

IAMGOLD REPORTS SECURITY INCIDENT

Toronto, Ontario, October 29, 2021 – IAMGOLD Corporation (“IAMGOLD” or the “Company”) reports that a security incident occurred today involving 33 individuals in three buses transporting employees and contractors and three supplies trucks travelling on the road from Dori, approximately 12 kilometres from the Essakane Gold Mine in Burkina Faso.

All those involved, other than one employee and one contractor, arrived safely at the operations immediately following the incident. The rest of the workforce, contractors and local community are safe. The Essakane mine site remains secured and our operations are not affected. At this time, the Company does not expect a negative material impact on production.

The search, supported by security personnel, continues for the two individuals.

The Company continues to monitor and assess the security situation and make appropriate precautionary adaptations, and continues to engage with the relevant authorities and other partners in Burkina Faso in connection with security in the region around Essakane and its routes.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

This news release contains forward-looking statements. All statements, other than of historical fact, that address activities, events or developments that the Company believes, expects or anticipates will or may occur in the future are forward-looking statements. Forward-looking statements are generally identifiable by, but not limited to, the use of the words ‘may’, ‘will’, ‘should’, ‘would’, ‘continue’, ‘expect’, ‘expected’, ‘budget’, ‘forecast’, ‘anticipate’, ‘estimate’, ‘believe’, ‘intend’, ‘plan’, ‘schedule’, ‘guidance’, ‘outlook’, ‘potential’, ‘plans’, ‘targeted’, ‘focused’, or ‘project’ or the negative of these words or other variations on these words or comparable terminology. Forward-looking statements are subject to a number of risks and uncertainties, many of which are beyond the Company’s ability to control or predict, that may cause the actual results to differ materially from those discussed in the forward-looking statements. Factors that could cause actual results or events to differ materially from current expectations include, among other things, without limitation, the failure to meet expected, estimated or planned gold production, or to accurately estimate mineral resources or mineral reserves, differences in the mineral content within the material identified as mineral resources or mineral reserves from that predicted, unexpected increases in all-in sustaining costs or other costs, unexpected increases in capital expenditures, operating expenditures and exploration expenditures, changes in development or mining plans due to changes in logistical, technical or other factors, the possibility that future exploration results will not be consistent with the Company’s expectations, changes in world gold markets and other risks disclosed in IAMGOLD’s most recent Form 40-F/ Annual Information Form on file with the United States Securities and Exchange Commission at <https://www.sec.gov/edgar.shtml> and Canadian securities regulatory authorities at www.sedar.com, which are incorporated herein. Any forward-looking statement speaks only as of the date on which it is made and, except as may be required by applicable securities laws, the Company disclaims any intent or obligation to update any forward-looking statement. The Company disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise except as required by applicable law.
