PRESS RELEASE

No.48/08

Offer for Euro Ressources Successful IAMGOLD owns 71.6% of Euro Ressources; Offer re-opens from December 4 to 17, 2008

Toronto, Ontario December 3, 2008 – IAMGOLD Corporation announced today that the final results for its public offer for Euro Ressources S.A. have been published by the French Autorité des marchés financiers ("AMF") on December 2, 2008. As a result of the offer, IAMGOLD controls 43,397,457 shares representing 71.6% of the current share capital of EURO.

With the success of the offer and according to the general regulations of the AMF, the public offer re-opens for a period of 10 trading days, at the same price of €1.20 per Euro Ressources share. Shareholders of Euro Ressources wishing to sell will be able to tender their shares during the period of re-opening which will commence December 4th and end on December 17th 2008.

Joe Conway, CEO of IAMGOLD stated *"We are very pleased with the success of the offer. It is one of our initiatives to reduce cash costs at the Rosebel mine. At the current gold price this acquisition will effectively decrease our cash cost by about \$45 per ounce of gold produced at the Rosebel mine. This cost benefit will be further enhanced in a higher gold price environment."*

Since the announcement of the offer in late August, there has been considerable volatility in the currency markets with a subsequent decline in the value of the Euro against the US dollar. IAMGOLD took advantage of this decline to lock in the cost of the transaction by purchasing Euros at an average exchange rate of approximately 1.27, a favourable level and close to the current USD/Euro exchange rate. This compares with the 1.47 USD/Euro exchange rate level on the date of the announcement in August.

The offer referred to herein is not being made or directed to, nor will deposits of shares be accepted from or on behalf of, shareholders in any jurisdiction in which the making or acceptance of such offer would not be in compliance with the laws of such jurisdiction. The offer is made in France in accordance

with French securities laws and is extended in Canada under the same terms and conditions via an application requesting exemptive relief from Canadian take-over bid requirements.
