aran"), a recognized leader in proprietary medical textiles, high precision biomaterial coverings and coatings as well as advanced metal and polymer braiding. Aran delivers development and manufacturing solutions for implantable medical devices. Consistent with the Company's strategy, the combination with Aran further increases Integer's ability to offer complete solutions for complex delivery and therapeutic devices in high growth cardiovascular markets such as structural heart, neurovascular, peripheral vascular, and endovascular as well as general surgery. The Company funded the purchase price with borrowings under its Revolving Credit Facility. Aran is included in the Company's Medical segment.

The total consideration transferred was \$141.3 million, which includes an initial cash payment of \$133.9 million (\$129.3 million net of cash acquired) and \$7.4 million in estimated fair value of contingent consideration. The contingent consideration represents the estimated fair value of the Company's obligation, under the purchase agreement, to make additional payments of up to €10 million (\$10.9 million at the exchange rate as of April 6, 2022) based on Aran's achievement of 2022 revenue growth milestones. The earn-out period ended on December 31, 2022 and, in accordance with the terms of the share purchase agreement, full payment was made in April 2023. See Note 13 "Financial Instruments and Fair Value Measurements" for additional information related to the fair value measurement of the contingent consideration.

The cost of the acquisition was allocated to the assets acquired and liabilities assumed based upon its estimated fair value at the date of the acquisition. There were no adjustments to the initial purchase price allocation. The following table summarizes the final fair values of the assets acquired and liabilities assumed (in thousands):

Fair value of net assets acquired

· · · · · . · · . · · · · · · · · · · · · · · · · · · · ·	
Current assets	\$ 9,319
Property, plant and equipment	4,151
Goodwill	68,460
Definite-lived intangible assets	71,485
Operating lease assets	3,505
Other noncurrent assets	1,354
Current liabilities	(4,370)
Operating lease liabilities	(3,258)
Other noncurrent liabilities	(9,377)
Fair value of net assets acquired	\$ 141,269

Pro Forma (unaudited) disclosures

The following table presents (in thousands) unaudited pro forma results of operations for the three months ended April 1, 2022 as if Aran had been included in the Company's financial results as of the beginning of fiscal year 2021, through the date of acquisition. The pro forma results include the historical results of operations of the Company and Aran, as well as adjustments for additional amortization of the assets acquired, additional interest expense related to the financing of the transactions and other transactional adjustments. The pro forma results do not include efficiencies, cost reductions or synergies expected to result from the acquisition. These pro forma results do not purport to be indicative of the results that would have been obtained, or to be a projection of results that may be obtained in the future.

Sales	\$ 316,275
Net income	12,127

Acquisition costs

Direct costs of this acquisition were not material for the three months ended March 31, 2023. During the three months ended April 1, 2022, direct costs of this acquisition of \$0.9 million were expensed as incurred and included in Restructuring and other charges in the Condensed Consolidated Statements of Operations and Comprehensive Income.

(3.) SUPPLEMENTAL CASH FLOW INFORMATION

Senior Secured Credit Facilities

On September 2, 2021, the Company entered into a credit agreement (the "2021 Credit Agreement"), governing the Company's senior secured credit facilities (the "Senior Secured Credit Facilities"). As of December 31, 2022, the Senior Secured Credit Facilities consisted of a five-year \$400 million revolving credit facility (the "Revolving Credit Facility"), a five-year "term A" loan (the "TLA Facility") and a seven-year "term B" loan (the "TLB Facility" and, together with the TLA Facility, the "Term Loan Facilities"). The TLB Facility was issued at a 0.50% discount.

Amendments to the 2021 Credit Agreement

On January 30, 2023, the Company entered into a first amendment (the "First Amendment") to the 2021 Credit Agreement to, among other things: (i) permit the Company to issue the notes (described below under 2028 Convertible Notes) and incur indebtedness thereunder in an aggregate principal amount of up to \$600 million at any time outstanding; (ii) permit the Company to enter into bond hedge and capped call transactions; (iii) permit the Company to issue call options, warrants or purchase rights relating to the Company's common stock; provided, in each case, that the terms of any such transaction are customary for transactions of such type.

On February 15, 2023, the Company entered into a second amendment (the "Second Amendment") to the 2021 Credit Agreement to, among other things: (i) increase the maximum borrowing capacity under the Revolving Credit Facility by \$100 million from \$400 million to \$500 million, (ii) extend the maturity date for both the Revolving Credit Facility and the TLA Facility to February 15, 2028, (iii) allow for borrowings by the Company under the Revolving Credit Facility denominated in Euros, subject to a sublimit equal to 50% of the maximum borrowing capacity under the Revolving Credit Facility, (iv) replace the LIBOR-based reference interest rate option with a forward-looking term rate based on the secured overnight financing rate (SOFR) for the applicable interest period plus an adjustment of 0.10% per annum ("Adjusted Term SOFR"), and (v) add carveouts to certain negative covenants included within the 2021 Credit Agreement to permit the expansion of capacity in Ireland by the Company and incur indebtedness related thereto.

The information provided below reflects the First Amendment and Second Amendment (collectively the "2023 Amendments") described above. Details of our Long-term debt as of December 31, 2022 can be found in the Company's Annual Report on Form 10-K for the year ended December 31, 2022.

Revolving Credit Facility

The Revolving Credit Facility matures on February 15, 2028. As of March 31, 2023, the Company had available borrowing capacity on the Revolving Credit Facility of \$377.5 million after giving effect to \$119.0 million of outstanding borrowings and \$3.5 million of outstanding standby letters of credit. Borrowings under the Revolving Credit Facility will bear interest at a rate of Adjusted Term SOFR, in relation to any loan in U.S. dollars, and EURIBOR, in relation to any loan in Euros, plus a margin based on the Company's Secured Net Leverage Ratio (as defined in the Senior Secured Credit Facilities agreement). In addition, the Company is required to pay a commitment fee on the unused portion of the Revolving Credit Facility, which will range between 0.15% and 0.25%, depending on the Company's Secured Net Leverage Ratio. As of March 31, 2023, the weighted average interest rate on outstanding borrowings under the Revolving Credit Facility was 4.76% and the commitment fee on the unused portion of the Revolving Credit Facility was 0.20%.

(6.) DEBT (Continued)

Term Loan Facilities

The TLA Facility matures on February 15, 2028, and requires quarterly installments. The quarterly principal installments under the TLA Facility increase over the term of the loan. The interest rate terms for the TLA Facility are the same as those above for the Revolving Credit Facility borrowings in U.S. dollars. As of March 31, 2023, the interest rate on the TLA Facility was 6.66%.

In February 2023, the Company used a portion of the proceeds from its notes offering (see 2028 Convertible Senior Notes and Related Capped Call Transactions) to settle in full principal and interest due under the TLB Facility.

Deferred Debt Issuance Costs and Discounts

The change in deferred debt issuance costs related to the Company's Revolving Credit Facility is as follows (in thousands):

December 31, 2022	\$ 2,387
Financing costs incurred	579
Write-off of deferred debt issuance costs	(260)
Amortization during the period	 (130)
March 31, 2023	\$ 2,576

The change in unamortized discount and deferred debt issuance costs related to the Term Loan Facilities is as follows (in thousands):

	erred Debt nance Costs	Unamortized scount on TLB Facility	Total
December 31, 2022	\$ 4,569	\$ 1,408	\$ 5,977
Financing costs incurred	418	_	418
Write-off of deferred debt issuance costs and unamortized discount	(2,742)	(1,391)	(4,133)
Amortization during the period	(150)	(17)	(167)
March 31, 2023	\$ 2,095	\$ 	\$ 2,095

Debt issuance costs are either deferred and amortized over the term of the associated debt or expensed as incurred. In connection with the 2023 Amendments, the Company incurred and capitalized an aggregate of \$1.0 million of debt issuance costs.

In connection with the 2023 Amendments, for each separate debt instrument on a lender by lender basis, in accordance with ASC 470-50, *Debt Modifications and Extinguishment*, the Company performed an assessment of whether the transaction was deemed to be new debt, a modification of existing debt, or an extinguishment of existing debt.

Based on this assessment, \$3.8 million of unamortized deferred debt issuance costs related to the Revolving Credit Facility and TLA Facility were deemed to be related to the issuance of new debt, or the modification of existing debt, and therefore will continue to be deferred and amortized over the term of the associated debt. The remaining \$0.6 million of unamortized deferred debt issuance costs related to the Revolving Credit Facility and TLA Facility were deemed to be related to the extinguishment of debt and were expensed and included in Interest expense during the three months ended March 31, 2023. Additionally, in connection with the full repayment of the TLB Facility, the Company incurred a \$3.8 million loss on extinguishment of debt from the write-off of the remaining deferred debt issuance costs and original issue discount, which were expensed and included in Interest expense during the three months ended March 31, 2023.

Covenants

The Senior Secured Credit Facilities agreement contains customary terms and conditions, including representations and warranties and affirmative and negative covenants, as well as financial covenants for the benefit of the lenders under the Revolving Credit Facility and the TLA Facility, which require that (i) the Company maintain a Total Net Leverage Ratio not to exceed 5.50:1.00 (stepping down to 5.00:1.00 for the third fiscal quarter of 2023 through maturity and subject to increase in certain circumstances following qualified acquisitions, but shall not exceed 5.50:1.00) and (ii) the Company maintain an interest coverage ratio of at least 2.50:1.00. As of March 31, 2023, the Company was in compliance with these financial covenants.

(6.) DEBT (Continued)

Contractual maturities under the Senior Secured Credit Facilities for the remainder of 2023 and through maturity, excluding any discounts or premiums, as of March 31, 2023 are as follows (in thousands):

	ainder of 2023	2024	2025	2026	2027	A	fter 2027
Future minimum principal payments	\$ 7,500	\$ 10,000	\$ 17,500	\$ 27,500	\$ 30,000	\$	426,540

2028 Convertible Senior Notes and Related Capped Call Transactions

In February of 2023, the Company issued \$500 million aggregate principal amount of Convertible Senior Notes due in 2028 ("2028 Notes") in a private offering, which aggregate principal amount included the exercise in full of the initial purchasers' option to purchase up to an additional \$65 million principal amount of the 2028 Notes. The 2028 Notes mature on February 15, 2028 and bear interest at a fixed rate of 2.125% per annum, payable semiannually in arrears on February 15 and August 15 of each year, beginning on August 15, 2023. The total net proceeds from the issuance of the 2028 Notes (which includes the additional proceeds from the purchasers' option), after deducting initial purchasers' discounts and commissions and debt issuance costs, were approximately \$485 million.

Conversion and Redemption Terms of the 2028 Notes

Each \$1,000 principal amount of the 2028 Notes is initially convertible into 11.4681 shares of the Company's common stock (the "2028 Conversion Option"), which is equivalent to an initial conversion price of approximately \$87.20 per share of common stock, subject to standard anti-dilutive adjustments and adjustments upon the occurrence of specified events. The initial conversion price represents a premium of approximately 32.5% to the \$65.81 per share closing price of the Company's common stock on January 31, 2023.

The 2028 Notes are convertible, in multiples of \$1,000 principal amount, at the option of the holders prior to the close of business on the business day immediately preceding November 15, 2027, only under the following circumstances: (1) during any calendar quarter commencing after the calendar quarter ending on March 31, 2023 (and only during such calendar quarter), if the last reported sale price of the Company's common stock for at least 20 trading days (whether or not consecutive) during a period of 30 consecutive trading days ending on, and including, the last trading day of the immediately preceding calendar quarter is greater than or equal to 130% of the conversion price on each applicable trading day; (2) during the five business day period after any ten consecutive trading day period (the "Measurement Period") in which the trading price (as defined in the Indenture governing the 2028 Notes) per \$1,000 principal amount of the 2028 Notes for each trading day of the Measurement Period was less than 98% of the product of the last reported sale price of the Company's common stock and the conversion rate in effect on each such trading day; (3) if the Company calls any or all of the 2028 Notes for redemption, at any time prior to the close of business on the second scheduled trading day immediately preceding the redemption date; or (4) upon the occurrence of specified corporate events. On or after November 15, 2027 until the close of business on the second scheduled trading day immediately preceding the maturity date, holders may convert all or any portion of their 2028 Notes, in multiples of \$1,000 principal amount, at the option of the holder regardless of the foregoing circumstances.

Upon conversion, the 2028 Notes will be settled in cash up to the aggregate principal amount of the 2028 Notes to be converted, and in cash, shares of the Company's common stock or a combination thereof, at the Company's option, in respect of the remainder, if any, of the Company's conversion obligation in excess of the aggregate principal amount of the 2028 Notes being converted. If the Company undergoes a fundamental change (as defined in the indenture governing the 2028 Notes), subject to certain conditions, holders may require the Company to repurchase for cash all or any portion of their 2028 Notes, in principal amounts of \$1,000 or a multiple thereof, at a fundamental change repurchase price equal to 100% of the principal amount of the 2028 Notes to be repurchased, plus accrued and unpaid interest, if any, to, but excluding, the fundamental change repurchase date. In addition, following certain corporate events or if the Company issues a notice of redemption, it will, under certain circumstances, increase the conversion rate for holders who elect to convert their notes in connection with such corporate event or during the relevant redemption period.

As of March 31, 2023, the conditions allowing holders of the Convertible Notes to convert had not been met and, therefore, the Convertible Notes are classified as a long-term liability on the Condensed Consolidated Balance Sheets at March 31, 2023.

(6.) DEBT (Continued)

The Company may not redeem the 2028 Notes prior to February 20, 2026. The Company may redeem for cash all or any portion of the 2028 Notes, at its option, on or after February 20, 2026 and prior to February 15, 2028, if the last reported sale price of its common stock has been at least 130% of the conversion price then in effect for at least 20 trading days (whether or not consecutive) during any 30 consecutive trading day period (including the last trading day of such period) ending not more than two trading days immediately preceding the date on which the Company provides notice of redemption at a redemption price equal to 100% of the principal amount of the 2028 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the redemption date. No sinking fund is provided for the 2028 Notes.

Seniority of the 2028 Notes

The 2028 Notes are the Company's senior unsecured obligations and rank senior in right of payment to any of the Company's indebtedness that is expressly subordinated in right of payment to the 2028 Notes; equal in right of payment to any of the Company's unsecured indebtedness that is not so subordinated; effectively junior in right of payment to any of the Company's secured indebtedness to the extent of the value of the assets securing such indebtedness; and structurally junior to all indebtedness and other liabilities (including trade payables) of the Company's subsidiaries.

Indenture

The Company issued the Notes pursuant to an indenture dated as of February 3, 2023 (the "Indenture") by and between the Company and Wilmington Trust, National Association, as trustee. The Indenture provides for customary events of default, which include (subject in certain cases to grace and cure periods), among others: nonpayment of principal or interest; failure by the Company to comply with its conversion obligations upon exercise of a holder's conversion right under the Indenture; breach of covenants or other agreements in the Indenture; defaults by the Company or any significant subsidiary (as defined in the Indenture) with respect to other indebtedness in excess of a threshold amount; failure by the Company or any significant subsidiary to pay final judgments in excess of a threshold amount; and the occurrence of certain events of bankruptcy, insolvency or reorganization with respect to the Company or any significant subsidiary. Generally, if an event of default occurs and is continuing under the Indenture, either the Indenture trustee or the holders of at least 25% in aggregate principal amount of the 2028 Notes then outstanding may declare the principal amount plus accrued and unpaid interest on the Notes to be immediately due and payable.

Covenants

The 2028 Notes do not contain financial maintenance covenants.

Deferred Debt Issuance Costs and Discounts

The 2028 Notes are accounted for as a single liability measured at amortized cost. The discount and issuance costs related to the 2028 Notes are being amortized to interest expense over the contractual term of the 2028 Notes at an effective interest rate of 2.76%.

Fair Value of the 2028 Notes

The estimated fair value of the 2028 Notes was approximately \$544 million as of March 31, 2023. The estimated fair value of the 2028 Notes was determined through consideration of quoted market prices. The fair value of the 2028 Notes are categorized in Level 2 of the fair value hierarchy.

Capped Call Transactions

In connection with the issuance of the 2028 Notes, the Company entered into privately negotiated capped call transactions (the "Capped Calls") with certain financial institutions. The Capped Calls are expected generally to reduce the potential dilution to the Company's common stock in connection with any conversion of the 2028 Notes and/or offset any cash payments the Company is required to make in excess of the principal amount of converted 2028 Notes, as the case may be, with such reduction and/or offset subject to a cap based on strike price of written warrants. The initial upper strike price of the Capped Calls is \$108.59 per share and is subject to certain adjustments under the terms of the Capped Calls. The Capped Calls cover, subject to anti-dilution adjustments, approximately 5.8 million shares of the Company's common stock, the same number of shares initially underlying the 2028 Notes. For accounting purposes, the Capped Calls are separate transactions, and not integrated with the issuance of the 2028 Notes. As these transactions meet certain accounting criteria, the Capped Calls are recorded in stockholders' equity and are not accounted for as derivatives. The 2028 Notes and the Capped Calls will be integrated for tax purposes. The accounting impact of this tax treatment results in the Capped Calls being deductible as original issue discount for tax purposes over the term of the 2028 Notes, which generates an \$8.8 million deferred tax asset recognized through equity. The cost to the Company of the Capped Calls was \$35 million which was recorded, net of tax, as a reduction to additional paid-in capital.

(7.) STOCK-BASED COMPENSATION

The Company maintains certain stock-based compensation plans that were approved by the Company's stockholders and are administered by the Board of Directors (the "Board") or the Compensation and Organization Committee of the Board. The stock-based compensation plans provide for the granting of stock options, restricted stock awards, performance awards, time-based restricted stock units ("RSUs"), performance-based RSUs ("PRSUs"), stock appreciation rights and stock bonuses to employees, non-employee directors, consultants, and service providers.

Stock-based Compensation Expense

The components and classification of stock-based compensation expense were as follows (in thousands):

	Three Months Ended				
		March 31, 2023		April 1, 2022	
RSUs and PRSUs	\$	6,102	\$	4,995	
Total stock-based compensation expense	\$	6,102	\$	4,995	
Cost of sales	\$	1,107	\$	769	
Selling, general and administrative		4,465		3,545	
Research, development and engineering		469		325	
Restructuring and other charges		61		356	
Total stock-based compensation expense	\$	6,102	\$	4,995	

Stock Options

The following table summarizes the Company's stock option activity for the three month period ended March 31, 2023:

	Number of Stock Options	Weighted Average Exercise Price	Weighted Average Remaining Contractual Life (In Years)	_ (Aggregate Intrinsic Value In Millions)
Outstanding at December 31, 2022	240,622	\$ 38.51			
Exercised	(35,784)	36.78			
Outstanding and exercisable at March 31, 2023	204,838	\$ 38.82	3.2	\$	7.9

Time-Based Restricted Stock Units

Most RSUs granted during the three months ended March 31, 2023 vest over a period of three years from the grant date, subject to the recipient's continuous service to the Company. The grant-date fair value of all time-based RSUs is equal to the closing market price of Integer common stock on the date of grant.

The following table summarizes RSU activity for the three month period ended March 31, 2023:

	Time-Vested Activity	Weighted Average Grant Date Fair Value
Nonvested at December 31, 2022	291,929	\$ 77.58
Granted	178,857	74.21
Vested	(84,079)	79.34
Forfeited	(8,888)	78.07
Nonvested at March 31, 2023	377,819	\$ 75.58

(7.) STOCK-BASED COMPENSATION (Continued)

Performance-Based Restricted Stock Units

For the Company's PRSUs, in addition to service conditions, the ultimate number of shares to be earned depends on the achievement of financial and market-based performance conditions over three year performance periods. The financial performance conditions are based on the Company's sales targets. The market-based performance conditions are based on the Company's achievement of a relative total shareholder return performance requirement, on a percentile basis, compared to a defined group of peer companies, or contingent upon achieving specified stock price milestones over a five year performance period.

The following table summarizes PRSU activity for the three month period ended March 31, 2023:

	Performance- Vested Activity	Weighted Average Grant Date Fair Value
Nonvested at December 31, 2022	263,906	\$ 90.29
Granted	104,285	74.25
Vested	(24,427)	107.26
Forfeited	(40,467)	86.39
Nonvested at March 31, 2023	303,297	\$ 83.93

The Company uses a Monte Carlo simulation model to determine the grant-date fair value of awards with market-based performance conditions. The grant-date fair value of all other PRSUs is equal to the closing market price of Integer common stock on the date of grant. The weighted average fair value and assumptions used to value the PRSU awards granted with market-based performance conditions are as follows:

		Three Months Ended					
	March 31, 2023			April 1, 2022			
Weighted average fair value	\$	74.29	\$	97.58			
Risk-free interest rate		3.79 %		1.58 %			
Expected volatility		46 %		42 %			
Expected life (in years)		3.0		3.9			
Expected dividend yield		<u> </u>		<u> </u>			

The valuation of the market-based PRSUs granted during 2023 and 2022 also reflects a weighted average illiquidity discount of 11.23% and 9.25%, respectively, related to the six-month period that recipients are restricted from selling, transferring, pledging or assigning the underlying shares, in the event of vesting.

(8.) RESTRUCTURING AND OTHER CHARGES

The Company continuously evaluates the business and identifies opportunities to realign its resources to better serve its customers and markets, improve operational efficiency and capabilities, and lower its operating costs or improve profitability. To realize the benefits associated with these opportunities, the Company undertakes restructuring-type activities to transform its business. The Company incurs costs associated with these activities, which primarily include exit and disposal costs and other costs directly related to the restructuring initiative. The Company records exit and disposal costs ("restructuring charges") as incurred in accordance with ASC 420, *Exit or Disposal Cost Obligations*, and are classified within Restructuring and other charges, while other costs directly related to the restructuring initiatives ("restructuring-related charges") are classified within Cost of sales, Selling, general and administrative, and Research, development and engineering expenses in the Company's Condensed Consolidated Statements of Operations and Comprehensive Income.

In addition, from time to time, the Company incurs costs associated with acquiring and integrating businesses, and certain other general expenses, including asset impairments. The Company classifies costs associated with these items within Restructuring and other charges in the Company's Condensed Consolidated Statements of Operations and Comprehensive Income.

Restructuring and other charges comprise the following (in thousands):

	Three	Three Months Ended			
	March 31, 2023		April 1, 2022		
Restructuring charges	\$ 1,0	54 \$	1,103		
Acquisition and integration costs	3	32	1,936		
Other general expenses		33	296		
Total restructuring and other charges	\$ 1,5	29 \$	3,335		

Restructuring programs

The following table comprises restructuring and restructuring-related charges by income statement classification for the three month periods ended March 31, 2023 and April 1, 2022 (in thousands):

	Three	Mor	ths E	Ended
	March 31, 20	23		April 1, 2022
Restructuring charges:				
Restructuring and other charges	\$ 1,0	064	\$	1,103
Restructuring-related expenses ^(a) :				
Cost of sales		177		155
Selling, general and administrative	:	241		318
Research, development and engineering	:	323		177
Total restructuring and restructuring-related charges	\$ 1,	305	\$	1,753

⁽a) Restructuring-related expenses primarily include retention bonuses and consulting expenses.

Operational excellence initiatives

The Company's operational excellence ("OE") initiatives mainly consist of costs associated with executing on its sales force, manufacturing, business process and performance excellence operational strategic imperatives. These projects focus on changing the Company's organizational structure to match product line growth strategies and customer needs, transitioning its manufacturing process into a competitive advantage and standardizing and optimizing its business processes.

2022 OE Initiatives - Costs related to the Company's 2022 OE initiatives are primarily recorded within the Medical segment or unallocated operating expenses and mainly include termination benefits. The Company estimates that it will incur aggregate pre-tax charges in connection with the 2022 OE initiatives of between approximately \$5 million to \$6 million, the majority of which are expected to be cash expenditures. As of March 31, 2023, total restructuring and restructuring-related charges incurred since inception were \$4.1 million. These actions are expected to be substantially complete by the end of 2025.

(8.) RESTRUCTURING AND OTHER CHARGES (Continued)

2021 OE Initiatives - Costs related to the Company's 2021 OE initiatives are primarily recorded within the Medical segment or unallocated operating expenses and mainly include termination benefits. The Company estimates that it will incur aggregate pre-tax charges in connection with the 2021 OE initiatives of approximately \$5 million, the majority of which are expected to be cash expenditures. As of March 31, 2023, total restructuring and restructuring-related charges incurred since inception were \$4.9 million. These actions were substantially complete by the end of 2022.

Strategic reorganization and alignment

The Company's strategic reorganization and alignment ("SRA") initiatives primarily include those that align resources with market conditions and the Company's strategic direction in order to enhance the profitability of its portfolio of products.

Cost Reduction Initiatives - As of March 31, 2023, the Company incurred \$1.5 million since inception in restructuring charges related to cost reduction actions taken in response to higher manufacturing and direct labor costs. These charges consisted of employee termination benefits. The Company expects to incur aggregate pre-tax cash charges of up to \$2 million through completion in the second quarter of 2023.

2021 SRA Initiatives - During the fourth quarter of 2021, the Company initiated plans to exit certain markets served in its Medical segment to enhance profitability and reallocate manufacturing capacity needed to support the Company's overall growth plans. The Company estimates that it will incur a range of pre-tax charges in connection with the 2021 SRA initiatives of approximately \$7 million and \$9 million, the majority of which are expected to be cash expenditures. Costs related to the Company's 2021 SRA Initiatives are primarily recorded within the Medical segment and mainly include termination benefits. As of March 31, 2023, total restructuring and restructuring-related charges incurred since inception were \$4.7 million. These actions are expected to be completed by the end of 2025.

Manufacturing alignment to support growth

In 2022, the Company commenced initiatives designed to reduce costs and improve operating efficiencies by relocating certain manufacturing operations. The Company estimates that it will incur a range of pre-tax charges in connection with these initiatives of approximately \$2 million and \$3 million, the majority of which are expected to be cash expenditures. As of March 31, 2023, total restructuring and restructuring-related charges incurred since inception were \$0.4 million. These actions are expected to be substantially complete by the end of 2024.

The following table summarizes the activity for restructuring reserves (in thousands):

	ex	erational cellence itiatives	reorga	trategic nization and ignment	Total
December 31, 2022	\$	232	\$	2,134	\$ 2,366
Charges incurred, net of reversals		498		566	1,064
Cash payments		(417)		(1,862)	(2,279)
March 31, 2023	\$	313	\$	838	\$ 1,151

Acquisition and integration

Acquisition and integration costs primarily consist of professional fees and other costs related to business acquisitions. During the three months ended March 31, 2023 and April 1, 2022, acquisition and integration costs included expenses primarily related to the acquisitions of Oscor and Aran of \$0.4 million and \$1.9 million, respectively. Acquisition and integration costs for the three months ended March 31, 2023 and April 1, 2022, included a benefit of \$0.3 million and expense of \$0.1 million to adjust the fair value of acquisition-related contingent consideration liabilities. See Note 13 "Financial Instruments and Fair Value Measurements" for additional information related to the fair value measurement of the contingent consideration.

Other general expenses

During the three months ended March 31, 2023 and April 1, 2022, the Company recorded expenses related to other initiatives not described above, which relate primarily to integration and operational initiatives to reduce future costs and improve efficiencies.

(9.) INCOME TAXES

The income tax provision for interim periods is determined using an estimate of the annual effective tax rate, adjusted for discrete items, if any, that are taken into account in the relevant period. Each quarter, the estimate of the annual effective tax rate is updated, and if the estimated effective tax rate changes, a cumulative adjustment is made. There is a potential for volatility of the effective tax rate due to several factors, including discrete items, changes in the mix and amount of pre-tax income and the jurisdictions to which it relates, changes in tax laws and foreign tax holidays, business reorganizations, settlements with taxing authorities and foreign currency fluctuations. In addition, the Company continues to explore tax planning opportunities that may have a material impact on its effective tax rate.

The Company's effective tax rate for the first quarter of 2023 was 18.3% on \$16.0 million of income before taxes compared to 18.5% on \$13.9 million of income before taxes for the same period in 2022. The difference between the Company's effective tax rates and the U.S. federal statutory income tax rate of 21% for the first quarter of 2023 and 2022 is due principally to the net impact of the Company's earnings outside the U.S., which are generally taxed at rates that differ from the U.S federal rate, the Global Intangible Low-Taxed Income ("GILTI") tax, the Foreign Derived Intangible Income ("FDII") deduction, the availability of tax credits, and the recognition of certain discrete tax items. For the first quarter of 2023 and 2022 the Company recorded discrete tax expense of \$0.1 million and \$0.5 million, respectively. The discrete tax amounts for both periods predominately relate to excess tax benefits recognized upon vesting of RSUs during those quarters and/or tax shortfalls recorded for the forfeiture of certain PRSUs.

Unrecognized tax benefits reflect the difference between positions taken or expected to be taken on income tax returns and the amounts reflected in the financial statements. As of March 31, 2023, the Company had unrecognized tax benefits of approximately \$7.9 million, of which approximately \$7.8 million would favorably impact the effective tax rate, net of federal benefit on state issues, if recognized. As of March 31, 2023, the Company believes it is reasonably possible that a reduction of approximately \$1.9 million of the balance of unrecognized tax benefits may occur within the next 12 months as a result of various statute expirations, audit closures, and/or tax settlements.

(10.) COMMITMENTS AND CONTINGENCIES

Contingent Consideration Arrangements

The Company records contingent consideration liabilities related to the earn-out provisions for certain acquisitions. See Note 13 "Financial Instruments and Fair Value Measurements" for additional information.

Litigation

The Company is subject to litigation arising from time to time in the ordinary course of its business. The Company does not expect that the ultimate resolution of any pending legal actions will have a material effect on its consolidated results of operations, financial position, or cash flows. However, litigation is subject to inherent uncertainties. As such, there can be no assurance that any pending legal action, which the Company currently believes to be immaterial, will not become material in the future.

Product Warranties

The Company generally warrants that its products will meet customer specifications and will be free from defects in materials and workmanship. The product warranty liability is presented within Accrued expenses and other current liabilities on the Condensed Consolidated Balance Sheets. The change in product warranty liability comprised the following (in thousands):

December 31, 2022	\$ 77
Additions to warranty reserve, net of reversals	7
March 31, 2023	\$ 84

(11.) EARNINGS PER SHARE ("EPS")

The following table sets forth a reconciliation of the information used in computing basic and diluted EPS (in thousands, except per share amounts):

Three Months Ended			Ended
	March 31, 2023		April 1, 2022
\$	13,065	\$	11,367
	33,258		33,091
	317		211
	33,575		33,302
\$	0.39	\$	0.34
\$	0.39	\$	0.34
		March 31, 2023 \$ 13,065 33,258 317 33,575 \$ 0.39	March 31, 2023 \$ 13,065 \$ 33,258

The diluted weighted average share calculations do not include the following securities, which are not dilutive to the EPS calculations or the performance criteria have not been met (in thousands):

	Three Mont	hs Ended
	March 31, 2023	April 1, 2022
RSUs	3	3
PRSUs	133	166

The dilutive effect for the Company's 2028 Notes is calculated using the if-converted method. The Company is required, pursuant to the Indenture governing the 2028 Notes, to settle the principal amount of the 2028 Notes in cash and may elect to settle the remaining conversion obligation (i.e., the stock price in excess of the conversion price) in cash, shares of the Company's common stock, or a combination thereof. Under the if-converted method, the Company includes the number of shares required to satisfy the conversion obligation, assuming all the 2028 Notes are converted. Because the average closing price of the Company's common stock for the three months ended March 31, 2023, which is used as the basis for determining the dilutive effect on earnings per share, was less than the conversion price of \$87.20, all associated shares were antidilutive.

In connection with the issuance of the 2028 Notes, the Company entered into privately negotiated capped call transactions with certain financial institutions. The Capped Calls cover, subject to anti-dilution adjustments substantially similar to those in the 2028 Notes, approximately 5.8 million shares of the Company's common stock, the same number of shares initially underlying the 2028 Notes, at a strike price of approximately \$108.59, subject to certain adjustments under the terms of the Capped Calls. The Capped Calls will expire upon the maturity of the 2028 Notes, subject to earlier exercise or termination. Exercise of the Capped Calls would reduce the number of shares of the Company's common stock outstanding, and therefore would be antidilutive.

See Note 6 "Debt" for additional information related to 2028 Notes and Capped Calls.

(12.) STOCKHOLDERS' EQUITY

Common Stock

The following is a summary of the number of shares of common stock issued, treasury stock and common stock outstanding for the three month periods ended March 31, 2023 and April 1, 2022:

	Three Mont	ths Ended
	March 31, 2023	April 1, 2022
Shares outstanding at beginning of period	33,169,778	33,063,336
Stock options exercised	25,376	_
Vesting of RSUs, net of shares withheld to cover taxes	70,236	38,831
Shares outstanding at end of period	33,265,390	33,102,167

Accumulated Other Comprehensive Income

Accumulated other comprehensive income comprises the following (in thousands):

	Defined Benefit Plan Liability		Cash Flow Hedges	Foreign Currency Translation Adjustment		Total Pre-Tax Amount		Tax		Net-of-Tax Amount	
December 31, 2022	\$ (346)	\$	1,760	\$	4,150	\$	5,564	\$	(235)	\$	5,329

Realized loss on interest rate swap hedge	_		767		_		767		(161)		606
Foreign currency translation loss	_		_		(7,887)		(7,887)		_		(7,887)
April 1, 2022	\$ (890)	\$	1,170	\$	21,833	\$	22,113	\$	(76)	\$	22,037

(13.) FINANCIAL INSTRUMENTS AND FAIR VALUE MEASUREMENTS

Assets and Liabilities Measured at Fair Value on a Recurring Basis

Fair value measurement standards apply to certain financial assets and liabilities that are measured at fair value on a recurring basis (each reporting period). For the Company, these financial assets and liabilities include its derivative instruments and contingent consideration. The Company does not have any nonfinancial assets or liabilities that are measured at fair value on a recurring basis.

The Company is exposed to global market risks, including the effect of changes in interest rates and foreign currency exchange rates, and uses derivatives to manage these exposures that occur in the normal course of business. The Company does not hold or issue derivatives for trading or speculative purposes. All derivatives are recorded at fair value on the Condensed Consolidated Balance Sheets.

The following tables provide information regarding assets and liabilities recorded at fair value on a recurring basis (in thousands):

	Fair Value	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
March 31, 2023				
Assets: Interest rate swap	\$ 669	\$ _	\$ 669	\$ _
Assets: Foreign currency hedging contracts	3,258	_	3,258	_
Liabilities: Contingent consideration	11,732	_	_	11,732
December 31, 2022				
Assets: Interest rate swap	\$ 1,262	\$ _	\$ 1,262	\$ _
Assets: Foreign currency hedging contracts	521	_	521	_
Liabilities: Foreign currency hedging contracts	23		23	
Liabilities: Contingent consideration	11,756	_	_	11,756

Derivatives Designated as Hedging Instruments

Interest Rate Swaps

The Company periodically enters into interest rate swap agreements in order to reduce the cash flow risk caused by interest rate changes on its outstanding floating rate borrowings. Under these swap agreements, the Company pays a fixed rate of interest and receives a floating rate equal to one-month LIBOR. The variable rate received from the swap agreements and the variable rate paid on the outstanding debt will have approximately the same rate of interest, excluding the credit spread, and will reset and pay interest on the same date. The Company has designated these swap agreements as cash flow hedges based on concluding the hedged forecasted transaction is probable of occurring within the period the cash flow hedge is anticipated to affect earnings.

Information regarding the Company's outstanding interest rate swap as of March 31, 2023 is as follows (dollars in thousands):

Notional Amount	Maturity Date	Pay Fixed Rate	Current Floating Rate	Fair Valu	e Balance Sheet Location
\$ 100,000	Jun 2023	2.1785 %	4.8306 %	\$ 6	Prepaid expenses and other current assets

Information regarding the Company's outstanding interest rate swap as of December 31, 2022 is as follows (dollars in thousands):

			Receive			
Notional	Maturity		Current			
Amount	Date *	Pay Fixed Rate	Floating Rate	Fair	r Value	Balance Sheet Location
\$ 100,000	Jun 2023	2.1785 %	4.3869 %	\$	1,262	Prepaid expenses and other current assets

(13.) FINANCIAL INSTRUMENTS AND FAIR VALUE MEASUREMENTS (Continued)

Foreign Currency Contracts

The Company periodically enters into foreign currency forward contracts to hedge its exposure to foreign currency exchange rate fluctuations in its international operations. The Company has designated these foreign currency forward contracts as cash flow hedges.

Under master agreements with the respective counterparties to the Company's derivative contracts, subject to applicable requirements, it has the right of set-off and is allowed to net settle transactions of the same type with a single net amount payable by one party to the other. The Company has derivative assets and liabilities associated with Euro denominated foreign currency forward contracts with the same counterparty of \$289 thousand and \$112 thousand, respectively. The net asset of \$177 thousand is presented in Prepaid expenses and other current assets.

Information regarding outstanding foreign currency forward contracts designated as cash flow hedges as of March 31, 2023 is as follows (dollars in thousands):

Notional Amount	Maturity Date	\$/Foreig	n Currency	Fa	ir Value	Balance Sheet Location
\$ 27,653	Dec 2023	0.0485	MXN Peso	\$	3,081	Prepaid expenses and other current assets
41,051	Sep 2023	1.0860	Euro		177	Prepaid expenses and other current assets

Information regarding outstanding foreign currency forward contracts designated as cash flow hedges as of December 31, 2022 is as follows (dollars in thousands):

_	Notional Amount	Maturity <u>Date</u>	\$/Foreigi	n Currency	Fair	Value	Balance Sheet Location
	\$ 37,175	Dec 2023	0.0489	MXN Peso	\$	504	Prepaid expenses and other current assets
	2,685	Mar 2023	0.0249	UYU Peso		17	Prepaid expenses and other current assets
	17,309	Mar 2023	1.0751	Euro		(23)	Accrued expenses and other current liabilities

The following tables present the effect of cash flow hedge derivative instruments on other comprehensive income (loss) ("OCI"), AOCI and the Company's Condensed Consolidated Statements of Operations and Comprehensive Income for the three months ended March 31, 2023 and April 1, 2022 (in thousands):

	Three Months Ended									
		March 31, 2023				April 1, 2022				
		Total	(Loss	nount of Gain s) on Cash Flow edge Activity		Total	(Loss) on	t of Gain Cash Flow Activity

Foreign exchange contracts		28		277	Operating expenses		35		24

(13.) FINANCIAL INSTRUMENTS AND FAIR VALUE MEASUREMENTS (Continued)

The Company expects to reclassify net gains totaling \$3.9 million related to its cash flow hedges from AOCI into earnings during the next twelve months.

Net Investment Hedges

The Company has foreign-denominated long-term debt balances that qualify as net investment hedges. Changes in the value of these net investment hedges due to foreign currency gains or losses are deferred as foreign currency translation adjustments in Other comprehensive income (loss) on the Condensed Consolidated Statements of Operations and Comprehensive Income, and will remain in Accumulated other comprehensive income (loss) until the hedged investment is sold or substantially liquidated. We evaluate the effectiveness of the net investment hedges each quarter.

As of March 31, 2023, the Company had a €100 million borrowing on the Revolving Credit Facility that was designated as a net investment hedge on a portion of the Company's net investments in certain of its entities with functional currencies denominated in the Euro.

Derivatives Not Designated as Hedging Instruments

The Company also has foreign currency exposure on balances, primarily intercompany, that are denominated in a foreign currency and are adjusted to current values using period-end exchange rates. To minimize foreign currency exposure, the Company enters into foreign currency contracts with a one month maturity. At March 31, 2023 and December 31, 2022, the Company had total gross notional amounts of \$17.0 million and \$12.0 million, respectively, of foreign currency contracts outstanding that were not designated as hedges. The fair value of derivatives not designated as hedges was not material for any period presented. The Company recorded a net gain on foreign currency contracts not designated as hedging instruments of \$0.1 million and \$0.3 million, for the three months ended March 31, 2023 and April 1, 2022, respectively, which are included in Other loss, net. Each of the foreign currency contracts not designated as hedging instruments will have approximately offsetting effects from the underlying intercompany loans subject to foreign exchange remeasurement.

Contingent Consideration

The following table presents the changes in the estimated fair values of the Company's liabilities for contingent consideration measured using significant unobservable inputs (Level 3) for the three months ended March 31, 2023 and April 1, 2022 (in thousands):

	Three Months Ended					
		March 31, 2023		April 1, 2022		
Fair value measurement at beginning of period	\$	11,756	\$	2,415		
Fair value measurement adjustment		(265)		54		
Payments		_		(493)		
Foreign currency translation		241		_		
Fair value measurement at end of period	\$	11,732	\$	1,976		

On April 6, 2022, the Company acquired Aran. See Note 2 "Business Acquisitions" for additional information about the Aran acquisition and related contingent consideration. On February 19, 2020, the Company acquired certain assets and liabilities of InoMec Ltd. ("InoMec"), a privately-held company based in Israel that specializes in the research, development and manufacturing of medical devices, including minimally invasive tools, delivery systems, tubing and catheters, surgery tools, drug-device combination, laser combined devices, and tooling and production. On October 7, 2019, the Company acquired certain assets and liabilities of US BioDesign, LLC ("USB"), a privately-held developer and manufacturer of complex braided biomedical structures for disposable and implantable medical devices. The contingent consideration at March 31, 2023 is the estimated fair value of the Company's obligations, under the asset purchase agreements for Aran, InoMec and USB, to make additional payments if certain revenue goals are met.

As of March 31, 2023 and December 31, 2022, the Company assessed the probability of meeting the required revenue threshold as unlikely and determined the fair value of the contingent consideration liability relating to the acquisition of USB was zero. During the three months ended April 1, 2022, the Company made a \$0.5 million payment associated with the USB acquisition, resulting from achievement of revenue-based goals for the period from January 1, 2021 to December 31, 2021.

(13.) FINANCIAL INSTRUMENTS AND FAIR VALUE MEASUREMENTS (Continued)

As of March 31, 2023 and December 31, 2022, the fair value of the contingent consideration liability relating to the acquisition of InoMec was \$0.8 million and \$1.1 million, respectively. The fair value of the contingent consideration liability relating to the acquisition of InoMec was calculated using projected revenue for the remaining earnout period and discounted using a discount rate of 12.3%. The remaining maximum potential undiscounted payout for the contingent consideration liability relating to the acquisition of InoMec is \$1.1 million, with projected payments in 2023 and 2024.

As of March 31, 2023 and December 31, 2022, the fair value of the contingent consideration liability relating to the acquisition of Aran was \$10.7 million and \$10.9 million, respectively. The Company determined that Aran achieved the maximum revenue threshold for the year ended December 31, 2022. The contingent consideration related to Aran was paid in full in April 2023.

As of March 31, 2023 and December 31, 2022, the current portion of contingent consideration liabilities included in Accrued expenses and other current liabilities was \$11.2 million and the non-current portion included in Other long-term liabilities on the Condensed Consolidated Balance Sheets was \$0.6 million.

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

Fair value standards also apply to certain assets and liabilities that are measured at fair value on a nonrecurring basis. The carrying amounts of cash, accounts receivable, accounts payable, and accrued expenses approximate fair value because of the short-term nature of these items.

Borrowings under the Company's Revolving Credit Facility and TLA Facility accrue interest at a floating rate tied to a standard short-term borrowing index, selected at the Company's option, plus an applicable margin. The carrying amount of this floating rate debt approximates fair value based upon the respective interest rates adjusting with market rate adjustments.

Equity Investments

The Company holds long-term, strategic investments in companies to promote business and strategic objectives. These investments are included in Other long-term assets on the Condensed Consolidated Balance Sheets.

Equity investments comprise the following (in thousands):

	March 31, 2023			ecember 31, 2022
Equity method investment	\$	8,097	\$	8,252
Non-marketable equity securities		5,637	_	5,637
Total equity investments	\$	13,734	\$	13,889

The components of Loss on equity investments for each period were as follows (in thousands):

	 Three Mo	nths E	Inded
	March 31, 2023		April 1, 2022
Equity method investment loss	\$ 155	\$	2,404

The Company's equity method investment is in a venture capital fund focused on investing in life sciences companies. As of March 31, 2023, the Company owned 7.5% of this fund.

(14.) SEGMENT INFORMATION

The Company organizes its business into two reportable segments: (1) Medical and (2) Non-Medical. This segment structure reflects the financial information and reports used by the Company's management, specifically its Chief Operating Decision Maker, to make decisions regarding the Company's business, including resource allocations and performance assessments. This segment structure reflects the Company's current operating focus in compliance with ASC 280, Segment Reporting. For purposes of segment reporting, intercompany sales between segments are not material.

The following table presents sales by product line (in thousands):

	Three Months Ended				
	March 31, 2023		April 1, 2022		
Segment sales by product line:					
Medical					
Cardio & Vascular	\$ 191,203	\$	159,037		
Cardiac Rhythm Management & Neuromodulation	145,139		123,324		
Advanced Surgical, Orthopedics & Portable Medical	 27,924		19,666		
Total Medical	 364,266		302,027		
Non-Medical	 14,519		8,885		
Total sales	\$ 378,785	\$	310,912		

The following table presents income for the Company's reportable segments (in thousands):

	Three Months Ended					
March 31, 2023			April 1, 2022			
\$	54,806	\$	44,148			
	4,026		665

	(24,666)		(22,316)			
	34,166		22,497			
	(18,169)		(8,549)			
\$	15,997	\$	13,948			
		\$ 54,806 4,026 58,832 (24,666) 34,166 (18,169)	\$ 54,806 \$ 4,026 \$ 58,832 (24,666) 34,166 (18,169)			

(15.) REVENUE FROM CONTRACTS WITH CUSTOMERS

Disaggregated Revenue

In general, the Company's business segmentation is aligned according to the nature and economic characteristics of its products and customer relationships and provides meaningful disaggregation of each business segment's results of operations. For a summary by disaggregated product line sales for each segment, refer to Note 14, "Segment Information."

Revenue recognized from products and services transferred to customers over time represented 28% for the three months ended March 31, 2023, compared to 31% for the three months ended April 1, 2022. Substantially all of the revenue recognized from products and services transferred to customers over time during the periods presented was within the Medical segment.

The following tables present revenues by significant customers, which are defined as any customer who individually represents 10% or more of a segment's total revenues.

		Three Months Ended								
	March	1 31, 2023	April 1, 2022							
Customer	Medical	Non-Medical	Medical	Non-Medical						
Customer A	18%	*	18%	*						
Customer B	16%	*	18%	*						
Customer C	14%	*	14%	*						
Customer D	*	22%	*	33%						
All other customers	52%	78%	50%	67%						

^{*} Less than 10% of segment's total revenues for the period.

The following tables present revenues by significant ship to location, which is defined as any country where 10% or more of a segment's total revenues are shipped.

	I nree Months Ended								
	March	31, 2023	April 1, 2022

Contract Balances

The opening and closing balances of the Company's contract assets and contract liabilities are as follows (in thousands):

		March 31, 2023	December 31, 2022	
Contract assets	\$	80,929	\$	71,927
Contract liabilities		6,366		5,616

During the three months ended March 31, 2023, the Company recognized \$1.3 million of revenue that was included in the contract liability balance as of December 31, 2022. During the three months ended April 1, 2022, the Company recognized \$0.9 million of revenue that was included in the contract liability balance as of December 31, 2021.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This Quarterly Report on Form 10-Q should be read in conjunction with the disclosures included in our Annual Report on Form 10-K for the year ended December 31, 2022. In addition, please read this section in conjunction with our Condensed Consolidated Financial Statements and Notes to Condensed Consolidated Financial Statements contained herein.

Forward-Looking Statements

Some of the statements contained in this Form 10-Q and other written and oral statements made from time to time by us and our representatives are not statements of historical or current fact. As such, they are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). We have based these forward-looking statements on our current expectations, and these statements are subject to known and unknown risks, uncertainties and assumptions. Forward-looking statements include statements relating to:

- recovery from the COVID-19 global pandemic;
- future sales, expenses, and profitability; customer demand; supplier performance (including delivery delays); costs (including wages, staffing levels and freight); future development and expected growth of our business and industry, including expansion of our manufacturing capacity;
- · our ability to execute our business model and our business strategy, including completion and integration of current or future acquisition targets;
- having available sufficient cash and borrowing capacity to meet working capital, debt service and capital expenditure requirements for the next twelve months; and
- · projected capital spending.

You can identify forward-looking statements by terminology such as "outlook," "projected," "may," "will," "should," "could," "expects," "intends," "plans," "anticipates," "believes," "estimates," "predicts," "projects" or "continue" or variations or the negative of these terms or other comparable terminology. These statements are only predictions. Actual events or results may differ materially from those stated or implied by these forward-looking statements. In evaluating these statements and our prospects, you should carefully consider the factors set forth below. All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by these cautionary factors and to others contained throughout this Form 10-Q.

Although it is not possible to create a comprehensive list of all factors that may cause actual results to differ from the results expressed or implied by our forward-looking statements or that may affect our future results, some of these factors and other risks and uncertainties that arise from time to time are described in Item 1A "Risk Factors" of our Annual Report on Form 10-K and in our other periodic filings with the SEC and include the following:

- operational risks, such as the duration, scope and impact of the COVID-19 pandemic, including the evolving health, economic, social and governmental environments and the effect of the pandemic on our associates, suppliers and customers as well as the global economy; our dependence upon a limited number of customers; pricing pressures that we face from customers; our reliance on third party suppliers for raw materials, key products and subcomponents; our ability to attract, train and retain a sufficient number of qualified associates; the potential for harm to our reputation caused by quality problems related to our products; the dependence of our energy market-related revenues on the conditions in the oil and natural gas industry; interruptions in our manufacturing operations; our dependence upon our information technology systems and our ability to prevent cyberattacks and other failures; our dependence upon our senior management team and technical personnel; and global climate change and the emphasis on ESG matters by various stakeholders;
- strategic risks, such as the intense competition we face and our ability to successfully market our products; our ability to respond to changes in technology; our ability to develop new products and expand into new geographic and product markets; and our ability to successfully identify, make and integrate acquisitions to expand and develop our business in accordance with expectations;
- financial risks, such as our significant amount of outstanding indebtedness and our ability to remain in compliance with financial and other covenants under our senior secured credit facilities; economic and credit market uncertainties that could interrupt our access to capital markets, borrowings or financial transactions; financial and market risks related to our international operations and sales; our complex international tax profile; and our ability to realize the full value of our intangible assets; and

- legal and compliance risks, such as regulatory issues resulting from product complaints, recalls or regulatory audits; the potential of becoming subject to product liability or intellectual property claims; our ability to protect our intellectual property and proprietary rights; our ability and the cost to comply with environmental regulations; our ability to comply with customer-driven policies and third party standards or certification requirements; our ability to obtain necessary licenses for new technologies; legal and regulatory risks from our international operations; and the fact that the healthcare industry is highly regulated and subject to various regulatory changes; and
- other risks and uncertainties that arise from time to time.

Except as may be required by applicable law, the Company assumes no obligation to update forward-looking statements in this Form 10-Q whether to reflect changed assumptions, the occurrence of unanticipated events or changes in future operating results, financial conditions or prospects, or otherwise.

In this Form 10-Q, references to "Integer," "we," "us," "our" and the "Company" mean Integer Holdings Corporation and its subsidiaries, unless the context indicates otherwise.

Our Business

Integer Holdings Corporation is one of the largest medical device outsource ("MDO") manufacturers in the world serving the cardiac, neuromodulation, vascular, orthopedics, advanced surgical and portable medical markets. We also develop batteries for high-end niche applications in the non-medical energy, military, and environmental markets. Our vision is to enhance the lives of patients worldwide by being our customers' partner of choice for innovative technologies and services.

We organize our business into two reportable segments, Medical and Non-Medical, and derive our revenues from four principal product lines. The Medical segment includes the Cardio & Vascular, Cardiac Rhythm Management & Neuromodulation and Advanced Surgical, Orthopedics & Portable Medical product lines and the Non-Medical segment comprises the Electrochem product line. For more information on our segments, please refer to Note 14 "Segment Information" of the Notes to Condensed Consolidated Financial Statements contained in Item 1 of this report.

The first quarters of 2023 and 2022 ended on March 31 and April 1, respectively, and consisted of 90 days and 91 days, respectively.

Impact of Global Events

Global economic challenges, including the impact of the war in Ukraine, the COVID-19 pandemic, severe and sustained inflation, a rising interest rate environment, fluctuations in global currencies, and supply chain disruptions may continue to cause economic uncertainty and volatility. The impact of these issues on our business will vary by geographic market and product line, but specific impacts to our business include increased borrowing costs, labor shortages, disruptions in the supply chain, delayed or reduced customer orders and sales, restrictions on associates' ability to travel or work, and delays in shipments to and from certain countries. We monitor economic conditions closely. In response to reductions in revenue, we can take actions to align our cost structure with changes in demand and manage our working capital. However, there can be no assurance as to the effectiveness of our efforts to mitigate any impact of the current and future adverse economic conditions and other developments.

Business Acquisitions

On April 6, 2022, we acquired 100% of the equity interests of Connemara Biomedical Holdings Teoranta, including its operating subsidiaries Aran Biomedical and Proxy Biomedical (collectively "Aran"). A recognized leader in proprietary medical textiles, high precision biomaterial coverings and coatings as well as advanced metal and polymer braiding, Aran delivers development and manufacturing solutions for implantable medical devices. Consistent with our strategy, the combination with Aran further increases our ability to offer complete solutions for complex delivery and therapeutic devices in high growth cardiovascular markets such as structural heart, neurovascular, peripheral vascular, and endovascular as well as general surgery.

Refer to Note 2 "Business Acquisitions" of the Notes to Condensed Consolidated Financial Statements contained in Item 1 of this report for additional information about these acquisitions.

Financial Overview

Net income for the first quarter of 2023 was \$13.1 million, or \$0.39 per diluted share, compared to \$11.4 million, or \$0.34 per diluted share, for the first quarter of 2022. These variances are primarily the result of the following:

- Sales for the first quarter of 2023 increased \$67.9 million when compared to the same period in 2022 primarily from the continued product demand recovery from the impacts of the COVID-19 pandemic.
- Gross profit for the first quarter of 2023 increased \$15.2 million, primarily from higher sales volume, partially offset by incremental labor and supply chain costs.
- Operating expenses for the first quarter of 2023 increased \$3.5 million when compared to the same period in 2022, primarily due to higher SG&A and RD&E costs, partially offset by lower acquisition and integration costs. Operating expenses as a percentage of sales improved to 16.5% for the first quarter of 2023 compared to 19.0% or the first quarter of 2022.
- Interest expense for the first quarter of 2023 increased \$11.3 million compared to the same period in 2022, due to increased interest rates, higher average debt outstanding and \$4.4 million of losses from extinguishment of debt.
- During the first quarters of 2023 and 2022, we recognized losses on equity investments of \$0.2 million and \$2.4 million, respectively. Gains and losses on equity investments are generally unpredictable in nature.
- Other loss, net for the first quarter of 2023 was \$0.8 million compared to \$0.2 million for the first quarter of 2022, primarily due to fluctuations in foreign currency gains and losses in the respective periods.
- We recorded provisions for income taxes for the first quarters of 2023 and 2022 of \$2.9 million and \$2.6 million, respectively. The change in income tax expense was primarily due to relative changes in pre-tax income and the impact of discrete tax items.

Our Financial Results

The following table presents selected financial information derived from our Condensed Consolidated Financial Statements, contained in Item 1 of this report, for the periods presented (dollars in thousands, except per share).

	Three Months Ended						
	March 31,		April 1,		Change		
	2023		2022		\$	%	
Medical Sales:							
Cardio & Vascular	191,203	\$	159,037	\$	32,166	20.2 %

Product Line Sales

For the first quarter of 2023, Cardio & Vascular ("C&V") sales increased \$32.2 million, or 20%, versus the comparable 2022 period. The increase in C&V sales was driven by strong demand across all markets and key products, such as guidewires, new product ramps in electrophysiology, as well as strong performance from the Oscor and Aran acquisitions. Foreign currency exchange rate fluctuations decreased C&V sales for the first quarter of 2023 by \$0.7 million in comparison to the 2022 period, primarily due to U.S. dollar fluctuations relative to the Euro.

For the first quarter of 2023, Cardiac Rhythm Management & Neuromodulation ("CRM&N") sales increased \$21.8 million, or 18%, versus the comparable 2022 period, driven by strong demand, including double-digit growth from emerging customers with PMA (premarket approval) products. Foreign currency exchange rate fluctuations did not have a material impact on CRM&N sales during the first quarter of 2023 in comparison to 2022.

Advanced Surgical, Orthopedic & Portable Medical ("AS&O") sales for the first quarter of 2023 increased \$8.3 million, or 42%, versus the comparable 2022 period, primarily due to increased price and demand as a result of the execution of the multi-year Portable Medical exit announced in 2022, partially offset by a single-digit decline in Advanced Surgical and Orthopedics. Foreign currency exchange rate fluctuations did not have a material impact on AS&O sales during the first quarter of 2023 in comparison to 2022.

For the first quarter of 2023, Non-Medical sales increased \$5.6 million, or 63%, versus the comparable 2022 period, driven by strong demand across all market segments and continued supplier delivery recovery. Foreign currency exchange rate fluctuations did not have a material impact on Non-Medical sales during the first quarter of 2023 in comparison to 2022.

Gross Profit

	Three Months Ended					
	March 31, 2023		April 1, 2022			
Gross profit (in thousands)	\$ 96,673	\$	81,475			
Gross margin	25.5 %		26.2 %			

Gross margin for the first quarter of 2023 decreased 70 basis points compared to the comparable 2022 period, primarily driven by incremental labor and supply chain costs related to manufacturing efficiency headwinds from supply chain volatility.

SG&A Expenses

Changes to SG&A expenses from the prior year were due to the following (in thousands):

	Three Months Ended				
		March 31, 2023		April 1, 2022	Change
Compensation and benefits	\$	21,589	\$	21,846	\$ (257)
Amortization expense ^(a)		9,137		8,027	1,110
Professional fees ^(b)		3,471		3,173	298
Contract services ^(c)		2,832		2,251	581
All other SG&A ^(d)		4,857		4,263	594
Net increase in SG&A expenses	\$	41,886	\$	39,560	\$ 2,326

⁽a) Amortization expense increased during the first quarter of 2023 compared to the same period of 2022 due to amortization of intangible assets from the Aran acquisition, which was acquired in the second quarter of 2022.

RD&E

RD&E expense for the first quarter of 2023 was \$19.1 million, compared to \$16.1 million for the first quarter of 2022. The increase in RD&E expenses for 2023 compared to 2022 was primarily due to investments made to support long-term revenue growth, the timing of program milestone achievements for customer funded programs, and incremental expense due to the Aran Acquisition. RD&E expenses are influenced by the number and timing of in-process projects and labor hours and other costs associated with these projects. Our research and development initiatives continue to emphasize new product development, product improvements, and the development of new technological platform innovations.

⁽b) Professional fees increased during the first quarter of 2023 primarily due to inclusion of the operations of Aran.

⁽c) Contract services expense increased during the first quarter of 2023 compared to the same period of 2022 primarily due to higher software costs from information technology enhancements.

⁽d) The net increase in all other SG&A for the first quarter of 2023 compared to the same period of 2022 is primarily attributable to higher supplies and travel costs partially offset by lower depreciation and insurance.

Restructuring and Other Charges

We continuously evaluate our business and identify opportunities to realign resources to better serve our customers and markets, improve operational efficiency and capabilities, and lower operating costs. To realize the benefits associated with these opportunities, we undertake restructuring-type activities to transform our business. We incur costs associated with these activities, which primarily include exit and disposal costs and other costs directly related to the restructuring initiative. Restructuring charges include exit and disposal costs from these activities and restructuring-related charges are costs directly related to the restructuring initiatives. In addition, from time to time, we incur costs associated with acquiring and integrating businesses, and certain other general expenses, including asset impairments.

Restructuring and other charges comprise the following (in thousands):

	Three Months Ended		
	March 31, 2023		April 1, 2022
Restructuring charges ^(a)	\$ 1,064	\$	1,103
Acquisition and integration costs ^(b)	382		1,936
Other general expenses ^(c)	83		296
Total restructuring and other charges	\$ 1,529	\$	3,335

⁽a) Restructuring charges for the first three months of 2023 and 2022 primarily consist of termination benefits associated with our operational excellence and strategic reorganization and alignment initiatives.

Refer to Note 8 "Restructuring and Other Charges" of the Notes to Condensed Consolidated Financial Statements contained in Item 1 of this report for additional information regarding these initiatives.

⁽b) Amounts include expenses related to the purchase of certain assets and liabilities from business acquisitions. Acquisition and integration costs for the three months ended March 31, 2023 and April 1, 2022 include a benefit of \$0.3 million and expense of \$0.1 million, respectively, to adjust the fair value of acquisition-related contingent consideration liabilities. See Note 13 "Financial Instruments and Fair Value Measurements" for additional information related to the fair value measurement of the contingent consideration. Amounts for 2022 primarily include expenses related to the Aran and Oscor acquisitions.

⁽c) Amounts include expenses related to other initiatives not described above, which relate primarily to integration and operational initiatives to reduce future costs and improve efficiencies.

Interest Expense

Information relating to our interest expense is as follows (dollars in thousands):

		Three Mon	ths	Ended					
	March 31, 2023 Ap				2	Change			
	Amount	Rate		Amount	Rate		Amount	Rate (bp)	
Contractual interest expense	\$ 12,562	5.06 %	\$	4,647	2.21 %	\$	7,915	285	
(Gain) loss on interest rate swap	(587)	(0.24)		768	0.37		(1,355)	(61)	
Amortization of deferred debt issuance costs and original issue discount	756	0.38		481	0.25		275	13	
Losses from extinguishment of debt	 4,393	1.79					4,393	179	
Interest expense on borrowings	17,124	6.99 %		5,896	2.83 %		11,228	416	
Other interest expense	130			72			58		
Total interest expense	\$ 17,254		\$	5,968		\$	11,286		

During 2023, contractual interest expense has increased due to higher average debt outstanding combined with increasing applicable interest rates. The higher average debt balance outstanding is the result of borrowings to fund the Aran acquisition, while interest rates have continued to climb due to increases in overall market rates.

Other components of interest expense on borrowings include gains and losses on interest rate swaps and non-cash amortization and write-off (losses from extinguishment of debt) of deferred debt issuance costs and original issue discount. Interest rate swap includes realized (gains) losses on our interest rate swap contract which fluctuate depending on the spread between the rate swap contract fixed rate and senior secured credit facility floating rate. Compared to the same periods in 2022, amortization of deferred debt issuance costs and original issue discount increased as a result of higher unamortized balances related to new debt. The losses from extinguishment of debt during the first three months of 2023 were related to prepayments of portions of the Term Loan A facility and full repayment of our Term Loan B facility in connection with the issuance of the convertible notes. We had no losses from extinguishment of debt during the first three months of 2022.

As of March 31, 2023 and December 31, 2022, approximately 59% and 11%, respectively, of our principal amount of debt are fixed rate borrowings or have been converted to fixed-rate borrowings with an interest rate swap. During February 2023, we strategically replaced about half of our variable rate debt with fixed rate debt through the issuance of the 2028 Notes at a fixed rate of 2.125% and paying down our highest rate variable debt, the Term Loan B facility, and a portion of our Revolving Credit Facility. These transactions are expected to reduce borrowing costs and result in a more balanced mix of fixed and floating rates to help protect against interest rate exposure. We may enter into interest rate swap agreements in order to reduce our exposure to fluctuations in floating rates. See Note 13 "Financial Instruments and Fair Value Measurements" of the Notes to the Condensed Consolidated Financial Statements contained in Item 1 of this report for additional information pertaining to our interest rate swap agreement.

See Note 6 "Debt" of the Notes to the Condensed Consolidated Financial Statements contained in Item 1 of this report for additional information pertaining to our debt.

Loss on Equity Investments

During the first quarters of 2023 and 2022, we recognized losses on equity investments of \$0.2 million and \$2.4 million, respectively. The amounts for both 2023 and 2022 relate to our share of equity method investee losses including unrealized depreciation of the underlying interests of the investee. As of March 31, 2023 and December 31, 2022, the carrying value of our equity investments was \$13.7 million and \$13.9 million, respectively. See Note 13 "Financial Instruments and Fair Value Measurements" of the Notes to the Condensed Consolidated Financial Statements contained in Item 1 of this report for further details regarding these investments.

Other Loss, Net

Other loss, net for the first quarter of 2023 was \$0.8 million compared to \$0.2 million for the first quarter of 2022. Other loss, net primarily includes gains/losses from the impact of exchange rates on transactions denominated in foreign currencies. Our foreign currency transaction gains/losses are based primarily on fluctuations of the U.S. dollar relative to the Euro, Mexican peso, Uruguayan peso, Malaysian ringgits, Dominican peso, or Israeli shekel.

The impact of exchange rates on transactions denominated in foreign currencies included in Other loss, net for the first quarters of 2023 and 2022 were net losses of \$0.8 million and \$0.1 million, respectively. We continually monitor our foreign currency exposures and seek to take steps to mitigate these risks. However, fluctuations in exchange rates could have a significant impact, positive or negative, on our financial results in the future.

Provision for Income Taxes

We recognized income tax expense of \$2.9 million for the first quarter of 2023 on \$16.0 million of income before taxes (effective tax rate of 18.3%), compared to an income tax expense of \$2.6 million on \$13.9 million of income before taxes (effective tax rate of 18.5%) for the same period of 2022. Income tax expense for the first quarters of 2023 and 2022 included discrete tax expense of \$0.1 million and \$0.5 million, respectively.

Our effective tax rate for 2023 differs from the U.S. federal statutory tax rate of 21% due principally to the estimated impact of Federal Tax Credits (including R&D credits and Foreign tax credits), stock-based compensation windfalls or shortfalls, and the impact of earnings realized in foreign jurisdictions with statutory rates that are different than the U.S. federal statutory rate. These benefits are partially offset by the impact of U.S taxes on foreign earnings, including the GILTI provision which requires us to include foreign subsidiary earnings in excess of a deemed return on a foreign subsidiary's tangible assets in our U.S. income tax return. The U.S. tax on foreign earnings is reflected net of a statutory deduction of 50% of the GILTI inclusion (subject to limitations based on U.S. taxable income, if any) and net of FDII that provides a 37.5% deduction to domestic companies for certain foreign sales and services income. The primary foreign jurisdictions in which we operate and the statutory tax rate for each respective jurisdiction include Switzerland (22%), Mexico (30%), Uruguay (25%), Ireland (12.5%) and Malaysia (24%). We currently have a tax holiday in Malaysia through April 2023, provided certain conditions continue to be met. In addition, we acquired manufacturing operations in the Dominican Republic as part of the acquisition of Oscor, and are operating under a free trade zone agreement in the Dominican Republic through March 2034.

There is a potential for volatility of our effective tax rate due to several factors, including changes in the mix of pre-tax income and the jurisdictions to which it relates, business acquisitions, settlements with taxing authorities, changes in tax rates, and foreign currency exchange rate fluctuations. In addition, we continue to explore tax planning opportunities that may have a material impact on our effective tax rate.

Liquidity and Capital Resources

Sources of Liquidity

(dollars in thousands)	March 31, 2023	December 31, 2022
Cash and cash equivalents	\$ 40,604	\$ 24,272
Working capital	\$ 403,514	\$ 334,546
Current ratio	2.79	2.50

Cash and cash equivalents at March 31, 2023 increased by \$16.3 million from December 31, 2022, primarily as a result of cash generated by operating activities and proceeds from net borrowings on long-term debt, partially offset by purchases of property, plant and equipment.

Working capital increased by \$69.0 million from December 31, 2022, primarily from positive working capital fluctuations in cash, accounts receivable and inventory, which were partially offset by increases in accounts payable. During the first three months of 2022, accounts receivable increased mainly from an increase in sales volume and timing of customer receipts while inventory increased to support higher product demand, sales volume and material stock levels to protect availability of critical components. Accounts payable increased mainly from higher sequential inventory purchases and the timing of supplier payments.

At March 31, 2023, \$24.8 million of our cash and cash equivalents were held by foreign subsidiaries. We intend to limit our distributions from foreign subsidiaries to previously taxed income or current period earnings. If distributions are made utilizing current period earnings, we will record foreign withholding taxes in the period of the distribution.

As of March 31, 2023, our capital structure consisted of \$1,002.5 million of debt, net of deferred debt issuance costs and unamortized discounts and 33 million shares of common stock outstanding. As of March 31, 2023, we had access to \$377.5 million of borrowing capacity under our Revolving Credit Facility, available for normal course of business and letters of credit, and are authorized to issue up to 100 million shares of common stock and 100 million shares of preferred stock. As of March 31, 2023, our contractual debt service obligations for the remainder of 2023, consisting of principal and interest on our outstanding debt, were estimated to be approximately \$40 million. Actual principal and interest payments may be higher if, for instance, the applicable interest rates on our Senior Secured Credit Facilities increase, we borrow additional amounts on our Revolving Credit Facility, or we pay principal amounts in excess of the required minimums reflected in the contractual debt service obligations above.

Based on current expectations, we believe that our projected cash flows provided by operations, available cash and cash equivalents and borrowings under our Revolving Credit Facility are sufficient to meet our working capital, debt service and capital expenditure requirements for the next twelve months. If our future financing needs increase, we may need to arrange additional debt or equity financing. We continually evaluate and consider various financing alternatives to enhance or supplement our existing financial resources. However, we cannot be assured that we will be able to enter into any such arrangements on acceptable terms or at all.

Credit Facilities and Convertible Notes

As of March 31, 2023, we had Senior Secured Credit Facilities that consist of a \$500 million Revolving Credit Facility, with an outstanding principal balance of \$119 million, and a TLA Facility with an outstanding principal balance of \$400 million. The Revolving Credit Facility and TLA Facility mature on February 15, 2028. The Senior Secured Credit Facilities include a mandatory prepayment provision customary for credit facilities of its nature.

During the first quarter of 2023, we issued \$500 million aggregate principal amount of notes. The 2028 Notes mature on February 15, 2028 and bear interest at a fixed rate of 2.125% per annum. The total net proceeds from the issuance of the 2028 Notes, after deducting initial purchasers' discounts and commissions and debt issuance costs, were approximately \$485 million. We used the net proceeds from the issuance of the 2028 Notes to settle in full principal and interest due of \$336.1 million under the TLB Facility, pay down principal and interest due of \$113.9 million under the Revolving Credit Facility, to pay related fees and expenses, and to pay the cost of the capped calls related to the issuance of our 2028 Notes.

The Revolving Credit Facility and TLA Facility contain covenants requiring that we maintain (i) a Total Net Leverage Ratio not to exceed 5.50:1.00 (stepping down to 5.00:1.00 for the third fiscal quarter of 2023 through maturity and subject to increase in certain circumstances following certain qualified acquisitions) and (ii) an interest coverage ratio of at least 2.50:1.00. As of March 31, 2023, we were in compliance with these financial covenants. As of March 31, 2023, our Total Net Leverage Ratio, calculated in accordance with our Senior Secured Credit Facilities agreement, was approximately 3.1 to 1.0. For the twelve month period ended March 31, 2023, our interest coverage ratio, calculated in accordance with our Senior Secured Credit Facilities agreement, was approximately 7.7 to 1.0.

Failure to comply with these financial covenants would result in an event of default as defined under the Revolving Credit Facility and TLA Facility unless waived by the lenders. An event of default may result in the acceleration of our indebtedness. As a result, management believes that compliance with these covenants is material to us.

See Note 6 "Debt" of the Notes to the Condensed Consolidated Financial Statements contained in Item 1 of this report for a further information on the Company's outstanding debt.

Summary of Cash Flow

	Three Months Ended			
(in thousands)	March 31, 2023		April 1, 2022	
Cash provided by (used in):				
Operating activities	\$ 6,188	\$	18,161	
Investing activities	(24,694)		(10,398)	
Financing activities	33,116		(1,028)	
Effect of foreign currency exchange rates on cash and cash equivalents	1,722		1,048	
Net change in cash and cash equivalents	\$ 16,332	\$	7,783	

Operating Activities – During the first three months of 2023, we generated cash from operations of \$6.2 million, compared to \$18.2 million for the first three months of 2022. The decrease of \$12.0 million was the result of a \$15.9 million decrease in cash flow provided by changes in operating assets and liabilities, partially offset by a \$3.9 million increase in net income adjusted for non-cash items such as depreciation and amortization.

The increase in net income adjusted for non-cash items such as depreciation and amortization is primarily from higher sales volume partially offset by higher interest expense. The decrease associated with changes in operating assets and liabilities is primarily related to higher accounts receivable and contract asset growth in the current period partially offset by less inventory growth.

Investing Activities – The \$14.3 million increase in net cash used in investing activities was primarily attributable to increased purchases of property, plant and equipment of \$24.7 million in the first three months of 2023, compared to \$10.9 million in the same period last year.

Financing Activities – Net cash provided by financing activities for the first three months of 2023, was \$33.1 million compared to \$1.0 million used in financing activities for the first three months of 2022. The cash provided by financing activities for the first three months of 2023 was primarily related to the issuance of our 2028 Notes of \$486.3 million, which was partially offset by \$335.6 million in full repayment of our term loan B facility, \$55.3 million in repayments of our term loan A facility, \$23.8 million of net payments on our Revolving Credit Facility and \$35.0 million of capped call purchases related to the issuance of our 2028 Notes.

Off-Balance Sheet Arrangements

We do not currently have off balance sheet arrangements that have or are reasonably likely to have a material current or future effect on our Condensed Consolidated Financial Statements.

Impact of Recently Issued Accounting Standards

In the normal course of business, we evaluate all new accounting pronouncements issued by the FASB, SEC, or other authoritative accounting bodies to determine the potential impact they may have on our Condensed Consolidated Financial Statements. See Note 1 "Basis of Presentation" of the Notes to Condensed Consolidated Financial Statements contained in Item 1 of this report for additional information about these recently issued accounting standards and their potential impact on our financial condition or results of operations.

Critical Accounting Policies and Estimates

The preparation of our Condensed Consolidated Financial Statements in accordance with accounting principles generally accepted in the U.S. requires management to make estimates, assumptions and judgments that affect the amounts reported in the financial statements and accompanying notes. Our estimates, assumptions and judgments are based on historical experience and various other assumptions believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying amount of assets and liabilities that are not readily apparent from other sources. Making estimates, assumptions and judgments about future events is inherently unpredictable and is subject to significant uncertainties, some of which are beyond our control. Management believes the estimates, assumptions and judgments employed and resulting balances reported in the Condensed Consolidated Financial Statements are reasonable; however, actual results could differ materially.

There have been no significant changes to the critical accounting policies and estimates as compared to those disclosed in Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the year ended December 31, 2022.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Refer to information appearing under the caption "Management's Discussion and Analysis of Financial Condition and Results of Operations" of this Form 10-Q. Furthermore, a discussion of market risk exposures is included in Part II, Item 7A, Quantitative and Qualitative Disclosure about Market Risk, of the Company's Annual Report on Form 10-K for the year ended December 31, 2022.

There have been no material changes in reported market risk since the inclusion of this discussion in the Company's Annual Report on Form 10-K referenced above.

ITEM 4. CONTROLS AND PROCEDURES

a. Evaluation of Disclosure Controls and Procedures

Our management, including the principal executive officer and principal financial officer, evaluated our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) related to the recording, processing, summarization and reporting of information in our reports that we file with the Securities and Exchange Commission as of March 31, 2023. These disclosure controls and procedures have been designed to provide reasonable assurance that material information relating to us, including our subsidiaries, is made known to our management, including these officers, by our employees, and that this information is recorded, processed, summarized, evaluated and reported, as applicable, within the time periods specified in the Securities and Exchange Commission's rules and forms. Based on their evaluation, as of March 31, 2023, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures are effective.

b. Changes in Internal Control Over Financial Reporting

During the Company's most recent fiscal quarter, there have been no changes in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II—OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

There were no new material legal proceedings that are required to be reported in the quarter ended March 31, 2023, and no material developments during the quarter in the Company's legal proceedings as previously disclosed in the Company's Annual Report on Form 10-K for the year ended December 31, 2022.

ITEM 1A. RISK FACTORS

There have been no material changes to the Company's risk factors as previously disclosed in the Company's Annual Report on Form 10-K for the year ended December 31, 2022.

ITEM 6. EXHIBITS

Exhibit Number	Description
31.1*	Certification of Chief Executive Officer pursuant to Rule 13a-14(a) of the Securities Exchange Act.
31.2*	Certification of Chief Financial Officer pursuant to Rule 13a-14(a) of the Securities Exchange Act.

CERTIFICATION

I, Joseph W. Dziedzic, certify that:

- 1. I have reviewed this quarterly report on Form 10-Q for the fiscal quarter ended March 31, 2023 of Integer Holdings Corporation;
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by the report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- 4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.
- 5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditor and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
