Notes to Consolidated Financial Statements
(Unaudited)
March 31, 2022

(In Millions, Except Per Share Data or As Otherwise Stated Herein)

1. Organization

References to the terms “we,” “our,” “us” or “Anthem” used throughout these Notes to Consolidated Financial Statements refer to Anthem, Inc., an Indiana corporation, and unless the context otherwise requires, its direct and indirect subsidiaries. References to the “states” include the District of Columbia and Puerto Rico, unless the context otherwise requires. On March 10, 2022, we announced our intent to change our name to better reflect our business and our journey from a traditional health benefits organization to a lifetime, trusted health partner. At our annual meeting of shareholders on May 18, 2022, our shareholders will vote on a proposed amendment to our amended and restated articles of incorporation to change our name to Elevance Health, Inc. Shareholders of record on March 17, 2022 are entitled to vote. If approved by our shareholders, we expect the name change to occur in the second quarter of 2022.

We are one of the largest health benefits companies in the United States in terms of medical membership, serving nearly 47 million medical members through our affiliated health plans as of March 31, 2022. We offer a broad spectrum of network-based managed care risk-based plans to Individual, Group, Medicaid and Medicare markets. In addition, we provide a broad array of managed care services to fee-based customers, including claims processing, stop loss insurance, provider network access, medical management, care management and wellness programs, actuarial services and other administrative services. We also provide services to the federal government in connection with our Federal Health Products & Services business, which administers the Federal Employees Health Benefits (“FEHB”) Program. We provide an array of specialty services both to our subsidiary health plans and also unaffiliated health plans, including pharmacy benefits management (“PBM”) services and dental, vision, life, disability and supplemental health insurance benefits, as well as integrated health services.

We are an independent licensee of the Blue Cross and Blue Shield Association (“BCBSA”), an association of independent health benefit plans. We serve our members as the Blue Cross licensee for California and as the Blue Cross and Blue Shield (“BCBS”) licensee for Colorado, Connecticut, Georgia, Indiana, Kentucky, Maine, Missouri (excluding 30 counties in the Kansas City area), Nevada, New Hampshire, New York (in the New York City metropolitan area and upstate New York), Ohio, Virginia (excluding the Northern Virginia suburbs of Washington, D.C.) and Wisconsin. In a majority of these service areas, we do business as Anthem Blue Cross, Anthem Blue Cross and Blue Shield, and Empire Blue Cross Blue Shield or Empire Blue Cross. In addition, we conduct business through arrangements with other BCBS licensees as well as other strategic partners. Through our subsidiaries, we also serve customers in numerous states as AIM Specialty Health, Amerigroup, Aspire Health, Beacon, CareMore, Freedom Health, HealthLink, HealthSun, MMM, Optimum HealthCare, Simply Healthcare, and/or UniCare. We offer PBM services through our IngenioRx, Inc. (“IngenioRx”) subsidiary. We are licensed to conduct insurance operations in all 50 states, the District of Columbia and Puerto Rico through our subsidiaries.

2. Basis of Presentation and Significant Accounting Policies

Basis of Presentation: The accompanying unaudited consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) for interim financial reporting. Accordingly, they do not include all of the information and footnotes required by GAAP for annual financial statements. We have omitted certain footnote disclosures that would substantially duplicate the disclosures in our 2021 Annual Report on Form 10-K, unless the information contained in those disclosures materially changed or is required by GAAP. In the opinion of management, all adjustments, including normal recurring adjustments, necessary for a fair statement of the consolidated financial statements as of and for the three months ended March 31, 2022 and 2021 have been recorded. The results of operations for the three months ended March 31, 2022 are not necessarily indicative of the results that may be expected for the full year ending December 31, 2022, or any other period. These unaudited consolidated financial statements should be read in conjunction with our audited consolidated financial statements as of and for the year ended December 31, 2021 included in our 2021 Annual Report on Form 10-K.

Certain of our subsidiaries operate outside of the United States and have functional currencies other than the U.S. dollar (“USD”). We translate the assets and liabilities of those subsidiaries to USD using the exchange rate in effect at the end of the

period. We translate the revenues and expenses of those subsidiaries to USD using the average exchange rates in effect during the period. The net effect of these translation adjustments is included in “Foreign currency translation adjustments” in our consolidated statements of comprehensive income.

Cash and Cash Equivalents: We control a number of bank accounts that are used exclusively to hold customer funds for the administration of customer benefits, and we have cash and cash equivalents on deposit to meet certain regulatory requirements. These amounts totaled \$162 and \$173 at March 31, 2022 and December 31, 2021, respectively, and are included in the cash and cash equivalents line on our consolidated balance sheets.

Investments: We classify fixed maturity securities in our investment portfolio as “available-for-sale” and report those securities at fair value. Certain fixed maturity securities are available to support current operations and, accordingly, we classify such investments as current assets without regard to their contractual maturity. Investments used to satisfy contractual, regulatory or other requirements are classified as long-term, without regard to contractual maturity.

If a fixed maturity security is in an unrealized loss position and we have the intent to sell the fixed maturity security, or it is more likely than not that we will have to sell the fixed maturity security before recovery of its amortized cost basis, we write down the fixed maturity security’s cost basis to fair value and record an impairment loss in our consolidated statements of income. For impaired fixed maturity securities that we do not intend to sell or if it is more likely than not that we will not have to sell such securities, but we expect that we will not fully recover the amortized cost basis, we recognize the credit component of the impairment as an allowance for credit loss in our consolidated balance sheets and record an impairment loss in our consolidated statements of income. The non-credit component of the impairment is recognized in accumulated other comprehensive loss. Furthermore, unrealized losses entirely caused by non-credit-related factors related to fixed maturity securities for which we expect to fully recover the amortized cost basis continue to be recognized in accumulated other comprehensive loss.

The credit component of an impairment is determined primarily by comparing the net present value of projected future cash flows with the amortized cost basis of the fixed maturity security. The net present value is calculated by discounting our best estimate of projected future cash flows at the effective interest rate implicit in the fixed maturity security at the date of purchase. For mortgage-backed and asset-backed securities, cash flow estimates are based on assumptions regarding the underlying collateral, including prepayment speeds, vintage, type of underlying asset, geographic concentrations, default rates, recoveries and changes in value. For all other securities, cash flow estimates are driven by assumptions regarding probability of default, including changes in credit ratings and estimates regarding timing and amount of recoveries associated with a default.

For asset-backed securities included in fixed maturity securities, we recognize income using an effective yield based on anticipated prepayments and the estimated economic life of the securities. When estimates of prepayments change, the effective yield is recalculated to reflect actual payments to date and anticipated future payments. The net investment in the securities is adjusted to the amount that would have existed had the new effective yield been applied since the purchase date of the securities. Such adjustments are reported within net investment income.

The changes in fair value of our marketable equity securities are recognized in our results of operations within net gains and losses on financial instruments. Certain marketable equity securities are held to satisfy contractual obligations, and are reported under the caption “Other invested assets” in our consolidated balance sheets.

We have corporate-owned life insurance policies on certain participants in our deferred compensation plans and other members of management. The cash surrender value of the corporate-owned life insurance policies is reported under the caption “Other invested assets” in our consolidated balance sheets.

We use the equity method of accounting for investments in companies in which our ownership interest may enable us to influence the operating or financial decisions of the investee company. Our proportionate share of equity in net income of these unconsolidated affiliates is reported within net investment income. The equity method investments are reported under the caption “Other invested assets” in our consolidated balance sheets.

Investment income is recorded when earned. All securities sold resulting in investment gains and losses are recorded on the trade date. Realized gains and losses are determined on the basis of the cost or amortized cost of the specific securities sold.

We participate in securities lending programs whereby marketable securities in our investment portfolio are transferred to independent brokers or dealers in exchange for cash and securities collateral. We recognize the collateral as an asset, which is reported under the caption “Other current assets” in our consolidated balance sheets, and we record a corresponding liability for the obligation to return the collateral to the borrower, which is reported under the caption “Other current liabilities” in our consolidated balance sheets. The securities on loan are reported in the applicable investment category on our consolidated balance sheets. Unrealized gains or losses on securities lending collateral are included in accumulated other comprehensive loss as a separate component of shareholders’ equity. The market value of loaned securities and that of the collateral pledged can fluctuate in non-synchronized fashions. To the extent the loaned securities’ value appreciates faster or depreciates slower than the value of the collateral pledged, we are exposed to the risk of the shortfall. As a primary mitigating mechanism, the loaned securities and collateral pledged are marked to market on a daily basis and the shortfall, if any, is collected accordingly. Secondly, the collateral level is set at 102% of the value of the loaned securities, which provides a cushion before any shortfall arises. The investment of the cash collateral is subject to market risk, which is managed by limiting the investments to higher quality and shorter duration instruments.

Receivables: Receivables are reported net of amounts for expected credit losses. The allowance for doubtful accounts is based on historical collection trends, future forecasts and our judgment regarding the ability to collect specific accounts.

Premium receivables include the uncollected amounts from insured groups, individuals and government programs. Premium receivables are reported net of an allowance for doubtful accounts of \$140 and \$142 at March 31, 2022 and December 31, 2021, respectively.

Self-funded receivables include administrative fees, claims and other amounts due from self-funded customers. Self-funded receivables are reported net of an allowance for doubtful accounts of \$53 and \$50 at March 31, 2022 and December 31, 2021, respectively.

Other receivables include pharmacy rebates, provider advances, claims recoveries, reinsurance receivables, proceeds due from brokers on investment trades, accrued investment income, and other miscellaneous amounts due to us. These receivables are reported net of an allowance for doubtful accounts of \$698 and \$648 at March 31, 2022 and December 31, 2021, respectively.

Revenue Recognition: For our non-risk-based contracts, we had no material contract assets, contract liabilities or deferred contract costs recorded on our consolidated balance sheet at March 31, 2022. For the three months ended March 31, 2022 and 2021, revenue recognized from performance obligations related to prior periods, such as due to changes in transaction price, was not material. For contracts that have an original expected duration of greater than one year, revenue expected to be recognized in future periods related to unfulfilled contractual performance obligations and contracts with variable consideration related to undelivered performance obligations is not material.

Recently Adopted Accounting Guidance: In January 2021, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update No. 2021-01, *Reference Rate Reform (Topic 848)* (“ASU 2021-01”). The amendments in ASU 2021-01 provide optional expedients and exceptions for applying GAAP to contract modifications and hedging relationships, subject to meeting certain criteria, that reference the London Interbank Offered Rate (“LIBOR”) or another reference rate expected to be discontinued because of the reference rate reform. The provisions must be applied at a Topic, Subtopic, or Industry Subtopic level for all transactions other than derivatives, which may be applied at a hedging relationship level. We adopted ASU 2021-01 on January 7, 2021, and the adoption did not have an impact on our consolidated financial position, results of operations or cash flows.

In October 2020, the FASB issued Accounting Standards Update No. 2020-08, *Codification Improvements to Subtopic 310-20, Receivables—Nonrefundable Fees and Other Costs* (“ASU 2020-08”). The amendments in ASU 2020-08 clarify when an entity should assess whether a callable debt security is within the scope of accounting guidance, which impacts the amortization period for nonrefundable fees and other costs. ASU 2020-08 became effective for interim and annual reporting periods beginning after December 15, 2020. The amendments were to be applied on a prospective basis as of the beginning of the period of adoption for existing or newly purchased callable debt securities. We adopted ASU 2020-08 on January 1, 2021, and the adoption did not have an impact on our consolidated financial position, results of operations or cash flows.

In August 2020, the FASB issued Accounting Standards Update No. 2020-06, *Debt—Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging—Contracts in Entity’s Own Equity (Subtopic 815-40): Accounting*

for *Convertible Instruments and Contracts in an Entity's Own Equity* ("ASU 2020-06"). The amendments eliminate two of the three accounting models that require separate accounting for convertible features of debt securities, simplify the contract settlement assessment for equity classification, require the use of the if-converted method for all convertible instruments in the diluted earnings per share calculation and expand disclosure requirements. The amendments became effective for our annual and interim reporting periods beginning after December 15, 2021. We adopted ASU 2020-06 on January 1, 2022 using the modified retrospective transition method, which resulted in an increase to our reported debt outstanding of \$31, a decrease to our deferred tax liabilities of \$8, and a corresponding cumulative-effect reduction to our opening retained earnings of \$23; the amounts are not material to our overall consolidated financial position. The adoption of ASU 2020-06 did not have an impact on our results of operations or our consolidated cash flows. Use of the if-converted method did not have an impact on our overall earnings per share calculation.

In December 2019, the FASB issued Accounting Standards Update No. 2019-12, *Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes* ("ASU 2019-12"). The amendments in ASU 2019-12 remove certain exceptions to the general principles in Accounting Standards Codification Topic 740. The amendments also clarify and amend existing guidance to improve consistent application. The amendments became effective for our annual reporting periods beginning after December 15, 2020. The transition method (retrospective, modified retrospective, or prospective basis) related to the amendments depends on the applicable guidance, and all amendments for which there is no transition guidance specified are to be applied on a prospective basis. We adopted ASU 2019-12 on January 1, 2021, and the adoption did not have an impact on our consolidated financial position, results of operations or cash flows.

Recent Accounting Guidance Not Yet Adopted: In November 2020, the FASB issued Accounting Standards Update No. 2020-11, *Financial Services—Insurance (Topic 944): Effective Date and Early Application* ("ASU 2020-11"). The amendments in ASU 2020-11 make changes to the effective date and early application of Accounting Standards Update No. 2018-12, *Financial Services—Insurance (Topic 944): Targeted Improvements to the Accounting for Long-Duration Contracts* ("ASU 2018-12"), which was issued in November 2018. The amendments in ASU 2020-11 have extended the original effective date by one year, and now the amendments are required for our interim and annual reporting periods beginning after December 15, 2022. The amendments in ASU 2018-12 make changes to a variety of areas to simplify or improve the existing recognition, measurement, presentation and disclosure requirements for long-duration contracts issued by an insurance entity. The amendments require insurers to annually review the assumptions they make about their policyholders and update the liabilities for future policy benefits if the assumptions change. The amendments also simplify the amortization of deferred contract acquisition costs and add new disclosure requirements about the assumptions insurers use to measure their liabilities and how they may affect future cash flows. The amendments related to the liability for future policy benefits for traditional and limited-payment contracts and deferred acquisition costs are to be applied to contracts in force as of the beginning of the earliest period presented, with an option to apply such amendments retrospectively with a cumulative-effect adjustment to the opening balance of retained earnings as of the earliest period presented. The amendments for market risk benefits are to be applied retrospectively. We are currently evaluating the effects the adoption of ASU 2020-11 and ASU 2018-12 will have on our consolidated financial position, results of operations, cash flows, and related disclosures.

There were no other new accounting pronouncements that were issued or became effective since the issuance of our 2021 Annual Report on Form 10-K that had, or are expected to have, a material impact on our consolidated financial position, results of operations or cash flows.

3. Business Acquisitions

Pending Acquisition

On November 10, 2021, we announced our entrance into an agreement with Personal Touch Holding Corporation to acquire Integra Managed Care ("Integra"). Integra is a managed long-term care plan that serves New York state Medicaid members, enabling adults with long-term care needs and disabilities to live safely and independently in their own home. The acquisition is expected to close by the end of the second quarter of 2022 and is subject to standard closing conditions and customary approvals.

Completed Acquisitions

Acquisitions completed during the year ended December 31, 2021, for which the initial accounting was not finalized as of March 31, 2022, included myNEXUS, Inc. (“myNEXUS”), a comprehensive home-based nursing management company for payors, and MMM Holdings, LLC (“MMM”), including its Medicare Advantage plan, Medicaid plan and other affiliated companies. As of March 31, 2022, the purchase price of each transaction was allocated to the tangible and intangible net assets acquired based on management’s final estimates of their fair values, of which \$1,577 has been allocated to finite-lived intangible assets, \$20 to indefinite-lived intangible assets, and \$2,525 to goodwill. The majority of goodwill is not deductible for income tax purposes. Adjustments to goodwill arising from contractual purchase price adjustments and subsequent adjustments made to the assets acquired or liabilities assumed during the quarter ended March 31, 2022 were \$4.

5. Investments

Fixed Maturity Securities

We evaluate our available-for-sale fixed maturity securities for declines based on qualitative and quantitative factors. We have established an allowance for credit loss and recorded credit loss expense as a reflection of our expected impairment losses. We continue to review our investment portfolios under our impairment review policy. Given the inherent uncertainty of changes in market conditions and the significant judgments involved, there is a continuing risk that declines in fair value may occur and additional material impairment losses on investments may be recorded in future periods.

Although not material to our consolidated results of operations, during the three months ended March 31, 2022, we recorded a combination of credit losses, losses on sale of fixed maturity securities and impairments related to our exposure resulting from investments in Russia and Ukraine. These items are reflected in the tables presented below. At March 31, 2022, our remaining holdings of Russia and Ukraine fixed maturity securities were not material.

A summary of current and long-term fixed maturity securities, available-for-sale, at March 31, 2022 and December 31, 2021 is as follows:

Below are discussions by security type for unrealized losses and credit losses as of March 31, 2022:

Foreign government securities: An allowance for credit loss was established on certain foreign government securities related to Russia and the Ukraine. The ongoing Russian/Ukrainian conflict and the uncertainties around future ability to collect payment, as well as a significant decline in fair value, were factors indicating a credit loss. No other foreign government securities had material unrealized losses or qualitative factors to indicate a credit loss.

Corporate securities: An allowance for credit losses on consumer-driven and financial sector fixed maturity corporate securities has been determined based on qualitative and quantitative factors including credit rating, decline in fair value and industry condition along with other available market data. With multiple risk factors present, these securities were reviewed for expected future cash flow to determine the portion of unrealized losses that were credit related and to record an allowance for credit losses. Unrealized losses on our other corporate securities were largely due to market conditions relating to the COVID-19 pandemic and increasing interest rates; however, qualitative factors did not indicate a credit loss as of March 31, 2022. We do not intend to sell these investments and it is likely we will not have to sell these investments prior to maturity or recovery of amortized cost.

Residential mortgage-backed securities: An allowance for credit loss was established on certain residential mortgage-backed securities. Notification of maturity and coupon default, as well as a significant and sustained decline in fair value, were factors to indicate a credit loss. Unrealized losses on our other residential mortgage-backed securities were largely due to market conditions and rising interest rates; however, qualitative factors did not indicate a credit loss. We do not intend to sell these investments and it is likely we will not be required to sell these investments prior to maturity or recovery of amortized cost.

As for the remaining securities shown in the table above, unrealized losses on these securities have not been recognized into income because we do not intend to sell these investments and it is likely that we will not be required to sell these investments prior to their anticipated recovery. The decline in fair value is largely due to changes in interest rates and other market conditions. We have evaluated these securities for any change in credit rating and have determined that no allowance is necessary. The fair value is expected to recover as the securities approach maturity.

The table below presents a roll-forward by major security type of the allowance for credit losses on fixed maturity securities available-for-sale held at period end for the three months March 31, 2022 and 2021:

	Three Months Ended March 31, 2022			
	Foreign government securities	Corporate securities	Residential mortgage-backed securities	Total
Allowance for credit losses:				
Beginning balance	\$ —	\$ 4	\$ 2	\$ 6
Additions for securities for which no previous expected credit losses were recognized	3	4	—	7
Total allowance for credit losses, ending balance	<u>\$ 3</u>	<u>\$ 8</u>	<u>\$ 2</u>	<u>\$ 13</u>

	Three Months Ended March 31, 2021		
	Corporate securities	Residential mortgage-backed securities	Total
Allowance for credit losses:			
Beginning balance	\$ 7	\$ —	\$ 7
Additions for securities for which no previous expected credit losses were recognized	1	—	1
(Decreases) increases to the allowance for credit losses on securities	(2)	2	—
Total allowance for credit losses, ending balance	<u>\$ 6</u>	<u>\$ 2</u>	<u>\$ 8</u>

The amortized cost and fair value of fixed maturity securities at March 31, 2022, by contractual maturity, are shown below. Expected maturities may differ from contractual maturities because the issuers of the securities may have the right to prepay obligations.

	Amortized Cost	Estimated Fair Value
Due in one year or less	\$ 1,257	\$ 1,254
Due after one year through five years	6,686	6,569
Due after five years through ten years	9,225	8,905
Due after ten years	6,071	5,904
Mortgage-backed securities	4,344	4,183
Total fixed maturity securities	<u>\$ 27,583</u>	<u>\$ 26,815</u>

During the three months ended March 31, 2022 and 2021, we received total proceeds from sales, maturities, calls or redemptions of fixed maturity securities of \$3,646 and \$5,323, respectively.

In the ordinary course of business, we may sell securities at a loss for a number of reasons, including, but not limited to: (i) changes in the investment environment; (ii) expectation that the fair value could deteriorate further; (iii) desire to reduce exposure to an issuer or an industry; (iv) changes in credit quality; or (v) changes in expected cash flow.

All securities sold resulting in investment gains and losses are recorded on the trade date. Realized gains and losses are determined on the basis of the cost or amortized cost of the specific securities sold.

Equity Securities

A summary of marketable equity securities at March 31, 2022 and December 31, 2021 is as follows:

Other Invested Assets

Other invested assets include primarily our investments in limited partnerships, joint ventures and other non-controlled corporations, mortgage loans and the cash surrender value of corporate-owned life insurance policies. Investments in limited partnerships, joint ventures and other non-controlled corporations are carried at our share in the entities' undistributed earnings, which approximates fair value. Financial information for certain of these investments are reported on a one or three month lag due to the timing of when we receive financial information from the companies.

Accrued Investment Income

At March 31, 2022 and December 31, 2021, accrued investment income totaled \$185 and \$205, respectively. We recognize accrued investment income under the caption “Other receivables” on our consolidated balance sheets.

Securities Lending Programs

We participate in securities lending programs whereby marketable securities in our investment portfolio are transferred to independent brokers or dealers in exchange for cash and securities collateral. The fair value of the collateral received at the time of the transactions amounted to \$2,596 and \$2,155 at March 31, 2022 and December 31, 2021, respectively. The value of the collateral represented 102% of the market value of the securities on loan at each of March 31, 2022 and December 31, 2021. We recognize the collateral as an asset under the caption “Other current assets” in our consolidated balance sheets, and we recognize a corresponding liability for the obligation to return the collateral to the borrower under the caption “Other current liabilities.” The securities on loan are reported in the applicable investment category on our consolidated balance sheets.

At March 31, 2022 and December 31, 2021, the remaining contractual maturity of our securities lending agreements included overnight and continuous transactions of cash for \$2,408 and \$1,874, respectively, of United States Government securities for \$184 and \$281, respectively, and of Other securities for \$4 and \$0, respectively.

6. Derivative Financial Instruments

We primarily invest in the following types of derivative financial instruments: interest rate swaps, futures, forward contracts, put and call options, swaptions, embedded derivatives and warrants. We also enter into master netting agreements, which reduce credit risk by permitting net settlement of transactions.

We have entered into various interest rate swap contracts to convert a portion of our interest rate exposure on our long-term debt from fixed rates to floating rates. The floating rates payable on all of our fair value hedges are benchmarked to LIBOR or the Secured Overnight Financing Rate (“SOFR”). Any amounts recognized for changes in fair value of these derivatives are included in the captions “Other current assets,” or “Other noncurrent assets,” or “Other current liabilities” or “Other noncurrent liabilities” in our consolidated balance sheets.

The unrecognized loss for all expired and terminated cash flow hedges included in accumulated other comprehensive loss, net of tax, was \$236 and \$239 at March 31, 2022 and December 31, 2021, respectively.

During the three months ended March 31, 2022 and 2021, we recognized net gains on non-hedging derivatives of \$23 and \$22, respectively.

For additional information relating to the fair value of our derivative assets and liabilities, see Note 7, “Fair Value,” of this Form 10-Q.

7. Fair Value

Assets and liabilities recorded at fair value in our consolidated balance sheets are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Level inputs, as defined by FASB guidance for fair value measurements and disclosures, are as follows:

<u>Level Input</u>	<u>Input Definition</u>
Level I	Inputs are unadjusted, quoted prices for identical assets or liabilities in active markets at the measurement date.
Level II	Inputs other than quoted prices included in Level I that are observable for the asset or liability through corroboration with market data at the measurement date.
Level III	Unobservable inputs that reflect management’s best estimate of what market participants would use in pricing the asset or liability at the measurement date.

The following methods, assumptions and inputs were used to determine the fair value of each class of the following assets and liabilities recorded at fair value in our consolidated balance sheets:

Cash equivalents: Cash equivalents primarily consist of highly rated money market funds with maturities of three months or less and are purchased daily at par value with specified yield rates. Due to the high ratings and short-term nature of the funds, we designate all cash equivalents as Level I.

Fixed maturity securities, available-for-sale: Fair values of available-for-sale fixed maturity securities are based on quoted market prices, where available. These fair values are obtained primarily from third-party pricing services, which generally use Level I or Level II inputs for the determination of fair value to facilitate fair value measurements and disclosures. Level II securities primarily include corporate securities, securities from states, municipalities and political subdivisions, mortgage-backed securities, United States government securities, foreign government securities, and certain other asset-backed securities. For securities not actively traded, the pricing services may use quoted market prices of comparable instruments or discounted cash flow analyses, incorporating inputs that are currently observable in the markets for similar securities. We have controls in place to review the pricing services' qualifications and procedures used to determine fair values. In addition, we periodically review the pricing services' pricing methodologies, data sources and pricing inputs to ensure the fair values obtained are reasonable. Inputs that are often used in the valuation methodologies include, but are not limited to, broker quotes, benchmark yields, credit spreads, default rates and prepayment speeds. We also have certain fixed maturity securities, primarily corporate debt securities, which are designated Level III securities. For these securities, the valuation methodologies may incorporate broker quotes or discounted cash flow analyses using assumptions for inputs such as expected cash flows, benchmark yields, credit spreads, default rates and prepayment speeds that are not observable in the markets.

Equity securities: Fair values of equity securities are generally designated as Level I and are based on quoted market prices. For certain equity securities, quoted market prices for the identical security are not always available, and the fair value is estimated by reference to similar securities for which quoted prices are available. These securities are designated Level II. We also have certain equity securities, including private equity securities, for which the fair value is estimated based on each security's current condition and future cash flow projections. Such securities are designated Level III. The fair values of these private equity securities are generally based on either broker quotes or discounted cash flow projections using assumptions for inputs such as the weighted-average cost of capital, long-term revenue growth rates and earnings before interest, taxes, depreciation and amortization, and/or revenue multiples that are not observable in the markets.

Securities lending collateral: Fair values of securities lending collateral are based on quoted market prices, where available. These fair values are obtained primarily from third-party pricing services, which generally use Level I or Level II inputs for the determination of fair value, to facilitate fair value measurements and disclosures.

Derivatives: Fair values are based on the quoted market prices by the financial institution that is the counterparty to the derivative transaction. We independently verify prices provided by the counterparties using valuation models that incorporate observable market inputs for similar derivative transactions. Derivatives are designated as Level II securities. Derivatives presented within the fair value hierarchy table below are presented on a gross basis and not on a master netting basis by counterparty.

There were no individually material transfers into or out of Level III during the three months ended March 31, 2022 or 2021.

Certain assets and liabilities are measured at fair value on a nonrecurring basis; that is, the instruments are not measured at fair value on an ongoing basis but are subject to fair value adjustments only in certain circumstances. As disclosed in Note 3, “Business Acquisitions,” we completed our acquisitions of myNEXUS and MMM during the second quarter of 2021. The net assets acquired in our acquisitions of myNEXUS and MMM and resulting goodwill and other intangible assets were recorded at fair value primarily using Level III inputs. The majority of assets acquired and liabilities assumed were recorded at their carrying values as of the respective date of acquisition, as their carrying values approximated their fair values due to their short-term nature. The fair values of goodwill and other intangible assets acquired in our acquisitions of myNEXUS and MMM were internally estimated based on the income approach. The income approach estimates fair value based on the present value of the cash flows that the assets could be expected to generate in the future. We developed internal estimates for the expected cash flows and discount rate in the present value calculation. Other than the assets acquired and liabilities assumed in our acquisitions of myNEXUS and MMM described above, there were no material assets or liabilities measured at fair value on a nonrecurring basis during the three months ended March 31, 2022 or 2021.

Our valuation policy is determined by members of our treasury and accounting departments. Whenever possible, our policy is to obtain quoted market prices in active markets to estimate fair values for recognition and disclosure purposes. Where quoted market prices in active markets are not available, fair values are estimated using discounted cash flow analyses, broker quotes, unobservable inputs or other valuation techniques. These techniques are significantly affected by our assumptions, including discount rates and estimates of future cash flows. The use of assumptions for unobservable inputs for the determination of fair value involves a level of judgment and uncertainty. Changes in assumptions that reasonably could have been different at the reporting date may result in a higher or lower determination of fair value. Changes in fair value measurements, if significant, may affect performance of cash flows.

Potential taxes and other transaction costs are not considered in estimating fair values. Our valuation policy is generally to obtain quoted prices for each security from third-party pricing services, which are derived through recently reported trades for identical or similar securities making adjustments through the reporting date based upon available market observable information. As we are responsible for the determination of fair value, we perform analysis on the prices received from the pricing services to determine whether the prices are reasonable estimates of fair value. This analysis is performed by our internal treasury personnel who are familiar with our investment portfolios, the pricing services engaged and the valuation techniques and inputs used. Our analysis includes procedures such as a review of month-to-month price fluctuations and price comparisons to secondary pricing services. There were no adjustments to quoted market prices obtained from the pricing services during the three months ended March 31, 2022 or 2021.

In addition to the preceding disclosures on assets recorded at fair value in the consolidated balance sheets, FASB guidance also requires the disclosure of fair values for certain other financial instruments for which it is practicable to estimate fair value, whether or not such values are recognized in our consolidated balance sheets.

Non-financial instruments such as real estate, property and equipment, other current assets, deferred income taxes, intangible assets and certain financial instruments, such as policy liabilities, are excluded from the fair value disclosures. Therefore, the fair value amounts cannot be aggregated to determine our underlying economic value.

The carrying amounts reported in the consolidated balance sheets for cash, premium receivables, self-funded receivables, other receivables, unearned income, accounts payable and accrued expenses, and certain other current liabilities approximate fair value because of the short-term nature of these items. These assets and liabilities are not listed in the table below.

The following methods and assumptions were used to estimate the fair value of each class of financial instrument that is recorded at its carrying value in our consolidated balance sheets:

Other invested assets: Other invested assets include primarily our investments in limited partnerships, joint ventures and other non-controlled corporations and mortgage loans, as well as the cash surrender value of corporate-owned life insurance policies. Investments in limited partnerships, joint ventures and other non-controlled corporations are carried at our share in the entities' undistributed earnings, which approximates fair value. Mortgage loans are carried at amortized cost, which approximates fair value. The carrying value of corporate-owned life insurance policies represents the cash surrender value as reported by the respective insurer, which approximates fair value.

Short-term borrowings: The fair value of our short-term borrowings is based on quoted market prices for the same or similar debt, or, if no quoted market prices were available, on the current market interest rates estimated to be available to us for debt of similar terms and remaining maturities.

Long-term debt—commercial paper: The carrying amount for commercial paper approximates fair value, as the underlying instruments have variable interest rates at market value.

Long-term debt—senior unsecured notes and surplus notes: The fair values of our notes are based on quoted market prices in active markets for the same or similar debt, or, if no quoted market prices are available, on the current market observable rates estimated to be available to us for debt of similar terms and remaining maturities.

Long-term debt—convertible debentures: The fair value of our convertible debentures is based on the quoted market price in the active private market in which the convertible debentures trade.

A summary of the estimated fair values by level of each class of financial instrument that is recorded at its carrying value on our consolidated balance sheets at March 31, 2022 and December 31, 2021 is as follows:

8. Income Taxes

During the three months ended March 31, 2022 and 2021, we recognized income tax expense of \$531 and \$509, respectively, which represent effective income tax rates of 22.8% and 23.4%, respectively. The decrease in our effective tax rate from the three months ended March 31, 2021 was primarily related to the tax impact of expected geographic changes in our mix of 2022 earnings.

Income taxes payable totaled \$395 at March 31, 2022. Income taxes receivable totaled \$173 at December 31, 2021. We recognized the income tax payable as a liability under the caption “Other current liabilities” and the income tax receivable as an asset under the caption “Other current assets” in our consolidated balance sheets.

At March 31, 2022, the total of net incurred but not reported liabilities plus expected development on reported claims for the Commercial & Specialty Business was \$148, \$1,217 and \$2,503 for the claim years 2020 and prior, 2021 and 2022, respectively.

At March 31, 2022, the total of net incurred but not reported liabilities plus expected development on reported claims for the Government Business was \$270, \$1,779 and \$8,255 for the claim years 2020 and prior, 2021 and 2022, respectively.

At March 31, 2022, the total of net incurred but not reported liabilities plus expected development on reported claims for Other was \$3, \$84 and \$194 for the claim years 2020 and prior, 2021 and 2022, respectively.

A reconciliation of the beginning and ending balances for medical claims payable, by segment (see Note 15, “Segment Information”), for the three months ended March 31, 2021 is as follows:

The favorable development recognized in the three months ended March 31, 2022 and 2021 resulted primarily from trend factors in late 2021 and late 2020, respectively, developing more favorably than originally expected. Favorable development in the completion factors resulting from the latter parts of 2020 developing faster than expected also contributed to the favorable development in the three months ended March 31, 2021. The impact from COVID-19 on healthcare utilization and medical claims submission patterns continues to provide increased estimation uncertainty on our incurred but not reported liability at March 31, 2022.

The reconciliation of net incurred medical claims to benefit expense included in our consolidated statements of income for periods in 2022 and 2021 is as follows:

	Three Months Ended	
	March 31, 2022	March 31, 2021
Net incurred medical claims:		
Commercial & Specialty Business	\$ 6,834	\$ 6,072

The reconciliation of the medical claims payable reflected in the tables above to the consolidated ending balance for medical claims payable included in the consolidated balance sheet, as of March 31, 2022, is as follows:

	Commercial & Specialty Business	Government Business	Other	Total

10. Debt

We generally issue senior unsecured notes for long-term borrowing purposes. At March 31, 2022 and December 31, 2021, we had \$22,329 and \$22,359, respectively, outstanding under these notes.

We have an unsecured surplus note with an outstanding principal balance of \$25 at both March 31, 2022 and December 31, 2021.

We have a senior revolving credit facility (the “5-Year Facility”) with a group of lenders for general corporate purposes. On April 18, 2022, we amended and restated the credit agreement for the 5-Year Facility to, among other things, extend the maturity date of the 5-Year Facility from June 2024 to April 2027 and increase the amount of credit available under the 5-Year Facility from \$2,500 to \$4,000. Also on April 18, 2022, concurrently with the amendment and restatement of the 5-Year Facility, we terminated our 364-day senior revolving credit facility that provided for credit in the amount of \$1,000, which was scheduled to mature in June 2022 (the “2021 364-Day Facility”) and together with the 5-Year Facility, the “Credit Facilities”). In June 2021, we terminated our 364-day senior revolving credit facility (the “prior 364-Day Facility”), which was scheduled to mature in June 2021, and entered into the 2021 364-Day Facility with a group of lenders for general corporate purposes. Our ability to borrow under the 5-Year Facility is subject to compliance with certain covenants, including covenants requiring us to maintain a defined debt-to-capital ratio of not more than 60%, subject to increase in certain circumstances set forth in the credit agreement for the 5-Year Facility. As of March 31, 2022, our debt-to-capital ratio, as defined and calculated under the Credit Facilities, was 39.2%. We do not believe the restrictions contained in our 5-Year Facility covenants materially affect our financial or operating flexibility. As of March 31, 2022, we were in compliance with all of our debt covenants under the Credit Facilities. There were no amounts outstanding under the 5-Year Facility, 2021 364-Day Facility or the prior 364-Day Facility at any time during the three months ended March 31, 2022 or the year ended December 31, 2021.

Through certain subsidiaries, we have entered into multiple 364-day lines of credit (the “Subsidiary Credit Facilities”) with separate lenders for general corporate purposes. The Subsidiary Credit Facilities provide combined credit of up to \$200. At March 31, 2022 and December 31, 2021, there were no amounts outstanding under our Subsidiary Credit Facilities.

We have an authorized commercial paper program of up to \$3,500, the proceeds of which may be used for general corporate purposes. At March 31, 2022 and December 31, 2021, we had \$525 and \$300, respectively, outstanding under this program.

We have outstanding senior unsecured convertible debentures due 2042 (the “Debentures”), which are governed by an indenture (the “indenture”) between us and The Bank of New York Mellon Trust Company, N.A., as trustee. We accounted for the Debentures in accordance with the FASB cash conversion guidance for debt with conversion and other options at the time of issue. As a result, the value of the embedded conversion option (net of deferred taxes and equity issuance costs) was bifurcated from its debt host and recorded as a component of additional paid-in capital in our consolidated balance sheets. We adopted ASU 2020-06 on January 1, 2022 using the modified retrospective transition method, which resulted in an increase to our reported debt outstanding of \$31, a decrease of our deferred tax liabilities of \$8 and a corresponding cumulative-effect reduction to our opening retained earnings of \$23, eliminating the bifurcation of the embedded conversion option. During the three months ended March 31, 2022, \$2 of aggregate principal amount of the Debentures was surrendered for conversion by certain holders in accordance with the terms and provisions of the indenture. We elected to settle the excess of the principal amount of the conversions with cash for total payments during the three months ended March 31, 2022 of \$14.

The following table summarizes at March 31, 2022 the related balances, conversion rate and conversion price of the Debentures:

Outstanding principal amount	\$	102
Net debt carrying amount	\$	102
Conversion rate (shares of common stock per \$1,000 of principal amount)		14.2390
Effective conversion price (per \$1,000 of principal amount)	\$	70.2297

We are a member, through certain subsidiaries, of the Federal Home Loan Bank of Indianapolis, the Federal Home Loan Bank of Cincinnati, the Federal Home Loan Bank of Atlanta and the Federal Home Loan Bank of New York (collectively, the “FHLBs”). As a member, we have the ability to obtain short-term cash advances, subject to certain minimum collateral requirements. We had \$275 of outstanding short-term borrowings from the FHLBs at each of March 31, 2022 and December 31, 2021.

All debt is a direct obligation of Anthem, Inc., except for the surplus note, the FHLB borrowings, and the Subsidiary Credit Facilities.

11. Commitments and Contingencies

Litigation and Regulatory Proceedings

In the ordinary course of business, we are defendants in, or parties to, a number of pending or threatened legal actions or proceedings. To the extent a plaintiff or plaintiffs in the following cases have specified in their complaint or in other court filings the amount of damages being sought, we have noted those alleged damages in the descriptions below. With respect to the cases described below, we contest liability and/or the amount of damages in each matter and believe we have meritorious defenses.

Where available information indicates that it is probable that a loss has been incurred as of the date of the consolidated financial statements and we can reasonably estimate the amount of that loss, we accrue the estimated loss by a charge to income. In many proceedings, however, it is difficult to determine whether any loss is probable or reasonably possible. In addition, even where loss is possible or an exposure to loss exists in excess of the liability already accrued with respect to a previously identified loss contingency, it is not always possible to reasonably estimate the amount of the possible loss or range of loss.

With respect to many of the proceedings to which we are a party, we cannot provide an estimate of the possible losses, or the range of possible losses in excess of the amount, if any, accrued, for various reasons, including but not limited to some or all of the following: (i) there are novel or unsettled legal issues presented, (ii) the proceedings are in early stages, (iii) there is uncertainty as to the likelihood of a class being certified or decertified or the ultimate size and scope of the class, (iv) there is uncertainty as to the outcome of pending appeals or motions, (v) there are significant factual issues to be resolved, and/or (vi) in many cases, the plaintiffs have not specified damages in their complaint or in court filings. For those legal proceedings where a loss is probable, or reasonably possible, and for which it is possible to reasonably estimate the amount of the possible loss or range of losses, we currently believe that the range of possible losses, in excess of established reserves is, in the aggregate, from \$0 to approximately \$250 at March 31, 2022. This estimated aggregate range of reasonably possible losses is based upon currently available information taking into account our best estimate of such losses for which such an estimate can be made.

Blue Cross Blue Shield Antitrust Litigation

We are a defendant in multiple lawsuits that were initially filed in 2012 against the BCBSA and Blue Cross and/or Blue Shield licensees (the “Blue plans”) across the country. Cases filed in twenty-eight states were consolidated into a single, multi-district proceeding captioned *In re Blue Cross Blue Shield Antitrust Litigation* that is pending in the U.S. District Court for the Northern District of Alabama (the “Court”). Generally, the suits allege that the BCBSA and the Blue plans have conspired to horizontally allocate geographic markets through license agreements, best efforts rules that limit the percentage of non-Blue revenue of each plan, restrictions on acquisitions, rules governing the BlueCard® and National Accounts

programs and other arrangements in violation of the Sherman Antitrust Act (“Sherman Act”) and related state laws. The cases were brought by two putative nationwide classes of plaintiffs, health plan subscribers and providers.

In April 2018, the Court issued an order on the parties’ cross motions for partial summary judgment, determining that the defendants’ aggregation of geographic market allocations and output restrictions are to be analyzed under a per se standard of review, and the BlueCard® program and other alleged Section 1 Sherman Act violations are to be analyzed under the rule of reason standard of review. The Court also found that there remain genuine issues of material fact as to whether the defendants operate as a single entity with regard to the enforcement of the Blue Cross Blue Shield trademarks. In April 2019, the plaintiffs filed motions for class certification, which defendants opposed.

The BCBSA and Blue plans have approved a settlement agreement and release (the “Subscriber Settlement Agreement”) with the subscriber plaintiffs. If approved by the Court, the Subscriber Settlement Agreement will require the defendants to make a monetary settlement payment, our portion of which is estimated to be \$594, and will contain certain terms imposing non-monetary obligations including (i) eliminating the “national best efforts” rule in the BCBSA license agreements (which rule limits the percentage of non-Blue revenue permitted for each Blue plan) and (ii) allowing for some large national employers with self-funded benefit plans to request a bid for insurance coverage from a second Blue plan in addition to the local Blue plan. As of March 31, 2022, the liability balance accrued for our estimated payment obligation was \$507, net of payments made.

In November 2020, the Court issued an order preliminarily approving the Subscriber Settlement Agreement, following which members of the subscriber class were provided notice of the Subscriber Settlement Agreement and an opportunity to opt out of the class. All terms of the Subscriber Settlement Agreement are subject to final approval by the Court. The deadline for objections to the settlement as well as the deadline for those who wish to opt-out from the settlement was in July 2021 and a small number of subscribers submitted valid opt outs by the deadline. The claims deadline was in November 2021 and in excess of eight thousand claims were submitted. A final approval hearing was held in October 2021. The Court took the request for approval under advisement and requested supplemental briefing that was submitted. In February 2022, the Court ordered the issuance of a supplemental notice to self-funded account class members. The notice process was completed in March 2022. Objections to the supplemental notice along with opt-outs must be submitted by May 2, 2022, with a motion certifying compliance with the supplemental notice due from class counsel by May 10, 2022. If the Court grants approval of the Subscriber Settlement Agreement, and after all appellate rights have expired or have been exhausted in a manner that affirms the Court’s final order and judgment, the defendants’ payment and non-monetary obligations under the Subscriber Settlement Agreement will become effective.

In October 2020, after the Court lifted the stay as to the provider litigation, provider plaintiffs filed a renewed motion for class certification, which defendants opposed. In March 2021, the Court issued an order terminating the pending motion for class certification until the Court determines the standard of review applicable to providers’ claims. In May 2021, the defendants and provider plaintiffs filed renewed standard of review motions, which are now fully briefed. In June 2021, the parties filed summary judgment motions not critically dependent on class certification. In February 2022, the Court issued (1) an order granting certain defendants’ motion for partial summary judgment against provider plaintiffs who had previously released claims against such defendants, and (2) an order granting provider plaintiffs’ motion for partial summary judgment, holding that *Ohio v. American Express Co.* does not affect the standard of review in this case. We intend to continue to vigorously defend the provider suit, which we believe is without merit; however, its ultimate outcome cannot be presently determined.

Blue Cross of California Taxation Litigation

In July 2013, our California affiliate Blue Cross of California (doing business as Anthem Blue Cross) (“BCC”) was named as a defendant in a California taxpayer action filed in Los Angeles County Superior Court (the “Superior Court”) captioned *Michael D. Myers v. State Board of Equalization, et al.* This action was brought under a California statute that permits an individual taxpayer to sue a governmental agency when the taxpayer believes the agency has failed to enforce governing law. Plaintiff contends that BCC, a licensed Health Care Service Plan, is an “insurer” for purposes of taxation despite acknowledging it is not an “insurer” under regulatory law. At the time, under California law, “insurers” were required to pay a gross premiums tax (“GPT”) calculated as 2.35% on gross premiums. As a licensed Health Care Service Plan, BCC has paid the California Corporate Franchise Tax (“CFT”), the tax paid by California businesses generally. Plaintiff contends that BCC must pay the GPT rather than the CFT, and seeks a writ of mandate directing the taxing

agencies to collect the GPT and an order requiring BCC to pay GPT back taxes, interest, and penalties for the eight-year period prior to the filing of the complaint.

Because the GPT is constitutionally imposed in lieu of certain other taxes, BCC has filed protective tax refund claims with the City of Los Angeles, the California Department of Health Care Services and the Franchise Tax Board to protect its rights to recover certain taxes previously paid should BCC eventually be determined to be subject to the GPT for the tax periods at issue in the litigation.

In March 2018, the Superior Court denied BCC's motion for judgment on the pleadings and similar motions brought by other entities. BCC filed a motion for summary judgment with the Superior Court, which was heard in October 2020. In December 2020, the Superior Court granted BCC's motion for summary judgment, dismissing the plaintiff's lawsuit. In November 2021, the plaintiff appealed the order granting our motion for summary judgment. Our responding brief was filed in February 2022. We estimate that the appeal will be heard sometime in 2022. We intend to vigorously defend the appeal of this lawsuit.

Express Scripts, Inc. Pharmacy Benefit Management Litigation

In March 2016, we filed a lawsuit against Express Scripts, Inc. ("Express Scripts"), our vendor at the time for PBM services, captioned *Anthem, Inc. v. Express Scripts, Inc.*, in the U.S. District Court for the Southern District of New York. The lawsuit seeks to recover over \$14,800 in damages for pharmacy pricing that is higher than competitive benchmark pricing under the agreement between the parties (the "ESI PBM Agreement"), over \$158 in damages related to operational breaches, as well as various declarations under the ESI PBM Agreement, including that Express Scripts: (i) breached its obligation to negotiate in good faith and to agree in writing to new pricing terms; (ii) was required to provide competitive benchmark pricing to us through the term of the ESI PBM Agreement; (iii) has breached the ESI PBM Agreement; and (iv) is required under the ESI PBM Agreement to provide post-termination services, at competitive benchmark pricing, for one year following any termination.

Express Scripts has disputed our contractual claims and is seeking declaratory judgments: (i) regarding the timing of the periodic pricing review under the ESI PBM Agreement, and (ii) that it has no obligation to ensure that we receive any specific level of pricing, that we have no contractual right to any change in pricing under the ESI PBM Agreement and that its sole obligation is to negotiate proposed pricing terms in good faith. In the alternative, Express Scripts claims that we have been unjustly enriched by its payment of \$4,675 at the time we entered into the ESI PBM Agreement. In March 2017, the District Court granted our motion to dismiss Express Scripts' counterclaims for (i) breach of the implied covenant of good faith and fair dealing, and (ii) unjust enrichment with prejudice. After such action, the only remaining claims were for breach of contract and declaratory relief. In August 2021, Express Scripts filed a motion for summary judgment, which we opposed. In March 2022, the District Court granted in part and denied in part Express Scripts' motion for summary judgment. The District Court dismissed our declaratory judgment claim, our breach of contract claim for failure to prove damages and most of our operational breach claims. As a result of the summary judgment decision, the only remaining claims as of the filing of this Quarterly Report on Form 10-Q are (i) our operational breach claim based on Express Scripts' prior authorization processes and (ii) Express Scripts' counterclaim for breach of the market check provision of the ESI PBM Agreement. We intend to appeal the decision at the appropriate time, vigorously pursue our claims and defend against counterclaims, which we believe are without merit; however, the ultimate outcome cannot be presently determined.

In re Express Scripts/Anthem ERISA Litigation

We are a defendant in a class action lawsuit that was initially filed in June 2016 against Anthem, Inc. and Express Scripts, which has been consolidated into a single multi-district lawsuit captioned *In Re Express Scripts/Anthem ERISA Litigation*, in the U.S. District Court for the Southern District of New York. The consolidated complaint was filed by plaintiffs against Express Scripts and us on behalf of all persons who are participants in or beneficiaries of any ERISA or non-ERISA healthcare plan from December 1, 2009 to December 31, 2019 in which we provided prescription drug benefits through the ESI PBM Agreement and paid a percentage based co-insurance payment in the course of using that prescription drug benefit. The plaintiffs allege that we breached our duties, either under ERISA or with respect to the implied covenant of good faith and fair dealing implied in the health plans, (i) by failing to adequately monitor Express Scripts' pricing under the ESI PBM Agreement, (ii) by placing our own pecuniary interest above the best interests of our insureds by allegedly agreeing to higher pricing in the ESI PBM Agreement in exchange for the purchase price for our NextRx PBM business, and (iii) with

respect to the non-ERISA members, by negotiating and entering into the ESI PBM Agreement that was allegedly detrimental to the interests of such non-ERISA members. Plaintiffs seek to hold us and Express Scripts jointly and severally liable and to recover all losses suffered by the proposed class, equitable relief, disgorgement of alleged ill-gotten gains, injunctive relief, attorney's fees and costs and interest.

In April 2017, we filed a motion to dismiss the claims brought against us, and it was granted, without prejudice, in January 2018. Plaintiffs pursued an appeal with the United States Court of Appeals for the Second Circuit (the "Second Circuit"). In December 2020, the Second Circuit affirmed the trial court's order dismissing the ERISA complaint. Plaintiffs filed a Petition for Rehearing and Rehearing En Banc, which was denied. Plaintiffs filed a writ of certiorari with the United States Supreme Court, which we opposed. In December 2021, the United States Supreme Court requested that the Solicitor General submit a brief "expressing the views of the United States" as to whether the court should grant plaintiffs' writ. We intend to vigorously defend this suit, which we believe is without merit; however, its ultimate outcome cannot be presently determined.

Medicare Risk Adjustment Litigation

In March 2020, the U.S. Department of Justice ("DOJ") filed a civil lawsuit against Anthem, Inc. in the U.S. District Court for the Southern District of New York in a case captioned *United States v. Anthem, Inc.* The DOJ's suit alleges, among other things, that we falsely certified the accuracy of the diagnosis data we submitted to the Centers for Medicare and Medicaid Services ("CMS") for risk-adjustment purposes under Medicare Part C and knowingly failed to delete inaccurate diagnosis codes. The DOJ further alleges that, as a result of these purported acts, we caused CMS to calculate the risk-adjustment payments based on inaccurate diagnosis information, which enabled us to obtain unspecified amounts of payments in Medicare funds in violation of the False Claims Act. The DOJ filed an amended complaint in July 2020, alleging the same causes of action but revising some of its allegations. In September 2020, we filed a motion to transfer the lawsuit to the Southern District of Ohio, a motion to dismiss part of the lawsuit, and a motion to strike certain allegations in the amended complaint. The motions are fully briefed and no decision has been rendered. We intend to continue to vigorously defend this suit, which we believe is without merit; however, the ultimate outcome cannot be presently determined.

Investigations of CareMore and HealthSun

With the assistance of outside counsel, we are conducting investigations of risk-adjustment practices involving data submitted to CMS (unrelated to our retrospective chart review program) at CareMore Health Plans, Inc. ("CareMore"), one of our California subsidiaries, and HealthSun Health Plans, Inc. ("HealthSun"), one of our Florida subsidiaries. Our CareMore investigation has resulted in the termination of CareMore's relationship with one contracted provider in California. Our HealthSun investigation has focused on risk adjustment practices initiated prior to our acquisition of HealthSun in December 2017 that continued after the acquisition. We have voluntarily self-disclosed the existence of both of our investigations to CMS and the Criminal and Civil Divisions of the DOJ. We are cooperating with the ongoing investigations of the Criminal and Civil Divisions of the DOJ related to these risk adjustment practices, and have entered into a tolling agreement with the Civil Division of the DOJ related to its investigation. We are analyzing the scope of potential data corrections to be submitted to CMS and have begun to submit data corrections to CMS. We have also asserted indemnity claims for escrowed funds under the HealthSun purchase agreement for, among other things, breach of healthcare and financial representation provisions, based on the conduct discovered during our investigation. While certain elements of the escrow claims were resolved in the fourth quarter of 2021, there remains litigation in the Delaware Court of Chancery related to the remaining indemnity claims for escrowed funds.

Other Contingencies

From time to time, we and certain of our subsidiaries are parties to various legal proceedings, many of which involve claims for coverage encountered in the ordinary course of business. We, like Health Maintenance Organizations ("HMOs") and health insurers generally, exclude certain healthcare and other services from coverage under our HMO, Preferred Provider Organizations and other plans. We are, in the ordinary course of business, subject to the claims of our enrollees arising out of decisions to restrict or deny reimbursement for uncovered services. The loss of even one such claim, if it results in a significant punitive damage award, could have a material adverse effect on us. In addition, the risk of potential liability under punitive damage theories may increase significantly the difficulty of obtaining reasonable reimbursement of coverage claims.

In addition to the lawsuits described above, we are also involved in other pending and threatened litigation of the character incidental to our business, and are from time to time involved as a party in various governmental investigations, audits, reviews and administrative proceedings. These investigations, audits, reviews and administrative proceedings include routine and special inquiries by state insurance departments, state attorneys general, the U.S. Attorney General and subcommittees of the U.S. Congress. Such investigations, audits, reviews and administrative proceedings could result in the imposition of civil or criminal fines, penalties, other sanctions and additional rules, regulations or other restrictions on our business operations. Any liability that may result from any one of these actions, or in the aggregate, could have a material adverse effect on our consolidated financial position or results of operations.

Contractual Obligations and Commitments

In March 2020, we entered into an agreement with a vendor for information technology infrastructure and related management and support services through June 2025. The new agreement supersedes certain prior agreements for such services and includes provisions for additional services not provided under those agreements. Our remaining commitment under this agreement at March 31, 2022 is approximately \$971. We will have the ability to terminate the agreement upon the occurrence of certain events, subject to early termination fees.

In the second quarter of 2019, we began using our pharmacy benefits manager IngenioRx to market and offer PBM services to our affiliated health plan customers, as well as to external customers outside of the health plans we own. The comprehensive PBM services portfolio includes, but is not limited to, formulary management, pharmacy networks, prescription drug database, member services and mail order capabilities. IngenioRx delegates certain PBM administrative functions, such as claims processing and prescription fulfillment, to CaremarkPCS Health, L.L.C., which is a subsidiary of CVS Health Corporation, pursuant to a five-year agreement. With IngenioRx, we retain the responsibilities for clinical and formulary strategy and development, member and employer experiences, operations, sales, marketing, account management and retail network strategy.

12. Capital Stock

Use of Capital – Dividends and Stock Repurchase Program

We regularly review the appropriate use of capital, including acquisitions, common stock and debt security repurchases and dividends to shareholders. The declaration and payment of any dividends or repurchases of our common stock or debt is at the discretion of our Board of Directors and depends upon our financial condition, results of operations, future liquidity needs, regulatory and capital requirements and other factors deemed relevant by our Board of Directors.

A summary of our cash dividend activity for the three months ended March 31, 2022 and 2021 is as follows:

<u>Declaration Date</u>	<u>Record Date</u>	<u>Payment Date</u>	<u>Cash Dividend per Share</u>	<u>Total</u>
Three Months Ended March 31, 2022				
January 25, 2022	March 10, 2022	March 25, 2022	\$1.28	\$ 309
Three Months Ended March 31, 2021				
January 26, 2021	March 10, 2021	March 25, 2021	\$1.13	\$ 277

On April 19, 2022, our Audit Committee declared a second quarter 2022 dividend to shareholders of \$1.28 per share, payable on June 24, 2022 to shareholders of record at the close of business on June 10, 2022.

Under our Board of Directors' authorization, we maintain a common stock repurchase program. On January 26, 2021, our Audit Committee, pursuant to authorization granted by the Board of Directors, authorized a \$5,000 increase to the common stock repurchase program. Repurchases may be made from time to time at prevailing market prices, subject to certain restrictions on volume, pricing and timing. The repurchases are effected from time to time in the open market, through negotiated transactions, including accelerated share repurchase agreements, and through plans designed to comply with Rule 10b5-1 under the Securities Exchange Act of 1934, as amended. Our stock repurchase program is discretionary, as we are under no obligation to repurchase shares. We repurchase shares under the program when we believe it is a prudent use of

capital. The excess cost of the repurchased shares over par value is charged on a pro rata basis to additional paid-in capital and retained earnings.

A summary of common stock repurchases for the three months ended March 31, 2022 and 2021 is as follows:

	Three Months Ended March 31	
	2022	2021

For additional information regarding the use of capital for debt security repurchases, see Note 10, “Debt,” included in this Form 10-Q and Note 13, “Debt,” to our audited consolidated financial statements as of and for the year ended December 31, 2021 included in our 2021 Annual Report on Form 10-K.

These grants have been included in the activity shown above, but will be subject to adjustment at the end of 2024 based on results in the three year period.

Fair Value

We use a binomial lattice valuation model to estimate the fair value of all stock options granted. For a more detailed discussion of our stock incentive plan fair value methodology, see Note 15, “Capital Stock,” to our audited consolidated financial statements as of and for the year ended December 31, 2021 included in our 2021 Annual Report on Form 10-K.

14. Earnings per Share

The denominator for basic and diluted earnings per share for the three months ended March 31, 2022 and 2021 is as follows:

	Three Months Ended March 31	
	2022	2021
Denominator for basic earnings per share – weighted-average shares	241.4	245.0

Denominator for diluted earnings per share	244.4	248.2

During the three months ended March 31, 2022 and 2021, weighted-average shares related to certain stock options of 0.2 and 0.4, respectively, were excluded from the denominator for diluted earnings per share because the stock options were anti-dilutive.

During the three months ended March 31, 2022, we issued approximately 0.5 restricted stock units under our stock incentive plans, 0.2 of which vesting is contingent upon us meeting specified annual earnings targets for the three year period of 2022 through 2024. During the three months ended March 31, 2021, we issued approximately 0.9 restricted stock units under our stock incentive plans, 0.3 of which vesting is contingent upon us meeting specified annual earnings targets for the three year period of 2021 through 2023. The contingent restricted stock units have been excluded from the denominators for diluted earnings per share and will be included only if and when the contingency is met.

15. Segment Information

The results of our operations are described through four reportable segments: Commercial & Specialty Business, Government Business, IngenioRx and Other.

Our Commercial & Specialty Business segment offers plans and services to our Individual, Group risk-based, Group fee-based and BlueCard® members. The Commercial & Specialty Business segment offers health products on a full-risk basis; provides a broad array of administrative managed care services to our fee-based customers; and provides a variety of specialty and other insurance products and services such as dental, vision, life, disability and supplemental health insurance benefits.

Our Government Business segment includes our Medicare and Medicaid businesses, National Government Services, and services provided to the federal government in connection with the FEHB program.

Our IngenioRx segment includes our PBM business. IngenioRx markets and offers PBM services to our affiliated health plan customers, as well as to external customers outside of the health plans we own. IngenioRx has a comprehensive PBM services portfolio, which includes services such as formulary management, pharmacy networks, prescription drug database, member services and mail order capabilities.

Our Other segment includes our Diversified Business Group, which is our health services business focused on lowering the cost and improving the quality of healthcare by enabling and creating new care delivery and payment models, with a special emphasis on serving those with complex and chronic conditions. This segment also includes certain eliminations and corporate expenses not allocated to our other reportable segments.

We define operating revenues to include premium income, product revenue and administrative fees and other revenues. Operating revenues are derived from premium and fees received, primarily from the sale and administration of health benefits and pharmacy products and services. Operating gain is calculated as total operating revenue less benefit expense, cost of products sold and selling, general and administrative expense.

Affiliated revenues represent revenues or cost for services provided to our subsidiaries by IngenioRx and our Diversified Business Group, as well as certain back-office services provided by our international businesses, and are recorded at cost or management's estimate of fair market value. These affiliated revenues are eliminated in consolidation.

Financial data by reportable segment for the three months ended March 31, 2022 and 2021 is as follows:

	Commercial & Specialty Business	Government Business	IngenioRx	Other	Eliminations	Total
Three Months Ended March 31, 2022

We are one of the largest health benefits companies in the United States in terms of medical membership, serving nearly 47 million medical members through our affiliated health plans as of March 31, 2022. We are an independent licensee of the Blue Cross and Blue Shield Association ("BCBSA"), an association of independent health benefit plans. We serve our members as the Blue Cross licensee for California and as the Blue Cross and Blue Shield ("BCBS") licensee for Colorado, Connecticut, Georgia, Indiana, Kentucky, Maine, Missouri (excluding 30 counties in the Kansas City area), Nevada, New Hampshire, New York (in the New York City metropolitan area and upstate New York), Ohio, Virginia (excluding the Northern Virginia suburbs of Washington, D.C.) and Wisconsin. In a majority of these service areas, we do business as Anthem Blue Cross, Anthem Blue Cross and Blue Shield, and Empire Blue Cross Blue Shield or Empire Blue Cross. In addition, we conduct business through arrangements with other BCBS licensees as well as other strategic partners. Through our subsidiaries, we also serve customers in numerous states as AIM Specialty Health, Amerigroup, Aspire Health, Beacon, CareMore, Freedom Health, HealthLink, HealthSun, MMM, Optimum HealthCare, Simply Healthcare, and/or UniCare. We offer pharmacy benefits management ("PBM") services through our IngenioRx, Inc. ("IngenioRx") subsidiary. We are licensed to conduct insurance operations in all 50 states, the District of Columbia and Puerto Rico through our subsidiaries.

For additional information about our organization, see Part I, Item 1, "Business" and Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations," included in our 2021 Annual Report on Form 10-K. Additional information on our segments can be found in this MD&A and in Note 15, "Segment Information" of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this Form 10-Q.

COVID-19

The COVID-19 pandemic continues to impact the global economy, cause market instability and uncertainty in the labor market and put pressure on the healthcare system, and it has impacted, and will likely continue to impact, our membership, benefit expense and members behavior, including how members access healthcare services. We continue to assist our customers, providers, members and communities in addressing the effects of the COVID-19 pandemic, including by providing expanded benefit coverage for COVID-19 diagnostic tests and vaccine administration and taking steps to increase vaccinations by enabling, educating, and encouraging vaccine acceptance among our members as well as in the communities in which we operate.

COVID-19 care, testing and vaccine administration, and the impact of new COVID-19 variants, have resulted in increased medical costs for us in the first quarter of 2022. In the first quarter of 2022, our Medicaid membership continued to grow as a result of the temporary suspension of eligibility recertification in response to the COVID-19 pandemic, which we expect will remain suspended at least until the third quarter of 2022. Once eligibility recertification resumes, which may not occur until 2023 in certain states, we expect a decline in our Medicaid membership. At the same time, we expect growth in our Commercial risk-based and fee-based plans, including through Individual on-exchange products through state- or federally-facilitated marketplaces (the "Public Exchange"), as members exiting Medicaid in our fourteen Commercial states seek coverage elsewhere. See "Business Trends - Medical Cost Trends" below for a discussion of the impact of COVID-19 on our healthcare costs.

The COVID-19 pandemic continues to evolve and the full extent of its impact will depend on future developments, which are highly uncertain and cannot be predicted at this time. We will continue to monitor the COVID-19 pandemic as well as resulting legislative and regulatory changes to manage our response and assess and mitigate potential adverse impacts to our business. For additional discussion regarding our risks related to the COVID-19 pandemic and our other risk factors, see Part I, Item 1A, “Risk Factors” included in our 2021 Annual Report on Form 10-K.

Business Trends

We made the decision to modestly expand our participation in the “Public Exchange” for 2022 after also expanding in 2021. As a result, for 2022 we are offering Public Exchange products in 122 of the 143 rating regions in which we operate, in comparison to 103 of 143 rating regions in 2021. Our strategy has been, and will continue to be, to only participate in rating regions where we have an appropriate level of confidence that these markets are on a path toward sustainability, including, but not limited to, factors such as expected financial performance, regulatory environment and underlying market characteristics. Changes to our business environment are likely to continue as elected officials at the national and state levels continue to enact, and both elected officials and candidates for election continue to propose, significant modifications to existing laws and regulations, including changes to taxes and fees. In addition, the continuing growth in our government-sponsored business exposes us to increased regulatory oversight.

Our IngenioRx subsidiary markets and offers PBM services to our affiliated health plan customers throughout the country, as well as to customers outside of the health plans we own. Our comprehensive PBM services portfolio includes features such as formulary management, pharmacy networks, a prescription drug database, member services and mail order capabilities. IngenioRx delegates certain PBM administrative functions, such as claims processing and prescription fulfillment, to CaremarkPCS Health, L.L.C., which is a subsidiary of CVS Health Corporation, pursuant to a five-year agreement. With IngenioRx, we retain the responsibilities for clinical and formulary strategy and development, member and employer experiences, operations, sales, marketing, account management and retail network strategy.

Pricing Trends: We strive to price our health benefit products consistent with anticipated underlying medical cost trends. We continue to closely monitor the COVID-19 pandemic (including new COVID-19 variants, which may be more contagious or severe, or less responsive to treatment or vaccines) and the impacts it may have on our pricing, such as surges in COVID-19 related hospitalizations, infection rates, the cost of COVID-19 vaccines, testing and treatment and the return of non-COVID-19 healthcare utilization to our estimate of normal levels, based on historical utilization patterns. We frequently make adjustments to respond to legislative and regulatory changes as well as pricing and other actions taken by existing competitors and new market entrants. Product pricing in our Commercial & Specialty Business segment, including our Individual and small group lines of business, remains competitive. Revenues from the Medicare and Medicaid programs are dependent, in whole or in part, upon annual funding from the federal government and/or applicable state governments.

Medical Cost Trends: Our medical cost trends are primarily driven by increases in the utilization of services across all provider types and the unit cost increases of these services. We work to mitigate these trends through various medical management programs such as care and condition management, program integrity and specialty pharmacy management and utilization management, as well as benefit design changes. There are many drivers of medical cost trends that can cause variance from our estimates, such as changes in the level and mix of services utilized, regulatory changes, aging of the population, health status and other demographic characteristics of our members, epidemics, pandemics, advances in medical technology, new high-cost prescription drugs, and healthcare provider or member fraud.

At its onset, the COVID-19 pandemic caused a decrease in utilization of non-COVID-19 health services, which decreased our claim costs in 2020. As the pandemic continued through 2021, our non-COVID-19 healthcare utilization experience gradually increased and largely normalized. Our COVID-19 related healthcare expenses increased during 2021 as new variants (Delta and Omicron) emerged and vaccinations and boosters became available.

The Omicron surge quickly declined during the first quarter of 2022, with COVID-19 inpatient authorizations, provider-based tests, visits and vaccinations all decreasing to lower levels by the end of the first quarter of 2022; concurrently, non-COVID-19 healthcare utilization recovered from lower levels earlier in the quarter. In 2022, we anticipate additional claim costs for new pharmaceutical treatments for COVID-19 and compliance with governmental regulations on COVID-19 testing reimbursement. We expect claims costs related to COVID-19 testing, treatment and hospitalizations will continue throughout 2022 even during periods with lower COVID-19 infection and confirmed case activity. The ongoing cost and volume of

covered services related to the COVID-19 pandemic may have a material adverse effect on our future claim costs. We continue to closely monitor the COVID-19 pandemic and its impacts on our business, financial condition, results of operations and medical cost trends.

For additional discussion regarding business trends, see Part I, Item 1, “Business” included in our 2021 Annual Report on Form 10-K.

Regulatory Trends and Uncertainties

Federal and state governments have enacted, and may continue to enact, legislation and regulations in response to the COVID-19 pandemic that have had, and we expect will continue to have, a significant impact on health benefits, consumer eligibility for public programs and our cash flows for all lines of business, and which have introduced increased uncertainty around our cost structure. These actions, which are or have been in effect for various durations, provide, among other things:

- mandates to waive cost-sharing for COVID-19 testing (including over-the-counter testing in accordance with state and federal requirements), vaccines and related services;
- reforms, including waiving Medicare originating site restrictions for qualified providers of telehealth services;
- financial support to healthcare providers, including expansion of the Medicare accelerated payment program to all providers receiving Medicare payments;
- mandated expansion of premium payment terms, including the time period for which claims can be denied for lack of payment; and
- mandates related to prior authorizations and payment levels to providers, additional consumer enrollment windows and an increased ability to provide telehealth services.

Beginning in July 2022, the health plan price transparency regulations issued in October 2020 by the U.S. Departments of Health and Human Services, Labor and Treasury (the “Health Plan Transparency Rule”) will require us to disclose, on a monthly basis, detailed pricing information regarding negotiated rates for all covered items and services between the plan or issuer and in-network providers and historical payments to, and billed charges from, out-of-network providers. Additionally, beginning in 2023, we will be required to make available to members personalized out-of-pocket cost information and the underlying negotiated rates for 500 covered healthcare items and services, including prescription drugs. In 2024, this requirement will expand to all items and services.

The Consolidated Appropriations Act of 2021, which was enacted in December 2020 (the “Appropriations Act”), has impacted and in the future may have a material effect upon our business, including procedures and coverage requirements related to surprise medical bills and new mandates for continuity of care for certain patients, price comparison tools, disclosure of broker compensation, mental health parity reporting, and reporting on pharmacy benefits and drug costs. The requirements of the Appropriations Act applicable to us have varying effective dates, some of which were effective in December 2021 and others that have been extended since the enactment of the Appropriations Act.

The American Rescue Plan Act of 2021, (the “Rescue Plan”), which was enacted in March 2021, contains several health-related provisions that have impacted our business, including expansion of premium tax credits for our Public Exchange business and full subsidization of the Consolidated Omnibus Budget Reconciliation Act (“COBRA”) continuation coverage for those who were involuntarily terminated or had their work hours reduced. The Rescue Plan’s premium tax credit provisions became effective in January 2021, while the COBRA premium subsidization was effective from April 2021 through September 2021.

Since its enactment in 2010, the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010, as amended (collectively, the “ACA”), has introduced new risks, regulatory challenges and uncertainties, has impacted our business model and strategy and has required changes in the way our products are designed, underwritten, priced, distributed and administered. The ACA has evolved and various challenges since its enactment have introduced increased uncertainty to our business. In June 2021, the U.S. Supreme Court issued its opinion and dismissed the last legal challenge to the constitutionality of the ACA, leaving the law intact. We expect the ACA will continue to significantly impact our business and results of operations, including pricing, minimum medical loss ratios and the geographies in which our products are available, and as a result of future modifications of, and guidance by federal regulatory

agencies related to, the ACA and our businesses more broadly. We will continue to evaluate the impact of the ACA as any further developments occur.

For additional discussion regarding regulatory trends and uncertainties and risk factors, see Part I, Item 1, “Business – Regulation”, Part I, Item 1A, “Risk Factors”, and the “Regulatory Trends and Uncertainties” section of Part II, Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” included in our 2021 Annual Report on Form 10-K.

Other Significant Items

Business and Operational Matters

On March 10, 2022, we announced our intent to change our name to better reflect our business and our journey from a traditional health benefits organization to a lifetime, trusted health partner. At our annual meeting of shareholders on May 18, 2022, our shareholders will vote on a proposed amendment to our amended and restated articles of incorporation to change our name to Elevance Health, Inc. Shareholders of record on March 17, 2022 are entitled to vote. If approved by our shareholders, we expect the name change to occur in the second quarter of 2022.

On November 10, 2021, we announced our entrance into an agreement with Personal Touch Holding Corporation to acquire Integra Managed Care (“Integra”). Integra is a managed long-term care plan that serves New York state Medicaid members, enabling adults with long-term care needs and disabilities to live safely and independently in their own homes. The acquisition is expected to close by the end of the second quarter of 2022 and is subject to standard closing conditions and customary approvals.

On June 29, 2021, we completed our acquisition of MMM Holdings, LLC (“MMM”) and its Medicare Advantage plan, Medicaid plan and other affiliated companies from InnovaCare Health, L.P. MMM is a Puerto Rico-based integrated healthcare organization and seeks to provide its Medicare Advantage and Medicaid members with a whole health experience through its network of specialized clinics and wholly owned independent physician associations. This acquisition aligns with our vision to be an innovative, valuable and inclusive healthcare partner by providing care management programs that improve the lives of the people we serve.

On April 28, 2021, we completed our acquisition of myNEXUS, Inc. (“myNEXUS”) from WindRose Health Investors. myNEXUS is a comprehensive home-based nursing management company for payors and, at the time of acquisition, delivered integrated clinical support services for Medicare Advantage members across twenty states. This acquisition aligns with our strategy to manage integrated, whole person multi-site care and support by providing national, large-scale expertise to manage nursing services in the home and facilitate transitions of care.

For additional information, see Note 3, “Business Acquisitions,” of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this Form 10-Q.

In 2020, we introduced enterprise-wide initiatives to optimize our business and as a result, recorded a charge of \$653 in selling, general and administrative expenses. We believe these initiatives largely represent the next step forward in our progression towards becoming a more agile organization, including process automation and a reduction in our office space footprint. In the fourth quarter of 2021, we identified additional office space reductions and related fixed asset impairments due to the continuing COVID-19 pandemic and recorded a charge of \$202 in selling general and administrative expenses. For additional information, see Note 4, “Business Optimization Initiatives” and Note 16, “Leases,” of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this Quarterly Report on Form 10-Q.

Litigation Matters

In the consolidated multi-district proceeding in the United States District Court for the Northern District of Alabama (the “Court”) captioned *In re Blue Cross Blue Shield Antitrust Litigation* (“BCBSA Litigation”), the BCBSA and Blue Cross and/or Blue Shield licensees, including us (the “Blue plans”) have approved a settlement agreement and release (the “Subscriber Settlement Agreement”) with the plaintiffs representing a putative nationwide class of health plan subscribers. Generally, the lawsuits in the BCBSA Litigation challenge elements of the licensing agreements between the BCBSA and the independently owned and operated Blue plans. The cases were brought by two putative nationwide classes of plaintiffs, health plan

subscribers and providers, and the Subscriber Settlement Agreement applies only to the putative subscriber class. No settlement agreement has been reached with the provider plaintiffs at this time, and the defendants continue to contest the consolidated cases brought by the provider plaintiffs.

If approved by the Court, the Subscriber Settlement Agreement will require the defendants to make a monetary settlement payment, our portion of which is estimated to be \$594, and will include certain terms imposing non-monetary obligations on the defendants. As of March 31, 2022, the liability balance accrued for our estimated remaining payment obligation was \$507, net of payments made. All terms of the Subscriber Settlement Agreement are subject to approval by the Court before they become effective. For additional information regarding the BCBSA Litigation, see Note 11, “Commitments and Contingencies – *Litigation and Regulatory Proceedings – Blue Cross Blue Shield Antitrust Litigation*,” of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this Quarterly Report on Form 10-Q.

Selected Operating Performance

For the twelve months ended March 31, 2022, total medical membership increased by 3.3 million, or 7.5%. The increase was driven primarily by organic growth in our Medicaid business due to the continued temporary suspension of eligibility recertification during the COVID-19 pandemic, the acquisitions of MMM in the second quarter of 2021 and Ohio Medicaid members in the first quarter of 2022 through the purchase of a Medicaid contract and the launch of our HealthyBlue managed care alliance in North Carolina in the third quarter of 2021. Our Medicare Advantage membership also increased due to organic growth. Increases in our Commercial & Specialty Business segment were driven primarily by new sales exceeding lapses in both our Group fee-based and our Group risk-based membership.

Operating revenue for the three months ended March 31, 2022 was \$37,886, an increase of \$5,788, or 18.0%, from the three months ended March 31, 2021. This increase in operating revenue was primarily driven by higher premium revenue due mainly to organic membership growth in our Medicaid business resulting primarily from the continued temporary suspension of eligibility recertification during the COVID-19 pandemic. Other contributors to the operating revenue increase were the acquisition of MMM in the second quarter of 2021, the acquisition of Ohio Medicaid members in the first quarter of 2022 through the purchase of a Medicaid contract and the retroactive reinstatement of a Medicaid directed payment program. Membership increases and rate increases designed to cover medical cost trends in our Medicare Advantage and Commercial risk-based businesses also provided additional premium revenue. Product revenue increased due to growth in integrated pharmacy members in our IngenioRx segment which also contributed to the overall operating revenue increase.

Net income for the three months ended March 31, 2022 was \$1,795, an increase of \$128, or 7.7%, from the three months ended March 31, 2021. This increase in net income was primarily due to a net operating gain increase from our business units and increased net investment income, partially offset by increased losses on financial instruments, increased interest expense, increased amortization of intangibles and increased income tax expense due to higher income before income tax expense.

Our fully-diluted shareholders’ earnings per share (“EPS”) was \$7.39 for the three months ended March 31, 2022, which represented a 10.1% increase from EPS of \$6.71 for the three months ended March 31, 2021. Our diluted shares for the three months ended March 31, 2022 were 244.4, a decrease of 3.8, or 1.5%, compared to the three months ended March 31, 2021. The increase in EPS resulted primarily from the increase in net income, as well as from the lower shares outstanding during the three months ended March 31, 2022.

Operating cash flow for the three months ended March 31, 2022 and 2021 was \$2,541 and \$2,505, respectively. The minor increase in operating cash flow was due to higher net income in 2022, partially offset by the impact of working capital changes year over year.

Membership

The following table presents our medical membership by reportable segment and customer type as of March 31, 2022 and 2021. Also included below is other membership by product. The medical membership and other membership data presented are unaudited and in certain instances include estimates of the number of members represented by each contract at the end of the period. For a more detailed description of our medical membership, see the “Membership” section of Part II, Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” included in our 2021 Annual Report on Form 10-K.

Medical Membership

Total medical membership increased in both our Commercial & Specialty Business and Government Business segments. The largest increase was in our Government Business segment, primarily due to organic Medicaid membership growth resulting from the continued temporary suspension of eligibility recertification during the COVID-19 pandemic, the acquisitions of MMM in the second quarter of 2021 and Ohio Medicaid members through the purchase of a Medicaid contract in the first quarter of 2022, as well as the launch of our HealthyBlue managed care alliance in North Carolina in the third quarter of 2021. Our Medicare Advantage membership also increased due to organic growth. Increases in our Commercial & Specialty Business segment were driven primarily by new sales exceeding lapses in both our Group fee-based and Group risk-based membership. BlueCard membership increases and Individual membership increases due to our Public Exchange expansion in 2022 also contributed to our overall membership increases.

Other Membership

Our other membership can be impacted by changes in our medical membership, as our medical members often purchase our other products that are ancillary to our health business. Life and disability membership decreased primarily due to lapses and negative in-group change exceeding membership increases in our Group fee-based business. Dental membership

increased primarily due to sales exceeding lapses in our Group risk-based accounts and penetration increases in our Federal Employees Health Benefits (“FEHB”) program, partially offset by the loss of a significant Group fee-based account. Dental administration membership increased primarily due to increased sales to other BCBS plans associated with the FEHB program. Vision membership increased primarily due to the launch of a new entry level vision product in our Group markets, as well as the growth in our Medicare Advantage business. Medicare Part D Standalone membership declined as we discontinued certain legacy products.

Certain of the following definitions are also applicable to all other results of operations tables in this discussion:

NM Not meaningful.

1 Includes interest expense and amortization of other intangible assets.

2 Benefit expense ratio represents benefit expense as a percentage of premium revenue. Premiums for the three months ended March 31, 2022 and 2021 were \$32,785 and \$27,676, respectively.

3 bp = basis point; one hundred basis points = 1%.

4 Selling, general and administrative expense ratio represents selling, general and administrative expense as a percentage of total operating revenue.

Three Months Ended March 31, 2022 Compared to the Three Months Ended March 31, 2021

Total operating revenue increased primarily as a result of higher premium revenue due mainly to organic membership growth in our Medicaid business resulting primarily from the continued temporary suspension of eligibility recertification during the COVID-19 pandemic. Other contributors to the operating revenue increase were the acquisition of MMM in the second quarter of 2021, the acquisition of Ohio Medicaid members in the first quarter of 2022 through the purchase of a Medicaid contract and the retroactive reinstatement of a Medicaid directed payment program. Membership increases and rate increases designed to cover medical cost trends in our Medicare Advantage and Commercial risk-based businesses also

provided additional premium revenue. Product revenue increased due to growth in integrated pharmacy members in our IngenioRx segment which also contributed to the overall operating revenue increase.

Net investment income increased primarily due to increases in net income from our alternative investments and higher income from fixed maturity securities.

Net losses on financial instruments increased primarily as a result of increased losses on fixed maturity securities and fewer gains on equity securities. Losses related to our Russia and Ukraine fixed maturity securities were not material. At March 31, 2022, our remaining holdings of Russia and Ukraine fixed maturity securities were not material.

Benefit expense increased primarily due to healthcare costs associated with organic membership growth in our Medicaid and Medicare businesses, the acquisition of MMM in the second quarter of 2021, the acquisition of Ohio Medicaid members in the first quarter of 2022 through the purchase of a Medicaid contract and the retroactive reinstatement of a Medicaid directed payment program. Higher healthcare costs in our Commercial risk-based business also contributed to the increased benefit expense.

Our benefit expense ratio increased primarily due to the impact of continued increases in our Government Business segment membership, which has a higher benefit expense ratio than our Commercial & Specialty Business segment membership. Higher healthcare costs in our Commercial risk-based businesses also contributed to the benefit expense ratio increase.

Cost of products sold reflects the cost of pharmaceuticals dispensed by IngenioRx for our unaffiliated PBM customers. Cost of products sold increased as the corresponding pharmacy product revenues increased.

Selling, general and administrative expense increased primarily due to the increased costs to support growth.

Our selling, general and administrative expense ratio decreased primarily due to the operating revenue growth in 2022, partially offset by increased costs to support growth.

Our shareholders' net income as a percentage of total revenues decreased in 2022 as compared to 2021 as a result of all factors discussed above.

Reportable Segments Results of Operations

Our results of operations discussed throughout this MD&A are determined in accordance with U.S. generally accepted accounting principles ("GAAP"). We also calculate operating gain and operating margin to further aid investors in understanding and analyzing our core operating results and comparing them among periods. We define operating revenue as premium income, product revenue and administrative fees and other revenue. Operating gain is calculated as total operating revenue less benefit expense, cost of products sold and selling, general and administrative expense. It does not include net investment income, net gains (losses) on financial instruments, interest expense, amortization of other intangible assets or income taxes, as these items are managed in our corporate shared service environment and are not the responsibility of operating segment management. Operating margin is calculated as operating gain divided by operating revenue. We use these measures as a basis for evaluating segment performance, allocating resources, forecasting future operating periods and setting incentive compensation targets. This information is not intended to be considered in isolation or as a substitute for income before income tax expense, shareholders' net income or EPS prepared in accordance with GAAP, and may not be comparable to similarly titled measures reported by other companies. For a reconciliation of reportable segments' operating revenue to the amounts of total revenue included in the consolidated statements of income and a reconciliation of income before income tax expense to reportable segments' operating gain, see Note 15, "Segment Information," of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this Form 10-Q.

Results of our operations are described through four reportable segments: Commercial & Specialty Business, Government Business, IngenioRx and Other. For additional information, see Note 15, "Segment Information," of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this Form 10-Q.

The following table presents a summary of the reportable segment financial information for the three months ended March 31, 2022 and 2021:

Three Months Ended March 31, 2022 Compared to the Three Months Ended March 31, 2021

Commercial & Specialty Business

Operating revenue increased primarily due to higher premiums in our Commercial risk-based businesses due to increased membership, premium rate increases in our Commercial risk-based businesses designed to cover medical cost trends and increased administrative fees in our Commercial fee-based businesses.

Operating gain decreased primarily due to the net unfavorable effect of COVID-19 and increased selling, general and administrative costs to support growth and innovation. These impacts were partially offset by positive contribution from the growth in our risk-based and fee-based membership.

Government Business

Operating revenue increased primarily as a result of higher premium revenue due mainly to organic membership growth in our Medicaid business primarily resulting from the continued temporary suspension of eligibility recertification during the COVID-19 pandemic. Other contributors to the operating revenue increase were the acquisition of MMM in the second quarter of 2021, the acquisition of Ohio Medicaid members in the first quarter of 2022 through the purchase of a Medicaid contract and the retroactive reinstatement of a Medicaid directed payment program. Membership increases and rate increases designed to cover medical cost trends in our Medicare Advantage business also increased premium revenue.

The increase in operating gain was primarily driven by the acquisition of MMM in the second quarter of 2021, organic membership growth in our Medicaid business resulting from the continued temporary suspension of eligibility recertification during the COVID-19 pandemic, improved risk revenue in Medicare and favorable out of period adjustments in our Medicaid businesses. These increases were partially offset by increased selling, general and administrative costs to support growth.

IngenioRx

Operating revenue increased as a result of higher prescription volume, driven by growth in integrated medical and pharmacy members in 2022.

The decrease in operating gain was primarily driven by the non-recurrence of a favorable out of period adjustment recorded in the first quarter of 2021, partially offset by the impact of higher prescription volume resulting from growth in integrated medical and pharmacy members.

Other

Operating revenue increased primarily due to higher revenue for expanded services performed by our Diversified Business Group for our Commercial & Specialty Business segment in 2022. In addition, results in 2022 include revenue from myNEXUS, which was acquired in the second quarter of 2021.

Operating gain increased primarily due to improved performance in our Diversified Business Group's affiliated and unaffiliated earnings and the acquisition of myNEXUS. The increase in operating gain was further driven by lower unallocated corporate expenses in 2022.

Critical Accounting Policies and Estimates

We prepare our consolidated financial statements in conformity with GAAP. Application of GAAP requires management to make estimates and assumptions that affect the amounts reported in our consolidated financial statements and accompanying notes and within this MD&A. We consider our most important accounting policies that require significant estimates and management judgment to be those policies with respect to liabilities for medical claims payable, income taxes, goodwill and other intangible assets, investments and retirement benefits. Our accounting policies related to these items are discussed in our 2021 Annual Report on Form 10-K in Note 2, "Basis of Presentation and Significant Accounting Policies," to our audited consolidated financial statements as of and for the year ended December 31, 2021, as well as in the "Critical Accounting Policies and Estimates" section of Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations." As of March 31, 2022, our critical accounting policies and estimates have not changed from those described in our 2021 Annual Report on Form 10-K.

Medical Claims Payable

The most subjective accounting estimate in our consolidated financial statements is our liability for medical claims payable. Our accounting policies related to medical claims payable are discussed in the references cited above. As of March 31, 2022, our critical accounting policies and estimates related to medical claims payable have not changed from those described in our 2021 Annual Report on Form 10-K. For a reconciliation of the beginning and ending balance for medical claims payable for the three months ended March 31, 2022 and 2021, see Note 9, "Medical Claims Payable," of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this Form 10-Q.

The following table provides a summary of the two key assumptions having the most significant impact on our incurred but not paid liability estimates for the three months ended March 31, 2022 and 2021, which are the trend and completion factors. These two key assumptions can be influenced by utilization levels, unit costs, mix of business, benefit plan designs, provider reimbursement levels, processing system conversions and changes, claim inventory levels, claim processing patterns, claim submission patterns and operational changes resulting from business combinations. The impact from COVID-19 on healthcare utilization and medical claims submission patterns continues to provide increased estimation uncertainty on our incurred but not reported liability at March 31, 2022.

	Favorable Developments by Changes in Key Assumptions	
	Three Months Ended March 31	
	2022	2021
Assumed trend factors	\$ 880	\$ 998
Assumed completion factors	53	490
Total	\$ 933	\$ 1,488

The favorable development recognized in the three months ended March 31, 2022 and 2021 resulted primarily from trend factors in late 2021 and late 2020, respectively, developing more favorably than originally expected. Favorable development in the completion factors resulting from the latter part of 2020 developing faster than expected also contributed to the favorable development for the three months ended March 31, 2021.

The ratio of current year medical claims paid as a percent of current year net medical claims incurred was 61.0% and 62.1% for the three months ended March 31, 2022 and 2021, respectively. This ratio serves as an indicator of claims processing speed whereby claims payments slowed down slightly during the three months ended March 31, 2022 as compared to the three months ended March 31, 2021. This was driven by the strengthening of incurred but not reported claims, within our medical claims payable, to account for an increase in overall payment cycle time.

We calculate the percentage of prior year redundancies in the current period as a percent of prior year net medical claims payable less prior year redundancies in the current period in order to demonstrate the development of prior year reserves. For the three months ended March 31, 2022, this metric was 7.6%, largely driven by favorable trend factor development at the end of 2021. For the three months ended March 31, 2021, this metric was 15.5%, largely driven by favorable trend factor development at the end of 2020 as well as favorable completion factor development from 2020.

We calculate the percentage of prior year redundancies in the current period as a percent of prior year net incurred medical claims to indicate the percentage of redundancy included in the preceding year calculation of current year net incurred medical claims. We believe this calculation supports the reasonableness of our prior year estimate of incurred medical claims and the consistency in our methodology. For the three months ended March 31, 2022, this metric was 0.9%, which was calculated using the redundancy of \$933. For the three months ended March 31, 2021, the comparable metric was 1.8%, which was calculated using the redundancy of \$1,488. We believe these metrics demonstrate an appropriate level of reserve conservatism.

New Accounting Pronouncements

For information regarding new accounting pronouncements that were adopted and new accounting pronouncements that were issued during the three months ended March 31, 2022, see the “*Recently Adopted Accounting Guidance*” and “*Recent Accounting Guidance Not Yet Adopted*” sections of Note 2, “Basis of Presentation and Significant Accounting Policies,” of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this Form 10-Q.

Liquidity and Capital Resources

Sources and Uses of Capital

Our cash receipts result primarily from premiums, product revenue, administrative fees and other revenue, investment income, proceeds from the sale or maturity of our investment securities, proceeds from borrowings, and proceeds from the

issuance of common stock under our employee stock plans. Cash disbursements result mainly from claims payments, administrative expenses, taxes, purchases of investment securities, interest expense, payments on borrowings, acquisitions, capital expenditures, repurchases of our debt securities and common stock and the payment of cash dividends. Cash outflows fluctuate with the amount and timing of settlement of these transactions. Any future decline in our profitability would likely have an unfavorable impact on our liquidity.

For a more detailed overview of our liquidity and capital resources management, see the “*Introduction*” section included in the “Liquidity and Capital Resources” section of Part II, Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” included in our 2021 Annual Report on Form 10-K.

For additional information regarding our sources and uses of capital during the three months ended March 31, 2022, see Note 6, “Derivative Financial Instruments,” Note 10, “Debt,” and Note 12, “Capital Stock – *Use of Capital – Dividends and Stock Repurchase Program*,” of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this Form 10-Q.

The increase in cash provided by operating activities was primarily driven by higher net income in 2022, partially offset by the impact of working capital changes, year-over-year.

Other significant changes in sources or uses of cash year-over-year included reduced proceeds from commercial paper and short- and long-term debt, net of repayments, partially offset by reduced purchases of investments, net of proceeds from sales, maturities, calls and redemptions and other sources of cash, net.

Financial Condition

We maintained a strong financial condition and liquidity position, with consolidated cash, cash equivalents and investments in fixed maturity and equity securities of \$34,638 at March 31, 2022. Since December 31, 2021, total cash, cash equivalents and investments in fixed maturity and equity securities increased by \$978, primarily due to cash generated from operations and net proceeds from the issuance of commercial paper. The increase was partially offset by cash used for common stock repurchases, dividends paid to shareholders, purchases of property and equipment and cash used for acquisitions.

Many of our subsidiaries are subject to various government regulations that restrict the timing and amount of dividends and other distributions that may be paid to their respective parent companies. Certain accounting practices prescribed by insurance regulatory authorities, or statutory accounting practices, differ from GAAP. Changes that occur in statutory accounting practices, if any, could impact our subsidiaries' future dividend capacity. In addition, we have agreed to certain undertakings to regulatory authorities, including the requirement to maintain certain capital levels in certain of our subsidiaries.

At March 31, 2022, we held \$1,424 of cash, cash equivalents and investments at the parent company, which are available for general corporate use, including investment in our businesses, acquisitions, potential future common stock repurchases and dividends to shareholders, repurchases of debt securities and debt and interest payments.

Periodically, we access capital markets and issue debt ("Notes") for long-term borrowing purposes, for example, to refinance debt, to finance acquisitions or for share repurchases. Certain of these Notes may have a call feature that allows us to redeem the Notes at any time at our option and/or a put feature that allows a Note holder to redeem the Notes upon the occurrence of both a change in control event and a downgrade of the Notes below an investment grade rating. For more information on our debt, including redemptions and issuances, see Note 10, "Debt," of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this Form 10-Q.

We calculate our consolidated debt-to-capital ratio, a non-GAAP measure, from the amounts presented on our consolidated balance sheets included in Part I, Item 1 of this Form 10-Q. Our debt-to-capital ratio is calculated as total debt divided by total debt plus total shareholders' equity. Total debt is the sum of short-term borrowings, current portion of long-term debt and long-term debt, less current portion. We believe our debt-to-capital ratio assists investors and rating agencies in measuring our overall leverage and additional borrowing capacity. In addition, our bank covenants include a maximum debt-to-capital ratio that we cannot and did not exceed. Our debt-to-capital ratio may not be comparable to similarly titled measures reported by other companies. Our consolidated debt-to-capital ratio was 39.2% and 38.9% as of March 31, 2022 and December 31, 2021, respectively.

Our senior debt is rated "A" by S&P Global Ratings, "BBB" by Fitch Ratings, Inc., "Baa2" by Moody's Investor Service, Inc. and "bbb+" by AM Best Company, Inc. We intend to maintain our senior debt investment grade ratings. If our credit ratings are downgraded, our business, liquidity, financial condition and results of operations could be adversely impacted by limitations on future borrowings and a potential increase in our borrowing costs.

Capital Resources

We have a shelf registration statement on file with the U.S. Securities and Exchange Commission to register an unlimited amount of any combination of debt or equity securities in one or more offerings. Specific information regarding terms and securities being offered will be provided at the time of an offering. Proceeds from future offerings are expected to be used for general corporate purposes, including, but not limited to, the repayment of debt, investments in or extensions of credit to our subsidiaries, the financing of possible acquisitions or business expansions.

We have a senior revolving credit facility (the "5-Year Facility") with a group of lenders for general corporate purposes. In April 2022, we amended and restated the credit agreement for the 5-Year Facility to, among other things, extend the maturity date of the 5-Year Facility from June 2024 to April 2027 and increase the amount of credit available under the 5-Year Facility from \$2,500 to \$4,000. Also in April 2022, concurrently with the amendment and restatement of the 5-Year Facility, we terminated our 364-day senior revolving credit facility that provided for credit in the amount of \$1,000, which was scheduled to mature in June 2022 (the "2021 364-Day Facility" and together with the 5-Year Facility, the "Credit Facilities"). In June 2021, we terminated our 364-day senior revolving credit facility (the "prior 364-Day Facility"), which was scheduled to mature in June 2021, and entered into the 2021 364-Day Facility with a group of lenders for general corporate purposes. Our ability to borrow under the 5-Year Facility is subject to compliance with certain covenants, including covenants requiring us to maintain a defined debt-to-capital ratio of not more than 60%, subject to increase in certain circumstances set forth in the credit agreement for the 5-Year Facility. We do not believe the restrictions contained in our 5-Year Credit Facility covenants materially affect our financial or operating flexibility. As of March 31, 2022, we were in compliance with all of the debt covenants under the Credit Facilities.

Through certain subsidiaries, we have entered into multiple 364-day lines of credit (the "Subsidiary Credit Facilities") with separate lenders for general corporate purposes. The Subsidiary Credit Facilities provide combined credit up to \$200.

Our ability to borrow under the Subsidiary Credit Facilities is subject to compliance with certain covenants. At March 31, 2022 and December 31, 2021, we had no outstanding borrowings under the Subsidiary Credit Facilities.

We have a \$3,500 commercial paper program, the proceeds of which may be used for general corporate purposes. Should commercial paper issuance become unavailable, we have the ability to use a combination of cash on hand and/or our 5-Year Facility, which provides for credit in the amount of \$4,000, to redeem any outstanding commercial paper upon maturity.

We are a member, through certain subsidiaries, of the Federal Home Loan Bank of Indianapolis, the Federal Home Loan Bank of Cincinnati, the Federal Home Loan Bank of Atlanta and the Federal Home Loan Bank of New York, collectively (the “FHLBs”). As a member, we have the ability to obtain short-term cash advances, subject to certain minimum collateral requirements. We had \$275 of outstanding short-term borrowings from the FHLBs at March 31, 2022 and December 31, 2021.

While there is no assurance in the current economic environment, we believe the lenders participating in our credit facilities, if market conditions allow, would be willing to provide financing in accordance with their legal obligations. At March 31, 2022, we had \$525 outstanding under our commercial paper program.

We regularly review the appropriate use of capital, including acquisitions, common stock and debt security repurchases and dividends to shareholders. The declaration and payment of any dividends or repurchases of our common stock or debt is at the discretion of our Board of Directors and depends upon our financial condition, results of operations, future liquidity needs, regulatory and capital requirements and other factors deemed relevant by our Board of Directors.

For additional information regarding our sources and uses of capital at March 31, 2022, see Note 5, “Investments,” Note 6, “Derivative Financial Instruments,” Note 10, “Debt,” and Note 12, “Capital Stock – Use of Capital – Dividends and Stock Repurchase Program,” of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this Form 10-Q.

In addition to regulations regarding the timing and amount of dividends, our regulated subsidiaries’ states of domicile have statutory risk-based capital (“RBC”) requirements for health and other insurance companies and health maintenance organizations largely based on the National Association of Insurance Commissioners (“NAIC”) Risk-Based Capital (RBC) for Health Organizations Model Act (the “RBC Model Act”). These RBC requirements are intended to measure capital adequacy, taking into account the risk characteristics of an insurer’s investments and products. The NAIC sets forth the formula for calculating the RBC requirements, which are designed to take into account asset risks, insurance risks, interest rate risks and other relevant risks with respect to an individual insurance company’s business. In general, under the RBC Model Act, an insurance company must submit a report of its RBC level to the state insurance department or insurance commissioner, as appropriate, at the end of each calendar year. Our regulated subsidiaries’ respective RBC levels as of December 31, 2021, which was the most recent date for which reporting was required, were in excess of all applicable mandatory RBC requirements. In addition to exceeding these RBC requirements, we are in compliance with the liquidity and capital requirements for a licensee of the BCBSA and with the tangible net worth requirements applicable to certain of our California subsidiaries. For additional information, see Note 22, “Statutory Information,” in our audited consolidated financial statements as of and for the year ended December 31, 2021 included in our 2021 Annual Report on Form 10-K.

Future Sources and Uses of Liquidity

We believe that funds from cash on hand, future operating cash receipts, investments and funds available under our commercial paper program, our 5-Year Facility, our Subsidiary Credit Facilities and the FHLBs will be adequate to fund our expected cash disbursements over the next twelve months.

There have been no material changes to our long-term liquidity requirements as disclosed in our 2021 Annual Report on Form 10-K. For additional updates regarding our estimated long-term liquidity requirements, see Note 6, “Derivative Financial Instruments,” Note 10, “Debt,” and the “*Other Contingencies*” and “*Contractual Obligations and Commitments*” sections of Note 11 “Commitments and Contingencies,” of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this Form 10-Q. We believe that funds from future operating cash flows, cash and investments and funds available under our 5-Year Facility and/or from public or private financing sources will be sufficient for future operations and commitments, and for capital acquisitions and other strategic transactions.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

For a discussion of our market risks, refer to Item 7A, “Quantitative and Qualitative Disclosures about Market Risk,” included in our 2021 Annual Report on Form 10-K. There have been no material changes to any of these risks since December 31, 2021.

ITEM 4. CONTROLS AND PROCEDURES

We carried out an evaluation as of March 31, 2022, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective in timely alerting them to material information relating to us (including our consolidated subsidiaries) required to be disclosed in our reports under the Exchange Act. In addition, based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective in ensuring that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is accumulated and communicated to our management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosures.

There have been no changes in our internal control over financial reporting that occurred during the three months ended March 31, 2022 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Nonqualified Stock Option Award Agreement

This Nonqualified Stock Option Award Agreement (this “Agreement”) dated as of the Grant Date (the “Grant Date”) set forth in the Notice of Option Grant attached as Schedule A hereto (the “Grant Notice”) is made between Anthem, Inc. (the “Company”) and the Participant set forth in the Grant Notice. The Grant Notice is included in and made part of this Agreement. The Company and Participant expressly agree and acknowledge that Participant’s entry into this Agreement is not a condition of Participant’s employment with the Company, and that Participant is not required to enter into this Agreement or accept any Stock Option Award as a condition of Participant’s employment with the Company.

1. Grant of the Option. Subject to the provisions of this Agreement and the provisions of the Plan, the Company hereby grants to the Participant, pursuant to the Plan, the right and option (the “Option”) to purchase all or any part of the number of shares of common stock of the Company (“Shares”) as set forth in the Grant Notice at an Option Price (“Option Price”) per share and on the other terms as set forth in the Grant Notice. This Option is intended to be a nonqualified stock option for federal income tax purposes.

2. Method of Exercise of the Option.

(a) The Participant may exercise the Option, to the extent then exercisable, by delivering a notice to the Company’s captive broker in a form specified or accepted by the captive broker, specifying the number of Shares with respect to which the Option is being exercised.

(b) At the time the Participant exercises the Option, the Participant shall pay the Option Price of the Shares as to which the Option is being exercised and applicable taxes (i) in United States dollars by personal check, bank draft or money order; (ii) subject to such terms, conditions and limitations as the Compensation and Talent Committee of the Board of Directors of the Company (“Committee”) may prescribe, by tendering (either by actual delivery or attestation) unencumbered Shares previously acquired by the Participant having an aggregate Fair Market Value at the time of exercise equal to the total Option Price of the Shares for which the Option is so exercised; (iii) subject to such terms, conditions and limitations as the Committee may prescribe, a cashless (broker-assisted) exercise that complies with all applicable laws; or (iv) by a combination of the consideration provided for in the foregoing clauses (i), (ii) and (iii).

3. Termination. The Option shall terminate upon the Participant’s Termination for any reason and no Shares may thereafter be purchased under the Option except as provided below. Notwithstanding anything contained in this Agreement, (i) a Participant who is in a position of Vice President or above must give at least 30 days advance written notice of his Termination due to resignation (including Retirement) in order for the Participant to exercise the Option for any period that may apply below and (ii) in no event shall the Option be exercisable after the Expiration Date. If less than 30 days advance written notice is given, the Option shall be immediately canceled, including the portion of the Option that is otherwise exercisable.

(a) Retirement. If the Participant’s Termination is due to Retirement (for purposes of this Agreement, defined as the Participant’s Termination after attaining age fifty-five (55) with at least ten (10) completed years of service or after attaining age sixty-five (65)), the Option shall continue to become exercisable according to the schedule set forth in the Grant Notice; *provided* that the Option shall terminate on the five-year anniversary of the date of the Participant’s Retirement but not later than the Expiration Date noted on the attached Schedule A; *provided, further*, that if the Participant’s Termination is due to Retirement during the calendar year of the Grant Date, the Option shall be immediately terminated on a pro-rata basis, measured by the number of completed full months in that calendar year during which the Participant was employed by the Company or an Affiliate (e.g., if the Participant’s Retirement occurs in September, 33.3% (or 4/12) of the Option shall be immediately terminated), and the non-terminated portion of the Option shall continue to become exercisable according to the schedule set forth in the Grant Notice.¹

¹ This retirement provision is deleted in non-annual retention grants.

(b) *Death and Disability.* If the Participant's Termination is due to the Participant's death or Disability (for purposes of this Agreement, as defined in the applicable Anthem Long-Term Disability Plan), the Option shall immediately become fully exercisable and shall terminate on the five-year anniversary of the date of such Termination but not later than the Expiration Date noted on the attached Schedule A.

(c) *Termination without Cause or Good Reason.* Unless Sections 3(a) or 3(e) are applicable, if the Participant's Termination is by the Company or an Affiliate without Cause (for purposes of this Agreement, defined as a violation of "conduct" as such term is defined in the Anthem HR Corrective Action Policy and if the Participant participates in the Anthem, Inc. Executive Agreement Plan (the "Agreement Plan"), the Key Associate Agreement or the Key Sales Associate Agreement also as defined in that plan or agreement) or voluntarily by the Participant, the following shall apply:

(i) Unless clause (ii) applies, the Option, to the extent fully exercisable as of the date of such Termination, shall thereafter only be exercisable for a period of ninety (90) days from the date of such Termination, but not later than the Expiration Date noted on the attached Schedule A.

(ii) If the Participant is receiving severance under the Agreement Plan, the Anthem Supplemental Unemployment Benefit Plan, the Anthem Excess Termination Benefit Plan, the Key Associate Agreement or the Key Sales Associate Agreement and any portion of the Option remains unexercisable as of the Participant's Termination, the Option shall continue to become exercisable through the earlier of (A) the last day of the period for which the Participant is receiving severance or (B) the last day of the schedule set forth in the Grant Notice. The Option shall be exercisable for a period of ninety (90) days from the date the severance period ends, but not later than the Expiration Date noted on the attached Schedule A.

(d) *Cause.* If the Participant's Termination is for Cause, even if on the date of such Termination the Participant has met the definition of Retirement or Disability, then the portion of the Option that has not been exercised shall immediately terminate.

(e) *Termination after Change of Control.* Notwithstanding any other provision of the Agreement, including Section 3(c), if after a Change of Control the Participant's Termination is (i) by the Company or an Affiliate without Cause or (ii) if the Participant participates in the Executive Agreement Plan, by the Participant for Good Reason (as defined in the Executive Agreement Plan), the Option shall immediately become fully exercisable and shall terminate on the five-year anniversary of the date of such Termination but not later than the Expiration Date noted on the attached Schedule A.

4. Transferability of the Option. The Option shall not be transferable or assignable by the Participant except as provided in this Section 4 and the Option shall be exercisable, during the Participant's lifetime, only by him/her or, during periods of legal disability, by his guardian or other legal representative. No Option shall be subject to execution, attachment, or similar process. The Participant shall have the right to appoint any individual or legal entity in writing, on a Designation of Beneficiary form as his/her beneficiary to receive any Option (to the extent not previously terminated or forfeited) under this Agreement upon the Participant's death. Such designation under this Agreement may be revoked by the Participant at any time and a new beneficiary may be appointed by the Participant by execution and submission to the Company, or its designee, of a revised Designation of Beneficiary form to this Agreement. In order to be effective, a designation of beneficiary must be completed by the Participant on the Designation of Beneficiary form and received by the Company, or its designee, prior to the date of the Participant's death. If the Participant dies without such designation, the Option may be exercised only by the executor or administrator of the Participant's estate or by a person who shall have acquired the right to such exercise by will or by the laws of descent and distribution.

5. Taxes and Withholdings. At the time of receipt of Shares upon the exercise of all or any part of the Option, the Participant shall pay to the Company in cash (or make other arrangements, in accordance with Article XVIII of the Plan, for the satisfaction of) any taxes of any kind required by law to be withheld with respect to such Shares; *provided, however*, that pursuant to any procedures, and subject to any limitations as the Committee may prescribe and subject to applicable law, the Participant may elect to satisfy, in whole or in part, such withholding obligations by (a) withholding Shares otherwise deliverable to the Participant pursuant to the Option (*provided, however*, that the amount of any Shares so withheld shall not exceed the amount necessary to satisfy required Federal, state, local and non-United States withholding obligations using the minimum statutory withholding rates for Federal, state, local and/or non-U.S. tax purposes, including payroll taxes, that are applicable to supplemental taxable income) and/or (b) tendering to the Company Shares owned by the Participant (or the Participant and the Participant's spouse jointly) based, in each case, on the Fair Market Value of the Shares on the payment date as determined by the Committee. Any such election made by the Participant must be irrevocable,

made in writing, signed by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

6. No Rights as a Shareholder. Neither the Participant nor any other person shall become the beneficial owner of the Shares subject to the Option, nor have any rights to dividends or other rights as a shareholder with respect to any such Shares, until the Participant has actually received such Shares following the exercise of the Option in accordance with the terms of the Plan and this Agreement.

7. Restrictive Covenants. For purposes of Sections 7, 8, 9, 10 and 11 of this Agreement, Company shall mean Anthem, Inc. and its subsidiaries and affiliates. The Participant acknowledges that s/he has the right to consult with counsel at the Participant's sole expense. As a condition to receipt of the Option Grant made under this Agreement, which the Participant and the Company agree is fair and reasonable consideration, the Participant agrees as follows:

(a) *Confidentiality.*

(i) The Participant recognizes that the Company derives substantial economic value from information created and used in its business which is not generally known by the public, including, but not limited to, plans, designs, concepts, computer programs, formulae, and equations; product fulfillment and supplier information; customer and supplier lists, and confidential business practices of the Company, its affiliates and any of its customers, vendors, business partners or suppliers; profit margins and the prices and discounts the Company obtains or has obtained or at which it sells or has sold or plans to sell its products or services (except for public pricing lists); manufacturing, assembling, labor and sales plans and costs; business and marketing plans, ideas, or strategies; confidential financial performance and projections; employee compensation; employee staffing and recruiting plans and employee personal information; and other confidential concepts and ideas related to the Company's business (collectively, "Confidential Information"). The Participant expressly acknowledges and agrees that by virtue of his/her employment with the Company, the Participant will have access and will use in the course of the Participant's duties certain Confidential Information and that Confidential Information constitutes trade secrets and confidential and proprietary business information of the Company, all of which is the exclusive property of the Company. For purposes of this Agreement, Confidential Information includes the foregoing and other information protected under the Indiana Uniform Trade Secrets Act (the "Act"), or to any comparable protection afforded by applicable law, but does not include information that the Participant establishes by clear and convincing evidence is or may become known to the Participant or to the public from sources outside the Company and through means other than a breach of this Agreement. Notwithstanding the foregoing, in accordance with the Defend Trade Secrets Act of 2016, the Participant will not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that: (A) is made (1) in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney; and (2) solely for the purpose of reporting or investigating a suspected violation of law; or (B) is made in a complaint or other document that is filed under seal in a lawsuit or other proceeding. If the Participant files a lawsuit for retaliation by the Company for reporting a suspected violation of law, the Participant may disclose the Company's trade secrets to his/her attorney and use the trade secret information in the court proceeding if the Participant (A) files any document containing the trade secret under seal; and (B) does not disclose the trade secret, except pursuant to court order.

(ii) The Participant agrees that the Participant will not for himself or herself or for any other person or entity, directly or indirectly, without the prior written consent of the Company, while employed by the Company and thereafter: (A) use Confidential Information for the benefit of any person or entity other than the Company or its affiliates; (B) remove, copy, duplicate or otherwise reproduce any document or tangible item embodying or pertaining to any of the Confidential Information, except as required to perform the Participant's duties for the Company or its affiliates; or (C) while employed and thereafter, publish, release, disclose or deliver or otherwise make available to any third party any Confidential Information by any communication, including oral, documentary, electronic or magnetic information transmittal device or media. Upon termination of employment, the Participant shall return all Confidential Information and all other property of the Company. This obligation of non-disclosure and non-use of information shall continue to exist for so long as such information remains Confidential Information. Provided, however, nothing in this Agreement prohibits or limits the Participant from (i) reporting possible violations of federal securities law or regulation to any governmental

agency or entity or (ii) receiving a monetary award from the governmental agency or entity for the information reported.

(b) *Non-Competition.* During any period in which the Participant is employed by the Company, and during a period of time after the Participant's termination of employment (the "Restriction Period") which, unless otherwise limited by applicable state law, is (i) twenty-four (24) months for Executive Vice Presidents and the President & Chief Executive Officer, and (ii) the greater of the period of severance or twelve (12) months for all other Participants, the Participant will not, without prior written consent of the Company, directly or indirectly seek or obtain a Competitive Position in a Restricted Territory and perform a Restricted Activity with a Competitor, as those terms are defined herein.

(i) Competitive Position means any employment or performance of services with a Competitor (A) the same as or similar to the services in which Participant performed for the Company in the last twenty-four (24) months of Participant's employment with Company, or (B) in which the Participant will use any Confidential Information of the Company.

(ii) Restricted Territory means any geographic area in which the Company does business and in which the Participant provided services in, had responsibility for, had a material presence or influence in, or had access to Confidential Information about, such business, within the thirty-six (36) months prior to the Participant's termination of employment from the Company.

(iii) Restricted Activity means any activity for which the Participant had responsibility for the Company within the thirty-six (36) months prior to the termination of the Participant's employment from the Company or about which the Participant had Confidential Information.

(iv) Competitor means any entity or individual (other than the Company or its affiliates) engaged in management of network-based managed care plans and programs, or the performance of managed care services, health insurance, long term care insurance, dental, life or disability insurance, behavioral health, vision, flexible spending accounts and COBRA administration or other products or services substantially the same or similar to those offered by the Company while the Participant was employed, or other products or services offered by the Company within twelve (12) months after the termination of Participant's employment if the Participant had responsibility for, or Confidential Information about, such other products or services while the Participant was employed by the Company.

(v) The restrictions contained in this subsection (b) shall not apply to attorneys who accept a Competitive Position that consists of practicing law.

(c) *Non-Solicitation of Customers.* During any period in which the Participant is employed by the Company, and during the Restriction Period after the Participant's termination of employment, the Participant will not, either individually or as an employee, partner, consultant, independent contractor, owner, agent, or in any other capacity, directly or indirectly, for a Competitor of the Company as defined in subsection (b) above: (i) solicit business from any client, account, or medical care provider of the Company or any of its affiliates with which the Participant had contact, participated in the contact, or responsibility for, or about which the Participant had knowledge of Confidential Information by reason of the Participant's employment with the Company, (ii) solicit business from any client, account, or medical care provider which was pursued by the Company or any of its affiliates and with which the Participant had contact, or responsibility for, or about which the Participant had knowledge of Confidential Information by reason of the Participant's employment with the Company, within the twelve (12) month period prior to termination of employment. For purposes of this provision, an individual policyholder in a plan maintained by the Company or by a client or account of the Company under which individual policies are issued, or a certificate holder in such plan under which group policies are issued, shall not be considered a client or account subject to this restriction solely by reason of being such a policyholder or certificate holder.

(d) *Non-Solicitation of Employees.* During any period in which the Participant is employed by the Company, and during the Restriction Period after the Participant's termination of employment, the Participant will not, either individually or as an employee, partner, independent contractor, owner, agent, or in any other capacity, directly or indirectly solicit, hire, attempt to solicit or hire, or participate in any attempt to solicit or hire, for any non-Company affiliated entity, any person who on or during the six (6) months immediately preceding the date of such solicitation or hire is or was an officer or employee of the Company, or whom the Participant was involved in recruiting while the Participant was employed by the Company:

(i) Any officer or employee of the Company whom the Participant knows to have access to or possession of Confidential Information that would give an unfair advantage to a Competitor of the Company;

(ii) Any officer or employee of the Company who, on or at any time during the six (6) months immediately preceding the date of such solicitation or hire, held the position of Director or above with Company;

(iii) Any officer or employee of the Company to whom Participant reported, or who reported to Participant, on or at any time during the six (6) months immediately preceding the dates of such solicitation or hire; or

(iv) Any person who is or was an officer or employee of the Company during the six (6) month immediately preceding the date of such solicitation or hire, or whom the Participant was involved in recruiting while the Participant was employed by the Company.

(e) *Non-Disparagement.* The Participant agrees that he/she will not, nor will he/she cause or assist any other person to, make any statement to a third party or take any action which is intended to or would reasonably have the effect of disparaging or harming the Company or the business reputation of the Company's directors, employees, officers and managers. Further, the Participant will not at any time make any verbal or written statement to any media outlet regarding the Company.

8. Return of Consideration.

(a) If at any time a Participant breaches any provision of Section 7 or Section 11 then: (i) all unexercised Company stock options under any Designated Plan (defined below) whether or not otherwise vested shall cease to be exercisable and shall immediately terminate; (ii) the Participant shall forfeit any outstanding restricted stock or other outstanding equity award made under any Designated Plan and not otherwise vested on the date of breach; and (iii) the Participant shall pay to the Company (A) for each share of common stock of the Company ("Common Share") acquired on exercise of an option under a Designated Plan within the 24 months prior to such breach, the excess of the fair market value of a Common Share on the date of exercise over the exercise price, and (B) for each share of restricted stock and/or performance stock that became vested under any Designated Plan within the 24 months prior to such breach, the fair market value (on the date of vesting) of a Common Share. Any amount to be repaid pursuant to this Section 8 shall be held by the Participant in constructive trust for the benefit of the Company and shall, upon written notice from the Company, within 10 days of such notice, be paid by the Participant to the Company. Any amount described in clauses (i) and (ii) that the Participant forfeits as a result of a breach of the provisions of Sections 7 or 11 shall not reduce any money damages that would be payable to the Company as compensation for such breach.

(b) The amount to be repaid pursuant to this Section 8 shall be determined on a gross basis, without reduction for any taxes incurred, as of the date of the realization event, and without regard to any subsequent change in the fair market value of a Common Share. The Company shall have the right to offset such amount against any amounts otherwise owed to the Participant by the Company (whether as wages, vacation pay, or pursuant to any benefit plan or other compensatory arrangement other than any amount pursuant to any nonqualified deferred compensation plan under Section 409A of the Code).

(c) For purposes of this Section 8, a "Designated Plan" is each stock option, restricted stock, or other equity compensation or long-term incentive compensation plan.

9. Equitable Relief and Other Remedies. As a condition to this Agreement:

(a) The Participant acknowledges that each of the provisions of Section 7 and 8 of the Plan are reasonable and necessary to preserve the legitimate business interests of the Company, its present and potential business activities and the economic benefits derived therefrom; that they will not prevent him or her from earning a livelihood in the Participant's chosen business and are not an undue restraint on the trade of the Participant, or any of the public interests which may be involved.

(b) The Participant agrees that beyond the amounts otherwise to be provided under the Plan and this Agreement, the Company will be damaged by a violation of the terms of this Agreement and the amount of such damage may be difficult to measure. The Participant agrees that if the Participant commits or threatens to commit a breach of any of the covenants and agreements contained in Sections 7 or 11 to the extent permitted by applicable law, then the Company shall have the right to seek and obtain all appropriate injunctive and

other equitable remedies, without posting bond therefor, except as required by law, in addition to any other rights and remedies that may be available at law or under this Agreement, it being acknowledged and agreed that any such breach would cause irreparable injury to the Company and that money damages would not provide an adequate remedy. Further, if the Participant violates Section 7 hereof the Participant agrees that the period of violation shall be added to the period in which the Participant's activities are restricted.

(c) Notwithstanding the foregoing, the Company will not seek injunctive relief or other relief to prevent a Participant residing in California from engaging in post termination competition in California under Section 7(b), 7(c), or 7(d) of this Agreement, provided that the Company may seek and obtain relief to enforce Section 8 of this Agreement with respect to a violation of Section 7(a) or a violation of Section 7(b), 7(c) or 7(d) that occurs as the result of the Participant's actual or threatened misappropriation of Company trade secrets.

(d) The parties agree that the covenants contained herein are severable. If an arbitrator or court shall hold that the duration, scope, area or activity restrictions stated herein are unreasonable under circumstances then existing, or under applicable state law, the parties agree that the maximum duration, scope, area or activity restrictions reasonable and enforceable under such circumstances shall be substituted for the stated duration, scope, area or activity restrictions to the maximum extent permitted by law. The parties further agree that the Company's rights under Section 8 should be enforced to the fullest extent permitted by law irrespective of whether the Company seeks equitable relief in addition to relief provided therein or if the arbitrator or court deems equitable relief to be inappropriate.

(e) Any dispute arising out of or relating to this Agreement, including the breach, termination or validity of this Agreement, that is not resolved in accordance with the determination procedures set for in any applicable Plan Agreement, shall be finally resolved by arbitration in accordance with the JAMS Comprehensive Arbitration Rules and Procedures then currently in effect, by a sole arbitrator. The Company shall be initially responsible for the payment of any filing fee and advance in costs required by JAMS or the arbitrator, provided, however, if the Participant initiates the claim, the Participant will contribute an amount not to exceed \$250.00 for these purposes. During the arbitration, each party shall pay for its own costs and attorneys fees, if any. Attorneys fees and costs shall be awarded by the arbitrator to the prevailing party pursuant to subsection (i) below.

(f) The arbitration shall be governed by the Federal Arbitration Act, 9 U.S.C. §§ 1-16 and judgment upon the award rendered by the arbitrator may be entered by any court having jurisdiction thereof. The arbitrator shall apply the law of the State of Indiana applicable to contracts made and to be performed entirely within that state, without regard to its conflict of law principles, in the arbitration. The arbitrator shall not have the right to award speculative damages or punitive damages to either party except as expressly permitted by statute (notwithstanding this provision by which both parties hereto waive the right to such damages) and shall not have the power to amend this Agreement. The arbitrator shall be required to follow applicable law. The place of arbitration shall be Indianapolis, Indiana. Any application to enforce or set aside the arbitration award shall be filed in a state or federal court located in Indianapolis, Indiana. The Company and Participant agree that the arbitrator shall have the sole authority to resolve any questions of arbitrability, applicable law, or the scope of the arbitration provisions in this Agreement.

(g) Notwithstanding the foregoing provisions of this Section, an action to enforce this Agreement shall be filed within eighteen (18) months after the party seeking relief had actual or constructive knowledge of the alleged violation of the Agreement in question, or any party shall be able to seek immediate, temporary, or preliminary injunctive or equitable relief from a court of law or equity if, in its judgment, such relief is necessary to avoid irreparable damage. To the extent that any party wishes to seek such relief from a court, the parties agree to the following with respect to the location of such actions. Such actions brought by the Participant shall be brought in a state or federal court located in Indianapolis, Indiana. Such actions brought by the Company shall be brought in a state or federal court located in Indianapolis, Indiana. The Participant specifically consents to personal jurisdiction in the State of Indiana for such purposes. The law of the State of Indiana applicable to contracts made and to be performed entirely within that state, without regard to its conflict of law principles, shall govern any such action.

(h) IF FOR ANY REASON THIS ARBITRATION CLAUSE BECOMES NOT APPLICABLE, THEN EACH PARTY, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, HEREBY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY AS TO ANY ISSUE RELATING HERETO IN ANY ACTION, PROCEEDING, OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER MATTER INVOLVING THE PARTIES HERETO.

(i) In the event of any contest arising under or in connection with this Agreement, the arbitrator or court, as applicable, shall award the prevailing party attorneys' fees and costs to the extent permitted by applicable law.

10. Survival of Provisions. The obligations contained in Sections 7, 8, 9 and Section 11 shall survive the Termination of the Participant's employment with the Company and shall be fully enforceable thereafter.

11. Cooperation. Upon the receipt of reasonable notice from the Company (including from outside counsel to the Company), the Participant agrees that while employed by the Company and for two years (or, if longer, for so long as any claim referred to in this Section remains pending) after the termination of Participant's employment for any reason, the Participant will respond and provide information with regard to matters in which the Participant has knowledge as a result of the Participant's employment with the Company, and will provide reasonable assistance to the Company, its affiliates and their respective representatives in defense of any claims that may be made against the Company or its affiliates, and will assist the Company and its affiliates in the prosecution of any claims that may be made by the Company or its affiliates, to the extent that such claims may relate to the period of the Participant's employment with the Company (or any predecessor); provided, that with respect to periods after the termination of the Participant's employment, the Company shall reimburse the Participant for any out-of-pocket expenses incurred in providing such assistance and if the Participant is required to provide more than ten (10) hours of assistance per week after his termination of employment then the Company shall pay the Participant a reasonable amount of money for his services at a rate agreed to between the Company and the Participant; and provided further that after the Participant's termination of employment with the Company such assistance shall not unreasonably interfere with the Participant's business or personal obligations. The Participant agrees to promptly inform the Company if the Participant becomes aware of any lawsuits involving such claims that may be filed or threatened against the Company or its affiliates. The Participant also agrees to promptly inform the Company (to the extent the Participant is legally permitted to do so) if the Participant is asked to assist in any investigation of the Company or its affiliates (or their actions), regardless of whether a lawsuit or other proceeding has then been filed against the Company or its affiliates with respect to such investigation, and shall not do so unless legally required. Provided, however, the Participant is not required to inform the Company of any investigation by a governmental agency or entity resulting from the reporting of possible violations of federal securities law or regulation to any governmental agency or entity, and the Participant may participate in such investigation, without informing the Company.

12. No Right to Continued Employment. Neither the Option nor any terms contained in this Agreement shall confer upon the Participant any express or implied right to be retained in the employment or service of the Company or any Affiliate for any period, nor restrict in any way the right of the Company, which right is hereby expressly reserved, to terminate the Participant's employment or service at any time with or without Cause. The Participant acknowledges and agrees that any right to exercise the Option is earned only by continuing as an employee of the Company or an Affiliate at the will of the Company or such Affiliate, or satisfaction of any other applicable terms and conditions contained in the Plan and this Agreement, and not through the act of being hired, being granted the Option or acquiring Shares hereunder.

13. The Plan. This Agreement is subject to all the terms, provisions and conditions of the Plan, which are incorporated herein by reference, and to such regulations as may from time to time be adopted by the Committee. Unless defined herein, capitalized terms are as defined in the Plan. In the event of any conflict between the provisions of the Plan and this Agreement, the provisions of the Plan shall control, and this Agreement shall be deemed to be modified accordingly. The Plan and the prospectus describing the Plan can be found on the Company's HR intranet. A paper copy of the Plan and the prospectus shall be provided to the Participant upon the Participant's written request to the Company at Anthem, Inc., 220 Virginia Avenue, Indianapolis, Indiana 46204, Attention: Corporate Secretary, Shareholder Services Department.

14. Compliance with Laws and Regulations.

(a) The Option and the obligation of the Company to sell and deliver Shares hereunder shall be subject in all respects to (i) all applicable Federal and state laws, rules and regulations and (ii) any registration, qualification, approvals or other requirements imposed by any government or regulatory agency or body which the Committee shall, in its discretion, determine to be necessary or applicable. Moreover, the Option may not be exercised if its exercise, or the receipt of Shares pursuant thereto, would be contrary to applicable law. If at any time the Company determines, in its discretion, that the listing, registration or qualification of Shares upon any national securities exchange or under any state or Federal law, or the consent or approval of any governmental regulatory body, is necessary or desirable, the Company shall not be required to deliver any certificates for Shares to the Participant or any other person pursuant to this Agreement unless and until such listing, registration, qualification, consent or approval has been effected or obtained, or otherwise provided for, free of any conditions not acceptable to the Company.

(b) The Shares received upon the exercise of the Option shall have been registered under the Securities Act of 1933 ("Securities Act"). If the Participant is an "affiliate" of the Company, as that term is defined in Rule 144 under the Securities Act ("Rule 144"), the Participant may not sell the Shares received except

in compliance with Rule 144. Certificates representing Shares issued to an “affiliate” of the Company may bear a legend setting forth such restrictions on the disposition or transfer of the Shares as the Company deems appropriate to comply with Federal and state securities laws.

(c) If at the time of exercise of all or part of the Option, the Shares are not registered under the Securities Act, and/or there is no current prospectus in effect under the Securities Act with respect to the Shares, the Participant shall execute, prior to the delivery of any Shares to the Participant by the Company pursuant to this Agreement, an agreement (in such form as the Company may specify) in which the Participant represents and warrants that the Participant is purchasing or acquiring the shares acquired under this Agreement for the Participant's own account, for investment only and not with a view to the resale or distribution thereof, and represents and agrees that any subsequent offer for sale or distribution of any kind of such Shares shall be made only pursuant to either (i) a registration statement on an appropriate form under the Securities Act, which registration statement has become effective and is current with regard to the Shares being offered or sold, or (ii) a specific exemption from the registration requirements of the Securities Act, but in claiming such exemption the Participant shall, prior to any offer for sale of such Shares, obtain a prior favorable written opinion, in form and substance satisfactory to the Company, from counsel for or approved by the Company, as to the applicability of such exemption thereto.

15. Notices. All notices by the Participant or the Participant's assignees shall be addressed to Anthem, Inc., 220 Virginia Avenue, Indianapolis, Indiana 46204, Attention: Stock Administration, or such other address as the Company may from time to time specify. All notices to the Participant shall be addressed to the Participant at the Participant's address in the Company's records.

16. Other Plans. The Participant acknowledges that any income derived from the exercise of the Option shall not affect the Participant's participation in, or benefits under, any other benefit plan or other contract or arrangement maintained by the Company or any Affiliate.

17. Recoupment Policy for Incentive Compensation. The Company's Recoupment Policy for Incentive Compensation, as may be amended from time to time, shall apply to the Option, any Shares acquired upon exercise of the Option and any profits realized from the sale of such Shares to the extent that the Participant is covered by such policy. If the Participant is covered by such policy, the policy may apply to recoup the Option, any Shares acquired upon exercise of the Option or profits realized from the sale of Shares previously covered by the Option either before, on or after the date on which the Participant becomes subject to such policy.

Restricted Stock Unit Award Agreement

This Restricted Stock Unit Award Agreement (this “Agreement”) dated as of the Grant Date (the “Grant Date”) set forth in the Notice of Restricted Stock Unit Grant attached as Schedule A hereto (the “Grant Notice”) is made between Anthem, Inc. (the “Company”) and the Participant set forth in the Grant Notice. The Grant Notice is included in and made part of this Agreement. The Company and Participant expressly agree and acknowledge that Participant’s entry into this Agreement is not a condition of Participant’s employment with the Company, and that Participant is not required to enter into this Agreement or accept Restricted Stock Units as a condition of Participant’s employment with the Company.

1. Period of Restriction. The Period of Restriction with respect to the Restricted Stock Units shall be as set forth in the Grant Notice (the “Period of Restriction”). The Participant acknowledges that prior to the expiration of the applicable portion of the Period of Restriction, the Restricted Stock Units may not be sold, transferred, pledged, assigned, encumbered, alienated, hypothecated or otherwise disposed of (whether voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy)). Upon the expiration of the applicable portion of the Period of Restriction described in the attached Grant Notice, the restrictions set forth in this Agreement with respect to the Restricted Stock Units theretofore subject to such expired Period of Restriction shall lapse and the Shares covered by the related portion of the award shall be immediately delivered, except as may be provided in accordance with Sections 8 and 15 hereof.

2. Ownership. Upon expiration of the applicable portion of the Period of Restriction described in the attached Grant Notice, the Company shall transfer the Shares covered by the related portion of the award to the Participant’s account with the Company’s captive broker.

3. Termination.

(a) *Retirement.* If the Participant’s Termination is due to Retirement (for purposes of this Agreement, defined as the Participant’s Termination after attaining age fifty-five (55) with at least ten (10) completed years of service or after attaining age sixty-five (65)), the restrictions upon the Restricted Stock Units shall continue to lapse throughout the Period of Restriction and the Shares covered by the related portion of the Restricted Stock Units shall continue to be delivered upon the applicable Lapse Date; *provided, however*, that if the Participant’s Termination due to Retirement is during the calendar year of the Grant Date, the Restricted Stock Units shall be forfeited on a pro-rata basis, measured by the number of completed full months in that calendar year during which the Participant was employed by the Company or an Affiliate (*e.g.*, if the Participant’s Retirement occurs in September, 33.3% (or 4/12) of the Restricted Stock Units will be forfeited), and the Period of Restriction on the non-forfeited portion of the Restricted Stock Units shall continue to lapse throughout the Period of Restriction described in the attached Grant Notice and the Shares covered by the related portion of the Restricted Stock Units shall continue to be delivered upon the applicable Lapse Date.¹

(b) *Death and Disability.* If the Participant’s Termination is due to death or Disability (for purposes of this Agreement, as defined in the applicable Anthem Long-Term Disability Plan), then the Period of Restriction shall immediately lapse, causing any restrictions which would otherwise remain on the Restricted Stock Units to immediately lapse and the Shares covered by the Restricted Stock Units shall be immediately delivered.

(c) *Without Cause or Good Reason.* Unless 3(a) is applicable, if the Participant’s Termination is by the Company or an Affiliate without Cause (for purposes of this Agreement, defined as a violation of “conduct” as such term is defined in the Anthem HR Corrective Action Policy and if the Participant participates in the Anthem, Inc. Executive Agreement Plan (the “Agreement Plan”), the Key Associate Agreement or the Key Sales Associate Agreement also as defined in that plan or agreement) and the Participant is receiving severance under the Agreement Plan, the Anthem Supplemental Unemployment Benefit Plan, the Anthem Excess Termination Benefit Plan, the Key Associate Agreement or the Key Sales Associate Agreement and any portion of the Period of Restriction has not lapsed as of the Participant’s Termination, the Period of Restriction shall continue to lapse through the earlier of (A) the last day of the period for which the Participant is receiving severance or (B) the last Lapse Date in the schedule set forth in the Grant Notice. The foregoing shall also apply to a Participant who participates in the Agreement Plan and receives severance under the Agreement Plan for a termination by the Participant for Good Reason (as defined in the Agreement Plan).

¹ This retirement provision is deleted in non-annual retention grants.

(d) *Other Terminations.* If the Participant's Termination is (i) by the Company or an Affiliate for Cause even if on the date of such Termination the Participant has met the definition of Retirement or Disability or (ii) by the Participant for any reason other than death, Disability, Retirement, or Good Reason as described in Section 3(c), then all Restricted Stock Units for which the Period of Restriction had not lapsed prior to the date of such Termination shall be immediately forfeited.

(e) *Termination after Change of Control.* Notwithstanding any other provision of the Agreement, including Section 3(c), if after a Change of Control the Participant's Termination is (i) by the Company or an Affiliate without Cause (for purposes of this Agreement, defined as a violation of "conduct" as such term is defined in the Anthem HR Corrective Action Policy and if the Participant participates in the Agreement Plan, the Key Associate Agreement or the Key Sales Associate Agreement also as defined in that plan or agreement) or (ii) if the Participant participates in the Agreement Plan, by the Participant for Good Reason (as defined in the Agreement Plan), then the Period of Restriction on all Restricted Stock Units shall immediately lapse, causing any restrictions which would otherwise remain on the Restricted Stock Units to immediately lapse and the Shares covered by the Restricted Stock Units shall be immediately delivered. Notwithstanding any provision of this Agreement to the contrary, in the event that the restrictions on any Restricted Stock Units lapse under any provision of this Section 3 by reason of any Termination and such Termination occurs within the two year period following a Change of Control that is a "change in control event" within the meaning of Code Section 409A, the Shares subject to the Participant's Restricted Stock Units shall be delivered to the Participant immediately upon such Termination.

4. Transferability of the Restricted Stock Units. The Participant shall have the right to appoint any individual or legal entity in writing, on a Designation of Beneficiary form, as his/her beneficiary to receive any Restricted Stock Units (to the extent not previously terminated or forfeited) under this Agreement upon the Participant's death. Such designation under this Agreement may be revoked by the Participant at any time and a new beneficiary may be appointed by the Participant by execution and submission to the Company, or its designee, of a revised Designation of Beneficiary form to this Agreement. In order to be effective, a designation of beneficiary must be completed by the Participant on the Designation of Beneficiary form and received by the Company, or its designee, prior to the date of the Participant's death. If the Participant dies without such designation, the Restricted Stock Units will become part of the Participant's estate.

5. Dividend Equivalents. In the event the Company declares a dividend on Shares (as defined in the Plan), for each unvested Restricted Stock Unit on the dividend payment date, the Participant shall be credited with a Dividend Equivalent, payable in cash, with a value equal to the value of the declared dividend. The Dividend Equivalents shall be subject to the same restrictions as the unvested Restricted Stock Units to which they relate. No interest or other earnings shall be credited on the Dividend Equivalents. Subject to continued employment with the Company and Affiliates, the restrictions with respect to the Dividend Equivalents shall lapse at the same time and in the same proportion as the initial award of Restricted Stock Units. No additional Dividend Equivalents shall be accrued for the benefit of the Participant with respect to record dates occurring prior to, or with respect to record dates occurring on or after the date, if any, on which the Participant has forfeited the Restricted Stock Units or any Restricted Stock Units have been settled. For any specified employee, any Dividend Equivalents subject to Code Section 409A and payable upon a termination of employment shall be subject to a six month delay. The Dividend Equivalents shall be subject to all such other provisions set forth herein, and may be used to satisfy any or all obligations for the payment of any tax attributable to the Dividend Equivalents and/or Restricted Stock Units.

6. Taxes and Withholdings. Upon the expiration of the applicable portion of the Period of Restriction (and delivery of the underlying Shares), or as of which the value of any Restricted Stock Units first becomes includible in the Participant's gross income for income tax purposes, the Participant shall satisfy all obligations for the payment of any tax attributable to the Restricted Stock Units. The Participant shall notify the Company if the Participant wishes to pay the Company in cash, check or with shares of Anthem common stock already owned for the satisfaction of any taxes of any kind required by law to be withheld with respect to such Restricted Stock Units. Any such election made by the Participant must be irrevocable, made in writing, signed by the Participant, and shall be subject to any restrictions or limitations that the Compensation and Talent Committee of the Board of Directors of the Company ("Committee"), in its sole discretion, deems appropriate. If the Participant does not notify the Company in writing at least 14 days prior to the applicable lapse of the Period of Restriction, the Committee is authorized to take any such other action as may be necessary or appropriate, as determined by the Committee, to satisfy all obligations for the payment of such taxes. Such other actions may include withholding the required amounts from other compensation payable to the Participant, a sell-to-cover transaction or such other method determined by the Committee, in its discretion.

7. Restrictive Covenants. For purposes of Section 7, 8, 9, 10 and 11 of this Agreement, Company shall mean Anthem, Inc. and its subsidiaries and affiliates. The Participant acknowledges that s/he has the right to consult with counsel at the Participant's sole expense. As a condition to receipt of the Restricted Stock Unit

Grant made under this Agreement and/or award of vested Restricted Stock Units, which the Participant and the Company agree is fair and reasonable consideration, the Participant agrees as follows:

(a) *Confidentiality.*

(i) The Participant recognizes that the Company derives substantial economic value from information created and used in its business which is not generally known by the public, including, but not limited to, plans, designs, concepts, computer programs, formulae, and equations; product fulfillment and supplier information; customer and supplier lists, and confidential business practices of the Company, its affiliates and any of its customers, vendors, business partners or suppliers; profit margins and the prices and discounts the Company obtains or has obtained or at which it sells or has sold or plans to sell its products or services (except for public pricing lists); manufacturing, assembling, labor and sales plans and costs; business and marketing plans, ideas, or strategies; confidential financial performance and projections; employee compensation; employee staffing and recruiting plans and employee personal information; and other confidential concepts and ideas related to the Company's business (collectively, "Confidential Information"). The Participant expressly acknowledges and agrees that by virtue of his/her employment with the Company, the Participant will have access and will use in the course of the Participant's duties certain Confidential Information and that Confidential Information constitutes trade secrets and confidential and proprietary business information of the Company, all of which is the exclusive property of the Company. For purposes of this Agreement, Confidential Information includes the foregoing and other information protected under the Indiana Uniform Trade Secrets Act (the "Act"), or to any comparable protection afforded by applicable law, but does not include information that the Participant establishes by clear and convincing evidence is or may become known to the Participant or to the public from sources outside the Company and through means other than a breach of this Agreement. Notwithstanding the foregoing, in accordance with the Defend Trade Secrets Act of 2016, the Participant will not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that: (A) is made (1) in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney; and (2) solely for the purpose of reporting or investigating a suspected violation of law; or (B) is made in a complaint or other document that is filed under seal in a lawsuit or other proceeding. If the Participant files a lawsuit for retaliation by the Company for reporting a suspected violation of law, the Participant may disclose the Company's trade secrets to his/her attorney and use the trade secret information in the court proceeding if the Participant (A) files any document containing the trade secret under seal; and (B) does not disclose the trade secret, except pursuant to court order.

(ii) The Participant agrees that the Participant will not for himself or herself or for any other person or entity, directly or indirectly, without the prior written consent of the Company, while employed by the Company and thereafter: (A) use Confidential Information for the benefit of any person or entity other than the Company or its affiliates; (B) remove, copy, duplicate or otherwise reproduce any document or tangible item embodying or pertaining to any of the Confidential Information, except as required to perform the Participant's duties for the Company or its affiliates; or (C) while employed and thereafter, publish, release, disclose or deliver or otherwise make available to any third party any Confidential Information by any communication, including oral, documentary, electronic or magnetic information transmittal device or media. Upon termination of employment, the Participant shall return all Confidential Information and all other property of the Company. This obligation of non-disclosure and non-use of information shall continue to exist for so long as such information remains Confidential Information. Provided, however, nothing in this Agreement prohibits or limits the Participant from (i) reporting possible violations of federal securities law or regulation to any governmental agency or entity or (ii) receiving a monetary award from the governmental agency or entity for the information reported.

(b) *Non-Competition.* During any period in which the Participant is employed by the Company, and during a period of time after the Participant's termination of employment (the "Restriction Period") which, unless otherwise limited by applicable state law, is (i) twenty-four (24) months for Executive Vice Presidents and the President & Chief Executive Officer, and (ii) the greater of the period of severance or twelve (12) months for all other Participants, the Participant will not, without prior written consent of the Company, directly or indirectly seek or obtain a Competitive Position in a Restricted Territory and perform a Restricted Activity with a Competitor, as those terms are defined herein.

(i) Competitive Position means any employment or performance of services with a Competitor (A) the same as or similar to the services in which Participant performed for the Company in the last twenty-four (24) months of Participant's employment with Company, or (B) in which the Participant will use any Confidential Information of the Company.

(ii) Restricted Territory means any geographic area in which the Company does business and in which the Participant provided services in, had responsibility for, had a material presence or influence in, or had access to Confidential Information about, such business, within the thirty-six (36) months prior to the Participant's termination of employment from the Company.

(iii) Restricted Activity means any activity for which the Participant had responsibility for the Company within the thirty-six (36) months prior to the termination of the Participant's employment from the Company or about which the Participant had Confidential Information.

(iv) Competitor means any entity or individual (other than the Company or its affiliates) engaged in management of network-based managed care plans and programs, or the performance of managed care services, health insurance, long term care insurance, dental, life or disability insurance, behavioral health, vision, flexible spending accounts and COBRA administration or other products or services substantially the same or similar to those offered by the Company while the Participant was employed, or other products or services offered by the Company within twelve (12) months after the termination of Participant's employment if the Participant had responsibility for, or Confidential Information about, such other products or services while the Participant was employed by the Company.

(v) The restrictions contained in this subsection (b) shall not apply to attorneys who accept a Competitive Position that consists of practicing law.

(c) *Non-Solicitation of Customers.* During any period in which the Participant is employed by the Company, and during the Restriction Period after the Participant's termination of employment, the Participant will not, either individually or as an employee, partner, consultant, independent contractor, owner, agent, or in any other capacity, directly or indirectly, for a Competitor of the Company as defined in subsection (b) above: (i) solicit business from any client, account, or medical care provider of the Company or any of its affiliates with which the Participant had contact, participated in the contact, or responsibility for, or about which the Participant had knowledge of Confidential Information by reason of the Participant's employment with the Company, (ii) solicit business from any client, account, or medical care provider which was pursued by the Company or any of its affiliates and with which the Participant had contact, or responsibility for, or about which the Participant had knowledge of Confidential Information by reason of the Participant's employment with the Company, within the twelve (12) month period prior to termination of employment. For purposes of this provision, an individual policyholder in a plan maintained by the Company or by a client or account of the Company under which individual policies are issued, or a certificate holder in such plan under which group policies are issued, shall not be considered a client or account subject to this restriction solely by reason of being such a policyholder or certificate holder.

(d) *Non-Solicitation of Employees.* During any period in which the Participant is employed by the Company, and during the Restriction Period after the Participant's termination of employment, the Participant will not, either individually or as an employee, partner, independent contractor, owner, agent, or in any other capacity, directly or indirectly solicit, hire, attempt to solicit or hire, or participate in any attempt to solicit or hire, for any non-Company affiliated entity, any person who on or during the six (6) months immediately preceding the date of such solicitation or hire is or was an officer or employee of the Company, or whom the Participant was involved in recruiting while the Participant was employed by the Company:

(i) Any officer or employee of the Company whom the Participant knows to have access to or possession of Confidential Information that would give an unfair advantage to a Competitor of the Company;

(ii) Any officer or employee of the Company who, on or at any time during the six (6) months immediately preceding the date of such solicitation or hire, held the position of Director or above with Company;

(iii) Any officer or employee of the Company to whom Participant reported, or who reported to Participant, on or at any time during the six (6) months immediately preceding the dates of such solicitation or hire; or

(iv) Any person who is or was an officer or employee of the Company during the six (6) month immediately preceding the date of such solicitation or hire, or whom the Participant was involved in recruiting while the Participant was employed by the Company.

(e) *Non-Disparagement.* The Participant agrees that he/she will not, nor will he/she cause or assist any other person to, make any statement to a third party or take any action which is intended to or would reasonably have the effect of disparaging or harming the Company or the business reputation of the Company's directors, employees, officers and managers. Further, the Participant will not at any time make any verbal or written statement to any media outlet regarding the Company.

8. Return of Consideration.

(a) If at any time a Participant breaches any provision of Section 7 or Section 11 then: (i) all unexercised Company stock options under any Designated Plan (defined below) whether or not otherwise vested shall cease to be exercisable and shall immediately terminate; (ii) the Participant shall forfeit any outstanding restricted stock or other outstanding equity award made under any Designated Plan and not otherwise vested on the date of breach; and (iii) the Participant shall pay to the Company (A) for each share of common stock of the Company ("Common Share") acquired on exercise of an option under a Designated Plan within the 24 months prior to such breach, the excess of the fair market value of a Common Share on the date of exercise over the exercise price, and (B) for each share of restricted stock and/or performance stock that became vested under any Designated Plan within the 24 months prior to such breach, the fair market value (on the date of vesting) of a Common Share. Any amount to be repaid pursuant to this Section 8 shall be held by the Participant in constructive trust for the benefit of the Company and shall, upon written notice from the Company, within 10 days of such notice, be paid by the Participant to the Company. Any amount described in clauses (i) and (ii) that the Participant forfeits as a result of a breach of the provisions of Sections 7 or 11 shall not reduce any money damages that would be payable to the Company as compensation for such breach.

(b) The amount to be repaid pursuant to this Section 8 shall be determined on a gross basis, without reduction for any taxes incurred, as of the date of the realization event, and without regard to any subsequent change in the fair market value of a Common Share. The Company shall have the right to offset such amount against any amounts otherwise owed to the Participant by the Company (whether as wages, vacation pay, or pursuant to any benefit plan or other compensatory arrangement other than any amount pursuant to any nonqualified deferred compensation plan under Section 409A of the Code).

(c) For purposes of this Section 8, a "Designated Plan" is each stock option, restricted stock, or other equity compensation or long-term incentive compensation plan.

9. Equitable Relief and Other Remedies. As a condition to this Agreement:

(a) The Participant acknowledges that each of the provisions of Section 7 and 8 of the Plan are reasonable and necessary to preserve the legitimate business interests of the Company, its present and potential business activities and the economic benefits derived therefrom; that they will not prevent him or her from earning a livelihood in the Participant's chosen business and are not an undue restraint on the trade of the Participant, or any of the public interests which may be involved.

(b) The Participant agrees that beyond the amounts otherwise to be provided under the Plan and this Agreement, the Company will be damaged by a violation of the terms of this Agreement and the amount of such damage may be difficult to measure. The Participant agrees that if the Participant commits or threatens to commit a breach of any of the covenants and agreements contained in Sections 7 or 11 to the extent permitted by applicable law, then the Company shall have the right to seek and obtain all appropriate injunctive and other equitable remedies, without posting bond therefor, except as required by law, in addition to any other rights and remedies that may be available at law or under this Agreement, it being acknowledged and agreed that any such breach would cause irreparable injury to the Company and that money damages would not provide an adequate remedy. Further, if the Participant violates Section 7 hereof the Participant agrees that the period of violation shall be added to the period in which the Participant's activities are restricted.

(c) Notwithstanding the foregoing, the Company will not seek injunctive relief or other relief to prevent a Participant residing in California from engaging in post termination competition in California under Section 7(b), 7(c), or 7(d) of this Agreement, provided that the Company may seek and obtain relief to enforce Section 8 of this Agreement with respect to a violation of Section 7(a) or a violation of Section 7(b), 7(c) or 7(d) that occurs as the result of the Participant's actual or threatened misappropriation of Company trade secrets.

(d) The parties agree that the covenants contained herein are severable. If an arbitrator or court shall hold that the duration, scope, area or activity restrictions stated herein are unreasonable under circumstances then existing, or under applicable state law, the parties agree that the maximum duration, scope, area or activity restrictions reasonable and enforceable under such circumstances shall be substituted for the stated duration, scope, area or activity restrictions to the maximum extent permitted by law. The parties further agree that the Company's rights under Section 8 should be enforced to the fullest extent permitted by law irrespective of whether the Company seeks equitable relief in addition to relief provided therein or if the arbitrator or court deems equitable relief to be inappropriate.

(e) Any dispute arising out of or relating to this Agreement, including the breach, termination or validity of this Agreement, that is not resolved in accordance with the determination procedures set for in any applicable Plan Agreement, shall be finally resolved by arbitration in accordance with the JAMS Comprehensive Arbitration Rules and Procedures then currently in effect, by a sole arbitrator. The Company shall be initially responsible for the payment of any filing fee and advance in costs required by JAMS or the arbitrator, provided, however, if the Participant initiates the claim, the Participant will contribute an amount not to exceed \$250.00 for these purposes. During the arbitration, each party shall pay for its own costs and attorneys fees, if any. Attorneys fees and costs shall be awarded by the arbitrator to the prevailing party pursuant to subsection (i) below.

(f) The arbitration shall be governed by the Federal Arbitration Act, 9 U.S.C. §§ 1-16 and judgment upon the award rendered by the arbitrator may be entered by any court having jurisdiction thereof. The arbitrator shall apply the law of the State of Indiana applicable to contracts made and to be performed entirely within that state, without regard to its conflict of law principles, in the arbitration. The arbitrator shall not have the right to award speculative damages or punitive damages to either party except as expressly permitted by statute (notwithstanding this provision by which both parties hereto waive the right to such damages) and shall not have the power to amend this Agreement. The arbitrator shall be required to follow applicable law. The place of arbitration shall be Indianapolis, Indiana. Any application to enforce or set aside the arbitration award shall be filed in a state or federal court located in Indianapolis, Indiana. The Company and Participant agree that the arbitrator shall have the sole authority to resolve any questions of arbitrability, applicable law, or the scope of the arbitration provisions in this Agreement.

(g) Notwithstanding the foregoing provisions of this Section, an action to enforce this Agreement shall be filed within eighteen (18) months after the party seeking relief had actual or constructive knowledge of the alleged violation of the Agreement in question, or any party shall be able to seek immediate, temporary, or preliminary injunctive or equitable relief from a court of law or equity if, in its judgment, such relief is necessary to avoid irreparable damage. To the extent that any party wishes to seek such relief from a court, the parties agree to the following with respect to the location of such actions. Such actions brought by the Participant shall be brought in a state or federal court located in Indianapolis, Indiana. Such actions brought by the Company shall be brought in a state or federal court located in Indianapolis, Indiana. The Participant specifically consents to personal jurisdiction in the State of Indiana for such purposes. The law of the State of Indiana applicable to contracts made and to be performed entirely within that state, without regard to its conflict of law principles, shall govern any such action.

(h) IF FOR ANY REASON THIS ARBITRATION CLAUSE BECOMES NOT APPLICABLE, THEN EACH PARTY, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, HEREBY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY AS TO ANY ISSUE RELATING HERETO IN ANY ACTION, PROCEEDING, OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER MATTER INVOLVING THE PARTIES HERETO.

(i) In the event of any contest arising under or in connection with this Agreement, the arbitrator or court, as applicable, shall award the prevailing party attorneys' fees and costs to the extent permitted by applicable law.

10. Survival of Provisions. The obligations contained in Sections 7, 8, 9 and Section 11 shall survive the Termination of the Participant's employment with the Company and shall be fully enforceable thereafter.

11. Cooperation. Upon the receipt of reasonable notice from the Company (including from outside counsel to the Company), the Participant agrees that while employed by the Company and for two years (or, if longer, for so long as any claim referred to in this Section remains pending) after the termination of Participant's employment for any reason, the Participant will respond and provide information with regard to matters in which the Participant has knowledge as a result of the Participant's employment with the Company, and will provide reasonable assistance to the Company, its affiliates and their respective representatives in defense of any claims that may be made against the Company or its affiliates, and will assist the Company and its affiliates in the prosecution of any claims that may be made by the Company or its affiliates, to the extent that such claims may relate to the

period of the Participant's employment with the Company (or any predecessor); provided, that with respect to periods after the termination of the Participant's employment, the Company shall reimburse the Participant for any out-of-pocket expenses incurred in providing such assistance and if the Participant is required to provide more than ten (10) hours of assistance per week after his termination of employment then the Company shall pay the Participant a reasonable amount of money for his services at a rate agreed to between the Company and the Participant; and provided further that after the Participant's termination of employment with the Company such assistance shall not unreasonably interfere with the Participant's business or personal obligations. The Participant agrees to promptly inform the Company if the Participant becomes aware of any lawsuits involving such claims that may be filed or threatened against the Company or its affiliates. The Participant also agrees to promptly inform the Company (to the extent the Participant is legally permitted to do so) if the Participant is asked to assist in any investigation of the Company or its affiliates (or their actions), regardless of whether a lawsuit or other proceeding has then been filed against the Company or its affiliates with respect to such investigation, and shall not do so unless legally required. Provided, however, the Participant is not required to inform the Company of any investigation by a governmental agency or entity resulting from the reporting of possible violations of federal securities law or regulation to any governmental agency or entity, and the Participant may participate in such investigation, without informing the Company.

12. No Rights as a Shareholder. The Participant shall have no rights of a shareholder (including, without limitation, dividend and voting rights) with respect to the Restricted Stock Units, for record dates occurring on or after the Grant Date and prior to the date any such Restricted Stock Units vest in accordance with this Agreement.

13. No Right to Continued Employment. Neither the Restricted Stock Units nor any terms contained in this Agreement shall confer upon the Participant any express or implied right to be retained in the employment or service of the Company or any Affiliate for any period, nor restrict in any way the right of the Company, which right is hereby expressly reserved, to terminate the Participant's employment or service at any time for any reason. The Participant acknowledges and agrees that any right to have restrictions on the Restricted Stock Units lapse is earned only by continuing as an employee of the Company or an Affiliate at the will of the Company or such Affiliate, or satisfaction of any other applicable terms and conditions contained in the Plan and this Agreement, and not through the act of being hired, being granted the Restricted Stock Units or acquiring Shares hereunder.

14. The Plan. This Agreement is subject to all the terms, provisions and conditions of the Plan, which are incorporated herein by reference, and to such regulations as may from time to time be adopted by the Committee. Unless defined herein, capitalized terms are as defined in the Plan. In the event of any conflict between the provisions of the Plan and this Agreement, the provisions of the Plan shall control, and this Agreement shall be deemed to be modified accordingly. The Plan and the prospectus describing the Plan can be found on the Company's HR intranet. A paper copy of the Plan and the prospectus shall be provided to the Participant upon the Participant's written request to the Company at Anthem, Inc., 220 Virginia Avenue, Indianapolis, Indiana 46204, Attention: Corporate Secretary, Shareholder Services Department.

15. Compliance with Laws and Regulations.

(a) The Restricted Stock Units and the obligation of the Company to deliver Shares hereunder shall be subject in all respects to (i) all applicable Federal and state laws, rules and regulations and (ii) any registration, qualification, approvals or other requirements imposed by any government or regulatory agency or body which the Committee shall, in its discretion, determine to be necessary or applicable. Moreover, the Company shall not deliver any certificates for Shares to the Participant or any other person pursuant to this Agreement if doing so would be contrary to applicable law. If at any time the Company determines, in its discretion, that the listing, registration or qualification of Shares upon any national securities exchange or under any state or Federal law, or the consent or approval of any governmental regulatory body, is necessary or desirable, the Company shall not be required to deliver any certificates for Shares to the Participant or any other person pursuant to this Agreement unless and until such listing, registration, qualification, consent or approval has been effected or obtained, or otherwise provided for, free of any conditions not acceptable to the Company.

(b) The Shares received upon the expiration of the applicable portion of the Period of Restriction shall have been registered under the Securities Act of 1933 ("Securities Act"). If the Participant is an "affiliate" of the Company, as that term is defined in Rule 144 under the Securities Act ("Rule 144"), the Participant may not sell the Shares received except in compliance with Rule 144. Certificates representing Shares issued to an "affiliate" of the Company may bear a legend setting forth such restrictions on the disposition or transfer of the Shares as the Company deems appropriate to comply with Federal and state securities laws.

(c) If, at any time, the Shares are not registered under the Securities Act, and/or there is no current prospectus in effect under the Securities Act with respect to the Shares, the Participant shall execute, prior to the delivery of any Shares to the Participant by the Company pursuant to this Agreement, an agreement (in such form as the Company may specify) in which the Participant represents and warrants that the Participant is purchasing or acquiring the shares acquired under this Agreement for the Participant's own account, for investment only and not with a view to the resale or distribution thereof, and represents and agrees that any subsequent offer for sale or distribution of any kind of such Shares shall be made only pursuant to either (i) a registration statement on an appropriate form under the Securities Act, which registration statement has become effective and is current with regard to the Shares being offered or sold, or (ii) a specific exemption from the registration requirements of the Securities Act, but in claiming such exemption the Participant shall, prior to any offer for sale of such Shares, obtain a prior favorable written opinion, in form and substance satisfactory to the Company, from counsel for or approved by the Company, as to the applicability of such exemption thereto.

16. Code Section 409A Compliance. Except with respect to Participants who are Retirement eligible or become Retirement eligible before the calendar year containing the second Lapse Date as shown on the Grant Notice, it is intended that this Agreement meet the short-term deferral exception from Code Section 409A. This Agreement and the Plan shall be administered in a manner consistent with this intent and any provision that would cause the Agreement or Plan to fail to satisfy this exception shall have no force and effect. Notwithstanding anything contained herein to the contrary, Shares in respect of any Restricted Stock Units that (a) constitute "nonqualified deferred compensation" as defined under Code Section 409A and (b) vest as a consequence of the Participant's Termination shall not be delivered until the date that the Participant incurs a "separation from service" within the meaning of Code Section 409A (or, if the Participant is a "specified employee" within the meaning of Code Section 409A and the regulations promulgated thereunder, the date that is six months following the date of such "separation from service" (or death, if earlier)). In addition, each amount to be paid or benefit to be provided to the Participant pursuant to this Agreement that constitutes deferred compensation subject to Code Section 409A, shall be construed as a separate identified payment for purposes of Code Section 409A.

17. Notices. All notices by the Participant or the Participant's assignees shall be addressed to Anthem, Inc., 220 Virginia Avenue, Indianapolis, Indiana 46204, Attention: Stock Administration, or such other address as the Company may from time to time specify. All notices to the Participant shall be addressed to the Participant at the Participant's address in the Company's records.

18. Other Plans. The Participant acknowledges that any income derived from the Restricted Stock Units shall not affect the Participant's participation in, or benefits under, any other benefit plan or other contract or arrangement maintained by the Company or any Affiliate.

19. Recoupment Policy for Incentive Compensation. The Company's Recoupment Policy for Incentive Compensation, as may be amended from time to time, shall apply to the Restricted Stock Units, any Shares delivered hereunder and any profits realized on the sale of such Shares to the extent that the Participant is covered by such policy. If the Participant is covered by such policy, the policy may apply to recoup Restricted Stock Units awarded, any Shares delivered hereunder or profits realized on the sale of such Shares either before, on or after the date on which the Participant becomes subject to such policy.

Performance Stock Unit Award Agreement

This Performance Stock Unit Award Agreement (this “Agreement”) dated as of the Grant Date (the “Grant Date”) set forth in the Notice of Performance Stock Unit Grant attached as Schedule A hereto (the “Grant Notice”) is made between Anthem, Inc. (the “Company”) and the Participant set forth in the Grant Notice. The Grant Notice is included in and made part of this Agreement. The Company and Participant expressly agree and acknowledge that Participant’s entry into this Agreement is not a condition of Participant’s employment with the Company, and that Participant is not required to enter into this Agreement or accept Restricted Stock Units as a condition of Participant’s employment with the Company.

1. **Performance Period.** The Performance Period with respect to the Performance Stock Units shall be as set forth in the Grant Notice (the “Performance Period”). The Participant acknowledges that the Performance Stock Units may not be sold, transferred, pledged, assigned, encumbered, alienated, hypothecated or otherwise disposed of (whether voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy)). Upon the completion of the applicable portion of the Performance Period and subject to the performance measures described in the Summary, the restrictions set forth in this Agreement with respect to the Performance Stock Units theretofore subject to such completed Performance Period shall lapse and the Shares covered by the related portion of the award shall be immediately delivered, except as may be provided in accordance with Sections 8 and 15 hereof.

2. **Ownership.** Upon expiration of the applicable portion of the Performance Period and subject to the performance measure described in the Summary, the Company shall transfer the Shares covered by the related portion of the award to the Participant’s account with the Company’s captive broker.

3. **Termination.**

(a) *Retirement.* If the Participant’s Termination is due to Retirement (for purposes of this Agreement, defined as the Participant’s Termination after attaining age fifty-five (55) with at least ten (10) completed years of service) or after attaining age sixty-five (65), the Participant shall become vested in a prorata number of Performance Stock Units based on actual achievement of the performance measures set forth in the Summary. For purposes of the preceding, the prorata number of the Performance Stock Units shall be equal to (i) the number of Performance Stock Units set forth in the Grant Notice, adjusted for actual achievement of performance measures, plus any Dividend Equivalents multiplied by (ii) a fraction, the numerator of which shall be the number of full calendar months the Participant is employed with the Company during the Measurement Period and the denominator of which shall be 36 calendar months. For purposes of the Agreement, the Measurement Period is (A) the same as the Performance Period for a Participant employed on the first day of the Performance Period, and (B) the 36 month period beginning on the Grant Date for all other Participants. The shares covered by the related portion of the award shall be delivered upon the applicable Vesting Date.¹

(b) *Death and Disability.* If the Participant’s Termination is due to death or Disability (for purposes of this Agreement, as defined in the applicable Anthem Long-Term Disability Plan), then the Performance Period shall immediately lapse, causing any restrictions which would otherwise remain on the Performance Stock Units to immediately lapse, and the Shares covered by the award shall be immediately delivered.

(c) *Without Cause or Good Reason.* If the Participant’s Termination is by the Company or an Affiliate without Cause (for purposes of this Agreement, defined as a violation of “conduct” as such term is defined in the Anthem HR Corrective Action Policy and if the Participant participates in the Anthem, Inc. Executive Agreement Plan (the “Agreement Plan”), the Key Associate Agreement, or the Key Sales Associate Agreement also as defined in that plan or agreement), the Participant shall become vested in a prorata number of Performance Stock Units based on actual achievement of the performance measures set forth in the Summary. For purposes of the preceding, the prorata number of the Performance Stock Units shall be equal to (i) the number of Performance Stock Units set forth in the Grant Notice, adjusted for actual achievement of performance measures, plus any Dividend Equivalents multiplied by (ii) a fraction, the numerator of which shall be the number of full calendar months elapsed from the first day of the Measurement Period through the Participant’s date of Termination and the denominator of which shall be 36 calendar months. The shares covered by the related portion of the award shall be delivered upon the applicable Vesting Date. The foregoing shall also apply to a Participant who participates in the Agreement Plan and receives severance under the Agreement Plan for a termination by the Participant for Good Reason (as defined in the Agreement Plan).

(d) *Other Terminations.* If the Participant’s Termination is (i) by the Company or an Affiliate for Cause even if on the date of such Termination the Participant has met the definition of Retirement or Disability or (ii) by the Participant for any reason other than death, Disability, Retirement, Good Reason or without

¹ This retirement provision is deleted in non-annual retention grants.

Cause, then all Performance Stock Units for which the Performance Period had not lapsed prior to the date of such Termination shall be immediately forfeited.

(e) *Termination after Change of Control.* Notwithstanding any other provision of the Agreement, including Section 3(c), if after a Change of Control the Participant's Termination is (i) by the Company or an Affiliate without Cause or (ii), if the Participant participates in the Agreement Plan, by the Participant for Good Reason (as defined in the Agreement Plan), then there shall be paid out in cash to the Participant within 30 days following termination of employment the value of the Performance Stock Units to which the Participant would have been entitled if performance achieved 100% of the target performance measures as described in the Summary. Notwithstanding any provision of this Agreement to the contrary, in the event that the Participant becomes entitled to vest in Performance Stock Units under any provision of this Section 3 by reason of any Termination and such Termination occurs within the two year period following a Change of Control that is a "change in control event" within the meaning of Code Section 409A, the Participant's Performance Stock Units shall be paid to the Participant immediately upon such Termination.

4. *Transferability of the Performance Stock Units.* The Participant shall have the right to appoint any individual or legal entity in writing, on a Designation of Beneficiary form, as his/her beneficiary to receive any Shares (to the extent not previously terminated or forfeited) under this Agreement upon the Participant's death. Such designation under this Agreement may be revoked by the Participant at any time and a new beneficiary may be appointed by the Participant by execution and submission to the Company, or its designee, of a revised Designation of Beneficiary form to this Agreement. In order to be effective, a designation of beneficiary must be completed by the Participant on the Designation of Beneficiary form and received by the Company, or its designee, prior to the date of the Participant's death. If the Participant dies without such designation, the Performance Stock Units will become part of the Participant's estate.

5. *Dividend Equivalents.* In the event the Company declares a dividend on Shares (as defined in the Plan), for each unvested Performance Stock Unit on the dividend payment date, the Participant shall be credited with a Dividend Equivalent, payable in cash, with a value equal to the value of the declared dividend. The Dividend Equivalents shall be subject to the same restrictions as the unvested Performance Stock Units to which they relate. No interest or other earnings shall be credited on the Dividend Equivalents, provided that additional Dividend Equivalents may be awarded or forfeited in the same proportion as the number of Performance Stock Units determined to be awarded or forfeited based on the achievement of the performance measures. Subject to continued employment with the Company and Affiliates and, as applicable, achievement of performance measures, the restrictions with respect to the Dividend Equivalents shall lapse at the same time and in the same proportion as the initial award of Performance Stock Units. No additional Dividend Equivalents shall be accrued for the benefit of the Participant with respect to record dates occurring prior to, or with respect to record dates occurring on or after the date, if any, on which the Participant has forfeited the Performance Stock Units or any Performance Stock Units have been settled. For any specified employee, any Dividend Equivalents subject to Code Section 409A and payable upon a termination of employment shall be subject to a six month delay. The Dividend Equivalents shall be subject to all such other provisions set forth herein, and may be used to satisfy any or all obligations for the payment of any tax attributable to the Dividend Equivalents and/or Performance Stock Units.

6. *Taxes and Withholdings.* Upon the expiration of the applicable portion of the Performance Period (and delivery of the underlying Shares), or as of which the value of any Performance Stock Units first becomes includible in the Participant's gross income for income tax purposes, the Participant shall satisfy all obligations for the payment of any tax attributable to the Performance Stock Units. The Participant shall notify the Company if the Participant wishes to pay the Company in cash, check or with shares of Anthem common stock already owned for the satisfaction of any taxes of any kind required by law to be withheld with respect to such Performance Stock Units. Any such election made by the Participant must be irrevocable, made in writing, signed by the Participant, and shall be subject to any restrictions or limitations that the Compensation and Talent Committee of the Board of Directors of the Company ("Committee"), in its sole discretion deems appropriate. If the Participant does not notify the Company in writing at least 14 days prior to the applicable lapse of the Performance Period, the Committee is authorized to take any such other action as may be necessary or appropriate, as determined by the Committee, to satisfy all obligations for the payment of such taxes. Such other actions may include withholding the required amounts from other compensation payable to the Participant, a sell-to-cover transaction or such other method determined by the Committee, in its discretion.

7. *Restrictive Covenants.* For purposes of Sections 7, 8, 9, 10 and 11 of this Agreement, Company shall mean Anthem, Inc. and its subsidiaries and affiliates. The Participant acknowledges that s/he has the right to consult with counsel at the Participant's sole expense. As a condition to receipt of the Performance Stock

Unit Grant made under this Agreement and/or award of vested Performance Stock Units, which the Participant and the Company agree is fair and reasonable consideration, the Participant agrees as follows:

(a) *Confidentiality.*

(i) The Participant recognizes that the Company derives substantial economic value from information created and used in its business which is not generally known by the public, including, but not limited to, plans, designs, concepts, computer programs, formulae, and equations; product fulfillment and supplier information; customer and supplier lists, and confidential business practices of the Company, its affiliates and any of its customers, vendors, business partners or suppliers; profit margins and the prices and discounts the Company obtains or has obtained or at which it sells or has sold or plans to sell its products or services (except for public pricing lists); manufacturing, assembling, labor and sales plans and costs; business and marketing plans, ideas, or strategies; confidential financial performance and projections; employee compensation; employee staffing and recruiting plans and employee personal information; and other confidential concepts and ideas related to the Company's business (collectively, "Confidential Information"). The Participant expressly acknowledges and agrees that by virtue of his/her employment with the Company, the Participant will have access and will use in the course of the Participant's duties certain Confidential Information and that Confidential Information constitutes trade secrets and confidential and proprietary business information of the Company, all of which is the exclusive property of the Company. For purposes of this Agreement, Confidential Information includes the foregoing and other information protected under the Indiana Uniform Trade Secrets Act (the "Act"), or to any comparable protection afforded by applicable law, but does not include information that the Participant establishes by clear and convincing evidence is or may become known to the Participant or to the public from sources outside the Company and through means other than a breach of this Agreement. Notwithstanding the foregoing, in accordance with the Defend Trade Secrets Act of 2016, the Participant will not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that: (A) is made (1) in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney; and (2) solely for the purpose of reporting or investigating a suspected violation of law; or (B) is made in a complaint or other document that is filed under seal in a lawsuit or other proceeding. If the Participant files a lawsuit for retaliation by the Company for reporting a suspected violation of law, the Participant may disclose the Company's trade secrets to his/her attorney and use the trade secret information in the court proceeding if the Participant (A) files any document containing the trade secret under seal; and (B) does not disclose the trade secret, except pursuant to court order.

(ii) The Participant agrees that the Participant will not for himself or herself or for any other person or entity, directly or indirectly, without the prior written consent of the Company, while employed by the Company and thereafter: (A) use Confidential Information for the benefit of any person or entity other than the Company or its affiliates; (B) remove, copy, duplicate or otherwise reproduce any document or tangible item embodying or pertaining to any of the Confidential Information, except as required to perform the Participant's duties for the Company or its affiliates; or (C) while employed and thereafter, publish, release, disclose or deliver or otherwise make available to any third party any Confidential Information by any communication, including oral, documentary, electronic or magnetic information transmittal device or media. Upon termination of employment, the Participant shall return all Confidential Information and all other property of the Company. This obligation of non-disclosure and non-use of information shall continue to exist for so long as such information remains Confidential Information. Provided, however, nothing in this Agreement prohibits or limits the Participant from (i) reporting possible violations of federal securities law or regulation to any governmental agency or entity or (ii) receiving a monetary award from the governmental agency or entity for the information reported.

(b) *Non-Competition.* During any period in which the Participant is employed by the Company, and during a period of time after the Participant's termination of employment (the "Restriction Period") which, unless otherwise limited by applicable state law, is (i) twenty-four (24) months for Executive Vice Presidents and the President & Chief Executive Officer, and (ii) the greater of the period of severance or twelve (12) months for all other Participants, the Participant will not, without prior written consent of the Company, directly or indirectly seek or obtain a Competitive Position in a Restricted Territory and perform a Restricted Activity with a Competitor, as those terms are defined herein.

(i) Competitive Position means any employment or performance of services with a Competitor (A) the same as or similar to the services in which Participant performed for the Company in the last twenty-four (24) months of Participant's employment with Company, or (B) in which the Participant will use any Confidential Information of the Company.

(ii) Restricted Territory means any geographic area in which the Company does business and in which the Participant provided services in, had responsibility for, had a material presence or influence in, or had access to Confidential Information about, such business, within the thirty-six (36) months prior to the Participant's termination of employment from the Company.

(iii) Restricted Activity means any activity for which the Participant had responsibility for the Company within the thirty-six (36) months prior to the termination of the Participant's employment from the Company or about which the Participant had Confidential Information.

(iv) Competitor means any entity or individual (other than the Company or its affiliates) engaged in management of network-based managed care plans and programs, or the performance of managed care services, health insurance, long term care insurance, dental, life or disability insurance, behavioral health, vision, flexible spending accounts and COBRA administration or other products or services substantially the same or similar to those offered by the Company while the Participant was employed, or other products or services offered by the Company within twelve (12) months after the termination of Participant's employment if the Participant had responsibility for, or Confidential Information about, such other products or services while the Participant was employed by the Company.

(v) The restrictions contained in this subsection (b) shall not apply to attorneys who accept a Competitive Position that consists of practicing law.

(c) *Non-Solicitation of Customers.* During any period in which the Participant is employed by the Company, and during the Restriction Period after the Participant's termination of employment, the Participant will not, either individually or as an employee, partner, consultant, independent contractor, owner, agent, or in any other capacity, directly or indirectly, for a Competitor of the Company as defined in subsection (b) above: (i) solicit business from any client, account, or medical care provider of the Company or any of its affiliates with which the Participant had contact, participated in the contact, or responsibility for, or about which the Participant had knowledge of Confidential Information by reason of the Participant's employment with the Company, (ii) solicit business from any client, account, or medical care provider which was pursued by the Company or any of its affiliates and with which the Participant had contact, or responsibility for, or about which the Participant had knowledge of Confidential Information by reason of the Participant's employment with the Company, within the twelve (12) month period prior to termination of employment. For purposes of this provision, an individual policyholder in a plan maintained by the Company or by a client or account of the Company under which individual policies are issued, or a certificate holder in such plan under which group policies are issued, shall not be considered a client or account subject to this restriction solely by reason of being such a policyholder or certificate holder.

(d) *Non-Solicitation of Employees.* During any period in which the Participant is employed by the Company, and during the Restriction Period after the Participant's termination of employment, the Participant will not, either individually or as an employee, partner, independent contractor, owner, agent, or in any other capacity, directly or indirectly solicit, hire, attempt to solicit or hire, or participate in any attempt to solicit or hire, for any non-Company affiliated entity, any person who on or during the six (6) months immediately preceding the date of such solicitation or hire is or was an officer or employee of the Company, or whom the Participant was involved in recruiting while the Participant was employed by the Company:

(i) Any officer or employee of the Company whom the Participant knows to have access to or possession of Confidential Information that would give an unfair advantage to a Competitor of the Company;

(ii) Any officer or employee of the Company who, on or at any time during the six (6) months immediately preceding the date of such solicitation or hire, held the position of Director or above with Company;

(iii) Any officer or employee of the Company to whom Participant reported, or who reported to Participant, on or at any time during the six (6) months immediately preceding the dates of such solicitation or hire; or

(iv) Any person who is or was an officer or employee of the Company during the six (6) month immediately preceding the date of such solicitation or hire, or whom the Participant was involved in recruiting while the Participant was employed by the Company.

(e) *Non-Disparagement.* The Participant agrees that he/she will not, nor will he/she cause or assist any other person to, make any statement to a third party or take any action which is intended to or

would reasonably have the effect of disparaging or harming the Company or the business reputation of the Company's directors, employees, officers and managers. Further, the Participant will not at any time make any verbal or written statement to any media outlet regarding the Company.

8. Return of Consideration.

(a) If at any time a Participant breaches any provision of Section 7 or Section 11 then: (i) all unexercised Company stock options under any Designated Plan (defined below) whether or not otherwise vested shall cease to be exercisable and shall immediately terminate; (ii) the Participant shall forfeit any outstanding restricted stock or other outstanding equity award made under any Designated Plan and not otherwise vested on the date of breach; and (iii) the Participant shall pay to the Company (A) for each share of common stock of the Company ("Common Share") acquired on exercise of an option under a Designated Plan within the 24 months prior to such breach, the excess of the fair market value of a Common Share on the date of exercise over the exercise price, and (B) for each share of restricted stock and/or performance stock that became vested under any Designated Plan within the 24 months prior to such breach, the fair market value (on the date of vesting) of a Common Share. Any amount to be repaid pursuant to this Section 8 shall be held by the Participant in constructive trust for the benefit of the Company and shall, upon written notice from the Company, within 10 days of such notice, be paid by the Participant to the Company. Any amount described in clauses (i) and (ii) that the Participant forfeits as a result of a breach of the provisions of Sections 7 or 11 shall not reduce any money damages that would be payable to the Company as compensation for such breach.

(b) The amount to be repaid pursuant to this Section 8 shall be determined on a gross basis, without reduction for any taxes incurred, as of the date of the realization event, and without regard to any subsequent change in the fair market value of a Common Share. The Company shall have the right to offset such amount against any amounts otherwise owed to the Participant by the Company (whether as wages, vacation pay, or pursuant to any benefit plan or other compensatory arrangement other than any amount pursuant to any nonqualified deferred compensation plan under Section 409A of the Code).

(c) For purposes of this Section 8, a "Designated Plan" is each stock option, restricted stock, or other equity compensation or long-term incentive compensation plan.

9. Equitable Relief and Other Remedies. As a condition to this Agreement:

(a) The Participant acknowledges that each of the provisions of Section 7 and 8 of the Plan are reasonable and necessary to preserve the legitimate business interests of the Company, its present and potential business activities and the economic benefits derived therefrom; that they will not prevent him or her from earning a livelihood in the Participant's chosen business and are not an undue restraint on the trade of the Participant, or any of the public interests which may be involved.

(b) The Participant agrees that beyond the amounts otherwise to be provided under the Plan and this Agreement, the Company will be damaged by a violation of the terms of this Agreement and the amount of such damage may be difficult to measure. The Participant agrees that if the Participant commits or threatens to commit a breach of any of the covenants and agreements contained in Sections 7 or 11 to the extent permitted by applicable law, then the Company shall have the right to seek and obtain all appropriate injunctive and other equitable remedies, without posting bond therefor, except as required by law, in addition to any other rights and remedies that may be available at law or under this Agreement, it being acknowledged and agreed that any such breach would cause irreparable injury to the Company and that money damages would not provide an adequate remedy. Further, if the Participant violates Section 7 hereof the Participant agrees that the period of violation shall be added to the period in which the Participant's activities are restricted.

(c) Notwithstanding the foregoing, the Company will not seek injunctive relief or other relief to prevent a Participant residing in California from engaging in post termination competition in California under Section 7(b), 7(c), or 7(d) of this Agreement, provided that the Company may seek and obtain relief to enforce Section 8 of this Agreement with respect to a violation of Section 7(a) or a violation of Section 7(b), 7(c) or 7(d) that occurs as the result of the Participant's actual or threatened misappropriation of Company trade secrets.

(d) The parties agree that the covenants contained herein are severable. If an arbitrator or court shall hold that the duration, scope, area or activity restrictions stated herein are unreasonable under circumstances then existing, or under applicable state law, the parties agree that the maximum duration, scope, area or activity restrictions reasonable and enforceable under such circumstances shall be substituted for the stated duration, scope, area or activity restrictions to the maximum extent permitted by law. The parties further agree that the Company's rights under Section 8 should be enforced to the fullest extent permitted by law irrespective of whether the Company seeks equitable relief in addition to relief provided therein or if the arbitrator or court deems equitable relief to be inappropriate.

(e) Any dispute arising out of or relating to this Agreement, including the breach, termination or validity of this Agreement, that is not resolved in accordance with the determination procedures set for in any applicable Plan Agreement, shall be finally resolved by arbitration in accordance with the JAMS Comprehensive Arbitration Rules and Procedures then currently in effect, by a sole arbitrator. The Company shall be initially responsible for the payment of any filing fee and advance in costs required by JAMS or the arbitrator, provided, however, if the Participant initiates the claim, the Participant will contribute an amount not to exceed \$250.00 for these purposes. During the arbitration, each party shall pay for its own costs and attorneys fees, if any. Attorneys fees and costs shall be awarded by the arbitrator to the prevailing party pursuant to subsection (i) below.

(f) The arbitration shall be governed by the Federal Arbitration Act, 9 U.S.C. §§ 1-16 and judgment upon the award rendered by the arbitrator may be entered by any court having jurisdiction thereof. The arbitrator shall apply the law of the State of Indiana applicable to contracts made and to be performed entirely within that state, without regard to its conflict of law principles, in the arbitration. The arbitrator shall not have the right to award speculative damages or punitive damages to either party except as expressly permitted by statute (notwithstanding this provision by which both parties hereto waive the right to such damages) and shall not have the power to amend this Agreement. The arbitrator shall be required to follow applicable law. The place of arbitration shall be Indianapolis, Indiana. Any application to enforce or set aside the arbitration award shall be filed in a state or federal court located in Indianapolis, Indiana. The Company and Participant agree that the arbitrator shall have the sole authority to resolve any questions of arbitrability, applicable law, or the scope of the arbitration provisions in this Agreement.

(g) Notwithstanding the foregoing provisions of this Section, an action to enforce this Agreement shall be filed within eighteen (18) months after the party seeking relief had actual or constructive knowledge of the alleged violation of the Agreement in question, or any party shall be able to seek immediate, temporary, or preliminary injunctive or equitable relief from a court of law or equity if, in its judgment, such relief is necessary to avoid irreparable damage. To the extent that any party wishes to seek such relief from a court, the parties agree to the following with respect to the location of such actions. Such actions brought by the Participant shall be brought in a state or federal court located in Indianapolis, Indiana. Such actions brought by the Company shall be brought in a state or federal court located in Indianapolis, Indiana. The Participant specifically consents to personal jurisdiction in the State of Indiana for such purposes. The law of the State of Indiana applicable to contracts made and to be performed entirely within that state, without regard to its conflict of law principles, shall govern any such action.

(h) IF FOR ANY REASON THIS ARBITRATION CLAUSE BECOMES NOT APPLICABLE, THEN EACH PARTY, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, HEREBY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY AS TO ANY ISSUE RELATING HERETO IN ANY ACTION, PROCEEDING, OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER MATTER INVOLVING THE PARTIES HERETO.

(i) In the event of any contest arising under or in connection with this Agreement, the arbitrator or court, as applicable, shall award the prevailing party attorneys' fees and costs to the extent permitted by applicable law.

10. Survival of Provisions. The obligations contained in Sections 7, 8, 9 and Section 11 shall survive the Termination of the Participant's employment with the Company and shall be fully enforceable thereafter.

11. Cooperation. Upon the receipt of reasonable notice from the Company (including from outside counsel to the Company), the Participant agrees that while employed by the Company and for two years (or, if longer, for so long as any claim referred to in this Section remains pending) after the termination of Participant's employment for any reason, the Participant will respond and provide information with regard to matters in which the Participant has knowledge as a result of the Participant's employment with the Company, and will provide reasonable assistance to the Company, its affiliates and their respective representatives in defense of any claims that may be made against the Company or its affiliates, and will assist the Company and its affiliates in the prosecution of any claims that may be made by the Company or its affiliates, to the extent that such claims may relate to the period of the Participant's employment with the Company (or any predecessor); provided, that with respect to periods after the termination of the Participant's employment, the Company shall reimburse the Participant for any out-of-pocket expenses incurred in providing such assistance and if the Participant is required to provide more than ten (10) hours of assistance per week after his termination of employment then the Company shall pay the Participant a reasonable amount of money for his services at a rate agreed to between the Company and the Participant; and provided further that after the Participant's termination of employment with the Company such assistance shall not unreasonably interfere with the Participant's business or personal obligations. The Participant agrees to promptly inform the Company if the Participant becomes aware of any lawsuits involving such claims that may be filed or threatened against the Company or its affiliates. The Participant also agrees to promptly inform the Company (to the extent the Participant is legally permitted to do so) if the Participant is asked to assist in any investigation of the Company or its affiliates (or their actions), regardless of whether a lawsuit or other proceeding has then been filed against the Company or its affiliates with respect to such investigation, and shall not do so unless

legally required. Provided, however, the Participant is not required to inform the Company of any investigation by a governmental agency or entity resulting from the reporting of possible violations of federal securities law or regulation to any governmental agency or entity, and the Participant may participate in such investigation, without informing the Company.

12. No Rights as a Shareholder. The Participant shall have no rights of a shareholder (including, without limitation, dividend and voting rights) with respect to the Performance Stock Units, for record dates occurring on or after the Grant Date and prior to the date any such Performance Stock Units vest in accordance with this Agreement.

13. No Right to Continued Employment. Neither the Performance Stock Units nor any terms contained in this Agreement shall confer upon the Participant any express or implied right to be retained in the employment or service of the Company or any Affiliate for any period, nor restrict in any way the right of the Company, which right is hereby expressly reserved, to terminate the Participant's employment or service at any time for any reason. The Participant acknowledges and agrees that any right to have restrictions on the Performance Stock Units lapse is earned only by continuing as an employee of the Company or an Affiliate at the will of the Company or such Affiliate, or satisfaction of any other applicable terms and conditions contained in the Plan and this Agreement, and not through the act of being hired, being granted the Performance Stock Units or acquiring Shares hereunder.

14. The Plan. This Agreement is subject to all the terms, provisions and conditions of the Plan, which are incorporated herein by reference, and to such regulations as may from time to time be adopted by the Committee. Unless defined herein, capitalized terms are as defined in the Plan. In the event of any conflict between the provisions of the Plan and this Agreement, the provisions of the Plan shall control, and this Agreement shall be deemed to be modified accordingly. The Plan and the prospectus describing the Plan can be found on the Company's HR intranet. A paper copy of the Plan and the prospectus shall be provided to the Participant upon the Participant's written request to the Company at Anthem, Inc., 220 Virginia Avenue, Indianapolis, Indiana 46204, Attention: Corporate Secretary, Shareholder Services Department.

15. Compliance with Laws and Regulations.

(a) The Performance Stock Units and the obligation of the Company to deliver Shares hereunder shall be subject in all respects to (i) all applicable Federal and state laws, rules and regulations and (ii) any registration, qualification, approvals or other requirements imposed by any government or regulatory agency or body which the Committee shall, in its discretion, determine to be necessary or applicable. Moreover, the Company shall not deliver any certificates for Shares to the Participant or any other person pursuant to this Agreement if doing so would be contrary to applicable law. If at any time the Company determines, in its discretion, that the listing, registration or qualification of Shares upon any national securities exchange or under any state or Federal law, or the consent or approval of any governmental regulatory body, is necessary or desirable, the Company shall not be required to deliver any certificates for Shares to the Participant or any other person pursuant to this Agreement unless and until such listing, registration, qualification, consent or approval has been effected or obtained, or otherwise provided for, free of any conditions not acceptable to the Company.

(b) The Shares received upon the expiration of the applicable portion of the Performance Period shall have been registered under the Securities Act of 1933 ("Securities Act"). If the Participant is an "affiliate" of the Company, as that term is defined in Rule 144 under the Securities Act ("Rule 144"), the Participant may not sell the Shares received except in compliance with Rule 144. Certificates representing Shares issued to an "affiliate" of the Company may bear a legend setting forth such restrictions on the disposition or transfer of the Shares as the Company deems appropriate to comply with Federal and state securities laws.

(c) If, at any time, the Shares are not registered under the Securities Act, and/or there is no current prospectus in effect under the Securities Act with respect to the Shares, the Participant shall execute, prior to the delivery of any Shares to the Participant by the Company pursuant to this Agreement, an agreement (in such form as the Company may specify) in which the Participant represents and warrants that the Participant is purchasing or acquiring the shares acquired under this Agreement for the Participant's own account, for investment only and not with a view to the resale or distribution thereof, and represents and agrees that any subsequent offer for sale or distribution of any kind of such Shares shall be made only pursuant to either (i) a registration statement on an appropriate form under the Securities Act, which registration statement has become effective and is current with regard to the Shares being offered or sold, or (ii) a specific exemption from the registration requirements of the Securities Act, but in claiming such exemption the Participant shall, prior to any offer for sale of such Shares, obtain a prior favorable written opinion, in form and substance satisfactory to the Company, from counsel for or approved by the Company, as to the applicability of such exemption thereto.

16. Code Section 409A Compliance. Except with respect to Participants who are Retirement eligible or become Retirement eligible before the calendar year containing the Vesting Date as shown on the Grant

Notice, it is intended that this Agreement meet the short-term deferral exception from Code Section 409A. This Agreement and the Plan shall be administered in a manner consistent with this intent and any provision that would cause the Agreement or Plan to fail to satisfy this exception shall have no force and effect. Notwithstanding anything contained herein to the contrary, Shares in respect of any Performance Stock Units that (a) constitute “nonqualified deferred compensation” as defined in Code Section 409A and (b) vest as a consequence of the Participant’s Termination shall not be delivered until the date that the Participant incurs a “separation from service” within the meaning of Code Section 409A (or, if the Participant is a “specified employee” within the meaning of Code Section 409A and the regulations promulgated thereunder, the date that is six months following the date of such “separation from service” (or death, if earlier). In addition, each amount to be paid or benefit to be provided to the Participant pursuant to this Agreement that constitutes deferred compensation subject to Code Section 409A, shall be construed as a separate identified payment for purposes of Code Section 409A.

17. Notices. All notices by the Participant or the Participant’s assignees shall be addressed to Anthem, Inc., 220 Virginia Avenue, Indianapolis, Indiana 46204, Attention: Stock Administration, or such other address as the Company may from time to time specify. All notices to the Participant shall be addressed to the Participant at the Participant’s address in the Company’s records.

18. Other Plans. The Participant acknowledges that any income derived from the Performance Stock Units shall not affect the Participant’s participation in, or benefits under, any other benefit plan or other contract or arrangement maintained by the Company or any Affiliate.

19. Recoupment Policy for Incentive Compensation. The Company’s Recoupment Policy for Incentive Compensation, as may be amended from time to time, shall apply to the Performance Stock Units, any Shares delivered hereunder and any profits realized on the sale of such Shares to the extent that the Participant is covered by such policy. If the Participant is covered by such policy, the policy may apply to recoup Performance Stock Units awarded, any Shares delivered hereunder or profits realized on the sale of such Shares either before, on or after the date on which the Participant becomes subject to such policy.
